SEVENTEENTH NATIONAL CONVENTION OF FUTURE FARMERS OF AMERICA

Kansas City, Missouri, October 8 to 11, 1944

Streamlined: The plan of holding a streamlined convention was continued.  
No bands, no parades, strictly business.

Headquarters: Municipal Auditorium--Registration in the Grand Foyer; all sessions in the Little Theatre.

National Officers: All of the national officers elected at the 1943 convention served their terms out, and all were present for the seventeenth convention. We wish to pay tribute to this splendid group of national FFA officers for the splendid manner in which the entire convention was handled.

Delegates: Eighty-four delegates from forty-four states were present. No delegates were present from either Hawaii or Puerto Rico. Official delegates from Kansas were: Irwin Alefs, Great Bend Chapter; Jack Hall, Highland Park Chapter; Jack Armstrong, Effingham Chapter (Alternate); and Bob Jones, Ottawa Chapter (Alternate).

Distinguished Visitors: Representatives of the Governments of Brazil, Columbia, and the Republic of Mexico were present, as was the Honorable Claude R. Wickard, Secretary of Agriculture.

American Farmers: The 1944 American Farmer Class totaled 175. The following Kansas boys received this highly coveted award:

Immediate past state president Irwin Alefs, Great Bend chapter.  
Past state vice president Erwin Thalmann, Haven chapter.  
Immediate past state secretary Robert Sawatzky, Buhler chapter.  
Immediate past state treasurer Calvin Jarrett, Columbus chapter.

Calvin Jarrett is now listed as Private, number 37751659, Co. C, 64th Bn., 13 Regt., Camp Fannin, Texas. It took a special letter to his commanding officer to get him permission to come to Kansas City for his American Farmer degree. Calvin drove from Columbus to Kansas City, arriving at 1:00 p.m. Monday. He left Kansas City immediately after receiving his degree, and hoped to get back before his three-day pass expired.

Honorary American Farmer Degrees: Hon. Claude R. Wickard, Secretary of Agriculture, Washington, D. C.; Albert S. Goss, Master, National Grange, Washington, D. C.; Edwin J. Sommer, President, Mid-States Steel & Wire Company, Crawfordsville, Indiana; H. M. Railsback, Director of Advertising, Deere & Company, Moline, Illinois; Edwin F. Flato, Corpus Christi, Texas; Kerlin O. Judy, Vocational Agriculture Instructor, Hurricane, West Virginia; Thomas W. Glaze, Vocational Agriculture Instructor, Pauls Valley, Oklahoma; J. A. JOHNSON, VOCATIONAL AGRICULTURE INSTRUCTOR, BUHLER, KANSAS; John Welbes, Vocational Agriculture Instructor, Albany, Oregon; R. C. Mitchell, Vocational Agriculture Instructor, Alpine Texas; A. W. Tenney, National Executive Secretary, FFA, Washington, D. C.; E. J. Johnson, Federal Agent - Pacific Region, U. S. Office of Education, Washington, D. C.

## Seventeenth Nat'l Convention of FFA (Continued)

Farm Mechanics Award: The John Deere Company made available this year for the first time awards in the field of farm mechanics. A national winner and three regional winners were named. Contestants were restricted to the American Farmer class, and each state was allowed to present one candidate. Robert Sawatzky, Buhler chapter, was the Kansas contestant. The winners follow:

- George Fogle, Okemos, Michigan, was declared national winner and received a check for \$500.
- Dean Elliot, Fort Benton, Montana, was winner in the Pacific region, and received a check for \$250.
- Roy Henke, Kerryville, Texas, won for the Southern region and received a check for \$250.
- Owen E. Hess, Mifflinburg, Pennsylvania, was declared the winner of the North Atlantic region, and a check for \$250 was given him.

1944-45 National FFA Officers: The officers elected to guide the destiny of the National Organization of Future Farmers of America for the next year are:

- President - Oliver H. Kinzie, Cushing, Oklahoma.
- 1st Vice President - Sifvald J. Sandberg, Ortonville, Minnesota.

## WICKARD SEES PROMISING FUTURE FOR AGRICULTURE

The Honorable Claude R. Wickard, Secretary of Agriculture, in addressing the Seventeenth National FFA Convention delegates, said in part: "During the next few years, farming can be made more interesting, more challenging, and more secure than ever in its history. You young men can contribute by (1) being efficient farmers; (2) preparing yourselves for leadership." The Secretary received the Honorary American Farmer Degree at the hands of President Bob Bowman. The degree presentation and the Secretary's speech were broadcast over KMBC during the Farm and Home Hour.

The Kensington chapter, Superintendent Clark R. Gilbert adviser, was the first to pay FFA dues for 1944-45. Kensington paid their dues as of June 26, 1944. The chapter has 23 members.

Fairview chapter, R. D. Brent adviser, was the second chapter to pay the current years dues. This chapter has a membership of 25, and paid their dues September 8.

## CHANGES IN NATIONAL FFA CONSTITUTION

The following amendment to the national FFA constitution affecting Article IV, Sections C and D was passed by the House of Delegates in session: "Amend Article IV, Sections C and D, paragraphs 1, by striking out the words "for at least one year immediately" in paragraphs 1 of Sections C and D."

The House of Delegates amended the national FFA constitution affecting the second paragraph on page 22 of the Official Manual. This paragraph, a part of Article VI of the By-Laws, was changed to read as follows:

"In case a local department of vocational agriculture in which a chartered chapter of FFA is located is discontinued, the chapter so involved may be permitted to operate officially for a period not to exceed 36 months from date of the discontinuance of the department in the school concerned, providing proper supervision and guidance can be given to the chapter work by a member of a school faculty having the approval of the State adviser. Local chapter charters must be surrendered to the State adviser at the end of the 36-month period indicated if vocational agriculture is not in operation again at that time."

The necessity for changing Article IV, Sections C and D was occasioned by a literal interpretation of the FFA constitution by the Board of Trustees. This board ruled that the statement "at least one year immediately" meant a calendar year of twelve months. With such an interpretation, many American Farmer degree applicants would automatically be ruled ineligible for the degree because in one or more cases during their degree advancement a school year was used instead of a calendar year. The above constitutional change does not permit a member to advance more than one degree per year, although the calendar year may not be so rigidly adhered to.

## SEE NOVEMBER FUTURE FARMER NEWSLETTER

Several important items were omitted from this issue because of lack of time between the close of the 17th FFA Convention and the printing date for the October issue of the Kansas Future Farmer Newsletter. The FFA Foundation, Regional Star Farmer Erwin Thallman's record, and the achievement record of the Buhler chapter in winning the Gold Emblem Award will be found in the November 15, 1944, issue of our newsletter.

## FFA SERVICE FLAG UNVEILED

One of the most impressive ceremonies of the Seventeenth National FFA Convention was the unveiling of a service flag honoring 138,548 former FFA members who are now in the Armed Forces. The 4' x 6' service flag was of pure silk - only one other of equal quality is to be found in Washington, D. C., and that hangs in the Library of Congress. Following a splendid laudatory speech by 1st Vice President O. Beverly Roller, Weyers Cave, Virginia, the National Anthem was played and the flag was unveiled. The audience stood with bowed heads in a moment of silent tribute.

The fitting speech of Beverly Roller, delivered without notes, follows:

"We now come to one of the most important ceremonies of our convention - one in which we pay tribute to those boys in the armed forces who have served so gallantly, and to the members on the home front who have served so willingly.

Since the war began, Future Farmers of America have distinguished themselves on the battle fronts of the world. We know the story of those former Future Farmers who flew in the Jimmy Doolittle raid bombing Tokyo. A liberty ship last year was named after Edwin J. O'Hara for heroism aboard a Merchant Marine ship. The name of Homer Paul Anderson, Sgt. Bert Jordan, Wesley Sawyer, and other former members are familiar throughout the Nation. These are only a few of the many former members who have distinguished themselves on the battle fronts of the world. They are helping to write today's history with courage and valor.

The Future Farmer chapters everywhere have placed major emphasis on activities that would help in winning the war. Members of the FFA may be justly proud of the contributions they have made. Millions of dollars worth of food have been produced, tons of scrap materials have been collected, and over 8 million dollars worth of bonds have been purchased by members of the FFA.

Many of the members here today will soon be entering the Armed Forces who will serve in all branches including the Army, the Navy, the Marines, the Air Corps, and the Coast Guard. Members of the Future Farmers stand ready to serve their country wherever needed - on the farm front and on the battlefronts of the world. We know that they will serve to the best of their ability and bring added honors to the FFA. They are striving to uphold the high ideals of our organization and our Country.

It is fitting and proper that we should pause today and honor the members of our organization who are in the Armed Forces - many of whom have made the supreme sacrifice.

We have prepared a service flag to display at our Convention. This service flag will be unveiled with the assistance of Private Chester Asay, former Future Farmer of the Level, Wyoming chapter, and Seaman Jim Hutchins, American Farmer from Estalline, Texas.

## LIFE MAGAZINE COMES TO KANSAS

Kosti Ruchoma, Black Star Pictures, 420 Lexington Avenue, N.Y., N. Y. was assigned by Life Magazine to come to Kansas to take pictures of Erwin Thalman, Regional Star Farmer, Haven chapter. Ruchoma, with a Kansas spot writer in the person of Russell Roberts, Emporia Gazette, accompanied by Executive Adviser A. P. Davidson, and Executive Secretary L. F. Hall, descended upon the Haven community Thursday, September 28, 1944. Life Magazine wanted a pictorial story of Thalman. Acting National Secretary, A. W. Tenney, Washington, D. C., wanted everything kept a deep dark secret. Of course, Erwin, being smart enough to be one of our outstanding candidates from Kansas for the American Farmer degree, never suspected a thing. We followed a 2-inch rain and had plenty of mud and too many clouds. Two and one-half days were spent taking pictures. Approximately 300 shots were taken, from roofs of buildings, top of windmill, lying prone on the ground -- and what position have you? Our subject, his parents, the school superintendent, the vocational agricultural instructor, and the entire student body of the Haven high school cooperated one hundred per cent. It so happened that the Haven FFA chapter was giving the first all school party, the "FFA Harvester", the night we arrived. There was to be a crowning of a queen, followed by a dance. Erwin crowned the queen, danced with her, and they partook of refreshments while the camera clicked. The student body wondered what it was all about, as well as Geo Stark, the comely queen.

We hope the pictures were good, and hope they will make the Life Magazine. There is a possibility that the pictures will be used by OWI in their foreign picture service. If OWI should use some of the FFA pictures taken at Haven, wouldn't it be a thrill for the 65 former teachers in the Armed Forces, and for the more than 4300 former FFA members from Kansas now in the Service,

Material for FFA Jackets is getting mighty scarce. We doubt if there will be any for next year's state officers. Mr. Tolin, Universal Uniform Company, Van Wert, Ohio, doubts if his company can continue to put the FFA emblem on the back of the jacket, because of skilled labor shortage.

The House of Delegates appointed a committee with power to act to study the possibility of furnishing FFA T-shirts and FFA sport shirts.

"It is my hope that all farmers of the future will have the benefit of experience and training in the FFA" -- President Bob Bowman in his opening address to the 17th National FFA Convention.

ANNUAL REPORT OF NATIONAL EXECUTIVE SECRETARY

By A. W. Tenney, Acting Executive Secretary

The following are excerpts taken from A. W. Tenney's report to the Seventeenth National FFA Convention.

Members of the Future Farmers of America are proud of their wartime achievements. FFA chapters and members have placed major emphasis on war activities. The following national summaries show the scope of these achievements:

1.	Total maturity value of war bonds purchased in the name of the State Association . . . . .	\$ 63,715.00
2.	Total maturity value of war bonds and stamps purchased by chapters and individual members . . . . .	8,121,561.78
3.	Pounds of scrap metal collected by chapter . . . . .	62,343,443
4.	Pounds of paper collected by chapters . . . . .	20,625,448
5.	Pounds of rags collected by chapters . . . . .	1,179,559
6.	Pounds of rubber collected by chapters . . . . .	2,721,694
7.	Number of burlap bags collected by chapters . . . . .	735,017
8.	Number of members serving in the armed forces of the United States (active and associate) . . . . .	138,548
9.	Number of Victory Gardens grown by FFA members . . . . .	89,220
	Total acreage . . . . .	63,411.4
	Number of Victory Gardens grown by FFA chapters . . . . .	6,442
	Total acreage . . . . .	4,769
10.	Number of farm workers placed on farms through the aid of the FFA . . . . .	19,849
11.	Number of farm machines repaired by FFA members . . . . .	245,807
12.	Number of FFA members who helped Victory Farm Volunteers to become acquainted with farm life . . . . .	14,325
13.	Number of Victory Farm Volunteers helped by FFA members to become acquainted with farm life . . . . .	20,588
14.	Number of pieces of farm equipment constructed . . . . .	95,932
15.	Number of food conservation centers constructed and equipped with the assistance of FFA chapters . . . . .	1,091
16.	Number of No. 2 cans of food processed by FFA chapters . . . . .	2,482,806

The FFA has received recognition from the U. S. Treasury, Office of Civilian Defense, and National Safety Council in connection with war bond campaigns, assistance rendered in defense activities, and for achievements in the field of safety.

State associations have again made outstanding records in the purchase of war bonds. Hawaii has purchased \$11,000 worth in the name of the association; California, \$9,000; Mississippi, \$5,000; Texas, \$4,000; and Virginia, \$4,000. Impressive records have been made by FFA chapters and members in many States in the purchase of war bonds and stamps. The following States have made significant contributions in this respect: Texas, \$689,906.88; Illinois, \$606,961.30; California, \$584,154.42; Ohio, \$461,773.12; Oklahoma, \$350,423.05; and, North Carolina, \$314,210.00.

## Annual Report of the National Executive Secretary (Continued)

Many State associations have been active in the sale of war bonds and stamps. Alabama sold \$1,480,291.95; South Carolina \$935,841.96; California, \$850,000.00; Kentucky, \$522,397.00; and Mississippi, \$500,000.00.

In scrap metal collections Texas reported 6,724,450 pounds; Oklahoma, 4,277,198; Ohio, 3,973,128; Kentucky, 3,830,506; and Mississippi, 3,484,000.

Members of the Future Farmers of America are doing their part on the battlefronts of the world. We receive many thrilling stories of their activities. First Lieutenant Mack Bunderson, State Farmer from Ferron, Utah, won the Distinguished Flying Cross and the Air Medal with three oak-leaf clusters for distinguished service in the U. S. 13th Air Force in the South Pacific. Mack was escorting liberator bombers on a raid in Japanese territory when several zeros attacked him and the escorted liberators. His compass was knocked out, he was injured in the right forearm and the controls were likewise injured. Mack flew homeward with the sun in the general direction of his base and numerous zeros followed him. He guided the plane with his knees and made a wheels-up landing and was immediately rushed to a hospital.

Lieutenant Colonel Chesley Gordon Peterson, one of the top fighter pilots in the European theater of operations was an active member of the Future Farmers of America in Santaquin, Utah. Colonel Peterson is the youngest fighter group commander in the Eighth Air Force, and has a row of British and American decorations. The German Luftwaffe pilots have special instructions to shoot him down at all costs. "Future Farmers" are proud of Colonel Peterson's outstanding achievements.

Ralph Hanks, former member of the Red Bluff, California, Chapter recently became an "ace" by downing five Jap Zero planes in the South Pacific. However, Lieutenant (j.g.) Hanks got his five in a most peculiar way - all in one 24-hour period!

For gallantry in action last July 30th, the War Department has announced award of the Silver Star to First Lieutenant Donald W. Hedrick of Willapa, Pacific County, Washington. Lieutenant Hedrick won his decoration when, single-handed, he attacked a formation of twenty-four Japanese bombers and thirty fighter planes over Heng Yang. He is credited with destruction of five bombers and one probable fighter plane in the attack. On the second run against the enemy he was forced to retire when five of his guns were disabled. Lieutenant Hedrick is a graduate of Valley High School, where he majored in vocational agriculture. Don was made a State Farmer in 1934, and served as State president for the year 1934-35. He was a State delegate to the National Convention the same year.

Members of the Future Farmers of America serving in the armed forces have not forgotten the FFA. Private Mack Collins, a former member of the West Buncombe, North Carolina, Chapter has organized a Future Farmers of America chapter in New Guinea, according to a letter received by R. H. Lankford, vocational agriculture teacher at West Buncombe High School. The letter stated that he had met several FFA boys from this and other states and that the group decided to form a chapter and install him as its president and wanted information as to what kind of crops would grow there.

## Annual Report of the National Executive Secretary (Continued)

You have a just right to be proud of the service being rendered by the members of the FFA in the armed forces of our Country. These hard-hitting troops from the farm are helping write today's history on the battlefronts of the world in a thrilling manner with their heroic deeds.

This is a young man's war - on the farm as well as on the fighting front. The record of achievement by members of the FFA in helping to produce food, buying war bonds, protecting life and property, collecting scrap, repairing farm machinery, and in helping perform other essential activities has proven vital to our success on the battlefronts of the world.

SUMMARY

A partial summary of the work done by the various State associations for the year ending June 30, 1944, based on the information obtained from their annual reports is as follows:

Total number chartered active local chapters. . . . .	6,502
Total reported active membership in chartered chapters. . . . .	204,175
Number of members who participated in producing food for Victory. . . . .	158,624
Number of members who participated in salvaging needed war materials. . . . .	140,601
Number of members who repaired and/or reconditioned farm machinery. . . . .	110,410
Number of members who purchased war bonds and stamps. . . . .	134,085
Number of members who increased the size of their farming programs during the year. . . . .	106,030
Number of members who used improved livestock practices. . . . .	108,711
Number of members who used improved crop production practices. . . . .	99,857
Number of members who repaired farm buildings and/or equipment. . . . .	97,853
Total amount reported as invested in farming by active members as of January 1, 1944	\$20,988,468.33

## PROFESSOR L. F. HALL INJURED IN CAR ACCIDENT

On October 5, while returning from Topeka by car, Professor L. F. Hall was involved in a highway accident which caused him to spend a week in the hospital at Wamego, Kansas. The accident was caused by a young farmer lad backing a stock truck onto the highway from a farmyard lane which was obscured from Professor Hall's vision by a group of ornamental plantings. Professor Hall's car was badly demolished, and he suffered serious injury to his right hand. We are happy to announce that Mr. Hall is well along the road to complete recovery.
