FOREWORD

A college education is forever. Not only does it earn your daily bread; it is something to be remembered for all the years of your life. Besides being a center of learning, it is a place where lasting friendships are made and where everyday events add to practical experience.

A college yearbook should be forever too. It should record the school year as completely and accurately as possible. It should bring college memories back into clear focus when picked up years from now. We hope we have fulfilled our obligation to you in this way.

This 1957 ROYAL PURPLE presents to you some of Kansas State College's many new buildings. The long-awaited K-State Union fills the opening pages with the many activities and recreations it offers students. Our famous educators, and the buildings that bear their names fill our division pages. The dedication excerpts accompanying them are indicative of the high esteem in which these men were held while active on campus.

This is our effort toward a yearbook that is forever. We hope you think our efforts were successful.

PRESIDENT MCCAIN

President James A. McCain is completing his seventh year at Kansas State College this year. He is kept constantly busy with speeches, official visitors, and the administrative duties of the College. During the last seven years, he has added more buildings to the campus than any other president. President McCain holds four degrees: Bachelor of Arts and Doctor of Laws from Wofford College in South Carolina; Master of Arts from Duke University in North Carolina; and Doctor of Education from Stanford University in California.

mc cains tour europe

President James A. McCain was selected during his seventh year at K-State to travel and study abroad for six months under the Eisenhower Exchange Fellowship. The McCain family left in April to visit 13 European countries and will return in late October. During Dr. McCain's leave of absence A. D. Weber, Dean of Agriculture, is acting President. The President's most important single responsibility is to maintain the strongest faculty possible and he has spent much time and effort to improve salaries and conditions at K-State.

Dr. McCain meets frequently with faculty members and student groups and visits college activities off the campus. During the year he gave about 125 talks throughout the state. A great deal of the President's time is spent in guiding the college through its academic program, research, extension, off-campus services, building program, and in securing the necessary financial support for these activities.

Grace Lindquist, President McCain's secretary, is receptionist and handles his correspondence and appointments.

regents set policy

Governor George Docking broke the twenty year Democratic gubernatorial drought in Kansas when he was inaugurated January 14, 1957. The Lawrence banker and native Kansan is the first Democrat to hold the office since 1936. Among his many duties, it is his responsibility to fill vacancies on the nine-member non-political Board of Regents.

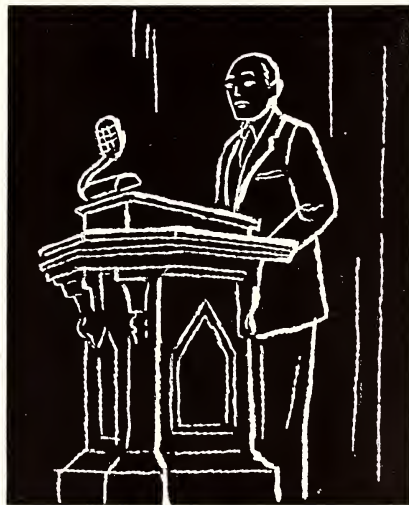

The Board of Regents is the policy-making body that supervises the activities of the five Kansas institutions of higher learning, the School for the Deaf, and the School for the Blind. One of their principal duties is to appoint the heads of these institutions. The Board meets once a month to prepare school budgets, approve curricula changes, and authorize leaves of absence, retirement programs, and construction of new buildings. The members of the Board are A. W. Hershberger, Wichita, chairman; Hubert Brighton, Topeka, secretary; Claude Bradney, Columbus; Harry Valentine, Clay Center; Clement H. Hall, Coffeyville; Lawrence Morgan, Goodland; Oscar S. Stauffer, Topeka; McDill Boyd, Phillipsburg; Ray Evans, Kansas City; and Mrs. Leo Haughey, Concordia.

ADMINISTRATION

ROY A. SEATON joined the Kansas State staff in 1904 and was Dean of the School of Engineering and Architecture from 1920 until 1949. At the dedication of Seaton Hall, May 5, 1955, a citation was read: "Because of Dean Seaton's long, distinguished and fruitful career, particularly in the field of engineering education and largely on this campus, it is peculiarly appropriate that the College's principal engineering building should bear his name."

During the ten minute break between classes, K-Staters find time for short gab sessions about classes, current campus events and plans for the weekend.

senate, milbourn have big jobs on campus

A new title was placed on the door of Max Milbourn's office October 1. Milbourn is now officially Assistant to the President. He assists President McCain with administrative duties, and coordinates the public services of the college in the community and throughout the state. Milbourn is chairman of the public relations council and the general scholarship, civil defense, and radio and TV policy committees. He also serves on various other College committees which include the catalog, calendar activities, student loan fund and continuing education committees. As the President's assistant, he works closely with the press and the legislative body in the State House in Topeka.

Senate Has Charge of Curriculum Changes

How to keep the faculty participating in the establishment of policies involving academic, faculty, student and certain all-College affairs is the primary problem of the Faculty Senate. Members are chosen according to representation by the schools. The Senate sets up committees which study problems before they are put before the voting body. Voting is done when curriculum changes are in order or a new curriculum is needed.

Faculty representatives of the six schools gather to discuss and plan the faculty's part in establishing policies which will

Each graduate must have the Senate's approval, as must persons who wish to graduate in absentia. The group also approves persons for honorary degrees and approves departments which may grant the Ph.D. degree. Senate executive committee members include C. affect them in any relationship with the administration or students. Gustave E. Fairbanks headed the group.

administrative officials guide college operation

Important decisions and the details that accompany them are charged to the President's administrative staff. Faculty rank, salary, and retirement plans are only part of the responsibility of A. L. Pugsley, dean of academic administration. To his office come the problems of fellowships, student and research grants, and many similar issues. Pugsley serves on more than 25 College committees.

More than 200,000 books plus thousands of other publications keep head librarian William F. Baehr and his staff busy. A complete history of the

College housing standards are stressed by housing director A. Thornton Edwards. President emeritus is F. D. Farrell.

Committee meetings, plus his other responsibilities, keep A. L. Pugsley, dean of academic administration, a busy man.

Most grads meet alumni secretary Kenney Ford; most students meet registrar E. M. Gerritz when checking on hours.

College is kept by historian C. M. Correll in Anderson hall. Keeping a place for everyone and everyone in his College-approved place is the job of A. Thornton Edwards, housing director. Added to his load this year were the married students' housing units. President of K-State from 1925 to 1943, F. D. Farrell now serves as president emeritus. Keeping in touch with K-State graduates is the task of Kenney Ford, alumni secretary, plus speaking tours and helping with *The K-Stater*, alumni publication. Records and files in the registrar's office are charged to E. M. Gerritz, director of admissions and registrar. Mr. Gerritz transfers credits and keeps complete records on each student's scholastic rank.

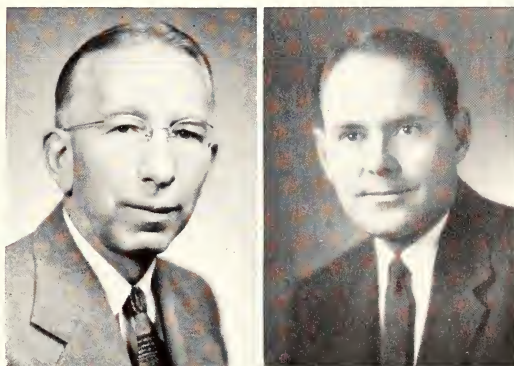

College Buildings Are His Job

Keeping College buildings in shape for their heavy loads is the responsibility of R. F. Gingrich, superintendent of maintenance. Ex-servicemen attending K-State keep Wendell Kerr, veterans' administrator, busy answering questions about the GI Bill. The general health of the student body is the great concern of Dr. Benjamin Lafene, director of the health service, while students who wonder about their choice of a major subject may take their problems to Sumner Morris, counseling bureau head. Government checks are presented by Ralph Perry, veterans' comptroller. The right job for the right man is the goal of Chester Peters, placement bureau director.

College buildings are maintained by R. F. Gingrich and staff while Wendell Kerr keeps the ex-GI happy at K-State.

Sumner Morris, director of the counseling center, helps a K-Stater with personal or vocational problems.

Student services have these heads—Dr. Benjamin Lafene directs the health center, Sumner Morris the counseling bureau.

Checks for the GI Bill come from the office of Ralph Perry. Chester Peters finds students the best jobs available.

deans' aim is service

Now in their second year at Kansas State College, Herbert J. Wunderlich, dean of students, and Charles A. Jacot, assistant dean of students, are well indoctrinated into the ways and means of K-Staters. The two men serve as a link between the student, his superiors and his activities outside the classroom. They remove and straighten many curves which develop daily to hinder smooth college operation. Across Dean Wunderlich's desk must go plans and policies concerning all the agencies which touch the student's campus life. These include the placement bureau, student health service, housing program, counseling bureau, Union activities, campus religious program, and others.

Dean Helps on Committees

Committees and boards which claim Dean Wunderlich's attentions are the Student Council, Residence Halls Committee, Athletic Council, Apportionment Board, and the Council on Student Affairs. The most headway during the past year

was made in the areas of a College religious program and an academic honor program. The Inter-Fraternity Council also is revising its standards and making gains in self-government for fraternities. In addition to his position on the Tribunal, Dean Jacot has the responsibility of advising the more than 120 international students on the campus. He is secretary of the General Scholarship Committee and helps in various ways with financial aid for students.

When students arrive at a dance in the Ballroom, they are likely to be greeted by Dean Wunderlich or Dean Jacot.

Responsible for the general welfare of women students at Kansas State is Dean of Women Helen Moore.

dean counsels coeds

Dean Helen Moore is completing her 16th year at Kansas State. As dean of women, she is responsible for the general welfare of all women students, including the social, vocational and educational programs of residence living, counseling programs, social and extra-curricular activities.

Problems of Associated Women Students, Women's Panhellenic, and other women's campus organizations are taken to the office of the dean of women for counsel. And Dean Moore is kept busy with numerous appearances at campus teas, dinners, conferences, conventions and dances. Extension of closing hours before vacations and after winning football and basketball games is only one of the many situations which require the approval of the office of the dean of women.

Dormitory directors have scheduled meetings with Dean Moore to talk over the dormitory problems. The directors supervise the dormitory officers and dorm tribunals which are set up to enforce rules and regulations. Dean Moore works very closely with the directors to keep an excellent dormitory system working. She is particularly concerned with a program for all freshmen women in the dorms.

who holds the title of business manager for KSC. He is responsible to President McCain for the preparation of the annual budget of the college and appropriation requests. Another job that is his responsibility is the financial operation of all auxiliary enterprises. His office is in Anderson Hall near the President's office, and over his desk goes everything concerned with the business management of the college and its subdivisions.

Official business manager Daniel D. Beatty handles financial matters and business problems of the College.

Senior officers were Sandra Mueller, treasurer; Marilyn Smith, secretary; Gilmore Dahl, president; and Sharon Diamond, vice president.

Student body president Pat Wilkerson found his job fitted well with his training as a business major.

this position Wilkerson also heads the Apportionment Board and is an ex officio member of the Student Council. Serving as vice-president was Ron Bryant, who is chairman of the Student Council. Wilkerson heads the executive part of student government. He and his cabinet handle all incoming and outgoing correspondence for the student body, and pass and interpret bills which will affect the entire enrollment.

Senior class officers are also chosen at spring elections and represent the senior class in various honorary positions. Gilmore Dahl was president; Sharon Diamond, vice-president; Marilyn Smith, secretary; and Sandra Mueller, treasurer. Gilmore and Sandra were candidates of the Integrity party and Marilyn and Sharon of the Progressive party, a reorganized part of the All-College party. These four officers plan the gift the seniors will leave the school and arrange matters pertinent to graduation.

big job for union team

Administrative officials of the K-State Union plan the operation of the building for the many students who enjoy its facilities each day. Loren V. Kottner, director of the Union and its activities, is responsible for planning and managing its operation. The Union personnel work directly under Kottner with offices in the Union building. In charge of Union activities is Program Director

Robert Alexander. Under Building Engineer Clarence Shandy the Union has had no big maintenance troubles during its year of operation.

Business Manager Verlyn Richards, manager of the temporary union from 1953 to '56, is in charge of the financial affairs and the information desk. Severt Anderson is both a K-State student and Union Games Director, handling bowling, billiards, table tennis, and table games. Jack Lockett, Food Service Director, aims to please students with well balanced menus and good food. He also runs the catering service for group banquets, giving aid when needed in planning banquet menus.

boards shape policy

During the first full year of Union operation, the Union Governing Board was a big factor in its smooth functioning. The Board reviews finances of the Union, plans future use of the building, makes committee appointments, and generally oversees Union operation. Made up of three faculty members, ten students, and alumni representative

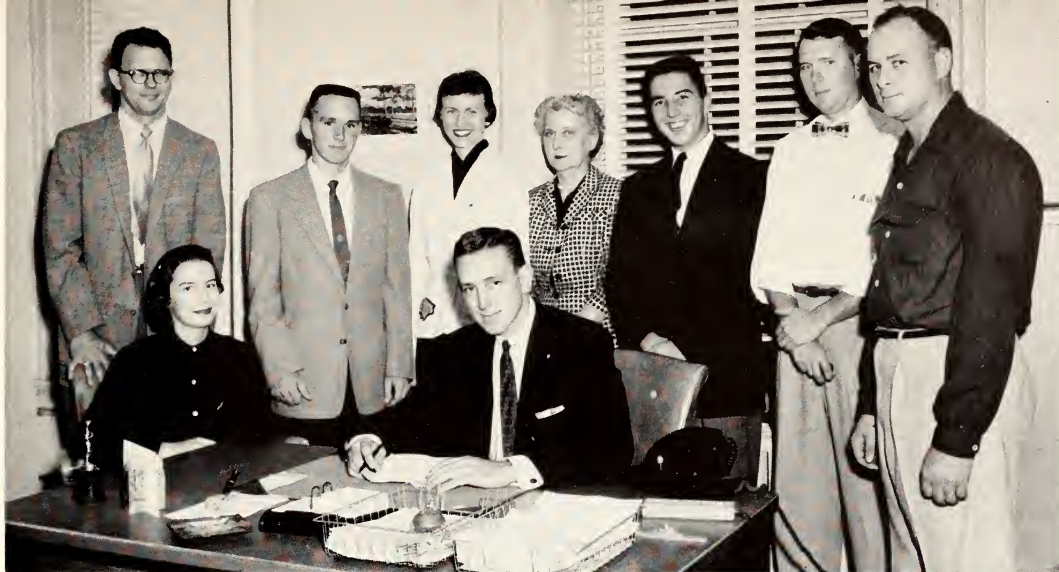

Ward Keller Jr., Union Director Loren Kottner says the Board demonstrates how vitally interested students are in the success of the Union. Members not pictured are Mary Lu Compton, Thomas Keim, Dean Herbert Wunderlich and Keller.

Dividing the activity fees keeps the Apportionment Board busy. The group reviews requests of student organizations asking for funds and makes final allocation decisions. Of each activity fee, the Board handles \$11.50, which is distributed to judging teams, band, debate teams, athletics, and 12 other groups. The 1956 allocation totaled \$137,980.00.

Who gets what is up to the Apportionment Board and making the decisions are Pat Wilkerson, Katherine Geyer, Margery

Ricklefs, John Watt, and Jim Graves. Standing are Dean Wunderlich and H. H. Haymaker.

K-State's judicial branch includes Kirsten Peterson and Keith Swenson, seated; and William Kimel, Philip Warnken, Shirley

tribunal defines code

The judicial branch of the Student Governing Association is a nine-member group called the Tribunal. The Tribunal considers disciplinary cases concerning violation of the K-State Honor Code. Decisions are recommended to the Dean of Students Herbert Wunderlich for further action after being approved by the President. ag leaders go abroad

Kansas State's agricultural program continued to receive national and international recognition through its leaders during 1956-57. Several of the agricultural leaders were invited abroad during the year for their special knowledge and abilities. Dean A. D. Weber went to London to judge the championship classes at the Smithfield Livestock and Machinery Show. Dr. John A. Shellenberger was called to Europe twice for his technical knowledge in milling and cereal chemistry, and Dr. George Montgomery was a consultant on agricultural economics in Finland. Dr. George Filinger headed a staff of nine K-State agricultural specialists to India on a \$700,000 educational mission for the International Cooperation Administration and the government of India. National honors continued to be heaped on A. D. (Dad) Weber, administrative head of the total agricultural program of research and extension education in Kansas and the

Directors of the three phases of agriculture, research, extension, and education, continued to adapt programs to changing conditions. Working directly under Dean Weber were Directors Glenn H. Adapting curriculums to prepare students to work in business and industry allied to agriculture was given serious consideration and action by the 220 members of the School of Agriculture faculty. There are eight departments in this School, which is one of the most widely known of its kind in the world. K-State became the only school in the world to offer a degree in theory and fundamentals in the production of formula feeds when the feed technology building was completed last year. Work is now being done on a new animal industries building. Partly responsible for setting policies for the School of Agriculture is the Ag Council. Revising Ag Week was a project of the council last fall. A new feature was a display made up of exhibits from each student departmental club. A good response was received and Ag Week was declared successful. Walt Martin was president of the council.

honors program added

The establishment of an honors program was a highlight in the School of Arts and Sciences this year. Thirty-five to forty students were given individual counseling, took advanced classes, and attended special seminars. This program was set up to enrich the college experiences of these students. Freshmen were selected on the basis of tests along with upperclassmen who showed unusual intelligence. Since much enthusiasm was shown the school hopes to increase the size of the honors program and its effectiveness.

Under the leadership of John C. Weaver, Dean of the School of Arts and Sciences, a complete revision of classes took place and plans were made for a Bachelor of Arts degree. The Board of Regents granted the right to award the degree and a complex study was made to set up requirements. Dean Weaver has resigned effective June 1 after contributing much to K-State during his two years as head of the Arts and Sciences School. He will become dean of the graduate college and research administrator at the University of Nebraska. His duties have consisted of policy, faculty and budget matters. Most of his time has been spent with matters in relation to the other schools, administration, staffing and general academic activities and their support.

engineers enrollment up

An ever-increasing enrollment and another successful Engineers' Open House were highlights of the year for the School of Engineering and Architecture. During the fall semester, the enrollment in Engineering was ten percent above estimates, while enrollment in other schools of the College fell below their expected enrollment increases. Business firms throughout the nation continued to offer more and more engineering scholarships, thus increasing students' opportunities.

This year Kansas State College received approval from the State Board of Regents to offer work leading to the Ph.D. degree in mechanical engineering. This brings to 15 the number of areas in which K-State has been authorized to grant Ph.D. degrees. A Master of Science degree is offered in all fields of the School of Engineering and Architecture and last year the first Doctor of Philosophy degree in applied mechanics in K-State's history was conferred.

All research of the School of Engineering and Architecture is handled by the Engineering Experiment Station, which was established to carry on tests and research work of engineering and manufacturing value to the state of Kansas and to collect technical information. Now in its 45th year

Some of the items that come before the Engineering Council in its monthly meetings are the maintenance of the K on K-Hill, the filling of vacancies in Engineering Association offices, class representatives, engineering representatives on the Student Council, and the keeping of official files and records for Engineers' Open House. An annual project of the Engineering Council is the presentation of a freshman engineering lecture in which Council

members explain the various engineering organizations and the engineering honorary societies.

Official publication of the Engineering Association is the *Kansas State Engineer*, whose editor and business manager are members of the Engineering Council. A monthly publication, the *Engineer* chooses for each issue two outstanding students of the School of Engineering and Architecture to be presented as Engineers of the Month.

building plans complete

Students and faculty of the School of Home Economics will remember 1956-57 as completion time for plans for the new Home Economics building. Many hours of conference between faculty members and architects were needed to insure plans that would incorporate modern facilities for teaching and research programs in keeping with standards for superior home economics programs. Work on the building is scheduled to begin in the spring of 1957. New courses offered in the school this year included a course for non-majors entitled Homemaking for Moderns. Others were silver-smithing and tailoring for students especially interested in those phases of home economics.

One of the high spots of the year came when two fellowships of \$3,000 each were established by the General Foods Fund. The fellowships are given to graduate students for study in certain fields of home economics. For the first time in the history of the College, faculty in the Department of Institutional Management are members of the Agricultural Experiment Station staff. This opens channels for research on problems connected with food production in large quantities. Now faculty from five departments in the School of Home

Members of the Home Economics Council are presidents of the eight Home Economics division clubs plus the chairmen of radio, Snowball, Hospitality Day, interest award, and foreign fellow-

ship committees. The council also has Student Council delegates. Gavona Michaels was president, Margaret E. Raffington was faculty adviser. Activities of the eight clubs are co-ordinated by the Council as were all such Home Economics events as Hospitality Day and the Snowball. Gary Rumsey was crowned F.M.O.C. at the Snowball last fall, with Larry Youngdoff, Gary Haynes, Dave Epp and Ron Bryant as his attendants.

vet hall remodeled

Veterinary medicine students moved into the remodeled Veterinary Science Hall during the second semester of the '56-'57 school year. Although not yet finished, the building contains two lecture rooms, six offices, and eight student and graduate research assistant laboratories. Plans call for the remodeling to be completed in 1958. When completed, the remodeled building will house a physiology and pharmacology laboratory on the first floor. The second floor will contain a pathology research room, general lab, instrument equipment lab, and a bacteriological culture room.

Tiled floors, fluorescent lights, outside stairways, new ceilings, and almost a complete job of replastering were included in the remodeling.

Vet Science Hall became available for classrooms after the new Dykstra Veterinary Hospital was put into full operation. Named for Ralph R. Dykstra, dean emeritus of the Vet School, the hospital was first used in February, 1955, and was officially dedicated in June during the 50th anniversary of the founding of the school at K-State.

Hospital Handles 40,000 Cases

Students gain valuable practical experience from the hours spent in Dykstra Veterinary Hospital. The hospital handles about 38-40,000 cases a year. Many of the animals are College-owned or brought from farms in the Manhattan area, however, unusual cases sometimes arrive at the doors for treatment. This varied experience has proven its value,

for K-State veterinary graduates have found themselves in all fields of the profession on all parts of the globe. This year the School of Veterinary Medicine had about 265 students enrolled. It is the only six-year curriculum offered at K-State. A two-year pre-vet course is followed by four years of professional training which earns the student a Doctor of Veterinary Medicine degree.

grad degrees increase

An upward trend in the K-State Graduate School is marked by two things—a 12 per cent increase in the number of students enrolled and an increase of three fields in which Doctor of Philosophy degrees may be granted. To further prove the increase, the Graduate School conferred more advanced degrees in the last 11 years than in the previous 75 years, beginning in 1871 when the first Master's degree was granted.

Ph.D. in Three New Fields

Now graduate students may earn a Ph.D. in the areas of animal breeding, mechanical engineering, and agricultural economics. This brings the total areas for Ph.D. study to 15. There are 64 areas available for work for a Master's degree. Students can receive preparation for college teaching by attending two seminars on principles and problems of college teaching. Dean of Agriculture A. D. Weber served as a direct advisor to President Eisenhower on the chief executive's tour through drought states this winter. Weber was chairman of the committee which studied long-range views of the drought situation.

There are more than 700 faculty members at K-State, and many of them choose to spend some of their leisure time in campus-connected activities. They sponsor campus honoraries and organizations and work with student leaders in projects such as Engineering Open House, Ag Week and Hospitality Day. Although students get priority, faculty members may take part in all Union events and activities. They receive special consideration in seating arrangements for athletic events.

HARRY J. C. UMBERGER (1881-1951) served as Dean of Extension Service at Kansas State from 1919 to 1947. At the dedication of Umberger Hall on November 1, 1955, it was said of him: "Harry Umberger was truly a man of the people, and the extension service he developed has always been recognized as a working partnership in which the people of Kansas cooperate to the fullest with their own land grant college and the United States Department of Agriculture."

honoraries keep busy with school projects

Kept busy with projects throughout the school year were members of Kansas State honoraries Chimes (junior women), Mortar Board (senior women), and Blue Key (senior men). Blue Key members sponsored both the selection of the Homecoming queen and the Homecoming dance. This year, for the first time, the five Homecoming queen finalists were presented to the student body

at an assembly.

Mortar Board members were busy at Homecoming time too. They sold the traditional mums and, as an additional project for this year, put on a campaign to beautify campus lawns. Chimes' members promoted K-State friendliness with a card party for junior women who transferred to Kansas State this year.

honoraries serve school

Mortar Board performs a special service to the College by sponsoring high school visitations which encourage students to come to K-State. The thirteen members sponsor a scholarship dinner honoring three girls having the highest grades in the freshman class. Senior women with high scholarship and outstanding campus activities are eligible for membership. Shirley Sarvis was president and faculty sponsors were Martha Garrett, Mrs. John Helm and Mrs. Marguerite Umberger.

Homecoming found the 13 members of Blue Key busy sponsoring the Homecoming Queen elec-

tion, Homecoming game half-time ceremonies and the Homecoming Ball. Service projects and the awarding of a \$200 Blue Key scholarship were the main activities of this honorary. Members are selected on the basis of campus activities and scholarship. Arnold Appleby was president and Dr. Chester Peters was faculty sponsor.

Fourteen outstanding junior women were elected to Chimes this year. Members must have high scholarship and must have shown qualities of leadership and service to the College. Chimes members entertained junior transfers with a party, assisted at the President's convocation and parents' reception, and had a candy sale. Lois Cowan was president and Miss Golda Crawford was faculty sponsor.

Thirty-three students were initiated into Phi Kappa Phi for the 1956 summer school and fall semester. The upper 10 per cent of the seniors in each school are selected for membership in the organization each semester. The equivalent of Phi Beta Kappa, Phi Kappa Phi is K-State's highest

scholastic honor.

Established at K-State in 1919, the purpose of the scholastic honorary is to encourage scholarship in all fields of study. Outstanding freshmen students are awarded certificates of recognition for high grades by the organization each year.

Alpha Zeta is the agricultural scholastic honorary organized at Kansas State in 1934. This year there were 66 members of the organization. The purpose of Alpha Zeta is to raise the standards of its members in their work. Membership is open to students who have completed three semesters of agriculture or veterinary medicine and are in the upper two-fifths of their class scholastically. Ray Zimmerman was chancellor. Sponsors were Paul Sanford, G. B. Marion, and Walter Smith.

Twenty-eight men were members of Alpha Mu, honorary milling fraternity, during the year. They work to promote the profession of milling and its related fields, and to develop high standards of scholarship, character, leadership, and fellowship.

To be eligible students must be sophomores or above and have been enrolled in the department of flour and feed industries one semester. Outstanding men in the field of milling may be elected to honorary membership. Activities of Alpha Mu include Christmas Milling, an annual smoker, a fall and spring banquet, and the publishing of a news letter. Roy D. Cooley was president of Alpha Mu. Faculty sponsor was Royce O. Pence.

Phi Alpha Mu, Arts and Sciences honorary for junior and senior women, presents an award at their annual spring tea to the junior woman in Arts and Sciences with the highest scholarship at the close of the previous school year. The award was permanently raised from \$25 to \$30 this year. In the spring Phi Alpha Mu also entertains members of the sophomore and junior classes who will be scholastically eligible for the honorary. Membership is open to junior and senior women in the School of Arts and Sciences who have done 30 hours of college work at Kansas State and are in the upper 15 per cent of those in the class having a B average or above. Sigma Delta Chi, honorary journalism fraternity, and Theta Sigma Phi, journalism honorary for women, worked together in publishing the Miss Wildcat calendar, a new project. The calendar girls were chosen in a school election. They also had a joint picnic in the fall and spring and gave a Christmas party for the Journalism Department. Men who have a good standing scholastically and have done efficient work in journalism may be elected to Sigma Delta Chi by a three-fourths vote of the members. Meetings were held during the year with outstanding American journalists such as Hodding Carter and Jack Swift. Two banquets were held and a Sigma Delta Chi queen was elected. Each year they also publish the April Fool edition of the Collegian. Darrel Miller was president and C. J. Medlin was faculty sponsor.

Membership totaled 65 in Eta Kappa Nu, electrical engineering honorary this year. This is an increase of 28 over 1955-56. Beta Kappa chapter of Eta Kappa Nu was founded at Kansas State College on May 6, 1939, and has been active on campus since that time. Members are selected on their scholastic ability, character, morals and ideals. Those in the upper one-third of the senior electrical engineering class and those in the upper one-fourth

of their junior class are eligible scholastically. The organization assists its members throughout their lives to become better men in their chosen profession and to become better citizens.

Physics tutoring classes are a big project of Eta Kappa Nu. The tutoring classes met every Thursday and Eta Kappa Nu members helped the underclassmen to learn the fundamentals of physics better. The organization also sponsored slide-rule classes and displays at the Engineer's Open House. Members contributed information to the national magazine. Harrison Pallett served as Eta Kappa Nu president. R. M. Kerchner, head of the electrical engineering department, was the organization's faculty sponsor.

Steel Ring, which is a campus engineering honorary, had a membership this year of 85 juniors and seniors. Membership requirements are a 1.00 minimum grade average and good leadership qualities. The organization of Steel Ring was established at Kansas State in 1928 when 14 seniors recognized the need for an honorary fraternity for engineers. The purpose of Steel Ring is to lead in political, social and professional activities in the School of Engineering and Architecture and to

encourage underclassmen in participation in activities of engineering and architecture. The club held two banquets and two picnics during the last year. Members of Steel Ring judged open house displays and the club presented a trophy for the most outstanding exhibit at the Engineer's Open House during the spring semester. Another big project of Steel Ring is the publication of the *Intake and Exhaust*, a humorous newspaper for the School of Engineering and Architecture. It is published once a year. The Engineer's Alloy program is another project that Steel Ring sponsors. Faculty sponsors were D. A. Nesmith and Reed F. Morse. The president of the honorary was James D. Hotchkiss.

Scholarship, leadership, and research were promoted by the 26 members of Omicron Nu, honorary home economics organization. The members, selected from the upper scholastic percentages of junior and senior home ec classes, helped with Hospitality Days, honored freshmen girls with a tea, and awarded a scholarship. Susie Tucker was president; Miss Jennie Williams, Dr. Grace Goertz, and Miss Charlotte Bartels were faculty sponsors.

Delta Phi Delta, art honorary, furthers its 30 members' interests in art through scholastic fellowship. The organization visited art exhibits in Kansas City and Nebraska, and exhibited their own works in the Union at a spring showing. John Ricklefs was president, Prof. J. Alpha Epsilon Rho, honorary radio and television fraternity, was honored with two national chapter presidents. It was the first time in 15 years that the president has been elected from the same school two years in a row. Charles Hutchinson was president for 1955-56, and Gordon Jump took over his duties for 1956-57. The fraternity has 18 members, and encourages and recognizes outstanding talent of radio and television students.

Chapter Hosts Workshop

Alpha Epsilon Rho was responsible for the presentation of the radio-TV speech seminar program in February. The K-State chapter was host to Kansas and Nebraska Universities for a television production workshop, and problems to be brought up at the national convention in Columbus, Ohio, were considered. Groundwork for an AER chapter at Wichita University was laid during the year, and public relations projects were started. Among these were a picture honor roll of all past members who are now in commercial radio or TV, and con-

struction of a Union billboard publicizing the fraternity's work. Harry Shank was president. Bob Snyder was faculty advisor.

Group Sends Music to Japan

Mu Phi Epsilon, national honorary music sorority, has grown from 13 to 16 members in the last year. Any women vocal or instrumental music majors who have a B average are eligible to become members of Mu Phi Epsilon. Sending sheet music to Japan was the organization's main project of the past year. The members collected unused music from the College, Manhattan residents, and from the member's hometowns for all types of instruments and sent it to Japanese schools. A Christmas program was given by the group to patients at the Ft. Riley hospital. The talents of the sorority were displayed at the annual spring and fall recitals in which instrumental and vocal numbers were presented. Joann White was president of Mu Phi Epsilon. Clarice Painter was the faculty advisor.

club starts internship

Alpha Kappa Psi, professional business fraternity, assisted with an Industrial Relations Conference and worked with the accounting department to institute an accounting internship program. Alpha Kappa Psi's purpose is to provide an opportunity for its members to associate with and assist each other in the business world after graduation, as well as while attending college. Membership requirement for the organization was a 1.5 grade average in business administration. Faculty spon-

sor was Norman French, Joe Breitenstein was president.

Sigma Gamma Epsilon, honorary geology fraternity, sponsored a field trip for local Boy Scouts, had a fall and spring banquet and dance for geology students and sponsored their annual spring field trip for geologists. Its purpose is the scholastic, scientific, and social advancement of its members. Requirements for membership are a 1.2 over-all grade average, with a 1.8 average in earth science courses. Members must have a major in geology, mining, metallurgy, ceramics, petroleum engineering, or a branch of the earth sciences. Jim Stewart was president and faculty sponsor was Dr. Henry V. Beck.

religious leader hired

An important step was taken in religious activities with the hiring of William C. Tremmel as first director of student religious activities. He coordinates and promotes the denominationally sponsored religious activities and counsels students in their personal religious problems.

RELIGIOUS COORDINATING COUNCIL: Bob Elliott, Jerry Holliday, Winifred Fields, Ken Brackney, Frank Rodman, Bernie Schleicher, Barbara LaBarre, Joyce Knepper, Warren Lynn, Hubert Guest, John Luthman, Richard Bartel, Mary Rogers, Lyle Clum, Ted Johnson.

Twenty-two organized religious groups were on campus this year. Two representatives from each organization formed the Religious Coordinating Council which is responsible for the various religious activities here at K-State. RCC has been active at the College for nine years. "Life Beyond the Ivy Tower" was the title of the fall program planned by the Council. Festival of Faiths was the theme of Religious Emphasis Week. Rabbi Louis Binstock of Temple Shalom, Chicago, was guest speaker at the opening assembly and various seminars and discussion sessions were held throughout the week with seven guest clergymen. The Council also sponsored Easter and Passover week activities and the Easter assembly, "Every Man."

Joyce Knepper was RCC president. John Noonan was faculty sponsor and the Rev. Walter Able,

religious advisor. Dr. Tremmel was also Council advisor.

Philosophy of Religion was offered for the first time this year with a full class attending and a long waiting list. Dr. Tremmel taught the class for which three hours of credit were given.

College Baptist Student Fellowship had a membership of 35 this year. To exalt Jesus Christ as Lord and Savior to all persons is the organization's motto. Members of the fellowship helped to support the Arthur Weims, missionaries to Italy and went Christmas caroling during the year. Sonny Rundell was president and the Rev. John Ironside was sponsor.

club has 485 members

Newman Club, whose membership is open to all Catholic students, is the largest religious organization on campus. Four hundred and eighty-five members keep their motto "Heart speak to heart" in mind by participating in activities designed to foster religious, educational and social life. Newman Club meets on the first and third Sundays of each month. Activities include mixers once a month, a float in the Homecoming parade, an

annual retreat, corporate communion Sundays, intramurals participation and discussion groups on "Courtship and Marriage." The K-State Newman Club sponsored the Kansas Regional meeting of Newman clubs. An annual banquet was held in the spring to celebrate Cardinal Newman Day. The Newman Club is a Catholic club of Catholic culture and fellowship that fosters the spiritual, intellectual and social interests of the Catholic students of Kansas State College. The purpose is to weld these interests into a common union and to assist Kansas State College and its students whenever possible. Ralph Johnson was president of the group and Prof. J. P. Callahan was faculty sponsor. The Rev. E. J. Weisenberg served as director.

service is club motto

"Service" is the watchword of Kappa Beta, religious sorority for university women of the Disciples of Christ church. Service projects included helping with Saturday play activities at Douglas Center and making toy monkeys for orphanages. Mary Louise Ficke was president. Co-sponsors were Miss Gwendolyn Tinklin and Miss Lois Turner.

The Evangelical United Brethren Student Fellowship, organized at K-State in October, 1955, now has 40 members. Worship services were held on Sunday evenings. Warren Nichols was president, and Gerald Zachariah was the faculty sponsor.

Sigma Theta Epsilon, Methodist men's organization, formed basketball teams at Douglas Center

and helped Wesley Foundation prepare for church services. Warren Lynn was president. Paul Duell was the faculty advisor.

Fellowship Works in Colorado

The Kansas State Christian Fellowship is a chapter of the interdenominational Inter-Varsity Christian Fellowship. Activities included picnics and conferences for International students, and weekly prayer meetings. Members worked during the summer at Bear Trap Ranch, Colo., where Christian living is taught. James Hughbanks was president, Lois Ottaway was the faculty advisor.

The Christian Science organization, which had 22 members, held weekly meetings in Danforth chapel to further the fellowship of interested students. The president of the group was Keith Landis, and Miss Rosamond Kedzie was the faculty sponsor.

service is their goal

Roger Williams Fellowship, founded at Kansas State in 1951 for Baptist students, has grown from a small local group to a group of 150 active members. This year Miss Betty Willis was installed as permanent student director. Ron Butler, president of the Fellowship, was elected president of the Kansas Baptist Student Movement at their annual conference. Dr. and Mrs. Paul M. Young were faculty advisors. Among group activities were a welcome party for new students, international

student banquet, work day, and a spring retreat in Topeka.

Serving on gospel teams in Kansas churches provided leadership experience for the 175 members of the Disciples Student Fellowship. Their purpose is to provide a fellowship to encourage the total Christian growth of young men and women. Other activities of the group included evening fellowship, study groups, leadership training programs, and informal recreation. Edwin Dillinger was president and Fred Lawson and Walter Abel were faculty sponsors. The organization began about 25 years ago on the campus and in 1947 a full-time worker and a building were acquired.

lutherans boost chapel

The Lutheran Student Association, headed by John Lothman, president, boasted a membership increase of 20 over last year, bringing the membership to 190. Besides Sunday evening meetings, Bible study groups, a backwards party, the annual cherry pie baking contest, Christmas smorgasbord and the "Inquiry Unlimited" meetings, the LSA sponsored a weekly chapel service in Danforth Chapel, entirely student planned and executed. Dr. George Larson, Dr. Verne Sweedlun, and Miss Inez Ekdahl were faculty sponsors.

Gamma Delta, a national organization of Lutheran students, endeavors to provide Christian fellowship to its 60 members through religious and social gatherings. President of K-State's Mu chapter was Richard Wagner and Dr. Arlin Feyerherm acted as faculty advisor. One of Gamma Delta's main projects was the raising and contributing of funds to the national project of a medical missionary scholarship and to furnish a student chapel at Toronto, Canada. Gamma Delta is an international association of Lutheran students. Organized in 1934, it now has 125 chapters and 10 regions. Its program is based on Christian knowledge and service.

The local United Student Fellowship helped organize a state USF and helped in writing the state constitution. This group meets to provide intellectual, social, and spiritual fellowship for college students. It is a Congregational, Christian and Evangelical Reformed religious organization. Activities of the USF include a Christmas party for underprivileged children, attending the state conference, hayrack rides, picnics, movies and religious discussions. They participated in the Congregational church's Every Member Canvass and the Christmas work shop to make gifts for needy people. Clinton Peirce, Don Elson and Vash Rumph represented the group at the national conference in Colorado. The group meets at the Congregational Church and at their cabin on top of Stag Hill. Clinton Pierce was president first semester, and Don Elson presided during second semester.

Westminster Fellowship, a Presbyterian organization, is open to any interested student of K-State. The program for the year was centered around "What Kind of People Are We?" and was followed in the Sunday evening program and in the Presby-Weds, the young married students' group, Westminster Men and the graduate students' programs. Westminster members participated in contributions to the Hungarian Relief, and twice during the year presented a play, "Tomorrow for the Taking," in the college auditorium. The purpose of the fellowship is to "further the Christian education, experience, and commitment and to unite with Christians who so desire." First semester president was Jim Elliott and second semester president was Jack Kersting. Faculty sponsor both semesters was Dr. Paul Sanford. Dr. Emerson I. Abendroth is the college pastor.

new union gives student activities a boost

Enthusiastic cheerleader, Dixie Warnick, leads students in a yell during a Wildcat basketball game.

Kansas State College provides nearly 165 activity organizations for the many interests a student might have. Some are direct extensions of curriculum programs, and others are for such interests as horseback riding and square dancing. The K-State Union provides a place for meetings and an activities center with full time professional help available. Over 100,000 people have attended nearly 2,000 student scheduled events in the Union alone since its opening in March, 1956. Student Activities Board members work closely with the Union program director who acts as executive secretary, to approve organizations and keep a record of all campus activities. They coordinate the activities of these organizations and assist them in every way possible.

Dwight Bennett was chairman of the Board, Joyce Graham secretary, and Bob Alexander executive secretary. Other student and faculty members were Midge Mulkey, Pat McDermott, Lance Gilmore, Peggy Daniels, Bob Blackwelder, Golda

Among the newest activities are those at the K-State Union, center of activity on the campus. The Union provides activity programs to satisfy the cultural, social, educational and recreational needs of the College community. Seven Student Union committees were formed in the fall of 1955, and eleven are now in operation.

Alpha Phi Omega, national scouting fraternity, renders services to the College and community. Their activities have included conducting tours around the College, donating magazines to Student Health and caring for the College mascot. They also aid in community services and assist Boy Scout

troops in activities and meetings. Candidates for membership must have previous scout training, a desire to render service to help others, and a satisfactory scholastic standing. Wallace Brown was president, William Shepard scouting advisor, and Ralph Nevins faculty sponsor.

"The door to success is labeled push" is the motto of the Agricultural Economics Club for students majoring in Agricultural Economics. The organization furthers the professional and social interests of its members and fosters a closer relationship between them and the Department of Agricultural Economics faculty. club assists ffa

The purpose of the Agriculture Education Club is to strengthen the confidence of the members in both their work and themselves while preparing to be instructors of vocational agriculture. The 85 members make up the second largest club in the School of Agriculture. Members strive for two goals; to give assistance to the Future Farmers of America and to provide educational enlightenment in the field of agriculture. To become a member of the Agriculture Education Club, the future member must be enrolled in the curriculum of Agriculture Education. The club sponsors school square dances, watermelon feeds, a co-ed

banquet, and serves box lunches and banquets during the annual Future Farmers of America contest in the spring.

Supervise FFA Contests

Besides supervising the state Future Farmers of America contests and conducting model FFA meetings to gain proper training for their future teaching techniques, the club sponsors an all-college farm mechanics skills contest. The club dates back to 1947 and since that time the members have had the opportunity to listen to many outstanding and successful teachers of vocational agriculture discuss the problems that the student teachers can expect to encounter in teaching. Heading the Ag Education Club this year were Virgil Norton, president, and Howard R. Bradley, faculty advisor.

The Block and Bridle Club is the largest departmental club in the School of Agriculture. Any student who is taking courses in animal husbandry may join. It was organized as the Jayhawker Saddle and Sirloin Club in 1914 but later joined with similar clubs to form the National Block and Bridle Club. Two of the objectives of the Block and Bridle Club are to promote a higher scholastic average among students of animal husbandry and to promote animal husbandry in colleges and universities. The 110 members co-sponsor the Little American Royal and the wool and livestock judging contests. The club also participates in the state Future Farmers of America contest, Feeders Day, and the Formula Feed Conference. A special project of the club this year was the construction of a polished walnut judging plaque to honor the winners of the annual Block and Bridle livestock judging contest. Walter Martin was president and David L. Mackintosh was faculty advisor.

club helps with garden

The purpose of the 18 members of the K-State Horticulture Club is the promotion of good fellowship among members and the advancement of interest in horticulture. Any student or faculty member is eligible for membership if he is in good standing with the College, of good moral character and if he is interested in some phase of horticulture. Helping with the construction of the court garden behind Waters Hall has been the most recent project of the club. Since the Horticulture Club was organized in 1920, it has been active each semester. Two meetings are held each month. The club sponsors shows that are held in Dickens Hall,

Co-sponsoring the Little American Royal was a special project of the Kansas State Dairy Club. In addition, they helped feed visitors at the KABSU annual open house and the Formula Feed conference. When not engaged in these activities, the 41 students, 4 graduate students and 17 faculty members who belonged to the Dairy Club spent their time putting out the *Dairy Student* which the club published. Taking time out from their work every fall and spring, the club has a steak fry followed by a square dance. The purpose of the club is to be of service to the College and the

dairy department whenever possible and to provide information on topics of general interest to its members. It also provides fellowship for the students and faculty members who are interested in dairying.

The Milling Association has gained 40 members since last year and now boasts a membership of 120. To be eligible for membership, one must be enrolled in Flour and Feed Milling curriculum. The purpose of the club is to bring members of the Flour and Feed Milling department into close contact and fellowship with each other. The club sponsors monthly seminars, and an annual spring picnic. Brent Adair was president and John Johnson was the faculty advisor.

club prepares barbecues

Poultry Science Club, a nationwide organization, creates and furthers interest in poultry husbandry and promotes closer friendship and cooperation among the students and faculty. The club is open to any college student or faculty member interested in poultry. This year the club sponsored a collegiate poultry judging contest, and assisted in feeding participants of the Formula Feed Conference and in financing a field trip to visit a broiling area and several large poultry farms in Arkansas. Fall and spring barbecues and an awards banquet were held. The club also prepared chicken barbecues for other organizations. An increase of

13 brought the membership to 48 this year. Bill Brethour was president and Ray Morrison was advisor.

Installation of a telescope on the roof of Willard Hall was a project of the Kansas State College student section of the American Institute of Physics, open to students enrolled in the field of physics. The organization was founded on the K-State campus in 1950. The advancement and diffusion of knowledge of the science of physics and its application to human welfare is the purpose of the organization. Twenty students were members. Basil Curnutte was faculty sponsor and Raimo Bakis was president. Members participate in the annual High School Science Conference, take a yearly field trip, and send a newsletter to the alumni of the physics department.

Klod and Kernel Klub, agronomy department organization, holds a local essay contest each year to select three papers for participation in a national agronomy contest. Their other activities include participation in the activities jamboree, an Ag Week display, fall steak fry for membership promotion and a spring picnic. K-State delegates attended the National Student Section of the American Society of Agronomy meetings in Cincinnati, Ohio. Judging samples were also sent to various high schools for instructional purposes. Students and faculty members of K-State with an interest in agronomy are eligible for membership. The club tries to develop a spirit of good fellow-

ship in the agronomy department. Carlyle Thompson was president and Ernest L. Mader was sponsor.

Club Cervantes, K-State Spanish club, promotes the study of Spanish and Latin-American culture and encourages familiarity with the Spanish language. Students currently enrolled at Kansas State who have had six semester hours of Spanish, or who know how to speak Spanish, are eligible for active membership. Those interested in the activities of the organization may be associate members. engineers face future

Helping civil engineering students become more familiar with the engineering profession and acquainting them with the functions of their organization are the purposes of the American Society of Civil Engineers. The group has a total enrollment of 100, a 25 percent increase over last year's membership. In order to become a member of the ASCE, a student must be enrolled in Civil Engineering and have junior or senior standing. The group participates in Engineering Open House

which is held each spring. President of the group was K. D. Fetrow. Dr. J. G. McEntyre was faculty sponsor.

Interest Is Technical Information

Students studying for a degree in a technical field such as engineering, chemistry or physics make up the membership of the Institute of Aeronautical Sciences. The purpose of the group, organized at K-State in 1950, is to advance and to make known information on the theory and practice of the aeronautical sciences. President of the group was Keith L. Small and faculty sponsor was Prof. Frank J. McCormick.

The organization of the Mock Political Convention held on campus last spring had its beginning with the Political Science Club, which was established in 1954. Members may be majors in government or have an interest in public affairs. The

group's purpose is to acquaint students with opportunities for public service careers and to discuss topics of current importance. Activities of the group include guest speakers and visits to the legislature.

Membership in the K-State branch of the Institute of Radio Engineers was the largest last year that it has ever been. One of 77 student branches, the group has as its aim to make known theory and practice of electronics, communications and other related fields of engineering and science. Furthering the professional development of the student is another aim. Any student enrolled in electrical engineering may become a member. Activities included helping with Engineers Open House and an annual smoker and picnic. Eldon M. Hammeke was chairman and Kermit Reister was faculty sponsor for the group.

clubs sponsor workshop

Home ec girls are grouped into eight departmental clubs which are members of the Margaret Justin Home Economics Club. The girls coordinate their efforts on activities like Hospitality Day and the Workshop sponsored by the Home Economics Council. The girls find friends and fellowship by sharing their mutual interest.

The 25 members of the Art Club design and sell cards during the Christmas season, have an exhibit of their members' work in the spring, and sponsor a radio program. For the less serious occasions they have a chili supper at the home of

their adviser, Dorothy Barfoot and an outdoor sketching party and picnic. President is Ruth Ramsey.

Hard work and co-operation make the Simplicity Fashion Show sponsored in March by the Clothing-Retailing Club a success. Club members served as models, stage hands and generally ran the show. The club has 30 members who are advised by Alpha Latzke. President is Marcia Sowers. One of the main purposes of these home ec clubs is to give the girls a chance to learn about job opportunities in their field. The Clothing-Retailing girls listened to Caroline Boyer of the Viscose Corporation tell about home economics girls in the business field and Marcia Rothrock told them about running a small clothing shop. Miss Boyer's visit was especially interesting since she is a graduate of the K-State School of Home Economics.

clubs help with dance

Members of the Child and Family Development home economics club receive practical training by working with children on Saturday mornings in cooperation with the Manhattan recreation commission. The club, established in 1950, furthers interest in this field. Club activities for the year included making folders for the nursery school children's art projects and helping with arrangements for the Snow Ball dance. President of the club was Donna Knoche. Mrs. Louise Langford and Mrs. Coral Aldous were the faculty sponsors.

The Dietetics and Commercial Demonstration club draws its members from students in dietetics,

institutional management, restaurant management and foods demonstration. Two of the club's activities were a foreign dinner prepared by students and staff and a tour through Topeka restaurants. Since home ec students are not always girls, seven men were members of the club. Sally DeForest was president, Mrs. Grace Shugart was faculty sponsor.

Club Has Chili Supper, Cookie Sale

Radio programs over KSAC, a chili supper and cookie sales in Waters Hall were the activities of the home economics Extension Club. Twenty girls who were interested in becoming home demonstration agents composed its membership. Other projects included helping with the Snow Ball and Hospitality Day. Betty Sellers was president, Miss Margaret Koenig was faculty sponsor.

Their major activity of the year was conducting a workshop for the regional home ec workshop held at K-State last fall. They also handled publicity for the Snow Ball. During the year the club invited well-known women in the field of journalism to tell members of some of the problems and situations they will encounter as working journalists. Jan Madsen was president, Miss Helen Hostetter was the faculty sponsor.

Teaching Club Is Largest

The Home Economics and Teaching Club is the largest of the eight Margaret Justin Home Economics clubs with 80 members. The club provides an opportunity for fellowship among the home ec teaching students on the campus as well as giving them insight into the teaching profession. The club, along with its seven fellow organizations, presents the Snow Ball, Hospitality Day, and a Christmas tea for home ec students. Wilma Ludwig was president of the club, Mrs. Lucille Rust and Mrs. Laura Baxter were the faculty sponsors.

avma provides common meeting ground for vets

Kansas State's chapter of the American Veterinary Medical Association provides an interesting and valuable agenda for its members. This is the only organization on the campus which furnishes a common meeting ground for vet students. From freshmen to seniors, all veterinary students are members of the Kansas State student chapter. Two hundred and fifty members or 100 per cent of the Veterinary School enrollment is active in the AVMA, as it is more commonly called by the

members, who participate in all meetings.

The student chapter of AVMA was established October 20, 1906, by a student in veterinary medicine. It became affiliated with the American Veterinary Medical Association in 1939 and was granted its charter. There are twenty-two charter members. Upon completion of four years as a member of good standing, all persons are given a "sheepskin" which serves as an aid to being recognized by other members of the profession.

vets hear professionals

Honorary members include all faculty members and all graduates of the School of Veterinary Medicine at K-State. Other members may be elected to membership by the chapter. The purpose of the organization is to further technical development in the field of veterinary medicine together with such literary and social training as may accompany it. Living up to this purpose, the Jr. AVMA plans

a varied and detailed agenda each year. The organization believes that information concerning actual experience of veterinarians is invaluable. Two regular meetings are held each month at which outstanding men in the profession are guest speakers. These meetings provide students with opportunities to discuss problems with practicing veterinarians. A senior-alumni day is sponsored for this same purpose. The members of the graduating class and K-State veterinary alumni have conferences together in order to strengthen ties between alumni and students and to provide information for the new doctors of veterinary medicine. Annual visits are held with the Oklahoma A&M chapter. Students exchange ideas while becoming acquainted with other people in their profession.

Combined meetings are often held with the AVMA Auxiliary, which is composed of the wives of the veterinary medicine students. This gives the women an opportunity to become more familiar with their husbands' future profession. Life is not all just work for Jr. AVMA members. On the fun side of the ledger, this organization planned parties and formals. Two formal dances were held, and a spring dance which included a banquet was given in honor of the graduating seniors. Each class in the organization has organized social functions for its own members. Chicken barbecues and picnics are only a few of the events by which classes entertain. A smoker is held each fall for the freshman veterinary students in order to orient and acquaint

For the second year in a row, the Jr. AVMA's topped all other independent teams in both intramural football and intramural golf to win the independent crown. They also participate actively in other intramural contests such as basketball, volleyball, track, softball, table tennis, tennis and horseshoes. As a special project the Jr. AVMA entered a float in the Homecoming parade.

These veterinary medicine students work hard

on their studies. They are required to put in long hours of work from 2 a.m. to 10 p.m. each day during the week, and they are also responsible for work during the weekend. But as he works, the student is learning more and more practical information about his profession. During the veterinary medicine student's senior year he is required to live two weeks or more at the veterinary medicine hospital. This is one more step in his practical experience of his profession. vet wives learn trade

The Jr. AVMA Auxiliary is a social and educational organization composed of wives of veterinary medicine students. Organized in 1939 at Kansas State College, it was the first student AVMA Auxiliary to be formed in the country. A talent show given in November and a family Christmas party in December were two of the important events of the year. In May, senior wives had their own "commencement" which has become an annual event. Diplomas were presented to the wives

of graduating vet medicine students for the assistance they had given their husbands.

The club had several special interest groups including the Practitioners' Wives, who learn the more technical aspects of their husbands' work. Doctors from the School of Veterinary Medicine, practicing veterinarians, and professional speakers contributed to the education of club members. Beginning and advanced bridge groups added to the social activities of the organization. The chapter is composed of 160 members, an increase of 20 over last year. Peggy Rush was president of the Jr. AVMA Auxiliary. Mrs. Fayne Oberst and Mrs. Marvin Twiehaus were advisors.

chaps sponsor rodeo

Chaparajos Club, rodeo and riding club, sponsors a collegiate rodeo each spring. The group was organized at K-State in 1948 to promote greater interest in horsemanship, rodeos, and ranch problems in relation to light horses. Any interested student or faculty member may join. This year there were 48 members. Joe Coyle was president and Carl Menzies was faculty sponsor.

Christmas decorations are a project in Prof. W. W. Willis's floral arrangement class in the horticulture department.

The Kansas State Amateur Radio Club provides specific recreation for interested amateurs in ham radio operation. Members have an occasion to converse with people of many countries and organize recreation along the line of ham radio for licensed amateurs and other interested people. President was Robert W. Johnson and sponsor was Charles M. Hughes.

Organizing an Angel's Flight and sponsoring the first annual Air Force Ball were projects of Arnold Air Society. Members also visited various Air Force bases and sent delegates to the national conclave. A 1.50 over-all grade average and a 2.00 grade average in Air Force ROTC are requirements for membership in Arnold Air Society for cadet officers of Air Force ROTC. Capt. C. M. 4-h is largest club

Collegiate 4-H is the largest co-ed organization on the campus with 500 active members. A student must have completed one year of 4-H work to secure membership. The 4-H club was formed in 1927 with the help of F. D. Farrell, president emeritus of the college. It helps with the 4-H Round-up, sponsors a weekly 4-H radio program, publishes "Who's Whoot," and donates to the In-

ternational Farm Youth Exchange program. Leon Sucht was president this past year and J. Harold Johnson was faculty advisor.

World Understanding Is Goal

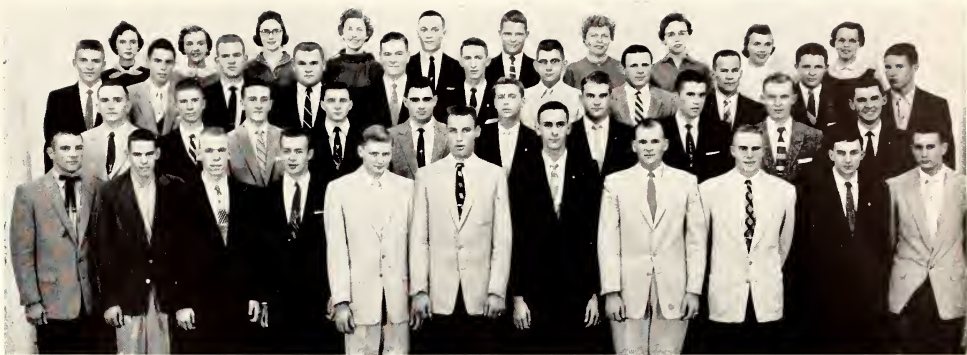

Cosmopolitan Club is a campus organization open to students who are interested in becoming better acquainted with the various cultures and people in the world. The 115 members of the club strive to live up to their motto, "Above all nations is humanity." The two big events of the club are the Feast of Nations in the fall and the international weekend in the spring. George Plange was president and Cecil Miller served as faculty sponsor.

fta orients teachers

The 439 members of the Future Teachers of America made the K-State club the largest chapter in the United States. Monthly meetings were held to orientate the future teachers to the problems that are often encountered in the profession. The highlight of the year was the spring banquet in April. Janice Humble was president. Dr. John W. DeMand is the faculty sponsor.

The Frog Club provides recreation and physical conditioning for its 60 members, who are selected for their swimming ability. The club's project each year is the production of a synchronized water show. Trudie Foltz was president. Mrs. Van Meter was the faculty sponsor.

Trudie Foltz, Frog Club president, tests the members on various kicks and strokes as they prepare for their water show.

"Touring the U.S.A." and "Doll Shop" were the themes of the annual Orchesis modern dance recital last spring. The colorfully - costumed dancers enacted historical scenes throughout the U. S. and dancing dolls came to life in a toy shop. The 25 members furthered their enjoyment and proficiency of modern dance through associations found in Orchesis.

In addition to their annual dance recital, Orche-

sis members performed at K-State home economics Hospitality Day, physical education Playdays and clubs on and off campus. Members for the dance honorary are selected on qualifications set by active members. A student is first chosen to be a junior member and is initiated into the senior organization after she has successfully filled all requirements. Joyce Rust was president. Francile Aronhalt was faculty advisor.

Orchesis members, in black leotards, rehearse a dance pose at their weekly meeting. Orchesis, a modern dance honorary,

presented its annual recital in February. The show was built around two themes, "Touring the U.S.A." and "Doll Shop."

rifles win second in meet

Pershing Rifles, Army and Air Force ROTC cadet drill team, placed second among 12 teams at the regimental Pershing Rifles meet at Stillwater, Okla., in March. Pershing Rifles members are chosen on drilling ability, general military knowledge and a 2.00 ROTC grade average. Drill and building military proficiency are the basic goals of the 45 members, and the group maintains a rifle team.

The organization drilled at basketball games, served as honor guard for a visiting Ft. Riley general and was the saber guard at Army and Air Force ROTC dances. Jim Myers was Pershing Rifles captain. Captain Robert Blair was faculty sponsor.

Geology Gems was formed by a group of wives of geology majors in March, 1956. During their first year, the 20 members furthered their interest and acquaintance with the profession. Faculty and

Students attended booths in the Union and Anderson hall to receive contributions for the campus-wide United Fund drive.

A five-day geology field trip was the highlight of the year for Williston Geology Club members. The Bad Lands and Black Hills were visited last spring by 50 of the 200 members of the club. The trip is planned for some region of the country which is geologically different from local areas. During past years, members have explored the Rocky Mountains, Arkansas, and Oklahoma.

Monthly seminar programs were planned by the Williston Club to give geology and geography students insight into the various fields of their major. General geologic and geographical fields covered by speakers were petroleum, economic geology, fossils, structural geology, general geologic processes and the physical and human aspects of geography. The seminars help underclassmen select their major field, and give students with a common interest a chance to get acquainted. Jim Stewart was president. Henry Beck was faculty advisor.

pep clubs boost team

Purple Pepsters, the Kansas State chapter of Phi Sigma Chi, national pep organization, is made up of 108 upperclass women who have maintained a 1.0 grade average or better. Activities this year included a national convention of Phi Sigma Chi in October with several member schools attending, selling pom-poms at football games, and planning the pep rallies and the Homecoming parade with

the other pep clubs. Phyllis Loseke led the pep group as president.

Freshman girls showed their enthusiasm for a college pep club by having 224 members to rely upon when noise was needed. Whi-purs displayed their newly-acquired loyalty at football and basketball games, pep rallies and the Homecoming festivities. The Whi-purs assisted the Purple Pepsters in forming the flash-card "K" in their section at the football games. Janet Newcomer served as president of the six-year-old organization. Whi-purs also made an out-of-town trip to one game, and had a banquet at the close of the season.

executives talk to club

K-State's Society for Advancement of Management is one of 95 chapters in leading colleges and universities. John W. Nuzman was president of the 50-member group. A student must be enrolled in Industrial Engineering or Industrial Technology to be qualified for membership. The varied programs of the individual chapters have been developed to further the growth of all students regardless of their academic major by stimulating their thinking and widening their knowledge. The group's program objectives are to bring closer together executives in business and students preparing to go into business, to serve as an effective medium for the exchange and distribution of information on the problems, policies and methods of industry and management.

Seminars, clinics, lectures and conferences are sponsored to bring closer together business and management executives with students preparing for these fields. These activities make more realistic and effective the student's preparation for life and impart to them a sound and appreciative attitude toward industry. Playing an important part in the national program for the Society are committees on research, performance, awards, membership, community projects, chapter relations, seminars and industry advising. These committees work with the vice-president of the national group

FRANCIS DAVID FARRELL, President Emeritus, came to Kansas State in 1918 as Dean of Agriculture, became the eighth president in 1925, served to 1943. Farrell Library was dedicated October 5, 1955, in recognition of his "notable contribution to the cause of education and to the youth of Kansas while president, and in order that future generations of students and teachers at Kansas State College may be reminded of his vision and wisdom."

The crowning of the 1957 ROYAL PURPLE queen climaxed the "Shower of Stars" dance celebrating the Union's first birthday. Queen Mary Ann Chamberlain, Southeast Hall, was selected from a group of 16 candidates by Alfred Hitchcock on

the basis of photographs submitted to him. Rosemary Derks, Kappa Kappa Gamma, Susan Schober, Alpha Delta Pi, and Margaret Walker, Van Zile Hall, were the royal attendants.

The Crewcuts took the spotlight and sang many of their hit numbers. More than 550 couples danced to the music of Jimmy Featherstone's orchestra in the grand ballroom of the Union.

Pulling class cards and filling out the endless number of IBM cards has in the past been the very essence of enrollment and a time looked forward to with apprehension and distaste by the upperclassmen. Unsuspecting freshmen were introduced to this maze of systematic confusion and they soon joined the ranks of doubters of this method.

But with the new plan of pre-enrollment, put into effect second semester, at least part of this will be a thing of the past. Students still have to fill out the cards, but the pain of the rack (the card rack) is gone. This is an eternal boon to succeeding generations. But if it weren't for some of the still existing trials and tribulations of enrollment, those of the long lines, closed classes, and writers' cramp, it just wouldn't seem like college. K-Staters who have failing grades at the nine weeks cannot pre-enroll. Transfer students and freshmen who do not take advantage of the summer pre-enrollment will still have to go through the travail of the card rack.

mpc attracts 2,000

Kansas State College inaugurated a first in the spring of '56 with the participation of more than 2,000 students in a Mock Political Convention. Students from sororities, fraternities, and other organizations banded together to form delegations representing the 48 states and territories of the United States.

Bovinian party was the name selected during the preparation for the convention. Estes Kefauver came out as party candidate for president on the seventh ballot after a long fight. Clare Booth Luce took the vice-presidential nomination on the first ballot by a nice margin. The convention adopted a platform including planks on agriculture, "right to work", foreign affairs, trade and civil rights. The civil rights plank caused a little trouble when the powerful Southern bloc walked out in protest over its adoption. A compromise settled the dispute.

Ahearn Fieldhouse was the scene of the Bovinian party convention over which Tom Bowman presided. The aisles were

thronged with delegates during the many demonstrations that erupted upon nomination of the various candidates.

bandwagon. As the convention wore on, delegates became more and more involved, making this first MPC a smashing success.

ag week revised

K-State's Ag Week began this year with less emphasis on horsetank horseplay and more on constructive projects such as booths displayed in Waters Hall. And it ended with the traditional Ag Barnwarmer, held in the Student Union ballroom. Connie Morgan, Karen Hampton, Carol Miller, Lee Lutz and Pat Vopat were chosen as Ag queen finalists in an Ag Seminar, where all the candidates were asked questions which exposed either their ignorance or knowledge of farming.

Then at Chore Day, the five finalists were required to drive a tractor, pitch hay, milk a cow, catch chickens and ride and saddle a horse before 800 onlookers. And a free watermelon feed for all followed the "chores." Saturday night the climax to Ag Week, the Barnwarmer, was held in the Student Union ballroom, where men in jeans, plaid shirts and red bandannas, and their dates in full-skirted dresses danced to the music of Jimmy Pierson's orchestra.

Queen Connie performs one of her many Chore Day duties —saddling a horse while being watched by 800 K-Staters.

Swishing skirts and stamping boots characterized the Ag Barnwarmer, the dance which ended a new type of Ag Week.

At intermission, Connie Morgan was crowned Ag School queen, with Karen Hampton, Carol Miller, Lee Lutz and Pat Vopat as her attendants. This honor was not new to Connie's family, as her mother was K-State Barnwarmer queen in 1931.

Finalist Karen Hampton seems to be having a little trouble milking the cow—an Aggie looks quite amused at her efforts.

Kansas State's Homecoming day festivities started with a parade which extended from downtown Manhattan through Aggieville. At the afternoon football game the Wildcats were victorious over Iowa State, and Joyce Brower was named Homecoming queen with Dixie Brown, Connie Benjamin, Sandra Mueller and Elin McCandless as her attendants.

The five Homecoming queen finalists were presented by Blue Key members at a ceremony on the Student Union balcony.

First place for sorority house decorations went to Alpha Chi Omega, whose decorations portrayed a gay-nineties scene with

background music for the theme, "There'll be a hot time in the old town tonight (after we scorch the Cyclones)."

Top float in the Homecoming Parade was Lambda Chi Alpha's Roman galley, one of the close to 40 floats which predicted a K-State victory.

The Homecoming Ball climaxed the day's activity as Queen Joyce Brower reigned over the dance. Seven hundred couples danced to the music of Matt Betton and his orchestra in the main ballroom of the Union. Tramp Day, the day before Homecoming, allowed students to attend class in the clothes they wore to work on house decorations. Decorations centered around a theme of famous proverbs or slogans.

The first place trophy for fraternity house decorations was presented to Delta Tau Delta, whose model cars traveled

around the world and through the K-State campus to illustrate their theme, "Along the Highway of Happy Memories."

Many parents visited the campus October 19th and 20th to take part in Parents' Weekend, and to see the K-State-Missouri football game. Welcoming the parents to the campus were decorations on fraternity and sorority lawns. The first place trophies for decorations went to Kappa Kappa

Gamma and Delta Sigma Phi. Pi Beta Phi and Delta Upsilon were runners-up.

Presented at the half of the K-State-Missouri football game were honorary parents of the day, Mr. and Mrs. E. D. St. John, parents of Marilyn St. John of Wichita. Parents registered in the Union lobby, were taken on tours of the Union by student guides and ate at a special "buffeteria" served in the Union's main ballroom before attending the afternoon football game.

The 1956 Favorite Man on Campus was chosen from 26 candidates by vote of K-State coeds who had viewed the candidates through posters and skits presented by the fraternities at the women's organized houses.

FMOC Gary Rumsey was crowned at intermission of the Snow Ball by Gavona Michaels, president of the home economics council. With the nomination of candidates for king and queen of the 1957 Interfraternity Pledge Dance, the pledge classes of Greek organizations began their campaigns in varied and vigorous ways. Campaign stunts ranged from furnishing taxi service for coeds to sending Valentines in the form of cookies and candy to the Greek houses. The usual array of posters blanketed the campus so that by the end of the week everyone was aware of the coming event. The winning candidates, Mary Helen Eaton and Joe Gardner, represented Gamma Phi Beta and Phi Kappa. The theme of the dance, Deep Purple, was most appropriate for the royal couple's reign.

Matt Betton and his band playing for street dancing plus a give-away of \$700 in prizes made the 1956 Aggieville Jamboree a gala affair. The purpose of the annual event is to give the Aggieville businessmen a chance to show their appreciation to the students for past and future business and to give old and new students an opportunity to get acquainted with the Aggieville businessmen.

Jimmie James and his band played for the occasion from the stage of the main ballroom in the K-State Union.

"Landmarks in Engineering," showing everything from the first wheel to 1957 atomic wonders, were depicted during the 33rd annual Engineers' Open House on St. Pat's week-end. Ten displays were the result of many hours of planning and preparation by men and women in the School of Engineering and Architecture. The mechanical engineers won permanent possession of the Steel Ring trophy awarded the best individual exhibit by earning first spot for the third straight year. The

mechanics also took second place in the exhibit contest. First place display was a space ship scene and second place showed the origin of fire and the wheel. Taking third place were the civil engineers with their community sanitation display.

Reigning over the engineers' activities were St. Pat Jim Moore and St. Patricia Mary Helen Eaton. Attendants were Virginia Roenbaugh, Sandra Tenorio, John Nuzman and Pat Schmiedeler. Coronation ceremonies were performed by Dean M. A. Durland at the St. Pat's Prom, a dance sponsored by Steel Ring which climaxes the annual open house.

royal has 164 entries

With all the color and gaiety of its parent event, the American Royal, the Little American Royal is presented each spring by the Block and Bridle Club and the Dairy Club. Any student may enter and draw for a College-owned animal which he will groom for seven weeks prior to the contest. Judging is based on showmanship and amount of improvement on the animal, but not on quality. The 28th Little American Royal, held the spring of 1956 in Ahearn Fieldhouse, had 164 students showing. Mark Drake, executive council chairman, was assisted by student committees, since the entire event is planned and staged by Aggies. Parents and high school FFA and 4-H members are special guests at the Royal.

Some of the more than 1,700 visitors arrive at Calvin Hall to begin a tour of exhibits set up for Hospitality Day.

school has open house

A day-long introduction to the School of Home Economics—that's Hospitality Day. This all-school open-house followed the political theme of '56 and invited high school girls, their teachers and mothers to "Cast Your Vote as Home Economics Campaigns for Better Living." Donkey and elephant name badges, banners and streamers, and voting for the favorite exhibit put visitors in the 'campaign' mood.

Nine educational exhibits, planned and prepared by home ec girls, showed the type of work done in various classes. A general assembly, and tours of the campus, exhibits, and women's dormitories were topped by a full-scale style show which reviewed clothes suitable for college wear. Now a traditional event for the School of Home Economics, Hospitality Day found more than 1,700 persons here for the event last spring. General chairman for Hospitality Day was Delaine Smith. The entire event is planned by student committees with faculty assistance.

Seated in "state delegations," high school girls are invited to "cast their votes" for favorite campus clothes modeled in

the style show and in some instances made by students. Residence hall teas followed the show.

Registration totals found girls from 135 schools at last spring's Hospitality Day. Visitors registered in the Union.

spring brings politics

Students with an interest in politics had many opportunities to gain experience during the campus-wide campaigns last spring. One major event was election of Student Council representatives, for which members are chosen from each school. Skits presented at organized houses and posters covering campus trees and bulletin boards announced candidate names and qualifications. Students voted for representatives from their school only.

Summer school began in June with close to 1,700 students enrolled, the highest summer school enrollment at K-State since 1949. Supervising the session was Summer School Dean Paul M. Young. Carole Miller, Joyce Slaven, Alda Schmutz, Rosemary Derks, Marlene Young, Nancy McQueen, Peggy Farrar and Grace Rose were presented as candidates at the Collegiate Capers water show in July. And the K-State Union was a popular place for students, who relaxed there between classes and attended dances on the terrace. Summer school came to a close August 3 when at commencement exercises President James A. McCain conferred degrees upon 200 graduates.

seniors reach finale

The donning of mortar boards and black robes signified the grand finale to college days for more than 800 seniors last spring. Commencement exercises were held in the Ahearn Field House. President McCain delivered a charge to the class, Gov. Fred Hall extended greetings and Lester McCoy, chairman of the Board of Regents, brought a message from the Board. The climax of the exercises came when the honorary degree of Doctor of Agriculture was conferred upon Representative Clifford Hope.

rehearsals, curtain calls, mark dramatics

Rehearsal after rehearsal, night after night, a forgotten line, a bad dress rehearsal before an outstanding first night performance, then a well-deserved curtain call—all were characteristic of the many fine plays presented by K-State actresses and actors throughout the year.

Directing the plays and advising student directors were faculty members John Robson, Don Hermes and Earl Hoover, long-time director of K-State dramatic presentations. The first major production of the year was "Six Characters in Search of an Author," directed by Don Hermes. Presented in November, the play starred Jerry Hager, John Miller, Bobbi Baumann, Nancy Westney and Lou Ann Oberhelman. All dressed in black, the six characters had in their minds the theme and action for a play, and were in search of someone to write the play for them.

In December, "Solid Gold Cadillac" was presented with Earl Hoover directing. In the lead role was Lou Ann Oberhelman as Mrs. Laura Partridge, a little old lady who, as a small stockholder in a large New York corporation, attended a board of directors' meeting, found foul play among the directors and eventually took over the entire cor-

poration as a representative of all the corporation's small stockholders. Fashioned after the Broadway production, "Solid Gold Cadillac" also had in its cast Jan Lowderman, Darwin Klein, Gordon Jump, Jerry Hager, Charley Peak and Ken Nakari.

Poker and a bottle occupy four of the unsavory characters that abounded in "Streetcar Named Desire," presented in February.

Speech and drama continue throughout the year, as evidenced by the number of students who try out for summer

school plays. This play, presented during the summer school session, gave experience to summer speech and drama students.

Linda Merritt played the role of the sister-in-law, Blanche, in "Streetcar Named Desire," directed by John Robson. Given in February, "Streetcar" starred Len LeGault as the husband, Ann Soelter as the wife whose eccentric sister-in-law disrupted her "home." Ken Nakari played the part of Blanche's boyfriend. Sharon Townsend was student director for the play.

"Merry Wives of Windsor," a Shakespearean play, was given in April and directed by Earl

Hoover. Gordon Jump starred as Falstaff, and other members of the cast were Wendy Helstrom, Bobbi Baumann, Glenn Rhea, Richard Mansfield and Gene Olander. Student director for "Merry Wives of Windsor" was Betsey Thomasson. The two plots of the play were: first, the devilry played on Falstaff and second, the love life of Ann Page (Wendy Helstrom).

The last major production of the school year was "Everyman," directed by Don Hermes. A re-

ligious play, "Everyman" was presented in conjunction with the College May Fine Arts Festival and the annual all-College Easter Assembly.

Students who were interested in drama and drama production were given an opportunity to participate and direct in two series of one act plays which were presented during the year. Faculty director for both series of one act plays was Dr. John Robson. In the first semester series, Floyd

Jan Lowderman listens as Darwin Klein pleads with Mrs. Laura Partridge (Lou Ann Oberhelman) in "Solid Gold Cadillac."

The "Man With His Heart in the Highlands" was a one-act play starring Mal Skinner, George Langshaw and Jim Tullis.

Stumbo, Jan Lowderman and Jerry Hager acted in "Pullman Car Hiawatha," in which all action was staged on a train car.

Other plays presented in the first series were "Man With His Heart in the Highlands," and "Marty," which was adapted for stage from the television show. Marty was played by Charley Peak, and the play was directed by Lou Ann Oberhelman.

"Marty," (Charley Peak) talks on the phone as Jim Johnson thumbs through a magazine and Darwin Klein, Bill Simic, Dan

Hahn and Tony Alley set the scene for this one-act play, presented in the first semester series of one-act plays.

Second semester's series of plays featured "The Potboiler," "Crime in the Streets" and "The Unsatisfactory Supper." Both series of plays were Player's Studio Productions. A reading quartet and other reading groups gave interpretive readings during the year. Participating in one of the groups were Tony Alley, Mary Jean Thomas, Dan Hahn,

Ann Soelter, Gordon Jump and faculty adviser John Robson.

Kansas State College instructors and Manhattan townspeople took part in Manhattan Civic Theater productions. "The Cocktail Party," directed by William Fischer of the K-State music department, was one of the several plays presented throughout the year by the civic group.

y sells foreign variety

The Y-Mart, annual project of the K-State YWCA, was held again this year in Rec Center. Featured at this December Y-Mart were articles made in countries all over the world. Articles sold included all types of jewelry made in foreign countries such as rings, bracelets, necklaces and earrings.

Foreign candies, toys and Christmas bells were attractions, in addition to metal plates and dishes in different shapes and colors. Coffee and doughnuts were served by YWCA members along with brownies, cookies, cakes and pies made by YWCA members and friends. The project was an interesting one for Y members, who studied the foreign articles they were to sell in order to be able to explain their significance and use to customers. Y-Mart was educational to buyers, too, who not only bought the articles for gifts, but were given an opportunity to see the type of "knickknacks" that appear in homes outside the United States.

Teaching K-State students new dance steps was one of the projects of the K-State Union Dance committee this year. Bob Heidemann of Fort Riley, a graduate of Arthur Murray's training school and former instructor in a Murray dance studio, was hired to instruct the classes, which met for an hour on week nights in the Union dive. For a reasonable fee, students learned to do a variety of dances, including the mambo, sambo, bolero, chacha, fox-trot, tango, American waltz, jitterbug and Calypso.

YWCA members arrange the foreign articles on tables in Rec Center to prepare for the constant line of shoppers.

librarian. Not one but three bands provide music for Kansas State functions. The Concert Band gives public concerts and provides music for various campus events. The Varsity Band provides the music at basketball games and for pep rallies.

The Football Band presented entertainment during the halftime periods at football games. At Homecoming, the Band provided a setting suitable for the crowning of the Homecoming queen. At Parents' Day, they saluted Mom and Dad, and at Band Day led the parade of visiting high school bands plus serving as host to the many visiting high school band members. Led by the Football Band, the high school bands gathered on the football field at gametime to play the National Anthem. Jean Hedlund directed all three bands. The Football Band chose as its away-from-home-game this year the K-State-Oklahoma University game at Norman, where it gave a halftime marching performance. Two concerts were given by the bands, and a television appearance over KCMO-TV was a highlight this year.

Robert Brown was president of the Band and Keith Landis was vice-president. Robert De-Cou was student manager, and Band Council members were Kay Reboul, Thaine Carpenter, Don Haun and Susan McMillan. The Women's Glee Club, a new music organization this year, was directed by Luther Leavengood. The Women's Glee Club sang with the A Cappella Choir and College Chorus at the Christmas Messiah Assembly in December.

The Orchestra accompanied the A Cappella Choir, College Chorus and Women's Glee Club for the Christmas Messiah, and also took part in the Christmas Vespers. The Orchestra's spring concert was given April 14. Carol Block, violinist, was soloist with the orchestra, playing Mendelssohn's Violin Concerto. In May, the Orchestra participated in the Fine Arts Festival.

In 1948, the Kansas State College Orchestra was reorganized into a civic orchestra, and is now a member of the American Orchestra League. The College Chorus, made up of students who "just like to sing," was directed by Miss Milda Grossmann. The Chorus sang with the A Cappella Choir and Women's Glee Club at the Christmas Messiah Assembly. A relatively new singing group on the K-State campus, and perhaps the most widely-known group, is the K-State Singers, organized and directed by William R. Fischer.

This group of twelve has made numerous appearances in and out of Manhattan, singing at con-

ferences and conventions, giving concerts, and making television appearances. The K-State Singers entertained at meetings of K-State campus organizations, at the Homecoming Ball and at the Air Force ROTC Ball. The Singers accompanied the A Cappella Choir on its tour, and previous to the tour gave a concert to raise money for the trip. In contrast to the more serious selections of the Choir, the Singers added spice to the tour with their selections from Broadway shows, Rogers and Hart numbers, and "Manhattan Tower." Most of the Singers' numbers were arranged by their director, William Fischer.

This year's K-State Singers were Virginia Roenbaugh, Georgiana Rundle, Marilyn Doran, Betsey Thomasson, Celia Dixon, Sue Kenison, Don Wilbur, Dave Larson, Duncan Erickson, Charlie Hastings, Clayton Buck and Jim Dodson. Jackie Swanson was accompanist for the group. K-State Singers' officers were Charlie Hastings, president; Betsey Thomasson, secretary-treasurer; and Don Wilbur, social-publicity chairman.

ag mag wins award

Training students in agricultural journalism is one of the purposes of the Kansas State *Agricultural Student Magazine*. Another purpose is to publish technical articles and news stories of interest to college students in agriculture and to Kansas high school vocational agriculture groups. The circulation is 2,000 copies. The magazine is published twice in the fall semester and four times in the

spring. Ag Mag was the only magazine in the nation to place in four divisions judged at the Agricultural College Magazine Association conference in Chicago last November. Awards were received for second place for general excellence, presentation of technical material, and best cover. A fourth place award was received for articles of interest to women.

A column is written for each publication by Clyde Mullen, assistant dean of the school of agriculture. Faculty advisor is Lowell Brandner. Editor for the year of 1956 was Clayton Herman and Phillip Young was business manager.

Editor of the 1956 *Agricultural Student* which placed in all divisions of a national contest, was Clayton Herman.

The staffer chiefly concerned with financial stability for the magazine was Phillip Young, business manager.

An important event for the *K-State Engineer* was an award won in competition for the "best single editorial" at the national convention of the Engineering College Magazines Association at the University of Arkansas last November. The editorial, "A Full-Time Job," appeared in the May, 1956 *Engineer*, and was written by Richard L. Peterson, editor of the magazine.

The *Engineer* has wide distribution, reaching about 2,000 students and faculty members, 300 advertisers, several hundred Kansas high schools and many alumni. It appears once a month from October through May. The total circulation is approximately 2,800 which is about 600 copies per issue over last year. The *Engineer* is unusual in that its sole support comes from advertising, and it is distributed without charge to its readers. *Engineer's* Open House is usually featured in the March issue of the *Engineer*. The advisors for the *Engineer* are Associate Dean Richard C. Potter and Professor L. F. Hobson.

heat doesn't stop news

Summer school and summer temperatures don't mean the end of news on the campus. The *Kansas State Collegian*, changed to a weekly during the summer, appeared seven times during the term. But trying to keep comfortably cool in Kedzie Hall was the biggest problem of the staff. To help combat the summer's heat, stories and photographs stressed recreational facilities and activities available.

Headlines told of the joy of the first summer school since the Union opened, while in the background the old barrack-type Union was moved out to make a larger parking lot. An especially large issue was the one which contained the summer school directory. Other features were the political campaign, ROTC camps, pre-enrollment activities, and campus construction. Editor George Vohs, who also headed the fall *Collegian*, supervised a staff of 10 reporters. Ann Gallion was page editor, and Harold Kessinger was business manager.

In charge of the summer *Collegian* business staff was Howard Kessinger, journalism senior.

paper offers experience

A good opportunity for pre-job experience is offered by the *Kansas State Collegian*. With a student staff, student reporters and no faculty supervision, students are given the same experience they would receive on a daily newspaper.

The majority of news stories for the *Collegian* are written by the members of Reporting II class. Articles on the editorial page are written by members of the editorial staff. In charge of an edition of the paper one day a week are day editors, who supervise the content and layout of the paper. The business staff takes care of advertising sales in town, plus the layout of each issue's advertising. The number of pages in each day's *Collegian* is decided by the number of ads to be run.

Handling financial and business problems of the fall *Collegian* was business manager Lou Sable.

Members of fall business staff were Bob Conover, Mary Beckmeyer, Sue Higdon, Sue Goss, Don Boyd.

Day editors of the fall *Collegian* were Lou Sable, Malcolm Coldwell, Orval Jackson, Ann Gallion and Darrel Miller.

One of the few women editors in the K-State *Collegian's* history, Jane Moore was editor of the spring *Collegian*.

Day editors for the spring *Collegian* were Roger Myers, Don Marker, Marilyn McKnight, Paul Jones and Orval Jackson.

Editor of the *Collegian* for the fall semester was George Vohs. Business manager was Lou Sable. Orvan Jackson, Ann Gallion, Darrel Miller, Lou Sable and Malcolm Coldwell supervised the separate issues as day editors. The biggest issue of the fall *Collegian* was a 24-page Homecoming edition.

Jane Moore served as editor of the spring *Collegian* and Howard Kessinger was business manager. Day editors were Roger Myers, Don Marker, Marilyn McKnight, Paul Jones and Orval Jackson. Special editions of the spring *Collegian* were put out for Engineer's Open House, Home Economics Hospitality Day and the Little American Royal. Students who worked two consecutive semesters on the *Collegian* were eligible for the gold K-Key awards, presented at the annual spring publications banquet.

Serving as business manager for the spring *Collegian* was Howard Kessinger.

annual is all-year job

Winner of the All-American college yearbook award for 21 consecutive years, the ROYAL PURPLE owes much of its success to C. J. (Chief) Medlin, graduate manager of Student Publications. Chief has been at K-State 22 years. The exceptional year when no award was won was his first here, when the editor and staff had been chosen prior to his arrival.

Beginning last spring and working continuously through the school year was 1957 ROYAL PURPLE editor Gaye Fryer.

ROYAL PURPLE EDITORIAL STAFF—TOP ROW: Mary Beckmeyer, Lois Bones, Charlotte Chastain, Patsy A. Clary. SECOND ROW: Terry L. Knowles, Donald Marker, Nancy L. Molter, Beverly Ringey. BOTTOM ROW: Jane Seitz, Shari Shellenberger, Charlene Strah, Peggy A. Tillotson.

Laura Lyon, class section editor; Royanne Graham and Marcia Boyd, associate editors, helped keep the book on an even keel.

Work on the yearbook begins each spring, continues throughout the summer and the school year and is terminated after the final deadline is met the following spring. All parts of putting out a yearbook are the ever-pressing deadlines, hundreds of pages of copy which must be written and edited, the sale of advertising and the acquisition of individual and group pictures. More working hours are spent on organization and the inevitable business matters that need attention.

The 1956-57 editorial staff consisted of 17 students who wrote the reams of copy needed to fill the 496 pages of the ROYAL PURPLE. Editor Gaye Fryer and her assistants edited all copy in addition to cracking the whip as deadlines drew near and arranged the photographs of all individuals and groups. Royanne Graham handled the copy side of the annual, while Marcia Boyd scheduled the photographs of events and activities on the campus. Laura Lyon took care of arranging photo times for individual shots at the Studio Royal.

It takes money to put out a yearbook, and besides the funds from the activity fee, income came from advertising sales which were solicited by the four members of the advertising staff headed by business manager of the ROYAL PURPLE, Gary Haynes. These salesmen trudged many blocks in search of merchants who wished to advertise in the annual. The tremendous job of selling receipts, indexing, typing and all the "little things" so necessary in the production of a good yearbook was

done by the 29 girls on the business staff. Headed by Mrs. Calvin Glenn, secretary of Student Publications, students working on the staff received an hour of credit per semester for three hours of work a week.

After all is said and done, no one will ever quite forget the many long, hard hours spent working on the ROYAL PURPLE. After the final deadline has been met the whole job seems worthwhile, especially after the books have been handed out to the seemingly endless lines of students in Kedzie Hall who seem to appreciate the K-State ROYAL PURPLE.

student station offers k-state sports coverage

KSDB-FM is the student training station at K-State and definitely fits its description as shown by the number of students who gain experience through participation in program production. The station, programmed and managed entirely by students, is on the air an average of 38 hours a week, six days a week.

A large variety of programs was handled by the station. Daily news coverage of international, national and local events was presented along with music and special events. KSDB-FM offers coverage of national sports and broadcasts K-State football, baseball and basketball, including the freshman game before each varsity game. As a special project they broadcast Manhattan high school sports.

Mulling over a sports event are analysts Don Blanding, speech senior, Jim Kastner, speech senior, and Ted McCoy.

Big promoters of KSDB-FM, fall semester, were Sterling Gunter, manager and Dale Griffith, publicity.

"Rhythm in Blues" is the theme of the night-time radio program of disc jockey Ernie Allen, speech junior.

Television dramatic techniques are learned by the members of "The Window" cast. Reading scripts in the production are

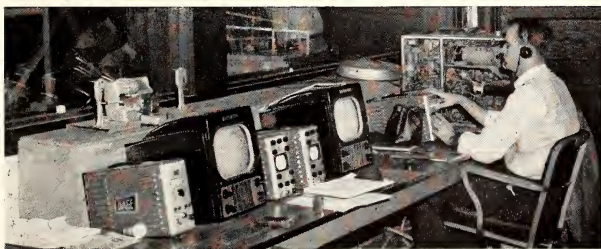

Barbara Baumann and Jim Kastner. Kenneth Blase is the cameraman and Karen Chapman oversees the production.

A television workshop provides students with an opportunity to originate their own programs and employ the dramatic techniques designed for direction in television. Members of the radio-TV production class present the various kinds of programs used on local television shows, such as news, commercials and interviews. During the spring

semester the 38 students worked on a special speech problem concerning music on TV. Programs can be televised directly from the workshop into the two TV classrooms in Nichols gym. There is no specific staff or scheduling of programs. All of the television productions originate as individual projects.

Wayne Thomas, spring station manager, gains experience in operation of the switcher-fader, a device controlling the cameras.

Karen Chapman, speech senior, is music librarian and picks discs for the station's programs.

Marshall Truchon and George Halazon, both members of the KSAC staff, work industriously in their job of editing the "buffalo" film.

teams high on honors list

K-State's senior meats judging team placed ninth out of sixteen teams at the American Royal Livestock Exposition at Kansas City last fall. The team ranked eleventh of twenty-four teams at the International Livestock Exposition at Chicago, and they tied for third in lamb carcass grading. Dwain Pilkington was fourth high individual in lamb carcass grading. They were high team in beef judging and Lynn Perkins was high individual. Ken Boughton was coach.

K-State's wool judging team, coached by T. Donald Bell, took third place among 11 teams at the National Western Livestock show in Denver.

Members of the team were Gilmore Dahl, Allan Henry, Dale Schilling, Robert Quanz and Charles Warne. Warne was fifth high individual in the entire contest. The team placed fifth among seven teams at the American Royal Intercollegiate Wool Judging contest at Kansas City last fall. First place was won in fleece grading and Leon Sucht was high individual in the division.

MEATS JUDGING TEAM—Bill Brethour, Allan Henry, Coach Kenneth Boughton, Dwain Pilkington, Lynn Perkins.

CROPS JUDGING TEAM—Ludwig Bezemek, Harry Granzow, Coach E. L. Mader, Richard Froberg, Ralph Kenworthy.

The crops judging team brought its share of honors to K-State by placing second at the International Collegiate Crops Judging Contest at Chicago and third at the National Collegiate Grain Judging Contest at Kansas City. At Chicago the team won first in the commercial grading of grains, fourth in seed judging and second in identification.

JUNIOR LIVESTOCK JUDGING TEAM—Coach Don Good, Allan Henry, Harlan Ross, Paul Hatfield, Phillip Schmidt, John Balthrop, Lynn Perkins, Darwin Francis.

DAIRY CATTLE JUDGING TEAM—Charles Michaels, Jack VanHorn, Darrell Keener, L. C. Garrison, Coach G. B. Marion, Jack Snyder, member of the Kansas Artificial Breeding Service Unit.

Richard Froberg placed second in commercial grading and seed judging, tied for first in identification of grains and placed second in all-around judging. Ludwig Bezemek tied for first in grain identifications. Judges ranked third out of 11 teams at Kansas City. Harry Granzow won first in the commercial grading of grains and placed fourth in the entire contest.

The junior livestock judging team placed high in all divisions under the coaching of Don Good. At the Southwestern Exposition, Fort Worth, Texas, the team ranked sixth out of 18, winning first place in hog judging. Harold VanHorn was high individual in swine and ninth in all classes of livestock judging. At the National Western Livestock Show inter-collegiate livestock judging contest, at Denver, K-State's judges placed third in the carload judging division out of 14 teams and second in carload judging of bulls. They finished tenth in livestock judging division and fifth in cattle judging. Allan Henry was second high individual and John Balthrop was fourth high individual in carload judging.

MICHAEL FRANCIS ("Mike") AHEARN (1878-1948) was a part of Kansas State athletics for forty-three years, in which time he served as coach, as member of the College athletics board, and as director of athletics. In Ahearn Fieldhouse, dedicated February 12, 1955, hangs a bronze plaque upon which is inscribed, "His geniality, fair play and sportsmanship live forever in the minds and the hearts of thousands of Kansas State students and friends."

The snappy fall air is filled with football chants, whistles, band music, and the bang of helmets as K-Staters and alumni fill Memorial Stadium to watch the Wildcat gridiron team in action.

lee is new director

Starting his second year as K-State's director of athletics is H. B. (Bebe) Lee. Lee, who assumed his new duties April 1, 1956, started the K-State job with the conviction that "the coaches' and players' attitude toward college life, their loyalty to the college, the loyalty and mutual respect they show to each other and their attitude toward the game are all part and parcel of the spirit their team will show." Lee coached the Colorado basketball team for six years prior to his K-State job. He brought the Buffs from a seventh place finish the first year to a Big Seven championship in his third year as coach.

In his first year as director of K-State athletics is Bebe Lee, former basketball coach at Colorado University.

Knorr Handles Two Jobs

Fritz Knorr, assistant director of athletics, has other duties too. He has been K-State wrestling coach for six years and last January was named fifth district representative on the NCAA wrestling rules committee. Paul DeWeese handles the practically year-round job of publicizing K-State athletics. DeWeese covers every sports competition K-State enters. Frank Mosier is K-State ticket manager. Approximately 100,000 ticket requests are processed in his office each year. The Athletic Council is the chief athletic policy-making body on the campus.

Frank Mosier and Paul DeWeese are essential to K-State athletics as ticket manager and sports publicity director.

gridders tie for 5th in conference; win 3, lose 7

Traveling to the high altitude city of Boulder, Colo., for their conference opener, the Cats suffered a let-down and returned to the low altitudes of Kansas smarting from a 34-0 Buffalo-administered defeat. It was the first conference game for both teams and the sixth straight time K-State had fallen to the Buffs at Boulder.

The Cats' second conference game and third of the season was against the mighty Oklahoma Sooners. OU topped K-State quite convincingly 66-0 for its thirty-second consecutive win and a new modern-day record. Rebounding from this one-sided defeat by the nation's number one team, the Purple and White scored a 10-7 road win over the Nebraska Cornhuskers. The winning three-point margin came on a 35-yard field goal by halfback Ben Grosse.

Oklahoma finished first in Big Seven play followed by Colorado, Missouri, Nebraska, Kansas State and Kansas (tie) and Iowa State.

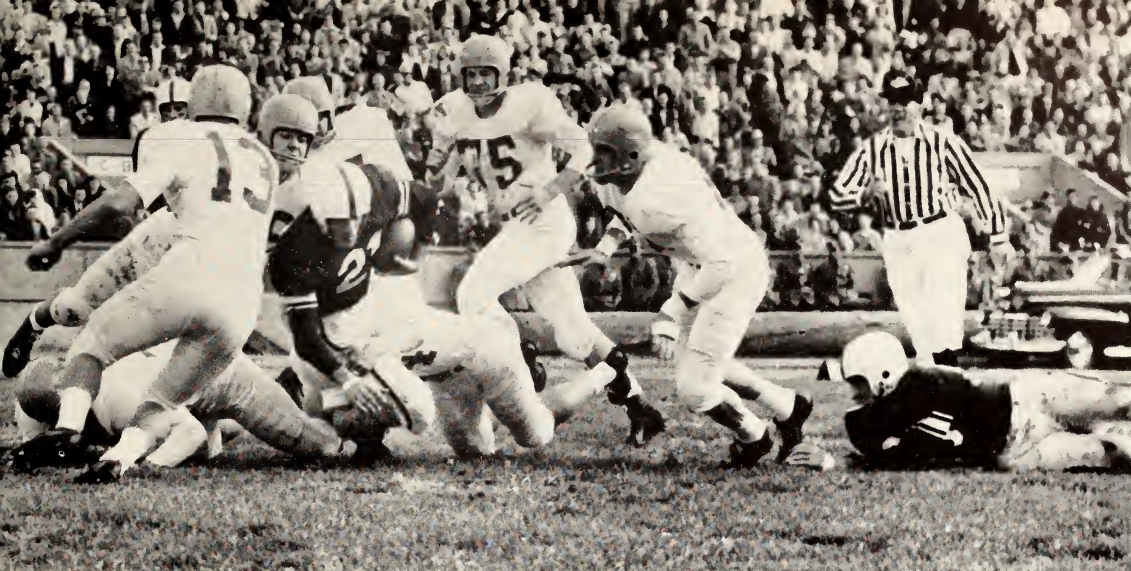

Co-captains of the 1956 grid squad, Kenny Nesmith and Ellis Rainsberger, take time out from the football wars.

Keith Wilson rushes in to put a crushing tackle on KU's Jim Letcavits and break up a pass play. The Wildcats fought a

determined battle before going down to defeat at the hands of their intrastate rivals, 20-15.

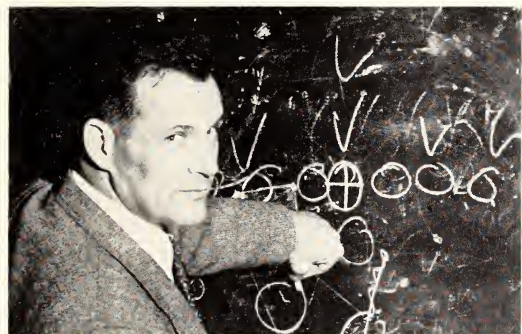

Tony Addeo meets plenty of resistance to his ground gaining efforts in the KU encounter at Manhattan. Addeo is having

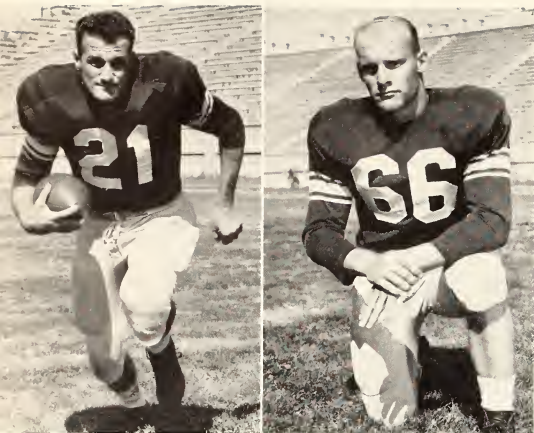

the stopper put to him by an unidentified KU player as Jayhawk Bob Marshall is moving in to assist.

"Now this is the way it should be done," theorizes head football Coach Bus Mertes during a chalk talk.

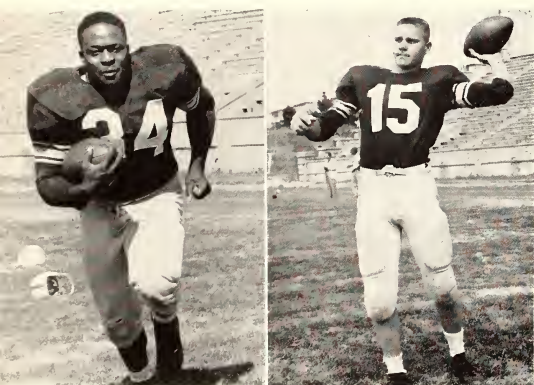

A high-low tackle is put on Jayhawker Charlie McCue by Wildcats Ray Glaze and Ben Grosse.

Backfield and line power are represented by halfback Tony Addeo, guard Rudy Bletscher.

Powerful running by Bill Carrington and sharp passing by Dick Corbin were 1956 grid features.

Wally Carlson and Kerry Clifford represented 'Cat strength at guard and center positions.

Assisted by several Missouri players, Tony Addeo takes to the wrong side of the boundary markers. MU won the Big Seven tilt, 20-6.

Grosse made three field goals during the '56 season. He tied with Kramer of Idaho for the second in the nation in 1956.

The up and then down Wildcats suffered their fourth loss in five games and their third conference loss against one win when they fell to the Missouri Tigers at Manhattan, 20-6. The game started out as if it was to be all K-State. Quarterback Keith Wilson got the only K-State touchdown when he sprinted 18 yards on the second play of the game. Ralph Pfeifer led the Cats in the ground gaining category, picking up 49 yards on 10 carries, but Keith Wilson wasn't far behind. He gained 40 yards while carrying the ball 15 times. Corbin gained 39 yards while carrying the ball six times. The game also put several Wildcats out of commission. Tackle Rainsberger and guard Bletscher, both top hands, were taken to the hospital for X-rays of leg injuries.

Wyoming Tromps Staters

The next game found the Wildcats journeying to the far country of Wyoming, only to absorb a 27-15 tromping under the big boots of the Cowboys. A fast charging K-State line and new-found speed in the Cat backfield sparked the Cats to a 9-6 half time lead. Both teams were scoreless in the third quarter. But the final period was just about all Wyoming, the only bright spot for the K-State cause being a 62-yard touchdown run by Gene Keady. Meanwhile, the Cowboys were totaling 21 fourth period points and burying the Wildcats. Ralph Pfeifer scored the first period touchdown for the Cats and Ben Grosse kicked a second period field goal to account for all the K-State scoring. Keady led the Staters in ground gaining as he traveled 84 yards in four tries.

K-State went down to arch rival Kansas university, 20-15, in a bitterly-fought game at Manhattan. This was the Cat's fifth loss against one win.

The Wildcats struck for two quick touchdowns in the second quarter and left the field at halftime the owners of a 13-6 lead. The Jayhawks came out for the second half evidently more determined than when they started the game, and scored seven points in each of the last two quarters while all the Staters could manage was a two-point safety gained when Gene Meier blocked a KU punt in the end zone. But K-State never gave up and, when the final whistle blew, had the Jayhawks with their backs to the wall on the 14-yard line in KU territory.

Corbin Travels 55 Yards

Second unit quarterback Dick Corbin turned in his best game of the year at the signal-calling spot and rambled for 55 yards in 15 carries to lead the Cats in rushing yardage. Fullback Ralph Pfeifer gave a stalwart performance as he accounted for 47 of the total 173 yards gained by K-State on the ground. Corbin and Gene Keady scored the Wildcat touchdowns and Kenny Nesmith kicked the one K-State extra point.

A futile attempt to block a KU extra point is made by Wally Carlson as he leaps into the air.

"Get in there and fight!" might be the sentiments of these Wildcat gridders as they watch their teammates absorb a 34-0

defeat under the hooves of the Colorado Buffaloes. This was the Cats' second straight loss of the 1956 grid season.

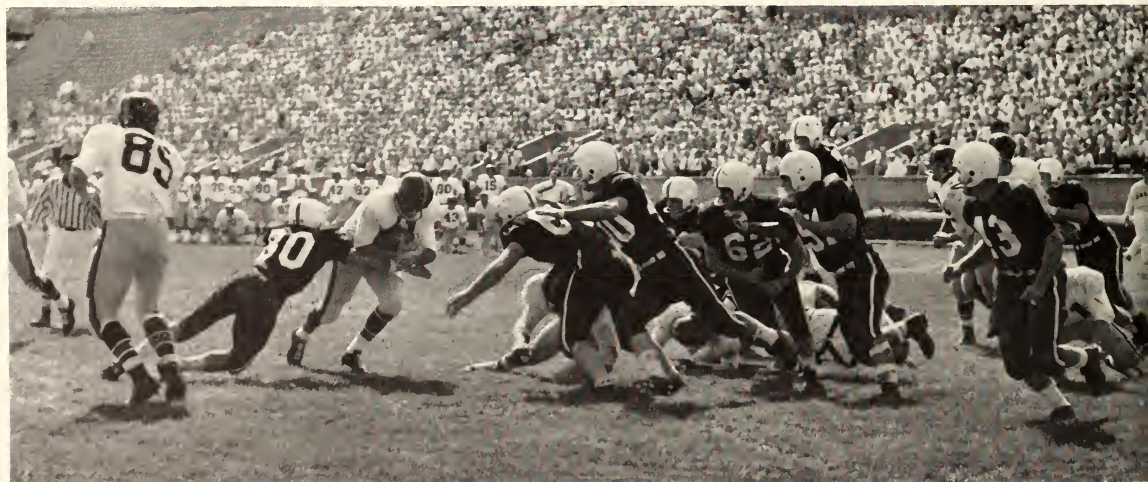

Sparked by halfback Gene Keady, who rambled for 113 yards, the Cats bounced back from the disheartening KU defeat to soundly trounce the Marquette Warriors, 41-14. It was the second win against six losses for the Staters and was the game in which Keady really came into his own. He scored the first K-State touchdown near the end of the first quarter when he snared a 16-yard pass from quarterback Keith Wilson to cap a 69-yard Wildcat march. Second unit quarterback Dick Corbin was to be feared for his passing prowess. Corbin threw a 73-yard second period touchdown

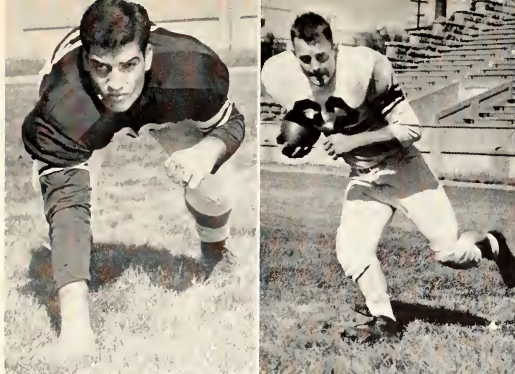

pass to end Don Zadnik to give the Purple a 14-7 halftime lead.

It took the Wildcats only 47 seconds of the second half to score another counter. K-State recovered a Marquette fumble on the Warrior's one-yard line and Corbin carried the ball over for the score. Keady got loose in the third quarter for a 35-yard touchdown run to bring the score to 28-7. In the fourth period Corbin passed to Zadnik for another K-State score. Zadnik was the Cats' leading pass receiver in the game as he grabbed three passes good for 101 yards.

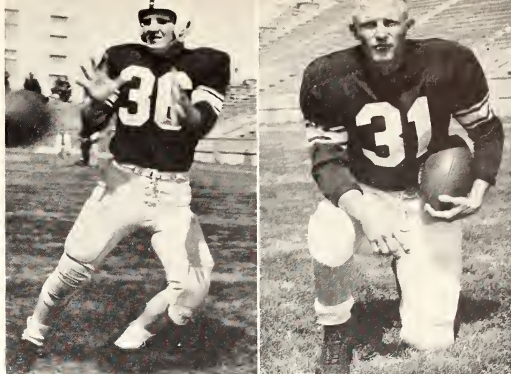

"That's as far as you go," says end Don Zadnik as he crashes into a Colorado ball carrier. Wally Carlson is about to lend his

215 pounds to the effort of stopping the Buff ball carrier before he makes too much yardage.

Tito Cordelli and Arlan Dettmer each saw action for the 1956 Purple and White squad.

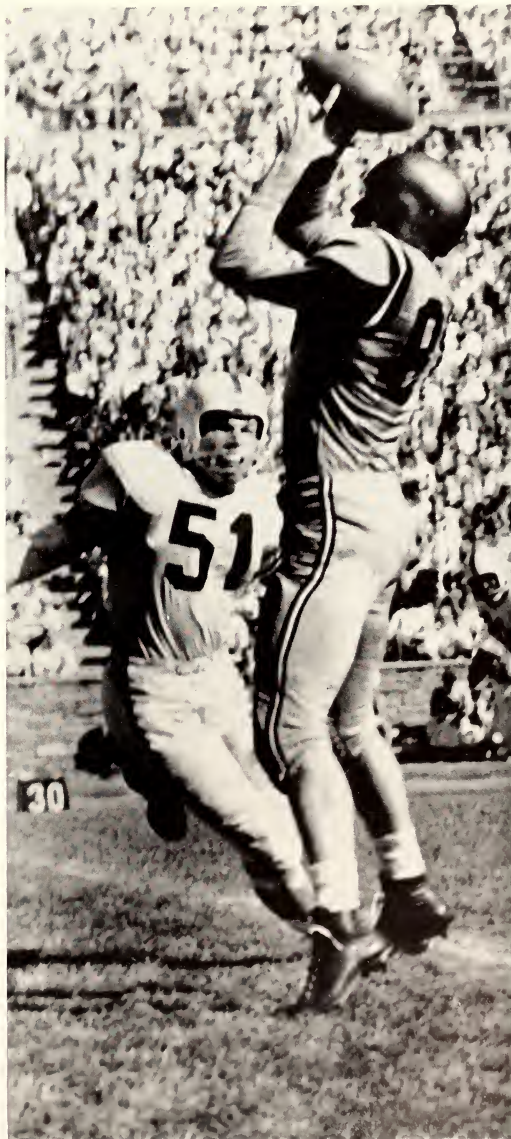

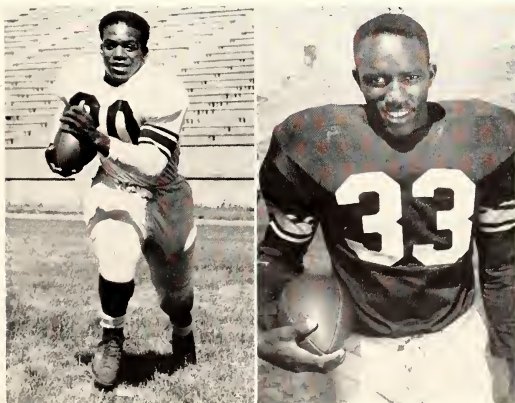

Ray Glaze and Ben Grosse aided the Wildcat cause in the backfield. Grosse also kicked points-after-touchdown.

K-State won its second straight game and celebrated Homecoming in a big way when the Wildcats clawed their way to a 32-6 victory over Iowa State. The win was a nice present for Homecoming Queen Joyce Brower and an even better present for Coach Bus Mertes and his players. It was the second conference win for the Cats, and a win that eventually enabled them to tie KU for fifth spot in the league. This win also assured the Staters of finishing no worse than sixth and ensconced Iowa State in the Big Seven cellar. Gene Keady was the

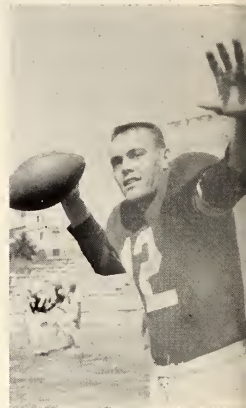

Chuck Sprinkle is about to make Missourian George Boucher wish he had never caught that pass.

Scatback Jerry Hayes and power runner Craig Jones helped the K-State cause in a big way in the 1956 football clashes.

Band Day found Kansas high school bands watching the opening game of the 1956 grid season. KS lost to Oklahoma A&M, 7-27.

Set to shoot is Wildcat stalwart Gene Keady.

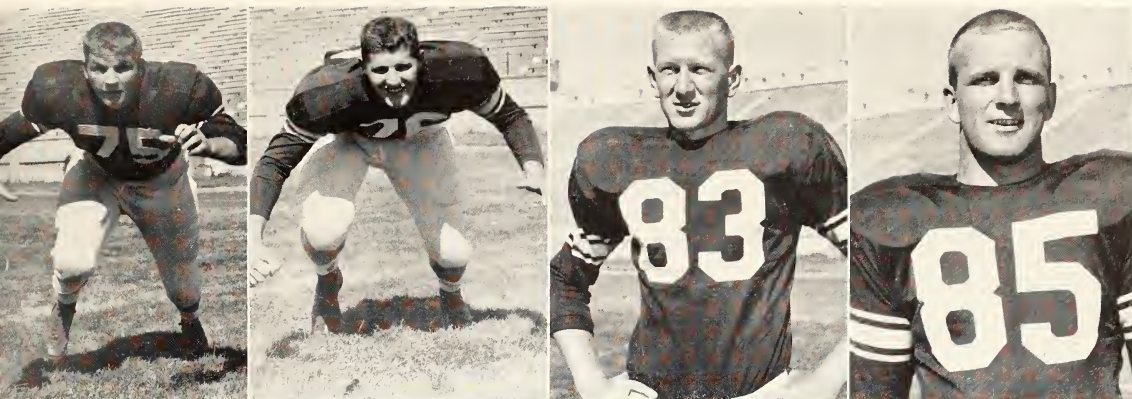

Digging for that extra yardage and getting the last touch-down against Iowa State is fullback Bill Carrington. Prior to

this the Wildcats had put the pressure on and scored four counters making the final score 32-6.

Ralph Pfeifer and Don Martin team up in a bit of good defensive work to knock KU halfback Bob Marshall out of

bounds. A few seconds later, Marshall plowed into the camera-men on the sidelines. "He's no light-weight," one lensman said.

A pair of big tackles, Jack Keelan and Len LeGault, aided the Wildcat cause in a big way with outstanding line jobs.

George Laddish and Jim Luzinski played end for K-State last season. Luzinski caught 3 passes, good for 62 yards.

spark that set the Cats on fire. He gained only 29 yards rushing, but caught 3 passes good for 105 yards. The Wildcat passing attack was really clicking in this game as Nesmith, Wilson, and Jim Luzinski accounted for 69 passing yards with their receptions. Not depending exclusively on passing, K-State also racked up 167 yards rushing. Six Wildcats besides Keady had rushing totals in double figures. Kenny Nesmith, Ralph Pfeifer, Keith Wilson, Jerry Hayes, Ray Glaze, and Bill Carrington all gained at least 10 yards against the blown-out Cyclones. Keady and Nesmith each scored two of the Cat touchdowns, and Bill Carrington scored the final counter on a one-yard plunge.

Cats Down Cyclones

The Cyclones scored first, with 7:40 left in the first period, but K-State came back to score three touchdowns in the second quarter and earn a 19-6 halftime lead. The final score in the second quarter came with only 35 seconds left when Keady caught a 22-yard pass from Dick Corbin. The second half was routine. K-State continued to control the game and added two more touchdowns before the clock stopped for the last time.

The Wildcats took their 3-6 record to East Lansing, Mich., for their last game of the 1956 season. Although the final score read 38-17 in favor of Michigan State, the Cats had nothing to be ashamed of since they were playing one of the top teams in America. At that, the Cats did put a scare into mighty Michigan State when Ben Grosse accounted for the first points in the game

with a 30-yard field goal early in the second quarter. Michigan State scored a touchdown with six minutes left in the half and held a 6-3 lead at half-time. Too much Spartan power wilted the Staters in the second half, but they still managed to score two more counters.

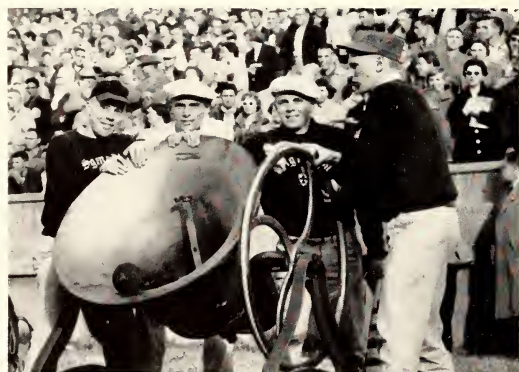

Outscoring the KU frosh in one game, 36-13, and then dropping a hard fought 15-7 decision to Nebraska, the K-State freshman grid team showed promise of good things to come in the Wildcat football future. George Whitney and Kent Mc-

No, the long arm of the law isn't reaching out for you. It's just a few officers taking a break to watch the game.

Connell shared the brunt of the Cat scoring in the KU tilt, each accounting for a pair of touchdowns. John Solmos and Gerald Griffin scored the other two Wildcat touchdowns. K-State gained 252 yards rushing and 66 yards passing to completely dominate the statistical department as well as the scoring.

Frosh Lose to Nebraska

The young Cats tasted their first college defeat when they fell to the Nebraska frosh, 15-7. John Whitney scored K-State's touchdown on a two-yard smash. Quarterback John Solmos engineered the 63-yard drive that brought the ball to the Nebraska two. Whitney took it from there. Half-back Mickey Martarano registered the longest single Wildcat gain of the day when he took off on a 21-yard end run. Jim Goodmiller, 195-pound K-State tackle, recovered four of five Cornhusker fumbles.

With the good showing made last season by the K-State freshmen and the fact that only one regular on the varsity will be lost through graduation, it looks like 1957 might be a big football year at K-State.

The K-State football schedule for 1957 contains two new opponents for the Wildcats. The gridgers will play Brigham Young university at Manhattan, September 28, in the second game of the K-State season. The Cats play College of the Pacific at Stockton, California, October 12. Oklahoma A&M and Marquette university have been dropped from the schedule.

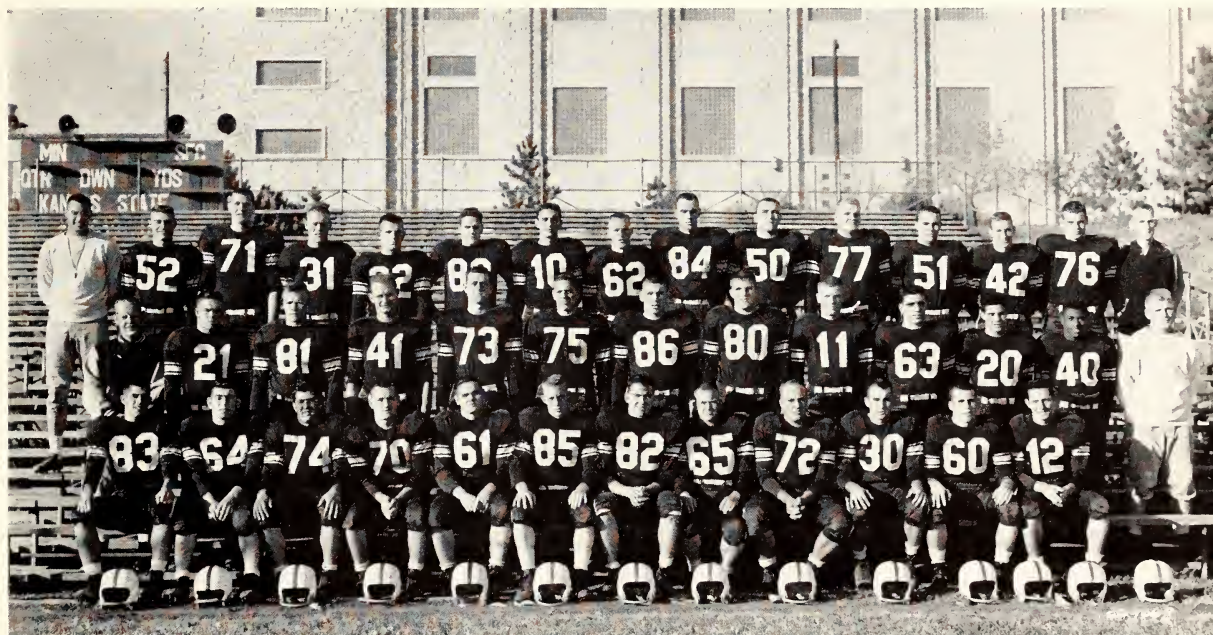

Coaches Pat Naughton, Ed Cavanaugh, Herb Cormak, Paul Kampf, Bus Mertes, and Steve Susic guide football Wildcats.

Sophomore Don Martin was a second-unit guard, Gene Meier was second unit right tackle. Chuck Norris added speed to the

backfield, while Dan O'Brien gave needed depth. Ralph Pfeifer used his bull-dozing power at the fullback slot.

cats finish second in tough big seven conference

The 1957 K-State basketball team started off the season with a flame of greatness showing. In mid-season the spark died to a glowing ember. The last twelve games found the ember ignited into a full-fledged blaze only to be extinguished by firemen from Iowa State and Kansas.

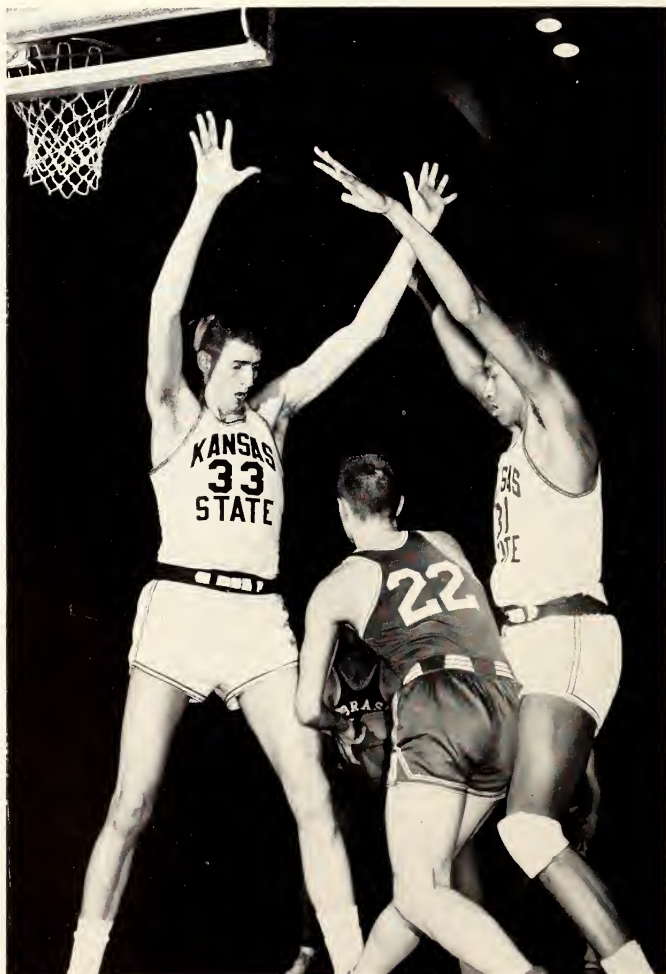

The Wildcast went into their last two games—against Iowa State and Kansas University—with

a chance to tie for the Big Seven title, but an overtime 67-69 loss to the Cyclones at Ames, Iowa, and a 57-64 defeat under the talons of the KU Jayhawks in the last two games of the season extinguished K-State's title chances. As a result, Coach Tex Winter's charges finished second in the tough Big Seven conference.

The Cats started the season with wins over

An anxious moment for Coach Tex Winter, but K-State went on to beat Indiana 84-77.

"Must be an octopus," thinks Gary Reimers of Nebraska as he tries to figure a way to get a shot between the out-stretched arms of Jack Parr and Bob Boozer.

"Hi yo Silver!" says Roy DeWitz as he gets free lift from Larry Bradshaw.

Worried looks on the faces of the K-State team during the Iowa State game reflect the tense situation that prevailed throughout the overtime contest.

Things look confused as Bob Merten and Dean Plagge try to steal the ball from an Oklahoma player.

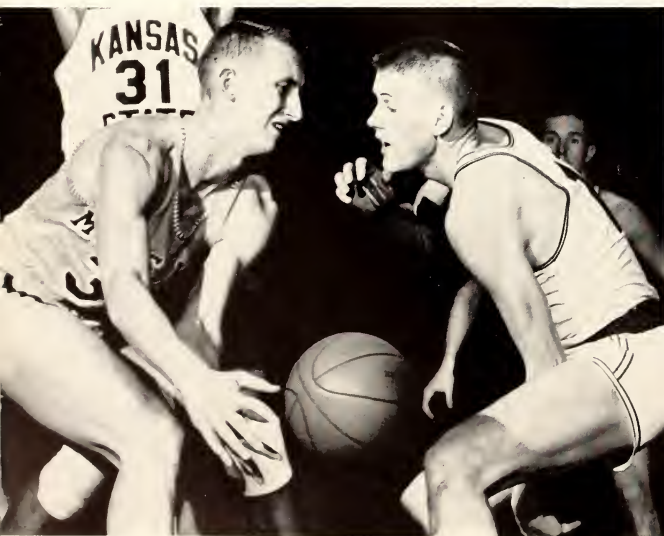

"Go Cats go," yell K-State fans after making the long trip to Ames to watch the Wildcats play Iowa State.

Houston University, Texas Tech, Drake University, and Indiana University. Then came road defeats by Minnesota University and Iowa University. In the Big Seven tourney at Kansas City, Cat cagers, minus the services of ailing Jack Parr, finished in sixth place. K-State suffered losses to Oklahoma University and Iowa State before beating Missouri, 79-75, to rate the sixth-place finish.

K-State's first conference game and first loss was against Oklahoma. The Cats lost a close one to the Sooners, 67-69, even though Jack Parr and Bob Boozer racked up 33 points between them.

In the KU game at Lawrence both Parr and Boozer fouled out in the last five minutes, leaving K-State short on scoring punch and rebounding. The Wildcats led most of the way, but with 2:18 left Wilt Chamberlain hit a field goal and John Parker made two free tosses to ice the game for KU. This was the second straight conference loss for K-State and left the Cats with a 5-6 record for all games played. Boozer had 14 points and Parr 12 to lead the K-State team in the scoring department.

The Cats brought their Big Seven record to 2-1 when they beat the Missouri Tigers on the Ahearn Fieldhouse planks, 59-55. Jack Parr had one of his better nights as he racked up 27 points and hauled 16 rebounds off the boards. Kansas State took the

lead mid-way through the first half and was never headed. Eddie Wallace and Jack Kiddoo each cashed in on free throws in the last minutes of the game to put the triumph on ice for the Wildcats.

K-State exhibited a balanced scoring attack in its next game—a 61-49 conference win at Boulder, Colo., against the Colorado University Buffaloes. Boozer collected 20 points to set the scoring pace for the Wildcats, and Parr chipped in with 13, Roy DeWitz 10, Eddie Wallace 9, Don Matuzak 6 and Hayden Abbott 3.

Although the next game against the University of Arkansas was a break from conference action, the Cats didn't take a rest from scoring and

chalked up a 70-56 win. K-State started fast and led all the way, but couldn't break the Razorback's backs until midway through the second half. A layup by Matuzak, two free throws each by Boozer and DeWitz and then a field goal by DeWitz took the Cats out of reach of the Razorbacks. DeWitz topped scoring with 23 points. Boozer added 15, Wallace 14, and Parr and Matuzak 8 each.

"I got it!" yells an excited fan as he gets set to take an unintentional pass from a Nebraska player.

Getting back in the swing of league competition proved to be fairly easy for the Cats. Behind Bob Boozer's 36-point scoring barrage, K-State coasted to a 73-60 win over Colorado at Manhattan. It was really Boozer's night as he added 23 rebounds to his big point harvest. K-State held a 36-26 lead at halftime. This win was the Cats' third against two losses in Big Seven play. K-State was in third place in loop standings at this stage of the season.

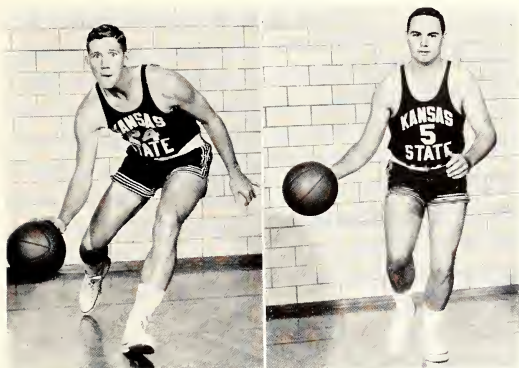

K-State notched its fifth straight win and climbed into second place in conference standings by beating Nebraska University 89-53 at Manhattan. It was a close game for the first seven minutes of play, but the Cats slowly pulled to a 41-30 lead at the half. In the first six minutes of the second half, K-State built to a 55-34 lead, one that proved to be insurmountable for the Huskers. Jack Parr notched 27 points, Eddie Wallace 20, Boozer 14 and DeWitz 12. The win put the Cats in second place in the Big Seven with a 4-2 record. K-State hit 46.1 per cent of its field goal attempts during the game.

K-State opened the second half with a 21-point scoring barage while holding OCU to only four.

The Cats won their sixth game in a row—and a sweet one it was—by beating Oklahoma for the first time in the 1957 campaign by a lop-sided 74-45 score at Manhattan. After Oklahoma jumped to a 10-4 lead in the first six minutes K-State out-scored the Sooners 29-8 in the next 12 minutes and left the court at halftime with 13-point, 37-24, lead. With Parr, Boozer and Hayden Abbott leading the way in the opening minutes of the second half, K-State increased its lead to 61-28, a gigantic 33-point spread. The largest Cat lead was a 35-pointer at 69-34 with about eight minutes left on the clock. Coach Tex Winter singled out Jack Parr

for special praise. Parr netted 21 points and hauled down 10 rebounds in the Cat's winning effort. Boozer hit 16 and Abbott 12 to be the other top K-State scorers. This win left K-State in the Big Seven's second spot with a 4-2 record. It was the Cats' eleventh win of the season against six losses.

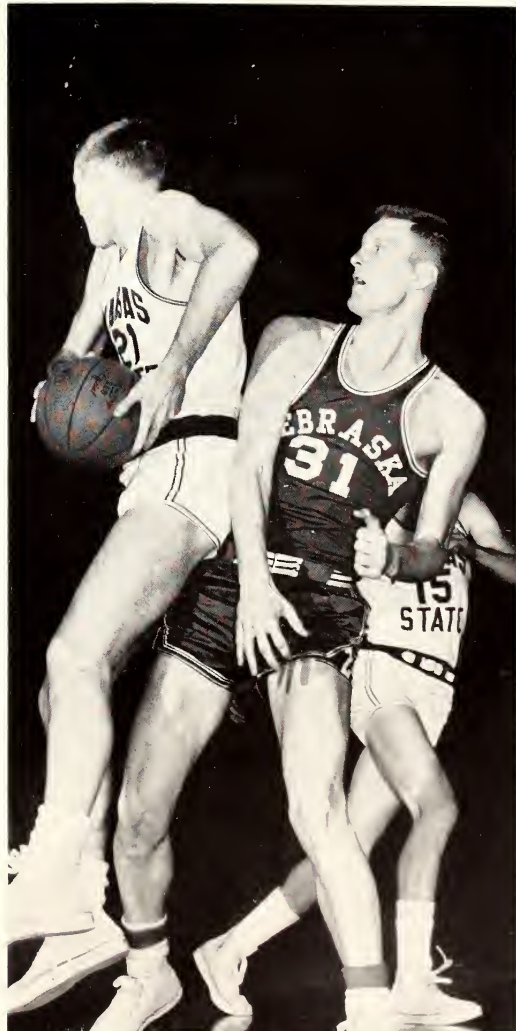

Another Oklahoma team felt the fury of an aroused Wildcat when K-State beat Oklahoma City University, 100-82, in a non-conference win that placed the Cats nineteenth in national rankings. Both teams played razzle-dazzle ball in a first half that ended with a 51-51 tie.

Jim Holwerda was a sparkling sophomore and Jack Kiddoo a reserve stalwart on the '56-'57 Wildcat squad.

"Quit shovin'," says Dudley Doebele of Nebraska University as Hayden Abbott out-maneuvers him to pull down a rebound.

Don Matuzak and Eddie Wallace spearheaded the Cats' winning streak during the last half of the season.

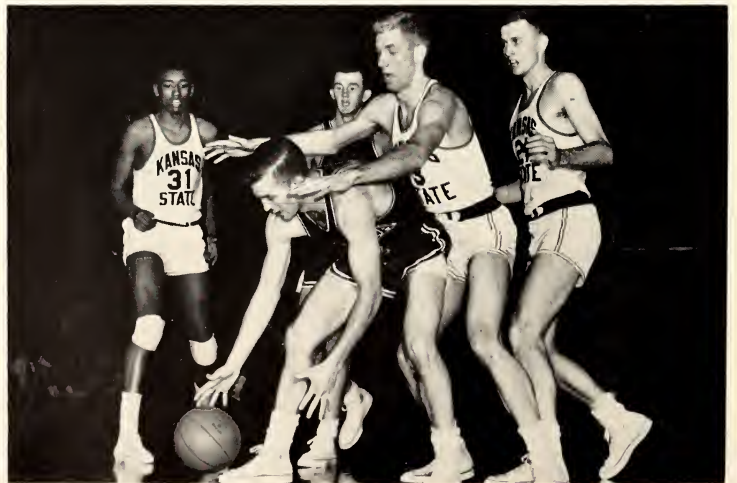

"Got 'cha," says Eddie Wallace as he tackles Oklahoma's Don Schwall.

Evidently even the referee has to take a break once in a while.

Happy Wildcats Don Richards, Don Matuzak, Larry Fischer and Bob Jedwabny let emotion carry them away after their 84-77 overtime win against Indiana at Manhattan.

"Get that ball," Bob Boozer advises Dean Plagge and Hayden Abbott, but neither of the Cats was in a position to steal the ball from the Oklahoma player.

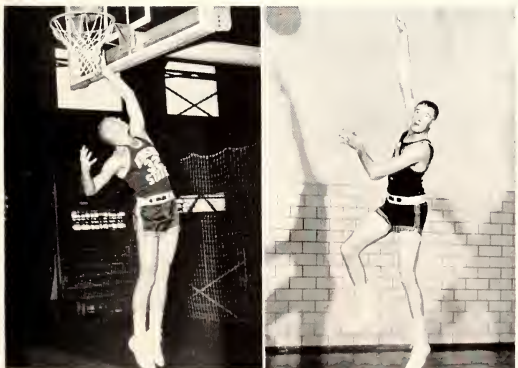

Hot on the trail of a loose ball go Roy DeWitz and Don Matuzak. Leon Griffin (No. 11) can't get stopped.

That took the score to 72-55, and the Cats weren't in danger the rest of the way.

The Cats kept alive their chances for a share of the Big Seven title with an 81-56 road win against Nebraska. This win elevated the Cats to 17th ranking nationally and was their eighth straight win. Parr hit 25 points, Boozer 23, and DeWitz 14 to lead K-State scoring.

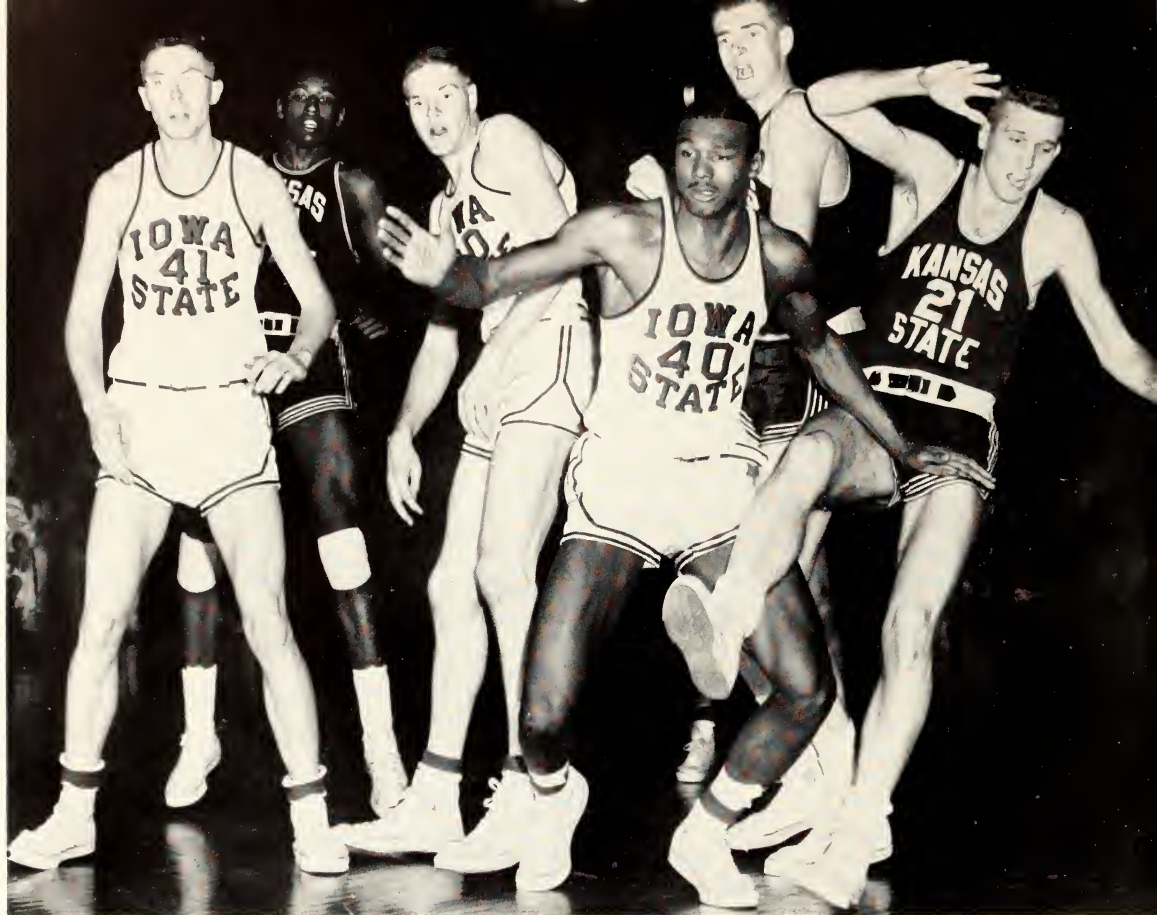

"How is he" Coach Tex Winter asks Porky Morgan as Eddie Wallace recuperates from a hard knock in the Iowa State game.

Sophomore Bob Merten and junior stalwart Jack Parr get in a little practice. Parr averaged 20.6 points per game.

Ballet lesson? No, just Jack Parr blocking an attempt at two points by Cyclone ace Gary Thompson.

Coupling an 86-77 overtime win against Iowa State with a 78-71 victory over Missouri, the Cats firmly entrenched themselves in the Big Seven second place and set the stage for a crucial road contest with the Cyclones in K-State's next-to-last game of the season.

But the Cats dropped this one, another overtime contest, to the Iowans, 69-67, and were virtually eliminated from having any chance for the hoped-for Big Seven title tie. It was a case of a good team having a good night and a better team having a poor night. The Cats didn't play the caliber of ball against Iowa State that they did in winning their eight previous games. Parr got 23 points, Boozer 17, and Wallace and Don Matuzak 10 each to lead K-State scoring.

The 1957 season came to an anti-climactic end when the Wildcats fell to a power-laden KU team 57-64 on the Cats' home court. The final game

loss left K-State with an 8-4 conference record, good for second place behind Kansas University's Big Seven champions. The over-all season record was 15-8. K-State led 10-9 with eleven minutes remaining in the first half, but from then on the

game was all KU. Taking advantage of the Wild-cats' misses from the field and their inability to cash in on free throws, KU pulled away from the Cats in the second half. Bob Boozer hit 22 points and Roy DeWitz scored 14 for K-State.

Jack Parr and Bob Boozer received considerable acclaim for their efforts during the season. Both were all-Big Seven selections on the United Press and Associated Press all-star teams and each held a berth on Drake University's all-opponent team. They also received honorable mention on the United Press area team. Parr was awarded honorable mention on both the International News Service and Associated Press all-American listings. Roy DeWitz gained honorable mention on both the AP and UP all-Big Seven teams.

The Cats were tied for 17th spot in the final International News Service ranking of teams in United States colleges. K-State finished the season with a 75.2 points-per-game average and held opposition to an average of 66 points per game. Parr finished the season with a 20.6 scoring average and Boozer averaged 19.6.

K-State lost this one to the Jayhawks at Manhattan, and even the peppiest girls in the pep clubs had to give up. The score

really wasn't as bad as these girls seem to think. The Cats almost pulled an upset, but finally lost to KU, 51-45.

Outside there was snow, inside there was gloom. K-Staters waited in line for as long as eight and one-half hours to get

matmen grab 4 dual wins

The 1956-1957 K-State wrestling team grappled its way to a 4-7 dual season record against some of the nation's best wrestling teams. On the Wildcats' schedule this season were four conference championship teams and national champion Oklahoma.

Pat Doyle, sophomore wrestler from Douglas, was high point man for the dual meet season with 27 points and won first place in the 157-pound class at the Big Seven conference meet in Norman, Okla. Riley Miller, Ellis Rainsberger, team captain Gary Haller and Jim Roberts also had double-figure season point totals for the Cats.

The best performance in terms of quality came in the Cats' second match of the year against the Mankato Minnesota Teachers, whom K-State beat 14-13. Miller, Roberts, Doyle and Haller all scored

wins in this match and Rainsberger wrestled to a draw. One of the biggest K-State win margins was against the Colorado School of Mines. The Cats won, 24-8, with Billy Youngers, Doyle and Miller winning by decision and Rainsberger and Jim Dietrich winning by falls.

The Cats' first meet of the season got them off

on the right foot as they took the measure of a Cornell College of Iowa team by a 21-8 score. K-State won five of the eight matches and drew one. In a meet with Minnesota University at Minneapolis, K-State notched two wins and a draw, but the Big Ten conference champions beat the Cats, 21-10. Haller and Pete Everist won and Miller drew

in this meet. Kansas State dropped its second meet in a row when the Cats fell to the Iowa State Teachers, 17-15, in a meet in Ahearn Fieldhouse. The Cats had three wins and two draws, but the team from Iowa had too much power for the Staters.

The Cats' most humiliating defeat came at the hands of the Big Seven and NCAA champion Oklahoma University. Pat Doyle was the only K-Stater to win his match and the Cats went down

to a 27-3 defeat. The wrestlers got back on the win trail when they traveled to Lincoln, Neb., and beat the University of Nebraska, 24-8. The Cats didn't lose a match in downing the Cornhuskers. K-State won three matches and drew five to completely swamp Nebraska. After losing 8-21 to Colorado State and 10-21 to Colorado University, the Cats came up with their 24-8 thumping of the Colorado School of Mines.

by the perennially powerful Oklahoma Aggies. The Aggies topped the Cats, 20-6.

Another home meet found the Cats going down to defeat as second-place Big Seven Iowa State out-grappled the Staters, 18-11. Doyle, Haller and Rainsberger won by decision and Youngers wrestled to a draw. The Wildcats finished fourth in the Big Seven meet. Doyle was the only Stater to win a championship. Youngers, Everist, Haller, Miller and Dietrich all won preliminary or consolation matches, but failed in bids for top Big Seven spots.

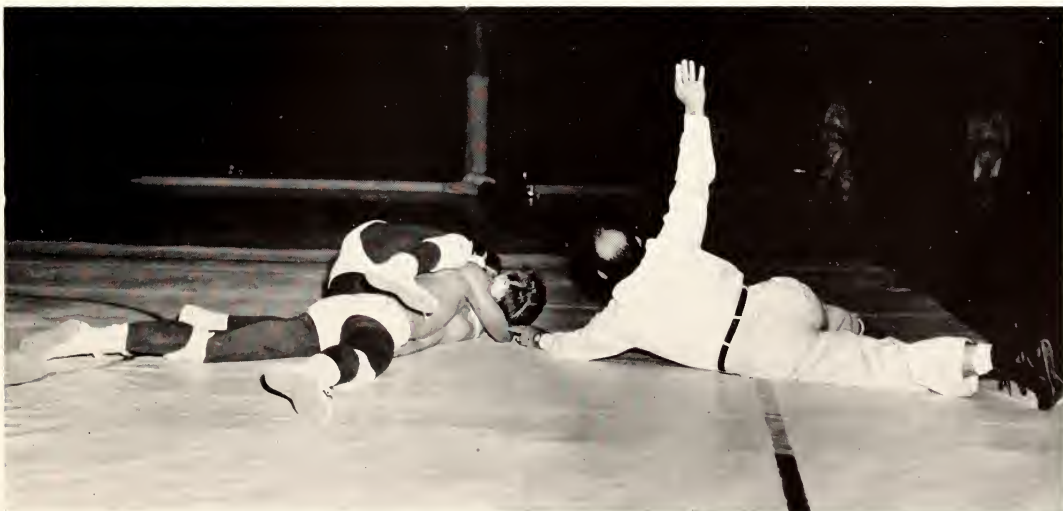

Gary Haller was the only Stater to go far in the

NCAA wrestling tourney as he gained four points for K-State before being defeated in the consolation semi-finals.

Coach Fritz Knorr, in his fifth year as wrestling mentor, named nine men who earned letters. Letter winners this season are Pat Doyle, Riley Miller, Ellis Rainsberger, Gary Haller, Jim Roberts, Billy Youngers, Jim Dietrich, Pete Everist, and Calvin Schwalbe. All of the lettermen will be back for duty on next year's team. With all lettermen back and a predicted good crop of sophomores, the K-State wrestling outlook is definitely bright.

One of the two K-State wins against the Aggies was chalked up by Jim Dietrich in the 177-pound class. Dietrich got a near-

fall on Jim Harding, went on to win the match, 11-8. He picked up three of his team's total of six points in this meet.

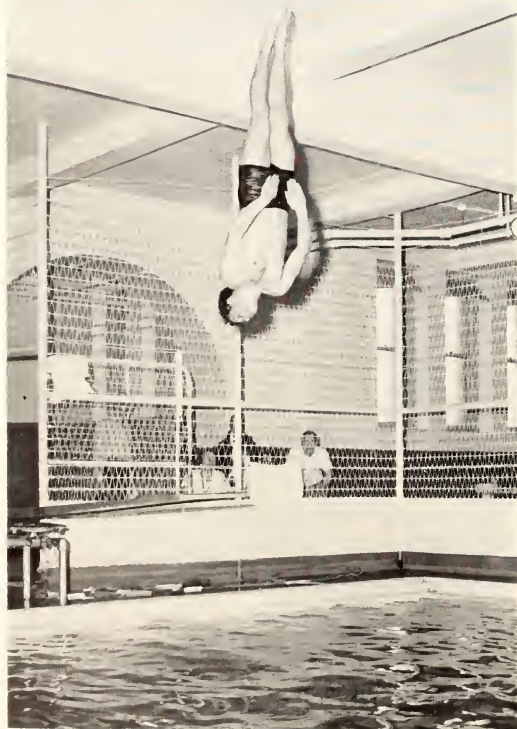

Dave Dicken and Jim Nolen (in lanes one and two) take off in the 200-yard butterfly event of the Colorado dual meet.

Nolen won first place and Dicken placed third. Pribble and Mills are the Colorado entries in this event.

A winning performance is turned in by Marion Towns in the diving event of the dual meet with Emporia State College.

swimmers now varsity

The 1956-1957 K-State swimming team under Coach Bill Thrall had a 6-4 record in its first year of varsity status for the sport since 1948. K-State beat Fort Hays State and Emporia State twice each and notched other wins over Colorado and Kansas University. Losses were to Kansas University, Nebraska twice and Oklahoma.

Lettermen this year are Dave Dicken, Jim Mariner, Gordon Harper, Tom Onuma, Tom Coblentz, Marion Towns, Jim Nolen, Buzz Newman and Don Matsuoka. The swimmers started the season with a road dual meet against Nebraska University. The Cats came out on the short end of a 56-25 score in this meet. The story was about the same when K-State met the Cornhuskers at Manhattan. K-State dropped this one 38-47.

The Cats struck the win trail in the third meet of the season when they defeated Fort Hays State, 52-34. K-State dropped a 44-42 decision to Kansas University at Lawrence in its fourth taste of competition. They then started on a three-meet win streak which saw the Cats top Colorado, 47-39; Emporia State, 57-28; and Kansas University, 52-33.

A strong Oklahoma University team completely doused K-State, 69-17, to break the Cats' winning streak and leave the K-State season record at 4-4. The Wildcats came back strong, though, beating Emporia State 66-20 and Fort Hays State, 58-28, to finish the dual meet season with their respectable 6-4 mark after a long lay-off from swimming competition.

The Big Seven swimming meet at Norman, Okla., found the powerful Sooners more than doubling the point total of the second-place Iowa State Cyclones by chalking up 161 points. Iowa State had 80 points for its second-place ranking. K-State finished in a tie for fifth place with Kansas University. The Cats and Jayhawks each had 27 points. Jim Nolen placed second for K-State in the 200-yard butterfly and fifth in the 200-yard breast stroke. Gordon Harper got sixth in the 50-yard free style, Jim Mariner took fifth in the 200-yard back stroke and sixth in the 100-yard back stroke, and Dave Dicken swam to second place in the 100-yard butterfly to account for K-State individual points. relay team splashed its way to a third place finish.

Jim Nolen set two new varsity records this year. He won the 200-yard butterfly stroke in the Emporia State meet with a record time of 2:38.8 and the 200-yard breast stroke in 2:41.3.

Members of the 1956-57 swimming team were Coach Bill Thrall, Dick Walsh, Dave Dicken, John Nickel, Jim Mariner,

Gordon Harper, Tom Onuma, Tom Coblenz, Marion Towns, Jim Nolen and Buzz Newman.

gymnasts win 3 duals

At the half-way mark in this year's gymnastics season the K-State gymnastics team had won three dual meets and placed high in some major larger meets. Last year's teams had a 14-8 season record. The Wildcat gymnasts have posted dual meet wins over Fort Hays State, Colorado University and Southern Illinois. Hays fell before the Cats, 50-44, Colorado 65-40 and Southern Illinois 70-65.

Traveling to Western Illinois to participate in a six-way meet, the Cats finished a respectable third against outstanding gymnastic competition. Hosting a quadrangular meet early in the season, K-State took second place. The Nebraska Cornhuskers, in K-State's second meet, beat the Cats, 68-38, at Lincoln, Nebraska. In an eight-way meet at Manhattan, the Staters placed sixth. Some of the best gymnastics teams in the mid-west participated in this meet.

Besides having a full schedule of meets, the gymnastics team displayed its merits at exhibitions put on at halftime of several home basketball games. These exhibitions included tumbling, trampoline and parallel bar techniques. Lettermen this year are Richard Rood, Robert Gramzow, Wendell Minckley, Merle Schneck and Allen Olsen. Minckley is the only graduating senior. Returning lettermen next year, plus a good crop of freshmen should bolster Coach Frank Thompson's team.

Rood was high point man on this year's team. Following him were free exhibitionists Olsen, Minckley and Schneck. Still on the agenda for Cat gymnasts are an Invitational meet at Macomb, Illinois and the Southwestern A.A.U. meet at Fort Worth, Texas. The 1956-1957 team was led by Wendell Holt, who notched scoring honors for the year. Besides Holt, Minckley, Robert Eshelbrenner, Albert Bumpus, Olsen and Gramzow won letters in the sport. The Cats closed the season with wins over Colorado University, Minnesota State, Colorado A&M, Baylor University, Texas University, and Houston University. They placed second in

cats set four records

A dual meet win over Omaha University and a triangular meet win over Chicago University and Western Michigan were highlights of the 1956-57 indoor track season at K-State. The Wildcats also pulled a surprise fourth-place finish in the Big Seven conference indoor meet at Kansas City, Mo.

K-State athletes figured in setting four new records in the dual against Omaha University as the Cats totaled 73 points and took eight of twelve events. Emporia State placed second and host Omaha took third. Tom Rodda set a new meet record in the two-mile run as he posted a 9:54 clocking. Karl Lindenmuth set a new standard in the pole vault by clearing 13 feet, 3 1/4 inches. Sophomore Deloss Dodds set a new meet mark in the 440-yard dash with a 51.6 time. The mile relay team of Dave Burton, Jim Vader, Dodds and Gene O'Connor finished in 3:30.7 for the final K-State record-breaking performance.

K-State traveled to Chicago for its next meet against Western Michigan and Chicago University and used the services of veteran Gene O'Connor and rookie Tom Rodda to run away from the field.

Rodda, only a sophomore, broke a 25-year K-State standard when he ran the mile in 4:19. Rodda also won the half mile with a time of 1:58.3.

O'Connor won both the high and low hurdles and was on the winning mile relay team with Henry Renollet, Jim Vader and Dave Burton. Burton won the 440-yard dash and Deloss Dodds got second place in that event. Ralph Willard won first in the shotput and Ben Grosse second, Jesse Unruh second in the 880 and third in the mile, Karl Lindenmuth was first in the pole vault, Ray

Kansas State, predicted to do no better than sixth in the Big Seven conference meet, pulled a surprise out of the hat and ended up in fourth place in indoor league standings. Gene O'Connor sparked the Cats as he won the 60-yard low hurdles, finished third in the high hurdles, and along with Renollet, Vader and Burton won the mile relay. Karl Lindenmuth tied for third in the pole vault as he cleared 13 feet, 9 inches.

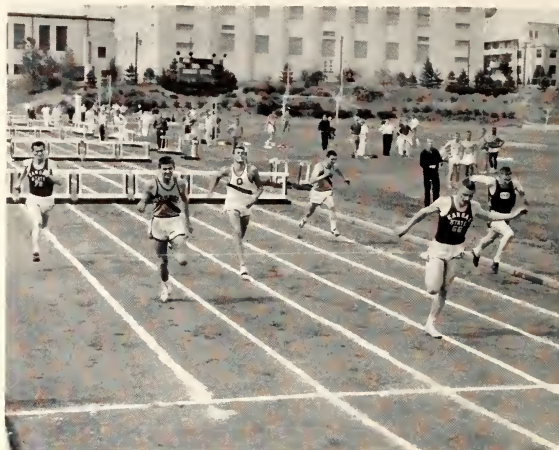

The Cats suffered dual meet losses to Nebraska and Missouri. MU topped the Staters 66-37 in their meet at Columbia, Mo. K-State won two events against the Tigers. Deloss Dodds took first place in the 440-yard dash and the mile relay team of Burton, Dodds, Vader and O'Connor won that event. Other K-State placements were Rodda, second in the mile and two-mile; Jesse Unruh, third in the mile; Craig Jones, third in the 60-yard dash; Dave Burton, second in the 440-yard dash; Gene O'Connor, second in both the high and low hurdles; Roland Elliott and Arlen Stackley, second and third in the two-mile run; Karl Lindenmuth, third in the pole vault; Wes Wilkison, second in the high jump and third in the broad jump; and Ralph Willard, third in the shot put.

In the Nebraska meet, K-State scored five wins, though losing 62-42 to the Cornhuskers. Tom Rodda, Dave Burton, Ralph Willard, Karl Lindenmuth and the mile relay team took first places for the Cats. No scoring was kept in the Michigan State Relays or the six-team Kansas State Invitational Relays. The only K-State wins in the Invita-

tional meet were posted by O'Connor, and the sprint medley and mile relay teams. Highest placings for the Cats at Michigan State were by Jesse Unruh, who finished second in the 1,000-yard run, Gene O'Connor, who got second in the high and third in the intermediate hurdles and the sprint medley relay team, which finished second.

The distance medley relay team of Jesse Unruh, Deloss Dodds, Hubert Guest, Tom Rodda turned in good performances.

even split in duals

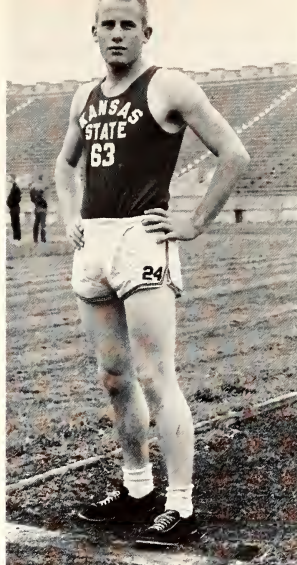

In spite of outstanding individual performances, an over-all lack of team strength handicapped the 1956 outdoor track team. The K-State thinclads split even in dual meets, topping Nebraska, $71\frac{1}{2}$ - $59\frac{1}{2}$, and losing to Iowa State, $71\frac{2}{3}$ - $51\frac{1}{3}$. Gene O'Connor was the Wildcat pacesetter against Iowa

State as he notched wins in the 440-yard dash and the 220-yard low hurdles.

There were three double winners against Nebraska. O'Connor won the 120-yard high hurdles and the 220-yard lows, Dolan McDaniel won the 100- and 220-yard dashes, and Joe Powell won the high jump and javelin events. Other winners against the Huskers were Marvin Chiles in the 440-yard dash, Karl Lindenmuth in the pole vault, and Kenny Nesmith in the broad jump.

It's a second place finish for Marvin Chiles in a preliminary heat of the Big Seven 100-yard dash. Larry Chace of Colorado won this heat.

Timber toppers Gary Doupnik and Ray Russell were part of an outstanding corps of hurdlers during the 1956 season.

Raymond Beikman was an outstanding Cat broad jumper, and Karl Lindemuth was one of the Wildcats' top pole vaulters.

Several top performances were turned in by Wildcat tracksters in the Oklahoma Aggie Relays. Besides O'Connor's win in the 400-meter hurdles and his second place finish in the high hurdles, Dolan McDaniel earned second place in the 100-yard dash. The 440-yard relay team took third place behind the Oklahoma Aggie team.

The 880 relay team of Marvin Chiles, Jerry Sartorius, Bob Jones and Dolan McDaniel plan race strategy.

Hubert Guest runs the middle distances for K-State.

It's a long race for two-miler Terry Turner.

Into the stretch goes Lawrence Brady as he leads the 880 field in the K-State-Nebraska dual.

Kenny Nesmith won the broad jump in the Nebraska dual.

Quarter-miler Henry Rennolette takes to the starting blocks.

Wildcat thinclads reaped a meager point harvest at the Texas Relays. Other than O'Connor's record setting performance in the 400-meter hurdles, K-State scored in only two events. Ray Russell won fourth place in the 400-meter hurdles and the mile relay team took fourth place.

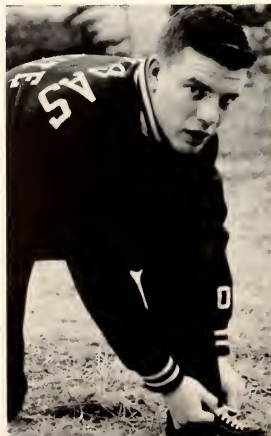

The cindermen fared better in the Southwest Louisiana Relays as six Cat entries finished in the money. O'Connor scored his third major relays win in the 400-meter hurdles and fellow hurdler Gary Doupnik won fourth place in the 110-yard highs. Joe Powell salvaged fourth place honors in the javelin and Dolan McDaniel added another fourth in the 100-yard dash. The distance and mile relay teams each finished fifth to wind up K-State scoring.

O'Connor Takes First at KU

O'Connor again won his 400-meter hurdle specialty at the KU Relays. The only other K-State placement was a fourth place finish by the 880-yard relay team. The end of the Colorado Relays found the K-State delegation tied for third place with Wyoming and Texas Christian university.

Joe Powell set the lone collegiate record at Colorado with a toss of 221 feet, 11 inches in the javelin event. Marvin Chiles tied for second place in the 100-yard dash. The medley relay team of Henry Renollett, Hubert Guest, Glen Taplin, and Jesse Unruh won third. The 880-yard relay team also placed third. The 880-yard relay team consisted of Marvin Chiles, Jerry Sartorius, Bob Jones and Dolan McDaniel.

Gene O'Connor was the only double winner for the Cats in the Big Seven conference meet. He won both the 220-yard low hurdles and the 110-

yard high hurdles. O'Connor was followed to the tape in the highs by Ray Russell and Gary Doupnik, who placed fourth and fifth respectively. Russell also won fifth place in the lows.

Dolan McDaniel raced to second place and Marvin Chiles placed third in the 100-yard dash. McDaniel gained another second place in the 220-yard dash and Chiles finished sixth in this event. Joe Powell garnered third place in the javelin throw.

Coach Haylett's charges tied with Missouri for fourth in the conference meet as Kansas university more than doubled the score on second-place Oklahoma. Colorado university was third, Iowa State was sixth, and Nebraska was at the bottom of the Big Seven pile.

It's a good baton exchange between Jerry Sartorius and Marvin Chiles, but K-State didn't win the Big Seven mile relay.

All even here, but Gene O'Connor forged ahead to win the 110-yard high hurdles in the Big Seven meet. Mike Cornett

wildcat nine beat champs but finish in cellar

K-State's 1956 baseball team finished in the Big Seven cellar despite standout performances against Oklahoma, the conference champs, Kansas and Nebraska. Lacking experience and depth, Coach Ray Wauthier's Wildcats showed flashes of brilliance and determination in posting an over-all 5 won, 10 lost mark for the season, with a 3-9 record for conference play.

K-State won over Wichita, 12-4, and Memphis Naval Air Station, 10-2, in non-conference play. Big Seven victories came at the expense of Oklahoma, 4-3, Kansas, 2-1, and Nebraska, 19-9. After splitting a two-game series with Wichita, 3-9, and 12-4, the Wildcats went south to trounce Memphis Naval Air Station, 10-2, behind the four-hit pitching of Bill Blume, Cat southpaw. Standout regulars in the 1956 Wildcat outfield were Eldon Zeller, Bob Boyd and Marvin Taylor. Zeller, right field,

posted a .419 batting average, second best for the Cats, and he tied Wally Carlson, in the RBI department with a record of 18.

Setting a Wildcat record of ten double-plays were these four infielders: Paul Clark, third base; Jim Raffety, shortstop;

Hugh Nethercutt, second base, and Wally Carlson, first base. Clark led the Wildcat hitters with .423, and had 13 RBI's.

Poor crowds continued to watch the Wildcat home games despite the squad's best showing since the season of 1951. The

highlight of the 1956 home stand was a 4-3 victory over Oklahoma Sooners, conference champs, in a 13-inning thriller.

two other contests scheduled against the Hellcats. The Wildcats opened conference play at Lincoln losing two straight to the Cornhuskers, 0-4, and 6-15.

First Conference Win

KU at Lawrence was the next conference foe. The Cats picked up their first conference victory by surprising the Jayhawks, 2-1, behind the three-hit pitching of Dick Stone. Stone, star basketball player, compiled a 2-1 record to lead the teams' pitching staff and finished ninth in the conference standings. The Hawks retaliated to take the second contest, 19-1.

Comprising the Wildcat pitching staff were Ed Disney, Bill Blume, Bill Sinderson, Ron Bergren, Dick Renfro and Dick

Stone. Stone, Wildcat basketball star, compiled a 2-1 record to lead the pitching in over-all game average.

The K-State nine returned to Manhattan with one win against three losses in Big Seven play only to be handcuffed by Missouri's Norm Stewart. The Tigers won, 8-1, as the righthander allowed only five hits.

Defeats were forgotten as Coach Wauthier guided his young Wildcats to a 4-3 marathon victory over Oklahoma in 13 innings. Tallying three runs in the first, the Wildcats saw Oklahoma tie the game in the sixth with two singles and a home run. Stone, Cat hurler, led off the 13th with a double, advanced to third on a wild pitch, and scored the deciding run when the Sooner catcher over-threw third in an attempted pick-off.

Cats Clobber Nebraska

The victory was short-lived as the Cats lost a pair to Colorado at Boulder, 7-9, and 13-14. The second contest saw the Cats one-run margin disappear in the bottom of the ninth when the Buffs tallied three runs off Bergren to win 14-13. K-State out-hit the Buffs in a two-game series, 31-19. The Wildcats returned to Manhattan to beat Nebraska, 19-1, behind the seven-hit pitching of Bill Sinderson. Jim Raffety, Bob Boyd, and LaVerne Billinger hit home runs for K-State to lead the assault. Nebraska's four-run outburst in the ninth defeated the Cats in the finale, 11-8.

The Wildcats closed out the season losing a pair to Iowa State at Ames, 2-12, and 4-5. The Cyclones combined a double and single to tie the score after two were out in the bottom of the ninth. Bill Sinderson was the Wildcat starter and loser.

netmen win eight

Kansas State's tennis team failed to display its true ability in the Big Seven tennis tournament but finished the season with a fine record. The netmen compiled an 8-3-1 record. Coach Karl Finney's forces had their best season in 1956, improving upon last year's 6-6 mark. The Wildcats defeated four Big Seven teams while losing only to Colorado and Oklahoma. Colorado won the conference title.

Bob Hansen, playing in the number one position for the second straight year, won only four matches, but the ace was faced with tough competition during the season. Hansen was one of two seniors on the 1956 squad.

John Deam posted the best individual mark with a record of 6-2 while Keith Andler won 8 of his 12 matches. The doubles teams of Hansen-Andler and Circle-Deam were consistent point winners as they combined to win 13 contests while losing only 3. Coach Finney lettered six players. They were Hansen, Dick Circle, Deam, Andler, Don Wainscott and Bob Alley.

Karl Finney was coach of the squad which compiled an 8-3-1 record for the season. This improved upon last year's 6-6 mark.

golfers third in meet

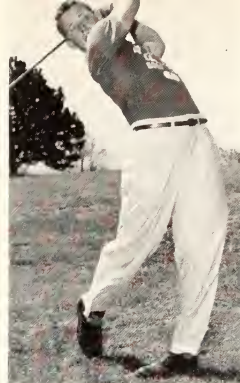

Coach Mickey Evans' golf team enjoyed its finest season as they placed third in the Big Seven meet while posting a 9-6-1 record. Kansas State's linksmen showed great improvement over last year's mark when they finished in the league cellar. Oklahoma won the league title with a total of 890 strokes. Kansas University took second. Dave Smith was the Cat's top scorer and number one man. He finished third in the Big Seven individual honors competition. Smith, who had an 11-3-2 record for the season, has two more years of eligibility.

Hayes Walker was the only squad member lost through the graduation route. Walker has lettered three years in varsity golf. Seniors Ron Young and Dave Pfuetze and juniors Dave Smith and Jerry Smith complete the team roster. These four returning lettermen should give K-State a strong entry in the 1957 league meet. Evans has now completed his eighth year as head mentor of the Kansas State golf team. Evans is also head of the physical education department.

second win for agr

Fred Wingert once again led Alpha Gamma Rho to a fraternity softball championship as he threw a perfect no-hit, no-run game giving AGR a 4-0 win over Beta Theta Pi and its second softball title in as many years.

Jr. AVMA's softball unit meanwhile captured the independent league title with a 13-3 win over the Jones Boys. The victors advanced to the finals by virtue of a win over the Hillbillies while the Jones Boys drew a bye. In the semi-finals of the fraternity division AGR defeated Sigma Alpha Epsilon 4-2 to qualify for the finals. The Betas won over Phi Kappa, 5-2, for the other final berth.

Track Draws 425 Staters

Some 425 K-Staters competed in the 1956 men's intramural track meet as Delta Tau Delta captured the fraternity division while the Hillbillies won the independent crown.

The Delts scored 64 $\frac{5}{6}$ points to edge Sigma Alpha Epsilon with $56\frac{2}{3}$ and Beta Theta Pi with $51\frac{1}{3}$. The Hillbilly's netted $91\frac{1}{2}$ tallies while West Stadium collected $54\frac{1}{2}$ points and the O. K. House $34\frac{3}{4}$.

Winner of the independent league softball crown was the Jr. AVMA. The title game was a 13-3 victory over the Jones Boys.

Sigma Phi Epsilon displayed a potent scoring attack as they overpowered Sigma Alpha Epsilon to win the fraternity division touch football championship. It was the second straight year that the Sig Ep's have won the title. The victorious Sig Ep's finished the year with an undefeated record of 6-0. The runners-up compiled a 5-1 record.

Jr. AVMA captured the independent football crown by defeating the Jones Boys 13-12 in an exciting overtime contest. Spectators went wild as the game progressed into the overtime. This also marked the second year in a row that Jr. AVMA has won the title. Paul Clark was one of the stand-outs for the Sig Ep's as the shifty tailback passed for several touchdowns while also picking up yardage on the ground. A total of 677 men competed in both leagues and 429 represented by the fraternities. An average of 18 men per team participated in the program. Much enthusiasm was displayed by the various fraternities and organizations in the program as game attendance showed. Colorful cheerleaders sparked both team cheering sections during the finals.

For the third straight year Sigma Alpha Epsilon won the fraternity golf title with a record-breaking total of 311 for four men. This broke the old record of 312 set by Beta Theta Pi by just one point. The Sigma Chi's finished second in golf intramurals with a grand total of 328. Top individual honors went to Jerry Hendricks of Sigma Chi who captured the tourney's medal with a total of 74 strokes. The record is 67 and was set by Frank Hooper of SAE in 1949.

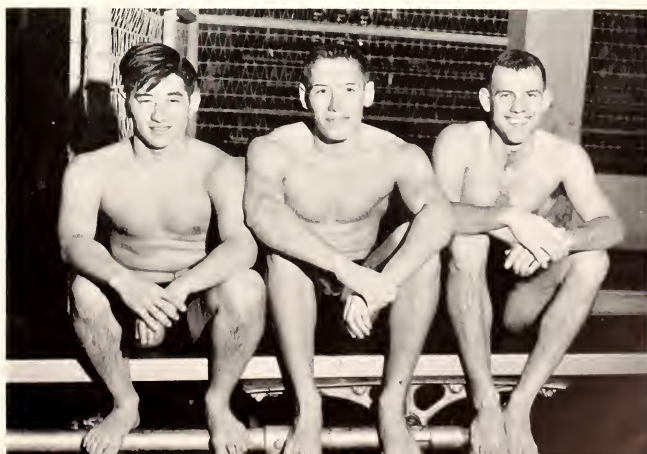

In the independent golf intramurals Jr. AVMA won the championship title as their golf team of four finished with 348. The Vets won over second place K-State Veterans Organization who compiled 370 strokes. Sparked by swimmer Dick Walsh, Sigma Alpha Epsilon captured the swimming title by pushing ahead of Pi Kappa Alpha by a score of 60-49. Walsh was the only fraternity two-time winner as he won the 100-yard free style and the 80-yard individual medley race.

Top honors in the independent swimming division went to the Hui O Makules squad who walked off with 72 points. The O. K. House won second place but was only able to make 14 counters in the meet. The crack Hui O Makules team won each event including all of the relays. This was quite an achievement for any team whether independent or fraternity. Jim Nolan of the Hui O Makules was a two-time winner for the victors. He won top honors in both the breast stroke and the 80-yard individual medley race.

sae, stadium win titles

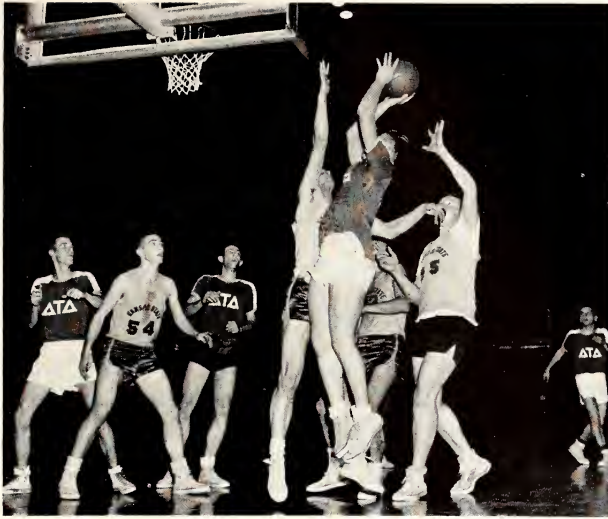

Sigma Alpha Epsilon and West Stadium provided interested intramural followers with a top-notch brand of basketball as both teams won their respective divisions. The two clubs won over their rivals in a twin bill in Ahearn Field House. In the opener West Stadium proved to be too much for the House of Williams five by defeating the latter 39-32 in a thrilling contest. The victor's overpowering height was the deciding factor in the tilt. John Solmos was high point man for West Stadium, while Gary Wing racked up 16 points for the House of Williams.

The Sig Alphs climaxed the fraternity basketball season by edging Delta Tau Delta in the finals 37-33. This marked the second straight year that SAE has downed the Delts in the finals. John Costello and James Allen led the scoring for Sigma Alpha Epsilon with 10 points apiece. Jerry Metcalf paced the Delts with 10 points.

West Stadium compiled a 6-1 record for the season when they won the independent title. SAE enjoyed an undefeated season as they won seven straight games. Division winners in the fraternity division were Sigma Chi, Kappa Sigma, Delta Tau Delta and Sigma Alpha Epsilon. In the semifinals Delta Tau Delta edged out Kappa Sigma by a score of 25-24, one of the most exciting games of the

year. Sigma Alpha Epsilon beat Sigma Chi 33-25. Although the score shows a difference of 8 points, the Sig Alphas had to keep on their toes to beat the stubborn Sigma Chi five.

Division winners in the independent basketball intramurals included the YMCA, Rebels, West Stadium, Speedsters, House of Williams and Old Timers. Semifinal play-offs matched West Stadium against the YMCA and House of Williams against the Speedsters. Rebels and Old Timers lost previously in games to these four. West Stadium

topped the YMCA 29-24 while the House of Williams won over the Speedsters by a score of 35-26. No all-school championship game was played.

There was a large turnout for basketball intramurals. Fifty-three organizations participated and 136 games were played. In the fraternity division 23 fraternities entered teams with a total roster of 355 players. In the independent division 30 organized groups entered the competition. These 30 groups included 399 players. All in all 754 men participated in basketball intramurals.

tough battle for champs

Although they dropped 17 free throws from last year's total, Sigma Alpha Epsilon still won the free throw championship this year. It is their second win. Sigma Chi was giving the SAE's tough com-

petition to the last basket. The final statistics showed that the SAE's only won by one basket; they made 150 baskets out of 200 attempts while Sigma Chi made 149 baskets in the 200 attempts.

The independent free-throw championship went to the Speedsters. They made five more baskets than the second place Jr. AVMA free-throw team. The Speedsters connected with 136 baskets in 200 attempts while the Jr. AVMA's connected with 131 baskets in the 200 attempts. An individual contest was held for championship free thrower in both the fraternity and independent divisions. Darrell Rosenow claimed the independent crown as he edged out the other entries by making 41 out of 50 attempts. In the fraternity division top honors went to Bob Turley of Sigma Nu. He made 45 out of 50 attempts. The individual record that was set in previous years is 47 baskets out of 50 attempts.

Horse shoes is another individual contest. It is different from many of the other intramural contests in that it is not as well recognized a sport. Division winners were determined for both fraternity and independent entries. Robert Cole representing Delta Sigma Phi fraternity captured the fraternity horse shoe title. He edged out Gene O. Smith of Sigma Phi Epsilon. In the independent contest high individual was Wayne Hasemyer representing the Hui O Makules. Hasemyer finished ahead of Ronald Leiker, second place winner representing the Hillbillies.

Championship horseshoe honors went to Wayne Hasemyer of the Hui O Makules and Robert Cole of Delta Sig.

John Bird of Pi Kappa Alpha won the tennis fraternity championship.

Second place fraternity tennis winner was Sig Ep Harold Grubb.

Dwight Newbecker of the Hillbillies won the top independent tennis title.

Horseshoe semifinals in the fraternity division matched Jim Brass of Sigma Phi Epsilon against Robert Cole, and Allen Wiechert of Alpha Kappa Lambda against Gene Smith. In the independent division Wayne Hasemyer played Earl Weiss of Jr. AVMA and Ronald Leiker played Boyd Martin of Jr. AVMA. Twenty-three fraternities participated with a total of 91 men. Thirteen independent groups entered with a total of 42 men.

John Bird of Pi Kappa Alpha topped all other fraternity entries to win the tennis intramurals. He defeated second-place Harold Grubb of Sigma Phi Epsilon. Semi-final contests matched Grubb against Larry McDonald of Sigma Chi and Bird against Jim Schilds of Sigma Chi. In the independent division tennis singles playoffs Dwight Newbecker of the Hillbillies was the top racketeer. Newbecker defeated Charles Hudson of the Jones Boys in the finals. Semifinal contests saw Newbecker beat Darrell Webber of the O.K. House. Hudson beat Bill Shepherd who played independently. Frank Myers, intramurals director, said that Shepherd was the first person in several years to play independently. Twenty-two fraternities with 84 men participated in the tennis intramurals while 8 independent organizations sponsored 26 men.

The handball fraternity and independent championship titles went to Chad Sims, Sigma Alpha Epsilon and Richard Allen of the Hillbillies. Chad Sims finished ahead of Stan Knowles, Sigma Alpha Epsilon, to win the championship. Semifinal con-

tests pitted Sonny Ballard of Beta Theta Pi against Stan Knowles. Chad Sims played against Jim Good of Sigma Nu. Richard Allen won the independent title by edging Jay Black in the finals. Both finalists picked up valuable points for the Hillbillies. In the semi-final contests Jay Black played against Don Knudson of the Rho Alphas. Richard Allen was matched against Joe Coyle of Jr. AVMA. Eighteen fraternities with 65 men entered the contest while 6 independent organizations competed with 15 men.

Chad Sims, left, won the fraternity handball title for the SAE's. Richard Allen, right, was independent champion.

five sports offered

The women's intramural program of Kansas State College provides the various Greek houses and independent dormitories an opportunity to compete with one another in selected sports. During the '56-'57 season five sports were included in the intramural program: volleyball, swimming, table tennis, basketball and softball.

Initiated at K-State in 1930, the women's intramural program is sponsored by the Women's Athletic Association which decides each year which sports will be included in the activities for the coming year. Among those which have been offered in past years are tenecoit (deck tennis), badminton, horseshoe pitching, track, posture contests and modern dance. The latter was divided into two parts—technique and original compositions—which were judged mainly on the basis of choreography and costuming.

Most popular of any sport introduced in the program is volley ball, which has been carried for 33 straight years. This sport gets the intramural season off to a good start each year. A round-

Swimming followed the volleyball season and matches were held between Thanksgiving and Christmas vacations by only two teams. The winner of the match was the team from Waltheim Hall. A plan is under consideration to start the season with swimming instead of volleyball so that teams will come out for swimming during the warm season which might not enter later in the year because of cool weather.

Twelve teams went out for basketball which was played in a round-robin tournament of three groups with four teams in each group. Table tennis matches were played by the elimination method and a total of 21 girls played in matches. Two representatives from Southeast Hall, one from Chi Omega, and one from Pi Beta Phi played in the semi-finals, and Pi Beta Phi's representative Kathy Horridge beat Chi Omega's in the finals.

HOUSING

RALPH R. DYKSTRA came to Kansas State College as a staff member in 1911, and was Dean of the School of Veterinary Medicine from 1919 to 1948, when he became Dean Emeritus of the school. In the words of a testimonial presented on that occasion, Dean Dykstra is known throughout the nation as "Mr. Veterinarian," and "is considered to be the man responsible for the growth of the School of Veterinary Medicine at K-State."

The long-promised and much-needed married students' housing units were a welcome sight to the campus. Ninety-six apartments were finished in January and ninety-six more were done by March.

Tense moments followed the final musical number of the 1956 Interfraternity Sing. Finally the scoring was complete, and the Sigma Chi's were announced winners of the fraternity division for the third consecutive year. Delta Delta Delta won first place in the sorority division. Rush week brought many hours of suspense, hard work, and excitement as 300 rushees were entertained the week before school began. The sorority houses were decorated each day in themes ranging from Sherwood Forest and the Belgian Congo to Blue Heaven and Anchors Aweigh. During the first two days the rushees attended open houses and teas at every sorority house. Then the sororities narrowed the lists of girls they wished to

ask back and gave additional dates for the next two days. After the big climax Thursday evening, the rushees spent an anxious night before filling out their preference cards Friday morning. The suspense mounted as they waited for their bids. The bids came, and with happy smiles they rushed to their new sororities for pledging ceremonies.

Each day ended for the rushees after the last party, but the sorority girls had long hours of clean-up, skit practices, and new decorations ahead of them for the next day, and meetings lasted far into the night. But each girl felt it was well worth while when the new pledges came—bringing new friendships and good times.

Lunch must have been quite tasty at the Tri Delt house Wednesday judging from the expressions on these girls' faces.

All don formals for the final parties of rush week. Here the Alpha Delta Pis say good night by a candle-light walk.

Thursday afternoon finds these Alpha Xi Deltas deep in friendly chat with rushees following presentation of a skit.

alpha chi omega

Alpha Chi Omega was founded by seven music majors at DePauw University in Indiana. The local chapter began March, 1947.

Trophies were the pride of the Alpha Chi's this year as they received first place for Homecoming decorations and in the Sigma Chi Derby Day. Their Flush Bowl float won a second-place trophy. They sold Christmas cards and worked at the Student Union for special projects. On the social side, they had hour dances, exchange functions, a Christmas party, faculty tea, holiday dinners and a spring formal. Alpha Chi's claimed Derby Day Darling, Homecoming attendant, Pretzel Bowl attendant, Who's Whoot editor, two dorm officers, 4-H secretaries, and members in Angel Flight, Chimes and Mortar Board. Presiding over Alpha Chi activities was Jane Mills. Alpha Chi's participated in tennis and volleyball intramurals. Their membership showed an increase of 13 over last year.

alpha delta pi

With a take-off on the opera, *Carmen*, the Alpha Delta Pi's swept through their performance during Y-Orpheum to take first place. Individual honors such as princess of the American Royal, Calendar Queen, and editor of the ROYAL PURPLE were bestowed on members. A dinner honoring the foreign students on the campus, Christmas caroling at Fort Riley and for Alpha Delta Pi alumnae, and contributing to a crippled children's fund were special projects of the sorority. Under president Janet Foltz other activities such as the Faculty Tea and Founder's Day were held.

Alpha Delta Pi, the oldest secret society for college women, was founded in 1851 at Wesleyan Female College in Macon, Georgia.

alpha xi delta

Excitement reigned this fall as Alpha Xi's returned to school to find that the second floor of their house had been completely remodeled. This made their home an even better place to entertain for such occasions as the Parents' Day Open House, the Christmas Formal, and the annual pledge party. One of the philanthropic projects undertaken by the members was making Christmas gifts for the Girls' Industrial School at Beloit, Kansas. Spurred on by president Dorinda Mears, Alpha Xi's were active in such college organizations as K-State Singers, Purple Pepsters, Delta Phi Delta and Orchesis. Members were assistant cheerleader, Calendar girl, YWCA secretary, *Who's Who's* Staff member, President of the Home Economics Journalism Club, and on Home Economics Council.

The Alpha Xi Delta house has been built since 1922, the date on which the local chapter came to the Kansas State campus.

chi omega

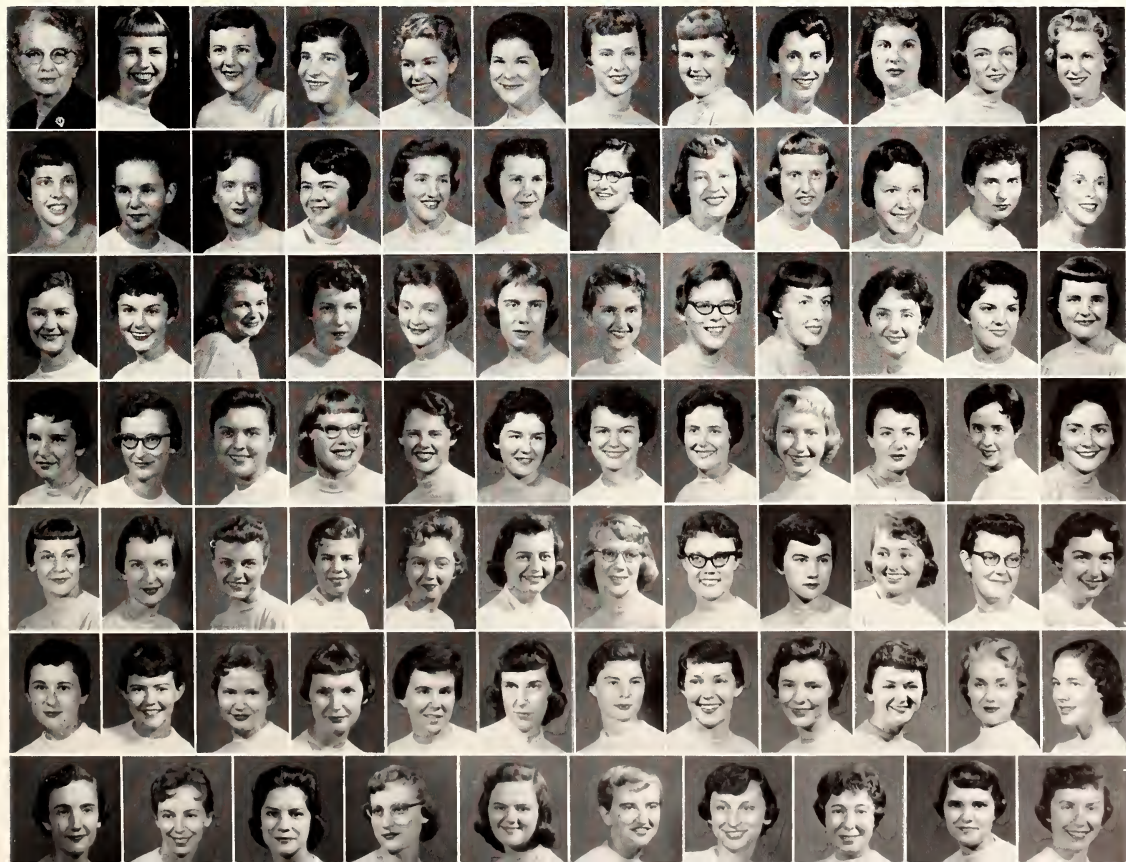

Queen honors were poured on Chi Omegas this year as they accepted the crowns of the following events: Homecoming, Pershing Rifles, Military Ball, Air Force Ball and Flush Bowl. In addition, one Chi O was Sweetheart of Sigma Chi and another was Sig Ep Sweetheart. Chi O's entertained underprivileged children at a Christmas party and caroled at Fort Riley. Members also participated enthusiastically in Y-Orpheum and in Homecoming house decorations by taking second place in each. Individual members were president of Young Republicans, president of K-State Players and *Collegian* editor. Betsy Thomasson was president.

National Chi Omega was founded at Fayetteville, Arkansas, at the University of Arkansas, on April 5, 1895.

clovia

Clovia was first started at Kansas State College in 1931. Seven girls were charter members of the 4-H sorority.

Special weekend activities were planned by Clovia members in September to celebrate the 25th anniversary of the founding of the chapter. In November the national meeting was hosted by the K-State group. During Farm and Home Week and the Extension Conference, the girls were busy giving teas for visitors. Active participation in activities by Clovia members is evidenced by those who received such honors as National Secretary of Chimes and the Borden Award for high grades during the senior year. Marjorie Hamon was president. Big social events for Clovia members were house parties and the Crystal Ball formal dance in December. The girls take turn cooking their meals and doing the housework. The pledges hold special costume dinners for the actives, and they each have a pledge project to complete before initiation.

delta delta delta

Long weeks of rehearsal won the members of Delta Delta Delta the first-place trophy in the sorority division of the Interfraternity Sing last spring. After rush week in the fall, they held the second annual "yell-in" for their new pledges. "Red firebugs" were the rage at the annual Firebug party. Other big social events were the Christmas formal, Eggnog party, Founder's Day celebration, spring formal, and senior banquet and picnic. Tri Deltas gained three cheerleaders, Pretzel Bowl Queen, and Chimes, Mortar Board, and Union governing board members. President was Sharon Diamond.

Delta Delta Delta was founded Thanksgiving evening at Boston University in 1888. The local chapter, Theta Iota, began in 1915.

gamma phi beta

Starting a new sorority on a campus is a big challenge for anyone but the 40 new members of Gamma Phi Beta accepted the job willingly. Accomplishment became their byword. Individuals were president of Van Zile, secretary of Student Council, *Engineer Magazine* staff, and in Mortar Board, Theta Sigma Phi, Omicron Nu, Angel Flight, and AWS. Queen honors as St. Patricia, Pledge Queen, and two Calendar girls were bestowed on Gamma Phis.

The year started for Gamma Phis in October when the first rush tea was held. Gamma Phis from the University of Kansas helped alums, student counselors and national officers rush. During the week following the tea, each girl who registered was interviewed. A Crescent Party was held at the end of the week followed by the formal pledging. Throughout the year all new Gamma Phi pledges worked hard to maintain the standards of the sorority and they received their charter on March 23. Initiation was also held this weekend for the members. The student counselors who supervised the chapter during their first year were Karla Baur and Pat McDermott.

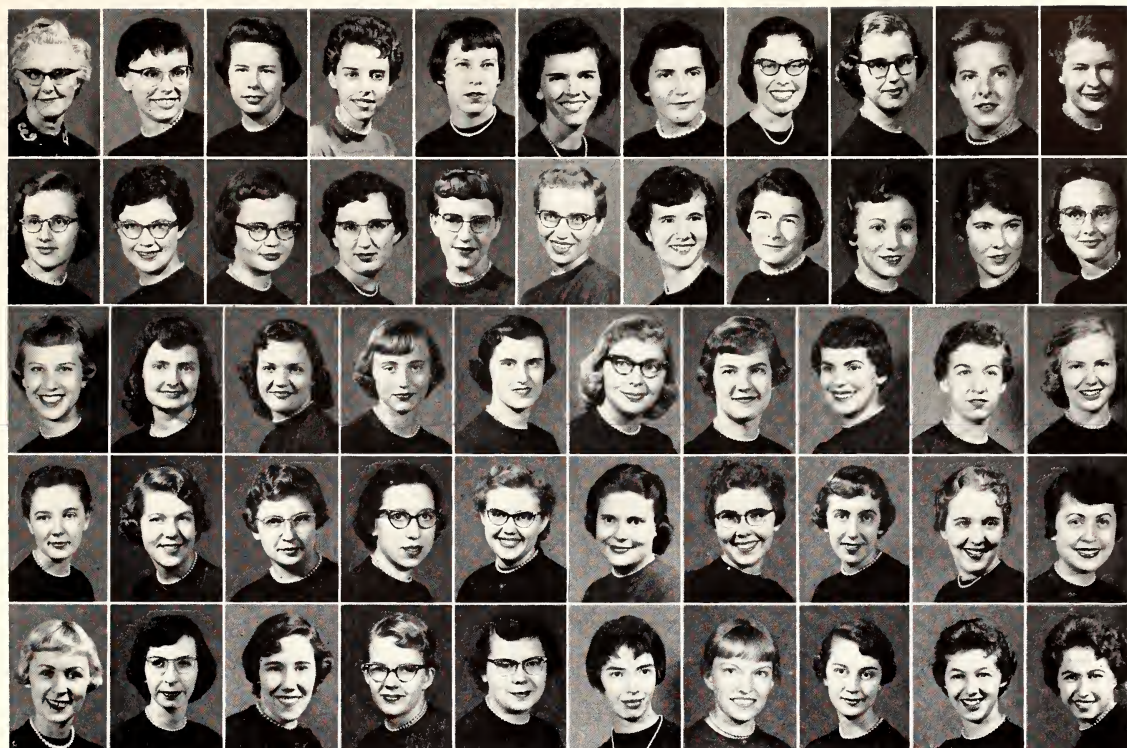

Rushees are entertained at the rush tea of Gamma Phi Beta, the newest sorority on campus. They received their charter in March.

At Christmastime Gamma Phis exchanged toys instead of gifts and presented all the toys to members of a Negro Sunday school in Manhattan. A long remembered social event was the Christmas party given by the alumnae at the Country Club at which the new house plans were presented. The spring Crystal Crescent Ball highlighted the spring semester. Kathleen Schultis as president directed the activities of the new Gamma Phi Beta chapter.

kappa delta

Kappa Deltas were in demand for fraternity queens as three fraternities—Tau Kappa Epsilon, Theta Xi, and Delta Upsilon—selected KD girls to reign over fraternity functions. In addition to campus activities in which Kappa Delts participated, they adopted a needy family at Christmas and supported the Children's Hospital in Richmond, Virginia, which is their national philanthropy. These projects plus such social events as the Christmas party and the Emerald Ball were under the leadership of president Judie Cain. K-Key awards were received by two members. One was an International Farm Youth Exchange delegate to Brazil. Kappa Delts were also in Chimes, Mortar Board, Mu Phi Epsilon, Delta Phi Delta, Angel Flight, A Cappella Choir, *Who's Who* Staff and Alpha Delta Theta.

Sigma Gamma chapter of Kappa Delta was installed at Kansas State on December 4, 1920, as one of 93 national chapters.

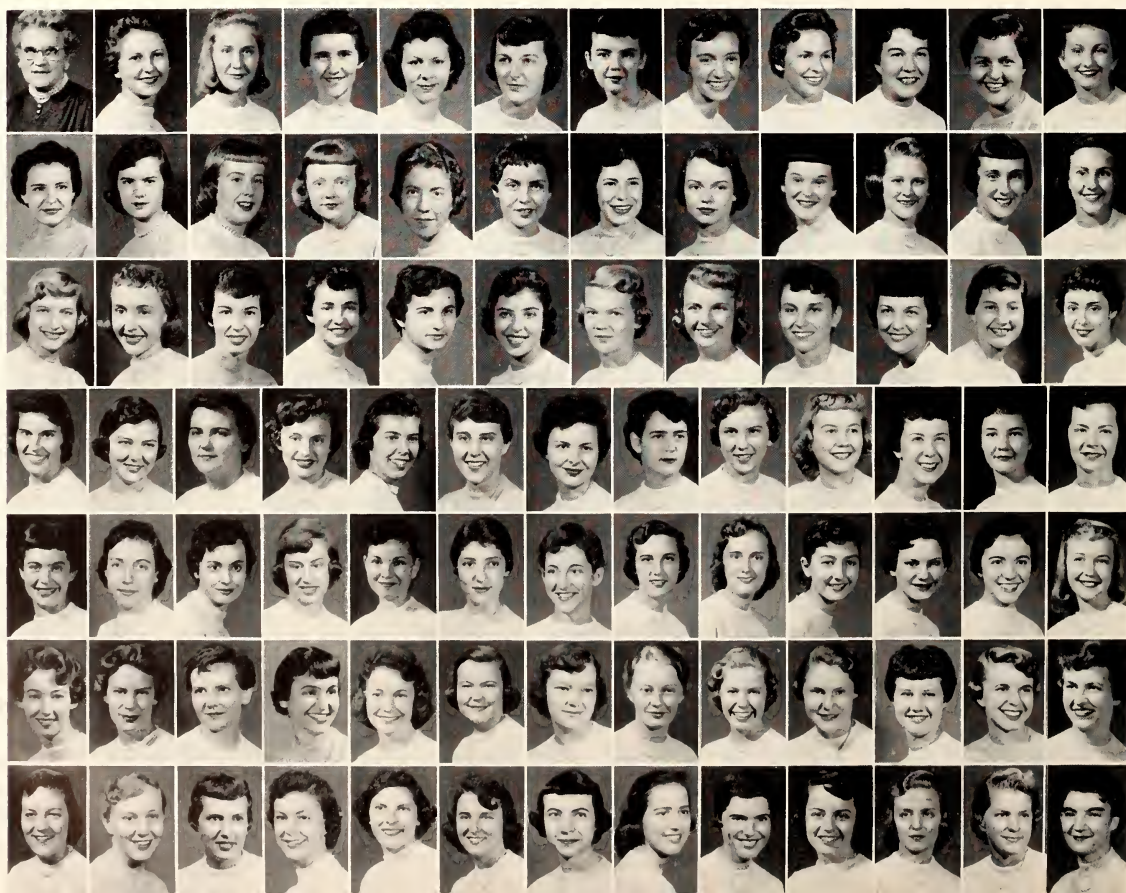

A local organization at Kansas State, Lambda Lambda Theta, was granted a charter by Kappa Kappa Gamma in the spring of 1916.

kappa kappa gamma

Leadership ability by members of Kappa Kappa Gamma was evidenced by the fact that the KKG's supplied presidents for each of the following organizations: Associated Women Students, YWCA, Mortar Board, Chimes, Frog Club and Angel Flight. First-place trophies for Parents' Day decorations and the Delta Sigma Rho speech contest found a niche in the trophy case. One of the biggest social successes on the calendar was the Kappa Fathers' Weekend early in the spring. Sandra Mueller was president.

pi beta phi

"Readin', writin', 'n 'rithmetic" paid off for the members of Pi Beta Phi as both actives and pledges took top honors in 1955-56 scholarship. Pi Phi's proved that studying didn't take up all their time at their annual fall costume party, the Christmas house party, and the spring formal. Members claimed runner-up to national Miss Football, PiKA Sweetheart, five campus presidents, and Chimes, Mortar Board, and Student Council positions. Pi Phi's also placed second in the campus speech contest and Parents' Day decorations. Marilyn Smith, president, directed all phases of chapter life.

Founded in 1904, Phi Kappa Phi was the first local sorority on campus. The chapter was chartered to Pi Beta Phi in 1915.

A special event for all Greeks on the campus took place in April when the first 'Greek Week' was sponsored by Interfraternity and Panhellenic Councils. The four-day affair included a banquet, dance, workshops and community projects. Ideas gained from discussions and workshop sessions were further discussed at IFC and Panhellenic meetings. Other joint projects of Panhellenic and IFC were a Christmas party for children and the annual Interfraternity Sing.

For the first time this year IBM cards were used during sorority rush week to facilitate speed and accuracy in issuing invitations from the sororities. Panhellenic sponsors four scholarships per semester which go to a student in each of the four classes. Trophies awarded for house decorations at Homecoming are provided by this group. Much planning by the Council is directed at rush week. Gaye Fryer was president and Mary Frances White was advisor.

As Panhellenic Council co-ordinates activities of the sororities, Interfraternity Council works to keep the fraternities unified. Both groups are made up of a junior and senior representative and the president of each house. The Councils also bind the fraternities and sororities closer to campus activities.

IFC regulated rushing rules, co-operated with Panhellenic for joint projects and helped initiate Greek Week on the campus. They sponsored a Korean student by paying his college fees and arranging for him to live in various fraternity houses. IFC works with the Interfraternity Pledge Council on certain problems. First semester president was Gary Rumsey and second semester president was Jack Harmon. Advisor was V. D. Foltz.

This is the third year that the Independent Organized House Council has been in operation to regulate and co-ordinate activities of the independent men's houses. Seven houses with more than 160 men belong to the Council. Their activities included a picnic for all members, a float in the Homecoming parade, mixers with women's houses, a scholarship cup for the house with the highest grades and a service project on the campus.

Purposes of IOHC are to foster friendliness, promote the welfare of the college and its independent men, and to act as the voice of organized houses. James Keating was president, Charles Jacot, advisor. Council members are two men from each house.

Re-organizing the Constitution kept members of the Interfraternity Pledge Council busy at meetings this year. The Council worked with IFC for the

first time by helping promote Greek Week and other all-Greek activities. Intermission at the IPC dance found Joe Gardner and Mel Eaton crowned pledge king and queen. Theme for the annual dance, which followed several weeks of ardent campaigning, was "Deep Purple." Initial plans for establishing a scholarship fund were laid in the spring. David Templeton was president of the group which has two representatives from each pledge class. Advisor was Charles Goetzinger.

The Phi Delt dining room is the scene of fraternity rush activity. Faces glow from good food and lively conversation.

Out enjoying the warm fall night are these Acacias and their rushees as they go through rush week in their new house.

men pledge 91 per cent

Fall fraternity rush ended in pledging for over 91 percent of those entering last fall. Four days of rushing activity began for 435 rushees Thursday, September 6, and were climaxed with breakfasts for new pledges at the fraternity houses on Monday. The K-State fraternities use the preferred type of rush, meaning that rushees have scheduled times to meet with houses they choose. Only three rush dates may be scheduled at any one house.

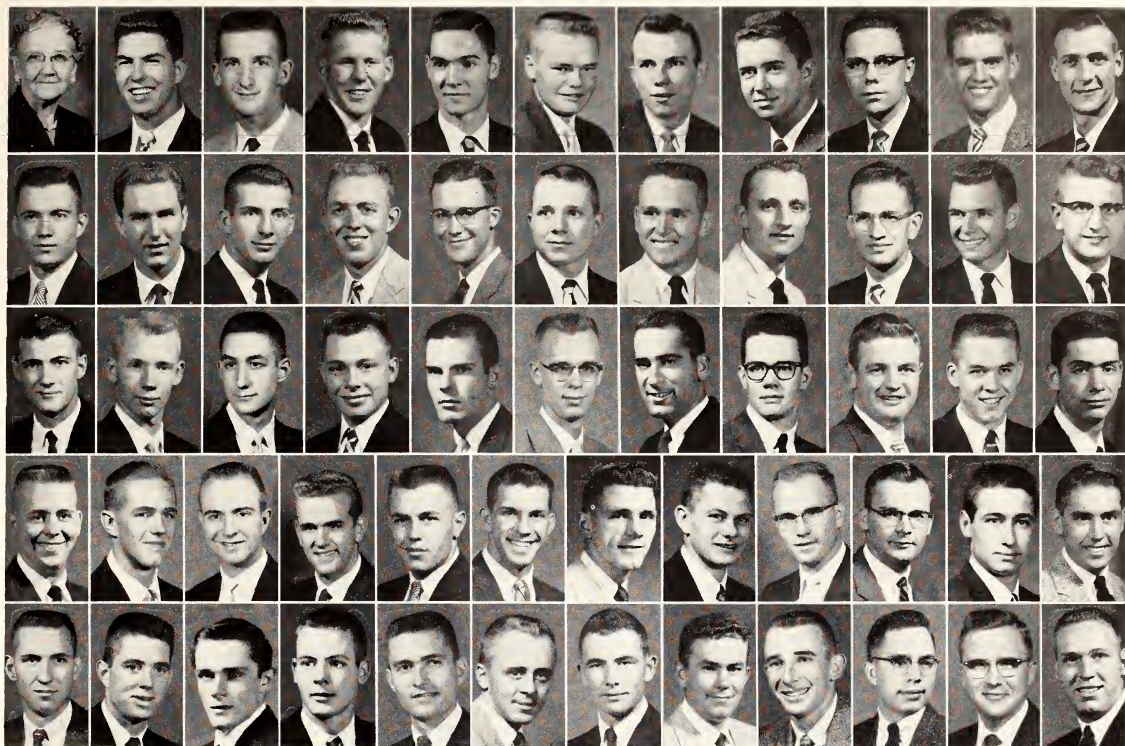

Enthusiasm shows on the faces of these Sig Alphas as they entertain one of their rushees in their living room.

Gleaming trophies lend an impressive background for Sigma Nus as they relax with their rushees during rush week.

The quizzical expression on one face seems to ask the question, "Now what was that fellow's name?"

Proud Acacia members can point to four campus buildings that have been named after their alums: Seaton Hall, Bushnell Hall, Waters Hall and Willard. Another building that they are boasting about is their new chapter house, into which they moved this year. Acacias were *Collegian* sports editor, secretary and treasurer of sophomore engineers, and members of Sigma Delta Chi, Alpha Zeta, Engineering Open House coordinating committee and 13 other clubs. Social events included fall and spring formals, Hay Stomp, Christmas party, Indian party, Good Ole Times party, Pledge party, Mothers' Day and Founders' Day. President was Jay Humburg. Acacia presented "This Far North" as one of the four fraternities selected to present skits in the '56-'57 Y-Orpheum. They won second place in their group in basketball intramurals and participated in all other sports. Phi

Kappa Phi freshman recognition for high scholarship was given to four Acacia members. Mrs. T. N. Lyles has served as housemother for the Acacia house here on the campus for 27 years.

The K-State Acacia chapter was founded in 1913. Their housemother has been at K-State for 27 of those years.

alpha epsilon pi

A colony of the national fraternity Alpha Epsilon Pi was re-activated in March 1956, when a group of interested students started the ball rolling. The fraternity had been inactive since October, 1951. The national secretary who visited the men in the fall assured them they could go active when their membership reaches 25. Rebuilding the basement of the Jewish Community Center of Manhattan at 910 Lee into a chapter meeting room has been the group's main project. With a new ceiling, pine paneling, lighting, and other improvements the room is ready to accommodate a growing fraternity.

Homecoming decorations kept the men busy in the fall but they found time to start an annual football contest between the KS and KU chapters on the day of the all-school game. In true K-State fashion, the Manhattan men won this first contest. The chapter made several trips to Kansas City for various events there. They had a dinner-dance in both the fall and spring semesters, and a Bar-B-Q following a hayrack ride.

Members are active in B'nai B'rith Hillel Foundation and claim the president, vice-president, and treasurer of that group. Two of their men serve on the RCC, and one serves as treasurer. A scholarship

fund for the man with the highest grade average was added this year. His name will be engraved on a plaque, and he will receive a cash award.

Taking an active part in all phases of campus life, members worked in the Little American Royal, Poultry Club, K-State Players, Junior Debate team, Klod and Kernel, Army Rifle team, freshman wrestling team and Greek Week committees. Although the smallest fraternity on campus, they have been in the upper half in the final standings of nearly every intramural athletic contest. Stuart Dworkin was president and Prof. Max Milner was advisor.

Fixing up the basement of the Jewish Community Center for a chapter meeting room provides lots of work and fun for members.

alpha gamma rho

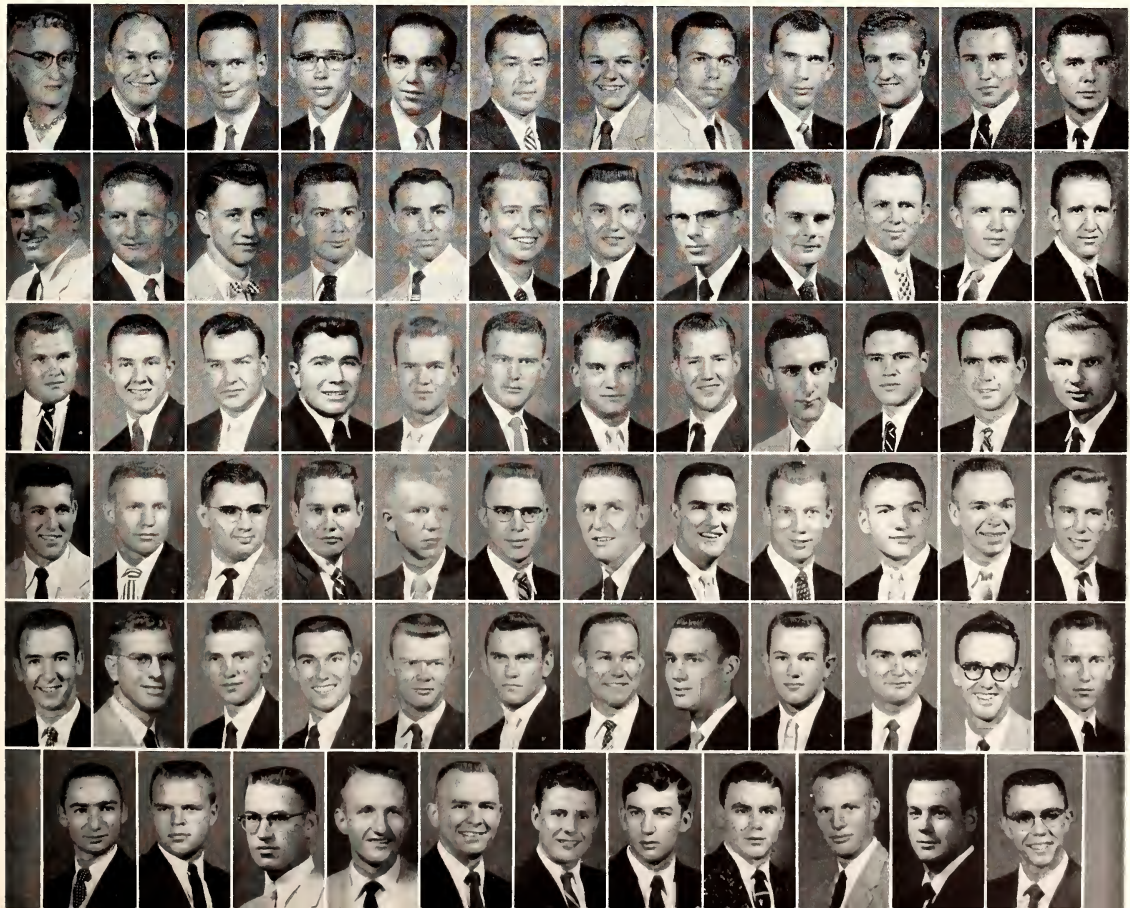

The highlight of the year for members of Alpha Gamma Rho was moving into their new fraternity home at 1919 Platt. They honored their housemother, Mrs. Olive Kipfer, who received national recognition at their fraternity's convention for 25 years of service as AGR housemother. On the campus Alpha Gamma Rho's were in Student Council, Blue Key, Arnold Air Society and one was president of the Agricultural Association and Ag Mag editor. After school practice on the softball field won them first place in intramural softball. The Pink Rose formal and Sister-Sweetheart dance were top social events. Billy Bower served as president.

The local chapter of Alpha Gamma Rho, formed in 1927 at Kansas State, was the proud occupant of this new fraternity house.

Of vital interest to all AKL's and their alumni was the construction of the new chapter house and its dedication in March. In conjunction with the Alpha Kappa Lambda group at Emporia State, the K-State chapter staged a variety show, the proceeds of which went as a contribution to the Polio Drive. Another service was the community project which was undertaken just prior to initiation. Another evidence of the connection between state chapters of AKL was the athletic competition between K-State, K.U. and Emporia State chapters, which was followed by an informal dance. Gary Galyardt served as president.

Social events included the Christmas formal, Spring Pernet Rose Ball, Mardi Gras party and Founder Day activities. AKL's won second in the campus fraternity speech contest. Individuals were on the track team, secretary of bowling league and on the debate team.

alpha tau omega

An added attraction for members of Alpha Tau Omega this fall was moving into a new addition to their house. Pleased with their new home, they decided to help others and painted the Methodist Church at Emmett, Kans., for a Help Week Project. Orchid leis from Hawaii brought "ohs" and "ahs" from dates at the Hawaiian party. The Christmas party, house parties, and spring formal filled out the social calendar for ATO's. Members were president of I.F.C., general director of Y-Orpheum, president of Psychology Club, vice-chairman of state Young Republicans, *Collegian* photographer, treasurer of Young Republicans and I.P.C. and captain of the football team. Wielding the gavel was president Gene Randall. ATO's skit was one of four fraternity skits to be selected for presentation in the '56-'57

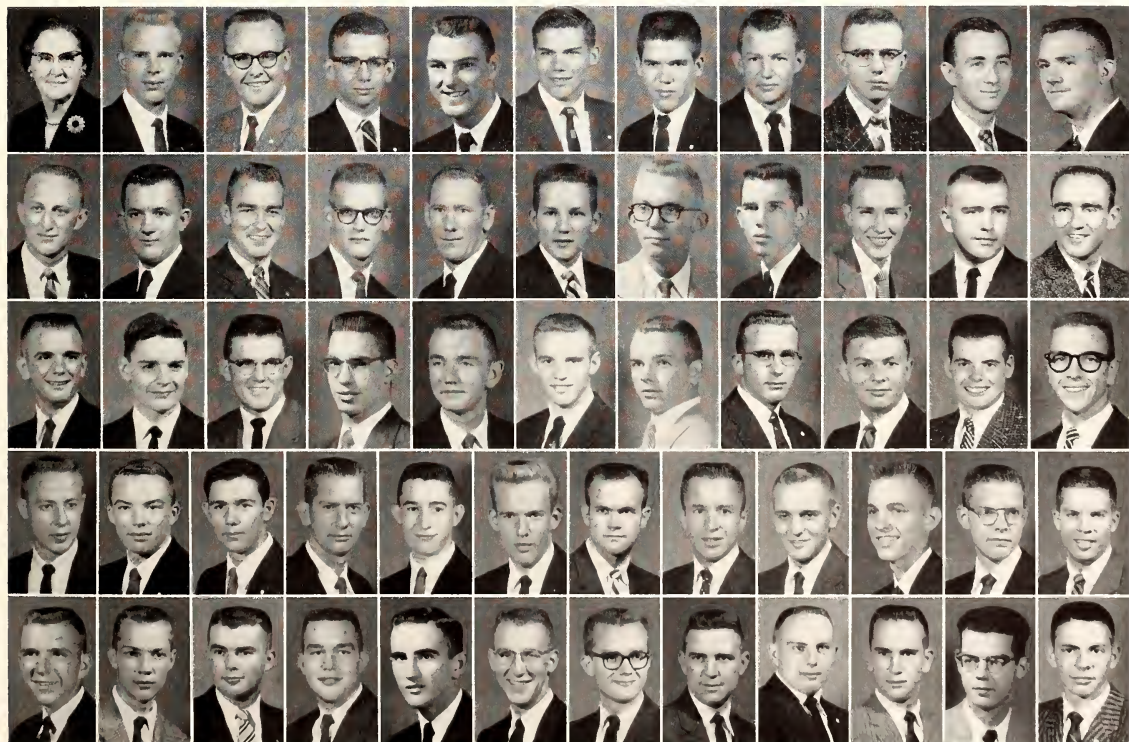

Alpha Tau Omega was chartered at K-State on October 22, 1920, from the local organization of Alpha Theta Chi.

beta sigma psi

Beta Sigma Psi received their national charter on March 4, 1951. Since then they have purchased their chapter house.

Although a relatively new fraternity on campus, the Beta Sigs have built up their membership to fifty-six and have purchased their own chapter house. Events rating high on their social calendar are the annual Hobo Party, the Gold Rose Formal, the Snowman's Hop at Christmastime and the "House of Blue Lights" dance. Beta Sig is represented on the Engineering Council, Union Program Council, Engineers' Open House Committee and one member is president of the AIChE. They participate in all intramural sports and won second in the football division. Leading the group in maintaining participation in campus groups and in striving toward good scholarship was president Bob Raffety.

beta theta pi

Represented on virtually every campus honorary for which men are eligible, Beta Theta Pi also boasted membership in Young Democrats, many Student Union committees, and the new Air Force Association. With great expectation the members and their dates looked forward to the Beta Pig, held during the spring, which is the Beta's outstanding social event each year. The Beta Barbecue, the annual house party and the Miami Triad were also red-letter events. To see that all fraternity activities and business were carried out efficiently was the job of Russell Bradley, president.

Gamma Epsilon of Beta Theta Pi has been active at K-State since 1914 except for a short interval during World War II.

delta sigma phi

Established on campus in 1925, Alpha Upsilon of Delta Sigma Phi has helped found a chapter at Kansas University.

In two years Delta Sigma Phi has increased its membership over one hundred per cent. During this rise, members have been prominent as president of the Student Body, president of the Apportionment Board, and as members of Blue Key, Sigma Tau, Scabbard and Blade, Wampus Cats, and A Cappella Choir. The social calendar of the Delta Sigs included such events as the fall Apache Party which was planned by the pledges, the Founder's Day Formal, the Sailor's Ball, and the Carnation Formal. Sere-nading on Parents' Day and on Mothers' Day was a unique project sponsored by the Delta Sigs. Fraternity leadership was in the hands of Paul Hatfield, presi-dent.

Activity-minded Delts were well represented all over the campus by active members who served as I.F.C. president, I.P.C. president, Chairman of the Activities Board, Chairman of Program Council, Union chairmen, representatives on Student Council and seven honoraries. Ingenuity and hard work won the Delts first place in the fraternity Homecoming decorations and brought the title of FMOC to one of their members. In the athletic field, Delts won first in track and tennis doubles. These numerous activities were guided by president Will Schleifer.

The local chapter of Delta Upsilon was first colonized as the "1834 Club" because the fraternity was founded in that year.

delta upsilon

November 17, 1956, was the day for which members of the 1834 Club had been waiting. After successfully completing their period as a colony, the organization was installed at Kansas State as Delta Upsilon, thus making it the oldest national fraternity represented on the campus. In addition to installation festivities were DU social functions such as the Founder's Day banquet, the Christmas party, the annual Spring Formal, and many hayrack rides and picnics. Ron Pettit served as the first president of Delta Upsilon. Outside the house, members were active in the Integrity Party, Pershing Rifles, Pi Tau Sigma, and Sigma Tau. DU's sent Christmas toys to the National Guard for distribution. They were runner-ups in the fraternity division of Parent's Day decorations and participated in all intramural sports.

farm house

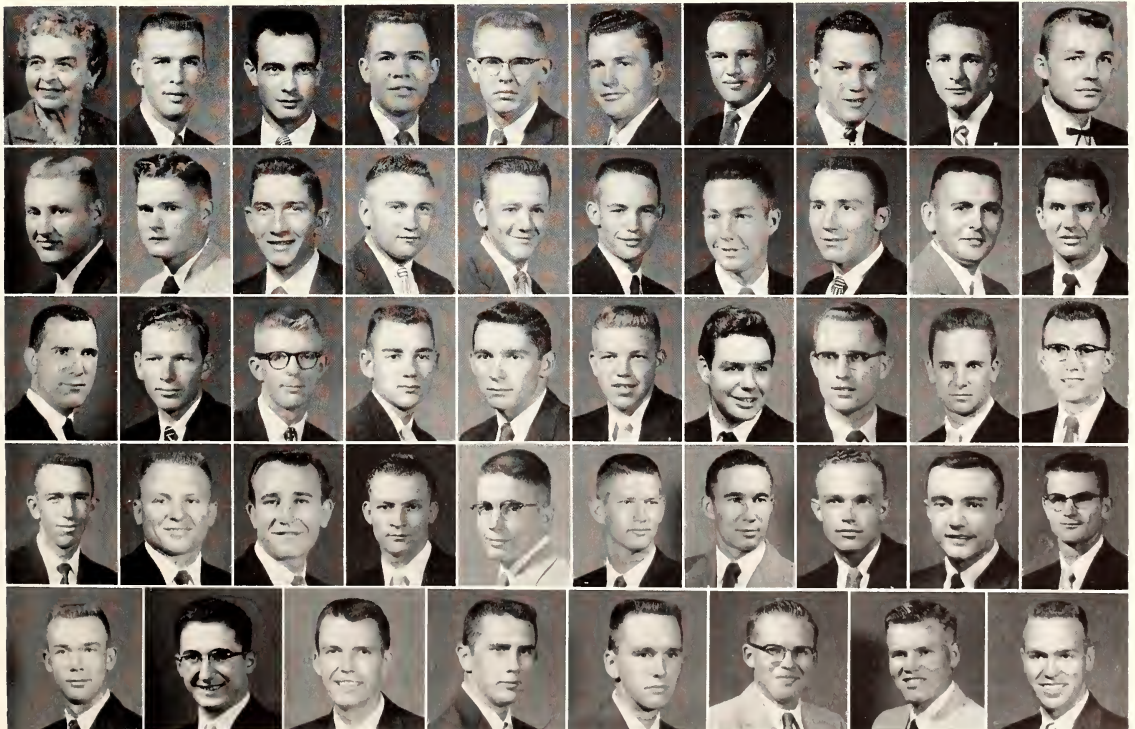

"The midnight oil" is burned at the Farm House fraternity as members strive for the top honors in fraternity scholarship. They have maintained first place in scholarship for the last seven consecutive semesters. But Farm House members also excelled in leadership, for they serve as president of the senior class, president of Alpha Zeta, president of Collegiate 4-H, president of Klod and Kernel Klub and as Blue Key and judging team members. Special projects of the members are Homecoming decorations, Christmas decorations and a party for underprivileged children. Each year their social activities include a fall picnic, Christmas party, Western party, Star and Crescent formal and a faculty tea. Presiding over the many activities of Farm House was president Ray Zimmerman.

Farm House fraternity, founded at Missouri in 1905, has 16 chapters. K-State's chapter was the fourth to be installed.

The annual Pretzel Bowl football game between the K-State chapter of Kappa Sigma and the chapter from Kansas University was one of the exciting events of the fall semester. The support of the chapter was also given to the annual Red Dog party and to efforts which won a third-place trophy for Homecoming house decorations. Kappa Sig boasted of members who were active in Scabbard and Blade, Steel Ring, Alpha Epsilon Rho, Alpha Zeta, and Alpha Kappa Psi, as well as of those who lettered in varsity football, basketball, and baseball. Presiding over fraternity functions was Dick Kaaz, president.

One of the fastest-growing activities both in popularity and participation is the annual Chariot Relays sponsored by Lambda Chi Alpha. The proceeds of the relays are given to the General Scholarship Fund of Kansas State. Lambda Chi's entered competition for the Homecoming float prizes with big success as they have won first place in four out of the last five years. The annual steak fry after the Relays, open houses after home basketball games, two formals and two house parties each year are additional events of interest for Lambda Chi's. President was Earl Hammond. Lambda Chi's were vice-president of Student Council, FMOC attendant, on the *Collegian* staff, Union Governing Board, and in Blue Key. They participated in all intramurals and were third in bowling.

The local Lambda Chi chapter was reactivated in 1948 with 25 members. In eight short years membership has increased to 57.

Two first place trophies were added to the Phi Delt collection when they captured top place in Y-Orpheum for the second straight year and when they won the Delta Sigma Rho men's speech contest. To participate in the national Phi Delt community service project, members of **Kansas Gamma** helped redecorate the basement of a local church. Under the leadership of Bob Newlin, such activities as the She Delta Theta party, the Tri Phi, and the spring formal were big successes.

Of paramount interest to all Phi Kappa members was the construction of their new house. Both actives and pledges provided a share of the labor for the project. "The Twelve Days of Christmas" was the theme of the Christmas party which followed hard on the heels of the annual fall formal. In the spring, social highlights were the Hard Times Party and the annual Fish Formal. In addition to having members in such organizations as Arnold Air Society and Alpha Kappa Phi, Phi Kappa had one member who won the International Cheese-Judging Contest. President was Patrick Schmiedeler.

Phi Kappa won the softball division championship and participated in all intramural sports. They contributed Christmas toys to underprivileged children. Additional campus activities include members in Sigma Tau, Pi Tau Sigma, Phi Epsilon Kappa, Eta Kappa Nu, and Pershing Rifles.

Phi Kappa, a fraternity for Catholic men, was founded on the campus in 1921. The national fraternity was founded in 1889.

phi kappa tau

An unique feature of Phi Kappa Tau is that their membership includes as many married students as men living in the chapter house. Their membership totals 35 which is an increase of 5 members over last year. They participated in all fraternity intramural sports and captured the second place crown in the bowling division. Members claimed the campus positions of AFROTC Lieut. Colonel, treasurer of Alpha Kappa Psi and member of the debate team.

Phi Kappa Tau was first chartered on the K-State campus in 1925. During the years from 1940 until 1949 the local chapter was inactive. Then in the spring of 1949 they were re-chartered. They have lived in their present chapter house since the fall of 1955. This chapter had the honor of entertaining the Gamma Phi Beta members, new sorority this year, at an hour dance which was the sorority's first social function. Phi Kappa Taus and their dates enjoyed a spring formal and Christmas party, and a big red-letter event was the annual Founders Day banquet. Phi Kappa Tau members attended the Domain con-

ference which included fraternity members from the University of Kansas, Nebraska Wesleyan University, Colorado University, Colorado A&M and Oklahoma A&M.

Making sure that all chapter activities and events were running smoothly was the job of Phi Kappa Tau's president, Mark Hooper.

National Phi Kappa Tau was founded in Ohio in 1906. The local chapter was chartered in 1925. There are now 72 chapters.

House plans were on the minds of all members of Pi Kappa Alpha as they had a drive for funds to build their new chapter home. They also won second in fraternity swimming intramurals and gave a Christmas party for children. Two members were cheerleaders and others were in Scabbard and Blade, Sigma Gamma Epsilon and Sigma Delta Chi. Dates of the members were entertained each Saturday evening with a hamburger dinner. They joined with the Sig Eps for the Duad and held the Dixie Ball in the spring. The Cornjigger, Roaring 20's and Beachcomber parties added variety to their campus life. Connie Taylor was PiKA Sweetheart. Presiding over chapter activities was president Jerry Metz.

National Pi Kappa Alpha was founded at the University of Virginia in 1868. The local chapter started in 1913.

The traveling intramural trophy was retired this year by victorious Sig Alphas, who won it for the fourth consecutive year. Another laurel for the SAE crown was the second-place trophy for Homecoming house decorations. Preliminary plans for a new \$65,000 wing to be added to the present structure constituted a great share of fraternity business. Under the guidance of Jim Graves, president, members entertained alumni for Founder's Day festivities, held the Belle Ball and annual costume party and participated actively in campus activities.

Eighty-two strong, the voices of the Sigma Chi's sang the way to their third consecutive win in the Interfraternity Sing. The Sigs also ran their way to a first-place victory in the annual Chariot Relays. Egg-smearing, soapy and wet are three words which aptly describe K-State coeds who competed in the long-awaited first annual Derby Day, a competition for women sponsored by Sigma Chi. The Miami Triad, the Sweetheart Ball, the annual Pajama Party and the Christmas party for underprivileged children were among the bright spots of the year. Sigma Chi's also captured Student Council, Blue Key, Engineering Council, Tribunal Chancellor, and Student Union Governing Board positions. Ron Bryant was president.

Sigma Chi was founded nationally in 1855. Delta Upsilon chapter at Kansas State College was chartered in 1949.

Kansas State gained its chapter of Sigma Nu in 1913. The local chapter is the Beta Kappa chapter of the fraternity.

sigma nu

The wide sweeping lawn of Sigma Nu provides a beautiful setting for their house. This setting is efficiently used each year by the Sigma Nu's to present entertaining Homecoming decorations. Besides their hard work on Homecoming decorations, Sigma Nu's are active on Student Council, Engineering Council, Engineering Open House Coordinating committee, Campus Industries, and in Phi Kappa Phi, Sigma Gamma Epsilon, Sigma Tau, Phi Lambda Upsilon, and Phi Eta Sigma honoraries. The White Rose Formal, Blackfoot-Whitefoot formal, and the Western Party are big social events. Presiding over the chapter was Frank Butler. Sigma Nu placed second in their division in football intramurals and participated in almost every other sport. Membership increased to 52 which is four more than last year. Mrs. Alan B. Burch was housemother.

Cars honking through the streets on late fall afternoons soon made everyone aware that the Sig Eps had won another intramural football game. Their enthusiasm paid off, for they won first place in the Greek gridiron competition. One Sig Ep athlete was the winner of the K-State athletic scholastic honor roll award. Giving blood donations to Riley County hospital was a special project of the chapter. Another worthy service was giving gifts to needy families in the community. Ronald Baker wielded the gavel as president of the organization.

The Kansas State chapter of Sigma Phi Epsilon was a local organization called Epsilon Epsilon Epsilon until 1918.

With an increase of 32 members over last year, the Tekes boast the largest Greek group on campus with a membership of 112. Members were Attorney General of the Tribunal, President of Scabbard and Blade, and on the debate team. Outstanding events included the honorary dinner for Homecoming Queen candidates, the "Tavern on the Green" house party, TKE barbecue, and the touch football victory over the Teke chapter at the University of Nebraska. theta xi

It was a celebration year for the 40 members of Theta Xi fraternity. After busy preparation and hours of planning, the 25th anniversary of the chapter on the Kansas State campus arrived. Climaxing the celebration held November 3 and 4, the Theta Xi's held a banquet in the K-State Union. President James McCain was the guest speaker and national officers were present. Another big event found all the characters of the underworld jazzing up an evening at the annual Theta Xi Tuffy Strut. The Christmas party and Unicorn Ball in the spring kept the Theta Xi's and their favorite girls in the social whirl.

In the field of sports Theta Xi's football team ended the season with two wins and three losses. They also participated in basketball intramurals. To prove that Theta Xi's worked hard on campus events, members participated in the following organizations: Steel Ring, Sigma Tau, Arnold Air Society, Scabbard and Blade, Pi Epsilon Delta and Pershing Rifles. One

member kept the financial job as treasurer for Interfraternity Council, while another member kept the pep of Kansas State men in fine shape as president of the Wampus Cats.

A goal of the chapter is to work for constant progress with a strong feeling toward true fraternalism. Guiding all the celebrations and activities of the Theta Xi's was president Dennis Darner.

Rensselaer Polytechnic Institute at Troy, N. Y., in 1864, was site of founding of Theta Xi. Alpha Iota was installed in 1931.

Many times the girls of Northwest may be found grouped around the piano, singing old favorites as they relax from classes.

Intramural sports the dorm participated in were volleyball, swimming and basketball. Northwest girls took third place in the swimming competition. The coeds live in one, two, three and four girl rooms with a laundry room located on each floor. Corridor meetings are held with the counselors each week first semester to discuss problems and current activities. During time out from studying the girls enjoy the facilities of the recreation room in the basement by watching television, playing cards or ping-pong, or singing around the piano. On all four floors, there are social rooms with kitchenettes to prepare refreshments for the corridor parties.

"Fantasy on Ice" was the theme of the Christmas Formal for girls of Southeast Hall and their dates. Pat Rouse was elected queen to reign over the dance. During its sixth year Southeast Hall, freshman girls' dormitory which faces its sister dorm, Northwest Hall, housed 225 girls. New director of the dorm was Gladys F. Grace. Assistant director was Mrs. Eleanor Siemers. Carol Korinek was first semester president and Nora Crocker headed the dorm second semester. Upper-class girls acted as counselors.

The newest dormitory for freshmen girls, Southeast Hall, was completed in 1952. It houses 200 freshmen and their counselors.

Activities included an Open House dance, hour dances, the Christmas formal, faculty tea, and house parties. Southeast Hall also entered the homecoming house decorations contest. A record number of girls living at Southeast belonged to Whi-Purs and Purple Pepsters. Southeast coeds participated in volleyball, swimming, basketball, and table tennis intramurals. Their table tennis team went to the finals while two girls placed second in the swimming team event.

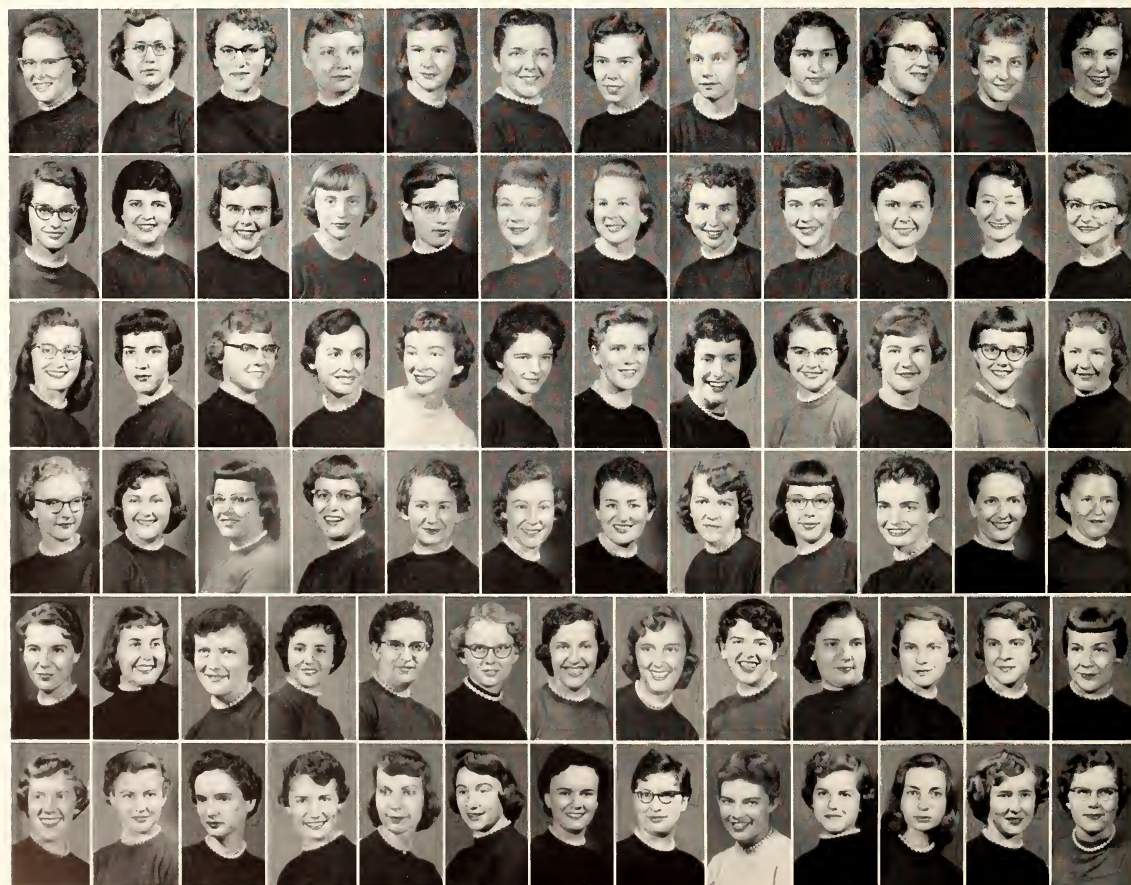

The girls are divided into council groups. Each council group elects a member to represent them on the house council. The executive officers are elected in an all-dorm election and the tribunal, the judiciary body, is composed of six members selected by the House council.

The recreation room and dining room in the basement open into one large room for parties. The switchboard operators are kept constantly busy, except during 8 to 10 p.m. study hours, relaying telephone messages over the intercom system to the 225 coeds. The reception desk is also crowded twice a day during mail call and on weekend nights with girls signing out to attend games, parties or dances with their favorite men.

Topping all residence halls in scholarship during the 1955-56 school year was just one of many achievements for residents of Van Zile Hall, an upperclass dormitory for girls. Van Zile girls were active in 61 campus organizations, and they claimed the presidency of twelve clubs: Purple Pepsters, Home Economics Council, Theta Epsilon, Club Cervantes, Mu Phi Epsilon, Clothing-Retailing Club, Delta Sigma Rho, Art Club, WAA, Phi Alpha Mu, Home Ec and Teaching Club and FTA. Doris Geis was Army Military Ball attendant, Donna Geis was a Calendar Queen attendant, and Mary Helen Eaton was pledge queen and a Calendar Queen attendant. They claim the regional officer of the Independent Students' Association, three cabinet members of the YWCA, two officers of Omicron Nu, treasurer of Associated Women Students, and 37 officers in other campus organizations. In the honorary group, they have three Mortar Boards and a Chimes member and representatives in Omicron Nu, Phi Alpha Mu, Alpha Delta Theta, Theta Sigma Phi, Alpha Epsilon Rho, and Delta Sigma Rho. The special project of the residence hall was the adoption of a family at Christmastime to whom they gave food and gifts. They also set as a goal to win the first place in scholarship for both semesters this year.

It was not all study and campus activity business at Van Zile, though, as many social activities filled the calendar. Committees worked hard to make the dorm's spring formal and "Santa's Toyland" Christmas party huge successes. A formal dinner honored graduating seniors at the end of each semester and

the girls enjoyed special dinners at Christmas, Valentine's Day, Thanksgiving, and other holidays. Variety was also found in the annual and long-awaited Swedish Smorgasbord and Indian Curry dinners. When it comes to campus intramurals, Van Zile is always near the top. It battles with Waltheim for many of the sports titles. Sports-minded Van Zile participated in every intramural contest except swimming and table tennis singles. Last spring their hard fighting teams won first in volleyball and softball. They are coached by the dorm directors, Mr. and Mrs. Gibson. In the intramural contests of this fall, Van Zile walked off with the volleyball crown again.

Living Room Is Redecorated

One of the highlights of the year was the redecoration of Van Zile's living room. The girls eagerly watched the new developments each day as the room was transformed into a place of beauty. The redecoration was begun in January. Van Zile Hall was

built in 1926. She celebrated her 30th anniversary last August. Besides housing upperclass girls, the dormitory has a workshop for senior institutional management students in the residence hall dining hall. These institutional management students live at Van Zile for a certain amount of time during a semester and help prepare the menus and food for the girls. Individual personalities of the girls can be seen in their decoration of rooms. Each of the girls supply their own bedspreads and drapes.

House Council Governs Dorm

The girls are governed by a house council, made up of the officers and representatives of each of the 10 corridors. The tribunal, also composed of corridor representatives, is the disciplinary board. President of Van Zile was Karen Andrews. A unique Van Zile feature is the only "house father" on the Kansas State campus—John Gibson, whose wife is the dormitory director.

waltheim hall

Apartment facilities give Waltheim Hall residents a little different experience than those gained from living in the other three women's residence halls. Girls live in six-girl suites and find it real handy since someone is usually in the room to take those important phone calls. President of the 84-member hall was Ruth Collins. Mrs. Jane Prier was housemother.

Social activities included hour dances, exchange dinners, faculty tea and the inter-dorm sing—all leading to the biggest event of the year, the spring formal. Queen finalists were abundant in Waltheim and included candidates for the Barnwarmer, Military Ball and Miss Wildcat. Three girls were members of Angel Flight and the hall also claimed a Student Council officer. Active participation in the women's intramural sports program is proven with

stadium is redecorated

West Stadium was completely re-decorated this year to make living more pleasant for the 150 K-State men housed there. The reception room has a "new look" due to the fresh paint job, new furnishings and carpets, while new dressers, mirrors, drapes, and venetian blinds were put in individual rooms. Carpets in all halls and on stairways also add spark to the "new look" at the stadium.

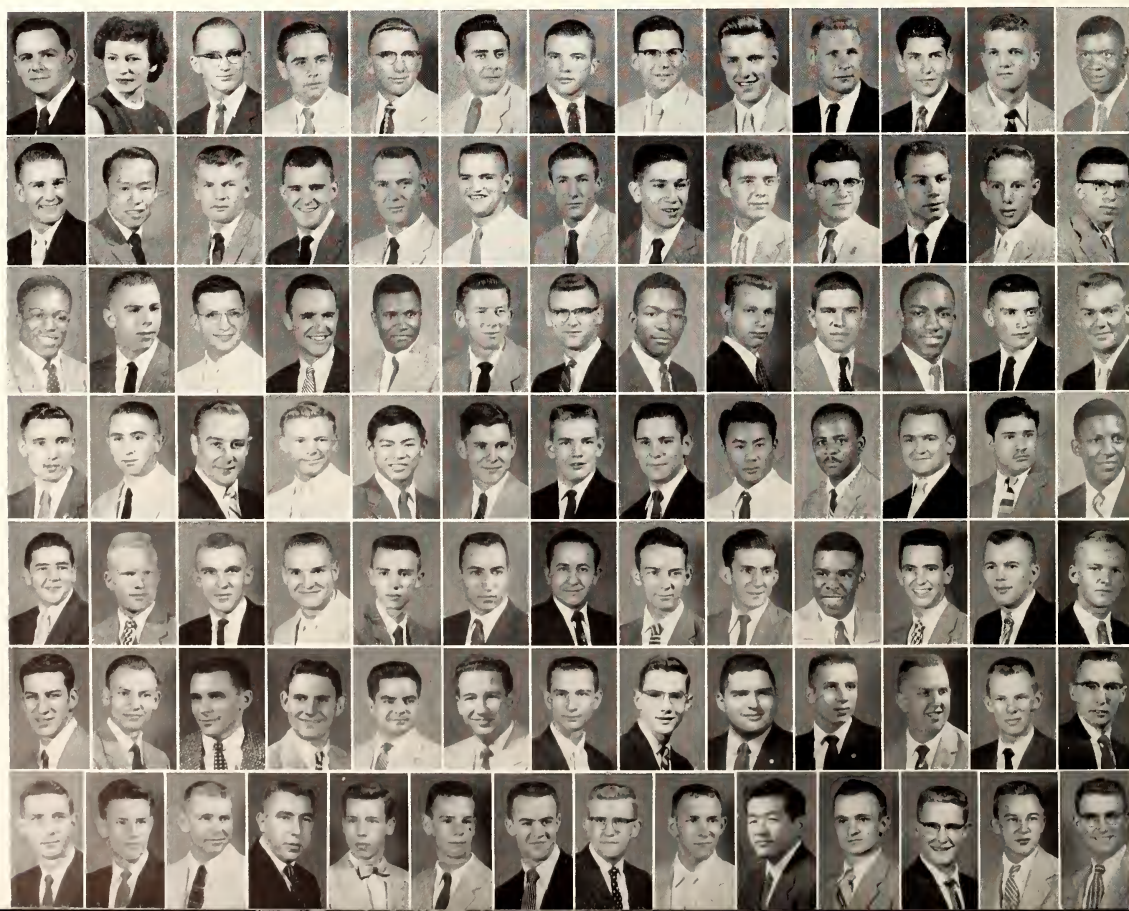

Champions of intramural basketball in the independent division for the second straight year, West Stadium holds fourth place out of 31 in the intramural independent division. The group also took second place in football and track for the '56-'57 seasons respectively. Men who live in West Stadium range from freshman to seniors at Kansas State and

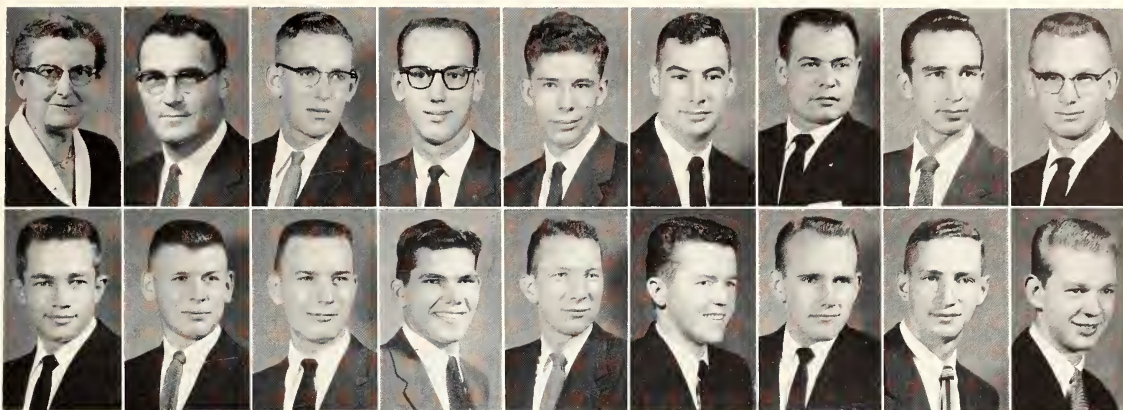

their curricula range from engineering to veterinary medicine. The West Stadium residents have taken their share of honors in the scholarship field. Six men were recognized during the past year as being in the top 15% of the '55-'56 freshman class. The men elect their own officers and governing body. Presiding over the stadium residents this year was Bud Baysinger.

West Stadium was built in 1946 and is a part of Memorial Stadium. There is no food service in the hall, therefore the men usually arrange to eat their meals in Aggieville or at the training table in East Stadium which is for athletes only. Many of the residents of West Stadium are on athletic scholarships. Among the social activities for the groups were numerous hour dances held with the various women's dormitories, a Christmas party, a dinner for the house council members and a big barbecue in the spring.

independent houses provide fun, fellowship

Independent students find friends, fellowship, and fun at organized houses of various sizes and shapes in Manhattan. Houses are operated for both men and women students and play a big part in rounding out a full college program for each student. Presiding at meetings of the Independent Organized House Council this year was James Keating. Two representatives from each organized men's house belong to the council plus the president, which gives the council 15 members. Similar in its purpose to the Interfraternity Council, the IOHC is designed to support student interests, unify the independent houses, and foster friendship and fellowship among the 163 men who live in the seven houses affiliated with the IOHC.

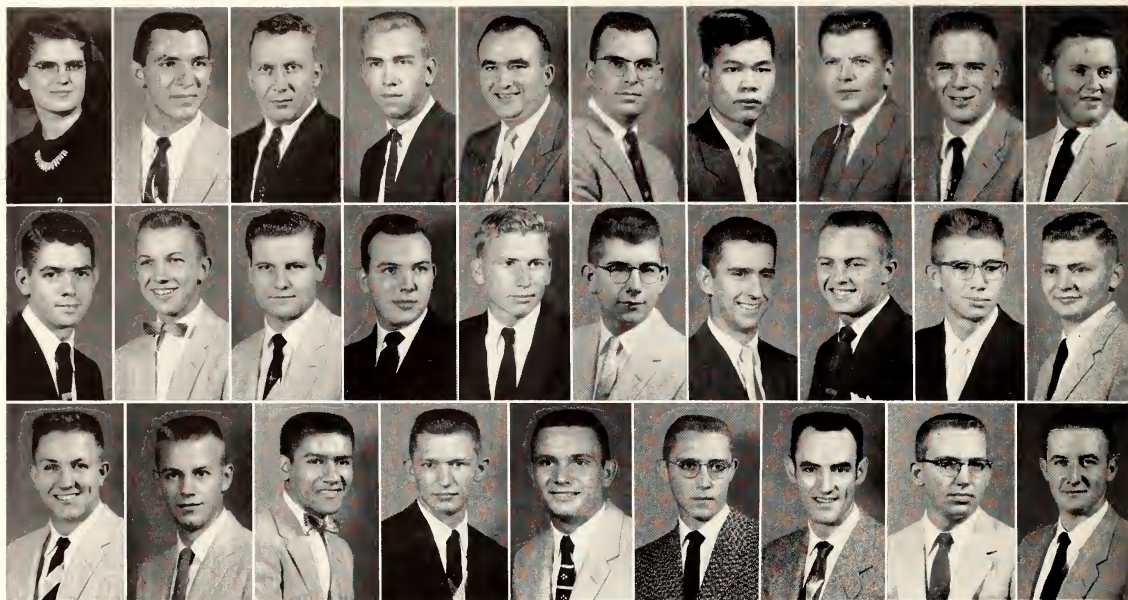

Mixers, picnics, and hour dances form the nucleus of social activities for IOHC members. A scholarship award was presented to the house with the highest grade average. Winning the trophy was the O. K. House. A special project of IOHC in the spring was to clean-up the area on both sides of the walls enclosing the campus on the south and east, from Nichols Gym to the women's residence hall area. The men also entered a float in the Homecoming Parade.

Acropolis increased its membership this year as did most houses for independent students. Basketball and volleyball are favorites in the intramural program for Acropolis members. The 16 men living at the house put up decorations for Homecoming. They are represented in Sigma Gamma Epsilon, American Institute of Architects, American Society of Civil

Engineers, Ag Ed Club, Masonic Club, Arnold Air Society, Future Teachers of America and several religious groups. The house was organized in 1950 with Mrs. Ethel Stockwell as housemother. Adviser for the house is Chester E. Peters. Ralph Handlin was president.

Favorite men's magazine, *Playboy*, provides amusement before "sack time" for these members of Acropolis house.

HOUSE OF BREC—TOP ROW: Mrs. Harold Brecheisen, Franklin J. Appl, George E. Atwood, Jim O. Baenisch, Harold C. Brecheisen, Don E. Bryan, Chun-Fei Chueh, Stanley A. Combs, John E. Craig, Jim P. Duggan. SECOND ROW: John D. Duggan, Larry D. Geske, Glenn W. Godding, Richard V. Humes, Ray D. Kennedy,

Larry R. Kopley, Ronnie E. Leiker, Val A. Lindquist, Randy C. Matson, Robert L. McFall. BOTTOM ROW: Howard L. McMillen, Lee R. Miller, John Rodriguez, Jay D. Schweitzer, Fred S. Seaton, Ronald E. Shuberg, Bill Stanley, Lyle A. Stenfors, Harry T. Woolverton.

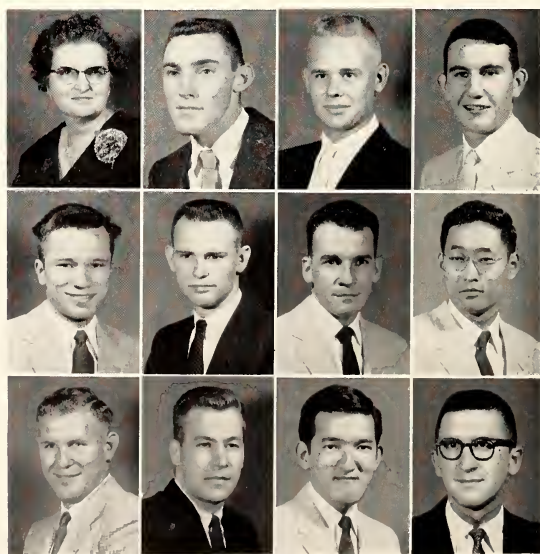

With an increase of two men over last year, House of Brec had 30 members, making it one of the largest organized houses on the campus. President was Ronald Leiker, who directed the group's active participation in the IOHC program. House of Brec members helped build the IOHC float for Homecoming, attended the IOHC picnic and took part in other activities sponsored by the council. Members are represented in many phases of campus life including Block and Bridle, Collegiate 4-H, Varsity Rifle team, Chaparajos, Ag Ed Club, ASAE, Extension Club, ASCE and several religious groups. Lee Miller was FMOC candidate from the House of Brec.

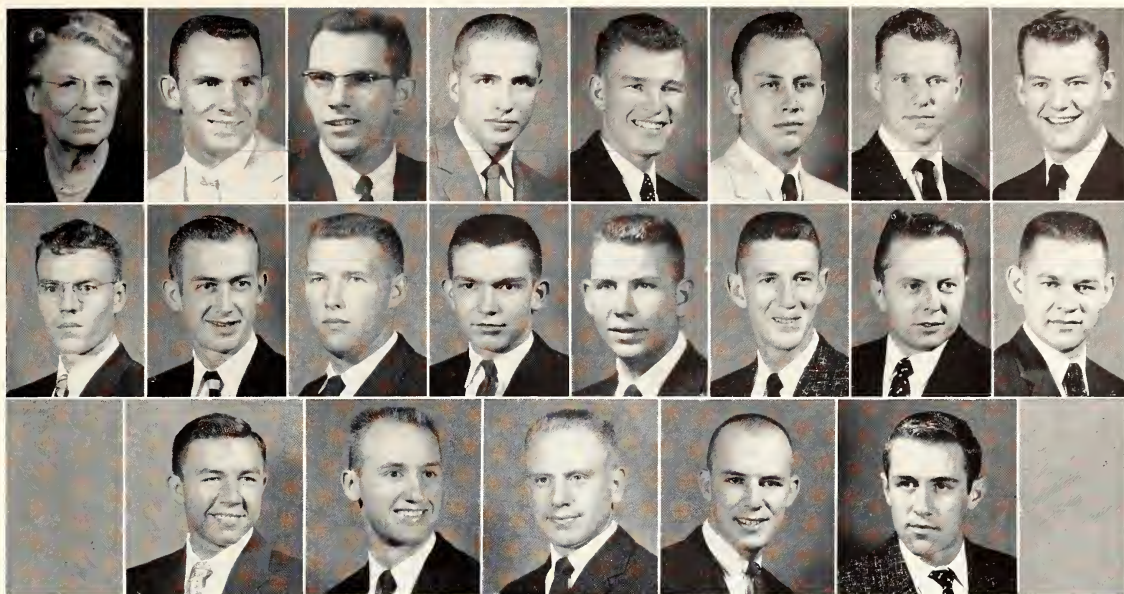

A high interest in sports keeps participation in the intramural athletic program at the top. Both the football and basketball teams won two and lost two, putting them in the top half of the independent brackets for both. Volleyball, tennis and horseshoes are other favorite sports. Mrs. Harold Brecheisen is housemother. The house was organized in 1954 and has been the source of many friendships formed through social events with other houses and 'bull' sessions among its members.

Newest organized house at K-State is Hills' Heights which was started in the fall of '56 when the need for housing for independent students again became acute. Thirteen men live at the house at 910 N. Manhattan St. President was Richard D. Royse and housemother

was Mrs. W. H. Hills. The men celebrated holidays with special dinners. Members are active in Wesley Foundation and Newman Club. Getting settled and situated is rough going, but they have found it well worth while to develop a really 'organized' house.

The House of Williams is headquarters for 21 men during the school year. Social activities for members this year included a hayrack ride, Valentine's house party and a formal dinner-dance. They had in their membership the president of IOHC, a Student Council member and the chairman of the Parents' Day committee. Bill Meyer was the group's FMOC candidate. At Homecoming, the men had openhouse

for alums. Members are active in the Little American Royal, Engineers' Open House, Wesley Foundation and several other campus organizations. Gary Swenson was president and Mrs. Katherine N. Williams was housemother.

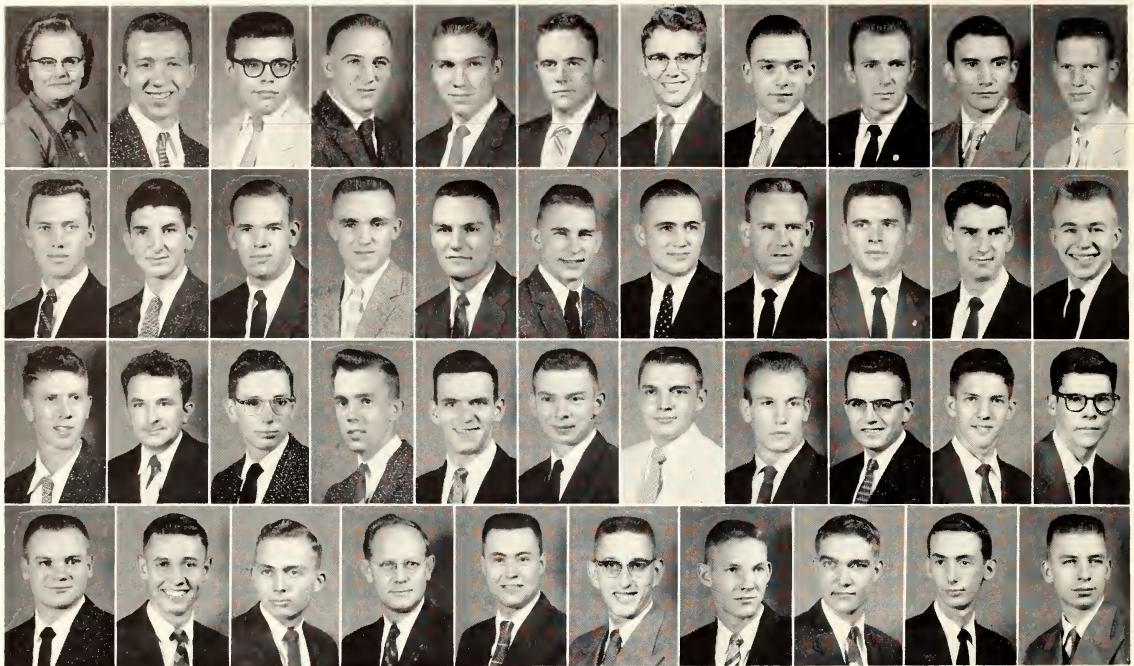

The eight women living at the Graduate Women's House had a special Christmas party as their big event of the year. They also enjoyed special services during Religious Emphasis Week. The co-eds take part in various campus clubs. Martha Garrett was president and Mrs. Lillian B. Fuller, housemother.

"I wonder what this package could be," a House of Williams member asks as his friends group around the Christmas tree.

The O. K. House is the largest independent organ-
ized house on the campus with 43 members. It was
started in 1952 and has added an additional house
this year. The O. K. House belongs to the IOHC and
supports the projects of this group. Ranking fifth
in all sports last year in the independent division, the
O. K. members participated in all intramural sports
events. They proudly claimed two members of Phi
Kappa Phi. One of these possessed the highest grade

average of all initiates and was selected to give the
response for the group being initiated. President was
Frank Bell. Mrs. Kientz was housemother.

Signa Phi Nothing is an independent organized house that was started in 1946 by World War II veterans. They now have 15 members. A big social activity is a steak fry each semester. Members earned the offices of treasurer of Pi Tau Sigma and chairman of the Little American Royal executive council in campus activities. Others were in Ag Council, Y-Orpheum executive committee, Alpha Zeta, Sigma Tau, Steel Ring and Eta Kappa Nu. The house participated in basketball, football, softball and volleyball intramurals. Robert Bozworth was president, and Mrs. Julia Schimmels was housemother.

La Citadel Wins Bowling Third

La Citadel was established in 1952. The house claims 17 members, all of whom helped build the IOHC Homecoming float. In bowling they proudly captured the third place trophy and they also participated in basketball intramurals. Hour dances, exchange dinners, and picnics kept their social life busy. Members were active in Steel Ring, Sigma Tau, Pi Tau Sigma, band, Jr. AVMA, Engineering Council, Block and Bridle, Judging teams, Newman Club, Gamma Delta and 4-H. Bill Patterson was president and Mrs. Ola Smith was the housemother.

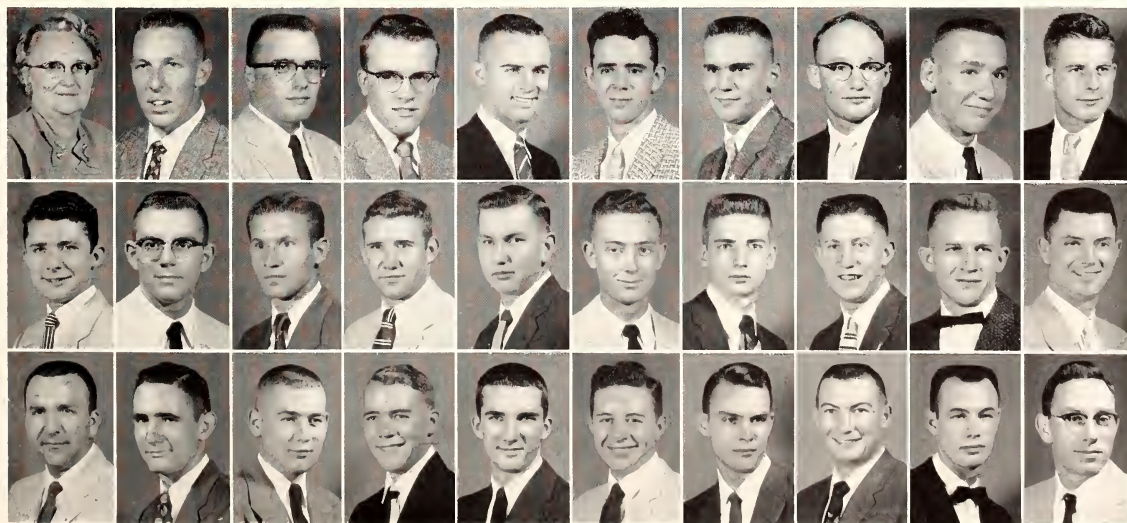

Organized in 1954, Kasbah house has 2 annexes, 29 members, an increase of nine over last year. Kasbah members worked together on their special project, a new parking lot. They have won the "Most Unique Chariot" title the last two years in the Lambda Chi Alpha Chariot Relays.

Kasbah members and their dates went "western style" for their big hayrack ride. Picnics were numerous and filled with good times. The Christmas party was one of the big social events of the year. Kasbah also participated in the Mock Political Convention last spring and helped build the IOHC float for the Homecoming parade this fall. Interest in intramurals was high among Kasbah members as they participated in football, volleyball, basketball, bowling and softball.

Interested in campus activities, Kasbah members were active in the following activities: Collegiate 4-H, Varsity Rifle Team, YMCA, IOHC, AFROTC Association, Alpha Kappa Psi, Gamma Delta, EUB Student Fellowship, Industrial Education Association, Pi Tau Sigma, FTA and ASME. One member received a Cities Service scholarship. The Kasbah house also joined in campaigning for their FMOC candidate for the Snowball dance. Ernest Randel was president, and Mrs. E. E. Rogers was the housemother.

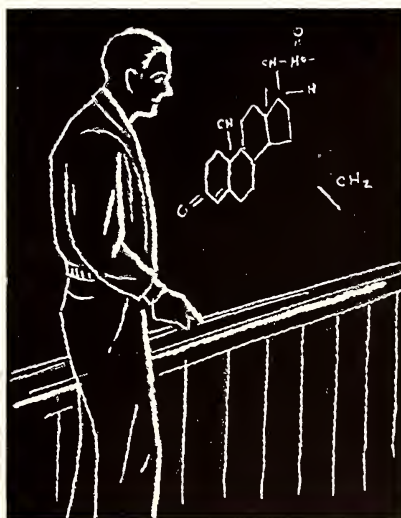

Kats Kove was an organized house that began first semester. Members of the house were both fraternity and independent men. It was an overflow house for some fraternities. During the second semester Kats Kove was discontinued as the men moved back into fraternity houses or other lodgings. President of Kats Kove was Kenneth Hylton. Mrs. Hazel Mayfield was the housemother.

Independent organized houses are beneficial to the K-State campus because they provide fellowship and lodging for many male students. Each house elects its own officers and decides upon the rules by which the house will be governed. The Independent Organized House Council is the coordinating organization for all the organized house activities. Intramurals for independent organized houses are a major activity for them.

Kats Kove members find time to study, read and relax before bedtime in their attractive, knotty pine room.

MILTON S. EISENHOWER served as President of Kansas State College for seven especially memorable years, from 1943 to 1950. At the dedication of Eisenhower Hall on May 10, 1955, a scroll was presented to Dr. Eisenhower which said in part: "Kansas State wishes to enshrine permanently in the public memory recognition of your accomplishments and your distinguished service to country, to state, and to community."

A necessary activity for every K-Stater is study. No place is better for this task than the well-lighted Farrell Library.

ODE TO AN ATOM

I'm a busy little atom
I split myself in two,
I multiply as many times
As I have jobs to do.
In summer, winter, spring
or fall
I'm ready every hour;
Just push a switch and watch
me zip

This summer, the Animal Industries building will be completed, representing a larger investment than Ahearn Field House. The building will be the future home of the Little American

Royal, and will make possible the integration of research, production, processing, and instruction with large animals.

All K-State, from President to humblest* freshman, can take personal pride in the Royal Purple's nationally famed All-Time, All-American record; because it is the College as a whole which provides the conditions, the solid support, the devoted staffs of superior ability — year after year — without which such sustained excellence and national reputé would not be possible. Congratulations, K-State! You have something pretty terrific in your yearbook. Keep it UP.

Admittedly, we're prejudiced — we put more than paper and ink into the printing of the book. But also we know whereof we speak.
