To Those Who Serve

Four-H'ers Jim and Mary—yes, they are on the battle front now. They were our fellow 4-H'ers several years ago. And they are still our fellow 4-H'ers. We, on the home front, are proud of every Jim and Mary who is helping our country so we may live a peaceful democratic life. So we wish to dedicate this 1944 WHO'S WHOOT to all the former 4-H Club men and women who are now serving our country in some branch of the United States armed services.

A strictly feminine group of Collegiate 4-H'ers comprised the 1943-1944 WHO'S WHOOT yearbook staff.

Just before the close of school each spring the editor and business manager of the book and their assistants, are elected from the Collegiate 4-H Club at large. Committee chairmen and members are selected from a list of volunteers in the fall.

The editor and assistant manager do the work of assembling and sending the book to the printers.

Advertising trips are planned by the business manager. Various Kansas cities such as Topeka, Wichita, Kansas City and Hutchinson are visited.

Work such as trimming pictures, writing and typing articles and making up the various

pages is done by the different committee chairmen and their members.

In the spring after a year of work to get the book published, the entire WHO'S WHOOT staff enjoys its annual "sunrise picnic breakfast" at one of the local parks. Last year this picnic was at Sunset Park.

With practically no men in school this year, the girls have stepped up to fill their places on the staff. In spite of the war, few restrictions have been made in regard to the publishing of the WHO'S WHOOT.

This year distribution of the WHO'S WHOOT is more extensive than previously. Since 4-H work still continues during wartime this edition of the WHO'S WHOOT attempts to give a picture of what the 4-H is doing for the war effort.

V...- DINNER HIGHLIGHTS YEAR

This year, 1943-1944, has made a great change in life at Kansas State College but the Collegiate 4-H Club still continues to be one of the most active and largest organizations on the campus.

Since most of the men have been called into duty with the armed services, the majority of the 184 Collegiate 4-H members consists of women. Hope Leland, who has been a Collegiate 4-H member for several years, received the silver loving cup this year for selling the most membership cards. Runners-up in the contest this year were Velma McCall and Athol Furman. These 4-H members come from various parts of the state. Almost all of the members have been former 4-H members in their home communities but some of the present members are students who were interested in the 4-H work but who never had the opportunity to join before.

Wayne Good, who is stationed in the army at Kansas State College, was elected president for the first semester of the year. However, due to army restrictions, he was forced to resign. This place was filled by Willa Havely. Lorraine Corke was elected to fill the place of Helen Ramsour, newly elected president of the second semester who was unable to attend school. The entire 4-H group cooperated on various programs, committees and other activities.

One of the principle activities of the year was the publishing of the WHO'S WHOOT. Forty Collegiate 4-H members were on the staff this year which was headed by Athol Furman as editor and Louise Parcel and Helen Ramsour as business managers.

Highlighting the fall term of college was the Collegiate 4-H semi-formal dinner dance. The membership cup was awarded to Hope Leland at this time.

The Collegiate 4-H also had a "get-acquainted" picnic soon after the school began.

Hope Leland receives the cup for winning the Collegiate 4-H membership drive contest. Willa Havely, president, presents it while runners-up—Velma McCall and Athol Furman look on. President Milton S. Eisenhower (right), of the Kansas State College is a guest at the fall dinner dance.

The spring semi-formal dance was held on April 20. Three 4-H'ers were named as outstanding 4-H seniors according to their service to the Collegiate 4-H Club during their college life. The seniors honored this year were Helen Ramsour, Willa Havely and Cecil Eyestone.

Alice Leland was the delegate of the Collegiate 4-H Club to the American Youth Foundation Camp at Camp Miniwanca at Shelby, Michigan, this year. She was selected on her basis of service to the club.

The Collegiate 4-H also sponsors other activities such as assisting with state-wide activities, helping with radio programs on station KSAC and contributing to various funds. The 4-H contributed their savings to war bonds with a maturity value of \$4500. These bonds were to be used in the future to help identify a special 4-H lounge in the Student Union Building. The club also contributed to the National Red Cross Drive.

Office work for the Collegiate 4-H members is done in an individual office in connection with the state department. A reading room is also provided for the College 4-H members to be used during their leisure time.

MINIWANCA CLUB

Four Collegiate 4-H Club members belong to the Miniwanca Club, an organization for Danforth trip winners who are students on the Kansas State College campus. The members of the club have attended Camp Miniwanca at Shelby, Michigan, after receiving a Danforth Scholarship.

Organized in 1941, Miniwanca Club was first known as the Danforth Founder's Club. The name was changed this year to Miniwanca Club. It is a chapter of the American Youth Foundation Founder Fellowship.

President of the club for the first semester of the year, 1943-1944, was Bill Davis. Beth Froning acted as vice-president. At the change

of semester Beth Froning became president. Ruth Hodgson was the secretary-treasurer for both semesters. Mary Alice Doll was the corresponding secretary.

Prof. and Mrs. L. F. Payne are the sponsors of Miniwanca Club, having been selected in 1942. Professor Payne is connected with the poultry department at the College.

Principal activity of the year was the sponsoring of a student college assembly April 21 with Dr. Ruth Isabell Seabury as the principal speaker. Dr. Seabury is a member of the staff at Camp Miniwanca during the session when campers are there. Dr. Seabury also spoke to other college groups April 21 and 22.

V...- 4-H BUYS WAR BONDS

Making the transactions for the Collegiate 4-H war bonds bought this year are Willa Havely, former 4-H president; Cecil Eyestone, former 4-H president; Milton S. Eisenhower, president at Kansas State College; Evan Griffith, state administrator of war bonds and stamps; and M. H. Coe, state 4-H leader.

One of the principal activities of the Collegiate 4-H Club this year was the purchasing of war bonds which will have a maturity value of \$4,500. The transaction was completed in January.

The bonds were purchased with the agreement that they are to be given to the Student Union Association. The money is to be used in the future Student Union Building to help identify a room which will be especially dedicated to the Collegiate 4-H Club at Kansas State.

This identification will include the use of the four-leaf clover in various places such as

an embedded stone in the fireplace or carved tablets above the doors and windows in the room. This would provide a permanent place for Collegiate 4-H Club meetings and parties on the campus.

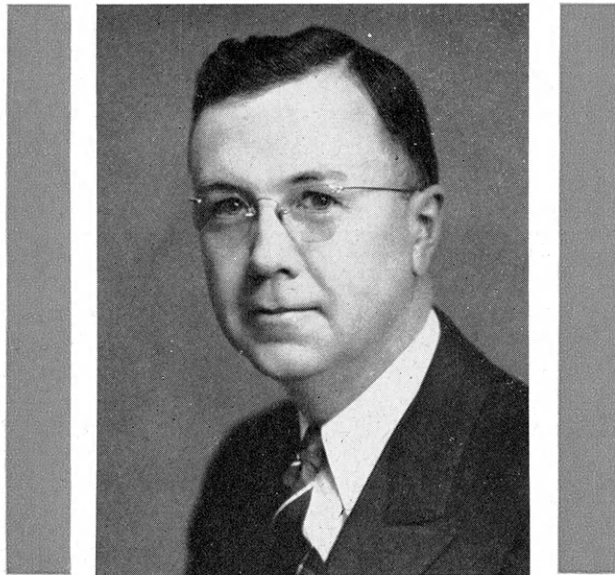

The Student Union Building contract has been approved by officials and work is scheduled to begin on it when the war ends.

The entire Student Union Building will be a three-story edifice of native limestone. Alumni and faculty rooms, offices for various organizations and small activity rooms will be placed in the building.

Kansas State College of Agriculture and Applied Science at Manhattan has been a war college the past year. The College has seen eighty-one years of active service since it was first located in Manhattan in February, 1863.

Taking over the duties as a war college

president this year was Milton S. Eisenhower who was formerly with the Department of Agriculture. President Eisenhower is replacing F. D. Farrell, president emeritus, who is now on the faculty. Dr. Farrell had completed twenty-three years of service as president of the College.

V...- 4-H AGENTS LEAD IN COUNTIES

Back row: C. L. King, Leslie Frazier, Mary Ruth Vanskike, Harry Duckers. *Front row:* Cornelia B. Davis, Margaret Kohl, Edwin Kline, Helen Shepard, Glenn Busset.

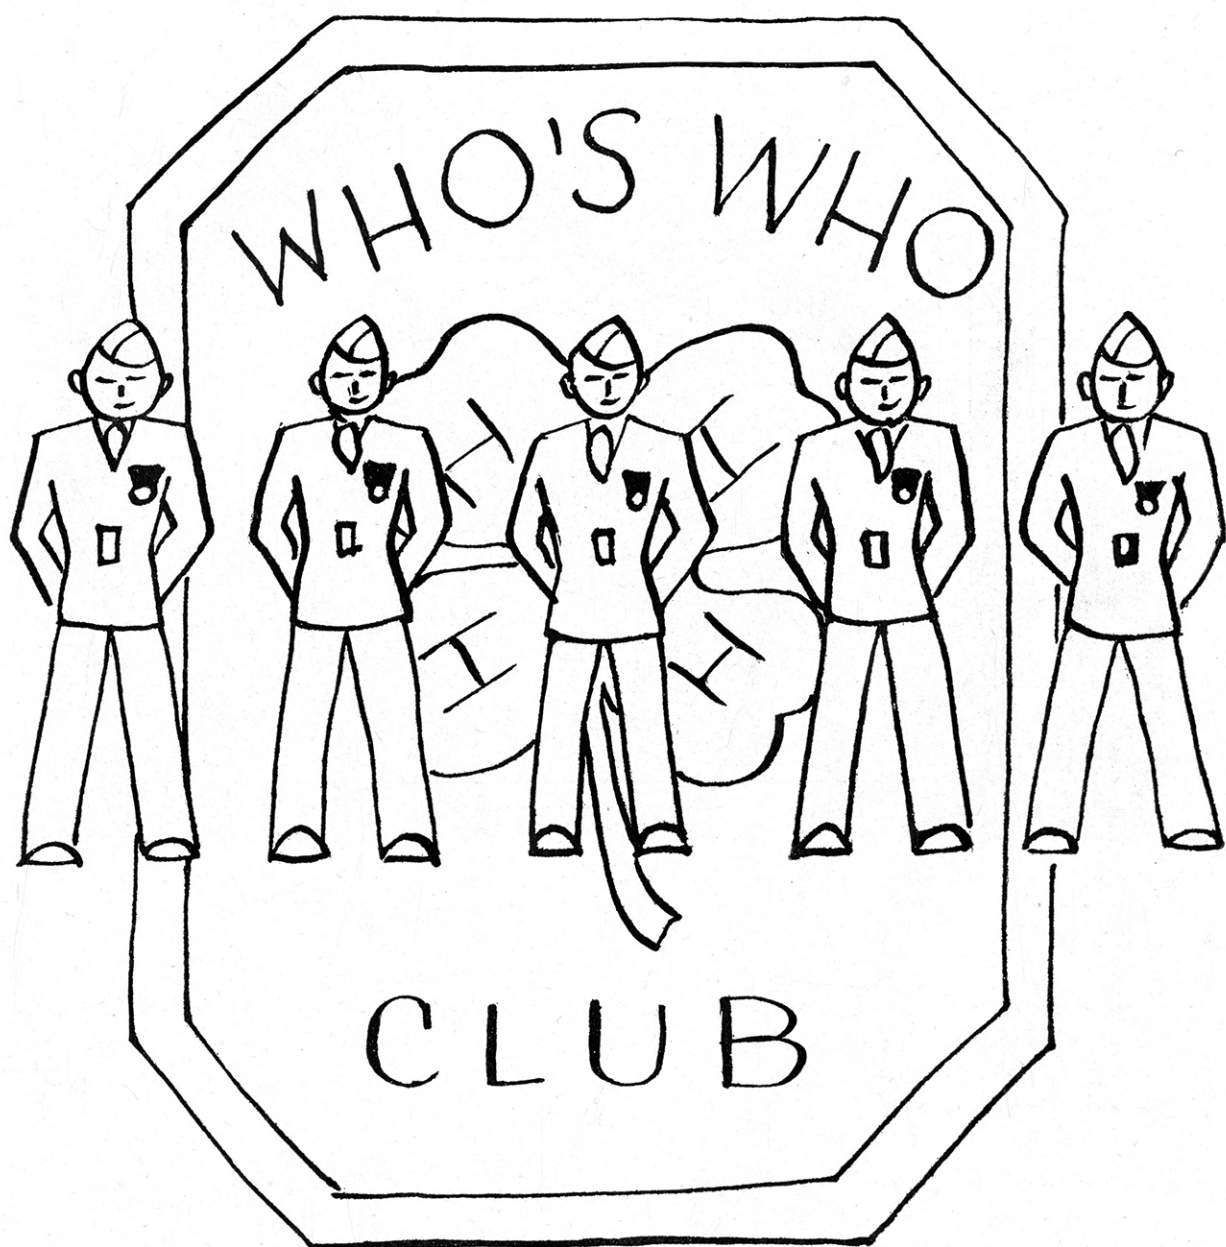

In nine counties of Kansas county club agents are helping boys and girls in 4-H Club work by directing their club programs and assisting in training them for a better farm and community life.

Through these capable leaders, training is given in judging and demonstration teams, various project work and in community leadership and activities.

The standards and goals of 4-H Club work are kept on a high level through their efforts and they are helping many farm boys and girls get the advantages and opportunities offered by working in 4-H Club groups. The important role of the county agent is now being realized.

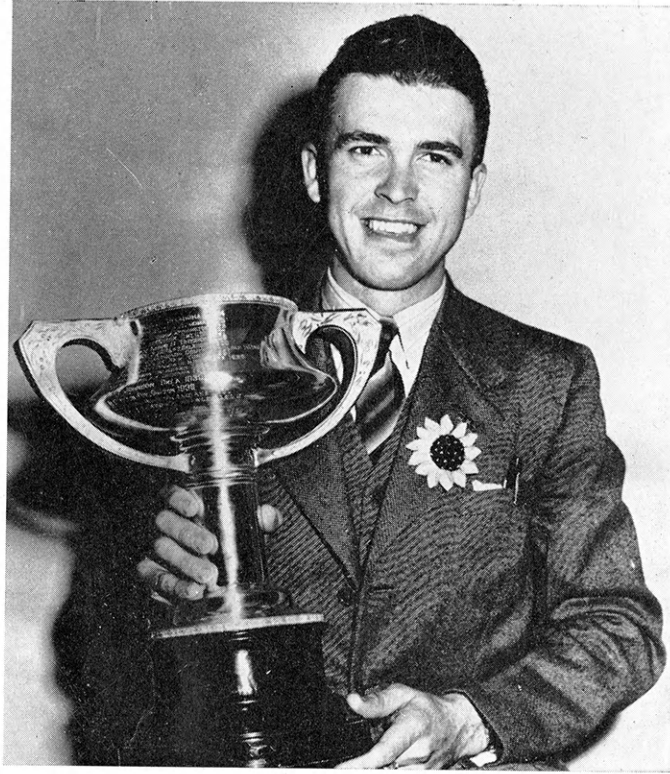

Many of the county club agents are now serving in the armed forces of America. In some counties women are replacing the men who are serving America. Those serving in the armed forces are Kenneth Johnson, Albert Pease, Charles Pence, Oscar Norby, Kenneth Porter, Kenneth Kirkpatrick, Eugene Watson, Winzer Petr and John Hanna.

The nine county club agents are C. L. King, Shawnee; Leslie Frazier, Reno; Mary Ruth Vanskike, Labette; Harry Duckers, Wyandotte; Cornelia B. Davis, Butler; Margaret Kohl, Rice; Edwin Kline, Sedgwick; Helen Shepard, Crawford; Glenn Busset, Dickinson.

V...- KANSAS HAS NATIONAL CHAMP

ROBERT MAYER

An outstanding record for ten years of 4-H club work, six of which he practiced leadership in his club and outside activities, brought to Robert R. Mayer, Marysville, the honor of the national winner in the leadership project in 1943.

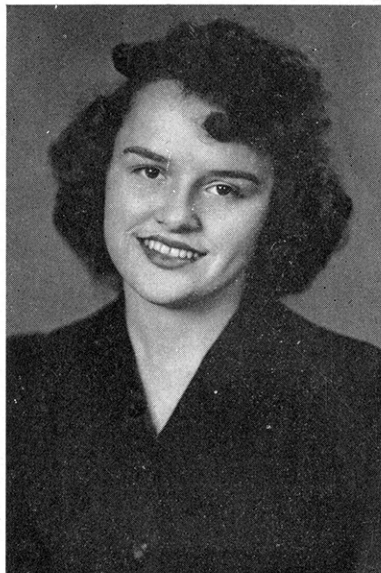

Robert attended the National 4-H Club Congress at Chicago last year and at this time he was awarded the Moses leadership trophy for his outstanding work in club work as compared with 4-H members from over the United States.

Robert's club, the Wide Awake 4-H Club, is the oldest in Marshall County. It consisted of thirty members and two leaders the past year.

Project work has been part of Robert's top 4-H work during his club years. Robert has carried enough projects to produce food for fourteen fighters in 1943. This is proof that he has been helping out on the home front in correlation with the 4-H program of "Food for Freedom." His project income is totaled as \$5,485 for his entire 4-H Club work.

Robert is an enthusiastic booster for 4-H work as is shown by the many activities he has participated in besides regular project work. Robert has made forty-six talks at various events and has written twenty-three stories on 4-H Club work. Robert also has an outstanding record in many community and county activities in Marshall County.

V...- SAFETY IS HER GOAL

EMAGENE MARTIN

One of the four national winners of a two hundred dollar scholarship and trip to the 1943 National Club Congress, Emagene Martin of Ford County has been a member of the D.I.Y. Juniors 4-H Club for nine years.

Emagene has participated in the safety activity since 1940. She organized a safety unit in her own 4-H Club and she and her mother sponsored a "good drivers contest." None of the members, so far, have been involved in an accident.

When the club took over an unused school house for a club house, Emagene captained the plans to check the chimney for the stove pipe, check the driveway for nails and kept

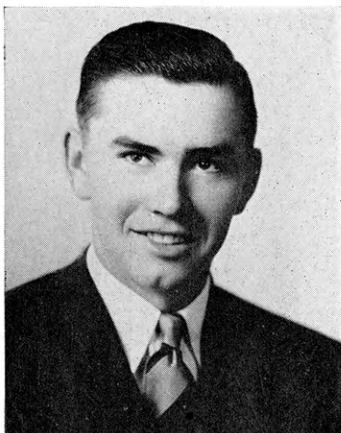

all weeds out around the building.

All the members of the club under Emagene's initiative made first aid kits for barn and house, holders in the barn for pitchforks and posted "no smoking" signs.

Emagene's time and energy have by no means been limited to safety as she has completed a total of twenty-eight home economics and agriculture projects in her nine years as a member.

She is a freshman in home economics at Kansas State College but reports that her club is still carrying on in safety with a new safety captain.

V... - KANSAS HAS FOUR TOP LEADERS

1943 Winners

Bill Turley
Vadaline Strobel
Leon Robbins
Dorothy Henningsen

Four outstanding Kansas 4-H'ers were selected to receive the 1943 state leadership awards. They were Bill Turley of Ford County, Vadaline Strobel of Pawnee County, Leon Robbins of Gray County and Dorothy Henningsen of Jewell County. These four junior leaders have been selected on their service in various organizations of the local club and other 4-H activities in the county, state and nation.

These four leadership winners should have received a trip to the National 4-H Club Camp but since the camp was not held this year these four winners will attend the American Youth Foundation Camp at Shelby, Michigan, this summer.

Bill Turley has been a member of the Richland Boosters 4-H Club for seven years having completed two years in the junior leadership project. He has carried twenty-three projects in his club work. Bill was president of his club and president of the County 4-H Council this year.

Vadaline Strobel has been a junior leader for two of the six years that she has been a member of the Garfield Boosters 4-H Club in Pawnee County. She has carried ten projects and has been in forty-seven demonstrations, six judging contests, three dress revues and five health contests. She was president of the County 4-H Council and vice-president of her club in 1943.

Eleven years in 4-H Club work has been the record for Leon Robbins of the Riverside 4-H Club in Gray County. He has taken junior leadership for two years. Leon was president of the 4-H County Council in 1943 and vice-president in 1942. He was also president of his local 4-H Club in 1943. Leon has been in twelve judging contests and eight showmanship contests. His record of projects totals seven.

Twenty-six projects in nine years of 4-H Club work has been the record of Dorothy Henningsen of the Ionia Hustlers 4-H Club. She has been a junior leader for five years. Dorothy was president of her local club in 1942 and president of the 4-H County Council in 1941. She has been outstanding in demonstration and judging contests.

V... - CAPPER GIVES SCHOLARSHIPS

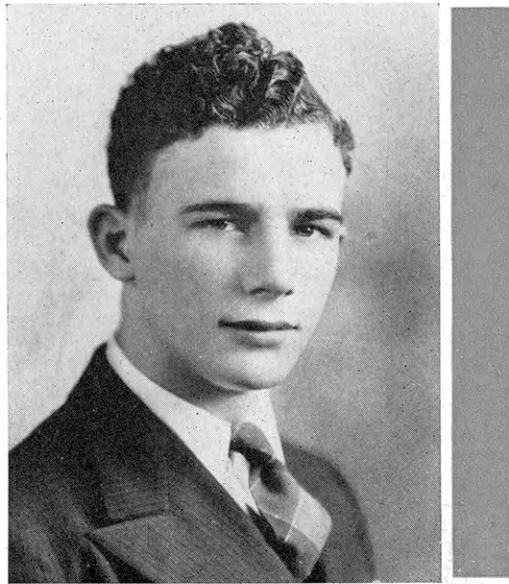

PEARL LILLIEQVIST

Winner of one of the Capper Scholarships this year was Pearl Lillieqvist, Medicine Lodge, in Barber County. She is 18 years old and has been in club work eight years, four of which were outstanding in leadership activities.

Pearl has been a member of the Elm Mills 4-H Club having been its president two years, secretary-treasurer for one year and song leader for two years. She was president of the County 4-H Council two years, active in county 4-H camps, assistant superintendent of the county fair and attended the state conservation encampment and the American Royal Conference.

Pearl has carried twenty-five projects with a gross profit of \$1,432.62. She has had numerous championships within her county, including county canning championship for two years, beef championship for two years and junior leadership champion one year. She was also the county showmanship champion one year and home beautification champion one year. She has been outstanding in home economics projects having been a member of the clothing judging team and a blue ribbon winner of the demonstration team in home economics. She has also taken high honors in her live stock projects.

DAN ZUMBRUNN

Dan Zumbrunn of Chapman in Geary County is another Capper Scholarship winner. Dan is twenty years old and has been a 4-H'er for eleven years. He is a member of the Blue Line 4-H Club of which he was president in 1943. He was also president of the Geary County Who's Who Club in 1943. He has been a junior leader for four years.

Dan has been a member of the Geary County live stock judging team last year and has been one of the judges in that county for the past several years. He has ranked among the best in project work in his county.

Dan has carried thirty-seven projects. His leadership has extended throughout the county and his section of the state. He has spoken to numerous Geary County meetings of both young people and adults. He has participated in 4-H model meeting work and is a member of the State Who's Who.

During this past year, his work in helping with the safety program in his local club has been outstanding. This work included the purchasing of a very good safety kit for each family of the club.

V... — Chicago Provides Entertainment

"4-H in War and Peace" was the theme of the National 4-H Club Congress at Chicago, November 28 to December 1. Nineteen 4-H members and four state leaders represented Kansas this year at this 22nd annual event.

4-H'ers attending the Congress this year represented 1,700,000 4-H members from over the United States and Canada. Those attending the Congress have been selected on their outstanding records in 4-H work.

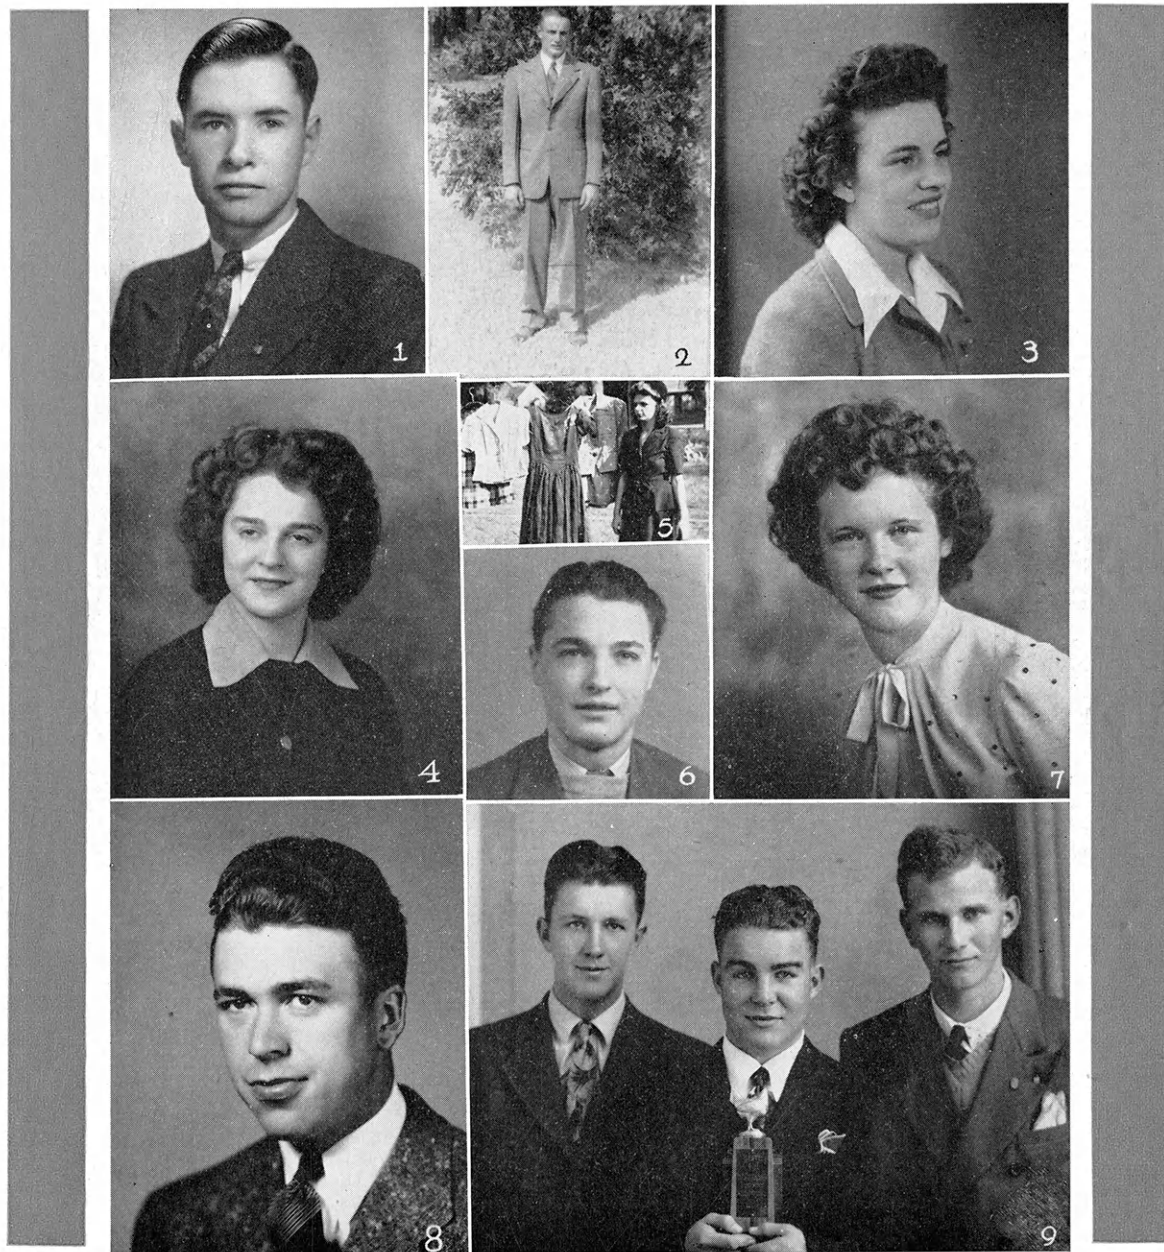

The purpose of the Congress is to assist the agricultural colleges and the U. S. Department of Agriculture in extending the Program,

Membership and Influence of the 4-H Clubs.

The guests were honored by many outstanding firms while in Chicago. City trips included visits to the Field Museum, Museum of Science and Industry and Museum of Natural History.

Two Kansas 4-H'ers were given outstanding recognition during the Congress. Robert Mayer of Marshall County was given the Moses Trophy for the national leadership winner. Emagene Martin of Ford County was selected as one of the four national safety champions.

V... — A FEW STATE CHAMPIONS

1. Wilbur McFadden, livestock. 2. Earl Brown, best groomed boy. 3. Madge Heinly, home beautification. 4. Georgia Mitchell, general home economics. 5. Carol Francis, clothing. 6. Albert Morgan, swine. 7. Maridell Byler, food preservation. 8. Bob Mayer, leadership. 9. Poultry judging team.

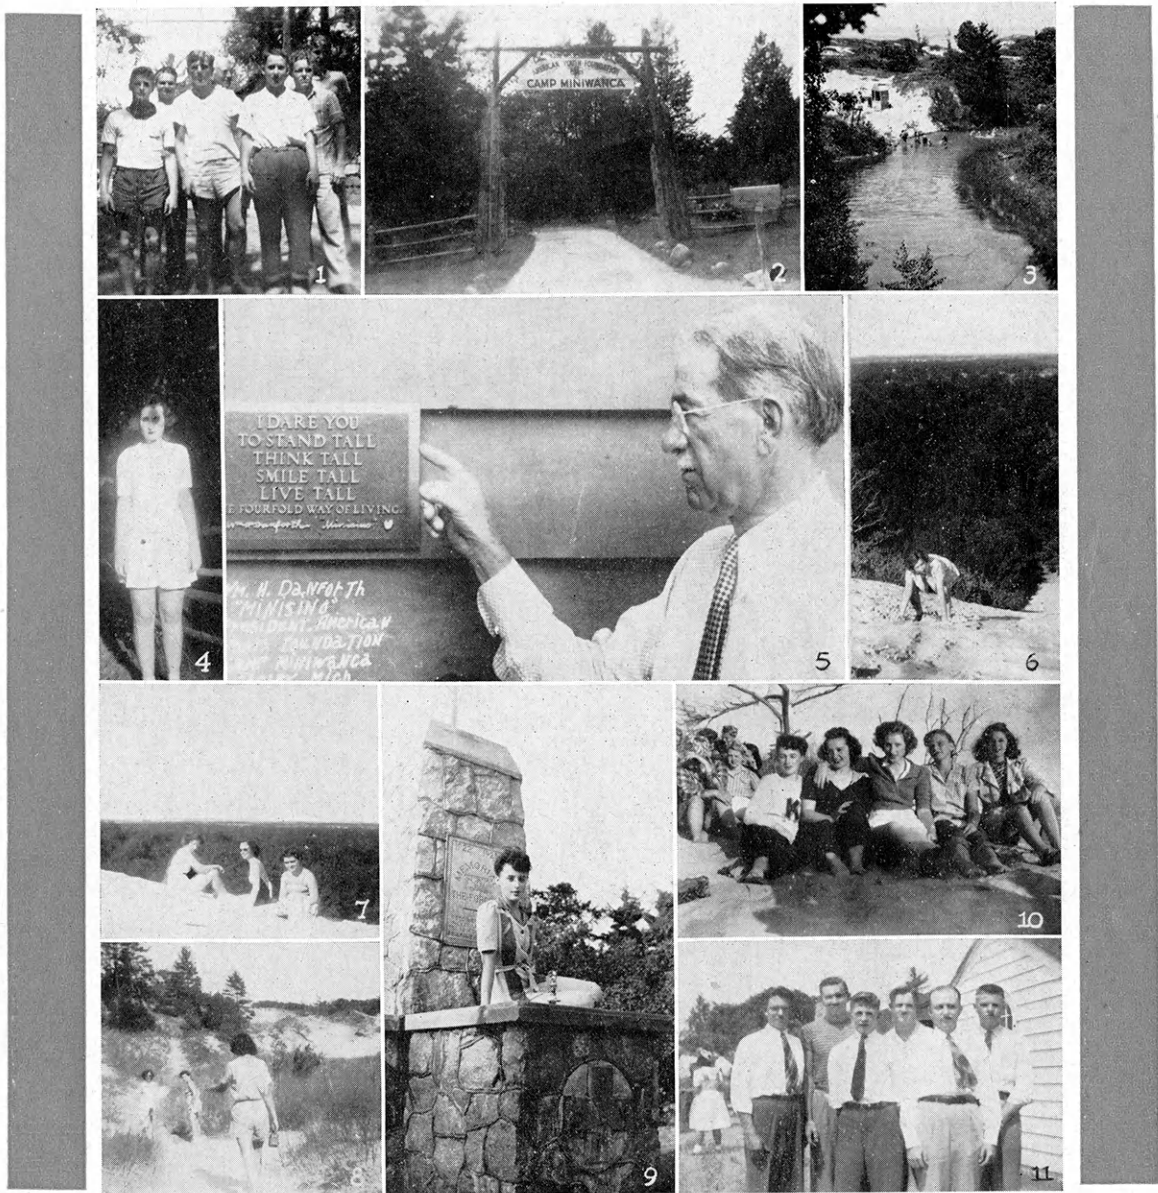

Other champions not pictured are Janice Nuttle, food preparation; Elmer Pelton, beef; Jack Rexroad, sheep; Esther Jones, dairy; Leon Robbins, garden; Lawrence Hulse, potatoes; John Sherer, wheat; Fred Hubman, sorghum; Quentin Carnahan, corn; Barbara Bross, style revue; Emagene Martin, safety girl; Merle Max Orsborn, safety boy.

V...- 4-H'ERS AT MINIWANCA

1. T. A. Duckworth and his tent group. 2. Main entrance to camp. 3. The Bath Tub. 4. Alice Leland was the Collegiate 4-H delegate. 5. Mr. Danforth, president of the American Youth Foundation. 6. Alice climbing Old Baldy. 7. Top of Old Baldy with Alice, Tex, and Marty. 8. Trail to Old Baldy. 9. Betty Lou. 10. On vesper dune, Betty Lou, Maurine, Alice, Carol, and Pat. 11. Kansas boys and Mr. King.

V...- 15 TRAVEL TO MINIWANCA

Mental, physical, social and religious development of the individual is the basis for the American Youth Foundation Camp at Camp Miniwanca at Shelby, Michigan. Twelve 4-H'ers and three leaders had the opportunity of representing Kansas by attending the camp this year. The camp is located on Lake Michigan.

The four outstanding girls in Kansas club work attended the girls' session August 2 to 15. The four outstanding boys attended camp August 16 to August 29. An outstanding Collegiate 4-H Club member and the two boys and girls receiving state leadership honors also were selected to attend the camp. However, one of the outstanding leaders, Jim Shively, was unable to attend the camp.

These 4-H'ers have special courses which include the four-fold program. A picked staff of outstanding leaders for various phases of personality development compose the faculty at the summer sessions of Camp Miniwanca.

The Miniwanca Club has been established on the Kansas State College campus for stu-

dents who have attended Camp Winiwanca at some time. Their aim also is to carry out the four-fold program which they have learned at Miniwanca.

The 1944 Kansas camp winners are:

Carol Jean Heter—Rice County
Patricia Dean—Edwards County
Marcia Jean Bigham—Jefferson County
Ruth Hodgson—Riley County
Alice Leland—Collegiate 4-H—Riley County
Robert Acre—Clark County
T. A. Duckworth—Wilson County
Elon Engle—Dickinson County
Bill Turley—Ford County
Betty Lou Collins—Bourbon County
Clifford Houghton—Mitchell County
Maurine Babb—Riley County
Helene Monfort—Osborne County—leader
Christine Wiggins—Kansas State College—leader
C. L. King—Shawnee County—leader

MASTER 4-H CLUB

Four new 4-H members are now members of the Master 4-H Club of Kansas. They are Maurine Babb, Clifford Houghton, Jim Shively and Betty Lou Collins.

The Master 4-H Club was organized in 1927. It is constituted of 4-H members of Kansas who have had the honor of being awarded the state leadership award. In past years this was a trip to the National 4-H Club Camp at Washington, D. C. However, since there was no national camp last year these members at-

tended Camp Miniwanca. The club increases in membership each June when the new winners for the year are initiated.

The title, Master 4-H Club of Kansas, is appropriate since it is only the state leadership winners who are allowed to be members of this honorary organization.

The officers of the Master 4-H Club are Merna Vincent, president; Bernard Knowles, vice-president; Betty Whitley, Secretary-treasurer; Martha Wreath Streeter, historian.

V... - 4-H'ers Attend District Round-ups

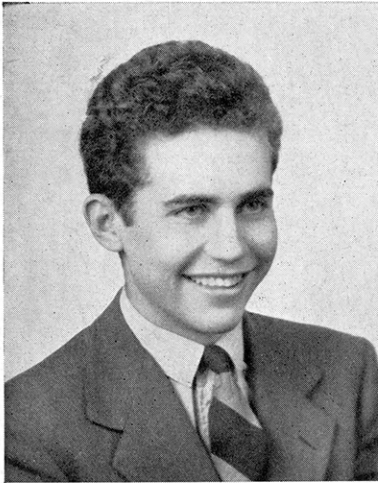

Anderson Hall, Kansas State College

This familiar scene of Anderson Hall on the campus of Kansas State College was missed by the 4-H Club members and leaders as they attended the district Round-ups last year. In place of the twenty-first annual state 4-H Club Round-up, nine district one-day Round-up meetings were substituted. This was made necessary because of the crowded conditions on the campus, resulting from the specialized training being given to men in the armed services. The total attendance at the one-day meet-

ings was 2,336 which almost doubled the registration for the usual type of Round-up on the campus. The programs again placed great emphasis upon the important war work to be done by rural youth and was a desirable substitute but all 4-H'ers will welcome the time again when they can see the ivy-covered stone walls of Anderson Hall and the other beautiful buildings on the campus at Kansas State College.

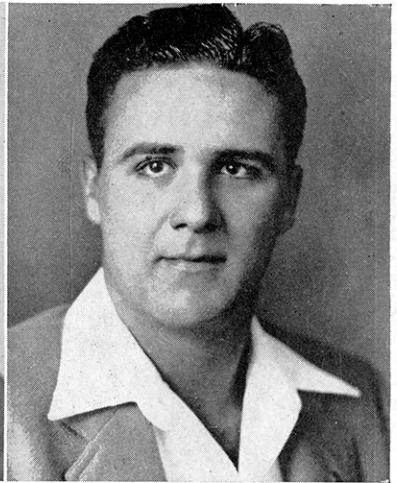

V... — New Who's Who Members Elected

BERNARD KNOWLES

CONSTANCE LOFTHOUSE

CLARENCE ENGLE

WHO'S WHO CLUB

An honor well worth attaining is that of membership in the Who's Who 4-H Club. Members of this honorary group are those 4-H Club members of the upper ten percent of club work in the state of Kansas.

To qualify for membership the boy or girl must have done outstanding work in his county with regard to projects, leadership and community activities. He also must be at least 15 years of age and must rank in the upper ten percent of club members in that county.

New members are chosen during the annual 4-H Club Round-up held at Kansas State Col-

lege in June. Since Round-up was held in separate districts last year the Who's Who Club had its meetings at the individual Round-up meeting places. Initiation services are held for the new members at these meetings. The Who's Who Club usually has meetings during club encampments at the State Fair in Hutchinson and Fat Stock Show in Wichita.

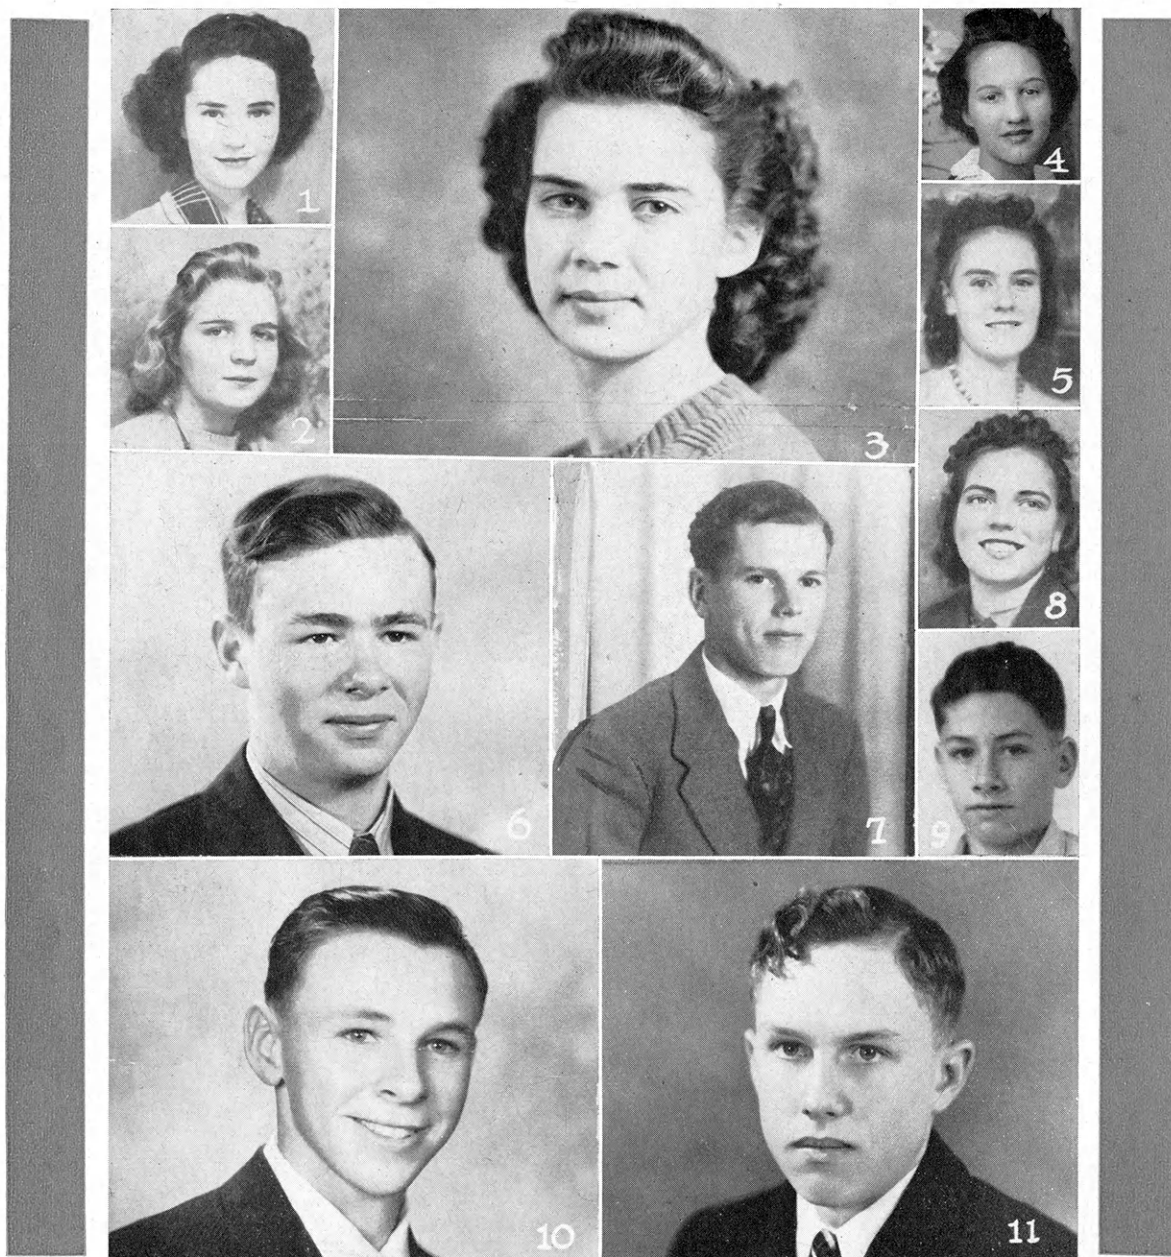

This year Who's Who Club officers are Clarence Engle, Dickinson County, president; Bernard Knowles, Saline County, vice-president; Constance Lofthouse, Ford County, secretary-treasurer.

V...- 4-H'ERS WORK FOR VICTORY

Kansas 4-H'ers are fighting for victory. This is an example of what these farm youth are doing on the home front.

Victory — that is the word that has guided the Kansas 4-H'ers during the year, 1943-1944. The 4-H boys and girls all over the United States and Canada have victory as their goal; and Kansas 4-H'ers are constantly altering their program to fit working towards an Allied victory in the best and quickest way possible.

The 17,157 4-H youth on the Kansas farm and in the small town have enlarged the family garden, fed an extra animal, canned a few more jars of food and prepared school lunches. They have always had these activities as 4-H projects but this year they are intensifying their work.

This is all part of the national "Food for Freedom" program. It is rather like a contest — each 4-H'er working to feed as many fighters as possible for a year. The member figures on producing food equivalent to the amount necessary to feed a certain number of men in the armed forces for a year. This may vary in amount from 60 fighters for some individuals to 15 fighters for other 4-H members. But in either case the 4-H'er is doing his bit for the country.

In this regular project work Kansas 4-H'ers have completed 34,631 projects with a total value of \$1,512,041.

But 4-H work does not always pertain to project work. Kansas 4-H'ers have some out-

standing records for collecting scrap metal, paper, waste fat and contributing to War Bond and Red Cross drives. This is done, in many cases, by the 4-H club as a whole. This program was carried by 937 4-H clubs in the 105 counties of Kansas.

Then there are other activities such as special programs using health, safety and citizenship as the themes. The 4-H'ers learn from these programs the best way to be a top American citizen.

Many 4-H'ers took a special wartime course. This was designed for those boys and girls who did not have the time or facilities to carry a full-time 4-H project. Their requirements were simpler and in many cases pertained to some definite help in the war effort. Helping on the home front during the farm labor shortage, conserving farm equipment and producing food constituted these projects.

Leaders — state, county and local — have been responsible for making the 4-H organization such a success during wartime. Junior leaders in the individual 4-H clubs have also realized their need and have stepped into their work with full force to help younger members with their wartime projects. These leaders helped the 17,157 Kansas 4-H members to complete their projects with a 75.6 percent record.

Many of the Kansas 4-H'ers have been called into active duty in the United States armed services. And now, these 4-H'ers are stationed in many parts of the world.

Kansas State College has become the home of many former 4-H members. Every year boys and girls enroll in the varied courses that this College offers. Most of these students enter the home economics and agriculture curricula. With this training many of these former 4-H members return to various counties throughout the state to become extension agents.

LAST LEAVE

From every State in the Union our youth are saying goodbye. It is an old, and a hallowed theme in America's story . . . to live for our country, to fight for our country, and if necessary . . . to pay the Supreme Sacrifice.

Every man will leave with a picture in his heart . . . the girl, his family, and the country that he loves. He says farewell to the girl with the confidence and hope of youth . . . that *she* will never change in her loyalty . . . that *she* will be the same girl to welcome him back from Victory!

Can he leave the shores of America with the same feeling of confidence toward the *future* that a post-war America will hold out to him when he returns?

Will America, birthplace of freedom and opportunity for all, still be the America he has always known . . . where success is limited only by his own efforts . . . where individual initiative and ambition bring their own rewards?

America . . . like the girl he leaves . . . can still welcome him back with unlimited opportunities after the war . . . if Free Enterprise is not restricted, regulated and regimented to the point of stifling his ambition.

To keep his America a land of Free Enterprise is the job of everyone at home!

A smile costs nothing, but creates much; it happens in a flash and the memory sometimes lasts forever; it cannot be bought, begged, borrowed or stolen; but is something that is no earthly good until it is given away. So if in your hurry and rush you meet someone who is too weary to smile, leave one of yours. For no one needs one quite so much as he who has none to give.

Another "SELF-PROPELLED" Combine--by MASSEY-HARRIS

• Self-propelled combining isn't new to most Midwest farmers, for it was right here in the Plain States that Massey-Harris introduced the 16-foot No. 20 Combine nearly five years ago. Yes, hundreds of Midwest farmers have been "on the ground floor" taking advantage of sensational savings in grain, labor and time . . . and doing a better job of combining than they ever did before . . . thanks to the pioneering spirit of Massey-Harris in making Self-propelled combining a practical, profitable reality.

• Now this proven Self-propelled method is made available to smaller operators as Massey-Harris introduces the 7-foot Self-propelled "Clipper" Combine. Naturally, production is limited just now, but someday soon you too will be enjoying a new and better kind of harvest with a Massey-Harris Self-propelled Clipper on the job.

• Because there's no tractor to beat down the grain on the opening swath, you'll save up to a bushel of grain per acre . . . grain that would ordinarily be lost. What's more, you

can drive into the field and cut out any portion of the crop as it ripens. And, don't lose sight of the important savings in fuel and manpower. **One engine** both propels the combine and operates the threshing mechanism — **one operator** sitting up high out of the dust guides the machine through the field, handles the harvest alone. These are but a few of the reasons why you'll want to include a Massey-Harris Self-Propelled "Clipper" high on your list of postwar needs. Now, and after the war — **when you think of SELF-PROPELLED, think of MASSEY-HARRIS** the pioneer builders.

THE AMERICAN FARMER

*We have known him for more
than a hundred years . . .*

we know his inheritance. It is the kind that fits men for great accomplishments. In his veins flows the blood of men who tore a civilization from the wilderness with little more than his bare hands; of women who forsook comforts to face unspeakable dangers and hardships. They were inspired by the same urge that is today giving the American Farmer strength in this hour of need — a vision of freedom and the will to build a better world.

Here at John Deere, we have walked step by step beside him and his forebears, down through those years, studying his problems and supplying his equipment needs. Those years have taught us much. They have taught us to understand his needs and respect his judgment. And, they have given us a good idea of his capacity. That long backlog of intimate experience maintains our unshakeable faith—our absolute confidence that he will come through gloriously in his job of building the fortress of food defense in this momentous Fight for Freedom.

"You are a liar!" exclaimed the first man.
"You are another!" retorted number two.
"Calm yourselves, gentlemen," interposed the peacemaker. "It is quite possible that you are both right."

"If anyone asks you, I'll be back in an hour," said the business man to his office boy.

"And how soon will you be back if no one asks for you?" queried the office boy quickly.

— 4-H —

"What are you crying for my little man?"

"I lost the race. My brother and me were having a race to see which could lean furthest out of the window, and he won."

AFTER COLLEGE DAYS—WHAT?

You young men and women of Kansas State are working and studying for a definite purpose. *You* are preparing *yourselves* for tomorrow — to meet the problems that are yet to come.

There will be new conditions to face and new problems to solve when Victory brings peace again. What will be *your* role — *where* will you find the greatest opportunity to bring order out of confusion — what employment offers you most?

An increasing number of young men and women are investigating and turning to the opportunities that America's fast-growing cooperative organizations are offering. If you don't know about cooperatives you have a lot of pleasant surprises coming. Investigate your nearest Co-op Association. Without cost or obligation our education department will gladly give you complete information.

CONSUMERS COOPERATIVE ASSOCIATION
NORTH KANSAS CITY, MISSOURI

FOUNDED FOR ONE PURPOSE SERVICE TO FARMERS

Remember the days when you pulled up in front of the general store to buy your farm needs? It's different now. Kansas Farmers Co-operative Association was among the first to help change that picture. Today it is possible for you to drive up in front of your own store. There is a *local coop company* within trading distance of everyone. Become a member and trade with your own coop. You will find it will pay dividends to trade with a farmer-owned cooperative.

Now, the first job for any of us is to settle the score with the Japs and the Germans. After that, then turn your efforts to cooperative organization and help build through cooperatives an organization for farmers that will always assure them of their fair share of the national income.

Dear 4-H Club Members:

We've always been very much interested in you. We have watched your achievements and your splendid progress with great satisfaction. We'd like nothing better than to have the relationship between you and us grow stronger and stronger as the years go by.

We are sending you this message to invite you to become active, conscious, informed and loyal members of the Farm Bureau just as soon as you begin your life work.

The Farm Bureau needs you. It needs your fresh outlook, your enthusiasm, your understanding of farm and farm home problems and related economic and social issues.

We believe you need the Farm Bureau too. It ties you in with progressive neighbors in your own community. It gives you a voice in agricultural and home economics extension programs made available to your county.

It gives you a voice in economic and social affairs which depend on state-wide action, -- your schools, your libraries, your taxes, your public services.

It gives you a voice in the hundreds of issues that depend on nation-wide action, -- issues that affect farm prices, credits, markets, transportation, highways, soil conservation, and the freedoms and privileges of true democracy.

When you are planning your future, please put a Farm Bureau membership on your "Must Have" list.

Sincerely yours,

You Can Be Proud of This Pledge!

WE, individually and collectively, pledge our efforts from day to day, to fight for the ideals of this Nation.

WE will never allow tyranny and injustice to become enthroned in this, our country, through indifference to our duties as citizens.

WE will strive for intellectual honesty and exercise it through our power of franchise. We will obey the laws of our land and endeavor increasingly to quicken the sense of public duty among our fellow men.

WE will strive for individual improvement and for social betterment. We will devote our talents to the enrichment of our homes and our communities in relation to their material, social and spiritual needs.

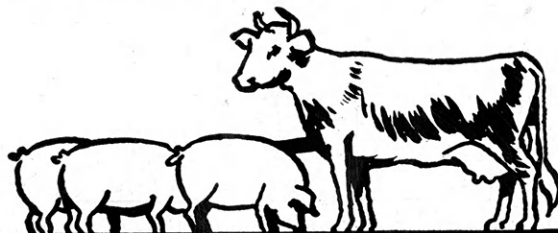

WE will endeavor to transmit this Nation to posterity, not merely as we found it, but freer, happier, and more beautiful than it was transmitted to us.

—4-H CITIZENSHIP PLEDGE.

"FEED a fighter in 1943" was the National 4-H goal that appealed to thousands of 4-H boys and girls in the United States. In 1944, 4-H groups, as an individual, are going ahead toward greater goals.

Conservation of feed through better breeding, more rigid selection, strict sanitation, and planned supervision is the important part of the program in 1944 which will help us meet the Food for Victory goals.

We, too, have a pledge of which we are proud . . . we pledge our continued, whole-hearted support of your program.

Little Willie, in bows and sashes,
Fell in the fire and got burned to ashes.
In the winter, when the weather is chilly,
No one likes to poke up Willie.

Willie on the railroad track
The engine gave a squeal,
The engineer just took a spade
And scraped him off the wheel.

Willie saw some dynamite
Couldn't understand it quite.
Curiosity never pays;
It rained Willie for seven days.

Little Willie hung his sister,
She was dead before he missed her.

"Mr. Johnson," said the lady at the church festival, "won't
you buy a bouquet to present to the lady you love?"
"That wouldn't be right, I'm a married man."

—4-H—

"I owe a lot to that old lady."
"Your mother?"
"No, you fool, my landlady!"

—4-H—

I'll give you just 3 days to pay your rent.
O. K., I pick the Fourth of July, Christmas and Easter.

The English definition of an Oboe is—an American tramp.

—4-H—

Mrs. Jones' husband didn't leave her very much when he
died, did he?
No; but he left her quite often when he was alive.

"Well, Pat," the Doctor greeted him breezily, "what can I
do for you?"

"Faith, sure an' if I knowed thot, I wouldn't have to be
payin' you two dollars fer tellin' me."

—4-H—

"Doctor, I want you to look after my office, while I'm on my
vacation."

"But I've just graduated, doctor. I've had no experience."

"That's all right, my boy. My practice is strictly fashionable.
Tell the men to play golf and ship the lady patients off to
Europe."

—4-H—

Why daughter, when I was a girl, we never thought of doing
any of the things you girls do today!

Which was why you didn't do 'em, mumsie, old top!

—4-H—

How come your wife doesn't find fault with this tiny flat?
She can't even find room for complaint.

Did you hear what the Northern Eskimo said to the Southern Eskimo?

Northern Eskimo—"Glub, glub."

Southern Eskimo—"Glub, glub, glub, you-all."

I am very lucky at auctions. The last time I went to one, I made sixteen different bids—and didn't get caught once.

— 4-H —

Jean Greenawalt—My grandfather didn't have a haircut for 20 years.

Ruth Deewall—He must have been a queer looking duck.

Jean—Not at all. He was bald.

"What do you think would go well with my purple and green golf socks?"

"Hip boots."

— 4-H —

Lorraine Corke—Wasn't there any shade in the desert where you were fighting?

Keith Jones—Yes, but one couldn't get in it.

Lorraine—Why not?

Keith—Have you ever tried to sit in your own shadow?

— 4-H —

Stewardess on air-liner—Will all the passengers please fasten their belts before we land.

Floyd Beaver—I'm sorry, Ma'am, but I wear suspenders.

— 4-H —

Johnny—My father invested in a mine and it went under.

Tommy—Well, my dad started a doughnut bakery and it went into the hole.

Billy—Yeh, and my pop bought a dynamite plant and it just went up.

— 4-H —

Texan—Why, in our state the wind is so powerful it sometimes blows people right out of their houses.

Willa Havelly—That's nothing. In our state, the wind sometimes blows six days out of a week!

Alice Leland—Do you know what Paul Revere said at the end of his famous ride?

Virginia Harlow—Whoa!

— 4-H —

Barbara Morris: "I hear the Board of Trustees is trying to stop necking."

Emma Vawter: "That's so? First thing you know they'll be trying to make the students stop, too."

QUIVIRA ACRES

A voluntary non-profit association, whose objective is to improve the quality and increase the quantity of Kansas Wheat crops, produce more wealth for Kansas and Kansas wheat farmers.

*A commendable program in time of peace, doubly
important in time of war.*

When the Boys come home, there will be

A **ONE-MAN** HAY HARVEST

When their task for Uncle Sam is finished, our soldier sons, as well as those who are now producing food for victory, will have an opportunity to operate their own farms with the best equipment modern design can offer.

A machine to help give them that chance has rewarded our search at Allis-Chalmers for a better system of making hay. It is ready and will be in production when war conditions permit—a new field baler that makes possible for the first time a *one-man* hay harvest without a pitchfork.

One man sitting on the tractor seat, master of his own hay crop! Rich protein and carotene formerly leached by the rain and bleached by the sun can be safe in the bale the hour hay is cured.

This machine forms a new type of weather-resistant *rolled* bale which will be handled mechanically from field to haymow. It is wrapped with ordinary twine, with the leaves sealed inside, protected from the elements by the bale's outer layer which serves as a "raincoat". It may be fed any of three simple ways: 1. Unrolled like a carpet 2. Sliced open lengthwise 3. Placed in feed rack whole, with twine removed.

Men who believe progress is yet young are planning equipment like this for even better living on the farm.

Definition of a Woman—Someone who reaches for a chair when answering the telephone.

— 4-H —

Oculist—Read this chart.

Draftee—What chart?

Oculist—Sit in this chair and I'll show you.

Draftee—What chair?

The draftee was deferred. He went to a near-by movie and when the lights came on, there, at his side, was the Oculist.

Draftee—Excuse me, does this bus go to Manhattan?

— 4-H —

Athol Furman—You tickle me!

Armetta Lygrisse—No, you tickle me, you have the feather duster.

IT'S A PRIVILEGE . . . to Carry the 4-H Banner

4-H Club members of Kansas are to be congratulated for their contributions toward increasing farm production during the critical years.

These alert young Americans are earning more and more awards of merit with each succeeding season.

Such accomplishments deserve widespread public recognition and it is our happy privilege to carry the 4-H banner in all the magazines, newspapers and radio stations owned and operated by this institution.
