Congress of the United States,
At the second session.

Begun and held at the City of Washington
in the District of Columbia.
on Monday the third day of December one thousand eight hundred and sixty.

An Act for the admission of Kansas into the Union.

...Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the State of Kansas shall be, and is hereby declared to be, one of the United States of America, and admitted into the Union on an equal footing with the original States in all respects whatever. And the said State shall consist of all the territory included within the following boundaries, to wit: beginning at a point on the western boundary of the State of Missouri, where the thirty-seventh parallel of north latitude crosses the same; thence west on said parallel to the twenty-fifth meridian of longitude west from Washington; thence north on said meridian to the fortieth parallel of latitude; thence east on said parallel to the western boundary of the State of Missouri; thence south with the western boundary of said State to the place of beginning: Pro-

FOREWORD

Communications in the last 100 years have made many changes. Family accomplishments, 100 years ago, were often recorded in the Bible. This now has been supplemented by the family album and school yearbook. Mass communications have also changed. Airplanes have replaced the pony express, the metropolitan press installations have replaced the Washington hand-press, radio and television broadcasts have supplemented "soap box" orations, and photography developments have outdated the stereopticon.

Kansas has progressed: to celebrating its first anniversary as a centennial state, to topping the nation in wheat production, to developing petroleum as the most valuable mineral in the state, and to gradually converting from an agricultural economy to one based on manufacturing, farming, and other diversified industries.

This University has progressed: from Bluemont Central college first chartered in 1858, to Kansas State Agricultural college in 1863, to Kansas State college of Agriculture and Applied Science in 1931, to Kansas State university in 1959.

In the following pages we have endeavored to record accurately the progress and activities of this University during the past year, as well as to trace record-keeping and advances in communications during the last century.

*In 98 Years, Size of University Faculty
Has Increased from Four to 862*

An adequate administration and faculty are necessary in order for a university to properly fulfill its educational function. When Kansas State Agricultural college opened in the Bluemont Central college building in 1863, there were four faculty members. Since then with the increased enrollment, the size of the faculty has expanded to 862, with 255 of these being on the research staff. The degree of faculty education has increased over the years until about one-half of them now have the PhD. Kansas State faculty promote world understanding and communication by participating in state, regional, national, and international organizations.

McCain's Efforts Bring Impressive Progress

K-State's past impressive progress in all areas of activities reflects the efforts of its executive head, Pres. James A. McCain. Witnesses to his expounded hopes for the University in years ahead maintain "the past is but a prologue to the future." Even with his eye on the students and faculty, academic research, extension, the library, instructional program, and programs in building and endowment, nuclear energy and feed technology, the president often receives off-campus recognition. An example was his election as vice-chairman of the Eisenhower Memorial Library commission last fall.

Backing President McCain's expansion plans, the Board of Regents forms the policies to determine the funds needed to carry on his and each state school's program. This year the Board recommended bond issues to the legislature for a women's dorm, Union addition, and a funded retirement plan for KSU employees. Gov. John Anderson took office in January as the state's chief executive.

← JAMES A. McCain coordinates university functions with regard to state funds, requirements, and public relations.

Administrators Unite Ideas for Improvement

The president's administrative staff is divided into four areas—student affairs, legislative, financial, and academic. All the administrative decisions and policies concerning K-State come through the close coordination of these four offices.

Pugsley Heads Academic Section

Heading the academic division of the staff is Dean Albert L. Pugsley. He supervises the entire academic program at Kansas State, including approving staff appointments. Since Pugsley came to K-State in

PREPARING the budgets and distributing funds are jobs for Daniel D. Beatty, Kansas State's business manager.

PRESIDENTIAL ASSISTANT Max Milbourn frequently "stands in" for the president and leads many committee sessions.

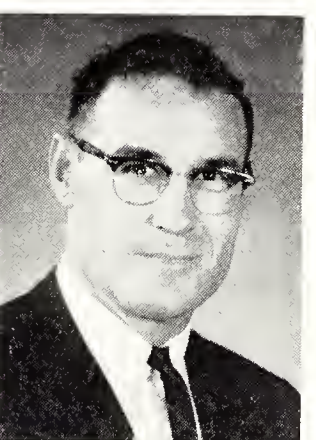

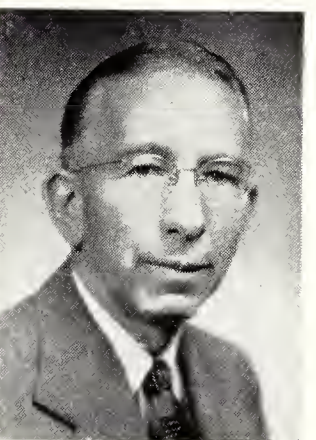

1947, the percentage of faculty members holding doctorates has risen from 17 per cent to 46 per cent.

Dean Pugsley returned this year for full-time duty after spending much of the past year and a half coordinating the Kansas survey on higher education.

Milbourn Works with Legislature

On the legislative line of the president's staff is Max Milbourn who works with the State legislature. As assistant to the president, Milbourn represents President McCain at meetings and on boards.

Milbourn has been serving as faculty chairman of the General Scholarship committee since its establishment in 1952. The scholarship program has grown from the \$9,527 available for 50 scholarships in 1950-51 to \$92,138 this year. Of the 453 academic scholarships this year, 331 were cash awards. In addition, 90 students lived in the two men's scholarship houses and 32 received honorary Putnam awards.

ADMINISTRATIVE HEADS—*Top Row:* E. M. Gerritz, Admissions and Registrar Director; K. L. Ford, Executive Alumni Secretary; R. H. Perry, Comptroller. *Second Row:* D. P. Hoyt, Counseling Center Director; K. M. Heywood, Endowment and Development Director; A. B. Cardwell, Bureau of General Research Director. *Third Row:* C. M. Correll, Historian; A. T. Edwards, Housing Director; R. F. Gingrich, Physical Plant Administrator. *Fourth Row:* F. D. Farrell, President Emeritus; B. W. Lafene, Student Health Director; C. E. Peters, Placement Center Director. *Bottom Row:* W. R. Kerr, Veterans' Service and Housing Director.

The assistant to the president also is serving as chairman of the Public Relations Council which presently is overseeing plans for three centennials to be celebrated on the campus. These are the Kansas centennial this year, the centennial anniversary of land-grant colleges next year, and in 1963, the 100th anniversary of Kansas State university.

Beatty Manages Finances

Handling the financial affairs of the University is Daniel Beatty. His primary responsibility is preparing the budgets, both the internal budget and the budgets which request legislative funds.

The budget office works in conjunction with the comptroller's office in distributing and collecting the budgeted funds. The burdens accompanying the financial operations were somewhat lightened this year when the budgetary operations and accounting procedures were converted to IBM machines.

The budget office is diligently working to improve the inferior conditions of K-State's library system. This year, a \$30,000 increase was added for more library volumes and another \$50,000 is being sought.

Women's housing took a giant step forward this year when the plans and financing of a 300-unit women's dormitory were approved. The construction, which will get underway next spring, will require \$1,300,000 in borrowed and University funds.

DETERMINING faculty rank and salaries entails planning by Albert L. Pugsley, dean of academic administration.

Deans Help K-Staters With Endless Problems

Dean of Students Herbert Wunderlich started his sixth year at KSU this fall with a gratifying accomplishment. The first men's residence hall was staffed and ready for occupancy after years of planning and developing. The dean continued to work on plans for a Student Union addition and more housing for women. Under the guidance of Wunderlich's office, counseling staff research was strengthened, health staff duties were expanded, and formation of an aid and awards office was considered. In addition to administrative affairs, the dean worked with fraternities and sororities standards and problems.

Lahey and Wildy Counsel Students

Sharing the problems of the dean of students were Margaret Lahey, associate dean, and Charles H. Wildy.

COUNSELING STUDENTS and performing administrative tasks occupy time of Margaret Lahey and Charles H. Wildy.

GUIDING ALL phases of students' lives on campus is the primary concern of Herbert Wunderlich, dean of students.

Wildy, assistant dean. Looming large among the responsibilities of Dean Lahey was additional housing for women, especially plans for Smurthwaite women's scholarship house and off-campus housing. Coeds found a ready and sympathetic listener in Dean Lahey, who devoted much of her time to counseling.

Wildy, in his first year at Kansas State University, assumed duties as executive secretary of the general scholarship committee, adviser to international students, coordinator of the orientation program, and counselor to men students.

Senate Shortens Class Drop Period

Affecting the entire student body last fall, was a Faculty Senate decision to decrease the drop deadline for classes from 9 weeks to 18 days. The decision was one of many policies by which the Senate shaped K-State's purposes and character.

A FACULTY member fires another potential strike down the alley in faculty league competition. Five faculty

leagues at the Union provide an opportunity for 160 K-State faculty bowling enthusiasts to compete in teams.

FACULTY MEMBERS and their families are offered recreation and instruction during faculty swim nights.

Faculty Enjoys Escape From Books, Classes

Weekly, monthly, and bi-monthly, K-State's faculty finds, as do the students, there's a certain amount of time away from the books and classrooms to be disposed of. So they bowl, dance, square dance, play bridge, and attend lectures, banquets, and discussion groups. All work and no play has the same effect on the faculty as it has on students.

Social Club Presents Style Show

Though the University Social club is for faculty members' wives and women faculty members, its activities are planned for the men's benefit too, and offers to all, opportunities for acquaintance and re-acquaintance at the club's six annual meetings and Newcomers club. "Billboards of Fashion," a style

show of clothes from sportswear to formals, was a special project this year. To become better acquainted, 110 newcomers to the Kansas State campus divided into interest groups for literature, bowling, art displays and bridge.

Faculty departments socialize individually each month and have a picnic, dinner, dance, bridge or buffet. Nearly 160 men belong to 40 teams in the five leagues for faculty members, and bowl weekly. Six couples form three squares at meetings of the Square Dance club every other week. "Friends of Art" obtain funds to buy art prints for a collection of over 100 paintings displayed in the Union and other University buildings.

Faculty Members Publish Textbooks

Some faculty members are busy publishing textbooks, technical and non-technical articles, and musical compositions; others address national and international conferences. They hold major offices in regional, state, national, and international professional organizations. Many work on additional degrees—nearly half of KSU's faculty have doctorates.

The American Association of University Professors might be considered the faculty's "Union." The AAUP is concerned with salaries, retirement, workloads; with faculty-administrative relationships, and with academic freedom and tenure.

THIS YEAR faculty families are in new housing north of the campus, provided by the Endowment Association.

CANDLE OPERAS and a fresh fruit centerpiece adorned the table at one of the University Social Club's six yearly

meetings. The club provides dances and other activities for over 500 faculty women and wives of faculty.

Ag School Loses Dean To Assistance Project

Dr. A. D. (Dad) Weber left his post as Dean of Agriculture this year to become head administrator of an important Ford Foundation project in India. To accept the assignment in India, which will last a minimum of 20 months, Weber was granted leave without pay. He will direct a \$150 million five-year program which will carry out recommendations to assist India increase food production. The post he holds is one of the most important assignments in America's technical assistance program in the free world. The Ford Foundation is to be closely coordi-

Weber Widely Recognized

Weber had been Dean of Agriculture at K-State since 1952. He is recognized internationally as the top judge of beef cattle and has judged where no other American has ever done so. He was recently honored at the American Royal by the 1960 A. D. (Dad) Weber American Royal Cattle show.

Beck Receives Deanship

Glenn Beck, former extension director, succeeded Weber as dean. Throughout the year, he directed

the research which plays an important part in the school. Dr. William Chepil, recognized as a worldwide authority on erodability of soil, has done research in Africa and other nations plus the United States. The effect that gamma radiation has on the enzyme systems of wheat was studied by Dr. E. Pekka Linko, of flour and feed milling. His work centered on the improvement of bread.

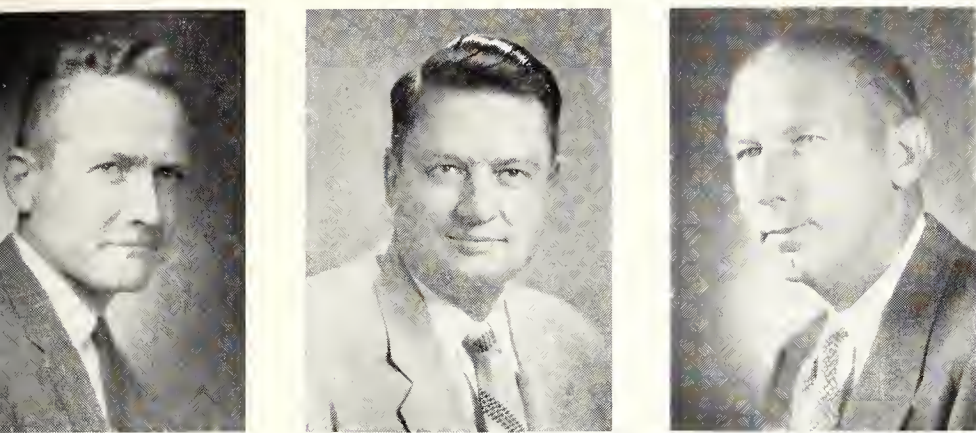

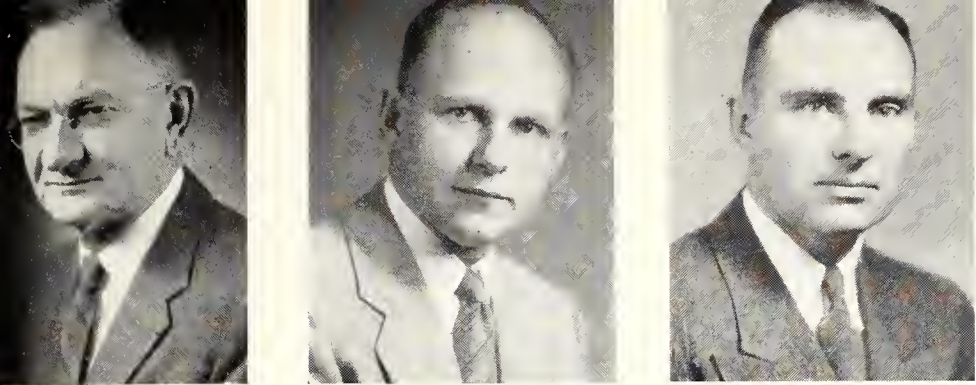

Three professors, Charles Hall, Dorothy Harrison, and David Macintosh, discovered some startling new results on the effect at resting hogs before killing in relation to the quality of meat. The Poultry department stacked layers of chickens practically on top of

K-State Aids India

K-State participated in its fifth year in technical and educational assistance to India under the International Cooperation administration. The ICA, financed by the federal government, has awarded project contracts to five land-grant universities. In addition to Kansas State, Ohio State, Missouri, Illinois, and Tennessee are under contract with the ICA. Under the present system of division, K-State is responsible for the central region of India.

A new building was constructed to house the flour mill which was destroyed by fire in 1957. The building, located east of Waters hall, adjoins the Feed Technology wing. East Waters was rebuilt after being gutted in the same fire that destroyed the mill. More important than buildings is preparing students to be competent leaders in agricultural industries and in a democratic society. A new, upgraded curriculum, begun this year, gives students broader and more scientific knowledge.

CLYDE MULLEN, assistant dean, spends much of his time helping to straighten out students' academic problems.

A & S School Conducts Undergrad Research

Productive programs of basic research were maintained in the School of Arts and Sciences' 22 departments. Usually research was associated with graduate study, but recently undergraduates began to participate in research study. With \$35,000 in grants from the National Science foundation, research with undergraduates serving as junior partners gained prominence in the school.

The Bureau of General Research, operating within the School of Arts and Sciences, served as a medium of assistance for the securing and administering of research grants and contracts from government agencies, corporations, and foundations. State funds were also used for research programs, and often outside grants aided in continued study.

In the Department of English, faculty members engaged in both creative writing and critical evaluation of many English and American writers. Dr. James Rosenburg, selected by Atlantic Monthly in 1958 as one of the four best young poets in America, recently published several works.

Research in history also produced valuable information on the past in its relation to the future. After spending five years in Peru gathering material, Dr.

Satellite-Tracking Plan Designed by Engineers

The students and faculty in the School of Engineering and Architecture are continuously laboring to uncover new facts and theories about the mysterious secrets of science and space. This year approximately 40 active research projects were conducted in the laboratories. Over \$250 thousand from outside research contracts was awarded to the school.

Important discoveries about satellite tracking were made possible by a \$85,000 grant from the U.S. Air Force, the largest amount received from any one contributor this year. The research was an inter-departmental project of the Applied Mechanics and Electrical Engineering departments. The investigators designed and constructed an improved Satellite Apparent Position calculator and established stations and procedures for routine observations of artificial satellites. Further aims of the project are to investigate the best use of various types of data to calculate absolute paths of the satellites and to compare theoretical paths with the observed paths.

ME's Study Floor Temperature

One of the most interesting studies carried on by the Mechanical Engineering department concerned the effect of various floor temperatures on the comfort of the human body. The U.S. Public Health Service contributed to the study, which subjected college students to floor temperatures ranging from 75 to 100° F. The Mechanical Engineering department also has the distinction of maintaining one of the oldest continuing research projects in the Engineering and Architecture school. A study on the downward projection of heated air has been in operation since 1945. This year was spent summarizing six papers published on the project co-sponsored by the American Society of Heating and Air Conditioning Engineers and the Kansas State Engineering Experiment station.

An outstanding school accomplishment this year was the addition of five new staff members who hold PhD degrees—one in nuclear engineering, three in mechanical engineering, and one in industrial engineering. Enrollment this fall totaled 1,946 students.

Lee White, a senior in mechanical engineering, headed the Engineering Council. The Council includes the president of each of the student engineering clubs, plus a representative from each class, chosen in the all-school spring election. The freshman representative is elected in the fall by the incoming class. The Council co-ordinates the activities of the nine departments, promotes projects to solicit interest in the field of engineering, such as the annual open house, and supervises the K-State Engineer, official publication of the engineering students which was edited by Al Engle this year.

Open House Promotes Centennial

The 1961 Kansas Centennial was tied in with Engineers' Open House with the theme "Engineering—A Century of Progress." The exhibits portrayed engineering over the past 100 years and as it is expected to be in the near future. George Schneider, ME senior, was responsible for overseeing all the projects. Every year the Open House is scheduled for the week-end of St. Patrick's Day.

New Home Ec Building Aids Expanding School

The dedication of Margaret M. Justin hall on September 28 marked new advancements for the School of Home Economics. The stone building, a teaching and research center for home economics on the Kansas State campus, is functional as well as attractive. About half of the building is devoted to research projects carried on by the six departments.

Departments Emphasize Research

The Department of Family and Child Development used an observation room with one-way windows, microphones, and speakers for both teaching and research. A room with controlled humidity and temperature aided the Clothing and Textiles department in studying fabrics such as sheer window curtains, sweaters, and carpets under ideal conditions. Another research project, now in progress, concerns the family and college influences on students with special abilities. The students in the four-year-old Home Economics Honors program have been used for this study. Its purpose is to challenge the superior home economics students by specially planned curriculums, emphasizing enrichment, breadth, and depth of studies. Two seminars were added to the program. To become a member of this select group, students had to score in the top five per cent of the freshmen on orientation tests and rank high in their high school graduating classes. Ruth Hoeflin acted as faculty adviser for this group.

The other main project, Hospitality Day, entertained about 1,500 visitors. Invitations were sent to principals and Kansas high school home economics teachers. The purpose of the open house was to encourage future students to become acquainted with college life and the home economics program offered by Kansas State. The guests were kept busy throughout the day with campus tours, exhibits in Justin hall, and a luncheon for the participating high school seniors. Mary Jo Mauler was the general chairman of the March 25th event.

Home Ec Enrollment Grows

Great strides were made in the enrollment of the growing Home Economics school with 558 undergraduates and 44 graduate students enrolled. Outstanding home economics work enabled the Professional Foods club to win the Margaret Justin Home Economics award for the second consecutive year. The award was presented for excellence on the basis of over-all attendance, programs, and projects. The eight home economics clubs are governed and coordinated by the Home Economics Council.

Vet Medicine Research Aids Poultry, Livestock

Research in the School of Veterinary Medicine has been making outstanding contributions to the livestock and poultry industries of Kansas and the United States since 1878. This year about 30 formal projects were underway on the parasitic, virus, bacterial, and metabolic diseases of animals.

The 1961 Kansas Legislature appropriated over \$61,000 to increase the services of the Animal Disease Diagnostic laboratory. This provided for the employment of three additional veterinarians, plus new equipment and supplies. The new quarters for the laboratory are in Veterinary hall.

Continuing education programs conducted by the school this year included the 22nd annual conference for Kansas veterinarians, in addition to a one-day conference on breeding problems. The annual Veterinary Medicine Open House has grown continuously. This year approximately 6,500 visitors observed the exhibits and demonstrations on the various areas of veterinary medicine.

Grad School Increases Advanced Degree List

Doctor's degrees in English and horticulture were offered for the first time this year by the Graduate school. Since the first PhD was granted in 1933, the list of doctoral degrees has grown to 22. The Graduate school has been on an upward climb in enrollment since 1955, hitting a new peak of 783 students this fall. This figure marks a 15 per cent increase over the previous fall semester.

Out of 1,500 National Defense Education Act fellowships granted to schools in the United States this year, the K-State Graduate school received 17, bringing the present total to 37. These awards cover three years of study and pay the student \$2,000 the first year, \$2,200 the second, and \$2,400 the third, plus an additional \$400 a year for each dependent. K-State also receives up to \$2,500 for each fellowship holder attending the university.

SGA Mediates Opinion For Students, Faculty

Virginia Baxter became the first coed in K-State history to reign as chairman of the Student Council. Under her leadership, Tribunal was lifted from the status of being a recommendation body to a higher position of authority and final decision making on student violations of rules. Council also set up an assembly committee to study and book worthwhile assembly programs for K-State students.

The newly-formed University party dominated the 1960 spring Student Council elections by winning 13 of 18 seats in the Council. The largest victory for the party was gained in the School of Engineering and Architecture where members of the young party were elected to five out of six Council seats.

Les Dugan, University candidate, defeated Integrity party's Mark Johnston to claim the office of student body president by a vote of 898 to 757. Dugan, a sophomore when he entered office, went on to be elected president of the Big Eight Governing association composed of the student body presidents.

A proposal on establishing a Student Union bookstore in the planned addition to the Union was submitted to Loren Kottner, Union director. The group also carried on an extensive study of health insurance programs available to students.

Governing Bodies Budget Funds, Uphold Justice

Apportionment Board allotted \$69,323 to KSU publications last year. Other allocations included the Union, \$67,305; athletics, \$37,017; band uniforms, \$9,000; and speech groups, \$4,000. The board heard requests for funds in the spring and fall and sent its recommendations, based on the hearings and funds available, to Student Council for approval. President McCain had the last word on the allotments.

body—actions taken by a fraternity when the student tried to paint its monument—fanned a heated campus argument last fall, with Tribunal, University court of justice, in the middle. This case was only one which confronted Tribunal as it attempted to maintain K-State's honor code. The court may recommend dismissal, probation, payment of damages, or restriction of rights to Dean of Students Herbert Wunderlich. He may either approve or overrule the court's recommendations.

MAKING BANDAGES is one of many tasks performed by AWS members as they do service work at Student Health.

AWS Helps To Extend Senior Closing Hours

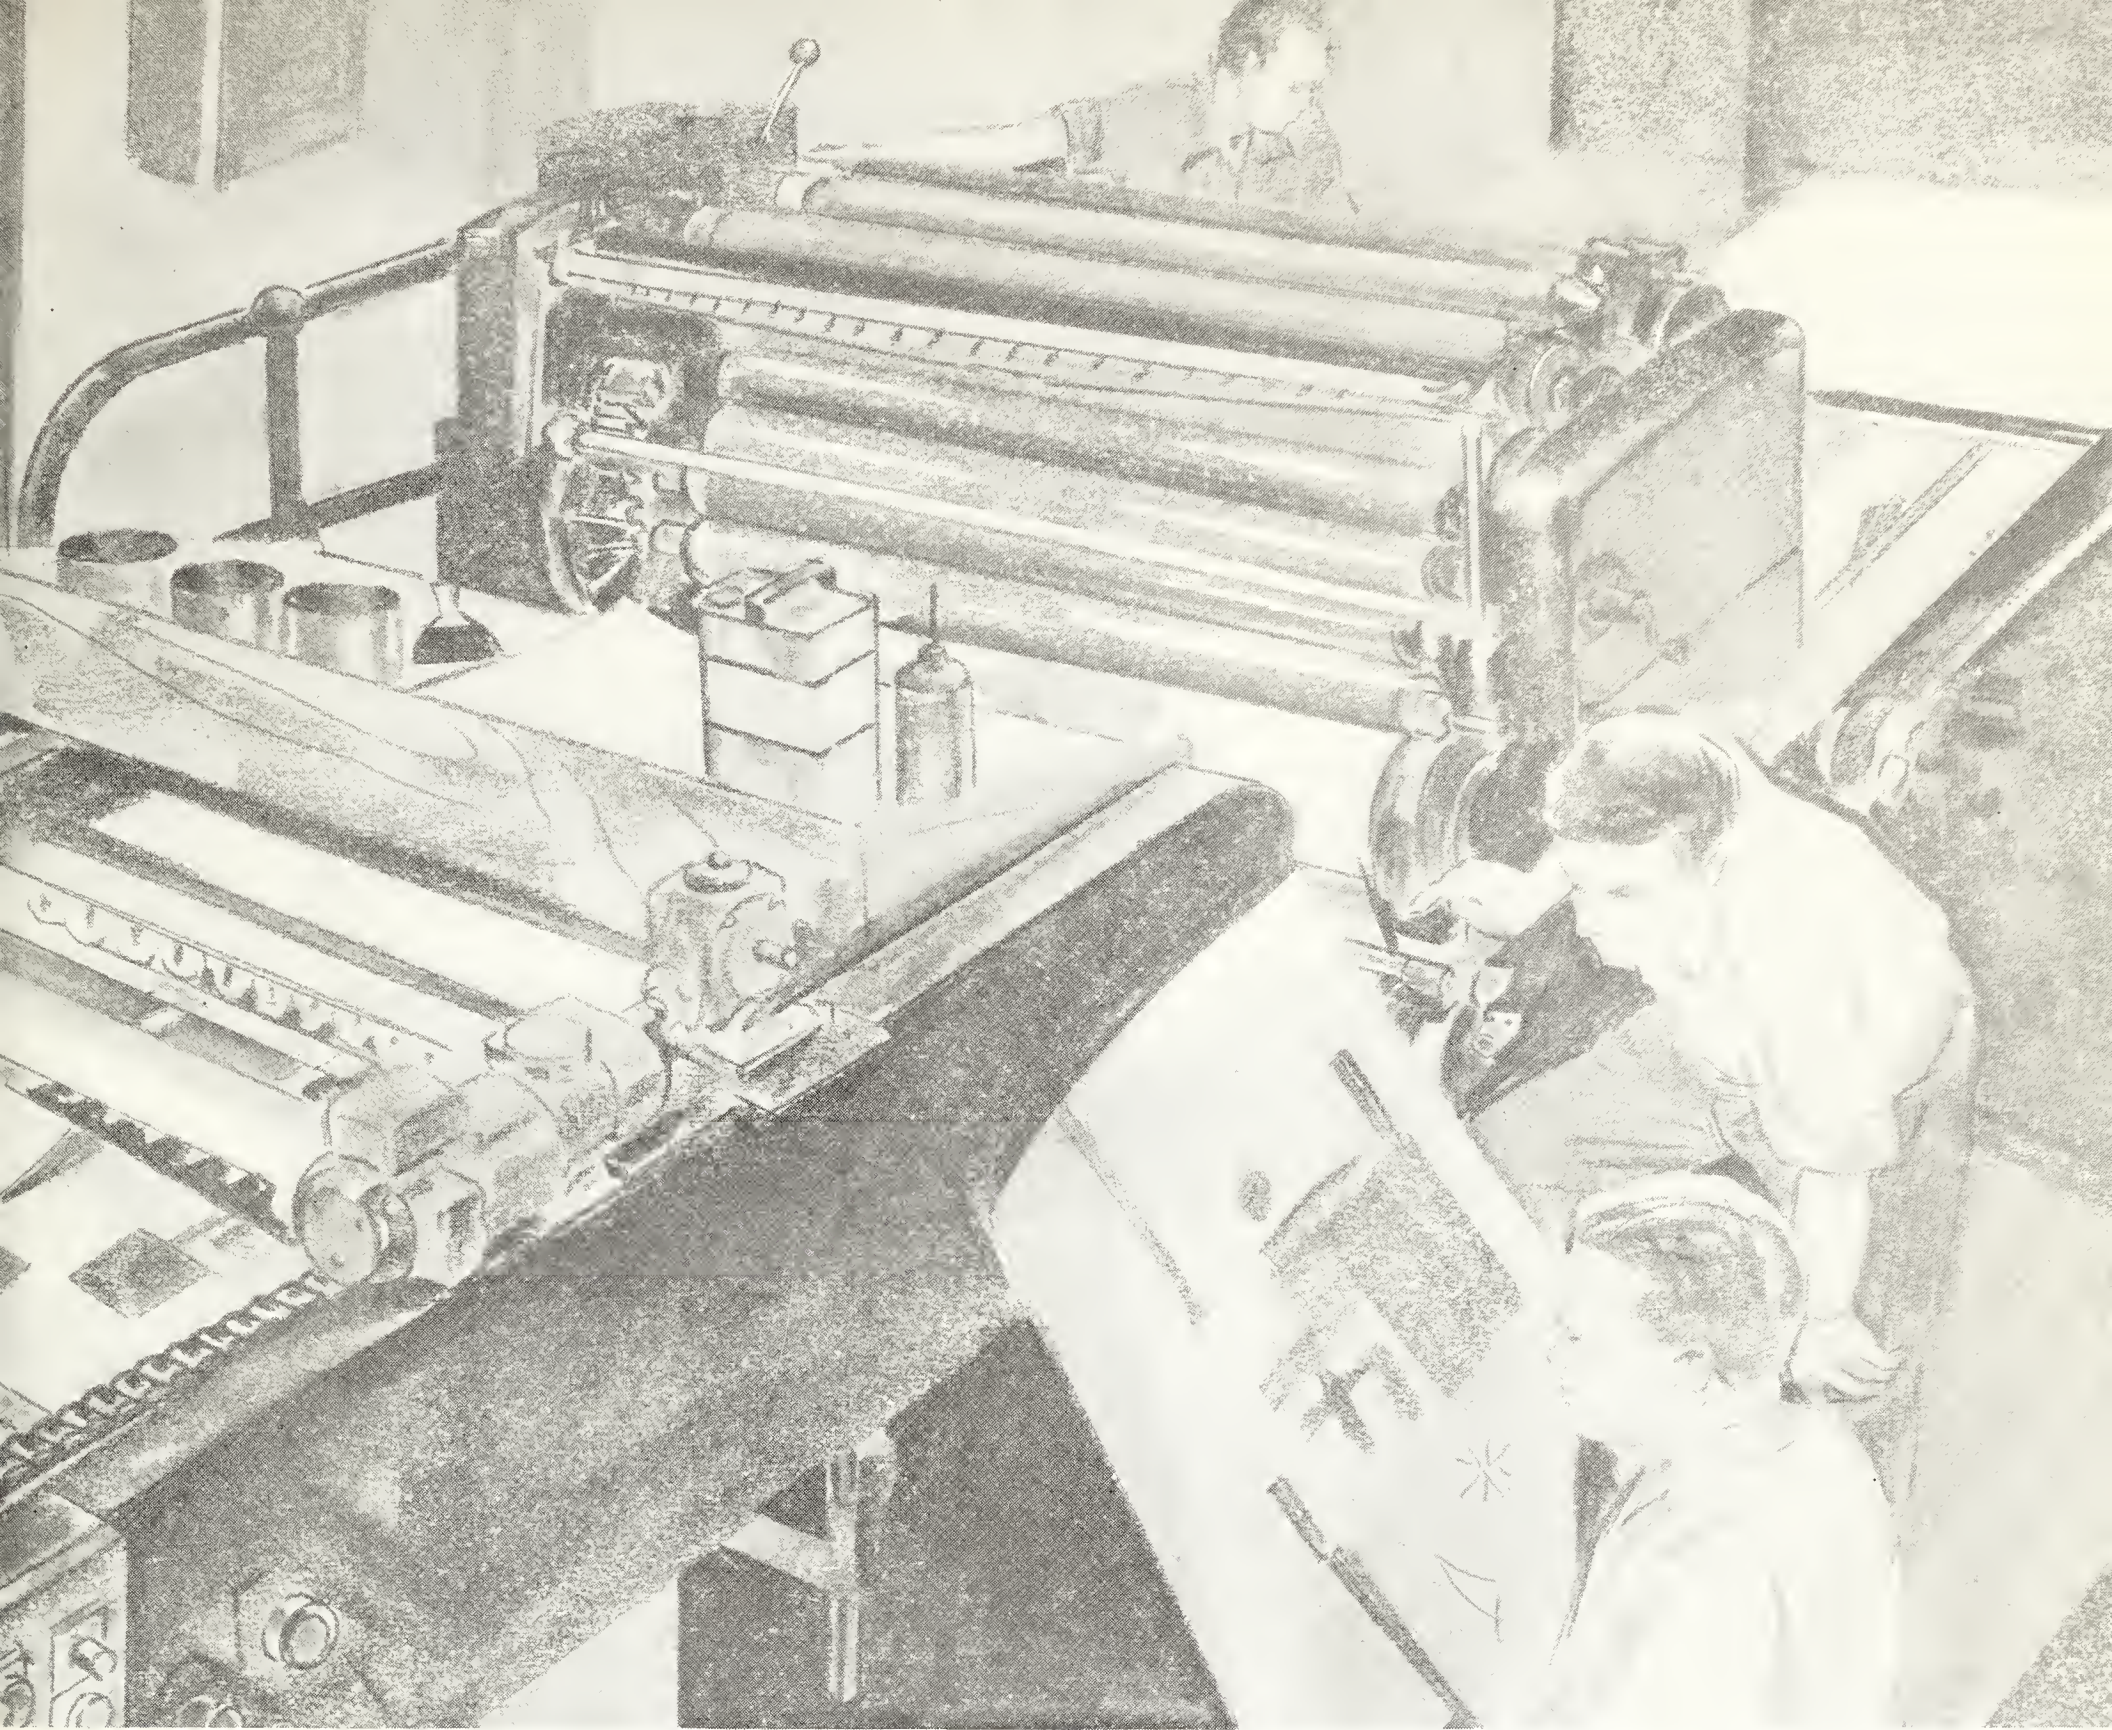

An innovation of the Associated Women Students organization this year was to extend senior women's closing hours to midnight, Sunday through Thursday. Annual contributions of the group were the orientation programs for freshman and transfer coeds in the fall and spring, a Penny-A-Minute night to raise funds for a women's scholarship house, and an All Women's Day which provided programs of interest to University women.

All Coeds Belong to AWS

Although AWS was not begun until 1956, it has done much since then to provide more leadership opportunities for women and to improve group living both on and off campus. All K-State coeds are members of AWS, but the activities of the group are directed by a representative council which was headed by Margaret Cooper and sponsored by Margaret Lahey. Duties of the council include, with the aid of committee chairmen and a judicial board, working for the unification of women students.

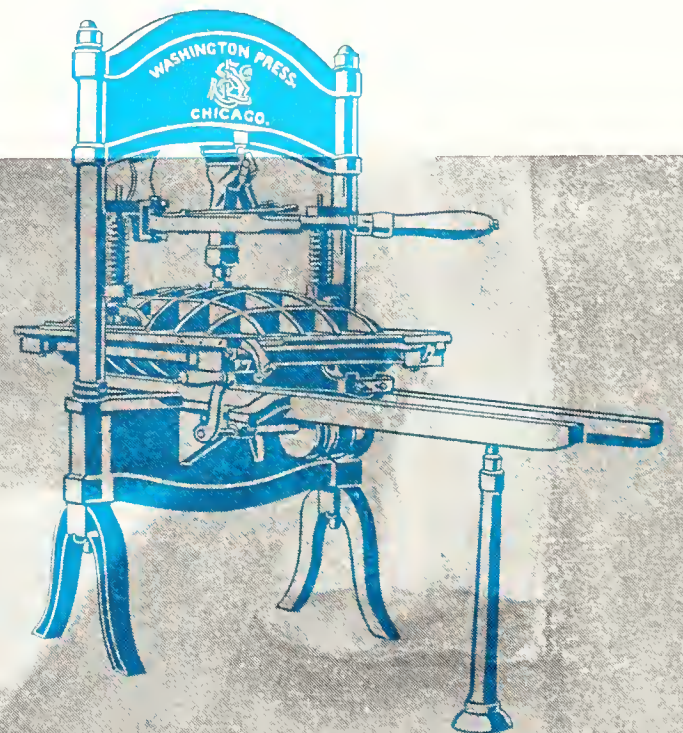

Publications Inform Coeds

AWS sponsored two publications. The first, a booklet called "Starbeams," was sent to incoming coeds to inform them about campus life. The second, a monthly newsletter, was distributed to all K-State women to inform them about current activities.

Supplement University Education

Organizations have been a part of student life almost since the establishment of the college. At that time, the prominent type of organization was the literary society. These societies were formed for students' mutual improvement of the forsenic art, literature, and music, and to supplement classroom instruction. The only other student organizations, at that time, were a scientific club, the YWCA, and the YMCA. There are now numerous campus organizations of a religious, scholastic, living, and professional nature.

ROUSING CROWD enthusiasm at a home football game during K-State's losing grid season are varsity cheerleaders

Jackie Kellogg, Diane Ira, Sharon Livengood, Gayla Shoemake, Barbara Howard, and Colleen Ungeheuer.

Cheerleaders Generate Spirited Team Support

Cheering support for the Wildcat teams was instigated by the six women on the cheerleading squad. The enthusiastic group traveled to every Big Eight conference football and basketball game, except those played during the regular school week.

The cheerleaders worked with the Games and Rallies committee in planning and co-ordinating special

events to encourage student support of the Wildcats. They helped with pep rallies before the games, including a "strip tease" routine at the Homecoming rally.

The group introduced two new yells and a special routine with the band, pep clubs, and student body. In the spring, the cheerleaders held a school to teach K-State yells to students who were interested in trying out for next year's cheerleading positions. Special advisers who assisted the cheerleading squad were Elton Green and Charles Wildy.

CHEERING SUPPORT for the Wildcat football team is offered by Whi-Purs at every home game. The pep club

has a section by the 50-yard line so its members have an excellent view of the progress on the football field.

Whi-Purs Give Cheers For Wildcat Athletics

Membership in Whi-Purs, freshman women's pep club is open to all freshman women. They must be interested in promoting the spirit of athletics and good sportsmanship throughout the campus and in supporting the football and basketball teams with pep and enthusiasm. The club also aims to develop sincerity, enthusiasm, and friendliness in individuals.

School Colors Name Club

The organization derives its name by taking the first three letters of Kansas State's school colors, white and purple. Members wear standardized outfits to all home games and the day before games. The outfits are white sweaters with Whi-Purs emblems, white blouses, white socks, and purple skirts.

Club officers are elected on the basis of their proven sincerity and willingness to carry responsibility for the activities of the organization. This year's president was Brock Taylor, and Janice Graham was faculty sponsor. Under their direction, the 150 Whi-Purs attended all basketball and football games at home and a few away from home. Traditionally, the club supports the football or basketball team by taking a bus to Lawrence to attend one of the Kansas State-Kansas University games.

Whi-Purs March at Homecoming

All members took part in projects undertaken by the group. Besides attending football and basketball games, they supported the spirit of University athletics this year by marching in the Homecoming parade and by helping to arrange pep rallies. Whi-Purs members made an effigy of Oklahoma State's cowboy to burn at the Homecoming pep rally last fall. Cowbells and pom-poms were used by the freshmen at games to promote school spirit.

Orchesis Labels Dance As Artistic Expression

Members of Orchesis, K-State's modern and creative dance group, strove to promote a sincere interest in dancing and an understanding of it as a creative art of expression. Giving public performances

helped club members to develop a high degree of self-confidence, friendliness, poise, and skill.

Orchesis has been organized on the campus since 1935. The fall semester president was Cynthia Kleitz and Janet Smith led the spring semester group. Faculty sponsor was Miss Judith K. Hodge.

The dancers sponsored several educational and entertaining films on dance, in addition to presenting their annual dance concert.

Phems Members Value Activities, Plus Athletics

Physical fitness was only one goal of members of Phems, the organization for women physical education majors. The women guided their social development by activities within their own department and the men's physical education group. The club's agenda for the year included a mixer, progressive dinner, Christmas party, senior banquet, alumnae tea, and a picnic. Physical education majors were in charge of the annual "Play Day" for 130 high school girls.

Eva Lyman was faculty sponsor for the 46 Phems. The president, Sally Hardwick, was runner-up in the first flight of the women's collegiate golf tournament at Stanford university in Palo Alto, Calif.

Chaparajos Lift Rodeo Into National Standing

A fall trail ride, dance, and the annual collegiate rodeo in the spring were the year highlights for the Chaparajos club members. The club is designed for those students who have an interest in horses, horsemanship, and rodeos.

Organized in 1946, the Chaparajos have sponsored the collegiate rodeo every year since except 1958. For

the past three years, it has been held in Ahearn field house. Because the club recently joined the Intercollegiate Rodeo association, this year's rodeo was on a national intercollegiate level and one of the largest ever held at K-State. All schools belonging to the association in the Rocky Mountain region were invited to participate. Representatives from as far away as Montana and North Dakota attended. Stock is made available to the Chaparajos members during the spring for practice for the rodeo.

Membership in the club this year was 58, an increase of 33 over last year's membership. President of the group was David R. Slyter and the faculty adviser was George C. Halazon.

new program this year, the veterans volunteered to have their blood typed and were on call for emergencies.

Veterans Organization Caters to Former GI's

Donating blood to the Riley County hospital was a major service project of the Veteran's organization. Speakers and educational films were frequent high-

lights of the twice-monthly meetings, and social events included informal dinner parties and dances.

The Vets entered into all phases of the intramural sports program and won the first place title in the independent football competition. This group of former servicemen, striving to develop better social relations among all veterans, was guided by president James Rose. Burns Hegler served as the faculty adviser to the 35 members.

Different odors of perfumes carried out the theme in naming individual and group swim formations and diving stunts. President Richard Reed, the 33 members, and faculty adviser Nola James, presented the demonstrations for the High School Play Day and Arts and Sciences Day.

Extension Club Directs Leadership Conference

Presenting a leadership conference last fall and holding joint social events with the Home Economics club were chief contributions of the Extension club. John Sayler and Jack Hendrix, presidents, and faculty adviser E. H. Teagarden, led the organization's 20 members in promoting interest in cooperative extension work. Membership was open to students interested in the phases of extension.

Student Educators Host Association Convention

The Student Education association hosted the Kansas Student Teachers association convention held on the campus this spring. Judy Tyler, state president, presided over the convention. The K-State chapter, under the direction of Connie Cristler, aided several high school groups to form Future Teacher associations. Further aid was extended to high school FTA chapters during state convention, which was held at K-State.

Education Honorary Established

A new education honorary, Kappa Delta Pi, was set up in the spring by S.E.A. To belong to this honorary, one must be a junior or senior enrolled in education, and rank in the top 20 per cent of his class. The charter members were announced at the annual spring banquet by sponsor John W. DeMand.

Drive Increases Membership

An extensive membership drive boosted membership to 654, which makes it the third largest S.E.A. group in the nation. The club strives to provide its members with opportunities for practical experience in working on the problems of the profession. A new bulletin board in Holton hall kept students notified of current education news. Another new feature of the club was a S.E.A. office containing a file of educational materials and pamphlets.

Geographers Consider Other Lands' Features

Emphasis was placed on the study of geography of other lands by members of the Kansas State Geography club. University professors aided in the study by speaking about the geography of Venezuela, the Netherlands, Eastern Europe, Western Europe, and India. A field trip was taken to Ft. Hays college to attend the Rocky Mountain-Great Plains division of the Association of American Geographers meeting. Under the leadership of president, Grady Ghrer, and sponsor, Herbert L. Rau, the group also went to Colorado.

Geology Group Studies In Colorado Mountains

A field trip to the Colorado mountains highlighted the year for the members of Williston Geology club, which merged with Sigma Gamma Epsilon. The purpose of the expedition was to study geology and to gain field experience. Under the presidency of Arthur Booth, with advice of sponsors, Henry Beck and Claude Shenkel, the members sponsored a geology tutoring service. This project, available for the first time, aided students enrolled in general geology. As a money-making project, they sold field equipment to students.

Taking \$150 from their treasury each year, the 17 members of Steel Ring give a scholarship to a high school student. The recipient is the winner of the Kansas high school science fair sponsored by this professional engineering society.

Members must have a 2.0 grade average and leadership and professional ability. Wilson Tripp and Ralph Lipper were advisers and Edward Pivonka, president.

Radio Engineers Study Businesses, Electronics

Putting aside their crystal sets one evening a month, members of the Institute of Radio Engineers met to hear speakers from various industries in the engineering field. Topics of the meetings ranged from missiles and space astronauts to transistors. Purpose of these talks was to help the engineers gain further knowledge in electronics and electrical engineering. They also built and operated displays for Engineers' Open House.

C. A. Halijak sponsored the 53-member organization. Karl F. Anderson was chairman. Membership was open to electrical engineering students.

Electrical Engineering Builds 'Robbie' Robot

"Robbie," a mechanical robot, designed and constructed by the Student Branch of the American Institute of Electrical Engineers, has been the center of attraction for open houses and carnivals on the campus. At last years Engineers' Open House, Robbie performed for the crowd of visitors by walking, moving his arms, and shaking his head. At Open House, visitors were astonished when Robbie was able to talk to them, an electronically arranged fete.

A membership drive last fall more than doubled the size of AIEE. The 130-member organization ranked fourth in the nation in the total number of members for student branches. The membership drive was part of an expansion program designed to enable more electrical engineering students at K-State to learn of advancements in the field and to participate in projects initiated by the organization.

The chapter had meetings with the Kansas City professional chapter to stimulate interest in the profession. Under the leadership of William Powell, president, and Melvin Cottom, faculty sponsor, the Institute hosted its annual spring banquet. Kansas City professional members attended as guests. This club, one of the oldest on campus, dates from 1909.

Mechanical Engineers Lead Industrial Forum

Professional engineers from the Kansas City area were brought to the campus last fall in conjunction with the Department of Mechanical Engineering's and American Society of Mechanical Engineers' sponsorship of the "Invitation to Industry" campaign. The student section of the American Society of Mechanical Engineers stressed the advancement, dis-

semination, and practice of mechanical engineering ideals and theories. Students also became acquainted with the personnel and activities of the parent organization and developed initiative and social responsibility in engineering fields.

The American Society of Mechanical Engineers sponsored a technical engineering paper contest and then offered the winners a chance to compete in an international contest. The members also held their annual spring picnic and participated in the Student Industry Forum in Kansas City.

Sponsored by Mr. Harry M. Neely, the 132 members sought to gain a social perspective of engineering work. Glenn L. Channell was president.

Aeronautical Club Sees Topeka Aircraft Plant

The members of the Aeronautical Science club visited the Boeing Aircraft company as one of their main activities this spring. A second trip which created additional enthusiasm was the Kansas university invitational dinner where the regional conference of the club is held annually.

Some of the projects the club participated in included displays in the Engineers' Open House, films on aircraft, and guest speakers from industries. The club was organized in 1940. Membership has increased steadily by about 12 per year.

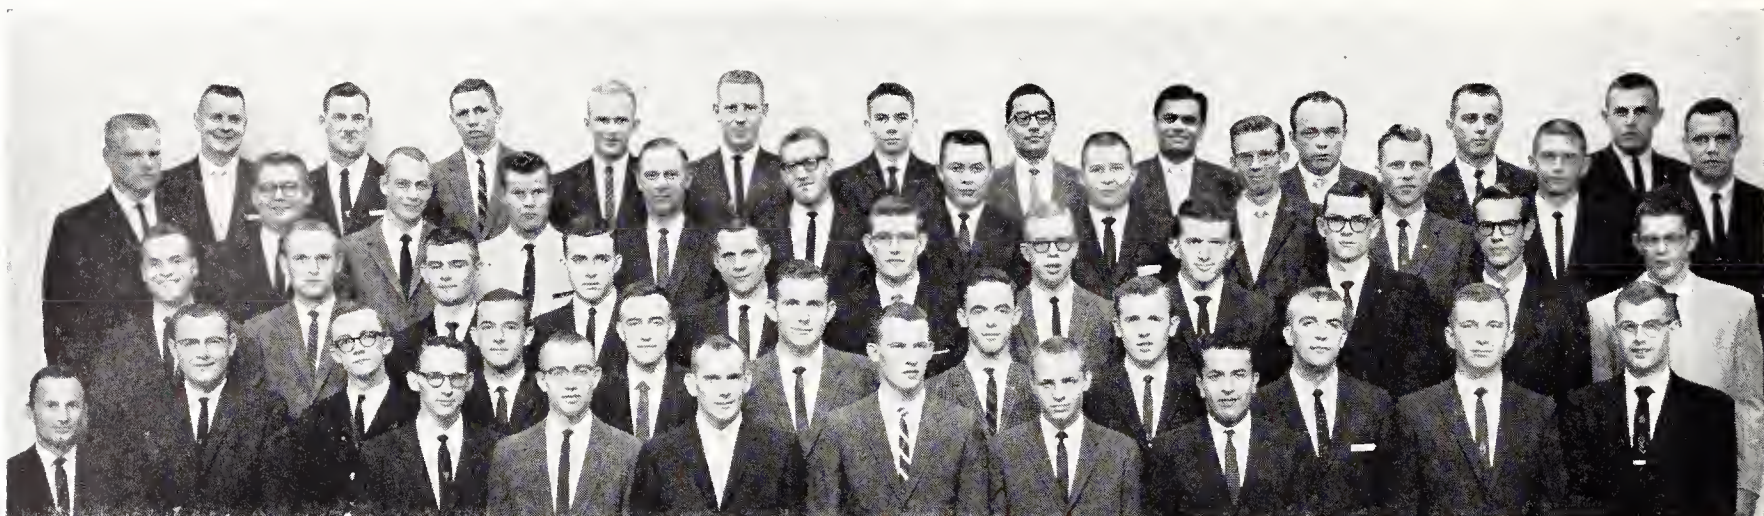

Ag Engineers Exhibit Antiquated Machinery

Thirty-five members of the student branch of the American Society of Agricultural Engineers attended the midwest annual convention of the club conducted in St. Joseph, Mo. A major contribution of this group involved an exhibit of antique farm machinery. Much time was devoted to the preparation of this exhibit by the 55 members. Under the leadership of Leroy K. Pickett, president, and with the help of their faculty sponsor, Teddy O. Hodges, the group sold refreshments for Agricultural Engineering Day in the fall.

Industrial Engineering Begins New Honorary

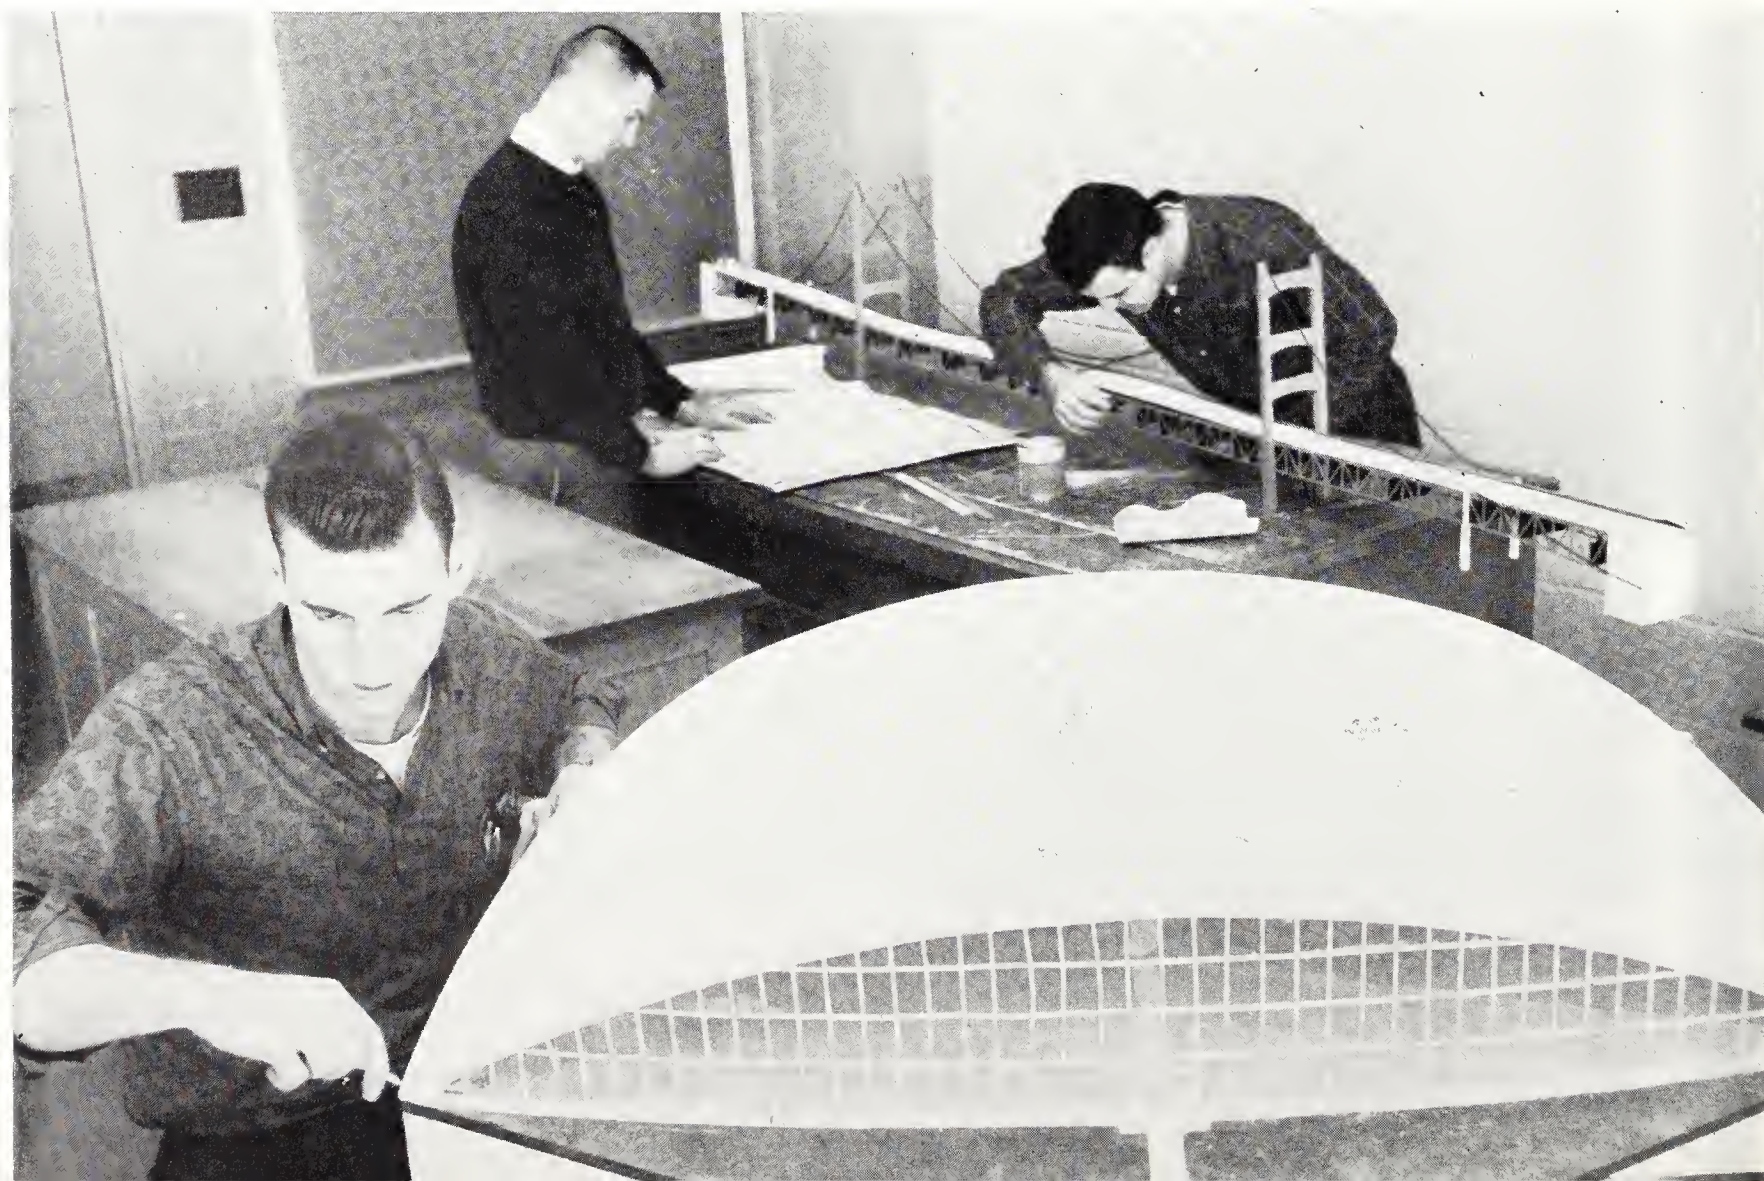

New on the campus last fall was the Student Society of Industrial Engineers. To foster and advance the profession of industrial engineering, and to pro-

mote education and research in the various areas of the association were the goals of the 68-member club, headed by C. J. Austermiller. Dr. I. L. Reis served in the capacity of faculty adviser.

The Society gathered for regular monthly meetings, which programed speakers from several industrial firms that are located in the surrounding counties. Several SSIE members attended the regional conference of the AIIE that was held in Kansas City this spring.

PARABOLIC SHELL construction and a suspension bridge project were built to scale by three engineering students.

The civil engineering exhibit was awarded first place when it was displayed at the Engineers' Open House.

National Rating Proves Civil Engineers on Top

Participation in educational activities on and off campus has paid K-State's American Society of Civil Engineers well. Receiving a Certificate of Commendation for three of the past four years, the chapter is one of the top 15 ASCE chapters in the nation. They "retired" a trophy for having the outstanding technical and professional reports in the Midconti-

nent Student Paper contest three years in a row.

Each year, the men journey to Kansas City to study flood control and hydraulic systems around that city. While there, they are guests of the Kansas City chapter. Other projects are an Engineers' Open House display and fall and spring picnics.

On top in educational programs scheduled for the group was a speech by Dr. Arne Bjerhammar, surveying and mapping expert from Sweden. Other speakers were Chester Peters, Placement Center director; L. G. Feil, Chief Engineer at the Corps of Engineers; and Dwight Metzler, State Board of Health. Bob Baldwin was president.

Project Explores Jobs Of Chemical Engineers

A series of talks on employment opportunities and types of jobs available in chemical engineering was the main project of the American Institute of Chemical Engineers this year. The organization also sponsored a field trip to acquaint members with types of plants and industries which hire chemical engineers.

The Kansas State student chapter of AICE was established about 1930 and has been active since then except for the war years. It was organized in conjunction with the class in chemical engineering assembly. The only requirement for membership in the club, which was sponsored by Dr. William H. Honstead, was enrollment in the chemical engineering curriculum. Membership of the organization totaled 67 this year, a five per cent increase over last year's membership total.

Purposes of the organization were to further the chemical engineering profession and to help members learn more about chemical engineering principles. The club president was Donald Livingston.

Nuclear Society Plans New Research Reactor

A new development is being proposed by the American Nuclear Society which would greatly enhance the opportunities for advanced students in nuclear engineering. A low power research reactor, one of 25 in the United States, is now being planned for Kansas State. This would be of substantial value as a research tool for many of the University's departments to use.

Membership Rises to 80

To promote the professional development of its members is the purpose of the American Nuclear Society. Membership in this group, which has been

a campus organization only one year, has risen to 80 members. Anyone enrolled in nuclear engineering or in a related engineering or scientific course is eligible to become a member of ANS.

This branch is one of the first student organizations of the society. In order to keep the students alerted as to the latest developments in their field, a series of movies concerning the most recent happenings in the nuclear field were shown. These were supplemented by talks by faculty members, students, and representatives of industrial firms concerned with the manufacture of nuclear devices.

Society Displays Sub-Critical Reactors

In Engineers' Open House, the nuclear engineers presented a model of a pressure water reactor and displayed both of their sub-critical reactors to the public. Work was carried out under president Mort Sanders and sponsor R. W. Clark.

Architect Institute Hosts Noted Home Designers

A noted Oklahoma architect, Bruce Goff, visited the campus this year as a guest speaker under the sponsorship of the student chapter of the American Institute of Architects, in conjunction with the Graduate school. Goff, an organic architect who specializes in residences, was the third such speaker sponsored by the AIA. During the past two years, Craig Ellwood and Charles Luckman, well-known architects in the Los Angeles area, have visited the campus and talked to the members.

Other AIA activities this year were sponsoring an inspection trip to Kansas City and arranging for various guest speakers, movies, smokers, and panel discussions. The out-of-town trip enabled club members to inspect recently constructed buildings planned by Kansas City's leading architects. Architecture movies, shown by the club throughout the year, promoted and stimulated interest in the field. Members participated in smokers and panel discussions to form ideas about the role and importance of architecture in the past, present, and future.

The student chapter of the AIA, under the leadership of Billy D. Wunsch and the sponsorship of Jack Durgan, functioned to acquaint members with the activities of the professional group. The 150 members were enrolled in architecture, architectural engineering, or landscape architecture.

Architects' Wives Gain Bowling, Bridge Skills

Thirty women whose husbands were enrolled in architecture or architectural engineering were members of the American Institute of Architects Auxiliary. The club aimed to increase wives' understanding of their husbands' profession. Club members sponsored social groups for knitting, bowling, bridge, and an annual social activity to include the husbands.

Physicists Investigate Methods, Procedures

Field trips, barbecue picnics, and an exhibit constructed for Arts and Sciences Day displays kept the 43 members of the American Institute of Physics busy this year. John E. Lawrence presided over the group, and L. Dean Bark served as the faculty adviser. Membership was open to students in any curriculum related to the study of physics.

Sports Car Enthusiasts Compete at Gymkhanas

Competition at the intercollegiate level in rallies and gymkhanas with the University of Kansas and Washburn university kept driving skills at a high peak for the 20 members of the Sports Car club. Individual driving ability is tested in rallies since rac-

ing is done against the stop watch; whereas, gymkhanas are racing contests. Members' sports cars were shown in a special outdoor display for Engineers' Open House.

Francis Carroll was the president, while Robert Doty served as the faculty adviser. Since its founding four years ago, the organization has acted as a source of technical information about cars, foreign in particular, and has encouraged better driving habits and techniques on public roads and on campus streets and drives.

RECEIVING LAST minute instructions and road patterns to follow before starting on a rally are these Sports Car

Flying Club Members Practice Spot Landing

Flying contests to perfect spot landing were held by the Kansas State Flying club. At present, the club is working on proposed aeronautical activities in competition with other flying clubs. The organization owns three Cessna airplanes, and many meetings are centered around maintenance of these.

The Flying club has been in existence for five years, and offers 33 members an opportunity to learn to fly. Membership in the club enables a student to practice safe flying at a cost which is considerably less than to a non-member. To belong, one must be affiliated with the University as a student or staff member. President was Dale Eckerberg, and Bill Mills aided the members as flight officer.

members of the K-State Amateur Radio club. Since the Army has its own radio system, members keep the station on the air and transmit the messages.

Licensed amateur radio operators are eligible to join the Amateur Radio club. Students requesting training for their license are encouraged to attend the meetings which are held twice a month.

Members helped build and repair equipment at the station. A field day was held to test the emergency equipment to be used in case of disaster. A contest was developed over the number of contacts made. Capt. Nathan Plotkin's connection with the Army Signal corps qualified him as adviser. Charles W. Meisinger was president.

Independent Students Act as MUN Delegates

Three delegations, Canada, Norway, and Denmark, were represented by the Independent Students association in the Model United Nations assembly. During the spring semester ISA also sponsored a picnic. Funds for club projects were added to the treasury by a car wash which the group held. The 150-member organization was led by Eldon James Steiner, president. Wendell Kerr advised the organization as faculty sponsor.

"Vampire's Cave" was the theme of the Independent Students association Halloween mixer, the first dance of the year. Original humorous skits were presented by various members at intervals throughout the evening. At their second annual Christmas dance, Judy Oberhelman, representing Putnam hall was crowned ISA queen by President McCain.

The aim of the Independent Students association is to aid in development and adjustment of independent students at Kansas State, to unite independent students and to encourage them to participate in campus activities, and to give members more social opportunities. The local chapter was founded immediately following World War II, by war veterans.

Off-Campus Association Organizes for Women

A Christmas party for needy families of the Manhattan area was given by members of the Off-Campus Women's organization. Toys, canned food, and two Christmas trees were distributed by the coeds.

A box supper with the Men's dorm, hour dances, intramural competition, and the spring formal were other social engagements.

The association was first organized last fall as a direct result of the number of women living off-campus due to the dormitory housing shortage. The 55 members of this association were presided over by Bobbi Moreland, with Helen Wildy serving as faculty adviser. They were not affiliated with other living groups, and had to live in off-campus independent women's housing development areas.

Dames Club Provides Food, Toys for Family

Adopting a needy family of six from the Manhattan area at Christmas time were the women of the Dames club. New and used clothing for all members of the family; various household items such as chairs, footstools, tables, pots, pans, and other useful kitchen utensils; canned, fresh, and frozen foods; and toys for the children, were donated by these Dames club members. The club also sponsored a Thanksgiving dance for their husbands.

Dames Form Interest Groups

Members advanced their general overall knowledge as active participants of one or several of the 11 various interest groups offered. The women found it easy to match their interests with the groups in arts and crafts, bridge for beginners, bridge for intermediates, advanced bridge, general card games, swimming instruction, pastry and cake decorating, knitting for beginners, advanced knitting, bowling for beginners, and league bowling. The instructions offered were given free by members of the organization proficient in that skill, and by various women

from Manhattan interested in helping to teach new skills and hobbies to the group.

Wives Promote Cultural Understanding

The 300 members of the organization, led by Judy Sellers, president, and faculty adviser Mrs. Emil Fischer, tried to promote general cultural understanding between all peoples. Married women students or wives of students were members.

MEMBERS OF the Dames club knitting interest group meet weekly to knit sweaters and other articles of cloth-

ing. The organization sponsored nine additional learning groups including bridge, cake decorating, and bowling.

INTERNATIONAL ideas for Christmas gifts are displayed at YWCA's annual Y-Mart. Gifts come from many lands.

YWCA's Sale Offers International Gift Items

The major activity of the Young Women's Christian association this year was the sponsorship of the traditional Y-Mart. The international sale, an event unique to KSU, was started 30 years ago. This year, over \$1,500 worth of merchandise was ordered

through international consignment agencies on the east and west coasts. Items from numerous countries, including India, France, Sweden, Mexico, Brazil, and Switzerland, were displayed in sale booths in the Union. The booths were set up in three main sections, devoted to featuring items from Europe, Asia, and the Americas. In addition to the merchandise sale, food donated by townswomen was sold. Proceeds from the Y-Mart finance service projects and send women to regional and national YWCA conferences.

YWCA Celebrates 75th Birthday

November 17, 1960 marked the seventy-fifth anniversary of YWCA on the K-State campus. The first meeting was held in 1885, in Anderson hall under the sponsorship of Mrs. Nellie Kedzie Jones, after whom Kedzie hall is named. Today Anderson hall remains the central building for the organization. Mrs. Marceil Wood, the club sponsor, and Charlene Murphy, president, share an office there.

Coeds Make Scrapbooks for Children

Members devoted their time to several service projects, including the sponsoring of a service bar at semester enrollment and the making of picture scrapbooks for a Children's hospital in Topeka. A fall picnic was held in conjunction with the Arab-American club and various church fellowships.

K-State Players Polish, Produce Seven Shows

Opening the dramatic season with "Kiss Me Kate," the K-State Players presented six other productions. The major ones were "Come Back Little Sheba," "On Borrowed Time," "Streets of New York," and "Golden Boy." A one act musical was taken on tour through Kansas in the spring. Jane Adams was president.

Forensic Union Stages Case-Study Tourney

Forensic Union, an organization for debaters and orators, sponsored a case-study tournament by inviting other colleges to come to K-State to debate. Members also debated and spoke at Civic clubs. Moderator of the newly formed Union was Gladys Bryson. James Robbins and Anita Taylor sponsored.

Journalism Club Visits Kansas City Concerns

In November, the 18 members of the Home Economics Journalism club visited Kansas City's Hallmark company, and the Federal Reserve bank, and with the Kansas City Star women's editor. After the tour, they were entertained at a luncheon hosted by public relations women. Under the leadership of Helen Spliehal, president, the coeds made nutcrackers for an old folks home during the fall semester. At one meeting, the faculty sponsor, Helen P. Hostetter, reviewed the writings of Clementine Paddleford, a K-State graduate, who writes for "This Week," and the New York Herald Tribune.

Foods Club Members Prepare Foreign Fare

Preparing and serving a foreign foods dinner was a major project of the Professional Foods club. The members, aided by faculty sponsors, Gwendolyn Tinklin and Marjorie Hemphill, prepared the food for guests. Two service projects which members participated in were making tray favors for Student Health, and selling cook books. Marcia Gordon was president of the club.

Interest in professional foods was the requirement for club membership. With this interest the club promoted the fields of foods and nutrition, dietetics and institutional and restaurant management.

Teaching Club Earns Funds for Scholarships

To raise funds for home ec scholarships, the Home Economics Teaching club sponsored a rummage sale. Last fall, members of the club helped guide tours through Justin hall during the dedication. Sara Hybskmann led the group as president, with the aid of Laura Baxter and Mildred L. Mussey, sponsors. A dessert meeting was held in the Union for installation of the new officers in the spring. The coeds collected magazines to give to an old folks' home.

Child Development Club Visits Nursing Homes

Members of the Family and Child Development club have been visiting nursing homes weekly since last January. The project included making gifts as well as friends. Another service of the club was the baby-sitting service developed for the citizens of Manhattan. Barbara Krasny served as president of the organization and Mrs. Ivalee McCord, sponsor. The organization totaled 30 members. It is a division of the original Margaret Justin Home Ec club.

Home Ec Nursing Club Tours Medical Center

A tour of the Kansas University Medical center provided educational opportunities for the members of the Home Economics and Nursing club. All home economics-nursing students and other interested students were encouraged to join this group.

Under the leadership of President Kay Camp, with the assistance of faculty sponsors, Dr. Ruth M. Hoefflin and Mrs. Marguerite Umberger, the organization was host to student nurses enrolled at the Medical center. The 29 members participated in the Snowball and the Justin hall dedication.

Home Ec Art Clubbers Sell Japanese Prints

A sale of Japanese prints in the Union served as a money-making project for the Home Economics Art club. Other highlights of the year were a chalk-talk by a member of the faculty on choosing the correct hat style, and a program at which the group was shown slides of a student's trip to Europe.

Headed by Charlotte Boley, president, and John O'Shea, faculty adviser, the group attempted to interpret the purpose of home economics and to aid in professional applications. Eleven members made up the club, which furthered interest of art.

Extension Club Shows Labor Saving Devices

A home economics workshop to introduce labor saving methods to women of small surrounding towns in nearby counties was conducted as the main activity of the Home Economics Extension club. New methods of child care, home management, and meal planning were demonstrated at this workshop. The departmental club also participated in the formal dedication of Justin hall, and erected a display for the Home Economics Hospitality Day.

Clothing Retailing Club Produces Style Show

Writing, planning, directing, and producing the style show given for Home Economics Hospitality Day was the responsibility of the Home Economics Clothing Retailing club. Fashions shown were made by home economics students in their clothing classes and were modeled by the designers. The club also sponsored out-of-town guest speakers recognized in the field of professional clothing retailing, and other home economics service projects.

Collegiate 4-H Group Judges County Events

The Collegiate 4-H club provided over 100 judges for county 4-H Day events in 16 counties. Another outstanding contribution of the local organization was helping Emporia Kansas State Teachers college

to begin a Collegiate 4-H chapter. Seventy-five members were kept busy working on the staff of the "4-H in Review." In the spring, the students spent a day cleaning up the grounds at the Rock Springs ranch to prepare the area for campers. Members and dates enjoyed a "Jack and Jackie Frost" fall formal, which consisted of a dinner and dance.

The 280-member organization was sponsored by Cecil Eyestone, and Dave Woolfolk guided them as president. The local chapter was organized in 1927.

Agriculture Economists Sponsor Oral Contests

Speech and debate contests sponsored by the Ag Economics club gave members an opportunity to compete locally and nationally. Winning the local speech contest was Paul Johnson, while Larry Stoskopf and Fred Clemence won the debate section. James Birkbeck represented the chapter in the national contest at Ames, Iowa, and placed third.

A barbecue and steak fry with the faculty, smokers, and displays at Ag Science Day highlighted group activities. A regional meeting was held on the campus this year for the Universities of Iowa, Missouri, Nebraska, and Kansas to study area agricultural economic problems. Dave Woolfolk and Larry Ihrig were presidents, and John Sjo was adviser.

Student, Wife Groups Promote Ag Education

The Farm Mechanics contest, open to all University students, was sponsored by the Agricultural Education club. Jerry L. Gardner was awarded first place by President Leroy A. Long. The 71-member club held a watermelon feed, a chicken barbecue, and a freshman rally to acquaint transfer and freshman students with requirements for graduation.

The 16 women in the Agricultural Education Wives club sponsored two family picnics and two potluck dinners. New on the campus this year, the wives club held a tea for the auxiliary of the Vocational Agriculture teachers during its state convention. Mrs. Max E. Turner and Mrs. David H. Cline were the presidents.

Writing Gets Promotion In Plow and Pen Club

Plow and Pen club conducted a newswriting contest in May as part of the Future Farmers of America activities for high school boys. The local chapter was organized during the fall semester of 1947. The curriculum in agricultural journalism had been instituted the previous year, and the students felt a need for a departmental club to promote mutual interests. Norman Werner presided over the 12-member group. Under the direction of Elbert Macy, faculty sponsor, the club provided students in agricultural journalism with a means of learning about the field.

Future Farmers Assist In State FFA Judging

The Future Farmers of America assisted in state FFA judging and farm mechanics contests. The club also sponsored high school banquets and initiations. To be a member of K-State's FFA, a man must be enrolled in agricultural education and be a former high school FFA member.

The K-State chapter of FFA was organized by a group of former high school Future Farmers in 1959. This year 55 members belonged to the organization led by Jerry Gardner, president, and P. N. Stevenson served as faculty sponsor.

Block, Bridle Members Strive for Recognition

Wool, livestock, and meat judging contests and the Little American Royal were projects of the Block and Bridle club. This year, individual recognition was given to students who best graded wool fleeces; cattle, sheep, hogs, and quarterhorses; and beef, pork, and lamb carcasses. In addition, recognition was awarded to those who best prepared their livestock for show in six weeks prior to the Royal. The club of nearly 100 members also praised the junior and senior member with top grades and activities.

Milling Students Assist With Spring Dedication

Attending classes in a new \$1½ million building this year did not distract the 120 student members of the Milling association from other projects. The flour and feed technology students helped to bring the Agriculture school's accomplishments to public attention by helping with Ag Science Day and by assisting with the spring dedication of the milling facilities. Speakers from Quaker Oats, Pillsbury, General Mills, and other noted milling companies spoke at each monthly meeting.

Barbecues Add Funds For Poultry Scientists

Assisting with several large barbecues last year was the way the 30 Poultry Science club members supported their club's functions and furnished money for a scholarship. Under the direction of Larry Bacon, president, and Gayner McDaniel, faculty sponsor, the club honored scholarship and an annual awards banquet in the spring. Other club projects were a display at Ag Science Open House, a judging contest, fall and spring barbecues for members, and a three-day spring field tour to Iowa.

Horticulture Club Wins, Retires Exhibit Trophy

Retiring the Ag Week trophy, after winning first in the exhibits for the fourth consecutive time, marked the year's achievements of the Horticulture club. Dan Hybskmann, president, and Ray A. Keen, faculty sponsor, led the 25 members who sought to promote fellowship and to advance interest in their field. For a money raising project, the group reared and sold spring bedding plants. Other activities included publishing an annual club newsletter and sponsoring fall and spring picnics.

Dairy Science Awards Outstanding Students

Co-sponsoring this year's Little American Royal was the big project for the 25 Dairy Science club members. Outstanding dairy students received awards at a faculty-student banquet given by the club. Under the leadership of President Rodney Vincent and advisers George Ward and Richard Bassette, members prepared an exhibit for Ag Science Day and officiated at high school FFA judging contests at K-State.

Klod, Kernel Prepares HS Judging Samples

Organized in 1916 with 20 charter members, the Kansas State Klod and Kernel Klub was instrumental in starting the national organization eight years later. Led by Gary Harmon, and sponsored by Hydes S. Jacobs, club membership increased from 15 to 30 during the past year. Along with other activities the club furthered an interest in crops and soils by preparing crops judging samples for Kansas high school students.

Psychology Club Toils, Places in A&S Contest

A second place award for Arts and Sciences Day was presented for the Psychology department's exhibit which was sponsored by the Psychology club.

The 22 members entered a booth in the activities carnival to promote their organization on the campus. Membership was open to all psychology majors, or non-majors with a special interest in the field.

Under the direction of Dr. Donald Trumbo, faculty sponsor, the club was reorganized in 1959. Loren Mall presided over the meetings which included programs about the field of psychology in the form of educational movies, speakers, and book reviews.

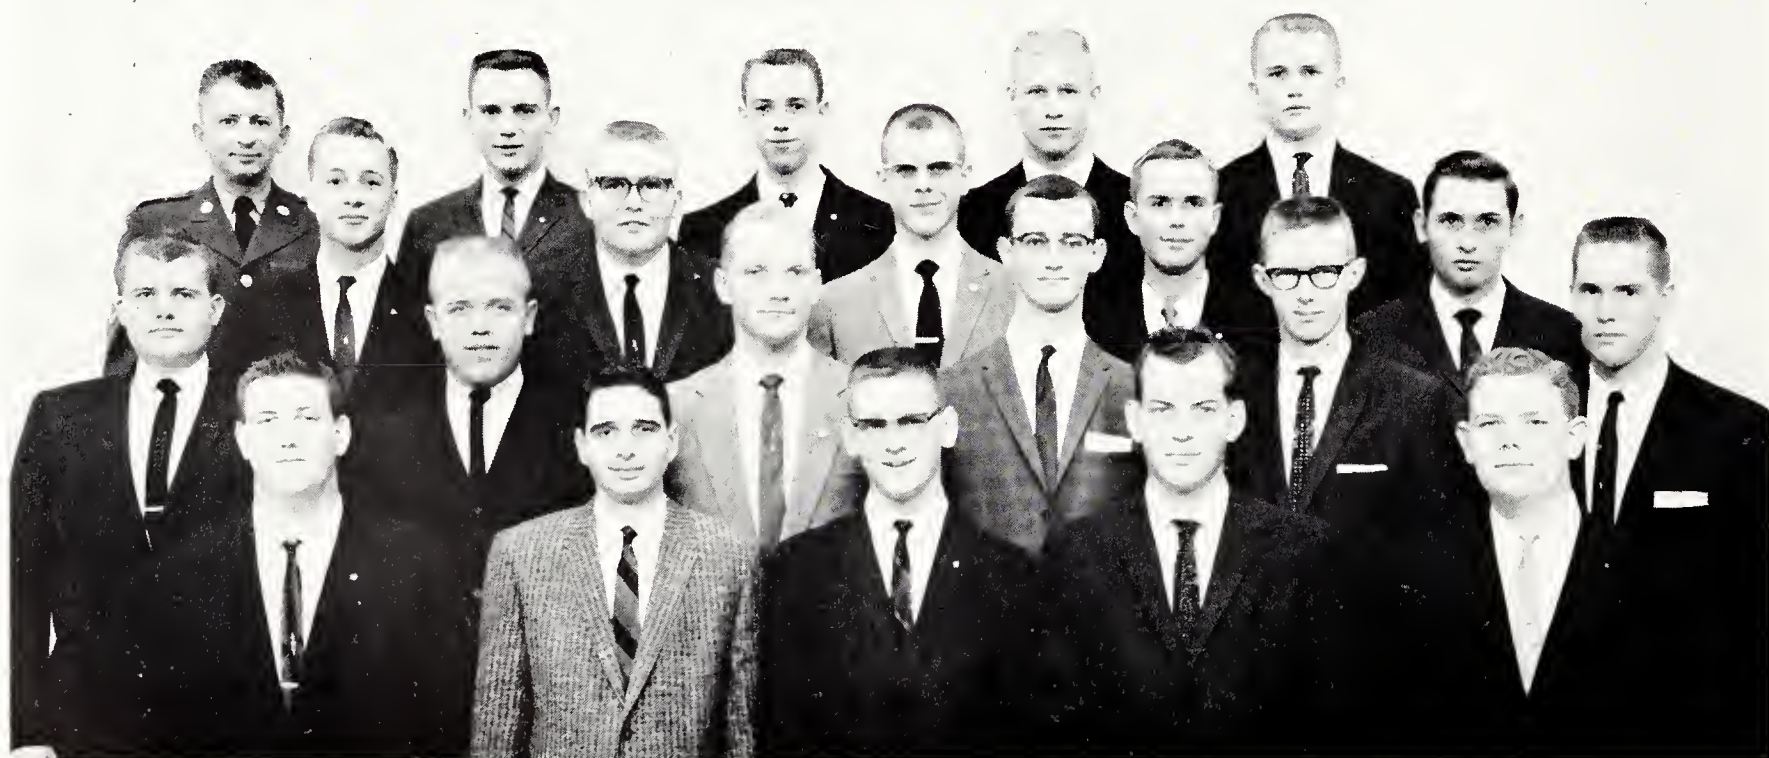

Order of Artus Plans Departmental Seminars

The Order of Artus, an economics honorary society, sponsored several departmental seminars throughout the year. Members had to have 12 credit hours of economics with at least a 3.0 average in these hours. The club was organized three years ago as a charter member of the national group.

Under the leadership of James Goetzinger, and faculty sponsor E. S. Bagley, the club had at least two professional meetings each semester. At these meetings, well-known economists and local businessmen were invited to speak.

Riflemen Rank Fourth In National Competition

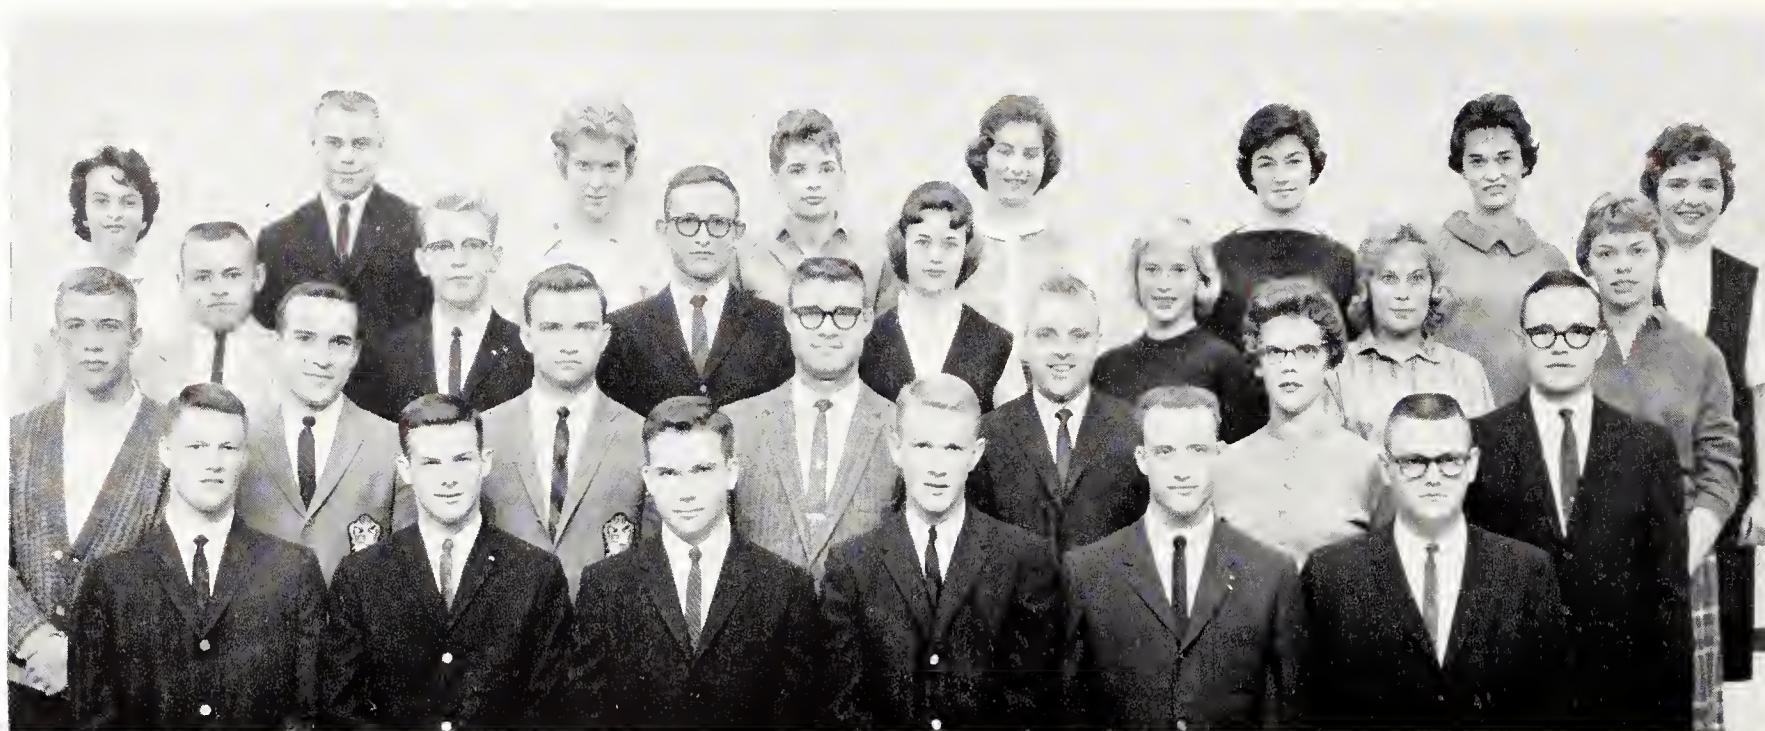

As one of the most outstanding collegiate rifle teams in America, the Kansas State Varsity Rifle team ranked fourth in national competition last year. The 35 men participated in Intercollegiate smallbore rifle matches, both in the conference and throughout the nation. During the past three years, a total of seven men have qualified for the Intercollegiate All-American Rifle team.

In dual competition the team remained undefeated this season, with a record showing seven wins. Under the capable leadership of Team Captain Fred Kohman, they placed first, second, and fourth in three tournaments. In intercollegiate championships this year, Kansas State fired for 1,154 points of a possible 1,200. This score lacks only five points of the national collegiate record. With this excellent shooting score they should place at least third in the national ratings. The team sponsored the second annual turkey shoot in November. K-State won after defeating teams from throughout the nation.

Membership in the organization is open to all interested students. The faculty adviser, Captain Donald A. Yoder, guided the squad both with technical assistance and moral support.

Social Council Adjusts All Exchange Functions

Organized as a council to arrange social exchange functions, the Social Coordinating Council was recognized as a new campus organization. Social chairmen representing fraternities, sororities, dormitories, and independent organized houses made up the council. President Ron Yarrow, and faculty adviser Lynn Tillotson, led the council in writing a constitution, and composing a handbook of social etiquette.

Recordings, Speakers Benefit Organist Guild

Recordings of famous European and American organists, and faculty speakers gave new information about organs and organ music to the 25 members of the American Guild of Organists. Advised by Robert Hays and Marion Pelton, and led by Richard Bayles, the students sought to learn more about the instrument they play. Recitals were presented by the members during both fall and spring semesters.

India Association Visits Kansas Farms, Homes

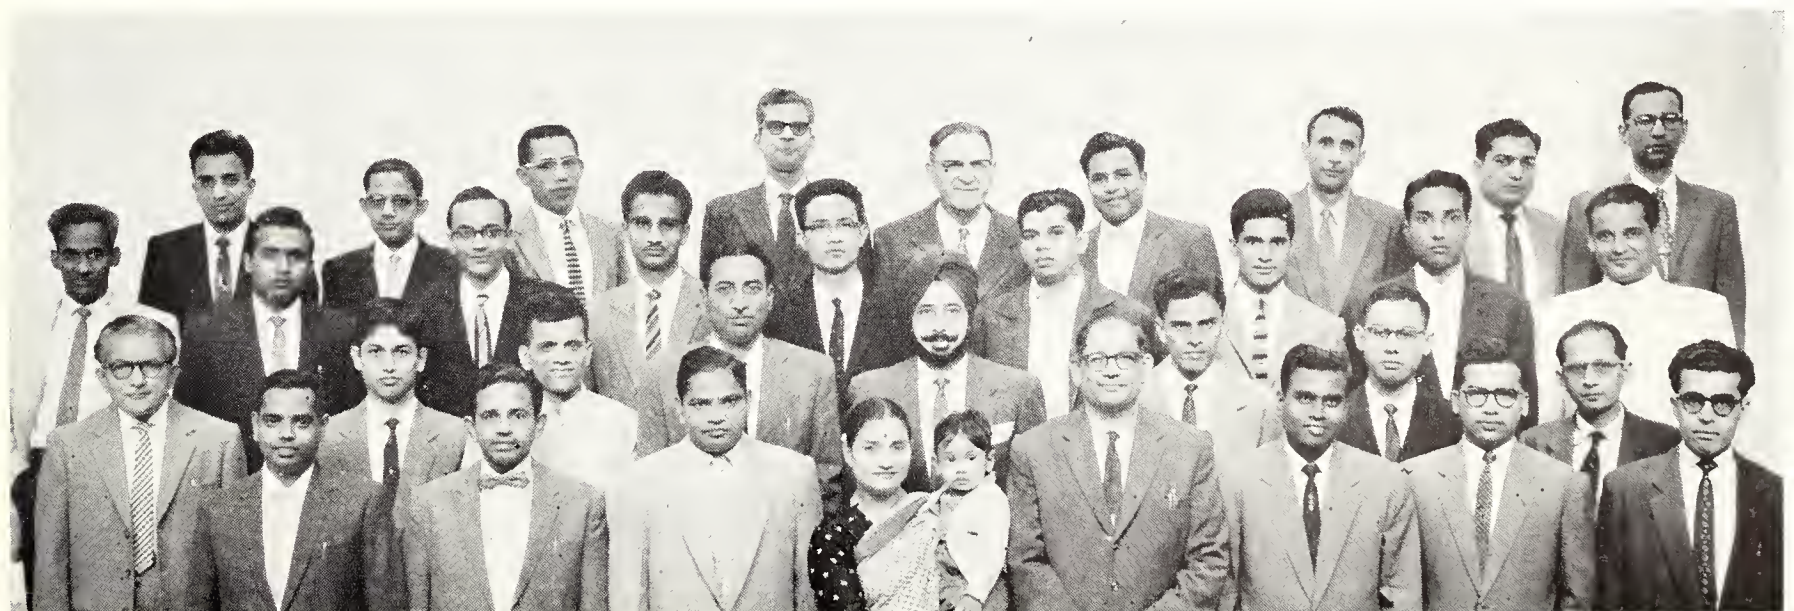

Arranging opportunities for members to visit homes and farms in Kansas was an important project of the India Association this year. One of the newest and largest organized groups on campus, the 80-member group strove to promote understanding and

goodwill between visiting Indian students and the students and people from the U. S. and other countries. All Indians were eligible for membership.

Activities planned for the international K-Staters from India included a fall dinner meeting, a celebration of India's Republic Day, and a spring banquet for graduating members. The group also entertained campus visitors from India. N. M. Joglekar, an International Cooperation Administration student from Bombay, was president, and Dr. and Mrs. G. A. Filing were faculty advisers to the group.

Arab Students Sponsor Scheherazade Activities

"The Thousand and One Nights" were re-enacted at the Scheherazade Night for the Arab-American club. The variety show featured Arab students from

Chicago and Wichita. Scheherazade Night started at K-State in 1959. It is named for the fictional wife of the sultan of India, whose nightly tales for 1,001 nights saved her life.

The Arab-American club is under the auspices of the Organization of Arab Students in New York City. Nazeeh Abdul-Hadi was president and Dr. W. H. Barth was sponsor. The club's goal was to promote a better understanding of Arab people, their culture, and their history.

Cosmopolitan Members Encourage Brotherhood

Cosmopolitan club members strove to better the relations between peoples of all nations, creeds, and colors. Because the 123 members were interested in international relations, the group tried to foster brotherhood among its members and the other students on campus.

A large attendance from the University, community, and state became acquainted with the international student program at K-State through the Feast of Nations. At this annual dinner, members were consulted on the preparation of dishes, symbolic of their countries, and of dress traditional to their homeland. President Manku Mansukhani and adviser Dr. Cecil Miller supervised a picnic, Christmas party, motion pictures, a series of exchange visits, and the Cosmopolitan loan fund.

Pan American Students Strengthen Friendships

The Pan American club was organized this spring after the Cervantes club was discontinued. The new organization provided spiritual, social, and cultural inspiration for Kansas State international students,

similar to that of their own individual countries. A priest conducted worship services every other Sunday at the Catholic Student center. Socially, the group sponsored Pan American Day. Cesar Gonzalez was president and Dr. Donald Wilbur was faculty adviser. Pan American club members willingly nourished their friendships with Kansas students, but retained a closer bond with their Spanish speaking colleagues through this Latin organization.

Members were from Spain, Mexico, Puerto Rico, the West Indies islands Curacao and Aruba, the South American countries Chile, Bolivia, Argentina, Peru, Colombia, and Venezuela, and the Central American countries Costa Rica, Panama, Nicaragua, Guatemala, and Honduras. All Latin American students were affiliated with the national federation.

Entomology Club Hosts Central States Meeting

Hosting the Central States Entomology society convention, sponsoring several FFA high school insect judging contests, participating in departmental social activities, and publishing the annual K-State

entomology newsletter were group projects and activities of the Entomology club.

Gerald Greene served as president of the organization, while Hugh Thompson was the faculty sponsor. This science association was originally established to promote interest in the science, the study, and the art of entomology. Persons, associated with or are actively engaged in any type of entomological work, were qualified for membership. There were 30 student and faculty members this year.

TELESCOPIC VIEWING on the roof of Willard hall affords several members of the Meteoros club a glimpse of their

celestial interests. The club of 10 members is organized to study astronomy, space science, and meteorology.

Meteoros Club Views Outer-Space Objects

Meteoros, a Greek word for anything which is above, was the new name which the Astronomy club adopted. Dr. Willem Van der Bijl, faculty adviser, and Walter Murphy, president, directed the activities of the club. Using the telescope on the top of Willard Hall, students observed man-made satellites, planets, and other objects in outer-space.

The purpose of the club was to advance interest in astronomy. At club meetings, movies and lectures help the 10 members to learn more about astronomy and related fields.

Student Society Tours Area Chemical Plants

Members of the student affiliate American Chemical Society toured area chemical plants. The field trips included the Goodyear Plant and medical laboratories in Topeka, and the Colgate-Palmolive com-

pany in Kansas City. Through these trips, students had excellent opportunities to observe new techniques in process of development.

In conjunction with the senior ACS, meetings were conducted twice a month. Speakers in the field of chemistry acquainted undergraduates with the industry and provided them with contacts outside the University. Upon graduation, most members considered advanced study in this specialized profession.

Music Educators Study Importance of Listening

It's not just the performance that counts learned the members of the Music Educators National conference. Listening was the most important skill these prospective music educators attempted to develop before entering the teaching field.

Students became acquainted with the professional organization by receiving Music Educators Journal and by attending state and district conferences. The southwest district convention in Albuquerque, New Mexico, was attended by five K-State students and Morris Hayes, faculty sponsor. Monthly luncheon meetings offered the opportunity to hear local speakers in fields of music education. The members also acquainted visiting high school students with the music department's curriculum.

Music majors or other students interested in music education were eligible for membership in the national collegiate organization. The K-State chapter was started on this campus 12 years ago.

Sociology Club Designs Common Sense Ratings

Members of the Sociology club, sponsored by Dr. Wayne Rohrer and Dr. Robert Taylor, set up a census clock, conducted a common sense poll, and arranged an anthropological exhibit for their projects for Arts and Sciences Day. The census clock showed the frequency of net change in the population of the United States. Questions in the common sense poll were designed to determine how much common sense people had, while different cultures were described and located by the anthropological exhibit.

The reorganized club, which had been inactive since 1950, had 38 members. Brad Bochow was president first semester. President for second semester was Joe Jones. Sociology majors and minors or anyone with an interest in sociology was eligible for membership. The club had outside speakers at their monthly meetings to gain more knowledge in the various phases of sociology. Trips to penal institutions were taken by the club in the spring.

Masonic Club's Project Helps Home in Wichita

Raising money for a Masonic home in Wichita was a main project for the 30 members of the Masonic club. The organization, which is open to all Masons, also worked to increase club membership. Faculty sponsor Henry Beck and club president Don Tidd organized the Masonic club's activities as it worked to promote greater Masonic fellowship on the University campus and in Kansas.

Chancery Club Strives For Legal Appreciation

The national Chancery club was founded at Kansas State in 1950 by the late A. D. Miller, who served as sponsor of the local chapter until his death this fall. The club, which gives law students a better look at law schools and the profession, was headed by Frank Lowman. Members visited the law schools at Washburn and Kansas University. Delegates attended the national convention in Dallas.

campaign. Members aided in the bi-partisan canvassing of Manhattan, by encouraging registration for voting in the general elections.

Several of the members went to Wichita in October to hear John Kennedy's campaign speeches. They used panel discussions to help acquaint students with the facts and issues of the various levels of the campaign. All Young Democrats in Kansas were invited to a one-day leadership school at KSU this spring. It was set up to make CYD more effective. Dr. Louis Fina was sponsor of the local organization.

Politicians Are Aided By Young Republicans

Working with such politicians as John Anderson, Andrew Schoepel, and William Avery, Collegiate Young Republicans gained experience in election campaigning. Members also took an active part in helping Riley county candidates campaign.

CYR had an election party and a parade as part of their participation in the campaign. They aided candidates by distributing literature. Members helped to set up campaign programs and to canvass the precincts. A door-to-door check was made in Manhattan to see that people were registered to vote. Dorothy Parker, secretary of the organization, was also a national officer for Collegiate Young Republicans. President was Jon Sederquist.

Jr. AVMA Sponsors Small Animals Showing

A calf with a heart inserted in its throat was a rarity shown during the Veterinary Open House sponsored by the K-State student chapter of the American Veterinary Medical association. Other displays showed the treatment used against rabies and proper methods used in examining small animals.

The organization, better known as the Jr. AVMA, had approximately 265 members, which represented 100 per cent of those enrolled in the School of Veterinary Medicine. The Jr. AVMA was organized in 1906 by the Veterinary school faculty under a state charter. In 1939, it was nationally affiliated.

Bill Welty and Douglas Krous led the association as presidents, and Dr. B. C. Cummings and Dr. J. S. Larson were the faculty advisers. Teams representing the veterinary students participated in every sport in intramural competition. Social activities included spring and fall dances, and occasional smokers for the members.

Wives of Vet Students Expand Interest Fields

Variety was the keyword for the activities of the Jr. American Veterinary Medical Association auxiliary this year. With the widest program of activities and interest groups the auxiliary has ever offered, the Jr. AVMA Auxiliary provided both cultural training and entertainment for the 150 members. Membership in the auxiliary was open to the wives of members of the Jr. Veterinary association.

Interest Groups Conducted

Interest groups included advanced and beginner's bridge, better hostessing, bowling, a choral group, dancing, knitting, interior decorating, sewing, and a special practitioner's wives group for the senior stu-

dents' wives. These interest groups supplemented the regular monthly meetings.

Degrees Awarded To Wives

The auxiliary took part in numerous social events during the year including teas for new brides and freshman wives, a Hobo party, a bazaar and ice cream social, a style review and tea for the faculty wives, and a family Christmas party. They also had a spring picnic with Oklahoma A&M auxiliary. The wives of the senior veterinary students ended the year with their own commencement exercises which were followed by a Junior-Senior banquet.

The Jr. AVMA auxiliary was organized on this campus in 1939 as the first student auxiliary branch of the Jr. AVMA on a college campus. Now every campus with a veterinary school has a branch of the Jr. AVMA auxiliary. Phyllis Lambert served as president and Mrs. George Heneveld and Mrs. Dan Upson were faculty advisers. Mrs. E. E. Leasure was selected by the group as an honorary sponsor.

Blue Key Coordinates Homecoming Festivities

A new system of Homecoming queen finalist selection was introduced this year by Blue Key. Five girls were chosen by a panel after several faculty-Blue Key interviews, presentation in skits by their living groups, and the "Homecoming Previews." In the spring shortly after their tapping, Blue Key formed the first central advisory committee. This group, composed of 10 members representing campus organizations, selected the theme and rules for house and parade decorations.

The senior men's honorary, whose members are chosen for outstanding qualities of scholarship, leadership, and service to the university, originated in Florida specifically to co-ordinate Homecoming festivities. The local chapter of 13 men continued this purpose and now has complete charge of all Homecoming events. Other activities for the year included participation in the high school visitation program and ushering at campus functions.

Money making projects of the organization included sponsoring the Homecoming ball and selling comic window signs to Manhattan merchants the week preceding the KSU-KU basketball game.

Work on the colonization of a Blue Key chapter at Kansas State College of Emporia was started by the local chapter. Sid Jones served as president, and faculty adviser was Dr. Chet Peters.

Mortar Board Renews WUS Funds Campaign

Renewing the World University Service fund drive on the campus and holding the traditional Homecoming mum sale were principle projects of Mortar Board. The 17 senior coeds were tapped for qualities of scholarship, leadership and service to the University. To promote academic excellence, the honorary recognized top-ranking freshman women and awarded three scholarships at its annual scholarship dinner in the fall.

Chimes Honors Grades, Sponsors Parents' Day

The fourth annual Chimes award to the senior woman with the top cumulative grade average was presented by President Donna Dunlap to Virginia Railsback. Miss Railsback received this honor for completing 124 hours of 4.0. Chimes members, chosen on the basis of service and scholarship, sponsored Parents' Day, ushered at Artists' Series concerts and the President's Convocation, and gave a tea for women transfer students.

The mascot is exhibited preceding each home basketball and football game before a body of cheering students.

Alpha Phi Omegas Win Cheers for Caged Cat

Caring for and presenting Touchdown VII, the Wildcat mascot, to the student body topped the project list for Alpha Phi Omega, national service fraternity. The club assisted the local Boy Scout Council, sponsored the Ugly Man contest, headed the student book exchange, charted the APO ride board, and directed Homecoming parade traffic.

Sigma Gamma Epsilon Gains Field Experience

A field trip to Colorado enabled members of Sigma Gamma Epsilon, honorary geology fraternity, to study geology and to gain field experience. Under the leadership of Arthur Booth and sponsorship of Henry Beck and Claude Shenkel, the club offered free tutoring to general geology students. The club members sold field equipment to geology students.

Phi Upsilon Omicron Carols Riley Hospital

Christmas gifts were donated to the children's hospital and carols were sung at the Riley County hospital by the 34 members of Phi Upsilon Omicron, professional home economics honorary.

Established on the campus last spring, membership was based upon scholarship, general ability in the home economics field, and moral character. Judy Kettler was president; Patty Smith, adviser.

Omicron Nu Members Encourage Scholarship

A freshman tea, a sophomore and international student dessert, programs on current home economics research projects were activities of Omicron Nu, home economics honorary. President Virginia Railsback and Faculty Advisers Mrs. Jane Barnes, Mrs. Ivalee McCord, and Miss Mary Campbell, led the honorary made up of juniors, seniors, and graduate students with high scholastic achievements.

Alpha Mu Cooperates In Addition Dedication

Taking part in the dedication of the new feed technology wing on Waters hall were members of the scholastic milling honorary, Alpha Mu. A fall smoker for all milling students, fall and spring initiation banquet, and the publication of the newsletter sent to alums of the honorary were projects directed by President Ron McCune. John Johnson, Gerald Miller, and R. O. Pence were faculty advisers.

Alpha Zeta Members Host Regional Conclave

Donating blood, caroling at Christmas time, ushering at the Little American Royal and Veterinary Open House, and hosting the regional conclave were projects of the honorary, Alpha Zeta. Membership is based upon scholarship, leadership abilities, and service. Members must be in the upper two-fifths of their class. The 56 member organization was led by Galen Unger. G. B. Marion and Walter Smith were faculty advisers.

Pi Tau Sigma Clears Departmental Projects

Tasks associated with the Mechanical Engineering department were cleared up quickly when Pi Tau Sigma assigned the work to its pledges as a cleanup

project. The 45 members, guided by Lester Wurm, planned a display which appeared in Engineer's Open House in the spring.

Dr. Fredrie Appl advised the group by conducting question and answer review sessions in various engineering subjects. These sessions assisted seniors in preparing for their Engineer-In-Training examinations. Outstanding students in mechanical engineering are selected for membership in this honorary.

Sigma Tau Oversees St. Patrick Celebration

St. Pat had his day on campus this spring as provided by Sigma Tau, engineering honorary. The members planned and presented the annual St. Pat's prom, complete with royalty, in connection with Engineers' Open House. St. Pat and St. Patricia candidates were selected by members of Sigma Tau at a tea. The finalists were then chosen by voting within the Engineering school. Another group project was

cleaning and repainting the mammoth KS letters on K-Hill southeast of Manhattan.

Fall and spring smokers to select new pledges were followed by initiation banquets. At the spring banquet, three sophomores who had the highest grades in their freshman year were awarded plaques.

The members must rank in the upper one-third of their junior or senior class in engineering. They must exhibit leadership and professional ability in meeting practical problems. Guided by Louis E. Perrier, the honorary recognized scholarship and professional attainment in the Engineering school and in the field. The 140-member engineering honorary was sponsored by Wilhelm K. Kubitza.

Eta Kappa Nu Directs Slide Rule Instruction

Slide rule instruction classes for freshman students were sponsored by Eta Kappa Nu, electrical engineering honorary this year. Another club project was conducting classes before physics exams to help students review the work. Bill Matthews was presi-

dent of the 58-member organization which strove to promote a higher level of scholastic achievement among students enrolled in electrical engineering. Russell M. Kerchner was the faculty sponsor.

To belong to Eta Kappa Nu, a student was required to rank in the upper quarter of the junior class or in the upper third of the senior class, and to have completed a course in basic electrical engineering. Eta Kappa Nu sponsored a spring and fall smoker and participated in Engineering Open House by sponsoring an exhibit.

Tau Sigma Delta Helps Architecture Freshmen

Tau Sigma Delta, architecture honor society, presents a \$100 scholarship each year to an incoming freshman who shows promise in the architecture profession. Participation in Engineer's Open House, an architectural assembly, and a field inspection trip were included in the society's activities. Clifford Gross was president, and assisting faculty members were John Helm and Oscar Larmer.

Chi Epsilon Fraternity Hosts Highway Meeting

Newest engineering honorary on campus this year was Chi Epsilon, which received its charter in May, 1960. The fraternity was the outgrowth of the Civil Engineering Honors committee, organized in 1958. Under the guidance of John A. Eberwein, president, and Dr. Reed F. Morse, faculty sponsor, the 21 members were junior hosts to the annual Kansas Highway conference at the K-State Union.

Phi Mu Alpha Chapter Reactivates on Campus

Tau chapter of Phi Mu Alpha Sinfonia, national music fraternity, reactivated on campus in May of 1960. Advancing music in America, the group had 17 charter members. President was Manuel Pasquil, and faculty adviser was Luther Leavengood.

The group co-sponsored the Feast of Carols, an old English Yuletide buffet with traditional music, presented two recitals, sold Artist Series tickets, ushered at concerts, and participated in Arts and Sciences Open House in the fall.

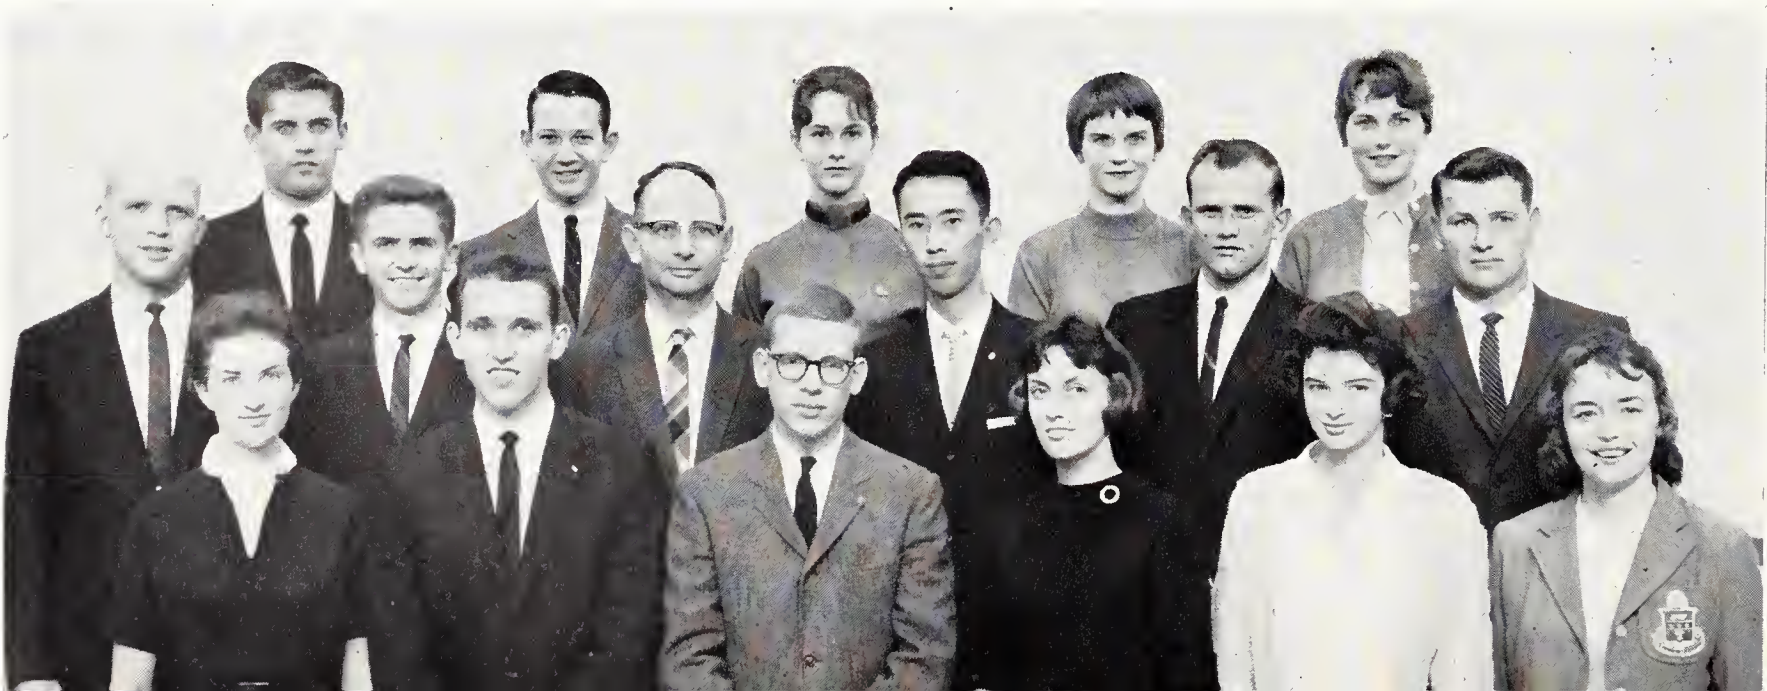

Delta Phi Delta Enters Art in KSU Publication

Members of Delta Phi Delta, national art fraternity, worked on the introduction of art work into Touchstone, the campus literary magazine. Each semester, the members took a field trip to an opening of an art exhibit in Kansas City, Mo.

Judy Wareham was president of the group which promoted art and professional ability. Faculty adviser was J. Cranston Heintzelman. Membership was restricted to junior art students who ranked in the upper one-third of their class scholastically.

Mu Phi Epsilon Helps Chicago Music Center

Helping to support a music center for underprivileged children in the Chicago area was a service project of Mu Phi Epsilon, women's music honorary.

Organized on the campus since 1915, the 13 members participated in an Arts and Sciences Day show, ushered for Artist Series concerts, and sang Old English peasant Christmas carols in traditional costumes at the first Feast of Carols this year. An overall grade average of 2.8 was required for membership and music majors and minors were selected. Betty Moore acted as president, Jean Sloop as adviser.

Chemistry Club Honors Three Active Founders

Three charter members still active in Phi Lambda Upsilon, chemistry society, were honored at the spring initiation, when the 30th anniversary of the chapter's founding was observed. Recognition went

to chemistry students who had shown outstanding scholastic and research ability during the year, and awards were presented to four students for their scholastic records. Herman Knoche, president of the 65-member chapter, and his officers were advised by Dr. H. C. Moser, faculty sponsor. Faculty members who distinguished themselves in the field of chemical research were honored at special seminars. The honorary was in charge of the chemistry department's display in Arts and Sciences Day.

Radio-TV Group Plans Schedule for Christmas

A special schedule of Christmas programs for station KSDB-FM was produced by Alpha Epsilon Rho, honorary for radio and television students of high scholastic standing. Larry Walklin was president of the 17-member organization, and Dr. F. Virginia Howc and George Carroll were faculty sponsors.

To begin the school year, the group introduced new students to the department faculty at a coffee. Members visited two major commercial stations to study their operation. A spring banquet honored members of the broadcasting profession.

Sigma Alpha Eta Hosts Audiology Conference

Sigma Alpha Eta hosted a state-wide conference for nurses being trained in audiology this year. Members also attended speech therapy conferences throughout the state to further interest and understanding of speech correction. A high point of the year for several members was attending the national convention in Los Angeles.

Two outstanding staff members from the Topeka Menninger Foundation spoke to members of the organization. Loretta Weixelman presided over the three-year-old group, and Al Knox assisted them as faculty sponsor. The 16 member organization was for students enrolled in the curriculum of speech correction and audiology.

WINNERS, Linda Roth and Larry Dimmitt, admire their trophies from the Delta Sigma Rho speech contest.

Delta Sigma Rho Gives Speech Contest Award

Topping the list of Delta Sigma Rho sponsored projects was an all-University extemporaneous speaking contest. This competition has become an annual affair, as has a recognition banquet for outstanding debaters, which is held in the spring.

To honor outstanding students in forensics is the purpose of the chapter. C. J. Austermiller, president, and James G. Robbins, sponsor, aided the organization in membership selection. The members must be in the upper one-third of their class, and excell in forensic participation. They must be juniors, and it is required that they have represented the University in intercollegiate forensics.

Phi Eta Sigma Banquet Encourages Freshmen

Higher standards of learning were promoted by Phi Eta Sigma, scholastic honorary for men who at-

tained a 3.5 grade point average during their first semester. An annual initiation banquet encouraged, helped and subsequently rewarded these high ranking freshmen. Steve Huff presided over the honorary, and Dr. Brewster Rogerson was faculty adviser. The K-State chapter was chartered in 1957.

Frosh Scholars Active In Alpha Lambda Delta

Alpha Lambda Delta, freshman women's honorary, was headed this year by Pat Riker. Marjorie Adams was faculty adviser. All women having at least a 3.5 grade average during their first semester as a freshman were eligible for membership. The group was active in scholarship and tutorial programs. The K-State chapter was organized in 1958.

Phi Alpha Mu Attracts Intelligent A&S Women

Acting as guides at the annual Arts and Sciences Day were members of Phi Alpha Mu, junior and senior Arts and Sciences women's honorary. Donna Stratton was president and Helen Wroten was faculty adviser. Only the upper 15 per cent of those women having a B or better average were eligible for membership in the honorary.

Pi Epsilon Delta Lauds Best Actors, Authors

Awarding plaques of merit to the best senior actor, the author of the most outstanding one-act play, and the best actors appearing in one-act plays, were the members of the national collegiate players association, Pi Epsilon Delta. Striving for the better-

ment of drama and the raising of standards for college theater productions were its purposes. The group sponsored the showing of movies, "Romeo and Juliet" and "Macbeth."

Requirements for membership included having a 3.0 grade average in at least four hours of dramatics courses, maintaining a C average in overall work, and belonging to the K-State Players. Laurel Johnson was president and Don Hermes was adviser.

Businesses, Industries Host Alpha Kappa Psi

The Beech Aircraft company in Wichita, the Buick-Oldsmobile-Pontiac assembly plant, the Kansas City Board of Trade, and the Kansas City branch of the Federal Reserve bank were some of the companies that served as hosts for Alpha Kappa Psi, national professional business fraternity. An overall college grade average of 2.4 was a requirement for membership in the honorary led by President John Nelson and Adviser V. F. Ridgeway.

Guest speakers acquainted the members with the developments and current job opportunities in the business field, smokers were held in order to meet prospective members, and a business machine school was sponsored to familiarize seniors with the more common business machinery.

Alpha Delta Theta Earns National Award

At the national convention last fall the members of Alpha Delta Theta, medical technology honorary, were presented a trophy as the third outstanding

chapter in the nation. Three members were elected to national offices. Judy Reid, president, and Vernon D. Foltz, faculty adviser, led the 20 member organization as the group typed blood for Arts and Sciences Day and took field trips to hospitals in Topeka and Kansas City. A card party was held to raise money for the Dorf memorial fund in honor of a former sponsor. Medical technology students above a 2.0 grade average were eligible for membership.

ADMIRING THE Pi Epsilon Delta plaque for outstanding seniors in drama is this year's winner, Darwin Klein.

Laurel Johnson and Don Hermes presented the award to Klein and Jim Johnson as representatives of the club.

K-Club Members Host Visiting Athletic Teams

Serving as hosts for the visiting athletic team members and coaches in the University athletic lounge were the 80 members of the athletic honorary, K-Club. Lettermen from any varsity sport were eligible for membership. Dale Evans repeated as president for the second year, and Fritz Knorr, the assistant director of athletics was the faculty adviser. Picnics were held during the fall and spring months for the association's members and their dates and the faculty of the Athletic department.

Phi Sigma Chi Alters Membership Selection

Seen cheering at all varsity ball games were the members of Phi Sigma Chi, upperclass women's pep club. Formerly known as the Purple Pepsters, the coeds changed the club's name, uniforms, and method of selecting members. To be eligible for membership, girls must have a 2.1 overall grade average. A panel, composed of basketball and football men, together with the Phi Sigma Chi officers, then select the members. Charlene Murphy served as president, and the faculty adviser was Miss Katherine Geyer.

Phi Epsilon Kappa Aid Goes to Olympic Drive

Ranking first in the nation on the national efficiency rating award for the third consecutive year were the members of Phi Epsilon Kappa, professional

physical education fraternity. Considered on the basis of activities, the chapter contributed toward first place rating by distributing TB drive posters, officiating at track and swimming meets, and sponsoring a fund raising drive to aid athletes participating in the Olympics. The men also held the annual city free-throw tournament for the Manhattan grade school boys. Final playoffs determined the winner at a K-State basketball halftime exhibition. A fund raising project was the sale of cowbells.

Spaghetti Supper Sends Air Society to Meeting

Proceeds from a spaghetti dinner sent delegates of the Arnold Air society to their national conclave in Detroit this spring. Four of the 18 Air Force ROTC students in the organization attended an area conclave in Columbia, Mo., earlier. Arnold Air society was responsible for Angel Flight, a women's drilling organization sponsored by the societies' chapters on campuses throughout the United States.

With Scabbard and Blade, the society sponsored the Military Ball in March at which a queen and attendants are selected. They also worked with the local chapter of Girl Scouts to promote interest in the Air Age. The society's commander was Gary Toy, and the faculty adviser, Capt. Harold Denton.

Scabbard, Blade Lauds Virtues of Military Life

Depicting "Advancement to Leadership" in their display for Arts and Sciences day, members of Scabbard and Blade traced the steps from the position of a freshman ROTC student to the position which an outstanding Army military student may attain. The

group of 27 seniors were also busy with an Activities Carnival display which introduced freshmen to ROTC at Kansas State and two other spring displays in the Union, showing new developments.

Sharpshooting members of the group won the National Intercompany Rifle Team championship in the spring, 1960, for the second consecutive year. In addition to co-sponsoring the Military Ball, the organization recognized the top senior, junior, sophomore, and freshman ROTC students with a saber, and medals of gold, silver, and bronze. Speakers and films occupied the bi-monthly meetings.

Roger Williams Enjoys Pike's Peak Sojourn

A trip to Pike's Peak during semester break highlighted the year for members of the Roger Williams Fellowship. This trip was a result of a combined effort between the Presbyterian youth group and this Baptist group. Thus it was called the "Bapterian"

ski trip. Other group activities included a fall fellowship retreat at Lake Shawnee, a Thanksgiving banquet with international students, and a feast of the Passover on Palm Sunday. Small study and discussion groups concerning Paul Tillich, Christian Beliefs, Politics and Christianity, Bible Study, and worship were available to the students.

The fellowship of 111 members is affiliated with the First Baptist church of Manhattan, the Kansas Baptist convention, and the American Baptist convention. Dr. Paul Young aided the students as sponsor, and Don Mabry was president.

Students Assist Others In Christian Federation

A work camp at Delmo, Mo., was conducted late last summer by the Student Christian Federation. For two weeks, the 11 members repaired buildings in the Missouri community of migrant workers and studied first-hand the sociological problems involved.

At Easter, a sunrise service was held on Bluemont hill for college youth. SCF also sponsored the local observance of the World Student Day of Prayer in the All-Faith chapel. David Bernhardt was president of SCF, composed of youth groups related to the National and World Councils of churches.

Baptist Youth Entertain International Students

Thanksgiving is celebrated each year by the Baptist Student Union in a truly Christian manner. International students at the University are entertained at a turkey dinner. President Gary Mitchell led the group this year in its efforts to furnish a tie between the church and K-State students. The five year old organization encouraged students without church affiliations to form religious "connecting links." Faculty advisers were Byron E. Ellis and Bob Hailey. Other activities of the 40-member group were a weekly University devotional program in the All-Faith chapel and a weekly Bible study for the Rebecca Oddfellows home.

Gamma Delta Hosts District Spring Retreat

Gamma Delta, Lutheran student organization, was host to the Kansas District Spring retreat this year. Under the leadership of Richard Rosenhagen, president, and with the aid of Robert Cochran, faculty adviser, the group participated in Christmas caroling and midweek vespers. Any student who is a member of the Lutheran church, Missouri synod, was eligible for membership. The purpose of the organization was to promote Christian service and knowledge among Lutheran students on campus.

Newmans Invite Priest For Foreign Students

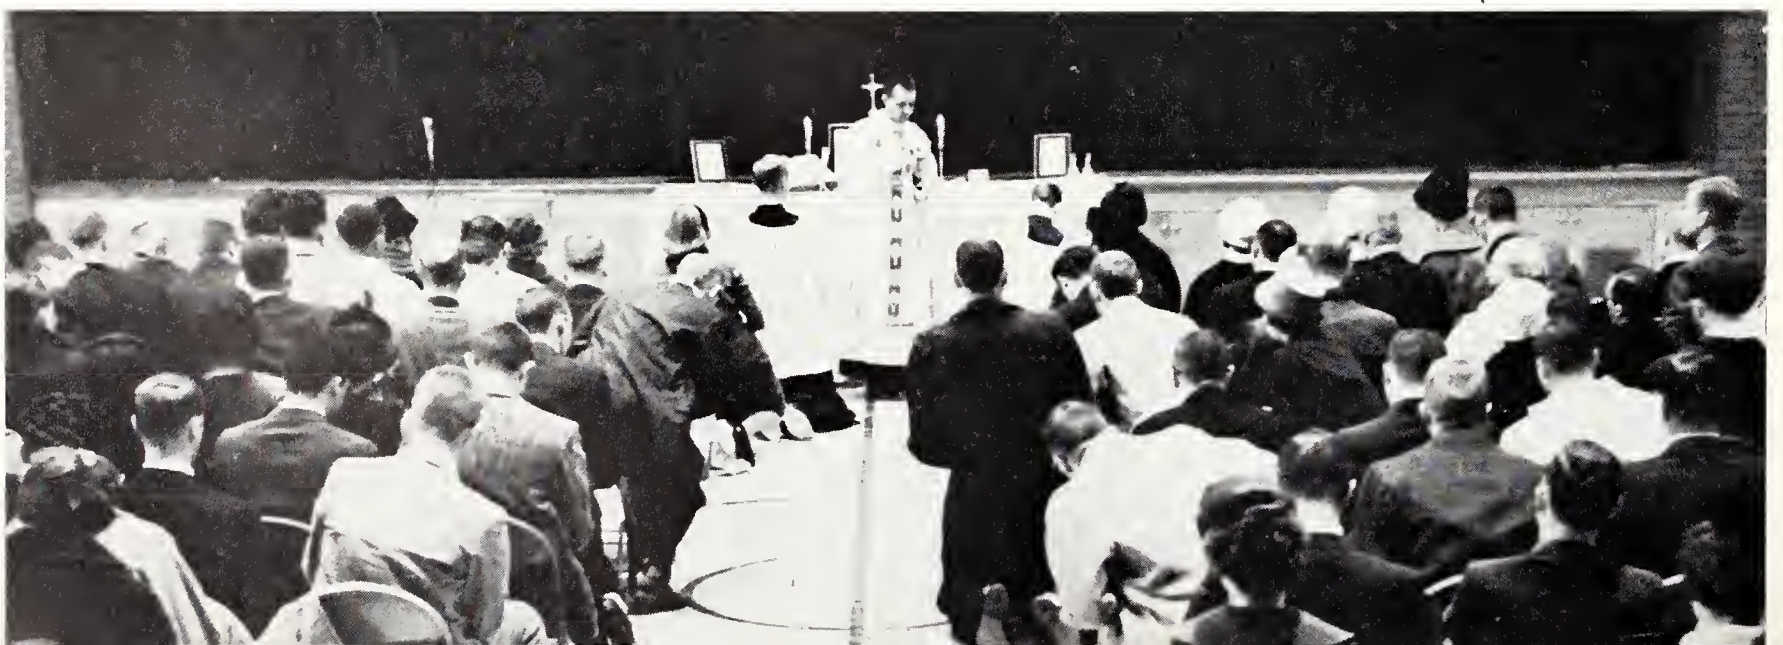

Sponsored by the Newman club, a special priest comes to the campus bi-monthly to help international students fill their special religious needs. The priest is sponsored by the local chapter of the Newman

club. Newman club aims at fostering the religious, intellectual, and social development of Catholic students at Kansas State University.

Under the leadership of president Carl Mentgen, and with the aid of the sponsor, J. P. Callahan, the 350-member group had weekly Sunday buffet suppers. A communion breakfast was held twice a month for the members. Annual events which the Newman club participated in included a retreat, and a banquet and ball.

Lake Shawnee was the scene of a state weekend retreat for the members of Canterbury Club. By learning about other faiths, the Episcopal members of the Canterbury association deepened their beliefs so they were better able to understand their own religion. Weekly Sunday evening meetings featured speakers from other churches and discussions on the Episcopalian faith.

Under the leadership of Kerry O'Fallon, senior warden, and Homer Combs, sponsor, the club entertained Bishop Turner of Topeka at a luncheon. "The Drama of Communion" was presented during Lent at St. Pauls church by Canterbury members to help strengthen its meaning.

Alpha Iota Furnishes Brotherhood Speakers

Furnishing fireside speakers for Brotherhood Week was one of the main projects participated in by Alpha Iota, the collegiate youth group for students belonging to the Church of Christ. This activity was one of the many which the group of 17 members sponsored in order to learn to relate their faith to university life. Other programs included weekly devotionals at Danforth chapel, bi-weekly meetings, and monthly social functions for all interested members of the organization.

The fellowship met regularly to promote spiritual, cultural, and social growth among the student members of the Church of Christ, and their friends. Leading the group this year as president was Gary Johnson, and Ronald W. Campbell aided as faculty sponsor. Alpha Iota was organized on the Kansas State campus in April, 1959.

Westminster Members Move into New Center

Members of Westminster Fellowship completed the move into their new headquarters at 1021 Denison street during February. The move came after three years of preparation to obtain funds for the project and to construct the building.

Led by presidents Lee Cook and Bill Ryan, and sponsored by Dr. Paul Sanford, the 300 participating WF members carried out a variety of activities during the year. Fellowship projects were primarily educational and were aimed at the renewal and reuniting of the Church. As in the past, the group sponsored a trip to Alta Vista, a Presbyterian camp in Colorado, which is under the jurisdiction of the K-State Fellowship. The group also aided local clergymen by conducting morning worship in rural churches. Social events included after-game parties, two all-day outings, and a Christmas party.

ACCEPTING HER trophy as queen of Sigma Nu-Alpha Tau Omega Blackfoot-Whitefoot dance is Kenna Barnes.

IFC Guides, Regulates KSU's 22 Fraternities

Interfraternity Council voted to compress Greek week to a single day during the spring semester. A talent show and torch relay were added to the day of celebration for Greeks. The relay began at Sunset park and ended at the University tennis courts where an informal all-Greek dance was held.

IFC Promotes Understanding

Interfraternity Council helped promote understanding among the 22 fraternities on campus. Regulating its members, the Council solved problems which arose within its ranks. A judicial board, composed of the senior representatives from each house and the Council cabinet, made disciplinary decisions whenever the need appeared. The Council co-ordinated the fraternities into one group and encouraged further expansion of the fraternity system. With the help of faculty sponsor, V. D. Foltz, the Interfraternity Council worked to improve the fraternity system. The Council published a rush booklet to use in the fall rush.

Council Encourages Scholarship

Sound scholarship was encouraged by the Council by presenting a scholarship cup to the fraternity with the highest grade average. President of the council during the fall semester was David Fiser. Spring semester, Jim Mertz, served as president, and the adviser was Vernon D. Foltz.

Fraternities encouraged members to develop their individual personalities and capabilities to the fullest extent. They provided good housing and study opportunities as well as parties, picnics, exchanges with sororities, and other social events. With the guidance of the active members, Greek pledges learned about their organizations' histories and ideals in preparation for initiation and leadership.

IPC Unites Pledge Classes

Interfraternity Pledge Council brought unity to fraternity and sorority pledge classes by sponsoring a dance in the spring at which a pledge king and queen was chosen to reign. Council members, elected by the pledge classes of the Greek social organizations, presented two scholarships to freshmen. A scholarship cup was given to the pledge class of the sorority and fraternity with the highest pledge class grade average. President was Steve Flanders.

The Council consisted of one member from each fraternity and sorority pledge class. Interfraternity Pledge Council worked closely with Panhellenic and Interfraternity Councils in coordinating and regulating Greek activities.

Panhellenic Establishes Junior Sorority Group

Greek unification received a boost when Junior Panhellenic Council began to meet in September. Composed of an elected representative and the president of each pledge class, the new council planned to familiarize freshman sorority women with the Greek system and Senior Panhellenic Council.

Jr. Panhel Ushers at Sing

During its first year, Junior Panhellenic tackled such projects as ushering at Interfraternity Sing and helping with Panhellenic Day for high school girls interested in K-State and its sororities.

Panhellenic Governs Sororities

Panhellenic Council governed, co-ordinated, and advised the social sororities on campus. Compiling rules concerning rushing, pledging, and initiation of members was one of the Council's achievements. Each year, Panhellenic honors the sorority with the highest yearly grade average by engraving its name on a permanent plaque hanging in the Union. This is in line with the council's aim to further intellectual accomplishments and sound scholarship.

Council Plans Rush Week

Panhellenic planned and carried out formal rush week in the fall. Sponsoring Panhellenic Day in the spring for prospective rushees was another activity. In order to acquaint rushees with rush rules and the sororities on campus, a Panhellenic handbook and "Sorority Sketches" were printed. The Council also helped sponsor Interfraternity Sing and Greek Week,

assisted with Homecoming activities, and organized a Thanksgiving dinner for foreign students.

All undergraduate members of sororities, including pledges, are members of Panhellenic as a whole. The council was made up of two delegates from each sorority. Each chapter had a single vote.

One of the primary goals of the Greek councils was to encourage better relations among sororities.

By discussing questions and problems about the University and sorority life, the Council binded the sororities closer together so that they were able to strive for important goals as a unified group.

Serving as presidents and advisers for the women's Greek co-ordinating groups were Virginia Railsback and Mary Frances White, Panhellenic, and Penny Heyl and Dorothy Craig, Junior Panhellenic.

Alpha Chi Omegas Win Various Royalty Titles

Royalty reigned from the Alpha Chi Omega house as one of its members was crowned Homecoming queen, State Dairy princess, and American Royal princess. Other Alpha Chi royalty included Barn-warmer queen and a princess, and attendants to both Royal Purple and Flush Bowl queens.

Alpha Chi's were active in A Cappella choir, K-State Singers, and Angel Flight. The chairman of Home Economics Hospitality Day was an Alpha Chi and members were on the Home Economics and Arts and Sciences Councils. Members also belonged to such honoraries as Mortar Board and Chimes. The editors of the fall Collegian and the Royal Purple were both Alpha Chi's.

The sorority social events included a founder's day banquet, pledge tea, Parents' Weekend, Dog-Patch Drag Halloween party, and an Old-Fashioned Christmas party given by the pledges. The annual Golden Lyre Spring ball rounded out the year.

Alpha Delta Pi Earns Second for Decorations

A new trophy was added to the Alpha Delta Pi trophy case this year when members won second place for their Homecoming sorority house decorations. Second place trophies were also earned for Orgy Productions, and the 1960 Y-Orpheum in a combined entry with the Acacias. ADPi's favored by fraternities this year were Ann Heaton who reigned as Delta Tau Delta Sweetheart, and Brenda Boyle who was chosen as an attendant to the Sig Alf-Phi Delt Flush Bowl Queen.

Campus leaders were Virginia Baxter who claimed the distinction of being the first woman to serve as Student Council chairman and Connie Cristler who was president of the Student Education association. Five Alpha Deltas Pis donned the blue Angel Flight uniform. Besides participating in campus activities and studying, members found time for a Christmas formal, a pledge party, a Black Diamond ball, a Founder's Day banquet, and two teas.

K-State Alpha Xi Deltas Host National President

Queens were abundant in the newly-decorated Alpha Xi Delta house this year as Julia Jahnke claimed the new title of Miss K-State Collegian, Lynn Sue Clark reigned as attendant to the Kappa Sigma Stardust queen, and Betty Mears was attendant to the Sigma Chi Derby Darling.

Speaking her way to first place in the Larry Woods Memorial speech contest was Carolyn Warner, who topped all students enrolled in oral communications. Another first was chalked up when the members walked off with the winning trophy at Derby Day.

Campus honoraries chose Alpha Xi Deltas to be members of Angel Flight, Theta Sigma Phi, Phi Alpha Mu, Phi Kappa Phi, Chimes, Phi Sigma Chi, Phi Upsilon Omicron, and Alpha Lambda Delta. Alumnae from all over Kansas flocked to Manhattan in April to hear the national president speak at State Day. Alpha Kappa acted as hostess for the event.

Members of Delta Delta Delta were kept busy as they worked to win the 1960 Y-Orpheum. The theme of the skit, which was a combined effort with Sigma Alpha Epsilon, was the "Little Red School House." The 84 member chapter placed second in Interfraternity Sing. Active in social events, the chapter sponsored a yell-in for new pledges, a Christmas formal, and a Founder's Day banquet. Tri Deltas and dates donned red to attend the annual Firebug party, given by the pledges. A spring formal rounded out the social calendar.

Special projects participated in were, sending Christmas toys to the Kansas Neurological center, and presenting a scholarship to a K-State upperclass woman. Tri Deltas received several honors during the year. Individual honors were won by Mary Ellen Malmberg, Homecoming queen attendant; Gayla Shoemake, Miss Kansas; and Marilyn Hetzer, Kappa Sigma sweetheart. Three were KSU cheerleaders.

Kappa Delta Members Carry Home Trophies

Kappa Deltas started their busy year with 36 pledges including two Putnam scholars and one cheerleader. The ATOs chose Elaine Zerbe as their sweetheart. Kenna Barnes was ATO-Sigma Nu Blackfoot-Whitefoot queen. Kathy Rohrbaugh was Ag Barnwarmer Princess. Two fraternities selected KDs as sweetheart attendants. Linda Burge and Audrey Meckfessel were in Angel Flight. Second semester brought Y-O rehearsals and IPC queen to the KD house. Omicron Nu listed three KDs. Janet Linder was in the Home Economics honors program. Honorary fraternities represented were Phi Alpha Mu, Alpha Epsilon Rho, Alpha Delta Theta, Sigma Alpha Eta, and Phi Upsilon Omicron. Members were active in Union committees, orchestra, Alpha Lambda Delta, A Cappella Choir, band, S.E.A., and AWS. Social activities included the Emerald Ball, faculty tea, and State Day to celebrate this chapter's 40th anniversary.

Kappa Kappa Gammas Rank as Nation's Best

Kappas began this year with honors, as they received the Standards Cup at their national convention. The award goes to the nation's best all-around Kappa Kappa Gamma chapter.

Kappa activity girls were listed in Mortar Board, Chimes, Phi Kappa Phi, Student Council, Union Governing Board, K-State Singers, AWS Judicial Board, cheerleading squad, and Board of Student Publications. Queen honors went to Kappas, as key-wearers were selected as Miss Football, Pershing Rifles queen, Miss K-State-Manhattan attendant, Homecoming queen attendant, Flush Bowl queen, and PiKA-Sig Ep Duad queen. Chapter honors included first-place trophies in Interfraternity Sing, Flush Bowl float decorations, and Orgy productions.

Traditional social events included the Monmouth Duo, Fathers' weekend, and the Christmas house party. Entirely unprecedented was the move, "en masse," to the Gillett hotel in the spring when building and remodeling crews invaded the chapter house.

Pi Beta Phi Completes Plans for New House

One hundred five chapters
• Founded Monmouth college 1867 • Kansas Beta chapter established 1915 • President: Judy Tyler.

Pi Beta Phi completed final plans for a three-story French provincial home to be finished in the fall of 1962. The presidents of the Big Eight Panhellenic Council, State Kansas Student Teachers association, and eight campus organizations were Pi Phis. Six Pi Phis were tapped for Chimes and Mortar Board, while others were active in Student Council, school councils, and departmental clubs. The Drake Relays queen, Military Ball queen, Homecoming attendant, Acacia sweetheart and Kappa Sigma queen attendant were Pi Phis. Two Phi Kappa Phi's and an IFYE exchange student to Finland were members.

Returning to the stone age, the Pi Phis, along with Sigma Alpha Epsilon, held a slow-down strike for their Y-Orpheum production, "The Wheel House." The overall Y-Orpheum director was a Pi Phi. The Monmouth Duo, a faculty tea, the spring formal, fathers' weekend, and pledge party were some of the chapter's social events.

PI BETA PHI women spent many happy hours at 505 Denison in pursuit of academic and social achievements.

Delta Chi Colony Waits For National Charter

Hoping to receive its national charter in the spring of 1962, the youngest national fraternal organization represented on campus, Delta Chi colony, was in its third semester of an intensive program of develop-

ment. Carleton Van Deman served as president last fall, and Robert Platt led colony programs for the spring semester. Delta Chi's were active in the K-State Players and at KSBD-FM, while another member was chosen for the All-American Rifle team. Social engagements fulfilled by the colony included exchange dinners, wiener roasts, Chi Playboy party, the annual spring formal, and the pillow convention.

Unique in their possession of a cannon, Phi Kappa Taus saluted a queen at their annual "Cannonball" party. The K-State Wildcat fans heard the cannon each time a touchdown was scored during football season. In the fall, each organized women's house was invited to participate in the events preceding the fraternity's annual watermelon feed. Highlight-

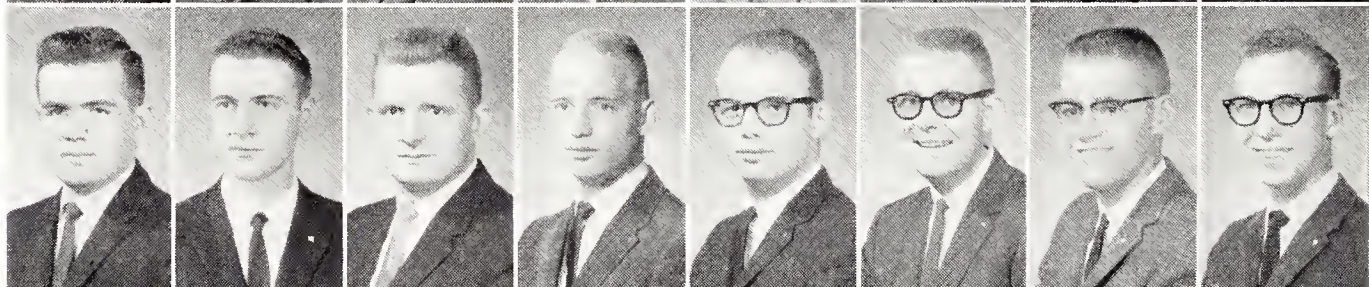

ing the social season was the Red Carnation Ball.

Phi Kappa Taus were active in various campus activities. Several men belong to Sigma Tau. Murray Miller represented the group as president of Wampus Cats. The Phi Taus hosted guest speakers on scholarship and on how to dress well on a modest budget for clothing.

Theta Xi To Construct New Split-Level House

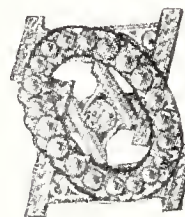

Plans for a new chapter house for the Theta Xi's were completed this year and construction will begin in the summer. The new split-level structure will be located on Todd road and will house 60 men.

The new surroundings should expand an already ample existing social calendar. The members and their dates enjoyed the annual Tuffy Strut costume party, Christmas semi-formal dance, Unicorn ball, spring formal, hayrack ride, and dinner-date nights.

THETA XI members examine plans for a new house which they hope will be completed in time for Rush Week.

Earl Smith represented the Theta Xi's as chairman of the television publicity for Engineers' Open House. Several members were active in Pershing Rifles. The men participated in all intramurals.

Acacia's Merit Award Bestowed on Tiny Foltz

THE ENTRANCE patio at 2005 Hunting avenue is a natural meeting place where plans for the evening are settled.

At a special banquet at the Acacia house, a local man, V. D. "Tiny" Foltz, was honored as the most outstanding fraternity alumnus in Kansas. Foltz was awarded the Acacia Award of Merit, the highest honor the national fraternity can present. Other outstanding guests entertained by the Acacias were Ray Conniff and his singers, who were invited to the chapter house following their campus concert.

Members of Acacia enjoyed their redecorated and refurnished house this year, and have future plans for a 16-man, \$60,000 addition. Outstanding members included president of Alpha Zeta and Blue Key member Galen Unger, and Darwin Klein, male star of the K-State Players production, "Come Back Little Sheba." Participating in intramurals and maintaining an active social schedule which included the Christmas party and the "Night on the Nile" party, rounded out the year for the men of Acacia.

Roulette Party Staged By Alpha Gamma Rho

In true western style and with decorations from a Reno nightclub, Alpha Gamma Rhos held their annual Roulette party. Party-goers used paper money to cover party gambling expenses and tips. Homecoming featured a luncheon for 75 alums, while the Christmas party, spring steak fry, Pink Rose formal, annual Sweetheart Dinner, and informal house parties fulfilled social engagements.

Participating in many social and agricultural activities, men of Alpha Gamma Rho were members of the Livestock and Meats Judging teams. Two Student Council members, the president and a councilman of the Agricultural School Council, presidents of Agricultural clubs, and a representative of the Senior Class Council were AGR's. Other campus activities, honoraries, and organizations were promoted. In intramural competition the AGR's took second place in the fraternity bowling division.

Alpha Kappa Lambdas Add Service Projects

Members of Alpha Kappa Lambda added special community service projects to their busy schedules this year. As a public service, the AKL's provided rides to the polls for Manhattan voters on general election day. All 90 members participated in a work day to aid the Zeandale Community church in its rebuilding program. Men of the local chapter also gave a Christmas party for underprivileged children.

Activities and social events were not neglected by the fraternity. Chapter members participated on the varsity wrestling team, the debate squad, and the Arts and Sciences Council. Arnold Air Society listed AKL's among its active members.

The co-captain of the gymnastics team, the president of the local collegiate chapter of the Young Democrats, and a Delta Sigma Rho speech contest finalist were other individuals who brought honor to

Celebrating its fortieth anniversary as a K-State fraternity, Delta Theta chapter of Alpha Tau Omega combined its birthday festivities with the University's Homecoming activities. The fraternity's national executive secretary, Stewart Daniels, spoke at the birthday banquet, and attended the formal held afterwards. Mrs. Ethel Keefer, the chapter's house-mother, has been with the fraternity 10 years, the longest of any present K-State fraternity house-mother. She was presented a bouquet of 10 red roses at the banquet, in honor of each year of service to the fraternity.

Each spring the members hold a "Help Week," and carry out a worthwhile project for the community. Eighteen ATO's were members of Union committees. Several of the men were honored by membership in Pershing Rifles. Members were also active in departmental honoraries.

ALPHA TAU Omegas, living at 1730 Claflin Road, celebrated their fortieth year on the KSU campus last fall.

Beta Sigma Psi Wins Highest National Honor

A trophy for being the outstanding chapter of their fraternity was awarded to the Beta Sigma Psi at the group's national spring conference in Rolla, Mo. This organization of Lutheran men celebrated its tenth anniversary on the Kansas State campus in the spring. Three of the chapter's charter members were honored at a Founder's Day banquet.

Beta Sigs distinguished themselves individually as well as in a group. Ron Havenstein represented the chapter as the president of Lutheran Students association. Melvin Callabresi was elected to Student Council. An outstanding project the men undertook was decorating interior portions of the house. This

Beta Theta Pi Renews Scholarship Emphasis

Under a new program of stronger emphasis on grades, Beta Theta Pi pledges returned to first place rating in scholarship during the fall semester. The house average remained second, the same as last year's standing. Entering into campus activities—four Student Council members, the Attorney General of Tribunal, the Engineers' Open House chairman, and the second semester president of the Interfraternity Council all represented the fraternity.

Betas dominated intramurals for the second consecutive year by placing first in swimming, football, basketball, volleyball, the singles events in tennis, horseshoes, and handball, as well as the badminton singles and doubles. Four varsity basketball players, six varsity track men, and one on both the football and baseball teams, along with five freshmen athletes were Betas. Another first place for the house was recorded in the annual Interfraternity Sing.

THE BETAS continued house improvements at 500 Sunset by adding a dormitory and redecorating the interior.

Delta Tau Deltas Have Monopoly on Chairmen

Joining into campus activities, individually and as a group, the Delta Tau Deltas scattered their talents to athletics, clubs, honoraries, singing groups, and publications. Senior class president, Y-Orpheum producer, Royal Purple business manager, and the chairmen of Student Activities board, Union Governing board, Arts and Sciences council, and Union Program council were all Delts.

Delts pledges chose "Haunted House" to be the theme of the annual Paddle party. Other traditional parties were Washington's birthday, Driftwood party, Spring formal, and the Delt barbeque. Homecoming decorations and participation in Interfraternity Sing brought third-place trophies to the Delt house. Their Y-Orpheum skit was selected for this year's show. The Delts took part in all intramural sports and as a special house project, each Delta Tau Delta donated a pint of blood to the Red Cross.

THE DELT house at 1001 Sunset continues to rank as one of the largest on campus with accommodations for 75.

Delta Upsilon Donate Toys to Welfare Group

A children's Christmas benefit party contributed to the social engagements of the men of Delta Upsilon. Toys were collected and donated to a Manhattan welfare group for distribution. For the Abilene Western party, ranch and western attire were in order for costumes. Other social events included a fall hayrack ride, a Christmas party, the annual Valentine party, plus Friday night house parties.

Delta Upsilon were members of Blue Key, Phi Eta Sigma, Alpha Kappa Psi, Sigma Tau, K-State Singers, Union Governing board, A Cappella choir, band, and orchestra. The presidents of both the American Institute of Electrical Engineering and the Inter-Pledge Council were fraternity members.

Seven individuals participated in varsity athletics while the house competed in the intramurals program. The winner of the individual medley event for the intramural swimming contest was a DU.

Farm House led the fraternities in scholastic achievement for the 1960 fall semester. Aside from studying, these 50 men were active on campus. Two members, Lawrence Stoskopf and Bill Rodney, belonged to Phi Kappa Phi. John Carlin received the honor of top individual at the International Dairy contest held in Chicago. Several members received outstanding honors in the Little American Royal. Through combined efforts and practice sessions, the Farm House men placed first in baseball intramurals. Robert Lewis represented his fraternity in Blue Key, senior men's honorary.

Social events for the year included a faculty tea and a Christmas party. Parents of the members were entertained at a special Parents' Day. Men and their dates attended a Halloween costume party, and donned pajamas for a pajama party. The annual Star and Crescent formal rounded out the year's social activities for Farm House members.

New House Impresses Kappa Sigma's Visitors

In the fall, the Kappa Sigma house looked finished, but the rushees were not aware of the carpeting and painting that was going on behind the scenes to ready it for occupancy. The new windows facing College Heights framed active Kappa Sigs. Academically, they won the Interfraternity Council scholarship improvement trophy. Participation in all sports was added to a second place in fraternity football. Individuals were active in Blue Key, political parties, and campus service organizations and professional societies.

During March, Gamma Chi chapter was host to the Duo-District Conclave composed of chapters in Kansas, Arkansas, Nebraska, and Oklahoma. Representatives attended the annual Pig dinner for alumni. On the social calendar, Kappa Sigs entertained dates at the Black and White spring formal, Stardust fall formal, Red Dog costume party, Christmas house party, and other open houses and dances.

CHESS PLAYING by the fireplace is a popular pastime at the Kappa Sig house before and after dinner. Sitting in

Chariot Relays Backed By Lambda Chi Alphas

In the spring, all organized houses were invited to enter the sixth annual Chariot Relays sponsored by the Lambda Chi Alphas. The proceeds of this event are used for a general scholarship for an entering freshman. The pledges journeyed to Nebraska university to visit the Lambda Chi chapter there.

To aid it in a program of membership expansion, the chapter purchased the Pi Beta Phi house at 505 Denison in December. Now a 36-man group, the larger living quarters will make possible a membership of 65. Individual members represented the chapter in campus activities. Bob Austin headed KSDB-FM, and Richard Powell was a member of the chemistry honorary, Phi Lambda Upsilon.

TWELVE YEARS of residence at 1334 Fremont will end for the Lambda Chis when they move to 505 Denison.

The yearly Creseent ball was the main social event for the fraternity. Members also had an informal Christmas party and a South Sea Island party. The men celebrated the fraternity's fifty-second birthday at the Founder's Day banquet.

Phi Delta Theta Wins Homecoming Contest

First place in the fraternity division for Homecoming decorations was secured by the men of Phi Delta Theta. The golf championship was another first place won by the Phi Delts, who participated in tennis, football, basketball, softball, and track intramural sports. The 70 members sponsored such service projects as a community service day, a Christmas party for Jardine Terrace children, and a neighbor's day.

Members of Phi Delta Theta were on the varsity football, track, and tennis teams. A Phi Delt was a member of both Blue Key and Tribunal. Other members worked in campus activities as business manager for the 1961 Y-Orpheum and chairman of the Union Flashcard committee.

The Phi Delts started their social year with the annual Flush Bowl, held in conjunction with the Sigma Alpha Epsilons. Other events included the Miami Triad, Quad Phi, Casino party, Christmas party, the She-Delta Theta party, and the spring formal.

THE FEELING of brotherhood is strengthened by these Phi Delta Thetas, as they take time out from their dates,

studies, and campus activities to engage in a friendly game of table tennis and to enjoy a soft drink at home.

Many Indian children received Christmas toys as result of a Phi Kappa Theta service project. Men and their dates brought Christmas toys, which were later sent to the Haskell Institute, to the annual Christmas party. A "Freddie the Freeloader" party was given by the actives for pledges and their dates. Formals adding to the social calendar were the fall formal and the Spring Fish formal.

Phi Kappa Theta won the trophy for the most unique chariot for the third consecutive year at the Lambda Chi Alpha Chariot relays. The 65-member group participated in all intramurals. Two men represented the Phi Kaps in student government. Pat Malloy was a member of the Student Council, and Joe Giarrusso will serve as student body president. Pi Kappa Alpha Men Direct Kids' Egg Hunt

An annual Easter egg hunt, sponsored by the men of Pi Kappa Alpha, attracted about 60 neighborhood children this spring. Easter eggs were hidden on the PiKA lot and prizes were awarded to the children who collected the most eggs.

In conjunction with Sigma Phi Epsilon, the annual Duad weekend was held. The Orgy Productions, short skits presented by the various sororities, were satires on aristocratic Roman court life. The Duad, the formal dance of the weekend, was scheduled for Friday evening, while the Orgy, the Roman toga costume party, was held on Saturday night.

PiKA members competed in the intramural program, while several individuals participated in varsity athletics. Members of Blue Key and Phi Kappa Phi were Pikes. Sigma Alpha Epsilon Singers Tour Far East

Singing their way into international recognition, "The Epsilons" represented the versatility of Sigma Alpha Epsilon members. The singers toured military bases in the Far East, performed during the summer in Las Vegas, and appeared at Kansas University Rock Chalk Revue.

SAE's were represented on all varsity squads this season. In keeping with their intramural record of the past, Sig Alphas copped the overall championship. The annual Phi Delt Flush Bowl football game ended with Sig Alph the pigskin favorite.

Three of the members attended a week-long summer leadership training school in Evanston to familiarize themselves with the finer fraternity ideals. Little Sisters of Minerva originated this fall with 33 coeds working toward the betterment of SAE on campus. Aside from exchanges and house parties, significant social functions included Bowery Party, Founders Day, Belle Ball, and Island Party.

Social events at the Sigma Chi house included the Miami Triad formal, an underprivileged children's Christmas party, a pajama party, and the Sweetheart Ball. Winning the football game and accumulating the most points in the relay games returned the trophy to its original holder. The Blackfoot-Whitefoot formal, a Christmas party, and a pajama party were events on the social calendar for the year.

The hill in front of the Sigma Nu house provided an excellent spot for winter sporting activities. Skiing and sledding were the most popular with the men and their dates. Rounding out the fraternity's social calendar was the White Rose spring formal.

Hillside Sign Repainted By Sigma Phi Epsilons

The "Manhattan" sign located on the country club hillside was repainted by the Sigma Phi Epsilons this year as a special fraternity project. Among the Sigma Phi Epsilon campus leaders were the presidents of the Engineering Council, the American Institute of Architects, and the engineering honorary, Sigma Tau. Other fraternity members were on the varsity swimming, track, and basketball teams. Entering intramural competition, the Sig Eps placed second in fraternity softball.

A variety of parties paced the fraternities social year. Functions for members and their dates which furnished a welcome change from campus activities and studies were the Golden Heart ball, the Orgy, costume parties, informal house parties, a Western party, a Hawaiian party, and the Duad, held in conjunction with Pi Kappa Alpha fraternity. Housemother was Mrs. Ruth Johanson.

ALUMNI ADDED a new den and wall-to-wall carpeting to the Tau Kappa Epsilon fraternity house, 1606 Fairchild.

The Tekes took the biggest trophy in the Homecoming parade this year with the winning theme, "Sorry Cowboys, Network Trouble." Other group projects included singing in Interfraternity Sing, entertaining their mothers on a special weekend in April, and participating in intramurals.

The Tau Kappa Epsilon alumni group, Manhattan's largest, redecorates a part of the house each summer. This fall, the men moved into a house with a new den plus new furniture and drapes.

Mrs. J. P. Jackson, the Tekes' new housemother, helped with such tasks as decorating for the variety of parties on the social agenda. Some of these were the Corral party, a barbecue and dance in October; the Red Lion Inn party at Christmas time; Tavern on the Green party in February; and the Red Carnation Ball in the spring. The Tau Kappa Epsilon queen is named at the ball.

TWO OF THE women's dormitories were re-named this year. Northwest was changed to Boyd and Southeast to

Putnam. Van Zile hall retained its name. Plans include the construction of a new residence hall in the future.

K-STATE MEN occupied the Men's Residence hall for the first time this fall. The hall, complete with its own food

service, cost \$2,400,000 to build and is equipped to handle up to 600 men in its three six-story wings.

Men's Dorm Finished, Housing Plans Expand

Since the opening of the first men's dorm last fall, the University housing program has planned an even more extensive dorm building schedule. Still on the drawing boards are plans for a second men's dorm. It will be adjacent to the present one, located west of the ROTC drill field, and will house about 600 men. Both halls will be served by the centrally located food service building, now in operation.

Construction of four new women's dormitories,

has begun and completion is scheduled for the fall of 1962. Located northeast of Boyd hall, the four "L" shaped dorms will each house 300 women and will be grouped around a central food center.

University student housing provided for 2,247 students or 30.9 per cent of the total student population; the men's and women's residence halls accommodated 1,552 students. Married students were offered more facilities than at any other Big-8 school.

Coordinating the activities of the present dormitories was the purpose of the Women's and Men's Dorm Councils. Coeds from each of the women's halls made up the Women's Dorm Council headed by Carolyn Cling. Representatives from each floor comprised the Men's Council. The council president was Alan Uabui.

Boyd Hall Title Honors Outstanding KS Alumna

A new name and a new director were in store for Northwest hall during this year. Mrs. Wilma Thompson, formerly of Colorado State College of Education, Greeley, Colorado, was appointed director, and the dorm was renamed Boyd hall, in honor of an outstanding alumna of Kansas State, Mamie Boyd.

The 241 women of Boyd hall enjoyed an active and well-rounded social schedule. Informal functions, including the annual open house, hour dances, coffee hours after the games, and the spring picnic were popular events. In addition to the casual functions, several dances were sponsored by the dorm. The Christmas formal and the spring dance were social highlights. Various special dinners were held in the dormitory, including the Smorgasbord and the Easter dinner. Mothers of the residents got a sample of dorm life when they were treated to a weekend visit in the spring.

Queen crowns were worn by several Boyd hall women. Doris Downing was elected IPC queen and two fraternity sweethearts, Pat Rash and Cindy Coulson, were from Boyd hall. Joan Avery was an attendant to the Barnwarmer queen. Boyd also claimed an outstanding scholar.

BOYD HALL WOMEN and their dates danced at Christmas-time in the setting depicting a "Snowflake Symphony."

ELIGIBLE CAMPUS men receive identification tags at the traditional open house at Putnam hall. Each fall the

women's residence halls have a get-acquainted dance and serve refreshments in the basement recreation rooms.

Putnam Women Adopt Family for Christmas

Christmas gifts were given by the coeds of Putnam hall, when as a dorm-wide project, they adopted a needy family. A major event in the year was the dedication of the hall to Dr. Irene Putnam and

thus the changing of the name from Southeast hall to Putnam hall. Dr. Putnam has assisted many students through a scholarship program and gave the University its first men's scholarship house.

Two campus queens represented Putnam hall. The Sigma Chi's Derby Darling was Brenda Shaw, and Raedell Winston was chosen as Barnwarmer queen. This year, in addition to serving the 240 residents, the Putnam hall cafeteria provided meals for the 65 Smurthwaite annex women and their director.

BIRTHDAY PARTIES complete with gifts, popcorn, and soft drinks are common occurrences among the women of

Waltheim. A welcome birthday present for this coed is a bulky sweater to help ward off chilly campus winds.

Waltheim Coeds Enjoy Redecorated Quarters

Redecorated dining and recreation rooms and new furniture greeted upperclass women this fall when they moved into Waltheim's dorm-apartment style living. Entering the Homecoming house decorations contest, Waltheim used a take-off on a popular cereal advertisement as a theme. Decorations loyally depicted the Wildeats to be "a little bit better" than their Oklahoma cowboy opponents.

Hour dances with Straube Scholarship house and two fraternities, plus an exchange dinner with the third floor of the Men's Residence hall, helped to fill the social calendar. In February, a tea honored members of the faculty, and the presidents, social chairmen, and housemothers of organized living groups. Special dinners throughout the year were Thanksgiving and Christmas dinners, a Smorgasbord, and an Indian curry dinner.

In traditional spirit, the women of Waltheim adopted a family at Christmas time and provided them with food and gifts, including new and used clothing. High intramural sports interest was indicated by third place in swimming and volleyball. Mrs. Hazel Fetter was the new dorm director. Ann Singleton and Carmen Warner served as presidents.

WALTHEIM HALL, the only off-campus women's dormitory, is at 1436 Laramie. It is divided into apartments.

RELAXING BEFORE dinner, or just getting away from the books, Van Zile residents find ping pong and card games

welcome diversions. Handy soft drink coolers are an important part of the comfortable recreation room.

Van Zile Hall Retires Scholarship Trophy

Ranking first among all women's dorms in scholarship last year, Van Zile hall permanently retired the interdorm scholarship trophy. Special dinners, fire-side chats, formal dances, and an open house were

social activities enjoyed by Van Zile women.

Their ability in women's intramurals won the co-eds first place in swimming and basketball. Other residents of the dorm were active as Interdorm Council president, a member of Student Council, the sweetheart of Delta Sigma Phi and Royal Purple queen. Both the business manager and society editor of the Collegian were Van Zile members. Presiding first semester was Joyce Banks. Zelma Rust was elected president for the spring semester.

West Stadium Converted To Coeds' Dormitory

For the first time in K-State's history, upperclass independent women had the experience of living beneath a college football stadium. West Stadium was converted from the traditional living quarters for male athletes into a feminine setting for the coeds. The transition was enacted last fall when the men were transferred to the Men's Residence hall after its

completion, and because of the dormitory shortage for upperclass independent women students.

The 16 women, led by president Sophia Coughlin, was the smallest group of independent organized upperclass women on campus this year. These activity-minded coeds backed several campus queen candidates, cheered at varsity games as members of the Phi Sigma Chi, and sang in A Cappella choir.

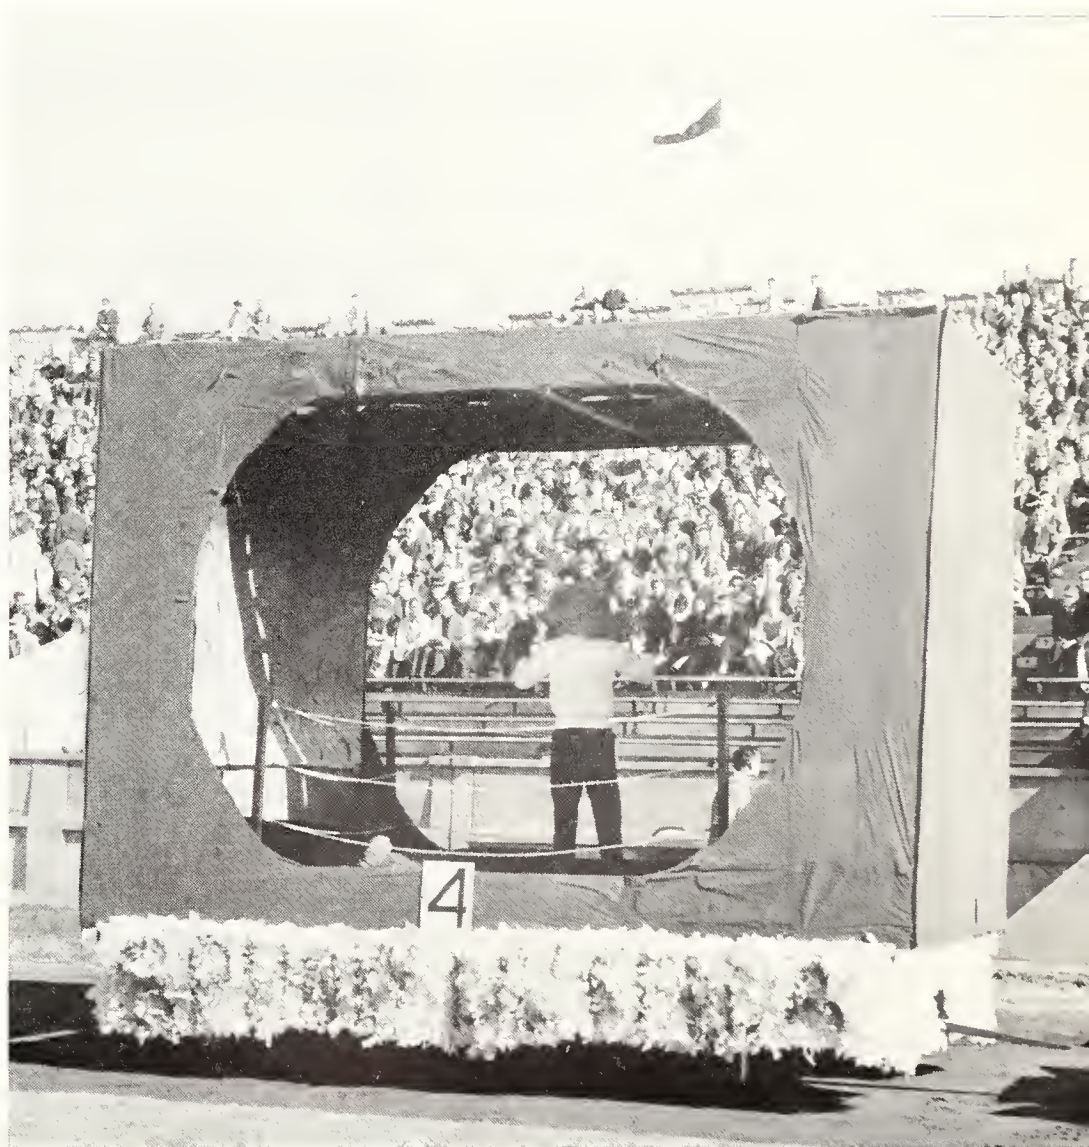

Men's Dormitory Units Assume Indian Names

The Men's Residence hall represents a forward step in dormitory governing concepts at K-State. The dorm houses 600 men and each of the six floors has been designated as an individual unit or house. Each house has been named after a plains Indian tribe and has its own student governing body. The houses and house chairmen are first floor, Tonkawa house, Gerald Bennett; second floor, Seneca house, Richard Gunn; third floor, Comanche house, Rex Dale; fourth floor, Shoshoni house, Larry Zimmerman; fifth floor, Arapaho house, Don Campbell; and sixth floor, Pawnee house, Dwayne Rumscy.

The Men's Residence hall governing board is a group of appointed students whose job is to coordinate activities of the six houses within the hall, as well as with other campus organizations. Alan Yabui was governing board chairman.

Mike Wroblewski of Pawnee house was elected by K-State coeds as FMOC this year. The hall represented the South American block for the Model United Nations organization meeting.

A VIDEO knockout showing a falling Cowboy was awarded first in the independents' Homecoming float division.

OK Members Entertain Local Needy Children

During Christmas vacation the men of OK house entertained needy children in the Manhattan area. Most of the members plan to attend the Kansas City Starlight Theater when their housemate, Bob Thomas, appears there in a summer theater production.

OK house is named after the sponsors of the independent organized house who are Mr. and Mrs. Oliver Kientz. With a membership of 47 during the fall semester, the group found it necessary to open an annex across the street from their home at 1409 Fairchild. Two international students resided at the house—one is from Korea, the other's home is Jordan.

Kasbah Member Wins Third Straight Title

Philip Litwak of the Kasbah won the intramural handball singles title for the third consecutive year. Members of Kasbah were entered in all events of the intramural athletics program. Other activities of the year included picnics, and parties at Thanksgiving

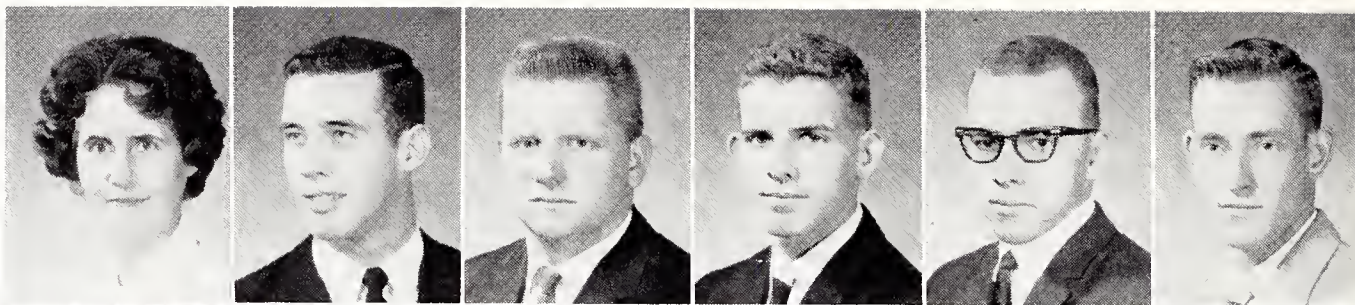

and Christmas. Dr. Earl Davis presented his repertoire of folk songs to members at a special meeting. He accompanied himself on the piano.

The Kasbah had 18 members this year with a variety of interests and curriculums. The house was organized in 1954 by independent students. Jim Quillin was president for the second year.

Celtics Rename House, Formulate Social Plans

Reorganization of the House of Breck into a new independent men's house called the Celtics was completed this fall. Under the leadership of Gayle Kantack, the 13 men, living at 1414 Fairchild, formulated plans for promoting active representation in intramural competition, organizations, and associations on the campus which are carried on among the other men's independent organized houses.

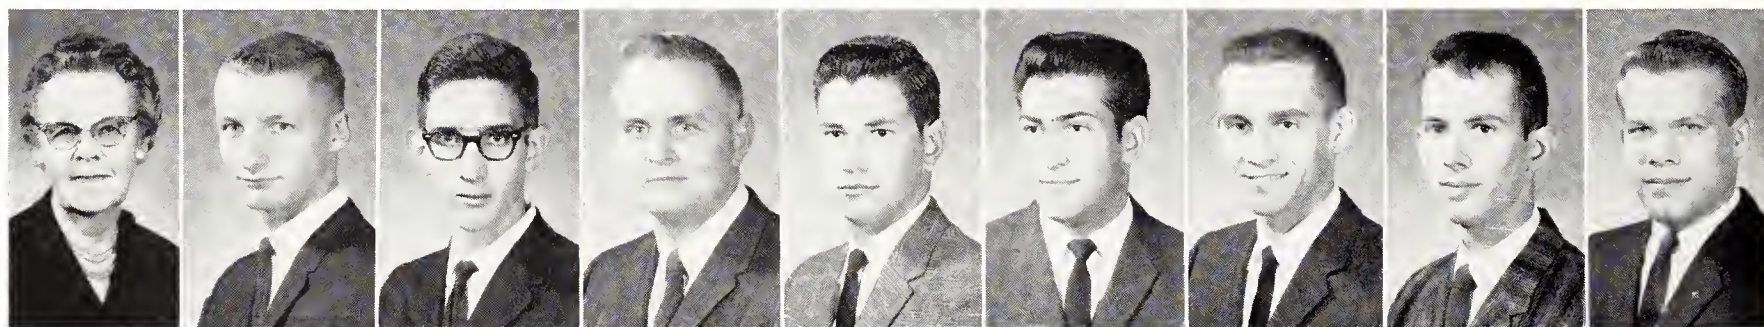

Several informal house gatherings were sponsored by the members, but the high point of the social season was a spring dance for Celtics and dates. Mrs. Dennis A. McCarty was housemother.

La Citadel Entertains International Students

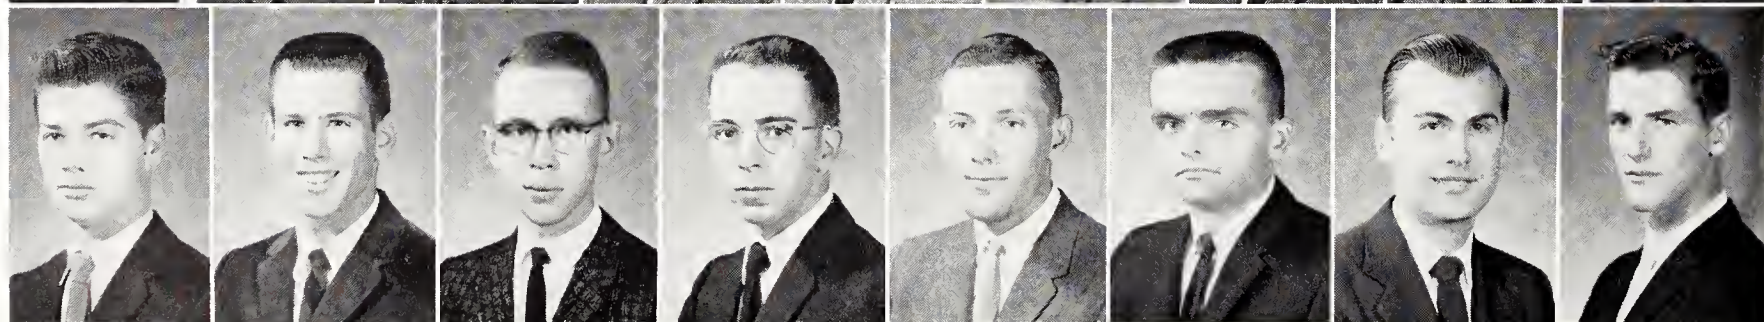

Entertaining international students as dinner guests, and having exchange parties, picnics, and special occasion dinners were among the social activities enjoyed by the members of La Citadel. This independent men's organized living group housed 17 men in its fifth year of operation. Serving as presidents were Gary Pack and Edmund Gonzalez. La Citadel housemother was Mrs. Ola G. Smith.

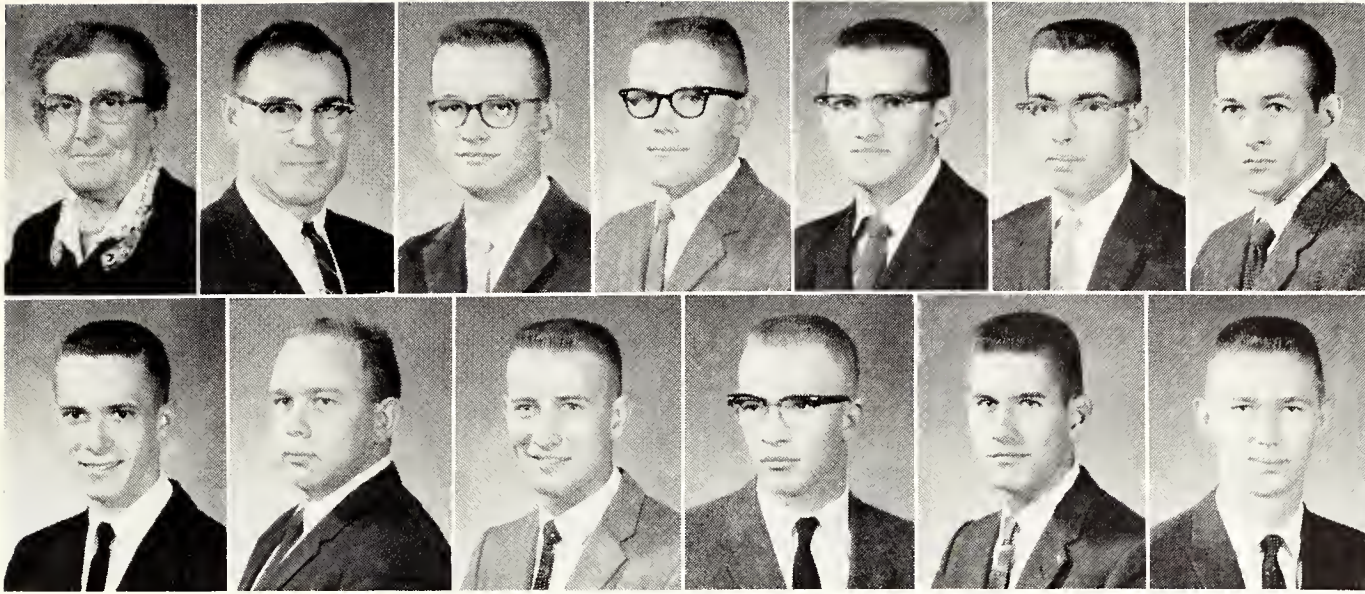

Active in campus organizations, members of La Citadel participated in the Men's Glee club and the Clinic club. Others were active in Westminster and Roger Williams fellowships, and the Newman club.

Acropolis Contributes To Ag Judging Teams

Representing the University on the livestock and wool judging teams were several Acropolis members. This independent men's organized house was led by presidents Joe Lichtenauer and Edward Oborny. Chester E. Peters served as house director.

Active in various campus organizations, individuals of the 12-member house participated in Newman club, Block and Bridle club, Collegiate 4-H, and the K-State Rifle team. Interest in the intramural program was evident as the men of Acropolis entered most of the competitive sports. Highlighting the social year was the spring party and dance.

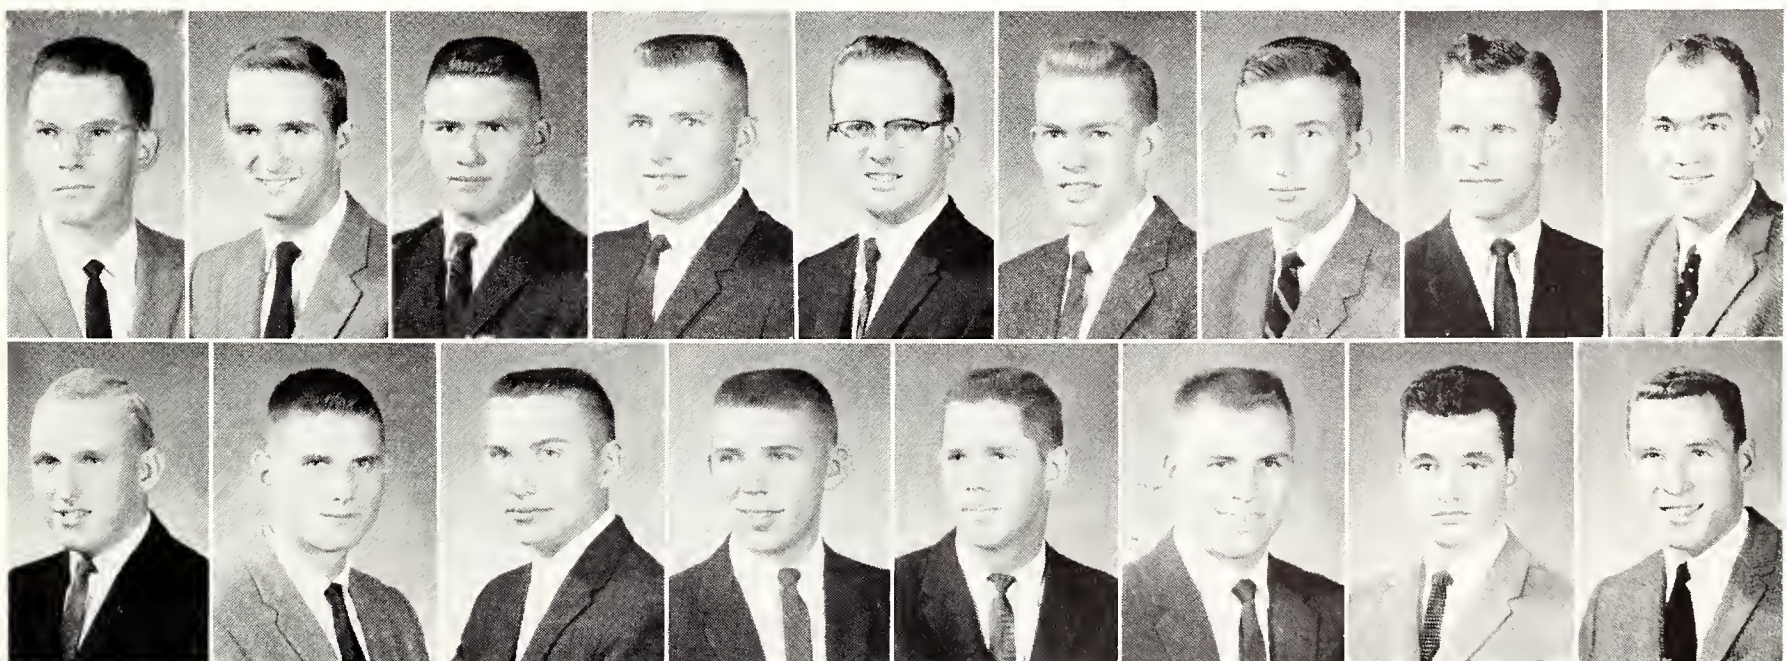

House of Williams Men Merit Football Crown

Playing in the independent intramural football section, the members of the House of Williams won their division title. Two other men were members of the varsity baseball team. Scholastically, one-fifth of the house holds scholarships.

Brad K. Steele was elected president. Their house-mother, Mrs. Katherine Williams, originally founded the independent men's house 22 years ago. Homecoming was celebrated by holding an open house. Other social activities included a fall hayrack ride, several wiener roast picnics, and the annual House of Williams spring formal.

MAKING THEMSELVES at home in West Stadium while awaiting the completion of their new house, Smurthwaite

scholars talk or play cards. These coeds began many happy associations while living in the temporary quarters.

Smurthwaite Scholars Give Gifts to Orphans

Giving Christmas gifts to orphans was one of the special projects of the women of Smurthwaite Scholarship hall. They also caroled at Fort Riley hospital, the old folk's home, and the Riley County hospital. Social life for the women's group included a fall open house, several exchange functions, vesper services, fireside chats, and Halloween and Christmas parties. Aided by some members of the Off-Campus Women's organization, Smurthwaite won the volleyball championship.

A cooperative-type house, Smurthwaite was new on the campus this year. Funds for the house were started by Kansas home demonstration units, and the hall was named after Miss Georgianna Smurthwaite. Because the new house was not completed according to schedule, the 66 Smurthwaite women lived in West Stadium until spring. To decrease living costs, the coeds cooked, cleaned, and managed other household chores for themselves after moving

into their new home. Mrs. Lisbeth Patton served as housemother and Mary Strahm was president.

Members of the scholarship house found time for activities. President of Phi Alpha Mu, and first vice president of AWS both lived at Smurthwaite. Honoraries such as Omicron Nu, Alpha Lambda Delta, and Mortar Board were represented.

WELL WORTH the wait, Smurthwaite Scholarship house opened its doors after spring vacation to 66 coeds.

Smith Men Victorious In Homecoming Contest

A first place trophy was added to the trophy case at the Maitland E. Smith Scholarship house when members won the independent division for Homecoming house decorations. The men of the scholarship house also placed first in independent intramural swimming competition. Members participated in all intramurals and were division winners in basketball. Bert Biles represented the scholarship house as Secretary General of the Little United Nations. Social highlights this year included exchange functions, Christmas party, and spring formal.

HASHING HAS its moments as Straube members serve themselves hearty second helpings of chow. Although

the men do their own cooking, they find plenty of time to crack the books in order to keep their grades high.

Straube Scholars Plan First Year Constitution

An outstanding project this year for the Oscar E. Straube Scholarship members was drawing up a constitution for their living group. The project was deemed necessary since this was the first year of existence for the scholarship hall. Straube hall was founded by various milling companies, and it was set up as a memorial to Oscar E. Straube, a prominent Kansas City milling executive. Although the house was established for agriculture majors, 30 engineers are now living there to help fill the house. To be eligible for residence in the scholarship hall, individuals must maintain a minimum grade requirement of a 2.5.

Social activities for the men included a Halloween party, a spring formal, a Christmas party, and several hour dances. In the fall, the men held an open house to introduce interested people to their new home. Residing in the hall were members of scholastic

honorarys, professional clubs, and the varsity debate squad. The men participated in athletics, both varsity and intramural. Several Straube scholars were members of the freshman athletic teams. Mrs. Metz Wright received the distinction of being the first Straube housemother.

K-STATE boasts one of the most modern married student accommodations of colleges and universities. Nineteen

buildings at Jardine Terrace house 456 families. They are divided into four units, led by a mayor and council.

Jardine Terrace Houses 456 Student Families

At midnight, one January night in 1957, over 300 married students were lined up outside the University Housing office. Each was hoping for the chance to live in the much-in-demand 192 apartments opening second semester for married couples. Half of these students were turned away, but by 1959, Jar-

dine Terrace had grown from the original 192, to 456 apartments.

Wholly financed from non-tax funds, the apartments contain a stove, refrigerator, and built-ins in the kitchen. The living room is furnished with a dinette table, chairs, a desk, a divan, two lounge chairs, a coffee table, an end table, and two lamps. The bedrooms contain a bed, springs, a mattress, a dresser, mirror, and a chair. The low rental charge includes the furniture, water, gas, and 140 kilowatt hours of electricity.

Mayor, Council Govern Units

Jardine couples govern themselves. Organized into four areas, each unit elects its own mayor and councilmen. They meet to iron out any human relations problems that may arise during the year—commotion at the wash houses, traffic problems, and others. In addition, each area has a “host” couple who are the Housing office’s student representatives actually living at Jardine.

Washing facilities are available with coin operated automatic washing machines and dryers in the laundry centers in each area. Convenient parking areas are adjacent to the apartment buildings.

For recreation, impromptu basketball, volleyball, and badminton games are not uncommon. Areas or wings have had watermelon feeds, Christmas parties, barbeques, and picnics. Organized recreation in Jardine has brought success to the married men. Representing this housing area in all sports of the Independent intramural league this year, they won several events. Their two golf teams tied each other for first place and badminton doubles team members were league champs. An individual honor for the tennis championship was awarded to Larry Blake from Jardine Terrace.

Teams Win Intramural Honors

Each volleyball team participating from Jardine won its own division, and the two played each other in the semi-finals of the league. Both football teams recorded four wins and one loss at the end of the season. Jardine married students also took part in horseshoes, handball, basketball, and a free throw tournament during the year.

Many student wives belong to Dames club. The ones whose husbands' curriculums offer special in-

Couples with as many as four or five children have lived at Jardine. Children of school age go to College Hill school. Since this school has no kindergarten, couples with five-year-old children, in cooperation with the University, have organized their own. This year's class contained 21 children.

University Records Off-Campus Housing

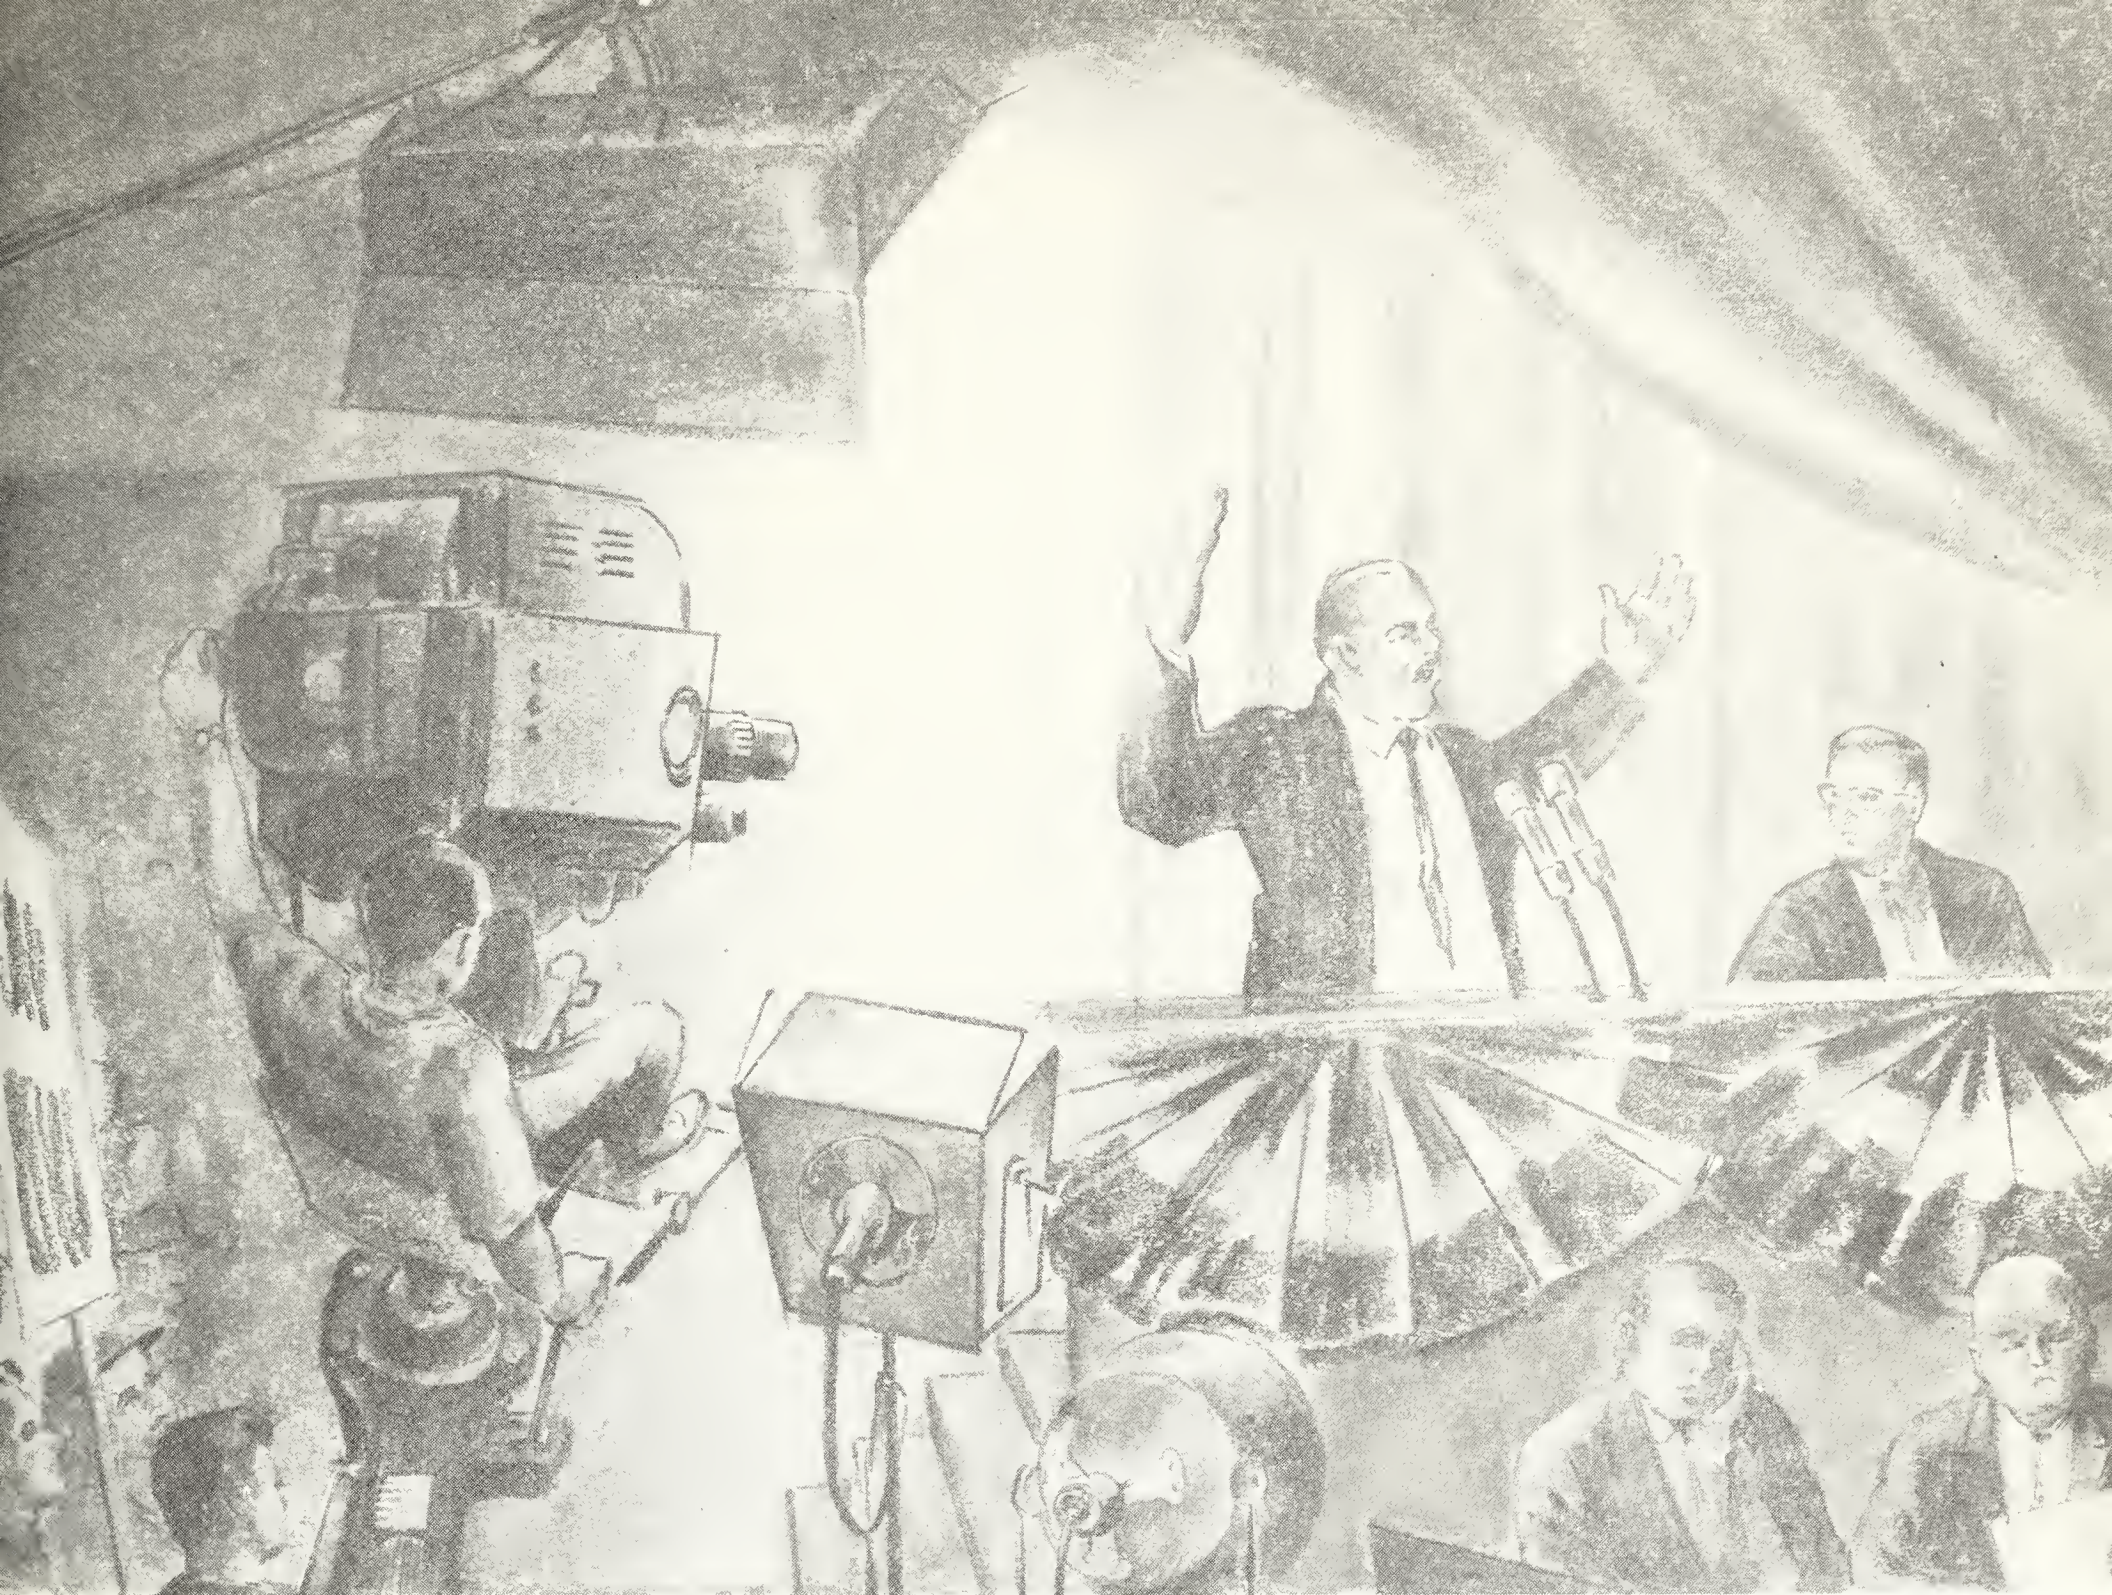

Other opportunities for married students to live in Manhattan are provided by the University Housing office. A card file of off-campus listings and a trailer parking lot for privately owned trailers is maintained. North Campus courts, within walking distance of the campus, have sewer, water and electrical connections, concrete walks, private and gravelled off-street parking space, area lights, and washing facilities for the dwellers.

Sports, Social Events, Open Houses

Characterize University Life

Students today have educational opportunities not available to those among the first graduating classes of the college. Not limited solely to classroom experiences, students participate in a variety of outside activities. Seemingly, the most popular of these extracurricular events are the basketball and football games, with pep rallies, band music, and cheers in close association. Queens selected for numerous occasions, displays constructed for departments' and schools' open houses, and performances given by University and famous musicians all contribute to a busy college life.

GOOD SPORTSMANSHIP and the winning try are necessary to win the game promoted Athletic Director H. B. Lee.

LINING UP season tickets for the football and basketball games are Paul DeWeese, Frank Mosier, and Fritz Knorr.

Athletic Council Builds Varsity Baseball Park

K-State athletic programs were governed by the Department of Intercollegiate Athletics and by the 12 member Athletic Council. Council membership was made up of students and alumni as well as faculty. Chairman of the council was M. A. Durland.

The man responsible for athletic activities for the past five years was Athletic Director H. B. (Bebe) Lee. Assisting Lee as athletic director was Fritz Knorr. Sports publicity was in the hands of Paul

DeWeese, who was a familiar sight at all sport events. Part of his endless task was to compile and make available to news media, information about all men participating in varsity athletics. Ticket manager was Frank Mosier who processes over 100,000 ticket requests each year.

As a member of the Big Eight conference, Kansas State competed in 10 varsity sports which include basketball, football, indoor and outdoor track, baseball, golf, tennis, gymnastics, swimming, wrestling, and cross-country track. Although basketball and football attract the largest crowds, the completion this year of a new baseball park should increase the popularity of that national pastime.

K-State Wins Opener, Drops Remaining Nine

Playing under new Coach Doug Weaver, one of the nation's youngest major college mentors, the Wildcats won their opening game against non-league South Dakota State and then dropped nine games in a row. In the Big Eight, K-State lost all seven starts to finish in the cellar for the second year.

Although they defeated South Dakota State, 20-6, in their first start, the Wildcats lost their biggest offensive weapon in the process. Bill Gallagher, a 191-pound junior from Chicago, had a field day against the visiting Jackrabbits until he was injured in the fourth quarter. He threw a crucial block that enabled teammate Jack Richardson to go 38 yards for the Wildcats' first touchdown of the day. He gained 117 yards on 10 tries and then scored a touchdown after recovering a fumble.

Finally, Gallagher, playing defense as well as offense, got to a South Dakota State pass late in the game. Returning the ball up the sideline, Gallagher was bumped out of bounds and suffered a severe shoulder separation. The injury, at the time, didn't look as serious as it was. Gallagher saw no more game action. He was granted a hardship ruling by the conference and will be eligible in 1961.

SNOWED UNDER by a mass of Missouri tacklers is K-State ball carrier Harold Haum (20). Tigers include Bill Tobin

Jayhawks Down Cats, Injuries Hamper Team

The 1960 season was a heart-breaking and injury-ridden one for the Wildcats. At one time during the football campaign, the K-Staters actually saw their number dwindle to less than 30 squad members. Coach Weaver dropped scrimmage sessions early in the season since the small Wildcat squad couldn't afford to risk the injuries that might result from hard practices. Fans needed scorecards from week to week to tell which player was playing in which position. Weaver and his staff were forced to make numerous position changes as the list of the injured changed from game to game. Several K-State team members saw action in as many as five positions.

A HARD TACKLE by Wildcat Dave Laurie (40) applied to a South Dakota State ballcarrier results in a loose ball.

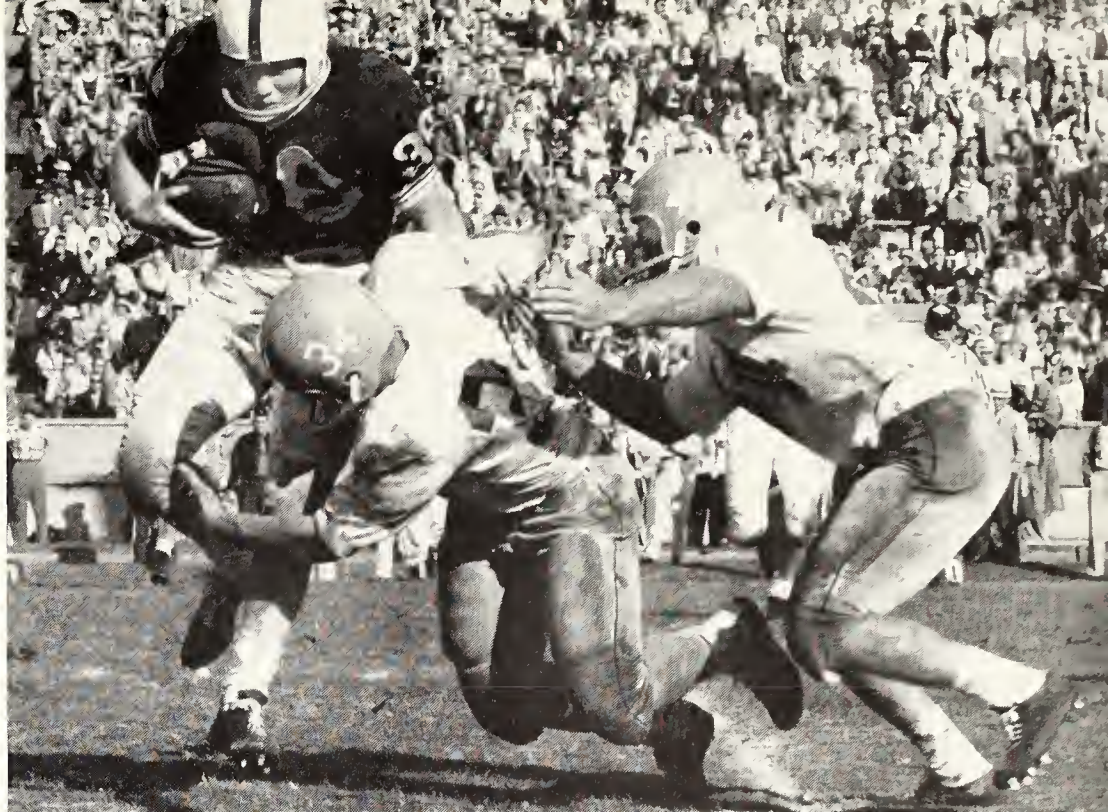

Evans Rates Honors

Dale Evans, senior wingback from Topeka and captain of the ill-fated Wildcat football team, cornered most of the post-season honors accorded to individual members of the squad. Evans played in the North-South and Senior Bowl star games. In addition to these selections, Evans was drafted by the professional St. Louis Cardinals.

Jayhawks Stomp Wildcats

After K-State's encouraging opening victory against South Dakota State, the Wildcats faced Kansas University here in Memorial stadium. The Jayhawkers at the time of this meeting were fresh from an upset decision over favored Texas Christian and were ranked seventh among the United States' grid teams. Jack Mitchell's Jayhawks demonstrated why they were a member of the nation's top 10 by romping to a 41-0 victory before a crowd of 15,000 spectators. The Wildcats held the fort for only six minutes before Bert Coan, later to be the cause of an

Wildcats Bravely Face Best Teams in Country

After its licking by Kansas University, K-State made the long trip to Boulder, Colo., the following weekend. The Wildcats absorbed a 27-7 defeat. Ron Blaylock, a junior from Emporia, called the signals from quarterback and scored the lone touchdown for K-State. He crossed over the goal from the one-yard line after he'd carried the ball nine yards to the Buffaloes' 11. Blaylock also kicked the extra point after the touchdown.

Cornhuskers Dump Wildcats

Next, the Wildcats journeyed to Lincoln for a league game against Nebraska. The K-Staters had a chance for a Big Eight victory but saw their hopes smashed when one of Blaylock's punts was blocked. The Cornhuskers had turned the tide and remained out in front to eventually win, 17-7.

Still without a conference victory, Kansas State returned home to place its head in the jaws of the powerful Missouri Tigers. This game was even worse than the others for the Wildcats as they absorbed a 45-0 shellacking. MU halfbacks Mel West and Donnie Smith were the chief thorns in K-State's

side as the triumphant Tigers swept to one of their nine victories of the season. The Missouri victory total was swelled to 10 later when Missouri was given a victory over Kansas by dint of the NCAA probation, after the Jayhawks had downed the Tigers in the last game of the league season. As a result, Missouri was declared Big Eight conference champion. The Tigers went to the Orange Bowl where they upset Navy.

Wildcats Bow to Sooners

The Wildcats next went to Norman, Okla., to test a theory that was receiving nation-wide attention. Supposedly the Sooners had seen their better days and were faced with many football problems. However, K-State was soundly defeated, 49-7.

Minnesota, ranked first nationally and later to go to the Rose Bowl, met the Cats the following week in a non-league game. The 48-7 defeat the K-Staters received didn't surprise many people.

K-State Loses Homecoming

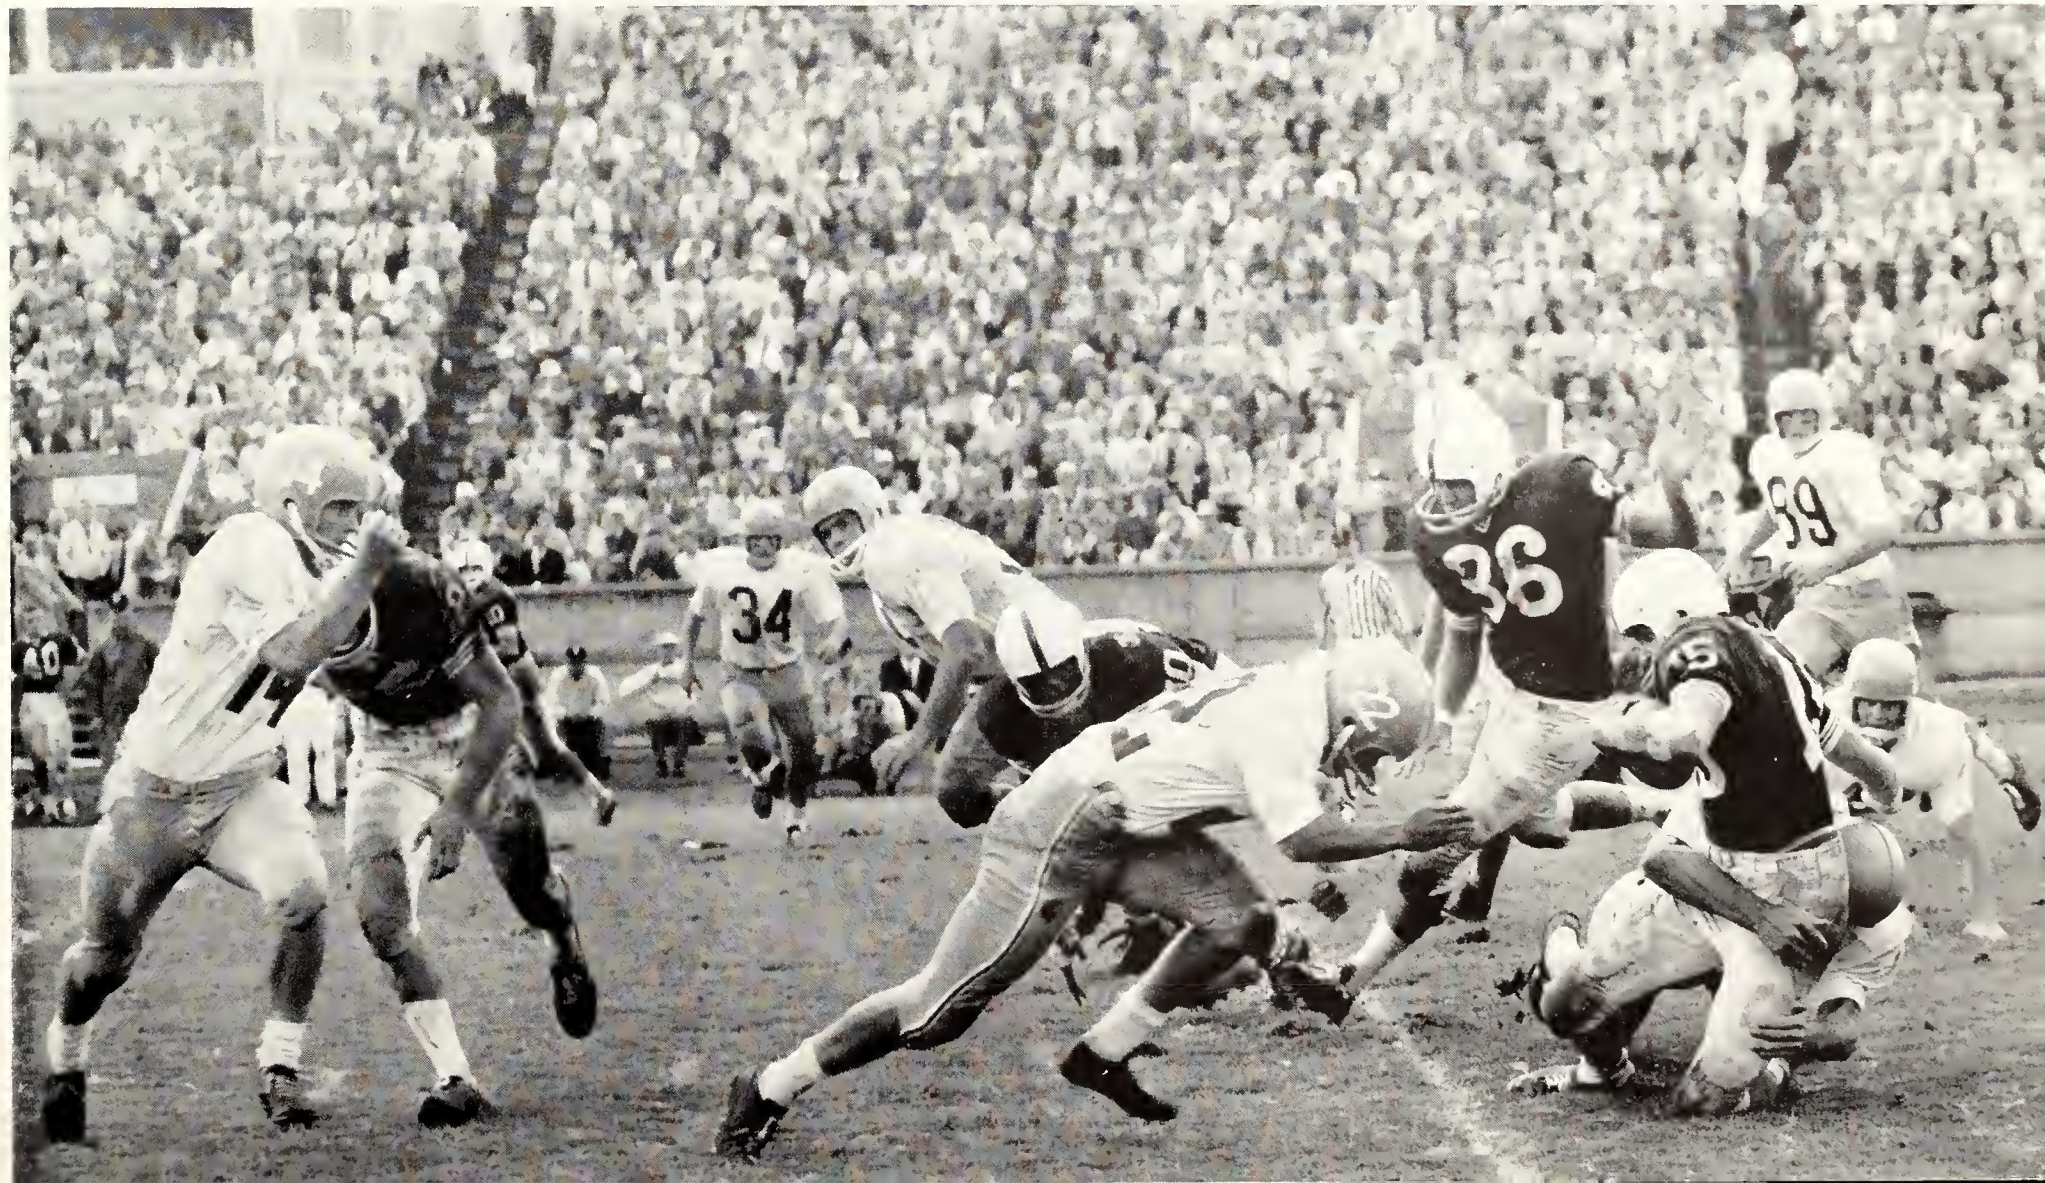

The next Saturday, Kansas State's Homecoming was spoiled by a 28-7 Big Eight loss to Oklahoma State. Six times the Wildcats had good scoring chances, but they managed to cross the goal line only once. Iowa State was Kansas State's last league opponent. The Cyclones staved off the tired, but stubborn, Wildcats for a 20-7 victory. In their last game and last defeat of the season, the 'Cats bowed to Arizona in a 35-16 defeat at Tucson.

Freshman Cats Record Short, Winless Season

K-State's freshman football squad played a short season of two scheduled games in 1960 without producing a victory. In spite of this record, the frosh did raise optimism and hopes for better things to come for varsity football at Kansas State university in the coming years.

The most heartening afternoon of the season for the freshmen came on October 28 when they held a highly regarded Kansas University freshman squad to a scoreless tie. During the game played in Memorial stadium, Ralph McFillen, filling in at quarterback after injuries hit the K-State frosh squad just

Basketball Squad Rates Fourth in National Poll

Kansas State's basketball team finished the season with a fourth place ranking by both wire service polls. In tournament play, K-State lost to the team that went on to win the national crown, Cincinnati, by a mere five-point margin. But the way the game started, few K-Staters could have envisioned the end.

Going into the fourth game of the season, K-State carried an unimpressive 1-2 record following defeats to UCLA and Indiana. Then Coach Tex Winter settled on a lineup and the team got in high gear, winning a string of five games before the pre-season tourney. The most impressive victory of these was over North Carolina, a national power featuring all-Americans selections, Doug Moe and York Larese. With Larry Comley scoring 33 points and the Tar Heel stars eeked by an aggressive defense, the Wildeats won 77-69.

In the Big Eight tournament, K-State made up for its defeats by sweeping aside Oklahoma State, Oklahoma, and Kansas for the title.

"HERE'S WHAT we'll do, men," says Coach Fred (Tex) Winter as Wildeats take time out during the late stages

of the KU game at Lawrence. K-State lost, but whipped KU when pressure was on to win the championship.

Wildcats Win Fourth Consecutive League Title

In Big Eight play, Kansas State stood 12-2 when the season ended. The Wildcats won the championship for the fourth consecutive season and won it decisively by two full games. For Coach Fred (Tex) Winter, it was the fifth conference title in his eight years at the helm. Winter was named "Coach of the Year" for 1961 in the conference. His K-State record is 139 games won, 58 lost.

The spark for this year's club came from the only senior on the squad, Cedric Price. He played center, giving away height to nearly every opponent as he stood just 6-5. Going into the NCAA tournament,

Price had averaged 17.4 scoring and 10.1 rebounding. This year is the first time he has passed up football for basketball.

Shading Price for scoring honors during the regular season was junior forward Larry Comley from Kansas City. Comley shot 18.4 per game, and got an average of 11.8 rebounds per contest. Price and Comley were the only Wildcats to average in double figures for the entire season. Larry Comley was named all-conference by Associated Press and also to the all-tournament team at the NCAA Midwest Regional by writers and broadcasters present.

As Comley and Price provided the winning impetus, the 11 other underclassmen provided a rounded punch. The victory K-State achieved over Houston in the first round of the NCAA Regionals was typical of those won by the Wildcats throughout the long season.

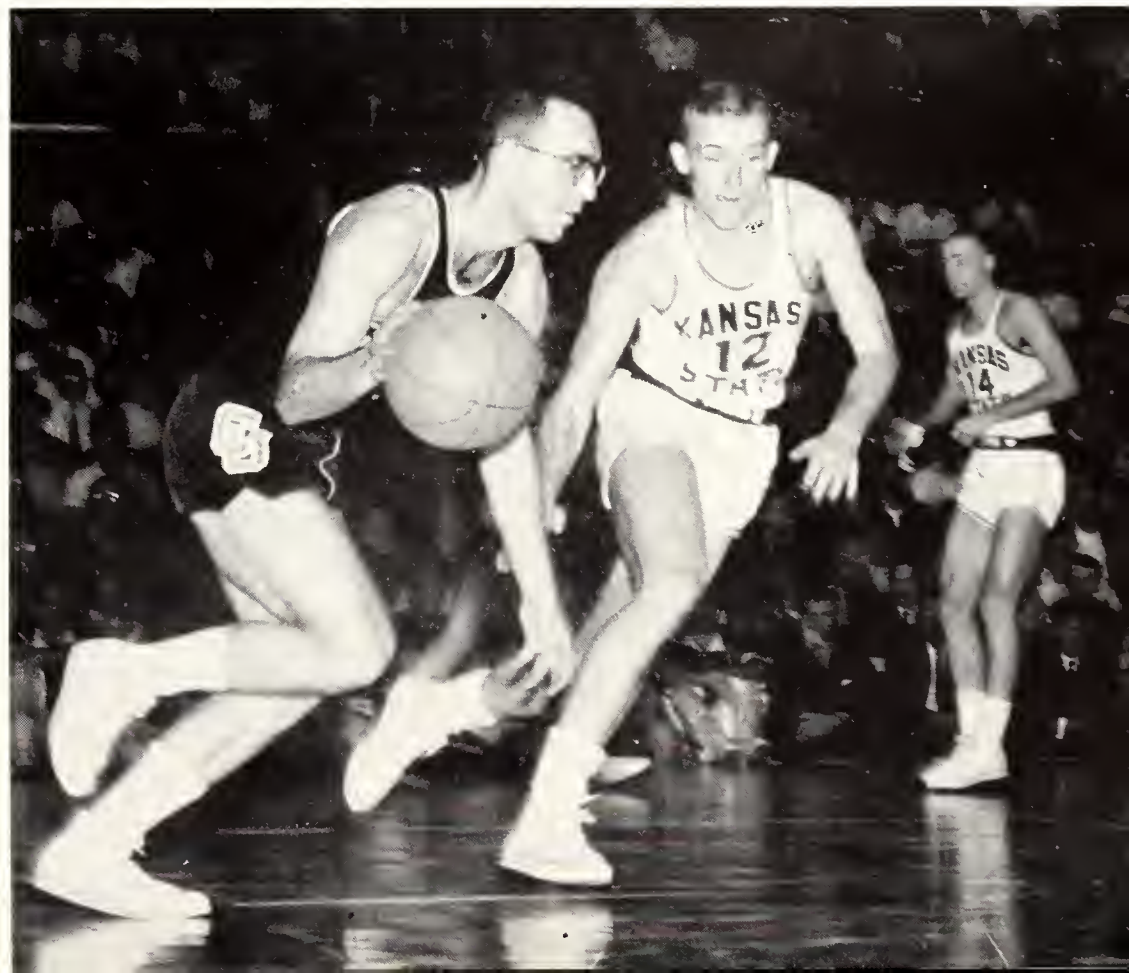

Against Houston, Winter employed no less than 13 men and most every one contributed at least one key play. "Our depth was probably the biggest single factor in our success," Winter summed up at the season's end. "If we hadn't had Cedric, though, it wouldn't have been the great season that it was."

Winter and his Wildcats made close games their particular specialty during the league season. They won three of four games decided by two points or less. All came at the crucial stage of the conference agenda, when Kansas was matching Kansas State stride for stride down the conference stretch.

Cats Open Conference Against Tourney Teams

The Wildcats, oddly enough, opened their Big Eight slate against the same three teams they faced in the pre-season tournament. They defeated Oklahoma State 69-58 at Stillwater, then they subdued Oklahoma, 69-57. Kansas was third up, and posed a stumbling block, when the Jays won 75-66 to avenge their tourney defeat. Big man was Bill Bridges, scoring 24, with 15 rebounds. Price had 28 points for the Cats as he shot from all areas of the floor.

Cats Defeat Oklahoma State on Own Court

Faced with the prospect of trailing Kansas for a long while in the league race, the Wildcats bounced back to pin a squeaky 45-43 defeat on Oklahoma State—in front of a home crowd. Rich Ewy came through with 12 points and Comley with 13 in the low-scoring game.

Then followed the first of two bell-ringers played against Iowa State. At Ames, the Wildcats won 72-70 when Peithman dropped in a jump shot in the final seconds. Next came a return game with Okla-

K-State Rallies in Iowa State Game

The Iowa State game was probably the most exciting of the season for the home folks. Trailing by seven points with less than two minutes to play, the Wildcats again got a needed lift from Peithman. With many of the fans on their way out of Ahearn fieldhouse, K-State stormed over Iowa State to an almost unbelievable 66-65 conquest. Next came another one-point thriller, which the Wildcat team dropped to Colorado university 81-80.

Wildcats Down Missouri on Consecutive Saturdays

The schedule then pitted K-State against Missouri on two concurrent Saturdays, and the Wildcats whipped the Big Eight's most prolific offensive team, winning 99-70 and 91-71. The next victory over KU cinched the title for K-State. Victories over Nebraska and Colorado concluded the regular season for the Wildcats, and assured them of a berth in the NCAA Regional tournament.

NOT VISIBLE, but the object of fierce contention, is the basketball during the Missouri game. K-State won 91-71.

Freshman Squad Wins Two of Four Decisions

The freshman team, despite much hard luck, managed to win two of their four games. At the beginning of the season, 18 members composed the team; however, due to academic problems, only four remained eligible. Only four games were scheduled in freshman play. The greatest feat of the season was winning over Parsons Junior College 59-45. This was deemed a great upset, because Parsons was rated tops in national Junior colleges last year.

The squad split honors with KU frosh, winning one and losing one. Playing on the home field, the freshman Cats were defeated 81-69, while at Allen fieldhouse in Lawrence, they subdued the Jayhawks in a 67-55 decision. The Nebraska freshman squad defeated the Wildcat freshmen, 65-56.

Coaching the freshmen was Ernie Barrett. He is a former K-State all-American athlete and spent much time preparing the freshmen for future varsity play. In the pre-season game, the varsity team defeated the freshmen 104-47. Larry Comley hit 10 of 15 field goals to lead the varsity squad's scoring.

"TAKE THAT," seems to say K-State forward Dave Nelson (24) as he fouls KU's Jerry Gardner while the latter tries

for a lay-up shot. Wayne Hightower (56) from KU fights for a rebound position. The Wildcats won 81-63.

Wildcats Whip Houston, Bow before Cincinnati

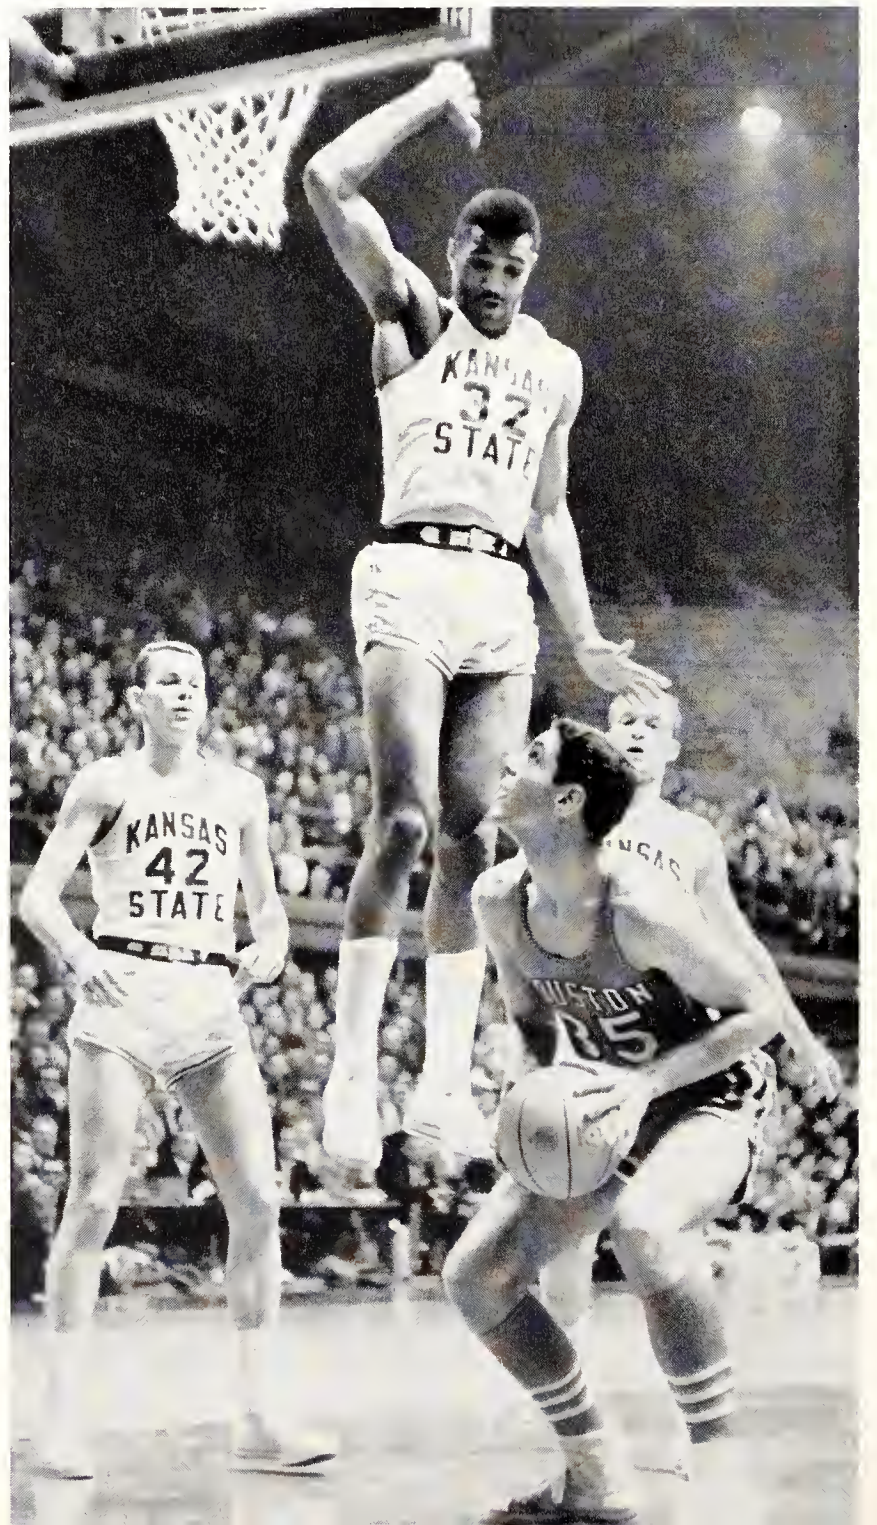

Kansas State's basketball team, after winning the Big Eight championship by two full games, set out for the Midwest NCAA Regionals at Lawrence. The field was made up of the Wildcats, Missouri Valley conference champion Cincinnati, the Southwest conference champion Texas Tech, and at-large entry, Houston. As expected, Kansas State and Cincinnati advanced to the finals.

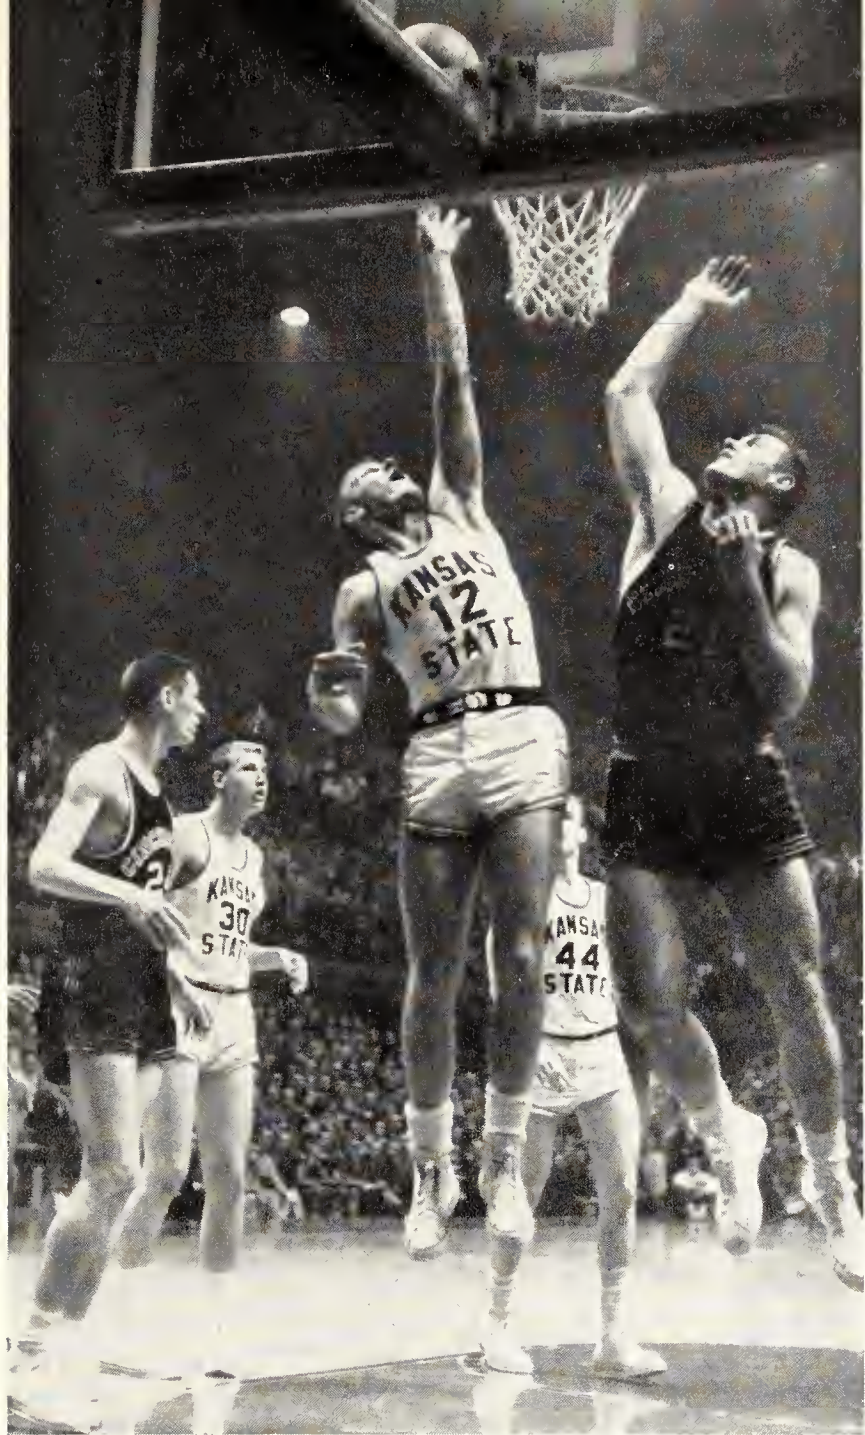

The Wildcats advanced by whipping Houston 75-64 in the opening night's game after Ciney had topped Texas Tech 78-55. K-State was hard-pressed to down a Cougar five that featured Gary Phillips, called by many, "the best guard in the country." But the Wildcat bench, a strong point in the team's success throughout the season, responded against Houston. Leading scorer for the evening was Phillips with 22 points. High point winner for the Wildcats was Larry Comley with 18; Cedric Price followed with a total of 12.

Cincinnati and K-State Play for Championship

Thus, the Ciney-Kansas State match was set. Coming together were the nation's number two and four teams, as rated by final wire service polls. The 11,000 fans who only partially filled Allen fieldhouse expected a battle royal. They were not, by a great deal, disappointed. Kansas State jumped into early leads with the outside shooting of guards Rich Ewy and Al Peithman. Ciney stayed under wraps the

first 10 minutes of the game, moving the ball almost leisurely in anticipation of the percentage shot.

Wildcats Assume Early Lead

The Wildcats led 6-1 in the opening minutes when Peithman scored with a running jump shot on a break pattern. Kansas State ran its lead to eight points at 27-19 midway through the first half, and at that point missed a chance to salt the game away. Three times in succession, the Wildcats failed to get a shot before losing possession of the ball, and Cincy gained an advantage. The score was narrowed to 27-23 with 4:47 to go in the half when Cincy's huge Paul Hogue scored his first field goal.

Halftime Score Tied at 33-33

By halftime, the score had tightened to a 33-33 knot as Cincy's Bob Wiesenbahn turned on the pressure to score. The Wildcats quickly took the lead early in the second half, running the score to 38-33 when Cedric Price hit two field goals, and a free toss. Kansas State led by seven points at 44-37 with 14:30 remaining, and there the tide turned. The

Wildcats saw Cincy apply a vicious all-court press that took its toll in hurried shots and passes by K-State. The Cincinnati Bearcats whacked the lead and tied the score at 48-48.

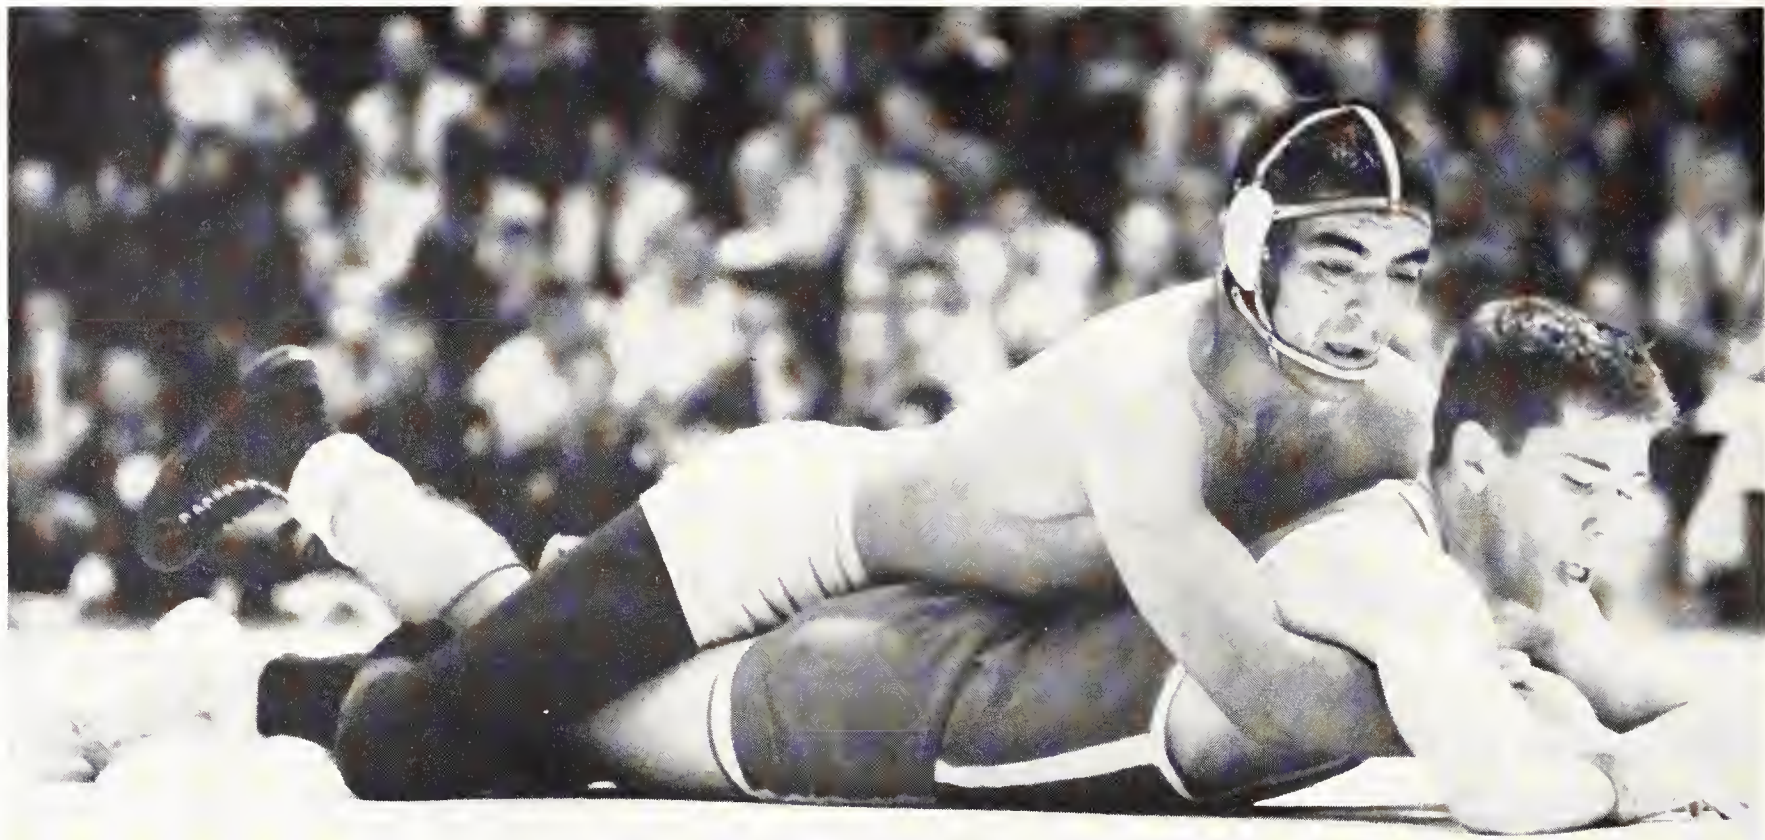

Final Score Favors Cincinnati

The score was 69-64 in favor of Cincinnati when the final gun sounded. The Bearcats went on to win the national championship, defeating Utah and the defending champion Ohio State. The margin of victory over the previously-unbeaten Buckeyes was five points, the same spread as the K-State game.

Larry Comley, who scored 16 points against the Bearcats was named to the all-tournament team at Lawrence as picked by press and radio. With both Cincy and K-State returning most players, the 1962 tournament may be a replay.

Wrestlers Compile Eight Wins, Three Losses

Compiling an 8-3 record for dual meets, K-State's wrestling team defeated some nationally-ranked teams but lost to top conference teams. The eight victories came in succession as the season opened, with the three losses closing out the regular schedule.

In the Big Eight's post-season tournament, Kansas State came in fourth as six schools entered teams at Norman. High individual finishers were Gus Garcia, third at 130 pounds; Larry Word, third at 137

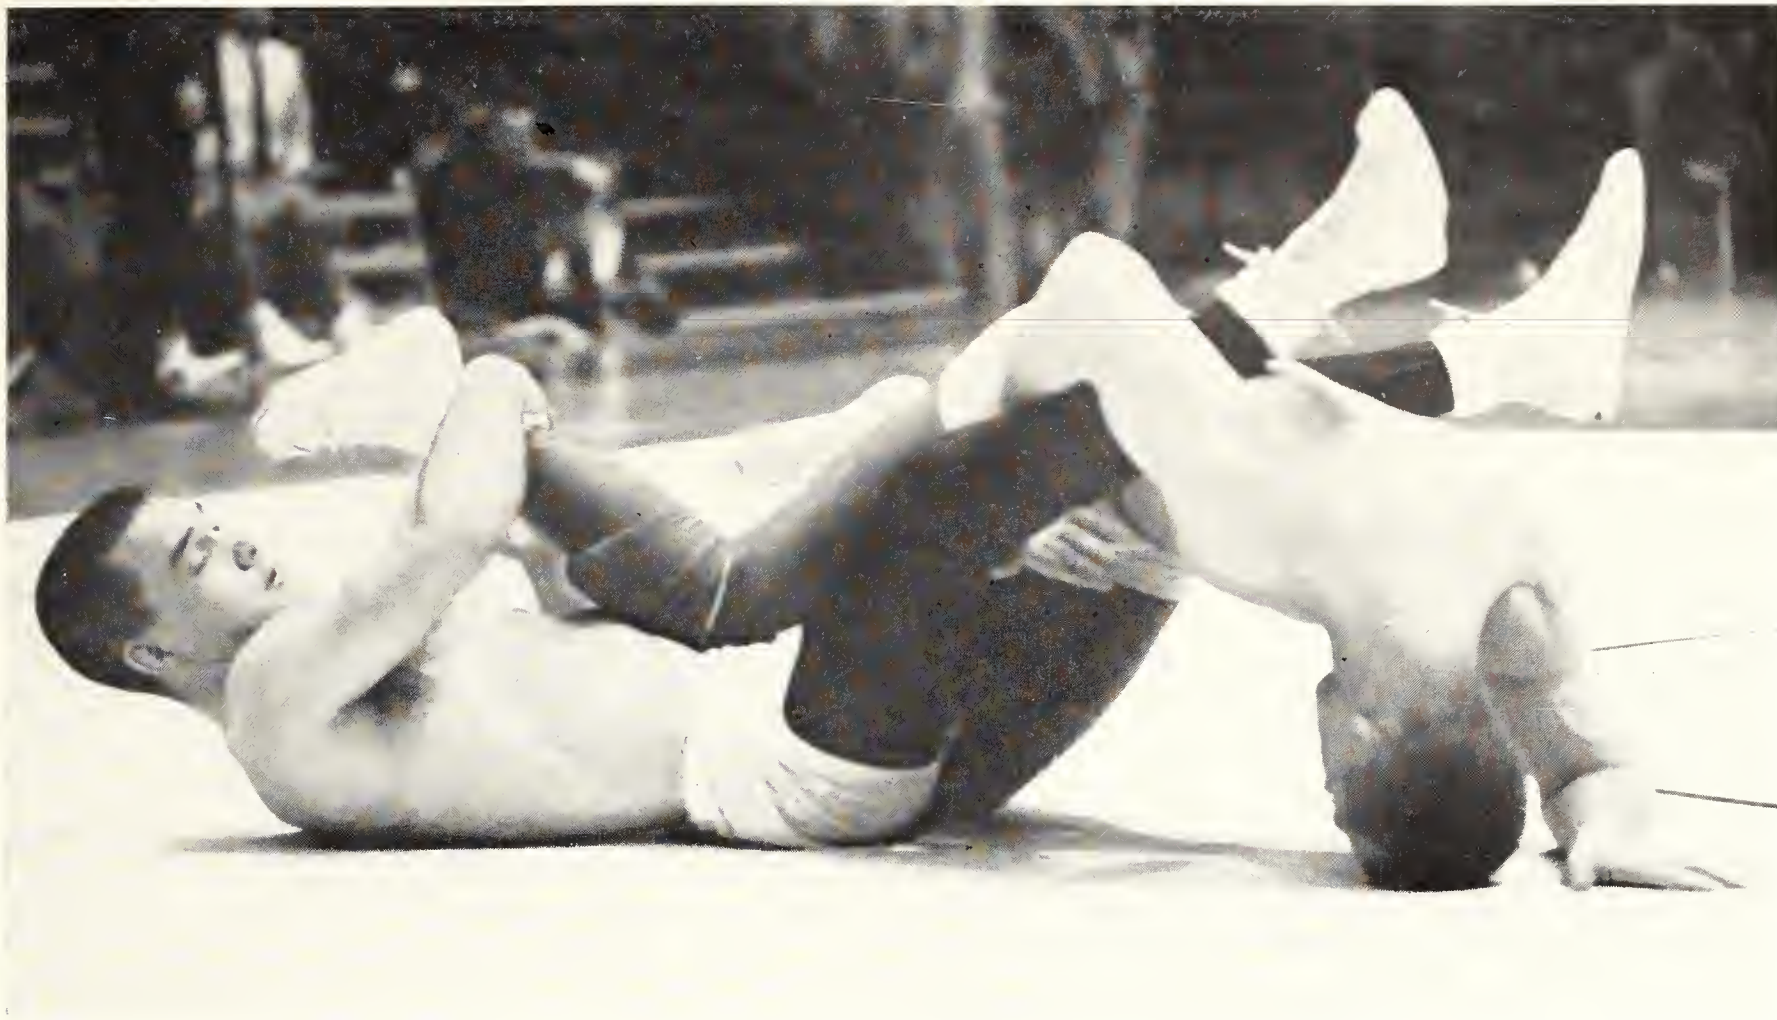

pounds; Joe Seay, third at 147 pounds; and Wayne Stanley, who also was third, at 157 pounds.

The Wildcats drew good crowds in concluding their schedule for the regular season at home. The fans saw them lose to Oklahoma State, the team which went on to capture the national championship and to Oklahoma, which won the national crown two years ago. Iowa State, another Ahearn visitor, was a third nationally-ranked club.

Paced by seniors Craig McNeal and Dave Hinderliter, the Wildcats attended the Big Eight meet at Oklahoma university. Hinderliter set marks in the 50-yard free style, the 100-yard free-style, and the 220-yard free-style. He led the Wildcat scoring with 9½ points. McNeal broke the record for the 50-yard free style also. Sophomore Fred Peterson set two breast stroke

Varsity Gymnasts Win Southwest AAU Meet

With the largest and highest scoring team in the history of the school, the gymnastic squad posted a 5-2 record in dual competition this year. The Wildcats gained their five victories in the first five meets scoring dual victories over Kansas university and Fort Hays State, along with a single victory in the fourth meet over Southwestern Oklahoma State.

The climax of the season was the first place victory over 15 other teams in the Southwest AAU meet in Dallas. Ten men from the Wildcat squad competed at the meet and every man contributed to the scoring. Three men, Bob Rector, Mike Dziura, and Clayton DePue, won gold medals. Other medalists were Don Krasko, Dave Spence, Dave Cudney, and Eldon Pickinpaugh.

Other meet competition for the gymnastic team included a fifth place finish in the All-college meet held at Lincoln, Nebraska, with two of the top men on the injured list. Two Wildcats, Rector and Krasko, participated in the NCAA tournament which was held on the Illinois university campus.

Rector, a senior and co-captain, was the leading scorer on this year's team. Leading the team scoring in most meets, Rector compiled over 140 points during the regular season to record an all-time individual scoring record for any Kansas State gymnast.

Cross Country Squad Places Fifth in League

Winning two meets and finishing second twice in the four season meets, the Wildcat cross-country squad, composed mainly of sophomores and juniors, gave promise of finishing higher in the conference next year. In the season's opener for both schools, K-State downed Nebraska 21-36 at Lincoln, low score winning. Larry Wagner won first with a 15:39 clocking over the rugged three-mile course.

In a triangular with Missouri and Colorado here, the Wildcats were second. Wagner placed third to again pace the Cats. K-State then finished second to Oklahoma but ahead of Wichita in a triangular at Norman. Pat McNeal led the Wildcats by taking fifth. K-State defeated Wichita and Drake in a triangular at Wichita, as McNeal ran second, Wagner third, and Gene Mater fourth. At the Big Eight meet, the Cats ranked fifth.

Rex Stucker Ties World High Hurdle Record

Kansas State indoor trackmen sandwiched six meets before and after the Big Eight event in 1961. In the conference competition, the Wildcats finished sixth, as Kansas university recaptured the crown it had let escape to the Oklahoma Sooners for a scant year. KU almost doubled the point total of the second-place finishers from Oklahoma university.

Standing out at Kansas City as he did at the other six meets, was Wildcat senior hurdler, Rex Stucker.

Stucker tied the world record for the 60-yard low hurdles indoors, traversing the barriers in 6.7 seconds. Stucker also won the high hurdles to be a double victor. He nearly became the rare triple winner, but was edged in the 60-yard dash by the narrow margin of two feet. Other highlights in Stucker's and K-State's indoor season came when Stucker tied the fieldhouse record for low hurdles and broke the record in the highs.

Wildcat Thinclads Win All Three Dual Meets

An injury-ridden K-State track team earned a perfect record of 3-0 in dual competition and gained sixth place in the Big Eight meet at Ames, Iowa. The Wildcats downed Iowa State, Nebraska, and Missouri in the season's three dual meets.

Although lacking depth, the thin-clads boasted several outstanding performers. Rex Stucker, junior hurdler; Al Hamilton, junior javelin thrower; Jerry Hess, senior pole vaulter; and Duane Holman, captain and senior distance man, paced the Wildcats. Another point-getter was the distance medley relay team composed of Larry Wagner, Bob Groszek, Bob Baker, and Holman.

Cats Set Relays Record

K-State opened its season by placing in four events in the Oklahoma State relays at Stillwater. The Wildcat distance medley team set a new relays' record with a clocking of 10:10.8, breaking the old record of 10:23.5 set by Oklahoma State in 1957. Stucker tied for first in the 300 meter intermediate hurdles and took second in the 120-yard high hurdles. A throw of 211-8 gave Lowell Renz second in the javelin throw competition.

STRAINING to reach the tape first, Bob Baker captures the 220-yard dash in a dual track meet with Iowa State.

A week later, the Wildcats sent an 11-man delegation to the Texas Relays in Austin. Stucker won a third place in the 120-yard highs for the Cats. Lowell Renz trapped sixth spot in the javelin throw with a heave of 208 feet, 10 inches. The distance medley team also nailed a sixth-place rating.

Squad Shines in Louisiana

In the third meet of the year, Coach Ward Haylett sent a 14-man squad to the Southwest Louisiana relays at Lafayette. The Cats looked well in the meet, gaining two firsts and several other places.

The two-mile relay team of Glen Nelson, Holman, Wagner, and Groszek grabbed a first-place spot with a blistering 7:46.9 time. Stucker continued his point gathering by placing third in the highs and knocking down a first in the open 400-meter hurdles. He bettered the record by three-tenths of a second.

Also placing were the distance relay team; the sprint medley team; Hamilton and Renz, javelin; Hess, pole vault, and Steve French, high jump.

K-Staters Place at KU

K-State faced tough competition in the Kansas university relays at Lawrence, but snared one gold medal as Stucker finished first in the 120-yard hurdles. He placed third in the 400-meter hurdles. Hess set a new K-State outdoor record in the pole vault with a 14-foot effort, for a fourth place tie.

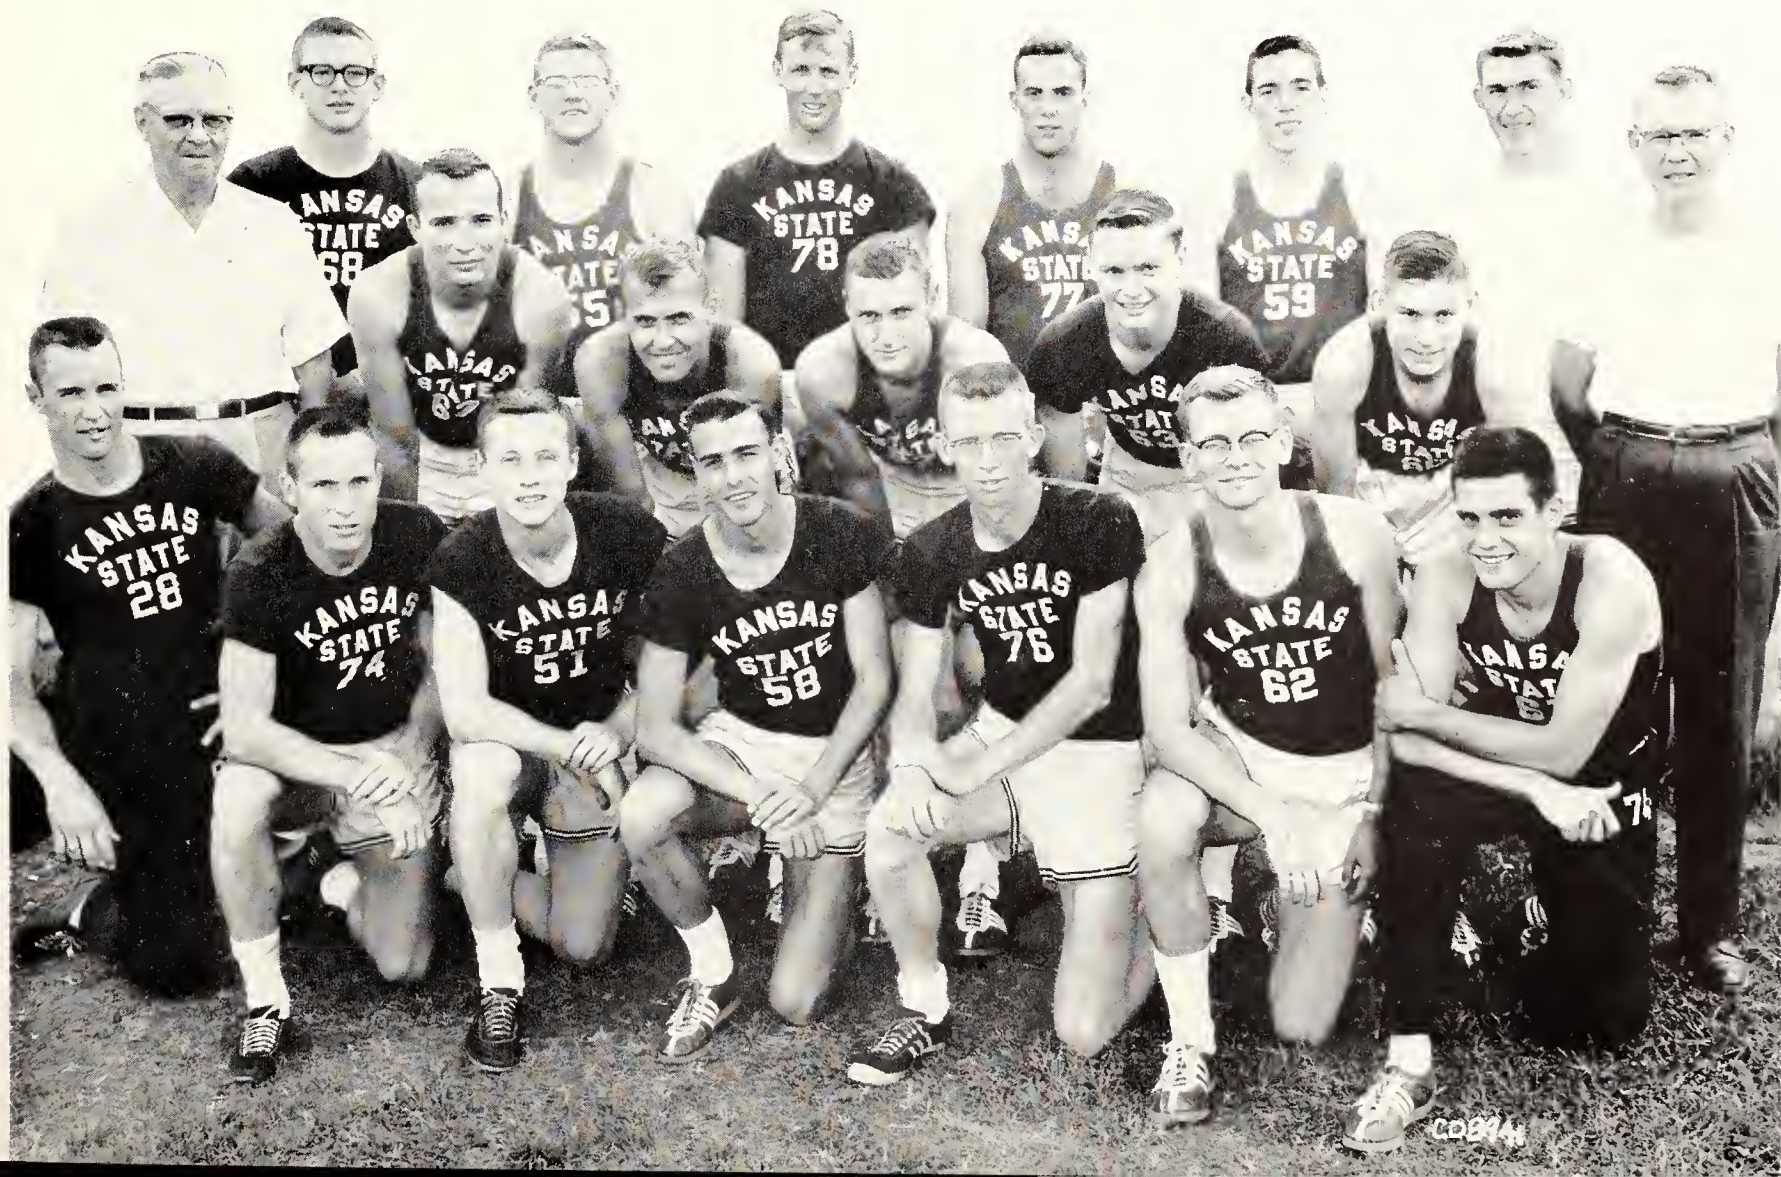

During the last week in April, the Cats split their forces for the Colorado and Drake relays. At Boul-

CED PRICE grimaces as he struggles to get every inch of milcage out of the shot in a dual meet against Missouri.

MATCHING STRIDES over the high hurdles, Rex Stucker, Billy Rich, and Jerry Hooker compete against Iowa State

in a dual track meet in Manhattan. The three K-Staters raced to first, second, and third places, in that order.

BOB GROSZEK and Larry Wagner stretch out to tie a meet record of 1:55.3 in the 880-yard dash against Missouri.

der, the two-mile relay team of Nelson, Holman, Wagner, and Groszek nabbed a first. The distance medley and the mile relay teams each picked up a third to round out the team scoring. In individual competition, Dave Chelesnik tossed the discus for a second-place rating, while Hess shared second-place honors in the pole vault.

At Drake, the Wildcats ran into difficulty, picking up only one first. The 480-yard shuttle hurdle relay team won with a 58.8 time. Stucker and Hamilton also picked up points for the Wildcats.

Cats Stomp Iowa State

In its first dual meet of the season, the Cats trounced Iowa State 103-30, winning 14 out of 16 events. Hess and Hamilton bettered their records in the pole vault and the javelin. Giving another record breaking performance was the 440-yard relay team of Stucker, Billy Rich, Kent Adams, and Baker.

The Wildcats made it two straight victories in dual competition the following week as they downed Nebraska 93½-42½ in K-State's Memorial stadium. The Cats took 11 of 16 events.

The Cats swept the low hurdles, 220-, and 100-yard dashes. Max Falk won the hurdles, followed by Paul Bowles and Jerry Hooker. Baker and Adams finished behind Stucker in the 100, and Stucker and Adams placed behind Baker in the 220.

Sonny Ballard took the broad jump with a leap of 24 feet and finished second to French in the high jump. Other outstanding performances were turned in by Hamilton, Groszek, and Hess.

Five New Records Set

In their third dual meet, the Wildcats edged Missouri 77-59, while setting five new meet records. New records were established by Holman in the mile, French and Cedric Price in the high jump, Renz in the javelin competition, Groszek in a tie in the 880-yard run, and the mile relay team.

Wildcat standout-hurdler Stucker was named most outstanding performer at the conference meet at Ames, Iowa, although the K-State team managed to gain only a sixth in league competition. Oklahoma State grabbed the meet honors with 73½ points compared to the Wildcat's 37¼. Placing in seven events, the Wildcats were able to nab only two firsts. These were both won by Stucker in the high and low hurdle competitions.

Hamilton placed fifth in the javelin, with Renz winning sixth. Baker won sixth in the 440-yard dash. Groszek finished fourth in the 880-yard run, while the mile relay team copped a sixth-place finish to round out the Wildcat scoring at the meet.

CLEARING the bar smoothly, Jerry Hess shows a great amount of skill in his track specialty, the pole vault.

PAUL BOWLES leads the pack, but he finished third in the 440-yard dash in a dual meet with Iowa State. Bob Groszek, who finished first, and Glen Nelson follow.

Kansas won the Big Eight meet. They were followed by Oklahoma State, Oklahoma, Missouri, Colorado, Kansas State, Nebraska, and Iowa State.

LOOKING FOR a base hit, Catcher Terry Knowles takes his cut against Oklahoma State pitching. The last-place

Cats dropped three straight games to the Cowboys in an early 1960 season series by scores of 8-1, 9-2, and 11-2.

TALKING things over, Catcher Terry Knowles, Pitcher Dick Heiman, Coach Ray Wauthier confer on the hill.

Cats Score Five Victories In Baseball Competition

While Kansas State's 1960 baseball squad was last in the Big Eight race and finished with a 5-18 season mark, there were bright spots in the Wildcat camp. The five victories represented the most K-State wins during a season in three years, and the young Wildcats showed a marked improvement over the previous two seasons. Coach Ray Wauthier could well entertain hopes for a continued improvement in 1961.

John Solmos and Tom Dunn, a pair of juniors, led the Wildcat attack through the season. Solmos, the regular Cat center fielder, was the team leader in runs with 22, runs batted in with 21, and home runs with 5. He batted .308. Dunn, who played left field and third base, led the team with a .348 average. He clubbed two home runs, stole four bases, and was second in runs batted in with 17.

Two sophomores and a senior led the Wildcat pitching staff. Wayne Thummel led the team with

two victories. Dick Heiman hurled 44½ innings, and Al Schierling, the senior, hurled 41 innings. Both had 1-5 records for the season.

The Wildcats opened 1960 play with a six-game Southern road trip and stepped off on the right foot by winning 8-2, over Memphis State. Dick Skelton started on the mound and was the winning pitcher, though he needed relief from Heiman and Schierling. Dunn led the Wildcats at bat with three runs batted in. On the following day, K-State came out on the short end of a 23-5 score, losing to Memphis State.

Kansas State Bounces Arkansas State, 7-4

However, K-State bounced back in its next contest to whip Arkansas State, 7-4. The Wildcats exploded with three runs in the seventh and two in the eighth to overcome a 3-2 Arkansas State lead. Joe Vader whacked three hits to lead the KSU attack, while Heiman pitched all the way, and gave up only six hits. Arkansas State took the second game of the series, 19-11, despite a home run, triple, and four runs batted in by Solmos. The Cats closed out their road trip by losing two games to Murray State. The Kentucky school took the first game with a 7-0 score, and the second, 6-5.

At home, K-State faced a rugged Big Eight conference schedule. Nebraska opened the home season by sweeping a three-game weekend series. The

SPRAWLING in the dust, Kansas State catcher Terry Knowles and an Oklahoma State baserunner wait for the

umpire's decision on a close play at home plate. The Cowboys won three games from K-State at Griffith field.

TOP SLUGGER for the Wildcats was junior centerfielder John Solmos who clouted five home runs and hit .308.

Huskers took a double header, 6-1 and 5-4, and won the final game of the series, 14-8. A six-run, eighth-inning rally was not enough to pull K-State to a victory in the final game. Solmos sparked the rally with a bases-loaded home run.

The Wildcats continued to lose to Big Eight teams as they entertained Oklahoma State. The Cowboys won both ends of a Friday double header, 8-1 and 9-2, and took an 11-2 victory in the Saturday contest.

Cats Drop Weekend Series to Colorado

Colorado, the next conference opponent, took advantage of its home field and some lusty hitting to sweep three games from K-State. The Buffs took a Friday double header, then won a single game on Saturday. K-State led CU, 7-4, after six innings in the first game only to lose, 8-7. Al Thaemert cracked a homer to lead the Cat attack. In the second game, Knowles and Dunn hit triples in an 11-7 losing cause. CU came from behind in the last inning Saturday for two runs and a 12-11 decision in a see-saw game. Knowles and Gary Kaufman both hit home runs for the Kansas State Wildcats.

On the following weekend, the Wildcats took on Iowa State at Ames. Pitcher Heiman allowed only

one Cyclone hit, but Iowa State won the first game, 3-0. Heiman walked six and allowed one earned run. In the second game, the Wildcats splurged for five runs in the first inning, and held on for a 6-5 victory, their first in the conference race. Schierling pitched the win, giving up only four hits and striking out six. The third game was rained out.

Thummel opened the final home series of the year by pitching the Wildcats to a 3-2 triumph over Oklahoma. Solmos scored two K-State runs, one on a home run, while Dunn batted in two teammates. Oklahoma took the second game of the series, 16-7, despite a three-run homer by Solmos, and a solo blast by Dunn. The Sooners won the final game, 6-5, overcoming a 5-4 K-State lead.

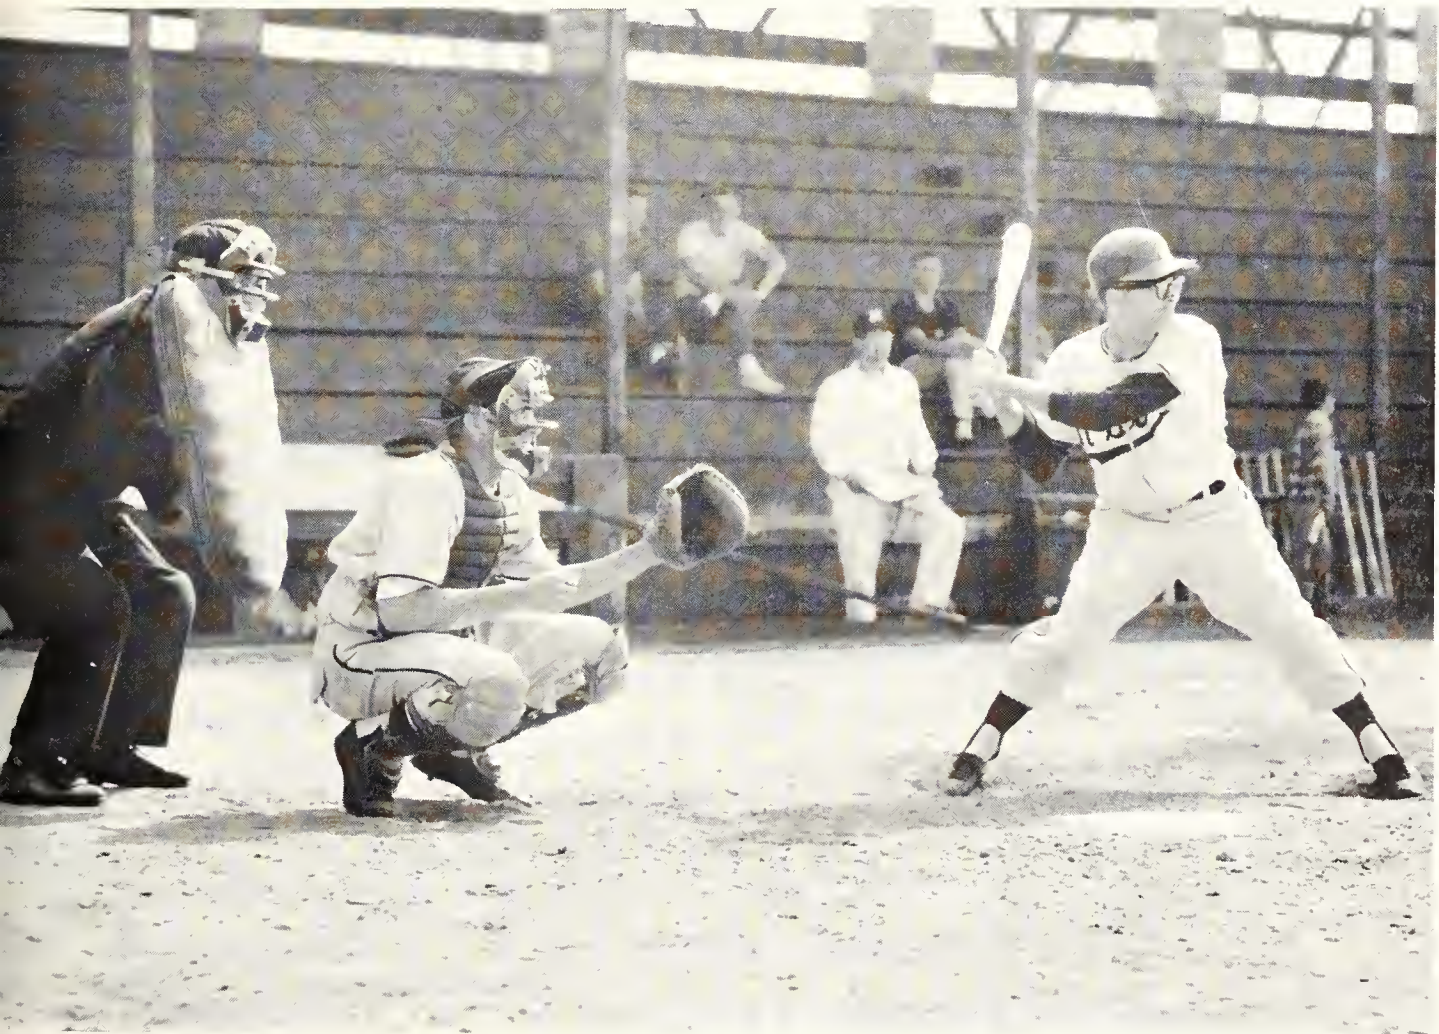

Cats Take One of Three from KU

The Wildcats traveled to Lawrence for the final series of the season with Kansas. In the first game, KU was forced into an extra inning to win, 2-1. Heiman struck out six and gave up six hits. Dunn collected three hits, including a home run and a double, and batted in four runs to lead his teammates to a 9-2 win in the second game. Thummel went the distance on the mound for the Wildcats, yielding seven hits. In the third game of the series, K-State dropped a close contest, 5-4. KU broke a 4-4 tie with a run in the fifth inning for the victory.

SENIOR HURLER Al Schierling was a mainstay of the K-State pitching staff. His record was 1-5 for the year.

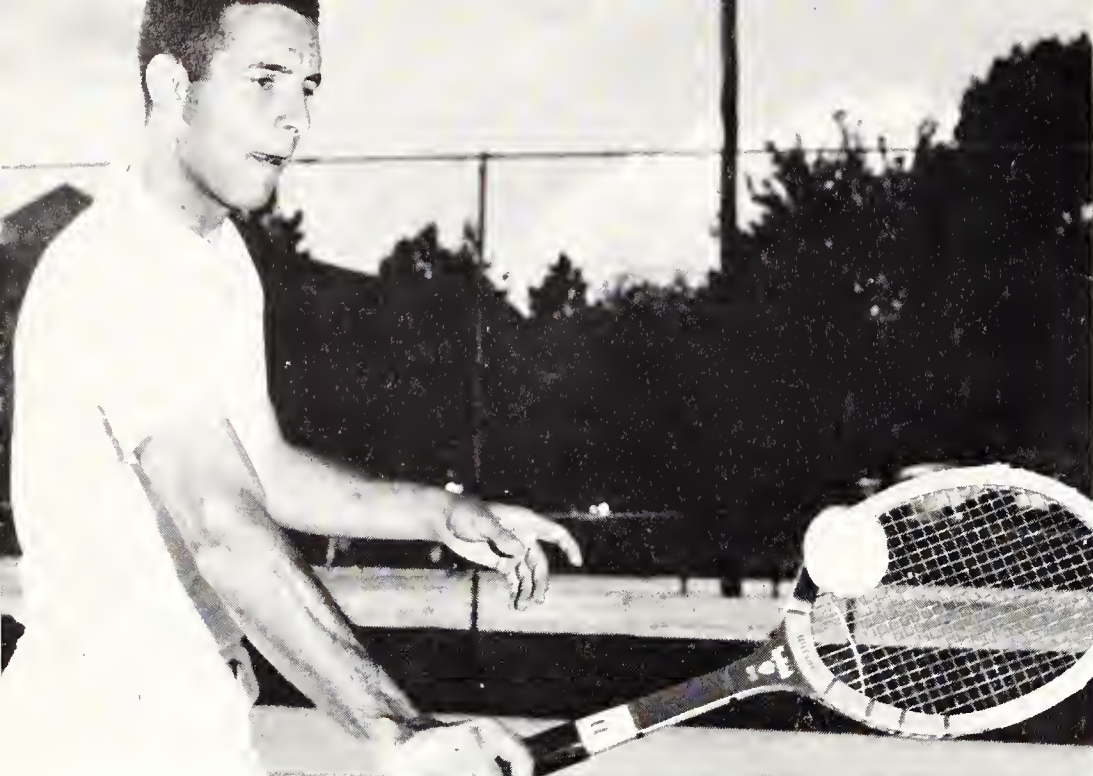

STRIDING into the pitch, Kansas State's Al Thiemert, a letterman senior shortstop, braces himself to meet the offering of a member of the strong Oklahoma State hill brigade.

LEE ATKINS and Bob Dittoe, mainstays of the Wildcat tennis team last year, work together in this match.

Victories, Losses Equal As Netmen Break Even

The 1960 season marked the thirteenth straight year that Kansas State's tennis team has won at least as many matches as it has lost. However, the Wildcats did not show an improvement during that time, playing at a .500 clip in 1960 with seven wins and seven losses. Under the guidance of Coach Karl Finney, the team added a sixth place at the conference meet to the dual-meet record.

Steve Poort led the Wildcats, individually, through the dual season with nine victories and five losses. However, Ed Frankel, playing as the team's number one or two man, posted an 8-6 record. John Bird, who shared the leading spots with Frankel, compiled a 7-7 mark. Bob Dittoe added an 8-5 total for the season, while Lee Atkins was 7-7.

The Cat dual record included shut-out wins over Southwestern of Winfield, Missouri, and Nebraska. The K-State tennis team achieved its longest winning streak of the season with three straight victories over Southwestern, Omaha, and Emporia.

In the Big Eight meet at Iowa State university, Dittoe accounted for one of K-State's two points by winning in the opening round of the number five singles. Bird and Frankel teamed up for the other Wildcat tournament point with a first-round win over Nebraska in the number one doubles.

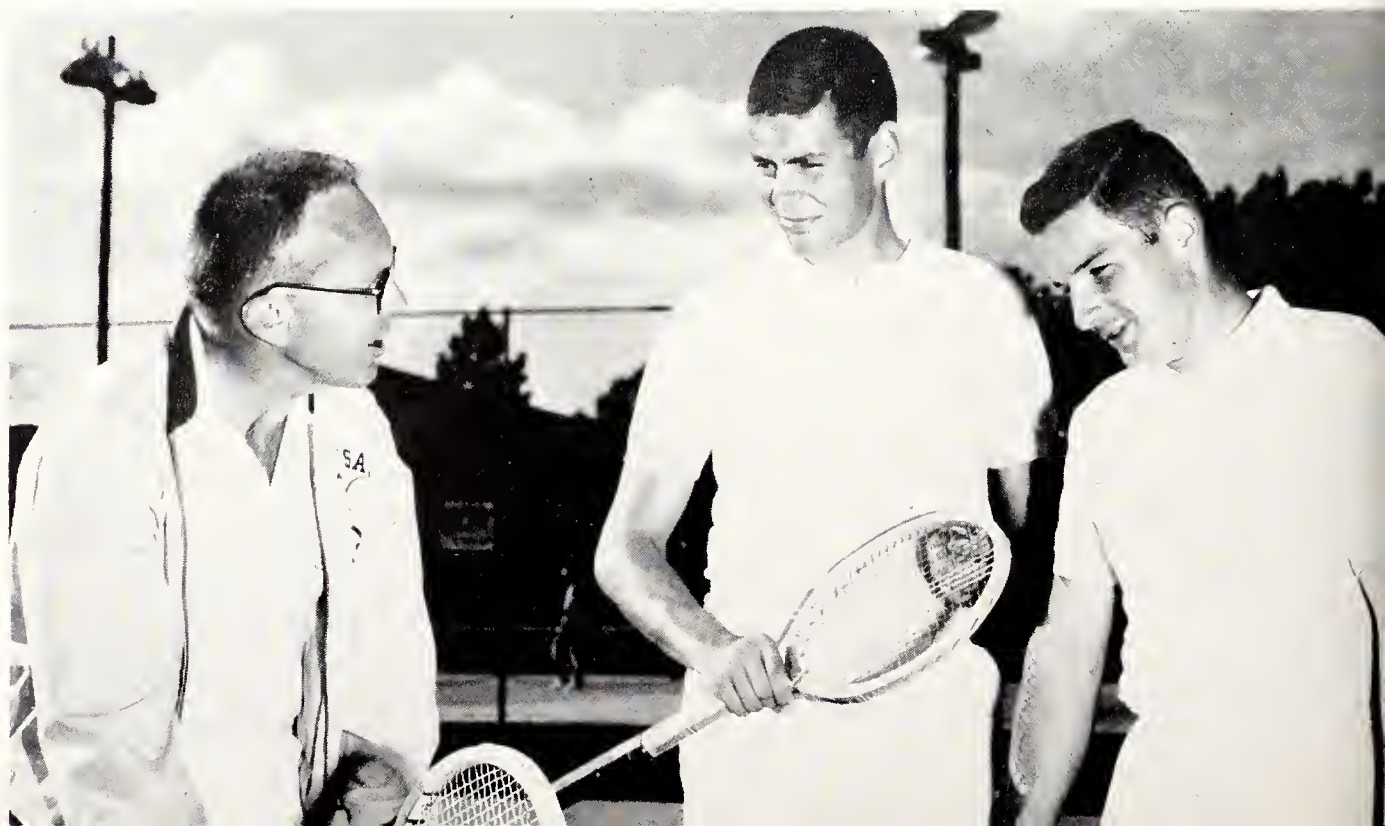

Frankel was the only senior on the K-State squad. He earned his third tennis letter in 1960. Juniors Atkins, Bird, Poort accounted for their second varsity letters, while sophomore Dittoe won his first as a K-State tennis squad member.

K-State Golfers Tally School's Worst Record

A young and inexperienced Kansas State golf squad dropped every one of its 13 matches in 1960, but held out hope for better things to come in 1961. The experience gained in 1960 plus a promising freshman team were the main reasons for optimism.

Charles Hostetler was the only returning letterman on the Kansas State university squad. The senior from Manhattan was Coach Mickey Evans' number one man throughout the season. He compiled a 1-7-1 record against the best golfers the Big Eight conference teams could muster. A round of 72 on the Manhattan Country club course against Missouri was his best effort of the season. The K-State senior finished in a tie for twenty-second at the Big Eight golf tournament in Ames, Iowa, with a 81-80-80-251 score.

Randy Matson, a senior from Lyons, posted the best won-lost record on the squad with five wins and four losses. Sophomore Bill Curtis of Hastings, Nebr., was 1-7-1 for the year, while Dick Long, a sophomore from Manhattan, was 0-8-1. Senior Don Kesinger of White Hall, Ill., compiled a 0-6 record while seeing limited action for the Wildcat golf team.

Coach Evans named five letter-winners at the end of the season. Hostetler earned his second varsity golf letter, while Curtis, Long, Matson, and Kesinger were named lettermen for the first time.

The 0-13 K-State dual-meet record was the worst in the school's history. However, the Wildcat links team pressed Oklahoma before losing 4½-2½ on the Sooners' home course, and showed promise of much better years ahead on several other occasions.

GYLAINE FAULCONER and Melissa Hale, winners of badminton championship, discuss ways of perfecting serves.

Van Zile Wins Women's Intramural Trophy

The trophy for women's intramurals was won by the women of Van Zile hall. The various team members collected the largest number of points by winning different sports events. Gylaine Fauleoner and Melissa Hale, representing Van Zile, won the intramural badminton doubles. Winning the basketball title also added to the group's accumulating points. Eight swimming team members from the dormitory swam their way to victory in tank competition. However, not all the titles were won by Van Zile members. Teams from Waltheim hall captured the table tennis crown and the softball title in the spring. The Off-Campus Women's team won the volleyball championship in the fall.

Women's intramurals are participated in by sororities, dormitories, and off-campus women. Tournaments are set up among the organized groups, and round-robin games are played. The winning teams then play for the championship title. In order to be eligible to play for her living group, a coed must attend two scheduled practices. These are scheduled through the director of the intramurals program, Kathryn McKinney. Student officials, time keepers, and score keepers officiate at the games. Under the sponsorship of the Women's Athletic association, teams compete in volleyball, basketball, tennis, softball, and swimming. Individuals enter competition in badminton, table tennis, and tennis.

Betas, Jardine II Win Intramural Class Titles

The men's intramural program offered a year-round competitive sports schedule that included 13 major and minor sports in two divisions, independent and fraternity. Champions of the fraternity division for the second consecutive year were the men of Beta Theta Pi, while the independent division winners represented Jardine Terrace II. Heading the sports program was Frank Myers.

The K-State Vets team defeated the Jr. AVMA team 38-13 to win the independent football division title. Leading the Beta Theta Pis to the fraternity division football crown was Ross Ballard. The play ended with a 68-24 victory over Kappa Sigma.

For the first place swim title, Beta Theta Pi edged out Sigma Nu. The Betas defeated last year's champs, Sigma Alpha Epsilon, to win the division contest. Smith Scholarship house edged Tonkawa, the Men's Residence hall entry, in a close race for the independent swimming crown.

Highlighting the spring intramural season was the volleyball tournament, with a participation of 49 teams. The Betas edged out the Beta Sigs for the fraternity title, while Jardine II claimed the independent crown.

In the basketball playoffs, Beta Theta Pi, Sigma Chi, Sigma Alpha Epsilon, and Sigma Nu entered the championship tournament. In the final round, the Betas rolled over Sigma Nu by a score of 42-25. The championship independent game pitted South Jardine II against the Fat Daddies, with Jardine II winning the title with a 38-29 victory.

Intramural Competition Slates Singles, Doubles

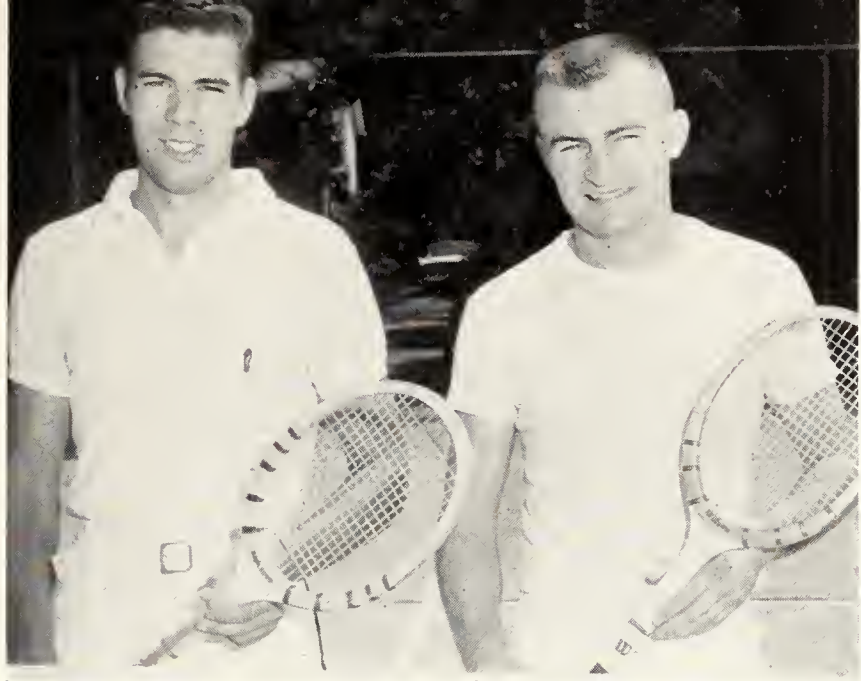

In the horseshoe competition, Sig Alph's Ron Reid and Don Moehring topped fraternity division, while William Hecht and Roy Allen, AIA, won their division. The singles title in badminton in the independent division went to Ray Eaton, AIA, while Jr. AVMA won the doubles crown. Ross Ballard scored a double victory for Beta Theta Pi in badminton. Ballard won the individual division over Jack Whittier, SAE, and teamed with George Phipps to defeat SAE's Whittier and Gene Dierks.

RAY EATON won independent badminton singles for AIA and Sonny Ballard won fraternity competition for Betas.

REPRESENTING Beta Theta Pi, George Phipps and Sonny Ballard combined skills to win the fraternity badminton.

SIGMA ALPHA Epsilon took first place in fraternity tennis doubles represented by Dennis Ford and Jim Butts.

THE TENNIS doubles in the independent grouping went to Arlyn Bieber and Fran Habiger playing for Aeropolis.

Ross Ballard and George Phipps, Beta Theta Pi, again joined forces to win the fraternity handball doubles. West Stadium topped independent handball with John Marcoline and Armando Manrog.

Doubles tennis competition went to SAE's Jim Butts and Dennis Ford. Winning in the independent bracket was Aeropolis' Arlyn Bieber and Fran Habiger. Sigma Chi's C. J. Austermiller topped fraternity table tennis by defeating Alpha Tau Omega's Dan Vogel. AKL's Ed Frankel and Bill Urban won doubles. The independent table tennis playoffs found Ray Eaton of AIA winning the singles crown and Frank Folsom and Luciano Amutan, the doubles for the K-State Vets.

AIA's RAY Eaton won independent table tennis singles. Sigma Chi's C. J. Austermiller took the fraternity first.

Spring Sports Feature Stiff Division Matches

Highlighting the spring intramural season this year was the volleyball tournament, which consisted of a month of rigid competition. A total of 49 teams were entered in the fraternity and independent divisions. Playing in the fraternity finals were the Beta Theta Pis and Beta Sigma Psis, with the Betas barely edging the Beta Sigs in a close finish, 15-13 and 15-11. Jardine II claimed the crown in the independent volleyball tournament by squeaking by Jr. AVMA with a score of 15-11 and 16-14.

Basketball Features Close Matches

In the basketball playoffs, Beta Theta Pi, Sigma Chi, Sigma Alpha Epsilon, and Sigma Nu entered the championship tournament by winning their fraternity divisions. In the final round the Betas rolled over Sigma Nu by a score of 42-25 to claim the fraternity title. In the independent bracket, Smith

After the eliminating matches, the championship game pitted South Jardine II against the Fat Daddies team. Jardine II took home the trophy, winning with a score of 38-29.

Track Champs Upset

The intramural track meet saw one team upset, while the other team won for the third consecutive year. For the fraternity division, Beta Theta Pi dethroned the two-year winner, SAE, with 82 1/5 points, while West Stadium successfully defended their title by accumulating 96½ points.

Golfers Share Title

On the golf course the Phi Delta Theta team undershot all other competing teams to grab the fraternity crown with a low score of 278. In the independent division, the squads were more evenly matched and a championship tie resulted. Sharing the golf honors were South Jardine I and South Jardine II with the same score of 292.

Scoring a breath-taking victory in the fraternity division of the free throw championship this spring was Phi Kappa Theta, hitting 168 out of 200 tosses from the charity line. South Jardine II's four-man team topped the independent free throw tourney by sinking 149 of 200 shots through the hoop.

ORIENTATION Week not only acquaints new students with the campus but also provides opportunities to dis-

cover friends. Many enrollees take full advantage of the brief waiting period before starting a testing session.

CAMPUS TOURS are designed to acquaint new K-Staters with the University, its faculty, facilities, and procedures.

Orientation leaders help groups of enrollees adjust and feel more at ease in their new collegiate surroundings.

Orientation Introduces Freshmen to Campus Life

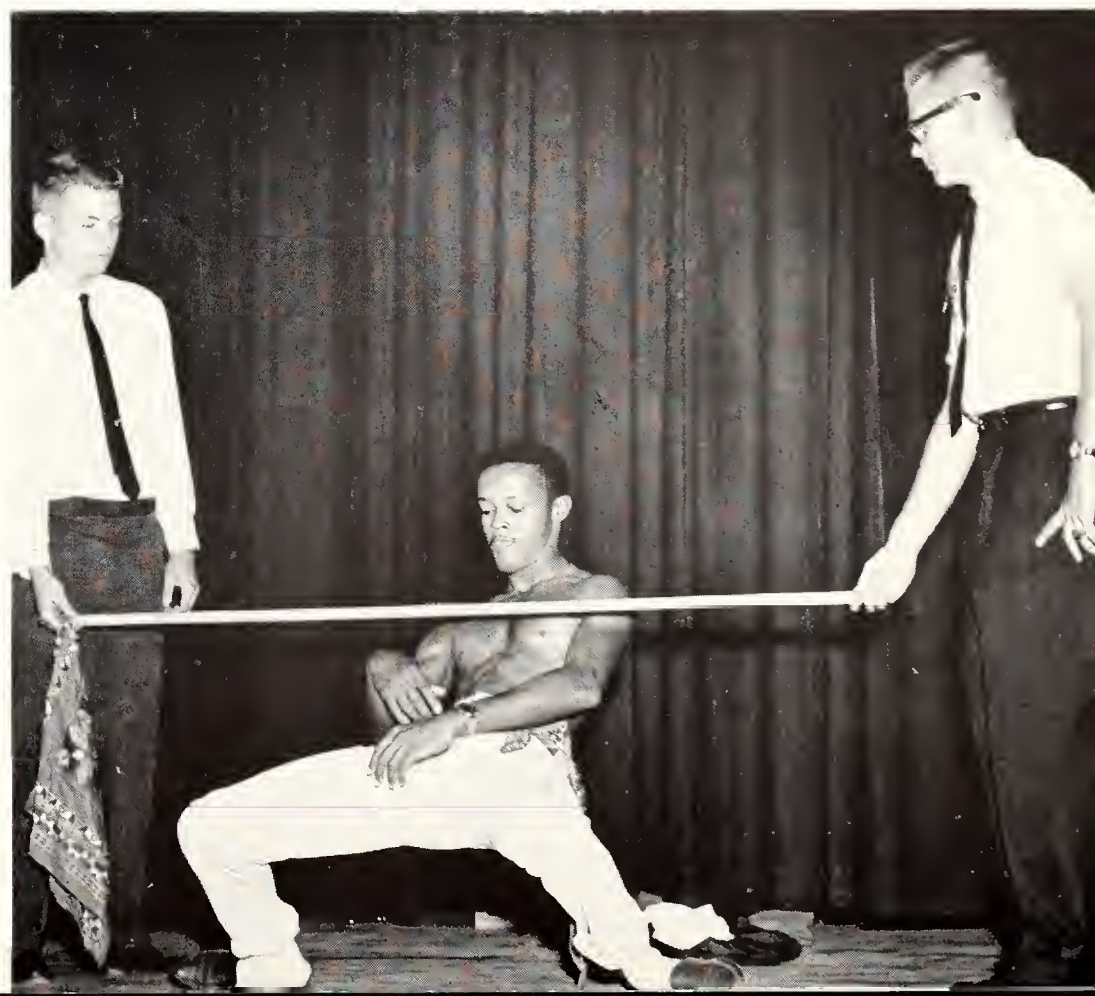

A week flooded with orientation activities engulfed new students as they arrived on campus last fall. Aptitude tests, discussion sessions about university life, tours of the campus, physical examinations, and registration were supplemented by a wide variety of recreational activities planned to acquaint the students with campus social life.

Orientation for freshmen and transfer students officially began Sunday, September 11, with the Presi-

dent's convocation and reception for students and their parents. Monday and Tuesday the new K-Staters met with the orientation leaders for discussions of campus life. Wednesday was enrollment day, ending with the Collegiate 4-H mixer that night. Other social highlights of the week were a Wildcat Warm-up and watermelon feed Monday night and the Freshman Talent show on Friday night. The week was climaxed Saturday with a Union Kick-off dance.

FINDING SPACE for their countless belongings presents a problem for most freshmen moving into the dormitories.

VARIED TALENTS are displayed when the freshmen wind up Orientation Week by staging their annual talent show.

SKITS ENTERTAIN rushees at every party they attend. At the beginning of rush week, most skits are humorous.

Later when the coeds are beginning to select their favorite sorority, the entertainment grows sentimental.

Greeks Grow During September Rush Week

Fraternity and sorority rush week, heart-warming and sometimes heart-breaking, was the opening event on the fall social calendar. Greek houses pledged a total of 636 men and women. The nine sororities pledged a record-breaking 278 women, 16 more than the previous record set last year. Clovia and Farm House do not participate in the regular fall rush system but rush later in the semester.

Contrary to the upward trend in sorority pledg-

ings, fraternities showed a downward tendency. The 358 men pledged this year were 23 less than last year's 381, which were 18 less than the year before.

The hustle and bustle of parties, costume changes, decoration switches, last-minute skit rehearsals, and hoarse voices all led up to the final excitement when houses bid their choices and the over-whelmed new members flocked to the houses that would be their homes for the rest of their college days.

CONVERSATION is typical of fraternity rush. The men avoid elaborate skits, costumes, and decorations that are

avored by the coeds. The Alpha Tau Omegas stress the advantages a rushee can obtain from his fraternity.

INVITATIONS to pledge delight coeds who have spent a long week deciding which sorority is best for them.

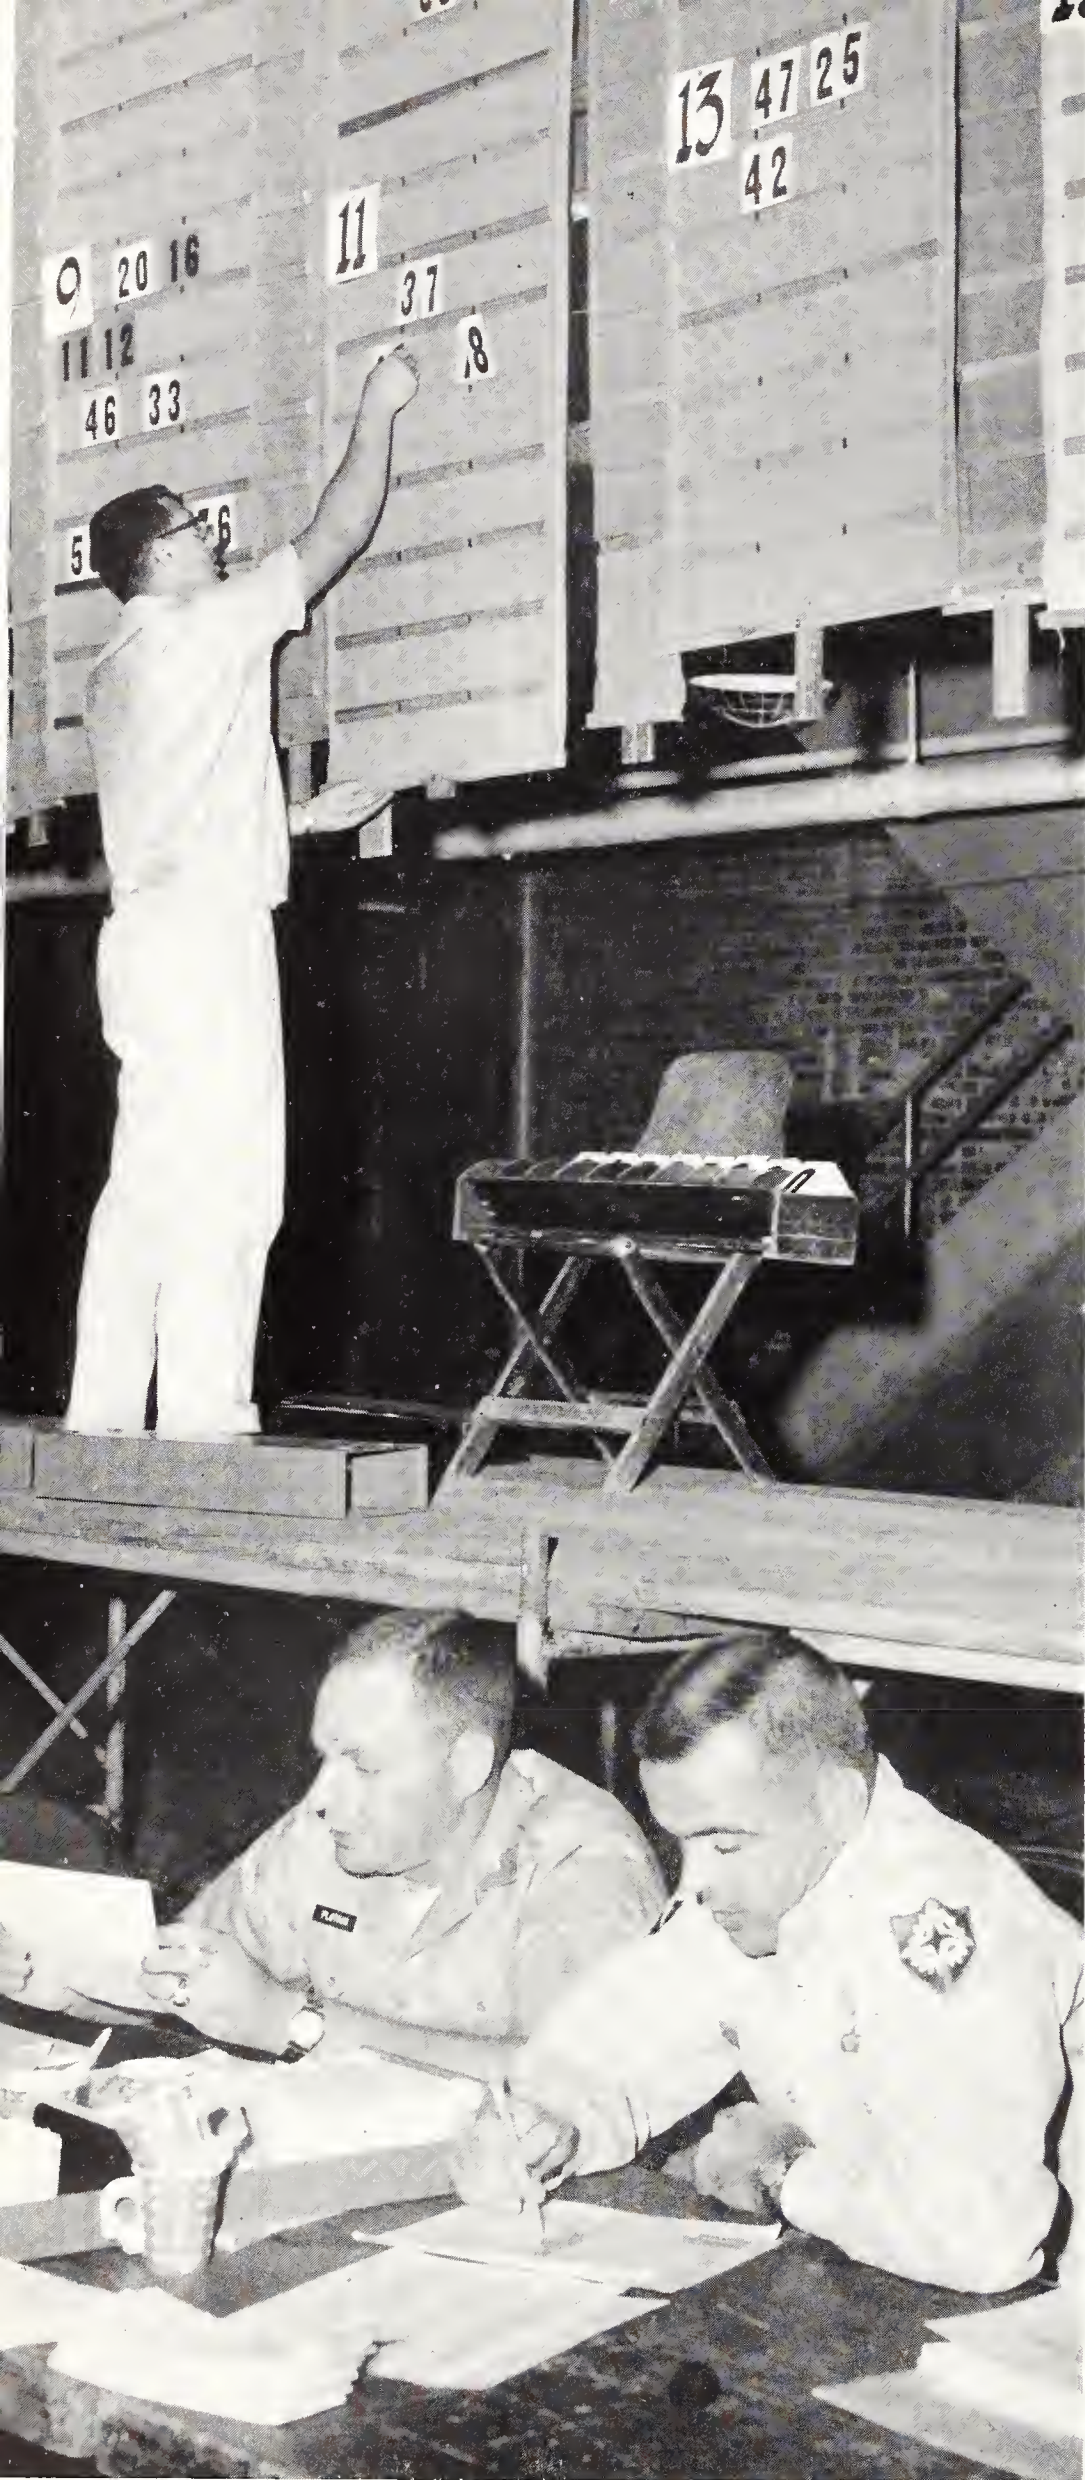

RELIEVED that rush week is over, rushees look forward to beginning their pledge life in their chosen houses.

UNUSUAL DECORATIONS and party themes make sorority rush week a continuous whirl of fun and excitement. The

Chi Omegas introduce rushees to a horse, a kind of horse that isn't often seen outside of someone's imagination.

NUMBERS of closed classes are posted to notify students that their hoped-for schedules may need to be changed.

Students Cram Campus After Enrollment Leaps

Students seemed to flock to the campus during the fall semester as enrollment jumped over 800 compared to last year's fall total. After the usual drop-outs, late enrollments, and transfers, enrollment settled down to 7,539 students.

Foreign Students Double

Part of the growth may be accounted to the more than 300 international students who reported to the University for study. This number is nearly double last fall's count of foreign students.

Men's date prospects brightened considerably as more coeds than ever before chose to attend K-State. After a past ratio of three men to every woman, the new figure of 2.7 to 1 looked encouraging. A large freshman class brought the coed total to 2,034.

Arts and Sciences Gains

By schools, the School of Arts and Sciences made the largest increase by enrolling 3,160 students for an improvement of 19 per cent. This enlargement made the Arts and Sciences school almost twice the size of any other school at Kansas State.

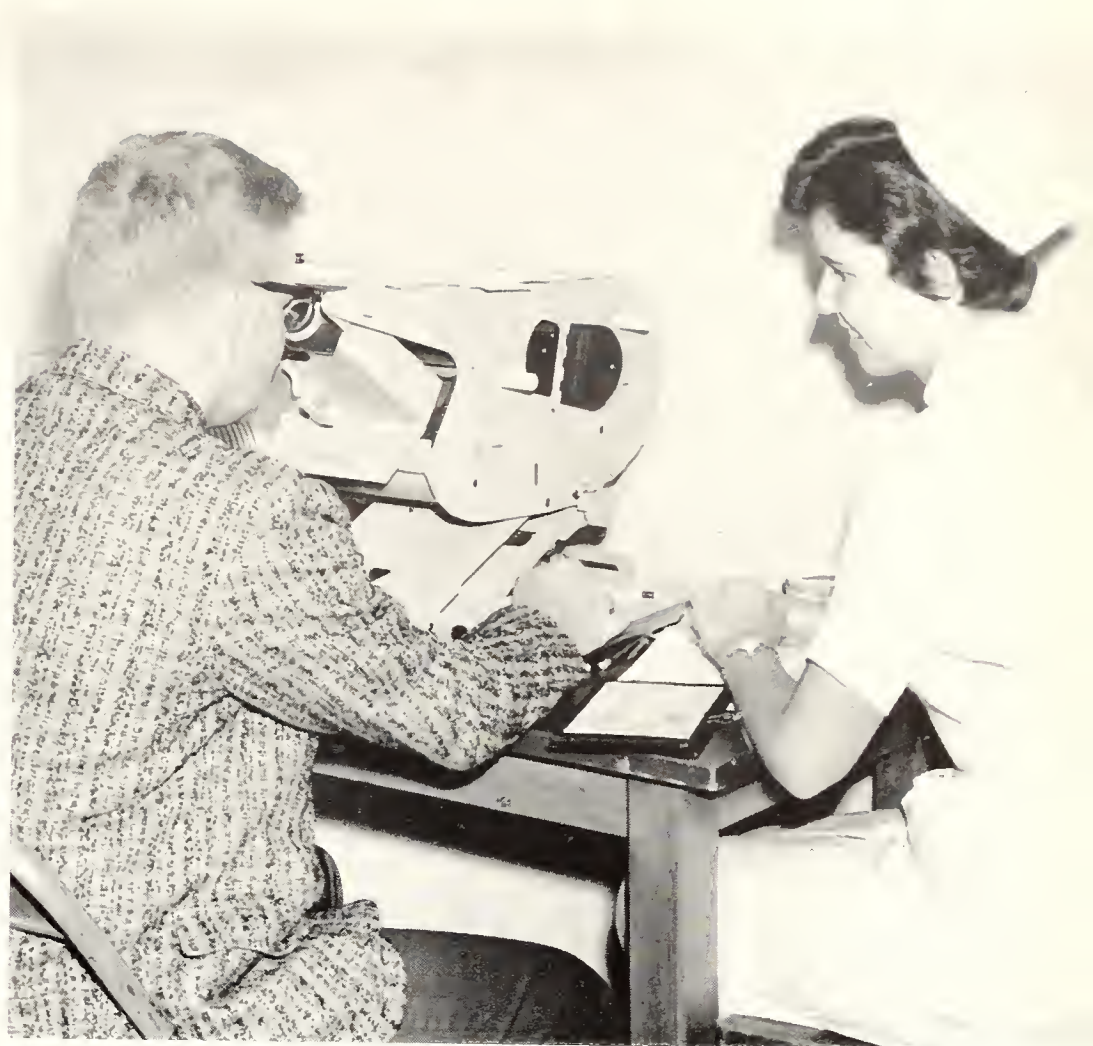

The Graduate school also received a 19 per cent increase to boost its total enrollment to 783 students seeking advanced degrees. The School of Home Economics grew 17 per cent as it enrolled 558 potential homemakers, teachers, and nurses.

ENROLLEES receive colorful IBM cards to fill out, which means striving to write around the punched holes.

UNIFORM FITTINGS form an essential part of enrollment for all men who plan to participate in ROTC activities.

EYE CHECKS insure that students have no excuse for not seeing assignments that are written on the blackboard.

STRONG ARMS are bound to result from carrying books to the dorm from Aggieville and later around the campus.

"A LA CARTE," the presentation of the Modern Languages department, depicts scenes from all over the

world. The prize-winning display gives these students an idea of what they can obtain in the "arts" at KSU.

Poet Mark Van Doren Addresses Open House

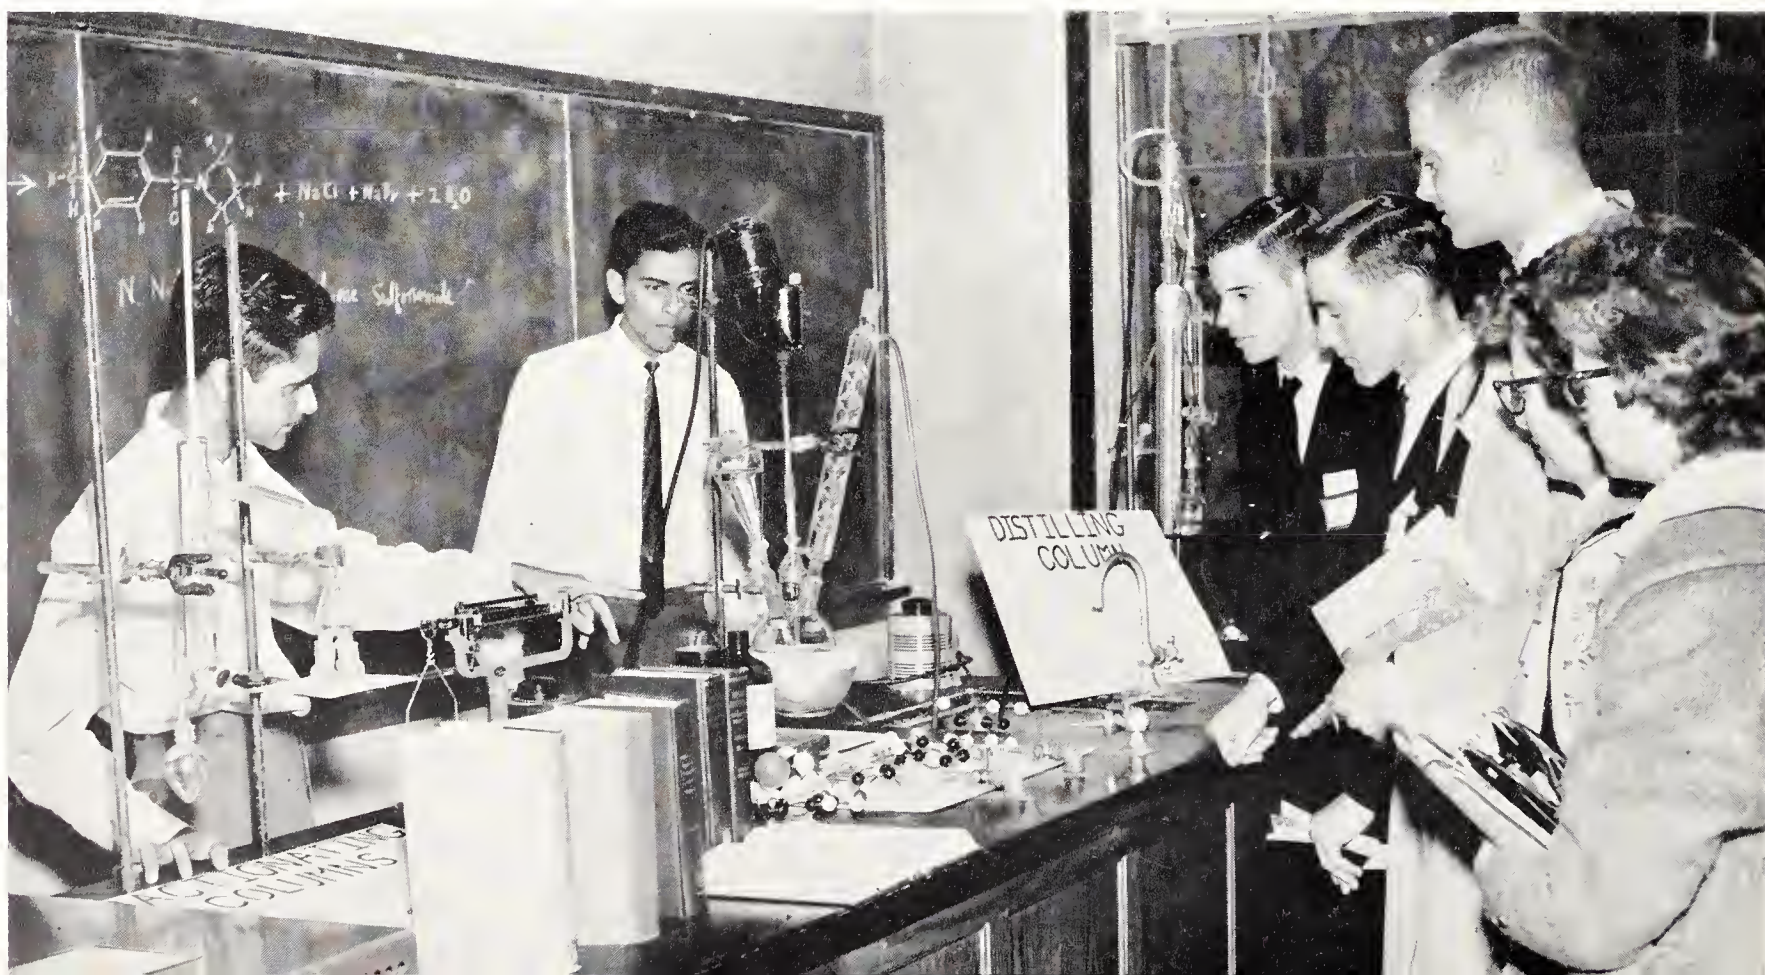

An address by noted poet Mark Van Doren highlighted the Kansas State Arts and Sciences Day Open House in October. The ninth annual Open House was designed to inform the public about the 22 departments included in the Arts and Sciences school. Approximately 200 high school students from across the state attended the event, including the dedication of newly-completed Denison hall. The \$525,000 building houses the English department.

Members of each department participating in the Open House formulated and conducted their own displays. They also offered counseling and explanations to viewers. The Arts and Sciences plaque for the best display was awarded to the Department of Modern Languages for its exhibit, "A la Carte."

The Open House was started nine years ago when the Chemistry department started "Chemistry Day." Now all departments participate in the event.

CHEMISTRY DAY provided the basis for Arts and Sciences Day which now attracts hundreds of visitors each year.

The all-important sciences are not neglected, either in the Open House or in the curriculum of the school.

Veterinarians' Displays Attest Field's Services

The fourth annual Veterinary Medicine Open House utilized many interesting displays, exhibits, and demonstrations to help educate the general public about services offered in the field of veterinary medicine. More than 6,500 people toured Veterinary hall, Burt hall, and Dykstra Veterinary hospital. In order to stimulate high school students to a career in veterinary medicine, invitations were sent to all Kansas high schools, encouraging students to attend if they were interested in the field.

The Open House was sponsored by Veterinary students under the supervision of various department heads. Benny Osburn acted as general student chairman for the displays which covered six areas—bacteriology, anatomy, physiology, pathology, public health, and surgery and medicine.

Several displays about "Modern Veterinary Medicine" attracted wide attention. The physiology exhibit showed sheep with windows in their sides to let viewers observe the digestion of food after it was swallowed. The development of a calf from conception to birth was shown by fetal displays presented in the division of surgery and medicine. Another exhibit featured radiology and cancer.

CANINE DENTISTRY, as demonstrated by a veterinary medicine student, draws the visitors' complete attention.

Dog Shows always draw large audiences, and the popular Open House presentation is certainly not an exception.

Judges Select Finalists Under HC Rule Switch

Homecoming history was made last fall when the method of electing the queen was changed to include a "Homecoming Preview." Each of the 19 candidates was introduced by a skit in Ahearn field-house, after being interviewed by judges throughout the preceding week. The judges selected five finalists, who began a week of campaigning before the general elections. When it was all over, Judy Jo Allen of Alpha Chi Omega reigned as Homecoming Queen. Attended by Mary Ellen Malmberg, Eunice House, Pat Isbell, and Jan Horsch, Miss Allen was officially crowned at the dance, November 5, by the Blue Key president Sid Jones.

"Video Vapors" provided the basic theme for Homecoming decorations. Phi Delta Theta won first place in the fraternity division with a Cheerios ad. Chi Omega was tops in the sorority division. Smith Scholarship House won the independent division trophy with a riverboat decoration.

Tau Kappa Epsilon fraternity won first place in the Greek float competition. In the independent division, Van Zile hall tied with the Men's Dorm for first place. Despite all the decorations, the Wildcats lost to the Oklahoma State Cowboys, 28-7, before a crowd of 9,000 fans on Homecoming Day.

Campus Coeds Choose Wroblewski as FMOC

Mike Wroblewski, representing the Men's Residence hall, was selected as the K-State coeds' Favorite Man on campus in November. Elected by all campus women in a general election, Wroblewski's attendants were Dave Fiser, Kappa Sigma; Jerry Hooker, Delta Tau Delta; Harlan Oltjen, Farm House; and Bob Sanders, Sigma Alpha Epsilon. For the first time, the FMOC was presented a permanent trophy. The all-School Snowball dance is sponsored annually by the School of Home Economics to raise scholarship funds.

Barnwarmer Aspirants Ride Horses, Tie Goats

Barnwarmer Queen Raedell Winston was crowned and then auctioned off for a date with the highest bidder at the School of Agriculture's annual dance November 12. The cost of the date was \$39.50. The five finalists, Miss Winston, Jeanie Steele, Joan Avery, Kathy Rohrbaugh, and Ruth Zweygardt were selected after being interviewed before the entire Agriculture school. They then competed in the annual Chore Day, displaying their farm chore skills.

Kappas, Betas Victors; IF Sing Alters History

For the first time in as long as most K-Staters can remember, Interfraternity Sing became a fall semester event. The Greeks showed their approval of the change by participating in great numbers. There were 15 entrants, the largest number in four years, and approximately 700 persons participated.

First place trophies were awarded to Kappa Kappa Gamma sorority and Beta Theta Pi fraternity. The Kappas sang "That Little Kappa of Mine" and "Give Your Heart to a Kappa Girl." Darel Wendelburg directed the Betas, last year's winners, in "The Loving Cup" and "Marching Song."

Delta Delta Delta placed second and Chi Omega, third in the sorority division, while Sigma Chi and Delta Tau Delta placed second and third in the fraternity competition.

In another variation from the traditional event, sororities changed their costume from the usual white formal with a cape or stole for color to cocktail dresses in a wide variety of brilliant colors.

Sigma Alpha Epsilon, Alpha Delta Pi, Delta Sigma Phi, Phi Delta Theta, Delta Upsilon, Kappa Delta, Tau Kappa Epsilon, Pi Beta Phi, and Sigma Phi Epsilon also participated in the Sing co-sponsored by Interfraternity and Panhellenic councils.

Drill Team, ISA Elect Special Officers, Queen

Pat Isbell and Gayla Shoemake were selected by members of Pershing Rifles to represent the drill team as honorary officers for a year. A panel, consisting of Pershing Rifles members, elected six candidates from a group of women nominated by Angel Flight. At a tea, the entire company voted on the finalists. Lt. Col. George Smith then announced Miss Isbell, as Honorary Commander and Miss Shoemake as Honorary First Lieutenant.

In their capacities as honorary officers, the two coeds served as hostesses for the team's smokers and attended drill meets.

Another December beauty presentation was the crowning of Judy Oberhelman as the second Independent Student Association queen. Representing Putnam hall, Miss Oberhelman was crowned by President McCain at the ISA Christmas ball.

Miss Oberhelman and her attendants, Gretchen Funk, Katie Chism, and Sharon Biehler, were among eight candidates, each of whom represented an independent women's living group or organization. The queen and her court were chosen by popular vote of those attending the dance in the Union.

Pledges Select Royalty At Annual IPC Dance

Doris Downing, representing Kappa Delta, and Kappa Sigma's Gary Hardison were crowned Interpledge Council king and queen at the annual pledge formal this spring. It was the fourth consecutive year that a Kappa Delta has been awarded this honor, and the second consecutive year the Kappa Sigma nominee has won.

The king and queen were chosen by the 450 couples attending the semi-formal dance in the Union main ballroom. K-State men elected the queen, while coeds voted for the pledge king.

Candidates, chosen from fraternity and sorority pledge classes, were introduced through skits given the week-end preceding the dance. The series of five-minute skits followed the theme of "Broadway Musicals," which saw an untold number of potential stars blossom forth in such spectacles as "South Pacific", "The King and I", and "The Desert Song".

GARY HARDISON, Kappa Sigma and Doris Downing, Kappa Delta, were chosen by pledges to reign as IPC royalty.

Playboy Editor Selects 1961 Yearbook Queen

Playboy Magazine editor and publisher, Hugh M. Hefner, chose Sharon Potts, representing Van Zile hall, as queen of the 1961 Royal Purple. Rounding out the royal court were Alvina Otte, Alpha Chi Omega; Lynne Hardy, Gamma Phi Beta; Lydia Howell, Putnam hall; and Carlene Von Fange, Waltheim hall.

Hefner selected the coeds for their beauty in formal portraits submitted of the 19 candidates. Two pictures of each candidate in outdoor campus spots were entered in the judging.

C. J. Medlin, Royal Purple adviser and graduate manager of Student Publications, crowned the queen with a rhinestone and pearl tiara and presented her a bouquet of white roses and purple violets. Colonial bouquets of purple violets were presented to the queen's attendants.

Sparkling chandeliers and sconces lent an operatic atmosphere to the Union main ballroom. A red carpet lined the pathway to the decorated ballroom that featured a large black, white and silver mural of opera glasses, gloves and canes on the west wall. Topping off the enchanting effect were white curtains tied back with deep red cord and tassels. The 500 persons attending the gala semi-formal danced to the music of Warren Durrett's orchestra.

DELEGATES FROM all United Nations member countries were represented at the general assembly for the MUN.

UN Delegate Keynotes Opening MUN Session

The keynote speaker for the opening session of the Model United Nations general assembly was Dr. William Mack Jordan, a Secretariat staff member of the United Nations representing England.

The Model United Nations instilled a concern for international peace and conflict in February. An authentic atmosphere of the United Nations was created in the arena of the Animal Industries building with flags of the various countries displayed around the front railing of the arena. Supporting the realistic picture were costumes worn by delegates ranging from Arabian veils to Japanese kimonos.

The three-day proceedings, directed by Bert Biles, secretary-general, involved more than 1,000 students. Rapping the gavel at the two general assemblies was Ken Pierce, assembly president. Committee meetings preceded the climactic day-long general assembly in which committee resolutions were presented, debated, and voted upon by the delegates.

During the final session, the assembly failed to admit Red China to the MUN and passed a resolution creating an International university in the Central African Republic. About one hour before adjournment, Latin American delegations walked out of the assembly in defense of their ideals.

Engineers' Open House Features Atlas Missile

A new speed record of 10:15 minutes was set by marathon runners as they carried a lighted torch from K-Hill to the campus site to open the 37th annual Engineers' Open House. The time was 1:23 minutes better than the 1959 record of 11:38. The Open House featured displays on all phases of engineering. An old-fashioned water wheel and an electrical robot were two departmental displays.

Honors for the best individual display went to the civil engineers for an Atlas missile base display and to the industrial engineers for a floor plan of a factory. Events taking place in conjunction with the Open House were a parade and the St. Pat's Prom.

Noted Campus Guests Perform for Students

For the first time, this year's assembly schedule was student planned and organized, and the program was traditional in its excellent quality. Making their first KSU appearance were such outstanding speakers as Dr. David Henry, University of Illinois president; Dr. Aaron L. Rutledge, counseling service leader; Mark Van Doren, noted poet, critic, and writer; and Agnes DeMille, dancer, choreographer, and author. Assembly audiences enjoyed the annual Christmas presentation of Handel's "Messiah", and the assembly at which president James McCain spoke on European education.

This year's program temporarily concluded the all-University series, as a motion made by the Academic Affairs committee to eliminate assemblies was passed by the Faculty Senate. This proposal, occasioned by limited auditorium facilities and the growing student body, will be effective September, 1961.

INTERNATIONALLY-known pianist Leon Fleisher captivated a 1,400-member audience with his presentation.

Artist Series Reflects Latin, Native Flavors

Opening the Artist Series concerts with an international flavor was the Ximenes-Vargas Ballet Espanol. Composed of Spanish dancers and singers, the troupe presented a variety of native Flamenco dances. Latin influence continued with Goldovsky's Grand Opera theater presentation of Mozart's masterpiece, "Don Giovanni".

In contrast to the large-company performances, Leon Fleisher, pianist, captivated the audience in his solo appearance. The Robert Shaw chorale made their third visit to the University to close the season. Warmly welcomed, the chorale received 12 curtain calls and performed five encores for the appreciative audience. The traditional series was sponsored by the Manhattan Artist series and the Student Governing association, and a Chamber Music series added.

PERFORMING for a standing-room only crowd, the Robert Shaw chorale made its third appearance at the Univer-

sity. The 45-member group was called back for 12 curtain calls and five encores by an enthusiastic audience.

Home Ec Trek Exhibits Newly Complete Justin

"The 60's Trek to Home Ec" was taken by about 1,500 high school girls during Hospitality Day, home economics open house, last spring. Because it was the first time the annual open-house was centralized in the newly completed Justin hall, the theme emphasized the features of the new building. Beginning with morning registration, the day's activities included the K-State Hour, a careers program, a style show, and department exhibits.

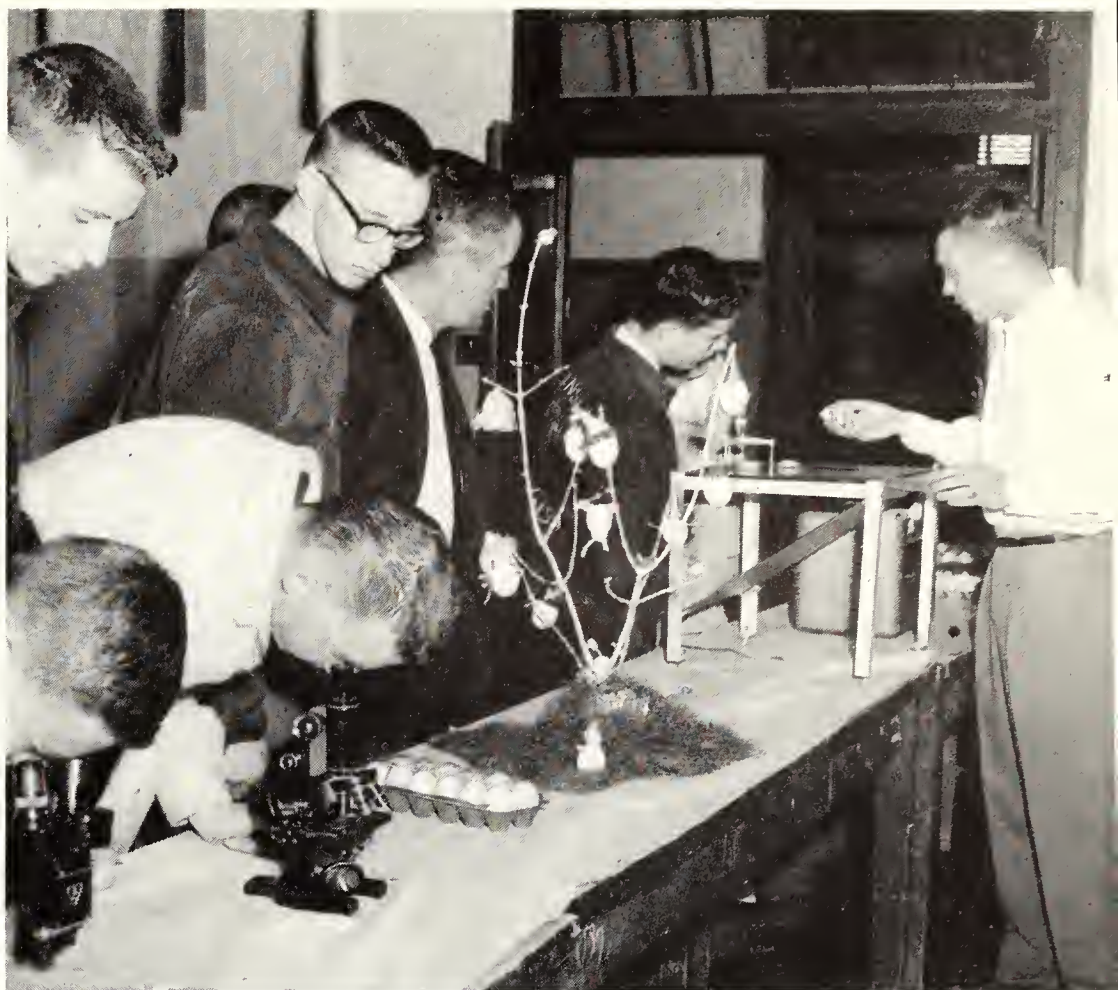

Eleven home economics clubs and departments set up displays illustrating and explaining their work. The careers program, which included a movie, helped answer future coeds' questions about what courses to take in college. The Epsilons, K-State Singers, and Orchesis entertained visitors during the K-State Hour. Afternoon style shows gave prospective coeds tips on current campus fashions by showing clothes made by students in clothing classes.

Royal Attracts 5,000; Lewis, Carlin Score

Ag Science Day and the Little American Royal combined for the third year last April. All departments in the School of Agriculture helped prepare the multitude of exhibits for Ag Science Day which attracted more than 1,000 viewers. First prize went to the Horticulture department, making them winners for the third consecutive year.

The Little American Royal, under the sponsorship of the Block and Bridle club and the Dairy club, entertained a crowd of about 5,000 with its 32nd annual show. Grand Championship award winners were John Carlin and Robert Lewis. Formerly, Ag Week was a fall event and the Royal was presented in the spring. The Royal sponsors felt that visitors would like to see the Agriculture school and so Ag Science Day was presented in conjunction with the Little American Royal in the spring.

Russian Satire Pleases Y-O Audiences, Judges

Hillbillies and men from outer space entered the Y-Orpheum competition which featured "Party Talk." Six combination sorority-fraternity offerings passed the preliminary script judging and after months of work, were staged for the 1960 Y-O show.

Delta Delta Delta and Sigma Alpha Epsilon walked off with first-place honors for their rendition of "The Little Red Schoolhouse." The satire on Russian education presented the trials of picking a new governmental official from the leadership school.

Spectacular lighting and unexpected musical arrangements were prominent factors in the unusual effect of the second-place show presented by Alpha Delta Pi and Acacia. The minds of earth men were dissolved by the people of the planet Nem. Kappa Kappa Gamma and Sigma Chi placed third with "Sand Trap," which centered on the possibility of selling mountains of waste sand to the "Big Three." By tricking Russia, England, and the U.S. into buying sand, the Arab country's treasury was filled.

Johnson, Kennedy Win Bovinian Nomination

Enthusiasm ran high as 1,285 delegates to the second Mock Political convention of the Bovinian party convened in Ahearn fieldhouse, April 25, 26, and 27, 1960. The delegates, representatives from organized houses, nominated Lyndon B. Johnson as the Bovinian candidate for President of the United States. Winning by a small margin over Richard M. Nixon, Johnson captured the nomination on the sixth roll call vote. Jack Kennedy was immediately awarded the vice-presidential position on a single balloting.

High-spirited demonstrations and campaign tactics by the delegates added to the authenticity of the convention. Keynote speeches were delivered by Governor Dennis Roberts, Democrat from Rhode Island, and Congressman Fred Schwengel, Iowa Republican. Basic planning was directed by the Steering committee headed by Dan Hahn.

CONCENTRATION pays off as these Beta Theta Pi members rehearse before winning first place in Interfraternity

Sing for the second consecutive time. Sigma Alpha Epsilon and Sigma Chi received second and third places.

Betas, Chi O's Capture Spring Sing Trophies

Beta Theta Pi swept Greek Week honors last spring by capturing first places in Interfraternity Sing and the chariot relays. Close behind in both events was Sigma Alpha Epsilon, while Sigma Chi rated third in the two competitions. Phi Kappa Theta retired the "Most Unique" relay trophy with a lobster chariot and a mermaid, for their third consecutive win. Two sororities entered the Sing with Chi Omega taking first place, and Kappa Delta winning the second place trophy.

The week's kick-off activity was a clean-up in the city parks followed by a picnic. Francis Van Derber, past national president of Kappa Sigma, addressed an all-Greek banquet that evening.

BULLDOGGING is an event that takes two riders, skill, and courage. Wrestling a full-grown steer to the ground is

no easy chore. K-State student cowboys showed remarkable skill in this category and several others.

K-Staters Capture Intercollegiate Rodeo Ribbons

The annual K-State Interecollegiate rodeo, sponsored by the Chaparajos club, was attended by a record crowd of over 1,600 at the May 7, 1960 presentation. Bronc riding, bulldogging, calf roping, and goat tying highlighted the events.

More schools participated than ever before. Those entering, in addition to K-State, were the University of Kansas, University of Nebraska, Hutchinson Junior college, and Haskell Institute at Lawrence.

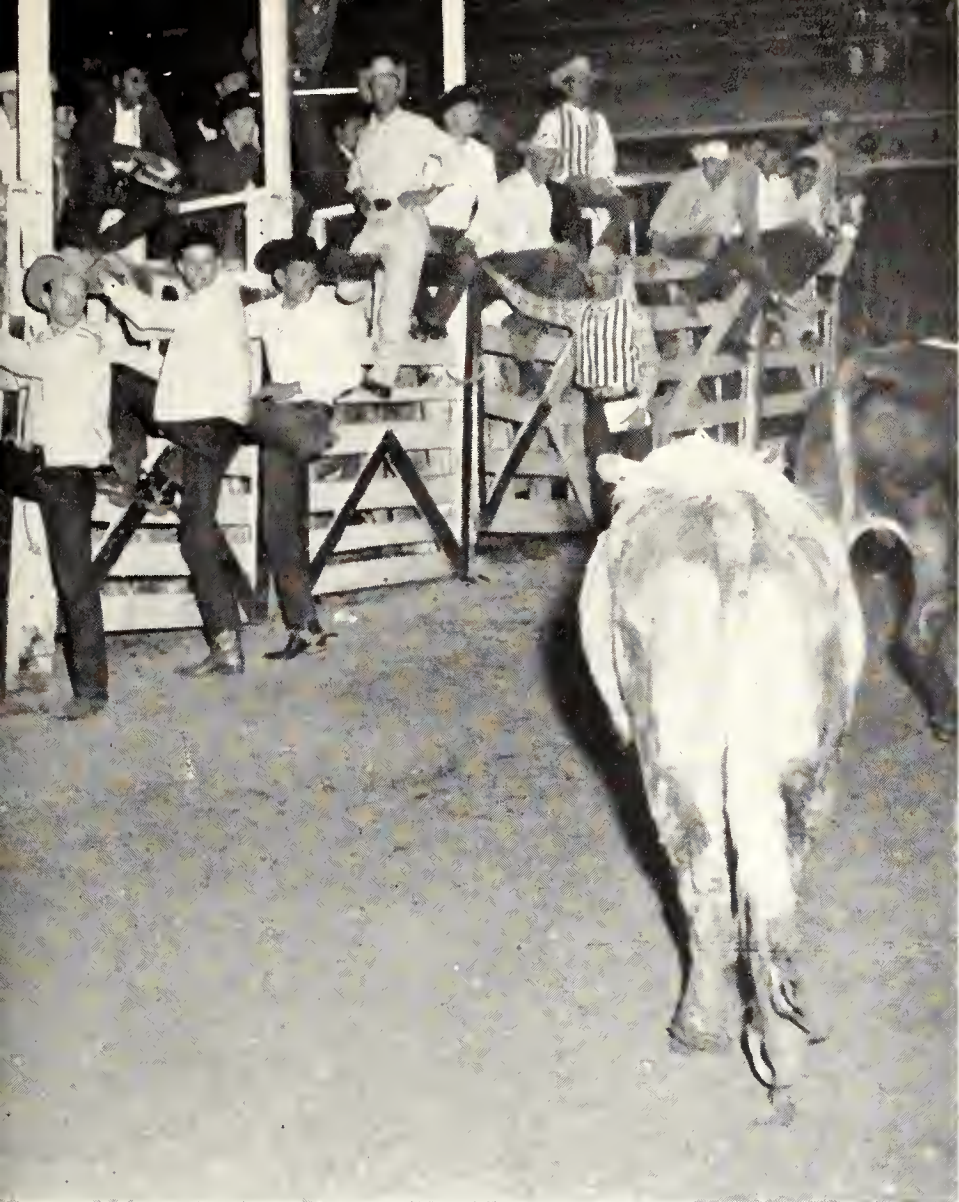

Two K-Staters, Jack Engelland and Arden Vernon, tied for the title of "All-Around Cowboy of 1960." Approximately 50 college students entered the contests. K-Staters also won first and second place awards in six events to pace the scoring. The events were bulldogging, saddle bronc riding, bull riding, calf roping, and goat tying.

Heavy woven wire supported by eight-foot posts

and railroad ties formed the arena in Ahearn field house. Loading docks and chutes were placed in the building, but the show stock was kept outside Manhattan since K-State did not have facilities.

Participants from K-State worked with their own animals in preparation for the rodeo. However, those entered in bronc riding practiced with saddled barrels which had ropes attached. The barrels perform similarly to a bucking horse when the rope is pulled to make the barrel jump up and down.

One of the most unusual events at the rodeo was the wild horse racing contest. A wild horse was forced out of a chute, and a three-man team saddled it. One member of the team then had to ride the horse in the race. The specialty acts included bullfighting by rodeo clown Monk Russel and routines by Pinky Busick and Leroy Dodge of Hutchinson.

Tom Ruhlman, Delta Sigma Phi, was presented the massive traveling trophy after a vote by the couples attending the dance in the Union. Runners-up, Larry Rogler, Acacia, and Wayne Campbell, Sigma Chi, received small trophies.

ROTC Corps Pick Judy Whitesell

Climaxing the first combined Army-Air Force Military Ball was the crowning of Queen Judy Whitesell by President James A. McCain. A popular vote of the members of both ROTC corps selected Miss Whitesell, Northwest hall, and her attendants, Pat Roberts and Beverly Bass.

The dance, co-sponsored by honoraries Scabbard and Blade and Arnold Air Society, was part of an all-day military program including a joint review.

candidate, Miss Stewart was chosen as queen from a field of contestants representing each school participating in the relays. In the final competition, candidates' essays, activities, grades, honoraries, pictures, and letters similar to letters of recommendation formed the criteria for judging.

In her role as Relays' queen in Des Moines, Miss Stewart was honored at numerous social functions and presided over the parade and Relays.

Carolyn Brauer Earns Crown

In a contest closely patterned after the national Miss America pageant, Carolyn Brauer, Southeast hall, captured the Miss K-State-Manhattan title.

For the first time, the selection of the winning beauty was based on the results of two competitions. At the first judging, 10 semi-finalists were selected on the basis of beauty, talent, poise, and personality. After the preliminaries, each of the remaining hopefuls took part in the final contest.

Five finalists were chosen and questioned by the judges. After the interviews, Miss Brauer, a self-taught pianist, was presented the Miss K-State-Manhattan crown, a \$300 scholarship, and a number of prizes. Mateele Blessing, Delta Delta Delta, and Barbara Taylor, Kappa Kappa Gamma, received \$150 and \$100 scholarships, respectively.

Diplomas Reward Work On Papers, Reports

June commencement exercises represented the culmination of years of work for 1,533 Kansas State university students. One ceremony was held for all the 1960 graduates instead of the previous separate ceremonies in January, June, and August. Those who completed their college work in January and August were mailed diplomas or they were eligible to participate in the June exercises.

Graduates Rate Honors

Three categories of scholastic honors were awarded qualified students who received bachelor degrees. To receive special honors, a student ranked in the top 10 per cent of his class and had a minimum of 60 residence hours. "Summa Cum Laude," the highest honor, was awarded to those who earn a 3.95 or better with no grade below a "B" on their transcripts. "Magna Cum Laude" designated those graduating with high honors, and "Cum Laude" indicated honors. One student received the "Summa Cum Laude" honor, 13 "Magna Cum Laude," 45 "Cum Laude."

EMOTIONS vary as the 1960 graduates finally shake hands with the dean and receive their dreamed-of diplomas.

THEIR LAST WALK across campus takes the graduates to Ahearn fieldhouse to receive their diplomas at last.

Dr. Crawford H. Greenewalt, president of E. I. Du Pont company, addressed the graduates. This day represented one of great accomplishment for all who were receiving the hard-earned diplomas from Kansas State. Nights of studying and cramming for tests and finals were balanced by ball games, social affairs, and "unionizing." The graduates agreed that their education at K-State provided more than just "book learning." Cultural, social, and personal values were enriched for those who put forth effort.

270 Advanced Degrees Presented

Of the 1,533 graduates included in the June ceremony, 882 completed their college study in June, 386 in January, and 265 in August. A total of 270 advanced degrees, the largest number ever to be conferred by the Graduate school, were presented.

Deans Distribute Diplomas

The deans of the respective schools presented the graduates with their degrees. The School of Arts and Sciences presented 613 degrees, the largest number. The School of Engineering and Architecture conferred 341 degrees, while Agriculture graduated 161; Home Economics, 79; and Veterinary Medicine, 69. Of the degrees conferred, 1,194 were bachelor degrees, plus 239 Masters of Science, 21 Doctors of Philosophy, and 69 Doctors of Veterinary Medicine.

Beauty Contest Sparks Summer Recreation

The Manhattan swimming pool provided the setting for the Miss Collegian beauty contest, sponsored by the Collegian in connection with the Manhattan water show. Julia Jahnke, Alpha Xi Delta, won the title from a field of 10 contestants.

Other summer school activities included the four Artist Series programs of a versatile vocal trio; Spanish Flamenco Dancers; Marshall Izen, TV pianist, humorist, and puppet-master; and Richard Kuelling, a bass baritone. Students were also entertained by six Quelle lectures covering the definitions of sin, soul, revelation, God, incarnation, and church; three short comic operas; "The Heiress," a full-length play; and a K-State Singers' concert.

Summer school enrollment totaled 2,135, an increase of 127 students over the preceding summer. Dr. Forest L. Whan, former head of the Speech department, assumed duties as summer school director, July 1, succeeding Dr. Paul M. Young.

Student Boards Handle KS Clubs, Publications

Supervising and co-ordinating the activities of K-State organizations was the job of the Student Activities Board, headed this year by Richard Aberle. Faculty members were appointed by the president, students were chosen by the board.

SAB Publishes Handbook

Editing and publishing the first edition of Focus, an activities handbook with the year's calendar and scheduled events, was a major undertaking of the Board this year. Representatives of the 160 campus clubs attended an SAB breakfast early in the fall to become acquainted with the procedures for approval of fund-raising projects and social permits and to learn about the operation of the Board.

Publications Board Selects Editors

The Collegian, Royal Purple, and Student Directory were under the jurisdiction of the Board of Student Publications. Included on the board were three students who were elected in the spring and three faculty members appointed by the President. Appointing the editors and business managers of the publications and determining general policies of operation compose much of the work of the board. Other jobs included awarding publication contracts.

Union Gives Presents To Celebrate Birthday

Five candles adorned the top of the birthday cake for the K-State Union this spring. Observing its fifth anniversary in a two-day celebration, the Union gave birthday presents to all members of the student body. Exhibits about the Union and a photography contest were sponsored during the celebration. A party with free cake and music provided by a jazz combo highlighted the gala event.

Offering a wide variety of programs and facilities, the K-State Union is the center of campus activity. To keep in pace with the expanding University, work on a \$900,000 addition to the present building is planned to begin during the summer. The new addition will be ready for occupancy the fall of 1962.

An underground level will extend to the parking lot, housing the games area and a 16-lane bowling alley. The stateroom, offering short orders and fountain service, and the cafeteria will be doubled in size. The ballroom on the second floor will be enlarged and the third floor will be completed and occupied by the activities center, headquarters for all campus clubs and organizations.

ALL-AMERICAN ratings distinguish C. J. (Chief) Medlin, yearbook adviser, as the 1960 RP added the 25th honor.

Publications Advised By Yearbook Authority

C. J. (Chief) Medlin has served as graduate manager of student publications since 1934. He prepares the budget for the Collegian, Royal Purple, and student directory, and supervises all business operations of the three student publications. In addition, Medlin, serving as adviser to the Royal Purple, has been instrumental in the production of 25 All-American RP's. The All-American record, which is the best in the country, has been compiled while Medlin has been on the journalism staff.

A noted yearbook authority, Medlin has written two books on yearbook production and has spoken at various yearbook staff conferences including the National Association of Catholic Publications convention, the ACP national convention, and the Kentucky High School Press association.

A busy fall was in order for Marty Steps as she assumed her position as editor of the student directory. The directory included names, addresses, and telephone numbers of KSU students, faculty, and administration. Also listed were names and presidents of the living groups and organizations.

As secretary of the student publications office, Mrs. Sue Seay maintained direct contact with all facets of the production of student publications. Mrs. Seay supervised the RP office business staff and assisted the Collegian business manager by taking classified ads and billing advertisers.

Co-Editors Share Duties Of Guiding Newspaper

From their air-conditioned offices in Kedzie hall, Wanda Eggers and Helen Splichal acted as co-editors in directing the Collegian's editorial activities during the 1960 summer session. Dan Kershaw handled advertising accounts and bills as business manager for the seven weekly editions.

Special extras for the Collegian included publishing a student directory and co-sponsoring a beauty contest. The summer school directory, listing the names, addresses, and telephone numbers of the 2,100 summer school students, was printed in the second issue of the paper. The Miss Collegian contest was promoted in connection with the Manhattan water show at the Municipal swimming pool. Various Collegian advertisers donated gift certificates and other prizes for the queen.

Klio Hobbs supervised the pictorial work in the paper, while reporting II students covered their "beats" and collected news items concerning the University community. On a national basis, the paper contained stories on voting procedures and the political conventions, and interpretive articles by faculty members on presidential hopefuls.

Daily Collegian Reports Students' News, Views

Throughout two semesters of hard work and late nights, student journalists practiced future responsibilities by following through the newspaper production procedures to the daily dissemination of news for the University community. The editors, Wanda Eggers first semester and John Petterson second, developed their philosophies which, partly by coincidence, and mostly because of a basic belief in the

people's right to know were similar: to give as fair a coverage and interpretation of campus news and happenings as possible.

Student Opinion Respected

Student opinion via the Collegian was released in at least two ways—staff editorials and letters to the editor. As a laboratory for students, a staff goal was to think below the surface of campus events, not

Gold K-Keys were awarded to journalism students recommended by their editors or business managers for outstanding work. K-Keys were presented to Doris Miller, Bill Treloggen, Barbara Treloggen, Sandra Walker, Dan Kershaw, and Maureen Gobel of the business staff. HELEN SPLICHAL, Royal Purple editor, created this book with the combined efforts of writers and photographers.

Royal Purple Utilizes Centennial of Kansas

The theme of the 1961 Royal Purple—tracing the communication development the past 100 years—provided a natural tie-in with the Kansas centennial. Selected by the Board of Student Publications, editor Helen Splichal planned the theme, chose the cover, selected pictures, laid out pages, and coordinated all efforts toward the publication.

Under her leadership, 32 pages were added and the improvement of copy was emphasized. Research projects underway or completed by the schools were stressed, instead of listing general purposes and administrative patterns. A picture illustrating a current research project accompanied each school's copy. The copy for organizations was written with a news angle, rather than stating annual activities.

Staff Prepares Copy, Takes Pictures

Assistant editors Martha Steps and Wanda Eggers had charge of the yearbook copy with the exception of the opening and division pages. The senior editor was Karen Oldham and underclass editor was Frances Towner. Genia Mangelsdorf scheduled the pictures and Owen Brewer was the main student photographer. Business manager Monte Miller, also chosen by the Publications Board, was responsible for directing advertising sales and planning copy for the advertising pages.

RP Wins 25th All-American

The National Scholastic Press association awarded the 1960 Royal Purple All-American honors for the 25th consecutive year. Since K-State's enrollment surged past 7,500 this year, the 1961 Royal Purple will be competing for awards with the largest colleges and universities in the nation.

Editorial staff members receiving K-Key awards for outstanding work were Helen Splichal, Genia Mangelsdorf, Karen Oldham, Wanda Eggers, John Reppert, Frances Towner, Owen Brewer, Mary Welsh, Roberta Price, Martha Steps, Carolyn Moriconi, John Petterson, and Mickey Thompson.

Ag Magazine Awarded Top Presentation Prize

Competing with approximately 20 magazines submitted from other universities, the Ag Student magazine was again rated first in general excellence. For the second consecutive year, the publication was awarded a trophy for the best presentation of technical material by Successful Farming magazine.

Written, edited, managed, and distributed by Kansas State University students, the magazine contained articles concerning agriculture and home economics. Included were technical, how-to-do-it, and general interest articles. The magazine published current information on experiments conducted by the Agriculture and Home Economics schools.

Printed six times a year, the magazine was edited in the fall by Arnold Good and in the spring by Norman Werner. C. L. Beardslee was the faculty adviser. Subscribers to the magazine included students, parents, vocational agricultural teachers, county agents, and high school agricultural organizations.

Kansas State Engineer Offers Variable Format

In its forty-third year of publication, the K-State Engineer magazine entertains readers and brightens its pages with calendar girls and puzzles in addition to technical articles and news. The monthly magazine is the official publication for the Kansas State University Engineering association, which counts as members all students enrolled in the School of Engineering and Architecture.

The Engineer has an average circulation for its regular issues of 3,000 copies, with 650 free magazines going to high schools and to the 48 member colleges of the Engineering College Magazine association. A special issue is published annually for Engineers Open-House. During the year, the magazine ran a series of articles on fields of engineering, listing personal requirements. As an added reader-interest feature, the Engineer also sponsored a beard-growing contest. This year's Kansas State Engineer was under the guidance of Editor Al Engle, with Richard Chelikowsky as business manager.

KSDB, News Bureau, K-Stater Release News

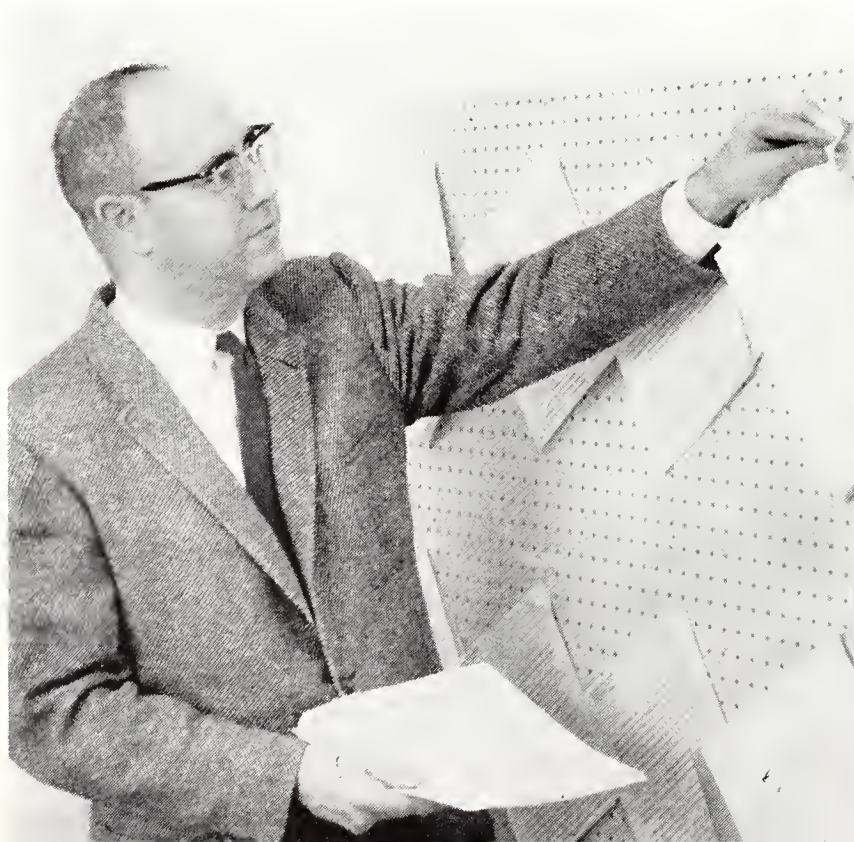

Live broadcasting of the Model United Nations proved a challenge for KSDB-FM this spring. Operated by the students, the radio station was designed to train students in radio broadcasting techniques.

Carl Rochat directed the K-State News bureau. Three part-time writers assisted Rochat in sending

out approximately 50 stories a week about the activities of the University, its students, and faculty. Helen Hostetter wrote and edited the K-Stater magazine. Published four times a year, the magazine went to members of the K-State Alumni association. Issues featured University schools and departments.

Touchstone Often Gives First Publishing Outlet

Many students' first published material appeared in Kansas State's literary magazine, Touchstone. The magazine, now in its second year of existence, was published once during the spring semester. Touchstone served as an outlet for creative work including short stories, poems, and non-technical essays. All copy in the magazine was written by K-State students. Students' art work, which included drawings and paintings selected from semester art showings, was introduced in this year's issue.

To finance Touchstone, a grant from the Apportionment Board supplemented sales revenue. The magazine was edited by Keith Peters, and Alwyn Burland, associate professor English, was faculty adviser. Robert Johnson, Mary Lee Wallerstedt, Margretta Flinner, and Norman Hostetler acted as associate editors. Other staff members included Karen Bramen, art editor; Linda Krueger, executive secretary; and Elliott Parker, business manager.

EDITOR-IN-CHIEF of Touchstone is Keith Peters. The two-year-old magazine publishes creative work by K-Staters.

Band Acquires New Director, Plans Alterations

In September, a new director assumed his position with the Kansas State bands. Paul Shull joined the music staff to organize the students who provided music for games and concerts. The four separate bands had individual programs and purposes. The football band played at all football games and pep rallies, while the basketball band performed at local and regional basketball games. In addition, two concert bands presented a winter and spring concert. The assistant band director was Billy Jones.

Trollman Leads the Band

Drum Major Mike Trollman led the marching band in parades and during the football halftime shows. He was assisted by six spirited twirlers: Mary Ann Simpson, Jeanne George, Patty Smith, Arlene Ciboski, Pat Hayden, and Sue Shannon.

Trips Highlight Year

Special highlights of the year included a trip to

Oklahoma during football season and a tour to Northwest Kansas in February. K-State sponsored a workshop for high school bands in the fall. About 2,000 students from Kansas high schools attended Band Day. The musicians combined to perform during the halftime of the K-State-South Dakota State game.

Band Program Changes

When the band takes the field next fall, the band members, all men, will be sporting new uniforms. Clad in royal purple trimmed with white and gold, the marchers will wear a West Point-style coat with a standing collar, a detachable chest shield, and a detachable, reversible white and gold satin cape. A special program for coeds will be inaugurated since they will no longer be eligible for the marching band. A women's concert band will be formed to play from the stands during football season and to help in planning halftime programs.

Singers Perform for Servicemen in Far East

On a 22,000 mile tour last summer, the K-State Singers appeared before American servicemen on duty in Japan, Korea, Okinawa, Iwo Jima, and the Philippines. "There is Nothin' Like a Dame," the men Singers voiced, with unanimous agreement from their audiences. The Singers demonstrated individual talents with tap dances and instrumental solos. In addition, the women took time from their rushed schedule to dance with the servicemen.

The tour terminated with a concert before 1,200 people in Manhattan. This concert premiered the

K-State Singers over 60 performances for conventions, banquets, dance intermissions, and their fourth annual benefit concert for scholarships.

Music Interest Grows

Increased interest in and demand for music numbers on and off campus coincided with a growth in the Music department's groups. Two Varsity Men's Glee clubs, Women's Glee club, A Cappella choir, Madrigal Singers, and the orchestra provided musical programs for Kansas schools, in addition to spe-

cial concerts and performances for departments on campus. A combined chorus of 325 voices with the orchestra, gave the Christmas "Messiah" assembly.

The Men's Glee club, under the direction of Morris Hayes, nearly doubled in size this year, making a division into two sections necessary. As a part of their 36 appearances, the glee clubs were guests of the Kansas City Chamber of Commerce and sang at the American Royal. Most of the Women's Glee club performances were in Manhattan, although the coeds did sing at a Music Educators conference in Salina in February. Jean Sloop was director.

Ensemble Sings Madrigals

The newest vocal ensemble was the Madrigal Singers, also directed by Miss Sloop. Sixteen men

and women sang madrigals and early polyphonic works for the Feast of Carols in December and the Pro Musica Antiqua program in the spring. The A Cappella choir, 69 voices strong, performed in University assemblies and presented their annual spring concert which preceded a weeks' tour to Eastern Kansas high schools.

Brahm's "Second Symphony in D Major" was given in full at the orchestra's winter concert. Under the direction of Luther Leavengood, they gave the Concerto program in the spring in which student soloists performed with the orchestra as background. The orchestra and the A Cappella choir saluted the Kansas Centennial during National Music Week with Virgil Thompson's "The Plough that Broke the Plain" and Norman Lockwood's work called "Prairie."

Dramatics Department Produces Five Shows

Clamoring for the spotlight, stage struck K-State Players memorized lines, grew beards, and donned grease paint for theatrical productions. Five major plays were produced during the year, plus laboratory one-act plays written by K-State students.

Over 100 students were responsible for the production "Kiss Me, Kate." The Departments of Music and Drama coordinated their efforts to produce a show filled with gaiety and rhythm. An appreciative audience applauded the professionally executed dance and song selections from this highly successful Broadway show. Featured as an inner plot within the "Kiss Me, Kate" show, was an adaption of early English literature with Shakespearean influence, "The Taming of the Shrew." The secondary plot centered around a troupe of Shakespearean actors which featured Joan Moore as the shrew. Paul Prie-

STAGE HANDS, working in the shop, built backdrops and props of professional quality. Long hours were spent

behind the scenes planning, constructing, and painting entire sets for all of the K-State Players productions.

"THE TAMING of the Shrew," the inner plot of "Kiss Me, Kate," contrasted early English and modern productions.

fert, playing the opposite role of Fred, attempted to tame his new bride.

Second Production Tugs Heart Strings

"Come Back Little Sheba" portrayed the pathos of life as it depicted a degenerate couple whose early mistakes had led them to behold each other with scorn and contempt. Laurel Johnson and Darwin Klein played the aging twosome who, after losing their zest for life, found hope in their relationship.

"On Borrowed Time" was a tragic play interspersed with bits of humor. It concerned the guardianship of a young orphan boy. In an attempt to gain custody of the boy and his inheritance, an aunt tried to prove the grandfather, played by Charles Peak, incapable of looking after his ward. As a result of his actions he was thought insane but the accusation was proven to be false.

Old-Time Melodrama Encourages Hissing

Originally "The Streets of New York" was presented as a serious melodrama in 1857. The exact reverse was felt by the University audience, however. They laughed uproariously and hissed as if on cue.

THROUGH TRICKERY, death in the form of an earthly being is caught in an apple tree and consequently cannot kill

the grandfather in "On Borrowed Time." The dilemma created makes everyone think Gramps is insane.

In the play, directed by Jim Bob Stephenson, an old sea captain's family was cheated of their bank account by the villains. The audience participated in the form of cheers for the heroine Mary Connet and hero Ron Burkhardt. They hissed the villainess Lu Gleue, and the villains Charles Peak and Dave Green.

Castaways End Life Tragically

A tragedy, "Golden Boy," revolved around a misfit of the sports and musical worlds. Joe Bonaparte was played by Bob Pangburn. In his role as the concert violinist, he discovered that he could not make an adequate income. Refusing the aesthetic, he turned to the materialistic boxing scene. As a fighter he met Lorna Moon, characterized by Judy Hoy. After a great misfortune they were not accepted by society and end their lives tragically in an automobile crash.

The students of drama gained experience directing as well as acting in three one-act plays during the fall semester. In the spring, laboratory one-act plays were written by members of the K-State Players who practiced the techniques they had learned the previous semester. Costuming, lighting, designing, and constructing entire sets were done by the Players.

ONE-ACT laboratory plays afford opportunities for future actors, directors, and playwrights to gain experience.

Ag Judging Teammates Group Winning Scores

Score cards and written and oral reasons were the methods used to judge crops, animals, and products by members of seven judging teams representing K-State. The Butter Cup trophy, awarded at the Collegiate International contest at Chicago, was won by the Dairy Products Judging team for the best team performance in the butter division. Under Ross Mickelsen's guidance, the team placed fourteenth out of 25 teams in judging classes of ice cream, cheese, milk, and butter.

Poultry Team Retires Trophies

The Poultry Judging team acquired permanent possession of three rotating poultry judging trophies at Chicago's Interecollegiate contest. A fourth trophy is currently in K-State's possession. Coached by Ray

Morrison, the team ranked high in breed selection and production, and fourth in marketing. Products were graded according to government standards; birds were selected for breeding desirability and egg production. Gary Havenstein won individual honors.

Meats Team Repeats High Rating

For the second consecutive year, the Senior Meats Judging team was first at the American Royal. Gary Beck won individual honors. A week later the same team, coached by Robert Merkel, placed eighth at the International Livestock exposition in Chicago with a second in pork judging. A junior team, in training for next year's shows, judged at Ft. Worth, Texas. The team members individually judged the divisions of pork, beef, and lamb and their scores were compiled for the rating. Carcasses were scored as to what the consumer demands in high quality meat cuts.

Wool Team Wins First Place

Seven classes of four fleeces were judged by the Wool Judging team. Features that influence the market value are the characteristic color, amount of clean wool, size of fiber, and shrinkage. The senior team tied for first place with Texas A & M at the American Royal. Wayne Bacon was the individual winner. The junior team placed fourth at Denver.

The Senior Livestock Judging team, regulated by the rules set up by the Inter-Collegiate Livestock Judging Coaches associations of which K-State's Don Good was president, placed sixth at the American Royal and fourth at Chicago. The team scored high in judging swine in Chicago. Balance and body conformation were judged in 12 livestock classes. Juniors participated in contests at Denver, Colo., and Ft. Worth, Texas, in training for the senior team.

MEAT JUDGING TEAM—Gary Swarner, Elton Aberle, Gary Beck, Coach Robert Merkel, Lewis Trentman, John Thomas.

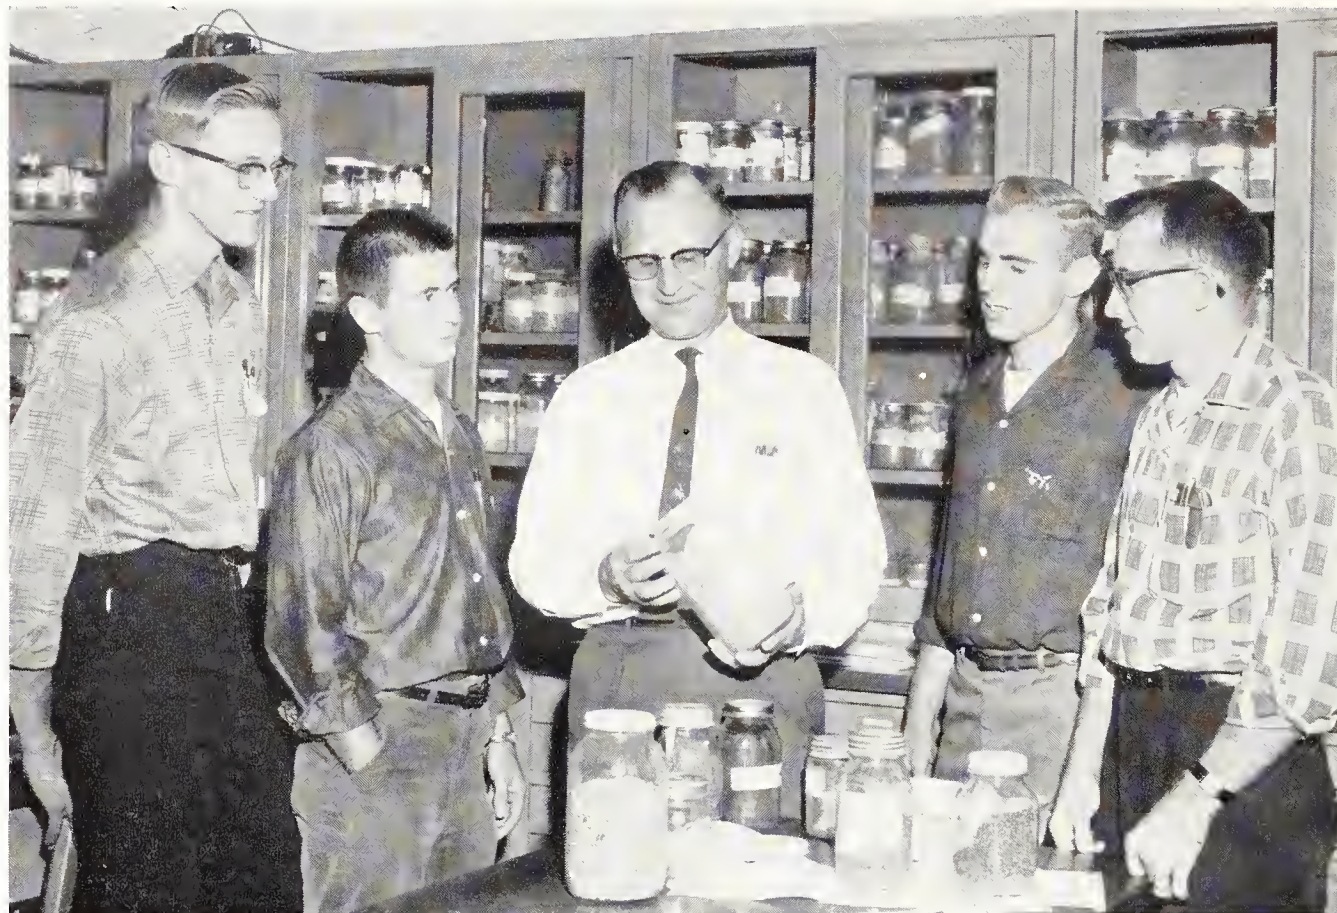

WOOL JUDGING TEAM—Joe Lichtenauer, Wayne Bacon, Lowell Slyter, Kenneth Herbster, Carl Menzies.

SENIOR LIVESTOCK JUDGING TEAM — Don Good, James McCoy, Frank Filing, Kenneth Herbster, Larry Cundiff, Robert Lewis, Dell Allen, James Houck.

CROPS JUDGING TEAM—Gary Eilrich, Larry Larson, Coach Ernest Mader, Gerald Kerns, Delbert Schrag.

Dairy Cattle Team Competes Nationally

The Senior Dairy Cattle Judging team placed second at both the Hutchinson and Chicago contests this year. At the national contest in Waterloo, Iowa, K-State was thirteenth among 27 competing teams. John Carlin placed fourth in individual ratings. Two classes in each of five breeds were judged. Oral reasons were given in judging classes of Holstein,

Jersey, Guernsey, Ayrshire, and Brown Swiss cattle, these all being dairy breeds.

The Crops Judging team, coached by Ernest Mader, repeated a third place performance at the contests sponsored by the Board of Trade in Kansas City, Mo., and at the International Livestock Exposition in Chicago. Judging was scored on identification of crop varieties and seed planting analysis.

SENIOR DAIRY CATTLE JUDGING TEAM — Larry Larson, John Carlin, Richard Rosenhagen, Coach Germain Marion.

SENIOR CLASS COUNCIL—*Top Row:* Charles Foster, Richard Rees, Dan Burbach, Dave Fiser. *Bottom Row:* Jan Stewart, secretary;

Joe Kashner, president; Ken Ingram, vice president; Wanda Eggers.

'Finality' Marks Mood Of Graduating Seniors

A sense of finality marks the seniors' year at K-State because they are entering a last whirl of undergraduate classes, parties, and activities. But at the same time, this finality stimulates the search for a job and a different way of life to replace the one soon to be outgrown and given up.

MONTHS OF study, weeks of preparation, and days of intense concentration culminate in the several nerve-shatter-

ing hours called "orals." With their subject well in mind, each grad student is tested by a faculty committee.

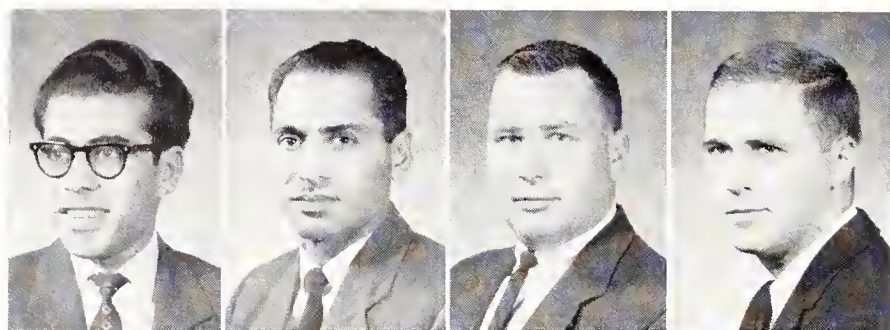

Grad Students Confront Added Responsibilities

The transition from undergraduate to graduate life requires that students face new responsibilities to the University and to themselves. Long hours of work are repaid by associations with outstanding faculty members in various fields of study. Although graduate students bemoan a lack of social activities, a Graduate Student Association helps fill the void created by the passing of undergraduate activities.

CENTENNIAL

OF THE STATE OF

KANSAS

1861-1961

MEETING NEW friends in dorms, classes, and on dates often means the beginning of lasting friendships. Here

a couple seeks solace on the Union terrace to escape the blaring music and noisy chatter in the busy stateroom.

Underclassmen Pursue Collegiate Mode of Life

Undergraduate days are made of magic moments for students who are experiencing new activities for the first time, or as one time in a series. Social life and intellectual achievements permeate both the atmosphere of the classroom and outside activities.

Students are wholeheartedly involved in the University community. They are not like the seniors who have had the opportunity to experience all these things before and are looking for a different way of life to replace the one they lead. Undergraduates still have carefree, exciting, exuberant years ahead in which to enjoy the companionship of others like themselves—others who share a similar philosophy, background and enthusiasm for life.

A COED receives the ribbons of her chosen sorority. Rush week is often the first social activity of new students.

← UNDERCLASSMEN are proud that one of their ranks, pert Gayla Shoemake, was chosen Miss Kansas Centennial.

Throughout the years twin lionesses have stood as symbols of strength and protection before the columned building that is the Home Office of Kansas City Life Insurance Company.

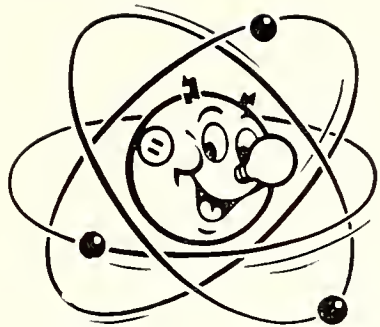

Their bearing is strong and proud as though they knew how the funds entrusted to us are held to provide a *security assured* for our policyowners and their families.

GROWING KANSAS IS GOING ELECTRICAL

Modern electric living is a reality in our generation, yet all of today's electric utilizations will be far surpassed by future achievements. This year, the Kansas Centennial Year, and in the years of the future, keep your eye on KPL. The Kansas Power and Light Company—like the State of Kansas—is Proud of the Past . . . Growing with the Present . . . and Confident of the Future.

The 1961 ROYAL PURPLE is not the editor's book; it belongs to each Kansas State student. The book reflects the happenings of this school year and is possible only because of the cooperation of many individuals. A sincere THANK YOU goes to Royal Purple adviser C. J. Medlin for support when it was needed; to the members of the editorial staff for their time and efforts; to Owen Brewer for pictures and encouragement; to David von Riesen for activity pictures; to Laurence Blaker for the Royal Purple queen pictures; to Studio Royal for class pictures; to Don Richards and Darryl Heikes for the color pictures; to Floyd Hanna for the organization pictures; to R. R. Maplesden of Burd & Fletcher Printing company, Kansas City, for his help and understanding; to Ralph Kolb of Burger-Baird Engraving company, Kansas City, for his cooperation; to Larry Weatherman, Kansas City, for the art work and cover design; to James Kilgore of Kingsport Press for his cover suggestions and cooperation; and to the Royal Purple office staff for their diligent work.

Thirty-sixth
Congress of the United States,
At the second session.

Begun and held at the City of Washington
in the District of Columbia.
on Monday the third day of December one thousand eight hundred and sixty.

An Act for the admission of Kansas into the Union.

...Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the State of Kansas shall be, and is hereby declared to be, one of the United States of America, and admitted into the Union on an equal footing with the original States in all respects whatever. And the said State shall consist of all the territory included within the following boundaries, to wit: beginning at a point on the western boundary of the State of Missouri, where the thirty-seventh parallel of north latitude crosses the same; thence west on said parallel to the twenty-fifth meridian of longitude west from Washington; thence north on said meridian to the fortieth parallel of latitude; thence east on said parallel to the western boundary of the State of Missouri; thence south with the western boundary of said State to the place of beginning. Pro-

the Sup. the United States the district of Kansas
Court of the State of Kansas, as the nature of such
writ of Error may require; and each of those courts
successor of the Supreme Court of Kansas Territory, as to
such cases, with full power to hear and determine the same,
and to award mesne or final process therein.
Sec. 5. And be it further enacted, That the judge of the district
court for the district of Kansas shall hold two regular terms
of the said court annually, at the seat of government of the
said State, to commence on the second Mondays of April
and October in each year.

Wm. P. Munro
Speaker of the House of Representatives.

Approved 27 January
1861

James Buchanan Vice President of the United States and
President of the Senate.
