INTRODUCTION

This booklet was designed to aid elementary teachers in selecting appropriate field trips for their classes. The cities included in this booklet are: Atchison, Kansas City, Kansas & Missouri, Leavenworth, St. Joseph, and Topeka. The greatest emphasis is on the Topeka area. When making arrangements for any of these field trips, it must be done at least two weeks in advance.

I want to share some guidelines for making the field trip a congenial, smooth-running event for everyone--children and adults.

1. It is important to collect the money and permission slips a few days before you go on your field trip.
2. A good rule of thumb to remember is the younger the child, the shorter the trip. Most children will get too tired and bored on an excursion that is too long to learn or enjoy anything.
3. You should try to include at least one adult for every 10 children, plus the teacher.
4. One essential for field trips is the trip bag, an insurance policy against boredom and too much cutting up. Each bag is filled with things the kids can read, look at, manipulate and eat while in transit. I've found it best not to distribute them until about 20 minutes of travel time have gone by. The following are some suggested items for your trip bag: books, fun types of worksheets, crayons, pencils, small notebooks, pipe cleaners, yarn, cards, and something to munch on. The contents of these bags can, of course, vary, depending on the number of children using each one, the length of the drive and the children's ages. On a bus I provide a bag for each seat.
5. To avoid an accumulation of litter on the trip, five minutes or so before your arrival announce that all the materials are to be placed in the bags and left on the seats. The children will do a great job, and the bus will be orderly.

One final note, remember to make your field trip fun as well as educational. The children will remember this field trip long after they have forgotten what was in some of their text books.

- 13 POTWIN PLACE**

Between 1st and 4th Streets on Woodlawn and Greenwood Streets

In 1969 seventy acres were purchased by Charles W. Potwin, who began selling land plots 16 years later. By 1987, the community was incorporated as a separate political entity. With the state's homes, towering trees and distinctive circular parks, the area remains a landmark of Topeka's heritage. Many of the homes have been restored by their residents, giving visitors to this neighborhood a view of the culture of Topeka's forefathers. Self-conducted driving tours only.

- 14 WARD-MEADE HOME AND BOTANICAL GARDENS**
124 N. Fillmore Street

Overlooking the Kansas River Valley, this historical home of the Ward-Meade family dates back to 1854. The Ward family lived in log cabins until 1870, when construction of the present home was begun. A reproduction of the original cabin sits to the southwest of the house and is open for tours. Sitting on the grounds is the largest peacock fountain in the world. Surrounding the house are gardens of unusual plants, shrubbery and trees. Many varieties, rare to this area, are of special interest to gardeners and horticulturists. Closed Mondays. Tours of the restored home are given. Call 235-0806 for more information.

- 15 THE CAPPER FOUNDATION**

- 16 THE MENNINGER FOUNDATION—WEST CAMPUS**
5600 W. 6th Street

The Menninger Foundation, an internationally recognized psychiatric center, is a non-profit organization dedicated to treatment and prevention of mental illness, research, and education of mental health professionals. The Tower Building, modeled after Independence Hall in Philadelphia, remains the focal point of a \$35 million building complex under construction on the West Campus. Upon completion in 1982, the complex will provide one location for most of the staff and services. The Menninger Museum in the Tower Building contains displays on history of psychiatric treatment and a Menninger Foundation slide show. During construction, selected exhibits may be available. Call 234-9566, ext. 3607, for further display and slide show information. Museum will reopen in the summer, 1982.

- 17 GAGE PARK & REINISCH ROSE GARDEN**
635 Gage Boulevard

The 160-acre park features an olympic-size pool, picnic facilities, a miniature train for trips around the park, softball diamonds, the Reinisch Rose Garden, one of the ten largest and best maintained in the United States, the Doran Rock Garden and the Topeka Zoological Park. Also on the park grounds is the home of Charles M. Sheldon, world famous author of "In His Steps," and an original frontier log cabin, which was moved to the park in 1933 from its original location on a farm near Watson, Kansas. The park is open daily from 6:00 a.m. to 11:00 p.m. Call 272-6171 for the miniature train schedule. No tours available. Playhouse in the Park, also located in Gage Park, hosts a wide variety of musicals and plays, in both the Playhouse and Amphitheatre facilities. For performance and ticket information call 272-6171.

- 18 TOPEKA ZOOLOGICAL PARK & RAIN FOREST**
835 Gage Boulevard in Gage Park

The Topeka Zoo is an oasis of nature in Topeka. The zoo features a reptile building, large mammal building, wild equines, small mammals, the Animals of Darkness exhibit, bears, apes and many other species of the animal kingdom. The Tropical Rain Forest in the zoo is the ultimate in zoo exhibit techniques, as it incorporates and interrelates live animals, live plants, habitat settings, climate conditions, cultural artifacts, visitor participation, interpretative graphics and audio-visual learning experiences. The Zoological Park is open 7 days a week from 9:00 a.m. to 5:00 p.m. Admission is charged. Group rates are available upon written request. Call 272-5821 for information.

PLACES TO GO ON ELEMENTARY FIELD TRIPS

by

PAULA SUE HALL

B. S., Kansas State University, 1971

AN ABSTRACT OF A MASTER'S REPORT

submitted in partial fulfillment of the

requirements for the degree

MASTER OF SCIENCE

Department of Education

KANSAS STATE UNIVERSITY
Manhattan, Kansas

1983

ABSTRACT

I chose for my Master's Report to make a booklet of places to take elementary school children on field trips. I sent out 201 questionnaires to various businesses asking if they would except elementary school children in their place of business. These questionnaires went to various places in the following cities:

1. Atchison
2. Kansas City, Kansas & Missouri
3. Leavenworth
4. St. Joseph,
5. Topeka

I chose places that were no longer than an hour and a half drive from our school district.

Out of these 201 questionnaires I received 107 yes replies, 17 no replies and 77 businesses didn't send their questionnaires back to me.

When I received all the questionnaires back that I felt I was going to receive I began sorting them out according to which city they came from. Next I selected six different categories to place each of these places of business. I did this according to the type of services they perform. The following are my six categories:

1. Communication Services
2. Cultural Services
3. Industrial Services
4. Public Services
5. Recreational Services
6. Maps

I decided to list all the places I sent questionnaires to in the back of the booklet to let others know who would or would not allow children to tour their businesses. This may save others time in the future when they are arranging their field trips.

I had several copies made of my booklet. During our inservice school meeting in August, I will be speaking with our elementary teachers about elementary field trips. At that time I will distribute copies of my booklet to each of the elementary attendance centers in our district. I also have copies to give to the surrounding districts.
