
Lawrence, for the Week Ending, May 10, 1874.

Vol. V. No. 31.

Mr. Gardner:—I have been reading your paper, and thought I would write a few words to you. I am about eleven years old, and I have been going to school since I was five years old. I have the following children: Alice, aged three; James, aged five; and Mary, aged seven. We live in a small house in the country, and have a farm of fifty acres. I am a farmer, and we grow wheat, corn, and potatoes. We also keep a cow, a pig, and a dog. My wife is a good cook, and we have plenty of food. My children go to school every day, and I work on the farm. I am a member of the Methodist Church, and attend services every Sunday. I am a quiet man, and try to lead a simple life. I hope you will keep on writing your paper, and I will continue to read it. Yours truly, Mr. Gardner.

Strawberries as they were in 1855, the resident of Kansas.

A number of farmers are employing heavy labor to get them out of the mud. Now is the time to cultivate the soil and prepare the land for the coming season.

The report of Mr. Butler is of the greatest importance. He has made a careful examination of the land and has found it to be of the highest quality. It is well watered and the soil is fertile.

Aired Chief.

The Kansas City News is in favor of the new law which makes it necessary for all persons over 21 years of age to register before voting. This will prevent the registration of persons of unsound mind.
