TO THOSE WHO SERVE

The time is 1943. Planes overhead are sharp reminders of friends who fly them—thousands of miles away . . . every uniformed man brings a picture of Joe . . . Bill . . . Sam . . . every newspaper may tell a story changing the course of many lives. "Serving" is the only thing which seems really important.

To those men and women . . . privates . . . captains . . . bomber builders . . . farmers . . . engineers . . . sailors . . . flyers . . . who have gone out from Kansas State College to do their part in preserving all that we count precious . . . we dedicate this book. They have offered, willingly, all that they have . . . youth's vigor . . . keenness . . . courage . . . vision. They ask in return only peace . . . security . . . freedom.

We dedicate this book humbly . . . with the hope that in some measure it represents to those who serve a part of that life for which they are fighting.

PRESIDENT F. D. FARRELL is the dignified and impressive Kansas State chief executive. He is noted for his rational judgment and conservatism and his sincere interest in Kansas State College.

TO PRESIDENT Francis David Farrell falls the task of supervising the adjustment of Kansas State College from peace to war.

Since March 1, 1925, President Farrell has been chief executive of Kansas State College. The new war program of the College not only brings accelerated training to the students, it brings complicated problems to President Farrell.

His quiet dignity, conservative judgment and educational leadership have brought recognition to the College. Now these qualities are used in meeting the problems of the College in war time.

President Farrell acts as college representative to the State Board of Regents, supervises war training programs, as well as regular training of students, and handles negotiations for national training programs

Leaders Offer Constructive Guidance

—both Army and Navy—which are being put into colleges and universities over the nation.

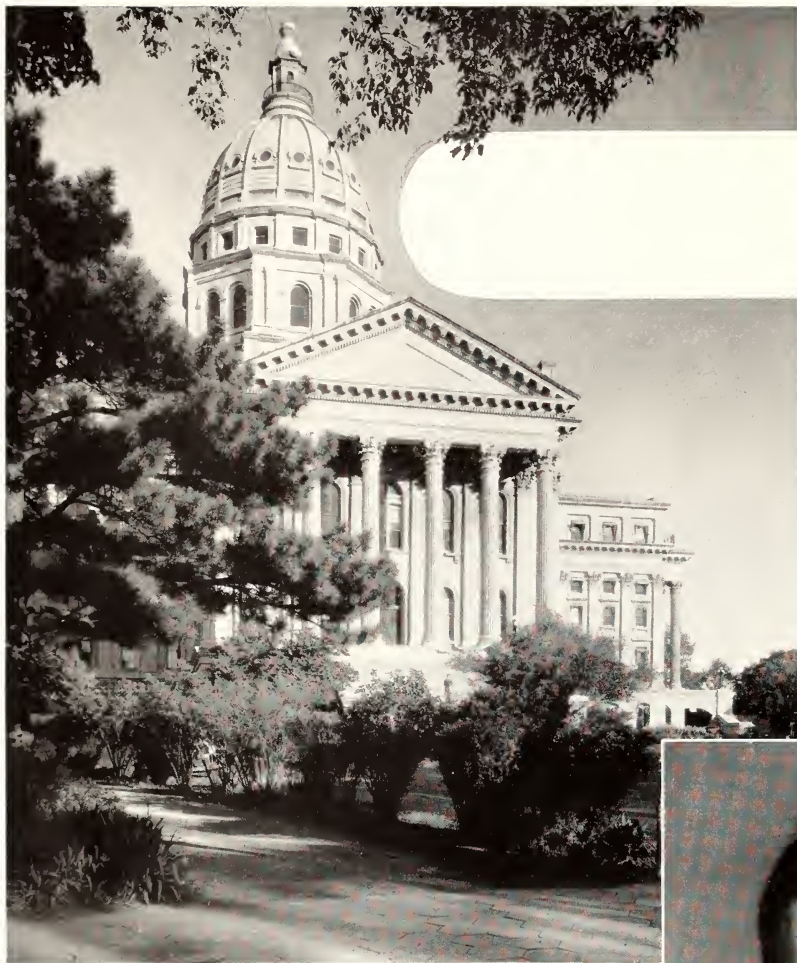

Genial right-hand man and efficient assistant to the President is C. O. Price. Although he is "front-office" man for the President, Mr. Price is often seen rushing down the halls of Anderson or talking to students and faculty about problems of the College.

Since 1920, Mr. Price has served as assistant to the President and in that time has acquired considerable knowledge of the workings of the College executive machinery. He is a veritable information bureau on College affairs.

C. O. PRICE, aide to President Farrell, wears his familiar grin known to the many individuals who visit the office of the President. Below is Anderson hall, administrative unit for the College.

Kansas

SEAT OF KANSAS law-making is the state capitol at Topeka. Here Gov. Andrew F. Schoeppel (below) carries on his administrative duties.

GOVERNOR Andrew F. Schoeppel of Ness City succeeded Payne H. Ratner as governor of Kansas in an inaugural ceremony January 11, at Topeka. He is the twenty-ninth governor of the state. Much of the impressive inaugural ceremony was eliminated because of war conditions.

As chief executive of the State, Governor Schoeppel has already shown that he intends to carry out a program to meet war-time conditions.

Governor Schoeppel, once an All-American football star at the University of Nebraska, was guest speaker at the annual football banquet given by the Chamber of Commerce for Kansas State athletes.

Officials Govern KSC

Dr. Samuel Albert Nock has been vice-president and contact agent of Kansas State College since 1936. He is the youngest member of the administrative staff.

It is his job to see that the public becomes acquainted with the activities of Kansas State and to handle correspondence with prospective students. The induction and registration of students and a large number of administrative details fall to Doctor Nock, too. His office is responsible for editing the College catalog.

Doctor Nock has received degrees from Haverford college, Carleton college and holds a doctor's degree from the University of Tartu, Estonia, which he received in 1929.

The business of governing the affairs at state schools falls to the State Board of Regents. Acting usually upon the recommendations of President Farrell, the Board works tirelessly to direct the course of events for Kansas State and indirectly, for all the students and teachers.

DR. S. A. NOCK, Vice-President of Kansas State College, is the genial friend of students and faculty alike.

Dr. LaVerne B. Spake of Kansas City, Kansas, replaced Mrs. Elizabeth Reigart on the Board this year. The other members remained the same.

MEMBERS OF THE Board of Regents are: *Sitting:* Oscar S. Stauffer, Grover Poole, Mrs. Elizabeth Stephens Haughey, F. M. Harris, Mrs. Elizabeth Reigart, W. T. Markham. *Standing:* Miss Katherine Moot, Drew McLoughlin, Lester McCoy, Willis N. Kelly, Hubert Brighton.

ACADEMIC SUPERVISOR of several hundred students in the School of Arts and Sciences is Dean Rodney W. Babcock. Prof. L. E. Hudiburg (below) is his assistant. Newest building on the campus is the physical science building, shown on opposite page.

School of Arts

THE diversified curricula that is offered in the School of Arts and Sciences requires the able direction of genial Rodney W. Babcock, who since 1930, has been the guiding hand of the former Division of General Science. L. E. Hudiburg, associate professor of physics, is his assistant.

The fall semester showed a decrease in enrollment to 938 students from 1,041 in 1941, but the greatest drop came after school had been in session. War service, war work and marriage caused the additional loss of 103 students. A further drop in second semester enrollment was felt, especially among the men students. Losses of faculty members due to the war number twenty. Some are in actual military service, while others are doing war work.

Choice of eighteen curricula makes the School of Arts and Sciences one of the largest at Kansas State College. Intensive study is offered in departments stressing the liberal arts, such as English, education, economics, history, industrial journalism, library, mathematics, modern language, music, physical education and speech.

Many Sciences Offered

Sciences offered in this division include bacteriology, botany, chemistry, physics, entomology and zoology, of which geology is a sub-department. Military science has taken on a new importance since the outbreak of war.

Male students find this department holds their fate in hand. As a land-grant college, Kansas State has offered military training since 1881, with the exception of a few years. After the required basic training is completed, the trainee is eligible for advanced train-

ing which leads to a commission as a second lieutenant in the Officers' Reserve Corps of the U. S. Army. Each cadet officer must attend a three-months service school before this commissioning.

Military Program Accelerated

Military training has been speeded up since December, 1941, in order to turn out more officers for the Army. Men who completed ROTC work in January reported for service schools and were commissioned in three months. Others will follow them this spring. Commanding this accelerated program to prepare officers for the U. S. Army is Col. J. K. Campbell.

Evidence that the Department of Military Science plays a major role in the campus at war are the more than one thousand young men in the uniform of the Army. A strange sight on the campus—sometimes a

Every department is stepping up its training program in order to release technically trained people for war activities. Each department is cooperating with others to provide such a program.

M. F. "Mike" Ahearn is the widely-known director of athletics of the College, which this year have suffered many reverses due to war changes.

Student study of botany and plant pathology is directed by Prof. L. E. Melchers. International expert in his field, Dr. L. D. Bushnell explains the secrets of bacteriology to students. Prof. George A. Dean is teaching entomology to students.

PHYSICAL EDUCATION classes (left) stress the wartime need for fitness. Below, Dr. E. J. Wimmer explains the mysteries of the human anatomy to zoology students.

Dr. W. E. Grimes heads the Department of Economics and Sociology, providing students with a working idea of our governmental and economic side of life.

Speech Training Given

The Department of Speech, headed by Prof. Howard T. Hill, prepares students for forensic activities, in the form of public speaking, dramatics, debate and radio training. Similar instruction is given in the Department of English, with popular Prof. H. W. Davis supervising.

Dr. E. L. Holton, dean of summer school and head of the Department of Education, directs the preparation of potential teachers. Prof. Fred L. Parrish heads the instruction of history and government. Industrial journalism studies are under the guidance of

Prof. R. I. Thackrey. Study of modern languages, more important to students in war-time, is supervised by Prof. Fritz Moore.

Teach Air Crew

A major part of the responsibility for teaching the 500 Air Corps trainees who arrived at Kansas State in February, fell on Arts and Science faculty members. Courses were taught in English, history, physics, speech and mathematics.

ARTS AND SCIENCES department heads include: Prof. G. A. Dean, Dr. H. T. Hill, Dr. E. L. Holton, Dr. H. H. King and Prof. William Lindquist.

Refresher courses were offered for faculty members teaching courses they had not taught in several years.

Physicists and chemists, vital persons in this war, are trained in departments under Prof. A. B. Cardwell and Dr. H. H. King, respectively. Both of these men have been outstanding in their fields of war work.

Prof. W. T. Stratton heads instruction of mathematics, which holds a new meaning to men who will enter military service.

Nabours Heads Zoology

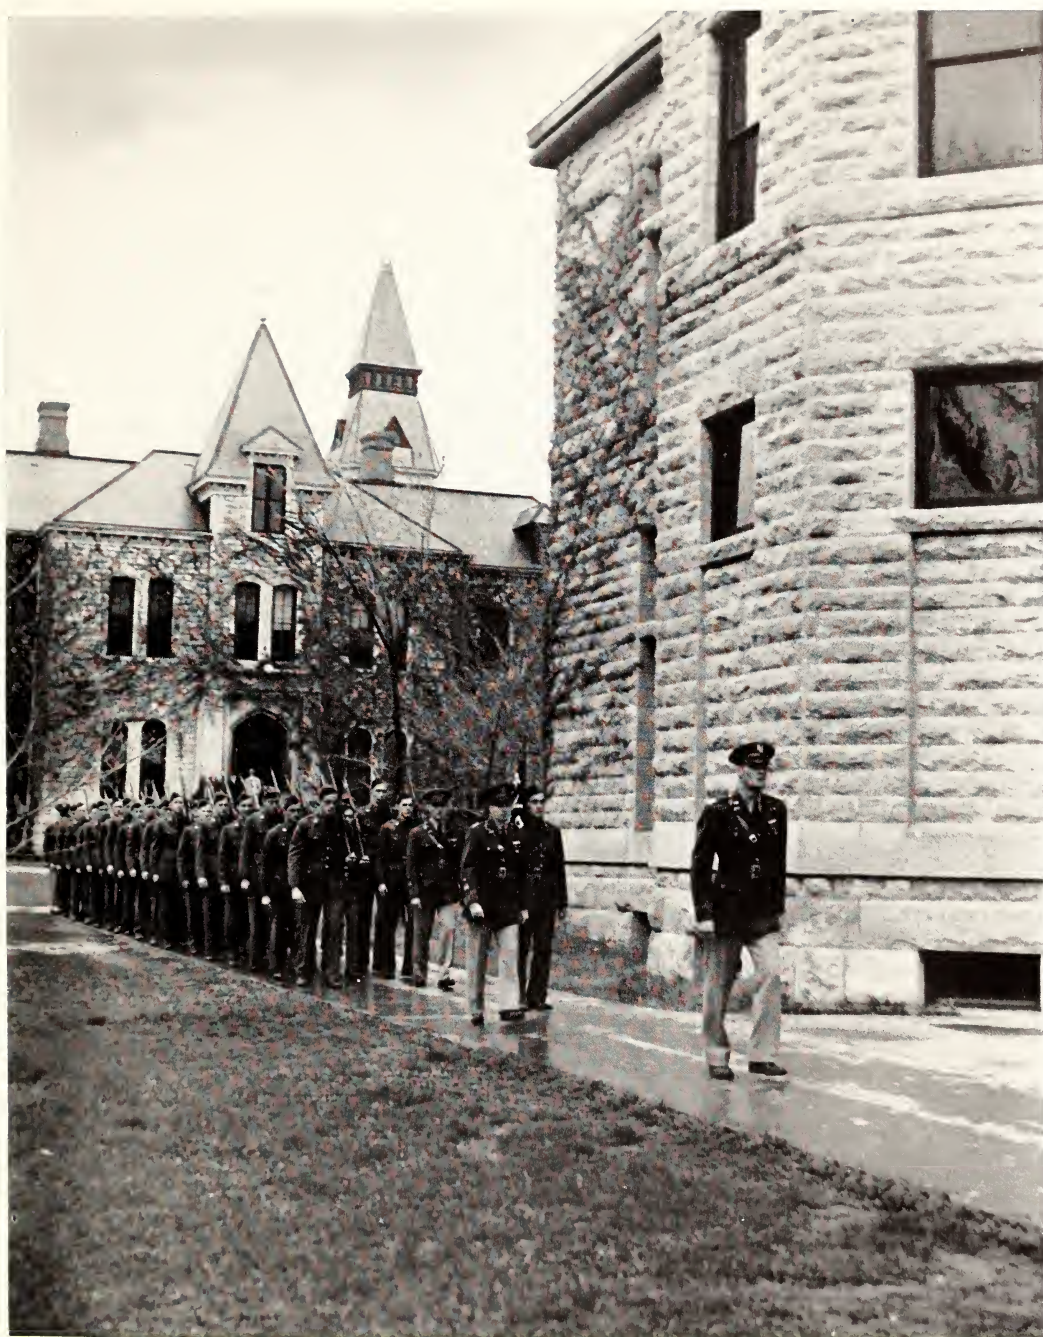

Prof. R. K. Nabours, recognized geneticist, directs study in zoology and related subjects. A sub-department includes geology.

All musical subjects—chorus, orchestra and band included—are supervised by Prof. William Lindquist.

One of the best of its kind in the Middle West, Kansas State's library was one of the twenty-five chosen to receive the Library of Congress cards this year. Arthur Bourne Smith is the librarian.

ARTS AND SCIENCES department heads are: Dr. W. E. Grimes, Dr. John W. Hanson, Prof. L. E. Melchers, Dr. Fritz Moore, Dr. R. K. Nabours, Dr. Fred L. Parrish, A. B. Smith, Dr. W. T. Stratton, Prof. R. I. Thackrey. Below, zoology students learn about tapeworms with the aid of microscopes.

Enrollment

in

ALTHOUGH the School of Agriculture is one of the hardest hit by the war, it is meeting the demands of war with force and foresight.

To meet the war conditions for the student in agriculture, faculty members realized that he would need mathematics, physics, military science and chemistry. Since these were not a part of the training in the School, it became the first aim of the war program to allow students to take these subjects along with their studies in agriculture.

DEAN L. E. CALL, right, is the popular chief of the School of Agriculture. Below are partial views of West and East Waters Halls, with the judging pavillion between.

School of Agriculture Is Hard Hit by War

Second point in the accelerated war program was to encourage students to take more military training while in college and applying the credit toward graduation in the School of Agriculture.

Third main point in the war set-up was in class instruction. Emphasis was given to agriculture activities and their importance in the war effort.

The fact that many of the students who dropped out of school at the end of the fall semester did so to return to their farm homes to work because of the shortage of farm labor testified to the fact that students realized the importance of the farm in war time.

Although there are only 213 students enrolled in the school as compared with 405 at this time last year, the School will continue to be an important part of Kansas at war because of the Agricultural Experiment station. The major role for it in the war effort is to assist and advise, individually and collectively, for greater production of farm products. This station, in cooperation with the Engineering Experiment station, does research in problems affecting farms and farm production. Results of research make it possible for Kansas agriculturalists to remedy many farm problems.

STOCK JUDGING class members (right) put a little of their theoretical knowledge into practice. C. W. Mullen (below) assistant dean of the School of Agriculture, handles most student curricula problems in the School.

Head of one of the most widely recognized Schools on the campus is Dean L. E. Call, who is also Director of the Agricultural Experiment station. Known for friendliness with his students and associates, to him regularly falls the honor of crowning the queen of the Ag Barnwarmer, annual festive event of the School of Agriculture. Miss Amy Griswold was Barnwarmer queen this year.

Under the direction of Dean Call, the School has become nationally recognized for the work done in agricultural fields. Judging teams representing the College from various departments have consistently won honors in different sections of the United States. Climax of Farm and Home week at Kansas State is the Little American Royal, which includes student competition in animal exhibition. This annual event was abandoned this year because of war conditions.

Research Aids War Effort

Important to the war effort is the research that is done at the College in the field of agriculture. The College owns more than 1,400 acres of land which is used for experimental work and practical application of theories. Although students are still prepared for scientific investigation of agricultural problems, for extension work and the teaching of agriculture, they will postpone these activities until after the war, in most cases.

Assistant to Dean Call is C. W. Mullen, associate professor of agronomy. The Department of Dairy Husbandry is headed by Prof. F. W. Atkeson. The only college in the United States to offer a degree in milling, Kansas State's Department of Milling Industry is supervised by Prof. E. G. Bayfield.

Grimes Heads Two Departments

One of the few executives on the campus to have a dual position is Dr. W. E. Grimes, head of the Department of Economics and Sociology and the Department of Agricultural Economics.

Animal Husbandry is supervised by Prof. C. W. McCampbell. Prof. L. F. Payne is head of the Department of Poultry Husbandry. The Department of Horticulture is under the supervision of Dr. W. F. Pickett. Prof. R. I. Throckmorton is chief executive of the Department of Agronomy.

School of Engineering and Architecture

NINE instructive curricula provide the educational war program of the School of Engineering and Architecture. These curricula are intended to give basic elements of general education, as well as the discipline of a professional training, especially important in war-time.

Practical Experience Given

Work studied in the classroom is supplemented by actual experience in the laboratory and field. It is the desire of the School that these studies will constantly bring out the relationship of the practical industrial application to the theoretical side of such knowledge.

R. A. Seaton is the Dean of the School of Engineering and Architecture. It is his job to see that men

from this School are properly prepared to go into key positions in the war effort. It is part of the training program that these men will know as much as possible about war engineering, in addition to regular problems of industry.

Training Is Shortened

In spite of the speeding up of the terms of the College, little of the actual training is omitted for the engineer. Fullest cooperation with the new semester and summer school schedules makes it possible for the engineering student to complete his College training in two and two-thirds years. Under the Selective Service program, most engineering students are deferred until graduation.

DEAN R. A. SEATON, a Kansas State graduate, has brought recognition to the School of Engineering through his work as head of the School. Below is M. A. Durland, assistant dean, who has played a major role in the College at war acting as armed service representative for Kansas State men. At left is the foliage-covered engineering building.

Provides Educational War Training

Special war training under the Engineering, Science and Management War Training program has been offered at Kansas State for the last three years as a contribution toward the war cause. Such courses are offered at institutions of the nation in an effort to meet the shortage of trained workers in war plants producing vital materials for the fighting fronts and to train persons to operate instruments vital for the protection of the nation.

Such training is given in the pre-radar courses. Hundreds of men and women are given secret and highly technical training at Kansas State and then put to work for the United States Army Signal Corps. Other courses offered are analytical chemistry, explosives, drafting and inspection. Prof. W. W. Carlson, head of the Department of Shop Practice, is institutional representative.

ENGINEERING DEPARTMENT heads include: Prof. W. W. Carlson, Prof. F. C. Fenton, Prof. Linn Helander, Prof. R. G. Kloeffer and G. R. Pauling.

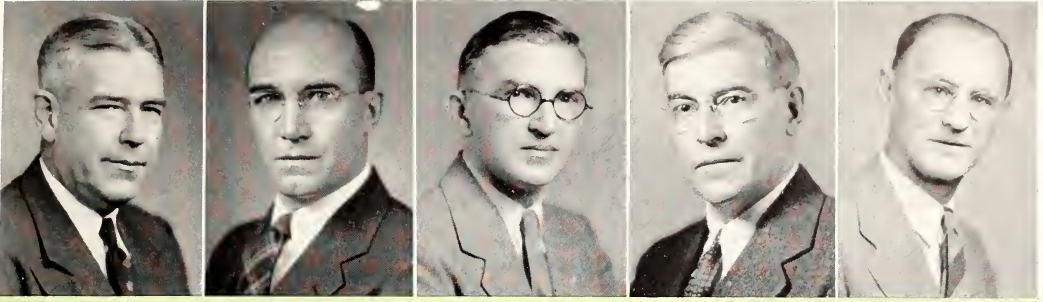

ENGINEERING STUDENTS (left) go into the field for some practical experience in the art of surveying. Below, more practical knowledge is gained in classrooms with real industrial machinery.

The Civilian Pilot Training, previously a part-time college course, was changed during the last summer to a full-time training program. To qualify for this training, students must pass a preliminary test. After this screening test, the men are assigned to the Army or Navy programs, but allowed to take their training here. The ground school and flight training, both primary and advanced, are given at the Manhattan Municipal air port.

Prof. C. E. Pearce is director of the Civilian Pilot Training program and works in close cooperation with the Civilian Aeronautics Administration.

ENGINEERING DEPARTMENT heads are: Prof. R. F. Gingrich, Prof. J. W. Greene, Prof. C. E. Pearce, Prof. C. H. Scholer and Prof. Paul Weigel.

THE FLAG WAVES from atop castle-like Nichols Gymnasium as students stroll lazily to their next class.

STUDENTS SPEND many hours in study and research at the Kansas State College library. The library contains reference books for every curriculum offered, fiction, magazines and newspapers.

Students learn various phases of engineering from well-trained men in different fields. Dean Seaton directs the efforts of these many instructors. M. A. Durland, a popular figure at Kansas State is assistant to Dean Seaton as well as armed service representative for College men.

Heads of the Departments of Architecture and Civil Engineering are Prof. Paul Weigel and Prof. L. E. Conrad, respectively.

Supervisor of the Department of Electrical Engineering is the official title for Prof. R. G. Kloeffer, while Prof. Linn Helander directs the Department of Mechanical Engineering. Dr. J. W. Greene heads the Department of Chemical Engineering.

Agricultural Engineering is directed by Prof. F. C. Fenton. Prof. C. H. Scholer is head of the Department of Applied Mechanics and Prof. C. E. Pearce heads the Department of Machine Design. Prof. W. W. Carlson is head of the Department of Shop Practice and War Training program chief.

STUDENTS LEARN TO apply theory to problems of industry (top) by using demonstration units of industrial machinery. Drafting students (bottom) sometimes find several heads better than one in solving a problem.

School

of

DEAN MARGARET M. JUSTIN of the School of Home Economics is active in nutritional work and is author of several textbooks on the subject. Below is Calvin hall, home of the School of Home Economics and related subjects.

THE School of Home Economics draws women from all over the country to Kansas State College. In spite of war, it is still one of the largest Schools on the campus, with an enrollment of 604 during the spring semester.

War has not hurt this School as it has others where students were subject to military call, but it has been affected in other ways.

The School, rated as one of the best in the nation, has also accelerated the training program so that trained women may be released sooner for important and vital war jobs in home economic fields and necessary jobs of the home front.

Seven departments of study are open to the home economics student. They are art, clothing and textiles, food economics and nutrition, child welfare and euthenics, home economics education, household economics and institutional management.

Home Economics Offers Valuable Training

No direct change has been made in the curricula in this School, since in war, as well as in peace-time, home economics education is directed toward effective living, community service and civic preparation.

It is understood that all women college students are under obligation to participate directly either in very necessary community service, in war production or in service with the armed forces.

Teaching is an essential war service. The work of the home demonstration agent and the home supervisor is of major importance in increasing food production and conservation, so this too, is vital war service.

Some Serve in Army

Nutritional plans call for a larger number of food service directors and the greater use of women in war industries calls for trained workers in nursery management. Some home economists will go directly from Kansas State to serve with the armed forces. These include nurses, dieticians and medical technicians.

Generally, the home economics curricula are planned to give the students a wide general knowledge and to help them to apply past experience in solving the problems of the present and the future.

Particular effort is made to relate the general knowledge into a coherent whole and to supplement this with specific study so students can understand the problems facing homemakers and family groups.

All of this background is only basic knowledge

for a thorough technical and professional education that equips students to enter various fields included in the scope of home economics.

In addition to regular study toward such a goal, in war-time, the women students are expected to participate in war classes under the direction of the Red Cross in first aid, home nursing or canteen service. Students may receive college credit for these courses, as well as Red Cross home nursing and first aid certificates.

ASSISTANT TO THE DEAN of the School of Home Economics and associate professor of food economics and nutrition is Miss Eva McMillan.

HOME ECONOMISTS wrestle with the intricacies of making "individualized" clothes (top). Just above, cooking students seem to find it fun to whip up souffles and biscuits "like Mother used to make."

Dean of the School of Home Economics, Dr. Margaret M. Justin, has brought honor and recognition to Kansas State College in that field. An authority on household affairs and on technical home economics questions, she is the author and co-author of many textbooks on home economics.

Since the war, she has also headed the Kansas committee on Nutrition in Relation to National Defense.

Dean Justin is consultant for all seniors in the School of Home Economics and is chief advisor for the committee planning the annual Hospitality Days exhibit for Kansas high school girls sponsored by the School of Home Economics.

Miss McMillan Is Assistant

Assistant Dean and associate professor of food economics and nutrition is the official title for Miss Eva McMillan, who came to Kansas State from the University of Toronto in Toronto, Ontario, Canada, in 1930 and assumed the duties of assistant dean in 1937.

Head of the Department of Art is Prof. Dorothy Barfoot, who has been head of the department since 1935.

Prof. Alpha Latzke, outstanding authority in clothing and textiles, serves as head of the Department of Clothing and Textiles.

Dr. Ruth Lindquist assumed the duties as head of the Department of Household Economics in 1938 and is noted for her work in the field. Dr. Martha S. Pittman, as head of the Department of Food Economics and Nutrition, has served in her position since 1923.

Dr. Roy Heads Child Welfare

Dr. Katherine Roy heads the Department of Child Welfare and Euthenics. She received her doctor's degree from Cornell University in 1939 and came to Kansas State shortly afterward.

Mrs. Lucile Rust is professor and head of the Department of Home Economics Education, while Mrs. Bessie Brooks West is professor and head of the Department of Institutional Management.

DEPARTMENT HEADS in the School of Home Economics are: Prof. Dorothy Barfoot, Prof. Alpha Latzke, Dr. Ruth Lindquist, Dr. Martha S. Pittman, Dr. Katherine Roy, Prof. Lucile Rust and Prof. Bessie Brooks West.

DEAN RALPH R. DYKSTRA (right) trains Kansas State veterinarians in the tree-shaded vet building (below).

THE School of Veterinary Medicine, recognized as one of the most outstanding in the nation, is headed by Dean Ralph R. Dykstra.

Born in Holland, Dean Dykstra came to the United States while a child and later graduated from Iowa State College. He came to the campus as an instructor of veterinary medicine and surgery in 1911, and was made dean of that School in 1919.

Enrollment Is Limited

By authority of the State Board of Regents, enrollment in the School of Veterinary Medicine is limited to a total of 200 students. To enter the School, application must be made in advance. If accepted, the student enrolls in the School of Arts and Sciences for one year as a pre-veterinary student. Depending on scholarship, he advances toward graduation. First preference is given to applicants who are residents of the state.

Veterinary Medicine Is Exclusive

At present, there are 169 students enrolled in the School. Enrollments will be accepted for the opening of summer school, the latter part of May, but for the duration no applications will be accepted in September. During the summer enrollment will still be limited to 200 students. This May, only 60 new students may be admitted to the School of Veterinary Medicine.

Students in this School hold a reserve commission in the Army, and if the Army does not call them at the time of graduation, they may go into private practice until they are needed in service.

Program Is Accelerated

This School has also joined the accelerated pro-

gram of training, making it possible for the students to finish in two and two-thirds years the regular four-year study period, plus the additional year of pre-veterinary training.

The Kansas State College Veterinary School is listed among the top ten schools of its kind in the nation. The diligent work of Dean Dykstra in establishing and maintaining the School has been notable. Veterinary equipment—buildings, lab equipment and facilities—are modern and efficient. The veterinary medicine curricula provide the widest training possible.

In order to fit the veterinarian to deal with livestock problems, he is required to take work in live-

stock feeding, breeding, and judging, in milk inspection and zoology, in addition to his purely professional work.

Because the School is one of the smallest on the hill, most of the students know each other well and vets are recognized over the campus for their comradeship and close cooperation.

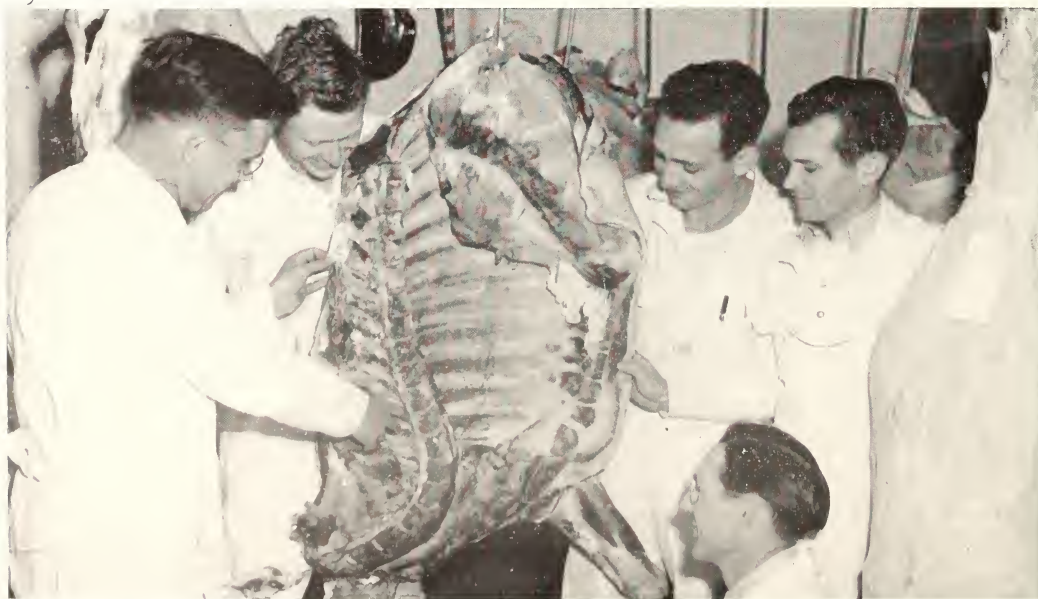

Students Practice in Clinic

Veterinary medicine is considered one of the "toughest" courses at Kansas State, causing long hours of laboratory work, recitation and study for those who have chosen this field.

Students also gain practical experience in helping to care for animals brought to the College clinic and in surrounding territory. Thousands of cases are listed in the care of the clinic and students gain practicable knowledge from work in these cases.

Head of the veterinary clinic is Dr. E. J. Frick, professor in the Department of Surgery and Medicine. Dr. L. M. Roderick, who came to Kansas State in 1938, was made head of the Department of Pathology. Dr. James H. Burt is head of the Department of Anatomy and Physiology.

POTENTIAL VETERINARIANS learn to inspect meat for impurities. Some may be government food inspectors after graduation.

STUDENTS LEAVE the library and stroll past the Shops building as the noon hour approaches, on their way to lunch.

DEAN H. UMBERGER directs plans for the Division of Extension, which serves as nerve center for the activities of some 250 Extension Service workers and thousands of "off-the-campus" students in Kansas.

Division of Kansas State College Extension

KANSAS State College annually plays host to hundreds of farm people during Farm and Home Week, which is sponsored by the Division of Extension. During the four-day conference, instruction and advice are given to homemakers and farmers on the problems they have in maintaining and improving their farm homes.

Recognition is given to those persons who have been outstanding in homemaking and farming during the previous year at the annual Farm and Home Banquet. Although war curtailed some of the activities of this event, the conference was held, and with a near-record attendance

Ranking second in importance in the Division of Extension is the sponsorship of the 4-H Round-up in June, which draws some 1,500 Kansas farm youths to the Kansas State campus.

Both these events are made possible through the work of home demonstration agents and county farm bureau agents who serve as local instructors for the farm "classrooms." Constant effort is made through the Division of Extension to improve farm and home conditions in Kansas.

Another chief service of the College extension division is the correspondence school which hundreds of people take advantage of to further their education even though not attending College.

Chief publicist for the Division is the radio station, KSAC. Farm and home programs are offered daily over the station, as well as educational programs authored by members of the faculty and student body. By means of radio programs and publications sponsored by the Extension service, information on agriculture, home economics and rural engineering is

made readily available to thousands.

Director of the publicity for the Extension Division is L. L. Longsdorf, with the official title of extension editor. Lowell Treaster and Alma Deane Fuller, both Kansas State graduates, are his assistants.

Working with Dean Umberger and various committees, Assistant Dean L. C. Williams, pictured below, is responsible for the workings of the Farm and Home Week activities and housing.

Coe Is 4-H Leader

State 4-H club leader and a favorite with 4-H club members is Prof. M. H. Coe. A master at remembering names and faces, he is the efficient force behind state 4-H club activities.

Prof. George Gemmell is director of the Home Study department, which handles correspondence courses for hundreds. Prof. Georgiana H. Smurthwaite is state home demonstration leader, supervising local demonstration agents over the state.

EXTENSION DEPARTMENT heads are: Prof. M. H. Coe, Prof. George Gemmell, Prof. Georgiana H. Smurthwaite and Prof. Walter G. Ward, rural engineering expert for the Division of Extension. Below are Prof. L. C. Williams, assistant extension director, and the extension annex, center of activities for the Division.

Serves Thousands of Kansans in Rural Areas

DR. JAMES E. ACKERT, originally chairman of the graduate council, was made Dean of the School of Graduate Study when the School was established in November of 1931.

Dr. Ackert came to Kansas State College in 1913 as an assistant professor of zoology and parasitologist with the experiment station. His outstanding work in his field and his genuine interest in others led to the chairmanship of the graduate council. Since that appointment, Dr. Ackert has given notable service in the training and preparation of graduate students who come to Kansas State College.

Although his main work is as Dean of the School of Graduate Study, he contributes results of research in his field. He received his academic training at the University of Illinois.

DEAN OF THE SCHOOL of Graduate Study, and genial booster for Kansas State College is Dr. James E. Ackert (left). Below, students leave the Auditorium after an assembly.

Graduate Study, Summer

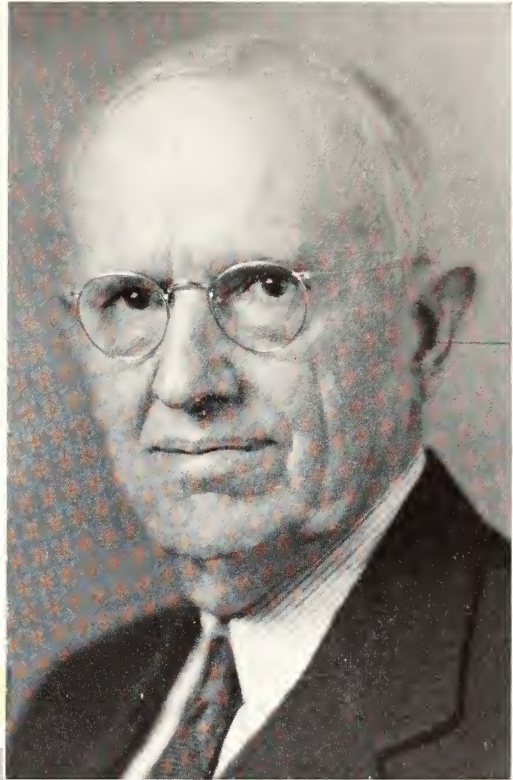

DR. E. L. HOLTON, dean of the summer school, has served in that capacity since the first such school was offered at Kansas State in 1911, as well as being head of the Department of Education.

Since the outbreak of war, the summer school has played a major role in the life of the Kansas State students. In the past, summer school study has been for undergraduate students who wish to shorten their period of education and for teachers and school principals who returned to continue their study. Since the war, the summer school program has been accelerated with two nine-week sessions being offered instead of one, as was formerly the case.

Men studying military science as reserves were required to attend the full thirteen weeks of summer school for the first time in 1942.

DEAN OF SUMMER SCHOOL and head of the Department of Education is Dr. E. L. Holton (right). Below is the center of his activities, Education hall.

School Play Vital Roles

They Keep K-State

ALUMNI SECRETARY Kenney L. Ford acts as good-will ambassador from the College to its graduates. He is in great demand as a public speaker both in person and on the radio.

WITH so many of the Kansas State alumni in the Armed Forces, the job of Kenney L. Ford has increased tremendously. It is the task of the alumni secretary to correspond with graduates of the College to keep the individual record of each one up-to-date.

Dr. J. W. Hanson (below) supervised the Department of Student Health this year until March, when Dr. M. W. Husband, formerly of Kansas State, took over the job.

The Alumni association has compiled the names of more than 1,100 former students and graduates of Kansas State who are serving in the armed forces. The list appears on a large bulletin board in Recreation Center.

Dr. J. W. Hanson succeeded Dr. M. W. Husband as director of student health in May, 1942. Since that time he has supervised College entrance physical examinations and treated the aches, pains and sniffles of hundreds of students. Doctor Husband returned to Kansas State in March when Doctor Hanson resigned to become director of student health at Carleton College, Northfield, Minn.

College Historian is the present title of Dr. J. T. Willard, graduate of Kansas State, and former professor of chemistry, dean of Arts and Sciences and vice-president of the College. Doctor Willard's "History of Kansas State College" was published in 1940.

DR. J. T. WILLARD has been connected with Kansas State College all but sixteen years since it was founded. He is now official College historian.

Running Smoothly

REGISTRAR for 30 years, Miss Jessie M. Machir might well be termed "keeper of the records." In her office may be found the college record of any former student. She and her staff are responsible for the smooth running of registration.

Dr. A. A. Holtz is men's advisor and Y.M.C.A. secretary. "Doc," as he is known to most students, also helps with Freshman Induction week each fall and runs a student employment bureau in his office in Anderson hall.

Dean of Women at Kansas State is Miss Helen Moore. Among other things, she looks into the housing situation in Manhattan and helps students find places to live. If a girl wishes to work, Dean Moore helps her locate a job. It is from her office that regulations come concerning hours that must be kept by girls at the College.

DEAN HELEN MOORE spends much of her time in conferences with the women on the hill. As Dean of Women, she also chaperones numerous parties during the year.

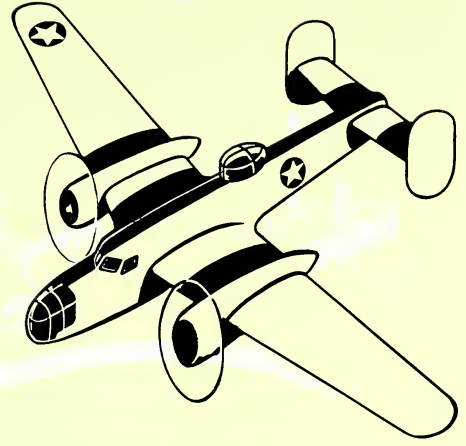

FOR THIRTY YEARS Kansas State's genial registrar, Miss Jessie M. Machir, has been keeping college students' scholastic records up-to-date.

ONE OF THE best-known figures on the campus is Dr. A. A. Holtz, men's advisor. This title corresponds to dean of men in other schools. He also heads the College Y.M.C.A.

THIS year's Student Council, executive and disciplinary body of the Student Governing association,

DANCE MANAGER John Koger scheduled and directed the all-school Varsities sponsored by the Student Governing association.

was the first to be elected under the new system by which students vote only for representatives of their separate Schools. Previously all members were chosen by the entire student body.

Council members chosen in the spring election were: Ed Hellmer and Earl C. Barb, representing the School of Engineering and Architecture; Ned Rokey and George Inskeep, School of Agriculture; Patricia Townley and Margaret L. Hill, School of Home Economics; Mary Margaret Arnold and Wendell Bell, School of Arts and Sciences; and Charles Whiteman, School of Veterinary Medicine.

Four Are Replaced

When Bell, Inskeep, Barb and Whiteman left at the end of first semester they were replaced by Jim Miller, Paul Chronister, Leon Findley and Warren Harris.

All-school dances sponsored by the S.G.A. were under the direction of Dance Manager John Koger. He was appointed by the Student Council.

FACULTY COUNCIL members meeting to approve the latest SGA rulings are: Dr. A. A. Holtz, Miss Grace Derby, Dean Helen Moore, Prof. Louis Reitz, Dr. Harold Howe, Prof. LeVelle Wood, Prof. L. E. Conrad, and Prof. R. I. Thackrey.

To the Faculty Council on Student Affairs falls the duty of approving decisions of the Student Council. A copy of each decision is sent to the faculty group and if it is not approved within a set time, an appeal can be made. A joint meeting with the Student Council is then held. If the two groups still cannot agree, President Farrell decides the issue. Dean Helen Moore is chairman of the Faculty Council.

Meeting early in the semester, the apportionment board decides what percent of the activity fee paid by each student when he enrolls shall be distributed to each of the various school activities.

Board members are appointed by the Student Governing association. The board consists of the S.G.A. president, two students and two members of the faculty.

FIGURES AND PERCENTAGES are all in a day's work for apportionment board members Ed Hellmer, Carol Stevenson, Prof. R. I. Throckmorton, Robert Schreiber, and Prof. H. W. Davis.

MEMBERS OF THE Celebrity Series board meeting to decide what talent shall be brought to Kansas State are (left to right) Vice-president S. A. Nock, Joe Jagger, Prof. Jules Roberts, Mary Marjorie Willis, and Virginia Gemmell.

Because of a reduction of funds, the Celebrity Series board brought only one major attraction to Kansas State this year. This was a concert by Roland Hayes, noted Negro tenor. The classical and semi-classical program was presented in the College Auditorium on January 29.

The Organization Control board, set up to approve or disapprove student organizations was new to the campus this year. It was an out-growth of the Organization Investigation committee which was created

last year by the Student council.

One of the first steps taken by the board was to classify all organizations. One list of approved organizations has been published, but is not yet complete. The committee places emphasis on the importance of the purpose of each organization, the value of its program to its members and to the College, and the efficiency with which it is attaining its goals. The problem of exorbitant initiation fees is also being considered.

THE ORGANIZATION CONTROL Board consists of three faculty members and two students. They are (left to right) Jack Cornwell, Miss Grace Derby, Prof. Harold Howe, Mrs. Beth Bowers, and Prof. Louis Reitz.

Big Six Sports

COMPLETING 23 YEARS as Director of Athletics at Kansas State, M. F. "Mike" Ahearn is also secretary-treasurer of the Big Six and the K-State Athletic Councils.

BEFORE the United States had been at war six months, the effect of the world conflict on Kansas athletics was very pronounced. Instructors in physical education, coaches and the backbone of all sports—the college men—were exchanging their gray work-out uniforms and athletic shorts for clothes of Navy blue or Army khaki. In spite of this drain on sporting material, Kansas State was the first school in the Midwest to definitely announce that it was planning to continue intercollegiate sports. Later in March, the Athletic Council reaffirmed this fact, putting its "OK" on Big Six sports for the duration or as long as possible. Since all sports but three had already been dropped, this meant that football, basketball and track would continue in the 1943-44 school terms, unless unforeseen obstacles arose.

One of the obstacles that had been conquered was the replacing of several vacancies in the coaching personnel of the College. Hobbs Adams and Bill Shutte, football coaches, had gone to the Navy. Jack Gardner,

Other losses in the department were: B. R. Patterson, wrestling coach, to the Army; Conrad S. Moll, swimming coach, to the Navy, and Frank Thompson, instructor in physical education, to the Navy.

Selected to engineer football was Ward Haylett, K-State's well known track coach. Two high school coaches, Carl A. Nelson, Clay Center, and Charles R. Socolofsky, Manhattan, were hired to aid Haylett with his gridiron duties.

Owen L. "Chili" Cochrane, baseball coach, was given some football duties and put in charge of basketball during the 1942-43 season. Cochrane was able to finish these coaching duties before leaving for the Navy, March 15.

In charge of athletics at Kansas State and having the job of selecting new coaches and deciding sporting policies for the School, the Athletic Council is made up of sport-minded members of the College faculty.

The guiding force behind Kansas State athletics for 23 years has been Director of Athletics M. F. Ahearn, secretary-treasurer of the Big Six.

Three New Coaches for '42 Season

KANSAS STATE began its 1942 football season under the direction of three coaches. Selected as head coach to replace Hobbs Adams who had left for the Navy, Ward H. Haylett was already well-known to K-State sport fans for his famous track teams. Haylett was no stranger to the gridiron, however; at Doane college, his alma mater, he led the football team to a conference title in 1927. Later at K-State he was named freshman football coach and then line coach for a few years.

Assisting Haylett were two newcomers to the school. Carl A. Nelson, who had been putting out successful high school elevens at Clay Center, was brought down as backfield coach. Charles Socolofsky, who had been equally successful with Manhattan High's gridiron team, was put in as line coach.

The new grid coaches faced the toughest schedule in the history of Kansas State. And up until the last two games, it seemed

as though it would be the worst season the pigskinners had ever been through. Texas university, Duquesne and Missouri, three of the top teams in the nation, were starters in the Wildcats' 1942 gridiron season.

A 37-6 victory over an outclassed Kansas Wesleyan team September 19 proved to be a gentle opening game for the squad. With some confidence after their first victory, the eleven journeyed to Dallas to meet the tough Texas Longhorns on September 26. Fast and furiously, the Steers ploughed through everything Haylett could offer, whipping the Kansas State team 64-0.

In their first appearance before home fans October 3, the Wildcats, with five first-stringers out with injuries, lost to the Fort Riley Centaurs 21-7.

The Wildcats outrushed the cavalrymen, gained more yards by passing and rolled up more first downs than the Army eleven, but an Army razzle-dazzle pass, a hard running back and a 65-yard return of an intercepted Wildcat pass gave the cavalrymen three touchdowns.

WINGBACK JOHN BORTKA and Bob Berry, blocking back, saw much action during the 1942 football season. Ned Rokey, back, and Cliff Makalous, guard, also received varsity letters.

BARELY KEEPING HOLD of the ball, Johnny Bortka, K-State back, tries to outmaneuver Missouri's big "Red" Wade in the Missouri-Kansas State game October 17.

Duquesne, Missouri Smother Wildcats

LED BY Mike Kielbasa, right halfback, powerful Duquesne university recorded its 16th consecutive grid-iron triumph October 10 at Philadelphia, easily winning a 33-0 decision from an invading Kansas State eleven.

K-State fell under the claws of Missouri university's Bengals 46-2, October 17, in the Big Six opener. The helpless Wildcats watched Bob Steuber and his mates

run up the second largest score ever made on Ahearn Field. K-State's two points came when Berry tackled a Missouri runner who had fumbled behind his own goal.

In their annual fray with the Kansas university Jay-hawks, October 24, in Memorial Stadium, the Wildcats were unable to shake off their losing streak, dropping the game 19-7, before 7,500 Homecoming fans. Ray

BILL QUICK, K-STATE'S shifty wingback is about to realize that a Kansas university Jayhawk is behind him. K. U. won the Homecoming game at Manhattan 19-7.

"Breather" Backfires

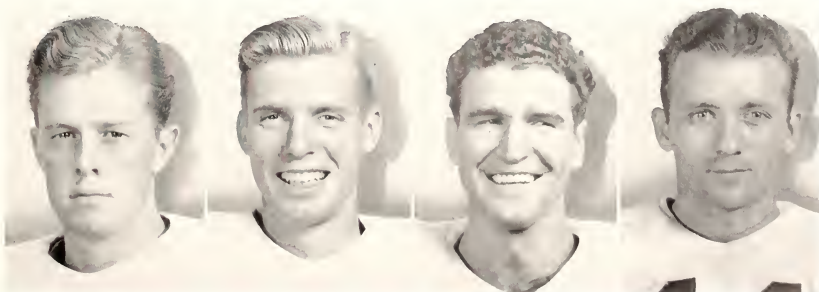

Kansas State hit the trail to Wichita the next weekend for what was supposedly a "breather," but the game backfired in the Wildcats' faces, the Wheatshockers emerging on top in a 9-0 score.

Oklahoma university in an unprecedented scoring parade knocked K-State down to the lowest point of its

football history and at the same time made Big Six history by defeating the Wildcats 76-0 at Norman, November 7. Using three teams, Coach Dewey Luster's Sooners scored 11 touchdowns and 10 extra counters while holding Kansas State scoreless.

The gridironers lost their eighth straight contest to the Indiana Hoosiers 54-0, November 14, at Bloomington, Indiana. The one-sided game gave the Hoosiers the biggest total ever scored in Indiana's Memorial Stadium.

SELECTED AS HONORARY captain by the team after the season's finale, Francis Gwin made a 55-yard run to help beat Nebraska. Other valuable lettermen of the season were Phil Sechler, end; Earl Williams, fullback; and Mike Zeleznek, quarterback.

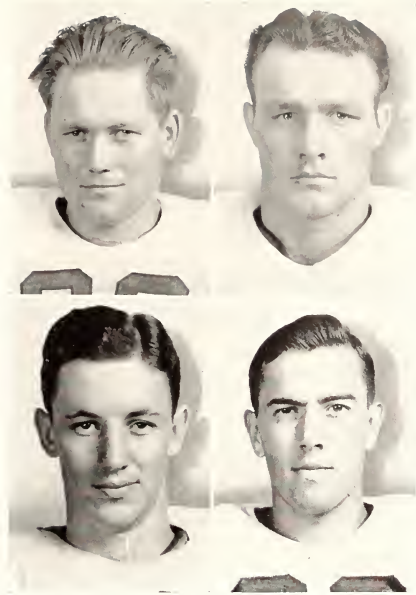

Gridsters Tighten Up,

AFTER suffering their eighth consecutive loss to Indiana, Kansas State miraculously tightened up in the last home game November 21, edging out Iowa State in a 7-6 tussle, resulting in the first Big Six victory for the Wildcats. The win placed K-State in a three-way tie with the Cyclones and K. U. for fourth place.

Playing before a handful of shivering spectators, the eleven lost little time in warming up and won the game the first time they got possession of the ball. After holding the Cyclones to a four-yard gain after the kickoff, the Wildcats took over on the Iowa State 44-yard line and marched uninterrupted to the double-stripe mark.

The touchdown play was a pass from Quick to Mike Vargon, which was nearly knocked down. A strong, icy north wind blew the toss into the arms of an Iowa man, but the ball rebounded into Vargon's arms. Williams' kick was good for the extra point which won the game for the Wildcats.

KEY MEN IN Kansas State's gridiron tactics during the 1942 season include Marvin Repstine, guard; Hobart Neill, guard-tackle; George Mendenhall, end; and Bill Quick, wingback.

"DOES THAT BANNER yet wave . . ." The Iowa State-Kansas State game was also Band Day at Manhattan. Many high school bands from different parts of the state participated in the annual event.

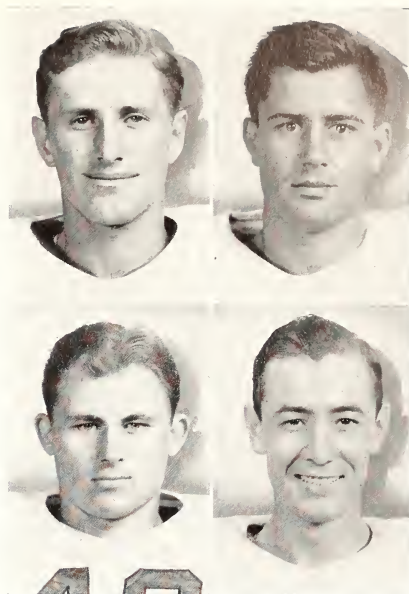

Down Iowa State

Iowa State scored early in the second quarter through the efforts of Paul Darling, Cyclone fullback, and Lohry, captain halfback. The deciding try for point was hurried and went wide of the mark, giving the Wildcats a one-point margin which they retained throughout the game.

The play see-sawed across the gridiron with the strongest pushes coming from the visiting Cyclones. Twice the Kansas State team stopped serious threats by the Iowa State team.

A highlight of the game occurred in the fourth quarter when Francis Gwin, light K-State quarterback, sliced through the right tackle position and dashed down the field for an 80-yard run. The play was called back by the referee, however, and Kansas State was penalized 15 yards for clipping.

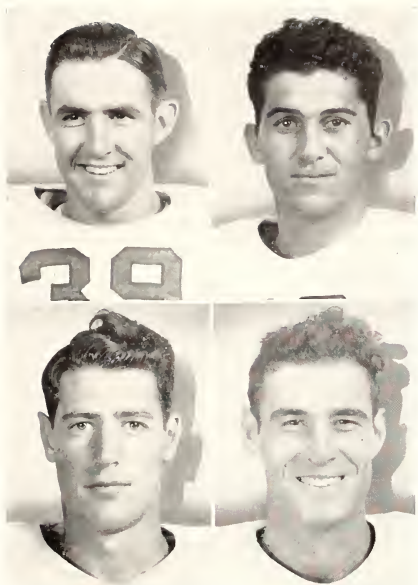

The entire Wildcat squad played the best ball of the season. Williams and Quick did a large part of the ball carrying while Duncan, Heath, Berry and McNeill did most of the tackling.

BILL ENGELLAND held down an end position for K-State during the season. Guard Bob Killough, End Mike Vargon and Center Homer Socolofsky were valuable players on Ward Haylett's team.

BILL QUICK PLUNGES over falling bodies in the Iowa State game, picking up a few yards for the Wildcats. Wearing "V's" on their helmets, the K-State team won the game 7-6.

FOUR MORE PIGSKINNERS who received Varsity letters for the '42 season are Dick Peterson, wingback; Edgar McNeil, tackle; Thurman Walling, end; and Chet Peters, end.

Wildcats Whip N. U.

KANSAS STATE, loser of eight consecutive games by overwhelming margins, climaxed its 1942 football season in one of the greatest comebacks in Big Six history, November 28, by decisively whipping the University of Nebraska Cornhuskers 19-0 at Lincoln.

Playing in a blinding snowstorm in the Cornhusker Stadium, the Wildcats scored in the second quarter and twice in the fourth to give the N. U. eleven the largest defeat by a Kansas State team in the history of the two schools. It was the second "upset" in as many years by the Wildcats over the powerful Huskers.

Gwin Scores on Run

Francis Gwin, 153-pound K-State quarterback, lit the fuse for the Wildcat upset by slipping through a hole in the Nebraska line early in the second quarter and outrunning five Husker backs 55 yards to the end zone. Williams' kick gave State a 7-0 lead.

A Nebraska threat to tie the score was impending until the end of the third quarter. In this quarter, a Nebraska man com-

pleted a pass over the goal line which would have practically tied the score, but the play was called back and the Huskers penalized for pushing.

On the first play of the fourth quarter, End Bill Engelland knifed through the N. U. line, blocked Bradley's punt and scooped it up, running for the second Kansas State touchdown. The try for point was wide.

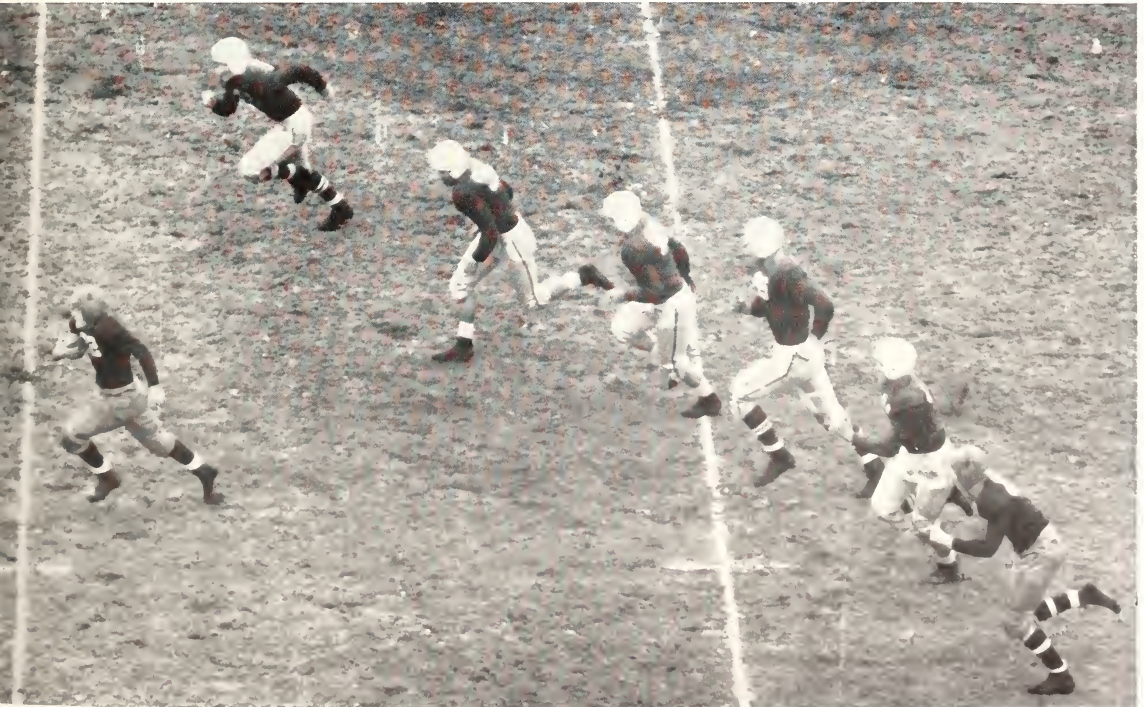

The Wildcats got the ball on downs from Nebraska in the final minutes of the game. By successive blows through the line by Quick, Peters, Bortka and Williams, the ball was moved up to the 9-yard stripe. On the next play Quick faded back and passed to Bortka unguarded in the end-zone. The kick again was wide and the game ended 19-0 for K-State. Coach Haylett placed much of the credit for the victory on the improved blocking and tackling of the team.

Athletic officials and students honored the rejuvenated Wildcat team at a "victory assembly."

HELPFUL TO HAYLETT in his first season at Kansas State as head football coach were Bob Fanshier, guard; Bill Erickson, center; Howard Hamlin, center; and Lawrence King, end.

ECHOLON TO THE LEFT as five Huskers and a lone K-State man try desperately to catch Francis Gwin, quarterback, who is well on his way in a 55-yard run to the goal line. The lone K-State blocker managed to knock the two tail men of the formation out of the run.

Cage Season Ends

HEAD MENTOR AT Kansas State this year in lieu of Jack Gardner, on leave in the Navy, was Owen L. "Chili" Cochran. After leaving for the Navy himself, Cochran posed with honorary captain George Mendenhall for this picture.

A FINAL loss to Kansas university by a 45 to 30 score on March 6, sorrowfully ended a vigorous three-month basketball season for Kansas State. Through a long schedule of 20 games, the Wildcats were winners in six battles, and only one of these victories was won on the Big Six battle grounds.

Partly responsible for the poor season was the loss of many of the better players before and during the three-month period. Three lettermen, Bruce Holman, Marlo Dirks and Phil Sechler were called to the armed services before the schedule was played out.

Cochrane Is Coach

Owen L. "Chili" Cochrane, former assistant basketball coach, engineered the Wildcats during the 1942-43 cage season. A few days after the Jayhawker game, Cochrane left Kansas State for a lieutenant's commission in the Navy, where the head mentor on leave, Jack Gardner was.

The Wildcats retained their title of "the hard luck team," losing several games in which they had a half-time lead.

DIRKS JUMPS HIGH in getting the tip from a Nebraska player. In this game Kansas State led at the half 19 to 11, but the Cornhuskers came back strong in the last period to win 41 to 32.

Sadly for Wildcats

A victory over Doane college on December 4 in Nichols Gymnasium started the basketball season for K-State. Holman netted 11 points in the game to give the Wildcats a 50 to 32 win.

A few days later at Topeka, Washburn university pulled a surprise performance out of their sports' bag to beat Kansas State 40 to 32. The Topeka team held a slight one-point margin at the half.

Rockhurst college fought out a close game with the K-State cagers on December 19, winning in the closing minutes of the game 35 to 33. Marlo Dirks was high scorer with 15 points to his credit.

Jack Gardner, head basketball coach at Kansas State on leave, set his Navy Clippers against the Wildcats in Kansas City December 21, whipping his former team 49 to 34. Several former Kansas State team members played on the Clipper team.

TWO KEY MEN in the Wildcat offense this year were Bruce Holman (left) and Marlo Dirks. Holman held down a forward spot on the regular quintet, while Dirks usually started at center.

IT'S A MAD SCRAMBLE under the basket as the Olathe Clippers coached by Jack Gardner and the Wildcats vie for a rebound. The Navy team won the game February 9 in the Gymnasium 42 to 35.

JOHN BORTKA (right) and Dale Spencer lettered on the 1942-43 team. Bortka, dubbed the "Killer" by K-State crowds, started at guard during the season. Spencer played in the forward position.

Drop Big Six Opener

IN THE first Big Six test January 5, the cagers got a good start and led Nebraska U. at the half 19 to 11, but the Cornhuskers overtook the leaders in the second period and won 41 to 32. Dean Lill, forward, paced K-State, accounting for 13 points.

Against Iowa State January 9 at Ames, the Wildcats again led at the half, this time 12 to 9, but the Cyclones came back in the last period to win the game 34 to 24.

Lose to Rockhurst

Kansas State was handed another defeat at the hands of Rockhurst in Kansas City January 13, dropping the game 37 to 24. Marlo Dirks, center, was high scorer with 7 points.

With the help of Gerald Tucker, who scored 23 counters, Oklahoma university broke a first half tie at Norman January 16 to crush Kansas State by the high score of 57 to 38.

FRED KOHL leans on an Oklahoma Sooner to give him a push as he shoots the ball in under the rim. Oklahoma university barely won the game 38 to 35.

Scoring only 4 points in the first half in a January 20 game at Manhattan, K-State vainly tried to overtake Kansas university in the second period, losing 20 to 40. Lill with 7 points and Schnellbacker with 12 were high scorers for the teams.

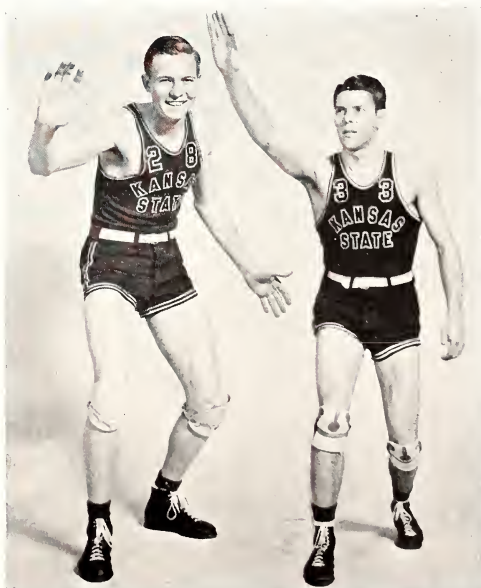

The Wildcats won their second non-conference game January 22, beating the C.R.T.C. team from Ft. Riley 34 to 23. Lill netted 12 points.

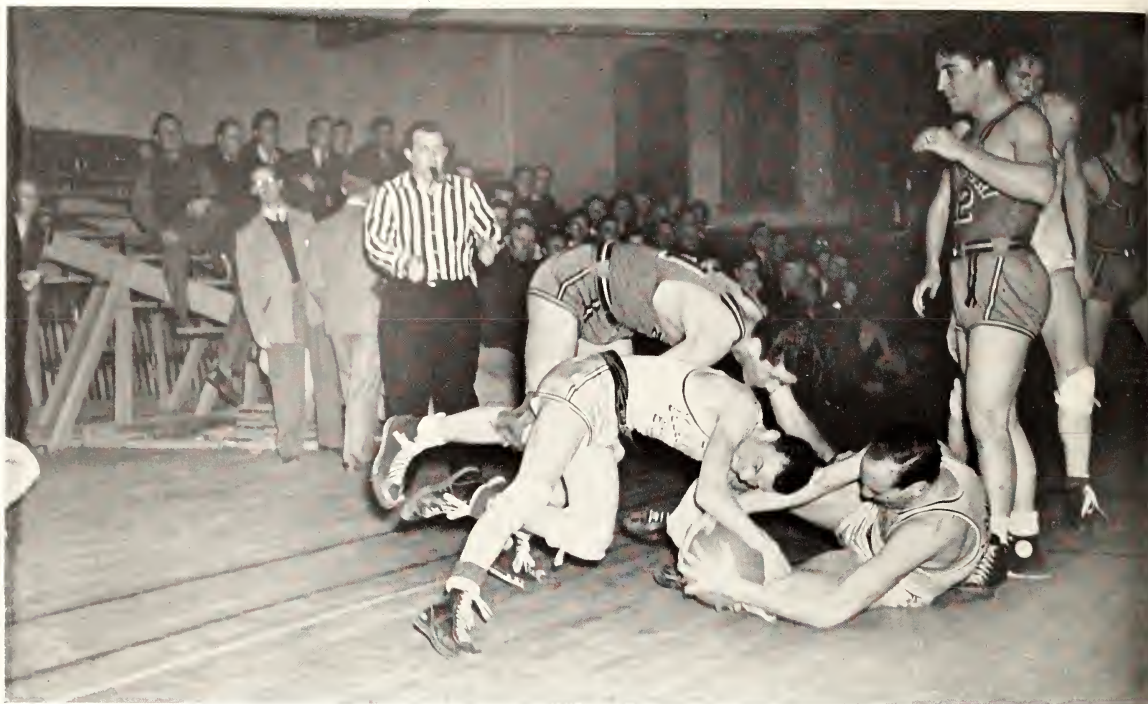

Leading 20 to 2 at the half, the cagers reversed an earlier defeat from Washburn U., defeating the Topeka team 53 to 20 at Manhattan February 1. Dirks won scoring honors, dropping in 17 counters.

A trip to Columbia, Mo., February 6, resulted in another loss for the Wildcats. Missouri U., led by Stark, opened the margin between the two teams in the last 10 minutes, winning finally 44 to 30.

Former K-Staters in the Navy started against the Wildcat cagers at Manhattan February 9, as the Olathe Clippers shook off a K.S. threat in the last minutes to come out on top 42 to 35.

YELLEY AND A CYCLONE player jump in the Iowa State-Kansas State game March 1. The Wildcats won the tilt 43 to 36, marking up their only Big Six Conference victory of the season.

Pressing a strong Oklahoma university team all the way, Kansas State tried but could not overcome a one-point lead at the half, losing at the end 38 to 35 February 13 in Nichols Gymnasium.

In the next encounter against Nebraska, February 17, the game ended in a 43 to 43 tie. Heinzelman of Nebraska scored 5 points in the overtime and the Huskers won 50 to 47. Kohl and Ridgway each scored 13 points.

Led by Fred Kohl's 17 points, the Wildcats beat the C.R.T.C. Centaurs for the third time February 20 by a 43 to 29 score.

Wildcats Sink the Navy

Avenging two previous losses to Jack Gardner's Clippers, the Wildcats, leading 30 to 10 at the half, whipped the Navy team 45 to 32 February 23.

Missouri university, playing at Manhattan February 27, trod over Kansas State a second time, coming out victorious 42 to 34. Sophomore Joe Ridgway sparked the Wildcats' offensive with 13 points.

Kansas State won its first and only conference vic-

tory of the season against Iowa State at Manhattan March 1 43 to 36. Leading 27 to 17 at the half, the Wildcats were paced by Lill and Ridgway in scoring.

The '42-'43 cage season closed March 6 with a repeat loss from the Jayhawkers at Lawrence. Induction of five K.U. players into the Army was delayed so that they could help to give K-State

a severe 45 to 30 licking.

The Wildcat's defensive play during the first half had the score knotted 10-10 at the end of 15 minutes, but Kansas drove to a 20-13 advantage at intermission. Kansas State did not threaten seriously during the final period. Basketball coach "Chili" Cochrane left for the navy at the close of the season.

SUBSTITUTE CENTER for the Wildcats, Phil Sechler was called into the Air Corps in the middle of the basketball season.

DEAN OF KANSAS STATE track since 1928, Ward H. Haylett takes his coaching duties seriously. The year 1942 proved to be one of his best years at Kansas State. (Below) taking the first hurdles together are: Bob Keith, Ed Darden, and John Garrett, practicing at the track in Memorial Stadium.

“THE BEST season since '37.” In these five words Ward Haylett, capable mentor of Kansas State's track sports since 1928, summed up the outdoor track season of 1942.

The thinclads had gotten off to a weak start at the season's beginning, but improved steadily as the two-month track period rolled on. During the season, the Wildcats participated in nine meets, starting in the Illinois Tech Relays, March 17, 1942, in Chicago, finishing with the Big Six meet in Lincoln on May 16.

Three Records Broken

Three varsity records were slashed during the 1942 outdoor season. Captain Ed Darden clipped the 120-yard high hurdles record of 14.7 to 14.5 seconds at Stillwater against Oklahoma A. and M. In the last dual meet, Jim Upham cut his year-old record of 48.7 seconds by .6 second in the fast quarter-mile.

1942 Track Season

Yields Best Record of Many Years

Sophomore Homer Socolofsky dazzled Big Six eyes at the Conference meet in Lincoln, erasing a two-year varsity javelin mark of 187 feet, 5¾ inches, replacing in its stead a toss of 187 feet, 11¾ inches.

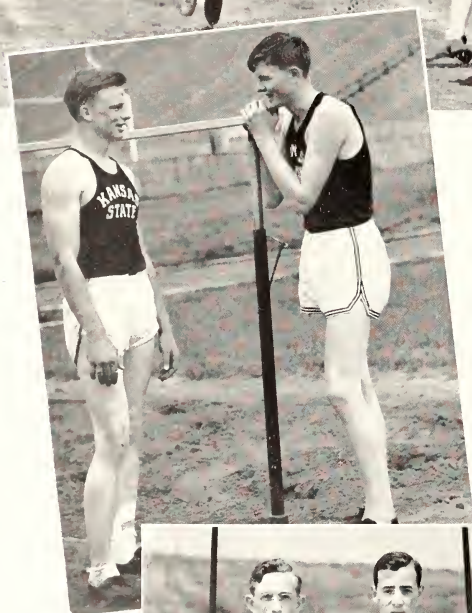

Fourth in Illinois

The tracksters journeyed to Chicago for their initial performance of 1942 against the cream of the Midwest's cindermen in the Illinois Tech Relays, March 17. The Wildcats totaled 26½ points, giving them a fourth place berth below Michigan State, Wisconsin, and Marquette.

The next week, on their way to the Relays at Austin, the Haylettmen met Oklahoma U. at Norman. The Wildcats came out on the short end in their first dual meet, losing 54 to 77.

Surprising the critics, Kansas State took the second place cup at the meet, losing only to Nebraska. (Center) shotputters Kent Duwe and Darren Schneider warm up, and (lower right) Ernest Nelson and Eugene Foucaillon take up a pole before pole-vaulting practice.

Win Five Relay Events

The consistent two-mile team captured the only second place at Austin in the famed Texas Relays. Dick Peters won a third in the discus, while fourths were marked up for K-State in the sprint medley relay, the mile relay, and 3000 meter run.

In the second dual meet of the season, against Oklahoma A. and M., Kansas State lost the final and deciding event, the mile relay, by a scant one-yard margin to drop the meet $69\frac{1}{2}$ to $61\frac{1}{2}$.

Competing in the Kansas Relays at Lawrence April 25, the runners barely came through with a second, a third, and a fourth. The medley team finished in the number two spot, trailing Oklahoma.

With an improved spirit, the Haylettmen successfully defended their Colorado Relay title at Boulder the following week, scoring 22 points in the competition. This was the third time in four years that Coach Haylett's runners had copped the Colorado crown.

K. U. Is Outrun

Sweeping the quarter-mile, the 220 and the two-mile run, the Wildcats scored an 81-50 victory over Kansas university trackmen May 2, at Lawrence, in their first dual meet win of the season. The squad captured eight firsts and one forfeit against six for the Jayhawkers in the meet.

The Drake Bulldogs unsuccessfully invaded local territory May 9, dropping the only Manhattan meet of the year 30-101. The Wildcats finished on top in 12 of the 15 events, contributing one varsity record by Jim Upham to State's books.

"Doped" to take fourth place at the Bix Six Conference meet in Lincoln, May 16, the Wildcat thinclads upset the bookies, blazing through with 43 and two-fifth points to edge out Missouri and Oklahoma and take a second in the meet. Nebraska university won the event.

Indoor Track Team Places Fourth

IN THE only indoor track competition of the 1943 season, Kansas State totaled 14 and one-fourth points for fourth place in the annual Big Six indoor meet at Kansas City, Mo., February 27.

Al Rues marked up the only first for the Wildcats, running the mile in 4 minutes 22.7 seconds. Two second place ribbons were captured for K-State in the two-mile run and 440-dash by Adee and Upham.

M. U. Wins Meet

Missouri university ran off with the contest scoring 56 points, more than any team had ever totaled before. Also ahead of Kansas State were Nebraska university with 32 and seven-twelfths points and Iowa State with 19 and one-fourth.

In other events in the meet, Wildcats copped one third place spot and two fourths. The mile team lagged to take third, while Nelson pole-vaulted to fourth place. Schroeder in the high jump also tied for fourth.

Three Records Set

Three records were set in the meet as Joe Shy of Missouri sped over the 60-yard low hurdles in 6.9 seconds;

Ev Norcross of Iowa State jumped 23 feet 4 and three-quarter inches; and husky Vic Schleich of Nebraska tossed the shot 50 feet 5 and three-eighths inches.

The new mark by Schleich broke the 1940 record of Kansas State's best-known athlete in recent years, Elmer Hackney, who heaved a record throw of 50 feet 2 and three-quarter inches.

MAX GRANDFIELD and indoor track captain Jim Upham are on their mark," ready to try for a Wildcat victory.

War Ends KSC Baseball

ON MAY 16, 1942, baseball came to an end at Kansas State, for the season and for the duration. Because of a general lack of student interest and the voluntary curtailment of sports by colleges throughout the country, the athletics board put the red light on baseball, wrestling, swimming and all other inter-collegiate sports, excepting only football, outdoor track and basketball.

Poor Season for Wildcats

The end of the 1942 baseball season found the Wildcats with a record of four victories and seven losses in the Big Six bracket, an unusually discouraging season for State fans. Outside play with Oklahoma A. and M. and the Fort Riley Centaurs were total losses as far as Kansas State was concerned, leaving the team with ten losses and four victories for the season.

THREE VETERAN CATCHERS warm up on the Wildcat diamond west of the College. Crouched for the catch are: William Bell (left) Norbert Raemer and James Prideaux. Coach O. L. "Chili" Cochrane (above) piloted the nine through their last games for the duration. He was ably assisted by Assistant Coach Frank Myers.

NED ROKEY (above) waits for a pitch during practice. The Wildcat infield lines up (below) before a Big Six game. Neal Hugos (left) held the third base position for the '42 season, Don Leavitt played at the shortstop position, Charles Kier at first, and Ray Dunlay at second.

Assistant Coach Frank Myers tutored the baseball team throughout most of the season because of the absence of Mentor Cochrane in his spring football duties. Cochrane, however, took charge of the squad for the last four games.

The Wildcats opened the Big Six war in 1942, traveling to Columbia for a two-day play with Missouri university, April 17 and 18. The first game, a pitchers' duel between Doyen of K-State and Spenser of Mizzou, was marked up as a 1-0 loss for the Wildcats. The team fared better the next day, winning their first game of the season 3-0. Heath, on the mound for K-State, allowed only four hits, striking out nine Tigers.

In the first home game of the season April 21, the squad was handed a 7-3 defeat by the Cavalry Replacement Training Center team from Fort Riley.

COACH "CHILI" COCHRANE (above, right) takes time out during practice to discuss methods with his pitchers. The moundmen are: Merlin Gustafson, Robert Reese, Jack Wilson, Lee Doyen, and Clarence "Huck" Heath.

Sooners Win Two

Kansas State baseballers packed again and left for Norman, April 24 and 25, for a two-game contest with Oklahoma university. Although outhitting the Sooners in the first of the two tilts, the Wildcats were unable to overcome an early three-run lead, losing the game 8-6. Kansas State was routed again in the second game, dropping it by an 11-4 score.

Frank Myers sent his nine against Oklahoma A. and M. in their second Oklahoma invasion April 27 and 28. The Wildcats again lost both matches. Beaten in the first game by an 8-6 count, the Kansas State team battled 11 desperate innings with the Cow-boys before falling behind 4-3.

Iowa Takes Close One

In the first Big Six game at home in Griffith Stadium, May 1, another loss was chalked up for Kansas State when the Iowa State Cyclones held on to a first-inning lead, winning at the end 4-3.

Kansas university fell hard in a two-game series with the Wildcats, May 4 and 5, at Manhattan, dropping the contests 8-6 and 7-0. Heath, pitcher, allowed only two hits in the last game.

WARMING UP BEFORE stepping into the box, Ray Rokey and Paul Gatzonlis watch the game from the sidelines.

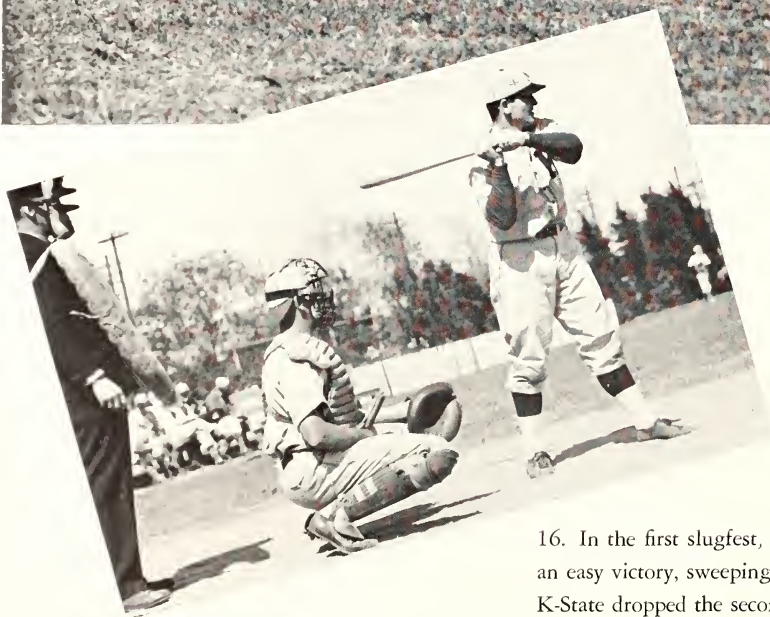

The Jayhawkers turned the tables at Lawrence, May 8 and 9, however, whipping Kansas State 3-1 and 6-5 in a two-game series.

"Huck" Heath faced K.U.'s Hunter in the second game at Lawrence allowing nine hits, walking one and striking out three Jayhawkers.

Finishing up their 1942 season and playing the last Big Six baseball for the duration, the squad met Nebraska at Lincoln in a double-header May 15 and

16. In the first slugfest, the Wildcats hammered out an easy victory, sweeping over the Cornhuskers 18-4. K-State dropped the second game, the last of the season, by a 6-0 score.

Rokey Is High

Ray Rokey led the Kansas State team in batting with a percentage of .283, getting 15 hits out of 53 times at bat. Paul Gatzoulis was next on the list with a .274 percentage or 14 hits at 51 times in the box.

Delts Are 1942 Intramural Champs

1942-43 marked the twenty-first season of intra-collegiate sports at Kansas State College. Prof. L. P. Washburn has charge of the competition and directs proceedings in 11 different athletic activities.

The intramural program is organized into two divisions, one for fraternity members and the other for Independent students. Playoffs are between the champions of each division. This is how the winner of the all-school title is chosen.

Last year the Delts were the all-school winners with a total of 1,122½ points while the Betas were Greek runners-up with 681½ points. In the Independent bracket the Hoodlums had 863 points while the Lutheran Student association had 672.

A.T.O.'s Take Football

In touch football Alpha Tau Omega was the Greek winner and won from the Independent Streamliners to cop the all-school title. In basketball the Pi Kappa Alphas were winners over the House of Williams for the same title.

Alpha Gamma Rho copped both singles and doubles in horse shoes with Donald Irwin and Harry Duckers taking the honors. The Beta Theta Pi winners in golf

were Jim Bartels and Bill Richards in both singles and doubles.

Last spring Alpha Kappa Lambda copped the table tennis singles while Jack Blakely and Robert Schwirtz, Independents, took the doubles. In tennis the House of Williams took the singles while the Whitlock Specials grabbed the doubles. For the Greek bracket Stewart Reed, Beta Theta Pi, took the singles while Delts Jim Weary and Pat Heleker took the doubles. Reed won from Robert Schwirtz, House of Williams, for the all-school singles and Weary and Heleker won from Schwirtz and Jack Elliott for the all-school doubles.

Whitlocks, Delts Fight It Out

David Bendersky, unattached, won the singles in handball while he and Shapiro took the doubles.

In softball it was nip and tuck throughout the season

between the Whitlock Specials and Delta Tau Delta. However, the Delts finally roused energy and brought home the scores over the Whitlock Specials.

Swimming came into its own with the Delts pouring the heat on the Betas and finally gaining a lap on them to come out winners. The Betas were runners-up.

Again the Delts showed their colors in volley ball. After gaining the Greek title they tackled the Hoodlums and sent them to all-school runner-up berth for that sport.

As this book went to press, the spring games for 1943 had not been played. Last year was the third straight year for the Delts to take all intramural honors and intramural fans anticipated a hotly contested spring season.

Coed Calisthenics Are Popular

MISS KATHERINE GEYER directs women's intramural activities at Kansas State.

WOMEN'S intramural competition is centered around a plaque, presented each spring to the women's team having the greatest number of points for the school year. Points are given for the number of games played, sportsmanship, greatest number participating, greatest number of juniors and seniors, group winners and intramural winners of each activity.

Tennis matches in the fall started the intramural season. Other activities included volleyball, tennequoit, badminton, posture, basketball, table tennis, swimming, shuffleboard and softball.

Any woman in college is entitled to participate in the intramural program, which was started on this campus 19 years ago. Miss Katherine Geyer is supervisor of women's intramurals.

Last year the intramural plaque was won by Kappa Kappa Gamma sorority. Runner-up was Delta Delta Delta sorority. About 300 women were present at the annual presentation banquet at the College cafeteria.

SOFTBALL, LAST intramural activity in the spring, was won last year by the Kappa Kappa Gamma team including: *Back row:* Margery Lawrence, Virginia Boyd, Mary Callaher, Peggy Pearce, Betty Clidden, Edith Willis. *Front row:* Mary Lou Genung, Mary Cawood, Joan Hogue, Nancy Heberer, Marilyn Carr and Dorothy Maurin. Pi Phi swimmers Marceline Linscheid, Jean Amos, Jane Haymaker and Mary Jane Sims (right) were victors in last spring's meet.

TRI DELTS were runners-up in the softball contest. The team members at right are: *Back row:* Gay Danielson, Pat Potter, Jane Ann Douglass, Betty Brass, June Light, Mary Louise Monroe, Mary McCoy. *Front row:* Jean Bishop, Jane Riddell, Nancy Williams, Violet Farmer and Lee Krebs. There's plenty of action, as shown below, in the women's softball games played on the intramural field west of the gym.

FINE ARTS

Plays Are Popular

IN MARCH of 1942, Manhattan Theatre, under the direction of Walter Roach, presented the hair-raising play, "Double Door."

The setting for the play was a mid-Victorian household dominated by Victoria Van Bret, convincingly portrayed by Betty Jeanne Sharp. Conflict arises when a nephew, played by Al Huttig, defies his aunt by marrying Helen Weeks, a nurse.

Murder in the Air

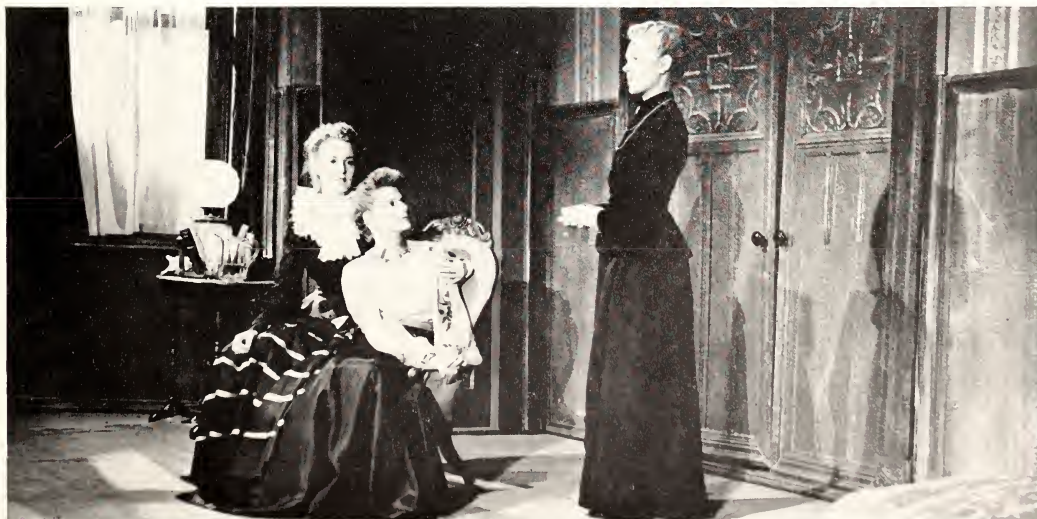

Pretending to be reconciled to the distasteful marriage, Victoria sees an opportunity to get rid of her nephew's wife just before the couple leave the gloomy old house. At a dramatic moment, she opens the concealed double door and confines the wife there. Only the faltering information of Victoria's repressed sister, Barbara Bouck, brings about the girl's release.

The audience sees the play end with Victoria alone in her huge house, deserted by her long-suffering family. Others in the cast were Grace Jordon, Jeanne Jaccard, Phil Smith and Joe Jagger.

NORMAN WEBSTER, business manager of Manhattan Theatre and Walter Roach, director, pose informally.

HELEN WEEKS, Barbara Bouck and Betty Jeanne Sharp are tense in this dramatic scene from "Double Door."

Manhattan Theatre Shows Are Varied

The conflict between middle age and youth provided the theme for the last play of the 1942 season. The sophisticated comedy, "Accent on Youth," brought the year to a pleasant close.

A young secretary, portrayed by Jeanne Jaccard, confesses her love for her boss, middle-aged playwright Stephen Gaye, played by Walter Roach, Manhattan Theatre director.

The Plot Thickens

The playwright, somewhat dismayed by the situation, believes that the happiness of his secretary would follow if she married a young man who loves her. The marriage proves to be an unhappy one and the secretary returns to her old job after a few days.

Margaret Reissig portrays an actress who planned to go to Europe with Stephen Gaye, but who marries another man before the play is ended.

Outcome Left to Audience

Whether the story ended happily or whether Stephen Gaye continued to ignore his secretary is left to the imagination of the audience. The secretary has returned and Stephen Gaye is dictating another play as the curtain falls.

Others in the cast included Ann Ford, Eugene Kimple, Donald Wood, Joe Jagger and Charles Halbower.

"George Washington Slept Here" was presented at Kansas State in October. The setting, a cluttered old farmhouse, was, according to Director Roach, "twice as much work as most sets."

Newton Fuller and his wife, played by Don Taylor and Barbara Bouck, move to the waterless, windowless stone building and try to make it a livable home. Complications arise in the love affairs of Madge, played by Nancy Brady and the pranks of Raymond, a 14-year-

old nephew, played by Ross Miller.

Uncle Stanley, played by Jack Thomasson, and Mr. Kimber, an eccentric handyman, played by Will Parmely, provided many comedy scenes. A boundary quarrel brings the irate neighbor, played by Bill West, into the play.

A colored servant was played by Doris Blackman, the cook by Betty Hosmer, Madge's boy friend by Al Huttig, a neighbor by LaDean Sage, an actor and his wife by Alan Madsen and Mary Lou Curry. In the cast also were Eugene Kimple, Charles Halbower, Luana Byrns and Jean Vasconcells.

Other Plays Are Presented

On December 11 and 12, the timely play, "Thunder Rock," made its appearance. Charleston, played by Jim Porter, withdraws from civilization to a tiny island in Lake Michigan, where he lives with imaginary people.

Streeter, his friend, was played by Al Huttig, Me-

lanie, by Lois Hull and Anne Marie by Peggy McClymonds. Also in the cast were Jack Thomasson, David Bendersky, George Spangler, Eugene Kimple and Donald Wood.

"Arsenic and Old Lace," combination comedy and melodrama, was chosen for the spring play. In this Broadway hit Abby and Martha Brewster, two old fashioned sisters, serve poisoned wine to prospective roomers in their home. The two ladies continue to give "peace" to old gentlemen until their deeds are accidentally discovered by their nephew Mortimer.

Barbara Bouck played the part of Abby and Marjorie Correll was her sister Martha. Mortimer, the leading man, was portrayed by Walter Roach, director of the play.

The Manhattan Theatre was organized in 1927 by Dr. Howard T. Hill and H. Miles Heberer. Walter Roach, assistant professor in the Department of Speech has been its director for the past two years. Admission to the College plays is included in student activity fees.

LOWELL TREASTER, program director of K.S.A.C., confers with L. L. Longsdorf, extension editor.

Training Is Given

RADIO station KSAC, under the supervision of the Division of Extension, presents programs daily except Sunday. Talks by the faculty, interviews with distinguished visitors, current Office of War Information transcriptions and music appreciation periods are but a few of the many items on KSAC's schedule.

Students, too, use the station for experience in radio work. The Student Broadcasters, a group of radio participation students, present dramatic shows regularly. H. Miles Heberer directs student radio work at Kansas State College.

Though visitors are not allowed in the control room of KSAC due to wartime limitations, they may watch station programs in the studio. Lowell Treaster, program director, coordinates the program activities of KSAC with L. L. Longsdorf, extension editor.

PRESENTING A DRAMATIC show are H. Miles Heberer, director of student broadcasts, Richard Remington, Mary Marjorie Willis, Tom Lanman, Millard Spratt, Nancy Heberer and Bernice Anderson.

In Radio, Debate

THE post-war world with all its problems was the major topic discussed by this year's debate team at its regular meetings twice or three times monthly.

Following months of preparation, three teams of two members each, and one alternate journeyed from Kansas State to Lincoln, Nebraska, for a debate tournament. There they debated the question — Resolved: That the United Nations should establish a permanent federal union with power to tax and regulate international commerce, to maintain a police force to settle international disputes and to enforce such settlements and to provide for the admission of other nations which accept the principles of the union. A team of two debated each side of the question. A member of each Kansas State team received a first speaker rating.

NORMAN WEBSTER, debate coach, gives Zora Zimmerman a few pointers while other team members look on.

Webster to Air Corps

Prof. Norman Webster, director of the debate squad, left for the armed service in March. For that reason, the Missouri Valley conference which was to have been held here this spring, was transferred to Kansas university. Debating activities for the year were discontinued.

DEBATE SQUAD members are: *Back row:* Zora Zimmerman, Harold Mason. *Front row:* Maurine Pence, Dale Spencer, James Porter. Not in the picture: Kenneth Chapman and Embert Coles.

THE COLLEGE BAND, under the direction of Lyle Downey, is ready for a concert.

Musicians Play for College Events

At a blast of the director's whistle, 96 blue-and-gray-uniformed figures march in formation across the stadium at Kansas State. To football fans the fall season begins with this tuneful event.

Under the direction of Lyle Downey, associate professor in the Department of Music, the concert and varsity divisions of the band furnished music for many programs, and twilight concerts in the spring. The

orchestra played at baccalaureate, commencement, the annual Farm and Home Week program and, with the chorus, presented "The Messiah."

Bandsmen spend five hours each week in rehearsal, for which they receive college credit. Members of both the band and orchestra are chosen in competitive try-outs in the fall. The orchestra annually presents a spring concert.

Glee Clubs Give Musical Training

ACTIVE in college programs and entertainments are the men's glee club, directed by Prof. William Lindquist and the women's glee club, composed of the concert group of Prof. Edwin Sayre, and the study group of Miss Hilda Grossman, associate professor in the Department of Music.

With Orchesis, honorary society for women inter-

ested in dancing, these groups presented an act for Farm and Home Week and an act for Y-Orpheum. Their songs have also been a part of assembly and various organization programs. Besides presenting the "Messiah" in collaboration with the orchestra, the choral groups participated in the opperetta "Bluebeard."

GIRLS' GLEE CLUB—*Back row:* Dougherty, French, Jefferson, Jaedicke, Cyphers, Speas, Mickey, Teagarden, Whipple, Elling. *Third row:* Schneider, Nixon, Coe, Smith, Wycoff, Wilsey, Lambert, Hinchee, Cochran, Johnson. *Second row:* Stewart, Billingsley, Weeks, Needels, Anderson, Hill, Boles, Meacham, Neal, Goodman. *First row:* Flook, Jones, Guise, Norby, Hummel, Marshall, Blair, White, Liun, Sluss.

Ensemble, Orchestra Present 'Messiah'

CONDUCTED by Prof. William Lindquist, the choral ensemble, a combination of the men's and women's glee clubs, presented a stirring performance of Handel's composition "The Messiah," at Christmas time this year. Many faculty members and interested Manhattan residents sang with the group of approximately 125 students.

Soloists for the occasion were Miss Clara Jane Billingsley, soprano; Prof. Edwin Sayre, tenor; Miss Hilda Grossman, contralto, and Major Andrew White, bass. Major White, stationed at Fort Riley, was formerly a member of Fred Waring's "Pennsylvanians."

Orchestra Has Part

Accompanying the ensemble was the College orchestra, with Lyle Downey, associate professor in the Department of Music, concert master and Max Martin, assistant professor, principal violinist. Accompanist was Charles Stratton, associate professor and Richard Jesson, assistant professor, was organist.

The program was given under the auspices of Kansas State College and the Manhattan Ministerial Association. This year marked the two hundredth anniversary

of the first performance of Handel's "The Messiah." The original performance was given at a concert in Dublin, Ireland, in 1742, with Handel himself conducting.

After riding to Fort Riley in a convoy of trucks, members of the ensemble presented the program for soldiers at the Cavalry Replacement Training Center on December 22.

Present Easter Cantata

A Good Friday cantata, "A Passion Chorologue," by W. B. Olds, was to be given at the Auditorium during the week before Easter.

After try-outs ensemble rehearsals begin early in the first semester. The singers rehearse as a group each Monday evening and separate glee club practices are held at other times. One half hour credit is given for participation in the ensemble.

This group has been an active participant in campus programs for many years. A Christmas oratorio or similar presentation has been given annually for more than 25 years.

THE CHORAL ENSEMBLE and orchestra await a signal from Prof. William Lindquist, conductor, for the overture of "The Messiah."

Direct Publications

GRADUATE manager of publications is genial C. J. Medlin, whose job it is to unsnarl the problems of beginning journalists. In his office mailing lists are kept up-to-date, business correspondence and filing work taken care of, the national advertising handled and the budget kept in balance.

Editors and business managers of the Collegian and Royal Purple are chosen by the Board of Student Publications. This year the board consisted of faculty members R. I. Thackrey, chairman; H. W. Davis, and E. T. Keith, and students Peggy McClymonds, Drusilla Norby and Francis Gwin.

Gold keys for outstanding work on publications were presented at the Publications banquet in the spring. Don Richards, Mary Margaret O'Loughlin and Lois Hodgson received keys for work on both major publications. For the Collegian, B. L. Werts, Arlene Shoemaker, Charlotte Collins, Margaret Mack, Jack Eckhart, Margaret Reissig, JoAnne Cooney, Jim Miller, Bob Hilgendorf and Dick Remington were honored. Mary Margaret Arnold, Mary Ann Montgomery,

Peggy McClymonds, Alma Dougherty, Jean Shane, Jack Thomasson, Lester Oborny, Elizabeth Crandall, Alice Roelfs, Ahda Somers, Lucy Wells and Elizabeth Fickel received awards for work on the Royal Purple.

BOARD OF PUBLICATIONS members who choose editors and business managers are H. W. Davis, Peggy McClymonds, R. I. Thackrey, Drusilla Norby and E. T. Keith. Francis Gwin who was also on the board left school to enter the service.

1943 Royal Purple

EDITOR OF THE 1943 Royal Purple, Mary Margaret Arnold casts an approving eye over some preliminary layouts for the book.

WITH a brilliant past but a doubtful future due to world conditions, the seven-time All-American Royal Purple successfully achieved publication this year, despite a curtailed budget and wartime shortages of paper, engraving metals, film and other yearbook essentials.

Effort was made not to impair the quality of the Royal Purple in any way regardless of these difficulties. This year's staff of more than 40 students worked long hours with an eye to keeping the 1943 yearbook at the All-American standard. Special effort was made in the book to emphasize the effect of the war on the College.

Layout work, copy writing and editing were under the supervision of Mary Margaret Arnold, editor. Before layouts could be made, around 4,000 pictures had to be arranged for, taken, and engravings made. Chief picture-takers for the Royal Purple were E. T.

Keith, Laurence Blaker, Floyd J. Hanna and Lester Oborny.

Handling the advertising section of the book was the job of Margaret Anne McClymonds. With her assistants she canvassed both local and national advertisers for contracts.

Coordinating the entire business of yearbook production was C. J. Medlin, graduate manager.

BUSINESS MANAGER Bob Hilgendorf and Editor Don Richards critically scan a Collegian just off the press.

KANSAS State's student newspaper, the Kansas State Collegian, is published twice weekly, on Tuesday and Friday, and tells the story of college life on the campus with its news events, feature material and editorials.

The Collegian is a student product, reported and

They Get the News

edited by student journalists without any faculty censorship. The staff has well equipped quarters in the rear of Kedzie hall and also has offices downtown where the paper is printed.

The Board of Student Publications chooses the Collegian editors and business managers who in turn choose their staff members. The editors are selected on a basis of scholastic and journalistic eligibility. All responsibility for contents of the paper rests on the editor.

Betty Lou Werts started as first semester editor but after her marriage relinquished her position to Don Richards. Bob Hilgendorf was business manager.

Other members of the editorial staff first semester were Arlene Shoemaker, associate editor; Charlotte Collins, copy desk editor; Margaret Mack, assistant copy desk editor; Jack Eckhart, sports editor; and Margaret Reissig, society editor. Dick Remington and

FIRST SEMESTER Collegian staff members seem happy about the whole thing as they start a day's work in their Kedzie hall office. Left to right are Charlotte Collins, Jack Eckhart, Don Richards, Arlene Shoemaker, Margaret Reissig and Margaret Mack.

EDITORIAL AND BUSINESS staff members for the second semester put the finishing touches to an issue of the paper at the downtown Collegian office. Around the table are JoAnne Cooney, Lois Hodgson, Margaret Reissig, Mary Margaret O'Loughlin, Bob Hilgendorf, Don Richards, Warren Kerbs and Gene Kimple.

Shirley Hall were Hilgendorf's assistants on the business staff.

Don Richards and Bob Hilgendorf retained their leadership of the Collegian during the second semester.

Second semester staff members were Margaret Reissig, associate editor; Lois Hodgson, copy desk editor; Jim Miller, assistant copy desk editor; Warren Kerbs,

sports editor, whose job was taken over by Dorothy Meutze when he left for the armed services; and Jo Anne Cooney, society editor. Mary Margaret O'Loughlin and Eugene Kimple were business staff members.

In the fall of the year the paper for the spring semester of 1942 was awarded first class rating by the Associated Collegiate Press.

COACHING HIS first semester advertising assistants, Shirley Hall and Dick Remington, is Bob Hilgendorf, Collegian business manager during the entire year.

ROGER MURPHY, editor, and Arthur Worthington, business manager, compare notes on plans for a forthcoming *Ag Student*.

THREE issues of the *Ag Student* were received this year by all agriculture students, faculty members in agriculture curricula and alumni subscribers. Prominent in the issues were pictures of agriculture students on active duty, pictures of the *Ag Barnwarming Queen*, Little American Royal winners and stories written by agriculture students. These articles, written in feature style, were assignments for the *Ag Student* 15-member staff.

Staff Is Reduced

With the enrollment of the School of Agriculture dropping to 135 students second semester, the staff for

Ags and Engineers

the *Ag Student* was reduced. Not only was it necessary to deplete the staff but drastic financial cuts were necessary for the war-hit agriculture magazine.

Murphy Is Editor

Dean C. W. Mullen is faculty sponsor of the magazine while Paul Dittmore acts as advisory editor. Heading the staff of the publication is Editor Roger Murphy. Other staff members are assistant editor, Bill Davis; business manager first semester, Joe Jagger, second semester, Arthur Worthington. The assistant business manager first semester was Don Riffel. Second semester the drop in enrollment caused also the cutting down of the staff. Photographer for the *Ag Student* first semester was Marvin Clark. However, second semester Paul Dittmore acted as photographer while the editor, Roger Murphy, arranged for the pictures.

Actual news from the campus agricultural work was used by the staff in the three issues. This information written and published on the campus gives those interested in agricultural journalism a chance to practice towards future jobs. Courses offered in ag journalism give the *Ag Student* writers a background for their work.

STAFF MEMBERS George Curtis, Ronald Campbell, Bill Davis, Roger Murphy, Marvin Clark, Keith Fish, John Wier, Harold Snyder, and Lester Brenneis discuss and edit the latest publication of the *Ag Student*.

Publish Magazines

COMING out dressed up with a radically different cover design this year, the eight-issue magazine, the Kansas State Engineer, once again took its place as a widely read campus publication.

A high record of precedence for this year's editions was established with the announcement of the national awards received by last year's publication. These awards were made by the Engineering College Magazines Associated, a national organization which includes most of the outstanding engineering colleges and universities of the country in its membership. The Engineer received second place for best cover, best feature stories, and best editorials; and honorable mention for best illustrations. The magazine was under the direction of Editor Tom Martin and Business Manager James Walker last year.

Style Is Changed

Prominent among the changes in this year's magazine was the swing from the highly technical to more general articles with high interest appeal. Feature editor responsible for this change was Saul Rosen. The change to a varied and improved layout, whose design was under the direction of Audrey Jean Durland, added much to the appearance of the magazine.

EDITOR GRANT MARBURGER and Business Manager Charles Jakowatz "dream up" something new and different for the Kansas State Engineer.

The cover, for the first time in history, was self-created by the staff, the illustrations being especially made for the Engineer. The staff of more than fifty members was under the direction this year of Grant Marburger, editor, and Charles Jakowatz, business manager. Milton Clemens served as illustrations editor, and Audrey Jean Durland as personnel manager. The Engineer is edited, managed, and published entirely by the students of the School of Engineering.

Creating much campus interest was the "Intake and Exhaust" engineer "scandal sheet" published annually.

GRACE CHRISTIANSEN and Mary Margaret O'Loughlin had the job of checking and double-checking names and phone numbers for the Student Directory.

THIS year's little green-backed Student Directory, known to the collegiate masses as the "herd book," containing the names, addresses and phone numbers of all faculty members and students, was edited by Grace Christiansen for the second time. She was assisted by Mary Margaret O'Loughlin. These women are assistants to C. J. Medlin.

Besides names and phone numbers, the 100-page booklet also contains a copy of the S.G.A. constitution; a list of all campus organizations both honorary and social, including the names of their presidents, and the words to Kansas State songs.

THE KANSAS STATE *Industrialist* goes to press under the watchful eyes of editors R. R. Lashbrook, R. I. Thackrey and printer John Jenkins.

Edit "Herd Book"

State *Industrialist* is now the official College newspaper. R. I. Thackrey, head of the Department of Industrial Journalism and Printing, is editor. He is assisted by R. R. Lashbrook, Paul L. Dittimore, Mrs. Paul Koefod and alumni secretary Kenney L. Ford.

Industrialist Goes to Alumni

The *Industrialist* keeps members of the Alumni association up-to-date on College affairs. It is also sent to Kansas newspapers and to farm magazines and newspapers which might be interested in late developments at the College.

THE NEWS BUREAU, under the direction of R. R. Lashbrook, sends College news to Kansas papers and to press associations. Assisting him are Margaret Wunsch and June Fredrickson.

The News Bureau, under the direction of Ralph R. Lashbrook, is a part of the 20-year plan formulated by the faculty in 1934 and 1935 for the development of Kansas State College. The News Bureau office is located on the second floor of Kedzie hall.

The purpose of the bureau is to supplement and coordinate the information sent out from the College to Kansas newspapers, the radio station, press associations and magazines. It attempts to disseminate useful information discovered at the College so that it may be of benefit to those who are interested.

Y.W.C.A. STARTS the year with a Big and Little Sister get-acquainted party (above) where students meet the new YW secretary, Rachel Marks, Dean Helen Moore and Mrs. Mary P. Van Zile. Later they sponsor a pre-exam dance (top) to raise money for the World Student Service Fund. In conjunction with Y.M.C.A. they sponsor the annual Y-Orpheum. Dr. Howard T. Hill presents the trophy for the best act to Virginia Flook as a representative of Delta Delta Delta (above, right). The box office is kept busy with ticket sales for the other jointly sponsored program, Aggie Pop (right).

WELL ATTENDED were the YM and YW-sponsored forums, at which Dr. Grimes (top) is shown expounding practical economic theory, and the Christmas Bazaar where gifts from all parts of the world are sold.

Unite Church Groups

groups on the campus. Aside from their regular meetings, the members of this organization sponsor several union meetings during the year. These are held in Recreation Center or in a church. One of the various religious groups acts as host to the others.

The major undertaking of the group was the sponsoring of Christian Affirmation Week, an annual event on the campus. The four-day session was held this year during October. The principal speaker was the Rev. Bernard I. Bell, canon preacher at St. John's Cathedral in Providence, Rhode Island. Other speakers included a number of Manhattan ministers.

Sponsor World Forum

The Religious Federation was also in charge of one of the meetings of the Christian World Forum. The speaker at this meeting was Dr. John O. Nelson, director of the Department of Student Relations of the Presbyterian Board of Education.

Besides these activities, the Federation cooperated in the World Student Service Fund drive on the campus, the proceeds of which went to buy recreational equipment for Americans in Japanese prison camps.

Wilbur Davis was elected president of the group and Helen Pierpoint acted as secretary. The Rev. Charles T. Brewster was their adviser.

Service Is Foundation of College “Y” Groups

Y.W.C.A., a campus-wide organization with a varied activity program, had a new executive advisory secretary this year in the person of Miss Rachel Marks.

Margaret Bayless Jagger was president of the organization, Pat Townley was vice-president, Edith Hanna was treasurer, and Peggy McClymonds was secretary.

Y.W.C.A.-sponsored events were a Christmas bazaar, Aggie Pop, and the college sister program. It also cooperated with the Y.M.C.A. in presenting a Christian World Forum.

Y.M.C.A. officers were: Leon Findley, president; Hugh Kershner, Glenn Cline and Bill Griffing, vice-presidents. Warren Taylor was secretary-treasurer.

Y.M. Sponsors Band Day

Y.M.C.A. also sponsors Band Day, a kickoff for freshman boys and Y Orpheum. It has part responsibility for the Christmas chapel and all-school mixer.

Dr. A. A. “Doc” Holtz is advisory secretary of Y.M.C.A. as well as being men’s advisor. Dr. H. H. King and Dr. H. T. Hill are other faculty sponsors.

Methodists Have Full Program for Students

WESLEY FOUNDATION, organization for Methodist students, is the largest student religious group. Various small organizations combine to make up the large group of which the Rev. and Mrs. B. A. Rogers are supervisors.

Jean Alford was first semester president, Glenn Barngrover was vice-president, Homer Socolofsky was church school secretary, and Keith Jones was treasurer. Best-known feature of the Wesley Foundation

program is the "Saturday Nighter," weekly social event for Methodist students.

Kappa Phi, national organization for Methodist women which meets twice monthly, has Mrs. Rogers as its sponsor.

Edith Beesley was elected president of the group at the first of the year; Margaret Jean Van Horn, vice-president; Kathleen Emmert, secretary; Audrey VanMetre, treasurer.

Congregational Good Fellowship Group Is Active

DELTA SIGMA THETA, religious organization for Methodist men, is directed by the Rev. B. A. Rogers. Homer Socolofsky was chosen president the first of the school term. Harold Johnson, vice-president, Fred Budden, treasurer; Don Findley, secretary; and Dick Danford, pledge master. The organization is nationally affiliated.

The group, which meets twice monthly, has a five-fold program which includes creating a more intimate fellowship, developing leadership and religious study.

The Good Fellowship society is composed of Con-

gregational students. The Rev. C. T. Brewster serves as sponsor for the organization whose purpose it is to help its members with religious problems.

Betty Drayer served as first semester president, Byron Eberle was vice-president, Lawrence Scott was secretary-treasurer, Mary Frances Isely was devotion chairman, and Margaret Gordon was social chairman.

Second semester officers included: Margaret Gordon, president; Charles Colburn, vice-president; Lawrence Scott, secretary-treasurer; Erma Ehrsam, devotion chairman; and Douglas Chapin, social chairman.

Religious Fellowship Provided by Presbyterians

KANSAS STATE'S Presbyterian students belong to the Westminster Foundation, which is directed by the Christian Endeavor cabinet. The Rev. W. U. Guerrant directs the many activities of the group.

Members of the cabinet are chairmen of several smaller groups which combine to make up the Foundation. Marlo Dirks was presiding officer the first semester, Beth Stockwell was vice-president, Keith Seelig, recording secretary, and Maryellen Henderson, corresponding secretary.

Serving as a social organization to furnish a chance for Presbyterian women to know each other better, Phi Chi Delta meets twice monthly. Club members and town women often speak at the meetings concerning devotional problems. Two teas are given each year.

Maryellen Henderson was first semester president, Virginia Gates was vice-president, Margaret Hill was secretary, Louise Bergmann was treasurer, and Lois Grimm was chaplain.

Lutherans Train Youth for Church Activity

TO FURTHER its aim of encouraging the study and appreciation of the church and participation in church activities, the Lutheran Student association meets twice monthly for discussion meetings. Occasionally an outside speaker is the main feature of the evening. Thora Mykland was president this last year. Elna Hanson was vice-president, Viola Olson was secretary, and Arthur Cordes was treasurer.

Gamma Delta is the young people's organization of the Missouri Synod Lutheran church. Officers of

Gamma Delta were: Walter Laue, president; Harold Neff, vice-president; Harold Rall, recording secretary; Ruth Achelpohl, corresponding secretary; and Norman Kruse, treasurer.

Training college youth for activity in the church in years to come is the purpose of Gamma Delta.

Faculty directors of the Lutheran Student associations are Miss Inez Ekdahl and Prof. Verne Sweedlun. The Rev. H. H. Frohn is advisor for Gamma Delta.

C. E. Group Draws Many Young People

SERVING in the office of president, Bill Thies headed Christian Endeavor, the young people's organization of the Christian Church. His aides were Merritt Atwell who was vice-president, Helen Pierpoint, secretary and Harold Staadt, treasurer. Regular Sunday evening meetings included a fellowship hour, vesper service and forum. Social activities included skating parties and hikes. Rev. and Mrs. J. David Arnold are sponsors of the C. E. group.

Kappa Beta is the Christian women's society. It is a national organization and boasts the distinction of being the oldest of its kind on the campus. Gail Haley served as president of the group which met twice monthly during the year for its varied programs. Other officers were: Betty Lou Wiley, vice-president; Twila Schafer, secretary; Luella Reed, treasurer. The club has several benevolent projects to which it contributes throughout the year.

Wise and Newman Clubs Meet Regularly

THE Bishop James Wise club, an association of Episcopal college students, holds supper meetings every Sunday evening in the Student Center of the Parish hall of St. Paul's Episcopal church.

During the year members of Wise club received monthly corporate communion on the third Sunday of each month and entertained their bishop, the Rt. Rev. Goodrich Fenner.

Faculty advisers of Wise club are Miss Emma Hyde, Miss Dorothy Barfoot and Aimison Jonnard. Earl Seifert was this year's president.

The more than 200 Catholic students at Kansas State are members of Newman club. They meet in the church basement for breakfast and religious discussion following corporate communion on the first Sunday of each month. The discussions this year were led by the Rev. E. J. Weisenberg, S.J.

Other major activities were a get-acquainted dance at the Avalon and Lenten study clubs.

Beth Bowers succeeded George Inskeep as president of Newman club when he left for the Army. M. F. Ahearn is faculty adviser.

NEWMAN CLUB members and their advisers stand in front of Seven Dolors Catholic Church where their monthly meetings are held.

Religious Fellowship Offered by B.Y.P.U.

WITH its purpose of offering a complete religious program and also social companionship, the Baptist Young People's union meets every Sunday evening. Roger Slinkman was president of the organization this year, Emily Wray was first vice president, Laurel McLeod was second vice president and Earl Splitter was secretary-treasurer. B.Y.P.U.'s major activity of the school year was the entertaining of 30 soldiers from Ft. Riley once every month. Their all-day

annual retreat in the spring is another popular event. Dr. A. A. Holtz and Miss Stella Harris sponsor the group.

The women's organization of the Baptist church is Theta Epsilon. Emily Wray was the group's president, Laurel McLeod was first vice president, Ruth Mary Meacham was second vice president and Lois Droegemeier was social chairman. Miss Stella Harris and Mrs. A. A. Holtz are sponsors.

MILITARY

College ROTC Assumes New Importance

COLONEL JAMES K. CAMPBELL, head of the Department of Military Science and Tactics, poses with his two Cocker Spaniels, "Wigs" and "Wags."

TWELVE hundred men in olive drab took military training more seriously at Kansas State College this year as the United States entered the second year of World War II.

Regular and extra-curricular activities were minimized as 1,200 men and 200 officers of this unit of the Reserve Officers' Training corps prepared themselves for active duty on world-wide battle fronts. Complete attention was given to the oath of allegiance, "I do solemnly swear that I will support and defend the Constitution of the United States against all enemies, foreign and domestic . . ." "Military" was uppermost in the minds of the ROTC trainees.

Campbell Heads Unit

Colonel James K. Campbell, Infantry, United States Army, headed the Kansas State ROTC unit again this year. Before coming here in 1937, he was with the 11th Infantry at Fort Benjamin Harrison, Indiana. Previous to this assignment he was with the 27th Infantry in Hawaii. Colonel Campbell was promoted from lieutenant colonel to his present rank in March of 1942. Working with a staff of nine commissioned officers, he influences the military life of each basic and advanced ROTC student on the campus.

With trumpets blaring and drums pounding rhythm, the pace was set by the military band for the military units passing in review. Members of the band are regularly enrolled in the two-year basic training and compete for positions and membership in the band. The band, under the direction of Prof. Max Martin is busiest during the spring when inspection is in the air, but any

sunny day will find the band on the field with shiny brass and beating drum practicing for special days.

Advanced students in ROTC are given command of the different batteries and companies which make up the Kansas State unit. It is their duty to see that the basics "make the grade." The cadet officers have charge of drilling the basic students.

Annual Military Inspection Is Big

ROTC UNITS "pass in review" before K-State officers and honorary cadet officers in the annual spring inspection.

One of the gala days of the school year is inspection of the K-State ROTC unit by the Army. Last year was no different. Bands were playing and flags were waving in honor of the celebration. Every basic — as well as every advanced — man had been busy for days shining brass buttons and pressing the olive drab.

Inspection day is the final test for the cadet officers, too. For as their units compete for the best company, so they are judged according to their ability as officers. As the *Royal Purple* went to press, it was undecided whether or not the annual review would be held this spring.

Event for Kansas State Cadets

LAST YEAR'S honorary cadet officers and escorts watch inspection from the sidelines.

Because of the shortage of materials for the fighting men in the Far East and in Africa, K-State relinquished over 2,000 rifles from the College ROTC.

This shortage was felt by the students when the manual of arms was taught with wooden rifles. It was not noticed greatly at the first of the year when there were just enough rifles for one or two squads at a time, but by January and February the use of wooden rifles was inaugurated for the entire group. The few arms left were used by the ROTC cadets at target practice on the rifle range of the new Military Science building, the rifle range of the new Military Science building. Range practice early in the year was held at the Stadium.

Cadets Are Taught

Commando tactics and bayonet drill were introduced at K-State this year to meet regular Army regulations. Commando tactics were evident with men in fatigue uniforms wriggling about on the campus trying to hide behind a clump of grass.

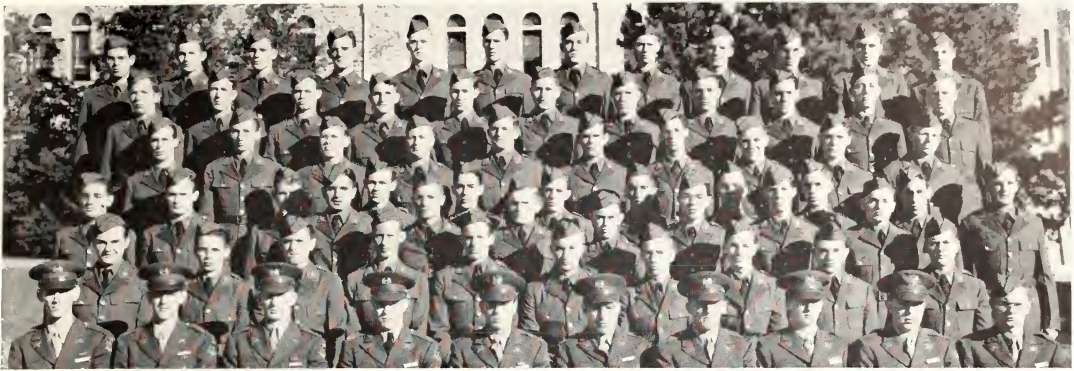

Actual combat training was increased in ROTC to cope with the world struggle which the men will eventually face. Rigorous calisthenics took the place of regular drill with rifles. A two-hour workout once a week with supplementary drill periods did much to keep the potential soldiers "in condition."

CALLS OF "short thrust" and "long jab" train military men to be on their toes.

Commando Tactics

Work on the new Military Science building was discontinued until an appropriation from the legislature could be secured. This came as quite a jolt to the men who had high hopes of using the new building soon. Work was continued in late spring.

Plans for the building are unusual in that the front is to be two stories with a basement, while the middle section is to be a basement and first floor. The back of the building is just a first floor addition. This stair-step fashion is to accommodate the entire rifle range in the basement.

SECOND FLOOR evidence appears as the new Military Science building takes shape.

ROTC CADETS look unhappy after experiencing an actual tear gas drill.

Military courtesy was practiced to a greater extent this year as basic students were required to salute cadet officers and men on the military staff.

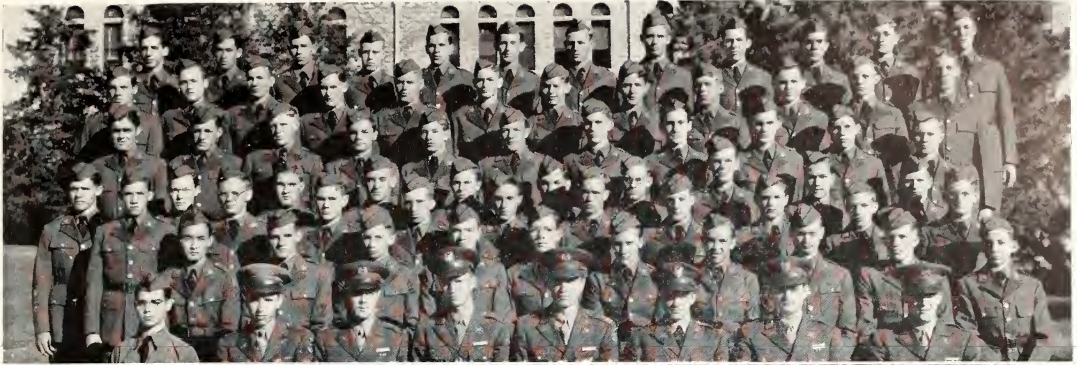

This was done principally to prepare the men for active duty, helping to relieve them of shyness and awkwardness.

Another new practice this year was that of wearing uniforms to recitation classes. Late last spring this practice was started, and was continued through the summer and winter of 1942 and 1943.

The entire basis of military at K-State was practice and training for active duty with the armed forces. Actual endurance tests, rope climbing, rifle practice and basic drill were emphasized in the new war-time military program.

New life was seen on the campus when trainees of the Army Air Force came to Kansas State for part of their instruction. The problem of housing these men was solved by fraternities' renting their homes to the air crew.

Actual army discipline was witnessed in strictest form as these cadets marched to and from classes and drilled every day. Kansas State became military in the strict sense of the word when these air crew men and uniforms were added to the 1,200 K-Staters taking ROTC training.

These men, some of them fresh from other colleges swelled the man power at K-State and added to the military air that was so evident on the campus during the second year of war.

ENLISTED STAFF members are: Staff Sgt. Roy Wilson, Tech. Sgt. Harvey Williams, Sgt. Fred Grisham, 1st Sgt. Elmer Larson.

At the annual Military ball, Virginia Howenstine was presented as honorary cadet colonel. The attending officers were Esther Anne Weeks and Dorothy Robinson. Members of the Cadet Officers' club were hosts at the dance, the only formal all-school dance of the year.

Red, white and blue were carried out in the color scheme with drums decorating the ceiling. Military uniforms and formals added to the atmosphere of the affair. Miss Howenstine was presented by Cadet Colonel Rex Pruett. Cadet Major Edgar Glotzbach and Lt.-Col. Bob Schriber presented Misses Weeks and Robinson.

BATTERY H—*Back row:* Mead, Houlton, Kaiser, Mische, Marshall, McClaren, Lindgren, Hodges, Larsen, Lawson, Marx, Maxwell, Herman, Harr. *Fifth row:* Laybourn, Kilian, Richard Medlin, Lacy, Long, Newlin, Hoopman, Kellogg, Meyn, Luce, Mabes, Edward Johnson, Keas. *Fourth row:* Hutton, Leckron, Knappenberger, Mueller, Landau, Newman, Kilkenny, D. The presentation of the honorary cadet officers was made during a grand march. At the foot of the bandstand, a rifle arch was made by ROTC officers through which the queens were escorted.

Music for the evening was provided by Matt Betton and his band. A crack drill squad exhibition held the dancers' attention during intermission.

Miss Howenstine is a member of Pi Beta Phi sorority, Miss Weeks is an Alpha Delta Pi and Miss Robinson is a Kappa Kappa Gamma.

The receiving line for the Ball included: Col. and Mrs. J. K. Campbell, Dr. and Mrs. S. A. Nock, Mrs. F. D. Farrell, Dean Helen Moore, Gladys Devore and Tom Fletcher.

O. C. S. a Prerequisite for Commissions

The continuation of the government's orders for no summer camps was still felt by advanced ROTC officers at Kansas State. However, the uncertainty that was felt last year as to the exact standing of the cadets was not evident this year. This year it was definitely known that the cadets would not receive commissions for active duty immediately upon completion of the eight semesters of ROTC.

Many Leave in January

Most of the advanced men are members of the en-

listed reserve, subject to call on 24-hours notice. Directly responsible to the government under the reserve, these men were required to attend the two summer sessions of school last year. This enabled eighty-five of them to complete the four years' work by January, 1943. Immediately then, they went into an officers' school prior to being commissioned. Artillery seniors were sent to Camp Davis, N. C., and infantry men to Fort Benning, Ga., Fort Knox, Ky., and Camp Hood, Texas.

COMPANY I—*Back row:* Zillhart, Neill, Scheu, Templeton, Reed, Yaussi, Moles, Sibrava, E. Spencer, Pope, D. Williams, Schumaker, H. ROTC Cadet Officers Are Organized

Military-minded cadets may further their mutual interest in military affairs through the fellowship of Scabbard and Blade. This national organization was established as the first Kansas chapter, Company I, First Regiment.

Founded in 1926, the K-State chapter of Mortar and Ball is best known for the originality of its initiations. This national fraternity is a brotherhood for artillery men.

Joe Rowlen is president of Mortar and Ball and Major Harold Stover is faculty sponsor. Advisor for Scabbard and Blade is Capt. M. J. Peters and Howard Teagarden is president. The two organizations sponsored a formal dinner dance early in the year.

ONE HEALTHY SWING goes from active to pledge in a Mortar and Ball initiation.

Picture Story

KANSAS STATE COLLEGE

1943

Eighty years have passed since Kansas State made its entrance into the field of American education. Since that time it has become a widely-recognized, vitally important institution for training young men and women for service to society. Now that that society is engaged in a gigantic struggle for survival the College is adapting its educational policies and facilities for war service. We present the picture story of this achievement: Kansas State College, 1943.

Fraternity men worked hard to get the season's prize pledges, dragged out records, cigarettes, trophies, convertibles . . .

Sororities smiled and teased through a war-curtained rush week, went coking after the final round to show off new pledges.

Assorted freshmen yawned and pondered over the mysteries of induction week aptitude tests . . . tried to find x . . . told whether or not they liked spinach . . .

Alien learned about Kansas State College on campus tours . . . got hot in the furnace room . . . ice cream at the dairy counter.

3,209 Kansas Staters struggled through September's enrollment haze . . . got their pictures taken . . . haggled over schedules . . . got the wrong profs and too many eight o'clocks . . . welcomed old classmates . . .

then got 57 varieties of tests and "shots" at the soon-familiar "Student Health."

"I do solemnly swear . . . that I will bear true faith and allegiance to the United States of America . . . that I will serve them . . . against all their enemies . . ." K-State youths looked earnest when taking Enlisted Reserve oaths . . .

and ROTC basics proudly tried on khaki uniforms — to be worn some three times weekly.

Everybody got acquainted . . . and trampled on . . . at the all school mixer . . . Rain spoiled the outside games, but "Pappy Zeke" Betton's jive soon brought out the silver lining . . .

KSC students resurrected everything from safety pins to an old potato peeler (above) for the scrap drive.

YWCA big and little sisters played games . . . met the new secretary . . . ate ice cream . . . made friends . . . at the sister party.

Princesses Davies, Downie, DeBruler, Griswold, Monroe milked cows, picked chickens for the ags.

Almost all of Kansas State went to see 70 Fort Riley CRTC troopers stage their "Life of Riley" . . . music was swell . . .

and the bewigged and padded "WAACS" created such a riot the old auditorium literally shook on its foundations.

Cadet officers prepared for the serious business of war . . . learned the intricacies of a gas mask . . .

thought of Guadalcanal . . . Corregidor . . . Tokyo . . . while running through real tear gas in practice drills . . .

then got together for a good cry when the show was over . . .

Kansas State's most kissable coeds sold smooches for war stamps in an "all-out for victory" Homecoming.

Fort Riley-manned tanks brought Homecoming princesses and queen to the coronation grounds . . . Ex-Governor Ratner and David Lupfer handled the show . . . presented Francine Burton the bouquet and queenship . . .

Enthusiastic fans cheered wildly . . . if vainly . . . for a Homecoming victory over Kansas University.

Army, navy and marine officials conferred with Colonel Campbell and Assistant Dean Durland about K-State students' war status . . . recruited many for the Enlisted Reserve.

Armistice day brought no holiday . . . found ROTC students serious, thoughtful of things to come.

A quiet election gave independents a majority of upper class offices . . . while freshmen Greeks won everything in sight.

A one-day Thanksgiving holiday found Kansas Staters eating turkey — and all the fixin's — here.

Victory over Iowa State brought a self-declared holiday . . . bonfires . . . jam session . . . a general all-around good time . . . Classes were raided . . . shows were crashed . . . A win over Nebraska was even more epoch-making . . .

but found K-Staters celebrating more calmly . . . with cheerleaders and band . . . at a Monday morning assembly-rally.

Night shirted coeds told bedtime stories . . . while local drug store cowboys gave out with a little hill billy jive at the YWCA-sponsored Aggie Pop.

Kansas' new governor and ex-All-American Andy Schoeppel starred at the annual KSC football banquet along with local athletics bigwigs.

Military queens, cadet major Weeks, cadet colonel Howenstine and cadet major Robinson, ruled over the Military ball . . . with much pomp and circumstance . . .

ROTC seniors leaving between semesters were given a farewell shindig by local Elks.

Kansas State music lovers were enthralled by the magic of Percy Grainger at the piano . . . later by the vibrant quality of the tenor voice of Roland Hayes.

Potential soldiers found their education disrupted with the news that the Army reserve would be called at the end of first semester.

Some 150 seniors graduated in January . . . were entertained at a banquet by the Alumni association . . .

Then collected long-sought diplomas in the Registrar's office.

Weary students relaxed . . . and exchanged condolences . . . over cokes when finals were over at last.

The long arms of Uncle Sam reached out . . . leaving Kansas State looking like a virtual female seminary when second semester registration rolled around.

Olathe Clippers played a "homecoming" game at Kansas State . . . Ex-basketball coach Lt. Jack Gardner and his ex-Kansas State team members downed their Wildcat opponents.

Home economics students demonstrated the latest kitchen techniques to Farm and Home week crowds.

By the dawn's early light . . . sleepy students groped their way to eight o'clocks (War Time) all winter.

Kansas State coeds learned to take temperatures . . . count pulses . . . apply bandages . . . in Red Cross first aid and home nursing classes.

Fraternities moved out . . . bag and baggage . . . and Petty drawings . . .

turned their houses over to Air Corps trainees who arrived complete with duffle bags in February.

Dean R. A. Seaton, faculty and army men held many conferences to arrange details of the new training program.

Signal corps trainees studied the mysteries of the ether . . .

Air crew men went to classes . . . studied hard . . .

stood cheerfully in line for "chow" at the cafeteria.

Students dug deep to double their Red Cross quota for the year . . .

Kept on digging to go to Victory dances where admission was war stamps.

The end got nearer . . . spring fever had to be ignored . . . the library began to do a rushing business . . .

And then it was over . . . for some . . . who marched solemnly to the Stadium for coveted sheepskins.

THANKS ARE DUE A. Varga, creator of Esquire's famous "Varga Girl" drawings, who picked Kansas State's most beautiful coeds for the Royal Purple. From unidentified pictures of the twelve candidates he selected the four winners appearing on the next four pages. Above, he poses with one of his own "Varga Girl" models.

Dear Miss Arnold:

Your beauty contestants provide an ample sample of the kind of vital voom that gives American girls their handsomely deserved reputation for being, in the aggregate, lovelier than those in any other land.

Your queen is lovely and elusive as a dream.

Cordially yours,

A. Varga

Book III

AN INNOVATION this year was the Interfraternity Pledge council carnival (shown above). Admission to each booth was a war stamp. Betas, in white coats, are shown (at left) taking their turn at the annual Interfraternity Sing. Bedecked A.T.O.'s entertained at a frontier party, but Alpha Xi's (lower left) preferred formal dancing. Preferential dinner is always a gala occasion as at the Kappa house (below).

RUSHEES LISTEN attentively as Miss Kathleen Knittle explains the ins and outs of Rush Week. Later in the year the round of fraternity and sorority parties begins. Delts and their dates are rigged up for a half 'n half party (right) while Pi Phi's stage their formal dance at the Avalon. Chi O's (lower right) entertain fraternities at open houses and Tri Delts (below) go formal for their party.

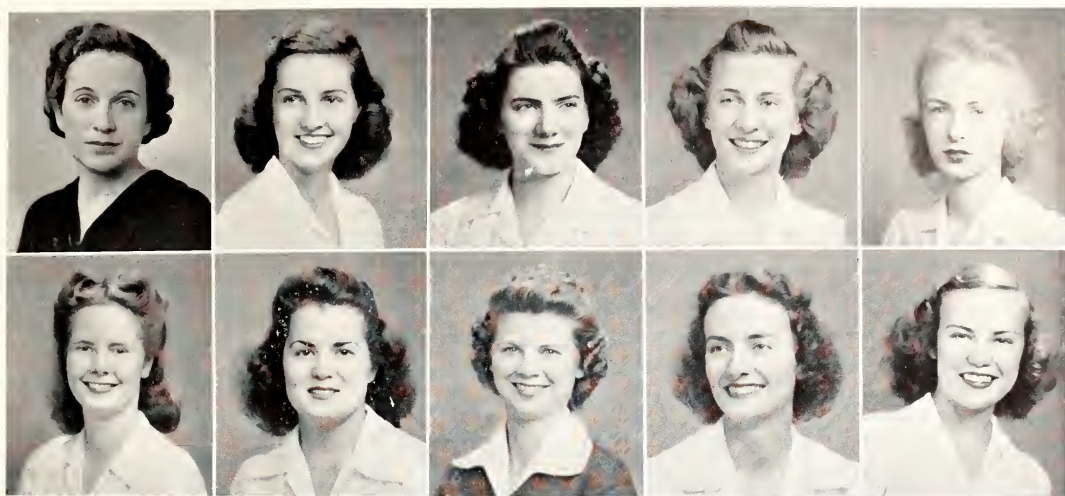

RUSHEES DO A LAST bit of primping at the stairway mirror in Van Zile hall during Rush Week (above left.) TKE members have their formal dinner at the College Cafeteria (below left), while Sigma Nus (above) dine at the Country club.

TRI DELTS AND dates do the Conga at their sophisticated Manhattan Serenade party (above right). Phi Delt's enjoy conversation and a pin ball game while waiting for their formal dinner to commence (above). Alpha Delta Pi's (right) entertain dates with dancing, ping pong and bridge in the basement.

SR. WOMEN'S PANHELLENIC—*Top row:* Kathleen Knittle, Nan Sperry, Betty McLeod, Jean Babcock, Audrey Jean Durland. *Bottom row:* Ruth Nichols, Edith Dawley, Emily Theye, Margaret Ann Massengill, Peggy McClymonds.

INDEPENDENT STUDENT UNION members have fun (above) at one of their frequent dances at the Avalon this year. The Barbs, another Independent student organization, stage a formal party in gaily decorated Recreation Center (right). Verna Lee Butcher and Laree Robins (below, right) perform for the other members of Amicossembly at an informal party. Midweek hour dances in Rec Center (below) were another feature on the social calendar of the many Independent students.

131 Live at Van Zile

VAN ZILE hall, Kansas State's popular residence hall for women, accommodates 131 students and boasts a long waiting list of women wishing to live there. The dormitory, built in 1927, is located on the extreme northeast corner of the campus. It was named in honor of dean of women emeritus Mrs. Mary P. Van Zile.

This year nearly 70 per cent of the women reduced their expenses by helping with the cooking, serving and cleaning at the "dorm." Seniors in institutional management, living at Van Zile for a semester's training, supervise the work.

Open House Starts Year

An Open House at the beginning of the year started this year's season and a number of house dances were presented during the year. Forrest Cloud and his orchestra played for the annual Van Zile formal in November.

Marcella Ulrey was elected president for the first

FORMALLY ATTIRED Van Zilers and their dates move down the receiving line before the dancing starts at their fall formal.

semester and Marilyn Utermohlen took over second semester. The governing at Van Zile hall is done by a student council which is made up of representatives elected from the various wings of the building. Director of residence is Miss Dorothy Hamer.

Van Zile hall was the result of a movement begun in 1919 to establish a number of dormitories at the five state schools of Kansas.

VAN ZILE HALL was "home" to these 131 girls this year. More than half of them helped pay their expenses by working on the cooperative plan.

INDEPENDENT STUDENT PARTY COUNCIL—*Back row:* Lucille M. Drown, Margaret Ann Collings, Pat Prather, Verna Beil, Shirley Kilmer, Billy Lou Wiley, Margaret Hirman. *Second row:* Thora D. Mykland, George F. Campbell, Solon D. Fisher, Loma J. Robley, Maxine Clark, Harold L. Siegele, Wilma Gantenbein Childers. *Front row:* Lynn B. Alford, Charles V. Jakowatz, Wayne Weller, Wesley F. Buchele, Helen Stagg, Warren Cooper, Leon D. Findley.

Independent Students Are Organized

POLITICALLY minded students comprise the Independent Student Party council which directs the policies of its faction in and out of election campaigns. All Independent candidates for class offices are automatically part of the council and a few other students are also chosen for membership. Solon Fisher and George Campbell were selected co-chairmen of the Independent Student Party. Margaret Ann Collings was secretary of the group and Adzianna Blochlinger

served as treasurer.

Concordia club is a local church fraternity for Lutheran young men. Its weekly meetings were presided over by Walter Laue who was chosen for president. Earl Olson and Arthur Neff were first and second vice presidents, respectively. Theodore Olson filled the secretary's position; Arthur Cordes was treasurer; Ernest Nelson, social manager. Social activity played a major role in the year's program.

Organized Houses Serve Independent Students

REACHING a new high in popularity, Independent men's and women's organized houses played a major role in social events of the school year.

The activities of Laramie Hall, one of the largest

men's houses, were guided by Clancy Ferguson, president; Leroy Eppinger, vice-president; Gene Bohnenblust, secretary-treasurer; and Chester Garton, social chairman.

TWIN PINES—*Back row:* Charles N. Smith, Bob J. Flipse. *Third row:* John Wm. Vawter, Elmer H. Strathman, Jack J. Hoeler. *Second row:* James W. Hearn, John B. Healy. *Front row:* Jim G. Lareau, Mrs. Charles O. Gross, Warren McDaniel.

ALOHA COTTAGE—*Back row:* Patrica Putnam, Charlotte Collins, Evelyn Mitchell, Helen Dieter. *Fourth row:* Beth Rene Noble, Helen Pierpoint, Ruth Mary Meacham. *Third row:* Phyllis L. Mattson, Alberta M. Hineman. *Second row:* Bonnie J. Moon, Wilma Taylor, Elda E. Warner. *Front row:* Earlene E. Warner, D. Charlene Louthan.

Two large pine trees in its front yard furnished the source for Twin Pines' house name. President of the house was Robert Flipse, vice-president was Jim Hearn, social chairman was John Vawter, and secretary-treasurer was Elmer Strathman.

Charlotte Collins held the top position at Aloha Cottage, which has been organized for about eight years. Other officers were: Helen Pierpoint, vice-president; Helen Dieter, secretary-treasurer; and Frances Zibell, reporter.

Clark's Gables had Bonnie McRill as president, Eileen Carswell as vice-president, Margaret Hinshaw as social chairman, and Mary Jean West as secretary-treasurer.

Officers at Coed Court were: Gloria Spiegel, president; Nadine Marshall, vice-president; Jane Chase, secretary-treasurer; Helen Craft, publicity chairman.

President of Corcoran's Castle was Lucille Rosenberger; Helen Stallard, vice-president; Mary Jagger, secretary-treasurer; Darlene Daetwiler, social chairman.

15 Women's Houses

Newly organized this year, Hill Top Haven is one of 15 Independent women's houses in Amicossembly. Officers who engineered the activities of the house were: Maxine Smith, president; Lily Johnson, social chairman; Sarah Risser, secretary-treasurer; and Roberta Ince, publicity chairman.

A Spanish name, La Fiel, meaning "the faithful," was chosen by one house which began the school year by organizing its 17 women. Betty Stewart was president, Doris Dyal held the office of vice-president and publicity chairman, Maxine Clark was secretary-treasurer, and Inez Van Beber was social chairman.

Pat Prather was head of the active Pal-O-Mie house. Other officers were: Phyllis Barr, vice-president; Mabyn Fuller, secretary; Wilma Staehli, treasurer; and Kay Jones, social chairman.

SHANE'S SHANTY—Back row: Loma J. Robley, Virginia Klemp, Margaret E. Hill. Fourth row: Shirley I. Kilmer, Sarah E. Kurtz. Third row: Mary Lou Curry, Georgiann Alexander, Rosemary E. Steelsmith. Second row: Doris Lupton, Eleanor Blackburn. Front row: Mrs. Kenneth Shane.

SKYWOOD HALL—Back row: Irene C. Swanson, Mrs. Neil E. Swanson, Gale Ault Krietemeyer, Irene Strotkamp. Fourth row: Freida Grace Hardeman, Elizabeth W. Ploger, Madonna Cromwell. Third row: Lucille C. Anderson, Betty A. Stamp. Second row: Adzianna M. Blochlinger, Marjorie H. Janke, Alberta Groves. Front row: Ahda M. Somers, Audrey B. Somers.

Shane's Shanty has been outstanding as a leader in the organization of Independent students. Its officers which were elected at the first of the school year were: Shirley Kilmer, president; Loma Robley, vice-president and social chairman; and Virginia Klemp, secretary-treasurer.

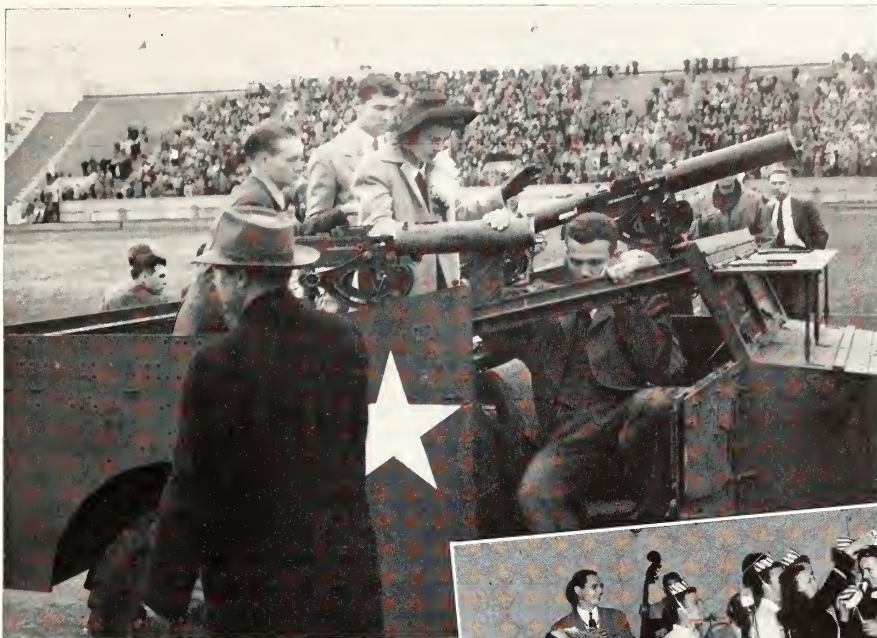

Skywood Hall was the name given by one group of college women to their house which is located high above the street. Officiating at Skywood Hall were: Irene Swanson, president; Adzianna Blochlinger, vice-president; Elizabeth Ploger, secretary-treasurer; and twins Ahda and Audrey Somers who acted as social chairmen for the house.

Ten Live at Stucco Inn

A house with a descriptive name is Stucco Inn where ten Independent college women live. Ruling at Stucco Inn were officers: Jean Estep, president; Mary Frances Isely, vice-president; Betty Lou Wiley, secretary-treasurer and reporter; and Verna Lee Butcher, social chairman.

STUCCO INN—Back row: Mary Beth Pearce, Rea Lou Matson, Blanche Sardou. Fourth row: Jean E. Estep, Wana Lou Collings. Third row: Verna Lee Butcher, Phyllis L. George, Betty Lou Wiley. Second row: Mary F. Isely, Laree Robins. Front row: Mrs. A. F. Roberts.

HONORS CAME this year to Francine Burton (above) Kansas State homecoming queen; to Wendell Bell (right) crowned King of Pep; to Charlotte Stevenson (lower right) who received the Mortar Board plaque for the highest grade average of any freshman woman last year; and to those initiated into Purple Pepsters (below).

Phi Kappa Phi Elects High-Ranking Seniors

FIFTY-NINE members of the graduating class were elected this year into Phi Kappa Phi, national honorary scholastic fraternity. Twenty-four of these members were chosen in November, and the remaining 35 in April.

To be eligible for membership in the organization a student must be in the upper ten per cent of his class scholastically.

Prof. I. V. Iles was president of Phi Kappa Phi this year. Other officers were Prof. Charles W. Matthews, vice-president; Prof. Arthur B. Sperry, treasurer; and Prof. Myra Scott, journal correspondent.

The local chapter of the organization was established on this campus in 1919. Since that time election to membership in the society has been the highest honor which the College bestows on a student. It was through the efforts of Phi Kappa Phi that Kansas State College was recognized by the American Association of Universities.

ORCHESIS MEMBERS practice a dance sequence to be presented at Y-Orpheum.

Orchesis Members Learn Modern Dancing

ORCHESIS is an ancient Greek term meaning "to dance." Thus this organization creates an opportunity for girls interested in modern dancing to express themselves rhythmically.

Membership is limited to students who can pass a dance test and think of dancing as an art.

This year the club took part in a Home Ec lecture group on dance; gave a program for the U.S.O. and the Fort Riley service club, and gave a lecture-demonstra-

tion for the Social club.

Orchesis members also danced in Y-Orpheum. They presented *Rhapsody in Blue*, an interpretative dance to Gershwin's music, and a dance-farce to *Arkansas Traveler*.

Officers for this year were Vivia Cadwallader, president; Olive Webster Hineman, secretary-treasurer; and Mary Louise Johnston, dance recorder. Miss Irmel Williams is sponsor of the society.

Sponsor Projects

Prix, honorary organization for junior women, did its bit for the war by sewing for the Red Cross and by sponsoring a "Turkey Trot" on Thanksgiving afternoon for students who did not get home because of

transportation difficulties. The group was headed this year by Mary Margaret O'Loughlin.

Thirty-four new members were elected this year to Dynamis, all-school organization with scholarship as a basis for membership. President of Dynamis was Mary Marjorie Willis.

DYNAMIS—*Back row:* Griswold, Babcock, Gemmell, Carol Stevenson, R. Townley, Montgomery, Dawley, M. M. Willis, P. Townley, E. Members whose pictures do not appear are Melvin Stiefel and Leo Wempe.

Pep Groups Direct

EVERY semester an upperclass active from each fraternity is elected to Scarab. Members are those prominent in activities and interested in political work. Good-fellowship is the object of the group, headed this year by David Lupfer.

Paul Chronister was president of K Fraternity, a club open to all men who win their varsity letters. Sponsoring the sale of freshman caps and enforcing the wearing of them is the yearly undertaking of this group. C. S. Moll is advisor.

PURPLE PEPSTERS—*Back row:* Anderson, Bernard, Cawood, Babcock, Larrick, Palenske, Venning, Holt, Hatcher, Lowe, Cooper. *Third row:* Mangels, Johnson, McRill, Hanson, Small, Stewart, Pearson, Botkin, Danielson, Horton, Sperry, Hamilton. *Second row:* Terrill, Green, Dutton, Bishop, Kirk, Cleveland, Hill, Vancil, Johansen, Monroe, O'Loughlin. *Front row:* Holm, Yeo, Darby, Linscheid, Jones, Poole, Jagger, Myers, Clark, Howenstine.

Campus Enthusiasm

Enthusiasm is the special role of the Purple Pepsters and Wampus Cats. Purple Pepsters is a local chapter of Phi Sigma Chi and Wampus Cats of Pi Epsilon Pi.

Headed this year by Margaret L. Hill, the Pepsters bought a \$75 War Bond with the proceeds of the annual Gold Diggers' Ball which they sponsor.

Howard Whiteside was president of Wampus Cats. Vice-president Wendell Bell was voted this year's "King of Pep."

A **PURPLE PEPSTER** initiate proposes to a bewildered swain while "fellow sufferers" cheer her on.

Doepfner, Victoria Majors, Wilma Gantenbein.

Cosmo Club Promotes International Good-will

COSMOPOLITAN club is organized to promote international understanding on the campus. Its membership includes foreign students and about an equal number of Americans. President this year was Abdul Khalaf from Palestine. Victoria Majors was vice-president, Mary Frances Isely was secretary and Harvey Harakawa was treasurer.

The annual "Feast of All Nations" at which a native dish is served by each foreign student was held in November this year.

Quill Club Is Active

The local chapter, Ur Rune, was established by

the American College Quill club on this campus in 1915. The club aims to promote creative writing among college students. Members are chosen on the basis of manuscripts submitted to be read and judged by a committee.

Special project of Quill club is the publication each spring of "The Mirror," a magazine of creative writing.

This year's officers included: Margaret Anne Massengill, chancellor; R. W. Conover, vice-chancellor; Lois Hodgson, corresponding secretary; Margaret DeDonder, treasurer; Dorothy Dunbar, recording secretary. Miss Ada Rice is faculty sponsor.

QUILL CLUB—Back row: Betty Brass, Robert W. Conover, Dorothy Dunbar, Jean Babcock, Ada Rice. Second row: Lois V. Hodgson, Martha A. Peterson, Dora Lee Danma, Mary Marjorie Willis, Ethelinda E. PI KAPPA DELTA—*Back row:* Doris Swalwell, Alma Henry. *Front row:* Mary Marjorie Willis, Maurine A. Pence, Rex Pruett.

Debaters Sponsor Campus Gripe Session

PI KAPPA DELTA, national honorary forensic organization, aims at furthering oratory, debate, extemporaneous speech and the dramatic arts at Kansas State.

Though its activities were somewhat curtailed this year by the war, local members, with Rex Pruett as president, planned to play host to the Missouri Valley Forensic league in April. The meeting was transferred to Kansas university when director Norman Webster left for the armed services. They also sponsored the annual "Gripe Session" at which any student may speak extemporaneously and frankly about his pet peeve. Alma Henry was vice-president and Doris Swalwell was secretary. Faculty advisor was Prof. Norman Webster.

Alpha Phi Omega, national service organization, offers leadership training in scouting. Members are former Boy Scouts.

Start Blood Bank

This year they gave blood to start a plasma bank at a local hospital and continued the work of having Kansas State students' fingerprints sent to the files of the Federal Bureau of Investigation. These are useful for identification in case of disaster. Sponsoring Scout Day on the campus is another Alpha Phi Omega project.

First semester president was Bruce Johnson. Wendell Williams was president second semester.

Front row: Wilbur M. Davis, Clancy
Ferguson, Edward G. Buss.

Inter-Society Council Heads Lit Groups

INTER-SOCIETY council consists of two members from each of the three literary societies existing on the Kansas State campus. Each senior representative is succeeded by the junior representative the following year. Browning and Ionian are societies for women and Hamilton is for men. The three groups are organized for the purpose of training students in public speaking and the methods of conducting formal meetings.

The council sponsors an annual oratorical contest entered by two contestants from each of the clubs. This year the council also conducted a forum during World Forum week.

Arranging joint meetings, parties and picnics for the three societies is the business of the council which was headed this year by Lucille Owen. Mrs. E. B. Working is faculty sponsor and Miss Helen Elcock is advisor to the group.

Mary Zoe Stahl presided over the Browning society second semester. At their regular meetings, the women gave book reviews and presented a number of plays. Vice-president was Elizabeth Ploger and recording secretary, Lavina Belle Goodman. Officers first semester were: Betty Drayer, president; Lois Hodgson, vice-president; and Rowene McMaster, recording secretary.

BROWNING LITERARY SOCIETY—Back row: Rowene McMaster, Ethel McMichael, Erma L. Ehrsam, Lavina Belle Goodman, Adzianna M. Blochlinger, Theda Fayne Inslee. Second row: Mabel Irene Lovell, Donice Averne Hawes, Marjorie Lee Force, Virginia L. Suddarth, Marguerite M. Reel, Lucille Owen. Front row: Ann E. Dueser, Mary Zoe Stahl, Elizabeth W. Ploger, Ruth M. Ausherman, Betty J. Drayer, Marjorie J. Russell.

IONIAN LITERARY SOCIETY—*Back row:* Marjorie White, Dorothy L. Wilson, Peggy Pearce, Dorothy L. Scollick. *Second row:* Jo Ann Jefferson, Irene C. Swanson, Delora Nissen, Helen Drake. *Front row:* Jean Werts, Harriet Litton, Eleanor Allison, Mary M. Conrad.

Societies Stress Cultural Development

SPECIAL programs to broaden the literary background of the student are presented at Ionian society meetings on Saturday afternoons. Sometimes the programs are put on by the members themselves, while at other times outside talent is presented. The meetings consist of book reviews and talks on such topics as art, music or prominent literary figures.

Conrad Presided

Mary Martha Conrad, this year's president, presided at the meetings. Other officers were: Dorothy Wilson, recording secretary; Delora Nissen, corresponding secretary; and Marcella Ulrey, program chairman.

Hamilton, the brother society of Ionian, has been on the campus since 1889. During the past year it had several joint parties with the Ionians.

Its weekly meetings give members training in public speaking in the form of discussions and debates.

Faculty advisor for the men's group is Dr. C. V. Williams. Wilbur Davis was president; Dave Holtz, vice-president; H. Richard Holmes, secretary; and Bernard Pierce, treasurer.

The literary societies were practically the first organizations to be chartered on the Kansas State College campus. The societies have been active on the campus ever since their founding.

HAMILTON LITERARY SOCIETY—*Back row:* James M. Brown, John E. Martin, Edred Williams. *Front row:* Lawrence W. Scott, Wilbur M. Davis, David A. Holtz, H. Richard Holmes.

Enchiladas Promotes Panhellenic Spirit

ENCHILADAS is the Greek women's social dancing organization which has as its purpose the promoting of panhellenic spirit.

Its membership includes seven college women from each of the seven sororities. Members are chosen for their dancing ability and personality traits.

Turning to patriotic activities this year, Enchiladas sponsored a war bond and stamp Varsity the first semester and aided in the "Stamp Sessions," weekly college dances given to help with the bond and stamp drive on the campus.

As part of their initiation Enchiladas members sold apples at the football games.

On its list of activities the dancing organization also had two formal dances of much social significance during the year.

Lillian Hoover directed the activities as president first semester, Adaline Poole was treasurer and Barbara Millhaub was secretary. Officers second semester were Roberta Townley, president; Ruth Nichols, vice-president; Rita Anderson, song leader, and Iantha Terrill, secretary.

Collegiate 4-H Club Draws Many Farm Youths

THE largest and one of the most active organizations on the campus is the Collegiate 4-H club, which has a membership of over 500.

Among the many and varied activities carried on by this organization is the publishing of the Who's Who, a 96-page pictorial review of the activities of the College chapter and the other 4-H clubs in the different counties of Kansas. This year the book was under the editorship of Lucille Owen and it will be distributed at the annual 4-H club Round-Up in June.

Other activities include a dinner-dance in the fall, a semi-formal in April, six other dances, and two picnics. The club also sponsors the weekly Saturday afternoon 4-H radio program over station KSAC.

Lois Bartell was awarded the silver loving cup for winning this year's membership drive.

The first semester's president was Keith Jones. Cecil Eyestone directed the club during the spring semester. Prof. M. H. Coe, state 4-H club director, is sponsor of the organization.

Alpha Zeta Picks High-Ranking Ag Students

SCHOLARSHIP, leadership, character, and personality are the bases upon which students of agriculture are selected for membership in Alpha Zeta, the national honorary fraternity for ag students.

Each semester new members are elected from the upperclassmen who stand in the upper two-fifths of their class in scholarship.

Medal Is Awarded

The main purpose of Alpha Zeta is to promote

the interests of agriculture. Each year the fraternity awards a medal to the freshman in the School of Agriculture who has the highest scholastic average for the year. This year the medal was won by John Hirleman of Wichita.

Other activities of the fraternity include a stag banquet, a dinner-dance, and an annual smoker.

Don Wood is the chancellor of Alpha Zeta for 1943. Roger Murphy was this year's chancellor.

Frisbie, John R. Massey, Walter H. Smith, George W. Curtis, Kenneth E. Griffith, Harold L. Hackerott.

Block-Bridle, Tri-K Are Active Ag Groups

THE Block and Bridle club is a national organization for students interested in animal husbandry. The club sponsors the student livestock judging contest each spring. Additional activities include two dances and two picnics during the year.

Cornwell Is President

Jack Cornwell acted as president of the group this year, John Massey was vice-president, Walt Smith was treasurer, and Art Worthington was the secretary.

Prof. Rufus Cox is faculty advisor for the club.

The Klod and Kernel Klub, better known as "Tri-K," is made up of students in the Agronomy department.

Among other activities the Kansas chapter publishes the news letter for the student section of the National Society of Agronomy. A crops judging contest in the spring semester and a steak fry and picnic in the fall semester constitute other activities of the club. Don Wood is president.

TRI-K CLUB—*Back row:* Darrell A. Russel, Bill Wieland, Carol C. Montgomery, Oral Brunk, Carl R. Gray, Melvin S. Burkhead. *Second row:* Marvin B. Clark, Chester B. Wood, Corliss D. Goyen, Leslie H. Flipse, Harold L. Cox.

KENNETH CHAPMAN receives the Alpha Mu award to the outstanding freshman in milling industry last year.

Seminar and Honorary

THE Kansas State College Dairy club is made up of students of the Department of Dairy Husbandry.

This year's activities included a stag party, a steak fry, a spring picnic, three judging contests, and the serving of meals to dairymen attending Farm and Home Week. John Aiken was president.

Alpha Mu is the only honorary milling fraternity in the world. Membership is limited to milling students with leadership qualities and high scholastic standing. Warren Schlaegel is president.

ALPHA MU—*Back row:* Lester J. Brenneis, Jack Muse, Eldon Gladow, Morris Buckman, J. E. Anderson, Ronald G. Billings, Hall Milliard. *Second row:* Foster W. Yeager, Warren Schlaegel, Arthur N. Ag Clubs Supplement Class Training

THE Milling association is a seminar group composed of all students in the Department of Milling Industry. Dr. R. O. Pence is the faculty advisor of the association and Marlo Dirks is president.

The association is composed of about forty members and has for its purpose the development of a better understanding between milling students and faculty members.

The association sponsors a football and a basketball team. Their annual get-together is a picnic in

the spring.

John Aiken is president of the Sears club, an organization of students who have received a Sears-Roebuck Agricultural Foundation Scholarship.

Scholarships are awarded to outstanding high school graduates who, by their work in F.F.A. or 4-H clubs, have distinguished themselves.

The local Sears club was organized in 1937 by the first group to receive these scholarships. Sponsor of the club is Assistant Dean C. W. Mullen.

MILLING ASSOCIATION—*Back row:* Lester Brenneis, Jim Johns, Jack Muse, Homer Elling, Foster Yeager, Ronald Billings, Ernest Semersky. *Third row:* Warren Schlaegel, William Hanser, E. G. Bayfield, C. Ag Ec Students Have Social, Professional Group

THE AG EC club is a social and professional organization of the students in Agricultural Economics. It is organized for the purpose of promoting further friendship between the faculty and students.

Meetings are held twice a month and students and faculty members lead group discussions on some phase of agricultural economics. During Farm and Home Week, tours are arranged by club members for the visitors.

However, business is not the only concern of the Ag Ec club, for a smoker and picnic were also in-

cluded in this year's activities. This year's president was Merlin Line. Dr. W. E. Grimes is faculty sponsor.

The Danforth Fellowship is composed of students who have been awarded the Danforth scholarship. The object of this group is to carry on the work of the Danforth Foundation on the Kansas State campus. All of the members have attended the summer camps conducted by the national organization.

Meetings are held once a month. Prof. L. F. Payne is the faculty advisor. James Cunningham was president of the club this year.

DANFORTH FOUNDERS—*Back row:* Marjorie G. Davies, Donald E. Riffel, Edward G. Buss, Roberta Townley, Elaine Rohrer. *Second row:* Mary Pratt, Marcile Norby, Keith G. Jones, Mary R. Vanskike, Beth A. Froning. *Front row:* Bernard W. Knowles, Chester E. Peters, John M. Aiken, James S. Cunningham, Roger Murphy.

BRIG. GEN. HOGE chats with Dean Seaton after telling an assembly of engineering students about the construction of the Alcan Highway.

Govern Engineers

OF GREAT interest to all engineering students was the presentation of Brigadier General Wm. M. Hoge, commander of the Ninth Armored Division, at an all-engineering assembly December 10. General Hoge, who talked on the Alcan Highway, was in charge of the entire road during its highly marveled construction.

Governing all engineering students, the 1942-43 Engineering council is the student administrative body of the Engineering school. This council is composed of executive officers elected at large and members chosen within special groups.

Council Is Representative

Every student in the Engineering school is a member of the Engineering association. The council, representing the members of the association, appropriates the general engineering seminar fees of the entire school, considers all proposals submitted to it from the inner organizations of the school, and arbitrates on all judiciary matters which arise. The council's president was George Mendenhall, vice-president, Max Gelwix. Assistant Dean M. A. Durland is faculty sponsor of the Engineering association.

Sigma Tau, Steel Ring Honor Engineers

SIGMA TAU has the distinction of being the only national honorary society for engineers from all departments. The membership is made up of outstanding engineers who are chosen from those with high scholastic standing in the school. The wide activity program of the society was under the leadership of Robert Myers this year. The sponsor is Prof. L. V. White.

Service to the School of Engineering and Archi-

ture is the purpose of Steel Ring, honorary engineering fraternity. Membership bids, highly coveted among the students, are based upon leadership, scholarship, and extra-curricular activities. Activities center around various school projects. Officers for this year included George Mendenhall, president; and Grant Marburger, vice-president. Prof. L. M. Jorgenson is faculty sponsor.

STEEL RING—*Back row:* Don Stuewe, George Campbell, Donald Willis, Lacey Kent, Arthur Holste, J. W. Greene, L. M. Ross, Lee R. Rarick, John E. McFall. *Front row:* Boyd B. Brainard, David J. Blevins, William R. Kimel, Edward Williams, Vern Heinsohn, Raymond H. Shideler.

Mechanicals, Electricals Have Honoraries

THE honorary mechanical engineering fraternity, Pi Tau Sigma, has played an important part in promoting general welfare in the department. Members are selected on the qualities of leadership, scholarship, and service, based upon their service during the first two years in college.

Award to Sophomore

A goal worth working for is the annual award made by the fraternity to the outstanding sophomore in mechanical engineering. President of Pi Tau Sigma this year was David Blevins.

To recognize "those men who by their attainments in college or practice have manifested a deep interest and showed exceptional ability in their chosen life's work" — Eta Kappa Nu was organized for the electrical engineer. The student association on this campus fulfills this purpose by recognizing those students showing outstanding ability in electrical engineering, and has established a prominent place for itself in the engineering division. The association's president for this year was Bob Parsons. Prof. R. M. Kerchner was faculty sponsor.

ETA KAPPA NU—*Back row:* Joe McDonald, Raleigh Cossaart, H. C. Hanks, Gene Swafford, Robert Dennison, Raymond Warner, Leon Findley, Daryl Hawkins. *Second row:* Robert Schreiber, Charles Jakowatz, Clair Barb, George Hetland, Bob Lucas, Gordon Osburn, Bob Parsons. *Front row:* Roger Slinkman, Loyd Peterson, Kenneth Johnson, Darren Schneider, Byron Farnsworth, Donald Myers, Harold Volkmann.

AMERICAN INSTITUTE OF ELECTRICAL ENGINEERS—*Back row:* Graham, Rolf, McDonald, King, Swindler, Whiteside, Beckwith, Gault, Hewson, Swanson. *Second row:* Warner, Smith, Danford, Kingsley, Bukovatz, Teeter, Grier, Dennison, Findley, Williams. *Front row:* Cossaart, Heland, Chessmore, Suiter, K. Johnson, Crooks, Roloson, Murphy, Wilcox, Fichtner.

A. I. E. E. Is Active Professional Group

SERVING as the connecting link between the student electrical engineer and practicing engineers in the electrical field, the student branch of the American Institute of Electrical Engineers is an active professional organization on the Kansas State campus.

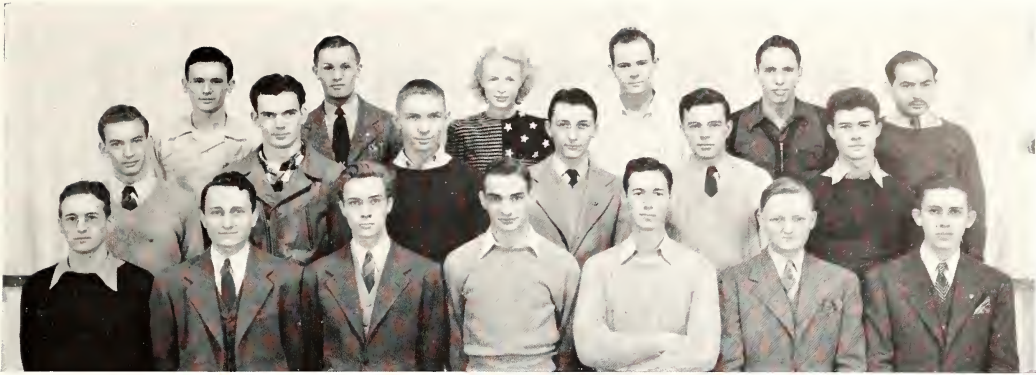

The national organization promotes the formation of student branches and grants student membership at a reduced rate. Through work in the student branch activities, the student engineer is acquainted

with some of the problems of his profession. Meetings, which are held twice a month, give the members an opportunity to hear professional talks and become acquainted with successful electrical engineers.

Officers of the Kansas State branch of the American Institute of Electrical Engineers during the past year were: Roger Slinkman, chairman; Charles Jakowatz, vice-chairman; William Dague, corresponding secretary; and Daryl Hawkins, treasurer.

Organizations Link Engineering Students

THE student branch of the American Institute of Architects is enjoying its fourth year of existence on the campus of Kansas State College. The organization serves as a link between the architecture and architectural engineering students, as well as a source of information on recent building trends. Contact with professional architects and engineers has proven invaluable to student members. Prof. Paul Weigel is faculty advisor of the group which was headed by Don Willis.

David Lupfer led the American Institute of Chemical Engineers through another active year. The group brings many prominent industrial men to the campus each year as speakers for its meetings. Dr. E. H. Northey of the American Cyanamid company was the outstanding speaker of this past year, attracting a large audience from members and the public. A view of practical chemical engineering is gained through the various activities—and friendly contacts through social meetings.

Civils Bring Highway Builder to Campus

EVERY junior and senior civil engineering student is introduced to the problems with which he, as a young engineer, will be confronted in practice through his membership in the American Society of Civil Engineers.

The organization, through the leadership of Vance Miller, president, and Max Gelwix, vice-president, was responsible for securing the outstanding speaker for general engineering seminar of the year, Brigadier General Hoge, builder of the now famous Alaskan

Highway.

The American Road Builders' association is concerned primarily with giving the latest information on the problems of airport and highway construction to its members. Many interesting speakers have made up their programs this year, and social meetings consisted of a smoker last fall and a barbecue this spring. Membership is open to any junior or senior engineering student. The officers included Lacey Kent, president, and Don Grutzmacher, vice-president.

Seminar Groups Give Job Advice to Engineers

THE American Society of Agricultural Engineers was founded at the University of Wisconsin in 1907. The Kansas State student chapter was formed twenty years ago. Its programs, which pertain to engineering and agricultural subjects, bring students and faculty into close contact, and acquaint the students with the problems encountered in the business world.

The senior American Society of Mechanical Engineers is the only strictly senior organization of its

kind in the School of Engineering. With an eye to the future, the president, Sam Jewett, and vice-president, Bob Myers, invited seminar speakers to discuss the relative merits of the many jobs now available in the technical, petroleum, industrial and aeronautical engineering fields. Other meetings featured motion pictures, and still others presented speakers from leading industries. Social events of the past year included a smoker in the fall and a spring picnic.

Journalists Are Active

SIGMA DELTA CHI and Theta Sigma Phi are national professional organizations for journalists. C. J. Medlin is faculty advisor for the men's group and Miss Jane Rockwell is the Theta Sig's faculty sponsor.

The two organizations sponsor an annual journalism picnic to celebrate newspaper week. Sigma Delta Chi was headed first semester by Hurst Majors and second semester by Don Richards.

Theta Sigs, with Mary Margaret Arnold as president, collected magazines for the soldiers in Fort Riley hospitals.

Business Students Hear Commerce Leaders

OPEN to all students in the curriculum of business administration, the Business Students' club meets regularly in order to hear speakers in the field of commerce. The group also sponsors a field trip to Kansas City each year.

John Koger presided over the club both semesters and Dr. W. E. Grimes acted as faculty sponsor.

To replace Bob Kirk, who left school at mid-semester, Art Cordes was elected president of Alpha

Omega chapter of Alpha Kappa Psi, national professional commerce organization. Prof. C. R. Thompson is faculty advisor.

Twice during every month the members of Alpha Kappa Psi hold business and professional meetings, at which times they hear lectures by business men in their line of work. The society annually presents a scholarship medallion to the business administration junior with the highest grades.

Arts-Sciences Honoraries Stress Scholarship

MU PHI EPSILON, honorary music fraternity for women, presented its annual recital in April. Each member took part vocally or instrumentally. The purpose of the organization is the advancement of scholarship, fellowship and the recognition of women composers.

Wilma K. Price was president of Mu Phi Epsilon this year. Hilda R. Grossman was vice-president; Esther Wiedower, secretary; and Clarice M. Painter, treasurer.

Phi Alpha Mu is an honorary organization for women in the School of Arts and Sciences. It was announced this year that for the 1941-1942 school session, Phi Alpha Mu excelled scholastically all other campus groups, social and honorary. Their average was 2.413 out of a possible 3 points. This year's president was Mary Marjorie Willis. Miss Stella Harriss continued as faculty advisor. Virginia Bell won the \$25 award to the pledge with the highest grade average.

Athletes Belong to Phi Epsilon Kappa

PHI EPSILON Kappa, national professional fraternity for men in the Department of Physical Education, has scholarship as a basis for its membership.

The Kansas State chapter hears monthly lectures by instructors in the Athletics department. But there's a social side to membership in Phi Epsilon Kappa, too. Twice a year they have joint parties with women majoring in physical education. President of the club this year was Dean Lill. Prof. L. P. Washburn is faculty advisor.

Named for Grad

Williston Geology club, named for Samuel W. Williston, a graduate of Kansas State, is composed

of students majoring in geology.

Claude Matthews, president of the organization this year, was one of six advanced students in the department to take a 700-mile field trip to south-eastern Kansas. The expedition, sponsored by the Geology club, was for the purpose of studying the various formations of rock in the Pennsylvania period. Many specimens were collected by the students in the geologic section of Manhattan, Bonner Springs and Galena.

The geologists also sponsored a seminar regularly. Outside speakers were heard frequently on the programs of this club. Faculty advisor for the group is Prof. A. B. Sperry.

HOSPITALITY DAYS visitors (left) are impressed with the effects of various diets on white mice. Grand finale of the annual home economics exposition is the Hospitalsity Hop in the Gym (right).

Hospitality Days Stress War Adjustments

THE thirteenth annual Hospitality Days exposition of the School of Home Economics was held on April 15 and 16 this year despite transportation difficulties for those who generally attend. Wilma Staehli was general chairman of this year's Hospitality Days, the theme of which was "We Also Serve."

A reception in Recreation Center on Thursday evening replaced the usual opening banquet. Exhibits were on display only Friday instead of on two days as in previous years.

Exhibits Stress Home Front

The exhibits were designed to show the different phases of work in the Home Economics school as they

relate to the war situation. They showed how the home economist can best serve herself, her community and her nation on the home front. Special emphasis was placed on the work of the dietitians and nurses in the war. During the exposition, high school girls, home economics teachers and women from all over the state visited the campus. Besides being shown the exhibits, the visitors were entertained at various meetings and round tables.

The activities were climaxed by the annual Hospitalsity Hop in Nichols Gymnasium. The theme of this year's hop was "This Is Worth Fighting For." Music was furnished by Matt Betton's orchestra.

THETA chapter of Omicron Nu was established on the campus in 1915. Members of this honorary national home economics professional society are seniors and juniors. President this year was Maryanna Lock. Miss Alpha Latzke was faculty advisor for the group.

Executive council is the governing body of Home Economics club. Members are committee chairmen of the various groups in Home Economics club—freshmen club, service club, radio club, publicity club and nursing club. Marcile Norby headed the council and Miss Margaret Raffington was sponsor.

Cater to Interests

A group of women interested in radio form the Radio club, part of the Margaret Justin Home Economics club. The members write and produce a fifteen-minute weekly informative broadcast. At their regular meetings the women write and read radio scripts and hear prominent speakers. Edith Dawley was president this year.

Every home economics freshman is assigned to a group headed by one of the home economics counselors. These upperclassmen, chosen by Home Economics club, meet regularly with their groups to advise them on social and school problems.

K-State Vets Are Jr. A.V.M.A. Members

KANSAS STATE'S School of Veterinary Medicine is one of the top five of colleges in the United States offering such a course. Due to the war, the curriculum has been accelerated to meet the need for veterinary doctors in both Army and civilian life. The 220 students enrolled in the course will be allowed to graduate in three years with two summer schools instead of the formerly required four years. The total of 137 hours of work remains the same, however.

Students in the School have their own organization, the junior chapter of the American Veterinary Medical association. The society is a combined social and professional group headed this year by Kalo Hineman. Dean R. R. Dykstra is the faculty adviser.

The organization entertained members and their dates at the annual Javmarak, a sport dance. Another important party of the year planned by the Jr. A.V.M.A. was the dinner-dance for all vets, featuring a guest speaker of national importance in the veterinary field.

This year, the Junior Vets were runners-up in the basketball intramurals, beaten only by the House of Williams team. Also, they did their part by contributing 10 dollars to the Red Cross War Fund drive.

VETS AND THEIR dates have a hilarious time at the annual "Javmarak."

The association endeavors to develop its members technically in veterinary medicine, and acquaints them with actual cases of students who have worked in veterinary hospitals during the summer. Guest speakers at the bi-monthly meetings are doctors of veterinary medicine. Initiation into the Jr. A.V.M.A. is a private affair and strenuous for the freshmen "students."

Wives of veterinary students belong to the Jr. A.V.M.A. auxiliary, which has frequent social meetings.

CLASSES

Book IV

SENIOR OFFICERS George Mendenhall, Betty Lou Wiley, Arthur Pryor and Helen Stagg are caught during that afternoon "pause that refreshes."

Mendenhall Directs Senior Activities

ONE Greek and three Independent students were elected to the senior class offices in a quiet election on November 19. This year there was almost none of the intense campaigning which usually characterizes class elections. Only sixty-one per cent of the seniors voted in Recreation Center for their favorite candidates.

They chose George Mendenhall, Sigma Phi Epsilon, for president. Other officers were Arthur Pryor, vice-president; Helen Stagg, treasurer; and Betty Lou Wiley, secretary.

Officers Plan Sneak

These officers directed plans for the annual senior sneak day in the spring when classrooms are deserted in favor of jam sessions and picnics. Tom Martin was appointed to act as chairman of the sneak committee, aided by Helen Stagg and Grant Marburger. A committee under the direction of Betty Lou Wiley arranged for invitations to the commencement exercises. Other members of this committee were David Lupfer and Arthur Pryor.

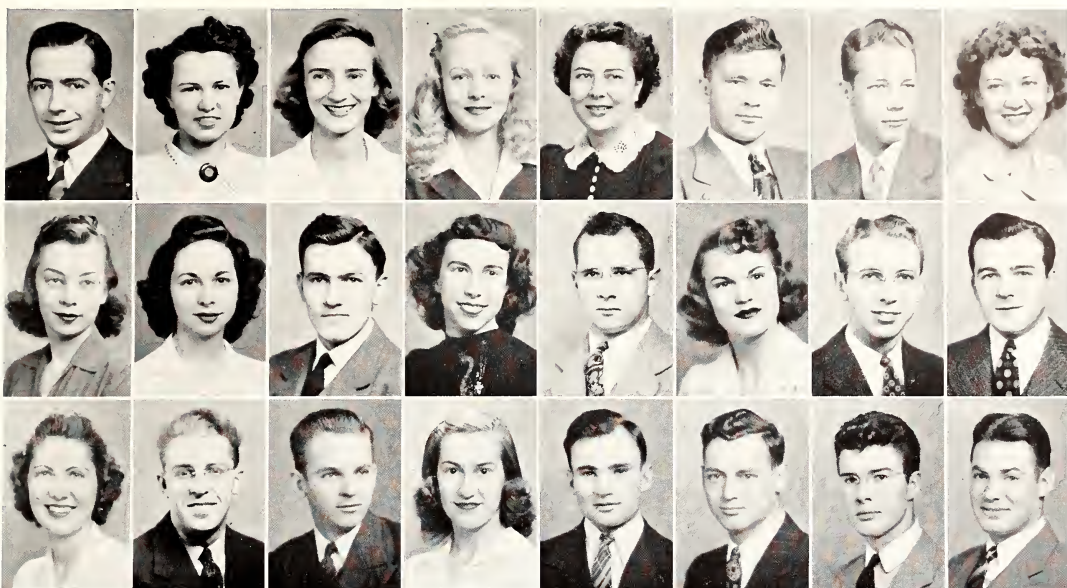

Only a comparatively small number of senior men were unable to finish school because of the draft. This was possible because senior vets and engineers were automatically deferred until graduation. Many were not called because they were taking advanced military or because they were in some enlisted reserve.

Representative Seniors Chosen

On the basis of citizenship, character, leadership, and scholarship, the College deans chose six seniors as representative of their Schools. These were: Kalo Hineman, School of Veterinary Medicine; Patricia Beezley, School of Home Economics; Leon Findley, School of Engineering and Architecture; John Wagoner, School of Graduate Study; Hurst Majors, School of Arts and Sciences; George Inskeep, School of Agriculture.

Outstanding seniors and professors whose pictures appear on the following pages through the senior and underclass sections were selected by an impartial committee of faculty members and students from all the Schools of the College.

JUNIOR CLASS officers John Aiken, Marlo Dirks, Virginia Gemmell and Bill Kimel discuss their plans over a coke.

Greeks, Independents Divide Offices

THE election of class officers which took place on November 19, was termed the quietest election in many years. About 60 per cent of the sophomores and juniors cast their votes in Anderson hall. As a result of the balloting, Marlo Dirks, an Independent, ruled as president of the junior class. The other three officers of the class were Greeks. Vice-president was Bill Kimel; secretary, Virginia Gemmell; and treasurer, John Aiken.

Sophs Go Independent

The sophomores reversed the procedure, having three Independents and one Greek officer. Their president was Lynn Alford and vice-president, Shirley Kilmer. Amy Griswold, Greek, was class secretary. The flipping of a coin decided that Harold Siegele was treasurer, after he had tied his Greek opponent, Kenneth Chapman.

Candidates were chosen by petitions signed by 25 students in their class. To be eligible for election, a student

must have a one point average the preceding semester, a one point average so far in school and be passing all courses at the time.

The polls opened at 8 a.m., and soon afterwards two Independents and two Greeks from each class began to count the votes. A member of the Student Council and a faculty member were present at the counting. Student Council vice-president Ned Rokey was in charge of the election.

Frosh Elect Three Greeks

Freshmen chose Bill Faubion as president at their election in October. Vice-president was Howard Gwin. Betty Gail Parker had the dual role of secretary and treasurer. All three were pledges of Greek organizations.

Co-chairman of the Independent Student party were Solon Fisher and George Campbell. The Greeks are headed by Women's Panhel and Interfraternity council.

HAROLD SIEGELE, Shirley Kilmer, Lynn Alford and Amy Griswold (above) headed the sophomore class this year. Below are freshman class officers being introduced by Ross Zimmerman at a dance for freshmen early in the year. They are: Howard Gwin, Betty Gail Parker and Bill Faubion.

UNDERCLASSMEN FIND registration a confusing job, and look over their books carefully to see what they're to learn. But by the time class elections roll around (right and lower left) they campaign and cast their ballots as established members of the student body. Comes spring and they scramble to find their pictures in the *Royal Purple* (lower right).

Campus Life

Here we go again, boys.

We thought of being Hairless Joe lost on the campus of Kansas State collich. We even thought of being Daisy May and Li'l Abner. We could have been "Lonely and Blue" writing a lovelorn column. We might have entertained you with the letters of a coed to her absent soldier boy friend. We could have told you about Sunshine Sonny Chappel, whose thoughtful brothers routed him out of bed at two-thirty one morning with "Sonny get up, you'll be late for your eight o'clock!" After pushing and pulling Sonny into his prettiest zoot suit they deposited the half alive boy on the steps of the Ag building. Hours later Sonny dragged home. Quote Sonny: I tried every building on the campus, they were all locked. There wasn't even any lights. Do

you suppose we aren't having school today? Unquote.

We might have given you a few poems to ponder over such as:

Your reasoning, my darling, is never of the best . . .
But, oh, I am enamoured of the hair upon your chest.
Your conversations indicate a striking mental lack . . .
But, oh, I am enamoured of the muscles in your back.
Be silent, dear, and all my love will never stop a minute . . .

Your head is no less beautiful because there's nothing in it.

But we knew your reaction to poems.

So we thought of telling you about how all the Pi Phis dyed their hair, and turned up the next day with

platinum bangs, even May Pierce, my deah. But if we mention one sorority we have to mention them all, so here goes . . .

Chi Omega—and, ho hum, the Delts, period.

Alpha Xi Delta, was it they who started this panicky rush to the altar? We wouldn't know, but we had to say something.

The if-you-can't-do-any-better-Tri Delta gals did all right in the Y-Orfume, plug, due to the sole efforts of Colonel Caldwell's little girl Betty. But then the Alpha Delts only started on their act one little week before the final curtain, and what can you do in one little week?

Answer to this \$64 question: Please refer to the Larry Wood-Esther Anne Week.

The Kappa Delts: All their men are leaving for the service. But then whose aren't? They sometimes manage to marry them first, though. Which is more than we can say.

Clovvia: Their stock has gone, up, it says here. And we believe it too. Might call 2960 sometime, and investigate.

If not thoroughly satisfied your money and box top will be cheerfully refunded.

Oh yes, the Alpha Delta Pis, nuff said, or will be. At this point we all went out for a drink, water, of course.

More jokes occurred to us: Don't ask us why.

We had the honor system at Kansas State, but the faculty had to cut it out.

"Why," he said, walking right into it.

Well, the pros had all the honor and we had all the system.

Then there was the civil engineer who said, "Seaton never tears his hair when things go wrong."

Mechanical, "What, no temper?"

Civil, "No, no hair."

Ok, so it pained us, too.

are usually half baked.

It seems that a girl has to drink like a fish to be in the swim these days.

He who laughs last has found a double meaning.

When a fellow puts on the dog for a girl she must be prepared for a little pawing.

Girls who wear slips seldom make them.

Some girls are like trees. Those with thick limbs are the hardest to shake.

They say a half breed is a fellow with a cold in one nostril.

When a gigalo marries it becomes: love, honor and no pay.

Broad-mindedness is the ability to smile when you suddenly discover your roommate and your girl are missing from the dance floor.

Knees are a luxury. If you don't think so, just try to get a hold of one.

Then there was the wolfhound who asked the cunning poodle if she would like to see his itchings.

Did I hear someone yell "Ouch?" We'll stop, but not for long.

We might have told you about the Orchesis deal in

Y-Orpheum, but you probably heard the reverberations, anyway. We recommend the use of pince-nez, glasses to you, gate, for all members. Elnora Cooper and Ahda Somers, leaping like a brace of startled faun, collided, at center state, like a couple of Mack Internationals. It wasn't graceful girls, relly.

We heard a sophomore ask a freshman what his greatest ambition was, the other day. The frosh replied, "To die a year sooner than you." The sophomore wanted to know what the reason was for that, so the freshman replied, "Then I'll be a sophomore in hell when you get there."

~

Here is one we couldn't resist:

"You say he kissed you only once last night? What was the matter?"

"Nobody interrupted us!"

Here is something we noticed on the school bulletin board: Girls may attend this dance, but no dresses are to be worn above the knees.

We tried to get tickets, but none were to be had.

Overheard in the Canteen:

Betty: Last night George gave me his heart.

Ruth: Well, he gave you damage goods, because the night before he told me I'd broken it.

~

He: Have you any pet hates?

She: No, I love everything about petting.

~

Bored senior: I've got a new name for the girl friend.

Equally bored senior: What is it and why??

B. S.: Baseball, because she won't play without a diamond.

~

Sigma Nu: My roommate fell downsairs last night with a fifth of Johnnie Walker.

Sigma Nu, also: Did he spill any?

Sigma Nu: No, he kept his mouth closed.

~

Senior: Who is she?

Junior: She's Helen Carrs.

Senior: You don't say. How is she in davenport?

~

Sophomore: You should place your hand over your

mouth when you yawn.

Freshman: What, and get bit?

She: I fainted, they brought me to. So I fainted again.

He: Why?

She: So they would bring me two more.

First gossip: Were you entertaining last night in the living room with the lights out?

Reply: Well, my boy-friend thought so.

Horace wanted to kiss me sixteen times last night.

How do you know he did?

Because, I counted them.

Typical inhabitant of the Canteen: Are you the girl who took my order?

Waitress: Yes, sir.

T. I.: Well, I'll be darned, you don't look a day older. With this we left the Canteen.

In search of humor, still, we decided to canvass the campus biggies. Results: We got as far as gorgeous

Georges Mendenhall and quit. Said Mendenhall scratching his curly head. "Well, something funny (Ha, Ha) happened in the engineering department when I was a freshman, but I can't remember it. Note: Mendenhall is now a senior, a sad man.

Over in the Ag building we saw an Ag student enter a classroom and leave the door open.

Shouted the teacher: "Get up and shut that door! Where were you raised, in a barn?"

The student arose, closed the door, returned to his seat, and began crying. The teacher felt a bit remorseful and went over to the student.

"Son, I didn't mean to hurt your feelings," he said softly.

"Oh, you didn't hurt my feelings," said the student, "but I was raised in a barn and everytime I hear a jackass bray it makes me homesick."

Mr. Parrish asked a student in his History of Religion course why Mahatma Ghandi left college. The student replied, "All the girls wanted his pin."

One day in class Dr. Grimes asked if a fellow's girl friend lived in Topeka, and he went half the distance the first day, and half the remaining distance each following day, would he ever get there?

Some bright student replied: He would get far enough for all practical purposes.

Oh yes, we really should have told you about the Shirley Club, newest, most colossal, most terrific—Oh well, drop in any time to east 5, Canteen. No guarantee of money back. Requirements for membership: Smothered desire to be a beauty queen, and the ability to walk out of anything with your eyes open.

In our search for humor we ran across the sad case of Earl Hunter, ex-football player: He said, "I used to eat Wheaties for breakfast every morning. I'd split open the top of the package with a bread knife, sprinkle a quantity of the cereal in an ordinary oatmeal dish, pour in just enough cream, and coat the mixture with some plain white sugar. It wasn't so bad when grasping the edge of the bed to pull myself out in the morning I'd tear it to bits under me. I didn't mind particularly

when the steering wheel of my car crumpled under my hands and we turned over three times, landing in the ditch. I thought it was a good joke when I banged the door of my fraternity house and it fell to the ground. But when I tried to kiss the only girl I ever loved and broke her neck, I went back to Grapenuts.

A Sig Ep active, in trying to teach a new pledge better manners, said: "Hey, don't spit on the floor."

The pledge came back with, 'S'matter? Does it leak?"

While observing a drunk tottering along the curb we noticed that he kept slipping off into the gutter, but he always recovered, and clambered onto the sidewalk again. His only comment was, "Long stairway."

Newest game at the Canteen is telling A. M. P. (Absent-Minded Professor, you dope) jokes over coffee.

Like the time Dr. Nabours (of grasshopper fame) arose at dawn so he wouldn't miss his ride to Topeka at eight o'clock. He was prepared for the journey at seven-thirty sharp. Running out to fetch the morning paper

he saw Professor Sperry's car drive up. Thinking, "Ah, Sperry is going with us," he hopped into the car. The startled driver made his way directly to the campus. Dr. Nabours was bewildered. "See here, aren't we going to Topeka?" he inquired. No they weren't going to Topeka, there were merely other professors going to their early morning class.

We don't need to inform you of the invasion of the Air Corps, your best girl has probably already stopped writing to you. Five hundred strong they came, the wolves, but we hear they're "sure cute"; we wouldn't know, of course. They're all eighteen and nineteen, thus disqualifying us. The Alpha Delt chapter moves down to the Canteen every afternoon at five, and the Air Corps into the Alpha Delta Pi house every Saturday and Sunday.

Which reminds us of Joan McKenna, who, when asked, "and what are you going to give up for lent this year, little girl," replied, simply, "hope."

his demand for electric and gas service.

The years spent in careful planning and building, and in personnel made it possible for the Company to furnish adequate power to Army Camps, Air Fields and War Factories, and at the same time maintain electric and gas service to its domestic and commercial customers.

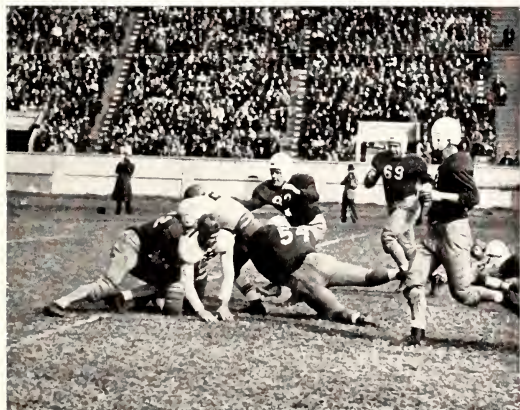

Many former wearers of the Purple and White are numbered among our personnel, and the experience they gain in K. S. C. greatly assists them in carrying out the many complicated assignments that fall to the lot of our engineers.

air crew class, only to return on the hour to find the same class still sitting there. It seems that the army never leaves until dismissed. Should be simple girls, at least a different technique.

We ran across Jim Miller, who is writing a novel depicting college life. After long persuasion he told us the opening sentence was: "A small coupe drew up in front of a fraternity house and twelve passengers alighted."

If you need further proof that it's a screw world, con-

sider that Salvador Dali has made much more painting broken watches than anyone ever did fixing them.

We also heard that one of the more prominent College Joes called up the Salvation Army and asked:

"Do you save bad women?"

They replied that they did.

"Well, save me a couple for Saturday night, then."

We hear they're thinking of changing the name of Coffeyville, Kansas, to Sanka.

We tried and tried to think of something to say about the Home Ec school, and finally they gave us this advice: The best way to keep the fish from smelling is to cut off their noses.

Of course we could have mentioned the girl who had been on more laps than a napkin, but then you probably know her.

Of course you've all heard about the absent minded professor who sent his correspondence over to the golf club and then went over to his secretary's house and played a round. So why mention that?

If we were going to tell you about campus life, we couldn't leave out the Love and Marriage series, which everyone took literally. It used to be almost impossible to find an unengaged person, now it is impossible, they are all married. Chief among the happily married, it says here, are Lou and Ned Rokey, J. R. and Rosalie Kistler, Virginia and Bill Ransopher, Dick and Olive Hineman, Kalo and Geneva Hineman (those Hineman boys do get around), Virginia and Bob Anderson. Love in a Cottage, ho hum, but what we wouldn't give for it.

UNCLE SAM'S NEPHEWS

Uncle Sam's strength is just the sum of his nephews (American Citizens) who are strong . . . strong in health and determination . . . strong in a sense of responsibility and in the spirit of sacrifice.

Find such a man. You have found most likely a life insurance policyholder. This is not just a sign. His life insurance policy, year by year, builds his character, morale and spirit of sacrifice and helps him to maintain them.

We must, therefore, redouble our efforts to build such strength in Uncle Sam's nephews . . . to win the war and to deserve the peace.

While digging in the mails we ran across a coed's letter home. "I'm getting fat. I weigh 155 stripped. Of course, the scales at the drug store may not be so accurate, but that's what they register."

Coed on the high seas: Could I see the captain?

Reply: He's forward, Miss.

Coed undaunted: I'm not afraid; I've been out with college boys.

GOING BACK TO UNCLE SAM!

Abe Lincoln was once asked how long a man's legs ought to be. He unhesitatingly replied that they ought to be long enough to reach from his body to the ground.

How far back should your abstract go? We think if you are going to look up the condition of your title at all, the search by all means should go back to Uncle Sam. One link short and you stand in midair. The patent is the foundation. "the root of the title," the books say. Make sure of your title from the ground up.

Can You Obtain Paper For All Your Printing Needs?

You can probably obtain paper for all your printing needs if you plan your program of printing in advance, in co-operation with your printer. Certain limitations have been placed upon the paper mills, paper merchants and the printing industry. Here are some of the facts about these limitations and how they may affect your own requirements.

Here are the Limitations:

1. Paper manufacturers are limited by Government order as to the amount and grades of paper which they can produce.
2. Some paper sizes, basic weights and colors have been eliminated by order of the War Production Board in the interest of simplification and increased efficiency in manufacture.
3. As a larger proportion of the production of paper mills is required directly by the Government, a correspondingly smaller proportion is available for civilian use.
4. Critical war materials have the right-of-way. Therefore, deliveries of special mill orders of paper may be subject to delays in both manufacture and transportation.
5. By order of the War Production Board, printers are limited on the basis of previous production, as to the amount of paper which they may process or print.

Your Printer Can Help You!

Your printer is prepared to help you, as one of his customers, in many ways. To enable him to supply your requirements, however, he will need to know your needs well in advance, *whether they are above or below normal.*

The printing craftsman can advise you as to the sizes, weights and colors available under present limitations. In some instances, he can suggest a change in a form or printed piece that will enable you to use an available standard size, weight or color whereas a questionable or special requirement might mean delay on your order.

These are not normal times. The paper industry is at war, as are all other activities in this country. Asking your printer to do the impossible in obtaining materials or making deliveries is not fair either to the printer or to you. It may mean disappointment both to you and the printer who does the job.

It is just good business to check your anticipated printing needs against actual printing purchases in previous years, and discuss your plans, well in advance, with your printer.
