“What is the end of university education? . . . Knowledge is capable of being its own end . . . Knowledge is not merely a means to something beyond it, or the preliminary of certain arts into which it naturally resolves, but an end sufficient to rest and pursue for its own sake.”

These words by Cardinal Newman, a 19th century philosopher, are the key to a subtle transition that has been taking place at Kansas State for a number of years. It is a trend that was officially recognized in the spring of 1959 when the word “University” became a part of the school’s name.

President James A. McCain has pointed out three gradual changes giving this school a university status:

1) An increasing emphasis on liberal education. There has been an increase in arts and sciences students and students majoring in technical fields are required to take more liberal arts courses.

2) A marked tendency to reduce the number of applied courses and replace them with scientific or theoretical courses.

3) An increased emphasis on basic research with no practical application as its object.

We hope the following pages will make you aware of this subtle development of our University and give you a complete account of the school year.

ADMINISTRATION

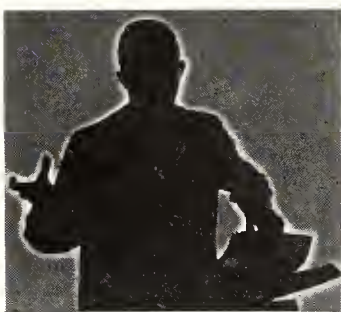

BOOK ONE

Anderson hall, with its ivy-covered walls and resounding bell, is a symbol of the traditions upon which Kansas State is founded. Its quiet dignity is characteristic of a sound, academic institution.

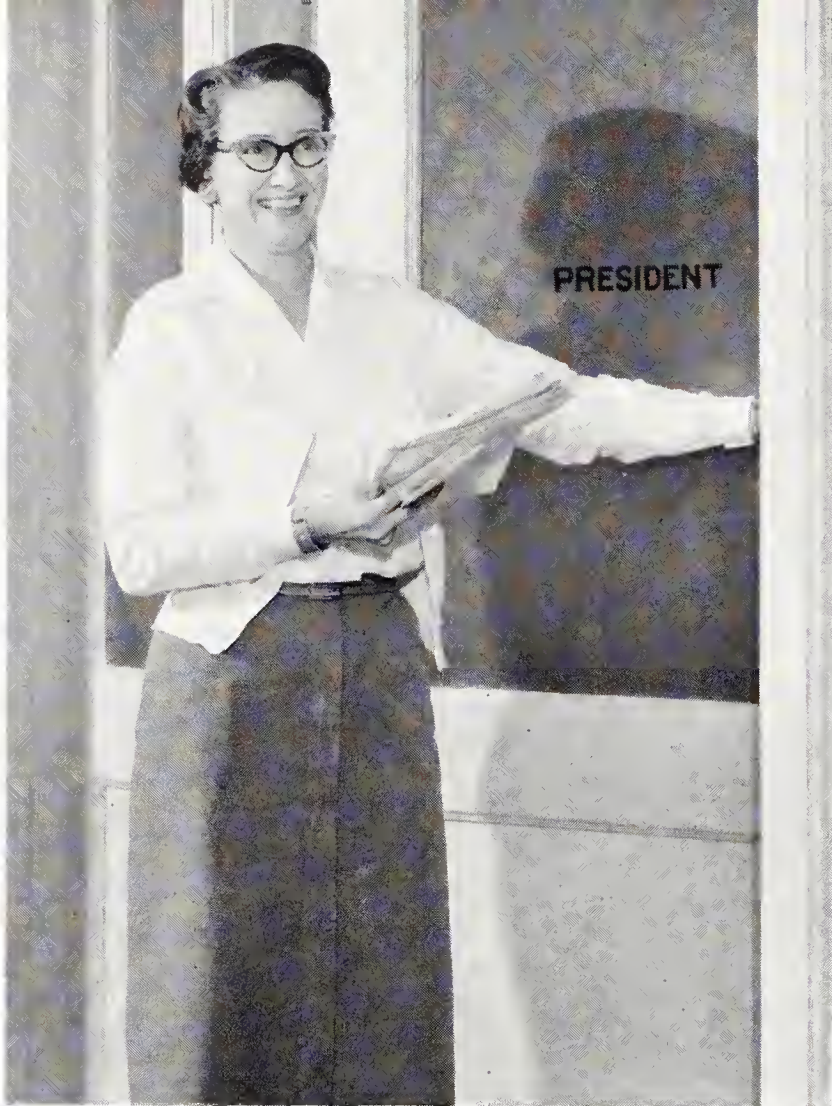

From the administrators come the policies that influence the activities of the classrooms and laboratories.

Here a watchful eye is kept on the quality of the school's educational program and the progress of its research and extension work. Here also is maintained the link between the state's citizens and the operation of the University.

Students are given the opportunity to develop valuable leadership skills by serving on various committees and councils. Student governing groups check extra-curricular activities to be certain the largest number of students are getting the greatest amount of benefits. Outstanding students work with the administration to see that everyone is given a chance to gain a broad social and scholastic education.

ALL PERSONS wishing to see the president are politely received by his secretary, Mrs. Grace Lindquist.

THE MCCAIN FAMILY IS AN ACTIVE ONE, both on campus and in the community. Mrs. McCain is honorary presi-

India Trip Is Highlight of Year for President

Highlighting President James A. McCain's tenth year at K-State was an official visit to India. Dr. McCain and Whitley Austin, a Board of Regents member, joined presidents and regents from three other midwestern universities for consultation with Indian officials on the progress of the economic assistance program.

Dr. McCain's active building program was an outstanding accomplishment in the 1959-60 year. The new Student Health was finished and additions to Eisenhower and Kedzie halls were nearly completed. Next fall the first men's dormitory and the Smurthwaite house for women will be occupied.

dent of the faculty social club. Sheila, a local high school student, lists music as her major interest.

WORKING WITH THE REGENTS and the legislature in budgeting money is one of Gov. George Docking's jobs.

Regents Make Policy For Kansas Colleges

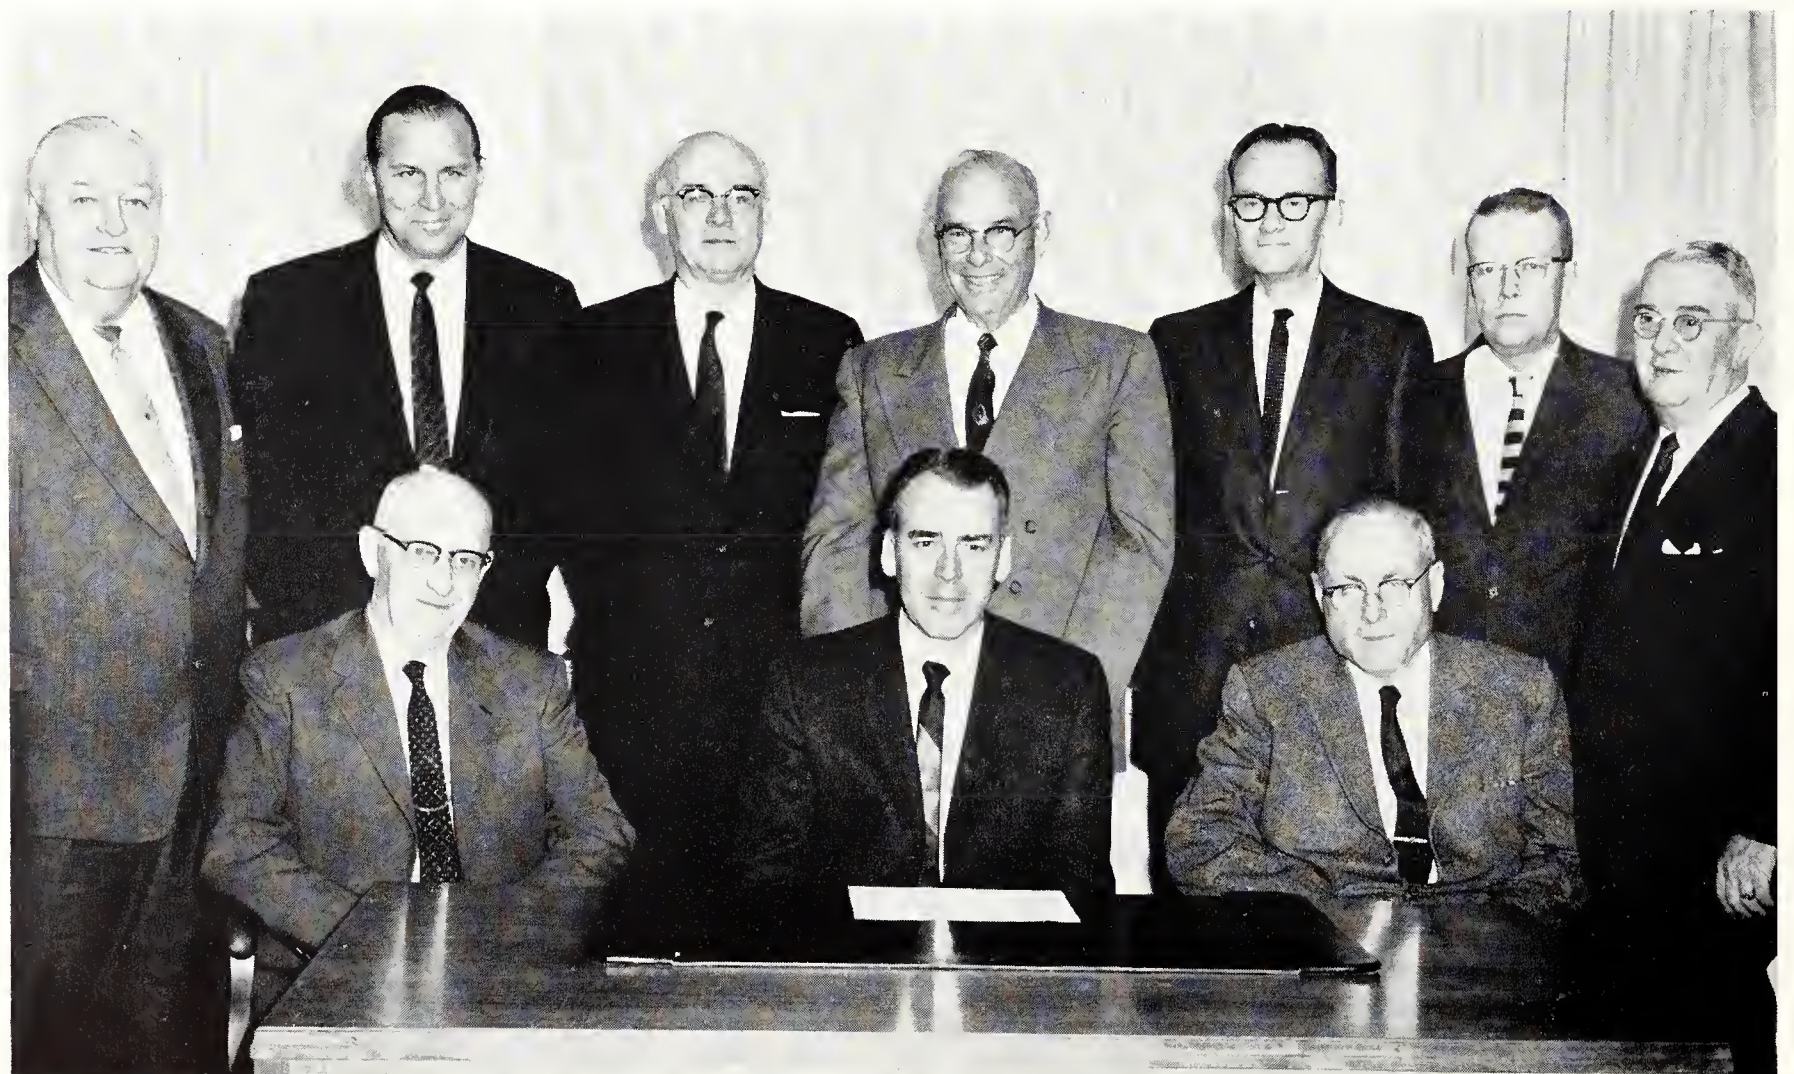

Nine leading Kansas citizens representing various areas of the state comprise the Board of Regents. This board functions as the policy-making body for the five state-supported colleges and the schools for the deaf and the blind. Ray Evans was chosen chairman of the group early in the year.

At their monthly meetings, the members of the board handle all non-administrational business of the institutions, including general policies, matters relating to the budget and building programs, curriculum changes, authorization for leaves of absence, and appointments to the staff.

The board presents the schools' budget requests to the state legislature. Kansas State this year received appropriations sufficient to remodel Anderson and Vet halls, to give faculty members merit increases, to enlarge the program of basic research, to establish a new language laboratory, to add to the books and periodicals collection in the Library, and to expand services to Kansas agriculture and the livestock industry.

TO BETTER FULFILL collegiate health needs, the new Student Health Center was opened in the fall with such

added facilities as an expanded physical therapy department, a new X-ray unit, and a larger treatment room.

Student Aid Main Job Of University Officials

Coordinating and directing student personnel is the job of Herbert J. Wunderlich, dean of students. The plans and policies of each student's campus life are his concern. In this, his fifth year at Kansas State, Dean Wunderlich is helping with plans for the Union's expansion, health service programs, scholarship loans, and international students. Student welfare, which includes all of the phases of personal and educational needs, is also his concern. Also of prime concern now are plans for future men's and women's residence halls.

New Dorm To Be Open in Fall

Plans are being made to move into the new men's dormitory next fall. The outer shell is completed and the extensive interior work is underway. The six-floor, red-brick dormitory, located west of the ROTC drill field, will house about 600 men. A food center will be constructed near the dorm.

Plans also are being made to construct a new addition to women's housing by 1962. This new

dormitory, still on the drawing boards, will be the first of several buildings that will be built in the future for the women. These structures will be built in the general vicinity of the three women's dorms that are now located at the northeast of the campus. The first dormitory will encircle a separate and centrally located food center. The building, which will be larger than the present dorms and which will house about 300 women, will be the first newly built women's dormitory since 1949. This building is expected to help satisfy the over-occupied conditions which now exist in the women's dormitories.

Women's Scholarship House To Be Built

The Smurthwaite Scholarship house for women also will be completed in the near future. About 50 to 60 women will occupy the scholarship hall, the first of its kind for women on the campus. Several K-State organizations are contributing to a fund for constructing the hall.

Margaret Lahey, associate dean of women, works to improve the existing conditions for the women students. Individual personal problems and counseling take much of her time. She also advises the Panhellenic Council, Associated Women Students council, organized house directors, and is concerned

with the personnel and counseling in the residence halls.

Ron Jackson, assistant dean of students, advises international students, is the executive secretary of scholarships, and works with the men's counseling program.

The assistant to the President, Max Milbourn, has been described as the man on "the opposite end of the President's buzzer." Assisting President McCain, coordinating university matters, and working with the State Legislature in Topeka are some of his tasks. Being known as the President's right-hand man, Milbourn works closely with the press and publicity agencies by providing information of interest and importance to the general public about Kansas State.

Albert L. Pugsley, dean of academic administration, deals with the problems of fellowships, student and research grants, faculty rank, salaries, and retirement plans. Dean Pugsley serves on numerous university committees in coordination with his position on the President's administrative staff.

Beatty Prepares Annual Budget

Daniel D. Beatty, official business manager for the school, prepares the annual budget and appropriation requests. The business and financial problems of the University are sent to him.

Chester E. Peters, director of the Placement Center, assists students in finding jobs. E. M. Gerritz is the director of admissions and registrar and directs a high school visitation program. The Counseling Center is headed by Donald P. Hoyt, while A. Thornton Edwards is the housing director. The new Student Health building was opened this year, and is directed by Dr. Benjamin W. Lafene. F. D. Farrell is the President emeritus.

School History Kept by Correll

The university's history dating from the time of Bluemont college is kept by Charles M. Correll, historian, and the alumni secretary is Kenny Ford. The new librarian is Melvin J. Voigt. Thomas D. O'Brien is the director of academic research, while A. B. Cardwell is the director of the General Research bureau. R. F. Gingrich supervises the maintenance of buildings. The comptroller, Ralph Perry, manages general business transactions. The Veteran's Service director is Wendell Kerr and the Endowment and Development director is K. M. Heywood.

KS Faculty's Policies Determined by Senate

The Faculty Senate to a large extent, controls the policies of the Kansas State university faculty. The Senate normally met the second Tuesday of each month, at the close of each semester, including summer school, and when called. Any faculty member could attend meetings, but only Senate members were allowed votes.

The Faculty Senate had control of all matters dealing with courses and curriculums to be offered at K-State, and approved candidates for both graduate and undergraduate degrees from the University. The Senate has the authority to participate in establishing policies for supervision and control of student affairs, faculty affairs, and public relations. It also was concerned with the formulation of policies pertaining to many all-University problems.

The Faculty Senate was concerned with the various phases of the over-all academic program and extra-curricular activities, and determined personnel policies such as faculty selection, assignment, remuneration, leaves, improvement of instruction, and retirement. It also directed relations between the University and the public within the state and nation.

Membership on the Faculty Senate consists of two elected senators from each undergraduate school and the Extension division, plus one senator for every 35 faculty members in that school or division.

SGA Aims To Benefit K-State Student Body

The Student Governing association's purposes are to establish and maintain student body government, to enact and enforce laws, and to promote activities that are considered appropriate for the student body. All students enrolled in more than six hours are automatically members of SGA and have the privilege of voting.

Steve Douglas, student body president, signs all bills passed by Student Council, sees that the laws are properly executed, and handles SGA's correspondence. His other duties include representing the student body at various activities. Sid Jones, chairman of Student Council, presides at council meetings and represents the students at meetings of the Faculty Council on Student Affairs.

Larger turnouts in SGA elections were promoted by the Council by setting up more voting booths on campus. Other objectives of the Student Council included moving the proposed new University auditorium up on the building program priority list, recommending optional ROTC, and getting extended weekend library hours. Council members representing the six schools and the student body president are elected in the spring.

KEEPING THE SGA MACHINE well-oiled and running is the main job of Steve Douglas, student body president.

Rehabilitation Purpose Of K-State's Tribunal

Rehabilitation, not punishment, is the purpose of Kansas State's Tribunal. It carried out, during the school year, a "friendly study" of violations of the Honor Code of the University.

There were seven student justices on Tribunal and three faculty justices. Student members were nominated by the Student Council and the faculty members by the Faculty Council on Student Affairs. The Tribunal does not have power of the final decisions on student affairs, but makes recommendations to Dean of Students Herbert J. Wunderlich, who either approves or overrules the recommendations.

Determining what is fair and reasonable is a major concern of the Tribunal. It can recommend such punishments as dismissal, probation, letters to students' parents, payment for damages, and curtailment of University rights and privileges of the student. The Tribunal meets when cases arise. Max Peterson was chancellor in the spring.

AWS Goal Unification And Welfare of Coeds

Every woman on campus is automatically a member of the Associated Women Students. The AWS council is made up of one representative for every 50 women living in an organized house or dormitory. Duties of the council include, with the aid of committee chairmen and a judicial board, working for the unification and the social and educational welfare of the women students. Associate Dean of Students Margaret Lahey advises the council and Judy Young was its president this year.

"Holy, fair, and wise is she" was the theme of the AWS annual All Women's day. The theme was chosen to emphasize the religious and intellectual growth of the coed, and to enumerate the other feminine characteristics a woman should cultivate. Penny-a-minute night, at which men pay a penny for every minute past 1 a.m. they keep their dates out, brought in \$165 this fall. The AWS is trying to get enough money through this activity to furnish a room in the proposed women's scholarship hall.

The service committee provided entertainment at the Fort Riley hospital each Sunday afternoon and was in charge of the Christmas caroling there. Other activities included revision of the campus queen rules, dinner at the freshman dorms to explain the functions of AWS, and taking charge of the Artist Series ticket sales.

DIVIDING ACTIVITY FEES among organizations are Apportionment board members John W. DeMand, Gene

Olander, Joyce Rogers, Dean Herbert Wunderlich, Martyn Apley, Susan Mechesney and Steve Douglas.

Boards Divide Money, Guide KS Publications

Allocating money from student fees is done by the Apportionment board. The board divides money among campus organizations after requests are made at hearings before the board. A total of \$204,060 was divided among 30 organizations this year.

The board is composed of three students appointed by Student Council, three faculty members appointed by the President, and the student body president. The group meets each spring and tentatively apportions money to requesting organizations. Meeting again in the fall, the board makes its final allocation following payment of fees by enrolled students.

Student Publications received the largest amount last fall, \$63,787, or \$10.32 a student. The Student Union followed closely with \$61,760, or \$10 a student. The Athletic department was allocated \$33,967, or \$5.50 a student.

The board makes all allocations according to organizations' need and campus importance. Organizations requesting money are required to give valid reasons for needing the money. The Marching Band trip is the only activity that received more money than had been requested. Most organizations get less money, since there is not enough money from student fees to pay all the requested amounts.

The Board of Student Publications decides policies concerning the Collegian, Royal Purple, and Student Directory. Three student members are elected to the board in the Student Governing association election each spring. The President appoints three faculty members to serve on the board. The board appoints editors and business managers of publications, employs the graduate manager of Student Publications, and awards contracts.

Curriculum Is Altered In Agriculture School

The administration this year altered the curriculum in the School of Agriculture, so that all freshmen entering the University will take practically the same courses through the sophomore year. Students in Agriculture will take all the basic science courses before specializing in any one field.

This change will apply to all the fields in the School of Agriculture except students enrolling in Agricultural Education, Landscape Design, Milling Technology, and Dairy Manufacturing. These four curriculums were changed a few years ago to require students to take the basic sciences in preparation for the more specific courses required for graduation.

Revision To Upgrade Academic Quality

The purpose of the revision is to upgrade the academic quality of education in agriculture and to meet the rapid changes in the agricultural industry. The new curriculum will prepare students for service in any phase of agriculture, including the provision of goods and services used in farming and the production, processing, marketing, and distribution of farm products.

The basic science courses required for freshmen and sophomores include botany, zoology, psychology, political science, economics, bacteriology, genetics, entomology, geology, chemistry, and physics.

ARTHUR D. (DAD) WEBER, dean of Agriculture, made a tour of India as a member of the USDA-ICA project.

During the junior and senior years a student is required to take one course in each of the broad areas of agriculture: soils, plant science, animal science, agricultural engineering, and agricultural economics. These courses combine the old "elements" courses that freshmen and sophomores were required to take. The "elements" courses were introductory courses in animal husbandry, dairy husbandry, poultry, horticulture, meats, and crops.

tracts have been awarded to five land-grant universities to carry out the project.

Besides K-State, Ohio State university, Missouri university, Illinois university, and Tennessee university are under contract with ICA. India is divided among the five universities and K-State's region is in central India.

Six agriculture students from India attended K-State in the fall semester under the ICA contract and 22 were scheduled to enroll the second semester. All of these students have had previous college training and are taking advanced work in ag.

Seven Faculty Members in India

Seven full-time K-State faculty members are giving technical assistance in India. These faculty members work through the established institutions in improving crops, soils, education, and extension. Dr. George Montgomery, head of the Economics and Sociology department, heads the K-State team in India. Specialists in veterinary medicine, home economics, agronomy, and poultry are aiding the Indians.

President James A. McCain and Whitley Austin, a member of the Board of Regents from Salina, toured India in January. They conferred with high Indian officials on the aid K-State is giving the country. Regent members and presidents from Missouri, Ohio State, and Illinois universities were in India at the same time.

Dean of Agriculture Arthur D. Weber went to India last fall as "chief of party" for the whole United States Department of Agriculture-ICA project.

During the year the Little American Royal and other ag shows are presented in the building's large arena.

HELPING AG STUDENTS with academic problems is the job of Assistant Dean of Agriculture Clyde Mullen.

DIRECTING THE THREE DIVISIONS OF AGRICULTURE at Kansas State university are C. Peairs Wilson, School of

Agriculture; Glenn H. Beck, Agricultural Experiment Station; and Harold E. Jones, Extension Service.

The purpose of the trip was to make recommendations to the government of India to improve their agriculture, extension, production, and education programs. Dean Weber toured all of India and was given a leave of absence from K-State for this purpose. His trip was financed by ICA.

Dean Weber's trip last fall was the third trip he has made to India. On his first trip he toured the K-State region to make recommendations to K-State. His second trip was sponsored by the Ford Foundation to appraise all of India's agriculture.

A new building is being constructed to house the flour mill, which was destroyed by fire in 1957. The building will be located east of Waters hall,

adjoining the Feed Technology wing. East Waters hall is being rehabilitated. It was gutted in the same fire that destroyed the mill. The whole project will cost \$1.4 million.

The student governing body of the School of Agriculture is the Ag Council, consisting of representatives from each department in the School. The council is responsible to all Agriculture students. Gary Cromwell, a senior in Agricultural Education, was president of the Council and Assistant Dean Clyde W. Mullen was faculty adviser. The Council coordinates the Ag Barnwarmer, a social dance for all Agriculture students, and Ag Science Day, an open house for all departments in the School. The

Ag Week is during the week preceding Ag Science Day and the Little American Royal on Saturday. Students in Agriculture are required to wear red neckerchiefs and blue jeans or get thrown in a horse tank. Ag Council had abolished the horse tank several years ago, but it was brought out of retirement last year.

Agriculture at K-State is divided into three divisions—Agricultural Experiment Station, Extension Service, and the School of Agriculture. Dean Weber is the head of all three divisions and has three directors under him—Glenn H. Beck, Harold E. Jones, and C. Peairs Wilson.

Experiment Station Coordinates Research

The Agricultural Experiment Station coordinates and publishes research findings in all schools of the University. Most of the research is directed toward rural life, but a large amount of the research findings can be applied to urban living.

EXTENSION DEPARTMENT HEADS—*Top Row:* W. G. Amstein, Agricultural Extension Specialist; Miss Margaret A. Koenig, Home Economics Extension; John M. Ferguson, Agricultural Engineering Extension. *Second Row:* Paul W. Griffith, Associate Director; Roger E. Regnier, Boys and Girls Club Work; Lisle L. Longsdorf, Extension Information. *Bottom Row:* Wilber E. Ringler, Assistant Director; Jack M. Burke, Radio Extension; Roman J. Verhaalen, Continuing Education.

The Extension Service has a staff of about 400, of which at least one person is located in every county in the state. These persons work with farmers, home makers, as well as non-rural people in improving the level of living. This is done through 4-H clubs, Home Demonstration units, and farm demonstration work.

Ag School Has Eight Departments

There are eight departments in the School of Agriculture which coordinate in giving students a knowledge of all phases of agriculture. Practically all the professors do research work along with their teaching chores. About 40 per cent of the professors have their PhD degrees. Dean Mullen was in charge of enrolling students and changing classes for them. He also approved substitutions of courses and his approval was required for students who wished to graduate.

Arts and Sciences Gets New Dean, New Dept.

A new dean, Thomas M. Hahn, Jr., accepted the position as head of the School of Arts and Sciences this year. Dean Hahn came to K-State from Virginia Polytechnic institute, Blacksburg, Va., where he was a professor and department head five years.

Another "new" in the School this year is the Statistics department created last July. Statistics was taught in a mathematical laboratory prior to that time. Establishment of the department was in recognition of the scope of work being done in this area. Full-time administration in the new department consists of five faculty members and three

graduate assistants. Enrollment in the School of Arts and Sciences is 2,697, or 158 more students than were enrolled last year although all-University enrollment has remained the same. The percentage of women students enrolling in the school this year was higher than had been predicted.

Working closely with Dean Hahn on student records and problems are Orval Ebberts, assistant dean, and John Murry, academic adviser. Assoc. Dean Paul Young shares the responsibility of many things which normally requires a dean's attention.

New department heads this year were H. C. Fryer, Statistics; William Bevan, Psychology; and P. M. Rice, History, Government and Philosophy.

New buildings receiving the finishing touches this spring are the Kedzie hall addition, costing \$375,000 and the Eisenhower hall addition, costing \$525,000. The Kedzie addition serves to expand

activities of the university press and journalism; the Eisenhower addition provides space for large classes to meet and faculty offices. It contains a lecture hall which seats 300 and ten rooms which seat 100 each.

The construction plans for the future include a physical science building to be located where the old business administration barracks now stand. The building will house mathematics, physics, and statistics, and will have space for biological and physical science lectures. Cost of the new building is estimated to be 2.7 million dollars.

Changes in department locations have been made or are planned because of the erection of Justin hall. Business administration has moved from the barracks west of Waters to Calvin hall. Plans have been completed for remodeling Thompson hall

various curriculums. The main undertaking of the Council is Arts and Sciences Day, an annual event for college and high school students. Arts and Sciences Day was November 14. Twenty-three exhibits, represented by the same number of departments were displayed in six buildings. The council also serves in a new advisory capacity to the Dean

Rogerson Heads Honors Program

The Honors program, headed by Brewster Rogerson, associate professor of English, has a student membership of about 120. Privileges offered to students participating in the Honors program are use of a special reference shelf in the library and permits to use the library stacks.

Major curriculum changes in the school this year include a transfer of the wildlife conservation curriculum from agronomy to a major in biological science, and a transfer of the industrial education curriculum from English to secondary education.

Physical Science Increase Largest

The highest increase in curriculum enrollment went to the physical sciences with 31 per cent. The seven education curriculums taken collectively have the highest total enrollment and business administration is second high. Research in the School of Arts and Sciences is extensive by individual faculty members and graduate students. Some research is done in cooperation with the Agricultural Experiment station and the Engineering Experiment station, and some is on contract with government or private associations.

Engineers To Operate New Nuclear Reactor

The addition of a 10-kilowatt, \$175,000 critical reactor, the Triga Mark II, to the Nuclear Engineering department will give the School of Engineering and Architecture one of the outstanding nuclear laboratory facilities in the Great Plains area. The reactor will be installed and in operation early in 1961. It will be an integral part of a new building, to be built between the Military Science building and the Physical plant.

M. A. Durland is dean of the School of Engineering and Architecture. He also serves as director of the Engineering Experiment station and the Division of Engineering and Industrial services. He was aided this year by Assistant to the Dean K. K. Goudy, and Prof. L. S. Dr. Irvin L. Reis replaced Gabe A. Sellers as head of the Industrial Engineering department. Dr. Reis was an associate mechanical engineering professor at Nebraska university, where he received his BS and MS degrees. He received his PhD from Illinois university.

There are 25 full-time educators to teach the 1,570 engineering students and the 300 architecture students. The engineering curriculum is divided into eight departments—agricultural, architectural, chemical, civil, mechanical, nuclear, electrical, and industrial. This year there were 12 women students in the school, 4 of whom were in architecture.

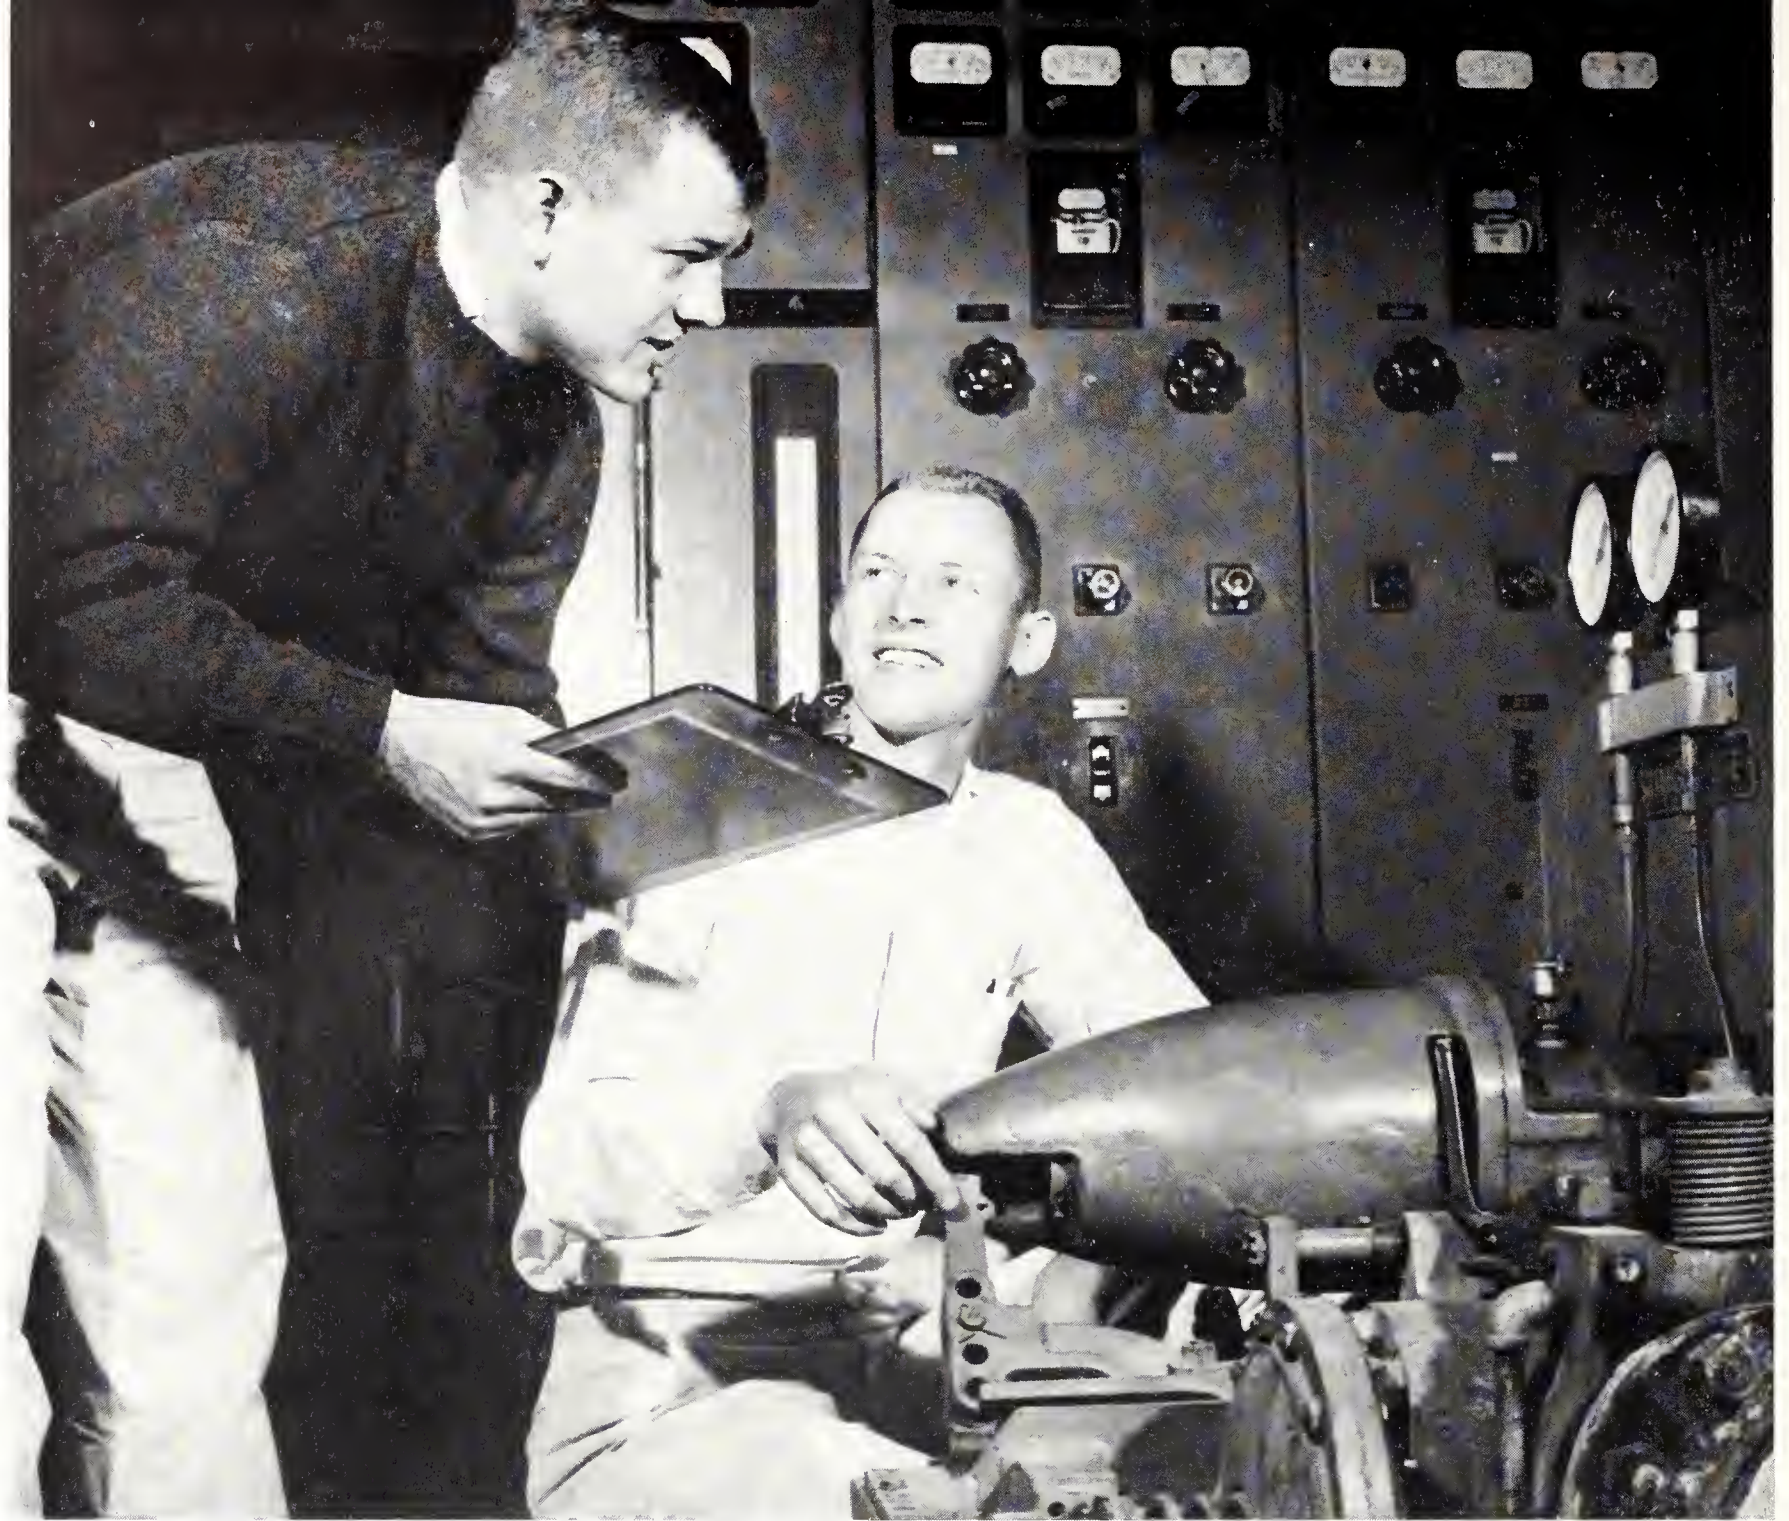

Receive Many Large Grants

Many outstanding grants were received by the school. The largest one-year grant was given by the Air Force to finance a project in satellite tracking. The \$36,000 went to the Applied Mechanics and Electrical Engineering departments.

Research projects are abundant in the Engineering school. One of the most interesting projects is the "Determination of the Orbits of Artificial Satellites." The aim of the project is the development of the theory for the accurate determination of orbits of artificial satellites using the least possible

"Engineering Unlimited—1960" was the theme of Engineering Open House March 18 and 19. The theme was carried out by an adventure into the problems confronting today's engineers and the technical preparation which will lead to solutions. The Open House was geared to high school students who may be interested in engineering and Kansas State. John Harri was chairman of the event.

Council Coordinates School Activities

Leo Scully was chairman of the Engineering council, which had 16 members. Duties of the council were to coordinate activities in the Engineering school, which involved primarily the Open House. The council also acted as a liaison between the students and Dean Durland. The K-State Engineer,

a monthly magazine written by a staff of 30, was edited by Kenneth Ingram. Purpose of the magazine is to bring news of engineering developments to students. As it is distributed free to high schools in Kansas, it tries to interest high school students in engineering and Kansas State. The magazine publishes non-technical and technical articles, plus informative features about the school. The magazine has a circulation of about 3,000.

The Division of Engineering and Industrial services, organized in 1958, is to assist in the development of industries in the state. Most of Kansas' industries are small and often need help with technical problems.

Division Helps New Industries

The division supplies such help as can be given by members of the engineering staff in connection with research being done in the school. It also helps with engineering, manufacturing, and managerial problems. The division is especially concerned with helping new industries.

Curriculum changes and alteration of entrance requirements took place in the School of Engineering and Architecture early in the 1959-60 school year. Industrial education was switched from the Engineering school to the Secondary Education department of the School of Arts and Sciences and the Engineering school dropped its degree in industrial technology.

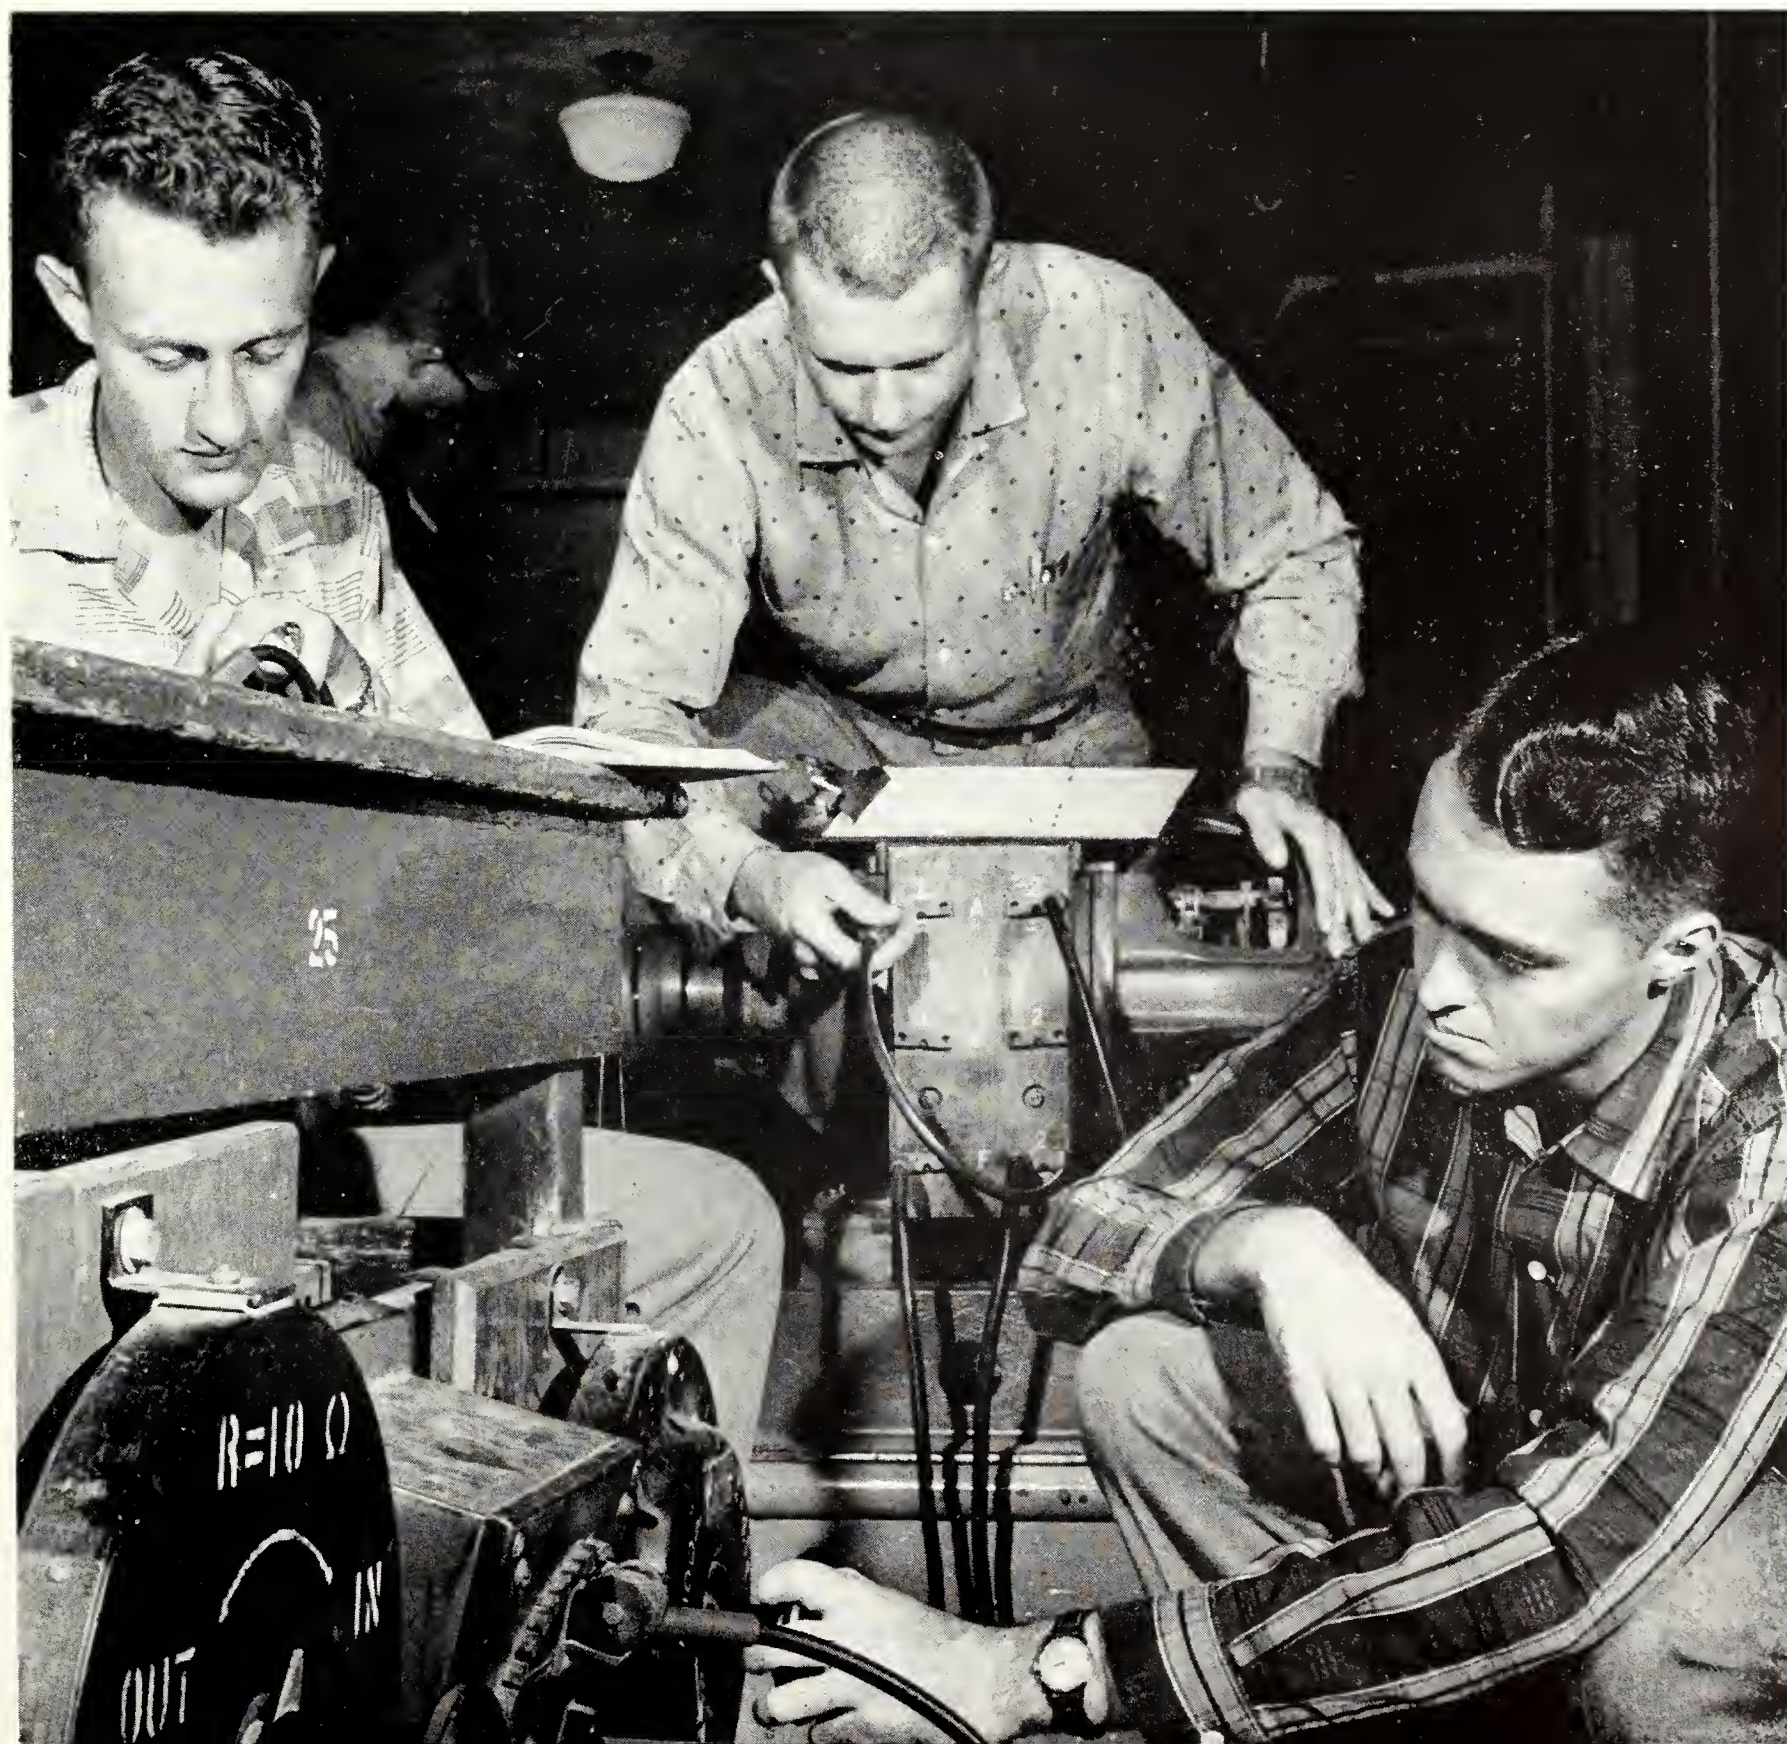

Previously, students in the Engineering school were required to have one and a half units of algebra, one unit of plane geometry, and one-half unit of advanced math. This has been changed to two units of algebra, one of plane geometry, and one-half of trigonometry. If students do not meet these requirements, they will have to take college algebra and plane trigonometry for no credit.

HOME ECONOMICS DEAN Doretta Hoffman coordinates functions of the school and curriculum revisions.

Justin Hall Completion Is Home Ec Highlight

From the sewing and millinery department in the chapel of Bluemont College in 1877, the School of Home Economics has made many strides. In the past the Domestic Science department has been housed in many types of buildings. The first kitchen lab was in a corner of the chemistry building. Sewing classes first met in the corner of an old remodeled barn.

This year the school of Home Economics took a gigantic step as it started the long process of moving all the departments under one roof—the Margaret M. Justin hall. This involved moving the six departments from four buildings into the new \$1,900,000 structure. The departments which are now in this building are Art, Clothing and Textiles, Family and Child development, Family Economics, Foods and Nutrition, and Institutional Management. The only branch not included in Justin hall is the Nursery school, which is located in a house at 311 N. Fourteenth street. Long-range planning includes the construction of a Nursery School behind Justin.

Some Equipment Has Not Arrived

Although the structure is completed, late arrival of new equipment has delayed the relocation of many classrooms. By the fall of 1960 each room in the building probably will be ready for use.

Justin hall is a modern, three story limestone structure. It contains well lighted classrooms, numerous display cases, an auditorium, an experimental room, and office space. The facilities are

adequate for future homemakers, providing much opportunity for a good education in any of the six departments. Summer school students having classes in Justin will be lucky—it is the only state-owned structure on the campus cooled by a central air conditioning unit.

This marks the second year for the Home Economics Honors program. Six freshmen were honored by being selected for this program. In order to participate the girls must show outstanding ability, and be in the top five per cent of the freshman class. Those selected were Ellen Carnahan, DIM; Patricia Cook, HE; Marilyn Hensley, HE; Alberta Kibbey, HT; Jeanettia Mannen, DIM; and Janet Linder, HE. This plan allows these advanced students to obtain a more general education while concentrating intensely on their major field. Ruth Hoeflin is the faculty member in charge of the Home Ec Honors program.

Dean Hoffman Coordinates Functions

problems. The present enrollment of the school is 480, slightly under last year's enrollment.

The Home Economics council is the governing body for home economics clubs and also co-ordinates the clubs' activities. It has twenty-two members: the presidents of the home economics clubs; chairmen of the standing committees; four elected officers; and S. G. A. representatives. Kathy Pile Bryan is the president of the council, and Margaret Raffington is its sponsor. Its two main annual projects are the Snowball dance in the fall and the Home Economics Hospitality Day in the spring.

Favorite Men Honored At Snowball Dance

The annual Snowball dance was November 14 in the K-State Union. This formal dance gives the coeds the opportunity to invite their favorite men to an all school event. Highlighting the evening was the crowning of Joe Vader as Favorite Man On Campus. He was selected by the girls in an all school election. FMOC attendants were: Norman Newton, Acacia; Jim Carpenter, Delta Tau Delta; Frosty White, Delta Upsilon; and John Engleman, Sigma Phi Epsilon.

About 1,500 high school girls, teachers, and special guests attended the Home Economics Hospitality day last spring. The purpose of the Home Economics day is to enable future college students to become acquainted with college life and the home economics program which Kansas State offers. The program included campus tours, exhibits in Justin hall, and a luncheon planned by the dietetics students. Members of the eight home ec clubs planned the program under the chairmanship of Kay Nordstrom.

Each year a Margaret Justin Home Economics club interest award is given to the outstanding Home Economics club on the campus. This is given on the basis of over-all attendance, programs, and projects. Last year's award was given to the Professional Foods Club.

the classes remained and rooms left vacant were put into use by the Business Administration department.

Veterinarians Conduct 25 Disease Projects

The School of Veterinary Medicine has had approximately 25 formal research projects in animal diseases in operation this year. Some of these projects concerned virus diseases such as rabies, respiratory diseases in fowls, animal parasitic diseases, and metabolic diseases. These projects are supported by state appropriations, federal grants, and commercial grants.

Highlights of the 1959-60 academic year included the third annual Veterinary Medicine Open House which was attended by 5,400 persons.

Business Conference Conducted

A one-day business conference for Kansas veterinarians was conducted for the first time and included on its program a financial evaluation of a veterinary practice and various business methods for veterinarians. Last August, Dean E. E. Leasure, administrator of the school, was elected president-elect of the American Veterinary Medicine Association.

The Veterinary school received two National Defense Education Act fellowships which were used

by two graduate veterinarians working toward PhDs. Twenty doctors of veterinary medicine, eleven of whom are from India, were working toward advanced degrees in the school during the year.

Remodeling was carried on in two of the three veterinary medicine buildings. The principal construction was in Burt hall, which houses the pathology, physiology, and research departments. One wing was remodeled for animal disease research, where colonies of rabbits, guinea pigs, and other animals will be maintained. The remodeling also will allow for virus research work and research work in radio-isotopes. The west end of Veterinary hall, the oldest veterinary building, underwent remodeling to provide a bacteriology lab and a pathology lab. The veterinary hall also houses the anatomy department.

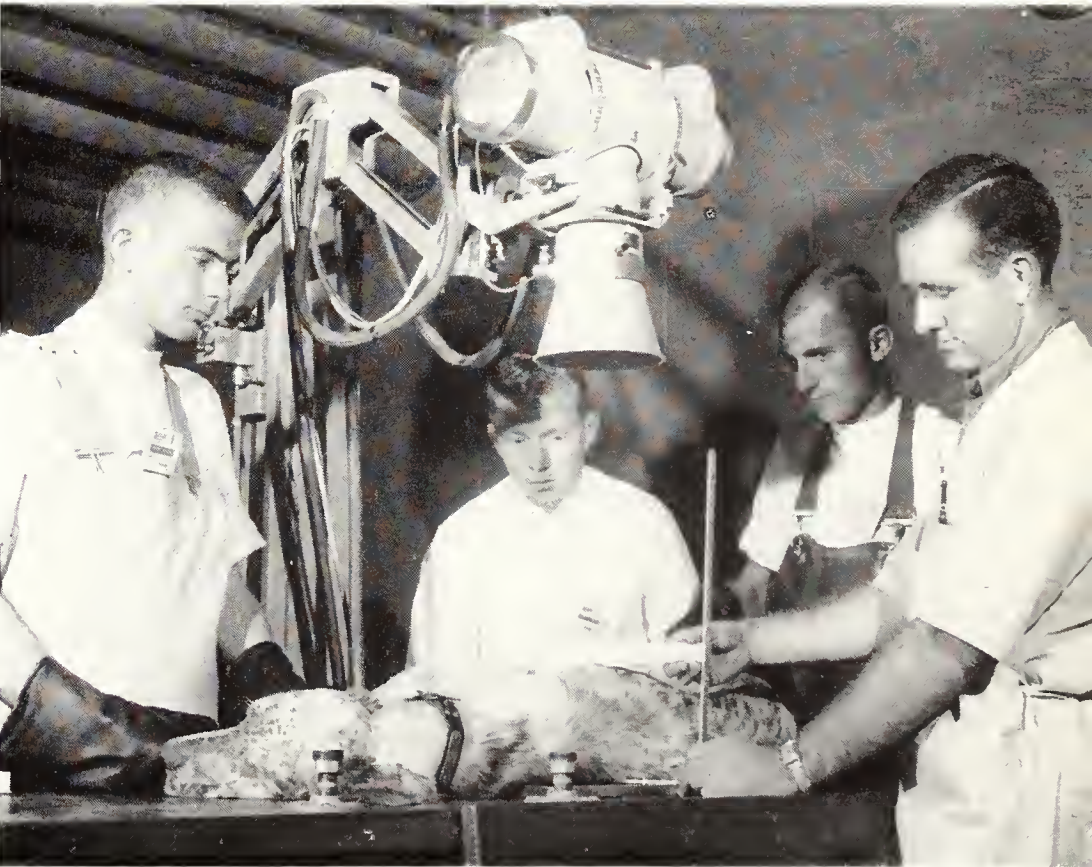

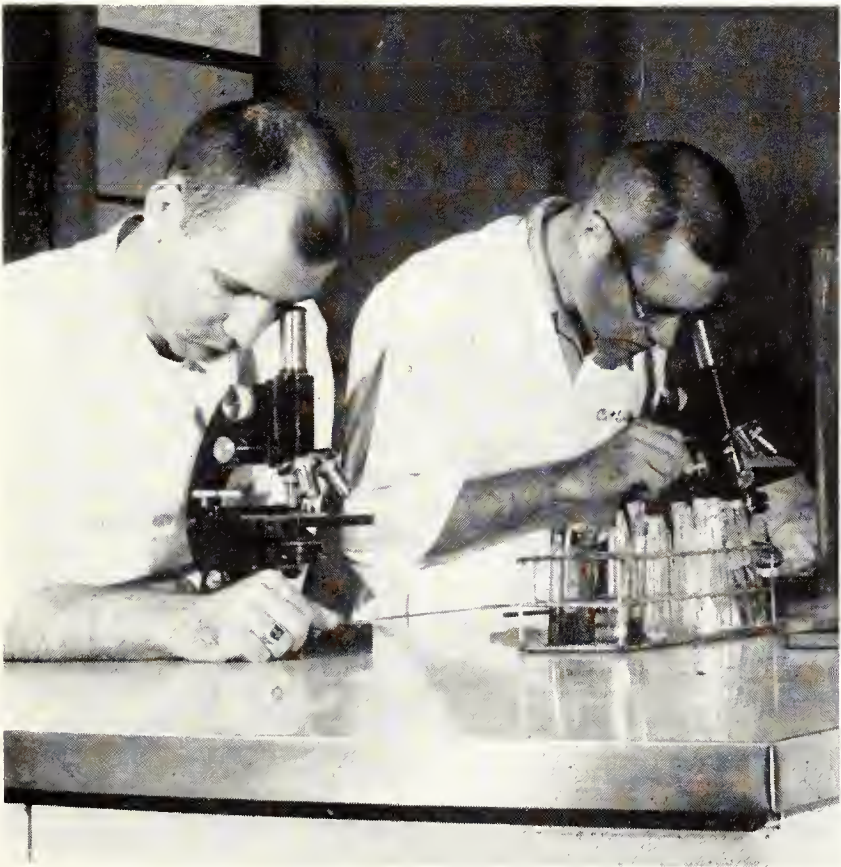

OVER 30,000 ANIMAL PATIENTS are treated annually at the five-year-old Dykstra Veterinary hospital. Student

interns and veterinarians are on duty at all hours to care for the patients of all kinds and sizes.

WITH THE USE OF MICROSCOPES, students are able to examine bacteria movement in the Dykstra hospital lab.

USING AN X-RAY MACHINE, veterinary medicine students are able to get a negative of a dog's bone structure.

The five-year-old Dykstra Veterinary hospital houses the surgery and medicine department. The hospital offers facilities for training in large and small animal clinics and has facilities for caring for 115 small animals and 44 large animals at one time. The building has an auditorium with a seating capacity of 327, a conference room, display cabinets, student lockers, and intern quarters for 10 seniors.

1959-60 Enrollment Is 263

The 1959-60 enrollment in the school was 263, including five women. Sixty-nine were seniors expecting to graduate in June. A total of 1,873 men and women have been graduated from the school since the first graduating class of 1907.

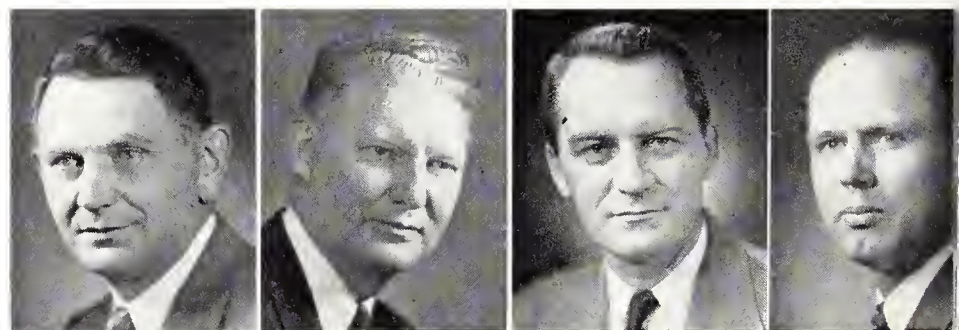

The curriculum in Veterinary Medicine is distinctive, in comparison to others at Kansas State university, in that it is a six-year curriculum. Two years are spent in pre-veterinary courses and four years are spent in Veterinary school. A student receives a Bachelor of Science degree after four years and a Doctor of Veterinary Medicine degree after six years. The school is the only one at K-State which is selective in its enrollment. Students are picked on the basis of pre-veterinary grades, and many intangible assets. Kansas students are given preference over those from out of state.

KSU Has Only Veterinary School In State

The School of Veterinary Medicine is the only veterinary school in the state and is one of 18 in the country. The Veterinary School's main activity is to provide an adequate education for its students in the field of veterinary practice. It also provides training for students who are interested in employ-

ment in any one of the many fields of veterinary medicine including teaching, public health, and research.

Students Spend Summer as Interns

Students spend the summer after their third year in Veterinary school as interns under veterinary practitioners. The students spend their fourth year mainly at Dykstra Veterinary hospital. Mornings are spent in classes and labs and afternoons are spent in clinical work at the hospital. For the afternoon clinical work, the students are divided into groups which work for a week in one area of study under a staff member.

At the end of the week, the group rotates to another area of study; there are a total of ten areas, and this continues throughout the year. Some of the areas of study include the small animal groups, the general autopsy group, the meat inspection group, and the ambulatory group.

The student governing group of the school is the Junior American Veterinary Medical Association. It encompasses all students in the curriculum and is the counterpart of the American Veterinary Medical Association.

Grad School Total Continues To Increase

Enrollment in the Graduate school, which was nearly doubled since World War II, was 690 for the fall semester. Forty-one states and 27 countries were represented in the enrollment. The largest number of graduate students in any particular major field was 66, enrolled in chemistry. Education was second with 53 grad students.

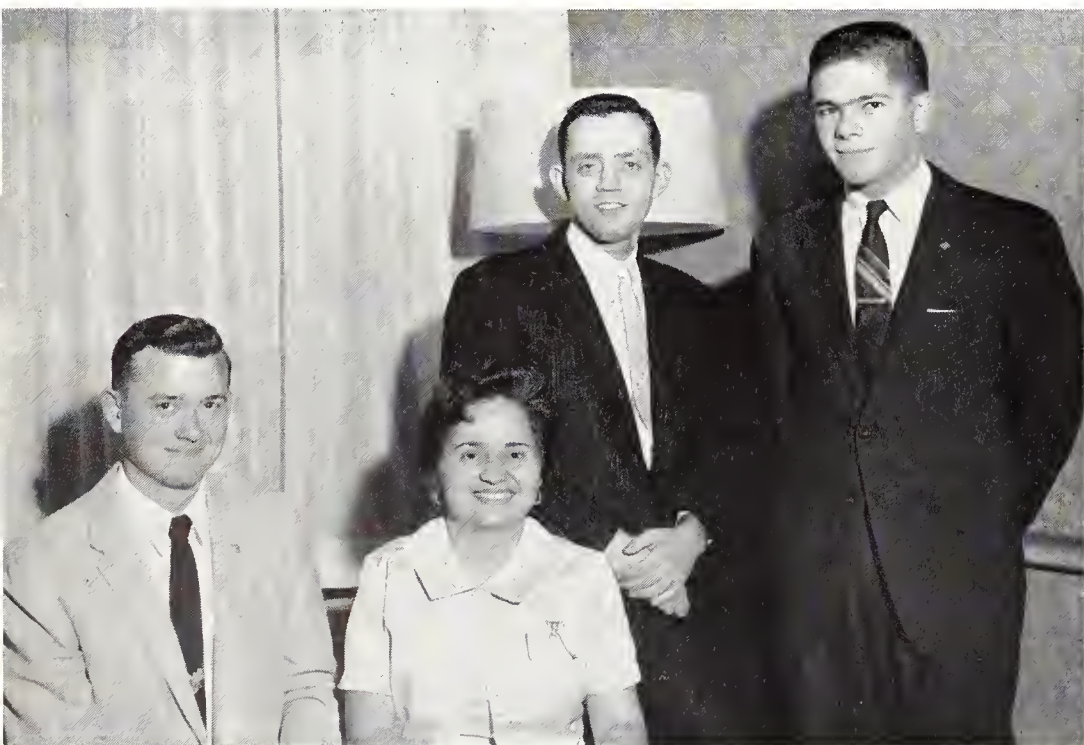

For the first time since 1884, a Master of Arts degree was offered to graduate students at Kansas State. This degree was offered in philosophy. Three other new degrees available to the graduate students were a Master of Science degree in geography and in anatomy, and a Master of Regional Planning degree.

GSA Promotes Fellowship

The Graduate Student cabinet includes all elected officers of the Graduate Students association and the dean of the Graduate school, Harold Howe. The cabinet is empowered to make decisions concerning the organization and activities of association. All students enrolled in the Graduate school are members of the Graduate Students association. Objectives of the organization are to promote fellowship among those enrolled in graduate work.

The Graduate council is the executive committee of the graduate faculty. The council is headed by

HAROLD HOWE, dean of the Graduate school for 14 years, is also chairman of the Faculty Graduate council.

Dean Howe and includes nine other elected faculty members from various fields of study. Its purpose is to formulate and review policies concerning the conduct of graduate study at Kansas State.

Faculty Lectureships In Fifth Year

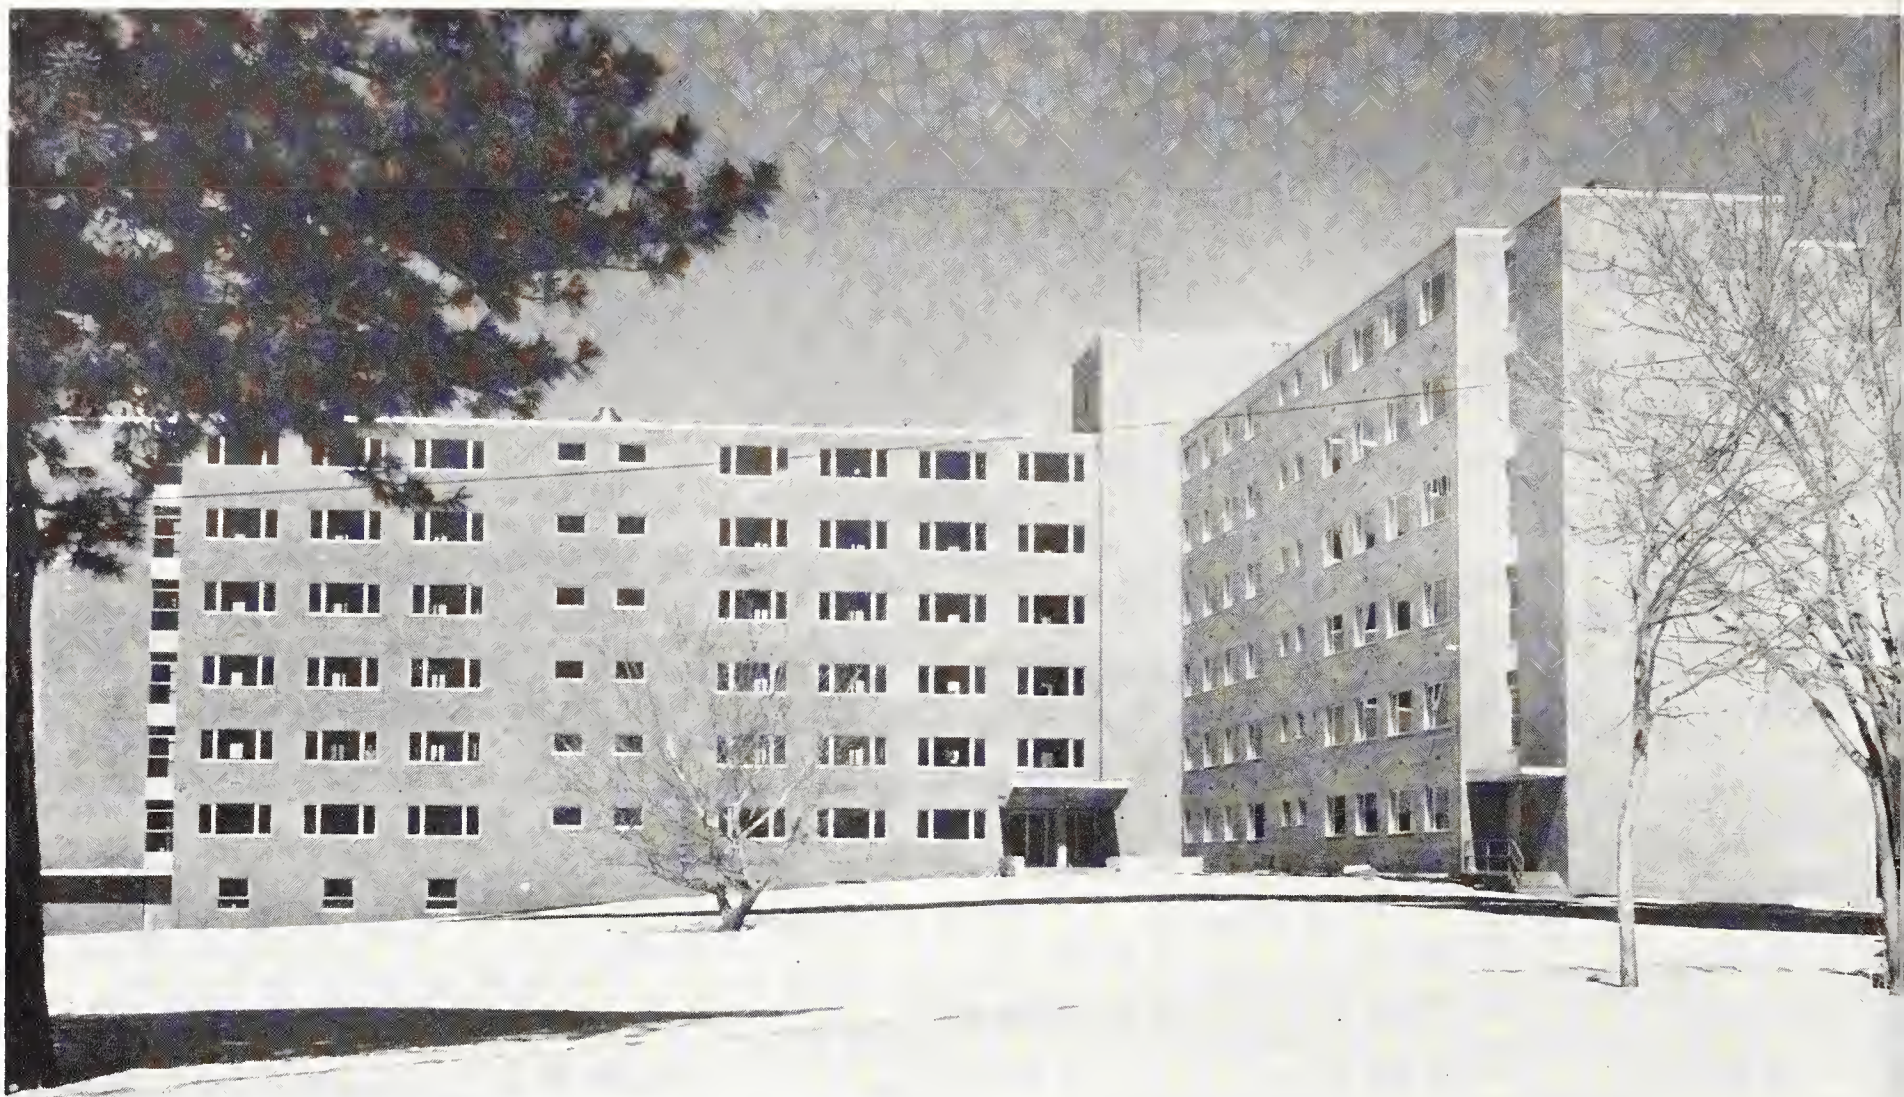

Faculty lectureship programs, which are in their fifth year at K-State, again were sponsored by the Graduate council. The lectureship programs help identify the institution's top scholars, encourage scholarship on the campus, and aid in the professional growth of the faculty. This year the graduate faculty chose F. D. Farrell and Fred L. Parrish as the ninth and tenth lecturers.

Another project sponsored by the Graduate school is the Guest Scholar program. Its purpose is to bring in outstanding scholars in various fields whose visits challenge, stimulate and interest faculty, graduate students and advanced undergraduates.

SUMMER SCHOOL STUDENTS find a pleasant place to study and socialize on the lawn north of Farrell library.

The large quadrangular lawn, one of two on campus, was formed after construction of Willard hall in 1939.

THE NEW men's dormitory, located at Denison and Claflin roads, is scheduled to open in September. It

is K-State's first men's dormitory, and will house 604. Cost of the L-shaped structure was \$2.4 million.

KEDZIE hall's \$375,000 addition was completed in March but will not be ready for use until September.

Campus Construction To Total \$10 Million

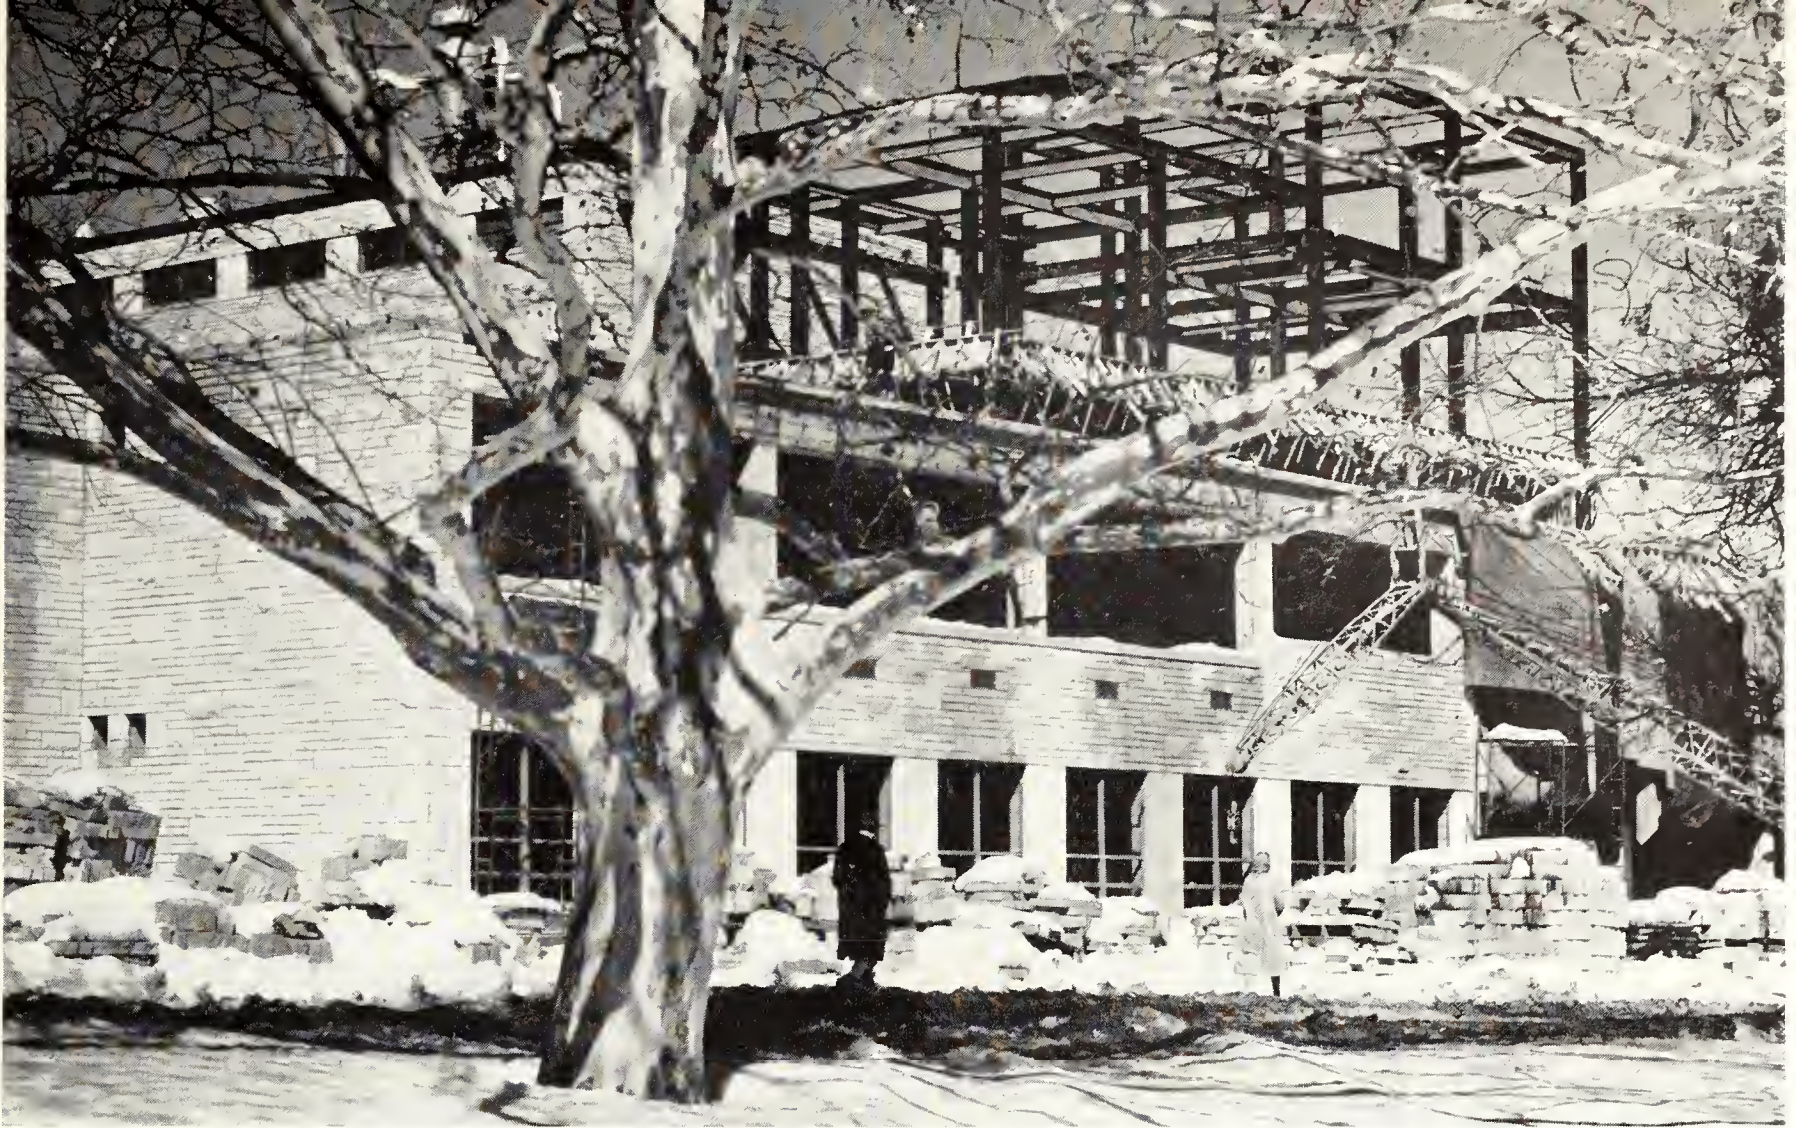

Construction on the K-State campus totaling \$10 million—the highest figure in history—is to be completed by the end of the summer. Six buildings or additions to buildings, and eleven Jardine Terrace brick apartments make up the total.

A new wing to Kedzie hall, headquarters of the Journalism department, was completed early this spring. The addition to Eisenhower hall was finished in April, providing 11 large classrooms in two floors.

The largest new building, in terms of size and appropriation, the men's dormitory, will be ready for occupancy in September. It will house 604 men.

Rehabilitation of East Waters hall, which burned in the summer of 1957, was begun in March, 1959. It will contain Agronomy department facilities and a laboratory for the Flour and Feed Milling department.

Construction money comes from a .75-mill state levy, and dormitory appropriations from a .25-mill levy. The money is administered by the Educational Building Fund.

REHABILITATION of East Waters hall, which burned down in the summer of 1957, is near completion. The

wing will house the Agronomy department, and additional construction will replace the flour and feed mill.

THE EISENHOWER addition was begun in 1959 with the razing of Illustrations hall. Seating capacity will be

1,200. The building will contain 11 classrooms designed for large classes. The building cost \$525,000.

KANSAS STATE'S MODERN STUDENT UNION was constructed five years ago entirely from student fees at a cost of

\$1,650,000. Its facilities include a cafeteria, a ballroom, a theatre, lounges, and meeting rooms.

Union Heart and Soul Of University Activity

The activity center of the K-State campus is its modern \$1,650,000 Union. The spacious building boasts a ballroom which can accommodate 1000 couples; a browsing library with books, magazines, and background music; a television room; a theatre for weekend movies, concerts, and debates; a main lounge; and an art lounge-gallery.

A complete food service area with a cafeteria and the state room for short orders and fountain items is provided for students. The games facilities include bowling, billiards, table tennis, and shuffle-board with the "Dive" close by for informal dancing. Headquarters for all campus activities is the Activities center. Meeting rooms are provided for organizations.

Construction on an addition to the Union is scheduled to begin soon. The food service area will be enlarged, the third floor will be completed, new meeting rooms will be added, and there will be a larger games area.

The Union Program council, a student group in charge of Union activities, consists of the chairmen of 13 major committees which are responsible for providing the campus with a balanced program of cultural, recreational, social, and educational activities. The committees are responsible for such activities as art exhibits and talks in the art lounge, weekly movies, dances, and coffee hours after assemblies.

Instructors Can Relax, Enjoy Social Activities

Faculty members showed their agreement with the adage "all work and no play makes Jack a dull boy" by active "extra-curricular" participation. Besides patronizing such events as Artists' Series and sponsoring campus organizations, departmental bowling leagues and a folk dance club were formed. Many departments had seasonal functions to encourage better inter-faculty relations.

Approximately 550 faculty women and wives of University staff are members of the Social club. Mrs. Paul Young, acting president, and Mrs. James McCain, honorary president, planned a versatile club agenda, including luncheon meetings, a tea with a guest lecture on church architecture, a Swedish dinner-dance, a fashion show, and a demonstration on packing for air travel.

ORGANIZATIONS

BOOK TWO

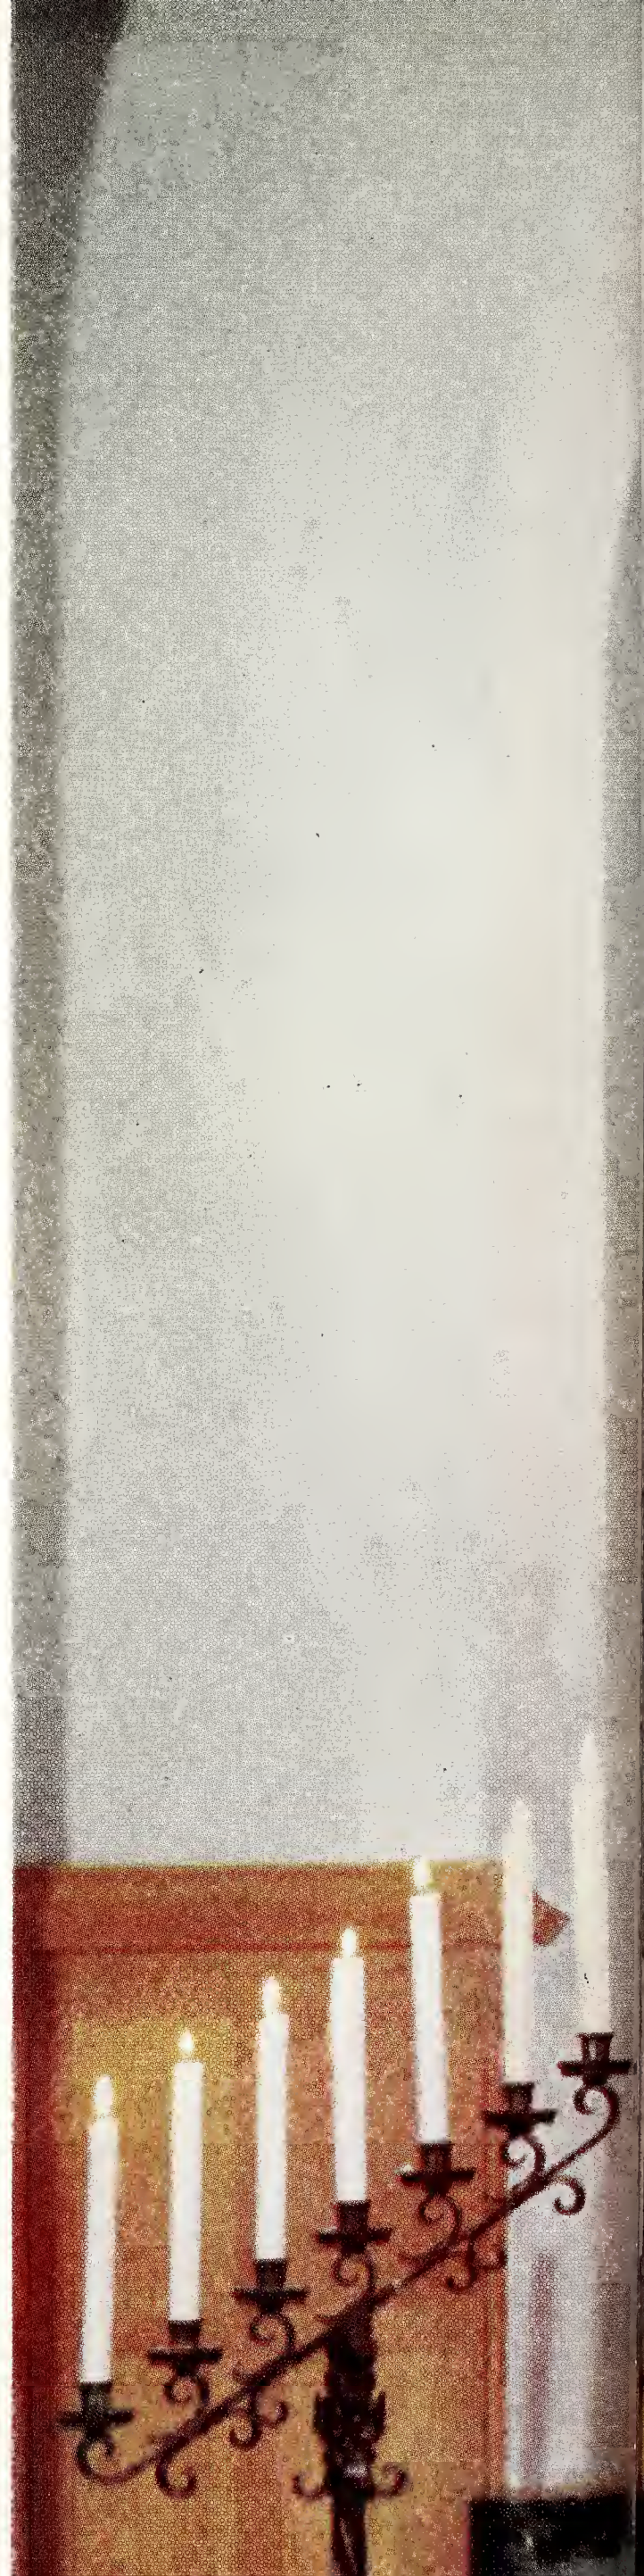

Since students spend most of their time outside the classrooms, campus organizations have much influence on them. In groups, K-Staters form ideas, attitudes, and friendships that will remain with them the rest of their lives.

Religious centers lead students in developing the beliefs that will help guide their conduct both now and after graduation. Membership in honorary groups is granted as reward for high grades and outstanding achievement. Living groups teach members that and working together can be enjoyable.

Not to be overlooked as a part of university life are the friendships which develop into romances. The thrill of a pinning ceremony and the quiet moments together provide memories which will never be forgotten. Many of these romances turn into happy marriages.

Blue Key

Selected for outstanding scholarship, leadership, and service to Kansas State university were the 13 members of Blue Key, senior men's honorary.

Blue Key, under the leadership of its president, Max Bishop, and adviser, Dr. Chester Peters, organized and sponsored the Homecoming queen contest, which included the election of the queen,

the half-time ceremonies at the K-State-Oklahoma football game, and the Homecoming ball. Blue Key originated in Florida for the specific purpose of coordinating Homecoming festivities. The organization now has 95 chapters throughout the country which continue the same basic service program.

Other activities for the year included participation in the high school visitation program and ushering at the opening of Student Health and at other campus functions.

Chimes

Chimes, junior women's honorary, selects students in the spring of their sophomore year who have been outstanding on campus in both grades and activities. In the fulfillment of one of their chief goals—service—members ushered and were hostesses at many University activities, including the Artists Series, the President's convocation, Student Health Open House, and the All Women's Day banquet.

At this banquet, Marilyn McCord, Chimes president, presented the third annual award to the senior woman with the top cumulative grade average.

In addition to service projects, the group added a cultural program, which included attendance at campus lectures and private lectures by faculty members. Miss Golda Crawford was the sponsor of Chimes.

Chosen for their exemplification of the qualities of scholarship, leadership, and service were the 13 members of local chapter of Mortar Board.

Highlight of the organization's year is the traditional scholarship dinner, at which the sophomore woman with the highest freshman grade average is honored. Further academic recognition at the banquet is given to three Mortar Board scholarship recipients. Profits from the honorary's annual Homecoming mum sale finance these awards.

With the guidance of three sponsors—Miss Dorothy Pettis, Miss Gertrude Lienkaemper and Mrs. Kathleen Peters—and Lynne Martin, president, the organization had a joint meeting with alumnae, several cultural meetings, a Christmas party, and purchased Christmas gifts for a needy child.

Phi Alpha Mu

Phi Alpha Mu is an honorary for junior and senior women in the School of Arts and Sciences. Members are chosen from the upper 15 per cent of students having B or better grade averages.

Sophomore women with at least B averages were honored at a tea in the spring. At the tea, the or-

ganization awarded a scholarship to the junior woman who had maintained the highest grade average throughout her freshman and sophomore years.

Joanne Taylor served as president of Phi Alpha Mu, while Miss Helen Wroten acted as faculty sponsor. The group was organized in 1919 as Theta Chi Gamma, an English honorary. In 1921 it was reorganized under its present name.

Alpha Mu

Alpha Mu, milling honorary, sponsored fall and spring banquets plus a smoker to acquaint the freshmen with upperclassmen and faculty members. An award was presented to the freshman with the best grades in the Milling department. Members also gave a trophy to the group which arranged the outstanding display for Ag Science day. Richard Rees was president of Alpha Mu.

Members helped conduct the Formula Feed conference and assisted with the Little American Royal. New initiates were honored at the annual spring and fall banquets. Edward Bicknell served as Alpha Zeta president, and the faculty sponsor was Prof. Walter Smith.

Alpha Zeta

Alpha Zeta is an honorary national organization for students majoring in agriculture or veterinary medicine. To obtain membership, a student must be in the upper two-fifths of his class and have demonstrated leadership ability.

Alpha Phi Omega

Previous training in scouting is a membership requirement of Alpha Phi Omega, service honorary. This group cared for the K-State mascot, Touchdown VII, and took the wildcat to all football and basketball games. Touchdown VII was a gift to the University from Alpha Phi Omega after the death of the preceding mascot.

Other projects included the annual Ugly Man on Campus dance, the Student Book exchange, and the "Ride Board," which helped students find transportation and riders during vacations.

"I RESOLVE . . .," a novice debater's gestures emphasize a point in her debate during Arts and Sciences Day.

Pi Epsilon Delta

The awarding of Oscars for outstanding performances in K-State Players' productions climaxed activities for Pi Epsilon Delta, national collegiate players. Standing for the betterment of drama and the raising of standards in college theaters, the organization included 31 members who had B average or better in drama courses. The Players' Oscar banquet, Arts and Sciences day, Players' productions, a program for the spring High School Drama festival, a costume party, and an initiation banquet were a few of the projects entered.

Delta Sigma Rho

To honor outstanding students in the field of debate is the main purpose of Delta Sigma Rho, a national forensic honorary. This year the national student forensic convention was at Indiana university, where the four pledges of the K-State chapter were initiated.

Delta Sigma Rho sponsors two contests annually. One is a speaking contest for organizations. Sigma Chi fraternity and Southeast hall won this year. The other event is an international debate the second semester. Dan Hahn was president, and James G. Robbins was faculty adviser.

Sigma Alpha Eta

With creating and stimulating an interest among college students in the field of speech and hearing as their goal, the members of Sigma Alpha Eta, national speech therapy and hearing honorary, were directed by Dr. Albert Knox, adviser, and Jeanne Hill, president. Projects included a candy sale for fund raising, social meetings with guest speakers, and attendance at conferences throughout the state for speech therapists.

SIGMA ALPHA ETA—*Top Row:* Jane E. Venard, Sandra K. Swanson, Loretta D. Weixelman, Carolyn Huber. *Bottom Row:* Judy A. McAlister, Al Knox, Jeanne M. Hill.

Mu Phi Epsilon

Mu Phi Epsilon, national women's music honorary, is a group united by the motto, "Musicianship, Sisterhood, Scholarship." The 16 members attain a 2.8 grade average for initiation, having in addition musical ability. Under the leadership of Jo Ellen Cooley, president, and Miss Jean Sloop, faculty sponsor, the organization participated in Arts and Sciences Day, the Homecoming parade, and Artist Series.

Delta Phi Delta

The stimulation of art interests among students and the community, high scholarship and the recognition of professional ability were the basic purposes of Delta Phi Delta, national art honorary. Jeneane Hubert, president, and J. Cranston Heintzelman, faculty sponsor, led the 17-member group. Requirements for membership include a 3.0 in art courses, and a 2.5 over-all average for art or art-architecture majors.

MU PHI EPSILON—*Top Row:* Barbara R. Coolidge, Sharon S. Toburen, Lois M. Hadin, Esther M. Aberle, Laura G. Coon. *Second Row:* Jo Ellen Cooley, Jean E. Lumb, Rebecca K. McArthur, Jean C. Sloop. *Bottom Row:* Rebecca S. Dudrey, Carol D. Stewart, Vicki M. Meier, Judy A. Young, Donna D. DeCou.

Phi Lambda Upsilon

Phi Lambda Upsilon, national chemistry honorary, was successful in forwarding their nominee, Dr. George B. Kistiakowsky, for the honorary member award of the American Chemical society. The honorary participated in Arts and Sciences Day, the national convention in Arizona, and granted an award to the outstanding graduate student for research, and scholarships to both graduate and undergraduate members for scholastic achievement. President Ivan Smith forwarded the society's purpose of scholarship and investigation.

Alpha Kappa Psi

Students majoring in business administration or economics and having a grade average of 2.4 or above can be members of Alpha Kappa Psi, national business honorary. Promoting and encouraging all activities concerned with the field of business, the organization participated in Arts and Sciences Day and held several smokers, a business machine school for graduating seniors, and professional tours. Presiding over Alpha Kappa Psi was John Simmons, while Eugene J. Laughlin steered the group in an advisory capacity.

Sigma Gamma Epsilon

Phi Alpha Theta

Phi Alpha Theta, national history honorary, this year was under the leadership of Carol Woodmansee, president, and Miss Hazel Riggs, faculty sponsor. Approximately 40 members, both students and faculty, participated in the various activities of the honorary. These included several seminars conducted throughout the year, and a banquet for new initiates in the spring.

Two qualifications for membership were that the individual must have a minimum of 12 hours of history with above a B average in these courses and that he be in the upper 35 per cent scholastically in the rest of his subjects at Kansas State university.

The promotion of professional, scholastic, and social interest among geology students kept the members of Sigma Gamma Epsilon engaged in activities. The sponsors of a departmental banquet in the spring and of the Williston Geology club, the organization also sold geological field equipment, conducted a field trip as a supplement to classroom material, and participated in Arts and Sciences Day and Boy Scout Week.

The members were available for service to the Geology department for any special projects. Each of the 25 members had at least a 2.8 in geology. Gaylord Hinshaw was president and Dr. Henry V. Beck and Dr. Page C. Twiss were faculty sponsors.

Journalism Societies

Two honor societies are represented in the Department of Journalism. Sigma Delta Chi is a professional society for men in journalism and is dedicated to the highest ideals of the profession. The twelve members were led by Eldon Miller, president, and C. J. Medlin, faculty adviser. One of the journalists' yearly projects is the publication of the April Fool issue of the Collegian. Members also sponsored luncheons for guest journalists and all-University assembly speakers.

Members of Theta Sigma Phi have to be junior or senior women with a B average in Journalism courses and a C average over-all, plus interest and ability in journalism. Imogene Lamb was president this year, Miss Helen Hostetter faculty sponsor.

Eta Kappa Nu

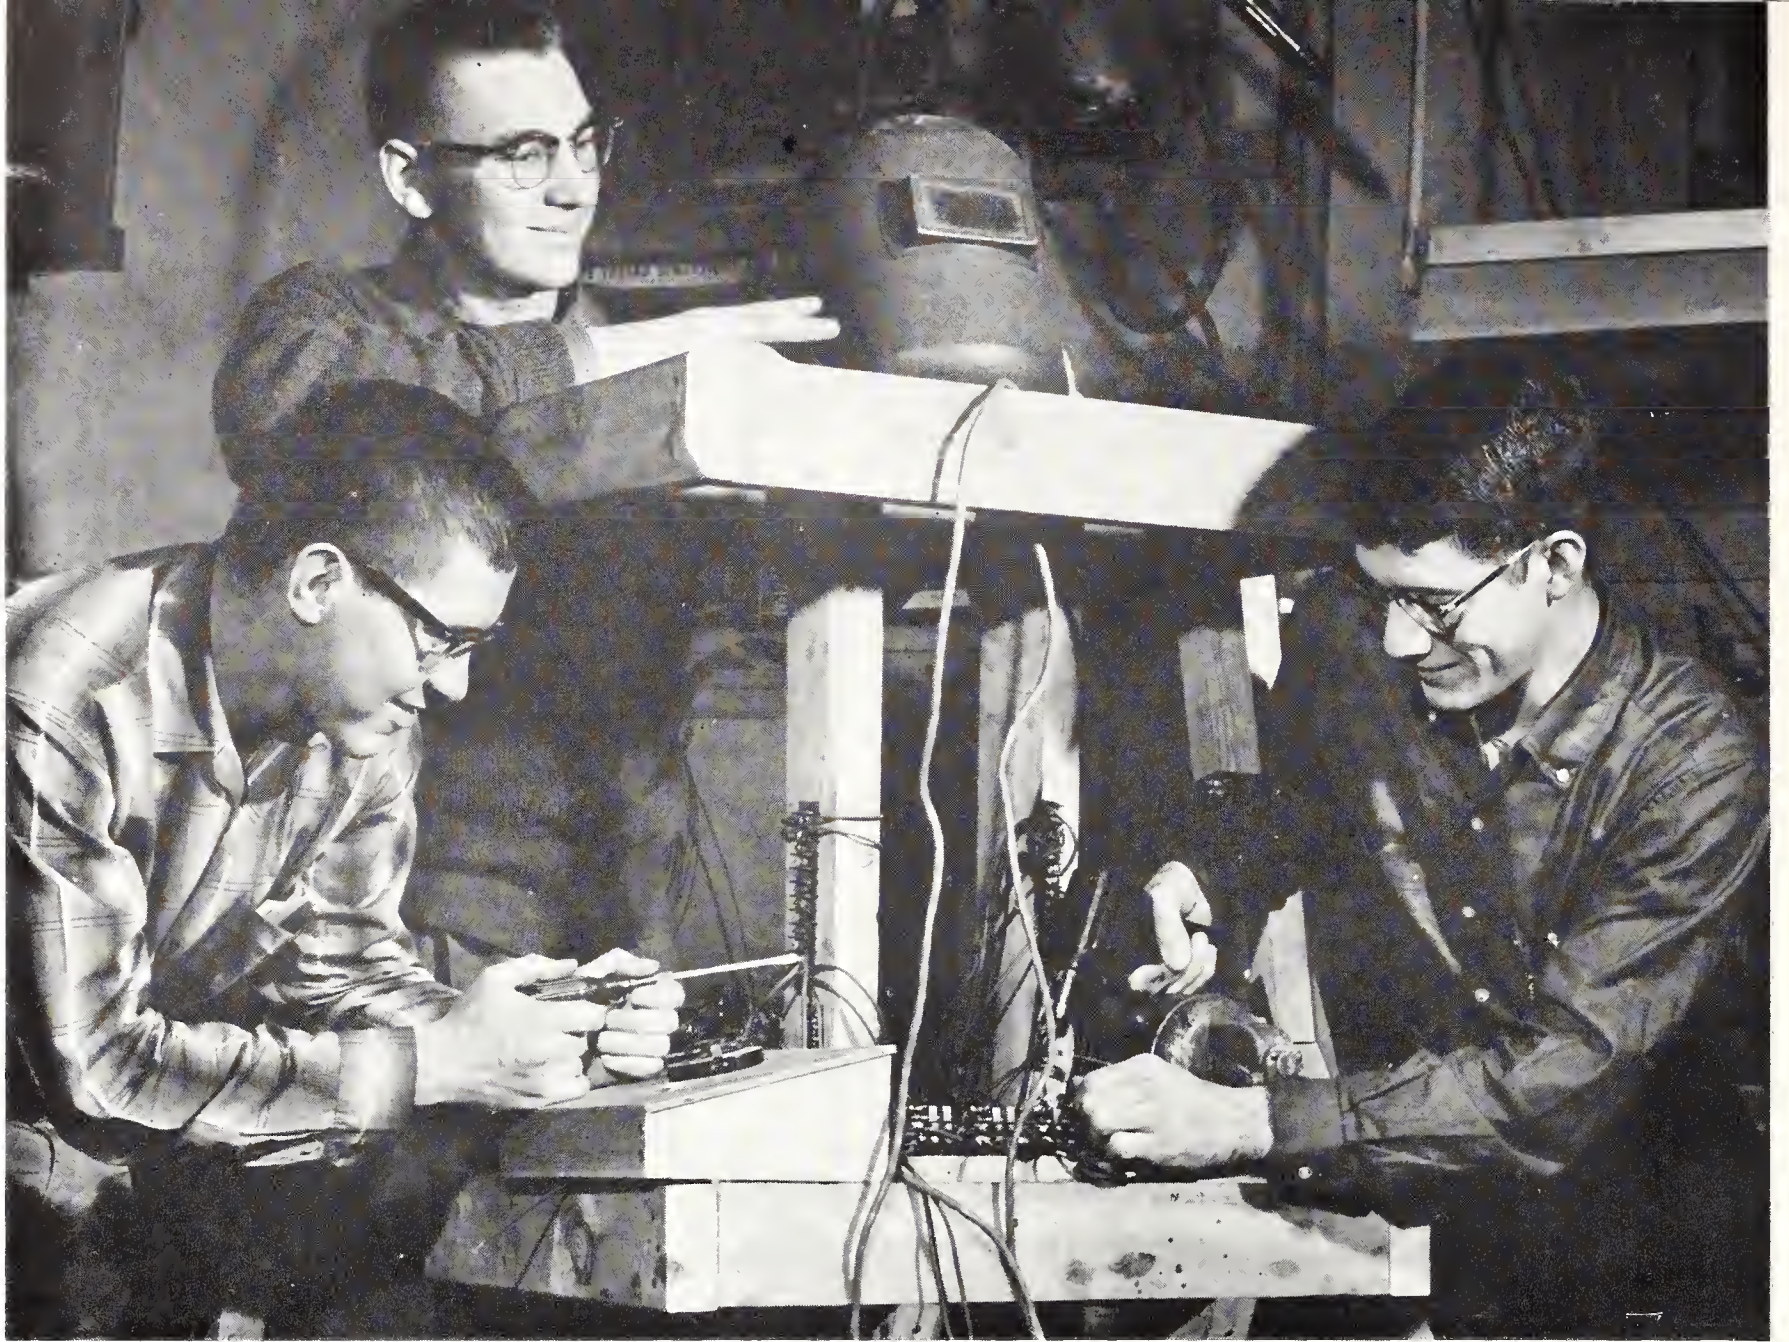

Alpha Delta Theta

The Alpha Delta Theta honorary is open to all Medical Technology students who have an over-all C average. Its president this year was Kay Gardner and the faculty sponsor was Prof. V. D. Foltz.

Tours were taken to the Fort Riley hospital and the Kansas university medical center. Other activities included typing of blood for Arts and Sciences Day and a spring cookie sale. Money from the sale went into the Dorf Memorial scholarship fund. Prof. Carl A. Dorf was one of the founders of the K-State chapter and also partly responsible for the founding of national Alpha Delta Theta.

Furthering the profession of electrical engineering is the purpose of Eta Kappa Nu, electrical engineering honorary. The organization has a membership of 75 and is guided by president Larry Jones and faculty sponsor Prof. R. M. Kerchner. A candidate for membership must be in the upper fourth of his junior class and the upper third of his senior class in electrical engineering.

Activities of the chapter included a smoker, initiation, and banquet. The group had its own display at Engineers Open House and members also directed all electrical engineering projects.

ENGINEERING honoraries all took active parts in the annual Engineers' Open House. Members of Eta Kappa

Nu, an electrical engineering honorary, built a robot on wheels with movable arms and a taped voice.

Pi Tau Sigma

Pi Tau Sigma, mechanical engineering honorary, requires members to be in the top fourth of their junior class and the top third of their senior class in mechanical engineering. Also required is sound engineering ability along with a good personality.

One of the purposes of Rho chapter is to develop in students of mechanical engineering the attributes necessary for effective leadership and the assumption of the responsibilities of a citizen in a democracy. The 51 active members were headed by president Lester F. Luehring and faculty sponsor A. O. Flinner.

Steel Ring

Honors Committee

To advance engineering education and to develop the civil engineering student in the fundamental characteristics of his profession are the purposes of the Civil Engineering Honors committee. Headed by Henry Renollet, president, and Dr. R. F. Morse, faculty sponsor, the group this year had fall and spring smokers, a spring banquet and an Engineers' Open House project.

To encourage underclass participation in activities promoting engineering and architecture is one of the purposes of Steel Ring, professional engineering society. Leadership, social compatibility, professional ability, and a 2.0 grade average are the requirements for membership. Dwight Bennett was president with Dr. Wilson Tripp and Prof. Ralph Lipper as faculty advisers.

Arnold Air Society

Maintaining a 2.5 over-all grade point average and a 3.0 average in air science and showing outstanding leadership characteristics are the requirements for membership in Arnold Air society, honorary for advanced cadets in air science. The 16 members of the organization co-sponsor the Army-Air Force ball each year.

Scabbard and Blade

Scabbard and Blade's rifle team placed first in the nation over other chapters. The honorary for military science cadets increased its membership 20 per cent over last year. The purpose of the organization is to unite the military departments of universities in a closer relationship and to increase knowledge of military practices.

Phi Epsilon Kappa

Angel Flight

K-State's Angel Flight joined the national flight sponsored by the Donald H. Varhies squadron of Arnold Air society last fall. The purposes of the women's drill team are to serve as official hostesses for the Air Force ROTC and heighten interest in the armed services. The flight is composed of 29 active members and ten alternates.

More than 40 projects were completed by members of Phi Epsilon Kappa, enabling the men's physical education honorary to win the "National Efficiency Award" for the second consecutive year. The honorary won over 40 other chapters. One of the main projects for the 30 members was the annual free throw contest for fifth and sixth graders.

MANY UNUSUAL GIFTS are examined by students at the annual Y-Mart. Items from other nations were sold at

the mart last November and profits were used for the expenses of YWCA, one of the oldest clubs on campus.

Religious Council

The purpose of the Religious Coordinating Council is to promote cooperative social, humanitarian, and religious programs on the campus and in the University community. The major activity of the council is the sponsorship of Religious Emphasis Week and of the discussions during this time. Speakers are brought in during the week to speak at seminars and an assembly.

The group also sponsored the Bishop Company's

"The Great Divorce." The council worked closely with Dr. William Tremmel, director of religious activities, to plan Christmas and Easter programs and an all-University religious program each month. Brotherhood Week is scheduled by the group and many additional speakers are brought to the campus during the year by the RCC.

The council is made up of representatives elected from each of the eighteen religious groups on campus. Any religious group on campus is eligible to participate. The council was led by Neal Meitler, president, and Dr. William Tremmel and Dr. Webster Sill, faculty sponsors.

YWCA

The Young Women's Christian Association included in its many activities the annual Y-Mart sale of gift items from foreign countries. Picnics with international students were in the spring and fall, and the group set up coffee booths for faculty members during registration. Christmas favors were given in the children's wards at city hospitals. The YWCA is an organization working to further the Christian way of life through its members. President Nancy Thornton and sponsor Miss Janet Wilson led the 85 members.

Christian Fellowship

"To know Christ and to make Him known" is the motto of the Kansas State Inter-Varsity Christian fellowship. The main activities of the group included a week of discussions in organized houses, a camp in the Rocky Mountains for international students during the Christmas holidays, and two weekend retreats with other chapters in the state. The fellowship is the local chapter of the Inter-Varsity Christian Fellowship of America and was started here in 1946. Bob Monroe led the group with Dr. Herbert Moser as faculty adviser.

Alpha Iota

The purpose of newly-formed Alpha Iota is to give student members of the Church of Christ and their friends an opportunity to relate their faith to their school life. The group was organized in the spring of 1959.

Its activities include cooperation with the International Student Relations board and devotionals twice a week at Danforth Chapel. The group also has meetings bi-weekly, a party each month, seminars on religious questions, and speakers. President David Roggendorff led the group with Ronald Campbell as faculty sponsor.

Baptist Union

The Baptist Student Union worked toward its motto—"to provide the connecting link between the student's campus life and church life"—under the leadership of president Ronald Dungey. Activities of the group included a Thanksgiving dinner for international students attended by more than 100 persons.

The group had a retreat before the start of school and members also prepared Christmas treats for needy families. The group sponsored student summer missions to areas outside the state. The director for the 40-member group was Lynn Stewart and C. R. Roberts was faculty sponsor.

Baptist Fellowship

To bring Jesus Christ as Lord and Savior to all persons and to promote the development of Christ's teachings in students' lives is the purpose of the Grace Baptist Student fellowship. The group's meetings, suppers, and programs are led by president Bill Cowell and faculty sponsor Dr. Herbert Moser.

Roger Williams

The purpose of the Roger Williams fellowship is the development of meaningful Christian living and to join with fellow Christians in the evangelization of the campus. The group is led in activities such as a Thanksgiving banquet for international students by president Gordon Cooper and faculty sponsor Paul Young.

Newman Club

The Kansas State Newman club took first place in the club division of the Homecoming parade this year. Other activities included a retreat for all students, a skating party, picnics, and a banquet and ball. There were also weekly discussions for married students and general panel discussions. The group, the largest religious organization on campus, also had bi-weekly meetings for its 380 members.

The purpose of Newman club is to promote the spiritual and intellectual aspects of a Catholic student's life. The group was led by Larry Chaput, president, and faculty sponsor J. P. Callahan. The organization was started in 1912, but did not have a permanent chaplain until the Rev. Carl Kramer came to the new student center last year.

United Fellowship

Uniting the students of the Congregational and Evangelical Reformed denominations and discussing subjects of social and intellectual nature is the purpose of the United Student Fellowship. The organization, led by Virginia Railsback, president, and Dr. Maurice Woolf, faculty sponsor, participated in folk singing, ice-skating, and Halloween and Christmas parties.

Disciple Fellowship

Conferences, retreats, and fellowship meetings were activities enjoyed by the Disciple Student Fellowship. Members also participate in weekly study groups and church classes. Since 1913, when the Bethany Circle was founded, the Christian church has been working closely with the K-State students. DSF president was Richard P. Feleay and the faculty adviser Willis G. Jackson.

Evangelical Fellowship

Mennonite Fellowship

One of the highlights this year for the Mennonite Fellowship was a smorgasbord of German, Prussian, Russian, and Swiss foods. The group had about 50 members. Its president was Monroe H. Bartel and Ernest J. Goertzen was the faculty sponsor. Other activities included a Christmas banquet, picnics, and musical programs.

Since its beginning in 1955 the Evangelical United Brethren Student Fellowship has grown to its present size of approximately 30 members. Robert Baer, president, and the Rev. Cecil Findley, sponsor, lead the way in fulfilling the purpose of the organization by maintaining fellowship among the college students.

Lutheran Students

The Lutheran Student association, active for 21 years at Kansas State, organized a study group with the topic, "The Lutheran Reformation." The LSA has 75 active members, with Larry Dannenberg as president. Members attended a conference at Nebraska university and had Halloween and Christmas-caroling parties, and a senior banquet during the spring term.

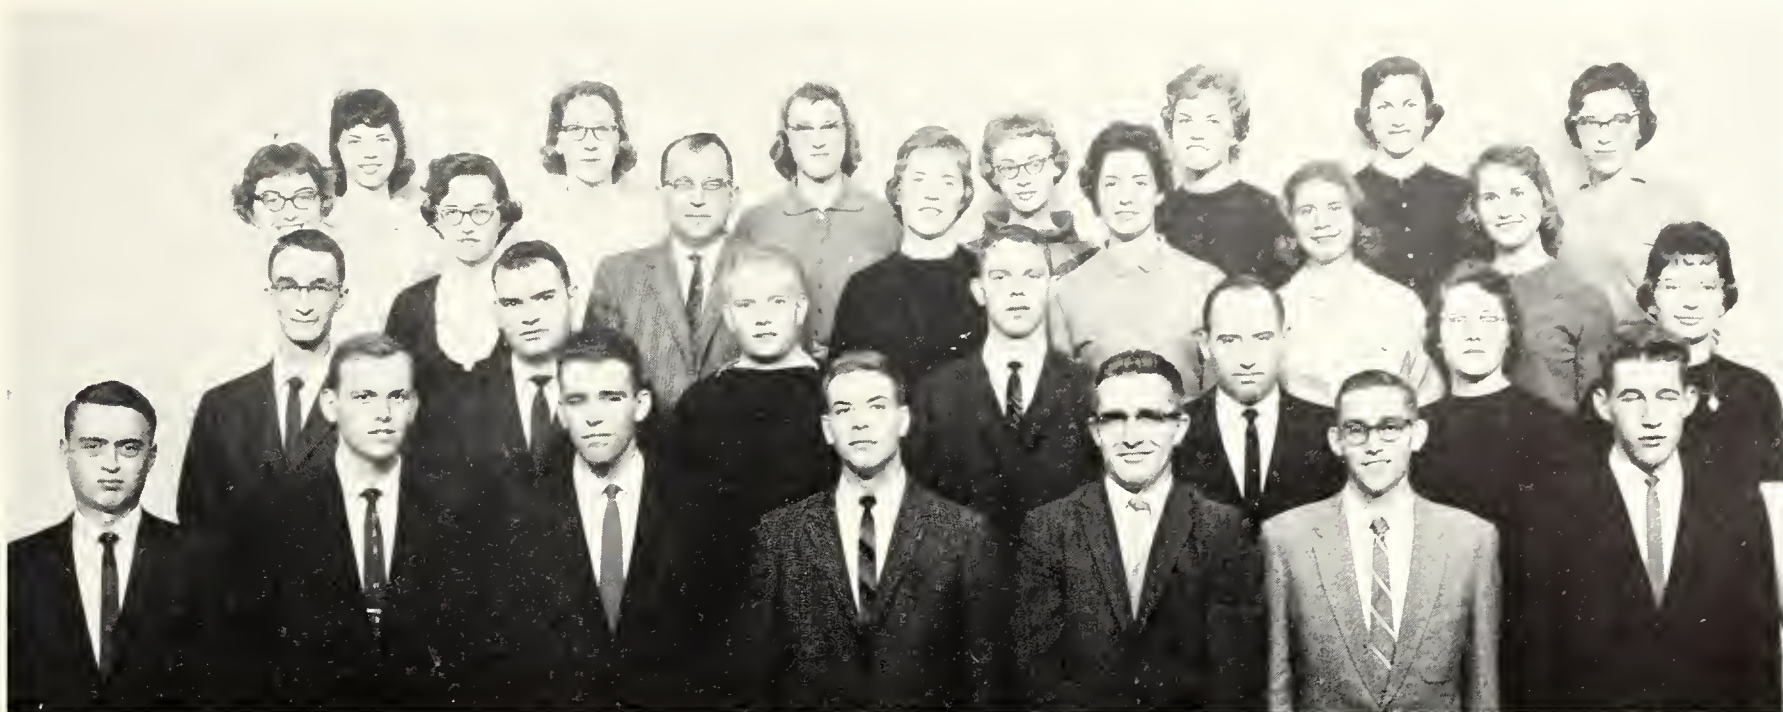

Gamma Delta

Promoting Christian knowledge and service among Lutheran students on campus is the purpose of the Gamma Delta organization. The Kansas State chapter members were hosts to the Rocky Plains Regional convention last fall. Roger Riggert was president of the 35-member group and Robert Cochran was the faculty sponsor.

Hillel Foundation

Activities primarily of interest to Jewish students are under the guidance of the B'nai Brith Hillel Foundation. Cultural exchanges with various K-State groups and joint programs with other schools highlight the Hillel activities. The organization also works closely with the Jewish chapel at Fort Riley. Organizing barbecues, dances, and business meetings were Stuart W. Rose, president, and Arthur S. Krival, faculty sponsor.

Westminster

One of the larger religious groups on the campus is Westminster Fellowship, which had about 250 students in their weekly programs. Since 1921 this organization of college students interested in the Presbyterian faith has been meeting at the Westminster house.

The opening of a new campus center will be later this year. The 1960 objective, "Seeking Relevance in the Modern World," which includes a plan of worship, study and discussion, was coordinated by Dr. Paul Sanford, faculty sponsor, and Leslie Dole, president.

Methodist Groups

Wesley foundation, Sigma Theta Epsilon, and Kappa Phi are the three organizations at K-State for Methodist preference students. Wesley foundation is the Methodist church's higher educational ministry of worship, teaching, counseling, fellowship, and service to the students. The directors are The Rev. and Mrs. Warren Rempel and The Rev. and Mrs. Everett Dennis.

The group, led by Clinton Hinman, president, had a pony ride for children to raise money for foster children in Greece. The group is also sponsoring a European Cycle Seminar for 12 students this summer. A "Let's Talk About" series of study groups was conducted throughout the year as well as the fellowship, supper, and forum every Sunday night.

Sigma Theta Epsilon is the Methodist men's service group. Under the leadership of Larry Kepley, president, the group participated in the religious census of Manhattan. Other activities included the weekly clean-up at Wesley foundation, serving of meals at the Methodist Men's club, an annual Spring Sweetheart banquet, and a regional conclave meeting at K-State. Faculty sponsor for the group was Norman French.

Kappa Phi is the Methodist women's service group. Activities the members participated in included a missionary fund for Dean and Marjorie Schwengerdt, missionaries to Korea and K-State graduates. The group also assisted Wesley foundation in the support of a boy in Greece. The women managed the church nursery during services and Sunday school and sponsored a party at the Odd Fellows home. The 65 members of Kappa Phi were led by Dolores Wilken, president, and Mrs. Warren Rempel, faculty sponsor.

EQUIPMENT in the military science building is used by members of the Amateur Radio club. The or-

ganization stresses cooperation between members in improvement of radio knowledge and ability.

Amateur Radio Club

Training members to qualify for an amateur radio license, and participating in national amateur radio contests are two activities of the Kansas State Amateur Radio club.

The club also functions to improve and enlarge the club station, and helps members to obtain sur-

plus radio equipment. Aiding an exchange of information and cooperation between members, and promoting radio knowledge and individual operating ability are purposes of the club.

Organized in 1949, the club has been instrumental in promoting interest in amateur radio among K-State students and has a record of public assistance during times of emergency and disaster.

Chaparajos Club

Flying Club

Students, faculty, and graduates of K-State are eligible for the K-State Flying club after they each have passed a medical examination and purchased one share of stock.

The club owns three airplanes, two of which are equipped with radios and can land at nearly all municipal airports. Club members use the planes to travel to basketball games, interviews, and fishing and boating resorts. The club promotes and encourages students to become pilots, and provides aircraft for members to use at the lowest possible cost. There are 33 members in the club.

The Chaparajos club's main event is sponsoring the annual Collegiate Rodeo. Members work out during the year, particularly in the spring when the club rents rodeo stock and members practice events they plan to enter.

Five schools represented by a total of 40 contestants entered the rodeo last year. K-State contestants received top awards in all seven events and a K-Stater was picked as the all-around cowboy. Other activities of the 50-member club are advising the K-State Rodeo team, and sponsoring an annual cross-country trail ride.

Frog Club

The annual water show and a swimming exhibition at Arts and Sciences Day highlighted the KSU Frog club's swimming activities this year. Efficiency in swimming, one of the club's aims, is gained by regular, synchronized swimming practice.

To become a member, a student must pass swimming tryouts using five common strokes and two simple dives. Form, not speed, and the coordination of strokes are checked for admission to the club.

The club did not allow men students to become members until 1951. Miss Nola Mae James was sponsor of the club and Mary Moak was president.

Sports Car Club

A sports car show at Engineers' Open House and joint events with the Kansas university and Washburn university clubs highlighted the year for the K-State Sports Car Club, Inc.

The club encourages the ownership of sports cars, acts as a source of technical information about cars, provides and regulates events and exhibitions for sports cars, and encourages better driving on public roads and on the streets and drives of the campus.

The 30 members of the club are students and faculty who own or are interested in both foreign and U. S. sports cars. Robert Hubbard was president of the club and Enrico P. Mercanti was faculty sponsor.

Orchesis

A variety of activities are presented annually by Junior and Senior Orchesis, the modern dance groups at K-State. Purposes of Orchesis are to promote interest and understanding of dance and to give it expression. The club gives performances to help members develop self-confidence, poise, friendliness, and skill.

Activities of the groups this year included a concert, a performance during Religious Emphasis Week, a performance at Arts and Sciences Day, and a performance tour. President was Linda Ate and faculty sponsor was Miss Judith Hodge.

Varsity Rifle Team

The Kansas State varsity rifle team was undefeated in the fall semester's competition. During the 1958-59 school year, the team was undefeated in 23 matches. Two K-Staters were selected as members of the intercollegiate all-American rifle team last year. They were Thurston T. Banks and Douglas K. Erway.

Team membership totals 250 this year, an increase of 100 over last year. Eligibility requirements for the team are the same as those of the University. In an effort to carry out its purpose—to develop and further rifle marksmanship—the team does more than compete in matches. This year it successfully sponsored its first annual turkey shoot.

Vets' Organization

The purpose of the Kansas State Veterans' organization is to develop better social relations among the veterans on campus and to perform beneficial services to both the community and University.

Planned projects and activities for the year were participation in intramural sports, social events, meetings twice a month (with scheduled speakers on appropriate subjects and current business), and participation in campus politics. Since the club was organized in 1955, membership, open to all veterans at K-State, has climbed to 130.

Pep Clubs

K-Fraternity

The K-Fraternity is composed of men who have been awarded an official athletic letter at Kansas State. The main objectives of the organization are to foster a spirit of loyalty, increase interest in K-State athletics, encourage scholarship, develop sportsmanship, and foster social activities. Sixty men belonged to the organization this year. Dale Evans was president and Fritz Knorr was faculty adviser. The K-Fraternity was founded here in the early 1920s. One of the projects of the organization this year was the construction of a large papier-mache wildcat.

The Purple Pepsters are organized to promote the principles of good sportsmanship, instill pep, and secure cooperation among students at Kansas State. The group had seventy members this year. Katherine Geyer was faculty sponsor and Ann McMillin was president.

Whi-Purs, the freshman women's pep club, is designed to engage in projects that will benefit Kansas State athletics. Members provide support for all home athletic contests and some away from home. Sammie Goff was president and Barbara Ericson was faculty adviser.

Young Democrats

The purpose of the Young Democrats is to stimulate political interest on the campus. The group's president this year was Jim Carrico and Dr. Louis Fina was sponsor. The Young Democrats sent 40 students to Emporia to hear Eleanor Roosevelt speak.

Members assisted with the Mock Political convention. One of their projects was house to house canvassing of Manhattan to determine eligible voters and obtain other political information. Well-known state politicians spoke to the Young Democrats at regular meetings. The 75-member organization met monthly.

Collegiate Republicans

All students interested in politics and government are eligible to belong to Collegiate Young Republicans. Membership increased from 95 in 1958-59 to 160 this year. At the state convention Gene Olander was elected third vice-president.

Young Republicans assisted with the Mock Political convention. They also participated in a field trip to see the Kansas legislature. Speakers during the year included Congressman William Avery and District Judge Lewis McLaughlin from Marysville. Barbara Huff was president of the organization and Dr. Dallas Nelson was its sponsor.

THE WILL O' the Wisp leads the city girl to the moors in a one-act play presented by the K-State Players.

K-State Players

The Kansas State Players further dramatic ideals and standards among students. They present productions of artistic merit for the college and community. The four main productions of the year were "Guys and Dolls," an all university musical; "Diary of Anne Frank"; "Born Yesterday"; and "The Infernal Machine," a modern adaptation of the classic Oedipus myth. Other productions included "Sleep of Prisoners," a contemporary morality play during Religious Emphasis week; three one act plays, and three original one act plays.

Membership is open to all interested students who acquire points by participating in Player productions. The 200-member organization was presided over by Jim Johnson. Don Hermes was sponsor of the Players.

Psychology Club

Chancery Club

The Chancery club acquaints students with law school and prepares them for it. There were 45 members this year, an increase of 15 over last year. An interest in law, payment of dues, and attendance are necessary to become a member. A Kansas State Chancery club member never has failed a bar exam, or failed to pass at any law school.

The organization visits the Kansas university and Washburn law schools each year. Charles A. Chartier, was chief justice of the Chancery club. Prof. A. D. Miller was sponsor.

Reorganization of the Kansas State Psychology club was begun in the spring of 1959. Twenty-five members joined in the fall. Membership is open to students majoring or minoring in psychology and they must have a minimum of six hours in psychology to belong. Dr. Lowell Schipper sponsored the club and Pat McHugh was its president.

The organization had a display during Arts and Sciences Day. The club had several speakers at regular meetings and a psychological movie, "The Three Faces of Eve" was shown at one meeting.

Horticulture Club

To promote good fellowship among the members and to advance interest in horticulture is the aim of the Horticulture club. To be eligible for membership in the organization a student or faculty member must have an interest in horticulture.

The club raises and sells bedding plants as a major project. Participation in Ag Week displays and hosting spring and fall picnics are also activities of the club. The Horticulture club published a newsletter for horticulture graduates and other interested persons. Ted Weir guided the club as president, while Ray Ken acted as faculty adviser. Twenty students joined the organization this year.

UNIVERSITY EXTENSION CLUB—*Top Row:* Gloria J. Ousdahl, Shelby S. Wells. *Second Row:* Gayla J. Cress, Janice K. Laidig, M. Carolyn Lynch. *Bottom Row:* Annetta B. Long, Max A. Godfrey, Larry Kepley, Lilly M. Dreiling.

Extension Club

The University Extension club almost tripled its membership this year as it reached 20. The club was organized to provide the members with opportunities to become better acquainted with extension methods and personnel and to promote interest in cooperative extension work.

Gloria Ousdahl served as president and E. H. Teagarden was faculty adviser for the club. Any student interested in extension work is eligible for membership in the organization. The organization was founded in 1947 by a group of students who were working with the Extension Service as junior assistants and who had similar interests.

BLOCK AND BRIDLE CLUB—*Top Row:* Joe F. Lichtenauer, John R. Teagarden, Pat H. Koons, Ken Kocher, Dave Slyter, Jr., Jim Houck, James Warta, Galen W. Postier, Don Balch, Alan D. Lewis, Malcolm C. Poultry Science

To create and further an interest in poultry husbandry and to gain closer friendship and cooperation between faculty and students are the aims of the Poultry Science club. Membership in the club is open to any K-State student or faculty member who is interested in poultry.

Heading the 34-man organization was Louis Rasplicka, and Jack Fry was faculty adviser. As fund raising projects the club catered for barbecues at conferences.

Block and Bridle

The Block and Bridle club represents students interested in all phases of animal husbandry work. It tries to promote higher scholastic standards and bring about closer relationships among students interested in the field.

Darrell Webber was president of the 75-member club, and D. L. Mackintosh was faculty adviser. The organization sponsored a scholarship for a member of the junior class, and presented an award to the outstanding senior club member.

Independent Students

The purposes of the Independent Students association are to unite independent students and encourage them to participate in campus activities; to give members more social activities, and to promote cooperation between Independents and Greeks.

The year's activities included a Christmas dance at which Vivian Brown was crowned as ISA Christmas queen. Leon Durnil was president of the 200-member organization and Wendell Kerr was the faculty sponsor.

Ag Education Club

Any student enrolled in agricultural education or any student planning to enter the field is eligible for membership in the Agricultural Education club. The object of the organization is to strengthen the confidence of members in both their work and themselves while they are preparing to be instructors of vocational agriculture.

An interschool farm mechanics contest for all students was an outstanding project for the year.

Earl Beck headed the 90-member group during the year, and Howard R. Bradley served as faculty adviser. In connection with the Ag Ed club was the Ag Ed Wives, composed of women whose husbands have declared agricultural education as their major.

Its purpose is to help the wives become well informed of the nature of the vocational teacher's work. There are 22 members in the club, whose president is Mrs. Earl Beck. Mrs. R. J. Agan, Mrs. H. R. Bradley, Mrs. Clinton Jacobs, Mrs. Paul Stevenson and Mrs. Lawrence Hall assisted the club as faculty advisers.

AG EDUCATION CLUB—*Top Row:* Jon W. Thole, Jerry D. Hall, Rex E. Ladner, Steve G. Miller, Ivan Loomis, Darrell Stites, Gerald W. Hundley, James O. Krehbiel. *Second Row:* Duane C. Purecell, Carey L. Ag Economics Club

Kansas State's student section of the American Farm Economics association had a total of 45 members this year. This was an increase of five over last year. The purpose of the club is to further professional and social interests in agricultural economics. It also strives to foster a closer relationship between students and the faculty of the Department of Agricultural Economics. The motto of the

club is "the door to success is labeled push."

The organization is open to all students who are majoring in agricultural economics. Bill Schultz was president of the Farm Economics association. John Sjo aided the club as faculty adviser. In order to accomplish its purpose of getting a closer relationship between students and faculty, the club sponsored a fall smoker and a spring steak fry. The group also served a meal for the Farm Business Day conference in December and had a display for Ag Science day.

AG EDUCATION WIVES CLUB—*Top Row:* Mrs. R. J. Agan, Barbara G. Miller, Virginia F. Roberson, Billye K. Purell, Carol A. Beck, Beverley Ladner, Christeen L. Satterlee, Nola L. Odle, Helen F. Lambert. *Second Row:* Mary A. Knewton, Shirley H.

Nuclear Society

Those interested in the fields of nuclear science and engineering are eligible for membership in the American Nuclear society. President of the group this year was Maurice P. Schrag and R. C. Bailie was faculty sponsor. The 75 members help put up exhibits of the nuclear engineering department for Engineers' Open House, and have an honors banquet for graduating seniors and a picnic for all the members.

Chemical Society

To foster a professional spirit and instill in the members a professional pride is the purpose of the student affiliate of The American Chemical society. The 21 members of the organization were guided by William B. Walters, president, with Clifton E. Meloan as faculty sponsor.

The activities of the group included a field trip, lab picnic and co-sponsorship of the Chemistry exhibit for Arts and Sciences Day.

AMERICAN CHEMICAL SOCIETY—*Top Row:* Ronel M. Yost, E. Jeannette Wells, Sheila J. Nelson, Marilyn J. Mauek, Carolyn S. Kingsbury, Franque M. Chilcote. *Second Row:* Karl L. Johnson, John C. PLOW AND PEN CLUB—*Top Row:* David W. Good, Richard L. Vanderlip, Chester Peterson, Jr., Loren D. Henry, Neil E. Dowlin. *Bottom Row:* Norman A. Werner, Elbert B. Macy, Laurice M. Margheim, Donald J. Haberer, Fred Beeler.

Plow and Pen Club

To further agriculture journalism is the purpose of the Plow and Pen club. A student must be an ag journalist or at least have had basic courses in the agriculture journalism field for membership. Richard Vanderlip was president of the organization while Elbert Macy served as faculty sponsor.

Activities include sponsorship of an FFA agriculture writing contest, and participation in Ag Science Day. The group presently is working with a similar club at Missouri university to form a national organization.

Dairy Science Club

The Dairy Science club provides a means of disseminating information on topics of interest to its members. President of the group, which had a membership of 35, was Gary Albright. Ross Mickelson and Dr. George Ward were the faculty sponsors.

Activities of the group included a fall and spring steak fry and square dance, and luncheons for Dairy Day and Dairy Progress Days. Anyone who has an interest in some phase of the dairy industry is eligible to become a member of the club.

DAIRY SCIENCE CLUB—*Top Row:* Wesley R. Ibbetson, Ronald L. Ibbetson, T. J. Claydon, Joseph Mink, Ali H. Mahmoud, Gary L. Albright. *Second Row:* Erle E. Bartley, Rodney K. Vincent, Emery R. Corbett, Norris E. Nichols, Dean D. Vincent, Byron

Institute of Physics

The advancement and diffusion of knowledge concerning the science of physics is the purpose of the student section of the American Institute of Physics. The president this year was J. E. Swain and Dr. E. B. Dale was faculty sponsor. Membership is open to anyone interested in physics.

Stevens and the faculty adviser H. M. Neely. ASME was host to the annual KU-KSU student section exchange banquet. Other activities included attendance at an industrial forum, and submitting technical papers to the regional conference.

Mechanical Engineers

The Kansas State student section of the American Society of Mechanical Engineers had 257 members this year. The president this year was Karl K.

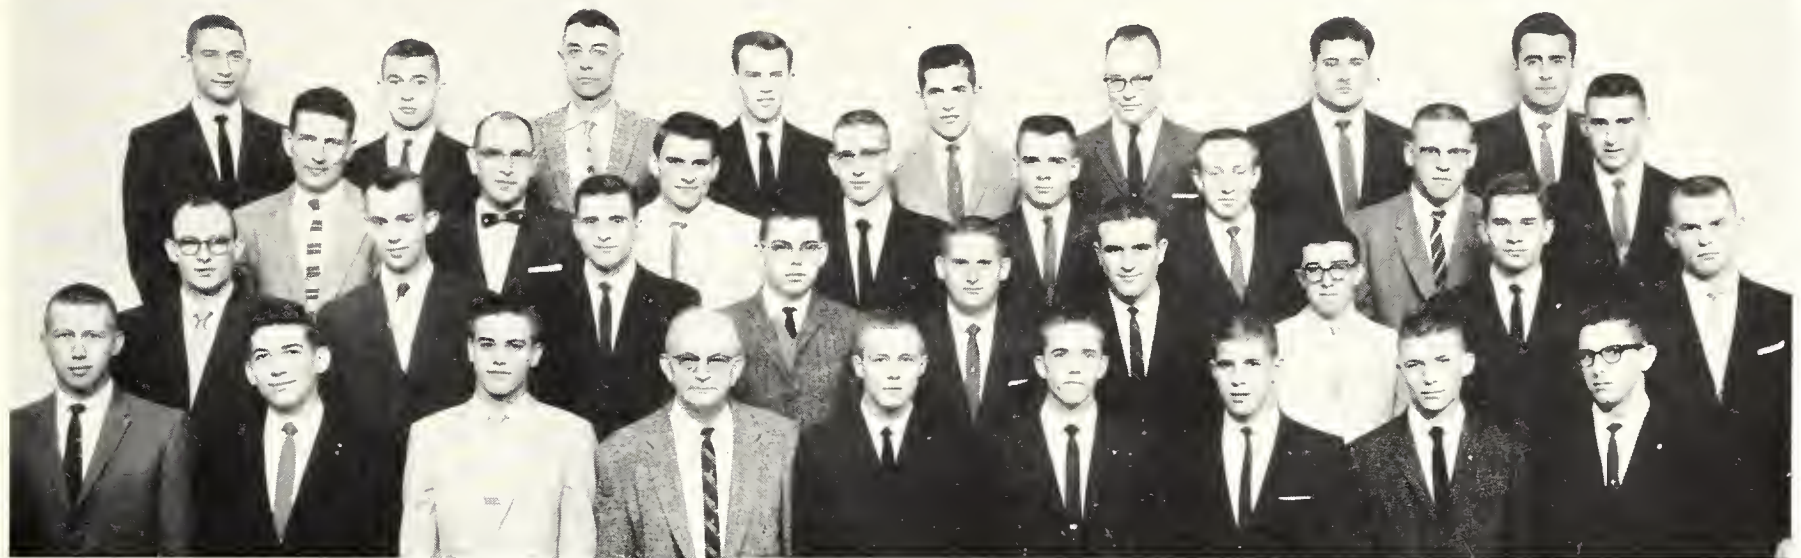

Milling Association

Students enrolled in either milling technology or feed technology are eligible for membership in the Milling association. Lloyd W. Rooney was president and Dr. John A. Johnson was faculty adviser. The group sponsored a seminar each month with guest speakers from industry.

AMERICAN SOCIETY OF MECHANICAL ENGINEERS—*Top Row:* Gerald E. Marnell, Harry Woolverton, John E. Craig, Karl K. Stevens, Gene H. Dettmer, Dorothy F. Rodgers, Dale E. Chambers, George W. Radio Engineers

The Institute of Radio Engineers is an organization open to those students enrolled in electrical engineering. Smokers and monthly meetings with speakers from various industries help disseminate knowledge on theory and practice of electronics, communications, and other related fields of engineering and science.

Around 75 members participate in these discussions. Chester D. Shupe was chairman of the Institute of Radio Engineers and the faculty sponsor was C. A. Halijak.

Architects

The student chapter of the American Institute of Architects increased its size by 90 members this year. With 125 members, a representative number from each class, the group discusses future goals of the architectural profession.

These students in architecture unite for the purpose of striving for the betterment of each individual and of the profession. Dances and coffee hours were highlights of the year's activities. Jerry Exline was president of the club this year and Jack Durgan was faculty sponsor.

The American Institute of Architects Auxiliary is composed of about 45 women and is designed to promote an understanding among themselves in the architectural profession. Membership is composed of the wives of AIA members.

Ag Engineers

The student branch of the American Society of Agricultural Engineers promotes the interest of the students in the improvement of their professional and parent society, the American Society of Agricultural Engineers.

Membership is composed of undergraduate students enrolled in the professional curriculum of agricultural engineering. President James Winzeler and faculty sponsor Frederick C. Fenton organized the activities of the year, which included fall and spring picnics and displays for the Engineers' Open House.

Chemical Engineers

The American Institute of Chemical Engineers is organized to promote the professional development of the student and to contribute to the development of chemical engineering. There were 82 members in the club this year, an increase of 32 over last year. Activities included making a display for the

Engineers' Open House, an annual conference with Kansas university and Nebraska university, plant inspection trips, and a spring banquet for members and their dates. Guest speakers were often invited to the meetings. Prof. Henry T. Ward was faculty sponsor. Ralph Ayres was president; Larry Erickson, vice-president; Don Livingston, secretary; and Paul Carr, treasurer. The organization is a student branch of the professional group. All chemical engineering students are eligible for membership.

Electrical Engineers

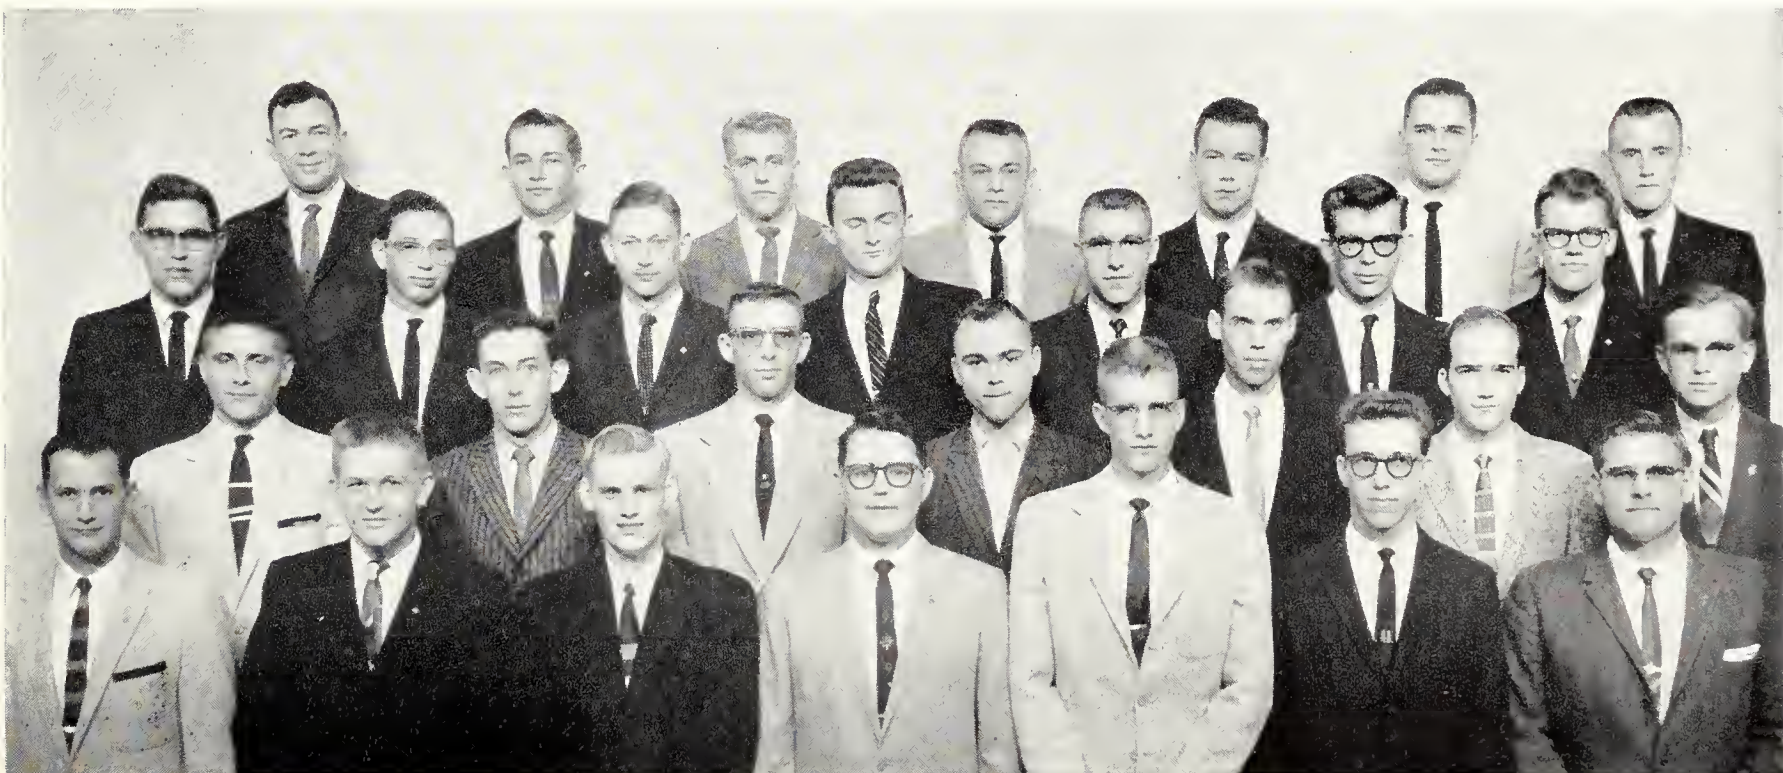

Keith W. Jeffers headed the American Institute of Electrical Engineers this year and was assisted by Melvin L. Kopf, vice-chairman; Harold P. Wasinger, recording secretary; Harley Macklin, corresponding secretary; Paul E. Beyer, treasurer; and Terry L. Parsons, sergeant-at-arms. Purpose of the organization is to further the interest of the electri-

cal engineering profession among the students enrolled in the curriculum. Prof. Melvin C. Cotton is faculty adviser.

A joint meeting with the Kansas City section of AIEE and listening to several speakers from various industries were part of the year's activities. The organization also had a display in the Open House and members participated in the AIEE student paper contest. The club was organized here in January, 1909.

Management Society

Any student above the freshman level with an interest in management can become a member of the Society for the Advancement of Management. The purpose of the organization is to inform members of developments in industrial engineering and

management and to promote the professional development of members.

The society had an awards banquet and meetings with speakers from industry, and was co-sponsor of the Industrial Relations conference. Warren H. Blacklock was president of the 74-member group and Prof. John P. Clifton was faculty sponsor.

Astronomy Club

All interested students and staff members may join the Astronomy club. This organization has a monthly meeting the Friday nearest the full moon. Other Fridays members participate in voluntary observation using equipment from the Physics department. Charles Bills was president of this 10-member organization and Jack H. Robinson was faculty sponsor.

Industrial Education

With the transfer of industrial education from the Engineering school to the School of Arts and Sciences, membership in the Industrial Education association became voluntary. Previously, it was a mandatory part of the engineering assembly. Robert W. Johnson was president and Prof. Earl G. Darby was faculty sponsor.

Alpha Epsilon Rho

Recognizing and encouraging outstanding radio and television students is the goal of Alpha Epsilon Rho. The organization increased its membership from 11 to 18 members this year.

Headed by James Harrison, president, and Robert L. Snyder, faculty adviser, the honorary was host for the second regional Alpha Epsilon Rho convention and sent delegates to the national convention.

Civil Engineers

Helping civil engineering students enrich their college courses by making professional associations which will continue through their lives is the purpose of American Society of Civil Engineers. Members must be juniors or seniors in civil engineering or be chosen by special election.

The 101-member organization's main project is the Civil Engineering department's exhibit in Engineers' Open House. About 10 members attended the Mid-Continent conference in Columbia, Mo., this spring. DeWayne Ruwe was president during the fall semester, and Frank Schemm was president in the spring. John G. McEntyre was faculty adviser.

Jr. AVMA

Sponsoring the third annual Open House for the School of Veterinary Medicine was the biggest project of the Kansas State student chapter of the American Veterinary Medical association this year. Members spent many hours erecting the displays which explained and demonstrated the work of the various departments in the school. The organization, better known as the Jr. AVMA, had approximately 260 members, 100 per cent of the students enrolled in veterinary medicine.

The students were co-hosts together with the Missouri university chapter to the delegates to the annual AVMA convention in Kansas City last August. Delegates attended the convention from the 17 student chapters of veterinary medicine schools in the United States and from the two chapters in Canada.

Members of the Oklahoma State university Jr. AVMA were guests of the K-State chapter for a picnic in the spring. The chapters of the two schools alternate visits each year to give students an opportunity to study and compare the operation and facilities at both veterinary schools.

Social activities for the year started with a smoker for freshmen veterinary students to acquaint them with the organization, its members, and faculty of the veterinary school. Other social events included the annual spring and fall dances. In addition, Jr. AVMA members actively participated in all intramural sports.

President of the organization for the fall semester was Merton L. Dierks, while Tracy Clark presided during the spring semester. Other officers included Joe Kashner, vice-president; Dan Burbach, secretary; and Charles Eck, treasurer. Robert Barrett

and Brian C. Cummings were sponsors.

The organization was established on the K-State campus in 1906. Jr. AVMA provides an opportunity for its members to gain professional knowledge and an understanding of professional ethics and conduct. It also promotes friendly relations among veterinary medicine students and makes available to them the opportunities offered by the American Veterinary Medical association. Members of Jr. AVMA strive to develop leadership while conducting the chapter's affairs and to encourage and praise those who have done outstanding work.

Jr. AVMA Auxiliary

Wives of veterinary medicine students at Kansas State founded the first student chapter of the American Veterinary Medical association auxiliary in 1941. The women work together to understand better how they can help their husbands in the profession of veterinary medicine.

Projects of the group included selling coffee at the annual Veterinary Medicine Open House and making and selling candles at Christmas time. In

October, the wives of faculty members had a tea for the student wives. Social activities were a family Christmas party and spring picnic, plus a Valentine dance. In May, the wives of seniors have a mock graduation complete with caps and diplomas.

Various interest groups such as bridge and bowling help Jr. AVMA auxiliary members get acquainted. Practitioners Wives is a monthly interest group which invites outside speakers to discuss the women's place in their husbands' profession. Marty McCreary was president and Bessie Burt and Shirley Barrett were faculty sponsors.

Professional Foods

Any students interested in the foods field may join the Professional Foods club. This group strives to further the student's interest in foods and related fields, and it gives the members an opportunity to know students, faculty and leaders in the foods field. Sponsoring this group was Mrs. Grace Schugart and Rita Torkelson was president this year. Among the projects of the club were a foreign foods dinner, reorganization of the club files, and making officers' manuals.

Home Ec Journalism

All women majoring in home economics and journalism are eligible to belong to the Home Economics Journalism club. The purpose of this group is to help members better understand the work they will be doing in their profession. Most of the club's 21-members took a trip to Kansas City where it toured television and newspaper facilities and a department store. Club members also toured radio and newspaper facilities in Manhattan. One of their projects was to give food to a needy family at Christmas. Mary Jo Mauler was president; Miss Helen P. Hostetter was sponsor.

Home Ec Extension

Home Ec Art

Students who are interested in art may belong to the Home Economics Art club. Membership this year was 20. The president was Pam Given and Alice Geiger served as sponsor of the organization. The Art club is for the purpose of furthering art education for interested persons. One of the projects of the year was a visit to Manhattan high school to view the art department and its activities. At a regular meeting a member of the K-State faculty talked to club members about contemporary art. Members helped with decorations for the Snowball.

Open to all home ec students, the Home Economics Extension club has 20 members. Grace Wallace was president of the group. Margaret Koenig and Annabelle Dickinson are sponsors. The activities of the Extension club included an exhibit in the Home Ec Council booth at the Union Activities carnival; a Valentine party; and a booth for Hospitality Day. The organization strives to provide an opportunity for fellowship among Home Ec students at KSU. They also give financial assistance to home economics students who would otherwise be unable to attend college.

Clothing Retailing

The Clothing Retailing club has as its purpose promoting acquaintances among those interested in retailing. Membership is open to anyone who has an interest in clothing retailing. The annual spring style show highlighted the year for the 31-member organization. Other activities included talks and round table discussions. President of the club was Harriet Tedrow. Alpha Latzke and Gertrude Lienkaemper were faculty advisers.

Family Development

Students majoring in family and child development or elementary education may join the Family and Child Development club. The aim of the group is to increase practical knowledge of families and children. The club's activities this year included reading stories at the public library for groups of children, baby-sitting for Manhattan citizens, and making toys at Christmas. Sharon Keif was president of the club and Mrs. Louise Langford was faculty sponsor.

AN ASSEMBLY stressing the theme "My Fair Lady" was presented during the 1959 Home Ec Hospitality Day.

Home Ec Teaching

Home Ec Nursing

The members of the Home Economics Nursing club visited the KU Medical center as one of their major projects this year. Other projects were writing letters for the blind, work on Hospitality Day, the Home Economics Snowball dance, and a picnic. Students in the nursing curriculum may belong to this group. The club enables members to get a better understanding of their profession. This year's membership was 32. Carolee Moore served as president and Dr. Ruth Hoeflin was sponsor. The organization is an affiliate of the Margaret Justin Home Economics club.

Sixty-two members comprised the Home Economics Teaching club this year. The aim of this club is to further the development and interest in the teaching of home ec as a profession. Projects for the year included making favors for hospitals and selling apples. The club also helped sponsor the Snowball dance. All K-State students who are interested in teaching or home ec teaching majors may belong to this group. Beverly Richardson was president and Mrs. Laura Baxter and Mrs. Lucille Rust were sponsors.

Panhel, IPC, and IFC Guide Greek Groups

Three councils—Panhellenic, Interfraternity, and Interfraternity pledge coordinate and regulate Greek activities in order to benefit the sororities, fraternities, and the University.

Each organization stresses high academic goals. Panhel honors the sorority with the highest yearly grade average by engraving its name on a plaque. IFC awards two scholarship cups each semester, one to the house with the highest average, the other to the group showing the greatest improvement. Beginning this year, IPC presented traveling trophies to the fraternity and sorority pledge classes with the highest fall semester averages. IPC also plans to award a fraternity and a sorority pledge with \$150 scholarships.

Rush week, a most important time for Greeks, is planned and supervised by Panhel and IFC. These groups determine rush rules and regulations. Panhel plans an annual spring tea for high school seniors. This year the upperclass tea and summer rush were abolished. Further change in rush procedure was made by the enforcement of a membership quota system limiting the number of members a sorority can have.

The united efforts of the councils are utilized for the planning and supervision of Greek Day. Panhel and IFC work on committees planning the clean-up, picnic, banquet, dance, and Interfraternity Sing. Due to the excessive amount of time spent on activities, regulations limiting Greek participation were passed. IFC voted to withdraw from the Homecoming decorations competition. Panhel passed a restriction limiting sororities to Y-Orpheum or Interfraternity Sing participation.

One of the primary Panhellenic goals is to encourage better relations among sororities. For this purpose, a picnic is held before Rush Week for all

members. Panhel and IFC strive to develop friendship among international students as well as Greeks. A Christmas banquet for foreign students is given by the councils.

The Interfraternity pledge council, consisting of one member from each pledge class, works closely with Panhel and IFC. The group's annual project is the sponsorship of the IPC dance, at which a

pledge king and queen are selected by popular vote. Candidates are presented by skits the night preceding the dance.

Presidents and advisers of the Greek co-ordinating groups were Carolyn Humburg and Mary Frances White, Panhellenic; Jim Henderson and V. D. Foltz, IFC; Lonnie Meeker and Dorothy Craig and Mel Baughman, IPC.

Clovia

A CLOVIA sorority member and her boy friend smile as they offer chocolates after announcing their pinning.

Marjorie Roeckers led the list of active Clovias as an International Farm Youth Exchange student to Brazil last year. Marjorie spent almost one school year visiting with Brazilians and learning how they live.

Other members of the sorority were active in Alpha Delta Theta, medical technology honorary; and Phi Upsilon Omicron, new home economics honorary. They held the Brundage scholarship and were Putnam and P.T.A. scholars. An officer in the Home Economics club and the editor of the 4-H journal also were Clovias. Members of Clovia visited the aged at Christmas time as their special project for the year.

Social life at Clovia included the annual Crystal ball dinner-dance; Halloween house party; a tea honoring the new housemother, Mrs. Eleanor Griffin; the Spring formal; and a weekend open house for high school girls during Hospitality Day.

THE SECOND floor was redecorated and new furniture was added to the Clovia sorority house at 303 N. 16th.

Alpha Chi Omega

The night before Rush Week, Alpha Chi Omega moved into a new \$175,000 Mediterranean style home. The 50-woman house was designed by an Alpha Chi's father, and the interior decorator was an Alpha Chi alumna. The 76 Alpha Chi Omegas teamed their efforts to win the first place trophy in Homecoming floats. Presiding at YWCA meetings was an Alpha Chi. Two of the six Alpha Chis on Home Economics council held major offices — vice-president and treasurer. An Alpha Chi was also vice-president of the state Home Economics association.

IFYE delegates to the British Isles and to Australia were Alpha Chis. Other campus activities included Mortar Board, Chimes, Collegian and Royal Purple editorial staffs, Angel Flight, A Cappella choir, and numerous honoraries. Heading the list of social events were the Halloween party, Parents' weekend, Silver Bells Christmas party, and annual Paradise prom.

Alpha Xi actives returning to classes last fall found the first floor of their house remodeled in Swedish Modern. The modern interior decoration, in colors of aqua and beige, was planned by alumna Dorothy Barfoot.

The 60 voices of Alpha Xi Delta won first place in the 1958-59 Interfraternity sing for the second consecutive year. During this school year the Alpha Xis entertained with exchange dinners, a Thanksgiving dinner, a Christmas tree decorating party, a Christmas party, and their annual Pink Rose banquet and ball.

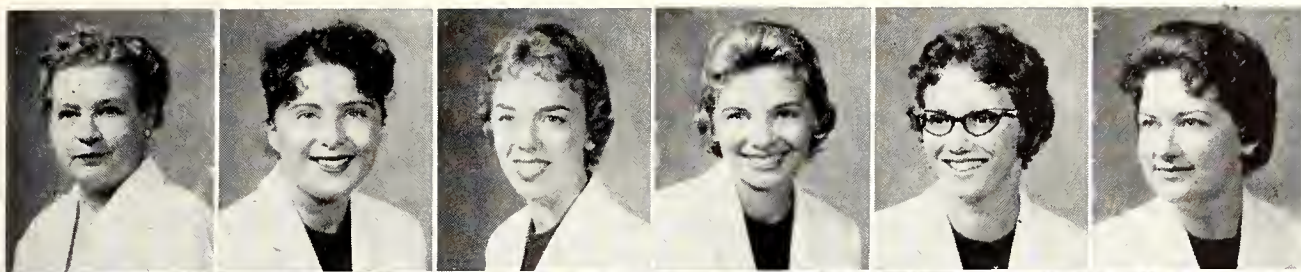

Alpha Xi Delta participants in campus activities included five members of Angel Flight, the secretary-treasurer of Phems, a Y-Orpheum executive committee member, the chairman of tickets for both the Artist Series and Y-Orpheum, and the chairman of an AWS committee. Carolyn Humburg was the president of Panhellenic, and two A Cappella Choir members were Alpha Xis.

MANY CAMPUS OFFICES and titles were claimed by the residents of Chi Omega house at 1803 Laramie street.

Chi Omega

Sweethearts reigned at the Chi Omega house this year as Sue Tanner was chosen sweetheart of Beta Sigma Psi, Brenda Miller was picked as Alpha Gamma Rho sweetheart, Paula Lehmann was crowned sweetheart of Delta Tau Delta, and Pat Zajic was the dream girl of Delta Sigma Phi. During the year, members participated in Chimes, Mortar Board, and Phi Kappa Phi. A Chi Omega was both Mortar Board secretary and senior class secretary while others were on the Union Program council and Student Council.

Social events during the year included the annual fall Hay Hop on Halloween night, a Christmas house party, the spring White Carnation ball, and Dad's and Mom's weekends. Buffet suppers were held on Parent's Day and on Homecoming. The annual Social Science award to an outstanding woman graduating in sociology was presented at the end of the year.

Delta Delta Delta

Delta Delta Delta sorority members were active participants in campus activities this year. They were in Mortar Board, Chimes, Union Program council and Union Governing board. Gayla Shoemaker was Kansas State's entry in the 1959 Miss Football contest in Berkeley, Calif. She was chosen Miss Congeniality.

Barbara Howard was head cheerleader and two of her sorority sisters also were cheerleaders. Joan Moore was a Homecoming queen attendant and Coleen Ungeheuer reigned as Ag Barnwarmer queen. Members participated in Y-Orpheum and Interfraternity Sing. The sorority also captured second place in the Homecoming house decorations competition. The Tri-Delt social activities included a Mother's and Father's weekend, Legacy weekend, a Firebug party, and Spring and Christmas formals. The sorority has 89 members.

A high point of the year for the Gamma Phi Betas was the crowning of Judy Mai as Homecoming queen. Other Gamma Phi royalty included Jan Horsch, Flush Bowl queen; Becky McMahon, Derby Darling; Charlene Cox, Sigma Nu-Alphat Tau Omega Blackfoot-Whitefoot queen; and Charlene Murphey, Miss Scheherazade. The Gamma Phis also captured first place in Homecoming decorations and for their skit in the Sigma Phi Epsilon-Pi Kappa Alpha Duad productions. Caroline Preddy was honored by Mortar Board for having the highest grades her freshman year.

Gamma Phis were elected to national offices in Chancery club and Alpha Delta Theta. They also held offices in Chimes, Mock Political convention, Student Education association, Associated Women Students, Home Economics council, Alpha Epsilon Rho, Theta Sigma Phi, and Putnam Scholars. Social highlights were the "Come As You Were" pledge party and the spring Crystal Crescent ball.

Kappa Delta

Kappa Delta sorority started off the year with a new housemother, Mrs. Charles Duncan, who replaced Mrs. James Naismith. Michele Shultz was named Kappa Sigma Sweetheart and Linda Burge became a member of Angel Flight during the fall semester. Linda Grothusen was on the advisory council of the Student Education association and Sue Greene was a Union sub-committee chairman.

Social events for the 56 members included a Christmas house party and the Emerald ball in the spring. Their Christmas project was giving baskets of food to needy families. Making scrapbooks for hospitals was their social service project. Members were active in A Cappella choir, Alpha Lambda Delta, Union committees, International Relations board, Purple Pepsters, Clinic club, Phi Upsilon Omicron, Alpha Delta Theta, Sigma Alpha Eta, College chorus, Women's Glee club, Orchesis, K-State Players, Royal Purple staff, and Cervantes club.

Kappa Kappa Gamma

Kappa Kappa Gamma was very active on campus this year as wearers of the Kappa Key served as presidents of Angel Flight, Young Republicans, Associated Women Students, Chimes, Sigma Alpha Eta, Theta Sigma Phi, and Westminster fellowship. Four Kappas received the honor of being tapped for Mortar Board, as well as four for Chimes. Kappa Kappa Gamma also was represented by two members of Student Council and five of Angel Flight. Barbara Huff was elected senior class treasurer and Pat Roberts was a Homecoming queen attendant.

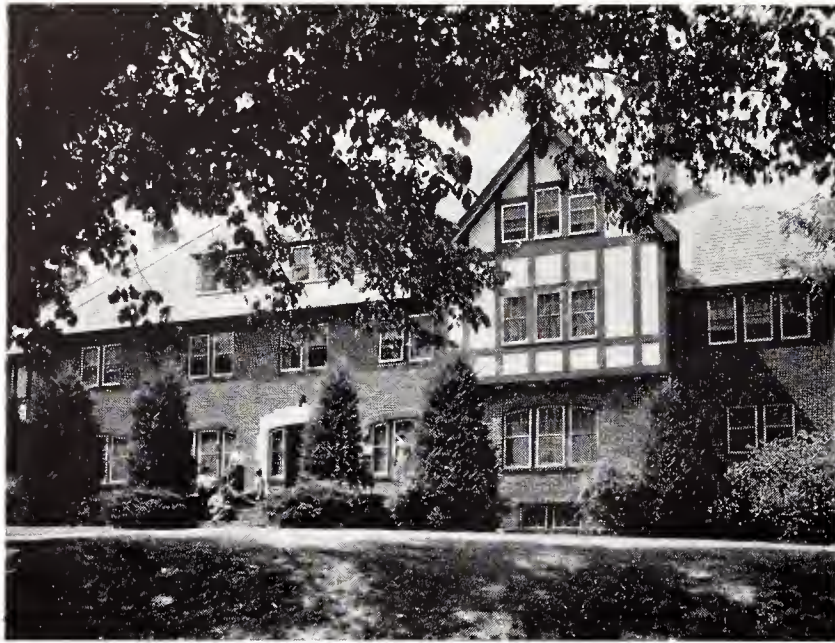

Other queens candidates included Barnwarmer queen finalists, Karol Durham and Marilyn McCord. The Kappa house also claimed Jan White, who was Miss K-State and a runner-up to Miss Kansas, and Judy Young, PiKA-Sig Ep Duad queen. Two social activities were initiated, the Powder Puff Derby and the Monmouth Duo. The Kappas also had their traditional Christmas party and spring formal.

Acacia

Members of Acacia were active in Phi Kappa Phi, Sigma Tau, Pi Tau Sigma, and Alpha Mu. Don Edson represented the Agriculture school as master of ceremonies for the Little American Royal. K-State coeds honored Norman Newton by naming him a runner-up in the Favorite Man on Campus contest. Clyde Bolin directed the Air Force ROTC marching band.

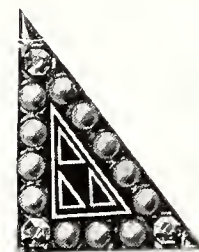

The men demonstrated their construction ability by building a basketball court and barbecue pit as well as a retaining wall around the parking lot. Galen Unger was awarded a Blue Key scholarship. The Acacias increased their membership to 85. A majority of the members participated in intramurals.

Social activities included the annual "Nite on the Nile" formal and a Halloween party. The men used their new barbecue pit during several exchange dinners with sororities. The Acacias began making the first plans for an addition to their present home.

A BASKETBALL COURT and barbecue pit were added to the four-year-old Acacia house located at 2005 Hunting.

LANDSCAPING THEIR FOUR-YEAR-OLD HOUSE at 1919
Hunting was a project initiated by members this year.

Alpha Kappa Lambda this year increased its total membership to 75. A special project was the beginning of landscaping for their house, which was built in 1956. A Christmas party for underprivileged children also was a project of the AKLs.

Social events included the Golden Yellow Pernet Rose formal, Christmas formal, International party, and various exchange functions with sororities. Members of Alpha Kappa Lambda were active in Steel Ring, Phi Eta Sigma, Alpha Kappa Psi, Sigma Tau, Phi Kappa Phi, Eta Kappa Nu, Pi Tau Sigma, Phi Epsilon Kappa, Arnold Air Society, and A Cappella Choir. Outstanding members included Norman Hostetler, associate editor of "Touchstone," the new university literary magazine; Jack Birkinsha, finalist in the Delta Sigma Rho Speech contest; and Mel Minnis, vice-president of the United States party and chairman of the Parents Day committee.

Alpha Tau Omega

Director and assistant producer of Y-Orpheum last year were ATOs. They were Jim Johnson and Harry Lehw, respectively. Johnson was also president of K-State Players and received the Player's "Best Actor of the Year" award for 1958-1959.

The Blackfoot-Whitefoot, an annual function with the Sigma Nus, was one of the main social events of the year. Other parties and formals which sparked the active ATO life were the Hawaiian party, the Christmas party, the White Tea Rose formal and sorority dinner and dance exchanges.

Members of the 67-man fraternity were active in Alpha Epsilon Rho, Alpha Mu, Alpha Phi Omega, Alpha Zeta, Eta Kappa Nu, and Pi Tau Sigma. They also participated in all intramural sports. Assistant pastor of the First Lutheran church, vice-president of Young Republicans club, and several members and the advertising manager of the Kansas State Engineer were chapter members.

REPAINTING the interior and adding a new roof were major changes made at the ATO house, 1408 Denison.

BETA SIGMA PSI, 221 N. Delaware, plans to build a new house in about four years, on a lot purchased last year.

Beta Sigma Psi

Members of Beta Sigma Psi, who have been living at their present location six years, purchased a lot for a new house last year. The building site is located northwest of the new men's dormitory. President of Religious Coordinating council this year was Beta Sig, Neil Meitler. He also was a member of Union Governing board, Activities board, and Arts and Sciences council. Phi Kappa Phi elected two members of the Lutheran men's fraternity to membership this year. They were Larry Erickson and Gordon Carlson.

Social events of the 55-man chapter during the year were a Hobo party, Snowman's Hop, Gold Rose formal, and other house parties and exchanges. Members participated in minor intramural sports as well as football, basketball, volleyball, and softball. Haven Rolander won the horseshoes champion title for the fraternity, and the Beta Sig softball team placed fourth.

ADDED TO the Beta Theta Pi house at 500 Sunset was a \$6,000 dorm containing sleeping rooms for 28 persons.

Beta Theta Pi

Beta Theta Pi participated in all sports during the 1958-59 school year to win the intramural sports crown. Active in Kansas State varsity athletics were six basketball players, one football player and four track team members. The fraternity also won first place in the chariot relays last spring. Beta Theta Pi placed high in scholarship as well as in sports last year.

Representing the house in campus activities were Gene Westhusing and John Harri, members of Blue Key; and Drew Critser, president of Scabbard and Blade. Participating in Interfraternity Sing was another activity of Beta Theta Pi. A new dormitory was added to the chapter house during the fall semester. Entertainment on the fraternity's social calendar included house parties, barbecues, a pledge party, a Christmas party, the Miami Triad, and the Beta Pig.

fraternity Founder's Day formal last fall. Tommy Lee's band played for the dance at the Wareham hotel.

Delta Sigma Phi

The first major addition to the Delta Sigma Phi house was dedicated Homecoming Day by the Delta Sig national officers. The local chapter's founder, now national secretary-treasurer of Delta Sigma Phi, returned to officiate at the ceremony. The \$70,000 wing is composed of a living room, house-mother's quarters, and sleeping and study rooms for twenty men. The living room was done in modern styling with Egyptian highlights to set off the fraternity's symbols. Diamond shaped motifs set off the diamond shaped Delta Sigma Phi pin.

Delta Sigs were active in Scabbard and Blade, Pershing Rifles, Varsity Glee club, and band. Other activities included Phi Kappa Phi, Phi Eta Sigma, Phi Epsilon Kappa, ASME, and Newman club. The Delta Sigs participated in all intramural sports. Social activities included the Founder's day formal, White Carnation ball, Apache party, Sailor's ball, and exchange parties with the sororities.

Buying new living room furniture and completing a \$27,000 addition highlighted the Delta Tau Delta's year. The 85-member fraternity was well represented on campus. Chairmen of Veterinary Open House, Traffic Appeals board, and Union Program council were Delts, as was the president of Blue Key. Two other Delts were in Blue Key, three were members of the Union Governing Board, and the Delt candidate in the FMOC contest was a runnerup.

The fraternity took first place in intramural tennis and basketball and was second in football. An addition to the list of annual social activities of the Delts this year was the Powder Puff in conjunction with Kappa Sigma. The Delts won the touch football game with the Kappa Sigs and sponsored the winning sorority. Other social events included the Paddle party and the Rainbow formal.

Delta Upsilon

Delta Upsilon moved into its new \$150,000 house located at 1425 University Drive in December. The 64-man house brought consolidation to the fraternity as members had been living in several houses throughout Manhattan. Two awards were placed in the fraternity trophy case. The DUs received the Most Improved Scholarship award at the Greek Week banquet last spring, and in September, at the Delta Upsilon General Fraternity convention, they received the honor of having the most outstanding new chapter.

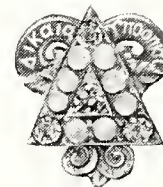

Participating in many phases of campus and social life, outstanding DUs were president of the senior class, K-State rifle team president, American Society of Mechanical Engineers president, and FMOC runner-up. Members also were in Blue Key, K-State Singers, Student Governing association, and Engineering council. DUs participated in most intramural sports and won their softball division in 1959.

Farm House

The Farm House fraternity was tops in grades again last semester. This is nothing new to the group, which has been first 52 times and second 15 times since it has been a fraternity at Kansas State. The 51 members were well represented in campus activities. Ron McCune and Martyn Apley were members of Blue Key and Robert Lewis and Ralph Gillmore were on the Student Council. Members were Ag association president and Ag Week manager. They also participated in judging teams, Alpha Zeta, and Alpha Mu.

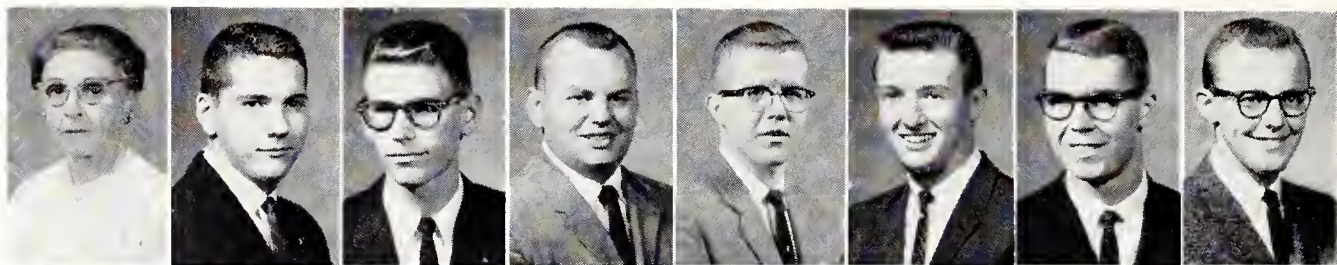

A special Christmas project of the Farm House fraternity this year was a monetary donation to the Dean Schowengerdt Equipment fund in Korea. The social activities of the members included a Parents day, Sisters day, faculty tea, and the Spring Star and Crescent formals. Numerous exchange functions and a Christmas party rounded out the year's activities.

Kappa Sigma

PARTIALLY DESTROYED by fire in March, 1959, the Kappa Sigma house at 1221 Thurston was rebuilt, decorated.

A new tradition was initiated by Kappa Sigma this year with the first Stardust ball and the crowning of the Stardust ball queen selected by Hoagy Carmichael. The Kappa Sigs, with Delta Tau Delta, also sponsored the first Powder Puff football game between two sororities. Social events included house parties, the annual Red Dog party, the Christmas party, the Black and White formal, and hour dances and exchange functions with sororities.

In campus activities, Ken Ingram was editor of the Engineer magazine, with several other members working on the publication. Kappa Sigma was well represented in honoraries with four members elected to Sigma Tau, engineering honorary, and four members elected to Alpha Kappa Psi, business administration honorary. David Fiser was a representative to the National Interfraternity conference.

Lambda Chi Alpha

The Lambda Chi Alpha Chariot relays is an annual spring event sponsored by the fraternity. Proceeds from the relays comprise a scholarship for a Kansas high school senior who will be attending K-State the next fall. The scholarship recipient is chosen by the Kansas State Endowment association. Plans for a new house are completed and the Lambda Chis hope to have construction started in the near future. Their building site is on Todd road west of the Alpha Chi Omega house.

The annual Crescent ball is the main event of the fraternity's social year. A South Sea Island party, a Christmas party, a steak fry after the Chariot relays and sorority dinner or dance exchanges rate high on their calendar. Lambda Chi Orlo McNary is a member of Phi Kappa Phi. Other honoraries having Lambda Chi members are Phi Eta Sigma, Pi Tau Sigma, Eta Kappa Nu, Sigma Tau, and the Order of Artus.

The Phi Delta Thetas won the intramural football championship this year. They also participated in all other intramural sports. Chuck Moggie and Gene Olander represented the fraternity in Blue Key. Bud Anman was chairman of Homecoming and producer of Y-Orpheum. Phi Deltas are represented in Steel Ring and Sigma Tau.

An outstanding accomplishment for Phi Deltas was the winning of first place in Y-Orpheum for the fourth time out of the past five years. Highlighting the social activities of the 65 members this year were the Flush bowl, Miami Triad, Spring formal, Casino party, Christmas party, "She Delta Theta" party, and exchange functions with sororities. RESIDENTS of the Phi Kappa Theta house at 1965 College Heights completed their first year under new name.

The fraternity men at 1965 College Heights spent their first full year under a new name—Phi Kappa Theta. Formerly the fraternity was known as Phi Kappa. In April of 1959 it consolidated with another Catholic organization, Theta Kappa Phi, to form the present fraternity. With the addition of a record number of pledges last fall, membership in the fraternity increased to 62, which is seven more than last year.

Members were president and treasurer of Newman club, Interfraternity Pledge king several years in a row, Ugly Man on Campus in 1959 and a Favorite Man on Campus runnerup in 1959. This year's social calendar listed the Fall formal, Fish formal, Christmas party and Hard Times party. Phi Kaps also were active in intramurals. This is the third year Phi Kappa Theta members have been living in their new house.

IT WAS GREEK to them when Pi Kappa Alphas and dates donned togas for the Orgy party of the PiKA-Sig

Ep Duad. In keeping with the theme, white standing columns and a gold tub of fruits decorated the room.

Pi Kappa Alpha

Pi Kappa Alpha enjoyed the second year in its new colonial house under the supervision of a new housemother, Mrs. R. M. Dannenberg. The Pikes, in conjunction with Sigma Phi Epsilon fraternity, initiated "Orgy Productions" following the Christmas formal, the Duad. Colorful Greek productions were presented by six sororities who vied for trophies. The southern origin of the fraternity was evident at the Dixie ball in the spring, at which the fraternity sweetheart was crowned.

Projects included an Easter Egg hunt for neighborhood children and the sale of Kingston Trio records for the March of Dimes. The PiKAs placed fifth in 1959 intramurals and were active in all sports this year. Outstanding members included Jim Henderson, past president, who officiated at IFC meetings, and George Burgess, named the outstanding senior AFROTC cadet last fall.

Sigma Alpha Epsilon

Sigma Alpha Epsilon, the first national fraternity on campus, has 110 members this year. Joe Vader was given the Favorite Man on Campus award last fall at the annual Snowball dance. John French was named the first Army ROTC general at K-State.

Social functions included the Bowery party, Belle ball, Island party, spring formal, and hour dances and exchange dinners with sororities. A Christmas party for underprivileged children also was given. The Nasty Nine, a choral group composed of SAEs and led by Bob Sanders, performed both on and off campus.

Up to this year, Sigma Alpha Epsilon had been overall champion of the fraternity intramural division six out of seven years. The fraternity also had members on all varsity athletic teams this year. Mrs. D. H. Buie was the group's housemother.

"GO MAN GO!" Sig Alfs and dates jitterbug at a house-party after a basketball game. The informal party was

in the fraternity's basement recreation room. The Nasty Nine singers performed during the intermission.

Sigma Chi

This year marked the tenth anniversary of Sigma Chi fraternity on the campus. Outstanding members of Sigma Chi were Steve Douglas, president of the student body and a basketball player; Sid Jones, president of Student Council; and Wally Frank, another Wildcat basketball player. Sigma Chi placed third in intramural athletics at Kansas State last year. First place in basketball was won this year by the fraternity.

The 75-member fraternity sponsored the fourth annual Derby day, athletic competition for women's organized living groups. The event, initiated at the University of Georgia, is put on by most Sigma Chi chapters across the nation. The Sweetheart of Sigma Chi was crowned at the Sweetheart ball in the spring. Other social events included the Miami Triad with Phi Delta Theta and Beta Theta Pi fraternities and the Pajama party. The second floor of the chapter house was remodeled to provide more study rooms and part of the recreation room was converted into a television room.

The Beta Kappa chapter of Sigma Nu extensively redecorated the interior of its house at 513 Sunset this past year. One of the first fraternities to be founded at Kansas State, Sigma Nu had 65 members this year, an increase of 6 over 1958-59.

Social functions of the group include the annual Blackfoot-Whitefoot formal in the fall semester, and the White Rose formal during the spring semester.

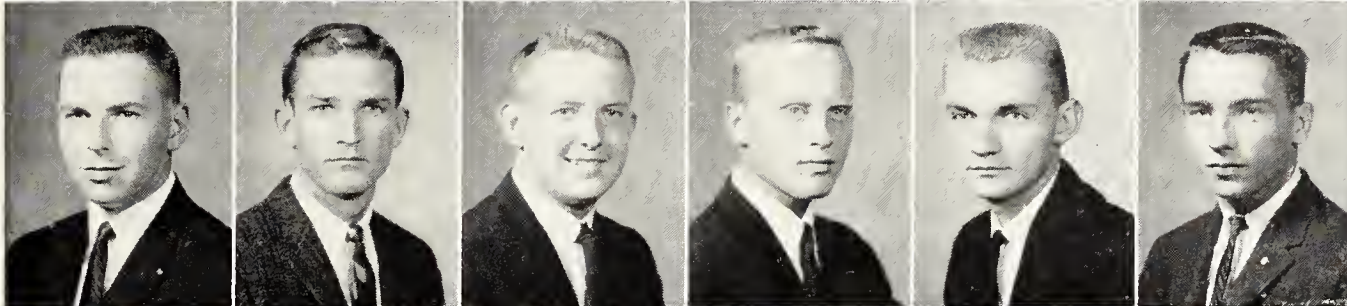

Outstanding members of the group during the past year included Jerry Ratts, assistant editor of the Collegian, Jim Lisher, vice-president of the senior class, vice-president of IFC, and a member of the Student Council, Dan Hahn, national chairman of the Mock Political Convention at Kansas State, and Al Schierling, a starting pitcher for K-State's baseball team.

THE INTERIOR of the Sigma Nu house at 513 Sunset was redecorated, but the classical exterior is the same.

PINE WALL PANELING and a new ceiling were added to the basement of the Sig Ep fraternity, 1015 Sunset.

Sigma Phi Epsilon

Sigma Phi Epsilon had a new housemother this year, Mrs. Ruth Johansen. A member of the group, John Englemann, was runner-up for the K-State title of Favorite Man On Campus. The local chapter was chartered in 1918, and since that time has initiated over 750 men. It moved to its present location at 1015 Sunset in 1954. Approximately 70 men now belong to the chapter.

Social activities for the organization included a Western party and Duad formal in the fall semester, and a Hawaiian party and Golden Heart ball during the spring term. A special project of the group this past year was assisting with collections for the American Heart association.

The organization also gave Christmas gifts to underprivileged children and attempted to develop relations with alumni of the chapter. Participation in all intramural sports also was an important part of the fraternity's activities.

Tau Kappa Epsilon

The Harbaugh Memorial scholarship, in honor of Prof. M. J. Harbaugh, an alum who died a few years ago, was initiated by the Tekes this year. The scholarship recipient must be a Teke with a grade average of 3.5 or better.

Tau Kappa Epsilon is now an international fraternity with chapters in the United States and Canada. Active K-State members of the fraternity are on the Collegian staff, in Pershing Rifles, Alpha Zeta, Delta Phi Delta, Alpha Kappa Psi, and Sigma Tau.

Two Tekes, John Nelson and Larry North, are on Student Council and Charles Moore is on the Arts and Sciences Council. Chapter members are also active as chairmen of the Student Activities board, Union Art Lounge, and Art Lending Library committees.

Social events of the 55-member fraternity included an annual Corral party, a spring Red Carnation ball, an Oriental party, a sock hop, and Christmas and Halloween parties.

A FAMILIAR noise at football games was the sound of the Phi Tau cannon after the Kansas State touchdowns.

Phi Kappa Tau

Phi Kappa Tau participated in men's intramural football, basketball, and volleyball this year. Social activities of the 22-man fraternity included the Pajama party, Cannon ball, Christmas dance, Klondike Klomp, and Spring formal.

WITH THE removal of part of the porch, the Phi Kappa Tau house, 1623 Fairchild, has a bigger front lawn.

A new housemother, Mrs. Ruth Moate, was with the fraternity. The men went caroling at Christmas, and emphasized scholarship this year. Members were active on the Games and Rallies committee, presidents of Wampus Cats, Hillel foundation, and Philosophy club; and co-chairman of a departmental display for Engineers' Open House.

Theta Xi

A lot on Todd road has been purchased by Theta Xi fraternity for its future home and a \$180,000 split-level structure is being planned to house 60 men. Theta Xis participated in intramural swimming, golf, football, basketball, track and softball. Social activities for the past school year included a hayrack ride, the annual Tuffy Strut, Unicorn ball, and a date night once a month. Special projects

of the group this year included emphasis on scholarship and membership. The fraternity has an additional 10 men this year, raising the total to 25.

Theta Xi members are active in Pershing Rifles, military drill team. They hold positions as company commander, finance officer, personnel officer, and supply officer. Members are also active in Alpha Kappa Psi, men's business honorary.

Council Coordinates Dormitory Activities

The Interdorm council coordinates activities and establishes policies for students living in the women's residence halls. The council deals with the problems and projects not covered by the Associated Women Students or other University authorities. Each dormitory has three representatives on the Interdorm council, including the dormitory president.

To help send delegates to the American Council of University Resident Halls, the council sold dormitory stationery. Other activities included the annual presentation of a scholarship cup.

Coming under the jurisdiction of the Interdorm council next school year will be the new women's scholarship house, Smurthwaite hall. Betty Mai was president of the council this year and Dean Margaret Lahey was faculty sponsor.

Van Zile Hall

Van Zile hall was named volleyball champion in women's intramurals last fall. Residents of the upperclass women's dormitory also participated in volleyball, swimming, basketball, softball, badminton, tennis and table tennis.

Special projects of the residents this year were caroling at Ft. Riley and adopting a needy Manhattan family at Christmas time. Some of the upperclass coeds also visited elder Manhattan residents throughout the school year.

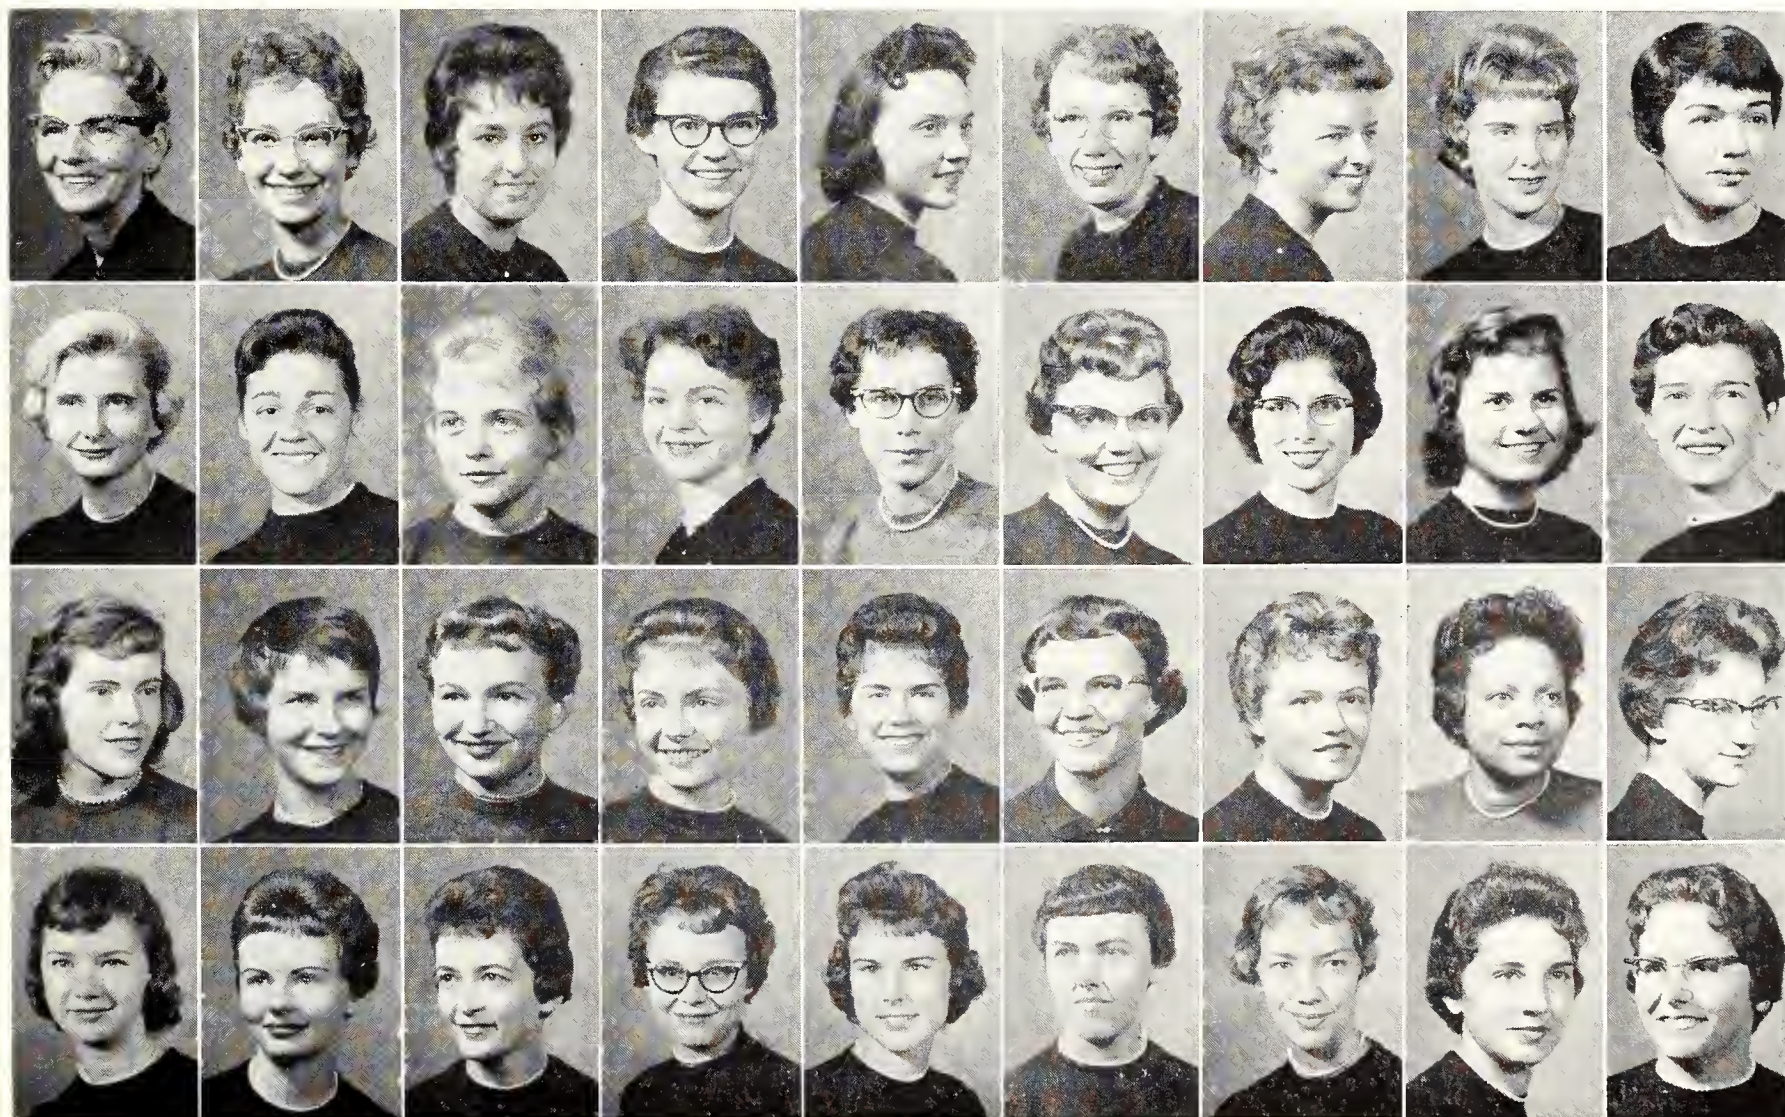

Van Zile coeds entertained dates, relatives and other guests at a spring open house, spring formal, faculty tea, Christmas formal, and special dinners and hour dances. One Van Zile resident was a member of Chimes and another was president of the Interdorm council. The dormitory also housed one of the attendants to the Royal Purple queen.

AT ALMOST ANY hour of the day or night the most important discussions in Van Zile hall are about men.

KNITTING is the rage among women students living in Waltheim hall. Upperclass coeds spend many hours

knitting and trading advice as to the best techniques for finishing their work in the dormitory living room.

Waltheim Hall

This year the governmental system of Waltheim hall was revised and a tutoring system within the dormitory was inaugurated. Waltheim was redecorated during the summer.

Members of the group were active in the Arts and Sciences honors program, AWS, Interdorm council, and Union committees. Janice Fauss was an IFYE to Israel and Sally Hardwick was the Colorado state amateur golfing champion. Members of the hall had a Christmas party for underprivileged children and adopted a needy family this year.

WALTHEIM HALL at 1436 Laramie was redecorated last summer. Approximately 80 women lived in the dorm.

Northwest Hall

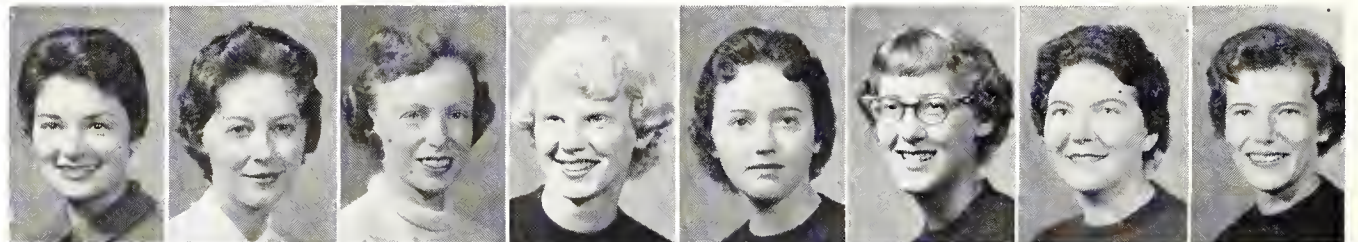

Scholarship, the adoption of a family at Christmas, etiquette, and a mother-daughter weekend were special projects for the residents of Northwest hall this year.

The women were active socially by hosting at a Christmas formal, spring dance, hour dances, a faculty tea, and special dinners. Coleen Ungeheuer was crowned Barnwarmer queen.

In intramural sports the Northwest hall swimming team won first place for the second year.

The Northwest hall women of 1958-59 gave a stereophonic record player to the dormitory this year.

RESIDENTS of Southeast hall took on all challengers at a snowball fight during the first big winter snow in

January. But when their opponents went home, some of the more enthusiastic freshmen fought each other.

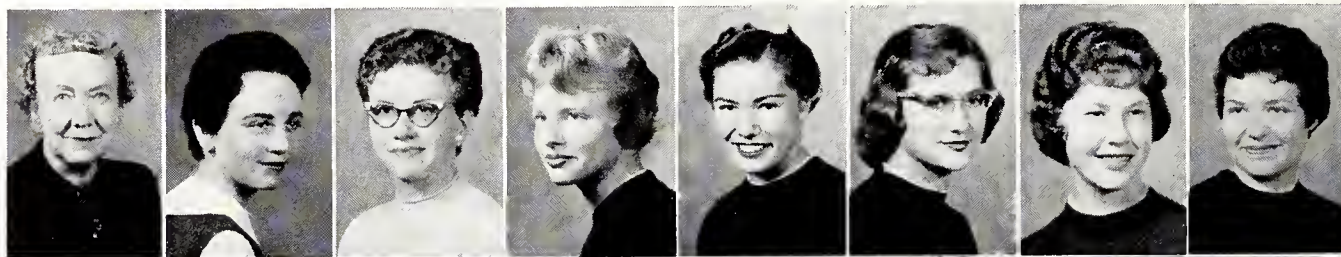

Southeast Hall

A special project of the women at Southeast hall this year was adopting a family at Christmas. The women also caroled at the Ft. Riley hospital. Organization of a dorm choir and participation in the

Interdorm sing also kept residents busy.

Karol Durham was assistant to the Barnwarmer queen and Judy Leach was queen of the dorm's Christmas formal. Michele Schultz was Kappa Sigma sweetheart and Interpledge queen. Southeast hall's social activities included a fall open house and dance, the Christmas formal, spring Cotton ball, and special dinners.

RESIDENTS OF West Stadium can participate in table tennis during study breaks and in their spare time.

West Stadium

1959-60 marks the thirteenth and final year of operation for West Stadium hall. The 150-man residence will be closed because of the fall opening of the new men's dormitory. Stadium members are formulating student governing plans for the new men's residence.

A scholastic scholarship award was established this year. Campus scholastic recognition was given to eight members listed on the dean's honor roll. One resident claimed membership in Phi Kappa Phi.

The independent division intramural championship was the reward for active group participation in all sports in 1958-59. Individual members were letter winners in most varsity and freshmen sports.

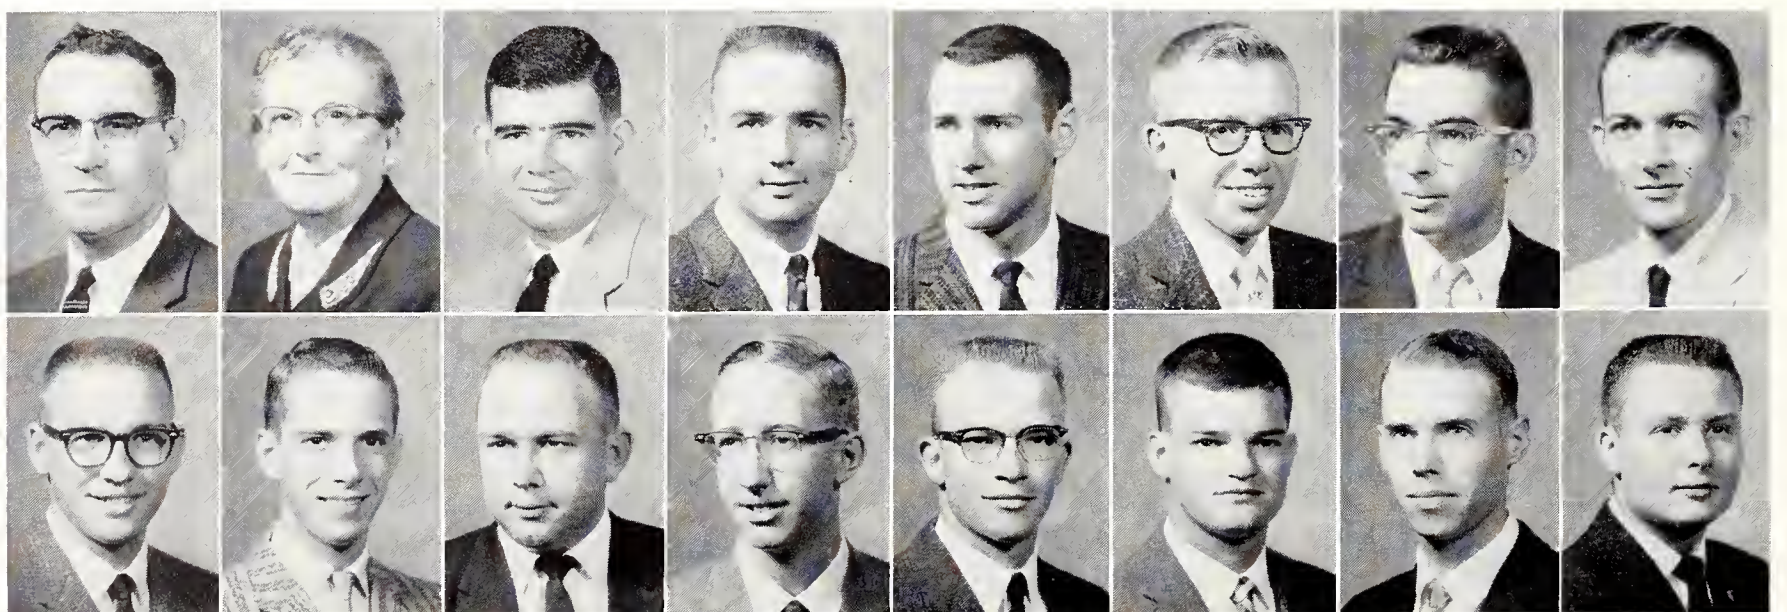

Acropolis

The annual Christmas party was the highlight of the social year for the members of Acropolis and their dates. During the year, the 15 residents participated in many campus activities and organizations, including Pershing Rifles, Block and Bridle club, Newman club, Varsity Men's Glee club, Band, and Collegiate 4-H.

An outstanding engineering student, Donald R. Schmidt was on the Dean's Honor Roll. The independent intramural tennis champion was an Acropolis member, Arlyn C. Beiber. President of the independent living group was Joe Lichtenauer, Jr.

RESIDENTS of the Scholarship house emphasize study, being well aware of the main objective at college.

Scholarship House

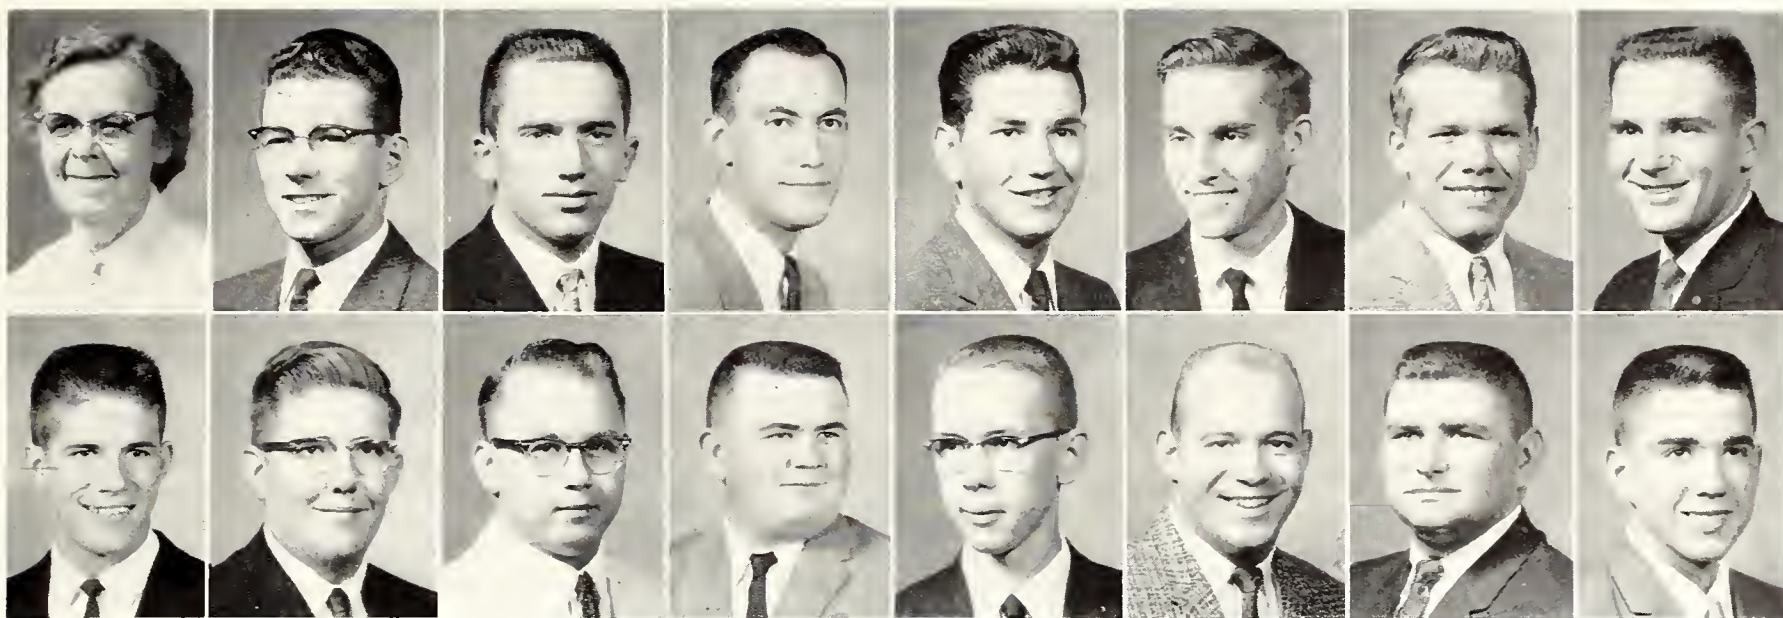

In its second year of existence, the Maitland E. Smith Scholarship House, first living group of its kind at KSU, housed 45 men. The residents, with the help of a paid student manager and president, Michael King, ran the house and helped defray their living expenses.

Besides meeting the 2.5 cumulative grade-average requirement, many members excelled in activities. Residents of the Scholarship house were: the National Chancery club supreme justice, on the gymnastics team, on the Engineers' Open House executive council, and on the champion crops judging team.

Signa Phi Nothing

The Signa Phi Nothing house, which was founded in 1945 by veterans, this year was the home of 14 men. John Strachota was president of the group. Members participated in intramural football, basketball, volleyball, softball, track, tennis, and horse-shoes. In addition to the active intramural participation, the group enjoyed a variety of social functions.

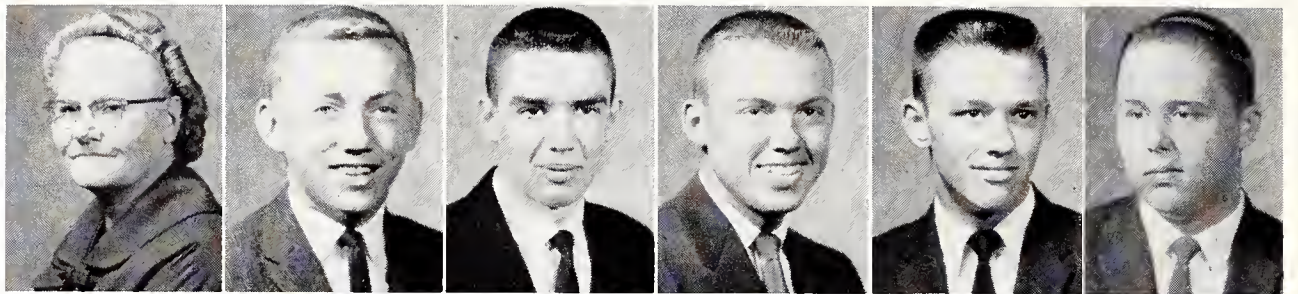

During its fourth year of operation, La Citadel housed 15 men. Raymond Hawley was president. Group activities included participation in Religious Emphasis Week and having foreign students as dinner guests. Individual residents were members of Collegiate 4-H, Varsity Men's glee club, Varsity rifle team, ROTC rifle team, Agricultural Education club, and Agricultural association.

Delta Chi Colony

Interfraternity Council officially recognized Delta Chi colony in the spring semester. The group will be eligible for a national charter at the start of the spring semester in 1961. Presiding over the 30 members last fall was Rolf Oslund, while Carl Vandeman held the position in the spring. Members were active on KSDB-FM; ran for Student Council, and in the FMOC and UMOC contests; and participated in intramural athletics.

O. K. House

The 48 members of O. K. house were active in several campus honoraries and most intramural sports this year. The members had hour dances, picnics, a hayrack ride, and Thanksgiving and Christmas programs. They also participated in Religious Emphasis Week.

Gary Hubbard was president of the house this year and Mr. and Mrs. Oliver Kientz were the organization's directors.

MEMBERS of Delta Chi colony entertain alums and rushees at an after-dinner bull session in the spring.

Pal-O-Mie

Pal-O-Mie, the only graduate women's house at K-State, derives its name from an Irish word meaning friendship. In the seven years of its existence as an organized residence, Pal-O-Mie has well exemplified this title, for many of its residents have been international students.

Two members of the group, Dorothy Meyer and June Dunham, were General Foods fellowship holders. Individual residents were members of Omicron Nu, Phi Kappa Phi, American Home Economics association, Mu Phi Epsilon, and Phi Upsilon Omicron. Betty Emery was president of the group.

Kasbah

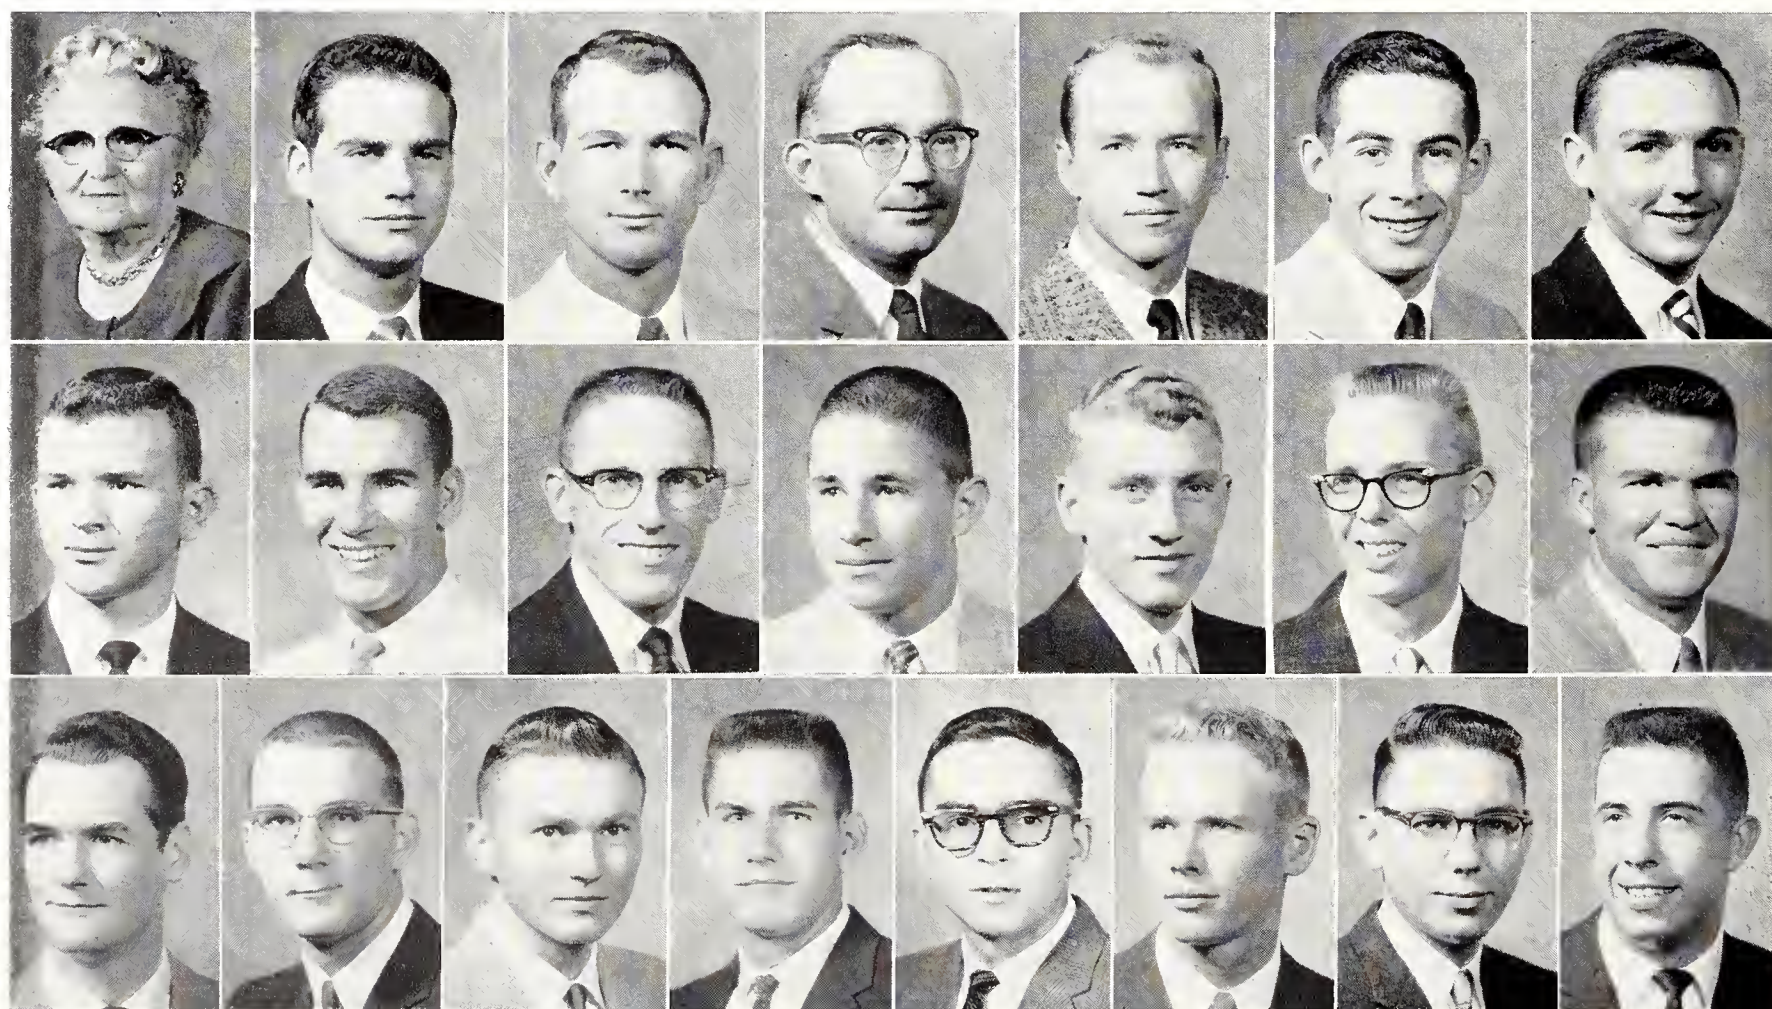

Three first-place trophies show the success of Kasbah's entries in the most unique class in the chariot relays of the last five years. Group efforts were also exemplified this year in Kasbah's active

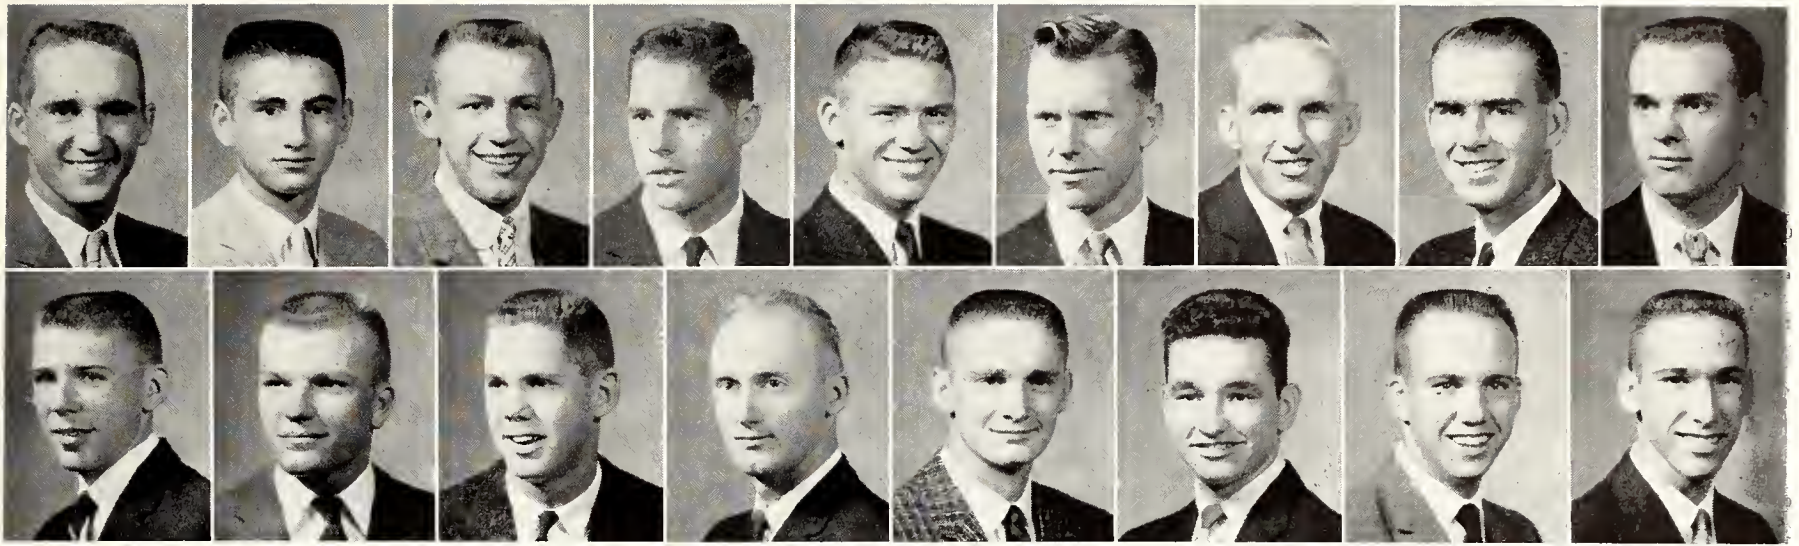

participation in intramural sports. All events were entered.

Phil Litwak brought individual honors by winning the breaststroke swimming competition. He also placed first in handball by defeating another house member, Ronnie Hiatt, in the finals. Many social activities, including exchange functions, hay-rack rides, and a Christmas party, were enjoyed by members. Kasbah president was Jim Quillin.

House of Brec

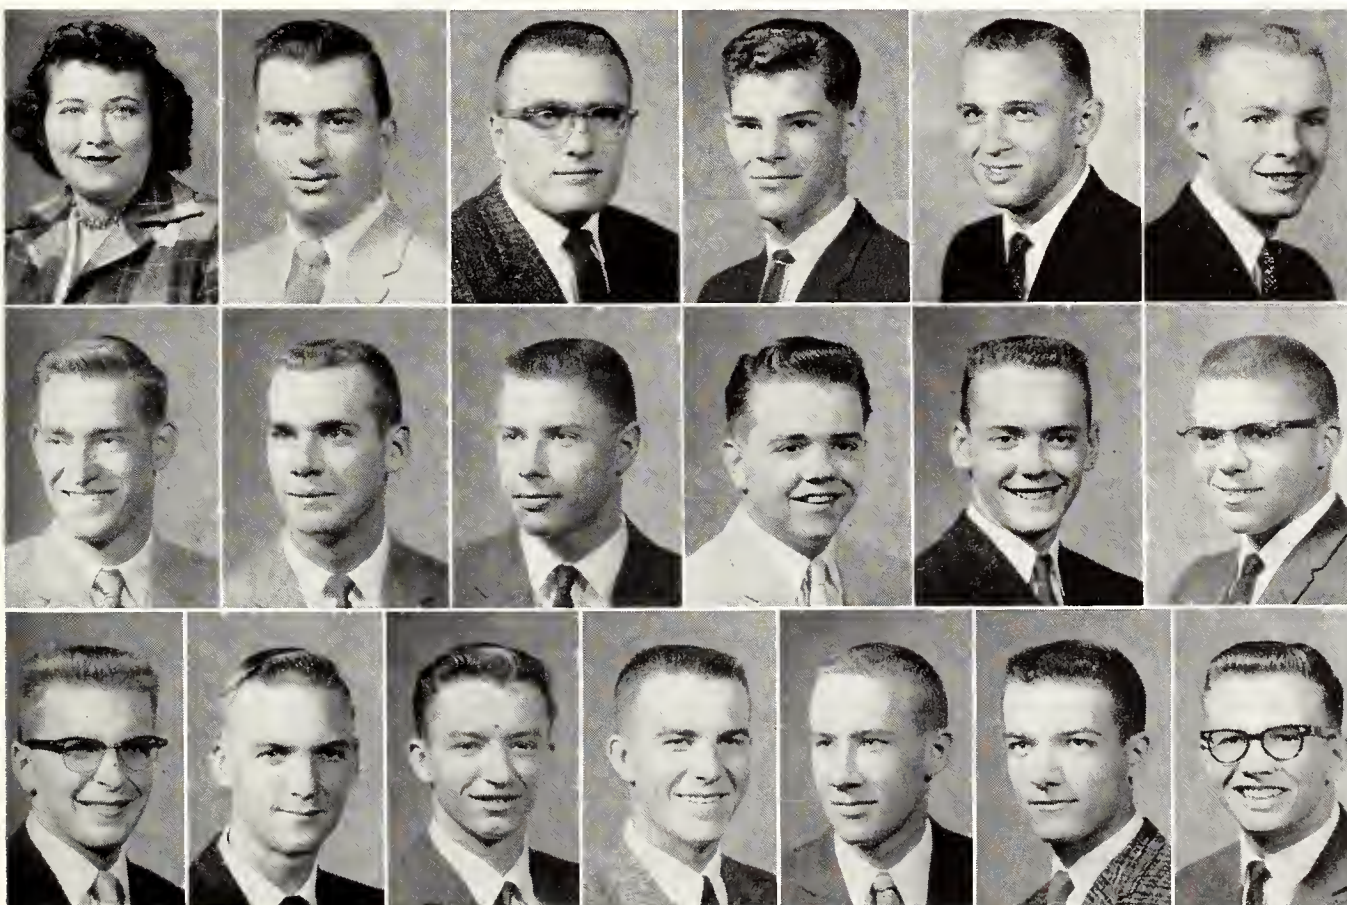

Two freshmen athletes in football and track, were among the 18 residents of the House of Brec. Another outstanding freshman performed in the Freshman Talent show.

Campus activities and intramural sports kept many members busy. Social highlights were seasonal parties, including Halloween, Christmas, and spring dances. Presiding officer was Duane Hoover.

House of Williams

As a result of active group participation, the House of Williams placed second in the independent division of the 1959 intramural program. Residents also scored academically, as six men had scholarships.

President Gene Koester and the 16 other members enjoyed a full social calendar. Included in the year's functions were a Homecoming open house, hayrack ride and weiner roast, and spring formal.

LIKE MANY OTHER married Kansas Staters, a student takes time off from his books for play time with his

young children. About 1,400 men students at the university are married, and about 200 coeds are married.

Eight Councils Govern KS Married Students

Eight mayors and councils were the governing bodies of the K-State married students' housing groups. One council each from Hilltop, Elliot, West Campus courts, North Campus courts, and four from Jardine Terrace made up the governing bodies.

Council members and mayors were elected by residents of the housing facilities. The councils wrote a constitution; arranged social events and intramurals, participated in campus politics; made regulations concerning soliciting, parking, and traffic; and acted on any problems that came up in the housing groups. A. Thornton Edwards and Wendell R. Kerr were sponsors of the councils.

About 460 students lived in Jardine Terrace apartments, 52 lived at North Campus courts, and about 120 lived in Hilltop, Elliot, and West Campus courts.

ACTIVITIES

BOOK THREE

Sports play a big role at any school and K-State is no exception. Enthusiastic cheerleaders and a band are as much a part of football season as crisp weather and multi-colored leaves. Even snow storms don't keep fans from crowding the Fieldhouse for basketball games.

Beauty and talent have their day as coeds are honored with crowns, bouquets, and congratulations. Special activities give students a chance to use their imaginations and their hands in building decorations, floats, or demonstration booths.

Long hours of practice, costume fittings, and make-up sessions precede the performance of campaign skits and three-act University plays. Rivalry is intense as organizations compete with each other for various honors. Students enjoy a few hours of outstanding music when big-name bands appear on the campus.

University Participates In Ten Varsity Sports

The hiring of a new football coach was just one of the many highlights in athletics this year. Douglas Weaver was hired in November and took over duties early in January. He replaced Bus Mertes, who resigned at K-State early in November and later took the head coaching job at Drake university.

Weaver was Assistant at Missouri

Only 29 years old, Weaver just completed two years as assistant coach at Missouri and had served as assistant at Michigan State the previous two years. Weaver retained Corky Taylor, offensive backfield coach, and Ed Dissinger, freshman coach, on the staff and hired three new assistants, John Kadlec, Bob Hailey and Ken LaRue.

Kadlec is 31 years old and will serve as line coach. He played college football at Missouri and served as assistant coach there for seven years. Hailey, 30, who will be defensive backfield coach, also played at Missouri and served there as assistant coach for two years. He coached in high school for seven years. LaRue played college ball at Ball State, Indiana. The 29-year-old end coach

H. B. (BEBE) LEE served his fourth year as athletic director. Doug Weaver was hired as football coach.

EXAMINING basketball player Wally Frank, are trainer Laurence (Porky) Morgan and Dr. Donald Cooper,

team physician. Morgan and Cooper were responsible for keeping K-State athletes in good physical condition.

played high school ball with Weaver at Goshen, Indiana. His coaching experience includes eight years in the high school ranks.

Athletic competition, a large part of Kansas State university life, is supervised by the Department of Intercollegiate Athletics. The University competes in the Big Eight conference in ten varsity sports—football, basketball, indoor and outdoor track, baseball, wrestling, tennis, golf, gymnastics, swimming and cross-country track.

Heading this vast program the past four years has been H. B. (Bebe) Lee, athletic director. Lee assumed duties on April 1, 1956, after spending six years as basketball coach at Colorado University.

Council Governs Athletics

The chief governing body of K-State athletics is the Athletic Council. Composed of students, faculty and alumni, the 12-member Council is guided by M. A. Durland, chairman.

Fritz Knorr served as assistant Athletic Director and also completed his ninth year as coach of K-State's wrestling team. Paul DeWeese handled the year-round job of publicizing athletics. He covered all sport competitions K-State entered. Frank Mosier served as ticket manager. He processed over 100,000 ticket requests during the year.

PAUL DEWEESE, Fritz Knorr, and Frank Mosier were important behind-the-scenes men in K-State athletics.

Finale Win Brightens Dull Football Season

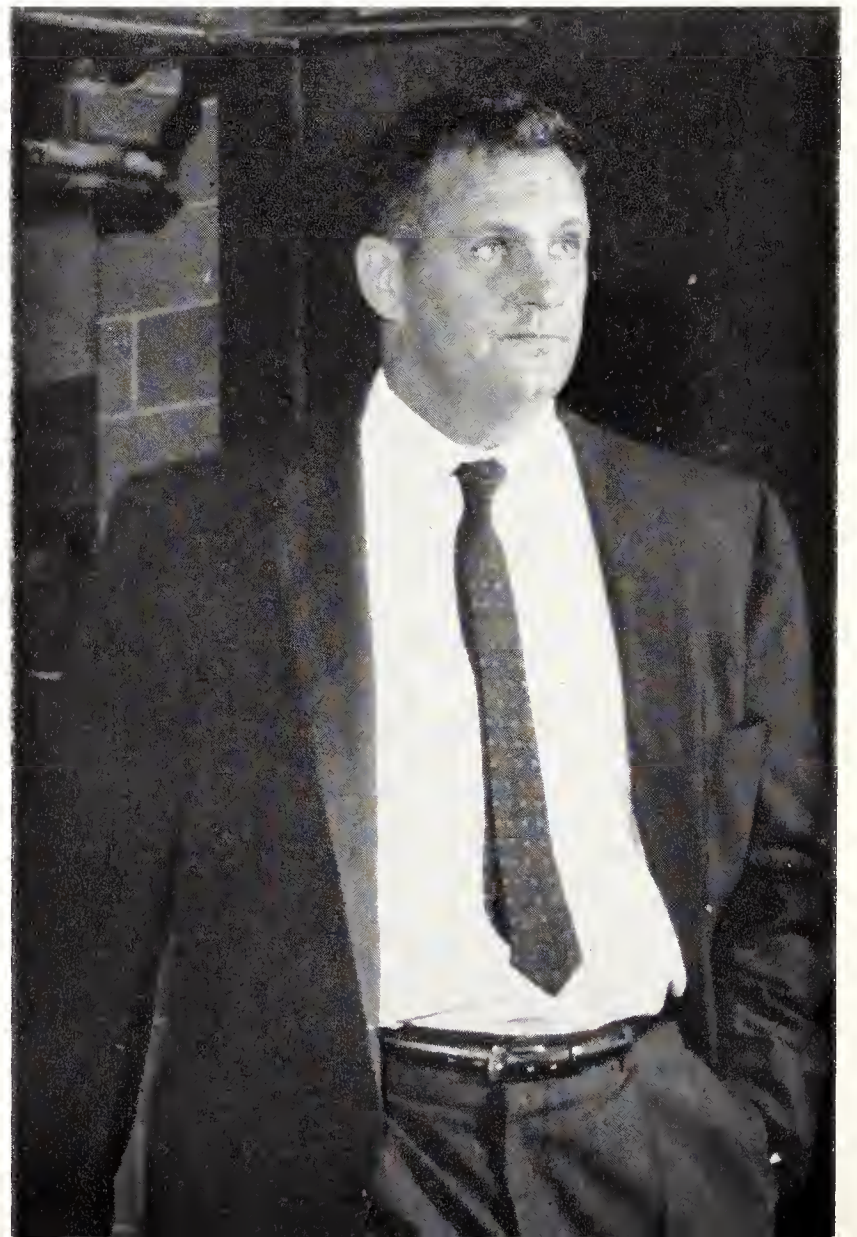

Kansas State's football team suffered a losing season in 1959—winning only 2 of 10 games—but the Wildcats closed out their season, and also Coach Bus Mertes' career at K-State, with an inspiring 29-14 victory over Nebraska at Manhattan. The win over the Huskers was the Cats' only Big Eight win of the season, leaving them in the conference cellar. The other victory was over South Dakota State at Brookings.

Coach Mertes turned in his resignation to the Athletic Council the week following the victory over Nebraska. After screening about 200 candidates, the Athletic Department named Doug Weaver as head coach.

Stolte Gets Most Post-Season Honors

John Stolte, 275-pound senior tackle, got most of the team's post-season honors. Stolte was named to the United Press International second team all-Big Eight and received honorable mention in the Associated Press poll. In addition, he received honorable mention all-America honors in both polls. J. B. Littlejohn, senior fullback, was an honorable mention choice on the AP all-conference team.

BOWING OUT on a happy note, Coach Bus Mertes resigned after Kansas State blasted Nebraska's Huskers.

DALE EVANS (12) won this battle for possession of a K-State pass, and scored against Nebraska university.

ALTHOUGH KANSAS STATE'S 1959 record was its poorest in seven seasons, there were bright moments when

K-State fans had something to cheer about. Alternate cheerleader Linda Ate sees hope for better seasons.

THE HIGH SPOT—Jubilant Wildcats carry Coach Mertes off the field after upsetting Nebraska. Said Mertes, "It left them with a good taste in their mouths for football."

PICKING UP HELP from Don Darter (82) and George Whitney (40), Dale Evans fights for yards against WU.

Three K-Staters were drafted by professional football teams in the post-season. Stolte, drafted by the Philadelphia Eagles in 1958, was also drafted by the Los Angeles Chargers of the new American Football league. Senior end Joe Vader was a choice of the Dallas Texans of the same league. Littlejohn was chosen by the Green Bay Packers.

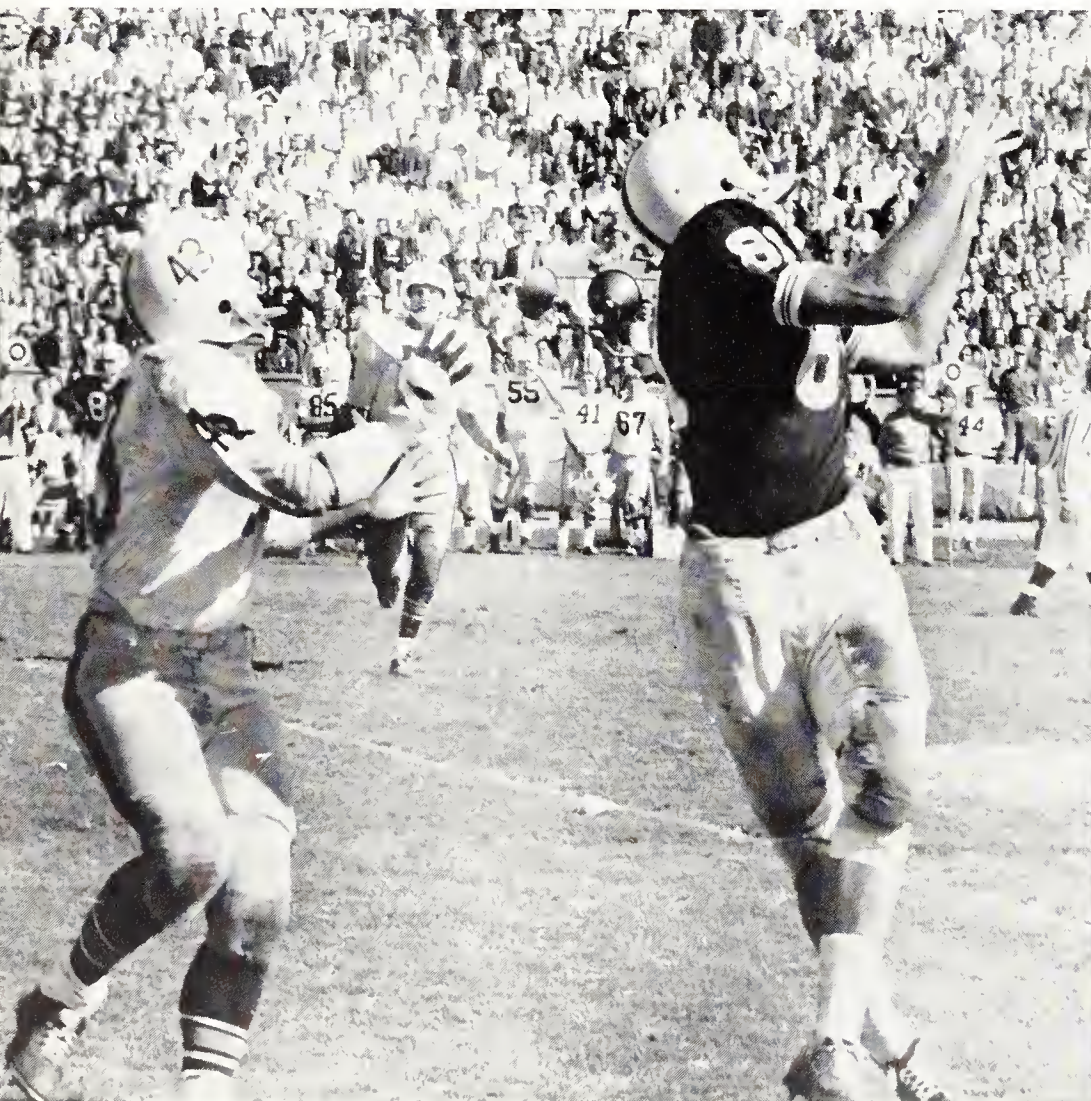

Wichita Outclasses Wildcats

The Wildcats were slight favorites over Wichita in their opener at Manhattan, but the Shockers, led by quarterback Dick Young and fullback Ted Dean, outclassed the Cats, 19-0. Following a K-State punt midway through the first quarter, Wichita started a drive on the K-State 45-yard line that ended 13 plays later when Dean plunged over from the one-foot line. It was the same story on the next series of downs as the Wildcats punted, Wichita took over on the 50, and marched in for the score. K-State had good scoring opportunities in each half, but was stopped each time deep in Wichita territory.

Cats Top Jackrabbits

The Wildcats evened their record at 1-1 the following weekend with a 28-12 victory over South

Dakota State. The under-dog Jackrabbits showed they were no pushovers when they put together two sustained marches to gain a 12-7 halftime lead. Halfback John Marcoline accounted for the Wildcats' first score on a five-yard run. George Whitney set up K-State's second touchdown with a gain to the Jackrabbit five. Fullback Gene Bassetti went over for the score. Marcoline made the game's outstanding play, taking a punt and running 57 yards for another touchdown. Quarterback John Solmos ended the K-State scoring with a 15-yard pass to end Vern Osborn in the final period.

Cowboys Outscore Kansas State

K-State returned home a week later to meet Oklahoma State. The Wildcats wasted little time as Solmos completed a 51-yard pass on the second play and scored seconds later. The Cowboys came right back, marching 69 yards with Dick Soergal throwing a touchdown pass from the five. After Solmos punted to the OSU 1 yard line, the Cowboys marched the length of the field for their second score. A K-State fumble set up still another Oklahoma State score, but the Wildcats pulled close at 21-13 when Littlejohn went over from the

one. Each side tallied a TD in the final period, making the final score OSU 27, K-State 21.

Colorado Edges Kansas State

The following weekend proved very costly to the Wildcats. Not only did they lose to Colorado, 20-17, but they lost both Solmos and end Cedric Price. Price was lost for the season when he dislocated a shoulder while breaking up a CU pass. Solmos, after outpassing the Buffs' Gale Weidner for three quarters, suffered a sprained elbow when he tried to recover a fumble. K-State could not contain Weidner in the final 15 minutes, and the Buff star scored once and passed for another touchdown to lead Colorado to the victory.

Jayhawks Pad Cat Losing Streak

The Wildcats suffered their third straight defeat the next weekend, 33-14 to Kansas at Lawrence. The Jayhawks jumped into an early lead, but Solmos combined with Osborn for a 64-yard TD pass. Jack Richardson then pulled K-State back into the game at 19-14 late in the first half with a 15-yard scoring run. But with 19 seconds left, KU's Lee Flachsbarth fired a 71-yard touchdown pass to John Hadl. The Wildcats outplayed KU in the second half, but were unable to cut down the Jayhawkers' lead.

Wildcats Whitewashed by Cyclones

the finest performance of his career, rushing for 161 yards, passing for 108, scoring on a 42-yard run, and firing two touchdown passes. Littlejohn had 57 yards in 12 carries to lead the Wildcats.

Hawkeyes Humiliate Kansas State

The powerful Iowa Hawkeyes were next for K-State, and had little trouble pounding out a 53-0 win at Iowa City. Iowa ran wild in the first half and left the field with a 45-point lead. The Hawkeyes' first unit saw little action in the second half, but picked up another score while it was in. Gene Bassetti had 34 yards in six carries for K-State.

Oklahoma Repeats Plot in Saturday Matinee

K-State then returned home and was shut out once again, bowing to Oklahoma, 36-0, on Homecoming Day. The Wildcats played fine defensive ball the first half, holding the Sooners to a 7-0 lead and stopping them three times deep in K-State territory. Oklahoma started to pick up steam following two pass interceptions in the third quarter and turned the game into a rout. The deepest K-State could penetrate was to the Sooner 36-yard line.

Wildcats Topple Nebraska in Finale

K-State gave Coach Mertes a fine going-away present the following Saturday in the form of a 29-14 upset of Nebraska in the season's finale at Manhattan. The Wildcats unveiled a new offense, the spread formation, which baffled the Huskers. Sophomore quarterback Ron Blaylock played the finest game of his career, completing 12 of 15 passes for 120 yards and two touchdowns.

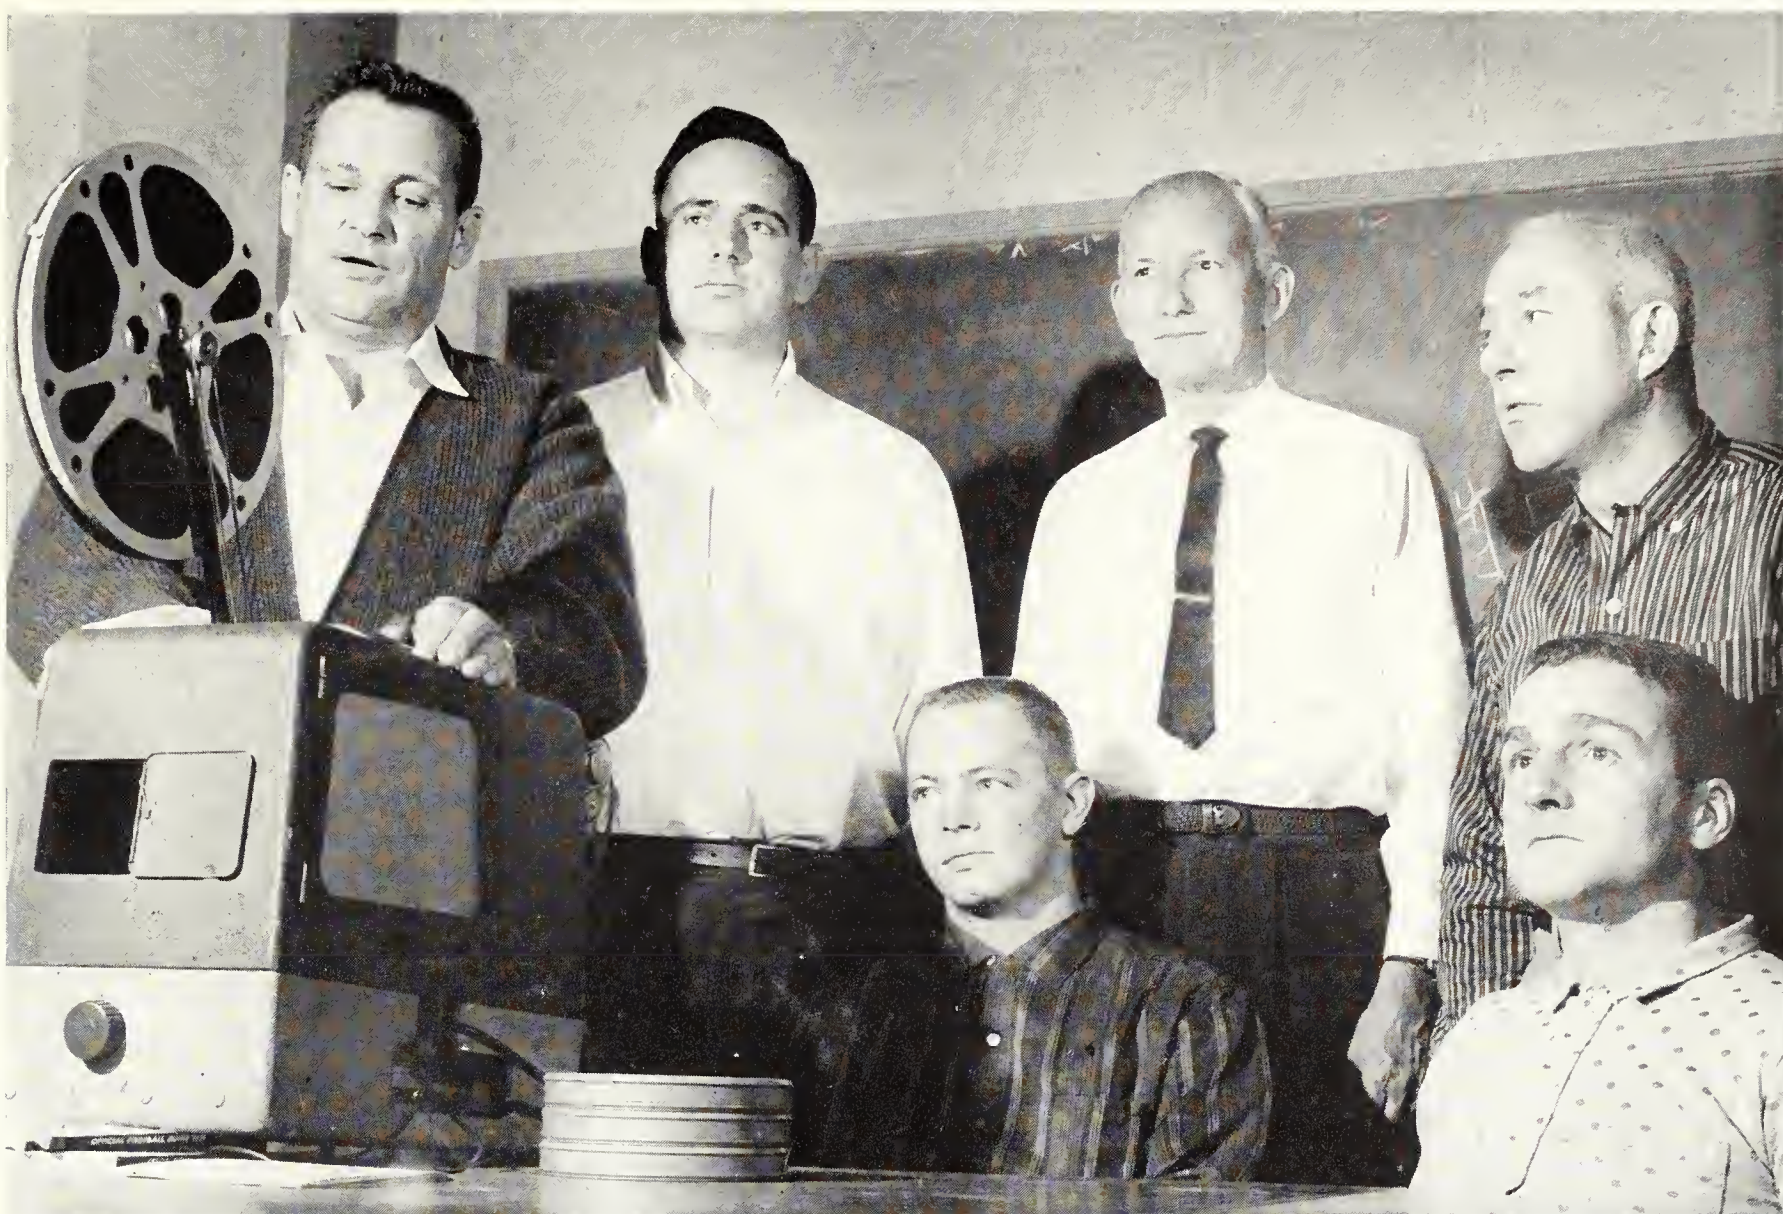

Nebraska scored in the first two minutes of play, but K-State ended its scoring drought when John French booted a 45-yard field goal. Blaylock and Solmos directed two touchdown drives of 89 and 65 yards in the second and third periods. French kicked another field goal, this one from 34 yards, and K-State scored a safety when it tackled a NU ball carrier in the end zone. After the game Mertes was carried from the field to the locker room on the shoulders of his team.

Frosh Lose Two

The K-State freshman team had no more luck than did the Varsity. The young Cats were defeated by the Kansas frosh, 27-12, in their opener at Lawrence, after leading 12-7 at halftime. Two weeks later at Lincoln the Nebraska freshmen had even less trouble with K-State, winning, 19-0.

Wildcat, Hawk Cagers Share Big Eight Title

Kansas State's basketball team kept a portion of the Big Eight crown in Manhattan as the Wildcats battled to a tie with the Kansas Jayhawks during the 1959-60 season. It was the third straight year K-State either won or shared the Big Eight championship. K-State and Kansas university each won 10 and lost 4 in conference competition.

Several Wildcats shared the spotlight during the season. Wally Frank led the Cats in rebounding and scoring, averaging 14.7 points a game. Steve Douglas was slow to round into form, but played outstanding ball during the last eight games of the season. Mike Wroblewski, who also got started slowly, developed quickly late in the season.

The Wildcats opened their season against South Dakota State in Ahearn fieldhouse. With Frank grabbing 15 rebounds and scoring 35 points—including 16 field goals for a new school record—the Cats rolled to an easy 85-52 victory over the Jackrabbits.

Cats Beaten by St. Louis

St. Louis was the Wildcats' next opponent and the tough Billikens handed K-State its first home-court loss in two years. Frank scored 20 points and Larry Comley added 12, but no one could stop the Bills' big center, Bob Nordmann, who dumped in 23 points and snared 15 rebounds.

The Cats then hit the road and found there was no place like home as they lost three straight games.

FIGHTING for possession during the Iowa State game at Manhattan are Pat McKenzie and Sonny Ballard (10).

North Carolina State was the first K-State opponent, and the Wolfpack was a rude host as it jolted the Wildcats, 66-59, at Raleigh. K-State led most of the way, but North Carolina State caught up and late in the game and went ahead to stay. Comley led the Wildcats with 17 points and Sonny Ballard had 16.

Powerful North Carolina downed the Cats the following night, 68-52. Frank hit 11 points to lead K-State. The Cats suffered their fourth straight setback two nights later at Bloomington, 67-58, to Indiana's tall Hoosiers. Ballard got 20 points and Frank scored 18.

K-State Bombs Brigham Young

The next outing was against Brigham Young at Lawrence in a Sunflower Doubleheader, with Kansas and San Francisco playing the second game. The Wildcats had little trouble outclassing the Cougars, 86-55, with Ballard scoring 16 points and Frank and Price 11 each. The Jayhawks downed San Francisco, 73-42.

as they beat San Francisco, 83-62, while hitting 57.9 per cent. Ballard led K-State scoring with 33 points and Price added 16. Kansas also won again, 96-64, over BYU.

The next attraction was the Big Eight preseason tournament at Kansas City. K-State met Iowa State—tournament champions to be—and lost a 74-73 thriller in overtime. Regulation play ended at 67-67, but the Cyclones' fine sophomore, Vinnie Brewer, gave Iowa State the edge in the extra period. Price and Warren Brown each scored 12.

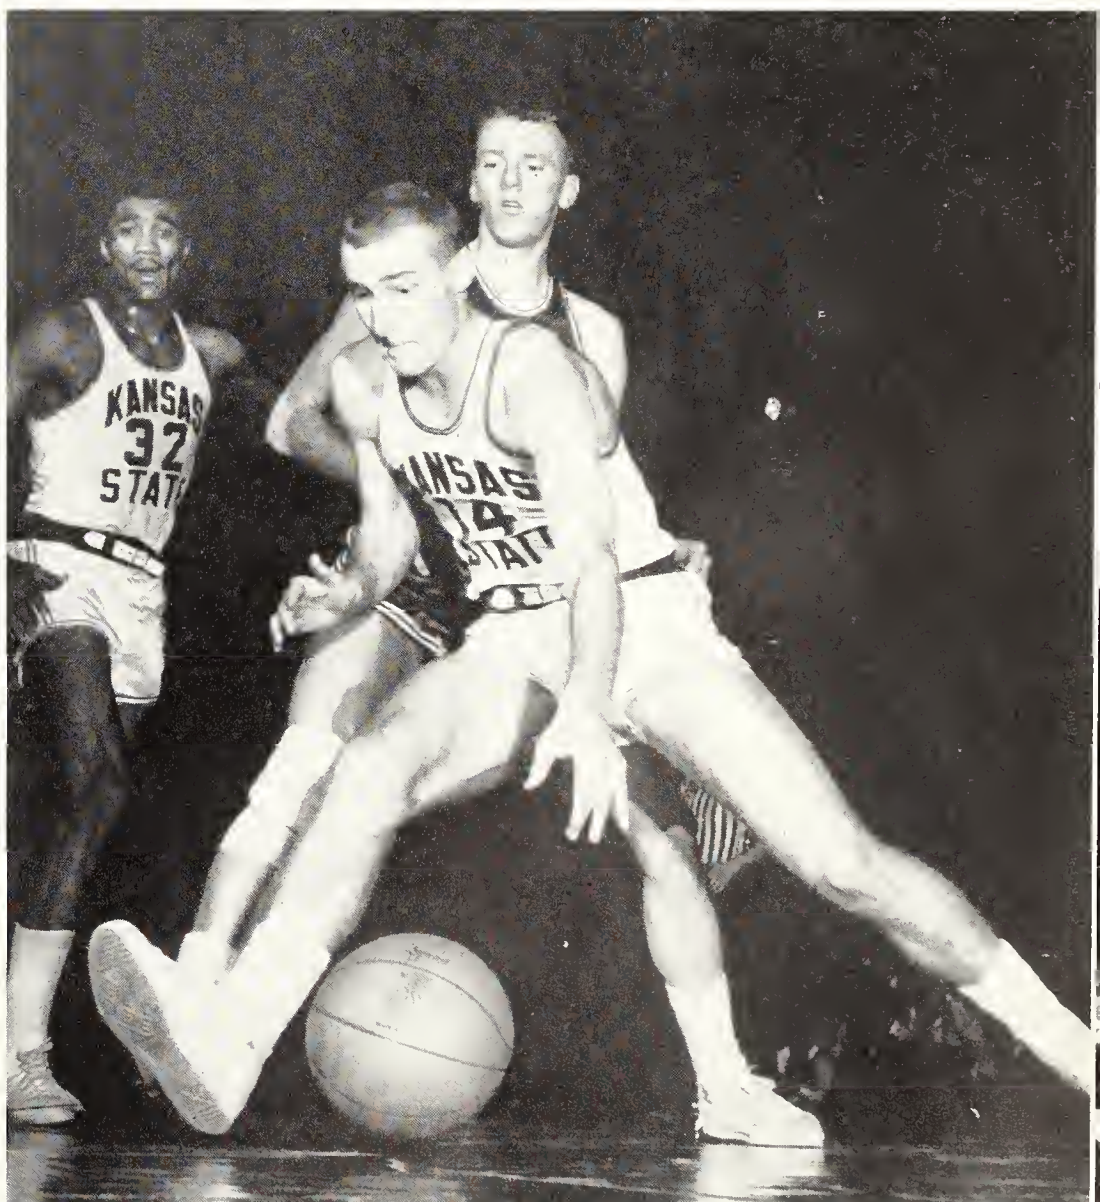

Coach Tex Winter shuffled his starting lineup after this defeat, and Frank found himself out of the starting lineup for the first time in two years when the Cats met Nebraska in the consolation bracket. But Frank didn't stay on the bench long. He scored 26 points and picked off 13 rebounds to lead K-State to a 71-63 win.

Frank Paces Win Over Cowboys

Next afternoon Frank was high Wildcat scorer again, tossing in 16 points as K-State took a 52-49 win from Oklahoma State for the consolation title. Mickey Heinz got 14 points and Price 12.

The Wildcats opened conference play against Colorado in Ahearn fieldhouse. After building up a big lead in the early minutes, K-State romped to a 69-37 win. Frank had 15 points and Ballard 14. Next time out the Wildcats toppled Missouri at Columbia, 65-60. Frank hit 20 points and nabbed 16 rebounds in leading K-State to its second straight conference win. Price and Heinz scored 11 each.

The Cats were rematched with Oklahoma State's Cowboys two nights later at Stillwater. Price was the big gun in this one, scoring 15 points to lead K-State to a 54-49 win in what was a tight game all the way.

Wildcats Edge Sooners

Back home again the Wildcats edged the Oklahoma Sooners, 76-68. Price was high man in both scoring and rebounding, with 20 and 14, respectively. Frank tallied 20 points and grabbed 10 rebounds and Heinz scored 14 points.

K-State then took on Iowa State here in a revenge meeting. It was close all the way, but the Cats came out on the long end of a 68-66 score for their fifth straight conference win. Frank hit 12 points, Price got 11 and Dick Ewy added 10.

Todd Ikard (43), and David Miller (45) for possession in K-State's 74-65 home win over the Cowpokes.

The Wildcats made it eight straight wins by downing Baylor in a non-conference game at Manhattan. The Bears started fast and raced to a 43-41 halftime lead, but K-State switched to a zone defense in the final period and pulled away, 77-63. Frank and Price combined for 39 points and 25 rebounds.

One week later at Boulder, Colorado's Buffaloes handed the Cats their first conference defeat, 65-50. The Buffs out-rebounded K-State, 46-24, and got a great performance from sophomore Wilky Gilmore, who hit 22 points, including 14 straight free throws. Frank led the Wildcats with 18 points.

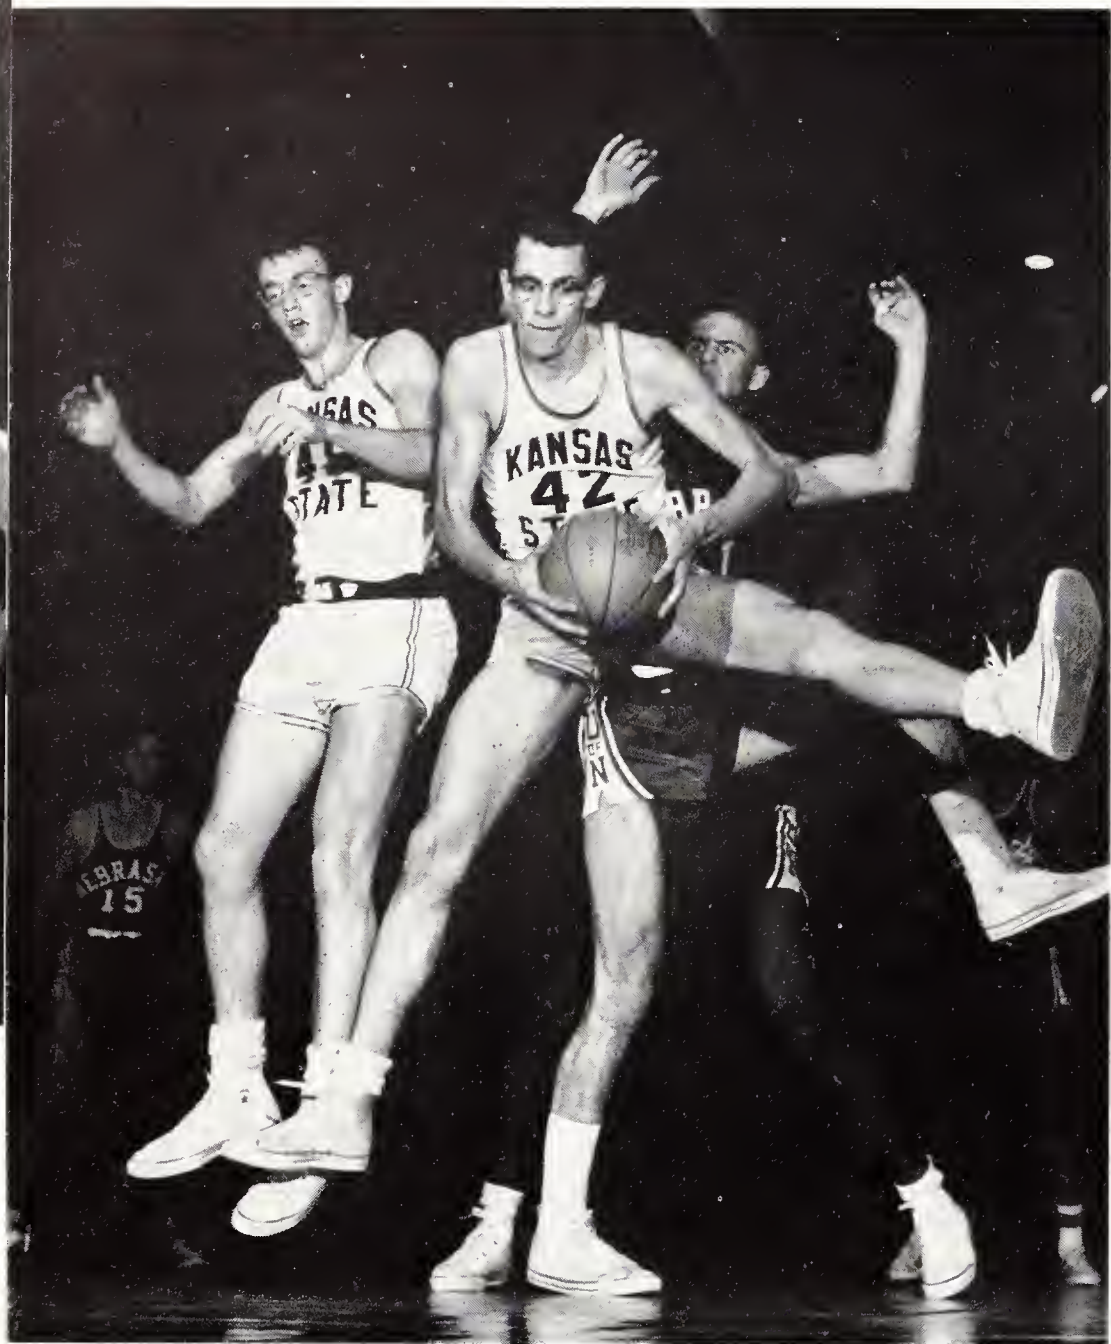

Kansas Stops Wildcat Comeback Bid

The Cats then headed for Lawrence to meet Kansas. The Jayhawks could do nothing wrong for the first 20 minutes and left the court leading 47-27. Winter jerked his entire lineup late in the first half and put in five substitutes. Wroblewski scored 18 points in the final half as K-State fought back and took a narrow lead, but Wayne Hightower hit two buckets for Kansas in the last two minutes to give the Jayhawks a 64-62 win. Wroblewski had 22 for the game.

Back on their home floor once more, K-State built up a 50-38 halftime lead and held on to down Missouri, 89-80. The Cats had their most balanced scoring attack of the year, as Frank hit 22, Douglas 19, Price 13 and Ballard 12.

MIKE WROBLEWSKI rebounds against Kansas at Lawrence. He scored 22 points to spark a comeback bid.

PHIL HEITMEYER (45) and Pat McKenzie (42) screen off a potential Nebraska rebounder and get the ball.

Cats Beat Cyclones with Late Shot

In the rubber match of the series, the Wildcats downed Iowa State at Ames, 72-70, two nights later. Frank scored on a jump shot in the final 26 seconds to give K-State its winning margin. Frank had 26 points and Douglas and Comley had 13 each.

K-State saw its title hopes take a turn for the worse when Nebraska ambushed the Cats at Lincoln, 70-60. The Huskers pulled away in the last half thanks to some red-hot shooting. Frank had 17 points and Douglas added 13.

The Wildcats then evened the score with Kansas by taking a 68-57 win before a full house at Manhattan. Wroblewski supplied the punch in the first half with 15 points. Frank took over in the second period and kept the Cats ahead with his long-range shooting. He finished with 19 points.

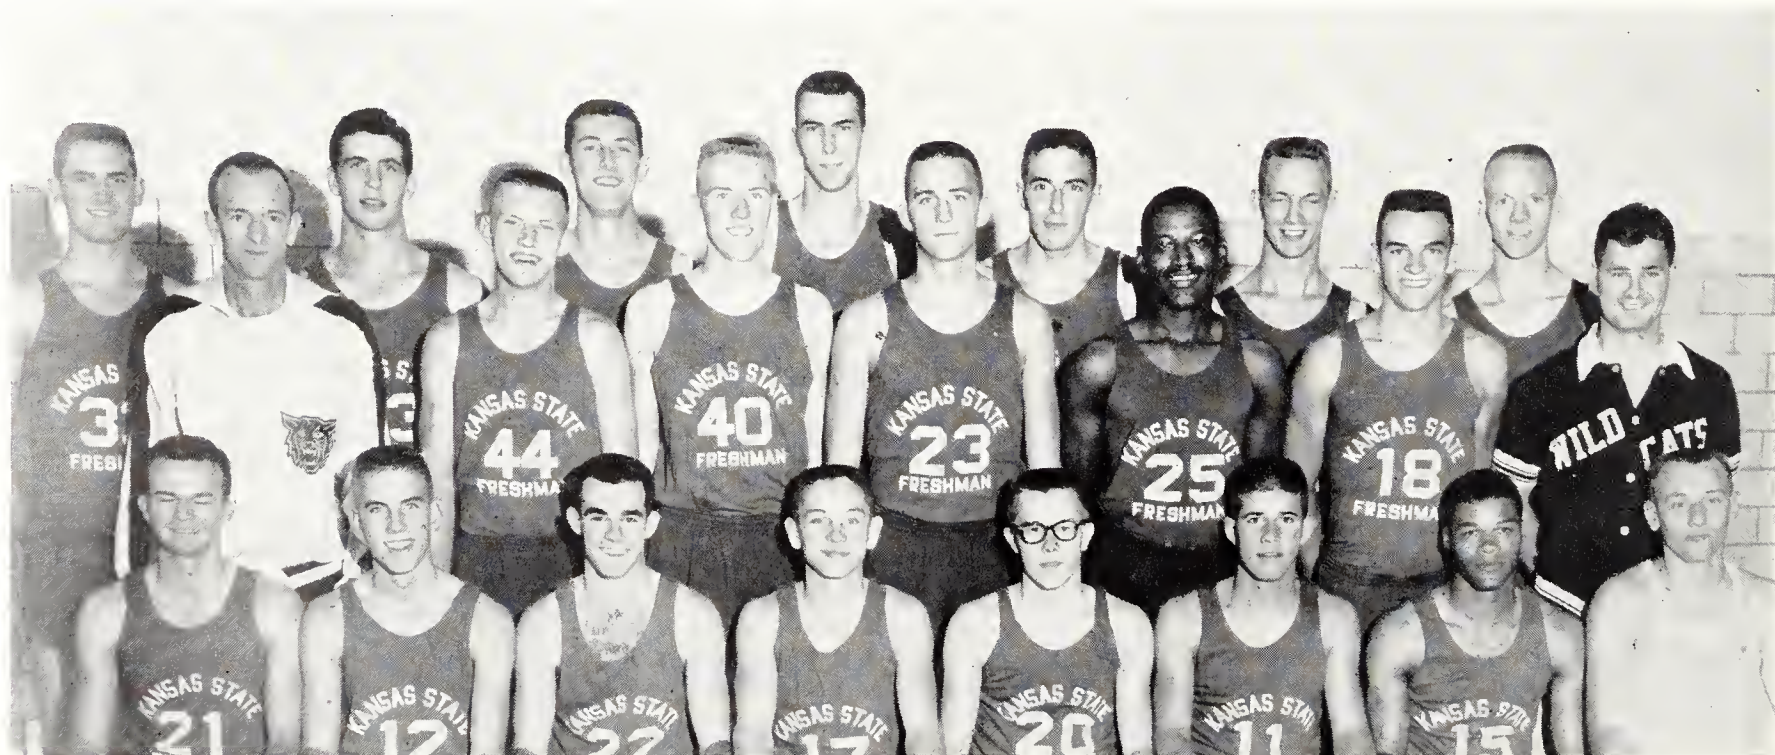

Sooners Shatter Cats

In its next outing, K-State ran into a stingy bunch of Oklahoma Sooners and suffered its worst defeat of the season, 58-35, at Norman. Douglas led K-State scoring with 7 points. The Cats then returned home to whip Oklahoma State, 74-65. Wroblewski scored 26 points and got 14 rebounds.

K-State closed out its regular season the next Saturday with an 83-74 victory over Nebraska at Manhattan clinching a tie for the Big Eight title. Wroblewski hit his personal high with 28 points. Douglas scored 13 points and Ballard had 10. Sophomore Pat McKenzie grabbed 18 rebounds for the highest single-game total by a K-Stater all year.

Kansas then downed the Cornhuskers at Lawrence to set the stage for a playoff to determine the conference NCAA entry.

The teams met two days later in Ahearn fieldhouse. K-State grabbed a nine-point lead early in the game, but Kansas went back on top in the first half. The Jayhawks pulled away to a 13-point lead midway through the final half. K-State fought back and had the lead in the final two minutes, but regulation play ended with the score 72-72. Kansas struck quickly in the overtime and led by five. K-State fought back again, but fell short this time and KU won, 84-82.

Frosh Go Undefeated

K-State's freshman team had a fine year as it swept to four straight victories. The young Cats opened by taking a 78-71 win from Kansas at Lawrence. They then downed Parsons Junior College, 71-62; Wichita, 111-89; and Nebraska, 87-53; all at Manhattan. Gary Marriott topped the frosh in scoring. He received solid support from Al Peithman, Jerry Roy, Dave Nelson and Roger Suttner.

Young Cat Wrestlers Win 7 Dual Matches

Composed entirely of sophomores and juniors, K-State's 1959-60 wrestling team enjoyed its finest season in many years as it posted a 7-4 mark in dual matches and won a quadrangular meet.

Two Wildcat matmen shared the spotlight during the season. John Dooley won the Big Eight con-

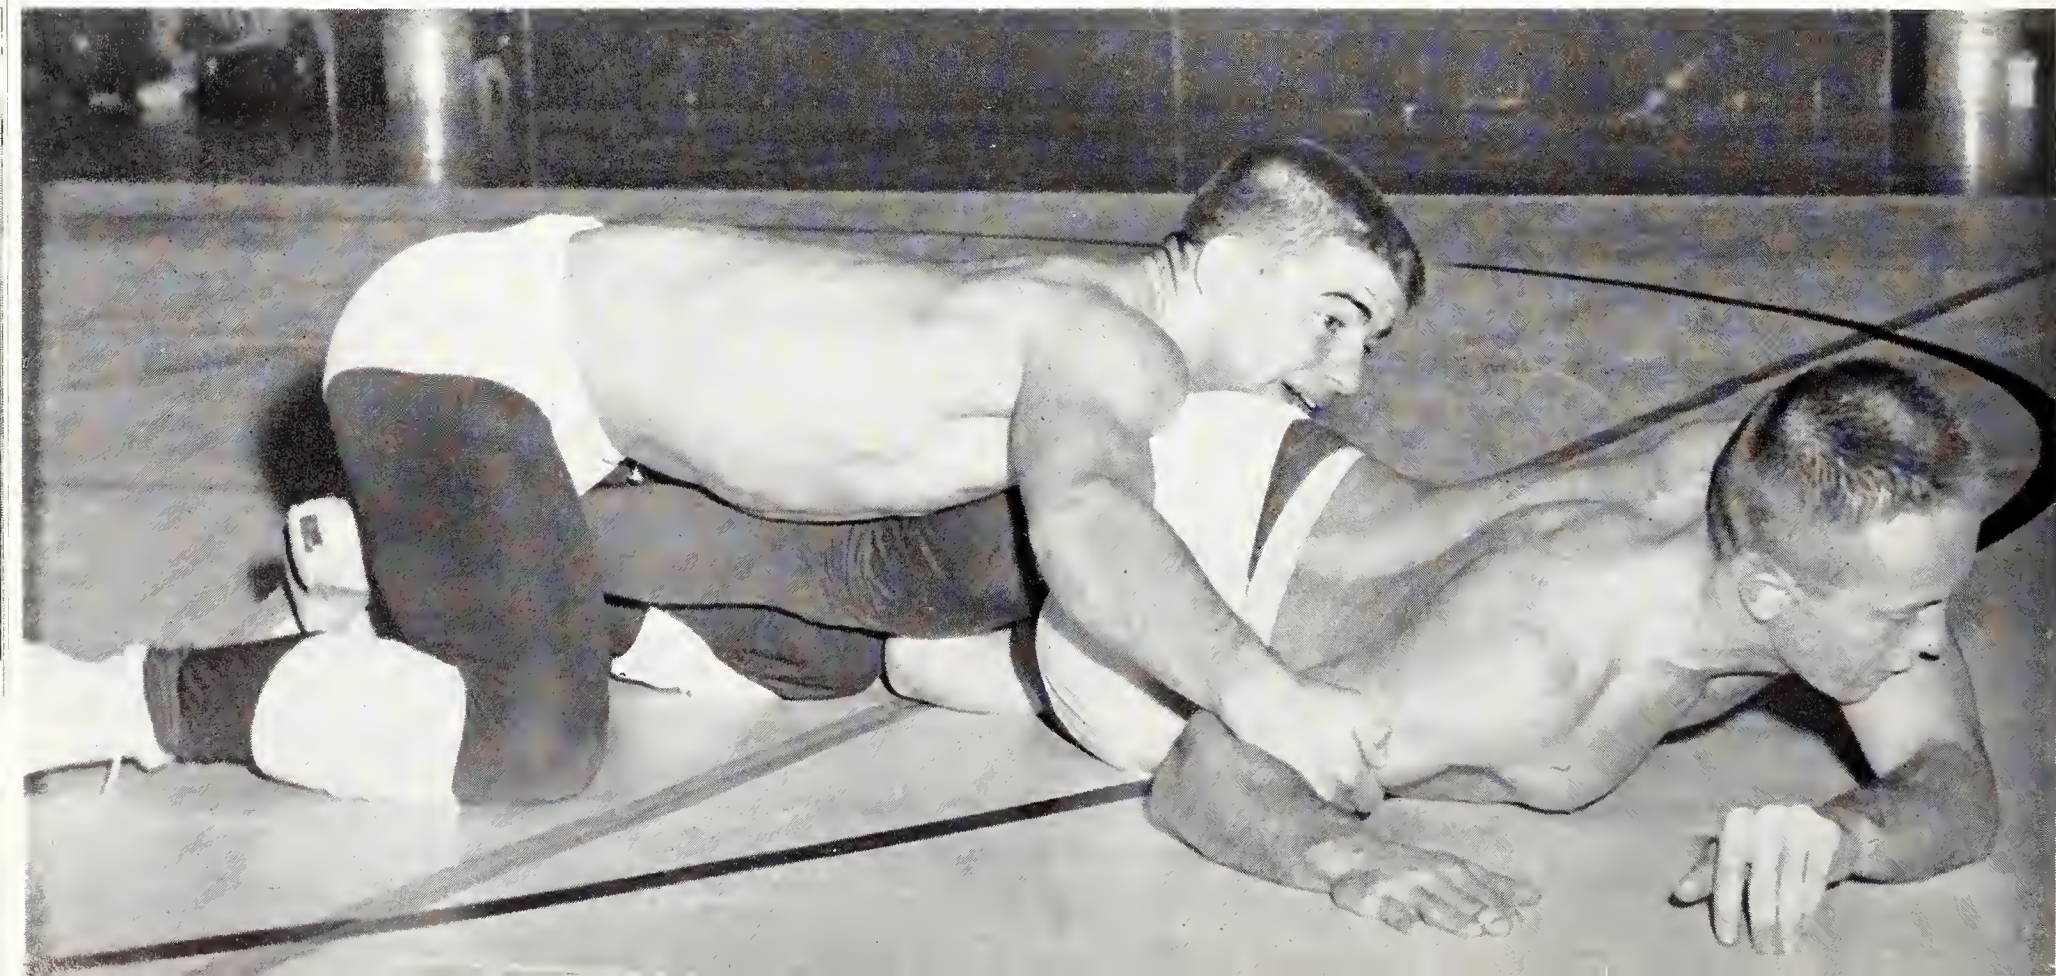

ference championship in the 115-pound division. Dee Gard turned in an 11-2 record at 147 pounds in regular season competition to lead the team in scoring.

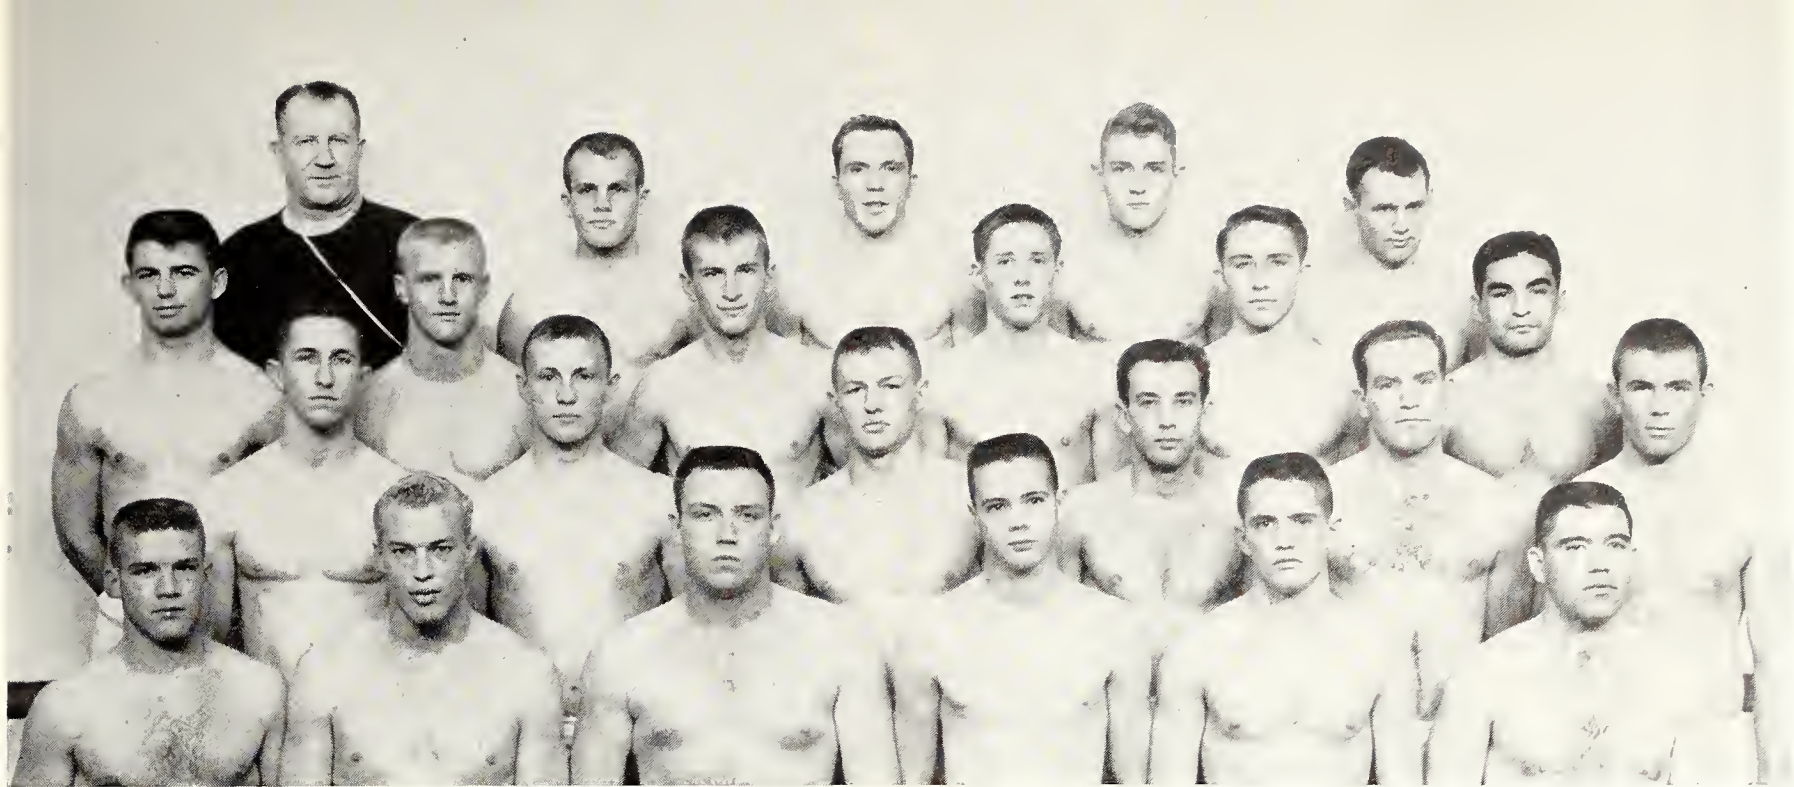

Several other Wildcats had outstanding records. Heavyweight Don Darter had a mark of 7-2-1; Jerry Allen won 7 of 10 matches at 177 pounds; Larry Word turned in an 8-4-1 mark at 137 pounds; and Darrell Huggins was 7-4 at 130 pounds.

Except for several bad breaks the Wildcats might have had an even finer year. Four Cats—Huggins, Word, Allen, and Wayne Stanley—were hampered

The Wildcats got off to a good start as they won a quadrangular meet from South Dakota State, Omaha, and Northwest Missouri State. They downed Mankato State, 18-13, and Northern Illinois, 19-12, but lost to Northwestern, 9-17. Then followed a string of five straight K-State wins. Iowa

State ended the Wildcat streak by taking a 32-0 win at Ames. Allen and Darter were injured in this meet and were forced to default their individual matches.

The Cats then closed out their regular season with only three regulars in the lineup, losing to Oklahoma State, 33-2, and to Oklahoma, 28-5. At the conference tournament, Word finished second and Gard and Tom Lundy finished fourth.

Cross Country Team Competes in 5 Meets

Kansas State's cross country team was paced by senior Duane Holman, who placed first or second in four dual and triangular meets during the 1959 season. The Wildcats placed third behind Nebraska and Colorado in a season-opening triangular here. Holman won individual honors with a time of 15:56.9. He placed second in a dual against Missouri as Kansas State was defeated, 19-40.

In the third meet of the season Drake and Iowa State finished ahead of the K-State team. Drake won with 33 points and Iowa State had 38 and Kansas State 52. In the final meet of the regular season, Kansas State finished second against Wichita and Drake. Drake took the meet with 29 points, Kansas State had 46, and Wichita 49. Holman placed second.

Final competition was in the Big Eight meet at Lawrence, where K-State finished seventh. Holman again was the top Cat performer, placing 11th. Other performers for Coach Ward Haylett were Larry Wagner, Bob Groszek, Gene Mater, Bob Jadow, and Jerry Schletzbaum.

Tracksters Participate In Six Indoor Meets

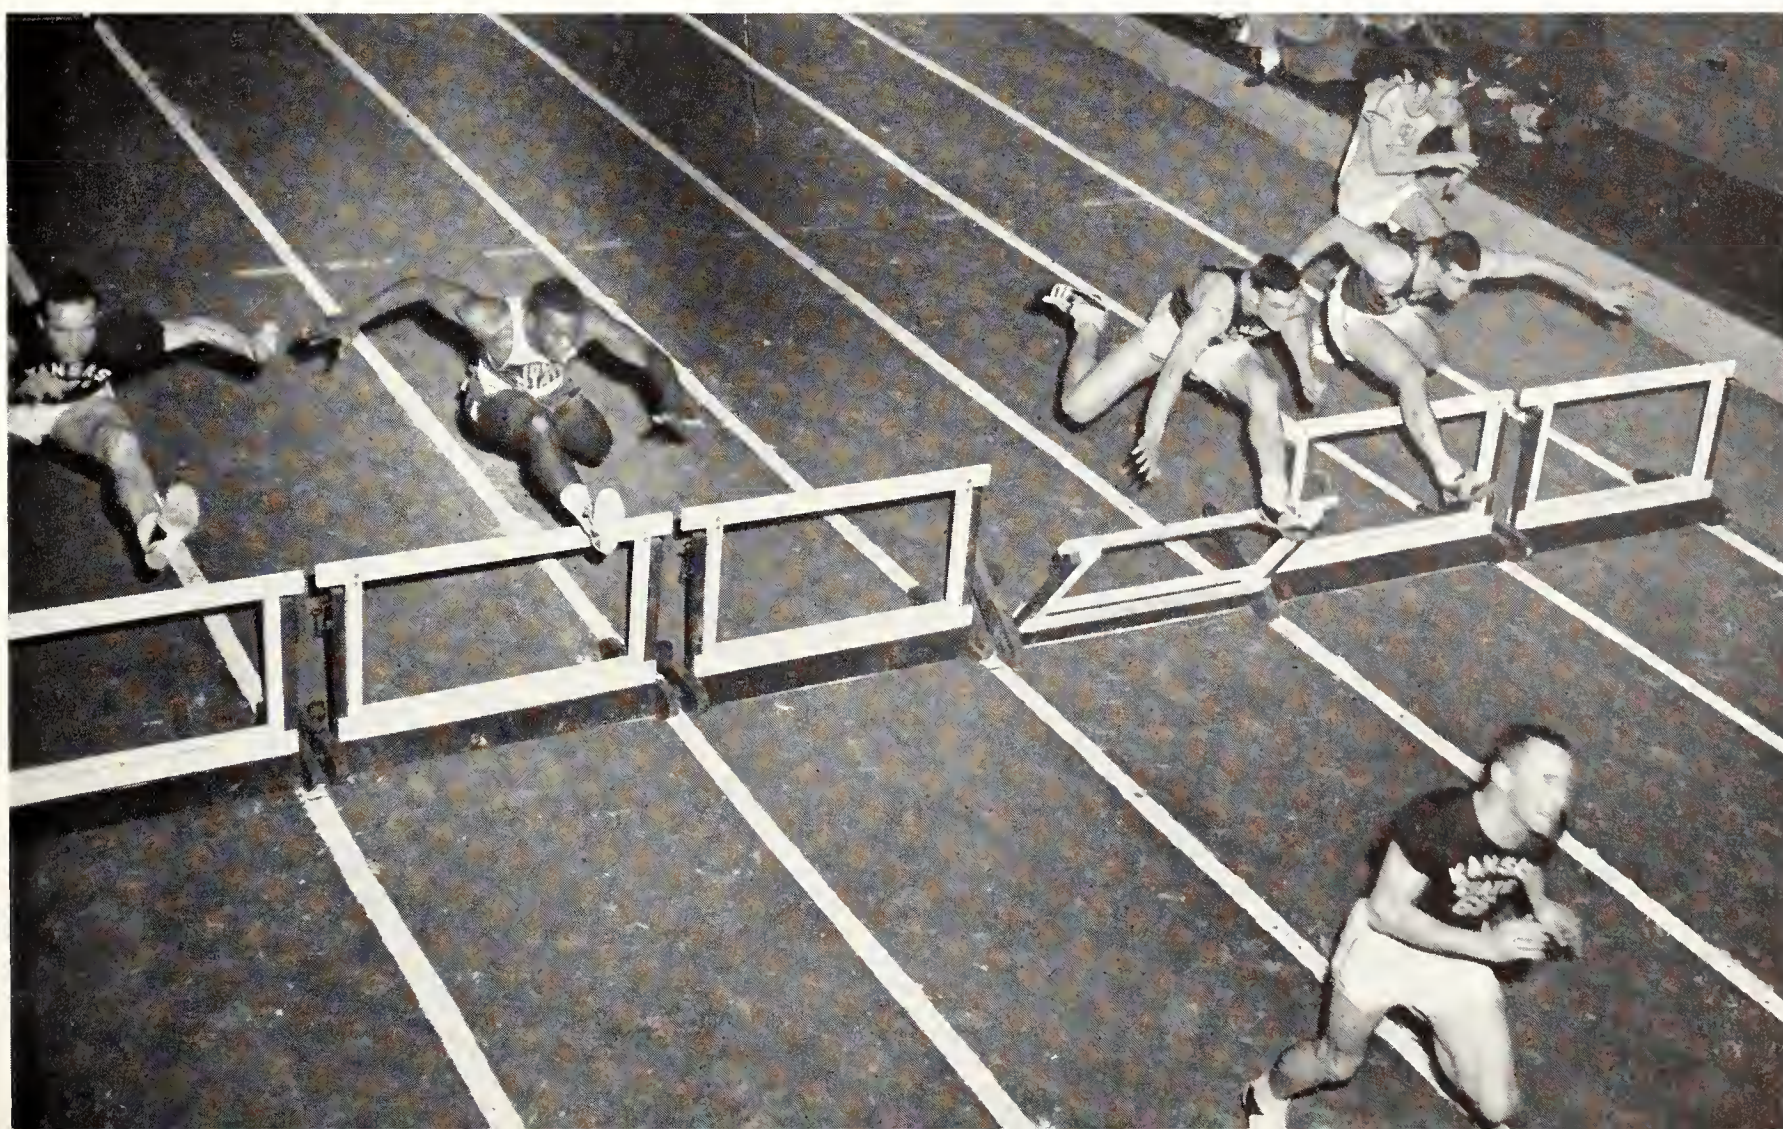

Kansas State's indoor track team competed in six meets this season. The Cats opened with a loss to Nebraska in a dual. They then gathered three firsts at the Michigan State Relays, as Rex Stucker won the low hurdles, Duane Holman won the two-mile

run, and the shuttle relay team finished first. Colorado won a triangular meet here with Kansas State finishing second and Iowa State third.

K-State was last in the Big Eight meet as Oklahoma took the title. At the Colorado Invitational relays the Cat trackmen won three firsts, with Stucker taking both the high and low hurdles and Larry Wagner winning the 880-yard run. Two first place medals were won by Cat performers at the K-State Invitational relays in the last indoor meet of the season.

Track Team Captures Fourth in Big-8 Meet

Boasting a handful of individual standouts but lacking in team depth, Kansas State's track team recorded two meet victories and a fourth-place finish in the Big Eight meet in the 1959 outdoor season.

The Wildcats outclassed Wichita in a dual meet at Manhattan and downed Nebraska and Houston in a triangular at Lincoln. Cat trackmen also participated in several other meets.

Four men paced the Cats in scoring all season—DeLoss Dodds, senior quartermiler; Jim Cain, senior shot-putter; Rex Stucker, sophomore hurdler; and Tom Rodda, senior distance man. Another consistent point-getter was the mile relay team, which ranked among the finest in the nation. Dodds, Bob Groszek, Jim Vader, and Larry French formed the top foursome, with Stucker and Chuck Burgat seeing part-time duty.

CEDRIC PRICE, sophomore high-jumper, clears the bar at 6-4 to tie for third place in the Big Eight meet.

K-State opened its season at the Texas relays at Dallas and placed in six events. The Cats next saw action at the Kansas relays and placed in five events. The mile relay team finished second for the top Wildcat performance. Steve French cleared 6-2½ to tie for second in the high jump. K-State's sprint medley relay team finished third, and so did Cain in the shot and Stucker in the 400-meter AAU hurdles.

Cats Win Seven Events at Lincoln

At the Lincoln triangular, Stucker won both the high and low hurdles. Other Cats firsts were by Cain in the shot, Al Hamilton in the javelin, Dodds in the 440-yard dash, and the mile relay team. Ced Price and French tied for first in the high jump. The following weekend, the Cats split forces for the Drake and Colorado relays. Stucker won the 400-meter hurdles at Drake. At Colorado, Hamilton and Lowell Renz finished second and third, respectively, in the javelin. Price and French tied for fourth in the high jump.

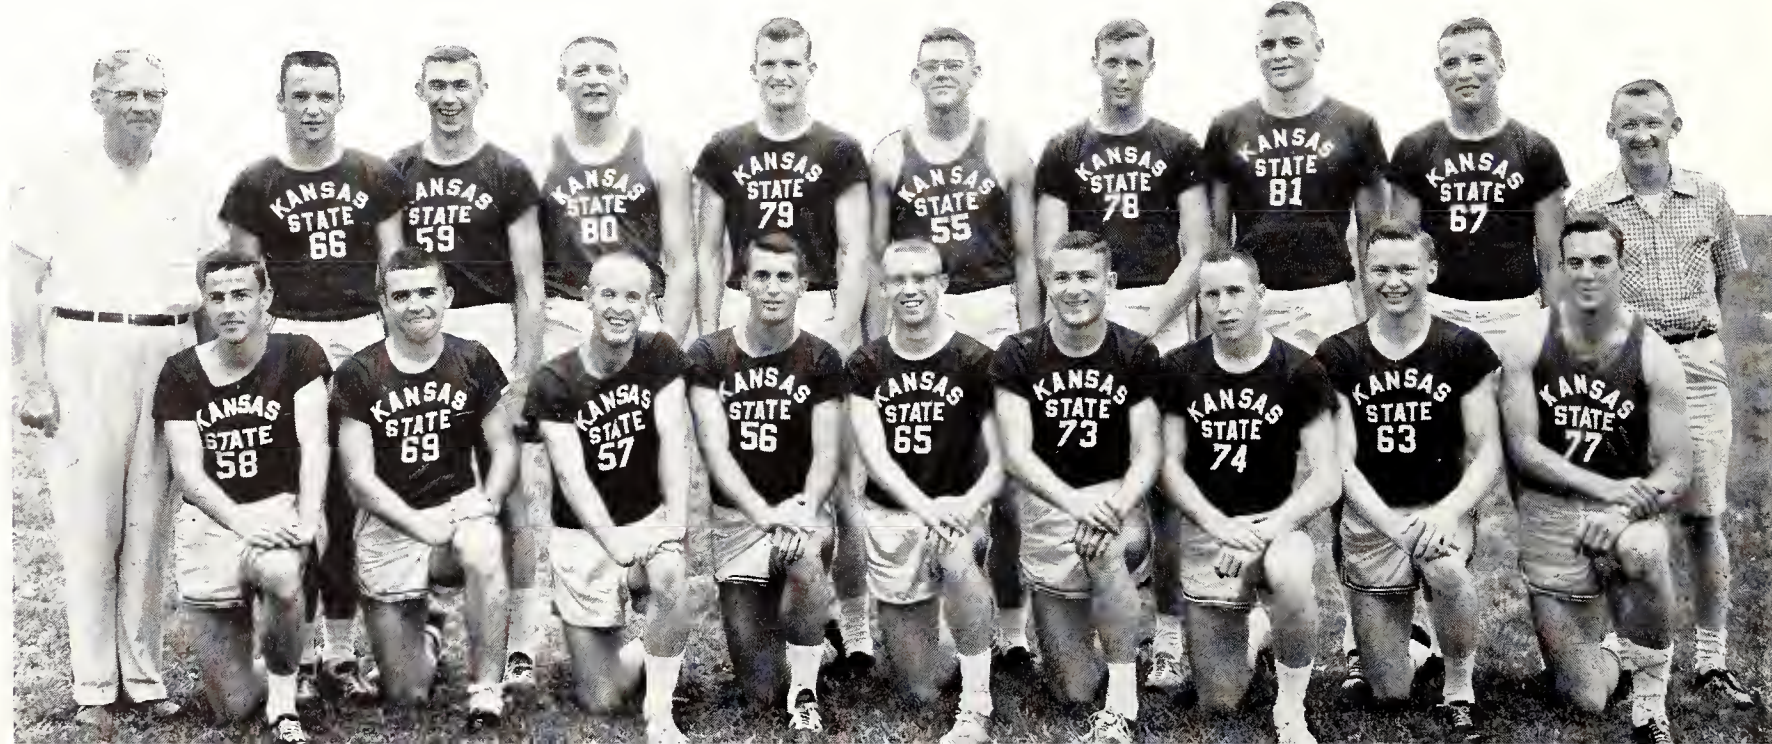

Wichita Loses to Cats, 106-30

Making their only home appearance of the season, the Wildcats swept four events and won 10 others to romp Wichita, 106-30. Stucker won the 100-yard dash and the high hurdles, Rodda took both the mile and two-mile, and Dodds won the 440- and 220-yard dashes. K-State swept all three places in the 440- and 220-yard dashes and in the high and low hurdles. Al Hamilton bettered his own varsity javelin record with a throw of 218 feet.

Two weeks later, K-State finished fourth in the conference meet at Norman. Kansas won the crown for the eighth straight time, followed by Oklahoma State and Oklahoma. The Cats failed to win an

Five Wildcat trackmen competed in the NCAA meet at Lincoln, three of them placing. Rodda was fifth in the mile, Dodds was sixth in the quarter, and Stucker placed sixth in both the high and low hurdles.

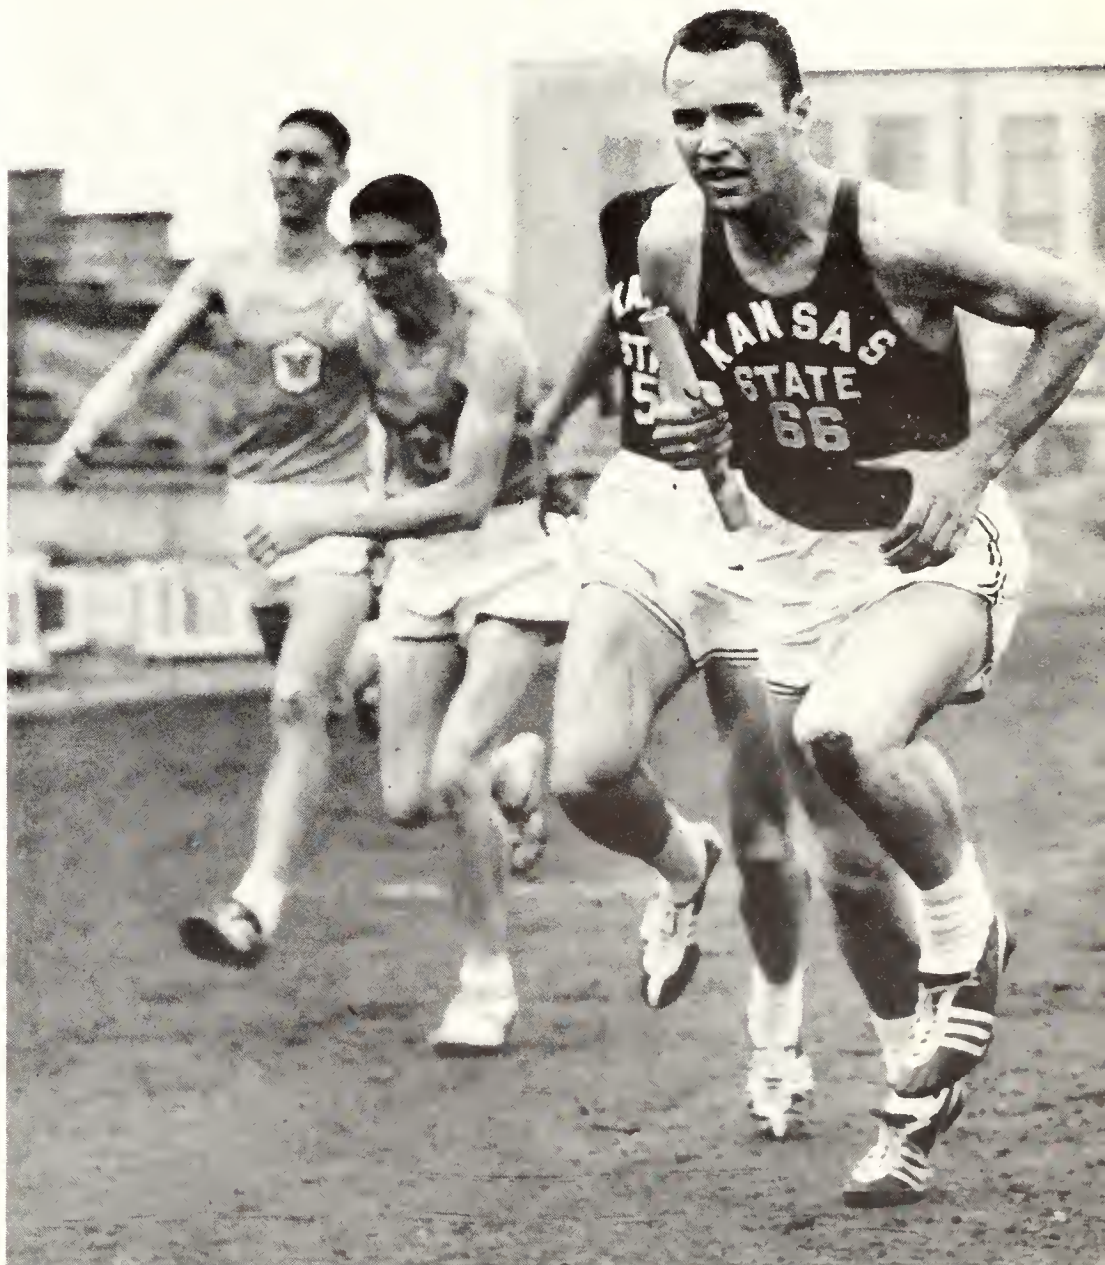

Dodds finished fourth in the 400-meters in the National AAU meet at Boulder in July, earning a spot on an all-star track team which competed in Europe.

Kansas State Escapes Big-8 Baseball Cellar

K-State found the going rough in baseball during 1959, but the Wildcats did manage to escape the conference cellar, thanks to Missouri university. The Cats ended play with a 4-9 record, but three of these wins came when Reaves Peters, executive director of the Big Eight, ruled that Missouri had used an ineligible player in its three-game sweep over K-State.

The Wildcats opened their season with the series against Missouri at Columbia. K-State battled the Tigers on even terms for five innings in the opener, but came out on the short end of a 3-0 score as Missouri scored a run in the sixth inning and two more in the seventh. Al Schierling went the distance for the Cats, allowing only six hits. The Wildcats, however, got only two hits. Missouri went

wild in the doubleheader the next day, pounding out 22-0 and 26-3 victories. In the final game, K-State scored a run in the first and two more in the seventh. The Missouri victories, however, were wiped away by the forfeitures.

Rains plagued the Wildcats the following weekend as the series with Colorado at Manhattan was cancelled due to wet grounds. K-State then journeyed to Stillwater to meet Oklahoma State, the team which was to win the NCAA tournament in June.

Cowboys Sweep Three from Cats

The Cowboys had little trouble disposing of the Wildcats, 19-0, 15-0, and 8-3. K-State got only two hits in the opener, and gave up 23 hits in the doubleheader. The Wildcats scored their runs in the fourth inning of the final game as Al Thaemert and Joe Vader singled and Dan Whitmore doubled to score Thaemert. Whitmore and Vader then came home on an OSU error.

K-State made its first home appearance of the season the following weekend, hosting Iowa State. The Wildcats exploded for their biggest inning of the year when they scored nine runs in the seventh

inning of the opener, but the Cyclones had built up a 13-0 lead in the first four innings and went on to score five in the eighth and one more in the ninth. Iowa State also won the second game, 9-5, and was leading in the nightcap when the game was called because of rain.

The rains came again the following weekend at Norman, and the entire series with Oklahoma was rained out.

The K-State team then met Kansas at Manhattan. After losing the first two games, 12-0 and 8-7, the Wildcats beat the Jayhawks, 15-11, to break a 21-game losing streak. After being held to only four hits in the opener Saturday, K-State's comeback fell short in the second game after Kansas had built up an 8-1 lead in the first three innings.

Cats Go Wild Against Kansas

The Wildcats combined 11 hits, 11 walks, and took advantage of five Kansas errors to break into the victory column. Paul Bader was the big gun for K-State, getting a home run and two singles and driving across 6 runs. His homer in the second inning of the finale put the Wildcats ahead for good. Bob Graham started and got the win, but needed help from Dick Skelton in the seventh, when Kansas erupted for four runs. Skelton, who worked 5 scoreless frames in a relief role in the first game of the twinbill, walked one but retired two hitters to preserve the win.

K-State again was rained out in its first game with Nebraska at Lincoln a week later. Despite getting their finest pitching of the season, the Wildcats lost both games Saturday by the score of 1-0. The Huskers scored in the fifth inning of the opener and in the sixth inning of the nightcap. Skelton allowed only 3 hits as he went the distance in the first game. Schierling came back in the finale with a 5-hitter. K-State could get only 4 hits in each of the games.

PAUL BADER patrolled centerfield for K-State. He hit a homer and two singles against KU.

STARTING PITCHERS in most of K-State's games in 1959 were Brad Bochow (left), Bob Graham and Al Schier-

ling. Graham was the only Wildcat pitcher to record a win, getting credit for the 15-11 victory over Kansas.

Golfers Take Seventh In League Tournament

K-State's golf team finished its 1959 season with a 2-11-1 record, placing seventh in both the conference standings and the Big Eight tournament.

The Wildcat team managed wins over Wichita and Washburn universities for its only victories of the season.

George Hooper lead the Wildcat golfers in dual competition with a 7-7 season's mark. Charles Hostetler and Dennis Buck each posted a 6-8 record for the season. Other Wildcat lettermen were Jerry Hendricks, 2-12, and Dick Martin, 0-3. Non-lettering Cat golfers were Fred Saunders and Wayne Denton, each with an 0-1 mark.

Buck was Coach Mickey Evans' top scorer, marking up 22½ points while allowing opponents 19½. Hooper scored 20½ points.

Tennis Team Finishes With 7-6 Dual Record

Kansas State's tennis team posted a dual meet record of 7 wins and 6 losses for the 1959 season. Coached by Karl Finney, the Cat netmen defeated Big Eight rivals Kansas, Missouri, and Iowa State in dual matches.

Other wins came over Southwestern, Pittsburg State, and Washburn twice. The biggest disappointment of the season was the last place finish in the Big Eight tournament, which was won by Oklahoma State.

Winston Tilzey led the K-State netmen as number one singles man, and ended the season with a 7-6 record. Ed Frankel played behind Tilzey, and was 5-8 for the season. Jim Holwerda played number three singles, finishing the season with a 9-4 mark, best on the squad. Lee Atkins was number four man on the team, and compiled a 5-8 season's record. Steve Poort had a 6-6 record as number five man.

Tilzey and Holwerda combined for the number one doubles team in most of the matches, while Frankel and Atkins teamed up to play number two doubles through most of the season. Tilzey and Holwerda posted a 7-3 mark in their doubles matches. Frankel and Atkins ended the season with a 3-4 mark in doubles competition.

Gymnasts Undeclared In Seven Dual Meets

The 1959-60 gymnastics team became the first in the history of the sport at K-State to go undefeated. The Wildcats posted a 7-0 record in dual matches, including three victories over Kansas.

Coach Frank Thompson's team was composed mostly of juniors and had only one senior, Ivan Loomis, who was team captain. Loomis was the

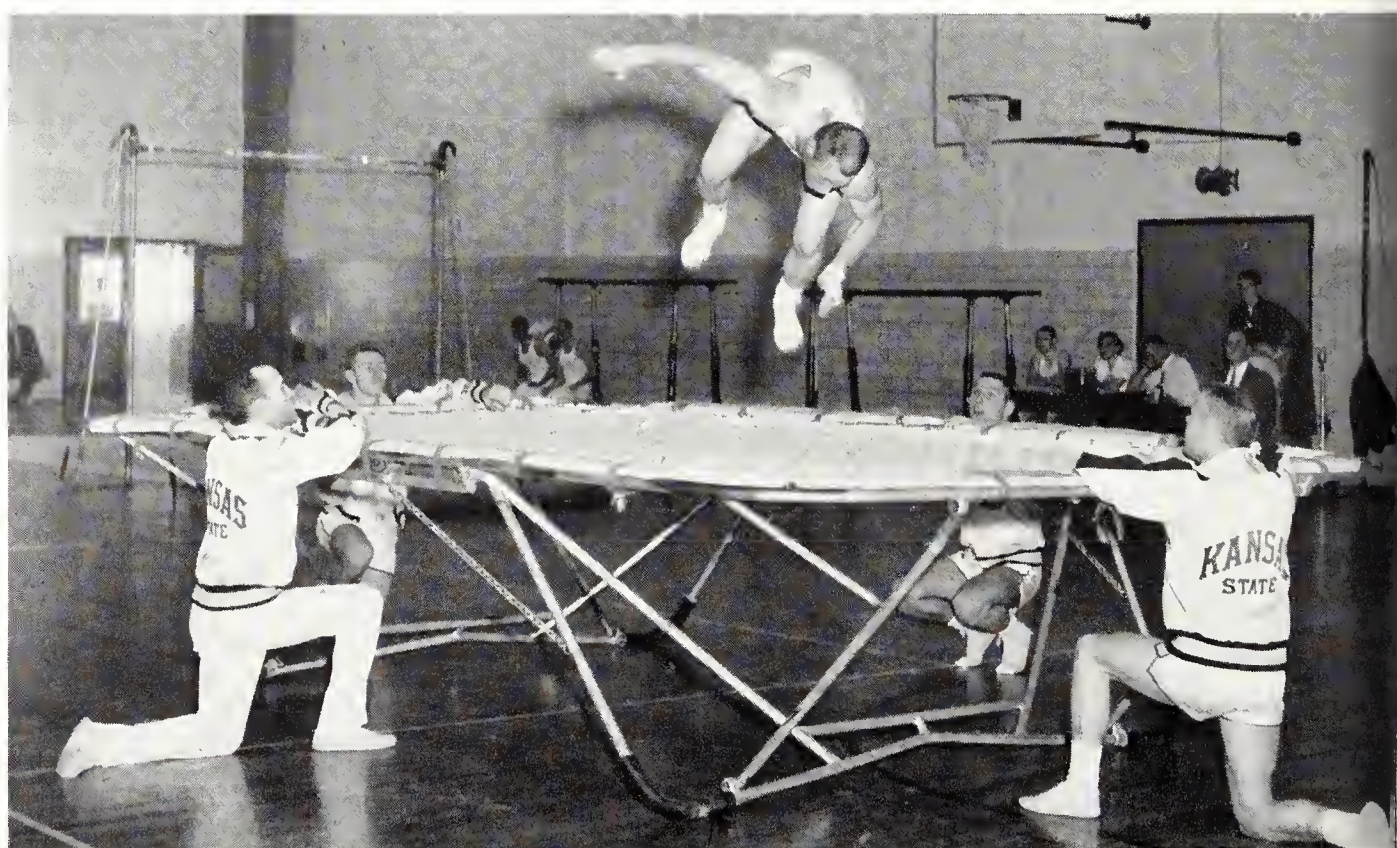

team's leading scorer last year, but was hindered by injuries this season. He still finished as third-high scorer with 77 points. Mike Dziura led the team with 97 points and Bob Rector was second with 85.

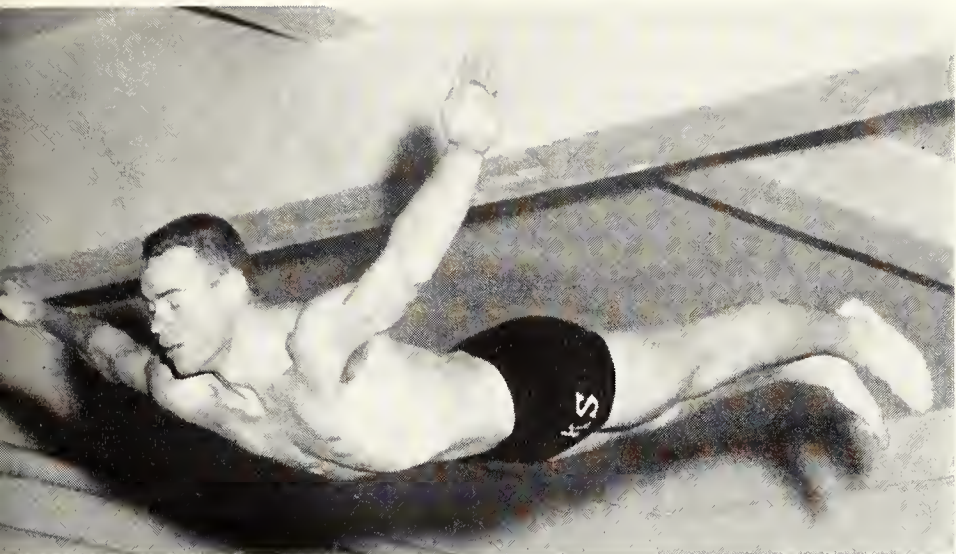

Dziura was undefeated in his specialty, the free exercise event, and also performed creditably on the flying rings and parallel bars. Rector's chief events were the parallel bars, flying rings and hi bar. Loomis excelled in rebound tumbling and on the hi bar and flying rings. David Spence ranked fourth on the team in scoring with 72 points and had a 6-1 record in tumbling.

CAPTAIN IVAN LOOMIS competes in rebound tumbling in a double dual-triangular meet with Kansas and Northwest Oklahoma State. Loomis was the team's only senior.

Swimming Team Wins 4 of 13 Dual Matches

Kansas State's Swimming team won 4 of 13 dual matches and finished sixth in the Big Eight conference meet at Boulder during the 1959-60 season. The Wildcat swimmers defeated Emporia State, 58-34, at Emporia and Pittsburg State, 57-37, at Pittsburg. The other wins were at Manhattan, 64-30 over Emporia State and 53-42 over Pittsburg State.

The most consistent scorers for K-State were Dave Hinderliter in the 50- and 100-yard freestyle events and the 400-yard freestyle relay team, composed of Jerry Fitzgerald, Chuck Englund, Craig McNeal and Hinderliter.

This quartet finished third in the conference meet. Hinderliter finished in a tie for sixth in the 50-yard freestyle event and Fitzgerald finished sixth in the 100-yard butterfly event. The Wildcat 400-yard medley relay team, composed of Ray Bentz, Bruce Smith, Jim Callen and Ron Converse, also finished sixth. Coaching the Wildcats was Gordon Harper, who was a member of the K-State team a year ago.

Stewart Named Queen Of '60 Royal Purple

The highlight of the 1960 Royal Purple dance was the crowning of Carol Stewart as Royal Purple queen by band leader, Woody Herman. Herman announced the queen and her four attendants Mary Ann Simpson, Pat Isbell, Sandra Greenegard, and Sylvia Neal and presented them with bouquets at the intermission of the dance. The royal court was chosen from photographs of 17 candidates sent to Herman.

Royal Purple queens have been selected from pictures submitted to a judge or judges chosen by the annual staff for 30 years. In 1931, a group of judges decided on the beauties; editors and business managers of four university yearbooks collaborated in the queen selection. Fredric March judged in 1933 and, on staff request, picked five queens, each typifying one of five distinct kinds of beauty. In early Royal Purples, the beauties were chosen by popular student ballot.

WHILE HER attendants look on, Carol Stewart, representing Delta Delta Delta sorority, is crowned queen

of the 1960 Royal Purple. The attendants: Sandra Greenegard, Pat Isbell, Sylvia Neal, Mary Ann Simpson.

GOOD PLACES in line for enrollment come hard for those who aren't early, as is evident by this stream of late-

arrivals outside the Field House. However, the waiting is shortened by the appearance of old friends.

School Doesn't Grow; Enrollment Still 6,706

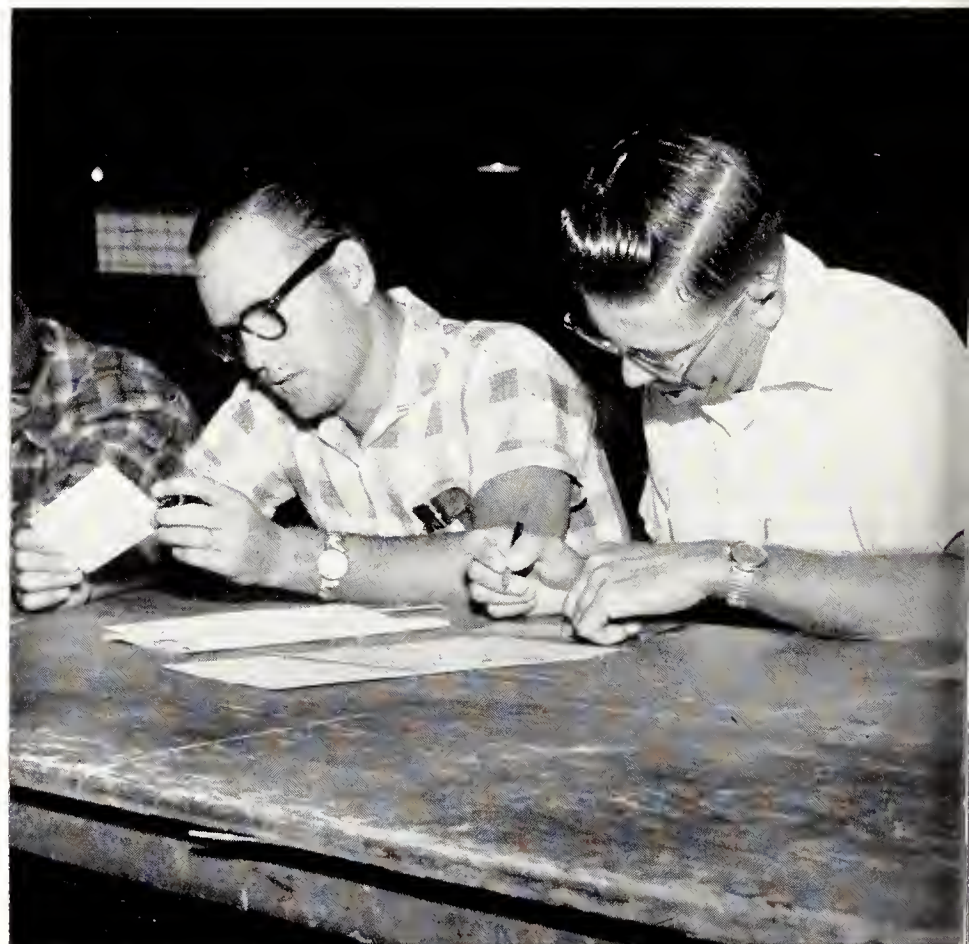

Enrollment at Kansas State remained at a standstill the fall semester as the student population numbered 6,706—the same number as the fall semester a year earlier. This was the first year since 1952 that the number of students has not been raised.

This lack of increase was a tendency felt by all of the schools in the Big Eight conference, with the exception of Missouri university, and has been partially accounted for by the large number of degrees conferred in the spring and summer of 1959.

Men Still Have Control

However, there was an increase in the number of women students enrolled although they still were outnumbered about 3 to 1 by men. Fall registration was in the Field House, and produced a marked change from the 1959 spring enrollment which took

place in the Animal Industries pavilion. The larger amount of open space facilitated the tedious process of enrollment. Students new to Kansas State found themselves filling out IBM cards, having their pictures taken, consulting advisers, and signing checks with confusion only slightly greater than that of the time-worn seniors.

One hundred fifty international students were attracted to Kansas State, raising their number to 2.2 per cent of the entire University enrollment. Graduate school also became more popular as there was an increase over last year.

Education Up and Agriculture Down

The rising number of women students brought about an increase in the teacher education curriculum and correspondingly a decrease in the School of Agriculture. This was a nation-wide tendency as schools throughout the country had an education population increase.

Less than 5 per cent of the K-State student body failed to return for the spring term as about 6,500 enrolled in February. Usually 6 to 8 per cent drop out. And although nearly 400 persons were graduated in January, enrollment was higher than a year before.

PAYING OUT the summer's hard-earned money is often difficult for K-Staters, but the end readily justifies it.

COLLEGE WOULD NOT be college without lots of clothes as this freshman girl seems to have well in mind.

This is a familiar scene at sorority houses and dorms as K-State women readily make use of willing parents.

New Staters 'Snowed' By Orientation Agenda

As new students arrived at K-State last fall, they found themselves immediately caught up in the whirlwind of Orientation Week. In between the discussion groups, tours, testing sessions, lectures, physicals, registration, and festivities, freshmen and transfer students became acquainted with roommates and made many new friends.

Activities started Sunday afternoon, September 20, and continued through Saturday. Freshmen who had not pre-enrolled found themselves increasingly busy. The traditional President's Convocation and a reception for students and their parents was Sunday. Monday brought the associated women students conference and a watermelon feed sponsored by the Manhattan Chamber of Commerce. Discussions, sessions and registrations, were climaxed by the Freshman Talent show Friday night. The Orientation program was brought to a close Saturday with an all-university dance.

K S Sororities Pledge 262; Fraternities 381

Nine sororities pledged a record number of girls as 262 rushees received the bright new pins of their choice. A total of 381 men joined twenty-one fraternities, an amount 18 less than last year.

Gamma Phi Beta and Sigma Alpha Epsilon set college records as they welcomed pledge classes of 45 and 46 respectively. Clovia and Farm House do not participate in the regular fall rush system.

FLOORS WILL SPARKLE when rushees enter the Sigma Nu house after the fraternity members finish cleaning.

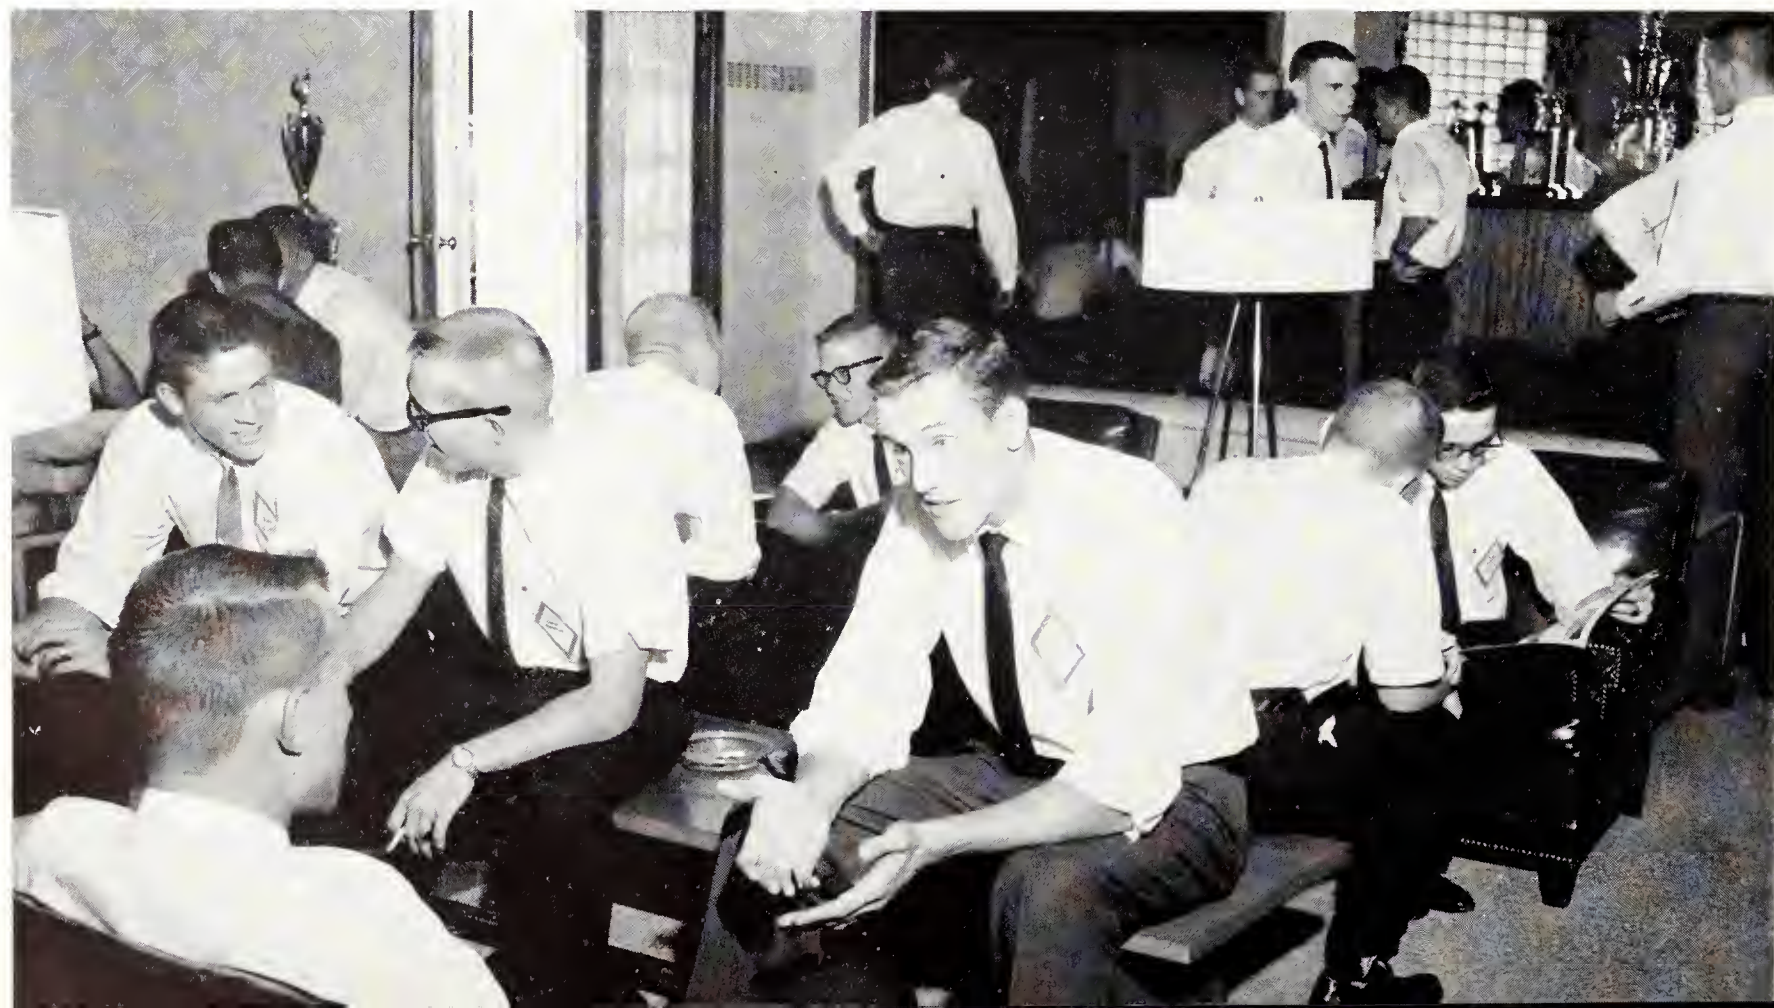

"WE MADE IT" smile these men after opening invitations to pledge from the houses of their choice.

An extra day was added to sorority Rush Week to replace the summer rush period abandoned by Panhellenic council last year. Every girl going through Rush Week attended teas at all the sororities Sunday, September 6, and open houses Monday. Rushees began to evaluate and make choices as the bids were issued for the preferential parties. For the rest of Rush Week, they returned by invitation to the houses that impressed them the most.

Sorority members put on their best smiles and tried to hide the tired lines on their faces as they worked at a feverish rate. In an hour or two between parties, they tore down decorations, put up new ones, changed costumes, memorized a few more names, and opened the door to another group of rushees which was arriving.

SALESMANSHIP plays a big part in a fraternity's success, as each tries to convince the rushees of the house's

merits. Sigma Alpha Epsilon actives give prospective members one of many such lectures they will hear.

PAPERWORK PLAYS a big part in Rush Week. Rushees get their first samples as they check into their rooms.

FOREIGN COUNTRIES often provide the themes for parties and skits such as this one at the Kappa Delta house.

After the last party, the rushees signed their preference cards and began an eternity of waiting. At the same time, sorority members made out their bid lists and hoped the rushees had liked them. On Friday afternoon, the Greeks opened their doors to the new pledges amid tears of joy and relief.

Fraternities began issuing date cards for Rush Week to high school boys in May, but the prospective rushees could sign any time during the summer. The hopefuls could accept three dates with four different houses. The three dates could not be on the same day, and these did not include summer rush parties.

On Wednesday, September 9, fraternity men started their campaign. At dinners and smokers, they worked hard convincing the rushees of the values their houses had to offer. Most of the fraternities entertained without the elaborate decorations, costumes, and skits characteristic of sorority rush. A customary part of the program was a trip to the sorority houses to see the tearful, screaming pledges welcomed into their new college homes.

Although the rushees could pledge orally during the week, nothing was official until they had signed their preference cards and the fraternities had compiled their pledge lists.

PARTIES, PARTIES, and still more parties as the week rolls toward a close. These rushees are returning by

invitation to the Alpha Delta Pi house as they try to decide which sorority is best for them to join.

BEAMING JUDY MAI is crowned 1959 Homecoming queen by Max Bishop, Blue Key president, at the annual Homecoming ball.

Non-Participation, OU Hinder Homecoming

Homecoming 1959 had a slightly non-traditional air after the fraternities voted not to decorate, but sororities and independent houses continued to brave cold weather in competition with each other.

Gamma Phi Beta dominated activities as it won first place in house decorations and its representative, Judy Mai was elected Homecoming queen. Waltheim captured the independent house decoration trophy. Alph Chi Omega was awarded first place in the Greek float division. In the independent section, Newman club took first. "What It Was Homecoming" provided the basic theme for all decorations. Kansas State lost to Oklahoma, 36-0, in the Homecoming game November 7.

TRI DELTS worked their way to second place in homecoming decorations with a "Hustle Your Bustle" theme.

THREATENING TO BREAK OKLAHOMA'S winning streak won the Gamma Phi Betas the first place trophy in the house decorating contest. Alpha Chi Omega and Newman club received first place float trophies.

Coleen Chosen Queen Of Charm and Chores

Charm and chore talent won Coleen Ungeheuer the title of Barnwarmer queen last fall during the Barnwarmer festivities. The queen, who represented Northwest hall, was selected by the agriculture students and crowned by C. W. Mullen, assistant dean of the School of Agriculture. She was presented an engraved silver tray October 9 at the Barnwarmer dance.

The queen's four attendants were Floy Baldwin, Chi Omega; Karol Durham, Southeast hall; Marilyn McCord, Kappa Kappa Gamma; and Rosemary Wineinger, Gamma Phi Beta.

The five finalists were selected from a group of 17 contestants by the agriculture students after the contestants had been questioned and interviewed at an ag seminar. Voting on the finalists was completed after they displayed their farm abilities during Chore Night. Chores by the girls included milking a cow, driving a tractor, calling hogs, and saddling and riding a horse. Queen Coleen also reigned over the activities during Agriculture week in the spring, including the K-State Little American Royal.

Student Veterinarians Exhibit KS Facilities

To show the facilities of K-State's School of Veterinary Medicine and to alleviate errors which the public has about veterinary medicine were the aims of the third annual Veterinary Medicine Open House last fall. About 5,400 persons toured the veterinary medicine buildings and viewed exhibits. The Open House was planned and carried out by students.

An unexpected attraction was an emergency Caesarean section on a Pekingese dog. About 200 persons crowded into Dykstra hospital amphitheater to see the operation. Lowell Novy was Open House chairman and co-ordinator of the six exhibits—anatomy, public service, physiology, pathology, surgery and medicine, and education.

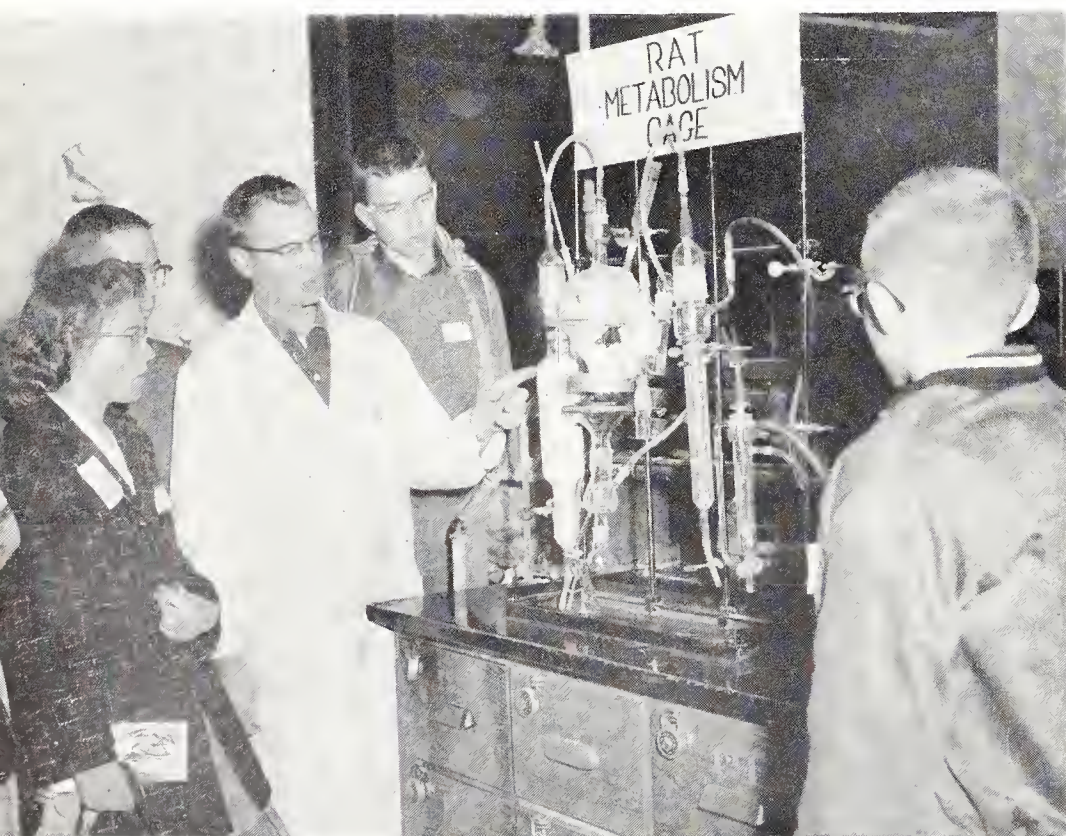

The physiology exhibit showed a sheep that was half white and half black because of a special diet. A mechanical heart and preserved heart specimens were featured in the anatomy exhibit to show the different animal hearts. Other exhibits included a dog show and methods of artificial respiration.

More Than 500 See A&S Day Exhibitions

Twenty-three departments in the School of Arts and Sciences presented counseling, demonstrations, and exhibits to more than 500 visiting high school students during Arts and Sciences Day. The event was sponsored last fall by the Arts and Sciences council.

Ruth Glendening served as student chairman for the day. Prof. Marjorie Adams and Prof. Jack Lambert served as faculty advisers for the activities.

The day was opened with an address by President McCain in the Union ballroom, followed by a buffet luncheon. A tour of the displays completed the day's activities. The Department of Modern Languages was awarded a plaque for having the best display.

Women Choose Vader As Favorite KS Male

Joe Vader, representing Sigma Alpha Epsilon, was crowned "Favorite Man on Campus" at the annual Snowball dance sponsored by the School of Home Economics last fall.

K-State women selected Vader from a field of 23 candidates representing fraternities and organized houses. Vader was crowned by Kathy Bryan, president of the Home Economics council.

The attendants to the 1959 FMOc were Jim Carpenter, Delta Tau Delta; John Engleman, Sigma Phi Epsilon; Forrest White, Delta Upsilon; and Norman Newton, Acacia. Each of the houses presented skits at the sororities and dormitories to introduce their candidates.

About 6,500 Persons See Engineer Exhibits

The 1960 Engineers' Open House during the weekend of March 19 was visited by approximately 6,500 persons, many of them high school students. Gayla Shoemake, St. Patricia, and Lyle Clum, St. Pat, opened the annual event by cutting a ribbon in front of Seaton hall.

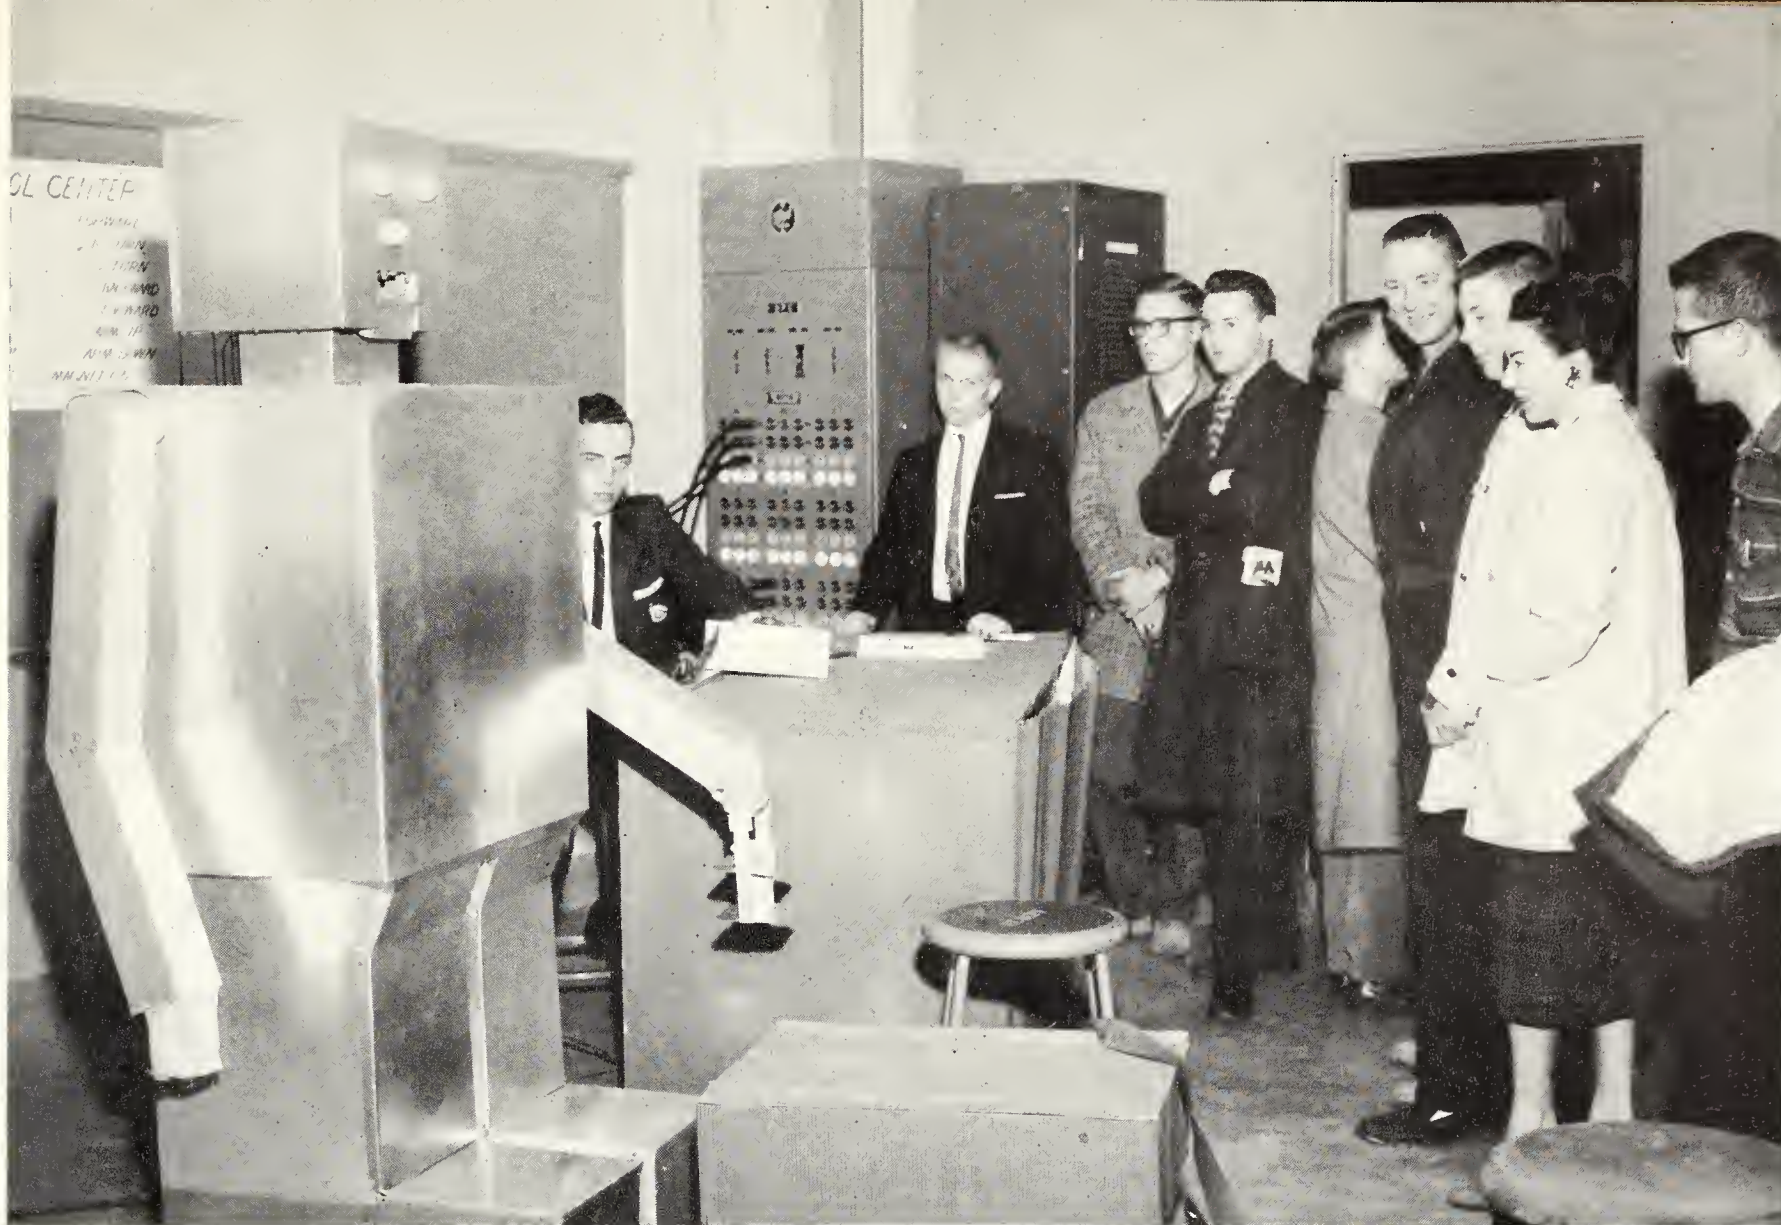

Miss Shoemake and Clum were officially crowned Saints Patricia and Pat at the St. Pat prom in the Union ballroom. They previously had been elected by engineering students. Attendants were Carolyn Brauer, Judy Whitesell, Warren Blacklock, and Karl Stevens.

The Chemical Engineering department was awarded a prize for the outstanding Open House exhibit, as judged by professional engineers selected by the Kansas Engineering society. The exhibit was an illustrated display course in unit operations, and featured a large instant coffee-making apparatus. The department also showed how keys are plated, and explained the fluidation of solids on fine sand.

The Electrical Engineering exhibit robot won the award for individual honors. The remote-controlled robot, built of sheet metal, could smoke, walk, move both arms, and pick up objects. Exhibits were entered by the Mechanical, Electrical, Chemical, Industrial, Civil, and Nuclear Engineering groups.

THIS ROBOT won the first place individual honors for the Electrical Engineering department at the Open

House. The robot, which was seven feet tall, was able to smoke and pick up objects by remote control.

THIS ELABORATE instant coffee-making machine helped get the Chemical Engineering department an award for

the outstanding exhibit at the Open House. The unit was planned to make coffee for all Open House visitors.

JAN WHITE put her talent for playing the marimbas to good use last year and won the Miss Manhattan-Miss K-State contest. Miss White was a runner-up in the Miss Kansas contest last summer.

CHARLENE MURPHY won the first Miss Scheherezade contest, sponsored by the Arab-American club.

Campus Queen List Continues To Grow

Queen contests became more frequent at K-State as two new ones were added to the list of annual contests. Charlene Murphy reigned over the Arab-American club's first Miss Scheherazade night in December. About 800 persons attended the variety show and dance.

Vivian Brown was crowned queen at the Independent Students association dance the same weekend. About 85 couples attended the first such ISA dance. Jan White was crowned Miss K-State-Miss Manhattan last year by Jan Stewart, the previous contest winner. Miss White later was named a runner-up in the Miss Kansas contest at Pratt.

Gayla Shoemake was selected K-State's Miss Football last year and went to Berkeley, Calif., in September to compete with coeds from all over the United States for the national Miss Football title. She was named Miss Congeniality by the other contestants.

GAYLA SHOEMAKE demonstrates the form that won her the title of K-State's Miss Football. Miss Shoemake also was named Miss Congeniality at the National Miss Football contest in California.

PERFORMING before a near capacity audience in the Auditorium on Parents' Day, Count Basie won the ad-

miration of many persons. After the concert, the jazz favorite and his band played for a dance in the Union.

Popular Personalities Perform for Students

Big-name entertainers invaded the K-State campus during both semesters when students had an opportunity to hear the Cell Block Seven, Count Basie, the Kingston Trio, and Woody Herman. Opening the school year on September 19 was the Prison party, which featured the Cell Block Seven, a popular jazz band.

Parents' Day brought the appearance of Count Basie, another jazz favorite. A near capacity crowd

attended the concert in the Auditorium prior to the dance. A special feature of the group was blues singer Joe Williams. The band has appeared at Carnegie Hall, several jazz festivals, and in Europe.

The most popular attraction first semester was the Kingston Trio, outstanding young showmen, musicians, and singers of folk songs and ballads. The Trio presented a variety of numbers featuring tunes from Hawaii, Mexico, Spain, United States, and calypso rhythms from the West Indies. The songs of intelligent thought and good taste had high appeal to the responsive audience.

Woody Herman and his dance band were featured second semester at the coronation of the Royal Purple queen.

Students Able To See Interesting Programs

The combined efforts of the Manhattan Artist Series and the University's assembly program brought opportunity for students to see interesting cultural programs. Personalities who appeared in the Artist Series included Jerome Hines, Metropolitan Opera star; the Roger Wagner Chorale; Andres Segovia, famed guitarist; and the Dallas Symphony Orchestra. Increased interest and support shown by capacity audiences has helped bring good programs to the campus through the years.

The assembly schedule this year brought such outstanding persons to the campus as Dr. Huston Smith, noted philosopher, who spoke during Religious Emphasis Week; Dr. Nicholas Nyaradi, former finance minister of Hungary; Pulitzer prize-winner Harrison Salisbury; Dr. Benjamin Fine, educator; Dr. Preston W. Slosson, historian; Ivy Baker Priest, U. S. Treasurer; Judson T. Landis, author; John P. Stapp, noted for rocket sled tests; and Norman Cousins, editor of the Saturday Review.

OPENING THE 1959-60 Artist Series with a 5-encore performance was Jerome Hines, Metropolitan Opera basso.

MARCHING with the band were four twirlers: Mary Ann Simpson, Ellen Shannon, Jeanne George, Patty Smith.

Music Enriches Lives of University Students

Music plays a big part in the lives of many K-Staters. Membership in the various music groups is not limited to music majors. Students from a wide variety of curriculums enrich college lives by participating in organizations such as band or choir. These groups meet at times during the week that are planned not to interfere with classes.

Almost as soon as enrollment is completed and the fall session of the University is underway, the K-State band begins to organize. By the time of the first football games, the band members have practiced drilling and are ready to march. Leading them upon the field this year was Bill Sigafoos, drum major.

Band Has Four Majorettes

Assisting him were the baton-twirling, white-uniformed majorettes: Jeanne George, Ellen Shannon, Mary Ann Simpson, and Patty Smith. They joined with the band as the members formed designs on the field for half-time entertainment.

Approximately 100 students began the fall term in the football band. Later, director Jean Hedlund divided the instrumentalists into the varsity and concert bands. The concert band was a more select group. Still another band, the basketball band, was formed of members of either of the two band divisions who wanted to play at the University games.

The band members entertained crowds at all home football and basketball games, the football game at KU, and several pep rallies. The fall pajama pep rally was started by small groups of band members who led students from various living areas and provided marching music as they moved to a central meeting place south of the Union.

Band Presents Three Concerts

In addition, the band presented three concerts January 17, April 24, and May 15. The concert band provided the music at the first two. The final concert was a joint presentation by both the varsity and concert bands.

Jean Sloop was a newcomer to the K-State music department faculty and she began her first year as director of the Women's Glee club. This group presented fall and spring concerts in conjunction with the Varsity Men's Glee clubs. The spring program

BILL SIGAFOOS, the first drum major KSU has had in seven years, led the marching band at football games.

was preceded by a recognition banquet. The women also sang at several outside engagements.

All K-State music groups combined for the annual Christmas production of Handel's "Messiah." The Men's and Women's Glee clubs, the A Cappella choir, the K-State Singers, and the orchestra spent many hours working together to make this traditional feature a success. Large audiences always attend the assembly presentation of this favorite.

The 70-voice A Cappella choir, directed by William Fischer, presented 13 concerts on its four-day tour of the state. In addition, this group of advanced singers entertained at the annual Christmas Vespers and a spring concert. The choir sang a wide range of music during the year. Traditional church music and modern jazz were delivered equally well in the same concert.

throughout the year were Sharon Toburen, Esther Aberle, Mary Hebrank, and Scharmel Schrock, sopranos; Kent Smith, Forrest White, and John Stone, tenors; Vera McGinnis, alto, and Bob Thomas, baritone.

The Varsity Men's Glee clubs under the direction of Morris Hayes appeared before more than 30,000 persons at their concerts this year. In February, these popular campus singing groups made

their annual tour of the Topeka, Atchison, Leavenworth, and Kansas City areas. They made many appearances on campus at banquets and meetings.

The glee clubs are divided into two sections on the basis of their musical ability and experience. The members of Section I are more advanced and are given more difficult assignments than the members of Section II. The groups frequently appear together.

Members Have New Blazers

New blazers helped give the men in Section I a polished look at their appearances. Cambridge grey jackets with the crest of the KSU Varsity Glee clubs on the pocket added greatly to the appearance of the groups.

Approximately 60 per cent of the University-Civic orchestra members were K-Staters. The orchestra was directed by Luther Leavengood, head of the Music department. The remainder of the members were music teachers and other residents of Ft. Riley and the Manhattan area.

The highlight of the year for the orchestra members was their winter concert. Later, during Music week in May, the group combined with the A Cappella choir for a joint concert.

Some of the instrumentalists made up an orchestra which accompanied the University production of the musical "Guys and Dolls." In April, the whole organization appeared before humanities classes to illustrate the uses of the instruments in the orchestra and to present a demonstration con-

cert. The orchestra gave persons an opportunity to associate with others having the same musical interests.

The ever-popular K-State Singers, also directed by William Fischer, were busy as usual. This talented group sang publicly about 40 times during the year. In addition to singing, members of the group also danced and accompanied themselves instrumentally.

Singers Give Benefit Performance

The Singers biggest single concert was their annual benefit performance for the music scholarship fund. This presentation netted the Music department about \$400. A special asset to both the K-State Singers and the A Cappella choir was their accompanist Carol Stewart. In addition to accompanying many of the numbers for both groups, she performed as a solo pianist several times.

Through their tours and special appearances, these groups create favorable publicity for the University.

ROYAL PURPLE editor Eldon Miller is one of the few persons who have edited both the Collegian and RP.

Efforts of Many Key To Producing Annual

The 1960 yearbook, the 51st Royal Purple, was edited by Eldon Miller. Chosen by the Board of Student Publications, he began his duties last spring and worked continuously until the RP's were given out this spring. His job included assigning copy to writers, selecting pictures, laying out pages, and choosing the cover.

Changes in this year's book included two pages each for most of the Greek organizations, larger pictures, more color pictures, and different margins.

Assistant editors were Helen Splichal and Carolyn Moriconi. Miss Splichal arranged for pictures. Miss Moriconi was Royal Purple ball co-ordinator and was in charge of the senior class section. The

main student photographer was Darryl Heikes and Karen Oldham was in charge of the underclass section.

Business Manager Is Irene Mangelsdorf

Business manager Irene Mangelsdorf, also selected by the Board of Student Publications, was in charge of selling ads for the Royal Purple and laying out the advertising pages.

Ad sellers were David Bryan, Eugenia Mangelsdorf, Monte Miller, Marilyn Tindall, and Judy Tyler. The office staff, under the supervision of Mrs. Charlene Glenn, student publications secretary, sold picture receipts, typed picture identifications, made out the index, and proof-read copy.

Copy writers for the yearbook were Wanda Eggers, John Petterson, Jerry Ratts, Joyce Rector, William Siebert, Martha Steps, Gary Vacin, Don Veraska, Heikes, Miss Oldham, Miss Moriconi, and Miss Splichal.

Medlin Is Yearbook Adviser

Adviser of the Royal Purple was C. J. (Chief) Medlin, graduate manager of student publications. Under his guidance, the Royal Purple has been awarded 24 consecutive all-American ratings, the longest such string in the country. Medlin, who was editor of the RP when he went to K-State, has supervised an all-American Royal Purple every year he has been graduate manager except his first.

At the K-Key banquet May 10, 21 gold keys were awarded to Royal Purple staff members who had done outstanding work on the yearbook for two consecutive semesters. Editorial staff members re-

DON VERASKA worked long hours in his Kedzie hall office as he was editor of the Collegian both semesters.

Long Hours Required To Put Out Collegian

Kedzie hall is one of the few buildings on campus in which the telephone is answered even after midnight. Journalism students put in many late hours struggling to meet deadlines for the next Col-

legian issue. Reporters for the University newspaper could be found at most important meetings and sporting events, taking notes for publication.

Don Veraska served as editor of the Collegian both the fall and spring semesters. Through his editorial columns, he waged campaigns criticizing student apathy, student government, and disciplinary policies of the administration.

Assistant editors during the fall semester were Jerry Ratts and Joyce Rector. They gave assignments to reporters and handled the editorial page.

SPRING COLLEGIAN BUSINESS STAFF—Bill Treloggen, Gary Lentz, Steve Southerland, Doris Miller, Dan Kershaw, Wesley Shoup.

Barbara Barge was manager of the business staff. News editors who supervised the paper each day were Wanda Eggers, John Shirley, Janice Bates, Loren Henry, and Gary Vacin.

Pinning and engagement announcements were the specialty of Marilyn Tindall, who served as fall society editor. Terry Knowles covered the sports news while Janet Dawdy edited copy about the activities of student religious groups.

During the spring semester, Veraska was assisted by Joyce Rector and Wanda Eggers. Wesley Shoup became the new business manager.

Daily news was edited by Larry Meredith, Helen Splichal, Martha Steps, John Petterson, and Jerry Ratts. Mary Jo Mauler handled the society news, while Gary Vacin presented sports facts and figures to Collegian readers. Church news was the responsibility of Charlotte Southerland.

Loren Henry Directs 1959 Summer Paper

Directing the Collegian's activities during the summer months were Loren Henry, editor and Charles Kempthorne, business manager. The summer Collegian published eight weekly issues during the 3-month summer session beginning in June.

EDITOR OF THE SUMMER COLLEGIAN, Loren Henry put out a weekly newspaper covering campus activities.

Henry was aided on the editorial staff by John Shirley, assistant editor, and Kempthorne was assisted by Janice Marshall in the business department. The remainder of the editorial staff consisted of John Rodriguez, sports; Marge Penrod, society; Judy Krug, exchange editor; Don Dailey, photographer; and four reporters who covered campus activities. Ann McElfresh and Dean Rogers were on the business staff.

A summer school directory of students and faculty was included in the second edition of the summer Collegian.

SUPERVISING THE ADVERTISING sales staff for the summer paper was Charles Kempthorne, business manager.

AS ADVISER of 24 all-American yearbooks, C. J. (Chief) Medlin, has compiled the best record in the nation.

K-State Students Edit 4 School Publications

Under the watchful eye of C. J. (Chief) Medlin, professor of journalism and graduate manager of student publications, KSU students edited the Royal Purple, Collegian, and Student Directory. Another publication, the K-Book, was printed for new students. Prof. Medlin, a noted authority on yearbook production, has served as student publications adviser since 1934.

The 1960 Student Directory, edited by Laurel Johnson, included names, telephone numbers, Manhattan and hometown addresses of students and addresses and home and extension telephone numbers of faculty members and university employees. Presidents, directors and advisers of all living groups and organizations were also listed in the directory.

Information concerning all facets of university life at Kansas State was made available to new students through the K-Book, edited by Jim Bell.

FOR THE SECOND year, Jim Bell edited the K-Book, an informative guide for new students on life at K-State.

ONE OF the school's most used books, the Student Directory, was edited and compiled by Laurel Johnson.

KEEPING student publications records and supervising the business office staff is the job of Charlene Glenn.

KEN INGRAM and Al Engle get journalistic experience as the Engineer magazine editor and business manager.

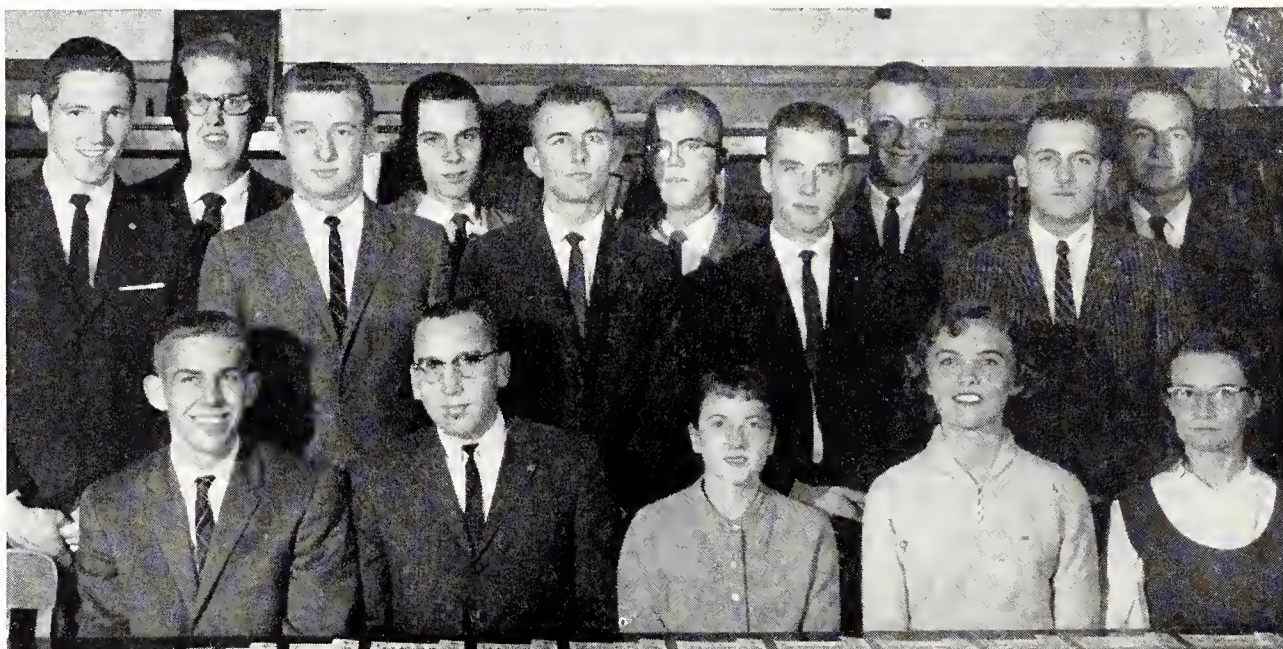

Engineer Mag Cover Awarded High Rating

The Kansas State Engineer magazine was rated fourth out of 40 magazines for its covers during the 1958-59 school year by the Engineering College Magazine association. The award was received last fall.

Circulation of the publication reached 2,800 this year. It is distributed free to all K-State engineers and faculty members. Kansas high schools and all schools in the ECMA also receive copies.

Ken Ingram edited the magazine during the first semester with Al Engle as business manager. Editor for the spring semester was Al Engle and Richard Chelikowsky was business manager.

Agricultural Magazine Given National Honors

Kansas State's Ag Student was rated the top agriculture magazine in the nation this year. For the third year in a row the magazine placed in every class at the Agricultural Colleges' Magazines Associated convention. It was the first time any agriculture magazine had placed in all classes three consecutive years. The awards included first in general excellence, first in popular presentation of technical material, first in articles of interest to women, and second in covers.

Six issues of the magazine are published each year and distributed free to students. Lowell Brandner was faculty adviser for the magazine. Richard Vanderlip was spring editor and Chester Peterson was editor last fall.

fifth in their contests were the meats team at Chicago and the junior livestock team at Denver. The junior livestock team also placed sixth in its contest at Fort Worth.

Other Teams Also Compete

Other teams competing this year were the senior dairy team at Waterloo, Iowa; the senior livestock team at Kansas City and Chicago; and the junior dairy team at Chicago.

In the 17 contests, four students won high individual honors and seven others placed in the top three. A unique situation occurred at Chicago when the dairy products team members placed 1-2-3 individually. Members in the order they finished were Dean Gigstad, Dean Vincent, and Charles Frederick.

Win Honors at Chicago and Denver

Other students winning high individual honors were Frank Filing in the carlot contest at Denver, Dennis Herbster in the wool contest at Denver and Robert Lewis in the meats contest at Chicago. Don Wagner was second in crops at Chicago, Dave Slyter second in wool at Kansas City, and Bill Fuller third in crops at Chicago.

The team coaches estimate that each team member spends about 40 hours a week in preparation for these contests. Most of the students get college credit for participating in the judging work.

gan, Gayla Shoemake, Cheryl Barnett. Bottom Row: Jan Stewart, Dee Baker, Barbara Howard, Pat Roberts.

THE BAND leads the way to a pajama pep rally the night before the Colorado football game here last fall.

Athletic Cheers Led By 8 K-State Coeds

A precedent was set at K-State when the 1959-1960 version of the Wildcat cheerleaders were all women. The group, led by head cheerleader Barbara Howard, appeared at all home football and basketball games. The cheerleaders also went to the Missouri and Kansas football games and the Colorado, Missouri and Kansas basketball games away from home.

The women promoted pep rallies, organized send-offs and receptions and sent telegrams to the teams at their games away from home. The group also gave a demonstration of cheerleading techniques and K-State yells to the high school girls here for Home Economics Hospitality Day.

Student Drama Group Gives Four Big Plays

Four major plays and several minor productions kept the campus drama group, the K-State Players, busy throughout the year. Students earned points by working with costumes, stage props, and lighting, in addition to acting and directing.

During Religious Emphasis week, the Players presented Christopher Fry's "Sleep of Prisoners" in the Chapel auditorium. The action pictured the spiritual awakening of four soldiers imprisoned in a bombed-out cathedral in World War II. Jim Johnson directed.

3,000 See Guys and Dolls

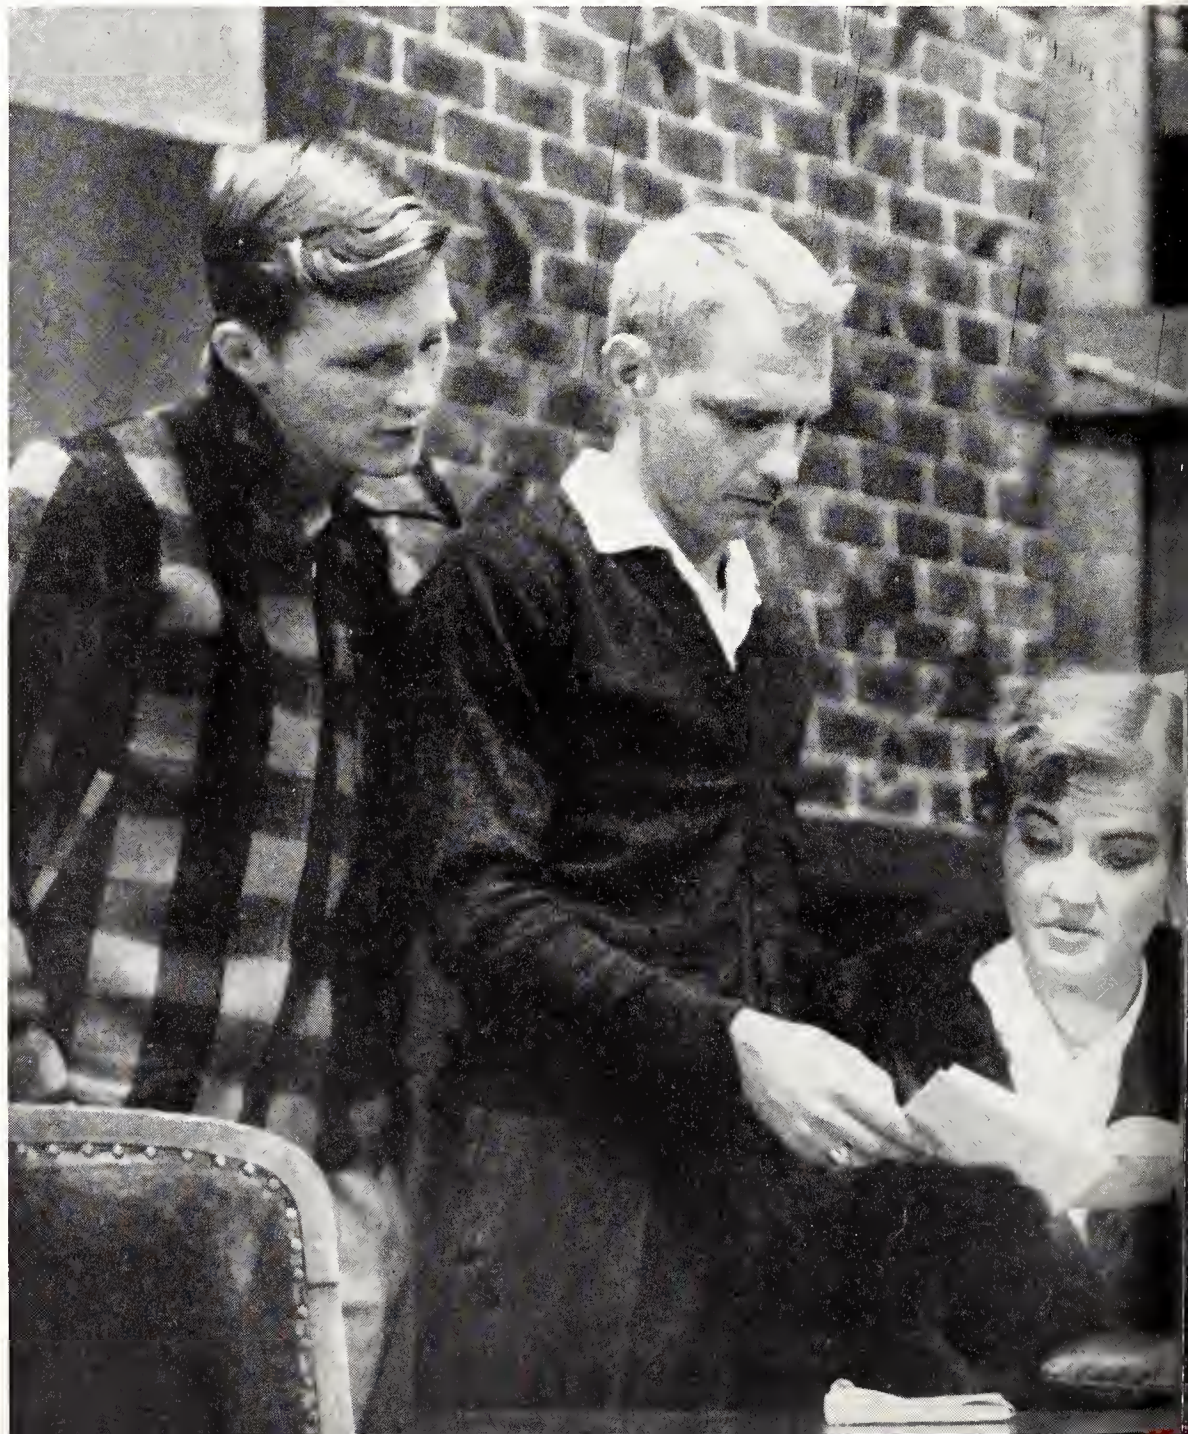

Attendance at the three performances of "Guys and Dolls" was estimated at 3,000 by the director, Don Hermes. This joint production by the Music and Speech departments was an adaptation of the show which had 1,500 performances on Broadway.

BEING EDUCATED to act like a society girl proves difficult for Billie Dawn, the slightly dumb ex-chorus girl

in "Born Yesterday." Billie, played by Judy Hoy, ponders the situation with help from Hank Kamerman.

A STAGE production is more than meets the eye. Hours of work are required to prepare the set for a play.

Linda Ate portrayed Miss Adelaide, a beautiful blonde dancer, and Hank Kamerman played Nathan Detroit, proprietor of a floating crap game. He had also been Miss Adelaide's fiance for 14 years.

Esther Aberle was cast as Sarah Brown, head of the Save A Soul Mission. Paul Fleener played the role of Sky Masterson, one of Nathan's chief customers.

When Detroit needed a thousand dollars to rent a room for his crap game, he bet Masterson that the latter couldn't get Miss Brown to go to Havana with him. Masterson won by promising the social worker 12 genuine sinners for her failing mission.

Players Give Three One-Act

The K-State Players' annual presentation of three one-act plays was in November. "Sunday Costs Five Pesos," directed by Eleanor Zeornes, concerned the struggle between two women to keep from fighting on Sunday, since that would mean a five pesos fine.

A social drama dealing with a strike during the depression in 1935, called "Waiting for Lefty," was directed by Ross Miracle. "Will-o-the-Wisp," di-

rected by Randi Johnson, was a haunting tale from England.

During World War II, a young girl recorded the suffering and despair of her Jewish family and their friends hiding to escape Nazi concentration camps. Her writings were shaped into "The Diary of Anne Frank." Dennis Denning directed this production for which the stage was arranged on four levels. Jane Venard portrayed the role of Anne Frank. Her parents were played by Jim Johnson and Lu Richards.

The next production was the Broadway favorite "Born Yesterday." Judy Hoy was cast in the leading role as Billie Dawn, a dumb but honest ex-chorus girl. Harry Brock, the junk dealer who wanted to corner the world's junk market, was played by Harry Lehew. Dennis Denning directed.

Infernal Machine Presented in Spring

In the spring, the Players presented "The Infernal Machine," an adaptation by Jean Cocteau of Sophocles' tragedy "Oedipus Rex." Ron Burkhardt starred as Oedipus. Queen Jocasta was portrayed by Patsy Campbell. The traditional Greek chorus was omitted in this story of a man who tried to outwit the prediction that he would kill his father and marry his mother. Don Hermes directed the show.

MISS HELEN P. Hostetter checks copy for the K-Stater magazine. She is editor of the alumni publication.

CARL ROCHAT, who heads the campus news bureau, sends out stories and pictures about students and faculty.

School's Press Prints Numerous Publications

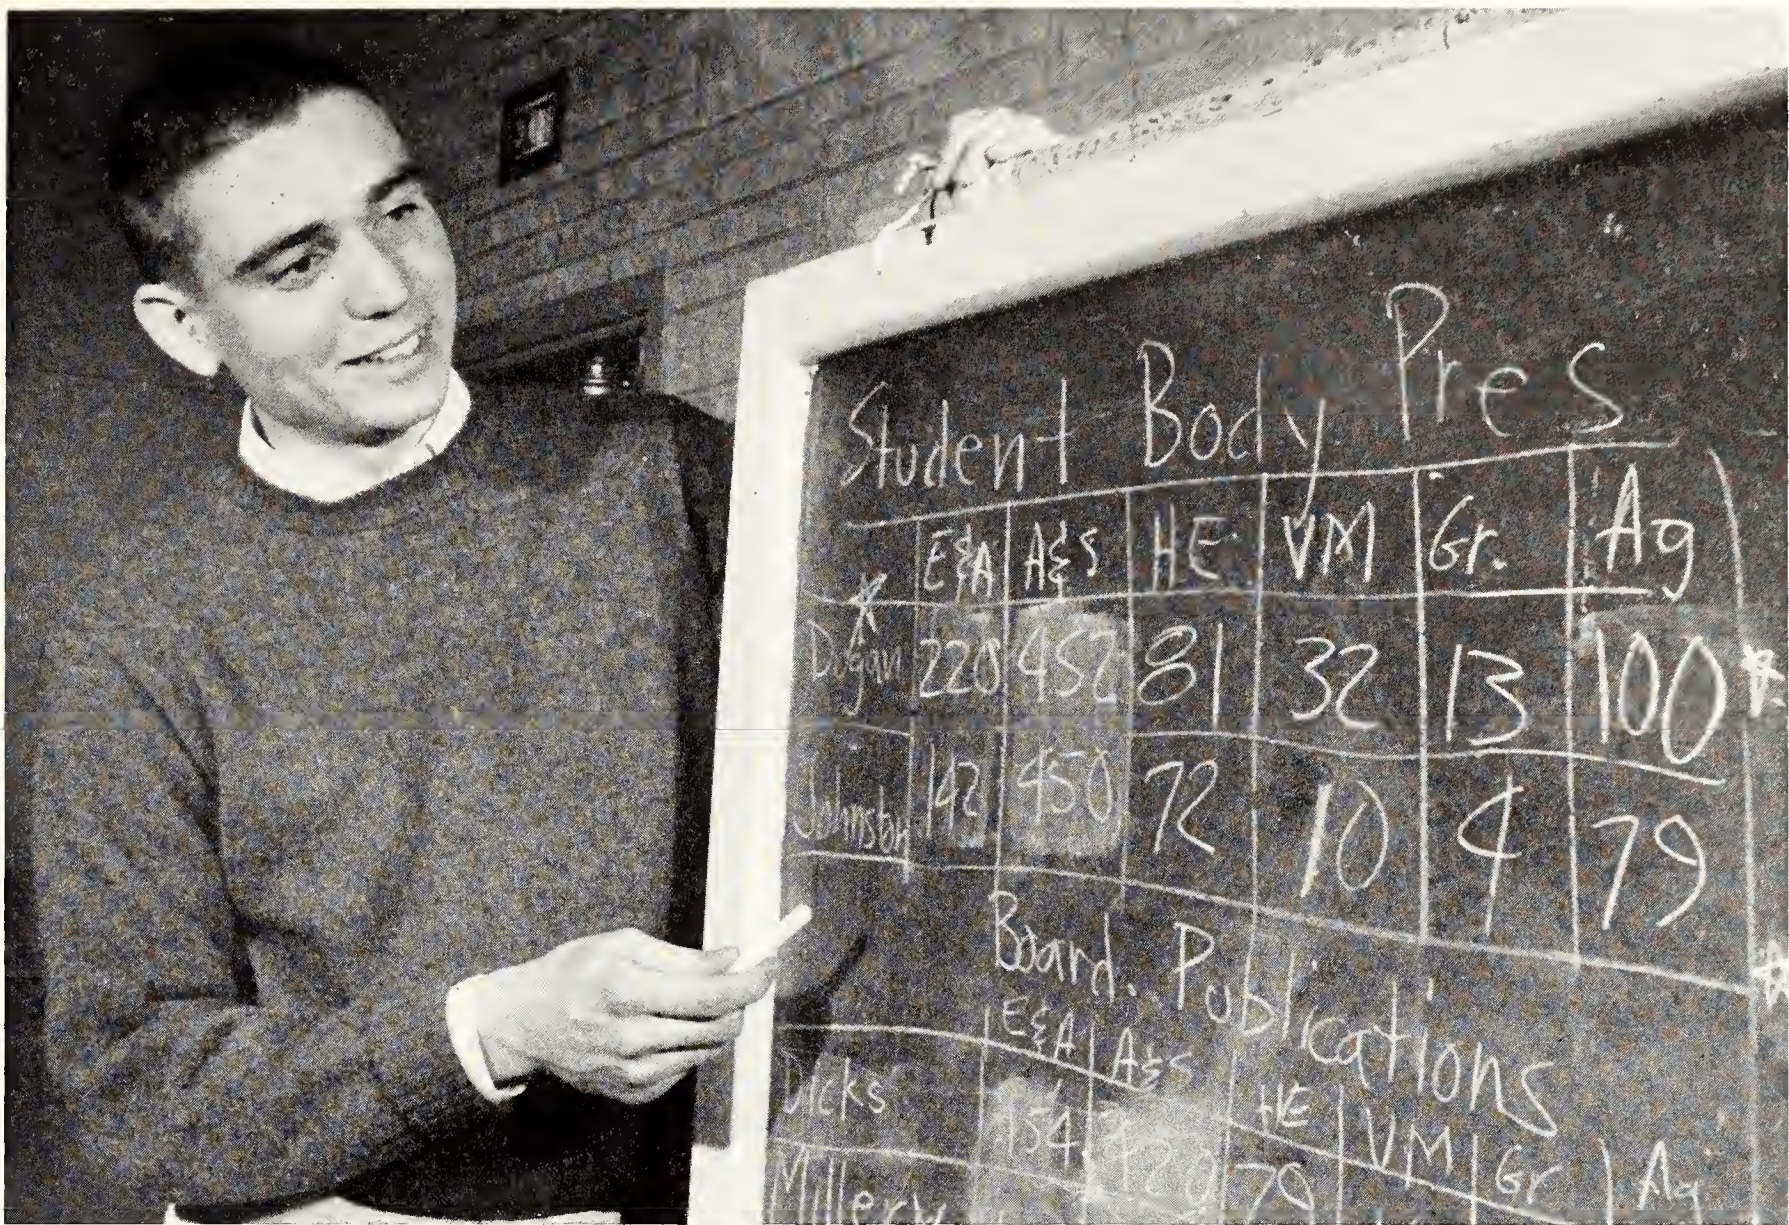

The University Press did \$211,444 worth of printing for the various departments in the school last year. The Press prints the Collegian; Student Directory; K-Stater, Ag Student and Engineer magazines; Student and General catalogs; Agricultural and Engineering Experiment Station bulletins; as well as tickets, announcements, mimeographing, and letterheads.

The Press employed 20 civil service workers and about 15 students this year. Letterpress and offset printing are both done in the Press under the direction of George Eaton. Alvin Estes is foreman of the pressroom while Clyde Spring is foreman of the composing room.

Carl Rochat heads the K-State News bureau, through which stories were written and pictures taken of student and faculty activities. The News bureau sends about 20 stories a week and about 40 pictures a week to communication media. Miss Helen Hostetter edits the K-State magazine, published for all Alumni association members.

didate for student body president, Les Dugan. Dugan was elected by a 141-ballot margin in the spring voting.

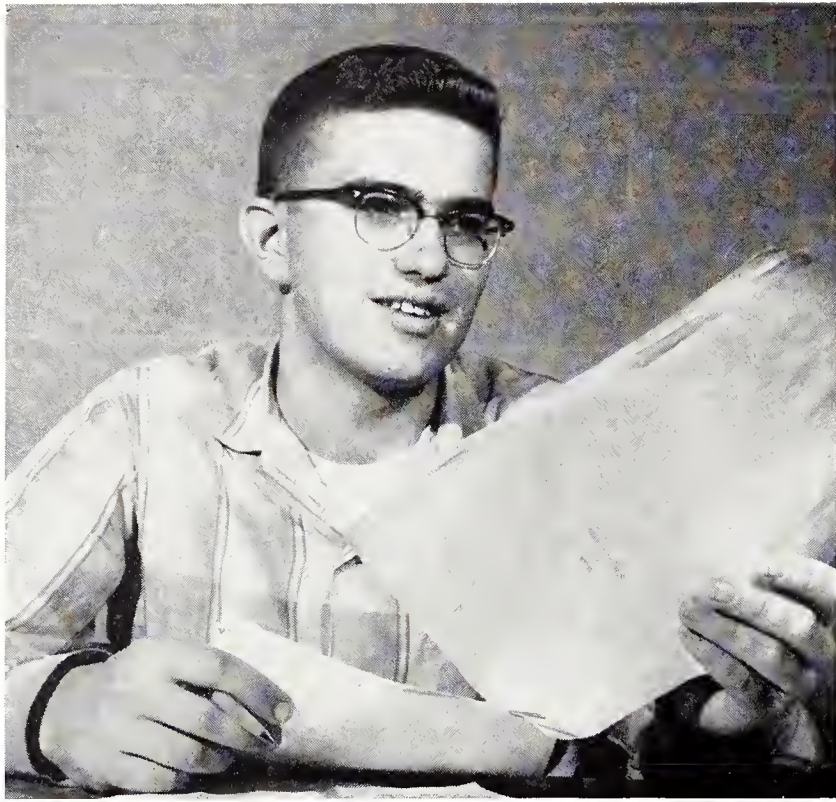

University Party Wins Spring SGA Elections

With the slogan "Let's bring SGA up to University level," the newly-formed University party dominated in the 1960 SGA election. KSU students supported the University candidate for president, Les Dugan, on a platform emphasizing analysis, reorganization, and efficiency in student government. University party candidates obtained 15 Student Council positions, while Integrity party captured seven.

Student Council members elected were Tausca McClintock, Virginia Baxter, Warren Brown, Connie Cristler, Gayla Shoemake, Caroline Preedy, Jan Stewart, Bob Byers, Loren Conrad, Bob Eslinger, Steve Huff, Bill Bayless, David DeSteiguer, Ken Ingram, Joyce Banks, Kathy Reeves, Scott Hackett, and Steve Owen. New Board of Student Publications members were Larry Word, Carolyn Moriconi, and Doris Miller.

THE FINAL TEST of the success or failure of campaigning by candidates are the marks on a student's ballot.

EDITOR-IN-CHIEF of Touchstone is Robert Johnson. He originated the idea of a literary magazine at K-State.

Touchstone Magazine Born in Spring Term

Kansas State's new literary magazine, Touchstone, published two issues during the spring semester. The first edition was released in February and the second in April. All copy in the magazine was written by K-State students. It included short stories, poems, and a few non-technical essays.

The magazine came about through the work of Robert Johnson, editor-in-chief, who thought the school needed a literary magazine. He received encouragement and support from faculty members and was given \$700 by the apportionment board to publish the first two issues. Alwyn Berland, associate professor in English, was faculty adviser for the magazine.

Station Aids Students In Radio Broadcasting

KSDB-FM, one of the five non-commercial radio stations in Kansas, is designed to train students in the techniques of radio broadcasting.

The station is on the air nightly Monday through Friday from 5 p.m. until 10 p.m., and on Saturday from noon until 10 p.m. The station is almost entirely operated by students with a minimum of faculty supervision.

KSDB-FM broadcasts K-State athletic events, assemblies, and dances as well as Manhattan high school games. Bob Silva was station manager for the fall semester, and Jim Harrison directed the station's activities in the spring.

The station has no commercials and public service announcements are used as station breaks.

Pi Phi—Phi Delt Show Wins '59 Y-Orpheum

A wide variety of subject matter and methods of staging were put to use in the 1959 Y-Orpheum, "The Late, Late Show." Months of practice and hard work paid off as students presented a crowd-pleasing selection of acts. Seven combined entries and one single entry competed for honors after their scripts had been selected for presentation.

Pantomime and spectacular lighting, blended with modern dance, helped the Pi Beta Phi-Phi Delta Theta skit to first place. Delta Delta Delta and Sigma Alpha Epsilon revealed rocket launching in a new light as they captured second place. A backward glance to the Charleston era brought the third place trophy to Gamma Phi Beta and Sigma Chi.

Sigma Nu received the single entry prize for "Harvey Goes to College," its presentation of gangsters' attempts to take over K-State. Sigma Nu was the only single entry for the second straight year.

Charlotte Riley directed the show and Ken Nakari acted as master of ceremonies. The Men's Varsity glee club opened the program with a song written especially for Y-Orpheum by Bob Hoffman. Entertainment between acts was provided by the Harmonica Duo from Fort Riley, Joan Taylor, and the Four Delts.

WITCHCRAFT CEREMONIES highlighted the Pi Beta Phi-Phi Delta Theta skit portraying "Tragic Magic." Off-

stage narration told of an artist hopelessly in love with a beautiful model who became a witch at night.

Home Ec Open House Attracts 1,550 Persons

"Home Economics for You, My Fair Lady," was the unifying theme of the 1959 Hospitality Day, annual School of Home Economics Open House.

A record attendance of 1,550 high school girls, teachers, and townspeople viewed departmental and club exhibits in Nichols gym. Each exhibit was based on a song title from "My Fair Lady."

Tours through various home economics classrooms and labs and the women's dorms showed prospective home economics students what to expect at K-State.

Two careers programs provided guidance in curriculum choice; a fashion show featured clothes made by K-State coeds in clothing classes; and a K-State Hour concluded the day by introducing the aspects of the University other than the study of home economics.

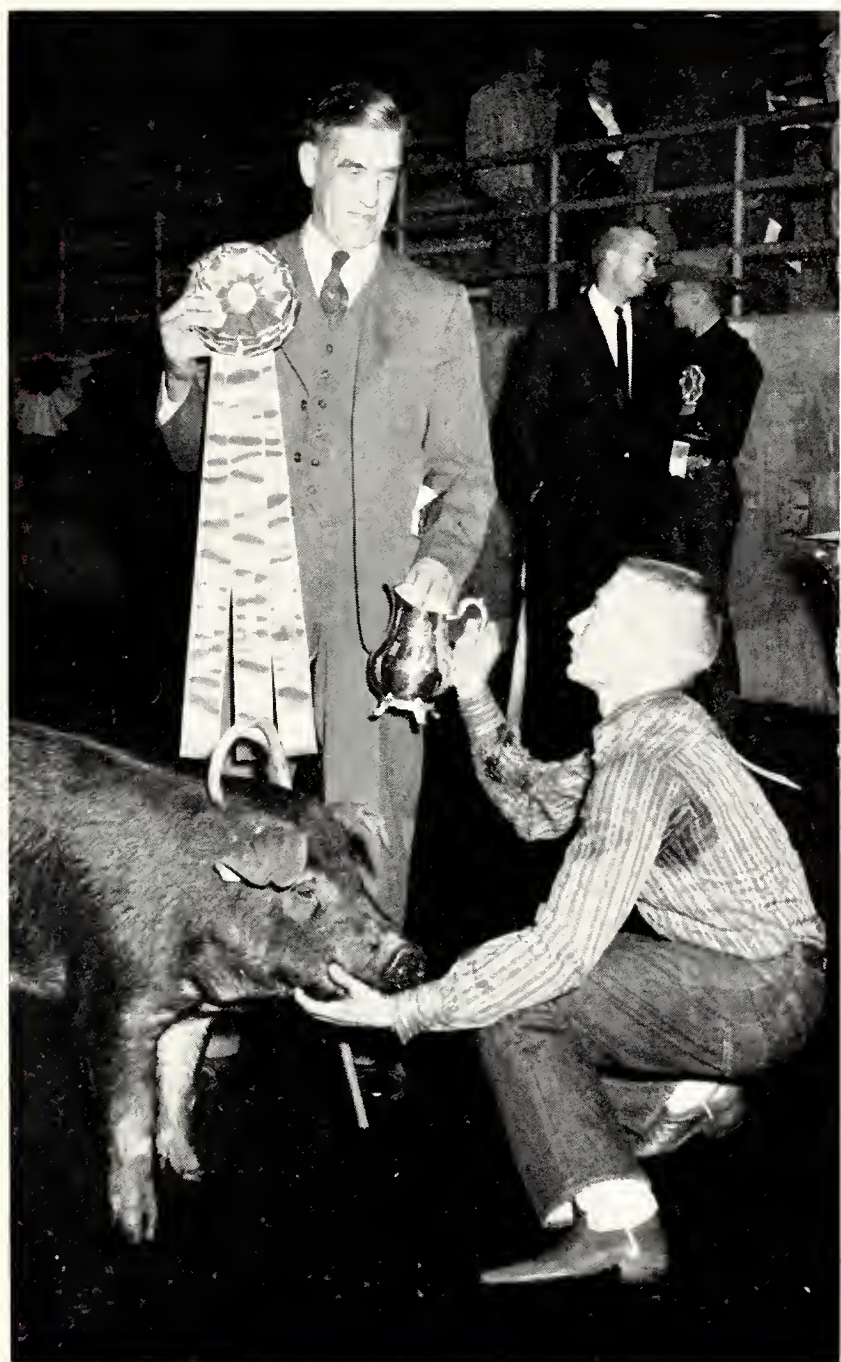

Little American Royal, Ag Science Combined

Two of the School of Agriculture events—the Little American Royal and Ag Science Day—were combined last spring. Approximately 1,500 persons attended Ag Science Day the afternoon of April 11 and about 4,500 turned out to see aggies show 111 head of university livestock that night at the Little American Royal.

All Ag school departments constructed booths and the Horticulture club's exhibit was named winner for the second straight year.

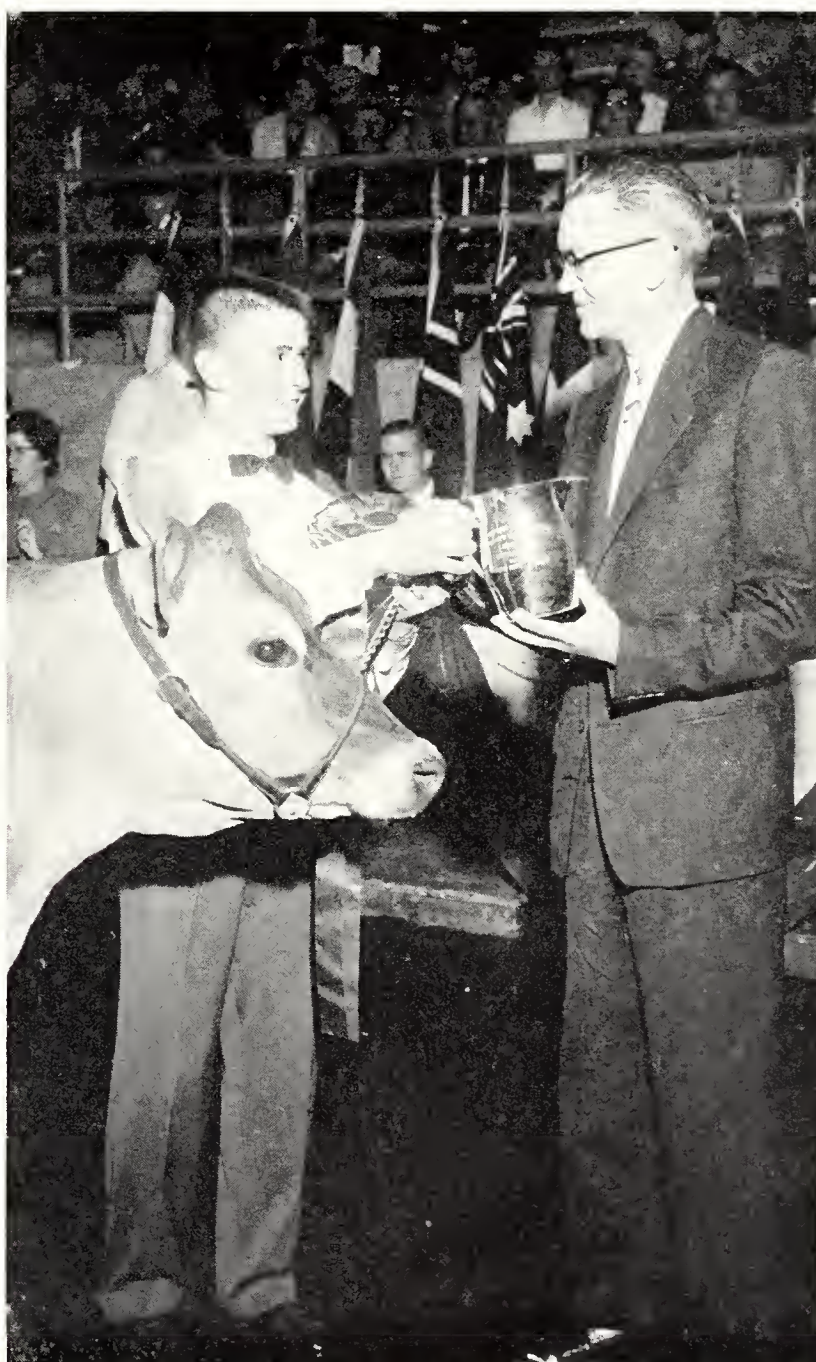

The Little American Royal, sponsored by the Block and Bridle and Dairy clubs, was staged for the 31st time. Two sophomores were named winners. Jim Houck showed a Duroc hog to championship in the Block and Bridle division and Larry Larson won in the Dairy division.

FIRST PLACE TROPHY in the Block and Bridle division is presented James Houck by retired Prof. F. W. Bell.

Betas, Alpha Xis Win Greek Week Trophies

Alpha Xi Delta and Beta Theta Pi won first place in the sorority and fraternity divisions of the 1959 Interfraternity Sing Sunday, April 19. The event led off the third annual Greek Week.

Judy Stark led the Alpha Xis to their second straight victory, while the Betas were under the direction of Leland Reitz. Sigma Chi, last year's fraternity winner, placed second. The third place trophy was awarded to Delta Tau Delta.

The week's activities included a film on rushing and fraternity life presented by Interfraternity Council, followed by a discussion period. Dr. U. B.

Beta Theta Pi. The victory gave the Betas permanent possession of the 35-inch first place trophy.

Dubach, national scholarship advisor for Sigma Phi Epsilon, spoke at the Greek Week banquet. The evening was climaxed by five workshops on various aspects of fraternity living.

Approximately 600 Greeks painted booths, dug ditches, and picked up trash as they cleaned up the city parks Saturday morning to end regular Greek Week activities. Members of the 22 fraternities and 10 sororities gathered in Sunset park for a picnic when the work was completed.

Beta Theta Pi set two records as it retired the traveling trophy at the fifth annual Lambda Chi Alpha chariot relays Saturday afternoon. The 1956 record of 51.9 seconds held by Sigma Chi fell as the Betas bettered it by one-tenth of a second.

In addition, Beta Theta Pi was the first fraternity to win the relays three times, which enabled them to keep the trophy. Karen Kelso, Alpha Delta Pi, rode the winning chariot in the record-breaking dash. Sigma Alpha Epsilon placed second and Phi Delta Theta captured third place. The "Most Unique" trophy was awarded to Phi Kappa Theta.

PARENTS AND VISITORS look on from the balcony and bleachers in Ahearn fieldhouse as June 1959 graduates

wait for their names to be called and their diplomas given. At the ceremony 1,004 degrees were given.

1,004 K-Staters Given Degrees in June, 1959

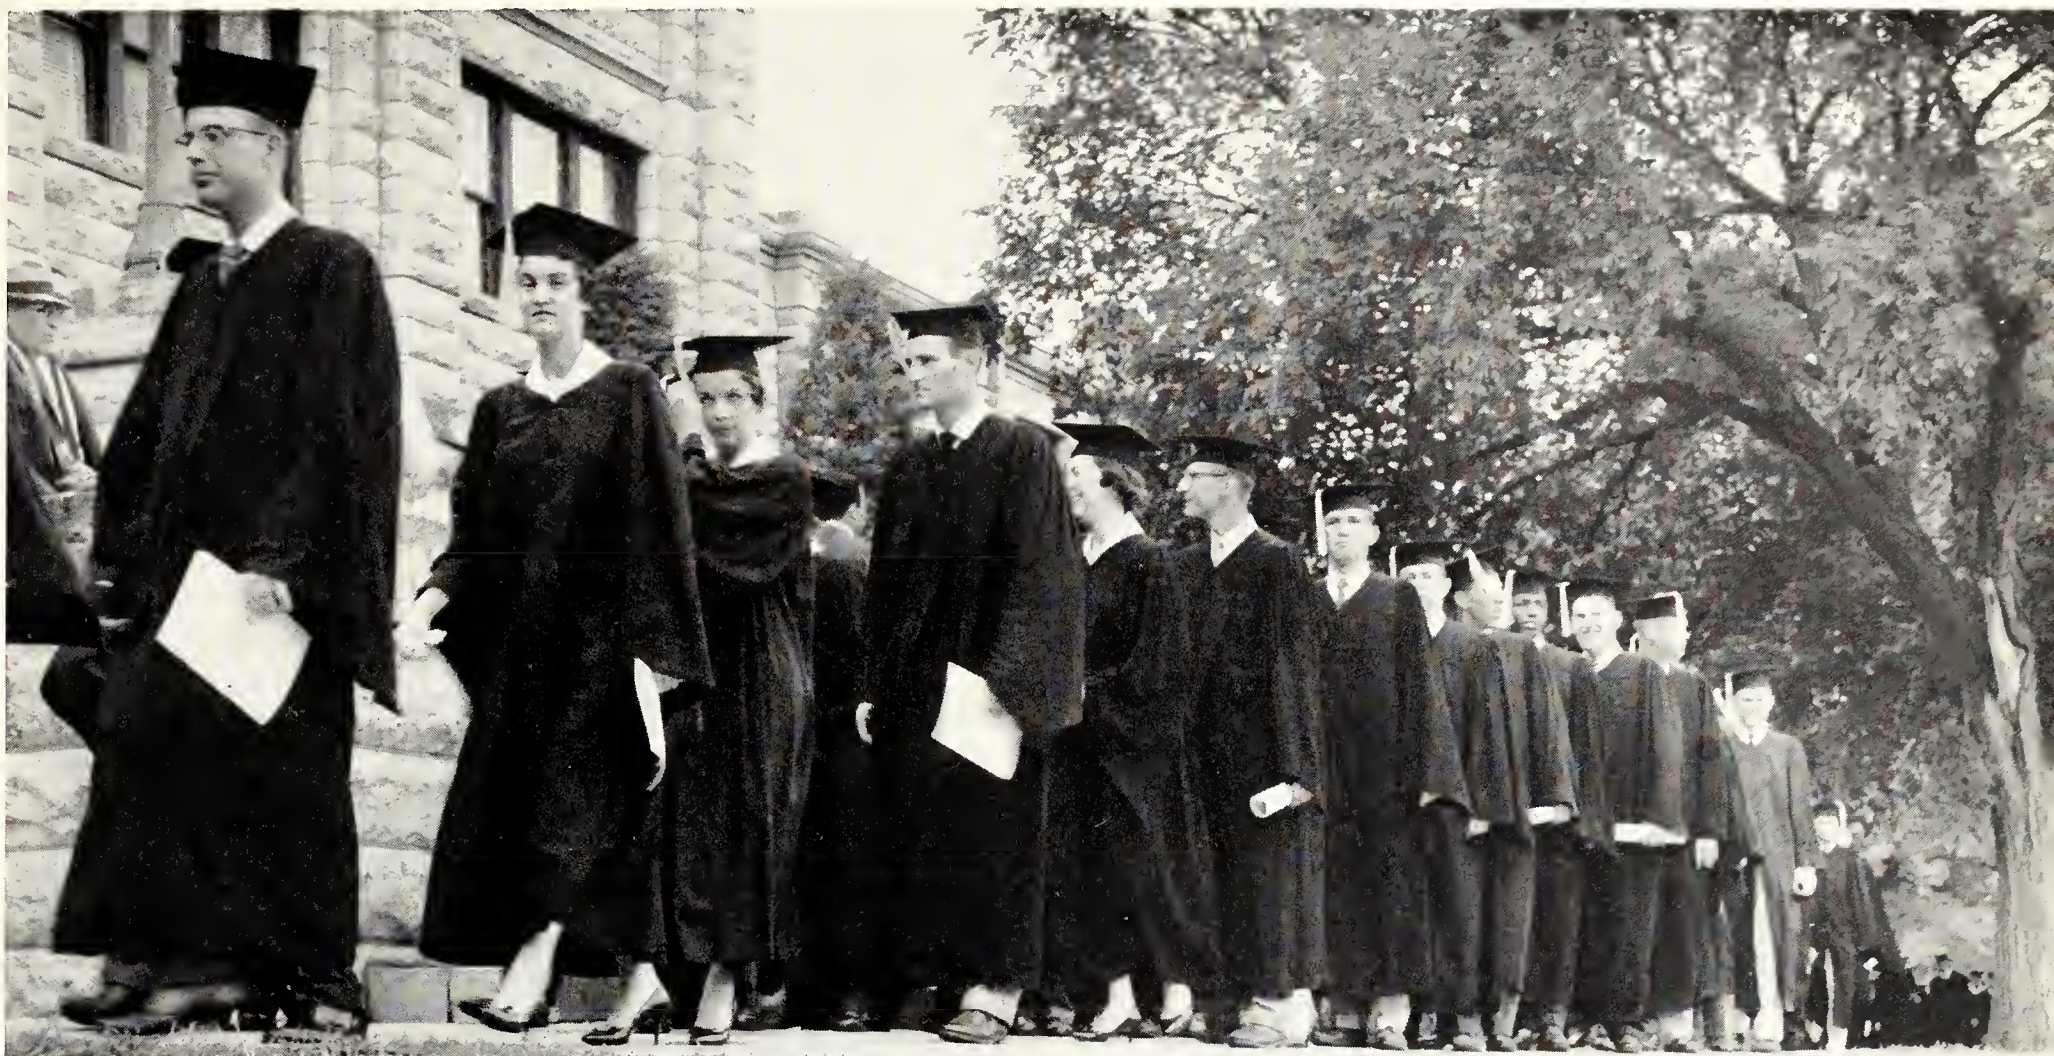

Graduation was the 'big' day for 1,731 students receiving diplomas in 1959. These graduates came from all parts of the world with very little in common, but they always will have one thing in common now. They can always say, 'I am a graduate of Kansas State university.'

Despite concentration on the ceremony and hopes or apprehensions about the future, most of the graduates thought about the years they had spent working for this day: burning midnight oil for the big exams, the basketball and football games, parties, dates, initiations, 'bull' sessions, and perhaps marriage.

Of the 1,731 degrees conferred, 413 were in January, 1,004 in June, and 314 in August. It could have been the last time three commencement exercises

are held in one year as the administration now has combined the graduations into one exercise in June. Another change in the commencement procedure was the presentation of Bachelor degrees simultaneously to graduates in the five schools—Agriculture, Arts and Sciences, Engineering and Architecture, Home Economics, and Veterinary Medicine. The graduates received diplomas from their respective deans.

The Graduate school conferred the largest total number of advanced degrees in the history of the University—260. Of these, 234 were Master of Science and 26 were Doctor of Philosophy degrees. Kansas State graduated 1,360 men and 371 women last year. The School of Arts and Sciences graduated the largest number of students with 721; School of Engineering and Architecture, 366; Graduate school, 260; School of Agriculture, 203; School of Home Economics, 111; and School of Veterinary Medicine, 70. Of the degrees conferred, 1,353 were Bachelor of Science, 48 Bachelor of Arts, 234 Master of Science, 26 Doctor of Philosophy, and 70 Doctor of Veterinary Medicine degrees.

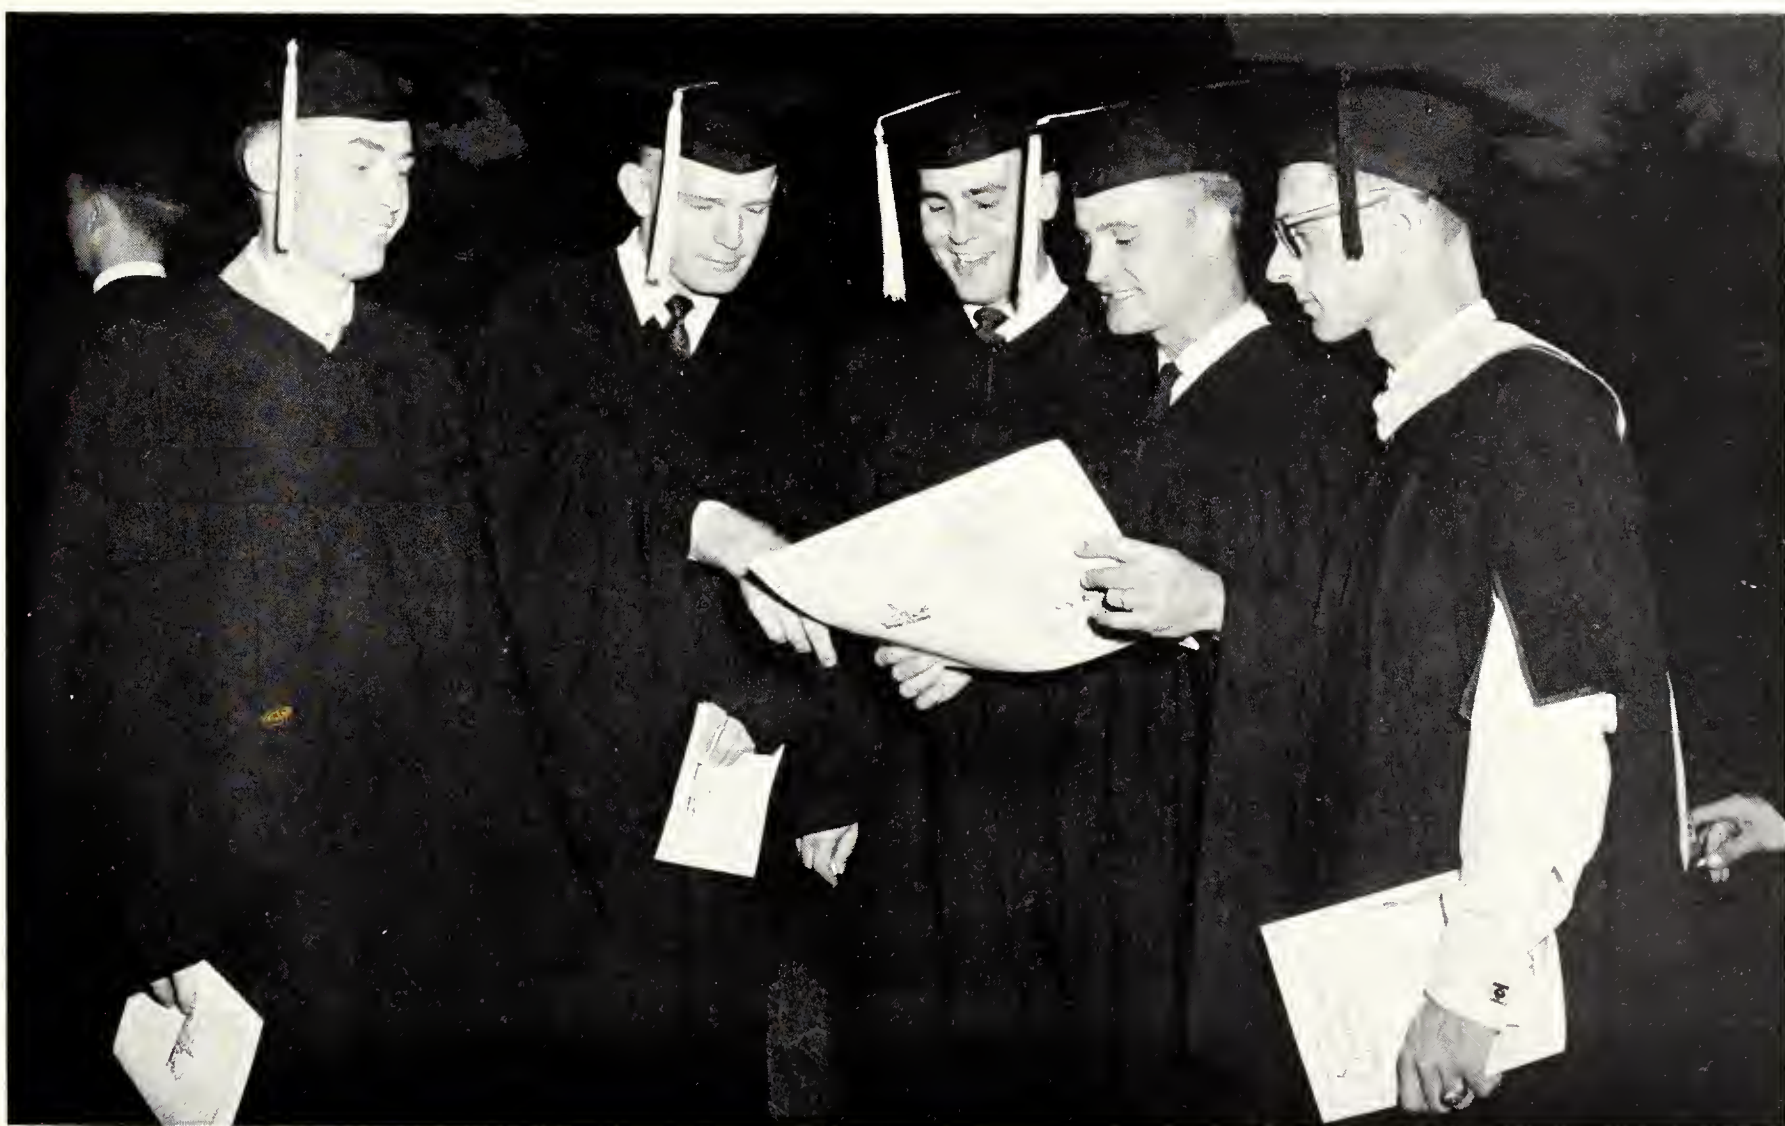

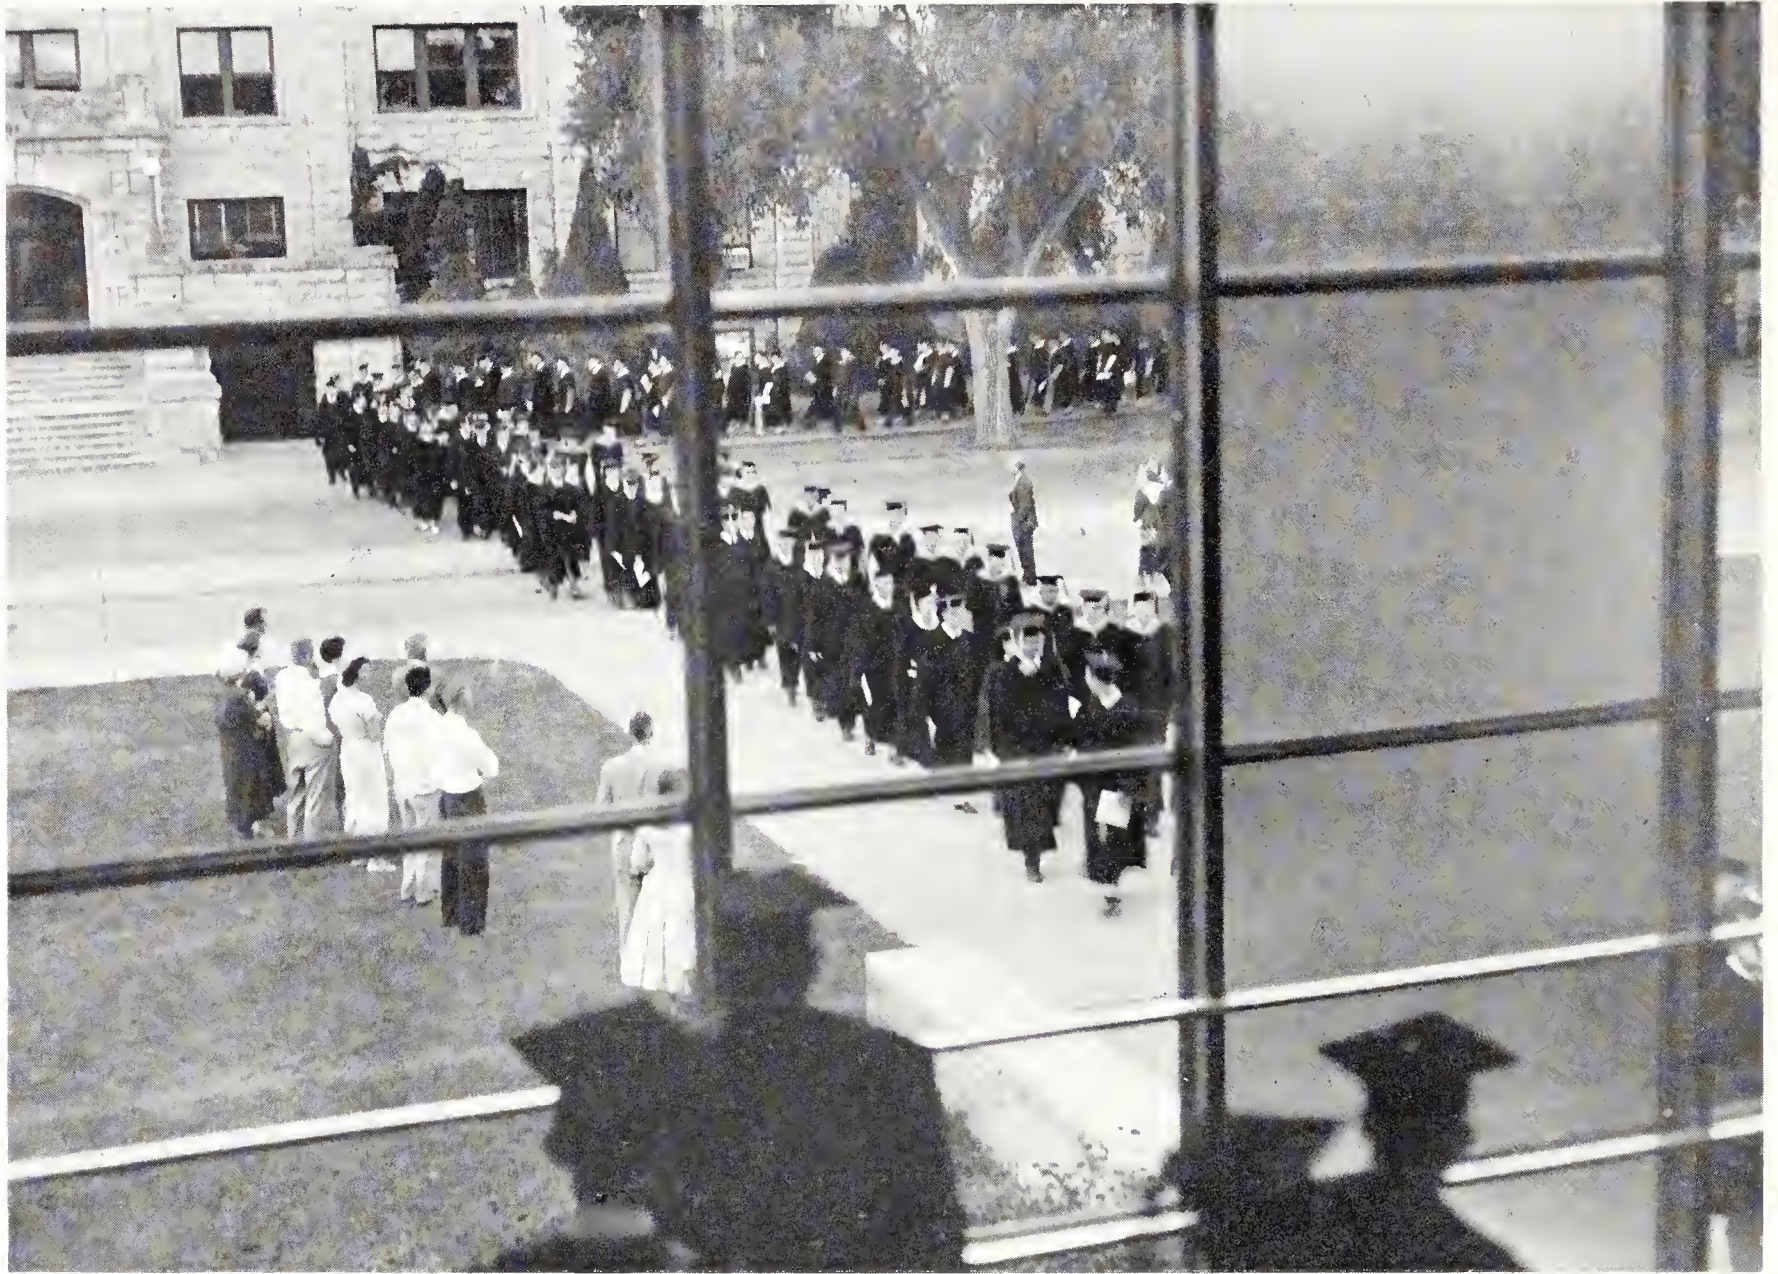

THE LAST WALK through the K-State campus—as students—for many of these graduates brings back memo-

ries of the miles walked in going to classes. They pass the steps of Seaton hall on way to Ahearn fieldhouse.

FIVE OF THE 314 AUGUST GRADUATES check the program to see if their names are listed. August and January

commencement ceremonies have been discontinued and now exercises for all graduates will be in June.

WINDING THEIR WAY from Anderson hall, summer school graduates enter the Union to receive their diplomas.

In the exercises, President McCain conferred degrees on 314 candidates before proud relatives and friends.

314 Receive Degrees In Summer Graduation

Last of the summer commencement exercises were in the air-conditioned Student Union with President McCain conferring degrees on 314 candidates. Six students received PhD degrees, 108 Master of Science degrees, 10 Bachelor of Arts degrees, and 190 Bachelor of Science degrees.

The 1,994 students who attended summer school in 1959 took advantage of movies, family nights, jazz sessions, and dances provided by the Union. Refuge from the heat was found in the Union, library, and other air-cooled buildings.

The University auditorium was the setting for "Mrs. McThing," a presentation by the K-State Players. The Music department contributed its share of entertainment by presenting two operas: "The Telephone" and "The Committee."

"MRS. McTHING," a comie opera about gangsters in the 1920's was presented by the K-State Players in July.

CLASSES

BOOK FOUR

For some K-Staters, college days are almost gone. To them it seems such a short time since freshman orientation, and memories of the first year are still vivid. For others, this is just the beginning and graduation seems far away.

Everyone wants to graduate . . . until the ceremony, that is. Then comes the period of looking back and the realization of what is being left behind. Someday students will hear themselves referring to the "good old college days."

Students come to Manhattan from all over the world. Most are average individuals when they come and most are average individuals when they leave. However, they are better citizens for the time they spend here. They are richer both in knowledge and in friends. Students meet as classmates and differences are lost in scholastic competition.

Senior Class Gives School 50-Star Flag

K-State's seniors celebrated Senior Week in March by wearing badges and receiving pennants and membership cards. There was a senior section at the Nebraska basketball game and senior women had midnight closing hours for the week.

The senior gift to the school was a 20 by 30 foot, 50-star American Flag to hang in Ahearn fieldhouse. Along with this, the initial contribution was made to a fund for the 100th anniversary memorial fountain to be constructed in 1963.

Many Thanks

We would like to acknowledge and thank everyone responsible for the production of the 1960 Royal Purple: members of the editorial and business staffs; C. J. Medlin, graduate manager of student publications and Royal Purple adviser; photographers Darryl Heikes for activity and color pictures, David Von Riesen for activity and color pictures, Studio Royal for class and organization pictures, and Floyd Hanna for group pictures; Mrs. Charlene Glenn, student publications secretary; Ralph Kolb of Burger-Baird Engraving company, Kansas City; Robert R. Maplesden of Burd & Fletcher Printing company, Kansas City; Larry Weatherman, Kansas City, for art work in the opening and division pages; Robert J. Renn of the S. K. Smith company, Chicago, for the covers; and, of course, all students and faculty members cooperating in having their pictures taken and providing necessary information.
