

EFNEP Web-based Lesson Survey for Professionals: _____ Lesson

The Expanded Food and Nutrition Education Program or EFNEP teaches clients how to prepare healthy and great-tasting meals and snacks while living on a budget. EFNEP is provided in a series of food and nutrition lessons. After completing 8 to 10 lessons, clients graduate and receive a certificate of completion.

EFNEP is developing a web-based program for clients. This program will be offered at Welfare-to-Work programs, high schools and GED programs, correctional facilities, and other interested agencies. It will also be offered to individual clients who have internet access and are unable to complete the program through groups or home visits.

As professionals, your opinion is valued. After watching the EFNEP web lesson, please answer the following questions in regards to the clients that you work with or in regards to low-income families:
