... in the first place

Now, you are getting ready to go home for the summer, or going home for good. It is the end of what the misty-eyed sentimentalists call "college days" and what the hardened intellectuals never quite manage to forget . . .

When you get home or out in the world, college life is just a memory. But memories soon fade. That is where the Royal Purple comes in. Between the covers of this book, you will see yourself, your friends, and your school as they were in 1953-54. For it was a good year at Kansas State and the Royal Purple has recorded it for you in pictures and in story . . . These lives and times constitute one link in your chain of college memories.

Faculty meetings are held to guide, direct, and supervise the future plans and activities of the College and its students.

Administration

The President Has a Two-Man Job

PRESIDENT JAMES A. McCAIN summed up all he has to do with "You really need two presidents—one to make speeches and one to run the College." During a five-month period this year President McCain made 43 speeches on a wide variety of subjects here on the campus, over the state, and elsewhere.

The President worked with Governor Edward F. Arn, and attended the monthly meetings of the Board of Regents. He requested board approval for staff changes, new courses, and changes in the budget. He is directly responsible to the Board of Regents and submits the budget to them each year. President McCain serves on such public service assignments as Director of the State Chamber of Commerce and usually has committee assignments common to all presidents of land-grant colleges.

K-State, founded February 16, 1863, under the Morrill Act, has expanded steadily. A new endow-

ment program has been established to help raise money from private sources to support College activities. The program is headed by A. F. Peine, director of the endowment association.

During the year, work will be started on the new extension building and the new animal industries building and pavilion. Before the end of summer the new veterinary hospital and the new library unit should be ready for occupancy. Offices of the School of Agriculture were moved into the new connecting wing between East and West Waters hall last June. A campaign to raise money for a men's dormitory will get under way this year.

A foreign policy forum and a rural art project were added to K-State's activities this year. In the educational field, plans are being made to supplement the comprehensive courses with other types of courses.

KANSAS STATE'S FIRST FAMILY is composed of President James A. McCain, his wife Janet, and daughter Sheila. The McCain family posed for this picture in the living room of their on-campus limestone home, which is located east of Anderson hall.

PRESIDENT JAMES A. MCCAIN

EDWARD F. ARN, Governor of Kansas, was a frequent visitor at K-State athletic events.

Faculty Senate

RESPONSIBILITY FOR THE activities of the College and approval of new staff members is part of the job of the State Board of Regents. Members are Walter Fees, chairman, Iola; Hubert Brighton, secretary, Topeka; Ed Burge, business manager, Topeka; Drew McLaughlin, Paola; Willis N. Kelly, Hutchinson; LaVerne B. Spake, Kansas City; Lester McCoy, Garden City; Mrs. Elizabeth Haughey, Concordia; Arthur W. Hershberger, Wichita; and Grover Poole, Manhattan.

The Faculty Senate represents the general faculty body and is elected to act for the whole faculty in working out problems such as curriculum changes. Paul M. Young is chairman and Eric Tebow, secretary.

ALL-COLLEGE problems are discussed by Faculty Senate members in their monthly meeting. Recommendations made by members are subject to approval by the President and the state Board of Regents.

Tackles Problems

A. L. Pugsley, dean of academic administration and director of summer school, helps prepare the College budget and tabulates various records. He helps select new faculty members and prepares the summer school budget.

Paul M. Young, dean of students, is organizing current student activities connected with the new Union. He is planning a year-round student orientation and an orientation for foreign students. Philip H. Sorensen, assistant dean of students, answers letters of inquiry from prospective students. He is adviser for two Student Council committees.

Dean of Women Helen Moore supervises living quarters for girls and offers counseling services.

A. L. PUGSLEY, dean of administration and summer school director, unites school and department administrations.

STUDENTS WITH college-connected problems or questions go to Anderson III and usually find a solution with the help of Assistant Dean of Students Phil Sorensen (*left*), Dean of Students Paul Young (*middle*), and Dean of Women Helen Moore.

A. R. JONES, dean of financial administration, returned to Kansas State second semester, after five months of advanced graduate work at the University of Colorado. Dean Jones supervises the budgeting and spending of money by the various schools and departments of the College.

Dean Jones Allots Money

Responsibility for financial management of the College and all its branches belongs to A. R. Jones, dean of financial administration.

Dean Jones allots money for the operations of all the branches of the College and consolidates and prepares the budget requests for the legislature. He assists President McCain in presenting the institution's needs to the legislature.

Dean Jones draws up the College budget annually and works out financial plans for the future. He has been seeking the best possible bids for the new Student Union bonds.

The Placement Bureau, directed by Chester E. Peters, was created this year to deal with job opportunities for graduates and part-time work for undergraduates.

The new department of general studies, organized this year, is designed to integrate technical instruction and general education.

K-STATE ADMINISTRATORS—TOP ROW: William Baehr, librarian; C. M. Correll, historian; Theodore Cross, director of student counseling service; A. Thornton Edwards, director of housing; F. D. Farrell, president emeritus; Kenney L. Ford, alumni secretary. BOTTOM ROW: R. F. Gingrich, maintenance superintendent; Dr. Benjamin Lafene, director of student health; Max W. Milbourn, director of public service; Ralph Perry, comptroller; Chester E. Peters, director of placement bureau; Dean Emeritus Roy A. Seaton, building expediter; and Eric T. Tebow, director of admissions and registrar.

Extension Serves All

THE DIVISION OF EXTENSION carries new knowledge to all Kansas. Agricultural agents, home demonstration agents, and 4-H workers extend the classroom to every Kansas county, spreading knowledge through newspaper articles, demonstrations, radio talks, and personal visits. Dealing mostly with agriculture and home economics, they aim to give Kansans the latest research results, techniques, and scientific information.

Extension Service is supported by federal, state, and county funds. A new section, general extension, was added this year with Carl Tjerandsen as director. Correspondence courses from the extension division are offered in many subjects, and students in Kansas, other states, and several foreign countries are enrolled. The new head of the home study division is Herbert Maccoby.

L. C. WILLIAMS has the dual job of Dean of Extension and Director of Agricultural Extension Services.

ASSOCIATE DEAN Paul W. Griffith helps Dean Williams in giving Kansans latest scientific know-how.

EXTENSION HEADS—TOP ROW: W. G. Amstein, agricultural specialist; Harry C. Baird, district agent; Frank O. Blecha, district agent; John M. Ferguson, extension engineering; Arthur L. Hjort, extension administrative assistant; J. Harold Johnson, state 4-H club leader. BOTTOM ROW: L. L. Longsdorf, extension information; Earl H. Teagarden, district agent; Georgiana Smurthwaite, home economics and state home demonstration leader; Herbert Maccoby, home study and community service; and Carl Tjerandsen, director of general extension.

STUDENT COUNCIL—STANDING: T. Bill Varney, J. Joe Swanson, Roy E. Beauchene, Marilyn L. Benz, Carl F. Karst, Edith L. Schmid, Franklin D. Houser, Kathryn K. Dunn, Everett T. Hart, Becky Thacher, Eddie Larson. SEATED: E. Carolyn Olsson, Bob B. Landon, Nancy A. Schneckloth, Gerald L. Shadwick, Bob N. Skiver, Paul Young, Norma A. Owen.

Council Unites Charity Drives

THE STUDENT COUNCIL sponsored a United Funds Drive this year to combine the various fund drives held on the campus in the past. Homecoming and Parents' Day also were under the direction of the Council for the first time. Members proposed a pre-enrollment plan and are working on an all-College open house plan. They also are revising the present system of social fines.

The Council is composed of student representatives, one for each 300 students in each school of the College. Arts and sciences has six representatives; engineering, three; agriculture and home economics, two each; veterinary medicine and graduate school, one each. They are chosen in an all-school election in the spring, and hold office a year. Last spring an election assembly was held to give all students a chance to meet the candidates.

The Council tries to coordinate actions of the student body with the work of the faculty and administration. They are responsible to the student body and to President McCain.

Student Council officers are Bob Skiver, chairman; Bill Varney, treasurer; and Edith Schmid, corresponding secretary. Nancy Schneckloth is recorder.

STUDENT BODY PRESIDENT is Gerald Shadwick, a speech senior from Emporia. Elected by the student body each spring the president's job is to carry out legislation passed by the Student Council, and to serve as an ex-officio member.

MERLIN DENNIS, agricultural administration senior from Kensington, acts as chief justice, or chancellor of the Tribunal. The chancellor is appointed each year by the President from among the student justices.

K-Staters Settle Their Own Disputes

HEARING DISCIPLINARY and traffic cases is the job of the Tribunal. Most of the cases involve traffic tickets and parking violations. Trials can be open to the public, if the person being tried requests or agrees.

The Tribunal is the judicial branch of student government and consists of six student and three faculty justices, appointed by the President from nominations submitted by each school council.

Infractions of K-State rules and other cases come to the Tribunal from the Dean of Students' office or through the attorney general. Anyone can refer a case to the Tribunal through one of these sources. Tribunal decisions are submitted to President McCain for his approval. The Tribunal decisions are administered by the Dean of Students' office, and printed in *The Collegian*.

The chancellor is Merlin Dennis. Byron Bird is attorney general.

TRIBUNAL—John Ladesich, Raymond E. Dill, Arland V. Hicks, Merlin L. Dennis, Byron G. Bird, Laura Speer, Helen Clark, Roy Langford. NOT IN PICTURE: M. Blythe Guy, Wilson Tripp.

SOCIAL AND RECREATIONAL COMMITTEE—STANDING: Lyle C. Maddux, Clifford C. Bizek, George Six, Richard Steffens, Stuart Whitcomb, Philip H. Sorenson. SEATED: Phyllis A. Conner, Janet L. Myer, Mary Quinlan, Karolyn King, Connie Berkeybile, Becky Thacher, Robert N. Sliver.

APPORTIONMENT BOARD — Paul M. Young, Roger P. Reitz, B. Marlene Myers, Walter E. Schoen. SEATED: Gertrude Lienkaemper, Gerald L. Shadwick, H. Henley Haymaker.

Committees Distribute Money and Fun

SOCIAL ACTIVITIES and recreation of the College are planned and coordinated by the social and recreational committee, headed by chairman Phyllis Conner. The committee is responsible for all-College varsities, name-band dances, free movies, and the crafts shop. Ralph Flanagan, Sauter-Finnegan, and Buddy Morrow were the year's attractions.

Soc and rec has made possible a dark room; bridge lessons and a bridge tournament; chess lessons; and dancing instruction. The group puts out a free monthly social calendar and makes possible the reading room in the Temporary Student Union.

ANOTHER BRANCH of College government is the Apportionment Board. This committee of four students and three faculty members distributes the student fees. Any organization that feels it has a right to be supported by part of the incidental student fees applies to the board. The board then decides if the group is eligible.

Heading the group is Gerald Shadwick, chairman. Other student members are Walter Schoen, Roger Reitz, and Marlene Myers. Faculty members are H. Henley Haymaker, Paul M. Young, and Gertrude Lienkaemper.

STUDENT UNION PLANNING COMMITTEE—SEATED: Dean Emeritus Roy A. Seaton, Dean A. L. Pugsley, Dean Paul Young, Mrs. Leone Kell. STANDING: Stuart E. Whitcomb, Paul Weigel, Philip H. Sorenson, Charles F. Crews, W. Gregg Williams.

KANSAS LIMESTONE is being combined with steel girders from Chicago to form the framework for the new Student Union. Costing \$1,650,000, the new Union will be equipped with eating facilities, conference rooms, a dance floor, and a set of bowling alleys.

Committee Plans Union Progress

THE MAIN OBJECTIVE of the Student Union Planning Committee is to get the new building to the point where it can be occupied.

It is a sub-committee of the Faculty Senate and consists of six faculty members and seven students. Student members are recommended by the Student Council and appointed by the president.

The committee worked on a schedule for furniture and equipment for the new building, and listed and specified items of equipment for the kitchen.

A schedule of keys to be used in the the building

was also prepared. The committee laid out office specifications for the people who will be running the Union. A chart of operation of the Union was worked out and many hours have been spent in seeking a Union director. When he is finally chosen, he will work along with the committee on the Union plans.

Current faculty members are chairman A. L. Pugsley, Paul M. Young, Philip H. Sorensen, Mrs. Leone Kell, Paul Weigel, and Stuart E. Whitcomb. Student members are Charles Crews, Edith Schmid, Don Gadberry, Bill Murray, Gary Baetz, Ruth Waller, and Gregg Williams.

HOME ECONOMICS COUNCIL—TOP ROW: Jane R. Koefod, Donna M. Turnbull, Patricia J. Angell, Ethel M. Johnson, Eleanor A. Herr, Thomasine L. Gleason, Donna L. Childs. SECOND ROW: Norma A. Owen, Patricia A. McCluskey, Martha A. Blum, Dorothy C. Runbeck, Shirley A. Carswell, Irlene M. Rawlings, Bonnie R. Hofman. BOTTOM ROW: G. Joanne Ketchum, Winnie E. Clark, Joan V. Engle, Jane E. Compton, E. Carolyn Olsson, Nancy A. West, Sue C. Van Deventer.

VET MEDICINE COUNCIL—TOP ROW: Lloyd W. Pottroff, Donald L. Waddell, Otto S. Shill, Raymond O. Cooper. SECOND ROW: Earl C. Wood, Rollin W. Vickery, Alton J. Wilson. BOTTOM ROW: Clarence G. Heath, James T. Simper, Norman R. Meriweather, Walter T. Gier.

Councils Plan School Activities

EACH SCHOOL on campus has an individual student council. Each council is concerned with projects or problems of special interest to its school.

Kenneth Gowdy was president of the 19-member engineering council and Dean M. A. Durland is sponsor. The council held a meeting at K-State this year with councils from Kansas and Nebraska universities to discuss problems of the engineering students and schools.

The biggest project of the agricultural council this year was the annual Ag Barnwarmer. The council is made up of 17 members with Dick Brown as president, and Asst. Dean Clyde Mullen as sponsor.

The 11-member veterinary medicine council, organized in 1952, is sponsored by the K-State chapter of the AVMA. Their officers consist of AVMA officers plus one representative from each of the four vet medicine classes. The AVMA officers are elected from among the organization's 240 members. Class representatives are appointed by the AVMA officers. Norman Meriweather presided this year.

THE HOME ECONOMICS COUNCIL sponsored a scholarship for a home economics student this year. They gave a chili supper with the profit going to a foreign scholarship fund. The Snowball and a Christmas tea are annual council projects.

The council has 316 members with Joan Engle as president and Mrs. Jane Koefod as sponsor. The council consists of nine interest groups which sponsor activities. All the groups work together on Hospitality Days.

The cabinet of the graduate student association plans monthly social events for the association. Dean Harold Howe acts as sponsor for the seven-member cabinet. This year's president was Tom Clark.

Barbara Hart heads the arts and sciences council. Dean Rodney W. Babcock is sponsor.

The council sponsored an annual spring carnival for the first time last year. Money from the carnival is being used to print a brochure about the school. The council also plans to take part in the Science Fair this year.

AGRICULTURAL COUNCIL—SEATED: Dale L. Fooshee, Mark K. Drake, Clyde W. Mullen, Dan L. Henley, Dick A. Pickett, Warren L. Prawl, Dick E. Brown, Dean A. D. Weber. STANDING: Wayne L. David, Bill H. Bergman, Dean A. Hammond, Edward Larson, Walter E. Schoen.

ENGINEERING COUNCIL—John W. Duncan, R. Theodore Weaver, Bill K. Binford, Ernest E. Rempe, Merrell C. Folsom, Don R. Longabach, Byron E. Batthauer, Ken K. Gowdy, T. Keith Blair, Dean M. A. Durland, Gerald B. Ireland, Jerry A. Friesen, John W. Hooper, Everett T. Hart, Bob B. Landon, John A. Weese.

ARTS AND SCIENCES COUNCIL—STANDING: A. B. Cardwell, William Rosenberger, Byron S. Bird, P. Gene Arnold, Roger P. Reitz, Donald L. Cordes. SEATED: Barbara A. Hart, Nancy Hassebroek, W. Gregg Williams, Jane A. Martin, Sue R. Shirling, Mary Quinlan.

GRADUATE CABINET—Roy E. Beauchene, Charles W. Cole, Blanchard L. Mickel, Burnadine L. Lewis.

Learning by Doing

Kansas State has many courses in which students learn with the help of visual and manual instruction. From their freshman year until graduation, home ec majors are cooking, sewing, and weaving. The ROTC departments instruct cadets how to assemble and take apart weapons. Millers are constantly working to improve their flour.

WEAVERS (left) try their hand at making baskets, rugs, and material. **BASIC SEVEN** foods needed by man are inspected by some home ec students (lower left). **FORE!** (below) should be yelled when the girls in this gym class prepare to tee off east of the auditorium.

Deans and sub-deans are kept busy straightening out student difficulties similar to this in the Arts and Sciences office.

Classes

DR. ARTHUR D. WEBER has the major task of directing the 17 departments of the school and the Agricultural Experiment Station. He is now in his second year as Dean of the School of Agriculture.

Ags Get Buildings

INTERNATIONAL RECOGNITION was added to the School of Agriculture's achievements the past year through the outstanding activities of Dean Arthur D. Weber. Dr. Weber became the first American ever to judge at the 155-year-old Smithfield Livestock show in London. He obtained further honor by becoming the only American to select the grand champion for six consecutive times at the Chicago International Livestock Exposition. Dr. Weber also acted as judge at the State Fair in Topeka, and at the Western Livestock show in Denver.

The School of Agriculture's facilities and equipment were greatly increased by the completion of new buildings. An early dream became a reality when east and west Waters hall were united with a connecting wing. A \$35,000 structure to house purebred dairy bulls was also completed. Future building plans include a new addition to Waters hall which will house the only flour and feed milling industries department in the world. This building is to be completed during 1954, and will provide classrooms and research equipment. A new animal industries building, which is to be started this year,

and Recognition

will, when completed, have cost more than the giant Field House. It will include facilities that will enable the College to integrate production and processing research and instruction with large farm animals.

The awards accumulated by agricultural students show the degree of proficiency that the School of Agriculture has attained in its 91 years of instruction. The junior livestock judging team took the championship at the Western Livestock show in Denver, and the Kansas Agriculture student magazine won first place in the United States for outstanding cover pages, at the national conference in November.

This year \$950,000 in state and federal funds went into research problems facing Kansas farmers and livestock men. Research by the Agricultural Experiment station for Kansas is facilitated by twelve experiment fields, four irrigation development farms, and five branch stations. The experiment station's personnel consists of persons from the schools of Home Economics, Engineering, Vet Medicine, Arts and Science, and Agriculture.

ABLE AIDES in administration are C. Peairs Wilson, assistant director of the Experiment Station, and Harold E. Myers and Clyde Mullen, assistant deans.

TWENTY-FOUR YEARS as dean has enabled **Dr. Rodney Babcock** to initiate many progressive changes.

ASSISTANT DEANS Orval Ebberts (top), Joe Eisenbach (bottom) are friendly figures to many students.

A & S Offers Widest

THIRTY-EIGHT per cent of the Kansas State student body or 1,912 students are enrolled in the School of Arts and Sciences. The remaining 62 per cent take part of their courses in the School of Arts and Sciences. The new Arts and Sciences building has almost as many people passing through its doors daily as Anderson hall, for no person, regardless of his curriculum, graduates without taking courses in the Arts and Sciences school.

The nature of the courses offered in Arts and Sciences explains why so many people come within its area. The required freshman courses such as written and oral communications are included in the school's jurisdiction, as well as many courses which are electives for students majoring in other schools. The main reason for the number of students is the wide range of fields in which to major. Whether a student's ambition is directed toward the physical, biological, and social sciences, humanities, business, geology or education, he will find the subjects to meet his needs.

School Combines Comprehensives

As more and more emphasis is placed upon desirable qualities of general education, the School of Arts and Sciences decided to make one administrative group out of the four areas of general education, previously called comprehensives. The department of general studies, headed by Earl E. Edgar, is unusual in that its purpose is not to offer degrees or provide majors, but to give students majoring in technical fields an acceptable liberal education.

The number of students within the circumference of the school makes it necessary to have a large faculty. There are 420 faculty members, including graduate assistants. Dean Rodney Babcock, Associate Dean Alvin B. Cardwell, and Assistant Deans Joe Eisenbach, Jr., and G. Orval Ebberts occupy the administrative positions.

One of the most rapidly growing departments is education. More than 17 per cent of K-State students are working for teaching certificates. The department was officially accredited this spring, following

Range of Courses

the investigation by a national accrediting committee. In 1953, enrollment in the new elementary education curriculum reached 125. This fall, however, the figure doubled with 251 students enrolled.

Plans for a department of business were officially approved this spring. The music department also received accreditation.

Council Plans Carnival

The newest council of the College is the Arts and Sciences council. Besides discussing problems and questions of Arts and Sciences students, they sponsor an annual carnival, at which organizations and clubs on the campus have booths and concessions.

Dr. Alvin B. Cardwell became associate dean in 1953. Formerly head of the department of physics, he took a leave of absence during the war to work on the Oak Ridge Atomic Energy Project.

FROM ATOMIC BOMBS to students has been the transition made by Associate Dean Alvin Cardwell.

Engineers Have Top

DEAN M. A. DURLAND coordinates the varied activities of the School of Engineering and Architecture.

AN INCREASE IN ENROLLMENT, additional equipment, and various technical and curricular improvements are the year's outstanding highlights of the School of Engineering and Architecture.

The fall semester found the school with its 1,050 students able to claim the greatest increase in enrollment of any school in the College. This figure is ten per cent higher than the number of students enrolled the previous year.

The school has been able to draw an increasing number of students because of its constant improvements and additions. Through a two-year study program by a committee from the engineering school, and upon the recommendation of the Kansas Industrial executives, an industrial engineering curriculum has been established. This curriculum emphasizes administrative, production, and personnel problems and will provide the necessary training for management and sales positions. Remodeling was done in the Engineering building to provide a time-and-motion study laboratory for this program.

Kansas State is one of the first colleges to offer a nuclear engineering curriculum of study. The pro-

gram, which was begun last year, now has an enrollment of 16 students who are being prepared not only for employment in government laboratories, but also for the private industries which do research and developmental work in atomic energy.

The Engineering Experiment station, also directed by Dean M. A. Durland, conducts industrial surveys of Kansas communities in cooperation with local chambers of commerce. These surveys cover such items as population, wages, markets, transportation, taxes, industrial sites, and other facilities which make up characteristics of the city. Final reports are prepared so the community can distribute facts to companies and individuals who might be interested in locating industries.

A grant of \$17,800 was awarded to the Experiment Station by the United States navy early in 1953. It was a contract for research on "dust and erosion problems along the airfield runways." This was the largest contract ever received by the experiment station and one of the largest ever allocated by the navy in the state of Kansas.

An electronic analog computer, often referred to as a mechanical brain, is being constructed by the electrical engineering staff members. This computer will work in minutes, problems now requiring months of work by individual scientists. Purchased outright, such a machine would cost \$30,000.

The spring semester of 1953 marked the completion of the \$675,000 wing to the main Engineering building. Agricultural, civil, and mechanical engineering classes were moved into the modern and well-equipped building at this time. The formal

RICHARD POTTER is Assistant Dean of the School of Engineering and Architecture.

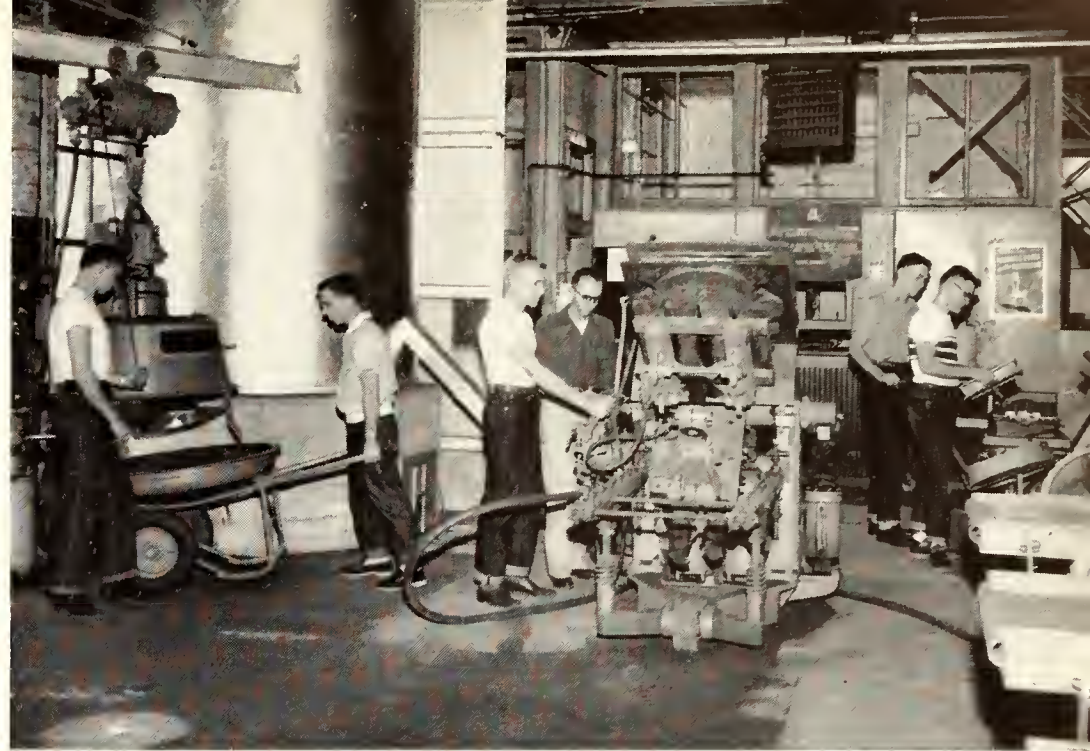

Enrollment Increase

opening and dedication ceremony was one of the main events during the Engineers' Open House last year.

The thirty-fifth annual Engineers' Open House, featuring the theme "Frontiers in Engineering," was March 19, 20. This major project of the School of Engineering enables engineering students to put into effect the knowledge and professional skills they have obtained. The Open House also is recognized by students and teachers throughout the state as an unique opportunity to view the curricula in engineering.

Four-year programs in industrial arts and electrical, industrial, mechanical, nuclear, civil, chemical and agricultural engineering, lead to the degree of Bachelor of Science in the particular field of study. In addition, the School of Engineering and Architecture offers a five-year curriculum in architecture.

FUTURE ENGINEERS get practical experience casting metal forms in a foundry class in the Engineering shops.

All departments of the school offer the Master of Science degree. The Doctor of Philosophy degree is offered in applied mechanics.

Engineering scholarships are offered annually by Magnolia, Westinghouse, and General Electric. Boeing has provided three new scholarships.

SCHOOL OF ENGINEERING AND ARCHITECTURE department heads—TOP ROW: Fredrick C. Fenton, agricultural engineering; Linn Helander, mechanical engineering; Leland S. Hobson, assistant director of Engineering Experiment station; Royce G. Kloeffer, electrical engineering; Reed F. Morse, civil engineering. BOTTOM ROW: Clinton E. Pearce, machine design; Charles H. Scholer, applied mechanics; Gabe Sellers, shop practice; Henry T. Ward, chemical engineering; Paul Weigel, architecture and allied arts.

DEAN HAROLD HOWE, in addition to his academic duties, is the mayor of Manhattan this year.

Graduate Students Seek MSs and PhDs

AS EDUCATION COMES to play an increasingly important role in the life of today, the Graduate School finds more and more students interested in studying for advance degrees. At the present time, 650 students in 60 departments are doing major work leading to the degree Master of Science. Students in 12 fields are doing work leading to the degree, Doctor of Philosophy. Since granting the first in 1871, the College has conferred 2,825 Master's degrees. The first Doctor of Philosophy degree was granted in 1933, and 91 Doctor's degrees have since been conferred.

With changing times and conditions, the Graduate School has intensified its general education provisions. A program has been designed to help the student achieve the maximum possible general education while pursuing the specialized professional courses of study. Graduate students are encouraged, therefore, to aspire to a well-rounded self-develop-

ment with emphasis on obtaining an acute awareness of world-wide relationships. This aim is furthered through participation in those college courses and activities which are most likely to enable students to gain such specific ends.

In addition to being of educational value to the students themselves, work done toward earning graduate degrees is extremely beneficial to society. Graduate students have made enormous contributions to scientific knowledge, both theoretical and practical. Much of the research is carried on through, or in, close cooperation with the experiment stations of agriculture and engineering.

To encourage graduate study, graduate assistantships have been established by the College in most departments. These assistantships provide students with the opportunity of gaining practical experience in teaching, and enables them to do research work. Industrial fellowships are available each year to deserving students.

GRAD STUDENTS take a night off from hitting the books to play some bridge at their monthly meeting.

In 1919, a need was felt for a coordinating body to officially represent graduate students. It was at this time that the Graduate Council was developed. This council includes ten faculty members chosen from the various schools on the campus. Dean Harold Howe as chairman, makes decisions determining matters of policy, admission standards, degree candidacies, and expansion of the graduate program. An additional function of the council is for its members to be chairmen of the oral examinations committee.

Before 1931 there was no School to supervise graduate studies. That year a Division of Graduate Study, supervised by a dean, was organized. In 1942, the Division decided to adopt the name Graduate School. Dr. Harold Howe became dean in 1945, following 20 years as a Kansas State staff member in the department of Economics and Sociology.

An unusual characteristic of the Graduate School is that it has no department heads or faculty of its

own. Instead, the faculty of the undergraduate schools offering graduate courses, are used in the school's instruction.

Graduate students strive to become active campus members by participating in activities and taking part in student government. In 1950, an amendment to the Student Council constitution provided for a representative from the graduate group to be chosen yearly by petition.

The Graduate Student association, of which all graduate students are automatically members, has as an avowed purpose "to provide acquaintance and fellowship" among those enrolled. The GSA is a means to counterbalance with social contacts, the individualism stressed in research and studies at the graduate level.

In addition to the association, students have organized the Men's Graduate House, the newly formed Women's Graduate House, Phi Delta Kappa, a local chapter of the national sorority for graduate women, and the Graduate Wives Club.

GRADUATE COUNCIL—Ralph Silker, Finis Green, R. W. Babcock, Fred Parrish, Florence McKinney, Harold Howe, G. K. L. Underbjerg, H. E. Myers, S. M. Pady, Reed Morse.

THE EXPANSION and progress of the School of Home Economics is directed by Dean Margaret M. Justin (*right*) and Assistant Dean Martha Kramer (*left*). In the absence of Dr. Justin, Dean Kramer fulfills the duties of dean.

Dean Margaret M. Justin to Retire

FOLLOWING thirty-one years of outstanding work as head of the School of Home Economics, Dean Margaret M. Justin will retire June 30. The succeeding dean will be Doretta M. Schlaphoff, who has been Dean of Home Economics at the University of Nebraska. For the past year, Dean Justin has been in Holland conducting a series of workshops in administrative management for home economists. This Fulbright assignment was given to her in recognition of her prominent contributions to the field of home

economics. This year Dr. Martha Kramer was acting dean.

Home Economics—Good for a lifetime. This, the motto of the 1954 Hospitality Days, accurately describes the feeling that prevails among the students and instructors in the school. They find that home economics contains a three-way horizon. If a student wants to learn how to make a good home with preparation for future family responsibilities, be able to have a career as a home economist, and also have a

knowledge of the natural, social, and cultural sciences, she will find the proper course of study in the home economics curriculum.

The 18 plans of study in the school provide the student with the opportunity to find courses that are suitable for her needs and aptitudes. She may become a teacher, a home demonstration agent, a nursery school director, a journalist, or work in radio and television.

Home economics, once a no-man's land, has been invaded the past few years by men students. Par-

ticularly the curriculum of restaurant management, which was inaugurated last year, has proven to be of interest to men students. It is expected that the enrollment in this course will increase each year.

The spring semester found the 600 girls of the school working together to promote a successful Hospitality Days. On April 9 and 10 the College became a scene of life and activity as high school girls from every part of the state met to become acquainted with Kansas State College and the School of Home Economics.

SCHOOL OF HOME ECONOMICS department heads—Dorothy Barfoot, art; Alpha Latzke, clothing and textiles; Florence McKinney, household economics; Lois Schulz, child welfare; Gwendolyn Tinklin, food and nutrition, acting head; and Bessie B. West, institutional management.

DEAN of Veterinary Medicine, Elden E. Leasure will complete his sixth year as school head this spring.

sary space and equipment for increased training for students. The present hospital will be remodeled as early as possible for use by the departments of physiology and pathology, and thus provide additional space for teaching and research.

The School of Veterinary Medicine was established 49 years ago. The first Doctor of Veterinary Medicine degree was conferred in 1907. In 1949 a provision was made to the effect that two years of pre-veterinary medicine would be required for admission to the professional curriculum instead of one, as previously required. The 1953 graduating class was the first to graduate under the six-year plan. The change was made to correlate the school's curriculum with the advancement of veterinary medicine and its expansion into new fields.

The first two years of the veterinary curriculum are administered by the School of Arts and Sciences. These are devoted to the basic sciences and general education courses. The next four years are spent in studying professional courses. This includes classroom, clinic, and laboratory work. During the

Vets Prepare to Occupy New Hospital

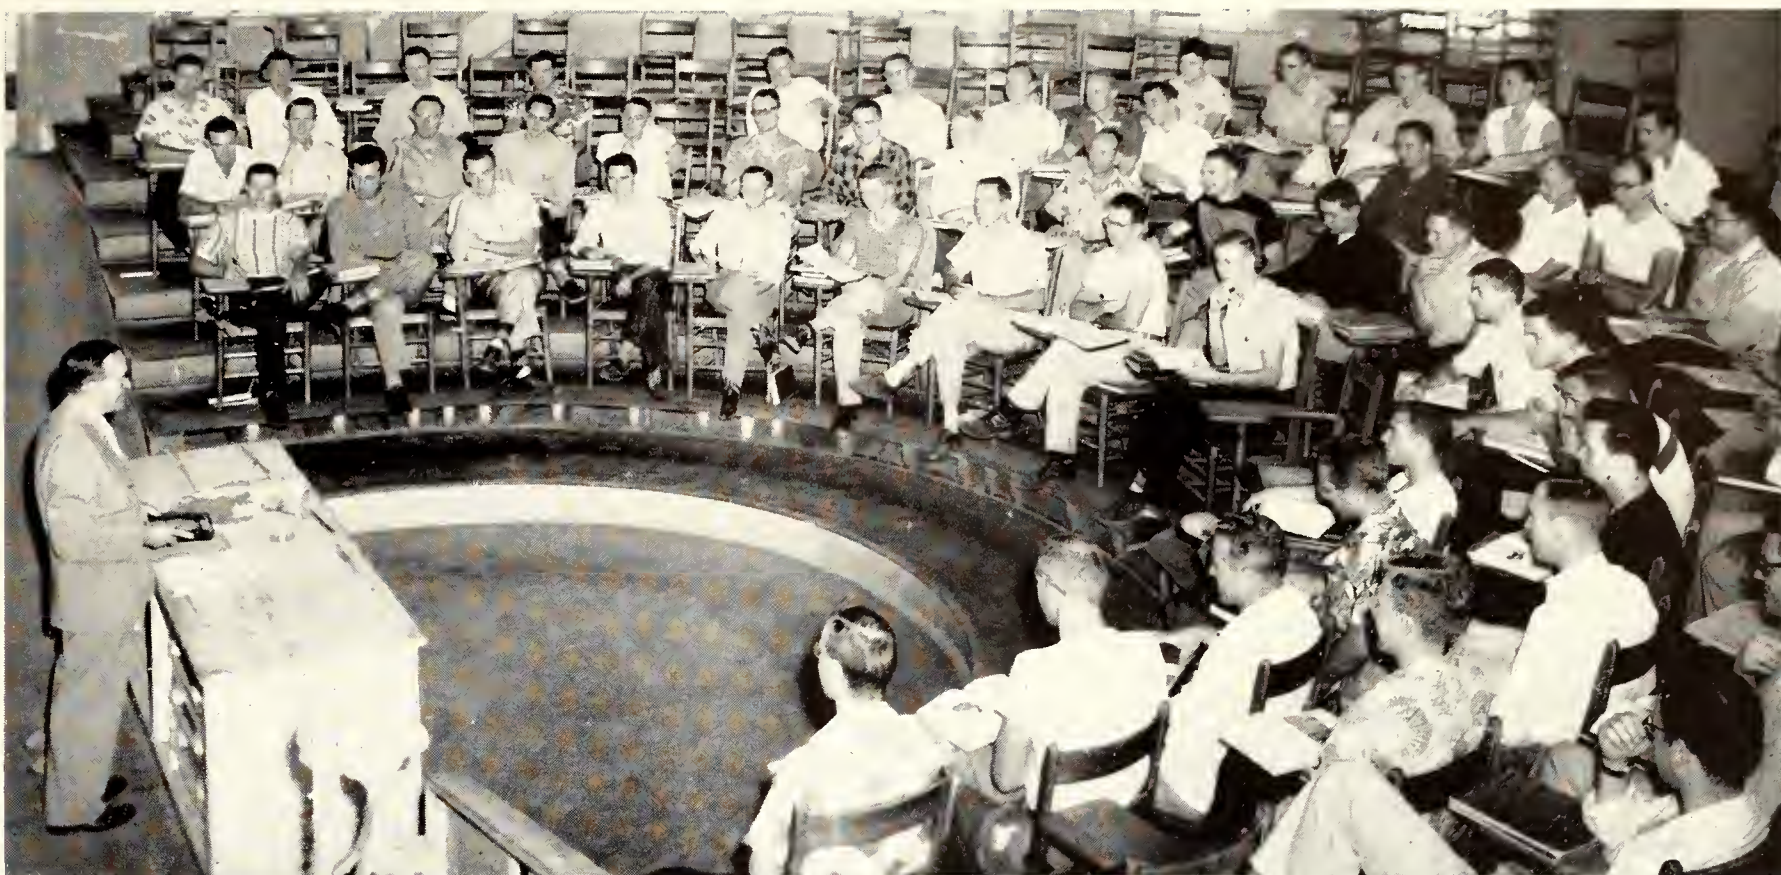

ONE OF THE OUTSTANDING professional schools on the campus is the School of Veterinary Medicine. Always noted for its achievements, both in producing successful veterinarians and in the field of research, the School is expected to further its reputation with the completion of the new veterinary hospital. The new hospital, which will be ready for occupancy by late fall, will provide the neces-

junior and senior year, the veterinary student's learning is applied to practical application as he makes calls in the Manhattan area under the guidance of able instructors.

The veterinary graduate receives two degrees, one a Bachelor of Science and the other a Doctor of Veterinary Medicine. At least 209 semester credit hours are required to obtain the degrees.

VET students will be able to practice in the new hospital by the fall semester of 1954 if the construction is finished according to schedule.

MEDICAL subjects such as anatomy and physiology are taught and demonstrated to veterinary students via the lecture method. These future vets are seated in one of two amphitheaters used by the vet school.

Entrance into the School of Veterinary Medicine is by application, and each applicant is screened by a committee on selection. Requests from every part of the United States and foreign countries are received, but only a small percentage of these can be given consideration. Selection is based on scholarship, character, background, and future possibilities. Preference is given to Kansas residents.

The veterinarian serves all the people of the state by controlling many infectious diseases, some of which may be transmissible to man. Research in the field of veterinary medicine has brought about many remarkable discoveries. Many common animal diseases, which once plagued the livestock of farmers,

have been brought under man's control. A new research program being vigorously investigated is a study of the so-called "pinkeye" of cattle. This disease has proved to be of serious economic importance to the cattle producer.

Kansas State has long been a leader in research, for the College established a department of veterinary medicine in the experiment station on the campus 57 years ago. The station preceded the organization of the school itself by seven years.

The school, under the direction of Dean Elden E. Leasure, is divided into departments of anatomy, pathology, physiology, surgery and medicine, and the experiment station.

SCHOOL OF VETERINARY MEDICINE department heads—Dr. Edwin J. Frick, surgery and medicine; Dr. Marvin J. Twiehaus, pathology; Dr. William M. McLeod, anatomy; and Dr. Gravers L. Underbjerg, physiology.

TICKET-PEDDLERS (above) find Anderson hall a good market place. Here students buy tickets for the Ralph Flanagan dance, at which RP queens will be announced. **ORGAN PRACTICE** (right) fills up gaps between classes for music-minded students.

Not a Dull Moment

ROADS to college entertainment go in many diverse directions, as Staters dance to the music of a name band, cheer for their favorite team in intramural contests, elect queens, or cultivate hobbies and interests. But whatever they do, Staters will remember it, for entertainment is a vital part of college life.

PROFICIENT in English? You'll see after you've taken required English proficiency tests (middle right). **COKES** and conversation reign at intermission of the Sauter-Finegan dance (right). **FLUSH BOWL** rooters and queen candidates spur the teams on (below).

With books in arms and studies in mind, underclassmen stream from building to building and from class to class, during the ten-minute break.

ORGANIZATIONS

Organizations

More than 400 girls live in the two new dormitories, built to house comfortably and modernly, the Kansas State coed.

Housing

RUSHEES REGISTER (above) for the five big rush days. NO LONGER RUSHEES, new pledges (left) rush to the Tri Delt house to meet their new sorority sisters. "ALICE IN ALPHA CHI LAND" (middle left) is the theme of a function and skit to entertain rushees . . . and actives.

The Five Big Days

Probably the biggest week for many freshmen and transfer girls is sorority rush week. In 1953, the week September 1-5 was a whirl of social activity for sorority members and prospective pledges. At the end, 187 girls donned colored ribbons, and eight groups of sorority girls breathed sighs of relief as they beamed at their pledges.

ACTIVES AND RUSHEES (lower left) chat and get acquainted in the living room of the Chi Omega house. GOLDEN KEY HOTEL (below) complete with bellboys and several singing waiters, introduces rushees to the Kappas.

PANHELLENIC REPRESENTATIVES (above) instruct the rushees as they register at the dorm. **THE LAST NIGHT** (upper right) is formal, and all houses, like the Kappa Deltas, entertain with a final ceremony. **PI PHIS** (middle right) are sailors on Good Ship Pi Phi Day, the second day of rush.

Heels and Formals

A new system for registering for rush-week was set up and used by Panhellenic in 1953. All girls sending in registration blanks to K-State were automatically extended an invitation to come. Rush booklets, also devised by Panhellenic, were sent during the summer to those accepting, and later rush rules giving rushing instructions.

WISHING WELL (lower right) and pennies are part of the last night's formal ceremony at the ADPi house. **RUSHEES WAIT** (below) to enter the Alpha Xi house for the last formal function . . . then go home and wait.

ALPHA CHIS gather in front of their home at 615 N. Delaware to discuss a picnic, date, or week-end fun.

Alpha Chi Omega

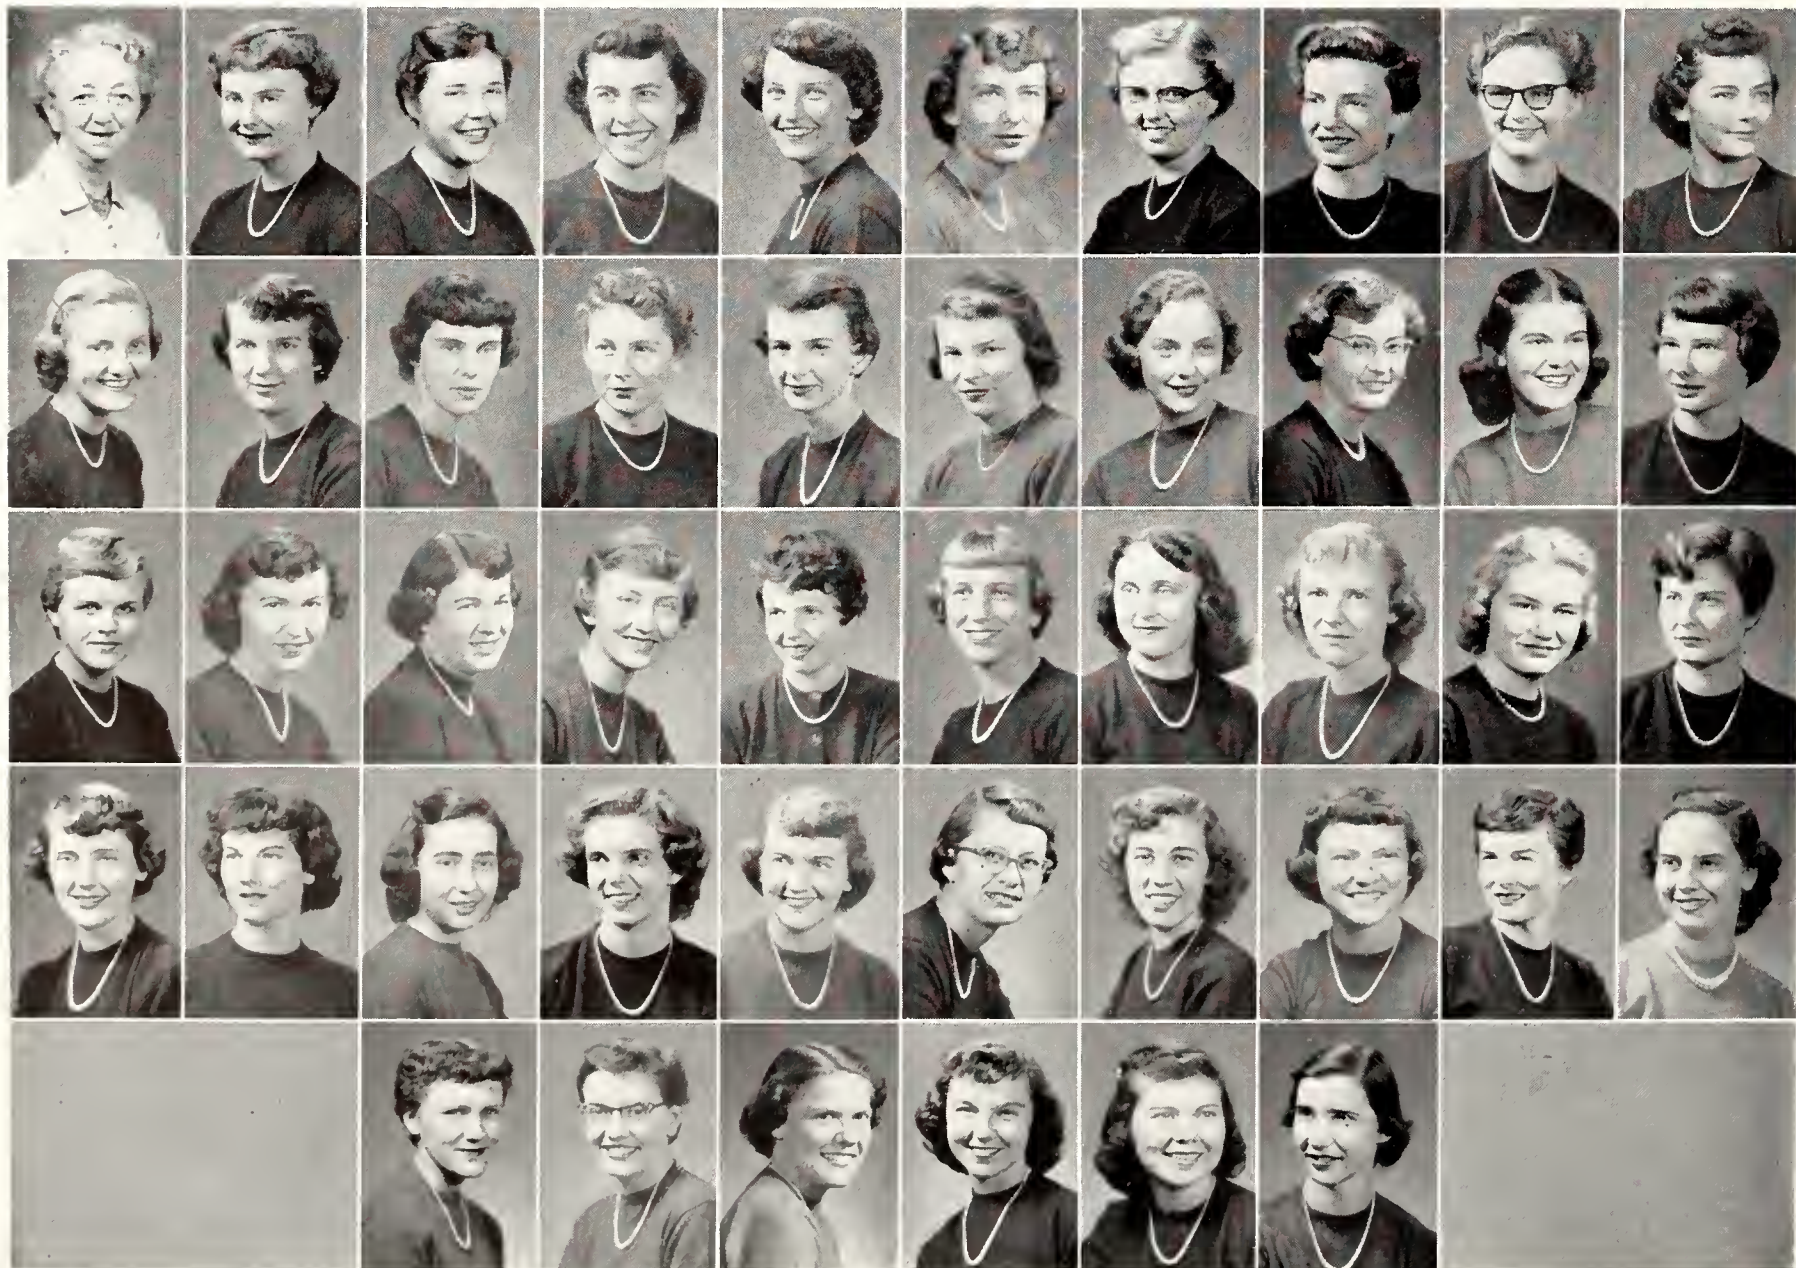

STARTING THE YEAR with a bang, Alpha Chis worked hard on their Homecoming decorations and won second.

Social activities for the year included a spring formal with the theme, "Paradise Prom," a Shovel-Inn Christmas party, and a Christmas egg-nog party.

Joan David was a national 4-H achievement winner; Carolyn Olsson belongs to Mortar Board, Student Council, and Omicron Nu; and Norma Owens is also a member of Student Council.

Alpha Chis are active in Orchesis, K-State Players, Theta Sigma Phi, Phi Alpha Mu, SPC, and are Collegian staff members.

Alpha Delta Pi

ALPHA DELTA PI celebrated its 102nd anniversary at Banff, Canada, in June. ADPis are proud of the fact that they contributed 100 per cent to the United Fund drive and to the fraternity's national philanthropic project, the National Crippled Children's organization.

Chimes members are Bonnie Hofman, president; Betty Hoskins, secretary; and Janice Sis; Shirley Johnson is on the Board of Student Publications; and Doreen Cronkite is SPC co-chairman. ADPis are also active in Omicron Nu, Phi Alpha Mu, Lift Week, Home Economics council, and Alpha Epsilon Rho.

ADPis at 518 Sunset may be planning their party for Fort Riley hospital patients, or other social events.

Alpha Xi Delta

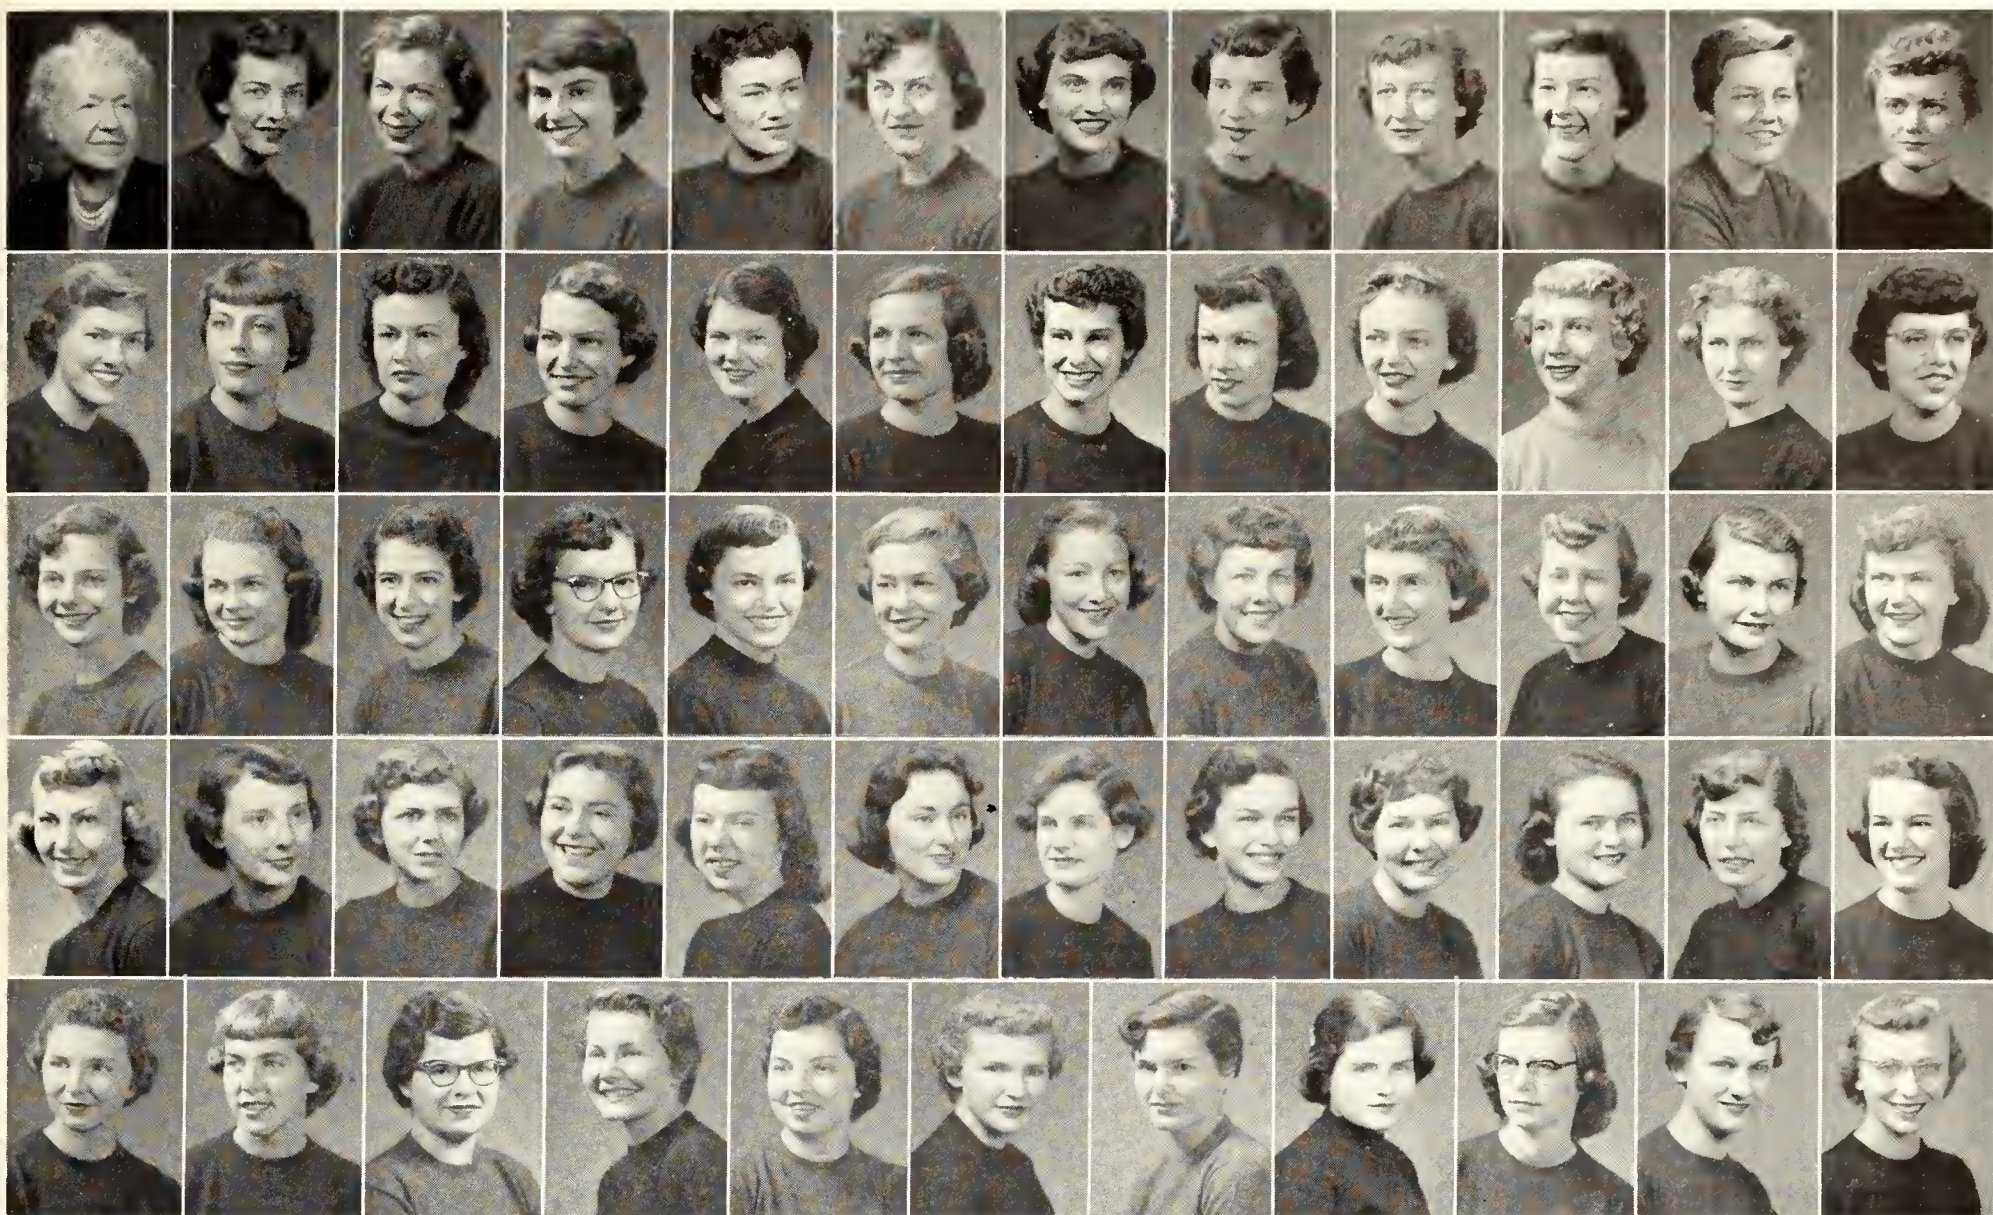

APRIL 17 WAS A PROUD DAY for members of Alpha Xi Delta. They burned the mortgage on their 15-year old house. It is the newest sorority house on the campus.

Queen of the Phi Delta Theta-Sigma Alpha Epsilon Flush Bowl football game was Diana Fellows. Alpha Xis belong to Phi Kappa Phi, Alpha Delta Theta, Mu Phi Epsilon, YWCA cabinet, Frog club, Orchesis, and Future Teachers of America.

Alpha Xis and dates enjoyed their formal Christmas party and the annual Pink Rose formal held in the spring.

Chi Omega

A \$25 SOCIOLOGY AWARD is given by Chi Omegas to the senior woman ranking highest in sociology. Chi Os also sponsor an annual Christmas Kiddie party for underprivileged children.

Bales of hay were used as decorations at the Hay Hop. Other parties were a picnic for members and alumnae in the fall, and a White Carnation ball in the spring.

Cheerleaders from the Chi O house are Keri Shenk and Joyce DeForest; and Adrea Simmons was attendant to the Flush Bowl queen. Other activities for Chi Os include Mortar Board, Chimes, Student Council, Theta Sigma Phi, YWCA cabinet, Delta Phi Delta, Alpha Delta Theta, Phi Alpha Mu, and Alpha Epsilon Rho.

CLOVIA GIRLS at 303 N. 16th are experienced home-makers, as each takes a turn at cooking, cleaning.

Clovia

CLOVIAS ARE PROUD of the fact that they were recognized for having the greatest number of members participating in the women's intramural program for 1952-53.

Aldean Knoche and Pat Draney went to Europe as International Farm Youth Exchange students; Joan Engle is president of Home Economics council; and every girl is a member of Collegiate 4-H. Clovias also belong to K-State Players, Orchesis, Chimes, and Mortar Board.

Along the social line, Clovias have an annual Crystal ball formal and a tea for extension personnel.

Delta Delta Delta

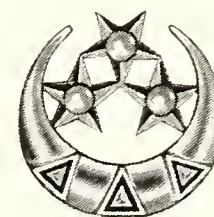

QUEENS SHINE at the Tri Delt house. Homecoming queen was Blythe Guy, and her attendant was Ruth Pickett. Rachel Schoneweis was Ag Barnwarmer queen, and Joyce Ashley, pledge queen. Tri Delt also won first in Homecoming decorations.

President of Omicron Nu is Ann Eshbaugh. Betty Taylor is secretary of the Senior class; Edith Schmid is on Student Council; three Tri Delt belong to Mortar Board, two to Chimes, and five to the Arts and Sciences council. Tri Delt were honored at State Day for their high scholastic rating.

KAPPA DELTS pause at the door of 1716 Fairchild for an informal chat before dinner or after classes.

Kappa Delta

THE FORTY-TWO MEMBERS of Kappa Delta were busy this year in many of the activities, both on and off campus, which add so much to college life.

Social activities for Kappa Delts included an Emerald ball, hay rack ride, fall house party, Christmas party, faculty tea, Founders' Day dinner, many hour dances and exchange dinners with fraternities, and Parents' Day in the spring.

First attendant to the Flush Bowl queen was Diana Siemers; Jan Grothusen was Military Ball attendant last spring, and Donna Turnbull, a Pershing Rifle queen attendant.

Kappa Delts are presidents of three home economics clubs; Arlene Wilcox is president of Delta Phi Delta; and Lindell Grauer is president, and Logene Britton vice-president of K-State players.

Scholarship is also important to Kappa Delts. Two Kappa Delts graduated with honors. Martha Copen- ing was elected to Phi Kappa Phi.

Kappa Kappa Gamma

SCHOLARSHIP WAS IMPORTANT to the Kappas this year. The active chapter had the highest grades of any Greek organization, and the pledge class ranked first in scholarship among sorority pledges. Other important firsts for the Kappas were winning both Y-Orpheum and Interfraternity Sing last spring.

Marlene Weaver and Thomasine Gleason are in Mortar Board; Martha Nell Carter belongs to Chimes; Sally Mayer is president of Orchesis; and Marlene Myers is editor of the Student Directory.

The Christmas party theme was "Kappa Wonderland." Kappas also had a picnic and spring formal.

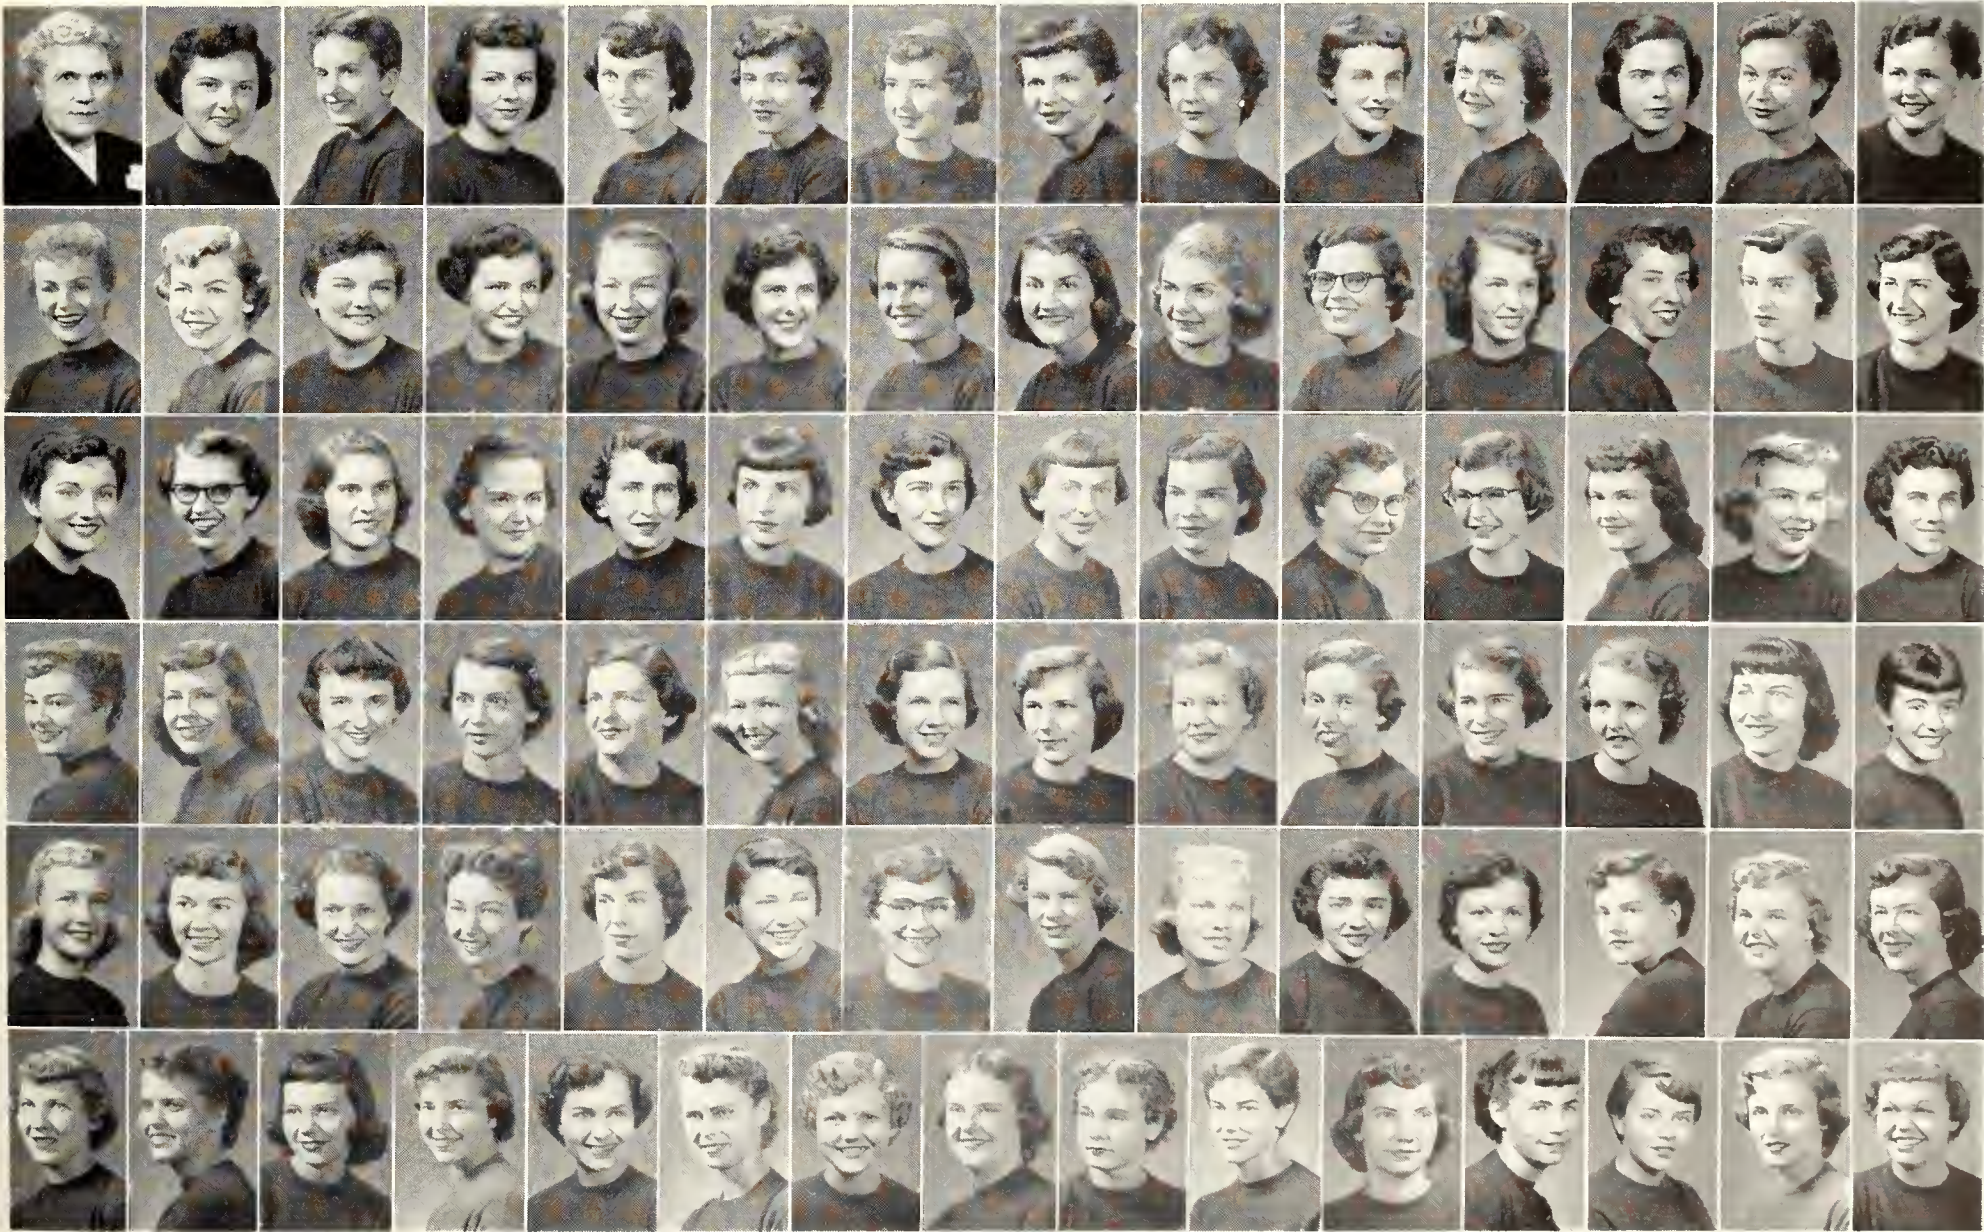

KAPPAS enjoy the spring sun at 517 Fairchild Terrace, and think of sunbathing on the porch roof.

Pins and Parties

Between books and bed, there is always time for social life, and if it is around, Staters will find it. Sororities and fraternities have exchange functions, picnics, hour dances, serenades, and parties. Pinnings are always big events, and chocolates, cigars, and roses abound as engagements and weddings are announced. College is a remarkable place—you can get a degree or a mate—or both!

CHOCOLATES! scream the Pi Phis (lower right) as a gaily wrapped box is brought to the housemother, to announce that another girl has caught her man. THE FRATERNITY PIN (below) is proudly added to the sorority pin as others look on in envy.

Greeks Have Three Governing Units

THE THREE GOVERNING bodies for the sororities and fraternities at Kansas State are Panhellenic, Interfraternity council, and Interfraternity Pledge council. Through these three councils, the Greek groups on the campus can work more closely with each other, and with the College.

Winners of this year's Homecoming decorations received gold trophies purchased by Panhellenic and IFC. Winners were announced at half-time of the Homecoming game. Decorations were judged on their originality, appropriateness, effectiveness, and how well they fit into plan of the house and yard. In the sorority division, Delta Delta Delta was first, Alpha Chi Omega, second, and Alpha Delta Pi received honorable mention. In the fraternity division,

Sigma Nu won first, Sigma Phi Epsilon, second, and Alpha Gamma Rho, third.

Last May, members of Beta Theta Pi sang their way to another first place trophy in Interfraternity Sing, the annual songfest. Sigma Chi was second, and Sigma Phi Epsilon was third, in the fraternity bracket. For sororities, Kappa Kappa Gamma was first, Alpha Delta Pi, second, and Pi Beta Phi, third. In all, eight fraternities and all eight sororities participated. Each sang two songs and were judged on pitch, appearance, showmanship, tone quality, and over-all effectiveness.

Gifts and refreshments are purchased by IFC and Panhellenic for the underprivileged childrens' party at Christmas. Each sorority and fraternity sends members to help entertain the children.

For the first time in several years, Panhellenic sponsored a workshop for Kansas State sorority women. Two representatives from each sorority ate lunch at the other houses, then all of the sorority members attended one of the nine discussion groups to talk over problems and to get new ideas. The problems could involve one house or be of interest to all groups. Specific topics for discussions were finance, scholarship, rushing, pledge training, house rules, activities, and intangibles. After the discussions, reports were given by the chairman at a general meeting. Philip H. Sorenson, assistant dean of students, was guest speaker at the meeting. Following the meeting, there was a tea for all guests and members.

This year Panhellenic is setting up a fund to offer scholarships to Kansas State girls. The scholarship

will be listed in the College catalogue, and will be available to a freshman or sophomore girl for one or two semesters.

Each spring a tea is given for freshman and upperclass girls who are interested in attending rush week the next fall. The girls are given a chance to visit each house, meet the girls, and get a birds-eye view of sorority life.

Other activities of Panhellenic include girls' rush week, writing a rush booklet, and revising rush rules. To renew acquaintances after a summer vacation, as well as to strengthen relations, Panhellenic sponsors a picnic for all sorority women the day before rush week begins in the fall.

President of Panhellenic this year was Karolyn King, Pi Beta Phi. Officers are rotated each year among the sororities. Katherine Geyer is sponsor. The Panhellenic group is composed of a senior and a junior representative from each sorority, and the president of each.

President of IFC this year was Howard Hill Jr., of Sigma Chi. The council is composed of one member from each of the 22 national fraternities on the K-State campus. Representatives are elected by their fraternity. Faculty adviser is Prof. Vernon D. Foltz.

Besides helping with Homecoming and Interfraternity Sing, IFC also sponsors men's rush week and publishes a rush booklet.

Interfraternity Pledge council is composed of one member from each sorority and fraternity pledge

class. Dick Haines of Delta Tau Delta was president. Officers are elected by the group.

The main function of the group is having a pledge dance in the fall. At the dance the Pledge King and Queen are crowned. Each group has a candidate, and puts on a skit to get votes. King this year was Don Taylor of Sigma Alpha Epsilon, and Queen was Joyce Ashley of Delta Delta Delta.

PLEDGE ROYALTY of 1953 are Don Taylor, SAE, and Joyce Ashley, Tri Delt, crowned by Dick Haines, IPC president, at the annual pledge dance in Nichols.

Rush! Rush! Rush!

Beginning with a 6 o'clock dinner date on Thursday, and ending with a 9 to 11 date Sunday night, the four hectic days of boys' rushweek are a busy time for all fraternity members and rushees alike. In the slack time between rush dates, the rushees are taking freshmen tests and the fraternity boys are scrubbing and preparing themselves and their houses for the next go-around.

SIGMA CHIS (left) entertain the rushees with the help of their scrapbook. SIG EPS (lower left) take some of the boys upstairs to give them the "straight scoop." RUSHEES (below) relax and clean-up between dates. Their quarters this year were the gym section of the Field House.

Acacia

SOCIAL ACTIVITIES were many for Acacias this year. The fall social program started with a chicken barbecue. Later there was a Black and Gold formal. Other parties included a Christmas party, an annual Phi Kappa-Acacia smoker, Valentines party, Indian party, spring formal, Founders' Day banquet, and Mothers' Day dinner.

Acacias participated in all intramural sports, winning second place in their fraternity division in basketball. A special project of Acacias was participating in the Sertoma club minstrel show. The men sang in the Show Boat chorus. At Christmas they gave gifts to underprivileged children.

John Brethour is on the poultry judging and live-stock judging teams, and John Stretcher captains the College golf team.

THE ATO HOUSE, at 1730 Claflin Road, is north of the campus and away from most of fraternity row.

ATOs ARE PROUD of the fact that they were the first national fraternity to adopt Help Week. Also, ATOs were the first fraternity to adopt it on the K-State campus. The Help Week project for this year was fixing up a church.

President of Jr. AVMA is Rollin Vickery, who is also a member of Alpha Zeta; Don Williams is a member of Alpha Kappa Psi; and Bill Mahood belongs to Arnold Air society.

ATOs participated in all major intramural events of the College.

Social activities were a Blackfoot-Whitefoot formal, and the White Tea Rose spring formal. The theme for one of the various house parties was the Underworld, when ATOs and dates dressed as desperate criminals and gun molls.

Beta Sigma Psi

THIS NATIONAL FRATERNITY for Communicant Lutheran students is one of the most recent on the K-State campus. Next year they hope to be in their new house.

Three Beta Sigs, Bill Herberg, Carl Karst, and Ken Gnadt, are members of Alpha Zeta; Carl Karst is also on Student Council and a co-chairman of LIFT Week; Bernie Klover was attendant to FMOC; and Jim Jorns is a member of K-Club and on the College track team. Other Beta Sigs are active in Scabbard and Blade, Arnold Air society, Ag Econ club, and are on the Ag Mag staff.

Social activities for the year included hour dances, exchange dinners, Christmas party, spring formal, and Parents' day.

Kappa Sigma

THE RED DOG WAS AGAIN the social event of the year for the Kappa Sigs. This year the theme was centered around a French street scene. Kappa Sigs were hosts to various sororities for hour dances and exchange dinners. Kappa Sigs and dates enjoyed the Christmas formal, Christmas house party, and the Black and White spring formal.

A busy Kappa Sig this year was Bill Kohl. Besides being their FMOC candidate, Bill was on the varsity basketball squad and a member of Phi Epsilon Kappa. Larry Hadley is on the baseball team; Harold Mouser is a member of Pi Tau Sigma; Tom Whipple belongs to Sigma Tau and Gary Rowley to Steel Ring; and Duke Hilton is president of Sigma Gamma Epsilon.

LAMBDA CHIS PUBLIC RELATIONS project for the year was painting the outside of the Louisville church.

Parties are always going on at the Lambda Chi house. Some of their house parties were The Red Sock Hop, Alcatraz, and Suppressed Desires. Two formals for the year were based on the themes of the White Rose formal and Crescent ball at which they crown their "Crescent Queen."

Dee Follis was attendant to FMOC. Other Lambda Chis are active in many of the campus organizations. Lambda Chis participated in all intramural contests.

PHI DELTS at 508 Sunset discuss a costume party, and make plans for the Beta-Phi Delt-SAE triad.

Phi Delta Theta

PHI DELTS HAVE many prominent men in campus activities. Among them are Everett Hart, a member of Blue Key and Student Council; Gerald Cashman and Earl Meyer, football players; and Bob Newlin FMOC attendant; Phi Delts also have memberships in Steel Ring, Alpha Phi Omega, Sigma Tau, SPC, YMCA, Pershing Rifles, Arts and Sciences council and Athletic council.

Social activities included an annual Triad with Beta Theta Pi and Sigma Chi. The Phi Delts also play the Sig Alphas in a yearly touch football classic, the Flush Bowl. Phi Delts placed first in intramural tennis.

Phi Kappa

PHI KAPS ARE PROUD of their 100 per cent membership in the Newman club. Harold Myers was editor of the fall Collegian; Gene Rempe is president of Sigma Tau; and Harry Vis is president of Cosmopolitan club.

Paul Whitehair and Don Weixelman were International Farm Youth Exchange students to Syria and Portugal. Waldo, that dog about campus, endorsed Bill Block, Phi Kap candidate for FMOC.

The new look was carried out in front of the Phi Kap house when they added a new retaining wall and did some landscaping.

After being runner-up in intramural softball for the third straight year, Phi Kaps are planning on a winner this year.

Two social activities were the annual Hard Times fall costume party and the annual spring Fish formal. Other social events were exchange dinners, picnics, smokers, and hour dances.

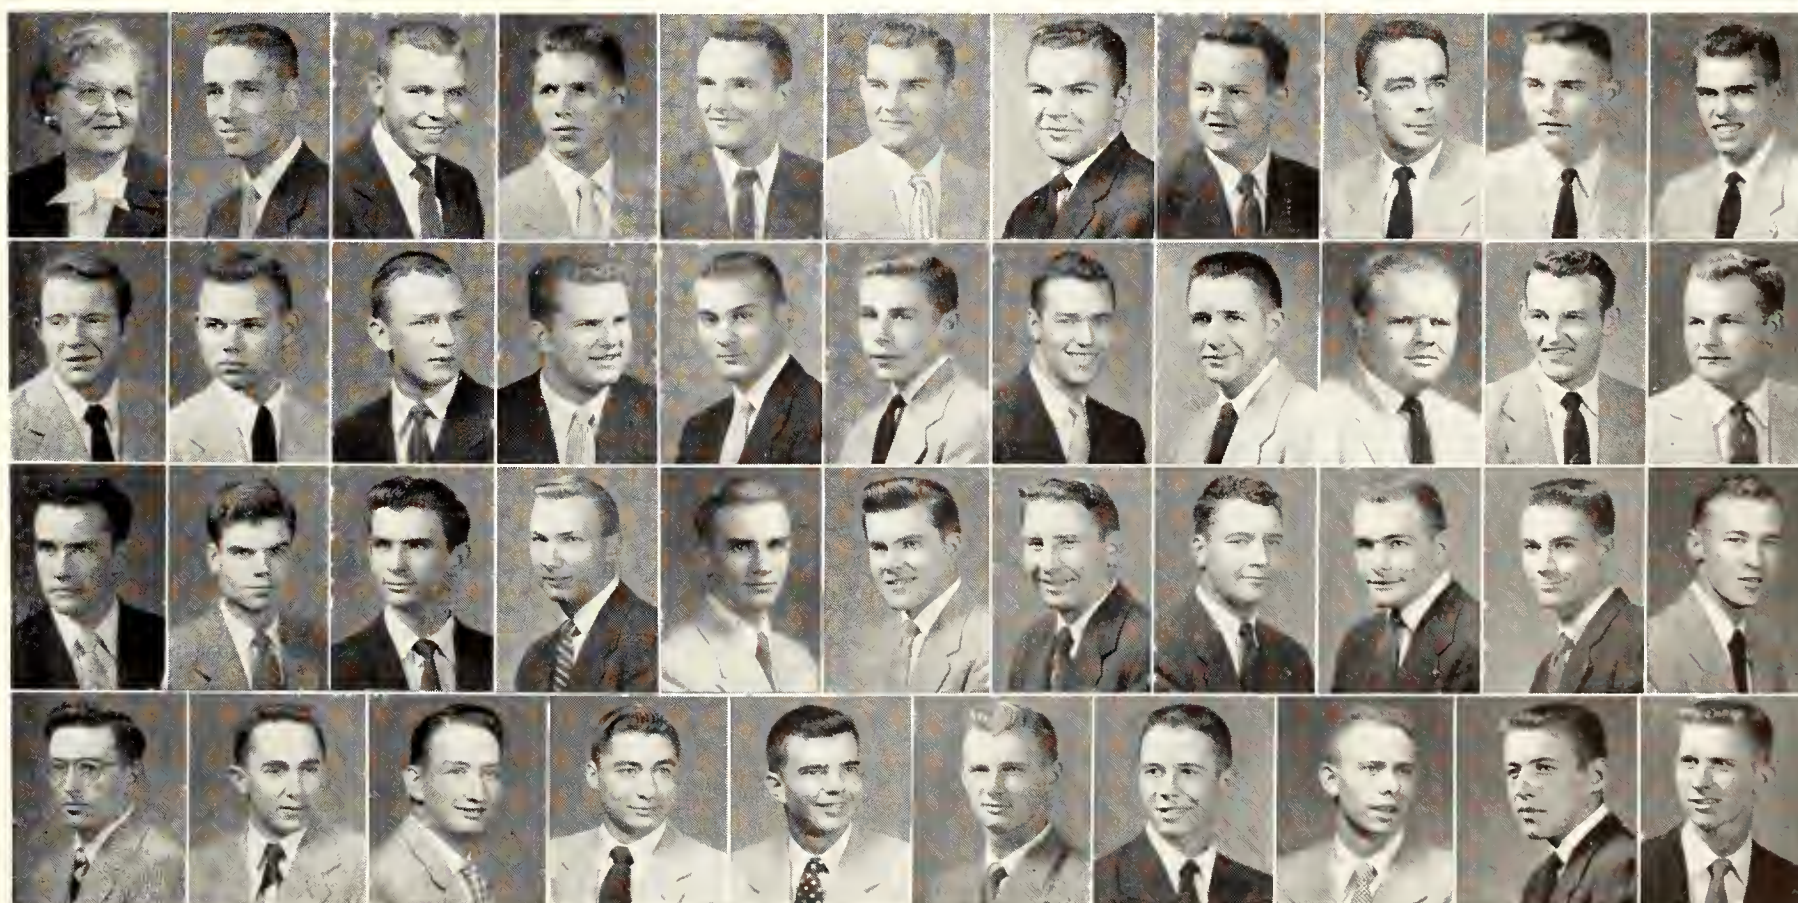

PHI KAPS at 1909 Anderson sit outside and discuss more new ways to landscape their new-look home.

PHI KAPPA TAUS at 830 Bluemont discuss the intramurals in which they have participated this year.

PHI KAPPA TAUS at Kansas State are quite proud of the Chapter Achievement award they won at their national convention last summer. This is awarded to the Phi Kappa Tau chapter which has the most outstanding achievements in 1952-53. Over-all improvement is also considered in choosing the winner.

In December, Phi Kappa Taus entertained their dates at a Klondike Klomp, the fall costume party. In March, everyone enjoyed the spring formal. Phi Kappa Taus also had a costume house party.

An unusual event for this year was when the pledges took the whole active chapter for a ride and walk-in.

Phi Kappa Taus busy in activities include Richard Wieland, treasurer of Wampus Cats, and Charles Mansfield, corresponding secretary of Interfraternity Council. Phi Kappa Taus also belong to A.I.A., Jr. AVMA, Pershing Rifles, and the K-State chapter of the American Chemical Society.

Pi Kappa Alpha

SEVEN CHEERLEADERS in the past four years have been PiKAs. This year Bob Ging and Gary Halbert are two of the cheerleaders. John Saylor was chosen as an alternate, and later became a regular.

The fortieth anniversary of the founding of the local chapter was celebrated October 4. Founders' Day was in March. More social activities included the Dixie ball, Beachcomber party, Roaring Twenties party, and Cornjigger party. Also for the first time this year a Manhattan Duad was held in conjunction with Sigma Phi Epsilon. This is planned to be an annual formal event. PiKAs gave a Christmas party for underprivileged children.

Let's Have a Party!

Outlandish costumes and formals or tuxedos take the place of school clothes on week ends, when Staters doll-up for the sorority, fraternity, or dorm parties. Cowboys, bums, hillbillies, and gangsters . . . all are represented at one party or another, as each group strives for new ideas and themes.

Costumed Capers

A gunny sack or an old beret sometimes added the finishing touches to a unique party costume. A popular idea this year was the party where each came representing his "secret desire." But formals, Valentine parties, and Christmas parties with the traditional tree and gifts were favorites too.

YUMMY! AKLs and dates (right) help themselves at the Tacky party. BLACK AND WHITE (lower right) are the main colors at the Sigma Nu White Rose dance. ROARIN' 20's (below) are revived each year by PiKAs and flappers.

Active Upperclassmen Residents

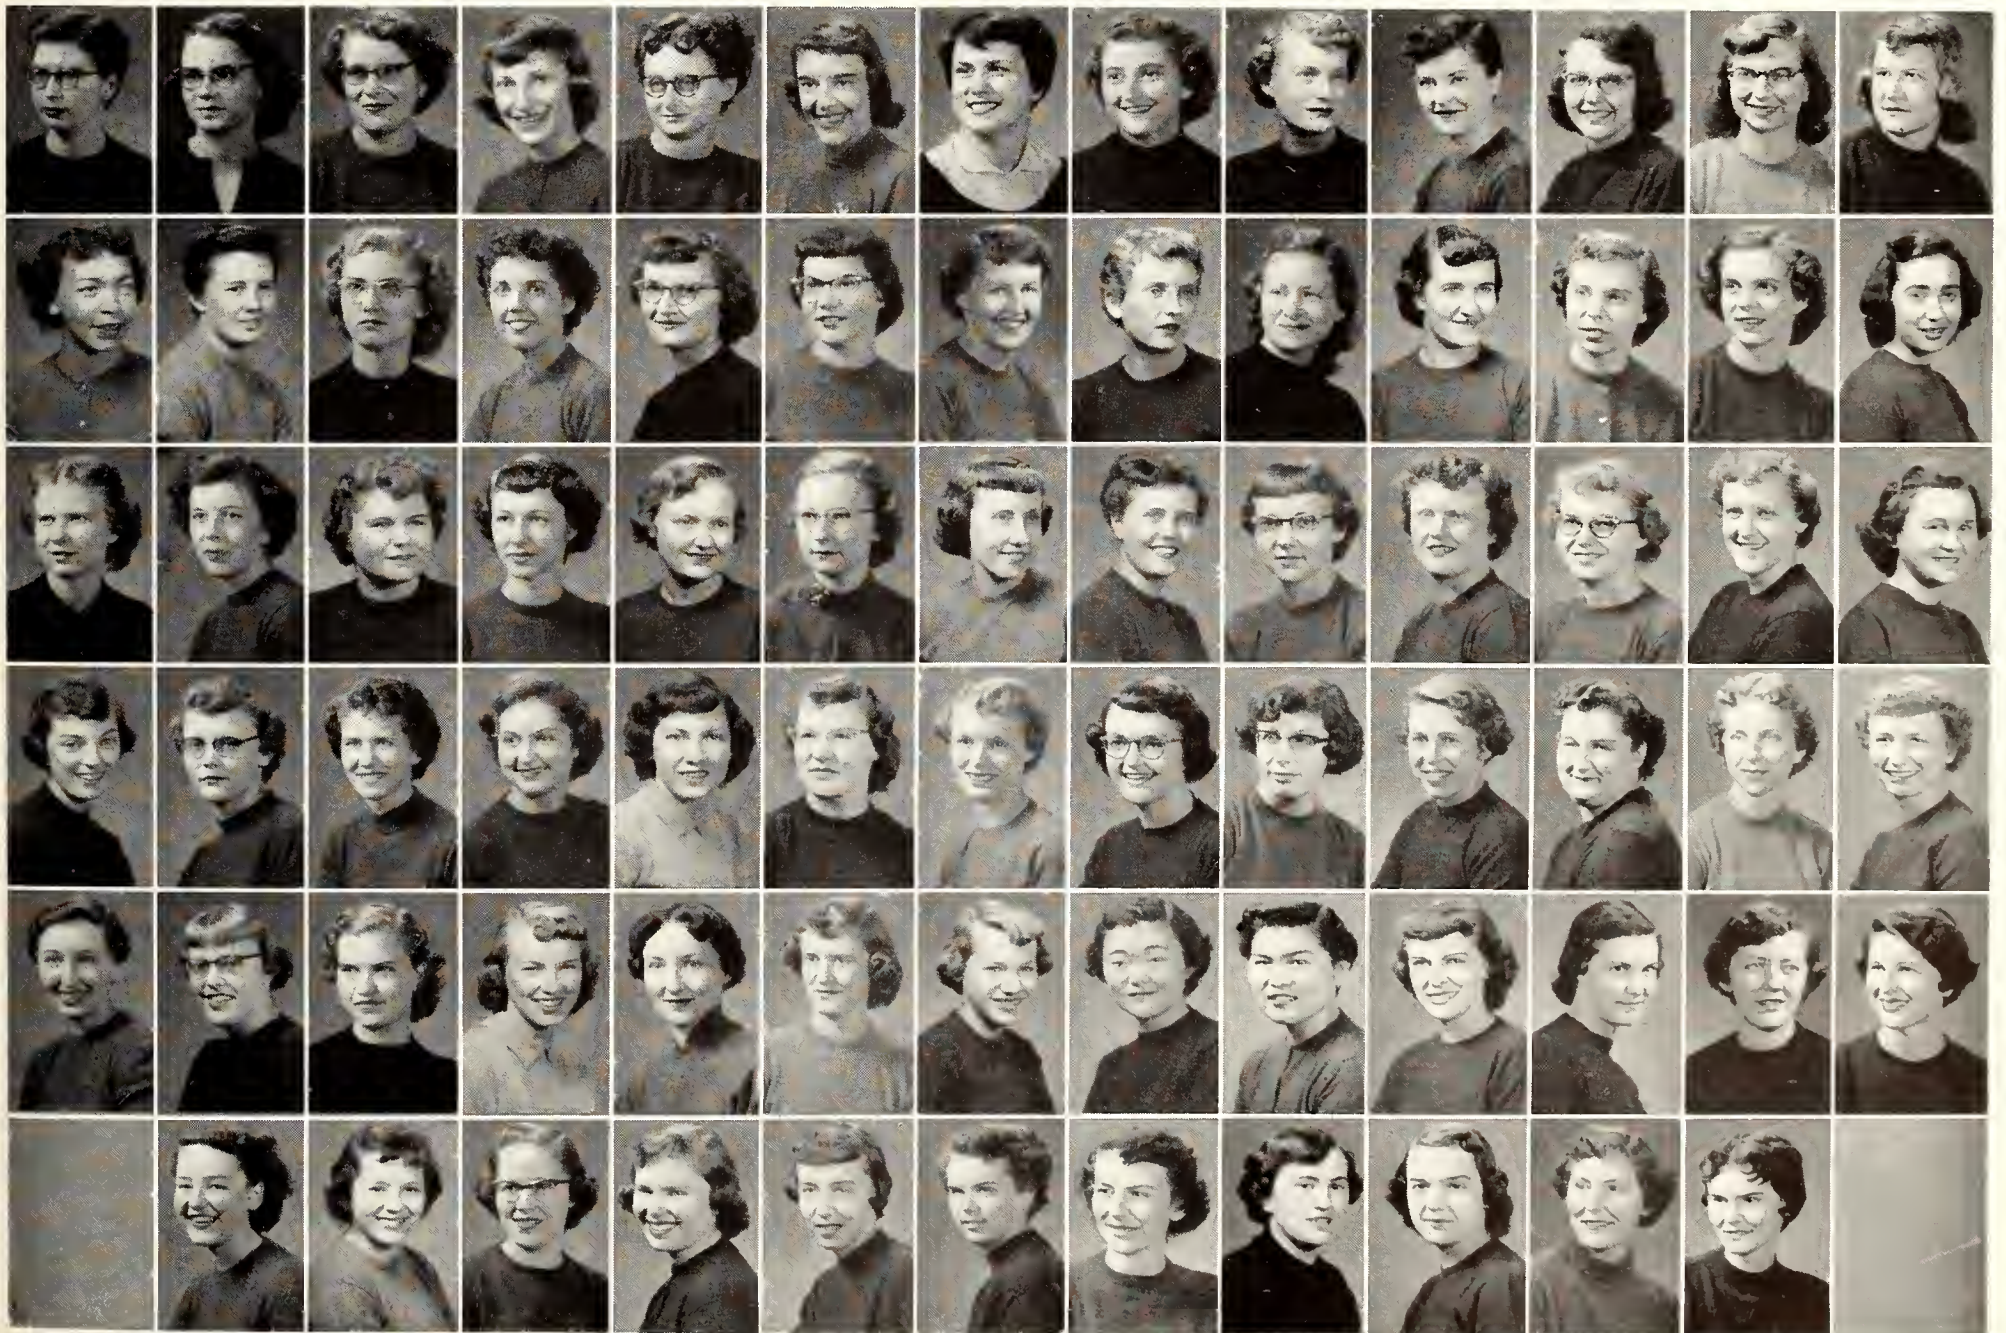

Built in 1926, Van Zile is the oldest dormitory, but it has a personal and homey atmosphere hard to find in most large college residence halls. The girls worked together this year on a float for the Homecoming parade; took part in the all-dorm choral program at Christmas; and went caroling at the Fort Riley hospital. Residents participated in intramurals, entering swimming, ping-pong tournaments, and winning the volleyball championship.

Many activities and honors are represented among

the Van Zile residents. They claim membership in Chimes, Mortar Board, Orchesis, A Cappella, College chorus, band, orchestra, and Home Ec council. Irlene Rawlings and Dorothy Runbeck were chosen Senior Leaders.

Social activities were abundant, also. In addition to hour dances and afterhours' parties, Van Zile residents had a Christmas party, a spring picnic, faculty tea, senior dinner, a tea honoring the house director, a Mothers' Day dinner, and a spring formal.

THE FIRST HOME away from home for many of its 208 freshman residents, Northwest hms with activity and enthusiasm for parties, projects, and fun.

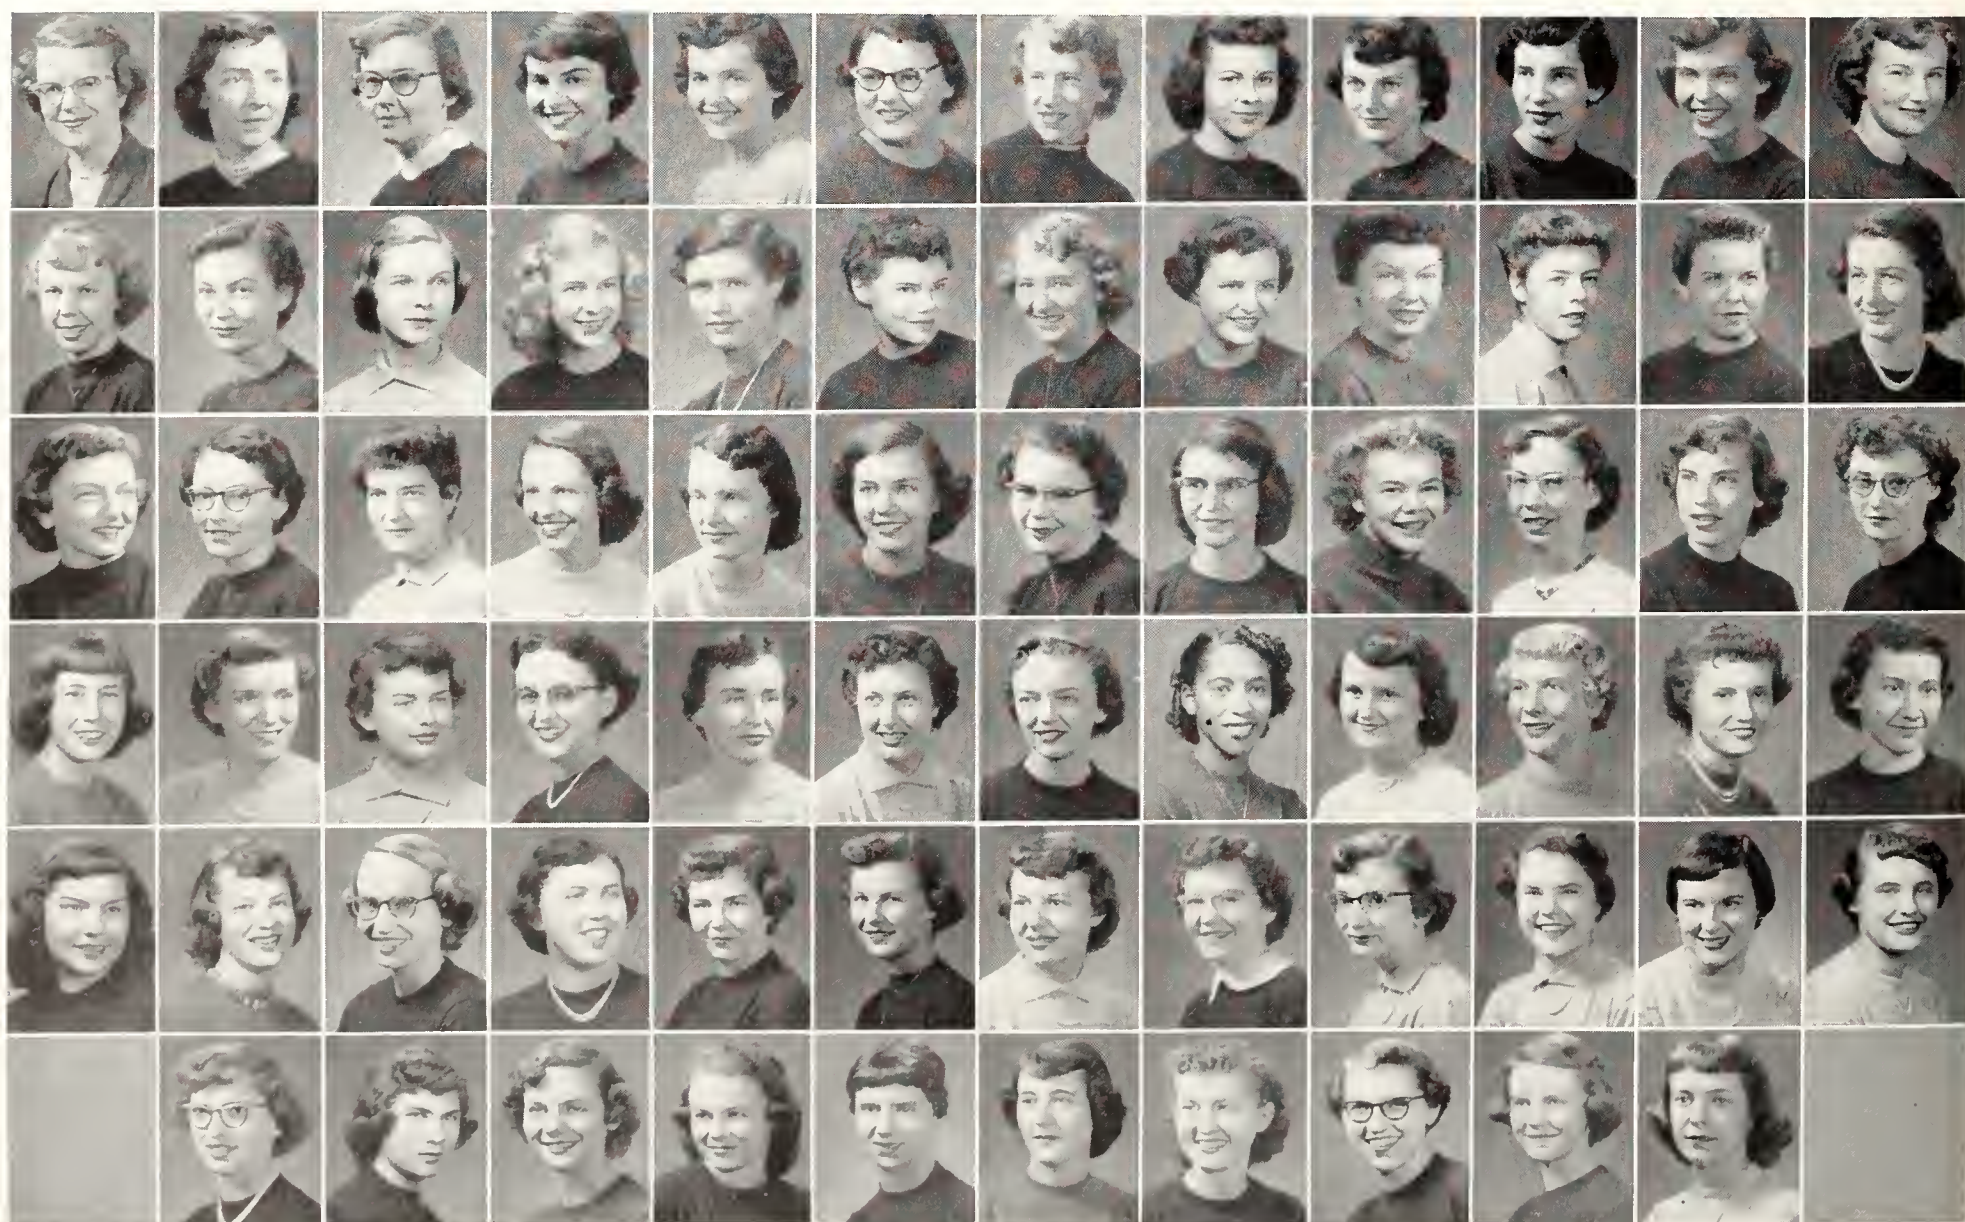

Northwest Hall

BECAUSE IT is usually their first home away from home, Northwest hall holds the spirit and enthusiasm of 208 freshman girls. Here they eat, sleep, study, have parties, and get to know each other.

In its third year of organization, Northwest has house rules and an elected group, the Tribunal, which enforces the rules. After using the trial and error method to find a workable type of organization during its first year in operation, Northwest has now settled down to a system with a written constitution.

Northwest residents have been busy socially, giv-

An extra large share of the campus royalty belongs to Northwest this year. Joyce Ashley was Pledge queen; Marleen Barthuly was AKL Mardi Gras queen; Kathryn Regier and Ruth Pickett were attendants to the Homecoming queen; Sandra Muel-

ler was second attendant to the Royal Purple queen; Bev Guinty was second attendant to the Military Ball queen, and Kathryn Miller was a finalist; De Aun Mackie was honorary Company Commander of Pershing Rifles; and Sandra Mueller, Jayne Lee, and Kathryn Regier were all candidates for St. Patricia at the Engineers' Open House ball.

Active on the campus, Northwest girls claim wide membership in Whi-Purs, the freshman pep club. Marilyn McCready was president and Virginia Duncan was secretary-treasurer. Girls also belong to K-

Group activities, as well, kept the girls busy. Residents competed in intramural girls' sports, and won honors in volleyball. A special project was a talent show, with proceeds going to the United Fund Drive. They also put up Homecoming decorations, and participated in the all-dormitory caroling program held in front of Van Zile at Christmas.

Thirteen of the girls living in Northwest are upperclassmen counselors, who help the freshmen girls adjust to college and dorm life.

President of Northwest this year was Jan Clowers. The new house director is Yvonne Yeater, and her assistant is Mary Jane Gibbons.

Walthheim Hall

WALTHEIM HALL, the only dormitory occupying an off-campus location, is well-known for its friendly and relaxed atmosphere. The 74 girls living here enjoy the comfort of individual apartments and study rooms. Walthheim girls won first place in girls intramural basketball, and worked together on a float which they entered in the Homecoming parade. At Christmas, instead of exchanging gifts with each other, they gave gifts to the American Legion to distribute to needy families in Manhattan. Social activities included hour dances, special dinners, a faculty

SISTER-DORM to Northwest is Southeast hall, which houses the 210 freshman girls and their counselors who live in rooms they have decorated themselves.

Southeast Girls

NOW A SISTER to Northwest hall is the freshman girls' dormitory, Southeast hall, which this year houses 210 girls. Some upperclassman girls lived there, of whom eleven were counselors for the freshmen. The freshmen dormitories are divided into counseling groups, one group for each counselor. These groups hold meetings about once a week in which they discuss many of the problems the freshmen face, from etiquette and dating to disliked professors and low grades. The counselors also help the girls with any personal problems the girls bring to them.

Bring Problems to Counsel Groups

Southeast is organized much like its older companion dormitory, Northwest, with a tribunal and a house council. The tribunal is composed of eight girls, who serve a nine-week term. It handles disciplinary problems, such as giving campuses to girls who successively come in late. The house council, which is made up of the dorm officers and a representative from each counsel group, decides on social activities and business to discuss at house meetings.

Girls from Southeast have been busy this year having hour dances, a Valentines party, and a spring formal. They celebrated Christmas in a big way by

having a Christmas formal, a party at which they gave gifts to their house directors and brought small gifts to give to Manhattan orphanages. They also participated in the all-dormitory Christmas caroling in front of Van Zile hall. During the year they have had many different kinds of dinners featuring the foods of foreign countries. Chinese, Swedish, Hawaiian, chuck wagon food, and a smorgasbord were included. The girls showed good team spirit when they went out for intramural sports. With freshman enthusiasm they were active in many campus organizations.

Southeast girls worked together on Homecoming decorations and entered a float in the Homecoming parade. This is the first year the dormitories have decorated independently for Homecoming.

Many campus activities and honors belong to Southeast this year. Bev Miller was Sweetheart of Sigma Chi and Sharon Talbott was her first attendant. Jolene Miner was a finalist for Military Ball queen.

This year's president was Sue Wallace and the house director is Mrs. Virginia Moore. Assistant director is Mrs. Clara Leonard.

In the fall after everyone had settled down into dormitory living, Southeast girls held an open house for parents, friends, faculty, and anyone who wanted to see the dorm. Southeast girls were especially proud of their rooms because they had chosen their own curtains and bedspreads. Some even made their own.

A faculty coffee hour once a week last fall was an occasion enjoyed by all who took part in it. An opportunity for the students and faculty to get better acquainted was presented when several faculty members were invited to the dorm each Wednesday afternoon.

Freshmen Frolic

Dorm days are happy days . . . and busy ones. Freshman girls eat, live, study, and sleep together. They even crown queens. At their Sweetheart ball, residents of Northwest nominate candidates, and from these they choose a queen to reign at the dance. Norma Mase, a counselor, was sweetheart this year. Meals are eaten in the spacious dining room in each dorm by residents and their guests.

West Stadium Revises Constitution

WEST STADIUM council's project for this year has been rewriting its constitution. The council, which is West Stadium's governing body and is composed of a delegate from each section of the Stadium, meets once a week and decides on social activities and governing policy. Social activities include one large social function, usually a dance in the spring, and hour dances. Members also participate in intramural sports. The boys entertain themselves by using the

many recreational facilities available in West Stadium lounge. They also have a swimming team, an orchestra, and other projects.

The Stadium, which was first occupied during the second semester of 1946, puts out a paper about once a month containing news of the residents. Paul Chalk, infantile paralysis victim, was president and Stephen Davol is director.

House of Williams in Its 14th Year

The HOUSE OF WILLIAMS is proud that this year is the fourteenth that the house has been organized at Kansas State. It's the oldest independent organized house on the campus. House of Williams also is the only one that has an active alumni association.

The school highlight of the year was a house party with the theme "Bill's Reno Room." Other social activities of the house are picnics, hour dances, participation in intramural athletics, and a dinner honoring the housemother. The house has nineteen members. Outstanding members include Paul Carr, varsity baseball team; Kenney Spicher, varsity wrestling team; and Bob Tointon, ISA president. The president was Paul Carr and the housemother is Mrs. K. M. Williams.

The nineteen members of Signa Phi Nothing headed their social calendar with their annual "Mark P. Medved Steak Fry," named after the past member who originated the occasion. Another social activity is the annual reunion. The Signa Phi Nothings publish a yearly paper which keeps the alumni informed on happenings in the active chapter. For this paper each member writes a story about his roommate.

Other activities of the chapter are hour dances, exchange dinners, and participation in all intramural sports.

An outstanding member is Signa Phi Nothing president Arland Hicks, who is a member of the Tribunal, Sigma Tau, Phi Kappa Phi, and was Engineers' Open House chairman. John Ladesich was also a Tribunal member.

The housemother is Mrs. Julia Schimmels and the president was Arland V. Hicks.

Signa Phi Nothing was founded by World War II veterans in the fall of 1946.

THIS YEAR'S social calendar of La Fiel included such activities as Thanksgiving and Christmas dinners, birthday parties, a Christmas party, and picnics for girls in the house. One of their projects for the year was giving a box of food to a needy family at Christmas. Members belong to the College chorus, A Cappella choir, Purple Pepsters, ISA, Frog Club, church organizations, Business Students association, Collegiate 4-H, FTA, and Home Ec Extension club. Two of the girls were judges at 4-H events and two took part in intramural volleyball. La Fiel was organized in 1942. Mrs. E. E. Rogers is housemother and Allene Wenger was president.

A feeling of close companionship is often promoted by the atmosphere of a small organization. Maison-Elle is such a group. With only three members, Maison-Elle is the smallest organized house on the campus. Two of the members are in church organizations and one is on the staff of Who's Whoot, the 4-H magazine. Mrs. Mattie A. Cassity is housemother.

MAISON-ELLE—Miss Mattie A. Cassity, Lela Don Fox, Mary E. Gilliland, Ann M. Robinson.

Hills' Heights, which two years ago became a boys' organized house, has twenty-one members this year. Besides the usual week-end dates and parties, along the social line, an exchange dinner was held with Clovia. Members of Hills' Heights belong to the College band, Collegiate 4-H, College chorus and Phi Kappa Phi. They also participated in intramural basketball. Melvin Besthorn was president the past year. The housemother is Mrs. W. H. Hills.

HILLS' HEIGHTS—TOP ROW: Mrs. W. H. Hills, Russell Bemis, Louis C. Burmeister, Melvin A. Besthorn, Harold E. Brune, Kenneth W. Cales, Larry Connor, Fred E. Carra, Lawrence R. Doran, Roger L. Douglass. Live Off Campus

THE FOURTEEN RESIDENTS of the Men's Graduate House have little organized social activities because their common aim is to further their education by doing graduate work at K-State. They do have one annual party which is a Christmas party, sponsored by the housemother for the members. Men's Grad House was reorganized in 1951, after stopping operations during the war. Residents of this house remain there for the entire year which is not true of many of the other organized houses. The housemother is Mrs. Pearl Power and the president was Ben Simmons.

One of the first men's houses to be organized, the House of Jerichos has nine members this year. A picnic in the fall and spring are included in the social plans. Members are active in several organizations on the campus. Mrs. Nell Ingraham is housemother and Delbert Johnson was president.

Acropolis operates under the committee system and elects its members. Members this year are proud of the fact that they won their independent bracket in intramural basketball. As a social activity they hold an annual Parents' Day picnic in the spring. Members belong to Phi Lambda Upsilon, K-State Christian Fellowship, Disciple Student Fellowship, Alpha Zeta, and Gamma Sigma Delta. One member received a Senior Leader award last spring. Mrs. Ethel Stockwell is housemother and John Kiddoo was president.

CLARK'S GABLES was awarded the Amicossembly scholarship cup for the highest grade average among the independent organized houses in 1953. This house, which was organized in 1941, had seven members this year. Social activities for this year included a hayrack ride in the fall, a Christmas dinner, and a Senior dinner in the spring. The members are active in many campus and church organizations. The housemother is Mrs. Edith M. Clark and the president was Marilyn Heikes.

The Social Whirl

The Independent Students association each year sponsors activities and projects for the non-Greek students on the campus. Their biggest social event of the year was the Sweetheart ball in April, at which they crowned the 1954 ISA Sweetheart. Bob Tointon was president. Other organized groups also have hour dances, parties, and informal relaxation.

INDEPENDENTS (right) belonging to ISA meet in the Union to plan the Sweetheart ball. HOUR DANCES (lower right) like this one between Waltheim and Sigma Chi are familiar to all. RECREATION (below) in the dorm basements provides entertainment and relaxation for girls and guests.

TEATIME at Southeast (above) brings parents and faculty to visit. VACATION over, bags are stored (left). VAN ZILE phone booth (center) is a popular place.

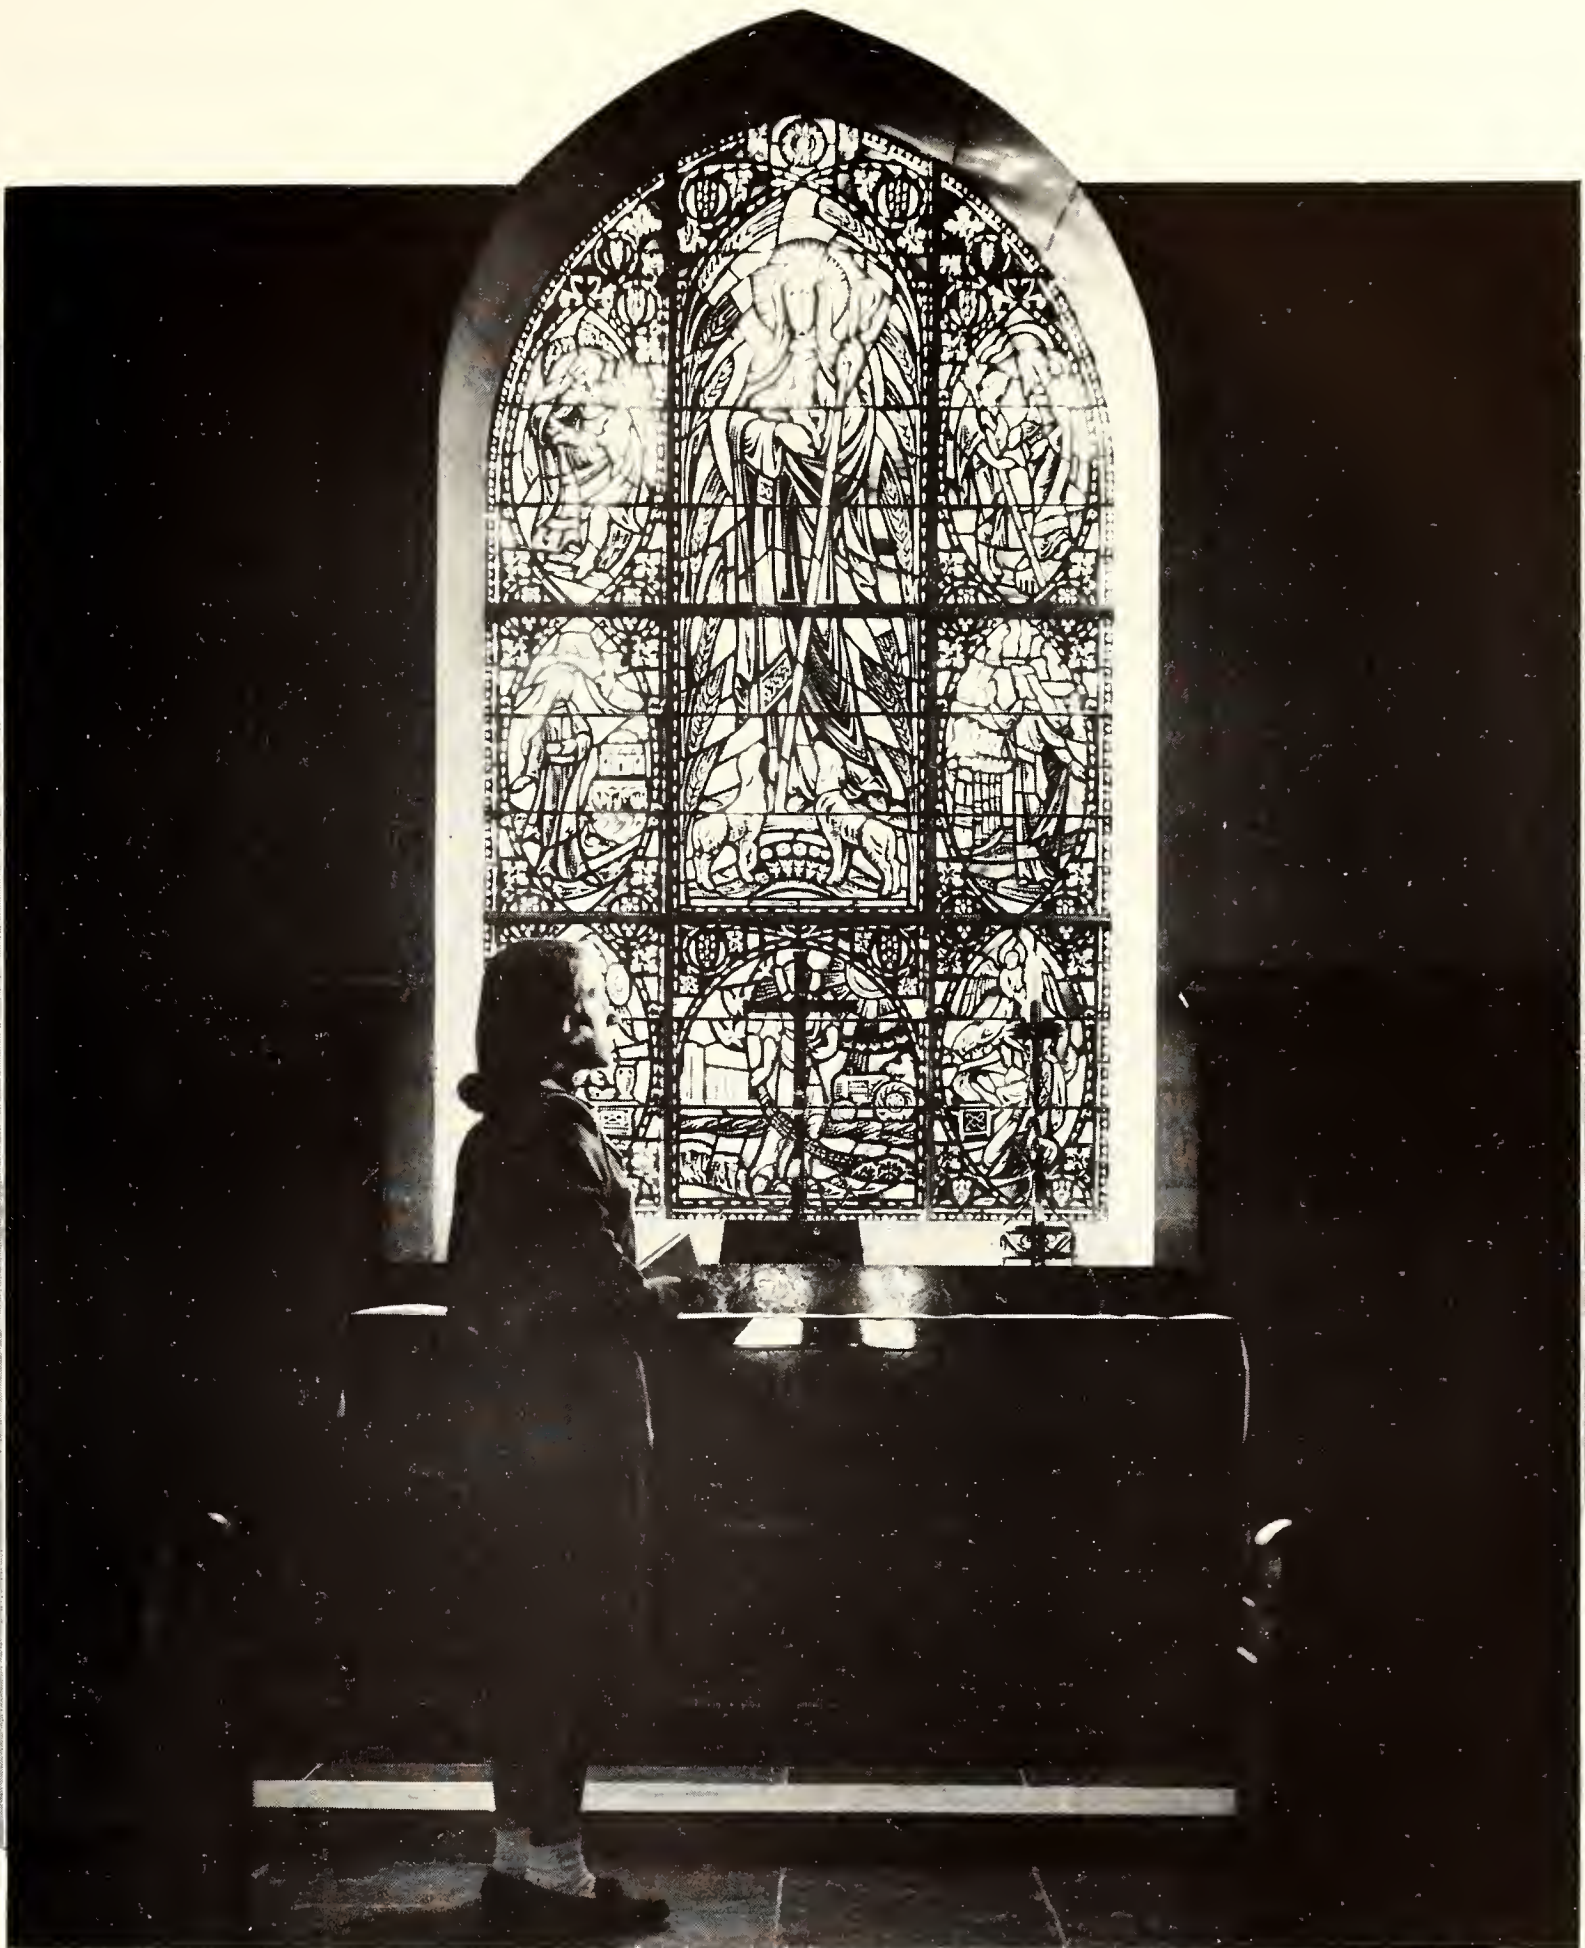

Dorm Doin's

Planned by the residents and the directors, dorm activities are varied and educational. Teas teach the girls to be good hostesses and give them valuable experience in entertaining guests. In the formal or informal contacts, such as waiting for the phone, the girls learn to get along with each other.

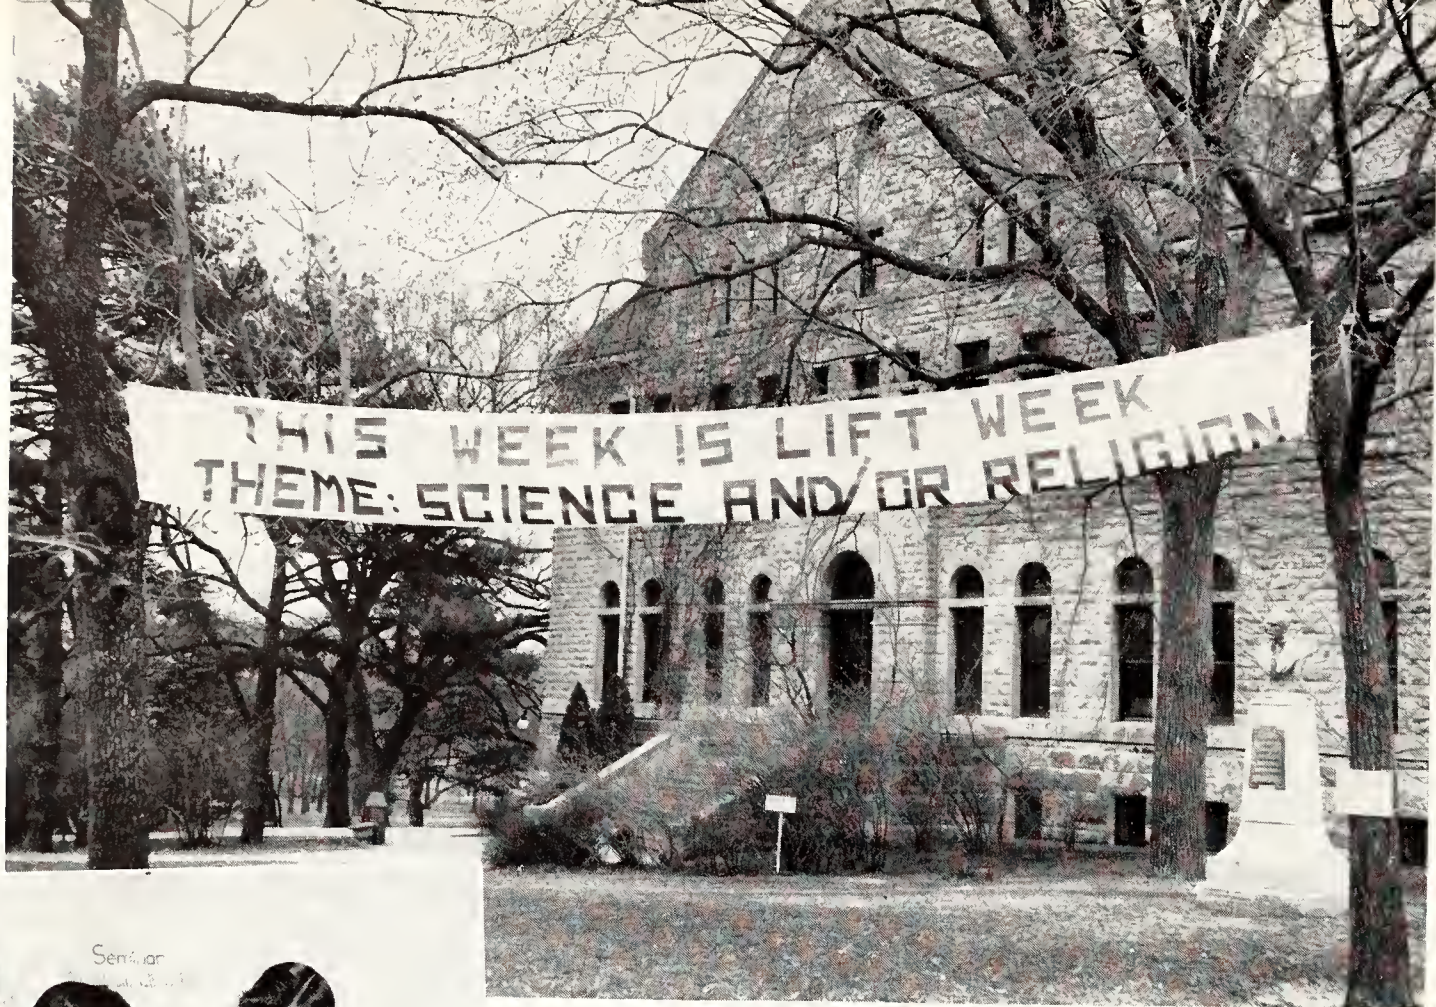

DORM DIRECTORS Mrs. Virginia Moore (left) of Southeast, and Miss Yvonne Yeater (right) of Northwest, are both newcomers to the Kansas State campus this year.

A sense of serenity and wonderment can be felt in Danforth Chapel, the center of religious life on the college campus.

Religious

LIFT WEEK banner (above) tells all who pass that this week is religious emphasis week and the theme is Science and/or Religion. CHAIRMEN (left) of LIFT Week were Herb Pifer, YMCA executive secretary, Betty Hoskins, and Carl Karst.

I Believe.....

Once a year students are asked to stop and evaluate their religion, to question it, learn others' beliefs, and to revitalize their own. This time of religious emphasis is called LIFT Week. Speakers of all faiths are brought to the campus to talk to and to answer questions of faculty and students at seminars and meetings.

COMMITTEES and speakers (left) meet and eat in the Cafeteria. SEMINARS (lower left) in organized houses like this one in the Delt house, give students a chance to ask personal and specific questions. SKEPTICS HOUR (below) is held in Calvin lounge.

YWCA Members Unite to Serve Others

ORGANIZED AT K-State in 1907, the Young Women's Christian Association is one of the oldest organizations on campus. YWCA's creed is: "We unite in the desire to realize the full and creative life through growing knowledge of God, and to have a part in making this life possible for all. We seek to understand and follow Jesus."

Special activities include the annual Y-Mart, Y-Knot Frolic, Christmas caroling to Manhattan shut-ins, and tea dances and shows at Ft. Riley. Ruth Ann Waller was president. Dolores A. Potts is staff director.

Y-ORPHEUM, the all-College variety show, is sponsored by the Young Men's Christian Association. The group also sponsors the Easter assembly and participates in LIFT Week activities. Weekly meetings are held in which members discuss effective citizenship, racial understanding, the Bible, international understanding, and dates and mates.

During the year the YM sponsored folk and square dance instructions for students. Twice a month the YM holds meetings with the YWCA. Jim Bascom served as president. Herb Pifer is the executive director.

Newman Club Serves K-State Catholics

THE NEWMAN CLUB is an organization of Catholic culture and Catholic fellowship which fosters the spiritual, intellectual, and social interests of the Catholic student at Kansas State. All Catholic students are eligible for membership. The group now has 505 members.

Newman clubs are organized in non-Catholic colleges and universities in the United States and Canada to promote spiritual fellowship among Catholic students. The K-State Newman club was organized in 1912.

The club name of Newman is in honor of John Henry Newman, a cardinal in the Roman Catholic

church in England during the nineteenth century.

The club has regularly scheduled coffee hours, mixers, and meetings. The group participates in College intramural activities. A club banquet and a picnic are held in the spring. During Lent, members conduct Mass in the chapel. An annual retreat is held the second semester. One Sunday every month club members rise early and meet in the basement of the Seven Dolors church to have breakfast together. They also meet once a month for a Sunday morning coffee hour.

Phil Howe served as president. J. P. Callahan is faculty sponsor.

Lutherans Sponsor Foreign Student

LUTHERAN STUDENTS association is one of the 125 similar organizations on campuses throughout the United States. It has been on this campus 15 years. The 70 members are primarily students belonging to the National Lutheran Council of Churches. They meet every Sunday evening to discuss student interests and problems. The association sponsors a Latvian student in college. "To strengthen and encourage Lutheran students as well as others desiring to participate in its activities in a more meaningful Christian life" is the purpose of the group. Carl Karst was president and Inez Ekdahl and Melvin Osburn are sponsors.

KNOWLEDGE AND SERVICE" is the motto of Gamma Delta, Lutheran religious group. Mu chapter encourages and maintains a spirit of Christian fellowship and endeavors to make the scriptural view a greater influence on the campus and in the lives of students. A national project is the raising of money to send a medical missionary to school, while the local project is instruction in the ceremonies of the Lutheran church. Activities of Gamma Delta include a student choir, picnics, and services every Thursday in Danforth chapel. There are 60 members this year. Harold Holl was president and William F. Baehr is faculty sponsor.

Presbyterians Give Scholarships

WESTMINSTER FELLOWSHIP is an organization of Presbyterian students. Each semester the group gives an \$80 scholarship to a needy student. At Christmas the 215 members fix Christmas baskets and distribute them to needy families. The fellowship also helps support the Buckhorn mission in Buckhorn, Ky. Every Sunday morning a coffee hour is held and in the evenings the group conducts a worship service. Bible studies are held during the week. Westminster Fellowship owns Camp Alta Vista near Colorado Springs, and each summer a group of college men and women go there for a week's vacation. David Schoneweis was president. The student pastor is Rev. A. Myrvin DeLapp. Paul Sanford is faculty adviser.

PHI ALPHA, men's Presbyterian group, this year had many work parties and redecorated the Westminster House basement. The group also provided ushers for church services and furnished transportation for the Westminster Fellowship group. The purposes of Phi Alpha are to provide Christian fellowship among Presbyterian men; to establish contacts with men newly enrolled in college; to strive to attain a high standard of Christian life and conduct by making the principles of Jesus more real; and to provide religious training and wholesome social life to make members stronger and more efficient men of the church. Clair L. Seglem was the president. Faculty sponsors are the Rev. A. Myrvin DeLapp and Tom Avery.

Kappa Beta's Watchword is "Service"

DISCIPLE STUDENT FELLOWSHIP provides the setting for Christian growth of young men and women while at K-State. The group's purpose is to encourage Christian men and women through Sunday School, evening meetings, social functions, and Bible study groups. There are 125 members.

The local DSF has been an active and growing organization for 25 years. The group entertained soldiers one Saturday evening at the Manhattan Community center and brought a child from the Colorado Christian home for Christmas. Members get leadership experience by serving on gospel teams in Kansas churches. Gerald Rousseau was president. Faculty sponsor is J. O. Elliott. Walter Abel is minister to students.

KAPPA BETA is a religious sorority for all college girls who affiliate with the activities of the Disciples of Christ church. "Service" is the watchword of the group. Kappa Beta maintains the Disciple Student Foundation at 1633 Anderson. The Foundation is the scene of many informal gatherings for ping-pong or checkers, as well as many discussions and Bible study groups. On Band Day last fall the members set up a concession stand to earn money for group projects.

Kappa Beta was founded nationally in 1911, at the University of Illinois. In 1952, Kappa Beta was incorporated as a part of the national Disciple Student fellowship. Ramona Dudley was president of Kappa Beta. Faculty sponsor is Gwendolyn Tinklin.

Wesley Foundation Serves Methodists

THE WESLEY FOUNDATION was organized in 1916 to provide a place for worship, recreation, religious education, and fellowship projects for Methodist students.

The Wesley Singers furnish the choir for church services and the Wesley Players present religious

dramatics. Students do the custodian work at the Wesley Center. The Center is open to all students each day until late in the evening for informal discussion and informal recreation. Robert Kennedy was president and faculty sponsors are Rev. B. A. Rogers and Rodney W. Babcock.

Many Faiths Active on Campus

THE PURPOSE OF B'NAI B'RITH HILLEL Counselorship is to foster religious, social, and cultural activities among Jewish students at Kansas State. The only requirement for membership is affiliation with the college and the faith.

The group, which has been a campus organization for eight years, is a local organization affiliated with the National B'nai B'rith Hillel foundation. The 30 local members sponsor religious services and cultural meetings. Gordon Grosh was president. Max Milner is faculty sponsor.

THE KANSAS STATE CHRISTIAN FELLOWSHIP gathers used clothing and toys for a children's home in Colorado Springs. KSCF is an inter-denominational

group affiliated with the national organization, Inter-varsity Christian fellowship. The Kansas State group was organized in 1946. It now has 35 members.

"To Know Christ and to Make Him Known" is the KSCF motto. There are no formal requirements for membership. The Inter-varsity Christian fellowship sponsors Christian camps in Canada, California, and Colorado. It also sponsors Bible study conferences during Christmas vacation, and International Students' Conference during summer vacation.

Kansas State Christian Fellowship sponsored Bible studies, religious movies, a caroling party at Christmas, and picnics. Elwin McCoy was president. Herman Smith is faculty sponsor.

All Faiths Worship in USF

“HER CANDLE GOETH NOT OUT BY NIGHT” is the motto of Sigma Eta Chi, Congregational sorority. Sigma Eta Chi is a group in which spiritual development may advance in harmony with education so that the women of the church of the future may be both broadminded and loyal.

The national organization was founded at Ohio State university in 1923. K-State's Iota chapter was founded in 1944, under the leadership of the Rev. Charles Brewster and Mrs. L. E. Call. This year Sigma Eta Chi has 27 members. A national project is supporting the Lotts Creek Community school in Kentucky. The local chapter sends Christmas gifts, clothing, and money, to underprivileged children, and helps support a missionary. Marilyn Egger was president and Eileen Roberts is faculty sponsor.

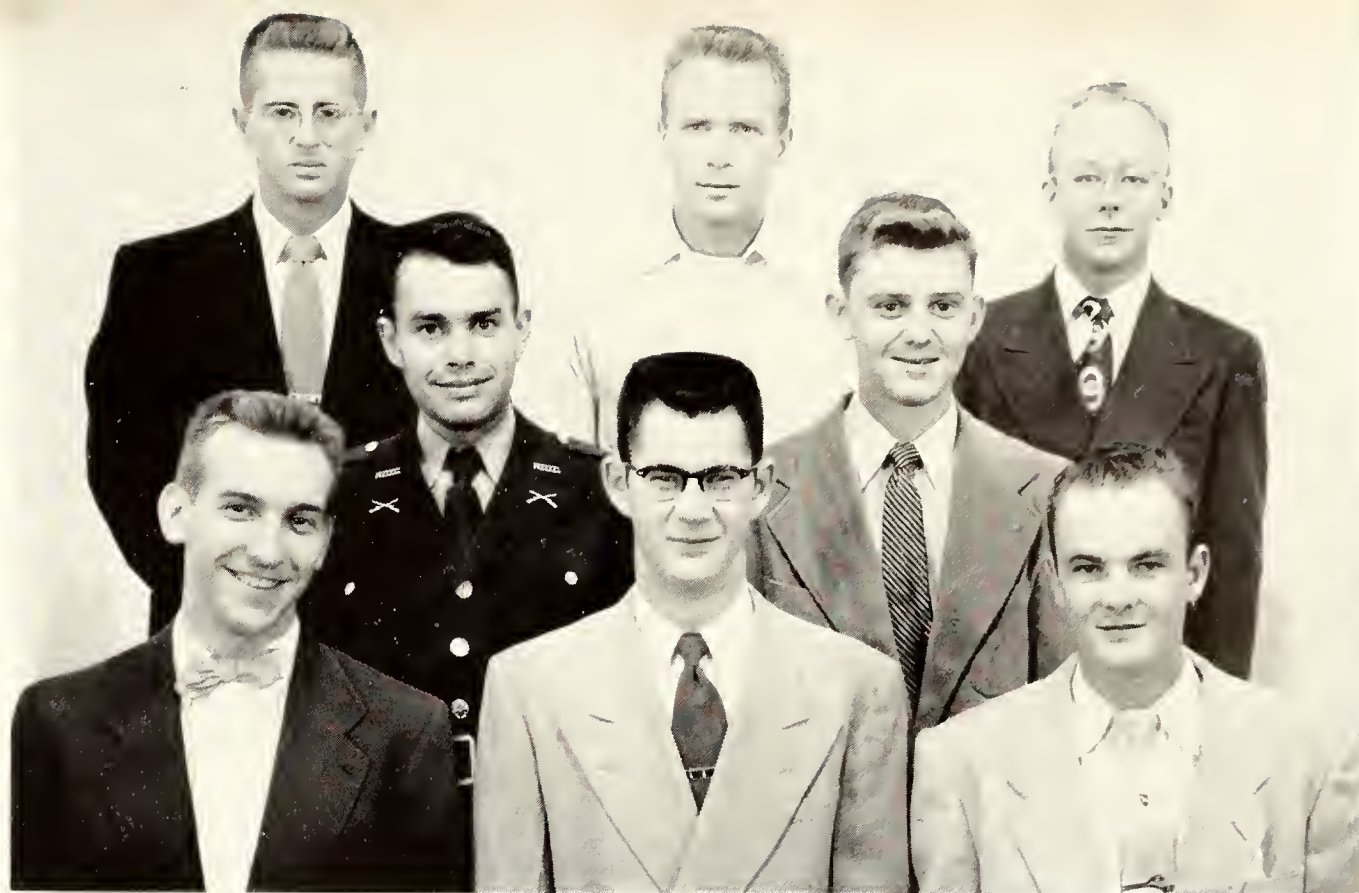

UNITED STUDENT FELLOWSHIP provides Christian fellowship for all college students regardless of faith. The group meets Sunday evenings for religious discussions and programs.

United Student Fellowship entertained foreign students and had them take part in discussions, several becoming members of the group. Meetings included lectures, panels, square dancing, parties, movies, picnics, and a booth at the Arts and Sciences carnival. A Thanksgiving party was held for 18 first and second graders, mostly underprivileged children, and each child was given a present. Last fall the group collaborated with DSF to hold a noon service at Danforth chapel during World Week of Prayer and World Fellowship. Kathleen Kelly was president and Jack Northam is faculty sponsor.

Council Sponsors LIFT Week

THE BOARD OF JUNIOR DEACONS of the Christian church is composed of junior deacons chosen from the student body to serve as deacons of the First Christian church in Manhattan. To be elected to the group, college men must be members of the church and must be voted upon by the group.

The purpose of the group is to further churchmanship among college men. This is accomplished through service as deacons and by religious training at monthly meetings. During the year the junior deacons help take care of the Disciple Student Foundation.

The group helped sponsor a Christmas vacation for a child from a Colorado orphanage.

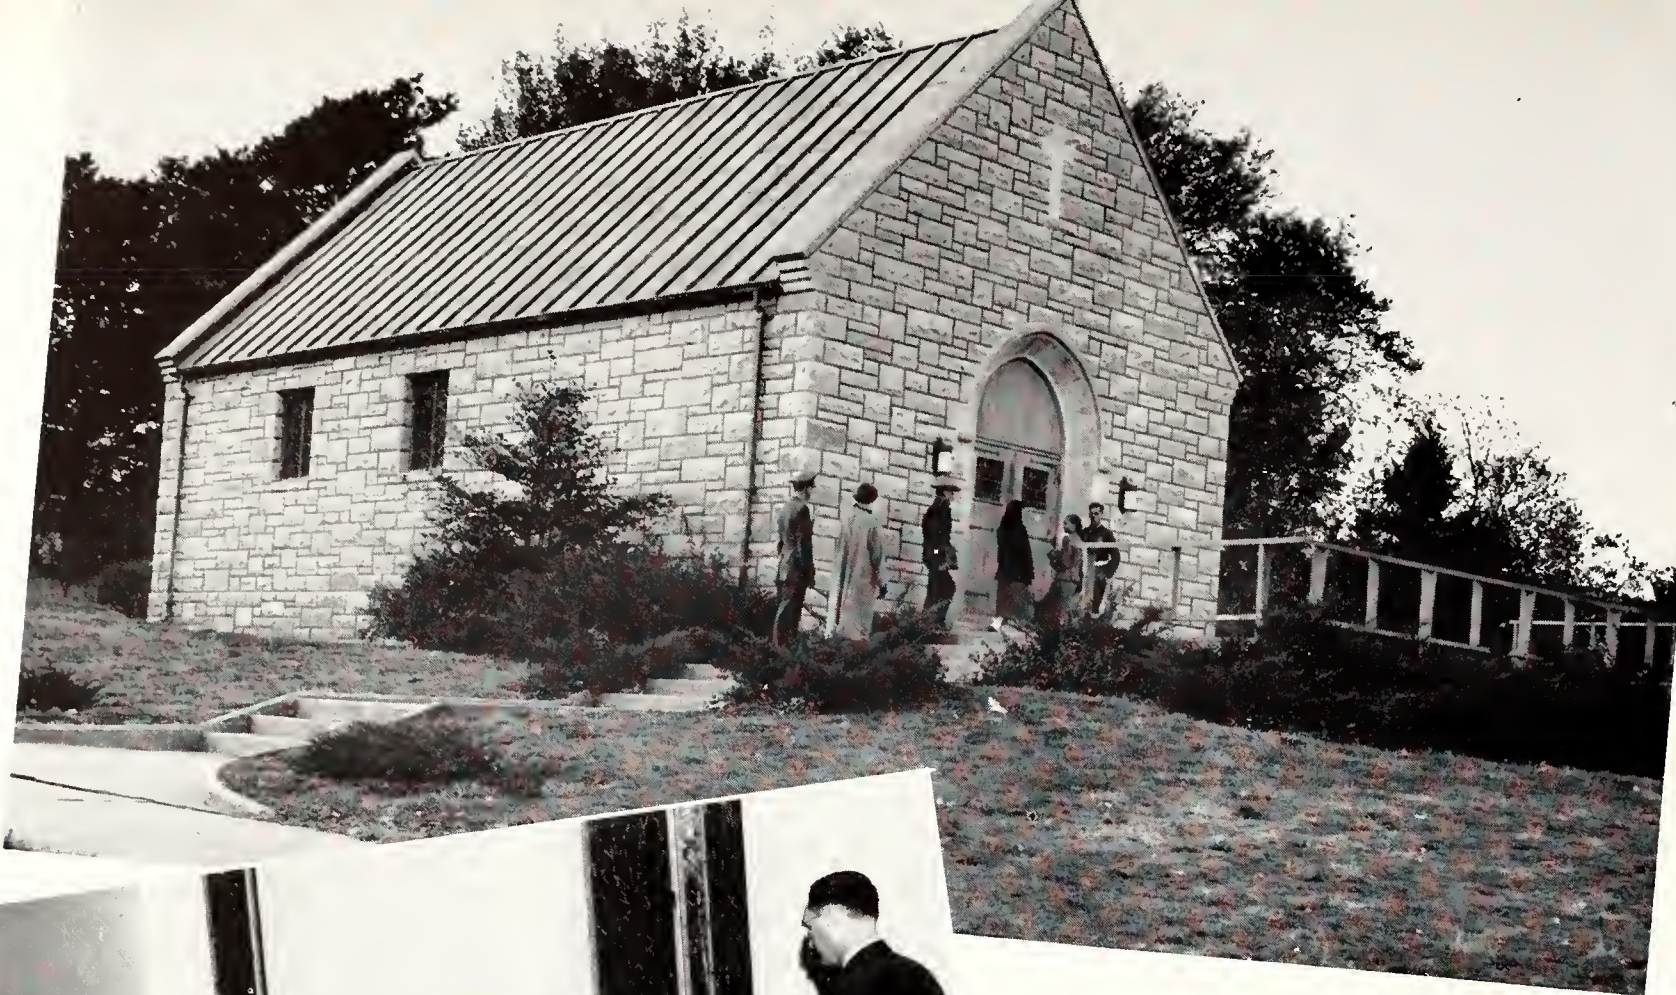

LIFT WEEK IS SPONSORED each year by the Religious Coordinating council. The council, composed of members from the 14 different religious groups on the Kansas State campus, integrates and coordinates the religious activities of these groups.

The Religious Coordinating council was reorganized two years ago as a committee of the Student Council. However, representatives on the council are elected by the individual church groups.

In addition to LIFT Week, the council sponsored World Week of Prayer the second week in November. Charles Amstein was president, and Rev. A. Myrvin DeLapp, Gwen Tinklin, and Milton Raville are sponsors.

....Amen

Every student at Kansas State has a church to attend, for the College is the center of 22 religious student groups of ten different denominations. These groups hold regular meetings, devotional services in Danforth Chapel, social mixers, and most have a philanthropic project.

Y-MART (lower left) in Rec Center is sponsored each year by the YWCA. **SWING YOUR PARTNER** (below) shouts the caller as he calls steps for the Gamma Delta square dance at the Community House for Ft. Riley soldiers.

Members of honorary organizations, like Mortar Board, are recognized for their scholarship, leadership, and character.

Honoraries

Honor Key Awarded to 32

THE HIGHEST SCHOLASTIC HONOR that can be received on the Kansas State college campus is election to Phi Kappa Phi. Equivalent to Phi Beta Kappa, this national scholastic honorary was established at K-State in 1919. Each semester the organization rec-

ognizes the upper ten per cent of the seniors in each school. Thirty-two were elected to Phi Kappa Phi for the fall 1953-54. Outstanding freshman scholars are honored each year by the Phi Kappa Phi Freshman Recognition award.

34 Are Named Senior Leaders

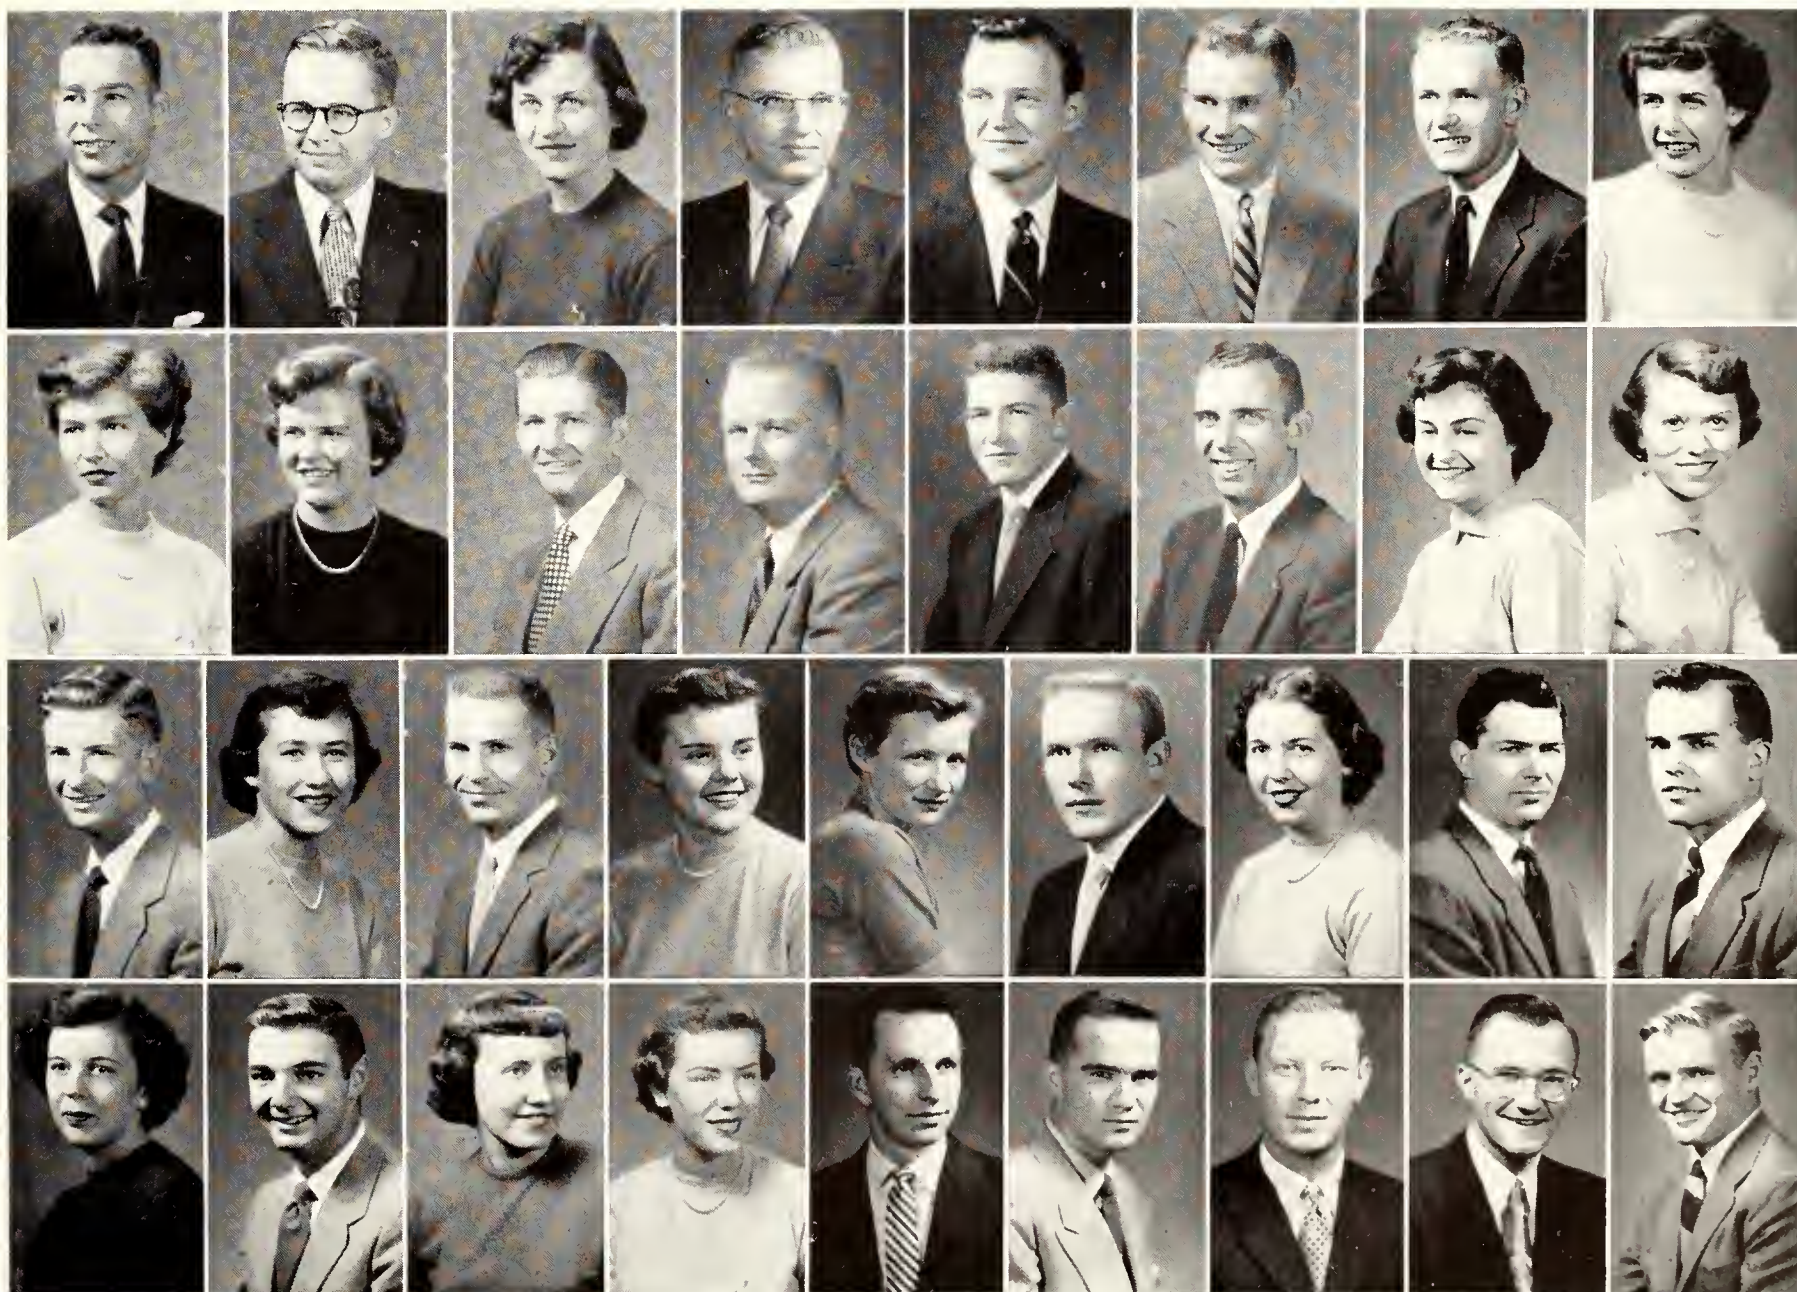

OUTSTANDING SENIORS of the class of '54 were honored in an all-College assembly May 4. These 34 seniors, who will graduate in May, August, or January, represent the upper 3 per cent of the senior class in each school. The Senior Leaders are selected by a nine-member committee, on a scale counting 60 per cent for activities and 40 per cent for scholarship.

Inaugurated last year, the local Senior Leaders system replaces the national Who's Who in American Colleges and Universities. Helen Elcock was chairman of the election committee.

OFFICERS of the 1954 Senior Class were Betty Taylor, secretary; Andy Galyardt, vice-president; Ken Gowdy, president; Harold Reed, treasurer.

Senior Honoraries

THE TOP ALL-SCHOOL national honoraries are Mortar Board for senior women, Blue Key for senior men, and Chimes for junior women. All three organizations, which perpetuate their own membership, choose new members on the basis of high scholarship, outstanding leadership, and good character ratings.

Publicized K-State

Mortar Board, in conjunction with Blue Key, publicized K-State to high school students by sending students with faculty teams which visited Kansas high schools.

This is the first time a student organization has been able to sponsor representatives on these trips. A plan was initiated to interest other students in appearing before their home high schools to talk about K-State.

The twelve Mortar Board members also sold the traditional mums at Homecoming last fall. Profits were used to finance the group's service projects.

The purpose of Mortar Board is to provide for cooperation between senior honorary societies for women, to promote college loyalty, to advance the spirit of service and fellowship among university women, to maintain a high standard of scholarship, and to stimulate and to develop a finer type of college woman.

CHIMES—TOP ROW: M. Blythe Guy, Bonnie R. Hofman, Sally J. Doyle, Janice L. Sis. SECOND ROW: Mariellen Jones, Phyllis A. Conner, Golda M. Crawford, Martha Nell Carter, Betty S. Hoskins. BOTTOM ROW: Jane E. Compton, Karolyn King, Ruth A. Waller, Jane Larson.

Promote K-State

Junior women with a minimum grade average of 1.8 who are outstanding in campus activities, may be eligible for membership.

Has scholarship dinner

A scholarship dinner is held each fall and the three sophomores with the highest grades during their freshman year are honored. This fall these girls were Rachael Schoneweis, Ardith Alford, and Mary Lou Deal. Mrs. K. F. Bascom was the banquet speaker. Another service project is the awarding of a \$100 scholarship each year to a deserving college girl.

Other activities included a dinner with Blue Key, hostessing at the Shakespeare dinner, and attending a regional conference at KU in February.

Irlene Rawlings was president, and Gertrude Lienkaemper, Mrs. Phil Sorenson, and Mrs. John Helm, are sponsors.

Blue Key Sponsors Homecoming

Each year members of Blue Key help with the Homecoming celebration by planning the Ball and presenting the queens.

Blue Key also worked with Mortar Board in sponsoring students on high school visitation trips with faculty teams. This year it was Blue Key's turn to have a dinner for Mortar Board members.

The group, which traditionally has 13 members, chooses men who rank high in activities and scholarship on the K-State campus.

The national organization was founded at the University of Florida in 1924, for the purpose of recognizing outstanding men students on college campuses and to form them into service groups. "Serving, I live," is the motto of Blue Key.

Lloyd Orsborn was president of Blue Key this year, and President James A. McCain and William Kimel are faculty sponsors.

Chimes chooses juniors

Outstanding junior women may be elected to Chimes. Members must have a minimum grade aver-

age of 1.8 and must have shown qualities of leadership and service to the College.

"To lead with knowledge, to follow with intelligence, to seek the worthwhile in life," is the motto of the group.

Chimes is now in its second year on the Kansas State campus. Formerly, the junior honorary organization was Prix. The local Chimes chapter is the fourteenth in the nation.

Help with Orientation

Chimes participates in services to K-State, such as helping with freshman orientation, conducting visitors on tours, and handing out programs at assemblies. The group also plans a service project and a money-raising event. In addition to these, the 13 members have business and social meetings, dinners, and parties.

Bonnie Hofman was president this year, and Golda Crawford is faculty sponsor.

OMICRON NU—TOP ROW: Dorothy A. Larery, Corine J. Hamilton, Carolyn A. Pretzer, M. Betty Criger, Grace L. Plyley. SECOND ROW: Diane M. Vadnais, Virginia L. Shepherd, E. Carolyn Olsson, Irene M. Rawlings. BOTTOM ROW: Jane E. Compton, Eleanor H. Hoesli, Ann G. Eshbaugh, Helen J. Beam, Bonnie R. Hofman.

Sigma Tau Maintains K-hill "KS"

OMICRON NU, home economics honorary, chooses its members from the upper scholastic percentages of the junior and senior classes. The 14 members honor top-ranking students in home economics at scholarship teas. Ann Eshbaugh was president and Nina M. Browning is sponsor.

ALPHA ZETA is a professional fraternity in agriculture honoring scholarship, fellowship, character. The group has meeting programs of agricultural and educational interest, and provides ushers for the Little American Royal. Each semester the group has an initiation banquet. Chancellor was Winston K. Goering. Faculty advisors are Merton Otto, chairman, Paul M. Sanford, and Leigh Baker.

SIGMA TAU, honorary engineering fraternity, sponsors St. Pat's prom. Members are chosen from the upper one-third of junior and senior engineers on the basis of scholarship, practicability, and sociability. The organization maintains the white letters "KS" on K-hill. Ernest Rempe was president and L. V. White is sponsor.

PHI ALPHA MU is the women's scholastic honorary in Arts and Sciences. The upper 15 per cent of junior and senior women are eligible for membership. The 45 members give a tea in the spring for sophomores and juniors who will be eligible the next fall. Janet Marshall was president, and Golda Crawford, sponsor.

Honoraries Require

AN HONORARY recognizing outstanding mechanical engineering students is Pi Tau Sigma. Members are chosen from the upper 33 per cent scholastically of the senior class, and the upper 25 per cent of the junior class. Pi Tau Sigma was founded at the Universities of Illinois and Wisconsin, in 1916, and started at K-State in 1939. The engineers' reading room on the third floor of the engineering building is maintained by club members. Bob Graham served as president. Robert E. Crank is sponsor.

TAU SIGMA DELTA captured third place for its float in the Homecoming parade. Students in architecture and architectural engineering who have finished three-fifths of their college work and rank in the upper 20 per cent in their curriculum are eligible for membership. Group projects included rebuilding of drafting tables in the department, sponsoring architecture movies, and editing a 1954 architectural yearbook. Chapter master was Howard Harrenstien and faculty sponsor is John F. Helm.

THE LABOR-MANAGEMENT Roundtable is sponsored each Spring by Alpha Kappa Psi, professional business fraternity. Requirements for membership in the group are a 1.75 grade average for two semesters and approval by the active members. Alpha Kappa Psi was founded in 1904 at New York university. K-State's Alpha Omega chapter was formed in 1933. In addition to professional meetings Alpha Kappa Psi sponsors picnics, banquets, and dances for its members. Ben Coffin was president and Conrad Eriksen and Norman French are faculty sponsors.

TAU SIGMA DELTA—TOP ROW: Howard Falick, Charles L. Marshall, Roberto U. Lampo, Margot Lampo, William R. Edmonds, Robert R. Reed, Don Hostetler, Walter G. Steiger. SECOND ROW: Edwin J. Drimmel, Donald D. Goertz, William B. Hale, Virgil H. Snell, Woodrow M. Wilson, Tumice K. Blair, Chet Zdunek. BOTTOM ROW: Milton A. Roth, Howard P. Harrenstien, Austin R. Way, Lewis A. Rightmier, Al Karetski, Chas. J. Burton, Chas. R. Carlson, Robert M. McCulley.

High Grade Average

THETA SIGMA PHI, honorary fraternity for women in journalism, annually brings an outstanding woman in journalism to the campus to speak at the group's Matrix Table dinner, attended by more than 200 women from all over the state. The group also gives a coke party for new girls in journalism. To be eligible for membership, a woman has to meet scholastic requirements and be outstanding in journalism activities. Kathleen Kelly was president, and Helen Hostetter is faculty sponsor.

Mu Phi Epsilon, national women's music honorary, awards a scholarship to an outstanding freshman woman in the music department each year. "Music, Friends, and Harmony" is the motto of Mu Phi Epsilon, which is celebrating its golden anniversary this year. It was founded at the Cincinnati conservatory in 1903. Music majors or minors with a 2.00 grade average are eligible to become members. The group has six members. Gwen Emel served as president. Clarice Painter is faculty sponsor.

Sigma Delta Chi, professional journalism fraternity, had Frank Noel, Associated Press photographer who was a Korean War prisoner, as guest speaker at a dinner last fall. The April Fool edition of the Collegian is the annual project of SDX. Gregg Borland was sent to the national SDX convention in St. Louis last fall. Journalism picnics are co-sponsored by Sigma Delta Chi and Theta Sigma Phi. Bob Lawrence was president, and C. J. Medlin is sponsor.

THETA SIGMA PHI—TOP ROW: Sally J. Doyle, Diane M. Vadnais, Sue R. Shirling. SECOND ROW: Nancy Rittenoure, Janet E. Marshall, Winnie Clark, Helen P. Hostetter. BOTTOM ROW: Elizabeth Horridge, Kathleen Kelly, Marie Winkler.

PHI MU EPSILON—TOP ROW: Nancy R. Leavengood, Nadine M. Salmans, Patricia L. Davies. SECOND ROW: Edith L. Schmid, Narvelle B. Oglevie. BOTTOM ROW: Jane E. Compton, Mary B. Hauer, Gwen R. Emel.

SIGMA DELTA CHI—TOP ROW: Carl Rochat, Gary W. Swanson, Bert Cross, Stan C. Burnette, Herb L. Lee, C. J. Medlin. SECOND ROW: Bob M. Lawrence, W. Lee Ruggels, Merrill E. Samuelson, Dick P. Myers, Sam H. Logan, R. Don Alexander. BOTTOM ROW: Bill E. Chisham, Ken D. Nicholson, Harold L. Myers, Robert D. Ecklund, Oren E. Campbell, Paul De Weese.

PHI LAMBDA UPSILON—TOP ROW: Gerald D. Miller, Donald G. Kundiger, Roy E. Beauchene, Paul V. Peurifoy, Ernest A. Ikenberry, C. H. Whitnah, F. C. Lanning. SECOND ROW: Donald D. Wheeler, Frank C. Andrews, Jack M. Selby, Alfred T. Ericson, Benjamin A. Simmons, Karl Altai, B. L. Mickel. THIRD ROW: Guy B. Homman, Donald W. Emerich, Elwin Ovist, Huey Pledger Jr., Clarence H. Suelter, Frank A. Moore, Paul K. Conn. BOTTOM ROW: Willard S. Ruliffson, Ralph E. Guerrant, W. G. Schrenk, Richard E. Hein, Morris P. Grotheer, A. D. Berneking, R. S. Pearson.

ALPHA MU—TOP ROW: Bert L. Curry, Ronald K. Watson, Byron S. Miller, John A. Johnson, Floyd F. Niernberger, Rex Hubbard. SECOND ROW: C. J. Gundelfinger, Peter Patchin, L. Neal Atkinson, John R. Pedersen, Thomas D. Machin, Gerald D. Miller. BOTTOM ROW: Robert L. Melroy, Hans V. Hungerbuehler, Harry C. Kaper, E. P. Farrell, Don L. Palmer, Jim Lawrence.

Alpha Mu Mills Flour for Needy

PHI LAMBDA UPSILON promotes high scholarship and original investigation in all branches of pure and applied chemistry. Upper class chemistry students with a minimum 2.0 grade average are eligible for membership.

Phi Lambda Upsilon was founded in 1899 at the University of Illinois. The 63 members of Alpha Epsilon chapter took an active part in the high school chemistry conference at the college, and had a synthetic honey exhibit. Awards for scholarship are presented to chemistry majors. Huey Pledger Jr. was president and R. E. Hein is faculty advisor.

THE GOAL OF ALPHA MU, scholastic honorary for students in the flour and feed milling department, is to further the interest of the profession and to promote scholarship.

Every year the club holds an annual smoker, publishes an annual newsletter, and has a spring banquet financed through one of the large milling corporations, and featuring a guest speaker in the field. As a Christmas project, they supply milling flour to needy families. Regular meetings are held off campus in private homes. Tom Machin was president, and R. O. Pence and Gerald Miller are sponsors.

Engineering Honoraries Laud Endeavor

ETA KAPPA NU, electrical engineering honorary, annually presents an award to the department junior with the highest scholarship during his sophomore year. Founded at the University of Illinois in 1904, the national organization has nearly 25,000 members. The local chapter was started in 1939, and this year has 22 members. Members are selected from the upper 25 per cent scholastically of the junior class, and upper 33 per cent of the senior class, in electrical engineering. The purpose of Eta Kappa Nu is to promote scholarship and advance the standards of the profession. Members are active in Sigma Tau, AIEE, and Engineers' Open House. Alfred Galbraith wielded the gavel this year, and R. M. Kerchner is the faculty advisor.

STEEL RING annually awards a trophy to the outstanding exhibit at Engineers' Open House. The organization was founded at K-State in 1928 by 13 senior engineers. Since 1937 Steel Ring has published "Intake and Exhaust", a humor magazine, and sponsored the Engineer's Alloy. Membership is open to junior and senior students in engineering who possess leadership, ability, personality, and practicality. The purpose of the organization is to promote the activities of the School of Engineering and school spirit. The directory of faculty members, which is in the engineering building, was purchased and is maintained by members of Steel Ring. Kenyon Phillips was president and L. M. Jorgenson and Reed F. Morse are faculty sponsors.

ETA KAPPA NU—TOP ROW: J. E. Wolfe, W. Blaine Goeckler, Wm. E. Rogers, Russell M. Kerchner, John R. Buck, L. Dean Darbe. SECOND ROW: Earl R. Bullock, Thomas E. Laisure, Jerome L. Hartke, John W. Hooper, Thomas G. Hepquist, John B. Moore. BOTTOM ROW: Everett L. Westfahl, Alfred H. Galbraith, Bob B. Landon, Richard A. Peal, Herbert L. Mitchell, Myron C. Hayes.

STEEL RING—TOP ROW: Louis M. Jorgenson, George Ghahramanian, Ernest E. Rempe, Dan K. Henderson. SECOND ROW: James M. Blew, Byron E. Batthauer, Kenneth R. Collins. BOTTOM ROW: Reed F. Morse, Bob B. Landon, Clair F. McGinnis, Kenyon W. Phillips.

ALPHA DELTA THETA—TOP ROW: Virginia L. White, Marion F. Smith, Rheta J. Wipf, Merleen S. Trout, Rose Anne Crawford, Helen L. Gochis. SECOND ROW: Suzanne K. Martin, Donna J. Morine, Louise N. Med Techs Give Christmas Baskets

ALPHA DELTA THETA, honorary medical technology sorority, promotes social and intellectual cooperation and fellowship.

The national organization was founded in 1944 at the University of Minnesota. The K-State chapter, chartered in 1946, has 26 members.

Alpha Delta Theta holds regular meetings and tries to bring in several professional speakers each year to talk on phases of medical technology. Projects include selling Christmas cards and preparing food baskets for needy families. Ellen Lehman was president and C. A. Dorf is faculty sponsor.

SIGMA GAMMA EPSILON, honorary and professional geology fraternity, sponsored a field trip to Colorado this spring. The group's object is to promote the scholastic, scientific, and social advancement of its members. Requirements for membership are sophomore standing and 1.8 grade average in geology courses. The organization sponsors the Williston Geology club and has prominent geologists speak at seminars. A special project was to make a miniature plaster oil rig to be displayed in Fairchild. Bob Hartig was president, and Henry Beck is faculty sponsor.

PHI EPSILON KAPPA—TOP ROW: Louis P. Washburn, Robert W. Smith, Marcellus B. Schwartz, T. M. Evans. SECOND ROW: Robert E. Parker, Jim H. Tangeman, Gene A. Stauffer, Jim A. Vlach, Gene L. Youngstedt. BOTTOM ROW: Theodore R. Lloyd, Joe Powell, Roger L. Craft, Bill F. Kohl.

K-Fraternity Sells Freshmen Caps

"A SOUND MIND in a sound body" is the motto of Phi Epsilon Kappa, professional physical education fraternity. Members are physical education majors who do superior work. The K-State chapter was organized in 1930. "To promote and elevate the ideals and ethics of our profession" is the fraternity's purpose. Projects include selling cowbells at football games, buying books for the physical education department library, and sponsoring social affairs for members. Gene Stauffer was president of the 22-member organization, and L. P. Washburn is faculty sponsor.

ATHLETES WHO EARN a varsity letter in an intercollegiate sport are eligible for membership in the K-Fraternity. The purpose of the group is "To build the mind, spirit, and body to their possibilities." Group projects are selling freshman beanies at the beginning of the school year, and selling sunshades at football games. The profits go into a fund to furnish the K room, a lounge for members and visiting athletes. K-Fraternity, which was started shortly after World War I, this year has 34 members. Al Ogden was president, and Fritz Knorr and Ray Wauthier are sponsors.

PHI DELTA KAPPA—TOP ROW: Donald R. Showalter, Chester F. Templer, Orval Ebberts, Gerald J. Meyer, A. L. Strickland. SECOND ROW: Karl D. Anderson, John W. Gilbaugh, Delbert H. Arnold Air Gains 100 New Members

"THE WARRIOR Who Cultivates His Mind, Polishes His Arms" is the motto of Arnold Air society. Membership is open to top-ranking advanced air force ROTC students. The purpose of Arnold Air society is to further interest in air force ROTC, to develop leadership, and to act as a service organization to the ROTC program at Kansas State.

Six coeds are selected by the group each year to be honorary reviewing officers at wing reviews. One girl is designated honorary cadet colonel and the others are honorary cadet lieutenant colonels. Honorary reviewing officers at the fall review were Berdine Brunswig, Carol Clark, Margaret Griffith, Diane Lanigan, Mary Quinlan, and Beverly Shea.

Arnold Air co-sponsored the Military Ball with Scabbard and Blade. The Military Ball Queen,

chosen by both groups, was crowned at the dance. Blue Barron and his orchestra furnished the music.

The group also sponsored an exhibit at Engineers' Open House, and sent two delegates to the national convention in Omaha.

Arnold Air society grew considerably in membership, when 100 new members were initiated at a banquet last fall. Col. Donald R. Conard, former executive officer of the K-State detachment, was guest speaker.

National Arnold Air society headquarters is at Cincinnati university, area headquarters in Wichita, and the K-State chapter is the Lloyd Vohries squadron.

Bill Woellhof served as leader, and Capt. James A. Griffith is faculty advisor.

Cowboys and Cowgirls Join Chaparajos

AN ACTIVE INTEREST IN HORSES and good horsemanship is the requirement for membership in Chaparajos, an organization for rodeo enthusiasts. The club was originally started by a group of rodeo cowboys, and at present is a member of the National Intercollegiate Rodeo association. Many past members have competed in college rodeos throughout the country. Social activities include an annual Barbecue at Rock Springs Ranch and participation in the Homecoming parade, rodeo practice, horse show activities, and showing movies on horses and care of equipment. Dee Follis headed the group this year. T. D. Bell is the faculty sponsor.

AT THE PRESENT TIME the Milling Industry association is working on a \$35,000 grant to increase the amount of honey that can be used in bread and wheat products. By next August the new feed technology building will be completed and the Milling association will then offer degrees in livestock feeding rations, and manufacture and control of commercial feeds. Kansas State is the only college in the world which gives training in these two fields. Each spring the undergraduate students hold a picnic honoring the milling department faculty.

J. A. Shellenberger is advisor of the 73-member association.

Aggies Form Social Groups

TO STRENGTHEN confidence in themselves and in their work is the purpose of the agricultural education club, organized to serve those interested in becoming vocational agriculture teachers. Howard Bradley is advisor; Kenneth R. Wilson, president.

ALL STUDENTS enrolled in ag economics or ag administration are eligible for membership in the Agricultural Economics club, which sponsors many business and social activities during the year. J. A. Hodges is advisor, Philip Rohrer, president.

AGRICULTURAL EDUCATION CLUB—TOP ROW: Warren Prawl, Jon Levin, Eugene Armstead, Grover Ade, Boyd Miller, Eugene Eisiminger. SECOND ROW: Ralph Kenworthy, Samuel Hundley, Harold Kugler, Charles Copple, Kenneth Wilson, Gerald Meyer. THIRD ROW: Robert Hamilton, Robert Schneider, Richard Horchem, Lloyd Hanson, Layle Lawrence, Robert Julian. BOTTOM ROW: Carldon Broadbent, Raymond Morris, Fred Saenger, Charley Lindholm, Ed Harrison, Willis Ringen.

AGRICULTURAL EDUCATION CLUB—TOP ROW: Howard Bradley, James Hundley, Arnold Appleby, Billy Wood. SECOND ROW: Daniel Schmidt, Nelson Galle, Keith McFall, Damon Slyter, Glen Swayer, R. M. Foster. THIRD ROW: Donald Taylor, David Brenner, Daryl Halgert, Jay Anderson, Marvin Shoemaker, Maurice Wikoff. BOTTOM ROW: James Marstall, Gilmore Dahl, Martin Mugler, Jack Van Tilburg, James Wilson, Virgil Norton.

POULTRY SCIENCE CLUB—TOP ROW: Spurgeon M. Talley, Harlen D. Kleiner, Sabahat S. Unel, Sidney L. Ronis, Walter J. Dellinger, Paul E. Sanford. SECOND ROW: Clyde D. Mueller, Franklin E. Cunningham, Gerhard A. Malm, Riad Stanbank, Mahmoud A. Assem. BOTTOM ROW: Loyal F. Payne, Paul B. Siegel, Thomas B. Avery, C. Gene Park, Roger L. Gustafson, Roscoe W. Lewis.

Poultry Club Helps With Contests

THE POULTRY SCIENCE club sponsored the poultry judging contests, sold refreshments at the Flock Selectors school, held a banquet and several barbecues. Gene Park was president. Don Alexander sponsors the Plow and Pen club, composed of students major-

ing in agricultural journalism. Bob Ecklund was president. The Extension club helps prepare future county agents and home demonstration agents. Jo Ann Hunt was president. Naomi Johnson and Eugene Warner are advisers.

PLOW AND PEN CLUB—TOP ROW: Donald L. Alexander, Richard D. Haines, Cortland C. Dean, Herb L. Lee. BOTTOM ROW: Hayes Walker III, James W. Murray, Richard H. Steffens, Robert D. Ecklund, Dan L. Henley.

COLLEGE EXTENSION CLUB—TOP ROW: Ardella R. Rusk, Lida G. Smith, Donna L. Childs, Helen E. Johnson, Katharine E. Reece. SECOND ROW: Margaret E. Arwood, Donna J. Schoof, Jo Ann Hunt, Norma J. Bales. BOTTOM ROW: Nancy A. West, Jon G. Herod, Dean E. Wood, Christina M. Groth, Billie J. Beck.

DAIRY CLUB—TOP ROW: G. B. Marion, M. B. Schultz, W. H. Martin, R. A. Miller, M. M. Kalb, F. C. Forinlacue, F. I. Stumbo, T. J. Claydon, J. R. Struble, F. L. Young Jr. SECOND ROW: F. W. Atkecon, E. E. Bartley, S. D. Prawl, R. W. Bozworth, W. H. Bergman, H. K. Nash, H. W. Knoche, B. L. Boman, L. C. Lyon, A. P. Appleby, A. G. Smith. THIRD ROW: E. L. Gideon, G. W. Atkeson, G. L. Krumme, L. L. Slyter, D. G. Brenner, J. R. Hefley, L. D. Mills, D. E. Slyter, H. E. McCoy, W. C. Long, M. A. Bervy. BOTTOM ROW: J. W. Armstrong, A. Health, R. W. Shue, J. A. Lindsey, D. E. Harris, L. E. Christie, R. D. England, J. L. Doering, R. E. Brown, A. L. Phillips, R. S. Hoyt.

Clubs Promote Cows, Plants, and Bugs

THE DAIRY CLUB co-sponsors the Little American Royal and edits an annual for alum dairy club members. Leonard Slyter was president, and T. J. Claydon, advisor. Robert Layton heads the Horticulture

club which advances interest in horticulture. R. W. Campbell is advisor. D. A. Wilbur advises the 37 members of Entomological club, in furthering the pursuit of that subject. H. P. Boles was president.

ENTOMOLOGICAL CLUB—TOP ROW: E. L. Eshbaugh, H. H. Walleden, R. T. Cotton, H. P. Boles, S. Togashi, J. R. Pedersen, J. E. Brady, R. V. Connin, W. K. Whitney. SECOND ROW: E. W. Tilton, J. N. Kaplanis, A. Deededar, R. C. Smith, W. W. Gibson, J. J. Cartier, Salah El-Din Rashad, V. R. Bayles, M. P. Breithaupt. THIRD ROW: E. T. Jones, R. L. Parker, H. Knutson, L. O. Warren, S. E. D. Afifi, J. C. Wiebe, F. A. Lawson, I. M. Kheiri, C. F. Henderson. BOTTOM ROW: R. H. Painter, C. C. Burkhardt, J. C. Buff, D. C. Peters, M. B. Flemings, G. B. Mulkern, H. D. Nelson, N. M. Dennis, H. R. Bryson.

HORTICULTURE CLUB—TOP ROW: B. K. Wood, M. H. Abdullah, G. A. Filinger, D. Blackburn, A. Kamal, N. Ghousheh, J. R. Kupfer, D. E. Steffey. SECOND ROW: K. A. McBurney, M. R. Kamal, D. A. Hammond, Y. A. Salah, W. F. Pickett, W. J. Carpenter, R. W. Campbell, L. R. Quinlan. BOTTOM ROW: R. C. Long, H. J. Burre, C. J. Hall, W. C. Louderback, J. K. Greig, R. F. Layton, R. E. Mayhugh, G. L. Eib.

KLOD AND KERNEL KLUB—TOP ROW: John J. Holland, Jimmie W. Smith, John R. Brethour, Ronald R. Searl, Boyd G. Ellis, Wayne L. David. SECOND ROW: Ronald D. Parks, Francis E. Holmes, Irwin C. Porter, Donald C. Peterson, Robert B. Cullins. BOTTOM ROW: Donald L. Reed, Arnel R. Hallauer, Roger H. Ratcliffe, Paul F. Darrin, Ludwig A. Bezemek, David L. Lindell.

Ag Clubs Serve As Sponsors

KLOD AND KERNEL KLUB is for students interested in agronomy. Main activities are the student crop judging contest, a steak fry and various money-making activities. Wayne David was president, J. A. Hobbs and E. L. Mader are sponsors.

CO-SPONSORING the Little American Royal is the main project of the Block and Bridle, which maintains a portrait gallery of outstanding livestock men, has a steak fry, banquet, and chili feed. Harold Reed was president, D. L. Mackintosh sponsor.

BLOCK AND BRIDLE (top)—TOP ROW: H. J. Tuma, B. D. Ericson, J. W. Simon, R. N. Sayre, R. L. Douglass, J. R. Pringle, L. E. Gideon, W. C. Root, A. W. Dettmer. SECOND ROW: G. V. O'Brien, R. R. THE LADIES' CHOICE (above) is Bob Cullins, voted Favorite Man on Campus, and crowned by Helen Johnson. FMOC runners-up were Bob Newlin, Bernie Klover, Dee Follis, and Gary Swanson. PHYS ED MAJORS both male and female (upper right), have a social mixer.

Meetings and Mixers

In addition to their regular business meetings, clubs and campus activities have social functions, projects, and initiations. The project of the combined home ec clubs is the annual Snowball, at which the FMOC is crowned. Other clubs hear speakers in their profession, have picnics, and mixers.

PEPSTER INITIATES (above right) gather by the wall. HOT CINDERS (right) make the fire just right for the Dairy club steak fry. UNDERSTUDIES (lower right) of Florence Nightengale's profession belong to the Nursing club. THRUST HOME! say Wildcat fencers (below).

ENGLISH CLUB—TOP ROW: Dolores R. Srajer, Ann E. Morrissey, Joan L. Winter, Mary B. Whitelaw, Joan C. Hunsberger. SECOND ROW: Ruth A. Smith, Arline L. Gray, Glenna Y. Montgomery, Jean C. Sims, Judith C. Hertneky. BOTTOM ROW: Joyce S. Cashman, Jane E. Wilkinson, Jordan Y. Miller, Marya M. Roberts, Crystal A. Anderson.

Geologists Tour Eastern Colorado

THE ENGLISH CLUB, organized in 1951 to interest English majors and other students in English and American letters, helps the students and faculty of the English department become better acquainted outside of the classroom. The club got under way last fall with a picnic at the home of Professor Homer C. Combs. During the year, Professors Fred Higginson and Philip Young gave talks on well known authors. Tom Helms was president and Jordan Miller and James D. Koerner are the faculty advisors.

THE WILLISTON GEOLOGY club is sponsored by Sigma Gamma Epsilon. The geology faculty and all geology majors are automatically members of the club, which was named in honor of a well-known Kansas geologist who spent some time at K-State. This group sponsors the geology and geography seminars held once a month, and also the annual geology spring field trips which this year covered the east central portion of Colorado. R. L. Hartig served as president this year, and J. R. Chelikowsky is the faculty sponsor.

WILLISTON GEOLOGY CLUB—TOP ROW: Stanley Harder, Richard Gramly, Keith Heiniger, Donald Geil, Bernard Albers, Keith Janne, Huber Self, Benton Tibbetts, Paul Strunk, Ross Siegle, James Stewart. SECOND ROW: Jerry Laird, Duke Hilton, Kenneth Huffer, Leonard Hitzeman, Arthur Sperry, Harold Metz, Larry Vincent, Henry Beck, Robert Wilbur, Robert Chastain. THIRD ROW: Marion Sundberg, John Christensen, Dennis Winget, Andrew Bonchonsky, Truman Logsdon, Robert Hutchinson, Loren Hart, James Moore, Robert Worley, Page Twiss, John Kiddoo. FOURTH ROW: Warren Patterson, Robert Hartig, Charles Walters, Warren Palmer, Keith Kallenback, Eugene Bowser, O. W. Tollefson, Marion Strobels, Galen Morris, Al Steunenberg. BOTTOM ROW: William Austin, Merlin Chestnut, Dean Heinze, Lanny Wilson, Janis Finney, Joseph Chelikowsky, Alex Kotoyantz, Robert Vincent.

CHANCERY CLUB — TOP ROW: Ronald V. Webb, Peter A. Martin, Mary J. Forbes, Tom J. Helms, Orval Ebberts. SECOND ROW: Bob J. Welliever, Jerry L. Mershon, Lyle F. Templer, John R. McKone. BOTTOM ROW: Don L. Cordes, Pel E. Adams, Jim T. Graves, Hilton D. Derrick, G. Duane Brown.

Phems Are Hosts for Play Day

TRIPS TO LAW SCHOOLS at Kansas and Washburn universities is one of the major projects of the Chancery club this year. This club is organized to acquaint students who plan to enroll in law school with various aspects of the legal profession. Through this club, members have an opportunity to hear and meet practicing attorneys, law school professors, and local judges.

The Chancery club is now four years old, the first one of its kind. It has about 20 members. President of the club this year was Pete Martin and the faculty sponsor is G. O. Ebberts.

PHEMS, WHICH IS AN ORGANIZATION for women majoring in physical education, held a Christmas party and dance with the men majoring in physical education. Members also kept busy socially by having a fall picnic and initiation services. Seniors in Phems hold a senior dinner each spring.

Phems acted as hostesses for a Play Day for Kansas high school girls.

The club has been active for the past 17 years and has a membership this year of 45 girls. This year's president was Shirley Malcolm and the club is sponsored by Eva Lyman.

PHEMS—TOP ROW: Katherine Geyer, Greta D. Bauer, Elizabeth A. Taylor, Shirley V. Malcolm, Pat R. Fink, Joyce E. Eurlon, Donna F. Pennick, Grace Schmidt-lein, Connie M. Paugh. SECOND ROW: Norma E. Eversole, Dorothy E. Ernzen, Marie M. Ernzen, Geney S. Sweedlun, Barbara A. Puhr, DeAun R. Mackie, Beverly R. Russell, Marilyn L. Rush, Marilyn D. Tavares. THIRD ROW: Kathryn A. Bounous, Donna L. Harsch, Marylyn A. McCready, Sally A. Davis, V. Clarine Robson, Lavina McCormick, Charlotte McCormick, Pat R. Rogers, Becky Thacher, Katheryn A. McKinney. BOTTOM ROW: Mickey A. Ecord, Sandra A. Tatge, Evangeline M. Starr, Donna M. Lincoln, Joyce E. Larson, Joyce E. Davisson, Delores J. Hess, Eva C. Lyman, A. Lucy Bremenkamp, Shirley A. Smith, Wanda J. Maurer.

AMATEUR RADIO CLUB — TOP ROW: Keith D. Nelson, Terry J. Hoyer, James W. Linthacum, J. E. Wolfe. SECOND ROW: John P. Moore, David H. Hohlfeld, Orlan Q. Cook. BOTTOM ROW: Neil Vander Dussen, Jim A. Gilbreath, Herbert L. Ailslieger, Richard E. Kirkland.

AMERICAN CHEMICAL SOCIETY — TOP ROW: Patricia M. Boyd, Robert W. Bronaugh, Delbert A. Nauman, Jack M. Selby. SECOND ROW: Marvin D. Cunningham, Warren D. Reynolds, Frank C. Andrews, Louis E. Ott. BOTTOM ROW: Duncan E. Dodds, W. G. Schrenk, Allen S. Mason, Keith G. Penner.

Hams Form Amateur Radio Club

THE COSMOPOLITAN CLUB, organized to bring together the foreign students on the campus, was headed by Harry Vis.

Jack Shelby was president of the student affiliates of the American Chemical Society, and William

Schrenk is adviser.

The K-State amateur radio club offers an opportunity to all those interested in continuing work in amateur radio. James W. Linthacum was president and J. E. Wolfe and G. W. McBride are sponsors.

COSMOPOLITAN CLUB—TOP ROW: Aris Merijanian, Vishnu Swarup, Z.O.N. Ekwebelem, Joyce D. Brodrick, Jayne Lee, Patrick C. Agusiobo, Gopal Swarup. SECOND ROW: Yahya Amin Salah, Ali Arabab, Jim Tighe, Karl Altai, Axel Kruppa, Daya K. Misra, Issa G. Adranly. THIRD ROW: Afifi, Grace I. Smith, Mohinder Parkash Sabhlok, C. Kesavamurthy, John M. Kainski, Robert O. Wilbur, Najati Ghosheh, Vahe K. Keshishian. FOURTH ROW: Muhammad Husni Abdullah, G. A. Shivanian, H. S. Mann, Walter Rose, Harry Vis, Elwin McCoy, Hans Hungerbuehler, Jawad H. Baldawi. BOTTOM ROW: Leona S. Dobson, Ruth Dexter.

Business Students Award Merit Keys

A PICNIC AND A FIRST ANNUAL dance were held this year by members of the Business Students' association. At the dance, the outstanding boy and girl enrolled in business administration were awarded merit keys for scholarship, and their names were engraved on a plaque in the business administration office.

Outstanding speakers in the field of business were brought in to talk to the group. The main guest speaker was Henry Blake, Kansas director of the National Association of Manufacturers and presi-

dent of Capper publications. He is considered one of America's top ten speakers in the field of selling.

Any student enrolled in business administration is eligible for membership in the 175-member club. Its purpose is to acquaint students with the actual business world, so they may make a wise choice as to the field they enter.

Future plans of the group include pre-enrollment for business administration students, and starting a movement for a separate school of business. Ben Coffin was president and Conrad Eriksen is advisor.

BUSINESS STUDENTS' ASSOCIATION (1)—TOP ROW: Calvin Coffin, Ronald Frahm, David Ohse, Charles Maurer, William Trussell, Thomas Abram, Wayne Melcher. SECOND ROW: Norman Schulte, Thomas Skinner, James Mattson, Hilton Derrick, Wesley Baker, Gary Swanson, Leslie Parks, James Boyd. THIRD ROW: Conrad Eriksen, Byron Bird, David Weber, Bill Varney, Jawad Baldawi, Lawrence Werhan, Wesley Harms. BOTTOM ROW: Matthew Unger, Charles Haberkorn, Harvey Baldwin, John Tangeman, Bob Facht, Milton Galyardt, Donald Latter, William Kennedy.

BUSINESS STUDENTS' ASSOCIATION—TOP ROW: Vera Landon, Thelma Horlacher, Donna Houdek, Jeanette Scott, Arlene Fehlman, Dorothy Barbour, Mary Amis, Joanne Lewis. SECOND ROW: Douglas Schicktanz, Kenneth Sherrer, Cleo Lard, Carroll Pinhero, Robert Bronaugh, Robert Balzerick, Ralph Rawline, Milton Welch. THIRD ROW: Kenneth Houk, Marshall Schulke, Wendell Forse, Richard Iida, Stuart Segall, Richard Wagner, John Kvasnicka, Dean Alexander. FOURTH ROW: Roland Swim, Norman French, Roger Ruby, James Stinson, Curtis Blickenstaff, Earl Hammond, Robert Jepson, Morris Hostetter. BOTTOM ROW: Connie Scoby, Anne Lyon, Phyllis Walker, Bernadine Macek, Mary Reid.

Velasquez, Donald W. Pohlhammer, Rod C. Smith, James A. Reid, Frederick L. Shore, Lloyd E. Craig.

Beaux Arts Ball is Work of Artists

ALL STUDENTS at K-State enrolled in either industrial arts or industrial engineering are eligible for membership in the student chapter of the Industrial Arts Association. The group strives to inform students of the developments in the industrial arts field and to promote social fellowship among the members. The club was organized in 1949, and has grown to more than 40 members. Special projects of the group included a smoker which is held every fall, participation in the exhibits at Engineers' Open House, and a spring picnic. Earl G. Darby is the faculty sponsor, and Merell C. Folsom served as president.

THE FINE ARTS Coordinating Council was founded in 1952, in order to coordinate the activities of the various departments of fine arts on the campus in theatrical presentations and exhibitions of art and sculpture. The council is composed of representatives from each of the fine arts groups: the American Institute of Architects, Tau Sigma Delta, Delta Phi Delta, Alpha, Alpha Gamma, FLW, Home Economics Art club, K-State players, and the landscape design department. Tunice K. Blair heads the eight-member group this year and their special project is the presentation of the Beaux Arts Ball. E. J. Tomasch is the faculty sponsor.

FINE ARTS CO-ORDINATING COUNCIL—TOP ROW: Elmer J. Tomasch, Roger W. Sherman Jr., Tunice K. Blair. BOTTOM ROW: Donald D. Goertz, James R. Rankin, Howard P. Harrenstien.

AICHE—TOP ROW: Aris Merijanian, Gary Rogers, George Ghahramanian, Wm. Honstead, Jack Janne, Kenneth Shaw. SECOND ROW: Lucien Regnier, Henry Ward, Jerry Anderson, Robert Thom, James Copeland, Gary Lawrence, Bill Buckhannan. THIRD ROW: Reed Partridge, Richard Shimer, Ted Weaver, Stuart Hartman, Robert Klee, Marwan Kamal, Norman Tetlow. BOTTOM ROW: Don Lockwood, Gordon Rieg, David Huebner, Raymond Pippin, Lyle Ochs, Paul Carr, Harley May.

Technical Students Form Study Clubs

STUDENTS ENROLLED in chemical or nuclear engineering are eligible for membership in the student chapter of the American Institute of Chemical Engineers. Stuart Hartman presided at the weekly meetings held to discuss technical subjects. Business and social meetings occur monthly.

Dr. Henry T. Ward advises the group, whose goal is to promote fellowship among chemical and nuclear engineering students. The main project of the club is their annual Engineers' Open House display.

STUDENTS AND FACULTY in electrical engineering are encouraged to become members of the American Institute of Electrical Engineers. The club holds two basic types of meetings, one hearing noted speakers in the field and the other based on student participation. Each spring the group features a student technical paper contest, with the winner representing AIEE at the district student branch conference. John Hooper acted as chairman this past year, and Professor E. L. Sitz is the faculty sponsor.

AIEE—TOP ROW: Russell Kerchner, Earl Bullock, Frank Headrick, John Moore, Merle Noakes, E. L. Sitz. SECOND ROW: Otho Harden, Jerome Hartke, John Belden, Clair Williamson, Robert Reidel, Richard Flottman, Dean Darbe. THIRD ROW: Thomas Elrod, Norman Blubaugh, Thomas Laisure, John Hooper, Wm. Engineers Show Off at Open House

THE AMERICAN INSTITUTE of Architects, student chapter, works to foster appreciation of the ideas of architecture, and to promote fellowship and cooperation between the students and faculty of the architecture department. Any architecture student is eligible for membership in the group. The thirty AIA members hold regular business meetings, have smokers with speakers or films of interest, and sponsor an all-department picnic. They also participated in Engineers' Open House and entered a float in the Homecoming parade. Tunice K. Blair was president and Theodore A. Chadwick is faculty adviser.

THE STUDENT BRANCH of the American Institute of Radio Engineers was organized at K-State shortly after the second world war, to advance the art and science of radio communications. The national group was organized in 1912. The local club has a membership of about twenty students who are primarily in the electrical engineering curriculum. The most important project of the group is the exhibit during Engineers' Open House. The organization also sponsors special guest speakers in the field of radio engineering, and has several social functions. J. E. Wolfe is faculty adviser, Thomas Hedquist was president.

AMERICAN INSTITUTE OF ARCHITECTS—TOP ROW: Pedro A. Serrano, Wendell A. Wright, Howard Falick, M. Keith Roberts. SECOND ROW: Steve D. Kelly, George W. Jeffers, Warren M. Allen, Charles L. Mitchell, Thomas G. Hedquist, Neil Vander Dussen, Bruce W. Bell.

Physics Students Make Two Trips

SERVING TO STRENGTHEN the spirit of the physics department is the student section of the American Institute of Physics, which two years ago was accepted into the national organization. The year's highlights include a trip to Kansas City to visit scientific companies, a trip to Washburn university, lectures, and movies pertaining to the physics field. Main projects were a physics quiz file for student use, and a display for the annual gathering of high school science students. R. H. McFarland is sponsor, and Bill Winter was president.

FORTY-FIVE STUDENTS enrolled in agricultural engineering are members of the American Society of Agricultural Engineers. The society is a corporation which was organized in 1907, and chartered in the state of Michigan. The purpose of the group is to utilize the forces of nature so that they may be of benefit to agriculture and agricultural people, and to society as a whole. Under the direction of Gustave E. Fairbanks and Gerald Ireland, sponsor and president respectively, the society sponsored an evening social and a picnic each semester.

WATER WINGS are not needed for members of Frog club (above), here planning for their annual spring show. **YULE-TIDE FUN** (right) for the whole family was provided by the Jr. AVMA Auxiliary with their party complete with a Santa Claus and gifts for the kids.

Take Your Choice

Hobbies, interests, or excess energy find outlets in the campus extracurricular activities. Those who like to swim may join Frog club; those who write can be Theta Sigs or SDXs; and those who like to cheer louder than the rest can be members of one of the three pep clubs. Whatever the interest, there is a club to promote it!

FRESHMAN JOURNALISTS (right) are given a tea by Theta Sigma Phi, journalism sorority. **HOMECOMING PARADE** (lower right) was sponsored by the pep clubs who also entered a float. **PEACE PACT** dinner (below) was held here by the KU and K-State Student Councils.

KANSAS STATE RIFLE TEAM—TOP ROW: Dale A. Jerman, Robert L. Vincent, James A. Myers, Floyd Bayer, John E. Stanton. SECOND ROW: Robert C. Long, Roger L. Rankin, R. M. Foster, Thomas E. Rifle Team Shoots 'Em Up

THE KANSAS STATE COLLEGE ROTC Rifle Team is under the sponsorship of the military department of the college. The group has taken part in many rifle matches this past year including matches with Nebraska university, Kansas university, Wichita university and the Manhattan Rifle club. They also shot in the William Randolph Hearst match, the area and national intercollegiate rifle, and the Big Seven rifle match. Clair L. Seglem and Charles L. Wilson were captains of the team.

THE GRADUATE STUDENT organization was started at K-State in 1923, and was then known as the Graduate club, taking their present name in 1950. All graduate students are eligible to join the group, whose purpose is to help promote fun and fellowship to those students enrolled in advanced work. Each semester one business and three social functions are held. These include picnics, educational motion pictures, and card parties. Lewis Bernstein was president and Dean Harold Howe is adviser.

Home Ec Teachers on KSAC

THE MARGARET JUSTIN Home Economics Teaching club is the largest of the individual home ec interest clubs. The purpose of the club is to acquaint its 80 members with the home economics teaching profession. The group, under the leadership of Eleanor Herr, sponsored several projects this past year. Many of their meetings are of an informational nature to give the girls an insight into the home economics teaching profession. Guest speakers from foreign countries often speak at the meetings and Miss Grace

Smith, of the K-State faculty, talked on the educational system in New Zealand. The club has also held a radio program on KSAC to help educate the public to the activities of the Home Ec Teaching club and to acquaint girls interested in teaching with the problems they will meet in profession. The group often has discussion panels consisting of their own members. A picnic and party have also been given. Lucille Rust and Laura Baxter serve as the club's faculty advisors.

Vets Belong to AVMA

SINCE ITS FOUNDING, the Kansas State student chapter of the American Veterinary Medical association has been active in promoting technical development along veterinary lines to the 239 vet medicine students belonging to the organization.

The AVMA also takes an active part in social affairs. Business meetings are held twice each month and prominent men in the field of veterinary medicine often speak. Each fall the club holds a smoker for freshmen vet students in order to give the newest members an opportunity to become ac-

quainted. Combined meetings are often held with the AVMA Auxiliary, composed of the wives of vet medicine students. This gives the women an opportunity to become more familiar with their husband's future profession. AVMA is also active in all phases of the intramural program.

The group was organized here in 1906, by a student in veterinary medicine. The national AVMA granted Kansas State a charter in 1939. Rollin Vickery presided. Dr. M. J. Twiehaus and Dr. D. D. Goetsch are faculty co-sponsors.

4-H on the College Level

THE COLLEGIATE 4-H CLUB at Kansas State was organized twenty-seven years ago, and had 60 charter members in the original group. Shortly after the war, the membership grew to more than six hundred, and this year approximately 275 students belong. Any former high school member of 4-H is eligible to join the club whose purpose is to "Make the Best Better."

Harold Reed served as president of the club and J. Harold Johnson is the faculty sponsor. Warren Prawl edited the group's publication, "Who's Whoot," which is patterned after the "Who's Who in

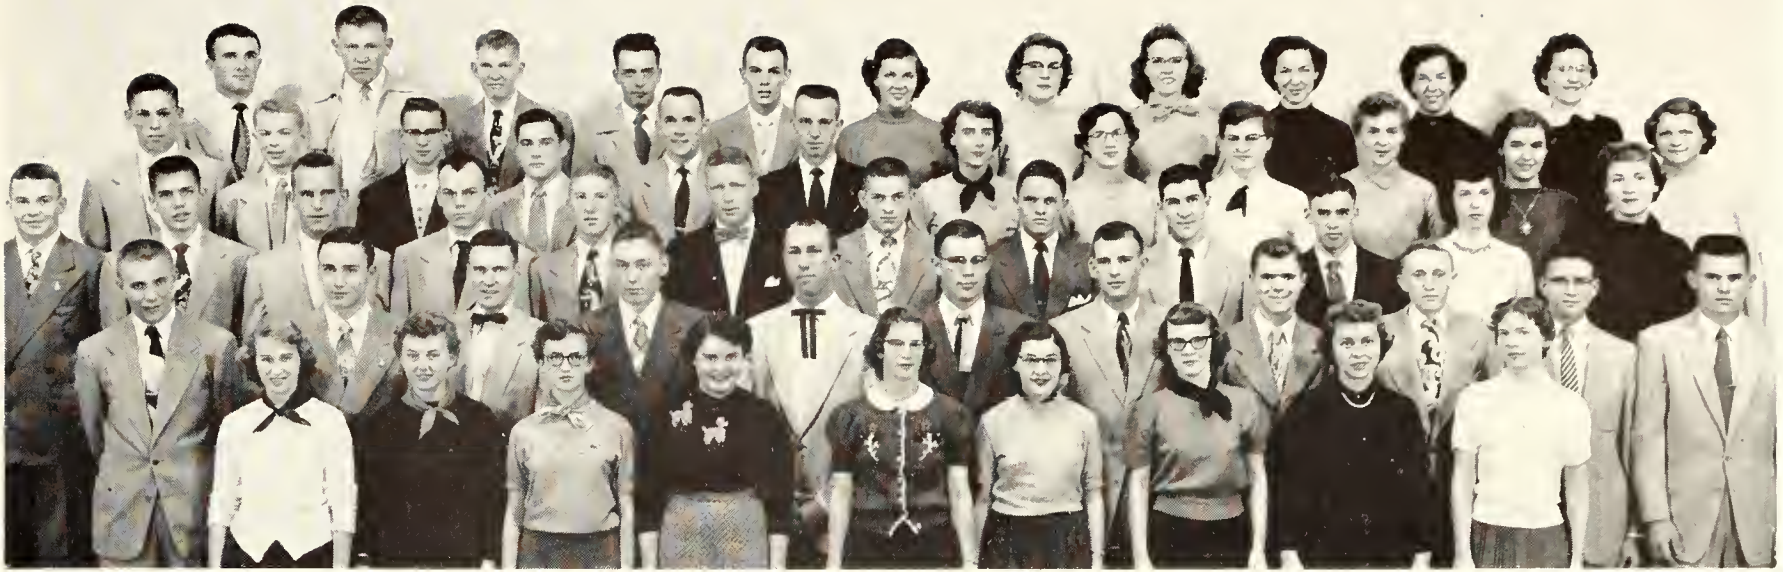

America." It lists 4-H club activities and recognizes various outstanding high school members belonging to 4-H clubs in Kansas.

The Collegiate 4-H Club sponsors social and educational activities including a Fall-dinner dance, a spring picnic, and a spring formal. They also support the International Farm Youth Exchange program, and have regular bi-monthly meetings. One of the most important projects this year was entertaining Ft. Riley soldiers at the Community House with singing, square dancing and a general social and get acquainted period, followed by refreshments.

Staters Dance and Swim

PRACTICING ON DIVING and synchronized swimming for the major part of the school year gets members of the Frog club in shape to put on their annual aquacade in the spring. This year the theme for the show was "American Holidays." Frog club was organized about twenty years ago for women students at K-State. In 1951, the constitution was changed to include men students as members. As a requirement for membership students must pass a swimming skill test. President was Judy Paustian. The club is sponsored by Lucille Takes.

TO DANCE IS TO LIVE is the motto of Orchesis, modern dance organization. A dance program is presented by this club every year. This year the theme of the program was book titles, with such numbers as "Gaslight," "Romeo and Juliet," and "Gone With the Wind." This spring Orchesis will take trips to surrounding colleges to present and to learn different techniques. Members must pass skill try-outs to become members of Senior Orchesis. This year's president was Ann Lundberg and the faculty sponsor is Marilyn Tavares.

PRs Helped With Ike's Homecoming

PERSHING RIFLES, founded at the University of Nebraska by General John J. Pershing in 1894, now has over 100 chapters in colleges and universities which offer army or air force ROTC programs.

Membership is open to all basic cadets in either army or air force ROTC who have an interest in military leadership and drill procedure, and a grade average necessary to meet the requirements of the advanced ROTC program. The group fosters a spirit of friendship and cooperation among the men in the military department, and maintains a highly effi-

cient drill company. Myron Hayes was commanding officer. Major Erland G. Johnson and Major Allen L. Myers are sponsors.

This club performs a public service for the college before each home football game by being responsible for the raising of the flag. The drill team also performed in the Homecoming parade and at the half-time of the Manhattan-Topeka high school game. The most important project of the entire year was the club's presentation of the Honor Guard at President Eisenhower's homecoming in Abilene last fall.

Independent Students Elect a Queen

ANY STUDENT at Kansas State College who is not actively affiliated with some social sorority or fraternity is eligible for membership in the Independent Students association. The purpose of the ISA is to aid in the fuller development and adjustment of the independent students at Kansas State and also to act as a constructive force in developing the aims and ideals of the College of which it is a part.

ISA meetings consist of business, programs of local talent, dances and mixers. Some of the special projects carried out during the year included a

coffee hour during Parents' day, hayrack rides, and the annual Sweetheart Ball at which they crown the Sweetheart of ISA.

The K-State chapter also took an active part in the state and regional ISA conventions and sent delegates to the regional convention which was held at Boulder, Colo.

Robert Tointon served as president of the 180 student member organization. A. Thornton Edwards, Merle Gugler, and Golda Crawford are the faculty advisers.

Staters Play Politics

THERE ARE 75 MEMBERS of the Kansas State Collegiate Young Democrats this year. At each meeting members of the organization take turns giving reports concerning different phases of political history, both past and present. Reports are followed by active discussion by the other members. The highlight of the year was the dinner meeting featuring Kenneth Anderson, democratic national committeeman from Kansas, as the guest speaker. Several other leaders in the political field have talked to the group during the year. Frances Bender was president of the club.

THE KANSAS STATE Collegiate Republican club was formed to create student interest in campus politics. The group boasts five times as many members as they had last year and membership now numbers 125.

The club has been active for many years in connection with the Kansas Republican club, and was represented by delegates to Kansas Day, Young Republican's convention, Collegiate Republican's Convention, and SPC. Maynard Englebrecht of K-State was elected first vice-president of the Collegiate Republicans. Dick Pringle was president of the local group this year. F. E. Eldridge served as adviser.

Alpha Phi Omega Sponsors Cats' Cat

THE PROMENADERS, exhibition square dance group, are one of the most recent interest clubs on campus. New members are chosen by tryout and invitation. The club, directed by Bob Cullins, was organized chiefly to provide an opportunity for experienced dancers to get together, and to promote square dancing. The Promenaders attend various square dance festivals during the year where they match their ability against old-time dancers all over the United States. They also perform exhibition dancing for small groups both on and off the campus. Jake Ubel is their faculty sponsor.

ALPHA PHI OMEGA is a national service fraternity of college men who are or have been Boy Scouts. Requirements for membership include previous training in scouting, a desire to render service, and satisfactory scholarship. The goal of the organization is "to assemble college men in fellowship and to promote service to humanity." Probably the best known of Alpha Phi Omega's projects is their exhibition of Touchdown IV, K-State's wildcat mascot, at many of the home games. The club also sponsors the student holiday ride service. Joe LaRue was the president, and Ralph Nevins is sponsor.

The Jr. AVMA Auxiliary plans four social and four professional meetings. The climax of the year is the mock senior commencement, when wives of seniors are given honorary degrees for all of the assistance they have given in educating their husbands.

THE STUDENT WIVES Educational association was organized in 1947 to provide recreational and educational activities for wives of K-State students. There are interest groups for beginning bridge, advanced bridge, swimming, and knitting. Regular meetings are held each month and there are guest speakers, and get-acquainted sessions. Mrs. David Mackintosh is sponsor, and Mrs. James McIntosh was president.

Club Members Conserve Wildlife

THIRTY-FIVE STUDENTS at K-State are members of the Kansas State Conservation club, one of the newer organizations on the campus. Various aspects of soil, water, and wildlife are studied by the group with the most emphasis on wildlife conservation. A quail feeding project was one of the outstanding events last year. The Conservation club's plans include plantings for wildlife cover. Otto Tiemeier is faculty sponsor. Jack DeForest was president.

THEATRICAL-MINDED STUDENTS may belong to K-State Players, which presents both major and minor plays for the entertainment of the public and for practical experience. A total of five points, earned by participation in productions, is the requirement for membership. The productions of the group are often noted in the National Collegiate Player's Magazine and the Kansas City Star. Frank C. Andrews was president, and Earl G. Hoover is advisor.

Whi-Purs Push Freshmen Pep

THE FIRST PAJAMA PEP RALLY ever held at K-State was successfully planned this year by the Whi-Purs. This freshman girls' pep organization, organized in 1951, has been given more and more responsibility in planning school pep functions. This year, together with the Purple Pepsters and Wampus Cats, the Whi-Purs built and decorated a pep club Homecoming float. The club also marched in the parade. They have part of the special cheering section at all football and basketball games, and take an active share in planning and carrying out all pep rallies.

The name Whi-Purs is a contraction of the school colors, white and purple. The members wear purple skirts and white sweaters at all pep functions. Membership, steadily increasing each year, now stands at about 200. Any freshman girl may join.

Whi-Purs was organized to promote sportsmanship, cooperation, pep, enthusiasm, spirit, and to represent the student body cheering section to other schools.

Marilyn McCready was president and Marilyn Tavares is faculty adviser.

Peppy Boys Join Wampus Cats

THIS YEAR THE WAMPUS CATS, along with the Purple Pepsters and Whi-Purs, sponsored the Homecoming parade. The combined pep clubs also entered a purple and white float in the parade.

The Greek-letter name of the Wampus Cats is Pi Epsilon Pi. It was founded before World War II by two men from Kansas university. Chapters were established at Kansas university, K-State, Nebraska university, and Washington university.

The 65 members of Wampus Cats help in the selection of cheerleaders. Together with the Purple Pepsters and Whi-Purs they plan, sponsor, and publicize all pep rallies.

Wearing dark purple sweaters and white duck pants, the Wampus Cats sit in a special pep club section at all games. Sometimes a large K is formed in the section by seating the Wampus Cats and Purple Pepsters in K shape, surrounded by Whi-Purs in white sweaters.

The only requirement for membership in Wampus Cats is to be a regularly enrolled male student of K-State. This year's president was Ed Drimmel. Dobby Lambert is the faculty sponsor.

The motto of the organization is "to promote sportsmanship and pep for the student body of K-State."

Pepsters Whoop-It-Up At Ball Games

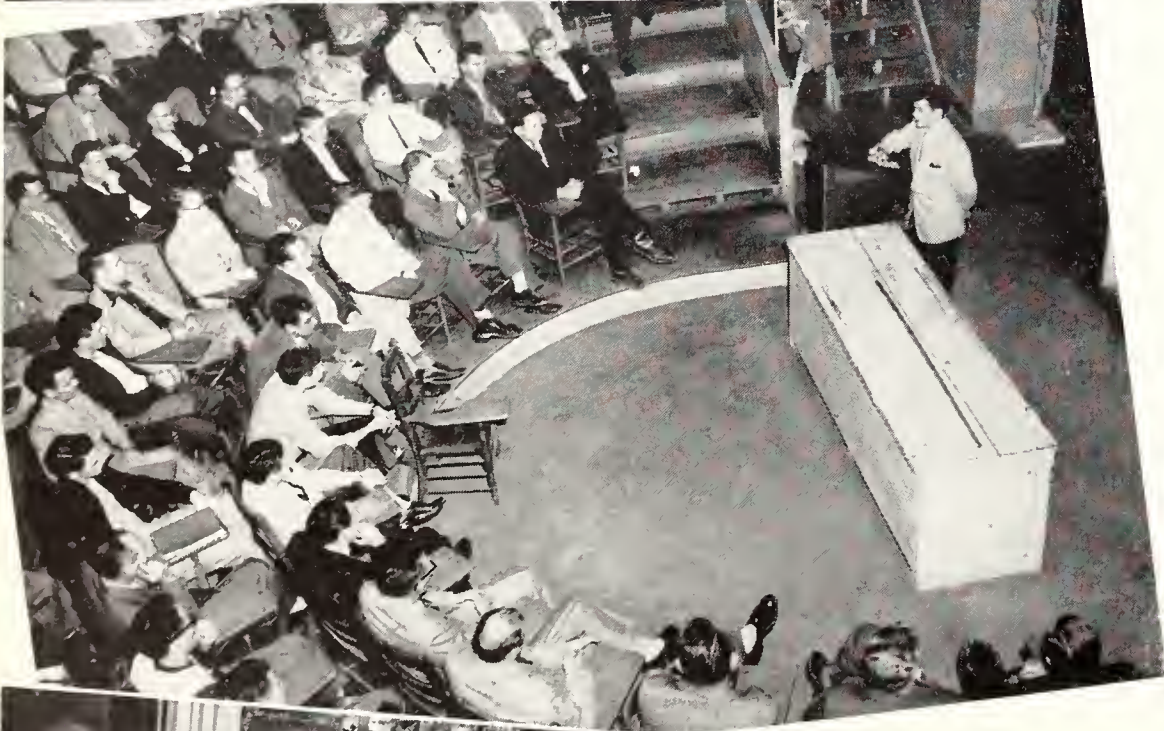

K-STATE'S PURPLE PEPSTERS brought credit to themselves and to the College this past year when their national organization, Phi Sigma Chi, granted them permission to enlarge their membership from 64 to 100 because of the great interest in pep which is shown here at Kansas State.

All upperclass girls with at least a C grade point average, and an interest in the promotion of school spirit and pep, are eligible for election to membership in Purple Pepsters.

Among the more known activities of the group is their annual initiation ceremony in which new pledges and prospective members dress in anything from Santa Claus suits to replicas of the Kansas university Jayhawk and Little Bo-Peep. They gloriously parade the campus for a day, to the amusement of the active members and the rest of the student body.

Before each home football game, members of the Purple Pepsters meet with the pep coordinating committee of the Student Council and plan a pep rally complete with theme, such as the "Buffalo Barbecue" when K-State played host to the Colorado Buffalos. Another highlighting factor of the group this past year was the first pajama parade which was held the night preceding a home game. Prizes were given for the loudest pajamas and the event was so successful that the group hopes to make it an annual affair.

Three members of the local pep club attended the national Phi Sigma Chi convention which was held in Lawrence. Sandra Tatge, president of the local chapter, was elected vice-president of the national pep club organization. Eva Lyman is the faculty sponsor of the group.

BIG BUSINESS (above) is discussed by members of the home economics council. MORTAR BOARD (left) annually gives a scholarship dinner in the cafeteria. VETS (lower left) hear "how it is done" at AVMA meeting.

Special Sessions

Whether it is a speaker well-known in his field, a special banquet, or just a holiday party, organizations and clubs strive to provide varied programs for their members. To recognize outstanding freshmen and sophomores, Mortar Board has a scholarship dinner. The YM and YW have special study groups for religion, international relations, dating, marriage, and other topics of interest to the Y members.

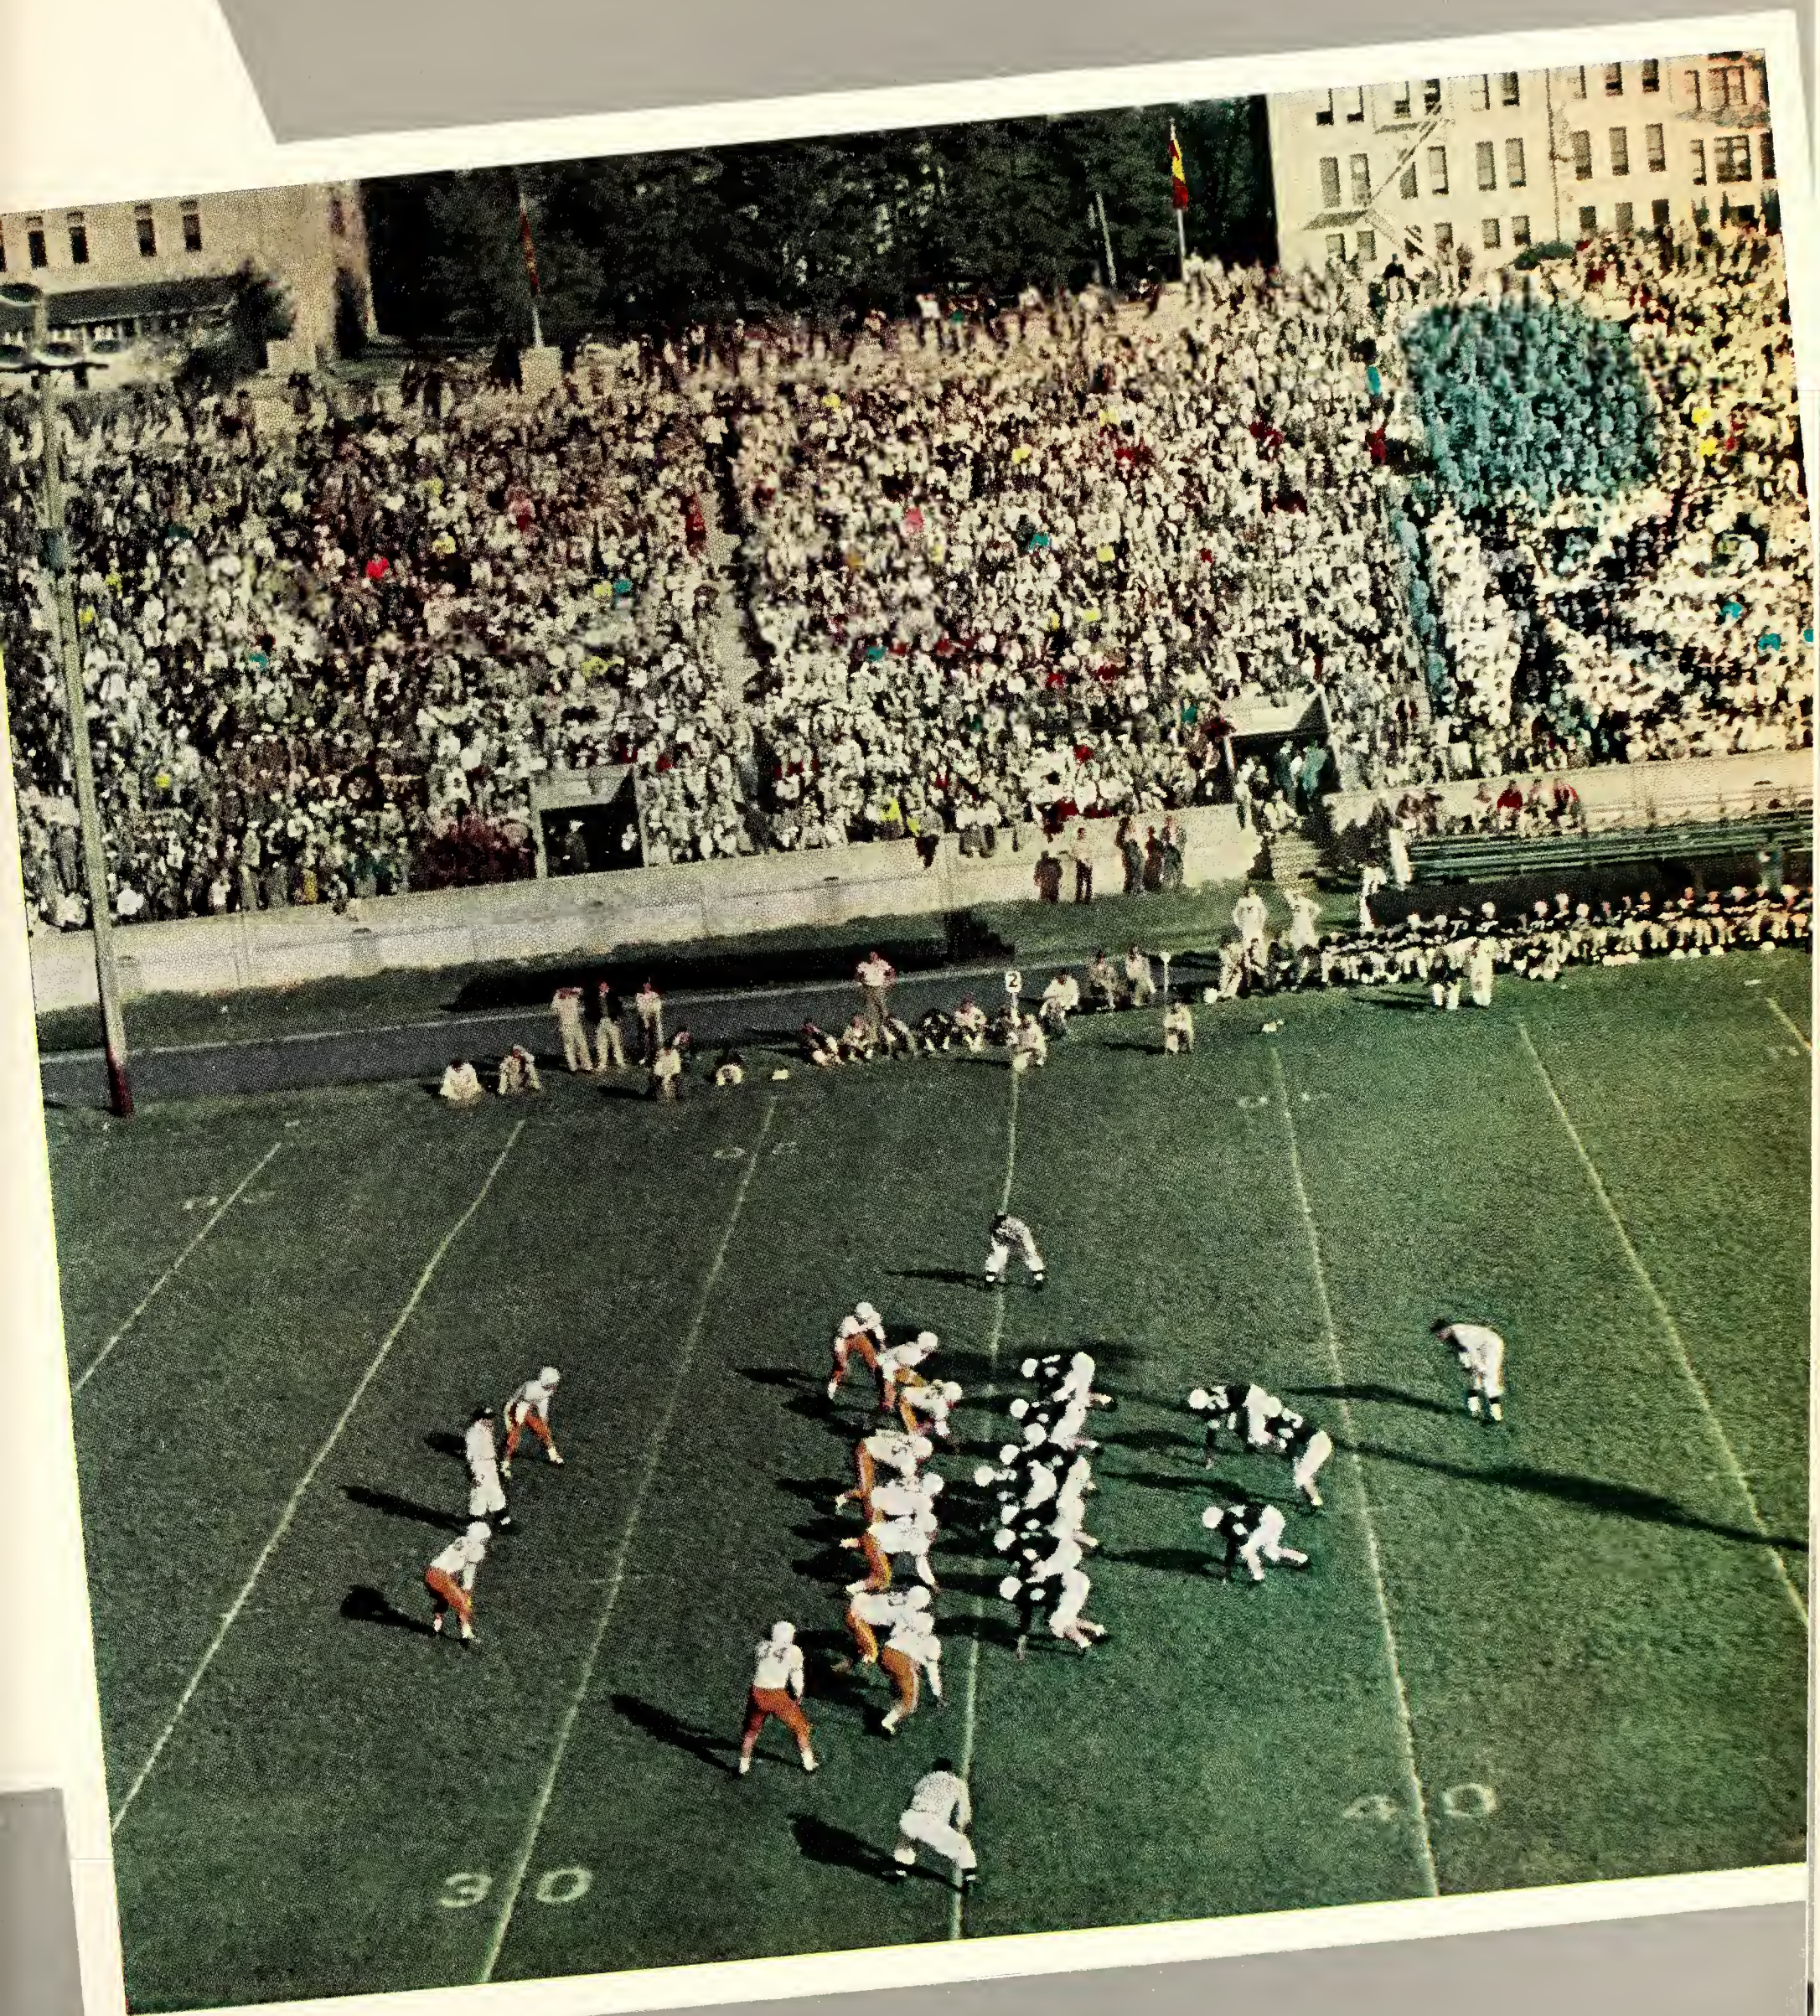

TEA DANCE at Ft. Riley is planned by members of YWCA (lower left) with the Red Cross representative. VALENTINE'S DAY provided the theme for games and refreshments at the YM-YW mixer held in the Union (below).

ATHLETICS

Athletica

Kansas State takes the first shot as the Cats open their Big Seven conference race against Colorado's Golden Buffs.

Intercollegiate

LAURENCE (Moon) Mullins (left) checks over the books with assistant athletic director Fritz Knorr and ticket manager Frank Mosier (right). As athletic director, Mullins oversees all athletics at Kansas State.

Threesome Coordinates Sports

PAVING THE WAY for a well-rounded program of athletics at the College is Laurence A. (Moon) Mullins, K-State's athletic director. Mullins has been athletic director for three years, coming here from St. Ambrose college at Davenport, Iowa, where he was head football coach and athletic director.

His job is to administer the intercollegiate athletic program in accordance with the rules and regulations of the College athletic council and the Big Seven conference. "Teach a boy to shoot square in athletic competition, and you've taught him to be a number one citizen," Mullins says.

The detailed function of the budget comes under the direction of Fritz Knorr, assistant athletic director and business manager. In addition to his responsibility of overseeing the maintenance of the athletic physical plant, Knorr was this year appointed wrestling coach to succeed Leon (Red) Reynard, who resigned last year.

All the headaches involved in the sales and distribution of tickets are assumed by Frank Mosier, athletic ticket manager. Mosier has been at this job since July, 1951. Each year an estimated 100,000 tickets are handled by his office for K-States sports.

Sports Publicity Helps Attendance

NO ATHLETIC program could be complete without a man to tell the fans what is happening, and that's the job of Paul DeWeese, K-State's sports publicity director. DeWeese took over the publicity reins this year. Stories, statistics, and football and basketball brochures written by DeWeese are sent to approximately 400 newspapers, radio and TV stations. The programs for home football and basketball games are also prepared by the publicity director.

Good attendance is partially a result of a good sports publicity office, and this year football attendance soared to a record high of 22,500 spectators for the K-State-Oklahoma Homecoming game.

The ten men on the athletic council formulate the College's athletic program and policies. The council is composed of two students, two alumni, and six members of the College staff. The members are appointed by President McCain upon the recommendation of the students, faculty, and alumni.

This year the council hired Fred (Tex) Winter as the new basketball coach to replace Jack Gardner,

kept Bill Meek at K-State as head football coach after he had been offered a pro-coaching job with the Edmonton Canada Eskimos. At that time they also raised the number of football scholarships from 75 to 85 and increased the salaries of all the football coaches. With the resignation of Keith (Dobbie) Lambert as assistant basketball coach at the end of the 1953-54 season, the council hired Howard Shannon, former K-State all-American, to fill that position.

ATHLETIC COUNCIL MEMBERS—W. R. Kimel, Bob Featherston, Ken Gowdy, R. I. Throckmorton, Laurence Mullins, M. A. Durland, Henley H. Haymaker, A. B. Cardwell. Evan Griffith, and Harry Miller are not in the picture.

WINNING team of football coaches are Bernard Mertes, Clyde Van Sickle, Bill Meek, Don Stehley, John Cudmore, Royal Price.

UP FROM the Big Seven football cellar to second place came K-State, under the direction of head football coach Bill Meek.

Meek Coaches Cats to a 6-3-1 Record

"OREGON's Len Casanova did the mostest with the leastest. Notre Dame's Frank Leahy did the mostest with the mostest, and Kansas State's Bill Meek did the mostest (period)." So wrote Bill Schroeder in the Football Digest a few months ago.

Mr. Schroeder's remark could be used to describe the opinion of Kansas State students, faculty, and alumni as they watched Bill Meek guide the Cats through the football season to a record of six wins, three losses, and one tie. It was the best season since 1934.

Next to the beginning dust bowl, the winning ways of K-State's football team was probably the most

talked and written about happening in Kansas. Editorials appeared in papers around the state hailing the success of the Cats on the gridiron. Old grads who had almost forgotten their allegiance to Kansas State suddenly came alive with the knowledge that they were affiliated with a winner. In short all the Cats, young and old, had a fine feeling.

Records fell right and left as the team finished in a tie with Missouri for second place in the Big Seven with a 4-2 conference mark.

For the first time in K-State grid history, the squad received a United Press rating, getting tagged as the 23rd best team in the nation at the four-week

It's the Winningest Team Since 1934

mark of the season. The next week, the Wildcat eleven jumped up into the top football 20, this time in the 18th spot.

Final NCAA statistics showed that K-State had the seventh best pass defense in the country, topping all

other Big Seven schools in that department.

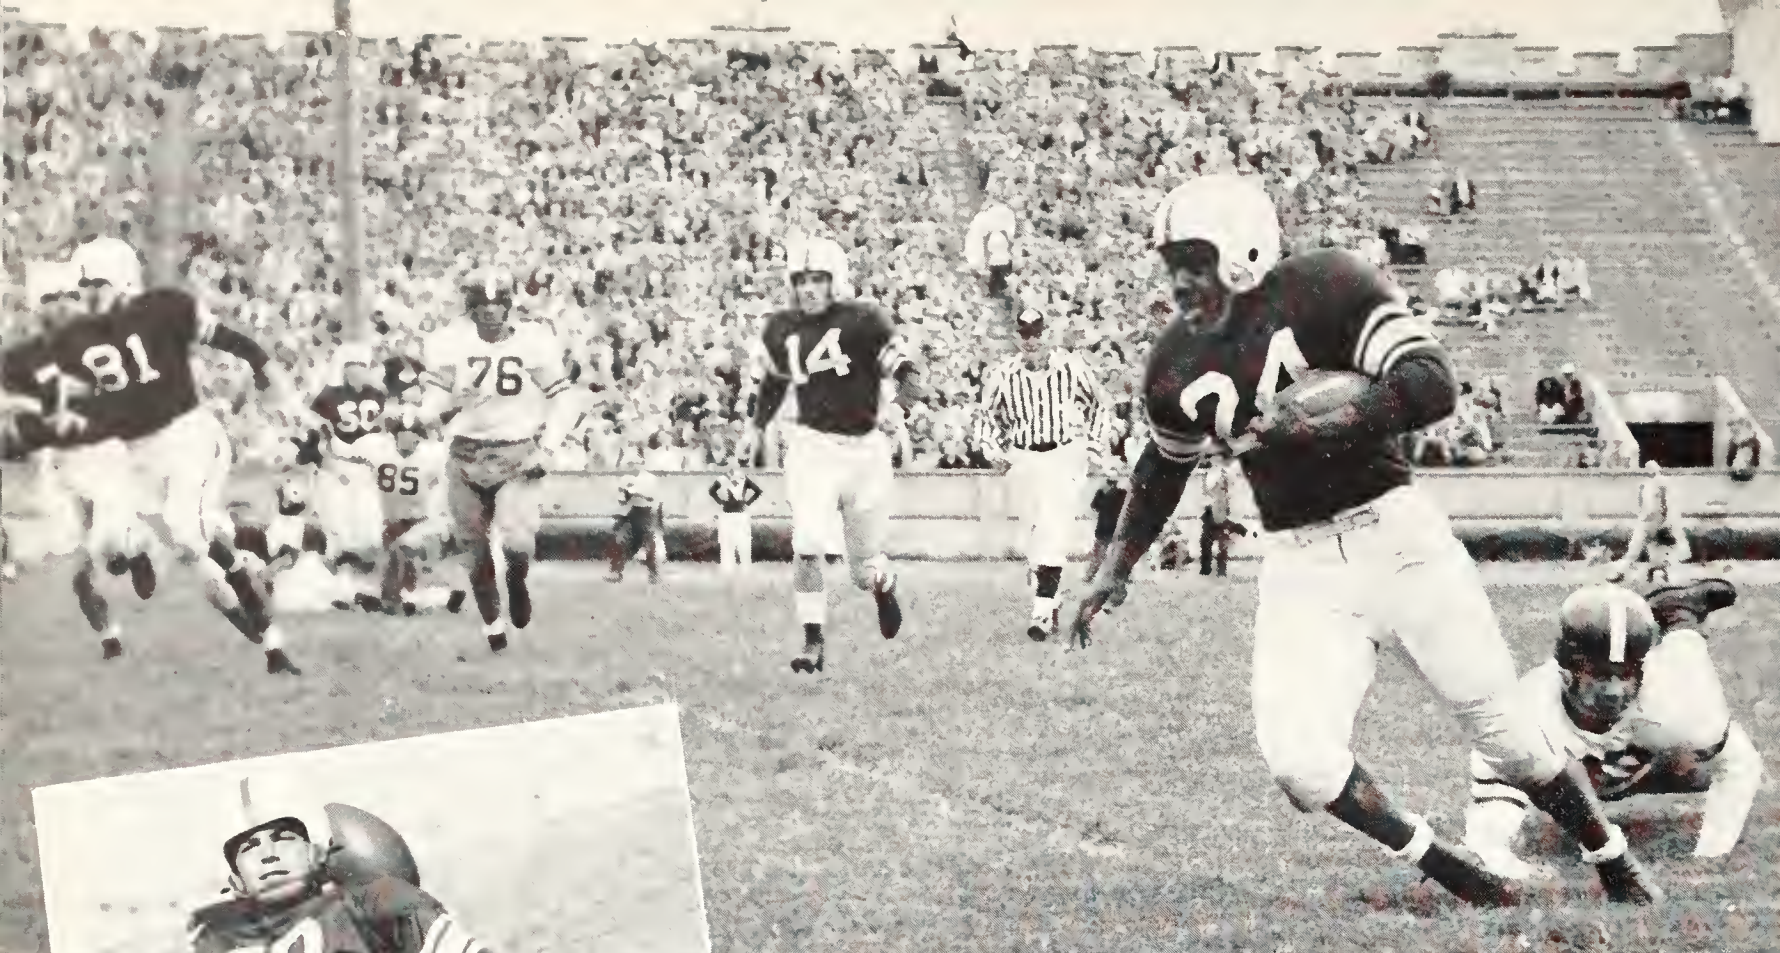

The Wildcats opened the season by mauling Drake, 50-0, before 11,000 fans. Veryl Switzer got the season off to a good start when he grabbed a Drake punt on the K-State seven-yard line and ran 93 yards for

a first-quarter touchdown. The run erased the school record for the longest punt run-back set in 1949 when Ross Estes ran one back 76 yards.

On the following Saturday, K-State lost to Colorado A and M, 14-13. In the final minute of the first half, the Cats recovered an Aggie fumble, and Bob Dahnke flipped a pass to end Paul Crandell to go out in front.

The Aggies tied it up in the third period with a touchdown pass good for three yards, but in the same quarter, Corky Taylor

galloped 35 yards for a K-State TD. Colorado A and M cinched the game with a last-period tally and extra point.

Wildcat fans went wild when K-State shutout Nebraska 27-0. The Cats accounted for two touchdowns in the second quarter to start the scoring.

Four seconds after the start of the fourth quarter, Taylor took a pitchout on the Nebraska two and scored. A Nebraska fumble on their 41 set up a Bob Whitehead touchdown pass to Ed Pence. The extra point try was fumbled, but Taylor swept up the ball and ran it over.

BERNIE DUDLEY tries to get away from a lot of trouble as he skirts around right end in the Drake game.

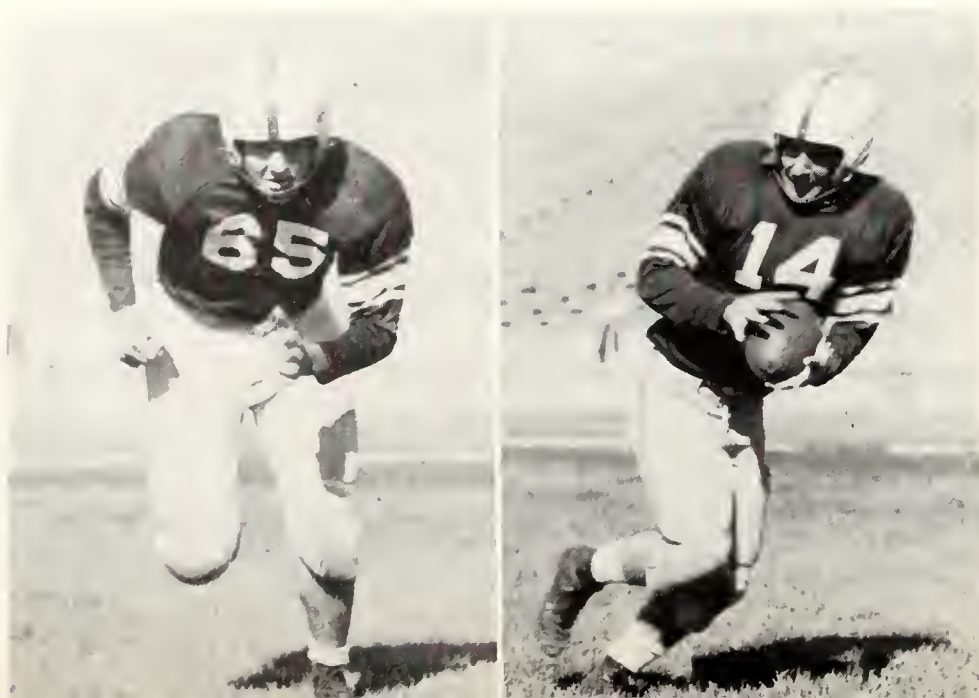

AN EXTRA point is added to the Cats' score in the Colorado game. Dudley held the ball while Dahnke did the booting. Larry Hartshorn (*left*) moved up to play second string tackle by the middle of the season.

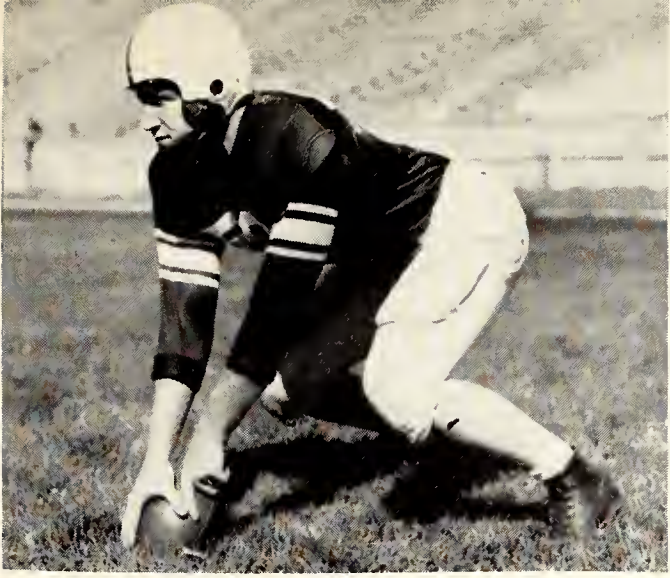

The Cats Sink the Cyclones

Iowa State was the next victim to fall before the Cats. Long runs monopolized the Wildcat scoring as Whitehead tallied first with a 43-yard dash in the second frame. A one-yard buck by Bob Balderston accounted for the next touchdown in the third quarter and a long run by Taylor ended in paydirt for the Cats.

One of the best plays of the season came against Colorado as the Cats continued their unbeaten conference record with a 28-14 win. Midway in the second quarter the Cats had the ball on their own 36, fourth down, and 17 yards to go. Taylor faked a punt and sped 64 yards to the goal line.

PRICE GENTRY (*left*) played guard, and Bob Dahnke was the top quarterback.

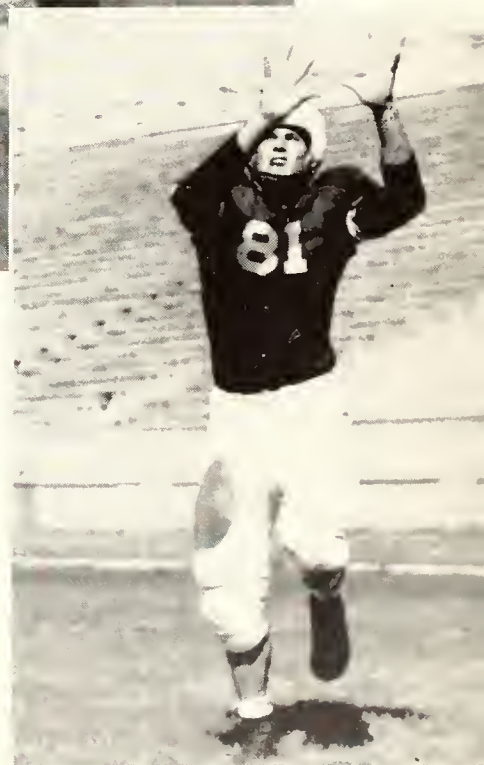

TOP LEVEL strategy is being planned in the conference between coaches Cudmore and Meek. Ken Gowdy (*above*), starting center for the Wildcats, added scholastic honors to those which he won on the football field.

ED PENCE (*right*) was the main performer at left end. Ron Nery (*bottom*) played tackle.

All Cat 6-Pointers Come on Long Runs

All of the scoring for K-State came on long runs. The initial score came on an 80-yard punt return by Switzer, followed by Taylor's 64-yard gallop and Dahnke's 53-yard scoring jaunt. Early in the fourth quarter, Ed Pence booted a spectacular 38-yard field goal that barely cleared the crossbars.

The final score came on an end run by Switzer that netted 60 yards and six points.

A third shutout was registered by the Cats as they topped Wichita university, 21-0. Going into the contest, K-State ranked second in the nation in rushing, and Wichita was third in defense.

Despite the Shocker defense, the Wildcats' offense proved too much. With the game five plays old, Gerald Cashman went over from the seven.

VERYL SWITZER (*left*) was the team's top scorer and ground-gainer. Giving the Cats' passing attack downfield punch were Ed Linta and Paul Crandell (*right*) who both played end.

JOE MAKES GOOD

VERYL (JOE) SWITZER *ended his senior season at Kansas State by doing just about everything a football player can do.*

He led the Big Seven conference in punt returns and was third in the nation in that department. Joe also tied for second place scoring honors in the conference.

The AP and UP selected Joe for their first all-conference teams. The midwest chapter of the Football Writers Association of America elected him the Outstanding Back of the Midwest.

Climaxing his collegiate career, Joe crashed over for two touchdowns and led the West all-stars to a 31-7 victory in the Shrine game.

IT WAS a high spiraling kick—Joe caught it on the twenty, cut out for 80 yards, and scored his second TD against CU. Wilbur Stocks (*right*) played end for the Cats.

FAKED OUT are the Golden Buffs as junior halfback Corky Taylor speeds for the goal stripe 64 yards down field. Taylor took the ball, faked a punt, then completely outsmarted eleven opposition players.

A Dark Two Hours Spent With OU

The first conference defeat for the Cats, came at the hands of Oklahoma to ruin the Homecoming celebration. The Sooners, who later whipped the nation's top team, Maryland, in the Orange bowl, had little trouble drubbing the Cats, 34-0.

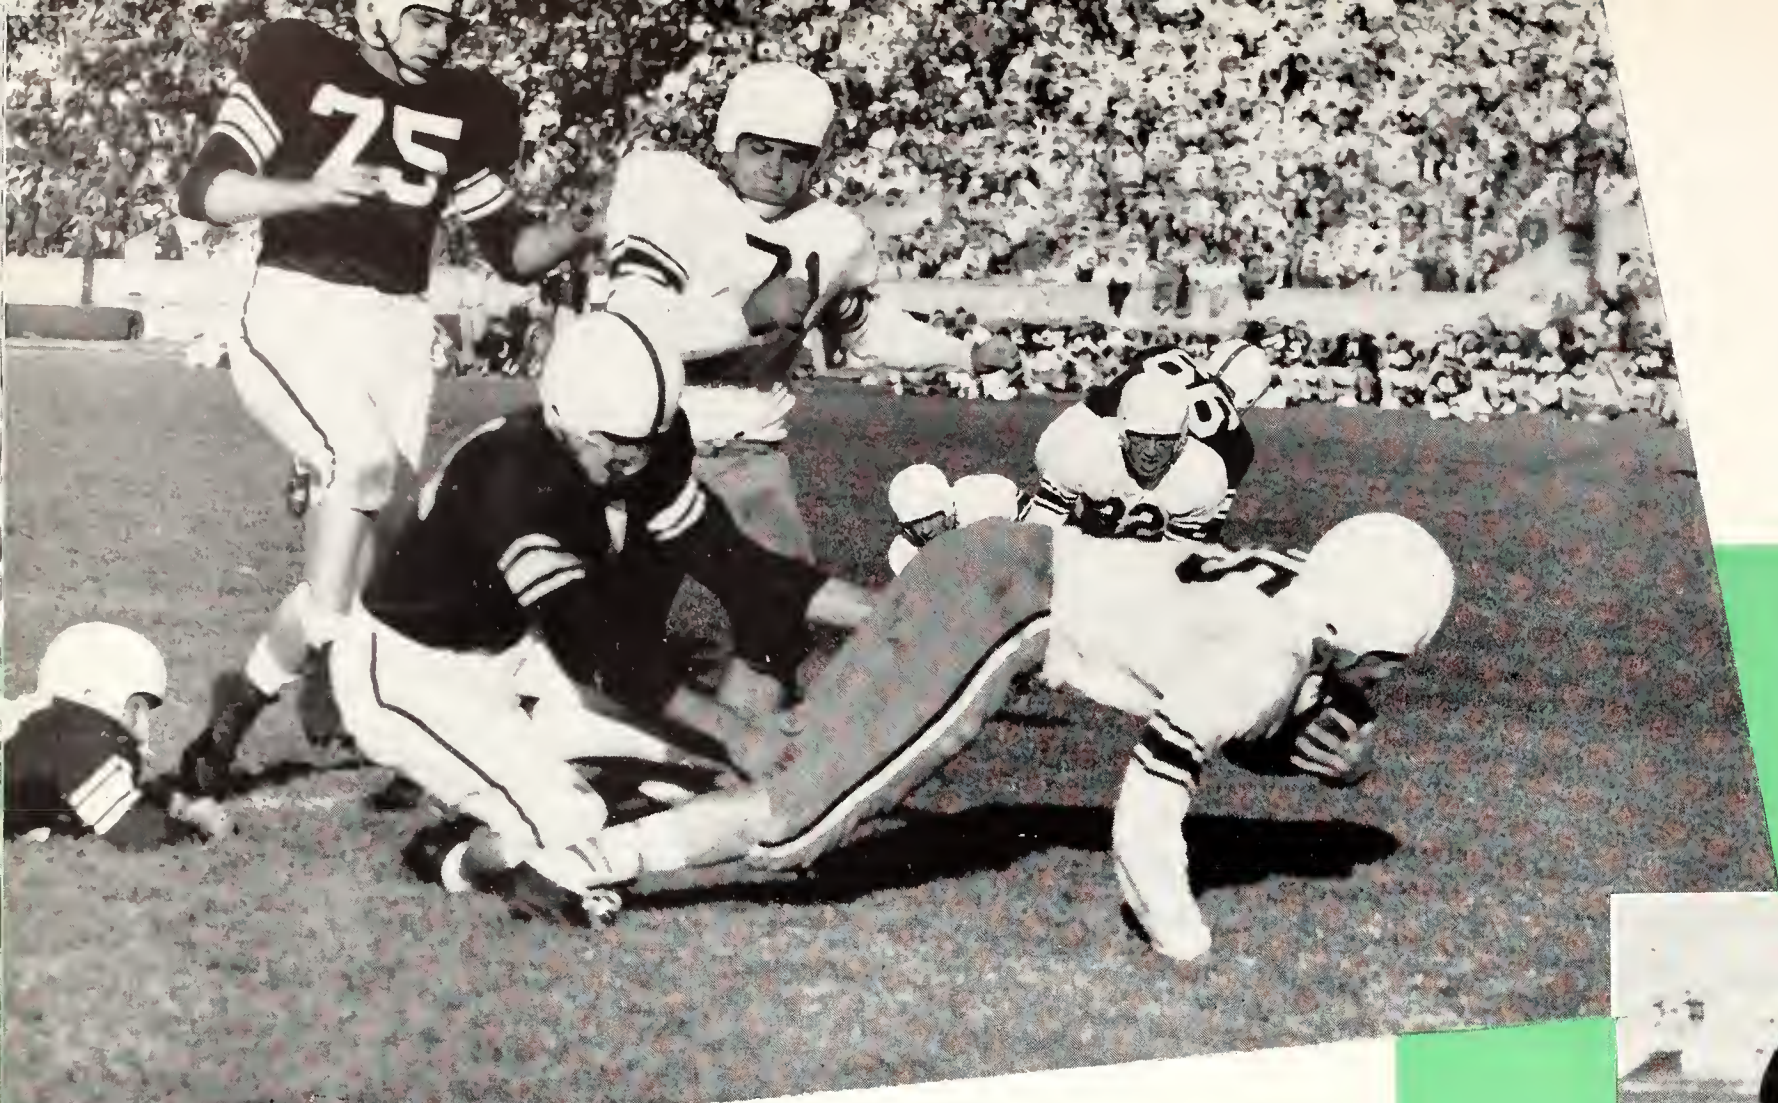

Oklahoma scored in every quarter and marked up 24 first downs while the Cats were getting 10. The

Cats almost broke into the scoring column but the clock ran out, as a pass took the Cats to the OU two.

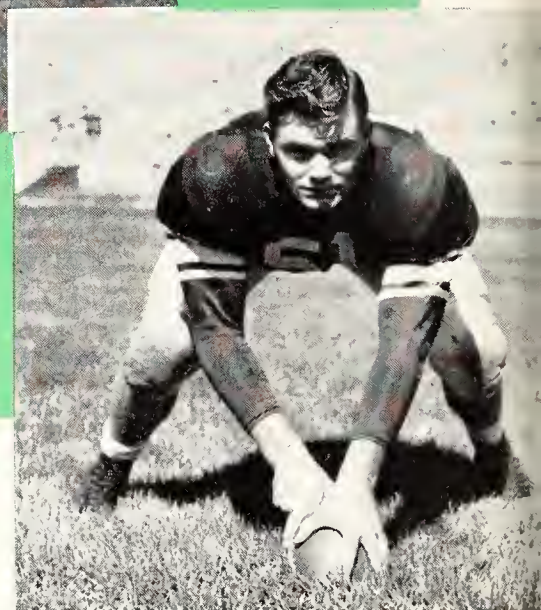

The final win of the season was a 7-0 game with Kansas. It was the first win over the Hawks since 1944. Fumbles marred a game played in a freezing drizzle and snow. K-State's only score came on an 11-yard run by Bernie Dudley.

DEAN PECK (*left*) was the top right guard until sidelined with an injury. **Ron Marciniak** strengthened the line at tackle. Playing in the fullback slot was **Doug Roether** with **Tom O'Boyle** (*right*) at left guard.

ED PENCE slams down a Wichita ball carrier. Charles Zickefoose (*right*) played center and tackle his sophomore year.

Teamwork Stops Shockers

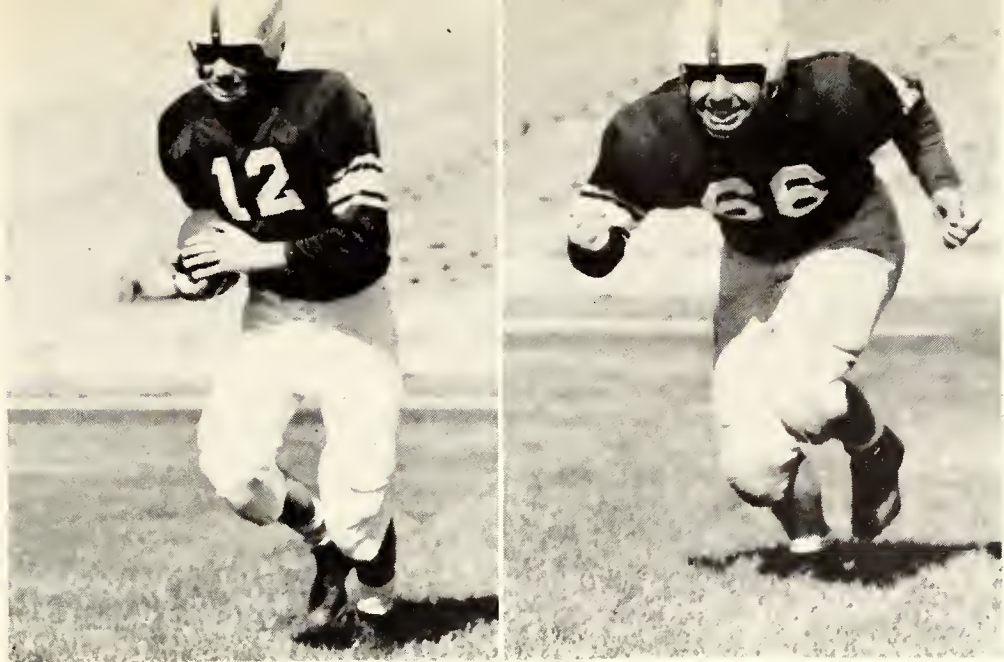

Late in the last quarter, the Jayhawks ran the ball to the K-State 1-yard line for a first down. Two Jayhawk halfbacks, Don Hess and John Anderson, tried to get that one yard, but couldn't make it over. Then, coach Jules Sikes sent in a substitute and a delay-of-the-game penalty put the ball back to the six. On the

next play Ken Gowdy broke through to capture a KU fumble.

Missouri proved too tough for the Wildcats, as the Tigers won, 16-6, in the Cats' final conference tilt. The lone K-State score came late in the third quarter with Taylor going over.

CORKY TAYLOR (*left*) at halfback was a scoring threat, and Tom Smith aided the cause at tackle. Gerald Cashman (*right*) was another of the Wildcats' starting backfield men.

BOB WHITEHEAD (*left*) was the second man at quarterback, and Cletis Wilson played at right guard.

A Tie Ends Grid Season

A 26-26 tie with Arizona ended the '53 grid season. Switzer carried the lion's share of the scoring with two touchdowns, both on long runs. He took a screen pass from Dahnke and rambled 55 yards for a score; then returned a kickoff 82 yards for another Wildcat tally.

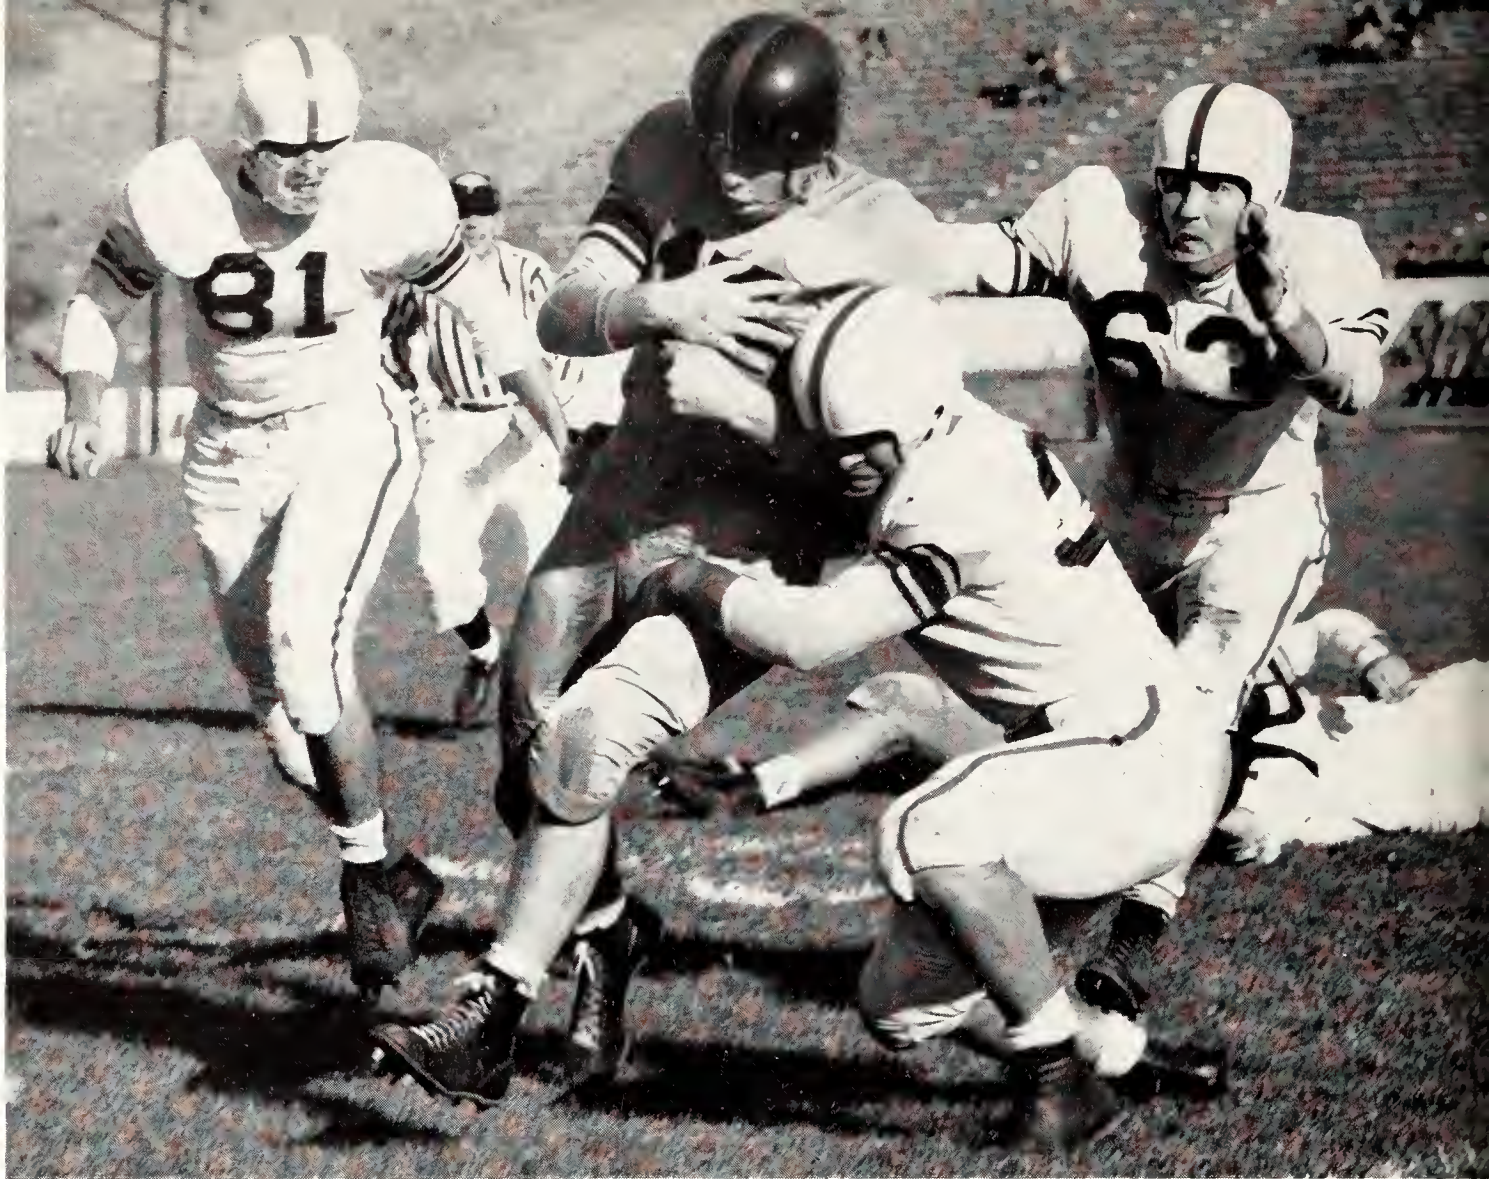

The Wildcats were well represented in post season sectional games. Gowdy, Pence, Balderston, and Earl Meyer were selected to play in the North-South game at Miami, and Meek was named assistant coach of the North Squad.

Switzer played in the East-West Shrine game, and O'Boyle played in the Blue-Gray game at Montgomery, Ala. Dean Peck also received an

invitation to play, but turned it down because of a shoulder injury.

The Associated Press and United Press selected seven Wildcats for conference honors. The UP picked O'Boyle and Switzer on the first team, Gowdy and Pence on the second team, and Taylor and Ron Marciniak on the third team. The AP gave first-team honors to Pence and Switzer, second team to Gowdy and O'Boyle, and third team to Dahnke and Marciniak. Receiving AP honorable mention were Ed Linta, Meyer, Peck, Taylor, and Balderston. Gowdy was named on the second all-American academic squad.

Several Wildcat gridders ranked high in the final conference statistics. Switzer was tops in punt returns with a 31-yard average, tied for second in scoring, and took fourth in ball-carrying and pass-receiving. Corky Taylor was the fifth top ball-carrier, and Balderston took 13th.

In the passing division, Dahnke was the Big Seven's third best passer with teammate Bob Whitehead ranked number 12. Bernie Dudley added to the laurels as the seventh best punter.

K-State was the second best ground-gainer in the conference with a total of 2,884 yards, 2,274 rushing and 610 passing.

DOUG FOREMAN (*left*) was a reserve end while Bob Balderston was the top full-back. Jim Rhoades (*right*) added to the depth of the same position.

HEAD MAN of Kansas State basketball is Tex Winter who came from Marquette university this year.

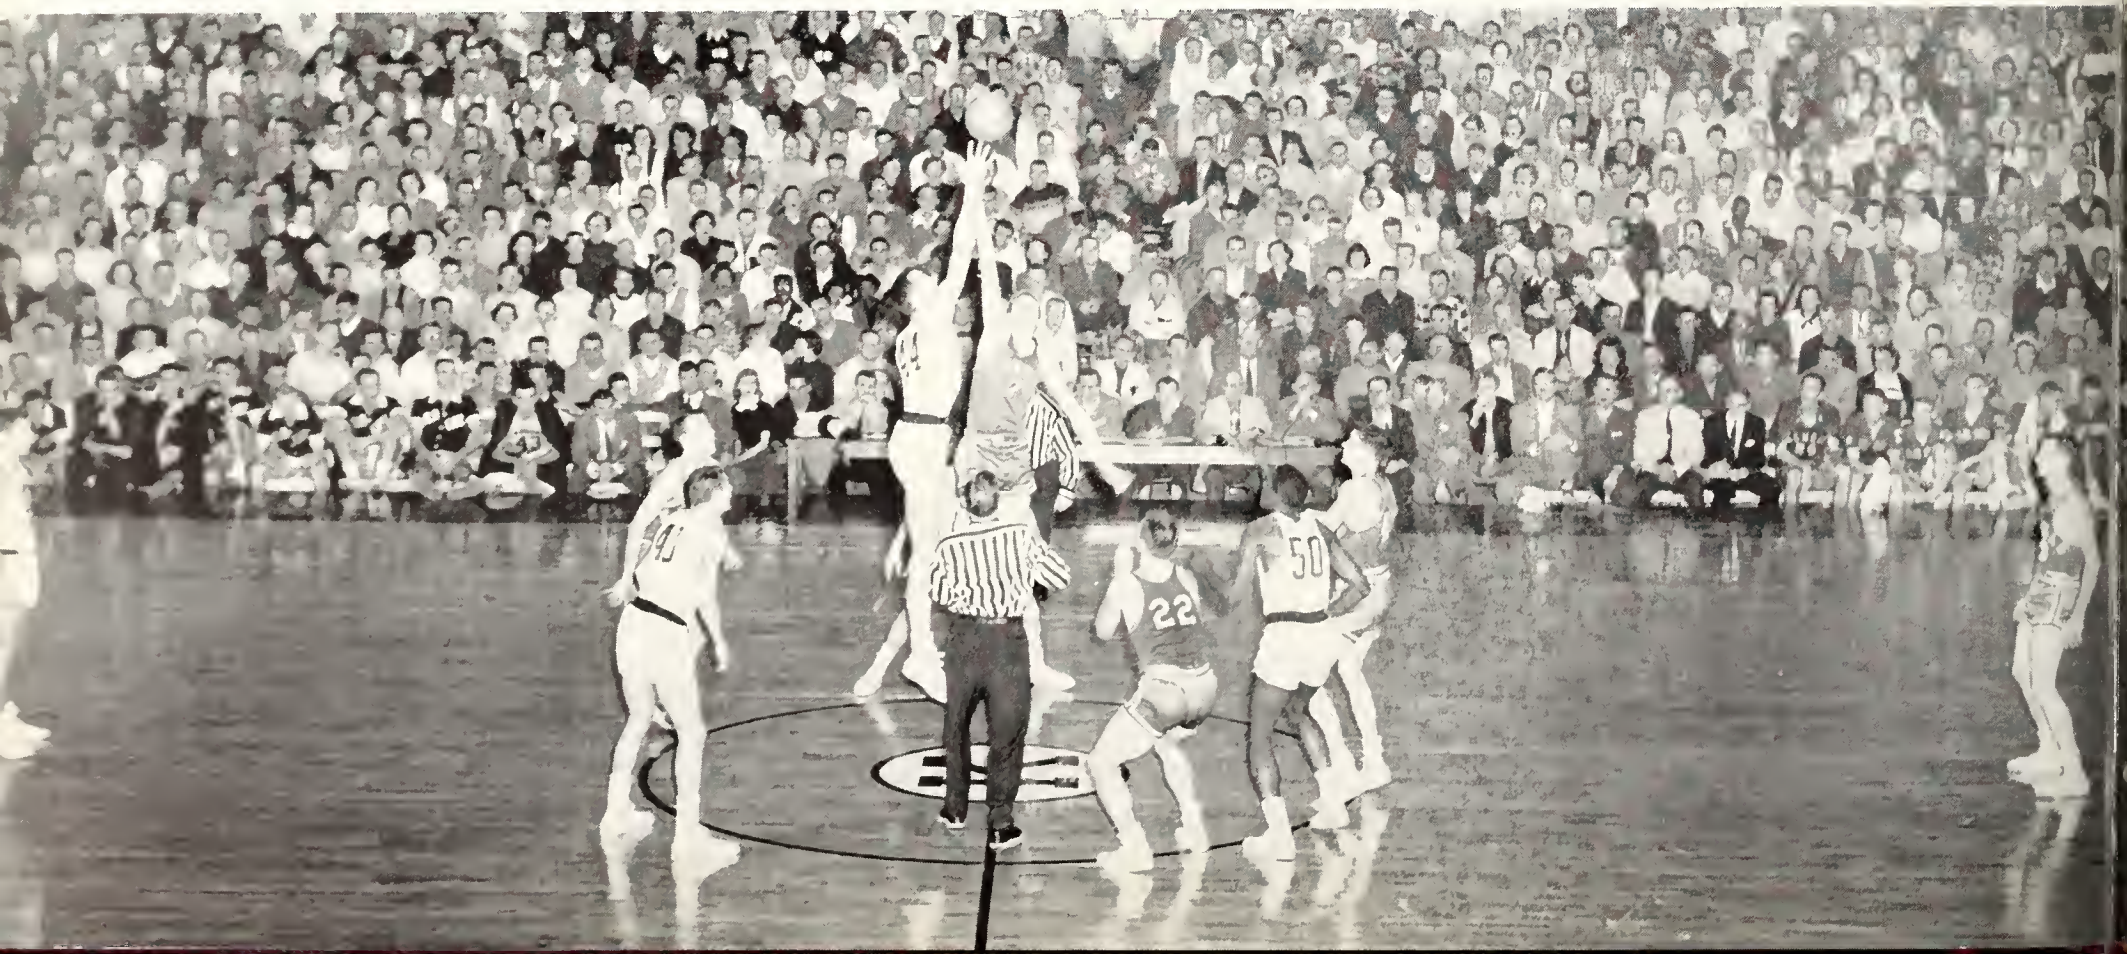

PLAGUED WITH injuries and the task of finding a replacement for all-American center Dick Knostman, Tex Winter and the Kansas State basketball team barely managed to finish the season with a better than .500 mark with 11 wins and 10 losses.

Under the direction of Tex Winter, who replaced Jack Gardner upon the latter's resignation to go to Utah, the Cats tied the Cornhuskers of Nebraska for fourth place in the Big Seven.

Just as junior center Jerry Jung started giving impressions of taking over the pivot spot, he broke a bone in his leg and was out for the remainder of the season. Shortly after the half-way mark in basketball play, Jesse Prisock was sidelined by a severe charley horse in his leg. Jesse was only used in a limited capacity during the Cats' last five games.

Going into the final games of conference race, the Cats lost or partially lost the services of J. R. Snyder and Jim Smith. Snyder was put to bed with a case of glandular fever and Smith suffered an internal injury during a game. All the players recovered by the time the season was over but their loss had hurt the Cats' playing ability.

"THERE'S the toss, the second half is underway," says the announcer as Roger Craft, 44, and Bill Brainard, 7, of Kansas jump. Gene Stauffer, 40, Harold Patterson, 22, and Len Wilson, 50, await the tip.

Season Above the 500 Mark

The Cats started off the season with a win over Denver university, 70-41. K-State had little trouble hitting 21 field goals and 28 free throws. Jim Smith led the scoring parade with 13 points.

Indiana was the next opponent, and the Hoosiers lived up to their high national ranking by dumping K-State, 92-66. Early in the first quarter, Indiana swished through 16 points in 2 minutes.

The Hoosiers' all-American Don Schlundt tallied 16 points in the first quarter, sat out nearly two

quarters of the game, and ended the game with 25 points. Jesse Prisock was high man for the Cats with 16 points.

Gene Stauffer, 6-foot guard, broke the scoring record for K-State guards against Wyoming to lead the Wildcats to a 76-69 victory. Stauffer hit 26 points to eclipse his own mark of 24 points set in the 1952-53 season.

Wyoming threatened in the third quarter after K-State had led by six points at the half. But with

NU Stops Cats in KC

about three minutes left in the third quarter, the Cats rallied to go ahead by 11 points at the end of the frame.

Going into the holiday games, K-State was tied for 19th in the United Press ratings. In two games with Washington, K-State won by easy margins of 74-64, and 87-76.

At the Big Seven pre-season tourney the Cats were beaten out the first round by Nebraska, 78-74. In the consolation bracket, the team beat Washington for the third time of the season, 81-75; and whipped Iowa State, 98-77. This was the highest score for the year by the Wildcats.

The high point of the tourney for Cat fans was Jerry Jung's surge of points in the last two games. Against Washington, he hit 15, and in the last game he gathered 14 despite a leg injury. It looked like Tex had found a center.

SOPHOMORE Joe Powell was one of the three Wildcats to hold down the center position.

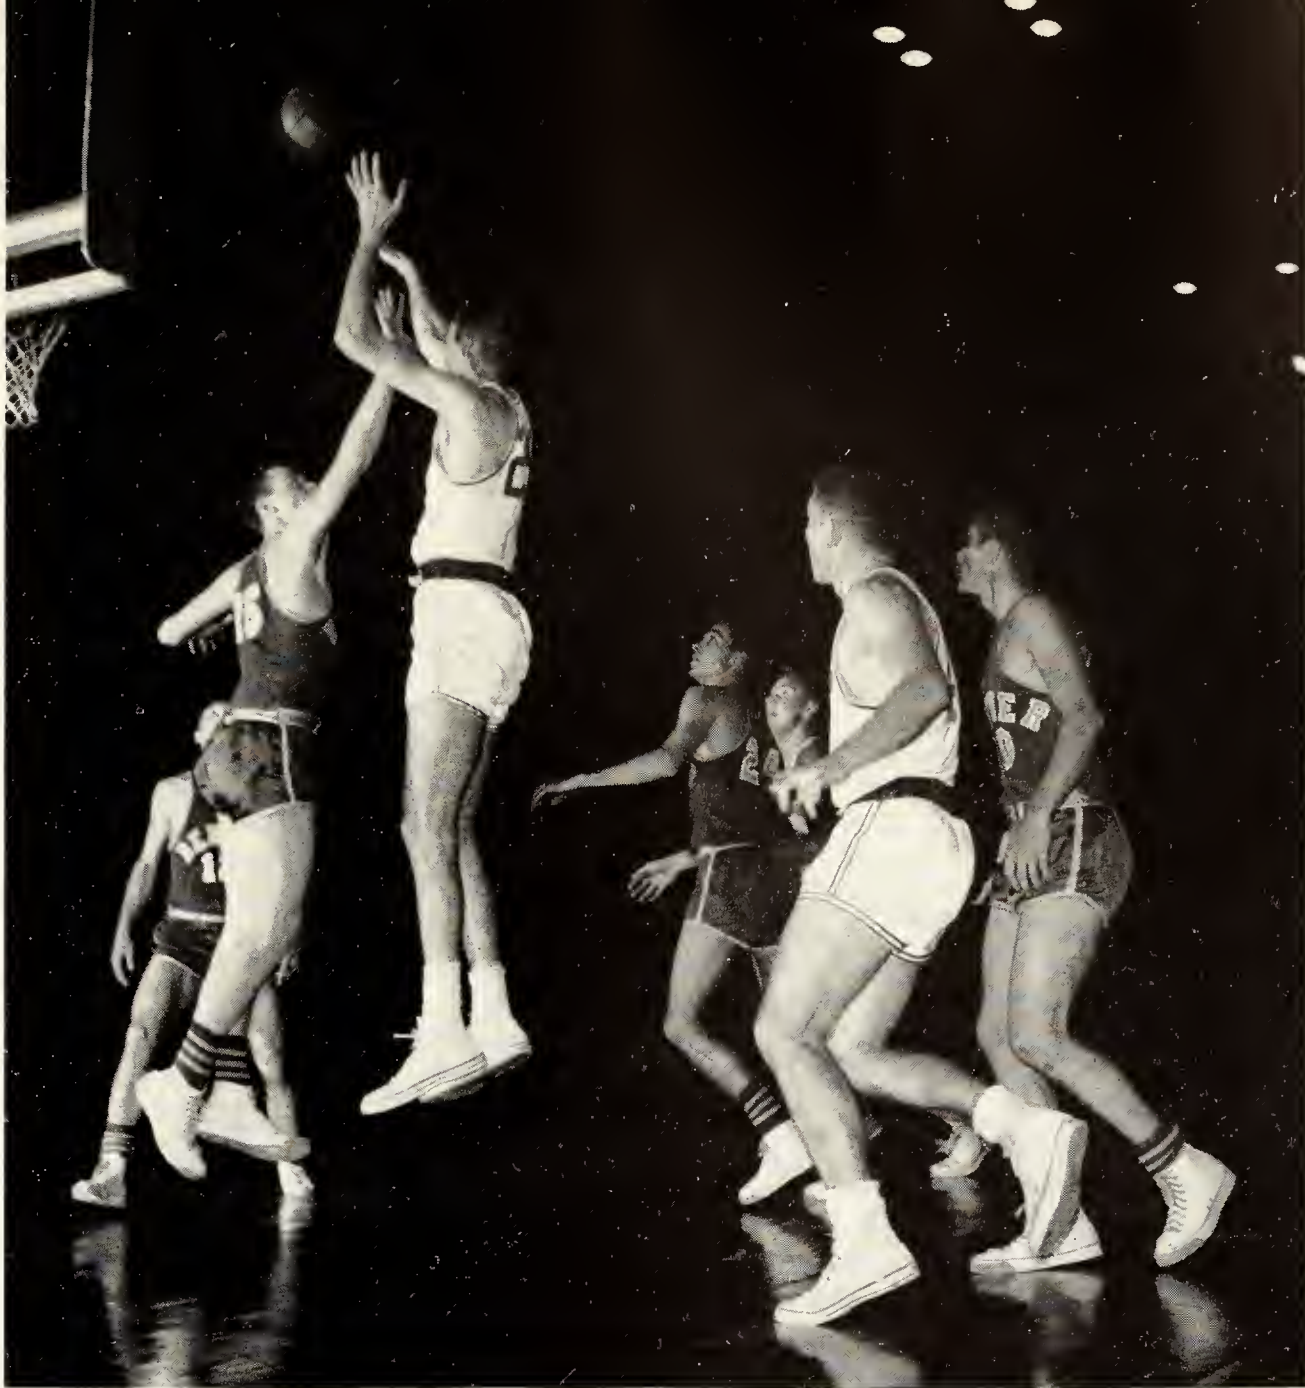

JESSE PRISOCK was the top Cat scorer and was 19th in the country in free throws.

JESSE PRISOCK, 43 (below), hits a setup as **Jim Smith, 22,** rushes up for a possible rebound with Missouri players **Bob Reiter, 35,** **Bob Schoonmaker, 41,** and **Med Park, 32.**

JERRY JUNG, 25, goes up for a jump-shot as **Gene Church, 15,** of Denver tries to block it. **Kent Poore, 4,** is in the foreground.

ALTHOUGH not a starter, **Warren Bullock** aided the team with his performance at guard.

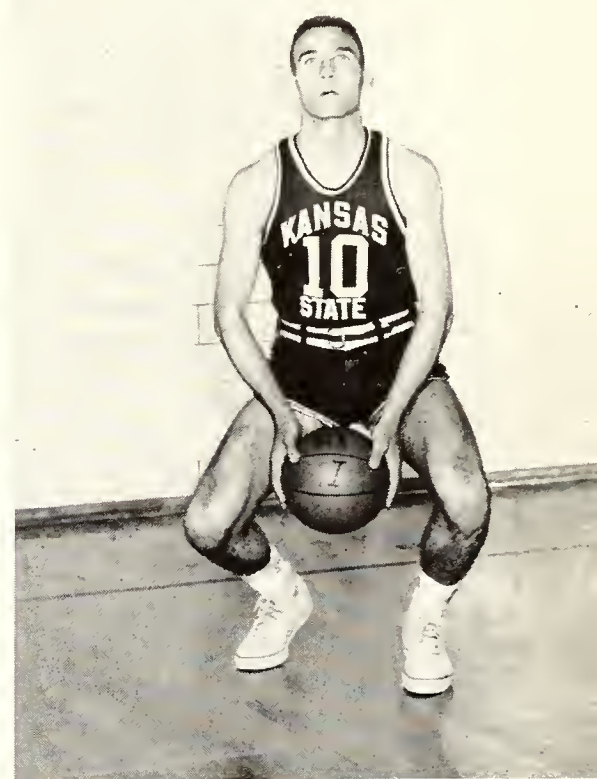

Cats Beat Buffs in Opener

Prisock was the third highest scorer of the tournament with 61 points. The Cats made more field goals, 98, and more total points, 253, than any other team at the tournament.

The worst defeat in Field House history was handed the Cats by Michigan State, 78-63. The first quarter was fairly even, but in the second period, the Spartans began hitting and went ahead, 42-34.

Although the Cats tried to rally in the last quarter, it was to no avail as the Michigan State five stalled out the ball.

Colorado fell before the Cats as they opened conference play with a 66-60 win. Jung, back after a leg injury, took high scoring honors with 18 points hitting eight field goals and two free throws. With a six-point lead in the last quarter, K-State began stalling the ball. J. R. Snyder and Kent Poore, both sophomore guards, made the fans stand up and cheer with their fine dribbling and control.

A FIRST-STRING guard, **Gene Stauffer** always posed a scoring threat for the opponents.

LEN WILSON, 50, pushes one up against Kansas with Harold McElroy, 19, giving him trouble. Kent Poore (right) was a set-shot artist at guard.

J. R. SNYDER gave the Cats plenty of hustle at guard.

Tex Almost Outwits Phog

The Cats dropped another game to Nebraska, 88-75. After being in front at the end of the first quarter, 24-18, the Cats' pace slackened considerably, and Nebraska went ahead at the half, 42-38. Gene Stauffer again went over the 20-point mark hitting 23.

Coach Winter pulled a new trick from the hat against Kansas and the venture almost ended in victory for the Cats. K-State dropped its normal fastbreak brand of ball to use a slower, ball-control method. The game was close and the lead changed hands eight times, but KU was ahead, 65-62, at the final gun. The largest crowd of the season was on hand to see the two teams clash.

The K-State hardwood five lost another close one to Missouri the following week, 75-71. Prisock led the Cats with 25 points, one of his best

Sink Sooners at Norman

performances of the season. He hit five points in the last quarter to spark a K-State rally, but fouls by the Cats gave the game to Mizzou as the Tigers failed to hit a field goal the last quarter.

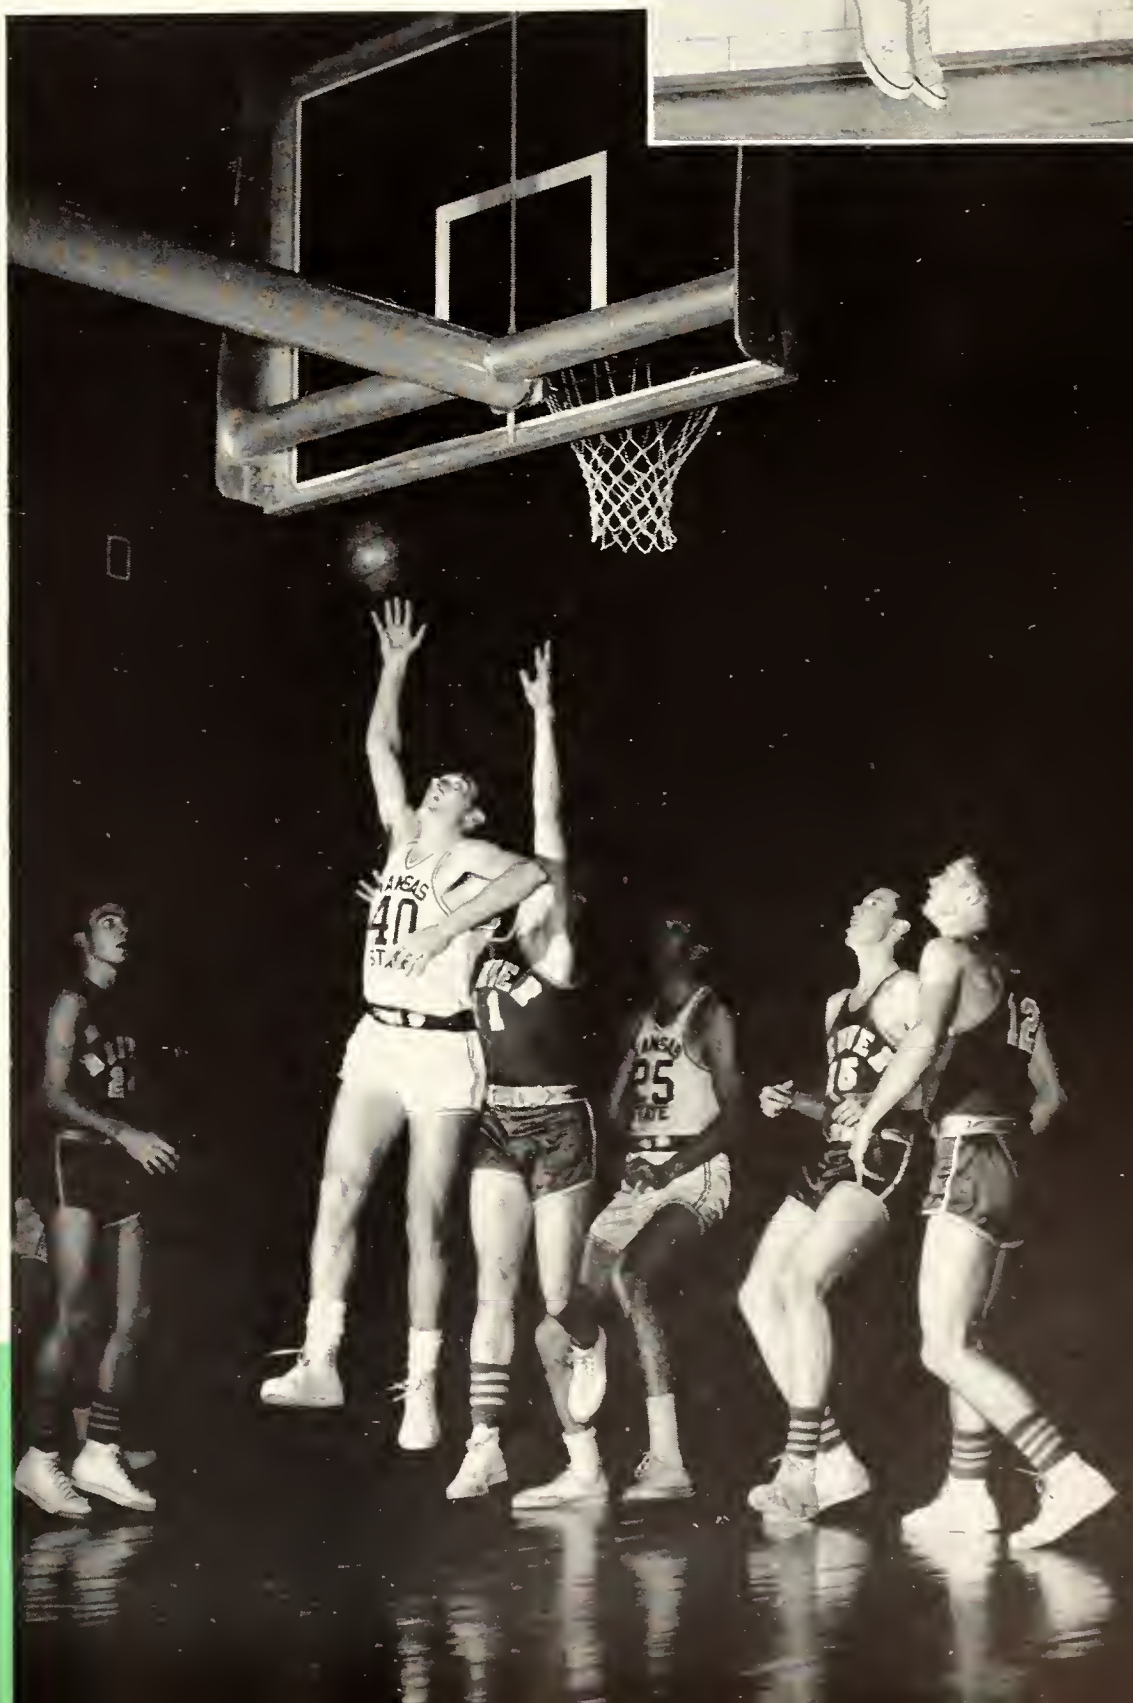

After being behind, 16-12, in the first quarter against Oklahoma, K-State found the range and defeated the Sooners, 63-53. The Cat defense was especially good, keeping the Sooners' Bob Waller, the conference's second high scorer from hitting from the field. Oklahoma went through the second quarter and five minutes of the third without scoring a field goal. Prisock was again high point man with 18.

For the first time since the 1948-49 season, Iowa State beat the Cats. The 60-56 victory gave the Cyclones their first Big Seven win of the season. K-State was in front for the greater part of the game, but in the second half, Iowa State rallied and ended up on top.

GENE STAUFFER, 40 (below), lays one up against Denver. Dick Stone (right) performed at forward.

JERRY JUNG showed promise of developing into a starting center, but injuries hampered his play.

A BASKET is tallied by Jim Smith, 22, against Wyoming. Looking on are Snyder, 14, Stauffer, 40, Bill Sharp, 8, Roger Craft, 44, and Len Wilson, 50. Smith (*upper right*) was dependable at forward, while Roger Craft (*lower left*) played well at center.

Early NU Loss Avenged

The Cyclones went ahead late in the third period, 37-36, but the Cats soon retrieved the lead. In the final frame, the lead changed possession four times. Prisock kept his position as top K-State scorer with 23 points.

K-State's third conference victory came at the expense of Nebraska, 91-70. With Jung out with a broken bone, Joe Powell, 6-8 sophomore, got the starting nod, and hit eight points, all in the first quarter. Three fouls in the same quarter put him on the bench. Through the first two quarters, the game was close with only two or three points separating the ball clubs. With two minutes left in the half, J. R. Snyder put the Cats ahead with three quick field goals. In the final quarter Nebraska scored eight points and K-State 27.

Cats Lose by Two at Ames

In a hectic game that saw both teams surge ahead and then falter, Iowa State edged by K-State 64-62. With the score tied 62-62 and five seconds left to go in the game, Dick Stone fouled Barney Alleman. Alleman made the two shots and cinched the game for the Cyclones.

Iowa State jumped off to an early lead only to see the Cats come back and knot the count in the third quarter at 30-30. The Cats then went on to lead 53-44 at the end of the quarter. However, the lead soon faded as the Cyclones began pumping in the basketball. With Prisock out with a charley horse, Roger Craft assumed the scoring duty and hit 18 points for his best game up to that time.

Kansas continued on its way to a second Big Seven championship by whipping the Cats, 85-74. Joe Powell took the scoring laurels for K-State with 19 points, while Kansas center B. H. Born got only 11.

J. R. SNYDER, 14, pauses in mid-air to poke one in as Joe Lathrop, 13, tries to stop him. Dan Schuyler, 41, is at the left. Bill Kohl (left) played guard, and Len Wilson (right) was a speedy forward.

NEBRASKA'S Bill Johnson, 5, catches the Cats napping and sinks a basket to bring the Huskers within two points of K-State. Wilson, 50, Powell, 45, Prisock, 43, and Snyder, 14, watch futilely.

five seconds gave the Cats the 79-78 win. Five fouls were called in the last minute of play, helping to change the lead five times.

Gene Stauffer and Poore were high point men for the game, each getting 21 points. The Cats were minus the services of Prisock, Snyder, Jung, and Jim Smith.

Roger Craft hit the most points in one game for the Cats in the season getting 29 against Oklahoma. K-State thumped the Sooners, 90-68, in the final home game. Seniors Gene Stauffer and Jesse Prisock ended their home season with 15 and 17 points respectively.

A Wildcat rally fell short against Colorado as the Buffs won, 79-76. Although the Cats hit 26 points in the last quarter, a 21-point lead couldn't be overcome.

Dobbie Resigns As Freshman Coach

KEITH (Dobbie) Lambert, coach of the freshman basketball squad here since 1951, resigned in mid-March this year to enter private business. Lambert was responsible for bringing to K-State such basketball stars as Kent Poore, J. R. Snyder, Dick Peck, Bob Rousey, Gene Wilson, and Dan Schuyler.

Known among basketball circles as a great team man, he was always a ball of fire and enthusiasm both on and off the hardwood court. One conference coach remarked it would be easier to shake hands with Dobbie's successor than to have to meet Dobbie's crushing grip.

Howard Shannon, Topeka high school coach, was named to replace Dobbie. Shannon is a former K-State all-American player and played professional basketball with the Providence, R. I. "Steamrollers." He was named "rookie of the year." He also played with the Boston Celtics.

Of this year's freshman team, Dobbie said that it showed more hustle and spirit than any freshman team he had coached since coming to K-State. But they lacked height, he added. Parker Stotler is the tallest player, standing 6 feet, 6 inches.

KEITH (Dobbie) Lambert provided much of the foundation for basketball at K-State in his job of freshman coach. He resigned effective July 1.

KANSAS STATE *Thinclads Shine in Dashes*

ONCE AGAIN Thane Baker's brilliant running highlighted the '53 outdoor track season. In eight meets, Baker won the 100-yard dash in all but the NCAA and National AAU, in which he took seconds.

It was almost the same in the 220 as the speedy sprinter grabbed four firsts and the national colle-

giate crown. Baker's wins at the NCAA meet put K-State in a tie for sixth place nationally with Michigan and Kansas. He finished third in the AAU 220.

While Wes Santee of Kansas was gaining the headlines by winning 14 of 23 races on the European tour last summer, Baker quietly won all of his for a 23-0 record in Sweden, Norway, Denmark, Finland, and Germany.

VERYL SWITZER was a consistent point-getter for the Cats last year in field events. Here he confers with Coach Haylett.

Cats Fifth at Big Seven Meet

Coached by Ward Haylett, the Cats won two of the three dual meets they ran and placed fifth at the conference meet at Ames, Ia.

Baker won the 100-yard dash at the Texas relays and anchored four relay teams. The sprint medley relay team of Taylor, Mershon, Towers and Baker won second, as did the mile relay team of Sartorius, Rowe, Towers and Baker. Taylor, Mershon, Shadwick and Baker won second in the 880, third in the 440 relays.

Although Missouri won, 68 $\frac{1}{2}$ -62 $\frac{2}{3}$, K-State set or tied several dual meet records. Baker won the 100, 220 and 440, tying records in the first two and setting a new mark of 48:8 in the quarter. Towers ran the mile in a record 4:25.4, while Veryl Switzer jumped 23 feet 4 $\frac{1}{8}$ inches for a broad jump record. Railsback won the high hurdles.

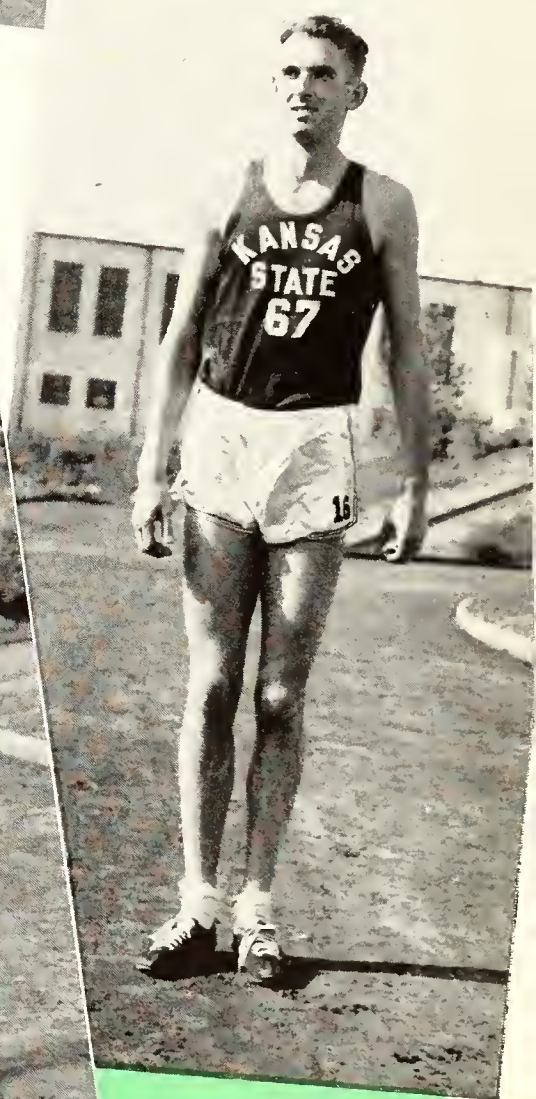

LENDING STRENGTH to the high hurdles event was Jack Railsback (*above*). THANE BAKER (*upper center*) almost assured the Cats of a first in the century. DON ROBERTS (*upper right*) excelled in the high jump. GERALD SHADWICK (*right*) ran in the 110, 220, 440, and 880 relay teams. QUARTER-MILER Jerry Rowe (*far right*) often finished near the top, and ran the mile relay.

Baker First to Win Three

Baker is first to win three consecutive 100-yard titles at the Kansas relays. The half-mile team of Mershon, Loomis, Taylor and Baker took first.

An auto accident on the way to the Colorado relays put the team out of that meet and a dual meet with Kansas because of injuries to Grover Adee and trainer Laurence "Porky" Morgan.

THANE BAKER snaps the tape in 440-yard dash in the meet with Iowa State. Jerry Sartorius, 68, finished second and Jerry Rowe, 67, third, ahead of Dick Barber of Iowa State.

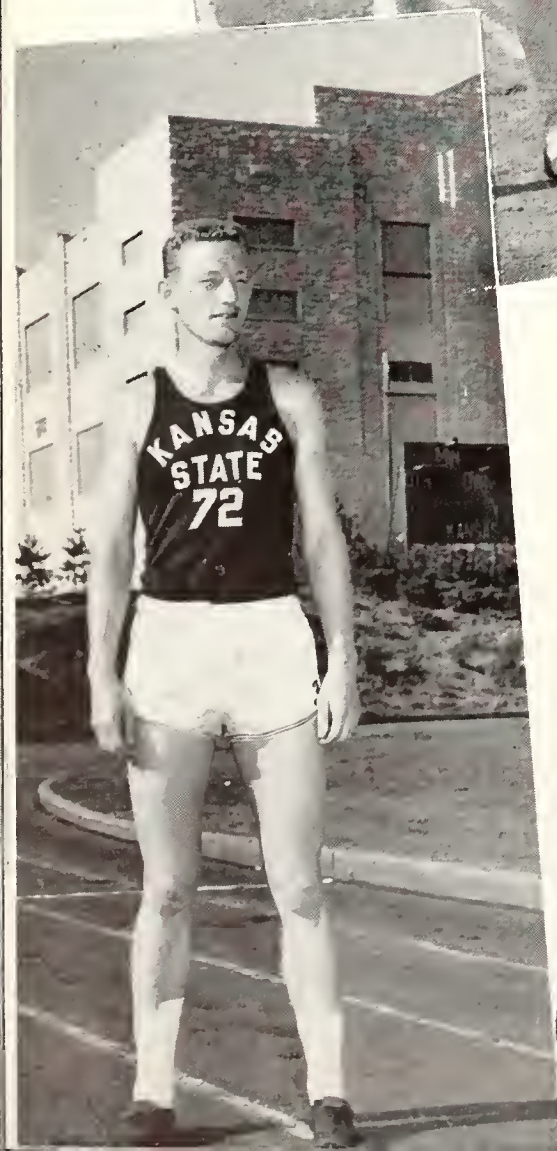

JERRY SARTORIUS (*upper left*) gave the Cats added punch in the quarter mile, low hurdles, and mile relay while Wes Wilkison (*upper center*) put his efforts into high jumping. ONE OF THE TEAM'S steady point-getters in the high hurdles was Dick Culbertson (*upper right*). JERRY MERSHON (*left*) ranked as Thane Baker's shadow in the 100 and 220-yard dashes, usually finishing in second place behind the Olympic flash. AT THE START of the season Dick Towers (*lower left*) was the Cats' top threat in the half mile, later switching to the mile run. He also ran on the mile relay team.

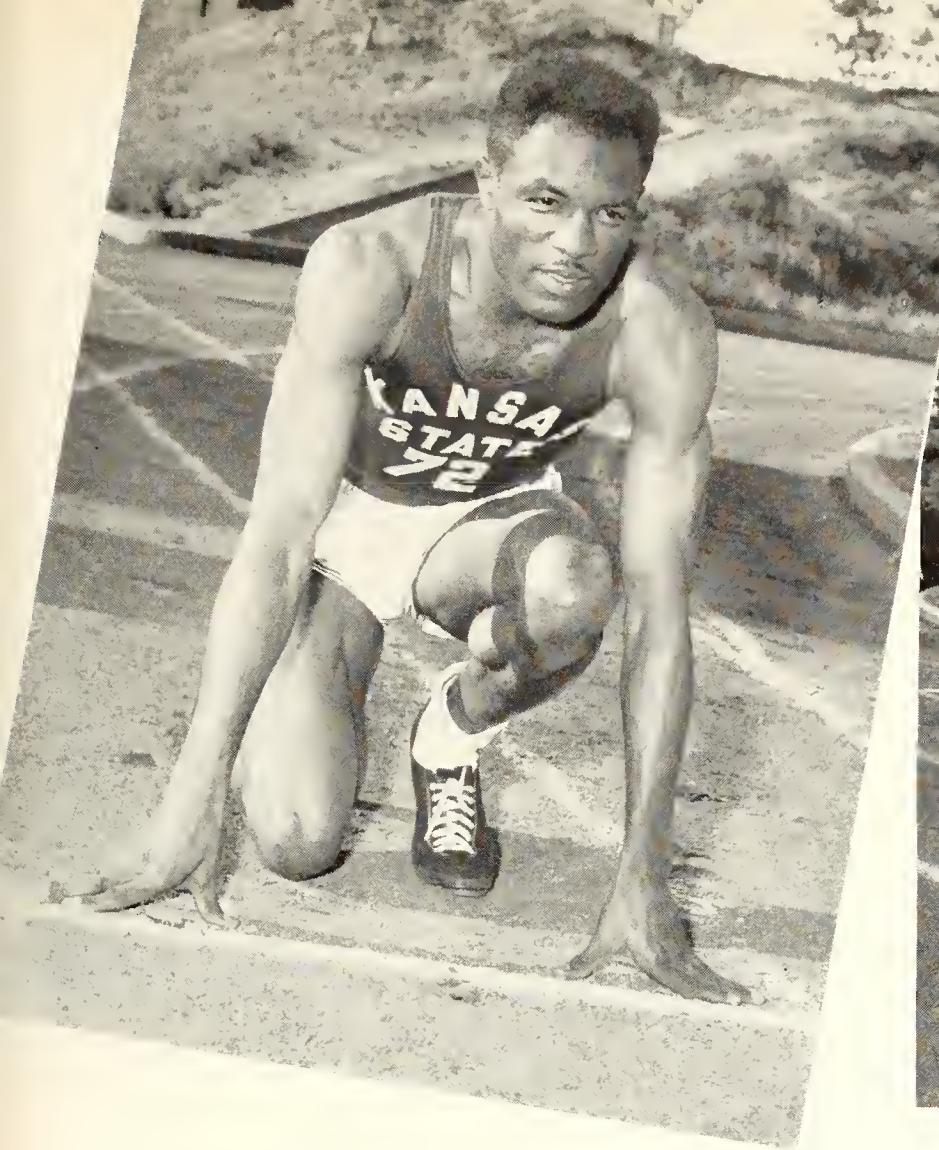

K-State next ran against Iowa State and defeated them 71½-59½. The Cats took first in the broad jump, javelin, 880-yard run, two-mile run, the mile relay, and the 100, 220, and 440-yard dashes.

Nebraska Defeated, 68-63

The Cats beat Nebraska 68-63. Machin, Wingert and Switzer tied for first in the pole vault. Other Cat wins were the two-mile by Jorns, mile

For the third straight year Baker won the century at the conference meet in 9.8 seconds. He set a new record for the 440 in the trials, 47.1, but passed up the event in the main running. He also won the 220. The mile relay team set a new record of 3:15.4.

TOP CAT SPRINTER, Thane Baker, finishes the 220-yard dash against Nebraska at K-State with the usual gap between him and the rest of the field. Jerry Mershon finished second.

Indoor Trackmen Win Conference Fifth

K-STATE's indoor track squad won a dual meet, took second in two triangular meets, got fifth in the conference indoor meet, and placed one first in the Colorado Relays this spring. The team was under the direction of Coach Ward Haylett.

The season opened with a triangular meet with Kansas and Oklahoma. Kansas was first with 58½ points, K-State second with 41½, and Oklahoma

third with 29. Nebraska was not much trouble as the Cats won the dual, 56-48. In the other triangular, Colorado was first with 45⅓ points, K-State second with 44⅔, and Iowa State last with 39.

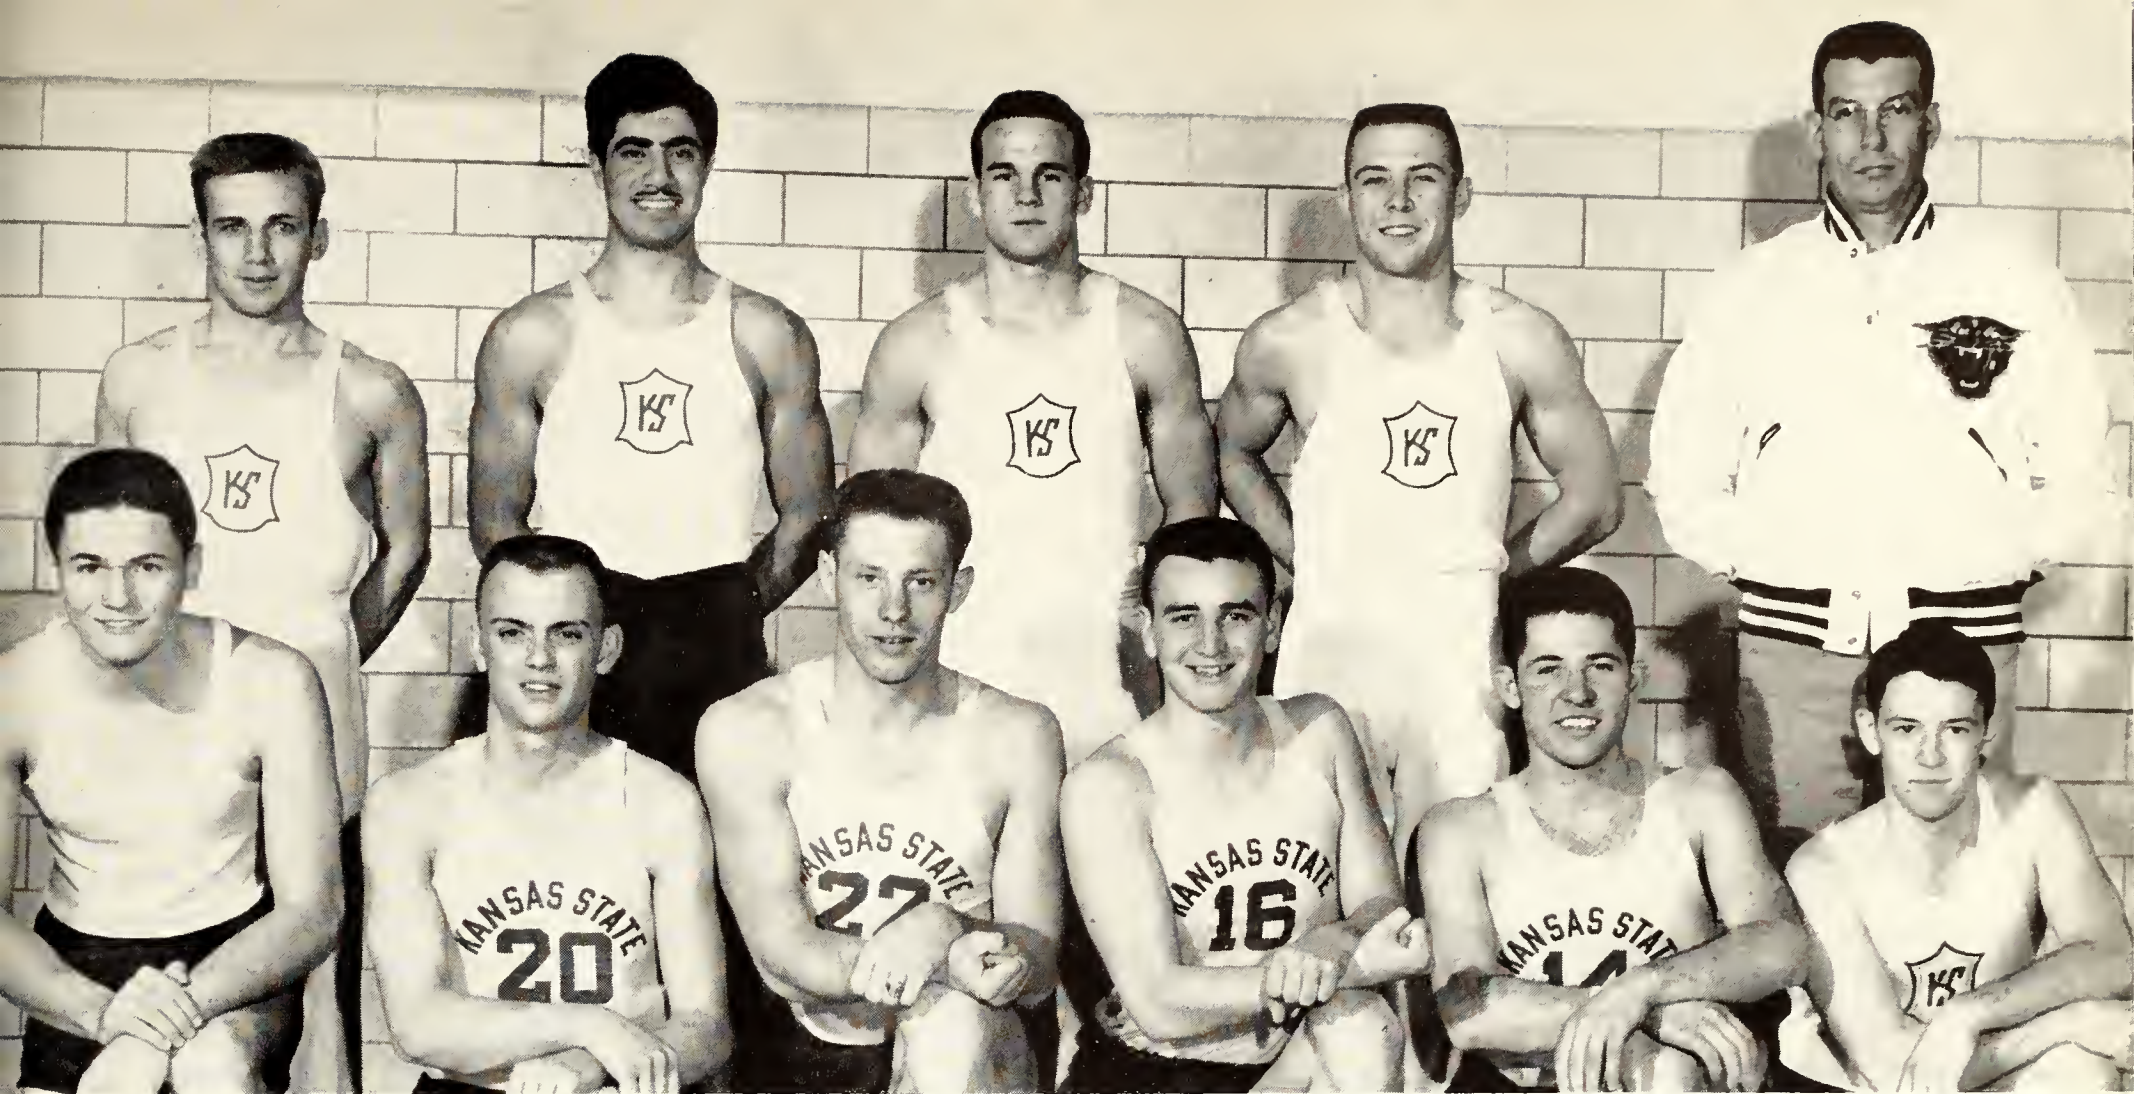

The Wildcats' efforts in the Big Seven meet were highlighted by the marks of two K-State pole vaulters. Fred Wingert vaulted 13 feet, 3 inches, which was 6 inches better than any previous attempt. Wingert tied for third place in the meet. Paul Miller topped the bar at 13 feet, which was also 6 inches better than any earlier jumps.

Marvin Chiles ended up second in the 440-yard dash, and the mile relay team which was always a threat in any meet finished second. Running in the relay team were Jerry Sartorius, Ray Russell, Jerry Rowe, and Marvin Chiles.

A first place was registered at the Colorado Invitational meet by shotputter Allan Muecke. He heaved the shot 45.2 feet. Muecke also took second in the shotput medley, throwing the 10, 12, and 16 pound shots in succession with the results added.

JULE SWEATTE, OU (left), wins the 60-yard dash ahead of Corky Taylor and Don Hess, KU (right).

GYMNASTIC SQUAD—TOP ROW: Ray Beatty, Rick Khankan, William Holt, Bobby L. Logan, Coach Frank J. Thompson. BOTTOM ROW: Sid T. Warner, Wendell Minkley, Paul Engborg, Earl Mayden, Thomas Baird, Vernon Dye.

Gym Team Awarded Varsity Letters

THIS YEAR marked the first time that varsity letters were awarded to the gym team, and the squad showed its gratitude by winning 6 of 10 dual meets. The Cat gymnasts whipped Kansas university, the Kansas City Turners, Minnesota State, and Colorado State, while losing to Nebraska, Western Illinois State, and Colorado university.

Ray Beatty was the top man and captain of the squad, and was beaten only once in the season in the free exercise event. Beatty was highpoint man with 23 in a quadrangular meet here, beating Nebraska's midwest champion Tom Kidd.

K-State is the defending champion in the Missouri Valley AAU gym meet, winning 17 medals and the team trophy last year. Coached by Frank Thompson, the team was composed of Bill Wikle, Al Bumpus, Ray Beatty, Bob Logan, and Gene Clark.

The two lettermen, Beatty and Wendell Holt, represented K-State at the NCAA in April. Beatty was 14th on the flying rings, and Holt was 18th on the trampoline.

RAY BEATTY placed 14th on the flying rings in the NCAA meet.

COACH THOMPSON gives some pointers to his number two netman, Larry Penner.

Wildcats Rally in

AN ENTIRELY NEW TEAM was what Coach Frank Thompson had in 1953 but he developed his tennis squad into a well co-ordinated unit. Off to a slow start, losing their first three contests to Washburn, Kansas and Pittsburg State, the Cats put on a burst of speed to beat Missouri, Nebraska, Drake and Iowa State.

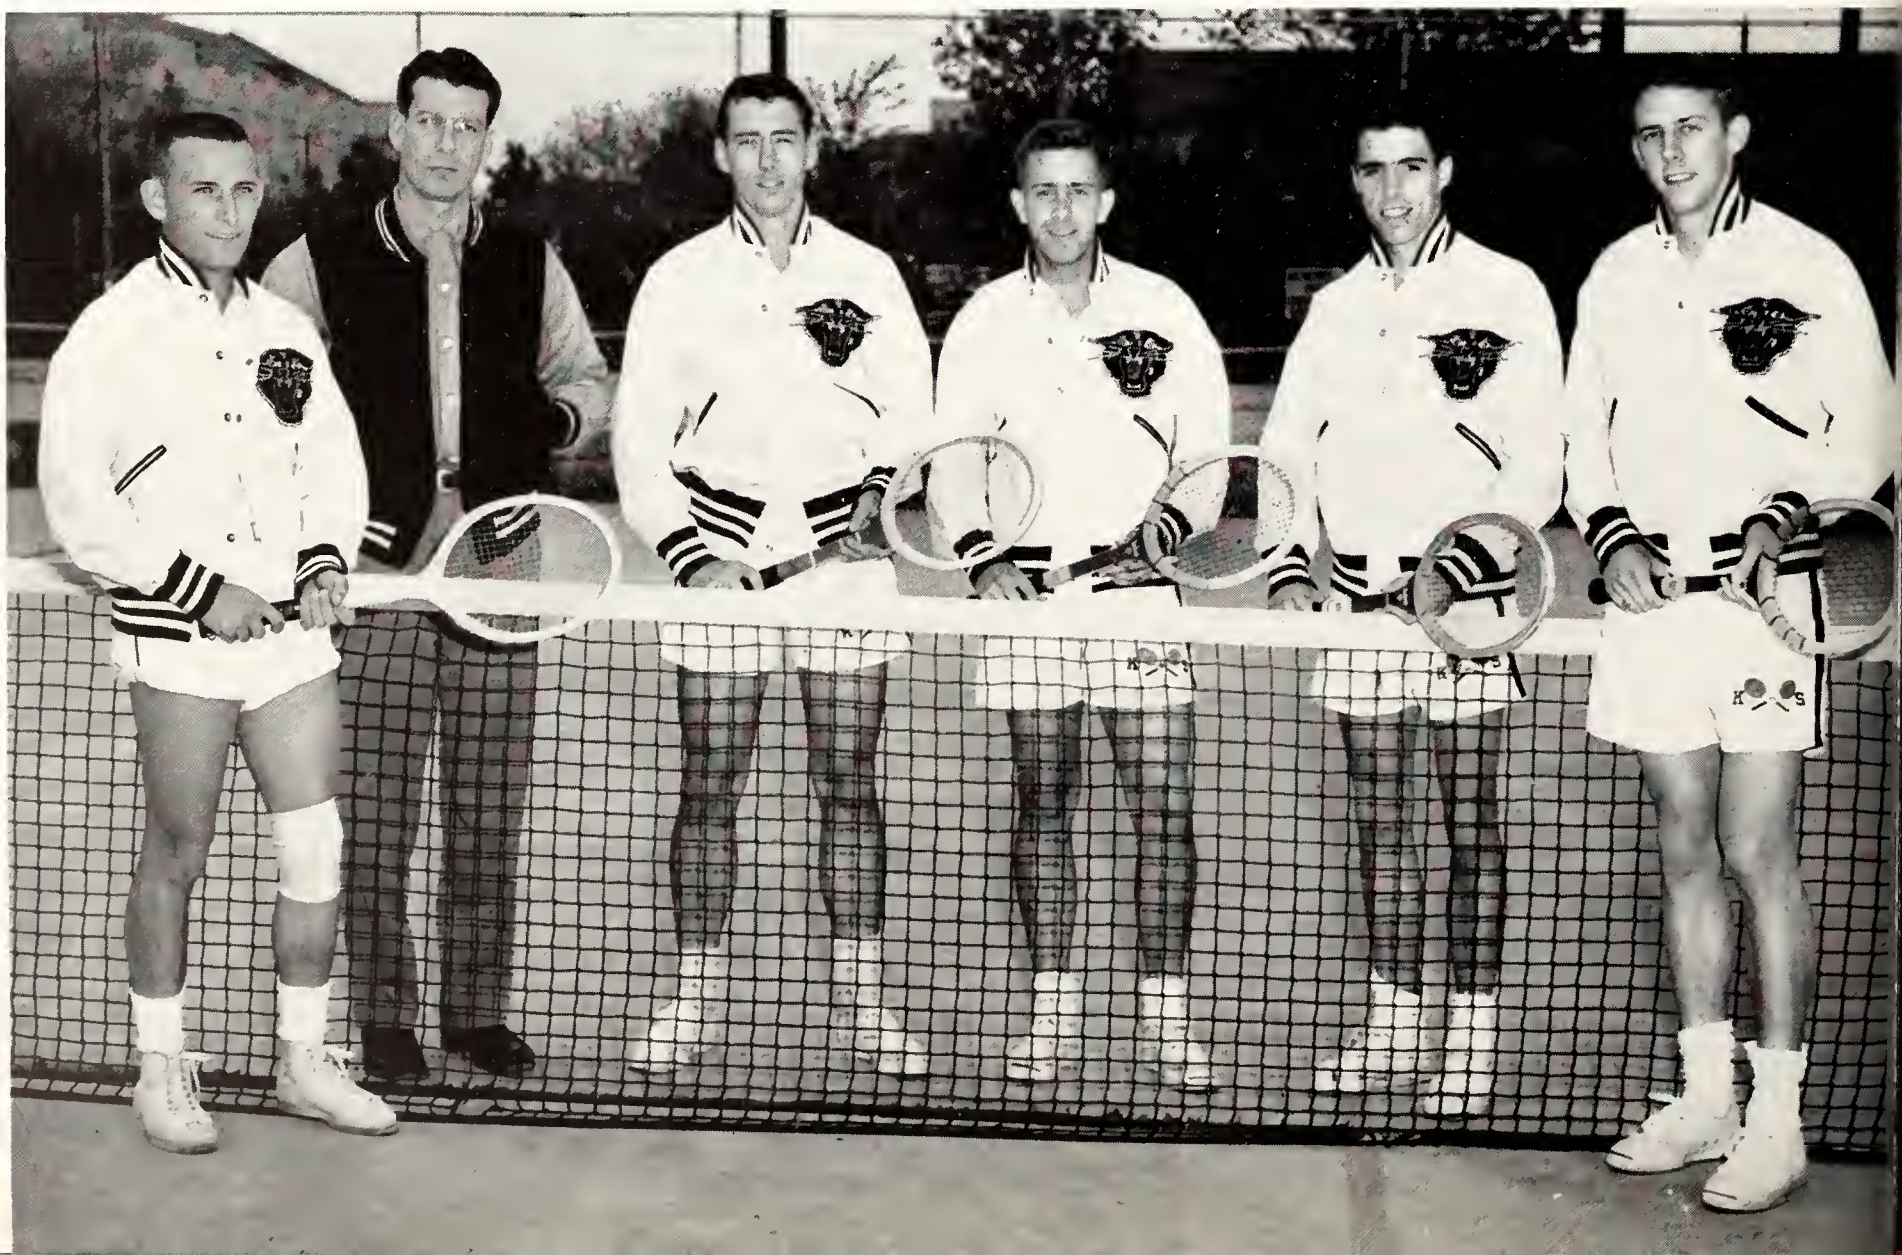

In the opening tilt with Washburn, the Cats won only one match, but at the end of the season, the situation was reversed. K-State won five of seven matches with Drake.

In the Big Seven conference tournament at Ames, Ia., the K-State squad placed sixth in the standing. Dick Horning, top man on the Cat team, ended up the season with a 1-6 record, and Larry Penner, the number two man, won five and lost two. The other records were Stan Burnette, 4-3, Bill Hansen, 5-2, and Bo Forester, 3-3. Horning and Forester played doubles and Penner and Burnette constituted the other doubles combination.

GOLF in '53 showed definite improvement as the Cats broke into the win column for the first time in one and a half seasons. Coached by Mickey Evans, the team won four dual matches, tied one, and lost seven. In the Big Seven tournament at Ames, they finished fifth, ahead of Kansas and Missouri.

Seniors Graham Hunt and Russell Hicks paced the golfers. Hunt was medalist twice, tied two other times. Hicks led the team in the conference, tying for sixth place, and was medalist in one match.

The Cats opened with a 17½-1½ defeat at Wichita, but later in the year beat the same team at Manhattan. The loss knocked the Shockers from the undefeated and untied ranks.

"PUTT 'ER THERE," says Graham Hunt, top man on the Cat golf team last year.

Matmen Go to NCAA

1954 SAW WRESTLING at K-State have one of the best seasons in recent years. Under the guidance of Fritz Knorr, who this year succeeded Leon (Red) Reynard as coach, the grapplers won five and lost four dual meets during the season. Two of the Wildcat wrestlers, Ted Weaver and Ken Ellis, took fourth places in the NCAA tournament. Weaver was the only Cat to win a first place in the Big Seven tourney.

K-State opened the season with wins over Wichita, Colorado State, and Cornell. Oklahoma university and Oklahoma A&M then both handed the Cats lopsided defeats. Oklahoma A&M went on to win the NCAA tournament. Wisconsin and Iowa State also whipped the Cats. The other two victories came at the expense of Colorado university and Nebraska.

Ted Weaver was the Cats' leading wrestler in number of matches, total points, and most wins. He won 13 and lost 3, gathering 47 points for the team over the season. Bobby Mancuso pinned three of his opponents winning nine and losing three. The other top K-State wrestler, Ken Ellis, had a 9-4 record, also pinning three men.

In over-all individual matches, K-State's matmen won 51 and lost 49.

1953 CAT BASEBALLERS—TOP ROW: Duane Holder, assistant coach, Ray Wauthier, coach. SECOND ROW: John Eidson, Robert Parker, Frank Clews, Sax Stone, Sam Sinderson, Ron Bergren. THIRD ROW: Ken Jenkins, Daryl Parker, Don Prigmore, Larry Hadley, Earl Woods, Jim Pollom, Harvey McCarter. BOTTOM ROW: Graham Newcomer, Dick Myers, Steve Hennessey, Larry Hartshorn, Nugent Adams, Jerry Schnittker, Neil Hanzlick.

Diamond Cats Have Trouble

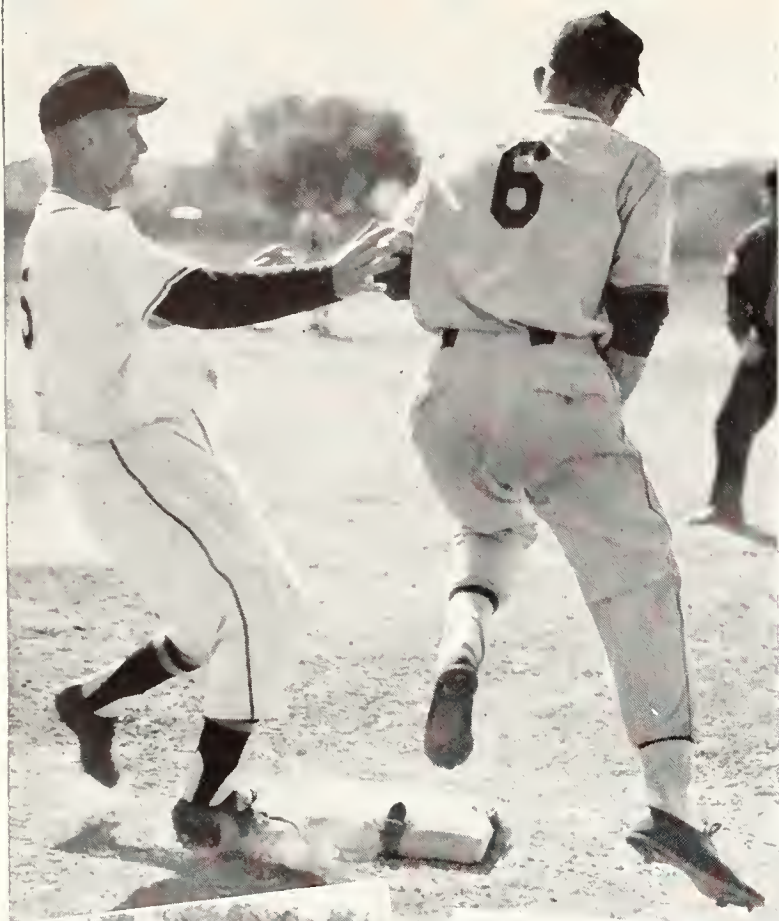

INEXPERIENCE AND LACK OF DEPTH were the main factors that kept the Wildcat baseball team from winning more than four of the 17 scheduled games. The Cats won one of 13 conference games to finish last in the Big Seven standings.

Although he didn't see much action until the latter part of the season, Steve Hennessey, second baseman, collected nine hits in 27 times at bat to lead the Cats with a .333 average. Larry Hartshorn, outfielder, had the most hits and was second in the batting parade with a .292 average. He hit safely 19 times in 65 times at bat.

Only five Cats sent the ball over the wall for home runs. The long-ball hitters were Earl Woods, Dick Myers, Hartshorn, Don Prigmore and Jerry Schnittker.

COACH RAY WAUTHIER gives catcher Dick Myers some helpful tips as assistant coach Duane Holder looks on. This year was Wauthier's sixth as head Cat baseball coach. Before coming to K-State, he served as head basketball and baseball coach at Iowa Wesleyan university. During World War II Wauthier coached Marine base teams.

Frank Clews, left-handed senior, saw the most action for the K-State pitching staff. He hurled six games, of which he won two. The other two wins posted by the Cat pitchers were won by Earl Woods and Ron Bergren, both right-handed fireballers. The final pitching records stood, Clews, 2-4; Woods, 1-1; Bergren, 1-1; Sax Stone, 0-1; Robert Parker, 0-2; and Daryl Parker, 0-4.

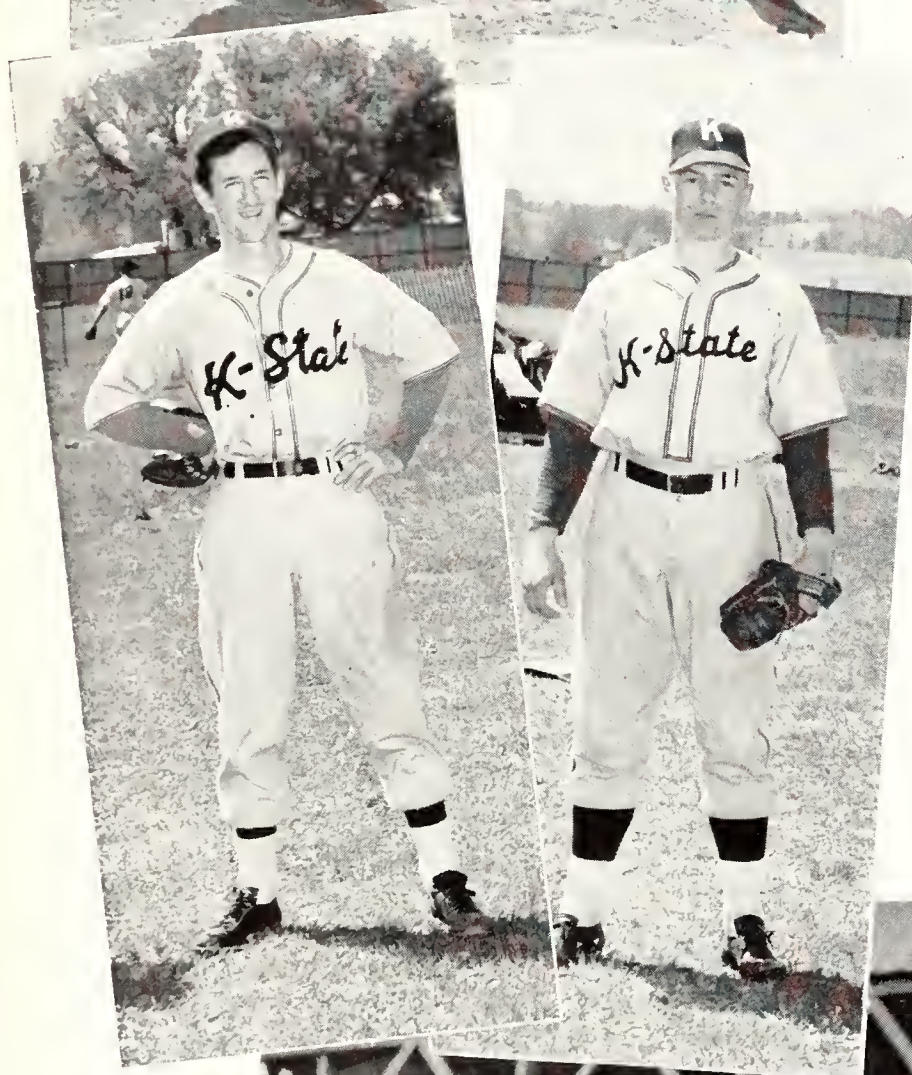

Cats Lose Opener

In their initial contest of the '53 season, the Cats were shutout by Arkansas State, 12-0, at Jonesboro, Ark. Don Prigmore hit a double for the only K-State extra base blow. The following day the Cats slammed their way to an easy 20-12 victory over the Memphis Naval Air station.

Opening the home season with Wichita university, K-State scored a 16-7 win over the Shockers. Nugent Adams was the team's leading hitter, collecting three hits in five times at bat.

Nebraska Falls, 5-3

K-State's only conference victory was over Nebraska. The Huskers took the opening game 4-1, but the Cats bounced back to win the second encounter 5-3.

GRAHAM NEWCOMER, 6, (*upper left*) tries to beat a Missouri player to first base. WINNING THE MOST games for the Cats was Frank Clews (*far left*). RON BERGREN (*left*) was a Wildcat fireballer. CLEWS (*below*) foul tips a Missouri pitch.

Two runs in the first inning of the second Nebraska game sent the Cats on their way to victory. With the bases loaded, errors by the Husker second baseman let two runs over the plate.

Tigers Rout Cats

Missouri trounced the Cats in the teams' first encounter of the season, 25-3. Dick Myers batted in two runs the next day but Missouri again won, this time by a score of 10-2.

The Cats' final win of the season was scored over Forbes Air Force base, 12-7, at Manhattan. In the third inning Jerry Schnittker smashed the line drive homer over the right field fence with two men aboard that won the ball game.

In the first game with Kansas the Hawks had little trouble winning 9-2. The second game was closer. The Cats got off to an early 2-0 lead in the second inning, only to see it fade in the fifth as KU sent three runs across the plate. Final score 3-2.

Iowa State Wins

Home runs accounted for both of the Cats' two runs as they lost to Iowa State. Missouri made it two more wins over K-State as the Tigers won two games 13-3 and 9-7 at Manhattan.

LARRY HARTSHORN (*upper left*) was the team's leftfielder and top hitter with 19 base hits. PLAYING SHORTSTOP was Don Prigmore (*upper right*) while Earl Woods (*middle left*) pitched and played centerfield. ROUNDING OUT the outfield was Jerry Schnittker in rightfield (*middle right*). SAM SINDERSON (*right*), bespectacled third baseman, didn't see action until late in the season, but then managed to hit the ball at a .229 clip. DICK MYERS (*below*), the Cat catcher, slaps out a two-base hit in the game with Wichita university.

Intramurals

"It Pays to Play" is Intramural Motto

ESTABLISHED in 1920, Kansas State's intramural athletics have now been in existence for 34 years.

An intramural athletic field was put into use during the fall of 1928. Located north of the Field House, it included several softball diamonds and four touch-football fields. After the war, G. I. students were housed in temporary buildings that were built on the intramural field. Intramural contests were then played on the field north of the Military Science building. However, the construction of the new veterinary hospital made it necessary to move the playing fields over to the ROTC drill area across from the north edge of the campus. Some games are also played in the city park.

Such indoor sports as basketball and volleyball are played in the gym section of the Field House.

Intramurals were originally organized in one division. However, in 1937 the program was divided into two divisions because of the increased number of participants. The two divisions are fraternity and independent. Separate schedules are prepared for each division and the winners of the division have a play-off to decide the school champion.

The intramural department furnishes all equipment and facilities needed for the various sports. Competent officials are also supplied by the department. Most of the officials are students who are physical education majors, although anyone demon-

strating proper ability may officiate under the supervision of the intramural department.

Each year the intramural department prints a booklet which lists the previous year's winners, rules for all sports, and the intramural constitution and by-laws.

In order to enter intramural competition, the organization must pay a fee of \$3.00 a semester and elect an intramural manager.

The main duty of the intramural manager is to compile an eligibility list for the team.

Girls Play Alot

THE WOMEN'S intramural program at Kansas State was started in 1930, and with the exception of the war years has been in continuous operation.

The following sports are offered: volleyball, tennis, swimming, basketball, tennis, softball, table tennis, and badminton.

A total of 549 girls participated in the intramural program at Kansas State during the past year. According to the number of participants, the most popular sports were volleyball, softball, and basketball. A total of 404 girls participated in these three sports.

The women's intramural program is open to all co-eds attending school. Graduate students may also take part. Each girl must play for her sorority or for the organized house in which she lives, unless her group or organization doesn't have a team. Girls not in this category are allowed to organize independent teams of their own.

Each group can field as many teams or individual entries as it chooses. Many of the larger groups have two or three teams entered in one sport.

The intramural program for women is a voluntary one sponsored by the Women's Athletic Asso-

ciation. A sports manager, who is a member of the W.A.A., is elected or appointed for each individual or team sport to aid the faculty supervisors.

Miss Katheryn McKinney, assistant professor of physical education, is the director of the women's intramural program at the College. Since 1945 when Miss McKinney took over as director the intramural program has been steadily expanded.

One of the problems which faces Miss McKinney at the present time is how to get more independent girls to enter into the intramural schedule. Right now there is only one independent team, Blitz Babes, which takes part in intramurals. Looking to the future, Miss McKinney hopes to add bowling to the sports agenda.

Each organization has an intramural manager who is responsible for entering the team, arranging practice sessions, turning in the team line-ups and coaching the team during contests.

Kappa Kappa Gamma sorority. In tenniquoits Blitz Babcs won out to give the independents a team victory.

Table tennis singles was won for the second straight year by Lavina McCormick. Her sister, Charlotte, came in second. The McCormick sisters represented Van Zile hall. The only other repeater this year was Sue Burke of Chi Omega sorority. She repeated as tennis singles champion. Doubles matches were not played in either sport because of lack of interest.

Basketball ended up in a tie between Waltheim hall and Delta Delta Delta sorority. This was the first time in the history of the intramural program there has ever been a tie in any sport. The reason for the tie was that the proposed playoff was cancelled by a College vacation and was never re-scheduled.

In badminton Blitz Babes came through with a clean sweep. Pat Rogers took the singles, then teamed up with Jan Nuzman to take the doubles.

The season ended with Southeast hall winning softball when they nosed out Waltheim hall in the finals.

Tickets, Please

"Welcome to big time football and basketball played Kansas State style" says the announcer before each home game. He's right in saying this, too. This year 79,000 fans packed the stadium to watch five home football games and 88,000 spectators saw nine home basketball games. The stadium attendance record was broken when 23,000 people came to see the OU game.

EARL G. HOOVER, director of K-State plays, counts the tickets to be sold for one of his productions.

Players Perform Classic Favorites

"QUIET! TAKE YOUR PLACES, PLEASE!" As the last rustling of sound dies away and the curtain slowly parts, a new world is born to play audiences. Tales, emotions, and dreams, arise in the minds of each person as they watch scenes take shape before their eyes.

No one is more completely in this "new world" than the Kansas State players and their able director, Earl G. Hoover. They have spent the past year producing a series of full-length and one-act plays that show the varied and difficult acting of which these talented students are capable.

The experience of producing hits is an old and well-known one to Hoover, who has been proving his imaginative and directive abilities at K-State since 1943. Among his many and well-deserved honors is the presidency of the Kansas Speech association.

THE SALESMAN (Roger Sherman), recently returned from his final trip as a salesman, tells his wife (Shirley Johnson), of his experiences while his sons (John Hughes and Bill Yandell), discuss their recent experiences.

“YOU CAN’T trust anyone,” Gregg Borland tries to point out to Bill Yandell as John Hughes, Roger Sherman, and Shirley Johnson look on in astonishment. The episode is from “Death of a Salesman.”

FOR THE FIRST PLAY of 1953, Hoover and 16 of the Players presented “Death of a Salesman.” “Death” tells its audience, in full-scale drama, of the futile search of an unsuccessful salesman, Willy Loman (Roger Sherman), into his past life with his wife, Linda (Shirley Johnson), and his two sons, Happy (John Hughes), and Biff (Bill Yandell). The en-

tranced audience received an odd sort of triumph as Willy’s suicide ended the somber production.

Summer heat and humidity failed to squelch Hoover and the Players as they combined for the first time with the music and physical education departments to present the summer musical drama, “The Women.” This is an excursion into a truly

feminine world where a group of 25 women strive to play their respective roles in an artificial society.

The dramatic fantasy, "Lady in the Dark," brought 1953 to a perfect close for the Players and director Hoover.

In this musical production, Liza Elliot (Ann Shaw) as the successful editor of a leading magazine, tries to recover from a period of unhappiness. She is aided in her recovery by a photographer, Russel Paxton (Roger Sherman), her business agent, Charley Johnson (Allen Kipper), and a cowboy movie star, Randy Curtis (Paul Fleener). Interesting features in this production were the performances of dancers, tumblers, and choral groups. The cast included 50 students. The illusion from reality to dream sequences was created by dropping a blue transparent gauze from the ceiling. Scenes were designed by Don Hermes.

Sprinkled throughout the busy year of major productions were several one-act plays staged by the Players and Hoover in their laboratory in Holton hall. These were "Phoenix Too Frequent," "Thursday Evening," and "The Mad Breakfast."

In the field of dramatics there is opportunity for many people to show talent and interest. They can act, direct, make-up, move scenery, design settings, or make noise. Public speaking and debate are also sponsored by the speech and drama department. Winners of the Oral Comm I speech contest this year were Denny Hart, Marjorie Bowyer, and Sondra Barnes.

A Cappella Choir and College Band

A TELEVISION BROADCAST and ten concerts were the main events in the four-day annual spring concert tour of A Cappella choir. The TV show over station KTVA in Hutchinson was the first to be given by the group. Although the group appeared at high schools, the programs were open to the public.

The choir took the major responsibility in presenting the Christmas Vespers. They gave a College assembly for the Engineers' Open House in March. The choir and the College chorus combined with the Civic orchestra and gave the Christmas portion of "The Messiah." These groups also gave Mendelssohn's "Oratorio Elijah" in an April program.

The aim of A Cappella choir is to study and present some of the better choral arrangements and to familiarize students with different types of literature in the choral field.

Any student who is interested may enroll in the College chorus. However, try-outs are held in the fall for anyone interested in the A Cappella choir. Luther Leavengood chooses members according to their ability to sight-read and to hear and find pitches, range quality, and over-all vocal quality.

Professor Leavengood is director of the A Cappella choir and Charles Wood conducts the College chorus.

Make Musical Tours Around Kansas

THE COLLEGE-CIVIC orchestra gave four main programs this year. Their first was the opening number in the Friends of Music series. The program was the Schumann Concerto for piano and orchestra. The orchestra joined the College chorus and A Cappella choir to present the Christmas portion of "The Messiah" for the Christmas assembly.

They also gave the annual spring concert. The final program was Mendelssohn's "Oratorio Elijah" given by the orchestra and chorus.

The Civic orchestra, conducted by Luther Leavengood, is composed of Manhattan citizens, Ft. Riley personnel, high school and college students.

BEING THE ONLY college band at the dedication of the Eisenhower museum in Abilene was the distinction of the K-State band this year.

They first sported their 133 new light blue uniforms for the Colorado football game. The money for the uniforms was obtained through drives by the band early last spring.

Director Dick Coy accompanied the band on their several trips. They went to the KU game at Lawrence in the fall; played for the Big Seven track meet in Kansas City; made a two-day tour of Western Kansas; and are to be the guest band for the Topeka Centennial on May 22.

Board Chooses Personne

THE BOARD OF STUDENT Publications is a student-faculty board governing the Collegian, Royal Purple, and selecting an editor for the Student Directory and K-Book. Three student representatives are chosen by student election to join the three faculty members who comprise the board.

The board chooses business managers and editors for the Collegian and Royal Purple and approves major contracts and budgets. Forty top-ranking members of the Collegian and Royal Purple staffs are chosen yearly by the board to receive the gold K-Key, which signifies outstanding work in K-State journalism.

Prof. R. R. Lashbrook, head of the journalism department, presides *ex officio* as chairman of the board.

Prof. C. J. (Chief) Medlin ably supervises the Collegian and Royal Purple as well as giving attention to the publication of the

Editor Lois Ottaway spent many hours on the 1953 K-Book. This book is given to all freshmen entering K-State, and contains helpful information on student government, social rules and regulations, activities, and other worth-while information.

Telephone numbers and addresses of every student at K-State are in the Student Directory edited this year by Marlene Myers. The publication also listed organization names and sponsors, fraternities and sororities, and the Student Governing association constitution.

C. J. (CHIEF) MEDLIN, outstanding yearbook authority, has been graduate manager of student publications since 1933.

Collegian Offers

PICTURE PAGES predominated the fall Collegian. Staff photographer, Gary Haynes, took pictures for a double-page spread on dormitory life at K-State. He took single pages of pictures on the veterinary clinic and on how the Collegian is edited and printed.

A special 16-page edition for Homecoming greeted alums, told of the wonders of the football team, and announced the three queen finalists.

Delegates to the Associated Collegiate Press convention in Chicago in October were Harold Myers, editor, and Sally Doyle, business manager.

The Collegian is a one-hour credit lab where students gain actual experience in publishing a daily newspaper. There is no faculty supervision and students do all the work from selling ads to editing copy and checking page proofs.

Editor Myers is a senior in technical journalism and a member of Sigma Delta Chi, journalism fraternity. He appointed Oren Campbell associate editor. Collegian editorial staff members are appointed by the editor.

Miss Doyle is a junior in home economics journalism, secretary of Theta Sigma Phi, and president of the Home Economics Journalism club. Assistant business managers were Phyllis Ruthrauff and Gary Swanson.

FALL COLLEGIAN EDITORIAL STAFF—STANDING: Kathleen Kelly, Jerry L. Hampton, Cynthia Carswell, John R. Eidson, Gregg R. Borland, Nancy Ritzenoure, Winnie E. Clark, Gary A. Haynes, Sam H. Logan, Bill E. Chisham, Margaret A. Tracy, Diane G. Brainard, M. Carolyn Jones, Maureen K. Burt.

Actual Experience

FIRSTS WERE IMPORTANT for the spring Collegian. The business and editorial staffs published, for Engineers' Open House, the first 20-page paper in the history of the College. For the first time, Collegian staffers held weekly press conferences with President McCain. His answers, ideas, and suggestions were printed in a column called "With the President."

The Collegian held campaigns to improve student government by questioning tactics of the Tribunal and Student Council.

Editor was Sam Logan, sophomore in technical journalism and a member of Sigma Delta Chi. He named Sally Doyle associate editor.

Business manager was Phyllis Ruthrauff, who was also photographic editor on the Royal Purple. Gary Swanson and Janet Myer were her assistants.

K-Keys are awarded to a limited number of students for outstanding work on the Collegian for two consecutive semesters. Those receiving K-Keys for the editorial staff were Diane Brainard, Oren Campbell, Bill Chisham, John Eidson, Gary Haynes, Carolyn Jones, Sam Logan, Ann Porter, Lee Ruggels, Elinor Faubion, Cynthia Carswell, Maureen Burt, Harold Myers, and Karl Gaston. For business, Sally Doyle, Phyllis Ruthrauff, Gary Swanson, Janet Myer, Richard Gallion, and Chester Unruh received keys.

Summer Collegian Gets Coach Scoop

THE TEX WINTER story was a scoop for the summer Collegian. Hearing that the new basketball coach for K-State was to be announced the morning the paper was published, editor Oren Campbell held the presses until the name of the new coach was released. Thus, the Collegian was the first paper to print the name of the new basketball coach, Tex Winter.

The Collegian also ran a special Welcome Tex edition. Advertisers offered congratulations, and pictures and stories featured Tex and his family.

Campbell is a junior in technical journalism, and is treasurer of Sigma Delta Chi, journalism fraternity. He also has been associate editor, and was sports editor on the Royal Purple and Collegian. Diane Vadnais was his summer associate editor.

Business manager for the summer was Chester Unruh, a journalism instructor at Clay Center high school. Chuck Hyatt was his assistant.

The summer Collegian is an 8-page weekly paper published each Thursday. There were five staff members and two reporters.

Society was a highlight both on and off the job. On the job there was a regular society editor who filled a page with pinnings, weddings, and engagements each week. For off-work relaxation, the staff held frequent picnics at Sunset park.

EDITOR of the 1953 summer Collegian was Oren Campbell. Business manager was Chester Unruh.

Ink in Their Blood

Kedzie is a home away from home for the more than 200 students taking journalism courses. They write and edit four student publications, contribute to two more, entertain Kansas newspapermen on Editors' Day, and high school journalists in the fall. The lights of Kedzie often burn late into the night, as some weary editor puts the paper or yearbook to bed.

Co-EDITORS of the 1954 Royal Purple were Bob Lawrence and Janet Marshall. Managing the business was Dorothy Kuhlman.

1953 RP Receives 18th All-American

FOR THE FIRST TIME in the history of Student Publications, co-editors of The Royal Purple were chosen. The co-editors, Janet Marshall and Bob Lawrence, both seniors in journalism, were co-assistant editors last year. Dorothy Kuhlman, a journalism junior, was chosen business manager.

Rated nationally one of the best yearbooks in its class, The Royal Purple received an 18th consecutive All-American rating from the Associated Collegiate Press for the 1953 book. This rating is the highest possible recognition given to any book. Lawrence, Miss Marshall, and Miss Kuhlman attended the ACP convention in Chicago last October.

The editors and business managers choose their own staffs from those who are interested and qualified, and an hour of credit may be given for Royal Purple work.

The book is divided into sections and each has a special editor. This editor gathers the material and writes it for his section. Receiving K-Keys for their work, besides the co-editors, were the eight chapter editors: Helen Hamilton, administration; Ann Beckmeyer, schools; Gary Swanson, religious and honorary organizations; Janice Olson, general organizations; Sally Doyle, housing; Sam Logan, sports; Marliene von Bose, classes; and Phyllis Ruthrauff, photography. Others working on the staff were Janet Duy, Patsy Ptacek, and Bob Boyd.

CONGRATULATIONS for an 18th consecutive All-American are extended to Marlene Myers (*left*) and Lois Ottaway, editor and business manager of the 1953 Royal Purple, by C. J. Medlin.

Also receiving K-Keys were members of the business staff who sold, wrote, and laid out the advertisements. These were Joyce Nicholson, Elizabeth Lambert, and Dorothy Kuhlman.

Detail work such as typing, filing, selling photo receipts and student directories, was done by the 19 members of the office staff. Those receiving keys for their work were Doris Allen, Joan Campbell, Gaye Fryer, Ann Morrissey, Lucille Ottaway, and Bill Rosenberger.

Magazines Keep Alumni Informed

THE K-STAT keeps former students and alumni briefed on College news through articles on activities and developments of the campus.

The magazine endeavors to give its readers an over-all picture of college life. Some type of sports article appears in each issue and there are usually four pages of alumni news notes. In addition to articles on such things as extension work, research projects, new courses, and changes in administration and faculty, there are articles reprinted from Industrialists of 25 to 75 years ago.

The K-Stater is published in October, December,

March, and June. Most of the articles are written by members of the journalism faculty. Miss Helen P. Hostetter is the editor.

The Industrialist supplements the K-Stater and is one of the oldest papers in the state. It, too, is sent to Kansas State alumni.

About 7,000 active alumni receive the paper regularly, but the entire alum membership, about 27,000, receive it once a year. Broad and general topics make up the K-Stater, but the Industrialist contains more timely and specific events. Miss Marillyn Weisbender edited most of the copy.

EDITOR and business manager of the 1953-54 Engineer magazines are Robert B. Landon and Everett T. Hart.

Engineer Mag Wins Cover Prize

THE K-STATE ENGINEER magazine won honors again at the national convention this year. The Engineer was awarded third place for all covers in the school year 1952-1953. This competition is sponsored by the Engineering College Magazine association, of which K-State is a member.

Articles in the magazine are naturally centered around engineering, architecture, and related areas. Students taking the course in technical reports have an opportunity to have their research results published in the magazine. Any prize winning articles are also published.

The Engineer is written by students in the School of Engineering and Architecture and is published monthly from October through May. About a fourth of the 1,200 copies each month are sent off the campus to high schools and members of the Engineering College Magazine association. The remainder are distributed to K-State students. The March issue is dedicated to Engineers' Open House with complete coverage of the displays, projects, and committees.

Bob Landon was the editor and Leland Hobson and Richard C. Potter are faculty advisers.

Ag Mag Wins Cover Prize

STUDENTS in agriculture edit and publish the Kansas Ag Student magazine, under the supervision of Lowell Brandner, who is the new adviser this year.

Last fall, the magazine was entered in a contest sponsored by the "Successful Farming Magazine" of Des Moines, Iowa, for all agricultural college magazines. First place in the cover division was awarded to the K-State Ag Mag for its March 1953 cover. The staff received a plaque, which now hangs in the Ag Mag office in the new wing of Waters Hall. The prize-winning issue, written to commemorate the 25th anniversary of the Little American Royal, sported a cover showing a K-State aggie pol-

ishing and preparing his Holstein for the big show.

The Ag Mag has a circulation of approximately 2,000 and is published six times each year; twice during the fall semester and four times in the spring.

Herb Lee served as editor first semester and Chuck Bellman was the business manager. Under a new plan inaugurated this year, the reins of editor will shift at the beginning of second semester each year. This gives the outgoing editor a semester's work as advisory editor, in helping to orientate the new editor and staff. Dan Henley served as editor during the spring semester and Leon Stanton was appointed business manager.

Who's Whoot Read

By 30,000 4H-ers

Who's Whoot, published by members of the Collegiate 4-H club, is the official publication for 30,000 Kansas 4-H club members. This year is the 27th anniversary of Who's Whoot, the first state 4-H year-book.

A K-State Collegiate 4-H club member from each county serves as representative to sell the book in his county, and in contacting the county 4-H agent for pictures, information, and advertising.

The 1954 edition of Who's Whoot contains 250 pages of 4-H work. A special section of the publication is devoted to Umberger hall, which will be the new extension building when construction is completed. The extension building houses the Who's Whoot office. Every county in Kansas has at least one page in Who's Whoot devoted exclusively to the 4-H activities in that county.

EDITOR and business manager of the 1954 Who's Whoot were Warren Prawl and Mark Drake.

Who's Whoot is distributed in the spring at the annual state 4-H club round-up. Heading the staff this year were Warren Prawl, editor, and Mark Drake, business manager.

Sargent is Royal Purple Queen

THE ROYAL PURPLE BEAUTY QUEEN of 1954 was Janice Sargent, a psychology junior from Council Grove, and representing Alpha Delta Pi. The Queen was presented at the Ralph Flanagan dance in January.

MAY WE INTRODUCE to you the 1954 Royal Purple Beauty Queen, Janice Sargent (*left*). She and her attendants were chosen by Karl Fitzer, vice-president and art director of Burger-Baird Engraving company in Kansas City. Pictures of the 19 candidates were submitted, and from these, he chose the ones he thought the most beautiful. Bouquets were presented to the three girls at the Ralph Flanagan dance January 8.

Miss Janet Marshall

Co-editors of the 1954 Royal Purple
Kansas State College
Manhattan, Kansas

Dear Janet Marshall and Bob Lawrence:

Why any normal man would assume he was qualified to pick three outstanding girls from such a lovely assortment, I'll never know.

However, since having consented in one of my weaker moments, the assignment has been completed and the pictures are being returned to you under separate cover.

Number nineteen is my choice for first place and numbers five and six for runners up.

It will be somewhat of a relief to me if you do not entirely agree with this selection, as it was a most difficult task. The beauty and charm of any young lady in the entire group would merit a top position in most contests.

Humbly submitted,

Welcome Home Alums

The biggest game and biggest week end every year is that of Homecoming, this year on October 31. Oklahoma ran away with the game, but the week end was still a successful one. Blythe Guy, Ruth Pickett, and Kathryn Regier were chosen by the students as queen and attendants. Sigma Alpha Epsilon, Tau Sigma Epsilon, and Theta Xi won the Homecoming parade float prizes.

TROPHY-WINNERS (left) line up on the sidelines to receive the gold cups. **OIL FIELD** (lower left), temporarily "drilled" by the Sig Eps, shows the Homecoming crowd all of the K-State football victories of 1953, and wins second place in fraternity decorations. **BLUE KEY** members and the queens (below) are presented at halftime of the game.

MUSICAL MANEUVERS (above) are performed by the Kansas State band in honor of K-State's Homecoming opponent, Oklahoma university. **BEAT THE SOONERS!** (right) scream the cheerleaders during a pep rally held in the parking lot the night before the game.

Beat Oklahoma!

Many people worked many hours to put up Homecoming decorations predicting Oklahoma's defeat. Most of the predictions were wrong, but decorations were right, and prizes were awarded to Sigma Nu, first, Sigma Phi Epsilon, second, and Alpha Gamma Rho, third. In the sorority division, Delta Delta Delta took first, Alpha Chi Omega, second, and Alpha Delta Pi, honorable mention.

TRI DELTS (upper right) steamed into first place with their choo-choo theme. ALPHA CHIS (right) stopped the clock and won second. AGRS (lower right) hung up OU for second place. SIGMA NU (below) universe decoration won the first place trophy.

Blythe Guy Chosen Homecoming Queen

CLIMAXING THE SERIES of Homecoming festivities is the half-time ceremony of the big game. Then the winners of the Homecoming queen contest are revealed to the crowd. This year, the Queen and her

two attendants were chosen by the student body. The top three winners were announced the week before the game, but which was queen was kept secret until President McCain presented bouquets at half-time.

KATHRYN REGIER (left), first attendant to the Homecoming Queen of 1953, represented Northwest hall. Katy hails from Hampton, Va., and is a freshman majoring in home economics and teaching.

RUTH PICKETT (right), second attendant to the Queen, also represented Northwest hall. Ruth is from Topeka, and is a freshman in home economics and foods. She is pledge of Delta Delta Delta.

CHARM AND BEAUTY aptly describe the Homecoming Queen of 1953, Blythe Guy. Blythe, an elementary education junior from Hutchinson and representing

Delta Delta Delta, was elected by the student body. Among her many activities are Panhellenic, Tribunal, Chimes, YWCA, and student council committees.

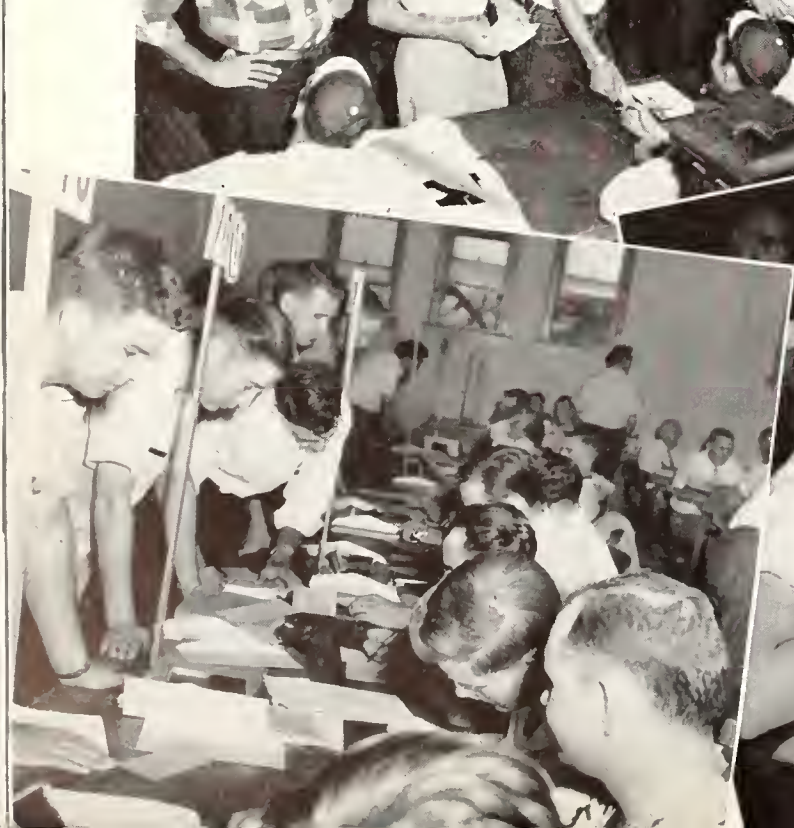

THE WAIT (above) in front of Anderson takes about as much time as the actual enrolling. **BOYS** (left) always have enrollment business to transact with the ROTC detachments. **IT'S A SCRAMBLE** (lower left) at the cardrack to get the right classes at the right time.

Sorry, the Class is Closed

Lasting for three days and coming twice during the regular school year, enrollment is a headache for faculty and students alike. Particularly is enrollment a bother to faculty members who must manipulate line schedules and catalogs for freshmen and give sage advice to upperclassmen. More fun for students, enrollment offers two free days of "sack-time."

K-CLUB MEMBERS (left) "invite" freshmen to buy purple and white beanies. **BEWILDERED STUDENTS** (far left) are straightened out at the information booth. **FINAL DECISIONS** (below left) are reached at the advisers' table. **WHAT'S YOUR NAME**, (below right) ask the file clerks.

TESTS (top) for aptitude and interests are given to all students enrolling at K-State for the first time. **WELCOME FROSH** varsity dance (top right) is held on the tennis courts. **EYE-TESTING** (right) is only a part of the physical examination given to all new students.

Here's the Scoop

Orientation Week is the time for all new students to meet Kansas State college. It is also the time for the college to meet its new students. Tests are given to find the aptitudes and interests of each student. The results are used for reference in counseling. But the hours spent in the auditorium are balanced by tours, programs, watermelon feeds, and dances.

FRESHMAN TALENT practices (right) in preparation for the show staged by the freshmen for the upperclassmen in the auditorium. **WATERMELON FEED** (lower right) is sponsored by the YWCA for all new girls. **WEIGHING IN** (below) is another essential in the physical exam.

AG BARNWARMER QUEEN and attendants (above) are Lavana Grant, Sandra Tatge, Queen Rachael Schoneweis, Jerry Swaffer, and Carol Tannahill. HOME-BREWED cider (left) helps to fill up thirsty aggies after the decorations had been strung in Nichols gym.

Every Man's an Aggie

Aggie abilities must be shown by the girls who are chosen to reign over the Barnwarmer dance. Required talents include being able to milk a cow, rope a steer, drive a tractor, and call a hog. Aggie-determining contests are held on the quadrangle across from Anderson during an afternoon preceding the dance.

A JUDGE (left) weighs each candidate's pail of milk to see who wins the contest. A DROP (lower left) in the bucket is about all some of the girls could get. CROWNING CEREMONIES (below) are in progress in a corner of Nichols gym under a lucky horseshoe.

Beauties and a Band

A big name band like Ralph Flanagan, and the presentation of the Royal Purple beauty queens couldn't help but make a successful dance January 8. The dance was sponsored by the soc and rec committee, and C. J. Medlin, graduate manager of publications, revealed the queens at intermission. Janice Sargent was queen, and Nancy Graham and Sandra Mueller were her attendants.

THE BIG MOMENT (left) is when the queens are revealed following introductions by Janet Marshall, co-editor of the Royal Purple. A SONG REQUEST (lower left) is asked of Ralph Flanagan. TICKETS (below) were sold and candidates' pictures displayed in Anderson.

ROTC Royalty

Every year members of the army and air force ROTC groups don their uniforms and braid, and go to the Military Ball. There, the Military Ball Queen and her attendants, chosen by the Scabbard and Blade and Arnold Air Society, are presented. The honorary cadet colonel was Joan Ludes, representing Van Zile. Honorary cadet lieutenant colonels were Bev Guinty, Northwest, and Carol Clark, Pi Beta Phi.

TWELVE FINALISTS are chosen, six by Arnold Air Society (lower right) and six by Scabbard and Blade, after mixers where each group meets the candidates nominated by organized houses. From these twelve, both groups choose the queen and her attendants.

Rock 'em Sock 'em

Organized and unorganized pep generates from the athletic activities of the Wildcats. Sometimes it's the yell 'Rock 'Em Sock 'Em, Beat Nebraska!' led by the cheerleaders. At other times, it's a thunderous and spontaneous "Go, go, go" roared by the crowd when the Cats have the ball 10 yards away from Kansas' goal line.

Faculty Fun

Students are not the only ones that have fun in college. For the faculty members are just as active in social, interest, and professional clubs, as are the students. They give dinners for well-known personalities brought to the campus; they have teas, square dances, and when Kenney Ford was celebrating his 25th anniversary, there was a big cake and a party. In short, they have lots of fun, too!

Assembly Time

The tolling from Anderson's bell announces every week or so that assembly is about to begin. Programs run from serious talks about current problems through light drama to laugh-provoking humor and joke-telling. Holding a capacity crowd of 1,700, the auditorium is usually well-filled with students and faculty for assembly programs.

Curtain Calls

Dramatic and musical programs featuring local or nationally-known talent are sponsored by the College. Artist Series programs, presented several times a semester, give town and College people a glimpse at well-known personalities in the art fields. "Caine Mutiny Courtmartial," a Paul Gregory production, was one of the biggest attractions this year.

SONGS by Rev. Charles Wood (right) provided entertainment for another program. SAYING A FEW WORDS to the audience (below) were stars of "Caine Mutiny Courtmartial" John Hodiak, Lloyd Nolan, and Henry Fonda, being interviewed by Ralph Titus of KSDB-FM.

ST. PAT Bill Ross and St. Patricia Diana Fellows (above) are crowned and introduced by Dean of the School of Engineering, M. A. Durland at St. Pat's Prom. **ALL-EYES** (left) are on torch-bearers as they climb K-Hill to light the big white K.

Sliderule Show

An estimated 17,000 spectators attended the 30th annual Engineers' Open House in March. First place display award went to the architectural and agricultural engineers, candidates from the mechanical engineering department, Bill Ross and Diana Fellows, were elected St. Pat and St. Patricia; and the eight runners in the marathon set a record of 12 minutes and 17 seconds between the campus and K-Hill.

SCALE MODEL (left) of Danforth, shown by Bill Binford, open house chairman, helped the architectural engineers win first place. **TORCH** in his hand, Jim Loomis, (lower left) starts the marathon. **RAINMAKERS** (below) were ag engineers with a winning display.

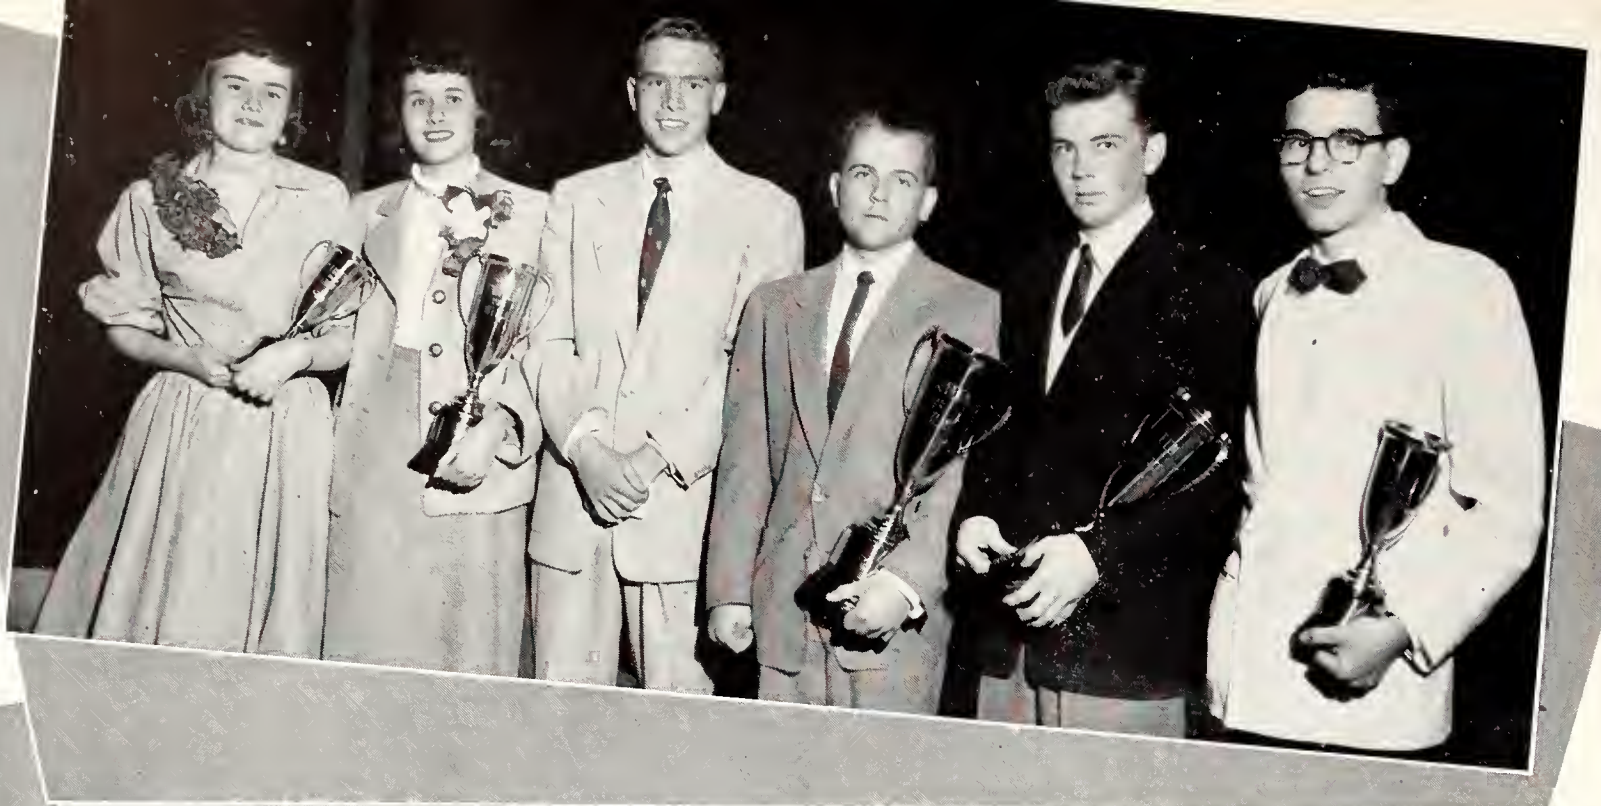

BEEF and aggies replace the roundball and players when the Little American Royal is held in the Field House (above). MILK, butter, and cheese producers line up for inspection (right). CURRY COMBS are used just before judging time (lower right).

Blue Ribbons

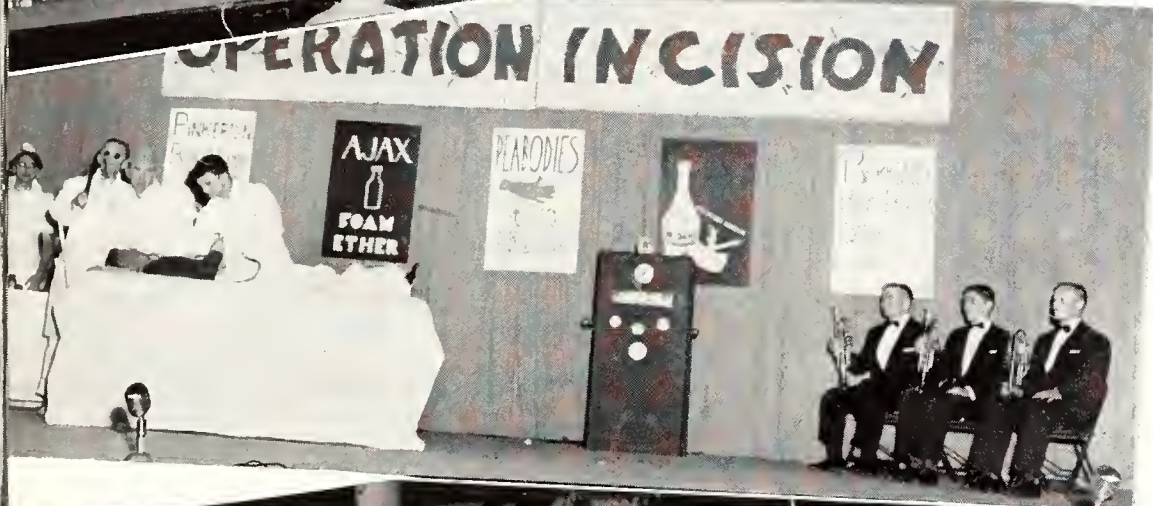

Held in the Field House, the Little American Royal annually gives the students enrolled in the Ag school a chance to show their stuff. Patterned after the American Royal which is held in Kansas City, the K-State model features the exhibition and judging of livestock.

SOAP and water were used by the boys to get these wool-lies (right) snow-white. WINNING cutting horse and rider (lower right) pose with their cup. Dr. F. D. Farrell (below) awards the first place steer prize. Captain Borg (lower right) did some precision riding.

WINNING SKIT DIRECTORS (above) are Janet Marshall, Pi Beta Phi; Sally Mayer, Kappa Kappa Gamma; Roger Reitz, manager of the Y-Orpheum; Tom Carpenter, Tau Kappa Epsilon; Gene Arnold, Sigma Alpha Epsilon; and Larry Evans, Kappa Sigma. PI PHIS (left) have a "Heavenly Problem." KAPPA SIGS (below left) perform a 3rd place "Operation."

"The Play's the Thing"

YMCA-sponsored, the big spring variety show is presented two nights by the four sororities and five fraternities whose scripts win in campus-wide competition. Among sororities in 1953, the seven judges ranked Kappa first, Pi Phi second; and among the fraternities, TKE first, Sig Alph second, Kappa Sig third. The student manager of the show was Roger Reitz.

PI PHI cast (left) gets last minute instructions and "butterflies" backstage. TKE chorus line (lower left) runs through chorus routine that won them first place. KAPPA engineer Casey Jones (bottom right) prepares for "his" last train ride. SIG ALPH Private Eye (below) solves his assault and battery case at his own desk.

JUDGES' DECISION is awaited (above). IFC PRESIDENT Bob Coloney (right), congratulates Beta director. WINNING DIRECTORS are Duane Stoskoph, Sigma Phi Epsilon; Dave Schneider, Sigma Chi; Charles Amstein, Beta Theta Pi; Kay Patterson, Kappa Kappa Gamma; Coloney; Sally Brown, Alpha Delta Pi; and Phyllis McMullen, Pi Beta Phi.

Hit the High Note

Interfraternity council sponsors a song fest each spring in which any sorority or fraternity may compete. In the 1953 Sing last May, eight fraternities and all eight sororities participated. The trophies were awarded to Kappa, first; ADPi, second; and Pi Phi, third, in the sorority division; and Beta, first; Sigma Chi, second; and Sig Ep, third, among the fraternities.

FIRST PLACE cup is handed to Kappa director by Coloney (lower right). SIG EPS (bottom right) descend the platform after their performance. KAPPAS (below) provide background for Kay Patterson's solo, while trophies gleam in the foreground. ON STAGE (bottom left) the Betas follow the direction of leader Charles Amstein.

DREAMS MATERIALIZE (above) as Gerald Shadwick, student body president, takes the first shovel-full of dirt to begin the new Student Union. ARTS AND SCIENCES Carnival (left) features a water penny-pitching contest at one booth. SGA ELECTIONS (below left) in the spring bring students out to vote for their favorite candidate.

Spring Fever

The spring of '53 was an eventful one at K-State. The new Student Union was at last begun, after years of planning. The official ground-breaking ceremony was held at noontime. The School of Arts and Sciences sponsored a carnival on the tennis courts, and organizations put up booths. The social committee brought Woody Herman to the campus so students could dance to big-time music.

THIRD HERD of Woody Herman (below left) was the name band attraction at the spring all-school dance. ROYAL PURPLE of 1953 is distributed (lower left) to lines of students in Kedzie. "DUNK A DAME" (below) is another booth idea at the Arts and Sciences Carnival. PENNY TOSSING (lower right) also drew quite an interested crowd.

DORMITORY HOSTESS (above) meets and visits with high school girls invited to Northwest hall for refreshments. FASHION SHOW (right) is one of the highlighted events during the Hospitality Days week end. BUNNY-HOPPING Fine Arts students and their dates (lower right) make the first annual Beaux Arts Ball a "hoppin' " success.

Home Ec On Display

The School of Home Economics added to the parade of events last year with their annual Hospitality Days, April 17-18. More than 2,000 high school girls from all over Kansas came to see the college, the School, and the displays. Later, students dressed in weird and clever costumes got together for the college's first Beaux Arts Ball, sponsored by the Fine Arts council.

REFRESHMENTS are served at the dormitories (below) for the hundreds of high school girls here for Hospitality Days. HOME EC STUDENT (lower left) comes through the archway modeling a dark taffeta dress. GUESTS STREAM in and out of the dorms (bottom center). BEST-DRESSED at the Beaux Arts Ball were these three (lower right).

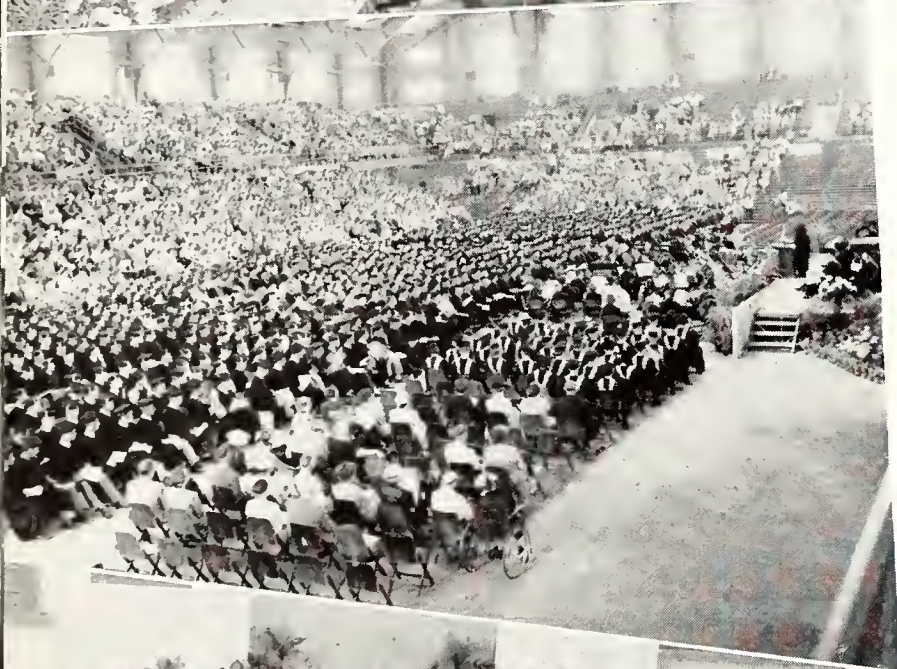

SENIORS (above) keep hats and tassels in place in windy Kansas weather as they walk to the Field House. MEMBERS of the class of '53 (upper left) wait for their diplomas. PRESIDENT McCAIN (left) addresses the graduates and their friends and relatives.

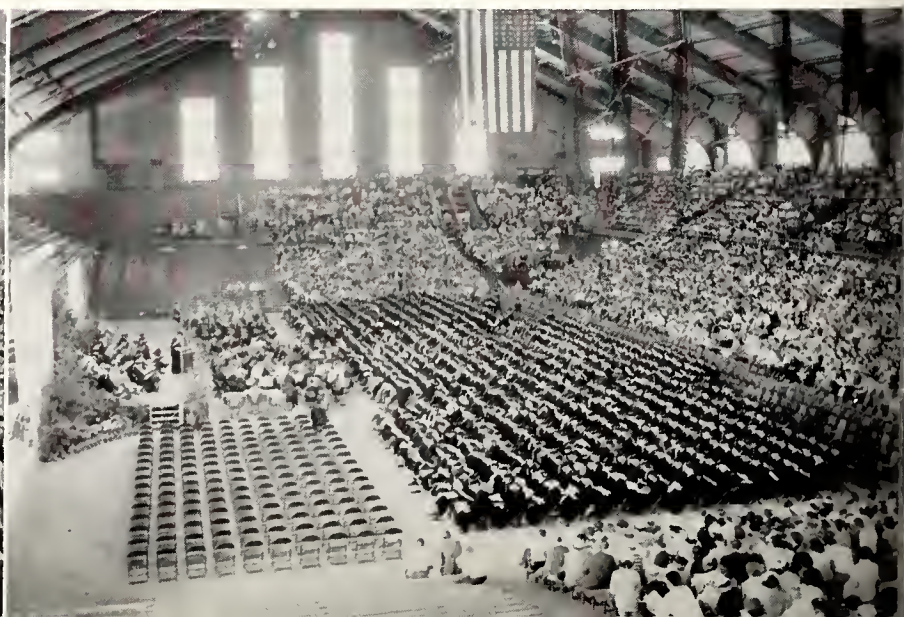

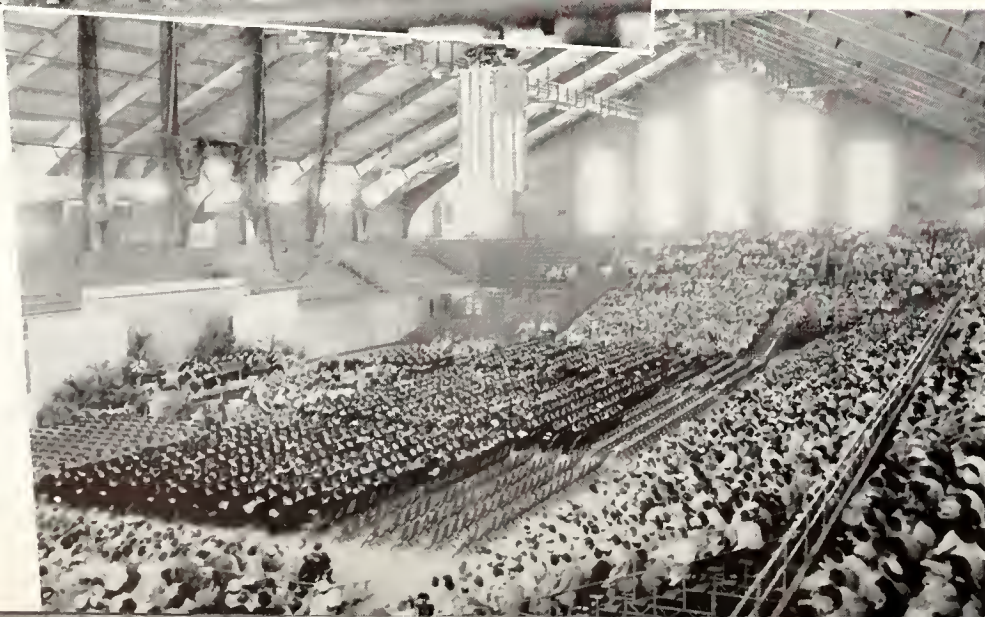

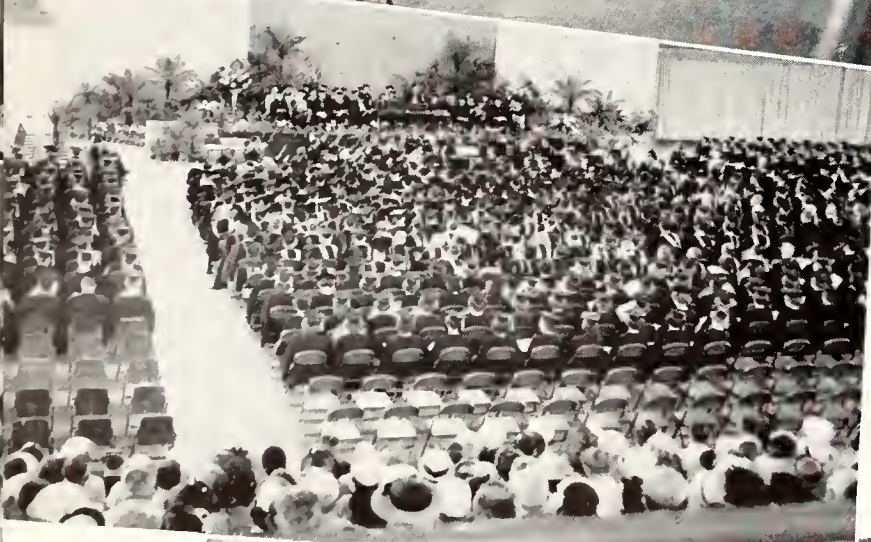

"Pomp and Circumstance"

Graduation comes only after four long years of studies, classes, parties, and cokes at the canteen. June graduation last year had a total of 700 seniors receiving their diplomas in the Field House. Other graduations are held in January and at the end of summer school in August. More than 1,000 graduated from Kansas State college last year.

GUESTS and graduates (left) listen to the commencement program. SENIORS (lower left) wait for the moment they will be "old grads." NEW LIEUTENANTS (below) will soon fill the vacant chairs, from which they will take their oath of allegiance to the United States army or air force.

Center of much student off-campus buying, Aggieville was a scene of gaiety during merchant sponsored-Aggieville Jamboree.

Alma Mater

*I know a spot that I love full well,
'Tis not in forest nor yet in dell;
Ever it holds me with magic spell,
I think of thee, Alma Mater.*

CHORUS:

*K.S.C., we'll carry thy banner high;
K.S.C., long may thy colors fly!
Loyal to thee, thy children will swell the cry
Hail! Hail! Hail! Alma Mater.*
