Published by the Senior Class of Kansas State College at Manhattan, Kansas

Presentation

For years the college waited for it, for years Kansas State's Wildcats fought for it, but it remained for the men coached by Lynn Waldorf and Wes Fry to bring the honor to the campus.

It is fitting that this, the twenty-seventh volume of the Royal Purple, be dedicated to Kansas State's Big Six football champions of 1934.

STATE BOARD OF REGENTS

SINCE July 1, 1925, Kansas State College and the four other state schools have been governed by a State Board of Regents of nine members. The regents are appointed by the governor for 4-year terms. They con-

trol the policies of the five schools and, on recommendation of the presidents, appoint the faculty personnel. Subject to the will of the state legislature the regents determine the destinies of the five state schools.

PRESIDENT OF THE COLLEGE

F. D. FARRELL
President

KANSAS STATE COLLEGE was founded on February 16, 1863, when the Kansas Legislature accepted the terms of an act of Congress signed by Pres. Abraham Lincoln on July 2, 1862.

The act provides for a grant of land to each state for the support of a college whose

leading object, as stated in the act, is, "Without excluding other scientific and classical studies and including military tactics, to teach such branches of learning as are related to agriculture and the mechanic arts . . . in order to promote the liberal and practical education of the industrial classes in the several pursuits and professions in life."

ASSISTANTS TO THE PRESIDENT

This act and subsequent legislation, both federal and state, have made of the college a great technological school. The names of its divisions indicate the major fields in which the college operates in instruction and in scientific research; the divisions of agriculture, engineering, home economics, general science, veterinary medicine, graduate study, extension.

The college provides two types of education: technological education to promote scientific and vocational proficiency, and liberal education to promote good citizenship and good living. The student is encouraged to pursue both types so as to obtain well balanced training.

The college endeavors to promote "education of the whole man"—his mind, his body, and his spirit. For this reason, in addition to technological training, it provides liberal opportunities for training in languages and literature, art, music, history,

ETHEL EBERHART
Secretary, President's Office

C. O. PRICE
Assistant to the President

the drama, physical education, and, through cooperation with the churches, religion.

The college believes in play as well as in work. It believes in developing well rounded ability in its students. It encourages its students to participate in extra-curricular activities; athletics, debate, oratory, music, social affairs, church activities, student self-government, and many others.

Its ten thousand graduates and its many thousands of other former students, distributed not only throughout Kansas but throughout the world, demonstrate every day, in their work and in their lives, that the college achieves marked success in its educational endeavors.

OFFICE OF THE VICE-PRESIDENT

DR. J. T. WILLARD
Vice-President

THE most important work centralized in the vice-president's office is the correspondence with prospective students. Lists of the seniors in Kansas high schools are obtained, and general letters are sent to these high school seniors. To those showing interest, catalogues, bulletins, and other informative materials are sent. An active personal correspondence is carried on with these seniors and with students in other colleges who wish to transfer to this.

This office is in charge of approving the time and place for meetings of college organizations, and acts upon requests for the issuance of keys to college rooms and buildings. Information concerning college business procedure is frequently furnished.

College history is Doctor Willard's hobby, and many questions in this field are brought to him.

JESSIE McDOWELL MACHIR
Registrar

OFFICE OF THE REGISTRAR

COLLEGE records are significant in the lives of students for on them are recorded high or low achievement, industry or negligence, honor or dishonor, high ideals or low, happiness or heartbreak.

For one student the record represents a battlefield upon which he has won a glorious victory and for another a battlefield whereon he has gone down to defeat. For some it represents the practice of too great self-denial in order to secure an education and for others too great self-indulgence.

The record in the office of the registrar is tangible evidence which, after graduation, testifies to the life and work of the student.

DEAN OF WOMEN

THERE is a generally recognized place in every institution of higher education for a department of the Dean of Women. It is organized as are other administrative departments. The Dean of Women is responsible for the program of work and for its execution. The scope of the work varies in different institutions, developing in each with the traditions of the institution for the office and the number of students concerned.

The Dean of Women at Kansas State College is concerned with the problems involved in the housing, health, part-time employment, extra-curricular interests, and the cultural and social activities of its students. The routine duties of her office gives her the contacts with students which enable her to share with the other administrative officers of the college the responsibility of creating environmental situations which stimulate in students a desire for the best that college has to offer.

Mrs. Van Zile, who thoroughly enjoys her work with Kansas State students, says, "Joy in living is the result of the discovery that the ordinary experiences of life have within them great possibilities, that there is in every one something permanent, un-

DEAN MARY P. VAN ZILE

defeatable, a personality or a spirit that will live on in the minds and hearts of associates long after one is gone. The joy and challenge in my work is and has ever been to strive to make of every personality I touch a thing of beauty, honesty, intelligence, and order."

DR. A. A. HOLTZ

MEN'S ADVISER

TO BE counsellor, guide, encourager, helper in distress, occasional disciplinarian, but always "friend"—this is the work of the Men's Adviser and Secretary of the Y.M.C.A.

Providing an outlet for the desire for service, aiding in Christian Fellowship, encouraging contact with new ideas and growth through forums and discussions groups, mixers, dances, or Aggie Orpheum; providing opportunity for spiritual development through retreat, discussions, and personal conferences—these are the opportunities of the Men's Adviser. To supply to the men guidance during their experimental college days is the object of Doctor Holtz's efforts.

DIVISION OF ENGINEERING

DEAN R. A. SEATON

THE Division of Engineering at Kansas State is one of the larger engineering schools of this country. Of about one hundred and fifty engineering colleges in the United States only seventeen or eighteen have greater enrollments, and only three or four of these lie west of the Mississippi

River. Its graduates hold responsible positions not only in Kansas and the neighboring states, but throughout the United States and in many foreign countries, as well.

Instruction in engineering has always been considered one of the principal functions of this college. The basic law under which the institution was established provides for the teaching of "such branches of learning as are related to agriculture and the mechanic arts," and engineering and architecture constitute the highest phases of mechanic arts. In 1866, just three years after the institution was organized as a land-grant college, a professor of mechanics and civil engineering was appointed. Growth of this work was slow, however, until a separate engineering curriculum was introduced in 1897-98. Since that time expansion has occurred at an accelerated rate, and it has been particularly rapid since about 1920. More than two-thirds of the two thousand engineering and architectural graduates of this college have received their degrees since that date. In recent years from 120 to 140 young men have been graduated each year.

Top row: MORGAN, STUTZMAN, GRANT, WEIGEL, SEATON, CONRAD
Third row: SCHWENSEN, HELM, CARLSON, PEARCE, TAYLOR, DURLAND, MELLIES.
Second row: KLOEFFLER, PASLAY, MORSE, CHEEK, DAWLEY, PAULING.
Bottom row: FRAZIER, JORGENSEN, OLSEN, GRAHAM, KOENITZER, WICHERS, WARE

Eight separate curricula are now offered as follows: agricultural engineering, architectural engineering, architecture, chemical engineering, civil engineering, electrical engineering, landscape architecture, and mechanical engineering. Sound fundamental training in the basic sciences and arts and in their appropriate technical applications are provided in each of these curricula. Options and electives are included to permit some specialization in particular subdivisions of these general branches of the engineering and architectural fields. More than eight hundred students are now enrolled in these curricula. For several years before the recent slump in college enrollments, due to the depression, more than a thousand students were enrolled each year.

Graduate instruction has received increasing attention in recent years, and is growing rapidly. Seventy-three of the eighty-three degrees of master of science in engineering and architecture granted by this college have been conferred since 1920.

Research work has been developed by the division along with undergraduate and graduate study. The Engineering Experiment Station has published thirty-two research

bulletins and has prepared all or part of a number of bulletins and circulars published by other divisions of the college. Several additional manuscripts are now being prepared for publication by the station and work is being actively prosecuted upon thirty-two research projects.

The general objectives of the division are:

(a) To provide educational opportunities in the principal branches of engineering and architecture of such quality as will meet all reasonable and proper standards, both at the undergraduate level and also at the graduate level at least up to the Master's degree;

(b) To conduct investigations and researches in the fields of engineering, architecture, and the industries, for the purposes of securing new data and information of value to the industries and citizens of Kansas, and of stimulating instructors and students and developing in them the research spirit; and

(c) To compile and present in readily available form information of value to the citizens of Kansas, and to assist in its dissemination.

Top row: LYNCH, McCOLLUM, ROBERTS, SELLERS, SITZ, PICKETT, SCHUMANN.
 Third row: FENTON, WHITE, BRANIGAN, ZINK, MACK, ROBERT, JONES.
 Second row: HUNT, BRENNEMAN, SCHOLER, HULBURT, BARGER, CRAWFORD, FURR, DRAYER.
 Bottom row: SMUTZ, FLINNER, GINGRICH, KERCHNER, BRAINARD, GEAUQUE.

DIVISION OF GENERAL SCIENCE

DEAN R. W. BABCOCK

THE Division of General Science is the oldest division of Kansas State College. Its courses supply the fundamental scientific and cultural work of the institution.

The Departments of Mathematics, Physics, and Chemistry offer ample opportunities in physical science both for the undergraduate and the graduate student. Severe losses, from which recovery has not yet been accom-

plished, were sustained by the destruction of Denison Hall on August 3, 1934. The Departments of Physics and Chemistry are now conducting their work in severely cramped quarters and with greatly depleted equipment.

Biological sciences are represented by the Departments of Bacteriology, Botany and Plant Pathology, Entomology, and Zoology. Ample opportunities are available for thorough training in each specialized field. A special interest of the Departments of Entomology and Zoology and the related work in Geology is the care of the College Museum, which is being improved each year and is rapidly growing in the interest of the student body and visitors to the campus.

The social sciences are represented by the Departments of Economics and Sociology, and History and Government. The tremendous changes now being made in business and governmental administration must be of vital concern to students who must take their places in the world of today or tomorrow.

The land grant school must fulfill its obligation "to promote the liberal" as well as the "practical education" of those who come to its campus. For this reason there is

Top row: BEALS, VANWINKLE, LASH, HARBAUGH, BENNE, HAYMAKER, MURPHY, BYRNE, R. L. PARKER, JAMES, ILES, BRACKETT, LYON, R. C. HILL. Fifth row: FAY, WHITE, LEFEBURE, GATES, BRANDLEY, McDOWELL, FOLTZ, WILBUR, BRYSON, DORE, CALDWELL, HOLTZ, R. C. SMITH, FLOYD. Fourth row: W. E. DAVIS, ACKERT, DOBROVOLNY, GOODRICH, MARTINEZ, SPERRY, HUDIBURG, MARLOW, GAINEY, E. C. MILLER, PARRISH, D. WILLIAMS, SMITS, NABOURS. Third row: REED, BARHAM, McGEHEE, HUGHES, BUSHNELL, STEWART, KELLY, ANDREWS, PAINTER, HOSTETTER, SHANNON, PRICE, HAMILTON. Second row: WARNER, L. E. MILLER, NEWCOMB, ALSOP, STEBBINS, HARRISS, AVERY, HARMON, WIMMER, CORRELL, THOMPSON. Bottom row: J. L. HALL, LOY, FAITH, COLVER, KAMMEYER, KING, BRUBAKER, DEAN, PERKINS.

great importance in the work of the Library and the Departments of English, Modern Languages, Music, and Public Speaking. Training in these subjects creates an educational balance with the technical work offered in the natural and social sciences.

Publicity for the college as well as professional training is offered by the Department of Industrial Journalism, in which practical work has been offered continuously since 1873.

The ever increasing number of Kansas State graduates who enter the profession of teaching are prepared for this very important work by courses in the Department of Education, where one may also obtain necessary courses in the field of Psychology.

The physical development of the Kansas State College student body is the chief concern of the Departments of Military Science and Physical Education. Among the activities of the latter department are the intercollegiate athletic contests, which have brought credit to Kansas State College for clean, wholesome sportsmanship.

The activities of these departments extend to every division of the college. Every student is enrolled in many of these classes during his college life. For those who are

technically enrolled in the Division of General Science nine curricula have been formulated, all but one being professional in character. Opportunities are offered for technical study in Industrial Journalism, Industrial Chemistry, Music, Physical Education, and Commerce, which prepare graduates for responsible positions in the several vocations. The curriculum in General Science offers fundamental college training in all general subjects, with opportunities for special work in several, and is an excellent preparation for the student who wishes to pursue graduate work after finishing college.

The Division of General Science has three primary interests. Teaching, by virtue of the nature of the work of the departments, is the most important. Two-thirds of the class hours of the student body are spent in this division, and its staff numbers 54 per cent of the resident college faculty. Along with teaching, a second necessary activity is investigation, to be informed of the recent advances in a continually changing technical world. The third interest is public service to the campus, to the local community, and to the entire state. These three objectives combine to form a balanced program of activity which is basic in the interests of Kansas State College.

TOD row: JEFFERSON, MARTIN, CONOVER, W. T. STRATTON, DAUGHERTY, CREWS, STRICKLAND, MAXWELL, SULLIVAN HOSTETTER, TOWNSEND, LAURA BAXTER, GARVEY, HOFF. Fourth row: MABEL BAXTER, GROSSMANN, MOSSMAN, HARTMAN, PAINTER, ELCOCK, RUST, C. V. WILLIAMS, AMOS, LANGFORD, LIMPER, A. B. SMITH, A. M. LASHBROOK. Third row: DAVIDSON, E. T. KEITH, CHARLES, H. W. DAVIS, REMICK, THACKREY, LEWIS, JANES, MOGGIE, ROCKEY, MOORE, HOLTON, MYRAH. Second row: CHARLES STRATTON, WASHBURN, CHAPIN, HEBERER, H. T. DIVISION OF AGRICULTURE

DEAN L. E. CALL

THE curricula of the Division of Agriculture provides training for those who wish to devote their lives to agriculture, the largest and most essential industry in Kansas. The division is well prepared to provide such training. It is manned by a large staff of high-class, well-trained teachers who are specialists in their respective fields

of work. It is equipped with adequate laboratory facilities, extensive greenhouses, large numbers of high-class animals of all important breeds and numerous experimental fields and plots that make it one of the best equipped agricultural educational organizations in the world.

The four-year curriculum in agriculture is designed primarily to meet the demand for training of the student who expects to return to the farm, where he will not only need the knowledge of the sciences underlying production practices, but also training in the business aspects of his profession of the inter-relationship that exists between farmers and other groups of society. The student who graduates in the Division of Agriculture will have had the basic training necessary for many lines of specialized agricultural work.

Training is offered by the division in five curricula: agriculture, agricultural administration, landscape gardening, milling industry, and the combined six-year curriculum in agriculture and veterinary medicine. These curricula offer opportunity for the election of a wide choice of subject matter and provide adequate training for more than 100 useful and interesting occupations.

Top row: BALCH, QUINLAN, MARTIN, TIMMONS, DURHAM, BOGART, DAVIS, LOWE, ZAHNLEY, HARLING.
 Fourth row: COX, REITZ, HENNEY, CONNELL, EVANS, GISH, FILINGER, GRANDFIELD, LAUDE, METZGER.
 Third row: SCOTT, WEBER, CAVE, ALDOUS, IBSEN, HODGES, MACKINTOSH, MYERS, CAULFIELD, AUBEL.
 Second row: McNEAL, PICKETT, ROBERTS, LATTI, BELL, RIDDELL, PARKER, CLAPP, WORKING, PENCE.
 Bottom row: GRIMES, FITCH, SWANSON, PAYNE, McCAMPBELL, THROCKMORTON, HOWE, BARNETT, WARREN.

DIVISION OF VETERINARY MEDICINE

THE Division of Veterinary Medicine is one of the five teaching divisions in Kansas State College, and students planning on becoming candidates for the professional degree, Doctor of Veterinary Medicine, are enrolled in this division.

The division has had a very rapid growth during the past decade. In 1925, sixty students were enrolled in it, while for the 1934-35 college year the enrollment is close to 250 students.

Veterinarians today have a wide field of activities to choose from as their life's vocation. The following is a list of some of these vocations: general veterinary practitioner, pet animal practitioner, United States veterinary inspector, United States Army veterinarian, serum and vaccine manufacturer, city meat and milk inspector, veterinary teacher or research worker in educational institutions, federal animal disease eradication worker, et cetera.

A possible reason for the rapid growth in enrollment is that the veterinary profession in the United States is undermanned, and no difficulty has been found in locating remunerative positions for graduates in Veterinary Medicine.

Another reason that may be advanced for the rapid growth is that Veterinary Medicine has become a strictly scientific profession. Dean Dykstra says: "This appeals to young people with a scientific or research

DEAN R. R. DYKSTRA

bent of mind. The veterinarian in his daily practice, whatever the nature of this practice may be, finds new problems confronting him at almost every turn, and young people are intrigued by things of this nature, so that they go into it in a whole hearted, enthusiastic manner, which in itself has a favorable reaction upon their future success."

Top row: FARLEY BURT, SCOTT, DYKSTRA, FRICK, BRANDLY
Second row: MCLEOD, WHITLOCK, FRANK, LIENHARDT, DUNLAP, KITSELMAN.
Bottom row: LEASURE, SKLAR, RIGHT, DANKS, ADAN.

DIVISION OF HOME ECONOMICS

DEAN MARGARET M. JUSTIN

College a curriculum termed "the woman's course," which purposed to afford "an education precisely fitted for woman's needs." Sixty-two years have passed since then.

During that time, many changes have occurred in our civilization that have affected greatly the opportunities and responsibilities facing women. Today, as of old, woman must be concerned with the continuing, safeguarding, protecting, and enriching of life. However, now, this concern may lead them not only to effective partnership in a home but for a time at least into such professional activities as the direction of nursery schools, of Home Economics instructor in high schools, home demonstration work, social service work, the supervision of cafeterias, school lunch rooms and tea rooms, to service as nurses, as dietitians, and to creative activity in Art. The Division of Home Economics today accepts as its responsibility the evolution of a plan for woman's education that will afford the best opportunity for individual development and professional training, the result of which will be satisfying to the individual and profitable to society: in other words, "an education precisely fitted for woman's needs."

EVEN in the early days when college education for women was still a cherished, unrealized dream in much of the East, there was inaugurated here at Kansas State

Top row: KELL, TRIPLETT, LEIGHTON, FORD, TAYLOR, O'NEILL. Fifth row: GUNSELMAN, QUINLAN, ROBERTS, AGAN, BROWNING, QUIST. Fourth row: DARST, HARRIS, NEWTON, ZIPSE, WOOD, BAXTER. Third row: MORRIS, KUNERTH, VAIL, JAMES, FOWLER, FISHER. Second row: EVERHARDY, BARFOOT, WILLIAMS, HESS, BRUNER, PITTMAN. Bottom row: WEST, COWLES, RUST, LATZKE, AHLBORN, TUCKER.

DIVISION OF GRADUATE STUDY

THE Division of Graduate Study was established November 1, 1931, after a period of 53 years during which the graduate work was in charge of a committee. The Graduate Council, which aids in the administration of the graduate work consists of the following: Dean J. E. Ackert, chairman; Dr. Martha M. Kramer, secretary; Dean L. E. Call, Prof. L. E. Conrad, Dr. H. H. King, Dr. J. H. Burt, and Dr. L. D. Bushnell.

Graduate courses offered in forty departments and in more than 100 fields of study are given by the Graduate Faculty. Advanced academic degrees conferred by the college include the Master of Science and the Doctor of Philosophy. Graduates of standard colleges and universities are eligible for graduate study as are also seniors who have less than a full schedule.

That many students take advantage of the opportunities to pursue graduate study at Kansas State College is shown by the records of the last five years. During this period 2,114 students enrolled in graduate study or an average of 422 per year. In the same period 445 candidates received the Master's degree or an average of 93 per year. Aside from the professional advantages of holding one or more advanced degrees, many students pursue the graduate work and acquire the degrees largely for cultural development.

Much attention is given to the social and recreational life of the graduate students. In addition to the Library browsing room, athletic facilities, departmental seminars, church gatherings, and nature study groups is the Graduate Club, the principal social

DEAN J. E. ACKERT

organization of the division, which promotes a wide acquaintance among the graduate students and the Graduate Faculty. The officers of the Graduate Club for this year are as follows:

FIRST SEMESTER	SECOND SEMESTER
<i>President</i>	
BURTON BAKER	JOHN LATTA

<i>Treasurer</i>	
REYNOLD DAHMS	S. M. AHI
<i>Entertainment Chairman</i>	
MARY EVANS	HUBERT RIVERS
<i>Refreshment Chairman</i>	
MARGARET TABOR	HELEN ROBERTS

EXTENSION DIVISION

DEAN H. UMBERGER

THE Extension Division is organized into departments as are the other divisions of the college. Each department has its own head and faculty who are responsible to the dean or director. There are six of these departments, namely: extension schools in

agriculture and home economics and the supervision of agricultural specialists, county agent supervision, home economics specialists and home demonstration agents, boys' and girls' 4-H clubs, rural engineering, and home-study service.

The rural people of the state maintain, by means of farm bureaus, a cooperating organization through which the Extension staffs carry on their work in agriculture, home economics, 4-H clubs, and rural engineering. Local leaders are trained by college specialists, who conduct classes in the field. The farms and the homes are the laboratories where immediate life problems are found and solved. Farm bureaus now exist in 97 counties of Kansas.

In addition to the direct teaching through the farm bureaus, the home-study department offers a large number of courses for high school and college credit.

The Extension Division as now organized began with the Smith-Lever act of 1914.

Top row: LOBENSTEIN, SMURTHWAITE, BILLINGS, GOODMAN, DEAN, MARTIN, HILYARD, SMITH, WIGGINS, BREWER, BATCHELOR.
 Third row: BAIRD, ELLING, LONGSDORF, TURNER, PATTON, RUCKER, WELLS, WILLOUGHBY, ROBINSON, HEPLER, AMY KELLY.

 Bottom row: BLECHIA, LUMB, FLEENOR, UMBERGER, LINN, SEATH, WRIGHT, JACCARD, SEATON, GEMMELL, E. G. KELLY.

THE SUMMER SCHOOL

THE facilities for the Summer School include the entire plant and equipment of the college, consisting of laboratories, shops, farms, libraries, experiment stations, museums, gymnasiums, and playgrounds. The Summer School was organized to meet the need of the following persons:

Teachers who are fulfilling the requirements for the bachelor's degree.

Teachers, principals, and superintendents who desire to meet the requirements for the master's degree.

Undergraduates who wish to continue their studies during the summer.

High school graduates about to begin a college course.

Approximately sixty per cent of the students enrolled in the Summer School are teachers and forty per cent regular college students.

DEAN EDWIN L. HOLTON

THE TEACHER-PLACEMENT BUREAU

HAZEL PFUETZE
Secretary, Department of Education

The Teacher-Placement Bureau is located in the Department of Education. The Secretary for the Department of Education is also Secretary for the Teacher-Placement Bureau. The purpose of the Placement Bureau is (a) to help seniors and undergraduates secure teaching positions, and (b) to help former students and graduates who are teaching secure promotions. The Bureau helps about 150 teachers secure positions each year.

ALUMNI ASSOCIATION

KENNEY L. FORD
Secretary

THE Senior Class of 1879 sponsored the organization of the Kansas State College Alumni Association. There were less than forty graduates of the College at that time. The spirit that dominated the graduates or alumni then as now, was to do something worthwhile for the College.

The Alumni Association has a two fold purpose: first, to promote the interests of

the College, and second, to promote fellowship among the alumni of the College.

Alumni and friends of the College have in many instances made outstanding contributions of time, money, and influence in behalf of the College. The association maintains an alumni loan fund for students needing financial assistance. Approximately \$20,000 is loaned each year to students. Money for the alumni loan fund, started in 1916, is given in the main by graduates who pay \$50 for a life membership in the Alumni Association. There are 665 paid-up life members in the association.

Fellowship among alumni is encouraged at alumni meetings in various cities throughout the country where local alumni associations are located. All graduates receive at least one or two messages from the College each year.

The Kansas Industrialist, a College publication, is sent each week of the school year to members of the Alumni Association.

STUDENT GOVERNING ASSOCIATION

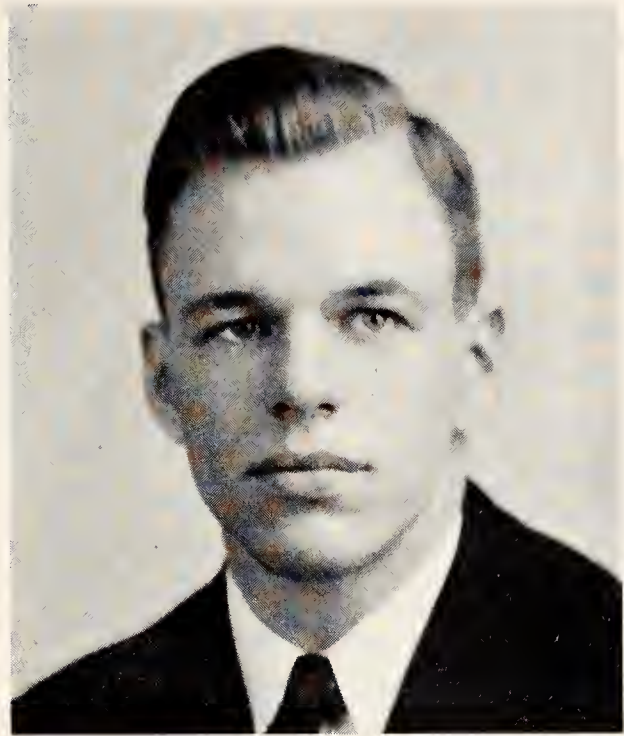

EVERY student enrolled in any department of the college automatically becomes a member of the Student Governing Association when he becomes a student of Kansas State.

At a popular election, members of the S. G. A. elect seven members—five men and two women—which is known as the Student Council.

The council has complete control of student government and student activities. Typical cases which may be brought before this group for trial are as follows: Picking of pockets or stealing in all forms; smoking on the campus; improper or indecent conduct in public places, such as dance halls, theatres, hotels and rooming houses; forgery; non-payment of just bills; destruction of college or Manhattan property; the breaking of school traditions and customs; and violation of rules governing social functions.

Whether or not the council is a wise and responsible group rests upon the individuals of the entire S. G. A., for each member's election rests upon the student body.

It is hoped that all the students will realize that they have a right and even a duty by which they can express their own convictions in matters pertaining to their government and control with the Student Council as the instrument. Every student should feel free at all times to make suggestions to

JOE KNAPPENBERGER
President

the council or bring matters before it that warrant consideration. The duty of the council is to represent the student body, and to this end it wishes to concentrate its efforts.

Members of the Student Council and its officers for 1934-35 are: president, Joe Knappenberger; vice-president, Howard Moreen; secretary, Myra Roth; treasurer, Howard Hudiburg; Louise Ratliff, P. A. Neuschwanger, and Henry Kirk.

Honorary

ACHIEVEMENT . . .
leadership . . . proficiency in a chosen field of
endeavor . . . good fellowship . . . these are some
of the aims of the various honorary clubs. They
bring better understanding of the problems of
living . . . social contacts . . . that something
never to be gained in the classroom, a broadening
that is as essential to a college education as the
classroom curricula itself.

HELL WEEK

—for pledges of Epsilon chapter
of Sigma Tau, national honorary
engineering fraternity.

HONOR SOCIETY OF PHI KAPPA PHI

STUDIES show that a person at the head of his class has approximately twenty-five times as many chances for distinction as one selected at random from among his classmates; hence the primary purpose of the Society is to stimulate high scholarship. The Society was founded at the University of Maine in 1897 and established here in 1915. To be eligible for election a student must rank in the upper ten per cent of the senior class. Persons elected in the fall must have completed three years of work and be in the upper five per cent of the class.

OFFICERS

ASST. PROF. STELLA M. HARRIS	<i>President</i>
PROF. R. K. NABOURS	<i>Vice-President</i>
DR. E. R. FRANK	<i>Recording Secretary</i>
PROF. C. H. SCHOLER	<i>Treasurer</i>

BLUE KEY

NATIONAL HONOR FRATERNITY

BLUE KEY takes for members 13 seniors outstanding in character, scholarship, student activities, leadership, and service. The Kansas State chapter was installed January 30, 1934. At the present time there are 74 chapters located in every section of the country. The purpose of Blue Key is to further an ambition for intellectual attainment and a desire to serve the college among our fellow students at Kansas State College. We study student problems, enrich student life, and further the progress and the best interests of Kansas State College.

DYNAMIS

THE Society of Dynamis was founded March 4, 1930. It seeks to encourage a full and vigorous expression of college life. To this end it brings together students from all divisions whose scholarship or whose initiative and leadership in various college enterprises, distinguishes them among their fellows.

STUDENT branches of the American Institute of Electrical Engineers have been organized in 113 of the leading educational institutions in which courses in electrical engineering are given. The purpose is to provide an instrument to aid in the development of the latent abilities of the students by participation in activities similar to those carried on by the membership of the Institute.

KANSAS STATE COLLEGE CHAPTER OF AMERICAN SOCIETY OF CIVIL ENGINEERS

THE function of the local student chapter of the Am. Soc. C. E. is to foster fellowship among the three upper classes enrolled in the Department of Civil Engineering at Kansas State. Membership in the organization is automatic and attendance is required of the upper classmen. For the previous school year, there were 106 chapters with a total enrollment of 4,360 students. Opportunities are given the student to hear prominent speakers and participate in discussions. The society is primarily a technical organization. Professor M. W. Furr is the adviser for the chapter.

LIVESTOCK JUDGING TEAM

THE livestock judging team placed first at the Southwestern Exposition, Fort Worth, Texas, March, 1934. Lewis was high individual. During the fall semester the team competed at the American Royal Livestock Show in Kansas City and at the International Livestock Exposition in Chicago. Thornbrough ranked first of the 115 contestants at Chicago representing 23 colleges. Murphey was second high individual at the American Royal.

POULTRY JUDGING TEAM

THE poultry judging team competed in the Mid-west Intercollegiate contest held in Chicago, December 1, 1934. The contest consisted of judging production and exhibition birds, market poultry, and market eggs.

CROPS JUDGING TEAM

THE intercollegiate team in crops judging competed in contests at the American Royal Livestock Show and the International Livestock Exposition, October 23 and December 1, 1934, respectively. The contests consisted of the identification of crops, crop diseases, and seeds; the judging of crop seed; and the commercial grading of grain, hay, and cotton.

DAIRY PRODUCTS JUDGING TEAM

TEAMS from 19 colleges participated in the fifth annual Students' National Contest in the Judging of Dairy Products, Cleveland, Ohio, October 15, 1934. The Kansas State team ranked third. This placing won one of the \$600 research scholarships offered by the sponsors of the contest. A faculty committee awarded the scholarship to Everett L. Byers, who will take his graduate work at the University of Wisconsin.

AGRICULTURAL ECONOMICS CLUB

THIS club is composed chiefly of students majoring in agricultural economics and faculty members of that department. Its object is to promote interest in agricultural economic topics and further acquaintanceship among faculty and students.

BLOCK AND BRIDLE CLUB

THE local chapter of the Block and Bridle Club, a national organization, was established in 1916. The chapter sponsors a student livestock judging contest each year and manages the animal husbandry section of the Little American Royal held during Farm and Home Week each year. The chapter also assists the Department of Animal Husbandry in conducting various livestock days.

OFFICERS and MEMBERS. Left to right in the picture: Top row—C. M. ELLING, C. L. HARDING, J. R. KETCHERSID, W. A. WISHART, F. B. KESSLER, J. E. MCCOLM, L. H. COOL, *Treas.*, C. B. TEAM. Middle row—L. MILLING INDUSTRY ASSOCIATION

ALL students who major in milling industry are members of the Milling Industry Association. The work is combined with that of the Milling Industry Seminar to promote interest in milling knowledge and to foster a closer relationship between students and faculty. K. S. C. is now the only college offering a curriculum leading to a degree in milling industry.

KANSAS COLLEGIATE 4-H CLUB

ORGANIZED in 1927 for college students retaining their interests in 4-H activities.
Has a membership of over 200 students.

Top row: BLYTHE, A BLYTHE, J. MAYHEW, MURET, POOVEY, CARLETON, BAKER, ROTH, MCCOLM, DICKEN, FEATHERINGILL, MONTGOMERY. Fifth row: ZERBE, A. JUNIOR A. V. M. A.

THE local chapter was organized and received its state charter in 1906. The purpose of the association has been technical development with literary and social training. Regular meetings are held twice a month and all veterinary students are eligible for membership. To each senior, a "sheepskin diploma," signed by the officers of the organization, is given at completion of their college work.

SENIOR MEMBERSHIP

FRESHMEN MEMBERSHIP

ORCHESTRA

THIS year the orchestra has played a special chapel program (January 14) and its annual Sunday afternoon spring concert, March 17. It has also played preludes for chapel exercises and for the Aggie Orpheum. It has remained a purely musical organization, having no student officers, dues, or extra musical activities.

THE K. S. C. WOMEN'S GLEE CLUB

("STUDY CLUB" DIVISION)

THE Women's Glee club is an organization of the young women of the college. Two separate divisions are maintained: the Study club and a Concert club. Membership is open to all women of the student body, including graduate students, all vacancies being filled by competitive trial.

K. S. C. MEN'S GLEE CLUB

GLEE club history at Kansas State dates from 1904, when Professor Olof Valley, director of the department of music at that time, organized the first men's glee club. During the thirty years of its existence, this organization has succeeded in attaining a high standard of excellence as a choral ensemble.

Y. W. C. A.

THE Y. W. C. A. at Kansas State College was founded in 1885. Since that time it has expanded in both scope of activities and membership. As a member of the World Student Christian Federation it holds as its purpose the aiding of students to lead a full and creative life through a growing knowledge of God.

VAN ZILE HALL

VAN ZILE HALL, dormitory for women at K. S. C. is the result of a movement started in 1919 to establish dormitories at the five state schools. In 1921, largely through the efforts of the Kansas Council for Women, a bill was passed, but the appropriations were not sufficient to provide each school with a dormitory. Kansas State offered to wait, allowing the other schools to build, with the understanding that the K. S. C. dormitory would be built later. It was not until the 1925 session of the legislature that the combined efforts of the Kansas Council, the A.A.U.W., and others were successful in getting the dormitory plan through.

The hall is named for Mrs. Mary Pierce Van Zile, Dean of Women who was active in support of the project and in making the dormitory as completed an ideal college home.

The hall stands on an elevation in the northeast corner of the campus, the location being admirably suited to future improvements with drives, walks, trees and shrubs. Space for two other dormitory buildings, to be erected when the need for them is felt, was provided for in locating the building.

There are rooms for 127 girls in the building, nearly all being for two girls, although a few single rooms are provided.

ATHLETIC DIRECTOR

By GEORGE T. HART

THE winning of so many titles by Kansas State teams this past year has pleased no person more than Athletic Director Michael Francis Ahearn. For thirty years, Mike has been watching and aiding the progress of Wildcat teams, both from the position of coach and as athletic director. He has been aptly dubbed "the patron saint of Kansas State athletics."

Coming to Kansas State in 1904, following his graduation from Massachusetts State College, Mike was drafted to help with the coaching in addition to his position as instructor in the department of horticulture. In college, he starred in most of the sports open for competition, with football, baseball, basketball and tennis his favorites.

Taking over all coaching activities, Mike paved the way

M. F. AHEARN, *Athletic Director*

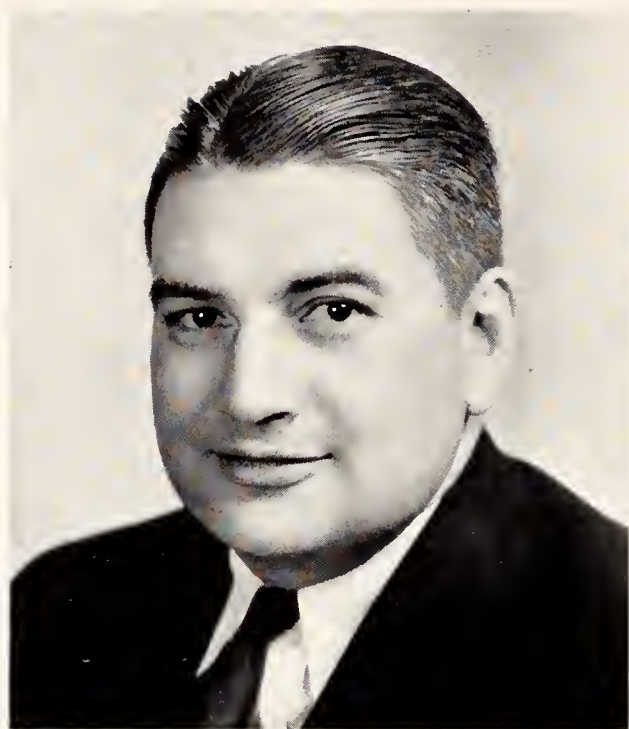

FRANK MYERS, *Assistant to the Director*

for Kansas State's entry into the old Missouri Valley conference by his team's successes. He decided to retire from the coaching field but returned for another season when the entire football squad called at his home to ask him to take charge.

With the reorganization of the athletic department in 1920, Mike was appointed as director of athletics, a position he accepted, resigning his position in the horticulture department. During his 15 years as athletic director, Mike has made the school a coach's paradise.

Mike is an expert on baseball and golf, both of which he now coaches at Kansas State. Aspirants for the golf squad can make it by defeating him in a round, and the squad is usually quite small.

BIG SIX CHAMPIONS!

COACH LYNN O. WALDORF

BY DAN PARTNER

BIG Six Champions! The 1934 Kansas State team will long be remembered because they were the first Wildcat eleven to wear the crown. When Bo McMillin went to Indiana, Kansas State went to Stillwater, Oklahoma, and annexed Lynn Waldorf, round son of a Methodist bishop, as head coach. The getting of Waldorf was no blind stab in

the dark for the man had a brilliant record at Oklahoma A. and M. and Oklahoma City U. Waldorf found fair material, including nine lettermen, an outstanding group of sophomores, and fine morale. With these three ingredients he turned out a team that went through a hard ten-game schedule, dropping only two games, both non-conference. He picked as his assistant, Wesley "Plowboy" Fry, former Iowa university star and his successor at Oklahoma City university. The Waldorf-Fry combination will not soon be forgotten by Kansas State students and fans, and, incidently, coaches throughout the conference. A firm believer in giving every man an equal chance, Coach Waldorf used as many as thirty-three men in one game and never did less than twenty men see service.

Displaying football that made the fans wonder if the team would win one game during the season, the Wildcats opened their schedule with a 13-0 win over Fort Hays State Teachers college in Memorial stadium. Then came a two-week trip to New York City and Milwaukee, including games with Manhattan college, coached by the famous "Chick" Meehan, and Marquette university. The Manhattan game was played on muddy Ebbets field and ended in a 13-13 deadlock. Marquette

THE ATHLETIC COUNCIL

Top row, left to right: KING, DEAN, SEATON, and AHEARN.

Bottom row, left to right: HOLTON, FARRELL, BABCOCK, and THROCKMORTON.

was spotted 27 points and Kansas State lost, 27-20. Returning home the Wildcats opened their Big Six season with the University of Kansas, winning 13-0 in a game in which "everything happened." Then the 21-0 loss to Tulsa university, playing before a homecoming crowd in Tulsa, had everything on the ball. After carrying the ball all over the field the Wildcats had to be content with a 14-6 victory over the Washburn Ichabods in a night game in Topeka. The luckless Missouri Tigers were overwhelmed 29-0 and the Oklahoma Sooners were beaten 8-7 the next week in Norman. The Iowa State Cyclones were handed a 20-0 defeat in the last home game of the season. Came the championship game with the Nebraska Cornhuskers, long ruler of conference gridirons, in a Thanksgiving Day classic at Lincoln, in which Kansas State was crowned champion by the decisive score of 19-7 before 22,000 fans.

To show their appreciation to the newly crowned champions the Manhattan Chamber of Commerce sponsored a huge banquet at the Wareham ballroom. Gold footballs, emblematic of the conference championship, and large purple K blankets were presented to the team. Dean Griffing, varsity center, a fine player and a capable leader, was elected to captain the Kansas State eleven in 1935.

When Lynn Waldorf got his call to head the football staff at Northwestern it was only logical that his cohort in bringing the Wildcats their victory, should take over the reins.

COACH WESLEY L. FRY

Fry was an All-Big Ten fullback in 1925, playing both quarter and fullback that year and quarter on the Iowa university team in 1923 and 1924. Later he played with Red Grange's New York Yankees pro team.

The problem of an assistant to Fry, was filled with the appointment of Stan Williamson to the post. Williamson was captain and All-American center on Howard Jones' Southern California national champions in 1931. His present position is his third in succession in the footsteps of Fry, for Williamson succeeded Fry at Claasen (Okla.) high school and at Oklahoma City previously.

Elder Scores Against Hays Teachers

KANSAS STATE 13
 FT. HAYS STATE TEACHERS 0

AFTER a sluggish first half with fans wondering what they paid their money for, the 1934 edition of the Kansas State Wildcat came to life, scored two touchdowns, and won their first game for the new coach. The Wildcats scored in the third and fourth quarters while the Tigers threatened only once, coming within a yard of the Kansas State goal in the second quarter. The first touchdown drive started on the Kansas State 45-yard line. A pass, Armstrong to Elder, netted twenty yards and Armstrong carried the ball five times to place the ball on the Hays one yard line. Elder hit the line for the last yard and a touchdown. Ayers and Warren engineered the second march, starting on the Wildcat 44-yard marker. Abbott scored from the seven yard line. The Tiger's bid for a touchdown started with two passes gaining 31 yards and thrown by Sexton. With the ball on the Wildcat eight yard line, Hays failed to make the required distance and Stoner's kick from behind his own goal line traveled 46 yards. The victory was far from impressive although the second half play of the Wildcats was much superior to that of the first.

That Muddy Manhattan Game

KANSAS STATE . . . 13
 MANHATTAN . . . 13

KANSAS State and Manhattan battled to a 13-13 deadlock in an exciting, intersectional mud contest at Ebbets Field in Brooklyn, New York. A rain which began the day before and continued through the first half of the game made good football impossible, and the afternoon developed into a melee of fumbles and blocked kicks. Warren scored for Kansas State early in the first quarter but Manhattan evened matters soon after the second period started and a few minutes later took the lead 13-7 after blocking a punt. Kansas State tied the score in the third quarter but could advance the ball only to the Manhattan three-yard line during the rest of the game. First downs and yards gained from scrimmage favored the Wildcats.

MARQUETTE 27
 KANSAS STATE 20

BURIED under a 27-0 lead at the middle of the third quarter, the Wildcats staged a brilliant rally, scored 20 points and threw quite a scare into some 11,000 Marquette fans. Playing under floodlights for the first time, the play of the Wildcats was cramped, marking the first half with fumbles that lead to touchdowns for the Hilltoppers. The first Kansas State score came as a result of a 56-yard run by Armstrong, who later scored the second counter. Elder tallied later on a long pass from Stoner.

Action in the Jayhawk-Wildcat Battle

KANSAS STATE . . . 13
 KANSAS 0

LED by Maurice "Red" Elder and Leo Ayers, flashy Kansas State sophomore backs, the Wildcats beat their arch-rivals from Lawrence 13-0 and at the same time broke a jinx of eight years standing, this victory being the first that either of the teams has won at home in that length of time. It was a second half awakening of the Wildcats that sent the Jayhawk's feathers flying. The first score came when White, Kansas back, passed into the hands of Elder who ran 75 yards, behind perfect interference, for a touchdown. Stoner's kick for point was good. Early in the fourth quarter Kansas State took the ball on their own 40-yard line and in eight plays Ayers scored from the eleven. A fumble cost the Wildcats another counter just before the game ended.

TULSA 21
 KANSAS STATE 0

FUMBLES were the downfall of the Wildcats when the Golden Hurricanes of Tulsa university scored a three touchdown victory before 12,000 homecoming spectators in Skelly field at Tulsa. The men of "Gloomy Gus" Henderson scored in each of the first three quarters and were nearing the goal line when the game ended. The victory was featured by spectacular running and smart field headwork. Berry and Dennis starred for Tulsa while Stoner aided the Wildcats with spectacular kicking.

Action in the Missouri Game

KANSAS STATE . . . 29
 MISSOURI 0

WITH bands from various Kansas high schools as guests in gay array, Kansas State overwhelmed the Tigers from Missouri 29-0. While the score indicates a big advantage for the Wildcats the summary shows the thoroughness with which the men of Coach Waldorf whipped the Tiger. Kansas State made 21 first downs to three for Mizzou and traveled 452 net yards from scrimmage as compared to 63 for the Carideomen. Led by Leo Ayers, fleet sophomore quarterback, the Wildcats carried the ball from one end of the field to the other and kept Missouri's goal line in constant danger.

KANSAS STATE . . . 14
 WASHBURN 6

ONE of the oldest football rivalries in the history of Kansas State was revived after a lapse of three years when the Wildcats met the Washburn Ichabods in a night game at Topeka. The game started as a rout for the Wildcats, the first score coming early in the first quarter. But throughout the rest of the game Kansas State could push over but one more counter, although they carried the ball all over the field. Despite the loss of Griffing, regular center, the Wildcat offense clicked merrily and with Oren Stoner as the chief ball carrier the Kansas State team looked like champions.

The Wildcats Defeat Iowa State!

KANSAS STATE 20
 IOWA STATE 0

DISPLAYING a passing attack that Iowa State could do nothing about, the Wildcats cleared the last hurdle in their way to meet Nebraska for the conference championship. A long heave from Halfback Stoner to End Freeland resulted in a touchdown. Another pass, Stoner to Churchill, placed the ball on the one-yard line from where Elder plunged it over for the second score. Wildcat reserves made the third touchdown against the wind, after a long sustained drive.

KANSAS STATE 8
 OKLAHOMA 7

A SINGLE point, one of the two awarded as the result of a safety in the second period, proved the margin of victory for the Wildcats over the Oklahoma Sooners in their annual battle for gridiron supremacy. It was "Red" Elder, big sophomore fullback, that bore the brunt of the attack, and his ball carrying, combined with the brilliant work of the Kansas State line proved too much for the men of Lewis Hardage. The Sooners scored first early in the second period and the half-time score read 7-2, with the Wildcats awarded a safety when Gentry, Sooner tackle, was tackled behind his own goal line when attempting to kick. Armstrong made the Kansas State touchdown around right end in third period.

The Wildcats Beat the Cornhuskers!

KANSAS STATE . . 19
 NEBRASKA 7

AFTER wearing the Big Six crown for three years the Nebraska Cornhuskers met defeat at the hands of the "fight-inist" bunch of Wildcats that ever wore the Purple of Kansas State. Led by Oren Stoner, Wildcat triple-threat star playing his last game of intercollegiate football, the men of Lynn Waldorf beat the champions 19-7 before a Thanksgiving day crowd of 22,000 fans in Memorial stadium at Lincoln. The game started as a walkaway for the Cornhuskers. Fans wondered how Kansas State had beaten four other conference teams and why they were rated even with Nebraska. For the Huskers went up and down the field at will, opening large jagged holes that their backs had little trouble going through. But despite this they only scored one touchdown. The second half the 22,000 saw a beaten Kansas State team turn into a Purple Powerhouse. The jagged holes began appearing in the Husker line and as the result Elder scored the first Wildcat touchdown standing up, from the nine yard line. Later, in the fourth quarter, Oren Stoner skirted left end for the second score. And still later, but only a few minutes, the same Stoner skirted the same end for another touchdown, Kansas State 19, and Nebraska still had her stadium.

WILDCATS ON ALL-STAR TEAMS

WITH the winning of the first Big Six football championship in the history of Kansas State athletics, came individual honors for members of the championship team. Both Manhattan and the college toasted the champions of the gridiron as well as the winning two-mile team, in a banquet attended by a crowd of 676 persons. Royal Purple K blankets and gold footballs were awarded to the 24 football lettermen and gold track shoes to the two-milers. Gold football watch charms set with diamonds were presented to Coaches Waldorf and Fry and to Athletic Director "Mike" Ahearn. To Coach Ward Haylett went a diamond set track shoe.

Governor Alf. M. Landon of Kansas, Chairman C. M. Harger and the state board of regents, and General James G. Harboard, distinguished alumnus, sent messages of congratulation which were read before the group. A. W. "Jub" Ehram of Enterprise, first coach at Kansas State, sent greetings, and W. G. Tulloss, captain of the 1898 team was a guest. President F. D. Farrell of the college also spoke.

Announcement was made that Dean Griffing, 185-pound center from Council Grove, had been elected by the lettermen to captain the 1935 Kansas State football team, succeeding George Maddox, who captained the 1934 aggregation.

To Maddox goes the honor of being the second man in the history of Kansas State college to place on an All-American first team, for that is the position that he won at a tackle berth on the All-American football team for 1934 selected by the All-America board of football of which Christy Walsh is chairman and Glenn S. Warner, W. A. Alexander, Elmer Layden, Edward L. Casey, and Howard H. Jones are members. "High" Henry Cronkite, captain of the 1931 Wildcat team, was the first Kansas State team member to attain the All-American rating.

Christy Walsh, chairman of the All-America board had this to say of Maddox's placement on the team:

"Added responsibilities frequently develop new and valuable qualities in a football player. George Maddox was a sterling tackle last year, but aside from his improved physical qualities this year—in the role of captain he had led his team mates through a hard schedule—eventually winning a championship title for the first time in the history of the Big Six conference. He stands 6 feet 3 inches tall and tips the scales at 212. Maddox has played more minutes than any Kansas State player this season—and has never been injured. He has been used to open holes for attacks, especially when yardage was badly needed—and he seldom failed to clear the path. His team has been undefeated in any conference game this season and around Manhattan, Kansas, they will tell you that Maddox gets a great deal of the credit."

Both Maddox and Oren Stoner, halfback, placed on every all-star Big Six conference team. Maddox, Stoner, and Gene Sundgren received All-American honorable mention on the Associated Press selections. Stoner's sensational sweeping end run touchdowns against the University of Nebraska in the final conference game will always be remembered by those who saw the feat. Sundgren has been named by Coach Waldorf as the most perfect running guard that he has ever seen play the position.

Kansas State men received a total of 23 places on first teams, 16 places on second teams, and many honorable mention awards in seven All-Big Six selections in this area. Maddox and Stoner were named on all seven of the first teams. Leo Ayers, quarterback, made three first teams and four second teams, Ralph Churchill, end, was on two first teams and two second teams, and Maurice Elder, fullback, was placed on three first and three second teams.

Dean Griffing, center and 1935 captain, was named on three second teams, and Eugene Sundgren, 158-pound guard, was named on one first team and three second teams.

Truly, this has been Kansas State's most successful season in Big Six athletic history.

BASKETBALL

By JACK McCLUNG

FRANK ROOT

FRANK ROOT, head basketball coach at Kansas State, has served the athletic department here since 1923, when he was selected assistant basketball coach. He was promoted to the rank of head coach in 1933.

Root is a Kansas State graduate, a former star Wildcat athlete, winning letter awards in football, basketball, track, and was captain and an All-Missouri Valley guard on the 1914 basketball team.

THE 1935 SEASON

Although a poor season record was turned in by the 1935 team, the Wildcats furnished its supporters with many thrilling moments throughout the season, and played each one of her conference opponents at least one fairly close game.

Placing last in the Big Six standings, during the season, Kansas State won five games, four of which were conference contests.

BASKETBALL SEASON

AT THE start of the season, two "test" games were played with Kansas university with the goals raised to 12 feet, and field goal scoring raised to 3 points. The Wildcats won one and lost one of these games.

Particularly outstanding during the season was the individual work of Frank Groves, Atchison, sophomore center who controlled the tip-off in all games, and who was third high Bix Six scorer. In recognition of his ability, Groves was selected as center on the 1935 All-Western basketball team, selected each year by 60 leading college coaches in America. Groves was also placed on the Associated Press All-Big Six selection.

Oren Stoner, Sabetha, star in three major sports, served as captain on the 1935 team. He played a steady, dependable game all year, and was given honorable mention on All Big-Six selection.

Stoner's partner at guard, Lee Railsback, Langdon, was elected to the captaincy of the 1936 team. Although this was his first year, Railsback proved to be one of Root's most valuable players. He has had two years of competition at Hutchinson Junior College.

Indications are that there is much promising material in the freshman squad. Al Burns, Kansas City, and Charles Schierlmann, Liberty, were elected honorary captains of the freshman squad.

The 1935 season varsity record:

TRACK

By JACK McCLUNG

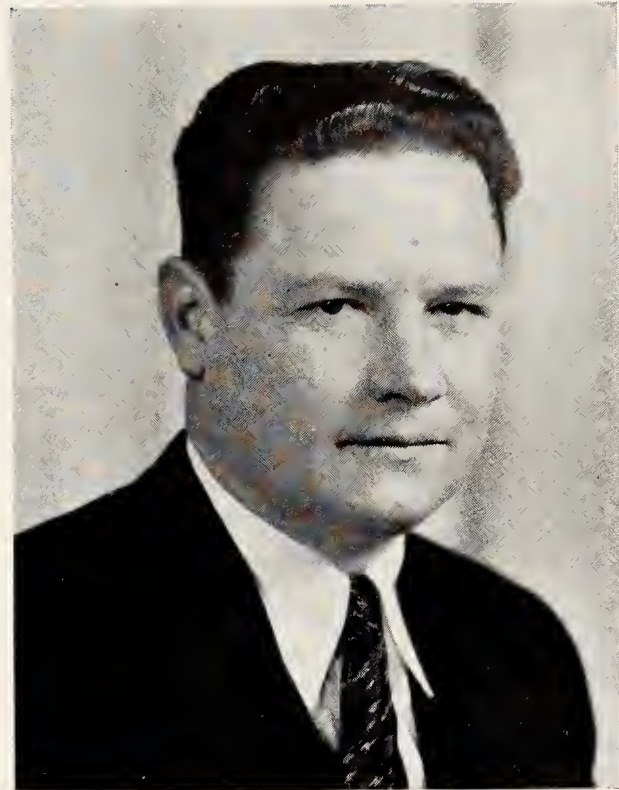

WARD HAYLETT, Kansas State college track mentor, came here seven years ago to assume that position and found track, though a major sport, was sadly neglected and the Wildcats with a firm possession of last place in the conference standings.

Since that time, he has taken hold of and built up track to where, this year, he presented the college with a Big Six Championship in the two-mile event and their first indoor track and field conference championship. In 1932, also, he gave the Wildcats a conference title in the two-mile event.

Coach Haylett is a graduate of Doane College at Crete, Nebraska, where he lettered in football, basketball, track, baseball, and captained the football team. He came to Kansas State in 1928 from Doane where he had gained the position of head coach and director of athletics. At Doane, he had developed outstanding track teams in the Nebraska state conference, winning the title three out of four years, missing the fourth by one-half point.

A WORLD RECORD TO KANSAS STATE!

One-tenth of a second from a world's record was clipped off at the Kansas Relays

COACH WARD HAYLETT

at Lawrence, April 21, in the 480-yard shuttle hurdle relay when the Kansas State team won the event to climax the 1934 outdoor track season. The time was 1:01.7.

The team, composed of Dougal Russell, Joe Knappenberger, Larry Schmutz, and Oren Stoner (reading left to right) is shown below receiving a trophy from Betty Lou McFarland, Kansas Relay queen.

From left to right: Coach Haylett, Robinson, Messick, McColm, Wheelock, Redfield, Capt. O'Reilly.

TWO-MILERS BIG SIX CHAMPS!

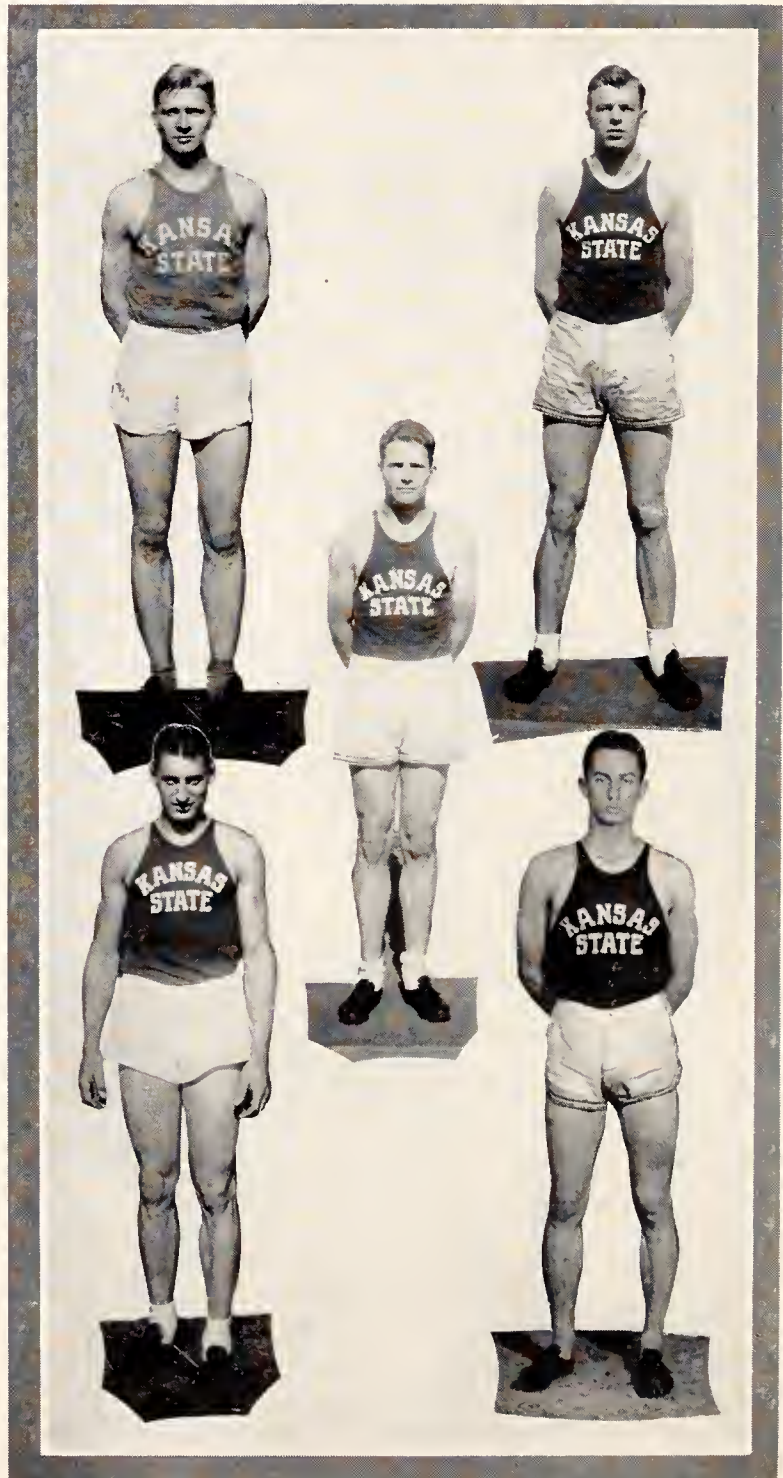

Setting a precedent for Coach Waldorf's victorious football team, Ward Haylett's Kansas State two-mile team came through early in the fall by winning the conference championship at the Big Six meet at Lawrence, November 24. The Wildcats were low with 37 points, while second place was won by Oklahoma with 52 and Missouri with 54 placed third.

The victory at Lawrence followed a season of four victories and no defeats. The Wildcat team, composed of O'Reilly, Wheelock, Robinson, McColm, Redfield, and Messick, had previously piled up wins over Nebraska, Drake, Missouri, and Oklahoma in dual competition.

The 1934-35 team opened the season at Lincoln between halves of the Nebraska-Iowa State game by piling up 35 points to their opponent's 20. Funk of Nebraska finished first, but the Wildcats took the next five places.

At Des Moines the following Saturday, a victory was won over Drake 29 to 26 with Wheelock of Kansas State breaking the tape.

Missouri was next to go down in defeat. Hardy of Missouri

MILLER
STONER

NIXON

KNAPPENBERGER
McNEAL

The Finish of Opening Meet

broke the tape but second and third places were won by Wheelock and O'Reilly, and Kansas State won 32 to 23.

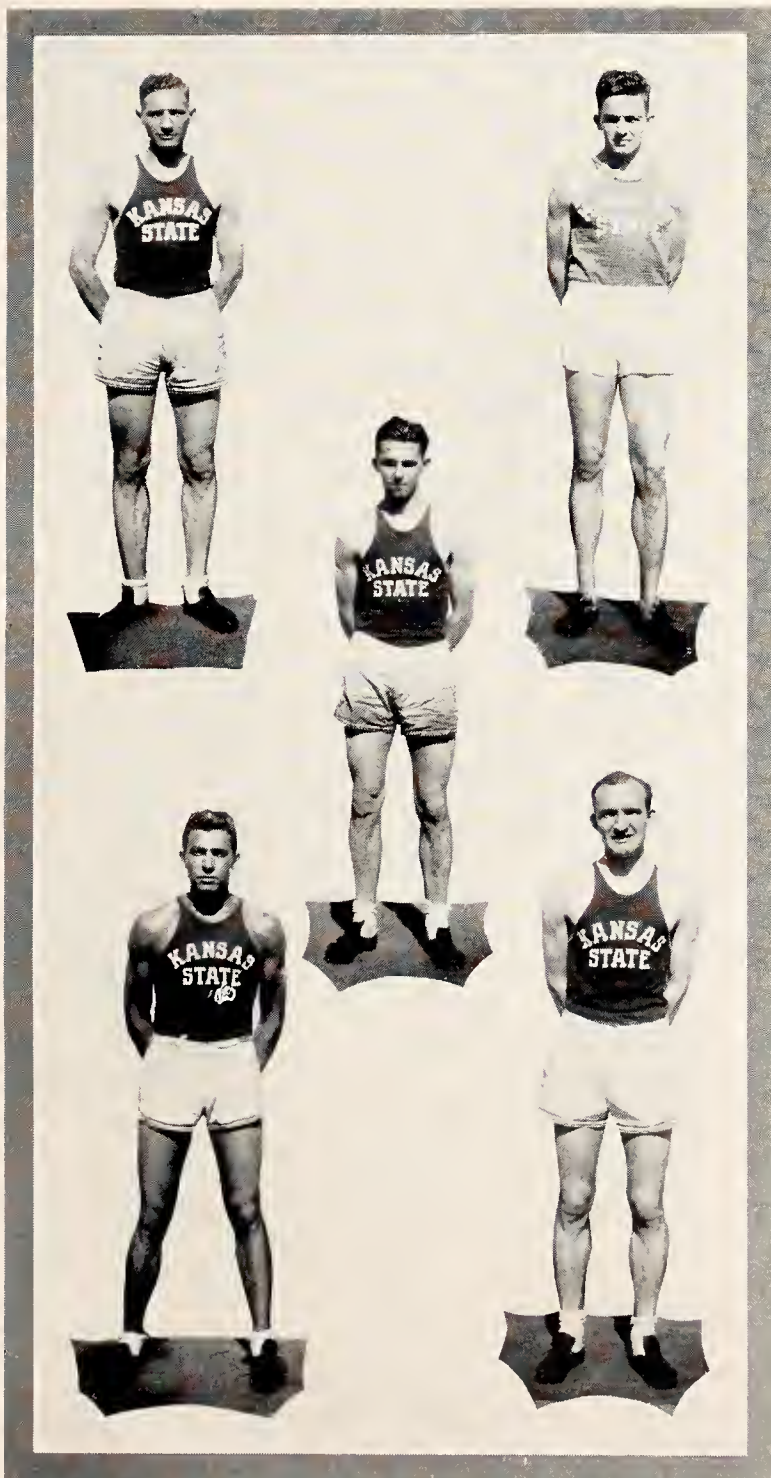

In a thrilling contest between two teams undefeated in the season, Kansas State proved itself superior to the Oklahoma runners at Norman, November 17, and won 29 to 26. Lochner, Oklahoma, came in first and O'Reilly of Kansas State second.

The meet at Lawrence which climaxed the season and left the title to the Wildcat runners, gave Kansas State a 15-point advantage over her nearest rival. All but Iowa State competed.

Lochner of Oklahoma raced across first at the meet, Funk of Nebraska came in second, and Wheelock of Kansas State was third. Other placings of the Wildcats were by O'Reilly, Robinson, McColm and Messick.

THE 1934 OUTDOOR SEASON

A rather mediocre performance compared to the brilliancy of the 1935 Haylett records was turned in by the outdoor track and field team in the 1934 season. The most outstanding accomplishment was the breaking of the world's record in the shuttle hurdle relay event by the Wildcats in the Kansas Relays.

HOSTETLER
BELL

WHEELOCK

H. HALL
CAPT. LONDON

Wheelock Leads in the Two-mile

Fourth place was won by Kansas State in the outdoor meet held at Lincoln, at the close of the season. Kansas, with Cunningham and Hall, won first, Nebraska placed second and Oklahoma third. Knappenberger was individual high man for the Wildcats with a first and second in the hurdles.

The opening meet of the season with the Emporia Teachers at Emporia was lost $56\frac{1}{3}$ to $74\frac{2}{3}$. It was held April 7.

Following the Kansas and Drake Relays in which Kansas State teams were entered, the Wildcats came out on the low end of the scores in a triangular meet with Nebraska and Kansas, and a duo-meet with Kansas, held at Lawrence.

Nebraska won the dual meet at Manhattan on May 11 by the score of 54 to 74.

Don Landon of Topeka, who served as captain of the 1934 track teams, was one of the most outstanding milers and half-milers ever to attend Kansas State. He broke many records, but failed to receive proper recognition because of competing at the same time as Kansas' great Cunningham.

NIXON

BLISS

McNEAL

INDOOR TRACK TITLE TO WILDCATS!

FOLLOWING the example set by the football and the two-mile teams this year, fifteen of Ward Haylett's 1935 tracksters presented Kansas State with the conference championship in the indoor track and field events at the Big Six meet in Columbia, Missouri, this spring. This is the first conference title won by the Wildcats in the 14-year history of the meet.

Not satisfied with that, the team journeyed to Chicago, March 16, to take first over all the large schools of the mid-west in the Armour relays. Knappenberger won first in the high and low hurdles, equalling a record in the latter, and O'Reilly won first in the mile.

To win the conference meet, Kansas State barely nosed out Oklahoma 33 points to 31½. Nebraska ranked third with 27¼; Kansas fourth with 18; Missouri fifth with 15½; and Iowa State last with 7½. The Wildcats scored all their points in the running events.

Captain Joe Knappenberger was individual high point man of the meet with first in the high and low hurdles and a third in the 60-yard dash. Knappenberger, rated one of the

best hurdlers in the country, did not lose a high or low hurdle race in the indoor season.

Justus O'Reilly came in first in the mile run and second in the half-mile event. Bill Wheelock breezed in first and Charles Robinson third in the two-mile run, and Bruce Nixon placed second in the quarter-mile run. The second place by the mile relay team (Sweat, Messick, Dill, Nixon) gave Kansas State their victory in the last event.

The conference meet climaxed a season of three victories and no defeats for Kansas State in individual meets. Kansas, Nebraska, and Missouri had each previously gone down in defeat to the victorious Wildcats.

Kansas was the first victim at Lawrence, 68½ to 35½, February 9, when three new meet records were set by O'Reilly, Nixon, Wheelock, Robinson, and McColm.

Nebraska was defeated the following Saturday at Lincoln, 54½ to 49½, with a victory in the final event, the mile relay deciding the winner. O'Reilly set a new meet record in the mile run.

Missouri was defeated 51½ to 41½ in the final meet before the conference meet.

Asbill Waits for the Right One

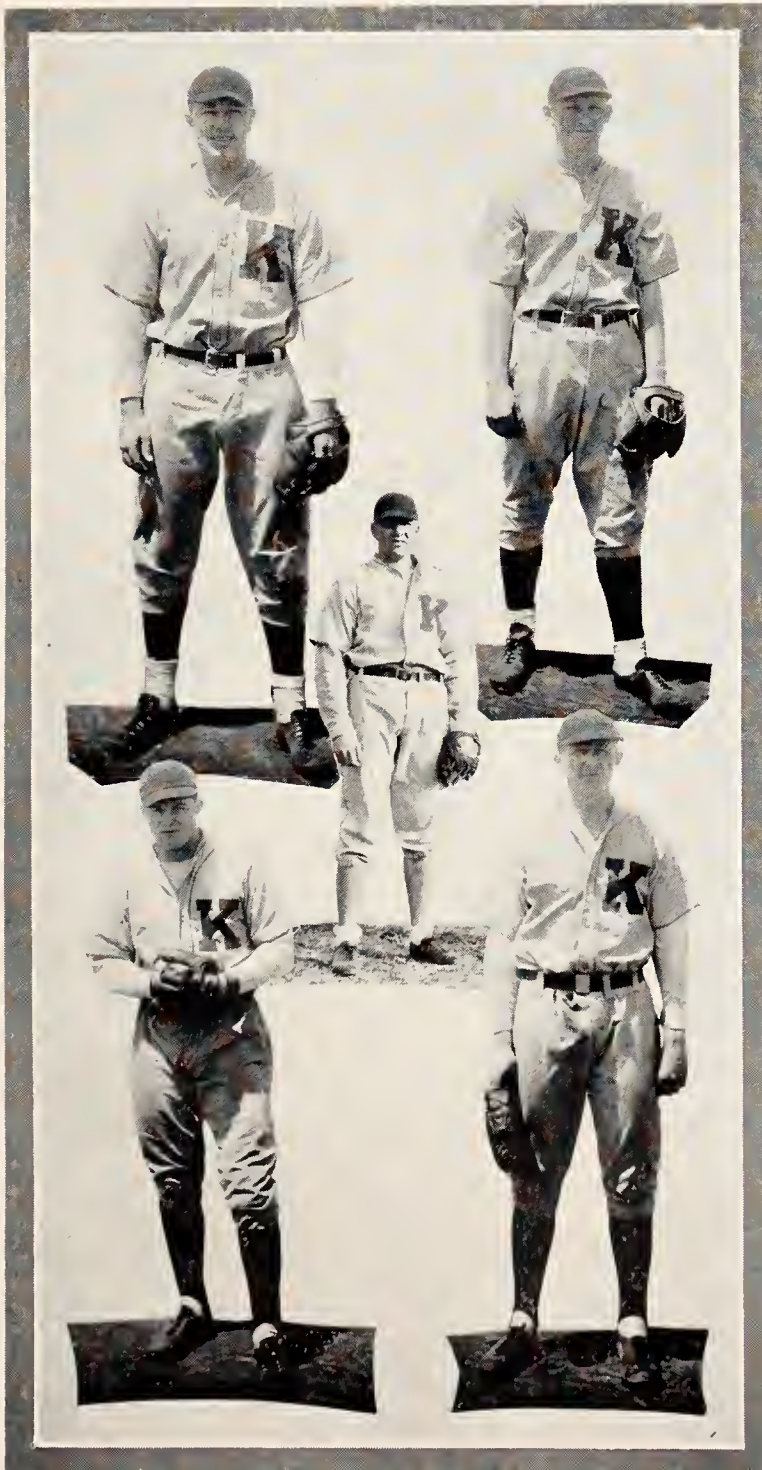

1934 BASEBALL SEASON

KANSAS STATE has long been noted for its fine baseball teams. The 1934 team, true to the Wildcat's record, was a winning ball club that played fast, smart baseball. It was a veteran team for the most part that represented Kansas State with the exception of the pitching staff. Only one hurler from last year's squad could be called upon. What green material was used, especially on the pitching staff, developed rapidly and consistently turned in good performances.

Although baseball was not a Big Six sport, the Aggies confined their competition to Big Six schools with the exception of Oklahoma A. & M. college. Of the fifteen games on its schedule, Kansas State won nine and lost six for a season's average of .600.

Kansas State opened its schedule by splitting a two-game series here with Nebraska. The Aggies won the four remaining games with Nebraska throughout the season, making five out of six wins against the Cornhuskers.

Both games with Missouri on the home diamond were won, the

ASBILL
KRATZER

RUSSELL

GENTZ
BOYD

LeClere Drives One Down the Third Base Line

second by the decisive score of 30-8. On the Missouri field, however, the Aggie batmen were able to convert only one of the two games into a victory.

Two contests with Oklahoma A. & M. resulted in a win for each team on its home diamond.

The Wildcats dropped three hard fought games to Oklahoma U. by a margin of one point each in a series played at Norman.

The Kansas State baseball club was exceptionally hard to beat on its home field, winning six out of seven contests before the local fans.

THE 1935 WRESTLING SEASON

By JACK McCLUNG

COACH B. R. PATTERSON, whose Kansas State wrestling teams have placed below third in conference standings only twice since he came here eight years ago, whipped an inexperienced squad into shape during the season and won a tie for second place in Big Six standings for the Wildcats.

The conference standings were determined at a Big Six meet at Ames, March 8 and 9, in which all schools were entered. With Fansher tying for first, Jessup, Young, and Swift placing second, and Sherar winning a third, the Wildcats scored sufficient points to place in a tie for second.

The top portion of the standings is not an unusual position for the Wildcats, since they have won several seconds, tied for first in 1929 and won the title in 1931.

To top off the season, the Kansas State team entered and won for the fifth consecutive year the Missouri Valley A. A. U. meet

held here on March 15 and 16, in competition with colleges, schools and clubs in Kansas, Oklahoma, and western Missouri.

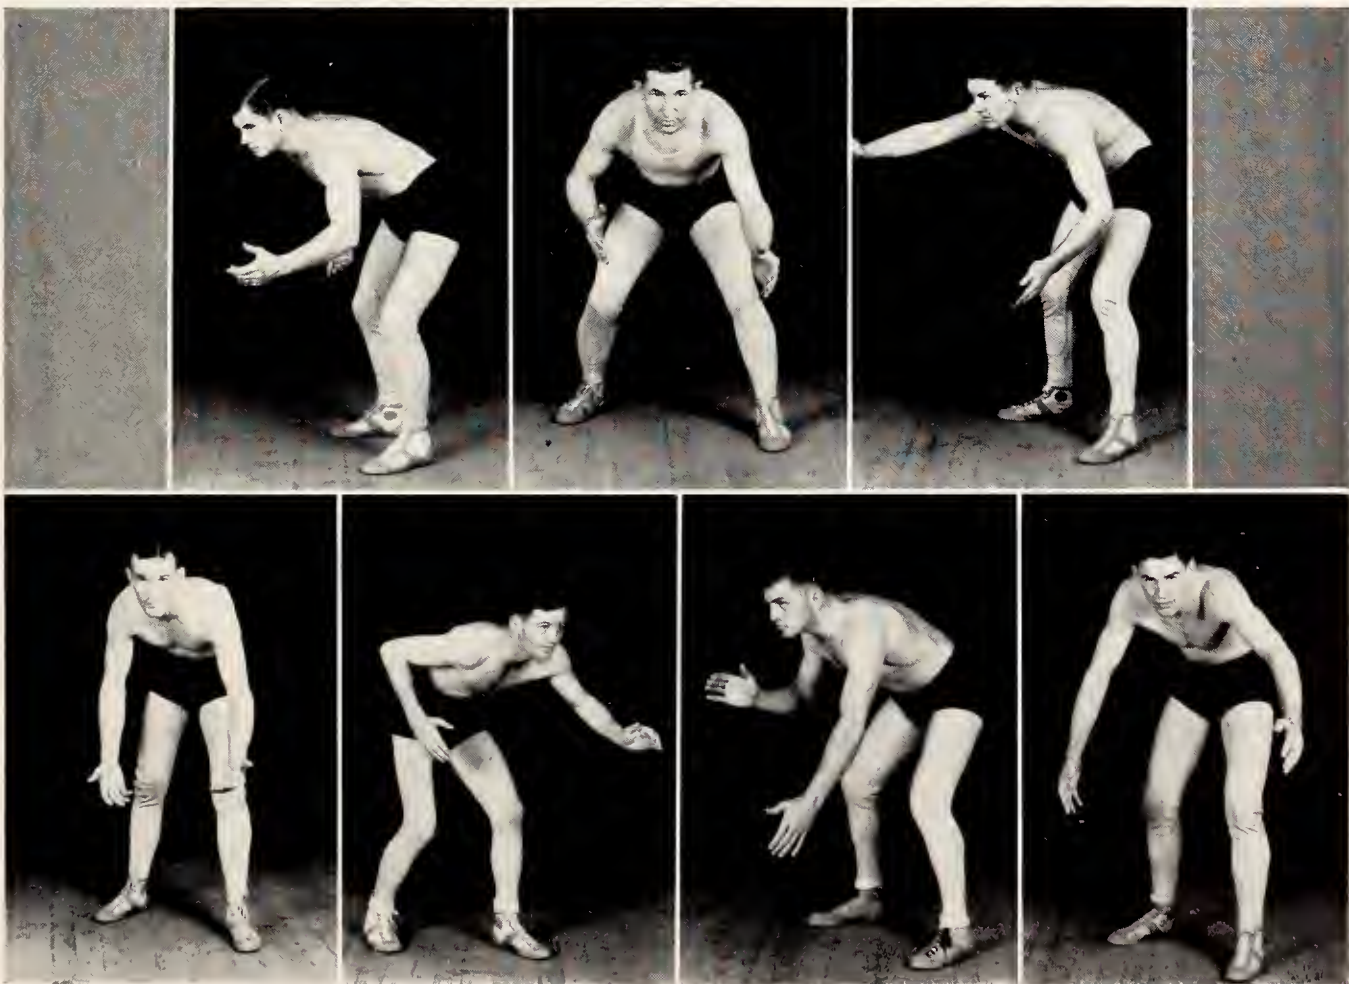

Richard H. Campbell served as captain during the season, and Gene Howe has been chosen as captain for the team next year.

Since only Campbell, Young, and Swift will be lost by graduation, and because of the experience gained in competition this year, prospects look bright for next season. Dual wrestling meets all ready scheduled include the Navy at Annapolis, Md., and Lehigh at Bethlehem, Pa.

The season record:

- Jan. 10—Kansas State 16, Missouri 18
- Jan. 17—Kansas State 18½, Kansas 9½
- Jan. 31—Kansas State 5, Oklahoma 25
- Feb. 9—Kansas State 10½, Iowa State 15½
- Jan. 24—Kansas State 0, S.W. Teachers 30
- Feb. 14—Kansas State 0, Cent. Teachers 26
- Feb. 28—Kansas State 18½, Kansas 7½.

Top row: CAMPBELL, JESSUP, YOUNG.
Bottom row: FANSHER, SHERAR, SWIFT, HOWE.

B. R. "PAT" PATTERSON

BOXING

B. R. "PAT" PATTERSON, head coach of wrestling and boxing and instructor in physical education, came to Kansas State College in 1927 from Oklahoma A. and M., where he graduated. "Pat's" teams have been unusually successful ever since his coming here.

Boxing, has occupied an important place in Wildcat minor sports. The Kansas State team lost but two out of six matches during the 1935 season.

The 1935 record:

Feb. 4—Kansas State 2 . . .	St. Benedicts 6
Feb. 11—Kansas State 5	Missouri 3
Feb. 18—Kansas State 3	Missouri 5
Mar. 12—Kansas State 7 . . .	St. Benedicts 1
Mar. 26—Kansas State 7	Nebraska 1
April 2—Kansas State 7	Nebraska 1

TENNIS

TWO 6 to 0 victories over Ottawa university proved to be the only wins chalked up for Kansas State's tennis team during the spring season of 1933-34. Two matches each were dropped to Washburn, Kansas university, and Nebraska university.

The season's two lettermen, Garland Hoglund and LeRoy Butler, were entered in the Big Six tournament held on March 18 and 19, and both were eliminated. Butler, however, won his first match by defeating Kell, Kansas university star.

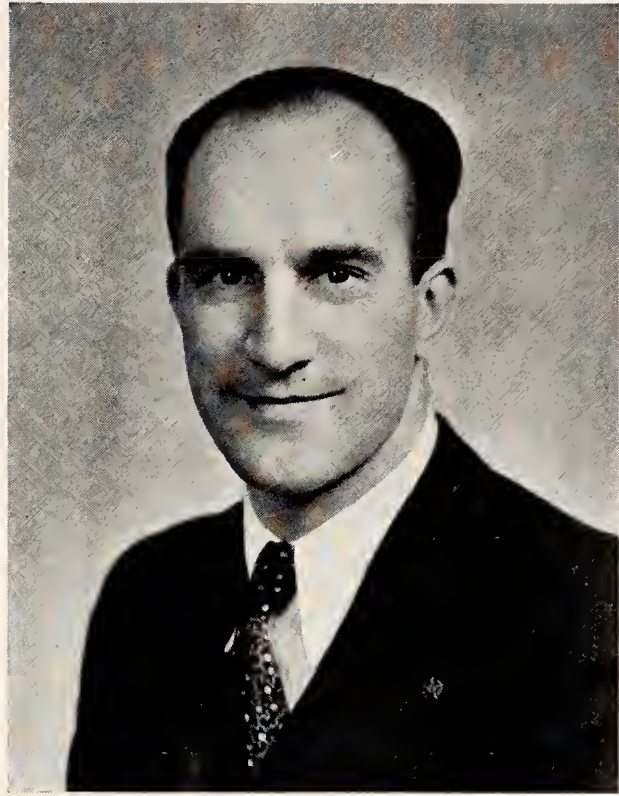

Garland Hoglund served as captain during the 1934 season and was selected to serve in the same capacity during the 1935 season. His brother, Glenn, also played for Kansas State several years ago, leaving here to enter West Point.

Those on the 1934 team were Garland Hoglund, LeRoy Butler, Richard Fowler, A. L. Bean, and E. L. Broghamer.

The season record:

April 6—Kansas State 0 . . . Washburn 6
 April 24—Kansas State 0 . . . Kansas 6
 April 25—Kansas State 6 . . . Ottawa 0
 April 28—Kansas State 1 . . . Washburn 5

C. S. Moll, head coach of swimming and tennis, and instructor in the department of

C. S. MOLL

physical education, came to Kansas State College in 1929 from Central Teachers College at Stevens Point, Wis., where he was varsity coach and director of athletics.

Moll graduated from Concordia College of Fort Wayne, Ind., in 1918 and received a bachelor of physical education degree from George Williams College in Chicago in 1925. He was awarded a masters degree from Kansas State College in 1933.

THE 1935 SWIMMING SEASON

KANSAS State swimmers took third place in the season's Big Six conference meet held in Lincoln, March 8 and 9, after having won four out of five dual matches during the season. This year's squad, according to Coach C. S. Moll, was the best the Wildcats have ever had.

Swimming is a sport which has been revived since Coach Moll came six years ago. The first dual meet was held in 1930. The opening meet this season, in which Kansas State defeated Washburn 46 to 37, was the first dual event victory in Wildcat swimming history.

The year's lettermen were Capt. Joe Creed, Robert Blanche, David Umberger, Sid Brady, Keith Lassen, James Gaume, Wilbur Combs, Grover Steele. To win a letter, it is necessary to win a first in a conference dual meet, or to place in the Big Six meet.

Joe Creed, Bartlesville, Okla., the mainstay of the squad, has the unique record of being the only captain of a sport at Kansas State College to serve in that capacity for

three years. His best events were the 50, 100, and 220 yard free style races.

This was the first year that Kansas State entered the A. A. U. district meet at Kansas City, and there won third places in the medley relay, free style relay and 150 yard back stroke.

After winning the opener from Washburn, Kansas State defeated Kansas university at Manhattan on February 12 by a score of 48 to 35.

A week later Washburn again went down in defeat, this time at Manhattan 50 to 34. On February 23, the Wildcats won from Kansas at Lawrence 45 to 38. At Lincoln, on February 28, the Wildcat swimmers, meeting Nebraska's strongest team in history, went down in defeat 66 to 18.

Much promising material was discovered in the freshman squad, and freshman numerals, awarded on the basis of potential ability, were given to Leland Ward, Amison Jonnard, Martin Pattison, Don Justice, Bruce Blanche, Newton Eaton, Robert Anderson, and James Graves.

INTRAMURAL ATHLETICS

By GEORGE HART

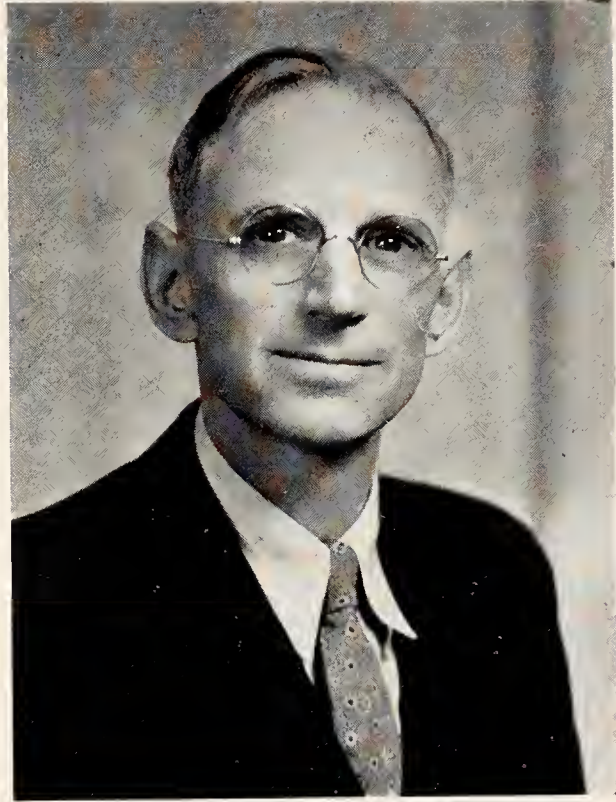

INTRAMURAL athletics have been in existence at Kansas State College for fourteen years. During the first year three sports were used. For the year 1934-35, fourteen sport activities were included in the intramural program.

Intramural athletics are designed to meet the needs and requirements of that large number of students who do not take part in varsity athletics through lack of time, ability, or inclination. The aim is to furnish recreation, exercise, social contacts and the development of good sportsmanship. The intramural program also offers every man in college the opportunity to acquire the necessary skill and interest in some form of pleasure and the benefit of his health.

Sweaters and intramural emblems are given to the ten men who score the greatest number of points during the year, and emblems only are given to the next ten high score men. Gold medals are given to the winners of all individual events. Trophies are awarded to the organizations winning the team sports.

A large and beautiful challenge trophy was offered for the first time in 1927 which will become the permanent property of the organization that wins it three times. During the years since then only one fraternity has succeeded in winning the trophy twice—Delta Tau Delta having done so in 1928 and 1933. Phi Kappa Tau fraternity won the trophy in 1933-34 and Kappa Sigma fraternity was runner-up.

The department attempts to provide facili-

PROF. L. P. WASHBURN
Director

ties for all types of sports in which there is interest shown on the part of the students. It is the hope and aim of the intramural department that every man in school will be able to take part in at least one of the activities of the intramural program.

Touch football became an intramural sport this year for the first time. Over 250 men competed on 21 different teams. Delta Tau Delta fraternity tied for the championship with Wesley Foundation Athletic Club.

DELTA TAU DELTA
Touch Football Co-Champions 1934-35

Members of the winning
Delta Tau Delta team are:

Back row, left to right: H. Duckenfield, H. Steiger, M. Strole. Middle row: J. Sanders, M. Martin, C. Johnson, W. Pollom, H. Linns. Front row: K. Rall, V. Warner, W. Hjort, D. Porter, H. Ross, L. Baker.

INDOOR TRACK CHAMPIONS

SETTING a new intramural record in the medley relay of 1 minute 38.3 seconds, and winning other events, Phi Kappa Tau fraternity won the indoor track championship in intramurals for 1933-34. Sigma Phi Epsilon fraternity was runner-up. Over 143 men competed in the ten events.

INDOOR TRACK CHAMPIONS
1933-34
PHI KAPPA TAU

Left to right—Back row: Louis Sweat, Leonard Carrel, Gene Mock, K. O. Lassen. Front row: L. Johnson, Max Gallagher, H. C. Johnson and H. H. Stark.

OUTDOOR TRACK CHAMPIONS

DUPLICATING their feat of winning the indoor track championship, Phi Kappa Tau fraternity won the intramural outdoor track championship with the Wesley Foundation Athletic club team as runner-up, for the season of 1933-34.

The track trophy, which includes all points made in both indoor and outdoor competition, was also won by Phi Kappa Tau.

OUTDOOR TRACK CHAMPIONS
1933-34
PHI KAPPA TAU

Members of the winning team are: Left to right—Back row: Mock, Carrel, Lassen, Nelson, Vandegriff. Front row: Butler, V. Johnson, Worrel, Stark, L. Johnson, H. Johnson.

HARDBALL

IN HARD BASEBALL, the Veterinary Medical association team won the championship for the second consecutive year, while the Aggie Knights were runners-up for the second consecutive year. Eleven teams entered with 158 men participating.

Members of the winning team:

Left to right: C. M. Stay, C. W. Schulz, F. H. Nelson, L. C. Donat, L. D. Michael, Chas. Robinson, James Kool, Paul Ross, W. M. Osteen, Ben Winchester, Hert Sibert, Jacob Spring.

HARD BASEBALL CHAMPIONS
VETERINARY MEDICAL ASSOCIATION

SOFTBALL CHAMPIONS 1933-34
PHI KAPPA TAU

SOFTBALL

SOFTBALL champions for 1933-34 was Phi Kappa Tau, who defeated the Sigma Phi Epsilon team in the final game following the playing of a 12-team bracket.

Members of the winning team:

Left to right: Warner, Lemon, Carrol, V. Johnson, Mack, Butler, Lassen, Gallagher, Rees, H. Johnson, Nelson, Stark Vandergriff, L. Johnson.

INTRAMURAL WRESTLING CHAMPIONS 1934-35

WRESTLING

ALPHA Gamma Rho fraternity won the wrestling championship, while the Wesley Foundation Athletic club were runners-up.

Members of the winning team:

Left to right: Back row—L. Smith, W.F.A.C., 175 pounds; L. Zerbe, A.G.R., heavyweight; W. Carleton, Ind., 165 pounds; D. Berry, W.F.A.C., 155 pounds; Front row: H. Gurwell, Ind., 118 pounds; C. Warner, A.G.R., 135 pounds; W. Thomas, A.G.R., 126 pounds; D. Duncan, W.F.A.C., 145 pounds.

BASKETBALL CHAMPIONS

INTRAMURAL BASKETBALL CHAMPIONS
W F. A. C.

*Top row: M. Jensen, G. Foster, R. Hotchkiss.
Bottom row: R. Jensen, M. Pattison, E. Klimek.*

THIS year was the biggest ever for intramural basketball. With 34 teams entered and over 368 men participating, it was found best to divide the independent and fraternity teams into separate groups. The enthusiasm of the independent teams was in a large measure responsible for the success and large entry in the sport.

The Wesley Foundation Athletic club defeated the I. P. L. independent team 30 to 16 for the title.

TENNIS CHAMPION

OUT of a total of 162 men who competed in the tennis singles in intramurals, Leo C. Ayers, Sigma Nu, won the 1933-34 championship.

KAPPA SIGMA TEAM

*Top row: F. H. Cooley, L. Shaffer, J. Van Sant.
Bottom row: S. G. Asbill, J. Hanson, J. Abbey.*

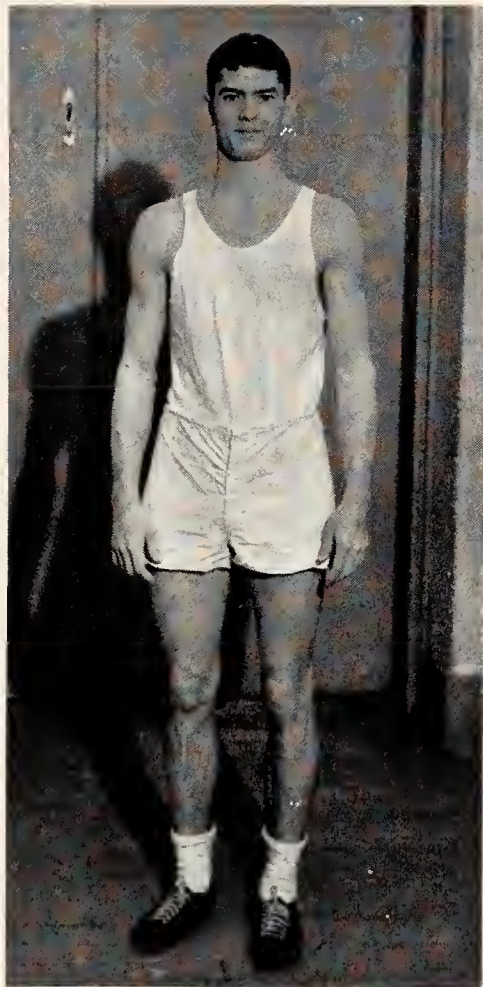

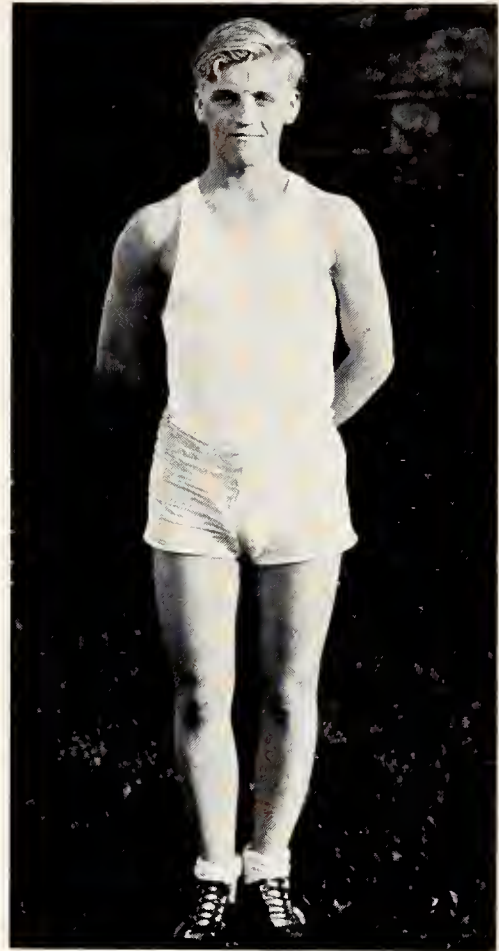

TENNIS SINGLES CHAMPION
LEO C. AYERS

KAPPA SIGMA won the fraternity basketball championship by defeating the Phi Kappas 16 to 13 and the Pi Kappa Alphas 24 to 14.

HANDBALL CHAMPIONS

THE winning of the handball singles championship for 1933-34 was just a duplication of performances of two former years for Eddie Broghamer of Lambda Chi Alpha fraternity. In the singles tournament, Broghamer won the championship from over 96 other contestants. Teaming with Joe Creed, also of Lambda Chi Alpha, the pair came out victorious over a field of over 64 teams.

E. L. BROGHAMER
HANDBALL SINGLE CHAMPION
1933-34

HANDBALL DOUBLES CHAMPIONS
JOE CREED and E. L. BROGHAMER

CHARLES JOHNSON
INTRAMURAL GOLF CHAMPION

GOLF CHAMPION

FROM a field of entrants representing 14 organizations, Charles Johnson of Delta Tau Delta fraternity won the golf championship with a 77 score shot on the American Legion course in spite of a raw, windy day. D. C. Wesche shot a 79 for runner-up.

HORSESHOE CHAMPIONS

HORSESHOE CHAMPIONS 1934-35
KEN PHELPS and J. T. WALLINGFORD

OUT of 112 men competing in intramural horseshoe singles, Kenneth Phelps defeated J. Wallingford in the finals match, to win the championship. Then teaming together the two men defeated J. O. Thompson and F. Cooley of Kappa Sigma fraternity to win the doubles championship. Seventy-four men competed in the doubles matches.

AGGIE KNIGHTS
VOLLEY BALL CHAMPIONS 1933-34

VOLLEY BALL CHAMPIONS

IN THE intramural volley ball tournament, 22 teams composed of over 245 men entered competition. The Aggie Knights athletic club won the championship, defeating the Phi Kappa Tau fraternity team in the final game for the 1933-34 season.

Members of the winning team:

Left to right: Front row—M. A. Weihe, W. C. Lacy, E. L. Ruff. Back row: J. Dickens, W. H. Walker, E. Walker.

Women's Athletics

THE fetters are shattered . . . woman is free . . . and does she like it! The realization has come that women need physical development as well as men. A complete department of the college is devoted to giving women a chance at physical development . . . and preparing them to teach it to others.

WOMEN'S INTRAMURAL DANCING

One of the most popular and competitive sports during the fall semester was dancing. Teams competed in social and interpretive dances. Below is pictured the Kappa Kappa Gamma dancing team.

W. A. A.

TO FOSTER the ideals of good sportsmanship, to create an interest in gymnastic activities, to promote physical efficiency, scholarship, and good fellowship among the women of Kansas State College and throughout the state of Kansas, is the purpose of W. A. A.

WOMEN'S INTRAMURAL ATHLETICS

By LOUISE RATLIFF

BROWNEWELL, WOODINGTON, AICHER, CRAWFORD, FEARING, KITTELL.

THE women's intramural program was started in 1924 to give to girls not enrolled in the regular gymnasium classes a chance to participate in some sport. Any woman in college may enter into any intramural activity.

The department offers as many activities as time, space and equipment will permit and interest demands. There are now eight, namely—volleyball, basketball, tennikoit, tennis, baseball, swimming, horse-shoes, and dancing.

The aim of the intramural department is "A sport for every woman and a woman for every sport."

POSTURE CONTEST

Six girls from the Van Zile hall team won the posture contest this year. They are Eva Brownwell, Agnes Woodington, Corinne Aicher, Donna Belle Crawford, June Fearing, and Marjorie Kittell.

Top row: KING, SPIKER, KNOSTMAN, MALL.
Second row: MORGAN, BRYAN, KELLY, SINGLETON.
Bottom row: WESTERMAN, KLING, TURNER.

VOLLEY BALL

The first activity to be introduced in the women's intramural program was volley ball.

The champions this year were the "X" team made up of Inez King, Annie Spiker, Virginia Knostman, Nevabelle Mall, Ilene Morgan, Virginia Bryan, Elizabeth Kelly, Frances Singleton, Gladys Westerman, Florence Kling, and Gladys Turner.

WOMEN'S INTRAMURAL ATHLETICS

TENNIKOIT

Tennikoit is one of the newest sports, as it was introduced only three years ago.

The Van Zile hall team also won in tennikoit. The members are Eva Brownwell, Donna Belle Crawford, Agnes Woodington, Mary Williams, Marjorie Kittell, and Laura Jo Skillin.

Top row: BROWNEWELL, CRAWFORD, WOODINGTON.
Bottom row: WILLIAMS, KITTELL, SKILLIN.

DANCING

Kappa Kappa Gamma won in intramural dancing this year. The girls below are Wilma Rae Womer, Margaret Bryan, Wilma Lee Matherly, Gloria Bingesser, and Doris Kubin.

COLLEGIAN BOARD

KEITH

CLAASSEN

DEXTER

THOMAS

THE task of the Collegian Board is to select the editor and business manager of the Collegian, positions for which any student may apply, and which usually last for one semester. The board is always composed of the head of the journalism department, the presidents of Theta Sigma Phi and Sigma Delta Chi, and two members elected by the subscribers of the Collegian. This year the members are respectively, Prof. E. T. Keith, Ruth Thomas, Richard Haggman, Barbara Claassen, and Wayne Dexter.

COLLEGIAN STAFF

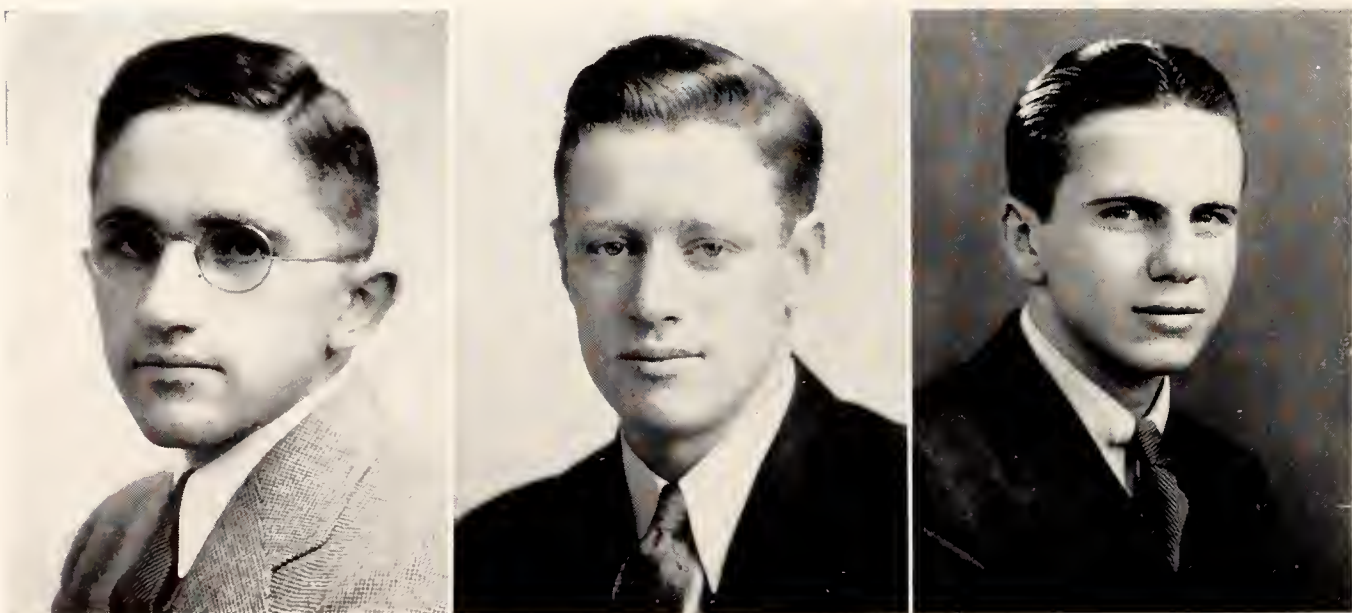

THE bi-weekly college newspaper, the Kansas State Collegian, was edited the first semester by Max Burk and second semester by Wayne Dexter, both students in the department of journalism. Lloyd Riggs, another journalism student, acted as business manager the entire year.

Other staff members chosen by the editors are as follows: First semester: assistant editors, Richard Haggman and Don McNeal; sports editor, Dan Partner; society editor, Louise Ratliff. Second semester: assistant editor, Jose Martinez; sports editors, Dan Partner and Bill McDanel; society editor, Barbara Claassen.

RIGGS

PUBLICATIONS BOARD

FOR the first time a graduate manager of student publications was appointed this year to serve as adviser and counselor in matters relating to the Royal Purple and the Collegian. The purpose of the position is to provide some experienced graduate who will carry on from year to year as the student staff members of the publications change.

The purpose of the Publications Board is to supervise the election of the Royal Purple staff members and act on all matters confronting the college yearbook. This year the board was made up of the head of the journalism department, two faculty members appointed by the president of the college, and three student members appointed by the Student Governing Association council. Present members are Prof. E. T. Keith, acting head of the Department of Journalism, chairman of the board; Prof. H. W. Davis; Prof. R. I. Thackrey; Leland Propp; E. E. Sundgren; Myra Roth, first semester; Louise Ratliff, second semester.

Next year the Publications Board will take over the tasks of the Collegian Board

C. J. MEDLIN
Graduate Manager, Student Publications

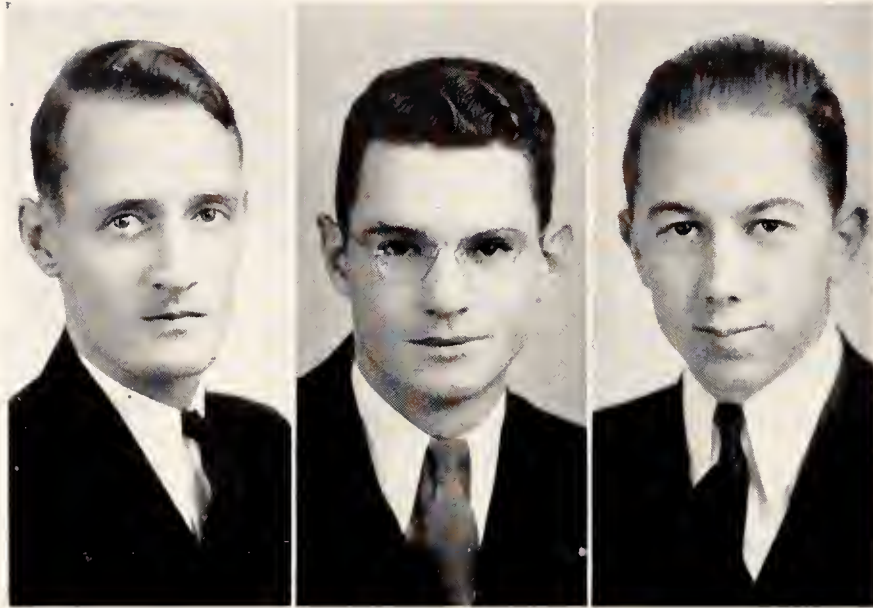

in addition to those concerning the Royal Purple and select from applications the staff members of both the Collegian and the Royal Purple.

Also next year, the student members of the board will be elected by the entire Student Governing Association at the same time the election of its council takes place.

STUDENT DIRECTORY

IT IS one of the duties of the Student Governing Association council to publish the student directory each year. This year Joe Knappenberger, president of the council, was business manager and Howard Moreen, vice-president, was editor of the directory. Other members of the council are Howard Hudiburg, Myra Roth, Henry Kirk, Louise Ratliff, and P. W. Neuschwanger.

The book was given free-of-charge to any student enrolled at Kansas State who presented his activity book. A charge of twenty-five cents was paid by other persons.

The student directory for 1934-35 con-

tains names of the administration officials at Kansas State; the board of regents, and the student council; officers of instruction and administration, their position, office and residence telephone numbers; names of all students at Kansas State, division in which enrolled, how classified, home town, address and telephone number in Manhattan; the constitution of the Student Governing Association; information on student loan funds; regulations governing fraternity membership; the college calendar; two college songs; a list of the organizations at Kansas State; directory of the sorority and fraternity houses; housemother list; and information concerning buildings and rooms.

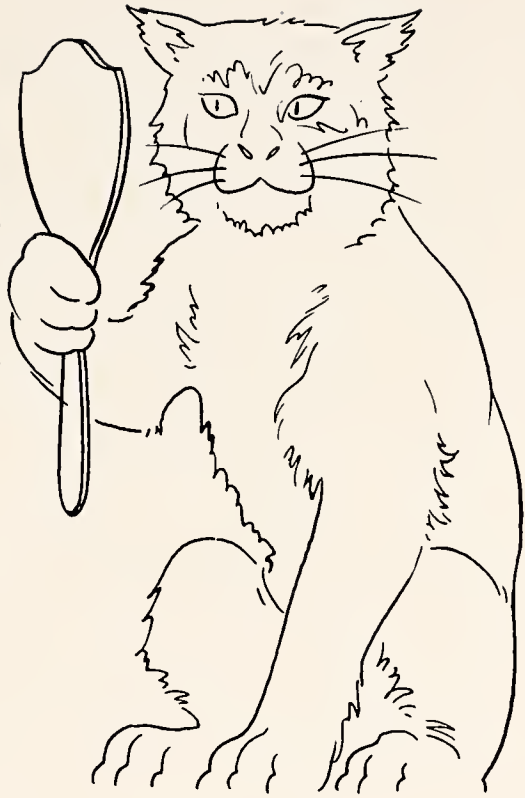

The student directory was first published in the Kansas State Collegian to give every person a chance to notify the proper people if a mistake had been made in the spelling of his name or address.

The directory is usually used at the time of the student elections. As each student votes, his name is marked off in the book.

The book contains no advertising and the amount needed to publish it is allowed in the budget of the Student Governing Association council.

Approximately all of the 3,000 directories printed were distributed to students and faculty members and to the merchants in Manhattan.

Beauties

THESE five girls, Royal Purple Beauty Queens for 1935, were chosen from 34 candidates as Kansas State's most beautiful, by Taylor Biggs "Tate" Lewis, Kansas City artist and manager of the Muehlebach Grill, at the Royal Purple Beauty Ball. Karl Fitzer, also a Kansas City artist, assisted with the selections. Excellent choices, what!

THE ROYAL PURPLE BEAUTY BALL

The Beauty Ball was held on December 15, 1935, in the Wareham Ballroom. "Pee Wee" Brewester's Band furnished the music. Below are pictured the five beauties with the judge. Joanne Stone, Delta Delta Delta; Wilma Leigh Matherly, Kappa Kappa Gamma; "Tate" Lewis, judge; Kay Holman, Chi Omega; Mary Heeter, Pi Beta Phi; Betty Powell, Chi Omega.

Military

'T EN—SHUN! . . . Right Shoulduh . . . HARMS! No matter how you stand on the peace question, "the army" affords excellent training . . . discipline, development, both mental and physical . . . a little more knowledge in another line . . . and for the advanced R.O.T.C. student, poise and assurance . . . and another possibility when the time comes to earn a livelihood.

THE MILITARY BAND

The military band, under the direction of Professor Max Martin of the Kansas State college music faculty, functions mainly during parades and military displays.

MILITARY TRAINING

LIEUTENANT COLONEL JOHN S. SULLIVAN
Commandant of the Kansas State College
R. O. T. C. Unit.

THE first officer detailed by the War Department as Professor of Military Science and Tactics was Brevet Major General J. W. Davidson who—"as soon as his previous army engagements were closed, entered on his duties here—." In addition to his other duties, he taught surveying, navigation, French, and Spanish.

The National Defense Act of 1916, as amended in 1920, widened the scope of this department and, in addition to the basic military training for the first two years, added two additional years, elective and limited in the number who may be admitted. The graduates of the advanced course, receive commissions in the Officers' Reserve Corps of the Army of the United States.

The following are the commissioned and non-commissioned officers of the United States Army now serving as instructors in the unit; Back row, left to right: CAPTAIN WILLIAM A. SWIFT, SERGEANT ELMER J. LARSON, MAJOR LEROY H. LOHMANN, SERGEANT ROY E. WILSON, CAPTAIN IRA E. RYDER.

Front row, left to right: FIRST LIEUTENANT HALVOR H. MYRAH, CAPTAIN LEONARD R. CREWS, CAPTAIN WILLIAM F. REHM, SERGEANT HARVEY O. WILLIAMS, SERGEANT CLIFFORD D. McDONALD.

FIELD OFFICERS

THE Reserve Officers' Training Corps has its own field and staff officers. The field officers of the Kansas State College R.O.T.C. Regiment are one Colonel, one Lieutenant Colonel, and three Majors. The Colonel is the regimental commander, the Lieutenant Colonel is the executive officer and the Majors are the commanders of the three battalions.

There are infantry, coast artillery, and veterinary units in the R.O.T.C. at this college. In 1932 Congress passed a law that abolishes the medical, veterinary, and dental R.O.T.C. units, and so this will be the last year of the veterinary unit.

The cadet field officers are selected from among the second year advanced course R.O.T.C. students. The advanced course is a two-year elective course and upon the successful completion of the same the graduates receive commissions as second lieutenants in the Officers' Reserve Corps of the Army.

The customary procedure in the selection of the field officers is to alternate their appointment in such a manner that this year, for example, the Cadet Colonel and two

COLONEL A. A. THORNBROUGH

Majors were chosen from the Infantry unit and the Cadet Lieutenant Colonel and one Major from the Coast Artillery unit. Next year the order will be reversed.

Left to right: Lt. Col. D. E. Swift, Major J. K. McNay, Major H. A. Moreen, Colonel A. A. Thornbrough, Major W. E. Combs.

SCABBARD AND BLADE

THE Kansas State chapter of Scabbard and Blade was started in 1914 and is known as L Company, First Regiment. It is a national honorary organization of cadet officers with chapters called companies at the majority of colleges and universities where military science and tactics are taught.

Members are classed as active, alumni, associate, and honorary. Active members are chosen from cadet commissioned officers. Honorary members include distinguished men in the military service of the United States, including the Navy, National Guard and Organized Reserves. In addition, a number of honorary members have been admitted because of special interest in military affairs. Officers of the United States Army stationed at the university, university authorities, active and retired officers of the United States Army, Reserve Corps, and National Guard, may be admitted to associate membership. This provision enables the company to work in close harmony and cooperation with the military authorities.

The organization of the society of Scabbard and Blade was the result of a feeling on the part of a number of college men that such a military society was necessary to develop and foster the ideals and practice of military education in the United States and particularly in the various colleges and universities in which military science and tactics was a part of the curriculum.

To satisfy this need, five of the field officers of the University of Wisconsin regiment organized in 1904-05 what is now known as A Company, First Regiment, Scabbard and Blade. From this has grown 82 chapters.

HONORARY FIELD OFFICERS

ON THE Military Field Day early in May, the entire Kansas State regiment passes in review before the four honorary field officers, climaxing the year's military training. The officers, Honorary Cadet Colonel Donna Johnson, Honorary Cadet Majors, Gladys Niles, Ivernia Danielson, and Betty Powell were chosen from eight candidates by a vote of all students enrolled in military training. The candidates were nominated by the members of the advanced R. O. T. C. classes.

Miss Johnson received the highest number of votes and was named honorary cadet colonel. The next three highest were named honorary cadet majors. All were formally presented at the annual Military Ball, January 12, in the Wareham Ballroom. The Military Ball is the only all school formal party of the year.

Miss Johnson and Miss Powell are members of Chi Omega. Miss Niles is a member of Delta Delta Delta and Miss Danielson is a member of Alpha Delta Pi.

THE RURAL BURPLE

- DIRECTIONS: (1) Read from left to right.
(2) Turn pages from right to left.
(3) Read with a grain of salt.
(4) Throw all discretion to the four winds.

LADIES, gentlemen, and others who may be interested in the event that you have struggled through this year book thus far—We now present the commonly, but often uncommonly, called, humor section. Webster in one of his tricky dictionaries says that (much to our surprise) "Humor is a morbid animal fluid. Any chronic cutaneous affection due to a morbid state of the blood. An uncertain state of mind; caprice; and in *pl.*, a freakish whimsical doing. The faculty of discovering, expressing, or appreciating the ludicrous or in in—" and so on. Now we do not want this section to take on the appearance of a medical journal, nor do we want it to look like a coroner's report. So may our efforts proceed—

A brief explanation of what we are trying to do: (1) to give some privileged few the age-old razzberry, (2) to provide something besides an abrupt ending to the book, and (3) to give those people, who seemingly need it, the royal rupe-de-deupe because the editor of this here publication cannot on account of the financial support. This section will accomplish, (1) nothing. If you are of the old order maybe you can see the foolishness of our alleged capers, if you are not, the best thing to do is to start studying right now.

Moro Street at Twelfth

Manhattan, Kansas

When you first open the annual you will notice that this book is dedicated to the Big Six Champs. Before the football season ended the book was dedicated to dear old Dad. Maybe it will be dedicated to that well known institution concerned directly with college next year.

While you thumb through the pages no doubt pleasant memories will return to you as you view the walks, paths, and buildings. Many things have been said in regard to the beauty of our campus so we will not elaborate further.

The buildings pictured in the pages of The 1935 Royal Purple are silent reminders of the futility of it all—it is just like the pessimistic ditch-digging Ph.D. said: "I didn't go to college to learn how to dig a ditch; I went to college so that I could appreciate the cultural aspects that I could derive from reading after I come home from work." These buildings will bring back memories, however questionable they are, about Jake Faulkner's rhetoric classes; I. Victor Iles and his patented American government; "Porky" Thompson of the economics department; "Sleepy" Davis and his botany; "Wild Bill" Janes and his math subjects; any journalism teacher and their inconsistent and ridiculous methods of teaching and practicing their elated subjects—yes, we could rattle on forever but why should we?

We now dive into a rather touchy subject—that of dicussing the faculty. We cannot say much in regard to the present members of the faculty without getting the editor into hot-water, and then just why should we gripe about the faculty—if they are good enough to have most of the people fooled why not let them stay, they are not doing any harm. The only advantage, to the purchaser of this book, as far as these pictures go, is that he, the

fellow with the money, can gleefully thumb his nose at the professors while they stand out in bold relief on the pages of the 1935 Royal Purple, price \$3.50 if you turn in the coupon before—pardon us, that is our pep talk.

Read on, suckers (and friends). The next section published in this book is the class section. This section is for the privileged few who have the extra money to spend on pictures. It all goes to prove that a fool and his picture are very seldom in the same place or something.

Next, we will not divulge our secret opinions, about these societies or what have you. One of the main centers of attraction is Phi Kappa Phi, that worthy organization of the intellectuals. Probably Doc Volstead, Carrie Nation, and Huey Long are typical members of this clan. Do not confuse this organization with Sigma Alpha Epsilon, if you do you are either drunk or have the grade reports turned upside-down.

Included in this assortment of riff-raff we have everything from the Cosmopolitan Club to Scarabs. Maybe a separate discussion of all of the organizations would bore you so we will include a true and false quiz to help you fathom the meaning of the organization.

(This quizz is applied to all of the general organizations on the Hill.)

- (1) The members are prone to drink intoxicating beverages. (T.) (F.)
- (2) The members drink intoxicating beverages until they are prone. (T.) (F.)
- (3) The members are of the intellectual quality. (T.) (F.)
- (4) The members are all (censored). (T.) (F.)
- (5) Most of the members are (censored). (T.) (F.)

(Continued on next page)

\$10,000 Wouldn't Buy Your Eyes ... Yet You're Risking Them for Nothing!

If you study under the light of a large single socket table lamp, place it in a position that keeps your face in the shadow. The writing pad should be well lighted from one side. Keep the raw light from shining directly in your eyes. No glare should be reflected from the paper.

If you study at a desk or secretary, under the light of an adjustable type of low floor lamp, place the lamp to the left. This will avoid shadows on your work and will keep the bare bulbs out of your direct line of vision.

If you use a floor lamp, it should be placed slightly BEHIND, and to one side of your chair. The bare bulbs will then be out of your line of vision. The shade should come well below the bulbs and a good light should reach your book.

If you have not had the advantages of better light provided by the new I. E. S. Reading and Study Lamp we suggest its use. *Tested* and *approved* by the Illuminating Engineering Society, it is correctly designed to *eliminate eye strain* and *fatigue*.

KANSAS CITY POWER & LIGHT COMPANY
KANSAS CITY, MO.

- (6) A (see above censors) may venture into the ranks if he has the money. (T.) (F.)
- (7) The organization was organized because some person wanted to be the head of something. (T.) (F.)
- (8) New members are ousted if they are caught studying. (T.) (F.)
- (9) Old members are ousted if they do not study at least before quizzes. (T.) (F.)
- (10) This is getting old and we are getting sleepy. (T.) (F.)

Now that we have the above corruption (you all know what comes before corruption) eliminated let us go to the better known organizations.

SCABBARD AND BLADE. Looking through an old Royal Purple we find that this outfit was amply labeled: "A group of tin soldiers who have carried the step a little too far."

THETA NU EPSILON. This organization has a secret membership. Most of the non-members know parts of the ritual, and some of the little tricks that go to distinguish the members of this all too noble order. About the only thing that is not generally known about the outfit is just why it functions.

SIGMA DELTA CHI. This is an honorary journalism fraternity. The members are requested not to smoke in the chapter room in the rear of Kedzie hall. All men journalists are urged to join for the nominal fee of umpty-umpty dollars.

ALPHA TAU OMEGA. An organization that once had Wayne (Anti-Everything) Dexter as a pledge. Need we say more?

ACACIA. An outfit that disturbs all of 16th street when they get up in the morning. Yes, they still have a chapter at Kansas State.

What Will the Future Bring?

EVERY young man or woman of today wonders what tomorrow will mean for him or her. Whether you measure your success in dollars and cents, or in contentment and respect of those in the community in which you live, there is just one answer . . . and that answer is THRIFT.

TO practice this golden virtue is the only assurance that you will reap the reward to which your education entitles you.

IN appreciation of the wonderful work that the Kansas State College and her students are doing for our State, the Associated Banks of Manhattan take pleasure in extending this message on "Better Citizenship" to you through the 1935 ROYAL PURPLE.

ALPHA GAMMA RHO. This is a group of farmers who have banded themselves together under the common head of a "frat." Gene Sundgren is the main attraction because of his girlish ways.

ALPHA KAPPA LAMBDA. Look on page 126 for 21 reasons that the AKL's do nothing, see little, and hear everything.

BETA THETA PI. This fraternity is the colyumnist's paradise. Once a great man wrote: "You can write most anything sarcastic, juvenile, or Kimballish, and attach Beta to it and everybody (supposedly) will split their sides. In Betadom the big thing is money, the little thing is McClung who goes in for his Child Life, hair, guts, feathers, and all.

DELTA TAU DELTA. Last year the Delts were given the startling ovation "The Delt flower is the pansy—draw your own conclusion." The Delts still have their bouquet but some of the pansies have graduated either legally, illegally, or they are like the smart fellow who thought that he had learned how to dig a ditch after a year and half of the grind. Don Isaacson is back in school—now you can stop and go into a bull-fest.

FARM HOUSE. The boys have finally put this group on the paying basis. It took three years for these boys to carve, for themselves, the notoriety gained by being the smartest collection of morons on the Hill.

KAPPA SIGMA. This outfit of mongrels gleaned from all corners of the earth distinguish themselves with spats, derbies, turtle neck sweaters, broken bottles, and dirty necks. About the only thing that the Kappa Sigs have this year is George Maddox who made the All-American football team and every Kappa Sig scrap-book in the country.

"Say It With Flowers"

Many occasions during a school year call for Flowers.

On those occasions call us—

We can make school life more joyful.

Without cleaning you”*

PHI DELTA THETA. One of the main reasons for Phi Delta Theta existing at Kansas State is that the people of Garden City want a convenient place for their children to stay together.

PHI KAPPA. This is being written on Thursday and all of the Phi Kappa's are out fishing. Therefore we cannot ask them what they have to offer.

PHI KAPPA TAU. Shades of Darnell, and Gallagher. Smells of lemon, etc. They all go to make up the local chapter. The big thing about these people is that they have more cars per capita and per capital than any other fraternity on the Hill.

PHI LAMBDA THETA. This is a group of fine fellows who still call their fraternity a "frat."

PHI SIGMA KAPPA. All of you know, have heard, have heard of, or have seen the great Joseph Jerome Harshaw. We claim that he is the biggest attraction for the Phi Sigs since Auker. The housemother of the local chapter once asked Harshaw if the fellow with him was a friend or just a new bootlegger. Harshaw, with his cute little comeback, said "No."

PI KAPPA ALPHA. This fraternity was supposed to have been originated by a group of ten drunken soldiers one evening previous to the depression. The local mess has been trying to re-organize ever since. A Pi K A, as they are commonly called in good company, needs just two things—(1) a pair of pants; and (2) the price of two cokes.

After the dance or show . . .

Students' Favorite Downtown Eating Place

GEORGE J. SCHEU, Prop.

open all night

In the Bus Station at Fifth and Poyntz

SIGMA ALPHA EPSILON. This fraternity, it's been said, was formed by the ten soldiers of Pi K A later on in the evening. About the only things SAE can boast of is a bunch of sheep-herders, crooners, and parlor trick artists. Howard Anthony Moreen, the big brush-ape, is the main romancer of the bunch—in fact he is just so much clay in the hands of the Johnson family, but on second thought, he dropped them like a hot rivet when he caught on to their ways. (Added by request.)

SIGMA NU. This company is noted for jittering and Alpha Delta. The following is the rank and file of the jitters: Bill Lutz (the shade of the old Swede), chief jitterer; "Tuffy" Haines, second in command; Jim Mayden, chief-shower-offer; Bill Brown, Chief H. A.; (note: there's those two awful letters again, we had them censored earlier in the book) and Russell Madison (the boxer—?) who isn't a SN but who dances like they do.

SIGMA PHI EPSILON. Now we cannot divulge too much about this group of little angels (or vice versa). The editor is a Sig Erper. George Garrison is a boxer and he does not like for the little cup-cake back home to hear about his exploits. Jimmy Ketchersid dates Jeanne Bryan but we will not actually hold that against him.

TAU KAPPA EPSILON. Look on page 156 and see for yourself 27 reasons why these boys do not get around.

THE WISER CAVEMAN SAID:

"We've Got to Get Together"

▲ Some 300,000 of his descendants are still together, marketing their grain through one central selling agency . . . Farmers National Grain Corporation.

▲ The Royal Purple of bargaining power, plus a multitude of vital services, are the by-products of that unity. Through self-help they have builded the greatest grain-handling agency of its kind in the United States.

▲ The cooperative grain marketing associations of Kansas, affiliated with the National sales spearhead, are deeply grateful for the part Kansas State College has played in their success. It has an Extension Division whose work among cooperative country elevators has set the pace for Extension Divisions in similar institutions.

▲ You probably are too exultant just now over finishing school, or ending another year's work, to read this in its entirety. But after while, when you are casting about for a profession, consider the cooperative movement. It offers all the honors and all the rewards to be found in any other profession. And you will be giving a trained mind, paid for, perhaps by agriculture, to the service of agriculture. Too many whose educations have been paid for by agriculture have gone to other callings, to the impoverishment of rural life.

▲ Or, if you begin farming, you will want to work with your group, which means you will want to become active in cooperative marketing, or cooperative purchasing. If and when that time comes, dig up the old annual and write to . . .

FARMERS NATIONAL GRAIN CORPORATION

343 SOUTH DEARBORN STREET

CHICAGO, ILLINOIS

LAMBDA CHI ALPHA. Joe Creed is about the only living member in college now. Since Joe is nothing to brag about we will drop him right now. The scarcity of Lambda Chis is much the same as the old adage about the rarity of hen's teeth. We don't know just why we happened to think of that but anyway we did.

THETA XI. The Theta Xis often get the reputation for being noisy, but it is not their fault that they live next door to the Sig Alphas and learn their bad habits.

Now friends, if we can still call you that, we shall turn to the sororities of Kansas State. Not in an exactly bragging manner but look at the space that they take up.

ALPHA DELTA PI. This meager looking congregation boasts of some of the best looking, and some of (should we say it?) odd looking girls in town. Every time we see an Alpha Delt with a Sigma Nu it reminds us of a fly in Tanglefoot.

ALPHA XI DELTA. The residence is on sixteenth street, the place is late at night, the situation is a boy taking his date home. "Good night babe, I'll be seeing you." "Good night, kind sir, it was wonderful to get to go to Aggieville again."

GOOD EYES DESERVE GOOD LIGHT. IMPAIRED EYES
DEMAND IT. GOOD LIGHT REFRESHES TIRED EYES
AND TIRED BODIES

Good light is as necessary to health and happiness as good food. Good light protects good eyes; bad light ruins them. Check the light bulbs in the lamps in your home. If they are too small, replace them with bulbs large enough to give good light. Light bulbs and electricity cost very little.

**The United
Power & Light
Corporation**

CHI OMEGA. So much could be written about the Chi Omegas that it would fill a book. The description of a typical Chi Omega would be censored by the editor, but we refer you to Whiz Bang for further knowledge.

CLOVIA. This is actually a sorority. This group goes flitting down the avenue by themselves or accompanied by a Farm Houser. The 4-H's for which Kansas is famous have a direct bearing on this organization. In fact, every 4-H girl in the country is a potential rushee.

DELTA DELTA DELTA. A Tri Delt is like an old-time steam engine—the old steam engines weighed too much per horse power. A Tri Delt weighs too much per leg-power. Joanne Stone is the beauty queen of the bunch with a few close seconds. Most Tri Deltas are meek and innocent little rascals, but if you ever find one who has learned the ways of life, grab her off.

KAPPA DELTA. This is a typical scene at 12:58 a. m. any Saturday night—"Good night, babe." "Good night, honey, I'll see you at the side door in fifteen minutes."

KAPPA KAPPA GAMMA. The Kappas are being rather quiet this year. "Skin and Bones" Matherly is about the only one that causes any kind of a disturbance when she goes anywhere. We are reminded of a pun something about "Kappa the beer" but since we cannot think of it we will not bother you.

PHI OMEGA PI. These gals boast of a few fraternity pins but the boys have organized a club to see if they can't send a delegation to the national offices of the POP's and try and get—what we are trying to say is this—the boys want to try and get their pins back without a law suit.

PI BETA PHI. We are really at a loss just where to start in. If you ever have a daughter and send her to college advise her, before she leaves, not to try and draw a line between sophistication and Pi Phidom if she expects to get around like a good little girl.

ZETA TAU ALPHA. The Zeta's were fairly quiet during the fall semester but the spring semester brought them two pledges—a red head and a brunette. Since that time the girls on Fairchild have been hounded to death by foolish young fellows who want to see just what these two jewels are like.

ATHLETICS. The athletic situation at Kansas State is on the up and up. So far our major sports teams have made a great record—two championships and a cellarship.

A resume of the football season gives the following results:

Waldorf's Wildcat Warriors . . .13	Kansas Peace Doves 0
Waldorf's Wildcat Warriors . . .29	Missouri Field Mice 0
Waldorf's Wildcat Warriors . . . 8	Oklahoma Mud Hens. 7
Waldorf's Wildcat Warriors . . .20	Iowa Zephyrs. 0
Waldorf's Wildcat Warriors . . .19	Nebraska Cornshucks 7

In case you have forgotten it we will again bring up the fact that Kansas State for the first time won the Big Six football championship. According to the Nebraska newspapers it was by a default, but according to the Northwestern coach-scouts it was a matter of "working miracles."

Coach Frank Root and his quintet of "iron men" did not fare so well as Coaches Waldorf and Fry. The basketball slaughter records are:

	Hits	Runs	Errors
Iowa State	10	8	2
Ebling (KU of course).	14	10	4
Oklahoma	14	8	6
Nebraska.	16	7	9
Missouri	10	3	7
Kansas State	16	4	12

As you all know the team did not fare so well. The team took it's position in the cellar rather early in the season. It was not apparent that the boys would be champions and the fans didn't expect the team to run to the other extreme either.

PUBLICATIONS

THE KANSAS STATE COLLEGIAN. The campus news-sheet was going along right merrily until the second semester when Barbara Claassen and Ruth Thomas elected Dexter to the editorship. Barbara is a peace clubber and wanted to be society editor, Ruth is a peace clubber and wanted a fair deal. Since the second semester the Collegian has, through it's editorials and news columns, tried to kick the editor out of school, do away with the Greeks, and a hundred other things including the novel idea of having Dexter before the public eye as much as possible. The Collegian is for all of the stewdents but it mainly is a training ground for future journalists. These future journalists apply the knowledge they gleaned in high school while they are waiting for the department to grind them out a diploma.

THE ROYAL PURPLE. This is the campus version of the Pictorial Review. In former years people could make money out of the yearbook, but since the Manager of Publications has come into being the money angle has been thrown aside. Now the only thing about the Royal Purple is that being on it's staff constitutes some good rush talk material. This book gives everyone, even the army, a chance to get his facial expression published for a good check of \$1.50.

2nd and Yuma Streets

Meet me at the

COLLEGE CANTEEN

across the street from the campus

The other publications on this campus, beside those we have mentioned, are more of a technical nature. The main thing in these other publications is that you can see the picture of a champion hen that laid an egg a day for five consecutive years; or, a champion bull who was the father of a champion cow that stood on the show-room floor and gave umpty-umpty gallons of milk out in front of everybody; or, looking at the engineers publications you see just why so many pounds of stress can be placed on a bridge before same breaks down.

The copy of a travelogue given by Ned Kimball to his friends during Farm and Home Week, showing the people the sights on our campus:

"Good afternoon ladies and gentlemen, we shall start here at the gymnasium and tour northward. This gym as built with the good money of the Kansas taxpayers several years ago. It houses our Big Six champs, and athlete's foot germs. The spacious locker rooms and trick showers afford every underclassman in college the opportunity to take at least one bath a week.

The building on your right is the auditorium. Those funny noises are the strains of the college orchestra—at present they are playing the Lost Symphony. That man is not mad at them and he isn't shaking a stick at them, he is just the leader.

(Continued)

KANSAS CITY STOCK YARDS

We also have our own completely equipped offices at Chicago, Omaha, St. Joseph, St. Louis, Ft. Worth, Denver, Sioux City, St. Paul, Ogden.

To your left, ladies and gentlemen, is the Home Ec building. Those three girls, Agnes, Mable, and Becky, who just came out have been studying in the Tending to Junior III lab. This department teaches everything from how to bring up your children right to how to feed the cat.

Going on friends, we see Fairchild hall. This is where we keep our snakes, toads, amoeba, et cetera. There are a few fossils in the building—ah ha, I knew you would laugh, we of course don't mean the instructors.

To the immediate front is Anderson hall. This is the administration building of this GREAT college. In this building they keep the money, and the president. The dean of women, Mary P. Van Zile, holds forth in this vine covered castle. Doc Holtz also does all of his constructive work in this building. You all will remember Doc as the one who needs a pair of asbestos gloves when he watches a basketball game.

To the right, as we pass through the bushes, you will notice a hole—on top of this hole the chemistry building used to be located. Since it burned last summer they have been hauling the remains away in case lots.

A policy at every age up to sixty for every purpose.

HOME OFFICE --- 3520 BROADWAY
KANSAS CITY, MISSOURI

To the left front is the library, we have just had two artists draw murals on the walls. The paintings have caused no end of comment from art lovers—I imagine you can get some architect to lecture by the hour on the merits of these paintings.

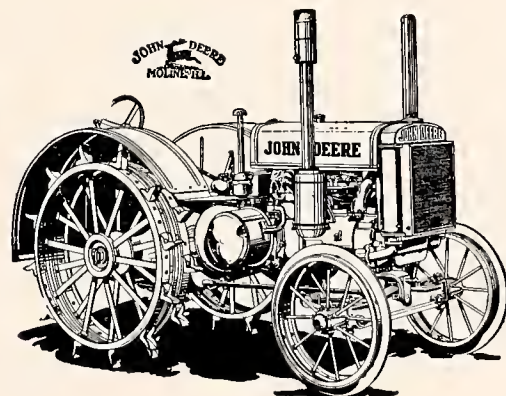

In the distance you can see the ag buildings. They are called Waters hall. It is confusing to note that they are distinguished as the right and left wings so that would put Waters hall in that black space in the middle—no, that isn't right either. That smell you are sniffing at gives you a good idea of what the ag students are being taught.

The people in these buildings discover some way to breed livestock for quality and quantity or they find out that potash on the wheat fields increases the size of the crop. When they discover something like this they run down to Kedzie and have a booklet printed. They send this booklet out to the farmers who all start to get rich quick. The federal government then steps in and gives the farmer a contract to kill his hogs and plow up his wheat—it all goes to show the inconsistency of it all.

Ladies and gentlemen, in conclusion, we have not covered nearly all of the campus, but I sincerely hope that I have given you a brief word picture of OUR campus. *I thank you.*

JOHN DEERE PLOW COMPANY

KANSAS CITY, MO.

DEAR READER:

We sincerely hope you have enjoyed this section. In case you have not we feel sorry; we have done our best to be entertaining. We know most of the copy is dull and we sort of hate to flatter ourselves and call it humor but then again there are many things in this life that will be like eating green persimmons.

If we have misspelled your name it is too bad. If we have injured your feelings, think of all of the time and paper that we have wasted. If we have failed to include certain little things it is either because they were unprintable or they were forgotten. Many people have purposely been left out because we believed it would be paying them a compliment to include them in this farce.

So in closing, if you like this nonsense—well and good; if you don't like it—you were a damn fool to read this far.

LOVE AND KISSES.

In Appreciation

WE DEVOTE this space to recognition of the following persons for whose cheerful and efficient cooperation in the publication of this Royal Purple, we are deeply grateful.

Of the Burger-Baird Engraving Co.:

Karl Fitzer and his artists

Bob Maplesden

Ralph Kolb

Of the Joseph D. Havens Printing Co.:

Packy McFarland

Lucile Young

Howard Rogers and his pressmen

Ed Freel and his typesetters and proof-readers.

Of the photographers:

Mrs. Furney, Mr. Hanna, Mr. Lisk

Of the Publications Board:

Professor H. W. Davis

Professor E. T. Keith

Professor R. I. Thackrey

C. J. Medlin, Graduate Manager

Of our faculty:

The President, the Deans and those professors in whose classes we were enrolled and failed to attend as regularly as proper.

Every effort has been made to eliminate errors, but inevitably someone's name is misspelled or omitted. We are sorry if this should happen, all we can do is say, "*We tried!*"
