Important Correspondence.

THE PRESIDENT TO BAXTER.

Washington, May 11.—The following dispatches were sent from here to-day:

Washington, May 11.
To Hon. Elisha Baxter, Little Rock:

I recommend that the members of the general assembly now at Little Rock adjourn for a reasonable time, say ten days, to enable Brooks to call in a body of his supposed adherents, so that there may be a full legislature. Any hasty action by a part of the assembly will not be satisfactory to the people. Brooks' friends here agree that if this course is pursued, no opposition will be made to the meeting of the assembly in the state house as usual, and that he will at once dismiss his force if you will do the same. I urgently request that all armed forces on both sides be disbanded, so that the general assembly may act free from any military pressure or influence. The United States troops will give all the necessary protection to the legislature, and prevent as far as practicable any violence and disturbance of the public peace.

Answer. U. S. GRANT.

TO BROOKS.

Washington, May 11, 1874.

To Hon. Joseph Brooks, Little Rock:

I have suggested to Mr. Baxter that the members of the general assembly now in Little Rock adjourn for a reasonable time, say ten days, to give you an opportunity to call in those members who may not respond to his call, so there may be a full legislature. The United States troops will give the necessary protection to the legislature in meeting and transacting its business as usual at the state house and prevent as far as practicable, all violence and disturbance of the public peace. I urgently request that the military of both parties be at once disbanded, which is the first step toward a peaceable settlement.

Answer. U. S. GRANT.

A FAIR PROPOSITION.

Washington, May 11.—The following telegram was sent to-night:

To Hon. Elisha Baxter Little Rock:

I am directed by the president to say that he considers your proposition fair, and I have asked Brooks for his immediate acceptance by him.

GEO. H. WILLIAMS,
Attorney General.

Gov. Baxter this evening replied to the dispatch from the president received to-day, as follows:

Little Rock, May 11.
To U. S. Grant: There is almost a quorum of both houses of the legislature present, and they have power under the constitution to adjourn from day to day until they have a quorum, and they can adjourn no longer until they have a quorum. When they get a quorum, I am in favor of their adjourning as long as they please, until the supposed adherents are present. With this understanding, I will disband my troops in proportion as Brooks disbands his. As for the meeting of the legislature at the usual place, Mr. Brooks must quit the state house and get as far from it west as I am east, and deposit the state arms in the state armory, and let the state house and public buildings be turned over at once to J. M. Johnson, secretary of state, to whom, under the law, they belong.

ELISHA BAXTER,
Governor of Arkansas.

The above dispatch was endorsed by thirty-five or forty members of the legislature.

SKIRMISHING.

Little Rock, May 11.—In a skirmish across the river this A. M. quite a number were reported killed and wounded on Brooks' side. Gen. White had one man wounded. At the time of the interference of the federal forces Gen. White had the Brooks party surrounded, and would have captured the whole outfit but for the federal forces.

THE ASSEMBLY.

The house met again at 4 P. M., 37 members being present. After instructing the sergeant-at-arms to bring in absentees, the body adjourned 'til 10 A. M. to-morrow. About 100 members arrived to-night and there seems but little doubt that there will be a quorum in the house at least to-morrow.

REINFORCEMENTS.

Gov. Baxter to-day received about 600 reinforcements. Among them about 200 colored troops from Jefferson county. The

whole city is a camp and almost every business house closed. Gov. Baxter this forenoon issued the following

PROCLAMATION.

Having heretofore deemed it necessary for the protection of the legal state government to proclaim martial law in the county of Pulaski, I, as chief executive of the state, so proclaimed on the 16th of April last and afterwards called the legislature together to meet here this day. I now issue a proclamation of martial law, and as far as the deliberations of the legislature are concerned, I notify all persons not to interfere with members individually or with the general assembly in its meetings or deliberations while the session may continue.

(Signed) ELISHA BAXTER,
Governor of Arkansas.

Matters are quiet to-night. The federal troops are on the alert to prevent any conflict. Brooks this evening issued a call convening an extraordinary session of the legislature on the 24th.

PICKET FIGHTING.

Little Rock, May, 11.—This morning about 7 o'clock, Brooks threw a force of 200 men across the river to intercept a company of Baxter troops coming down on foot from Faulkner county. Brooks' forces crossed on the Cairo & Fulton R. R. immediately after this, while the Baxter forces crossed the river at the ferry with 75 cavalry and five companies of infantry to intercept Brooks' men. A little picket fighting has already occurred and the houses are crowded with people looking on. The big seventy-four pound gun of the Baxterites has been loaded and put in position and now commands the state house, three hundred yards away. The federal forces have two guns planted at the intersection of Louisiana and Second streets. Markham and Elm streets have been barricaded. Two ways and earthworks have been thrown up on the bank of the river. A continued line of federal sentinels extends from the river up to Third street. Every store is closed. Every man you meet has a gun in his hand.

Little Rock, Ark., May 7.—Four of the five judges of the supreme court met inside Brooks' lines to-day, and delivered an opinion in the case of Joseph Brooks vs. Henry Page, treasurer, which is in the nature of a mandamus to compel the treasurer to pay a warrant drawn on him by the state auditor.

After reciting certain sections of the militia law which defines the power and duty of the governor under certain circumstances, and appropriates \$50,000 to carry out the act, the decision reads thus: "The only question that we deem it necessary to notice is, did the circuit court have jurisdiction to render the judgment in the case of Brooks vs. Baxter? We feel some delicacy about expressing an opinion upon the question propounded, but under the proceedings it has to be passed upon incidentally if not absolutely. If Brooks' right to the office is established at all, it is established by the judgment of the circuit court of Pulaski county. We are of opinion that the circuit court has jurisdiction on the subject matter, and its judgment appears to be valid. Having arrived at these conclusions, the demand is overruled and a writ of mandamus will be awarded as prayed for."

No lawyers were present except those who remain inside the camp at the state house. On the 7th of October last, when a full bench was present, the court had the same question and decided as follows: "Under the constitution the determination of a question as to whether a person exercising the office of governor has been duly elected or not, is vested exclusively in the general assembly of the state, and neither this or any state court has jurisdiction to try a suit in relation to such contest, be the mode or form what it may. Such issue should be made before the general assembly. It is their duty to decide, and no other tribunal can determine that question."

The Baxterites claim that the decision to-day amounts to nothing. First, because the court was not composed of a full membership; second, that the question of governorship is one for the legislature alone to determine.

Little Rock, May 12.—Brooks still occupies the state house and surroundings. Whether he intends to vacate or not, under instructions, is not known. Both houses met this morning at the Dittler building. There were eleven senators and forty representatives present, lacking three of a quorum: one in the senate and two in the house. It is generally conceded that there will be a quorum in both houses to-morrow. Matters are quiet this morning.

The Baxter men are jubilant at the idea of Brooks having to vacate the state house.

FIGHTING AND PAUSING.

Little Rock, May 12.—This evening about 3 o'clock the Brooksites moved one company of infantry out to the rear of the Cairo & Fulton railroad depot, with a view of stopping some recruits coming to Baxter's south on the 4 o'clock train. Soon after this, Gen. King White moved out with three companies of infantry and one of cavalry, and drove in the Brooksites. He encountered them near the penitentiary and after sharp firing drove them into the building. About this time 200 reinforcements were started to the Brooksites from the state house. The Baxterites observing this move, General Blocher was sent with three companies of infantry to reinforce White. He marched up Scott street to Fifth, and up Fifth to Arch, where he encountered a company of Baxterites, and had a sharp fight, driving them back to their main body, and then falling back himself two squares, where he was reinforced by two more companies.

About that time a company of regular soldiers were marched between the opposing parties, and the fight stopped, both forces returning to their quarters. Gen. White lost one horse killed, one man slightly wounded; Gen. Blocher had ten men wounded. The Brooksites are reported to have lost 8 killed and wounded. Maj. W. F. Groves, of the Brooksites, was captured by the Baxterites. During the fight the house-tops were covered with spectators, and intense excitement prevailed throughout the city.

THE UNISSUED BANK CURRENCY.

The comptroller of the currency, in response to a resolution, has transmitted to the committee on banking and currency a statement exhibiting the amount of circulation unissued of the \$44,000,000 authorized by the act of July 12, 1870. Of the amount unissued \$1,197,820 has been assigned to banks already organized, and \$3,073,500 to banks in process of organization. Total, \$4,271,320. This amount has been assigned to eighty-six different applicants, in twenty different states, the amounts averaging about \$50,000 to each applicant. The amount issued, the number of applicants and the states to which such assignments have been made are as follows:

States.	Applications.	Amounts.
Michigan	10	\$407,160
Illinois	18	1,441,800
Wisconsin	4	94,500
Iowa	8	337,500
Minnesota	4	112,500
Kansas	3	27,000
Indiana	3	112,500
Ohio	3	68,500
Missouri	7	308,250
Tennessee	2	180,000
Kentucky	2	227,000
Mississippi	2	90,000
Alabama	2	71,000
Georgia	1	9,000
North Carolina	3	265,500
South Carolina	1	27,000
Florida	1	4,500
Texas	3	132,000
Virginia	1	90,000
West Virginia	1	45,000
Total		\$4,271,320

It will be seen that by this schedule Kansas only has \$27,000 of this assigned but unissued currency. It is rather too small to inflate us with a spirit of repudiation, so we think we may be safely trusted with it. Let us have our \$27,000.

For six weeks past there has been a steady flow of immigration into Kansas through this place. There is still much good land in Kansas which can be homesteaded or pre-empted, but it is being rapidly taken up. It is being estimated that the Kansas border recedes westward from fifty to a hundred miles a year.—[Troy Republican.]

Robt. E. Carr, of St. Louis, has been re-elected President of the Kansas Pacific Railway. At the annual meeting of the stockholders in Lawrence lately the following directors were elected: Robert E. Carr, Adolphus Meir, C. S. Greeley, B. W. Lewis, S. M. Edgar, John B. Perry, T. G. Meir, and Robert Barth, of St. Louis; Thos. A. Scott and M. Baird, Philadelphia, and L. P. Magee of New York.

A meeting of parties interested in the construction of the Blue Valley railroad lately held a meeting at Blue Rapids. We from the Northern Kansas papers that informal proposals have been made by Eastern capitalists to take hold of this railroad and complete it at once.

Paola, Garnett and Fall River Railroad.

The above enterprise seems to be well on its feet. While absent last week we had a talk with Gov. Osborn, who had just returned from New York, where he had learned that the men or company proposing to furnish the capital for the building of the road were able and reliable. We also met and had a very satisfactory talk with Judge Spriggs, the president of the road. He says there is no longer any room to question the early completion of the road to the Arkansas Valley. Five hundred men are at work upon the line between Garnett, in Anderson county, and LeRoy, in Coffey county. Ties have been contracted for, and the iron for a portion of the road purchased. Instead of starting from Paola, the initial point, it is proposed to build the road from Garnett west. The road bed and mason work for fourteen or fifteen miles of the enterprise was completed last fall, when a failure of certain parties stopped the work for a season. Judge Spriggs says the line of the road will be from Garnett to LeRoy, on the Neosho river, thence to Eureka, county seat of Greenwood, thence to Eldorado, county seat of Butler, thence down the Walnut Valley through Augusta, and Winfield, to Arkansas City, on the Arkansas river, with a probable branch from Eldorado to Wichita. The distance from Garnett to Wichita by this line is about 125 miles, and by the same route to Arkansas City 155.—[Eagle.]

The Eldorado Times says that if the Paola & Fall River Railroad is built to Arkansas City, the Wichita branch of the Atchison, Topeka & Santa Fe Road will be pushed to that point at once. This will make Arkansas City one of the largest towns in Southern Kansas.

A New Motive Power.

Mr. John W. Kelley, of Philadelphia, has discovered a new motive power, the result of a series of experiments covering a space of twenty-five years. The Chicago Inter-Ocean describes it as consisting simply of a process whereby water is converted into vapor without the aid of heat, resulting in a power greater than steam. The vital principle of Mr. Kelley's engine is that it converts water into a cold vapor solely thro' the agency of mechanical appliances. The principal parts of the power generator consist of a hollow metal globe about fifteen inches in diameter, having walls three-fourths of an inch in thickness. The globe is connected with a strong cylinder of iron, which is used as a receiver of the power or force generated in the globe. From the cylinder a brass pipe, having a bore of one thirty-second of an inch, conducts the power to the test or force register. This apparatus is an iron cylinder in which a piston moves like a piston of an ordinary engine. The piston rod communicates with a lever so weighted that a power equal to 10,400 pounds per square inch is required to move it. Upon turning a stop cock and admitting the power to the test gauge, the weight above mentioned was easily raised. It is a peculiar quality of vapor that it can be used at any pressure, from ten pounds to 10,000 pounds to the square inch, and when once generated it can be stored in the receiver for an indefinite period without any loss of power or energy. Mr. Kelley is building a practical engine to be propelled by the newly discovered motor.

A Connecticut school teacher in a paper recently read before a teachers' institute suggests that a pupil of each sex be placed at the same desk and allowed to assist each other in their lessons, and at the end of each month permitted to select new partners if they desire. It was claimed there would be less trouble in governing a school, more tidiness in the pupil's appearance, and greater ease in their conversation and intercourse, which would be of much advantage when they became men and women. It was affirmed that where the experiment had been tried it was attended with success.

While in Lawrence recently we called at the office of the Kansas Spirit and found ex-Senator Ross, of Kansas, working at the case and performing other mechanical work pertaining to the publication of the paper. He accepts his position cheerfully and labors constantly to gain a livelihood and to maintain the Spirit. People who have heretofore believed that Ross made money by his vote on the impeachment question, were entirely mistaken, in our opinion, as time and circumstances show; and Ross is one of whom the vagaries of politics have wronged beyond recall. The popular whirligig is an inexplicable machine. —[Fredonia Citizen.]

The Spirit of Kansas.

LAWRENCE, KANSAS, MAY 13, 1874.

Patrons' Department.

The Spirit of Kansas was the first newspaper in Kansas to espouse the cause of the Grange...

Members of the Order who desire to aid in the dissemination of its principles, and contribute to the accomplishment of its purposes...

So many Letters containing money for us have been lost in transit, that we cannot longer be responsible for money sent otherwise than by P. O. money order...

OFFICERS OF THE NATIONAL GRANGE.

ELECTED AT SIXTH ANNUAL SESSION. Master—Dudley W. Adams, Waukon, Iowa. Overseer—Thomas Taylor, Columbia, Mo. C. Lecturer—T. A. Thompson, Plainview, Minn.

OFFICERS OF THE KANSAS STATE GRANGE. Master, M. E. Hudson, Mapleton, Bourbon county; Overseer, W. Sims, Topeka. Lecturer, John Boyd, Independence, Montgomery county.

COUNTY COUNCILS.

Montgomery and Howard: John Boyd, Master, E. Taylor R. S., W. H. Barnes C. S. and agent. Lyon: P. B. Maxson Master, C. F. Conklin secretary.

Commissioned by M. E. Hudson, Master Kansas State Grange since the last session: E. S. Osborn, Bell City Osborn county.

Notices: Parties wishing an experienced officer to organize Granges in Central Kansas, or to give instruction in the work of the Order, will address (enclosing stamp) W. S. HANNA, Chaplain of the State Grange.

C. N. Clough and Son Galesburg, Neosho Co., are authorized to receive subscription to the Spirit of Kansas.

[For the Spirit of Kansas.] Salado, Bell Co., Texas, April 30th, 1874.

Mr. Editor: Thinking your readers might desire to know about Texas and of the doings of the Patrons of Husbandry, I send you this article...

The laboring man's hopes, his toils, his cares, his enemies and friends, are the same in the Lone Star as in the north...

There ought not and will not be any North or any South in this great work. Let then the son of toil in the North whisper the test of the Order in the ear of his brother in the South...

Texas is destined to become the Italy of America. Its climate and soil are varied. Its soil for fertility is not surpassed by any State in the Union.

Electric Butter. The Washington Chronicle gives an account of the exhibition of the wonderful power of a lightning churn...

A wish is expressed by all classes that men will come from the North and farm on scientific principles that they may learn how; and I know of no place that good farming would bring such rewards...

Col N. L. Norton, of Salado, Bell Co., Texas, is the State Lecturer and is a splendid news paper correspondent and if desired will send you articles.

A farmers' fire insurance association was organized in Washington county, Iowa, last week, on the mutual plan.

Good Intent Grange, No. 536, P. O. N. April 29th, 1874.

EDITOR SPIRIT: How easy it is to grumble at almost everything. The farming community do as much of that as any other class of people.

The fruit growers of Delaware held a meeting on Monday, at Dover, at which the prospects of the peach crop were discussed.

The weather is fine. The farmers are all busy planting corn. Our late storms proved a great damage to the large herds of cattle wintered here.

An Iowa Land Swindle. A bill is now before Congress which may be called one of the coolest instances of check on record.

THE LAND OF SONG.

BY A. D. ODELL.

Folks say there is a land of song, But where it is, they do not tell, Or if it sounds the Chinese gong, Or breathes dark India's potent spell.

Butter in France.

If our dairymen need a spur, an eye-opener, a lesson which speaks volumes in three words, here is one at the head of this article. Butter is actually brought from France and sold by the New York dealers.

Texas Cattle Trade.

From reports from all sources, we learn there will be a heavy drive of cattle from Texas this year. The winter has been very light in the South, and stock has thrived well all winter.

Kalsomining.

Eight pounds of whiting and one quarter of a pound of white glue make the right proportions. Soak the glue one night in cold water, and in the morning beat it till perfectly dissolved.

In the Courts.

This is the way the temperance people in Garnett go for violators of the whisky law: \$50 Reward—The above reward is hereby guaranteed to any person who shall file with the secretary of "The Temperance League of Garnett" the first written information, in each individual case, which, upon trial, shall result in the conviction of any person selling liquor in violation of law, in the county of Anderson, the same to be paid to the person filing such information upon the final decision of the case.

The cheese factory building is completed and ready for occupancy. Those interested have lost so many cows by death that there is some fear that there will not be a sufficient supply of milk to run the factory this summer.

Recipes.

Lye made of wood ashes will soften hard putty in a few minutes.

Any loose glove turned inside out, and rubbed with cold cream, re-turned and worn at night, will whiten the hand.

Light exerts a chemical action which tends to purify the air we breathe, and to infuse strength into our own frames.

Grape Leaves.—Grape leaves are said to be superior to hops for yeast. The directions are to use eight or ten leaves for a quart of yeast. The leaves may be either fresh or dried.

Spots on Varnish.—Take a soft cloth and wet in alcohol; rub the spot briskly, and it will disappear entirely; then rub on a little linseed oil, and it will be restored to its original color and polish.

Cheese Toast.—Place in a tin or iron stew pan a slice of good, rich old cheese, cut into small pieces; add 3 well-beaten eggs to 1 cup of milk, and pour over the cheese; set it on the stove, and when it begins to simmer, pour it over toasted bread.

Sydenham recommends the application of alcohol to burns, especially for children, where immediate relief is most desirable. The alcohol should be applied for one or two hours constantly, as the pain returns when dry.

Butter Pot Pie.—Pour a quart of water into a Kettle; put in a half pound of butter, a little salt and pepper; make a crust of flour, buttermilk, a little sour cream, and saleratus enough to sweeten it; roll out and cut into biscuit; drop one by one into the boiling gravy; do not remove the cover for half an hour, when it will be done.

Very Rich Short Crusts for Tarts.—Break lightly, with the least possible handling, six ounces of butter into eight ounces of flour; add a dessert spoonful of pounded sugar, and two or three of water; roll the paste for several minutes to blend the ingredients well, folding it together like puff crust, and touch it as little as possible; flour eight ounces; butter six ounces, powdered sugar one dessert spoonful, water one to two spoonfuls.

A correspondent of the Scientific American says: "If you have a boat that leaks badly, and it is a strong current, or if you are towing up stream, all you have to do is this: Bore a hole through the bottom, and insert a piece of tin or iron half round through the hole, letting it extend a few inches below the bottom of the boat, and all the water will run out without any labor."

The kernel of peach pit has proved in my case a perfect remedy for what is termed "heart-burn." I suffered with it hourly for years, more at some times than others. Seeing this remedy recommended in some journal, two or three years ago, I often since proposed to try it, but did not until this fall.

To keep worms out of flower pots, if one ounce of carbonate of ammonia is put in one gallon of warm water, and the plants watered with it once a week, they will be free from these worms, and it will make the plants grow beautiful and green.

Why a Child Loves Sugar.

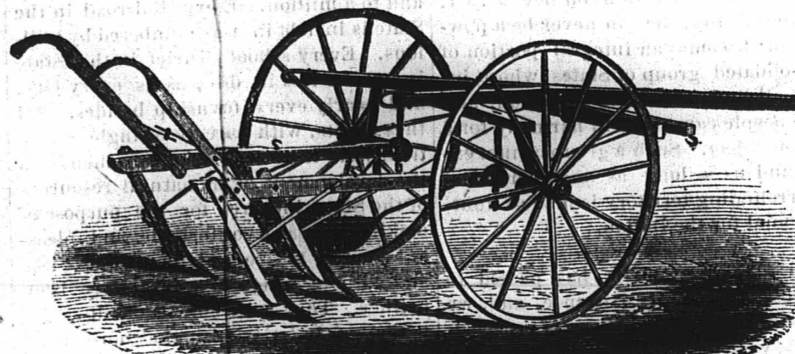

The craving of children for sweets is well known to be one of the most imperious of their appetites. It has reference probably to that ceaseless activity, which especially characterizes the age of childhood. It may be that sugar performs in their systems the part acted by fatty substances in the bodies of adults.

The Cleveland Leader, in a temperance article, describes imitation whisky as made up of high wines, aquaforts, nuxvomica, burnt sugar, &c., and says that the difference between the genuine article and the other is that a man can stand a wrestle of several years with the pure liquor, while sixty days' use of the bogus stuff will "breed a menagerie in a man's boots."

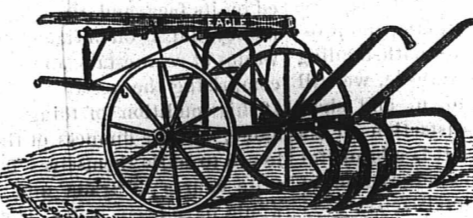

TALK IS TALK! But it takes experience with capital to make GOOD FLOWS!

WILDER & PALM

Will continue to give their individual attention to the manufacture of their celebrated Wind Mill Plows, Wagons, Rail Road Scrapers, Harrows, &c.

The Spirit of Kansas

LAWRENCE, KANSAS, MAY 13, 1874.

The Spirit of Kansas is issued weekly, in Fraser's Hall, Massachusetts Street.

BY ROSS & STEVENS. TERMS—Two Dollars a year, in advance.

ADVERTISING RATES: Advertisements, first insertion, one inch \$1.00.

The Spirit of Kansas has the largest circulation of any paper in the State.

Competition is the life of trade. Van Hoesen comes to the front, and proposes to sell the McCormick Reaper and Mower.

A New Provision Safe Has been invented, and is now on inspection and sale at the Grocery Store of Moore & Bennett.

On Friday last the members of Riverside Grange, turned out with their teams and plowed and planted the ground of Brother Martin.

For a cooling and refreshing draught of Saratoga water, go to B. W. Woodward & Co.

On Friday last the members of Riverside Grange, turned out with their teams and plowed and planted the ground of Brother Martin.

The Grand Commandery of the Knights Templar Degree, A. F. & A. M., convenes in this City to-day.

The following are the officers, all, or nearly all present: John M. Price, Atchison, grand commander.

Mr. Nicholas White, living in West Lawrence, was drawn out of a well he was engaged in digging.

Another Defalcation. We learn that the County Treasurer of Howard county, Mr. E. D. Custer, has absconded with about \$15,000 dollars of funds belonging to that county.

Among the successful manufacturing enterprises located in Lawrence, the Patent Medicine factory of Dr. S. O. Himee & Co.

Adams, Nebraska, April 26th, 1874. Dr. S. O. Himee & Co., Gents.

Midland Rail Road. The track of the Midland Railroad is being rapidly laid.

Taylor crackers are the best in market.

SOUR GRAPES.

The Standard been eating, very largely, lately, of sour grapes, and as a natural consequence, has taken on a huge disgust.

The Spirit then had about 1,100, but labored on, looking to the people directly and only for support, asking nothing and expecting nothing in the way of official patronage.

The Spirit, therefore, is now the official paper of Douglas county.

Really, could anything be more disgusting? Has not the Standard good reason to pitch around and swear, and tear its nether garment, and call us all manner and any number of names, and threaten to make numberless and direful exposures.

Sheriff Stone, of Montgomery Co., passed through Lawrence on Monday, on his way to Topeka to take charge of some cattle depredators from the Indian country whom the Courts of that Territory have called for.

Douglas County Council. At a meeting of the council held in Lawrence, May 12th 1874, the following resolutions were adopted:

Resolved, that the Sec'y of the Douglas County Council be requested to call a meeting of farmers and all others who may feel an interest for the purpose of deciding on the merits and demerits of all the different plows in use.

In accordance with the above resolution, I hereby call said meeting to be held, May 22nd 1874, at the farm of Mrs. Lowe, just south of Col. Babcock's farm.

It was moved and carried that a request be published asking all granges in favor of a celebration on the 4th of July, to notify the Sec'y of the Council, Wm. Crutchfield, of their action and be present at the next meeting of the council to make arrangements for such celebration.

Taylor's cream biscuit are par excellent.

SWEET POTATO PLANTS. I offer for sale Early Red & Yellow Nansmond, and Early Bahama. Also a large quantity of Cabbage and Tomato plants.

Sweet Potato Plants. Yellow and Red NANSEMOND. In quantities to suit. Address, D. G. WATT, Lawrence, Kan.

Temperance Meeting.

A mass temperance meeting was held at the 1st congregational church in this city on Monday evening of this week.

We regret to learn that the residence of Mr. I. C. Baldwin of Kanwaka township was burned on Thursday night, last.

Sweet Potato Plants. Two Dollars per thousand, boxed and delivered in good shipping order at the Express Office in Lawrence.

Cheese Factory. Messrs. Olin, Piper & Co., of Vinland, have erected on the farm of Mr. Olin, two miles south east of Vinland, a large cheese factory.

LIST OF BILLS & ACCOUNTS Acted Upon by the Board of County Commissioners of Douglas County, Kansas, at the April Session.

Table with columns: NAME, NATURE OF CLAIM, AMOUNT CLAIMED, AMOUNT ALLOWED. Lists various bills and accounts for the County Commissioners.

Table with columns: NAME, AMOUNT. Lists various individuals and their associated amounts, likely related to the bills and accounts.

Table with columns: NAME, AMOUNT. Lists various individuals and their associated amounts, likely related to the bills and accounts.

By request, I herewith make an exhibit of the amount of salary and fees received by me as County Clerk, for the quarter ending April 12, A. D. 1874.

Vertical handwritten text on the right margin, possibly a date or signature.

The Atchison Champion in speaking of the veto message says: We sincerely regret the action of the President. We regard it as most unfortunate for the country, and especially for the west. We approve neither of his arguments or his action.

It takes fifteen days' traveling on the ice to reach the Stickeen gold mines in Alaska, but the miners there are making \$10 to \$30 per day, and don't mind the tramp or being compelled to thaw out the ground by building bonfires.

The President has by this action gone with the monied power of the country against the working agricultural classes of the West and South.—[Iola Register.

The city council at Hlawatha, has let a contract for planting trees on the streets of that city, the trees to be white elm, box elder and cottonwood. The contractor gets \$2 each for setting out the trees and boxing them up.

The Woolen Mills at this place have undergone thorough change and will, in a short time, be ready for active operation under the management of Sharp & Kingsley—men who are financially and mechanically able to run them all right.—[Neosho Falls Post.

"Bertha," pathetically observed an Ohio saloon-keeper to his wife, "these crusaders are just like the dog in the manger, they won't drink themselves, and they won't let anybody else drink.

Another Famine. CONSTANTINOPLE, May 1.—Intelligence has reached here that a famine prevails in Asia Minor, and it is stated that in the town of Angora about 100 deaths occur daily from starvation.

Detachments of Company "C," Fifth U. S. Infantry have been stationed at Pierceville, Sherlock, Aubrey and Syracuse, on the line of the A. T. & S. F. road, as a precautionary measure against incursions by Indians. No immediate danger is anticipated, and the presence of the troops may have the effect to keep them away altogether. It will at least serve to create a sense of security on the part of settlers and travelers.

The Beloit Gazette says there has been about 2,000 acres of wheat sown in Solomon Falls township, which is more than double the area sown last year. Other crops will have the same increase in area over last year. We understand that the grangers are forming a stock company to prospect for coal. They intend to dig at three places in the county, and the expenses are to be met by an assessment on the members.

A bill has passed the House of Representatives which provides that all actual settlers on the Osage Trust and Diminished Reserve lands in the State of Kansas, shall be allowed one year from the passage of this act to make proof and payments; provided all purchasers who avail themselves of this act shall pay interest on the purchase price of their lands at the rate of 6 per cent. from the date when payment was required by previous laws to the date of actual payment.

It is interesting to tourists to know that fifty-three steamships have sunk or been wrecked on the Atlantic in thirty-three years, of which the President was the first and Europe the last reported. But to those intending to cross, it would be of more vital interest to know the name of the next one.

The mild winter has given the Indians of the far Northwest an early opportunity to indulge in their favorite pastime of scalp hunting. Those of Montana have been at it for some time, and Blackfoot scalps as well as Buffalo tongues, adorn the cabins of the Piegans.

WASHINGTON, D. C., May 8.—The House Committee on Pacific Railroads, to-day unanimously agreed to report and recommend the passage of the bill directing the Secretary of the Treasury to demand from each of the Pacific Railroad Companies the immediate payment of five per cent per annum of their respective net receipts required by law, to be paid over to the Government and applied to the liquidation of the interest on their bonds. The bill also contains provisions directing the Attorney General to commence proceedings to enforce the payment of this five per cent, in case the demands of the Secretary of the Treasury are not complied with.

The iron for the Paola, Garnett & Fall River Railroad is ordered to be delivered at this place by the 13th of this month, two weeks from next Monday, at which time, under instructions already given, track-laying will be begun, and will be vigorously prosecuted from this point. (Garnett Plaindealer.)

We see many strange faces on the streets of Fredonia and at the public assemblies, and are daily convinced that the population of our flourishing city is being augmented by the acquisition of energetic, substantial and intelligent citizens, who have come to make for themselves permanent homes, and are now perfectly satisfied to settle down and stay here. Those who come here expecting to make a living without work will be miserably disappointed, but to those who are willing to work and have a reasonable amount of stick-to-itiveness. Kansas has no equal in the west.—[Osage Chronicle.

Coming Back. Most of those who left this country last year, thoroughly disgusted with Kansas, have returned again and are now perfectly satisfied to settle down and stay here. Those who come here expecting to make a living without work will be miserably disappointed, but to those who are willing to work and have a reasonable amount of stick-to-itiveness. Kansas has no equal in the west.—[Osage Chronicle.

The Commonwealth says: We have been shown letters from Sun City, Barbour county, received here by J. Call, Esq., which detail a very bad state of affairs in that section. It seems that a band of thieves, both Indians and whites, are committing depredations on the settlers, and running off all the stock they can lay their hands on. The settlers there want some efficient steps taken for their protection, and its surely time something was done to rid the country of the scamps who are marauding in the southern part of the State.

A sad accident occurred on South Cedar, Thursday, the 23rd inst. A little girl, aged about seven years, daughter of Samuel Slater, while playing around a fire in the woods a short distance from the house, had her clothing accidentally take fire, and she was dangerously burned, and would doubtless have lost her life had it not been for the presence of mind shown by her brother, aged about nine years, who seized hold of her, and dragging her a few rods to the bank of a creek, threw her in, which undoubtedly saved her life. The boy was quite badly burned also.—[Holton Express.

The Olathe Mirror says that horses are being stolen from almost all parts of Johnson county, and vigilance committees are organizing to put a stop to these depredations. The Mirror thinks the headquarters of the thieves are at Leavenworth and Kansas City.

Several dogs attacked a pen containing a lot of hogs, near Chanute, the other night, and killed five of them, which moves the Chanute Times to demand that something be done to rid that locality of the surplus number of worthless curs that infest it.

We will venture that in Cowley county during the last two years more orchards have been put out than in any other county in the State. Every one who was able to raise a few dollars has purchased trees and set them out, and the best fruit has been selected by all. This will make our county in the next ten years one of the largest fruit growing counties in the West, and there will be no end to the peaches which will be shipped North and apples South. This will bring in a much greater revenue than has yet been realized by many of those, even, who are setting out the orchards.—[Telegram.

The Wichita Eagle records the following sad accident:

On Monday of this week a little child of Mr. Sexton's came to its death in a most distressing manner. The little one was pressed to death near help, but could not call for aid. A wagon was standing near the house with some wood in the box. The child, though small, managed to climb into the wagon, and by some means was caught between a heavy stick of wood and the edge of the wagon box, where it was literally choked to death. Some one passing discovered it, but too late.

On Tuesday evening, as Rev. N. B. White's eldest son (Farell) was driving a team across a ravine, near McDowell Creek, he was thrown from the wagon, which was loaded with corn, and the wheel passed over his head, crushing the skull. His body was not found until the next morning.—[Manhattan Nationalist.

A big wagon train of movers, bound for northern Kansas, passed through St. Joseph on Sunday. There were twenty-five wagons and fully one hundred two-headed children. The future empire of this country lies west of the Mississippi, and each year the young life of the older States is wending its way thither.

Father Shoemaker has been at the Osage Catholic Mission 27 years, or since April 29th, 1847. At a reception, given on the last anniversary of his coming, he sat in a chair which he brought with him. He is now over 70, but is reported as looking hale and hearty, and a graceful horseman.

Jewell county has made wonderful growth in its short history. The Diamond, published at Jewell City, says: "As we look back in memory to the day when we all felt proud that Jewell City had a newspaper, even though it was but the size of a person's two hands, when we had but four or five houses in the town, and the county numbered no more than one thousand or fifteen hundred inhabitants, when we had but a weekly mail, when buffalo ran across our town site, and we reflect upon what we can boast of now, we are led to exclaim surely, 'the world does move,' and Jewell county has not lagged! Seven thousand souls now dwell within our limits, one hundred and six school districts, seven mail routes centering in our town of Jewell City, and nine business houses, each doing a splendid business, two first class hotels, and all the elements of a thriving place, with a people as intelligent as there is on the face of the globe.

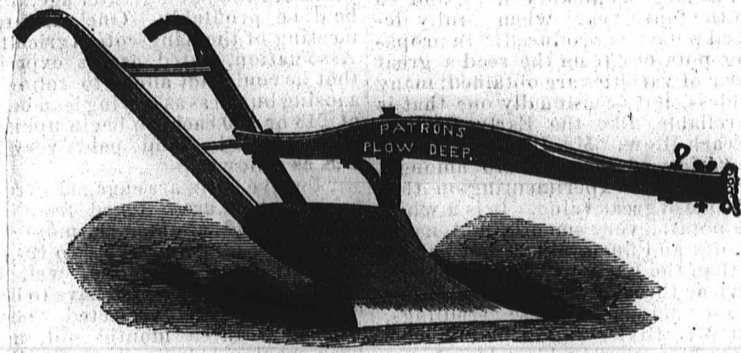

The gathering and shipping of buffalo bones from the western part of Kansas to the East has been quite an important branch of business for some months past. Car loads of them find transit over the Kansas Pacific and A. T. & S. F. Railroads.

The consideration, on Saturday, of a private bill, involving a patent, in the lower house of Congress, developed the existence in that body of strong opposition to extending patents applying to sewing machines supposed to be owned by any of the sewing machine companies.

The Woodson Co. Post says there was a large land-slide on lower Owl Creek a short time ago, carrying several large trees with it. The slide is so deep that the trees remain standing in good condition as before.

SHERIFF'S SALE. State of Kansas, Douglas county, ss. In the District Court Fourth Judicial District, sitting in and for Douglas county, Kansas. William A. Simpson Plaintiff, vs. George W. Smith, and W. S. McCurdy Defendants. BY VIRTUE of an execution to me directed, and issued out of the Fourth Judicial District Court, in and for Douglas county, State of Kansas, in the above entitled case, I will on Monday, the 15th day of June, A. D. 1874.

At 1 o'clock, P. M., of said day, at the front door of the court house in the city of Lawrence, county of Douglas, State of Kansas, offer for sale at public auction, to the highest and best bidder, for cash in hand, all the right, title and interest whatsoever of the said George W. Smith and W. S. McCurdy and each of them, in and to the following described premises, to wit:

The west half of the north-east quarter of Block No. two (2), in that part of the City of Lawrence known as North Lawrence, bounded as follows: Beginning at a point one hundred and fifty (150) feet west of the point of intersection of the west line of Rhode Island street, and the south line of Maple street, thence west one hundred and fifty (150) feet on Locust street, thence due north to Maple street, thence east on Maple street one hundred and fifty (150) feet to the place of beginning. Appraised at three thousand seven hundred and fifty dollars (\$3,750.00). Said premises to be sold to satisfy said execution.

Given under my hand at my office in the City of Lawrence, this, the 12th day of May, 1874. S. H. CARMAN, Sheriff Douglas County, Kansas.

SHERIFF'S SALE. State of Kansas, Douglas County, ss. In the District Court, Fourth Judicial District, sitting in and for Douglas county, Kansas. Richard Mitchell, Plaintiff, vs. William A. Rankin and Phebe D. Rankin, Defendants. BY VIRTUE of an order of sale to me directed, and issued out of the Fourth Judicial District Court, in and for Douglas county, State of Kansas, in the above entitled case, I will on Monday, the 15th day of June, A. D. 1874.

At two o'clock P. M. of the said day, at the front door of the court house in the city of Lawrence, county of Douglas, State of Kansas, offer for sale at public auction to the highest and best bidder for cash in hand, all the right, title and interest whatsoever of the said William A. Rankin and Phebe D. Rankin, and each of them, in and to the following described lands and tenements, to wit:

The undivided one-half of the south half of Lot No. twenty-five (25), on Massachusetts street, in the city of Lawrence, Douglas county, Kansas. Appraised at three thousand seven hundred and fifty dollars (\$3,750.00). Taken as the property of William A. Rankin and Phebe D. Rankin, and to be sold to satisfy said order of sale.

Given under my hand at my office in the City of Lawrence this the 18th day of May, A. D. 1874. S. H. Carman, Sheriff Douglas Co. Kansas.

Missouri, Kansas, and Texas Railway. The completion of the great iron bridge over the Missouri river at Booneville, enables this popular line to offer still better facilities for the business between the Northeast and Southwest. Two daily trains will be run between Hannibal and points in the great Neosho valley, in direct connection with all lines. Also two daily trains between St. Louis and points in southern Kansas.

For the Texas trade, new and better facilities are offered. The rates have been greatly reduced, and arrangements have been made whereby through Pullman palace cars are run from Chicago, Quincy, Hannibal and St. Louis to Galveston, without change, passing through the finest portion of Southwest Missouri, Southern Kansas, the Indian Nation, and the most desirable portion of Texas.

Any one contemplating a trip to Southern Kansas, the Indian Nation or Texas, should address Thomas Dorwin, general passenger agent, Sedalia, Mo., for a correct map, with time tables, rates of fare, &c.

SHERIFF'S SALE. State of Kansas, Douglas County ss. In the District Court, Fourth Judicial District, sitting in and for Douglas county, Kansas. W. W. Cocklin Plaintiff vs. Alexander Montgomery, Catherine Montgomery, S. O. Thacher, E. V. Banks and N. T. Stephens defendants. By virtue of an order of sale to me directed, issued out of the Fourth Judicial District Court, in and for Douglas county, State of Kansas, in the above entitled case, I will, on Monday the 1st day of June, A. D. 1874.

At 3 o'clock p. m. of said day, at the front door of the court house in the city of Lawrence, county of Douglas, State of Kansas, offer for sale at public auction, to the highest and best bidder, for cash in hand, all the right, title and interest whatsoever of the said Alexander Montgomery, Catherine Montgomery, S. O. Thacher, E. V. Banks and N. T. Stephens and each of them, in and to the following described lands and tenements to wit: Lot Number Fifty-three (53) on Rhode Island street in the City of Lawrence, Douglas County, Kansas. Appraised at Eight Hundred Dollars (\$800.00). Taken as the property of Alexander Montgomery and Catherine Montgomery and to be sold to satisfy said Order of Sale.

Given under my hand at my office in the City of Lawrence this the 29th day of April, 1874. S. H. CARMAN, Sheriff of Douglas County Kansas.

NOTICE. Notice is hereby given to the creditors of Charles Worthington, that the undersigned, assignee of said Charles Worthington, has appointed the 27th day of June, 1874, at his office in the city of Lawrence, in Douglas county, Kansas, to proceed publicly to adjust and allow demands against the estate and effects of said assignor. Dated February 28, 1874. H. J. CALDWELL, assignee of Charles Worthington.
