FOREWORD

A COLLEGE is more than simply a group of buildings housing laboratories, offices and classrooms. It is the students who every day put life into those buildings, it is the professors who pass knowledge acquired during years of study on to the students, it is the administrators who co-ordinate the activities of both students and faculty into a smooth-functioning institution. But above these material ingredients of college is an intangible spirit of pride in the school which sets it apart from similar groups.

Kansas State College students, faculty and administrators have displayed this feeling of pride in their school to such a degree that Kansas State has become an educational center known over the world. The attitude of always progressing has not only furthered the physical facilities of the College, but has built Kansas State's reputation as a school for the students to the highest pinnacle in the school's history. Kansas State's judging teams have become known as hard competitors throughout the country, and the Wildcats have proved the prowess of K-State students in sports. The list could continue for pages.

Classroom work doesn't consume all the students' time. The fraternity social hours, all-College dances, Artist Series programs and dramatic productions are all a part of four years of schooling. It doesn't stop there. Friends are acquired over a cup of coffee at the Union or Canteen. Working with other students in student activities proves that the whole of a college education doesn't come out of textbooks, but also from experience.

The college yearbook has the responsibility of recording the year's college life, both in the classroom and out. It is also the objective of the staff to insert some of the high esprit de corps exhibited by Kansas State students. We've tried, here it is: Kansas State 1955-56. . .

K-Staters got their first opportunity to use the new feed technology wing of Waters Hall this year. The building was dedicated November 10 by Benjamin Fairless, chairman of United States Steel Corporation.

White-blossomed shrubs add decoration to Fairchild Hall in the spring. One of the oldest buildings on the campus, Fairchild houses geology and zoology classes and the College's museum of natural life.

Ten minutes between classes soon passes as students hurry past Holton Hall to their next class.

It's Royal Purple time. Students line the walks in front of Kedzie Hall waiting to get their copy of the annual.

A fringe of cars decorating the curbs of Petticoat Lane is a usual sight for the three girls dormitories—Northwest, Van Zile

and Southeast. The former and latter are both freshmen dorms and Van Zile is for upperclass coeds.

Glass and engineering classes are featured in the Seaton Hall wing (*above*). Classes end in the Arts and Sciences headquarters — Eisenhower hall (*below*).

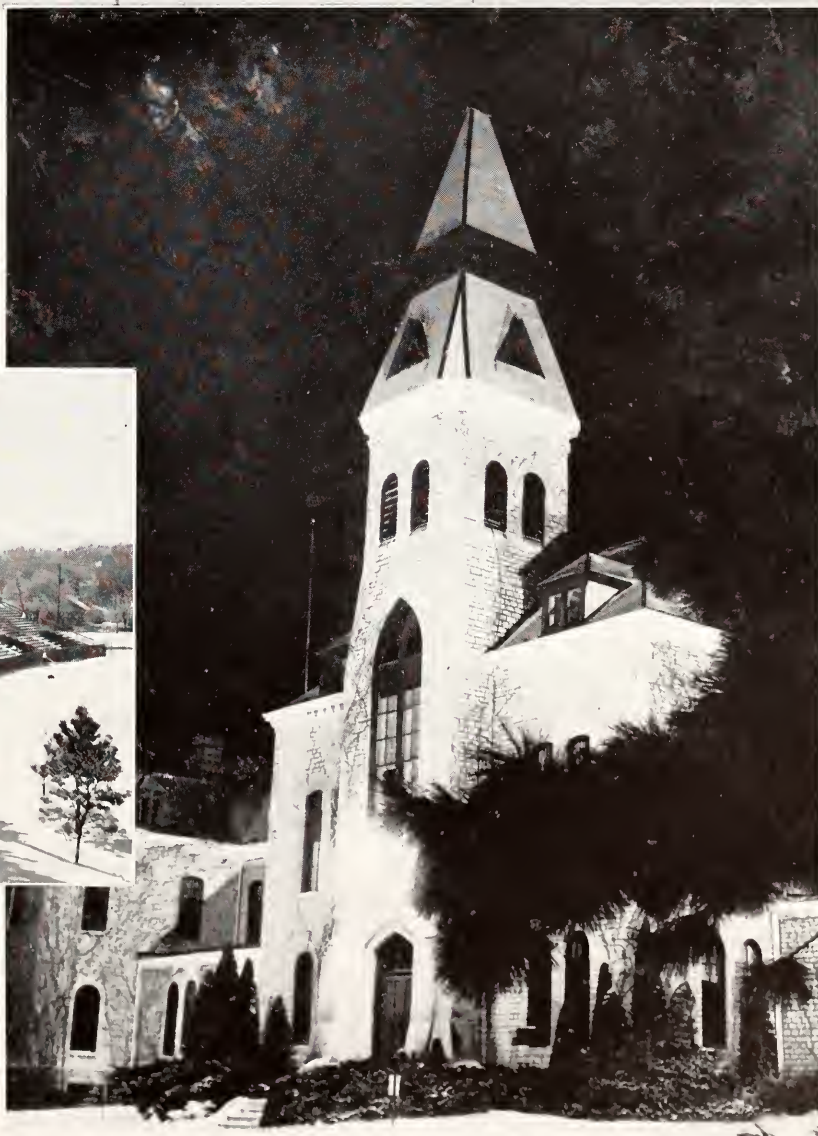

Snow transforms the campus into a winter wonderland of trees and buildings with the white smokestack looming on the skyline.

The creek near the girls dormitories trickles through campus within snow-covered banks and trees. At night, the snow contrasts with the black background illuminating the new K-State Union (upper right).

With the grid season completed, Memorial Stadium presents a forlorn atmosphere inhabited only by millions of snow flakes. Always the focal point of the campus, Anderson Hall (right), covered with a robe of snow, displays its majesty.

Bumper to bumper, cars line the street around the main quadrangle of the College. All students usually pass this place

whether driving or walking, on their way to school or home. Eisenhower Hall and Holton Hall form the northwest corner.

The house of many faces. Ahearn Field House is a bustle of activity whether being used for commencement as below or for

a Big Seven basketball contest or the Little American Royal. The building will seat 12,500 persons.

Nichols Gym stands at night like a medieval castle. Nichols is now used for women's physical education and student radio station.

Weather vanes, the clink of test tubes and an assortment of weird odors from experiments are all a part of Willard Hall.

For others than chemistry and physics students, Willard is best recalled for physical world and biology comprehensive lectures.

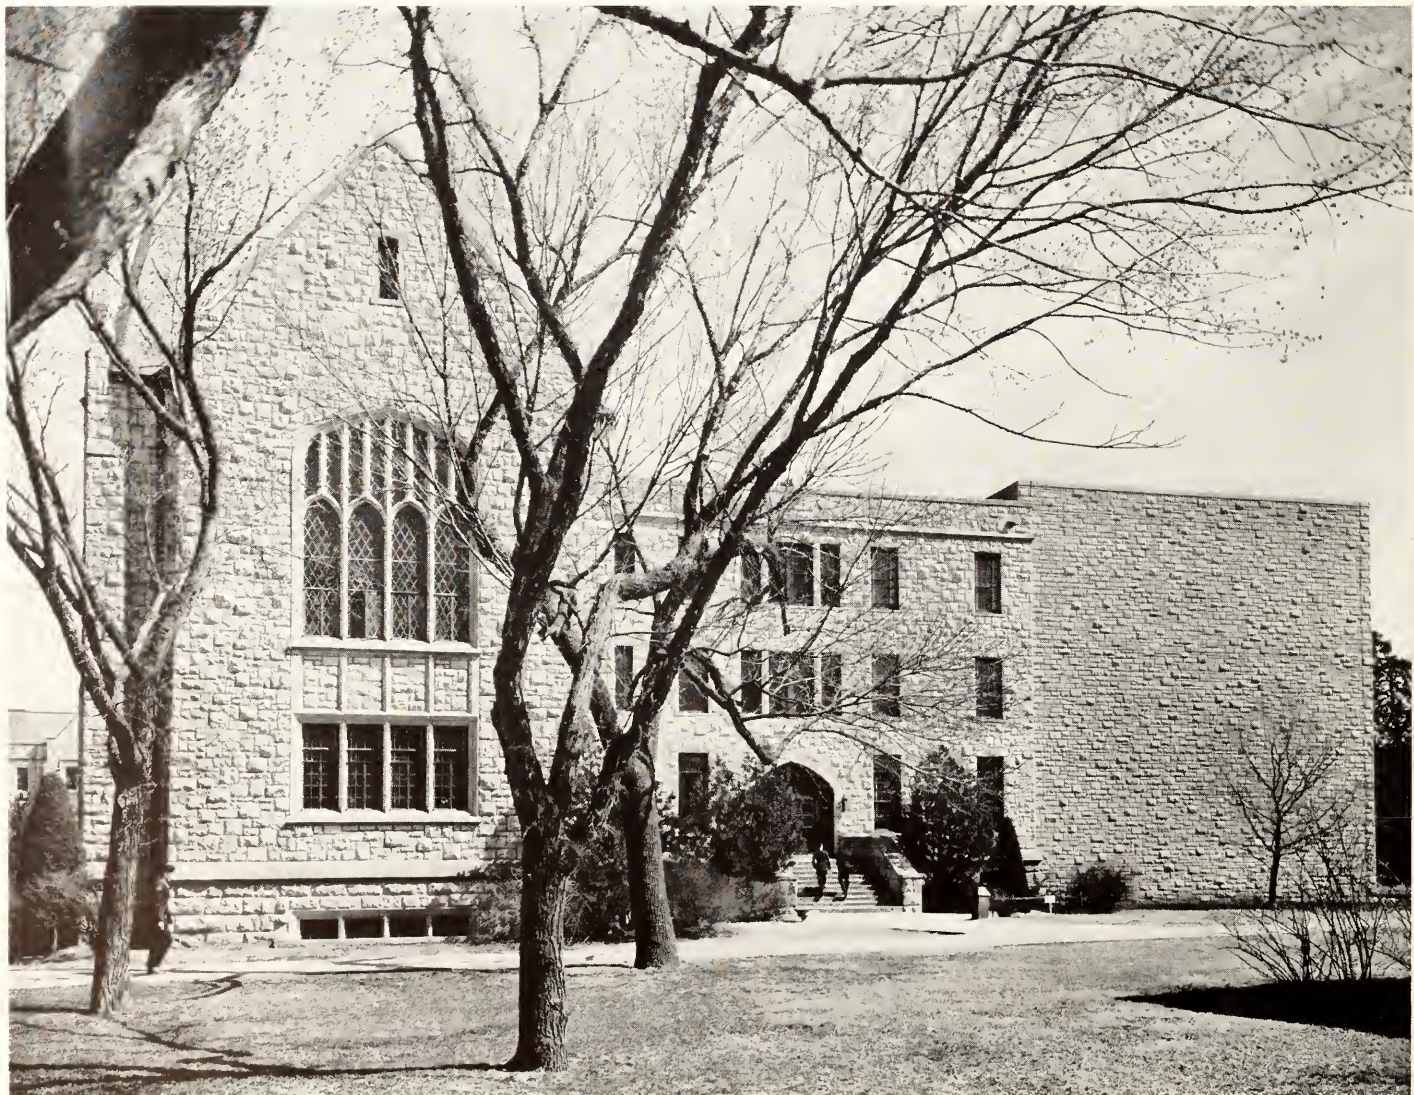

Kansas State's version of No. 10 Downing street is located on Lover's Lane. The home of President and Mrs. James A. McCain and daughter Sheila, a cordial welcome is always given students and visitors to the campus.

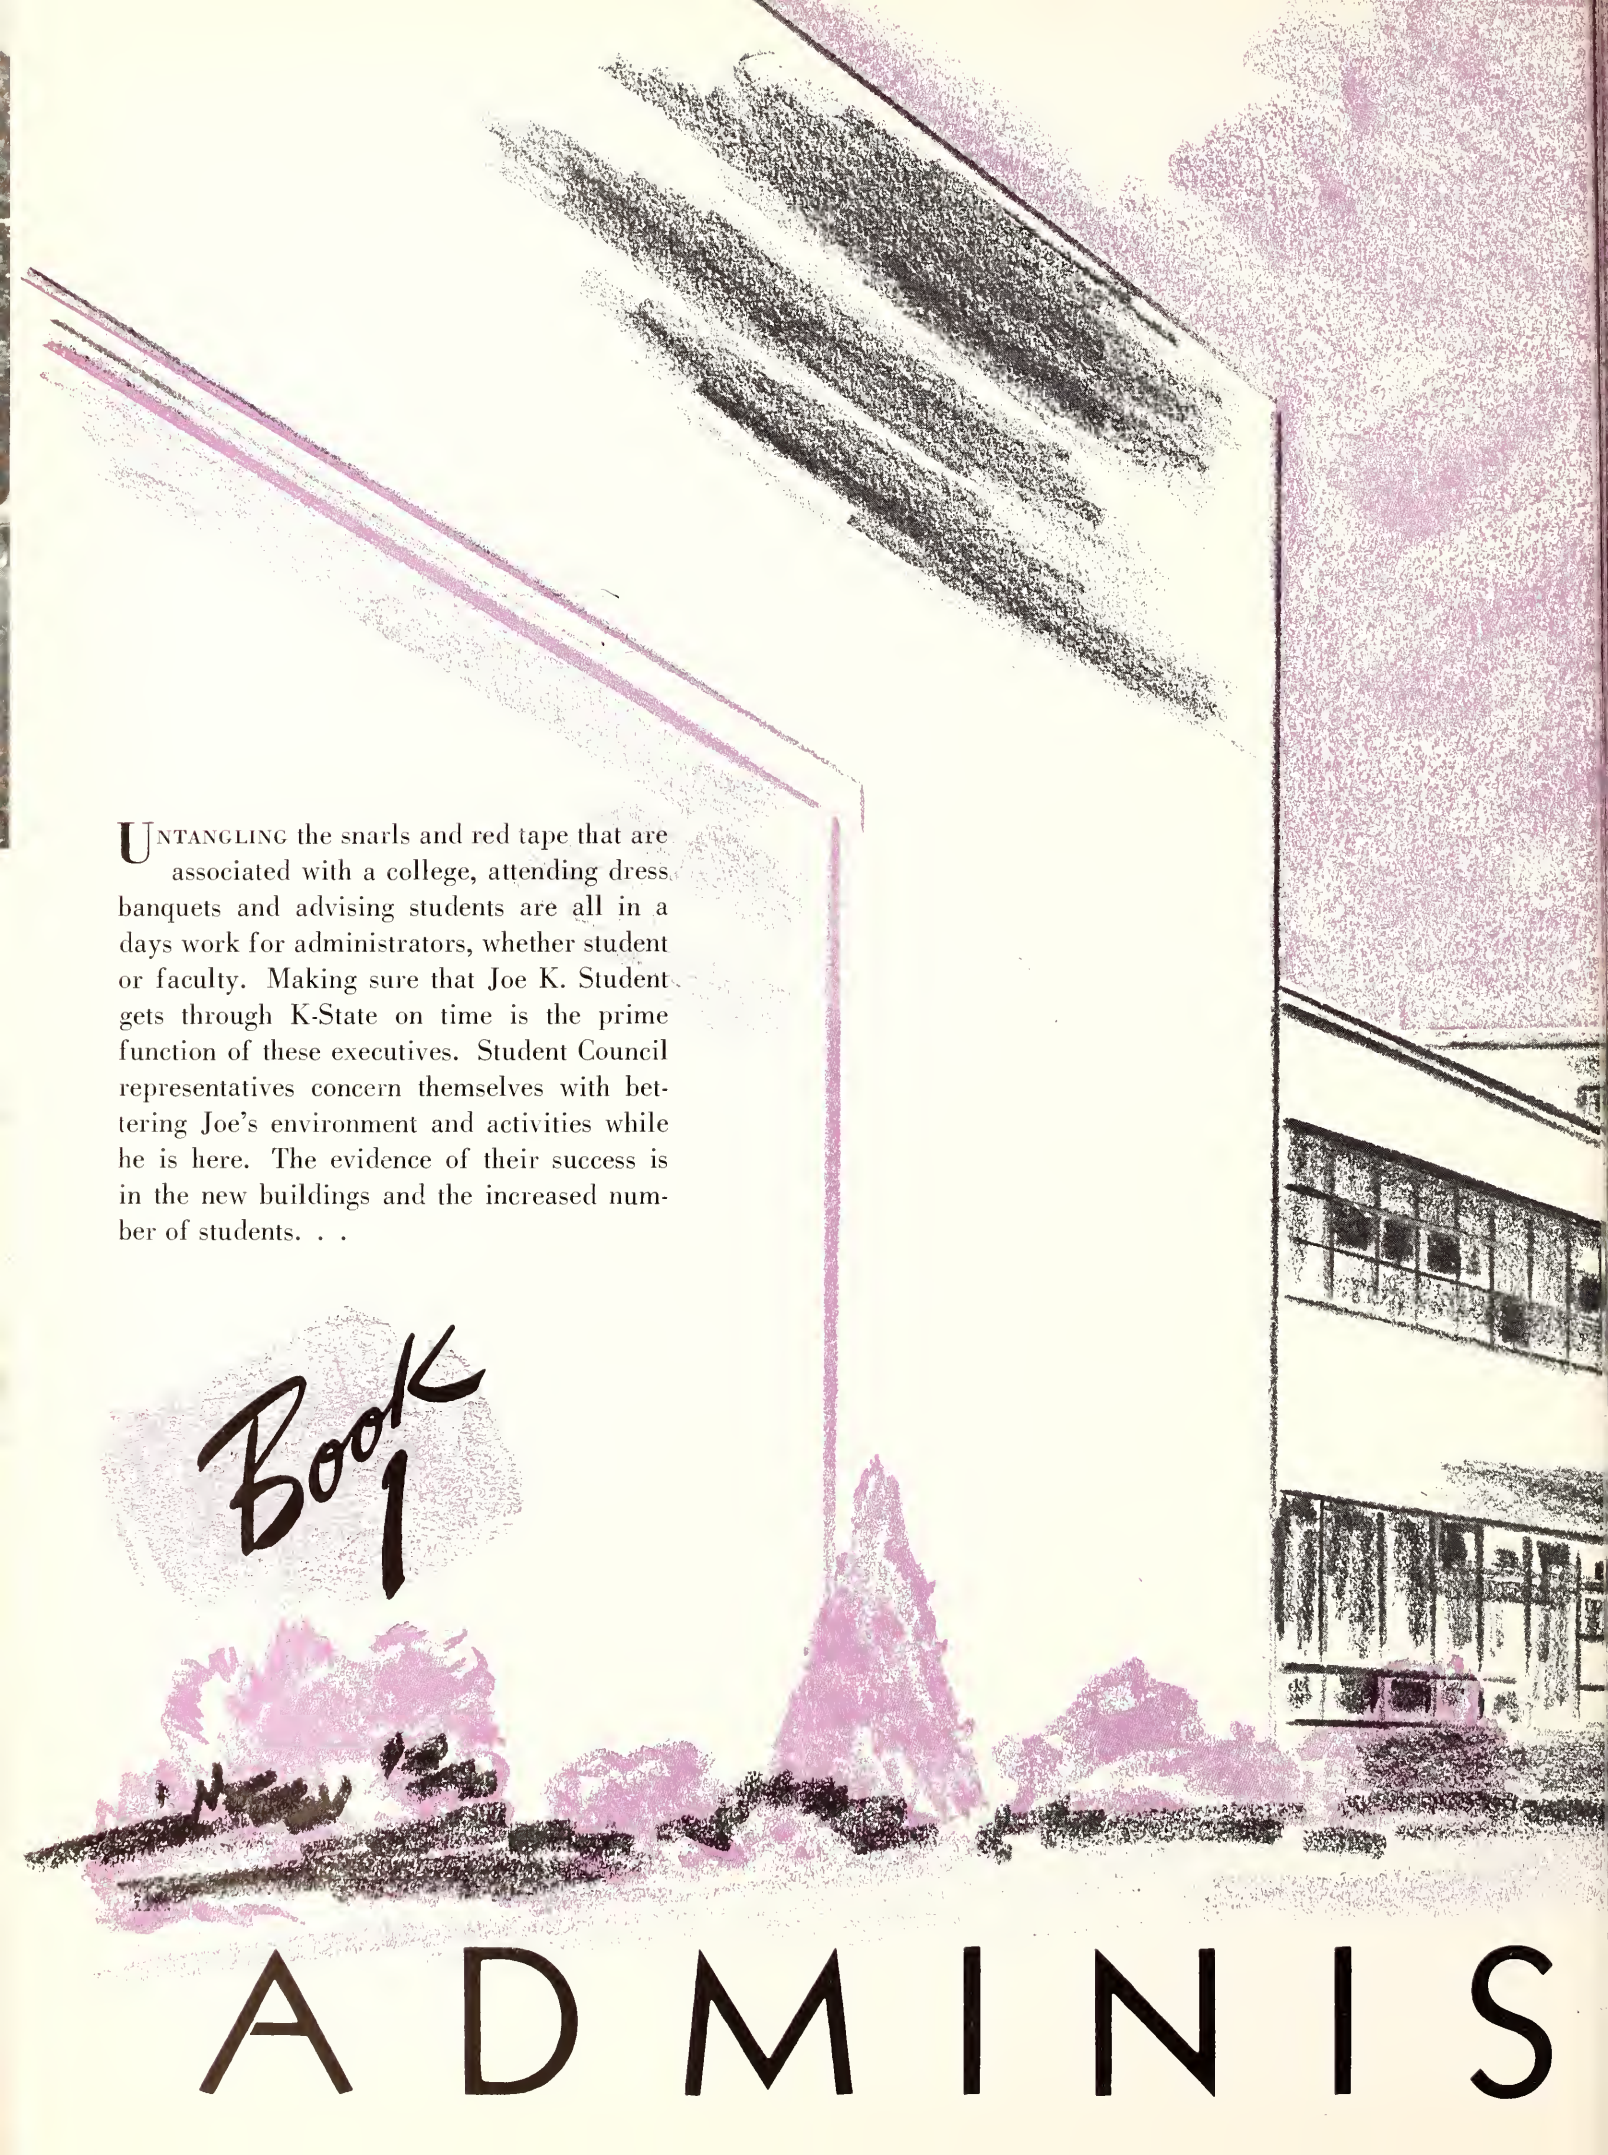

The College's center of information is Farrell Library. Dedicated in honor of President Emeritus F. D. Farrell last fall, the

library houses more than 200,000 books which are distributed through reference, continuations, loan and reserve departments.

UNTANGLING the snarls and red tape that are associated with a college, attending dress banquets and advising students are all in a days work for administrators, whether student or faculty. Making sure that Joe K. Student gets through K-State on time is the prime function of these executives. Student Council representatives concern themselves with bettering Joe's environment and activities while he is here. The evidence of their success is in the new buildings and the increased number of students. . .

Society's well being depends on its government's efforts to co-ordinate the constituents' activities in such a manner that they work toward the common good. At Kansas State, the foremost representative body of the students is the Student Council. Its members are elected by the students. Each school is apportioned a number of representatives in accordance with the enrollment therein. Meeting weekly, the Council discusses improvements on the campus, sets policy, directs elections and works toward bettering the academic environment of the student.

Top Brass at Work

CONTRARY to a persistent myth, the leisurely life of the college administrator, sheltered in the the cloistered walls and obscured from the outside view, is no more—or at least not at Kansas State College. A college does not just run itself, what with an ever increasing enrollment, a potential future enrollment that threatens to swamp the present institution and more and more research along with the present crushing load.

Charged with these broad administrative responsibilities is President James A. McCain. Through the day he is paced with a steady stream of callers including students, visitors on official and unofficial business, and all this interspersed with a continuous string of telephone calls.

In his sixth year at the helm of the College, President McCain has added more buildings to the campus than any other president. To cope with the ever expanding job of running the College, he has delegated authority and increased the administrative staff, but not in proportion to the growth of the job.

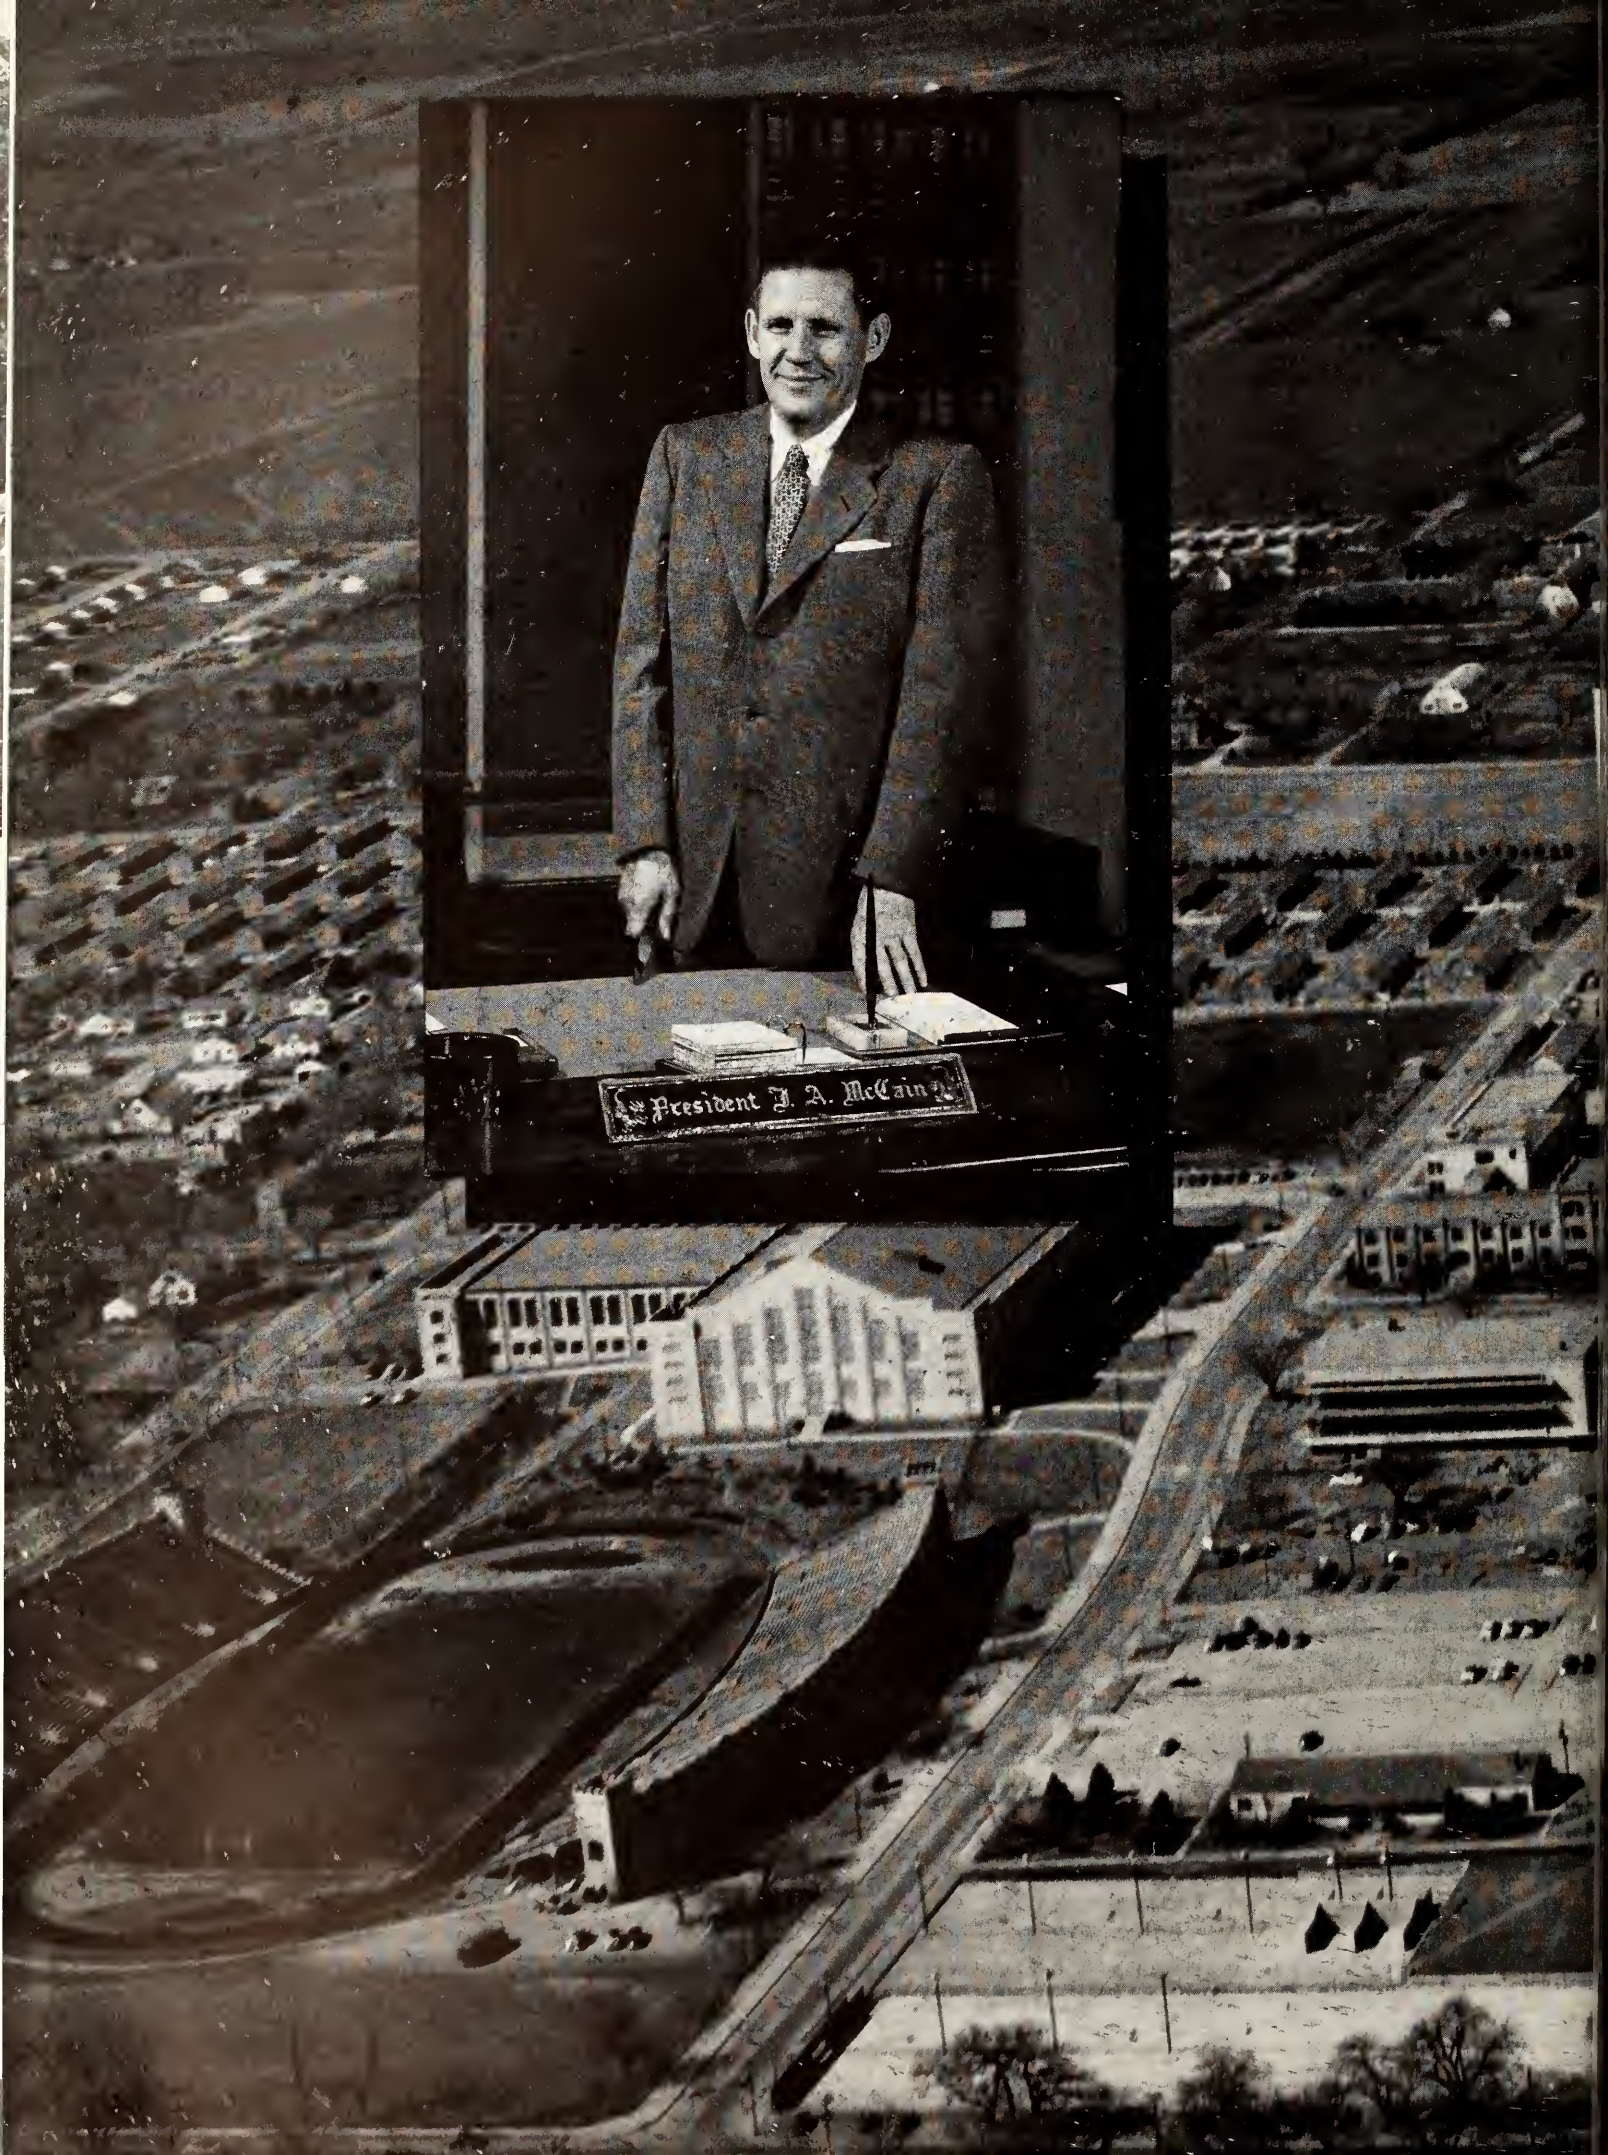

Directly responsible to the Board of Regents, President McCain makes recommendations through them for

action by the state legislature. These recommendations include budgets and other matters set by law. Problems of running the College the Board leaves up to the president except for a few specific regulations. Dr. McCain appoints the various College officials subject to the Board's approval.

Regular meetings of the Board with the president keep them informed of the happenings and problems of the College.

Members of the Board are Lester McCoy, Garden City; Arthur W. Hershberger, Wichita; W. S. Fees, Iola; Clement H. Hall, Coffeyville; Mrs. Elizabeth Haughey, Concordia; Lawrence Morgan, Goodland; Ray R. Evans, Kansas City; McDill Boyd, Phillipsburg; and Oscar Stauffer, Topeka.

The first family of Kansas State College, President and Mrs. McCain, Sheila and Lady, relaxes around the Christmas tree.

Serving under the president is a team of administrators who are charged with the more specific details of operating an educational institution.

Specific Details to Aids

A. L. Pugsley, dean of academic administration, handles among other things the business of fellowships and grants for students and researchers, salary, rank and retirement of faculty members. He serves on about 25 College committees and numbers among his other activities a membership in the North Central Accrediting Association, the group that checks colleges for professional and curricular standings.

Responsible to Dean Pugsley is E. M. Gerritz, director of admissions and registrar. His job is to evaluate transfer students' credits and maintain records on every student's scholastic standing.

A. R. Jones, dean of financial administration, has the momentous job of compiling the College budget, and directing over-all expenditures. Under him is Ralph Perry, comptroller, who handles the intricate details of the dollars and cents of the College. Through his office goes the student activity fund and all purchase order invoices.

Gingrich Heads Maintenance

Repair and maintenance of the myriad of College buildings and installations are the headache of R. F. Gingrich. He carries the title of superintendent of maintenance and the load of seeing that the job gets done.

A. Thornton Edwards handles the job of housing students and will have added administrative duties with the new married student apartment houses to be built in the near future. Edwards inspects off campus housing and advises students which residences meet College specifications.

Chester Peters, placement director, looks after the job openings that come to a college for graduating seniors. He attempts to get the round pegs in the round holes and the square ones in the square holes. Charged with the health of the students is Dr. Benjamin Lafene. Maintaining an efficient hospital in outdated barracks is not an easy task, but plans have been made for building a new College hospital in the next few years. The K-State veterans are steady visitors to the office of Wendell Kerr. The veterans' service office is the focal point for GI payments and other problems confronting the ex-servicemen.

More than 200,000 books in the College Library provide a lot of reading for K-State students. In charge of co-ordinating the various departments of the Library—reference, continuations, class reserves and loan desk—is William F. Baehr. The man who probably knows more K-Staters than any other is Kenney L. Ford, alumni secretary. He travels over the state attending alumni meetings and is in charge of the student loan fund. Work with *The K-Stater*, an alumni publication, also demands part of Ford's time.

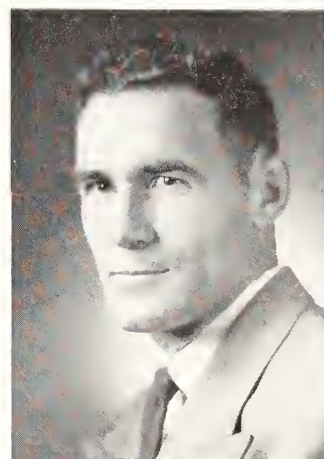

All the problems that go with nine weeks of summer school reach the desk of Paul Young, director of the summer session, and associate dean of the School of Arts and Sciences. Young was appointed to the latter post at the beginning of the spring semester to succeed acting Associate Dean Ralph Sanger.

Max Milbourn, Charles Correll, Sumner Morris and F. D. Farrell complete the list of administrative aids. Milbourn is director of public service and maintains the good public relations for K-State. Correll keeps the history of the College up to date and Dr. Farrell serves as president emeritus. Sumner Morris operates the Counseling Center which helps students better their reading habits and find the right course of study.

Keeping the Library current with literature is done by William Baehr, and C. M. Correll is College historian.

Planning the programs for student assemblies is the job of A. L. Pugsley, dean of academic administration.

Records on K-Staters are compiled by E. M. Gerritz, registrar, and Chester Peters co-ordinates the job opportunities.

Housing for students is directed by Thornton Edwards. Kenney Ford is secretary for the thousands of K-State alumni.

Our Worry Is Theirs

THE COLLEGE careers of Kansas State students are guided, supervised and improved through the efforts of the administrators. Numerous tasks confront these persons in order to maintain smooth functioning of a college with 5,977 students. They serve as a link between the classroom and activities, between the students and faculty.

The general welfare of the students is the responsibility of Herbert J. Wunderlich, new dean of students. A native of Idaho, Dean Wunderlich received his Ph.D. from Stanford University and served at Montana State University last year. Through the year he has been here, he has gained the admiration and respect of the students. He co-ordinates the student service agencies—the placement bureau, student health, counseling and testing bureau, and residence living.

A new face on the campus is that of Herbert J. Wunderlich, dean of students, who replaced William Craig.

F. D. Farrell serves the College as president emeritus, and heading the building and repair is R. F. Gingrich.

Student health is the main concern of Dr. Benjamin Lafene. K-State's public service director is Max Milbourn.

Assuming the duties of assistant dean of students this year is Charles A. Jacot, who came here from Delaware University.

Monetary matters face A. R. Jones, dean of financial administration, who formulates the College budget.

Student activities, campus and Greek organizations and student government are under his jurisdiction. He is faculty adviser to the Student Council, chairman of the Residence Halls Committee and is a member of Campus Development Committee, Athletic Council, Apportionment Board and the Council of Student Affairs.

Charles A. Jacot, assistant dean of students, is another newcomer to the campus this year from the University of Delaware. In addition to assisting with the dean of student's program, he is the foreign student adviser and secretary of the General Scholarship committee.

Helen Moore, dean of women, is completing her 15th year at K-State. She is responsible for the general welfare of women students which includes the social, vocational and educational programs of residence living, counseling programs, social and extra-curricular activities.

The development and co-ordination of Student Union activities at K-State is supervised by Loren V. Kottner, director of the Student Union. He supervises the financial operation and use of the Union. Kottner and Robert A. Alexander, Union program director, are trying to develop a program which will provide educational experience in community participation for the students.

Closing hours for women's dormitories and other problems confronting coeds are answered by Dean Helen Moore.

Handing out money is the job of both Wendell Kerr and Ralph Perry, veterans administrator and comptroller respectively.

Study troubles are solved by Sumner Morris, head of the counseling center. Paul Young directs the summer school.

Day Heads SGA

CAMPUS politics reached a new high at Kansas State the past year. The biggest display of political campaigns occurred in the spring semester when the yearly terms of student body president, Student Council members and members of the Board of Student Publications expired. Pre-election arrays of posters and campaign caravans urged students to go to the polls and vote. The political rallies of the Integrity and All-College parties stressed the importance of democratic student government. Election results gave the Integrity Party control of 17 of 22 positions. The Integrity candidates captured 13 of 18 places on the Student Council and all three in Board of Student Publications.

Gerry Day, Integrity candidate, was elected president of the Student Governing Association, and as student body president he is an ex officio member of the Student Council. The Student Council is composed of representatives elected by the student body. Membership is based on the enrollment and then apportioned to each school. Chairman of the Student Council was Mark Drake. Other officers were Bill Johnson, vice-chairman; Don Hunt, treasurer, and Beverly Sargent, corresponding secretary.

The New All-College party ended the one-year rule of the Integrity party by taking three of the four senior class offices. George Atkeson was elected president,

Tribunal Handles Discipline

Disciplinary problems of the College go to the Tribunal, the judicial branch of student government. The Tribunal maintains civic standards and justice among K-State students, determining parking violations, enforcing the honor code and carrying out the academic honesty program. Tribunal membership consists of three faculty justices and six student justices appointed by President McCain from nominations submitted by each school council. Tribunal decisions are approved by the president and administered by the dean of students' office. Infractions of K-State rules and other cases come to the Tribunal from the dean of students' office or through the attorney general. Martin Eby Jr. served as Tribunal chancellor.

Real evidence of student government is exercised by the members of the Apportionment Board. This committee of four students and three faculty members handles the student funds for a community of nearly 6,000 students. The Board has the responsibility of planning and regulating the distribution of activity fees from the College budget. Members are nominated by the Student Council and are appointed by the President.

The Board of Publications sets the general policy for the business management of the *ROYAL PURPLE*, *Col-*

and to approve the best policies for the publications. Membership is composed of two faculty members and three students elected by the student body. Ralph Lashbrook, head of the department of journalism, acts as ex officio chairman of the committee. Two faculty

members are selected by President McCain. Duties of the Board include selection of editors for the *ROYAL PURPLE*, *Collegian*, and *Student Directory*, and the business managers for the *ROYAL PURPLE* and *Collegian*. Approval of major contracts and budgets comes from the Board. The Board of Publications also employs the graduate manager. Members of the Board select students to receive K-Keys, awards for outstanding work on student publications. They are presented at the annual awards banquet each spring.

Union Board Formed

The newly-created Student Union Governing Board is the governing body of the new Student Union. The principal duty of the Board is to determine the policies of the Union. Board members, who are appointed by the Student Council, suggest plans for an active student participation in the Union program. The group consists of eight students, one Student Council member, three faculty members and one alumni member. Leon Armantrout was Board chairman. Other members were Doreen Cronkite Clair, Lee Ruggels, Henry Burmeister, Ray Sis, Marjorie Badeker, Ray North, Laura Lyon and Keith Swenson.

Faculty members were Stuart E. Whitcomb, Thomas Keim and Margaret Raffington. Ward M. Keller served

as the alumni member. Loren V. Kottner, director of the Union, and Herbert J. Wunderlich, dean of students, were ex officio members of the Board.

Drastic changes in the Student Governing Association elections were made by this year's Student Council. Instead of each school nominating a slate for election, primaries were set up. Anyone could have his name on the primary ballot. These ballots were straight party tickets. However, in the final elections all the candidates for election were listed on one ballot with their party affiliation stated, making it possible for a student to vote for members of either party. The new method of election was approved by the various school councils.

Another K-State student governing body that accomplished something new this semester was the Union Governing board. It managed the opening of the K-State Union, and saw to its smooth operation during the remainder of the school year.

The Union parking lot was a sore spot that was started on the way to improvement by the Student Council this year. A complete black-top covering for the lot is scheduled in the near future. Center parking in the

lot was straightened out last spring with cement dividers down the middle.

An increase in general college scholarships put into effect by the Student Council made \$3,620 in additional scholarships available to deserving students.

Elections are not an easy job for the persons behind the scenes. Ballots are divided into schools, then counted, then re-

checked. Many, improperly marked, are thrown out. More students voted last spring than at any other Kansas State election.

Ag Program Revised

REORGANIZATION of the agricultural program of Kansas State and an active interest in international responsibilities characterized the School of Agriculture during the 1955-56 school year. The School of Agriculture prepared at the close of the year to accept an invitation from the International Co-operation Administration and the government of India to send a K-State staff of 10 members to India. The staff will help Indian educational and agricultural institutions improve their research, extension and teaching programs.

The Indian states of Bombay, Hyderabad, Madhya Pradesh, Saurashtra and Kutch will receive the staff advisement.

During 1955, 22 foreign countries sent more than 100 persons to the K-State School of Agriculture for special training, and students were regularly enrolled in agriculture from 10 foreign countries.

The agricultural program was reorganized November 1, when Dr. Arthur D. (Dad) Weber was named Dean of Agriculture. Three directors were selected to work under him to co-ordinate the program. Directors named were: Glenn H. Beck, Kansas Agricultural Experiment Station; Harold E. Jones, Kansas Extension service, and

tions, irrigation development farms and experiment fields off campus. In addition, there are eight departments in the School of Agriculture and the 18 departments in the Agricultural Experiment Station on the Manhattan campus.

Feed Tech Wing in Use

Ever striving towards new improvements, the new half-million dollar feed technology building was dedicated in November. With its completion Kansas State became the only school in the world to offer instruction, a degree in theory and fundamentals and actual "do it yourself" practice in the production of formula feeds.

Funds for the building and equipment were donated by manufacturers and suppliers associated with the feed industry. Prominent leaders in the nation's industry, agriculture, education and government attended the dedication. Work has begun on a new animal industries building. When completed, this new building will cost more than Ahearn Field house and will be used for integration of research, production, processing and instruction with regard to large animals.

The school has maintained a record of honors and recognition in its 93 years of existence. This year Dean Weber was named "Mr. Kansas, 1956" for his outstanding achievements. Dean Weber was the first

person to receive this distinction. He was selected by a committee of business, professional and industrial men after the general public made nominations. Two of Dean Weber's many distinctive honors are the first non-Britisher to judge the Smithfield Beef Cattle Show in London, the oldest livestock show in existence, and the only American to ever select the grand champion steer at the Chicago Livestock Exposition.

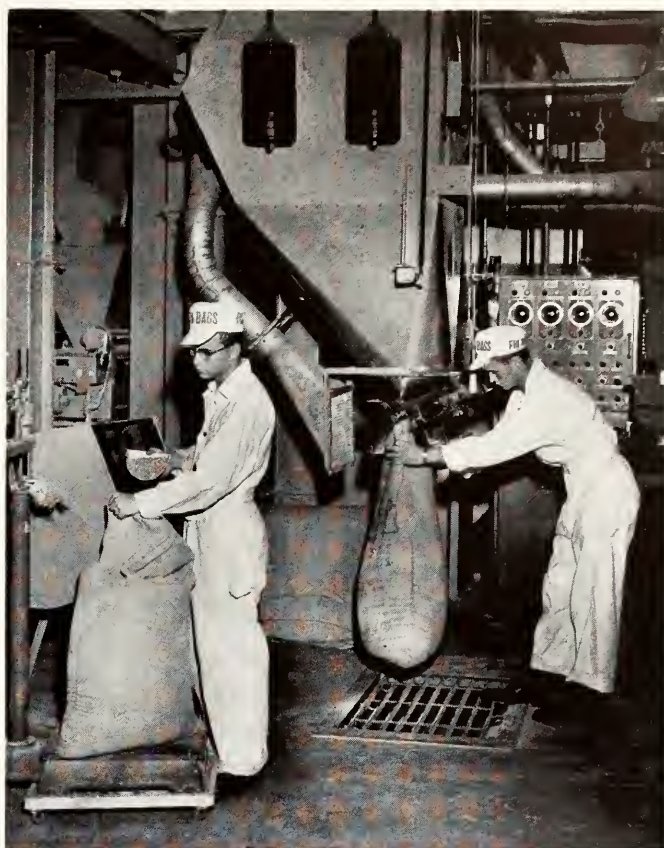

K-State judging teams participating in state and national meets brought honors to the school. The teams are part of the extracurricular activities associated with the School of Agriculture. Numerous clubs connected with each department of the school help to expand the interests and familiarities of students with their particular field.

Extension Aids Foreigners

Placement of foreign citizens on farms, in rural homes, and in allied industries was perhaps the widest in scope of all Extension Service programs. One hundred and twenty-five foreign nationals from 24 countries studied agriculture under the tutorage of Extension Service personnel in co-operation with the College and Ag Experiment Station. Twenty-four International Farm Youth Exchange students participated in farm life on 74 Kansas farms and 14 Kansans studied in foreign countries.

Umberger Hall, the new Extension Service building, was completed with the dedicatory program on November 1.

Within the state-wide balanced farming and family living program, continued emphasis has been placed

upon increased efficiency in farming. The program has been intensified within 24 counties. A Great Plains agricultural program to assist in stabilizing the agricultural industry was introduced during the year for the western part of the state.

Weaver Replaces Babcock as A&S Dean

BIG NEWS in the School of Arts and Sciences this year was the naming of John C. Weaver as dean. Dean Emeritus Rodney W. Babcock, who headed Arts and Sciences for 25 years, retired last fall to a full-time job of teaching mathematics.

Weaver, who formerly headed the Department of Geography at the University of Minnesota, gave up an assignment as a visiting lecturer at the University of London to take up duties on the Kansas State College campus.

As head of Arts and Sciences, he not only commands the largest school on the campus, but also is administrator for a staff of part and full-time research workers.

Staff members of the School do work for the Agriculture and Engineering Experiment Stations, many of them along with their teaching loads. Researchers in Botany work closely with plant breeders in the search for wheat resistant to the yield-cutting mosaic viruses. In the Chemistry Department researchers hunt for better methods of preserving alfalfa through the dehydration process, and other scientists have contributed to such diverse subjects as disease control in turkeys and milk sanitation. Behind it all are the voluminous statistics on the various parts of the research compiled and processed by the Department of Mathematics.

This year's enrollment of 2,308 students was about 300 more than last year, and with an eye toward this

student relations, schedules and class organization. Ebberts, who is on the Student Loan Committee, has a sympathetic ear for the student with money problems. He also handles grade reports, checks on the student with too many class cuts and offers solutions for the student who has flunk slips.

A reorganization plan for student advisers is underway. Department heads will now assign advisers from their staffs to advise individual students. Formerly this heavy load fell on the dean's office. Evaluating the past classwork of transfer students takes no small part of the assistant deans' time. High school visitations are also a part of the work of the dean's office.

A&S Council Sponsors Carnival

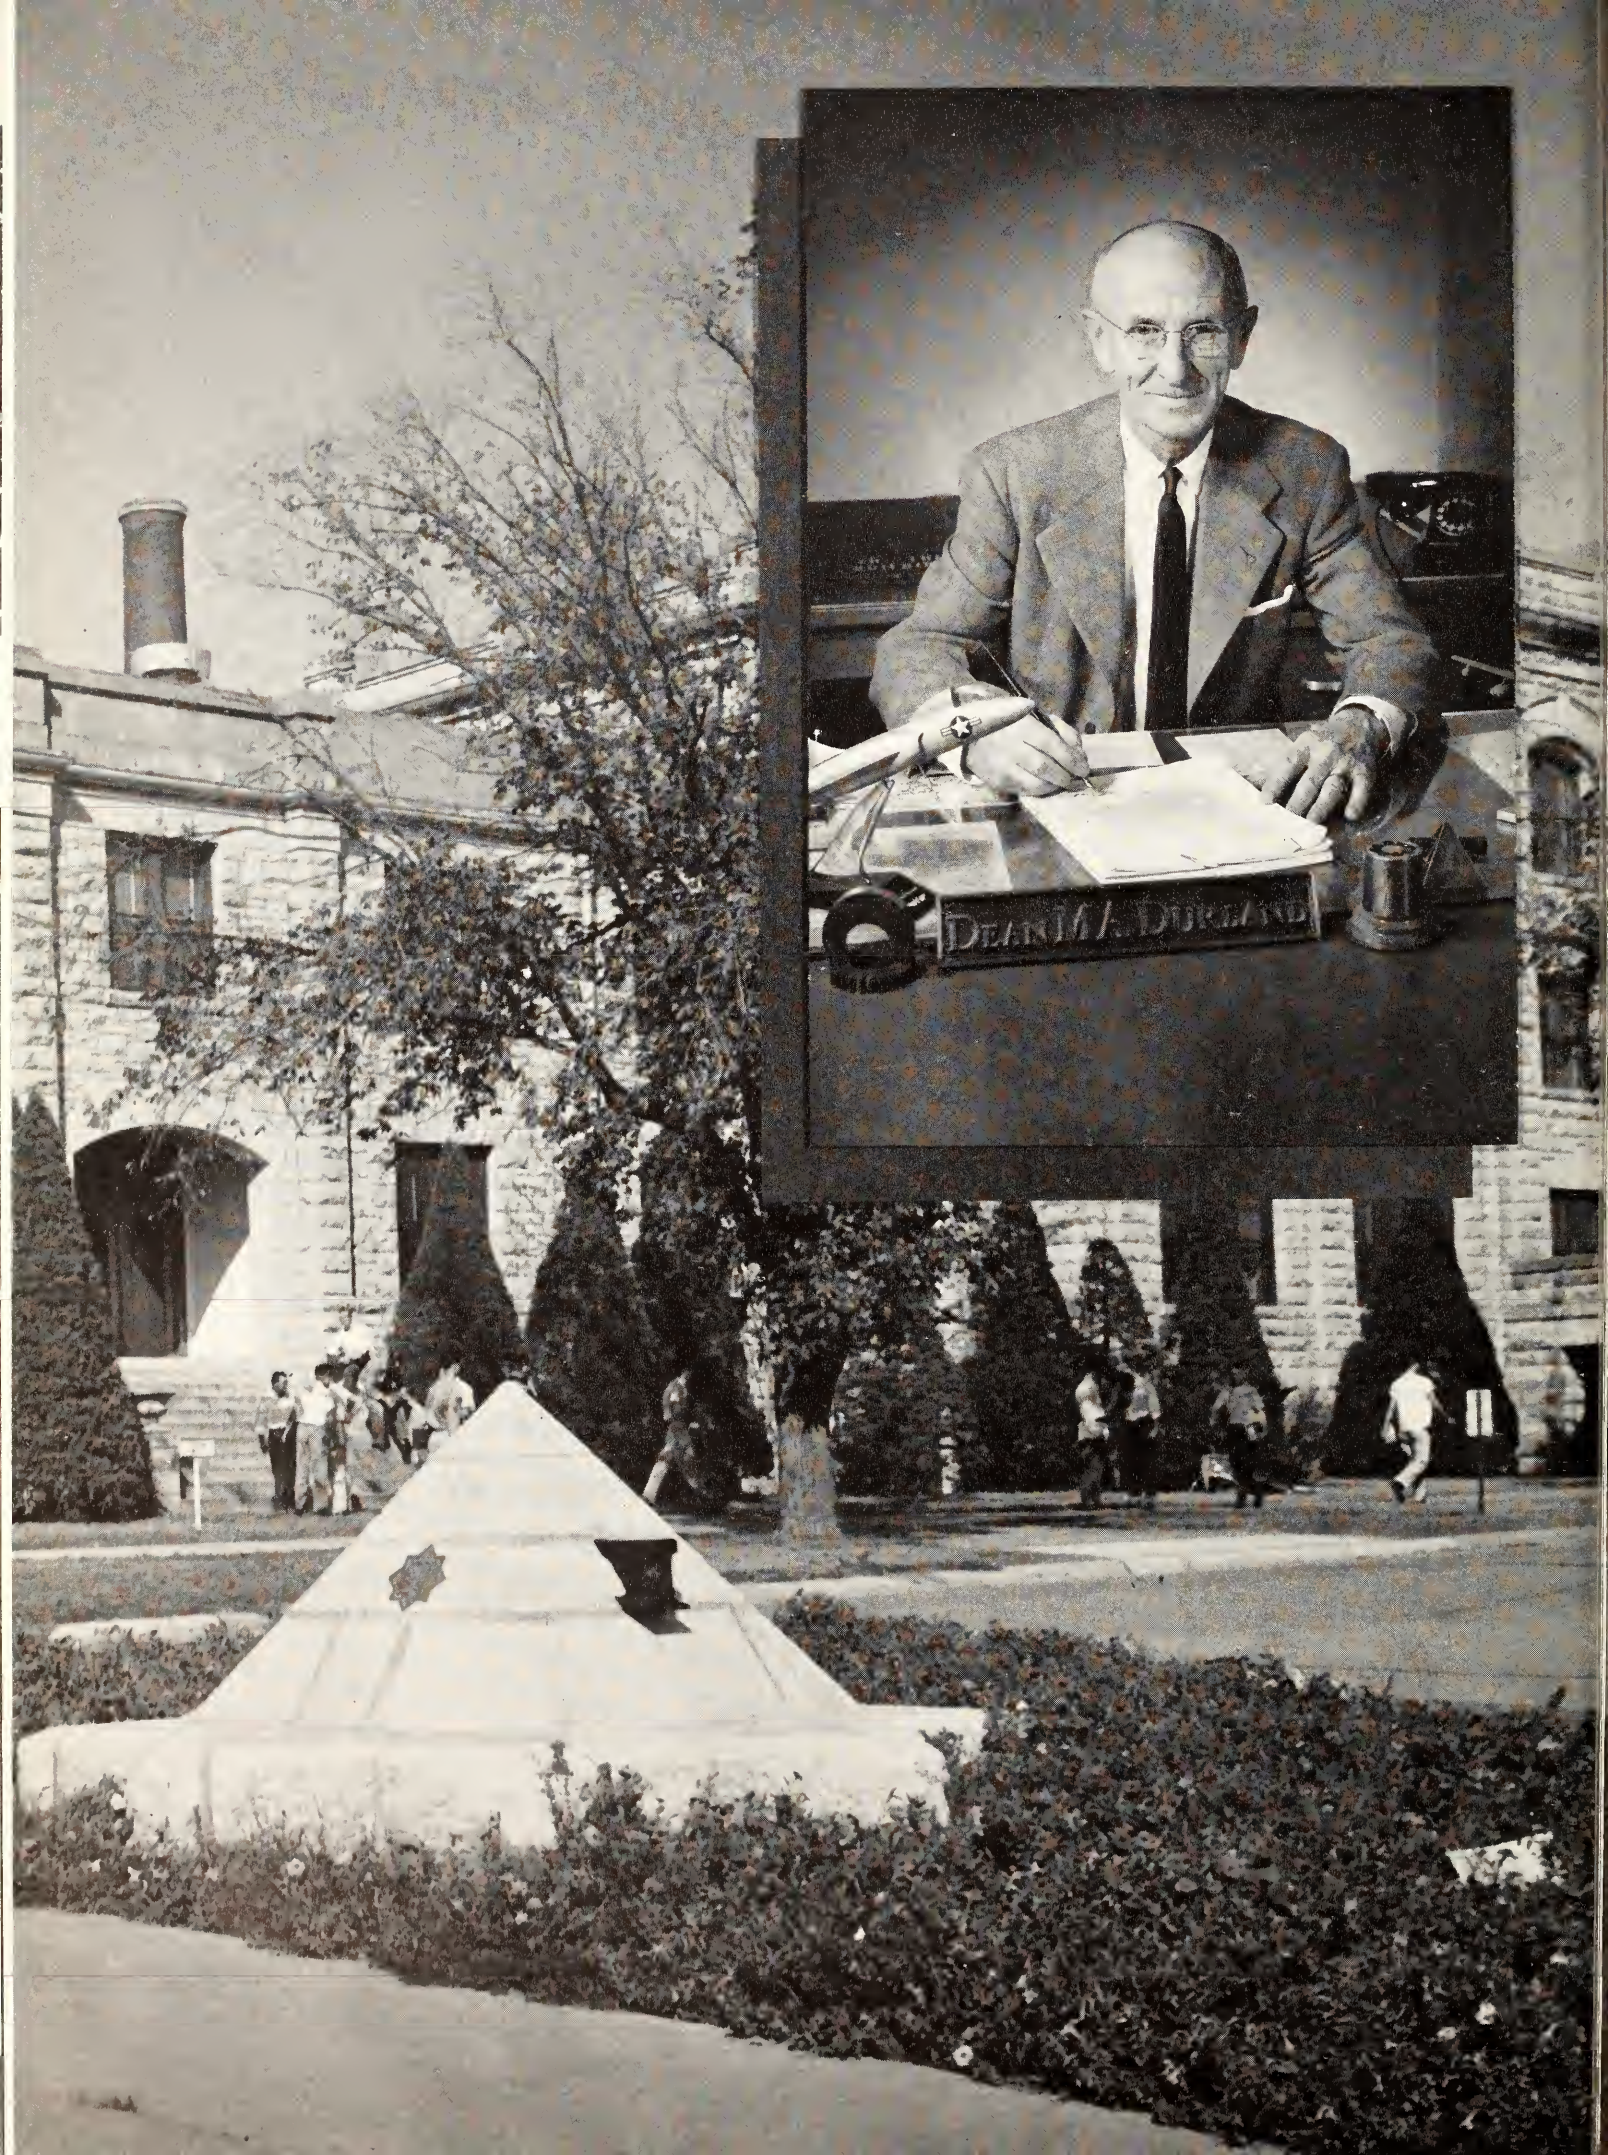

In order to attract more students to the Arts and Sciences School, students have turned a hand through the Arts and Sciences Council and are working toward a set of brochures that tell of the advantages and possibilities in each field of study. Each year the Council sponsors a fund-raising carnival to finance the brochures. The Council, which is a part of the over-all system of student government, numbered 14 in the fall semester. These 14 members handle general student business that comes from their constituents. They make recommendations to the Student Council for action or study. Arts and Sciences deans are often invited to sit in on the meetings.

Chemistry laboratories give students an opportunity to apply their classroom lectures to actual tests and experiments.

For students interested in oral communications, the radio courses and KSDB-FM provide practical experience.

Engineering Enrollment Up 25 Per Cent

MORE curriculums and more students highlighted the year for the School of Engineering and Architecture. Two new four-year programs were introduced in the school this year—industrial technology and industrial education.

Four-year programs are also offered in civil, industrial, agricultural, chemical, electrical, nuclear and mechanical engineering, and a five-year curriculum in architecture is available. The degree of Bachelor of Architecture is conferred for completion of the latter curriculum while a Bachelor of Science degree is conferred in the other fields. A Master of Science degree is offered in all fields and at the January commencement the first Doctor of Philosophy degree in applied mechanics in the history of K-State was conferred.

The fall enrollment in the School of Engineering and Architecture was 1,573, a 25 per cent increase over 1954. The estimated number of graduates in 1956 was also an increase over the previous year—173 graduates in comparison to the 143 graduates in 1955.

The teaching staff is composed of 107 persons with the rank of instructor or above.

More Scholarships Offered

The need for engineering graduates is evidenced by the mounting number of scholarships offered to engineering students each year. Forty-seven students had

the aid of scholarships this year. The aid, which was handled by the College scholarship committee, exceeded \$12,000.

The Engineer's Council for Professional Development, which inspects and accredits engineering schools, has accredited all curriculums in K-State's Engineering School. The Council is an organization of national engineering societies.

The Engineering Experiment Station, now in its 45th year of operation, was established to carry on tests and research work of engineering and manufacturing value to the state of Kansas and to collect technical information. All of the research of the School of Engineering and Architecture is handled by the station. It is fi-

nanced by state appropriation and commercial and government grants.

The electronic analogue computer, which was begun two years ago was finished this year. The computer, one of the finest in the Midwest, is being used by engineering groups throughout the state. Preliminary design and planning were carried on this year for the building of a nuclear reactor to add to Engineering facilities.

Major Research Projects

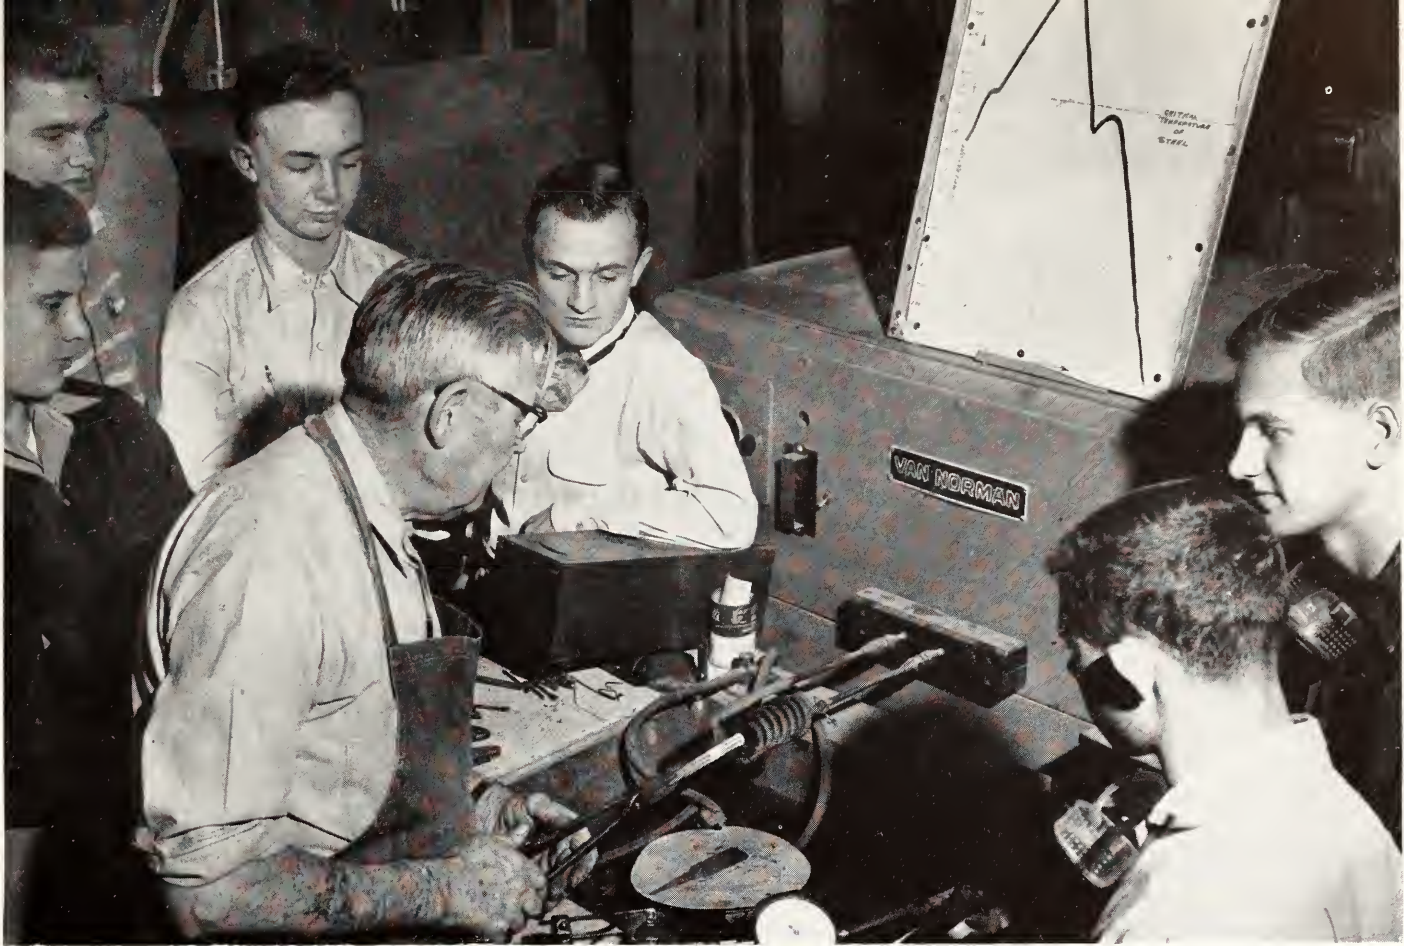

Important research projects this year were aeration technique studies for grain storage, highway bridge design and a study to reduce cost and improve bracing of such structures. Production of mashed potato powder has also been studied. Research has been directed to the technique of developing market outlets for new products of Kansas industry.

The 32d annual Engineer's Open House featuring the theme, "Your Automatic Tomorrow," was March 16 and 17. Through this project of the School of Engineering, students can show what they are doing in classes, and the public can see new developments in the engineering world.

Displays at the Open House included a radio-controlled launch, an automatic coffee-making set-up, a beer-bottle organ, a pre-stressed concrete diving board (complete with bathing beauties), some commercial exhibits, and many other feats of engineering ingenuity.

Male Department Head Is Home Ec's First

FOR THE first time in the history of the School of Home Economics, a man headed the Department of Household Economics. Dr. Richard L. D. Morse came to Kansas State from Florida State University where he was professor of family economics. Dr. Morse succeeded Florence McKinney. He is in charge of teaching and research in family economics, housing, equipment and home management.

Other new staff members are Kurt J. Matzdorf, an instructor in the Art Department, and Dr. Grace Goertz. Dr. Goertz supervises instruction in experimental cookery, advanced foods and food demonstration techniques. She is also in charge of poultry research as it is related to foods and nutrition. Dr. Dorothy Harrison, former director of home economics research, was appointed head of the Foods and Nutrition Department.

All home economics teachers and students are anxiously awaiting the day when the new Home Economics building opens its doors for classes. As yet, the ground hasn't even been broken, but high hopes are held that the first spade of ground toward the \$1½ million build-

ing will be turned before the opening of the fall semester of 1956. The building will be located on Lover's Lane, east of Dickens Hall, and has been planned to provide enough space so that all Home Economics work will be under one roof. At the present time, Home Ec students have classes spread in an area of four buildings. The Home Economics staff has been combining efforts with the architect to plan a better equipped and more spaciouly arranged building.

Counting the number of servings during the noon hour at the cafeteria is a project for these Home Ec coeds.

Dining Room Redecorated

Students were pleasantly surprised upon returning to school last fall to find the dining room of Calvin Hall had undergone a face-lifting. The eight kitchens adjoining the dining room, which are used for Foods I classes' meals and other food preparation courses had been completely redecorated in varying shades of the rainbow. Several new sets of china and pottery and serving equipment were also purchased for the kitchens. One of the

Eight different fields from which to major are open to Home Economics girls—Art, Clothing and Textiles, Child Welfare, Journalism, Household Economics, Institutional Management, Education and Nursing. Through training in these fields, girls can enter the professions of interior decoration, extension and home demonstration, teaching, nursing or homemaking, to mention only a few of the many career possibilities.

Council Sponsors Snowball

One of the outstanding features of the school year is the annual Snowball, winter formal dance, sponsored by the Home Ec Council. Gene Gustafson was crowned Favorite Man on Campus at the dance. The attendants were Delmar Conner, Ross Miller, Gene New and Neil Scott.

The Home Economics Council also coordinated the work of the eight Home Economics division clubs and added support to the Student Governing Association. Kathy Burns was president. A membership tea at the beginning of the fall semester helped acquaint transfer and freshman students with the Home Economics Club. A Christmas tea was combined with a service project of giving gifts to an orphanage. Each girl attending the

Vet Hospital Ends First Year of Operation

APPROXIMATELY 23,000 animals were treated at Dykstra Veterinary Hospital during its first year of operation. The hospital was opened in February, 1955, and was dedicated at the golden anniversary of the K-State School of Veterinary Medicine last June. Named for Ralph R. Dykstra, dean emeritus of the Vet School, the hospital features large and small animal clinics, X-ray rooms, facilities for caring for 100 small animals, surgery rooms and an amphitheater seating 285. The second floor is devoted to a conference room, display cabinets, storage rooms, student lockers and interne quarters.

The main objective of the hospital staff is to train students and to provide service for owners of any kind of animal. Most of the animals treated are farm animals, but dogs, cats, parakeets, an alligator, an elephant and a beaver were among the patients last year. Dykstra hospital marked another advancement in K-State's veterinary facilities. The first Vet hospital was a barn located on the site of the present Vet Science Hall. When the old hospital facilities were outgrown, a new Vet hospital was built. This building has now become Vet Science Hall and is being remodeled for classes, laboratories and research facilities.

During the 50 years since the beginning of Veterinary Medicine at K-State, the curriculum has undergone many changes to meet the need for more and better veterinary training. The first formal four-year curriculum was approved by the Board of Regents in 1905. In 1919 the School of Veterinary Medicine was approved by the Board of Regents. Through the years one year of pre-veterinary training was added to the course. Now the curriculum includes two years of pre-veterinary training and four years of professional school work, or six years in all.

Heave ho, up on the table he goes as vet students get this prize Hereford ready for a toe-nail trimming.

One thousand six hundred persons have completed the requirement for the degree of Doctor of Veterinary Medicine at K-State during the 50 years. These graduates have entered all fields of vet medicine in the United States and many foreign countries. This year 257 students are enrolled in Vet School. A revised curriculum became effective this year, established to make new information available in the subject matter.

Graduate Degrees Show Increase

ADVANCED degrees are becoming a necessity in many fields these days, and K-State's Graduate School is keeping up with the demand by granting an increasing number of degrees each year. January's commencement brought the total of Doctor of Philosophy degrees up to 126.

Encouraging advanced study is one of the jobs of the Graduate Council, a committee of 10 graduate faculty members representing different areas of study. The council, headed by Harold Howe, dean of the Graduate School, solves the problems of administration and development of graduate work at K-State. Council members serve three year terms. The faculty lecture-ship program is a new undertaking by the Graduate Council. Two faculty members were chosen by a faculty poll to lecture in their special fields.

Each year the number of Doctor of Philosophy degrees conferred climbs. K-State is authorized to confer Ph.D.s in chemistry, milling industry, bacteriology, entomology, agronomy, animal nutrition, applied mechan-

ics, botany, foods and nutrition, genetics, parasitology and physics.

All dissertations are microfilmed and stored by a national microfilm company. Anyone may purchase a copy from the company. All abstracts of the dissertations are published in Dissertation Abstracts, a monthly publication.

Hours of research are spent earning an advanced degree. Special study desks in the library are provided for grad students.

← **Overseeing** the work of graduate students and making sure all requirements are met is the job of Dean Harold Howe.

Recreational sports such as basketball and volleyball are a means to relax after a day in the classroom.

Dinner is served at a faculty luncheon. There is no lack of subjects to discuss—anything from math to home ec.

Dinners often find a faculty member in the role of head speaker, explaining the College or their field of study.

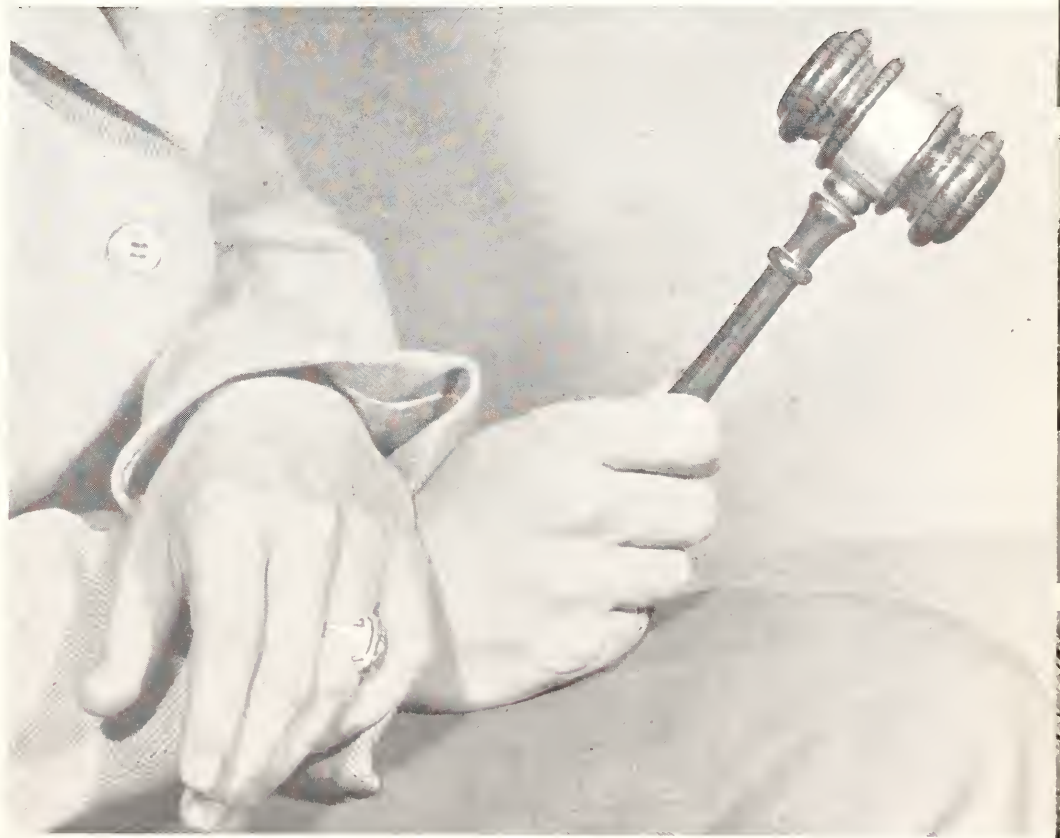

It Isn't All Work

Faculty members, those often unsung heroes and heroines of the classroom and laboratory, don't simply end their daily routine in an uneventful manner. Teas and banquets demand time, both as a guest and as a speaker. Occasionally the faculty members cut loose from the humdrum setting of books, Bunsen burners and blackboards to swing through a square dance or join for a muscle-stretching basketball game. Just as with the student, College life for the faculty isn't all work and no play.

Getting into the dizzy whirl of Kansas State social life, faculty members swing their partners in Anderson Hall's Rec Center.

Once a week throughout the year, the members meet to get acquainted and have an enjoyable evening.

ORGANI

THE greatest social influence in the college life of Joe K. Student probably comes from the organizations to which he belongs. And there are many of them. The first week of college affiliation is Rush Week; each fraternity and sorority is looking for the best candidates to pledge. After that it's four years living and working as a group. Soon follow the religious, honorary and all-College organizations; no matter what his interest Joe finds he can meet with fellows and girls with similar ones. Membership in some groups comes as an honor for high grades and achievement. However, in all of them, Joe finds the value of working together and a high esprit de corps. . . .

"... and the moonlight beams on the girl of my dreams, she's the sweetheart of Sigma Chi." Fifty-four voices blended

under the guiding hand of Dave Schneider to produce a first-place performance by the Sigma Chis at the Interfraternity Sing.

Sigma Chis Win Again

Everyone had a frog in his throat. Lemons were sucked and throat lozenges administered; but when throats were cleared for the last time, voices were somehow magically regained as sororities and fraternities vied for the Interfraternity Sing trophies.

The judges awarded first-place trophies to Sigma Chi and Kappa Delta. It was the second consecutive win for Sigma Chi. In the fraternity division second place went to Beta Theta Pi while Phi Delta Theta received third place. In the sorority competition members of Pi Beta Phi sang their way to second place.

Suspense, Surprise,

Wheels of progress turn as Delta Delta Delta actives put finishing touches on their Kountry Kapers rush week decorations.

Amid savage shrieks and beat of bongo drums, Frank Buck finds the Kappa Kappa Gamma maidens of the blue and blue.

ALMOST BEFORE the rushee's trunks were unpacked, fraternity and sorority rush was upon him. The Greeks rushed him through open houses, smokers and formal parties with one ultimate goal in mind—pledging.

Hundreds of ready smiles and open hands greeted the rushee as he stepped through the fraternity-crested doorway.

It is hard to believe that these fraternity men with the college look and the friendly smiles are the same plumbers, electricians and painters who prepared the house for rush week the week before.

During the hours spent at each house, rushees are entertained with card games, sports and informal "bull" sessions.

When rush week 1955 drew to a close, 342 men replaced their name cards with shining new pledge pins.

Rush week to the sorority members meant long feverish hours of work to produce skits and decorations for the rush parties. Even after the functions were over for the day, girls still rushed—answering the constantly ringing telephone, writing invitations and making name tags while they learned long lists of names.

In addition there were the all-night discussion sessions and those 2 a.m. song practices where snoring was more predominant than singing. But by the time the first rush group had arrived, the traces of tiredness had disappeared, replaced by eager anticipation.

rushees. The Heidi skit was evidently impressive since Alpha Delta Pi had more pledges than any other K-State sorority.

Joy Mark Rush Week

Eight sororities "took care of 300 little rushees" by entertaining them with 24 social functions. Entertainment themes ranged from rewritten fairy tales to slightly rearranged TV programs.

Skit costumes provided a wonderful opportunity to change the topic of conversation. Rushees were rushed by clowns, Southern belles, savages, angels and on one occasion the devil appeared to do his share of rushing.

Crowded rooms and glib conversation reached their climax the last night of rush week. Rushees and sorority members in billowing formals created an image of presents wrapped in assorted shades of tissue paper. And rushees felt like surprise packages — wondering where their bid would deliver them the next day.

After days of confusion and excitement, rush week concluded with solemn pledging ceremonies.

Sunny Southern smiles, flowery formals and large hats greet rushees at the Pi Beta Phis' Southern Mansion party.

Moving a new coed into Northwest hall takes the entire family as porters to carry the suitcases, hangers, boxes and bundles.

Some sorrow, but mostly happiness covers coeds' faces as bids are opened expectantly.

It's nearly all over, but the joy shows these coeds were accepted by their choice.

Grinning fraternity men treat their rushees to a glimpse of Kappa Kappa Gamma actives greeting their new pledges.

Lining the sidewalks and choking the streets, the watching visitors serve only as obstacles to the happy pledges.

Rush week was worth it after all as pleased members of Alpha Chi Omega pin pledge ribbons on their new members.

As the new Kappa Kappa Gamma pledges arrive at the house, shrieks of happiness release the pent-up tension of rush week.

"Spring has sprung, and fall has fell" which means clean-up preparation for rush week along sorority row.

At the TKE's Christmas party for orphans, Santa Claus seems to be the center of this delighted "believer's" attention.

Rush week was over, new pledges had moved in and begun to feel at home, but the busy hum of activity never stopped. Late "bull-sessions" gave birth to plans which later led to excited preparations culminating in the "big day." What was this "big day?" Whether it was Y-Orpheum, Homecoming, Founder's Day, initiation, the pledge project, the chariot races or the spring formal, busy hands found a job to do. One project followed another in the full calendar of events. Within the houses the activity was all there—from midnight spreads to Christmas serenading, from exchange dinners to faculty teas, from "rowdy nights" to study hall, from pledge duties to song practice, and then the exciting metamorphosis from pledge to active. The year was a busy one full of grumbling about rehearsals and practices, but full of jubilation and satisfaction when the job was well-done.

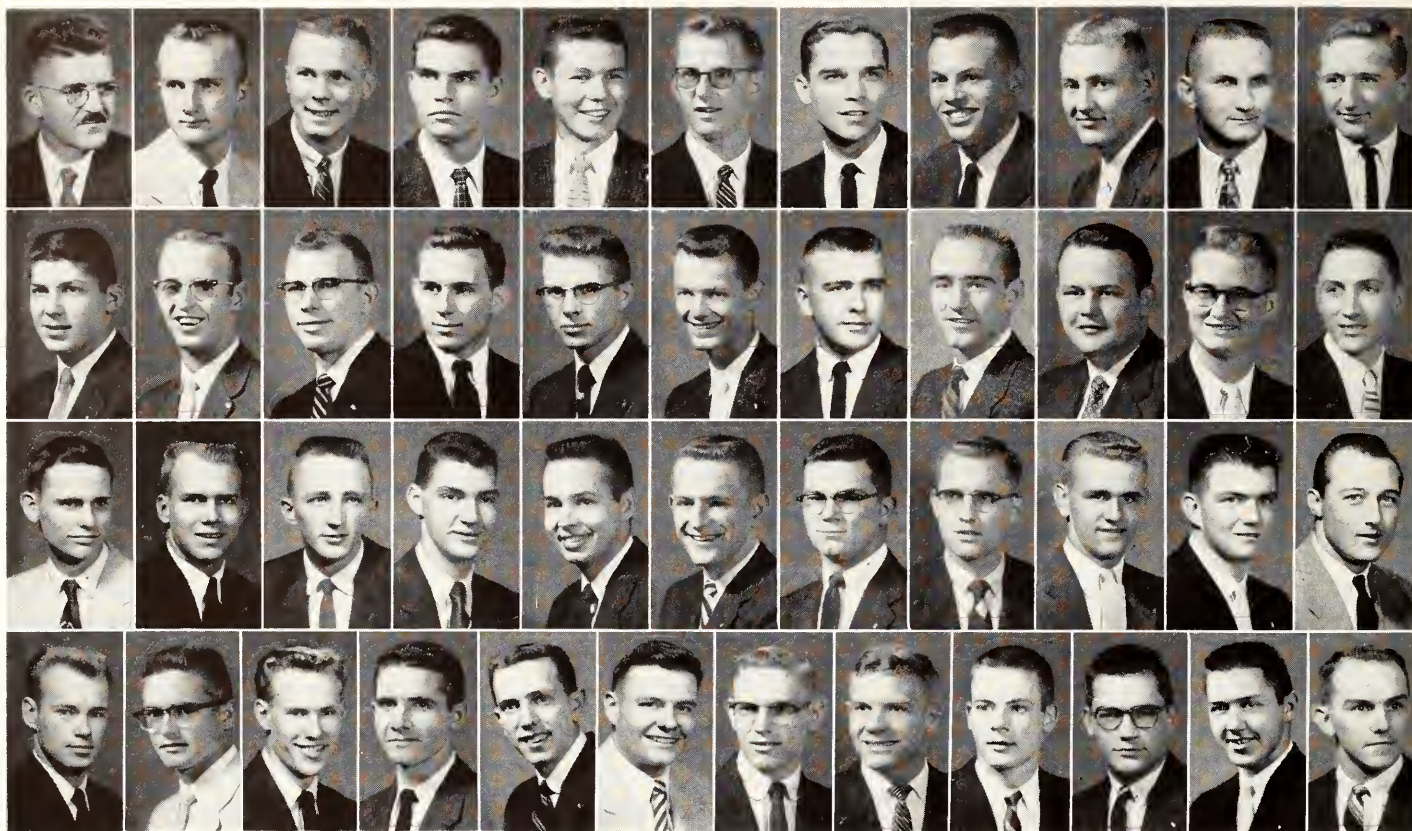

It may not be a three-minute car wash, but these Alpha Xi's seem to be giving an active's car the works.

PANHELLENIC COUNCIL—TOP ROW: Katherine Geyer, Corrine Crumbaker, Gaye Fryer, Martha DeGraff. SECOND ROW: Charlene Bell, Marjorie Hamon, Ruth Pickett, Avis Venburg. BOTTOM ROW: Eleanor Griffith, Kay Scott.

The big step forward in Greek life came this year from the Interfraternity Council with its outlawing of Hell Week among K-State fraternities. The vote was 20-2 in favor of the resolution to end such hazing.

Members of Panhellenic and the Interfraternity Council work in their respective groups to co-ordinate the Greek organizations on the campus. Homecoming decorations and the Interfraternity Sing are the two large yearly projects of the groups. In April, Kansas State was host to the Interfraternity Council and Panhellenic Big Seven Regional Conference. Representatives from 12 schools attended.

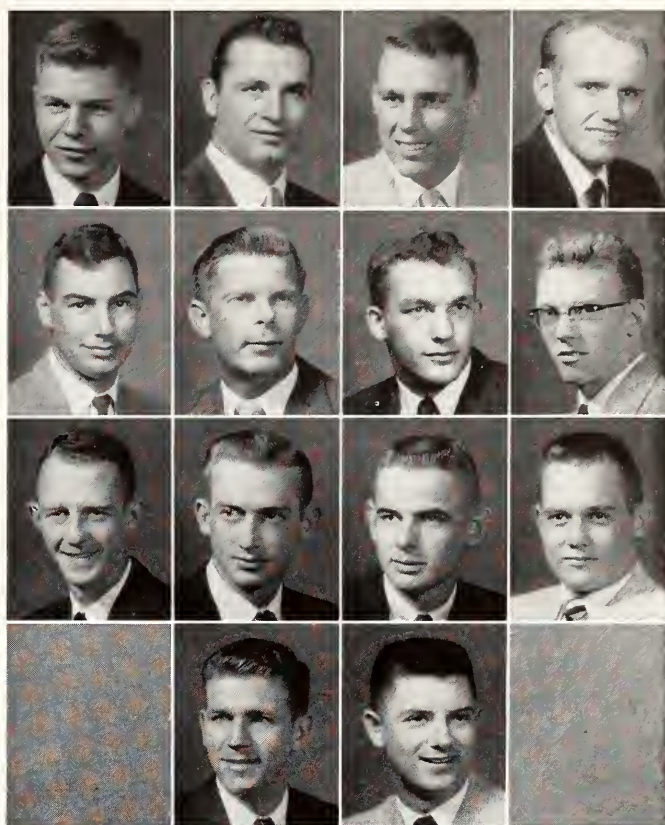

Interfraternity Council is composed of a junior and senior representative from each fraternity. In addition to its function as a co-ordinating body between fraternities, the IFC plans and supervises men's rush week, gives scholarship trophies to the outstanding pledge class and active chapter and this year the Council gave \$100 to help pay for two drinking fountains in the Student Union. Vergil Wright was president of IFC, and Prof. Vernon D. Foltz was faculty sponsor.

Panhellenic is responsible for regulating sorority affairs. Membership consists of a senior and junior representative and the president from each sorority. Panhellenic offers a scholarship to a freshman and sophomore girl of high scholastic standing and in need of financial aid. Each spring a tea is given for freshman and upperclass girls who are interested in attending rush week the next fall.

Other activities of Panhellenic include girls' rush week, writing a rush booklet and revising rush rules. To renew acquaintances after a summer vacation, as well as to strengthen relations, Panhellenic sponsors a picnic for all sorority women the day before rush week begins in the fall. Panhellenic president was Charlene Bell, and Katherine Geyer was faculty sponsor.

Independent Organized House Council promotes unity among the independent student houses and furthers independent student activities and campus activities. Representatives of the houses meet regularly to express their ideas concerning college affairs and to promote social activities. IOHC sponsored independent softball tournaments and Homecoming floats. Other activities included hour dances, picnics and a Valentine party. Louis Burmeister was president of the council and L. E. Fuller was faculty sponsor.

Business meetings and social events brought pledge representatives together in Interfraternity Pledge Council for discussion, hard work and promotion of good will among the fraternities and sororities. Each house elected a pledge representative to the council. The IPC plans special events and discusses any problems of fraternity members. Promoting activities of all fraternity pledges, developing better school spirit, and co-ordinating activities are the main purposes of IPC.

"Kiddieland," was the theme of the annual pledge dance in April. Alpha Chi Omega

Under the leadership of their president, Mary Ellen Douglass, members of Alpha Chi Omega worked on various projects, chief of which was making toys for children afflicted with cerebral palsy. In addition to their charity projects, social functions such as hour dances and picnics with fraternities were entered into by enthusiastic Alpha Chis. Two red-letter events were the "Shovelin' Inn" Christmas party and the Paradise Prom held in the spring. One of the highlights of the year for the Alpha Chis was seeing one of their members reigning as Ag Barnwarmer Queen.

Alpha Delta Pi

Weeks of rehearsal and planning won members of Alpha Delta Pi the first-place trophy in the 1956 Y-Orpheum, their second consecutive win. They also were awarded a national chapter efficiency award. The Christmas season brought song practice for the coeds who serenaded at the Fort Riley Army Hospital. Another special event during the year was a dinner at the house honoring foreign women students on campus. Two formals, a Christmas house party and a Halloween party sponsored by the pledges to surprise actives were festive occasions. President Delaine Smith presided over this year's activities.

Alpha Xi Delta

The true ambitions of many Alpha Xi Deltas came to the surface at the "Suppressed Desire" party given by the pledges. More serious occasions were the two annual formals, the Thanksgiving dinner and Founder's Day. Members participated actively in intramural competition and various campus activities. An Alpha Xi was president of Frog Club; one was a member of the Arts and Sciences Council and another was named ROYAL PURPLE queen. Alpha Xi Delta was represented in such honoraries as Mortar Board, Omicron Nu and Alpha Delta Theta. President Sue McDowell headed work on the Christmas project and on the Alpha Xi Delta national philanthropy.

Chi Omega

For the second consecutive year the hard work and ingenuity of the Chi Omegas won second-place in the Homecoming decorations. Bales of hay and Chi O's in gay chintz skirts with their denim-clad dates set the mood for the fall party, the Hay Hop. Other events on the social calendar included the Spring Formal, the Eleusinian Picnic and the annual faculty tea. On the campus members of Chi Omega were prominent in such activities as Orchesis, K-State Players, Angel Flight, Mortar Board and the K-State Singers. Chi Omega queens were numerous too. One was Flush Bowl queen, and another was attendant to the Homecoming queen. Co-ordinating the activities of the chapter was the duty of President Bonnie Lillard.

Clovia

Clovia celebrated its 25th anniversary this year. Founded at Kansas State College, there are now three national chapters. Each girl belongs to Collegiate 4-H and many are active in other campus organizations such as Mortar Board, YWCA and the Home Ec Council. One member won a trip to the National 4-H Congress, and another returned second semester from Finland where she was an IFYE. President Jeanice Blauer directed such events as the tea for Farm and Home Week and the annual Extension Conference tea. Social events included the "Crystal Ball" formal dinner dance and the "Sock Hop," an informal house party.

Delta Delta Delta

With a Cinderella theme of a fairy godmother changing Oklahoma football players from men to mice, members of Delta Delta Delta were awarded first place for Homecoming house decorations. After Rush Week, the Tri Delts tried something new by having the first sorority "Yell-in" held on campus. Christmas spirit prevailed as members entertained fraternities at an Eggnog Party, and a winter formal at the house was also held during December. Aside from social events, Tri Delts participated in campus activities and honoraries such as Mortar Board, Purple Pepsters and Alpha Delta Theta. Jan Hipple was president.

Sunday afternoon brings time to catch up on the week's sewing, studies or gossip at the Delta Delta Delta house.

Kappa Delta

It's a full house as Kappa Deltas and their dates discuss the weather, classes and someone else's date at a house party.

The year 1955 was a successful one for the Kappa Delta trophy collection as evidenced by the first-place trophy won in Interfraternity Sing, and the second-place trophy won in 1955 Y-Orpheum for its skit entitled "Strictly Collegiate." Charity-minded KD's adopted a needy family at Christmas and supported the Children's Hospital in Richmond, Va., which is their national philanthropy project. One of the KD's received the honor of being named the national Sweetheart of Tau Kappa Epsilon at the TKE convention in Kansas City. Joyce Larson was president.

Kappa Kappa Gamma

Burning the midnight oil paid off for members of Kappa Kappa Gamma as they were awarded the sorority scholarship first-place trophy in the spring of 1955. Not to be outdone by the active chapter, the pledge class also captured first in pledge competition. The Christmas season was ushered in by a party at the house for needy children in the local community. Pledges presented a Christmas house party, "Kappa Symphony." Individual members were active as Angel Flight commander, business manager of the ROYAL PURPLE and as members of the Union Program Council and Governing Board. Martha Helmers was chapter president.

Studies, magazines and letter writing are all a part of the day's activities for KKG, top sorority in scholarship.

Pi Beta Phi

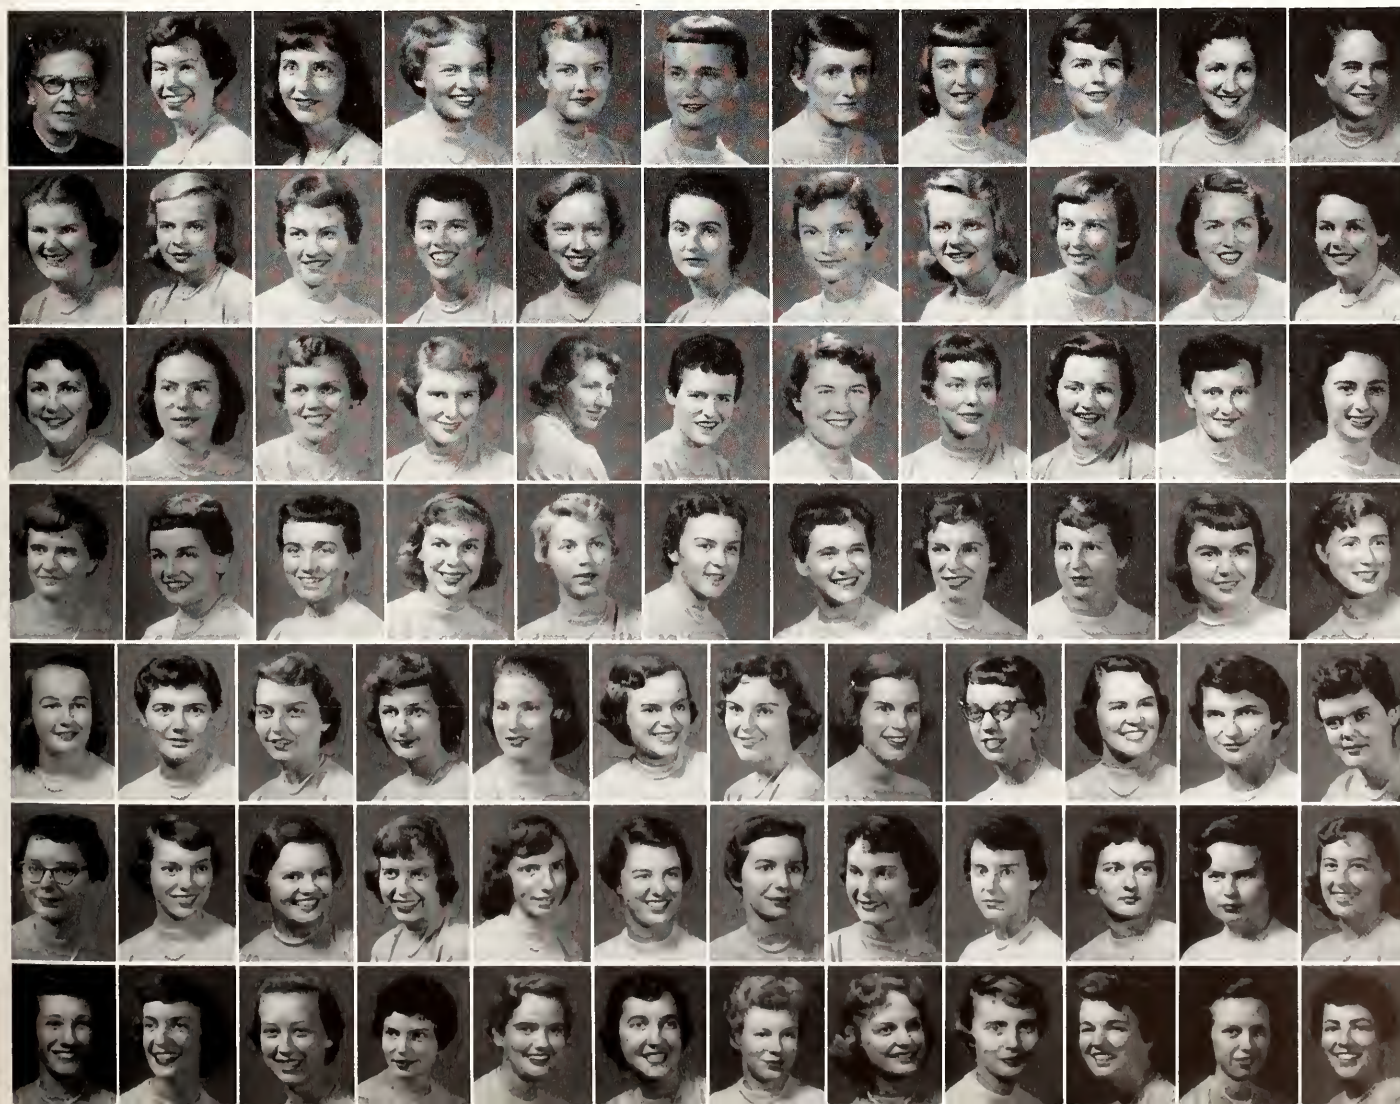

It's bubble gum, all-day suckers, pigtails and ball and jacks for Pi Phis and escorts at the annual Kiddie Party.

Interested in learning about people and their cultures, Pi Phis were the first KSC Greek group to sponsor a foreign student. Chiara Bini of Italy was their guest. Active on campus, Pi Phis have members in Chimes, Mortar Board, YWCA president and secretary, Student Council, and Collegian business manager. National and local pep club presidents and officers in many campus organizations are Pi Phis. First place in the campus Delta Sigma Rho speech contest went to a Pi Phi.

The Pi Phis had their share of queen winners; one was Homecoming Queen, one Military Ball queen and another was St. Patricia, attendant to RP Queen and K-State's representative to national Miss Football Contest. Mickey Ecord was president.

PI BETA PHI—TOP ROW: Mrs. Hope Price, Janis Anderson, Carol Antic, Sandra Arnold, Kay Aye, Carol Baker, Virginia Ballard, Connie Benjamin, Betty Bentz, Carol Bliss, Marcia Boyd. Chief Sitting Bull breaks loose with a war dance as Acacias and their dates look on during the Indian party.

Acacia

The ground-breaking ceremony for their new house started the year off right for Acacia members. The chapter here was chartered in 1913. Interested in campus affairs, Acacias were first vice-president of Young Republicans, FMOC attendant, IFC treasurer, IPC vice-president and special events director of KSDB-FM. Members of the fraternity were also members of Jr. AVMA, Klod and Kernel, 4-H and Promenaders. All parts of the K-State intramural program interested Acacias too. Members were kept busy with their social schedule, too. With their dates they sponsored the fall formal, the Indian party, the Hay Stomp, the Shorts party, the annual barbeque and the spring formal. Robert Jepson was president of the fraternity.

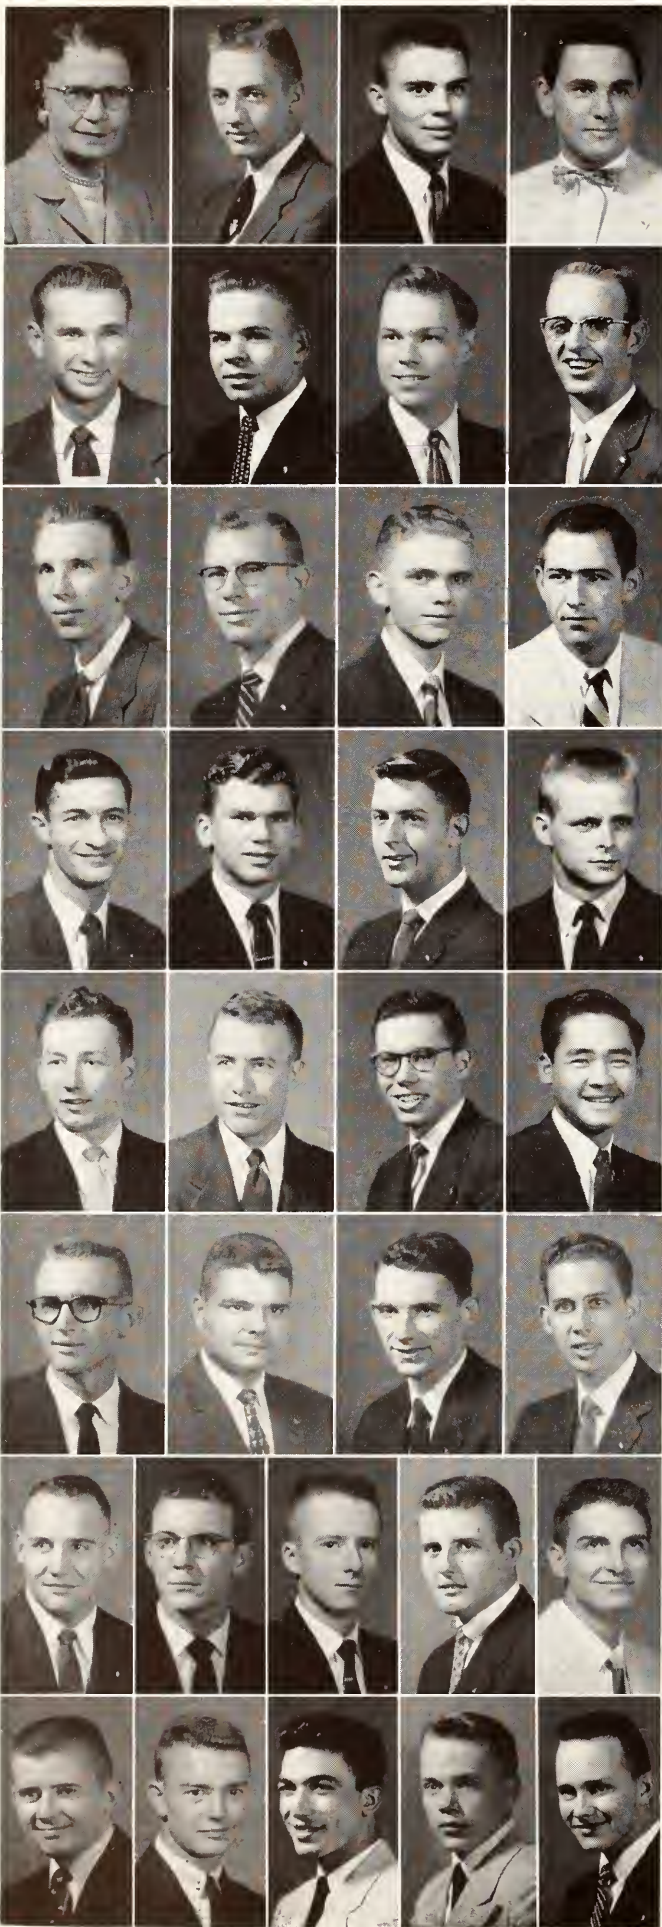

Alpha Gamma Rho

Ground-breaking ceremonies were the first step toward a new house for the AGRs. The house should be ready for occupation next fall. Participating in all intramural sports, the AGRs captured first place in softball. On the social side, the Pink Rose formal, the Sister-Sweetheart dance, the Roulette party, Christmas party and the spring picnic added sparkle to the year's calendar. AGRs were Student Council members, Blue Key members and an AGR was president of Collegiate 4-H. Alpha Gamma Rho, founded nationally in 1908, is the largest national fraternity for agriculture students. Mark Drake was president.

A bridge game in the evening draws more than one AGR kibitzer. Ground was broken this year for a new house.

ALPHA GAMMA RHO—TOP ROW: Mrs. Olive Kipfer, J. Brent Adair, John E. Anderson, Arnold P. Appleby, Clyde A. Armstrong, Joseph J. Bailey, Arthur E. Benson, Linus I. Berens, Billy D. Bower, John C. Strahm, Thomas H. Swearingen, Richard B. Talbot, William L. Tilgner, Theraen L. Towns, Harold H. Van Horn, Ralph B. Waite, Fred D. Wingert, Gary G. Yeakley.

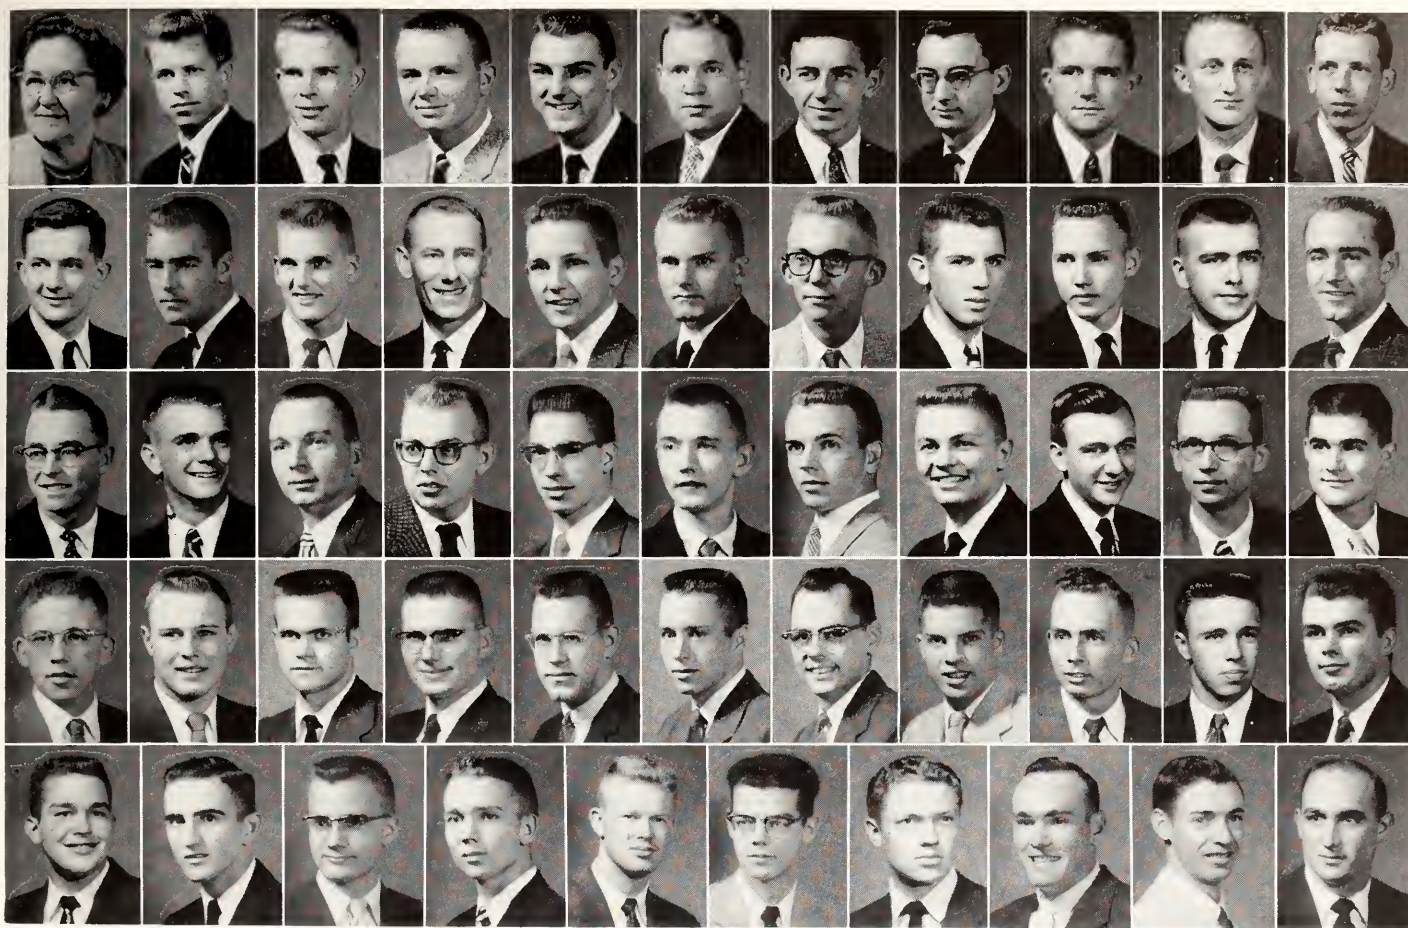

The chapter scrapbook, a television program or a quick song on the piano—all pose interesting pastimes for the AKLs.

Alpha Kappa Lambda

Alpha Kappa Lambda, founded nationally in 1914, has grown to 16 chapters, three of which are in Kansas. The AKLs had a variety of social events on their calendar last year beginning with the Mardi Gras party in the fall. The House of Blue Lights party with the Beta Sigs, a formal with the Beta Sigs and the 1834 Club, plus hour dances, picnics, exchange dinners, house parties and exchange breakfasts kept the AKLs busy. Active in athletics, the group participated in all intramural sports that were offered. Bob Wilson was president.

ALPHA KAPPA LAMBDA—TOP ROW: Mrs. Walter B. Granger, James T. Bonner, Marlon L. Brack, Daniel B. Chajuss. SECOND ROW: Gaylord J. Chizek, Don E. Croy, Larry L. Fager, Larry E. French. Wirtz, Fred H. Woodbury, Merlin W. Worchester, W. Bruce Wren.

Alpha Tau Omega

Alpha Tau Omega's major achievement this year was a new 34-man house addition. Building and moving-in was completed in March. Since then the boys have been enjoying a new recreation room, dining hall and several new study rooms. The White Tea Rose ball, Western party, Christmas house party and the Blackfoot-White-foot formal with Sigma Nu topped the social calendar for the year. Adding a plaque to the ATO collection, one member placed first in the men's division of the Delta Sigma Rho speech contest. The ATOs were presented with the third-place 1955 Y-Orpheum trophy. Eugene Grabs, president, headed the officer list.

ATOs, active on campus, belong to Block and Bridle, Arnold Air Society, Scabbard and Blade, Ag Econ Club, Young Republicans and A Cappella. President of the Psychology club is an ATO. Three ATOs are members of Alpha Zeta, and one is on Ag Council.

A week-end dance for rushees at the Alpha Tau Omega house gives the K-State prospects a view of college activity.

BETA SIGMA PSI—TOP ROW: Mrs. Elizabeth Seaton, Franklin A. Ahrens, Richard H. Bartel, Gerald E. Bennett, Kenneth W. Blase, Delwin L. Bokelman, James S. Bowers, James E. Boyd, Donald K. Brinkman, James E. Brown, Terry L. Bruce. SECOND ROW: Eldon C. Buss, Ted M. Carney, Carl W. Dietz, Walter H. Dietz, Larry R. Edwards, Howard H. Erickson, Maynard N. Esau, Leon L. Fick, Harold H. Holl, Richard C. Froberg. THIRD ROW: Keith W. Janne, Elmer L. Karstensen, Carl Kemplin, Richard W. Kohlschreiber, Donald J. Kozisek, Henry E. Kramer, Arthur H. Kranz, Leroy W. Luedders, Gerald D. Manchester, Vernon O. Meinert, Raleigh H. Meyer, Dean A. Nehrig. BOTTOM ROW: Leslie A. Olsen, Gerald G. Pebst, James W. Raffety, Robert W. Raffety, Fred O. Saenger, Norman L. Sawyer, Walter C. Schmid, Robert H. Schumann, James L. Smith, Rylon R. Thiemert.

Beta Sigma Psi

K-State's Beta Sigma Psi chapter, founded in 1951, was named the outstanding national chapter of Beta Sigma Psi. The presidents of the Lutheran Students Association, Wampus Cats and Gamma Delta were all Beta Sigs.

Spotlighting social events this year were the House of Blue Lights dance, the Christmas party and the spring formal. The Beta Sigs also donned old togs, grew beards and left their shoes at home for the Hobo party. The fraternity was headed this year by Walter Dietz, president.

The 45 Beta Sigs have such activities as Alpha Kappa Psi, Alpha Zeta, Sigma Tau, Steel Ring and Jr. AVMA. The chairman of the Parent's Day Committee for Student Council was a Beta Sig. Beta Sigs participated in all intramurals and won their division in football. Last spring, they placed second in the fraternity division in softball.

Beta Sigs were busy in the Mock Political convention. Representing Arkansas, they joined the Southern states bloc and backed Lyndon B. Johnson for president.

Bridge games demand the attention of Beta Sigs following supper while others find relaxation reading the evening paper.

Beta Theta Pi

"It took a lot of work, but it was worth it," comment the Betas admiring the No. 1 trophy for Homecoming decorations.

Badly beaten Sooners riding on a ferris wheel won first place for Beta Theta Pi in Homecoming decorations. Varsity athletics attracted several Betas for basketball, football and track. The Betas also participated in all intramurals and won first in volleyball. Presidents of Steel Ring, Sigma Tau and Arnold Air Society were all Betas, and other members were president of the senior class and members of Blue Key, Student Council, Alpha Zeta and Alpha Mu honoraries. Betas placed second among the fraternities in scholarship for the fall semester. Social events included the Miami Triad, Beta Pig Formal and Li'l Abner party. Don Upson was president for the fall semester.

BETA THETA PI—TOP ROW: Mrs. Merle D. Byers, Donald P. Adee, Bill Amstein, George W. Atkeson, Paul R. Attwater, W. Lawrence Atzenweiler, Thurston E. Banks, George W. Bemis, William C. Bowman, Richard D. Boyd, Robert A. Boyd. SECOND ROW: H. Russell Bradley, Jerome H. Bray, Leslie P. Brown, Charles L. Burgat, David M. Carlson, Donald R. Carlson, Thomas P. Conlon, Robert N. Gordon Rieg, Gary B. Rogers, William M. Rosenberger, Charles F. Scholer, G. Rhea Serpan, William E. Simpson, Dean A. Skaer, James D. Smith. BOTTOM ROW: Michael R. Smith, L. William Stolzer, Richard Stone, H. Lee Teaford, Donald V. Upson, Kenneth A. Van Sickle, Hayes Walker III, Phil Weaver, Gene D. Westhusing, Richard W. Wilbur, Phillip A. Wright, George J. Yapp.

Delta Sigma Phi

"Play the right card," says her partner as the other players wait expectantly at a Delta Sigma Phi open house.

Donning working duds, the Delta Sigs cleaned Sunset Park as a house project. Living for the first year in their newly remodeled house, the 60 members of Delta Sigma Phi were active in Sigma Tau, Alpha Phi Omega, Steel Ring, American Chemical Society, Newman Club, Arnold Air Society and Student Council. Founders Day formal, Carnation formal and the Sailors Ball were some of the Delta Sig social events of the fall calendar, and the Apache party was a bright spot on the spring schedule. The K-State chapter, founded in 1925, was led this year by James Hockensmith.

DELTA SIGMA PHI—TOP ROW: Mrs. Paul F. Smith, John R. Balaun, Mark F. Bence, Gary S. Blum, Arlo G. Bonar, Roe E. Borsdorf, Melvin L. Brose, Robert L. Cole, James W. Conboy, John R. Coupe. Delta Tau Delta

Stressing higher grades, Delts brought their grade average, in one semester, from 19th to 4th place among the K-State fraternities. Delts served as student body president, program director for the Student Union, a member of the Board of Student Publications and president of IFC. The scholastic-minded Delts had two members in Blue Key. Others were members of Alpha Mu, Alpha Zeta and Sigma Tau. Delts participated in all intramurals and won first in swimming. Social life included a fall paddle party, George Washington birthday party, barbecue and Rainbow ball. President for the fall semester was Stuart Hazard.

An essay contest at a Delt party brings several answers on "How I plan to make my first million" from the boys and dates.

DELTA TAU DELTA—TOP ROW: Mrs. Fred Coulson, Richard L. Adelson, Douglas T. Ayres, Larry C. Ball, Winston J. Barr, Dwight E. Bennett, William H. Brethour, Donald A. Bowers, Melvin L. Burdorf, James H. Carpenter, Carl E. Collingwood, David W. Craig. SECOND ROW: Elmer G. Davis, Fredrick G. Day, Michael Dole, Ronald J. Francis, Bob F. Frank, Marvin L. Giersch, Edward L. Gillette, Jay A. Yerkes, Phillip A. Young, Curt O. Zeigler.

Delta Upsilon

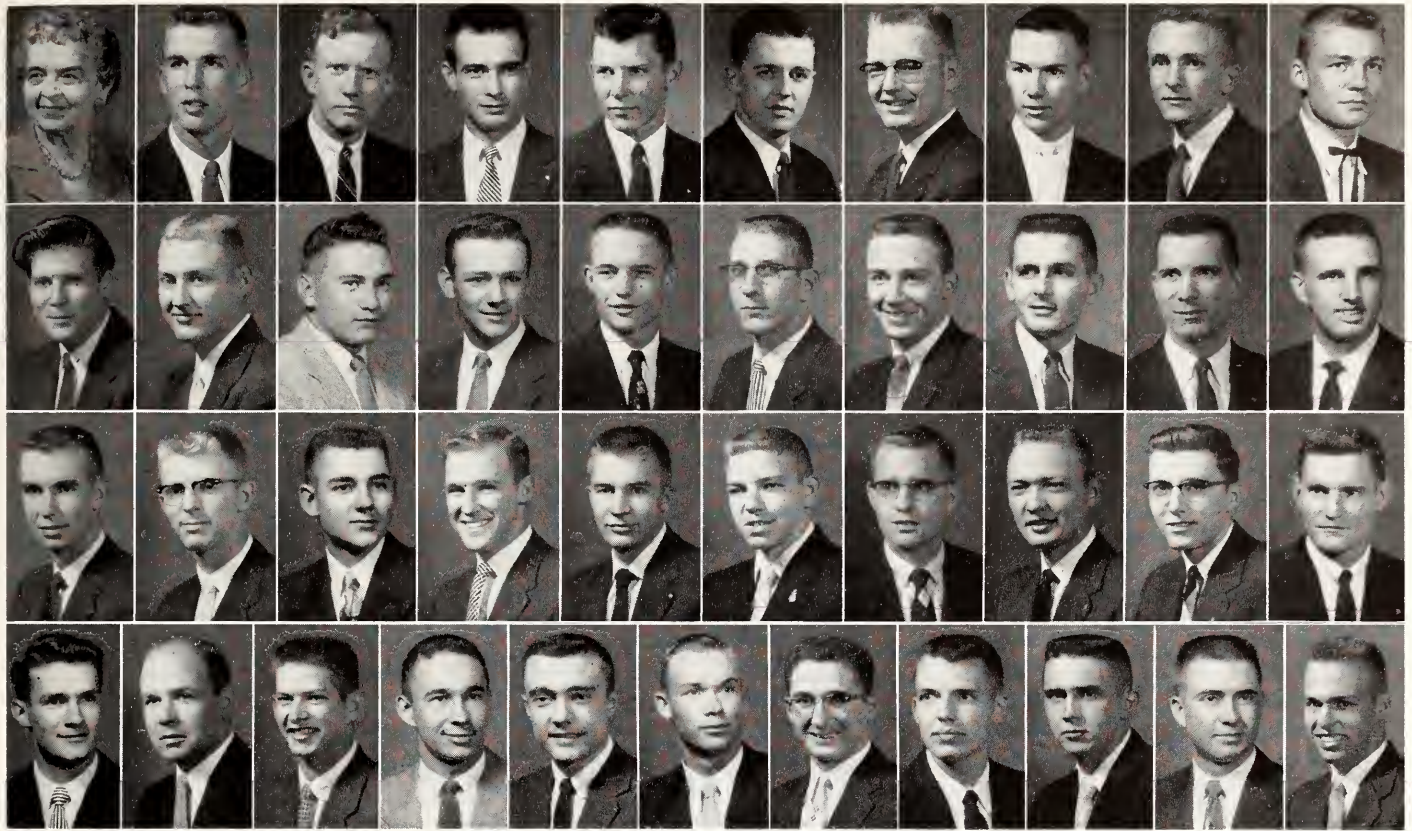

Delta Upsilon's colony at K-State, the 1834 Club, accomplished a good deal in its first year. When the time came for the K-State coeds to select their Favorite Man On Campus, one of the group was chosen. In Homecoming decorations competition, the 1834 Club placed second. Headed by Melvin Baughman, members of the Club made their presence felt in campus activities. Members were selected as chairman executive of the Mock Political Convention, president of the Political Science Club, and as a Distinguished Military Student. Hay rack rides, a Christmas party, a spring formal and the First Founder's Day Banquet were a part of the group's social activities.

1834 CLUB (DELTA UPSILON)—TOP ROW: Mrs. Grace Ballweg, Calvin K. Adams, Kermit E. Adelgren, Henry L. Andrade. SECOND ROW: James D. Barber, Melvin E. Baughman, Gary M. Boelling, Joseph A. Burns Jr. THIRD ROW: Gary D. Conner, R. Nathan Greene, C. Eugene Gustafson, Bill A. Helvey. FOURTH ROW: Donald L. Kearns, Robert D. Kidd, Gary C. Labarre, Glen E. Lewallen. FIFTH ROW: Fredrick T. Withers, Ray A. Zimmerman.

Farm House

Farm House placed first in fraternity grade averages this year for the fifth consecutive semester. The Farm House members not only excelled in the brain division, but had representatives in the political field as well. One was a Tribunal member, another a Student Council representative and another president of the Ag Council. Farm House also had a FMOC attendant. Early in the second semester, members dedicated their new house, which was built and furnished at a cost of \$150,000. The ranch-style house will accommodate 56 men in two dorms, and has 28 three-man study rooms. The buff-colored brick building includes a living room, dining room, chapter room and recreation room. Members moved into their new home before the furniture arrived, but the building is now completely furnished.

The living and dining parts of the house are in one half of the house, while the dorms and study room are completely separated in another wing.

A chicken barbecue, a Christmas party, a Western

party and the Star and Crescent formal entertained Farm House guests. A special Christmas party for underprivileged children is a yearly project for the house. Farm House president was Stanley Larson.

An hour dance at the old Farm House provides an evening's entertainment and relaxation before study hours roll around.

Kappa Sigma

The word "Manhattan," in rocks on Bluemont hill, was given a coat of paint by the active chapter of Kappa Sigma, which has also been asked to paint the historical room in the city museum. Directing the K-State hour on television was a Kappa Sig, while others were president of Scabbard and Blade, editor of the *Engineer Mag* and second-semester president of IFC. Kappa Sigs were members of Steel Ring, Alpha Zeta, Alpha Kappa Psi, Sigma Gamma Epsilon, Alpha Epsilon Rho, Delta Phi Delta, Tau Sigma Delta and Pi Tau Sigma. Socially, Kappa Sigs and their dates revived the roaring 20s for their annual Red Dog costume ball. Other parties were the Christmas formal and Black-and-White formal.

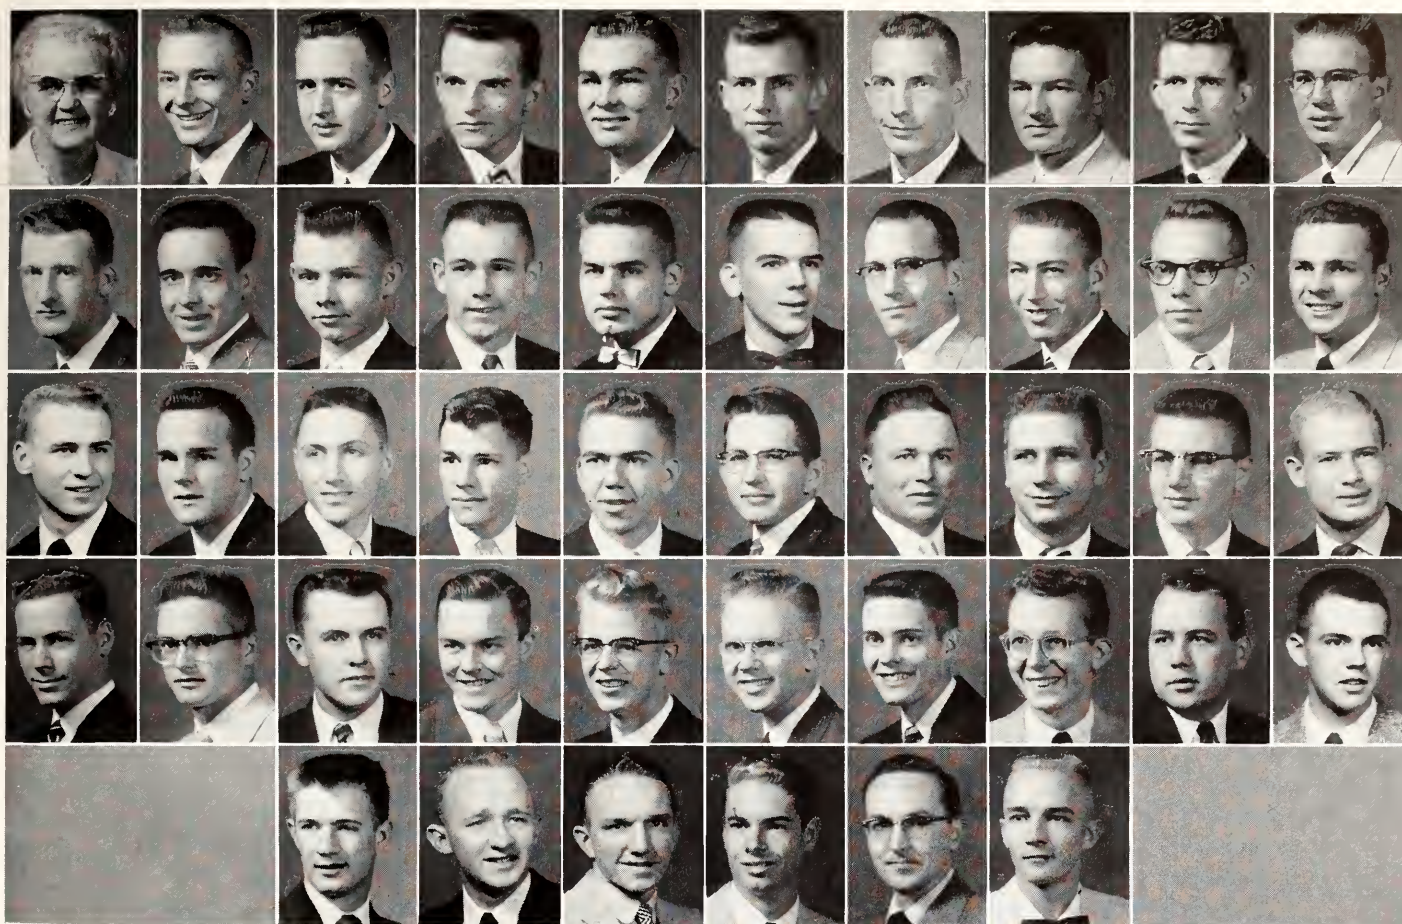

Jack Scott was president for the fall semester.

A coke by candlelight or jitterbugging to a fast rock and roll tune keep Kappa Sigs and dates entertained at an hour dance.

KAPPA SIGMA—TOP ROW: Mrs. Verne Sibley, Lorraine D. Blume, Charles D. Callahan, James W. Carlson, Gary A. Cassetty, Dale O. Coonrod, Donald E. Dailey, Jack E. Downing, Eugene E. Dressler, Jon A. "But what about Harbaugh's test in biology?" seems to be the question at an exchange dinner at Lambda Chi Alpha house.

Lambda Chi Alpha

The K-State chapter of Lambda Chi Alpha won a first-place trophy for its chapter Newsletter, which was entered in national competition with all other Lambda Chi chapters. Outstanding campus leaders from the Lambda Chi house included president of the Union Governing Board, president of Pi Tau Sigma, and chairman of the Student Union Games Committee. The Lambda Chis captured first place with their Homecoming float using the theme "Trojan Cat." Social events that livened the school routine were the Crescent Ball, the White Rose formal, the Suppressed Desire party and a Christmas party for underprivileged children. Peter Patchin was president.

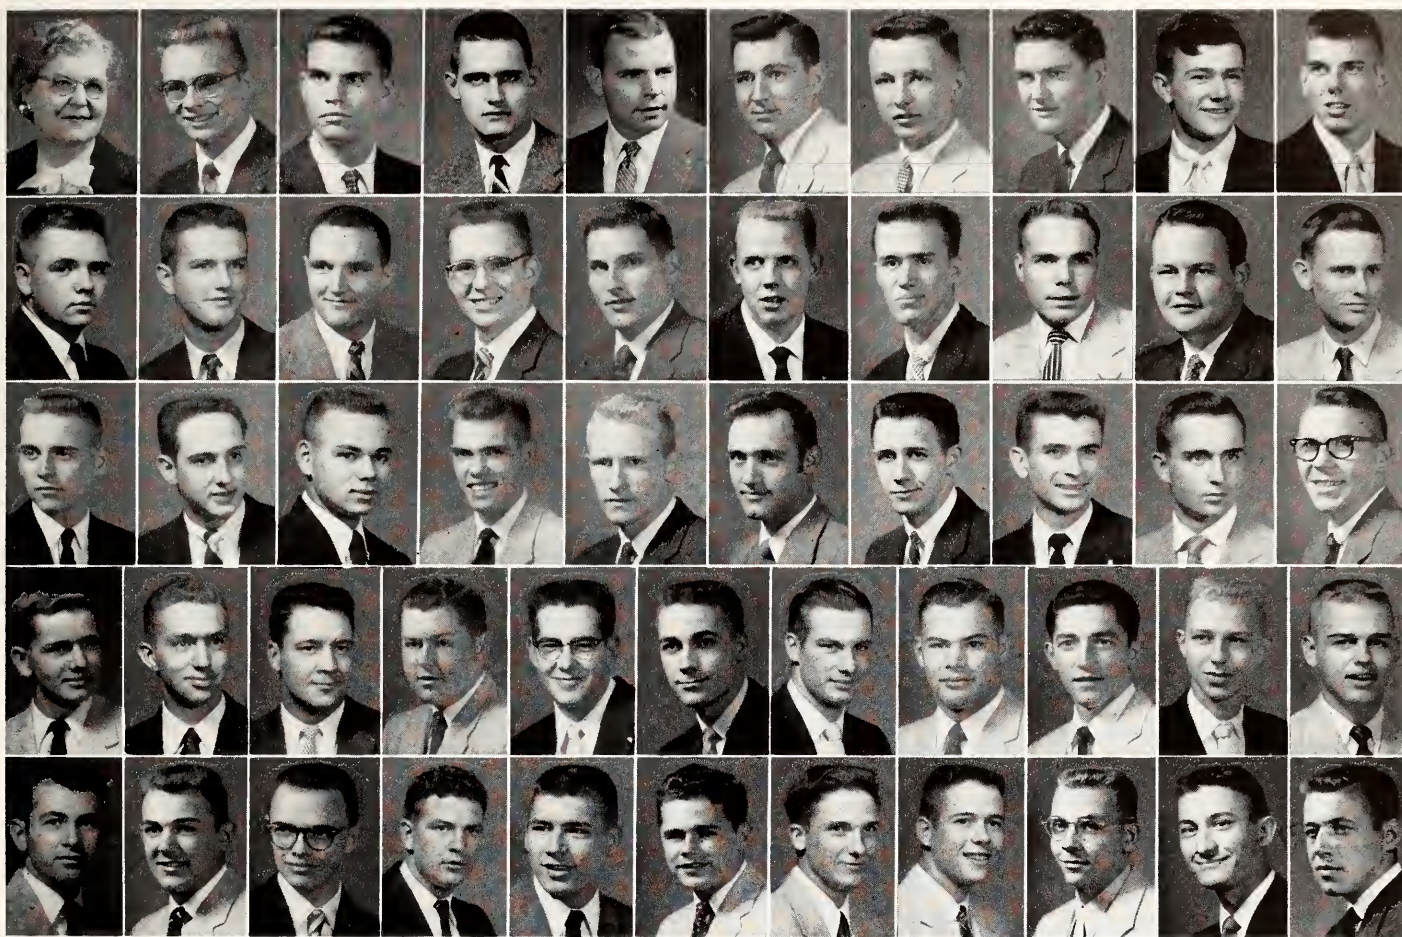

Phi Delta Theta

Three years ago Phi Delta Theta tried something new to this campus—a pledge yell-in. Since that time it has become a tradition with the fraternity, and other houses have taken up the custom. In addition to taking part in all intramural sports, Phi Delts were active in Blue Key, Student Council, Tribunal, Ag Council, Arts and Sciences Council, Steel Ring, the Rifle team and Sigma Gamma Epsilon. Important social events for every Phi Delt were the Miami Triad, Tri-Phi, She Delta Theta, the spring formal and the Flush Bowl game with the Sig Alphas. One Phi Delt spent a semester in Germany as a foreign exchange student. Richard Robertson was Phi Delt president.

Phi Kappa

Phi Kappa was founded at Brown University in 1889 and the Iota chapter at KSC was chartered in 1921. The activity-minded Phi Kaps are represented in Alpha Kappa Psi, Pershing Rifles and Jr. AVMA, Scabbard and Blade, Newman Club and Arnold Air Society. The Phi Kaps participated in all intramural sports this year. To complete the Phi Kap social calendar these boys go 50-50 with Acacia for their spring formal. A Christmas party and a spring formal head the "things Phi Kaps have done" list. Tom Quint acted as president.

Pledges on campus picked Mike Esterl as their pledge king for the yearly IPC dance. Recently elected president and treasurer of the Newman club were Phi Kaps. Members of the fraternity were busy working on plans for the Mock Political convention at K-State in April. Phi Kappa is a fraternity for Catholic men.

The Phi Kap dining room is transformed into a study hall—used for absorbing knowledge . . . or for a short snooze.

"Step heartily, matey," instructs a Phi Kappa Tau pirate as his date is given the usual torture at the Buccaneers Ball.

Phi Kappa Tau

Dressed as dashing pirates, Phi Kappa Taus and their dates attended a Buccaneers Ball in February. A more dignified occasion was the Founder's Day formal on March 17 as the Phi Kappa Tau chapter at K-State celebrated its 50th anniversary this year. The entire fraternity sang at the Manhattan Minstrel show presented at the Manhattan High School and received a plaque for this work. Phi Kappa Taus are active in Newman Club, AICHE, and Alpha Kappa Psi. Howard Falick was the Phi Kappa Tau candidate for FMOC. Members of Phi Kappa Tau formed the Utah delegation for the Mock Political convention. Boasting a membership increase of five over last year, the Phi Kappa Taus elected Mark H. Hooper as their fall semester president.

Pi Kappa Alpha

An impromptu drum solo distracts Pi Kappa Alpha music lovers from their books for a brief jam session.

Plans for a new house seemed to be one of Pi Kappa Alpha's main interests this year. Next in line of interest were the many fraternity social events. The Cornjigger, the Duad and the Dixie Ball at which the PiKA sweetheart was crowned kept PiKAs busy. The K-State chapter was founded in 1913, and its 75 members keep occupied with campus activities of every variety. PiKA took second place in the intramural volleyball tourney and first in tennis singles. Royalty was added to the house with an attendant to the FMOC. PiKAs were also members of Scabbard and Blade, YMCA, Young Republicans, American Institute of Architects and the Business Students Association. Roger Bruton was president of the house.

Sigma Alpha Epsilon

The Sig Alphas cleaned up in intramurals by winning the all-year trophy in 1955 for the third consecutive year. As a project for next year, the SAEs are giving a scholarship to K-State to a Korean youth. Outstanding Sig Alphas served as chancellor of the Tribunal and President of Blue Key, Student Council representative. Another SAE had the top grade average among K-State athletes, and one was photographer for the *ROYAL PURPLE* and the *Collegian* and was a member of the Board of Student Publications. The Bowery Party, Belle Ball, spring formal, Founder's Day Banquet and the Island party were the calendar bright spots for the SAEs.

William Sinderson was president.

Sigma Chi

The Sigma Chis captured the first-place trophy for the 1955 Interfraternity Sing. They are also sports enthusiasts, winning first place in intramural volley ball and second place in football. Sigma Chi has representatives in many and varied campus activities—Student Council, Blue Key, Engineering Council and the Student Union Governing Board. Third-place trophy went to the Sigma Chis for their Homecoming decorations. The Pajama party, the Miami Triad and the Sweetheart Ball are annual Sigma Chi events. John Watt was president.

Sigma Nu

Sigma Nu, the second national fraternity to be established on the K-State campus, built two baseball backstops for Manhattan during national Sigma Nu service week. The Sigma Nus also had a Christmas party for the underprivileged children of Manhattan. Sigma Nus entertained their dates at the White Rose formal, the Blackfoot-Whitefoot with the Alpha Tau Omegas and at the Hawaiian party. The captain of the 1955 K-State football team was a Sigma Nu. Heading the Sigma Nu house was Norman Dawson, commander.

Additional activities for the Sigma Nus included winning their division in volleyball. Sigma Nus are members of the varsity debate squad, Sigma Tau, Band, A Cappella, K-State Players, Pi Tau Sigma, Alpha Kappa Psi, Sigma Gamma Epsilon, Business Students Association, AIEE, Jr. AVMA and Pershing Rifles.

"See ya later alligator," says the Sigma Nu mascot, but until he grows, a gentle tug on the tail keeps him in check.

Sigma Phi Epsilon

Sports-minded Sig Eps captured the intramural championship in touch football for the fourth consecutive year. They contributed 100 per cent to the Sigma Phi Epsilon camp for underprivileged boys and were presented an award from their national organization for the largest attendance at the Sig Ep national conclave in Cincinnati. Sig Eps were active in campus as well as chapter affairs. Fall brought out the boots, plaid shirts and wide brimmed hats for the Western party, and Sig Ep dates sported sarongs for the Hawaiian party in the spring. Other social events of the year were the Duad with Pi Kappa Alpha, the Paddle Party where each pledge got to swat his pledge father with a paddle, and the crowning event of the year, the Golden Heart Ball. Dean Becker was president.

The top social event of the year for the Sigma Phi Epsilons is the Golden Heart Ball held at Pottorf Hall.

Tau Kappa Epsilon

Dedication of a new wing to their house was a social high point for the TKEs this year. The TKE national president and many alumni attended the formal dedication at Homecoming. Other social activities for the TKEs were the Red Carnation ball, Corral party, Founder's Day party and Christmas party for Manhattan orphans. Varsity gymnastics, track, debate and the Student Council all boasted TKE members. Honoraries for TKEs included Steel Ring, Sigma Tau, Arnold Air Society, Eta Kappa Nu, Phi Epsilon Kappa, Phi Lambda Upsilon, Scabbard and Blade, and Delta Sigma Rho. In intramurals the TKEs won the singles ping pong championship. President for the first semester was Dale Misak.

Theta Xi

"Something new has been added" is a comment often heard as people pass the Theta Xi house. The Theta Xis found many uses for their new front porch addition this year—extra space for card games, study in nice weather, and even an occasional quick sun bath. One Theta Xi was president of Steel Ring, and another was president of Scabbard and Blade, proving that Theta Xis are active on campus. The local chapter of 34 members was chartered in 1931. Theta Xis participated in many intramural sports last year, among them swimming, horseshoes, touch football, hand ball, tennis and basketball. Hayrack rides, a Christmas semi-formal, a spring formal and the Tuffy Strut headed the social calendar for this fraternity. Donald Hamilton was president of the house.

Theta Xi national presented the local organization a third-place trophy for general, over-all improvement of their chapter. Next fall, Theta Xi will be planning a large 25th anniversary celebration. Alums and national officers will be invited.

Members of Theta Xi are on the freshman and varsity track squads and baseball team, and the president of Wampus Cats is a Theta Xi.

Theta Xis and their dates jazz it up at the Tuffy Strut, the once-a-year blow-out for the denizens of the underworld.

The bright-colored living room at Northwest Hall provides a setting for a "gab" session before tennis or studies.

Northwest Hall

Northwest Hall faces its "sister" dorm, Southeast Hall, across an expanse of tree-shaded lawn. This residence hall is for freshman girls and often is the point of "first impressions" of Kansas State for 227 coeds. Many campus celebrities reside here, including two Homecoming queen attendants, the president, secretary and treasurer of Whi-Purs, freshman pep club, an honorary ROTC cadet colonel, and dorm counselors in Mortar Board and Chimes.

NORTHWEST HALL—TOP ROW: Director Virginia Smith, Janice Albers, Carolee Alexander, Karen Andrews, Nancy Andrick, Ann Anset, Sandra Arnold, Elaine Arnote, Marjorie Badeker, Carolee Baertch, Mary Ballard, Marion Barr, Lenore Beamer. SECOND ROW: Connie Benjamin, Shirley Benteman, Karen Binns, Julianne Bird, Catherine Blanford, Varena Blattmer, Nancy Bobbitt, Norma Bollinger, Ruth Ann Bott, Marcia Boyd, Karen Boyington, Barbara Brandyberry, Betty Britton. THIRD ROW: Nyla Bryan, Peggy Bunyan, Dorothy Byler, Kay Chamness, Carolyn Chappell, Charlotte Chastain, Janice Cheatham, Anna Chilcott, Carol Cilek, Sally Coleman, Marilyn Coleman, Jackie Commerford, Sondra Cool. FOURTH ROW: Carol Cooper, Lois Corke, Dorothy Crotinger, Margaret Crouch, Sandra Culver, Peggy Daniels, Patricia Darg, Ilene Davey, Jayne Davis, Barbara DeLange, Patricia DeLange, Arrilla Delp, Emma Douglass. FIFTH ROW: Rae Dressler, Janet Easson, Carolyn Eby, Johnnie Eder, Eldora Edgerton, Margaret Edwards, Ardis Ellis, Peggy Emel, Betty Emery, Helen English, Kay Eplee, Louise Fager, Arlene Fehlman. BOTTOM ROW: Orville Fergus, Cynthia Fisher, Judy Fisher, Mary Fitzgerald, Jean Flora, Shirley Fooshee, Lois Force, Jane Franz, Dee French, Janice Frick, Verlene Frick, Geraldine Fritz, Carol Fulk.

Upper-class coeds act as counselors for each corridor in the hall. With their help the girls assumed much of the responsibility for conduct of student affairs in the hall. These council groups have shown special interest in developing and maintaining a good scholastic record for their groups. Special activities of the year carried out by the girls included Open House, faculty tea, coffee hours, hour dances, Christmas "Mistletoe Magic" dance, and Valentine's "Queen of Hearts Ball," at which a queen was chosen.

Eating ranks high with the girls at Northwest, as with everybody. Special dinners, some dress, some for-

mal, included Thanksgiving, Christmas and Smorgasbord. The girls are active participants in tennis, swimming, table tennis and softball intramurals. They placed third in the volleyball tournament. Domestic duties are sprinkled in with scholastic efforts. Laundry facilities are used almost constantly at Northwest. The basement laundry room is equipped with two washers, four dryers and six ironing boards. There are small laundry rooms on each floor with washer, dryer and ironing board. Social rooms on each floor present an opportunity for the girls to relax from schoolwork or housework.

Card tables are provided for bridge players, or the beginners who often seem to pick up the game during final week. A kitchenette in each social room supplies facilities for cooking or other preparations for refreshments and snacks. Corridor parties put heavy demands on the much-used social rooms.

"Pat? You have a caller," says the pleasant-voiced switchboard operator through the "teletalk." Each coed has an intercom, or teletalk, in her room. The only time the switchboard isn't buzzing and busy is from 8 p.m. to 10 p.m. on week nights—"study hours, sorry, no calls."

Patsy McClenahan was dorm president, and Virginia Smith, residence hall director. Mrs. Harold Summers was assistant director.

"Please limit your call to 10 minutes, or may I take a message," keeps the phone operator at Northwest Hall busy.

A short chat between dates offers a pause from dancing at the annual Southeast Christmas formal "Reflections in the Snow."

Southeast Hall

Stars shining in blue lights lent atmosphere for the Southeast Hall Christmas formal, "Reflections in the Snow," December 2. The 228 freshmen women and their escorts entered the ball over a white, arching bridge. The group sang carols after the dance. The residents were as shining as their Christmas stars, in campus activities, that is. Among those living at Southeast were the Ag Barnwarmer queen, a Homecoming attendant, members of Whi-Purs and YWCA.

The girls were hostesses at Open House, an interdorm picnic and the faculty tea. Their big dress dinners of the year included Thanksgiving and Christmas feasts. In addition to these events, the girls entertained at after-game teas and hour dances during the year.

Much hard work was put in the Southeast Homecoming decorations, and the girls won third place in women's house decorations. "Sooner or Later We'll Ring Up a Win" was their slogan. An enormous cash register "cashed in" for the Wildcats. The drawer opened and a Wildcat jumped out as a bell rang up another win.

The girls made use of their new television set in their

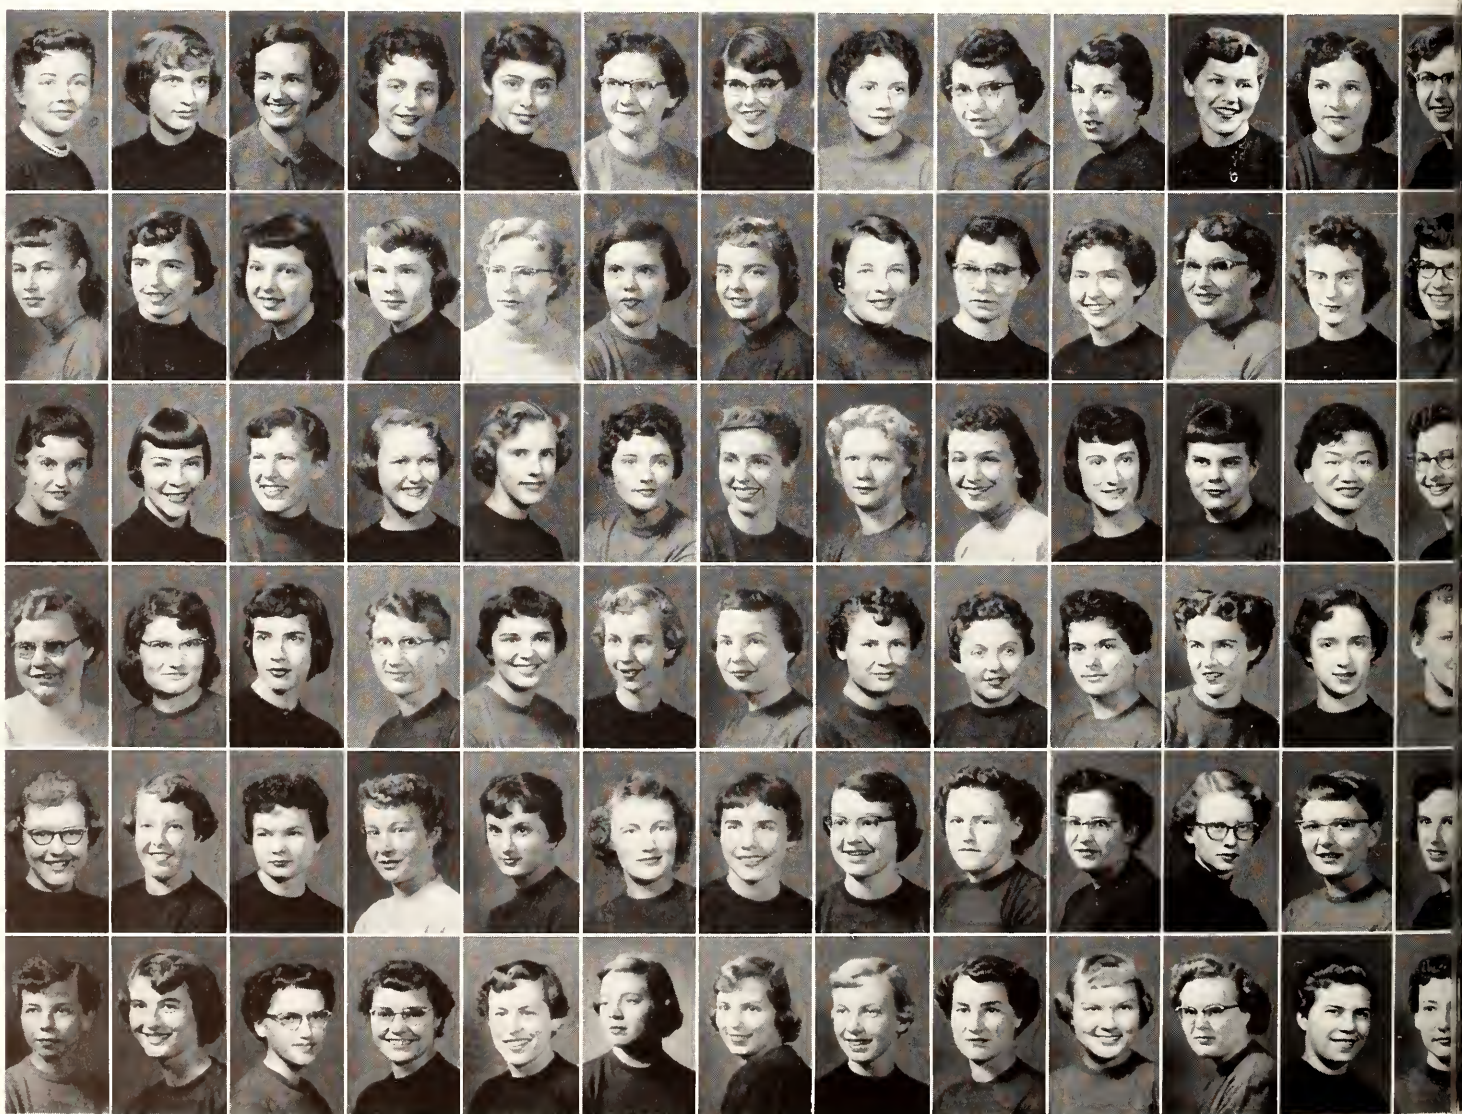

recreation room. When studies were tucked away, a Coke and TV show were a refreshing and relaxing way to forget classes.

Counselors Advise

Counselors met with the girls in the separate corridors each week to discuss activities on campus and study problems. The coeds got a chance to practice some of their "etiquette lessons" at dinners, where they took turns as hostess or assistant hostess of their tables.

A great flurry of activity always surrounds the reception desk in the lobby of Southeast. Phone calls re-

ceived at the switchboard are transferred to booths on the various floors of the building. Mail call, twice a day, brings anxious crowds around the boxes at the desk. The "youngest" of the girls' residence halls, built in 1952, Southeast boasts an elevator to help girls move in during the fall and out in the spring.

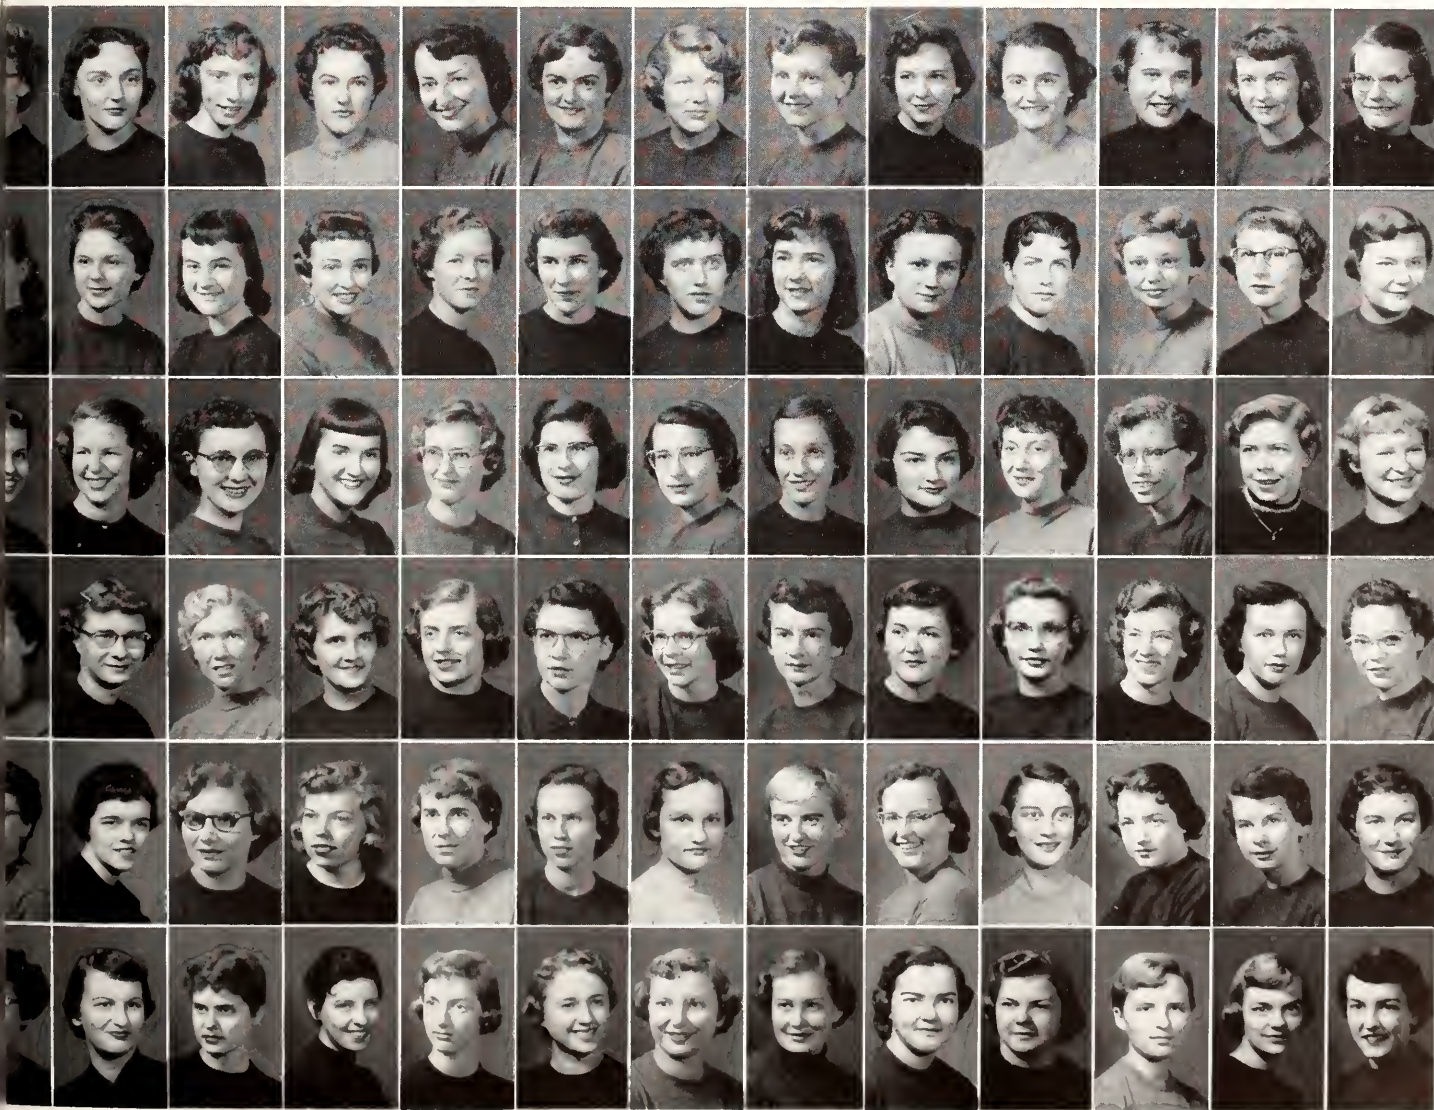

"Someone's playing the piano—and what close harmony on those frat songs!" "Fourth for bridge, anyone?" "Who's for a set of table tennis?" These greetings blur into one voice as the girls hurry to the "rec room." These coeds have learned early not to let studies interfere with their education.

Barbara Brown was president of the dorm, and Virginia Combs the dorm director.

Van Zile Hall

A "Pink Elephant" party was one of the hits of the year with 172 upperclass girls and their dates at Van Zile Hall. Other social events included Christmas party, caroling and a Valentine's party.

Built in 1926, the oldest residence hall on campus boasted many outstanding coeds this year. They were presidents of Child Welfare Club, Dietetics and Commercial Demonstration Club, Interdorm Council, Independent Students Association and state president of Independent Students Association, Mortar Board, Kappa Phi and Mu Phi Epsilon.

Other Van Zile campus leaders included vice-president of Chimes and vice-president of Home Economics Council. A Barnwarmer queen attendant, chairman of the Home Ec "Snowball" and a Military Ball queen finalist also resided at Van Zile.

The basement recreation room received a general face lifting this year. Separate rooms were provided for television and for cards. The floor was tiled for dancing.

A music room with a grand piano and console record player is a popular place throughout the day. Singing around the piano is relaxing after a day of classes, the Van Zile coeds agree. The library, across from the music room, is well stocked with current magazines and various daily newspapers as well as volumes from the Book-of-the-Month Club.

The upperclass coeds are members of Phi Alpha Mu, Omicron Nu, Purple Pepsters, Future Teachers of America, Collegiate 4-H, Women's Athletic Association, Phems, Kansas State Players, A Cappella Choir, Theta Epsilon, Kappa Beta, Disciples Student Fellowship, Wesley Foundation and Westminster Foundation.

Despite busy schedules, the girls took time to decorate the doors of their rooms for Christmas. The decorations varied from cotton bewhiskered Santas to

blonde angels caroling while suspended in foamy clouds. A giant Santa greeted all visitors of Van Zile from the front lawn. Candles glowed the season's greetings from the front windows. Just before the Christmas vacation, each corridor celebrated with an exchange of Christmas gifts.

A novel and distinguishing feature about Van Zile is the meal service arrangement during the spring semester. Seniors in dietetics must "intern" at Van Zile, planning and carrying out the food service for the entire dorm. Betty Winkley was president of Van Zile, Mrs. John Gibson was residence hall director.

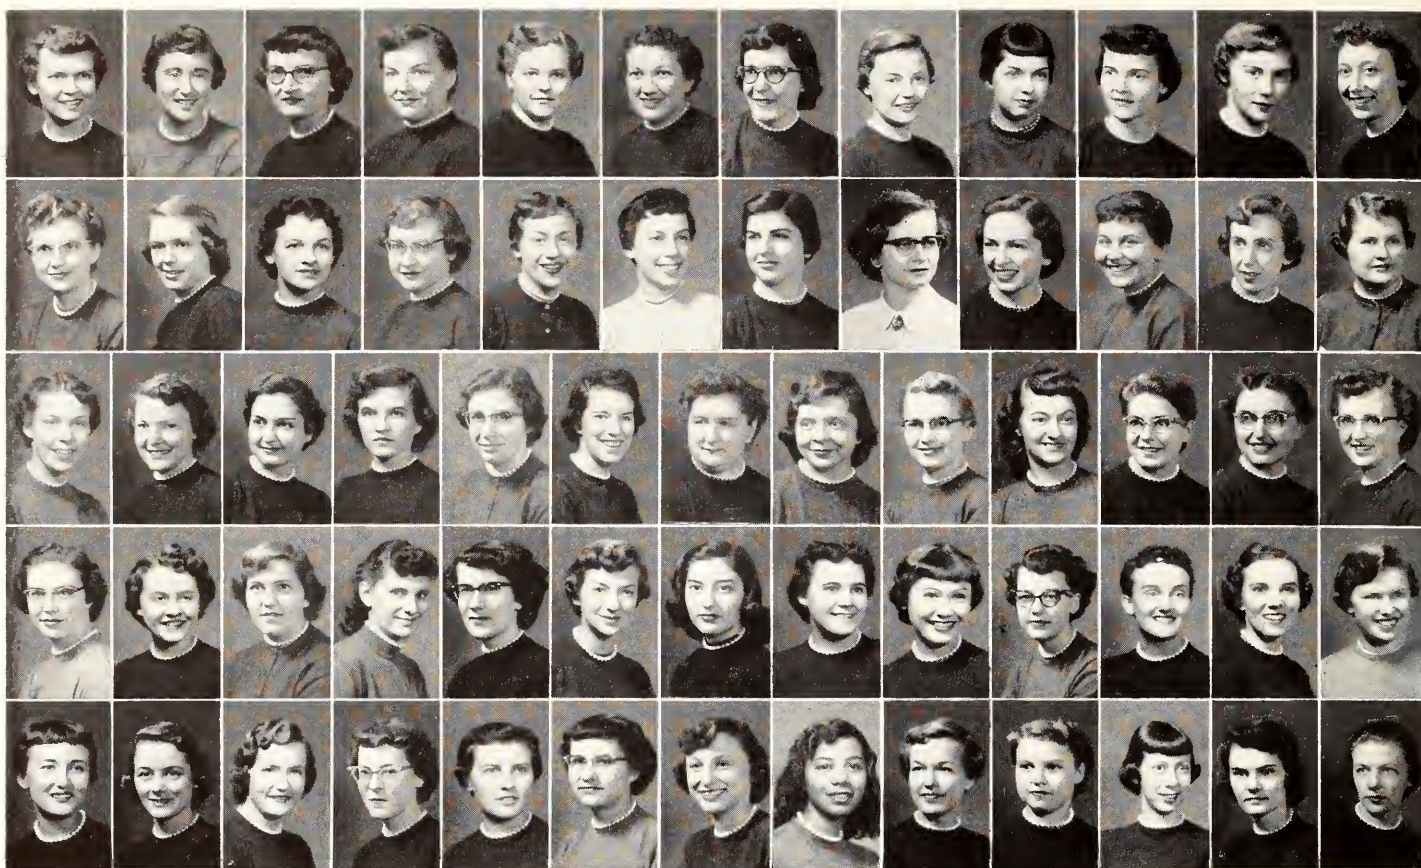

The girls are governed by a house council, made up of the officers and representatives from each of the 10 corridors. The tribunal, also composed of corridor representatives, hears discipline cases.

Van Zile's lounge becomes an evening gathering site after dinner for a good book or a song around the piano or just

relaxation. The oldest of four K-State girls' dorms, Van Zile was built in 1926 and houses 172 upperclass coeds.

Waltheim Hall

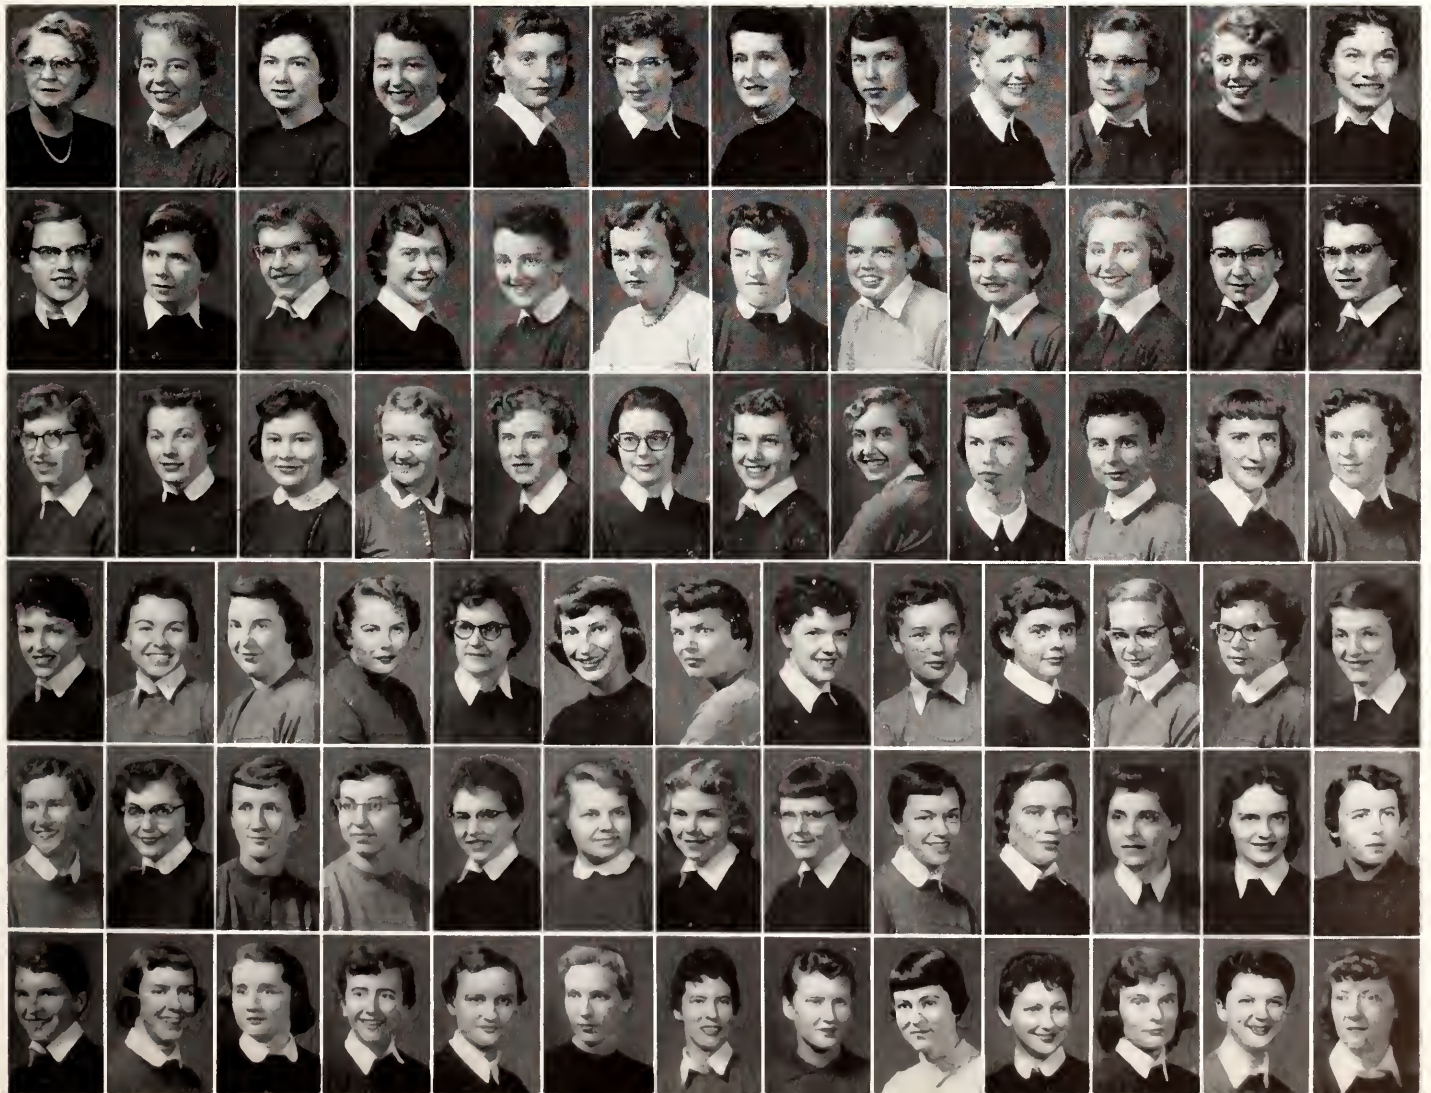

Six-girl suites give Waltheim Hall a homey atmosphere. Jewell Britt was president of the 74 upper-class coeds, Mrs. Jane Prier, director. Special dinners, always dress or formal occasions, usually include faculty guests. Chuckwagon dinner, Parents' Day buffet, faculty tea, Thanksgiving and Christmas dinners headed this list. Spring activities range from picnics to Waltheim's annual formal.

Many honors graced Waltheim coeds—Ag Barnwarmer queen attendant, Women's Athletic Association president, treasurers of senior class and Home Economics Council and members in Chimes, Omicron Nu, Theta Sigma Phi, Alpha Delta Theta, Student Council, YWCA Council, Band and Student Union Promotion Committee.

Whether studying or preparing for a date, the girls at Waltheim Hall maintain a full evening of activity.

West Stadium

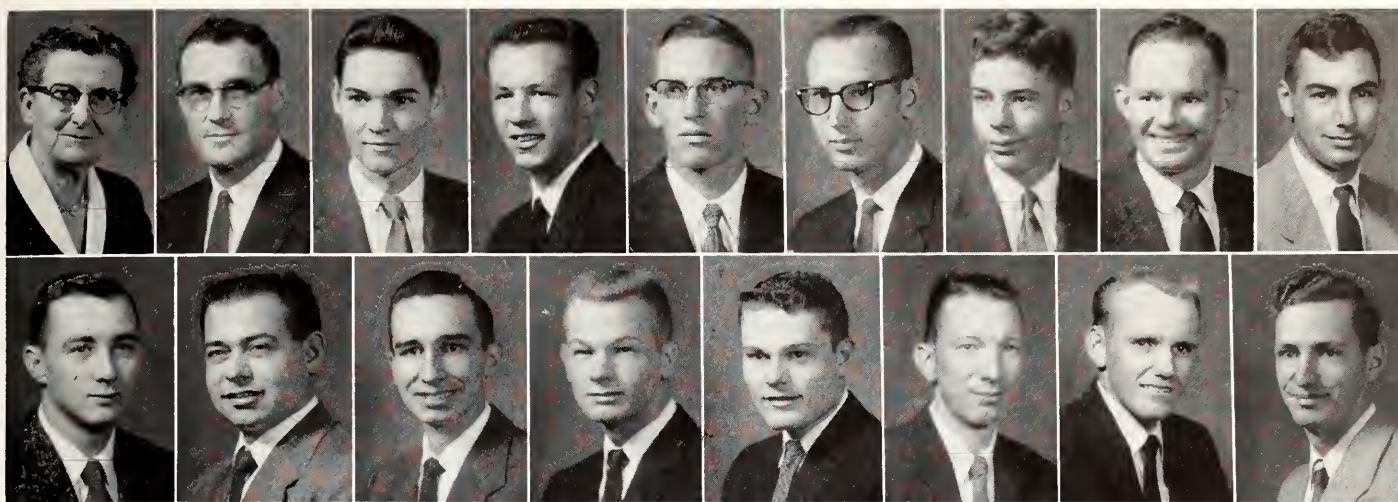

All the necessities of college life, ping pong tables, phone booths, a coke machine are handy in West Stadium's rec room.

Built in 1946, West Stadium, which is part of Memorial Stadium, houses 150 K-State men. Social activities of the group during the year included a spring barbeque, a dinner for the house council and numerous hour dances with the various girls' dormitories. Residents of West Stadium are enthusiastic participants in intramural sports since many of them are members of K-State varsity teams. They took second place in intramural football, and were group champions of intramural basketball. West Stadium's rec room offers activities to while away unused hours. TV, ping pong and telephone booths are the main attractions. A new director was welcomed last September, C. W. Thomas Jr. Their president was Bill L. Smith.

Independent Houses Offer Organized Activity

Independent organized houses offer housing and fellowship to both men and women students not affiliated with Greek organizations. These independent houses have formed the Independent Organized House Council which co-ordinates their activities much in the same manner as the Interfraternity Council does for the fraternities.

The IOHC sponsors hour dances, picnics, mixers and athletic contests. A highlight this semester was a Valentine dance in the Rec Center. Two members from each house are chosen, plus the president, to make up the 17-member Council. Louis Burmeister was president, Charles Jacot was faculty sponsor.

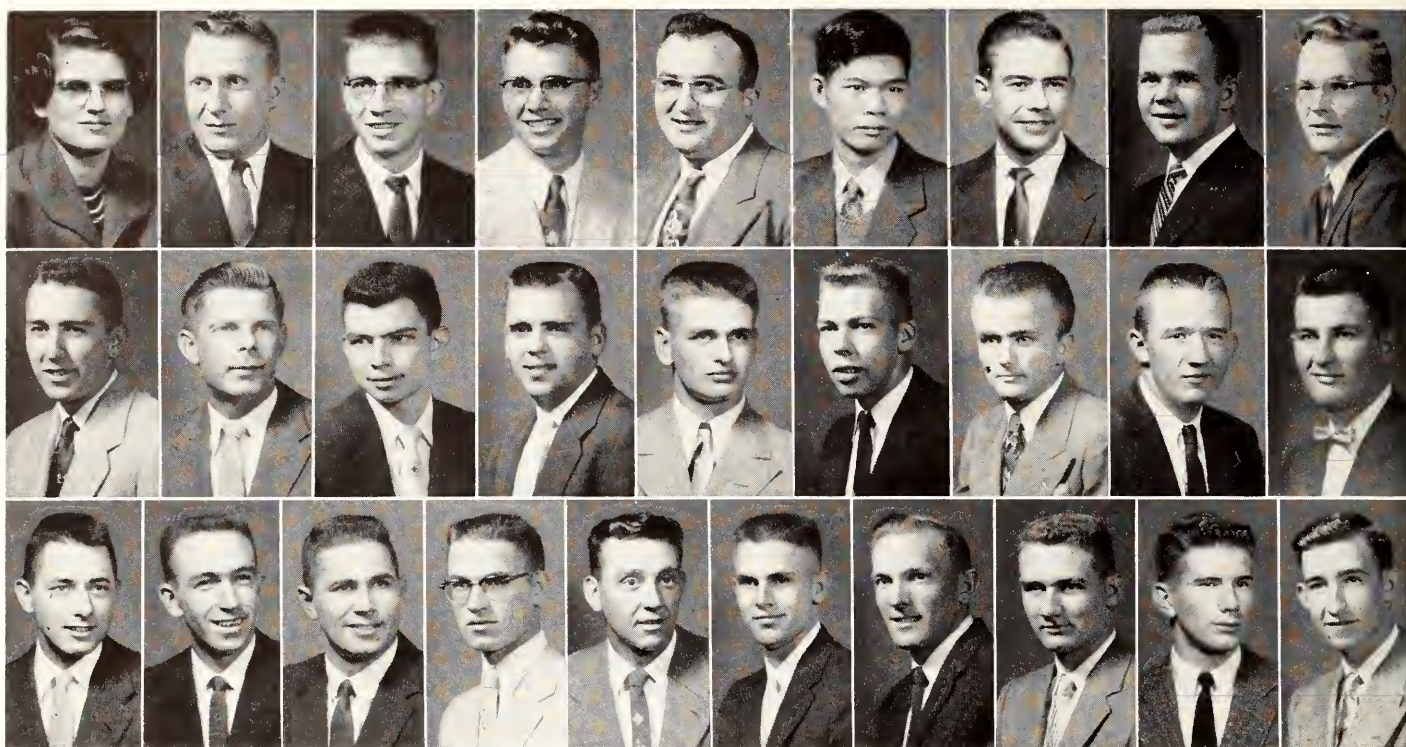

House parties, hour dances and picnics were the year's chief social activities of Acropolis. The 15 members were also active in intramural sports—basketball, football, softball and volleyball. Acropolis has representatives in the Dairy Club, Sigma Gamma Epsilon, American Institute of Chemical Engineers and K-Club. Mrs. Ethel Stockwell was housemother and Lowell Starr was their president.

With an increased membership, House of Breck had many members represented in campus affairs during the year. Their 28 members were active in Band, Orchestra, Pershing Rifles, Chaparajos, Collegiate 4-H, Ag Ed Club, Business Students Association, Block and Bridle, Jr. AVMA, as well as various religious groups.

Organized in the fall of 1954, House of Breck is one of the largest organized houses on the campus. Its members participated in all major intramural sports. The leading social events of the year included house parties, social hours and hour dances. Marvin Glotzbach was president, Mrs. Harold Brecheisen was housemother.

Dancing at a house party is one method of getting acquainted both for the sorority coeds and the boys at Acropolis.

First started as a men's rooming house in 1932, the House of Williams is the oldest independent organized house at K-State. Social events during the year were highlighted by hayrack rides, picnics, hour dances and house parties. The 19 members of House of Williams participated in intramural athletics and placed second in the independent division of football. Dick Parks was president of the house, and Mrs. Katherine Williams was housemother.

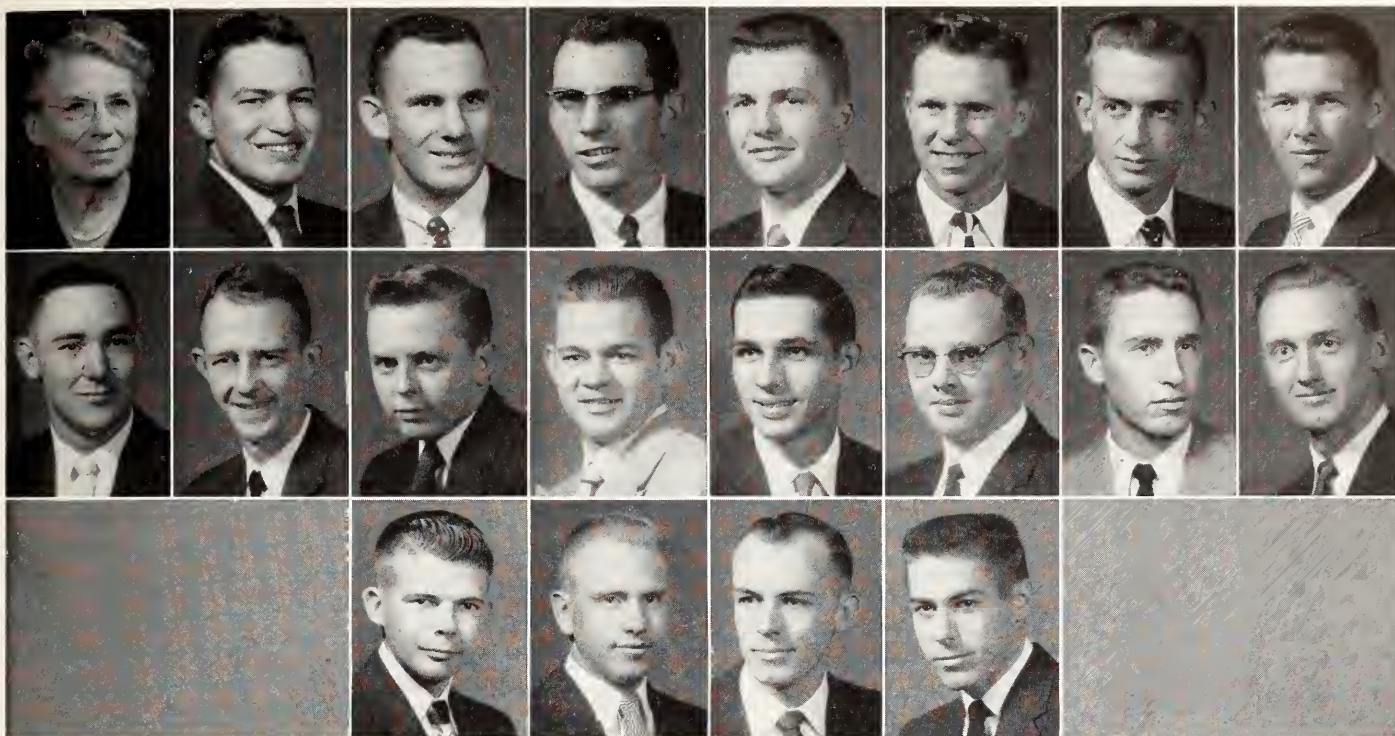

Winner of the most unique chariot award in the 1955 chariot race was Kasbah with a cannon-type chariot. Organized in the fall of 1954, Kasbah's social activities include dances, Christmas party and Easter dinner. The 20 members also were active in intramurals. The independent women of Clark's Gables hold the Anico-Assembly scholarship cup for having the highest grade average on campus. Their nine members had a full social calendar as well as high scholastic record. Their parties included a get-acquainted dinner, watermelon feed, Christmas dinner and caroling and a leap year party. Yvonne Janke served as president of the

15-year-old organization. Mrs. Edith M. Clark was housemother.

Skating parties, picnics and hour dances top the social schedule at La Citadel. Originated in 1952, its 15 members were represented in honorary, professional and musical organizations: Alpha Zeta, Steel Ring, IOHC, Jr. AVMA, Student Union Governing Board and United Student Fellowship. In the quietness and solitude of K-State's Danforth addition to the All-Faith chapel, students seek spiritual guidance through

organized meetings or individual devotions. The main auditorium of the chapel was completed this spring.

Dedication of Chapel Symbolizes Growth

Each fall the YWCA sponsors the International Y-Mart. The coeds sell products from foreign countries.

RELIGION plays an important part in the lives of K-State students. The various church groups show an increase of members and this growth is symbolized by the completion of the All-Faith Chapel which was dedicated in April.

The Religious Co-ordinating Council, composed of several committees, is to be responsible for Chapel policy and is also responsible for religious activities on the campus. The 36 members, two from each religious organization, and the three sponsors, Warren Remple, Rev. E. Abendroth and Rev. Keeney sponsored a workshop. Working through the All-Faith Activities Committee, an RCC subcommittee, they also sponsored Lift Week, an important campus event.

The RCC has been active on the K-State campus for about eight years and will soon have a director on the College staff. It co-operates with similar organizations at other schools to sponsor religious programs, and also works on special projects such as desegregation and racial tolerance.

Six hundred and sixteen Catholic students on campus are members of Newman Club this year. Keeping their

motto "Heart speak to heart" in mind, they joined in mixers, lectures, coffee hours, corporate communion Sundays and an annual banquet celebrating Cardinal Newman Day, all designed to foster religious, educational and social life. Headed by their president, Robert Robinson, faculty sponsor Prof. J. D. Callahan and the Rev. E. J. Weisenberg, director, the club also participated in an annual three-day spiritual retreat.

The College Baptist Church began as a young people's center and from that youth work, the church developed. Since then, the young people have been a vital part of the church program, joining to promote missionary activities, devotional meetings and social gatherings. Don Mark was president.

Members Attend Camp

The K-State Christian Fellowship is part of Inter-Varsity Christian Fellowship, an interdenominational group of college students. Its three-fold plan is aimed

at aiding students spiritually through personal relationship with Jesus Christ, prayer and Bible study. The 65 members were led in their regular meetings, Bible study, conferences and social functions by president Galen Hughbanks and faculty adviser George Fadenrecht. The group also contributes to missionary work and attends summer camp in Colorado.

Any Baptist or Baptist-preference College girl is eligible to join Theta Epsilon, a national Baptist women's sorority. The 22 members work to establish and maintain interest in the church through religious and social activities. President was Alda Schmutz; Mrs. P. M. Young was sponsor. Established in 1929, K-State's chapter sponsors Theta Epsilon Sunday at the First Baptist Church, repairs choir music and gives Christmas toys to an orphanage.

for fellowship and Christian growth. Led by president Walt Martin, director Walter Abel and faculty sponsor Fred Lawson, the group meets Sundays for worship and participates in study groups, gospel teams and social functions such as skating parties, Christmas and Valentine get-togethers. The Foundation is open for informal groups during the day.

Coeds Pack Gifts

"Her candle goeth not out by night" is the motto of the Congregational Church sorority, Sigma Eta Chi. The 17 members pack Christmas gifts for Lott's Creek Community School in Kentucky and help support missionary work. The group, led by Mary Fran Perkins, president, and M. Eileen Roberts, faculty sponsor, strives for the advancement of spiritual growth in harmony with education. K-State's chapter was founded in 1944.

Initiated at K-State in 1946, the B'nai B'rith Hillel Counselorship sponsors religious, cultural and social activities for Jewish students and their wives. The 40 members meet for Jewish religious observances, parties, outings and lectures on subjects of special interest. Alfred Grossman was president, Dr. Max Milner, faculty sponsor.

The Canterbury Association unites Episcopal students enrolled at Kansas State in Christian fellowship and provides the students with a church closeness on the campus. The 40 members, an increase of 10 from last year's group, participated in the annual pancake supper on Shrove Tuesday, a fall picnic and a spring church conference with Canterbury groups from other colleges. Floyd W. Atkeson sponsored the group. Charles Billings was president.

Study Brings Reward

FOR success in any phase of scholastic or extracurricular life at Kansas State College there is ample recognition to be earned. Membership in various honorary societies is awarded for high achievement. Students who excel in scholarship, help with publications, participate in student government or take part in any of the many other activities around the campus, find their chief reward in the satisfaction of a job well done.

The final reward for students whose college years have brought them success in scholastic and extracurricular fields, is being named as senior leaders. This year, after having been carefully selected on the basis of both activities and grades, the students were honored at Honors Assembly on May 10.

Senior honors in the School of Agriculture for 1956 went to Richard J. Baker, Henry Burmeister, Mark W. Drake, Donald W. Hunt, Peter Patchin, Roger Rankin, George J. Yapp.

Phi Kappa Phi Initiates 35

Thirty-five students were initiated into Phi Kappa Phi for the 1955 summer school and fall semester. Phi Kappa Phi, the equivalent of Phi Beta Kappa, is K-State's highest scholastic honor. Each semester the organization selects members from the upper 10 per cent of the seniors in each school.

The national scholastic honorary was established at K-State in 1919. Its purpose is to recognize and encourage scholarship in all fields of study. The honorary recognizes outstanding freshmen students each year by awarding Phi Kappa Phi freshman recognition certificates.

Heading the list of K-State honoraries are Mortar Board, Blue Key and Chimes. These three organizations perpetuate their own membership, selecting new members on the basis of high scholarship, leadership and good character. Service projects are the main activity of the 13 men in Blue Key. This senior men's honorary sponsored the selection of the Homecoming queen and her attendants as well as the Homecoming

Ball, held in the Fieldhouse gym.

Blue Key Is Service Group

Blue Key recognizes outstanding male students on college campuses and forms service groups. "Serving, I live," is its motto. Members are selected on the basis of campus activities and scholarship. Martin K. Eby Jr. presided over the group this year, and Chester Peters was faculty sponsor.

Outstanding junior women are elected to Chimes. Members must have a minimum grade average of 1.8 and must have shown qualities of leadership and service to the College. Chimes members helped with Orientation Week, ushered at campus events, distributed programs at Y-Orpheum, and donated \$100 to the Student Union for lecture stands. The group sold brownies to send a delegate to the national convention. "To lead with knowledge, to follow with intelligence, to seek the worthwhile in life," is the motto of Chimes. Shirley Sarvis was president, and Golda Crawford was faculty sponsor.

Mortar Board Sells Mums

Homecoming found Mortar Board members selling the traditional mums. Profits were used to finance the group's service projects. The purpose of this senior women's honorary is to establish co-operation between senior honorary societies for women, to promote college loyalty, to advance the spirit of service and fellowship among university women, to maintain high scholastic standards and to stimulate and to develop a finer type

of college woman. The 15 members sponsor an annual scholarship dinner honoring three girls having the highest grades in the freshman class. They also award a \$100 scholarship to an outstanding freshman girl. Senior women with a minimum grade average of 1.8 who are outstanding in campus activities are eligible for membership. Jan Boster was president and faculty sponsors were Gertrude Lienkaemper, Mrs. John Helm and Marguerite Umberger.

Alpha Mu, honorary milling fraternity, mills flour for needy Manhattan families as a special project. The honorary fraternity for milling and feed technology students meets monthly and has prominent leaders in the milling industry as guest speakers. Other projects were the presentation of a scholarship to the freshman milling student with the highest grade average and printing a newspaper for alumni. George Yapp was president and R. O. Pence was faculty sponsor.

Theta Sigma Phi, journalism honorary for women, sponsors a Matrix banquet every year. An outstanding woman in journalism is brought to the campus as guest speaker for the banquet. The nine members helped with Editor's Day and sponsored a "merry-go-round" party for freshman and transfer women. Selling commencement announcements and improving children's literature were other projects. To be eligible for membership, a woman has to meet scholastic requirements and be outstanding in journalism activities. Beverly Sargent was president, and Helen Hostetter was faculty sponsor.

Engineers Teach Class

Teaching slide rule classes is a project of Eta Kappa Nu, electrical engineering honorary. The 38 members were chosen from the upper one-fourth of the junior electrical engineering class and the upper one-third of

the senior class. Members contribute information to the national magazine and worked on their project for Open House. John Dollar was president. R. M. Kerchner was faculty sponsor.

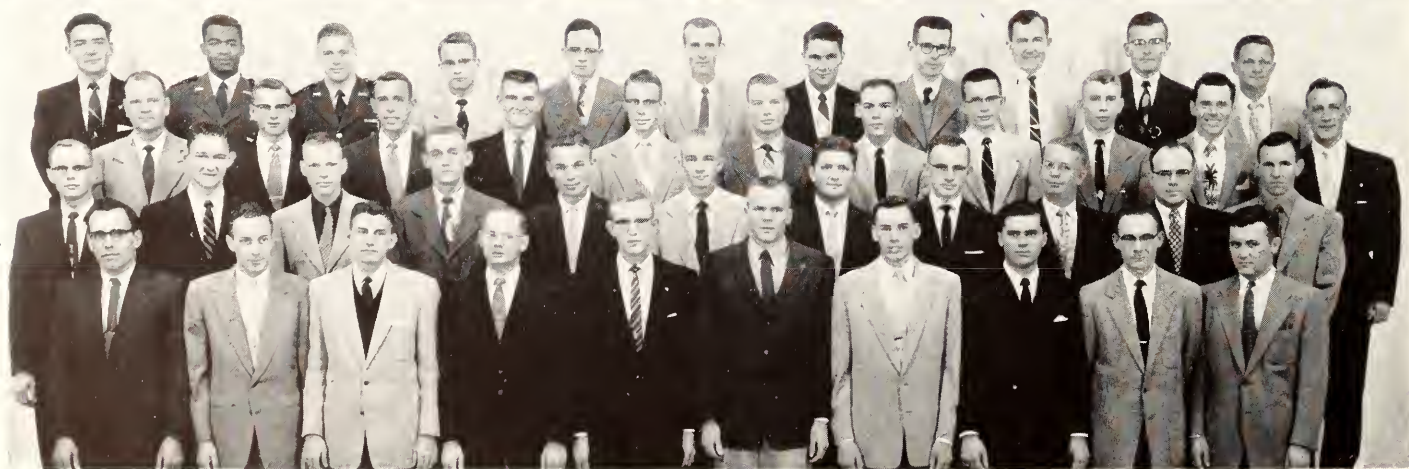

Delta Phi Delta, art honorary, presented a city library show in November. The 23 members had an exhibit in the new Union and a booth at the Arts and Sciences Carnival. In May they celebrated their Founders Day with a banquet. Harvey Rundquist was president and John Helm was faculty sponsor.

Pi Tau Sigma Gives Medal

Pi Tau Sigma, mechanical engineering honorary, aids freshmen students with their studies and promotes scholarship and fellowship among upperclassmen in mechanical engineering. The group annually awards a gold medal to a mechanical engineer for outstanding achievement in his profession within 10 years after graduation.

Pi Tau Sigma also presents the annual Richards Memorial award to an engineer who has outstanding achievement within 20-25 years after graduation. Members printed mechanical engineer indicator's cards and worked on Open House exhibits. Gene Martin was president, and Robert Crank was faculty sponsor.

Sigma Tau Sponsors Prom

Sponsoring St. Pat's Prom and the marathon race to K-Hill during Open House are the duties of Sigma Tau, honorary engineering fraternity. Members are chosen from the upper one-third of junior and senior engineering students. Sigma Tau's 100 members maintained the pyramid southwest of the Engineering building. Charles Scholer was president, and Edwin C. Lindly was faculty sponsor.

Steel Ring, engineering honorary, fosters interest and leadership in Engineering School activities. Membership is open to male junior and senior engineering students who possess leadership ability and a 1.00 minimum grade average. The members presented a trophy for the outstanding exhibit at Engineer's Open House. They also publish *Intake and Exhaust* and sponsor the Engineers' Alloy program. James Hotchkiss was president, and Reed F. Morse, faculty sponsor.

Omicron Nu, home economics honorary, sponsored a tea for freshmen girls, a tea for transfer and foreign students, a display at Hospitality Day and programs on research. Membership is chosen from the upper scholastic percentages of the junior and senior classes. Avis Tromble was president, and Abby Marlatt was faculty sponsor.

Variety Adds Spice

ALL-COLLEGE organizations play an important part in formulating activities. These groups which stimulate a wide range of interests for the most part do not restrict their membership to any particular curriculum, but rather elect members who have similar interests. Their activities vary from planning the all-College events such as the Little American Royal to sponsoring dances or clean-up projects.

Co-ordinating the work of the Little American Royal is the job of the Little Royal Committee. The Little Royal originated in 1927 and since that time has become an annual fitting-and-showing contest. The Little American Royal is one of the main "attention getters" for prospective K-State agricultural students. Mark Drake was general chairman of the Royal.

"The door to success is labeled 'push'" is the motto of the Agricultural Economics Club. To further professional and social interests of its members is the over-all purpose of the club. The 50 members of the club are students in both agriculture and business, or students who plan to make either of the two curriculums their major. Vaden Davis was president.

Swing your partner—clear off the floor—seems to be the motto of the male foursome of the Promenaders.

Individual expression through creative dance is a prime objective of these members of Orchesis, the modern dance club.

Members are chosen at tryouts for their grace and dancing proficiency and present an annual program.

To give aid and work to the Future Farmers of America and provide educational enlightenment in the field of agriculture are two of the main aims of the Ag Education Club.

Social activities of the club include square dances and watermelon feeds. On the more serious side, the boys supervise the state Future Farmers of America contests and serve lunches to the high school guests of FFA. They also conduct model FFA meetings to gain training for their future teaching techniques. Officers were Dick Baker, president, and Howard R. Bradley, faculty sponsor.

Block and Bridle Co-Sponsors Royal

Co-sponsoring the Little American Royal is one of the activities of the Block and Bridle Club. It also sponsors livestock and wool judging contests and a formula feed conference. Organized as the Jayhawker

Saddle and Sirloin Club in 1914, the chapter joined with similar clubs to form the National Block and Bridle Club. The KSC chapter is the largest agricultural departmental club on campus. This year they will give a scholarship to an outstanding junior member.

Officers were Don Hunt, president, and D. L. Mackintosh, faculty sponsor.

Dairy Club Promotes Service

Service of all kinds, especially serving lunches to visiting ag groups, seems to be the goal of the Dairy Club. Between fall and spring steak fries, the Dairy Club members see that visitors at the Formula Feed Conference and Farm and Home Week are well fed. The club is also co-sponsor of the Little American Royal.

Officers were Rodger Hoyt, president, Keith Huston, faculty sponsor.

Building and caring for a court garden behind Waters

Hall was the project of the Horticulture Club this year.

For practical knowledge and club profit, the club members grow and sell vegetables, fruits and flower sets to Manhattan area residents. They also sponsor a horticulture show in which they display various flower arrangements. The faculty arranged and prepared a dinner for club members and their families to highlight the social fun. George Eib was president, and Charles V. Hall, faculty sponsor.

Group Learns Milling Techniques

All students enrolled in milling are eligible to join the Milling Association. The purpose of the group is to hold monthly seminars in which outstanding milling personnel from all over the country explain the techniques of milling. Students enrolled in Flour Milling and Feed Technology curriculum are members of the

Flour and Feed Milling Industries association. K-State has the only feed manufacturing department in the world. President was George Yapp, and J. A. Shellenberger, faculty sponsor.

Club Plays Host

The Klod and Kernel Klub acted as host to the Nebraska Klod and Kernel Klub and conducted it on a tour of the KSC agronomy farm before the K-State-Nebraska football game. Club members enter college competition in Chicago and Kansas City in a national collegiate grain grading and judging contest. The local chapter also sponsors a grain grading and judging contest. Kenneth Munkres was president and E. L. Mader, faculty sponsor.

fore the school is realized, however, association members are satisfied with planning and working toward a more advanced business department. Any student enrolled in Business Administration is eligible to join.

Officers were Roland Swim, president, and Conrad Eriksen, faculty sponsor.

Problems of the medical profession are some of the topics introduced in Clinic Club meetings. Members also get a birdseye view of the requirements needed for entrance into medical school through visiting doctors who speak at club meetings. Any student enrolled in pre-medicine or pre-dentistry is eligible for membership. Officers of the year were Charles Broman, president, and Otto W. Tiemeier, sponsor.

Entomologists Hunt Fossils

Entomology Club members take several field trips throughout the year to hunt for rare species of live or fossilized insects. They also do research work on the insects and listen to professionals in the field of entomology. Holiday parties highlighted the social calendar for the club members and their dates. Heading the group was Phillip Callahan, president, and D. A. Wilbur, sponsor.

Geologists Hear Pros

The 150 members of the Williston Geology Club sponsor monthly seminars featuring professional geologists as guest speakers. Membership is open to anyone majoring in geology or in geophysics.

The club also sponsors field trips in the spring and fall. Officers were Richard Hooker, president, and Henry Beck, faculty sponsor.

Sponsoring women's intramurals on campus and filling Christmas socks with toys for underprivileged children are the two big projects of the Women's Athletic Association. The constitution of WAA was revised this year making membership open to any girl on campus. This way girls who cannot participate in sports can still be active in WAA. Officers were Barbara Puh, president, and Muriel Herbrand, faculty sponsor.

Politics Promoted

The Political Science Club promotes participation in governmental and political affairs, and points out the ways to a career and use of education in social science.

Any government major is eligible for club membership. This year, the club has been instrumental in forming the background for the Mock Political Convention. Leading the club was Marvin Swanson, president, and Louis H. Douglas, faculty sponsor.

Phems Leads Play Day

Phems, club for women physical education majors, conducts an annual play day for high school students in Kansas. The club promotes interest in physical education and furthers the teacher-student relationships in physical education. The club also sponsored a dance lecture.

Officers were Delila Clark, president, and Eva Lyman, faculty sponsor.

AIEE Is Largest

The American Institute of Electrical Engineers has grown into the largest engineering society in the world with over 50,000 members. The purpose of AIEE is to foster extracurricular qualities needed by an engineer and to broaden a student's knowledge of the engineering world. Heading the K-State chapter were Donald Lenhart, chairman; and E. L. Sitz, faculty sponsor.

The American Society of Agricultural Engineers has professional interests in agricultural engineering. The society was started in 1920 and joined the founding of the mid-central section of ASAE in 1949.

ASAE Sponsors Display

The group sponsors a complete display in the Engineering Open House each year, depicting several phases of agriculture and engineering aids. Officers for the group were William Teaford, president; and G. E. Fairbanks, sponsor.

The American Society of Civil Engineers was host to the mid-continent conference of student chapters of ASCE this spring.

The purpose of the organization is to acquaint the civil engineers with members of the faculty and give them a closer look into the work of their chosen profession. To join, a student must be a junior or senior. Officers were Paul Works, president; and John G. McEntyre, faculty sponsor.

IAS Has Aeronautical Display

Setting up an aeronautical display at the Engineering Open House is the big project of the year for the Institute of Aeronautical Science. The purpose of the student branch of IAS is to provide students with a link to the aircraft industry and aeronautical engineers in the country. To be a member of IAS, a student must be enrolled in the School of Engineering and Architecture.

Leading the group were Fred Suellentrop, president; and F. J. McCormick, sponsor.

The advancement and dissemination of knowledge of the theory and practice of mechanical engineering is one of the primary purposes of the American Society of Mechanical Engineers.

Perspective a Goal

The society also tries to give the students a good perspective of engineering work and the opportunities that lie within such work. Any student enrolled in Mechanical Engineering is eligible for membership in the society. Officers were H. M. Neely, chairman; and Ralph G. Nevins, faculty sponsor.

Engineers' Open House brings candidates for St. Pat and St. Patricia from the ASCE to compete with other hopefuls.

The student branch of the Institute of Radio Engineers stresses the theory and practice of electronics, communications techniques and other related elements of the radio field. The K-State chapter of IRE is one of 87 such chapters in this country; it is an organization of professional electrical engineers. The group enters a student paper competition contest each year in Kansas City.

Officers were Herman Wilcoxon, chairman, and William R. Ford, faculty sponsor.

The Art Club subdivision of the Margaret M. Justin Home Economics Club designs and sells Christmas cards each year. It also sponsors a fall outdoor sketching party and weiner roast and an art show composed of K-State students' work, and are in charge of the decorations at the annual Snowball dance. A desire of several

Home Economics and Art students to have an Art Club brought about the actual formation of the group. Delaine Smith was president, and Dorothy Barfoot, faculty sponsor.

The Family and Child Development Club aided the City Recreation Commission on several of its projects. The club also presented a radio talk and held a tea for new members at the child development laboratory. A

The 25 members of the Clothing-Retailing Club checked coats at the Snowball dance as their service project of the year and helped with the style show during Hospitality Days. Several speakers gave talks to the club concerning the problems of retail buying, and selling. Officers were Marjorie Bearg, president, and Alpha Latzke, sponsor.

Two Clubs Combine

The Dietetics Club and the Commercial Demonstration Club joined forces this year to make a stronger group. The girls made field trips to the Fort Riley Hospital kitchen and to the kitchen and cafeteria of the new Student Union. They raised money for their club by waiting tables during banquets at the College Cafeteria. Officers were Jan Boster, president, and Grace Shugart and Nina Browning, faculty sponsors.

The Home Ec Extension Club had a special Christmas project guaranteed to spread good cheer by sponsoring a party for underprivileged children.

Club Decorates Snowball

The club also is responsible for putting up decorations at the Snowball dance. Several women in the field of extension talked to the group about their work and about some of the problems arising out of their jobs. Ardella Rusk was president and Margaret Koenig and Ethel Self, faculty sponsors.

The Home Ec Teaching Club won the Interest Award Plaque of the Margaret Justin Home Economics Club last spring. The award is based on percentage of membership attendance, special projects, programs and participation by individuals and by the group. Martha Helmers was president and Lucille Rust and Laura Baxter, faculty sponsors.

All Vets Belong

With smokers for freshman veterinary students, dances, picnics and participation in intramurals as well as the semi-monthly meetings at which outstanding men in veterinary medicine speak, the K-State chapter of the American Veterinary Medical Association provides an interesting and valuable agenda for its members. This is the only organization on the campus which furnishes a common meeting-ground for vet students. Membership is composed of the entire enrollment of the Veterinary School.

Wives of vet students may join the Student AVMA Auxiliary, a nation-wide organization designed to acquaint wives of vet medicine students with their husbands' profession. At their monthly meeting, the 140 members hear speakers and see slides concerned with the wife's place in her husband's job when he has a practice of his own.

Interest clubs, such as advanced bridge and beginners bridge, are also a part of the Auxiliary. Money-raising projects were a rummage sale and the publication of a cook book. Last year the wives bought a radio for the new vet hall with their earnings. Christmas last year brought a party for the children of the vet students. Over 100 of the small fry livened up the party.

Wives Graduate Too

Every year, as their husbands graduate, the Auxiliary members have a graduation ceremony of their own. Each wife of a graduating vet student receives a diploma signed by President McCain and Dean Leasure. This year President McCain was Auxiliary commencement speaker. The K-State Student AVMA Auxiliary is a branch of the national organization of the same name. Projects of the K-State group must meet state and national requirements.

President of the Auxiliary this year was Margaret Jamieson. Mrs. J. E. Mosier served as the faculty sponsor.

Hams Fill Air Lanes

Operating a transmitter at low cost occupies the members of the Amateur Radio Club at their meetings. To these "hams" the maze of dials and lights is not a mystery, but an unusual form of communication with other people.

Eighteen K-Staters were members of the student chapter of the American Guild of Organists. Sharing an appreciation of organ music and a desire for playing improvement, the members under the leadership of Ross Miller gave several recitals in addition to having seminars.

Membership in the Arnold Air Society is limited to men in advanced AFROTC who have maintained a 2.0 grade average in AFROTC and a 1.5 over-all campus average. Group projects include flights to Eglin, Fla., and to the West Coast; command of Angel's Flight, and co-operation with Scabbard and Blade in planning the Military Ball.

An organ recital requires much preparation before the finished product is ready as Professor Hays demonstrates.

“Above all nations is humanity” is the inspiring motto of K-State’s United Nations in miniature, the Cosmopolitan Club. The club is open to anyone wanting to become better acquainted with the cultures, backgrounds and peoples of the world. The group sponsors a reception picnic in the fall for new foreign students, a celebration on United Nations Day and an international week end for foreign students in the state. One of the

year’s most outstanding events is the Feast of Nations at which representative food from the various countries is served. Surendra Patel was president, Cecil Miller and Manuel Ramirez were faculty advisers.

Whether the question is on politics, foreign relations or labor-management, members of the Forensics Club are certain to have at least two different opinions. Headed by Tom Bowman, an interest in argument and debate guarantees the members a difference of opinion. Faculty adviser for the group was Charles Goetzing.

The intricacies of the "Catalina," "ballet leg" and "torpedo" are conquered by the aquatic members of the Frog Club. To belong, a student must pass swimming tests. The year is spent perfecting water stunts and synchronizing swimming routines. The highlight of the year for these mermaids and mermen is the spring water show. This year the theme was "Lullaby of Broadway." Dorinda Mears was president, Alice Becker was faculty sponsor.

The improvement of standards in the teaching pro-

fession is of vital interest to the 350 K-State members of Future Teachers of America. Monthly meetings include programs of cultural and educational nature. The state FTA convention was at K-State this year. Pat Humble was president, John W. DeMand was faculty adviser.

Enrollment in the Graduate School is the only qualification for membership in the Graduate Students Association. The association was founded in 1923 to promote acquaintance among graduate students and to elect representatives in student government. This year's program included dances, movies, card parties and picnics. Such functions provide a counterbalance between the individualism stressed in research and the importance of group participation for social relaxation. Victor Adler was president of the group, Harold Howe was faculty adviser.

The state president and secretary of the Independent Students Association are both members of the local chapter at K-State. Any student not actively affiliated with a Greek social organization is eligible for membership. The year's main social function was the Sweetheart Ball. Carol Wilkins was president, Charles Goetzinger was faculty adviser.

The Masonic Club has as its purpose the promotion of allegiance to country, better citizenship and a greater understanding of the Masonic institution. Arthur J. Rhodes was president of the 45-member group.

Five Plays Sponsored

Grease paint and footlights provide the fascinating lure to the budding actors and actresses who are members of Kansas State Players. Points are accumulated on the basis of backstage and cast participation. Eight points are required for active membership. During the 1955-1956 season, the Players sponsored five three-act plays, including "My Three Angels," "Bernadine" and "Mr. Roberts," and six one-acts. Baird Miller was president; Earl Hoover, Don Hermes, and O. D. Hunt were faculty advisers.

Boasting the largest membership the group has had since World War II, the K-State letterman's organization, "K" Fraternity, has increased from 40 members last year to 70 this year. Started during World War I by M. E. Ahearn, the group acts as hosts to visiting athletes, promotes high levels of scholarship among K-State athletes and provides social entertainment. Bob Mancuso was president, Fritz G. Knorr was faculty adviser.

Members of the Miniwanca Club, headed by Shirley Sarvis, serve banquets at the College cafeteria to earn

money to send one freshman boy and girl to Camp Miniwanca the following summer. About one-fourth of the membership is composed of faculty members who have attended an American Youth Foundation Camp. Student members have all attended either Camp Miniwanca or Merrowista. Mr. and Mrs. Claude Shenkel were advisers to the group.

Orchesis Performs Dances

Clad in black leotards members of Orchesis meet weekly to practice dances which they perform for various campus and civic groups. In the spring the members present a dance recital in the Auditorium. Membership is determined by tryouts, interest and skill. Promoting dancing as a form of creative expression is

Parade on Veteran's Day

"Hup-two-three-four" is a familiar cadence to members of the Pershing Rifles. To belong a student must be enrolled in ROTC and have a grade average in ROTC of 2.0. In the fall of the year, new members are required to dress in a costume and carry a wooden rifle to all classes after which they must yell out the hour. The drill team participated in the Armistice Day parade in Kansas City. On April 20 and 21 the 1956 Regimental Assembly was held at K-State. Donald Lenthert was president, Lt. Gerald Scheufler and Capt. Robert Blair were faculty advisers.

Purple sweaters, white skirts and enthusiasm characterize the members of Purple Pepsters, the Kansas State

chapter of Phi Sigma Chi, a national pep organization. Membership is made up of upperclass girls with a 1.0 grade average who serve as elected representatives from the various living units. Marilyn McCready supervised the group's activities and wielded the gavel. Purple Pepsters sponsored the pep rallies, publicity for these rallies and worked with the other pep clubs on plans for the Homecoming Parade in addition to maintaining a strong-lunged cheering section at football and basketball events. The big event of the year was the National Convention of Phi Sigma Chi which was at K-State March 10. Marilyn Tavares was faculty adviser.

the personality traits of sincerity, enthusiasm and friendliness.

This organization is of vital importance in introducing the freshman to college yells, songs and spirit. Learning the fight song and screaming "Everyman a Wildcat" for the first time draws the girls closer to a sense of belonging. Organized five years ago, the Whi-Purs are in charge of the trophy float in the Homecoming parade, make an out-of-town trip to one game and have an annual banquet at the end of the pep season.

EXTRACURRICULAR activities form an important part of any educational program. Whether working for the newspaper, participating in varsity athletics or wearing grease paint for a dramatic production, Joe Student learns the value of co-operation and the elements of leadership that are not available in formal classroom study. The Saturday afternoons at Memorial Stadium yelling and clapping or the silent appreciation of Christmas vespers become an integral part of four years of college life. . . .

A Queen's Queen

Reigning over the 1956 "Frost Fantasy" ROYAL PURPLE Ball were 16 K-State beauties. Martha DeGraff, representing Alpha Xi Delta, was selected queen by Norman Rockwell, well-known artist and magazine illustrator. This year four attendants were chosen by Rockwell instead of two as in previous years. They were Kay Thompson, Southeast Hall; Sondra Tate, Pi Beta Phi; Ruth Pickett, Delta Delta Delta; and Carole Holmquist, Alpha Delta Pi.

Pictures were submitted of girls representing sororities and dormitories. The judge made his decision on the beauty of the girl in the photograph. Each picture was numbered;—no names appeared anywhere. The queen and her court were announced at intermission of the dance December 8. Prof. C. J. Medlin, graduate manager of Student Publications, Inc., crowned Queen Martha DeGraff. Les Elgart and his orchestra with the "sophisticated swing," furnished the music for the dance held in the Ahearn Field House gym.

With one small snip by Gerry Day, student body president, the dream Union is opened. Alum President Rick Harmon watches.

Is there enough space for everyone is a question that arose as K-Staters packed the Union to examine their new "home."

What a wonderful start for Student Union dances! The first big-name dance featured the Four Lads. Del Clayton's piano.

This Is It!

Years of dreaming and planning materialized for K-Staters in March as the new Student Union opened. More than 5,000 persons viewed the building after the ribbon-cutting ceremony officiated by Gerry Day, student body president, and Rick Harmon, Alumni Association president. Clown suits and balloons furnished a circus theme as every room was toured. Directors from nearby unions, alums and government officials added their prestige while telegrams and flowers poured in. It was a big night as K-Staters were kings in their new palace; one that offered ideal recreational, lounging, eating, meeting and cultural facilities for all.

The lights flash on with brilliant beams, the ribbon is cut and these impatient K-Staters are admitted to the Union at last.

The ribbon-cutting ceremony was delayed 37 minutes, and several thousand students stood waiting for the big moment.

What will you have—sandwich, coke, doughnut or ice cream? The new snack bar in the K-State room furnishes all these re-

freshments. It's no wonder that class attendance took a nose dive as students just happened to congregate here during class.

Ping pong was never like this in the temporary Union! Amidst shiny new tables, fenced-in room, the boys look at home.

Watch me pick up this shot, Joe Holbert exclaims to his friends as he tries out the billiards table in the games room.

A new craze of bowling was influenced by the new bowling alleys. Students watched carefully to improve their styles.

It's time out as these students exchange gossip over a good game of bridge or dance in the student hangout—the "Dive."

President McCain greets a new student and his parents with a warm handshake on an equally warm convocation day.

The president welcomes freshmen and their parents in a full Auditorium, but as usual the first row is empty.

An upperclass coed helps introduce Kansas State, the campus and activities to a group of new students.

It's a Big, New

Orientation and the vastness of the campus, surely it would take Joe Student weeks to find his classes in each of those different limestone buildings. Yet he amazingly found his way to the Union to meet his roommate after the first round of orientation exams. And those exams . . . "would you rather dig ditches or . . ." while professors decided for which field you were best suited. Between exams and meetings, he branched out and got acquainted with the College and other Staters.

Joe crowded in at the Union or the "Can" for a coke, or headed to the courts for a set of tennis. In the evening it was off for the same courts, but this time the nets were cleared away and the event was a mixer. This was presented for the freshmen—square dancing, "circle" dancing, "social" dancing and refreshments.

Things began to get started; already Joe felt like "just another Wildcat," but he wasn't even enrolled yet. Enrollment? Oh, yes! Joe started in Rec Center in Anderson Hall; actually the start is a long line outside Anderson. Then came the dean's card, housing card, identification card and a lapse in the bank account.

Joe Student stood in line, the one with the letter of

Anderson Hall, where the bell rings before classes, but it isn't ringing now. This slow-moving, serpentine formation of stu-

dents happens twice a year. The restless shifting from one foot to the other doesn't hurry the enrollment line at all.

Smile? No, this picture isn't for the RP. It's strictly identification, passport-style—name, classification, curriculum.

World to Frosh

his last name, told the girl his name . . . last name, first name, then went back and spelled his last name again. He filled out many "holey" cards—some for housing, some for his "four-wheeled personality" and some for the registrar.

Joe puzzled over the word "classification"—did it mean "freshman, sophomore, junior or senior," or did it mean "male or female?" There were two or three different points he'd be told of his mistakes before leaving Rec Center, so he didn't bother with little difficulties long.

Before he left he was told to "step up to this bar," and he found himself trying to stare down a camera lens. This, with the registrar's card, made Joe's identification at Kansas State complete. Then he paid the \$90 fee and proceeded to Nichols with the hope that his classes had not been closed yet. Once he got by "ROTC . . . Home Ec . . . English proficiency . . ." he went to his assigner and began with line schedules and "is that a requirement in the school?" A quick dash to the card racks and, if Joe was lucky, he pulled all his class cards. Whee . . . no eight-o'clocks! Dreamer!

First came IBM cards, cards for housing and the dean of students, now it's sign a check for an activity card.

"Last name first . . . local address . . . previously enrolled? . . . married? . . . religious preference . . ." on and on it goes.

Joe's fees finally were paid, cards pulled, schedule signed, then after one final checking point, and out of Nichols he went, down to Aggieville for books. Enrolling didn't take so long, after all, but over a hand of bridge at the "Can" he stretched it a bit to make a better story.

All those rows of people—actually professors, instructors, and enrolling students—and the jumbled voices. It almost has the

atmosphere of a Chamber of Commerce luncheon. It doesn't seem that any classes and schedules would agree.

Classwork means research in the library, and this literary jungle has information on any subject dead or alive.

Those books were heavy, and Joe thought they must have been priced by their weight. But an extra seven cents could be spared for a cup of coffee. The "rat-race" began for another 18 weeks—taken in lurches of five- nine- and fourteen-week exams. Entertainment was presented in the form of a ballet program, Jazz at the Philharmonic, K-State Players' "My Three Angels," and competing in Homecoming decorations—"Sooner or Later."

The greatest excitement of the football season was the kidnapping of Touchdown IV, and the appearance of Touchdown V at Lawrence. Touchdown IV brought his captors so much bad luck that they were more-than-willing to return him after the game. With a Wildcat, IV and V, on both sides, K-State defeated KU 46-0 . . . the largest margin against the Jayhawks in 53 years.

At first the weather was too warm to study, nice for tennis, golf or anything but books. But after the Thanksgiving holidays the cold winds made that smoke break in front of Holton, Eisenhower, Kedzie and Vet Hall get shorter and shorter. Soon Joe and 5,837 other K-Staters were packing for the two-week Christmas vacation and a rest from classwork. But semester finals awaited his return.

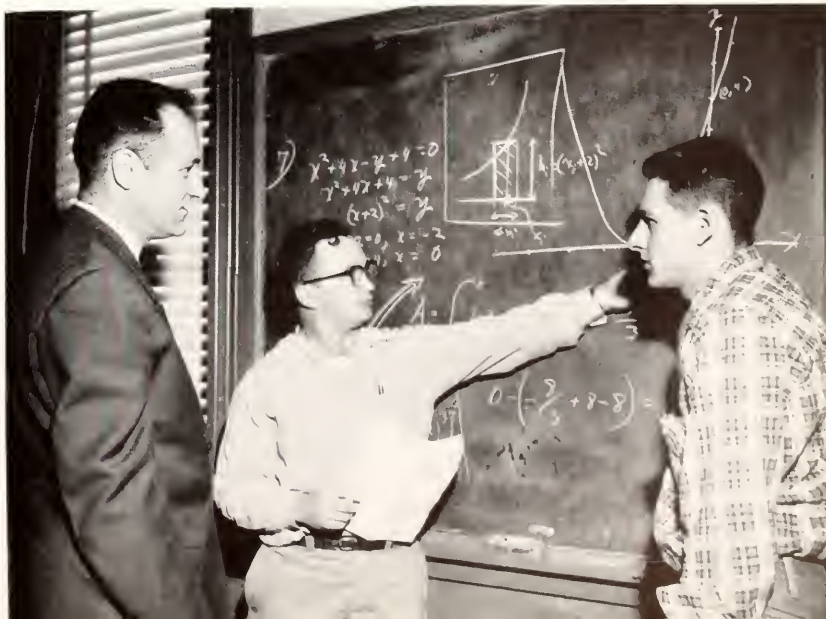

Depth, perspective, a feeling of third dimension, clear-cut lines—all part of a day's work in free-hand drawing.

"Boil, boil, burn and bubble . . ." He might look like he's chuckling over a witch's brew, but actually he's in feeds lab.

To some they look like hieroglyphics, but to math students graphs figure rate of change, area, volume or other answers.

Higley Heads Ag Royalty

Swishing skirts and stamping boots marked the Barnwarmer dance, climaxing Ag Week. The Barnwarmer queen finalists, chosen in Ag Seminar by students, answered questions designed to show their knowledge or ignorance of farming.

Marguerite Scherling, Diane Whitley, Janie Fulton, Dorothy Fox and Diane Higley performed such chores as milking a cow and driving a tractor on the quadrangle in front of Anderson Hall. Barnwarmer Queen Diane Higley was chosen by vote of those attending the Barnwarmer dance.

The fateful horse tank put in its appearance early in Ag Week. Aggies who failed to dress in the traditional blue jeans, plaid shirts and red bandanas were "dunked" by fellow Ag students. This year's horse tank battle ground became menacing to vet students and innocent bystanders as well as Aggies as the week progressed.

A *Collegian* photographer took the wrong picture, according to the Aggies, and when the dust cleared, he was in the horse tank. *Collegian* editorials denounced Ag Week, and, as a result, journalists stayed clear of the north end of the campus.

Mark Drake was chairman of Ag Week and the Ag Barnwarmer.

Touch football set off a chain of events on an October Saturday as Sigma Alpha Epsilon and Phi Delta Theta battled in the annual Flush Bowl game. When the game was over, the Sig Alph Lions had racked up another victory over the Phi Delt Rams. With Jim Pollom and Chad Sims completing seven passes for the Sig Alphas, the score ran 62-12. Bob Doebele scored four touchdowns and an extra point for the Sig Alphas to be high scorer of the day. Dick Pierson and Sax Stone made the two goals for Phi Delta Theta.

The climax of the half-time activities was the crowning of the Flush Bowl queen, Joneta Edwards of Chi Omega. After President McCain crowned her, she received a dozen roses and prizes donated by Manhattan merchants. Her attendants were Barbara Starnes, Alpha Delta Pi, and Nancy Cardwell, Alpha Xi Delta.

Pi Beta Phi's float took first-place honors in the parade that wound through city streets and Aggieville. It consisted of a huge champagne glass toasting the Flush

Journalism students and their instructors from 20 Kansas high schools visited the campus in the fall for the high school journalism conference. Workshops were offered on various phases of the newspaper and year-book planning and management. Instructors of the workshops were from Kansas State, Clay Center, Salina, and Wichita East high schools.

Gustafson Named FMOC

The men on campus were in the limelight as election was held for Favorite Man on Campus. Posters appeared on the campus and each organized house presented its candidate to the girls by skits. Gene Gustafson, 1834 Club (Delta Upsilon colony), took top honors. He was crowned at the Snowball dance, sponsored by the School of Home Economics.

He received gold cuff links engraved "1955 FMOC." Attendants were Delmar Conner, Farm House; Ross Miller, Pi Kappa Alpha; Gene New, Acacia; and Neil Scott, Lambda Chi Alpha. Approximately 300 couples danced to Bill Heptig's band under a ceiling of blue crepe paper, snowflakes and small Christmas ornaments.

General chairman of the dance was Betty Winkley. Assisting her were Peggy Howard, FMOC; Susie Cliborn, decorations; Dorothy Crawford, ticket sales; Gaye Fryer, publicity; Pat Burton, refreshments; Marjory Bearg, coat check; Elizabeth Grimble, presentation; Ardella Rusk, preparation; Betty Straub, clean-up; Kathryn Regier and Ruth Kohr, dorm skits.

Sooner or later, Homecoming, the highlight of autumn, rolls around. Alums reappear on the campus, decorations transform houses and students live in a last-minute rush to finish the displays in the wee hours. Numerous activities were planned for the 1955 Homecoming. Opening the week-end festivities was a talent show on Thursday night. Jean Cooper, representing Pi Beta Phi, was officially presented as 1955 Homecoming Queen by Gerry Day, student body president. Attendants were Becky Culpepper, Kappa Kappa Gamma; Marjorie Badeker, Northwest Hall; Gail Compton, Southeast Hall, and Alice Schulze, Northwest Hall.

A central theme, "Sooner or Later," was specified for all decorations by the Homecoming Committee. Tramp Day, a new event, allowed the entire campus to see how students looked after working on floats and house decorations. The attire was worn all day and for the pep rally and Homecoming Eve dance that night. House decorations were turned on at 6:30 Friday evening and a parade of cars made its way past the fraternities, sororities and dormitories to end in the Student Union

It's the Aggieville Jamboree, one of the first events of the school year. K-Staters danced to the music of Matt Betton and

Plenty of Activity

Diversity characterizes the life of Joe Student. From early fall to late spring, he found plenty of activities outside the classroom. The first week of school began in a whirl of social events mixed in with orientation and first class assignments. Tennis court and street dances provided fellowship and acquainted the new and old students.

Football games with pep rallies, great enthusiasm, and team rivalry captured the main interest of K-Staters.

for awhile. The big game with Kansas University brought pranks from both sides concerning team mascots and campus disfiguration. The Jayhawks tried to smother any K-State hopes by stealing the mascot, Touchdown IV, before the game, but a substitute wildcat proved too much and the Cats drubbed the KU eleven, 46-0. After the game, both Councils added up the damage and sent their respective bills. Then the debate began, but with neither side winning this battle.

Individual competitive contests such as the Larry Woods speech contest filled the calendar. Mrs. Hinnie Smith, this year's winner, based her speech upon her former name, Hinderkiena Geziena Goosens.

Jazz at the Philharmonic was outstanding among the concerts presented on campus. Big name dances were another favorite of K-Staters. Students filled the Field-house gym and the Student Union ballroom to dance to the music of Ralph Marterie, Les Elgart, Sauter-Finegan and the Four Lads.

Engineers Point to

The spotlight was upon the engineers as they presented their 32nd annual Open House depicting "Your Automatic Tomorrow." The preparations began early in the fall semester as departments and clubs planned their exhibits. The Mechanical Engineering Department walked off with first place honors for the second consecutive year with a beer-bottle organ, a solar-energy display and a script-writing mechanism. The best individual display recognition was given to the Civil Engineering Department's Tuttle Creek dam and prestressed concrete diving board exhibits.

Automatic Future

The Open House began with a ribbon-cutting ceremony by St. Pat and Patricia, Ron Bryant and Sondra Tate—both candidates of the Mechanical Engineering Department. The engineers' royalty was escorted through the Open House before the annual marathon race. This ceremony began with remarks by Dean M. A. Durland. The race started at Seaton Hall and continued to K-Hill where a lighted torch illuminated the letters "KS" on the hill.

St. Pat's Prom with the crowning of the royalty climaxed the Open House activities. Seven hundred couples danced to the music of The Pastels. Kay Benjamin, Sue Wyant, Ralph Smith and James Hotchkiss were St. Pat and Patricia's attendants.

Capturing first-place trophies for the second consecutive year were Alpha Delta Pi and Phi Delta Theta. The ADPi's adapted Bizet's opera *Carmen* to college life. The heroine did not die in their version but discovered two beaus were better than one. The Phi Delt's portrayed "Liberace and his mother" with a fictitious scientist plus a chorus of rebellious college boys in a lively satire on Edward Murrow's TV show, "Person to Person."

Chi Omega was second in the sorority division, and Tau Kappa Epsilon and Alpha Tau Omega placed second and third respectively in the fraternity division.

Music Maestro

The end of basketball season did not mark the end of "spectatorism" for most K-Staters. Showing that students possess an aesthetic as well as an athletic side, many persons attended the spring performances of the Artist Series. Programs varied from a concert by famous pianist Seymour Lipkin to the exotic and exciting Calypso Dancers. Such programs supplemented the classroom development of K-Staters with actual presentation of the classics studied in music, drama or humanities. Spring art displays and recitals by K-State music students also aided in the "diffusion of culture" on campus.

Athletics did not take a back seat, however, since many innovations were introduced to stimulate interest and participation in varsity sports. Chief of these was the promotion of swimming to a varsity sport. Formerly, swimming was simply an extracurricular activity. From the formation of a club for boys interested in competitive swimming evolved the varsity swimming team which

Aggies In Spotlight

More than 4,500 spectators attended the 27th annual Little American Royal last spring and watched the future livestock leaders in action showing cattle, hogs and sheep and putting show horses through their paces in Ahearn Fieldhouse.

Student-operated and managed from planning to cleanup, the Royal gives students training and experience in animal showmanship. The animals are owned by the College.

Co-sponsored by the Block and Bridle Club and the Dairy Club, the Little Royal is open to all K-State students. Nearly 200 students participated including several coeds who won some of the classes.

Awards are made in each class and are based on the improvement in the animal's appearance and the showing of the animal.

George Atkeson and Dee Follis won the grand champion awards, Atkeson in dairy division and Follis in the block and bridle division. Follis also won a first place in the quarter horse division. First place in exhibiting hogs went to a coed, Virginia Balthrop, and Larry Henry won the sheep division.

Excitement and color, but plenty of work too. The pageantry is momentarily forgotten by Dee Follis as he applies a brush to

Here's How It's Done

"High school economics never offered anything like this," the girls exclaim viewing the Home Economics craft display.

Home Economics majors were hard at work preparing for the 25th annual Hospitality Days as the 1955 Spring semester rolled around. More than 500 girls had a part in making the program a success, as about 2,000 high school girls and teachers from 138 schools arrived on campus to learn of the opportunities offered in home economics.

House plans, budget charts, financial information booklets, original designed outfits and craft articles were some of the features in the various departmental exhibits.

Activities began Friday afternoon with a program and coffee hour. Saturday morning brought tours of the exhibits, campus, home management houses, cafeteria and nursery school.

Demonstrations in cooking, clothing and sewing also informed the potential college students what the latest developments were in Home Economics. In some rooms, the college girls gave talks about family health and child development.

Bones and bodies are the center of interest to these high school visitors as a pre-nursing student explains the names and

functions of the various muscles and bones of the body. This was part of the family health exhibit.

Attention is centered on Carol Antic as she measures ingredients for a dietetic demonstration. The various Home Eco-

nomics classes sponsored displays to illustrate what these prospective students can learn at K-State.

The theme of the morning career program was "Home Economics Opportunities at Kansas State."

After a box lunch in Nichols gym which 786 persons attended, the visitors watched a style show, "Key to Your Wardrobe", which featured a typical coed and the appropriate clothes she needed for various college events. The show was closed with a parade of costumes from the flapper age.

Teas for the visitors were given at the freshman

dormitories, and the girls were shown how the college girls live.

Mariellen Jones was chairman of the steering committee, and Delaine Smith was assistant. Miss Margaret Raffington was the adviser. Other members were Luetta Bartel, Helen Morris, Kathryn Regier, Doreen Cronkite Clair, Pat Suddath, Betty Brammell Tointon, Donalee Meyers, Jan Corwin, Peggy Howard, Shirley Sarvis, Elaine Woodburg, Lois Perry and Betty Winkley.

It's get-acquainted time as Home Economics Dean Doretta Schlaphoff Hoffman pours the punch at a dormitory tea.

Neptune Reigns Again

The wonder world of Neptune's court set the scene for the Frog Club's annual water show. Long hours of practice and hard work preceded the show which consisted of 12 numbers arranged and composed by Frog Club members. They were assisted by Mrs. Thelma Dawson and Alice Becker, club sponsors. Court jesters, mermaids, sailors, starfish and water nymphs presented water stunts before King Neptune. During the intermission, a diving exhibition was presented by Bob Reese, Thelma Horlacher and Alice Becker.

Speed took precedence in the first annual chariot relays sponsored by Lambda Chi Alpha fraternity. The winning chariot of Beta Theta Pi fraternity circled the quarter-mile course in 53.4 seconds. The winning team included Hank Pierce, Bob Elgaard, Bob Westrup, Bob McDowell, Gerald Culley and Buddy Frye. Pat Knoll of Alpha Chi Omega was the rider.

Members of the winning team and the fraternity they represented received gifts valued at \$600. A 21-inch television set was included. Sigma Alpha Epsilon won second with a 55.6 record, and Tau Kappa Epsilon captured third with a 55.8 timing. The Kasbah house won first prize for having the most unique chariot. It was shaped like a cannon, and fired a rubber ball. The charioteers and rider were dressed in blue with Union hats. All proceeds from the race went into the general scholarship fund.

Strain and stress show on the faces of the Beta runners while their rider displays a grin as the chariot finishes first.

"Step right up folks and test your aim by ringing the little duck's neck. It's easy," say AGR booth owners.

Each year the Arts and Sciences Council sponsors a carnival, the proceeds of which are used to circulate brochures throughout Kansas high schools to promote interest in the School of Arts and Sciences at K-State.

Various carnival booths and sports are represented at the event with admissions to each of the booths at a minimum of expense so that all College students can enjoy carnival life in their own "backyard."

All campus organizations are asked to participate in the carnival, which is usually held on the tennis courts. Last spring Pi Beta Phi had the winning proceeds booth, a jailhouse where anyone could put his best friend for safe keeping. One of the most popular events of the evening was the auctioning off of various campus professors, a unique idea of the Arts and Sciences Council.

Grand Finale

That short trip across the stage—much shorter than between any of Joe Student's classes during the past four years—stood for hours of cramming, burning the midnight oil and worries, academic and otherwise. That short trip placed all the coke dates, hour dances, house parties, picnics and movies in the past. That short trip was the climax of what now seems an awfully short stay at Kansas State. Now he glibly joked to his bridge-partner at the "Can" about "seeing ya' later, alligator." But as he drove away from Manhattan with his parents and diploma Joe passed "Brownies" heading south or east, and the "Rainbow" and the "Skyline" heading north or west—he wondered "see ya' how much later?"

That short trip—just a jaunt—beginning a long journey into what the elders have always soberly termed as “life.”

He'd been handed his sheepskin and had taken a moment to catch his breath and think of his direction “into the world.” It was a lot like the first swat his mother's obstetrician administered—“here's your first breath, kid, you'll have to take it from here.”

“Take it from here . . .” into the 45 states, District of Columbia, and 29 foreign countries you represent, take it from here—you're a Kansas State graduate . . . An alumnus,” he said.

Just a few steps but suddenly the student is gripping his diploma and shaking hands with the President.

“**. . . Agriculture**, Arts and Sciences, Engineering and Architecture, Home Economics, Veterinary Medicine” . . . and now

to find your place in the right school. It would be too bad to get someone else's diploma—too bad for you and for him, too.

Places Everyone

Late rehearsals, instructions from the director and lapses of memory on stage all faded away in the glory and satisfaction of a well-deserved curtain call. Proving that "the play's the thing," K-State's Katherine Cornells and John Barrymores turned in many performances throughout the year.

The last production of the 1954-1955 school year was *Mr. Roberts*. The thundering cries of "Who did it? Who did it?" by Frank McCreary as the inimitable captain put fear into all hearts but that of Mr. Roberts, played by Merton McIlvain. The antics of Ensign Pulver, portrayed by Baird Miller, added even more to the hilarity of the show.

Dr. John Robson wrote and directed the play, *Quantrell and Kansas*, which was presented in conjunction with the Manhattan Centennial. Major roles were filled by Baird Miller and Mary Lu Compton. The action of the play concerned Quantrell's raid on Lawrence, Kan.

"This is the captain speaking" cries Frank McCreary as he hands orders to Merton McIlvain in *Mr. Roberts*.

The long-awaited liberty for the crew of the *Reluctant* ended disastrously but happily. The palm tree, ever-present reminder

of the captain's authority, looms warningly in the background, but Mr. Roberts seems to have the situation well in hand.

Earl G. Hoover, long-time director of K-State drama presentations, scans new scripts for future production.

The heat which caused grease paint to run did not stop the cast of *Sabrina Fair*, the K-State summer school production. The show, which was given outdoors on the quadrangle north of Nichols Gymnasium, was a four-act romantic comedy involving a modern-day Cinderella. Starring roles were played by Rachel Pickett and Merton McIlvain.

The first presentation of the 1955-1956 school year billed Baird Miller, Merton McIlvain and Charley Peak as the three desperate, mischievous but lovable convicts

in *My Three Angels*. Directed by Earl G. Hoover, the rollicking comedy proved an immediate hit with the students whose interest in the Ducotels' unusual Christmas provided an appreciative and attentive audience. Jan Lowderman played Marie Louise Ducotel, the daughter whose romantic problems immediately commanded the interest and co-operation of the "three angels." This delightful comedy opened the theater season in good style.

Jim Hollis and Lou Ann Oberhelman team up in the leads of *Red Peppers*, one of a series of one-acts given by drama students.

When three convicts enter a home on Christmas Eve and end up decorating the Christmas tree, poisoning a prospective

father-in-law and wooing the daughter, the Ducotels are justly indignant, as shown here in *My Three Angels*.

Aladdin was the next production by the K-State Players. Given on a Saturday morning as well as once in the evening, the age-old story of Aladdin and his wonderful lamp appealed to Manhattan youngsters as well as to their parents and students on campus. The title role was enacted by Kenny Nakari. The female lead was played by Nancy Porter.

Prior to LIFT week the slogan for the week was advertised. Puzzled students read "Your work, your life, and Bernadine." Everyone wondered just where this Bernadine fitted into "your work" and "your life." The mystery was solved when students saw the play, *Bernadine*, which was selected to be produced during LIFT week. It was the story of how a confused teenager adjusts his ideal of love to his everyday surroundings.

If *Aladdin's* wonderful lamp were still around conjuring up beauties like this, its worth would be inestimable.

Wormy, the mixed-up adolescent, was played by Bruce Bellamy while other leads were filled by Baird Miller, Judy Hall and Ann Soelter. Typical problems such as parent domination, gang acceptance and dating were brought out in the play.

Major Ogden was presented April 13 and 14. Dealing with the construction of Fort Riley, the play had special interest value for residents of Manhattan and for personnel at the Fort in addition to K-Staters. Written by Dr. John Robson of the Speech Department and directed by Earl G. Hoover, the title rôle was played by Kenny Nakari while Mary Lu Compton, Lou Ann Oberhelman and Baird Miller had supporting roles.

Lou Ann Oberhelman gestures at Judy Hall while Harpo Griffith stands by in dismayed silence in a scene from *Red Peppers*.

Gazing toward Sneaky Falls, Idaho, these teenagers fancy they can see the mysterious dream woman, Bernadine.

Harpo Griffith woos his lady, Mary Lu Compton, to the strumming of the Spanish guitar in *The Cave of Salamanca*.

On a smaller scale, opportunity was provided to new talent as well as to the "old timers" by two series of one-act plays, one series presented in the fall and the other in the spring semester. Students filled the role of director as well as that of actor. Practical experience was gained in this workshop-like manner. Presented to a small but appreciative audience, each series ran for two nights.

On October 20 and 21 the curtain was raised on *Aria da Capo* starring Mary Lu Compton and Joann Royer, *Opera! Opera!* and *Red Peppers* in which Jim Hollis,

Harpo Griffith, and Lou Ann Oberhelman had leading roles.

Gertrude Stein's *Yes Is for a Very Young Man* was first on the bill on February 16 and 17. It was followed by Tennessee Williams' *Ten Blocks on the Camino Real* and Cervantes' *The Cave of Salamanca*.

These one-acts gave many students who were interested in the drama and drama production an opportunity to participate. In addition to the one-acts, a series of reading quartets was sponsored by the Speech Department.

With all the panorama of cinemascope, this scene from Tennessee Williams' one-act play, *Ten Blocks on the Camino Real*,

fills the stage in Holton Hall, where a series of one-act plays was presented by the Speech Dept. and the K-State Players.

Staters Match Wits in 350 Debates

Work, work and more work is the motto of the K-State debaters. They participated in 350 division debates and 47 individual events this year. During the fall semester, the K-State novice debate tournament was sponsored with 22 schools from six states entered. The first annual K-State-KU audience debate was held the night before the K-State-KU football game with Bunny Cowan and Anita Grimm representing the Wildcats. K-State was host to the high school Class A re-

gional debate tournament and the Class AA state tournament. The debaters were also hosts to 12 schools for a discussion tournament, the first event of its kind on the college level.

Debaters journeyed to the University of Oklahoma for the Missouri Valley Forensic League debate, the oldest debate league in the country. A different topic than the national debate proposition was used. K-State was selected as the site for next year's debate.

For the first time in many years the campus was host to a team of touring foreign debaters. Scandinavians Paul J. Svanholm and Harol U. Serner debated Tom Bowman and Ed McCoy of K-State on "The Far Eastern Policy of the United States Is Deplorable." Thirteen debates were held before audiences on the high school debate topics. Four debate programs were given before local civic and church groups. Forty-three students participated in the inter-collegiate forensics activities.

Results of the tournaments were: seven K-State teams advanced to the quarterfinals of tournaments before losing, six teams advanced to the semifinals and one team advanced to the finals. K-State debate teams won first place in two tournaments and second place in two tournaments. At Nebraska, the debaters were rated in the top 11 superior teams of 87, while at Notre Dame they were fifth of 22 teams. Individuals advanced into the finals 12 times, and one second place and three third places were received. Charles Goetzinger and Caroline Drummond were instructors.

Bullseye! First Place

Both the Army ROTC and the Air Force ROTC promote a rifle team. Sharpshooters from these teams are selected to compete with other Big Seven schools on K-State's Varsity team. This year Wesley Cummins won the national championship shooting for the Air Force team. He is the first national champion at Kansas State College.

The teams meet once a week for regular practice or competition and the range in the Military Science building is open for individual practice throughout the week. All guns and ammunition are furnished to the teams. Two kinds of competitive matches are used by the teams—postal and shoulder-to-shoulder. Postal matches, when the competing teams fire at their respective ranges and then compare scores by mail, are the more widely used of the two. The varsity team won 21 of these matches and lost only one. The shoulder-to-shoulder matches require the presence of the competing teams firing on the same rifle range at the same time. The varsity team won all three of these matches.

Staff Sgt. James Hart coached the varsity team, and Captain G. D. Scheufler was adviser.

The individual Army and Air Force teams compete in the same categories as the varsity team. This year (to

March) the Air Force team held a record of 41 wins and 4 losses in postal matches. In the shoulder-to-shoulder division, it collected four wins with only one defeat.

The Army team won one and lost six postal matches and two wins and one loss was recorded for the shoulder-to-shoulder competition.

Band Adds Sparkle to Campus Activity

K-State's twirlers, Joyce Brower, Karen Blume and Lyn Mechesney perform along the sidelines before the big kick-off.

Kansas State boasts not one band, but three—the Concert Band, the Varsity Band and the Football Band. Following the football season, the Football Band is divided into the Varsity and Concert Bands. Public concerts and music for various campus events are provided by the Concert Band. Music at basketball games and pep rallies is played by the Varsity Band.

The Football Band presented entertainment during the halftime of the football games. At Homecoming, it performed a "floating K" downfield while playing "Wildcat Victory" for the first time since 1950. It also played a military march as a salute to the Oklahoma Sooners and spelled out "Oklahoma" to the tune of Rodgers and Hammerstein's "Oklahoma."

Another big demonstration by the Football Band came during the halftime of the Colorado game which was Parents' Day and Band Day. After forming a giant heart in a salute to the College's honorary Mom and Dad, they spelled out the words, "Mom" and "Pop," and went into three heart formations while the honorary parents were presented with gifts.

Forty-three high school bands, including 2,400 musicians participated in the Band Day ceremonies. A parade through Manhattan was held in the morning and before the game several of the bands gave marching demonstrations. All the bands were on the field to play the National Anthem.

Nancy Howard was the band's drum major. New twirlers were Karen Blume, Joyce Brower and Lyn Meschesney. Impromptu pep bands often assembled at pep rallies and in Ahearn Field House after the Wildcats' victory over KU for the Big Seven basketball title. Jean H. Hedlund directed the bands.

Concerts Highlight Musical Activity

The College Civic Orchestra plays for programs of major musical significance during the school year. It began its appearances first semester with a fall concert. The group accompanied the A Cappella Choir for the Christmas Messiah. During Music Week in May, it accompanied the Choir in a Mozart's Requiem. In addition, in conjunction with the A Cappella Choir, the orchestra presented a concert for the Rotary district conference during the spring semester.

KSAC recorded the fall concert and the Messiah presentation. The recording was sent to all radio stations in this area for broadcasting. The orchestra presented

another concert during the spring semester and accompanied various student soloists for programs.

Reorganized in 1948 into a civic orchestra, the orchestra is a member of the American Orchestra League. Members of the orchestra consist of high school and College students, townspeople, faculty members and Fort Riley personnel. Luther Leavengood is the director.

To be a member of the College A Cappella Choir is the desire of most outstanding vocalists. Membership in the choir is determined by ability to sight-read, range quality, pitch ability and over-all vocal quality. The

For Christmas vespers, the Choir presented Anton Bruckner's Mass in E Minor. Another highlight in its performances was the annual presentation of the Christmas Messiah with the College orchestra.

Easter vespers and an all-College assembly concert were main events during the second semester. It was the first time in several years that the Choir has given an assembly concert.

An event the Choir members eagerly anticipated was their three-day tour during March. This year they presented concerts at Chapman, Abilene, McPherson, Win-

field, Wellington, Kinsley, El Dorado and Herington. The tour program consisted of sacred and secular music. In the secular section of the program the Choir presented eight songs that were originals of William Fischer, the Choir director.

Soloists for the A Cappella Choir were Peggy Hodge, Georgia Rundle, Virginia Roenbaugh, Royce Johnson and Jack Hartle. Solo pianist was Charlene Wess. Accompanist was Jackie Swanson.

spring—the *Ag Magazine* now has a circulation of 2,000. The foremost purpose of this magazine is to provide a training laboratory for students in the field of agricultural journalism, but positions on the staff are open to any interested student in the Ag School. A chance is provided by the *Ag Magazine* for the fledgling journalist to try his skills at popular presentation of technical news in the field of agriculture.

The magazine accomplishes much more than this, however, by also allowing the student to develop skill in business management, advertising layout and advertising salesmanship. One of the added rewards for working on the *Ag Magazine* is the chance to make the trip to Chicago in the fall to attend the annual convention of the Agricultural College Magazines Association. Four staff members and the faculty adviser, Lowell Brandner, attend this annual affair.

At this meeting of the ACMA awards for college agricultural magazines are made each year. The *Ag Magazine* this year won a first-place award for best cover, and second place for presentation of material of interest to women. The February, 1955, issue was the cover award winning magazine. Bob Ecklund was editor, and Hayes Walker III, the business manager.

Engineer Wins Honor

The Kansas State Engineer magazine proudly displays in their office an award for first place for the best single magazine cover during the 1954-1955 year. This award was presented at a national convention in November of this year. The illustrator of the award-winning cover was Leon Armantrout. With an office in Seaton Hall, the staff works to present informational articles of special interest to engineers. The material is planned to supplement text-book information available to the students and also includes job opportunities and a touch of humor to brighten the life of K-State engineers.

The Engineer has wide distribution reaching about 1,500 students, faculty members, several hundred Kansas high schools and many alums once a month from October through May. The total circulation is approximately 2,200.

The Engineer is unusual in that its sole support comes from advertising, and is distributed without charge to its readers. Engineering Open House is usually the main theme of *The Engineer* for the March issue. The magazine cooperates with the School of Engineering in many ways, serving to unite its students. Advised by Dean Richard C. Potter and Prof. L. F. Hobson, the large staff is organized to create well-defined areas of responsibilities for the production of the magazine.

Bill Hunt, editor of *The Engineer* magazine, surveys the monthly product of information for KSC engineers.

Bill Teaford's job is to provide enough advertising as business manager to keep *The Engineer* financially sound.

Who's Whoot Adds Farm, Home Section

A new look characterized this year's *Who's Whoot* 4-H yearbook under the editorship of Jim Windle. Instead of being strictly a memory book that also honors outstanding Kansas 4-H'ers, it is centered this year around the theme of ideas from all the counties for improvement of crops and farm and home methods. These ideas are exemplified by pictures of county projects. Individual recognition of scholarship, leadership and projects is still a feature of the 4-H publication.

Distributed at the 4-H spring round-up by Collegiate 4-H members, the book reaches 32,000 Kansas 4-H members—approximately 15,000 farm families. The Collegiate 4-H Club of Kansas State also provides a member from every county to act as a representative for the *Who's Whoot* staff to co-operate with county agents. This representative provides information, pictures and advertising necessary for publication of the book.

The Kansas *Who's Whoot* was the first state 4-H book in the country, published first in 1927. Not all states have 4-H yearbooks. In the 29 years of continuous publication, the book, first called the *Who's Who*, has grown from 36 pages to this year's total of 200.

Prof. J. Harold Johnson advised the *Who's Whoot* staff located in Umberger Hall. Marilyn Pence was business manager.

Alumni Publications Keep Grads Informed

Helen Hostetter and Kenney Ford inform the alumni. Miss Hostetter edits the *K-Stater*, Ford is alumni secretary.

Handling all news releases of College events and of the students is the responsibility of Carl Rochat, director of the News Bureau. Rochat sees that all announcements of students' activities are printed in their hometown newspapers. However, this is only a part of his job. He is also responsible for news releases of all campus events from handling publicity on conferences to sending out reports on the agricultural judging teams. Whenever students or faculty alike are in doubt of the outcome of some activity the students have participated in, they can usually find the answer in the vast files of the News Bureau office.

After graduating, students turn from their reading of the *Collegian* to the *K-Stater*, the alumni magazine edited by Helen P. Hostetter. This magazine keeps K-State grads acquainted with College news through condensed news of campus events and other alumni long after they have left their alma mater.

Sending accounts of basketball and football games over the airwaves is done by DeVere (Dev) Nelson for the last two years. Nelson is winding up his career as sportscaster for Kansas State this spring and next fall will assume new duties for WIBW in Topeka. Director of KSAC, the K-State station is Ken Thomas.

Haven of Activity

One of the busiest buildings on the campus is Kedzie Hall, home of Student Publications, Inc. Journalists can be found there nearly any hour, day or night, fighting deadlines for the daily paper and the yearbook. The publications put out by and for the students include the *Collegian*, the daily paper, the ROYAL PURPLE, yearbook, the *Student Directory* and the *K-Book*, an information booklet sent to freshmen and prospective students. The latter is put out by the dean of students' office and the Student Council.

Managing the first three publications is the Board of Student Publications (see administration section). The editors and business managers of the *Collegian* and ROYAL PURPLE are elected by the board and have full responsibility and control for operating their respective publications. The yearbook and paper are supported financially by advertising sold by students and money apportioned from the student activity funds. All students paying two semester fees are entitled to receive the publications.

Editor Doreen C. Clair sits atop a stack of Student Directories before the books are distributed to K-State students.

Copy and Cameras

Braving sultry temperatures and hot winds is one of the requirements of the summer *Collegian* staff, or so it seems to the staff members. However, despite soaring temperatures the staff passed the test and published eight issues during the summer school session. One of the eight papers was 12 pages in length in order that all names and addresses of students attending summer school could be published. Many pictures depicting afternoon life at the swimming pool and other scenes of comparative coolness were one of the main features of the summer editions. Don Kendall was editor and John Burgess was business manager.

Homecoming saw the second largest *Collegian* in the paper's history being printed. The paper portrayed a brief history of Kansas State from its founding until now. Lack of newsprint hampered the *Collegian* staff both semesters, so the staffs had to keep their special edition papers "middle-sized" instead of continuing the annual race of each staff to produce bigger and better papers.

The *Collegian* provides valuable experience which is necessary and vital to all prospective journalists. All work, including writing and editing copy, is done entirely without faculty supervision.

Preparing advertisements before deadline time is John Burgess. Burgess served as business manager of the summer school paper.

Photos and Deadline

Hours and hours of work, the memories of deadlines approaching with merciless speed, wastebaskets full of discarded copy and typewriters clacking in midnight sessions do not seem futile after the finished yearbook has come off the press. The 1955 ROYAL PURPLE was named the 20th consecutive all-American K-State yearbook, the highest rating possible in the Associated Collegiate Press.

Students handle most of the business and editorial duties connected with the publication of the ROYAL PURPLE. However, much of the success of K-State's yearbook can be credited to Prof. C. J. Medlin, graduate manager of Student Publications, Inc., who is known as the nation's leading yearbook authority.

The News and Music

KSDB-FM is the student training station at K-State and it definitely fits its description as shown by the number of students who gain experience through participation in program production. Forty-four students were enrolled in KSDB-FM participation, a fall class for radio production methods. The enrollment of the class jumped to 51 students during the spring semester and was representative of students from almost every department on campus. The station, programmed and managed entirely by students, was on the air an average of 36 hours a week, six days a week.

Duane Cheatum places the next record for a Saturday morning musical interlude on the station turntable.

A large variety of programs was handled by the station. Daily news coverage of both world and local events was presented along with sports broadcasts of national sports, KSC football and basketball games, and Manhattan high school sports.

Near Christmas time a four-hour program entitled "Christmastime KSDB" was presented including records of Christmas carols and "A Christmas Carol" by Dickens. Live broadcasts by the dramatics students were also on the program, as were several children's programs and special events, such as the Dave Brubeck concert. Students also received experience of disc jockeying.

Judging Teams Rank High Nationally

K-State judging teams became nationally known through several wins in various contests throughout the country, and added further fame to the School of Agriculture by winning permanently several traveling trophies. The K-State senior livestock judging team, coached by Don Goode, gained possession of the quarter-horse trophy in the Intercollegiate Contest at the American Royal last fall. The team also placed second in the entire contest, losing to Oklahoma A&M. It was the first time in two years that K-State did not take the first-place trophy. In individual classes the team placed second on beef cattle, fourth on sheep and eighth on hogs. Mark Drake was high man on horses and sixth high for all classes.

The junior livestock judging team, also coached by Goode, came in with top honors by winning the National Western Livestock show at Denver. This was the second time in three years that the team took top honors in this contest. The K-Staters were high on sheep, cattle and hog judging in a field of 15 teams. James Flanders was high for all classes, and Arthur J. Armbrust was second high of all classes.

The wool judging team received its share of the winning laurels this year by capturing first place in the Intercollegiate Wool Judging Contest. The contest was held in connection with the American Royal in Kansas

City. KSC wool judges had just missed first place by a narrow margin in the last three years. The students were high on grading fleeces and judging commercial fleeces and third in judging breed fleeces. Roy Henry was second high in the entire contest, Jackson Todd sixth and George Atkeson seventh. T. Donald Bell was coach.

Second place was captured in the regional dairy and cattle judging contest in Chicago by the junior dairy cattle judging team. The team was first in Ayrshires, second in Guernseys, sixth in Brown Swiss and seventh in Milking Shorthorns. Kenneth Kirton was third in the

entire contest and Ancel Armstrong was high man judging Milking Shorthorns. G. B. Marion was coach.

The meats judging team placed eighth among 16 teams in intercollegiate meats judging at the American Royal. The team was third in lamb judging and first on beef grading and beef classification. Individually Francis Menghini was high man on beef grading and classification, and Joe Roesler tied for fifth in lamb judging.

In a different contest the judging team coached by Ralph Soule, placed seventh among 23 intercollegiate meats judging teams in a contest at Chicago. The group was seventh in judging beef, eighteenth in judging pork, fourth in judging lambs, fifth in beef grading and third in lamb grading. Francis Menghini was high in lamb grading and second high in beef grading. Walter Martin was second in pork judging.

The crop judging team placed third in intercollegiate contests in Kansas City. It ranked first in the commercial rating class, third in identification and sixth in judging. Arthur Armbrust was fourth in grading, sixth in judging and fourth in the entire contest. Dale Perkins was fourth in the identification class and sixth in the entire contest.

The poultry judging team ended up with fourth place out of 20 teams at the International Collegiate Contest in Chicago. The team judged the production and exhibition of market birds and their eggs. Ray Morrison was coach.

Dairy Judgers Win Ninth

The senior dairy judging team ranked in the ninth-place berth out of 34 teams in a contest at Waterloo, Iowa. This was the largest contest of its kind ever held. In addition to their high team ranking, the boys represented the only group who had two out of three winners in the top ten bracket. Individually George Atkeson was sixth high in the contest and Roger Hoyt was tenth. Atkeson was fifth in Jersey judging and eighth in Holstein. Hoyt was third in Jerseys. The entire team placed seventh in the Jersey division and tenth in the Holstein division. G. B. Marion was coach of the dairy judging team.

Two Contests Entered

The dairy products judging team participated in two contests during the fall, but did not enter any other collegiate divisions during the year. At the intercollegiate dairy products judging contest in Chicago the team finished seventh. William Heart was the highest ranked individual from K-State with eighth in butter judging.

The collegiate students international contest in judging dairy products, held in St. Louis, found Kansas State judgers winding up 26th in all products judging. William Heart again placed high by capturing 10th spot in the cheese judging division. W. H. Martin was coach of the dairy products team.

Athletics

Moon Resigns; Bebe Takes Over

ATHLETIC competition, a big part of college life at K-State, is supervised by the Department of Intercollegiate Athletics. The College competes in the Big Seven conference in eight varsity sports—football, basketball, indoor and outdoor track, baseball, wrestling, tennis, golf and gymnastics. Another sport, swimming, was added to the program this spring and will enter in varsity competition next year.

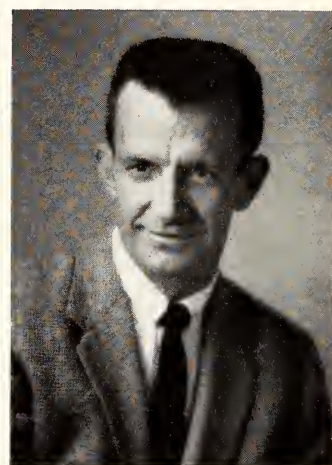

Heading this vast program has been Laurence A. (Moon) Mullins. Mullins left K-State April 1 to assume a similar position at Marquette U. Taking over as athletics director was H. B. (Bebe) Lee, former basketball coach at Colorado U.

At the time of Moon's resignation, January 21, President McCain issued the following statement:

"Kansas State is permanently indebted to Moon for his contributions to our athletic program. Notable among these were the harmony and esprit de corps he established within the athletic staff, the respect for the intercollegiate athletic program which he inspired among the faculty of the College and the reputation for integrity

which was increasingly accorded K-State athletics by other colleges through his administration.

"He, his wife Mary, and his fine family have our best wishes in their new work and home."

New head coach Bus Mertes and his squad of promising sophomores and few, but experienced veterans got off to a poor start, bounced back to score two of the most stunning upsets of the year and came within one game of a perfect Cinderella finish. The Cats turned in a 4-6 overall season's record, but three of those wins were in league play to give them a 3-3 Big Seven record and a tie for third place, a two-place jump over their fifth place finish of last year.

Cowboys, the Wildcats were favored to win. But the 95-degree sun, predicted to wilt the mountain Cowboys, broiled the Cats instead who collapsed in the fourth quarter as Wyoming won 38-20. Wyoming scored twice, taking a 14-0 lead midway in the second quarter before K-State was able to tally. But the Wildcats, showing promise of better days, fought back to a 20-20 deadlock at the end of the third quarter. The contest veered strongly toward Wyoming near the finish by which time most of the Wildcat first stringers were played to exhaustion. For K-State Ralph Pfeifer snared a pass from Bob Whitehead for 28 yards and a touchdown, Bill Carrington sprinted 14 yards for another and Kenny Nesmith plunged one yard for the third.

Moving to Iowa City for its second game, K-State met the University of Iowa Hawkeyes of the Big Ten, one of the new foes that made the '55 schedule the most rugged in modern K-State history. Coach Mertes' Wildcats gave a good account of themselves, but his old alma mater overpowered K-State, 28-7. The Wildcats brought a record crowd into the stadium for a non-league opener as an estimated 44,500 persons watched the Hawkeyes batter their way to a 21-0 first-half lead. But K-State never gave up, and when Iowa fumbled a booming 74-yard punt by K-State's Dick Allen, the Wildcats scored with Dick Corbin going across on a keeper.

Kansas State next tangled with the University of Nebraska at Manhattan in the Big Seven opener for both clubs. In a game rated as a toss-up, a badly disorganized Wildcat team fell before the Cornhusker attack, 0-16. After a scoreless first half, Nebraska scored just

before the third quarter ended. The Huskers scored twice more in the fourth on a field goal and a touchdown, while the Wildcats, plagued by fumbles, saw several scoring attacks backfire.

Pulling itself together, K-State went to Milwaukee to meet Marquette University. The Wildcats were a 21-point underdog. Playing as if they didn't read the news-

papers, the Wildcats rolled to a 32-0 halftime lead and went on to flatten Marquette, 42-0, to post their first victory of the season. It was the second worst defeat ever suffered by Marquette in the history of the school. Behind a hard-charging line, Tony Addeo went nine yards around right end for the first tally. In quick succession, the Wildcat line held Marquette on fourth-down gambles and recovered Warrior fumbles to set up four more first-half scores by Wildcat backs. Bob Whitehead went 15 yards on a keeper for the second score, Ralph Pfeifer went 38 for the third, Dick Corbin sneaked across from the one for the fourth and Whitehead kept from the two for the fifth. a bad case of the fumbling disease in the second half of the game. A fired-up K-State team scored first in the contest as Ralph Pfeifer went 31 yards to score. A boot by Jim Rusher made it 7-0. But K-State seemed to have thrown everything it had into the first quarter as Colorado came back after the clubs changed goals to tie the score, 7-7, at halftime. Colorado scored three more times, all in the second half, before K-State was able to score again. Jerry Hayes went across from the four for the Wildcats midway in the fourth period for the final K-State tally.

The Wildcats finally broke into the Big Seven win column by virtue of the toe of end Jim Rusher. K-State came from behind to stop the Iowa State Cyclones, 9-7, at Ames. The nation's number one football team invaded Manhattan next to play the Wildcats before their Homecoming crowd. And the Oklahoma Sooners proved, 40-7, that there was no question about their ranking. Five first-half touchdowns blasted any hopes that the K-State Homecoming theme of "Sooner or Later" wouldn't be the "Later." Only consolation for the Wildcats was that

Great Day at KU

Ten days before Kansas State was to play the University of Kansas, Jayhawk fans stole the Wildcats mascot, Touchdown IV. Ten days later, at the end of the first quarter of the 53d meeting of the two clubs, the Wildcat was returned. The theft was already avenged. K-State, leading, 26-0, at the end of the first quarter was in the midst of whipping the Jayhawks into a dazed and helpless hulk. The 46-0 victory scored by K-State that afternoon was the most lopsided victory ever recorded by the Wildcats against KU and left 26,000 fans in the stadium at Mount Oread shocked at the outcome of a game that had been rated by most as a toss-up. Leading Cat scorer was soph halfback Ralph Pfeifer, who tallied 36 points. Ellis Rainsberger won a starting guard spot.

Tackle Frank Rodman and end Jim Rusher won honorable mention on all-league teams. Rusher scored 18 points for K-State.

Wildcats got into the scoring act as K-State rolled up six yards more rushing against KU than Oklahoma was able to do. The scoring went like this: Doug Roether scored from 9 yards out, Jim Rusher converted, Kenny Nesmith scored from the 4, Rusher converted, Bill Carrington scored from the 6, Dick Allen returned an intercepted pass 55 yards to score, Keith Wilson scored from the 2, Rusher converted, Ralph Pfeifer scored from the 13, Wilson scored from the 6 and Terry Lee converted. K-State held quarter leads of 26-0, 33-0 and 39-0. Said KU's Coach Chuck Mather, "They played like they were mad at us."

Playing their last conference game, the Wildcats continued to ride high as they blanked the Missouri Tigers 21-0 for the Purple's first official victory over MU since 1938. Again it was the K-State line that paved the

Jim Rusher went across from the 14 for the first tally, and 41 seconds later end Chuck Zickefoose carried a Missouri lateral 35 yards to score. Just to make it convincing, the Wildcats covered 66 yards in the third quarter to score their final touchdown. Ralph Pfeifer got the credit for the tally by going nine yards on a pitchout.

Oklahoma A&M finally stopped the Wildcat surge, handing K-State a 28-0 drubbing at Stillwater in the season's finale. Everything went wrong for the Wildcats. for only a hurried warm-up. The Aggies scored twice in the second quarter, once in the third and once in the fourth.

Several after-season honors came to various members of the squad. Doug Roether, blocking and running full-back for the Cats, was named to both the AP and UP all-Big Seven teams, received the Mayer award at the annual K-State athletic banquet for being the most inspirational player, and was picked to play in the Blue-Gray game. Ellis Rainsberger was elected captain for next season, and Jim Furey was picked to play in the East-West game. Three Wildcats—Ron Nery, Chuck Zickefoose and Bob Whitehead—were chosen to play in the newly-organized Christian bowl at Murfreesboro, Tenn.

Quarterback Bob Whitehead set a K-State record with a 90-yard quick kick. Soph Keith Wilson scored twice against KU.

Frosh Lose Two

The Kansas State freshmen, working toward varsity positions next season, provided competition for the Wildcat regulars in practice and met two other Big Seven frosh teams. K-State lost both games, falling to Kansas, 18-13; and Nebraska, 3-0. In the KU game, K-State jumped to an early 6-0 lead when fullback Craig Jones drove over from the 1-yard line after a 37-yard drive. Kansas tied the contest just before the half ended, then scored again in the third and fourth quarters to ice the game. K-State's final score, a desperation pass, came with only 2:32 left in the game. Francis Trusky, left halfback, uncorked an aerial which carried for a total of 79 yards as Jim Luzinski, right end, carried the ball into the end zone. Glen McCurdy added the extra point for the young Wildcats.

NU Field Goal Wins

Meeting Nebraska in the only home game for the frosh, K-State battled down to the wire before a field goal with 59 seconds left in the ball game gave Nebraska the 3-0 victory. The kick came on the fourth down after Wildcat defenses had finally put a halt to a Nebraska

ground attack that worked the ball to the five. Both teams threatened to score earlier in the game. K-State pushed to the Nebraska 6-yard line before yielding on downs in the first half, and penetrated to the Nebraska 15 midway in the second quarter before losing the ball on a fumble. Frank Trusky picked up 50 yards for K-State on 13 carries and Craig Jones added 44 more on 10 carries.

Big Seven Title

Senior forward Fritz Schneider sparked the team to a Big Seven championship with a record 36 points against Kansas.

THE Kansas State Wildcats won their first Big Seven conference championship since 1951 when a squad of inexperienced sophomores and a few lettermen fought their way to the top of the standings to take the '56 crown. Coached by Tex Winter in his third season here, the Cats won 17 and lost 8 over-all and turned in a 9-3 league record. The crown was not settled until the Cats' final league game, but they came through to win a historic game, walloping Phog Allen's Kansas University Jayhawks at Lawrence in Phog's last home game.

The Cats, although opening the season with a win, got off to a slow start, dropping four of their first seven games. Opening at home in Mike Ahearn Fieldhouse, the Wildcats stopped Texas Tech of the Border conference 89-70. A pair of sophomores paced the victory. Jack Parr, 6-9 sophomore center, showed promise of things to come as he hit 22 points. Larry Fischer, 6-4 forward, tallied 18 points for No. 2 scoring honors. The Wildcats grabbed a 40-33 halftime advantage in the game after the lead had changed hands eight times, and then blazed through 61 per cent of their shots the second half to sink the Red Raiders who went on to the Border Conference championship.

VARSITY BASKETBALL SQUAD—TOP ROW: Larry Fischer, Bob Jedwabny, Joe Powell, Jack Parr, Wayne Hutchins, Charles Hollinger, Henry Pierce. **SECOND ROW:** Coach Tex Winter, Fritz Schneider, Hayden Abbott, Bill Laude, Dick Stone, Dean Plagge, Roy DeWitz, Assistant Coach Howie Shannon. **BOTTOM ROW:** Warren Bullock, Pachin Vicens, Don Matuszak, Don Richards, Jack Kiddoo, Eddie Wallace, Gene Wilson, Manager Bob Boyd.

Returns to K-State

The Indiana Hoosiers' fast break slammed the Wildcats, 96-72, in the second game of the season. The Hoosiers surged ahead following the opening tipoff, moved in front, 52-38, at halftime and at times led the Wildcats by 30 points. Dick Stone was high Wildcat with 20 points.

Wildcat inexperience showed even more when they met Drake University in the second road game. The Wildcats blew a 13-point lead as the Bulldogs won 70-64. K-State jumped out in front of the contest and owned a 42-31 halftime lead. For the first five minutes of the second half, K-State fought off a determined Drake bid and led 55-45. Then the Cats turned cold, hitting just nine points in the final 15 hectic minutes of play.

The Cats returned home to blast Loyola University of Los Angeles, 92-66, in the Fieldhouse. Jack Parr led the Wildcats to victory as he hit 26 points and pulled in 20 rebounds—just three short of the all-time K-State record. Loyola led only once, 3-2, in the first two minutes of the game. K-State quickly erased that and led, 17-7, after 10 minutes and moved out front 43-29 at halftime.

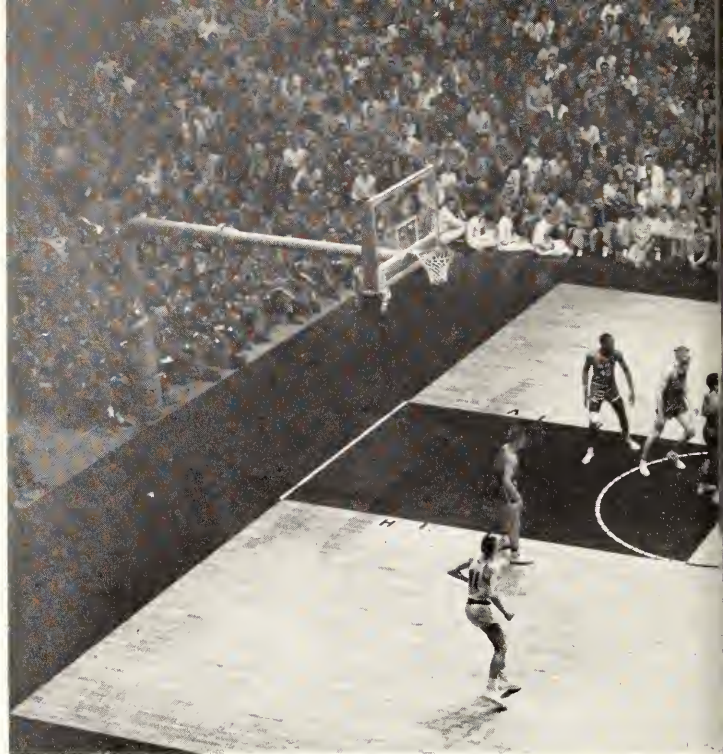

K-State kept its home court win record intact by next topping the Washington Huskies, 74-69. But they did it the hard way. The Wildcats, ahead one time by 11 points, saw Washington come from behind to tie the game 65-65. It was a rough contest from then on but Pachin Vicens put the Cats out in front to stay with two free throws with 4:42 remaining in the game.

In its next outing, K-State dropped a thriller to Houston University, 86-79. Playing at Houston, K-State grabbed a high-scoring 47-46 lead at halftime. In the

Next attraction was the Big Seven Preseason Tournament in Kansas City. K-State came out on the bad end of the pairings meeting Iowa State—tournament champions to be—in the opening round. The Cyclones trounced K-State, 79-71, as the Wildcats literally fouled away the game. K-State hit 26 field goals while Iowa State connected only 23 times from the floor. The Cyclones won the game by hitting 33 of 54 free throw attempts while K-State was hitting 19 of 27.

too much for the preseason tournament winners and dumped them, 82-62. K-State grabbed a 19-point lead in 11 minutes.

The Wildcats went on to win consolation honors in the tournament by whipping Oklahoma, 86-64, and Nebraska, 79-51.

In the Oklahoma game, K-State, sparked by Pachin Vicens, Joe Powell, Jack Parr and Hayden Abbott, rolled to a 43-23 lead over the Sooners in the first half, and never was in any trouble. Vicens hit 23 points, Parr and Powell 16 apiece and Abbott 14.

The Wildcats also had little trouble with Nebraska as four sophomores—Roy DeWitz, Hayden Abbott, Wayne Hutchins and Jack Parr—figured heavily in the triumph. K-State, using a zone defense for the first time during the season and depending mostly on a fast break, rolled to a quick lead and was on top, 38-22, at halftime. Dick Stone led K-State with 24 points, and DeWitz, starting his first game, added 18.

In their first game of the new year, K-State slaughtered College of the Pacific, 67-36, in the Fieldhouse. K-State got off to a slow start and trailed 13-5 at one time. But two 15 footers and two fast-break baskets by Hayden Abbott started a scoring sprec that put the Cats ahead, 25-24, at halftime. K-State hit 42 points the second half while holding COP to 12. Parr hit 22 to take scoring honors.

Iowa State Falls

Going to Ames, Iowa, as distinct underdogs, the Wildcats upset the experts with their first of five league road wins, stopping Iowa State, 68-64. Sophomore Hayden Abbott blazed the way with a 27-point barrage. After spotting Iowa State a momentary 2-0 lead, K-State went

by with a swish as Abbott hit three buckets within a minute and a half. K-State led, 20-9, after eight minutes of play, then fought off a Cyclone rush that closed to three, 32-29, at the half.

The Oklahoma Sooners were next on the list, and they fell to the Wildcats, 61-50. It was the second straight road win for the Cats who, although sputtering at times, were never in real danger. After climbing rapidly in front of a cold-shooting Sooner quintet, the Wildcats held a 12-3 lead after five minutes of play, widened the gap to 17 points after 15 minutes, then held most of it for the route. Parr and Vicens shared scoring honors with 17 points apiece.

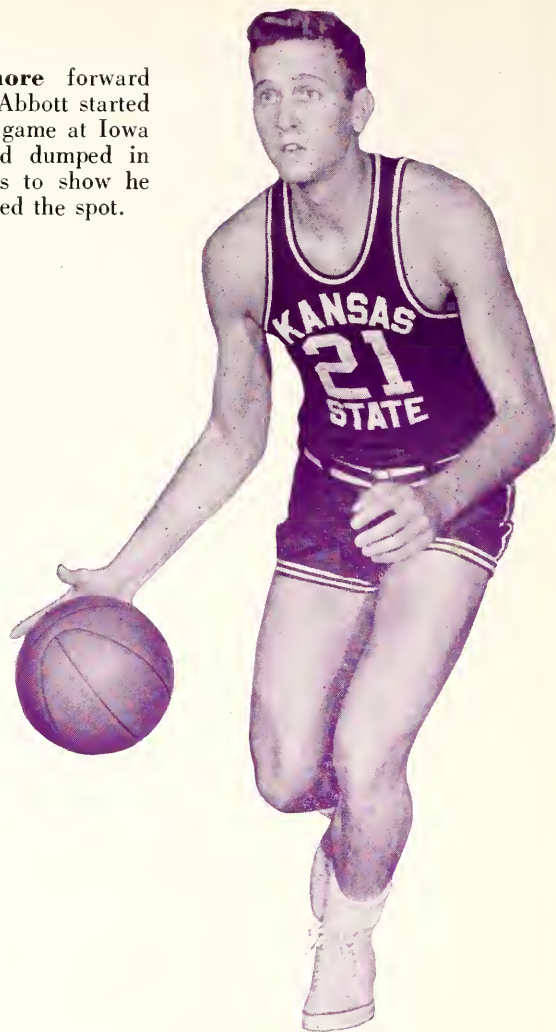

Next came the University of Kansas Jayhawks who invaded Manhattan to play before a full house in Ahearn Fieldhouse. Kansas saw a 15-point lead disappear in the second half but the Jayhawks limped home to hand a 91-86 defeat to K-State in a wild renewal of the bitter Sunflower feud. The 91-point total was the highest ever scored by KU in the series. Abbott hit 23 to lead the Wildcats in their losing effort.

Wildcats Edge Tigers

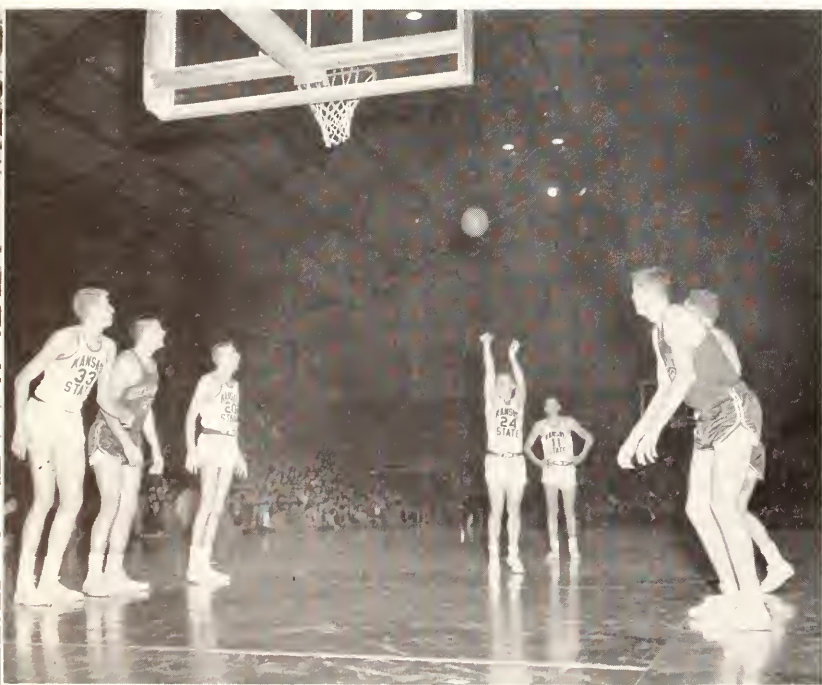

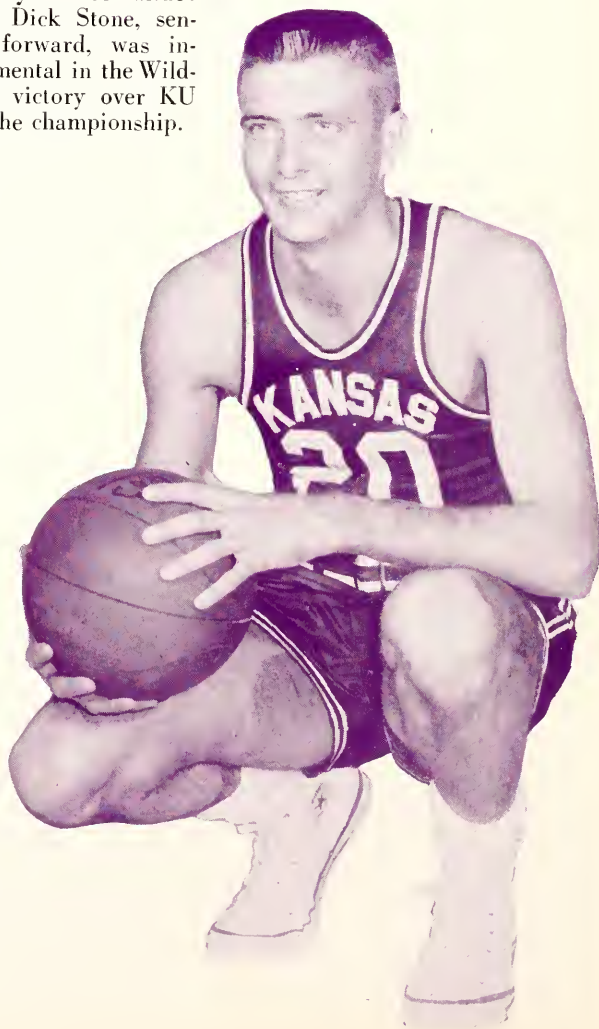

K-State came from behind to take its sixth straight win over a home-standing Missouri Tiger ball club, coming from behind to win, 58-54. Ahead, 40-34, at halftime, Missouri went into an all-out stall game with 11 minutes to play. Fritz Schneider, top Cat scorer with 21 points, soon put an end to the stall, connecting on a set shot from the corner and dropping in a free toss to put the Cats to a 52-49 count. After a bucket by Abbott,

Another point for the Cats as guard Pachin Vicens sinks a free throw against Oklahoma's Sooners. The Cats squeaked by, 71-63.

Sophomore forward Hayden Abbott started his first game at Iowa State and dumped in 27 points to show he had earned the spot.

Always cool under fire, Dick Stone, senior forward, was instrumental in the Wildcats' victory over KU for the championship.

Filling in the second string center position was senior Joe Powell. A converted forward, Powell totaled 85 points.

Adding strength at the guard spot was sophomore Don Richards. Playing in 11 games, he showed good ball handling and control.

An attempted block by Colorado Buffalo Jim Ranglos is to no avail as Fritz Schneider hooks the ball toward the basket.

Schneider hit two more baskets in 13 seconds to put K-State ahead to stay, 55-52.

In their next outing, the Wildcats won their 14th straight over Oklahoma by stopping the Sooners, 71-63, in the Fieldhouse to take the Big Seven lead. The game was closer than the score indicates, for with just 3:50 remaining, Oklahoma had whittled what once was an 11-point K-State lead down to two at 63-61. But a minute later, Vicens popped in a vital jump shot, and K-State went into an effective stalling offense. Parr rammed home 21 points.

Colorado Routed

K-State won its first solid home league victory by battering Colorado with a 53-point burst in the second half to snow under the Buffs, 82-51. Ahead just 29-28 at halftime, K-State hit a blazing 57 per cent of its shots in the second half runaway. Every one of the Wildcat starters scored in double figures. Parr hit 19, Schneider 17, Vicens 15, Abbott 13 and DeWitz 11.

66-52. Parr notched the first basket—he was top scorer with 20 points—and the Wildcats were in front to stay. K-State led, 36-25, at halftime. For the second consecutive game the Wildcat starters all scored double figures.

K-State's only road loss came at Boulder when the Colorado Buffaloes dumped the Wildcats, 71-53. A tense Wildcat team ran up against a red-hot Colorado five that connected on 45.7 per cent of its shots in the first half to gain a 16-point, 42-26, halftime lead. K-State managed to hit just 30 per cent for the game. The game was the 20th straight home victory for Colorado—defending Big Seven champions.

Wyoming Is Tough

Continuing to Laramie, K-State survived a wild finish to whip Wyoming, 78-74, as the Cowboys cut a 12-point KSC lead in the final four minutes of play. Parr led K-State with 25 points, and Abbott contributed 20. K-State, trailing at first in the game, tied the contest 22-22 before going out in front at halftime, 40-32.

K-State returned home from the road trip to whip Nebraska for the third time this season, 73-50. Fritz Schneider hit 20 points from the field and hauled down 20 rebounds to pace K-State. The Cornhuskers made a game of it most of the way and were never behind more than seven points the first half and were trailing

by 38-35 at halftime. The Wildcats finally mustered the knockout blow with 14 minutes left. At that point Nebraska trailed only 45-41, but the Huskers were out-scored, 16-6, in the next six minutes.

Cats Clinch Tie

When Iowa State invaded the Fieldhouse for the third meeting of the two clubs, K-State staggered the Cyclones with an early barrage and then rolled on to an 82-62 victory before a capacity crowd of 13,000. Playing flawlessly, K-State jumped into a 19-point lead and dazed the Cyclones in the first 11 minutes. The Wildcats came out the second half snarling and three times in the first seven minutes built a 21-point lead. After that, K-State poured it on, and Iowa State could do nothing but take it. Parr and DeWitz each hit 18 to take scoring honors.

Needing but one victory to clinch the conference title, K-State met Missouri in the Fieldhouse in the home finale. The Tigers stunned 13,000 partisan fans as they upset the Wildcats, 85-72. Missouri settled the game early, blowing it wide open in the first half. In the last four minutes Mizzou scored 16 points to none for the Wildcats, took a 46-30 lead, and it was as good as over. K-State kept trying and twice in the second half closed the gap to eight points. Parr led the scoring with 28 points.

Easing the ball through the cords, Fritz Schneider evades a leaping block attempted by Cornhusker guard Jim Kubacki.

Larry Fischer, sophomore, started the season at forward and in his first varsity game against Texas Tech hit 18 points.

"We're in," shout the Cats as they carry Coach Tex Winter from the floor after clinching at least a tie for the championship.

Another junior guard was Jack Kiddoo who had limited action until the NCAA regionals. He tallied 11 points against Houston.

Forward Dean Plagge, sophomore, bolstered the Wildcat depth, playing in only nine games and scoring 10 points.

Kansas State went to Lawrence for its last league game needing a win to become undisputed champions.

Fritz Foils Phog

K-State came from far behind to whip Kansas, its bitterest rival, 79-68, and bag the championship. Minus starting guard Roy DeWitz, who broke a toe in the Missouri game, and with seven straight losses to Kansas and playing retiring KU coach Phog Allen in his last home game, things looked grim for the Cats before game time. The hometown crowd of about 17,000 watched the crippled but determined K-Staters come from behind a 10-point deficit to splatter the Jayhawks. Schneider led the way to victory as he tossed through 36 points to set a new Allen Fieldhouse record. He hit 11 of K-State's first 15 points, and 17 for the first half. For coach Tex Winter, the game was a story-book climax to his uphill fight to return K-State basketball to the top of the midlands heap. It was his first victory over Allen and KU since he took over the Wildcats in 1953.

"I've got it," says Pachin Vicens, but KU's Eddie Dater won't hear. Cats beat Hawks at Lawrence, 79-68.

Close But No Prize

Representing the Big Seven in NCAA play, the Wildcats met Oklahoma City University in the opening round in Lawrence. K-State almost made one of its most fabulous comebacks before falling to OCU, 97-93. Down 18 points three times in the second half and trailing by 11 with just three minutes to play, the Wildcats darted to within one point of the Chiefs with 29 seconds left. But OCU sank three free-throws in the remaining time to narrowly come out on top. Eddie Wallace hit 23 to lead Cat scoring, and Parr added 19. In the final three-minute Wildcat explosion, Jack Kiddoo dropped through seven points and Dick Stone six.

Revenge on Houston

In its last game, K-State trimmed Houston, 89-70, to take third place in the tournament and avenge an early season loss to that team. K-State led, 40-37, at half-time. Four Wildcats ended their playing days in the game—Pachin Vicens, Fritz Schneider, Dick Stone and Joe Powell. Parr was top scorer with 21, Stone got 20, Wallace 16 and Kiddoo 11.

Several honors came to the Cats. Parr and Vicens were named to the Associated Press All-Big Seven team, and Parr was named to the United Press team. Wallace made the NCAA all-regional team, and Vicens was named to the Big Seven tournament team.

Playing impressive ball in what little action he saw, sophomore Robert Jedwabny filled out the reserve position at center.

Grapplers Win 5

WILDCAT grapplers jumped off to a fast start this year, winning their first four dual meets before being thrown for a loss by Oklahoma, Iowa State and Oklahoma A&M. The latter team was the nation's No. 1 squad, and Oklahoma was second in NCAA competition. The Cats ended the season with a 5-4 mark.

K-State's best winner was 130-pound Bobby Mancuso, who went through the nine-meet dual season without a defeat and with one draw. His only loss of the year came in the Big Seven tournament against OU's champion Bobby Lyons, 3-2.

The grapplers gave a good account of themselves at Cedar Falls, Iowa, as three men reached the Invitational tournament finals. Bob Mancuso, 130-pounder, and Gary Haller, 177 pounds, dropped their final matches on the referee's decision, and Billy Younger, third K-State finalist, was decisioned 5-2 in the finals.

Regular home season competition began with a dual meet with Cornell. The Wildcats won all but one match to cop the meet 24-5. Roland Alexander pinned his opponent in the 147-pound class for the only pin in the match.

"This is called the up and over," Gary Haller tells his unlucky rival for points in a 177-pound division match.

The Wildcats next played host to the Minnesota Gophers, and when the points had been totaled, K-State held a 17-13 edge. Bob Mancuso pinned his opponent to gain the only pin of the match. He won the fall in 6:35.

Colorado State invaded the fieldhouse with an impressive array of talent for the next dual contest. The Wildcat wrestlers piled up 17 points to Colorado State's 9 to win the meet. Ellis Rainsberger pinned his opponent in the heavyweight division in 6:46 for the only pin of the match.

NU Is Fourth Victim

Nebraska University provided K-State's fourth win, and their first win in Big Seven competition. The Wildcats won the meet, 24-10, despite the added pressure of final exams during this week. Roland Alexander pinned his opponent in 6:30. Arnold Morton, Nebraska 157-pounder, provided the only other pin in the match when he pinned K-State's Dale Blume in 7:27.

Trying for their fifth straight win, the Wildcats went to Oklahoma University. The Sooners were defending Big Seven champs and presented a letterman-loaded roster. Oklahoma handed the Wildcats their first season loss, 29-2. Bob Mancuso was the only bright spot for the Wildcats as he wrestled to a draw.

No Luck at Ames

Iowa State proved to be almost as tough as the Cyclones won the dual meet at Ames, 23-8. Gary Haller won for the Wildcats, and Bob Mancuso continued his string of wins as he decisioned his opponent. Ellis Rainsberger fought to a draw with former Big Seven champion Mel Waldon in the heavyweight class, and Roland Alexander dropped a decision, 7-5, in the last 10 seconds of his match.

Ellis Rainsberger, K-State's top heavyweight, and his opponent are about even at this stage of the match, but Rainsberger, one of the consistent winners on the wrestling team, went on to earn points for K-State by winning the match.

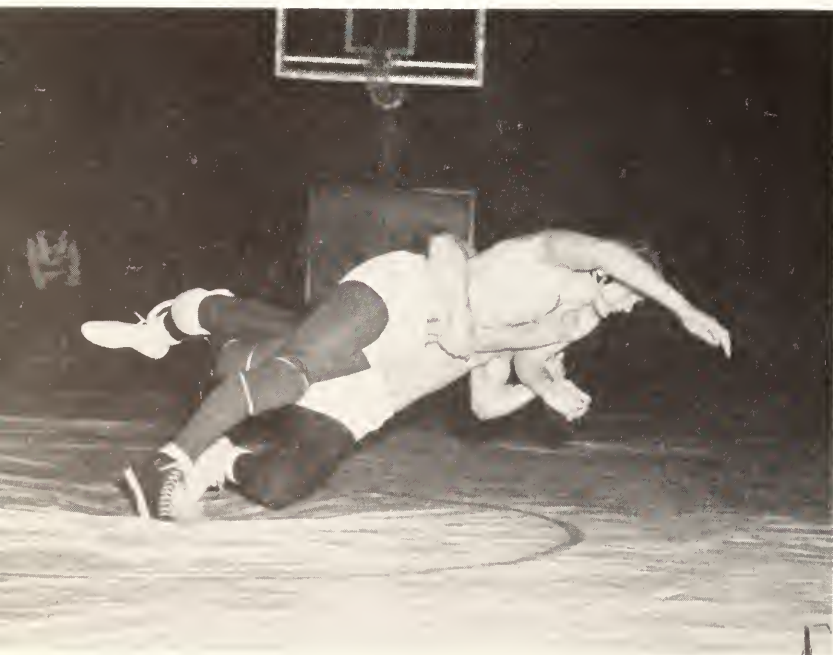

K-State wrestlers had their work cut out for them when they tried to break Oklahoma A & M's record of 28 years without a single loss in dual meets. The Cats couldn't make the grade and dropped the meet, 24-5. Bob Mancuso maintained his winning streak as he tossed his Aggie opponent for a 8-3 loss. Ray Glaze held defending NCAA champ Fred Davis pointless in the first two periods but was decisioned in the last period.

The Cats had little trouble at Colorado, winning all but three matches, one of which was a forfeit in the 123-pound class.

Illinois marked the last dual meet of the season for the Wildcats. Knorr's wrestlers went into the meet with two men missing from the roster. These two forfeits were a factor as the Cats dropped the meet, 25-8. Mancuso bounced back from his defeat the previous week

Balance Artists Win 5, Lose 7

THE 1956 K-State gymnasts, paced by lettermen Wendell Minckley and Wendell Holt from the 1955 team that ended the year with an 8-6 record, won dual meets with Colorado, Minnesota State Teachers College, Fort Hays State, Colorado A&M and Denver. Losing to Nebraska twice, Western Illinois State twice and to Colorado, Colorado State and the University of Illinois Navy Pier, the Wildcats compiled a 5-7 season's mark. The Staters finished fifth among nine teams at the All-College Invitational meet at Boulder. In addition to their regularly scheduled meets, the gymnasts performed at the halftimes of three K-State basketball games.

It's up and over with one hand as sophomore gymnast Allen Olsen runs through a high Olympic scissors on the side horse.

Last spring, the 1955 team added a win over Notre Dame and a loss to Western Illinois State to run its record to 8-6. The team also was third in the Louisiana State Invitational.

Wendell Minckley, handicapped by loss of use of some leg muscles because of polio, performed on the flying rings and the side horse in 1955 to win a varsity letter and the "most inspirational gymnast" award. Other lettermen were Wendell Holt, high-point man, and captain Dale Misak. Freshman numerals went to Allen Olsen and to Wendell Cowan.

Balance wins points for Albert Bumpus, senior letterman back from the army, with a hand stand on the parallel bars.

Doing a "moore" or top turn on the parallel takes sharp timing as exhibited by senior gymnast Robert Eshelbrenner.

Holt, Minckley and Olsen formed the nucleus of the 1956 gym team. Bolstering the team was Albert Bumpus, who returned from the army to complete his senior year. Holt was the team's top all-around performer with his best events being tumbling and trampoline. In a dual meet with Western Illinois State, Holt scored 22 of K-State's 46½ points, and in a dual with Illinois Navy Pier, he tallied 23 of K-State's 48½ points.

Coach Frank Thompson guided the Cat gymnasts in their third year of varsity competition.

Wildcat Thinclads Split Dual Meets

Winning the 75-yard low hurdles is K-State's Gene O'Connor, who edged Bob Barnes of Omaha University in :08.4 seconds.

THE Wildcat indoor track squad competed in seven meets including the Big Seven indoor at Kansas City. They were fifth in the conference meet, won one of two dual meets, won a quadrangular and were third in the Colorado Invitational meet and fourth of 18 schools in the Michigan State Relays.

The Cats dumped Nebraska, 54½ to 49½, in a dual at Lincoln. K-State winners were Marvin Chiles in the 60-yard dash and the 440-dash, Gary Doupnik in the 60-yard high hurdles, Jesse Unruh in the 880, Gene O'Connor in the 60-yard low hurdles and the mile relay team of Larry French, Ray Russell, O'Connor and Chiles.

Finishing ahead of the field, Marvin Chiles grabs a first place for K-State in the 75-yard dash in a quadrangular meet.

K-State scored $79\frac{3}{4}$ points to take a quadrangular from Emporia State, 34, Omaha, $16\frac{1}{4}$, and Drake, 1. For K-State Kenny Nesmith won the broad jump, Chiles the 75-yard dash, O'Connor the 75-high hurdles, Joe Powell the high jump, Arlen Stackley the two-mile run, O'Connor the 75-lows and Paul Miller the pole vault.

K-State finished third with $39\frac{1}{4}$ points to 48 for Iowa State and $41\frac{1}{4}$ for Colorado in a triangular as Gary Doupnik was the only Wildcat winner, taking the 60-yard high and low hurdles. At the Missouri dual, won by the Tigers 80-24, O'Connor in the high hurdles, Miller in the pole vault and Kenny Nesmith in the broad jump were the only winners. French won the 600-yard run, and Miller the pole vault in the Michigan Relays. In the Colorado Invitational, the mile relay team won, and Miller took the pole vault.

Individual Marks Spotlight Track Season

SPARKLING individual performances overshadowed a mediocre team record as the 1955 outdoor trackmen came up with top performances in the pole vault, hurdles and dashes but could win only one dual match.

The only winning effort for Coach Ward Haylett's thin-clads was a 92-39 walloping of Nebraska. The Wildcats' other outstanding team showing was a second-place finish in the eight-team Colorado Relays. K-State dropped dual meets to Kansas University, 38 $\frac{1}{2}$ -92 $\frac{1}{2}$, and to Iowa State, 58 $\frac{1}{2}$ -72 $\frac{1}{2}$. The Wildcats scored 23 points in the Big Seven outdoor meet to rank fifth in the loop.

Pole vaulter Paul Miller, who emerged as one of K-State's top trackmen during the indoor season, was a consistent point-winner for the outdoor team. He first vaulted into the limelight with a 13-foot, 8 $\frac{5}{8}$ -inch effort in an indoor meet. That effort set a new K-State indoor record, and was the first time Miller had gone higher than 13 feet.

Best Vault Is 13-7

He was consistently above 13 feet during the outdoor season. His best effort was a 13-7 first-place leap in the Southwest Louisiana Relays—a meet record. He topped

13-6 to grab second place in the Missouri Valley AAU meet, but another 13-6 vault in the Drake Relays gained him only a five-way tie for second. In the Big Seven outdoor meet, Miller cleared 13-4 for a second-place tie. In a dual with Iowa State, a 13-1 leap tied for first and set a K-State-Iowa State dual-meet record. In duals with Kansas and Nebraska, Miller grabbed first place with 13-0 leaps.

Kansas State's mile relay team of 1955 was composed of Marvin Chiles, Joel McGill, Ray Russell and J. D. Patterson.

Dashman Marvin Chiles raced to two records in the 440-yard dash. Chiles ran the course in 48.7 seconds to break a K-State-KU dual-meet record set in 1941. In a dual with Nebraska, Chiles posted a 440-mark of 49.1 seconds.

Hurdler Ray Russell skimmed the 220-yard low hurdles for first-place in duals with KU, Nebraska and Iowa State. His best time was 23.9 seconds in the Nebraska meet. He also was first in the 120-yard high hurdles at the Nebraska meet with a 15.0 clocking. Jerry Mershon's top performances came in the 220-yard dash at the Nebraska and Iowa State duals. He turned in times of 21.6 seconds and 21.8 seconds.

McDaniel Grabs Two Firsts

Another sprinter, Dolan McDaniel, captured a pair of wins in the 100-yard dash, in 10 seconds flat at the Nebraska dual and at the Colorado Relays. Top efforts turned in by other Cats were Joe Powell, first in javelin at the Nebraska dual, 193 feet, 5 $\frac{3}{8}$ inches; Kenny Nesmith, first in broad jump at the Nebraska dual, 22-6; Hubert Guest, first in 880-yard run at the Nebraska dual, 1:56.8; Whitney Hicks, first in 2-mile run at the Iowa State dual, 10:17.1; Glen Taplin, first in mile run at the Nebraska dual, 4:37.7; Allan Muecke, first in shot-put at the Nebraska dual, 47-10.

The Wildcats scored 31 points in their first meet, the Southwest Louisiana Relays, to finish sixth in a field of 17 schools. The K-Staters captured two firsts—the distance medley relay team of Joel McGill, J. D. Patterson,

A throw of 125 feet, 6 $\frac{3}{4}$ inches earns second place for Ray Fritzemeyer in the Cats' dual with Nebraska.

Pole vaulter Paul Miller sails over the 13-foot mark to win his event at the K-State-Nebraska dual meet.

Glen Taplin and Darl Michel turned in a 10:15.2 clocking, and Miller's 13-7 pole vault set a record.

The only K-State placings at the KU Relays were a second-place finish by Russell in the 400-meter hurdles and a fourth-place finish by Gene Wilson in the broad jump.

A trio of wins by K-State relay teams fueled the Cats to a second-place finish in the Colorado Relays. An 880-yard relay team of Mershon, Chiles, McDaniel and Jim Loomis posted a record of 1:27.4 and won the 440-yard relay in 42.2. A team of Loomis, McDaniel, Chiles and McGill won the mile relay in 3:21. State's 17-point total fell just behind Colorado's winning total of 20.

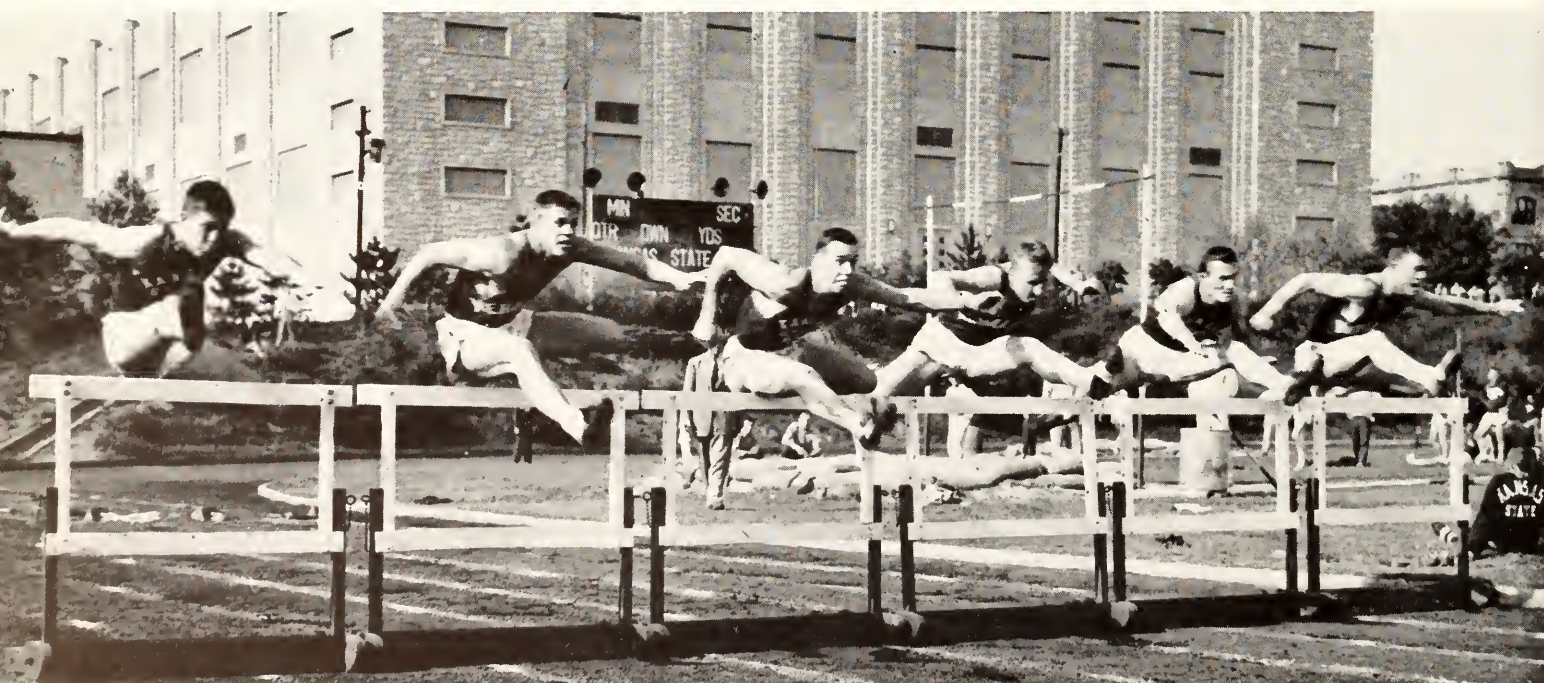

Three Cats placed in the Drake Relays. Russell came in second in the 440-yard hurdles; Miller shared a five-way tie for second in the pole vault, and a team of Russell, Mike Cornett, Cary Doupnik and Jack Railsback was fourth in the 480-yard high hurdle relay.

KU Drubs Cats

The K-Staters absorbed a 92½-38½ drubbing by KU in their first dual meet. The only K-State firsts were copped by Russell in the 220-yard low hurdles, by Miller in the pole vault and by Chiles in the 440-yard dash. Chiles' winning time of 48.7 seconds became a meet record. The K-Staters rebounded to hand Nebraska a similar drubbing, 92-39. Wildcats won 11 events and added 11 second-places and 4 third-places to swamp the Huskers. Russell was the only K-State double win-

ner, copping the 120-yard high hurdles and 220-yard low hurdles. Chiles blazed around the 440 in 49.1 seconds for a meet record.

The Cats managed only three firsts and a share of another losing to Iowa State by 14 points in their final dual meet. Miller tied for first with Hal Mullison of Iowa State in the pole vault. Both cleared 13-1 to break K-Stater Fred Wingert's 13-5/8 mark set the year before.

In the Missouri Valley AAU meet, Miller soared 13-6 for second place in the pole vault to gain K-State's only placing.

K-State Nine Joined by Jayhawks in Cellar

THOUGH unable to climb out of the Big Seven cellar, the 1955 Wildcat baseball team's 2-10 won-lost record gave it a tie with Kansas University—an improvement over K-State's 1954 finish, when a better 3-10 record left the team in undisputed last place.

The Wildcats' two league wins were over Colorado and Kansas. Coach Ray Wauthier's Cat nine edged the Golden Buffaloes, 3-2, and outslugged the Hawks from down the Kaw, 9-7. Jim Rhoades pitched a three-hitter against Colorado as the Cats smashed eight hits and came up with the winning run in the bottom of the ninth. Rhoades hurled a five-hitter in the seven-inning win over KU. His mates pounced on Jayhawk hurlers for nine hits, including a home run and a single by footballer Kerry Clifford.

These two league wins, plus a pair of victories over Wichita in a season-opening doubleheader, were the only bright spots of the K-State season. The overall record was 4 wins and 11 losses.

Cats Down Wichita

After beating Wichita, 6-2, behind the pitching of Daryl Parker and, 4-3, behind Rhoades, the Cats lost to Memphis Naval Air Station, 3-9. Rhoades was losing pitcher. The Memphis clash was one of three games scheduled for a Southern road trip, but the other two were rained out.

The Big Seven season opened disastrously as the Cats were trounced by Nebraska, 13-2 and 15-0, in a pair of

games at Griffith Stadium. Rhoades and Parker absorbed the beatings.

Colorado blasted the Cats, 18-5, in the third league game, before K-State bounced back for its first conference win by edging the Buffs, 3-2. Ron Bergren was the victim of the Colorado attack in the opener, but Rhoades gained his second victory of the season by whipping the Buffs in the second game.

Iowa State was next to hand the Wildcats a pair of losses, 6-10 and 0-3. Rhoades lost the first game, and Bergren the second.

Following this disastrous home stand, in which the Cats lost five of their first six league games, they moved to Columbia, Mo., where Missouri handed them the worst defeats of the season. Missouri smashed six home runs in the two-game series while pounding the Cats, 19-1 and 15-2. Parker and Rhoades took the losses.

The K-State nine limped back into Manhattan with a 1-7 won-lost record in Big Seven play, only to drop the first game of a doubleheader to KU, 6-2. Both teams made five hits, but Ron Bergren's hurling went for naught as five K-State errors gave the win to the Hawks.

In the second game of the doubleheader, despite six more errors, the Cats outslugged the Hawks and hung on for a 9-7 win. K-State came up with a run in the first inning, five runs in the fourth and three runs in the fifth, then staved off a six-run KU rally in the sixth to preserve the win.

The K-State winning habit was shortlived, however, as the Cats lost a pair to Nebraska at Lincoln, 2-6 and 3-8. The first game was tied, 2-2, going into the last of the eighth, when the Huskers got to Parker for four runs to win, 6-2. The Cats were held to two hits in the second game of the series as the Huskers took their fourth game of the season from K-State, 8-3.

A season-ending series with Oklahoma was rained out, and the Cats found themselves at the end of a 4-win, 11-loss season.

Hartshorn 12th in League

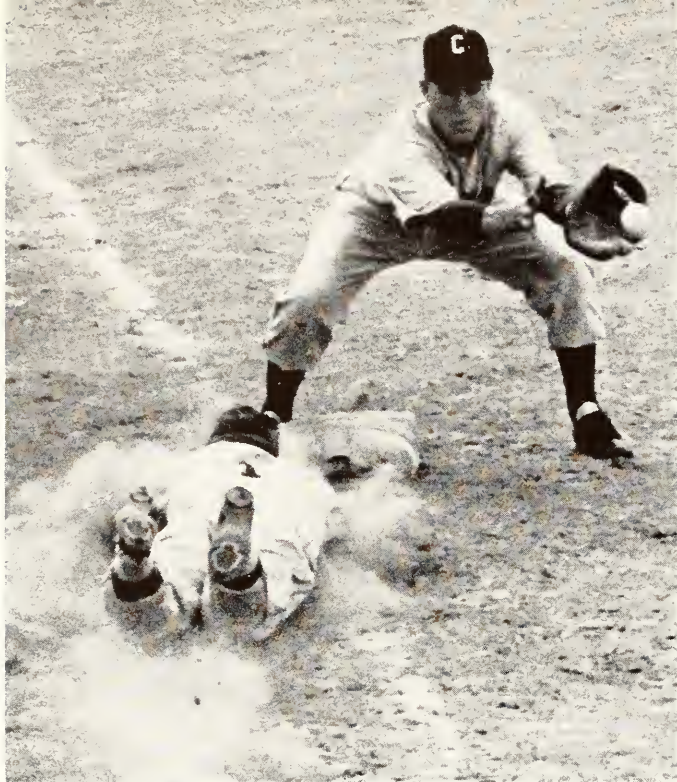

Catcher Larry Hartshorn, playing his third position in three years for the Wildcat nine, hit .307 in Big Seven games to rank 12th in the league. Hartshorn originally had played in the outfield for the Wildcats, then was shifted to first base during his junior year. During the 1955 season, he moved behind home plate to win his third baseball "K." The 220-pound catcher previously had won four varsity football letters.

Steve Hennessey, senior second baseman and a three-letter man, puts the ball on Colorado's catcher, Taylor.

Grid quarterback Bob Whitehead took over shortstop duties at the close of spring football drills. Whitehead won his second baseball monogram while hitting .278 in Big Seven play.

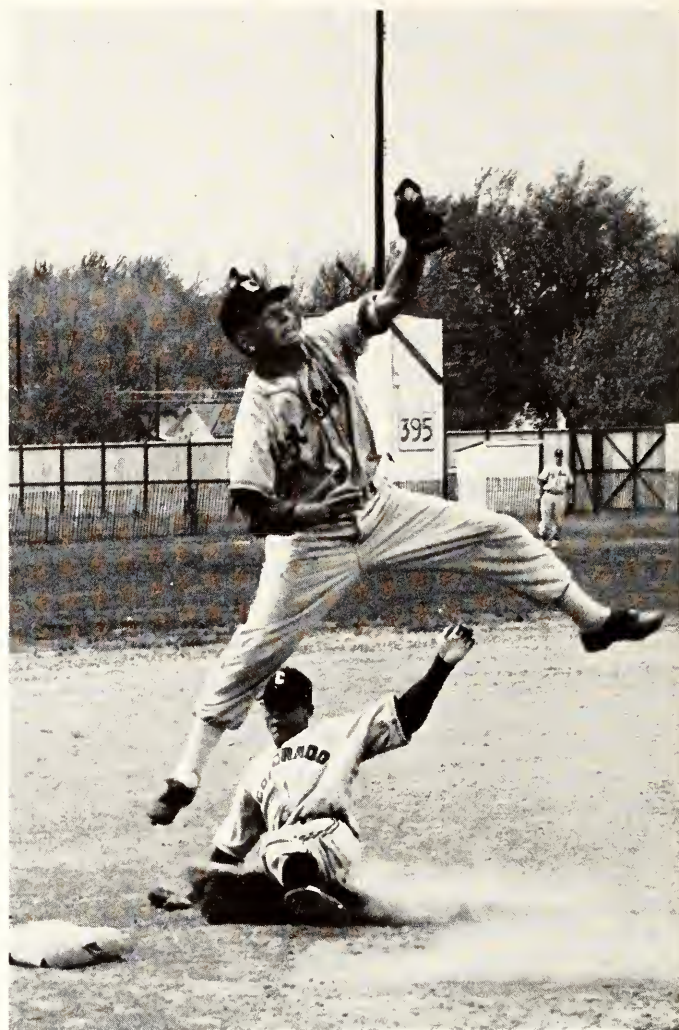

Wildcat left-fielder Jack Smith dives into third base to avoid being picked off by a throw from the Colorado catcher.

Lefty Jim Rhoades was the top moundsman for the Wildcats. Rhoades compiled a 2-3 won-lost record in Big Seven play. He also won one and lost one against nonconference foes for a 3-4 overall record. Daryl Parker gained credit for the other Wildcat win as he beat Wichita, 6-2, in the season opener. He had a 1-3 record.

Seniors Hartshorn, Parker, and Hennessey were awarded their third letters. Other letter-winners were Rhoades, Whitehead, Jim Pollom, Ron Bergren, Bob Boyd, Kerry Clifford, John Coupe, Gerald Kerbs, Bill Sinderson, Jack Smith, and Marvin Taylor.

Discussing plans for the coming game are members of the 1955 pitching staff—Ed Bruske, Ron Bergren, Jim Rhoades,

Daryl Parker, Dick Schoof, Tom Starns and Warren Polak. Rhoades was the top moundsman with a 3-4 season's record.

Kent Poore, No. 1 man on the 1955 team, blasts out of a sand trap. Poore's lowest total was a 71 in a meet with Drake.

Fast Finish by Golfers

STARTING slowly, the 1955 golfers managed only a tie with Washburn in their first 10 matches, then ended the season by whipping Missouri, 7-5, and Kansas, 8-4. These wins gave K-State a 2-4 mark in the Big Seven—an improvement over the 1954 loop mark of one tie and five losses.

Kent Poore, the top linksman, dropped his first six matches, then won six of his last seven to register a 6-7 record. The Wildcats finished last at the Big Seven meet at Lawrence. Poore had a 54-hole total of 227 to tie for eighth spot.

Dave Pfuetze won 4 matches, lost 8 and tied 1 over the season; Hayes Walker III won 4 and lost 9; and Jim Weatherford won 2, lost 10 and tied 1.

Poore, Pfuetze, Walker, Weatherford and Larry Nelson were awarded letters by Coach Mickey Evans.

PLAYING under new Coach Karl Finney, the Wildcat tennis team posted a .500 record, winning 6 of 12 meets. Finney guided the K-State netmen to Big Seven wins over Kansas and Nebraska as they compiled a 2-3 league mark.

Top man for the Wildcats was Bob Hansen, who won seven matches and lost seven playing in the No. 1 singles spot. Hansen teamed with John Teas to win 11 of 13 doubles matches. The Hansen-Teas twosome was second in No. 2 doubles play at the Big Seven meet. Teas' singles mark was four wins, eight losses.

John Deam compiled the best Cat singles mark, winning eight and losing five in the No. 3 position. Dick Circle, playing in the No. 2 spot, won four matches and lost nine. Circle and Deam had a 3-10 won-lost record as a doubles team.

Returning a serve in a winning effort against Missouri is the Cats' No. 1 netman, Bob Hansen. Hansen won the match, 7-5, 7-5.

IM in 36th Year

UNDER the direction of Frank Myers, K-State's men's intramural program started its 36th year this fall. The year marked Myers' 30th year of work in Kansas State athletics, much of which was as assistant athletics director under Mike Ahearn.

Originally established as a single program, intramurals now contain two divisions—independent and fraternity. All equipment for the sports is furnished by the school, and students serve as officials. Any organization can enter intramurals by paying a fee of \$3 a semester and selecting an intramural manager.

Hillbillys and Sigma Alpha Epsilon won the intramurals all-sports crowns in the independent and fraternity divisions for 1954-55. The Hillbillys totaled 872½ points to gain the independents' all-sports award. The Jones Boys were second with 736 points, and Jr. AVMA was third with 618. In the fraternity division, Sigma Alpha Epsilon racked up 831 points to win that all-sports crown from Beta Theta Pi, which had 752½ points. Sigma Chi was third.

The Hillbillys and the Sig Alphas were threatening to win the all-sports titles again for the 1955-56 school year with the schedules partially completed at April 1. The Hillbillys had 401½ points, the Jones Boys 387 and Jr. AVMA 345. Among the frats, the Sig Alphas were leading with 542 points, Sigma Phi Epsilon second with 482½, Delta Tau Delta 465 and Beta Theta Pi 448½.

In the final events on the 1954-55 intramurals schedule, the Hillbillys won the independent championships in track and softball, and Jr. AVMA won the inde-

pendent volleyball crown. Sigma Alpha Epsilon won the fraternity track title, but the Sigma Chi's won in fraternity volleyball, and Alpha Gamma Rho copped fraternity softball.

The Hillbillies scored 109½ points in the independents' track meet to easily win the event. Jones Boys were second with 46 points, and House of Williams was third with 23 points. The Sig Alphas racked up 73⅓ points to outscore Beta Theta Pi with 55 1/5, Delta Tau Delta with 55 and Sigma Nu with 53.

Larry Rash of Sigma Chi and Dane Bruster of Jr. AVMA were the 1954-55 table tennis singles champions. Rash defeated Allen Tompkins of Kappa Sigma to gain the fraternity title. Bruster won from Jack Shoup of House of Breck to take the independent title. The Sigma Chi team of Rash and Ronald Bryant defeated Tompkins and Fred Casterline of Kappa Sigma to win the fraternity doubles competition.

Jr. AVMA beat out the Hui O Makules for the independent volleyball crown, and Sigma Chi beat out Beta Theta Pi for the fraternity volleyball crown.

AGR Wins Softball

Alpha Gamma Rho won the all-school softball championship by edging the Hillbillies, 1-0, as Fred Wingert

outpitched Dick Allen. Wingert pitched the AGR's to six consecutive wins in the frat division, hurling a no-hitter as AGR shaded Beta Theta Pi, 1-0, in the fraternity semifinals. Dick Frohberg threw a two-hitter as Beta Sigma Psi whipped Sigma Nu in the other semifinal game. Wingert carded a one-hitter and struck out

The Hillbillys edged Jr. AVMA, 3-1, to win the independent softball crown as Allen pitched a two-hitter. The Hillbillys broke a 1-1 tie with a two-run outburst in the third inning to grab the crown.

Golf to SAEs

Sigma Alpha Epsilon and the Hillbillys started their drives for the 1955-56 all-sports crowns in the fall by winning the fraternity and independent golf championships. A Sig Alph foursome shot an 18-hole total of 322 to top 12 Greek entries. The Hillbilly foursome had a composite score of 359. The scores carded by the Sig Alph foursome were: Dave Smith, 75; Jerry Smith, 80; Joe Downey, 81; and Stan Knowles, 86. The scores carded by the Hillbilly foursome were: Max Richardson, 81; Ron Young, 83; Phil Nemeth, 95; and Marvin Everist, 100.

The Hui O Makules and Delta Tau Delta topped entries in independent and fraternity divisions of the intramural swimming meet. The Makules scored 82 points to far outdistance the independent field. The Jones Boys took second with 36. The Delts' 53 points edged them into first place in the fraternity division,

past the Sig Alphas who tallied 50 points and Beta Theta Pi with 44.

Jr. AVMA Takes Football

Sigma Phi Epsilon and Jr. AVMA won fraternity and independent titles in intramural football. The Sig Eps rolled over Delta Tau Delta, 39-13, to grab the frat crown; Jr. AVMA swept past House of Williams, 32-19, for the independent crown. The Delts scored two early touchdowns and took an early lead, but the Sig Eps tightened their defense to hold the Delts scoreless for the remainder of the game while rolling up 39 points for a 39-13 win. Quarterback Dane Bruster of Jr. AVMA starred for the independent champs as he passed for one touchdown and two extra points and ran for another. Phil Randell of Jr. AVMA caught two touchdown passes and an extra-point pass to lead his team's scoring with 13 points. Gene Pippin of House of Williams passed for all three of his team's touchdowns and for its extra point. Dick King was on the receiving end of two of Pippin's aerials, while Orville LaGasse caught the third.

The Hillbillys and the Sig Alphas picked up a pair of titles in handball. Roland Alexander downed Bob Mancuso, 21-18 and 21-6, to gain the independent handball title, and Bob Whitehead of Sigma Alpha Epsilon won

the frat handball title by beating Wendell Holt of Lambda Chi Alpha for the second consecutive year.

Tennis Crown to PiKA

Tennis titles went to Pi Kappa Alpha and to the Jones Boys. Keith Andler of Pi Kappa Alpha defeated Bob Alley of Sigma Phi Epsilon for the fraternity crown. Charles Hudson of the Jones Boys whipped Jack Hewitt of the Hillbillys to win the independent tennis.

Bill Brysen of Phi Delta Theta and Lee Hildebrecht of Wesley Foundation were intramural horseshoes champs. Brysen won over John Breithaupt of Alpha Gamma Rho for the frat title; Hildebrecht beat Jay Rush of Jr. AVMA for the independent title.

Sigma Alpha Epsilon and West Stadium survived the rugged intramural basketball schedule to win the fraternity and independent championships. The Sig Alphas whipped Delta Tau Delta, 32-23, in the fraternity championship cage game; West Stadium topped the K-State Vets, 23-15, in the independent championship game. West Stadium picked up the lead after three minutes of play in its game with the Vets, then led throughout the remainder of the tilt. The Vets, after a cold first half, pulled within four points of the winners with three minutes left in the game; however, West Stadium controlled the backboards to hang onto its lead and win by eight points. The game got off to a good start as the two teams traded 40-foot set shots, but then settled down into a low-scoring affair.

SAEs Down Delts

In the fraternity championship affair, Sigma Alpha Epsilon pulled from a 0-2 deficit to a 12-6 halftime lead. The Delts went into a full-court press in the second half in an effort to pull back into the game, but

Wrestler Roland Alexander whipped wrestler Bob Mancuso, 21-18, 21-6, to win the championship in independent handball.

the Sig Alphas cruised to a nine-point win, 32-23. Arnold Droge potted 10 points to lead the Sig Alphas to the frat championship; Ralph Pfeifer paced West Stadium to the independent crown with nine points.

The Sig Alphas and the Hillbillys, pushing for repeat performances as all-sport champs, also repeated as team champs in the intramural free-throw tournament. Darrel Rosenow of the Globetrotters won individual free throw honors by hitting 46 of 50. The individual record of 47 of 50 was set in 1953 by Bill Schoulis. This mark was tied in 1954 by Steve Hennessey of Lambda Chi Alpha and Joe Downey of Sigma Alpha Epsilon. The Hillbillys team—made up of Bob Garcia, Bob Mancuso, John Baxendale and Jon O'Connor—scored its

second straight victory in intramural free throw play by posting a score of 146 out of a possible 200 free throws. The Jones Boys and House of Williams tied for second and third in the independent division with scores of 129.

Alphas Most Accurate

Sigma Alpha Epsilon hit 167 of 200 free throws for the highest over-all team score and the fraternity championship. The Sig Alph team was made up of Joe Downey, who the year before tied the individual mark with 47 of 50, plus Bill Sinderson, Bill Bennett and Jim McCormick. Sigma Chi was second in the frat division with 156 of 200, and Sigma Phi Epsilon was third with 147 of 200. Steve Beffort of Phi Kappa set a record by making 25 consecutive free throws, but missed seven of the final 25 to end with 43 of 50.

Disciples Student Fellowship and Sigma Chi won the doubles title in independent and fraternity table tennis. Tau Kappa Epsilon won the fraternity singles, while Daniel Lee, unattached, won the independent singles. John Stockmyer and Dale Knepper of DSF beat Ray Cornett and Bill Crawford, also of DSF, for the inde-

Steve Ahrens of Tau Kappa Epsilon defeated Paul Clark of Sigma Phi Epsilon to gain the fraternity singles crown.

Betas Win Volleyball

In 1956 intramural volleyball, Beta Theta Pi won the fraternity title, and the Hillbillies won the independent title.

To take the crown, the Hillbillies whipped the Hui-O-Makules, 15-8 and 15-7, in the championship game. Earlier, the Hui-O-Makules won their way to the finals by beating the third division champion, OK House, 15-11 and 15-13.

Winning independent horseshoes for Wesley Foundation was Lee Hildebrecht.

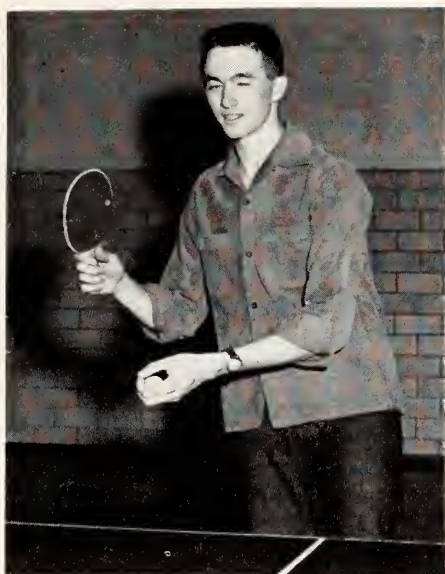

Phi Delta Theta walked off with fraternity horseshoes with winner Bill Brysen.

Gathering points for Pi Kappa Alpha was tennis singles winner Keith Andler.

Steve Ahrens brought home the bacon for Tau Kappa Epsilon in table tennis.

Playing unattached, Daniel Lee proved too much for competitors in ping pong.

A sharp eye was demonstrated by Jerry Laird, Sig Ep, in free throw shooting.

SIGMA ALPHA EPSILON FREE THROW SQUAD—TOP ROW: Bill Sinderson, Jim McCormick. BOTTOM ROW: Joe Downey, Bill Bennett.

The Betas won the title with a long series of playoffs. They finished in a 3-way tie in their division and first had a divisional play-off while the other three divisions were won outright by Delta Tau Delta, Pi Kappa Alpha and Sigma Chi.

In semi-finals play, the Pi K As beat the Deltas 2-0, winning 15-12 and 15-9, to move to the finals, and the Betas edged the Sigma Chis 2-1, winning 10-15, 15-9 and 19-13. In the last game, the Betas won the title 2-1, 15-10, 9-15 and 15-5.

Weather, Conflicts Hinder Girls' Intramurals

Started in 1930, the girls' intramural athletic program was somewhat curtailed this year because of weather and conflicting social events. Cut out of this year's sports picture were tennequoits and badminton. The tennis and swimming tournaments, usually held in the fall semester, were in the spring of 1956.

Unlike men's intramurals, women's athletics are not divided into independent and Greek affiliations. In women's intramurals one champion is selected from the independent and sorority groups combined. Any coed is eligible to compete in intramural sports, playing for the sorority or organized house in which she lives. Each organized house has an intramural chairman who arranges practice sessions, turns in line-ups and serves as coach of her team during games.

Including the spring sports of 1955, an even distribution of champions occurred without any particular house dominating the competition.

Katherine Geyer, head of the Women's Physical Education Department, originated women's intramurals at Kansas State.

WALTHAM SOFTBALL CHAMPIONS
—TOP ROW: Rita Peddicord, Carolyn Lusk, Joan Smith, Barbara Puhr, Eileen Wilson. BOTTOM ROW: Catherine Bell, Donna Ottman, Elaine Brubaker, Joyce Davisson.

PI BETA PHI SOFTBALL RUNNER-UPS
—TOP ROW: Shirley A. Dennis, Kay Aye, Kay Finholt, Janet Duy, Mickey Ecord. BOTTOM ROW: Elizabeth A. Glover, Sandra Tatge, Mary Lee Durland, Gloria Schneblin, Rebecca Lowell.

SOUTHEAST HALL (basketball champions) — TOP ROW: Evie Warner, Shirley Smith, Harriet Henry, Maxine Utt, LeRoyce Maddux. BOTTOM ROW: Marge Stover, Jean Swengel, Elsie Johnston, Billie Scott.

KAPPA DELTA BASKETBALL (runner-ups) — TOP ROW: Norma Eversole, Jacqueline Wade, Marbeth Hopmann, Diane Nemeth, Martha Bolze. BOTTOM ROW: Marilyn Hiebert, Joyce Larson, Anne Colburn.

In her 10th year as director of women's intramurals, Kathryn McKinney emphasizes an all-around program.

Safe at third. The throw was there and so was the runner, but the ball was too far from the base to tag the coed.

VAN ZILE HALL VOLLEYBALL CHAMPIONS—TOP ROW: Gayle Coppoc, Jean Swengel, Eula Geist, Marcia Donovan, Betty Beauchamp, Jean Nicholson. BOTTOM ROW: Billie D. Scott, Marjorie Gigot, Evie Warner, Janet Miner, LeRoyce Maddux.

Basketball honors in 1955 were won by Southeast Hall. Kappa Delta ended the season in second place. Following the girls' basketball, softball season got off to a fast start, but no one could keep pace with Waltheim which walked off with first place. Second place went to Pi Beta Phi.

Opening the fall athletics scene for the coeds was the volleyball tournament. In the final game, Van Zile Hall beat Pi Beta Phi for the title. The championship of the 1956 table tennis tournament was won by Kathy

Horridge representing Northwest Hall.

Co-directors of women's intramurals for 1955-56 were Katheryn McKinney and Muriel Herbrand, serving her first year on the Kansas State faculty. Katherine Geyer was supervisor for the various intramural activities.

Lack of participants is still one of the major problems confronting the women's intramural program. Especially was this deficiency felt in group participation of independent girls living outside organized houses.

Hit it! scream the Pi Phi teammates during the Volleyball contest with Van Zile, but to no avail. Van Zile won the title.

Beating all competitors for the table tennis championship was Kathy Horridge, who represented Northwest Hall.

WITHOUT the students, colleges would have no reason to exist. This year with nearly 6,000 students flocking to Kansas State from over the country, the enrollment reached its highest peak since 1948. These students will be tomorrow's leaders in both labor and management. But as Joe Student thinks of them today, they are simply the fraternity brother, the guy or gal who sits next to him in class or the girl he once dated. More than that, they're his friends.
