The newly established Kansas State University Mexican American Scholarship Fund has recently awarded two \$400 dollar scholarships to two outstanding Mexican American students; Teresa Guillen and Connie Ochoa.

The scholarship fund is designed to recognize those Mexican American students who have shown exceptional progress in academics and social activities in addition to financial need.

Teresa Guillen, a freshman in journalism and mass communications at Kansas State University has been an active member of MEChA for the last three years and is presently serving as its president.

While in high school Teresa organized a Latino Awareness Week and produced a film documentary on the Chicano. The film was shown at Manhattan High and Junior High schools, K-State, Penn Valley Community College, Wichita State University, and Hutchinson Community College. In 1977 it won the K-State film festival award.

In her senior year of high school Teresa had a grade point average (GPA) of 3.8 and her first semester at K-State received a GPA of 3.1.

She was designated as a Kansas Honor

student last year by the KU Alumni Association and by the Kiwanas Club of Manhattan.

Teresa is the daughter of Mr. and Mrs. Joaquin Guillen of Manhattan, Kansas.

Connie Ochoa is a senior at Bonner Springs High School and is ranked 18th out of a graduating class of 157. Throughout high school she has carried a grade average of approximately 3.6.

In the same year she was recognized as an honor student and probationary member of the National Business Honor Society. Ms. Ochoa was co-captain on both sophomore and junior varsity cheerleading squads and member of Pep Club each year.

As a senior Ms. Ochoa was chosen as president of the Spanish Club, secretary of the Senior class and a honor student.

She has been acknowledged by the National Honor Society; honorary member of the National Business Honor Society; and won an honorable mention in the Scholastic Art Awards held at Wichita.

Ms. Ochoa is the daughter of Mr. and Mrs. Elivario Ochoa of Ewardsville.

The Mexican American Academic Scholarship Fund has been established at Kansas State University by several Mexican American graduates of the University. It was approved on January 18, 1978 by the Executive Committee of the Endowment Association.

The main thrust of the fund is to support Kansas State University in its attempt to attract Mexican American students to the University and also to provide assistance to the Mexican American student organization, MEChA, in its goals and objectives.

Two annual scholarships in the amount of \$400.00 will be awarded to qualifying undergraduate Mexican American students attending or planning to attend K-State.

The graduates have also been instrumental in

organizing a K-State Mexican American Alumni Association with its principal focus being the scholarship fund. Those interested in further information on the scholarship can contact the following people.
