The Nineteen Thir
ROYAL PU

4 FOUR
RPLE

THIS BOOK IS PUBLISHED EACH YEAR
BY THE SENIOR CLASS AT KANSAS
STATE COLLEGE OF AGRICULTURE
AND APPLIED SCIENCE.

DEDICATION

FOR the past thirty-one years Professor J. E. Kammeyer has been a loyal booster for Kansas State College. In addition to his duties as Head of the Department of Economics, he has taken a part in the college activities, being Chairman of the Faculty Committee on Public Exercises, member of Phi Kappa Phi, Alpha Kappa Psi, and Pi Kappa Delta.

In appreciation of his faithfulness and deep devotion to the welfare of his students and his service to Kansas State College, we dedicate this, the twenty-sixth volume of the Royal Purple, to Professor J. E. Kammeyer.

ADMINISTRATION

GOVERNOR ALF M. LANDON took the oath of office January 9, 1933, at the age of 45 years. He was born at West Middlesex, Pennsylvania, September 9, 1887, attended schools in Ohio and in 1908 graduated from the law school of the University of Kansas. Upon graduation, he returned to Independence, Kansas, to take up banking and later became an oil producer in the southern Kansas oil fields and the border section of Oklahoma. Except for a brief period during the World War, he continued as an oil producer and an active worker in the interests of the industry. He was first lieutenant in the chemical warfare service during the war and was active in Belgium relief work, the Red Cross and the Salvation Army.

His career as governor has been one of the most interesting and unusual of any Kansas governor in many years. Only seven months after his inauguration, he took a leading part in uncovering one of the greatest forgery scandals of Sunflower history. Over a million dollars of forged municipal bonds had been scattered over the state. Several hundred thousand dollars of the bonds were found in the State Treasury vaults. A vigorous investigation of state officers was ordered, that led to the punishment of the culprits. Offenders were not allowed to escape the dragnet despite political connections.

GOVERNOR ALF M. LANDON

BOARD OF REGENTS

SINCE July 1, 1925, management of institutions of higher education in Kansas has been in the hands of a State Board of Regents. Members of the board are appointed by the governor of the state for terms of four years each.

Appointments have been made to represent all congressional districts although this procedure is not statutory. The members do not receive salaries but their expenses are paid when on school business.

The personnel of the Board is as follows: C. M. Harger, Abilene, Chairman; Drew McLaughlin, Paola; Fred M. Harris, Ottawa; Leslie Wallace, Larned; Oscar Stauffer, Arkansas City; C. C. Wilson, Meade; Dudley Doolittle, Strong City; Bailey P. W. Waggener, Atchison; Ralph T. O'Neill, Topeka.

Kansas University at Lawrence; Kansas State College, Manhattan; Bell Memorial Hospital, Kansas City; Fort Hayes Kansas State College, Hayes; the state teachers' colleges of Emporia, and Pittsburg; and the experiment stations at Colby, Fort Hayes, Garden City, and Tribune are all under the control of the board.

The State Board of Regents was established with the primary idea of taking the administration of the state schools out of politics and

C. M. HARGER
Chairman

conducting them as a unit of higher education to give the fullest service possible and to avoid overlapping curricula.

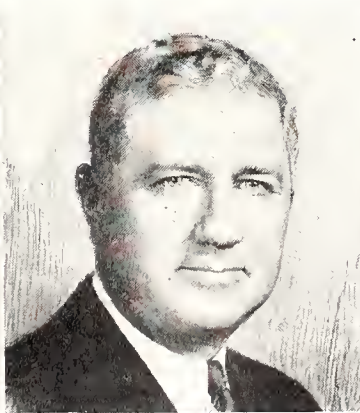

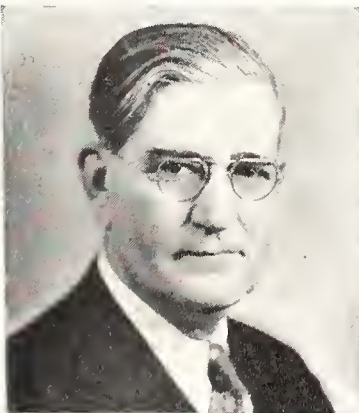

To achieve this, the board has maintained a close contact with the work of the schools, and has sought to bring its activities into harmonious and effective relation to complete educational accomplishment.

DR. FRANCIS DAVID FARRELL, President
Kansas State College

DR. F. D. FARRELL came to Kansas State in 1918 as Dean of the Division of Agriculture and Director of the Agriculture Experiment Station. In 1925 Dr. Farrell became president at Kansas State upon the resignation of Dr. William M. Jardine.

President Farrell was born in Smithfield, Utah, on March 13, 1883. He was graduated from the Utah State Agricultural college in 1907 with the degree of Bachelor of Science.

Kansas State feels proud to have such a man as Dr. Farrell at the head of this institution.

DR. J. T. WILLARD

DR. JULIUS TERRASS WILLARD has been on the staff of Kansas State College since his graduation from here in 1883, except for one year of graduate work in chemistry at Johns Hopkins University in 1887-88.

Dr. Willard has been vice-president of the college since 1918. In 1897 he was made professor of applied chemistry and chemist of the experiment station; in 1900, director of the experiment station; and in 1901, professor of chemistry. From 1909 until 1930 he served as Dean of the Division of General Science.

Doctor Willard is a life member of the Kansas Academy of Science, a fellow of the American Association for the Advancement of Science, and a member of the American Chemical Society.

In the fifty-one years that Doctor Willard has been with the college, he has gained wide recognition in the field of chemistry and as an official of the college.

JESSIE McDOWELL MACHIR

THE office of the Registrar is primarily concerned with keeping an accurate record of the results available to the students, to other institutions, to honor societies, and to social and literary organizations.

Until the year 1881-82 the records were kept by the president of the college with the help of an assistant. In 1882 secretaries were hired to serve for the college year. In 1911 the academic records and financial records of the college were kept under one supervision, but with the appointment of Mr. J. C. Christenson as financial secretary, the work was divided. At that time the position of the registrar was established and the appointment of the present incumbent as the first registrar became effective September 1, 1913.

In the last few years this office has taken on a new significance, and the discovery has been made that much of statistical value is found in the study of the grades earned by students. It is fast becoming a laboratory for research in education, the grades being used as a basis for thesis material for graduate study.

DR. H. H. HOLTZ

Doctor Holtz in the spring of 1920 was given the official title "Adviser to Men and Secretary of the Y. M. C. A."

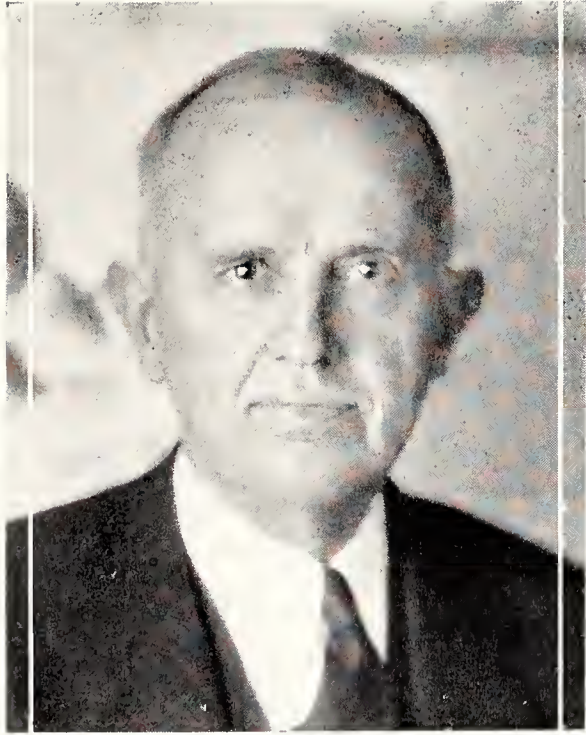

DEAN MARY P. VAN ZILE

For the past twenty-one years Mrs. Van Zile has been Adviser to Women's Organizations and Dean of Women.

KENNEY L. FORD

Executive Secretary, The Alumni Association.

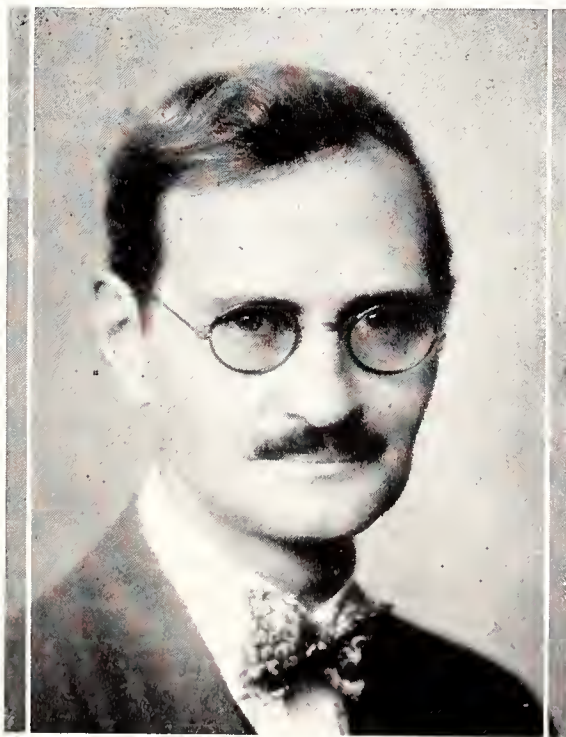

E. L. HOLTON

Dr. E. L. Holton, Dean of the Summer School, which was organized in 1911. Formal commencement exercises are held at the end of the summer session.

H. J. UMBERGER

Dean of the Extension Division, which carries on a far-reaching work in institutes and extension schools, through county agents and Farm Bureau organizations.

J. E. ACKERT

Dr. James E. Ackert, Dean of the Division of Graduate Study, organized in 1932. Dr. Ackert has brought distinction to the college by his research and his publications.

CLAY REPPERT
President

THE STUDENT COUNCIL

AT THE present time, every member of the college student body is a member of the Student Governing Association. Payment of the five dollar activity fee at the beginning of each semester entitles the student to membership in the association. Membership means the privilege of casting votes at class elections, to run for office in the class elections, to vote for members of the Student Council and to be a candidate for membership in that body.

Members of the Student Council are elected each spring to hold office until the new members are elected the next year. Upon presentation of a petition signed by twenty-five persons, any regularly matriculated student of sophomore standing may become a candidate. Candidates may also be nominated at the annual spring meeting of the association. The Council has full power to regulate social functions of all kinds, establish rules and regulations for student residences and enforce discipline among students as outlined by the executive bodies of the college.

At the first meeting of the Student Council after its election in the spring, the election of officers is held. The president has charge of all official business and presides at all meetings, the vice-president is chairman of jurisprudence, the secretary is chairman of student's social affairs, and the treasurer has charge of the funds.

SENIOR CLASS OF 1934

THE senior class of 1934 has voted to leave a memorial to the college in the form of a fund for the Campanile, a tower which is to be erected at Kansas State.

The first time any class ever left money to such a fund was in 1929 when the senior class of that year called a meeting and secured the cooperation of all other class representatives. The class of that year voted a one dollar fee to be added to the commencement dues.

In 1933, however, the fund for the tower was left out of the budget when the Board of Regents compelled the college to cut the graduating fee from \$10 to \$7.50. The fund was again revived this year by a vote of the entire senior class.

DIVISION OF GENERAL SCIENCE

WHEN Kansas State College underwent a transformation during the political turmoil of the closing years of the last century, one of the permanent changes was that which led to what we now know as the different Divisions of the College.

In 1909 Professor C. M. Brink, professor of English, was made Dean of the College. In 1917, when the institution was raised to full collegiate rank, the administrative units were first called Divisions, and Dr. J. T. Willard, of the department of Chemistry, was made Dean of the Division of General Science. That year the enrollment in the College was 2406, of whom 311 were in this Division. The last year of Doctor Willard's deanship was the school year 1929-'30, when, of the total enrollment of 3987, the number in this Division was 1182. Since July 1, 1930, Dr. Rodney W. Babcock has served as Dean of this largest Division of the College.

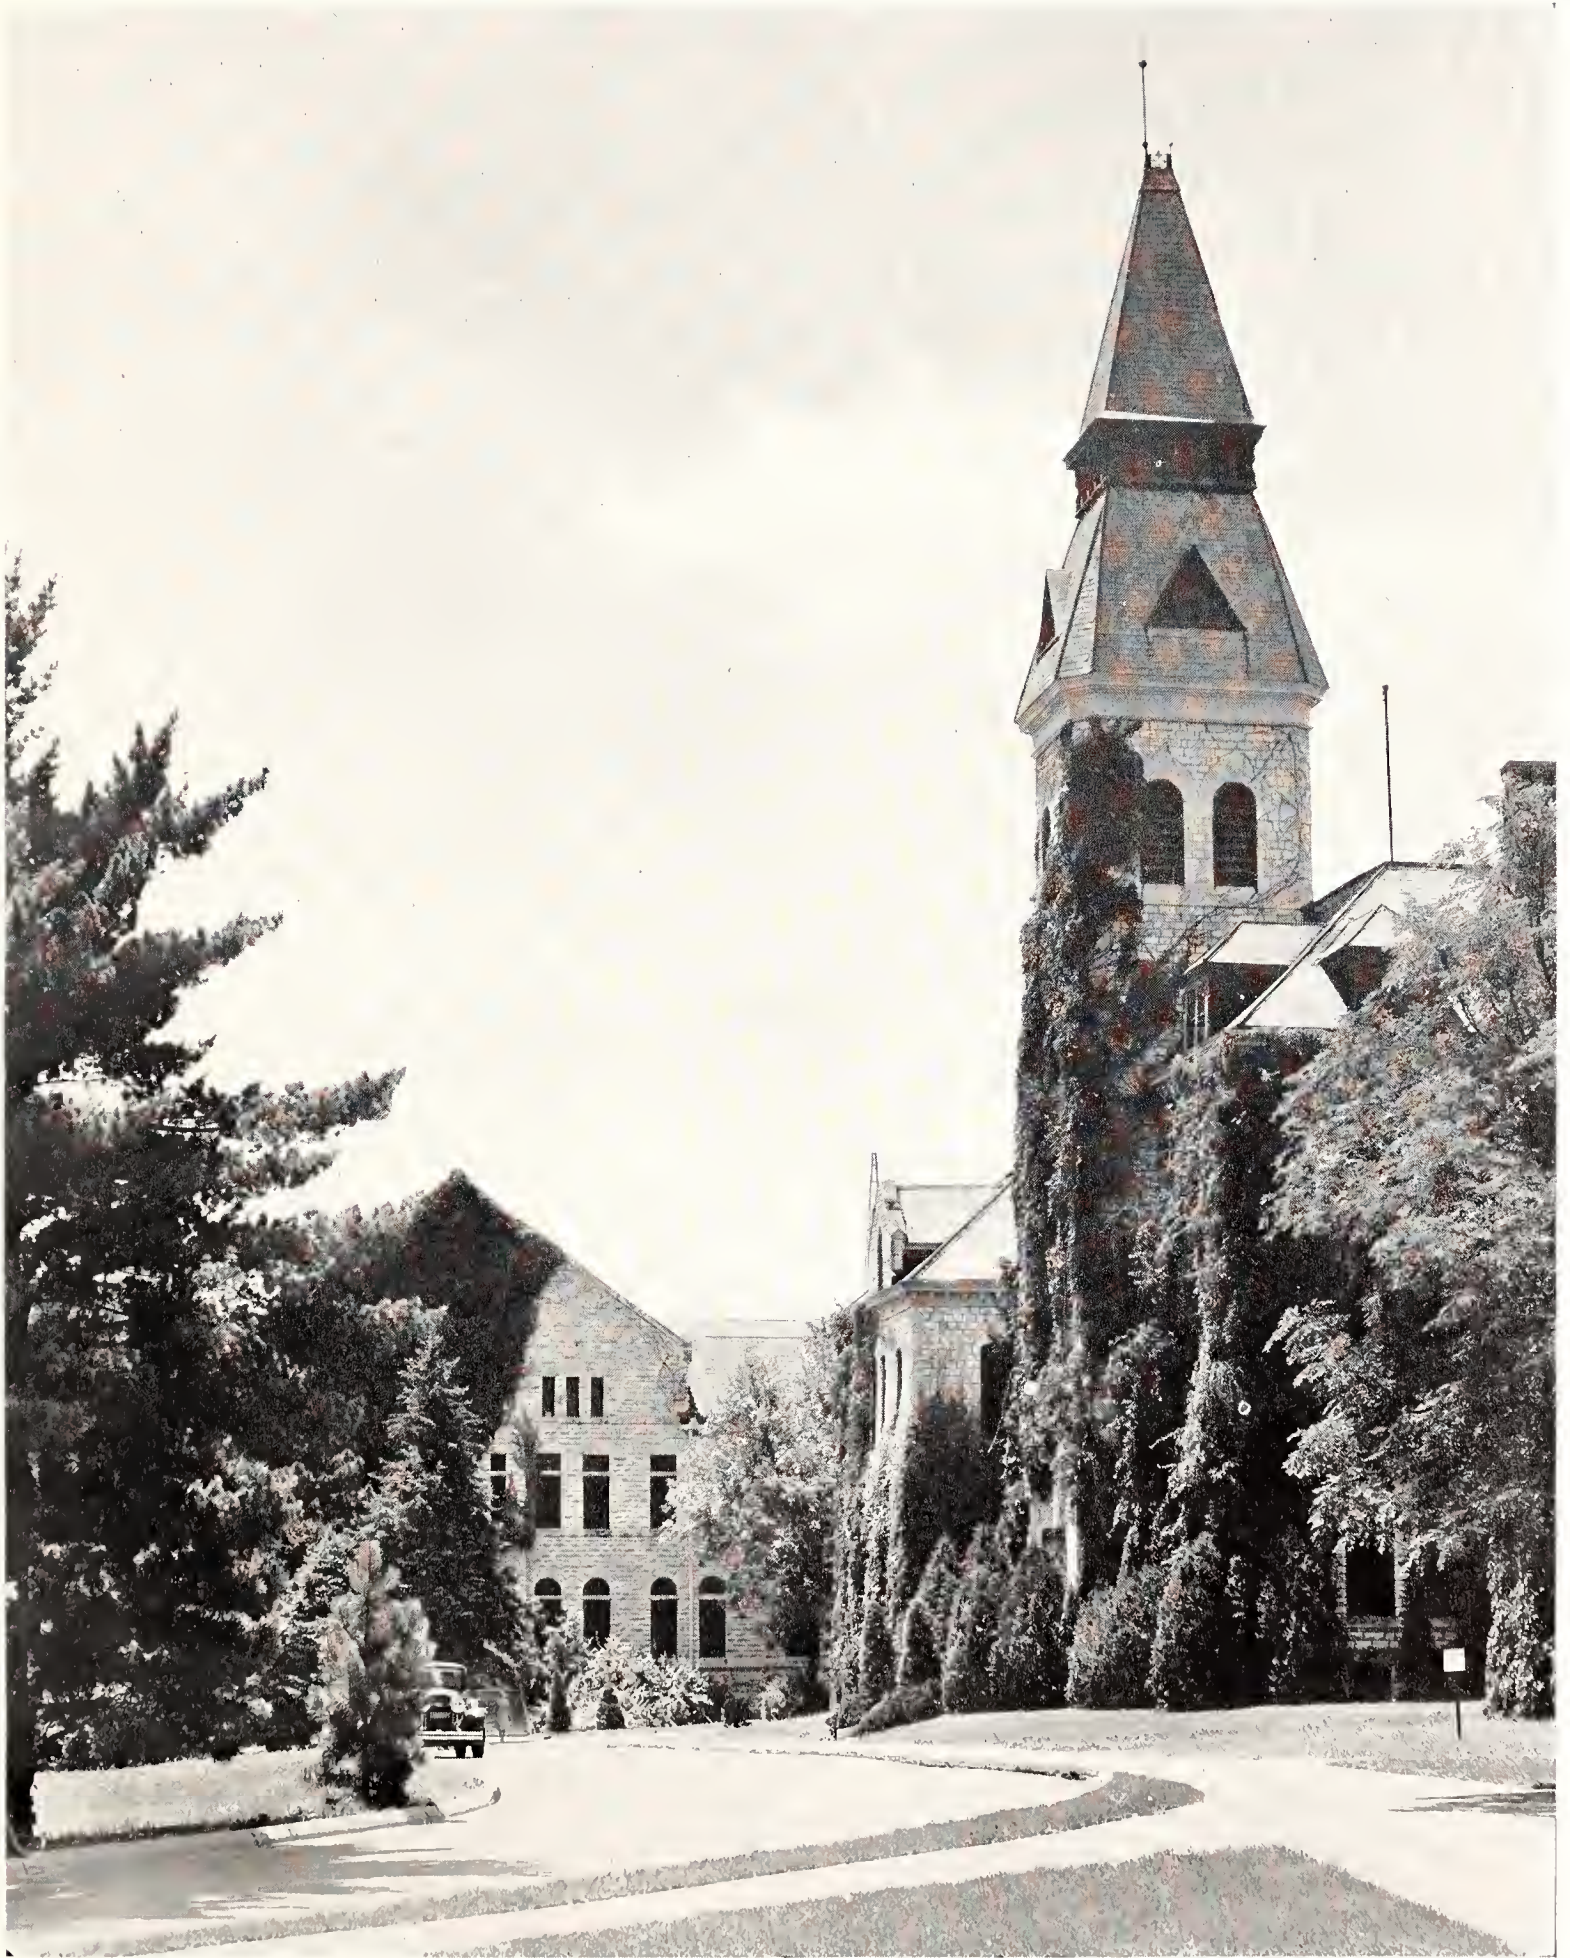

DEAN RODNEY W. BABCOCK was born in Milton, Vermont, and graduated from high school at St. Albans, Vermont in 1908. In 1912 he received his Bachelor of Arts degree from the University of Missouri. Three years later he received his Masters degree from the University of Wisconsin, and in 1924 received his Doctor of Philosophy degree from the same university.

During the years 1912-14 Dr. Babcock taught in the Evansville Junior College in Evansville, Wisconsin. He was an instructor of mathematics at the University of Pennsylvania in 1915-16, and at the University of Wisconsin from 1916-29. In 1929-30 he was a professor and head of the department of mathematics at DePauw University. In 1930 he came to Kansas State to take over the Deanship of the Division of General Science.

DIVISION OF ENGINEERING

THE engineering division at Kansas State offers professional training in the following fields: agricultural engineering, architectural engineering, civil engineering, electrical engineering, landscape architecture and mechanical engineering. This work is all in the nature of four-year curricula which are rather closely specified to give the fundamental training required in that branch of the profession chosen. Minor variations are permitted in these curricula, however, either by electives or by substitution to suit the wishes and inclinations of particular students. For example, for those interested in aeronautics, certain courses in aerodynamics and airplane design may be substituted for otherwise required subjects in the mechanical engineering curriculum.

Recognition of the importance of engineering together with additions to and improvements in the facilities for engineering education at Kansas State have resulted in a rapid growth of the division in recent years. This is clearly shown by the fact that for the past five years there have been, on the average, 130 bachelor degrees in engineering conferred each year.

DEAN ROY A. SEATON has been continuously employed at Kansas State since his graduation from this institution in 1904, except for certain periods covered by leaves of absence. He received his Master of Science degree from Kansas State in 1910, and took advanced work at the University of Wisconsin and the Massachusetts Institute of Technology, receiving the degree S. B. in M. E. from the latter institution in 1911.

In 1911 and 1912 he was a designer in the steam turbine department of the General Electric Company. He spent 1918 as a Captain in the Ordnance department of the U. S. Army, designing artillery ammunition. Returning to Kansas State after the war, he was made Dean of the Division of Engineering and Director of the Engineering Experiment Station in 1920.

He is past-president of the Society for the Promotion of Engineering Education and of the Kansas Engineering Society, and chairman of the Kansas Registration Board for Professional Engineers.

DIVISION OF AGRICULTURE

THE curricula of the Division of Agriculture provides training for those who wish to devote their lives to agriculture, the largest and most essential industry in Kansas. The division is well prepared to provide such training. It is manned by a large staff of high-class, well-trained teachers who are specialists in their respective fields of work. It is equipped with adequate laboratory facilities, extensive greenhouses, large numbers of high-class animals of all important breeds and numerous experimental fields and plots that make it one of the best equipped agricultural educational organizations in the world.

Training is offered by the division in five curricula: agriculture, agricultural administration, landscape gardening, milling industry, and the combined six-year curriculum in agriculture and veterinary medicine. These curricula offer opportunity for the election of a wide choice of subject matter and provide adequate training for more than 100 useful and interesting occupations.

DEAN LELAND EVERETT CALL, Dean of Agriculture and Director of the Kansas Agricultural Experiment Station, attended Ohio State University receiving a Bachelor of Science degree in agriculture in 1906 and a Master of Science degree in 1912. He became a member of the staff of Kansas State College of Agriculture and Applied Science as instructor in soils in 1907. In 1913, he was made head of the Department of Agronomy and served in that capacity until 1925 when he became Dean and Director. Dean Call was granted leave of absence from January 1 to June 30, 1934, to serve temporarily as President of the Federal Land Bank of Wichita.

Dr. W. E. Grimes is acting Dean of the Division of Agriculture during the absence of Dean Call.

DIVISION OF HOME ECONOMICS

THE Division of Home Economics comprises six departments in its organization, giving training in the fields of art, child care and health, clothing and textiles, foods and nutrition, economics and management as related to households and to institutions. Work to qualify those who wish to teach home economics is given in an allied department. Paramount to preparation for professional work is the training which the student acquires for home-making.

The aim of a collegiate course in home economics is not merely to increase the student's stock of information, but to stimulate interest in continued study or research, to train in accuracy in detail, to teach discrimination with regard to criteria by which to interpret results, and to cultivate an attitude of economic and social responsibility.

The woman with a background of home economics should be superior in vision and performance to the person she would have been without the experience and knowledge gained in the four years of study at Kansas State College.

DR. MARGARET M. JUSTIN has been Dean of the Division of Home Economics at Kansas State College since 1923. She received her Bachelor of Science degree from Kansas State in 1909, and her Bachelor of Science in Education degree from the Teachers College, Columbia University, New York, in 1915. During the years 1921-22 Dean Justin attended Yale University on a University Scholarship. In 1923 she received an American Association of University Women Foreign Fellowship, and a Cutler Fellowship from Yale University. She received her Doctor of Philosophy degree from Yale in 1923.

Before coming to Kansas State, Dean Justin did social settlement work in Mississippi, and was director of Home Demonstration work and all Club and National Food Conservation work in North Michigan. During 1918 and 1919 she did Y. M. C. A. Canteen Service in France.

For the past year and a half Dean Justin has been in the Orient. Assistant Dean Margaret Ahlborn has been acting Dean during Dean Justin's absence.

DIVISION OF VETERINARY MEDICINE

IN 1905, a veterinary curriculum was established in Kansas State College. The first degree in veterinary medicine was conferred in 1907, and up to the present time a total of 392 such degrees have been conferred. These graduates are located in virtually every state in the union as well as in some foreign countries. The increase in enrollment has been gradual but steady, so that for the 1933-34 college year 178 students are enrolled in veterinary medicine in Kansas State College. Only one veterinary school on the American continent has a slightly larger enrollment than this. For the 1933-34 college year students came to Kansas State College for their veterinary education from 26 different states and foreign countries. This speaks well for the character of the work, the standing of the faculty, and the physical equipment used in teaching veterinary medicine at Kansas State College.

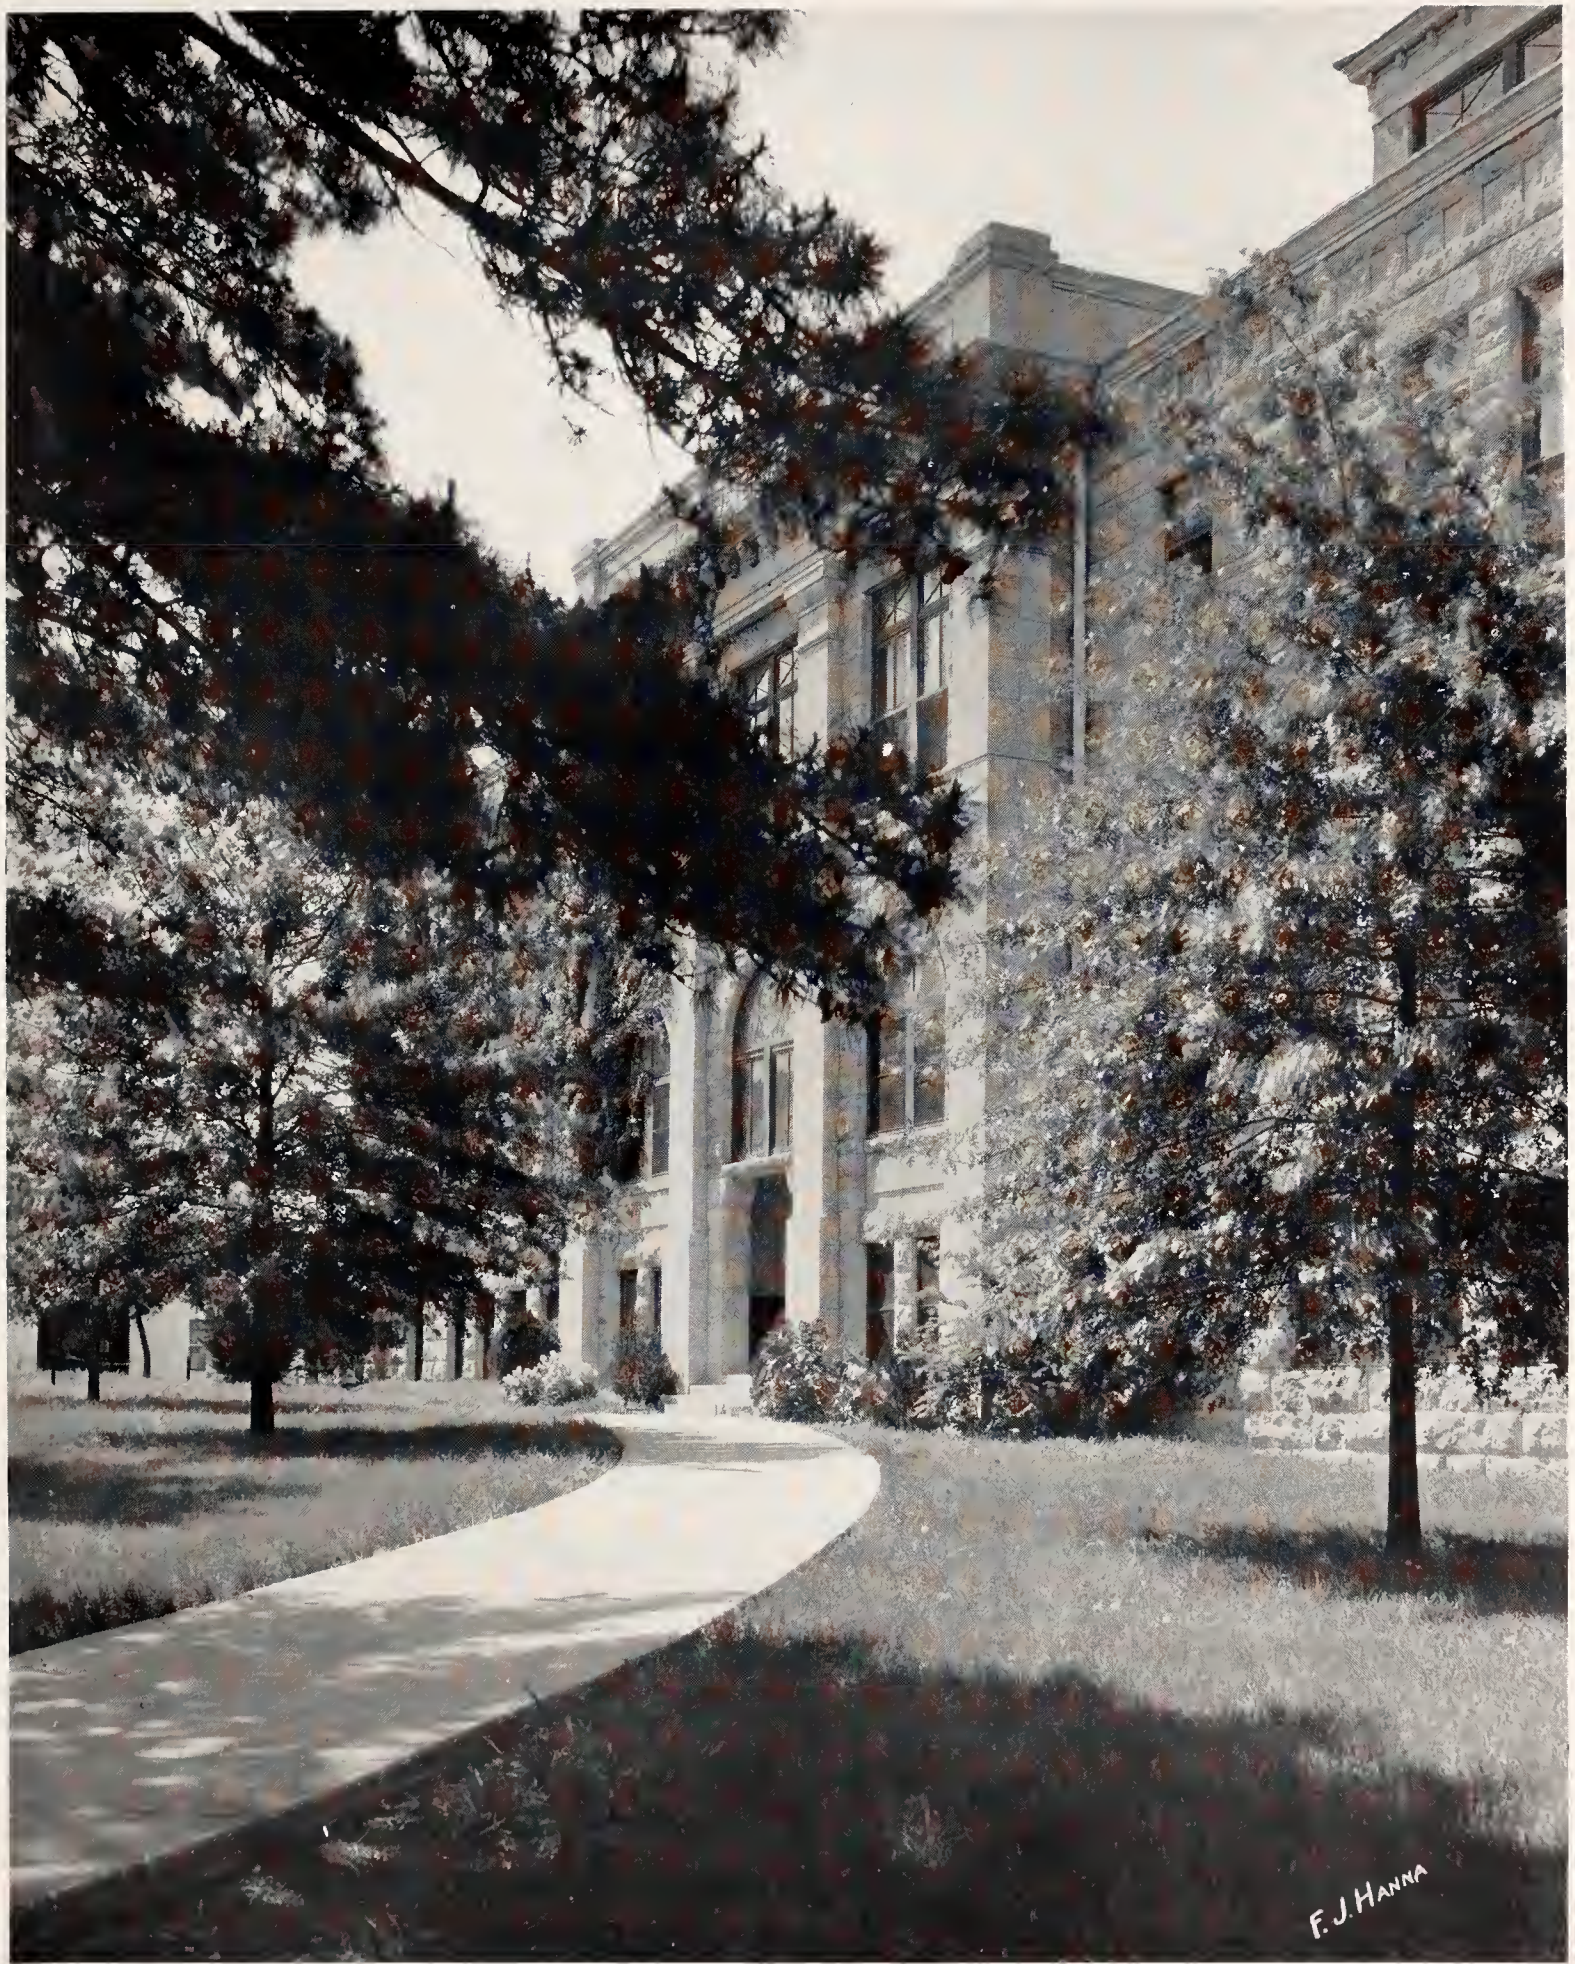

DEAN RALPH R. DYKSTRA is a graduate in veterinary medicine of the Iowa State College with the class of 1905. He was on the staff of the veterinary faculty in Iowa State College from 1905 to 1911. In 1911, he joined the faculty of Kansas State College of Agriculture and Applied Science, and in 1919 when the Division of Veterinary Medicine was created he was made its first dean.

He is a member of many professional societies and in 1931 he was honored with the presidency of the American Veterinary Medical Association which is the largest group of organized veterinarians in the world.

THE ROYAL PURPLE BOARD

IN FEBRUARY, 1929, the Student Governing Association of Kansas State Agricultural College moved to assume control of the Royal Purple by creating a Board of Directors to have general charge of the publication.

This Board of Directors, consisting of three students selected annually in March for the year following and two faculty members chosen by the college president, names two candidates for each staff office, makes rules and regulations for issuing the annual, allows contracts, and has power of dismissal over unsatisfactory staff members.

KAPPA PHI

KAPPA PHI, national organization of Methodist university women, was founded at Kansas University in 1916, by Mrs. Gordon B. Thompson. Iota chapter was founded at the Kansas State College, March 5, 1921. Mrs. Myron Collins, wife of the Methodist student pastor here at that time, was instrumental in the establishment of the local organization. There are now twenty active chapters in colleges and universities in the United States.

MOTTO: "Every Methodist woman in the University world today a leader in the church tomorrow."

PURPLE PEPSTERS

PURPLE PEPSTERS is a women's organization to promote sportsmanship, pep, and character among students of Kansas State College. Members appear at football and basketball games in costume, and sit in a reserved section. Purple Pepsters sponsor stunts between halves of football games. The membership is chosen from the W. A. A.

K FRATERNITY

THE K FRATERNITY was founded at Kansas State in 1913 for the purpose of promoting better athletics and to co-operate with the athletic department. The fraternity is composed of men who have been awarded a letter in inter-collegiate athletics, although this is not the only qualification for their pledging.

Colors—Northwestern Purple and White.

Motto—Fight.

Insignia—Official Athletic "K".

STEEL RING

Steel Ring was founded in 1927 to bring about unified action in the Engineering Division at Kansas State. Steel Ring is symbolic of the welding together of the various departments into a single unit. The membership includes two representatives from each of the seven departments, one elected each semester.

A. S. C. E.

THE student of civil engineering may enjoy some of the advantages of membership in the American Society of Civil Engineers by joining a student chapter. It will give him familiarity with the organization and work of the society, develop his ability, present technical subjects in a clear and forceful manner, and help him acquire parliamentary skill in conducting meetings.

VAN ZILE HALL

VAN ZILE HALL, dormitory for women at K. S. C. is the result of a movement started in 1919 to establish dormitories at the five state schools. In 1921, largely through the efforts of the Kansas Council for Women, a bill was passed, but the appropriations were not sufficient to provide each school with a dormitory. Kansas State offered to wait, allowing the other schools to build, with the understanding that the K. S. C. dormitory would be built later. It was not until the 1925 session of the legislature that the combined efforts of the Kansas Council, the A. A. U. W., and others were successful in getting the dormitory plan through.

The hall is named for Mrs. Mary Pierce Van Zile, Dean of Women, who was active in support of the project and in making the dormitory as completed an ideal college home.

The hall stands on an elevation in the north-east corner of the campus, the location being admirably suited to future improvements with drives, walks, trees and shrubs. Space for two other dormitory buildings, to be erected when the need for them is felt, was provided for in locating the building.

There are rooms for 127 girls in the building, nearly all being for two girls, although a few single rooms are provided.

SOCIAL ACTIVITIES

Social activities at the dormitory are under the supervision of Mrs. Nina M. Rhoades, Social Director. The girls have their own organization for carrying on the usual business and social details following in general the S. G. A. house rules, with others found convenient for dormitory use.

unit is the large lounge room, furnished with carved walnut pieces, two davenports, end tables, and a grandfather's clock, with cathedral chimes, a gift of the local chapter of the American Association of University Women. There are two small parlors off each end of the lounge, and a large music room.

There is one main living room and several reception rooms for socials. The main social

Recreation and guest rooms are provided on each floor.

THE COLLEGIATE 4-H CLUB

THE Collegiate 4-H Club was established December 16, 1927 to provide continued interest for former 4-H Club members attending college. This organization has a membership of approximately 200 members each year. Regular meetings of the club are held twice each month. The Collegiate 4-H Club maintains membership in the American Country Life Association. The annual 4-H Year Book is edited and published by the Collegiate 4-H Club for the 4-H Club members of the state. Definite contact is maintained with 4-H Club members in state-wide and national 4-H activities. The Club assists the Extension Service in various activities such as the Annual Conference, Farm & Home Week, and the State 4-H Club Round-up.

SCABBARD AND BLADE

SCABBARD AND BLADE is a society of cadet officers, a national honorary military society with subordinate organizations called companies, at several universities and colleges which have departments of military science and tactics.

The purpose of the society is to raise the standard of military training in the American college and university and to promote intimacy and good fellowship among the cadet officers.

The society was founded in 1905 by five field officers of the University of Wisconsin. At the present time there are seventy three companies. L Company 1st Regiment established June 1914.

Election is based on both efficiency in the work of the military department and on the personality and sociability of the officers.

Colors—Red, White and Blue.

Publication—The Scabbard and Blade Journal.

AG BARNWARMER

THE Ag Barnwarmer is the annual social event of the division. It is exclusively an Ag affair and practically 100 per cent of the agricultural students take part. A popular co-ed is elected Queen and crowned at the dance. The accompanying illustration presents the Queen and the other Barnwarmer officers in the regular costumes for the occasion.

KLOD AND KERNEL KLUB

THE Klod and Kernel Klub is a national organization of students in agronomy. At Kansas State College this club meets twice a month. It sponsors the student crops judging contest, assists with the state vocational agriculture crops contest, and promotes activities of interest to agronomy students.

OFFICERS and MEMBERS. J. O. Miller, Pres.; V. W. Silkett, V.-Pres.; Alvin Morgan, Sec.; J. R. Latta, Treas.; S. M. Ahi, D. M. Atkins, L. H. Bacon, D. H. Bowman, D. R. Cornelius, J. R. Dicken, L. S. Evans, C. E. Fisher, H. J. Haas, L. B. Hanson, J. W. Hunter, A. E. Lowe, R. A. Munsell, R. P. Murphy, J. L. Myler, C. W. Nauheim, E. W. Parsons, F. G. Parsons, D. A. Reid, G. A. Rogler, Olin Sandlin, D. J. Thompson.

DAIRY CLUB

THE Dairy Club holds regular meetings at which topics of interest to the dairy industry are discussed. The club sponsors a dairy fitting and showing contest during Farm and Home Week each winter and a students' dairy cattle judging contest each spring.

OFFICERS and MEMBERS. W. W. Jacobs, Pres. (1), W. H. Juzi, Pres. (2), E. L. Byers, V.-Pres. (1), W. H. Chilson, V.-Pres. (2), J. W. Taylor, Sec.-Treas. (1), M. B. Noland, Sec.-Treas. (2), W. R. HOME ECONOMICS MEATS JUDGING TEAM

THIS team from the Division of Home Economics placed first in the Mid-West meat identification and judging contest held at the Cudahy packing plant at Wichita, November 28, 1933. Miss Boler was high individual in the contest. They competed with the Oklahoma A. & M. girls' team.

AGRICULTURAL ASSOCIATION

THE Agricultural Association includes all students regularly enrolled in the Division of Agriculture. The purpose of the Association is to create and maintain a spirit of fellowship among agricultural students and to stimulate an interest in agriculture. Among the activities sponsored are the annual Ag Barnwarmer and the publication of The Kansas Agricultural Student. The correlation of the aims and work of the departmental clubs and other activities of the division is encouraged and directed by the officers of the Agricultural Association.

AGRICULTURAL ECONOMICS CLUB

THE Agricultural Economics Club is an organization of students and faculty members whose major work is of an agricultural economic character. The club promotes closer relations between faculty and students. Programs include discussions of current agricultural economic problems by members and occasional talks by outside speakers of merit.

OFFICERS and MEMBERS. Left to right in the picture: Top row—H. W. Coberly, Treas., R. H. Campbell, V. E. Burnet, R. P. Latimer, C. Davis, Jr., G. W. Gerber, W. T. Young. Middle row—W. D. Shier, E. B. Winner, L. O. Gugler, J. B. Shaffer, H. P. Walker, N. R. Nelson, A. R. Blythe, H. B. Swanberg. First row—O. G. Steele, Sec., N. O. Thompson, J. W. Mather, A. A. Thornbrough, F. S. Burson, Pres., W. H. Pine, J. L. Scott. Not in the picture: Students—C. L. Harding, I. B. Hawk, B. C. Kohrs, Cor. Sec., E. R. Lamb, C. D. McNeal, V-Pres., R. F. New, W. W. Rufener, K. G. Shoemaker, J. L. Wetta. Faculty—Harold Howe, R. M. Green, Vance Rucker, G. S. Fox.

BLOCK AND BRIDLE CLUB

THE Block and Bridle Club is a national organization. The local chapter was established in 1916. The club sponsors the student livestock judging contest and the Little American Royal, and assists the Department of Animal Husbandry in conducting the activities of various livestock days.

OFFICERS and MEMBERS. Left to right in the picture: Top row—P. W. Griffith, R. R. Teagarden, Sec., M. E. Nixon, D. K. McKenzie, W. V. Silver, C. B. Team, C. M. Elling. Third row—J. E. McColm, L. H. MILLING INDUSTRY ASSOCIATION

ALL students who major in milling industry are members of the Milling Industry Association. The work is combined with that of the Milling Industry Seminar. The programs, given both by students and faculty, are planned to promote interest in milling knowledge and to foster a closer relationship between students and faculty.

Left to right in the picture: Top row—J. E. Anderson, E. B. Working, R. O. Pence, Dr. C. O. Swanson, H. L. Beebe. Third row—J. C. Higginbotham, H. W. Lindahl, C. E. Baker, D. A. Snyder, C. O. CROPS JUDGING TEAM

THE inter-collegiate team in crops judging competed in contests at the American Royal Livestock Show and the International Livestock Exposition, November 20 and December 4, respectively. The contests consisted of the identification of crops, crop diseases, and weeds; the judging of crop seed, and the commercial grading of grain, hay, and cotton.

POULTRY JUDGING TEAM

THE poultry judging team won the fourteenth annual inter-collegiate judging contest held October 14, 1933, at the Coliseum Poultry Show, Chicago, competing with eight teams. The winning gave K. S. C. permanent possession of the rotating trophy, the Aggie teams being the first to win this trophy the third time.

LIVESTOCK JUDGING TEAM

THE livestock judging team competed at the American Royal Livestock Show, Kansas City, and the International Livestock Exposition, Chicago. In the total score made in the two contests the Kansas team ranked fifth. At Kansas City, thirteen teams competed, and at Chicago, twenty. Hostetler was high individual in the American Royal contest.

MEATS JUDGING TEAMS

THE K. S. C. meats judging teams competed in inter-collegiate contests at both the American Royal and International. Lewis, Truax, and Murphey composed the team that placed second in the American Royal contest. Lewis, Murphey, and Miss Hodgson were entered in the International contest, placing sixth with nine teams competing.

ALPHA ZETA FRATERNITY

ALPHA ZETA, an honorary agricultural fraternity, is a national organization with chapters in forty-four states. The Kansas chapter, organized in 1909, sponsors many agricultural activities. A medal is presented each year to the freshman student in the Division of Agriculture who ranks the highest in scholarship. Each spring Alpha Zeta sponsors a smoker for the purpose of getting the active members acquainted with students eligible for membership because of their scholarship.

ATHLETICS

THE Athletic department is governed by an athletic council, composed of the director, Mr. Ahearn, President F. D. Farrell, and six other members. When this council was called upon to select a new football coach after "Bo" McMillin's resignation it was after much deliberation that Lynn Waldorf was picked to head the coaching staff of football for next season with Wes Fry as head back-field coach and first assistant. Both Waldorf and Fry come from Oklahoma, Waldorf coming from A. and M. College and Fry from Oklahoma City University. Both men have great records as coaches at their respective schools.

In athletics during the past school year Kansas State has been near the top. In football Coach McMillin coached the greatest team that Kansas State has ever had, losing only one conference game to Nebraska University by a close score.

In basketball Coach Root, who only took over this assignment during the past year, did not have wonderful results in scores, but the team came through in great spirits. By next season Root should have his system installed at the college so that basketball will again be on the up grade.

Track, under Coach Ward Haylett, is always climbing the ladder. When Coach Haylett came here from Nebraska he did not have a man who was an expert in any event, but now he has developed championship cinder and field event men.

Baseball has always been a championship winner at State. Under the past coaching of Charles Corsaut, several winning teams were produced. This year Director Ahearn, taking over baseball coaching for the first time in a number of years, has started on what looks to be a successful season.

In summing up, it can be said that Kansas State has never had a brighter outlook for the future in athletics.

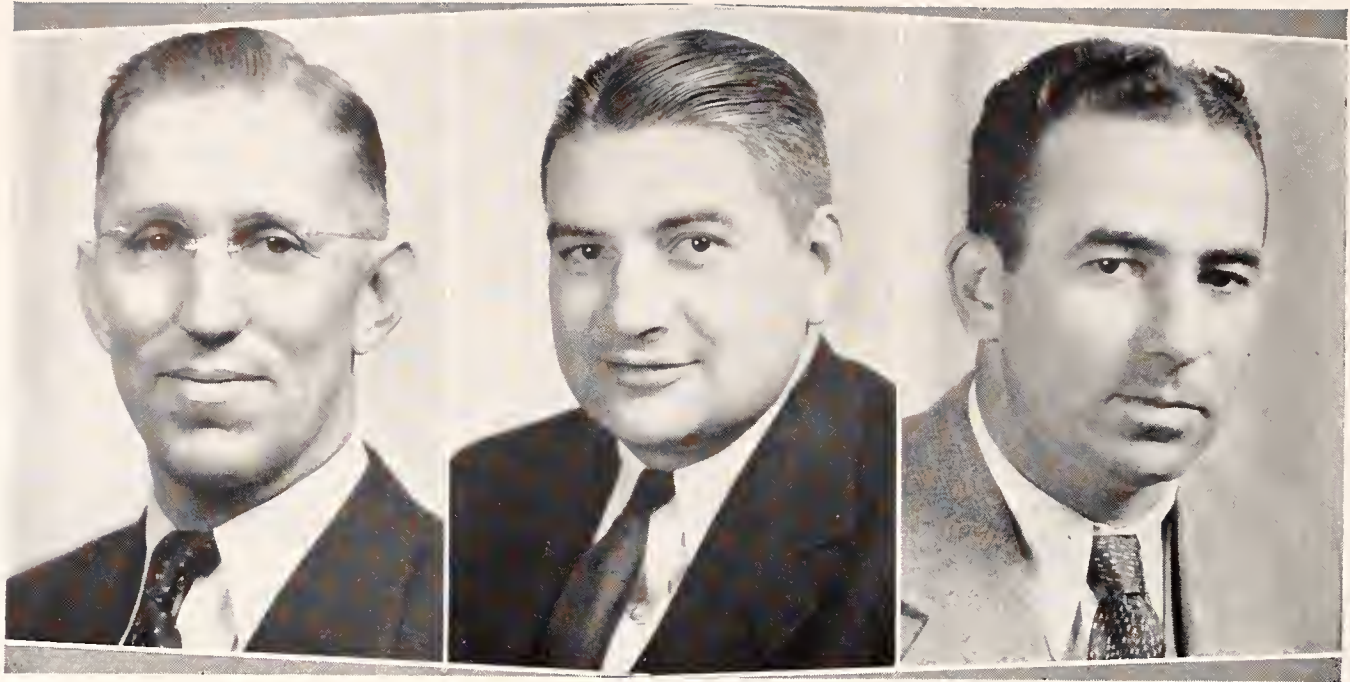

FOR almost thirty years, Athletic Director M. F. Ahearn has been actively connected with athletics at Kansas State. In the fall of 1905, "Mike" took up coaching duties here. He was athletic director, football coach, basketball coach, and baseball coach. He held down these numerous jobs along with a half-time teaching position in the department of Horticulture. In 1911 he ceased to be athletic director but again resumed this activity in 1920, when he took up his present position. From 1922 until 1931, Mr. Ahearn served as a member of the national football rules committee. Director Ahearn is one of the best athletic heads in the middle-west, and at present serves as the coach of golf and baseball.

LYNN WALDORF
New Head Coach of Football

WES FRY
Head Backfield Coach

THE ATHLETIC COUNCIL

COMPLETE control of the department of athletics at the college rests in the hands of the Athletic Council. This board is composed of the director of athletics and seven members of the college faculty. Duties of the Council include the consideration of all questions of finance, the hiring of coaches, approving schedules for all games and athletic contests and approval of recommendations by the coaches for "K" letter and sweater awards. In fact, all major matters are referred to the Council for approval or rejection. Dr. H. H. King, chairman of the Athletic Council, is the representative to the Big Six conference faculty council and is chairman of that board. Most of the problems of the latter consist of

questions of eligibility of athletes in the conference. Director M. F. Ahearn has been head of the department of athletics since 1920, and has attained a high degree of efficiency in that capacity. He was also a member of the Missouri Valley section of the National Football Rules committee for several years.

The members of the council are: Dr. H. H. King, chairman, head of the department of chemistry; M. F. Ahearn, director of athletics; Prof. E. L. Holton, head of the department of education; President F. D. Farrell; Prof. R. I. Throckmorton, head of the department of agronomy; Prof. G. A. Dean, head of the department of entomology; Rodney W. Babcock, dean of the General Science division.

Holton King Dean Seaton Ahearn
Farrell Babcock Throckmorton

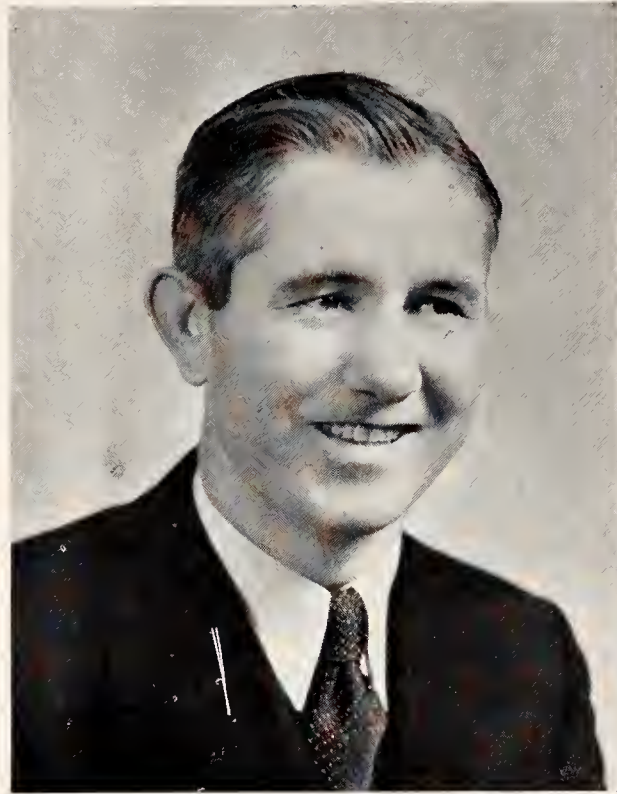

FOOTBALL

DURING the past five years of coaching at Kansas State, Coach "Bo" McMillin has never failed to turn in a better record than the year previous. Not because of material has Coach McMillin been able to produce teams of winning caliber, but because he teaches the players the game and in this manner produces teams that learn the game under his style of coaching.

At the beginning of last season the Kansas State squad was rated for the cellar position by most of the Big Six sports writers but McMillin took a green squad of sophomores and produced a team which now holds the highest ranking of any team yet to play at Kansas State.

At practice "Bo," as the players all call him, is never too busy to stop and show the individual how the game should be played. In this manner he produces material even if it is not so promising at the start of the season.

The rest of the coaching staff is also a valuable aid to Coach McMillin in the producing of football teams at Kansas State. Assistant coaches Haylett and Root are invaluable to the coaching of the line while O. L. "Chili"

A. N. "Bo" McMILLIN
Head Football Coach

Cochran trains the backs under the supervision of the head coach.

Ralph Graham, captain of the 1933 team and three times All Big Six fullback, has been a great asset to the team during his years of competition. Graham is planning to be at Kansas State for years to come but from now on as assistant to the head coach.

Kansas State 33 - Missouri U. 0

A POLISHED aerial offensive directed by Lee Morgan, coupled with smashing line plunges by Captain Ralph Graham, enabled Kansas State to crush the Missouri Tigers 33 to 0 in the first Big Six conference battle. It was the largest score ever piled up by Kansas State against an M. U. eleven. This was a game coached by two All-American quarterbacks, Bo McMillin of the noted Center College

HANSON, Guard '34

team and Frank Carideo of Notre Dame. McMillin's men attempted 21 passes, completing 11 for 219 yards. Captain Graham scored two of the touchdowns and Stoner, Bushby, and Russell each added one.

MORGAN Back '34

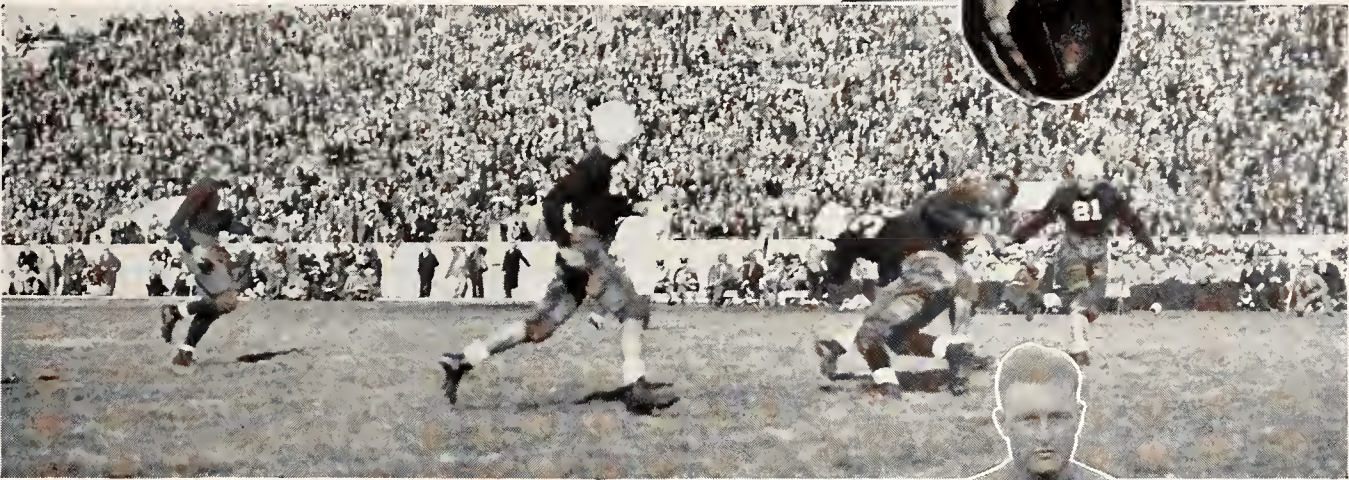

CAPTAIN RALPH GRAHAM, '34, three years all Big Six fullback and mentioned on All-America elevens.

Kansas State 0 - Nebraska U. 9

PLAYING before a Homecoming crowd estimated at 16,000, the Wildcats went down to a 9-0 defeat before the powerful onrushes of the Nebraska Cornhuskers in one of the most spectacular games of the season. The first half was played on nearly even terms. State held the advantage in the second quarter after an 85 yard punt by Russell was downed on the Nebraska 5-yard line. Early in the third quarter the Wildcats brought out an aerial attack that took the ball to the Cornhusker 20-yard

HARTER, Center '34

BUSHBY, Back '34

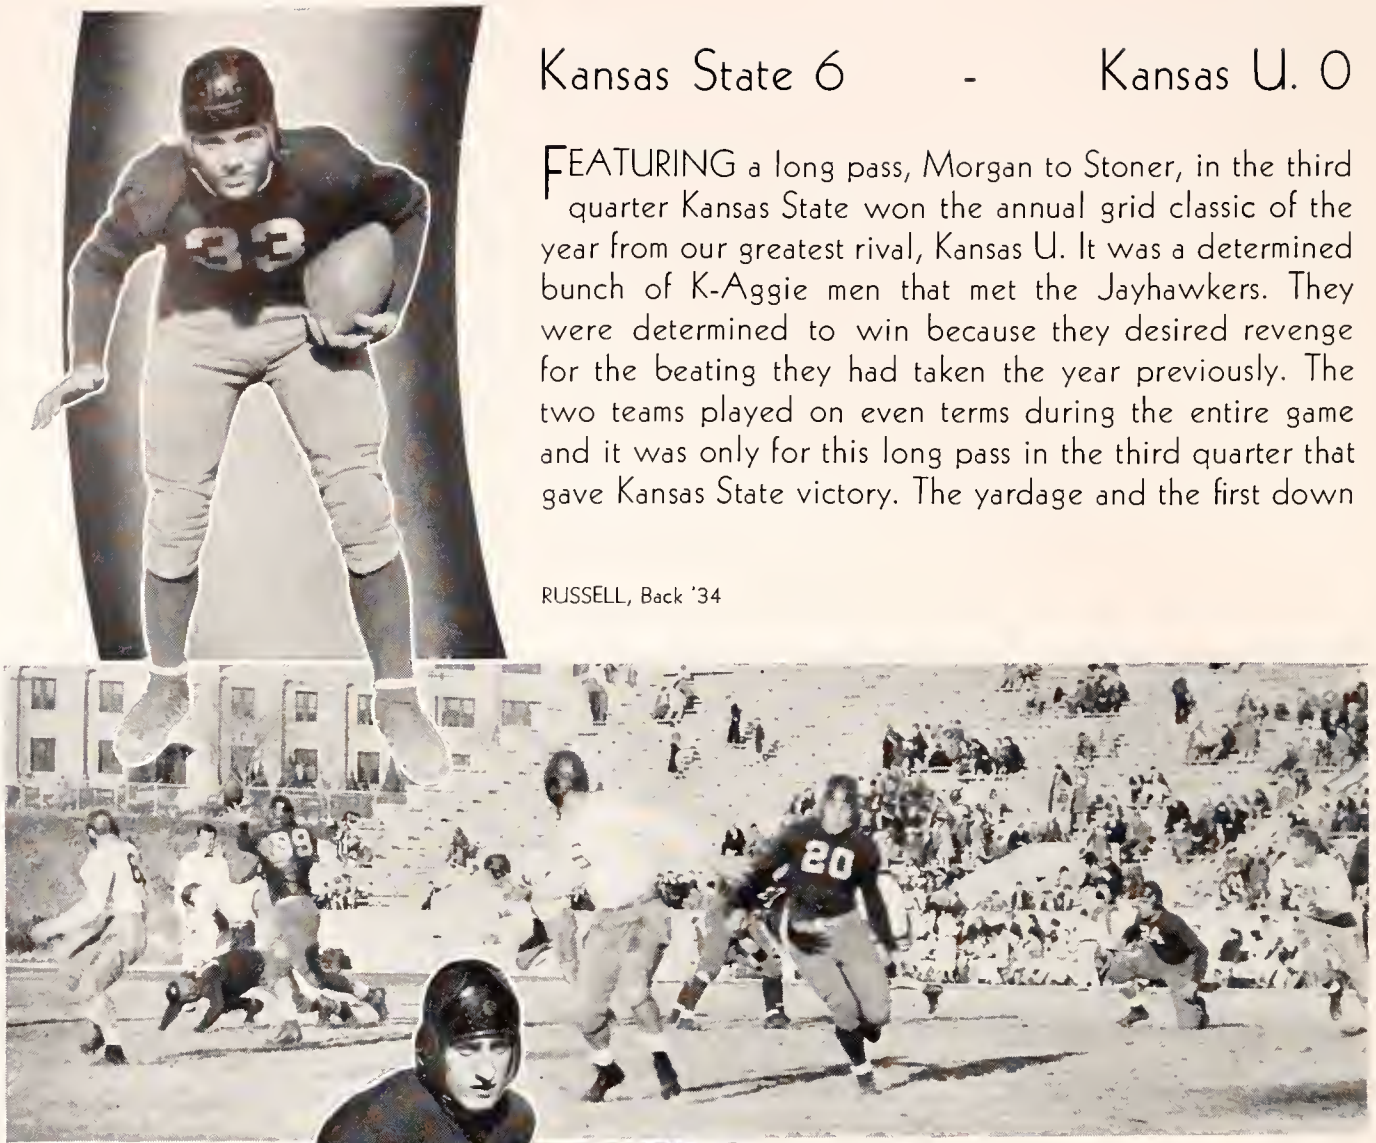

WERTZBERGER, Tackle '34

marker. Only for one minute during the entire game did N. U. ever have the advantage over K. S. and that caused defeat.

Kansas State 6 - Kansas U. 0

FEATURING a long pass, Morgan to Stoner, in the third quarter Kansas State won the annual grid classic of the year from our greatest rival, Kansas U. It was a determined bunch of K-Aggie men that met the Jayhawkers. They were determined to win because they desired revenge for the beating they had taken the year previously. The two teams played on even terms during the entire game and it was only for this long pass in the third quarter that gave Kansas State victory. The yardage and the first down

RUSSELL, Back '34

STONER, Back '35

for the day were almost even. In this game Dan Blaine, El-Dorado, end, received a badly injured shoulder which kept him from the lineup during most of the remainder of the season.

BLAINE, End '34

Kansas State 0 - Michigan State 0

IN THE greatest defensive game of the season Coach McMillin's Wildcats held a well coached Michigan State eleven to a 0 to 0 score on a slippery Michigan field. Three times during the game Kansas State had the ball within the 20-yard line but always something happened to aid Michigan and keep the K-Aggies from scoring. Never during the whole game did Michigan threaten the K-Aggie goal line. Coach Bachman at Michi-

McNEAL, End '34

DARNELL, Back '35

FORBES, Guard '34

SUNDGREN, Guard '35

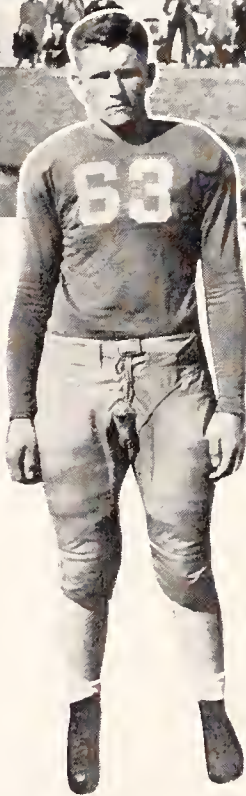

gan State coached at Kansas State for eight years and for once in the history of football it was no disgrace to desire a tie.

Kansas State 7 - Iowa State 0

AFTER outgaining the Iowa Cyclones 267 yards to 61 and piling up 14 first downs to 1, Kansas State scored a single touchdown to win another Big Six contest. Captain Graham plunged at will through the center of the Cyclones line but when the goal line was reached the Cyclones became more stubborn and fought like wildcats to keep Kansas State from crossing

WELLER, Back '34

PARTNER, Guard '36

their goal. It was a great day to show the power of the K. S. forward wall which at the start of the season was considered inferior.

FREELAND, End '35

GRIFFING, Center '36

Kansas State 14 - Oklahoma U. 0

PLAYING a team that executed their plays perfectly, Kansas State won a decisive victory over O. U. 14-0. At the start of the game both teams were nervous but by the end of the second quarter the K. S. men had found themselves and pushed over the first counter. The game was featured by two long runs by Russell, one in the second

CHURCHILL, Back '36

FLENTHROPE, Guard '36

MADDOX, Tackle '35

DOLL, Back '34

quarter and the second in the final period. Stoner kicked goal for both extra points.

REVIEW OF THE 1933 FOOTBALL SEASON

THE 1933 football team, captained by Ralph Graham, all Big Six fullback, began the season with many sophomores to fill the holes of veterans, however by the time of the game with St. Louis U. every man was a seasoned player.

The first conference game with Missouri U. did not prove so hard and the Tigers were downed 33 to 0.

Nebraska U. proved the only stumbling block for the Wildcats during the entire season of conference play. This defeat, however, ruined the chances for a championship team at Kansas State.

Kansas U. was downed in a 6 to 0 battle that easily proved the supremacy of the Kansas Statemen.

The featured game of the season was between two teams of equal defensive ability, Michigan State and Kansas State. Both teams seemed afraid to try offensive plays so the entire game was devoted to defensive play, resulting in a scoreless tie. Charles Bachman, formerly of Kansas State, is now coaching at Michigan.

Iowa State proved easy for the K-Aggies and a good practice game resulted. The Wildcats made 16 first downs to 1 for Iowa State.

The greatest game of the season for the Wildcats was played against Oklahoma University. The Wildcats played "heads up" ball all during the game and what was supposed to be the most evenly matched game of the season, proved an easy 14 to 0 win for the Wildcats.

THE 1933 FOOTBALL SQUAD

BASKETBALL

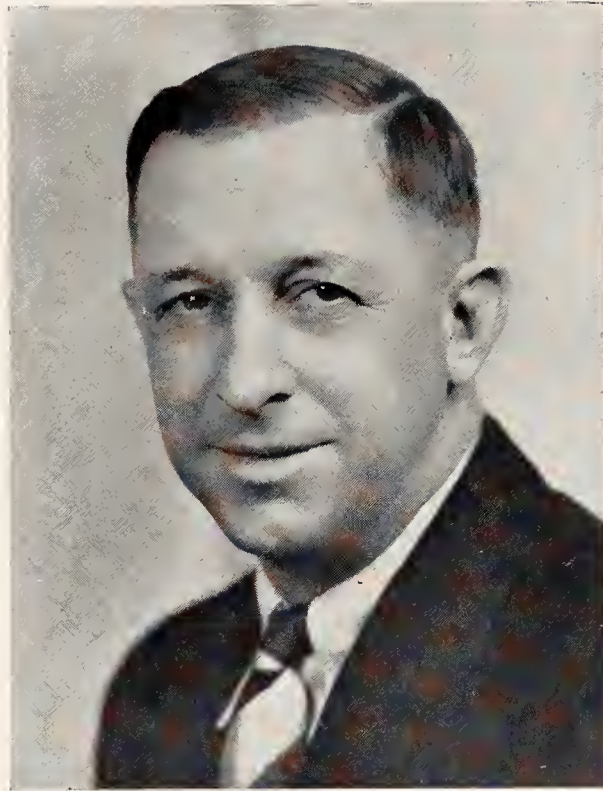

FRANK P. ROOT, a Kansas State graduate and former star Aggie athlete, has served his alma mater in a duo-mentor role since 1923 when he became assistant football and basketball coach. He was named head coach of basketball last spring. His competition in athletics for Kansas State earned him letter awards in football, basketball, and track, and he was captain of the 1914 basketball team and an all-Missouri Valley guard.

THE 1933-34 SEASON

Although the 1933-34 basketball campaign was not favorable to Kansas State victories no less acclaim need to go to either coach or players.

Coach Root, whose squad was composed mostly of seniors, saw the folly in trying to teach an old dog new tricks, so he merely helped them perfect their style and allowed them to continue the methods of play to which they had become accustomed in their previous experience.

From the start, however, he worked with his new material with the foresight which has

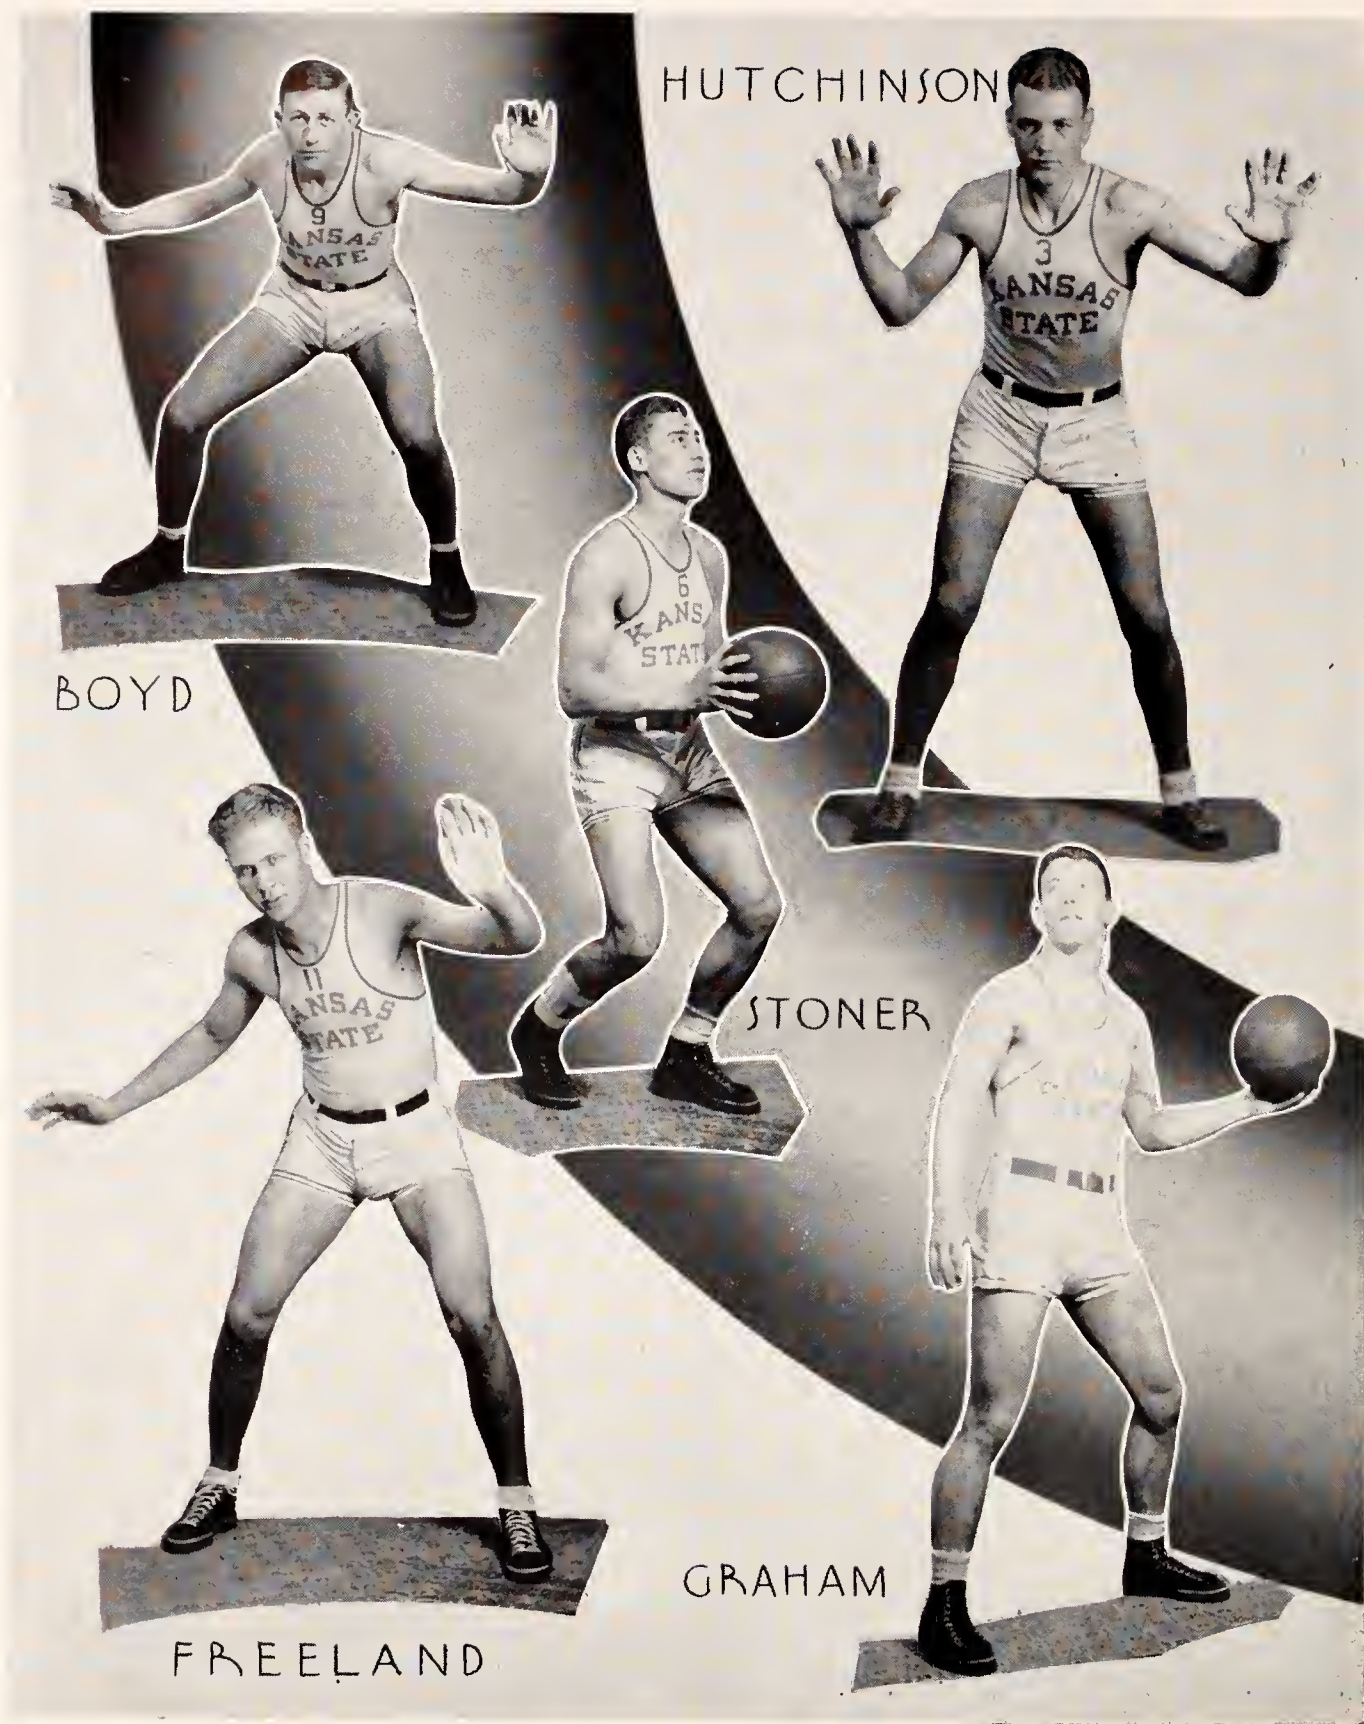

FRANK ROOT
Head Basketball Coach

in many cases produced a team of champions later. Only two lettermen will be available to next year's squad, but the other men who gained experience this season combined with some good freshman material make the prospects for next year somewhat brighter.

THE 1933-34 BASKETBALL SQUAD

Freeland Morgan Coach Root Tellejohn Bidnick Scott, mascot Hutchinson
Stoner Gilpin Thornbrough Boyd Farrell Weller Blaine
Graham

A consistent scorer with his thrilling long shots, Captain "Bus" Boyd kept K-State in the running in several games.

Jim Freeland, rangy center, matched jumps with all of them this year and will be back for another year to aid the team.

To Oren Stoner will fall the responsibility of carrying on with next year's team. He has won two letters on the court here.

Don Hutchinson proved to be a defensive power, and showed much ability in bringing the ball down on the offensive. He always played a steady, consistent game.

The spark plug in the State offensive was Ralph Graham, who seemed to pep things up after his return from the East-West football game. He was eighth in the Big Six scoring.

WELLER

BLAINE

MORGAN

BIDNICK

It was "Doc" Weller who got hot in the K. U.-K-State opener and kept the K-Aggies in the game. Weller returned to school this year after two years of teaching.

Lee Morgan was another who proved his worth to the team by his vigorous style of play. He played a good floor game at either the forward or guard position.

Dan Blaine played a fighting game at guard, and came through on several occasions to sink a much needed basket from his hot spot near the center of the court.

John Bidnick did some nice work under the basket and proved to be a scoring threat when in the game at forward as well as center.

WARD HAYLETT
Head Track Coach

WARD HAYLETT is another of the Kansas State coaching staff who has a double assignment, being line coach in football and head track coach. To him goes the credit for the revival of K-State track as a major sport in the interest of the participants and the sports fans. He came here from Doane college, where

TRACK

he developed winning teams in the Nebraska state conference, and started to work to bring a last place team up to be a serious contender for Big Six crowns.

THE 1933 TRACK SEASON

In dual meets, relay carnivals, or conference meets the 1933 Kansas State track and field men showed themselves sufficiently strong in certain events to carry off a great many honors.

The record books were pretty well revised in all the meets on the K-State schedule and several varsity records were lowered. The season's outstanding performance was, no doubt, that of the medley relay team composed of Landon, McNeal, Castello, and Darnell which set a new Kansas relay record of 10:27.4.

The Wildcat cinder men won fourth place in the indoor conference meet at Columbia, and came through in the outdoor meet at Lincoln for a surprising third place. Captain Breen, McNeal, Darnell, Schmutz, Booth, Roehrman, Landon, and Hostetler were responsible for the K-State scoring.

McNeal

Landon

Oren Stoner, hurdler, was available for only the outdoor season because of basketball. He was a member of the shuttle-hurdle relay team.

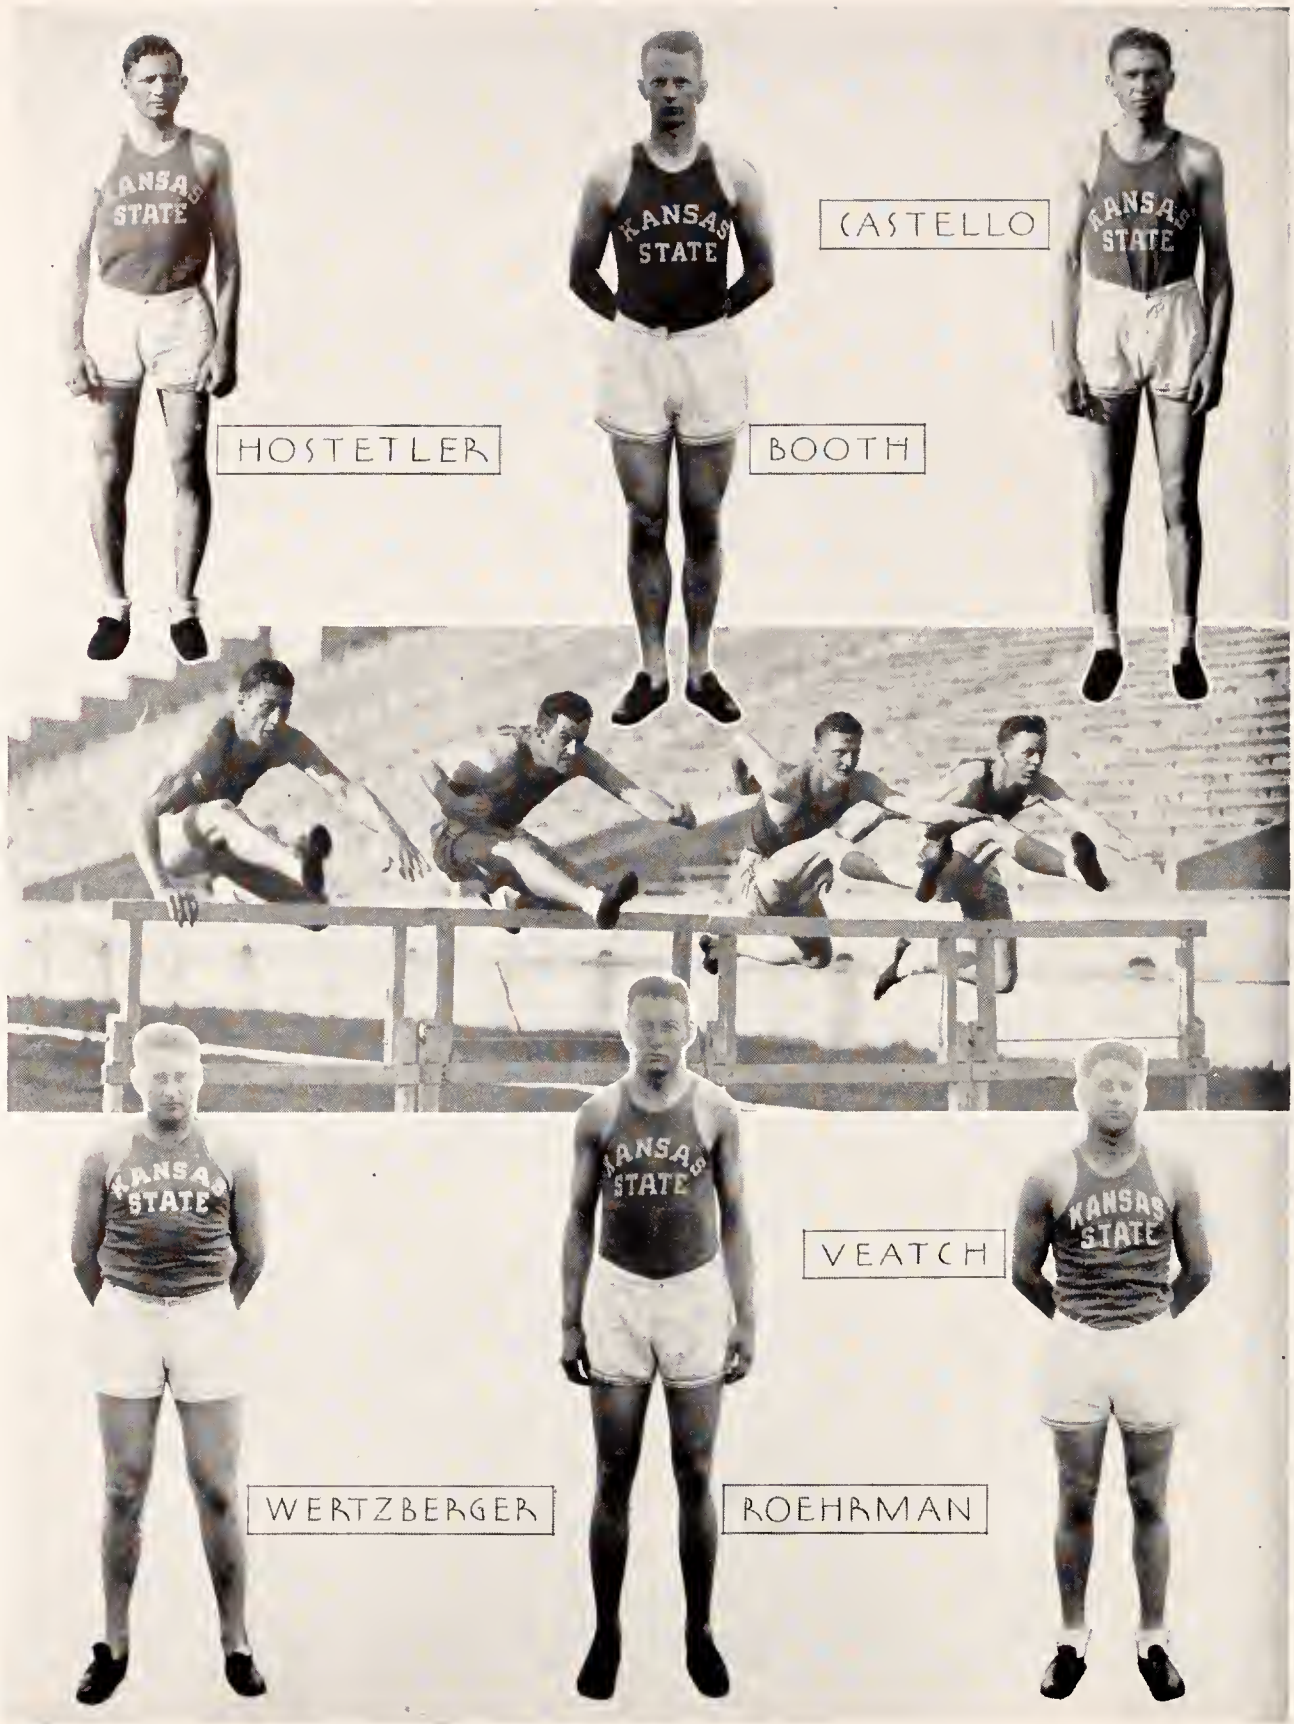

Marion Pearce was captain of the championship two-mile team and an outstanding distance man in both outdoor and indoor races.

Larry Darnell is always there in the 440 and runs a good 880 on the Medley relay team.

Joe Knappenberger, hurdler, was a threat in the 1933 season and already this spring has tied the world record in the 60-yard high hurdles.

Delbert Costa can always be counted on to bring in the points in the javelin throw.

Larry Schmutz is a tripple threat man in track. He is hurdler, pole vaulter, and high jumper combined, and almost runs a dead heat with Knappenberger in the high hurdles.

Pius Hostetler made his "K" in the 880 yard dash, and also is a member of the two mile relay team.

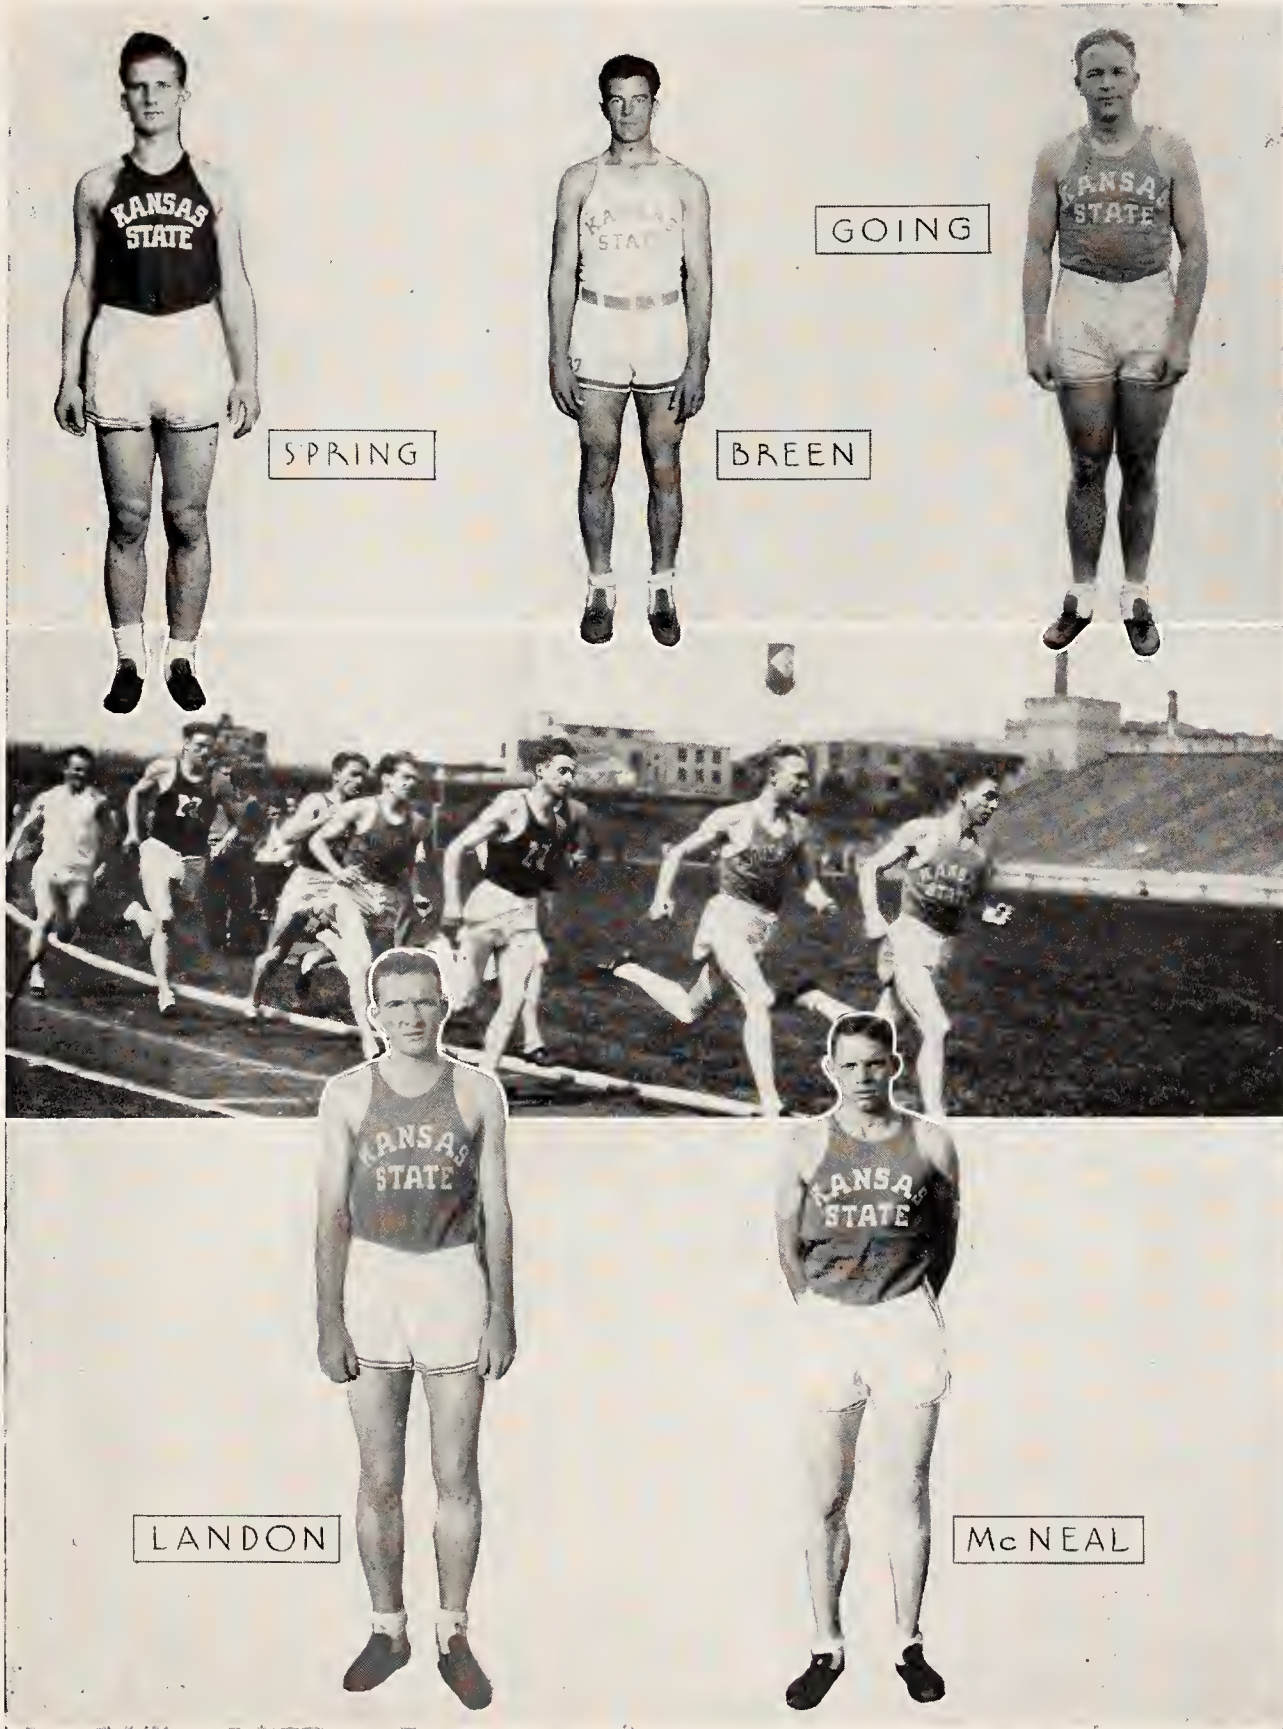

N. C. Booth competed for Kansas State in the pole vault and dash events. He brought in points in both events.

In the Washburn meet Francis "Speck" Castello broke the varsity record in the 440 with the time of :50.3. He was also a member of the medley relay team.

Kansas State was represented in the shot-put by Melvin Wertzberger, who holds the Washburn dual meet record.

C. G. Roehrman was a sure point winner in the high jump, getting over the bar at more than six feet consistently.

John Veatch was another man for the field events, working with the javelin exclusively.

Jake Spring was a hurdler and a member of the shuttle-hurdle relay team.

Captain Emmett Breen, letterman in football and basketball came to the track in almost perfect condition. He participated in every event during the season and he now holds the varsity broad jump record of 23 feet 5½ inches.

Jack Going was a dash man who could always be counted on for points in any meet.

Don Landon, captain-elect for the 1934 season, is the only man in the Big Six who holds a victory over Cunningham of K. U. Don has beaten him three times in his life with two of those being in college.

Dean McNeal is a middle distance star who teams with Landon in being outshown only by Cunningham. McNeal holds the varsity indoor record in the half mile at 2:00.3.

BASEBALL

CHARLES CORSAUT
Head Baseball Coach

developed a team last spring that came through the season with only three defeats, and with a tie for the Big Six championship.

THE 1933 BASEBALL SEASON

Winning three out of the five conference games played, Coach Charles Corsaut's Kansas State college baseball team tied with the Oklahoma University nine for first place honors in the Big Six standings for 1933.

There were only four teams in the conference race for diamond honors, the other two being Missouri University and Iowa State. Iowa, however, did not appear on the Kansas State schedule.

Records for the entire season show that the Wildcat squad won nine games and lost three to finish with an average of .750.

The squad opened the season with victories over Haskell and M. U., but dropped the next two. After that they lost only one game (a 12-inning affair with Oklahoma) and finished up the season with five straight victories. No team was able to defeat the Aggie diamond men twice.

WINNING baseball teams have not been infrequent since 1923, when Charles Corsaut became head coach of the diamond sport at Kansas State. He always put a well coached team on the field that hit and run in the pinches like a professional league club. With no veteran pitchers on which to rely and a great deal of other green material he

THE BASEBALL SQUAD

Nelson Lowell Simms Coach Corsaut
Morgan Blaine Gentz Boyd
Watson LeClere Carter Underwood Skradski

Captain "Pee Wee" Carter won many honors for the Kansas State men with his hard consistent hitting and his errorless ball at second base.

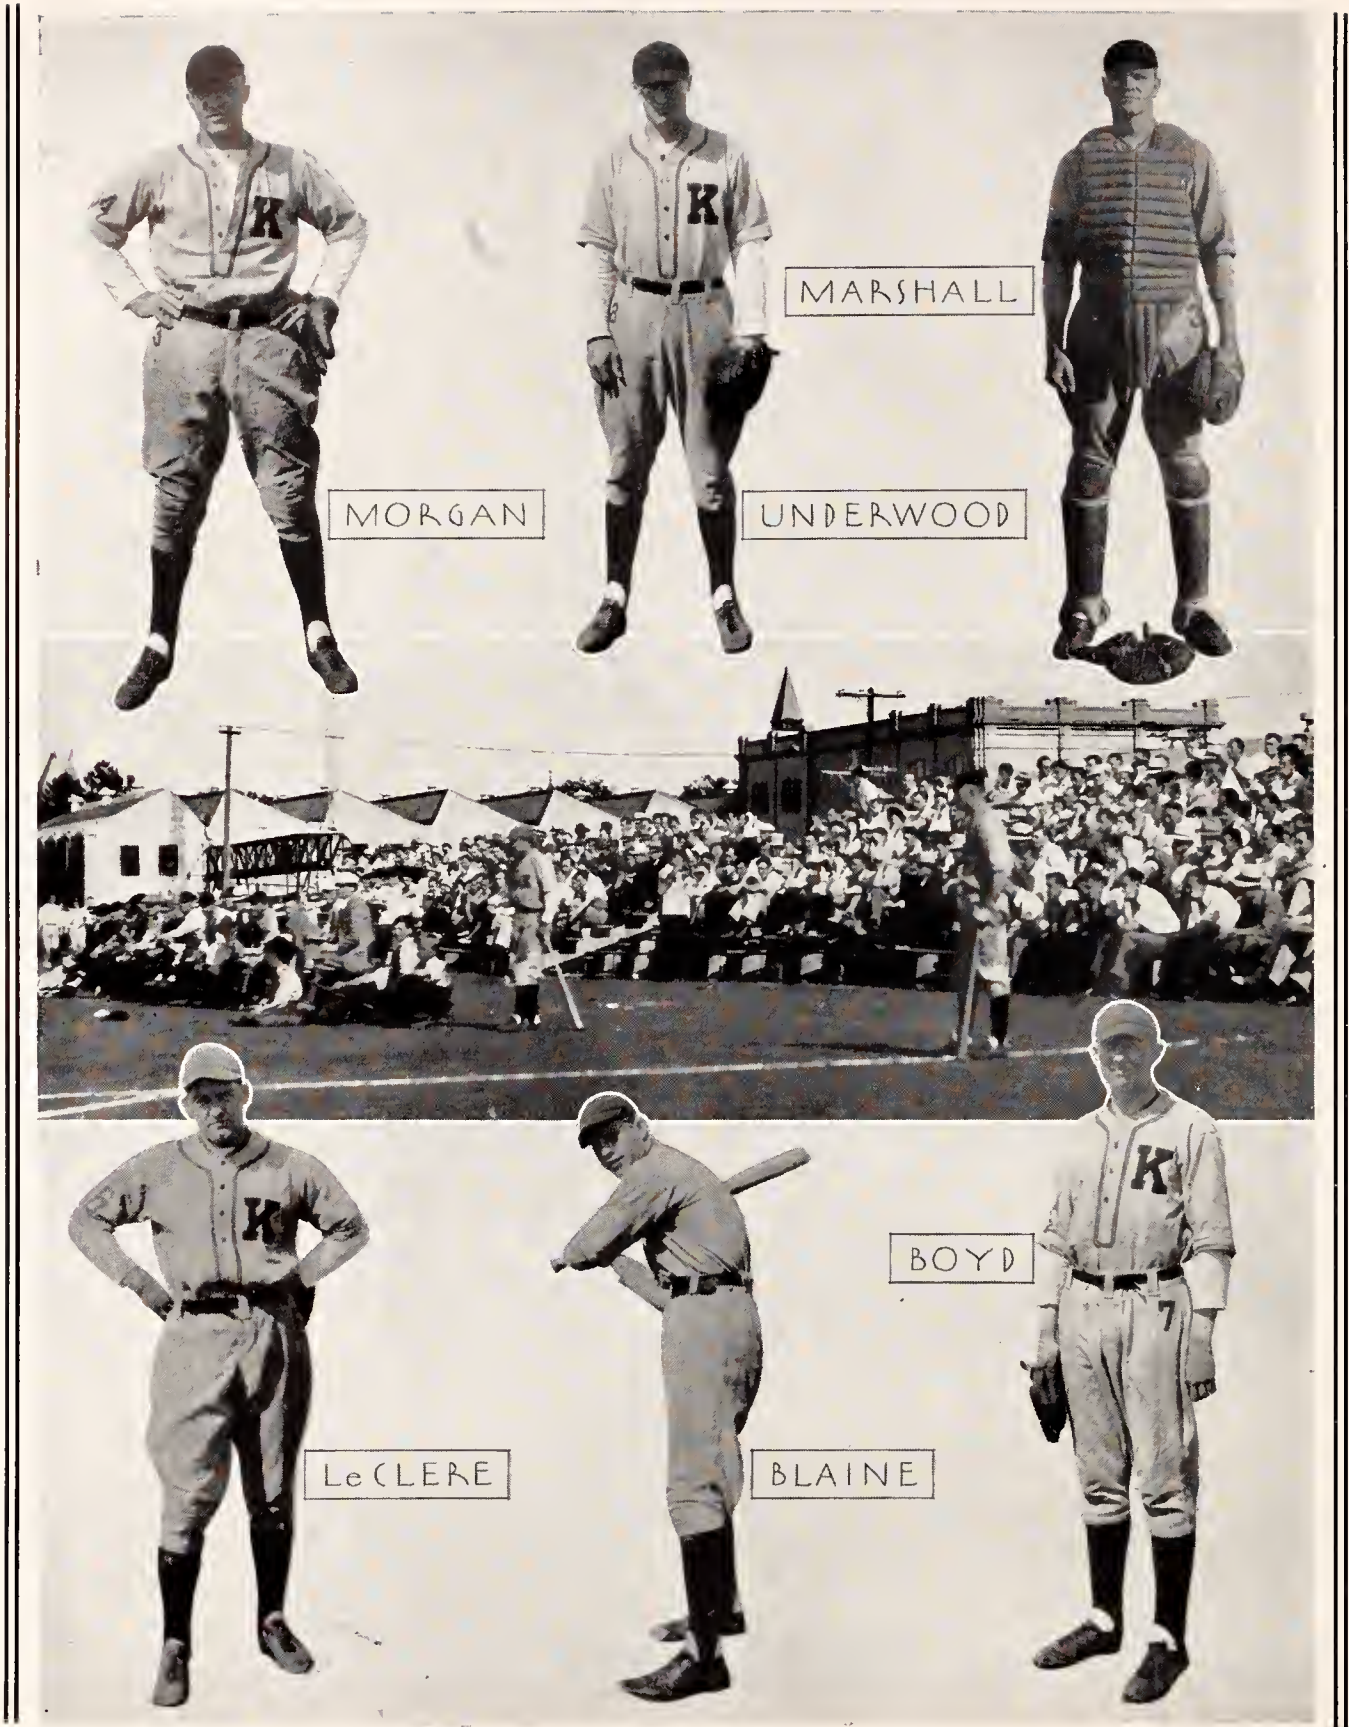

George Watson, catcher, was death on baserunners and it was tough on them if he caught them off their base.

"Red" Simms, a right handed pitcher, was one man who believed in bearing down when he was on the mound.

"Lefty" Lowell, pitcher, helped to win his own ball game on several occasions by a timely bunt or a safe hit.

Charley Gentz, captain-elect for the 1934 season, plays errorless ball in left field and he can also fill any third baseman's position.

"Andy" Skradski is a player who always got a lot of razz from the crowd but this spring he has a professional job with the Beaumont club.

Lee Morgan in the outfield displayed a good throwing arm, and he could always bring them down in the outfield if they were within reach.

John Underwood was a good consistent hitter and played errorless ball. In the Marysville Teachers game he hit five and was five times at bat.

Ralph Marshall was first string catcher until mid-season when he was injured in a game and forced to quit.

Jim Le Clere was noted for his perfect game at short-stop. He was also a good hitter.

Dan Blaine can never be forgotten because of his clownish ways besides being a good baseball player. It would never be a baseball game without Blaine's argument.

Bus Boyd, right fielder was not out of his stride when he hit five out of five times at the plate in the Oklahoma U. game. He is a good consistent ball player.

WRESTLING

BUCEL R. PATTERSON has been wrestling coach at Kansas State for six years, and this year with the revival of inter-collegiate boxing he has taken over the job of boxing mentor. "Pat" was a national inter-collegiate wrestling champion while at Oklahoma A. & M. college, and has done much to place Kansas State in an enviable position in wrestling circles of the mid-west. His method of handling men has increased the competition for places on the squad a great deal.

B. R. PATTERSON,
Head Wrestling Coach

THE 1933-34 SEASON

Hard luck seemed to follow close on the heels of the 1933-34 wrestling squad. Ed Houser was declared ineligible at the end of the semester, and then Capt. Paul Griffith, who was favored to win the 125 pound class in the Big Six meet, was forced out of competition with an infected arm.

In spite of this the K-State wrestlers retained their claim on the Missouri Valley A. A. U. championship by winning five firsts, two seconds, and one third in the tournament which was held in Nichols gymnasium. Those

winning first places were Dick Campbell, Dick Fowler, Howard Bohnenblust, Claude Young, and Art Thiele.

Also three men gained third places in the conference meet. They were McDonald, Bohnenblust, and Thiele.

THE SWIMMING TEAM

ALTHOUGH the 1934 squad was too weak in a few events to pile up sufficient points to win many meets, another step forward in the development of swimming as a minor sport at Kansas State was made possible by several outstanding individual performances.

Letters were awarded to the following men at the close of the season: Capt. Joe Creed, Robert Blanche, L. E. Murphy, Ralph Churchill, Max Wann, and Grover Steele. A freshman numeral award was given R. C. Wishart.

An honor never before realized by a Kansas State athlete was received by Joe Creed when he was elected to lead the 1935 tank squad, making it three years in a row for him as captain of the team. His achievements, however, easily account for such honor.

Defeated only once in the 1934 campaign, the K-State captain was a favorite contender for the 100 and 220 yard crowns in the con-

ference meet, but a quarantine at that time prevented his competing. He set new varsity marks this year in the 100 and 220 yard events by swimming them in :59.5 and 2:37.2, respectively.

Robert Blanche, a sophomore, also starred in the pool this year by establishing a new varsity and pool record in the 200 yard breast stroke at 2:57.4. He was defeated only once in dual meets, and placed third in the Big Six meet.

The old varsity record of 4:42.8 in the 400 yard free style relay was completely washed off the records when Churchill, Wann, Creed, and Murphy did the rounds in 4:25.8.

Prospects for a successful season next year are more than merely encouraging with the outstanding group of water striders that will be available to Coach Moll when he starts to pick a squad. L. E. Murphy is the only letterman who will be graduated this spring.

THE SWIMMING SQUAD

Izard Churchill Coach Moll Creed Steele
 J. Hanson Pinter Combs Blanche Munel

TENNIS

C. S. MOLL came to Kansas State in 1929, as coach of tennis and swimming and an assistant in the department of physical education, and is deserving of much credit for the development of swimming as a minor sport since its revival five years ago. He was graduated from Concordia college of Fort Wayne, Indiana, in 1918, and in 1925, he received his B. P. E. degree from George Williams college at Chicago. He was awarded his masters degree from Kansas State college last August.

C. S. MOLL
Head Swimming and Tennis Coach

THE TENNIS TEAM

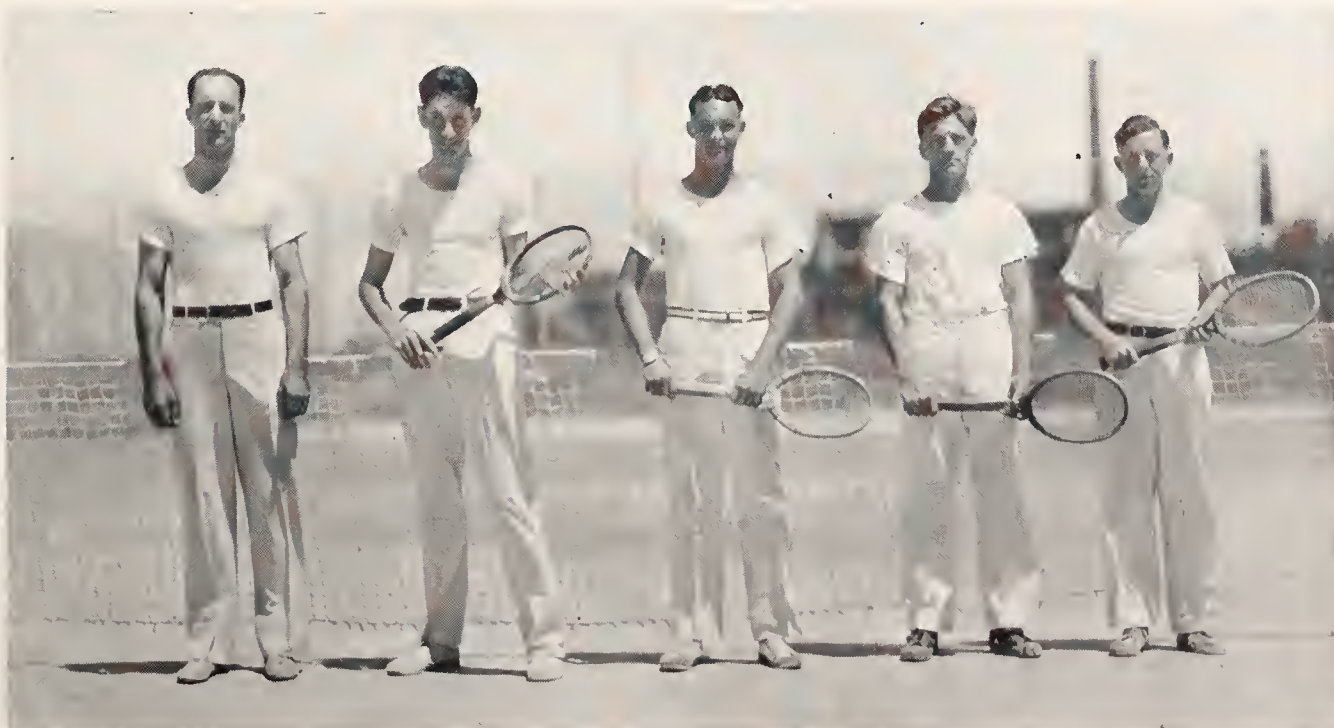

Finances handicapped the 1933 tennis squad a great deal in that they were forced to play such a light schedule. Only two conference matches were played beside the Big Six conference net meet. Also two matches were played with the Bethany college netmen.

The lettermen for the 1933 season are Capt. Ralph Graham, who mingled spring football with the racket sport, R. G. Fowler, and Garland Hougland. None of them, how-

ever, completed their years of eligible competition with the 1933 season.

The boys seemed to take turns in winning their singles affairs, and could not get together to win them the same day in order to come out victorious in the total score of matches.

Coach Moll Armstrong THE TENNIS SQUAD Fowler Broghamer Hougland

L. P. WASHBURN
Director of Intramurals

L. P. WASHBURN, head of the physical education department, and director of intramural athletics, has been at the college since 1926. Intramurals were not very far advanced at Kansas State when he took charge in February, 1926, but since that time the development has been rapid and each year

INTRAMURALS

has seen increased interest and more intense competition. Mr. Washburn adheres always to the aims of intramurals and the code of sportsmanship.

THE WINNER OF 1933 YEAR

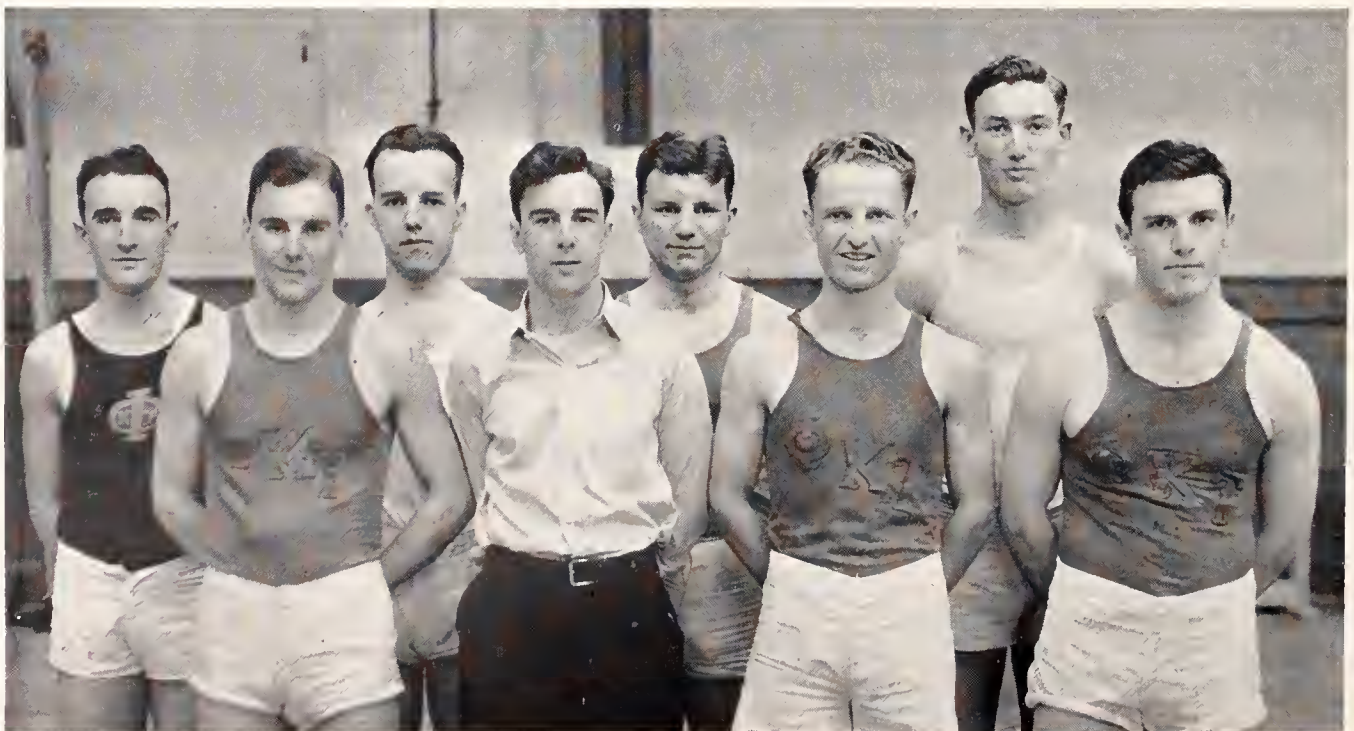

By piling up a great number of points in the spring intramural sports Delta Tau Delta overcame a 100 point lead and finished ahead of Delta Sigma Phi with 1,348 points over the later's 1,248.

Phi Kappa Tau, Sigma Alpha Epsilon, and Aggie Knights finished in third, fourth, and fifth places respectively. They all had better than 1,000 points.

Delta Tau Delta was engraved on the intramural challenge trophy for the second time. It is the only organization that has twice won this cup which is awarded permanently to the team winning it three times.

Ten men were awarded intramural letters on sweaters. They are D. Barkalow, M. L. Carter, L. Heinz, W. C. Lacy, E. L. Simms, R. G. Fowler, V. T. Chapman, E. L. Broghamer, B. C. Kohrs, and H. H. Stark. Eleven of the other leading participants were awarded intramural letters without sweaters.

INDOOR TRACK CHAMPIONS
Back Row: SWEAT, CARREL, MOCK, LASSEN.
Front Row: L. JOHNSON, GALLAGHER, H. C. JOHNSON, STARK.

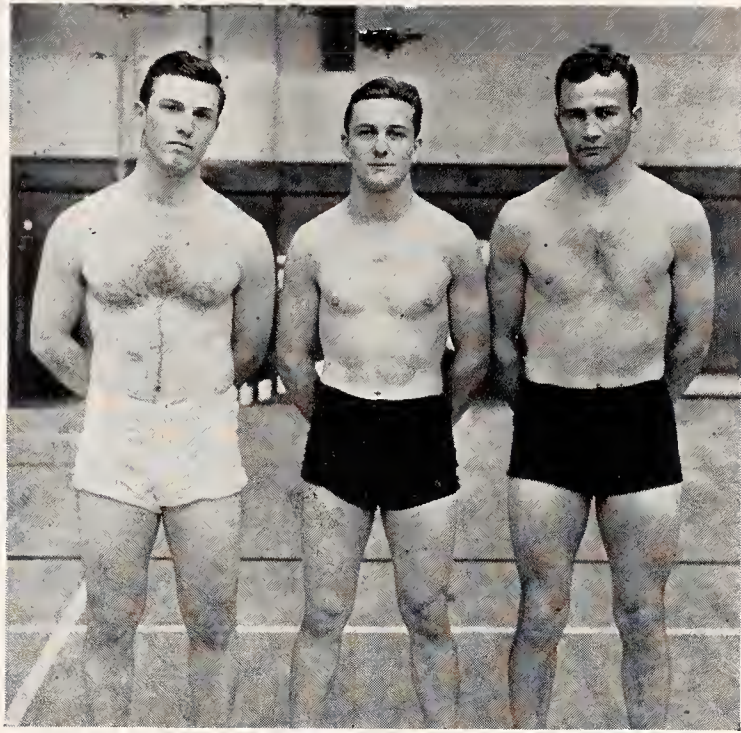

THE INTRAMURAL SEASON

By Don McNeal

THE 1933-34 intramural season opened with horseshoe pitching and soccer. A horseshoe ringer contest was also held.

Ben Kohrs, Alpha Gamma Rho, won the horseshoe singles and teamed with M. L. Bergsten of the same organization to win the doubles. M. L. Carter, Phi Kappa Tau, won the ringer contest with 14 ringers out of 25 attempts.

H. H. Stark, 175 lb. R. Teagarden, 135 lb. L. I. Thomas, 165 lb.
WRESTLING CHAMPIONS

The first team championship to be decided in the fall was soccer. Phi Kappa Tau, Kappa Sigma, Delta Tau Delta, and Sigma Nu entered the semi-finals. The Sigma Nus were beaten by the Phi Kappa Tau boys but the Kappa Sigs and Deltas battled to ties in double overtime games before the Kappa Sigs finally won by means of a free kick.

(Continued on next page)

FRATERNITY BASKETBALL CHAMPIONS

Back Row: Porter, Johnson, McNeal.
Front Row: Link, Baker, Weathers.

M. Bergsten, B. Kohrs
Horseshoe Champions

In the finals the Phi Kappa Taus and Kappa Sigs battled to a tie in the first game and the championship was finally decided by a second game and this time the Phi Kappa Taus won.

In basketball the Delts and White Shirts went to the finals as the winners of their respective brackets. The White Shirts defeated the defending champions 16 to 8.

The Delts won the Panhellenic championship for the second straight year, by defeating the Sig Alphas 15 to 11 in the finals.

Tau Kappa Epsilon won the team championship in wrestling, first of the winter intramural sports. Phi Kappa Tau and W. F. A. C. tied for second place.

The individual winners of class championships in wrestling are: Carl Kirk, 118, independent; F. R. Fansher, 126, W. F. A. C.; Robert Teagarden, 135, Tau Kappa Epsilon; Earnest Jessup, 145, W. F. A. C.; D. B. Dukalow, 155, independent; L. I. Thomas, 165, independent; H. H. Stark, 175, Phi Kappa Tau; and Paul H. Nelson, heavyweight, independent.

(Continued on next page)

SOCCKER CHAMPIONS

Back Row: Stukey, Nelson, Mock, Lassen, Harding, Warner, Sollenberger.
Front Row: Stark, Gallagher, Lemon, Carter, H. C. Johnson, L. H. Johnson.

The Phi Kappa Taus won the indoor track meet with Sigma Phi Epsilon finishing second. Dave Butterfield set a new record in the standing broad jump with a leap of 10 feet 1½ inches. Phi Kappa Taus represented by Worrel, L. H. Johnson, and Stark, set a new medley relay record.

Aggie Knights, independent team, won the volley ball championship from the Phi Kappa Taus 40-35. In the semi-finals Phi Kappa Tau defeated the Sig Alphas, and Aggie Knights won from Delta Sigma Phi.

Back Row: J. Hraba, A. Crowley.
Front Row: D. Adkins, F. Benson, B. Hays.
INTRAMURAL BASKETBALL CHAMPIONS

Another championship was won by the Phi Kappa Taus in swimming. The Kappa Sigs were second. The Phi Tau medley relay team composed of Lassen, Mock, and Butler set a new record of 1:32.3.

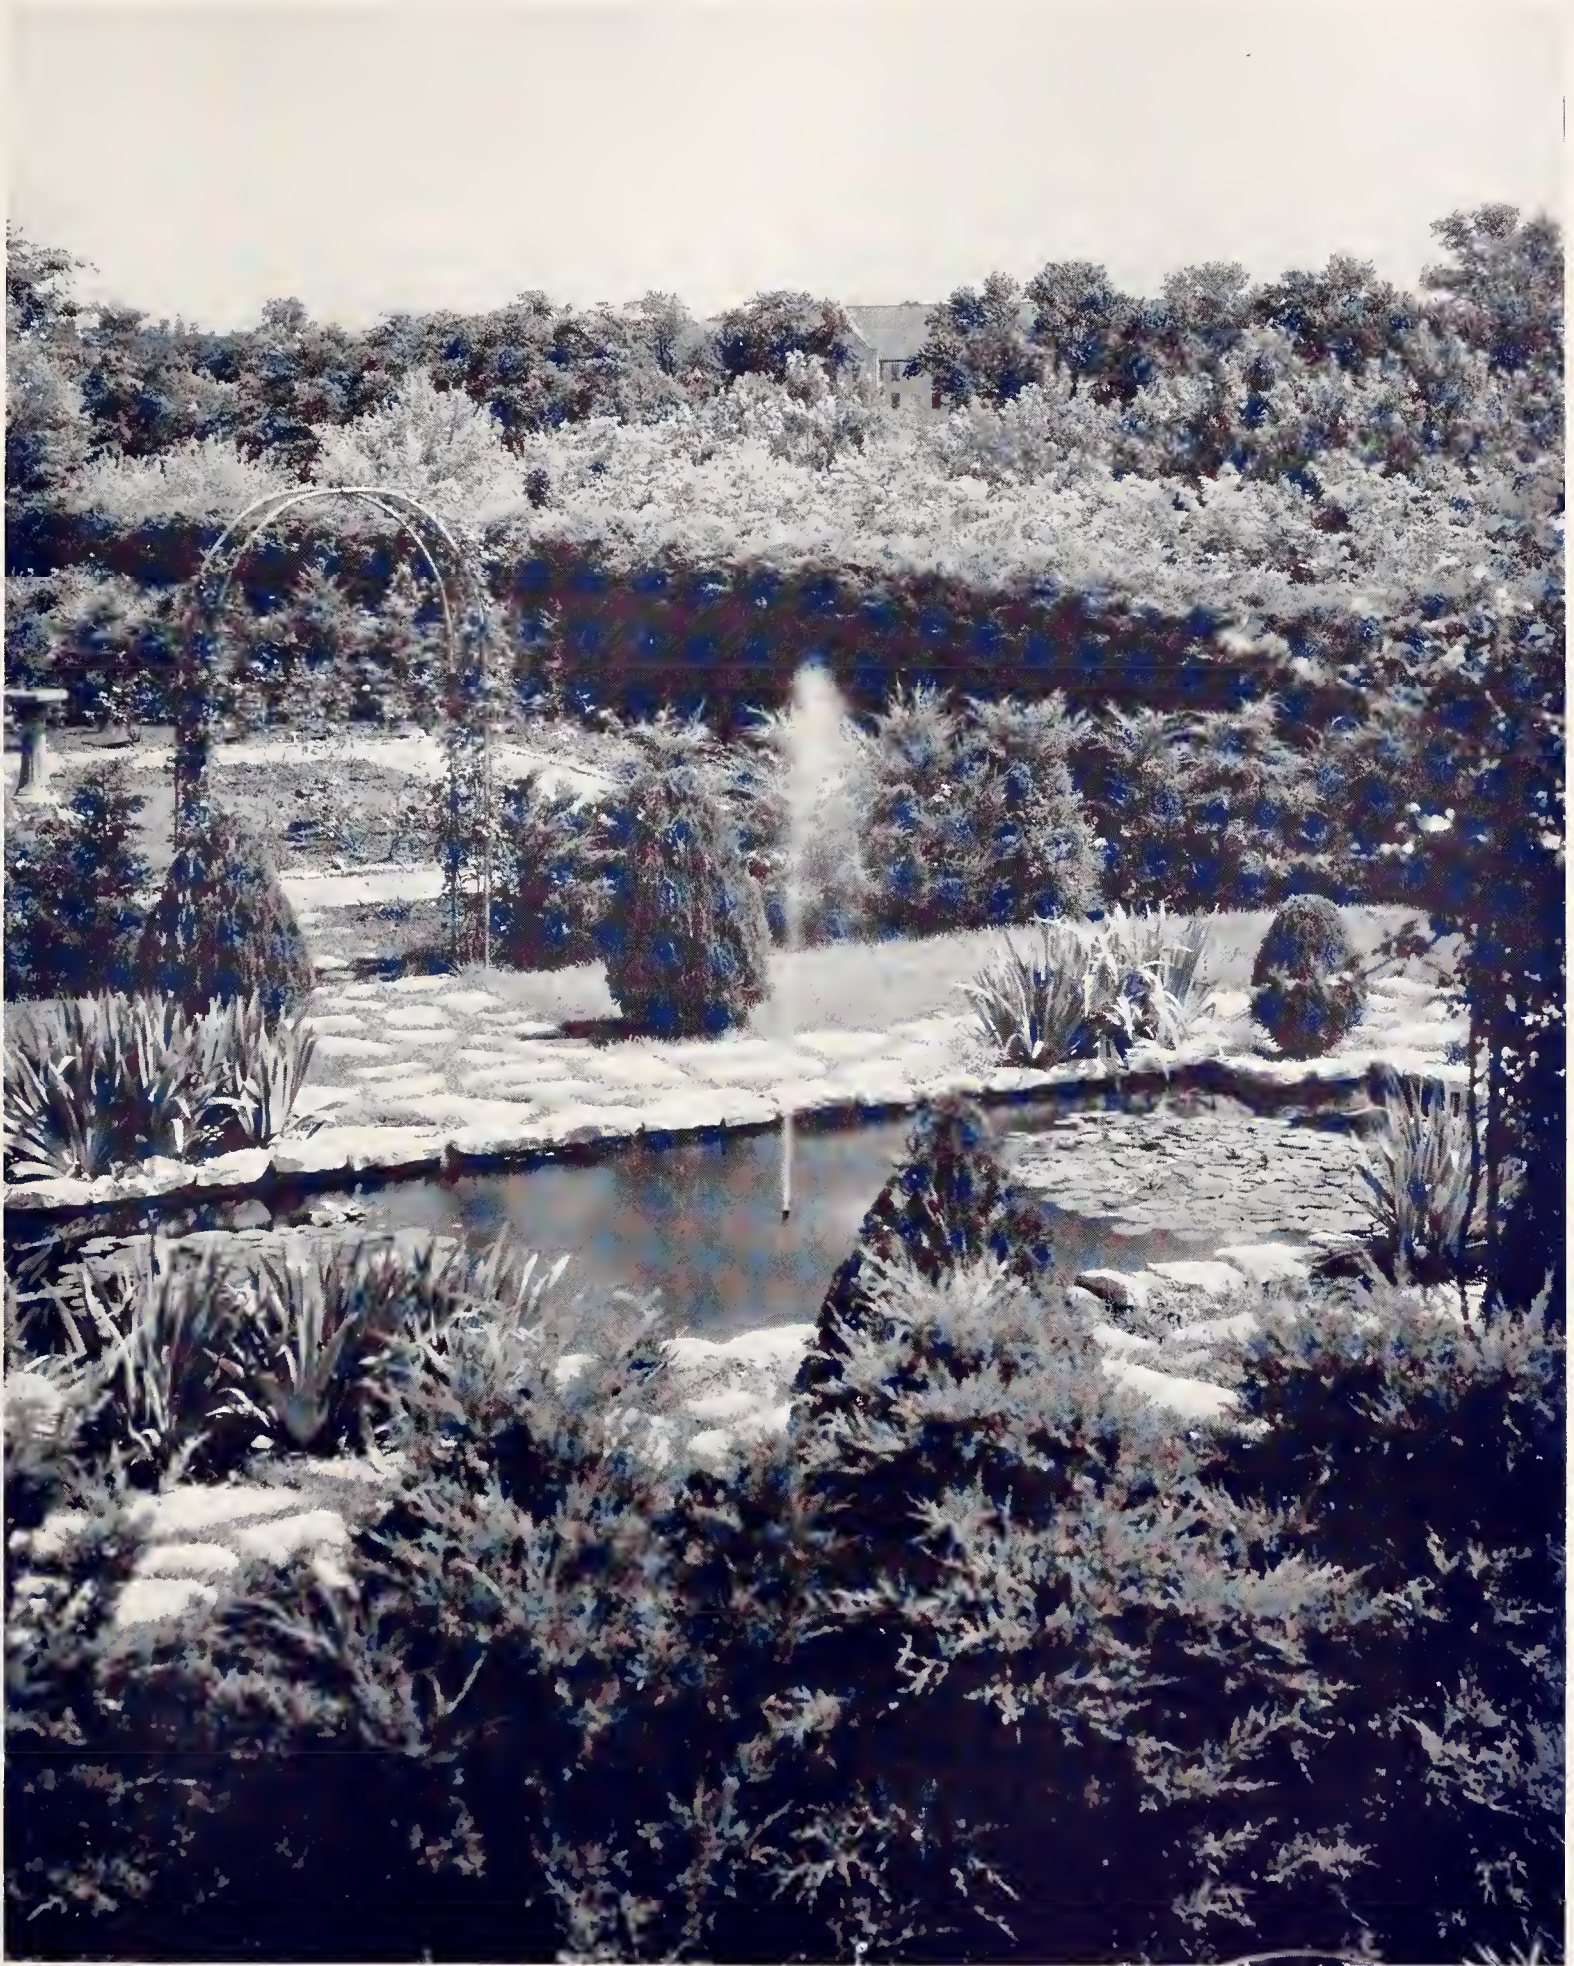

In the first of spring sports E. L. Broghamer retained his title in the handball singles.

VOLLEY BALL CHAMPIONS

Back Row: J. Dickens, W. Walker, E. Walker.
Front Row: M. Weihe, W. Lacy, C. L. Ruff.

FEATURES

Paula McDaniel as the "Ice Maiden" surrounded by her court in the "Ice Maiden," water pageant given by Frog Club and Orchesis. The sea folk (Frog Club) in the "Ice Maiden." 1934 Royal Purple beauties with Red Nichols, the judge.

From among thirty candidates Red Nichols chose Miss Jane Harmon as the most beautiful coed at the 1934 Royal Purple Beauty Ball. Miss Harmon is a member of Kappa Kappa Gamma.

Miss Dorothy Hughes

Miss Merrideth Manion

Miss Hughes, along with these three other candidates, shared second honors at the 1934 Royal Purple Beauty Ball. She is a member of Pi Beta Phi.

Miss Manion is a member of Delta Delta Delta.

Miss Mary Elizabeth Wilkes

Miss Donna Johnson

Miss Wilkes is a member of Alpha Xi Delta.

Miss Johnson is a member of Chi Omega.

Mary Porter, hay queen of the Ag Barnwarmer. Freddy Hill goes a-courting. Caroline Dawley and Lillis Wempe. The K. U. victory varsity. Wayne Thornbrough and Dumma Johnson in the Sig Ep's "Shasta." Don Hutchinson-Tella Hinshaw, consolidated. Assembly. Pep meeting. Varsity. Tri Delta fledglings.

Ag Queen, Sunflower Queen Porter. Dorothy Hammond, if you don't recognize the shape. Union Pacific streamline beauties. "Major" Gentry. Phi Kappa Taus at ease. Keller, of Fleenor and Keller. The Sig Alfs pledge a snow man. The Alpha Delt jitney can take it. The bad influence of the college band. She doesn't really look like that. Hodge and Sullivan add dignity to the Union Pacific parade.

Manhattan welcomes the new coaches. "Cotton" Tietze and Jaconette Lawrence, politicians. Lynn Waldorf's first message to Manhattan. Wes Fry, new assistant to Lynn Waldorf. Forward pass completed from Lee to Lolly. Touchdown II, Aggie mascot joins in the celebration for the new coaches. Puzzle, find "Spud" Morgan in this picture.

The band welcomes Waldorf and Fry. Chummy, ain't it? Chi Omegas, dressed up. Chi Omegas. Tri Deltas on Sunday. That's chummy, too. The college band. Rosencrans and Patterson in training. Zelma Conn and Prexy Buchmann of Chi Omega.

Johnson, Thornbrough, and "Shasta," again. It was a great shanty while it lasted. Alpha Deltas. The streamline beauties. Rich Smith, the Sig Alf offering to the coed. The Tri Delt Yankees. More Alpha Deltas. Editor Carrel of the Engineer. "Spud" Morgan, of the Hugoton Morgans. Here it is again. The Union Pacific's guests at the Worlds Fair next summer.

A breath of old Spain. Daredevils. Can you take it? Ain't love grand? Is that a gutter? Name it and you can have it. Sig Alfs. "Skinny" Payne, scholar. Just a couple of the boys.

The R. O. T. C. in action. What's missing in this picture? "Red" Cole plays strong man. This is a pole vaulter, you guess who. This is a cow, with an Ag student at each end. The explanation of Sigma Nu prosperity. Nancy Jane Campbell. The governor's salute. These lads are candidates for Orchesis. Looking Up!

Scholars. A couple of Clovia rowdies. Eating out! Frank Byrne and his geology boys. Those undressed Chi Omegas "Pewee's" of Alpha Delta Pi. Zelma Conn and Maxine Huse grace the Chi Omega lawn. More Chi Omegas, they must have a press agent!

Spiker chooses the wrong freshman. More Chi Omegas. Frolicking freshman. Wampus Cats and Purple Pepsters in action. The freshmen weren't paddled at the first football game. "K" hill. The Kappa Sigs "Spend an Evening at Home."

The K. U. game at Lawrence. The first spring practice under Lynn Waldorf. Football . . . Football . . .

June Layton's Orchestra goes native. That "K" fraternity initiation seems to be hard to take. Cosmopolitans gather in sunset.

GREEKS

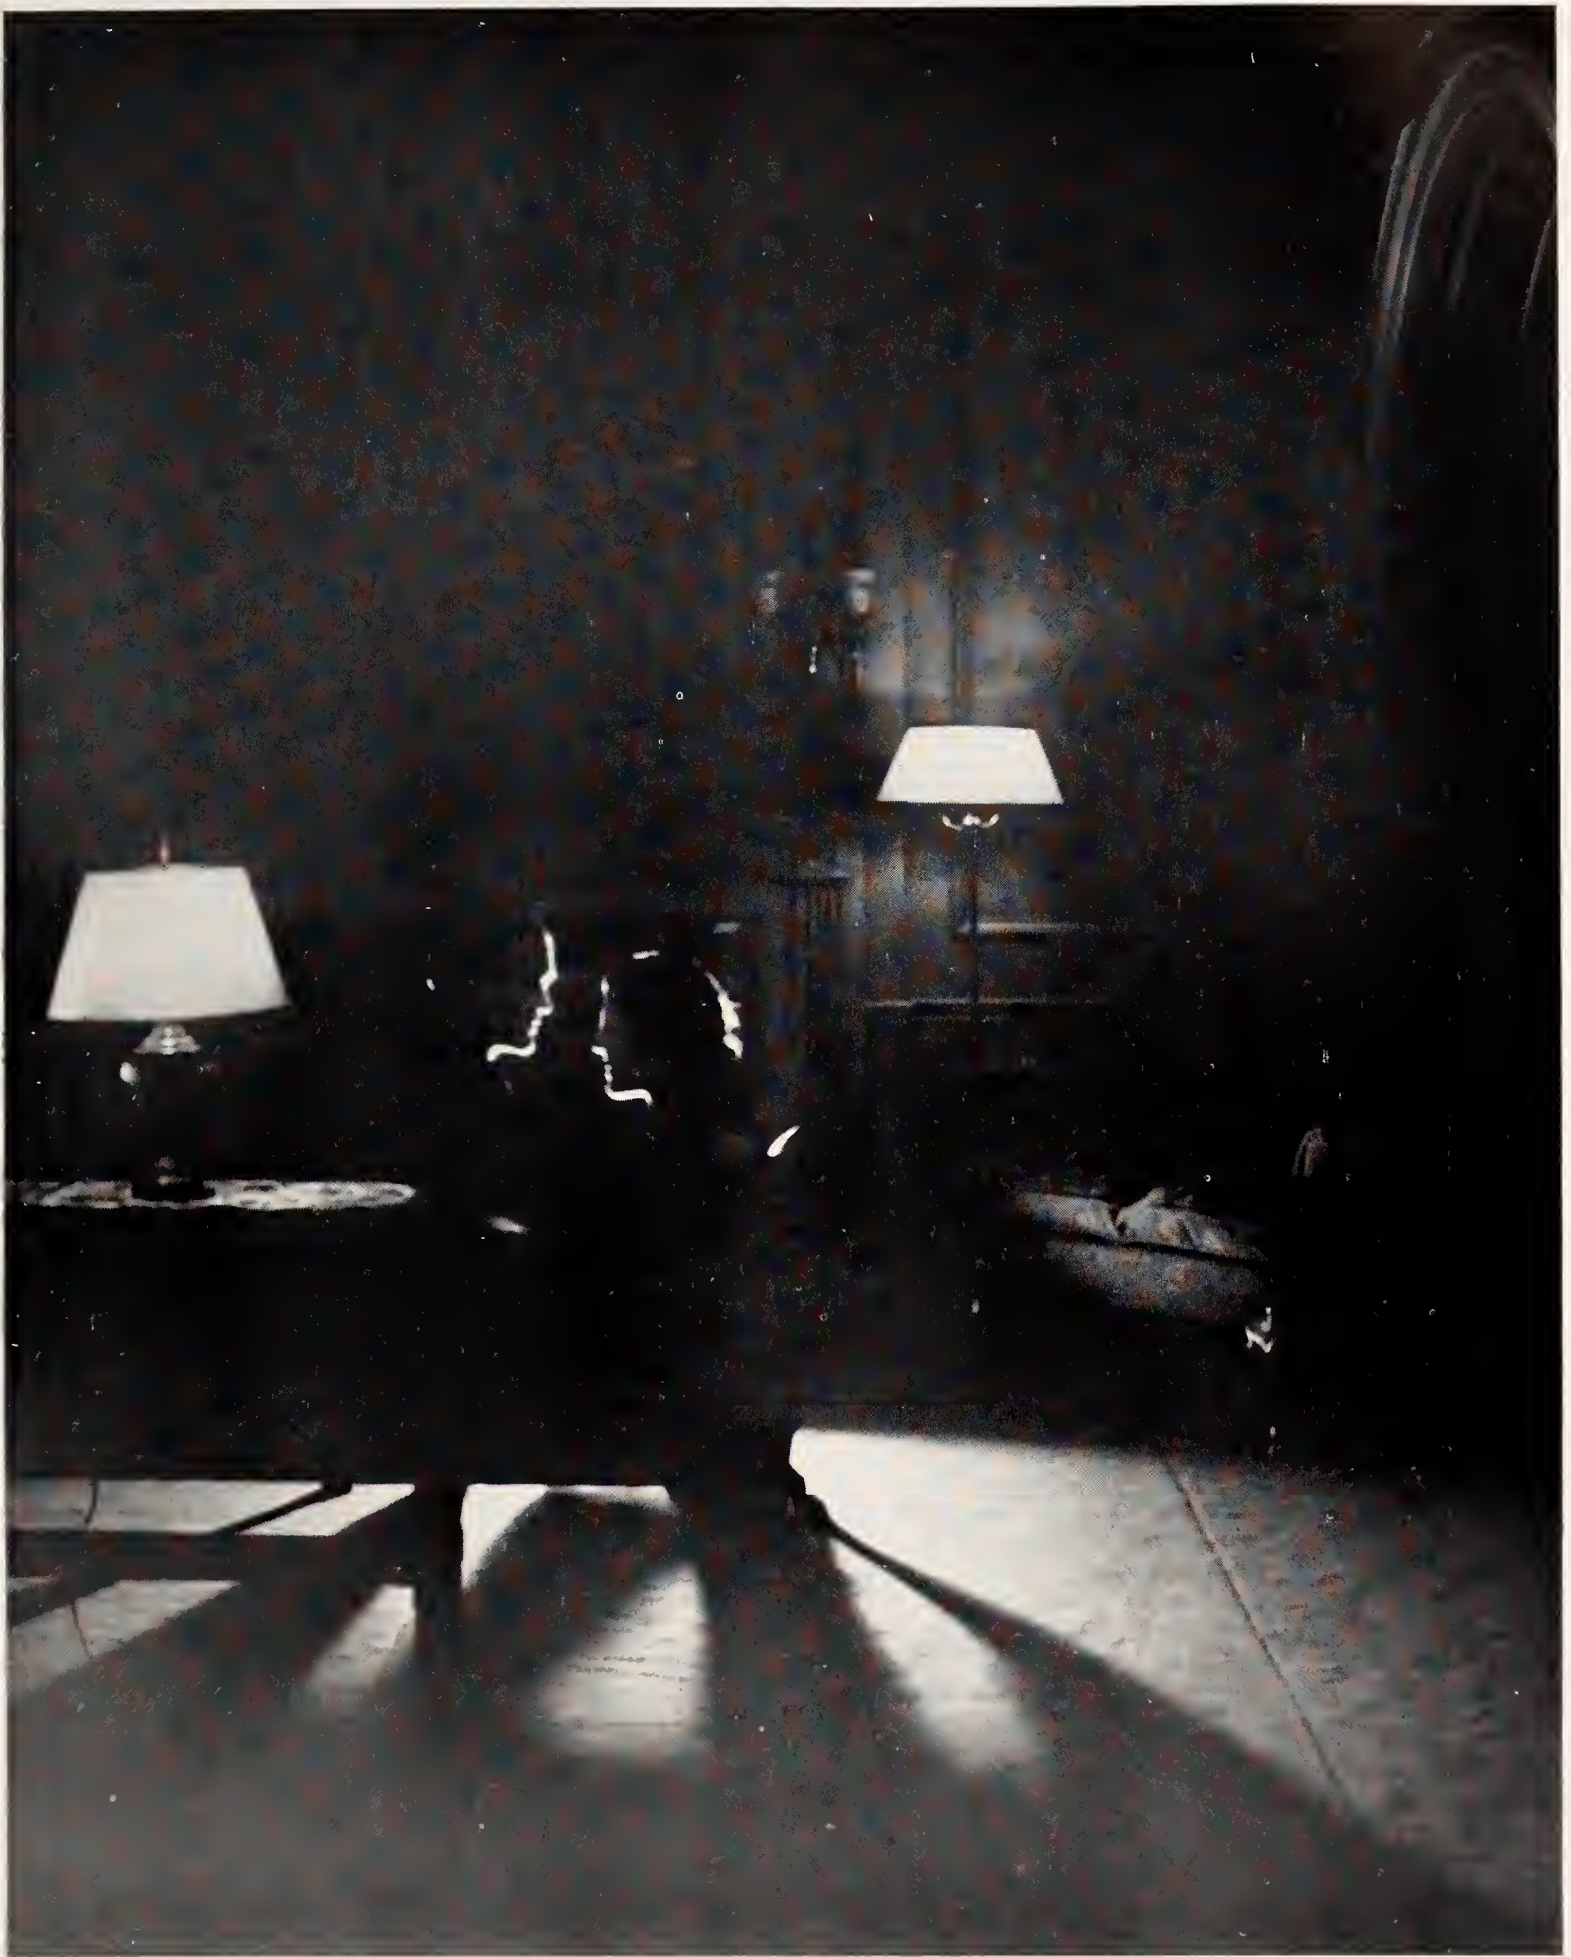

GREEK organizations at Kansas State are known not only for their social functions but also for their participation in school activities on the campus. All of the organizations strive to make college life more enjoyable for those students who belong. Benefits are derived from college life by the members, which are not obtainable by the non-Greek man or woman. When a fraternity man speaks of his fraternity brother a close kinship is meant which is only surpassed by blood relationship. The fellowship of fraternity or sorority life will last as long as memories of college life come back to the former student.

Local Greeks were started on the campus in 1901, when Tau Omega Sigma, later to become Beta Theta Pi, was founded. In 1903 Lambda Lambda Theta, local predecessor of Kappa Kappa Gamma, was begun as the first local sorority. Acacia fraternity in 1913, was the first to be installed as a national group. In 1915, Delta Delta Delta, Pi Beta Phi, Chi Omega, and Delta Zeta sororities were the first to place chapters at Kansas State.

Chapters of national organizations continued to be placed on the campus until at the present time there are twenty-two national fraternities and eight national sororities. Clovia, established in 1931, is the only local social Greek organization at the college.

THE COLLEGE MEDICAL DEPARTMENT

MOST people think of a doctor's office as a place where people are healed. They are treated at Kansas State, but how! The decline in sickness is due to the fear students have of the treatment. In fact if business doesn't get better the department is thinking of advertising in "The Collegian."

The clinic which is sometimes called, by mistake the "Hospital," has become a resting place for too strenuous week-enders. If all the people who were treated at the doctor's office for their ailments were laid end to end they would still be ailing.

The freshmen, soon disillusioned, come to realize that the college hospital and the office are distributing media for various colored pills. (No doubt Easter egg tints are in cahoots with the pill manufacturers.) The pills are harmless to man or beast. The medical department can't consolidate with the vet department because the animals won't take the pills. The effect of the red pills on the bulls might be very disconcerting to say the least.

Kansas City Life Insurance Co.

A permanently dependable institution operated for the benefit of its policy-holders first.

Paid Beneficiaries and Living Policy-holders during 1933, \$10,542,883.05.

A good Company to represent or in which to have a policy.

**Home Office — 3520 Broadway
Kansas City, Missouri**

ALPHA XI DELTA

ALPHA XI DELTA, what visions that grand old name conjures up. Memories of knock-knees, sallow complexions, the teacher remarking, "Why don't you study like the Alpha Xis?" The girls aren't very good-looking, but they're sure hell on the books. In fact 'tis said that of all the grinds at least nine-tenths of them are Alpha Xis.

Fern Fox, nee Vesecky, was the power in that organization until she got married, breaking the rules of the organization to smithereens. Winifred Wolf keeps the Y. W. going in fine shape, at least she keeps it going. Hollis Sexson, "the girl nobody knows" is president, and proclaims to all and sundry that their house is a home, bringing to mind the gossip that if the Alpha Xis had written it the quotation would be "It takes a heap of studying, praying, and morals to make a home!" When Sexson was being discussed for pledging, someone said, "Let's don't bring Sexson to this" but the motion was overruled.

KAPPA KAPPA GAMMA

THIS group was founded in the latter part of the 19th century, its motto being, "Love for all and malice toward none." The band has now become almost nationally known, their KKG occupying a prominent position among the most skillful engravings on schoolroom furniture throughout America. This sorority, as it is now called, is at present playing a great part in school activities, especially in Intramural athletics. Their stalwart athletes are surpassing the Alpha Xis, and neck and neck with most of the fraternities. An interesting anecdote is told of the Delta Tau Delta freshman who visited the Kappa house and escaped without being either kissed or fed a line. "And what was the matter?" queried an alarmed bystander. "They had all gone home for the Christmas holidays," replied the youth bravely.

We must not forget to mention that this house shelters the three infamous Janes, Stone, Whyte, and of course Harmon, all of which too much has already been said.

Some of the more clever girls of the organization are: Lone Hill, the Fowler sisters, and I guess the Three-Janes. Their freshmen were hired recently by a film company to portray the mob scene in the production of "The Thundering Herd."

CHI OMEGA

AT THE corner of Laramie and Denison, the more observing student will espy a lovely brick structure, with a glider on the east porch—this, gentle reader, is the Chi Omega house. This dwelling is listed in the phone book as a sorority house.

We were talking to an old alumnus the other day who admitted he had dated one of these girls back in '14. "There were but few sororities then, and as I was rooming but a short distance from the Chi Omega house, I fell into the habit of dating one of the girls. She seemed like a real nice girl and I wonder why some of the boys now-a-days don't date

over there once in a while." (Name and address furnished on request.)

Did you, dear reader, ever stop to think what Chi Omega means to Kansas State? If you haven't—don't bother about it. Chi Omega has 89 chapters, but remarkably few introductions. It has served faithfully for 39 years and today is one of the most secret of the sororities. (How many of you know a Chi Omega?) Remember this organization next year and drop in some afternoon. The girls will be glad to see you.

Our pick of the Chi O's are the Dexters.

ALPHA DELTA PI

WHETHER or not it is significant that the Alpha Delta Pi favorite song begins "Here's to Alpha Delta Pi drink her down," is up to the W. C. T. U. or mayhap the welfare board to decide. Some of the things the organization is noted for are Ivernia Danielson, a perennial candidate for public office, Peggy Parker, the fiance of a Sigma Nu (some suspect that it was for publicity purposes) named Pinnick, a trio of doubtful merit, and the fact that freshman boys who have dates with Alpha Delts often get mixed up and wander into the Beta house causing no small degree of merriment to everyone but the Alpha Delts.

The girls solved a pressing problem, that of replacing The Paulson, by pledging a girl named Kelly who is supposed to have plenty of potatoes. Thus the old song "Has anyone here seen Kelly" is often heard echoing gloomily through the house. Now all they need is to secure an athletic type of boy for

Kelly to replace Hasler, and the goose (as Harry would say) will hang high.

As far as social position goes, the Alpha Delts rank—note: the word is used advisably, pretty well. In fact the rankest thing about them is the habit most of them have of jittering at dances. Pi Phi and Tri-Delt mouths gaped and hands fluttered when the jittering first started, but after the first shock was over everyone pretended not to notice it any more than they would the spectacle of Bob Spiker not making a spectacle of himself. Nowadays when a boy says he has the jitters he means that he has a date with one or more Alpha Delts.

To make a short story long the Alpha Delts are about average. They get the usual number of pledges with a family (who hasn't got one?), or something who have influence and manage to persuade the actives to admit them. Then there are a very few, but ah, that is another story . . .

Account of a PI PHI Meeting

PRES. TODD: "Sister Lawrence, most high and exalted keeper of the gate to our sacred herd, remove your horns and see that no phone calls go unanswered."

Jaconett: "All right, honey, as soon as I powder my nose."

Pres.: "Sisters in bond, the 1465th most blessed meeting of Pi Beta Phi is called to order. The secretary will call the roll, each beloved sister answering in the manner prescribed by our most able and gifted founders, giving an account of the number of people high-hatted during the past week."

ROLL CALL.

Pres.: "Now, most beloved sisters in the tentacles of our very satisfactory order, we will proceed. Has every loyal sister and true neophyte in Pi Beta Phi brought his or her own sweet picture? And does she hold it clasped close to her breast in wholehearted affection?"

Chapter: "We do."

Pres.: "Let each loyal Pi Phi bring forth her picture and sit for one moment in silent adoration of it. Tut, tut, sisters, don't rush, don't rush."

(One minute elapses.)

Pres.: "Reports of committees."

Ernestine: "As chairman of the eligibility committee I wish to report that we have found Major Bliss unworthy of Billy Cowdery's hand, and recommend that S. A. E.'s henceforth be given less house and not mugged until the second date."

Waldene Middlekauf: (Jumping up and wringing her hands)—"But what if they don't ask us for dates?"

(Continued on page 243)

Account of a PI PHI Meeting

(Continued from page 242)

Pres.: "Miss Middlekauf—don't you know that the Pi Phis will have dates when the Chi Os and Tri Delts won't know any boys? You had better read up on the by-laws, and especially the one giving information on how to make the boys want to have a date with you. Is there any unfinished business?"

Cowdery: "I have a date in five minutes so we better close the meeting."

Chorus: "So have I."

Pres.: "Sisters, we are about to go out again into society, or at least that's what the ritual says. Let us remember that love of self which is such a comfort in time of want; let us remember that most boys mug best when we are on their right and let us resolve to stay on the right side; and let each of us try to attain that highest goal of our endeavors, sex appeal. Let us not speak to just everyone. I admonish you not to forget these jewels of advice dear sisters."

KAPPA SIGMA

Recently several Kansas State fraternity men were in Kansas City making the pawn shops in quest of fraternity pins. Upon inquiring about pins they were informed by the foreign pawn-broker, that the way to rate frats was by the number of pins pawned. Kappa Sigma is best. With the Mighty Maddox, Growling Griffing, and Fleeing Flenthrope, the Kappa Sig's social standing has been raised and are social outcasts no longer. Beware of Maddox and his Chinese Radishes.

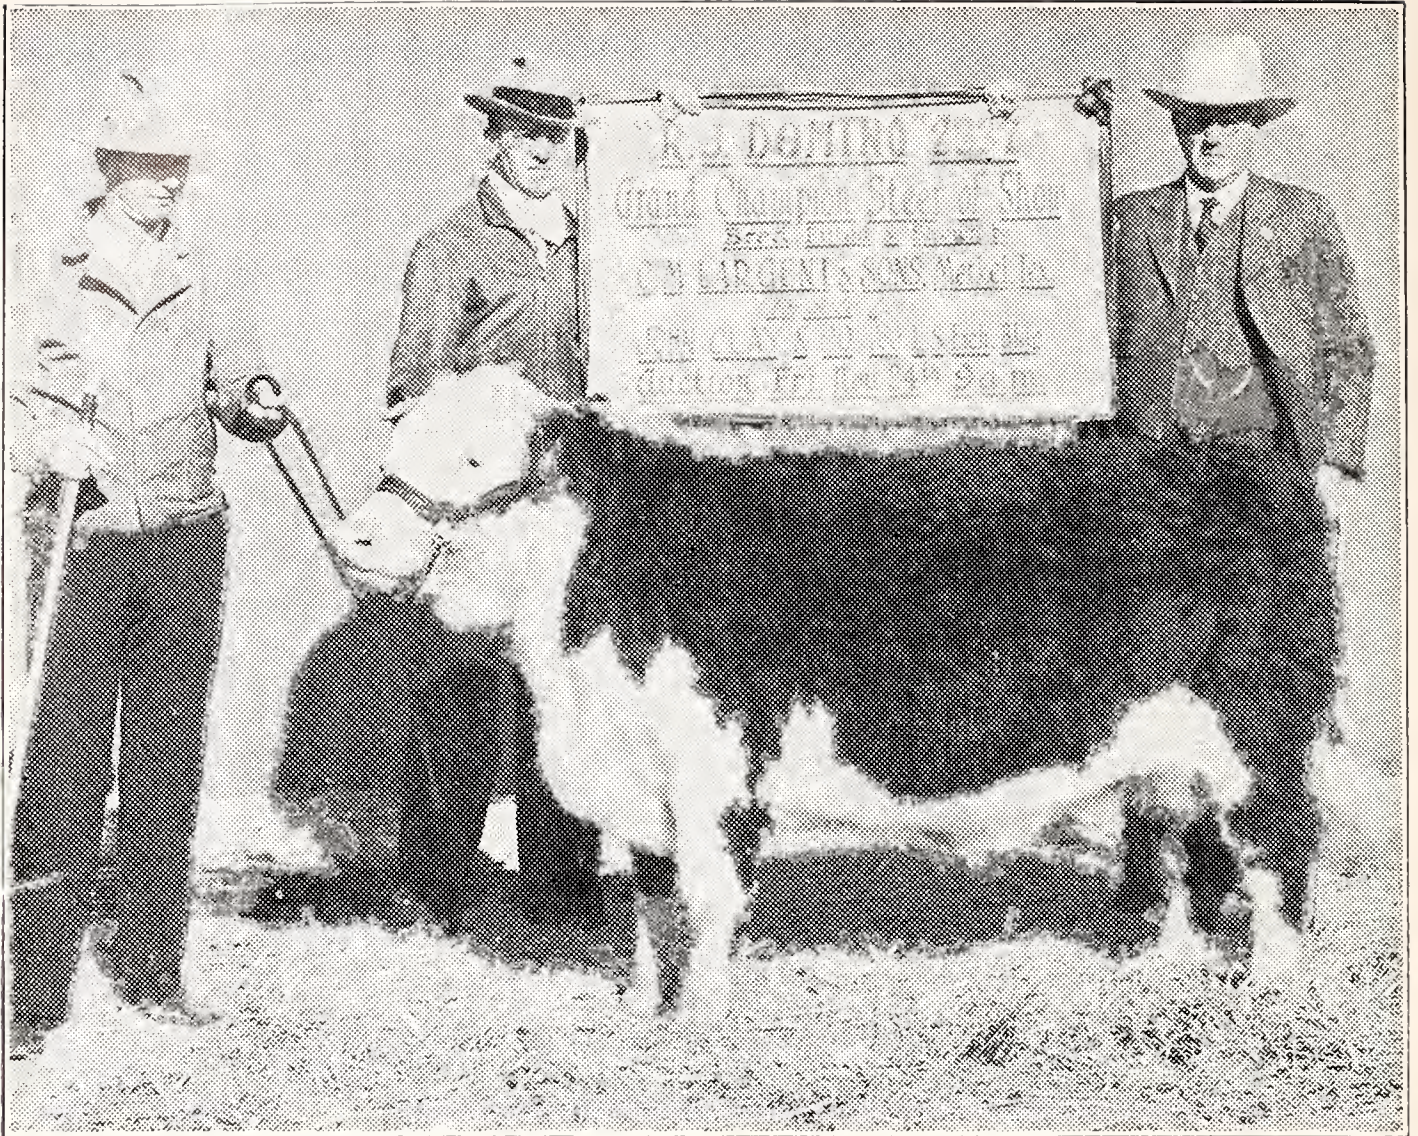

WHY BEGIN SAVING EARLY IN LIFE?

A man with forty years to live who blows \$50.00, reduces his old age reserve \$514.00 . . . the sum he would save on compound interest.

The Dollars saved in early life are worth many times those saved in later years.

KAPPA DELTA

LET it first be resolved that all girls coming in from second dates use the windows or the fire escape in order to prevent wear and tear on the stairway rug. Our pledge, Dorothy Haglage is destined to tread upon said rug for a number of years yet. Both our pledges shall be campused permanently, including Al Wilson, because we are all in Manhattan primarily for an education.

PHI LAMBDA THETA

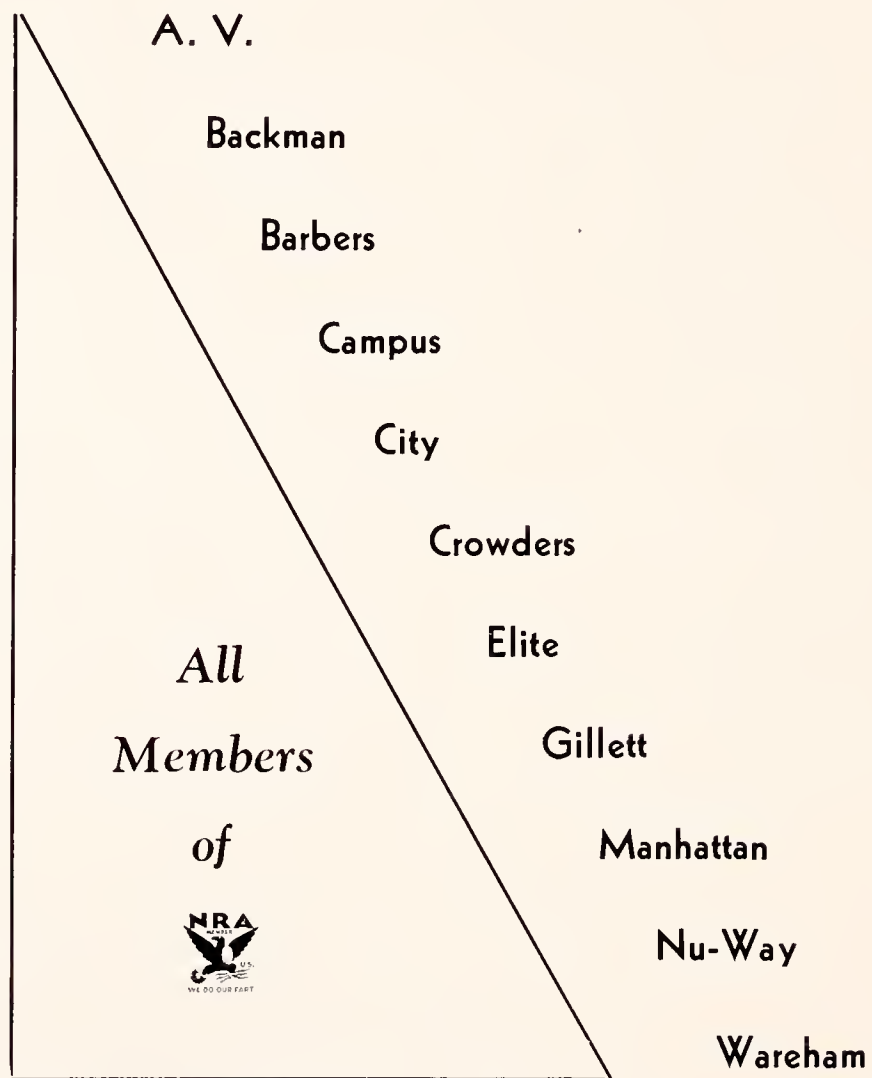

WE, all five of us, members of the illustrious order of Phi Lambda Theta, do establish these laws in order that our athlete, C. G. Roehrman, shall have a place to eat and sleep.

First. It shall be an annual custom to pledge two boys to this order, one of which should be initiated.

Second. Meeting shall be held each week in the breakfast room, and initiations performed in the hall closed for secrecy.

Third. This chapter shall come out as being against fraternity-house taxation.

Without cleaning you"*

PI KAPPA ALPHA

IS THERE a student or visitor of Kansas State who, upon entering any classroom, has not espied the Greek letters Π K A on almost every chair, desk, or window sill? No. There is no conceivable place left for these boys to withdraw their jack knives and whittle. We heard a rumor the other day that the Pi K A's are petitioning the college for new furniture on which they may carve. We suggest that they take up stonecutting on the new Dairy barn. They say that advertising pays. Some of the not so often offenders of this crime are: D. M., S. H., and C. C.

DELTA TAU DELTA

A FRATERNITY without a T. N. E. is like a river without any water, so is it with old D. T. D.

ZETA TAU ALPHA

ZETA TAU ALPHA was founded at Virginia State Normal, Farmville, Va., on Oct. 25, 1898. Their flower is the white violet, their colors are True Blue and Steel Grey. They live at 1642 Fairchild, and their phone number is 3352. So what?

BETA THETA PI

WOOGLAMBEL: In order that our beloved fraternity shall not be confused with any other, nor be in any way like a good fraternity, we establish this, our creed, for the benefit of the Betas and God.

I BELIEVE:

Beta is all-powerful, and the Woolglin is her prophet.

Beta is the greatest in the land.

I love Beta, the great and noble.

We love Beta Theta Pi, the great and wonderful.

God is love, and so is Beta Theta Pi.

Any man who wears the pin of Beta Theta Pi is above reproach.

The pen is mightier than the sword, but Beta is mightiest of all.

Once a Beta always a Beta.

We are the only good fraternity in the world, we are Beta Theta Pi.

FOR BETA THETA PI, I WILL.

PHI KAPPA TAU

ONE Phi Kappa Tau named Woolgathering—pardon, Woolcott, graduated last year which in itself is an achievement for one of those boys, but the anti-climax came when he turned up again this year to take a course in something he said he had forgotten during the summer.

Take a last year's (to be strictly accurate, two or three last year's) Tri Delt house, and fill it with an assorted lot of farmer boys, engineers, would-be school teachers and what have you got? Why Phi Kappa Tau of course. Add a little gunpowder and blow up the place and what will you get? Why a medal, of course.

M. L. Carter (not the one who makes the pills or takes them, we can't remember which just now) represented the house on the student council the first semester and did a pretty good job of it—you even have to give a Phi Kappa Tau his due.

Most of the boys are pretty well liked, or were pretty well thought of, until some wag in the chapter thought up a pun when they were referring to something which became legal after the amendment to the constitution was repealed. It ran about like this—Phi Kappa Tau, you wouldn't have any. Need more be said?

Better Light
Better Sight

for glasses by giving your eyes
sufficient and correct lighting.

Kansas City Power & Light Co.

Baltimore at 14th Street

What Will the Future Bring?

EVERY young man or woman of today wonders what tomorrow will mean for him or her. Whether you measure your success in dollars and cents, or in contentment and respect of those in the community in which you live, there is just one answer . . . and that answer is THRIFT.

TO practice this golden virtue is the only assurance that you will reap the reward to which your education entitles you.

IN appreciation of the wonderful work that the Kansas State College and her students are doing for our State, the Associated Banks of Manhattan take pleasure in extending this message on "Better Citizenship" to you through the 1934 ROYAL PURPLE.

FIRST NATIONAL BANK • UNION NATIONAL BANK

PHI KAPPA

A MENAGERIE of Murphies under the same roof plus Rare Back Richards and you get Phi Kappas—every time you get Phi Kappa—you can get some of the Phi Kappas some of the time—most of the Phi Kappas most of the time and all of the Phi Kappas all of the time—but who the heck wants a Phi Kappa all of the time (this does not include Joseph Patrick—he went back to Schenectady ahead of time).

Their main attraction is the filling station on the left—what cost convenience—and their belief in themselves—for at Christmas time they get presents from clothing stores just like real fraternities. A Phi Kappa of a different odor is our Gilligan the Gallant whose yen for liver sometimes surpasses that of trout—anyhow Friday can be so inconvenient.

So we observe that Phi Kappa is probably a great institution and a great comfort to parents—which will do just as well as an observation on anything else for to observe a Phi Kappa too closely is to think of Jabberwocks and Bandersnatches.

ALPHA TAU OMEGA

WE CAN talk about asthmatic bison—or we can talk about Alpha Tau Omega—both are practically extinct—but at least there are a few living bison. Archaeologists dug up King Tut—some day one of them will be kind enough to remove the white tea roses—and unearth the Alpha Taus—although this digging up the past is pretty bad.

Since the departure of Mathews not a cheerful cherub remains—unless it is little Fanny Chapmann. During the winter they have reading circles and write chain letters to each other. Beeson does a beautiful cross stitch—and Morgan's tating is simply breath taking—adding interest to an otherwise drab existence.

Although their halls still re-echo loud, lusty cheers for Cronkite—and their walls droop with his veiled portraits—all is done—it's just dust to dust—and a faint chance for the future of archaeology.

SIGMA PHI EPSILON

WHAT D. A. R. meant to women—Sigma Phi Epsilon means to men. Of early American style—with colonial atmosphere—they smack of puritanical wit and rusty adages. These dispensers of quaint charm believe in the big black book—and Sigma Phi Epsilon—

They have scruples—and Sigma Phi Epsilon—

They have the Thornbroughs—and the Thornbroughs have Sigma Phi Epsilon—

They like the Royal Purple editor—he's a Sigma Phi Epsilon—

They like the football captain—he's a Sigma Phi Epsilon—

They like next year's editor of the Royal Purple—he's a Sigma Phi Epsilon—

They like Meredith Manion—she dates a Sigma Phi Epsilon—being aloof they live on a high—far—hill. The hill should be higher—and farther.

There are two real Sigma Phi Epsilons—in case you are interested in real Sigma Phi Epsilons—Blandless Blaine the Blower and Dapper Dave the Due (Butterfield to you), two delectable samples of the entire brood. Oh well, let's think of something pleasant—let's think of a number between one and ten—let's think of anything but a Sigma Phi Epsilon.

SONS OF KANSAS FARMERS GO COLLEGIATE---

And

Then

Go

Cooper-
ative!

IS IT any wonder, either, when their Dads helped to build the college and helped to build a central selling agency like Farmers National Grain Corporation? . . . A Cooperative that markets the grain originated by some two thousand cooperative country elevators; elevators owned and controlled by grain producers.

If and when you begin farming on your own account, dig up the Royal Purple for 1934, get the address at the bottom of this page, and write for full information on cooperative grain marketing. Three hundred thousand farmers, in more than half the states of the Union, are urging upon you the cooperative way of living and of doing business.

Kansas stockholders of Farmers National Grain Corporation are the Farmers Cooperative Commission Company, Hutchinson; the Equity Union Grain Company and the Farmers Union Jobbing Association, both of Kansas City, Missouri. Branch offices in Kansas are found at Wichita, Hutchinson and Salina.

PHI OMEGA PI

BEING girls of pledgable age and unable to enter the homes or reputable sororities we the undersigned alumnae of Eastern Star and Rainbow do solemnly vow and allege that aforesaid fraternity of Phi Omega Pi is hereby established and started under the following rules:

1. No girl shall be pledged who knows better.
2. This rule shall not be construed as limiting rushing activities to morons. It shall be considered legitimate to make pledges out of rushees while they are in the arms of Morpheus. Note: Morpheus is not a male student.
3. All girls shall be expected to learn "I'm Ready for the River," in a mournful tone, within ten minutes after initiation.

ORCHESTRA

ALPHA KAPPA LAMBDA

EACH member of this so-called fraternal order shall be required to attend church at least 4 times a month. No member shall be allowed to smoke in the house, if caught doing so he shall not be allowed to peek at the Alpha Xis for one week. Anyone, who at any time, would lower himself enough to become inebriated shall immediately remove himself to the basement and refrain from speaking to other members for a period of one semester. Our motto shall be "Spare the rod, and spoil the child," therefore we will gladly spoil your child free of charge (providing he can pay a full house bill). Not many people know us and we don't know many people but we have our books, so what do we care?

ACACIA

AFTER trying for 3 years to get in another fraternity, we, the members of this royal order, do establish this fraternity as a last resort, and set down these rules for the benefit of the discipline committee.

First. This fraternity shall be distinguished from the House of David in that no member shall be allowed to wear a beard or play a musical instrument. Second. To appear exclusive no one but members of the Masonic order shall be permitted to be initiated. Third. The living room shall be used for a place to put Clair Palmer's outstanding student cup, and the bedrooms to hang our ties. Fourth. This fraternity shall be called the Acacia to distinguish it from Beta or T. N. E. or any other of that type.

DELTA DELTA DELTA

No, friends, it isn't the new college dairy barn. It's only the residence of the sisterhood of Delta Tri. These gals are the only ones on our campus who have a reasonable excuse for their size, this being that they received more candy from their sisters' lovers than all other sororities laid end to end. At the time of this writing they had received exactly 55 pounds of the luscious concoction. The Candy Eaters are more or less famous for their tea dances usually given twice a semester. It is the opinion of the active chapter and others that these girls shouldn't be trusted out in the evening only to go to the library.

Many a paragraph could be written on the pinning of the great and mighty Wallerstedt (your writer's choice of the last man pinable), but it would only draw unfavorable comment so try and forget it.

Outstanding Tri-Delts are few so we prefer to mention none.

SIGMA NU

About Xmas time the Sigma Nus discovered that they were not getting the proper amount of publicity so they got together and resolved they should have publicity at any price. First they thought of offering Bob Wallerstedt as a human sacrifice (Pinnick was absent from meeting so they forgot him.) Of course that would not do, so all they had left was their house so they decided to give their all. The boys appointed Leland "Nero" Propp to set off the charge at the decided hour. All went well, and "Nero" Propp just fiddled around and let "Home" burn, much to the surprise of some of the boys who forgot the burning date, and left some of their valuables there during the vacation. (Why didn't someone leave Pinnick?) It was thought by some that the Alpha Delts would buy a few new cots and take in the homeless Sigma Nus since their cooperative organization has been going quite smoothly.

Kay Bader, Toughy Haynes, and Bill Lutz are a few of the few likable Sigma Nus.

THETA XI

IF HE'S a peculiar individual—with thirty hours of "A"—he's either a professor's relative or a Theta Xi—probably a Theta Xi. But the depth of the well is deeper than you think—these boys are little rascals. On chill evenings—they gather round the jug of apple jack—spin yarns and mend old worn out golf shoes. They are about the best spinners of yarns on the hill—they have so much time to spend spinning yarners—that no other yarner spinner has a chance—not even half a chance—well practically no chance at all.

Some one read "sleep that knits up the raveled sleeve of care," and thought of Theta Xi—at least they are all sleepy—they knit and knit and spin and spin—

LAMBDA CHI ALPHA

WHAT tender memories the name of Lambda Chi conjures up! The dear dead past beyond recall. 'Tis said, but with bated breath, that a man was once seen who once knew a Lambda Chi, but it was never proved so it was laid to idle rumor or to an old wife's tale.

It was in the dark of winter when trees were frosted and sere that the Lambda Chis folded their tents and stole quietly away from their house in weather fit for neither man nor Lambda Chi. Then came the dawn, but where were the Lambdas? The old colored man left at the house would only say "Lambdies do not live here any more" and it was decided he was simple-minded.

Out in Hill City the natives gossip about the Justus boy and how he took the Wareham by storm one fall evening, and having no new worlds to conquer, decided to return to the old homestead. Nobody ever said that Hill City couldn't take it.

Boyles and Boyce Hardman have kept the name if not the strength of Lambda Chi alive and Joe Creed has kept the organization represented in the muscle-bound department.

WHERE COURTESY REIGNS

PHI SIGMA KAPPA

(the finest in the land)

(by Mark Kannal)

PHI SIGMA KAPPA has meetings like regular fraternities. It is considered secret because no one know the members, but that is almost its only claim to "secret organization." The house is of old colonial style with antique plumbing and furnishings.

Pledging is on an exclusive basis with the Phi Sigs. None of this cutthroat business with them. From the membership it would seem that the boys cut their own throat by pledging at the place. They are always anxious to welcome anyone into the fold, so much so that after putting the bee, or pin, on one innocent boy, they neglected to ask him his name. After alarms and excursions they finally got the matter straightened out.

One pledge made his grades the first semester but he couldn't afford to be initiated so there was no occasion for the bringing out of what they call the "ritchul." It is thought that agitation for the removal of the scholarship requirements for initiation orginated with the Phi Sigs.

R. L. Parker, the political power of the house, is the only one of the members who is known by anyone outside the house.

FARM HOUSE

IN DESPERATION three farmers who had just come through a period of drought and crop failures established this fraternity. The name Farm House was adopted in order to remind the pledges of the haylofts in which they were reared, and also to show that they are not related in any sense to Greeks of any color or creed.

No one shall be considered eligible for membership in this fraternity who cannot hoe three rows of potatoes without stopping for a drink between rows. After initiation they can stop for as many drinks as the pledges can provide.

ALPHA GAMMA RHO

THE reason for this organization is to put the farm on a social basis, and make possible the calling of members, fraternity men. The members of this senior order of the 4-H Club, organized in order that the people of Russia and other colonies shall realize the magnitude of the insanity wave in the United States.

Requirements for membership in this order are: Each candidate shall be adept at milking and be able to change hands and gain a stroke. Be able to pitch straw as well as hay.

THIS ORDER SHALL BE KNOWN AS A NATIONAL AGRICULTURAL FRATERNITY IN FRONT OF GUESTS AND RUSHEES.

Twelfth and Moro

SIGMA ALPHA EPSILON

ONE of the nastier phases of American Manhood—mass consumption and mass production gives us Sigma Alpha Epsaloon. Basking in the shades of political patronage—and Reppert Rackets—they give life a frenzied front. Going in for campaigns—champagnes—and Champlain.

The exodus of Beeler—Jackson—and Donneley—left them nothing to apologize for except Arch Miller's ears and Schidler's column. One half meditation—one half expectation—they point with pride to the Bettons—Betton—Betton—who's got the Betton—Betton on the Bettons—they both have mustaches except Mat. They point also at Scales—he of the abominal waist line, and Kaeser, the beamish.

Of course we could stop now and talk about Mugwumps or Jubjub birds—but we'd better continue with Sigma Alpha Epsaloons—someone has to continue Sigma Alpa Epsaloon—perhaps we should discuss the annex—then again perhaps we shouldn't discuss the annex—annex us no questions—we'll tell you they are the kings of a hill that has two slopes—so with eyes askance—and fingers crossed—call Sigma Alpha Epsaloon.

DELTA TAU DELTA

The Delts are in mourning because of the loss of their pride and joy Mike Oberhelman. What the ruddy-cheeked Don Porter, the sedate Harold Ross, the perennial Clark Kostner, and the veterinarian Art Tellejohn will do without their pal and boon companion has plunged the whole organization into the depths of gloom. What! the Delts without Mike.

DELTA SIGMA PHI

A typical conversation between a waitress and a Delta Sigma Phi would run something like this:

D. S. P.—“I want some eggs.”

Waiter—“How do you like your eggs.”

D. S. P.—“I like my eggs.”

Waiter—“I mean how do you like them fried?”

D. S. P. “I like 'em fried.”

Delta Sigma Phi exists for the express purpose of giving succour to the suckers. If you see someone you don't know, you can bet that it is a D. S. P. They have no distinguishing characteristics, but they boast a house and lot—at least they boast a lot.

TAU KAPPA EPSILON

The origin of T. K. E. goes back to the dear dead days when the plumbing was outside and red flannels weren't a joke. Darwin's theory of evolution has been exploded by the T. K. E.'s

Did you ever see a T. K. E. evolving? Well, we didn't. Bidnick and Teagarden are their two noted men, Bidnick for basketball and Teagarden for the poetry in his name.

PHI DELTA THETA

Someone won it in a lottery and called it Phi Delta Theta—they have the Rooneys—an Annapolis bath robe—and a cook named Bessie. Some live in the house—some live in the garage—some live next to the Woman's club—and some haven't lived at all. They are astute real estate agents—they own the second floor of the Wareham—the back booth of the Garden and are silent partners of the White House.

Of shady superiority is the bare knuckled Sartorius—by his quiet dignity ye shall know him—from estimable lineage comes Landon who runs races—Smith, teller of tall tales—and Wilcox, the perennial pledge.

The Royal Purple

Advertisers

The advertisers in this volume consist of merchants, business organizations, tradesmen who seek and receive the patronage of college men and women.

These advertisers are not believers in a one-sided bargain; to merit student patronage, they are the supporters of student institutions. For this reason the Royal Purple advertisers deserve student support.

Buy your goods from these merchants!

THE 1934 ROYAL PURPLE

comes to you at a cost of approximately \$8,000 which if divided by the 650 students who bought annuals this year, would make each book cost the individual \$12.30.

The book, however, sells for \$4.00 because the staff realizes money from advertising, sale of pages, and senior dues to cover the entire cost of this publication.

Before you students are too willing to criticize this student publication it would be much better if you looked into the workings of the ROYAL PURPLE BOARD and have explained to you how much it really costs to put this publication on the campus at Kansas State. You would find another place to lay your criticism . . . it might be the rest of the student body.

In Appreciation

THE EDITOR wishes to take this space to thank the following persons for their careful and efficient help in the publication of this year's Royal Purple:

Of the Burger-Baird Engraving Co.:

Karl Fitzer and his artists.

Bob Maplesdon

C. J. Medlin.

Of The Joseph D. Havens Printing Co.:

Packy McFarland.

Lucile Young.

Bill Putthoff and his pressmen.

Ed Freel and his typesetters
and proofreaders.

Of the photographers:

Mrs. Furney. Mr. Hanna.

Mr. Lisk.

Of the Royal Purple Board:

Professor H. W. Davis.

Professor E. T. Keith.

Of our faculty:

The Deans and those professors
in whose classes we were
enrolled and failed to attend as
regularly as proper.

I also want to thank every other person who has helped in the publication of this book.
