ACTIVITY PROGRAMS OF STATE FARMERS (KANSAS) 1938KANSAS ASSOCIATIONFUTURE FARMERS OF AMERICA

\*\*\*\*\*

The State Farmer Awarding Committee finds that all the candidates accepted have met the required standards of student labor, management, financial participation and earnings in project work.

\*\*\*\*\*

Marvin Adams, Mound City Chapter of F.F.A., is a junior in high school and is now enrolled in his third year of vocational agriculture. Marvin has a fine scholarship record and has been on the honor roll consistently. He is now president of his chapter and had the responsibility for writing up F.F.A. activities and the junior-senior banquet for the high school annual. In 1936-37 and again this year he was in the F.F.A.-F.H.A. play cast. He had a part in both the English class and the public speaking class plays this year. Marvin received a reserve letter in football, was on the F.F.A. basketball team, and was a member of the school track team for two years. In 1936-37 Marvin was on the team representing his chapter in all judging contests including the State Vocational Agriculture Judging Contest at Kansas State College. He won the county crops contest in 1937, and was sixth high individual at the Emporia contest in 1937.

An outline of Marvin's farming program follows:

1935-36:	1 purebred Angus baby beef
	1 purebred Shorthorn baby beef
	1 grade Shropshire ewe
1936-37:	1 grade Shorthorn baby beef
	5 grade Shropshire ewes
	7 acres Reid's Yellow Dent corn
1937-38:	1 purebred Shorthorn baby beef
	5 grade Shropshire ewes
	1 Chester White barrow
	17 acres Reid's Yellow Dent corn
	13 acres Red Texas oats
	6 acres soybeans
	1 hot bed

Marvin's present net worth totals \$874.05.

As supplementary farm practice work in addition to his farming program, Marvin sprayed fruit trees, repaired gasoline engine, built a hayrack, set posts and repaired and hung gate, remodeled chicken house and treated kafir seed.

\*\*\*\*\*

Howard Bacon, South Haven Chapter of F.F.A., is a senior in high school and has completed three years of vocational agriculture work. In 1936-37, he was vice president of his local chapter and this year he is reporter. Howard has been vice president of his class during the last three years. He was a member of the baseball team in 1934-35 and 1935-36. Howard was a member of the

school band 1934-36, and was a member of the all school and senior play casts in 1938. He was a member of the team competing in the State Farm Mechanics Contest at Kansas State College in 1936-37. In 1935-36 and again in 1936-37 he was second high individual in his chapter project program contest. Howard was a member of the team representing his chapter in district contests in 1936 and 1937, ranking as high man at the Kingman contest in 1936. In 1937 he was also on the team entered in the State Vocational Agriculture Judging Contest at Kansas State College.

An outline of Howard's farming program follows:

1934-35:	1 grade Shorthorn cow
1935-36:	2 grade Shorthorn cows
	1 mare
	15 acres Kanota oats, 2/3 ownership
1936-37:	2 grade Shorthorn cows
	2 grade mares
	5 acres Kanota oats, 2/3 ownership
	20 acres Blackhull wheat, 2/3 ownership
1937-38:	2 grade Shorthorn cows
	1 mare
	1 colt
	20 Western ewes
	1 purebred native buck
	30 acres Chief Kan wheat, 2/3 ownership
	10 acres Kanota oats, 2/3 ownership

Howard's present net worth totals \$751.00.

As supplementary farm practice work in addition to his farming program, Howard planted twenty-five fruit trees, sixty-four shade trees and landscaped the yard. He repaired combine and other farm machinery, and painted house and all outbuildings. He also spent six weeks remodeling house, barn and garage on one of their farms.

\*\*\*\*\*

Gene Barnett, Wellsville Chapter of F.F.A., is a senior in high school. He is enrolled in his third year of vocational agriculture. Gene was on the honor roll during his freshman and sophomore years. In 1935-36 he was president of the F.F.A. chapter. Gene was also president of his junior class. He has received three football letters and two basketball letters. Gene had a part in both the all school play and the junior class play. He is a member of the 1938 judging team competing in district contests and in the State Vocational Agriculture Judging Contest held at Kansas State College.

An outline of Gene's farming program follows:

1934-35:	6 grade Hampshire ewes
1935-36:	12 grade Hampshire ewes
	15 acres Reid's Yellow Dent corn
1936-37:	9 purebred Shropshire ewes
1937-38:	12 purebred Shropshire ewes
	107 Western ewes
	2 Belgian mares
	150 Ancona chicks
	100 Wyandotte chicks
	50 Brahma chicks
	1 brooder house, constructed new
	chick feeders, feeders for lambs

Gene's present net worth totals \$721.84.

As supplementary farm practice work in addition to his farming program, Gene built a dam for a pond, dammed ditches for control of erosion, spread barnyard manure, and applied lime on ten acres. He treated seed oats and seed wheat and controlled pasture weeds by mowing. Gene culled the farm poultry flock and balanced poultry rations.

\*\*\*\*\*

Wendell Beeks, Arkansas City Chapter of F.F.A., is a senior in high school and is now enrolled in his third year in vocational agriculture work. In 1937 he was a member of the team representing his chapter in the State Vocational Agriculture Judging Contest at Kansas State College, and placed as second high individual in this contest. Wendell was also a member of the winning Livestock Judging team of South Central Kansas in 1937.

An outline of Wendell's farming program follows:

1935-36:	2 good Hereford steers
	1 purebred Duroc Jersey gilt
1936-37:	5 Duroc Jersey sows and gilts
	4 acres Kanota oats, 1/2 ownership
1937-38:	5 Duroc Jersey sows
	12 acres barley, 1/2 ownership

Wendell owns farming equipment valued at \$66.25.

His present net worth totals \$507.75.

As supplementary farm practice work in addition to his farming program, Wendell built a seed treater and a portable loading chute.

\*\*\*\*\*

Forrest Bloomer, Smith Center Chapter of F.F.A., is a senior in high school and has completed three years of vocational agriculture. This year he was secretary of his local chapter. Forrest was class president in 1935-36, vice president of the student council in 1936-37, and was president of the student council this year. During the last four years he was on the football and track teams. He also had a part in the senior play cast. In 1936-37 Forrest won the Smith Center chapter activity contest. He was a member of the team representing his chapter in the 1935-36 district contests.

An outline of Forrest's farming program follows:

1934-35:	10 acres Reid's Yellow Dent corn
1935-36:	1 Shorthorn heifer
	20 acres Pride of Saline corn
1936-37:	1 Shorthorn heifer
	55 acres wheat
1937-38:	1 Shorthorn cow and heifer calf
	55 acres wheat

Forrest's present net worth totals \$420.00. His books were neat and complete.

As supplementary farm practice work in addition to his farming program, Forrest culled chickens, castrated pigs, planted trees, rebuilt the farm house and remodeled the chicken house.

Donald Bross, Council Grove Chapter of F.F.A., is a senior in high school and is now enrolled in his third year of vocational agriculture. He was treasurer of his chapter in 1936-37, and now holds the office of chapter reporter. Donald has been on the high school honor roll four semesters. This year he is a member of the team representing his chapter in the State Vocational Agriculture Shop Contest at Kansas State College.

An outline of Donald's farming program follows:

1935-36:	5 grade ewes 1 mower, repaired, 30 per cent ownership
1936-37:	9 grade ewes 1 ram 12 acres Pride of Saline corn 1 stacker, repaired, 20 per cent ownership 1 mower, 50 per cent ownership
1937-38:	8 Duroc Jersey sows, 34 pigs 45 acres Blackhull wheat 12 acres Pride of Saline corn 12 acres Kansas Orange cane 1 new saw rig constructed, 50 per cent ownership new damming attachments constructed, 50 per cent ownership

Donald's present net worth totals \$252.25.

As supplementary farm practice work in addition to his farming program, Donald built five soil saving dams, built farm pond, terraced twenty acres, cleaned and reorganized farm shop, cleaned farmstead and put machinery in shape, put a new roof on the corn crib, oiled and repaired three sets of harness, built a trailer, rebuilt a horse-drawn curler to mount on tractor, plowed under all crop residues, and tested seed.

\*\*\*\*\*

Danny Brune, Lawrence Chapter of F.F.A., is a senior in high school and enrolled in his third year in vocational agriculture work. He has made fine grades and has been on the honor roll every six weeks since entering high school. Danny has been vice president and also secretary of the Advisory Group, vice president and program chairman of the Travel Club and was student council representative in 1936-37. He had a part in the Latin play in 1936-37. During the last two years he was a member of the F.F.A. basketball team. Danny is a member of the team representing his chapter this year in the district contests and in the State Vocational Agriculture Judging Contest held at Kansas State College. He won a Union Pacific Scholarship in 1937.

An outline of Danny's farming program follows:

1936-37:	8 grade fattening hogs 15 acres Reid's Yellow Dent corn
1937-38:	1 purebred Shorthorn baby beef 15 acres Clarkan wheat

Danny's present net worth totals \$220.00.

As supplementary farm practice work in addition to his farming program, Danny planted trees as part of the chapter tree planting project, pruned grapes and fruit trees, painted farm buildings, repaired farm machinery and helped butcher and cure meat.

Paul Busch, Olathe Chapter of F.F.A., is a senior in high school and is now enrolled in his third year of vocational agriculture. He served as vice president of the F.F.A. chapter in 1935-36 and 1937-38, and as secretary in 1936-37. Paul was also secretary of his senior class. He was a member of the high school basketball team in 1935-36, and the track team in 1938. In 1934 Paul was in the junior high operetta and was a member of the boys chorus. He was a member of the senior play cast. Paul was also on the committee for a colt show. In 1936 and 1937 Paul was a member of the district judging team. He showed at the Johnson County fair and had the grand champion dairy cow, grand champion hog and first place corn exhibit. Paul was a member of the State Vocational Agriculture Farm Mechanics team in 1937, and ranked fifth high individual in blacksmithing. Paul is a member of the team entering the State Vocational Agriculture Judging Contest held at Kansas State College this spring.

An outline of Paul's farming program follows:

1935-36:	8 Chester White barrows
1936-37:	15 Chester White barrows 1 Jersey heifer 4 $\frac{1}{2}$ acres Hiawatha corn
1937-38:	9 Chester White barrows 1 Jersey cow 200 White Rock broilers 5 acres Hiawatha corn

Paul's present net worth totals \$323.24. He submitted good record books for all projects which he carried in his farming program.

As supplementary farm practice work in addition to his farming program, Paul limed for alfalfa, inoculated alfalfa and soy beans, and treated oats for smut. He also docked four lambs, built a thirty foot concrete side walk and helped whitewash the barn.

\*\*\*\*\*

Roy Currie, Manhattan Chapter of F.F.A., is a junior in high school and has completed three years of vocational agriculture work. He is now treasurer of his chapter. In 1936 he was second high individual in the dairy contest at Topeka. In 1937 he was on the judging team representing his chapter in regional contests, ranking as fifth high individual in the Frankfort contest. He is also on the team entered in the State Vocational Agriculture Judging Contest held at Kansas State College.

An outline of Roy's farming program follows:

1935-36:	3 grade Hampshire ewes, 3 lambs 1 purebred Hereford steer
1936-37:	9 grade Hampshire ewes, 11 lambs 10 acres Pride of Saline corn 2 $\frac{1}{2}$ acres Sumac sorghum
1937-38:	10 grade Hampshire ewes 3 purebred Hereford steers

Roy's present net worth totals \$250.66. His record books were complete and well illustrated.

As supplementary farm practice work in addition to his farming program, Roy landscaped the yard and arranged and built equipment for the poultry house, treated oats for smut, selected kafir seed, castrated pigs, tested milk for butter fat, and pruned the orchard.

Morton DeMoss, Osborne Chapter of F.F.A., is a senior in high school and is now enrolled in his third year of vocational agriculture. Morton was vice president of his chapter this year. In 1937 he won a Union Pacific Scholarship. Morton won the national athletic scholarship medal last year. He was also a member of the team representing his chapter in the State Vocational Agriculture Judging Contest held at Kansas State College in 1937.

An outline of Morton's farming program follows:

1935-36:	1 beef heifer
1936-37:	1 beef heifer
	32 acres wheat
1937-38:	1 beef heifer
	1 cow
	1 calf
	1 gilt
	4 feeder pigs
	32 acres wheat

As supplementary farm practice work in addition to his farming program, Morton culled the home flock, kept farm records, repaired machinery and planted trees.

\*\*\*\*\*

Lawrence Dodd, Morrowville Chapter of F.F.A., is a junior in high school and a straight A student. He ranks first in scholarship in the junior class. He has completed two years of vocational agriculture and is now enrolled in the third year course. This year Lawrence is vice president of his F.F.A. chapter and secretary-treasurer of the junior class. He has been a member of the chapter judging team competing in district judging contests and is a member of the team competing in the 1938 State Vocational Agriculture Judging Contest held at Kansas State College. He has won several prizes at the Washington County Fair.

An outline of Lawrence's farming program follows:

1935-36:	10 Chester White shoats, 1/2 ownership
	2 grade ewes
	8 3/4 acres Pride of Saline corn
	1 A type hog house, constructed
1936-37:	1 Chester White sow, 8 pigs
	3 grade ewes
	1 purebred Holstein heifer
	10 acres kafir
	18 3/4 acres Iowa Silver Mine corn
	1 sheep feeder constructed
1937-38:	2 Chester White sows and litters
	7 Chester White shoats
	8 grade ewes
	1 purebred Holstein heifer
	18 acres Iowa Silver Mine corn
	7 acres Atlas sorgo
	23 acres Red Rock wheat

Lawrence's present net worth totals \$386.45. His record and account books were complete and well illustrated.

As supplementary farm practice work in addition to his farming program, Lawrence reorganized his farm shop and fitted tools, overhauled a cultivator, a manure spreader and a gas engine, repaired and painted the farm barn, leveled and made forms for dairy barn floor, mapped the home farm, helped build a farm pond, and managed a tractor during the summer of 1937. He kept farm accounts for three years on the home farm, tested crop seeds, planned hog lots for sanitation, fitted and showed livestock at the Weshington County Fair. Lawrence has taken an active part in all F.F.A. cooperative activities.

\*\*\*\*\*

Lee Doyen, Concordia Chapter of F.F.A., is a senior in high school and has completed three years of vocational agriculture. During the last year Lee has been reporter for the F.F.A. chapter. In the years 1936-37 and 1937-38, Lee was on the basketball team. He was also on the track team this year. In 1935-36 Lee was a member of the team representing his chapter in the State Farm Mechanics Contest at Kansas State College. He was a member of the team competing in district contests in 1936-37. In 1936-37 Lee was on the team competing in the State Vocational Agriculture Judging Contest held at Kansas State College. He received the alternate award in the Union Pacific Scholarship contest this year.

An outline of Lee's farming program follows:

1934-35:	1 Hereford steer 1 small hot bed
1935-36:	2 Hereford steers 1 purebred Jersey heifer 200 White Rock pullets 5 acres Reid's Yellow Dent corn 1 small hot bed
1936-37:	1 grade Shorthorn heifer, 1/4 ownership 1 grade Shorthorn bull 2 purebred Jersey cows 1 Poland China sow, 9 pigs 200 White Rock hens, 1/2 income 10 acres Reid's Yellow Dent corn 1 small hot bed
1937-38:	2 purebred Jersey cows 1 purebred Shorthorn bull 1 grade Shorthorn heifer, 1/4 ownership 4 purebred Hereford baby beeves 200 White Rock hens, 1/2 income

Lee's present net worth totals \$456.14.

As supplementary farm practice work in addition to his farming program, Lee culled his grandmother's hens and put a straw loft in the old hen house. He helped build a cesspool and a calf shed and rebuilt a mowing machine. Lee pruned trees and in 1938 set out fifty trees for shade and windbreak. Lee also selected seed corn.

Arthur Drouhard, Harper chapter of F.F.A., is a junior in high school and is now enrolled in his third year in vocational agriculture. In 1936-37 he was watchdog for his chapter and this year served as vice president. In 1937 Arthur was a member of the team which placed first in the vocational agriculture judging contest at the Cowley County Fair. Arthur is a member of the team competing at the State Vocational Agriculture Contest held at Kansas State College this year.

An outline of Arthur's farming program follows:

1935-36: 1 Hereford heifer  
 1936-37: 1 Hereford heifer  
 1937-38: 1 Hereford cow  
 10 Rhode Island Red pullets  
 7½ acres Atlas sorgo

Arthur's present net worth totals \$232.00.

As supplementary farm practice work in addition to his farming program, Arthur planted sixty trees, sodded the yard, dug out a spring for water and helped father clean up bang's disease.

\*\*\*\*\*

Ervin Duitsman, Linn Chapter of F.F.A., is a senior in high school. He has completed two years in vocational agriculture work and is at present enrolled in an advanced course. Ervin was treasurer of his chapter in 1936-37, and is now its president. He has taken an active part in school athletics having been for four years a member of the high school county champion baseball teams and also a member of the basketball team which this year won the district championship and placed second in the regional tournament. Ervin had parts in the junior and senior plays, and for the last four years has been a member of the operetta cast. Last year he was a member of the F.F.A. judging team competing in district contests, and this year he has been a member of the team representing his chapter in district contests and in the State Vocational Agriculture Judging Contest held at Kansas State College. In 1936 he won first place in the Dairy Showmanship contest at the American Royal. In 1937 he showed a pen of five fat lambs at the Kansas City Fat Lamb Show, winning tenth place.

An outline of Ervin's farming program follows:

1935-36: 1 Shorthorn heifer  
 1936-37: 5 grade ewes, 4 lambs  
 4 acres Kanota oats  
 4 acres corn  
 1937-38: 2 Shorthorn cows, calf  
 1 purebred Holstein heifer  
 350 Leghorn chicks  
 7 grade ewes, 5 lambs  
 1 purebred Shropshire ram, 1/2 ownership  
 4 acres Kanota oats  
 5 acres Turkey wheat  
 1938: 2 purebred Holstein heifers  
 1 Shorthorn cow  
 7 grade ewes  
 1 purebred Shropshire ram, 1/2 ownership  
 125 White Leghorn pullets  
 5 acres Turkey wheat

Ervin's present net worth totals \$261.75.

As supplementary farm practice work in addition to his farming program, Ervin helped reorganize the farm shop, helped lay a ~~concrete~~ floor in the wash house and shingled the wash house roof himself. He also helped to build a trench silo and painted farm buildings.

\*\*\*\*\*

Keith Fish, Neodesha Chapter of F.F.A., is a senior in high school. He has completed three years of vocational agriculture. Keith has been an honor student throughout his high school career. In 1936-37 he was secretary of his local chapter and this year is president. Keith is also representative on the student council this year. In 1937 Keith was a member of the team representing his chapter in the State Vocational Agriculture Judging Contest held at Kansas State College. This year Keith is a member of the team participating in the State Farm Mechanics Contest held at Kansas State College.

An outline of Keith's farming program follows:

1935-36: 1 Holstein cow  
1 Jersey cow  
1936-37: 50 White Leghorn pullets  
4 acres Atlas sorgo, 1/3 ownership  
2 lot garden, 1/3 ownership  
1937-38: 6 acres Atlas sorgo, 1/3 ownership  
4 acres soybean, 1/3 ownership  
20 Buff Orpington hens  
200 White Wyandottes, broilers  
54 Buff Orpington chicks  
200 White Giant chicks, 1/2 ownership

As supplementary farm practice work in addition to his farming program, Keith sprayed chickweed and constructed a cement hog trough.

\*\*\*\*\*

Roy Fowles, Clay Center Chapter of F.F.A., is a senior in high school and has completed three years of vocational agriculture work. During his sophomore year, Roy was vice president of the local F.F.A. chapter and was president during his junior year. He is a member of the student council and had a part in the Oral English play cast. He was student chairman of the district live-stock judging school. Roy was on the judging team during his junior year. He ranked second high individual in the Frankfort contest.

An outline of Roy's farming program follows:

1934-35: 3 Hampshire ewes, 4 lambs  
1935-36: 1 purebred Hereford baby beef  
1 Aberdeen Angus baby beef  
6 ewes  
1 ram  
13 acres wheat, 2/3 ownership  
1936-37: 1 beef cow and calf  
3 Poland China gilts  
11 ewes, 9 lambs  
1 ram  
1 colt  
6 acres barley, 2/3 ownership

1937-38: 1 beef cow and calf  
 1 Hereford bull  
 2 beef heifers  
 1 sow, 2 gilts and 23 pigs  
 11 ewes, 14 lambs  
 1 ram  
 1 mare and colt  
 1 yearling colt  
 12 acres wheat, 2/3 ownership

Roy owns the following equipment valued at \$76: a wagon box, hog house, hog trough, hog feeder, gates and fence, and a sheep feeder.

His present net worth totals \$1355.50.

As supplementary farm practice work in addition to his farming program, Roy cemented the home basement, put new floor and a new layer of rubber roofing on a brooder house.

\*\*\*\*\*

George Fritz, Medicine Lodge Chapter of F.F.A., is a senior in high school and is now enrolled in his third year in vocational agriculture. For the past two years George has been reporter for his chapter. He received letters in football one year and in track two years. George took part in debate contests during his sophomore year. George is a member of the team representing his chapter in the State Farm Mechanics Contest at Kansas State College this year.

An outline of George's farming program follows:

1934-35: 1 purebred Hereford cow and calf  
 1935-36: 17 acres Turkey wheat  
 1937-38: 2 purebred Hereford cows  
 2 grade Hereford cows  
 1 registered Hereford bull  
 1 Hereford heifer  
 1 Hereford steer  
 2 mules  
 1 Saddle horse  
 40 acres Kanota oats  
 10 acres sorghum

George's present net worth totals \$890.00.

As supplementary farm practice work in addition to his farming program, George field selected milo and treated seed for smut. He disinfected poultry house and cattle barn and tested cattle for Bang's disease. George overhauled a combine and tractor and repaired old buildings. He also pruned trees.

\*\*\*\*\*

Dorsey Gibbs, Clay Center Chapter of F.F.A., is a junior in high school and is now enrolled in his third year in vocational agriculture. During his sophomore year, Dorsey was secretary of his local chapter and he is now its president. He received two letters in football. Dorsey is the leader of a cooperative irrigation project of four acres. He was also junior chairman of the Clay County Fair committee for the F.F.A. exhibit. Dorsey was an alternate on the chapter team competing in district contests in 1936-37, ranking as sixth individual at the Topeka Dairy Judging school, eighth individual at

Frankfort and seventh individual at Clay Center. He is a member of the team taking part in the State Vocational Agriculture Judging Contest at Kansas State College this year.

An outline of Dorsey's farming program follows:

1935-36:	1 purebred Duroc Jersey sow and litter
	4 purebred Hereford heifers
1936-37:	1 purebred Poland China sow and litter
	3 purebred Hereford cows
	4 purebred Hereford heifers
	2 purebred Hereford bull calves
	1 purebred Holstein heifer
	13 acres Tenmarq wheat
1937-38:	1 purebred Poland China sow
	1 purebred Poland China gilt
	6 purebred Hereford cows
	2 purebred Hereford heifers
	2 purebred Hereford bulls
	1 purebred Holstein heifer
	14 acres Tenmarq wheat
	8 acres Kanota oats

Dorsey's present net worth totals \$1030.00.

As supplementary farm practice work in addition to his farming program, Dorsey repaired and reorganized the farm shop, helped build a poultry house, a thrashing shed, two cattle sheds, a combine shed and a wash house.

\*\*\*\*\*

Pat Harbaugh, Medicine Lodge Chapter of F.F.A., is a senior in high school and is now enrolled in his third year of vocational agriculture. He has been president of his local chapter for two years. Pat was Hi-Y treasurer while a sophomore and was vice president last year. He received football letters in his junior and senior years and was on the track and basketball teams. During his freshman and sophomore years, Pat was a member of the livestock and crops teams. He owns two shares in the Gerlande Cooperative elevator.

An outline of Pat's farming program follows:

1934-35:	1 grade Duroc Jersey sow, 8 pigs
1935-36:	22 $\frac{1}{2}$ acres wheat
1937-38:	12 acres Kanota oats
	47 acres Atlas sorgo
	450 acres Turkey wheat
	44 grade Hereford cows and calves
	3 grade Hampshire sows, 33 pigs
	24 grade Hampshire shoats
	5 horses, work stock
	2 mules, work stock

Pat has taken over the entire farm in partnership with his mother. His mother furnishes the land and one half of the equipment. Pat furnishes all labor and one half of the equipment.

His present net worth totals \$5,745.54. His record books were in good shape.

As supplementary farm practice work, Pat repaired combine and plow, overhauled water pump engine, helped install a gas plant in the house, reshingled house and other buildings, pruned trees, summer fallowed land, did contour farming in some fields and built ~~concrete~~ water tank.

\*\*\*\*\*

Kenneth Harrington, Concordia Chapter of F.F.A., is a senior in high school and is now enrolled in his third year of vocational agriculture. Kenneth is now secretary for his chapter. He was a member of the team competing in the regional contest in 1936-37 and again in 1937-38. In the Glasco contest in 1936-37 Kenneth placed high in sheep judging. He is an alternate on the team representing his chapter in the State Vocational Agriculture Judging Contest held at Kansas State College this year.

An outline of Kenneth's farming program follows:

1935-36:	3 purebred Guernsey cows
	9 grade native ewes
	5 acres corn
1936-37:	3 purebred Guernsey cows
	1 purebred Guernsey heifer
	2 purebred Percheron mares
	22 grade ewes
	8 acres wheat
1937-38:	2 purebred Guernsey cows
	1 purebred Guernsey heifer
	2 Percheron mares
	5 grade Shropshire ewes
	34 Buff Orpington chicks
	8 acres sorghum

Kenneth's present net worth totals \$648.50. He submitted good record books.

As supplementary farm practice work in addition to his farming program, Kenneth culled chickens, mixed feed for chickens, tested milk for dad's cows and kept records for all cows, repaired cow shed, rebuilt chicken house, made hot bed and pruned fruit trees.

\*\*\*\*\*

Eugene Hart, Williamsburg Chapter of F.F.A., is a senior in high school and is now enrolled in his third year in vocational agriculture. Eugene is a straight A student. He has been president, vice president and program chairman of the F.F.A. chapter. He was also president of the junior class. During the last two years Eugene has played on the basketball team. Eugene played in the high school orchestra for three and one half years, had a part in the F.F.A. play and has the lead in another school play. In 1937 he was a member of the team which took part in the State Vocational Agriculture Judging Contest at Kansas State College. Eugene placed 26th in the contest and was 14th in judging livestock. He was also in a district contest in 1937, in which he placed seventh.

An outline of Eugene's farming program follows:

1934-35:	1 Hereford steer
1935-36:	1 Shorthorn steer
	5 acres Midland Yellow Dent, 50 per cent ownership

- 1936-37: 20 Western ewes, 30 per cent ownership  
 1 purebred Shropshire ram, 50 per cent ownership  
 10 acres Midland Yellow Dent, 50 per cent ownership
- 1937-38: 15 Western ewes, 40 per cent ownership  
 1 purebred Shropshire ram, 50 per cent ownership  
 6 grade Shropshire ewes  
 20 lambs  
 1 purebred yearling Shropshire ram  
 3 acres kafir, 50 per cent ownership

Eugene's present net worth totals \$200.00.

As supplementary farm practice work in addition to his farming program, Eugene reorganized the farm shop and sharpened and conditioned tools, rebuilt a manure spreader, drew up plans including cost for installing a water system in the house, cleaned up the farmstead, tested soils of the farm, built rock soil-saving dam, mixed and fed mineral mixture to all stock on farm for three years, and figured poultry ration and mixed mash for home flock of 175 hens for two years. In his sophomore year he fed and had the care and management of sixteen steers not included in his farming program.

\*\*\*\*\*

Frank Hetzke, Jr., Moundridge Chapter of F.F.A., has completed two years of vocational agriculture. In 1936-37, he was president of the student council. He also had parts in both the junior and senior play casts and was in the contest play three years. Frank was a member of the orchestra and glee club.

An outline of Frank's farming program follows:

- 1935-36: 1 Hereford baby beef
- 1936-37: 2 registered Hereford heifers  
 12 acres Kanota oats
- 1937-38: 2 registered Hereford cows  
 1 registered Hereford bull  
 8 acres alfalfa

Frank constructed a beef barn for his cattle herd.  
 His present net worth totals \$560.00.

\*\*\*\*\*

Herbert Hornberger, Lawrence Chapter of F.F.A., is a junior in high school. He is enrolled in his third year in vocational agriculture work. Herbert is an excellent student, ranking the highest in the junior class of 255 members. He has made the honor roll throughout his high school years. This year Herbert has been chapter secretary and is credited with an unusually well kept secretary's book. He is at present chairman of the committee in charge of the chapter cooperative sow and litter project. He is also student council representative. In 1935-36 he was secretary of the Advisory group and vice president of the Advisory group in 1936-37. Herbert exhibited a fat barrow at the American Royal and had the second best litter at the 1937 Future Farmer fair. He also had the first and second best Duroc gilts at the 1937 Future Farmer fair.

An outline of Herbert's farming program follows:

1935-36:	4 3/4 acres Pride of Saline corn
1936-37:	22 purebred Duroc Jersey shoats, breeding and fattening
	4 acres Harvest Queen wheat
	3 1/2 acres Reid's Yellow Dent corn
	2 1/2 acres oats
1937-38:	30 purebred Duroc Jersey shoats
	5 acres Harvest Queen wheat

Herbert's present net worth totals \$323.80.

As supplementary farm practice work in addition to his farming program, Herbert repaired farm machinery, set out young trees, and limed land for alfalfa.

\*\*\*\*\*

Harold Johanning, Lawrence Chapter of F.F.A., is a senior in high school and is now enrolled in his third year in vocational agriculture. In 1936-37 he was secretary of his chapter and is now its president. Harold was secretary of the Advisory group in 1935-36 and president of the same group this year. Harold has played high school football during the last three years and won a major "L". He is a member of the team competing in district judging contests and in the State Vocational Agriculture Judging Contest held at Kansas State College this year.

An outline of Harold's farming program follows:

1935-36:	20 Western ewes
	5 acres Kanota oats
1936-37:	4 baby heaves
	26 grade ewes
1937-38:	13 grade ewes

As supplementary farm practice work in addition to his farming program, Harold pruned grapes and fruit trees, planted trees and shrubbery, graveled the lane to the house, painted several farm buildings, overhauled and repaired farm machinery, and selected and tested seed corn.

\*\*\*\*\*

Laddie Kacirek, McDonald chapter of F.F.A., is a junior in high school and is now enrolled in his third year of vocational agriculture. He was treasurer of his chapter last year and now holds the office of secretary. Laddie was on the high school basketball team three years and on the football team two years. This year he had a part in the junior class play.

An outline of Laddie's farming program follows:

1935-36:	1 Chester White sow, 6 pigs
	10 acres Leoti Red sorghum
1936-37:	2 purebred Hereford heifers
	20 acres Blackhull wheat
	6 1/2 acres Leoti Red sorghum
	20 acres summer fallow

1937-38: 2 purebred Hereford cows  
 2 purebred Hereford heifers  
 1 purebred Hereford calf  
 300 pullets  
 40 acres Blackhull wheat  
 10 acres Lotti Red sorghum

Laddie's present net worth totals \$911.00.

As supplementary farm practice work in addition to his farming program, Laddie made a tool cabinet, sharpened tools for the home shop, overhauled a gas engine, calibrated a lister for sorghum planting, had a sorghum field certified and took moisture tests for wheat planting for several neighbors.

\*\*\*\*\*

Verden Long, Hope Chapter of F.F.A., is a senior in high school and is now enrolled in his third year in vocational agriculture. During the last two years Verden has been president of his local chapter. He was a member of the football team all four years of high school and had a part in the senior English play cast. Verden took part in all Cooperative Baby Chick and F.F.A. Sheep projects. He has competed during the last three years in the district judging contests and is a member of this year's team which will enter the State Vocational Agriculture Judging Contest held at Kansas State College.

An outline of Verden's farming program follows:

1935-36: 3 Hereford baby beeves  
 1936-37: 8 Hereford baby beeves  
 2 Shorthorn baby beeves  
 25 acres Bartels Best wheat, 1/3 ownership  
 1937-38: 2 Hereford baby beeves  
 4 Shorthorn baby beeves  
 4 Angus baby beeves  
 25 acres Bartels Best wheat, 1/3 ownership  
 5 acres Atlas sorgo

Verden's present net worth totals \$900.00.

As supplementary farm practice work in addition to his farming program, Verden built a hot bed, built feed bunks, rebuilt a brooder house, and repaired yard and corral fences. He reroaked tools, cut down and cleaned away dead trees and treated seed oats.

\*\*\*\*\*

Glen McAhren, Byers Chapter of F.F.A., is a junior in high school and is enrolled in his third year in vocational agriculture. Glen was vice president of his local chapter in 1936-37 and is now secretary. He has won three letters in basketball and baseball and has won two letters in football. Glen had a part in the junior play cast and is a member of the debate group, the glee club and the boys octette. In 1937 and again in 1938, he was a member of the team representing his chapter in the district judging contest. This year Glen is a member of the team participating in the State Vocational Agriculture Judging Contest held at Kansas State College.

An outline of Glen's farming program follows:

1935-36: 25 acres Wheatland milo  
 1936-37: 9 Chester White shoats  
 50 acres Turkey wheat  
 44 acres Wheatland milo  
 1937-38: 12 Chester White shoats  
 1 baby beef  
 60 acres Tenmarq wheat  
 40 acres Wheatland milo

Glen's present net worth totals \$362.50. His record books were complete. As supplementary farm practice work in addition to his farming program, Glen culled the home flock, tested the farm dairy herd and figured butter fat produced. He weeded out off type heads in Wheatland milo field and pulled rye from wheat fields.

\*\*\*\*\*

Neil McDanel, Osborne Chapter of F.F.A., is a senior in high school and now enrolled in his third year in vocational agriculture. Neil has made fine grades and ranks eighth in the senior class of sixty-four. In 1935-36 he was vice president, in 1936-37 he was reporter, and this year he is president of his chapter. Neil took boxing two years. Last year Neil was a member of the team competing in the State Vocational Agriculture Judging Contest held at Kansas State College.

An outline of Neil's farming program follows:

1935-36: 1 sow and litter  
 1936-37: 10 acres wheat  
 1937-38: 1 gilt and litter  
 5 acres sweet clover  
 30 acres Tenmarq wheat  
 2 acres Flynn barley

Neil and his brother operate the home farm.

As supplementary farm practice work in addition to his farming program, Neil repaired the hen house roof, repaired and sold a Fairbanks-Morse gasoline engine, completely overhauled a model A ford, ground valves, tightened rods and put in new rings in a Farmall tractor, and helped fix power equipment in shop. He also put up and wired a six volt windcharger.

\*\*\*\*\*

Roy McReynolds, Jr., Burlington Chapter of F.F.A., is a senior in high school and is now enrolled in his fourth year in vocational agriculture. Last year he was program chairman for the F.F.A. chapter. This year he is secretary. Roy was also president and secretary of the Group Sheep Club in 1937-38. He had a part in both the all school play and the F.F.A. play. Roy is a member of the team representing his chapter this year in the State Vocational Agriculture Judging Contest held at Kansas State College.

An outline of Roy's farming program follows:

1934-35: 9 grade native ewes, 9 lambs  
 1 Shropshire ram

1935-36: 1 grade Hereford cow and calf  
5 acres Kansas Sunflower corn

1936-37: 6 grade native ewes  
1 Shropshire ram  
6 shoats  
5 acres Red Texas oats  
5 acres Midland corn

1937-38: 7 shoats  
5 grade Hampshire ewes, 4 lambs  
1 Hampshire ram  
1 Hereford steer  
5 acres Midland Yellow Dent corn

Roy's present net worth totals \$280.50.

\*\*\*\*\*

Wilbur Mathes, Harper Chapter of F.F.A., is a junior in high school and is now enrolled in his third year in vocational agriculture. This year Wilbur is chapter reporter. In 1937 he was a member of the high school track team. Wilbur was high individual at Jersey Parish show at Conway Springs in 1937. He was also a member of the teams which placed first at the Cowley County Fair at Winfield last year. Wilbur is a member of the team competing in this year's State Vocational Agriculture Judging Contest held at Kansas State College.

An outline of Wilbur's farming program follows:

1935-36: 3 native ewes

1936-37: 1 purebred Ayrshire cow  
3 native ewes  
3 Bronze turkey hens

1937-38: 1 native ewe  
2 purebred Ayrshire heifers  
3 Bronze turkey hens  
8 acres wheat  
5 acres Atlas sorgo

Wilbur's present net worth totals \$293.00.

As supplementary farm practice work in addition to his farming program, Wilbur poisoned gophers, culled chickens, tested soil for acidity, sprayed fruit trees and set out shade trees.

\*\*\*\*\*

Curtis Mathias, Ottawa Chapter of F.F.A., is a senior in high school and is now enrolled in his third year of vocational agriculture work. He holds the office of chapter reporter. For the last three years Curtis has been managing and operating with his mother a 160 acre farm. Last year and this year he competed in district crops and livestock judging contests. This year he is a member of the team representing his chapter in the State Vocational Agriculture Judging Contest held at Kansas State College.

An outline of Curtis' farming program follows:

1935-36: 1 good Jersey cow

- 1936-37: 4 Jersey cows  
 1 Jersey heifer  
 65 Bronze turkeys  
 85 Ancona pullets  
 6 acres Blackhull kafir  
 4 acres corn, 50 per cent ownership  
 8 $\frac{1}{2}$  acres Kanota oats, 50 per cent ownership
- 1937-38: 7 Jersey cows, 50 per cent ownership  
 2 Guernsey heifers, 50 per cent ownership  
 40 Ancona pullets  
 31 Bronze turkey hens and toms  
 6 Chester White shoats  
 22 acres corn  
 40 acres Kawvale wheat  
 6 acres Blackhull kafir  
 20 acres of oats

Curtis' present net worth totals \$874.25. His record books were neat, complete and accurate.

As supplementary farm practice work in addition to his farming program, Curtis has managed the home farm, kept records on the home farm, tested soil, seed and milk, overhauled machinery, introduced mash feeding of poultry, kept records on individual cows and on the dairy herd, and planted oats for hay.

\*\*\*\*\*

Jack Nutter, Morrowville Chapter of F.F.A., is a junior in high school and a splendid student. He has completed two years of vocational agriculture and is now enrolled in the third year course. This year he is president of his chapter and acted as toastmaster at the F.F.A. banquet. When he was a freshman he was class secretary-treasurer and last year he was president of the sophomore class. He has had parts in all class plays, in one operetta and has participated in debate. Jack has won honors for his chapter many times in regional judging contests and is a member of the team representing his chapter in the State Vocational Agriculture Judging Contest at Kansas State College this year. In two years, 1936 and 1937, he won eight blue ribbons and six second place rankings on his entries. He is a junior member of the Berkshire Breeders' Association.

An outline of Jack's farming program follows:

- 1935-36: 5 purebred Poland China shoats  
 5 purebred Duroc shoats  
 1 choice Hereford steer  
 7 acres Atlas sorgo  
 1 shed, constructed
- 1936-37: 2 purebred Berkshire gilts  
 4 good Shorthorn steers  
 1 purebred Guernsey cow  
 1 grade Guernsey cow  
 14 acres Atlas sorgo  
 10 acres Harvest Queen wheat  
 2 acres Sudan grass  
 $\frac{1}{4}$  acre tomatoes  
 1 hot bed, 1/2 ownership  
 1 cattle feed bunk, constructed  
 1 cultivator, purchased second hand

1937-38: 6 good Duroc shoats  
 1 purebred Berkshire sow, 5 pigs  
 1 purebred Berkshire sow, 8 pigs  
 2 purebred Berkshire boars  
 2 good Shorthorn steers  
 1 purebred Guernsey cow  
 1 grade Guernsey cow  
 15 acres Atlas sorgo  
 20 acres Kanred wheat  
 10 acres Pride of Saline corn  
 1 hot bed, 1/2 ownership

Jack's present net worth totals \$580.18. He submitted complete and well illustrated record and account books.

As supplementary farm practice work in addition to his farming program, Jack remodeled the farm poultry house, built poultry equipment and has been active in the management and care of the home flock. He has taken an active part in the management and care of his father's sheep breeding flock, has planted shrubs and flowers at home and laid a flag stone walk. He spread poison bran mash for grasshoppers and worked with his father in controlling soil erosion.

\*\*\*\*\*

Ferrol Oberhelman, Washburn Chapter of F.F.A., is a junior in high school and is enrolled in his third year in vocational agriculture. In 1936-37 he was reporter for his local chapter and in 1937-38 was chapter president. Ferrol was Council representative in 1936-37, junior class secretary in 1937-38 and athletic reporter in 1937-38. He has been a member of the mixed choir three years and of the orchestra one year. In 1937-38 Ferrol was a member of the judging team entered in the district contests. At the Kansas State Poultry show Ferrol placed as fourth high individual.

An outline of Ferrol's farming program follows:

1935-36: 5 Western ewes, 50 per cent ownership  
 1 Hereford steer, 50 per cent ownership  
 1936-37: 8 Western ewes  
 1 purebred Hampshire ram  
 12 acres Kansas Sunflower corn, 50 per cent ownership  
 1937-38: 8 Western ewes  
 1 purebred Hampshire ram  
 12 acres Pride of Saline corn  
 12 acres Kanota oats

The project plans and accounts submitted were complete and accurate.

As supplementary farm practice work in addition to his farming program, Ferrol culled poultry and treated it for lice, castrated pigs and selected a Poland China boar. He also hoed and pulled bindweed, planned permanent pastures, pruned grape vines, ran terrace lines and poisoned gophers.

William H. Parmely, LeRoy Chapter of F.F.A., is a sophomore in high school and is now enrolled in his second year in vocational agriculture work. He has fine grades. William was reporter for his chapter. He plays basketball and has been active in music, having represented his school in a music contest. He is a member of the Kansas Crop Improvement Association, and has been cooperating in making wheat and oats variety tests put on by the F.F.A. He has cooperated in a class project in hatching and growing two hundred baby chicks.

An outline of William's farming program follows:

1936-37: 1 Poland China sow, 10 pigs  
 1 good Hereford cow and calf  
 13 Leghorn pullets  
 4 acres Pride of Saline corn

1937-38: 1 Poland China sow  
 3 Poland China gilts  
 6 Poland China fattening hogs  
 1 good Hereford cow and calf  
 1 dairy cow  
 15 acres Pride of Saline corn

William owns farming equipment valued at \$50.00.

His present net worth totals \$791.23. His books were neat and complete.

As supplementary farm practice work in addition to his farming program, William helped cull and worm three hundred hens, cleaned and sprayed poultry house, and candled and turned eggs in a five hundred egg incubator. He cleaned and tested seed corn, selected seventy-five bushels of seed corn, and made out feed rations, mixing and grinding feed. William also started a blue grass lawn, set out spirea, and set out fifty grape vines. He tore down and burned the old temporary poultry house.

\*\*\*\*\*

Elvin Perkins, Howard Chapter of F.F.A., is a junior in high school and is now enrolled in his third year in vocational agriculture. Since entering high school, Elvin has been on the B honor roll. Elvin has been an exceptionally good chapter treasurer, originating many money raising devices. He is also treasurer of the F.F.A. operated farm. Elvin was vice president of the freshman class and treasurer of the sophomore and junior classes. This year he was a member of the track team and had a part in the junior play cast. Elvin was on the chapter judging team competing in regional contests this year and is also competing in this year's State Vocational Agriculture Judging Contest at Kansas State College.

An outline of Elvin's farming program follows:

1935-36: 1 Hereford steer  
 2 Duroc Jersey barrows

1936-37: 3 Hereford heifers  
 2 Hereford steers  
 4 Poland China barrows  
 10 acres Kanred wheat

1937-38: 3 Hereford cows  
 2 Hereford baby beeves  
 1 purebred Duroc Jersey sow  
 18 acres Blackhull wheat  
 5 acres Midland Yellow Dent corn

Elvin's present net worth totals \$427.50.

As supplementary farm practice work in addition to his farming program, Elvin has culled the home flock, rebuilt the chicken house and put in a straw loft, and repaired and disinfected the brooder house. He pruned fruit trees, planted trees for windbreak and helped build a terrace. Elvin also docked lambs, and built equipment for and conducted a project of nine hives of bees.

\*\*\*\*\*

Walter H. Porter, Council Grove Chapter of F.F.A., is a senior in high school and is now enrolled in his second year in vocational agriculture. He is a good student and has been on the honor roll four semesters. Last year Walter was reporter for his chapter and is now chapter president. He is also president of the science club this year. He was on the high school basketball and baseball teams for two years and has won letters in football and wrestling. When he was a junior he had a part in the class play. This year he is a member of the judging team representing his chapter in the State Vocational Agriculture Judging Contest held at Kansas State College.

An outline of Walter's farming program follows:

1936-37:	6 dairy cows
	2 baby beeves
1937-38:	6 dairy cows
	4 baby beeves
	2 mules, 25 per cent ownership
	1 Saddle horse, 25 per cent ownership
	120 acres Kawvale wheat, 25 per cent ownership
	28 acres corn, 25 per cent ownership
	20 acres alfalfa, 25 per cent ownership
	31 acres Kanota oats, 25 per cent ownership

Walter's interest in the farming equipment is valued at \$431.50.

His present net worth totals \$1069.45.

As supplementary farm practice work in addition to his farming program, Walter built  $2\frac{1}{4}$  miles of four wire fence, helped build eight stanchions, construct a concrete floor and reshingle the barn, helped install pressure water system for house and barn lots, wired house and barn for electricity, terraced twenty-five acres, built ten soil saving dams and a farm pond, set out twenty Chinese elms, fifty peach trees, fifty grape vines, five pear trees, six cherry trees, and 250 strawberry plants.

\*\*\*\*\*

Harold Prochaska, Simpson Chapter of F.F.A., is a senior in high school and is now enrolled in his second year in vocational agriculture. During the last two years he has been president of the local chapter. He was also junior class secretary. Harold played football three years and basketball and baseball one year. He had a part in the casts of both the junior and senior plays. He was a member of the boys glee club, mixed chorus and the boys quartet. In 1937 Harold won the F.F.A. faculty award. The same year he was a member of the team representing his chapter in both the district contests and the State Vocational Agriculture Judging Contest held at Kansas State College.

An outline of Harold's farming program follows:

1936-37:	10 Hereford steers
----------	--------------------

1937-38: 1 Hereford steer  
 19 Duroc Jersey shoats  
 33 acres Turkey wheat, 33 per cent ownership

Harold submitted fine record books.

As supplementary farm practice work in addition to his farming program, Harold painted the house, built a feed bunk, cut and hauled logs to the local sawmill, helped lay off contour lines in pasture, mowed pasture to control weeds, culled the home flock, and delivered about forty-five quarts of milk in Simpson each morning.

\*\*\*\*\*

Melvin Quinn, Highland Park Chapter of F.F.A., is a junior in high school and is now enrolled in his second year in vocational agriculture. He placed fourth in the chapter scholarship contest. During his sophomore year he was junior F.F.A. vice president and this year he is chapter secretary. Melvin was stage manager of the junior play and has been elected Hi-Y vice president for next year. He took part in the F.F.A. assembly during his sophomore year. Melvin placed second in the chapter project contest and third in the chapter record book contest. This is a real distinction when the chapter standard for record books is taken into consideration. In his sophomore year Melvin was on the team representing his chapter in the district judging contest.

An outline of Melvin's farming program follows:

1936-37: 1 high grade Holstein cow  
 4 acres Blackhull kafir  
 8 acres Kanred wheat  
 1937-38: 2 high grade Holstein cows and their calves  
 9 Poland China fattening hogs  
 1 Duroc Jersey gilt, 3 pigs  
 4 grade Shropshire ewes  
 8 acres Turkey wheat  
 4 acres Blackhull kafir  
 1 acre Kanota oats

Melvin has farming program equipment valued at \$26.07.

His present net worth totals \$384.27.

As supplementary farm practice work in addition to his farming program, Melvin culled 150 hens and planned rations and mixed feed for poultry, fitted three cows for show and kept milk production records on ten cows. He kept farm accounts for 1937, and is now managing the home farm of 135 acres. Melvin also started the home shop, repaired farm machinery, built and repaired fifty rods of fence and constructed a farm pond.

\*\*\*\*\*

Dale Rake, Highland Park Chapter of F.F.A., is a junior in high school and is now enrolled in his second year in vocational agriculture. Scholastically he rated in the upper ten per cent in vocational agriculture. Dale was a member of both the F.F.A. Judging School committee and the F.F.A. project tour committee two years. In his junior year he was vice president of his chapter.

Dale took part in the F.F.A. assembly programs the last two years. During his sophomore year he was on the team representing his chapter in the district judging contests. This year he was on the district judging team and was fourth high individual in the Topeka Dairy Judging school. He is also a member of the team competing in the State Vocational Agriculture Judging Contest at Kansas State College.

An outline of Dale's farming program follows:

1936-37: 1 purebred Hereford steer  
4 acres Reid's Yellow Dent corn

1937-38: 6 grade Shropshire ewes  
3 steers, 2 purebred Hereford and 1 Angus  
8 purebred Duroc Jersey shoats  
1 purebred Duroc Jersey gilt  
3 grade Shropshire fattening lambs  
2 acres Harvest Queen wheat  
4 acres Reid's Yellow Dent corn

Dale's present net worth totals \$254.41. His record books were very neat and complete.

As supplementary farm practice work in addition to his farming program, Dale treated twelve bushels of seed wheat for smut, treated twenty bushels of seed oats, and tested seed corn. He culled 150 hens and remodeled the poultry house. He also mixed 1200 pounds of dairy feed, planned and planted the home garden and kept farm accounts.

\*\*\*\*\*

Robert Randle, Wakefield Chapter of F.F.A., is a junior in high school and has completed two years of vocational agriculture work. Robert is an outstanding student, his name having appeared on the honor roll each six weeks during his three years in high school. He was secretary of his chapter in 1936-37, and now is vice president. Robert is president of the junior class and has been active in dramatics, having the lead this year in his class play and the all school play. In 1936-37 he won a \$5.00 prize given by his F.F.A. chapter for outstanding work in vocational agriculture. He was a member of the chapter judging team in 1936-37, competing in district judging contests and was third high individual at Clay Center. In the State Vocational Agriculture Judging Contest held at Kansas State College he ranked as fourteenth high individual.

An outline of Robert's farming program follows:

1935-36: 7 Shorthorn cows, 5 calves  
2 Shropshire ewes  
1 Poland China gilt  
1 acre popcorn

1936-37: 12 Shorthorn cows and heifers  
1 Poland China sow, 3 pigs  
16 acres Tenmarq wheat  
1 manure spreader, bought and repaired

1937-38: 6 Shorthorn cows  
 5 Hereford heifers  
 1 Shorthorn heifer  
 1 Shorthorn steer  
 1 Duroc Jersey shoat  
 1 Saddle mare and colt  
 16 acres Tenmarq wheat  
 1/10 acre potatoes

Robert's present net worth totals \$905.93.

As supplementary farm practice work in addition to his farming program, Robert culled the home flock, mixed mash for the flock, planted thirty-five Chinese elms, tested seed oats for smut, spread grasshopper poison, reconditioned the platform scales, made a tank heater and a concrete base for cream separator.

\*\*\*\*\*

Donald Rappard, Ottawa Chapter of F.F.A., is a senior in high school, now enrolled in his third year of vocational agriculture. Donald is a fine student who has been consistently named on the high school honor roll. Donald was vice president of his F.F.A. chapter in 1936-37 and now holds the office of president. He is a member of the F.F.A. parliamentary demonstration team. This year he is a member of the boys glee club, and the mixed chorus. Donald has taken an active interest in making the judging team and this year is on the chapter team which competed in district contests and in the State Vocational Agriculture Judging Contest at Kansas State College.

An outline of Donald's farming program follows:

1935-36: 4 acres of Reid's Yellow Dent corn  
 1936-37: 1 good Jersey heifer  
 178 White Plymouth Rock pullets  
 4 acres Reid's Yellow Dent corn  
 2 acres Manchu soybeans  
 1937-38: 2 Jersey cows  
 2 Duroc sows, 50 per cent ownership  
 10 acres Reid's Yellow Dent corn  
 4 acres Kanota oats.

As supplementary farm practice work in addition to his farming program, Donald landscaped the farmstead, pruned the orchard, selected and stored seed, tested and treated seed, tested soil, and conditioned tools. Donald has played an active part in the improved management of the poultry, dairy and swine enterprises on the farm.

\*\*\*\*\*

Charles Roy, Shawnee Mission Chapter of F.F.A., is a senior in high school. Charles is at present enrolled in his fourth year in vocational agriculture. In 1937-38 Charles served as reporter for his chapter. He has been chairman of the committee in charge of the F.F.A. Bulletin Board, a community service. He had a part in the senior class play in 1938 and was a member of the F.F.A. play cast for parents banquet. He is a member of the 1937-38 team representing his chapter in the State Vocational Agriculture Judging Contest held at Kansas State College.

An outline of Charles' farming program follows:

1934-35:	31 White Leghorn pullets
1935-36:	25 White Leghorn pullets 1/4 acre Cobbler potatoes
1936-37:	27 White Leghorn pullets 1 Guernsey cow 6 grade Shropshire ewes 3/4 acres tomatoes and potatoes
1937-38:	1 Guernsey cow 8 grade Shropshire ewes 1 Shropshire ram

Charles' present net worth totals \$342.60.

As supplementary farm practice work in addition to his farming program, Charles pruned the home orchard and vineyard, made grape cuttings and set out plants, castrated and docked sheep for a neighbor, re-roofed the cow barn, laid concrete dairy barn floor, and built hay shed, corn crib and sheep shed.

\*\*\*\*\*

Charles Schwab, Morrowville Chapter of F.F.A., is a junior in high school. He has completed two years of vocational agriculture work and is at present enrolled in an advanced course. He is an outstanding student and ranks as second high individual in the junior class. He was chapter reporter in 1936-37 and is now chapter secretary. He was president of his class when a freshman and secretary-treasurer when a sophomore. For the last three years he has been on the high school baseball and basketball teams. This year he was captain of the basketball team. Charles has been active in dramatic and music activities having had parts in three class plays and two operettas. He has won honors for his chapter in district F.F.A. judging contests and is a member of the team representing his chapter in the State Vocational Agriculture Judging Contest at Kansas State College.

An outline of Charles' farming program follows:

1935-36:	1 Poland China barrow 24 White Rock pullets 1/4 acre garden
1936-37:	12 Poland China shoats, 1/4 ownership 20 White Leghorn pullets 150 White Leghorn chicks 1/4 acre garden and a hot bed
1937-38:	2 Duroc sows, 19 pigs 1 Poland China sow, 6 pigs 2 purebred Duroc gilts 1 Duroc barrow 5 Western ewes 81 White Leghorn pullets 200 White Leghorn chicks 4 acres Pride of Saline corn 3 acres Atlas sorgo 1/2 acre potatoes 1/4 acre garden and hot bed

During the three years Charles has been enrolled in vocational agriculture he has invested \$47 in farming equipment. This covers the purchase of a garden plow, small shop tools, repair and equipment of poultry house, a hog house and fence.

Charles' present net worth totals \$318.81. His record and account books were complete and well illustrated.

As supplementary farm practice work in addition to the farming program, Charles has butchered, built a trailer stock rack, repaired a mower, fitted tools, exhibited livestock and shop equipment at the Washington County fair, vaccinated twenty hogs, castrated beef and swine, planted fruit trees, pruned fruit trees, culled flocks for two neighbors, surveyed for terraces, and helped install electric lights in poultry house. Charles has been very active in all F.F.A. cooperative activities.

\*\*\*\*\*

James Scott, Cottonwood Falls Chapter of F.F.A., is a senior in high school and has completed three years of vocational agriculture. He was watchdog for his chapter while a sophomore and treasurer in his junior year. James won two football letters. In 1937 James was on the chapter judging team that won the cup in the Chapman Angus Day contest. He was on the team competing in the State Vocational Agriculture Judging Contest held at Kansas State College in 1937.

An outline of James' farming program follows:

1934-35:	30 grade Shropshire ewes and their lambs
1935-36:	41 grade Shropshire ewes and their lambs 1 Hampshire ram 10 acres Blackhull wheat
1936-37:	65 grade Shropshire ewes and their lambs 2 Hampshire rams 2 Percheron mares 15 acres Reid's Yellow Dent corn
1937-38:	61 grade Shropshire ewes 2 Hampshire rams 2 Percheron mares 2 Chester White gilts 15 acres Reid's Yellow Dent corn

James owns \$190.00 worth of farming equipment.

His present net worth totals \$1,433.00.

As supplementary farm practice work in addition to his farming program, James built a brooder house and helped build a garage. He influenced his father to sell mules and buy brood mares and a stallion in their place, and to make better seed bed preparation for alfalfa.

\*\*\*\*\*

Lloyd Sexton, Abilene Chapter of F.F.A., is a senior in high school and has completed three years in vocational agriculture. He has been president of his F.F.A. chapter. Lloyd was on the second basketball team and won one football letter. In 1937 he was an alternate on the team representing his chapter at the State Vocational Agriculture Judging Contest at Kansas State College.

An outline of Lloyd's farming program follows:

1935-36: 4 Shorthorn steers  
40 acres Temmarq wheat  
1936-37: 80 acres Turkey wheat  
1937-38: 40 acres wheat  
4 Shorthorn steers

Lloyd's present net worth totals \$974.11.

Lloyd repaired the barn and brooder house, built up the home shop, calibrated a grain drill and painted the house. He also farmed fields on contour, controlled bindweed and kernel smut of wheat, selected dairy heifers and treated the home flock for lice and mites.

\*\*\*\*\*

Glenn Shriver, Medicine Lodge Chapter of F.F.A., is a senior in high school and is now enrolled in his third year of vocational agriculture. Last year Glenn was president of the junior class and this year he is president of the student council. Glenn played football three years, each year receiving the all league selection. He also participated in basketball and track two years. Glenn has been in the boys glee club two years, the orchestra three and the band four. He had a part in the senior class play. During his sophomore year, Glenn was a member of the chapter judging team and will help represent his chapter in the State Farm Mechanics Contest held at Kansas State College this year.

An outline of Glenn's farming program follows:

1934-35: 3 grade Duroc Jersey sows  
1935-36: 10 acres Blackhull wheat, 2/3 ownership  
1936-37: 1 grade Duroc Jersey sow  
10 acres Blackhull wheat, 2/3 ownership  
1937-38: 1 purebred Duroc Jersey gilt  
8 Duroc Jersey pigs  
3 Saddle horses  
38 acres Temmarq wheat, 2/3 ownership

Glenn's present net worth totals \$609.00. Glenn submitted neat and complete record books.

As supplementary farm practice work in addition to his farming program, Glenn mixed poultry mash and repaired the chicken house roof. He soldered wires, put in an electric fence, painted machinery and helped overhaul a combine and a tractor. Glenn also planted a flower garden, pruned fruit trees and set out thirty-six trees.

\*\*\*\*\*

Robert Singleton, Shawnee Mission Chapter of F.F.A., is a senior in high school and is now enrolled in his fourth year of vocational agriculture. He is an outstanding student and is one of three seniors eligible to take the elimination test for the Summerfield Scholarship at Kansas University. He is a member of the National Honor Society. This year he is secretary of his F.F.A. chapter. He was a member of the team representing the Kansas Association of the F.F.A. in the National Milk Judging Contest held in connection with the American Royal in 1937. Robert ranked as third high individual in

this contest. He was a member of the judging team representing his chapter in the State Vocational Agriculture Judging Contest held at Kansas State College in 1937. This team placed second in the dairy judging contest.

An outline of Robert's farming program follows:

1934-35:	100 certified White Leghorn pullets 1 brooder house, constructed
1935-36:	125 certified White Leghorn pullets 1/2 acre potatoes
1936-37:	200 certified White Leghorn pullets and hens 1/2 acre potatoes 3 1/2 acre Reid's Yellow Dent corn 1 3/4 acres orchard
1937-38:	240 certified White Leghorn pullets and hens 3 1/2 acres Reid's Yellow Dent corn 1 3/4 acres orchard

His present net worth totals \$407.00. Robert submitted neat and accurate record books, which were well illustrated with pictures and clippings.

As supplementary farm practice work in addition to his farming program, Robert pruned 100 grape vines, 175 fruit trees, and one acre of raspberries. He built pasture fence, laid a concrete floor in the barn, and operated an incubator two years.

\*\*\*\*\*

Floyd Smith, Shawnee Mission Chapter of F.F.A., is a senior in high school. He has completed three years of vocational agriculture work and is now enrolled in the fourth year. Floyd stood second in scholastic ranking among the boys of this year's graduating class of 150 students. He was chosen one of three boys eligible to represent his high school in the preliminary Summerfield Scholarship examinations given at the University of Kansas. He is a member of the National Honor Society. This year he is on the chapter judging team competing in regional contests and in the State Vocational Agriculture Judging Contest at Kansas State College. He is also representing his chapter in the 1938 F.F.A. Public Speaking contest. For the past two years Floyd has prepared a summary of the current market situation for each monthly chapter meeting. In 1935 he won second prize and in 1936 the first prize offered for the best F.F.A. exhibit entered in the Johnson County Fair.

An outline of Floyd's farming program follows:

1934-35:	3 grade Guernsey cows 12 Rhode Island Red hens 1 cream separator, purchased 1 brooder, built
1935-36:	3 grade Guernsey cows 100 Rhode Island Red pullets 1 grade Hampshire owe 3 shoats 1/2 acre truck garden
1936-37:	4 grade Guernsey cows, 50 per cent ownership 100 Rhode Island Red pullets 1 Duroc shoat 1 1/4 acres of corn 1/2 acre truck garden

1937-38: 5 grade Guernsey cows, 50 per cent ownership  
150 Rhode Island Red pullets  
1 acre truck garden

Floyd's present net worth totals \$344.65.

As supplementary farm practice work in addition to his farming program, Floyd pruned and cared for a 200 tree orchard, planted seven shade trees, pruned grape vines, field selected seed corn, and treated seed potatoes. He also built a hog house, operated incubator and brooder for four years and operated hot beds.

\*\*\*\*\*

Marvin Stempel, Olathe Chapter of F.F.A., is a senior in high school and is now enrolled in his third year of vocational agriculture. This year he is secretary of his chapter. In 1937-38 Marvin received letters in football and basketball. He was captain of the F.F.A. basketball team in 1937 and was on the class team in 1937 and 1938. Marvin was in the junior high operetta and a member of the boys glee club. He entered eight fat lambs in the first vocational agriculture fat lamb show and sale. Marvin was on the committee for the F.F.A. colt show. He gave a talk over KMBC on "My Sheep Project".

An outline of Marvin's farming program follows:

1935-36: 1 purebred Duroc Jersey gilt  
1936-37: 9 purebred Duroc Jersey fattening hogs  
8 Western ewes, 15 lambs  
1 purebred Hampshire ram  
17 acres wheat  
1937-38: 8 Western ewes, 12 lambs  
1 purebred Hampshire ram  
28 acres wheat  
\$8 worth of sheep equipment

Marvin's present net worth totals \$274.38. His accounts were complete.

As supplementary farm practice work in addition to his farming program, Marvin helped with the butchering, set out orchard and helped paint the house. He also worked on the control of bindweed.

\*\*\*\*\*

Ivan Stephen, Hill City Chapter of F.F.A., is a senior in high school and is now enrolled in his third year in vocational agriculture. He has been president of his local chapter, treasurer of his class when a sophomore and president of the senior class. He is the winner of a Union Pacific Scholarship. He won three letters in baseball, two in basketball and four in football. He was captain of the football team this year. Ivan had a part in both the junior and senior play casts. At the Wakeeney contest Ivan placed third in poultry judging. He is a member of the team competing this year in the State Vocational Agriculture Judging Contest at Kansas State College.

An outline of Ivan's farming program follows:

1935-36: 1 grade Hereford baby beef  
1936-37: 10 acres Blackhull wheat  
1937-38: 2 grade Hereford baby beeves  
30 acres Blackhull wheat

As supplementary farm practice work in addition to his farming program, Ivan overhauled a gas engine, repaired a drill, culled and kept records on the farm flock, calculated the amount of seed per acre of sorghum, and built equipment for the home dairy barn.

\*\*\*\*\*

Eldon Stien, Smith Center Chapter of F.F.A., is a junior in high school and is now enrolled in his third year of vocational agriculture work. Eldon is a fine student and has made the honor roll most of the time. He served as chapter treasurer in 1937, as vice president in 1938, and is president elect for 1939. Eldon is president of the junior class, assistant business manager of the school annual and business manager of the school paper. He took part in both the sophomore and dramatic club plays. Eldon has also been a member of the football, track and basketball teams. In 1936-37 Eldon was a member of the district judging team and of the team participating in the State Vocational Agriculture Judging Contest held at Kansas State College.

An outline of Eldon's farming program follows:

1935-36:	2 Shorthorn steers 10 acres Atlas sorgo
1936-37:	1 purebred Angus cow and heifer calf 1 sow and seven pigs 32 acres wheat 1 chicken house
1937-38:	1 Angus cow and heifer calf 1 purebred Angus yearling heifer 2 sows and litters 200 Leghorn chicks 26 acres wheat 10 acres grain sorghum 15 acres forage sorghum

Eldon's present net worth totals \$301.90.

\*\*\*\*\*

Edwin Tangeman, Newton Chapter of F.F.A., is a senior in high school. He has completed three years of vocational agriculture work and is now enrolled in the Farm Management course. Edwin is now treasurer of his chapter. He was chairman of the committee in charge of a project tour and assisted in the management of the District Crops contest. He is a member of the team representing his chapter in the State Vocational Agriculture Judging Contest at Kansas State College this year.

An outline of Edwin's farming program follows:

1934-35:	7 Spotted Poland China shoats
1935-36:	2 purebred Holstein heifers 28 grade ewes, 50 per cent ownership 1½ acres Dynamite popcorn 100 sweet potatoe plants

1936-37: 2 purebred Holstein cows  
 1 purebred Holstein calf  
 26 grade ewes, 50 per cent ownership  
 4 acres Tenmarq wheat  
 15 acres Atlas sorgo

1937-38: 2 purebred Holstein cows  
 2 purebred Holstein calves  
 1 purebred Holstein heifer  
 1 Spotted Poland China sow  
 26 grade ewes, 50 per cent ownership  
 10 acres Tenmarq wheat  
 10 acres Darso kafir  
 10 acres Kanota oats  
 20 acres Atlas sorgo

Edwin's present net worth totals \$796.84.

As supplementary farm practice work in addition to his farming program, Edwin moved the brooder house to clean ground regularly, protected bark of small trees from rabbits, put poison bran on fields to kill cutworms and grasshoppers, field selected sorghum seed, pruned grape vines, trimmed evergreen grove and landscaped the yard. He also timed the roof of the granary, helped clean the well and cistern, helped lay a concrete slab by the barn, helped make a concrete cave and a concrete dam to stop drainage, and helped install a sewer and water system on the farm.

\*\*\*\*\*

Merrill Thompson, Lebanon Chapter of F.F.A., is a senior in high school and has completed three years of vocational agriculture work. In 1936-37 Merrill was reporter for his chapter and was president in 1937-38. For three years Merrill has played on the football team and he has played two years on the basketball team. He took part in both the junior and senior class plays. Merrill was an alternate on the judging team in 1936, and was a member of the 1937 judging team which placed fourth in the State Vocational Agriculture Judging Contest at Kansas State College.

An outline of Merrill's farming program follows:

1934-35: 1 purebred Shorthorn heifer  
 1935-36: 1 purebred Shorthorn cow and heifer calf  
 10 acres Pride of Saline corn

1936-37: 1 purebred Shorthorn cow  
 1 purebred Shorthorn heifer  
 40 acres Turkey wheat

1937-38: 1 purebred Shorthorn cow and heifer calf  
 1 purebred two year old Shorthorn heifer  
 45 acres Turkey wheat  
 10 acres Atlas sorgo

Merrill's present net worth totals \$229.55. The accounts he submitted were complete.

As supplementary farm practice work in addition to his farming program, Merrill has worked with his brother in rebuilding the chicken house. During the past two years he has had full management and labor responsibility in a project of twenty turkeys.

John Tillman, Highland Park Chapter of F.F.A., is a senior in high school and is now enrolled in his second year in vocational agriculture. He was chapter treasurer in his junior year and was a member of the junior class committee. Scholastically John ranks in the upper third of his class. He took part in track during his first three years in high school. John was a member of the dramatics club and the glee club and had parts in the junior play and in two F.F.A. assemblies. John was manager of the Cooperative Fattening Swine project. In 1936-37 he was a member of the judging team participating in the district contests, ranking fifth in the Ottawa poultry show and fourth in the Black and White show. He was also a member of the team in the district judging contests this year and was highest ranking individual in the Topeka dairy judging school. He is competing in the State Vocational Agriculture Judging Contest at Kansas State College.

An outline of John's farming program follows:

1936-37:	1 purebred Poland China gilt
1937-38:	1 purebred Poland China sow, 5 pigs
	2 purebred Poland China gilts
	1 purebred Guernsey heifer
	1 purebred Guernsey cow
	5 acres Certified Blackhull kafir, 50 per cent ownership

John owns the following equipment: 4 halters, \$25 worth of shop tools, hog feeder, and fence with a total value of \$43.50.

His present net worth totals \$235.00. Very fine record books were submitted.

As supplementary farm practice work in addition to his farming program, John planted thirty trees on the home place and planned and planted the home garden. He established the home farm shop and reorganized the machinery storage shed. John also culled one hundred hens, mixed five thousand pounds of hog feed and kept feed and milk records.

\*\*\*\*\*

Max Timmons, Fredonia Chapter of F.F.A., is a senior in high school and is enrolled in an advanced course in agriculture for those students who have completed two years of vocational agriculture work. He was vice president of his chapter in 1936-37, and is now chapter secretary. He was a delegate to the 1937 State Association F.F.A. meeting. Max has been a member of the school track and football teams the last four years and this year he was co-captain of the football team. He has been a member of the F.F.A. basketball team the last three years. He was toastmaster at the F.F.A. banquet; he spoke before a civic group on developing the vocational agriculture farm, and had parts in both the senior play and the F.F.A. chapel play. Max was in charge of the Southeast Kansas district livestock judging school held at Fredonia, and was chairman of the F.F.A. officers training school. He tied for first place in the grain judging contest at Altamont in 1937, and for third place in the grain judging contest at Neodesha in 1938. He is a member of the team representing his chapter in the State Vocational Agriculture Judging Contest at Kansas State College this year.

An outline of Max's farming program follows:

1935-36:	4 Hampshire ewes and lambs
	2½ acres Pride of Saline corn
	1 shed for sheep, repaired

- 1936-37: 8 Hampshire ewes, 9 lambs  
 1 Hampshire ram  
 2 purebred Hereford steers  
 5 acres Atlas sorgo  
 1 second hand plow, repaired  
 1 new sheep feeder, constructed  
 2 new halters for calves
- 1937-38: 9 Hampshire ewes  
 1 Hampshire ram  
 1 purebred Duroc Jersey gilt  
 6 Duroc Jersey shoats  
 150 purebred Leghorn chicks  
 12½ acres Pride of Saline corn  
 9 acres Atlas sorgo  
 1 car for use in driving to school, 1/3 ownership  
 1 hog feeder constructed

Max's present net worth totals \$408.00.

As supplementary farm practice work in addition to his farming program, Max kept accurate and complete farm accounts for two and one half years and home accounts for two years. He worked out a crop rotation system for his home farm, limed and fertilized twelve acres of alfalfa, inoculated alfalfa seed and pruned fruit trees. He built a barnyard gate, put in concrete work about the home and helped build a garage and brooder house.

\*\*\*\*\*

Junior Tippin, Olathe Chapter of F.F.A., is a senior in high school and is now enrolled in his third year in vocational agriculture work. During the years 1935 to 1938 Junior has served as treasurer for his local chapter. He received a letter in football in 1936-37. In 1934 Junior was in the junior high operetta. He was a member of the F.F.A. colt show committee in 1937, the boys glee club from 1934 to 1938, the senior play cast in 1938 and in the senior high operetta in 1938. He was business manager of the F.F.A. Annual committee in 1937-38. Junior was a member of the district judging team in 1936-37 and 1937-38. In 1937 he was an alternate at the State Vocational Agriculture Judging Contest held at Kansas State College. This year Junior is a member of the judging squad for the State Vocational Agriculture Judging Contest to be held at Kansas State College

An outline of Junior's farming program follows:

- 1935-36: 1 purebred Angus steer  
 6 grade Shropshire ewes
- 1936-37: 12 grade Shropshire ewes  
 20 acres Kawvale wheat
- 1937-38: 1 Chester White sow, 7 pigs  
 19 acres Clarkan wheat  
 8 acres Kanota oats

Junior's present net worth totals \$310.92. He entered very complete record books for all projects in his program.

As supplementary farm practice work in addition to his farming program, Junior limed the alfalfa ground, put phosphate on wheat ground and treated oats for smut. He repaired tractor and combine and assisted in arranging a farm shop. Junior also culled chickens and operated a combine during the summers of 1936 and 1937.

Howard Wagner, St. Francis Chapter of F.F.A., is a junior in high school and is enrolled in his third year in vocational agriculture. Howard is being considered for membership in the National Honor Society this spring. During his sophomore and one semester of his junior year he was president of the F.F.A. chapter. This semester he is serving as chapter secretary. Howard was secretary of his class when a sophomore. He has been a member of the glee club and band and was a member of the junior play cast. During the last three years Howard has been quite active in wrestling, having placed third in the state wrestling meet during his sophomore year and first in his junior year. While a freshman, he was a member of the judging team. In 1937-38, Howard was on the winning team in the Foster Farms contest at which he was high point man. He was also on the winning team at the Colby Experiment Station contest, placing as fourth high individual. He was a member of the winning team at the Rawlins County Free Fair. Howard is a member of the judging team competing in the State Vocational Agriculture Judging Contest held at Kansas State College.

An outline of Howard's farming program follows:

1935-36:	10 grade Hampshire ewes
	1 grade Shorthorn cow
	1 grade Shorthorn heifer
	1 good Poland China gilt
	12 acres corn
1936-37:	9 grade Hampshire ewes
	1 purebred Hampshire ram
	1 grade Shorthorn cow
	1 grade Shorthorn calf
	1 Poland China sow
	1 Percheron mare
	12 acres corn
	15 acres Kanred wheat
	2 acres Sumac
1937-38:	9 grade Hampshire ewes
	1 purebred Hampshire ram
	5 Hampshire fattening lambs
	2 grade Shorthorn cows
	3 grade Shorthorn heifers
	1 purebred Chester White sow
	1 two year old Percheron mare
	18 acres Kanred wheat
	12 acres corn
	3 acres Sumac
	20 acres Colby milo

Howard's present net worth totals \$663.40.

\*\*\*\*\*

Robert Webster, Howard Chapter of F.F.A., is a junior in high school and is enrolled in his third year of vocational agriculture. During the past two years he has been vice president of his chapter and in that capacity has been largely responsible for his chapter's program of work. Robert was a member of the team representing his chapter in the district judging contests. This year Robert is a member of the team entering the State Vocational Agriculture Judging Contest held at Kansas State College.

An outline of Robert's farming program follows:

1935-36:	1 Hereford heifer
1936-37:	1 Hereford cow
	4 Shorthorn baby beeves
	6 Shropshire fattening lambs
	10 acres Dorso
1937-38:	1 Hereford cow and calf
	1 Shorthorn baby beef
	37 grade Shropshire ewes, 42 lambs, 1/6 ownership
	1 purebred Shropshire ram
	60 White Rock chicks
	5 acres Blackhull wheat
	1 brooder house

Robert's present net worth totals \$290.50. He entered books on his projects which were neat and accurate.

As supplementary farm practice work in addition to his farming program, Robert repaired a wheat binder, painted the granary, helped build a sheep shed and a garage for the school car. He tested seed corn, sorghum seed and oats. He also pruned shade trees, planted trees in the front yard, and planned ration and mixed laying mash.

\*\*\*\*\*

Norman Whitehair, Abilene Chapter of F.F.A., is a senior in high school and has completed three years of vocational agriculture. Norman has served his chapter as vice president. He was student council representative this year and has received two letters in football. Norman is the winner of a Union Pacific Scholarship. He participated in the judging school at the Central Kansas Free Fair. In 1937 he was an alternate on the team entered in the State Vocational Agriculture Judging Contest at Kansas State College.

An outline of Norman's farming program follows:

1935-36:	3 Chester White sows and their litters
1936-37:	3 Chester White sows and their litters
	10 acres Blackhull wheat
1937-38:	5 Hereford steers
	10 acres Blackhull wheat

Norman's present net worth totals \$437.78.

As supplementary farm practice work in addition to his farming program, Norman pruned the orchard, poisoned grasshoppers, dehorned and castrated calves, calibrated a drill, and repaired the barn.

Oid Lee Wineland, Alton Chapter of F.F.A., is a junior in high school and has completed two years of vocational agriculture. He is a good student making the honor roll consistently. This year Oid was president of his chapter. During 1937 he was class president. Oid took part in football and basketball two years and track one year. This year he had parts in both the all school play and the senior play, and was in the band and orchestra. In 1936-37 Oid was a member of the team representing his chapter in the State Vocational Agriculture Judging Contest at Kansas State College.

An outline of Oid's farming program follows:

1935-36: 20 acres Turkey wheat  
20 acres Wheatland milo  
1936-37: 1 purebred Poland China sow, 5 pigs  
6 grade Hereford cows, 3 calves  
20 acres Turkey wheat  
5 acres Blackhull wheat  
5 acres Atlas sorgo  
 $\frac{1}{4}$  acre potatoes  
1937-38: 2 purebred Hereford cows  
3 grade Hereford cows  
1 grade Hereford steer  
1 purebred Poland China sow, 11 pigs  
20 acres Blackhull wheat  
 $\frac{1}{4}$  acre potatoes

Oid's present net worth totals \$450.75. His records were well presented.

As supplementary farm practice work in addition to his farming program, Oid culled poultry, put floor in laying house, and ground and mixed feed. He sharpened and repaired tools on the farm, and made a trailer from a model "T".
