YEAR AT A GLANCE

★ Thinking back on the last school year, you uncovered memories of enrollment and all those I.B.M. cards . . . the first rousing football game with Colorado A & M . . . Homecoming aches and pains . . . chilly Christmas parties . . . then March winds blew in and with them came Y-Orpheum . . . rushin' week ends . . . Interfraternity Sing . . . and finally you were handed a sheepskin and bade a bon voyage in life.

That's just why this section was planned for you . . . to review quickly what you'd done and seen from enrollment in September 1954, to graduation in May 1955.

The administration helped make the year the success that it was; so they were included in this quick summary. Without them many of your events . . . club meetings, other extra-curricular activities and professional advice . . . would have been impossible.

Your activities were arranged in chronological order so you could see the . . . year at a glance.

... sing, dance gypsy

... welcome folks

... Aggie Jamboree

Crowds gather, with mixed emotions, around Anderson in early September, and a new school year is about to begin at K-State.

As the sun beats down and the perspiration beads grow, freshmen wonder if they'll get in and seniors wonder if they'll get out.

... and the line was 5,385 long

★ And the lines formed . . . the deans' cards came . . . the ID photographer flashed a bright light . . . and more lines came.

The year was a rat race from the very first day of enrollment to the last day of packing odds 'n ends. You dashed back to Manhattan after a rather leisurely summer, only to be halted by lines. During enrollment you rushed through Anderson so you could join the line in Nichols gym where you pulled class cards. And while you waited with the 1,740 daily mob, you

thought how futile it was to break your neck to get somewhere—only to wait.

Upon your next stop, you meditated on this thing called pre-enrollment. Who was it that had called it the freshmen's answer to "enrollitis"? Raw nerves . . . equally raw heels . . . cramped fingers and legs . . . exhausted minds after hours of tests (how many times CAN you meet yourself going around in a circle?) . . . yes, those little Cats-to-be had missed a good deal by enrolling early.

At this point you found yourself confronted with a grimy fistful of IBM cards and a little man who sorted through them and pointed you toward a table. Gee, did your fellow students ever impress you that day! Why, they slaved more over their collection of cards than you had ever seen them work on a final exam.

With pen poised and ready for action, you set forth to put your life history on IBM cards. This proved to be more of a task than you had expected. For one thing, the assortment of colors didn't enhance them any in your estimation. They also presented somewhat of an obstacle course. After you maneuvered your name and curriculum around the holes on one card, you turned to the next only to find a new set of holes. Life does have its little problems, doesn't it?

Through Anderson, and your bank account, you next found yourself in the midst of ROTC or Home Ec blanks. Then—your adviser was at last in sight. With altered schedule in hand, you found the end of another line and pulled your class cards.

But those lines weren't purely a waste of your valuable time. You watched your fellow seekers-of-knowledge . . . 5,385 of 'em, to be exact . . . come and go. There's Jim . . . hadn't seen him since that rousing picnic over the Fourth . . . "Five 8 o'clocks? That's a fate worse than death . . . 'Can' hour? . . . Sure . . . How about 9 and 10?"

So they said there were only seven per cent more Cats in '54 . . . Somebody miscounted . . . Surely there were more than that . . . Come to think of it though, 1,717 new little Aggies were quite a few.

Lost deans' cards don't stand a ghost of a chance with four people searching for them. Seems they're necessary items for enrollment.

Step up and claim housing and auto cards—while they last. "Old" seniors ponder the results if they don't fill out these cards.

Up, down, over and around the holes. Can anyone successfully, and legibly, dodge the holes on the IBM cards?

Spending money never seems quite so difficult, as it is when you sign your life and your folks' bank account over to the College.

So the birdie is the thing for which to look! Who can see a birdie with a light glaring in her face?

The last dollar is drained from his weak bank account as this student signs his "X" to a check and heads for the last lap of enrollment—Nichols gym.

None can escape the north end of Anderson where the comptroller takes his semesterly cut of each K-State student's bankroll.

The power of concentration is high as advisers try to outwit conflicts, and students try to outwit advisers.

"Rat races" weren't infrequent in the lives of your fellow red-blooded K-State students. Many events ranked high for the position of "worst," but most students argued that enrollment was head and shoulders above the rest.

Yes, just about every College event had its own particular little "race" and idiosyncrasy. Had they all been put together, they still wouldn't have beaten enrollment.

Homecoming decorations had their runny papier-mache Y-Orpheum skits had their originality but enrollment presented something worse yet. After several hours of argument with the dean, you agreed that you should have such-and-such a course to graduate Okay so you reconciled yourself to the idea of having to study for it then

A stock exchange? No, it's just the up-to-date information on which classes are closed. Late enrollees see almost a solid mass of numbers.

"But my adviser isn't here," this student says as he searches for someone to untangle his schedule.

An I.B.M. expert would be in seventh heaven with all the class cards. When the holes are empty, helpers turn "eager" students away to find other classes.

what did you hear? "Sorry. This class is filled. You'll have to substitute a course for it. Or you could either take it in summer school or next year?" fine that's just what you had counted on to round out your summer.

Poor Nichols gym should have rebelled at the preposterous activities that went on within it. Gone were the "good old days" when basketball was the feature event. Its enthusiastic fans and tense atmosphere had been replaced by dejected students and a rather dismal atmosphere.

Free-throw lines had been created just about anywhere that students had a conflicting schedule and wanted to throw the line schedule at their advisers. Personal fouls occurred, but were seldom called, when students charged through the line to pull class cards.

But this charging finally led you to a checker who relieved you of remaining cards and enrollment was over for a semester anyway.

First canine journalist is the distinction given this panting Collie who just followed the crowd, and look where he ended up!

Enrollment was over. And it about finished these two freshmen before they even got a good start. Their dreams were filled, no doubt, with items other than enrollment.

. . . and sleepless nights for rushees

★ Rush week . . . what memories are connected with those two, simple four-letter words . . . smiles that brought oaths of "never another smile" . . . steaming, warm winter clothes on steaming, warm summer days . . . skits that actives had seen and practiced time and time again, that rather bored them, but the hosts managed a feeble smile anyway . . . slightly off-key chapter songs that impressed rushees no end . . . smoke-filled rooms, both during rush functions and into the wee morning hours . . . mispronounced names . . . wrong people from the right hometowns . . . a thorough knowledge of each and every curriculum offered at Kansas State college . . . and sleepless nights for both actives and rushees.

After the big week was over, you wondered who told you that rush week is "such a lark and you meet

oodles of interesting people." True, you had met many people, but. Well, yes, they were interesting, and it had truly been an experience you'd never forget.

Oh, were those few days ever an ordeal! Mother and Dad would've been shocked if they'd seen how bright and chipper you were at early morning functions.

Both as a rushee and as an active you spent many night-to-sleepless nights, yet somehow you managed a bright smile and voice the next morning.

As a rushee you wondered if you smiled the right way at the right active and if you answered the standard questions the same as you did the day before. And as an active you wondered if you called the same girl the same name twice.

Typical rush week problems bring smiles and snickers from rushees and actives at Kappa Kappa Gamma's Blue Heaven party

on the second day of rush week. Casualness is supreme as actives dress in blue nightshirts and serve breakfast to the rushees.

A versatile wardrobe, given in the form of a style show by Delta Delta Delta, shows newcomers what activities they may find on the K-State campus.

Bold pirates sing their songs and display their treasures at one of the Chi Omega rush parties.

Confusion reigns, but it's a happy kind as the Alpha Xi Deltas greet their new pledges in front of the house.

Kansas winds fail to daunt the Kappa Delta actives, as they brave the elements to greet a group of rushees on the second day of rush week.

None disputed the fact that you'd met many people. But you wondered how long the girl in the green skirt and sweater would wear the green skirt and sweater after rush week.

Or, there was the case of the fellow with the blond crew cut. You wondered if it would stay a crew or if it would grow out.

Awkward heels and uncomfortable formals were pet peeves with the girls. You felt so good upon wearing your most bouffant formal to have a gal next to you smash it with her equally bouffant formal.

Delicate tea cups and dainty sand-

wiches. The best way to lose weight, you found, was to go through rush week drinking tea and eating tiny sandwiches. You were either too nervous or too tired to eat anything else and these morsels didn't stick too close to the ribs.

An acrobat would do better in this business of rushing than you did. As a rushee, you perched yourself on the edge of the nearest chair and teetered back and forth for the ensuing 15 or 20 minutes.

Or maybe an ostrich or giraffe would have done as well. By the time you got through craning your neck, you felt like one of their doubles.

Fall cleaning leaves its mark on the life of many an active.

An exchange of names and greetings is made as active meets rushee on the Phi Kappa Tau porch.

Seven bells and all's well after dinner in the Delta Tau Delta house. Tasty meals are always a welcome item to rushers and rushees alike during rush week.

Summer escapades highlight the conversation and bring hearty chuckles in the living room of the Sigma Alpha Epsilon house.

Pledge pin replaces name tag, and this pledge watches intently as an active adjusts and places the pin at the proper angle.

The fellows have their own little treasure of fond rush-week memories. Some of those rush functions might have been pretty nice had you ever gotten to them.

It was fine if the chapter that "surely did hope you'd come back again" came after you. But there was a time or two when you spent your time in West Stadium twiddling your thumbs while others rushed, forgetting to pick you up.

When they did remember you, how they did shake your hand. Oh, how they did shake your hand! You never knew quite what to expect a clammy, clinging one or a brisk bone-crunching one. At this point, you decided to take off your rings for next rush week.

Then there was the day that you became Jim Johnson when you thought you'd been Bob Brown all your life. Mother and Dad said you'd probably change some in college, but you didn't think it would go that far.

It was truly a joy when rush week was over. At last you used the phone freely. You talked to boys and girls as the case might be without fear of someone seeing or hearing you. Mom and Dad called you without going through a Congressional committee.

Yes, it was all behind you facial muscles relaxed, and you again smiled when and to whom you wanted to trophies returned to their shelves to collect dust until next rush week names finally got the correct owner card games resumed the usual nonchalant air and voices regained their normal pitch.

Tennis rackets, formals, typewriters and shoe boxes galore move into the dorm with each and every new freshman girl.

Amid unpacked boxes and suitcases this new K-Stater racks her brain to think of the things she's forgotten before Mother leaves.

Hard seats and questions bring no smiles of joy from a new freshman as he toils over one of many orientation tests.

Partners are changed after each dance of the freshmen mixer, one of the many events planned for freshmen and new students

... and orientation plagues freshmen

★ Orientation should be given for orientation week, you concluded when you came out of it somewhat the worse for wear.

Tests of all sizes and descriptions were thrown at you, and you began to wonder if you had any right going to college. Your fingers doubled at the mere sight of a pencil and mimeographed test sheet. To remedy the cramped-leg problem some of the six-footers had, you participated gleefully in the tours of the Kansas State college campus. For the first day or so you had trouble sorting your roommate out from the person you met in the "Can", and the one that tested your reflexes for the physical.

during orientation week. Watermelon feeds sponsored by the YM and YW groups and a talent show also highlight the week.

... and the president and top brass

★ Planning speeches and the finishing touches on the Student Union occupy much time for Kansas State college's President James A. McCain. But his schedule isn't complete until he's met people from A to Z, conferred on about as wide a range of subjects and worked in a few athletic events in his spare time.

Completing his fifth year as president of K-State on July 1 of this year, Dr. McCain is the College's tenth president.

Warm greeting on behalf of the College administration and students is extended to new students by K-State President James A. McCain in the opening assembly.

A limestone home, east of Anderson hall, houses the College's first family. Brisk days may find the president walking across campus to many of his activities.

Characteristic pose is assumed by K-State's President James A. McCain before a painting in his private office by noted Kansas artist, Birger Sandzen.

And one day you found yourself in a line again but there was something different about this one why, of course faculty, instead of students, made up this one and so you found yourself almost going to a faculty meeting.

Yes, college was designed for you and your fellow students. Its policies, curriculums, activities and everything connected with it, were centered around you. Though you were the focal point, you wouldn't have received these college benefits had it not been for the administration behind them. From the time you enrolled as a scared freshman until the time you graduated as a bold senior, your activities were guided and directed by these administrators.

While they were in the faculty meeting, you decided that it was as good a time as any to drop in to some of their offices and find out a little more about them and their work.

Dropping by the President's office, you noticed a picture of the Board of Regents. Now those were people you'd heard of but about whom you didn't know too much. The 1955 appointees were McDill Boyd, Phillipsburg; Ray R. Evans, Kansas City; and Lawrence Morgan, Goodland, succeeding Grover Poole, Drew McLaughlin and Dr. L. B. Spake. Boyd is a former student and Morgan a graduate of Kansas

State college. Members who will continue on the Board include chairman Lester McCoy, Garden City; Walter Fees, Iola; Mrs. Haughey, Concordia; Arthur W. Hershberger, Wichita; Willis N. Kelly, Hutchinson; Oscar S. Stauffer, Topeka; and secretary Hubert Brighton, Topeka.

The management of the eight state institutions of higher education was delegated to the Board of Regents on July 1, 1925. To select heads of these institutions is one of the Board's most important tasks.

Board members are appointed by the governor and then must be confirmed by the state senate. These non-paid members are appointed for staggered lengths of time. Their monthly meetings are usually held in Topeka.

The Board is mainly a policy-making one, but it fixes faculty salaries and student fees. It gives local administration maximum authority on matters concerning them.

The main reason for establishing the Board was to take the administration of state schools out of politics. It was hoped the colleges would be conducted as a unit of higher education to serve students and to avoid too much overlapping of curricula. In order to do this, the Board has worked closely with the schools and has tried to integrate the educational system.

A 1954 meeting of the Kansas Board of Regents finds the group on the K-State campus. Seated from left to right around the table are Arthur W. Hershberger, chairman, secretary Hubert

Brighton, Grover Poole, Mrs. Elizabeth Haughey, Dr. L. B. Spake, Willis N. Kelly, Lester McCoy, Drew McLaughlin, Walter S. Fees and K-State President James A. McCain.

Kansas' newly-elected Governor Fred Hall has more than a full schedule at his Topeka office, but still finds time to visit the K-State campus.

Probably the first time you saw Governor Fred Hall, who took office in January, 1955, was at the special student assembly about a month later. At this time Frederick Andrew Seaton, administrative assistant to President Dwight D. Eisenhower, received the 65th honorary doctorate degree conferred by K-State.

Governor Hall extended greetings to you and your fellow students at the assembly, and then President McCain introduced the other guests on the program.

You often marveled how you got from class to class on time, but you decided that yours was a slightly easier schedule than the Governor's . . . you just had to go from one end of the campus to the other but often he went from one end of the state to the other.

Amid requests for painting an office, replacing a light bulb or turning up the heat for winter days, you found R. F. Gingrich, maintenance superintendent.

Curing aches and pains was the job of Dr. Benjamin Lafene, director of the Student Health. You didn't have too much occasion to see him during your stay at K-State, but when you did, he was a mighty welcome sight.

When your organizations turned in requisitions for funds, they went to Ralph Perry, comptroller. He also was in charge of clearing all checks and bills going through the College.

Repair problems come to R. F. Gingrich, maintenance head.

Student health facilities concern Dr. Benjamin Lafene.

Dollars and cents take comptroller Ralph Perry's time.

Directing housing takes the time of A. Thornton Edwards.

Jobs for all concerns Chester Peters, director of placement.

K-State history is recorded by historian C. M. Correll's pen.

When some of your married friends had trouble locating housing accommodations, they went to A. Thornton Edwards, director of housing. You wondered at that time if you'd better jot his name down . . . maybe you'd need his help some day yourself.

That last semester of your senior year, Chester E. Peters and his placement bureau were surely a help. He arranged interviews for you with companies that had job openings in your field. Undergrads needing part-time work also got his help.

Background material for a theme in your sophomore year took you to the office of C. M. Correll, K-State's historian. There you found College events that dated from the first classes to the present time.

The president's helper, you remembered, was A. L. Pugsley, dean of academic administration. In all matters, he was directly responsible to President McCain. His work was primarily concerned with directing the College's academic affairs. He also tabulated various school records and helped select new faculty members.

Supervision and co-ordination of the College academic program is aptly executed by A. L. Pugsley, dean of academic administration.

Budgeting confronts A. R. Jones, dean of financial administration, who is the financial liaison with the legislature.

Students' problems and organizations at K-State find William G. Craig, dean of students, willing to offer a helping hand.

When you thought how some of your accounting problems had stumped you for days, you wondered how A. R. Jones, dean of financial administration, helped allot College funds and co-ordinated budget requests for the legislature.

How those extra-curricular activities kept you on the jump! But you decided William G. Craig, dean of students, was a wee bit busier than you. He was responsible for the direction and correlation of student activities, government and other affairs.

Summertime was a lazy time for you but for Paul Young, new director of summer school in 1955, it was as lively as any other time of the year.

While most of your interests were centered around the College and its activities, you discovered that it was nearly the opposite for Max W. Milbourn, director of public service. He kept the various College publics uppermost in his mind.

Buzz sessions quite often took care of your collegiate problems, but there were times when even these wouldn't help. It was then that you sought advice from Sumner B. Morris, director of the guidance center.

You heard president emeritus F. D. Farrell talk at several meetings and read some of his series of research studies done on rural institutions.

Summer school and its activities are directed by Paul Young.

Public services is Max W. Milbourn's responsibility.

The student counseling center is under Sumner B. Morris.

A former president, F. D. Farrell is now president emeritus.

Alumni records are found in secretary Kenney L. Ford's office.

Amid stacks of books, William F. Baehr, librarian, is found.

New students are admitted and registered by E. M. Gerritz.

Mother and Dad asked you to find the address of an old classmate, so you went to the office of Kenney L. Ford, alumni secretary. There you found up-to-date records of K-State alumni.

When the new stacks opened in the Library, you were able to do more research on the term papers that accumulated toward the end of each semester. William F. Baehr, librarian, and his staff were busy with the opening of the new stacks early in the year.

A new K-Stater this year was E. M. Gerritz, registrar, who enrolled other new K-Staters. You thought he had his hands quite full keeping track of who were coming here from where next year and their applications.

Helping Dean Craig outline the student activity program was one of Philip H. Sorensen's many tasks. As assistant dean of students, he also participated on various student committees in an advisory capacity. Lining up the big-name dance bands was credited to him, too.

It was a woman's world for Helen Moore, K-State dean of women. She sought to develop social, educational and vocational activities of women students between themselves and others.

Assisting the dean of students is Philip H. Sorensen's job.

All women students receive advice and supervision in dorm and campus activities from Helen Moore, K-State's dean of women.

Recognition is given to Doretta M. Schlaphoff, new dean of the School of Home Economics, at a tea in Southeast hall.

... and readin', writin' again head the list

★ The '54-'55 school season began in earnest with the kick-off of the first football game and many teas and mixers.

As summer days dwindled into fall weeks, readin' and writin' took up where swimmin' and fishin' were forced to leave off. New classes brought many new faces, but also revived some of last year's adventures and misadventures. And finally you realized you were back in school.

Warm fall days draw beads of perspiration as students and instructors meet outside for classes. Students insist that concentration is at a higher peak when they're in the correct setting on days like these.

The first football game, against Colorado A & M, brings ardent Wildcat supporters out in the open again . . . this time to cheer

for their favorite team. Studies go to the back of collegiate heads, as Corky Taylor (23) helped renew football enthusiasm.

A fitting climax to Ag week and its horse tanks was the Ag Barnwarmer. Red kerchiefs, faded jeans and scuffed cowboy boots were predominate campus costumes. Coeds sported peasant outfits at the dance.

Before choosing the Barnwarmer Queen, contestants performed a variety of farm chores to the delight of onlooking Aggies . . . short gals had a great time saddling tall horses . . . many hog troughs weren't quite milk-tight . . . tractor gears nearly threw some of the feminine contestants for a loop . . . pitching hay was new to some of the girls . . . and scared chickens were a part of the last round-up as the girls chased them back and forth on the lawn in front of Anderson hall.

Authentic cider and doughnuts help many a weary couple through the lively Ag Barnwarmer held in Nichols gym. Bales of home-grown hay replace chairs.

It's saw one, hammer two instead of knit one, purl two as a coed participates in one of the many prerequisites for Ag queen . . . building a hog trough.

Radiant smiles show that pre-queen activities were enjoyed by the contestants. Sitting on the queenly throne of baled hay are

attendants Marilyn Pence, Sylvia Hyde, Queen Bonnie Morton, attendants Nancy Blackburn and Jackie Johnson.

A friendly chat with Margaret Mead, noted anthropologist lecturer, follows her talk at an assembly in early fall.

Dreamy melodies and jazz favorites offer dancing pleasure for students as Louie Kinman and his band play for the Barnwarmer.

First Piano Quartet was the first event of the '54-'55 Manhattan Artist Series, which features well-known local and national

You were enveloped in another moving line a few days later. Classes had been shortened that morning and upon leaving the second class you found yourself entering the Auditorium with the rest of the crowd.

The speakers for these assemblies were selected by a committee of students and faculty and represented a variety of interests. Programs ranged from serious views on current affairs to humorous interpretations of the lighter side of life.

Of course, not all assemblies were centered around one main speaker. The Christmas spirit was never quite complete without the presentation of the "Messiah." Each year the Y.M. and Y.W. groups sponsored and staged the Easter assembly.

In the Auditorium another time you saw the First Piano Quartet, the opening presentation of the 1954-'55 Artist Series. You might have said that all four of those pianists were musical child prodigies, as they all had performed on the concert stage by the time they were nine years old.

Since each liked to arrange his own music, all four did their own arrangement and then put their heads together and compromised on their works. The results were seen in the varied program they presented.

The Artist Series programs were given several times a semester so townspeople and College students saw well-known artists they might have heard of but not otherwise seen. The programs featured local or nationally-known talent in musical and dramatic programs.

talent. The quartet, all of whom were musical child prodigies, chat by the piano in the Auditorium before the performance.

Colorful bands, representing 20 Kansas high schools, combine forces, parade and play for 21,500 spectators at the opening of the M.U. game.

In the fall a young man's, and coed's, fancy turned to thoughts of football and all its festivities. Those sometimes warm or sometimes cool Saturday afternoons found the lines moving toward the stadium . . . enthusiastic cheering for your Wildcat team . . . a punched activity ticket wadded up in one hand, and a mangled hot dog clutched in the other . . . cold pop . . . or hot coffee . . . sweat-drenched handkerchief . . . or warm overcoat . . . and singing the Wildcat fight song.

The second day of October brought both parents and high school bands to Manhattan for the K-State-Missouri university football game. The annual band day parade was staged that morning and sororities, fraternities and dorms gave open houses and teas for guests after the game. The K-State band honored visiting parents by spelling out MOM and DAD as part of its half-time show.

Quiet hours are both in and outside the Library as a coed and friend look over notes before the next class.

Hoisting a banner for a favorite candidate presents quite a problem to these fellows as they toil in the early morning hours.

The king and his court smile happily after the coronation. The royalty are Roger Craft, Sigma Phi Epsilon; Wendell Holt, Lambda Chi Alpha; F.M.O.C. Wayne Bailie, Farm House; Mark Drake, Alpha Gamma Rho; and Bill Patton, Delta Tau Delta.

Lots of fellows thought it was nice to have only one girl friend. But there were a few fellows who vied annually for the hearts and votes of all the coeds.

This particular "race" was always in the form of the Snowball, sponsored by the Home Ec council early each fall. Skits were presented to the girls ahead of time and the night of the big event, they cast votes for their choice. With all balloting done, the votes were counted and then the Favorite Man On Campus was crowned.

A crown and a gift at intermission go to the girls' favorite man, Wayne Bailie, who doesn't seem to mind the crowning in the least.

A portable radio is presented to Flush Bowl queen Dianne Archibald, of Chi Omega, by President James A. McCain.

Football games weren't confined to the stadium . . . they found their way into the City Park . . . in the form of the annual Sigma Alpha Epsilon versus Phi Delta Theta grid battle.

A parade, complete with all the trimmings, was staged before the game and prizes were awarded the winning floats. Although the game was rather one-sided, the Sig Alphas winning it 63-0, the crowd cheered every play.

The Kansas State High School Activities association sponsored a regional conference which brought high school journalists to the campus. They were shown through the journalism department and attended newspaper and yearbook discussions.

High school journalists arrive early and enroll in Kedzie for the annual tour of K-State and the journalism department.

The top scholarship award for sororities during the 1953-54 year goes to Alpha Delta Pi at the fall Panhellenic tea.

Last-minute hammerings and gentle pats complete the decorations on this float just before the Flush Bowl parade begins.

Change in plans brings instructor and students out in the open to study their problems of readin' and writin'. Warm fall and spring days find many a class suggesting changes such as this.

On the receiving end of the "gripe" assembly, planned by the Student Council to air student problems, are these S.C. members.

The "something new" in the line of assemblies for 1954-55 was a gripe session sponsored by the Student Council.

It seemed that everywhere everyone turned, someone else complained about something that bothered them, too. So the assembly was scheduled and everyone who had a little problem bothering them, was invited to come.

Class breaks offer relaxation . . . cigarettes . . . friendly chats on class and extra-class activities . . . and maybe a few extra

winks on the side . . . to instructors and students alike. The break here is between classes in the woodworking department.

And after the game, lines take you away from the stadium. Enthusiastic fans pack the stands for the much-anticipated K.U.

game in Manhattan. As they leave, there is more confusion outside the stadium than there was for the winning touchdown.

"Just a few words" from Wildcat coach Bill Meek, who maneuvered the winning team past K.U., are sent over the radio.

When Cats and Hawks tangled, the results were sometimes astounding. For a few years it seemed that the grid results of such clashes were in a decided rut . . . in favor of the people down the river. However, the last couple of years at K-State football games took an upward swing, and things again looked bright.

Football interests picked up considerably that last year when the Hawks came over for the tussle with the Cats . . . crowded stadium . . . crowded town . . . crowded dining rooms . . . and empty classrooms.

A snake dance adds zest to the pep rally staged before the K.U. game. It started on the campus and ended in the City Park.

Seemed that a lot of your Hawk friends decided to forge ahead with a public relations campaign or something before they came over to visit you. At any rate you and a few of your friends, quite a few in fact, received postal cards mailed in Lawrence. You could almost say that they rubbed against the grain of your temper.

Not that you were suspicious or anything like that, but the majority of your friends decided to join you in going down on the field after the game. You never could tell about those other people . . . why, they might take a liking to your goal post and then walk away with it. Maybe you scared them in '54 . . . anyway they just looked at it.

In case you'd forgotten, there were two football games that day . . . the KU and K-State varsities played and the KU and K-State Kappa Sigma chapters also played in their Pretzel Bowl. The K-Staters pulled through with a third consecutive win and the event had all the trimmings of a parade and a queen.

The game was more or less a side event for about 400 Kansas editors, farm radio and television broadcasters and their wives who were on the K-State campus that week end for meetings and the game.

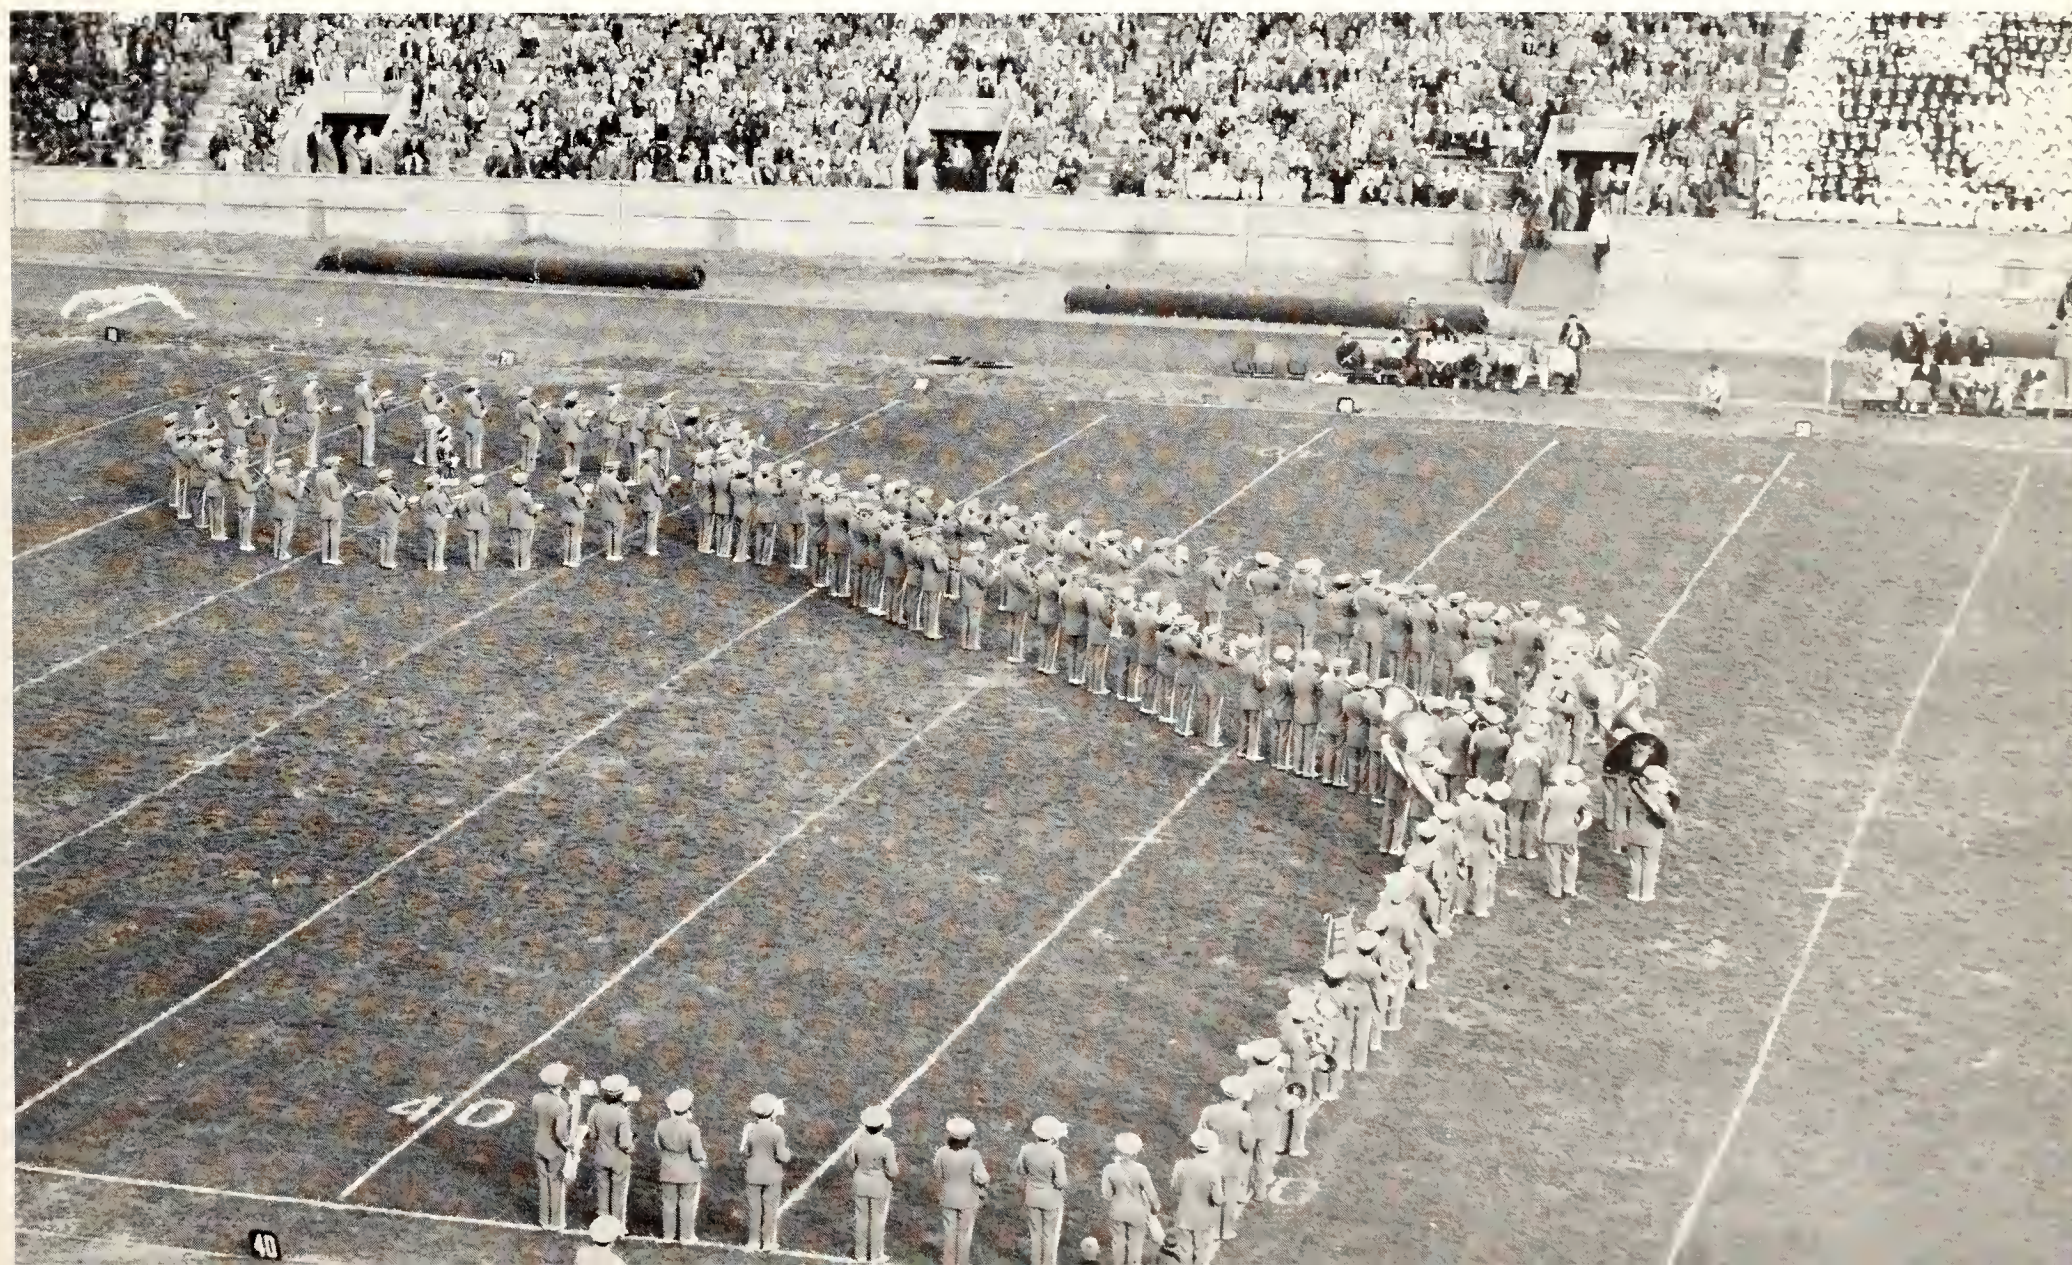

College years are depicted by K-State band members between halves at the K-State-Kansas university football game. A collegian's growth during his freshman, sophomore, junior and senior years is exemplified in this humorous half-time show.

"Will they or won't they" is the question of K-State students as they pour out on the football field to guard the goal posts.

Pretzel Bowl queen is crowned between halves of the traditional game between the K-State and K.U. chapters of Kappa Sigma.

Cigarette time between classes, whether on the front steps or in the Union, provides students with a break in their routine.

Wildcat hairs stood on end, and cheers rang loud and long that fall when the pigskin players clashed with their opponents for the home games.

Crowd enthusiasm rose right along with the team's victories. Grid heroes gained the crowd's support for the four quarters that the time clock ticked out, but the College Band took over half-time with their skillful shows.

Those football games provided a "break" for students and faculty from their weekly routine of school. Instructors were lost in the crowd when a football program replaced the usual grade book in their hands.

Another traditional break, just before the hour and nearly each hour, was the cigarette break between classes. Faculty and students "broke" in front of class buildings or in the Union.

Robust cheers from staunch supporters fill the air on Saturday afternoons when the Wildcats face their opponents at home.

Les Brown and his "Band of Renown" bring out the musical side of K-State students as they play for the fall "big name"

dance. Before playing for the dance, the group gave a concert in the Auditorium, playing some of the tunes that made them famous.

The gals polished their nails while the fellows polished their shoes for the Les Brown dance, the fall name-band dance.

It was a big occasion, and everyone looked forward to it with much anticipation. The social and recreational committee of the College sponsored a name band each fall and each spring, and they had contracted one of the most popular bands in the nation for the 1954 fall dance.

Before the "Band of Renown" unpacked its music and instruments, Les Brown selected Mary Ann Griswold queen of the Blackfoot-Whitefoot dance. The dance is an annual affair of Sigma Nu and Alpha Tau Omega fraternities.

Brown and his group played tunes for your listening enjoyment at the concert that brought many rounds of applause before they played for your dancing pleasure in the Ahearn Field House.

The co-writer of "Sentimental Journey" started you dancing to some other tunes that he'd popularized such as "Street of Dreams," "Ruby" and "If I Loved You."

Another big fall event was the K-State Players' production of "Green Grow the Lilacs," directed by Earl G. Hoover. It was an old-time romance in six scenes complete with cowboys, farmers and square dancers.

Baird Miller played Curly, an easy-going, singing cowboy in the Oklahoma folk-play. Playing opposite him was Barbara Thurow, who took the part Laurey Williams.

Dramatic tension reaches its peak in this scene of "Green Grow the Lilacs," the K-State Players' 1954 fall production.

Backstage activities are as important to these crew members as the actual play's presentation is to the leading characters.

Mum's the word . . . at least for the Homecoming festivities as this coed pins a bright mum to her white Mortar Board jacket.

Stuffing Collegians is a time-consuming task for these weary journalists as they work on the 28-page Homecoming edition.

... and Homecoming with queen, bands, floats

★ Homecoming, like so many other words, meant something different to nearly everyone. You often wondered exactly what the word really meant.

Somewhere in the back of your crowded mind, you had gotten the distorted idea that it was along the line of the old saying "home sweet home" . . . however, you soon tossed out that idea.

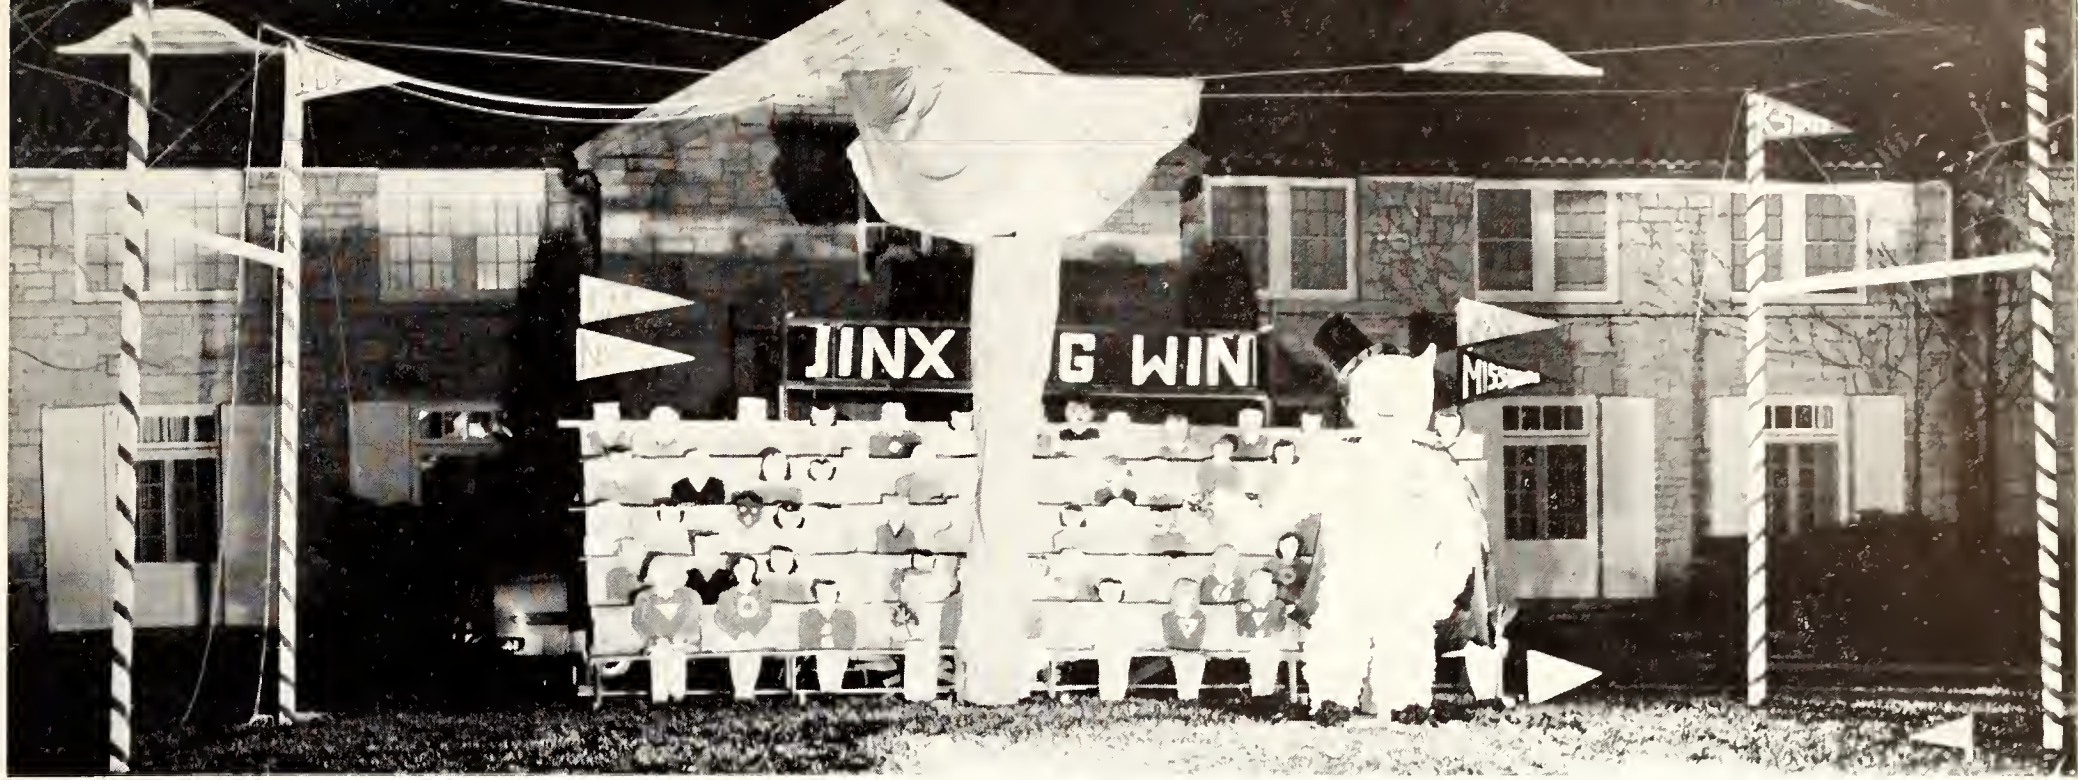

You welcomed back alums whom you had never seen or heard of before. Somehow you managed to chat about old times with them and bring them up on happenings since they had packed their trunks and moved out.

Homecoming was synonymous to mums for most of the girls . . . to fellows, however, it was synonymous to "money, a thing of the past." Yes, Manhattan florists did a rather good business at this time of the year. Mortar Board members took charge of selling the mums and went around to the various houses taking orders and also sold them at the game.

The Collegian usually bursts its seams the day before Homecoming, but in 1954 it really outdid itself. The details of the week end and the traditions behind them were all explained in the 28-page volume.

Hot fires help these lads' cold hands as they work into the chilly night to complete their float for the Homecoming parade.

The magic wand sends the Iowa cyclone away and brings the judges' votes for first place in sorority house decorations to Delta

Wildcats and Cyclones of varying sizes and descriptions finally assumed their intended shapes on Homecoming "eve" and put many an inquiring mind at ease.

Weeks of . . . too thick or too thin papier-mache . . . oddly cut pieces of lumber . . . renovated wooden boxes . . . streaked, dyed sheets . . . sleepless nights resulting from either the success of some ideas or the failure of others, both of which required much time . . . eventually took shape in the form of Homecoming house decorations.

Yes, Manhattan was transformed into a windy city with all its cyclones during Homecoming.

Delta Delta. A tap from the wand of the magician football player makes the cyclone disappear behind a cloud.

Setting their sails, the Phi Delts sail their way into the second-place prize for fraternity Homecoming decorations.

Stormy weather fails to upset the Chi Omega decorations as the girls win the second-place award for sorority decorations.

The Orange Bowl road also leads the Sigma Nus to the first-place prize in the fraternity division for house decorations.

Under vets' care, bossie and her float win the judges' votes for third place in the annual K-State Homecoming parade.

Dry-land frogs, members of the Frog club, leave the parade as proud owners of the second-place prize for Homecoming floats.

The Sandman couldn't do any better than the Lambda Chi Alphas as they take the float first by rocking the Cyclones to sleep.

What was a big week end without a parade and what was a Homecoming parade without floats?

K-State solved the question by having a parade of bands and floats routed from the downtown business district to the College before the game.

Beginning at 10 a.m. townspeople, guests and students saw the Manhattan high school band, the K-State band, the 10th Division Honor Guard and more than 65 floats and other parade entries. Members of the Chaparajo club also rode their horses in the parade.

Alumni were invited to a special luncheon at noon at the cafeteria at which President James A. McCain was the main speaker. Most of the organized houses planned open houses and other Homecoming activities for their guests either before or after the game.

You dashed a hasty lunch down and scurried off to the stadium for the pre-game festivities at 1 p.m. The 10th Division Honor Guard gave a 15-minute drill at that time. Homecoming prizes for winning parade floats and house decorations were announced while the teams worked out on the field.

The Cat band spelled out "Hi" to the crowd and then joined the Manhattan high school band in playing the national anthem.

Traditional ride around the stadium is taken by the 1954 Homecoming queen and her attendants between halves of the game.

The much-anticipated event of the half-time show at the Homecoming game was the crowning of the 1954 queen, Marlene Young representing Delta Delta Delta.

When someone is queen for a day, she usually relaxes that day, but this wasn't the case for K-State's Homecoming queen. Marlene was the band majorette the first one at that and even had to work the day she was crowned queen. That morning she led the band in the parade downtown and also guided them through the game activities.

The Wildcat band did a half-time show based on "College Days," with a characterization of each class. A stick man was the freshman figure, a "Little Brown Jug" formation for the sophomores, an M-1 rifle salute for the R.O.T.C. cadets, a boy and girl skit for the juniors and a diploma for the seniors.

The band also formed an "ALUMS" for the alumni and then a star for the queen-crowning ceremony.

Parade spectators watch Marlene Young, the first K-State majorette, lead the Cat band through the annual Homecoming parade.

Official announcement of the 1954 Homecoming queen, Marlene Young, comes at half time from President James A. McCain.

Top attraction on the schedule for Homecoming evening was the big dance, sponsored by Blue Key, senior men's honorary.

At the game, you'd seen the queen and her attendants drive around the field, but it wasn't until evening that you really got a close-up look at them Queen Marlene Young, a Delta Delta Delta freshman; Betty Brammell, Northwest hall; Joan David, Alpha Chi Omega; DeAun Mackie, Alpha Delta Pi; Sondra Tate, Northwest hall; and Becky Thatcher, Pi Beta Phi.

Hi Faubion, Blue Key president, crowned the queen and presented her a trophy at the intermission of the dance, at which Matt Betton and eight of his "outstanding musicians" played. The five attendants were also honored.

All eyes are on Marlene Young as she receives her crown and trophy as Homecoming queen from Hi Faubion, Blue Key president.

Class bells toll each day and each period for many students and instructors in Eisenhower hall, a comparatively new K-State

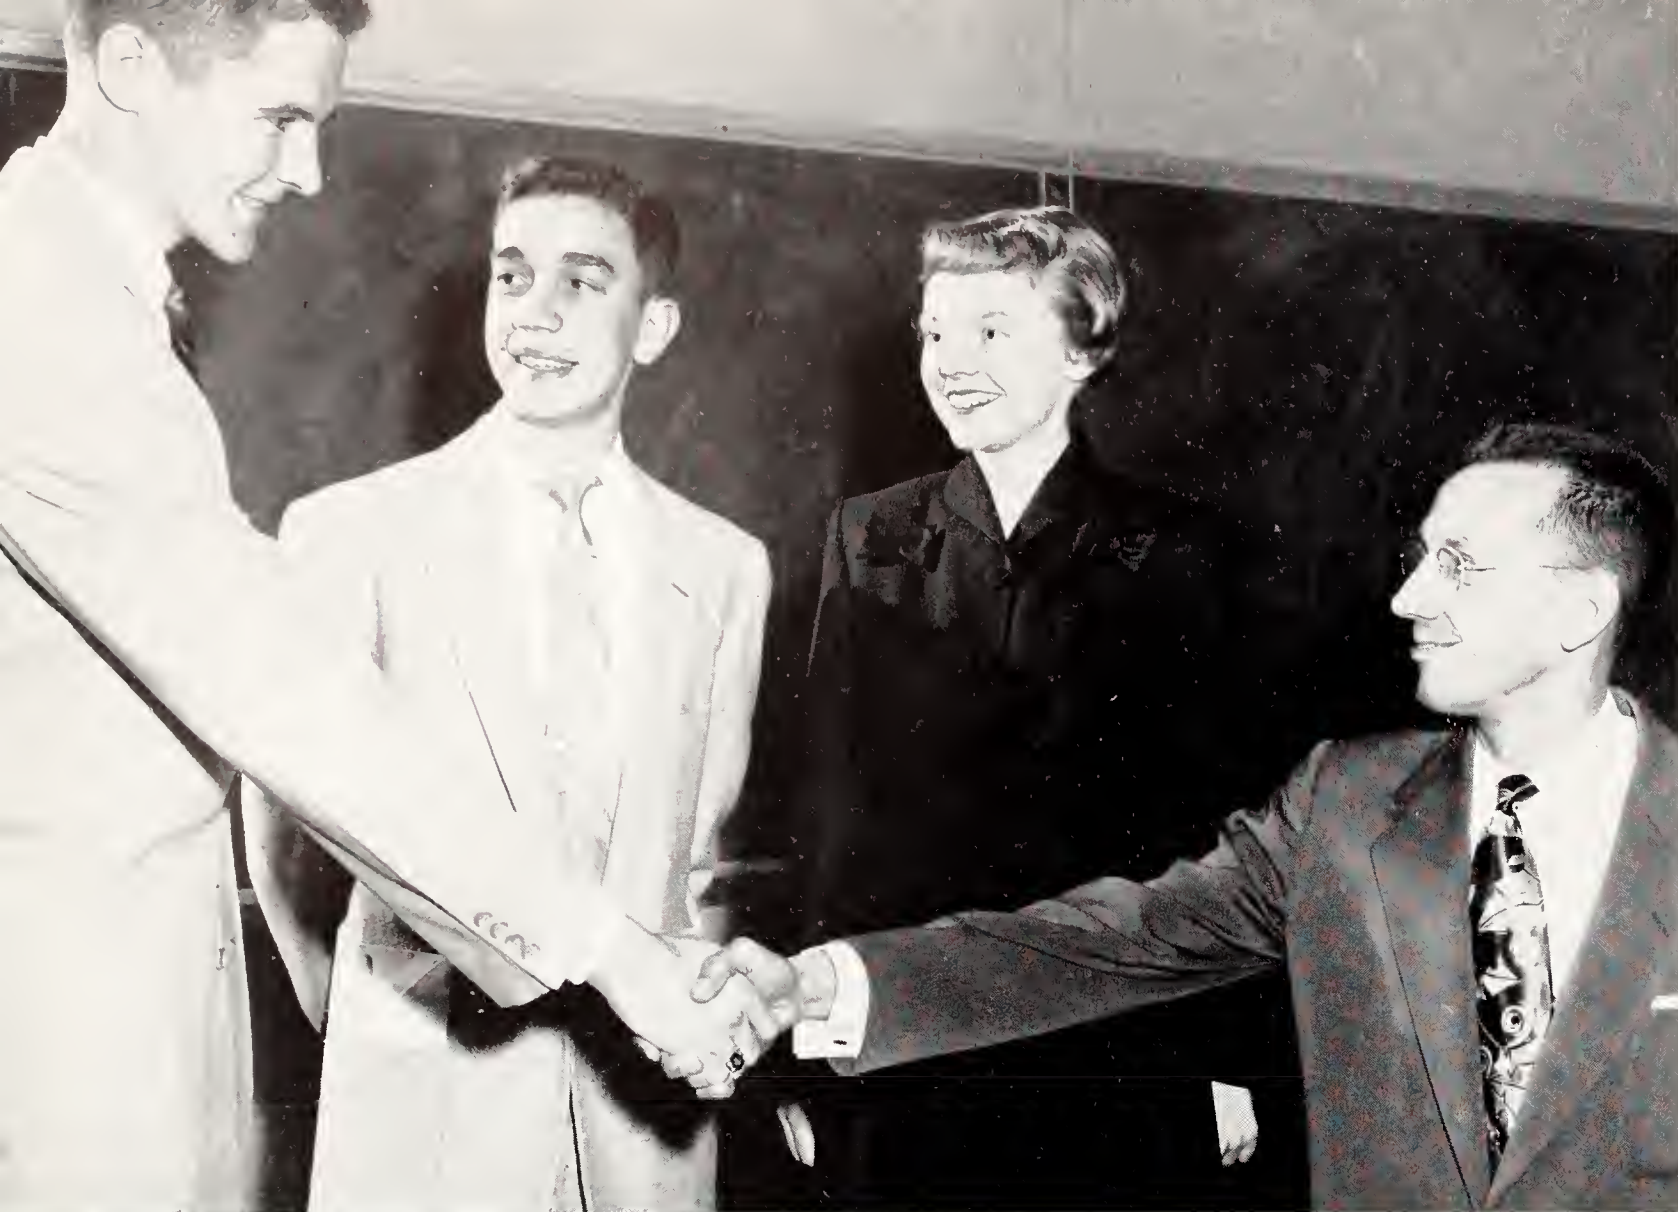

classroom building. The Kansas Board of Regents officially named this and three other buildings during the 1954-1955 year.

With the ushering in of a new year, everyone expects to find changes. These changes range anywhere from fashion fads to foreign policies.

Shortly after the new year arrived, K-State initiated some changes . . . the official naming of some of its buildings. In your college years, you'd grown familiar with calling the classroom building "J", but after the Board of Regents met in February, 1955, you called it, and three other buildings, by their new and official names.

The classroom building was named Eisenhower hall . . . for Milton S. Eisenhower, who preceded James A. McCain as president of the College. The library was entitled Farrell library for F. D. Farrell, president emeritus of K-State since 1943.

The engineering building and lecture hall were named Seaton hall for R. A. Seaton, dean emeritus of engineering and architecture since 1949. The vet hospital was named Dykstra hospital in honor of dean emeritus Ralph R. Dykstra.

Firm hand shake is exchanged between Larry Woods speech winner Jim Graves and Prof. John Keltner, speech head.

Reading quartet, Bruce Bellamy, Mary Lu Compton, Howard Hill Jr., and Ann Shaw, give "Claudia," the year's first selection.

The big question is whether they whipped the test, or whether the test whipped them, as these students leave the Auditorium.

Competition was keen in the Larry Woods speech contest. This was the seventh time the contest was given in memory of the late Larry E. Woods of Independence. It was open only to freshmen and sophomores enrolled in the basic oral communication course.

Jim Graves won the first prize with his speech entitled "Twenty-five Divisions for the Price of One," which explained the advantages of using Asiatic troops against the Communist troops in China and the Near East. Mary Lu Compton took the second award, and the third place went to Ronald Wesner.

"Taking five" from classes provides many collegiate couples with extra minutes for a cigarette . . . or a cup of coffee . . . in some warm spot on the campus . . . or in a booth in the Student Union.

Surveying the situation . . . the campus situation, that is . . . these lads find items that other students probably miss in their college education . . . everything from lining up points . . . to coeds.

Staunch backers of the Wildcat team cheer loud and long as they send the football team off to Boulder and the big game.

The winding road to Boulder in '54 was paved with oranges. Word had gotten around that if the Cats won the C.U. game, they might be on the road to the Orange Bowl. So, oranges were sold to send the band to Colorado.

Surely you couldn't have forgotten that . . . everywhere you looked, for a few days, you saw oranges in some shape or form . . . why, you almost felt you were in the middle of a California orange grove . . . that is, without the trees . . . some instructors were a bit fussy when you came late to class because you had to have your daily orange . . . then one gave you a little trouble when your sticky fingers smeared a lab slide . . . but they soon got over it and "took five" for an orange with you.

Yes, the bigger the orange sale, the better chance the band had of going to Boulder to root for the team. Luckily there was a good orange crop, and the band packed their suitcases and instruments and were off for a closer look at those Colorado Buffaloes.

One of the most enthusiastic pep rallies of the entire year was at the train station to send the team to Colorado. Townspeople, as well as students, cheered themselves hoarse at this rally.

Orange vendors, alias pep club members, try to sell a truck load of oranges in order to send the band to the Boulder game.

It's Colorado or bust for K-State band members as they board the buses and head for the Buff school to root for the Cats.

Eyes are front and lines straight as these students execute their drills with precision for the regimental army R.O.T.C. review at the K-State drill field.

It's attention for everyone . . . even the honorary cadet colonels who are among the honored guests at the regimental review staged in the '54 fall semester.

Marge and Gower Champion smile wearily to fans after performing for a capacity crowd.

Most inspirational player award is presented to Ron Marciniak by Bill Meek, K-State football coach, at the team banquet. Jim Furey, the '55 captain, looks on.

Old man winter officially makes his appearance with the first snow of the 1954-1955 school year, which brings cries of glee

from most students but shudders of dread from other less cold-blooded ones. It was the first but not last snow of the year.

Campus sights take on a rather different light when viewed from this precarious position high on the nearly-completed new Student Union.

Kansas dust storms turned into cold winter blasts when you had about given up hope for them. You'd heard the weatherman predict a cold, cold winter for 1954-1955, but you began to think he was misinformed . . . and then it happened.

Cotton clothes were tucked away in the darkest corner of your closet, and the moth balls were shaken out of your woolen garments. You barely had time to let them air out before you had to bundle up in them.

After a formal dinner maybe . . . but it's certainly not a formal conversation that's the topic of interest for these girls in

Van Zile hall. Chit-chatting soon breaks off, and a Christmas gift exchange highlights the rest of the evening.

Bedecking Anderson hall for Christmas, an annual affair sponsored by Y.W.C.A., puts these coeds' imaginations to work.

Santa may keep Toyland in an uproar just before Christmas, but he couldn't hold a light to the Aggie campus before the Yule season.

Even if you wanted to, you couldn't have escaped the festivity that lurked in every nook of the campus . . . parties . . . from formals to department celebrations (where some women faculty members have been known to partake of cigars) . . . and weak serenades sung on cold December nights.

Blueprints are forced to retreat to the background when the architecture staff stages its departmental Christmas party.

Uncle Sam puts his mark on these mid-term graduates who are receiving their R.O.T.C. commissions on the morning of gradua-

tion. The army and air force boys fall in together on this occasion and are given commissions in the same ceremony.

Gradually the about-to-be graduates move in the line from Anderson to the Auditorium where they receive their degrees.

The long-awaited day of graduation means a PhD and a hood for this student receiving his degree from President McCain.

While some of your classmates trudged wearily down to Aggieville to swap their "used" books for a new supply for the second semester, 223 others tore madly down to the same establishments to sell their books . . . for the last time.

It was rather chilly that mid-term graduation day in 1955 . . . better known as January 29 to some of you . . . but somehow the graduating seniors didn't seem to notice it. They must have been busy trying to remember which hand was for shaking and which was for the sheepskin . . . whom they followed in the line . . . and the correct position for the tassel . . . before and after.

Traditional graduation music is furnished by the resident string quartet at mid-term commencement exercises in January.

Recommendations for improvements in student life on the campus are made by the student planning committee. Anyone may

attend S.P.C. meetings and express his view on campus affairs. The suggestions are then submitted to the Student council.

Just as the students were unified by means of the Student council, the faculty was also co-ordinated through the Faculty senate.

Each month this group meets to discuss and decide upon pertinent campus issues for faculty members. Each school of the college elected members while deans and other officials acted as ex-officio members. In the 1954-1955 school year there were 36 elected members and 12 ex-officio members.

Dr. Stuart Whitcomb, head of the physics department served as chairman of the Faculty senate this year.

Study throughout the semester so you won't have to stay up all night cramming for finals . . . oh, yes, it's a wise bit of advice.

Formulating policies for the faculty is the main business of the Faculty senate. This group of faculty members represents the

faculty much as the Student council acts for the students at K-State. Stuart Whitcomb was chairman.

Chatting with A. L. Pugsley is Arthur Schlesinger Jr. (right), who talked at a January assembly on coexistence with Communism.

Camille Chautemps, four times premier of France, addresses students and faculty about today's situation in European countries.

Honorary degree of doctor of law is presented to Fred A. Seaton, administrative assistant to President Eisenhower and a former K-State student, at an all-college assembly.

To prove that your college education wasn't confined to text books, the administration brought well-known authorities to the campus to talk on current events and problems. These speakers addressed you, your fellow students and faculty members in all-college assemblies in the Auditorium.

The topics this year varied greatly. You heard opinions about everything from the country's foreign policy to the present conditions in other countries.

With a snip of the scissors, the ribbon is cut and the 31st annual Engineers' Open House officially starts at K-State.

engineerings' latest

★ The lines were indeed long at the engineers' Open House this year . . . in fact, a new attendance record was set at this 36th annual affair . . . 20,687 visitors.

Each year the engineers put their slide rules and blueprints together and map out an Engineers' Open House to show the latest scientific events of the engineering world.

Prizes were awarded for departmental displays. The mechanical engineers walked away with the Steel Ring trophy for the best over-all display, and the architectural engineers took second place.

In the individual exhibit division, the civil engineers' scale model of the new Kansas turnpike took top honors. The mechanical engineers' mousetrap and the agricultural engineers' display of solar energy tied for second place.

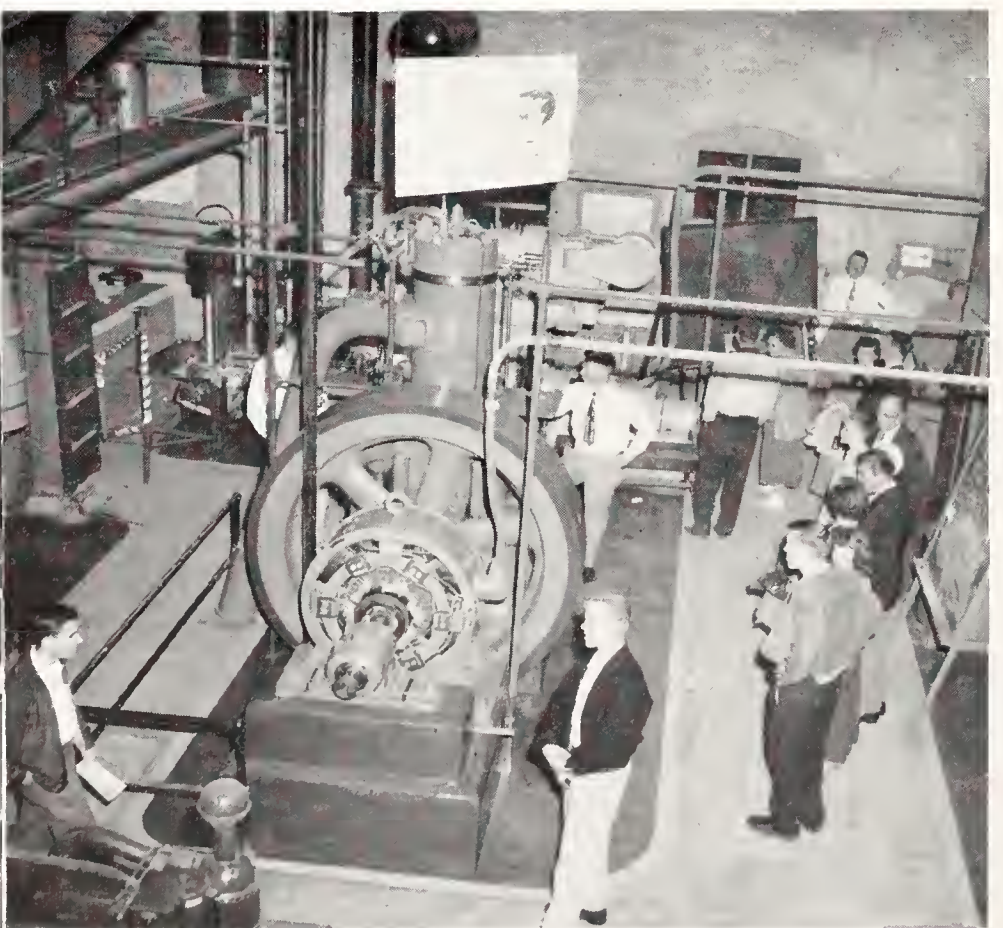

Another record was made in the 1955 event . . . the marathon relay race from Seaton hall to K-Hill (with the runners carrying a burning torch) was run in 12:10 . . . seven seconds better than last year's race.

Virgil Carrier received the trials and triumphs of the 1955 Open House as chairman. Martha DeGraff and Dick Shimer were St. Patricia and St. Pat.

The new look for a Kansas turnpike service center, as displayed by the civil engineering department, attracts many visitors.

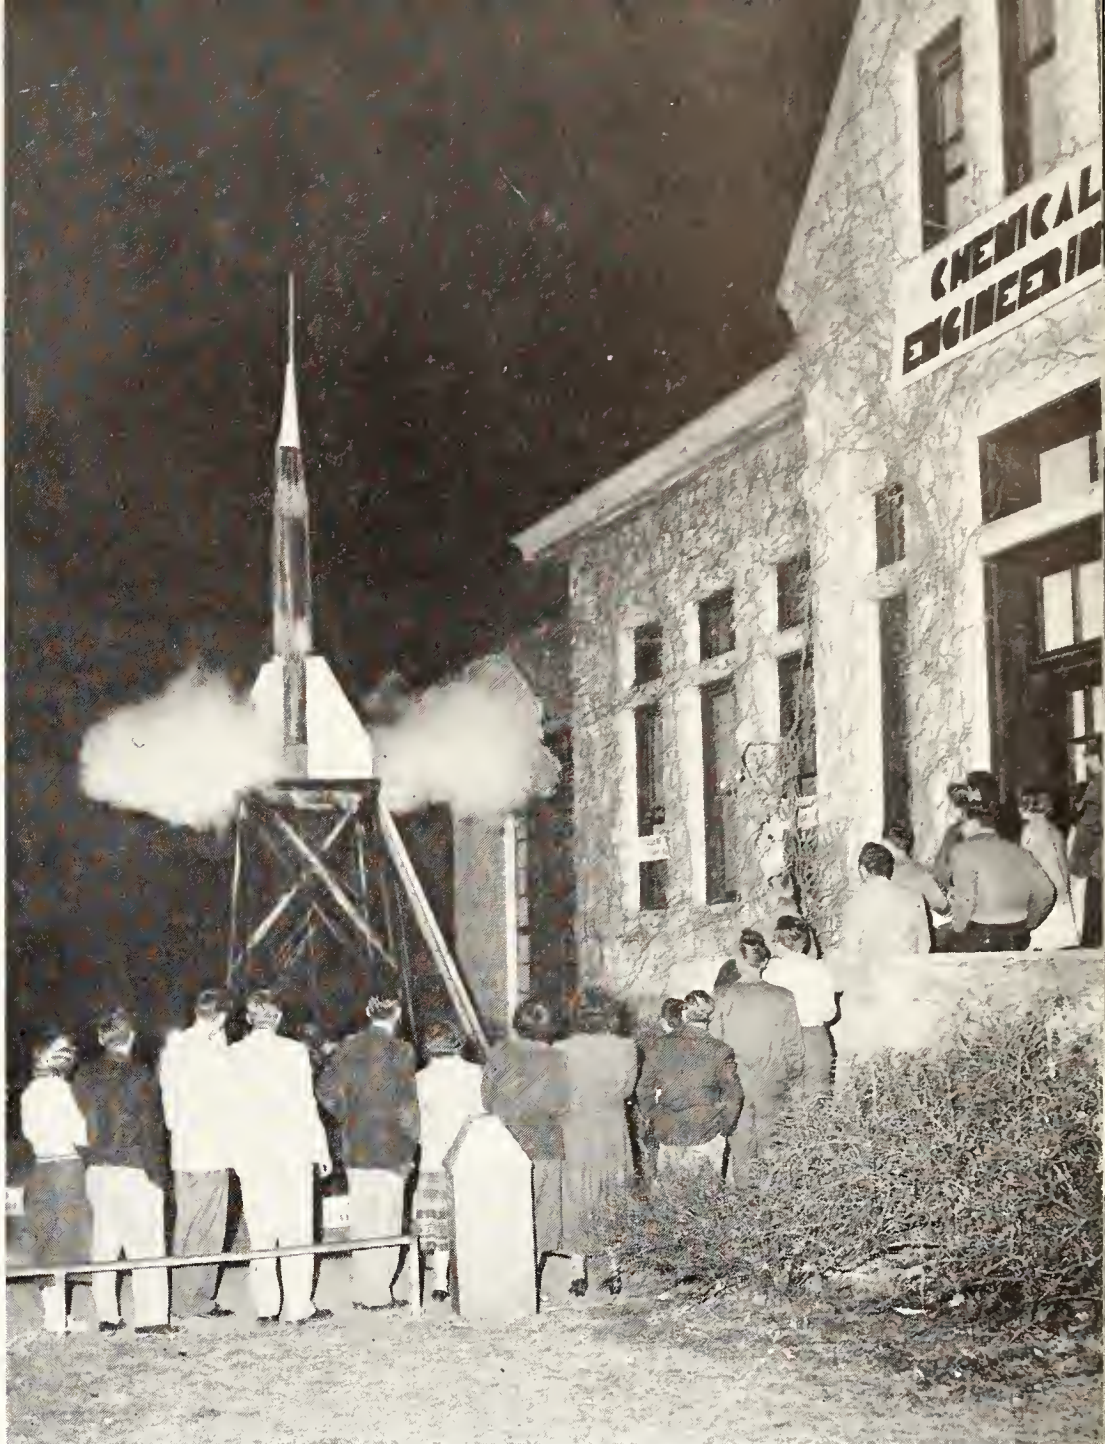

Lab displays, such as this internal combustion engine in the mechanical engineering department, show working equipment.

Dr. Howard T. Hill, former head of the speech department at K-State, directs the ceremonies at the dedication of Ahearn Field

A bronze plaque of Mike Ahearn, late K-State athletic director, is unveiled by his wife in the foyer of Ahearn Gymnasium.

Roses are presented to Mrs. Michael F. Ahearn at the dedication ceremonies as Senator Frank Carlson and President McCain look on.

★ The Field House always attracted a large crowd.... an overflowing one at the K-State-K.U. basketball game. But this year the lines were a little longer and flocked to the Field House for another special reason the dedication in memory of Michael Francis Ahearn, the late athletic director and coach at K-State.

On February 12, 1955, the Field House and Gymnasium were officially dedicated to Mike Ahearn.

Special guests attending the ceremonies included former Cat lettermen who played at K-State when Mike was coach, his relatives and close friends during the 43 years he was at K-State. In addition, about 140 other guests sat together at the game.

Mary Ahearn, widow of the director, unveiled the bronze plaque of her husband in the foyer of the Ahearn Gymnasium. As part of this ceremony Herbert Walkden, alumnus of Massachusetts university, presented a citation from that school, which was Ahearn's alma mater. An eulogy to Ahearn was given by E. C. Quigley, former K.U. athletic director.

Ahearn was responsible for much of the "push" that changed the Field House from a hazy dream to a sturdy reality. He started lobbying for it in 1935, and the first appropriation came in 1945.

Winding walks lead K-State students to class and lab hours . . . informative talks by well-known public personalities . . . arousing discussions sponsored by the Student Council . . . or comprehensive lectures.

Shady spots on warm spring or fall days quite often cause students to deviate from their original plans of attending a gym class . . . browsing through the library for much-overdue research papers . . . or taking off for a cup of coffee in the Union.

Lift Week group meetings, open to any student or faculty member, are a common thing in rec center and classrooms. The groups

Pledge queen and king for 1955 are Becky Culpepper, a Kappa Kappa Gamma pledge, and Neal Van Doren, a Sigma Chi pledge.

English comedy staged by K-State actors is "Hands Across the Sea." This one-act play was taken from "Tonight at 8:30" and

College students were known to cut up quite a bit even in their senior year but the freshmen got off to an early start this year by having a Comic Caper dance for their annual pledge dance in February.

Each sorority pledge class sponsored a queen candidate, and each fraternity, a pledge king candidate. Skits were performed at the various organized houses to introduce the candidates. Pledges voted at the dance and chose Becky Culpepper and Neal Van Doren as their royalty.

Prizes for the best costumes went to Carol Baker and Eddie Slocombe, who were dressed as Bugs Bunny and Elmer Fudd.

A one-act play, "The Doctor in Spite of Himself," was taken on a two-day tour in April by the K-State Players to nearby high schools.

Beauty is a daily thing to Bradbury Thompson, art director of Mademoiselle who selected the 1955 R. P. queen.

Flowers fit for a queen are presented to queen Margy Slaughter and her attendants by C. J. Medlin, graduate manager of student publications.

* Perhaps you'd thought of Kansas as being known to "outsiders" for only its wheat and sunflowers however, this year Kansas coeds favorably impressed some of our Eastern friends in New York with the selection of the 1955 Royal Purple queen by Bradbury Thompson, art director of Mademoiselle.

Mr. Thompson selected Margy Slaughter as queen and Beverly Guinty and Norma Mase as her first and second attendants respectively.

Pictures were submitted of girls representing sororities and dormitories. The judge made his decision on the beauty of the girl in the photograph. Each picture was numbered . . . no names appeared anywhere.

The queen and her court were announced at the Royal Purple ball on February 11 in Nichols gym. Bob Dougherty and his band furnished the music for the dance.

Miss Phyllis Ruthrauff
Editor, 1955 Royal Purple
Kansas State College
Manhattan, Kansas

Dear Miss Ruthrauff:

At this time I am mailing to you the photographs of the 17 candidates in the Royal Purple beauty contest.

This has been a difficult job because each one of the young women is outstandingly attractive. Members of the editorial staff of MADMOISELLE were impressed with the abundance of good looks.

I realize that it is impossible to do full justice in this matter, because one photograph of an individual cannot provide a complete opportunity for evaluation.

Here are the choices, made to the best of my ability:

First - Number 11
Second - Number 4
Third - Number 9

Congratulations to these three, as well as to the 14 other beautiful young women.

Best wishes for the success of the 1955 Royal Purple Ball, and the Yearbook, which will undoubtedly carry on the traditional high standards of its predecessor publications.

Sincerely,

Brad Thompson

1955 Royal Purple beauty queen is Margy Slaughter, a freshman in elementary education. She represented Northwest hall and is a Pi Beta Phi member.

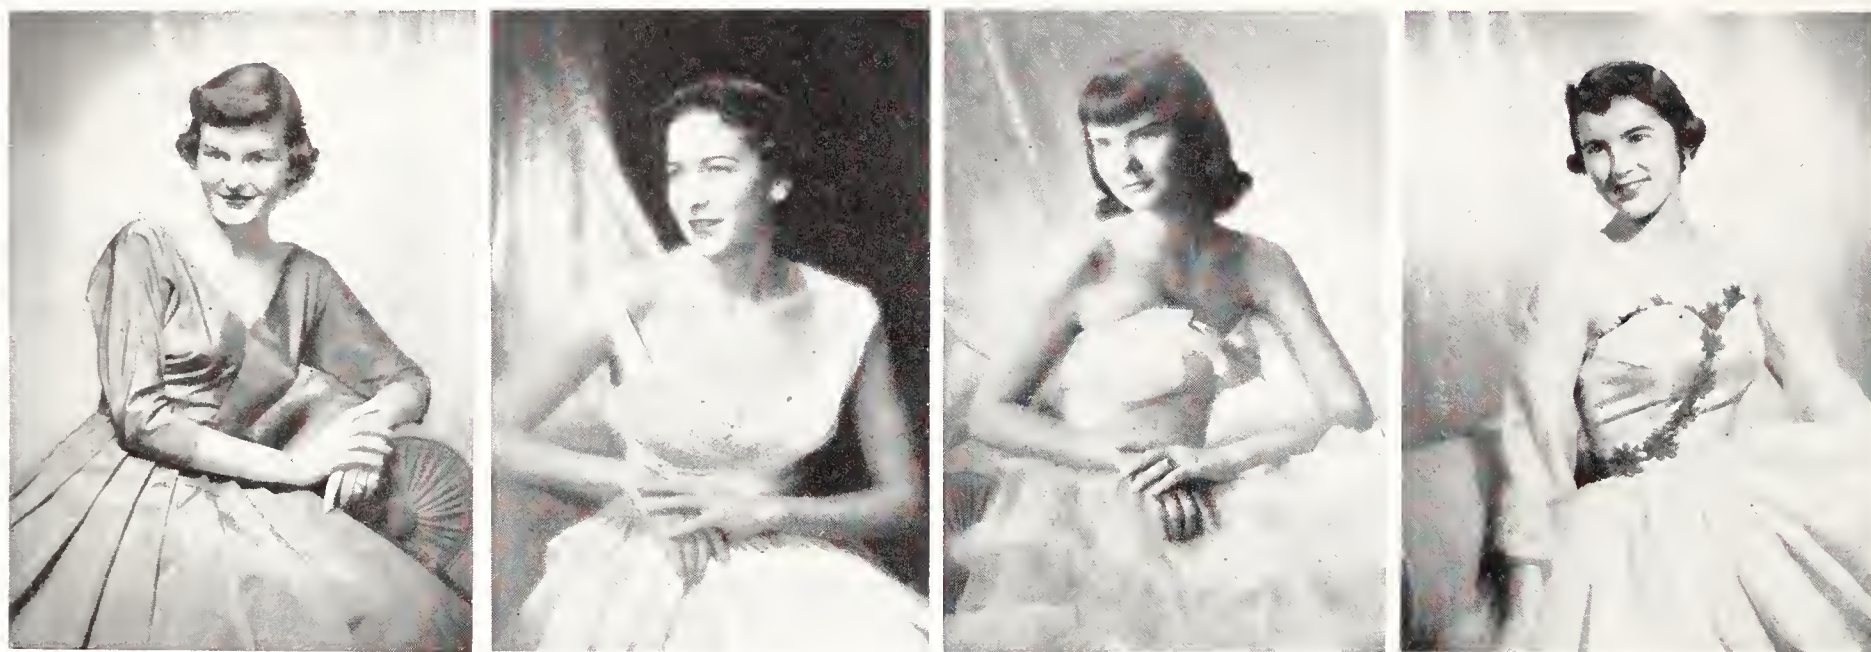

First attendant to the queen is Beverly Guinty, a sophomore this year in elementary education. She represented Chi Omega sorority.

Second attendant is Norma Mase, who is majoring in home economics and specializing in textiles. She's a senior and represented Pi Beta Phi sorority.

ROYAL PURPLE QUEEN CANDIDATES—Dorothy Lodholz, Alpha Chi Omega; Delaine Smith, Alpha Delta Pi; Diana Fellows, Alpha Xi Delta; Virginia Scott, Clovia; Jane Dickhut, Delta Delta Delta.

Intent bystanders, cheering collegians and enthusiastic grads, cheer their favorite entries on to victory at the Little American Royal.

... and sawdust flew

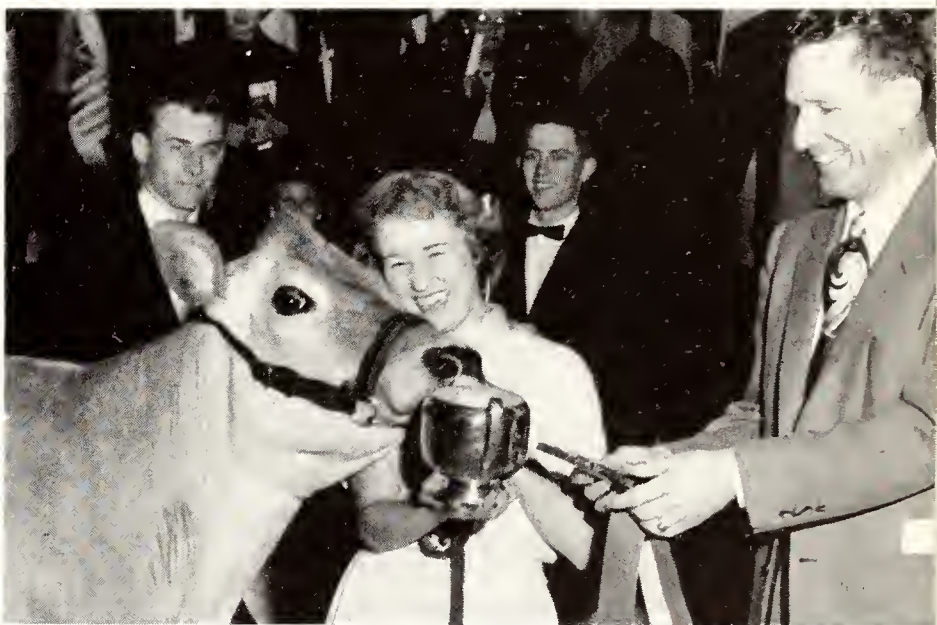

★ No coed's locks shone more than the heifers' at the Little American Royal in the spring of '54. The Aggies probably spent more time fitting their entries for this 26th annual show, than they did grooming themselves for any date.

Cage fans took a back seat in Ahearn Field House when stock fans claimed the spotlight of the show, patterned after the Kansas City American Royal. It was better than a three-ring circus. Sawdust flew as 170 students showed their pride-and-joys to the crowd and judges in four rings—all at the same time.

Royalty of the animal world gather for the opening ceremonies of the 26th Little American Royal. All eyes are front as the

colors are presented. The '54 show was highlighted with a six-pony hitch exhibition and a quarter horse demonstration.

The minute hand ticks away K-State coeds' precious time, as the Kappa Kappa Gammas give their Y-Orpheum version of

"Out of Bounds." The judges rated this first among the four sorority skits.

Smiles displace doubt as Jerry Swaffar, Kappa, and Dick Kraus, TKE, accept first-place Y-Orpheum trophies from Bruce Bellamy (white jacket), master of ceremonies, and Steve Acker, show manager, after the second-night show.

. . . and curtains part

★ Papier-mache . . . revamped costumes . . . wooden crates . . . relyriced songs . . . grease paint . . . and atmospheric lighting all came to life, after weeks of preparation, in the form of Y-Orpheum.

Paving the way to the first-place fraternity award, the TKEs presented a versatile "Frankie and Johnnie" skit—a melodrama and a jazz version. The Kappas, with their first-place sorority skit, journeyed "Out of Bounds," while the ATO's second-place fraternity skit, took off from the moon with "Moon Malarky."

Last minute preparations for "Conflict in the Fourth Dimension" occupy the Phi Delts before curtain time.

Frankie draws many an eye as the TKEs give old and modern versions of "Frankie and Johnnie." They were awarded the fraternity division trophy.

A blend of voices and perfection is the keynote that led the Sigma Chis to the first-place award of the fraternity Interfraternity Sing division. The Sigs won the judges' votes by singing their sweetheart song and "March of the Sigs."

By following their songleader and singing "Follow the Arrow" and the "Sweetheart Song," the Pi Phis capture the sorority first-place trophy in the Sing. Four dozen Pi Phis harmonized on these selections to take the trophy home.

They might not have to sing for their dinner, but the Alpha Chis sang for the second-place sorority trophy that songleader Ida True holds.

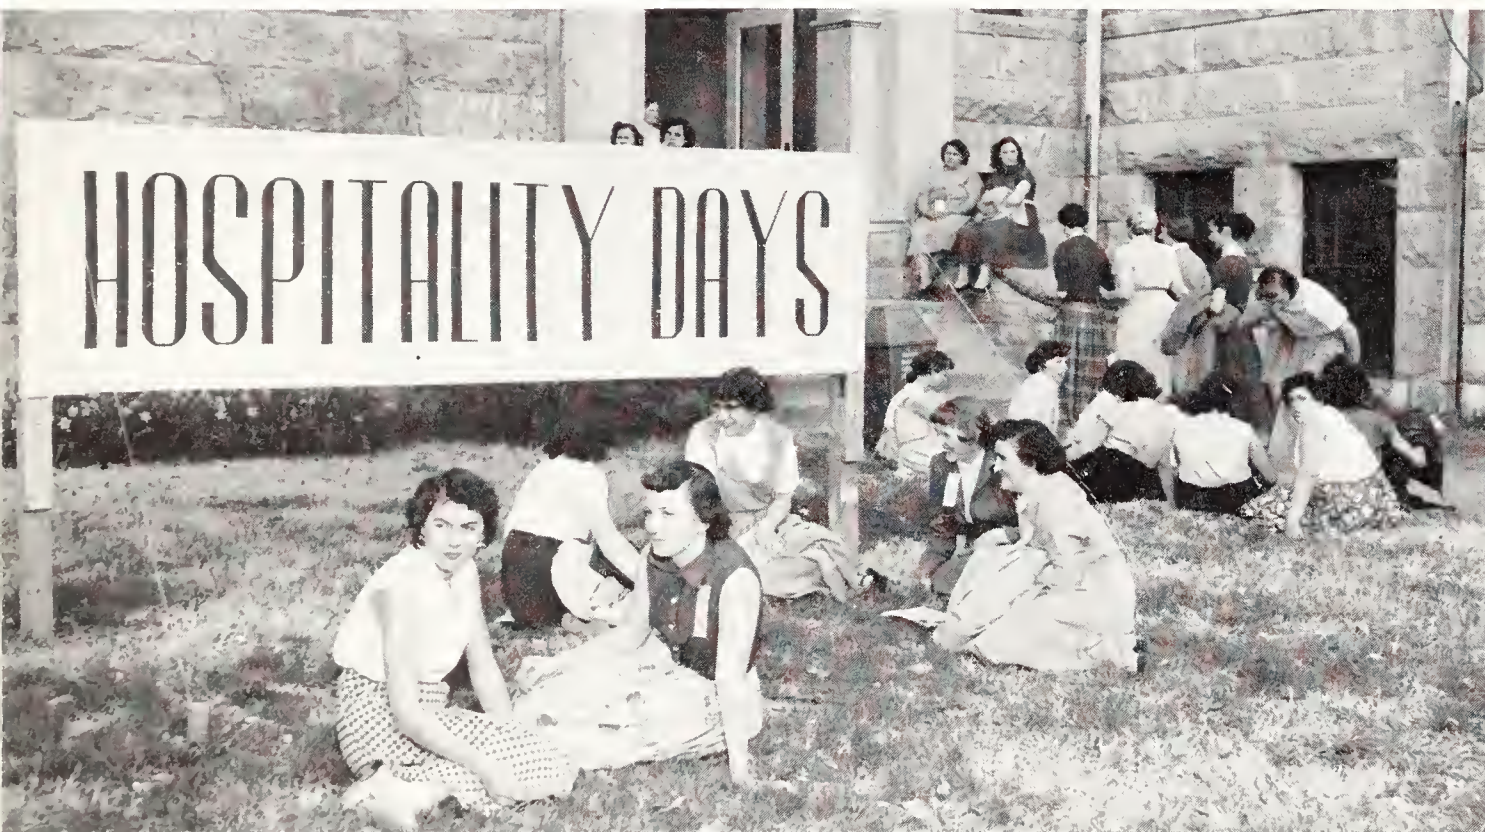

★ After adding up scores and seeing who sang the sweetest and who had the least sour notes, the judges crowned the Pi Beta Phi and the Sigma Chi the '54 Interfraternity Sing champs. Alpha Chi Omega copped second place in the sorority division, while Beta Theta Pi and Sigma Alpha Epsilon took second and third places in the fraternity division.

And the problem remains—what to do with a trophy after winning it. Ann Shaw and Dave Schneider compare notes, and trophies, after the 1954 Interfraternity Sing. Ann led the Pi Phis over the high notes and Dave corrected the Sigs' sour notes.

Intent gazes from high school girls follow the fashion spotlight in the annual style show presented by clothing students. The Auditorium is packed as the girls see how many of their present clothes may be changed into their college wardrobe.

Break-time in front of Calvin provides weary girls with time for discussions of what the campus tours have shown them. Glimpses of home management homes and the nursery school give them an insight into the lives of college home ec girls but also drain them of surplus energy. Exhibitions and demonstrations of various home ec divisions add to their worldly knowledge—and weariness.

★ Were blisters or K-State friendliness foremost in the minds of high school coeds as they toured the campus during Hospitality Days?

Tours and exhibitions of various departments showed them "Home Ec — Good for a Lifetime." What every college girl should know about fashions was passed on in the form of a style show, "Calendar of Costumes." Teas in Northwest and Southeast halls gave the visitors an idea of what the K-State dorms were like.

2,300 times 2. That's about 4,600 slices of bread that are needed for the sack lunches served in Nichols gym at noon to high school girls taking in K-State Hospitality Days.

Food and nutrition booths show high school coeds a slightly different side to the business of cooking than their mothers have told them.

Showing an example of the 1920 flapper is Thomasine Gleason, general chairman, K-State '54 Hospitality Days.

A pause that refills is the noontime break in Nichols gym. The free-throw line means nothing to these girls as they move in for the feed. All signs of basketball vanish as sack lunches, prepared by the cafeteria, fill hungry stomachs.

And crowds gather again. It's spring now and the scene is Ahearn Field House for the much-anticipated graduation. Sen-

iors are confident, at last, that they'll receive a diploma, but after they have it what are they going to do with it?

...and diplomas

★ And the lines formed again. But this time they were actually going toward a sobering speech an unused diploma a few embarrassed tears a fond embrace from Mom and Dad an "At last" from comrades and then they led you to what you had made of yourself.

Looking back to your freshman year and the complaining you'd done about your first roommate the coffee-less schedule of your sophomore year the dreaded shot-guns as a junior and the required courses you'd made up as a senior, you concluded it wasn't as bad as you'd thought.

In fact, those four years had stacked up quite a few points in their favor. As an about-to-be-old-grad, you chuckled over memories of early-morning buzz sessions last minute dates blind dates, for that matter coffee breaks, either legal or illegal, at the "Can" or Union and embarrassing icy "contacts" on cold winter days.

Yes, you might even say that those collegiate years had been the finest of your life. You didn't know what ole' man destiny had in store, but the lines were taking you there mighty quick.

To each his own, line that is. About-to-graduate seniors wonder if they've progressed much in their years at K-State. It's been lines each time they turn around—first it was enrollment and now it's graduation.

Eager parents and friends enter Ahearn Field House for the graduation exercises of their favorite senior . . . and perhaps a tear or two.

Classes

SENIORS, GRADS, UNDERCLASSMEN

★ From 8 a.m. until 5 p.m. each week day and sometimes on Saturday, students and faculty alike were summoned by bells . . . to classes.

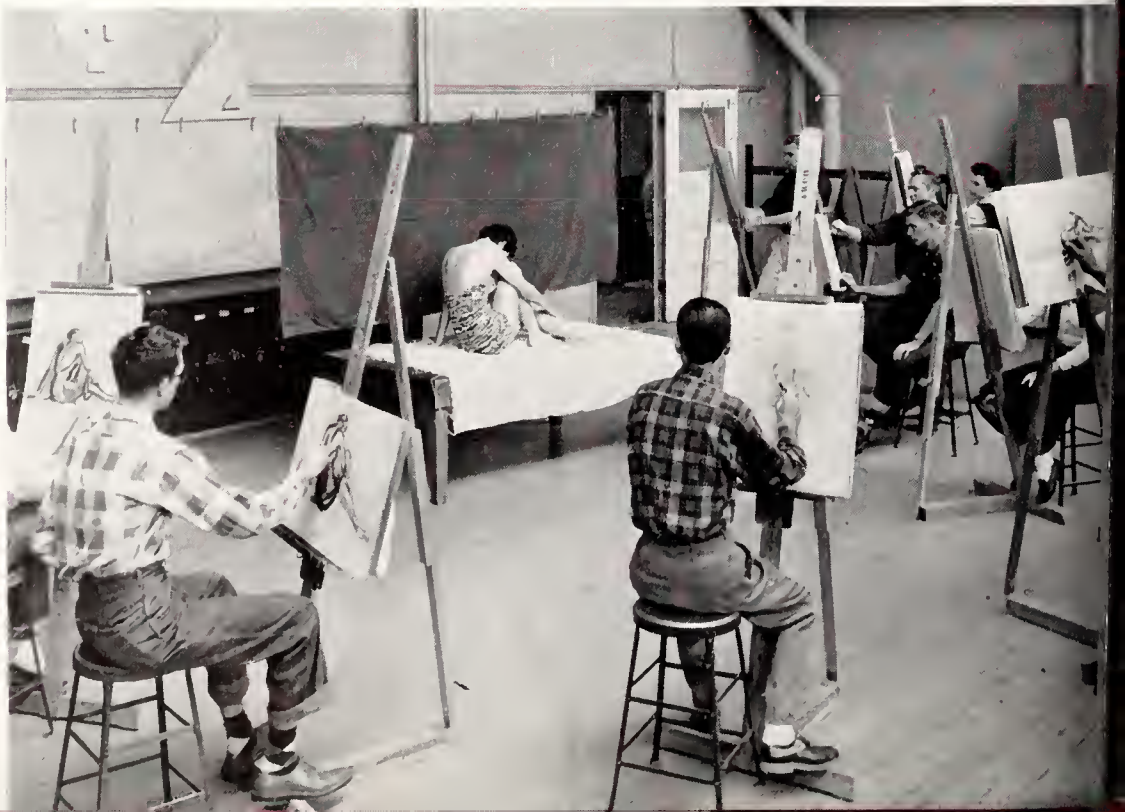

These classes, in the Schools of Agriculture, Arts and Sciences, Engineering and Architecture, Graduate, Home Economics and Veterinary Medicine, claimed 5,385 K-Staters in the 1954-55 school year. This number represents about a seven per cent increase in enrollment over the year before.

Pre-enrollment was inaugurated this year for freshmen, and was conducted in two ways. The students either took tests at one of the six college testing centers in the state, or came to the campus at a set time during the summer and took the tests. Four hundred eighty freshmen participated in pre-enrollment.

Classes were as versatile as the Kansas weather . . . labs and instructors gave students valuable experience and advice necessary for jobs after graduation.

... the big payoff

... class work?

Furthering agricultural interests both in and out of the state and supervising the activities of the 17 departments in the School of Agriculture are major tasks for Dean Arthur D. Weber, who completes his third year as dean.

Administrative aides are C. Peairs Wilson, assistant director of the Agricultural Experiment Station, and Harold E. Myers and Clyde Mullen, assistant deans in K-State's Ag School.

Aggies To Give India Assistance

★ Students and staff members, led by Dean Arthur D. Weber, continued to bring honors and international recognition to the K-State School of Agriculture during 1954-1955.

In its 92 years of instruction the Ag School has made itself known and added its contributions in a national and international scope.

This year Dr. Weber was named chairman of the committee on organization and policy of the Ameri-

can Association of Land-Grant Colleges and Universities. The committee establishes policies of the 53 American land-grant experiment stations on requests from the U.S. Congress. It also acts as an adviser on national agricultural legislation.

Dean Weber was also elected chairman of the experiment station directors of the 12-state North-Central region.

Extra-curricular activities in any school are valuable, but are especially so in the Ag School. Many activities carried on outside of class may even extend to after-graduation days.

Noteworthy examples of this are the judging teams. This year three K-State judging teams in poultry, dairy products and livestock won first ratings in the nation. The groups won this recognition at the Chicago International, the Atlantic City Exposition and the Kansas City American Royal, respectively.

. . . . or take five minutes from a busy day and refresh themselves with an ice cream cone from the Dairy Bar.

A wing to house the only flour and feed milling industries department in the world was added to Waters hall, the agriculture building, and the first graduates of the new feed technology curriculum received their degrees in January, 1955.

Often K-State instructors not only teach, but also advise people outside the College of technical aspects in their particular field. Dr. J. A. Shellenberger, milling department head, was called to Europe twice this year for his special knowledge on quality wheat and flour.

Foreign project scheduled

Contract for the new animal industries building is to be let sometime this summer. When completed, it will have cost more than Ahearn Field House. The college will be able to integrate research, production, processing and instruction with large animals in the new building.

In March the Board of Regents granted permission for K-State to enter contract with the Foreign Operations administration to assist with agricultural research, education and extension work in India.

Staffers to survey need

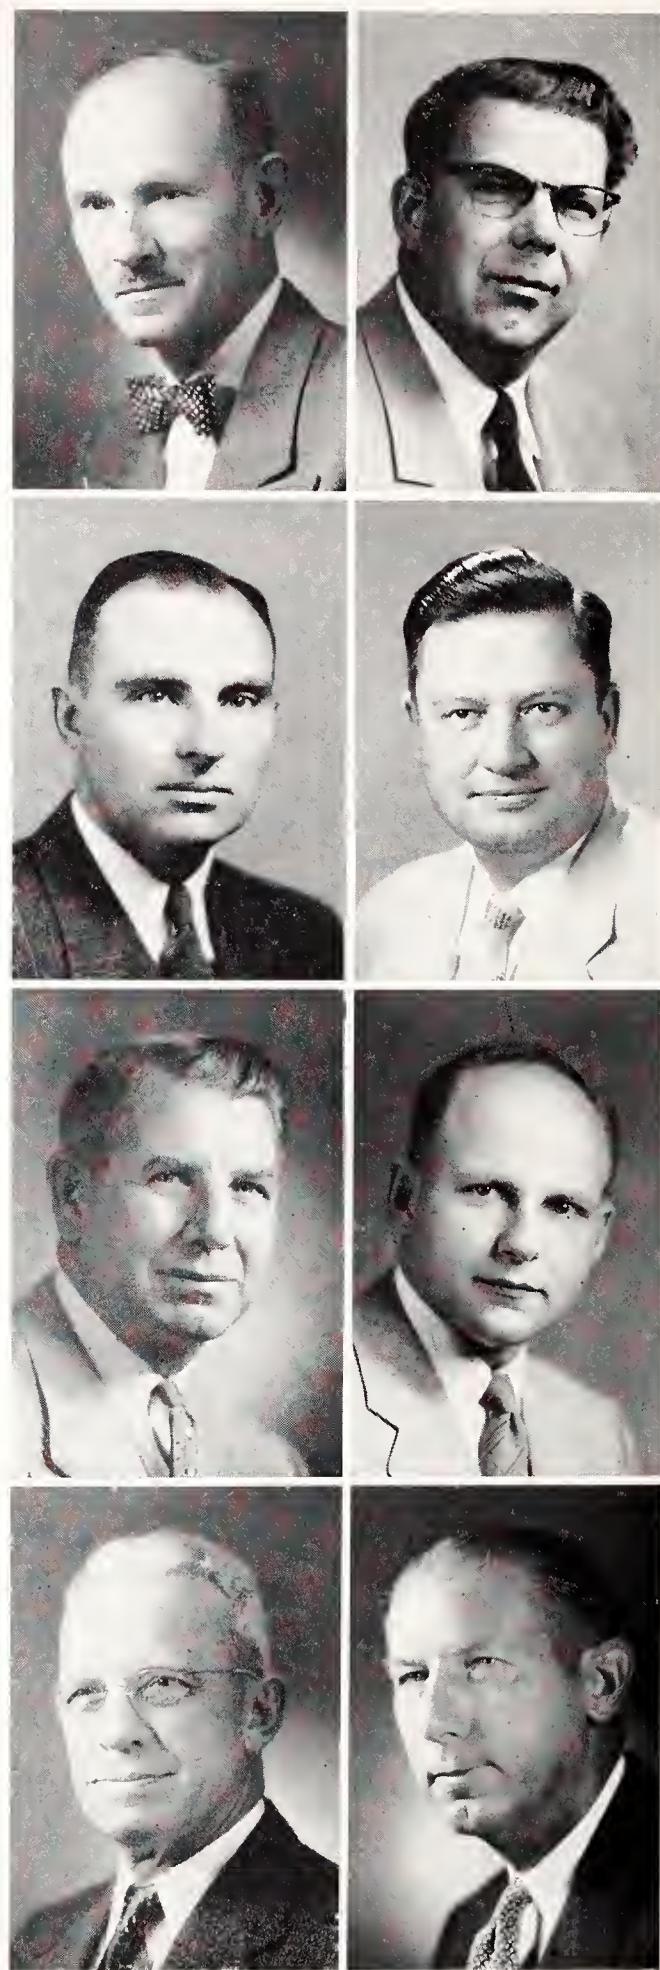

Tentative plans call for a survey team of two K-State men to go to India this summer to determine the staff requirements to best serve the west-central region of India where about 10 K-State staff members later would work.

This section of India includes the states of Bombay, Hyderabad, Madhya Pradesh, Bhopal, Madhya Bharat and other minor states.

K-State leads ag research

Because K-State has sole responsibility in Kansas for agricultural research, it is the School of Agriculture that makes K-State unique among institutions of higher learning.

The K-State Agricultural Experiment Station includes 21 departments, 12 experiment fields, five branch experiment stations and four irrigation development farms. The fields, branch stations and farms are scattered throughout Kansas. During 1954-55 the Experiment Station had 340 persons working on 190 research projects on a \$1,500,000 budget.

SCHOOL OF AGRICULTURE department heads—TOP ROW: F. W. Atkeson, dairy husbandry; Thomas B. Avery, poultry husbandry. SECOND ROW: Rufus F. Cox, animal husbandry; Herbert Knutson, entomology. THIRD ROW: George Montgomery, agricultural economics; Raymond V. Olson, agronomy. BOTTOM ROW: William F. Pickett, horticulture; John A. Shellenberger, flour and feed milling industry.

Babcock Retires after 25 Years as Dean

★ After serving Kansas State college for 25 years as dean of the School of Arts and Sciences, Dr. Rodney W. Babcock retires this year.

His last year as dean saw a 16 per cent increase in the school enrollment over the previous year. The 2,200 students were enrolled in the 22 departments of the school.

Although students may be enrolled in any of the

other three schools, they will sometime take a course in the School of Arts and Sciences. All freshmen, regardless of their major, take the written and oral communications courses offered by this school.

The wide variety of courses found in the school attracts an equally wide variety of students, giving the school the distinction of having the largest number of students in any school at K-State.

As supervisor of the School of Arts and Sciences, Dean Rodney W. Babcock spends much time co-ordinating the work of the 22 departments, to better prepare students for their careers. He retires this year after being dean for 25 years.

SCHOOL OF ARTS AND SCIENCES department heads—TOP: Donald J. Ameel, zoology. SECOND: Arthur H. Brayfield, psychology. THIRD: Col. Laurance C. Brown, military science. BOTTOM: Joseph Chelikowsky, geology and geography.

At the close of the 1954 school year television equipment was purchased for the radio and T.V. courses, but it wasn't until the summer and fall sessions that it was put into actual use for the students.

The purpose of the courses and equipment is to give students as much practical experience as possible in all phases of T.V. production. They produce and direct their own programs, working closely with the drama section of the speech department.

So far the radio-T.V. section has three cameras and monitors for all three and also a complete closed-circuit system. The latter enables classes to see what other students are doing in the T.V. workshop. Permanent lighting and scenery have also been added this year.

In the 1955 school year officials hope that a film camera will be in operation. Students this year assisted with a T.V. show in Topeka.

A curriculum in secondary education will be offered beginning with the 1955 fall semester. Though this will be a new curriculum, as such, it will not include a new combination of courses.

Education majors have taught in secondary schools upon graduation from K-State, but they will now have an "official" curriculum.

A newcomer to the Arts and Sciences School is Prof. John W. Keltner, head of the speech department.

Facts and figures and other administrative business of the School of Arts and Sciences keep Alvin B. Cardwell busy. Cardwell is associate dean to Dean Babcock in the school.

SCHOOL OF ARTS AND SCIENCES department heads—TOP: Earle R. Davis, English. SECOND: Earl E. Edgar, general studies. THIRD: Thomas M. Evans, physical education. FOURTH: Vernon D. Foltz, bacteriology. BOTTOM: Finis M. Green, education.

Student problems concerning schedules or curriculum changes are the work of Orval Ebberts, assistant Arts and Sciences dean.

Another new face on the K-State campus this year is that of the other Arts and Sciences assistant dean, Ray W. Rose.

SCHOOL OF ARTS AND SCIENCES department heads—TOP ROW: Mae Baird, extension; Milford F. Itz, air science; John W. Keltner, speech. SECOND ROW: Ralph R. Lashbrook, technical journalism; Luther Leavengood, music; Fritz Moore, modern languages. THIRD ROW: Laurence A. Mullins, director of athletics; Stuart M. Pady, botany and plant pathology; Fred L. Parrish, history, government and philosophy. BOTTOM ROW: Ralph G. Sanger, mathematics; Ralph G. Silker, chemistry; Stuart E. Whitcomb, physics.

Geology students will be able to enroll in a curriculum especially designed for them in the 1955 fall semester. Students, before, have had to take geology courses from other curriculums.

Another addition to the department is a summer camp in Colorado this summer for geology majors. This field camp is to be located near Beulah, Colo., and will open from May 31 to July 5. Advanced geology or geological engineering students may attend the camp and receive a minimum of five hours of credit.

Besides the regular field work along the front range of the Rockies, trips to the Cripple Creek mining area, the Spanish peaks, the Leadville mining region and the San Juan region are also scheduled. Visits to the Sand Dune national monument and the Garden of the Gods are also planned.

Under the guidance of Charles S. Goetzinger, a newcomer to the speech department this year, the varsity debate teams won about 70 per cent of their debates in open competition. Forty students participated in debate this year and 27 attended the out-of-town tournaments.

As a group, the teams were in about 230 intercollegiate debates in addition to debates for clubs, radio programs and intracub projects.

The K-State group was selected with 31 others for the West Point tournament and with 19 others for the Notre Dame invitational.

Dean M. A. Durland of the School of Engineering and Architecture works to co-ordinate 92 full-time faculty members of the

school. Durland is also director of the Engineering Experiment station which has the dual purposes of research and public service.

Richard Potter, assistant dean of the Engineering and Architecture School, helps direct the nine engineering curriculums.

Engineers Offer More Scholarships

★ Enrollment in the School of Engineering and Architecture this year went up 20 per cent over previous years. The enrollment total was 1,261 students including 502 freshmen in September.

The 20 per cent enrollment increase was the highlight of the year in the School of Engineering and Architecture. The number of graduates was lower however, as 163 graduated from the school in 1954, a 13 per cent decrease from the previous year. The number of graduates in 1955 will be about seven per cent lower, or 151, according to estimates.

The Engineering and Architecture faculty is composed of 92 full-time instructors. Graduate assistants also have teaching responsibilities.

Four-year programs of study are offered in agricultural, chemical, civil, electrical, industrial, mechanical and nuclear engineering. A four-year course in industrial arts is offered. In addition, a five-year curriculum is available in architecture. K-State can

confer bachelor of science degrees in all of these fields and is authorized to confer the doctor of philosophy degree in applied mechanics.

Scholarship aid to students has been increased considerably during this year. Dow Chemical company made \$2,500 available each year for undergraduates in chemical engineering. A scholarship program was inaugurated by the Kansas chapter of the National Electrical Contractors association for \$1,000 a year for freshmen and sophomores in electrical engineering. Boeing Airplane company boosted the size of its scholarship support from \$1,500 to \$2,000 a year.

The Engineers' Council for Professional Development reinspected and fully accredited all curricula of the Engineering School this year.

Classes in agricultural, mechanical and civil engineering are held in this modern, well-equipped wing of Seaton hall. This section

of the building was formally opened at a special ceremony which was part of the 1954 Engineers' Open House.

The Engineering Experiment Station has two functions: carrying on research and performing public services. The amount of research work done by the station has tripled in the last seven years. One quarter of this work has been financed by private commercial sources. An electronic analogue computer and an anechoic chamber were added to station facilities during the past year.

A popular new research project this year has been the designing of improved water storage reservoirs for both farms and cities. Other projects have been research in solar energy, research on the control of dust and erosion on air field runways and experiments with prestressed concrete.

The station continued working on its industrial survey program by surveying Kansas communities in co-operation with local chambers of commerce. The surveys included studies on population, wages, markets, transportation, taxes and industrial sites. Reports have been completed in nine Kansas cities.

Shaping pottery on the potter's wheel is only one step in the designing, molding and firing techniques taught in this course.

SCHOOL OF ENGINEERING AND ARCHITECTURE department heads—TOP ROW: Fredrick C. Fenton, agricultural engineering; Linn Helander, mechanical engineering. SECOND ROW: William H. Honstead, chemical engineering; Leland S. Hobson, director of experiment station. THIRD ROW: Royce G. Kloeffer, electrical engineering; Reed F. Morse, civil engineering. FOURTH ROW: C. E. Pearce, machine design; C. H. Scholer, applied mechanics. FIFTH ROW: Gabe A. Sellers, industrial engineering and industrial arts; Paul Weigel, architecture and allied arts.

Extension Plans New Building

★ Construction of Umberger hall, the new extension office building, began in June, 1954, and the building is to be completed by fall, 1955. It will house all extension administrative offices and personnel and will have an air-conditioned auditorium seating 500. The auditorium will be used as a meeting place for all off-campus groups holding conferences and meetings at the college.

A balanced farming and family living program for Kansas has been given increased emphasis by the extension division this year. Intensified work has been carried out in 15 counties of the state, with soil improvement the most important phase of the program. Rebuilding soil and halting wind and water erosion have been stressed throughout the state.

The Kansas farm family is being urged to participate in youth development programs such as the 4-H club and junior farm organizations. Extension officials have also worked for more modern homes on attractive farms with buildings and lots placed for efficient farming.

Dean L. C. Williams of the Division of College Extension has the job of directing the Agricultural Extension services.

Paul W. Griffith, associate dean of Extension and associate Extension director, works with Williams to inform Kansans.

EXTENSION HEADS—TOP ROW: W. G. Amstein, head of department of agricultural extension specialists; Harry C. Baird, northwest district agent; Mae Baird, state home demonstration leader and head of department of home economics extension specialists; Frank O. Blecha, east district agent; John M. Ferguson, head of department of engineering extension; A. L. Hjort, administration assistant. BOTTOM ROW: J. Harold Johnson, state 4-H club leader and head of department of boys and girls club work; L. L. Longsdorf, extension editor and head of department of extension information; Herbert Maccoby, director of home study and community services; E. H. Teagarden, southwest district agent; Kenneth E. Thomas, director of radio station KSAC and head of department of radio extension; Carl Tjerandsen, director of general extension and head of department of general extension, home study and community services.

The Graduate Council making decisions on the School's policy are (left to right) Harold Howe, Finis M. Green, Fred L. Par-

rish, Doretta M. Schlaphoff, R. W. Babcock, Rollin G. Taecker, Robert Katz, J. Adair Hodges, Stuart M. Pady, Gravers K. L. Underbjerg.

Grad Treatises To Be Microfilmed

★ Earning a doctor of philosophy degree is becoming more essential, and larger numbers of students are enrolling for advanced study. K-State is authorized to confer PhDs in chemistry, milling industry, bacteriology, entomology, agronomy, animal nutrition, applied mechanics, botany, foods and nutrition, genetics, parasitology and physics.

In June of 1933 Hugh Stanley Carroll received K-State's first PhD; it was awarded in chemistry. Degrees were granted only occasionally until 1942 when five were conferred. After 1942 the number increased steadily. Between January 1950 and January 1955, 77 doctor of philosophy degrees had been conferred here. The total after the January 1955 commencement was 106.

Abstracts of all of the dissertations are being published in a booklet this year. However, all the following dissertations are to be microfilmed and the abstracts published on microfilms immediately after the graduate school has finished grading them. They will be filed and stored with a national microfilm company where anyone may purchase a copy.

The cost of a microfilmed dissertation will be less than having a copy mailed from a lending library, the usual method of making dissertations available to the public. The author can also have the dissertation published in any other medium which the author desires.

Two new graduate seminars to improve college teaching will be offered to graduate students beginning September 1955. They will have no prerequisites and will be designed to improve teaching competency and to facilitate adjustment to college teaching. Leaders from such fields as psychology, administration, education, counseling and testing will help with these instructional programs.

The first course will deal with basic principles—Educational philosophies, history of American education, characteristics of college-age people and principles of the nature of learning and communication. The other course will deal with characteristic teaching problems in particular fields, observation of good teaching and practice teaching. New K-State instructors will be urged to take these courses also.

Harold Howe has been dean of the Graduate School for 10 years. Previously he was a staff member in the department of economics

and sociology. As chairman of the Graduate Council, Dr. Howe supervises, directs and co-ordinates the studies of grad students.

Graduate Students' association cabinet plans parties, picnics and the annual graduate banquet. The officers were John A. Lindsey,

Martha Patterson, Mary Jane Freeburg, Loraine Galle, Douglas Sellers.

New dean, Dr. Doretta M. Schlaphoff, heads the K-State Home Economics school and confers with many girls individually in

connection with their courses and careers. Dean Schlaphoff replaced Dr. Margaret Justin, now dean emeritus of Home Economics.

Schlaphoff New Home Economics Dean

★ A newcomer to the K-State campus this year was Dr. Doretta M. Schlaphoff, the new dean of the School of Home Economics.

Previous to her K-State employment, she was head of the department of Home Economics at the University of Nebraska. Dr. Schlaphoff has received de-

grees from Nebraska, Michigan State and Cornell.

Her activities included research and teaching instruction in foods and nutrition at Nebraska, graduate assistantship at Cornell, instructor at the University of Arizona and graduate assistantship in teaching at Michigan State.

Good homemakers are hospitable homemakers. Since K-State girls are educated to be good homemakers, an extra-curricular activity known as Hospitality Days is included in the course of study.

Hospitality Days benefit both the College coeds sponsoring it and the high school girls who visit it. Classes in each home ec department set up exhibition booths of their class work, thus showing the high school girls what they might expect if they took the courses. Tours take the visiting girls through the home ec departments, over the campus and include such things as the home management houses, the nursery school and the dormitories.

Margaret E. Raffington, assistant to the dean, took advanced work in home economics at Columbia university during the 1953-1954 school year, but she returned to K-State in time for school in September, 1954. Much of her work at K-State deals with home ec majors and their activities on the campus. She also sponsors the Home Economics council.

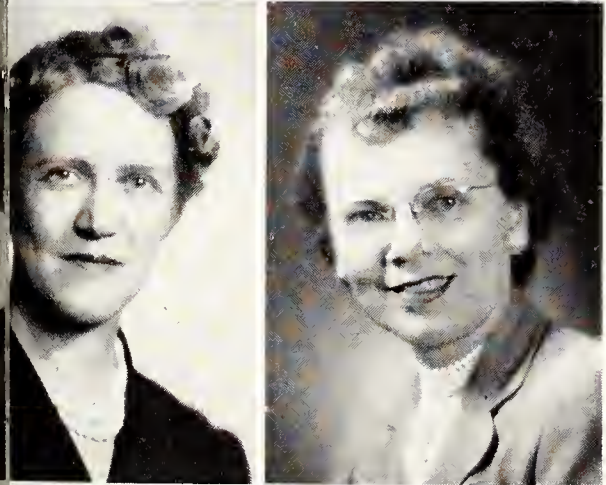

Dean emeritus Margaret M. Justin returned to the campus this year. Last year she conducted a series of workshops in administrative management for home economists in Holland to fulfill a Fulbright assignment.

Even Cinderella would be amazed at the accomplishments of the draping class . . . muslin models appear as satin dresses.

Tessie Agan, acting head of household economics; Dorothy Barfoot, art.

Alpha Latzke, clothing and textiles; Lois Schulz, family and child development.

Gwendolyn Tinklin, acting head of foods and nutrition; Bessie West, institutional management.

Aiding girls to select classes, activities and future careers consumes much time for Assistant Dean Martha Kramer.

Vets Occupy Dykstra Hospital

★ Years of dreaming and planning took final shape in the completion of the Dykstra Vet hospital in February, 1955. The T-shaped limestone building was named after Ralph R. Dykstra, who became dean of the Vet School in 1919 and dean emeritus in 1948.

The east wing of the hospital is the small animal section, and when the kennels are completed, will have a capacity of 100 small animals and pets. X-ray and developing rooms are along the main corridor which opens into the large animal clinic. This opens into another surgery room beyond which are stalls. Eight of these are steam-heated.

The amphitheater seats 285 and has a large working area for student lectures and demonstrations. A large Alaskan Kodiak bear skin hangs on the south wall of the room. A fully-equipped post-mortem room allows proper handling of dead stock brought in for analysis.

The conference room on the second floor is wired for television, biologic display cabinets, store rooms, student lockers and intern quarters for 10 senior interns and the hospital physician.

New home for the veterinary medicine students and their patients is the Dykstra hospital, completed in February, 1955. This

Practical experience gained through lab work in the vet hospital, prepares K-State's future veterinarians for their work.

With the opening of the Dykstra hospital, the former vet hospital, which had been used for 31 years, changed name and began to take on a new appearance. It's now the Veterinary Science hall and is being remodeled to provide modern labs and classrooms.

Vet students numbered 249 this year including 70 freshmen. This was the largest freshmen class in the history of the school.

The Vet School is divided into the departments of anatomy, pathology, physiology, surgery and medicine and the experiment station.

native limestone building was named in honor of Ralph R. Dykstra, dean emeritus of the Vet Medicine School.

Completing his seventh year this spring as Dean of the School of Veterinary Medicine is Elden E. Leasure. He heads the only selective school on the campus which limits freshmen enrollment to 70.

Many students and patients have come and gone during the 50 years that the School of Veterinary Medicine has been on the K-State campus. The first Doctor of Veterinary Medicine degree was conferred in 1907.

Each vet student studies basic science and general education courses in the School of Arts and Sciences for two years; then studies four more years on professional courses in the Vet School.

SCHOOL OF VETERINARY MEDICINE department heads—TOP ROW: Dr. Edwin J. Frick, surgery and medicine; and Dr. William M. McLeod, anatomy. BOTTOM ROW: Dr. Marvin J. Twiehaus, pathology; and Dr. Gravers L. Underbjerg, physiology.

A debatable question arises between these two K-State debaters as they practice before competing in a state tournament.

Organizations

HONORARY, ALL-COLLEGE, RELIGIOUS

★ Organizations provided the outside touches to college life that broke the routine of classes and also contributed knowledge for work after graduation.

Membership in honorary organizations was based on leadership, service and scholarship; while departmental organizations were open to anyone interested in that particular field. The departments of the schools of Agriculture, Arts and Sciences, Engineering, Home Economics and Veterinary Medicine were represented in the latter.

Religious life on the K-State campus was stressed by 20 religious organizations. Some faiths had separate clubs for boys and girls.

All other organizations fell into the All-school division. Included in this were clubs with wide fields of interest . . . such as the Y.M.C.A. and Y.W.C.A. groups . . . student publications . . . and the plays, band, orchestra and A Cappella choir.

Honoraries Choose On Grades, Activities

★ Among the top organizations on the campus are the honorary groups. Membership into these fraternities or sororities is generally based on leadership, high scholastic standing, personality and activity in other campus functions.

Heading the list of K-State honoraries were Mortar Board, Blue Key and Chimes. These three organizations, which perpetuate their own membership, select new members on the basis of high scholarship, leadership and good character ratings.

Mortar Board, senior women's honorary, aided Blue Key, senior men's honorary, in sending students with faculty teams to publicize K-State at Kansas high schools.

The 12 women sponsor an annual scholarship dinner honoring three girls for having the highest grades of the freshman class. They also award a \$100 scholarship to an outstanding freshman girl.

Junior women with the minimum 1.8 grade average and outstanding in campus activities are eligible for membership. Martha Nell Carter was president, and Gertrude Lienkaemper, Mrs. Philip Sorensen and Mrs. John Helm Jr., sponsors.

Blue Key heads Homecoming

Members of Blue Key were in charge of the Homecoming activities. They presented the queen and her attendants and sponsored the Homecoming ball.

The group, traditionally limited to 13 members, select men who rank high in campus activities and scholarship.

"Serving, I Live," is Blue Key's motto. Hiram Faubion was president, and President James A. McCain and William Kimel, faculty sponsors.

"To lead with knowledge, to follow with intelligence, to see the worthwhile in life," is the motto of Chimes, junior women's honorary.

Acting as a service honorary, Chimes members helped with tours around the campus, ushered at campus events, served as hostesses at the president's tea and handed out programs at assemblies. Additional activities of the 12 members were business and social meetings, dinners and parties.

Ann Shaw was president, and Golda Crawford was faculty sponsor.

Mortar Board members and their guests enjoy the Scholarship Dinner given each fall honoring outstanding freshman girls.

Sigma Tau pledges are kept busy getting signatures of members on wooden paddles as a prerequisite to their initiation.

Mortar Board and Blue Key members take time out from the school grind to form a chow line at a fall picnic get-together.

Campus Leaders

★ Senior leaders for 1955 were announced in the Honors assembly May 10. The 33 students, who will graduate in May, August or January, represented the upper three per cent of the senior class in each school. Selection was based on a point system which counts 60 per

cent for activities and 40 per cent for scholarship. Minimum grade average is 1.75.

Members selected and the schools which they represented were:

School of Agriculture: Dale Foo-
shee, Eldon B. Johnson, Herbert
Lee, Richard Pickett, Walter
Schoen, Damon Slyter and Leonard
Slyter.

School of Arts and Sciences:
Charles Amstein, Ann Beckmeyer,
Byron Bird, Donald Cordes, Lois

Hahn, Barbara Hart, Rebecca
Thacher Lowell, Judy Menehan,
Phyllis Conner Pickens, Annalou
Shaw, Roger Reitz, William Rosen-
berger, Janet Shields and Gary

Schmidt Jr., Samuel W. Sinderson,
Robert Tointon and John Weese.

School of Home Economics: Jane
Compton, Doreen Cronkite, Phyllis
Ruthrauff and Mariellen Jones.

School of Veterinary Medicine:
Hiram Faubion and Rollin Vickery.

The senior leaders system at K-
State replaces the national Who's
Who in American Colleges and Uni-
versities.

Members of the selection commit-
tee were: Helen Elcock, chairman,
Golda Crawford, Ralph Nevins,
Harriet Myers, Nancy Blackburn,
Marcella Ecord, Don Janes, Ronald
Gier and Lee Ruggels.

Senior class officers were chosen
by the senior class at a special elec-
tion in the fall.

Bob Tointon, Betty Brammell,
and Howard Hill Jr. represented
Integrity Party and Jerry Friesen,
the All-College Party.

INDEPENDENT STUDENT ASSOCIATION officers and advisers—TOP ROW: Charles Goetzinger, Thornton Edwards, Golda Crawford, Margaret Pearson. BOTTOM ROW: Larry Smith, Roger Tointon, Max Berends, Velda Reiff, Grace Schmidlein, Ruth Knapp.

Honor Key Awarded to 73

★ Seventy-three students were elected to membership in Phi Kappa Phi for the 1954 summer school, fall and spring semesters. Phi Kappa Phi, the equivalent of Phi Beta Kappa, is K-State's highest scholastic honor. Each semester the organization selects members from the upper tenth of the seniors in each school.

The national scholastic honorary was established at K-State in 1919. Its purpose is to recognize and encourage scholarship in all fields of study. The honorary recognizes outstanding freshmen students each year by awarding Phi Kappa Phi freshmen recognition certificates.

Sigma Tau, honorary engineering fraternity, sponsored St. Pat's Prom and the marathon race to K-Hill during Open House.

Members are chosen from the upper one-third of junior and senior engineering students. Members maintained the pyramid southwest of the Engineering building and the "KS" letters on K-Hill.

Bryce Miller was president, and Dr. Reed F. Morse, faculty sponsor.

Engineers are active

Steel Ring, engineering honorary, presented a trophy for the outstanding exhibit at Engineers' Open House. The 40 members also published the "Intake and Exhaust" and sponsored the Engineers' Alloy.

Membership is open to junior and senior students in engineering who possess outstanding leadership, ability, personality and practicability. Jerry Friesen was president, and Dwight Nesmith and Dr. Reed F. Morse, faculty sponsors.

Alpha Epsilon Rho, national radio honorary, celebrated its fourth year on the K-State campus. Junior radio speech majors with a 2.0 grade average in radio courses are eligible for membership. Wayne Sheets was sent as official K-State delegate to the national council of Alpha Epsilon Rho. Sheets was president, and Robert Snyder was faculty sponsor.

Technologists promote fellowship

Alpha Delta Theta, honorary medical technology sorority, sponsored speakers about medical technology. Members sold Christmas cards and distributed food baskets to needy families at Christmas.

Purpose of the group is promotion of social and intellectual co-operation and fellowship among the medical technologists at K-State.

Dollie Lewis was president, and C. A. Dorf and John Harris, faculty sponsors.

Alpha Omega chapter of Alpha Kappa Psi ranked first among all 87 chapters in the field of professional programs last year and fourth in over-all activities of the chapters without chapter houses.

The group was host to the Midwest District conference last fall, and this spring AKPsi sponsored the annual Labor-Management Round Table.

Requirements for membership are a 1.75 grade average and approval by the active members.

Bob Jepson was president, and faculty sponsor was Jack Kier.

Theta Sigs sponsor party

Theta Sigma Phi, honorary fraternity for women in journalism, annually brings an outstanding woman in journalism to the campus to speak at the Matrix table dinner. The women also helped with Editors' Day and sponsored a "merry-go-round" party for freshmen and transfer women.

To be eligible for membership, a woman has to meet scholastic requirements and be outstanding in journalism activities.

Marliene von Bose was president, and Helen P. Hostetter was faculty sponsor.

Sound mind, body needed

"A sound mind in a sound body" is the motto of Phi Epsilon Kappa, professional physical education fraternity. Members are physical education majors with good grades and superior athletic achievement.

The group sold cowbells at football games, bought books for the physical education department library, held a mixer with the Phems and sponsored a Founders' Day banquet in the spring.

President was Jim Tangeman, and Veryl E. Snyder was faculty sponsor.

Objectives of Tau Sigma Delta, architectural honor society, were scholarship, leadership and character. Students in architecture and architectural engineering who have finished five semesters of their college work and rank in the upper 20 per cent in their curriculum are eligible for membership.

Bob McCulley was president, and Paul Weigel faculty sponsor.

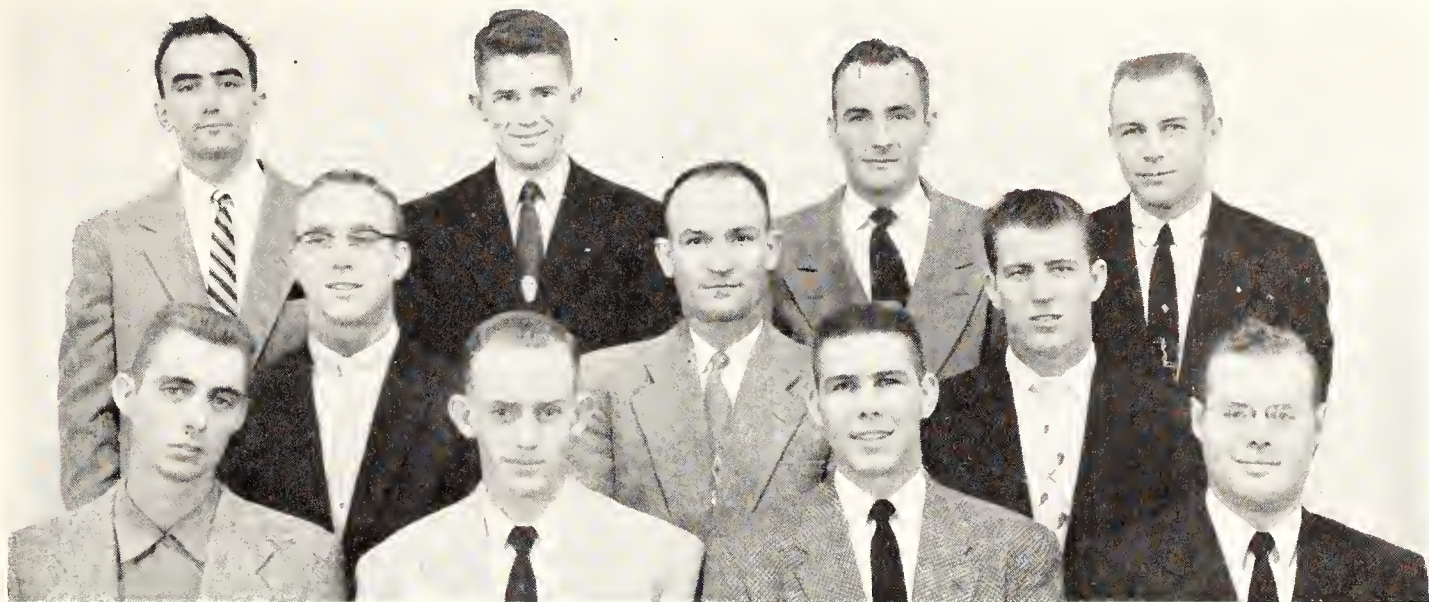

Sigma Gamma Epsilon, honorary geology fraternity, sponsored a field trip to Arkansas this spring. Other activities were publishing a newsletter, selling pick holsters and selling magazine reprints and Christmas cards.

Requirements for membership are a 1.2 over-all grade average and a 1.8 geology grade average.

Dale Olson was president, and faculty sponsor was Henry Beck.

Alpha Mu members milled flour last Christmas to distribute to needy Manhattan families. Other projects were the presentation of a scholarship key to the freshman milling student with the highest grade average, a fall smoker, a spring banquet and a newsletter to alumni.

The honorary milling fraternity meets monthly and has prominent leaders in the milling industries as guest speakers.

Lockwood, R. E. Waide, Richard M. Thompson, Edwin K. Jenkins II, Eugene N. Cramer, Gerald L. Zachariah.

Purpose of Scabbard and Blade is to raise the standard of college military education. Paul Whitehair was captain, and Capt. R. L. Dineley was faculty sponsor.

The objective of Delta Sigma Rho is to promote forensic activities at K-State. Distinguished students in forensics are eligible for membership.

The eight members competed in intercollegiate speech and debate activities, and aided in the K-State Novice debate tournament last fall.

Don Cordes served as president, and Dr. Charles Goetzinger as faculty sponsor.

Phi Lambda Upsilon, national chemistry honorary, sponsored chemistry displays in Willard hall. The group presented scholarship certificates to the outstanding freshman, sophomore, junior, senior and graduate students in chemistry.

Promotion of high scholarship and original investi-

gation into all branches of pure and applied chemistry is the purpose of the organization.

Roy Beauchene was president, and E. R. Lippincott, faculty sponsor.

The Arnold Air society sponsored the Cadet Wives club and co-sponsored the Military Ball with Scabbard and Blade. Members in advanced air force R.O.T.C. are eligible for membership.

The organization was named after General H. H. Arnold. The local society is the Lloyd Vohries squadron. Members select six coeds to serve as honorary reviewing officers at the fall wing review.

C. Q. Williamson was commander, and Capt. James A. Griffith was faculty sponsor.

Pi Tau Sigma, mechanical engineering honorary, annually awards a gold medal to a mechanical engineer for outstanding achievement in his profession within ten years after graduation.

The group annually presents the annual Richards Memorial award to an engineer who has outstanding achievement within 20-25 years after graduation.

Members aided freshmen students with their studies and promoted scholarship and fellowship among upperclassmen in mechanical engineering.

Roger Wilcox served as president, and Robert E. Crank as faculty sponsor.

Omicron Nu, home economics honorary, sponsored a tea for freshmen girls, a tea for transfer and foreign students, a display at Hospitality Days and programs on research.

Members are chosen from the upper scholastic percentages of the junior and senior classes.

Helen Barnes was president, and Nina Browning, Jennie Williams and Gertrude Lienkaemper were faculty sponsors.

Red Bandanas Adorn the Campus

★ Aggies by the hundreds swarming over the campus, a red bandana around every neck, a gleam in every eye—that's Ag week.

Cattle, hogs and sheep roaming Ahearn Field House, a show horse going through his paces and thousands there to watch him—that's the Little American Royal.

These are two of the yearly events in which the agriculture clubs and associations take part.

Central government for Ag students is embodied in the Ag council, which is composed of one representative from each departmental club and headed by the elected officers of the Agricultural association.

Council raises \$2,000

As a special project, the Ag council raised \$2,000 for part of the expense of refurnishing the reading room in Waters hall.

Sponsoring Ag Week and the Barnwarmer are the big activities of Ag council. Officers of the council were Richard Pickett, president; Dale Fooshee, vice-president; George Atkeson, secretary; and Eldon Johnson, treasurer.

Food seems to be a special interest of the Dairy club's 50 members. Between their fall and spring steak fries, members serve lunches to visitors attending the Formula Feed Conference and Farm and Home Week.

Color and excitement accentuate the fun of the Little American Royal (above) and the Ag Barnwarmer (below).

AG COUNCIL—TOP ROW: Bob Cullins, Herb Lee, Eldon Johnson, Mark Drake, Stan Larson, Harold Tuma. BOTTOM ROW: Phil Robertson, Allan Heath, Ray Gieseman, Dick Pickett, George Atkeson, Dale Fooshee, Dean Arthur D. Weber.

Officers of the Dairy club were George W. Atkeson, president; Damon Slyter, vice-president; Clyde A. Armstrong, secretary; Paul Sullivant, treasurer; and Dr. F. C. Fountaine, faculty sponsor.

The Ag Engineering club is a student branch of the American Society of Agricultural Engineers. Membership is required of all Ag Engineering majors.

The group conducts several square dances a year in the Ag Engineering barracks, picnics, watermelon feed and spring banquet.

Ag engineers travel

The 60 members sponsor an Engineers' Open House display. Advanced students take an inspection trip through several states to view agricultural industry and its products.

The club is headed by Jerrel Larson, president; Gerald Zachariah, vice-president; Burt Hodges, secretary-treasurer; and Dick Parks, scribe. G. E. Fairbanks was faculty adviser.

A new activity for the Klod and Kernel Klub was entering a float in the Homecoming parade. Since most members of the Tri-K, as it is more commonly called, are agronomy majors, one of their responsibilities is to supervise the crops grading and judging section of the state F.F.A. contests each spring.

Department sponsors mixer

An outstanding club meeting was put on by the agronomy department to acquaint members with the staff and their jobs. Each instructor talked briefly about the courses he teaches and his research projects.

Officers were H. Dean Duncan, president; Bob Cullins, vice-president; Ronald Parks, secretary; Don Peterson, treasurer. E. L. Mader and J. A. Hobbs were faculty advisers.

Membership in Block and Bridle club grew to 106 animal husbandry students. Acting as co-sponsors of the Little American Royal and as sponsor of student livestock judging contests kept the club active.

DAIRY CLUB—TOP ROW: Jack W. Snyder, T. J. Claydon, G. B. Marion, F. W. Atkeson, F. C. Fountaine, Charles O. Pretz, David P. Kaiser, Gail G. Cross, Robert W. Bozworth, John Bircher. SECOND ROW: Joe J. Bailey Jr., Allan L. Heath, Dolan D. Leverton, Leonard L. Slyter, Daryl E. Pults, Hubert A. Deyoe, William H. Bergman, Edwin C. Cotner, Lloyd Peckman. THIRD ROW: Jack L. Beightel, Max A. Bervy, Richard O. Lounsbury, Keith Huston, Bob L. Doyle, Bob Vernon, C. Ancel Armstrong, Rodger S. Hoyt, George W. Atkeson. FOURTH ROW: Harry D. Haas, Delmar L. Conner, John A. Lindsey, Lloyd E. Christie, Donald E. Harris, Kenneth T. Kirton, Ray D. England, Richard Bair, David E. Brammell. BOTTOM ROW: Millicent B. Schultz.

A.S.A.E.—TOP ROW: John W. Reh, Gerald D. Grash, Carl W. Poston, Darrell E. Shepherd, Herman C. Gorton, S. Burt Hodges, Eldon D. Woodward, Nelson E. Lundgrin, Kamil M. Kaisi. SECOND ROW: Victor J. Thompson, Jack D. Higginbotham, Fred E. Carra, Ferol S. Fell, Russell R. Schoof, Robert N. Danby, Jerrel J. Larson, Harry L. Nicholson, George J. Schurr. THIRD ROW: Stanley D. Bistline, John G. Malone, Ray A. Keen, John H. Theden, Robert F. Layton, Harold J. Burre, Yahya A. Salah.

For practice and money the Horticulture club has engaged in the profitable venture of growing vegetable and flower sets for residents of the Manhattan area.

This year the club organized a staff to publish a department newsletter which was sent to all club alumni and to horticulture departments of other colleges.

The outstanding social occasion was the dinner given by the faculty for club members and their families.

The club was under the direction of Harold Burre, president; Robert Long, vice-president; John Kupfer, secretary; and John Theden, treasurer. Faculty director was Charles V. Hall.

Ag Econ promotes understanding

"The door to success is labeled 'push.'" This is the Agricultural Economics club motto. The 35 members of the club are students interested in both agriculture and business. The purpose of the club is to attempt to further the understanding of both.

J. A. Hodges was faculty sponsor. Officers were Ed Shute, president; Vaden Davis Jr., vice-president; Ray Gieseman, recording secretary; Tom Frederick, treasurer; Duain Martin, corresponding secretary.

Milling group sponsors seminars

All students enrolled in flour milling and feed technology curriculum are members of the Flour and Feed Milling Industries association. A seminar program is organized by the association to bring nine nationally prominent milling authorities to the campus each year.

K-State boasts the only feed manufacturing department in the world. Club officers were Phil Robertson, president; Floyd Niernberger, vice-president; Norman H. Fitzsimmons, secretary-treasurer; and Dr. J. A. Shellenberger, faculty adviser.

A monthly dinner meeting at the cafeteria brings K-State ag journalists together for Plow and Pen club. Membership requirements were revised this year in

MILLING ASSOCIATION—TOP ROW: Bert L. Curry, Franklin D. Frewen, Norman E. Wolfe, James E. Didelot, Douglas J. Drury, William C. Bowman, Norman D. Kastner, Peter J. Patchin, Thomas D. Machin, E. G. order to include all staff members on the Agriculture Student Magazine as well as agriculture journalism majors.

Writers and editors of national farm magazines are frequent guests at these monthly meetings. The demand for good writers with a farm background has increased the importance of having a writer's club in order to provide opportunity for discussions and lectures about agriculture journalism.

Officers were Herbert Lee, president; Hayes Walker III, vice-president; Gary Neilan, secretary-treasurer; and Don Alexander, faculty sponsor.

Chicken barbecues, appropriately enough, seem to be a specialty of the Poultry Science club. Several are held each year. Members also put on a large banquet to honor the winners of the student poultry judging contest.

Officers were L. Dale Tindell, president; Roger H.

Tripplett, vice-president; Richard L. DeForest, secretary; Elvin E. Cole, treasurer; and Loyal F. Payne, faculty adviser.

Supervising the state Future Farmers of America contests and serving lunches to the high school guests are the most important projects of the 70 future vocational agriculture teachers in the Ag Education club.

Ag Ed group aids F.F.A.

The Ag Education boys set up F.F.A. model meetings to gain training for their teaching and sponsor positions in high school F.F.A. chapters.

Social gatherings of the club include square dances, watermelon feeds and an annual banquet.

Martin Mugler was president; Norman Haigh, vice-president; Dick Baker, secretary; Stan Larson, treasurer; and Howard R. Bradley, faculty sponsor.

Dunavan, Delmar L. Rieger.

Judging Teams Add Laurels

Further laurels were added to the School of Agriculture's achievements by its judging teams. Rating high in all competition from Denver to Chicago, the teams won several trophies and honors for the school.

K-State gained permanent possession of the rotating poultry judging trophy with the championship at the National Intercollegiate Poultry Judging contest in Chicago. The K-State team has won the contest four times in the last five years. This win also marked the ninth time in 31 years that K-State teams have been crowned national champs. This is the best record in the nation.

Dairy products judges were also national champions. They placed first in the Collegiate Students' International contest at Atlantic City.

Top honors were taken by the senior livestock judging team in the Intercollegiate Livestock Judging contest at the American Royal. The team also competed in the International Livestock Exposition in Chicago.

The junior livestock judges captured fourth among 15 teams at the National Western Livestock show at Denver, and the junior meats judges, who competed in the Intercollegiate Meats Judging contest in Fort Worth, won sixth place. The senior meats

Carnival Highlights

Arts & Sciences Functions

★ Students enrolled in the School of Arts and Sciences can become members of many varied departmental organizations. In each of these organizations, the general function is to acquaint the members with that particular field of study. The clubs are also designed to further the interest of the students through outside speakers and field trips.

Formed in 1952, the Arts and Sciences Council promotes unity within the school and practices the ideas of democratic action.

Council sponsors carnival

Each of the 12 members represents approximately 150 students in the school. The Council sponsors the Arts and Sciences Carnival in the spring, the proceeds of which are used to circulate brochures about K-State to Kansas high schools.

Officers were James Graves, president; Joan Sargent, vice-president; and Dick Renfro, secretary. Dean Rodney Babcock was faculty sponsor.

Joan Sargent, Richard Renfro, Bill Johnson and Bill Rosenberger seem to be enjoying this monthly business meeting.

Zoology laboratory with its microscopes and specimens proves interesting to these curious students.

WILLISTON GEOLOGY CLUB—TOP ROW: Richard A. Hooker, Byron L. Tolar, Ronald E. Myers, Paul C. Clark, Glenn A. Berry, Bill J. Johnson, Benton L. Tibbetts, Jerry L. Laird. SECOND ROW: Donald S. McPherron, Paul W. White, Connie C. Zavesky, A. B. Sperry, Roger A. Brown, Gary A. Hollinger, Ben M. Mayfield, Henry V. Beck. THIRD ROW: Norbert P. Leiker, Dennis L. Winget, Gary S. Sandlin, Jerry P. Metz, Page C. Twiss, Jim R. Miller, Charles W. Gardner, Robert M. Hutchinson. BOTTOM ROW: Armando T. Ricci Jr., Robert P. Worley, Jimmie G. Knoche, O. W. Tollefson, D. R. Olson, Eugene O. Bowser, Gene Ismert, Harold A. Brown.

WILLISTON GEOLOGY CLUB—TOP ROW: Louis Riseman, J. R. Chelikowsky, C. Beth Nicholson, Robert L. Vincent, Eldon D. Harder. SECOND ROW: Dean E. Heinze, Ken N. Ferguson, Paul M. Strunk, Ross F. Siegle, Max L. Berends. THIRD ROW: Vernon C. Howell, Joseph G. Habr, Karl Stacey, Lanny R. Wilson, Gene W. Geil, Stanley F. Harder. BOTTOM ROW: Jim C. Stewart, R. Jack Merryman, Claude W. Shenkel Jr., Charles P. Walters, Sam H. Peppiatt, John L. Hood, Gary R. Duffy.

PHEMS—TOP ROW: Katherine Geyer, Norma E. Eversole, Bonnie K. Morton, Greta Pickett, Pat Gerstner, Pat Rogers, Maryln L. Rush, Barbara A. Puhr, Lynda Daily, Grace Schmidlein. SECOND ROW: Marie M. Ernzen, Geney L. Sweedlun, Marcella A. Ecord, Sandra Tatge, Katheryn A. McKinney, Thelma S. Dawson, Alice M. Becker, LeRoyce Maddux, Dorinda J. Mears, Becky Thacher. THIRD ROW: Dorothy E. Ernzen, Shirley J. Cameron, Delila M. Clark, Robbie L. Guy, Donna L. Harsch, Beverly R. Russell, DeAun R. Mackie, Shirley A. Chizek, Joann Hotchkiss, Jean Regier. BOTTOM ROW: Donna M. Lincoln, Shirley A. Smith, Evie M. Starr, Joyce Larson, Joyce Davisson, Harriet Henry, Dolores Hess, Eva Lyman, Sally Davis, Judy Crawford.

The 60 members of the Williston Geology club traveled to Arkansas for a spring field trip and had several seminars with professional geologists as guest speakers. Any student majoring in geology or geophysics is eligible to become a member.

Dale Olson was president; Ross Siegle, vice-president; Eugene Bowser, secretary; and Dr. Claude Shenkel Jr., treasurer.

Phems sponsor "Play Day"

An organization for women physical education majors, Phems has been active on the K-State campus since 1943. The 37 members sponsored a "play day" for high school girls in the area, as well as a "play night" for the freshmen women interested in phys ed. A diving exhibition was also a Phems' project.

Professor Eva Lyman was faculty sponsor, and Shirley Smith was president; Marilyn Rush, vice-president; Joyce Davisson, secretary-treasurer.

Try-outs for membership into Frog club were held at the beginning of the year. The 50 members worked to promote an interest and efficiency in swimming. The group met every Monday night.

Swimmers have aquacade

The main project of the year was an aquacade portraying the months of the year. This was presented in the spring.

The Frog club was headed by Thelma Horlacher. Other officers were Keith Chrisman, vice-president; Martha Rankin, secretary-treasurer. Thelma Dawson and Alice Becker, instructors in physical education, were faculty sponsors.

Anyone enrolled in the field of physics who has not yet received a doctor's degree may become a member of the K-State student section of the American Institute of Physics.

FROG CLUB—TOP ROW: Martha E. Rankin, Sheila J. Dicken, Dorinda J. Mears, Helen L. Morris, Alice M. Becker, Ruth L. Regnier, Carol M. Collins. SECOND ROW: Beth Nicholson, Norma J. Mase, Marilyn J. Buick, M. Carolyn Willis, Joanne Lewis, C. Jean Harreld, Robbie L. Guy, Geney L. Sweedlun, Sandra A. Tatge. THIRD ROW: Mary L. Durland, Janet A. Kugler, Ralph J. Piccola, Bob D. Griffith, I. Ed Macklin, Bunny K. Cowan, Jo Ann Cary, Peggy A. Howard, Thelma Horlacher, Sarah K. Jolley. BOTTOM ROW: T. David Dicken, Stephen T. Cox, Ira M. Kaminsky, Darrell L. Ford, George V. Davidson, Harry D. Knostman, Keith S. Chrisman, Warren H. Peterson, Leon J. Coup, Burnette Earp.

AMERICAN INSTITUTE OF PHYSICS—TOP ROW: Ralph W. Deltenre, Tillman J. Tucker, Marvin R. Root, Ralph T. Johnson, Kenneth L. Morganfield, William K. Winter, John D. French. SECOND ROW: Wesley G. Wilson, Donald D. Brown, Robert D. Moorhead, Dick K. Stirtz, George D. Burgess, Raimo Bakis. BOTTOM ROW: Darrell Dean McKibbin, Elgene R. Nichols, Vernie A. Swanson, R. Dean Dragsdorf, Warren T. Sommer, Bonner Staff, Donald G. McDonald.

The members constructed Science Day exhibits for high school seniors. A newsletter for the physics department alumni was printed as another project. The group also went on several field trips.

Professor R. D. Dragsdorf was faculty sponsor. Officers were William Winter, president; Marvin Root, vice-president; Elgene Nichols, secretary; and Ralph Deltenre, treasurer.

Members of the Business Students association sponsored a spring dance and elected a queen. A fall picnic was another social event.

The requirement for membership into the organization is enrollment in the business field. The 160 members strive to further their interests as business students.

Ronald Allen was president; Ron Frahm, vice-president; Anne Lyon, secretary; and Newt Male, treasurer. Professor Conrad Eriksen was faculty sponsor.

Motion to table the business is carried while chow is also tabled . . . and eaten . . . by these hungry business students.

BUSINESS STUDENTS ASSOCIATION—TOP ROW: Pat A. Kollman, Lon E. Nelson, Emil Shadrasky, William E. Trussell, Charles R. Hastings, Daie E. Norris, Richard F. Salter, Marilyn D. Brown. SECOND ROW: Earl J. Hammond, Charles P. Keegan, Donald V. Bates, Elmo A. Lund, Thomas C. Baucke, Fred Hart, Wally Brown, Leona R. Kraus. THIRD ROW: Thelma D. Horlacher, Conrad Eriksen, Don Moses, Byron G. Bird, Frank Grippy, Dick Hawkins, David L. Weber, W. Newton Male. BOTTOM ROW: Bill Boettcher, Norman B. Dawson, William Kennedy, Darold W. Price, Cecil W. Soeken, Ralph W. DeWyke, Floyd D. Griggs, Liz Lambert.

BUSINESS STUDENTS ASSOCIATION—TOP ROW: Bernadine M. Macek, Elaine A. Krob, Anne K. Lyon, Diane L. Benedix, B. Waldean Kretzmeier, Marlyn G. Dallen, Barbara A. Gorman, Patricia Fobes. SECOND ROW: Valerie J. Flipse, Beverly M. Dikeman, Gailynn C. Krey, Ronald D. Allen, Jorita A. Watson, Phyllis E. Pratt, Joanne Lewis, H. Patricia Stover. THIRD ROW: Roberta M. Sobba, John E. Newcomer, Lester D. Pauls, Robert D. Bowlby, Richard D. Winzeler, Donna M. Voth, Bob Sellberg, Marilyn R. Larrick. BOTTOM ROW: Richard L. Wagner, John L. Kvasnicka, William D. Denio, Robert E. Jepson, Herbert B. Funk, Dennis R. Rogers, David M. Neal, Eldon H. Johnson.

The activities of the Chancery club are carried on with the purpose of creating interest in pre-legal education. The 36 members took trips to the Washburn and K.U. law schools and talked with practicing lawyers, law school professors and judges in order to learn more.

Ronald Webb served as president. Franklin Houser was vice-president; Jerry Mershon, secretary; and A. D. Miller, faculty sponsor.

Entomologists bear pros

The 50 members of the Entomological club find additional interest in their study by taking field trips, listening to professionals and doing research work. An annual newsletter is also published by the group.

Professor D. A. Wilbur was faculty sponsor, and William Gibson was president. Other officers were

Philip Callahan, vice-president; B. K. Srivastava, secretary; and Don Peters, treasurer.

Active participation in departmental functions is carried on by the student affiliates of the American Chemical society. The members work to increase their knowledge of chemistry.

Kenton Graber was president of the group. Philip Unrein was vice-president; Howard R. Bradley, secretary; and William Kush, treasurer. Professor Willard S. Ruliffson was faculty sponsor.

Members of the K-State Amateur Radio club operate a transmitter at a low cost. Members must have a federal license, or be interested in obtaining one.

President of the group was Chuck Weber. Other officers were Clarence K. Schaffer, vice-president; and Carl Edwards, secretary-treasurer. Professor J. E. Wolfe was faculty sponsor for the group.

CHANCERY CLUB—TOP ROW: A. D. Miller, David A. Brace, Dee Shreve, Mal Skinner. SECOND ROW: James T. Graves, Ronald V. Webb, Franklin D. Houser, Donnon E. Illingworth. BOTTOM ROW: Pelham E. Adams, Richard P. Peak, Howard A. Petrcek, Jerry L. Mershon.

ENTOMOLOGY CLUB—TOP ROW: James G. O. Craig, Ibrahim K. Kaddou, Muhammed H. Abdullah, Lallan Rai, Felix N. Natino, Guillermo Ramos Siliezar, Brij K. Srivastava, Perry L. Adkisson, W. K. Whitney. SECOND ROW: Clifford C. Roan, Jean J. Cartier, Herbert Knutson, William W. Gibson, Roger C. Smith, Salah E. Rashad, R. V. Connin, Charles F. Henderson, Victor E. Adler. THIRD ROW: Ralph L. Peters, Philip S. Callahan, David L. Matthew, Don C. Peters, Chris C. Burkhardt, Albert E. O'Donnell, Warne Somsen, Gregory B. Mulkern.

AMERICAN CHEMICAL SOCIETY—TOP ROW: Stanley W. Cowan, Russel Bradley, Bill Kush, Wesley Hedden, Joseph S. Jones, Donald F. DeCou. SECOND ROW: Kenton A. Graber, Henry Gehrke Jr., Ronnie L. Warman, Marolyn Caldwell, Wayne R. Mowrer, Robert J. Montgomery. BOTTOM ROW: Philip J. Unrein, Keith G. Penner, Duncan E. Dodds, W. S. Ruliffson, Warren D. Reynolds, Delbert A. Nauman.

AMATEUR RADIO CLUB—TOP ROW: Terry J. Hoyer, Carl E. Edwards, Ernest R. Flottman, Wayne D. Bradley. SECOND ROW: Clarence K. Schaffer, Edward D. Zimmerman, Clifford J. Schaffer. BOTTOM ROW: Donald Lee Atchison, David H. Hohlfeld, Richard E. Kirkland, Bernard W. Wille.

New on the campus this year, the Political Science club made several trips to the Kansas legislature and also held a mock political convention.

Professor Louis Douglas was faculty sponsor; Don Hill, president; Gary Halbert, vice-president; and Nancy Vosseler, secretary-treasurer.

Members of the Future Teachers of America strive to develop the qualities of leadership among the people who are preparing to be teachers. It is the largest chapter in the state with 250 members.

Officers were Raymond Morris, president; Cynthia Collingwood, vice-president; Charles Copple, secretary; and Lloyd Craig, treasurer. Faculty sponsor was Professor John DeMand.

Members of the Clinic club listen to professional

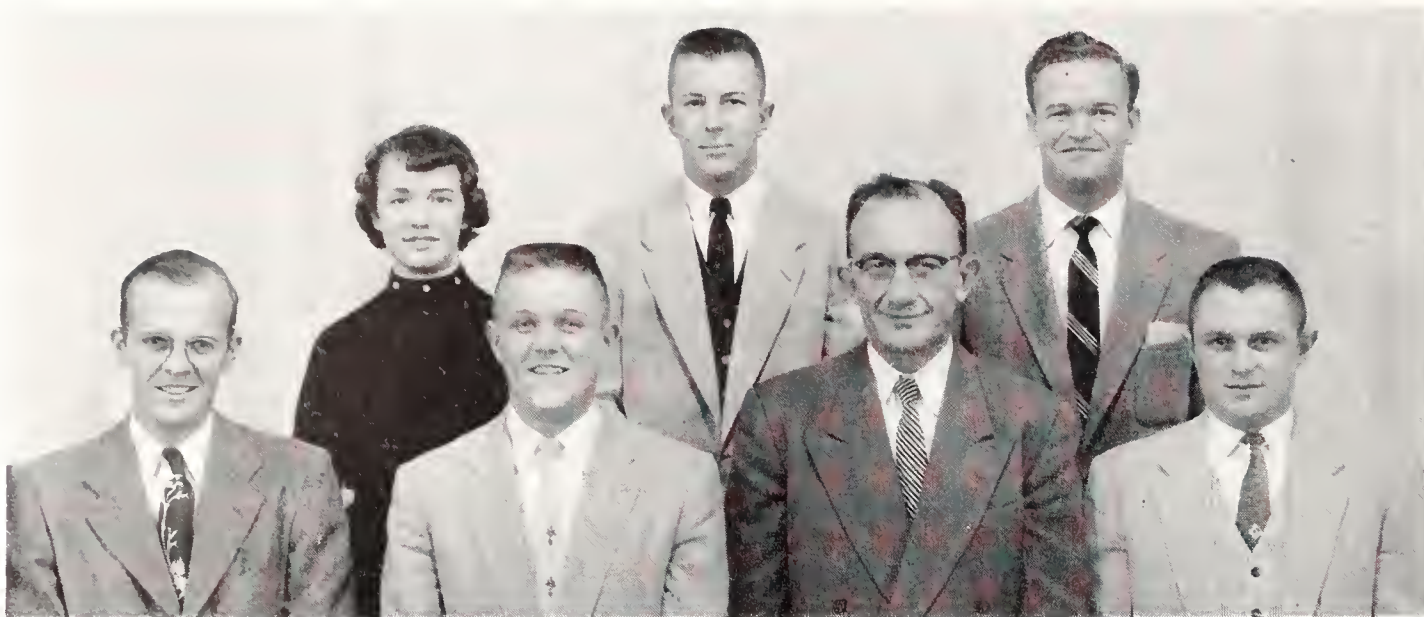

persons in the dental and medical fields to gain knowledge about their major.

Professor Otto Tiemeier was faculty sponsor, and Roger Reitz was president. Other officers were Ron Gier, vice-president, and secretary-treasurer, Kathryn E. Koon.

W.A.A. promotes fair play

The girls' intramural program is set up by the Women's Athletic association. The group promotes good sportsmanship and fair play.

Pat Rogers was president; Dolores Hess, vice-president; Shirley Smith, secretary; and Sylvia Hyde, treasurer. Professor Kathryn McKinney was faculty sponsor of the group.

Engineers Advertise Open House on T.V.

★ "Engineering Engine-uity" was the theme of the 36th annual Engineer's Open House at Kansas State college March 18 and 19 this year.

For the first time a contest was held to select a theme. The contest, open to anyone wishing to enter, was won by Jerry Holliday. Another first for this year's Open House was the programs on TV stations at Great Bend, Topeka and Kansas City to advertise the Open House.

Robert G. Tointon Jr. served as president of the Engineering council which is composed of 18 members. Other officers were John Weese, vice-president; Richard Shimer, secretary; Dick Parks, treasurer; Virgil Carrier, Open House chairman; and George Wilson, junior representative.

Council sponsors Open House

The council has six elected officers, a freshman representative, the presidents of the departmental and honorary organizations and the editor and business manager of the Kansas State Engineer.

The main activity of the council is sponsoring the Engineer's Open House in co-operation with the Open House chairman. The main duty of the council is to co-ordinate the activities of the various departments.

The American Institute of Electrical Engineers, founded in 1884, has grown into the largest engineering society in the world with over 50,000 members.

The purpose of the organization is "The advancement of the theory and practice of electrical engineering and the allied arts and sciences, and for the maintenance of a high professional standing among its members."

Special projects of the group include awards for the most outstanding activities in each engineering branch and gifts for outstanding scholarship.

Officers of the K-State chapter were E. R. Flottman, chairman; L. D. Darbe, vice-chairman; H. J. Windisch, recording secretary; and N. D. Armstrong, treasurer. Faculty sponsor was Professor E. L. Sitz.

A.I.A. boosts membership

The American Institute of Architects at K-State boasts an increase of 50 members over last year. The purpose of the organization is to acquaint the student with the profession and to unify architecture students and faculty.

The Institute of Architects sponsors the annual Beaux Arts Ball. Officers of the K-State chapter were Leon Armantrout, president; Bob McCulley, vice-president; Thomas N. Johnson, secretary; George W. Hospitality Days

★ "Home Economics Opens the Door"—to many opportunities, as the home economics students demonstrated to 2,500 visitors during the 1955 Hospitality Days. Department and class exhibits, teas in the dormitories, box lunches, campus tours and a style show presented an over-all picture of home economics at Kansas State college. High school girls, home demonstration agents and Kansas homemakers were invited guests to the two-day open house. The 1955 Hospitality Days steering committee was headed by Mariellen Jones, chairman, and Delaine Smith, assistant chairman. Sylvia Hyde was general exhibits chairman, and Margaret Raffington, faculty sponsor.

Council co-ordinates clubs

The Home Economics council co-ordinated the work of the nine home economics clubs and acted as part of the student governing association. Betty Hoskins was president first semester, and Beverly Sargent, first semester vice-president, took over second semester. Eugenia Jern was secretary-treasurer. Other members of the council were the club presidents, permanent committee chairmen and the Student Council representatives.

The Snowball, winter formal dance, was sponsored by the Council, as was the election and crowning of the Favorite Man On Campus, Wayne Bailie. A chile supper raised money for the international scholarship

fund. Other money-making projects for the home economics council included Ewha university in Seoul, Korea. The home economics membership tea in September, the Christmas tea and a spring frolic were other projects of the council.

Art club sells cards

The Home Economics Art club decorated Nichols gym for the Snowball and set up an art exhibit for Hospitality Days. Promoting public interest in art is the club's purpose. Members designed and sold Christmas cards to raise money. Mary Scholler was the president; Ann Alderman, vice-president; Delaine Smith, secretary; and Lois Perry, treasurer. Mrs. Jess Alexander and Dorothy Barfoot were the faculty sponsors. Membership is open to all students interested in art, not necessarily art majors or home economics students. A chile supper welcomes new club members.

Welfare club aids children

Rhythm instruments were sent to a Navajo orphanage as a project of the Child Welfare club. Members also sent pictures from old Christmas cards to the school in India at which Kathryn Justin teaches. The pictures are used for the children's art work. The Child Welfare club helps students in the curriculum gain practical experience in the field and become acquainted with job opportunities. Stephanie Clayton was president this year, and other officers were Carolyn Adair, vice-president; and Ruth Ann Gress, secretary-treasurer. Dr. Lois Schulz and Mrs. Coral

Aldous were faculty sponsors.

A style show was presented for home economics students and Manhattan high school girls by the Clothing Retailing club. A radio program given by the club told about the clothing courses offered at K-State. Betty Winkley was president; Shirley Sarvis, vice-president; Janis Anderson, secretary-treasurer; and Cynthia Henning, corresponding secretary. Alpha Latzke was the faculty adviser.

Journalists organize publicity

Publicity for the Snowball was handled by members of the Home Economics Journalism club. Members toured radio station KMAN and gave a program over station KSAC. They welcomed visitors to Kedzie hall during Hospitality Days. Speakers and club programs centered around the journalism profession.

The largest home economics club was the Home Economics Teaching club with 60 members. They sent Christmas gifts to an orphanage, sold tickets for the Snowball and helped with the Books for Democracy drive. They welcomed new members with a party and presented a radio program over KSAC. Home economics teachers and student practice teachers were speakers at club meetings. President this year was Sylvia Hyde. Other officers were Gladys Fox, vice-president; Treva Moss, secretary; and Donalee Meyers, treasurer. Mrs. Lucille Rust and Mrs. Laura Baxter were faculty sponsors.

Home Economics Nursing club members took a field trip to Kansas City to see where they will spend two years of their college career. Judy Lippitt was president. Other officers were Fleeta Weigel, vice-

president, and Wanda Stalcup, secretary-treasurer. Jennie Williams served as faculty adviser.

Business group is newest club

The Commercial Demonstration club is the newest of the Home Economics clubs. Its members are enrolled in home economics and business. Guest speakers at club meetings are leaders in home economics and the business world. Patricia Casey was the president; Rosa Larson, vice-president; Judy O'Neal, secretary; and Jackie Johnson, treasurer. Elsie Miller served as faculty adviser.

Eating was fun for Dietetics club members who served the Home Economics Christmas tea, gave a dinner for their members and had a picnic in the spring. President was Kathleen Burns; Phyllis Randels, vice-president; Jan Boster, secretary-treasurer; and Grace Shugart, the faculty sponsor.

Preparations for Hospitality Days began with the Kick-Off assembly where home ec girls signed up to work on exhibits. The open house welcomed visitors April 15 as exhibits were opened for inspection. A careers program featured opportunities for home economics graduates.

Registration for high school girls and teachers began early Saturday morning. After touring exhibits in Calvin, Anderson, Thompson and Kedzie halls, visitors had box lunches. The afternoon offered a style show, tours of the campus and teas at the freshman dormitories.

A. V. M. A. Stresses Practical Work

★ From freshmen to seniors, all veterinary students are members of the K-State student chapter of the American Veterinary Medical association.

This is the only organization on the campus specifically related to the veterinary course of study. Two hundred fifty members or 100 per cent of the Veterinary School enrollment is active in the A.V.M.A., as it is commonly called.

The organization, founded at K-State in 1906, became affiliated with the American Veterinary Medical association in 1939. Its purpose is now "to promote technical development and such literary and social training as may accompany it."

Living up to this purpose, the Jr. A.V.M.A. plans a varied and detailed agenda each year. The organization believes that information concerning actual experience of veterinarians is invaluable. Two regular meetings are held each month at which outstanding men in the profession are guest speakers.

These meetings provide students with the opportunities of discussing problems with practicing veterinarians. A senior-alumni day is sponsored for this same purpose. The members of the graduation class and K-State veterinary alumni have conferences together in order to strengthen ties between alumni and students and to provide information for the new doctors of veterinary medicine.

Annual visits are held with the Oklahoma A&M chapter. Students exchange ideas while becoming acquainted with other people in their profession.

Not all is work

On the fun side of the ledger the Jr. A.V.M.A. planned parties and formals. Two formal dances were held. The spring dance, which includes a banquet, was given in honor of the graduating seniors.

Each class in the organization has organized social functions for its own members. Chicken barbeques and picnics are only a few of the events by which classes entertain.

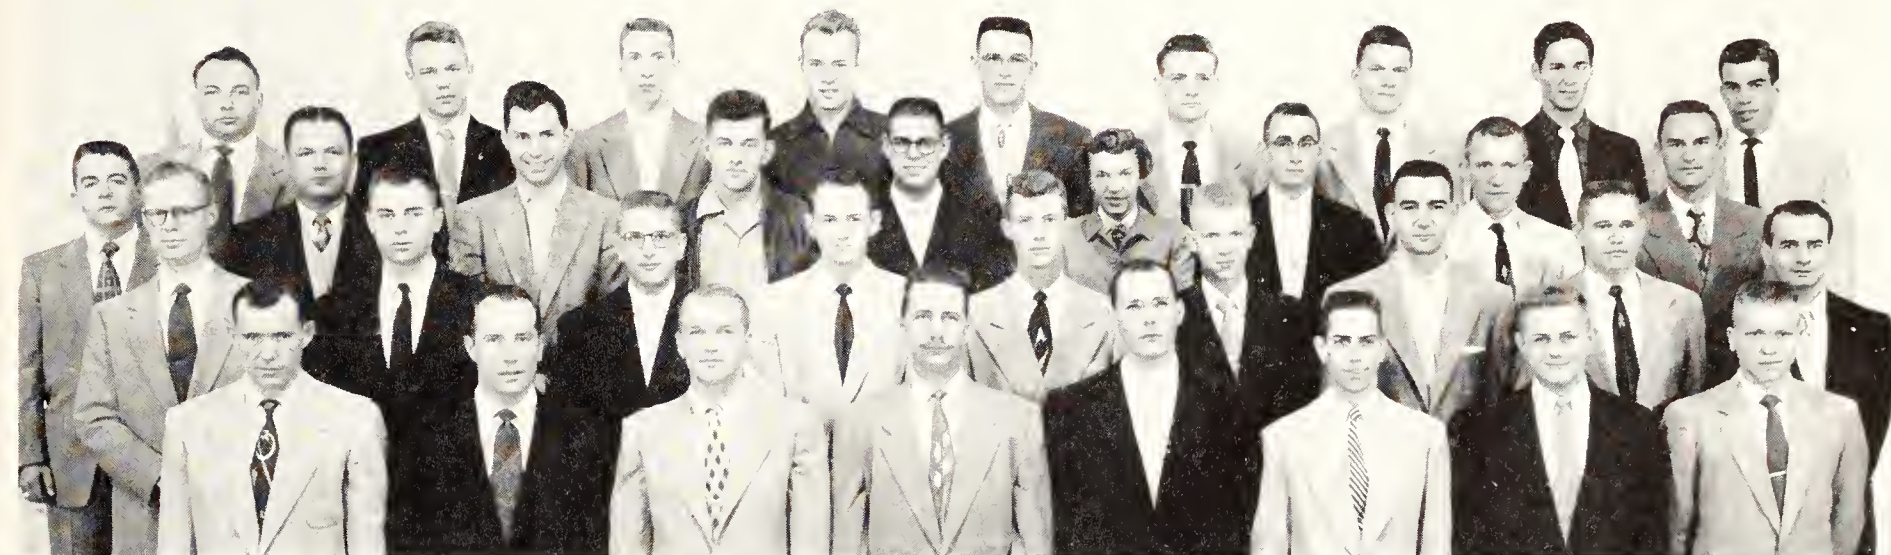

A smoker is held each fall for the freshman veterinary students in order to orient and acquaint them with A.V.M.A. and its members.

Know-how and knowledge come from observation as these veterinary students intently watch actions of the instructor.

Experience is one of the best teachers for these professional students whose studies do not end with the textbook and class.

The A.V.M.A. had combined meetings with the A.V.M.A. auxiliary, whose membership is composed of the wives of vet medicine students. A.V.M.A. programs help the wives to become familiar with the veterinary profession.

An intramural powerhouse, the Jr. A.V.M.A. has dominated the independent intramural sports program. For each of the last four years the players have accumulated the most overall points and have been named independent intramural champions. To the winners of the independent division a rotating plaque is awarded.

The golf team, swimming team and tennis team were division winners last spring.

Homecoming float wins third

The 1954 Homecoming parade brought another campus honor to the 250-member organization. Its representation of a country scene—complete with mechanical cow—won third place in the float division.

The opening of the new veterinary hospital and clinic marked the beginning of new activity on the part of A.V.M.A. A raffle was sponsored, and the proceeds were used for the purchase of a gift for the clinic. Limited to members of A.V.M.A., raffle prizes were drugs and medical equipment. In these money making projects, the members were helped by the auxiliary.

Grads are honorary members

Honorary members include all faculty members and all graduates of the School of Veterinary Medicine at K-State. Other members may be elected to membership by the chapter.

Serving as officers were William G. Kvasnicka, president; Al Melchers, vice-president; Ernest Henderson, treasurer; Gerry Day, secretary; Dan Taylor, marshal; and Ross Kuttler, critic. Faculty sponsors were Dr. Lawrence E. Evans and Dr. J. H. Cowan.

Religious Groups Fill Spiritual Needs

★ Church activities play an important part in the lives of K-State students. Students of like faith join together to further their spiritual, intellectual and social interests.

The groups maintain a spirit of religious fellowship and make the scriptural view a greater influence on the campus and in the lives of students.

Theta Epsilon, national Baptist women's sorority, sponsored religious movies for the youth group. The group also had rush teas for new girls, socials and guest speakers at meetings.

Any Baptist girl or girl of Baptist preference enrolled in college is eligible for membership upon recommendation.

The group was organized in order that Baptist student girls might know each other better and enjoy the advantage of co-operative aid in preparing themselves for lives of Christian usefulness.

Wanda Stalcup was president, and Alice Geiger, Mrs. Paul Young and Mrs. Elnora Hyke were sponsors.

Second year for Baptist group

The Roger Williams Fellowship celebrated its second year on the K-State campus. Membership consisted of young people who participated in the activities of the First Baptist church. The group had 50 members.

Purpose of the Fellowship is to unite young people of Baptist preference in a common program of emphasizing the personal acceptance of Jesus Christ as Saviour and Lord.

The group sponsored speakers, enjoyed social hours and had devotional programs. Vernon Cates was president, and Paul Young was faculty sponsor.

Kansas State Christian Fellowship members attended church camps during holidays at Thanksgiving, Christmas and during the summer. Members sponsored prayer meetings during weekdays and were encouraged to start group Bible studies in dorms and living quarters.

Danforth chapel . . . located in the heart of the campus . . . is also the center of religious feeling on the campus.

Serene and inspirational moments reward many students spending a few moments of a busy day in Danforth chapel.

"To know Christ and make Him known" is the K.S.C.F. motto. The local chapter was organized in May, 1946. All students and faculty members are invited to join the Fellowship. The group had 55 members.

President was Harvey Benson, and George Fadenrecht was faculty sponsor.

"Stir up the gift of God that is within you" is the motto of Kappa Beta, religious sorority for girls affiliated with the Disciples of Christ church.

The group sponsored a missionary project, mother-daughter banquet and a picnic. Kappa Beta was incorporated as part of the national Disciple Student fellowship in 1952.

Marvel Scott was president, and Gwendolyn Tinklin, faculty sponsor.

"To present Christ" is the purpose of the College Baptist Student fellowship. The 40 members pro-

moted missionary interest and provided Christian fellowship and recreation.

The group had social meetings and sponsored devotional meetings. Grover Adee was president. Faculty sponsor was Earle C. Byers.

The Canterbury club, Episcopal church group, sponsored a pancake supper on Shrove Tuesday. The 200 members enjoyed meetings and suppers on Sunday evenings at the Canterbury house.

The objective of the group is to serve the missions of Christ in higher education by fostering a better understanding of the faith and practice of the Episcopal church among students.

Edward Chase was president, and faculty sponsors were F. W. Atkeson and O. K. O'Fallon.

B'Nai B'rith Hillel Foundation fosters religious, social and cultural activities among Jewish students at K-State. This was the Foundation's ninth year.

Choir Records K. S. C. Songs

The A Cappella choir provides the music for the major programs at Kansas State college. The 74-member group, whose members are selected according to their ability to sight-read, to hear and find pitches, their range quality and their over-all vocal quality, are seen and heard in programs from fall to spring.

The choir's participation in the Christmas Vespers program was one of the highlights of its season. The choir also presented a spring concert and furnished music for the Centennial pageant.

The alumni foundation sponsored a recording session with the R.C.A. recording company.

A four-day concert tour was taken by the A Cappella choir second semester. The group gave performances in 13 high schools through the state with a television broadcast at Great Bend as one of the main events. William R. Fischer was choir director.

Orchestra Joins National Group

The most important event of the year for the K-State Civic orchestra was becoming a member of the American Symphony Orchestra league. There are 200 orchestras in this national organization.

The orchestra began its concert season by giving a concert in the auditorium at the beginning of the school year. In conjunction with the college chorus

and A Cappella choir, the orchestra performed the Christmas portion of the Messiah in the annual Christmas assembly. They also accompanied the A Cappella choir in the two performances of Menotti's opera "Amahl and the Night Visitors" at the Christmas Vespers.

The College Civic Orchestra is composed of Manhattan residents, Fort Riley personnel and high school and college students.

Luther Leavengood, head of the department of music, conducted the group.

More Members; Result, Two Bands

★ Kansas State college sponsors four types of bands—marching band, basketball band, R.O.T.C. band, and the symphonic and concert bands.

The first band to make an appearance during the school year was the 135-piece marching band. After practicing daily during enrollment, the band gave a

half-time performance at the first home football game. Other activities in which the marching band engaged were all home football games, pep rallies, concert at Ft. Riley, dedication of Eisenhower Museum and the Centennial parade. The band also attended the Colorado football game at Boulder on funds raised by students and Manhattan people.

The basketball band is made up of volunteers. Membership ranged from 75 to 90 musicians. All boys in the bands are participants in the R.O.T.C. band which performs for the major air force and army R.O.T.C. reviews.

CONCERT BAND—TOP ROW: Wally Brown, Don Richards, Rita Steinkirchner, Joyce Rust, Dean Parrack, Wayne Gilbert. SECOND ROW: Donald Gier, Shirley Hundley, Willie Hilbert, Don Nickerson, Gordon Dickerson, Ronnie Erhart, Bill Brethour, Ben Handlin, Gene Jeffers, La Rue Fikan. THIRD ROW: Pat Schnelle, Virginia Adamson, Arrilla Delp, Jory Funk, Wanda Facklam, Craig Birtell, Neil Scott. BOTTOM ROW: Bobby Jones, Carolyn Clark, Mary Dolan, Beverly Ringey, Donna Loomis.

SYMPHONIC BAND—STANDING: Dick Coy, conductor. TOP ROW: Stanley Cowan, Carol Fleming, John Downing, James Bonner, Don Haun, Bill Bryson, Tom Bowman, Rhonda Johnson, Wendell Cowan, Joe Balaun, Jerry Watt. SECOND ROW: Gail Cross, John Bircher, Rodney Cole, Virginia Cowan, Donald DeCou, George Ross, Delmar Conner, John Stockmyer, Clair Harpster, Harvey Rundquist. THIRD ROW: Joann White, Dale Norris, Nancy Blackburn, Ardys Coup, Larry Nelson, Lucele Schmitz. BOTTOM ROW: Diane Nemeth, Mary Reed, John Hodges, Nancy Howard, Betty Hassebroek.

The marching band was split into two equal groups of 75 musicians each to form the concert and symphonic bands this year. As band membership increased, it became necessary to divide the group so that more students could participate in concert bands.

The two units are well-balanced in instrumentation and ability. The same music library is used by both.

The symphonic band, sponsored by the Alumni association, recorded five pieces for R.C.A. recorded publications. The numbers were "Alma Mater,"

"Wildcat Victory" and "Purple K", written by Dr. Thomas Steunenberg of the music department, "Kansas Wildcat" written for K-State by John Phillip Sousa, and "King Cotton".

For the popular music lover, the band played the spring Pops Concert. A radio broadcast was also given by the symphonic band. The last performance for the band was at commencement.

The concert band played a spring concert and performed for Farm and Home week and the F.F.A. banquet.

Dick Coy was director of the symphonic band, and W. L. Burford was director of the concert band.

Davis Retires; Serves 22 Years

Ralph R. Lashbrook, head of the department of journalism, has devoted 21 years to journalism at K-State.

★ Students and faculty work together on the Board of Student publications to determine and to approve the best policies for the Collegian and Royal Purple.

The three student members of the Board are selected in student election in the spring. The head of the department of journalism acts as chairman and ex officio member of the committee. Two faculty members are selected by President James McCain.

Prof. H. W. Davis, who retired from the College at the end of the 1955 spring term, completed his last term as member. He has helped the development of the board since its beginning. Professor Davis was on the first Board of Student Publications, formed in 1934. Previous to this he had served several years as faculty ad-

viser for the yearbook.

Duties of the board include the selection of the editors for the Royal Purple, the Collegian, Student Directory and K-Book. It also chooses the business managers for the Royal Purple and the Collegian. Approval of major contracts and budgets comes from the board.

Members of the board selected 39 students this year to receive K-Keys, an award for outstanding work on student publications. The annual awards banquet is sponsored by the board.

The department of journalism, which is headed by Prof. Ralph R. Lashbrook, was visited this year by the accrediting committee of the American Association of Schools and Departments of Journalism.

on Publication Board

★ The Royal Purple and the Collegian staffs become well acquainted with Prof. C. J. Medlin during the school year. "Chief," as he is called by students and faculty alike, is the graduate manager of Students Publications, Inc.

Under the guidance of Medlin the yearbook has gained a nationwide reputation for its merits. In addition, he directs the publication of the K-Book and Student Directory.

Another familiar personage in Kedzie is Mrs. Frances Feeter, Student Publications' secretary. Secretarial work, such as selling photo receipts, keeping books and typing copy, comprises only a minor portion of her duties. She answers the myriad questions of office staff members and helps them with the publications in every way possible.

Prospective students of K-State

appreciated the work of the K-Book co-editors, Cynthia Carswell and Dorothy Kuhlman.

The book, which is published during the summer, gives freshmen a preparatory glance of college life. The book contains useful information about college activities, organizations, student government and social activities.

The Student Directory, edited this year by Elinor Faubion, was undoubtedly the most thumbed through book to be found on campus. This useful little book contains all the names of students and faculty members with their addresses, telephone numbers, box numbers and office numbers. It also lists organizations with the names of sponsors and presidents, fraternities and sororities and the Student Governing association constitution.

Information for new students was compiled by K-Book co-editors Cynthia Carswell and Dorothy Kuhlman. This book is sent to all entering freshmen.

C. J. Medlin is widely known for his work as Student Publications' graduate manager.

Business manager of the summer Collegian was Dorothy Kuhlman, journalism senior.

Summer Staff Braves Heat

★ The Collegian plays an important role in the summer school students' life, just as it does during the regular school term. Students anxiously await the appearance of the paper each Friday.

The Collegian staff harassed by unbelievably hot weather published eight editions for the 1,200 summer school students.

The weather was the big news feature in the paper. As temperatures soared to new heights, every edition had stories and comments about the summer school weather. Cartoons depicting summer school trials and tribulations were favorites of the readers.

Picture pages used

Pages of pictures were used frequently in the summer Collegian. Picnic spots and summertime activities for students were featured. Freshmen pre-enrollment came in

for its share of publicity.

Instead of turning to the student directory for addresses and names, in summer school students turned to the Collegian. The staff compiled and published in one issue all names and addresses of students attending school.

One of the big summer stories was the naming of the new registrar, Ellsworth M. Gerritz, who assumed duties in August.

Five sell ads

Five students braved the summer heat to sell advertising for the Collegian. Dorothy Kuhlman, known as "Red" in the journalism department, was the business manager.

The editorial side of the paper consisted of 10 staff members who sought news to fill the usual eight pages. Kathleen Kelly, journalism senior, was editor.

Fall Collegian Sets Record

★ Collegian history was made with the 28-page Homecoming issue in the fall. This was the largest paper ever published by a Collegian staff.

Bigger and better Collegians with wider news coverage and advertising was the aim of editor Lee Ruggels and business manager Gary Swanson. One of the outstanding features of the Collegian for the fall semester was the series of articles concerning K-State athletics.

Excitement is a necessary part of the atmosphere surrounding Kedzie. It was definitely provided in the fall by the Collegian-Ag Barnwarmer controversy.

To put an additional spark of interest into the Ag Barnwarmer, journalists and ag students alike joined with playful spirit in discussing the merits of the Barnwarmer in editorials and letters to the Collegian.

The Collegian provides the practical experience which is necessary for all prospective journalists. To make it a realistic experience there is no faculty supervision of the Collegian staff. All the work from writing to editing is done by students.

Lee Ruggels, TJ junior, was kept busy as fall Collegian editor.

Collegian Stresses Politics

★ Five days a week K-State students and faculty read campus and world news in the spring Collegian, the college newspaper. While more emphasis is placed on campus events, United Press news stories also appear.

Spring brings out the political nature of many students and this year was no exception. Many letters were written to the editor regarding the campus political parties, their policies and platforms and the candidates themselves.

The 1955 edition of the Collegian for Engineers' Open House set the record for the second largest paper with 24 pages. In this paper were articles about various engineers' and architects' organizations and descriptions and pictures of some exhibits.

Another special edition of the Collegian was edited for Hospitality Days April 15 and 16. The history, activities and classes in the Home Economics School were given in this issue. Extra papers

were made of this issue and given to the high school girls as they toured Kedzie hall.

Gary Swanson launched the campaign for more advertisements as business manager and was also president of Sigma Delta Chi, an honorary fraternity for men in journalism.

Janet Myer and Dick Gallion assisted Swanson in the advertising department. These three served in the same positions both semesters.

Karl Gaston headed the spring Collegian and chose Doreen Cronkite as his assistant.

Tallying varsity and intramural sports required much time of Darrel Miller, sports editor, and his assistant, Don Kendall.

Beverly Sargent followed all the campus social events as society editor, and Gaye Fryer was church editor and Elizabeth Bartley, feature editor. Gary Haynes was photographer both semesters.

Everyone is on the stage and everything is ready to begin in a dress rehearsal of the November play production of "Green Grow the Lilacs." Problems come and go as the K-State players and director Hoover work for a finished presentation.

Grease Paint, Wigs, Lights

★ The stage and its world furnish a land of make-believe for K-State audiences through the efforts of the K-State Players and director Earl G. Hoover.

The drama, the comedy, the musical—all made an appearance during the drama season on the campus. Three major productions were presented by the players. In addition this year, a laboratory theater program was instituted in order to give more persons experience in actual play production.

The clever, sophisticated comedy, "Bell, Book and Candle," was one of the major productions. John Fey, Shirley Nelson, Roger Reitz and Logene Britton played the leading roles.

In November, audiences were pleased with the presentation of Lynn Rigg's "Green Grow the Lilacs," the play which Rodgers and Hammerstein made famous by giving it music and the new name of "Oklahoma."

Principal cast members were Baird Miller, Barbara Thurow, Dan Hurley and Logene Britton.

"Mr. Roberts" proved as much a success on the campus as when

the play ran two years on Broadway. The well-known story of World War II servicemen who never heard a shot fired entertained and amused its listeners.

Main parts were taken by Merton McIlvain, Baird Miller, Frank MacCreary and John Absher.

Moliere's comedy, "The Doctor in Spite of Himself," was the outstanding presentation of the laboratory theater group. Nancy Porter and Bruce Bellamy had the leads.

New York has its summer stock, and Manhattan has its summer school play productions. In spite of abnormally high temperatures students gave the two productions, "Morning's at Seven" and "The Decision," in 1954.

Participation in the centennial pageant took the place of the spring play. K-State players were active in all phases of the pageant from costuming, lighting, make-up and scenery, to the pageant narration.

Prof. Don Hermes was technical director and designed all sets for plays, and Prof. O. D. Hunt was master of lights.

Comedy of the master Moliere furnished a challenge to the K-State players in the laboratory theater production of "The Doctor in Spite of Himself."

Bewitching John Fey was the desire of Shirley Nelson in "Bell, Book and Candle."

For 11 years Earl G. Hoover has directed the major K-State dramatic presentations.

RP Observes No Closing

1955 Royal Purple editor, Phyllis Ruthrauff, finds smiling easy after reaching the final deadline.

Hard-working assistant editors of the 1955 Royal Purple were Marliene von Bose and Hershel Logan.

★ The 5 o'clock whistle meant "closing-up time" in most departments. However, to the loyal inhabitants of Kedzie, it merely denoted about a half-way mark.

Few students were ever upset at finding themselves locked out of a class building . . . but the '55 R.P. staff was known, on a few occasions, to cause a commotion when they discovered Kedzie was locked . . . and the deadline was only a few short days away.

But it was only with nights such as this . . . and the inevitable coffee breaks that made them possible . . . that the staff assembled dog-eared pages of copy . . . and glossy pictures . . . so you may look over the '54-'55 school year to see when you did what.

This edition of the Royal Purple is divided into five sections with a special editor for each. The editor is responsible for compiling

and writing the material appearing in his section.

After all's said and done . . . and the book is put to bed . . . the outstanding journalists are awarded K-Keys for their work throughout the year on the publications.

Students working on either the Collegian or the Royal Purple or both for two semesters are eligible for K-Keys. These small gold K's are awarded at the annual Publications Award dinner each spring.

Receiving K-Keys for their R.P. editorial work were Phyllis Ruthrauff, editor; Sam Logan, assistant editor; Marliene von Bose, assistant and feature editor; Beverly Sargent, classes; Ann Beckmeyer, organizations; Doreen Cronkite, housing; Karl Gaston, sports; Janet Duy, photographic editor, and Gary Haynes, photographer.

Business staffers who received K-Keys for the 1955 book were Liz Lambert, business manager; Doris Allen, Kay Berg, Joan Campbell, Mary Louise Ek, Peggy Howard, Carol Shideler, Connie Taylor, Jane Wilkinson and Eloise Sparks.

Collegian credit given

For work on the Royal Purple and Collegian, students may receive one hour of college credit in journalism. They may take only four such hours toward graduation.

Receiving editorial K-Keys were Delphine Atkinson, Oren Campbell, Doreen Cronkite, Karl Gaston, Gary Haynes, Carolyn Jones, Kathleen Kelly, Donald Kendall, Darrel Miller, Lee Ruggels, Beverly Sargent, Gary Swanson and Margaret Tracy.

The business staff is an important department on the Collegian too. The recipients of K-Keys in this department were Richard Gallion, Dorothy Kuhlman, Janet Myer, Louis Sable, Gary Swanson and Betty Theiss.

R.P. gets 19th award

For the nineteenth consecutive year, the K-State Royal Purple received an all-American rating by the National Scholastic Press association. College yearbooks are judged in classes based on the school's enrollment. The Royal Purple was entered in the 4,000-6,999 class.

The Ag Student magazine is published six times a year. There are two issues in the fall semester and four issues in the spring.

Engineers Edit Magazine

★ Engineering students try their hand at journalism with the publication of the K-State Engineer magazine.

The circulation of the magazine has increased to 2,000 copies in the last year. Of this number, 1,300 are distributed to students and faculty, 500 go to Kansas high schools, and the remainder is sent to alums and members of the Engineering College Magazine association.

The magazine, which is published eight times a year, has a

threefold purpose. Primarily it must be of interest to engineering students, and it must be informative. The magazine provides a means of broadening the students' education by including information about the school and engineering material not found in textbooks. The magazine also serves as a means of uniting the school and developing leadership.

The staff was reorganized this year to create more defined areas of responsibilities. The business manager and editor are chosen by members of the staff.

Bob Tointon served as editor of the Engineering Magazine, and Don Prigmore (below) acted in the capacity of business manager for the magazine.

Magazines Advise Alums

★ When students join the ranks of alumni they shift their college reading interests from the Collegian to the Industrialist and the K-Stater.

These publications keep members of the Kansas State college Alumni association in contact with their alma mater whether they live within the state or elsewhere.

The K-Stater, edited by Helen P. Hostetter, condenses campus and alumni news. A sports article and several pages of alumni news are in each issue.

Articles telling of changes in faculty and administration, new developments in research projects, extension work and new courses or curriculums are also included in the magazine.

Twenty-five to 75-year-old columns from the Industrialist

give the K-Stater's readers a sampling of what happened "way back when."

This alumni magazine is published quarterly in October, December, March and June. Journalism faculty members contribute most of the articles.

Once a year the Industrialist is sent to all of the K-State alumni. In January, February, April, June,

July, September and November active members of the Alumni association receive issues.

The Industrialist fills in the time between editions of the K-Stater. However, where the K-Stater deals mainly with items of wide interest, the Industrialist, which is one of the oldest papers in Kansas, deals with more specific topics.

Tribunal, S. C. Aid Students

★ The representative governing body for K-State students is the Student Council. This council is composed of 15 students—one representative for every 300 students enrolled in schools of the college.

The jurisdiction of the council covers a wide area. The council's recommendation that the Field House be named, started proceedings resulting the dedication and naming of Ahearn Field House in February.

The council promoted the Books for Democracy drive, appointed the Union Governing board and planned the S.G.A. assembly.

To treat students fairly is the goal of the Tribunal, the judicial branch of the student government. This group works for the rehabilitation of students rather than as primarily a disciplinary agency.

The Tribunal, which consists of three faculty members and one student from each school, handles disciplinary cases and traffic violations.

Tribunal decisions are approved by the president and are administered through the Dean of Students' office.

Housing

FRATERNITY DORM, INDEPENDENT

★ College living quarters whether large dormitories or small independent houses were homes away from home for students before and after class hours.

Freshmen girls lived in the college on-campus dormitories. If affiliated with one of the eight social sororities, they moved into the sorority house their sophomore year.

Independent men lived in either private homes or independent houses. However, if they pledged a fraternity as a freshman, they moved directly into the house.

At the close of rush week in September, 1954, the eight social sororities pledged 222 girls, and the 21 fraternities pledged 343 fellows.

Affiliated or independent the fun friendship and human relations gained from these living groups, added an intangible element to each student's college years that affected the remainder of his life.

Mortar Board, KHEACC, Dairy club, the home economics clubs, Omicron Nu, the Promenaders, Extension club and FTA all have members who belong to the sorority.

Mariellen Jones headed the group. Mrs. Katherine Johnson was housemother.

Delta Delta Delta

★ The Tri Delts took first in Homecoming decorations and cheered as their candidate was crowned Homecoming queen for the second consecutive year. The Homecoming queen is also the first drum majorette in K-State's history.

Mortar Board, Chimes, Phi Alpha Mu, Phi Kappa Phi, Arts and Sciences council, Student Council, Omicron Nu and Tribunal have Tri Delt members. Two girls are cheerleaders.

The Tri Delt pledges were awarded the scholarship cup for the highest scholastic average for the 1954 spring semester. The girls received the firstplace cup for the Flush Bowl float.

A "Firebug Party," complete with ancient fire-truck, was held during the fall. President was Marilyn Walker, and housemother was Mrs. Gladys W. Eaton.

The king and queen of spades are all smiles after winning first with their costumes at the "Pi Phi Blues" party.

Pi Beta Phi

★ Activity is the by-word at the Pi Phi house. The girls have members in Chimes, Mortar Board, Omicron Nu, Phi Alpha Mu and Student Council. Another is a cheerleader. Pi Phi's hold presidencies in Chimes, Y.W.C.A., Theta Sigma Phi and the editorship of the Royal Purple.

The Interfraternity Sing first-place trophy was won by the sorority last year, as was the second-place Y-Orpheum trophy. Other honors included attendants to the Homecoming, Pretzel Bowl and R.P. queens. The United Fund "Queen of Hearts" was a Pi Beta Phi as was the R.P. queen.

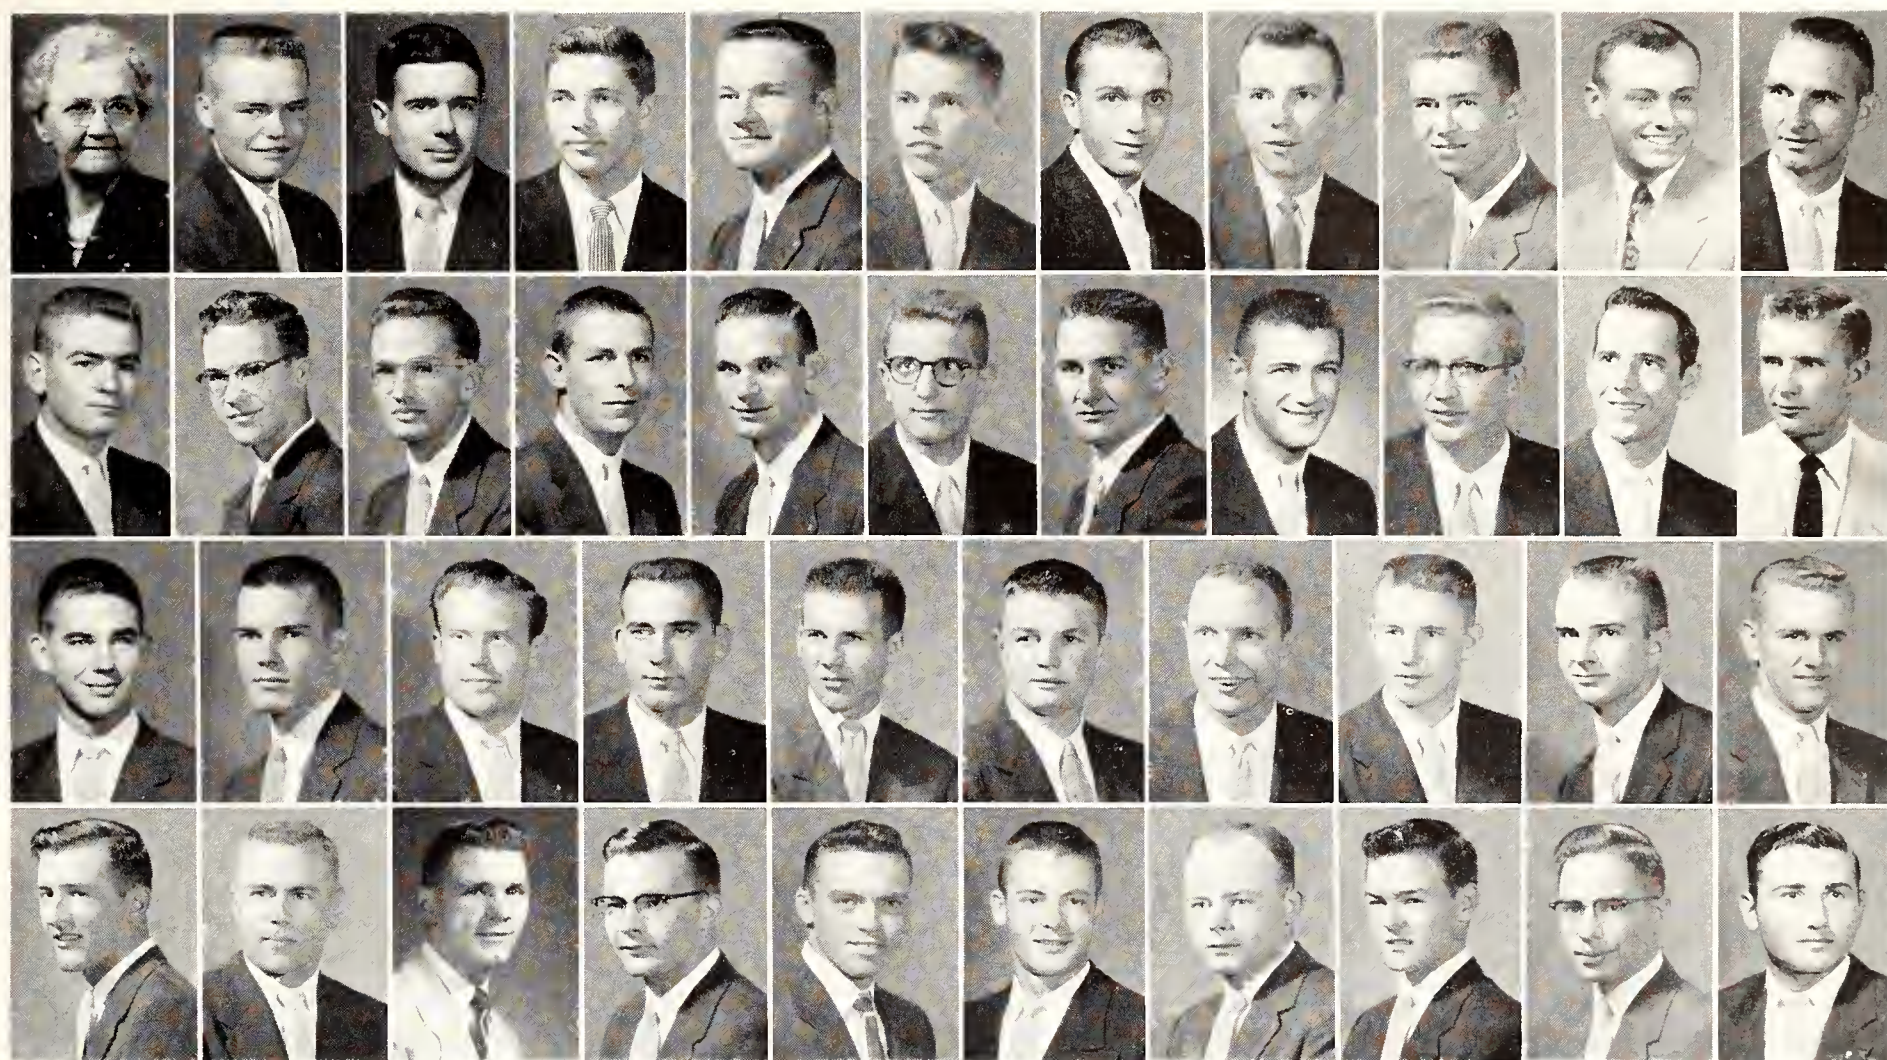

"Pi Phi Blues" was the theme of the fall house party.

Phyllis McMullen was president, and Mrs. E. W. Price was housemother.

Acacia

★ The golden anniversary of Acacia was celebrated this year at Ann Arbor, Mich., where the fraternity was founded. The local chapter was installed in 1913.

The Acacias this year had a banquet and tea honoring their housemother, Mrs. T. N. Lyles, who has been with

the fraternity for 25 years. Other social functions were the Indian party, chicken barbeque and formals in the spring and fall.

Activity-minded Acacias were president of the Interfraternity Pledge council, president and treasurer of Alpha Kappa Psi and president of the Young Republicans. They also had memberships in Alpha Zeta and received Phi Kappa Phi honors. President for the year was Robert B. Miller, and Mrs. Ella Lyles, housemother.

"How?" seems to be the pass word as this painted couple greets other "redskin" guests at the Acacia Indian party.

Alpha Gamma Rho

★ Alpha Gamma Rho, largest national fraternity for agriculture majors, celebrated its golden anniversary this year at Ohio State where it was founded in 1904.

A Student Council member, F.M.O.C. attendant, Collegiate 4-H president and track letterman were AGRs.

Casualness reigns supreme in this AGR room as roommates participate in various activities demanding their attention.

There were also members in Blue Key and Phi Kappa Phi. AGRs participated actively on judging teams.

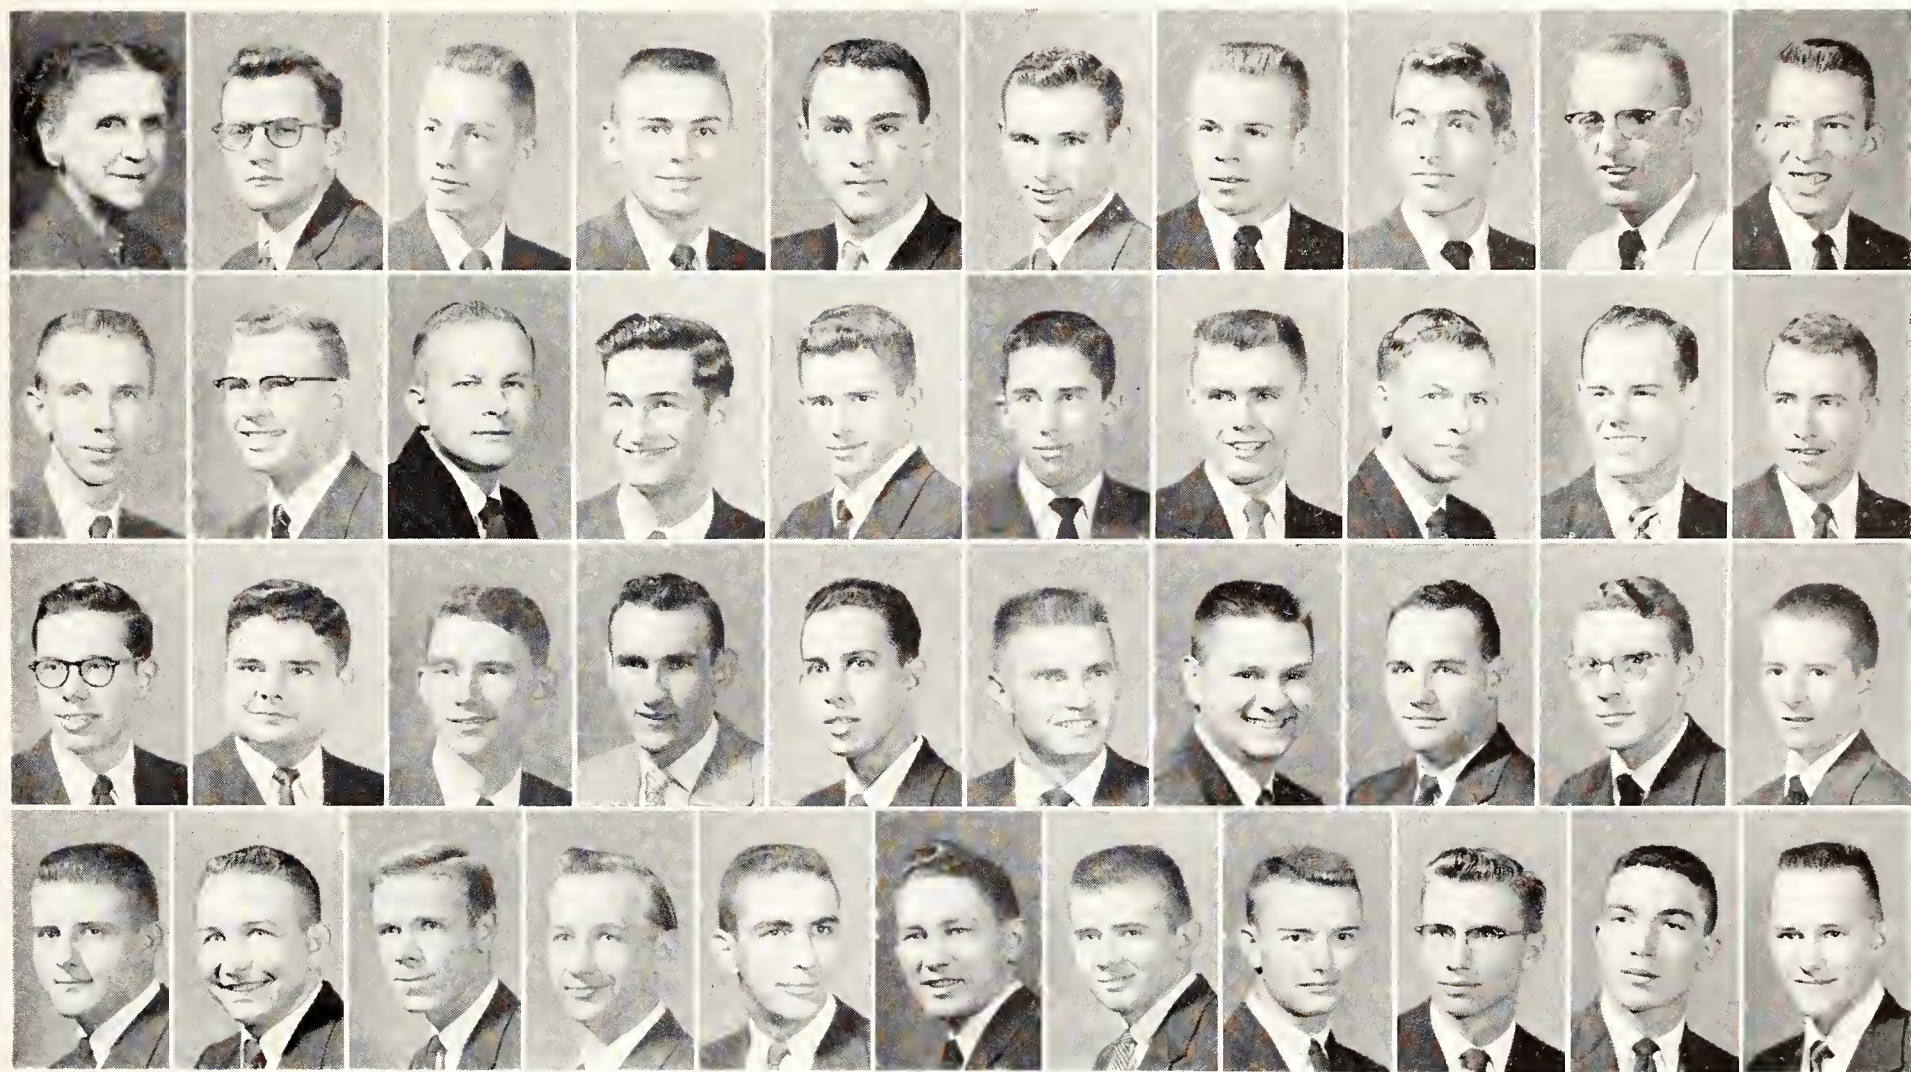

The Pink Rose formal, Roulette party, Parents' Day and the Sister-Sweetheart dinner dance are traditional social events at the AGR house.

David McKnight was the chapter president, and Mrs. Olive Kipfer, housemother.

Alpha Kappa Lambda

★ Successful at the election polls, the Alpha Kappa Lambdas boasted the vice-president of the Student Council and the treasurer of the senior class.

The presidents of Steel Ring and the Young Democrats were also AKLs. Other fraternity members were on the

An Iowa cyclone in eastern Kansas proves to be quite a physical problem for the ATOs' Homecoming decorations.

Alpha Tau Omega

★ Ceremonies this spring broke ground for a large new addition to the Alpha Tau Omega house. Alumni gathered for the function also celebrated the thirty-fifth anniversary of the K-State ATO chapter.

Mountaineer garb identified ATOs and their dates at the Hillbilly Clomp. With the Sigma Nus, members had a Blackfoot-Whitefoot party and formal in the fall. The White Tea Rose spring formal was highlighted by the crowning of the Sweetheart of ATO.

An ATO was a member of Blue Key and Alpha Zeta honoraries. Others were in Scabbard and Blade. A member was vice-president of the Young Republicans, and one was a Collegian staff member.

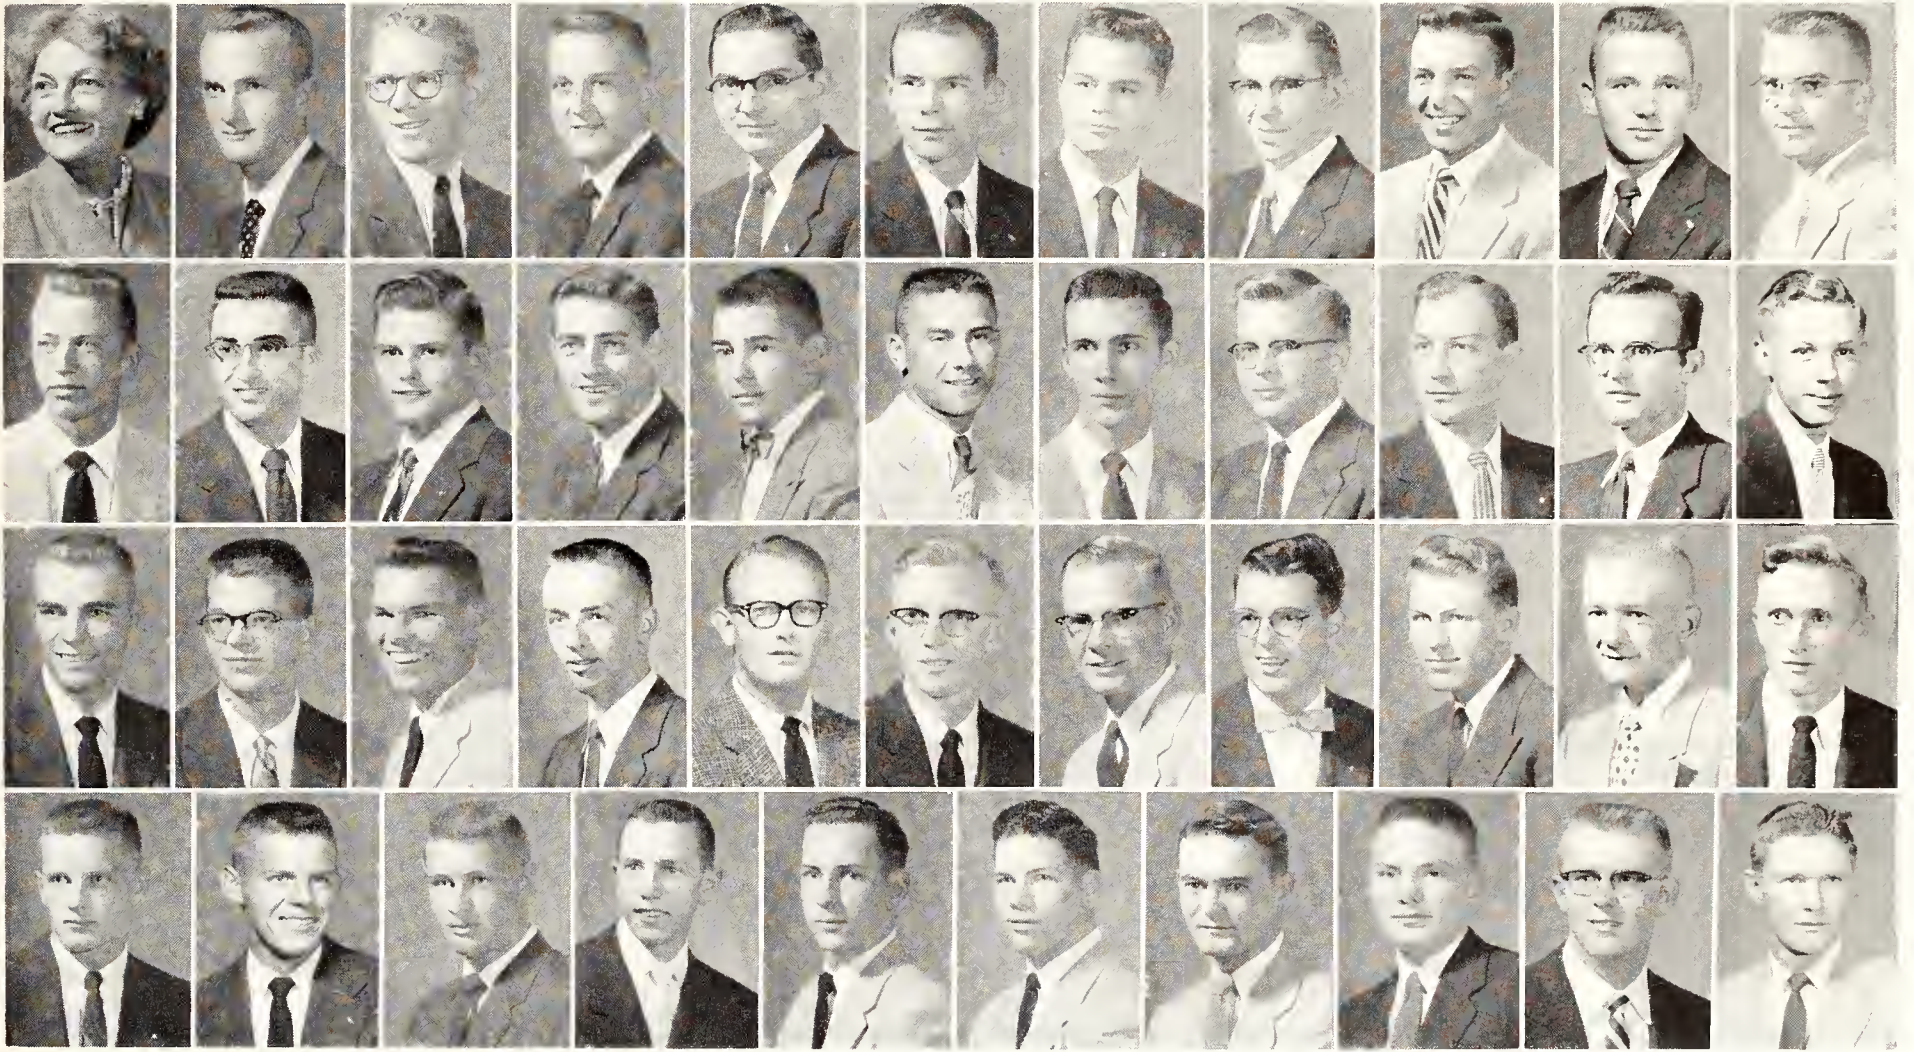

Alpha Tau Omega was the first fraternity to establish Help Week instead of Hell Week, both on this campus and nationally. Painting and repairing a church was the pledge project this year.

Bruce Wren was the chapter president, and Mrs. L. E. Keefer was housemother.

Beta Sigma Psi

★ Beta Sigma Psi moved up the hill this year—into the former Sigma Phi Epsilon house at 221 North Delaware. The fraternity was founded nationally in 1926, locally in 1951.

Campus activities of the members included Alpha Zeta, Arnold Air society, Collegiate 4-H, Junior A.V.M.A., Ag

Beta Sig members' positions in campus affairs were president of the Horticulture club, treasurer of Wampus Cats and staff member of the Collegian.

Intramural sports included football, basketball, horse shoes, hand ball, tennis, volleyball and badminton.

They socialized this year with their parents as hosts at Parents' Day. A Christmas party and the spring formal were other social highlights.

James Boyd was the chapter president, and Mrs. Elizabeth Seaton was the housemother.

Scrambled eggs, black coffee and chatter in the early morning hours aid these Beta Sigs studying for their finals.

Tea cups are laid aside in the Beta house as Mother Byers visits with some guests at the fall tea given in her honor.

Beta Theta Pi

★ Alumni and national representatives gathered here in October for the 40th anniversary of the K-State chapter of Beta Theta Pi.

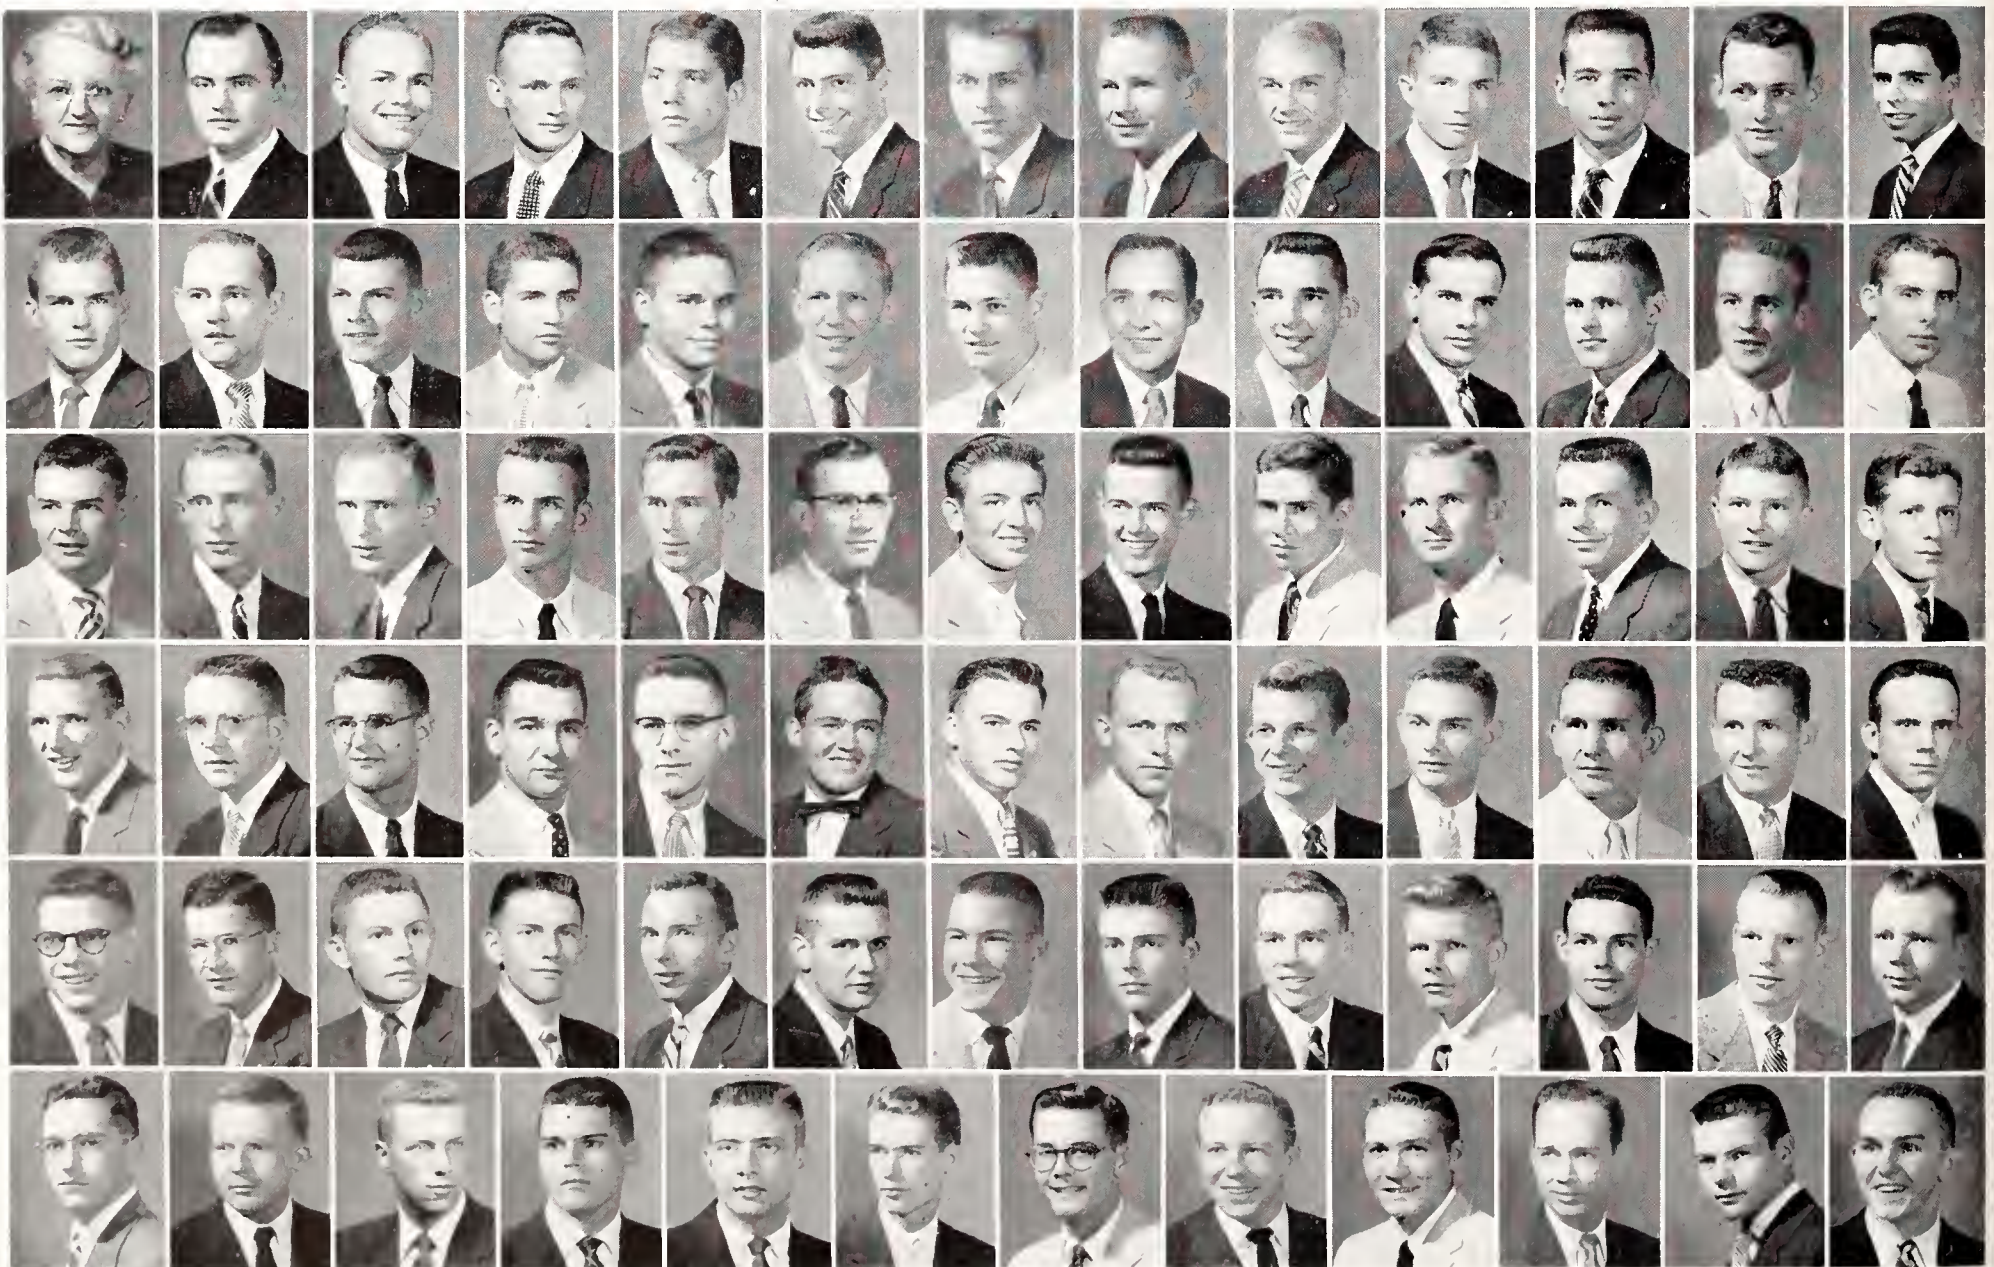

A Beta was president of the Y.M.C.A., another was chairman of the Homecoming committee. Two members were in Blue Key, others were in Steel Ring, Sigma Tau, departmental honoraries, and musical groups. Three were initiated into Phi Kappa Phi.

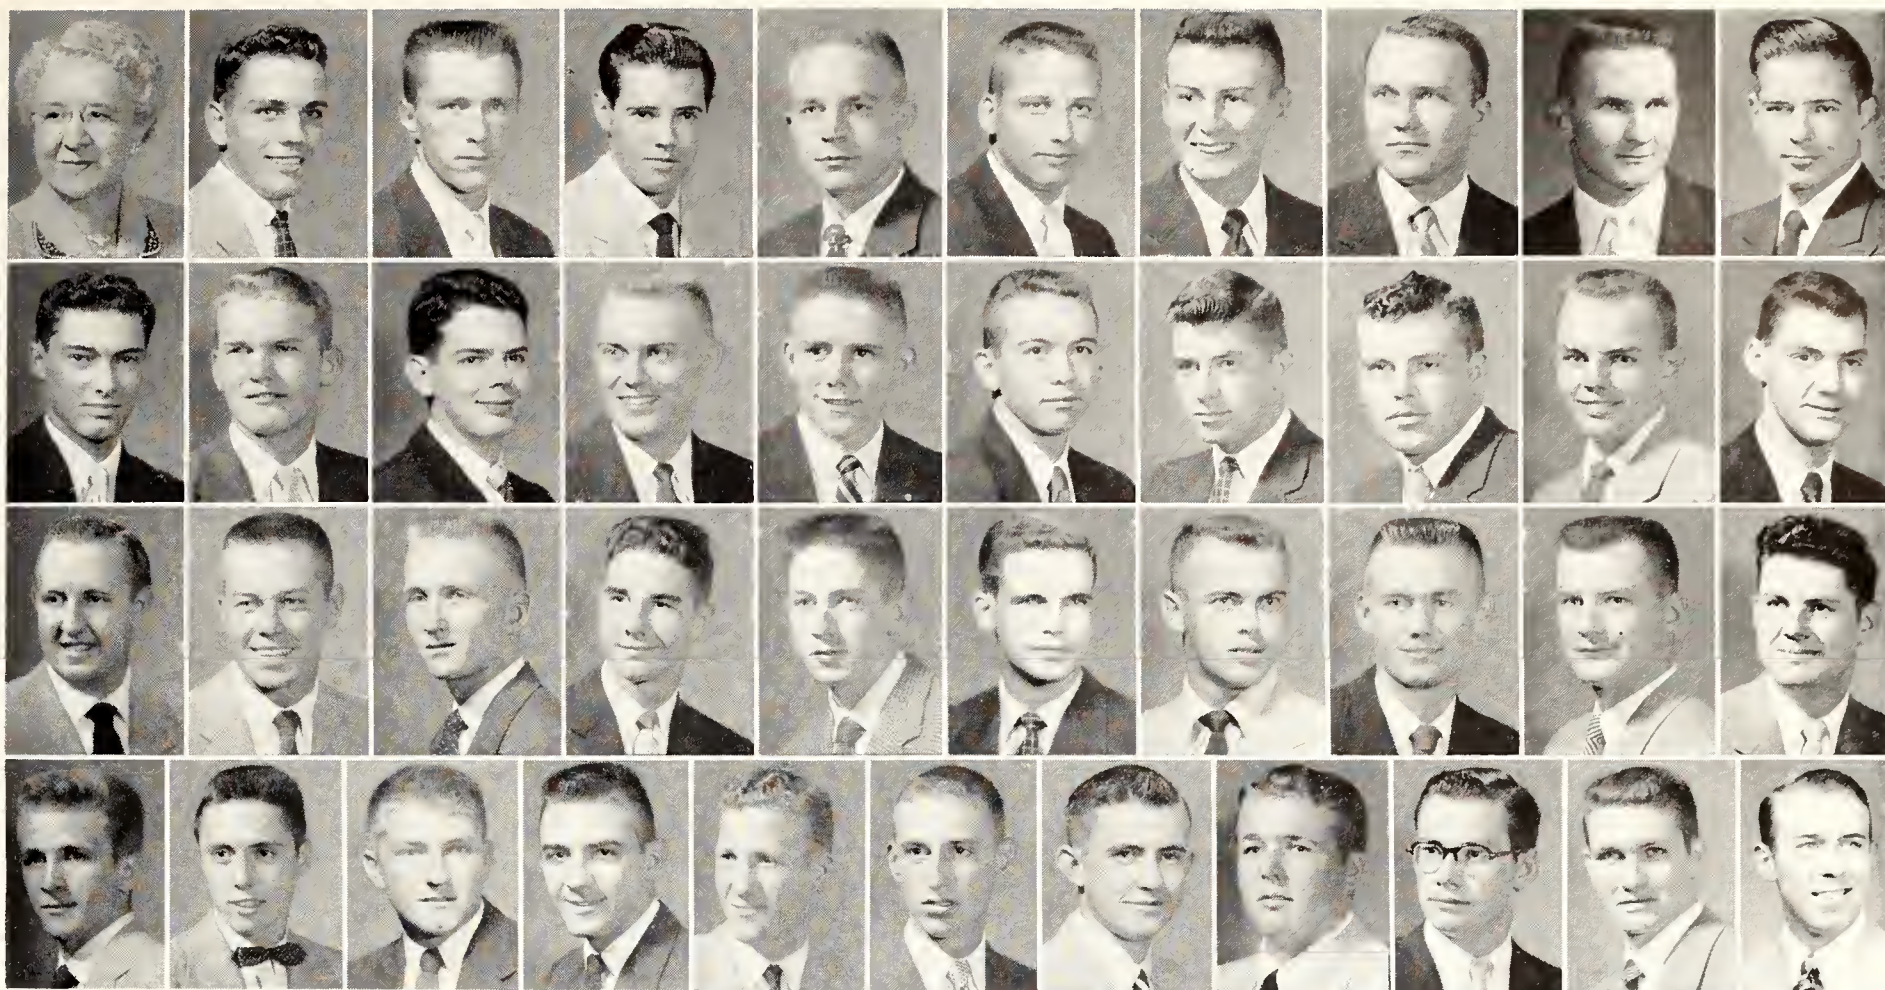

This year's basketball intramural crown went to the Betas. Two were on the varsity football team, and one was a varsity basketball regular.

The year's big social function was the annual Beta banquet and formal dance. A South Sea island party was held in the fall.

Charles Amstein was the Beta president, and Mrs. Merle D. Byers, housemother.

Delta Sigma Phi

★ The Delta Sigs found themselves busy in many campus activities this year including Sigma Tau, Eta Kappa Nu, Pi Mu Epsilon, Sigma Gamma Epsilon and Alpha Kappa Psi. The president of Alpha Phi Omega, service honorary, was a Delta Sig.

They also found time to participate in the Arnold Air society, Collegiate 4-H, Pershing Rifles, Frog club, Newman club, Y.M.C.A. and the College band. Two members were on the varsity baseball team.

Bright spots on the social calendar this year were the Apache party, a Sailors' ball, White Carnation formal and the Founder's Day party.

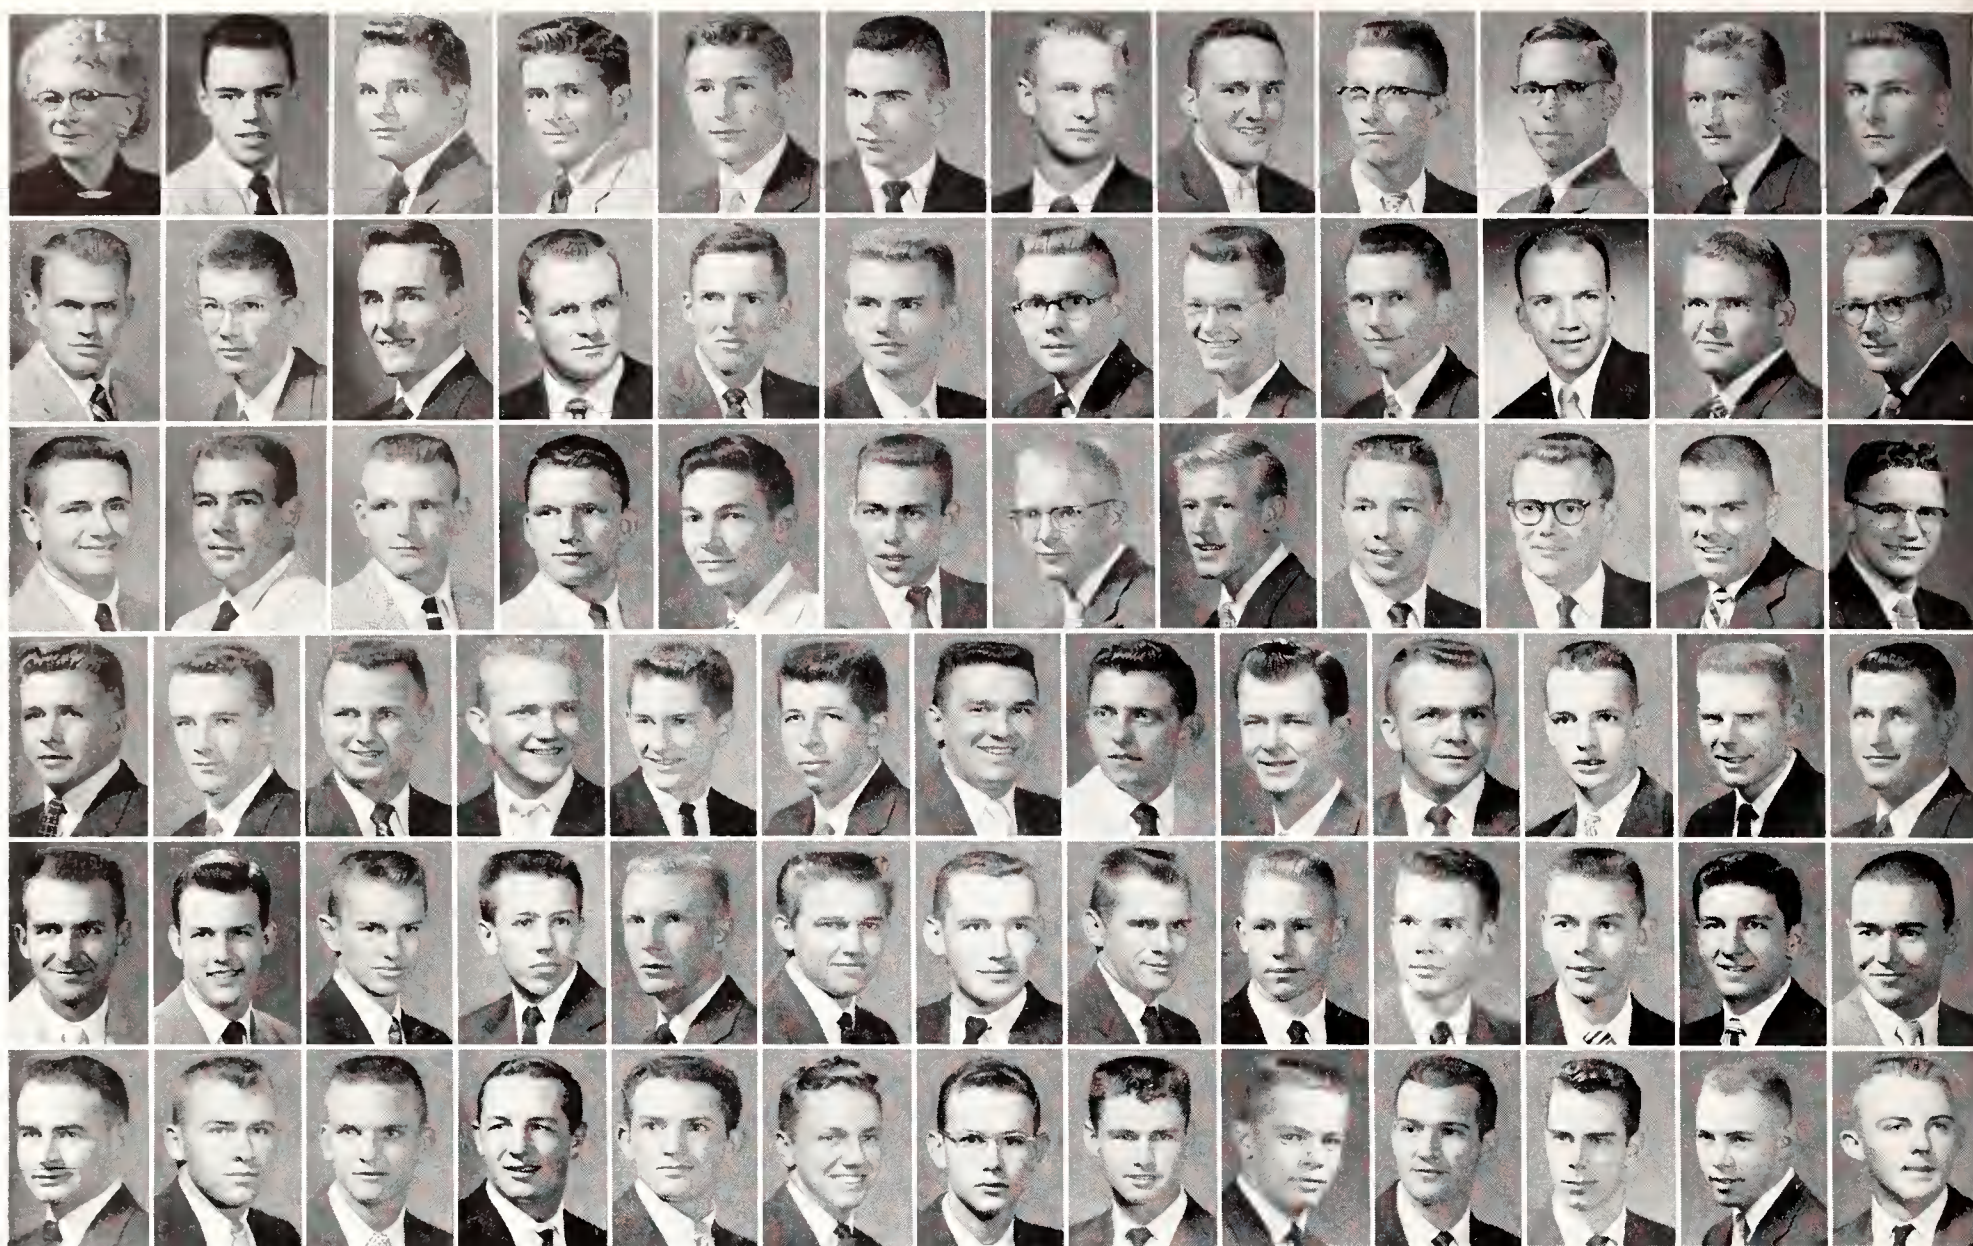

Keeping in trim, the Delta Sigs participated in all the major intramurals.

Alpha Upsilon chapter at K-State is one of 78 chapters of Delta Sigma Phi. The fraternity was founded at the City College of New York in 1889. The local chapter was established in 1925.

Norman Morrow was the president this year, and the housemother was Mrs. Paul F. Smith.

Surprises galore for one and all . . . even the mascot . . . are unwrapped after dinner at the Delta Sig Christmas party.

A breather at a Delt party helps these fellows and their dates to recuperate after the K.U. football game.

Delta Tau Delta

★ K-State Delts, hosts to twenty-four chapters for a conference of Delta Tau Delta's Western division, showed off their new, modernistic house built last year.

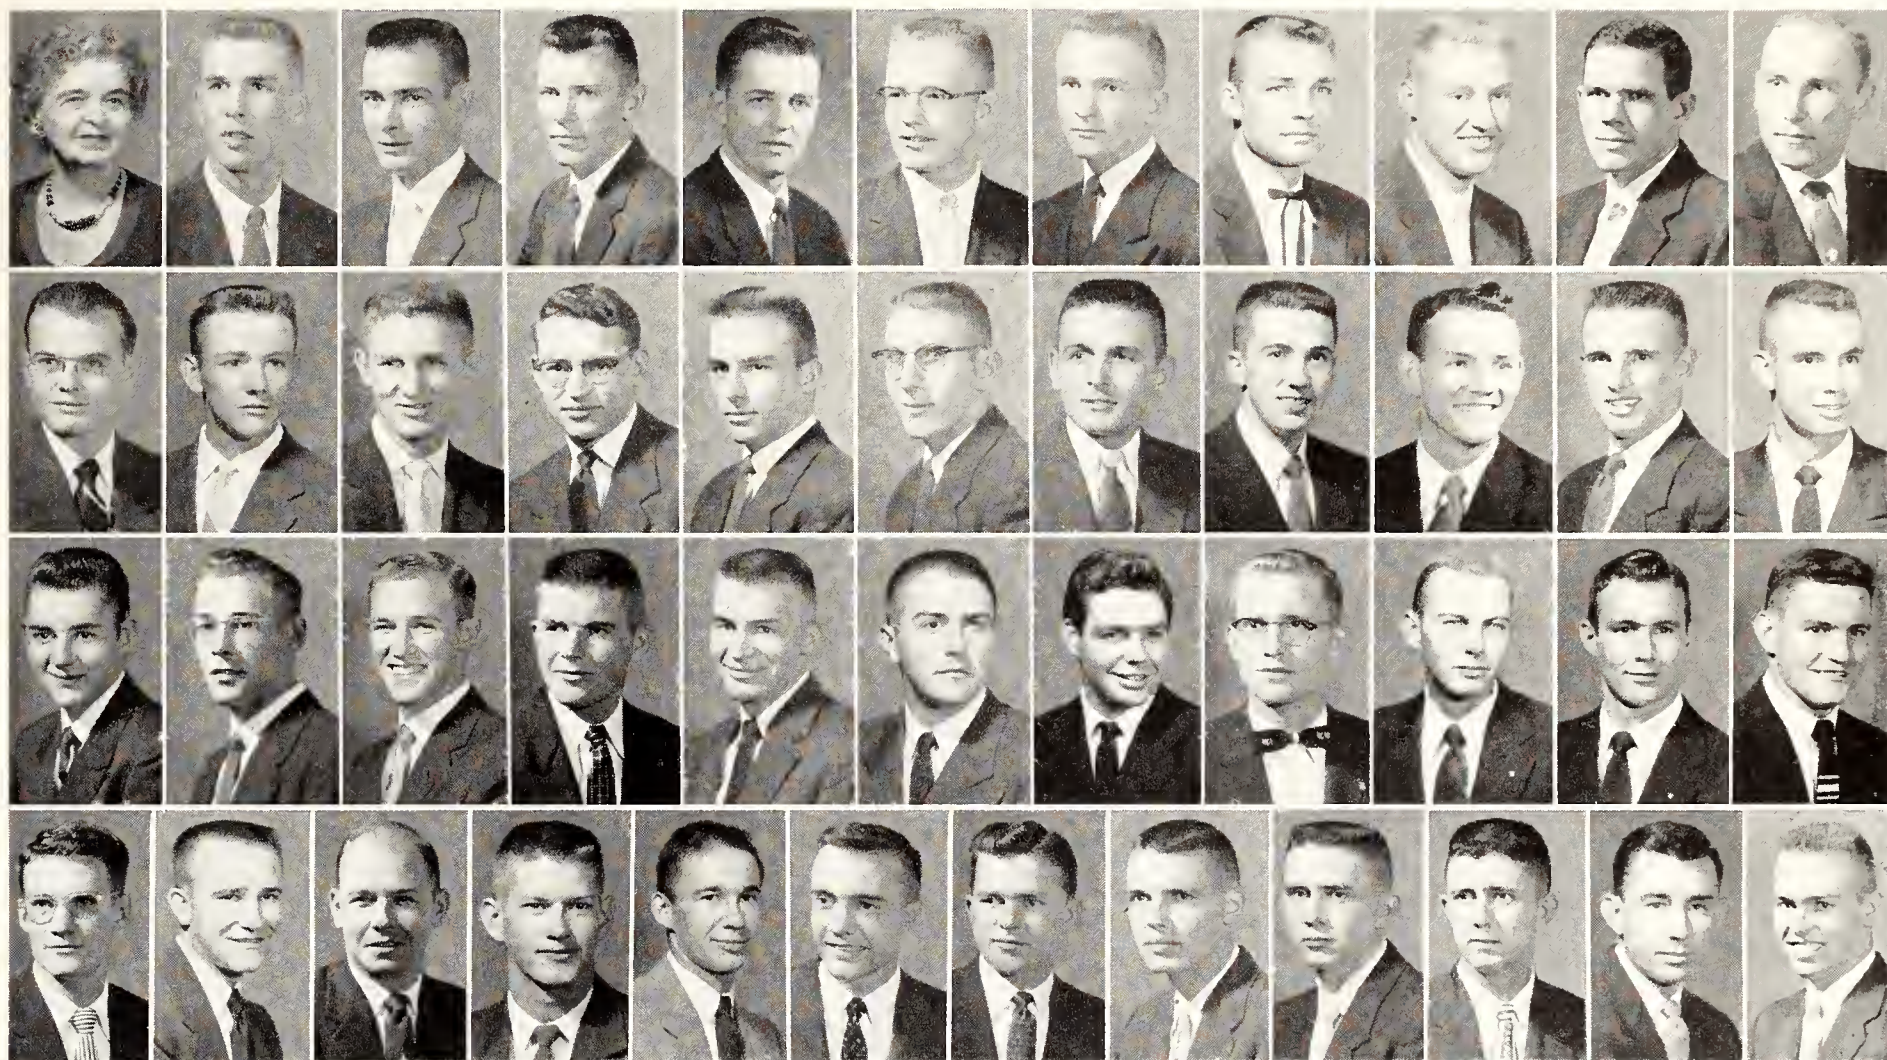

Delts had the editorship of the Collegian, were on the Student Council and were elected F.M.O.C. attendant. Three were on the debate team. They also held memberships in Steel Ring and Sigma Tau. A Delt was co-captain of the football team and played in the East-West Shrine game and the Senior Bowl. The fraternity placed second in basketball intramurals and won the intramural horseshoes match.

The socializing Delts had a "South Sea" paddle party, Rainbow formal and a big barbeque in the spring.

Ed Gillette was the chapter president, and Mrs. Fred Coulson, housemother.

Farm House

★ The Favorite Man on Campus this year was a member of Farm House, as was last year's F.M.O.C. Four Farm House members were in Blue Key, and one of them was president of that honorary. Three were members of the Student Council; one was president, and another was treasurer of the council.

Nine members are on the Ag council, and fourteen are in Alpha Zeta, Ag honorary. Nine Farm House men were on College judging teams, one of which won the national collegiate dairy judging contest.

Farm House won the fraternity scholarship cup.

The fraternity members also found time for the Star and Crescent formal, a chicken barbeque, Sweethearts' dinner, Sisters' Day and Parents' Day.

Eldon Johnson was Farm House president, and Mrs. E. L. Taylor was the housemother.

Soft music fills the Farm House at the Christmas party as members and their dates dance and visit with each other.

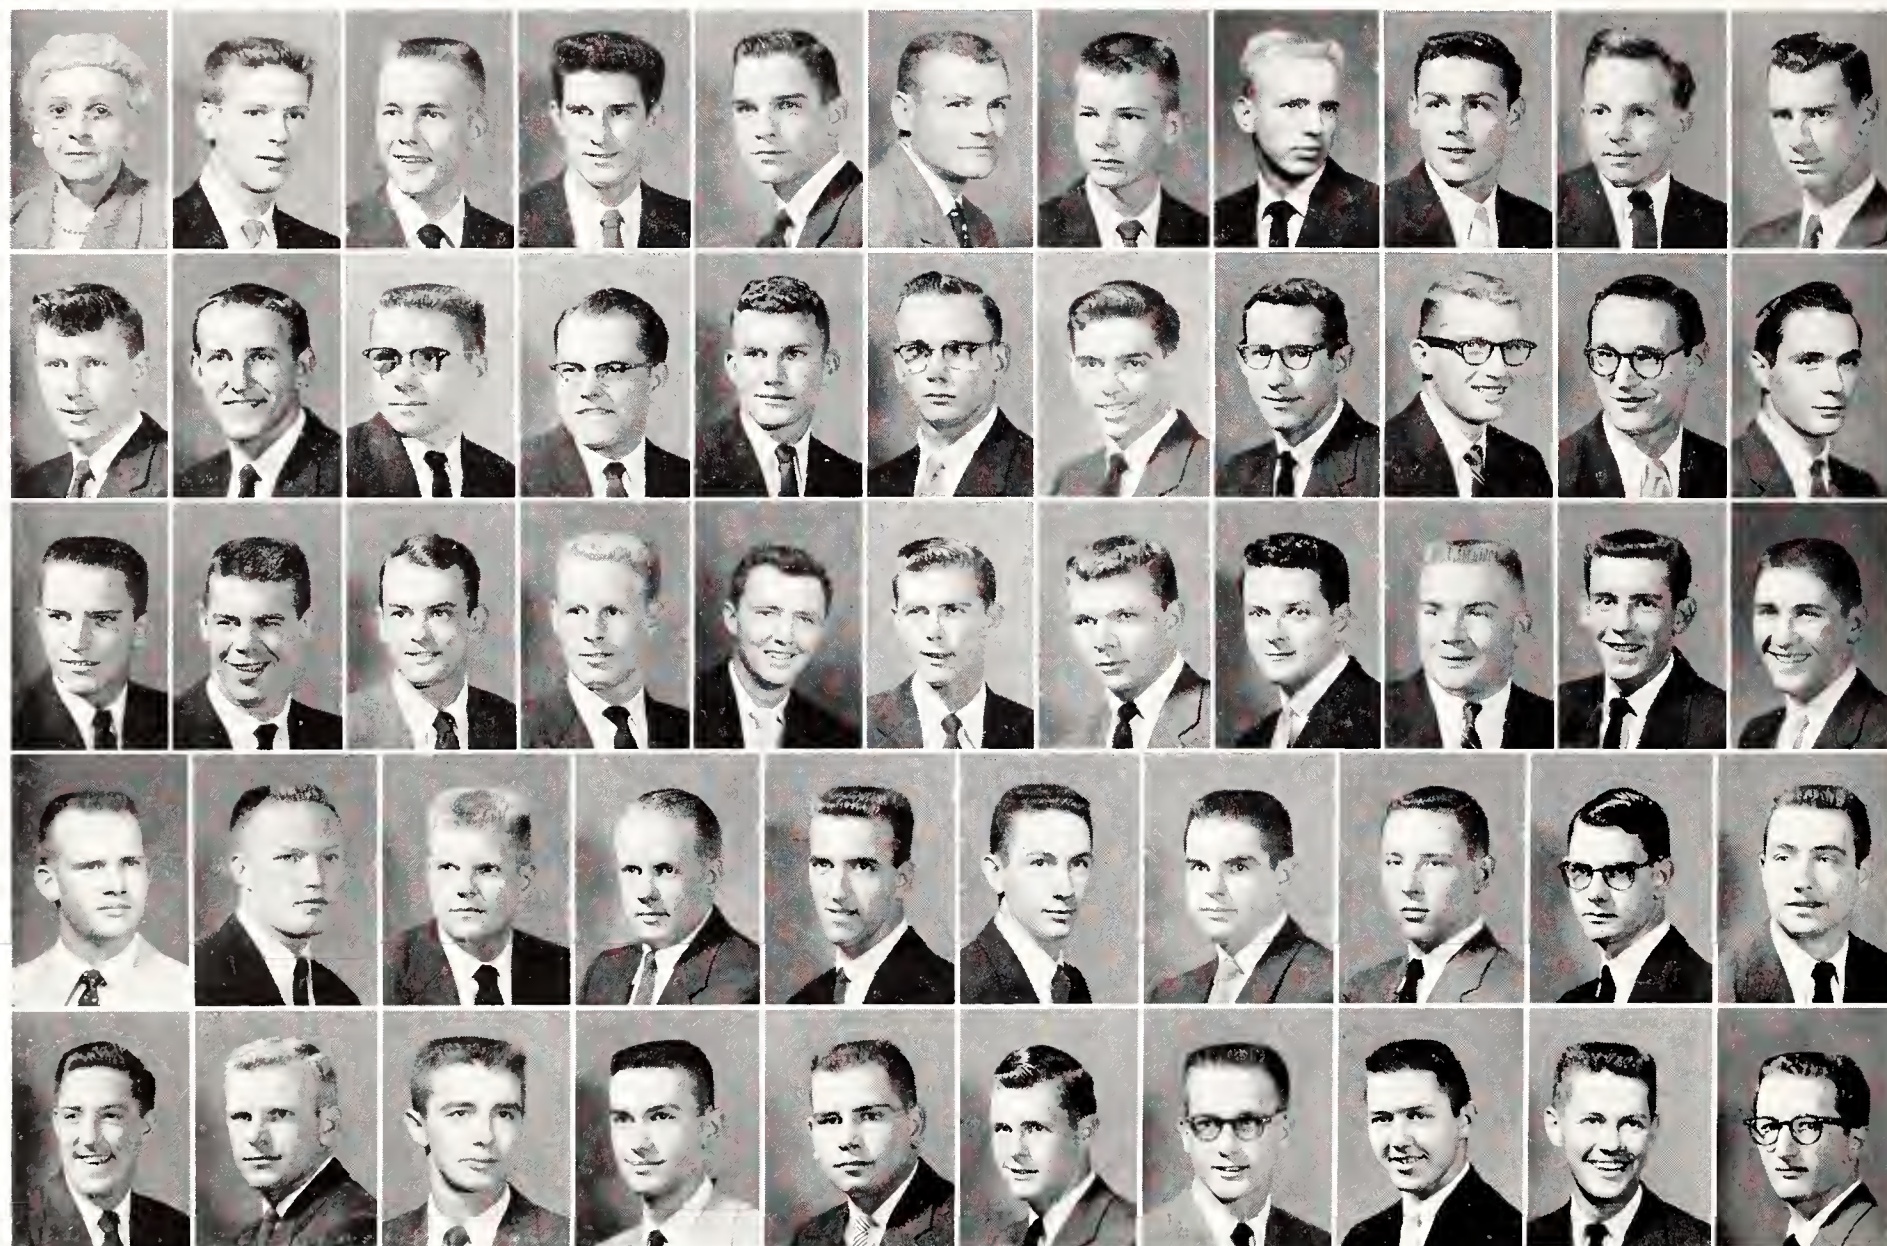

Kappa Sigma

★ Strictly informal was the Red Dog celebration at the Kappa Sigma house. Pirate costumes are the rule for this annual event. Kappa Sigs also entertained at a Christmas formal and the Black-and-White Ball.

On the Engineer magazine staff Kappa Sigs held positions as associate editor and feature editor.

Lambda Chi Alpha

★ "Rock Away Iowa" won the first-place trophy for Homecoming floats for Lambda Chi Alpha.

The crowning of the Crescent Girl at the Crescent Ball in the spring climaxed the social season. Other parties were the "Suppressed Desire" costume party, White Rose formal and a party for underprivileged children.

A Lambda Chi was runner-up to the F.M.O.C. and captain of the varsity gymnastic team. Members were president of the American Institute of Architects, on the Engineering council and on the Fine Arts Co-ordinating council.

The president of the K-State Circle Burners was a Lambda Chi, as was the secretary of Alpha Mu. Members were also active in Sigma Tau, Steel Ring, Alpha Kappa Psi and Gamma Mu Epsilon. The housemother was Mrs. E. M. May, and president for the year was Bob Brandt.

Phi Delta Theta

★ The Student Council, Tribunal, Ag council and Arts and Sciences council had Phi Delts as members. Another Phi Delta Theta was appointed cadet colonel of the air force R.O.T.C. Three Phi Delts were in Blue Key. Other honoraries that chose Phi Delt members were Steel Ring, Sigma Tau, Alpha Mu, Alpha Zeta and Sigma Gamma Epsilon. The Homecoming committee, Y.W.C.A. cabinet, the Arnold Air society were other activities that kept Phi Delts busy.

With the Sigma Chi and Beta Theta Pi chapters, the Phi Delts had the Miami Triad, their big mid-winter formal. Other social functions were the Casino party and spring formal. At the "She Delta Theta" party Phi Delts had a mock initiation for their dates.

Chapter president was Jack Potts, and Mrs. J. R. Hurley was housemother.

Phi Kappa

★ Patches and tatters were in style at the Poverty party Phi Kappa had this fall. The main social event in the spring was the Fish Formal.

The captain of Scabbard and Blade was a Phi Kappa, and another member was president of the Newman club. A Phi Kappa was president of Alpha Mu, milling honorary, another was vice-president of the Milling association.

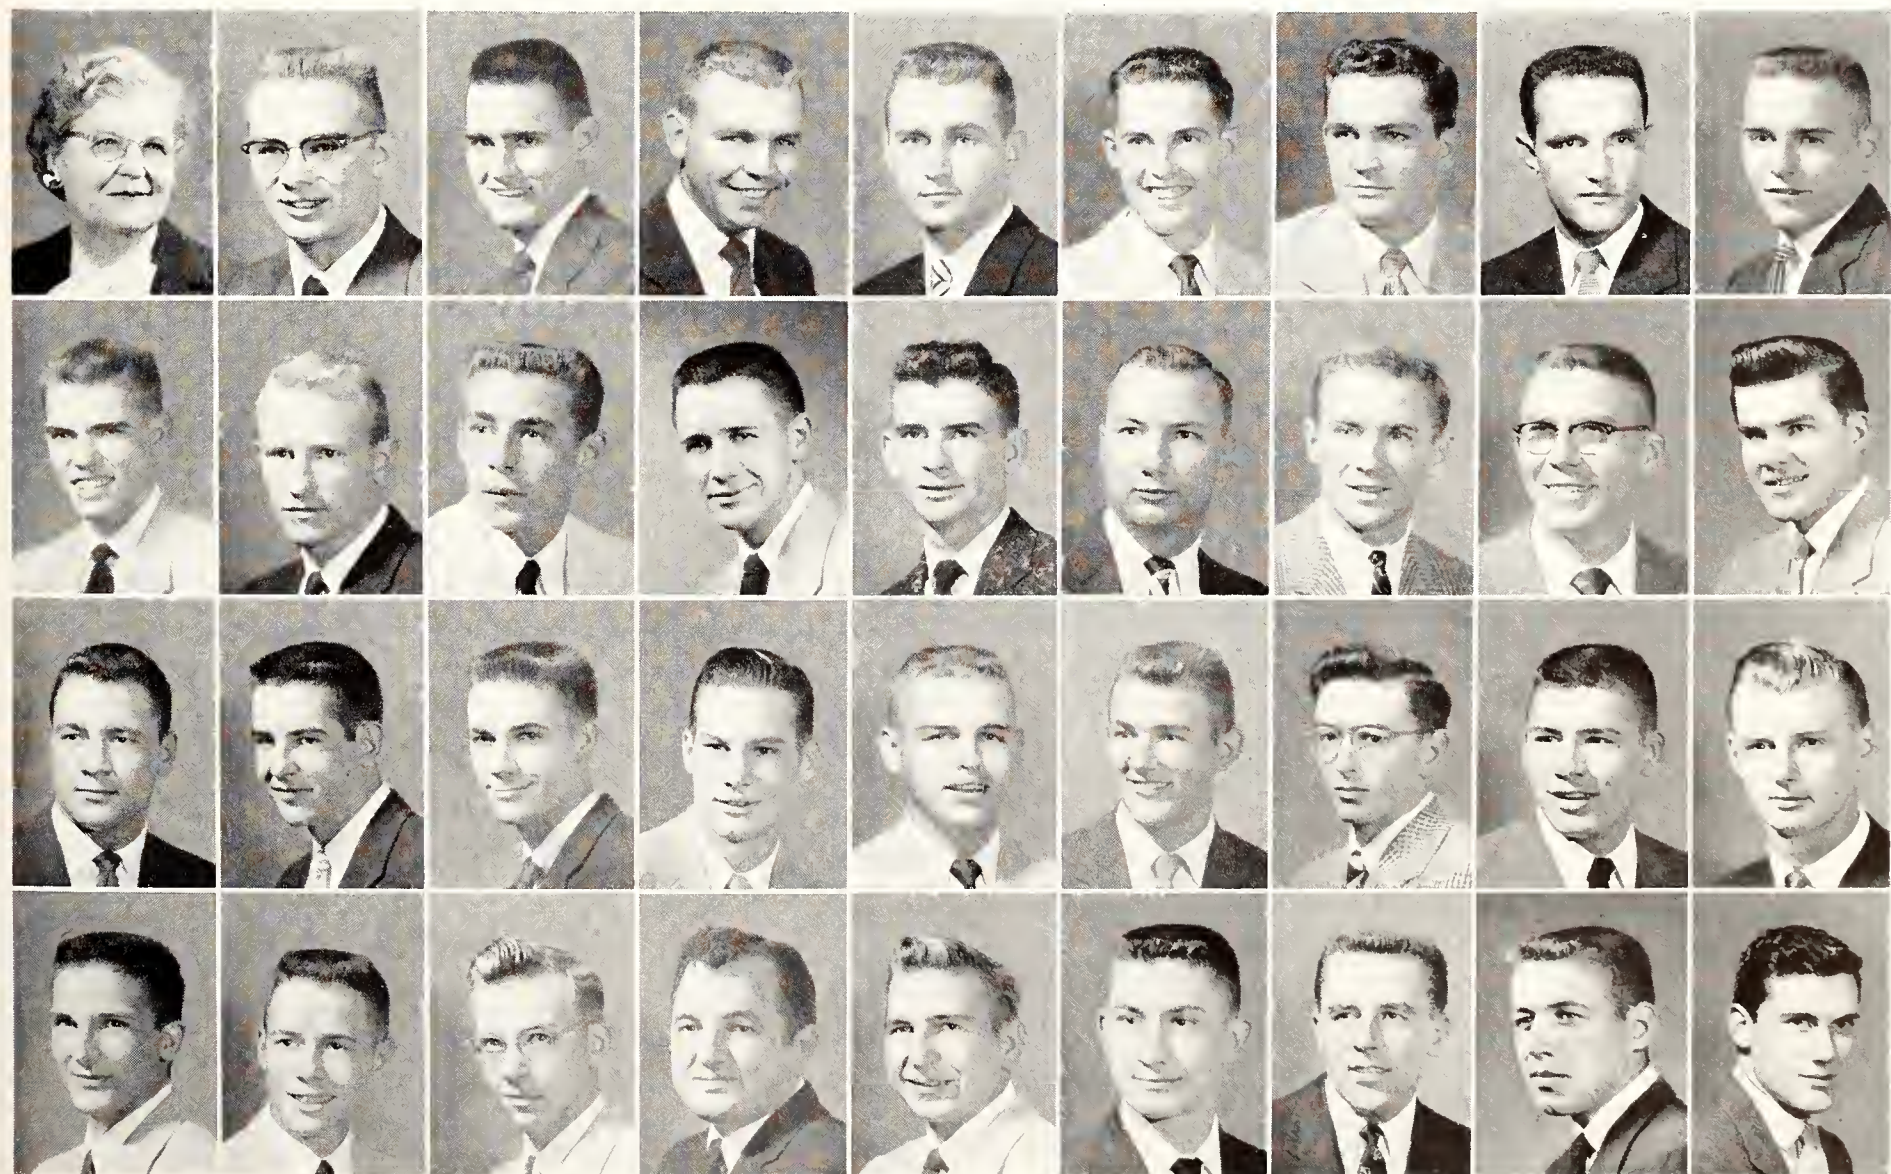

Other Phi Kappas were members of Alpha Kappa Psi, American Institute of Architects, American Institute of Physics, Gamma Sigma Delta, Jr. A.V.M.A., Young Republicans and Pershing Rifles and were on the staff of the K-State Engineer magazine.

Phi Kappa was founded at Brown university in 1889. K-State's chapter was established in 1921. President this year was Dan Petrcek and Mrs. W. F. Theisen was the housemother.

Smoke-ring instruction provides a "breather" for this Phi Kap in his readin' and writin' lessons.

Pi Kappa Alpha

★ A new chapter house was planned this year for Pi Kappa Alpha. It will be colonial style to carry out the fraternity's Southern tradition. Land has been purchased, and plans are to begin building the 65-man house in a few years.

Hamburgers are famous at the PiKA house where every Saturday night features a hamburger buffet supper for members and their dates.

Costume parties are a specialty. The Beachcomber party, Roaring Twenties party and Cornjigger party are traditional. The formal highlight of the year is the Dixie Ball when the fraternity sweetheart is crowned. The Manhattan Duad, winter formal, is put on with the Sigma Phi Epsilon chapter. Jack Argabright was president this year, and Mrs. William Bensing was the housemother.

TV fans may be found at all angles . . . any time of the day or night . . . around the television set in PiKA house.

Bowery days reappear each year in Manhattan when the Sig Alphas entertain their dates at their fall Bowery party.

Sigma Alpha Epsilon

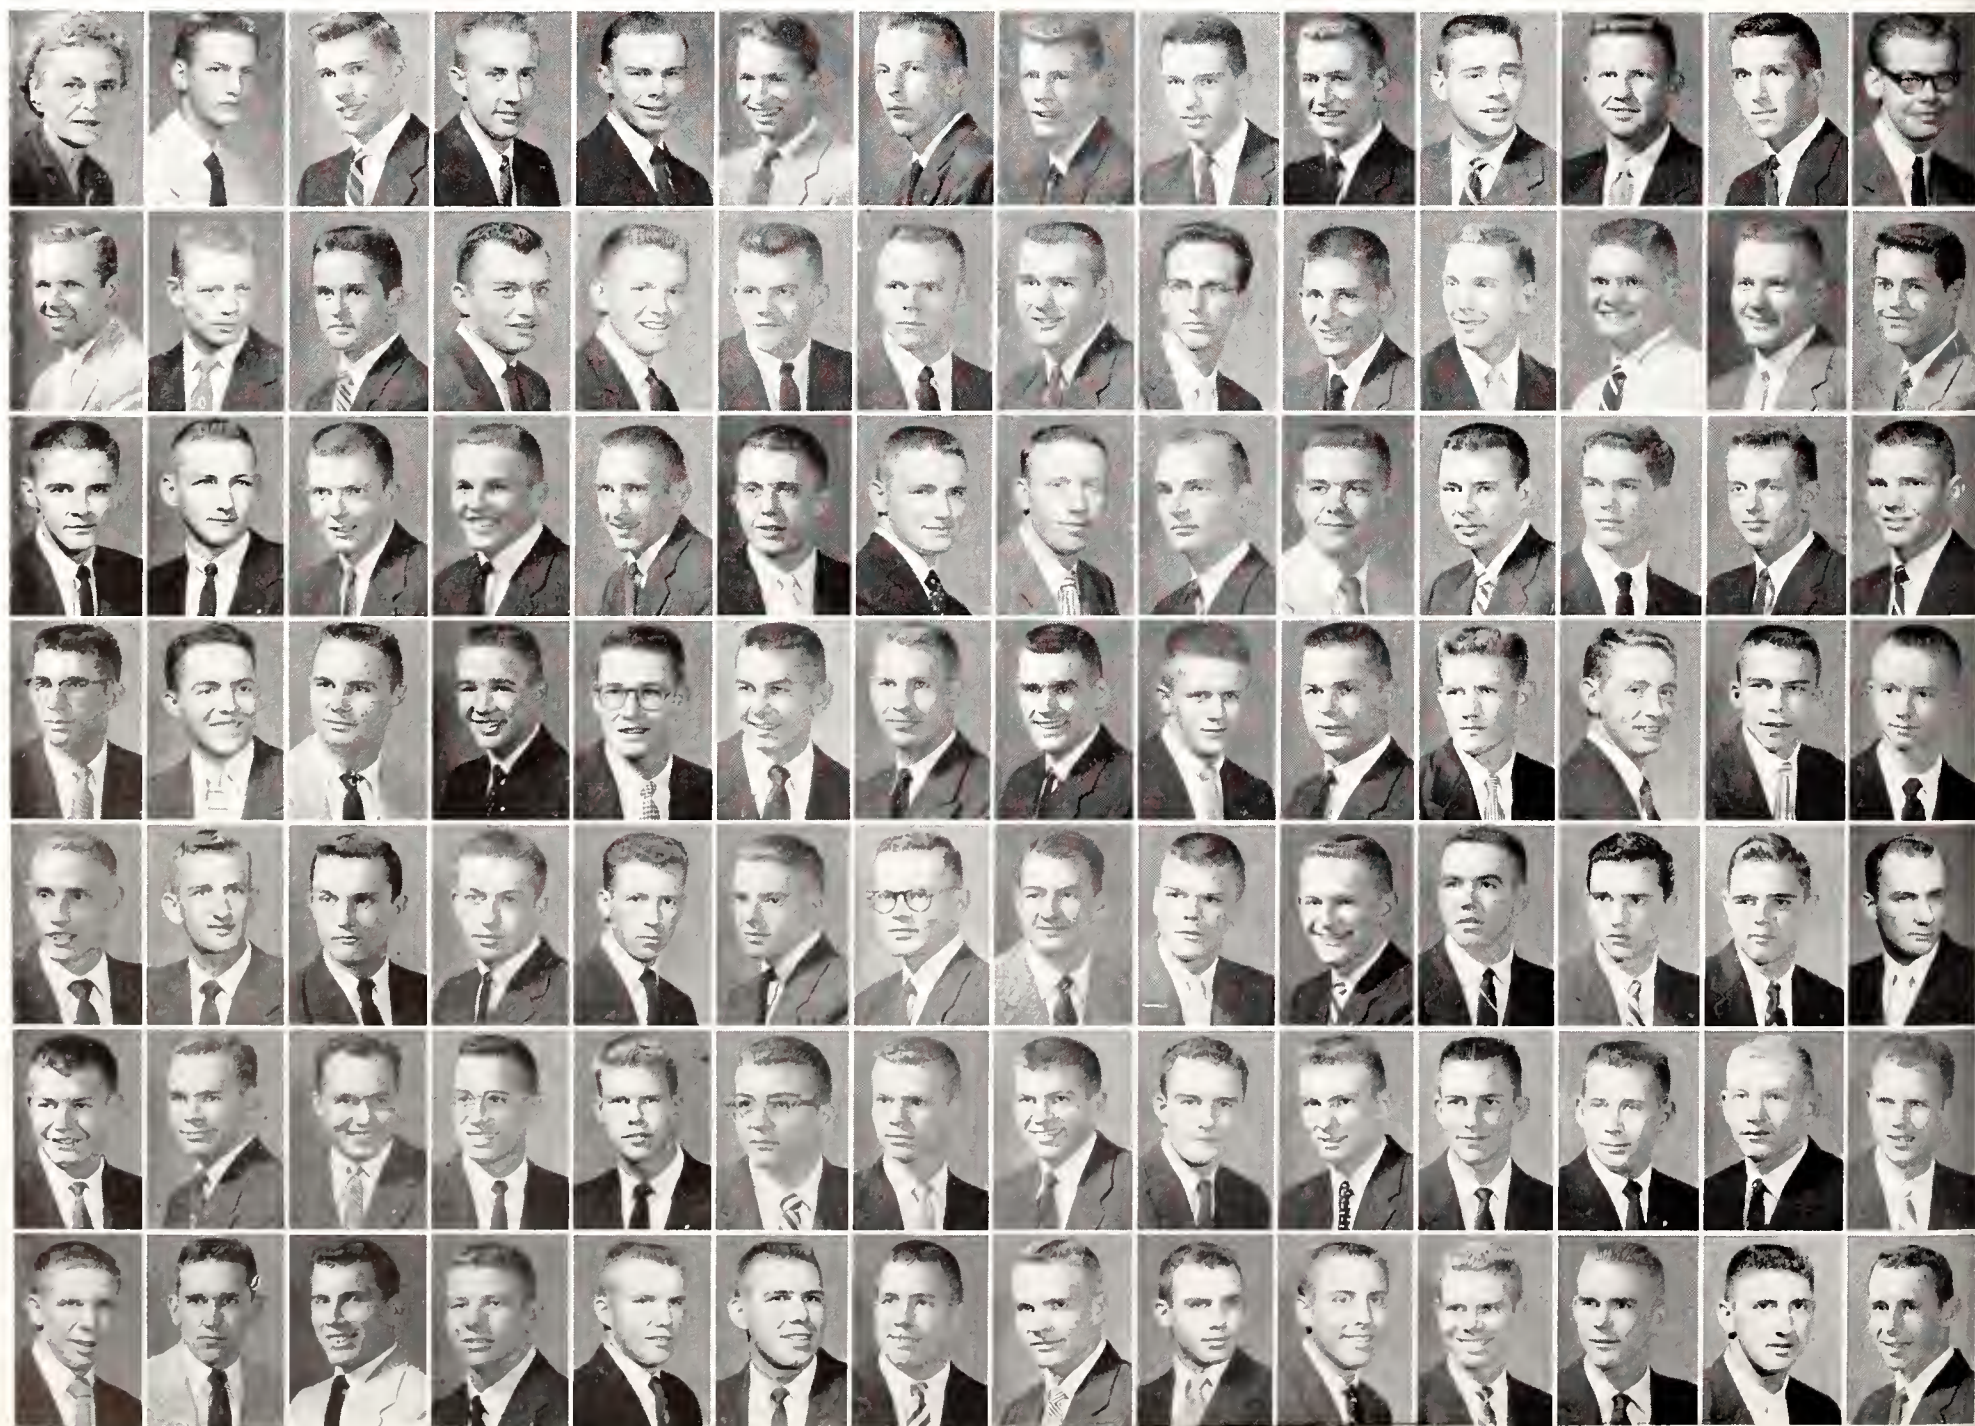

★ The sports-minded Sigma Alpha Epsilons have earned possession of both the intramural and the Flush Bowl trophies for the last three years. Seven members are on the varsity football or basketball teams.

SAE is the largest fraternity nationally, and has the largest chapter at K-State.

Sig Alph members are in Blue Key and on the staff of the Royal Purple and the Collegian, and one is the chancellor of the Tribunal.

On the social scene, the Sig Alphas had the Belle Ball, spring formal and a formal dinner-dance on Founder's Day. Informal parties included the Bowery party and the Island party. Heading the group were Wes McMillen, president, and Mrs. Pauline Johnson, housemother.

Sigma Chi

★ A Sigma Chi was one of the top men on the campus this year, holding the offices of student body president and president of the Ag council. Other Sigma Chis were cheerleaders, Wampus Cats, members of Steel Ring, Alpha Kappa Psi, Arnold Air society, Scabbard and Blade and the Business Students association.

Songsters all, the Sigs took first place in the Interfraternity Sing last year singing their famous "Sweetheart of Sigma Chi."

Big social functions of the year were the Miami Triad and the spring formal, with the crowning of the Sweetheart. Members also entertained underprivileged children with a Christmas party. Dave Schneider was the fraternity's president, and Mrs. Henry Boss was housemother.

Flannel 'n stripes predominate at the Sigma Chi pajama party, while night caps take the spotlight as accessories.

Coconut juice and colorful sarongs provide the needed atmospheric touch for the Sigma Nus at their Hawaiian party.

Sigma Nu

★ Homecoming decorations at the Sigma Nu house have taken a first place trophy for two years in a row.

Sigma Nu members were prominent in varsity sports this year. Two guards on the basketball team and four regulars on the football team were Sigma Nus.

A Sigma Nu held a position on the Student Council. Others are in Sigma Gamma Epsilon, Jr. A.V.M.A., Sigma Tau, Pi Tau Sigma and the College band.

With the ATOs they had a Blackfoot-Whitefoot celebration climaxing in a formal dance. They also had a Hawaiian house party and the White Rose formal.

Bob Reinke was the chapter president, and Mrs. Pauline Walters, housemother.

Sigma Phi Epsilon

★ The red door of the new Sigma Phi Epsilon house was officially opened this fall.

Eleven Sig Eps were in varsity football, basketball, baseball and track. Two were cheerleaders.

SIGMA PHI EPSILON—TOP ROW: Mrs. Doris Erickson, Nugent R. Adams, Elson R. Amend, Ted R. Ashford, William H. Atwood, Philip G. Barnes, Ralph D. Barnhart, Jack D. Barrett, Robert L. Bassett, Robert A. A Sig Ep was on the Student Council and president of the All-College political party. One was elected to Phi Kappa Phi. Sig Eps were also active in Scabbard and Blade, Arnold Air society, Alpha Kappa Psi, Sigma Gamma Epsilon, Sigma Tau and the Jr. A.V.M.A.

They entertained at the Duad and crowned their Sweetheart at the Golden Heart Ball. President of the chapter was Ted Ashford, and housemother was Mrs. Doris Erickson.

A new chapter house calls for a tea and open house for the Sig Eps to entertain faculty, relatives and other guests.

The TKE's Y-Orpheum trophy for "Frankie and Johnnie."

Tau Kappa Epsilon

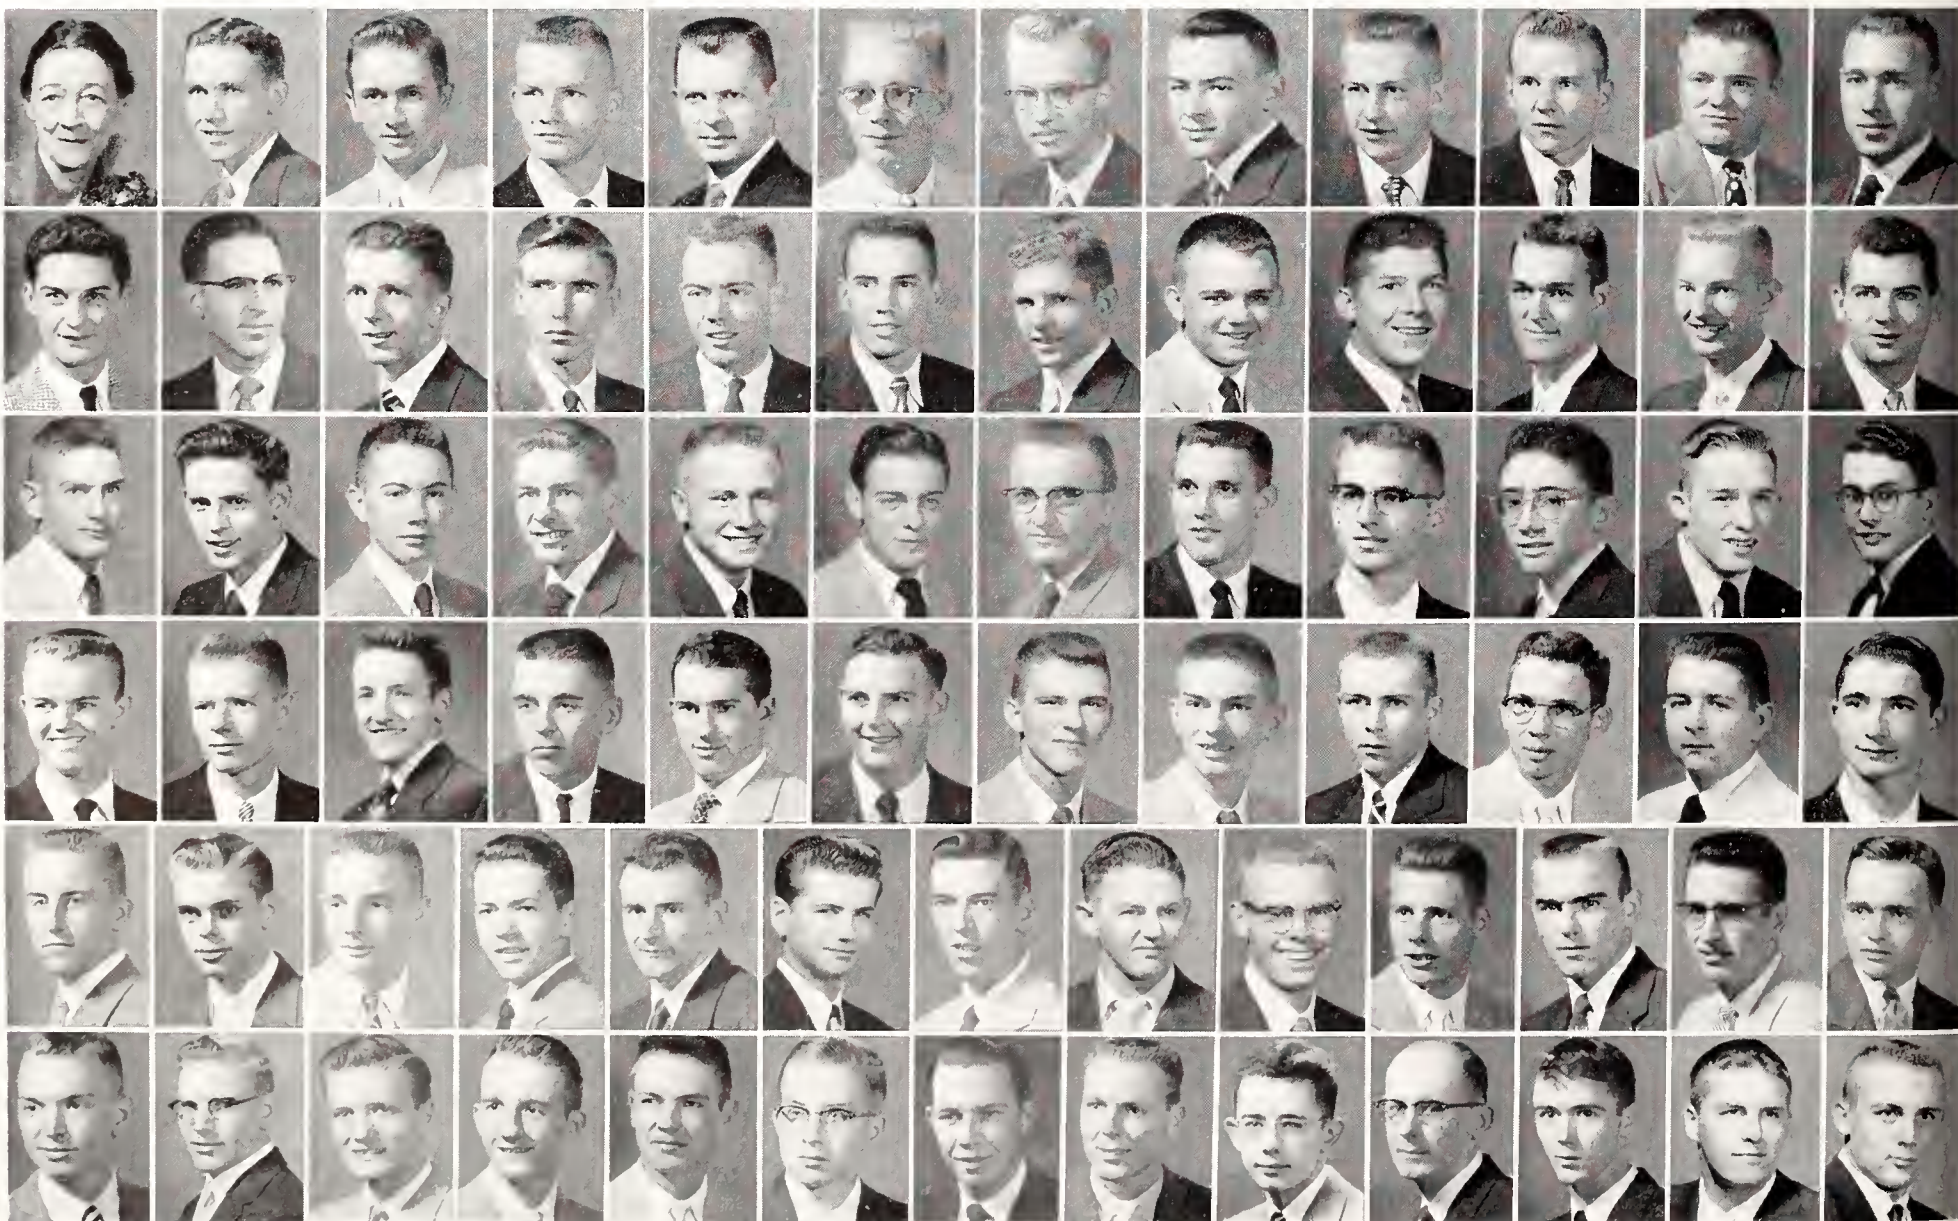

★ A large recreation room and sleeping and study quarters were part of a new addition to the Tau Kappa Epsilon house this fall. The TKEs also added a first-place Y-Orpheum trophy, the second in a row, for their "Frankie and Johnnie" skit last year.

A TKE was president of the Wampus Cats, and members were on Student Council committees, the Engineering council, in professional clubs, K-Fraternity, Pershing Rifles, Miniwanca club, varsity track and varsity basketball. The TKEs participated in eleven intramural sports.

Highlights of the year were the TKE barbeque, house parties and the choosing of the Sweetheart of Tau Kappa Epsilon at the spring formal. Orphans from the Randolph orphanage were entertained at Christmas.

Sam Sinderson was TKE president, and Mrs. Metz Wright, housemother.

The Tuffy Strut, Turnabout party and Unicorn Ball headed the social slate. Tom Hedquist was the chapter president, and Mrs. Jessie Conkey, housemother.

Built in 1926, Van Zile Hall housed 169 upperclass women this year. It is located between the two freshman dormitories.

Van Zile Hall

★ Gold bells, evergreen and silhouettes decorated the walls of Van Zile hall when the girls held their "Twelfth Night Ball" in January. A king and queen were crowned at the formal. Just before the Christmas vacation, each corridor celebrated with an exchange of gifts. In addition, each girl wrote a letter to Santa Claus, telling him what her roommate wanted for Christmas.

The social calendar was also filled with a faculty tea, coffees, senior dinners and a spring formal. Informal hall parties were a favorite at Van Zile.

Enjoys Full Calendar of Activities

The residents held presidencies in Kappa Phi and Orchesis and the vice-presidency in Phems. Others belonged to band, A Cappella, Home Economics clubs, Women's Athletic association, Purple Pepsters, Future Teachers of America and Y.W.C.A.

In intramurals the group participated in table tennis, soft ball, basketball, swimming and took third place in volleyball. A ping pong tournament was also held for members within the dorm, and many girls participated in it.

The 169 members made good use of one of the main floor rooms that was converted into a library.

Van Zile is the oldest of the four dormitories for women, built in 1926. The girls are governed by the House council. It is made up of the officers and representatives from each of the 10 corridors. The Tribunal, also composed of corridor representatives, hears discipline cases.

Marilyn Rush headed the group first semester, and Virginia E. Smith was director.

After-dinner recreation for Van Zile hall girls usually consists of playing and singing . . . both folk and popular tunes.

Special dinners were colorful occasions at Van Zile, with appropriate table decorations and candlelight atmosphere.

At the Chuckwagon dinner in the fall, Western attire and jeans were the style. The special program of Western music entertained the coeds and their faculty guests.

Formal dress was seen at the Christmas dinner where tiny evergreen trees and red candles graced the tables. Horns-of-plenty were decorations at the Thanksgiving banquet. A smorgasbord spread allowed residents to eat all the Swedish food they wanted. Faculty guests attended all special dinners.

Northwest Hall

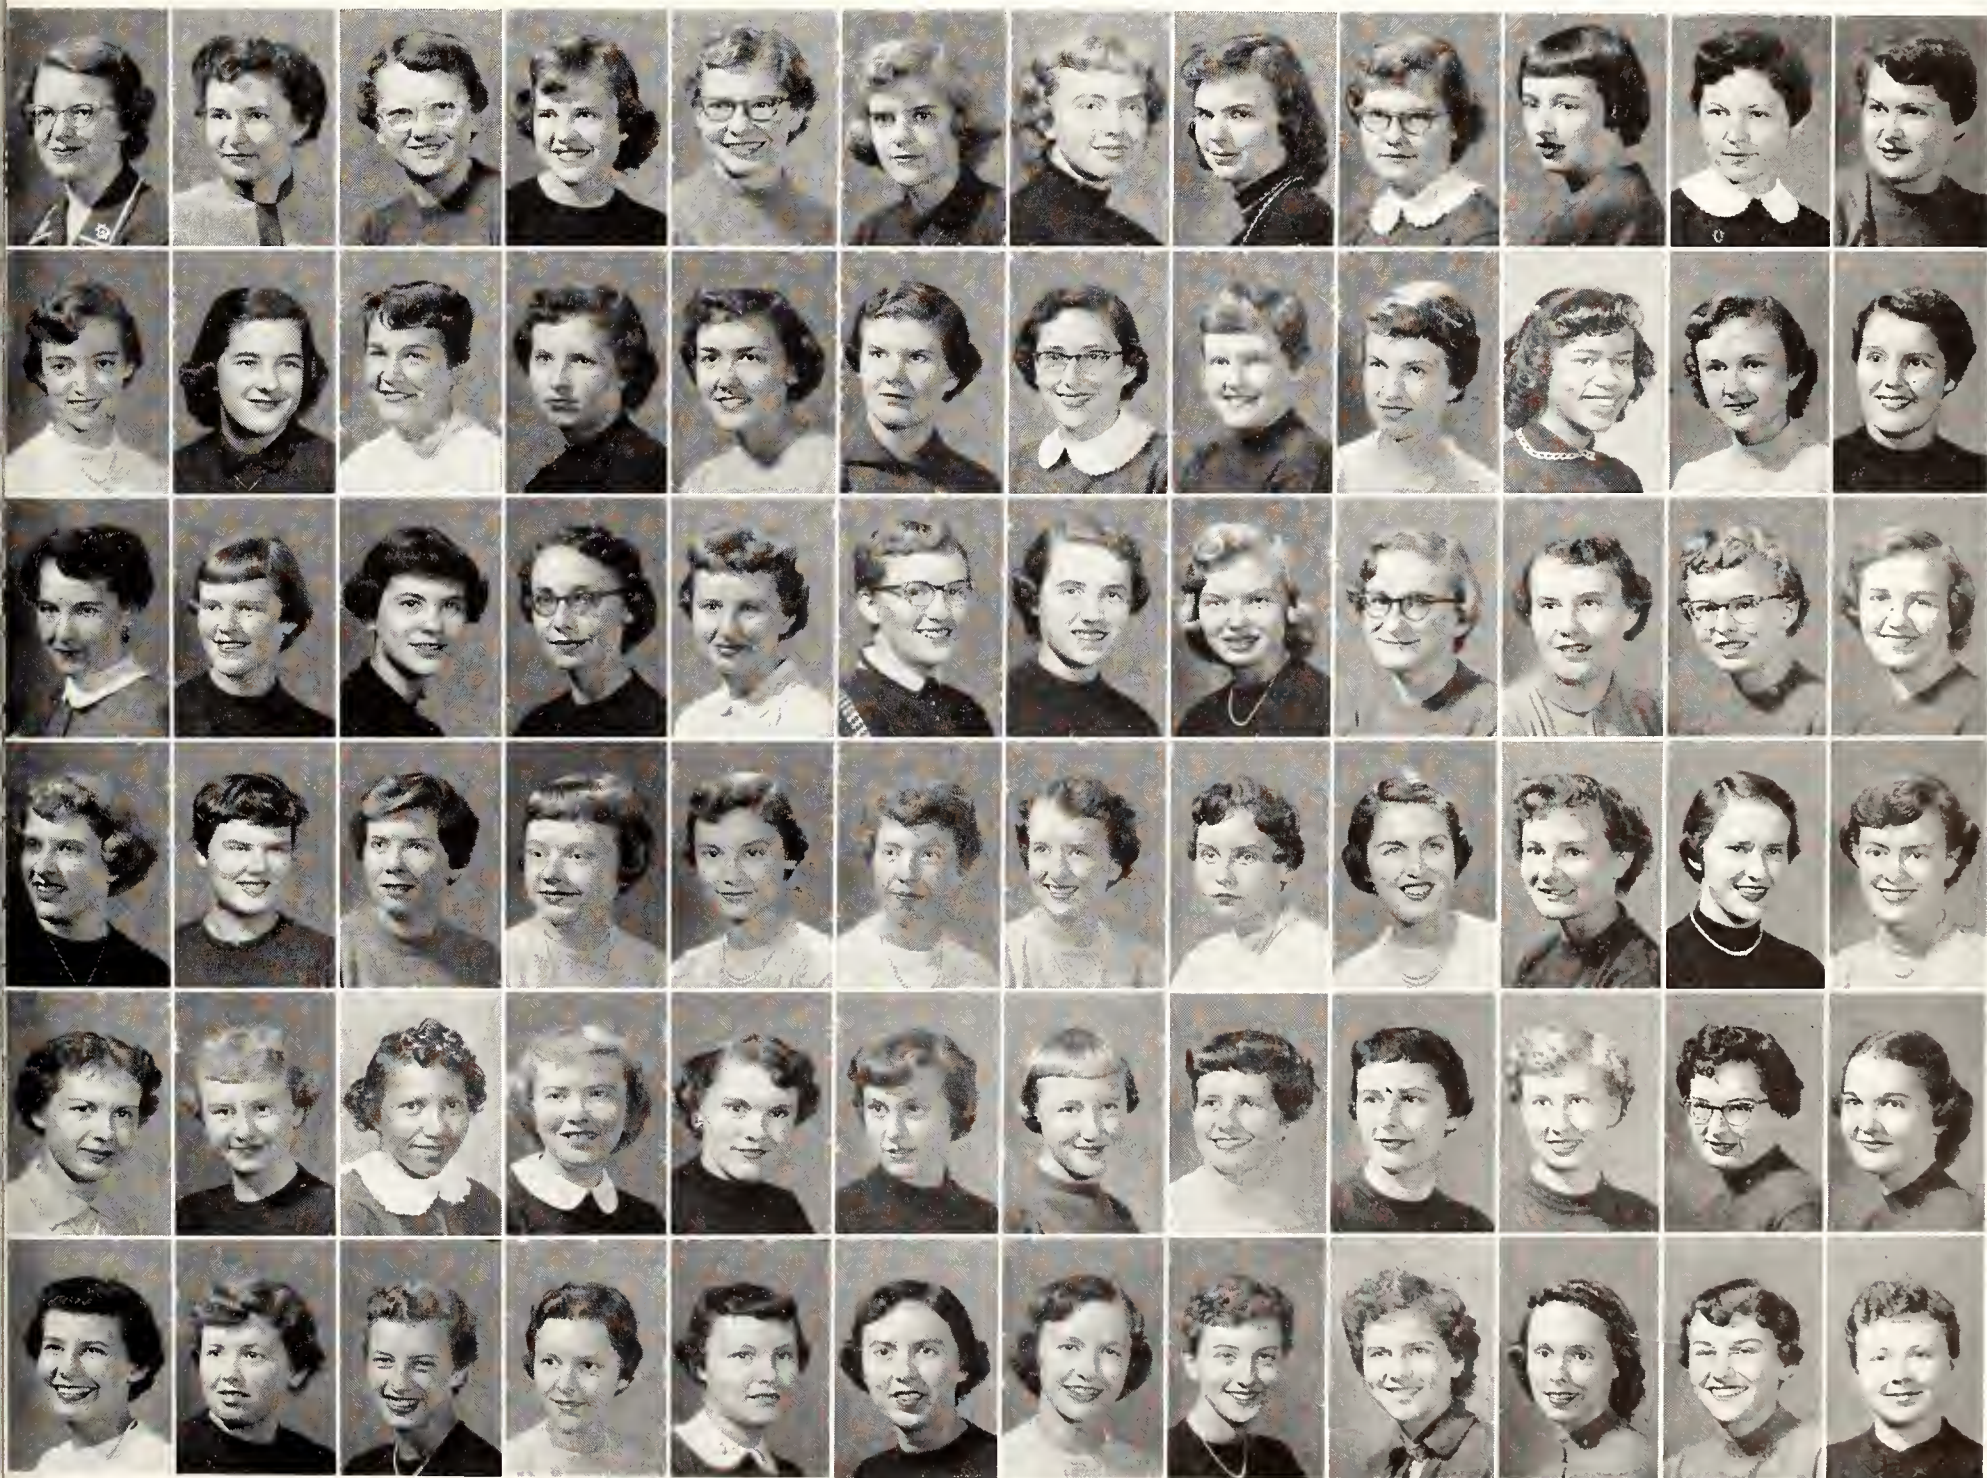

★ Northwest hall was the setting for a motion picture depicting dorm life at college. Pictures were made of all phases, including house meetings, elections, parties, teas, dinners and several other activities.

Girls in Northwest embarked on a new way of life which was different for many of them. They had much practice in making beds, cleaning their own rooms, doing their own washing and ironing, and taking turns as hostesses in the dining room.

More than 200 freshman girls and their counselors resided in Northwest Hall, one of the newer dormitories for women.

Girls Depict Dorm Life in Motion Picture

The residents celebrated Halloween with a masquerade dinner. Each person came in a costume, and prizes were awarded for the best ones. Dates were entertained at the Queen of Hearts Ball. Murals of snowmen and women covered the walls of the dorm. A "snow-fort" was used as a refreshment bar. Climax of the evening was the crowning of the Queen of Hearts.

Other social events included a reunion for past residents of the dorm, a faculty tea, a smorgasbord and a Christmas pajama party.

A counselor at the dorm was attendant to Homecoming queen and a senior class officer. Freshmen in the dorm achieved honors as Homecoming queen attendant, Honorary Cadet Colonel, Ag Barnwarmer queen attendant and Royal Purple queen. Another

resident was second in the Larry Woods Memorial Speech contest.

Activities for Northwest girls consisted of Whi-Purs, Collegiate 4-H, A Cappella, band, orchestra, Frog club, Orchesis and many others.

The girls observed "Etiquette Week," and crowned a "Queen of Courtesy." They struggled through their first final exam week by taking numerous coffee and doughnut breaks at the dorm.

President first semester was Rachel Pickett; Yvonne Yeater was director.

Southeast Girls

★ The residents of Southeast hall began their first year of college life by joining many organizations. Among these were Frog club, Whi-Purs, Y.W.C.A. and Student Planning committee. The girls also entered actively into intramurals, participating in volleyball, swimming and table tennis.

At the beginning of the year, the girls invited all fraternity and independent men over for a mixer and open

Festivities included a Chuckwagon dinner, formal Christmas dinner, several hour dances, a faculty tea, a spring formal and coffees after the football games. Southeast girls and their dates danced amid billowy "clouds" of angel hair at their "Christmas in the Clouds" formal in the winter.

The girls from both freshmen dorms entertained prospective K-State girls at a Hospitality Days tea. The wives of a state legislature committee were also given a first-rate tour of the dorm and a tea while visiting the campus. The governing body at the dorm was set up quite similar to those of the other dorms. Members also met with corridor groups once a week. There they talked with their counselors and offered

suggestions. The counselors in turn, met with the dorm director. The rules for the dorm were set up by the House council.

The girls ate cafeteria-style during breakfast and lunchtime. At dinner, they practiced on their social graces by taking turns as hostess and assistant hostess. Birthdays were gala occasions, as those celebrating could sit at a special table.

Special projects of the 219 girls included Christmas caroling at Fort Riley and in Manhattan, fixing baskets of food and toys for families at Christmas, selling oranges during the Orange Bowl drive and decorating for Homecoming.

Mary Helen Eaton was dorm president, and Mrs. Virginia Moore was director.

Waltheim Hall

★ Waltheim hall, an off-campus girls' dormitory, this year housed 76 girls. The building has individual apartments and study rooms, with six girls in each apartment.

Two girls were Cadet Colonel and Regimental Commander, and Honorary Cadet Colonel, respectively. The group took first in volleyball intramurals.

Waltheim has members in Omicron Nu, Purple Pepsters, Phems, band, Women's Athletic association, orchestra, Frog club, A Cappella and Phi Alpha Mu.

Social activities included special Thanksgiving and Christmas dinners, a faculty tea, senior dinner, buffet dinner for Parents' Day and a spring formal.

Jeanette Fry was president, and Mrs. Jane L. Prier was the director.

PANHELLENIC COUNCIL—TOP ROW: Katherine Geyer, Jan Austin, Joan A. David. SECOND ROW: Doreen I. Cronkite, Judy Dierdorff, Donna J. Clugston. BOTTOM ROW: Ruth Pickett, Joanne Ketchum, Maryolive Manly, Ruth Waller.

★ Members of Panhellenic and the Interfraternity council work in their respective groups to co-ordinate the Greek organizations on the campus. Representatives from each house meet twice a month to discuss current problems, such as rush functions.

Homecoming decorations and the Interfraternity Sing are two large projects of the groups. Panhellenic sponsors two scholarships for women each year.

Jan Austin was president of Panhellenic, and other officers were Donna J. Clugston, vice-president; Maryolive Manly, secretary; and Doreen Cronkite, treasurer. Prof. Katherine Geyer was sponsor.

Dick Rice was president of I.F.C.; Terry Keefe, secretary; and Jim Kastens, treasurer. Prof. V. D. Foltz was faculty sponsor.

A new group at K-State this year, the Independent Organized House council was organized to bring unity among the independent student houses.

Representatives of the eight houses meet regularly to express their ideas concerning college affairs and to promote social activities. Two delegates and the president from each house attend the meetings.

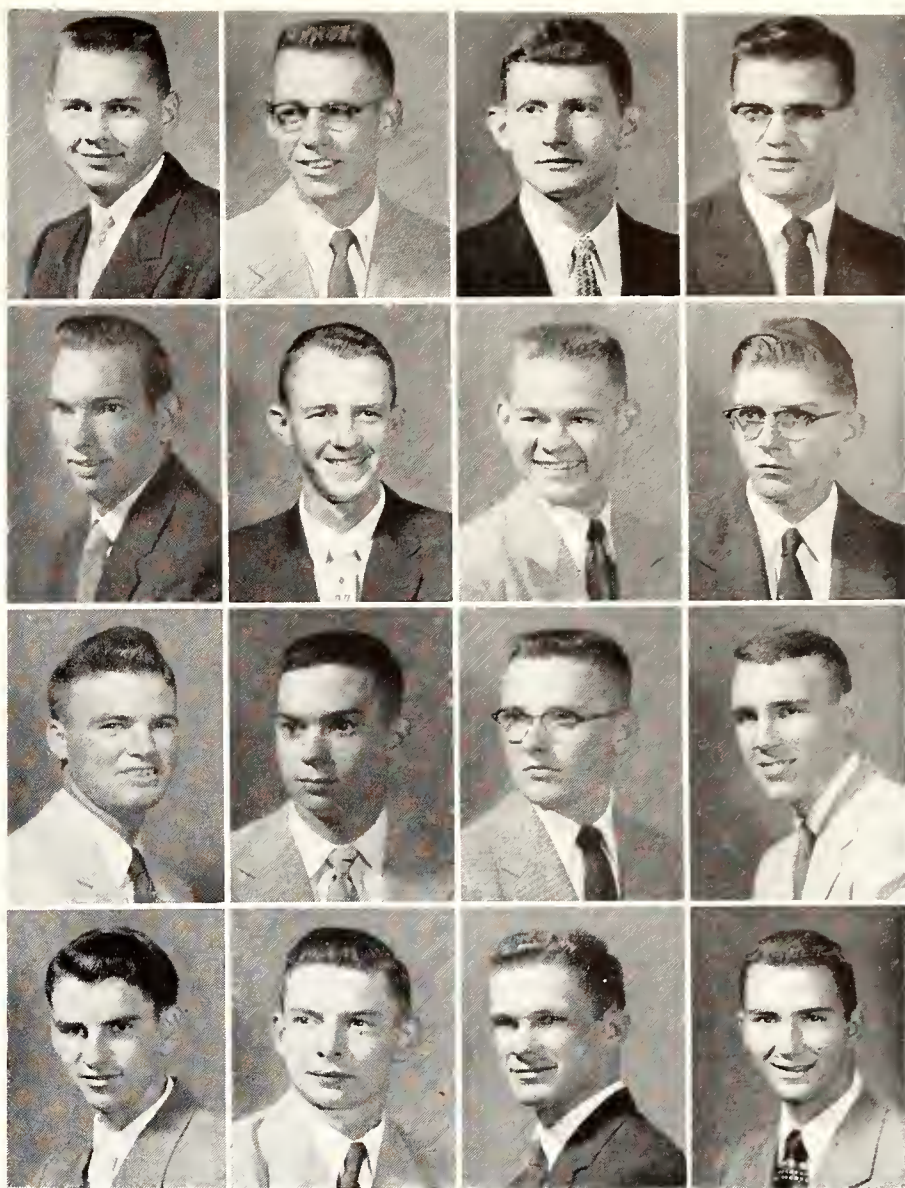

Houses who are members of the I.D.H.C. are Kasbah, House of Williams, O.K. House, Signa Phi Nothing, House of Jerichos, House of Breck, Acropolis and La Citadel.

Officers of the council are Richard Parks, president; James Myers, vice-president; and Bob Klee, secretary-treasurer. Dr. Leonard E. Fuller is the faculty sponsor.

The 30 members of the Interfraternity Pledge council represent the nine sororities and 21 fraternities on the campus. The group is organized to create a feeling of friendship among the pledges, and to develop a better school spirit.

Activities throughout the year included a "Comic Capers" dance, crowning of the pledge king and queen and a pledge picnic in the spring.

Jerry Thies was president; Larry McCully, vice-president; Connie Taylor, secretary; and Bill Schicktanz, treasurer. John Riddell was sponsor.

West Stadium

★ West Stadium hall, home of many of K-State's athletes, is located on the west side of Memorial Stadium. The Stadium, which was first occupied during the second semester of 1946, houses 150 men.

Intramurals are a top activity for West Stadium men, who gained many individual honors in various

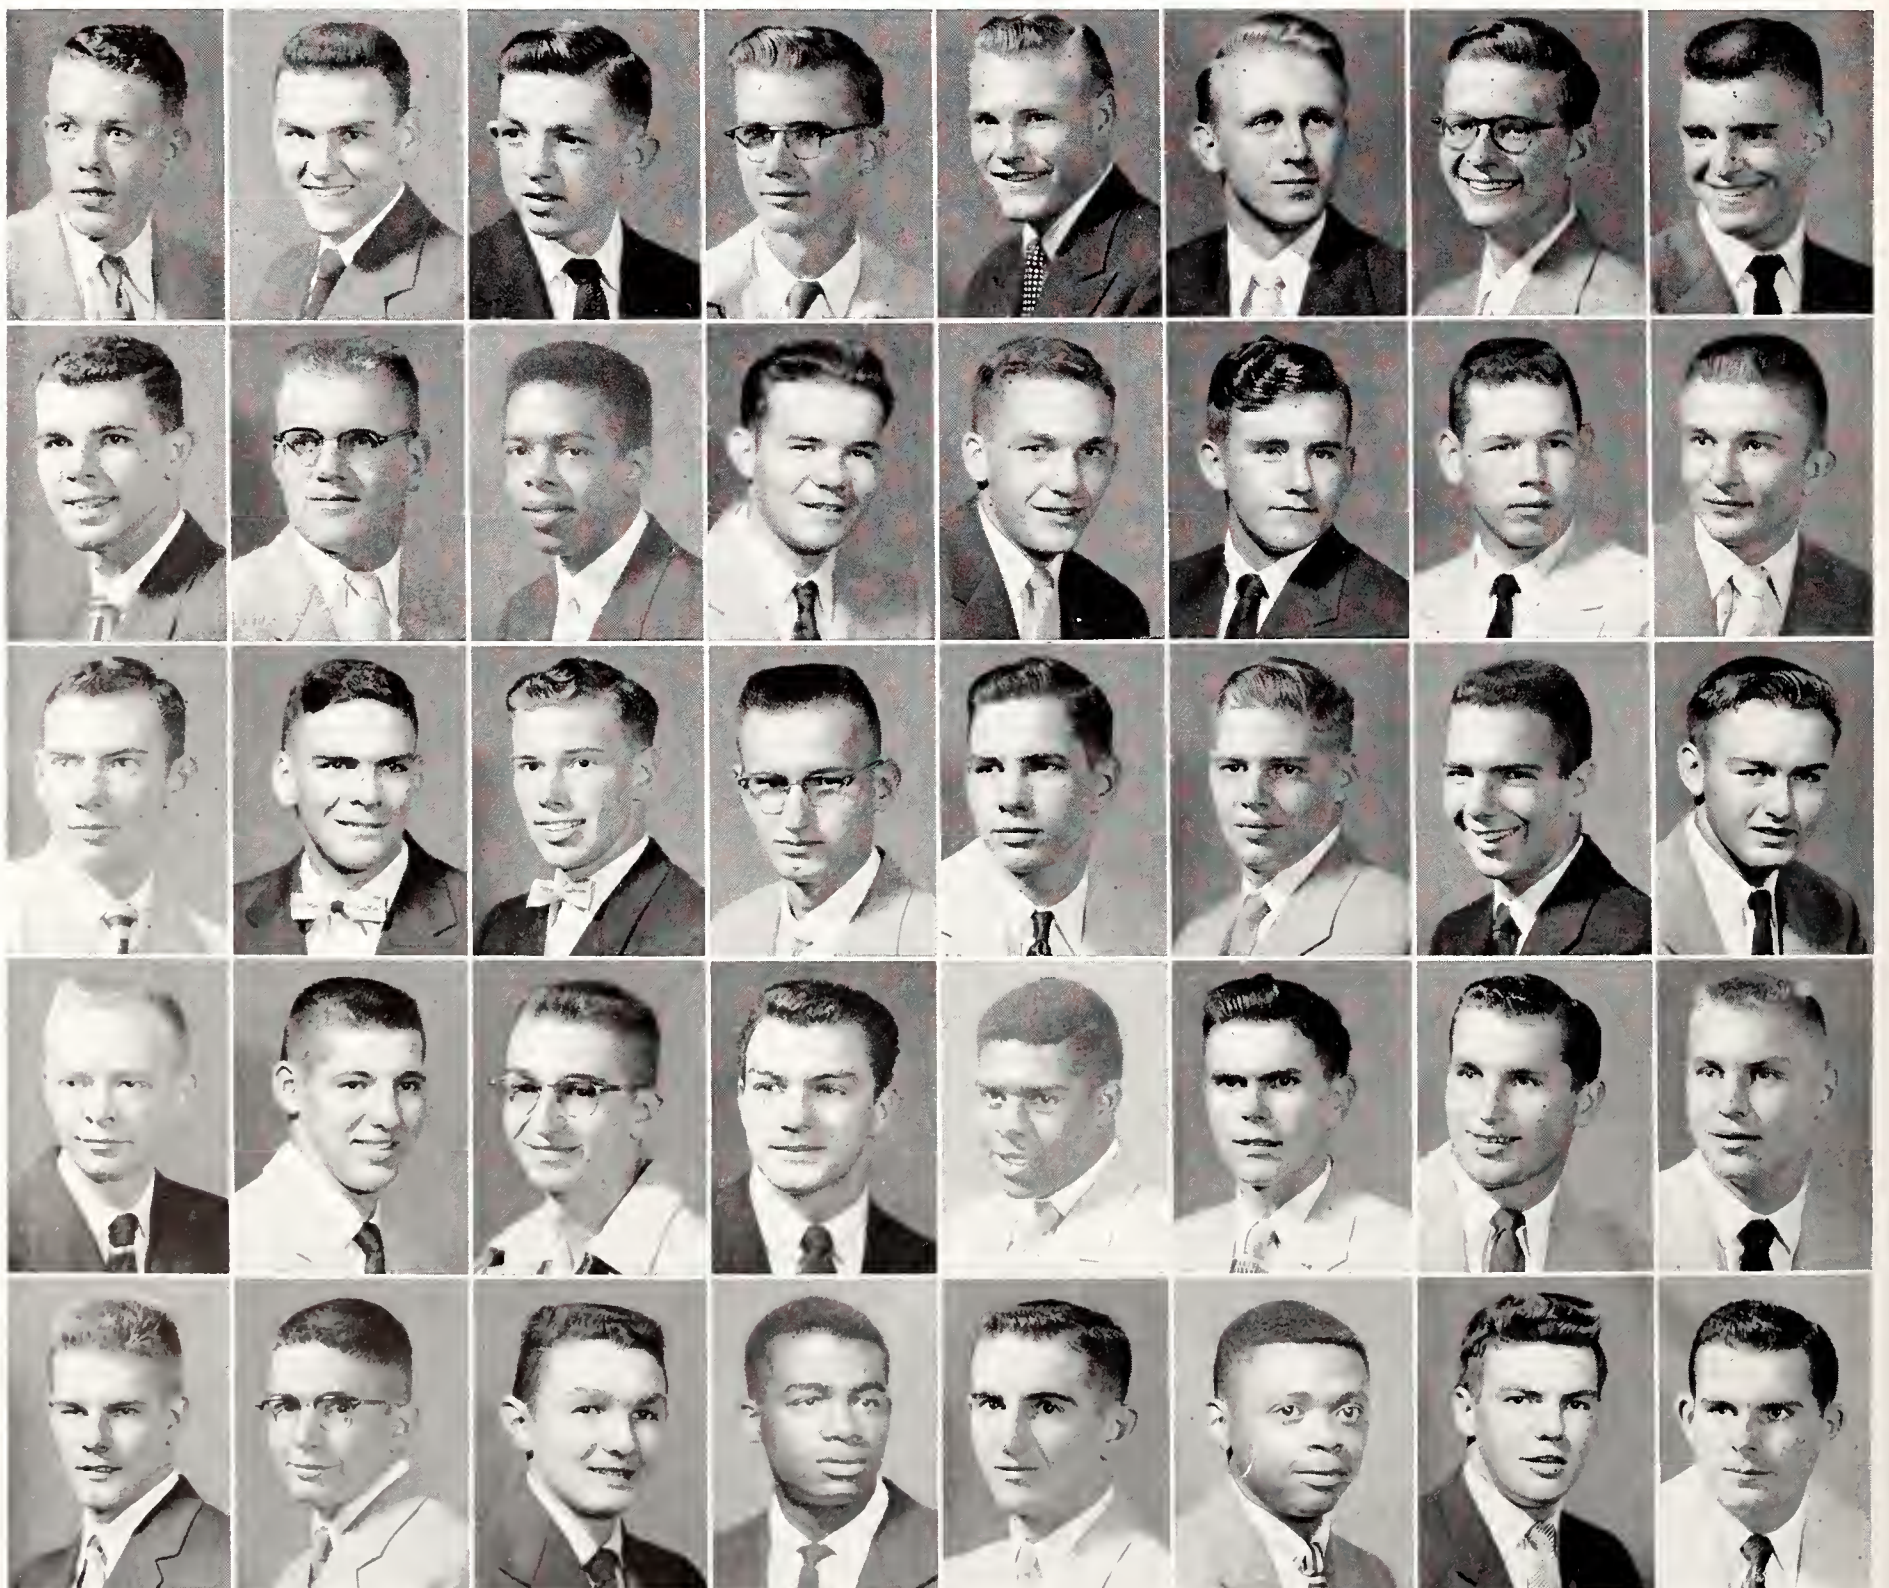

sports and also in team competition. Sports equipment is always available for members of the residence.

Social events held during the year included hour dances with the women's residence halls, a Christmas party and a spring barbecue.

Group competitive sports are swimming, ping pong and pool tournaments within the dorm. A gathering before the T.V. set in the "Rec" room occurs almost every evening.

Paul Chalk was president and G. L. Meyers was director.

Independents are Active on Campus

★ Acropolis celebrated its fourth year as an organized house last fall. The fourteen members of this unified independent house take an active part in the Independent Organized House council. Two members of Acropolis are delegates to the council which promotes college and social activities of independent students.

The social calendar included a Christmas party, watermelon feed and supper parties. Members also participated in intramurals. Mrs. Ethel Stockwell was housemother, and Robert Bronaugh was president.

★ The opening of the '54 fall semester was a happy occasion for the students who moved into their newly organized house at 1414 Fairchild, The House of Breck. Their activities featured social and intramural events.

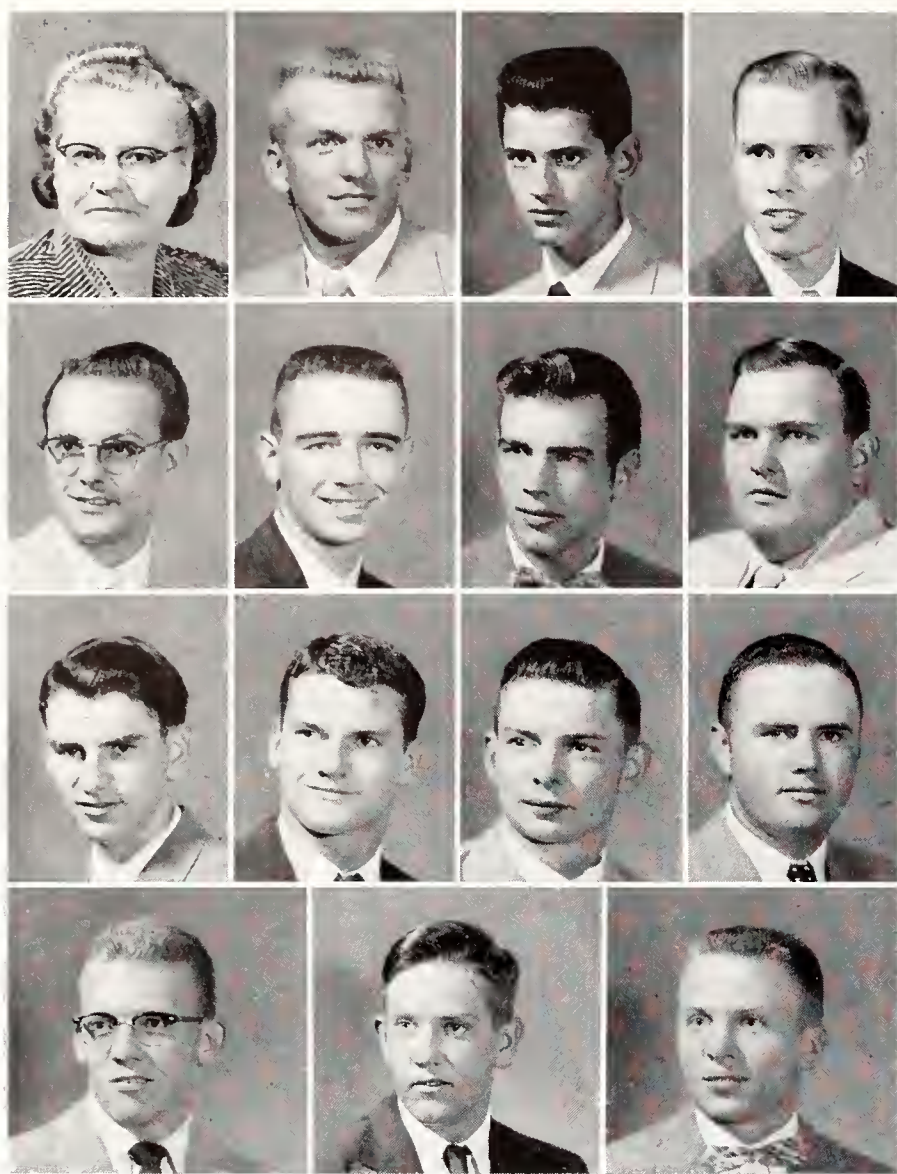

Willis Brandyberry served as president, and Mrs. Harold Brecheisen was housemother.

★ The O.K. House is one of the newer organized houses on the campus, having been installed in 1952. As a special project, the members worked on the Homecoming float with I.O.H.C. Members also participated in intramurals. The main social functions were parties sponsored by the I.O.H.C.

The housemother was Mrs. Oliver Kientz, and Wayne Kincaid was president.

★ The House of Williams, which is the oldest organized independent house at K-State, is well represented in honorary and professional groups. Its members are prominent in Steel Ring, D.S.F., Engineer's council, I.O.H.C., Senior Class, Student Council, I.S.A., Blue Key, Sigma Tau, A.S.A.E. and Phi Kappa Phi. The varied social and intramural program was supervised by Robert Lynch, president, and Mrs. Katherine Williams, housemother.

sent Clark's Gables in various campus activities and organizations. The house features a house party each year, Christmas Dinner and Senior Dinner. Mrs. Edith Clark was housemother, and Vida Shippy served as president.

★ La Citadel became an organized house in 1952 under the name of Hill's Heights. The title was changed to La Citadel last fall. The house is represented in honorary, professional and musical organizations. The social activities of the fifteen members included hour dances, picnics, skating party and a formal dinner. Mrs. Ola G. Smith was housemother, and Harold Brune headed the group as president.

★ Pal'O'Mie, as the Women's Graduate house is called, was started in 1953. The eight members are active in Phi Delta Gamma, graduate women's fraternity. Mary Hodgson was president, and Mrs. Lillian B. Fuller was housemother.

★ Signa Phi Nothing has been active on the K-State campus since 1946, when it was founded by World War II veterans. The eighteen members keep their active alumni association well informed by publishing a paper of happenings in the chapter. The annual "Mark P. Medved Steak Fry," highlighted the social season. Craig C. Birtell served as president, and Mrs. Julia Schimmels was housemother.

SIGNA PHI NOTHING—TOP ROW: Mrs. Julia Schimmels, Charles R. Billings, Craig C. Birtell, William E. Birtell, Robert W. Bozworth, Wendel L. Craighead, Joe F. Cukjati, Thomas A. Gillen. ★ The House of Jerichos was founded at K-State in 1939, which ranks it as one of the first organized men's houses on the campus. As a charter member of the Independent Organized House council, the eight residents worked in co-operation with the I.O. H.C. in entering a float in the Homecoming parade.

Members entertained their dates with a watermelon feed and house parties. Warren Howard was president and Mrs. Nell Ingraham was housemother.

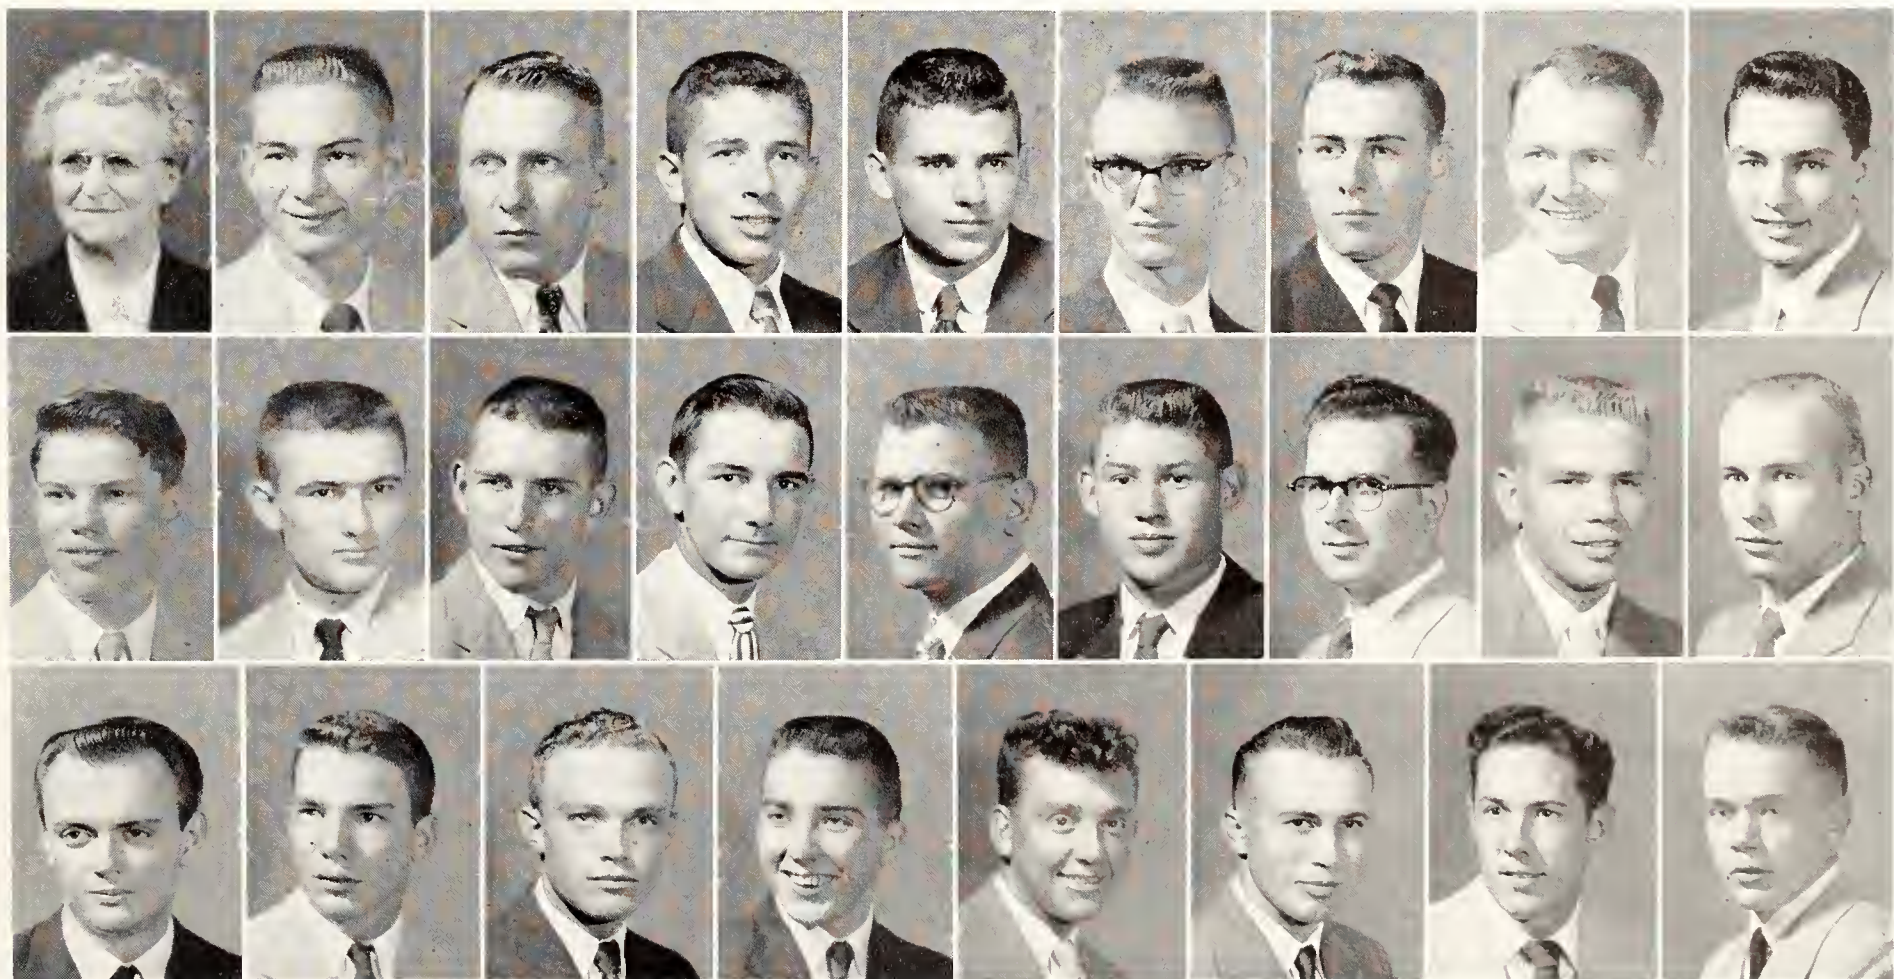

★ Shady Lodge came into existence last fall as the outgrowth of a need for independent men's housing. The 27 members took a special pride in the numerous campus activities in which its men were active: I.O.H.C., intramurals, Phi Kappa Phi, Pershing Rifles, Collegiate 4-H, varsity track and swimming teams and band. Seven members were scholarship recipients.

The year's social calendar was climaxed at the Christmas party in honor of Mrs. L. R. Keim, their housemother. Ben Handlin served as president.

VARSITY, INTRAMURALS

★ Athletic events . . . both varsity and intramural . . . attracted many loyal Wildcat fans to cheer the purple and white on to victory. K-State tasted the glory of victory, and then again it was subject to the dejections of defeat.

Tension and hope soared high toward the end of the grid season as K-Staters saw the possibility of a trip to the Orange Bowl with the football team. However, the idea was packed away, with the pigskin, until next year. Football guidance changed from Bill Meek to Bus Mertes.

The basketball record bounded and rebounded with the ball . . . coming out with an 11-10 season record. The Field House was officially dedicated in honor of Michael F. Ahearn, former K-State athletic director.

Although classrooms were left behind at the game, some of their principles were brought to the foreground . . . those of fairness and sportsmanship . . . and it was in these that the teams and the fans found the bitter mingled with the sweet.

Varsity Athletic Program

Top administrator of K-State athletics is director Laurence (Moon) Mullins.

All news releases, brochures and pictures are prepared by Paul DeWeese, publicity director.

★ Promotion of varsity intercollegiate athletics is one of the most important aspects of college life at K-State. Competing with the Missouri Valley Intercollegiate athletic association or Big Seven conference, the Wildcats sponsor teams in eight sports—football, basketball, indoor and outdoor track, baseball, wrestling, tennis, golf and gymnastics.

Co-ordinating an athletic program the size of K-State's is not an easy job. Laurence A. (Moon) Mullins, director of athletics, has established sound policies toward building a strong over-all program in sports.

Mullins has been athletics director for four years, coming here from St. Ambrose college at Davenport, Iowa, where he was head coach and athletic director.

Began career at K.U.

The likeable athletic director has had a varied and interesting sports career that started at Notre Dame where he played fullback on Knute Rockne's championship 1929 and 1930 teams.

The K-State athletic director started his coaching career as backfield coach at the University of Kansas in 1931. He since then has coached or served as athletics director at St. Benedict's college, Loyola of New Orleans, St. Ambrose college and University of Florida. He entered the Navy in 1942, and afterwards returned to St. Ambrose after serving as athletics director for several naval bases.

Mullins replaces McCrady

Mullins took over the job at K-State when Thurlo McCrady resigned after four years at the helm.

Mullins' job is to administer the intercollegiate athletic program in accordance with the rules and regulations of the K-State athletic council, the Big Seven conference and the National Collegiate Athletic association. He believes that if you teach a boy to shoot square in athletic competition then you have taught him to be a number one citizen.

Details of K-State's half-million dollar athletic budget must be worked out by

K-State's modern Ahearn Field House and Gymnasium houses athletic offices, physical education classes, basketball games and tournaments and track meets. It is also used for other activities such as the Little Royal.

Fritz Knorr, assistant athletic director and business manager.

Knorr is also responsible to oversee the maintenance and operation of the athletic plant, which includes the Ahearn Field House and Gymnasium, Memorial stadium and the various practice fields. In addition to these duties Knorr has served as Wildcat wrestling coach for the past two years.

Frank Mosier, athletic ticket manager, gets all the headaches that accompany trying to seat thousands of fans and old grads on the 50-yard line at every football game. Mosier has been ticket manager since July, 1951. Each year an estimated 100,000 tickets are handled by his offices.

The ticket office receives all requests for tickets, and no sooner is one sport taken care of than requests start pouring in for the next sport.

Publicity handled by DeWeese

As important to any athletic program as the coach, is the sports publicity director. Paul DeWeese, K-State director,

tells the fans what is happening in all sports here at the College.

DeWeese took over the publicity job two years ago. Stories, statistics, and football and basketball brochures are written by DeWeese and sent to approximately 400 newspapers, radio stations and T.V. stations in Kansas. The programs for basketball and football games are also prepared by the sports publicity director.

This year DeWeese introduced local art on the football covers drawn by Elmer Romasch of the department of architecture and allied arts.

An additional service provided for the press by the sports publicity office is a running play-by-play of game statistics of all games.

Council formulates policy

ni association and faculty senate respectively. The Athletic director is an ex officio member and serves as secretary.

The council hires the staff members of the athletic department. This year the council hired coach Bernard (Bus) Mertes as new football coach to replace Bill Meek who accepted the head coaching position at Houston university.

Mertes had been an assistant coach under Meek and is familiar with the athletic program at K-State. Before coming to K-State two years ago Mertes was head coach at Bradley university.

Big Seven that the winning season in 1953 was no fluke. Posting the best season's record since 1934, the Cats convinced nearly everyone that winning football has returned to K-State.

Coach Meek said he felt the victories this year were even more gratifying than those in 1953 because this year's wins were registered against teams that knew K-State was dangerous. Nevertheless, the Cats improved their record from the previous year.

The gridders went undefeated against four non-conference foes. With a 3-3 conference record K-State placed fifth in the final Big Seven standings. Oklahoma was on top, Nebraska second and Colorado and Missouri tied for third and fourth. And, although the loss to Colorado in the final game of the season cost them a trip to Miami for the Orange Bowl game, the Cats could boast that they defeated Nebraska who represented the Big Seven on New Year's day.

The only bad news of the year for Wildcat football fans was the resignation of head coach Bill Meek to accept a similar position at the University of Houston. Meek resigned January 19 after

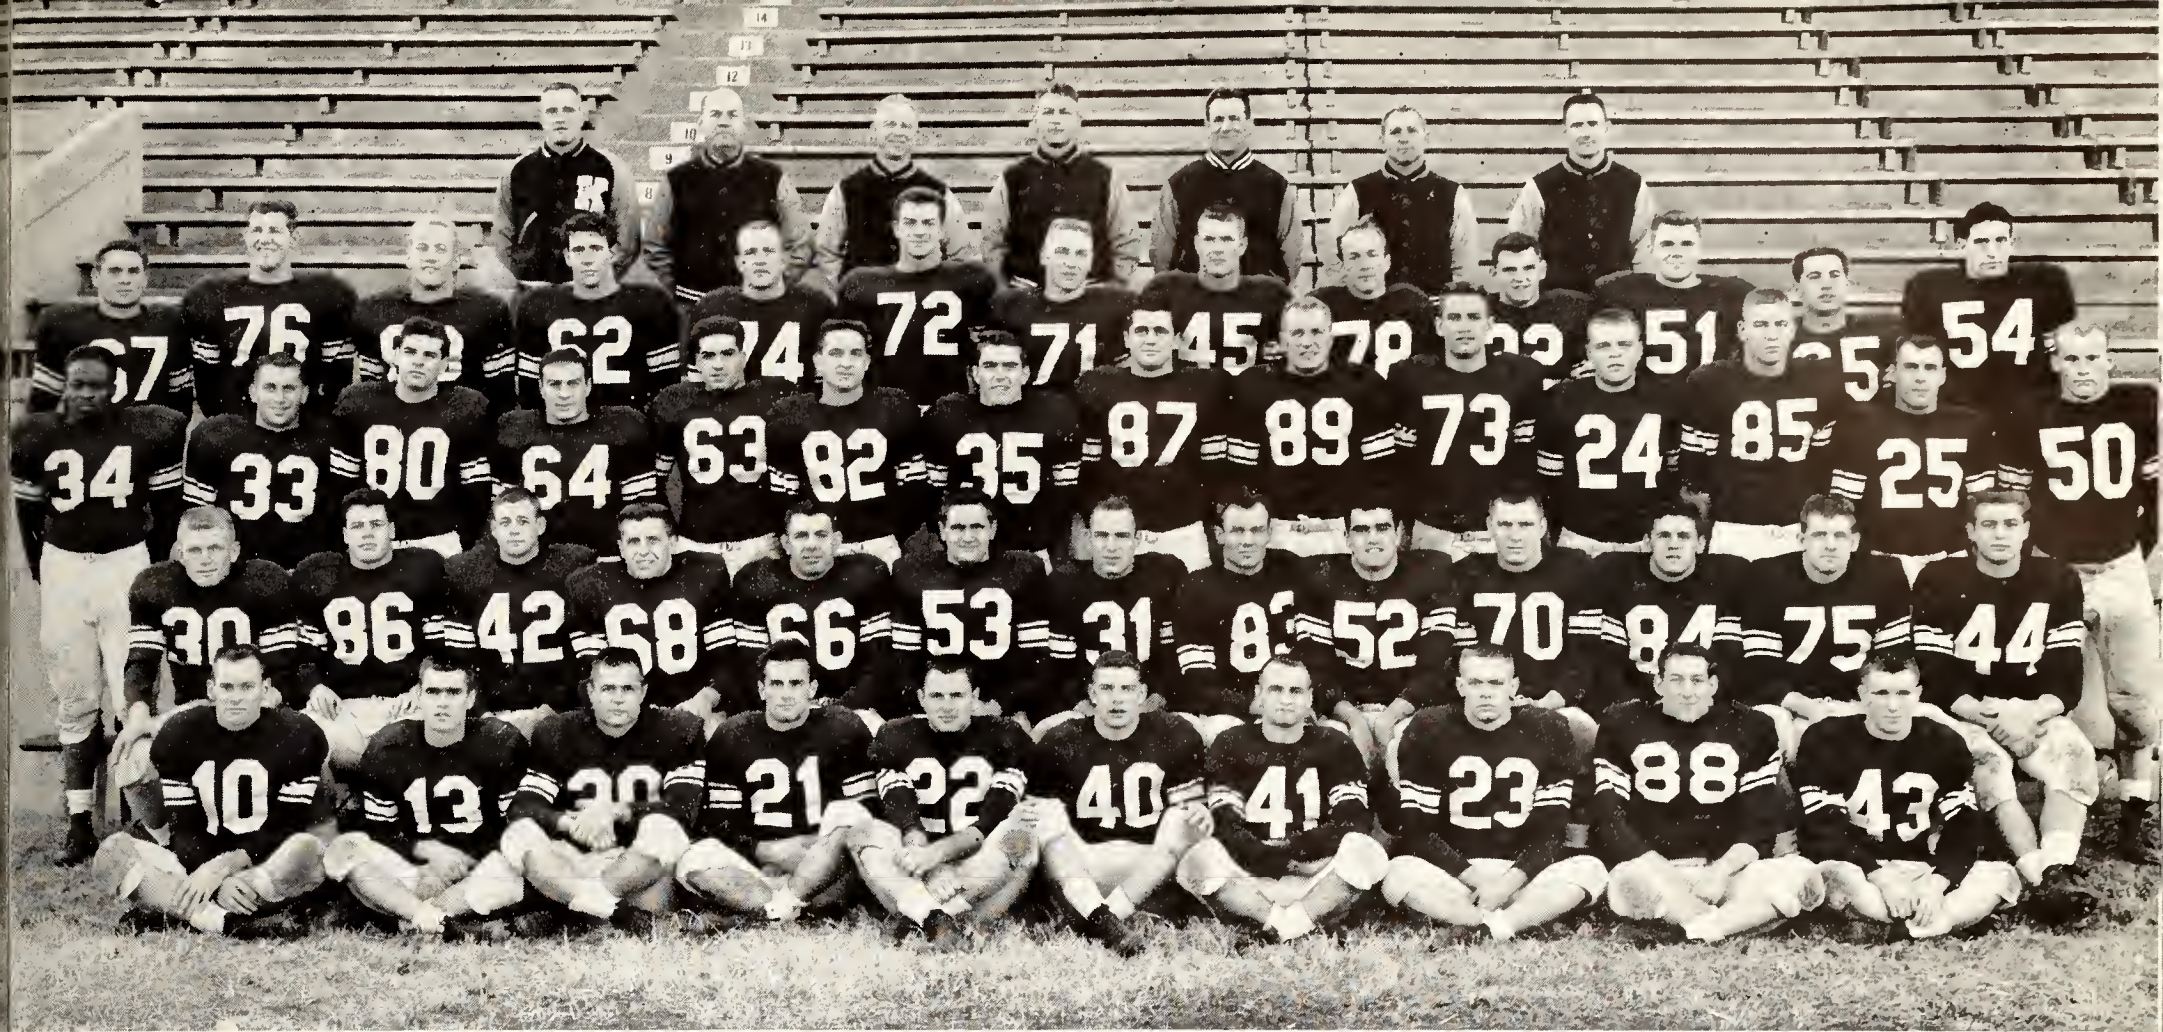

guiding the Wildcats for four seasons. During his stay at K-State, coach Meek's gridders compiled two of the best seasons in 20 years.

President James McCain said "We are very sorry to lose Bill Meek. We are grateful to him, however, for his contribution to the College during his four years as our head coach."

Athletic Director Laurence (Moon) Mullins said "Bill was primarily responsible for one of the toughest and most successful uphill climbs I know of in football."

Best Mark in 20 Years

Four assistants leave

Four of Meek's assistants at K-State—John Cudmore, Royal (Sharkey) Price, Jim LaRue and Clyde Van Sickle—announced they would follow Meek to his new job in Houston.

Meek expressed sincere regret at leaving K-State. "I think the toughest job I ever had was saying good-by to the squad," Meek added. "I almost decided to stay."

Football fans barely had time to think of Meek's resignation when the Athletic Council announced that one of Meek's assistants, Bernard (Bus) Mertes, had been elevated to head coach.

Mertes a popular choice

Everyone connected with or interested in K-State football voiced his approval of the popular Mertes as the new head coach. Mertes had been an assistant to Meek for two years. Before that he was head coach at Bradley university. As Mertes is already familiar with the squad and the sports setup at K-State, most people expect he will have little trouble adjusting to his new job.

Being named coach toward the last of January, Mertes began work on hiring a staff of four assistants and getting ready for spring football practice.

More than 10,000 fans in Memorial Stadium endured the 97-degree temperature and a strong, hot wind to watch the Wildcats take Colorado A & M, 29-0, in the opening game of the season.

The game was a typical "first game" affair with fumbles and mistakes marring the play of both teams. The Wildcats lost five fumbles, and Colorado dropped the pigskin four times that afternoon.

K-State gridders took just eight minutes to score their first touchdown of the 1954 season as Bernie Dudley went over from the one-yard marker. A screen pass from Bob Whitehead to Corky Taylor covered 18 yards and set up the scoring play.

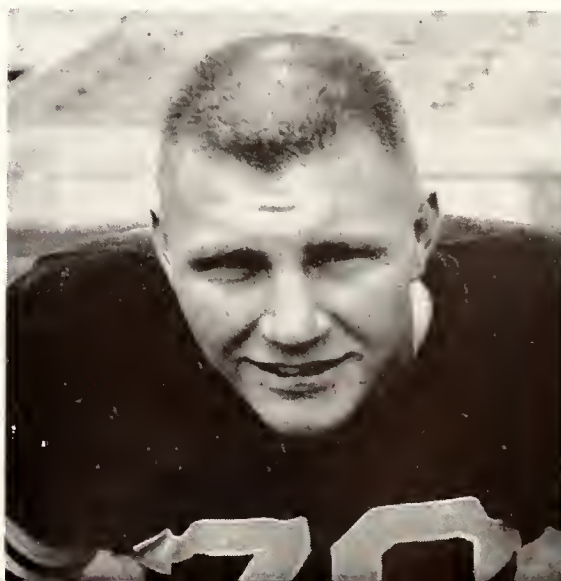

Second unit tallies

The Wildcat second-quarter unit scored twice before the half, once on a 41-yard end run by Eldon Zeller and again just before time ran out on a 28-yard field goal by LeRoy Ciboski.

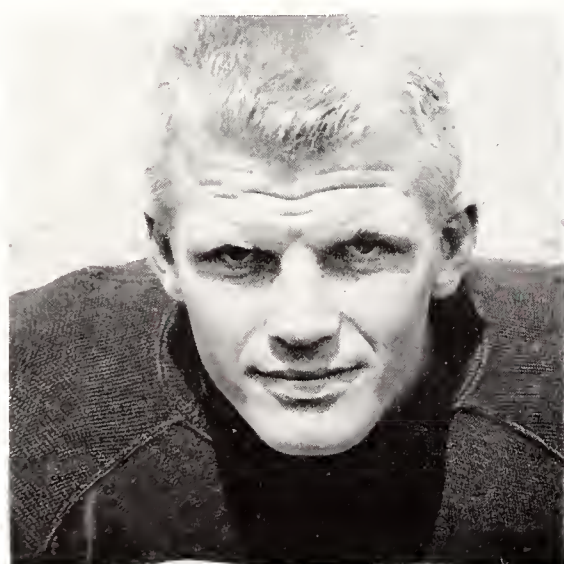

Co-captain Corky Taylor set a new individual rushing mark of 188 yards at Wyoming.

Ron Marciniak, the other co-captain, was named the "most inspirational player."

Larry Hartshorn this year moved into the number one spot at right tackle.

Doug Roether was a battering ram on offense from the fullback slot and tops on defense.

One of the most unusual plays of the season accounted for the Wildcats' third touchdown and their first in the second half. It came as Dudley passed to Taylor from the 41-yard line. It looked like Corky would get across the goal line, but the ball slipped from his hands at the 10-yard line. He and Jim Rusher chased it into the end zone where Rusher recovered for the K-State score. The final Cat scoring came after fullback Doug Roether plowed 27 yards to the A & M one-foot line from which quarterback Bob Whitehead sneaked across for the score.

Although he didn't score, Taylor was top ground gainer for the Wildcats, picking up 49 yards on nine carries.

The Wildcats traveled to Laramie, Wyoming, the next Saturday for a clash with a strong nonconference opponent. Corky Taylor's breakaway speed proved the difference as the Cats took the Cowpokes, 21-13. It was Taylor's day to star as he kept the Cats in the game with runs of 82 and 65 yards. The speedy halfback picked up 188 yards in 12 times to eclipse his own single-game rushing record set in 1953 against Colorado. All the scoring in the exciting contest came in the first half.

Taylor runs 82 yards

K-State scored the first time it gained possession as Taylor took off on his 82-yard touchdown run. The Cowpokes came back with a 76-yard, pass-powered drive

engineered by Joe Mastrogiovanni. The Cowpokes recovered Bill Carrington's fumble a minute later on the Wildcat 30 and quickly went over to lead, 13-7.

Early in the second quarter Taylor made his second long touchdown run of the afternoon going 65 yards. Rusher's conversion put the Cats in front, 14-13.

The final scoring of the game came on a 78-yard march up field by the Wildcats as they added the clincher.

K-State's second victory over a Skyline conference opponent came as a result of its superiority in the line. During the second half the Cowpokes were able to penetrate into K-State territory only once to the Cats' 19-yard line.

Returning to Manhattan for the first conference action of the season the Wildcats saw their Orange Bowl hopes dimmed considerably as they lost to Missouri, 35-7. M.U. exhibited a sharp passing and running attack while K-State had little but mistakes. The Tigers, bouncing back from a 31-0 defeat by Purdue, were brilliant opportunists as they took advantage of K-State errors. A Band Day crowd of 21,500 sat in 91-degree heat to see the Wildcats defeated.

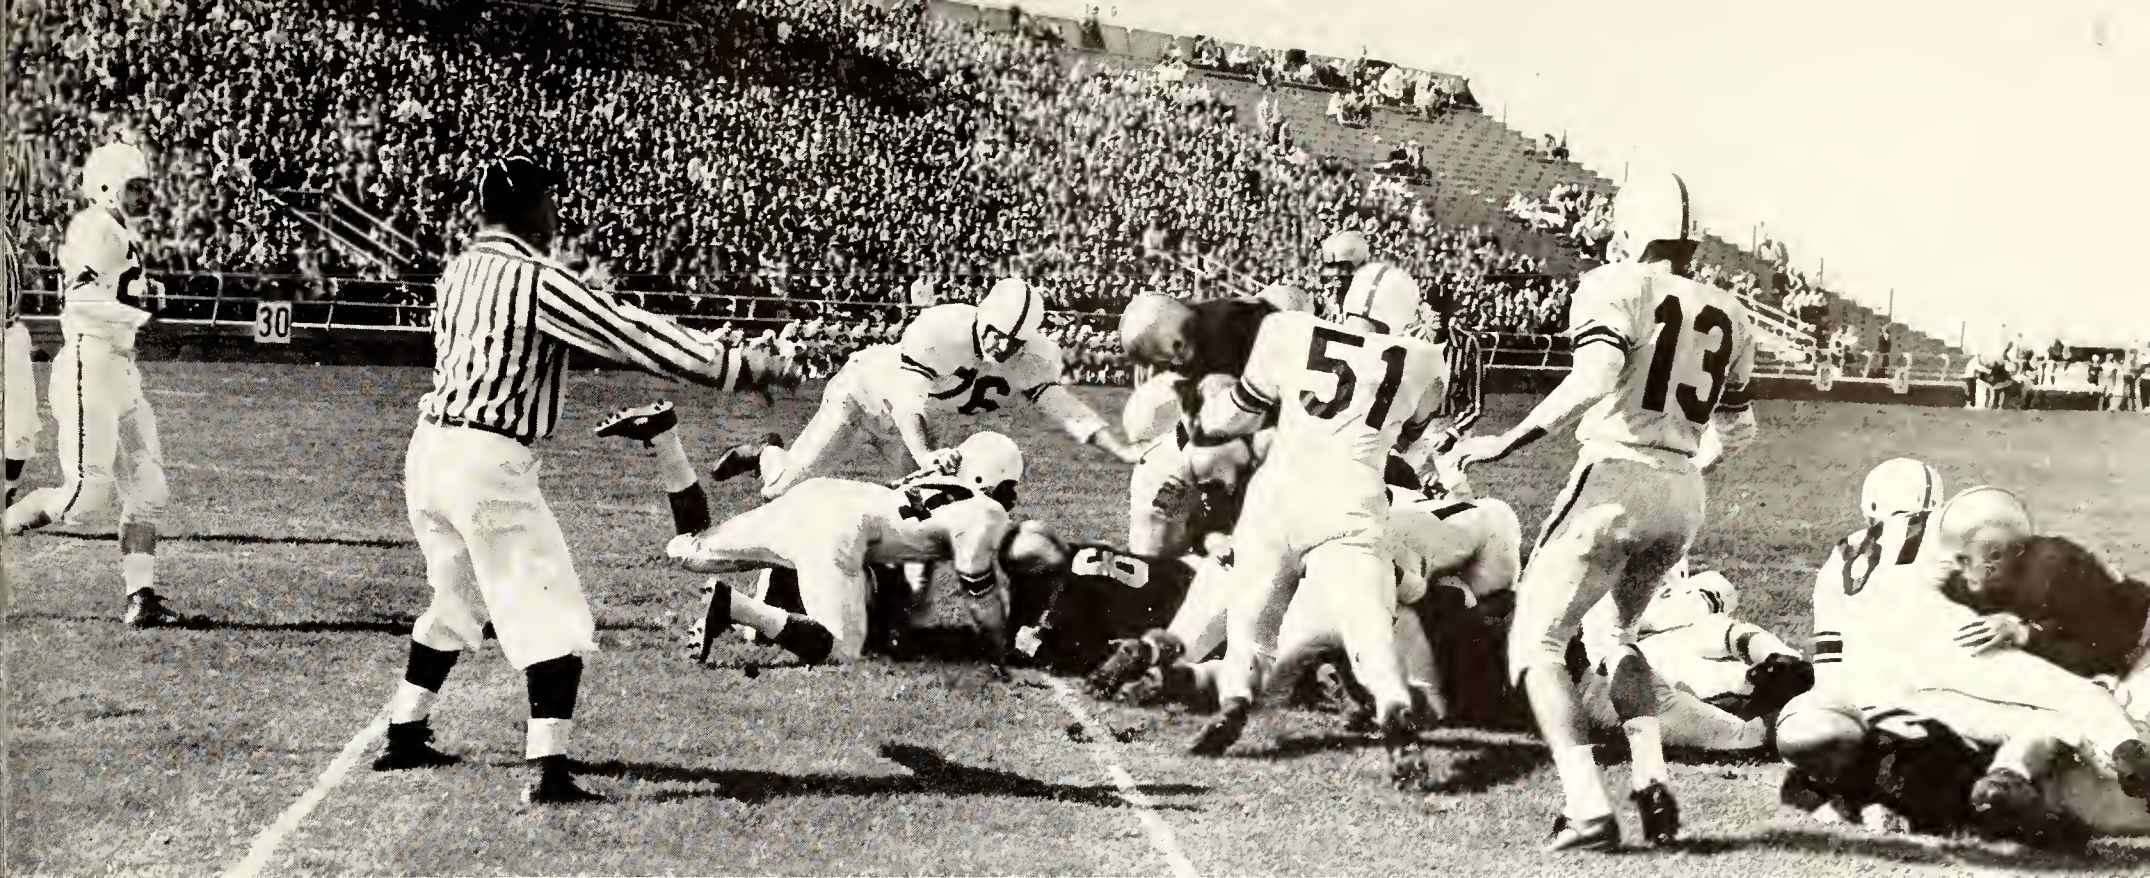

Tigers grab early lead

Missouri halfback Jack Fox, who scored 15 points on two touchdowns and three conversions, set up the first Tiger score by intercepting a K-State pass and return-

ing it to the Cat 35. It took the Tigers eight plays to reach paydirt and a 7-0 lead.

Another K-State fumble late in the first period on the Wildcat 32 set up the next Missouri tally. Vic Eaton passed to Fox for a three-yard scoring play putting the Tigers ahead, 14-0.

With slightly more than a minute left in the first half, K-State gambled on a fourth-down pass, but the gamble failed and on the next play M.U.'s Eaton spotted Jim Hunter on the five, and the Tigers led, 21-0, at half time.

K-State's only touchdown came late in the third quarter on a sparkling 68-yard drive covered in 11 plays. Good running and passing by quarterback Bob Whitehead and good running by fullback Doug Roether turned the trick for the Cats.

Fake punt fails

It looked like a possible Wildcat comeback until early in the fourth period. Then a fake punt attempt failed, and the Tigers recovered a fumble on the Cat 13. M.U. put the ball across to lead, 28-7, and the hopes of most K-State fans were gone. With about five minutes left in the game the Tigers passed for another touchdown.

Following the game with Missouri, the K-Staters traveled north for the game with Nebraska at Lincoln. To keep alive the slim hope of getting the Orange Bowl bid, the Cats needed a win.

Nebraska falls, 7-3

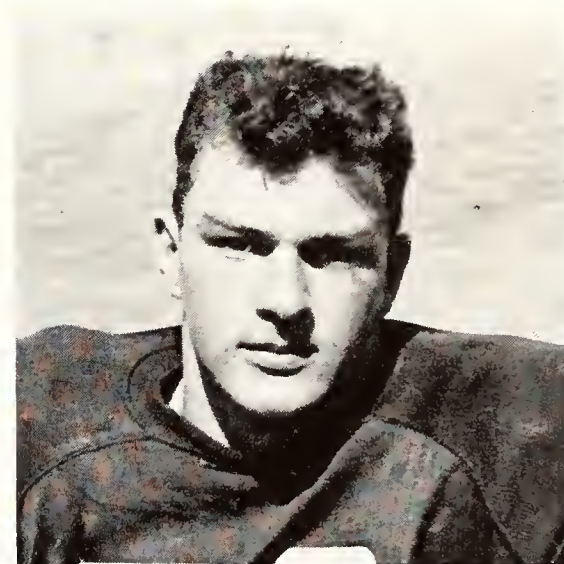

The Cats were up to the task and fashioned a 66-yard scoring drive late in the fourth quarter to dump the Cornhuskers, 7-3. The Huskers led most of the way after scoring a second-period field goal.

The game was a tense contest of frustration and fumbles until the Wildcat second-quarter unit pulled itself together long enough to accomplish a touchdown drive in 13 plays. Senior halfback Corky Taylor came off the bench with the ball on the Nebraska 19 and covered 16 of those 19 yards to go over for the tally.

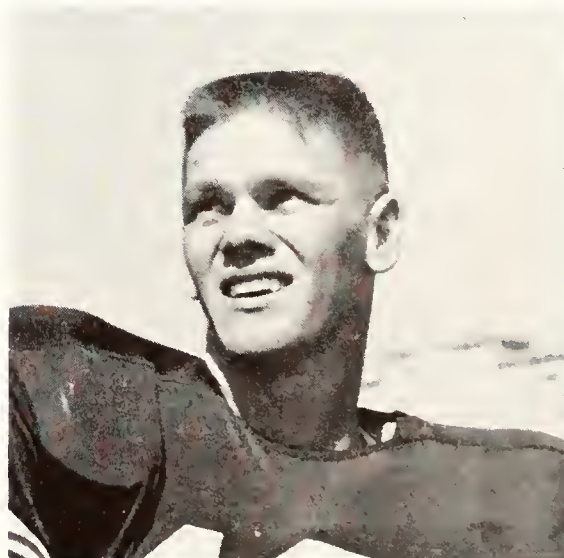

Thirteen fumbles, eight by Nebraska and five by the Cats, marred the ragged game played before 34,500 fans. Time after time each team started what appeared to be a scoring drive, only to see it smothered by a fumble. The Cornhuskers' three points came with 37 seconds left in the first half. The field goal climaxed a drive that started on the K-State 45. Pev Evan, tackle, booted the 24-yard goal.

It was on the second possession in the fourth quarter that the Wildcats started their game-winning drive.

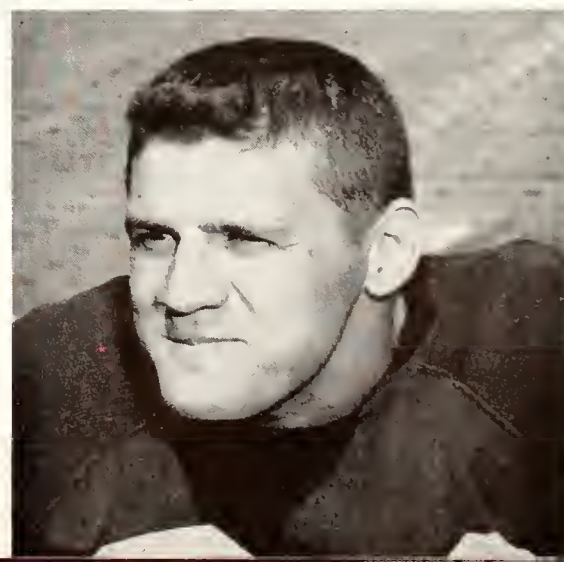

Fullback Doug Roether put the game on ice by intercepting a Husker pass on the first play after the kickoff. Roether ran the ball from the Huskers' 49 to the five. Time ran out before the Cats could score as they suffered a five-yard penalty. Coach Meek described the game as "just

what we needed, a good tough ball game under our belts to restore our confidence."

Tulsa gives tough fight

The Cats traveled to Tulsa on Friday night for a game with the Golden Hurricanes. The K-State gridgers withstood a last minute scoring threat to take a 20-13 victory and chalk up their fourth win of the season.

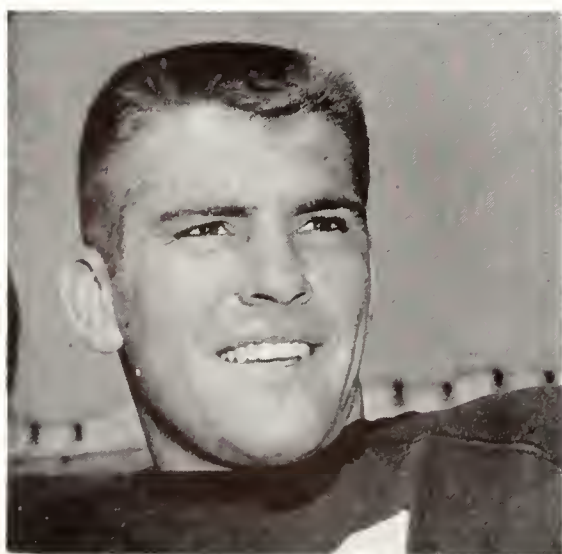

The Hurricanes, winless going into the K-State game, weren't supposed to give the Cats much trouble, but they started fast and had the K-Staters on edge all evening. Tulsa scored first early in the game, gaining possession on a fumble. Failing to gain on three plays, the Hurricanes punted. The kick bounced inside

the sidelines at the K-State 10-yard line. Corky Taylor touched the ball and a Hurricane tackle fell on it in the end zone to put them ahead, 7-0.

K-State's second-quarter unit came off the bench and scored in less than one minute. The combined tries of Bill Carington, Jim Logsdon and Kenny Long put the ball on the one-foot line, and Logsdon smashed over.

Co-captain Ron Marciniak got the Cats started in the second half as he recovered a fumble on the Tulsa 24. The Cats bulled across in three plays on runs by Dahnke, Roether and Whitehead.

Corky Taylor collected the third touchdown for K-State when he skirted left

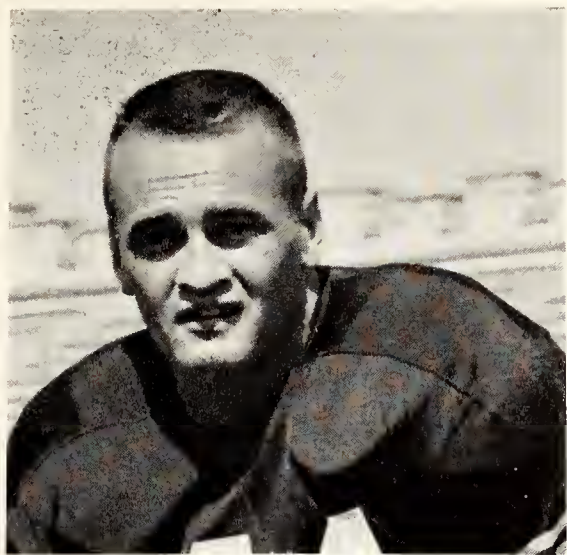

Bob Dohnke switched from quarterback to right half, and held down that first string spot.

One of the top centers in the conference was K-State's Jim Furey, next year's captain.

Wilbur Stocks was a left end, but saw little action after an injury early in the season.

Providing extra speed at left halfback was Bernie Dudley, a four-year letterman.

Tony Addeo, sophomore right halfback, scored the TD that beat Iowa State at Homecoming.

Heading the second quarter team at center position was junior Charles Zickefoose.

end for 13 yards. He had helped set up the score with a 27-yard advance earlier in the scoring march.

The Hurricanes got their final tally on a 60-yard drive that consumed most of the fourth quarter.

Sooners are next foe

The Wildcat gridders faced Oklahoma the next week and tackled the ominous task of stopping the nation's number one team. No one gave the Cats much of a chance to stop O.U. from chalking up its 43rd consecutive Big Seven victory. In fact, almost everyone figured the powerful Sooners would score at will against the Cats.

The K-State gridders went down before the Sooners, 21-0, but the Sooners failed to break the game open as expected. The Sooners' touchdowns came in the first half, and their second unit was never able to score against the determined Cats. Coach Meek said the game was a "moral victory" as the Wildcats held the Sooners for the entire second half.

O.U. marches 62 yards

The Sooners drove 62 yards for their first score in the first period. It came on their second possession of the ball. They used 13 smashing, split-T plays to chew up the yardage for the score. K-State mishaps helped the Sooners get their second score. The Sooners had started a drive on their 46, and the Cats' defense stiffened on the 11-yard line, only to have a holding penalty place the ball on the one, from where O.U. easily scored. The final touchdown came as a low Cat punt traveled to the K-State 24, where an O.U. player returned it to the 17. It took them four plays to cross the goal line for a halftime advantage of 21-0.

During the second half the Wildcats refused to collapse before the Sooners' tremendous running attack. Many times O.U. appeared to be on the way to another score, only to fall short. To prove that their defense play was no fluke, the Cats stopped the Sooners the last time on the one-yard line with less than a minute

remaining. Although the K-Staters penetrated no further than the Oklahoma 29, they put together some impressive drives.

The Cats amassed 152 yards on the ground, but were tossed for a total loss of 59 yards by hustling Sooner linemen.

Doug Roether and Bill Carrington, K-State's fullbacks, led the Wildcats' rushing attack.

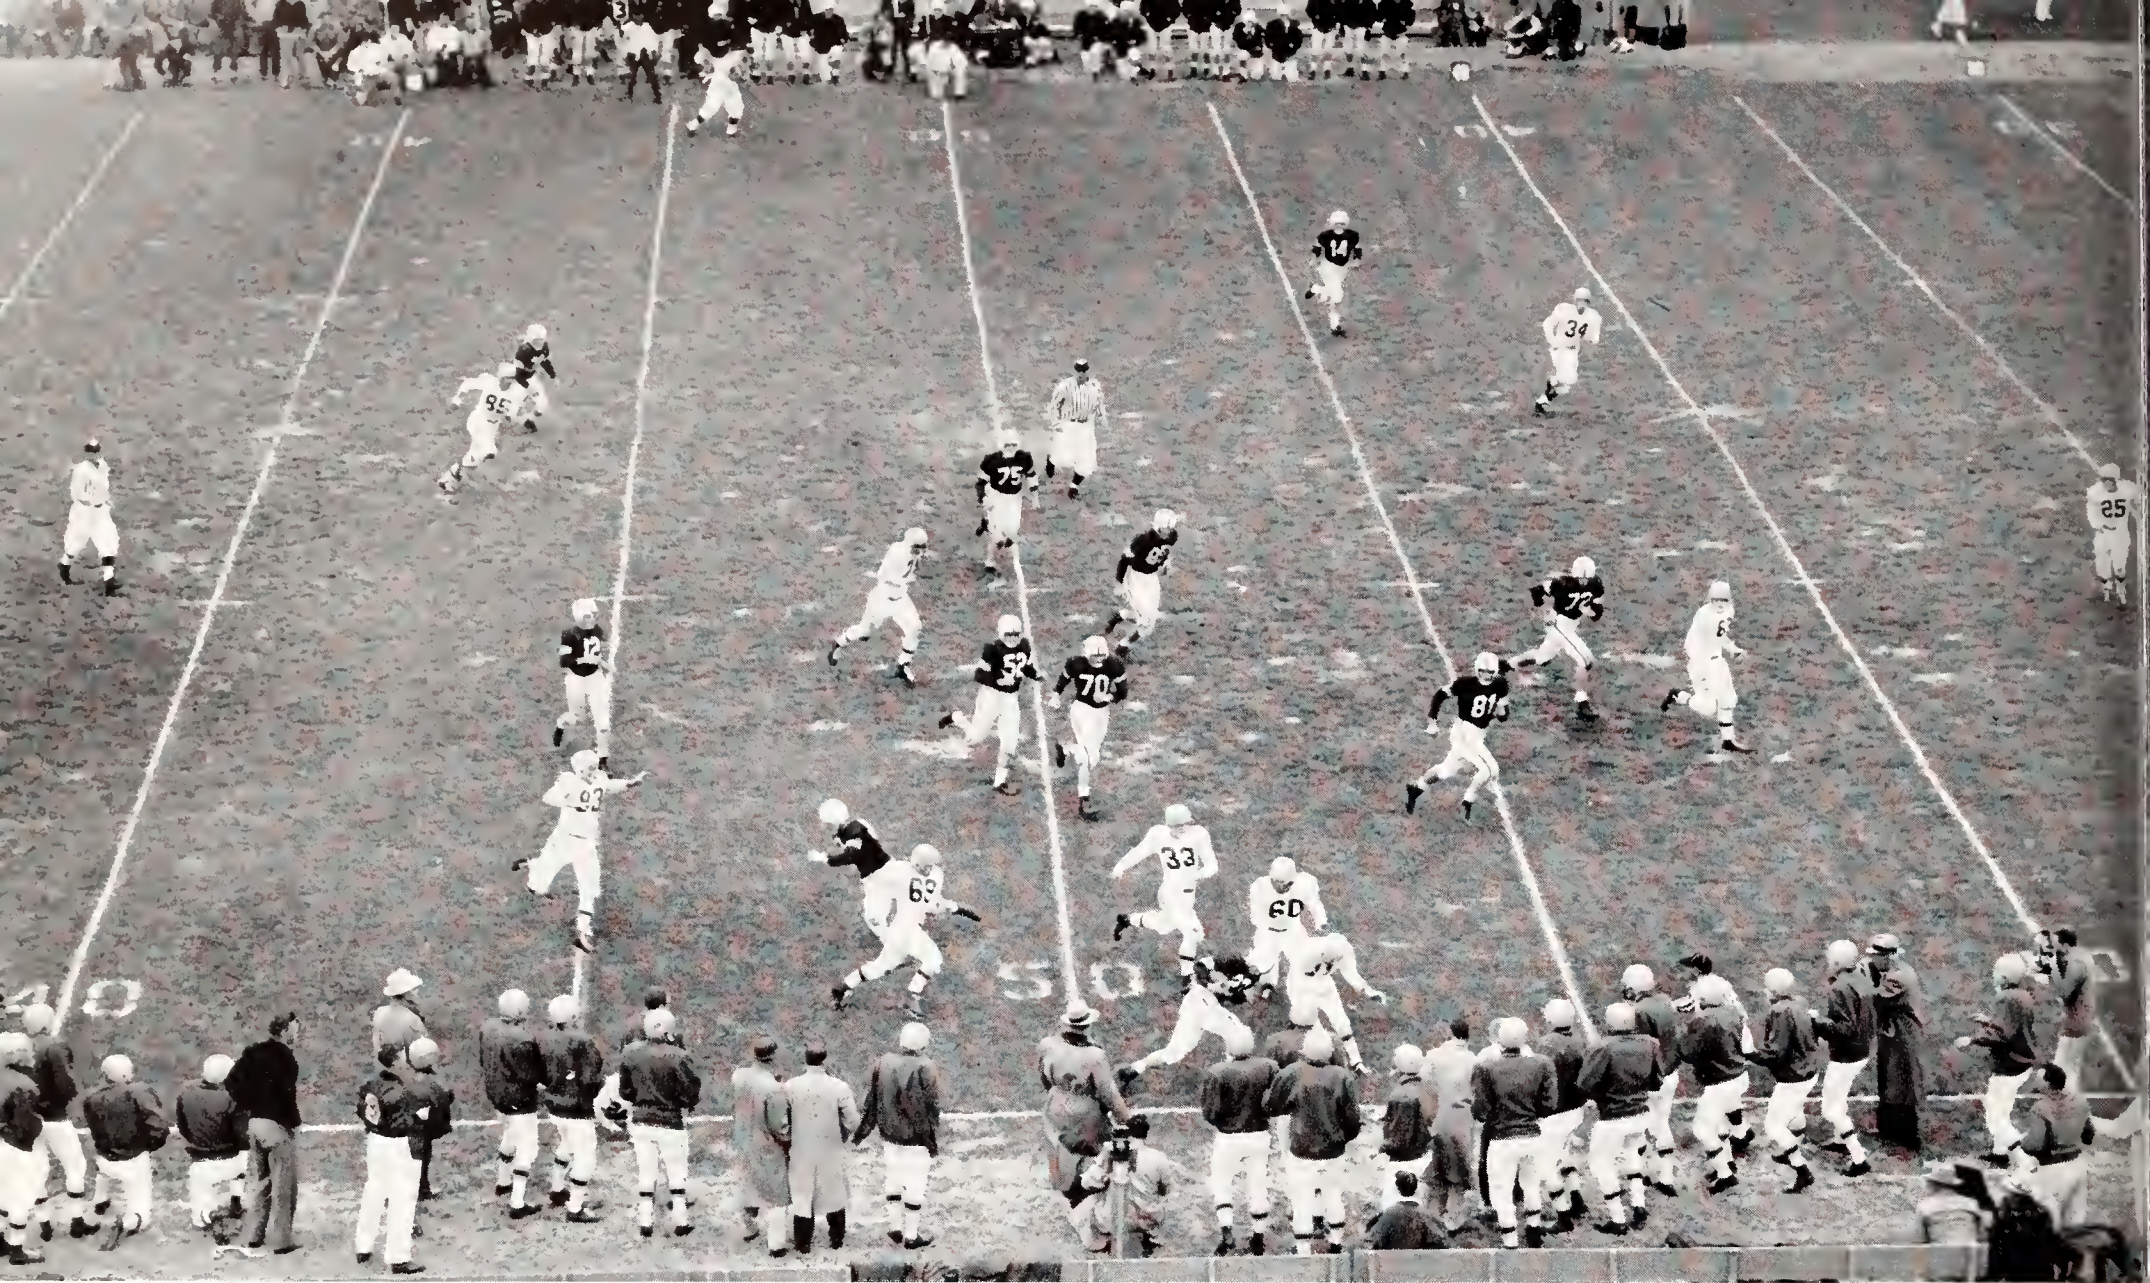

Frank Rodman was elected to American Peoples Encyclopedia's Big Seven scholastic team.

Bill Carrington showed improvement every game at second-team fullback.

Playing his final season as second-string left guard was Cletis Wilson.

The "big game" for the Sunflower state schools came up the next week against Kansas university.

K-State entered the 52nd annual clash with K.U. in an unusual position, at least unusual in recent years, as they were rated as a solid three-touchdown favorite. The Cats' second-quarter unit came off the bench to supply all the Cat scoring punch as the Wildcats won, 28-6.

21,500 watch K.U. game

The win gave the K-Staters their second consecutive victory over the Jayhawks. About 21,500 fans saw the Hawks defeated.

K-State, stalled by its own mistakes in the first period, drove 85 yards to score on its first possession in the second quarter. A 56-yard drive on their next possession of the ball gave the Cats a two-touchdown edge at the half. Carrington ran the first touchdown across, and Logsdon tossed to sophomore halfback Tony Addeo for the second. End Jim Rusher kicked both conversions.

Most of the third quarter was consumed by a Jayhawk 89-yard drive that ended with a brilliant goal line stand by

the Cats on the one. However, a K-State punt shortly thereafter rolled dead on the 30, and it took the Hawks eight plays to get across for their only score of the game.

It was after the K.U. score, with the second-quarter unit in command, that the K-State offense started rolling again.

Taylor scores on pass

Starting from the K-State 15, the Cats went to the Hawk 42 with Carrington accounting for 22 yards. Then Logsdon fired to Taylor, who caught the ball on the 25 and raced over. Rusher's conversion put the Cats out front, 21-6.

Three plays later K.U.'s John Anderson fumbled on the Kansas 27. After losing yardage on two plays, Logsdon tossed a short screen pass to Taylor, who moved behind a mass of blockers for the final score of the game.

Sophomore fullback Bill Carrington took rushing honors against Kansas with 78 yards in 12 tries. The victory gave the Cats a 5-2 season record and kept alive their Orange Bowl hopes.

The Bulldogs of Drake university were

the next victims of the Wildcats. The game was played in Des Moines on Friday night.

The Cats racked up 449 yards rushing to trounce Drake, 53-18. It was the Cats' finest offensive showing of the year, and they ran almost at will against the hapless Drake team.

Doug Roether, Bob Dahnke and Kenny Nesmith led the Wildcat attack as each scored twice. The points piled up fast in the furious battle as K-State scored three times in the first period, only to see two fumbles result in Drake touchdowns. The Cats led, 20-12, at the end of the half. Roether, Dahnke and Taylor scored in that order for the first period touchdowns.

Roether runs 65 yards

Roether's tally came on a 65-yard run on the second running play of the game.

The Wildcats added three touchdowns in the third on runs by Nesmith, Roether and Dahnke.

Drake got its final score in the fourth period as a short K-State punt ended on the K-State 31, and Drake took it over from there. Less than two minutes remained in the game when quarterback Larry Elliott tossed 12 yards to Nesmith for the Wildcats' final score.

With their Orange Bowl hopes very much alive the Cats returned to Manhat-

tan to play the Iowa State Cyclones before 15,000 Homecoming fans.

The K-Staters were dangerously near disaster before they rallied and got a fourth quarter touchdown to edge the stubborn Cyclones, 12-7. The victory, coupled with Oklahoma's win over Missouri, left only K-State and Nebraska in the Orange Bowl picture. A victory over Colorado the next week, and a Nebraska loss to Oklahoma, would have given the Bowl bid to K-State.

Cats score first

The Wildcats scored first in the Iowa State game on an easy 23-yard sneak by Bob Whitehead. The opportunity came as a Cyclone player fumbled a punt on his 39 and Jim Furey recovered for the Cats. Rusher's conversion attempt failed.

A K-State fumble on its own 27, early in the second quarter, set up the Iowa State score.

A furious K-State offensive drive carried 96 yards, but ended on the Cyclone one at halftime. The Cats outrushed, outpassed and outmanned the Cyclones,

High into the air to intercept an Iowa State pass goes Bill Carrington. The K-State fullback took the ball on his own 33-yard line and ran to the Cyclone 26. The pass was intended for John Schweickert (41).

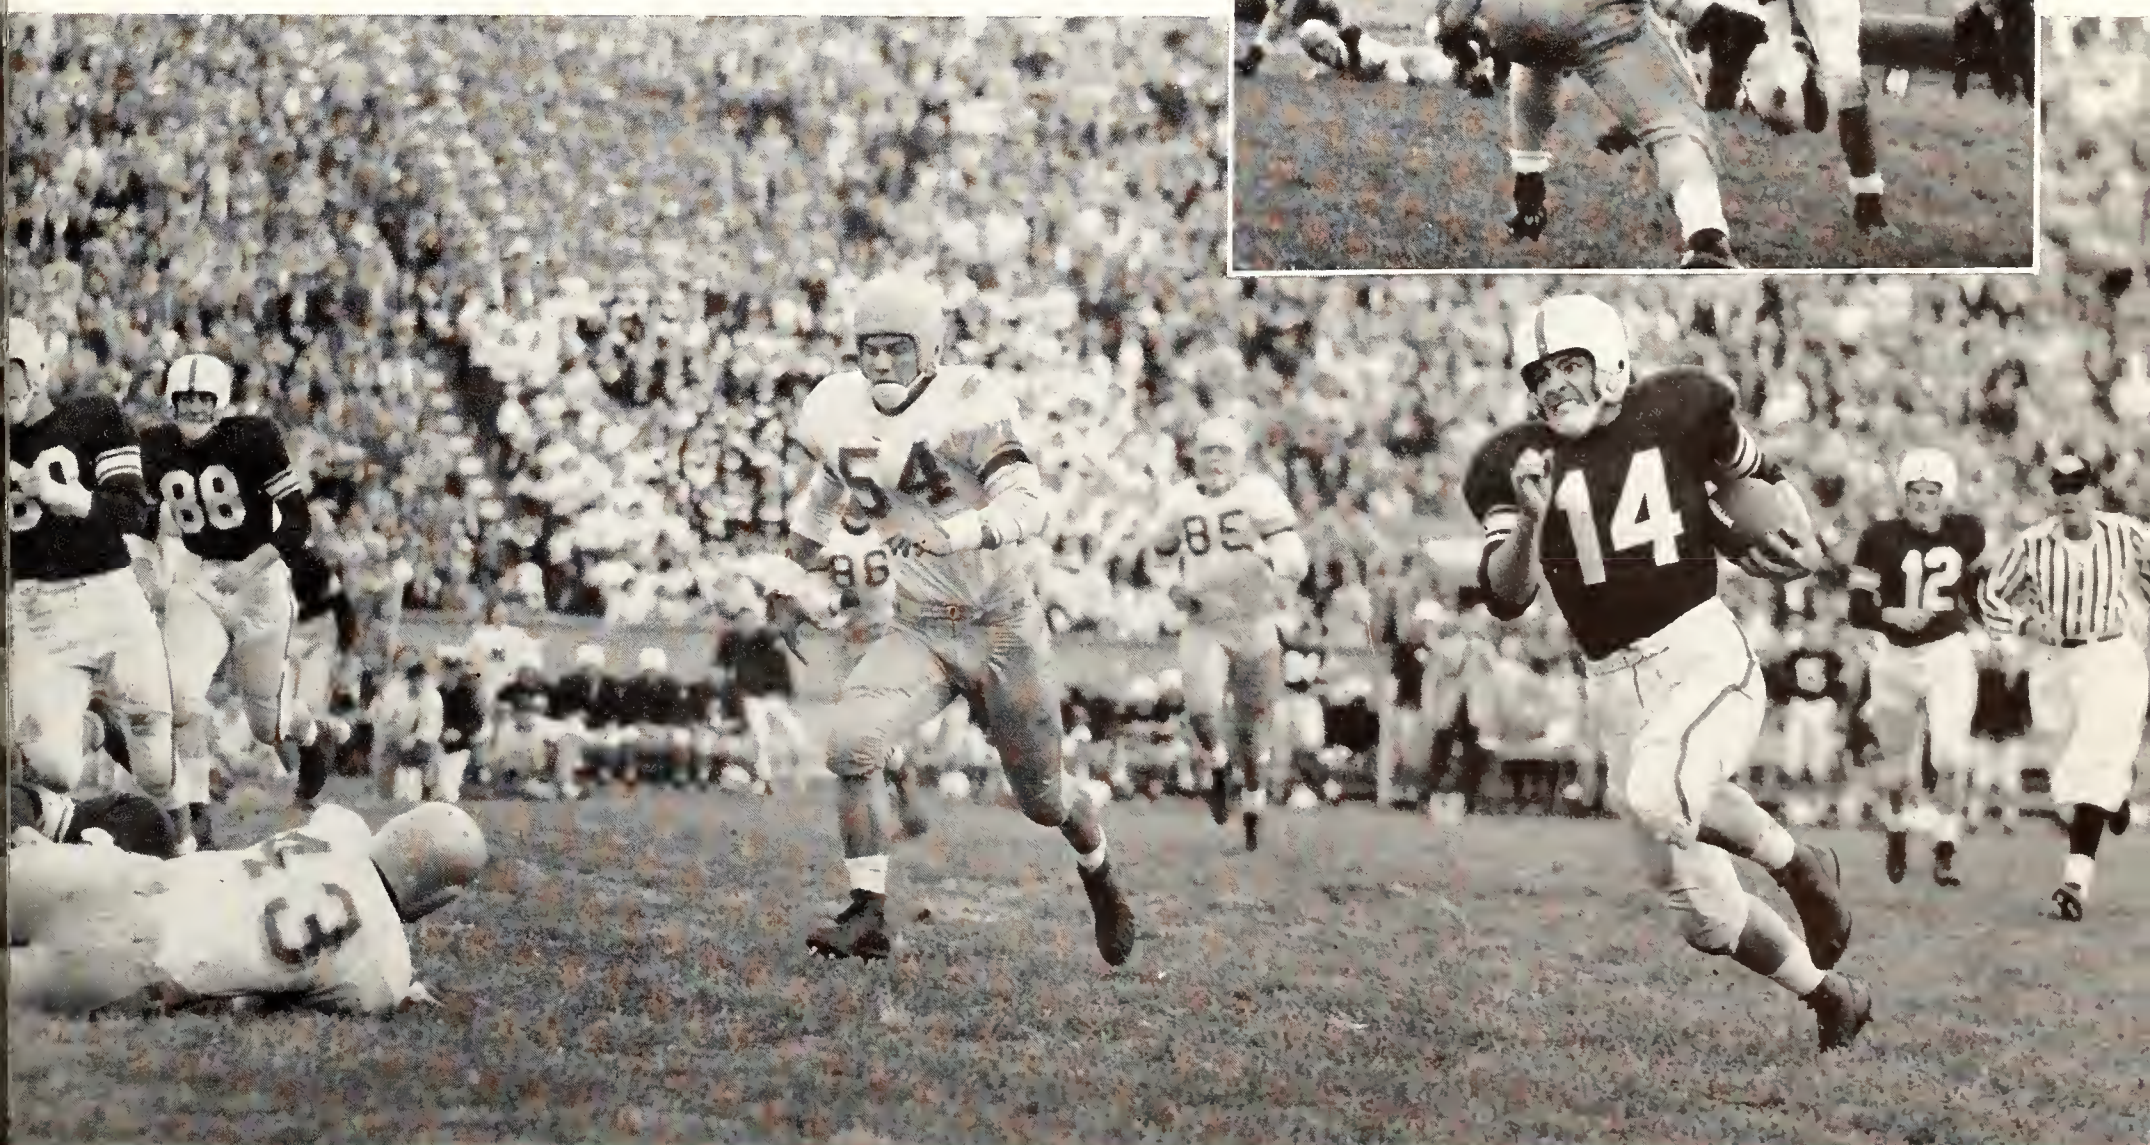

Get out of the way. Bob Dahnke grimaces as he skirts left end after taking a handoff from quarterback Bob Whitehead (12) in the Iowa State contest. Cyclone center Elmer May (54) runs to catch the Wildcat halfback. K-State won, 13-7.

Kenny Long moved up to the right halfback opening on the second quarter unit this year.

Providing reserve strength for the left halfback position was Kenny Nesmith.

Joe Moody (top) served the Wildcats as a reserve right end, and **Len LeGault** (second from top) played second string left tackle until injured in the latter part of the year. Holding down the first-team right end spot was **Tom Ebert** (second from bottom), and **Larry Elliott** (bottom) was the reserve quarterback.

A long stretch and **L. D. Fitzgerald** pulls down the pigskin. He played the left end spot for the Cats.

only to have fumbles and mistakes shatter every scoring opportunity.

Iowa State maintained its 7-6 lead until the Cat second-quarter unit again provided the scoring punch. With the clock ticking the time away the Cat gridders put together a 74-yard scoring drive. And even this drive seemed doomed on the Iowa State three as they were penalized back to the 18 for illegal use of the hands. Then, after an incomplete pass, **Tony Addeo** fought his way into the end zone aided by a block from **Bill Carrington**.

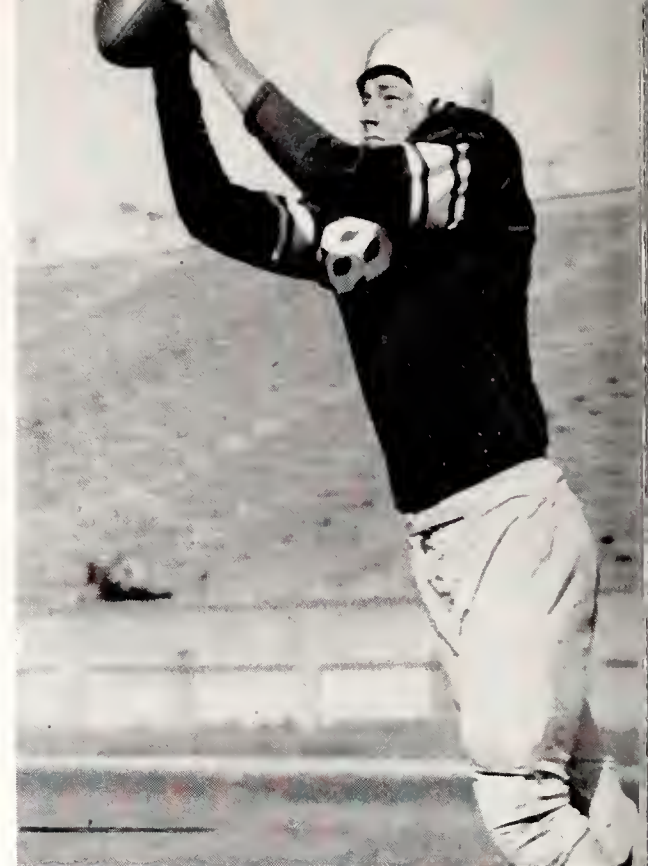

With Orange Bowl hopes at an all-time high the Wildcat gridders prepared for the final game of the year with Colorado at Boulder.

Band attends C.U. game

K-State pep organizations and downtown fans sold oranges and raised money to send the Band to Boulder. However, a K-State victory wasn't in the books for that day as Colorado's race-horse backs exploded for six dazzling long runs to beat the Wildcats, 38-14.

gained a staggering total of 238 yards for the day, almost half of the 493 yards the Buffs rolled up against the Cats.

K-State scored with a 20-yard drive in the third period after a Colorado fumble, but the Buffaloes scored again before the Wildcats could stage a come-back. A three-yard pass from **Larry Elliott** to **Joe Moody** accounted for the Wildcats' final touchdown of the season.

Cats honored by press

Several K-State squad members were picked by Associated Press and United Press on their All-Big Seven teams. Half-back **Corky Taylor** and guard **Ron Marciniak**, co-captains of the 1954 Wildcats, were named to the United Press All-Big Seven first team. Both men also made the U.P. area honorable mention All-American team.

Ron Nery, junior tackle, was named to the Associated Press all-conference first team, and **Taylor** was placed on the A.P. second team. **Jim Rusher**, **Marciniak**, **Larry Hartshorn**, **Doug Roether** and **Jim Furey** rated honorable mention on the All-Big Seven team selections.

Adding depth to the squad at the right end spot was **Clare Simpson**, a senior.

Coach Bill Meek and assistant coach John Cudmore turn to give some advice to the K-State players at the game with Wyoming at Laramie. The advice paid off as the Cats won, 21-13.

Nery also gained honorable mention on the A.P. All-Midwestern and All-American squads.

The International News Service picked Taylor and Marciniak on its All-Midland first team.

Two Wildcat gridgers, Taylor and Marciniak, received bids to post-season games. Taylor played for the West squad in the East-West Shrine game at San Francisco, and was also on the North squad in the Senior bowl game January 8 at Mobile, Ala.

Marciniak played for the North team in the North-South game on Christmas night at Miami, Florida.

A slightly different honor than most players receive was awarded to Frank Rodman who was named to the All-Big Seven scholastic team chosen by American People Encyclopedia.

Taylor, Vic Eaton from Missouri, and Frank Bernardi from Colorado, shared the conference football "player of the year" award of the Rockne club of Kansas City.

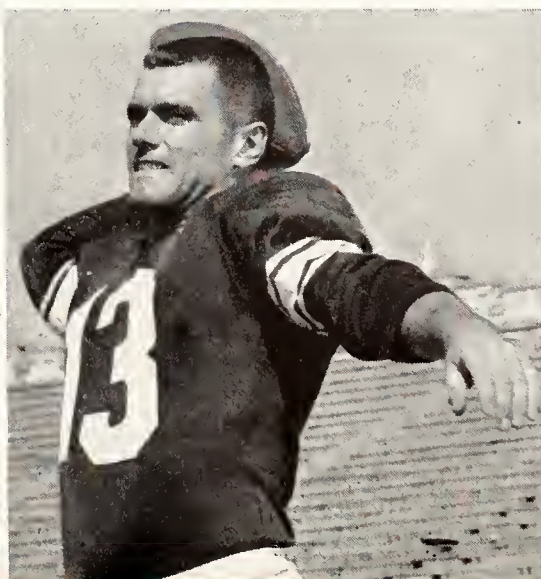

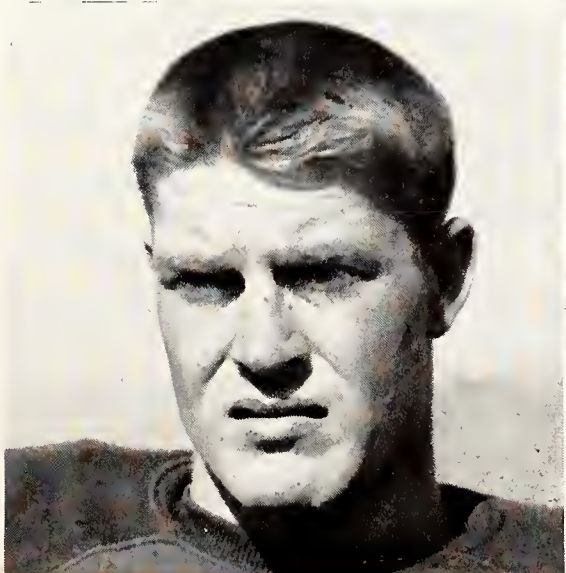

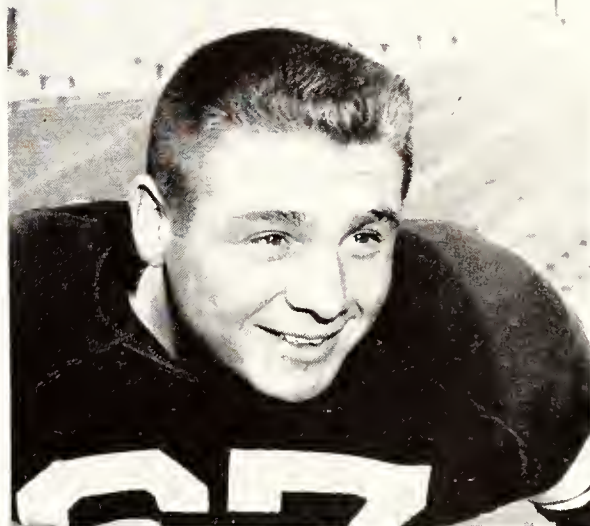

Colorado A & M fullback Leon Glick (32) is brought to earth by K-State's Clare Simpson (86) with an assist from Don Hedges (45). Other K-State players are Kerry Clifford (61) and Len LeGault (76).

Three Cats to pros

Three gridgers were drafted by pro football teams. Taylor was a top choice of the Los Angeles Rams, Tom Ebert was picked by the Cleveland Browns, and Ron Marciniak was drafted by the New York Giants. Marciniak signed with the Washington Redskins as he was traded to them right after the drafting. Taylor signed with the Rams.

Ron Marciniak was named the squad's "most inspirational player" at the annual football banquet. Jim Furey was selected by his team mates to captain the 1955 Wildcats, and Doug Roether was named alternate captain.

Burt Schmidt (upper right) was a reserve right guard, and George DeBitetto (middle right) played the same position for the second-quarter squad. Taking over the center spot on the second string after an injury to Charles Zickefoose was Pat Spagnoletti (lower right). Jim Logsdon (below) was the second team quarterback and Don Hedges (lower left) was a reserve right tackle.

Cats Better Cage Standing

Coach Tex Winter diagrams a play for the Cat cagers attack as assistant coach Howie Shannon offers his suggestions.

★ In his second year as head basketball coach, Tex Winter guided the Wildcats to 11 wins in 21 games during the 1954-55 season, a mark identical to the previous season.

However, the Cats improved their Big Seven conference standings, winning six and losing six to finish in a tie for third with Nebraska university.

Injuries hampered the K-State cagers all season. Gene Wilson, speedy letterman guard who returned from the service this year, broke his thumb at Arizona in the second game of the year and was out of action until the last month of the campaign.

Smith injured

Another injury came when senior forward Jim Smith wrenched his knee in the second game of Big Seven preseason tournament at Kansas City and was out for more than two weeks. Smith was never able to play at full speed after that as he was forced to play with his leg tightly

bandaged. In the Notre Dame game he reinjured the knee and missed the remaining two games against Colorado and Kansas.

The Cats started the season with a two-game road trip.

Opener with U.C.L.A.

Their first game was with U.C.L.A., rated one of the toughest teams on the West Coast and among the top 10 teams in the nation in most of the weekly wire service polls.

A tough Uclan team and a "cracker box" gym combined to drop the K-Staters, 86-57.

Coach Winter called the U.C.L.A. team "great", but criticized their rough tactics.

Willie Nauls, 6-5, 225-pound Bruin center, was the big gun in the game as he scored 19 points and effectively shackled K-State centers Roger Craft and Jerry Jung.

Next game on the road was at Arizona university, a perennially tough team in the Border conference.

The Wildcats were slightly more effective against Arizona, but could not make up a huge deficit, and lost, 81-86. The Cats were cold in the early minutes of the game as they went five minutes without scoring.

Pachin Vicens, 5-9 Puerto Rican guard, was the leading scorer for the Cats with 16 points.

Led by senior forward Jim Smith with 23 points, the Cats won their first game on their home court downing Wyoming, 70-50.

Wildcats start fast

The K-Staters got off to a fast start against the cowpokes, and the Wyoming five was never able to get back into the game. Roger Craft, 6-7 senior center, added 15 points to the Wildcats' cause as they out rebounded and out hustled the Cowpokes.

Jim Smith again led the K-State attack the following Saturday with 27 points as the Cats dumped the Washington Huskies, 81-74, in Ahearn Field House.

The Cats had to fight from a halftime deficit to dump the Huskies. K-State

trailed, 39-44, at halftime and were behind as much as 14 points during the first half before they started hitting.

K-State got a surprise 12-point lift from Jerry Jung, who came off the bench to help pull K-State from its 14-point deficit.

The Wildcats led only once during the first half, at 1-0.

Hoosiers fall, 91-74

It took less than two minutes for the Wildcats to knot the count at, 44-44, after the start of the second half. Two more buckets put the Cats ahead, 48-44, and Washington never led again.

The Wildcats had one more home game before journeying to Kansas City for the Big Seven tournament during the Christmas vacation. This time the Hoosiers from Indiana were the Cats' opponents.

The K-Staters maintained their winning ways against the Big Ten champions, winning 91-74.

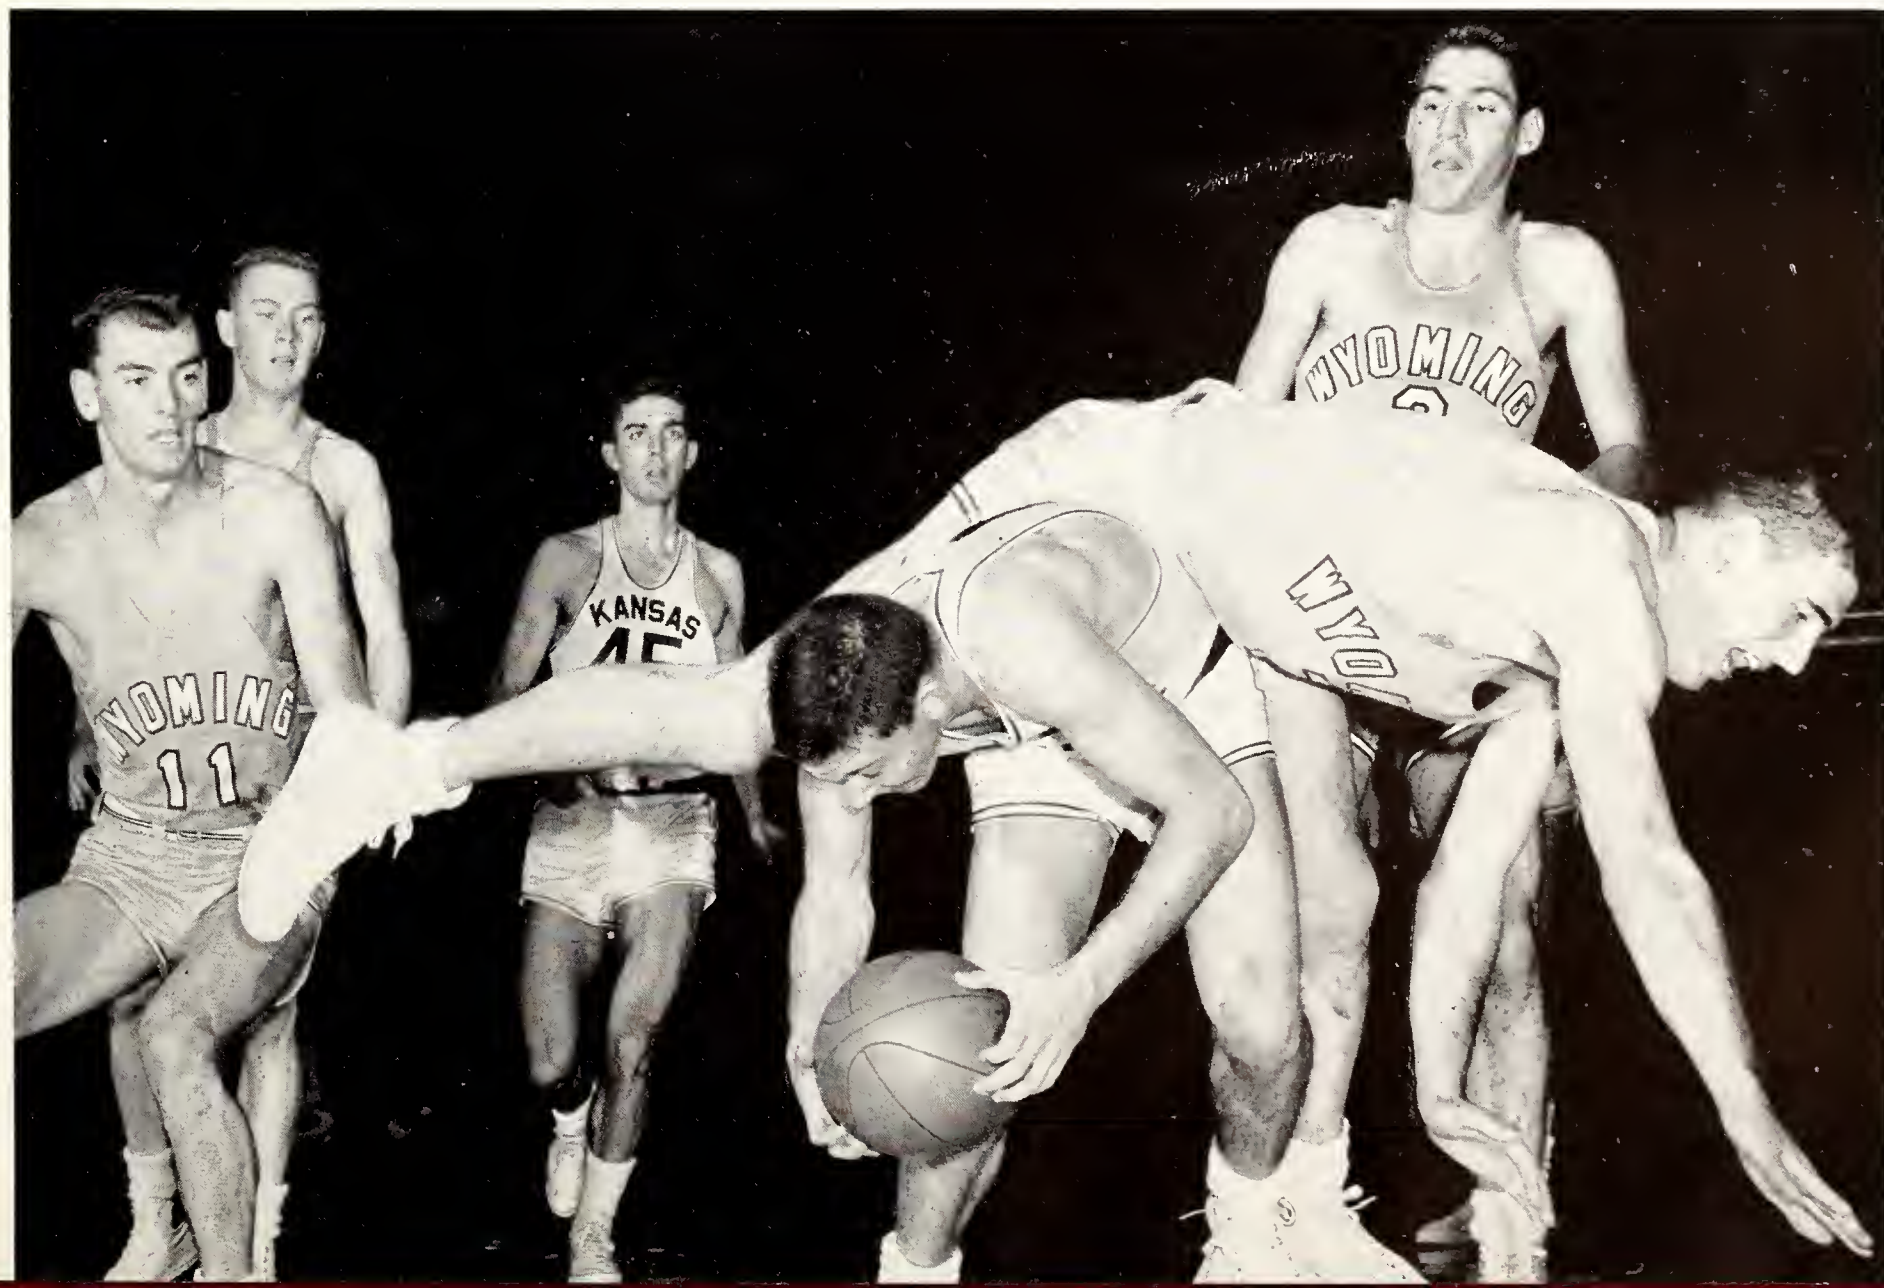

Senior center Jerry Jung earned the lion's share of the credit for the decisive victory over the Hoosiers. The 6-11 pivot man kept Don Schlundt, Indiana's all-American center, without a field goal in the last 19 minutes of the game.

Senior Jim Smith was elected the team's most inspirational player by his teammates.

Wildcat guard Kent Poore earns a shot from the free-throw line as Wyoming's Dave Bradley falls across his back. Poore had faked a shot

and calmly waited for the opponent to foul him. K-State downed the cowpokes, 70-50, for its first win.

Roger Craft, Cat center, was the leading scorer and rebounder with a 12.1 average.

Schlundt was the top scorer of the game with 29 points, 15 of them coming on free throws.

K-State hit 32 of 80 shots for 40 per cent against Indiana, and the Hoosiers connected on 33 per cent of their attempts.

Craft top scorer

Roger Craft took scoring honors for the Cats with 14 points, followed by Jung with 13 and Smith and J. R. Snyder with 12 each. Three K-Staters — Joe Powell, Dick Stone and Kent Poore—hit 10 apiece.

K-State's first game of the preseason tourney was against powerful California of the Pacific Coast conference, the guest team of the tourney.

The Wildcats pulled what was considered a mild upset by dumping the Bears, 88-75.

The Wildcats got good shooting from all hands and went into the lead midway in the first half and were never seriously pressed during the remainder of the game.

Cats advance in tourney

K-State's firepower was well-dispersed with no less than five players hitting double figures. Little Kent Poore spearheaded the effort with 17 points, Jim Smith added 14, Jerry Jung 13, Dick Stone 12 and Pachin Vicens 11.

Once again Jung played a decisive role in the victory as he came into the game midway in the first half and connected with four of his first five shots when California was nursing its widest lead, 27-23.

Iowa State qualified to meet the Wildcats in the second round of the tourney as they tripped the K. U. Jayhawks by one point in the first-round game.

Jung leads Cats

Jung again turned in a sparkling performance in leading K-State to a 70-50 win over a surprisingly-strong Iowa State squad. Jung scored 16 points, Snyder 15 and Stone had 10 points to lead the scoring against the Cyclones. Stone also was top rebounder with 13. Chuck Duncan, Iowa State center and the tournament's leading scorer, got 23 against the Wildcats.

In the finals the Wildcats ran into a tough, experienced Missouri team and fell, 71-89. K-State, playing without Jim Smith, who injured his knee in the game with Iowa State, was never able to get their attack rolling against the red-hot Tigers, who hit 51 per cent of their shots from the field. The loss marked the first time K-State had ever lost in the finals of the Big Seven tournament.

Laying up two points against the Washington university Huskies, Jim Smith continues on his 27-point scoring spree. The Wildcats won the game, 81-74.

Jerry Jung, 6-11 Wildcat center, goes high in the air to block a shot by Indiana's Richard Neal. The K-Staters trounced the Big Ten team, 91-74. Jung turned in one of the best games of his career holding all-American Don Schlundt without a field goal in the final 19 minutes.

The Tigers started fast and built a 20-point lead that K-State could never overcome, or seriously threaten.

Roger Craft hit 19 points, and Nugent Adams hit 18 to pace the Wildcat attack. M. U.'s Med Park was the leading scorer for both teams with 24.

Opening the conference action against the Sooners of Oklahoma, the Wildcats got a 31-point boost from guard Kent Poore to win, 90-82.

Cats maul Sooners

K-State put on one of its best scoring performances of the season against the Sooners, and several times during the game held 20-point leads. The Cats led, 56-34, at halftime, only to have the scrappy Oklahomans fight back in the second half.

K-State's big centers, Roger Craft and Jerry Jung, turned in good performances against the short Sooners as Craft hit for 18 points and Jung 19.

The game never was close as even during their second half rally the Sooners could only close the gap to seven points.

Pachin Vicens suffered a broken nose in the game and was forced to play the next two games wearing a nose guard.

Free throw beats I-State

Following the Oklahoma game the Cats traveled north for 2 games with Iowa State and Nebraska.

J. R. Snyder dropped in a free throw with three seconds left in the game at Ames to give the Cats their second straight Big Seven victory, 78-77.

Snyder's game-winning toss came after the Cats had stalled out the last minute of the game with the score tied at 77-77.

The game was closely contested all the way. The lead changed 18 times, and the score was tied 16 times.

tion as he came in with 2:55 remaining and dropped in two critical baskets.

Forward Dick Stone was the leading scorer for the Wildcats with 18 points. Chuck Duncan, Cyclone center, lead both teams with a 27-point scoring performance.

K-State dropped its first conference game of the season at Nebraska two days after they squeaked by Iowa State. After the score was tied three times in the early minutes, the Huskers went ahead to stay and dumped the Cats, 69-59.

Snyder out with hives

K-State played Nebraska without junior guard J. R. Snyder, who had a bad case of hives.

Craft was leading scorer for K-State with 14 points, and Fred Schneider and Pachin Vicens added 10 apiece.

Nebraska's Willard Fagler led both teams with 18 points. The loss left the Cats with a 2-1 record in conference action.

Following the loss to Nebraska the Wildcats returned to Ahearn Field House to play the league-leading Missouri Tigers, sixth-ranked team in the nation.

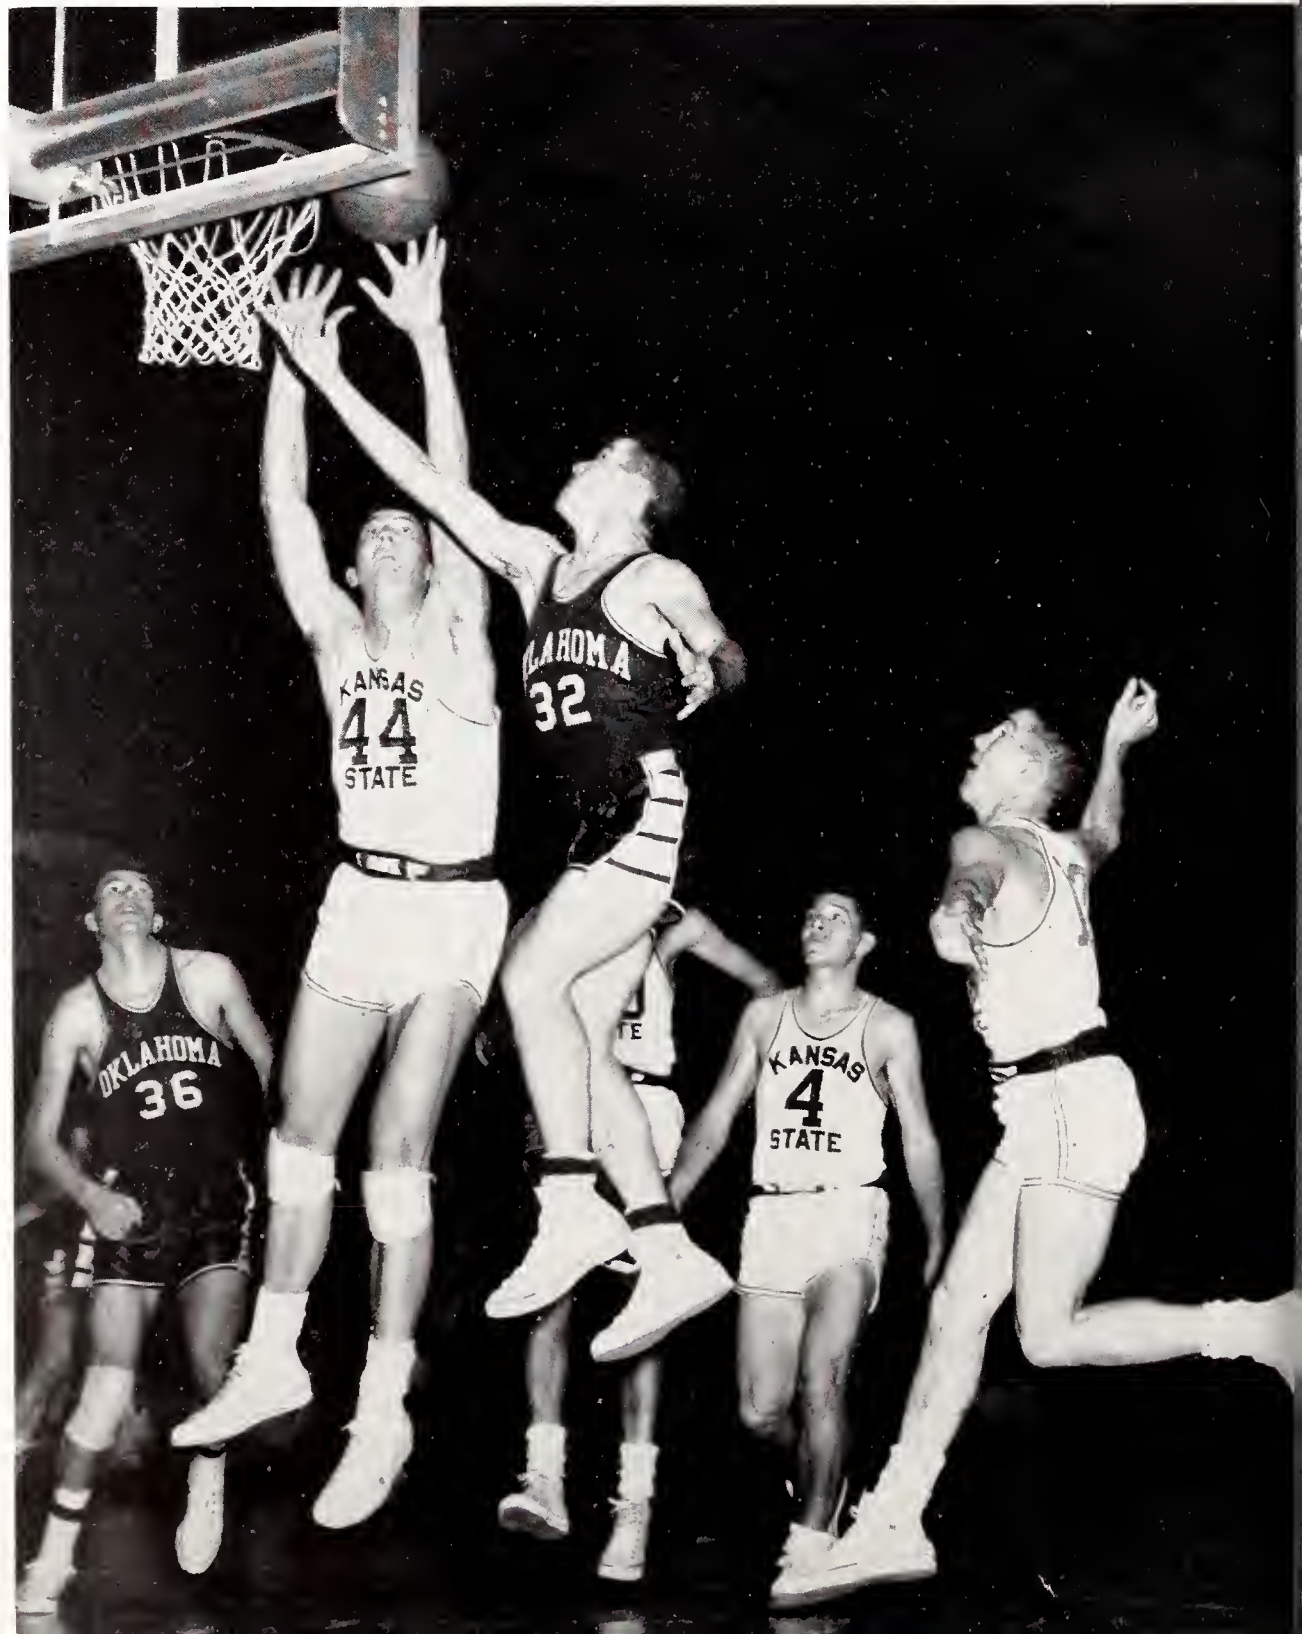

Tigers too much

The Tigers dumped the Cats, 94-85, in a game that was close only in the first four minutes and the last two.

K-State, behind by 17 points with five minutes left, closed the gap to four points with 55 seconds left, but the cool and confident Tigers put down the brilliant uprising to haul out their third conference victory without a defeat.

five minutes and 50 seconds for a total of 19 for the evening.

A prolonged dry spell helped the Tigers fashion their big lead. After knotting the game at 7-7, the Cats didn't hit again for five minutes. Nugent Adams, senior forward, played perhaps his best game of the season against the Tigers tallying 24 points, most of them on stabbing left-handed jump shots.

K-State waited only four days for a rematch with Missouri, this time in the Tigers' Brewer Fieldhouse.

The determined Cats, twice thumped by Missouri earlier in the season, clipped the heavily-favored Tigers, 78-67, to hand them their first conference defeat.

Defense holds Tigers

An especially-designed K-State defense held the Tigers' shooting guns pretty well in check. Using a half zone and half man-to-man defense, the Cats kept M. U. forwards Med Park and Norm Stewart away from the baseline, forcing them to

fire from outside where their accuracy dropped off.

Leading the surprising K-State uprising was little Pachin Vicens, who drew a starting assignment and went all the way full speed. He led Wildcat scorers with 21 points and took charge of the floor game.

Vicens leads K-State

Vicens led the Wildcats again in their next outing as he passed Iowa State dizzy in Ahearn Field House, and the Cats took their third decision from the Cyclones of the season, 79-67.

Although he scored only eight points, Vicens' sharp passing and feeding were almost the whole show. Center Roger Craft was on the receiving end of most of Vicens' passes and collected 27 points as the Cats got their fourth victory in six Big Seven games.

K-State was ahead at halftime, 38-32, but the fans whooped it up as Vicens fed teammates for three easy layups and hit a

set shot himself in the first three minutes of the second half.

The Wildcats' lead mounted to 18 points nearly 13 minutes before the finish, but K-State had to resort to a semi-stall in the final four minutes as the Cyclones twice closed the gap to 9 points.

Dick Stone and Kent Poore were the next most prolific scorers after Craft as they hit 14 and 12 points respectively.

One big reason for the victory was the effective shackle put on Chuck Duncan, who hit for only 11 against K-State. He had a 20 points a game average before the game.

Fifth conference win

K-State chalked up its fifth conference win of the season as they thumped Oklahoma, 71-60, at Norman.

It was the second conference victory over Oklahoma for the Cats.

K-State opened up the Sooners' zone defense with fast, sharp passing in the last half.

The victory marked the 10th straight win over the Sooners by the Wildcats.

Outside shooting by Dick Stone pushed the Wildcats out of reach by Sooners as he hit 11 field goals and three free throws for a 25-point total.

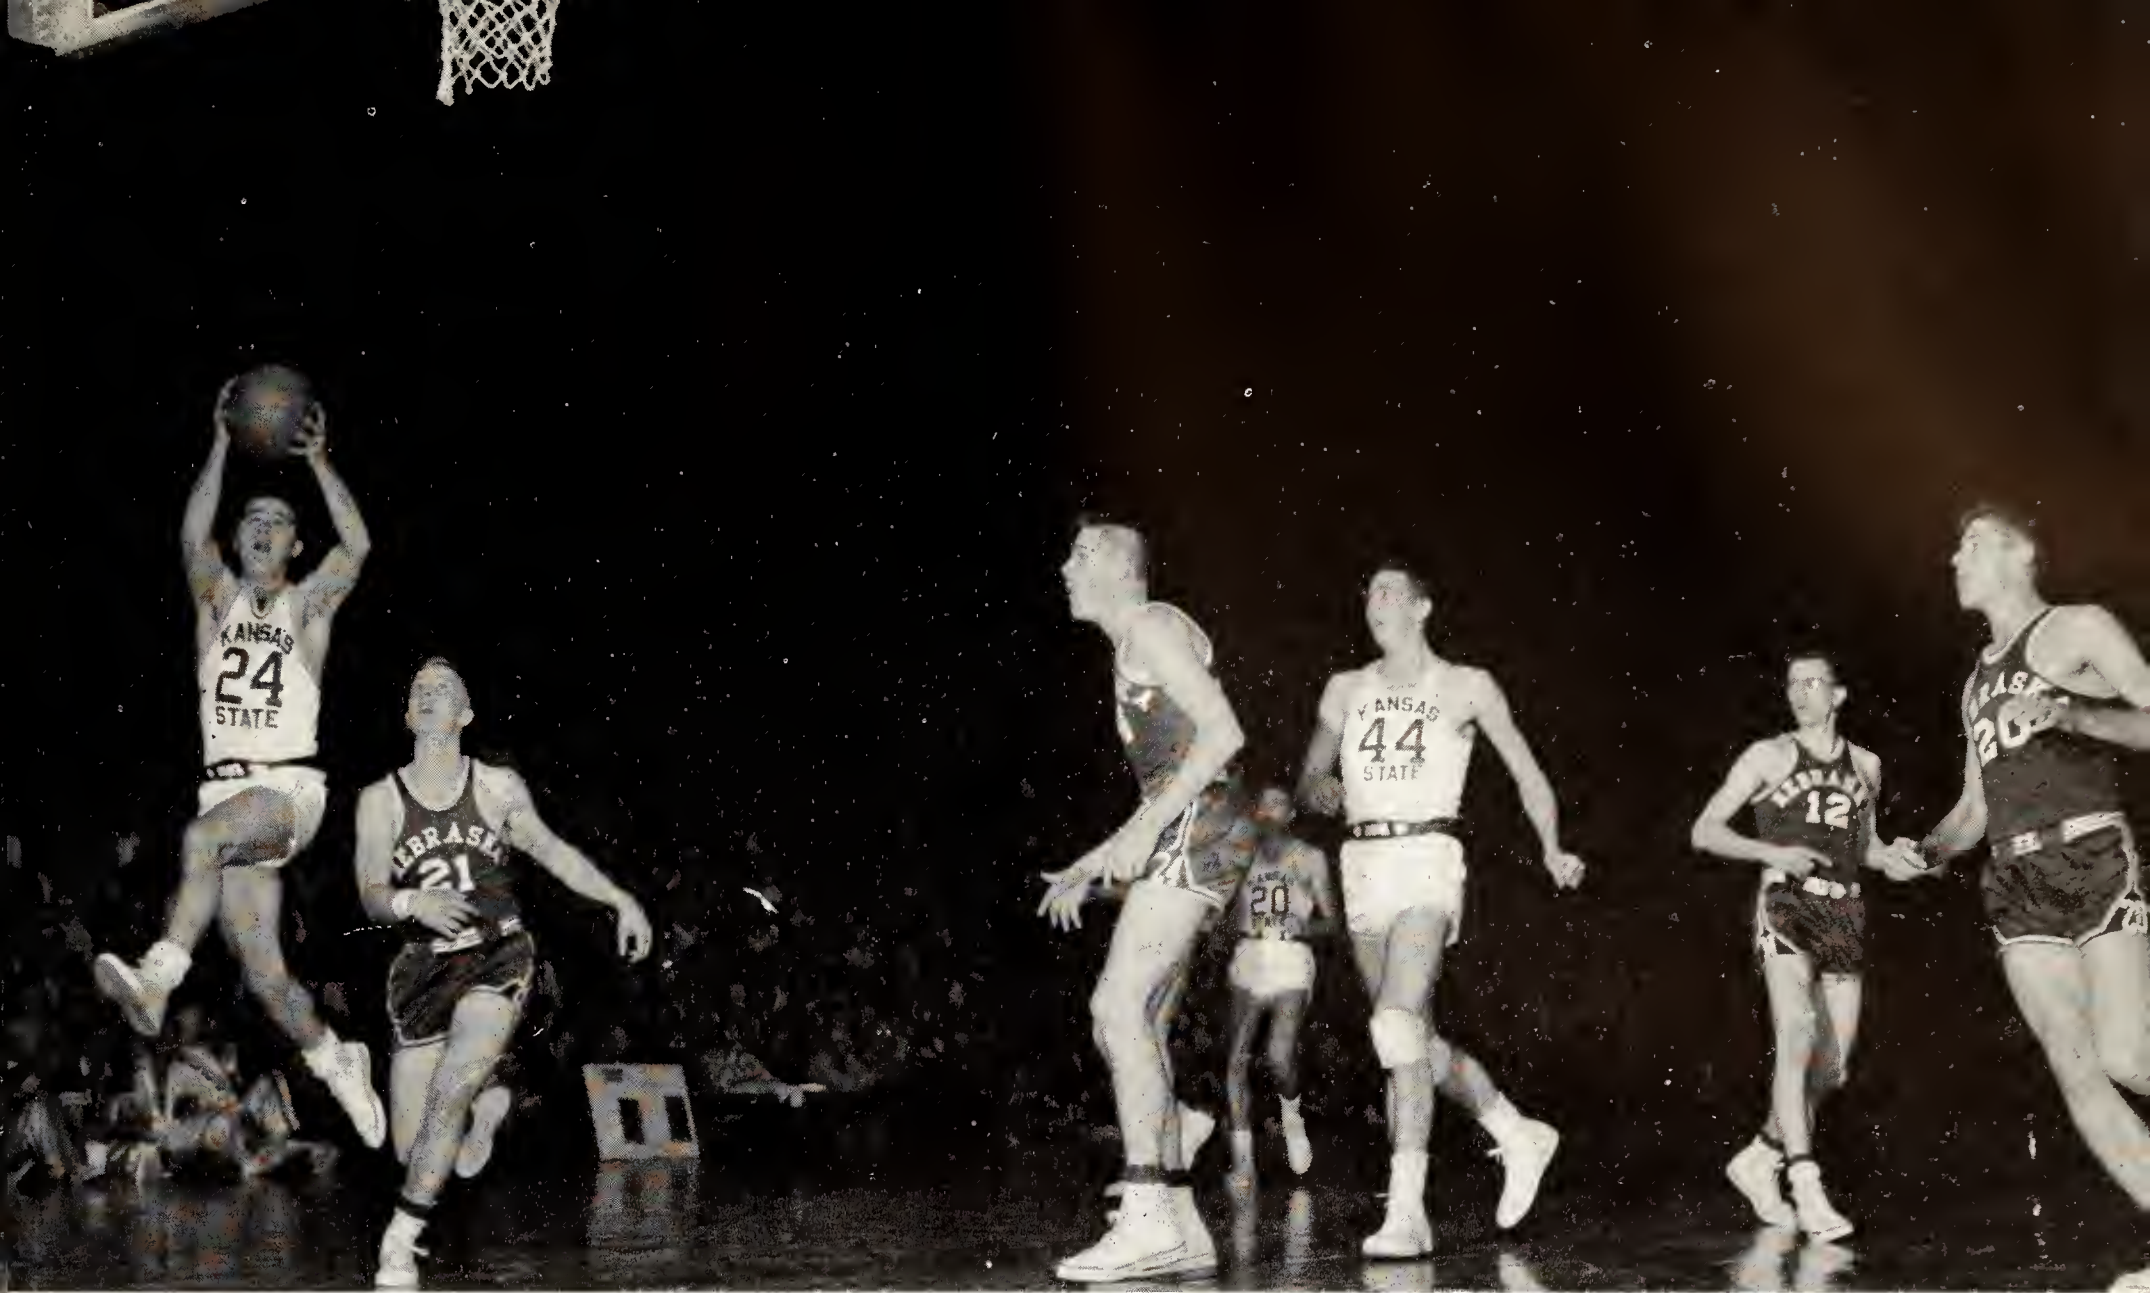

The game was close until early in the second half when the Wildcats began to pull away and the undermanned Sooners couldn't keep the pace.

The Wildcats used little Pachin Vicens as almost a one-man freeze in the last six minutes against the Sooners.

K-State played Nebraska in its next contest and staged a mighty second-half scoring spree to triumph over the Huskers, 79-62.

The victory boosted the Wildcats to third place in the conference standings with six victories against two defeats and a 11-5 over-all record.

Trailing 45-41, at halftime, the Wildcats outscored and outthustled the Nebraskans 38-17, in the second half.

Pachin Vicens, fiery guard, drives in for a layup against Nebraska. The Wildcats came from behind to beat the Cornhuskers, 79-62, to avenge an

earlier season loss. The Cats and the Huskers finished in a tie for third place with six victories against two defeats.

The game turned into a rout during the final 16 minutes as the Cats scored 30 points while the Huskers were getting 10.

Fast break turns tide

The Wildcats, with Pachin Vicens, Fritz Schneider and Dick Stone doing most of the damage, used a withering fast break to turn the tide against N. U.

Vicens, shooting, passing and dribbling with the class of a pro, led the Wildcats with 16 points.

Kent Poore and Dick Stone added 12 points apiece and Roger Craft and Fritz Schneider each collected 10.

Next game of the season was the annual "big one" for the Sunflower state schools, the game with K. U.

The game was especially important this year because it was the official dedication of the Mike Ahearn Field House and Gymnasium. The giant structure was filled with dignitaries and cage fans for the game with the Jayhawks.

K.U. wins, 78-68

The Hawks, however, proved to be unrefined and ill-mannered guests, but an in-

spired basketball team as they downed the Cats, 78-68, in an upset win.

Dallas Dobbs, junior Jayhawk forward staged a brilliant show of long range jump-shooting and free throwing for 36 points and led the underdog Jayhawks to the upset that was surprisingly easy.

Kansas took the lead with three minutes and 45 seconds gone and never surrendered it. K-State came close and once tied the game at 38-38, after trailing by six points at halftime.

The K-State burst came in the first two minutes of the second half, but it was destined to be all the Wildcats had left. K. U. lead by 12 points twice in the second half, and the Wildcats never got closer than five points in the last 15 minutes.

It just wasn't K-State's night and that was evident from the beginning. The Cats hit only 14 of 47 shots from the field for a cold 30 per cent in the first half.

Dick Stone and Pachin Vicens led the Wildcat scoring attack with 14 points each.

Fred Schneider was one of the four sophomores to letter this season. He was a regular at guard.

Ron Flynn provided reserve sharpshooting at the guard spot. He is a sophomore.

The loss to K.U. dropped the Wildcats down one more notch in the Big Seven standings, and all but eliminated them as title contenders.

Next conference action for the Wildcats was with the league-leading Colorado Buffs in the mountain city of Boulder.

K-State threw a 20-minute scare into the Buffs before yielding, 61-53.

The Wildcats, using a sagging zone, kept the Buffaloes at bay throughout the first half when they could hit only 28 per cent of their shots.

Buffaloes win, 61-53

Stone led the Cats against Colorado with 16 points.

K-State led, 33-24, at intermission, but little Charlie Mock, Colorado senior guard, scored eight points in the first three minutes of the second half, and that put the Buffs in position to go ahead and they were never headed.

During the first seven minutes of the second half, K-State was able to score only three points. With five minutes left in the game the Wildcats only got colder.

Over-all percentage for the Wildcats was 35.5, a sharp contrast to the 50 per cent in the first half.

The Wildcats seemed to run out of steam in the second half, as the Buffs out-hustled and out-rebounded them.

K-State loses thriller

The Wildcats returned to Manhattan on Monday for their final non-conference game of the season with a tough Notre Dame team.

Two free throws by all-American candidate Jack Stephens dumped the Cats in the final seconds, 76-74.

K-State started strong and kept on top of the Irish for the middle 16 minutes of the game, but were overtaken with approximately nine minutes left and never got on top again.

The final minutes of the game furnished the Wildcat fans one of the closest games of the season as the score changed hands five times and was tied twice.

Sophomore Fritz Schneider, a standout performer for K-State all through the game, was the leading Cat scorer with 16 points.

Jim Smith, senior forward, playing with a tightly taped knee, reinjured his leg and was out the rest of the season. Fans gave the popular forward an ovation as he hobbled to the dressing room.

John Smyth, Notre Dame forward, was leading scorer for both teams with 23 points.

Cats score C.U.

Just a week after their game at Boulder the Cats had a rematch with the Buffs, this time on the home boards.

The K-Staters came out fast from the starting gun and had the Buffaloes reeling under a barrage of baskets.

The Cats built a 32-9 lead with eight minutes left in the first half. From that point most Wildcats thought the game was in the bag.

However, the Buffaloes, playing like the Big Seven champions they were destined to become, never let down and continued to play smooth basketball and eat at the Wildcat lead.

The Buffs made 18 points to the Cats' five in the last eight minutes of the first half. In fact, the K-State team scored

"What do I do now?" Fred Schneider seems to be yelling to teammate Pachin Vicens. However, Schneider continued his ballet to the basket for two points against the Jayhawks.

House. The Jayhawks spoiled the dedication by up-ending the Cats, 78-68. Stone and Vicens led the Wildcat scoring.

more points in the first 12 minutes of the game than it was able to score in the final 28 minutes of the game.

Bufs out on top

The Buffs finally pulled even with five minutes left in the game, and from there it was a scramble all the way, but the Buffs came out on top by three points.

Roger Craft and Pachin Vicens turned in the best scoring performances against the Buffaloes with 14 points each. Colorado's senior forward Bob Jeangerard took scoring honors for the evening with 22 points, followed closely by Burdette Halderman with 20.

Four seniors played their last home game for the Wildcats against Colorado—Nugent Adams, Jerry Jung, Roger Craft, and Kent Poore.

Final contest, K.U.

The Wildcats' final contest of the season was the conference wind-up with Kansas at Lawrence. The game was the first played in K.U.'s new Allen Field House.

K-Staters had hoped they might be able to return the favor and ruin the Jayhawk's dedication as they had ruined the dedication of Ahearn Field House. However, such was not the case as the Hawks took a slight lead about midway in the first half. Although the Cats challenged K.U. at times, they could not overcome the Hawks' lead and lost, 67-77.

The loss was the fifth in a row for K-State as it completed their 11-10 mark.

The Wildcats trailed, 33-44, at half-time but fought to a three-point spread just after the second half started. The Jayhawks stepped up the pace right away, however, and pulled out to a commanding lead.

The Wildcats out-rebounded the Hawks in the first half, 28-25. But they were cold from the field, hitting only 26.2 per cent of their shots.

Craft paced the K-State attack with 14 points, and Adams had 13.

An extensive halftime ceremony, featuring a 25-minute pageant on basketball, topped K.U.'s dedication of its new field house in honor of Phog Allen.

Jerry Jung completed his college play with the Wildcats this year. Jung played center position.

Notre Dame's ace Jack Stephens goes high in the air as Roger Craft tries to thwart Stephens' shot. Two last-minute free throws by Stephens sunk the Wildcats, 76-74.

Craft top scorer

Final statistics for the year revealed that center Roger Craft was the top scorer for the season with 255 points in 21 games for a 12.1 average. Pachin Vicens hit 216 points in 20 games for the next best average of 10.8.

Craft was also the top rebounder of the year, grabbing 169 off the glass. He was followed in this department by Dick Stone with 147, and Nugent Adams with 110.

Pachin Vicens, speedy little guard, was named on the United Press second all-Big Seven team. He also was named to the United Press Small-America first team.

Look Magazine named Vicens to its fifth district N.C.A.A. all-area team. Craft and Vicens gained honorable mention on the Associated Press all-Big Seven squad.

Thirteen men received varsity letters. Letter and freshman numeral winners were announced at the annual basketball recognition banquet sponsored by the Manhattan Chamber of Commerce.

Five seniors letter

The five seniors who lettered were Nugent Adams, Roger Craft, Jerry Jung, Kent Poore and Jim Smith. Junior lettermen were Joe Powell, J. R. Snyder, Dick Stone and Gene Wilson. Four sophomores earned letters for their first year of varsity competition—Ron Flynn, William Hull, Fritz Schneider and Pachin Vicens.

Jim Smith was honored by his teammates as being the year's most inspirational player. Jim was the recognized team leader in the early season games before he was injured in the preseason Big Seven tournament.

Kent Poore was selected captain of the 1954-55 squad, and Dick Stone was awarded the trophy for the best shooting percentage.

Squad members who failed to play enough to earn a letter were Bob Boyd, Warren Bullock, Jack Kiddoo, Parker Stotler and Eddie Wallace.

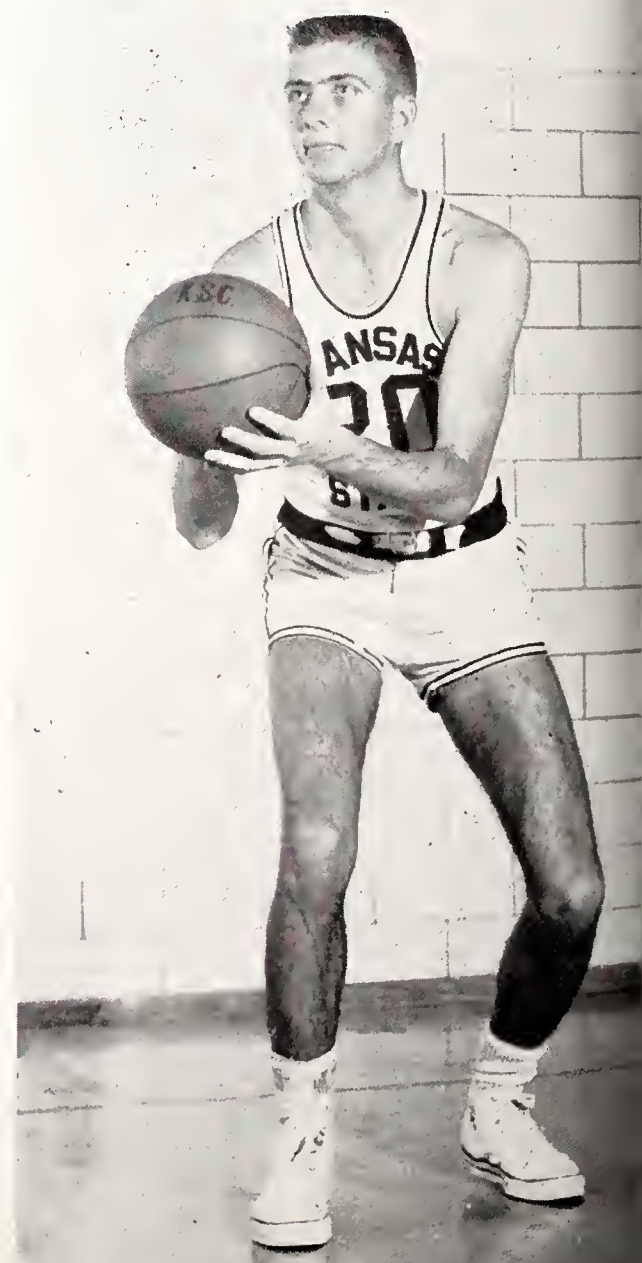

Field House dedicated

One highlight of the basketball season was the dedication of the four-year-old Field House in honor of Mike Ahearn.

Ahearn was connected with the college for 43 years as coach of almost every different sport and for most of those years as director of athletics.

A bronze plaque was placed in the foyer of the gymnasium wing of the Field House by "K" men and coaches who worked under Mike. The plaque reads, "His geniality, fair play, and sportsmanship live forever in the minds and hearts of thousands of Kansas State students and friends."

One of K-State's top rebounders was Dick Stone. He was also the Cats' best shot.

Many famous men from the sports world and all walks of life were present at the halftime ceremonies when the Field House was officially dedicated in Mike's name.

Dr. Howard T. Hill, former speech department head, was master of ceremonies. Speakers at the 20-minute ceremony included Dr. F. C. Forrest (Phog) Allen, basketball coach at Kansas, Senator Frank Carlson, President James A. McCain and Athletics director, Laurence A. (Moon) Mullins.

Mary Ahearn, widow of the former athletic director, took part in the afternoon ceremony when the bronze plaque was unveiled, and in the halftime ceremonies that night. Several of Ahearn's family were also here for the event.

President McCain summed up the feeling about Ahearn when he said "we should rededicate this Field House in the name of integrity."

The building of the Field House was

the climax of a 30-year-old dream of Ahearn, and he, probably more than any one man, was responsible for its realization.

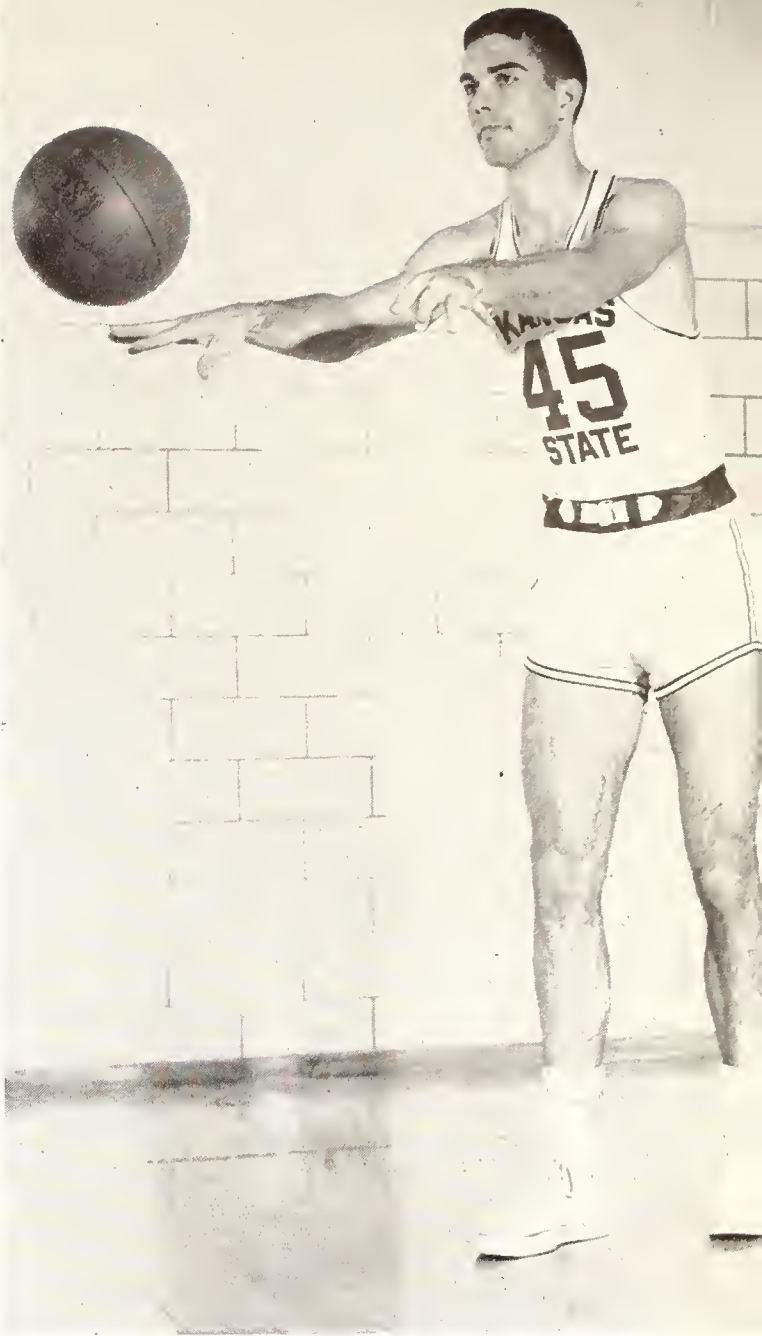

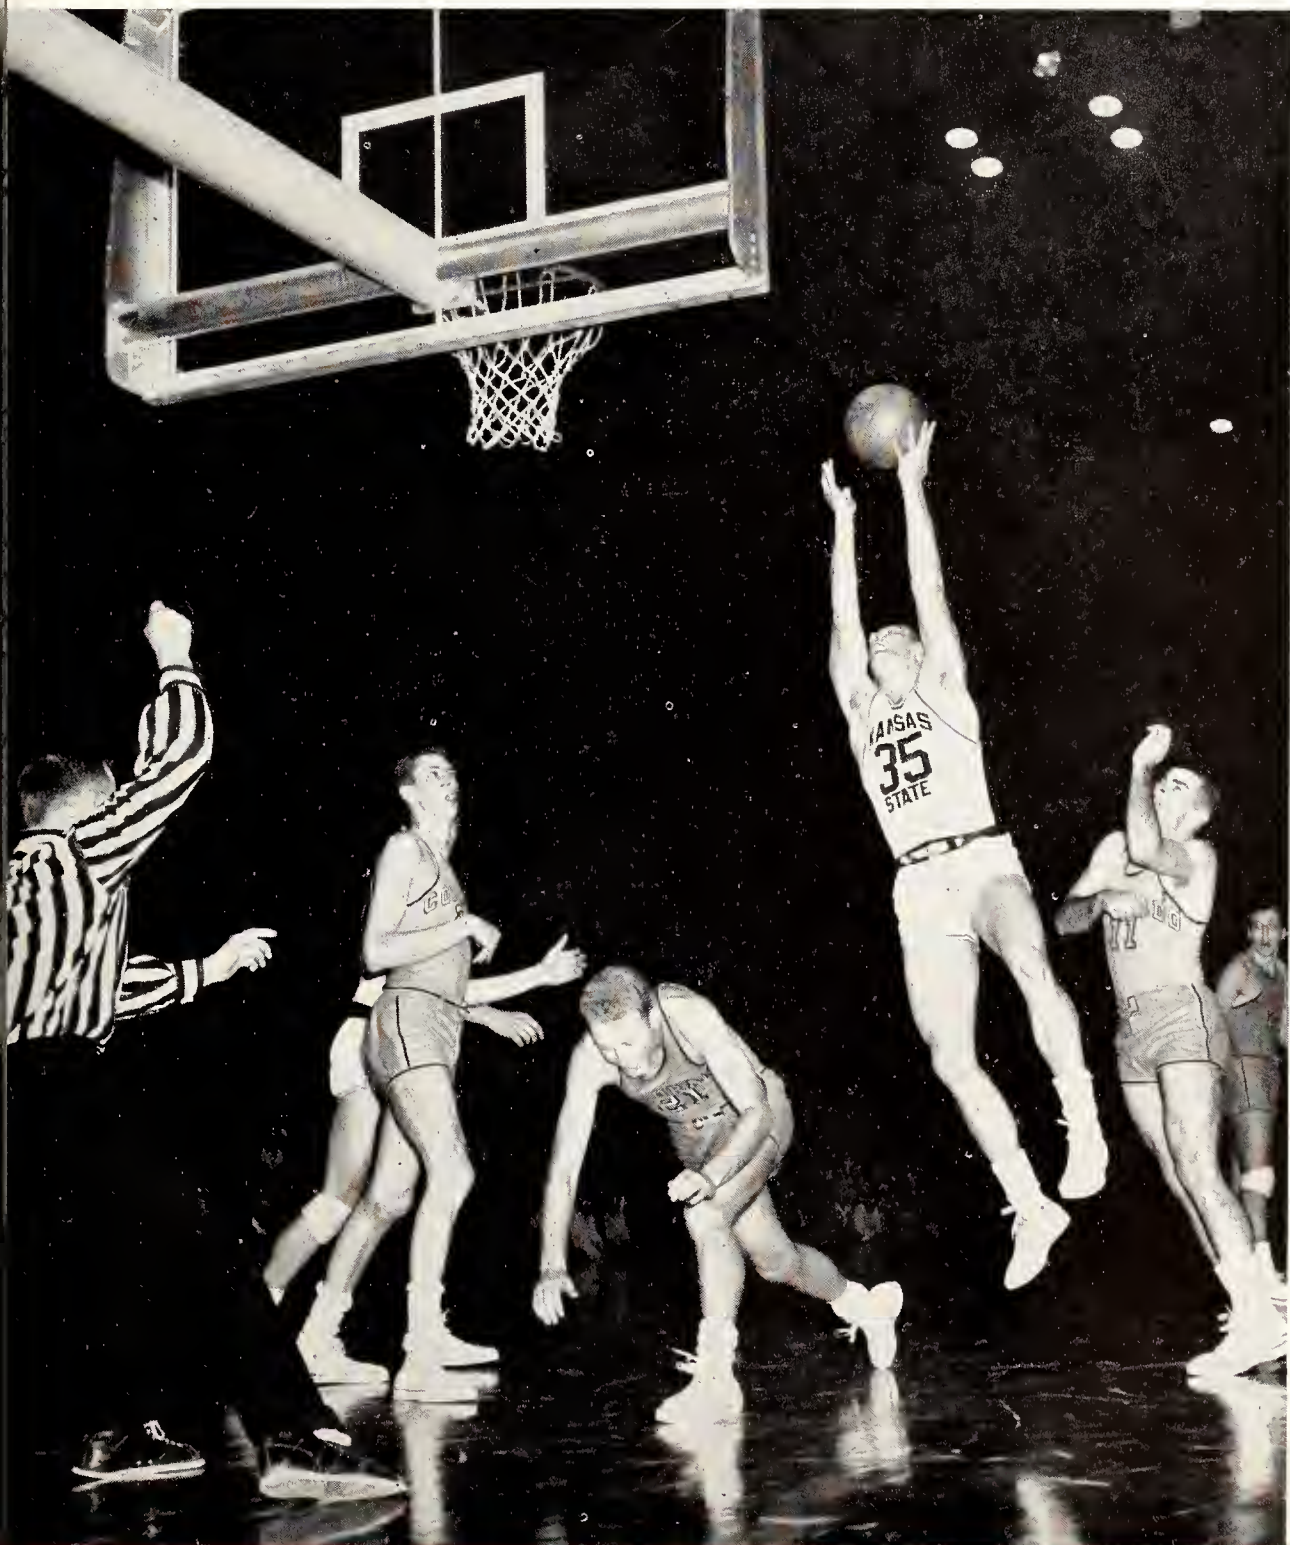

The Field House was put to another use early in March for the Western regionals of the National Collegiate Basketball tourney. The local tourney offered the best cage talent from the Big Seven, the Missouri Valley, the Southwestern conference and a team selected at large. The teams gaining the tournament berths were Colorado, Tulsa, Southern Methodist and Bradley respectively.

The opening night's play saw the Bradley Indians down S.M.U., 81-79. Bradley had entered the tournament with the worst record, eight wins and 19 losses, but a missed set-up in the final seconds cost the Mustangs the game.

Bufs down Tulsa, 69-59

In the second game, big Burdette Halderson paced Colorado with 28 points to a 69-59 victory over Tulsa. The Buf-

Nugent Adams hooks a shot toward the basket only to be fouled by Colorado's Mel Coffman (21). The Wildcats blew a 23-point lead and lost to the Buffaloes, 60-63.

Joe Powell was a top prospect at forward until his play was slowed by sickness.

faloes with their usual smooth, polished brand of basketball were just too much for the highly-rated Tulsa five.

The final night of competition provided a thriller for the fans in the consolation bracket. After being deadlocked 64-64 at the end of regulation play, Tulsa finally tallied with nine seconds left in the overtime to win, 68-67. The Hurricanes' all-American, Bob Patterson, poked through the game-winning field goal, his 35th and 36th points of the night.

The Coloradoans maintained their sharp pace and downed Bradley, 93-81. The total score, 174 points, set a new single game record for N.C.A.A. tournament play. Bob Jeangerard, who was elected the most valuable player of the tournament, hit 29 points to lead the scoring.

The Buffaloes were beaten in the opening round of the finals in Kansas City, but downed a powerful Iowa team in the consolation bracket.

SECOND ROW: freshman coach Howie Shannon, assistant coach Gene Stauffer, Jim Bumgardner, Hayden Abbott, Bill Laude, Dean Plagge, Charles Hollinger, Roy DeWitz, student manager Charles Powers. BOTTOM ROW: Bill Reinhardt, Gayle Dietz, Don Matuszak, Don Richards, Bill Bennett, varsity coach Tex Winter.

Bill Hull was an outstanding prospect at both forward and center. He is a sophomore.

Shannon Takes Over Frosh

★ Operating under new assistant and freshmen coach Howie Shannon, the Wildcat freshmen cagers were introduced to college basketball.

One of the tallest squads ever to turn out at K-State, the 20-man list of prospects for the first practice included only one man under the six-foot category.

Freshmen are prohibited by conference rules to participate in games with outside teams, so they played intra squad and varsity teams. Freshmen usually had a game preceding the home varsity tilt.

Tallest among the cage yearlings and a possible answer to Tex Winter's search for a post man is Jack Parr, 6-9 pre-med student from Richmond, Va. Parr was rated outstanding in Virginia high school play.

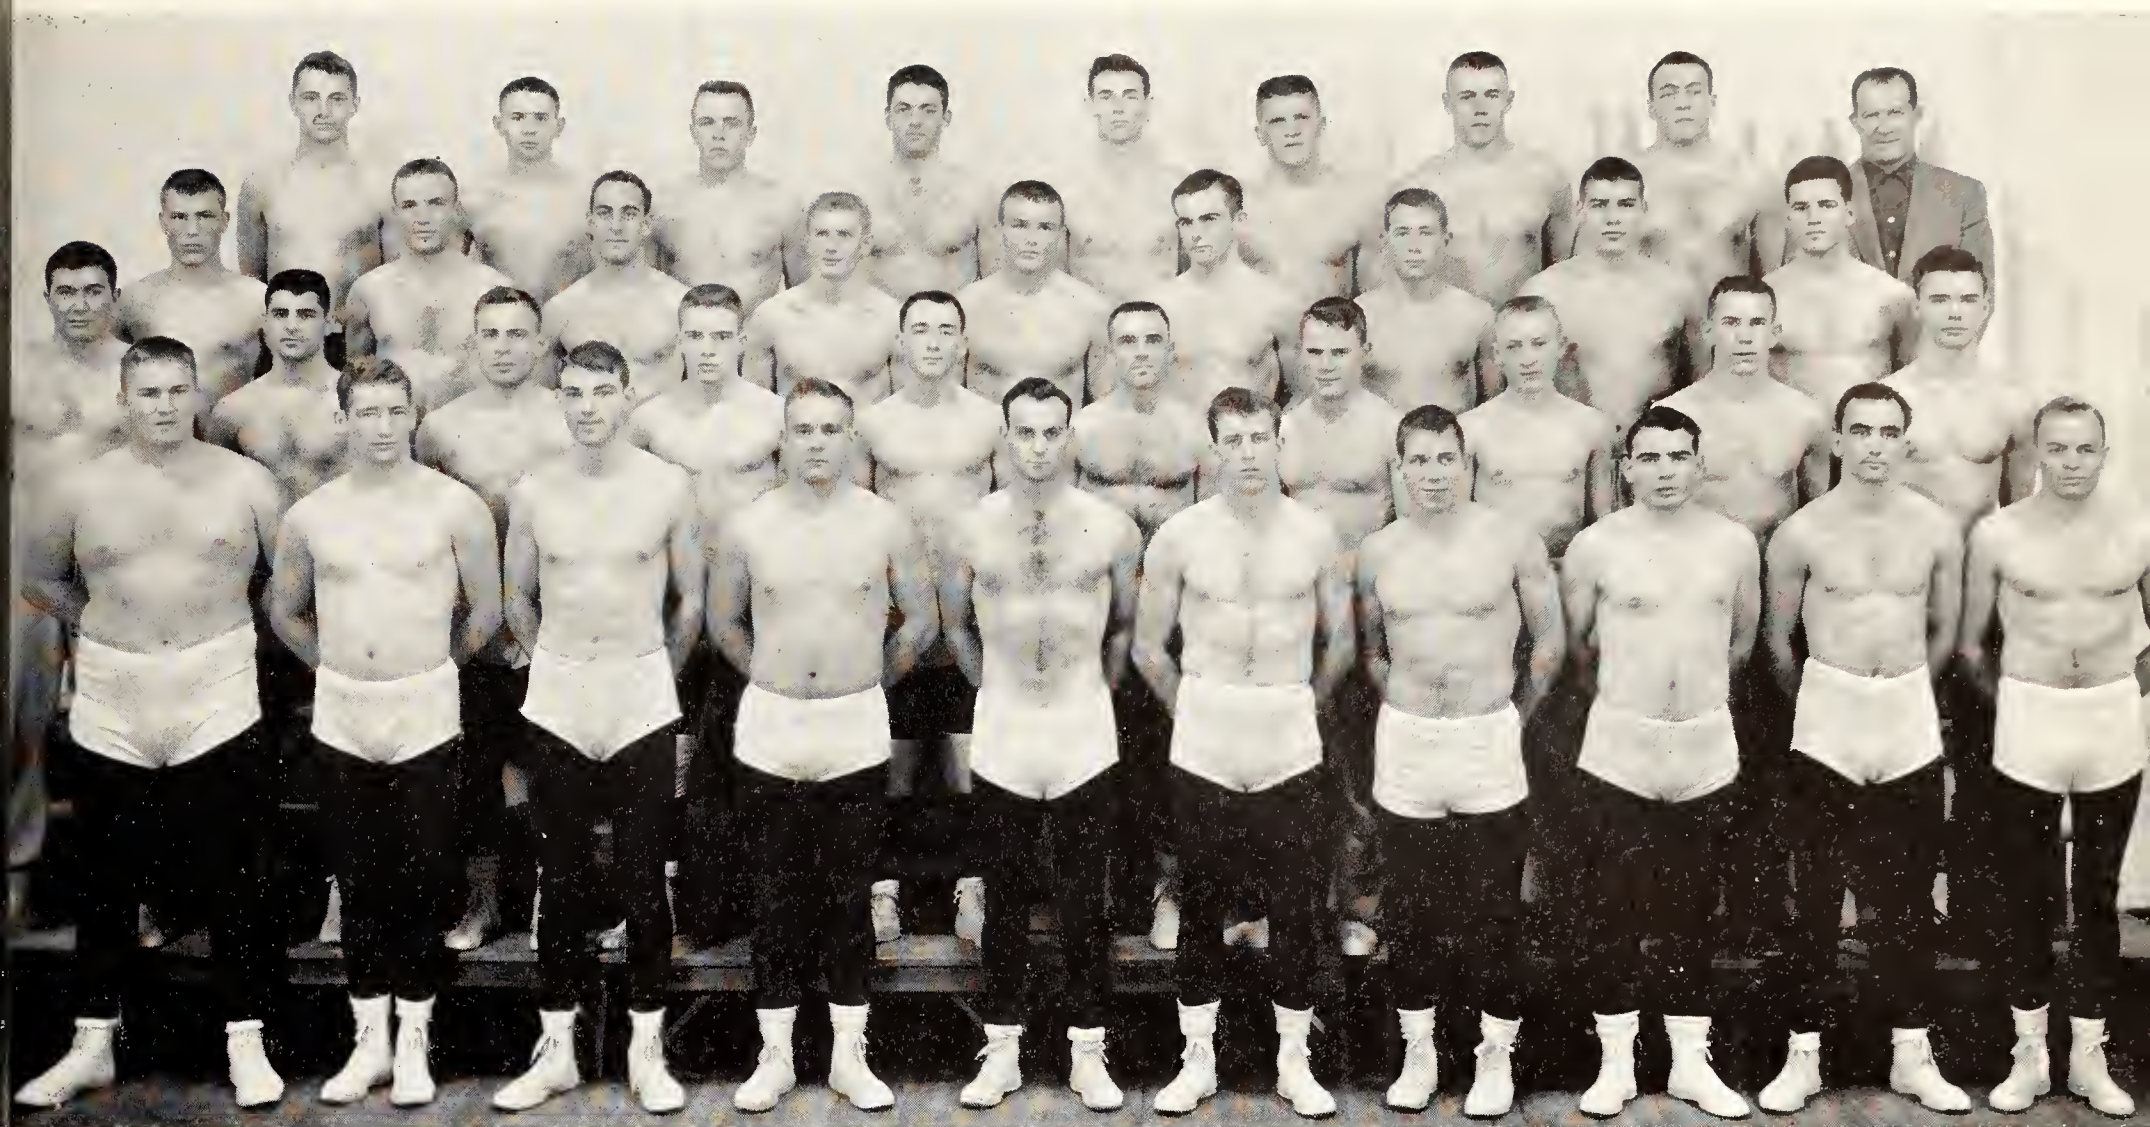

Ranking close behind Parr in height are Tom Reimers, 6-8 center and forward from Moline, Ill. and Wayne Hutchins, 6-6½ center from Oxford, who played high school basketball at Winfield.

Shannon praises frosh

Coach Shannon had nothing but praise for the freshmen. He said they have the size, speed and hustle necessary to produce winning basketball.

Sixteen men were awarded freshmen numerals at the spring banquet.

They were: James Abbott, William Bennett, Larry Fischer, Charles Hollinger, Wayne Hutchins, Robert Jedwabny, William Laude, Ron McKinnie, Don Matuszak, James Morelock, Jack Parr, Ernest Plagge, Tom Reimers, Don Richards, and Gayle Dietz.

1955 WRESTLING SQUAD—TOP ROW: Bob Granzow, Ken L. Ellegood, Virgil Hecker, Mark Hooper, Pete Everist, Raymond Glaze, Gary Haller, Ellis Rainsberger, coach Fritz Knorr. Matmen Boast 4-5-1 Record

★ K-State wrestlers had a successful season in 1955, winning four, losing five, and tying one match against some of the most rugged collegiate competition in the country.

The Wildcat grapplers were coached by Fritz Knorr. Coach Knorr had seven let-termen back from the previous season's squad.

The Wildcat matmen started their campaign against Cornell on the first leg of a three-match swing through the northern states.

Cornell downed the Cats, 17-10.

In their second match of the trip, the Cats lost to powerful Wisconsin, 24-5.

The K-State matmen gained a tie against Iowa Teachers, 15-15.

Getting reedy for the referee's "Wrestle," is K-State's Ken Ellis (top) and Oklahoma's Jim Coln. Although the Wildcats were swamped by the Sooners, 27-3, Ellis won the match, 3-2.

K-State went to Denver for its next match with the university there and defeated the D.U. wrestlers, 23-9.

Kenny Spicher, John Bradshaw and Dale Blume took decisions against Denver, while Dick Fixsen and Roland Alexander won by forfeits.

On the following night the matmen took the short trip to Boulder and defeated Colorado university, 19-11.

Gary Darter, Fixsen and Spicher were awarded decisions in their matches, and Alexander and Ken Ellis pinned their Colorado opponents.

Wrestling their third match in three days, the Cats defeated Colorado A & M, 16-11, for a clean sweep of Colorado teams. It was the first defeat in dual competition of the season for the Bears who had won three in a row.

Alexander pins man

Alexander won the only fall in the match. Spicher, Bradshaw and Ellis gained decisions, and Darter wrestled to a draw.

First action for the wrestlers in Ahearn Field House was against powerful Okla-

homa A & M. The perennial giants of the collegiate mats overwhelmed K-State, 22-5.

Point-makers for K-State against the Cowpokes were Ellis, who tied his op-

ponent, and Alexander, who decisioned his opponent.

Gary Hughes, 177-pounder, put up a determined scrap before falling before national champ Ned Blass.

"You're pulling my leg," says Roland Alexander to Young from Oklahoma. It was a close bout, but Young finally squeaked by, 7-6.

K-State's Kenny Spicher (right) and Oklahoma wrestler Bross vie for a good hold as their match begins. Bross' hold was better; he won, 7-2.

K-State earned its second victory against a conference opponent the following week with a decision over Nebraska, 19-11, at Lincoln.

Joe Landholm, Fixsen and Alexander scored decisions over the Cornhusker op-

ponents while Bradshaw and Ellis pinned their opponents. The victory gave the Cat matmen two victories against no defeats in conference action.

In their final two matches of the season the K-State grapplers entertained

the two toughest teams in the Big Seven—Oklahoma and Iowa State—in Ahearn Field House.

No competition for O.U.

Oklahoma put the Cats down to their worst defeat of the season, winning 27-3.

Heavyweight Ken Ellis decisioned Jim Coln, 3-2 to take the only decision for K-State and account for their three points.

Oklahoma decisioned four K-Staters and pinned three others to rack up its lopsided victory.

Iowa State defeated the Wildcats, 20-6, in the final dual action of the season. The loss gave the Cats a .500 mark against conference opponents.

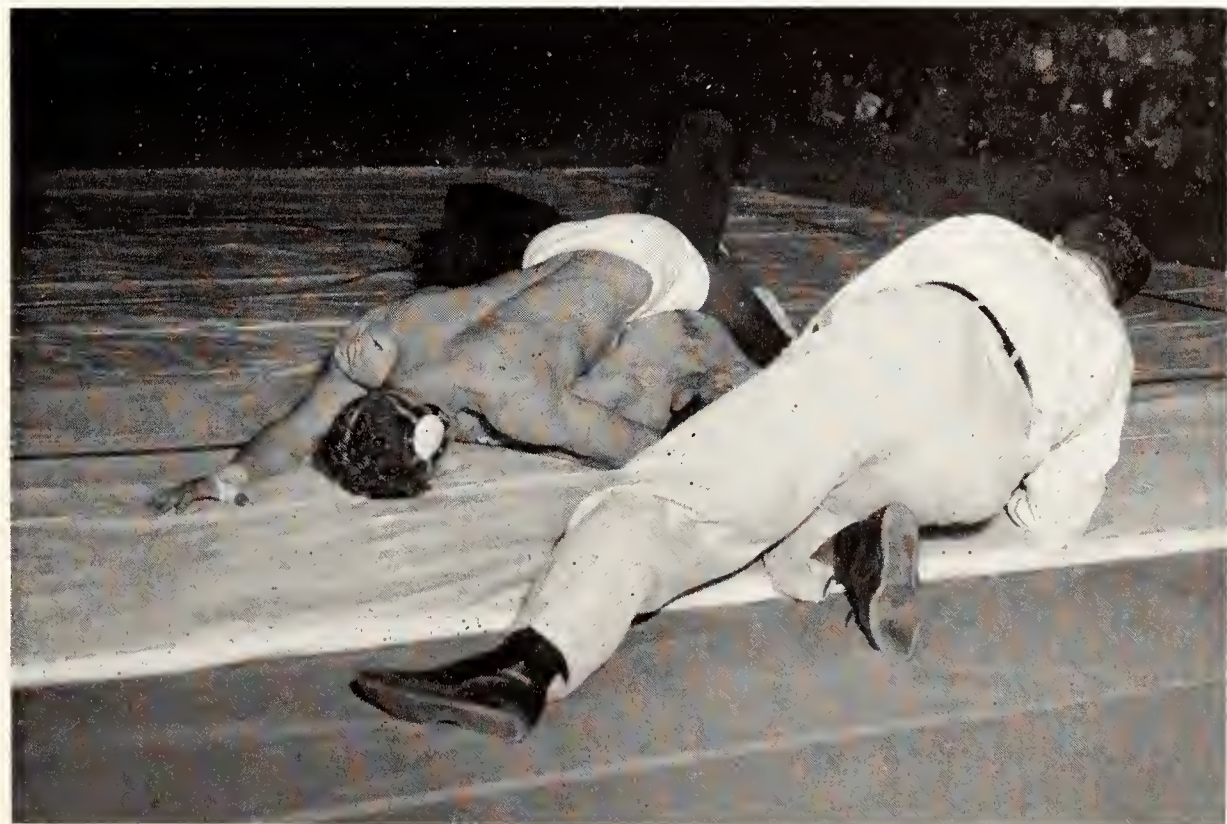

Ken Ellis and Roland Alexander, 147-pound class decisioned their opponents for the only wins against the Cyclones.

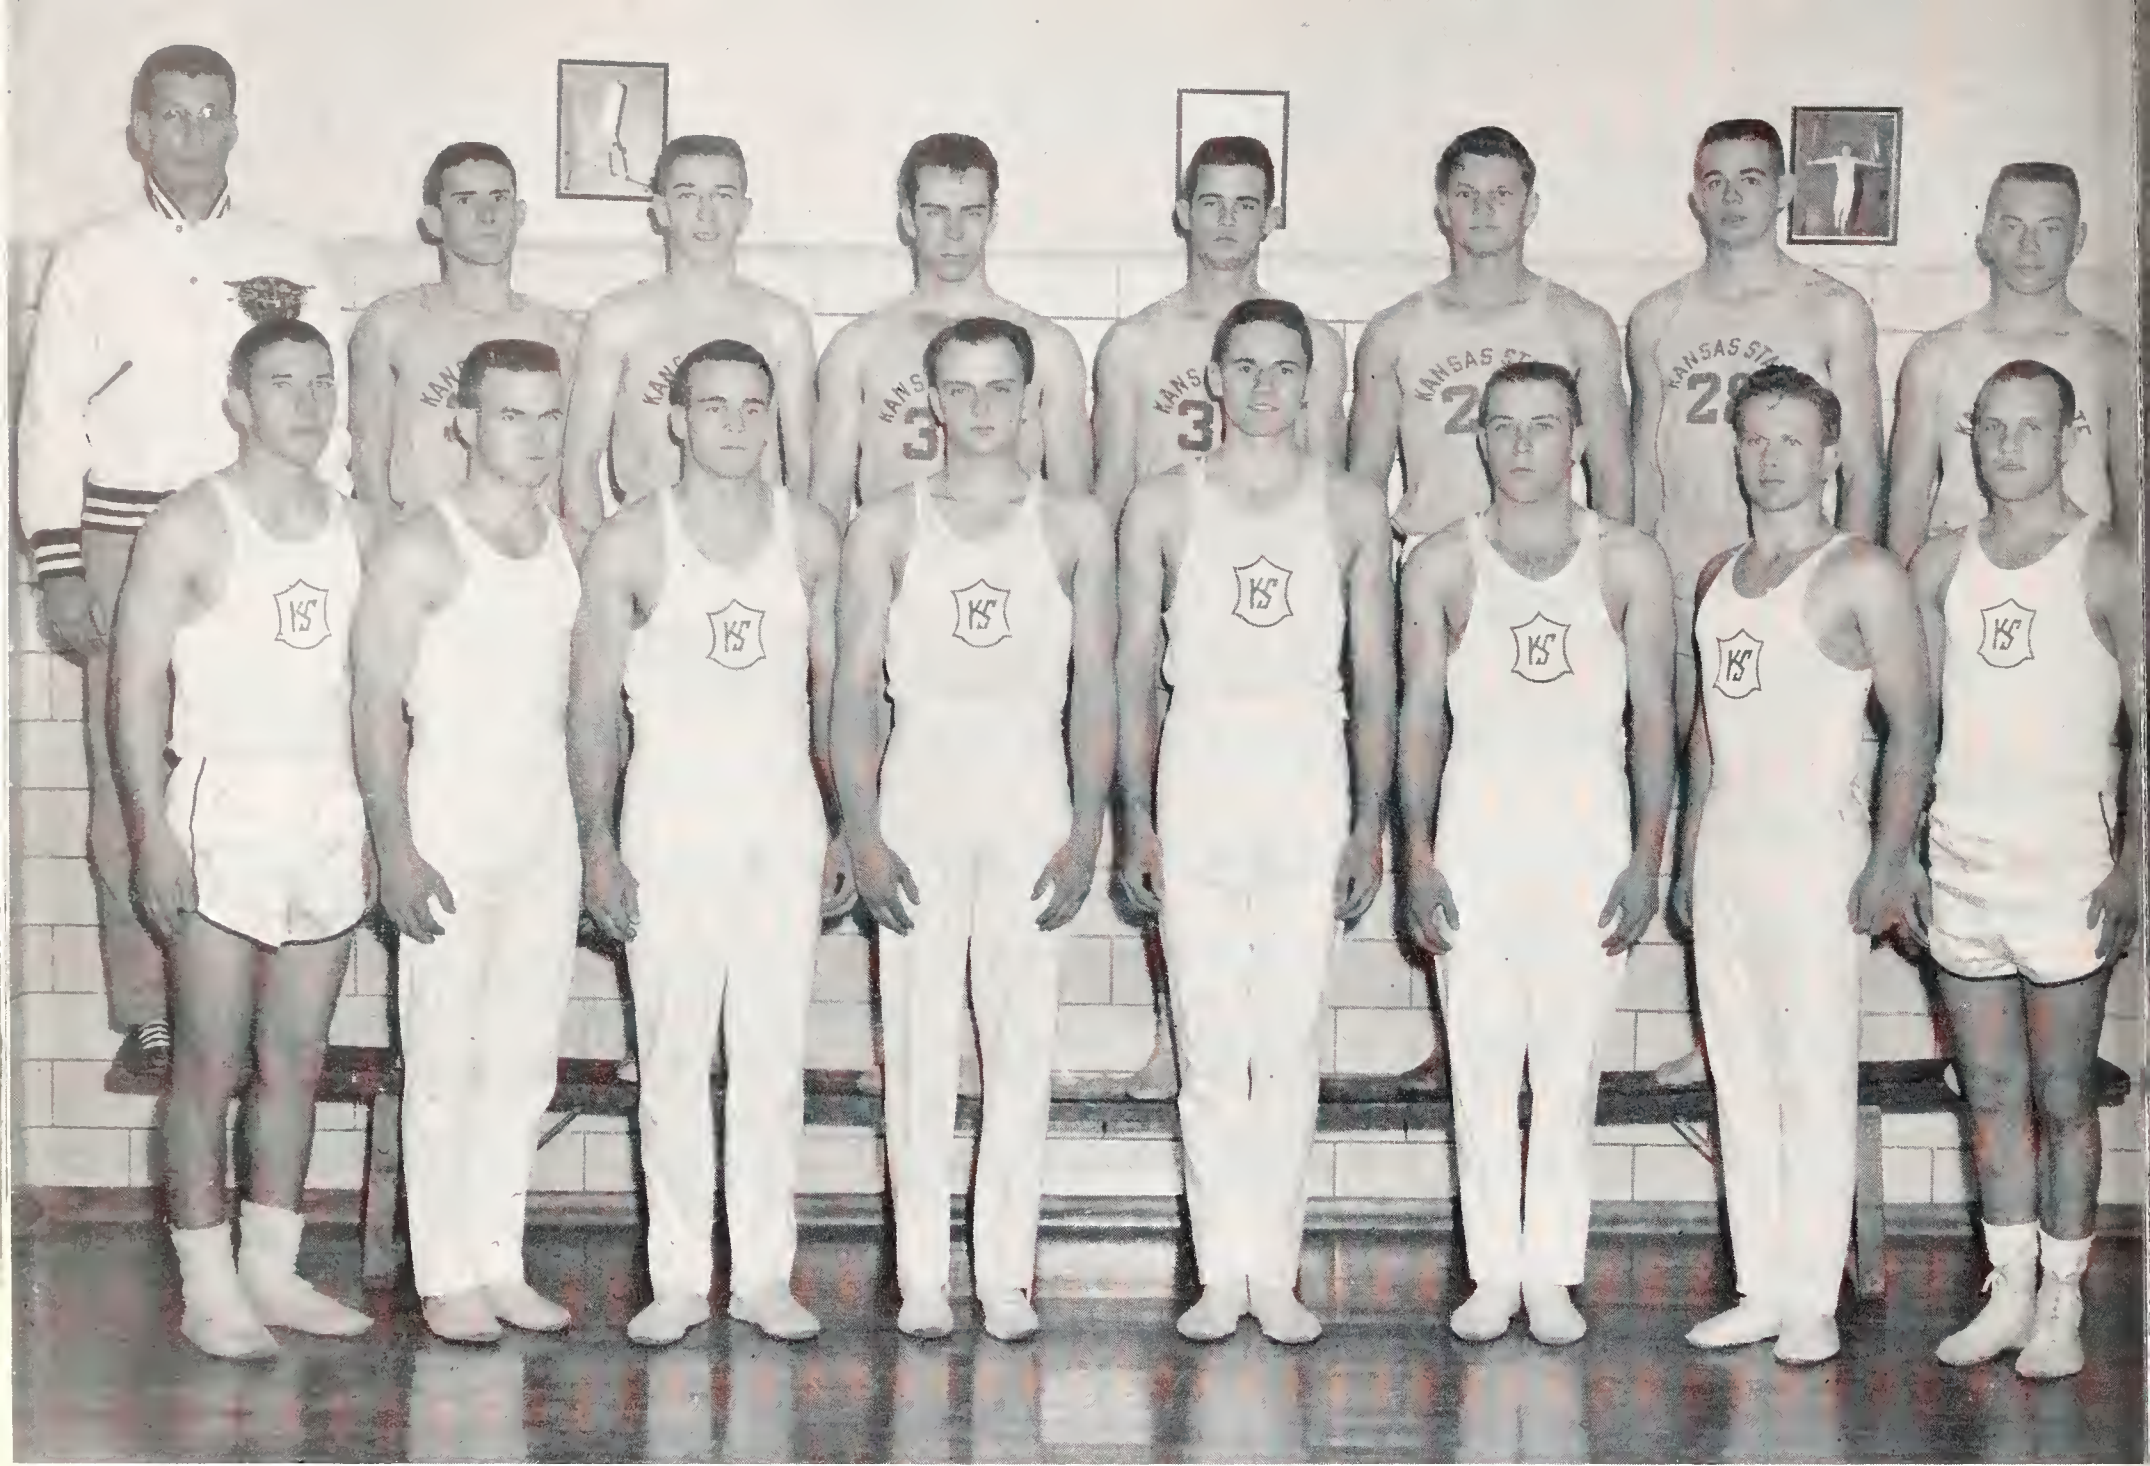

The team ended its Big Seven season with fourth place in the conference meet at Boulder.

Ellis and Alexander gained the finals, but were beaten.

In addition to the two second-place winners, Dick Fixsen and Gary Darter placed third. John Bradshaw and Jim Linnell won fourth in their weight divisions.

Joe Landholm seems to be in hot water as Ed Corr tries to apply the final touches on a pinning hold. Landholm escaped, but lost the match, 2-8.

Gymnasts Exhibit Muscles

★ The Wildcat gymnasts went into their second year of varsity competition with a nucleus of four veterans from the previous year's squad.

Two returning veterans to coach Frank Thompson's squad were Ray Beatty and Wendell Holt, the top gymnasts from the 1954 season. Beatty and Holt co-captained the 1955 squad. The two other experienced gym men on the K-State squad were Dale Misak and Wendell Minckley.

These four men, plus some sophomore and transfer talent, formed the Cat squad during most of the campaign.

In addition to the meets with college competition the gymnasts staged exhibitions during the halftime of most of the home K-State basketball games. This gave many K-Staters and visitors a chance to see the gymnasts in action. Us-

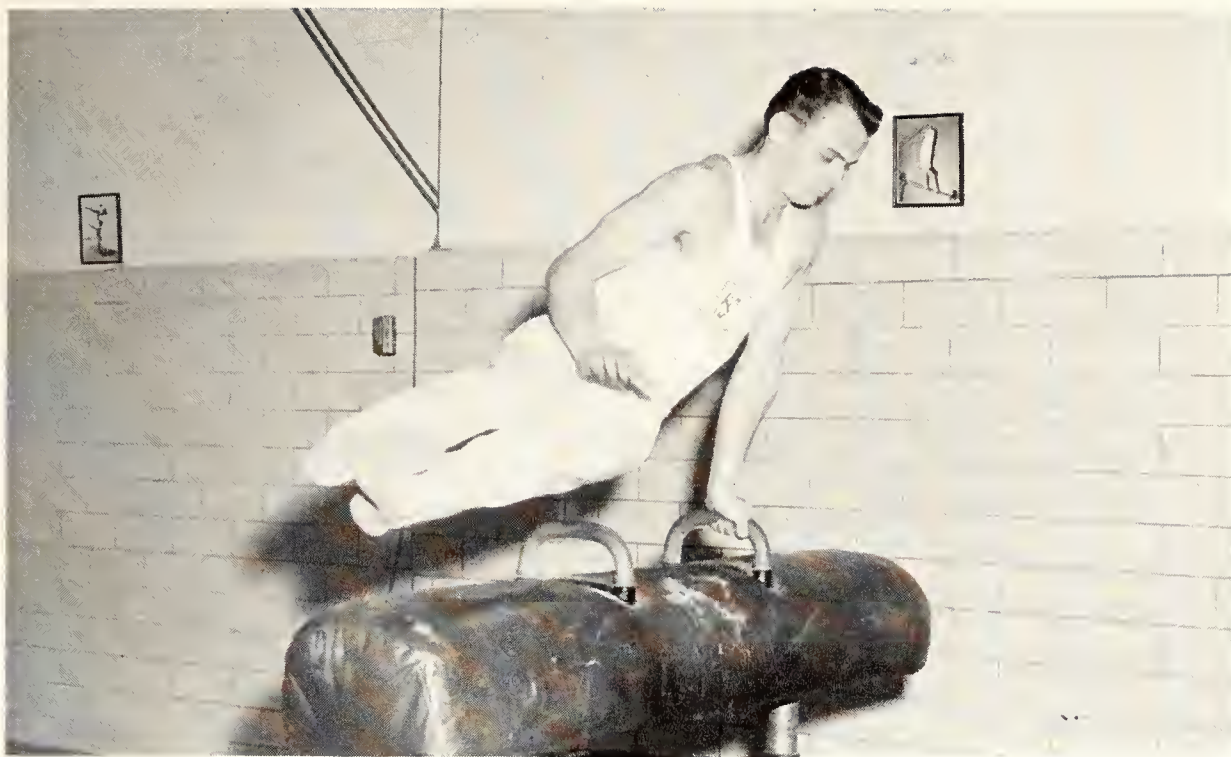

ually they exhibited different phases of the sport at each halftime period.

Swedes visit K-State

One of the best gym teams in the world visited the K-State campus when Sweden's top team staged an exhibition in Ahearn Field House. Approximately 6,000 persons attended the exhibition to see this team in action.

The Wildcats were defeated in their first intercollegiate competition of the season as they entered a triangular and double dual meet with Minnesota university and Nebraska university at Lincoln.

Cat gymnasts scored only 18 points in the triangular for last place. Nebraska was first with 67 points and Minnesota was runner-up with 56 points.

Wendell Minckley, sophomore, flashes through an intricate double-leg circle on the side horse. Minckley was one of the top men on this year's team.

Minnesota defeated K-State, 67-29, in the first of two dual meets for the Cats at Lincoln the same week end. The K-Staters took a first in the trampoline, and co-captain Wendell Holt and Ray Beatty were high point-makers for the Cats with Holt scoring 13 and Beatty five.

Nebraska drubbed the Wildcats, 74-22, in the second dual affair. Holt and Beatty again took high-point honors for K-State.

Cats fifth at Denver

Next meet for the Cats was the Midwest College meet in Denver.

Wendell Holt scored 25 points to lead the K-Staters to fifth place in the eight-team meet. Competing teams and the order in which they finished were Nebraska university, Colorado State, Colorado university, Western Illinois, K-State, Colorado A & M, Denver university and Eastern Illinois.

Holt was third in the hi-bar, fourth in the trampoline and in tumbling and seventh in the parallel bars.

Wendell Minckley placed 10th in the flying rings to give K-State a total of 26 points in the meet.

In March the gym team participated in a triangular meet at Western Illinois State. The meet was scored as a double dual, and by that method the Cats edged Notre Dame, 53-52, and were beaten by Western Illinois State, 67-41.

On the same trip the Cats racked up firsts in seven matches in a triangular at Eastern Illinois to score 87 points to win the meet.

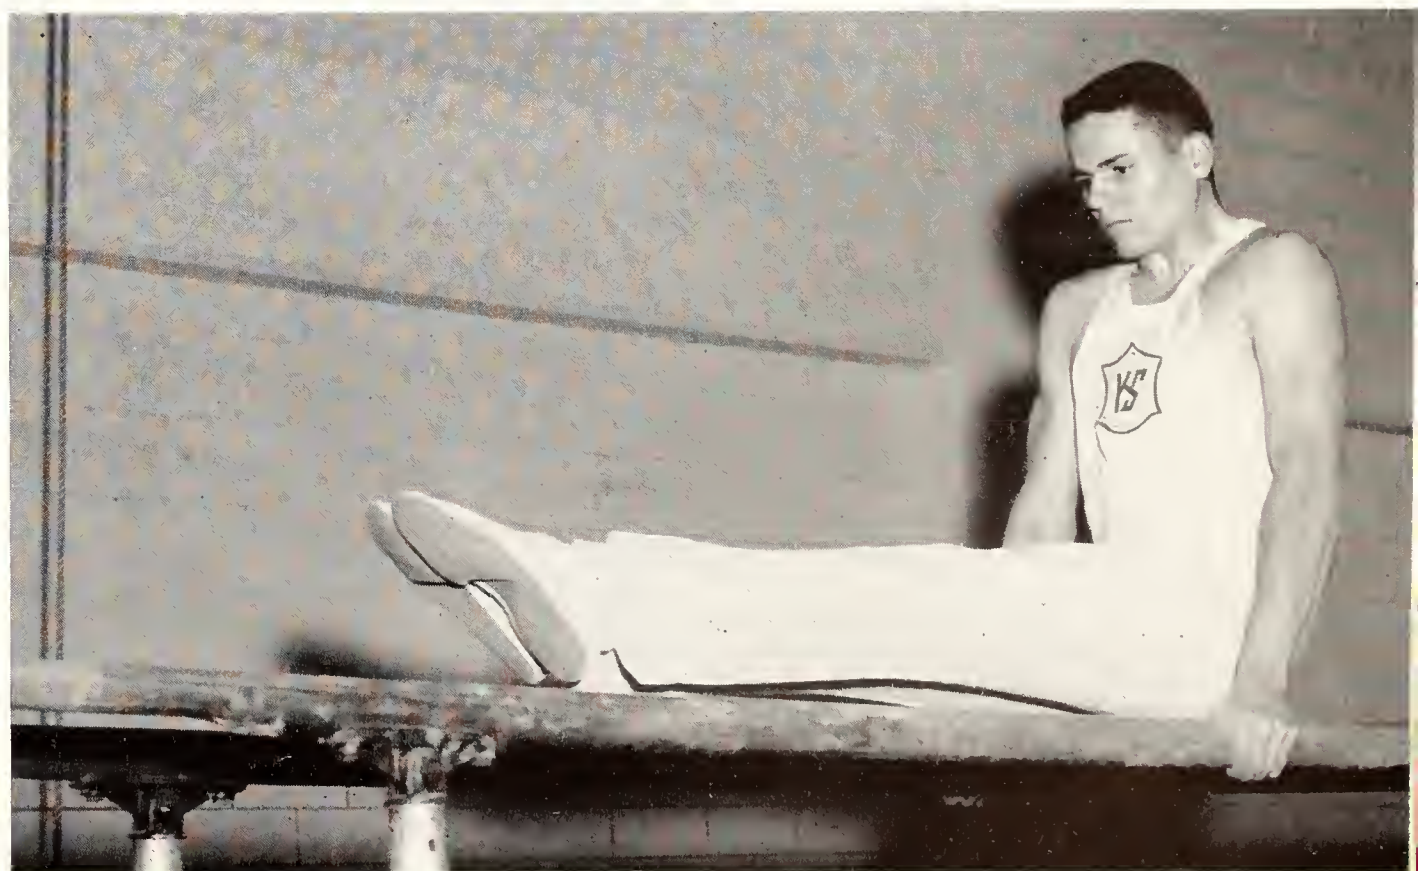

In the spring of 1954, the gym team won the Missouri Valley A.A.U. meet. The Cats won 21 medals to capture the team trophy for the second straight year.

The squad also took a second place in the Southwestern A.A.U. meet at Fort Worth last year. More than 15 colleges participated.

Wendell Holt, co-captain of this year's team, does a front giant swing on the hi-bar.

Maintaining the "L" position on the parallel bars looks easy for Sid Warner. Warner, a junior, will be back to aid next year's gymnastic squad.

1955 INDOOR TRACK SQUAD—TOP ROW: Gene Youngstedt, Gene Wilson, Whitney Hicks, Marvin Chiles, Paul Miller, Darl Michel. SECOND ROW: Mike Cornett, Dolan McDaniel, Ray Russell, Gary Doupnik, Bill Carrington. BOTTOM ROW: Coach Ward Haylett, Kenny Nesmith, J. D. Patterson, Joel McGill, Carl Hobson, Ray Beikman.

Paul Miller vaults 13-8 $\frac{5}{8}$ to a victory and a new record against Iowa State and Colorado.

Cats Record Three Wins

★ The K-State indoor track team participated in two dual meets, two triangulars, the Big Seven conference meet and the Colorado Invitational during the 1955 season. The team won three meets—both triangulars and one dual, and finished sixth in the conference meet.

The season opened early in February with a meet with Nebraska university at Lincoln. Wildcat depth paid off against the Cornhuskers as the Cats won, 58-46.

K-State tracksters who took first in the N.U. meet were Dolan McDaniel, 60-yard dash; Marvin Chiles, 440-yard dash; Glen Taplin, two-mile run; Hubert Guest, 880-yard run; and Allen Muecke, shot put.

The K-State mile relay team of Jim Loomis, Ray Russell, Joel McGill and

Marvin Chiles won its event in 3:36.5.

Tigers romp, 91-13

Waiting only three days for their next action, the indoor trackmen traveled to Columbia to meet powerful Missouri.

The Tigers, who in early season were given the best chance to dethrone the Jayhawks for the Big Seven championship, trounced the Wildcats, 91-13.

Kenny Nesmith turned in the best performance against the Tigers with a second in the broad jump.

A scheduled trip to the Michigan State relays was cancelled at the last minute, but the track team went to a triangular with Drake and Omaha university at Omaha to take its place.

Dolan McDaniel (71) breaks the tape just before Colorado's Carroll Hardy to win the 60-yard dash for K-State. Hardy was second, John

Stodgell of Iowa State third, and Marvin Chiles (54), K-State, fourth. McDaniel's time was 6.3 seconds.

K-State walked off with first place in that meet by an overwhelming score of 73 points. Drake came in second with 30, and Omaha managed 26.

Dolan McDaniel, Ray Russell, Hubert Guest and the mile relay team took first to lead K-State's entries.

The only indoor triangular meet of the season in Ahearn Field House was with Iowa State and Colorado university.

K-State captured the meet with 48½ points. Iowa State, with 40½ points, edged Colorado for second place by ½ point.

First-place winners for K-State were Bill Carrington, shot put; Dolan McDaniel, 60-yard dash; and Paul Miller, pole vault.

Next action for K-State was the Big Seven meet in Kansas City's Municipal auditorium.

Miller ties for first

The Wildcats could place only three men in the tough conference competition. Paul Miller tied for first in the pole vault to lead the Wildcats. Fred Wingert tied for fifth in the same event.

The only other K-Stater to place was Ray Russell, who took fifth in the 60-yard high hurdles.

The Cats ended their season with the Colorado Invitational at Boulder. Only three men made the trip, and a second by Gene Wilson in the high jump accounted for K-State's only scoring.

Bill Carrington heaved the shot 47 feet 21⅞ inches for a K-State first.

Lunging over the wire to win the 60-yard high hurdles is Fritz Hageboeck, Colorado. K-State's Mike Cornett finished second, Gary

Doupnik (73) third and Ray Russell (72) fourth. The meet was a triangular with Colorado and Iowa State.

1954 OUTDOOR TRACK SQUAD—TOP ROW: Coach Ward Haylett, Charles Zickefoose, Roderick Clarahan, Marvin Chiles, Thomas Wesselowski, Donald Hart, Dale Gigstad, Darl Michel, asst. coach Bernard (Bus) Mertes and freshman coach Gerald Shadwick. SECOND ROW: Allen Muecke, Jerry Sartorius, Jack Railsback, Mike Cornett, Martin Tibbetts, Paul Miller Jr. and Gene Youngstedt. BOTTOM ROW: Jerry Mershon, Dane Bruster, Raymond Russell, Jerry Rowe, Glen Taplin, Chester Wasson, Donald Roberts and James Loomis.

Trackmen Fifth in Conference

★ With a young squad and the loss of a great star and point-getter, Thane Baker, track coach Ward Haylett might well have expected to have a "rebuilding year" in the 1954 outdoor track season.

Despite the inexperience of the track squad and the loss of Baker, Haylett improved his record of the previous year. Finishing fifth in the Big Seven conference meet, the track team chalked up one more victory in dual competition than it attained during the 1953 season, winning two and losing two.

The most satisfying meet of the year was the Iowa State dual at Ames. That meet marked the first outdoor win of the season for the Wildcats and also kept a winning record of 26 years standing unbroken.

Varsity records broken

Two Wildcat varsity records were broken in the Iowa State meet by Cat trackmen. This feat kept intact Haylett's record of having a new varsity record established every season at K-State.

Junior sprinter Jerry Mershon, who ran in the shadow of Thane Baker, showed signs of filling his shoes during the 1954 season.

Mershon set one new meet record in his first dual competition of the season against Missouri as he ran the 220-yard dash in 21.0 seconds to break the meet record. During the meet, he also tied Baker's mark of 9.8 seconds in the 100-yard dash.

For the first outdoor competition of the 1954 season, Haylett split his forces sending part of the squad to the Colorado Indoor Invitational at Boulder and the rest of the members to the Oklahoma A & M Relays.

Cats place third

Haylett later called it a good week end because the Wildcat thinclads placed third in the Oklahoma A & M meet and several trackmen won individual honors at the Colorado Invitational.

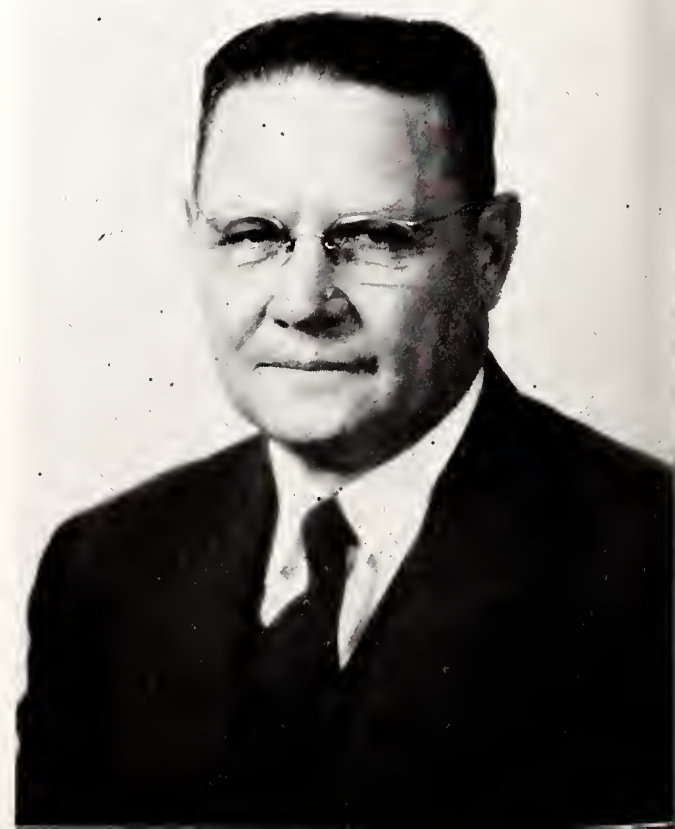

K-State's 880-yard relay team prevented the Aggies from taking a clean sweep of the relay events by edging the Aggies for first place in 1:29.3. Jerry Mershon, Jerry Rowe, Jim Loomis and Marvin Chiles made up the winning relay team.

Fred Wingert gained the only other first for the Wildcats in the A & M contest as he vaulted 13 feet to win the pole vault.

Coach Ward Haylett, in his 27th year on K-State's staff, is world-famed as assistant coach of the 1948 U.S. Olympic team, and head coach of the U.S. teams touring Europe, Japan and the Pan-American games.

Two relay teams and one individual performer placed in the Texas Relays at Austin, April 3, in the first squad action for the outdoor trackmen.

The 440-yard relay team placed sixth and the 880-yard relay team fifth. Mershon, Rowe, Loomis and Chiles composed both relay teams.

Wingert was the only other Cat to place in the Texas meet, taking sixth in the pole vault.

Missouri wins dual opener

Superior depth was the difference as Missouri downed the Cats, 78-58, in the K-Staters' initial dual of the season.

Mershon sparked the Cat trackmen as he broke the meet record in the 220-yard dash and tied the record in the 100-yard dash.

One other K-Stater was a double-winner besides Mershon. Ray Russell topped all comers in the 220-yard low hurdles and the 120-yard high hurdles. He ran them in 23.7 and 14.8 seconds respectively.

Two Wildcat basketball players, Len Wilson and Joe Powell, ended in a three-way tie for first place in the high jump with Missouri's Dave Horn. Their top jump was six feet even.

Another K-State meet record was tied by Jerry Rowe, who ran the 440-yard dash in 48.8 seconds. Rowe also anchored the mile relay team to a win, coming from behind in the final lap of the race.

Denny Hart, K-State broad jumper, registered his lone first of the season against the Tigers, jumping 21 feet, 10½ inches.

Russell places at K.U.

Expressing hope for the showing of his relay teams, Coach Haylett entered several men in the Kansas Relays at Lawrence. However, they found the competition too tough, and the only man to place in the Relays for K-State was Ray Russell with a third in the 400-meter hurdles.

Entering the Colorado Relays at Boulder, the Wildcat thinclads earned 14 points and a tie for second with Colorado University. The first place team, Colorado A & M, compiled 15 points.

The outcome of the battle rested on the mile relay team—Jerry Sartorius, Jim Loomis, Jerry Rowe and Marvin Chiles. Although K-State's strong four-man team topped this event, the Colorado Aggies had a faster time in their heat to give them the meet.

K-State's single first place was taken by the 880-yard relay team composed of Chiles, Rowe, Loomis and Jerry Mershon. The time was 1:28.3.

Hawks prove too tough

The powerful K.U. Jayhawks were the final home opponent in a dual, May 1. The track-conscious Jayhawks were too talented and deep in material for the Cats as they won, 78-53.

Fred Wingert tops the bar at 12 feet 6 inches to gain a tie for first place against Missouri in the opening home dual meet of the season. He tied with Frank Dickey, M.U. vaulter.

Denny Hart, the Cats' leading broad jumper, warms up before a meet.

Jerry Mershon was the top dash man, winning all dual 220-yard runs.

Throwing the shot was Allen Muecke's job. His best toss was 46 feet 2 inches.

Sizing up the situation before the race are runners Chet Wasson, Glen Taplin, Gene Youngstedt and Darl Michel.

Consistent point-getter, the mile relay team was composed of Marvin Chiles, Jerry Sartorius, Jim Loomis and Jerry Rowe.

Hurdling for K-State were Jack Railsback, Ray Russell and Mike Cornett.

Keeping his undefeated record intact, Ray Russell edges out Bill Biberstein, K.U., in the 220-low hurdles with a time of 23.7 seconds. The meet was at Manhattan.

Individual Wildcats nabbed the spotlight from the K.U. runners as they took five firsts and set the only new meet record. Ray Russell skimmed the low hurdles in 23.7 despite a wet and muddy track to establish a new mark.

An unexpected first came when Allen Muecke hurled the shot 46 feet, 2 inches, eight inches better than his best previous toss.

Other K-State firsts came in the mile relay and the 220-yard dash won by Mershon in 21.2 seconds. Wingert contributed the other first in the pole vault.

Mershon and Russell tied with two K.U. trackmen for high-point men of the meet, each having a total of eight points.

Following the two dual losses on home ground, the Wildcats took to the road for duals with Iowa State and Nebraska.

The Cat tracksters chalked up their first dual victory of the outdoor season, nipping Iowa State by less than three points, 66 $\frac{2}{3}$ to 64 $\frac{1}{3}$.

The Wildcats got their victory margin against the Cyclones with sweeps in the high hurdles, shot-put and discus.

Six records broken

Six records fell during the meet, each school accounting for three.

Wildcats Mershon and Russell were double winners against the Cyclones. Mershon won the 100-yard and 220-yard dashes, and Russell came out on top in the low and high hurdles.

The speedy sprinter clipped one second off the 100-yard meet record, covering it in 9.8 seconds. Russell lowered the varsity

low hurdles mark by 1.1 seconds with a time of 23.4 seconds. The other Cat record-breaker was Fred Wingert, who went 13 feet, $\frac{5}{8}$ inches in the pole vault for a new varsity mark.

Bob Playter won the shot-put, and the other first for K-State came in the discus. Charles Zickefoose threw the platter 128 feet, 11 $\frac{3}{8}$ inches.

Cats down Cornhuskers

Another record was erased in the next meet as the trackmen from K-State dumped Nebraska, 70-61. This time it was the Cat mile relay team which came up with the record-shattering performance.

A foursome of Chet Wasson, Sartorius, Loomis and Chiles traveled the mile in 3:20.2 in the Nebraska dual to better the meet record by one-tenth of a second.

Wildcat sprinters largely accounted for the dual victory as Mershon and Chiles finished one-two in the 100 and 220-yard dashes. Mershon clocked the century run in 10 seconds flat and the 220 in 22 seconds.

The hurdles were won by Russell. His time for the low hurdles was 24.6 seconds and for the high hurdles, 15.2 seconds.

The meet winner was undecided until the final event, the mile relay. The K-State runners gave the victory to the Cats.

The other two dashes, 440 and 880-yard, were both captured by Jerry Rowe and Chet Wasson respectively.

The Nebraska track was conducive to K-State wins as Glen Taplin took the mile in 4:31.6.

Cats fifth in conference

In the Big Seven conference outdoor meet at Boulder, the Cats grabbed 36 points on three second places, two fourths, a fifth and two sixths, to give them fifth place in the conference standings. They finished ahead of Iowa State and Nebraska. It was the same spot in which the Wildcats finished the year before.

The outstanding runner for K-State was once again Mershon, who took seconds in the 100 and 220-yard dashes. The only other Wildcat to take a second in the meet was Russell in the low hurdles. He was also fourth in the high hurdles.

The mile relay team of Chiles, Sartorius, Loomis and Wasson took fourth in that event.

Several of the top performers for K-State competed in various meets during the summer months.

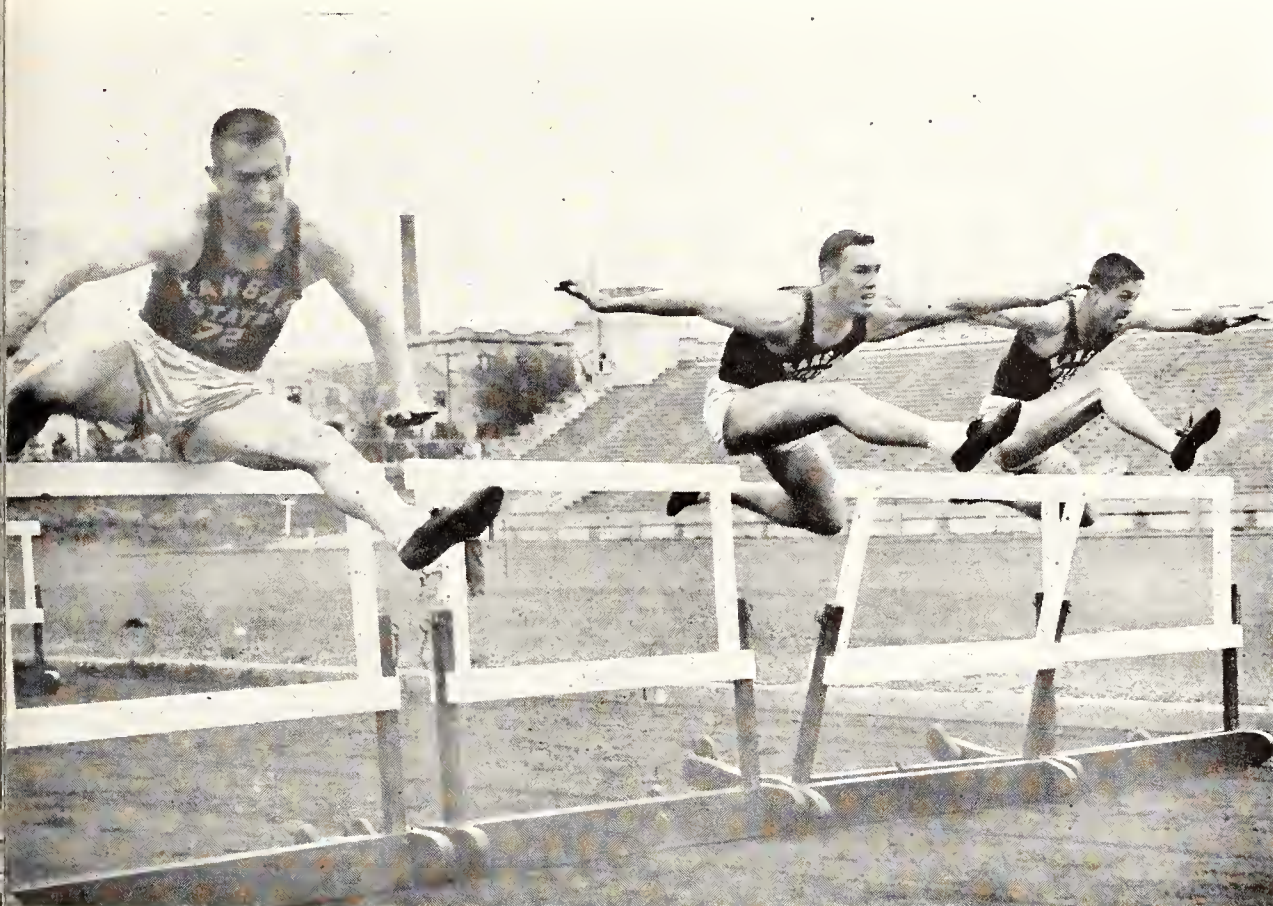

Mershon first in Missouri A.A.U.

Mershon captured a first in the 220-yard dash with a time of 21.4 in the Missouri Valley A.A.U. meet at Shawnee-Mission early in June. He also ran on the winning 440-yard relay team and placed third in the 100-yard dash.

Two other K-Staters, Marvin Chiles and Jim Loomis, were on the winning open division mile relay team. They won the event in 3:49.3. Freshman Joel Mc-

On his way to a first place, Denny Hart reaches a mark of 21 feet, 10½ inches in the broad jump against Missouri. It was K-State's lone broad jump win of the season.

Up and over. K-State's trio of hurdlers—Ray Russell, Mike Cornett and Jack Railsback—warm up before the meet with Kansas. Russell was undefeated in low hurdles in dual competition.

Gill took second in the high hurdles behind Big Seven champion Bill Constantine, Missouri.

Jerry Rowe and Mershon battled with the nation's best talent in the Central Intercollegiate track meet at Marquette university at Milwaukee, Wisc. Neither of them, however, was able to win a berth in the finals bracket.

Mershon went undefeated in dual-meet 220-yard dash competition during the season. Dick Blair of Kansas university was the only opponent to beat Mershon in the 100-yard sprint in dual competition.

Ray Russell was another Cat thincld who was undefeated in dual competition. His mark was established in the 220-yard low hurdles. He lost only one dual meet in the 120-yard high hurdles.

A quick hand-off of the baton from Jerry Sartorius, and Jim Loomis is on his lap of the mile relay against Missouri. The relay team came from behind in the last lap to down the Tigers in that event.

Co-Captain Stan Burnette slams a serve to his opponent. Burnette compiled a six won, five lost record last year.

Netmen Win Six Matches

★ The Wildcat netmen took on an ambitious schedule during their first season under coach Jim LaRue, who returned just before the tennis season got underway from two years in the Navy.

The Cats tackled 11 opponents during the 1954 season in addition to the Big Seven matches at Boulder—four more than the Cats played during the 1953 season. The team won six of its matches.

Senior lettermen Larry Penner and Stan Burnette held down the two top positions on the tennis team most of the season, although they were challenged and replaced occasionally by sophomores Max Blakely and Bob Hansen, who usually held down the number three and four positions. John Deam was the fifth member of the team.

In conference competition, the Wildcats won three and lost three and moved

from sixth to fifth place in the Big Seven tournament at Boulder.

Burnette, Hansen win six

Co-captain Burnette and sophomore Bob Hansen compiled the best records against all opponents during the season. Both men won six and lost five.

Burnette won his sets against Pittsburg State, Omaha, Iowa State, Missouri, Nebraska and Washburn. He had a 3-3 conference mark, losing to Kansas twice and Colorado once.

Hansen scored his six victories against Pittsburg State, Mankato State, Omaha, Iowa State, Missouri and Nebraska. He also had a 3-3 conference record.

Max Blakely had the next best record among those tennis men who competed in all 11 matches. Blakely managed five wins. The best percentage record of the season went to John Deam who played in five matches and walked away victorious in all of them.

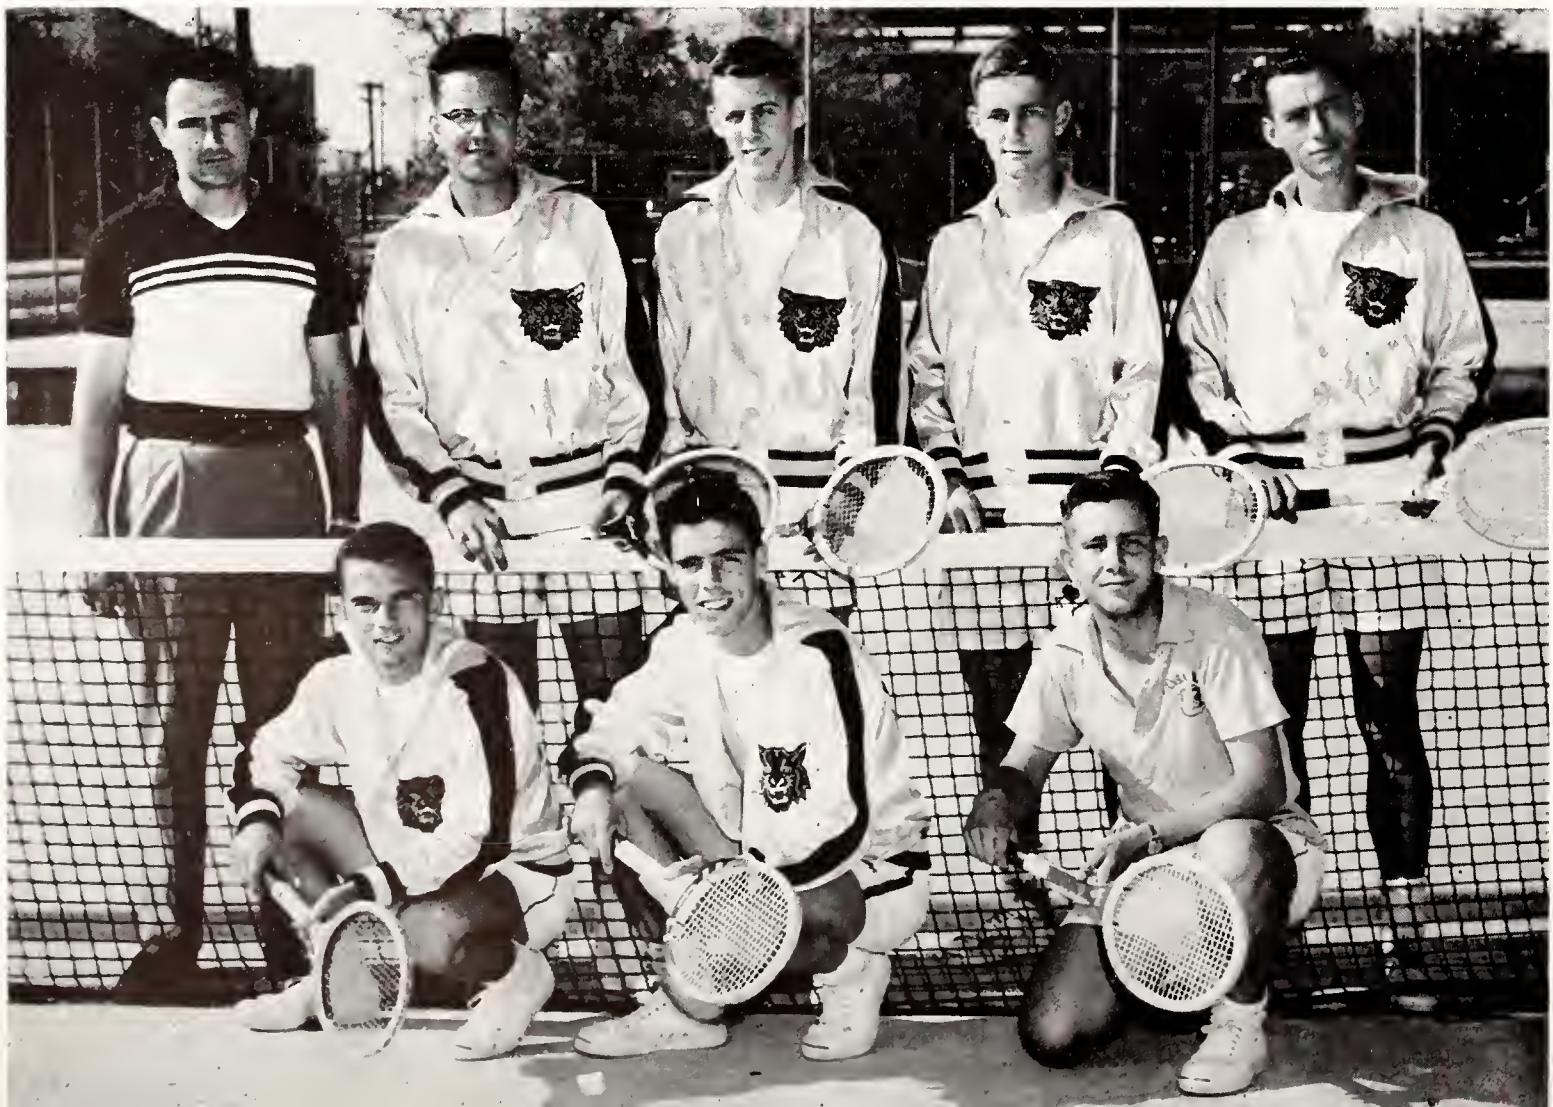

Larry Penner, the other co-captain, managed to get above the .500 level as he won five of nine matches. Bo Forester, a letterman from the 1953 season, played in seven matches and won four.

During the greater portion of the year, K-State's doubles teams were Penner and Burnette on one and Blakely and Hansen on the other.

Golf Foes Too Tough

★ The Wildcat golfers, coached by Mickey Evans, found the going rough in the Big Seven during the 1954 season. Their best mark in the conference was a tie with Nebraska.

Senior letterman John Stretcher and junior Kent Poore alternated at the number one spot on the team. Jim Lucas and Hayes Walker were the other two mainstays on the team with Bob Skiver and Edward Larson seeing some action.

Poore owned the best record of the season with five wins, five losses and two ties. Stretcher also won five, but lost six and tied one. Lucas was the other top winner for the linkmen with five wins and seven defeats.

The Cats started the season by dropping a strong Wichita university team, $7\frac{1}{2}$ - $4\frac{1}{2}$. Stretcher earned the medalist honors with a 74. Other wins came over Omaha, Drake and Washburn.

Cats last in conference

In the conference meet played at Boulder, the Wildcats failed to make a showing finishing in last place. Kent Poore tied for 13th place among about 35 golf-

ers. His total for 54 holes was 226. Colorado won the title with Oklahoma a close second.

The low individual score for the meet was 216 by Keith Alexander, Colorado. K-State's team score was 936 as compared with 890 for Colorado.

The other Wildcat entries and their scores were John Stretcher, 230; Jim Lucas and Hayes Walker, 240. Stretcher tied for 20th place and Lucas and Walker tied for 30th.

One good putt coming up. John Stretcher sends the ball toward the hole while Kent Poore holds the flag, and two Iowa State players watch. However, the Cyclones won the match, 10-2.

A sixth inning rally gets underway as Wildcat Perk Reitemeier singles to start a three-run outburst against Nebraska. Two more hits and two errors accounted for the runs as the Cats whipped the Cornhuskers, 6-5.

Improved, but Still in Cellar

★ The return of 10 lettermen and the transfusion of talent from the football squad enabled the K-State baseball team to improve its 1953 record during the 1954 spring season. Although the team did not escape the Big Seven cellar, it did register a better conference mark and a much-improved season's record.

Coached by Ray Wauthier, the Wildcats had three wins and ten setbacks in conference action and a 8-12 record for the season.

The Cats picked on Nebraska for two of their conference wins by dumping the Huskers twice on the K-State diamond. However, the Cornhuskers promptly evened the count dropping the Cats twice at Lincoln later in the season.

The K-Staters' other Big Seven victory was at the expense of Colorado in the last game of the season at Boulder.

Coch Ray Wauthier (left) advises **Jim Rhoades**, the top Wildcat pitcher.

The Cats rated second in team hitting in the conference behind N.C.A.A. champions Missouri.

The outstanding player for the Wildcats was junior catcher Dick Myers. The red-headed baseballer was named to the 1954 N.C.A.A. Fifth District all-star team for his play. Although Myers had one more season of collegiate eligibility, he forfeited it when he signed with the Cleveland Indians early in the spring of 1954. Myers was farmed to the Keokuk, Iowa, team.

Prigmore leads bitters

Don Prigmore, third baseman, was the Cats' leading hitter with a .372 average for fourth place among Big Seven hitters. He had a .363 average for all games.

Perk Reitemeier, Cat pitcher and outfielder, hit .356 to rank sixth among conference hitters. His season average was .321.

Third among the Wildcat hitters was Myers with a .314 average. First baseman Larry Hartshorn hit an even .300 over the season to complete the four hitters who cracked that figure for K-State.

The leading Cat hurler was sophomore Jim Rhoades. The lefthander had a 3-2 record for all games. Sophomore Mike Lair with a 1-0 record was the only other pitcher to go above the .500 winning mark for the team. Bob Parker had a 1-2 mark, Daryl Parker, 2-3, and Perk Reitemeier, 1-4, and Neil Hanzlick, 0-1.

Cats split with Shockers

In their first action of the season, the diamond Wildcats split a double-header with Wichita university at Wichita. K-State won the opener, 3-1, behind the pitching of Mike Lair. Neil Hanzlick took the second-game loss as he relieved Bob Parker with the score tied. He couldn't hold the Shockers who went on to win, 6-3.

After the Wichita contests, the Cats left on a four-game road trip.

K-State gained a split with the Memphis Naval Air Station, losing the first game, 2-5, and winning the second, 7-3.

From Memphis the Cats went to Jonesboro for a two-game series with Arkansas State. Jim Rhoades got credit for the 22-3 victory in the opener of that series as K-State scored in every inning.

Leading the Wildcat 22-hit barrage was Bob Whitehead who collected two doubles and a single. Dick Myers had a perfect day at the plate with four hits in four trips.

Indians fall, 15-1

Perk Reitemeier hurled the Cats to their second victory over the Indians. They took that game, 15-1, as Reitemeier aided his cause with a two-run homer in the third frame.

Reitemeier had a shutout going for the first seven innings and fanned seven opponents.

Opening the conference season, the Cats met K.U. at Lawrence. The Cat team lost one game of the two scheduled, 4-7, and the other game was rained out.

K-State made its home debut of the season with a win over Hutchinson Naval Air Station. The Wildcats rode to victory on the pitching of Bob Parker, who allowed only four hits while striking out nine. Jim Logsdon had a perfect day at the plate getting four hits in four trips.

In the first home conference tilt the Cats blanked Nebraska, 6-0. Jim Rhoades had control of the game all the way as he scattered five hits through the nine innings.

Zeller homers

Opening the scoring gate was right-fielder Eldon Zeller, who slammed a 275-foot home run in the second inning with Larry Hartshorn on base.

Hartshorn was the leading batter of the game with three hits in four times at bat.

A home run by Don Prigmore in the last half of the ninth inning drove in two runs to give the Wildcats a 6-5 win over the Huskers in the second game of the series. Bob Parker got credit for the win allowing only one hit in the 3½ innings he pitched.

The two wins over the Huskers assured the Cats of a better conference record than the previous year when they had won only one game.

K-State's murderers' row was composed of Perk Reitemeier, Dick Myers, Larry Hartshorn and Bob Whitehead. All of them with the exception of Whitehead hit the ball at a .300 clip or better to lead the Cats in hitting.

Poor crowds characterized attendance at K-State's baseball contests despite the improved showing by the team.

Iowa State was the next Big Seven foe, and the Cats dropped both ends of a two-game series at Ames.

The Cyclones took the first game, 6-5, as third baseman Ray George singled in the ninth to drive in the winning run. Daryl Parker was tagged with the K-State loss.

The second game was cut to five innings because of darkness, and the Iowans won this one, 8-0. They punched across three runs in the third and five in the fourth to take the contest.

No runs from N.U.

The K-Staters failed to score as they lost two tilts to Nebraska at Lincoln. N.U. won the first game, 12-0, and the second, 3-0. Nebraska pitchers limited the Wildcats to three hits the first game and four the second.

Mike Lair and Jim Rhoades shared the pitching load in the first game, and brothers Bob and Daryl Parker pitched the final game.

Returning to Manhattan, the Cats dropped an 11-inning thriller to Missouri, 3-5. Perk Reitemeier allowed eight hits as he worked the first 10 innings. The Cats were trailing, 2-3, in the ninth when Bob Whitehead drove in catcher Dick Myers with a single.

Missouri got its two runs in the 11th on a walk, an error and two singles.

In the second game of the series, the Tigers tagged two Wildcat pitchers for eight hits, combined with three errors, to gain their 10 runs. Don Prigmore led the Wildcat batters with three hits. Hartshorn's double was the only extra-base blow for K-State.

Sooners win two

The final home action of the season matched the Cats with the Oklahoma Sooners.

O.U. took the first game, 6-4. Both teams got good pitching from their starters as Wildcat Jim Rhoades allowed only six hits in losing while the Sooner pitcher gave up nine hits.

K-State grabbed the lead in the fourth frame when Jack Smith homered. Dick Myers then singled and scored as Hartshorn followed with another home run. But the Sooners tallied three runs in the next inning to regain the lead, 4-3.

In the second game, the Sooners pounded the Cats into the conference cellar, 11-4. Bob Parker was charged with the loss.

K-State's scoring against the Big Red came in the seventh and ninth innings after the Sooners already owned a comfortable margin. Jim Pollom led the K-State hitters with three hits in four trips to the plate.

Cats take finale

The final two-game series of the season was with Colorado university at Boulder. The Buffs romped to an 18-4 victory in the first game as they took advantage of the wild pitching of K-State. The Wildcat pitchers gave up 15 bases on balls to the Buffaloes and the Wildcat players contributed eight errors toward the loss.

The Cats came back in the second game to square the series at one game each and finish the 1954 season with a victory.

The Wildcats won the final game on the pitching of Jim Rhoades. Rhoades smacked a two-run homer in the second inning to start the baseballers to a 14-10 conference win. The K-State nine sent 10 men to the plate in the high-scoring fourth inning.

Talking over some last minute pointers are Jack Smith, Dick Coupe, Eldon Zeller, Ken Jenkins and Jim Logsdon. The five alternated in the outfield.

Providing the steam behind the pitches were Jim Rhoades, Perk Reitemeier, Bob Parker, Daryl Parker and Mike Lair. Rhoades ended the season with the best record—three won and two lost.

Intramural Sports Offer Varied Program

★ Few activities at K-State have as many participants and are enjoyed by as many students as the intramural sports program.

The department of intramural athletics strives to provide a sport that will interest every student in school. The 1954-55 sports program included 13 sports.

Program in 35th year

The intramural program is designed for those students whose ability foregoes participating in varsity athletics in the tough Big Seven conference.

K-State's intramural program is in its 35th year. Frank L. Myers directs the program from his office in Ahearn gym. Myers began athletic work at K-State in 1926, and served much of that time as assistant athletic director to Mike Ahearn.

The intramural program was originally set-up with but one division, but as the program grew it was divided into fraternity and independent divisions.

A familiar face to all intramural participants is that of director Frank Myers, who has been at K-State for 29 years.

Winning the intramural table tennis doubles title in the fraternity division were Kappa Sigs Allen Tompkins and Larry Hadley.

1954 HOSENOSE GANG VOLLEYBALL SQUAD—(right) TOP ROW: Gerald Meyer, Gerald Ireland, Kenneth Smith, Roger Shimek, Kenneth Krizek. BOTTOM ROW: Loren E. Harris, Hal Sinclair, Richard Miller, Bill Perkins, Howard Stitt.

1954 BETA THETA PI VOLLEYBALL SQUAD—(left) TOP ROW: Harry D. Knostman, Gary Parker, Dan Schuyler, Larry Elliott. BOTTOM ROW: Rod Clarahan, Jim Kyle, Denny Hart.

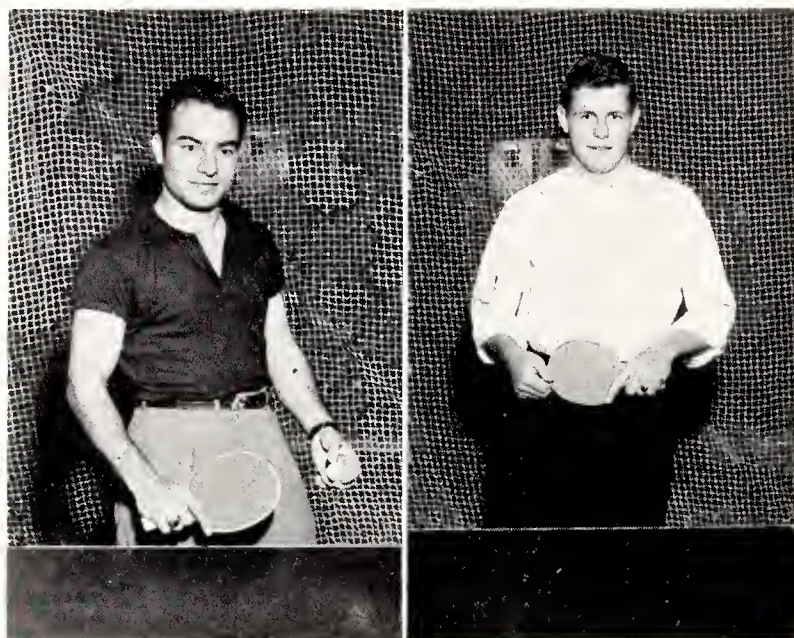

SIGMA ALPHA EPSILON FOOTBALL SQUAD—TOP ROW: Steve Bressler, Don Taylor, Darwin Hester, Wes McMillen, Ted Brannin, Jim Pollom, Jim Tangeman, John Tangeman, Bob Smith, Dwight Eells. SECOND ROW: Bobby D. Griffith, Jerry Steele, Bob Maloney, Les Parks, Dale Reed, Ira Rogers, Bill Aye, Chad Sims, Jerry Harris. BOTTOM ROW: mascot Curt Sigmond.

The intramural teams use the facilities in Ahearn gym for such sports as basketball and volleyball, and they use the city park and various intramural fields on the campus for outdoor games like touch football and softball.

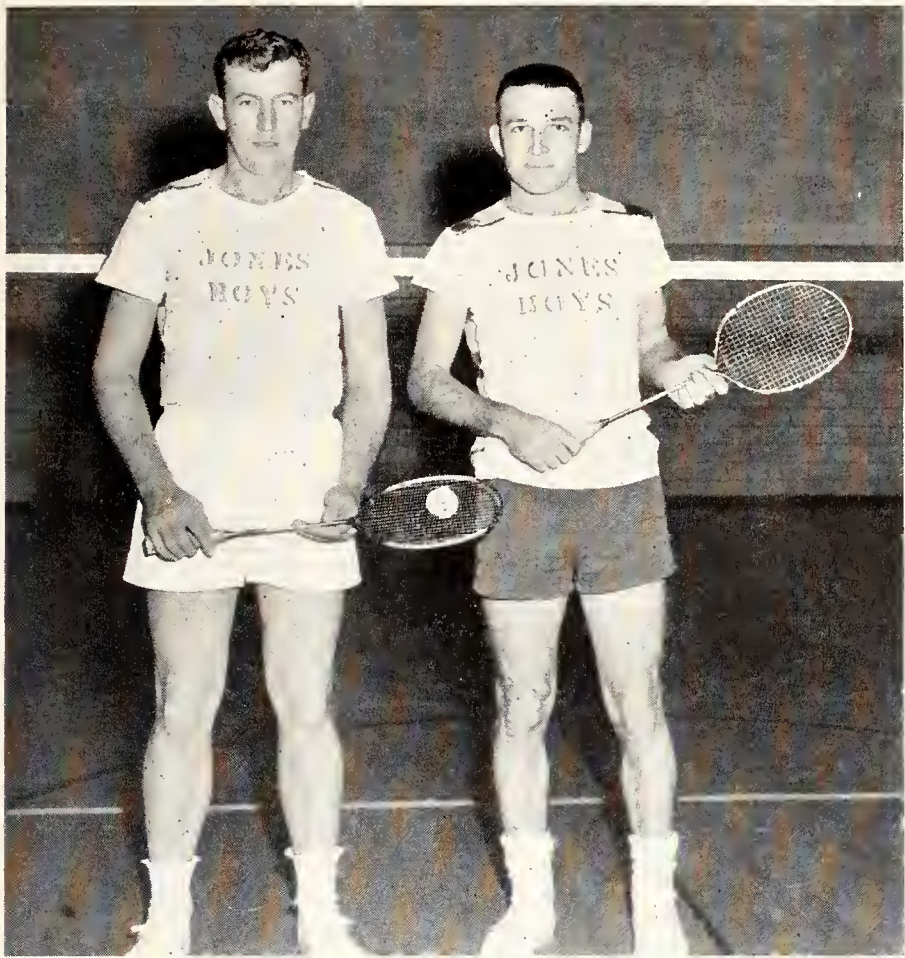

The intramural program furnishes all equipment and facilities needed for the various sports. Officials are also furnished by the department. Most of the officials are students who are majoring in physical education, although anyone demonstrating proper ability may officiate with the permission of the intramural department.

George Ghahramanian (left) was the independent singles table tennis champion, and Allen Tompkins was the fraternity winner in 1954.

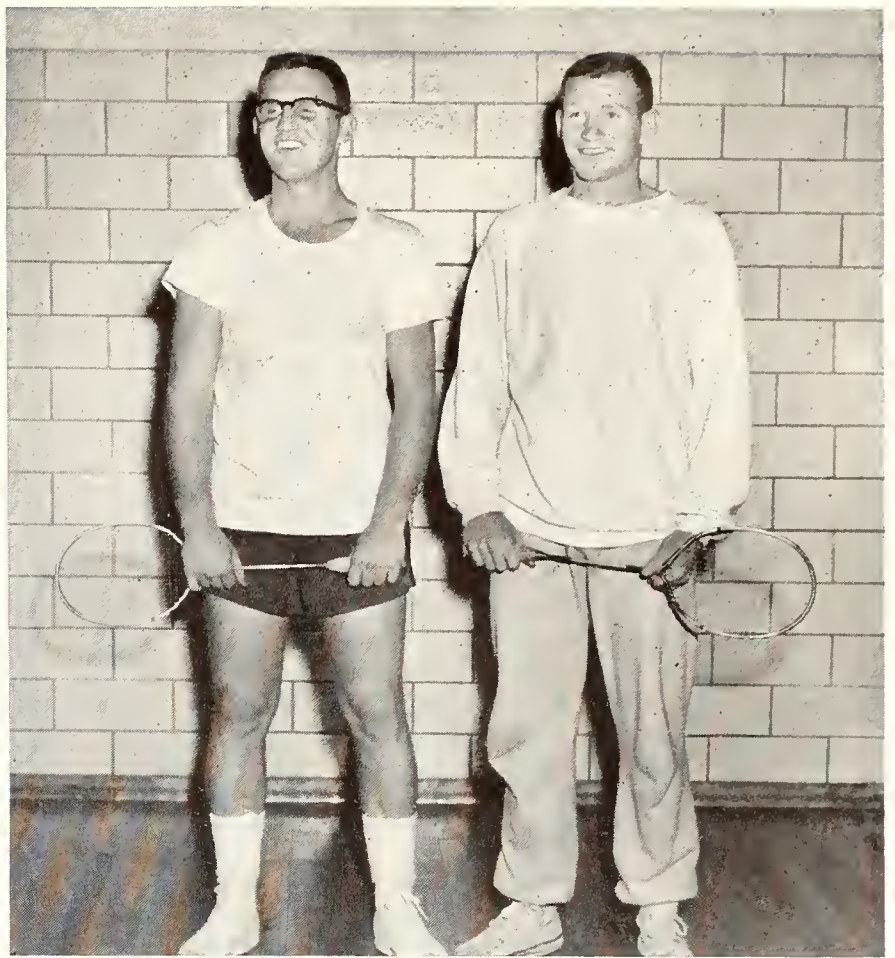

JONES BOYS FOOTBALL SQUAD—TOP ROW: Bill Wall, Mackie Murphy, Charles Hudson, Vern Howell, Del Holm, Orival Linder, Morris Jones, Joel Berry. BOTTOM ROW: Don Howell, Clarence Keim, Norman Tucker, Norman Haigh, Tom Lethcho, Don Peters, Bill Sparks.

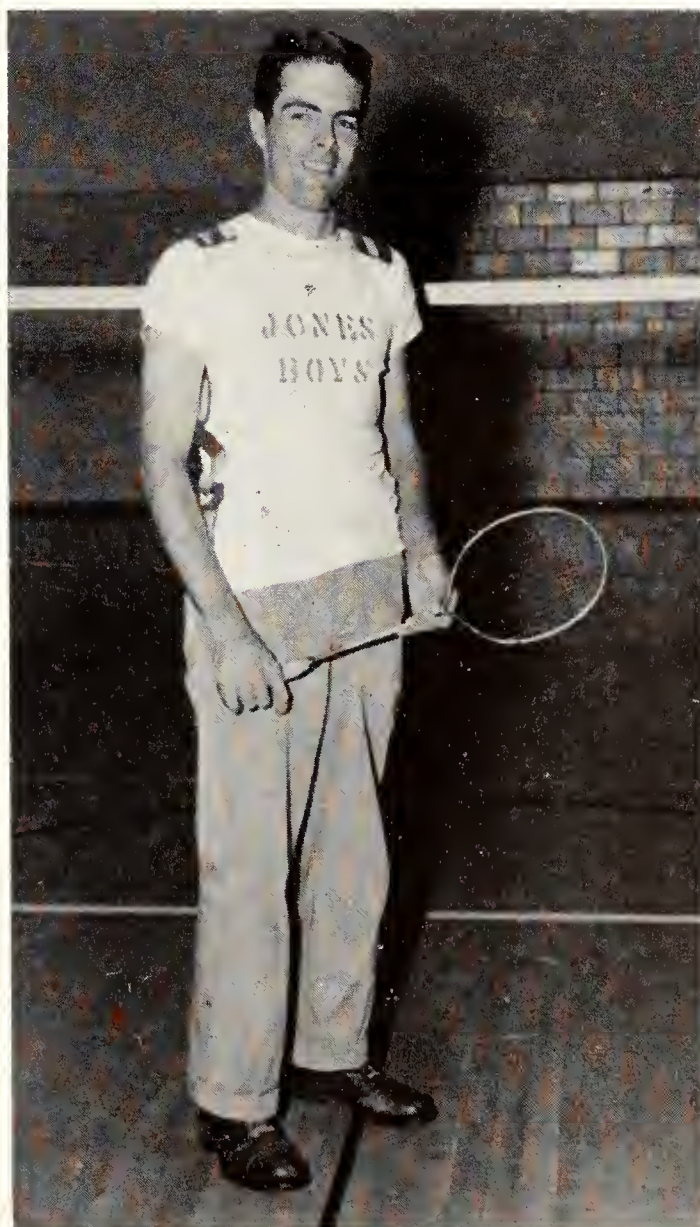

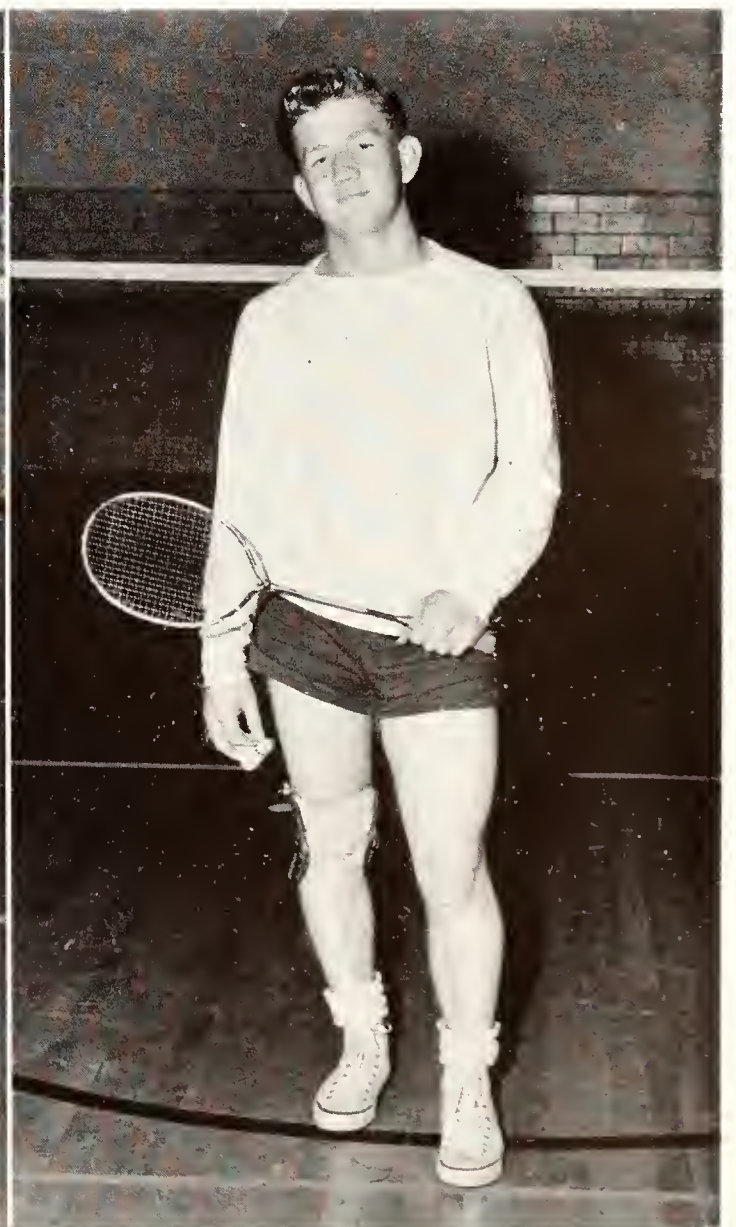

Bill Sparks (left) and Orival Linder combined talents to win the 1954 independent badminton doubles title.

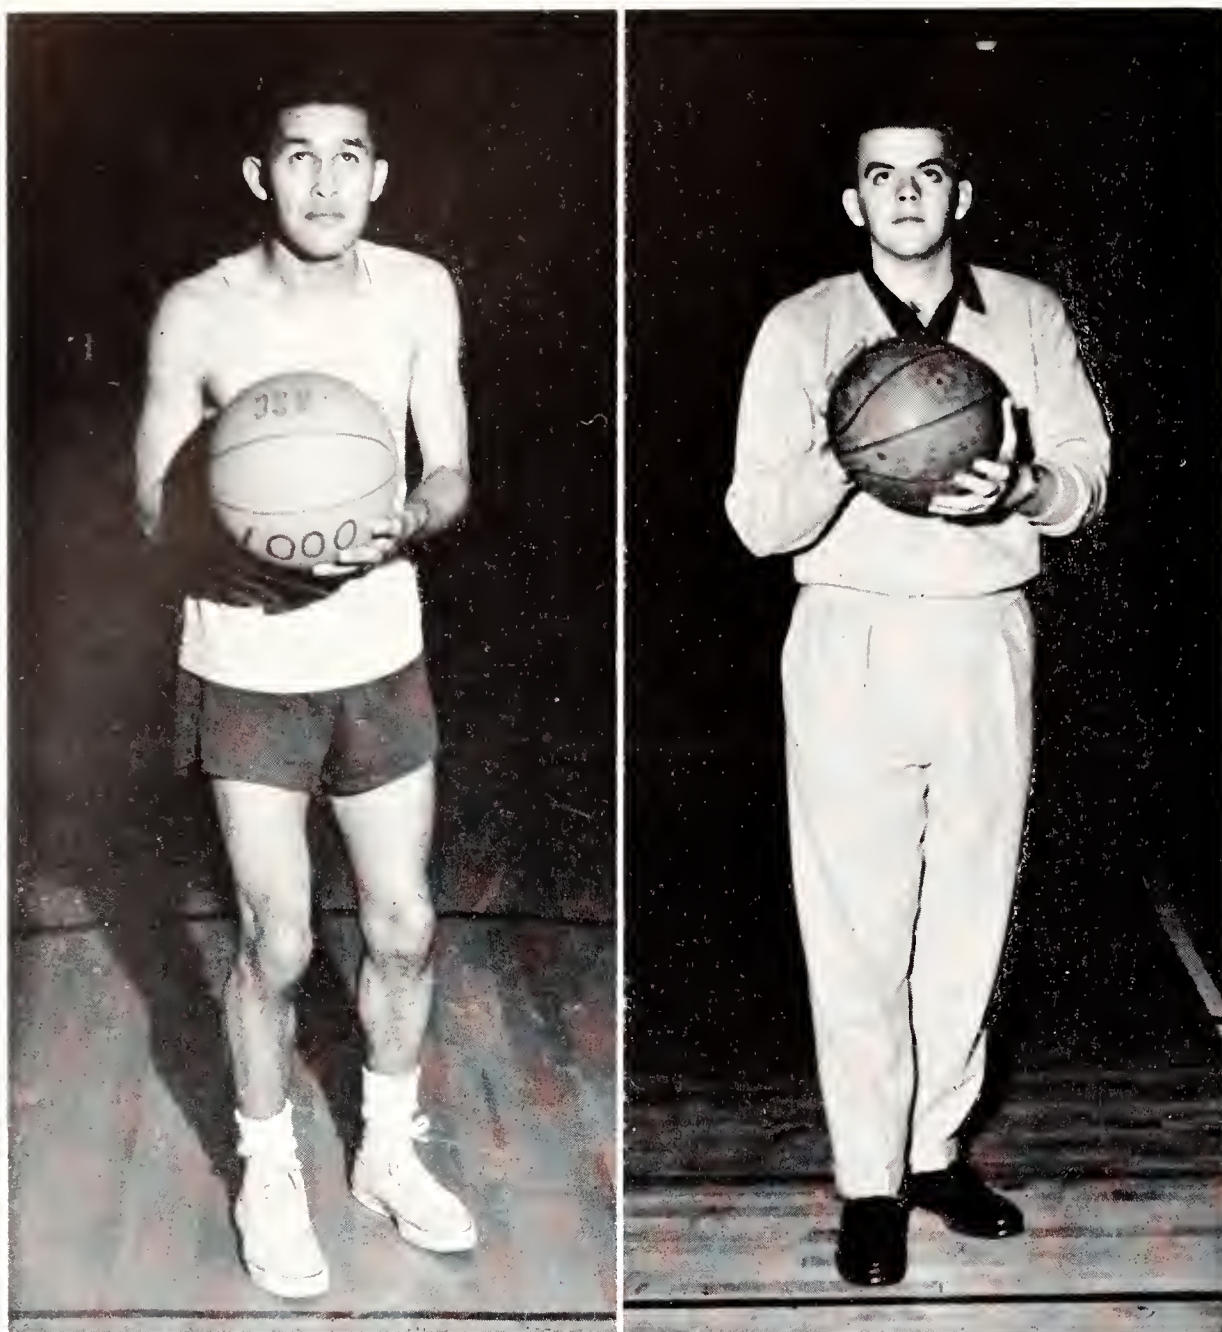

Sigma Alpha Epsilon was victorious in the 1954 fraternity badminton doubles with Ted Brannin (left) and Bob Smith.

Charles Hudson (left) was this year's singles champion in independent badminton, and Bob Maloney was the fraternity winner for SAE.

Owner of the most accurate free-throw eye was Robert Garcia (left) and Joe Downey. Garcia won the independent title for the Hillbillys, and Downey won the fraternity division for the Sig Alphas.

Each year the intramural department prints a booklet listing the previous year's winners, rules for all sports and the intramural constitution and by-laws.

In order to participate in intramural competition, the organization must pay a fee of \$3.00 a semester and elect an intramural manager. The main duty of the intramural manager is to compile an eligibility list for his team.

All-sports plaque awarded

Awards are made for all-sports winners. An all-sports plaque is given to each division with the name of the organization earning the largest number of points engraved upon it.

In the fraternity division a plaque is given to the group winner for each event. Members of a winning independent team are awarded individual medals.

Sig Alphas are tops

Sigma Alpha Epsilon with 924 points was the fraternity all-sports champion for the 1953-54 school year. Their nearest rival was Beta Theta Pi with 786 points.

HILLBILLYS BASKETBALL SQUAD—TOP ROW: Assistant coach Ed Linta, Pat Schroeder, Robert Garcia, Charles Fritts, Ellis Rainsberger, Jon O'Connor, Bill Carrington, Jim Koch, coach Bob Mancuso. SECOND ROW: Charles Jessup, Bob Fling, John Brewer, Merrill Stanley, John Roberts, Larry Hartshorn. BOTTOM ROW: mascot Freddie Marsh.

Jr. A.V.M.A. took the 1954 independent all-sports championship with 658 points, and the Hillbillies were second with 543 points.

Beta Theta Pi won the team volleyball championship in the fraternity division during the 1953-54 year, and Hosenose Gang took the independent championship.

In 1954 softball competition Sigma Alpha Epsilon was the fraternity champion with the Hillbillies winning the independent division.

Hillbillies win swimming

The Hillbillies were the best in the independent swimming, and the Beta Theta Pi swimmers were tops among the fraternities.

Beta Theta Pi also took all honors in track and golf. Hillbillies and Jr. A.V.M.A. captured track and golf honors respectively in the independent competition.

Sigma Alpha Epsilon and the Hillbillies took the 1955 free-throw tourney in their divisions.

Sigma Alpha Epsilon and Beta Theta Pi went to the finals in the fraternity division of the touch football competition

in the fall of 1954, but the Sigma Alpha Epsilon offense overpowered the Betas, 35-12.

Third straight title

It was the third consecutive year that the Sigma Alphas had taken the intramural grid championship.

They scored two touchdowns in the first period, one in the third and two in the final period.

Beta Theta Pi scored in the first and third quarters.

In the independent division, the Jones Boys won the touch football championship with a narrow, 7-6 victory over the Hosenose Gang.

Pass provides margin

A pass from Charles Hudson to Del Holm provided that winning extra point for the Jones Boys.

Dick Stone, Beta Theta Pi, took 1955 fraternity tennis singles; Doug Heath, Delta Tau Delta, fraternity horseshoes; Bob Whitehead, Sigma Alpha Epsilon, fraternity handball; Roland Alexander, Hillbilly, independent handball; Keith Fillmore, Vagabonds, independent horseshoes; and Charles Hudson, Jones Boys, independent tennis.

Grabbing a rebound off the boards is Hillbilly Jon O'Connor. The Hillbillies beat the Betas, 44-34, for the all-school championship.

BETA THETA PI BASKETBALL SQUAD—TOP ROW: Dave Carlson, Rich Wilbur, Gary Parker, Henry Pierce, Bob Elgaard, Harry Haas. BOTTOM ROW: Laurence Myerley, Bill Harris, Garold Culley, Bob Haymaker, Les Brown.

Doug Heath (left) tossed his way to the fraternity singles horseshoes crown this year for the Delts, and Keith Fillmore won for the Vagabonds in the independent division.

The Hillbillies outclassed the Jones Boys, 33-12, for the independent basketball championship this year. The Hillbillies rang up seven straight victories to take the crown. The defeat was the first in six games for the Jones Boys.

Betas edge Delts, 16-15

Beta Theta Pi edged Delta Tau Delta, 16-15, for the fraternity division cage crown.

Larry Elliott, with seven points, led the Beta's scoring in the low-scoring contest.

The Betas took a 10-5 lead at half-time, but the Delts fought back to tie the game in the final minutes before losing by one point.

The best handball player in the fraternity group was Bob Whitehead, SAE.

Last spring's swimming title was won by the Beta Theta Pi team of Hayes Walker III, Gordon Rieg and Harry D. Knostman.

★ Under the direction of Katheryn A. McKinney, the girls' intramural athletic program has shown steady improvement and an increase in the number of participants.

However, the same problem still confronts the director—getting more independent coeds to compete in the program.

Unlike the boys' intramural program, the girls have only one division. No separation is made between sorority and independents.

Started in 1930, the girls' athletic program includes basketball, volleyball, swimming, tennis, softball, table tennis and badminton. Any coed is eligible to compete in the sports, playing for the sorority or organized house in which she lives.

Each organization has an intramural

manager who is responsible for entering the team in games, arranging practice sessions, turning in team line-ups and coaching the team during the games.

Including the spring sports of 1954, Waltheim was the top winner in intramurals. The girls won the basketball, softball and volleyball championships.

Behind Waltheim was Pi Beta Phi sorority which took firsts in tennequoits and swimming.

The championship in the 1954 table tennis division was captured by Marilyn Heibert for the Kappa Deltas. Badminton singles were won by Pat Rogers and doubles by Pat Rogers and Dolores Hess. They represented the Blitz Babes. Connie Paugh, Van Zile, won the tennis championship.

Katheryn McKinney has directed the girls' intramural program for nine years.
