Dedication

To the spirit of American college youth — a new seriousness of purpose — found in their homefront activities while they study harder to bring about a new and better post-war world — this book is dedicated.

SYMBOLS OF WARTIME at Kansas State — the Stars and Stripes waving above Nichols gym — and the men in uniform on the campus.

Like some medieval castle, with its turrets and windings stairways stands FAIRCHILD HALL.

Administration building, ANDERSON HALL, with its many traditions, serves as a background for life at Kansas State.

Gleaming white in the Kansas sunshine is massive WILLARD HALL, modernly-equipped headquarters of physics and chemistry.

Radio towers stand like giants overlooking NICHOLS GYMNASIUM and CALVIN HALL.

The singing of marching men breaks the hushed quiet of the COLLEGE LIBRARY.

Eisenhower Is President

A new first family came to Kansas State College when Milton S. Eisenhower was inaugurated President of the College September 30. The President, who was graduated from Kansas State College in 1924 with a degree in Industrial Journalism, succeeded Dr. F. D. Farrell who has been chief executive since the spring of 1925.

Mrs. Eisenhower is also an alumna of the College. With their two children, Milton Jr. and Ruth, they are at home in the 18-room presidential residence on the campus. The home, which nestles among trees on the rolling slope of the eastern part of the College grounds, was the scene of a visit from General Dwight Eisenhower, the president's brother, on January 8 and 9.

KANSAS STATE COLLEGE'S first family (below)—President and Mrs. Milton S. Eisenhower with their children, Milton Jr., 12, and Ruth, 5. Close to the President's chair is Telek, the Scottie dog given to the Eisenhower children by their uncle, General Dwight Eisenhower.

C. O. PRICE, right-hand man to President Eisenhower, is serving his twenty-first year with the College.

DR. F. D. FARRELL who retired from active office as President of the College to become President Emeritus July 1.

F. D. Farrell

BECAUSE he felt the College in war-time needed a young, vigorous president, F. D. Farrell, president of Kansas State College since March 1, 1925, resigned his office, effective June 30. The Board of Regents accepted his resignation and made him President Emeritus, beginning July 1.

The board commended his work as chief executive of the College for eighteen years as "a magnificent contribution" which advanced the College with "steady and solid progress." Quiet dignity, conserva-

tive judgment and educational leadership mark all his work with the College.

A portrait of Doctor Farrell, which was made by Mrs. Charles Pelham Greenough, the former Margaret Sandzen, was presented to the College this spring. Arrangements for the portrait were made by the Alumni Association.

Dr. Farrell maintains an office on the campus and is teaching a course on the "conservation of natural resources."

DR. S. A. NOCK, Vice-President of Kansas State College, is contact agent for prospective students and the College.

"Old in years, but young in spirit" typifies Dr. J. T. Willard, Kansas State College historian. Dr. Willard, who has been with the College all but sixteen years since it was founded, still maintains an office on the campus and comes to work regularly.

Willard Knows K.S.C. History

Widely accepted as the authority on the history of Kansas State College, Doctor Willard is quoted frequently from his book, "History of Kansas State College," published in 1940.

In his long tenure at the College, Doctor Willard has been connected with a number of offices, including professor of chemistry, dean of Arts and Sciences and vice-president of the College.

Resigns; Is President Emeritus

Dr. Samuel Albert Nock, in his eighth year as vice-president of Kansas State College, is in charge of the correspondence with prospective students, and is closely affiliated with the office of the registrar. Doctor Nock succeeded Dr. J. T. Willard, College historian, as vice-president in 1936.

Vying with President M. S. Eisenhower for the distinction of being the youngest member of the administrative staff, Doctor Nock transacts a large number of duties with efficiency and energy. He supervises the editing of the College catalog, correspondence with prospective students, induction and registration of students.

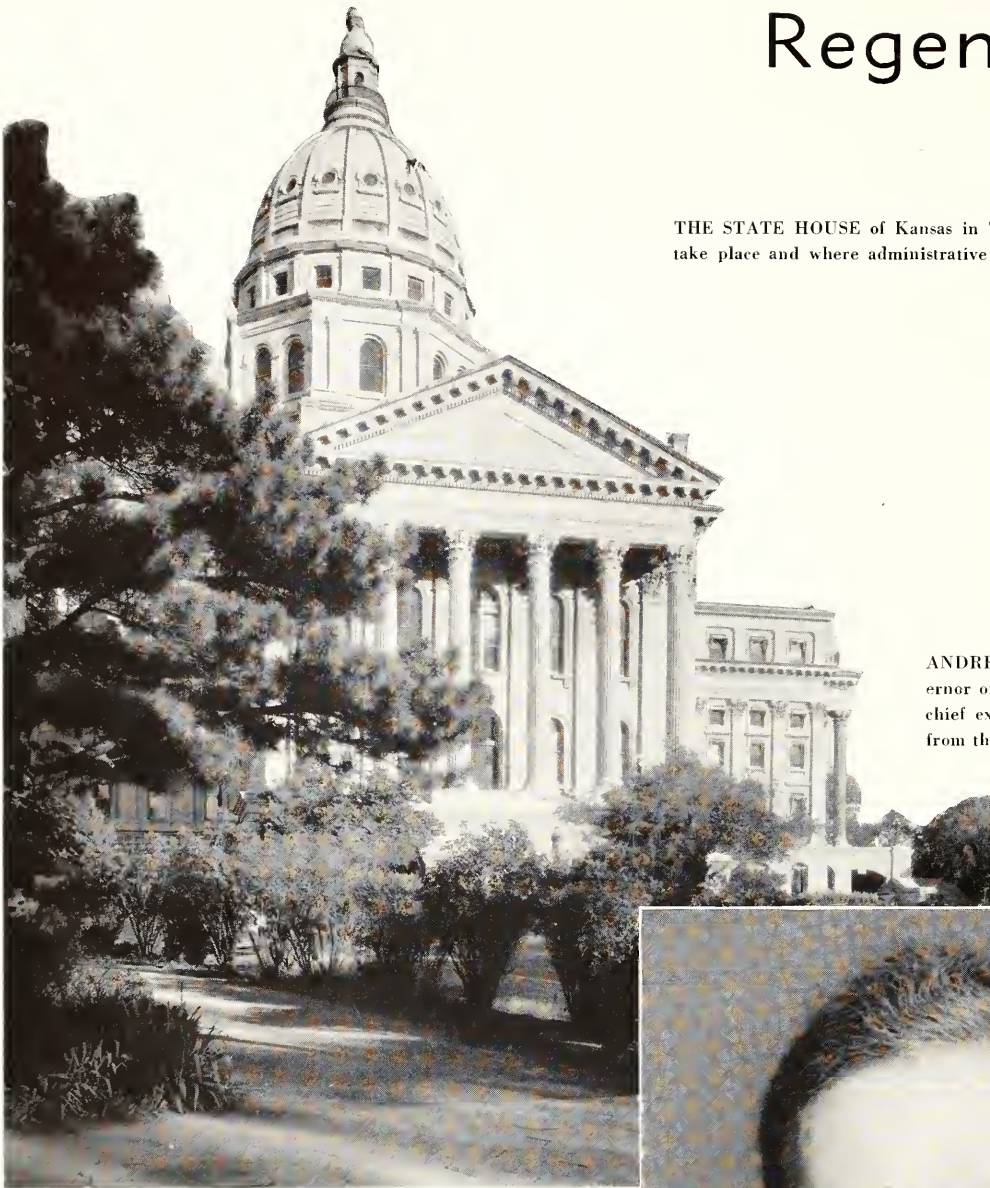

Soon after his arrival at Kansas State, he was made a member of the Council of Deans, bringing the membership of that group to twelve and including all College officers charged with important executive duties.

Doctor Nock holds degrees from Haverford college, Carleton college and Tartu University, Estonia.

THE STATE House of Kansas, is the seat of law-making and administrative activities. It is here that Andrew F. Schoepfel of Ness City carries on his executive duties as the twenty-ninth governor of the state.

Governor Schoepfel, in his second year as chief executive of the state, has shown a deep interest and incite into the war-time needs of Kansas.

In his capacity as governor of Kansas, he was one of the honored guests at the inaugural of President Milton S. Eisenhower this fall.

Governor Schoepfel claims the University of Nebraska as his alma mater.

General Policies of State Schools

The supreme governing body for all the Kansas state schools is the Board of Regents. The group is composed of nine prominent state citizens who are appointed by the governor for a term of four years. Lester McCoy acted as chairman of the Board this year. Other members were F. M. Harris, Mrs. Elizabeth Haughey, Jerry C. Driscoll, Hubert Brighton, Willis N. Kelly, Drew McLaughlin, Grover Poole, Dr. L. B. Spake, Oscar S. Stauffer.

The Board of Regents is given the power to recommend faculty changes, to give advice in regard to proposed new buildings and to direct general policies of the schools which it governs.

Regents Meet Monthly

The Regents meet each month either in Topeka or at one of the colleges whose policy they control.

Any changes to be made in policy for Kansas State or its students, or any new buildings which are needed are brought to their attention by President Eisenhower. The Board, in turn, reports its findings to the Kansas legislature.

School 81 Years Old

Kansas State has been governed by the Board ever since February 16, 1863, when it was officially named the Kansas State Agricultural College.

At first the curriculum was classical with emphasis on literature, morals and ethics instead of much-needed practical and technical training. In 1873 John A. Anderson swung the College out of the backwater of classical education into the current of usefulness to the information-hungry people of the expanding state.

COORDINATING the widely diversified curricula of the School of Arts and Sciences, is the job of Dean Rodney W. Babcock. He is assisted in his guidance of students by L. E. Hudiburg, associate professor of physics.

Until this fall the School of Arts and Sciences has led all other schools on the campus in enrolment. War service, war work and marriage caused a decrease in the number of students from the usual total of more than 1000 to 400 for the first semester. This enrolment made Arts and Sciences take second place when the School of Home Economics enrolled 542 students. The spring semester brought a further reduction leaving a total of 406 students in January after several withdrawals. The drop in men students leaves the School virtually a women's school.

The School of Arts and Sciences offers curricula in 18 different subjects. Degrees of Bachelor of Science are granted in eight of these—industrial chemistry, industrial journalism, music education, applied music, physical education, business administration, business administration and accounting and physical science.

This summer the School directed a program of refresher courses for high school teachers. The subjects taught were primarily education subjects. Members of the regular Arts and Science faculty taught the refresher courses, which were attended by about 100 teachers.

With the advent of military students on the campus, the School of Arts and Sciences has taken on increased duties. Except for civil air regulations, the entire academic program of the approximately 600 Army Air Forces students is taught by departments in the School of Arts and Sciences.

Except for one subject per trainee, all the academic work of the basic Army Specialized Training students falls to this School. The basic trainees average from 400 to 650 in number.

Of the courses for the 100 advanced engineering trainees on the campus, all those in mathematics and physical education are taught by members of the Arts and Science staff.

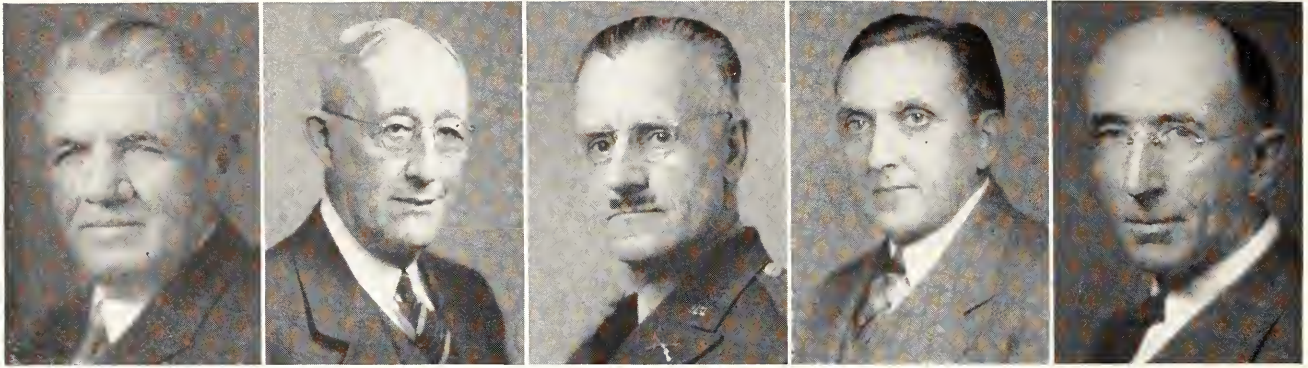

When the former ROTC boys returned this fall to continue with their previous academic training, about 25 of them re-enrolled in Arts and Sciences.

Early this year the history curriculum was re-organized and modernized to meet the needs of students in war time. At the same time the mathematics department offered additional work in probability and statistics, and synoptic meteorology was added to the physics program.

Departments in the School of Arts and Sciences are cooperating to an increasing degree so that the

School can better train students to take their places in the world at war.

Prof. M. F. Ahearn, better known as "Mike", is director of athletics of the College. His teams have taken many jolts this year due to limited squads.

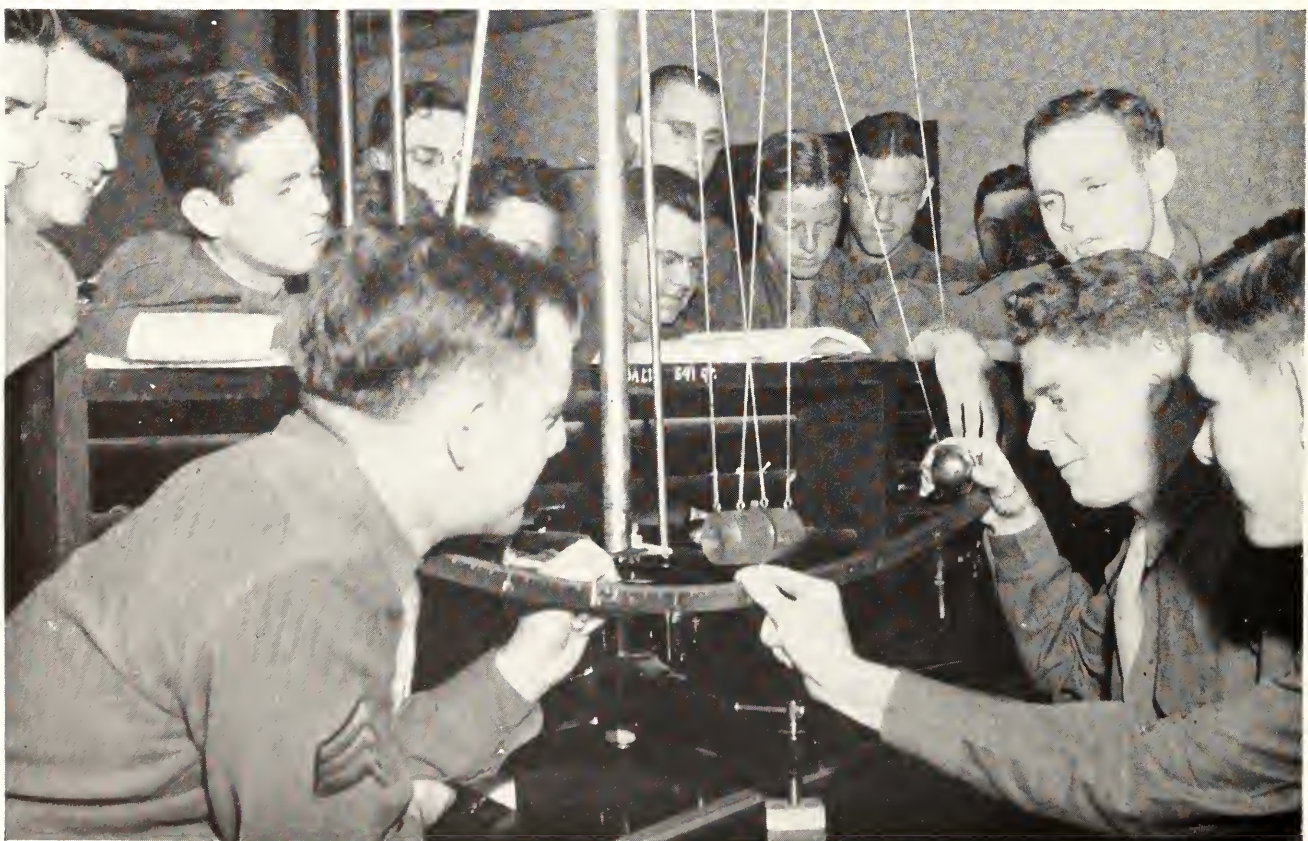

An international expert in this field, Dr. L. D. Bushnell, heads the bacteriology department. Col. J. K. Campbell commands the program of the mili-

tary department, a job which becomes more involved each day.

Another department head to whom additional work has fallen since the arrival of military students is Dr. A. B. Cardwell of the physics department.

English instruction is under the direction of popular Prof. H. W. Davis.

MILITARY STUDENTS learn to run impulse tests in the completely equipped physics laboratories in Willard hall.

ARTS AND SCIENCE department heads are: Prof. Roger Smith, who went on leave of absence second semester, Dr. H. T. Hill, Dr. E. L. Holton, Dr. H. H. King and Prof. William Lindquist.

Acting head of the Department of Entomology is Prof. R. L. Parker who replaces Prof. Roger C. Smith who is on leave as an allocations specialist in biology and agriculture for the Federal Manpower Commission.

Dr. H. T. Hill supervises activities of the speech department, while Dr. E. L. Holton directs the preparation of potential teachers. Doctor Holton is head of the Department of Education and dean of the

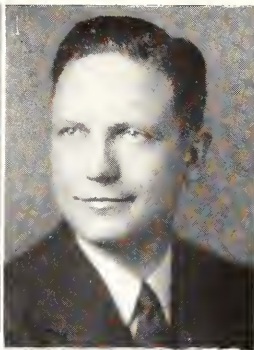

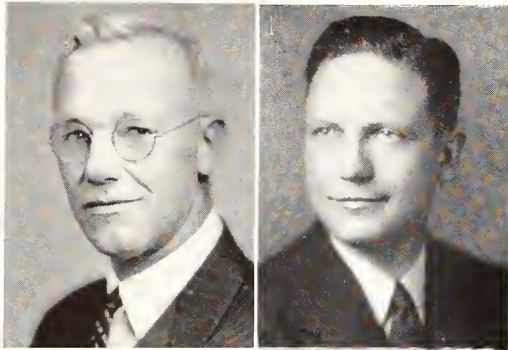

Summer School.

Heading an important field of training in war-time is Dr. H. H. King, head of the Department of Chemistry. He is also recognized for his work on chemical research.

Music in all its forms is coordinated and directed by Prof. William Lindquist. His department includes orchestra, band and chorus. This is the first year that women have played in the band.

ZOOLOGY STUDENTS study the evolution of the animal kingdom with the aid of slides and microscopes.

William F. Baehr was appointed librarian for Kansas State College effective September 1. He replaced Arthur B. Smith who had served as librarian for 32 years. Mr. Baehr came to the College from Rock Island, Illinois.

When Prof. R. I. Thackrey accepted a commission in the Navy last spring, Prof. R. R. Lashbrook became acting-head of the Department of Industrial Journalism and Printing. Professor Lashbrook is also director of the College News Bureau.

Dr. Myron H. Husband is director of the Student Health department of the College. He and his staff are responsible for the care of both civilian and military students who come to the student dispensary or are sent to the College hospital.

Grimes Has Dual Role

In the School of Arts and Sciences, Dr. W. E. Grimes is head of the Department of Economics and Sociology. He is also head of the Department of Agricultural Economics in the School of Agriculture. As a recognized specialist in the field of economics, Dr. Grimes is in constant demand for advice and guidance.

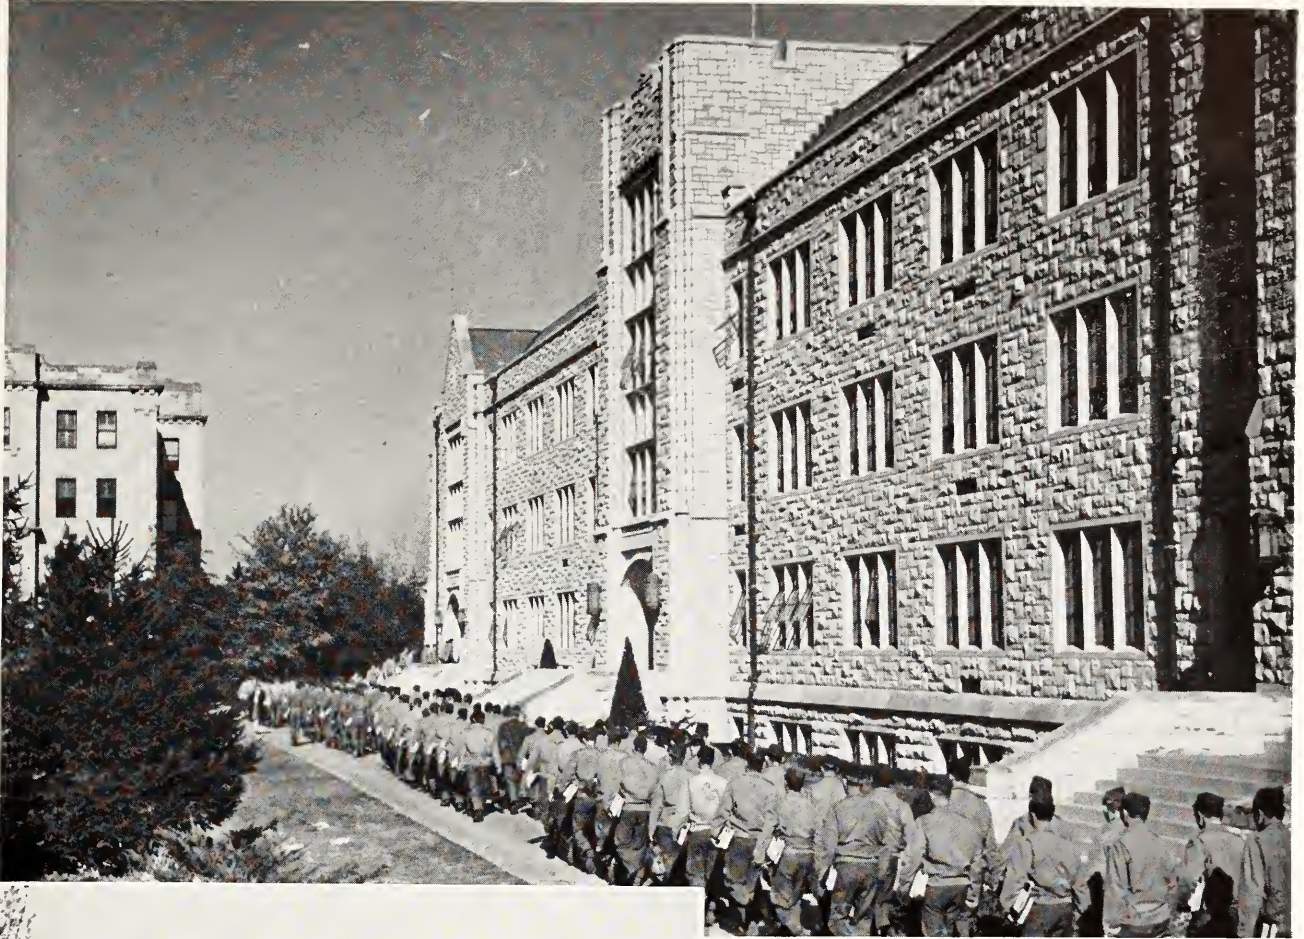

The study of modern languages, which is becoming increasingly more important to students in war-time, is supervised by Prof. Fritz Moore. Many former students and graduates from this department are making practical use of their training as members of the armed forces. With war-time interest in gardening, botany and plant pathology have taken on new importance, too. This department is directed by Prof. L. E. Melchers.

Courses Are Revised

The Department of History and Government is headed by popular Prof. Fred L. Parrish. His entire program of study has been re-organized and modernized to better fit the needs of students in these critical times. Prof. R. K. Nabours, recognized geneticist, directs study in zoology. A sub-department includes geology.

Mathematics is under the guidance of Prof. W. T. Stratton. The venerable professor has re-vamped his departmental program to include courses for the aviation students and army engineering students on the campus.

ARTS AND SCIENCES department heads: Dr. W. E. Grimes, Prof. R. R. Lashbrook, Prof. L. E. Melchers, Dr. Fritz Moore, Dr. R. K. Nabours, Dr. Fred L. Parrish, Dr. Myron W. Husband, Dr. W. T. Stratton and William F. Baehr.

Make way for the Army! If you don't you'll get stepped on.

Men in olive drab marching in long double columns added a military note to K-State campus life this year. Keeping in step to their leader's "Hup, two, three, four," they marched from class to class, often singing as they went.

Above we see them swinging past Willard hall, books at their sides, eyes front. To the left is pictured a common happening, civilian students walking on the grass to keep out from under GI shoes.

School

THE School of Agriculture has been hardest hit among all schools of the College by the war. While not all courses listed in the catalog were offered in the School, those that were taught were selected with special reference to war-time needs of students. Assignments frequently included courses in mathematics and physics for those men who expected soon to be inducted into the Army.

The faculty of the School of Agriculture was considerably reduced this year when some of its younger members entered the service.

L. E. CALL (right) is Dean of the School of Agriculture and Director of the Agricultural Experiment Station. Below is a partial view of East and West Waters Halls and the Army Mess Hall, formerly the judging pavillion.

of Agriculture

Several former faculty members entered officer candidate schools or were given commissions in the Army by reason of highly specialized training and experience.

Fifty students were originally enrolled in the fall semester, but at about mid-semester this number was increased to about 65 when the former ROTC men were returned for an indefinite period of study. They had been enrolled for the second semester when all 15 of those in the School of Agriculture were sent to officer candidate school. Enrollment for the second semester was less than 40 students.

This School is one of the best known at Kansas State, the College having formerly been named Kansas State Agricultural College. Although the "Agricultural" is no longer used, the School continues to accumulate recognition throughout the United States on a basis of earned merit.

Graduates of the College from this School have entered the fields of farming, agricultural extension work, teaching, scientific investigation, and service in industries closely related to agriculture.

To keep in touch with its students, the School sends out

a regular Aggie Newsletter to more than 250 former students and graduates in the service.

THE SCHOOL OF AGRICULTURE spends much time on research problems. Below, an experiment on dehydrated foods is being carried out in Willard hall for the Kansas Industrial Development Commission.

During the fall semester the Aggies maintained the well established tradition—the annual Ag Barnwarmer. For the first time since the tradition originated, the honor of “Queen of the Barnwarmer” was retained by the School of Agriculture itself. Carol Hess and Lorna Dell Gore, two agriculture students, were selected co-queens. In former years candidates for barnwarmer queen were nominees from the sororities and independent organizations.

Other usual activities of the School, including the Little American Royal held during Farm and Home Week, were of necessity suspended during the year.

Call Directs Research

In keeping with demands of war and emergencies created as a result of enemy action, the Agricultural Experiment Station, under the direction of Dean Call, is adjusting its immediate projects and research studies to meet and overcome demands and shortages of certain products normally plentiful in the United States. The station has done extensive work on a new variety of waxy grain sorghum that contains starch suitable for substitution for root-type starches. This sorghum of the research station may fill an important place in the industrial field in the manufacture of tapioca, adhesives, glues and similar products.

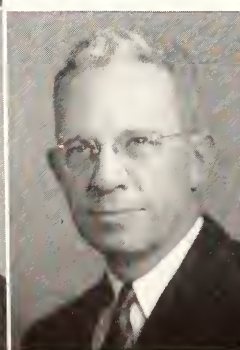

The School of Agriculture, under the direction of Dean Call and assistant dean Mullen, associate professor of agronomy, is divided into seven departments. The Department of Dairy Husbandry is headed by Prof. F. W. Atkeson. Kansas State is the only college in the United States that offers a degree in milling. The Department of Milling Industry is supervised by Prof. E. G. Bayfield.

Dr. W. E. Grimes holds the dual position of head of the Department of Economics and Sociology and head of the Department of Agricultural Economics.

Animal Husbandry is supervised by Prof. C. W. McCampbell. Prof. L. F. Payne is head of the Department of Poultry Husbandry. The Department of Horticulture is under the supervision of Dr. W. F. Pickett. Prof. R. I. Throckmorton heads the Department of Agronomy.

The College owns more than 1,400 acres of land, and in addition, cattle, horses, mules, sheep, swine and poultry which are used for experimental work and practical application of theories.

DEPARTMENT HEADS in the School of Agriculture are: Prof. F. W. Atkeson, Dr. E. G. Bayfield, Dr. W. E. Grimes, Dr. C. W. McCampbell, Prof. L. F. Payne, Dr. W. F. Pickett and Prof. R. I. Throckmorton.

AGRICULTURE STUDENTS above are shown collecting soil specimens for chemical and physical laboratory studies. The agronomy department offers future farm agents and farmers several courses covering soil management, influence of soil-forming agencies on soil characteristics, dry-land farming and soil fertility.

STUDENT STOCK JUDGERS leave their classroom and textbooks behind and try their hand at judging this draft horse below. Learning to judge market animals and different breeds of livestock is part of the work offered by the animal husbandry department.

School of Engineering

THE calling to active duty of the Army and Navy reserves, uncertainty concerning Selective Service regulations and the readily understandable desire of many students to enter active military service immediately have almost eliminated the sophomore and junior classes in the School of Engineering and Architecture. Although the current civilian enrolment in the School is still more than 300, the biggest percentage of enrolment consists of Army men. While all phases of the work are essential in the war effort, the training of the man in uniform is now the major task.

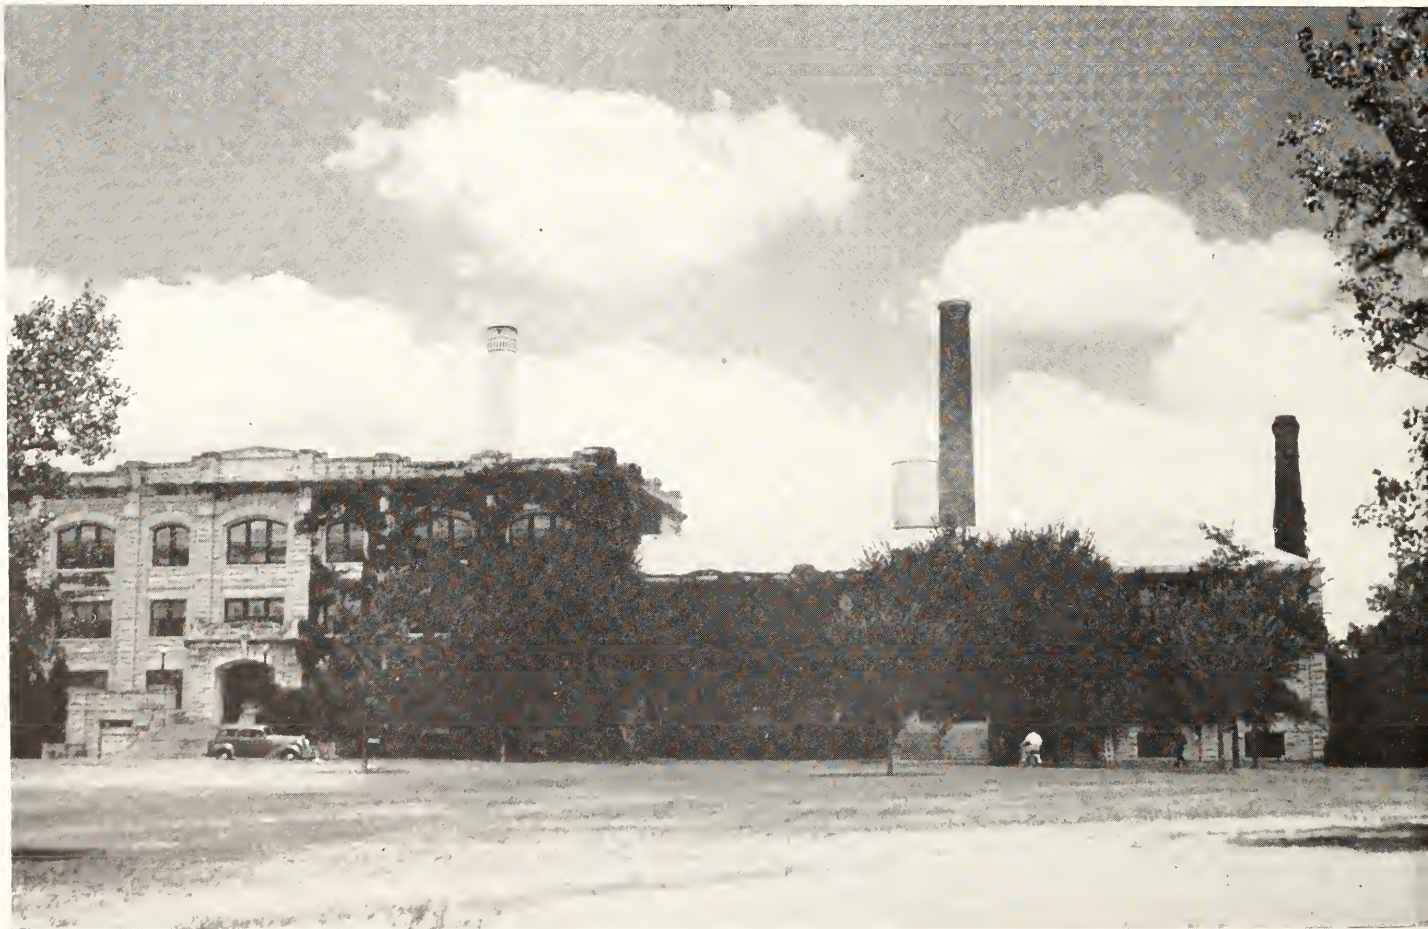

Dean R. A. Seaton, as chairman of the College War Training committee, has been responsible for

the operation of the Air Force College Training Detachment.

Trains AST Engineers

Some of the instruction is given by the School of Engineering and Architecture but most of it is supplied by the School of Arts and Sciences. Administration of the Veterinary Army program has also been his responsibility, but the major work of the Engineering School has been in connection with the Army Specialized Training Program, Basic and Advanced engineering. Approximately 1000 Army trainees have been sent here this year for some type of engineering instruction.

Civilian engineering students share their classrooms and shop laboratories in Engineering hall (below) with the Army Engineers, Air Force trainees, Signal Corps students and trainees of the Engineering, Science, Management War Training Program.

and Architecture

DEAN R. A. SEATON, (left) who is head of the Department of Engineering and Architecture, is also the Chairman of the College War Training Committee.

ASSISTANT TO THE DEAN in the School of Engineering and Architecture is M. A. Durland (below).

About 700 of these have been in one of the several phases of basic engineering, with a major portion of their work in the School of Arts and Sciences. Three hundred students have been enrolled in advanced engineering with most of their instruction in the School of Engineering.

Special instruction under the Engineering, Science, Management War Training Program has been continued in several technical fields. About 175 men and women have been given training in airplane inspection at the special request of the Army Air Forces. About 350 trainees have been given Pre-Radar instruction at the request of the Signal Corps and additional courses have been offered in General Inspection Methods and Analytical Chemistry. These ESMWT courses have been under the direct administration of Prof. W. W. Carlson, head of the Department of Shop Practice.

DIRECTING THE VARIOUS engineering departments are Prof. W. W. Carlson, Prof. F. C. Fenton, Prof. Linn Helander, Prof. R. G. Kloeffler and G. R. Pauling.

Work in the School of Engineering and Architecture is being led by Dean R. A. Seaton. Besides being chairman of the College War Training Committee and being responsible for most of the Army programs on the campus, Dean Seaton directs the ten individual departments in the School of Engineering and Architecture.

Assistant to Dean Seaton is M. A. Durland. He helps direct many of the present Army activities as

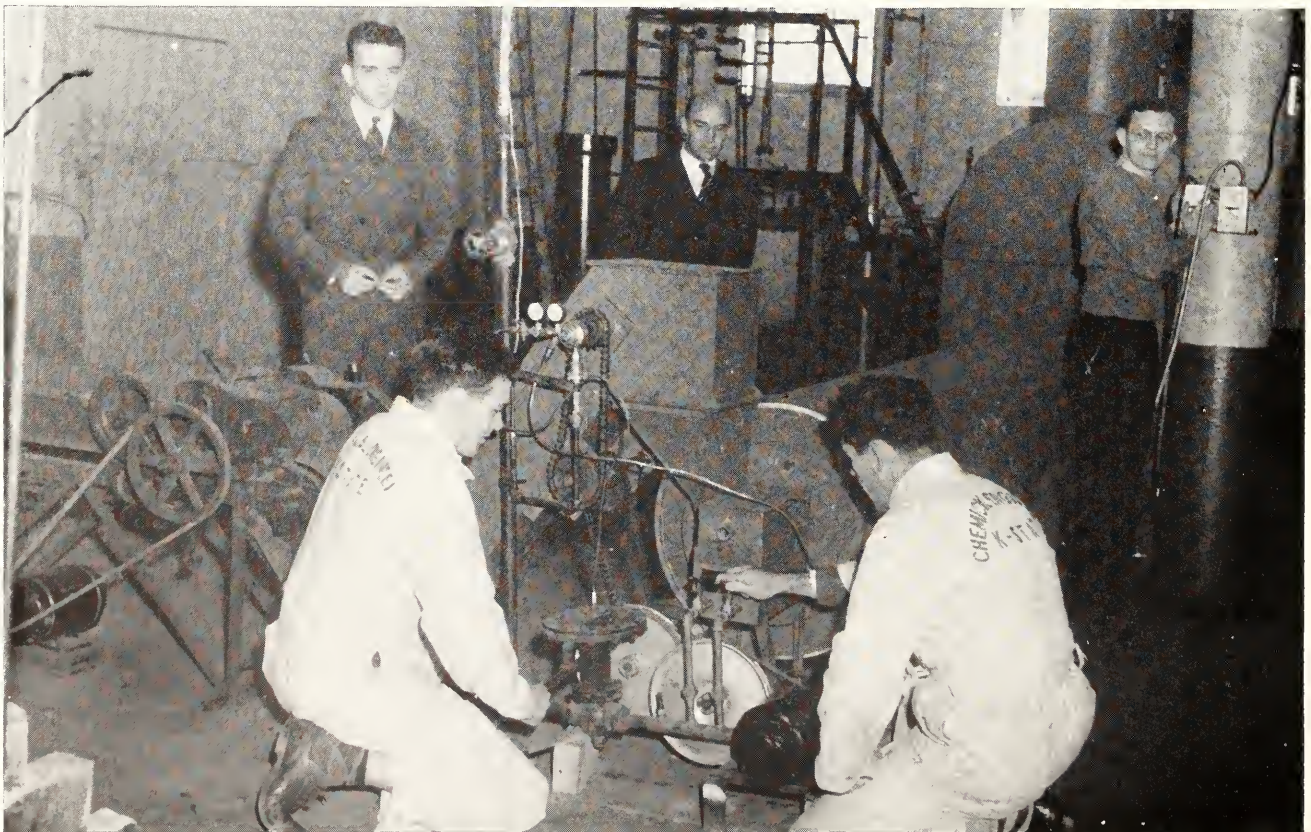

well as work with civilian students.

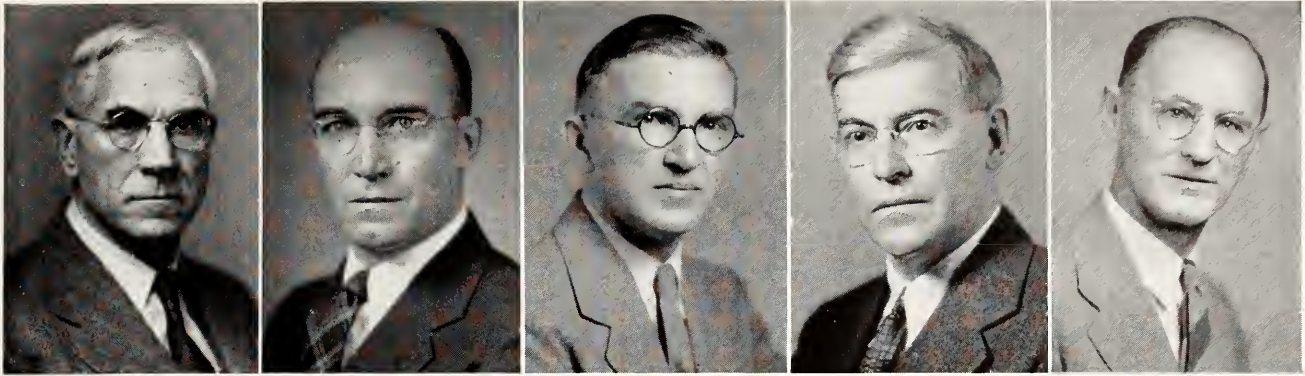

Head of the Department of Shop Practice is Prof. W. W. Carlson. He also directs the Engineering, Science, Management War Training Program. The departmental head for the Agricultural students is Prof. F. C. Fenton.

The Department of Mechanical Engineering is under the direction of Prof. Linn Helander.

Prof. R. G. Kloeffler is in charge of the Depart-

ment of Electrical Engineering. G. R. Pauling is the Maintenance Superintendent.

Prof. L. E. Conrad, supervisor of the Department of Civil Engineering for 35 years, has been identified with the School of Engineering since 1908. Dr. J. W. Greene directs the Department of Chemical Engineering.

Prof. C. E. Pearce continues as the director of the

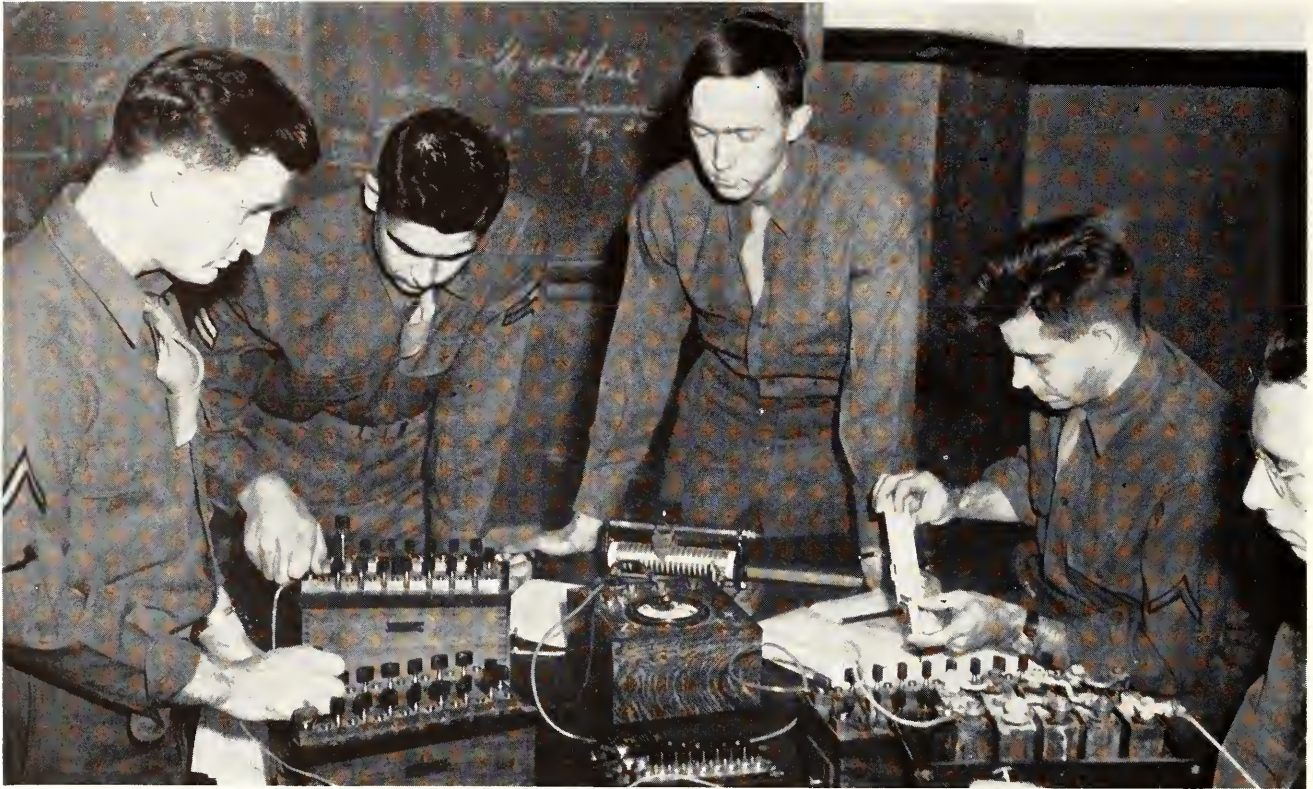

Department of Machine Design.

The Department of Applied Mechanics is directed by Prof. C. H. Scholer. Prof. Paul Weigel heads the Department of Architecture.

Architecture students under Professor Weigel have been working during the past year on blueprints and models for post war buildings at the College.

WORKING WITH BLUEPRINTS and models, students get experience in the architectural field.

DEAN OF THE SCHOOL of Home Economics is Dr. Margaret M. Justin who is a widely known authority on home economics and household problems.

WITH 490 women enrolled during the spring semester, the School of Home Economics still continues to hold the top place of student enrolment among Schools on the campus.

Art, clothing and textiles, food economics and nutrition, child welfare and eutenics, home economics education, household economics and institutional management are the seven departments of study open to the home economics student.

Nursing Program Accelerated

To meet the strong demand for nurses the past year, a special accelerated program for those students majoring in nursing has been planned by that department. Forty-three students carried this course this past semester.

This shortened curriculum in nursing requires the students to have two and one-half years of training on the campus. This constitutes the freshman, sophomore and half of their junior year. The remaining semester of the junior year and the senior year will be combined with the required year of training needed at the Kansas University Hospitals at Kansas City.

Nursing Course Is Shortened

Miss Jennie Williams, director of Nursing Education, states that the full semester of the three years previously needed has been dropped by cutting the number of elective hours. Two courses which were formerly taught at the hospital will replace these academic electives. Upon completion of the five year course the students will receive both an R. N. and a B. S. degree.

Dietitians are also finding a place in the war today. Some K-State dietitians have entered the army with a rating of second lieutenant. They have had the four year college training plus an additional year of experience in a hospital.

MISS EVA McMILLIAN, Assistant Dean and associate professor of food economics and nutrition, is active in various home economics activities on the campus.

the Margaret Justin Home Economics club to a junior woman enrolled in that School, will be given this year. The recipient must have a B average, must have worked while in College, and participated in activities. Clara Jo Fair, who will graduate from the College in May, was the receiver of the scholarship last year. This year the scholarship went to Arlene Shields. The presentation was made at the annual Home Economics reception following Hospitality Days. At that time Kay Jones was introduced as the most representative senior in the School, and Emmy Lou Thomas was recognized as having the highest four-year average.

Goal Is Effective Living

In spite of a definite change in many of the courses, the goal for the teachers and students of the seven departments in the School of Home Economics is still directed to effective living, whether in the home, school, home demonstration agent's office, defense area or war front.

Home Economics

Readjustment in the dietetics training program had to be made when Van Zile Hall, the women's dormitory, was occupied by army trainees last spring. Previously it had been used as the laboratory for the dietetics majors. They now get their training at the College-operated Marker house.

With several Kansas defense areas becoming crowded and with mothers away at work, the demand for women trained in nursery school technique has greatly increased. A congressional act passed recently has provided government funds for nursery schools in those parts of Kansas that are classed as defense areas. To fit the demand opened by these schools, the child welfare department has added several new courses for students interested in this work.

A scholarship, similar to that given last year by

Adjustment of the School of Home Economics to the necessary changes in the curricula brought by the war has been lead by Dr. Margaret M. Justin, Dean of that School. Dean Justin is a widely known authority on home economics and household problems and an author and co-author of several textbooks. Dean Justin is also the head of the Kansas committee on Nutrition in Relation to National Defense. She is consultant for all seniors in the School.

McMillan Is Assistant Dean

Helping Dean Justin in the School of Home Economics is Miss Eva McMillan, assistant dean and associate professor of food economics and nutrition. Miss McMillan came to Kansas State in 1930 from the University of Toronto, Ontario, Canada. She became the assistant dean of home economics in 1937.

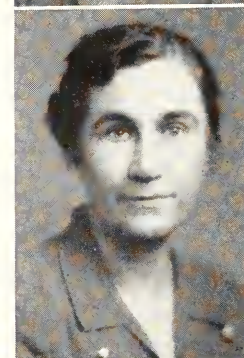

One of the seven departments of the School of Home Economics is the Department of Art with Prof. Dorothy Barfoot at the head. Students may specialize in design, interior decoration, costume design or the teaching of art.

The Department of Clothing and Textiles is headed by Prof. Alpha Latzke. This department offers courses to Kansas State students in design principles and the technique of garment construction. Professor Latzke is also the Kansas State sponsor of Omicron Nu, national honorary society for home economics students.

Being an outstanding authority on household economics, Dr. Ruth Lindquist became the head of that department in 1938. Students enrolled in the courses in the Department of Household Economics are given the opportunity for studying the effect of social and economic forces on the home and its management.

Dr. Katherine Roy is the head of the Department of Child Welfare and Euthenics. Instruction in physical and mental health, child behavior and guidance and family relationship is given by courses offered in this department.

Head of the Department of Home Economics Education is Mrs. Lucile Rust. Mrs. Bessie Brooks West is professor and head of the Department of Institutional Management. The former department prepares the home economics students to become teachers while the latter acquaints the students with the cafeteria and prepares them for work in the institutional field of home economics.

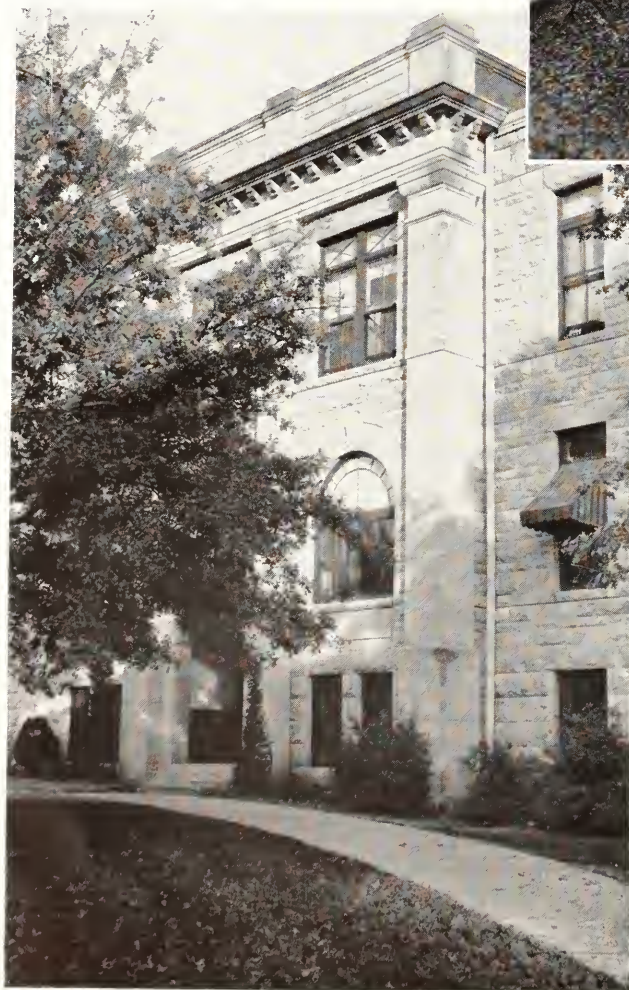

THE SEVEN DEPARTMENT heads in the School of Home Economics are: Prof. Dorothy Barfoot, Prof. Alpha Latzke, Dr. Ruth Lindquist, Dr. Martha S. Pittman, Dr. Katherine Roy, Prof. Lucile Rust and Prof. Bessie Brooks West.

STUDENTS IN HOME ECONOMICS clothing classes learn how to design and fit a garment as well as construct it (top). The girls taking clothing and textile courses also learn the uses of various materials (below) by testing them for wearability, colorfastness and shrinkage.

DR. RALPH R. DYKSTRA (right) is dean of Kansas State's School of Veterinary Medicine which is recognized as one of the most outstanding in the nation. Below is Veterinary hall where vets in olive drab have studied during the past year.

School of

THE standing of the School of Veterinary Medicine at Kansas State is unsurpassed anywhere in the country. Twenty years ago the School was one of five given an "A" rating by the Federal Government. At present, no ratings are awarded.

As dean of Veterinary Medicine, Dr. R. R. Dykstra has headed the School since 1919. He came to Kansas State as an instructor of veterinary medicine and surgery in 1911.

This school is one of only ten in the United States. ~~A degree in the course has been offered for 70 years at Kansas State.~~ Today, under military auspices, the School is functioning in a war-time program. The same courses are being taught, but the regular sessions have been accelerated.

VET STUDENTS use their technique on an ailing Fido in the small animal operating room at the Veterinary hospital.

V e t e r i n a r y M e d i c i n e

Enrolment in the curriculum is limited to a total of 200 students. Kansas students are taken first; those from nearby states next. Admission to the School is based on the applicant's scholarship records. To enter the School, applications are made in advance. The first year of the course is offered by the School of Arts and Sciences to give preliminary subjects to the student.

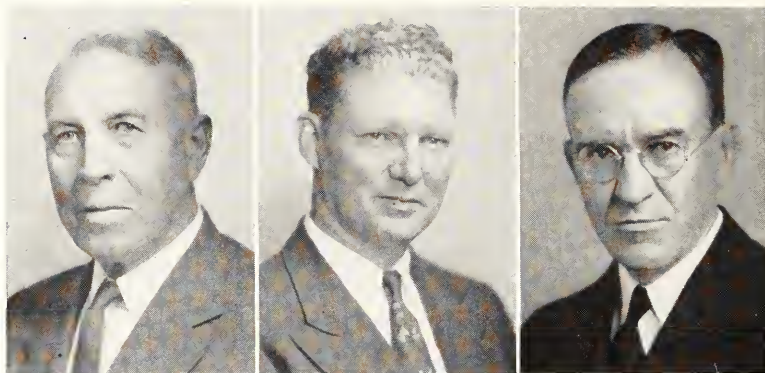

Under the military program, no student to enroll in veterinary medicine will be allowed to enter the army under the Army Specialized Training Program. This goes into effect the first summer session. The students currently enrolled will continue under the A.S.T.P. until graduation.

Three years ago, the Surgeon-General of the United States Army issued commissions of second lieutenant to all veterinary students at Kansas State. The students were placed on an inactive basis under the Medical Administration Corps. No physical examinations were required for these commissions.

Majority of Vets in A.S.T.P.

Last year, the students able to pass army physical tests were inducted into the army as part of the A.S.T.P. The School now has 163 students in the army, receiving their education and all expenses from the government. Twenty-eight students failing to pass physical requirements still have their M.A.C. commissions.

DEPARTMENT HEADS in the School of Veterinary Medicine are (left to right) Dr. J. H. Burt, Anatomy and Physiology; Dr. E. J. Frick, Veterinary Clinic; and Dr. L. M. Roderick, Pathology.

Upon graduation in May, several senior vets may be commissioned second lieutenants. At present the army veterinary corps needs no vets except for replacements. According to Dean Dykstra, a few students will receive commissions. Those that do not will be honorably discharged from the A.S.T.P. and go into private practice.

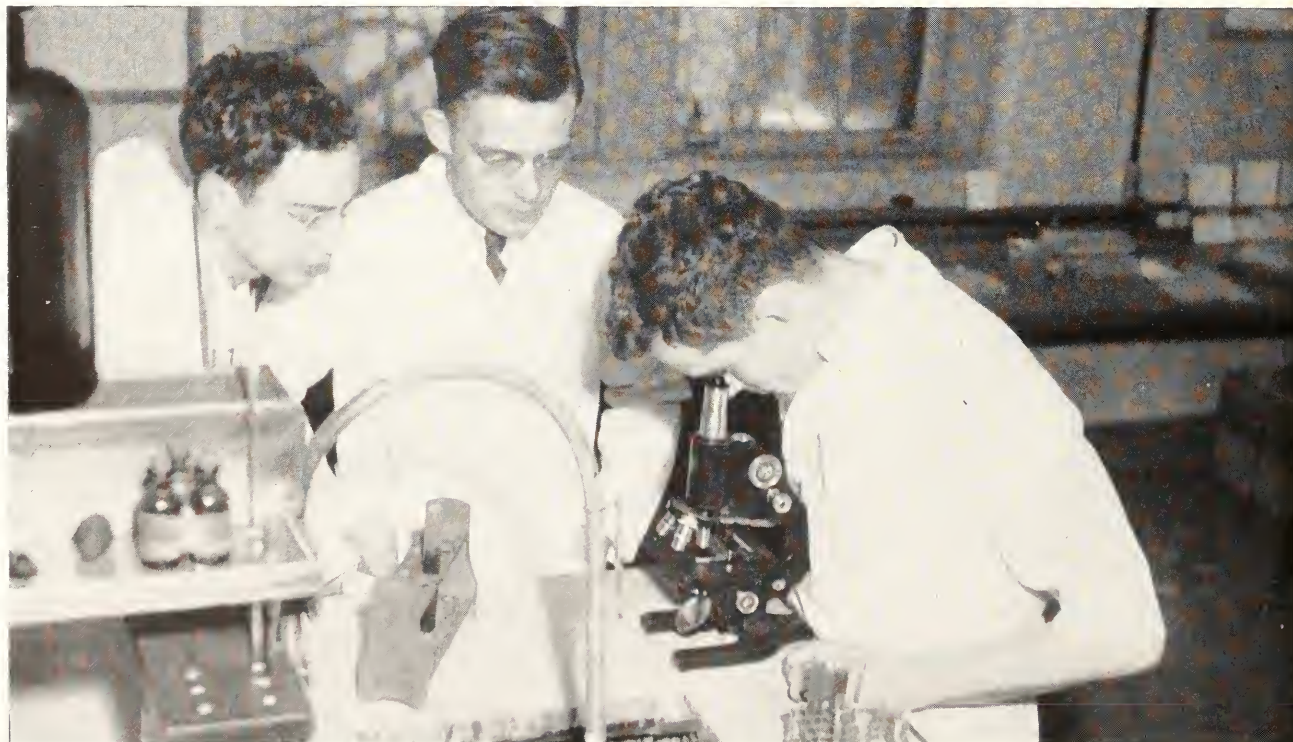

Program Shortened

This School has accelerated its program in order that students can get the entire course in two and two thirds years, instead of the usual four year period.

This does not include the preliminary Arts and Sciences classes. A normal enrolment in veterinary medicine was reached this semester, in spite of war-time conditions. The enrolment totaled 191.

The faculty in the School totals 21, most of whom are doctors of veterinary medicine. A technician and an assistant to the dean comprise the other personnel. Head of the clinic is Dr. E. J. Frick, professor in the Department of Surgery and Medicine. Dr. L. M. Roderick is head of the Department of Pathology, and Dr. James H. Burt is head of the Department of Anatomy and Physiology.

LABORATORY ANALYSIS is an important phase of the training received by these future veterinarians, most of whom will go into the army after their graduation.

KANSAS STATE'S MILITARY students take off their shirts, leave study ng and drilling for a time, and play volley ball and get a sun tan (above) on the courts west of Calvin hall.

IN THE EVENING a group (below) could often be found gathered around the ping pong table in Van Zile hall looking on as interested spectators and referees while a fast match was in progress.

Division of Kansas

THE Division of Kansas State College Extension is doing outstanding work in war-time. This year it played host to 1,185 people from all over the state. Out of 105 counties in Kansas, 96 were represented at the annual Farm and Home Week, held February 8-11. ~~This was the 76th annual conference of its kind.~~ Agricultural and home economics exhibits, shows, assemblies and conferences were held during the week.

Dean H. Umberger heads the Extension Division which works to improve home conditions and to promote efficient farming methods throughout Kansas.

Home Study Activities Wide

Even during wartime, the Home Study group has had a large enrolment. Its major activities are study centers, information services, lantern slide and film

services, community program services, group discussions, speakers bureau, junior colleges, and AAF and ASTP courses. Four teachers in the division taught army classes last semester. College students and high school students enrolled in credit courses totaled 868. Sixty students took non-credit courses in 1943-44. The Home Study group sent out 19,169 lessons for the correspondence service.

4-H Round-up Planned

Tentative plans for the annual 4-H Round-up have already been made. The attendance, expected to be somewhat smaller, is scheduled for a shorter meet than usual. It will be held the first week in June. This year the club is placing emphasis on food production and preservation.

DIRECTOR OF THE DIVISION of College Extension is Dean H. Umberger. The work of his division extends all over the state of Kansas.

State College Extension

EXTENSION DEPARTMENT heads: Prof. M. H. Coe, Prof. George Gemmell, Prof. Georgiana H. Smurthwaite and Prof. Walter G. Ward, rural engineering expert for the Division of Extension until his death November 22.

THE 4-H Club is headed by J. Harold Johnson, State Club Leader. This year he replaced M. H. Coe, who is now Director of the Farm Division of the National Safety Council in Chicago.

KSAC Is Publicity Center

Lisle L. Longsdorf, extension editor, is in charge of publicity for the Division of Extension. The chief publicity medium for the Division is radio station KSAC, which offers farm and home programs, as well as educational programs presented by radio students and faculty members. Publicity assistants and announcers of the station are Lowell Treaster and Miriam Dexter, who is replacing Alma Deane Fuller.

L. C. WILLIAMS is assistant extension director (below). The extension annex on Anderson Avenue south of the campus is the center of activities for the Division.

Graduate Study

DR. JAMES E. ACKERT has acted as dean of the School of Graduate Study since November, 1931, when the School was established.

During the year 1943-44 a total of 237 men and women students were enrolled in graduate courses. The School is held for those who desire advanced professional or cultural training. The study may be taken with or without candidacy for an advanced degree. To facilitate the prompt training for direct war service, arrangements have been made to offer new advanced courses and larger graduate assignments.

Numerous specialized positions have developed in the various investigative and productive phases of the war emergency and the school is offering advanced training for many such positions.

DEAN OF THE SCHOOL of Graduate Study, Dr. James E. Ackert has been identified with Kansas State College since 1913. Below, students leave the auditorium after a College assembly.

Summer School

Dr. E. L. Holton, dean of the Summer School, has served in that capacity since 1911, when the School was started, in addition to heading the Department of Education.

With the summer school enrolment totaling 1061 for the various sessions this year, Dr. Holton was busier than ever. The first eight weeks period began May 31, and the second, on July 28. By attending both sessions, students could get in an entire semester's work.

Following this, there was a short four weeks course. During the first eight weeks of school Dr. Holton acted as dean of this group of students. The second period was in charge of the deans of the other schools on the campus.

AS DEAN OF Summer School and head of the Department of Education Dr. E. L. Holton has his offices in Education hall (below).

DR. A. A. HOLTZ, head of the College Y.M.C.A., has another equally important job as advisor to the men students. His office in Recreation Center would correspond to that of dean of men in other schools.

MISS MARY KIMBALL, recently appointed registrar, succeeds Miss Jessie M. Machir as the keeper of College students' scholastic records and enrolment statistics.

Administrators Help Students Solve

HELPING to keep Kansas State running smoothly is the substance of Dr. A. A. Holtz's duties on the campus. As men's advisor he is constantly sought by students to help iron out the little difficulties that arise in college life. "Doc", as he is affectionately known on the hill, has helped many a struggling freshman to orient himself at Kansas State.

But smoothing the way for stumbling freshmen is not Dr. Holtz's only job. He is also head of the Y.M.C.A. In this capacity he leads many religious activities.

Kimball Is New Registrar

Miss Mary Kimball was appointed Kansas State registrar when Miss Jessie McDowell Machir resigned that position July 1 after 30 years of service as "keeper of the records".

To the office of the registrar falls the task of engineering the registration of students and keeping

records of their enrolments and grades. Both present and former students' records are kept on file in the office.

Added duties fell to this office when military activities began to affect the College. Not only must the registrar supervise enrolment of men in uniform, but she is constantly called upon to furnish transcripts of grades for men entering the armed services.

This office also issues enrolment figures and graduation lists.

Supervising the women students at the College is the job accorded to Miss Helen Moore, Dean of Women. She helps students find suitable housing and part time jobs. It is her office that issues regulations concerning hours that must be kept by College women.

Kenney L. Ford, alumni secretary, keeps records of graduates of Kansas State up-to-date. His files

ADVISER FOR WOMEN students on the hill is Dean Helen Moore. As dean of women she supervises many activities of students.

ALUMNI SECRETARY Kenney L. Ford keeps track of former students and graduates' activities and achievements.

Many Problems

show that well over 1,000 former students and graduates are in the armed forces. Mr. Ford is also editor of the alumni news printed each week in *The Industrialist*.

Dr. Myron W. Husband heads the student health department of the College. Dr. Husband returned to the College last year after an absence of nearly a year. His staff is guardian of the health of both civilian and military students.

Donations from Manhattan business firms and individuals totaling \$1,895 for College hospital equipment and \$2,000 from Mr. and Mrs. Samuel Goldstein in honor of their son, Jack, who is a sergeant with the armed forces in England, for 24 new hospital beds, mattresses and pillows made it possible to enlarge hospital facilities this year.

The new equipment is to be used in the main hospital.

DR. MYRON W. HUSBAND directs the student health service for both civilian and army students.

FIRST SEMESTER STUDENT COUNCIL members are (left to right) Kay Jones, war stamp chairman; Don Findley; Marilyn Kirk, pep chairman; Bill Kimel, vice-president; Charles Jakowatz, president; Betty Brass, recording secretary; Max Grandfield, treasurer; Harriet Holt, corresponding secretary; and Bill Davis.

Student Council Sponsors War Stamp Sales

THE Student Council, executive and disciplinary body of the Student Governing Association, is elected by students voting for representatives of their respective Schools. This new system of electing council members was initiated last year. Previously all members were elected by the entire student body.

The advent of men in uniform at Kansas State has affected the personnel of the Student Council. This year two Army Specialized Training men and two Army Air Forces students were representatives to the group. Sergeants John Pearson and Robert Scheck met with the Council part of the year. They were transferred to another station before the close of the second semester. Army Air Forces representatives were Bill Dearen and S. M. Sabieszansti.

Many of the Council's projects are connected with the war effort. In this field they sponsor weekly war stamp sales, which are held each Wednesday from 8 until 5 o'clock in Anderson hall.

During the second semester, the group was responsible for Army-Coed dances. These social gatherings were sponsored every two weeks for an

hour and a half in Recreation Center. Both army and civilian students attended.

Council Aids Red Cross Drive

The Council worked with Dean Umberger in securing funds from the students for the Red Cross this spring. Two committee heads contacted every organization president on the campus and other members solicited funds from all the organized houses.

Outstanding among the activities of the Council this spring, was the sponsorship of the operetta, "Blossom Time." This musical brought a rich program of talent within the reach of each student at Kansas State College.

Council members chosen for the first semester were Charles Jakowatz and Bill Kimel, School of Engineering and Architecture; Betty Brass, Marilyn Kirk and Don Findley, School of Arts and Sciences; Harriet Holt and Kay Jones, School of Home Economics; Max Grandfield, School of Veterinary Medicine; and Bill Davis, School of Agriculture.

SECOND SEMESTER Student Council members were Harriet Holt, war stamp chairman; Jean Werts, corresponding secretary; Kay Jones, recording secretary; Bob Ekblad; Harold Siegele, president; Paul Engle; John Hirleman; Don Findley, vice-president; and Max Grandfield, treasurer. A.S.T. representatives were Sgt. John Pearson and Sgt. Robert Scheck. A.A.F. representatives were Bill Dearen and S. M. Sabieszanski.

When Marilyn Kirk, Betty Brass, Bill Davis, Charles Jakowatz and Bill Kimel were graduated at the close of the first semester, a special election was held to replace them.

The new members chosen in these elections were Harold Siegele and Bob Ekblad, School of Engineer-

ing and Architecture; John Hirleman, School of Agriculture; and Jean Werts and Paul Engle, School of Arts and Sciences.

All school dances sponsored by the S.G.A. were under the direction of dance managers Don Davis, first semester, and Jack Perkins, second semester.

DON DAVIS, DANCE MANAGER for the first semester "stamps them in" at one of the S.G.A. Varsities. Jack Perkins who took over the job second semester, looks on.

DECIDING WHAT PERCENTAGE of the activity fund should be given to various college activities demands the attention of Apportionment board members. They are (left to right) Roy Milleret, Mary Ann Montgomery, Charles Jakowatz and Prof. H. W. Davis. The other faculty member, Prof. R. I. Throckmorton, is not in the picture.

Boards Control Activities and Organizations

SOON after enrolment, the Apportionment board allotted the activity fee fund on a percentage basis to eleven college activities.

Second semester the board met with the new S.G.A. president, Harold Siegele, replacing Charles Jakowatz, who had graduated.

The Organization Control board approves or disapproves student organizations. In its first annual re-

port it classified organizations as active or inactive and according to type.

The board places emphasis on the importance of the purpose of each organization, the value of its program to its members and to the college, and the efficiency with which it is attaining its goals.

Members of both boards are appointed by the S.G.A.

PASSING ON THE ACTIVITIES of student organizations is the job of Organization Control board members (left to right) Miss Grace Derby, Tom Martin, Prof. Harold Howe, Kay Jones and Prof. Louis Reitz. Clair Mauch replaced Tom Martin second semester.

STUDENT UNION COMMITTEE members are (left to right) Judy Doryland, John Hirleman, Prof. Paul Weigel, Don Findley, Max Grandfield and Mrs. Bessie Brooks West.

Student Union Building Comes Nearer Reality

A POSTWAR Student Union building came closer to reality this year when the Collegiate 4-H Club purchased war bonds with \$4,500 maturity value as a gift for furnishing one or more rooms of the building. The structure, which will cost \$800,000, is being paid for by semester fees collected from students.

Building to Be Air-Conditioned

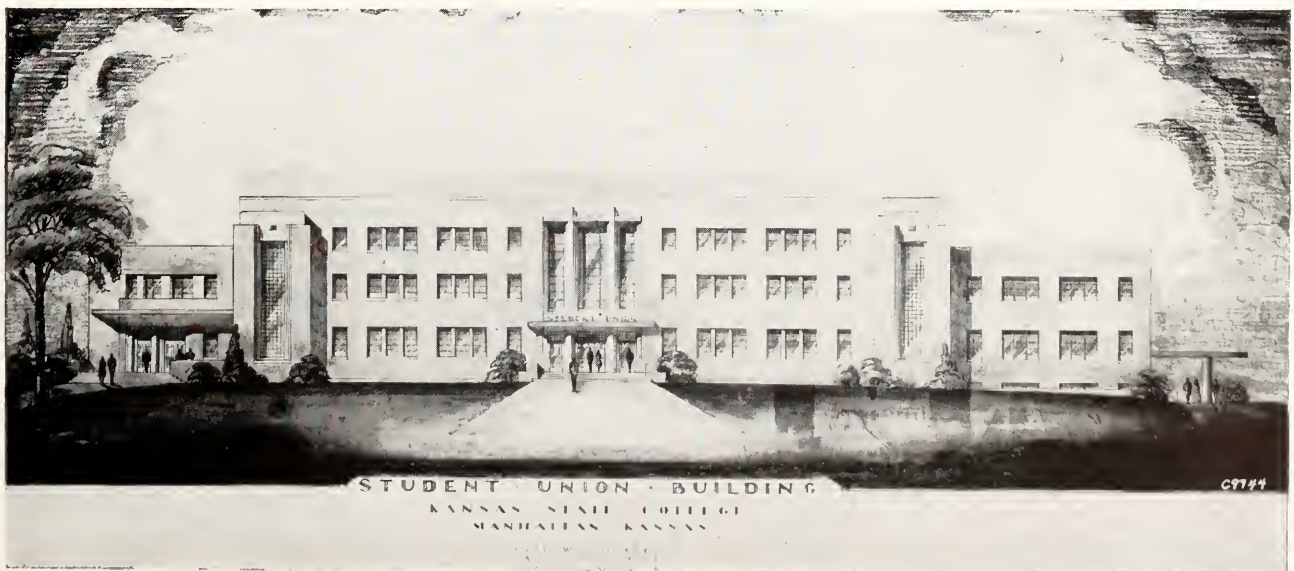

The building will be air-conditioned and designed

for lounging, entertaining, sports, organization meetings, dances and student publications.

Plans and specifications for the Student Union are expected to be completed and ready for giving bids by September 15. Construction can start on the building as soon as materials are available.

Prints of the proposed building are in care of Prof. Paul Weigel, while funds are in charge of Dr. W. E. Grimes.

THE STUDENT UNION BUILDING which will be erected after the war, will be a three-story structure of native limestone, built entirely without state financial aid.

FACULTY COUNCIL members who approve S.G.A. rulings are (left to right) Prof. L. E. Conrad, Dr. A. A. Holtz, Prof. Louis Reitz, Dean Helen Moore, Dr. Gladys E. Vail, Miss Grace Derby, Dr. Harold Howe and Prof. Ralph R. Lashbrook.

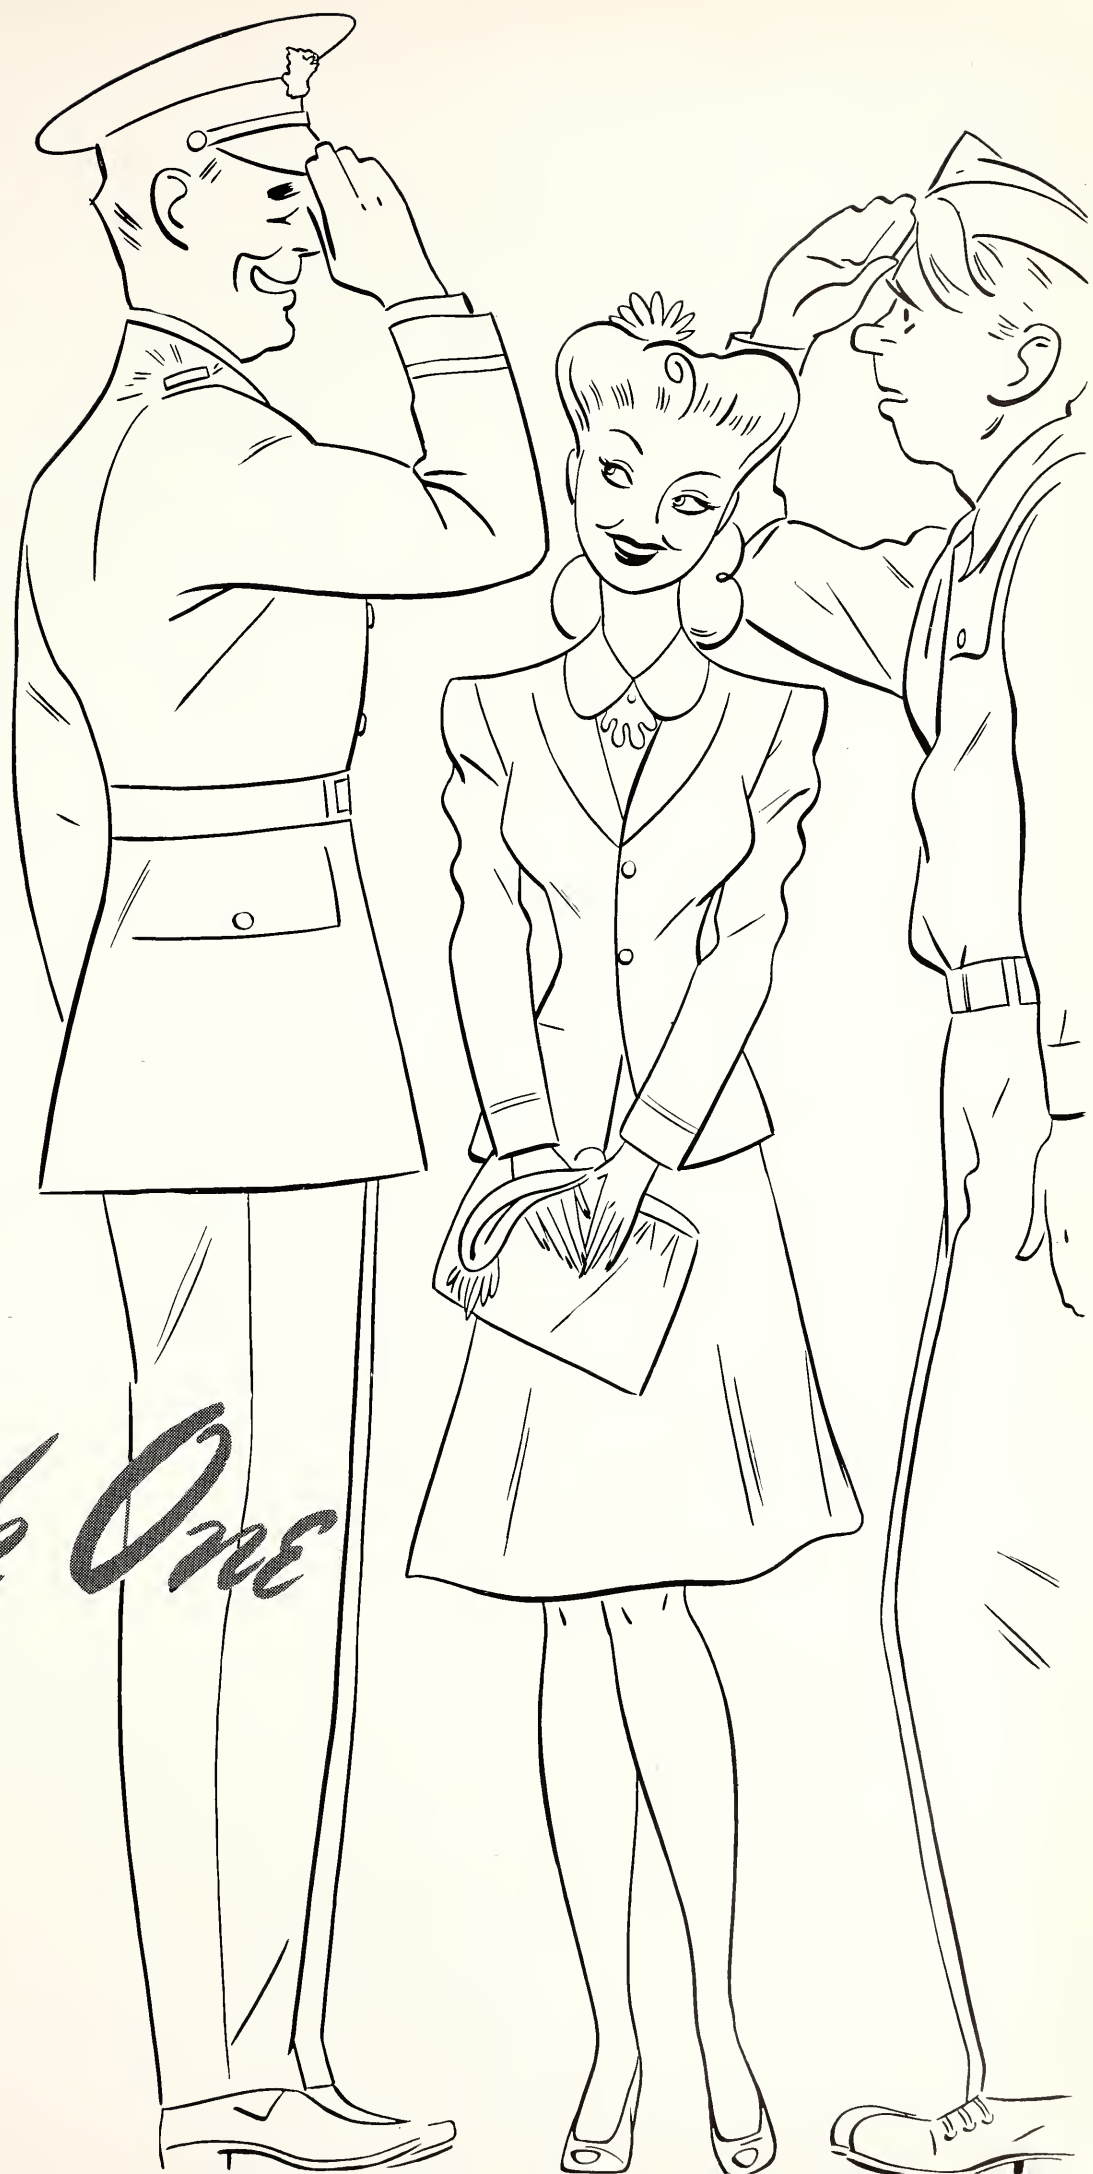

Faculty Council Approves S.G.A. Decisions

THE Faculty Council on Student Affairs, under the chairmanship of Dean Helen Moore, passes on all Student Governing Association rulings and must approve them before they go into effect.

If the Council does not approve an S.G.A. decision, a joint meeting is held in an attempt to come to an agreement. If this can't be done, President Eisenhower decides the issue.

A PORTRAIT of President Emeritus F. D. Farrell, painted by Mrs. Margaret Sandzen Greenough of Liudsborg, was presented to the College by Dr. J. T. Willard, historian (at right) this spring. Accepted by President Milton S. Eisenhower at a faculty meeting, it now hangs in his outer office.

Milton S. Eisenhower, the ninth president of Kansas State College, was inaugurated at an all-school assembly on September 30. The program was broadcast nationally by the Blue network as a part of the National Farm and Home hour.

The inaugural added a memorable significance to the regular assembly held in College Auditorium on the first day of classes of the new College year.

In keeping with war time conditions, a simple one-hour program was planned by Dr. Howard T. Hill, head of the Department of Speech.

COLONEL J. K. CAMPBELL, head of the military department at Kansas State, is commandant of all military troops here. Colonel Campbell is responsible for the academic work and the physical and military training of all the groups except the Air Crew students.

As more and more A.S.T. men arrived on the campus, it became evident that the new Military Science building must be completed in order to take care of the increased number of students. This building was completed in the summer and soon after its completion A.S.T. students moved in to the upper floor.

The offices of the military staff itself were moved from Nichols gymnasium to part of the new Military Science building located at the northwest corner of the campus, just west of West Waters hall. Construction of the building was begun in 1941.

COLONEL J. K. CAMPBELL (above) is commandant of all military students on the campus. The new Military Science building (below) was completed last summer. It is the headquarters for Colonel Campbell and his staff and also serves as barracks for part of the A.S.T. men.

Military Staff Enlarged for A.S.T. and A.A.F.

NEW officer personnel was necessary at Kansas State to direct the activities of the A.S.T. unit and the Air Corps students stationed here.

Colonel J. K. Campbell, professor of military science and tactics for R.O.T.C. students, was made commandant of all military groups stationed on the Kansas State campus including the Air Crew students.

Adjutant Major H. E. Stover handled all official mail for the A.S.T. unit and was in charge of all matters pertaining to personnel and intelligence.

Company officers for Company A and Company B of the A.S.T. unit were Capt. E. L. Andrick and Capt. M. J. Peters. Lt. G. E. Fairbanks acted as company officer for Captain Peters. Lt. B. R. Patterson was R.O.T.C. instructor in charge of training Infantry men and Major

D. C. Taylor was in charge of training Coast Artillery men.

Major G. E. Hofto was supply and service officer for the A.S.T. unit and was in charge of all the equipment for the unit.

Of the Air Corps personnel stationed on the Kansas State campus, Capt. William L. Cochrane was made commanding officer of the unit early in 1944. Lt. Russell R. Goff was the adjutant for the unit; Lt. John E. Garner was personnel officer; and Lt. Charles W. Graves was supply officer.

Lt. Edward M. Lemon was tactical officer for the Air Corps 100th College Training Detachment. Lt. Chris Pappas was the director of training, and Capt. Gordon H. Heald was the medical officer for the unit.

A.S.T. Vets to Stay

EARLY in June last year, 81 A.S.T. veterinary medicine students arrived at Kansas State to receive college training. Regularly enrolled vets were sworn into the army as privates late in May and returned to the campus as members of the A.S.T. Men in uniform and civilian students were in the same classes.

This year, when curtailment of the A.S.T. program was announced, word was received that the 163 vets would be allowed to remain as long as they did satisfactory work or until graduation.

Engineers Take Basic and Advanced Training

STUDENT engineers in the Army Specialized Training Program arrived on the Kansas State campus early in June of 1943. Classes for these students began June 14, and their basic courses lasted nine months. Those students who had a satisfactory record went on into the advanced phase of training which requires from nine to twelve months.

Trainees Have Separate Classes

The basic training period was divided into three terms of twelve weeks each. The classes were apart from regu-

lar civilian classes. The courses were on the level of freshman and sophomore years of the School of Arts and Sciences, except the drawing course which was in the Department of Machine Design in the School of Engineering and Architecture.

They studied mathematics, physics, chemistry, history, English, and economic geography. Engineering drawing was given during the third term of the basic training. The instruction for the advanced phase was on the level of junior and senior years of the regular engineering curriculum.

Many Are College Men

MEN sent here for the basic A.S.T. had been in military training twelve weeks or more before they came to Kansas State.

Many of the trainees had been in college before going into the army. Others were high school graduates who had passed the screening tests to admit them to work of college level. These men came to Kansas State from reception centers, known as Star Schools, at the University of Nebraska and the University of Wyoming.

Army Students Become Members of S.G.A.

THE Board of Regents gave its approval to a plan enabling A.S.T. engineers to become more active members of the Kansas State student body. They planned a special activity fee for these students.

By this plan, army students who paid the reduced membership fee of \$2.75 received the Collegian, admittance to the four home football games and a voice in the Student Governing Association of the College.

A.S.T. Has Basketball Team

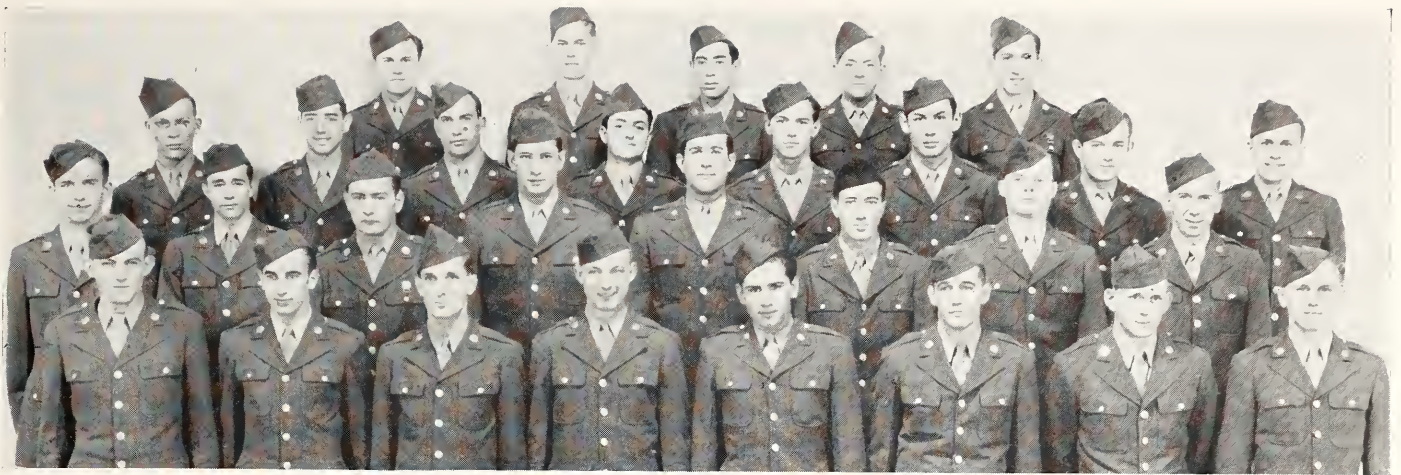

When the plan went into effect, the A.S.T. engineers enthusiastically entered into the College social life. They

dated college girls, took in the Varsities and other social functions. They started their own basketball team and played teams from Fort Riley and other camps as well as some colleges. They purchased war bonds and stamps and gave freely to College associations. The Royal Purple was made available to those desiring copies and nearly 700 men took the opportunity of doing so.

The campus tradition of no smoking on the campus was broken so that army students might have the privilege of smoking where they pleased. Civilian students, however, still held to the old ruling.

Most of A.S.T. Leave

LATE in June of 1943 the joint Army-Navy Manpower committee cleared Kansas State for 785 engineers in the advanced phase, 1,500 engineers in the basic phase and 25 men in the pre-medic phase of the A.S.T.P.

In February of 1944, Kansas State's A.S.T. program was curtailed, and shortly after the announcement came, Kansas State lost the greatest part of its A.S.T. enrolment.

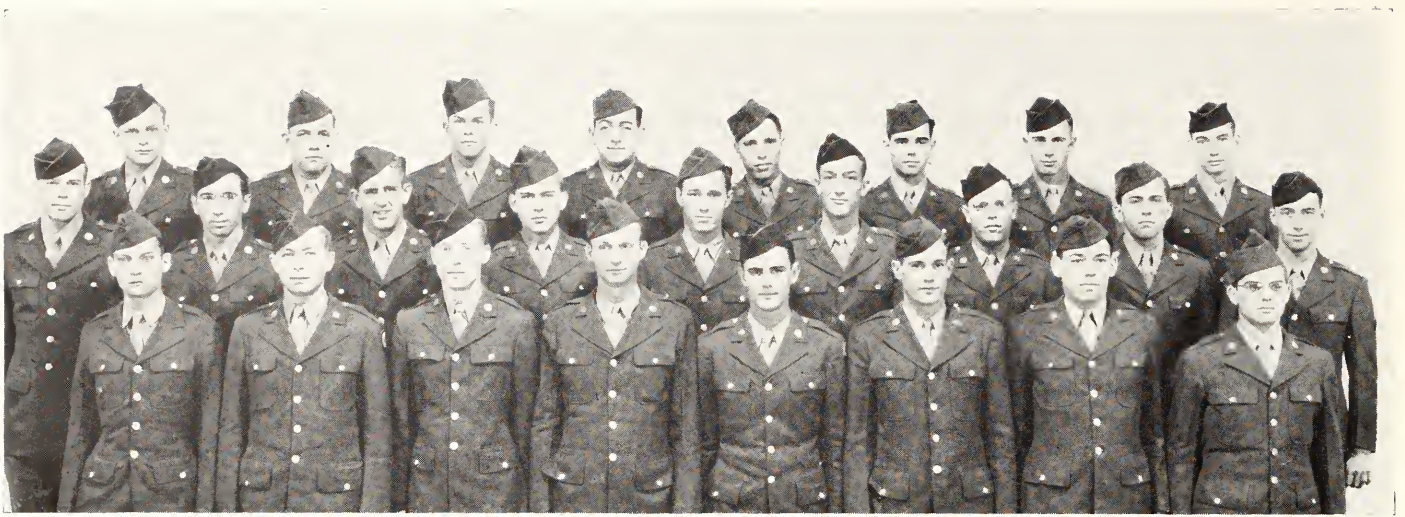

Following this curtailment, Van Zile hall was released to the College by the War Department and will be available for women students next fall.

PEGGY PHELAN and Kay Hosmer make out receipts for A.S.T. men for individual pictures to be included in the class section of the Royal Purple.

Former Students Return to Await O.C.S.

APPROXIMATELY 53 men who finished their junior R.O.T.C. courses at Kansas State in the spring of 1943 and were ordered to army camps for completion of their basic military training were returned to Kansas State to continue their academic studies until there were vacancies for them in officer candidate schools.

There were among this group several men who had completed their R.O.T.C. work but were still attached to the A.S.T. until they completed the necessary work for a degree.

Twelve of the men were ordered to Kansas State early

in November. The others had to pass screening tests at the Star unit at Grinnell, Iowa, before they were returned to Kansas State. These students were attached to the Army Specialized Training unit in the phase designated as A.S.T.-R.O.T.C.

West Ag Houses Trainees

When these men came to the campus, desks and chairs were removed from the third-floor rooms of West Ag, and replaced with double-decked beds. The men left the campus shortly after mid-semester.

R.O.T.C. Remains Active

REGULARLY enrolled students at Kansas State received the usual training this year. Although the ranks have been depleted considerably by the war, freshman and sophomore men carried on the R.O.T.C. Under the direction of Col. J. K. Campbell, this group received regular instruction in Military Science and Tactics. Although the blue lapels of R.O.T.C. uniforms were not so much in evidence this year as in previous years, training has been carried out in much the same manner.

AT R.O.T.C. INSPECTION last spring, basic and advanced military students were reviewed by inspecting officers of the Seventh Service Command, and were presented to the honorary cadet officers (above).

BONDS

of Brotherhood

P A N H E L L E N I C

MAIN energies of the Women's Panhellenic were directed toward the war effort this year. Members sponsored a sale of war bonds in downtown booths and assisted S.G.A. with a varsity, donating proceeds to the War Students' Service Fund. Sorority members living at Fort Riley were entertained at a tea given by Panhellenic at the Kappa Kappa Gamma house, while A.S.T. and aviation students in the College hospital were serenaded at Christmastime.

Presidency Is Rotated

The presidency of the organization is rotated so that no one sorority retains leadership. This year Martha Meckel, Kappa Kappa Gamma, was president; Eleanor Allison, Kappa Delta, vice-president; Loretta Cornelius,

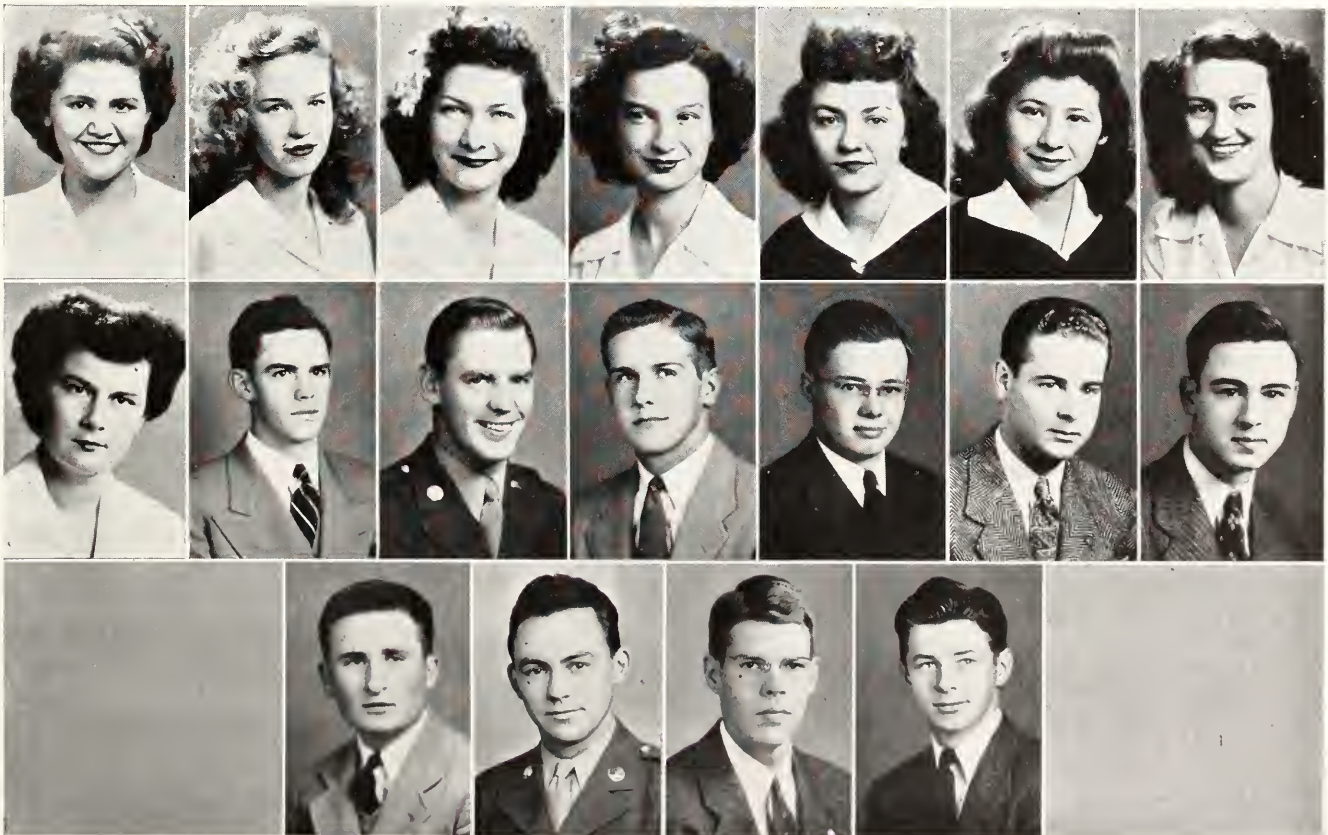

Alpha Xi Delta, secretary-treasurer. Kathleen Knittle Schmidt was faculty adviser for the girls.

Meeting in rooming houses or at get-togethers in downtown dining rooms, fraternities remained active despite the army having taken over their houses. Leading fraternity activities was Men's Interfraternity council.

Officers of the council were Tom Martin, Sigma Alpha Epsilon, president; John McFall, Sigma Nu, vice-president; Don Davis, Delta Tau Delta, secretary-treasurer.

Joint meetings were held during the year to nominate Greek candidates for class and S.G.A. offices.

PANHELLENIC AND INTER-FRATERNITY COUNCIL—*Top row:* Betty Jean Yapp, Alpha Delta Pi; Loretta Cornelius, Alpha Xi Delta; Betty Whitney, Chi Omega; Lorraine Corke, Clovia; Doris Dickey, Kappa Kappa Gamma; Edith Willis, Kappa Kappa Gamma; Eleanor Allison, Kappa Delta. *Second row:* Frances Allison, Pi Beta Phi; Floyd Beaver, Acacia; Duane R. Peterson, Alpha Gamma Rho; Charles Halbower, Beta Theta Pi; Embert H. Coles, Delta Tau Delta; Clayton Knappenburger, Kappa Sigma; Raphael Z. Letourneau, Phi Kappa. *Bottom row:* Guy Shelley, Sigma Nu; Lloyd Bennett, Sigma Phi Epsilon; Bob Linn, Sigma Alpha Epsilon; Charles Schwab, Tau Kappa Epsilon.

SORORITY PARTIES of all kinds are in the spotlight. Clovia's entertain their dates in a novel night-club setting (above left) complete with hat-check girls and cigarette girls. Another unusual idea (above) is the Alpha Xi get-together at their "flannel nightgown party" one night last winter. Alpha Delta Pi's and their dates (left) enjoy a semi-formal dance at the Country Club.

SELLING WAR BONDS and stamps in down-town stores is a project of Women's Panhellenic (below).

BRIGHT STREAMERS decorate the ceiling at the Sig Alph party last winter (above) lending a festive air to the occasion.

A BETA BROTHER plays Santa Claus at a Christmas party at the Country Club (below) while an amused audience looks on.

STUDY HOURS IN THE library are required of all sorority pledges. Pi Phi's (right) do a little brain work preparing for their next class.

PREFERENTIAL LUNCHEON is the climax of Rush Week in the fall. Each rushee attends the luncheon at the house of her choice. (Right) Chi Omegas and their guests enjoy the occasion.

ALPHA DELTA PI—*Top row:* Mrs. R. Stephens, Georgiann Alexander, Dorothy Basgall, Alice Beardsley, Marjorie Bernard, Hallie Marie Broadie, Dorothy Bunch, Betty Burgess, RoJean Burgwin, Luana Byrns, Grace Irma Coldwell. *Fourth row:* Betty Carr, Harriet Donley, Mary Dressel, Nina Fair, Jane Fagerburg, Ruthanne Finley, Charmian Gish, Gloria Givens, Evelyn Goddard, Evelyn Green, Louise Holdren. *Third row:* Mary Lois Holm, Mary Belle Jenkins, Mary Johnson, Mary Louise Johnston, Janet Jones, Mary Kassner, Betty Kessler, Marilyn Kirk, Doris Craft, Marjorie Manahan, Lee Massey. *Second row:* Florence Merriam, Betty McClung, Wanda Nanninga, Betty Olinger, Thelma Rice, Alice Shedd, Louise Scherger, Betty Stamp, Mary Lee Taylor, Joan Thompson, Wilma Vance. *Bottom row:* Mary Weeks, Lucy Wells, Betty Willey, Ethel Wilson, Ruth Wilson, Bonnie Woods, Marilyn Woods, Betty Jean Yapp.

Alpha Delta Pi

Founded, 1851, at Macon, Georgia.

Alpha Eta chapter established, 1915.

Sixty-five Chapters

Well represented in campus activities this year were the Alpha Delta Pi's. Outstanding was Louise Scherger, who is one of the few women veterinary students. She is a member of Prix, Dynamis, the junior A.V.M.A., and the Y.W.C.A. cabinet. Also on the cabinet of Y.W. is Marjorie Bernard, who belongs to Quill club and is secretary of Purple Pepsters.

An S.G.A. member and the treasurer of Purple Pepsters was Marilyn Kirk. Bonnie Woods won honors as one of the Royal Purple Beauty Queens.

Officers were: Marilyn Kirk, president; Marjorie Bernard, vice-president; Betty Jean Yapp, secretary and Panhellenic representative; Lucy Wells, treasurer. Mrs. Don Lovett was chapter adviser, and Mrs. Ransom Stephens, housemother. Highlighting their social season was the Snowball dinner-dance.

Alpha Xi Delta

Founded, 1893, at Lombard College, Galesburg, Illinois.

Alpha Kappa chapter established, 1922.

Fifty-eight Chapters

Honors for both beauty and brains went to the Alpha Xi's this year when three K-State queens were selected from this group, and a high scholastic standard was maintained by the sorority. Betty Gail Parker and Marian Asher were chosen Royal Purple Beauty Queens. Eleanor Kitselman was Homecoming Queen attendant. Selected as an outstanding senior, Virginia Lee Green was president of Phi Alpha Mu, member of Dynamis and Phi Kappa Phi.

Officers were: Virginia Lee Green, president; Darlene Frederick, vice-president; Dorothy Kitselman, secretary; Jean Fee, treasurer; Loretta Cornelius, Panhellenic representative. Miss Dorothy Barfoot is adviser.

Clovia

Founded, 1931, at Kansas State College.

Alpha chapter established, 1931.

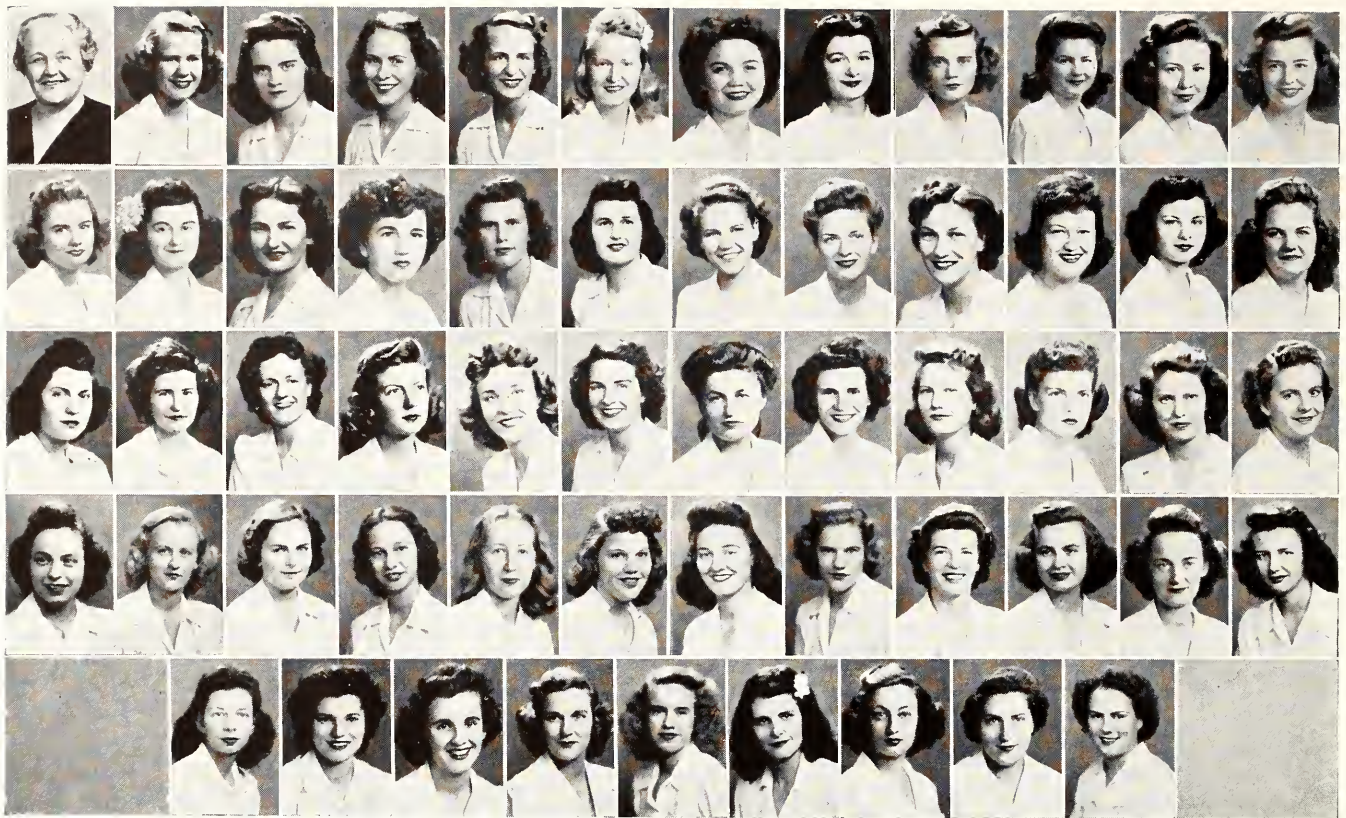

Two Chapters

Organized on the K-State campus September 4, 1931, for girls who are interested in 4-H club work, Clovia is well represented in campus activities and was second scholastically among the sorority groups.

Willa Havely was president of Mortar Board and of the Collegiate 4-H club. Taking an active part in Prix were Rita Anderson, vice-president, and Iantha Terrill and Eunice Niblo. Prominent in Home Economics was Lavone Humphrey, member of Omicron Nu. Phi Alpha Mu members were Athol Furman and Iantha Terrill. The State 4-H club publication, *Who's Whoot* was edited by Athol Furman.

Presiding over Clovia this year were Lavone Humphrey, president; Willa Havely, vice-president; Lorraine Corke, secretary and Panhellenic representative; Margaret Konecny, treasurer. Mrs. M. H. Coe is the chapter adviser.

Delta Delta Delta

Founded, 1888, at Boston University.

Theta Iota chapter established, 1915.

Eighty-seven Chapters

Active on the campus this year, and especially in war work, were the Tri Deltas. Bringing recognition to the sorority was Betty Brass, a member of Phi Kappa Phi, who was represented in "Who's Who in American Colleges and Universities." She also served on the student council and Mortar Board and was chosen an outstanding senior.

President of the service club was Jean Peck, who also was a member of Prix. Pat Mossman and Jo Ann Stoecker were affiliated with Quill club, and Ina Belle Zimmerman with Omicron Nu.

Amicossembly Represents 17 Organized Houses

ORGANIZED houses for Independent women were more popular residences this year than ever before at Kansas State.

Amicossembly, coordinating council for these houses, boasted representation from 17 such organizations, an all-time record for this campus.

Amicossembly consists of two representatives from each house. It plans social events for the approximately 200 college women living in these houses, and enables this group to act as a body in campus functions in general.

A "get-acquainted" picnic for all Independent women living in organized houses was held at the beginning of the school year. In February Amicossembly members danced in semi-formal attire at the "Harmonious Hearts Ball" in Thompson hall. Housemothers entertained the women at a picnic in April.

Several worthwhile projects were sponsored by Amicossembly. Proceeds from a rummage sale bought Christmas gifts for soldiers in the Fort Riley hospital.

Nadine Marshall was president of the Council this year, assisted by Arlene Shields, vice-president. Pat Prather Hall was secretary-treasurer, and Marion Funston, song leader. Faculty sponsor was Miss Karolyn Wagner.

Amicossembly helped in choosing candidates for Homecoming Queen and Royal Purple Beauty Queens, and for Student Council and Board of Publications representatives.

INDEPENDENT ORGANIZED HOUSES had many dances during the year. Women of Coed Court entertain dates at one of theirs (below).

MARKER HOUSE—*Back row:* E. Jean Johnson, Frances M. Ewart, Marilyn L. Utermohlen, Dorothy L. McIntosh, Betty S. Larson, Annie Gardner. *Second row:* Maria M. Norman, Katherine A. Jones, Frances E. Moorman, Charlotte A. Lambert, Mildred L. Morris. *Front row:* Jo Ann Jorden, Luella Reed, Marie Root, Ruth Norman, Helene Adams, Vernelle Blevins.

College Manages Marker House;

WITH Van Zile hall, women's dormitory, housing army trainees, organized Independent houses were popular residence places for Kansas State coeds. Several new houses were organized this year.

The Marker house, 1414 Fairchild, was under College supervision this year, and served as a training place for student dieticians. Miss Dorothy Hamer, Director of Women's Housing, was supervisor.

Officers were president, Vernelle Blevins; vice-

president, Annie Gardner; secretary-treasurer, Charlotte Lambert; and social chairman, Betty Larson. Jean Johnson reported activities for the Collegian.

The house formerly called Shane's Shanty was re-organized this year as The Shanty. Eleanor Blackburn directed affairs of the house as president, and Sarah Durtz assisted as vice-president. Beth Stratton was secretary-treasurer, and Irma Bird acted as social chairman. Doris Christenson was reporter.

THE SHANTY—*Back row:* Mrs. Ruth V. Newell, Doris E. Lupton, Eleanor Blackburn. *Second row:* Clara Louise Dubbs, Beth C. Stratton, Sarah E. Kurtz, Adele E. Bischoff. *Front row:* Irma E. Bird, Doris M. Christiansen, Stella M. Spurneg.

ALOHA COTTAGE—*Back row:* Ruth Ann Hamilton, Martha Anne Carl, Beth Rene Noble, Marget Ann Tompkins, Bette Mertz, Pat Honderick, Helen Dieter. *Second row:* Eunice C. Ficken, Margaret E. Giles, Mrs. Dixie Wohlberg, Elda E. Warner, Jean Elaine Fullerton, Mary S. Carl. *Front row:* Marguerite Galloway, Betty A. Mugler, Margaret E. Butler, Florence Berg, T. Evelyn Mitchell, Beth Jarvis, Leora E. Bentley.

Others Still Run Independently

One of the oldest women's organized houses, and this year the largest, was Aloha Cottage. Social activities included a "Hula Hop," the Hawaiian theme being suggested by the house name. Directing decorations and refreshments was Una May Zane, native of Hawaii and student at Kansas State this year. Executive positions were held by Ruth Ann Hamilton, president; Helen Dieter, social chairman; Evelyn Mitchell, secretary; and Marget Tompkins, publicity chairman.

In its second year of organization is Skywood Hall, so named because the house is located high above the street. Mrs. Neil Swanson was housemother at this residence. President was Ellen Tedman; vice-president, La Dean Sage; secretary-treasurer, Winifred A. Grist; and social chairman, Carol Hess. Social activities included several open houses and a buffet supper.

Located at 1719 Laramie, Skywood Hall was prominent in Independent organization this year.

Knostman, Jean Werts, Doris L. Williams, Harriett Fisher, Shirley A. Freienmuth.

Organize New Independent Houses;

ONE of this year's newly organized houses for Independent women was Keim's Kabana, 1623 Leavenworth. Composed largely of freshmen women, Eunice Stoltenberg, Jean Werts, Elizabeth Knostman, and Georgia Jean Scollick were Freshman Counselors living here.

Officers included: Eunice Stoltenberg, president; Miriam Grizzell, vice-president; Harriett Fisher, social chairman, and Shirley Freienmuth, reporter of the

house's social activities.

O'Loughlin Heads Coed Court

One of the older women's organized houses, Coed Court, was again active this year in Independent activities. Patricia O'Loughlin presided, assisted by Marian Funston in the vice-president's position. Betty L. Bhear acted as secretary, and Mary Hodgson performed the treasurer's duties. The house is located at 1417 Leavenworth.

Old Ones Carry on Successfully

Another Independent women's residence organized this year was Moore Th' Merrier. The name was derived from the name of the housemother, Mrs. T. H. Moore. Officers who engineered the activities of the house were: President, Virginia Reif; vice-president, Florence Smith; secretary-treasurer, Ruth Holden; social chairman, Irma Johnson; song leader, Virginia Harlow, and reporter, Virginia Williford.

Pal-O-Mie had another successful year as an active organized house. Jessie Stoker Siegle was president; Pat Prather Hall, vice-president; Phyllis Barr, secretary; Ruth Jacob, treasurer, and Carol M. Halbower planned social events in her capacity as social chairman. Mrs. Lillian Fuller was housemother.

Women from Pal-O-Mie participated in many campus organizations and Independent functions.

College Women Organize Houses;

DESRIPTIVELY named, Stucco Inn this year again housed ten Independent college women. This house has been organized for several years, and its members participate in many Independent organizations. Stucco Inn is located at 1016 Vattier.

Presiding during the 1943-44 school year were: Velma McCall as president, Mary Pierce as vice-president, Ruby Hendrickson as secretary, and Ione Sevier as treasurer. Mrs. A. F. Roberts was housemother for the group.

Another women's residence that has been an active organized house for several years is Clark's Gables at

812 North Manhattan.

Officers who were elected at the beginning of the school year were: Dorothy Dreese, president; Betty Payne, vice-president; Marjorie Hawkins, secretary-treasurer; Margaret Pfrang, social chairman; and Margaret Morris, historian.

Members Are Active Independents

Mrs. Edith Clark was housemother for the twelve girls living at appropriately named Clark's Gables. Its residents were noted for their active part in Independent organizations.

Sponsor Many Social Activities

One of the newly organized houses for Independent women this year was Elm Manor, 1101 Bluemont. The house derived its name from the large elm trees growing in the yard. Housemother was Mrs. A. I. Darling. Lois Hull was elected president of this new house, and Mary Frances Robbins assisted her as vice-president. Wilnita Briggs performed the duties of secretary and treasurer.

Concluding a successful first year as an organized house for Independent women is Tramalai. Like several of the other women's residences newly organized,

it housed principally freshman women, substituting in this way for Van Zile hall. Several freshman counselors lived here to guide the new Kansas State coeds by their own experiences. Social activities included several open houses for army trainees on the campus.

Presiding officer was Verda Rose Tessendorf, assisted by Jane Reynolds as vice-president. Dorothy Wilson acted as secretary, and Marion Ober had charge of activities as social chairman. Mrs. Ethel Cousins was housemother for the group at 1418 Fairchild.

Organized Houses Give Independent

MAISONELLE, 1706 Laramie, was another Independent women's residence organized this year. Its eleven members were active in Amicossembly and other Independent student organizations.

Mrs. Mattie A. Cassity was housemother at Maisonelle. Officers included: President, Ada Lou Bruington; secretary-treasurer, Bonna Jean Maxfield; social chairman, Leta Van Metre; chorister, Elizabeth Flippo; and publicity chairman, Capdolia Goernandt.

Hill's Heights concluded its second successful year

as an Independent women's organized house. Located at 1423 Fairchild, Mrs. W. H. Hills was the housemother at this residence.

Hill's Heights Has 14 Women

Officers elected by the fourteen women living here were president, Jean Reneau; vice-president, Eleanor Berger; secretary-treasurer, Ede Tompkins; and song leader, Shirley Wayland. Arlene Andrews was house pianist.

Women Home-Like Surroundings

Arcadia, 1222 Bluemont is another organized house for Independent women in its second year of organization.

Directing the activities of the house this year was Dorothy Cochran as president, assisted by Joy Talbot as vice-president. Arlene Shields was secretary, and Hope Watts acted as treasurer. Mrs. Friel was housemother for the eight girls living here.

Participating in many Independent activities, were college women living at La Fiel, 1111 Bluemont. This house also concluded its second year of organiza-

tion this year. The name is Spanish, meaning "The Faithful." This group gave several social functions during the year including a Christmas tea dance. Mary Jane Jones was elected president and Mary Jagger was vice-president.

Other officers included: Dorothy Huseman, secretary-treasurer; and Mary Kaye Eubanks, social chairman. Mrs. E. E. Rogers was housemother.

The organized residences for Independent women played an important part in social activities and other campus functions.

MAURINE PENCE, Dr. Randall S. Hilton, Dr. Robert M. Hopkins and Paul Engle make up a roundtable discussion in Recreation Center (above and below) at the Y.W.C.A.-Y.M.C.A. sponsored twenty-fourth annual World Forum held on the campus February 18, 19 and 20.

THE ANNUAL Y.W.C.A. Christmas Bazaar (below), held in Recreation Center, December 1, was once again popular with students, faculty and townspeople. Novel Christmas gifts were Mexican, Chinese, Indian, blind settlements and Japanese Relocation centers in origin. Margaret McNamee was committee chairman for the Bazaar. Louise Morgan was consignment chairman.

RELIGIOUS

Federation Unites Church Activities

WORKING for the co-ordination of the efforts of all denominations, is the Religious Federation, composed of representatives from each of the protestant church groups on the campus.

Highlight of the year's activities was the annual three-day Christian Affirmation meeting on November 5, 6 and 7, with the Rev. Jack Finegan, head of Religious Education at Iowa State college, as guest speaker at assemblies and forums. "Validity of the Christian Faith," was the theme of this year's program.

Sponsor World Forum

The Twenty-Fourth Christian World Forum was held on the campus, February 18, 19 and 20, through the cooperation of the Religious Federation, Y.W.C.A., Y.M.C.A., and the Ministerial Union of Manhattan.

Featured speakers were Dr. Robert M. Hopkins, president of the United Christian Missionary Society

of the Disciples of Christ, and Dr. Randall S. Hilton, representative of the Unitarian Church from Alton, Ill. Forums and lectures centered around war and future world problems. At a student assembly Dr. Hopkins gave the four causes of war as wealth, race, force and sovereignty.

Have Union Meetings

Three union meetings were held this year. Two of them climaxed the activities of the Christian Affirmation meetings and the Christian World Forum. A Christmas union meeting was held Sunday, December 19, in Recreation Center preceding the Christmas music concert presented by the College women's choral ensemble.

Robert S. Ekblad was president; George C. Wreath, vice-president; Margaret Gordon Chapin, secretary; Wayne Prichard, treasurer; and the Rev. Charles T. Brewster, adviser.

On Monday evening, October 4, all the Manhattan churches had social get-togethers for civilian and military students.

NEWMAN CLUB, one of the largest student religious organizations on the campus, is composed of Catholic students and service men. Their sponsors, the Rev. Emil Sinner and the Rev. E. J. Weisenberg, S. J. have an office in the Illustrations building on the hill.

Newman and Wise Clubs Have Early Services

THE Newman Club, composed of Catholic civilian and military students, met the first Sunday of each month for corporate communion, followed by breakfast and religious discussion led by the Rev. E. J. Weisenberg, S. J., from St. Marys. Two get-acquainted dances were held at the Avalon during the year.

Officers this year were Lester Oborny, president; Ray Letourneau, vice-president; Mary Ann Montgomery, secretary; Leo Wirtz, treasurer; Viola Setter and Marybelle Ratliff, social co-chairmen; and the Rev. Emil E. Sinner, sponsor.

Bishop Wise Club members met at St. Paul's Episcopal Church the second Sunday of the month for a corporate communion service followed by a breakfast

in the student center. Supper meetings followed by discussion groups were held the fourth Sunday.

Sunday evening following Christmas, Manhattan Wise club members had a party in the student center for students and service men who had not gone home for the holidays.

Judy Doryland was president this year. Other officers and sponsors were Theodore H. Reed, vice-president; Phyllis Johnston, secretary-treasurer; Elizabeth Crandall, publicity chairman; and Miss Emma Hyde, Miss Dorothy Barfoot, Amison Jonnard and the Rev. Charles R. Davies, sponsors.

The Bishop James Wise Club is a chapter of the national Canterbury Club.

Baptist Young People Entertain Service Men

THE Baptist Youth Fellowship took part in the church-wide youth week this spring during which they carried on the total church program including all formal worship services.

During the year they met weekly for discussions and held weekly Saturday evening Fun Nights for service men and students. As a work project they redecorated their church meeting room.

Rex Leuze was president this year; Beth McLeod, vice-president; Dorothy Jean Casement, secretary; Ruth Mary Meacham, treasurer; and the Rev. Gerald H. Grotey, adviser.

Theta Epsilon, national organization for Baptist

women students, turned its annual Cupid's Court party February 12 into a service men's party.

The purpose of Theta Epsilon is to furnish fellowship among Baptist women, develop Christian leadership and make the women better acquainted with their church. They helped redecorate their church meeting room by making drapes.

Maurine Pence was president this year; Dora Lee Dauma, vice president; Beth Froning, treasurer; Laurel McLeod, secretary; Jean Tarwater, program chairman; Geraldine Gehrke, social chairman; and Mrs. Carol Whitnah, Mrs. Gerald H. Grotey and Miss Stella Harriss, sponsors.

College Youth Participate Actively

SPECIAL activities of the Lutheran Student Association this year were a Christmas party with its offering for missions, a Palm Sunday breakfast and the spring banquet with installation of next year's officers.

The L.S.A. affords means by which Lutheran students may become acquainted with one another, consider and act upon common problems, and strengthen and encourage one another in Christian faith and in work for Christ and His Church.

L.S.A. met biweekly at the first Lutheran Church for group discussions, outside speakers and social hours. Officers for the year were Lucille Anderson,

president; Naomi Krey, vice-president; Naomi Schoeller, secretary; Dean Tiemann, treasurer; and Miss Inez Ekdahl and Prof. Verne Sweedlun, sponsors.

Helping to support a soldiers' social center at Miami, Fla., was a project of the Young People's Christian Union this year. The group met every Sunday at the United Presbyterian Church for religious programs. Once a month they had midweek social get-togethers.

Rosalie Germann was president; Dill Efling, vice-president; Bonnie Dee Taylor, secretary-treasurer; Doris Galloway, publicity chairman; and Miss Margaret Newcomb, sponsor.

In Manhattan Religious Programs

Christian Endeavor met each Sunday evening at the Christian Church for a fellowship hour, lunch, vesper service and forum. During the year several Saturday night parties for service men were sponsored.

First semester officers were Harold Staadt, president; Jean Selby, vice-president; Luella Reed, secretary; and Orville Gernand, treasurer.

Luella Reed became president second semester; Margaret Dunham, secretary; and Homer Spiers, as-

sistant treasurer. The Rev. and Mrs. J. David Arnold sponsor the group.

Kappa Beta, Christian women's national sorority, entertained all the other women's religious sororities March 21 at a party at the church. They planned games and served refreshments.

Twila Schafer was president this year. Other officers were Ruth Champion, vice-president; Hope Leland, recording secretary; Clara Louise Dubbs, corresponding secretary; and Alice Leland, treasurer.

Three Methodist Student Groups

THE Methodist Men's club is composed of civilian and military students. It met twice a month at Wesley hall to discuss things of religious interest to them. Occasionally an outside speaker headed the group.

Mead Is President

The purpose of the organization is to develop closer friendships among men of like religious ideals. Keith Mead was president this spring; Charles E. Severance, treasurer; and Charles S. Tongret, secretary. The Rev. B. A. Rogers sponsors the group.

The aim of Kappa Phi, national Methodist Women's club, is to have every Methodist woman in the college world of today a leader in the Church of tomorrow. The local Iota chapter was started in 1921.

In the fall old Kappa Phi members call on all new women on the Methodist preference list and give them a rose. A special Christmas project was serving a dinner for the aged ladies at the I.O.O.F. Home west of Manhattan. Special speakers were obtained during the year, most outstanding of which was Miss Estella Hoshimiya, a Nisei who is secretary of the regional Y.W.C.A. office in Topeka, who spoke on the Japanese internment situation.

Humphrey Heads Kappa Phi

Lavone Humphrey was president of Kappa Phi this year. Other officers were: Marjorie Swan, vice-president; Patricia Smith, recording secretary; Wilma Ward, corresponding secretary; Joanne Linn, treasurer; and Mrs. B. A. Rogers, sponsor.

KAPPA PHI women pause on the steps of the Memorial Temple. The organization had a membership of 106 this year.

Have Extensive Religious Program

The Wesley Foundation is composed of all Methodist preference students on the campus. Under the direction of the Rev. B. A. Rogers a program of worship, Christian education, counseling and recreation is carried out.

This year Wesley hall was remodeled and the Foundation's activities — Saturday Niter, Fellowship Hour, Cafeteria and League — were held there.

Paul Engle was president this year; Kathleen Emmert, vice-president; Mildred Socolofsky, secretary; and Georganna Bacon, treasurer.

Congregationalists Organize Sorority

During the first semester the Good Fellowship Society, Congregational organization for College stu-

dents, had Sunday evening discussion and social hours. Douglas Chapin was president; Donald Drayer, secretary-treasurer; and Dr. Mary T. Harmon, sponsor.

Paul Harris, speaker for the Kansas Institute of International Relations, gave his interpretation of world events at an October meeting. Other activities were a Hallowe'en party and dance at Hamilton hall in Nichols gymnasium, Christmas caroling and a New Year's party for service men.

Second semester the Society's activities were limited to Sunday School classes and social meetings. Donald Drayer was president.

This spring a Congregational sorority was organized, Iota chapter of the national Sigma Eta Chi. Mrs. Mary E. Holland sponsors the new organization.

WESLEY FOUNDATION members gather on the steps of the Memorial Temple following Sunday School to have their picture taken. The organization is open to all Methodist preference students.

HONORARIES

Phi Kappa Phi Elects 45 Students

FORTY-FIVE students were elected to Phi Kappa Phi, national honorary scholastic fraternity for students in all Schools, during the past year.

To be eligible a student must have at least a two point average. Not more than 10 per cent of a School may be elected. Those elected in the fall are chosen on the basis of three years of work, others on three and one-half years.

Dean M. A. Durland was president of Phi Kappa Phi this year.

All-School Honorary Organizations

MORTAR BOARD and Blue Key are honorary societies for senior women and senior men chosen for outstanding scholarship, leadership and participation in campus activities.

Big event of the year for Mortar Board was the annual scholarship dinner December 13 when Ethel Rogers received the freshman scholarship plaque and 69 junior women were recognized as being scholastically eligible for membership in the organization.

In the fall, sporting their new uniforms of white jackets and black skirts, they conducted a transfer student tour of the campus and sold mums at the homecoming football game. Later they sponsored a roundtable on post-war education.

Willa Havelly was president. Faculty advisers are Miss Karolyn Wagner, Miss Gertrude Lienkaemper and Prof. Fritz Moore.

Sponsor Homecoming Program

Blue Key, under the leadership of Max Grandfield, conducted freshman tours of the campus and sponsored homecoming activities—selection and presentation of the queen, Blue Key Ball and half time program at the game November 6.

Harold Siegele, Don Findley, Jim Machen, Richard Collins, John Hirleman, Robert Killough and Robert Ekblad were elected to Blue Key second semester. Prof. Vernon D. Foltz is faculty adviser.

BLUE KEY—*Back row:* Don D. Davis, Myron T. Foveaux, Cecil L. Eystone. *Second row:* Don P. Grutzmacher, Chester E. Peters, Max Grandfield. *Front row:* Tom Martin, Wm. R. Kimmel, George Hetland, Jr. *Not in picture:* Alan Bradbury, Wendell Bell.

PRIX — *Back row:* Edith Willis, Roberta Townley, Pat Prather, Rita Anderson, Iantha Terrill. *Second row:* Louise Scherger, Lois Johnson, Zora Weir, Ethelinda Parrish, Eunice Niblo. *Front row:* Margaret McNamee, Judy Doryland, Jean Peck, Margie Rasure, Arlene Shields.

Stress Scholarship and Leadership

Prix, honorary society for junior women, gave two teas this spring—one for senior girls of the Manhattan Senior High School as part of the "Know Your College" program and one for sophomore women on the hill.

They rolled carpet rags for rehabilitation work at Fort Riley and were in charge of publicity for the war relief drive on the campus. This spring they also sponsored the Towle research project among senior women.

Parrish Is President

Ethelinda Parrish was president of the group; Rita Anderson, vice-president; Margaret McNamee, secretary-treasurer; Louise Scherger, marshal; and Mrs.

Kathleen Knittle Schmitt, adviser.

The Miniwanca Club is composed of all college students who have received the Danforth Scholarship or have attended the summer camp at Shelby, Mich., conducted by the national Danforth Foundation.

Club Sponsors Life-Planning

In April the club sponsored a life-planning week thus carrying on the work of the foundation on the campus.

First semester officers were Bill Davis, president; Beth Froning, vice-president; and Ruth Hodgson, secretary-treasurer. Bill Davis graduated in January and Beth Froning became president second semester. Prof. and Mrs. L. F. Payne are advisers for the group.

MINIWANCA CLUB—*Back row:* Juliet Leong, Roberta Townley, Virginia Slothower, Alice Leland. *Second row:* Maryellen Henderson, Prof. L. F. Payne, Mrs. L. F. Payne, Helen Ramsour, Mary Pratt. *Front row:* Ruth Hodgson, Bill Davis, Beth Froning, Mary Alice Doll.

K-Men and Purple Pepsters Back Athletics

PRESIDENT of K Fraternity, a club for men who win their varsity letters, was Melvin Stiefel. This year, because of the war, the group did not sponsor the sale of freshman caps. Old members came back to tell the new some of the history of the organization. Only formal social function of the year was the Spring party. Frank Myers is sponsor.

Women Compose Pep Club

Purple Pepsters is a local chapter of Phi Sigma Chi.

President of this pep organization for women was Harriet Holt. Vitality and enthusiasm carried them through football and basketball games.

Bob Pearson Is Pep King

With the proceeds of the annual Gold Diggers' Ball which they sponsor, a War Bond was purchased. Bob Pearson, A.S.T. Engineer from St. Louis, was crowned "King of Pep" for this year. Miss Katherine Geyer is faculty sponsor.

PURPLE PEPSTERS—*Back row:* A. Wilson, Scollick, Bernard, Anderson, Terrill, Ewald, Holt, Schell, Johnson, Hamilton, M. Wilson. *Third row:* Lowe, Ince, Markley, Dutton, McInteer, Weir, Moyer, Johansen, Fee, Cooper. *Second row:* Wainscott, Stewart, Flook, Green, Jones, Stoltenberg, Schubert, Linscheid, Hannah, Grizzell, Reeves. *Front row:* Horton, Smith, Dressel, Clark, Comstock, Larson, Luhnnow, Boyd, Beil, Finch, Kays.

COSMOPOLITAN CLUB
—Back row: Juliet M. Leong, Mary F. Isely, Una May Zane, Elna L. Hanson, Marjorie A. Sloan. *Second row:* Leora E. Bentley, Lloyd D. Grote, Bill Streib, Vernon K. Sato, Victoria Majors, Margaret E. Giles. *Front row:* C. W. Mullen, Paul L. Everett, John Mangelsdorf, Tom Doepner, Andrew H. Jackson.

K-Staters Belong to Common Interest Clubs

THE Cosmopolitan Club, chapter of the National Association of Cosmopolitan Clubs, consists of men and women students of America and other lands interested in world-wide friendships. "Above all nations is humanity" is their motto.

Dinner Features Native Dishes

The Feast of Nations at which native dishes are served by each club member of the different countries and the Spring Banquet are the outstanding events of the year.

Officers for the spring semester were Victoria Majors, president; Leora Bentley, vice-president; Andrew Jackson, secretary; Elna Hanson, treasurer; and Tom Doepner, corresponding secretary.

Promoting creative writing among college students is the purpose of Ur Rune, local chapter of the National College Quill Club. Membership is determined by the quality of manuscripts submitted.

Quill Club Publishes Mirror

Each year the club publishes the Mirror which contains the work of the members. Dora Lee Dauma and Elizabeth Crandall were co-editors this year.

Officers this year were Lois Hodgson, chancellor; R. W. Conover, vice-chancellor; Ethelinda Parrish, scribe; Jean Wainscott, keeper of the parchments; Martha Peterson, warden of the purse; and Ada Rice, faculty adviser.

QUILL CLUB—Back row: Helen Clegg, Mary Ann Montgomery, Marjorie Bernard, Ada Rice. *Second row:* Ethelinda Parrish, Marjorie Hawkins, Margaret Massengill, Dora Lee Dauma. *Front row:* Robert W. Conover, Elizabeth Crandall, Jo Ann Stoecker, Pat Mossman.

COLLEGIATE 4-H—*Back row:* Farrant, Carswell, Good, Stratton, Bird, Schwandt, Parcel, Reist, M. A. Carl, Deewall. *Third row:* Billington, Markley, Doll, Streater, D. Smith, Shields, R. Anderson, Bacon, Wreath, Borchardt, Christiansen, Spurney, McGown.

Women Lead in Collegiate 4-H Club Activities

THE Collegiate 4-H club, one of the largest organizations on the campus, had 184 members this year. Since many of the college men in the organization are in the armed forces, the women have been carrying on most of the activities.

Willa Havely led the group as president the first semester while Helen Ramsour was the president second semester. Prof. M. H. Coe and Prof. J. Harold Johnson have been the sponsors.

The purchase of war bonds with a maturity value of \$4,500 was the club's main contribution to the war

effort this year.

Furman Edits Who's Whoot

One of the main activities each year is the publishing of the Who's Whoot, a yearly book of 4-H work on the campus and throughout Kansas. Athol Furman was this year's editor. Helen Ramsour and Louise Parcel were business managers.

Hope Leland was the 1943-1944 membership contest winner. She was awarded a silver loving cup at the annual 4-H dinner-dance in December.

4-H GROUP II—*Back row:* Colyer, Terrill, Manson, Hadley, Redmond, M. S. Carl, Goff, McDonald, Cochran, Ramsdale. *Fourth row:* Morris, R. Wilson, Petterson, R. Young, Eleanor Kitselman. **Front row:** Mary Anne Reeves, Joyce Nickerson, Jean Fee, Ahda Somers, Marget Tompkins.

Women Organize for Dancing and Scholarship

ORCHESIS is an organization which creates an opportunity for girls interested in modern dancing to express themselves rhythmically. To be a member a student must pass a dance test and think of dancing as an art. Because of the war, Orchesis gave no public performances. Work in the classroom was the extent of their activities this year.

Mary Anne Reeves was president; Virginia Lee Green, secretary-treasurer; and Miss Ruth Kriehn, sponsor.

Phi Alpha Mu is an honorary organization for junior and senior women in the School of Arts and Sciences. Last fall 15 women were pledged who were in the upper 15 percent of their class scholastically.

Freshmen and sophomores in the school were given a tea in December to acquaint them with the purposes

of the organization. Virginia Lee Green, president, explained the ideals and standards of the organization so that they would have a goal for which to strive.

For the spring semester 1942-1943, Phi Alpha Mu had the highest grade average among honorary organizations with a 2.362 average. For the fall semester this year the organization again headed the College's scholastic list, this time with a 2.622 average.

As it is not a social organization, there are few meetings and no parties. As its annual custom, the organization gave a \$10 award to the pledge with the highest grade average.

Other officers were Margaret Massengill, vice-president; Mary Ann Montgomery, secretary-treasurer; and Miss Stella Harriss, faculty sponsor.

PHI ALPHA MU — Back row: Betty J. Drayer, Virginia L. Suddarth, Ruth Catherine King, Lorraine E. Johnson, Iantha Terrill. **Third row:** Virginia Lee Green, Elizabeth Crandall, Mary Ann Montgomery, Betty Brass, Ethelinda Parrish. **Second row:** Barbara A. Millhaubt, Elizabeth H. Reed, H. Louise Morgan, Maurine A. Pence, Martha Peterson. **Front row:** Naomi M. Schoeller, Ruth Ann Hamilton, Wilma Jean McDowell, Athol M. Furman.

BUSINESS STUDENTS' ASSOCIATION—*Back row:* Charlene Louthan, Kathryn Hemphill, Evelyn Phillips, Lynn Schmedemann, Helen Carlson, Naomi Schoeller, Elaine Hershey. *Third row:* Flo Hineman, Patricia Hartnett, Harriette Yost, W. E. Grimes, Theresa Bell, Margaret Stewart. *Second row:* Darlene Schreiber, Elizabeth Reed, Betty Burgess, Joyce Balch, Clara Louise Dubbs. *Front row:* Dorothy Alexander, Harry Stewart, Ella Mae Stinson, Dean Tiemann, Velma Miller, Randall Hill.

Students Organize for Professional Reasons

M EETINGS of the Business Students' Club are open to all students in the curriculum of business administration. In April the organization had its annual banquet at which an award was made to the highest ranking senior.

Officers were Elizabeth Reed, president; Helen Carlson, vice-president; Charlene Louthan, secretary; Wayne Prichard, treasurer; and Dr. W. E. Grimes, faculty sponsor.

Theta Sigma Phi is a national honorary and professional organization for women in journalism. Assisting in Farm and Home Week, Theta Sig gave a

luncheon for the women speakers and a tea for country correspondents. In the fall they gave a tea for all new students in the journalism department and in the spring one for home economics students who were interested in journalism.

With Mary Ann Montgomery as president, they collected magazines for the soldiers in Fort Riley hospitals. Other officers were Margaret Reissig, vice-president; Elizabeth Crandall, secretary; June Fredrickson, treasurer; and Mrs. Jane Rockwell Koefod, faculty sponsor. There were eight active members this year, seven seniors and one junior.

Council and Steel Ring Serve Engineers

THE Engineering Council at Kansas State might well be called a student "Board of Directors" for the Engineering School. As an administrative body it considers all proposals submitted to it from the inner organizations of the school, appropriates general engineering seminar fees to the various engineering departments, and arbitrates any judiciary matters which arise.

The council's president for the spring semester was Harold Siegele; vice-president, Leroy Teeter. William Kimel was president for the fall semester and Charles Jakowatz, vice-president.

Steel Ring, honorary engineering fraternity whose purpose is service to the School of Engineering, has activities centered around various school projects. Membership is based upon leadership, scholarship, extra-curricular activities and the approval of every member of the organization.

For the spring semester the president was Clair Mauch; vice-president, Harold Siegele. Fall semester officers included Paul Larson, president, and Clair Mauch, vice-president. Prof. L. M. Jorgenson, Dr. J. W. Greene, and Dean M. A. Durland are faculty advisers.

Hall, Dean M. Dildine. *Front row:* Melvin W. Crawford, William R. Kimel, Jim Machen, Warren L. Vance, Vernon E. Doll.

Several Engineering Organizations

THE national honor fraternity for mechanical engineers, Pi Tau Sigma, has played an important part in promoting the advancement of the department. Each member is selected for leadership, scholarship, and service. President for the spring semester was Irwin Hall; for the fall semester, Don Davis.

Sigma Tau is distinctive as the only national honorary fraternity for engineers of all departments. Members must be exceptionally high in scholarship, sociability, and practicability and have the overall ap-

proval of every other member. Included in their wide activity program this year was presentation of St. Patricia and St. Patrick at the Sigma Tau Prom. Jim Logan reigned for the evening as the Irish patron of engineers, and Gloria Givens, Alpha Delta Pi, was St. Patricia. The C.R.T.C. band from Fort Riley played for the semi-formal dance, part of which was broadcast from the Avalon over radio station KSAC.

The spring semester's president was Jim Machen; vice-president, Leroy Teeter.

Unite Students In Chosen Fields

To recognize "those men who by their attainments in college or practice have manifested a deep interest and showed exceptional ability in their chosen life's work"—Eta Kappa Nu was organized for the electrical engineer. The fraternity's president this year was Darren Schneider. Prof. R. M. Kerchner was the faculty sponsor.

In a building all to themselves are the chemical engineers banded together in the American Institute

of Chemical Engineers. Led by Robert Killough, president the spring semester, and Myron Foveaux, president the fall semester, the group receives a view of practical chemical engineering through its various activities. Dr. J. W. Greene is the faculty sponsor for the organization, which also gives members the benefit of social contacts with other students in the profession and with faculty members in the department.

Professional Engineering Societies

ONE of the more active professional organizations on the K-State campus is the American Institute of Electrical Engineers. Members of this group, which meet twice a month, enjoy such programs as speeches by prominent engineers or films pertaining to subjects of interest to electrical engineers.

Warner Is Chairman

A.I.E.E. serves as a connecting link between the student engineers and the practicing engineer. Prof. Joe E. Ward is the faculty adviser this year as he has been in previous years. The present chairman is Ray Warner.

Opportunities are afforded for presentation and discussion of papers and abstracts and for participation in inspection trips to places of engineering interest.

The American Institute of Civil Engineers presents the problems of the practicing layman to the civil student long before he graduates into the civil engineering field. This organization, similar to others, schedules regular meetings in which fellow members are addressed by active engineers or by outstanding students in the department.

Membership to the society is open only to junior and senior students. Byrle Womble and Paul Newcomer were leaders of the group this year.

Show Future to College Students

The American Society of Mechanical Engineers is perhaps the largest organization of its type on the campus. Consequently, its activities are frequent and on a large scale. In addition to obtaining fine speakers for its bi-monthly meetings, its programs include such events as smokers, banquets, and picnics.

This year's A.S.M.E. membership is divided into two groups — upperclassmen and freshmen. In previous years it has been customary to divide this assembly into three separate assemblies—senior, junior, and sopho-

more. This was not done this year because of small classes.

Machen Is President

Executives of the student branch of the American Society of Mechanical Engineers include: Jim Machen, president; Keith Mead, vice-president; Vernon Doll, secretary, and Wendell Muck, treasurer. A. J. Mack, professor in the mechanical engineering department, holds the position of faculty adviser of this professional society.

A.S.M.E. FRESHMEN—*Back row:* Albert Mack, Wilbert Fanshier, Leon Hills, Bob Smith, K. R. Students Discuss Post-War Construction

THE student branch of the American Institute of Architects is enjoying its fifth year of existence on the Kansas State campus. This organization, headed by Bob Keith, offers valuable experience to its members, especially now, when plans for the new Student Union building are being discussed in its meetings. Contact with professional architects and engineers has also proven invaluable to student members. Prof. Paul Weigel is adviser for the group.

A.R.B. Hear Many Speakers

The American Road Builders' association is concerned primarily with giving the latest information on

the problems of airport and highway construction to its members. The present day discussions are primarily concerned with post-war road construction. Many interesting speakers have made up their programs this year, and social meetings consist of smokers and barbecues.

Hineman Is President

Officers of the student branch of the A.R.B.A. are: John Hineman, president; Al Silady, vice-president; and Martin Noland, secretary-treasurer. L. H. Koenitzer, associate professor in the applied mechanics department, is the faculty adviser.

Craven, Virginia Howenstine, Emmy Lou Thomas. *Front row:* Evelyn Mitchell, Luella Reed, Lavone Humphrey, Twila M. Schafer, Katherine A. Jones.

Council Is Governing Body of Home Ec Club

OMICRON NU is a national honorary home economics professional society for junior and senior women. Theta chapter was established at Kansas State in 1915.

Jones Heads Omicron Nu

Officers this year were: Kay Jones, president; Marybelle McDonald Opfer, vice-president; Luella Reed, secretary; Evelyn Mitchell, treasurer; Harriet Holt, editor; and Miss Alpha Latzke, faculty adviser.

The Executive Council is the governing body of the Margaret Justin Home Economics club. It is com-

posed of elective and appointive members. Miss Margaret Raffington is adviser for the group.

Elective members were: Emmy Lou Thomas, president; Kay Jones, vice-president and head freshman counselor; Margaret McNamee, secretary-treasurer; and Victoria Majors, lecture board chairman.

Elected presidents of the five home economics clubs—Freshmen, Radio, Service, Publicity and Nursing—are also members of the council.

Appointive members are a senior adviser for the Freshmen club and chairmen of the scholarship, transfer students', foreign fellowship and tea committees.

Margaret Justin Home Economics

EACH spring a committee of the Margaret Justin Home Economics club elects junior and senior women to be freshmen counselors the following fall.

Kay Jones, vice-president of the Executive Council, heads the group and Miss Margaret Raffington is faculty adviser.

Counselors Orient Freshmen

Counselors are chosen on a basis of scholarship, leadership and ability to work with people. During the fall semester each counselor works with seven or eight freshmen women at weekly meetings helping them become oriented at the College.

The Publicity club is one of the divisions of the

Margaret Justin Home Economics club.

In the fall it published a newsletter on the School. Betty Gail Parker was editor. Publishing in May a newsletter for the Affiliated College Home Economics clubs in Kansas and making a scrapbook on the activities of the Margaret Justin Home Economics club and other organizations in the School were spring projects.

Officers of the organization were Helen Ramsour, president; Pauline Baskett, vice-president; Ada Lou Bruington, corresponding secretary; Patricia Smith, secretary-treasurer; Maxine Clark, bulletin board chairman; and Miss Hazel Howe, faculty adviser.

Clubs Provide for Varied Interests

The Freshmen club is a division of the Margaret Justin Home Economics club. During the past year it has had field trips to familiarize the women with the College, speakers to acquaint them with home economics opportunities and talks by foreign students about their country and the possibilities open to them in home economics there.

Annie Garder was president and Miss Gertrude Lienkaemper, sponsor.

The Nursing club, another division of the Margaret Justin Home Economics club, is a pre-profes-

sional organization for women enrolled in nursing.

Pre-Nurses Get Acquainted

The purpose of the organization is to acquaint the women with the different fields of nursing and provide an opportunity for the women to know each other better.

Betty Joy Dutton was president first semester and Margie Gory, second semester. Ada Irene McDonald was program chairman and Margaret Zimmerman, secretary-treasurer. Miss Jennie Williams is sponsor.

NURSING CLUB—*Back row:* Vada Newell, Betty Cramer, Margie Gory, Esther Glatt, Miss Jennie Williams, Martha Anne Carl, Alice Shedd, Dorothy Eggerman. *Second row:* Eda Mae Hancock, Eleanor Blackburn, Jessie Siegele, Ava McKain, Mary Christine Budden, Margaret Ann Zimmerman, Jean Irwin. *Front row:* Joann Haylett, Freeda Rahm, Elizabeth Ploger, Ann McConnell, Betty Dutton, Barbara Craven, Ruth Fenton, Virginia Slothower.

Hospitality Days Show Home Front Service

"SERVING on the home front" was the theme of the fourteenth annual Hospitality Days, March 24 and 25. Under the direction of Clara Jo Fair, general chairman of the Days, all programs and exhibits were centered around this one thought.

Shields Receives \$100

Outstanding members of the School of Home Economics were presented at the formal reception in Thompson hall which officially opened the week-end activities for Home Economics students. Arlene Shields was given the \$100 scholarship for outstanding achievement and leadership in the School. Katherine Jones, the most representative senior, was introduced.

Dean Justin recognized seniors with high scholarship averages. For four-year students, Emmy Lou Thomas was highest with a 2.85 while Elaine Friesen was second with 2.71. A 2.94 average has been maintained by Katherine Jones for the last two years. One senior, Mrs. Zora Zimmerman Weir, who graduates at the end of summer school has a 2.89 average. Hope Watts received the Omicron Nu cup for the highest grades in last year's freshman class with an average of 2.76. Omicron Nu and Phi Kappa Phi members were introduced.

Exhibits Have War Theme

Exhibits under the direction of Arlene Shields showed all phases of Home Economics in relation to

the war effort. A new exhibit, "Kay Comes to K-State," was directed toward prospective students to answer questions concerning the School, housing facilities, clothes and college life in wartime. Many aspects of art play an important part in occupational therapy and these techniques were demonstrated in the art department. The textiles exhibit was of wartime fabrics and camouflage clothes. Equipment care and selection were emphasized in household economics exhibits. Nutrition in wartime was the chief emphasis in the foods displays.

423 High School Girls Attend

Mrs. J. H. Reigart spoke on the "Civilian Crisis" at the opening assembly for the whole College. Snow and gas rationing had little effect on attendance. The more than 800 visitors included 423 high school girls from 44 schools in the state. Activities for the high school visitors were all on Saturday. A box luncheon, assembly, tea and tour of the campus made a full program for the girls. Rita Anderson was chairman of the high school day.

The Hospitality Hop climaxed the week-end activities with "This is our country" for the theme. Harriet Holt was manager of the semi-formal dance.

Members of the Steering Committee not in the picture are Virginia Gemmel Anderson, Margery Shideler and Marjorie White.

Vets Unite Social and Professional Activities

THE Kansas State junior chapter of the American Veterinary Medical Association has a membership consisting of the majority of vet students. The society is a combined social and professional group headed this semester by Max Grandfield. Alan Bradbury presided over the organization last semester. Dean R. R. Dykstra is the faculty adviser.

Vets Are Basketball Champs

The organization was active in wartime with intracompany sports. Quarters F of the vet company won

all-school championship honors in basketball intramurals, over the A.A.F. and other A.S.T. teams.

The annual Javmarak was held December 11 for Jr. A.V.M.A. members and their dates. The spring party was a gala affair, given in the best vet style.

Bi-monthly meetings featured guest speakers in the army medical corps, and students who have been commissioned officers since graduation.

More Jr. A.V.M.A. members than usual are listed as seniors since veterinary students go to school the entire year. Some became seniors at mid-semester.

Athletics Are Modified

THE Kansas State College athletics council voted on October 7 to continue football through the season. The decision was made after the Kansas State team won its first game over Washburn. This was the first definite stand taken on the matter because of doubt as to whether the Wildcats could produce a team since none of the army trainees were allowed to participate in the athletics program.

At a later meeting it was also decided to carry on basketball as well as a modified indoor and outdoor track program. The track and basketball programs were also affected by the ineligibility of the College's 1,600 army trainees.

Transportation problems held crowds to a minimum this year at all varsity games. The limited gate receipts increased the problems of the athletics council.

The use of the gymnasium by physical education classes until 6 p.m. each night created another difficulty since it takes three hours to set up all the bleachers for indoor games.

DIRECTOR OF ATHLETICS at Kansas State for 24 years is M.F. "Mike" Ahearn, big man in the Big Six.

ATHLETICS COUNCIL members are (back row) Prof. R. I. Throckmorton, Dean Rodney W. Babcock, Prof. George Dean, Dean R. A. Seaton, and (front row) Dr. H. H. King, Prof. M.F. Ahearn, Dean E. L. Holton, and President Milton S. Eisenhower.

WILDCAT CHEERLEADERS (above) are Phyllis Shank, Viola Setter, Jene Wise, Ruth Fenton, Norman Kay Bryan and Louise Holdren. These girls led the Kansas State cheering section all season.

Feminine Cheerleaders Direct K-State Pep

FRANK L. MYERS is assistant to the director of athletics. It is his duty to look after the finances of K-State athletics.

FOUR new cheerleaders were chosen this year by a judging committee composed of Harriet Holt, president of Purple Pepsters; Marilyn Kirk, S.G.A. representative; and M. F. Ahern, director of athletics.

Choose Four New Cheerleaders

After each contestant had led two yells, the committee chose as cheerleaders Norma Kay Bryan, freshman; Louise Holdren, sophomore; Ruth Fenton, freshman; and Phyllis Shank, sophomore.

Viola Setter, senior, and Jene Wise, junior, have led Kansas State yells before and continued to serve this year. Jene Wise was appointed head cheerleader.

All Have Previous Experience

All six of the girls had previous experience leading cheers in high school.

They served throughout the football and basketball seasons, arousing and directing the pep and enthusiasm of Kansas State fans.

Wildcats' One Win Is Over Washburn

CHALKING up one win and eight losses, Kansas State finished one of the worst seasons in its history. The Wildcats' one win was scored over a Navy-manned Washburn eleven in the opening game of the season in Memorial stadium.

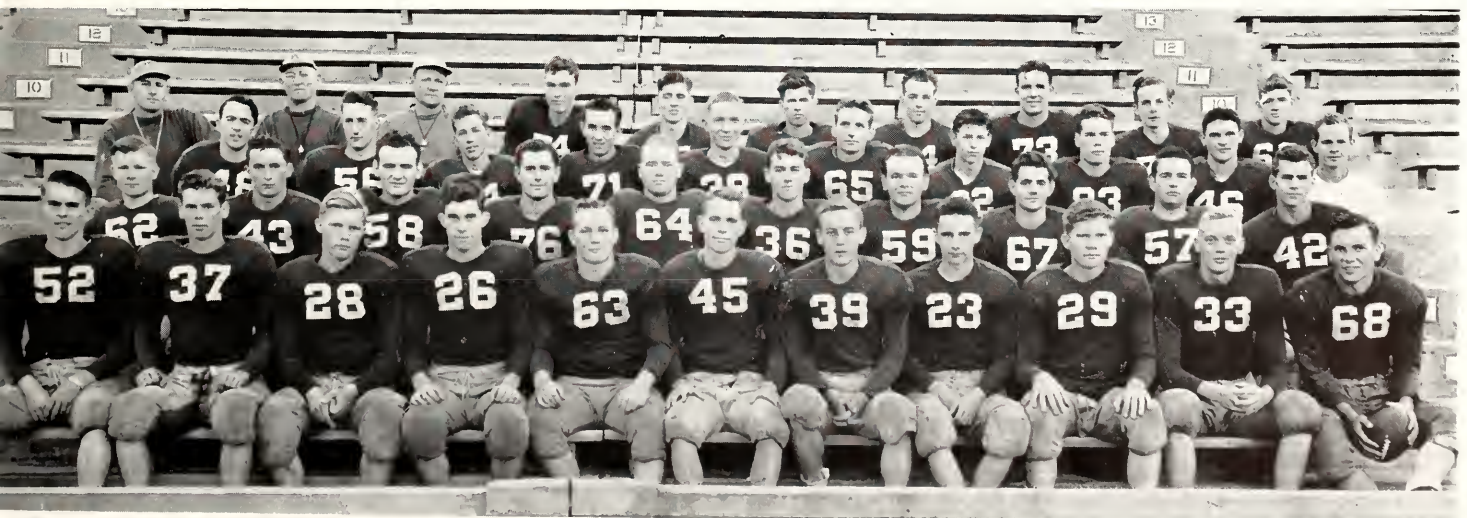

Batten and Otto set up the first score on a series of passes. The Wildcats took the ball on the Ichabods' 46 yard line and moved it down to the one yard line before Machen plunged through center for the first score. Washburn came back to tie up the game at seven all when they scored on an end sweep four plays after recovering a fumble.

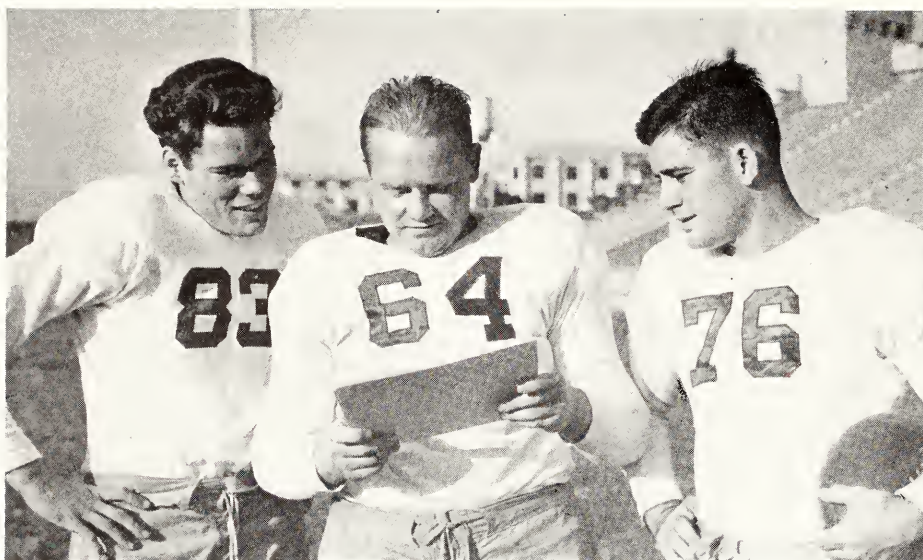

The break came in the third quarter when Killough intercepted a pass on the Ichabods' 42. After an exchange of punts K-State took over on the Washburn 37 and after a series of passes from Batten to Bowman, the Wildcats scored their final touchdown. The score was 13-7.

Sperry, Harvey, Ellis, Collins, Fambion, Kief, K. Sperry, Crist, Batten.

GETTING THEIR ASSIGNMENTS (left) are Co-captains Machen and Lane, with Killough looking on. These men were the only lettermen that faced Coach Haylett at the first of the season. All three of these men were mainstays in the Wildcat football machine.

ASSISTANT COACHES pictured below are (top) Carl Nelson and (below) Charles Socolofsky. These men spent much time grooming the K-State eleven last fall.

Missouri opened its defense of the Big Six crown with a one-sided win over the Wildcats. Kansas State found the going tough at Columbia. The final score was 47-14.

It wasn't until the third quarter that the Wildcat offensive opened up with Batten tossing the pigskin all over the gridiron. The first K-State score came in the third quarter on a short pass from Batten to Otto. Otto took the ball on the goal line and scored standing up.

Machen Scores From Yard Line

In the fourth quarter Machen intercepted a Tiger pass in mid-field and tossed a lateral to Batten who took the pigskin to the Missouri 26 yard line. A pass from Batten to Killough put the ball on the one yard line. On the next play Machen plunged through center for the score. Batten kicked both extra points.

Wildcats Outplay William Jewell

K-State's first chance to score in the game against William Jewell came on the opening kick-off when the ball bounced off a Cardinal lineman and was recovered by Batten on William Jewell's 35. After a series of ground plays the Staters bogged down as Batten fumbled and the Cardinals took over. Kansas State outplayed the Cardinals in every respect except scoring, racking up 204 yards to the Sailors' 94. The Staters made 15 first downs to 7 for William Jewell.

Keckley led the visitors' attack, scoring all three touchdowns. Keckley hung up the longest run of the afternoon as he returned a punt for 69 yards and a touchdown. The Aggies showed power in pushing the Cardinals all over the field, but lacked the scoring punch.

The only Wildcat score came on an end run by Faubion, who took the ball across from the one yard line. The Wildcats threatened again in the last half when Crist took the ball deep into the Sailors' territory on a pass from Batten.

K-State Loses to K.U.

OKLAHOMA University drubbed the local pigskinners 37-0 before a Parents' Day crowd in Memorial stadium. The Sooners' navy-studded eleven took an early 7-0 lead and were never headed or threatened.

Wildcats Threaten in Last Quarter

The Staters' only threat came late in the fourth quarter when Faubion returned a punt to the K-State 47. From there Batten threw two passes—one to Sperry and one to Bowman. Faubion made five on a line plunge and the Sooners recovered a fumble to halt the advance.

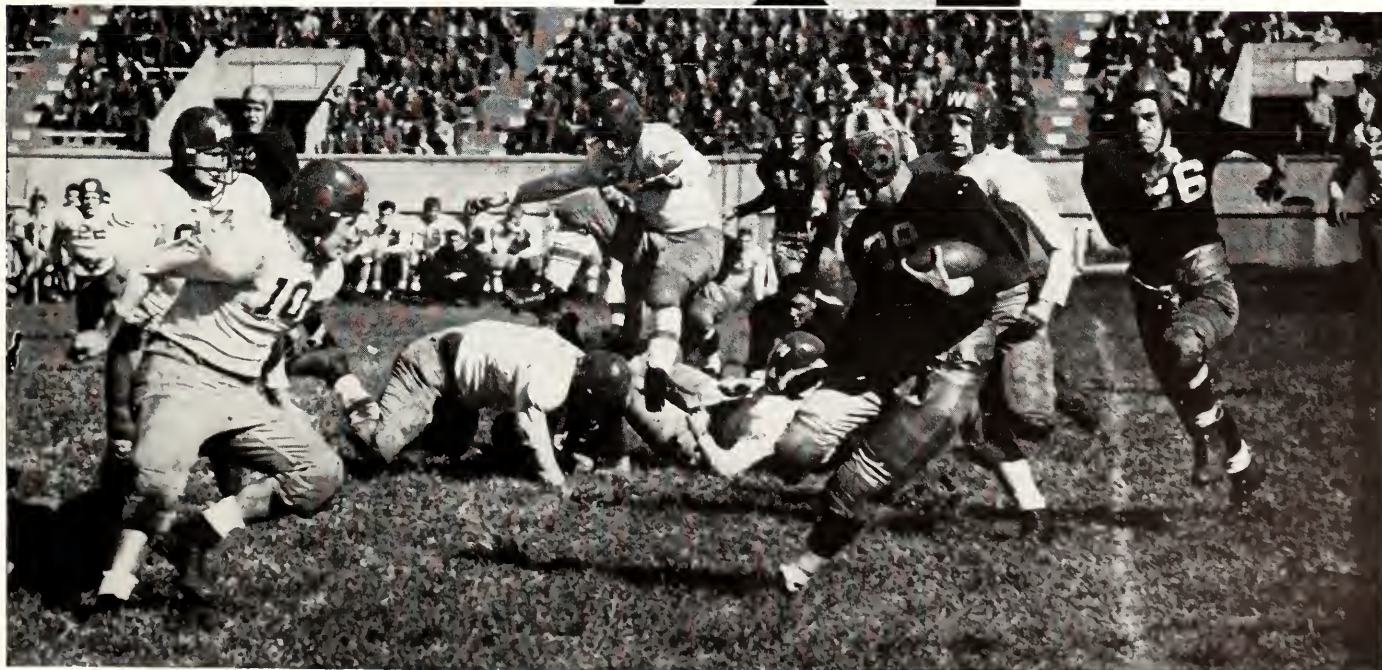

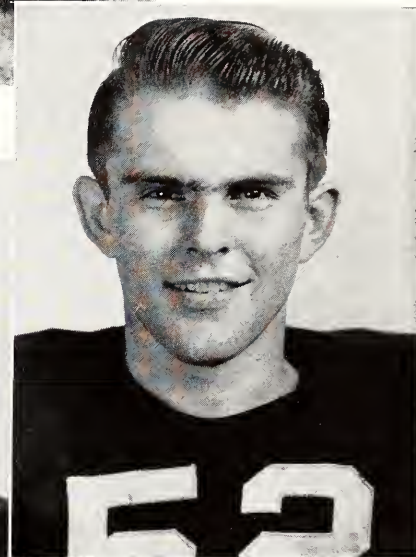

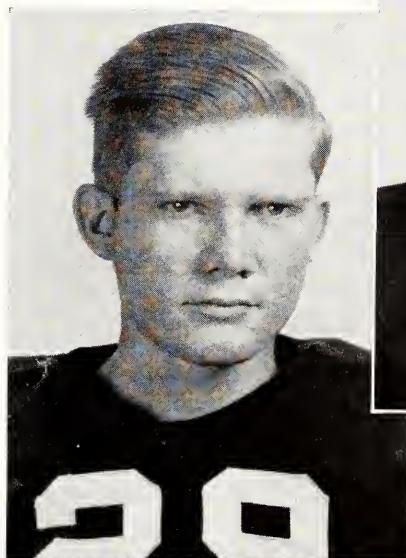

Lebow led the visitors and was the main cog in the Sooners' offensive. The Oklahomans made 331 yards from scrimmage compared to 55 for the Staters.

The fourth straight loss of the season was at the hands of Kansas University. The score was 25-2. It was the third consecutive loss to K.U.

AROUND END goes Faubion., Wildcat right half in the Washburn game (below). In the background, coming up to make a block is Harvey, number 26. Kansas State won this game 13-7.

VETERANS OF LAST FALL'S Wildcat aggregation are Larson (left), Bowman (center), and K. Sperry (below). These men carried much of the attack for the Purple and White clads last fall.

THROUGH CENTER goes Bob Killough, K-State quarterback. Killough picked up five yards on this play in the William Jewell game (above). William Jewell emerged victorious from this game 19-6. "Slinging Cliff Batten (left), although only a freshman, won a starting berth on the '43 team.

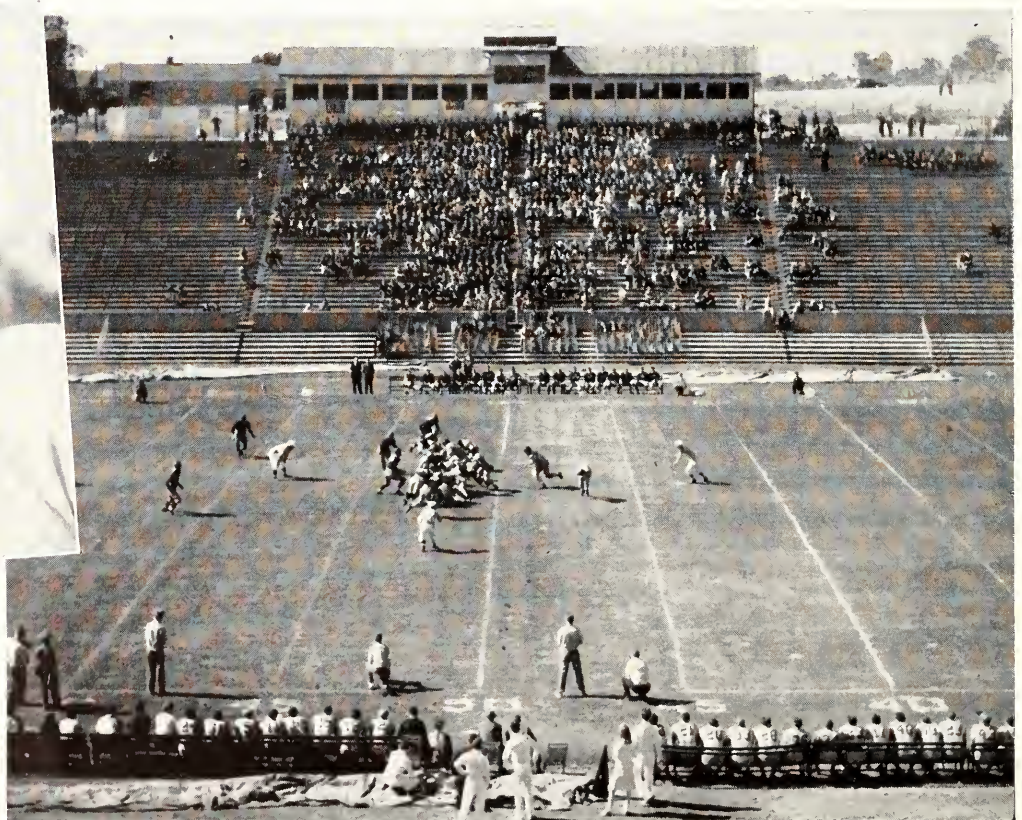

The Jayhawkers got off to an early start, scoring a touchdown eleven plays after the game started.

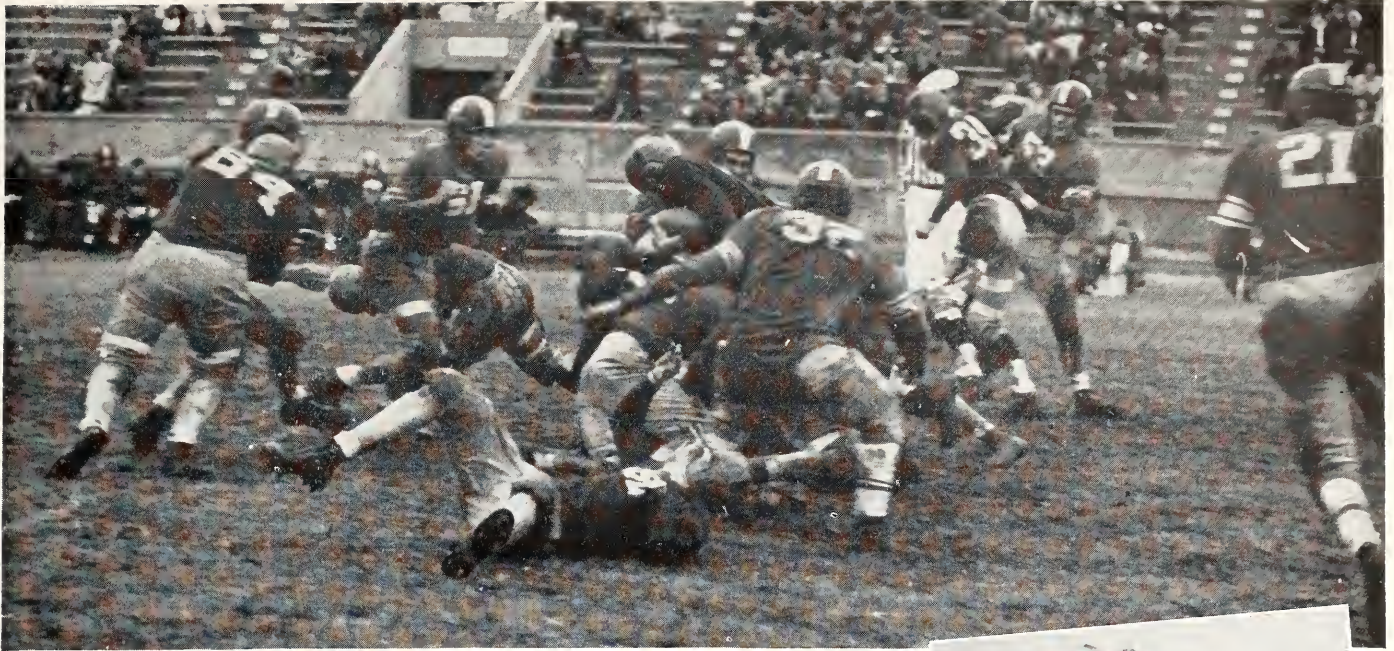

The Wildcats threatened the K.U. goal line on a 38 yard pass from Batten to Machen. The Cats' attack weakened and the Jayhawkers took over.

The only K-State score came when Ellis, Wildcat guard, broke through and blocked a K.U. punt. The University team was bolstered by navy trainees, and the Jayhawkers showed plenty of power in every department. Cliff Batten carried the brunt of the Wildcat attack.

WILDCAT GUARD Harvey (above) played a lot of ball at his position last fall. Missouri goes through center on a fake reverse in the game at Columbia (right). The play was stopped for no gain.

PLUNGING THROUGH CENTER is co-captain Machen of the Aggie eleven. On this play Machen gained four yards. Oklahoma University won the game 37-0 before a Parents' Day crowd. Art (center) poses for a snap shot while Martin is caught jogging along the greensward during warm up drills. Otto, number one pass receiver for the Wildcats, (lower left) smiles for the camera.

Nebraska Wins Homecoming Tilt

PLAYING their hearts out before a homecoming crowd, the K-State pigskinners went down in defeat at the hands of Nebraska University 13-7.

Batten Scores for Wildcats

Nebraska scored first on a pass from Kenfield to Gissler who took the pigskin on the State 25. K-State evened the score when Batten plunged over from the 4 yard line. The touchdown was set up by Faubion's coffin corner kick to the Nebraska 7.

The Cornhuskers retaliated immediately as Kenfield drove for 30 yards through the Cats' line setting up the winning tally for the visitor.

Civilian Teams Meet

This game marked the only game in the Big Six conference where two all-civilian teams met last season. The game was hotly contested from the start and both teams played on even terms throughout most of the game.

Batten led the Wildcat offense with his superb passing, while Otto was usually on the receiving end of the tosses.

Passes by Iowa State and

SEEKING revenge after an early season defeat, the Washburn University eleven downed the local eleven 13-6 in Topeka. This marked Washburn's first win over K-State in football in 29 years.

Ichabods Break a Tie

Sperry scored for K-State on a quarterback sneak from the Ichabods' 1-yard line in the third period. The play was set up by a pass from Sperry to Otto. Washburn scored in the third and fourth periods. The score was tied at 6 up with seconds to go, when Washburn took to the air and marched to the Wildcat 1-foot line. Victor took the ball on an end run for the score.

Both Washburn touchdowns were set up by passes. The first Ichabod score came on line plunge set up by a pass from Johnson to Jackson. The game was even all of the way. Bob Killough of the local squad suffered a knee injury and was forced out of the game.

Wildcats Are Over-Powered

Kansas State wound up its '43 football season by going down in defeat at the hands of Iowa State College 48-0. The game was played before a crowd of 4,000 fans in the Iowa State bowl. The passing combination of halfbacks Howard Tippee and George Gast was too much for the Staters. Three of these passes led to touchdowns.

WILDCAT BACKFIELD man is Crist, number 33. (top left). Oldham, Wildcat lineman, (center left) saw a lot of action. A pile-up results (below) as Machen, number 33, plunges through the Nebraska line for a short gain in the homecoming game. Art, number 43, clears the way for Machen.

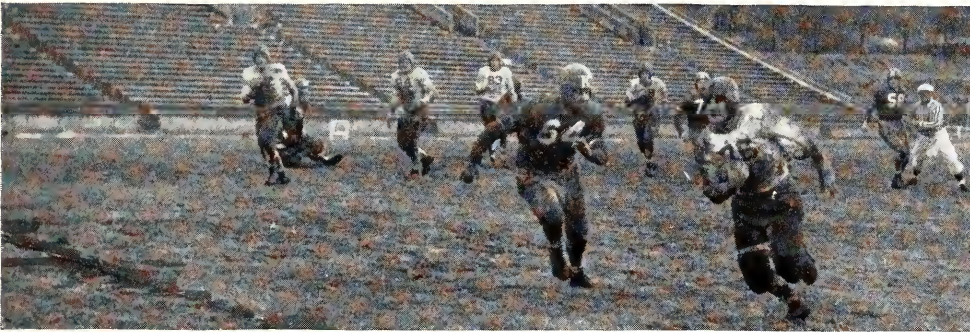

Washburn Spell Defeat

Kansas State threatened twice. The first time the locals missed pay dirt by three yards and the second time by five yards. Iowa State showed all kinds of power in drubbing the Wildcats. On the Cyclones' second touchdown the Iowa boys marched 93 yards in successive plays for a touchdown.

Iowa Fullback Runs 52 Yards

This defeat was the worst suffered by the Purple and White clad pigskinners all season. Almost all of the Cyclone scores were the result of long drives. Walker, Iowa fullback, got off one of the longest runs of the afternoon as he trotted fifty-two yards to pay dirt, while Wiltsie took a 40-yard pass for another score. Tippee put on one of the greatest exhibitions of passing seen around the Cyclones' bowl in many a moon. The Cyclone line-up was loaded with an abundance of Navy trainees.

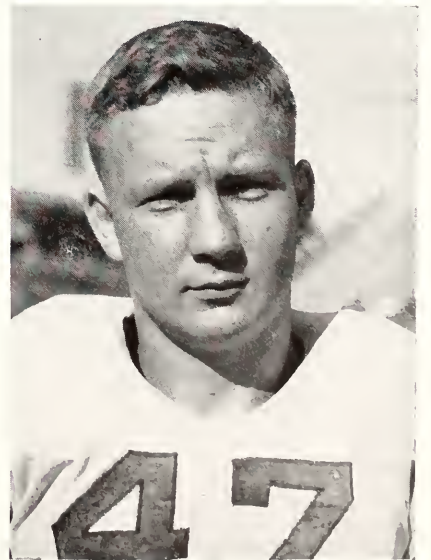

IN THE CLEAR is Bob Killough, pursued by a K.U. secondary man (below). Killough was stopped short of the promised land. Faubion (upper right) punts, while Collins (center) and Ellis (bottom) pose for the camera before a practice session.

Dick Collins, Wildcat center, turned in the best performance of the afternoon for either team. In this last game of the season injuries hampered the local squad and Batten, Martin, and Lane didn't see much action. Batten played some time however and turned in a top notch performance as did Machen.

Haylett Praises Team

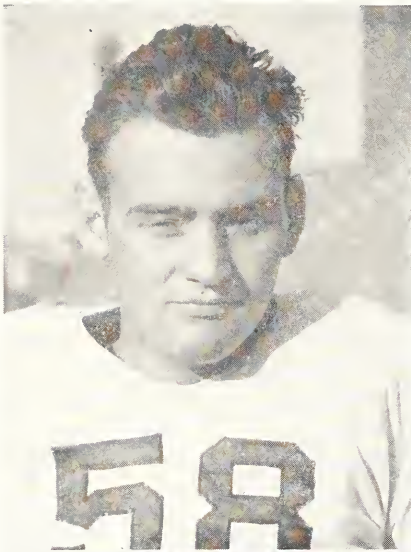

Iowa's win was accredited to Kansas States' injuries and the over-abundance of speed possessed by the Cyclones. After the Iowa State game Coach Ward Haylett made the following statement: "The great spirit that the 1943 Wildcats have shown on the gridiron throughout the entire season is a credit to the school. In every game they faced superior odds but the benefit derived for themselves and the School cannot be measured in games won and lost." Kansas State was one of the two schools in the Big Six conference that had an all civilian team, Nebraska being the other team. Despite this fact the Wildcats made a good showing this season.

Nineteen Men Receive Letters

NINETEEN football players were awarded letters at the end of the 1943 season. Only Phil Lane and Bob Killough were lettermen from last year.

The group who received letters include Phil Lane, Manhattan; Louis Otto, Manhattan; Phil Bowman, Linn; Guinn Crist, Tulsa, Oklahoma; Bryan Sperry, Lawrence; Oren Art, Westphalia; Loy Oldham, Leoti; Kenneth Sperry, Lawrence; Dale Cowan, Wichita; Paul Larson, Lindsborg; Earl Haury, Newton; Harlan Ellis, Kansas City; Robert Harvey, Atchison; Dick Collins, Salina; Bob Killough, Ottawa; Bill Faubion, Manhattan; Jim Machen, Abilene; Tom Martin, Topeka; and Clifford Batten, Manhattan.

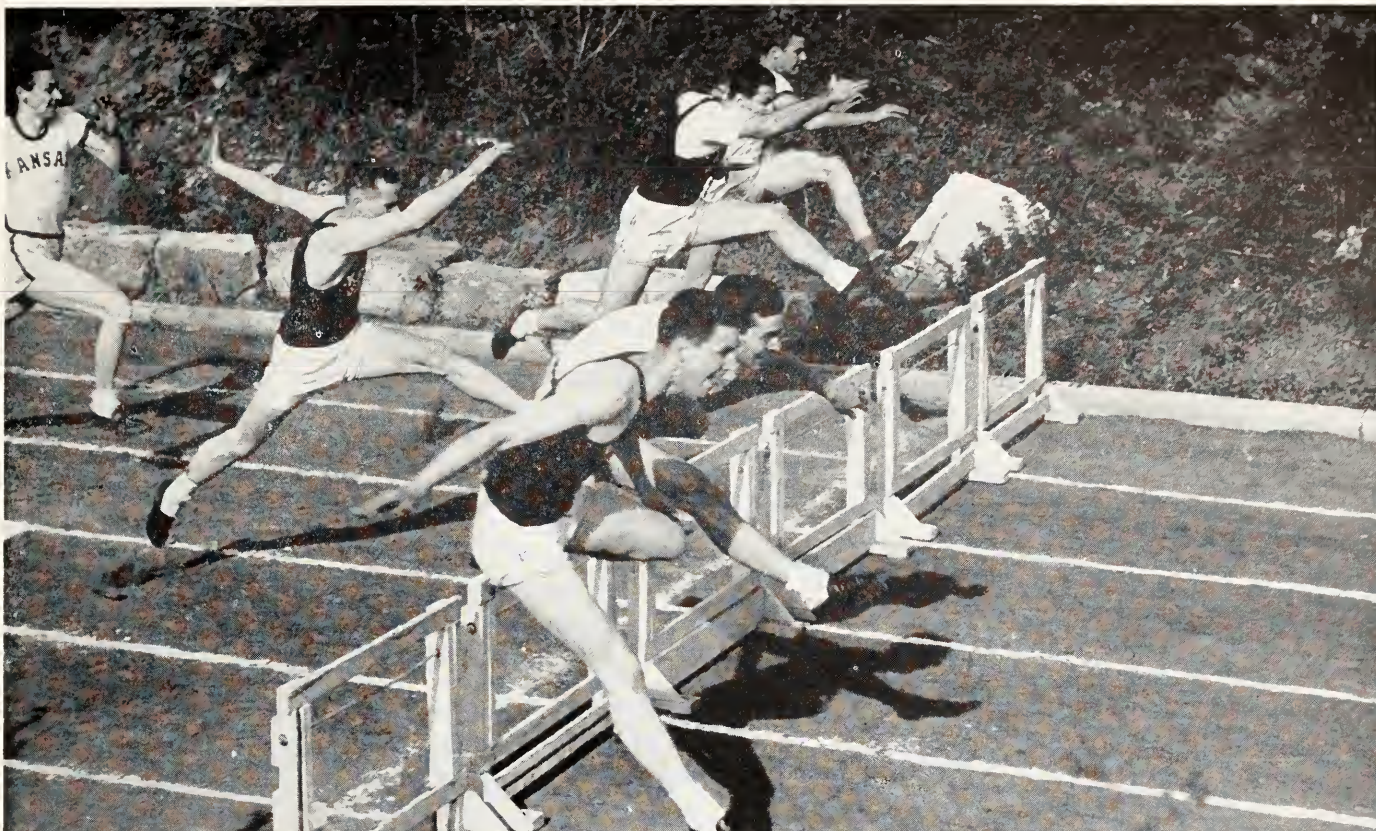

IOWA STATER circles end pursued by Otto, number 74, who stops him for no gain. Collins, number 45, is coming up in the background (above). Number 58 (top) is Cowan of the Wildcat aggregation. Haury (lower right) jogs through warming-up exercises.

OVER THE TOP goes K-State's George Mendenhall inches ahead of Schollosser from Kansas University. Stretched out a stride behind is Wildcat Bob Keith. Next to him is Homer Socolofsky who is also about to clear the hurdle. Jayhawker Schollosser won the event. Keith took second.

T R A C K

WINNING the Colorado Relays, a dual victory over Kansas University and a tie for third in the Big Six Conference meet, marks the season's record of Coach Haylett's 1943 cinder squad.

Colorado Invaded

A crew of 10 men succeeded in taking 13 points in the scoring events and a total of 8 places in other events. Nine colleges and two army camps were entered. Colorado was second high with 11 points.

By winning the Colorado Relays at Boulder in April, the local lads stretched their winning streak to three successive wins in this annual event.

Ray Yelley furnished the locals with their only individual win of the afternoon by taking the broad jump with a leap of 22 feet 4 inches. Kansas State's consistent mile relay team, consisting of Rockhold, Keith, Johns and Upham won its favorite event by touring the four laps in 3:25.6. This same team came back and won the 440 sprint relay. In the sprint medley relay a team consisting of Upham, Peters, Johns and Nelson garnered second place honors. All together the relay teams scored a total of 13 points.

Nelson, who ran the mile in the distance medley, also tied for second in the pole vault. In the high jump Dean Lill tied for third.

Haylett's teams first entered the Colorado Relays in 1939 when they won first place. The following year the K-State team placed second. In 1941 the present winning streak began.

TRACK TEAM—*Back row:* Coach Ward Haylett, Jim Upham (Captain), Loren Von Reisen, Jim Johns. *Second row:* Robert Keith, Marvin Sherman, William Kimel, Ernest Nelson. *Front row:* Bill Payne, Dean Lill, Clifford Yelley, Homer Socolofsky.

Cats Win Eighth Straight Victory Over K. U.

THE Wildcat tracksters played host to Kansas University, handing the Jayhawkers a 86½ to 44½ shellacking. This victory marked the eighth straight for the Wildcats over the Jayhawkers. Captain Jim Upham led the local lads by winning the 220 yard dash, the 440 yard run and running on the winning relay team.

Upham was clocked at 23.3 for the 220 and covered the 440 in 50.6. Bill Kimel and Homer Socolofsky also scored double wins for the Staters. Kimel won the shot put with a heave of 42 feet 6¾ inches and came back to win the discus with a toss of 117 feet. Socolofsky won the javelin and the 120 high hurdles. He won the javelin with a toss of 183 feet 9 inches and breezed through the high hurdles in 16.7.

Nelson Wins Two Mile

Ernest Nelson won the two mile run in 10:48.2, edging out Charles Colburn of the local squad. In the mile run Nelson ran second. Nelson also tied for first in the pole vault. Rockhold came through with a leap of 22 feet 2¾ inches to win the broad jump, while Yelley

picked up third place honors. Rockhold placed second in the 110 yard dash to give the locals their only points in that event. At the end of the meet Ernie Nelson had tallied 12 points and Jim Upham was close behind with 11¼ points.

Johns Scores Twice

Jim Johns sprinted to victory in the half mile run, stopping the watches at 2:13.3. Johns added more points to the Wildcat cause by placing second in the 440 yard run.

Dean Lill tied for top honors in the high jump, while Sherman of the local squad garnered a tie for second in the pole vault. In the 220 yard low hurdles Keith and Mendenhall ran second and third respectively, while Peters placed third in the half mile run. The relay went to Kansas State.

Season Record

April 24—Colorado Relays; winner.
 May 1—Kansas State 86½; Kansas University 44½.
 May 8—Big Six Meet 35; tie for third.

Tie for Third in Big Six Meet

ON MAY 8 the Wildcat cindermen traveled to Lincoln, Nebraska, for the annual out-door Big Six Championship meet. The locals gathered 35 points and tied for third with Iowa State college. Missouri won the meet with 78 points, followed by Nebraska with 40½. Oklahoma garnered 27½ points, and K. U. came out with 9 points. In 1942 the Wildcats were second in the Big Six, with Nebraska topping the list for the fourth time.

Captain Jim Upham scored the only win of the afternoon for the Wildcats by romping home in the 440 yard run. Upham came back a few minutes later to cop second place honors in the 220 yard dash. Homer Socolofsky succeeded in placing second in the javelin, tossing the spear better than 185 feet. Nelson and Sherman tied for third in the pole vault, while Rockhold was busy picking up third place honors in the broad jump. Von Reisen and Keith picked up fourths in the 220 yard dash and low hurdles, respectively. The K-State relay team ran fourth.

Inexperienced Indoor Track Team Fares Badly

DETERMINED to do as much in the way of indoor track as was possible, Coach Ward Haylett gave all men interested a chance to work and keep the Big Six together in spite of the wartime conditions which have curtailed the entire sports program at Kansas State.

Although there were few men out as compared to other years, and only one returning letterman, Bob Keith, men were entered in eleven events at the two track meets held.

Fewer Meets Are Held

The number of meets had to be cut this year, too, because of transportation difficulties.

In the triangular meet held February 19 at Lincoln, K-State took last place, losing to Kansas University for the first time in eight years.

February 26 was the date of the Big-Six conference meet in Kansas City and the Wildcats emerged scoreless.

However, Kansas State can be proud of the fact that she has proved this year to be as good a loser as she has

been a winner in former years.

The only remaining letterman, Robert Keith, captained this year's hard-luck team through its shortened season.

CLIFF ROCK, making his debut in college-coaching circles, was greeted by a drought of available material when he took over the command of the '43-'44 Wildcats. With no lettermen to build from, Rock put a hustling bunch of ball-hawks on the floor to meet the early season opposition. At the turn of the semester, all the starters were graduated or drafted, and he had to build his team all over again.

Turning in a record of seven wins and sixteen loses, Cliff did a fine job with his civilian team against the navy teams of most of his rivals, and was credited by the coaches of the Big Six as doing the best job of coaching with the material at hand.

Cliff Rock came to Kansas State with four years of coaching behind him. After starring for four years at the College of Emporia, Cliff moved to Paradise as coach for two years, and then to Oberlin and Ellsworth.

CLIFF ROCK. (below) in his first year as a college coach, gained a tie with Nebraska for the fifth spot in the Big Six standing. (Bottom) Ekblad reaches for a rebound in the Iowa State game, as Olson, Doyen, and Cooley look on. Iowa State won the fracas 42-33.

Season Has Good Beginning

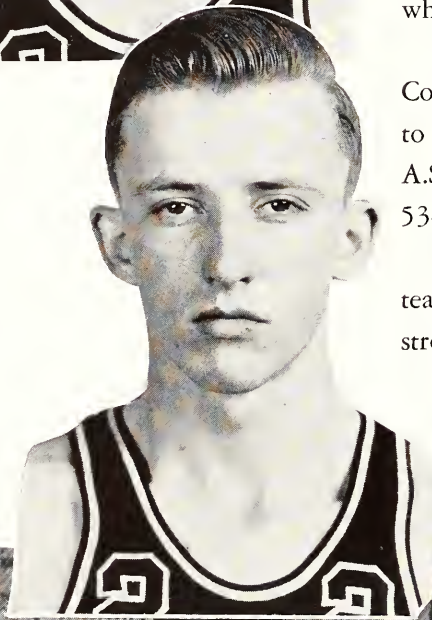

CLIFF ROCK, bringing an impressive record with him from his high school coaching, introduced a new style of play to the Wildcat fans with his fire department basketball. Opening the season with two seniors and three freshmen in the starting line-up, the '43-'44 ball club copped four of its first six games with non-conference foes.

Cats Trounce Favored Bulldogs

Opening at home with the McPherson Bulldogs, the purple-clad youngsters proceeded to knock over their favored visitors by a 45-39 count, with Chuck Cooley dropping in 20 points to lead the attack. Traveling to Herington to meet the Air Base team there the home boys came out on the long end of a 31-24 count, but lost two nights later when they were stopped by the C.R.T.C. team on the Fort Riley court.

Playing hosts to the Washburn Ichabods, Norv Gish and Chuck Cooley led the Cats to a close 34-31 decision, each sinking twelve tallies to take top scoring honors. After taking a beating from the local A.S.T.P. unit, the Cats traveled to Kansas City and trounced Rockhurst 53-38.

During the Christmas holidays the Wildcats took part in a four team tourney in Kansas City. In their first game the Cats drew the strong K.U. five, and surprised everyone by gaining a halftime tie with

the Big Six rivals, but ended up on the short end of a 62-44 count. The next evening the Cats drew Washburn, and had the same second-half jinx when they blew a lead to end up second best, 33 to 28.

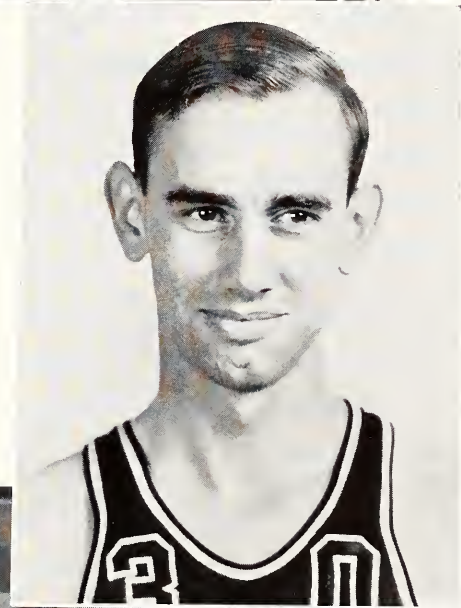

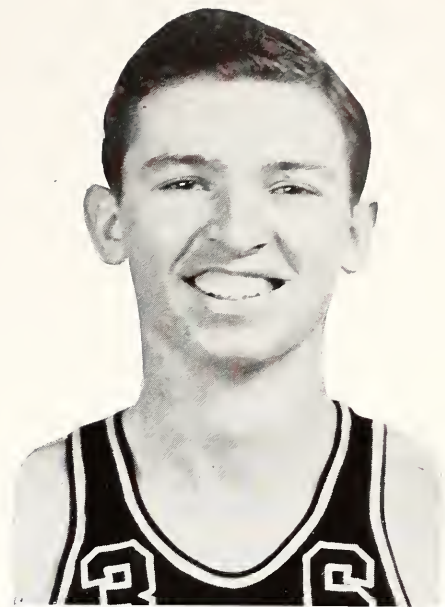

Drawing the favored Iowa State Cyclones as their first Big Six opponent, the local talent held the Cyclones to a 42-33 count. Lou Otto clamped down on the visitors' All-American center, Price Brookfield, who had to be content with one lone field goal. After absorbing two drubbings at the hands of the C.R.T.C. and Oklahoma, the Cats repeated their early season feat by again stopping the McPherson quintet, 63-44, with Norv Gish left-handing in 19 points.

Locals Lose to K.U.

The next engagement for the Cats was with their arch rival down the Kaw, the K.U. five. With Bob Schwartz engineering the boys on the floor and Lee Doyen leading the scoring attack, the home boys went to the intermission with everything even at 17-17, but again the advantage faded and the Cats went home on the short end of a 36-30 count.

When the league-leading Sooners came to town on the 22nd of January it was the last game for Bobby Schwartz, Lee Doyen and Myron Foveaux; Lou Otto had already left for the army after Christmas. The Sooners presented a formidable foe, but the Cats fought back fiercely before going down to defeat, 43-34.

CHARLIE COOLEY (top) stood out at the center position for the Cats this season. Myron Foveaux (center) showed up as a classy ball-handler until he graduated in midseason. Ekblad breaks through the Missouri defense (below) for a shot at the basket. Cooley is bringing up the rear.

Tie for Fifth in Big-Six

WITH the semester over, Cliff Rock lost three of his key men and had to start from scratch to put a team on the floor to meet the heavy schedule ahead. Mustering his reserves who were now regulars, Cliff headed for Nebraska to meet the only other civilian team in the Big Six.

The new combination played ragged ball, and blew a lead to come up second best, 54-47. Norville Gish found the range of the Husker basket to pour in 21 tallies, and set a Big Six record for the current season.

In absorbing two setbacks from the navy-manned Washburn and Missouri quintets, the Wildcats saw the last of the fine playing of the stellar forward, Norv Gish, who reported for the army after the Missouri contest. When the home five journeyed to Iowa, there was not a familiar face in line-up from the early season starters. Findley, Olson, Cooley, Ekblad and Jilka were the brand new team that coach Rock put on the floor against the Cyclones. Finding a drought of baskets at Iowa State, the Cats garnered

victory number six from the Rockhurst club, 38-26, with Vance showing up well on the floor.

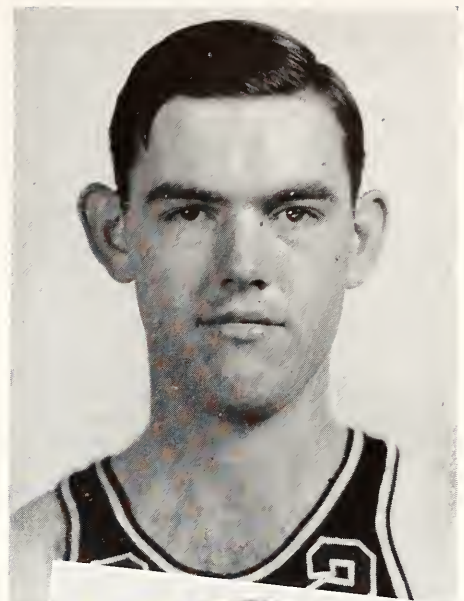

The team lost its last early-season starter after the Kansas game when Chuck Cooley shoved off for the navy. In his last game as a civilian, Cooley potted 12 points against the Jayhawkers as the Cats were stopped, 32-24.

When the Nebraska game rolled around, Rock primed his charges to meet the invaders. At the end of the half between the two civilian quintets, the count stood 19-14 for the Huskers, and the home cause looked hopeless. Midway in the last half Ray Swart was inserted in the game to relieve a tiring Wildcat, and the fireworks started. Along with Ekblad and Crist, Swart began to burn up the hoop.

Free Throw Breaks Tie

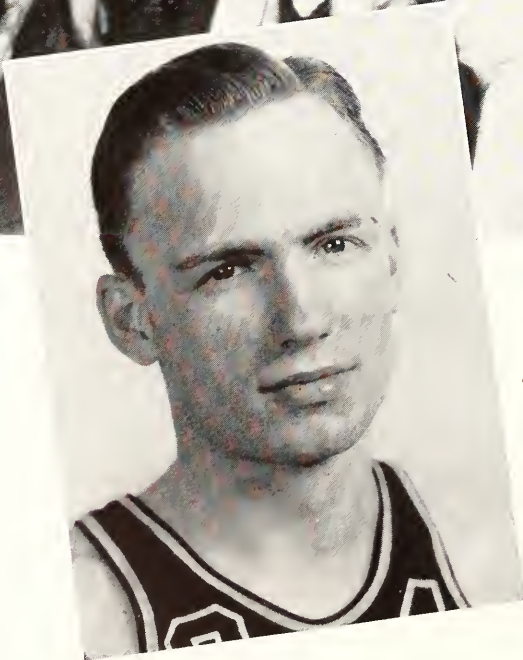

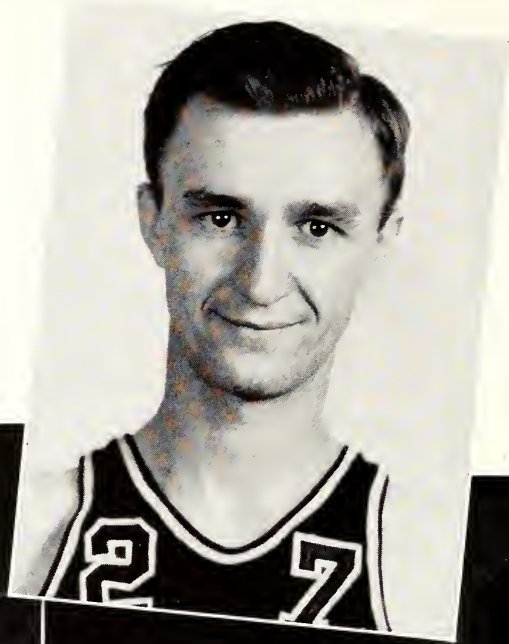

With the score 32-20 for the Cats, three of the starters, Findley, Olson and Crist fouled out, and Rock called on his last available men to finish the game. The Huskers soon pulled into the lead at 36-35, when Ekblad tied it up as the game ended. In the overtime Ekblad and Vance dropped in free tosses to bring the Cats their first Bix Six victory and gain them a tie for fifth place in the standings.

LEE DOYEN (top) was one of the two seniors that started the season. Norris Olson (center) stepped into a starting position at mid-season, and excelled in the rebound department. In the nerve-tingling Nebraska game, Olson pushes one toward the bucket, (below) while Hollins of the Huskers attempts to block it. The Cats pulled out a 40-37 victory in an overtime thriller.

Fritz G. Knorr, instructor in physical education, donated his time in order to coach the A.S.T. basketball squad. His success is shown in the number of victories won by the team.

Co-captains for the season were former K-State star Johnny Bortka, and Gerrit J. Wierda.

IT'S ANYBODY'S BALL as A.S.T. battles the Fort Riley Centaurs of the C.R.T.C. The tilt ended in victory for the A.S.T. lads.

Soldiers Pile Up a String of Eight Victories

COACH KNORR'S A.S.T. basketekers wound up a very successful season with victories over Kansas University A.S.T., Fort Riley Centaurs, Topeka Winter General hospital, Smoky Hill Army Air Base at Salina, Kansas State varsity, and several Fort Riley unit teams.

Only three defeats marred the season, one of which, administered by Kansas University A.S.T., was later re-vented.

Vaughan led the scoring for the team with an average of 8.3 points per game. Wierda, with 8, and Ridgway, with 7.4 were close behind.

Several Are College Stars

The aggregation boasts such players as Vaughan, former Purdue freshman star; Wierda, 1942 All-State center from Detroit, Michigan and Joe Ridgway, former Kansas State midget. Schultz formerly played with the Oklahoma Aggies, and Hagan with the Wayne University squad in Detroit.

Johnny Bortka and Fred Kohn of the R.O.T.C.-A.S.T. unit, former Kansas State players, gave outstanding service. Olson, Martin, Spencer, Galvin, Schultz, Steusser,

Goetsch, Stephens, Stephenson, Sollars, and Stone showed great ability.

The starting line-up for the soldiers' team usually averaged over six feet tall.

A.S.T. Stops College Varsity

The A.S.T. men had no difficulty in stopping the K-State varsity squad. They piled up 15 points before the College team scored. Second and third string men finished the game for the soldiers. The final score read 30 for the Kansas State varsity, and 42 for the men in the army.

Bringing the season to a successful close, the A.S.T. team downed the Smoky Hill Army Air Base 38-34 at Salina, although three first string players were missing. The team was minus a coach for the evening, so the job was turned over to Joe Ridgway.

The Fliers took off ahead in the early part of the play, gaining a lead of 13-4. Determined not to lose their last game, the local men came back the second half full of fire. Goals by Stephenson, Wierda and Ridgway pulled the K-Staters out of the hole and gave them a lead.

College Women Play For Fun and Relaxation

BASKETBALL, baseball, dancing, tennis, swimming, posture and volleyball tournaments all come up for their share of attention from women out for a lot of fun, excitement and relaxation after a day of classwork and studying. Determined to win first honors for their team or organization, women put everything they have into the contest.

Physical education majors are in charge of each tourney, and the winner of each contest is given a number of points. Additional points are given for the number of games played, sportsmanship, greatest number participating, greatest number of juniors and seniors and group winners.

Any woman in College is entitled to participate in the intramural program, which was started on this campus 20 years ago. Miss Katherine Geyer is supervisor of women's intramurals.

Each spring the number of points won during the year are totaled to determine the victorious intramural group of the season. The winners are then presented a wooden plaque for being the top-ranking and most all-round athletes of the year. Pi Beta Phi received the plaque last year.

When the intramural program was started in 1924 volleyball was the only activity. Only one sport was played until 1926 when swimming was added. Since then the list has grown and now includes seven activities.

Civilian and Army Students Play Intramurals

PROFESSOR L. P. WASHBURN, intramural director, tells the importance of the intramural program now that the regular College athletic program is curtailed.

PROFESSOR L. P. WASHBURN, in charge of army and civilian intramural tournaments, carried on a successful and varied season this year in spite of the reduced number of competing teams as compared to other years.

Touch football started in October, and the Chem Engineers took the crown when the Deltas forfeited the playoff.

A basketball tourney was arranged between A.S.T. sections and Air Corps flights. The winners in each group met in a battle from which the Quarters E Vets emerged victorious.

Civilian basketball winners were the Beta Theta Pi fraternity, and the Vets copped the volleyball title.

Spring competition was held in table tennis, swimming, softball and track.

An all-star volleyball team was chosen by Phil Lane and Mervin Laman, consisting of Bob Petro, Betas; Morris, Vets; Spencer, Vets; Lindgren, Civil Engineers; Streeter, Delts; and Halbower, Betas.

Manhattan Theatre Gives "Heaven Can Wait"

NEW on the campus this year is Earl G. Hoover, director of Manhattan Theatre. Before coming to K-State Earl Hoover was teacher and director of dramatics at Logan high school, Logan, Ill. Mr. Hoover's first production at Kansas State was "Heaven Can Wait" presented by Manhattan Theatre, December 10 and 11.

The unusual experience of Joe Pendleton who was erroneously called to the "hereafter" was the theme of "Heaven Can Wait." The cast included Charles Halbower as Joe Pendleton, Craig L. Bracken as Mr. Jordan, Milford Greer as Messenger 7013, Glenna Webster as Julia Farnsworth. Other members of the cast were Spencer Adams, Jr., Pat Williams, Carol Halbower, Paul Engle, Arlene Andrews, and Marget Tompkins.

Comedy was provided by the character of the insane nephew who believes himself to be Theodore Roosevelt. This role was taken by Jack Thomasson.

The return of a criminal brother and his accomplice, played by Tom Martin and Eugene Kimple, added complication to the plot, which was further complicated by the actions of the adopted nephew and his plans for marriage with Elaine Harper, portrayed by Betty Caldwell.

Roach Is "One Man Show"

Much of the credit for the success of the third Manhattan Theatre production of 1943 goes to Prof. Walter Roach, director and "one man show" of the play. Due to the illness of the leading man, Mr. Roach played Mortimer Brewster. Because Prof. Norman Webster, publicity director, left school to enter the service, Director Roach did all the publicity work. He also painted the scenery for the mysterious Brewster living room.

"Shangri-La" or the "Enlisted Man's Paradise" was the theme of the musical program presented by the 100th College Training Detachment of Air Crew students in May, 1943.

The program, officially entitled "Tailspins," was presented under the auspices of the Manhattan Theatre and was directed by Prof. Walter Roach. Mr. Roach was assisted by Pvt. Dubert Crabbase, musical director.

The show opened on a strictly military note with an overture by the military band—but the scene changed to "Shangri-La." There, surrounded by beautiful women and the comforts of home, the men enjoyed the talents of several of their own group.

The program featured the military band, swing band, 50 voice glee club and various solos. The master of ceremonies—better described as a narrator of nonsense—added spice to the show.

Women Are Prominent in Music Presentations

SEVENTY women dressed in white formals in a setting of fir trees and soft lights presented the annual Christmas program. This choral ensemble was directed by Edwin Sayre, professor of music. This year, due to the small number of men students enrolled, the choral ensemble was made up entirely of women.

Soloists in this program of familiar Christmas songs were Helen Dahl, Lucille Graper, Phyllis Frazier and Mrs. Irene Wagner. A trio made up of Ruth Fenton, Patricia Fairman and Joyce Crippen sang several numbers.

After riding to Fort Riley in a convoy of trucks, members of the ensemble presented the Christmas program for soldiers at the C.R.T.C.

Ensemble Entertains Visitors

The same group presented a musical program at the annual Farm and Home Week. The program consisted of semi-popular numbers played by the the College band, with Lyle Downey, associate professor in the Department of Music, concert master, and Max Martin, assistant professor, principal violinist. Soloists on the program

were Helen Dahl and Lucille Graper. A trio — Joyce Crippen, Ruth Fenton, Patricia Fairman — sang "The Three Grace Notes." Accompanists were Betty McClung and Jane Ackert Fleetwood. A dance ensemble composed of Mary Louise Johnson, Patricia Hartnett, Irene Wagar, Marguerite Blazier and Jean Scollick portrayed effective scenes dramatizing the songs.

Group Performs at Y-Orpheum

A portion of the same program was presented as the finale act in the Y-Orpheum. It was divided into four parts — a group of songs entitled "A Pretty Girl Is Like a Melody," "Dancing in the Dark," "The Three Grace Notes" and finally a group of Cole Porter songs.

The singers rehearse as a group each Monday evening and separate glee club practices are held at other times. One-half hour credit is given for participation in the glee club.

The group annually presents a Spring Choral program of religious music. This year special numbers will be given by vocal soloist, Helen Dahl, and a string trio.

THE CHORAL ENSEMBLE, composed of 70 women under the direction of Edwin Sayre, and the orchestra, under the direction of Lyle Downey, presented the annual Christmas music program.

THE TWENTY-ONE PIECE College orchestra, under the directorship of Lyle Downey, provided music for many College functions during the past year.

At College assemblies, Farm and Home Week programs, and holiday concerts, strains of sweet music flow from instruments in the College orchestra directed by Lyle Downey, associate professor in the Department of Music.

Members Receive Credit

This year the orchestra as well as the band was made up predominantly of women. The students playing in the orchestra practice together once a week, receiving one-half hour of College credit for their work.

In the Christmas program presented annually by the

Department of Music, the orchestra furnished background music for the choral ensemble and solos.

The 52-piece College band, also directed by Lyle Downey, in their blue and gray uniforms marched in formation at football games — inspired basketball fans with “peppy” music — sent forth sweet music for programs and concerts. The band annually presents twilight concerts in the spring.

Bandsmen spend three hours each week in rehearsal, for which they receive one-half hour of College credit. Members of both the band and the orchestra are chosen in competitive try-outs in the fall.

THE FIFTY-TWO PIECE College band provided peppy music for football and basketball games. For the first time women were members of the marching band. Lyle Downey is the director.

KSAC Acts As Lab

"KSAC presents" is a familiar phrase heard over radio sets throughout the country. These programs presented daily except Sunday include broadcasts of campus news, dramatic skits, talks by faculty members, interviews with distinguished visitors, music department programs, Alumni newscasts, and Office of War Information transcriptions.

Classes in radio under the direction of H. Miles Heberer use the station to learn the practical side of radio work. Students enrolled in Radio Continuity courses write the scripts and students taking Participation and Production dramatize and direct the broadcasts.

Visitors Are Welcome

KSAC is under the supervision of the Division of Extension. Lowell Treaster, program director, coordinates the program activities of KSAC with L. L. Longsdorf, extension editor.

KSAC welcomes visitors to watch station programs in the studio. Due to wartime restrictions they are not allowed in the control room.

TALKING IT OVER—over the mike—are L. L. Longsdorf and Lowell Treaster, top men at KSAC.

PRESENTING A BROADCAST—sound effects and all—are Marget Tompkins, Pat Williams, Millard Spratt, Phyllis Johansen and Nancy Heberer, under the direction of H. Miles Heberer.

For Radio Students

In observance of Kansas State's 81st birthday February 16, a Founders' Day program was broadcast over KSAC. The forty-five minute program gave the highlights of Kansas State's history since it was first known as Bluemont College.

Prominent among those featured on the broadcast were President Milton Eisenhower who painted a vivid picture of the future of this College.

The program told an interesting story of Kansas State — its history, present work, alumni work—and then President Eisenhower looked into the future.

Speakers besides the president included J. T. Willard, College historian; Kenney L. Ford, secretary of the Alumni Association; Ralph R. Lashbrook, acting head of the Department of Industrial Journalism and Printing; H. Umberger, dean and director of the extension broadcast.

Music for the broadcast was arranged by Edwin D. Sayre, associate professor of music. Students participating were Helen Dahl, who presented a vocal number, and Phyllis Johansen, who talked on "The Campus As It Is Today."

BETTY McCLUNG knows "just the right spot" to stand when singing over a mike in order for her voice to come over the air most clearly.

PRESIDENT EISENHOWER looks into the future as he speaks to 81st Anniversary broadcast listeners. The program took place on February 16.

Students from the Department of Music make it possible for KSAC to present a varied and interesting program schedule by the use of "live talent."

Vocal and instrumental solos and group numbers give music students valuable training and experience in radio technique. Many students overcome "mike fright" while in college by broadcasting over KSAC.

Program Presents Classics

Classical music is played and explained by students enrolled in the course, Broadcasting Musical Programs. This half hour program broadcast each week enables students to become better acquainted with the classics as well as providing a cultural hour for the listening audience.

Each Thursday at 4:30 p. m. children in the Manhattan grade and junior high schools present a variety program of instrumental numbers. This group is made up of children taking lessons from a faculty member of the music department.

In order to "hear ourselves as others hear us" Bernard Holbert, control room operator, makes recordings of KSAC broadcasts.

Board of Student Publications Pick Editors

OUTSTANDING workers on publications were selected by the Board of Publications and presented gold keys at the annual Publications banquet held at the Country Club, May 4.

27 Receive Gold Keys

Those receiving keys for their work on the Royal Purple were Mary Ann Montgomery, Elizabeth Crandall, Lester Oborny, Alice Roelfs, Mary Ann Luhnnow, June Fredrickson, Peggy Phelan, Kay Hosmer, Arleta Boyer, Lucille Shoemaker, Betty Gail Parker, Ann Allison, Tess Montgomery and Raymond Sloan.

Those awarded for their work on the Collegian were Margaret Reissig, Alma Dougherty, Lois Hodgson, Ahda Somers, Robert Jackson, Mary Jane Jones, Lois Hull, Athol Furman and Joy Talbot.

Four students received awards for their work on both publications — Phyllis Johansen, Marjorie Setter, Nancy Heberer and Mary Joan Holscher.

C. J. MEDLIN (above) is graduate manager of student publications. In his office business correspondence, filing work, national advertising and the budget for the publications are handled. Below are (left to right) Alan Bradbury, Virginia Lee Green, Prof. E. T. Keith, Prof. H. W. Davis, Roberta Townley and Prof. R. R. Lashbrook, members of the Board of Student Publications which chooses editors and business managers for the Collegian and Royal Purple. Student members of the Board are elected by the student body.

Collegian Is Weekly Due to Reduced Budget

DUE to war-time budget reduction The Kansas State Collegian was published weekly instead of bi-weekly as it was in previous years.

The student newspaper comes out each Thursday morning telling the story of college life on the campus and at other schools, A.S.T.P. and Air Corps news, feature material and editorials.

Reissig Heads Staff

Margaret Reissig was the first semester editor and Alma Dougherty was chosen as business manager. Other members of the editorial staff first semester were Lois Hodgson, associate editor; Lois Hull, copy desk editor; Nancy Heberer, society editor, and Bob Jackson, sports editor. Ahda Somers and Lois Hull were assistants on the business staff.

This paper is reported and edited by student journalists without faculty censorship.

BUSINESS MANAGER, Alma Dougherty and editor, Margaret Reissig, chuckle over tomorrow's editorial.

The Collegian headquarters is in the rear of Kedzie hall with additional offices downtown where the paper is printed. This year The Collegian was written, edited, and printed by an almost completely feminine staff.

New Feature Column Explains National News

LOIS V. HODGSON and Ahda Somers, editor and business manager of the second semester Collegian, give their latest issue of the Collegian a going over.

SECOND semester Collegian staff members were Lois Hodgson, editor; Mary Jane Jones, associate editor; Lois Hull, copy desk editor; Athol Furman, assistant copy desk editor; Phyllis Johansen, society editor; Bob Jackson, sports editor; Raymond Sloan, assistant sports editor.

THE COLLEGIAN'S SECOND semester staff (below) is hard at work in the Kedzie hall office—(left to right) Athol Furman, Lois V. Hodgson, Bob Jackson, Phyllis Johansen and Mary Jane Jones.

Ahda Somers was business manager, while Joan Holscher and Marjorie Setter were advertising assistants.

The Board of Student Publications chooses the Collegian editors and business managers who in turn choose their staff members.

Editor Acts as Censor

Editors are selected on a basis of scholastic and journalistic eligibility. All responsibility for contents of the paper rests on the editor. Business managers are responsible for selling and collecting for advertisements.

In the second semester Collegian, national news was explained in a new feature column, "Outside The Ivy Walls" written by Nancy Heberer. This was a column written to inform students who do not read daily papers about the national issues being discussed at that particular time.

Biggest scoop of the year, if it hadn't been in the April 1 issue, was the announcement that all women on the campus would be put into uniform as members of the College Coed Corps.

POUNING OUT STORIES for The Collegian in the Kedzie hall typing room are (left to right) Roxanne Mickey, Maryellen Henderson, Elizabeth Stark, Connie Knudsen, Marjorie Setter and Dorraine Dorf. Members of both the industrial writing and Collegian journalism classes write copy for The Collegian.

SELLING ADVERTISING for The Collegian was the job of these journalists—(left to right) Alma Dougherty, Lois Hull, Joan Holscher, Adha Somers and Marjorie Setter. Alma Dougherty was business manager first semester and Adha Somers, second semester.

Royal Purple Tells

MAKING LAYOUTS, assigning copy to various staff members to be written, and checking proof occupied much of the time of Royal Purple editor, Mary Ann Montgomery.

SELLING Royal Purples to nearly 700 A.S.T. men on the campus, arranging for the sections to have group pictures taken, handing out receipts to the men for individual class pictures, and later giving prints of the group picture to each man as he paid for the book

at a table set up in the quarters on pay day, were a few of the added duties of the 1944 Royal Purple staff headed by Mary Ann Montgomery, editor.

Not only did the sale of these additional books assure publication after the 50% cut in activity fee allotment, but it also made it possible to enlarge the book to include a more extensive military section. Later the book was again enlarged to include a personalized index.

Draw Plans in Summer

Actual planning for the book began in the summer when a rough dummy was drawn up. Later, contracts were signed with the printer, engraver and cover manufacturer, and picture-taking began in earnest.

As the pictures were printed and enlarged, layouts were made and cartoons were drawn by A.S.T. engineer, Bill Robertson. Copy-writing then occupied most of the editorial staff's time. The advertising staff, with Mary Ann Luhnnow as manager, was at work in the meantime selling and collecting for ads, both local and out-of-town.

Office workers were typing picture identifications, mailing out senior activity cards and sending notices about ordering the Royal Purple to mid-semester graduates and to new students.

SPECULATING ON WHAT the finished book will be like are staff members working on the Royal Purple (left to right) Raymond Sloan, Mary Ann Montgomery, Alice Roelfs, Phyllis Johansen, Bill Robertson, June Fredrickson, Elizabeth Crandall, Mary Jane Jones, Nancy Heberer and Joy Talbot.

of Wartime College

As copy was set it was returned to the staff for proof-reading. Finally, Royal Purples were distributed to students still in school and mailed to about 900 A.S.T. men and others who had left school.

LAST YEAR'S Royal Purple editor, Mary Margaret Arnold, now an ensign in the Waves, admires the All-American award won by the 1943 book. C. J. Medlin, graduate manager of publications, holds the award which is the eighth All-American rating in a row for the Royal Purple.

THE 1944 Royal Purple, edited by an almost entirely feminine staff, itself, is a reflection of the changes which war has brought to most campus activities.

The paper on which the book is printed is of a lighter stock since the heavier grade is no longer available. For that reason the book appears to be smaller even though it contains almost as many pages as last year.

Budget Is Reduced

The budget was reduced since there were fewer stu-

BUSINESS STAFF members hard at work in the Royal Purple office are (left to right) Marjorie Setter, Mary Ann Luhnow, Arleta Boyer, Lucille Shoemaker and Norma Kay Bryan.

War Affects Annual

dents paying the activity fee, so there is less color work in the annual, and no color photography. Instead, cartoons lend a bit of relief.

Each page of the Royal Purple attempts to record the changes that war has brought to the Kansas State campus. Views of the campus show men in uniform as well as civilians; fewer campus organizations are pictured in the book, for numerous men's groups have been disbanded for the duration; the military section has been enlarged, although R.O.T.C. required fewer pages than usual.

Book Is War-time Record

Feature pages showing students doing war work, attending military dances and graduating in January under the new trimester plan are intended as a record for the future as well as a reminder of the present. Pictures of military men smoking on the campus may be of historical interest as the first break from the long-standing tradition of no smoking on the campus. Military intramural teams and the A.S.T. basketball squad are pictured in the sports section, along with civilian teams.

Even the Royal Purple Beauty Ball had a military air when the most beautiful coeds were picked by army trainees at the University of Oregon.

FOR THE TWENTY-THIRD consecutive year K-State journalism students went to Topeka January 29 to edit the Kansas Day edition of the Topeka Daily Capital. All upperclassmen in the department wrote material for the Sunday edition, and 15 women, accompanied by faculty members, went to Topeka to write local stories. (Above) The staff for the day (left to right) Lois Hodgson, state editor; Margaret Reissig, editor; and Mary Ann Montgomery, copy editor look over the first edition.

Engineering Magazine Has Wide Readership

ANOTHER COPY of the K-State Engineer takes form under the direction of Leroy Teeter, Clair Mauch, Bob Ekblad and George Hetland, Jr.

THE Kansas State Engineer, under the editorship of Leroy Teeter the first semester and Clair Mauch the second semester, was published monthly from October to May. Business manager was Robert Ekblad.

Discusses Post-War Buildings

The staff of thirty members writes the articles which this year have had high interest appeal. These articles include subjects on methods of warfare, designs and descriptions of post-war buildings on the campus, food processing, drugs and many others. The generality of

the articles makes the Kansas State Engineer one of the most widely read campus publications being of interest to both students and faculty.

Department editors include George Buckholtz, copy editor; Ken Barnes, engineering; Jim Logan, engineering news; Raphael Letourneau, Q.R.M.; Lester Oborny, staff photographer; Bob Ekblad, staff artist; Jene Wise, personnel manager.

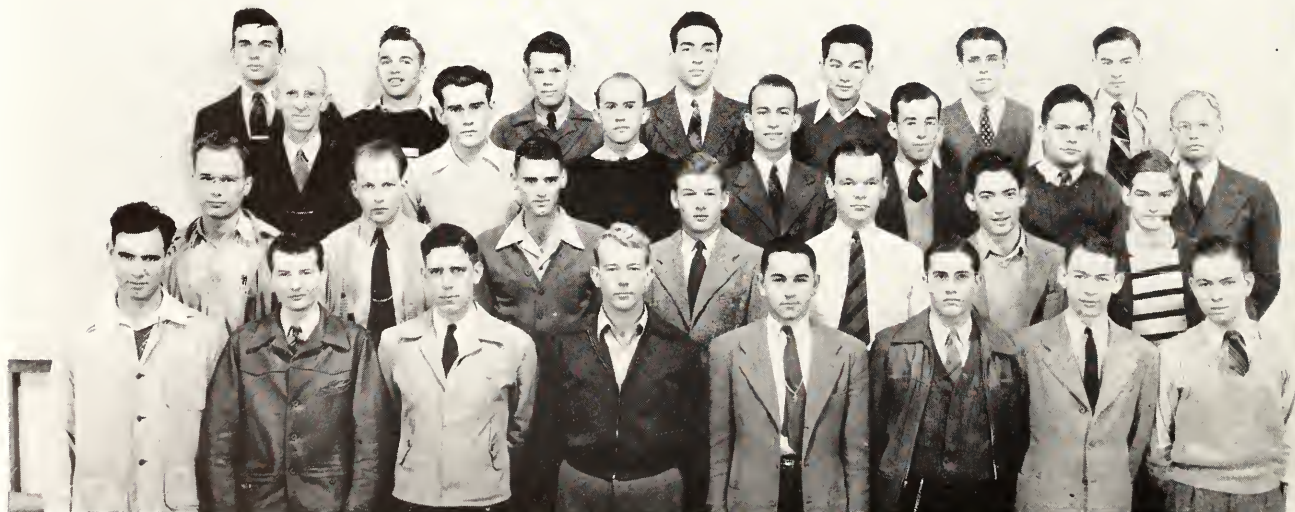

The Kansas State Engineer is a member of the Engineering College Magazines Associated, a national organization which includes most of the outstanding engineering colleges and universities in its membership.

The magazine is edited, managed and published entirely by the students of engineering and is printed in the College printing shop.

Scandal Sheet Is Popular

Intake and Exhaust, engineer scandal sheet, published annually, created much campus interest when it was distributed. This paper, printed on various colored sheets contains humorous articles ridiculing students as well as professors in the School of Engineering and Architecture. It is issued at the annual Alloy, big stag event of the School of Engineering and Architecture. The Alloy was held this year on December 16.

Students Edit Directory and Who's Whoot

THE student directory, published by the S.G.A., was printed in the Collegian this year in order to save funds. Previously the directory had been printed in pamphlet form.

The work of getting the directory together and of checking names and phone numbers fell to Katherine Hosmer and Peggy Phelan, working in the publications office.

4-H Publishes "Who's Whoot"

The annual 4-H club yearbook, Who's Whoot, was issued this year under the editorship of Athol Furman. The book is a pictorial review of the activities of the

College chapter and of the other 4-H clubs throughout Kansas, and is distributed throughout the state to 4-H members.

Assistant to Athol Furman, editor, was Ruth Schubert. Business managers were Louise Parcel and Helen Ramsour. The book is under the direction of state 4-H club leaders, J. Harold Johnson and M. H. Coe.

This year's edition is dedicated to former members serving in the armed forces.

Dorothy Cochran submitted sketches used in the Who's Whoot, illustrating 4-H club activities. They were in keeping with the military theme.

WHO'S WHOOT STAFF—*Back row:* Joan Shaw, Doris Galloway, Beth Stratton, Irma Bird, Marvin Norby, Doris Christiansen, Ruth Schubert, Mary Alice Streater, Marjory McCollum, Ben Hebert. *Third row:* Juanita Billington, Mary Alice Doll, Mary Louise Markley, Louise Parcel, Mary Pratt, Velma McCall, Alice Leland, Lois McCall, Evelyn Scholz, Dorothy Cochran. *Second row:* Pauline Waln, Barbara Morris, Hope Leland, Athol Furman, Rosalie Germann, Gladys Goff, Rose Anne Scholz, Ruth Deewall, Jean Hadley. *Front row:* Joyce Whiting, Virginia Harlow, Jean Greenawalt, Verna Lee Butcher, Eleanore Cooper, Cecil Eyestone, Margaret Ramsdale, Mary Carl.

Publications Tell About Kansas and College

A SERIOUS-MINDED Kansas Magazine staff looks over the finished product. They are (left to right) Prof. Robert Conover, Prof. John Helm, Prof. Ralph Lashbrook, Prof. C. J. Medlin, and Prof. E. T. Keith.

THE Industrialist keeps Alumni club members in contact with other alumni as well as keeping them up-to-date on happenings at Kansas State College.

Prof. R. R. Lashbrook, acting head of the Department of Industrial Journalism and Printing, is editor of the Industrialist. Associate editors are Jane Rockwell Koefod and Albert Horlings. Alumni editor is Kenney Ford, secretary of the Alumni Association.

This weekly paper is sent to Kansas State graduates who are members of the Alumni Association.

JUNE FREDRICKSON and Margaret Wunsch discuss Kansas State research to be sent to other papers through the News Bureau.

THE Kansas Magazine now in the second decade of its existence is a non-profit magazine written by Kansans about Kansas.

Editor of the Kansas Magazine this year was Prof. Robert Conover. John F. Helm was art editor; R. R. Lashbrook, chairman of the board of directors; C. J. Medlin, business manager; and E. T. Keith, production manager.

Kansas authors each year submit their works to the editor, who chooses the ones to be printed in the magazine. The magazine includes essays, short stories, verse and Kansas art.

The Kansas Magazine is sold through the College and at news stands throughout Kansas.

"THAT BOYS A Kansas State graduate" says Industrialist editor Ralph Lashbrook as he searches for alumni news with Jane Koefod and Albert Horlings, associate editors.

THE News Bureau, with headquarters on the second floor of Kedzie hall, is under the direction of Ralph Lashbrook.

The purpose of the News Bureau is to send news and information from the College to Kansas newspapers, radio stations, press associations and magazines.

The News Bureau is part of the twenty year plan formulated by the faculty in 1934 and 1935 for the development of Kansas State College. It is being found helpful in President Eisenhower's new "Know Your College" plan.

Highlight of the annual semi-formal Royal Purple Beauty Ball, February 19, at the Avalon was the presentation of the four most beautiful coeds (shown on preceding pages). They were chosen from unidentified photographs of 23 candidates by Army Trainees at Oregon University who wrote:

"That concentrated deluge of glamor that descended on this detachment was the best possible propaganda for Kansas. We are sure the enrolment of K-State will increase noticeably when these boys get out of the army. Fellows from the University of Minnesota to California participated in the election and all praised the beauty of the candidates.

Here's wishing you a successful Ball."

THE senior section of the all-school election which was held November 16 took place in Willard hall. Tom Martin, Sigma Alpha Epsilon, was voted president; with Don Davis, Delta Tau Delta, assisting as vice-president. Both men were graduated at the end of the first semester.

These office vacancies were filled at a later election by Clair Mauch, president, and Margaret Ann Collings, vice-president. Both students are Independents.

Verna Beil, Independent, secretary; and Virginia Howenstine, Pi Beta Phi, treasurer; served for the en-

tire year.

The all-day sneak, planned by class officers, was taken during the first semester this year so that all seniors might participate before graduation.

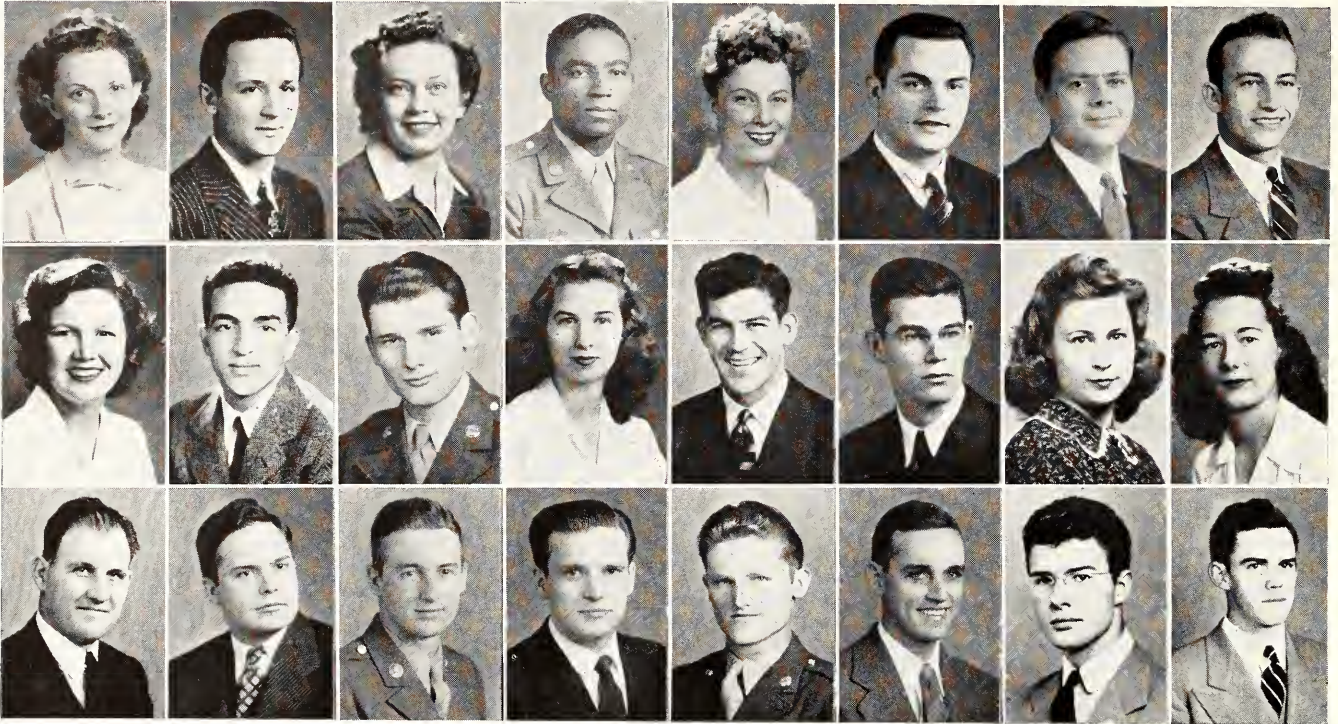

Prominent Seniors Chosen

The prominent seniors pictured in close-ups throughout the senior and underclass sections were chosen by a committee composed of faculty members and students.

SENIOR SNEAK ACTIVITIES were in charge of class officers (left to right) Don Davis, vice-president; Virginia Howenstine, treasurer; Tom Martin, president; and Verna Beil, secretary. Second semester Clair Mauch and Margaret Ann Collings filled vacancies left when Tom Martin and Don Davis were graduated.

UNDERCLASSMEN

JUNIORS and sophomores chose Greeks for all under-class officers at a quiet election November 16 in Recreation Center. Candidate nominations were made from the floor instead of by student petition, the procedure used in past years. Ballot voting was displaced by a show of hands, as recommended by S.G.A. members. There was no need for elaborate voting because activities and the number of class members have so decreased. Attendance at the elections was comparatively small and no returns were taken.

Dick Collins, Beta Theta Pi, headed the junior class activities. Other officers were Roberta Townley, Pi Beta Phi, vice-president; Betty Witney, Chi Omega, Secretary;

and Al Silady, Phi Kappa, treasurer.

President of the sophomore class for this year was Gus Bulleigh, Sigma Alpha Epsilon, who defeated Eunice Stoltenberg, Independent candidate, and Dorothy Bunch, another Greek nominee. Marjorie Correll, Delta Delta Delta, was elected vice-president; Betty Schell, Kappa Kappa Gamma, was elected secretary; and Betty Gail Parker, Alpha Xi Delta, was an unopposed candidate for treasurer.

JUNIOR CLASS OFFICERS take life easy in Recreation Center. They are (left to right) Roberta Townley, vice-president; Al Silady, treasurer; Betty Whitney, secretary; and Dick Collins, president.

SOPHOMORE CLASS OFFICERS take time out for tea. They are (left to right) Marjorie Correll, vice-president; Betty Gail Parker, treasurer; and Betty Schell, secretary. President of the class Gus Bulleigh was not in school second semester.

Freshmen officers were chosen at an earlier election on October 22. Greeks ruled again when Dick Petro, Beta Theta Pi, was elected president; Bonnie Smith, Pi Beta Phi, vice-president; Carolyn Myers, Alpha Xi

Delta, secretary; and Fred Kramer, Sigma Alpha Epsilon, treasurer. All nominations were made from the floor although both Greeks and Independents had previously agreed on candidates for the offices.

TALKING OVER MATTERS concerning the Freshman class are (left to right) Fred Kramer, treasurer; Bonnie Smith, vice-president; Carolyn Myers, secretary; and Dick Petro, president.

Probably the funniest thing we know of that has happened this year was the response to the *Collegian* article asking for contributions for this section. We thought that since there had been no gossip column in the *Collegian* this year we would be overwhelmed with answers. We sincerely thank the two people who heeded our plea.

The first contribution concerned the absent-minded professor (yes, another one of those) who dreamed he was lecturing to his class and woke up to find it true! Sounds to us like a true to life story.

We all mourn the shrinking of the Ag school during the War. It really is terrible that a college noted for its course in agriculture should have students who know so little about the subject as to think a pitchfork is what a horse eats hay with.

THE CAMERA HAS fun with Manhattan's "Great White Way."

THE 1944 ROYAL PURPLE, THE TWELFTH EDITION OF THE BOOK TO BE CASED IN A MOLLOY - MADE COVER, IS AN EXAMPLE OF FLEXIBILITY IN COVER MAKING.

REGARDLESS OF THE MATERIAL EMPLOYED, OR THE PROCESS OF REPRODUCTION REQUIRED, MOLLOY-MADE QUALITY CAN STILL DELIVER THE BETTER COVER.

The next time you pay your electric bill, remember: A large part of that money goes to blast the Axis!

Yes, over 15c of every dollar you turn over to us, we turn over to the federal government as taxes. In terms of the entire industry, that's over 400 million dollars — enough to buy more than 1,500 giant bombers—at a quarter-million each.

And that's not all! Over 8c per dollar in addition goes to local and state governments—for your schools, roads, police and fire protection.

All together, from every dollar you pay us, we pass along at least 24c as taxes. And we do it willingly — in the face of high costs and lower prices. Since no other electric power is federally taxed we are often asked: "How can you manage?" Well, by business management—which is another way of saying: Efficiency, economy, and careful planning!

USE WHAT YOU NEED—BUT NEED WHAT YOU USE

We'll all miss the A.S.T. and the Air corps when they leave, but none will be harder hit than the girls at the A.D. Pi U.S.O. And the Pi Phi's will especially miss being waked up each morning at the crack of dawn by the Air Corps' own special version of "Ring Ching."

Just what do you suppose could have been the motive behind Dr. Haymaker's request at one of his swell C. Club dances for the Air Corps, that the fellows line up facing the wall and let the girls come and choose them. Do you suppose it was so the girls couldn't see what they were getting into or vice versa.

WHEN IN MANHATTAN, KANSAS

Stop at

THE BALTIMORE HOTEL

L. M. STEELE, Prop.

When we asked Nancy Heberer if she'd go to the Vet building to get material for the year-book, she said—quote, Max and I always stick together, so we might as well stink together, unquote.

We hear that a few students got the wrong idea when they heard Professor Callahan ask Miss Elcock "What are you doing tonight?" It seems that they are teaching a night class on alternate evenings, and have to check up to see that they don't duplicate the work.

After finals there are a lot of students who feel like their I.Q.'s are so low they've got roots on them, but on thinking it over they decide that they'd really be as smart as the instructors if they had the books in front of them like the instructors do.

We just thought up a slick invention that ought to really make us a fortune. It's an alarm clock for college students that has a quietly muffled "Ding" like the class bell when it's on the blink. No matter how sound asleep students are in class, they always manage to hear that.

America Looks to You

After Victory that will surely come — you young men and women will take an important part in the destiny of America. Post war conditions will bring you new situations — new opportunities. Many of you will go into specialized professions and varied industries. You will find by experience what a vital part the development of electricity and its many old and new uses will play to bring even greater convenience and better living to all.

What's this we hear about the Sig Alph brothers trying to break all the best college traditions by putting out their pins and then just letting everyone guess as to whether the thing is purely platonic or if they really are engaged. Sometimes we think the girls with said pins are a little in doubt, themselves.

In case you've forgotten, we might remind you of the time that dietetics student Joan Schmidt dreamed her alarm went off. She actually got up, dressed, walked down to the Marker house and started to prepare breakfast at one o'clock in the morning.

GOING BACK TO UNCLE SAM!

Abe Lincoln was once asked how long a man's legs ought to be. He unhesitatingly replied that they ought to be long enough to reach from his body to the ground.

How far back should your abstract go? We think if you are going to look up the condition of your title at all, the search by all means should go back to Uncle Sam. One link short and you stand in midair. The patent is the foundation, "the root of the title," the books say. Make sure of your title from the ground up.

You've heard of guessing games. Well, try this. Who is this couple? Hints: He is a red-headed Romeo, a Kappa Sig. She is an Alpha Xi with long, black tresses, never seen on the campus except with afore-mentioned Mr. Romeo in tow. He meets her after each class during the day as well as walking her to and from school three times a day (in addition to a few extra times). Both gaze tenderly into each other's eyes all the time they're together.

Just to simplify it a little, his initials are A.H., and hers are E.K. What? You knew it all the time?

Somehow the post-war world doesn't seem so rosy to us since we saw the Kappa stunt at Y-Orpheum. If the coming of television means that we'll have to look at the Wheaties' ads as well as hear them, we'd just as soon delay progress.

WARNING to the little sleuth in "Blossom Time"—It would be much safer for you to impersonate someone besides Charlie Chaplain. Someone might mistake you for the guy and put you on the witness stand.

Fate at last caught up with Prof. J. O. Faulkner. He lost his voice for a couple days last winter.

We hear that little vet, Melvin Stiefel, is pretty gullible even when it comes to a murder in his own room. They do say that he was about to call on Dick Tracey when the corpse got up and walked away.

Speaking of embarrassment — we'd like to have seen the look on the face of the train passenger who spent all the time telling his seat partner about a brother in the army. Upon leaving, he apologized for taking so much time to the subject. He was a little startled when the other man said, "I know how it is to have a brother in the army. My name is Milton Eisenhower."

There were a lot of April Fools on the campus who believed the Collegian gag about the formation of the College Coed Corps. Little did they stop to think that even the Collegian seldom scoops the papers of the nation, and that Congress has not even voted for drafting women.

When the news leaked out that the story was to be in the Collegian some girls cried and even thought of leaving school before they could be inducted. One young lady ventured the opinion that she didn't think it quite fair that President Eisenhower should use his influence in Washington to offer K-State as a test college for the plan without consulting students. Now we know how Orson Welles' "Men from Mars" succeeded. People will believe anything.
