Dedication

To one, ever unswerving in duty, loyal in conduct, and inspiring in ideals —to Edna Bender Lobenstein we earnestly dedicate this book, in appreciation of her five years of service in the welfare of 4-H club boys and girls of Kansas.

Miss Margaret Streeter, whose charming personality has been so pleasantly and profitably associated as an honorary member of the 4-H clubs of Kansas. It is indeed with a great deal of pleasure that we welcome Miss Streeter into our group. During her five years of contact with our clubs through the music appreciation work as a representative of the R. C. A. Victor Company, Miss Streeter has been doing much to develop a side of our lives little touched by other forces. We have been learning what good music really is, how to better appreciate and analyze it, and how to make it an essential part of our lives. The aim of our club work is to develop fourfold character among our rural youth, and to Miss Streeter we owe a debt of gratitude for a deeper, fuller and more inspiring knowledge of musical harmony.

Through Miss Margaret Streeter has come a development of the musical side of our club work that we will long appreciate and cherish, and it is with the greatest of pleasure that we look forward to her presence with us each year.
The one hundred fifty-five extension workers include thirty-eight with headquarters at the Kansas State College, Manhattan, seventy-nine county agents, thirty-four home demonstration agents, and four county 4-H club agents. As a recognition of those whose services deal with 4-H club work solely we wish to express our especial appreciation for the work of:

Mr. M. H. Coe, State 4-H Club Leader  
Mrs. Edna Lobenstein, Assistant State Club Leader  
Mr. A. J. Schoth, Assistant State Club Leader  
Miss Lora Hilyard, Assistant State Club Leader

A recent development of the extension work in 4-H club work has been the addition of county club agents to be in charge of 4-H club work within the limits of a single county. The first one in Kansas was J. H. Johnson who has been active in Sedgwick County since 1926. Other county 4-H club agents now in the state include R. N. Lindburg, Butler County; R. L. Remsberg, Kingman County, and J. B. Taylor, Saline County.
The 4-H Round-Up

Nearly 1,300 4-H Club members, representing seventy-five counties, gathered at Manhattan on Monday, June 2, 1930, to participate in the eighth Annual 4-H Club Round-up; the biggest Kansas 4-H event of the year. This group constituted the foremost club members of the State, who came for a week's study and recreation, as a result of which they received new methods, ideas, and inspirations to carry back to their local clubs and communities.

A busy week it was. Mornings were devoted to lectures and classroom studies, while the afternoons and evenings included educational tours, special programs, contests of various kinds, nature study, and recreational activities. The program offered a well balanced variety of activities—music, art appreciation, health contests, radio programs, judging and demonstration contests, and athletic events—in short, those activities which go to the development of the 4-H's for which club work stands.

The most able leaders in their fields were present to aid those in attendance in getting the most from their activities. Again Miss Margaret Streeter of the R. C. A. Victor Company, Camden, New Jersey, carried on the music appreciation work which has developed so well under her direction in previous years. Our old friend, Mr. James Hartley of the Hohner Harmonica Company was back again instructing and entertaining with his harmonica pal. The many other noteworthy leaders included Miss Ellen Pennell of the Successful Farming, Des Moines, Iowa, whose journalistic help aided in the publication of the 4-H Sunflower, the round-up newspaper, and Miss Mary Murray of the Singer Sewing Machine Company, whose work covered clothing demonstrations.

The final and crowning event of the week's activities was the banquet on Friday night. All the prizes and trophies won in competitive events during the week were awarded at that time. Dr. H. T. Hill, head of the Kansas State College Public Speaking Department gave the main address of the evening. For the first time in the history of the Round-up, the members of the State Board of Regents attended the banquet.

Winners of the contests at the 1930 Round-up were as follows:

THE WHO WHO’S CLUB

The Who's Who 4-H Club was organized at the first Round-up eight years ago, taking into membership the upper 10 per cent of the club members from each county. At each round-up the annual meeting of the club has been held at which time officers are elected and a new program developed for the coming year. New members are also voted in at each annual meeting, seventy-six being added to the roll at the 1930 meeting. The club has always been a very active aid in carrying on the round-up program.

Officers elected to carry on the leadership of the club this year were: president, Morris Humes, Mitchell County; vice president, Philip Ljungdahl, Riley County; and secretary-treasurer, Marie Antrim, Kingman County. The initiation ceremonies were very inspirational to all those who witnessed them.

The object of the club as set forth in its constitution is to stimulate recognition of higher accomplishments among 4-H club members, and to further promote 4-H club work by organizing and sponsoring county associations in the interests of the work. Through this means, the club is able to carry the benefits of its annual meetings directly back to the members in their home counties.

Champions
CHICAGO TRIP WINNERS

Each year Kansas is represented at the National 4-H Club Congress in Chicago by a group of state and county champions. The winners receive their trips by virtue of their achievements in project and leadership work. Through the hearty cooperation of several large commercial companies the trips are made possible.

While in Chicago the group obtains a week of entertainment which proves to be educational and inspirational.

CHAMPION JUDGING TEAM

C. G. ELLING (Coach)  
RUSSELL CONRAD  
WALTER LEWIS  
JOE LEWIS  
JOHN KLINE

These boys, from Pawnee County, in competition with teams from nineteen states at the International Livestock Exposition in Chicago in December, 1930, won the National Championship. For many years Kansas has never placed below fifth place in this contest and once before, in 1924, won first place. In addition several club boys of Kansas have won College Scholarships in this contest. This year Walter Lewis won a two hundred dollar scholarship for being third high individual of the contest. The team was coached by C. G. Elling, extension livestock specialist, with C. H. Stinson, county agent of Pawnee County, assisting him.
Moses Leadership Trophy Winner

The Sunflower State achieved another real distinction in 1930 when Florence Melchert of Franklin County won the Moses Leadership Trophy representing premier honors in the field of 4-H leadership. Two of these trophies are awarded annually at the National Club Congress in Chicago, one each to the girl and boy who prove to be the most outstanding 4-H club leaders in the United States. It is indeed a tribute to Miss Melchert's ideals and achievements in 4-H club work.

Florence has been recognized for several years as one of the outstanding club members of the state. During her three years of club work she has completed twelve projects in room improvement, clothing, dairy, baby beef, poultry, canning, gardening, and leadership. In her leadership work Florence has reorganized and developed her club into the second largest and one of the most active clubs of the county.

The developments of the ideals of 4-H club work has always been foremost in Florence's work. She describes the achievements of her club work as bringing about a full realization of what can be accomplished through 4-H club work. Her aim in leadership is to inspire the 4-H boy and girl to round out their lives and develop the head, heart, hand, and health toward better citizenship.
The Master 4-H Club

Those former club members who have been recognized as rendering distinguished service to 4-H club work through their leadership activities are now receiving recognition in the Master 4-H Club of Kansas, the first organization of its kind in 4-H club work. The club was organized at the Seventh 4-H Club Round-up held at Manhattan, in June, 1929, taking into membership all 4-H club leaders who have represented Kansas at the National 4-H Club Camp held at Washington, D. C., each year.

Since the origin of the camp in 1927, two girls and two boys from Kansas have attended each year. In 1927 they were Louise Lumb, Clay County; Mary Tilton, Mitchell County; Frank Zitnik, Cherokee County; and Frank Parsons, Sherman County. The 1928 delegation included Lois Starbuck, Sherman County; Nola McCormick, Sedgwick County; Lloyd Davies, Lyon County; and Leonard Rees, Dickinson County. Those attending the 1929 encampment were Mary Hellmer, Lyon County; Ellen Blair, Franklin County; Ben Kobrs, Dickinson County; and Boyd Worthington, Harper County. In 1930 Jeanette Gamble, Montgomery County; Olga Larson, Lincoln County; Gaylord Munson, Geary County; and Albert Pease, Bourbon County, represented Kansas.

The Master 4-H Club meets each year at the round-up, bringing together the most active leaders in the work for a discussion of problems and activities in the leadership field as well as the renewal of old acquaintances.

The National 4-H Club Camp

Four Kansas 4-H club members, by virtue of superior service rendered in 4-H club leadership, were awarded trips to the 4th National 4-H Club Camp held at Washington, D.C., on June 18-25, 1930. The delegates from this state were Jeanette Gamble, Montgomery County; Olga Larson, Lincoln County; Gaylord Munson, Geary County; and Albert Pease, Bourbon County.

Delegates from thirty-nine states were present, thus bringing to the encampment distinguished and able 4-H people from all parts of the United States for an exchange of ideas and a crystallization of sentiment as to the purposes and objectives of 4-H club work. In its four year’s of existence the National 4-H Club Camp has done much to nationalize club viewpoints.

The camp programs consisted of flag raising, setting-up exercises, assemblies, sight seeing trips, and conferences. Every evening was devoted to camp fire programs, including ceremonies, story telling, inspirational talks around the campfire, some of which were broadcasted over the National radio network.

Each year the Kansas delegation has reported a most interesting and worthwhile trip, and last year was no exception. Places visited included: Harper’s Ferry, Washington Monument, Mount Vernon, Arlington National Cemetery, the Tomb of the Unknown Soldier, the National Capitol, and many other points of interest. On the return trip a day was spent seeing the sights of Chicago.
Leader Of Merit

Pius Hostetler, formerly a club boy of Harper County, was awarded the 1930, Folger Scholarship for distinguished service to 4-H club work in the state. The award consists of one hundred fifty dollars to be used in continuing the course at the Kansas State College, in which Pius is already enrolled. Real ability, as shown by his achievements, was the basis on which he received the recognition from the Folger Coffee Company of Kansas City, Missouri.

Since joining the 4-H Club in 1927, Pius has been very active in club work. He has completed dairy and swine projects as well as being president of his club for two years and assisting with the leadership of the club. He was a delegate to the National 4-H Club Congress in 1928 and was a member of the State Champion Dairy Demonstration Team that competed at the National Dairy Show in 1928. In 1930 his club finished one hundred per cent.

Pius was selected as a delegate from Kansas to the International Leaders Training School at Springfield, Massachusetts, in 1930. He is now enrolled in the Kansas State College, where he has been very active in the Collegiate 4-H Club and in working on the Who's Whoot Staff.
Leader of Merit

As a recognition of her distinction of being outstanding in 4-H club leadership among the girls of Kansas in 1930, Olga Larson of Lincoln County was awarded the Folger Scholarship. This scholarship, of one hundred fifty dollars, is awarded annually by the Folger Coffee Company of Kansas City, Missouri, to the most outstanding girl and boy in 4-H club leadership within the state.

Olga has, indeed, an excellent record in 4-H club activities. She has been enrolled in club work since 1923, and has been a local leader since 1927. While a club member, she was state clothing champion in 1927. In her leadership activities she has been even more active. Her club remodeled an old school house for a meeting place, and has used this as a place in which to hold their programs. She has trained a number of demonstration and judging teams, and her club has finished one hundred per cent each year that she has been leader.

Olga was awarded a trip to the National 4-H Club Camp at Washington, D.C., in 1930. The additional award of the Folger Scholarship makes her the only girl in the state to receive both these awards.

For the purpose of assembling and recording the outstanding 4-H club events of the year, the first Who's Whoot, the 4-H club yearbook, was published in 1927. Since that time it has annually made its appearance at the 4-H Round-up, and has proven to be most successful and valued.

Each succeeding staff has aimed to make progress. In 1927 the book consisted of 36 pages which has increased to 38 pages in 1928. In 1929, the publication was taken over by the Collegiate 4-H Club which is an organization of former 4-H club members attending the Kansas State College. Since that time it has grown rapidly, including 64 pages in 1929, 72 in 1930, and 80 pages in 1931.

The 1931 staff wishes to express its appreciation to those whose work has made the Who's Whoot possible, and to its advertisers for their cooperation.
A pioneer in its field, the Kansas Collegiate 4-H Club was organized December 12, 1927. Since that time, the club has developed into one of the most active organizations at the Kansas State College. The club was organized for the purpose of promoting a closer relationship among former 4-H Club members now attending Kansas State College. The purposes of the club are to stimulate further interests in club work, to develop leaders in the 4-H field, to aid in promoting club activities, and to foster the best interests of club work in Kansas. Approximately one hundred members were active during the 1930-31 school year.

The club took over the publication of the Who's Whoot in 1928 and has developed it into the largest and best year book, in interests of 4-H Club work in the United States. Another activity of state-wide interest is Club work, in the United States. Another activity of state-wide interest are broadcast over station KSAC every Monday and Friday evenings from 4:30 to 5:00.

On December 20, 1929, the club established a loan fund of $1,000 to be available to former 4-H Club members in college. Another campus activity is the annual Collegiate 4-H Banquet, begun in 1929-30 and fast becoming an event of state-wide interest.
Kansas 4-H Club Radio Program

INTERIOR VIEW OF STATION KSAC

A click of the switch and a twist of a dial and thousands of Kansas 4-H Club members connect themselves into a closer harmony with club work through the 4-H Club Radio Half-hour. Every Monday, Tuesday, Thursday, and Friday afternoons from 4:30 to 5:00, Station KSAC sends out new lights and information in the interest of the 4-H club. Since the origin of these programs in 1926, they have proven to be one of the most interesting and entertaining contacts received through club work.

The radio programs take up a wide variety of subjects of interest to the 4-H club members. On Tuesday and Thursday afternoons, the programs are devoted to music appreciation work which has been actively progressing throughout the state within the last few years. On Monday and Friday afternoons such entertainment as music, readings, and educational lectures are broadcast.

The 4-H Club Radio programs are presented under the auspices of the Collegiate 4-H Club. This year Earl Johnson, a member of the Collegiate 4-H Club, has been in active charge of the programs, and has proved a very capable manager.

A farmer became the father of twins, and on learning the news he was so delighted that he hurried to the nearest postoffice and sent this telegram to his sister-in-law:

"Twins today. More tomorrow."

* * *

"Tain't what we have, But what we give;
'Tain't where we are, But how we live;
'Tain't what we do, But how we do it—
That makes this life Worth going through it.

There is no better evidence of ability than achievement.

A Scotchman in Brooklin was missing for three days before the police department finally located him in a "Pay-as-you-Leave" street car.

* * *

Marie Antrim went into a drug store and said: "Have you any Life Bouy?"

The assistant, a young college boy, replied: "Set the pace lady."

* * *

Mr. Schoth: "Since I bought a car I don't have to walk to the bank to make my deposits."

Miss Hogue: "Ah, you ride there?"
Mr. Schoth: "No, I don't make any."
“When did the robbery occur?” the cross-examining lawyer asked the witness.

“I think—” he began.

“We don’t care what you think; we want to know what you know,” remarked the lawyer.

“Well, I may as well get off the stand, then,” said the witness. “I can’t talk without thinking. I’m no lawyer.”

* * *

Earl Johnson and Eddie Sullivan were having dinner together. Eddie helped himself to the larger fish and Earl said:

“Fine manners you have, Eddie. If I had reached out first I’d have taken the smaller fish.”

“Well, you got it didn’t you?”

Duke Regnier was devouring an apple, which he seemed to enjoy to his highest satisfaction.

Elsie Lambertson: “Say, look out for the worms in that apple.”

Duke: “Lissen here, when I eat apple the worms have to look out for themselves.”

A gushing hostess at an evening party rushed up to John Wilson and asked him what he thought of a new violinist she had discovered and who had played that evening.

“He reminds me of Paderewski,” commented John.

“But Paderewski is not a violinist.”

“That’s just it,” was John’s reply.
Mr. Schoth: Is your husband still the loud dresser he was before you married him?

Mrs. Lobenstein: I should say so; you should hear him when he is looking for his collar button.

* * *

"Officer," said a 300-pound lady, "could you see me across the street?"

"Madam, I could see you three blocks away."

* * *

"I'm afraid you can't Waltz very well, Frank?"

"No darling, but I surely can intermission."

* * *

Teacher (to boy who is misbehaving): "James, sit down in front."

James: I can't. I'm not made that way.

The Five Ages Of Man

"Daddy, I know how to do everything," said the little boy of five.

"What I don't know isn't worth knowing," said the young man of twenty.

"Well, anyway, I do know my own trade from A to Z," said the man of thirty-five.

"There are very few matters, I am sorry to say, that I am really quite sure about," said the man of fifty.

"I have learned a bit, but not much, since I was born; but knowledge is so vast that one cannot become wise in a short lifetime," said the man of sixty-five.

Two boys were talking about the accomplishments of their fathers, and Little Bill said, "My father is an Eagle, an Elk, a Moose, and a Lion."

Mickey said: "What's it cost to see him?"

Wife: We'd better invite the people next door in for dinner tonight.

Husband: "Why ring them in?"

Wife: "You see, the grocer left their meat and groceries here by mistake, and I thought it only fair to them to enjoy part of it."

A pedestrian had fallen into a manhole and called for help.

"Dear me," said a gentleman who happened along. "Have you fallen into that manhole?"

"Not at all," was the reply. "As you seem interested I will say that I just happened to be down here and they built the pavement around me."

He: "Wanna fly?"

She: "Oh, I'd just love it!"

He: "Just a minute and I'll catch you one"

A college professor and his wife were entertaining at dinner a few weeks ago. In the midst of the gayety at the table a child's voice was heard coming from the floor above.

"Mother!"

"What is it, Archie?" she asked.

"There's only clean towels in the bathroom. Shall I start one?"

"Do modern girl's make poor mothers?" asks a correspondent. They certainly make poor fathers.

Emotion

A man was discovered by his wife one night standing over his baby's crib. Silently she watched him. As he stood looking at the sleeping infant, she saw in his face a mixture of emotions—rapture, doubt, admiration, despair, ecstasy, incredulity. Touched and wondering alike at this unusual parental attitude and the conflicting emotions, the wife with eyes glistening arose and slipped her arms around him.

"A penny for your thoughts," she said, in a voice tremulous. He blurted them out:

"For the life of me, I can't see how anybody can make a crib like that for three forty-nine!"
