

Grange and Alliance.

NATIONAL GRANGE. - Master: J. J. Woodman, of Michigan; Secretary: Wm. M. Ireland, Washington, D. C.; Treasurer: F. M. McDowell, Wayne, N. Y.

berry imported by the Russians. The white mulberry is pronounced the best by experienced growers, and it is presumed that the same worms, fed on the white mulberry, and raised in Kansas, will produce the finest and best silk known.

Embden Geese. These beautiful aquatic birds were first introduced into this country in 1821. They were imported direct from Holland, but the appellation of Embden is said to have been obtained from the town of that name in Hanover.

State Items of Interest.

Eldorado Press: The first blizzard of the season struck Eldorado on Sunday night. It was genuine Kansas cold weather. The more keenly felt because of the beautiful weather that preceded it.

Winfield Courier: Captain Scott and Postmaster Topliff have bought another thousand sheep out in Barbour county. They now have nearly four thousand and will pull much wool next spring. It will be fun around the ranch when lambing time comes on.

Eldorado Press: Hogs still continue to die of the cholera in some parts of the county. This is the result of shipping hogs from the infected parts of Missouri. Our farmers will begin to learn by and by that Missouri hogs are dear at any price.

Salina Journal: We hope soon to see the vast beds of gypsum in the Gypsum creek country made of some use. Gypsum exists no where in greater quantities than in our county. We see it stated that in Clay county there is a factory where gypsum is being quarried, crushed, boiled, and so manufactured, at the rate of 25 barrels per day, into plaster of Paris.

Hutchinson Interior: The trial of Joseph Reeson on Friday and Saturday of last week excited considerable interest. He was charged in the information with having violated the temperance law. Messrs. Houk and Brown conducted the prosecution in behalf of the State and A. R. Scheble appeared for the defense. The trial was before Judge Higley, justice of the peace, who, on account of the number in attendance held the trial in the court house. An unusual feature of the trial was the attendance of about twenty-five ladies, who, by their presence both during the trial, manifested their interest in the enforcement of the law. The jury after being out an hour brought in a verdict of "guilty." The penalty assigned by Judge Higley was thirty days in the county jail and cost. No appeal was taken and Joe Reeson languishes in jail.

Chass Co., Leader: S. F. Jones, whose cattle ranch on Fox creek is encircled with over twenty-five miles of stone fence, has a grist and feed mill and a saw mill on his ranch, operated by a \$200 wind mill.

Ablene Gazette: A young lady of this city is preparing for the lecture platform, and it is expected that she will make a sensation, provided she don't make a failure.

Larned Chronicle: Gardfield comes to the front with her shipments of broomcorn and wheat as follows: Wheat, 54 cars; Broomcorn 12 cars.

Larned Opic: Our friends who live on the Pawnee creek report the beaver very thick this winter. They are cutting off the young timber and at almost every bend of stream are building their dams, and that makes the farmers damn the beaver. But they, being American bred, believe in free speech, and care nothing about it. So the farmers have declared relentless war against the fine-haired destroyers of our diminutive forests. We have seen on several occasions the "spoils of war" exhibited on our streets, the most noticeable among them was a large beaver which weighed forty-nine and one half pounds, in the possession of Mr. Seely, the proprietor of the Farmer's Hotel. It will not be long that the beaver will "cut sticks" in the Pawnee.

Junction City Union: Mr. Hobbs has followed his oyl vein thirty-six feet into the hill. It has gradually improved. The last six feet has been of uniform quality, and the vein ten inches thick. It burrs well. A bore down into the bluff one or two hundred feet back will undoubtedly develop a first class article of coal.

Peabody Gazette: We think our farmers should club together and send up the Menonite settlement in the spring for a load of Russian Mulberry cuttings. The cuttings will grow like cottonwood, the trees are said to grow very rapidly and bear fruit when they are two years old. Parly and many other nurserymen are advertising the tree extensively but they ask from \$2.00 to \$4.00 a dozen for trees. We have great faith in this tree although we have never seen it and intend to put out some cuttings or trees this spring.

Lawrence Spirit: The faculty of the state university has been subpoenaed, one and all to go to Baldwin city to testify in court what they know in regard to certain liquor cases now in litigation. This summons of the entire faculty, professors, teachers besides a number of the students, shows very clearly the animus of the entire whisky ring of Lawrence, as well as the fell spirit which animates those who sympathize with it and lend themselves as counselors, aiders and abettors thereof.

Manhattan Enterprise: Hon. T. C. Henry, of Abilene, has purchased a small farm in Wabancoc county, containing about 10,000 acres. A nice little garden plot.

Peabody Gazette: We understand that the house of Jacob Funk, of Hillsboro, has been compelled to suspend business, in consequence of too much credit business. He has done a very good business in amount, but his customers didn't pay as they promised. The credit system is generally a hindrance to success. The people would be better off if they didn't buy any more than they could pay for, and the storekeepers would be better off if they had the goods on their shelves instead of in the possession of customers who couldn't pay.

Peabody Gazette: Miss Adams, of this city, who is preparing to engage in silk culture, has shown us samples of silk produced in McPherson county, adjoining this county. These samples comprise both the raw and the manufactured article - the thread being manufactured in Massachusetts, by a firm who buy largely in China, Japan and France. They pronounce the Kansas silk the best they have had. This is the Caucasian worm, fed on black mul-

Red Cedar, and Forest Tree Seedlings. We have for spring delivery the Largest and Finest Stock of Nursery and Forest grown Red Cedars and Forest Tree Seedlings in the west. Write us for prices before buying elsewhere. - Address: BAILEY & HANFORD, Makanda, Jackson Co., Ill. (on Ill. C. R. R.)

Seeds PETER HENDERSON & CO. 35 Cortlandt Street, New York. We have advantages as Seedmen of which we wish to tell the public. Thirty years experience as PRACTICAL MARKET GARDENERS AND FLORISTS, gives us such knowledge as to enable us to judge not only what are the best kinds of Fruit, Flower or Vegetable crops (whether for Private or Commercial Gardening), but also the quality of the seeds and Plants. Our Greenhouses and Frames in Jersey City, are the largest in America, covering upwards of four acres, and employing an average of seventy men throughout the year.

THE KANSAS FARMER.

DeMOTTE & RICKS, PROPRIETORS. M. J. RICKS, BUSINESS MANAGER. H. A. HEATH, TRAVELING AGT. AND COR. W. A. PEPPER, EDITOR.

TERMS: CASH IN ADVANCE. One Copy, Weekly, for one year, 1.50. One Copy, Weekly, for six months, .90. One Copy, Weekly, for three months, .50.

CLUB RATES—In clubs of ten or more, one dollar a year, and one copy free to the person who gets up the club. Sent to any post office.

The greatest care is used to prevent swindling humbugs securing space in these advertising columns. Advertisements of lotteries, whisky bitters, and quack doctors are not received.

When parties write to the FARMER on any subject whatever, they should give the county and post office both.

Gov. St. John takes care to speak well of Kansas in his rambles.

W. H. Cole, of Newton, takes the cake as a club agent. He has sent twenty-two names.

February 27th is the day fixed by both houses of congress for the Garfield ceremonies.

Food and Health urges the use of vinegar, as a wash, drink, and for fumigation in cases of small-pox.

The general opinion is, the best time to cut timber for preservation is late in the fall and in the winter.

A good deal of editorial matter and a dozen excellent communications are necessarily laid over this week.

The apportionment bill proposed by the census committee fixes the number of representatives at 320.

We present our readers with some excellent correspondence this week. Several subjects of importance are discussed.

Eastern newspapers are doing a good deal of talk for Kansas since reading Secretary Coburn's late quarterly report.

The New York Sun says that the farmers of some counties in New Jersey use goats to protect their sheep from dogs.

Guineau begins to behave somewhat like a common criminal now, and is not disgusting the country with his unbridled insolence.

Wanted—a reformer—one who will devise ways and means to expedite criminal trials, so as relieve society of all excuse for lynching.

The books—"Western Farmer and Stock Grower"—which were advertised in this paper for sale, are all sold. So that no more orders can be filled.

A late number of the Farm and Fireside contains a cut of a hatching coop for winter use. It has a window sash, same as for a hot bed, on the south side.

The Emporia Daily Republican is a credit to that enterprising city. If Mr. Eskridge can keep it up to the standard on which it started out, he will do wonders.

A Mr. S. T. Hickman sent to this office for sample copies of the FARMER, but did not give his postoffice address. If he will forward that, we will send the papers.

The St. Louis Seed Company, whose advertisement appears in this number of the FARMER, are sending out a very large descriptive catalogue of their seeds to all persons who ask for them.

Some days ago it was announced that the sheriff had taken possession of the building and material of the Prairie Farmer of Chicago. That paper appeared again on time the next week under a new organization.

New York papers state that the trade in nuts is increasing yearly, and that it is expected to increase in the future, especially peanuts and pecans.

The publishers of the American Farmer, Baltimore, claim that to be the oldest agricultural paper in the United States. It was founded by Col. John Stuart Skinner in 1819.

The Colony Free Press, has a long article descriptive of the \$40,000 herd of Hereford cattle, their lands, barns, etc., owned by J. S. Hawes of Anderson county, this state.

Small pox is spreading quite generally over the country. People cannot be too careful as to the cleanliness of their premises.

low fever, this dread disease comes of filthiness somewhere, and the best thing well persons can do is to guard themselves by cleaning up.

A writer of eminence says that horses can be cured of founder by placing their feet in tubs of warm water and then blanket them thoroughly.

We know of no better advice to give our country readers than to persistently refuse to make any kind of contracts with traveling strangers requiring the signing of any papers.

A case was decided last week in New York against the alleged patentees in the driven well cases. The court held that the patents were void because the invention in them was not new.

"The Alliance and New Party."

Under the above caption the Western Rural has a sensible article. That paper takes the same view of the course which farmers ought to pursue with reference to parties that the KANSAS FARMER does.

With reference to a new party, which has been advocated by some of our correspondents, the Western Rural has nothing to do. It wants to have the farming community organized.

Question—Congress.

Among the questions recently asked the editor of the FARMER is this: "If some new question were brought before congress, how long before that body could act upon it?"

A single objection will carry over any matter under the rules; but the rules may be suspended by a two-thirds vote.

Small Pox.

There is a general uneasiness throughout the country because of this dread disease. Within the last month or two the FARMER has published what purported to be remedies, and below we give another, sent in by a friend.

until every part is thoroughly filled with the fumes of the acid; then open draughts and cleanse. Let all the clothes and furniture, carpets, etc., be fumigated and aired.

The following is the remedy above referred to. One ounce of cream of tartar dissolved in a pint of boiling water, to be drunk, when cold.

Here is another, published sometime ago in the FARMER. We know nothing of its merits: Take one grain of powdered foxglove, or digitalis (valuable in the ratio of its greenness—the dark should be rejected) and one of sulphate of zinc.

Considerable interest is manifested in this grass among our farmers now. Whether it will prove successful anywhere depends, we suppose, on the character of the soil and climate.

Alfalfa.

In some portions of Kansas we believe alfalfa will yet be found to do well, especially in those portions where the soil is loose and porous as it is about the foot of a mound, bluff, or ridge.

A Few Words to the Ladies.

Our efforts in the FARMER to interest you are proving so successful that we venture a new proposition for your consideration. We would like to open and maintain a home department set apart for you.

Question—Congress.

Among the questions recently asked the editor of the FARMER is this: "If some new question were brought before congress, how long before that body could act upon it?"

Small Pox.

There is a general uneasiness throughout the country because of this dread disease. Within the last month or two the FARMER has published what purported to be remedies, and below we give another, sent in by a friend.

Chambers, Bering & Quinlan. The success of this implement and the popularity it has attained with the farmers throughout the corn growing section is astonishing.

We recommend our friends interested to send to Chambers, Bering & Quinlan, Decatur, Ill., for their pamphlet which gives full particulars and which is sent free.

Short Horns for Sale.

I wish to sell my entire herd of short horns and high grades, consisting in all of nineteen head. Of this number twelve are cows, three years old this coming spring.

Alfalfa.

I wish to sell my mammoth Kentucky premium Jack, "Leo." He was bred by Leo Thomas, Scott county, Ky. He is a jet black, with mealy nose, 15 hands and 1 inch high.

How Do You Manage?

Said a lady to her friend, "to appear so happy all the time!" "I always have Parker's Ginger Tonic handy," was the reply.

Leis' Dandelion Tonic.

This certifies that after using Leis' Manufacturing Co.'s Dandelion Tonic in my family, I can recommend it as very good for the purposes claimed.

"How Do You Manage?"

Said a lady to her friend, "to appear so happy all the time!" "I always have Parker's Ginger Tonic handy," was the reply.

Said a lady to her friend, "to appear so happy all the time!" "I always have Parker's Ginger Tonic handy," was the reply.

county. He sowed a large acreage several years ago.

Messrs. Wan. H. Mann & Co, Gilman, Ills., report the following sales of Holstein cattle last month: To Fred Brueggemann, Matteson, Ills., a bull and heifer; Chris Knaster, Monee, Ill., a heifer; W. H. Hendricks, Frankfort, Ill., a bull and two heifers; C. H. Brueggemann, Monee, Ill., a bull and heifer; Chas. Karch, Frankfort, Ill., a bull; Adam Hall, Green Garden, Ill., a bull; Fred Schmedeke, Buckley, Ill., a bull and two heifers; Wm. F. Younker, Parkersburg, Iowa, a bull and heifer; M. E. Moore, Cameron, Mo., a heifer.

Messrs. D. M. Ferry & Co., Detroit, Mich., one of the most extensive seed firms in the country, will please except our thanks for a choice lot of flower and garden seeds.

A Blessing to Humanity.

A lady residing in Georgia, whose son was threatened with consumption, wrote to one of our old patients, Mrs. M. T. Piersol, of No. 1636 Wallace Street, Philadelphia, asking for a testimonial in favor of Compound Oxygen.

Mound City Feed Mills.

We call attention to the advertisement in another column of Mound City and Big Giant feed mills manufactured by J. A. Field & Co., St. Louis, Mo. The "Big Giant" has become so well known throughout the United States, territories and Canada, as well as in many foreign countries.

"Buchupaiba."

New, quick, complete cure 4 days, urinary affections, smarting, frequent or difficult urination, kidney diseases, etc., at druggists. Kansas Depot, McPIKE & FOX, Atchison, Kansas.

Leis' Dandelion Tonic.
