## A MESSAGE FROM YOUR GOVERNOR

534 .K2 .C64 1949 C.2

Perhaps no other activity in the state has greater possibilities and opportunities for the development of the best in citizenship than the 4-H Clubs. For that reason it gives me pleasure to call attention to the great work carried on by this organization in developing essential youth programs.

Based upon training under skilled guidance, the program of the 4-H Clubs brings to each club member a broader understanding of the problems of rural life and its importance in the economic structure of the country. The clubs have created for themselves a permanent place in making Kansas a better place in which to live, bring to modern rural life new and greater incentives for cultural, social and recreational development. Better citizenship means better community life, a better and more responsive state and nation. The 4-H Clubs are striving toward that end.

This year is of especial significance as it marks a forward step in the development of the great recreational and educational center at Rock Springs Ranch, which has had such enthusiastic support by loyal friends in all parts of the state. The results to be attained by this youth center will be of incalculable value to the state now and in the years to come.

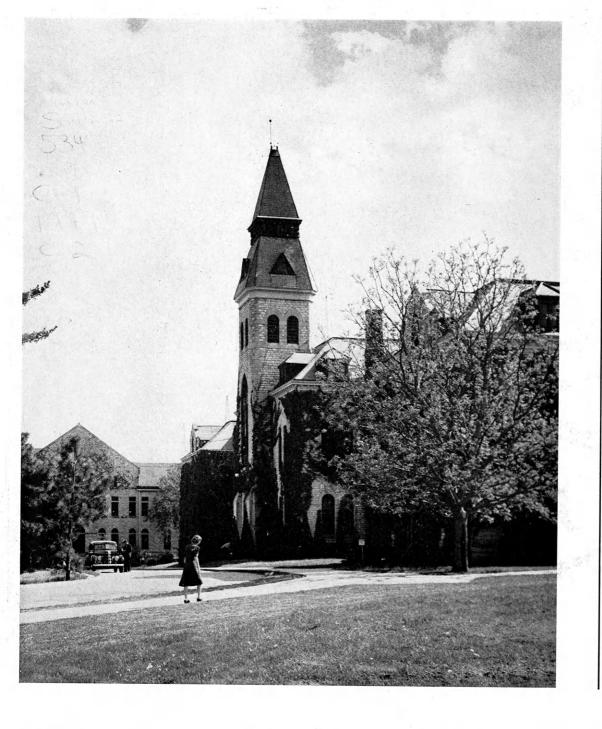

I join with the other friends of the 4-H Clubs everywhere in extending best wishes and sincere hopes for the success of 4-H Club work, and for the direction and encouragement given the youth of the state.

Governor Frank Carlson

## ADMINISTRATIVE OEFICERS KANSAS STATE COLLEGE

These are the people that make Kansas State College what it is. It is their responsibility to direct the activities of the different schools on the campus. They are responsible for directing the education of the more than 7,000 students who attend the college each year. Their responsibilities go beyond the ivy covered walls of the campus; they are the servants of the people of the state. Actually, the campus of Kansas State College extends to the far corners of the state.

The "off-campus" arm of Kansas State College—the Extension Service—reaches well over a hundred thousand rural people each year in its varied education program. Not only giving instruction in agriculture and home economics, the Extension Service points its program towards educating for "Balanced Farming and Family Living." Engineering extension, a group of agricultural and home economics specialists, an able 4-H Club staff, an agricultural and home demonstration agent staff, a world-wide home study service, and a public information department combine to balance the Extension Service program.

The 4-H Club members of Kansas owe a tremendous debt of gratitude to the 103 county agricultural agents, 84 home demonstration agents and 29 county 4-H Club agents for their cooperation in the 4-H program and their assistance in making this WHO'S WHOOT render a real service to the rural youth of Kansas.

## COLLEGIATE 4-H CLUB

Over six hundred members representing all six schools at Kansas State college made the Collegiate 4-H Club the largest campus organization again this year. Organized in 1927 with 60 members, the steady growth of the club may be attributed to the sound basis on which it is organized.

Under the sponsorship of J. Harold Johnson, state 4-H Club leader and his staff, the club has three basic purposes which are (1) to maintain contact with former 4-H Club members and students with a similar background of interests; (2) to assist with the promotion of 4-H Club work on a state-wide basis and (3) to make a definite contribution to the welfare of Kansas State college.

Membership in the Collegiate 4-H Club is limited to those who have been 4-H Club members. Associate membership is extended to those enrolled in the schools of home economics and agriculture who display an active interest.

The WHO'S WHOOT staff presents with pleasure this 1949 yearbook of Kansas 4-H Club work. Many hours of willing service have been put forth to make this book better and larger than ever before and the staff is grateful for the opportunity to present the WHO'S WHOOT in the hope that it will prove of value to the 27,000 Kansas 4-H Club members, their parents, leaders and friends.

The nine WHO'S WHOOT editors were

selected last fall to guide this Collegiate 4-H Club service project. Over 200 other Collegiate 4-H Club members as well as state 4-H Club leaders and county extension agents are the real backbone of the book for it is upon their cooperation and assistance that the success of the book is assured.

The WHO'S WHOOT staff is deeply grateful for the assistance it has received from these various groups.

Especially commended are the county WHO'S WHOOT representatives for their work on the book. Contacting potential advertisers in each county and assisting county Extension agents with the WHO'S WHOOT in any way possible takes up a large part of the student's vacation from school. Another part of their responsibility is to keep the "folks" back home informed of progress on the book.

County representatives are selected from Collegiate 4-H Club members and are indispensable to the publication of the WHO'S WHOOT.

### COLLEGIATE 4-H CLUB

## HONORED SENIORS

John Sjo

Laberta Kugler

Laura Belle Overley

Howard Lindholm

This year the four seniors chosen as outstanding Collegiate 4-H Club members were Laura Belle Overley, John Sjo, Laberta Kugler, and Howard Lindholm. Those receiving honorable mention were Enid Keiswetter, Mary Schlagel, Dean Schowengerdt, Betty Warren and Richard Winger.

Each year four outstanding seniors are chosen for their outstanding 4-H Club work at Kansas State College. Their record is taken from Collegiate 4-H Club committees they have served on, programs they have participated in, willingness to work when called upon, 4-H offices held, and other 4-H Club work they have done in their four years of college.

John Sjo was president of the Collegiate 4-H Club during the spring semester of 1948 and also during the summer school of 1947. He has served on the radio committee and on the nominating committee several times. He has also been a member of various 4-H Club Days judging teams. He was a member of the Student Planning Committee during 1947 as a representative of the Collegiate Club.

Laberta Kugler has been very active in 4-H work also. She has held various offices in the Collegiate Club which are assistant pianist in the fall of 1947 and pianist in the spring of 1948. The committees on which she has served are dinner dance committee, senior recognition committee and radio committee. She is county page editor of the 1949 WHO'S WHOOT. Her hard work on these various time consuming

tasks help her to gain her place as an honored senior.

Laura Belle Overley has served on numerous committees such as spring picnic foods committee in 1948, membership committee, chairman of ticket sales for the fall dinner dance in 1947, decoration committee for the dinner dance in 1946. She was secretary of the summer Collegiate 4-H Club in 1946, vice president in the fall semester in 1948, and she has been special features editor for the WHO'S WHOOT. In addition to all of these activities she entered into other campus activities including representing the School of Home Economics on the Student Council.

Howard Lindholm served on the WHO'S WHOOT staff in 1946 and 1947. He won the membership cup in 1946 which is given to the 4-H'er selling the most memberships during the Collegiate 4-H Club membership drive. He was chairman of the spring formal committee in 1948 and the program committee for the dinner dance of 1948. He was vice president of the Collegiate 4-H Club in the fall of 1947. His work is known to many for he has not confined his activities to the Collegiate 4-H Club alone.

The honorable mention seniors have also served on committees, held offices and participated in many activities which should not be overlooked. We are grateful for the work these men and women have done to promote 4-H Club work and for their help in the Collegiate 4-H Club.

Just name the activities in which you wish to participate and the Collegiate 4-H Club will probably have a place for you. Social activities ranging from picnics to semi-formal dances; service activities from acting as guides for campus visitors to presenting a weekly radio program are all a part of the Collegiate 4-H Club activities.

Social events last year included a fall dinner-dance, spring semi-formal, Christmas party, box supper, and various other special occasions. At the fall dinner-dance the annual presentation of the membership cup to the one who had sold the most membership was made. Ruby Dickey, last year's winner, presented the trophy to Dick Winger. Dancing and recreation followed the banquet program. The spring formal was the major spring activity. An intermission program included the designation of the honored seniors, tap dancing, and special music.

A box supper in the spring raised more than \$100 for Rock Springs Ranch. The spring picnic was held at the camp site and members wished the box supper had been more successful so as to hasten the completion of improvements for the grounds.

1. Fall semester's president Richard Chase and secretary Ruby Dickey. 2. Business part of a regular meeting. 3. Spring semester president Stanley Meinen and secretary Mary Lou Edwards. 4. 4-H Quartette this year was composed of Norris Carlson, Bob Chesney, Henry Starkey and Mowry Gilbert. 5. Selling memberships. 6. Square dancing at a regular Collegiate 4-H Club meeting. 7. Social dancing is another part of most regular 4-H Club meetings. 8. Ruth Kelling was song leader during the fall semester.

Two meetings a month with recreation and interesting programs in addition to current business problems provide a well-rounded program of activities for the organization. Various forms of recreation are used, including dancing and folk games.

The services of the Club to 4-H Club work and to the college is on the increase. In addition to sizable contributions to the Student Union (\$4,500) and to the Memorial Chapel (\$175), the Collegiate 4-H'ers will construct a bulletin board near the Memorial Chapel this year.

Members assisted with the State Rural Life Association meeting in March and with the State 4-H Club Round-Up in June.

Something new was added to the Club's activities this spring when a recreational leadership group was organized. The work includes training in square dancing and folk games, as well as other types of recreation.

A Collegiate 4-H project, the Extension Interest Group, resulted in the establishment of an Extension Club for students. Lloyd Wiseman and other Collegiate members provided the leadership and stimulus for this organization.

1. Ruby Dickey presents Richard Winger with the membership cup. 2. Dancing at the Fall Dinner Dance. 3. Recognition of honored seniors at the Spring Semi-Formal. 4. Mr. and Mrs. Roger Regnier at the Spring Semi-Formal. 5. Stanley Meinen and Jeanne Warren at the Spring Semi-Formal. 6. A few of the dancers at the Spring Semi-Formal Dance. 7. Intermission ballet exhibition at the Spring Semi-Formal Dance. 8. Spring picnic at Rock Springs Camp. 9. Santa inspects his sack of presents at the 4-H Club Christmas party.

1. Floyd Ricker and Dale Watson, co-chairman of the radio committee, broadcast over KSAC. 2. A special feature skit is sent to 4-H Club members over Kansas by means of KSAC. 3. Harold Ramsey tells of 4-H Club news over Kansas. 4. Three 4-H Club members present a discussion on some 4-H Club activity. 5. Floyd Ricker and Delmar Hatesohl are "On the Air." 6. Rosemary Wright plays a saxophone solo for the music part of the radio program. 7. Floyd Ricker and Dale Watson confer with Bob Hilgendorf, program supervisor of radio station KSAC. 8. Lloyd Wiseman and Jim Leathers tell about the Extension Interest Club over KSAC. 9. These six Collegiate 4-H Club members all attended the National 4-H Club Congress in Chicago. 10. Laureen Mueller sings a solo over KSAC.

The radio committee, under the cochairmanship of Dale Watson and Floyd Ricker the first semester and Dale Watson the second semester, sends out weekly messages to a potential audience of over five million. Each Saturday afternoon at 1:15 the "Voice of the Collegiate 4-H Club" heralds special features, music, news, and county salutes. A timely topic about 4-H Club work is chosen for the special features section. These topics include parliamentary law, camping, recreation, record books, etc. Sometimes there is a special guest on the program.

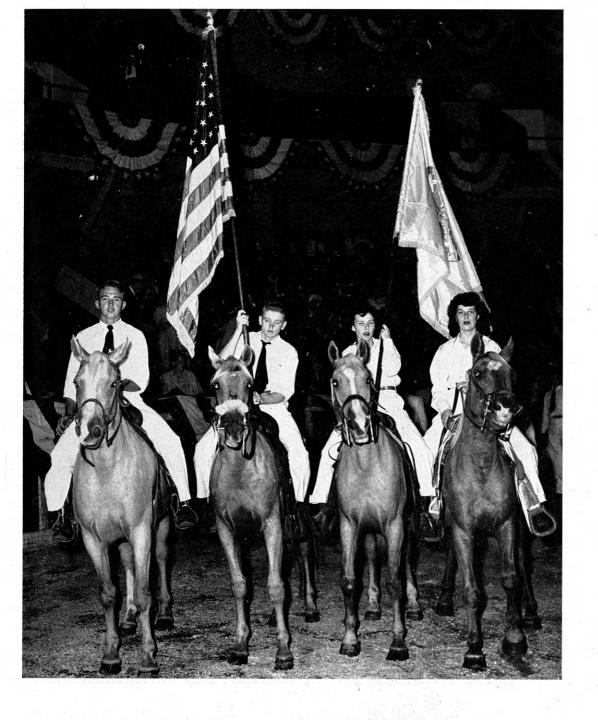

Harold Ramsey and Bill Parker have been working with the news section. They receive their information from county Extension agents, county papers, and state 4-H Club leaders. County salutes, in which the counties of outstanding Collegiate 4-H Club members are recognized, have been under the direction of Dale Apel and Dale Johnson. The music, as well as the rest of the program, is prepared and presented entirely by Collegiate 4-H Club members.

One of the largest projects of the Collegiate 4-H Club is the publication of the WHO'S WHOOT.

1. Square dancers enjoy themselves at a regular 4-H Club meeting. 2. J. Harold Johnson, state 4-H Club leader always has his desk piled high with papers. 3. The WHO'S WHOOT in its earlier stages. 4. Selling memberships in the Collegiate 4-H Club. 5. Erna Bly, 4-H Club Department secretary, helps the Collegiate 4-H Club and its members in numerous ways. 6. Roger Regnier, Glenn Busset and John Hanna, assistant state 4-H Club leaders, confer together in their "spacious" office. 7: Lucille Rosenberger and Velma Mc-Gaugh, assistant state 4-H Club leaders, look at the "birdie" for this one. 8. Harold Eversmeyer is recreation leader for the Collegiate 4-H Club. 9. A meeting of the Executive Committee of the Collegiate 4-H Club. 10. Staff members and county representatives work on the WHO'S WHOOT some Saturday afternoon. 11. Eyes Up fellows because here is where the special features section of the WHO'S WHOOT is being assembled. 12. Collegiate 4-H'ers even ringed Glenn Busset in for some work this time. 13. Five corresponding secretaries work hard at handling the correspondence for the Club's 600 members.

14. The Collegiate Club
had intramural teams in basketball, volley ball and soft ball. 15. Square dancing at a regular Collegiate 4-H Club meeting.

## 4-HIN REVIEW

## SCHOLARSHIPS

#### **ACHIEVEMENT**

LeRoy Reif, member of the Eureka Homesteaders 4-H Club of Barton County, is the boys achievement winner. LeRoy has been active in club work for nine years and his major projects have been various livestock projects along with a strong crops program. His present livestock and crops program includes four Hereford females, one Hereford male, two Angus fat calves, four Ayrshires, 80 acres alfalfa, and 50 acres of oats. LeRoy is 20 years old and has been awarded county junior leadership champion several times.

Girl's achievement winner this year is Wanda Stutz, a member of the Shining Star 4-H Club of Atchison County. Wanda has had a total of 58 projects. As a result of her beef breeding project she now owns 30 head of purebred Angus cattle with an estimated value of \$8,740. Wanda's projects include breeding beef, haby beef, dairy, gardening, potatoes, food preparation, food preservation, meal service, home improvement, and home beautification. She has entered 33 county exhibits, four state and one national exhibit.

These two scholarships of \$250 each are awarded annually to Kansas 4-H members by John Morrell and Company.

#### **SERVICE**

From the Eureka Homesteaders Club of Barton County comes Evelyn Haberman with an outstanding record. During five years of club work, Evelyn has participated in two demonstrations and six judging contests. Her major projects are clothing, serving breakfast and dinner, home improvement, and junior leadership. Evelyn was county champion in junior leadership, style revue and girls' project achievement. Organization of two new clubs and a 4-H Club orchestra was part of Miss Haberman's activities in 4-H Club work. She has won a trip to the National 4-H Club Congress and will travel to Europe this summer as a representative from the Kansas 4-H Clubs. She is now a freshman at Kansas State College.

Keith Boller, a member of the Lucky 13 4-H Club in Harvey County, has had his share of championships in poultry, demonstrations, swine, soil conservation, and leadership during his six years of club experience. He has helped organize three new clubs in Harvey County. Junior leadership, breeding beef, baby beef, sow and litter, alfalfa, and clover are some of the projects undertaken by Keith. In 1948 he was the county champion of the best groomed boy contest. Through his enthusiastic leadership, the Harvey County 4-H Clubs have profited by Keith's participation in 4-H activities, his associates and agents say.

Two \$250 scholarships are awarded by radio station WIBW each year to Kansas 4-H Club members who have been outstanding in leadership and service.

#### **LEADERSHIP**

Betty Stephens, with nine years of 4-H Club work in Sherman County, has carried a varied and intensive project and activity program. A member of the Grant Boosters 4-H Club, Betty helped plan and arrange numerous radio programs over radio station KWGB in Goodland. A red ribbon winner in demonstrations at the State Fair, she has exhibited 56 entries in county competition and four in state competition. She was clothing project leader for her club in 1948 and has a strong junior leadership record. Betty attended the National 4-H Club Congress in Chicago in 1947. Other activities include helping with state and county functions, style shows banquets, camp, and membership drives.

Eleven years in 4-H Club work is the record of Bob Gentry, an outstanding member in Shawnee County. Bob's initiative has led to the organization of a 4-H band in the Rossville 4-H Club. He is a member of the State Who's Who Club, was state livestock champion in 1946, a County Council member two years. Bob carried junior leadership five years, and deferred fed steers, sow litter, fat pig, breeding gilt, breeding ewe lamb, alfalfa, and corn were included in his project program. In addition to his project work, he carried an outstanding program in 4-H activities. He has presented 17 demonstrations in competition and has participated in 39 judging contests.

These two \$150 scholarships are awarded by Arthur Capper for outstanding 4-H Club work.

#### Carl Raymond Gray

Carl Raymond Gray Scholarships to assist 4-H members obtain higher education are provided by the Union Pacific Railroad. Winners are chosen on the basis of project work, records, scholastic standing, character, interests, and qualities of leadership in community and school activities.

#### WATKINS

1949 WINNERS

These two scholarships of \$100 each are given by the J. R. Watkins Company of Winona, Minnesota. This award annually given to one boy and one girl encourage 4-H members to attend college. Winners are selected from members having outstanding 4-H records, especially in leadership.

### TRIPS

#### NATIONAL CLUB CONGRESS

Front row, left to right—Eula Mae Kelly, Armin Samuelson, Vera Lee Unruh, Ivan Schmedemann, Walter Vitt, Mae Meinen, Herman Popp, J. Harold Johnson, Patricia Murphey, Velma McGaugh, Dean L. C. Williams. Center row—John Coolidge, Helen Ruth Meyers, Don Ellison, Doris Hahn, Bob Heitschmidt, Roberta Dill, Duane Pulliom, Gretta Nuttle, Herman Wingert, Nadine Entrikin, Maurice McClure. Back row—Glenn Busset, Sam Hundley, Joan Shaver, Rex Thomas, Donna Marie Hutt, Bill Drumeller, Donna Dudley, Eugene Brinkman, Dorothy Haslett, Bob Plank, Evelyn Haberman, Max Heinly.

On the 28th of November last year, twenty-eight excited 4-H Club members met in the Union Station in Kansas City to journey together to Chicago to represent Kansas at the annual National 4-H Club Congress. Delegates to the Congress include state and national champions, Rock Island and Santa Fe trip winners.

For five days the delegates were housed in the Stevens Hotel as guests of persons and organizations interested in rural youth. They attended banquets, luncheons, and breakfast with the best in entertainment. At group meetings, they had the opportunity of meeting with more than 1,200 4-H members from every state in the United States as well as people from several foreign countries. These meetings give the young people new ideas and inspiration for advancing their own community. Those fortunate enough to attend came home inspired and better able to help other 4-H Club members "To Make the Best Better."

#### NATIONAL CLUB CAMP in Washington, D.C.

Lester Seuser

Dorothy Haslett

Harold Sommers

The four Washington, D. C., trip winners this year are Dorothy Haslett, Arkansas City; Joyce Schrader, Hudson; Lester Seuser, Bison; and Harold Sommers, Robinson. The highest award in 4-H Club work, the Washington trip to attend the National 4-H Club Camp comes only after years of outstanding 4-H Club work and service. The first National 4-H Club Camp was organized in 1927. Held in June of each year, this select group of 4-H Club members visit historic sites and governmental offices in Washington in addition to participating in impressive ceremonies. Leadership training is an important part of the program as 4-H'ers engage in group discussions and listen to national and internationally known speakers.

Joyce Schrader is a widely known Stafford County club member with eight years of project work to her credit. Clothing is one of her strong points. She has made everything from tea towels to a tailored suit, 101 garments in all. Food preservation records show this club member has a total of 840 quarts of food canned and two county championships in this project. In eight years of Club work she has made 120 entries at the county fair, and in seven years, thirty-six exhibits have gone to the State Fair. As a 4-H Club member she has held nearly all of the club offices. Joyce received the Danforth Award for work in leadership.

"During the last year, I was engaged in more 4-H activities than ever before," states Lester Seuser. "Some of the community activities in which I have enjoyed participating were: skilled driver's course, county chorus, 4-H Club Day play, boys octette, livestock judging school, and local picnics and tours." Lester was Rush

County livestock champion and crops champion last year. He has assisted in establishing soil conservation practices on his father's farm. Five years ago a terracing program was initiated. Ponds and fields planted on the contour are other accomplishments. Lester has been in Club work nine years and has held offices of club reporter, president, and county council president for two years.

Dorothy Haslett, who for nine years has been an active member of the Creswell 4-H Club in Cowley County, was state canning champion this year, has received state recognition in the news writing activity, and has extensive judging and demonstration experience in home economics. Dorothy has been a regular exhibitor at the county and state fairs. Her leadership ability has been expressed in the offices she has held in her local club and as county council secretary. Junior leadership is one of her enthusiasms. At present she is enrolled in the Arkansas City Junior College.

A member of the Robinson Meadow Lark 4-H Club in Brown County for six years, Harold Sommers has an outstanding junior leadership record. He has helped secure new members for the club, helped in selection of members' projects, made arrangements for county tours and helped plan and make a booth for the Tri-county Fair as well as giving valuable assistance on record books. Harold has held 4-H offices of president—two years, recreation leader, parliamentarian and county council president. He has completed fourteen projects which include swine, beef, corn, breeding heifer and deferred steers.

### WHO'S WHO

Kansas 4-H Club members deem it a high honor to be selected for membership in the Who's Who 4-H Club, a state honorary organization active since 1923. To qualify for membership, a 4-H'er must have contributed to the club program in his county through project work, leadership, and community activities. Candidates must also be 15 years old and have been in 4-H work for at least three years. Applications for membership in the Who's Who Club are considered by a committee of

members.

Officers of the Club for 1948-49 are Jack Collins, president; Jack Baird, vice-president; Diane Bayer, secretary-treasurer; and Keith Boller, reporter.

In recent years, several county Who's Who Clubs have been organized to further 4-H work throughout the state. Some counties where Who's Who Clubs are organized are Cowley, Geary, Shawnee, Sedgwick, Dickinson, and Republic.

## WHO'S WHO AMONG LEADERS

Back row, left to right—W. H. Painter, Meade county; Kenneth Sherwood, Republic; Ben Meyer, Edwards; B. N. Cooper, Osage; Walter Haltom, Reno; Thomas Curry, Sedgwick. Second row—Mrs. Laurence Fauver, Marshall; Mrs. Floyd Streator, Doniphan; Glen Allen, Shawnee; J. B. Whitley, Sumner; Mrs. C. C. Mott, Pratt; George Vitt, Neosho; John Keas, Atchison. Front row—Mrs. Chester Wright, Lyon; Mrs. J. C. Murray, Mitchell; Mrs. J. B. Whitley, Sumner; Mrs. J. E. Stuckey, Sedgwick; President Milton S. Eisenhower, Kansas State; Mrs. John Thielen, Neosho; S. R. Hutcheson, Johnson; Dean L. C. Williams, Extension Service, Kansas State College.

"Human jewels" are what Mrs. Lucy Pottorf says she has obtained from her work as a local 4-H Club leader. She is shown at right receiving the award of the Emerald Clover for her 25 years of service. This is the first such award to be given in Kansas and was presented by President Milton S. Eisenhower, Kansas State College, at a special leaders recognition dinner held in Manhattan during National 4-H Club Week in March.

The College went "all out" to recognize the service of the volunteer leaders of the state. This special recognition to the long-time leaders was symbolic of the credit due the more than 5,000 adult 4-H leaders throughout the state.

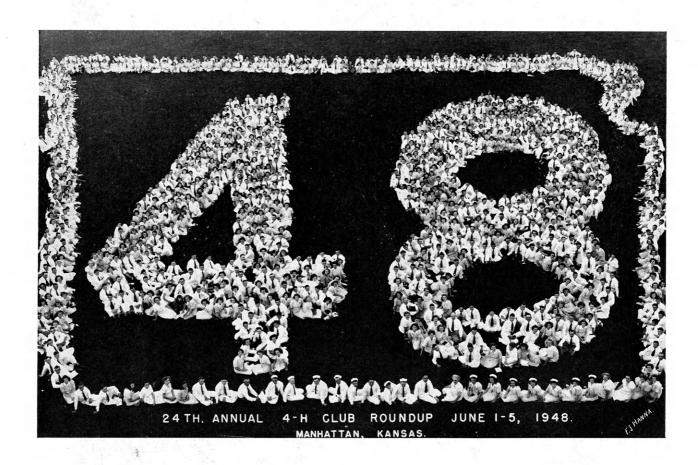

Attended by 21 leaders pictured above from all over Kansas with from 15 to 25 years service, the Manhattan luncheon highlighted the week which featured special leaders recognition dinners at various points over Kansas. During a special program broadcast over radio sta-

tion KSAC, each was presented a certificate of award. A tour of the campus and a tea in Dean Williams office concluded the day's program.

In addition to Mrs. Pottorf, four leaders with more than 20 years service as a local club leader were B. N. Cooper, Mrs. Chester Wright, Mrs. C. C. Mott and Walter Haltom. They are pictured at left.

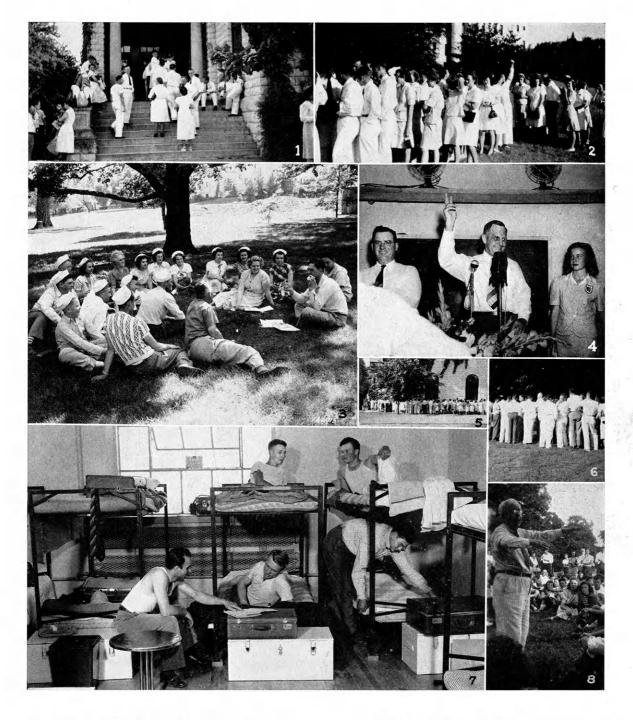

## ROUND-UP

Each Spring for 25 years 4-H members from over the state of Kansas have been packing their tooth brushes, bed rolls, and uniforms in preparation for a visit to Kansas State College for Round-up. The 1200 4-H'ers who will be on hand the first week of June, 1949, will have the honor of celebrating the silver anniversary of this state-wide event.

From 105 counties of Kansas, club members gathered last year to visit the college, headquarters for their club activities. For many it is the first time that they have seen the beautiful campus. The green and white uniforms are very attractive against the gray stone class room buildings. Tours of the campus to visit the laboratories, lecture halls, and class rooms give the club members a preview of the school many will soon be attending. College professors leading the classes during Round-up acquaint the farm youth with the men and women who train our leaders.

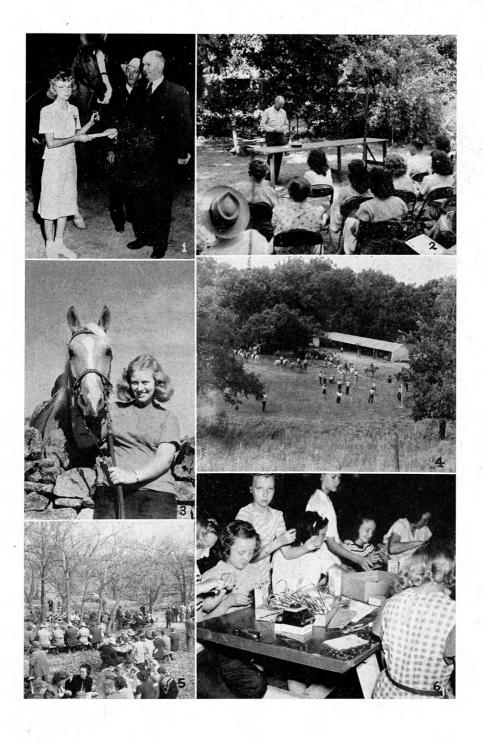

Activities during the week were many. Classes were conducted for leadership, citizenship, recreation, and project training. A visit to Rock Springs 4-H Camp highlights one day. Selected winners in the 4-H Club Day contests in model meetings, talks, demonstrations, plays, and music show other members how to present these activities.

Fellowship is an important part of the

week. Friends are made from all parts of the state as all join in the recreation and group singing, led by nationally known persons. The pleasures of group living are enjoyed as members are housed in the dormitories, the gym, and the judging pavilion on the campus.

A banquet highlighted the last night of the Round-up, which was attended by Governor Carlson.

### 4-H CAMP at

Tucked away in the Flint Hills of Central Kansas lies the beautiful Rock Springs Ranch, owned by the 4-H Club members of Kansas. Consisting of 348 acres of rolling hills, wooded bottomland, spring-fed streams and bluestem grassland, the camp attracted over 5,000 participants last year. This year, with a newly completed swimming pool, the attendance is expected to be even greater.

Main attraction of the camp for visitors is the large spring flowing at the rate of 1,000 gallons a minute. Campers engage in a varied recreational program which includes music, handicraft, judging, nature study trips, ball games, vesper services, and folk games. Beautiful Palomino horses given by livestock breeders of Kansas provide horseback riding. Swimming will be an added treat for campers this summer.

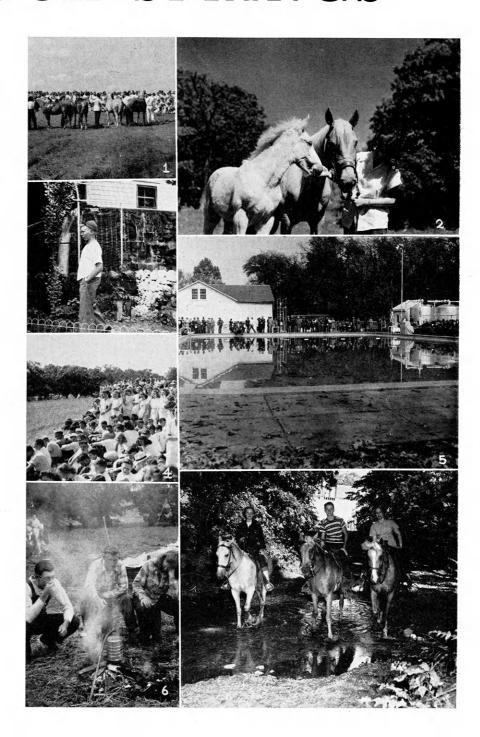

The natural amphitheatre, in a grove of trees located across the creek from the central buildings, is the setting for many campfire gettogethers.

## ROCK SPRINGS

Large tents provide sleeping quarters for the 4-H'ers. Food is served family style in large dining tents. The state health, conservation, and junior leadership camps, as well as many county camps, are held at Rock Springs Ranch annually. Church groups, home demonstration units, and many other groups enjoy the facilities of the Camp, as it is not limited to 4-H.

Future plans include turning the Ranch into a year-around training center to accommodate 500 campers. Much is being done to get permanent buildings and when completed, it will be one of the finest in the Midwest.

Rock Springs Ranch, located on an all-weather road midway between Junction City and Herington, is an answer to the great need for leadership training in Kansas.

## COMPARING EXHIBITS

#### at Kansas State Fair

Each fall club members from all over Kansas are packing clothes, exhibits and livestock for the State Fair. Life at the encampment for a week is certainly a week never forgotten. It's filled with tours, recreation, showing of exhibits, judging, demonstrating and, oh yes, taking in the carnival and other exhibits of the fair.

Meals are served for the 750 boys and girls in the encampment. A sale is held at the end of the week for the boys and girls to sell their livestock.

The pictures above are of animals ready for show, the actual judging of them, a demonstration, the encampment building, and the carnival.

After you have been there a day or two, you are all one big happy family. The friends that you meet and associate with at the Kansas State Fair are never forgotten.

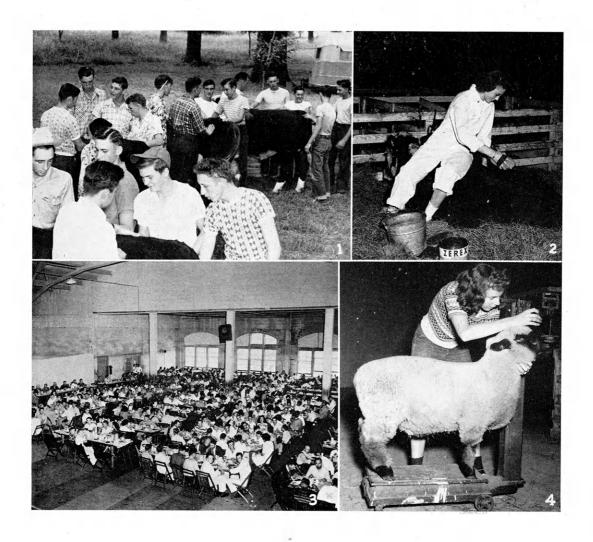

## BETTER MEAT

#### Exhibited at State 4-H Fat Stock Show

The four days spent at the 4-H Fat Stock Show in Wichita each year are packed with excitement and work for all. In order to attend the show, 4-H'ers must be participants. All are busy showing their animals or working on judging teams—either livestock or meats. The show and the encampment are held in the Forum Building.

Some of the highlights include the parade, in the arena, of all livestock exhibited, the banquet where awards are made, the sale of the champions on Friday, the sale on Saturday, the tours of the city, and the parties or entertainment given each night.

On Saturday everyone goes home, tired but happy. The school and classes many 4-H'ers miss could never make up for the education and recreational features of the encampment, to say nothing of the many new friends made.

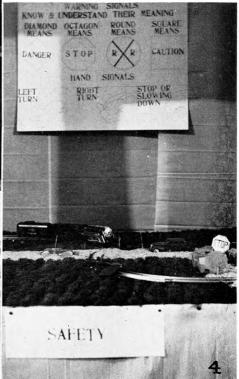

Hey!! Watch out for that car! Startled, you look up to see that you are walking against the traffic light across a busy intersection. Each year club members are learning NOT to do this, rather, they are learning the rules of safety and good health.

Safety and health in the home, on the road, at work and at play are a necessary part of each 4-H member's daily activities. Each year safety and health winners are picked from among those who have been the most active in promoting safety and health programs in their clubs.

Safety and health measures cover the field from testing drinking water supplies to holding annual inspections of teeth for cavities; from marking curves and narrow bridges on county roads to fixing a broken stair step which could cause a serious fall.

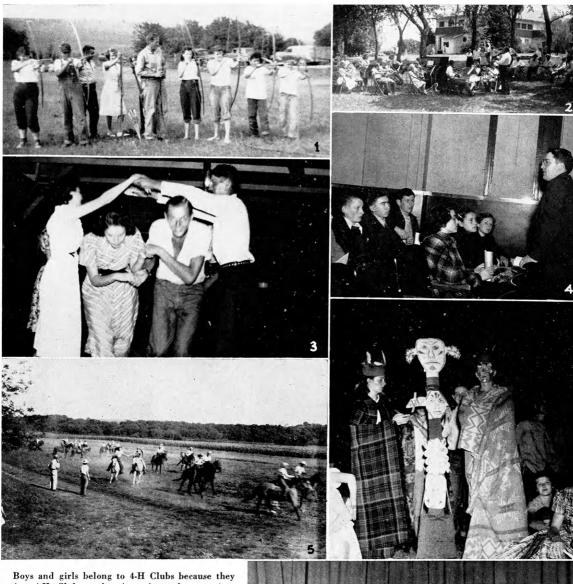

The scenes here are representative of the safety and health activities which are promoted by 4-H Club boys and girls over Kansas.

#### SAFETY and HEALTH

#### RECREATION

Boys and girls belong to 4-H Clubs because they enjoy 4-H Club work. A variety of recreation, along with other activities, makes the club meeting an event to which members look forward. On tours and at camps, as well as at every regular meeting, recreation furnishes a definite and important part of the program.

Folk games have been stressed in recent years. However, a wide variety of active, quiet and musical games are used and dramatics and musical training is promoted.

Training of recreational leaders has made rapid strides with the program at the state camp workshop and at such events as Round-Up and the State Junior Leadership Camp at Rock Springs Ranch. In 1948 and 1949 the nationally known recreationspecialist, E. H. (Duke) Regnier, University of Illinois, led Kansas 4-H Club members in a recreational training program at Round-Up.

It is important to learn to enjoy our spare moments. Wholesome recreation planned and conducted so that all members enter wholeheartedly provides an important phase in the life of every 4-H Club boy and girl.

#### DEMOCRACY in ACTION

#### RURAL LIFE ORGANIZATIONS

What happens to 4-H Club boys and girls when they graduate from 4-H Club work? Approximately 2,000 of them in more than 36 counties are members of the Rural Life Association. This organization "bridges the gap" between 4-H Club work and the adult Extension program.

Membership in the Rural Life Association is open to all youth 18 years and above who are interested in rural living. They may remain in this organization until they become a part of the adult program.

The State Rural Life Conference held on the Kansas State College campus each year in March was attended by approximately 300 delegates from 27 counties this year. Pictures of the Conference are on this page.

The six district directors elected at conference time to "chart the course" for the older youth program were-

There are 12 Clubs in Coffey County. The greatest achievement of these 12 clubs containing 211 members is the fact that 207 of the members completed their projects, about 98 per cent. The clubs enjoyed a party at the American Legion Building in Burlington in July. Later in the summer about 60 of the club members attended Rock Springs Camp with the Shawnee county group.

The Best Ever Club received the cup given by the Coffey County Bankers' Association to the outstanding club in the county. The keen competition for the cup given to the outstanding club helps in keeping project completion at a high level.

Comanche County 4-H Clubs are proud to present their champions for 1948 which are pictured above. There were two Chicago Trip Winners from the county this year (Patsy Murphey and Larry Seaman).

Larry Seaman showed his Hereford steer to Reserve Grand Championship at the Wichita Fat Stock Show. The county livestock organization known as Comanche Herefords awards each year a trip to the Denver Stock Show for the outstanding beef project members of the county.

One of the activities of the Douglas County program is the 4-H and Vocational Agriculture Fair held at the Haskell Institute in Lawrence, Kansas, each August. The Lawrence community chest sponsors the prizes and the Federal Indian School furnished all the facilities at the Fair.

Another activity is the Bankers' Achievement Banquet sponsored for the twenty-first time this year. For the past three years 4-H shows have been held in place of the club tours. This type of program seems to create more interest in the community—not only the families are present, but many in the community attend.

Club enrollment in 1948 was 126 members. Our county is the smallest in the state of Kansas from the standpoint of population.

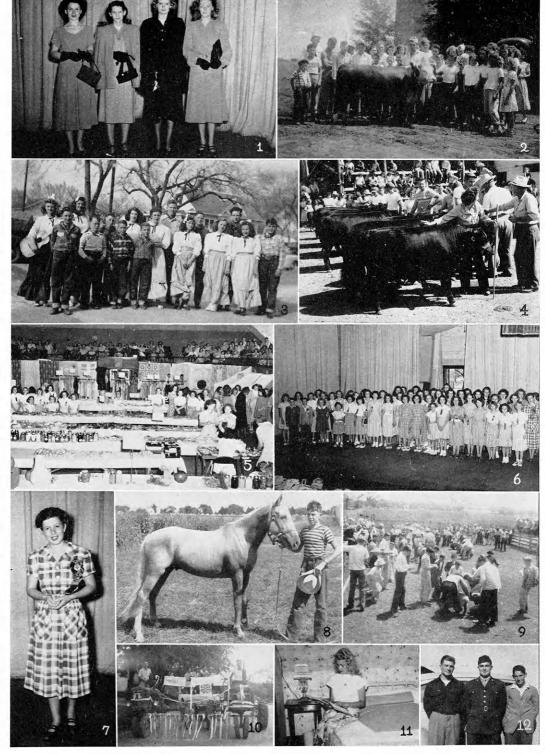

County-wide club events held each year include 4-H Club day, 4-H Sunday, project tours, 4-H fair, and county achievement banquet. The biggest event during the year was the beginning of a 4-H Club Community Building, 120 ft. by 60 ft., of native limestone. This building is to be used for fair exhibits, county-wide parties, roller skating, and other community events. 4-H clubs raised \$7500 over a two year period. Home demonstration units raised \$1600 by selling chances on a jeep.

Major projects are wheat, sorghums, breeding heifers, swine, garden, clothing, foods and room improvement.

The county was proud of its four blue ribbon entries, a model meeting, play, promotional talk, and vocal ensemble at the sub-district 4-H Club Day and blue ribbon model meeting and promotional talk at the District 4-H Club Day.

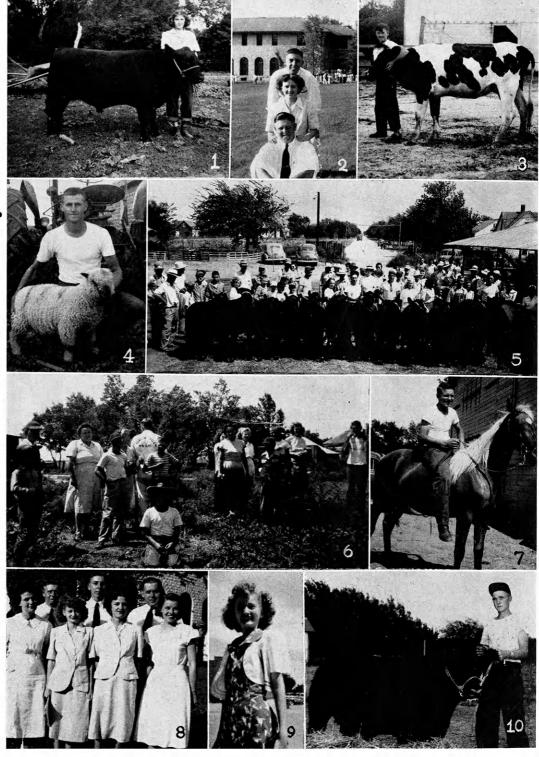

The highlights for members and leaders were abundant this year. Hugh Errington of the Harmony Hustlers 4-H Club was awarded the sweepstakes medal by the Kansas State Board of Agriculture as the outstanding boys' leader. Loranell Anderson was awarded a trip to the National 4-H Club Camp in Washington, D. C. Virginia Dautel was named a state blue ribbon winner at the state health camp. Mae Belle Meinen, state and national food preparation winner; and Joan Shaver, Rock Island Trip winner and state purple ribbon winner in the promotional activity, were both awarded trips to the National Club Congress. The state champion in girls leadership was betty Stephens.

1. Joan Franklin, president of Logan Atomic Club, and her Angus steer. 2. Leo Peters, Solomon Valley 4-H; Beverly Ellis, Logan Atomic 4-H Club, and Bob Merkey of the Harlan Circle 4-H Club at State 4-H Round-up. 3. Roger Ellis, Logan Atomic Club, and his purebred Holstein cow. 4. Max Mullen, Logan Atomic Club, the county soil conservation winner. 5. A class of 4-H Angus steers at the county fair. 6. A group of Harlan Circle Club members on a project tour. 7. Gene Coop, Harlan Circle 4-H Club, county health champion. 8. Smith County delegation at 4-H Round-up. 9. Norma Patman, Heart of America Club, style revue winner and county clothing champion. 10. El Dean Halthus, Uhl 4-H Club, was county beef champion.

Smith County has completed a successful year of club work. The largest increase of projects was in baby beef, poultry, wheat, garden, swine, clothing and food preparation. A large group of 4-H'ers enjoyed summer camp at Rock Springs Ranch. Parents and club members served 350 Chamber of Commerce members to fried chicken and ice cream. Two county health champions attended state health camp. Members participated in the Hays Judging Contest, Hutchinson State Fair, Wichita Fat Stock Show, and the American Royal. Every club in the county had a well-planned project tour. Two new clubs were formed. One of the highlights of the year was the Achievement Banquet given by the Smith Center Chamber of Commerce.

STAFFORD

1. County champions. 2. Jay Zongker and his garden project. 3. Clyde and Peggy Foster's swine project. 4. Marion and Jim Toland with their wheat project. 5. Wanda Stalcup was state safety alternate. 6. Antrim play cast. 7. Antrim Club members were musical game winners. 8. Thomas Dean Taylor and his beef project. 9. Clyde Foster at the State health camp. 10. County 4-H Club Day. 11. Ethelmae Wilson was style revue champion and county council president.

The year 1948 was an expansion year for Stafford County. The membership increased to 244 4-H Club members with five new clubs being organized. Primary emphasis has been on project work, although a well rounded club program is being conducted. The most important county 4-H Club events during the year are the 4-H Fair, Achievement Banquet and 4-H Camp which has been held at Hays the past two years. 4-H'ers of the county point with pride to Wanda Staleup, winner of the gold watch from Senator Capper for outstanding work in the Farm Safety Activity; Myron Brensing, grand champion Milking Shorthorn heifer at the State Fair; Thomas Dean Taylor with the reserve grand champion Duroc fat barrow at the State Fair; and Aldean Knoche who received honorable mention in News Writing.

# Stanton

1. A few of the Big Bow 4-H Club members. 2. Waiting for breakfast at Round-up. 3. Winning float at Johnson Rodeo Parade. 4. Preparing for the flag lowering ceremony at Southwest Camp. 7. Stanton County group at Southwest Camp. 8. Richard Arnold, president of the Wide-Awake Sunflower 4-H Club. 9. Francis Edwards at summer camp. 10. Cynthia Collingwood, Richard Arnold and Mary Collingwood, 1948 Round-up delegation. 11. Martha Collingwood, secretary of the Wide-Awake Sunflower 4-H Club.

The 4-H program in Stanton County is moving ahead. The Wide-Awake Sunflower Club was the only active club in 1948. Working from that nucleus, two new clubs were organized and members were enrolled for 1949. Our total membership at the present time is 70.

The Big Bow Club and the Manter Boosters are the two new clubs organized. The Manter Boosters boast a membership of 35.

Popular events for our clubs include summer camp, 4-H Sunday, club tours and picnics.

STEVENS

1. East Side Kids, musical game, county and district festival. 2. Donald Kinser, Betel 4-H Club, grand champion fat steer. 3. Grand champion winners at county fair: Donnie Harper, Betty Harper, Alma Mae Harmon, Ila Harper, La Jauna Stoops, Paul Flower, Jimmie Richardson. 4. East Side Kids 4-H Club received placque for most outstanding group in five counties. 5. Stevens County Round-up delegates. 6. Harold Mueller, county champion of style revue, wheat, and sorghum. 7. Boys Round-up delegation, Harold Mueller, Bob Harper, Raymond Fincham. 8. 4-H Camp delegation, Dodge City Camp. 9. Donald Smith, reserve champion fat steer. 10. Leona Ricord and Mrs. Helen Nordyke, leader of Southwest Booster, during 4-H Round-up at Manhattan. 11. Donald Smith, reserve champion fat steer. 12. Sunrise Services at Dodge City District Camp.

Club work in Stevens County is progressing nicely under the able leadership of our community leaders. This year's work has produced a variety of projects and activities. Six clubs were active during 1948. These include East Side Kids, Daisy Dell, Glendale, Bethel, Southwest Boosters, and Moscow Zippers. 27 club members attended District Camp at Dodge City. A total of 9 club members attended the State Camp at Rock Springs during the Health, Junior Leadership, and Conservation Camps. Other activities which Stevens County club members participated in are: Round-up, State Fair, American Royal, Hays Judging Contest, Festivals, 4-H Sunday, Dodge City Fair, and County Fair and Gascapades.

Dudley, Mr. HoBart Frederick, Kyron Hall, Edgar Berger, Norwin Stunkel Howard Brown, Harry Jenista, William Payne, John McCorgary, and Mr. Earl Hart. 13. Jolly Workers 4-H Club Achievement banquet.

Sumner County 4-H Clubs raise funds by dipping sheep. Approximately 5500 sheep were dipped in 1948 by nine 4-H clubs. Remember when Duane Werneke dipped a dog in the vat? The crew then dipped Duane.

The Sumner County 4-H Who's Who Club, organized in June under the leadership of Mr. Bill Parker, is planning to increase its present membership of forty by inviting all eligible 4-H Club members to join. During the year this club raised funds by selling soft drinks at the county 4-H fair. They had a semi-formal Christmas party and are active in supporting county-wide events. The club meets regularly each month.

THOMAS

1. Play cast gets last minute instructions at Round-up. 2. Phil Ljungdahl and his Angus baby beef. 3. James Donn, Levant Club, and his fine Hereford steer at Western National at Denver. 4. Touring farmers of the Farm Bureau on a sugar beet farm in Colorado. 12. Joann Marrs, Levant 4-H Club, and her Hereford baby beef calves. 13. The first clothing class in Thomas County. Some of these members are now leaders. 14. Bob Ljungdahl, Country Pals Club, exhibits his Angus breeding heifers. 15. Mary Siruta and Carolyn Swanlund of the Brownville 4-H Club.

Thomas County has ten active 4-H Clubs. All clubs received seals in 1948 with four clubs receiving purple seals for outstanding attainments. The county is active in many outside activities. They sponsored a subscription drive on the local paper and bought a fine bus with the money going to the special fund and distributing a certain percentage to all clubs and the council. They also donated \$1400 to a new livestock barn for 4-H beef on the fair grounds.

The active 4-H council meets six times a year regularly and on special call. Attendance has been excellent since a reorganization of meeting plans a year ago.

Having fun at Camp Christy. 13. Patricia O'Toole is champion in complete costume.

In spite of the fact that Trego County does not have a county agent, Trego County has been able to maintain two 4-H Clubs in the hope that in the future they may acquire more interest by establishing more clubs. Prizes at the county fair were equally divided among the members of both clubs; however, competition is limited due to the small 4-H enrollment. Members took part in state events such as the State 4-H Round-up, State Fair and the District 4-H Club camp near Scott City.

WARNINGEE.

1. Deferred steers on the Friendly Farmer Club tour. 2. Ben Johnson, King, and Virgie Schultz, Queen, of the county 4-H Fair. 3. Chalk's folk dance entry at District 4-H Club Day. 4. Tractor maintenance meeting in the south half of the county. 5. Charles Imthurn, Maple Hill Club, with his fat steers in the early spring. 6. Blue Ridge 4-H spring tour near Alta Vista. 7. Gentling an Angus steer on the Kaw Club's early spring tour. 8. Maple Hill girls on tour displaying food preservation projects. 9. Wabaunsee livestock judgers at the Moxley Judging school.

Wabaunsee County 4-H'ers owned over \$86,000 worth of projects in 1948. This ownership of property is contributing materially to the building of a better rural youth. The beef project, consisting of 80 long fed steers and 140 deferred steers, was the major project in value, fitting well into this beef county. The county 4-H Fair was climaxed with the crowning of the King and Queen for 1948. This selection is made annually by the adult leaders.

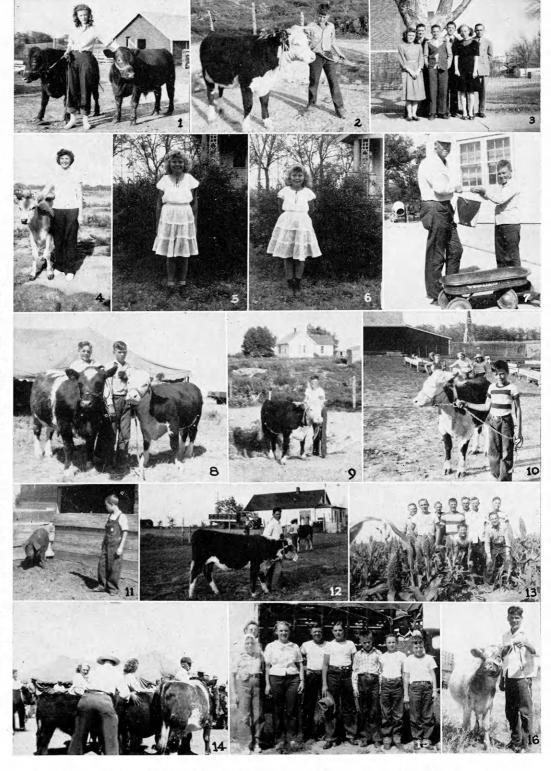

The outstanding club of the year, selected by a committee of the county council, was the Cottonwood Club in Wabaunsee township.

The services of the adult leaders is the keynote of this youth program in Wabaunsee County.

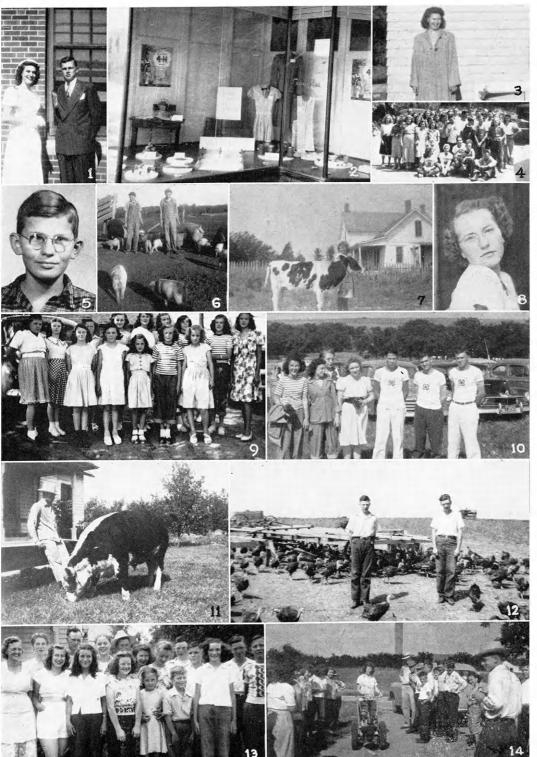

# MALLACE

1. Ethelyn Cloyd, Morton Hustlers Club. 2. Calvin Bowman, Morton Hustlers Club. 3. Smoke Valley 4-H Club play cast "Sparks From an Old Flame." 4. Betty Wastenberg, Harrison Endeavor 4-H Club. 5. Bill Bowman, president of the Morton Hustlers, with his breeding heifer. 10. Marvin Jones, Morton Hustlers. 11. Jack Chaney, Blue Bird 4-H Club. 12. Dan VanLaey, Morton Hustlers, with his blue ribbon heifer. 13. Smoky Valley 4-H Club on tour looking at Ronald Duphorne's sorghum project. 14. Judging at the Wallace County fair. 15. Morton Hustler's 4-H Club preparing to go to Camp Christy. 16. Harry Mc-Gonigle, Weskan Future Farmers 4-H Club, with champion milking Shorthorn heifer.

The year 1948 marked highlights in 4-H activities in Wallace County for it marked an all time high in both membership and completion of projects. The Achievement Fair held August 30 and 31 was the paramount event of the year. The Fair was held in and around our newly completed Quonset with booths arranged along the sides and clothing and crops exhibited through the center of the building. The style revue and best groomed boy contests were the stellar attractions and were held the evening of the first day.

Washington County enjoyed their annual achievement banquet this year sponsored by the Washington Chamber of Commerce. Every club in the county completed a spring and fall tour. One of the main features of the year was the window displays which highlighted the National 4-H Club Week.

1. Lorna Livingston and Harold Tuma, style reserve champions, Mahaska 4-H Club. 2. Lavering 4-H Club window display for National 4-H Club Week. 3. 1. Two brothers, Jack and Lionel Rickford, are always good competition in any fair. They also have wheat projects. 2. Charles and Jack Smades show off their 4-H calves. Both caught them at the calf contest at last year's fair. Charles' calf won 3rd at the fair. 3. Francis Wilson shows the calf he caught at the fair. He is from the Pleasant Valley Boosters 4-H Club. 4. Phyllis Wilson shows her baking skill. She was also second in style revue at the State Fair.

Livestock, clothing, food preparation and wheat are the most important projects in this county. There are two 4-H Clubs, the Marienthal Go-Getters, and the Pleasant Valley Boosters. Club membership has been based upon quality instead of quantity. Two new clubs are being organized which will give greater competition among clubs at the county fair.

One of the highlights at the county fair is the "catch calf and keep it" contest. The 4-H members are always eager to participate in that event. Two members went to the State Fair, Marquita Fetsch and Phyllis Wilson. They won three seconds and one third in clothing and style revue.

Those receiving special recognition in 4-H were Eldon and Lois Glanville, Maxine and Lawrence Woods, Laquita Rausch, Emogene Wood, Irene and Eileen Berning, Marquita and Patricia Fetsch, Phyllis and Francis Wilson, Keith and Charles Smades and Lionel Rickford.

MILSON

1. Rex Thomas, Better Citizens Club, state promotional activity and Santa Fe award winner. 2. Betty Holland and Phyllis Myers, Happy Hustlers, were demonstration team winners at 4-H Club Day. 3. Velma Beth Nelson and Jacqueline Smith, Better Citizens Club, demonstrating how to make ice cream at a project meeting. 10. The Happy Hustlers grand champion booth at the county fair. 11. Wanda Wing, High Prairie Pioneers, county style revue champion. 12. Jim Newby, Cloverleaf Winners, county champion in the best groomed boy contest. 13. State Fair delegation.

Club work in Wilson County has provided a variety of projects, all important to the county as a whole. The clubs had a membership drive which resulted in a membership of 275 in 14 clubs. Outstanding features of the year were 4-H Junior Leadership Camp at Cedar Bluff, 4-H Club Days, Round-up, county fair, county picnic, State Fair, Fat Stock Show, American Royal and National 4-H Club Congress. 1948 has been an outstanding 4-H year in Wilson County.

Jack Weseloh, Neosho Valley Boosters 4-H Club member, and his purebred gilt project.

The Woodson County 4-H Club program has made nice progress during 1948. Most of the dairy foundation projects have come into production and Woodson County has been represented many times n the high ten in dairy production in the state. Members have been very active in judging work. The three day fair sponsored by the Yates Center Chamber of Commerce and the Woodson County Farm Bureau was a success. The Achievement party with Lucille Elmore and her Whiz Kids was a highlight in the 4-H Club year. Membership in 10 clubs made up 262 members. Members showed projects at the Topeka Free Fair and the State Fair in addition to the Wichita Fat Stock Show. Woodson County again has a Sears Scholarship winner. All clubs had successful project tours.

1. 1948 Round-up delegation. 2. Delegates to state health camp. 3. Instruction in beef judging. 4. Recreation at county 4-H camp. 5. Dairy judging school. 6. Wyandotte County 4-H float in American Royal Parade. 11. Hazel Grove Club tour -boys cooking class serve refreshments.

The 1948 Club year in Wyandotte County was enjoyed by 350 club members who participated whole heartedly in all county and local club activities. Eighty club members enjoyed the county 4-H camp held at Bonner Springs. All the club members working together made the county 4-H fair at Bonner Springs a success.

The clubs in the county consisted of ten old clubs and four new ones. These new clubs—Sinai, Turner, Muncie and Queens Garden—have proven to be excellent 4-H Clubs and are expected to offer the older clubs keen competition at festivals and fairs in 1949.

## 4-H CLUB DAYS

More than 16,000 Kansas 4-H Club members and leaders participated in county, sub-district and district 4-H Club Days during 1949, state 4-H Club leaders estimated. The last 4-H Club Day this year was at Kinsley, April 23. However, 4-H Club Days start to claim the attention of 4-H Club members soon after Christmas as they start preparation for the county 4-H Club Day, generally held in March. Soon after the county competition, first place winners go on to five-county or sub-district days and then to the District 4-H Club Days held this year in Hays, Emporia, and Kinsley. A select 150 4-H winners will come to the State 4-H Round-up at Kansas State College in June where they will show more than 1,000 other 4-H delegates the "cream of the crop" events.

4-H Club Days started in Kansas in the early 1930's as model meeting contests, Kansas being the first state to have model 4-H Club meetings. Plays, bands and small vocal and instrumental groups were gradually added to the original

model meeting.

As program improvement features—the demonstration, folk games, and promotional talks—were added, the 4-H Club Days became an integral part of 4-H Club work. They are a means of fulfilling the objectives of 4-H Club work which is to teach and train for democratic living, not just for agriculture and home economics.

The model meeting teaches the 4-H Club member to conduct meetings according to parliamentary procedure and to plan good overall meetings. Plays provide dramatic expression for the 4-H'ers and bring drama and plays to rural communities. The musical program, including bands, instrumental ensembles, choruses and trios, give many club members an opportunity for musical participation many of them would not find in high schools. They also stimulate the formation of many small musical groups in rural areas.

Demonstrations promote good project work and improve meetings. Promotional talks provide opportunities for older 4-H Club members to aid in promoting 4-H work and in helping other rural youth.

Previously known as 4-H Spring Festivals, the events were renamed during the war because they are so broad as to take in nearly all aspects of 4-H Club work.

Not an end in themselves, 4-H Club Days provide program numbers which may be given numerous times in the community. Assistant state 4-H Club leaders report plays have been given as many as 12 to 15 times and promotional talks and demonstrations are given at numerous 4-H Club meetings and before many civic organizations and community meetings.

4-H Club Days stimulate rural community activity and participation. Offsetting the decline in numbers of rural schools, 4-H Clubs help to stimulate community life. As an example the Be Busy 4-H Club of Riley County is cited as "maintaining a rural community for many years right in the shadow of Manhattan."

You can tell it's a well-managed farm by the Butler Farm Equipment this farmer uses. Like thousands of other successful farmers, he relies on the quality and durability of Butler's "Galvanized To Last" stock tanks, grain bins, other farm equipment to give him superior service, long hard wear—years of service.

For 48 years, Butler farm equipment has served the agricultural needs of the nation, always with extra advantages in premium quality metals, finest craftsmanship and latest designs.

## Experience Counts . . .

### IN THE LONG RUN

Every printing job has a personality. It represents more than so much paper, ink and presswork . . . each piece tells its own indisputable story. If produced by skilled hands, each sheet will do what is expected of it . . . in contrast, the slip-shod piece falters when the iron test comes. Since good printing costs no more, yet produces so generously, purchase printing carefully.

For more than 50 years the Capper Printing Company has placed quality foremost. On this basis we have grown. Our plant has both the equipment and the skilled personnel...craftsmen whose pride in their work in a guarantee of printing excellence... as an example we give you the 1949 Who's Whoot.

Outstanding Yearbooks from the Presses of Capper Printing Company, Inc., are "Who's Whoot"—The "Royal Purple" of Kansas State—The "Jayhawker," U. of K.

SHOWING a champion... bringing home a blue ribbon from the fair is the favorite dream of many a farm boy. That's why he spends a good share of his waking hours helping it to come true.

He garnishes his calf's ground corn with minerals and molasses—worries if it isn't licked up clean. He spends hours teaching his baby beef to lead . . . combs and curries its gleaming coat until aching arms rebel.

Dreaming dreams and then working hard to make them come true is the American way. That's the spirit which transformed a wilderness into the world's most powerful nation in a little over 300 years. That's the mainspring which made a peace-loving nation the arsenal of democracy. That's the habit which makes our country the

land of opportunity and great accomplishments.

Back in 1837, John Deere's dreams and dogged determination gave the world the first successful steel plow. This new plow unlocked the wealth of the prairie soil—created a new agricultural empire. Today, the John Deere organization is pioneering new frontiers—working to make the American dream of a well-fed world a reality.

Careful preparation and lots of perspiration still make dreams come true in America. For in this free land, life is what you make it—the future is unlimited.

to Satisfy themselves...

Those in agriculture and industry who are the proud owners of Oliver Tractors have looked beyond the commonplace—profitably!

The extra quality, the additional service life and the greater capacity for work have made these tractors a sound investment for their owners.

We know, however, that just as we of the Oliver organization can never be content to manufacture the ordinary—the quality of Oliver equipment finds a sure appeal among those who must own the finest in order to satisfy themselves.

#### Special Service to 4-H Members

Farm Bureau Mutual Insurance Company's calf insurance protects 4-H Club members from loss that might be suffered due to the death of a beef or dairy animal.

This protection is given because we realize the value of the 4-H Club program and are doing everything in our power to give the organization strong and needed support in one of its major projects.

Farm Bureau Mutual's calf insurance serves more than just one purpose. Every year the Farm Bureau Mutual donates all profits from the calf insurance to the 4-H program. This year, Rock Springs Camp, an important part of 4-H work, received the donation and the camp fund was boosted by \$1,400.

A boy who had been giving the teacher a good deal of trouble was inducted into the Army, and the teacher breathed a sigh of relief. A year or so later she received a letter from the boy, who was somewhere in the South Pacific. It was one of those wish-I-hadrealized epistles that so many fellows write back to some well-remembered teacher. But the letter ended on a high note, thus: "I only hope I can be as tough on the Japs as I was on you last year."

# milk em. feed em. IN STEPS INSTEAD OF MILES

You milk STANDING UP with a SURGE MILKER STALL. You also feed her grain while she is being milked and save yourself miles of walking, carting and gutter jumping.

The closed-in feed box is easy to fill. Hopper on the end of stall slides feed into manger without dust or spilling. Its roominess allows her to eat in peace without being annoyed by a long-necked neighbor. There are lots of other advantages too.

PIONEERS came with their axes, guns and hoes, their wooden plows, iron plows, steel plows, oxen and horses; and through hard work, unimaginable hardship and drudgery carved for themselves homes and farms from a rugged, new land. Their farming tools were in many respects quite the same as those used in Biblical times and not much better. But unlike the people of older times, men in this land had equality, opportunity, aggressive ingenuity, freedom from oppressive restrictions ... time and opportunity to think and plan. And men prospered ... invented machines to help do their tasks faster and better. The last 100 years was a period of sudden, swift progress ... real progress ... and it parallels the history of the farm machinery industry. More progress was made in the last fifty years than in all the ages before.

That progress continues under the American system of free enterprise and capitalism. Men who plan beyond tomorrow know that modern methods of agriculture will assure posterity of fertile, productive soil. That is why more and more progressive farmers demand MM MODERN TRACTORS, MACHINES, and POWER UNITS. They know that the MM trademark is the recognized symbol of highest quality since 1865. Today MM modern machines of proved dependability and economy . . . machines built to do the work with comfort, convenience, and safety enable the farmers of America to supply the world with food, fiber, and oils.

Today's farmers using modern methods and modern machinery are truly *Pioneers of Progress!*

"The above photograph was taken during the first week of the 1948 Cooperative Youth Recreation Camp sponsored by Consumers Cooperative Association. Kansas youth was well represented with more than fifty Campers in attendance that week.

More than five-hundred youth from nine midwestern states will be eligible to attend the 1949 Camps with more than seventy-five of the young people and six of their adult leaders coming from Kansas. In order to accommodate the busy summer season encountered by all rural youth, Consumers Cooperative Association will sponsor four Camping sessions of five days each on their 1949 schedule.

Cooperatives recognize the 4-H, Rural Youth, Vocational Ag and Home Ec boys and girls of Kansas today as the agricultural leaders of their state tomorrow. It is our sincere desire that they have every opportunity to know the principles and practices of all cooperative organizations in America.

Cooperatives see a way for economic democracy and economic independence, of the people, by the people and for the people—an opportunity for a peaceful understanding between nations—a better way of life for America and the whole world.

Free information about the Camp or general program will be sent you upon request. Address, the Youth Department of Consumers Cooperative Association, P. O. Box 2359, Kansas City 13, Missouri."

# A Salute to

### ACCOMPLISHMENT!

The KMBC-KFRM Team takes genuine pride in saluting 4-H Club members in the State of Kansas for their record of accomplishment! The 4-H Clubs are doing a splendid job, and their contribution to community, state

and nation is indeed outstanding.

The KMBC-KFRM Team has cooperated extensively in many ways with 4-H Clubs in Kansas. The three members of the KMBC-KFRM Farm department have worked with 4-H Club boys and girls in various projects, have held many 4-H Club meetings and conducted tours at the Service Farms, in addition to scheduling numerous 4-H Club radio programs on the stations.

It is our hope that your organization will continue to

grow and prosper in all sections of Kansas.

The KMBC-KFRM Team, too, feels it has a record of accomplishments in fulfilling a vital radio need in thousands of rural Kansas homes. The Team maintains a fulltime Farm department unmatched in the Middlewest.

Innumerable experiments and developmental projects conducted on the 1,000-acre Service Farms are passed along to rural listeners. Many, of course, are of direct interest and benefit to Kansas 4-H Club members.

Nineteen daily reports are originated by KMBC and KFRM to keep rural listeners informed on last minute market news and latest developments in the important business of farming and agriculture.

PHIL EVANS

KEN PARSONS

BOB RILEY

Phil Evans, director of the KMBC-KFRM Farm department is ably assisted by Ken Parsons. Phil and Ken and their families live on the Service Farms, and are actively engaged in farming. These two experts are heard from the farm studios each weekday with up-to-the minute reports on grain and produce, in addition to other farm program features on both KMBC and KFRM. Bob Riley, full time marketcaster, is heard five times daily on the stations with latest market reports, direct from the Kansas City stockyards.

### A TARKIO-FED First Grand Champ of 1949

At the 1949 Denver National Western, Miss Lois Mae Hamm, Whitney, Nebr., (above) won the top honor with her 1,150 lb. steer, "Cupid," picked as Grand Champion over the 100 top steers, selected for actual show competition out of 424 original entries in the Junior Show. Selling price was \$60.00 cwt. "Cupid's" ration: ground corn, rolled oats and barley, Tarkio Molasses Feed, hay and minerals.

The interesting story behind "Cupid's" victory is that huge snow drifts nearly prevented the trip to the Denver Show! But good neighbors cleared the way with snow plows so that Lois Mae and the other boys and girls from the Chadron-Whitney area could get through with their truckload of steers!

188 awards in all went to TARKIO-feds in the 1949 Denver Show competition, including 3 Grand Championships, 4 Champions, 5 Reserve Champions, 28 Firsts, 18 Seconds, 23 Thirds, 21 Fourths, 20 Fifths etc. 142 of the awards were 7th or higher.

This great record again confirms what increasing numbers of market and show feeders already know: that richin-sugar TARKIO Molasses Feed is truly "Tops for Fattening" and still sets the pace... as it has for over 40 years!

A proud parent called the newspaper and reported the birth of twins. The girl at the news desk didn't quite understand the message over the phone.

"Will you repeat that?" she asked.
"Not if I can help it," was the reply.

We are rooting for 4-H Clubs—To make the best better—and to help the general welfare of Agriculture and our whole American Society in so doing.

We like your pledge concerning the Head—Heart—Hands and Health. Clearer Thinking—Greater Loyalty—Larger Service and Better Living are certainly basic needs in the world today.

In operating 50 elevators similar to those shown here, we are handling grains, feeds and seeds. We are also providing services that are helpful to farmers, such as custom mixing of feeds, custom grinding and custom spraying of livestock.

We realize that a single factor of mismanagement on the farm can make any service, feed or seed, show to poor advantage although we are attempting to furnish the best. We realize further that it is desirable for a business to be supported by happy prosperous farm families. Therefore, we like the balanced farming, good management and better living that are being taught through-out the 4-H and the adult education programs of the Extension Service.
