Somehow

» » » college is what students make it.

Just the old story about the world and its people. It takes all kinds of people to make a world, and all kinds of students to make a college.

The freshman associates himself with a "type" . . . usually. If he remains aloof from activities and associations, if he merely goes to classes, if he has queer hair, a bow in his neck, and a flat chest, he's a **BOOKWORM**. The elbows of his sleeves are usually shiny, but that is true of others too,

THE BOOKWORM

this year . . . for reasons.

THE AGGIEVILLE STUDENT

Some young people come to college to hang around Aggieville with the gang. **AGGIEVILLE STUDENTS** are not interested so much in courses as in loafing and throwing the bull and the coco-cola, the laboratory fee for which is anything from a nickel to two bits in the pocket and a "line". "C'mon, let's go to Aggieville"; "Where you going?" "Oh, down to Aggieville." The words ring through halls and along walks more times a day than the stock greeting, "Whaddayusay?"

THE BEAU BRUMMEL

Among the males in school a few wear immaculate clothes well, have poise, meet people enthusiastically, and get away to a flying start with gals. But there are risks. College engagements may eventuate in marriage. Sheiks may fall sickeningly in love with themselves. And Tea Boys

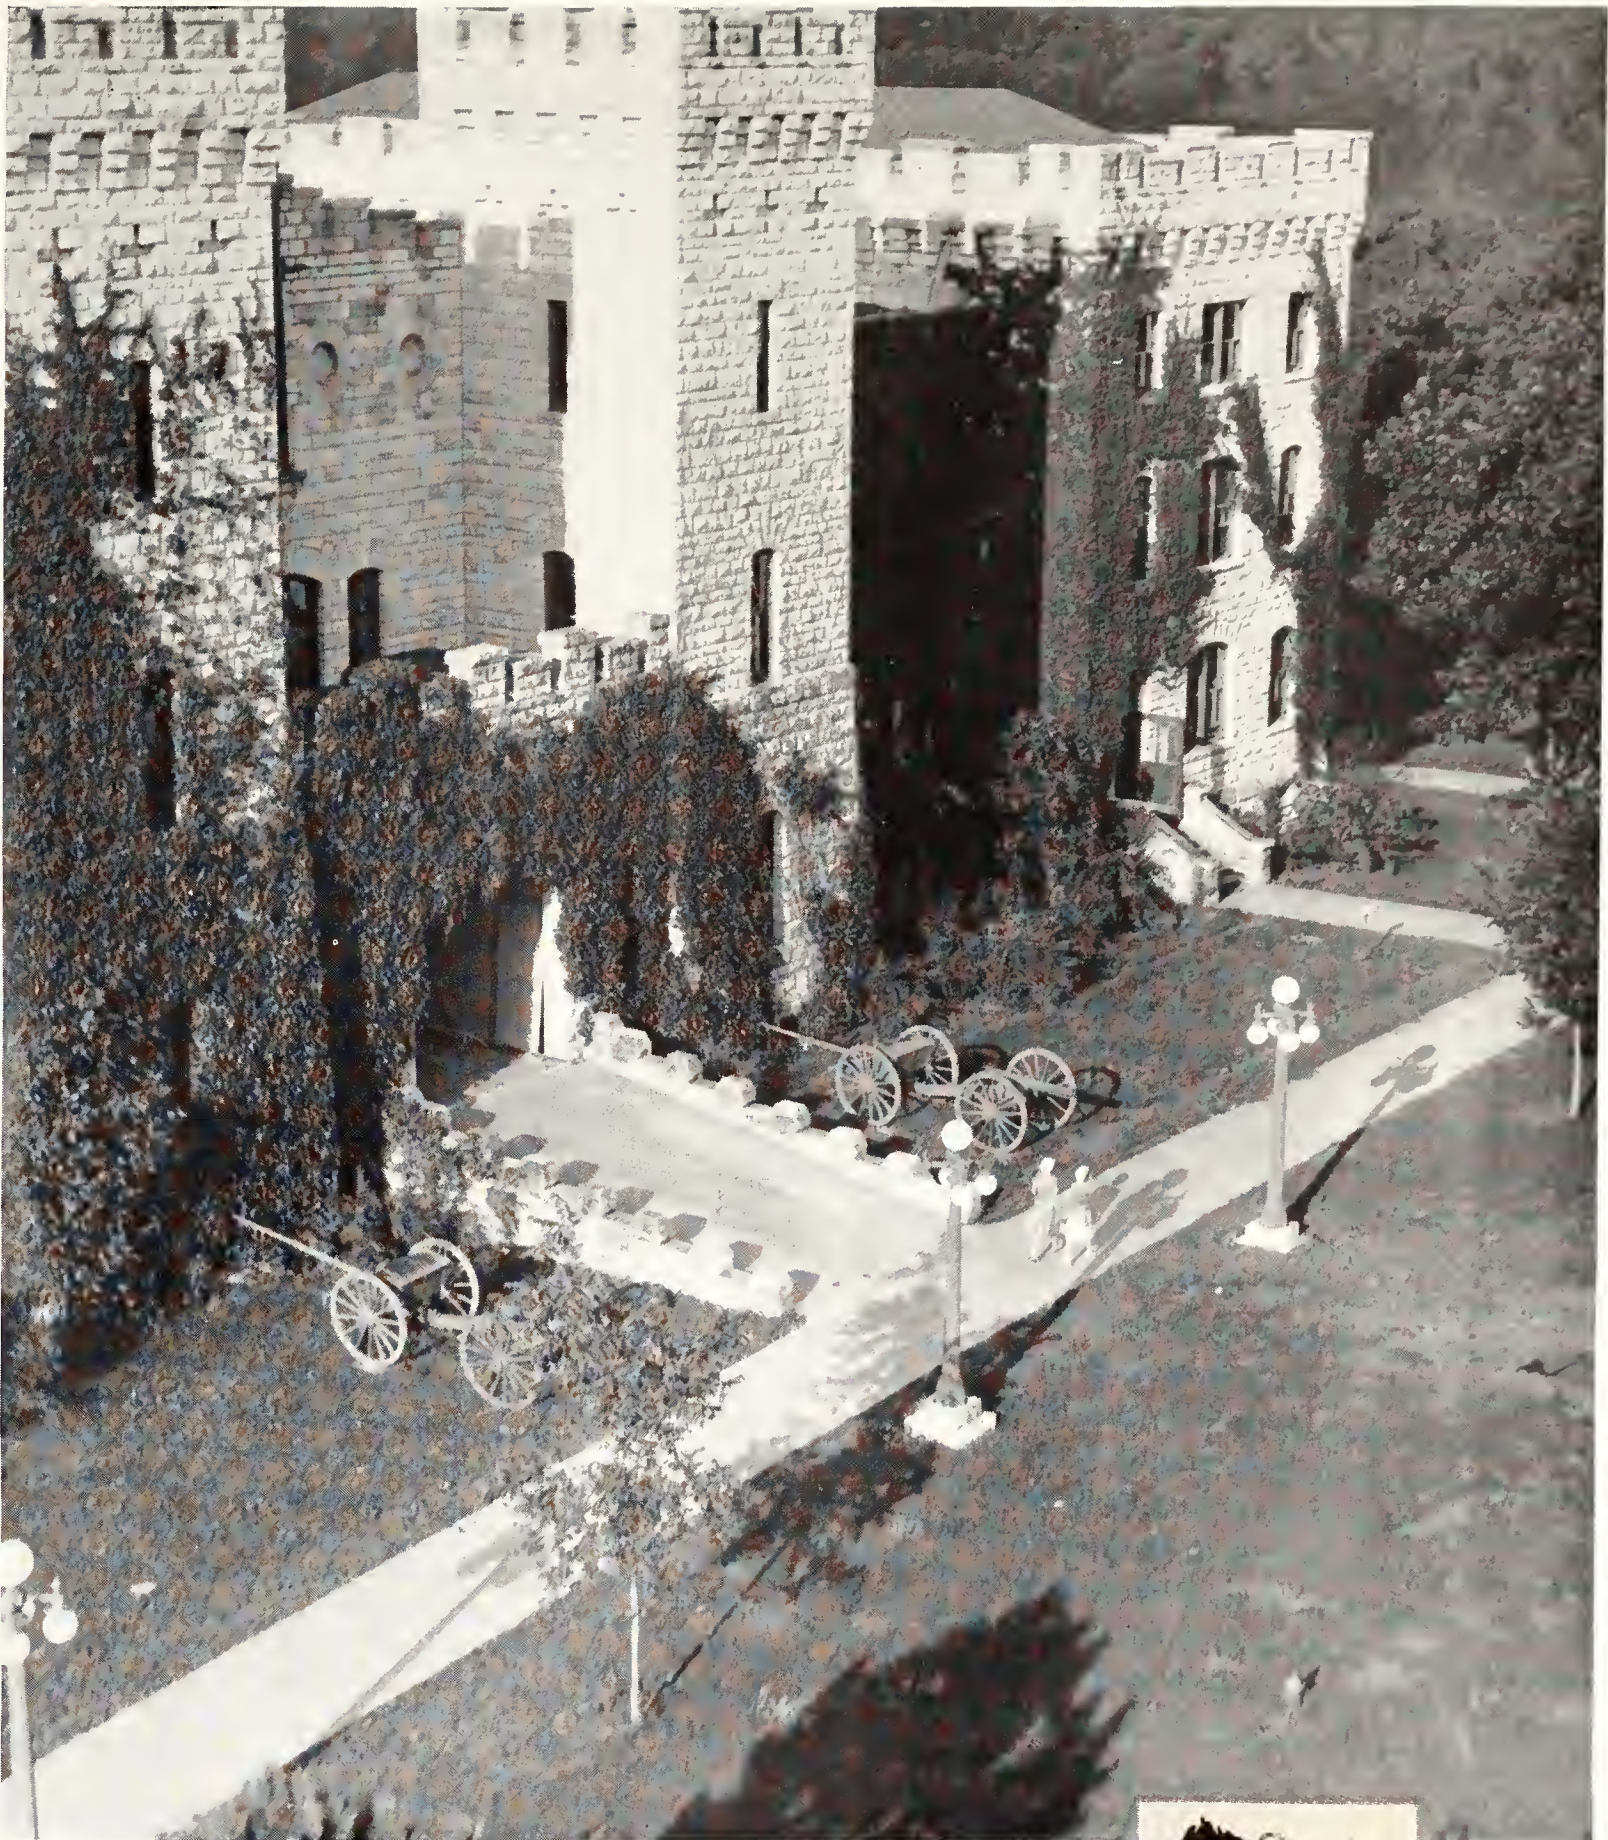

frequently go home with the enthusiastic permission of the faculty.

After every class from the first in the morning until the last in the afternoon, the **COKE-DATER** waits outside Recreation Center. The ultimate aim is to inveigle a boy-friend into a dash to a jelly-joint before the next class or before going home.

THE COKE DATER

IRLS can rate back in Homeburg without belonging to the best SORORITY or any old sorority, but at college they get picked

. . . and how! The poor thing who doesn't get in is out . . . with exceptions. Tears, heartaches, and despair over little of nothing. Laughter, elation and tears of joy over less. Ninety-eight per cent of them recover. » »

Social venter is the long cry of fraternal orders. FRATERNITY MEN know what is correct and proper even though they do not always demonstrate the fact. FRATERNITY MEN develop ability to get along with others, to fit in . . . or else.

THE SORORITY GIRL

THE FRATERNITY MAN

THE ENGINEER

THE AGRICULTURIST

THE HOME EC

ENGINEERS, planners, builders! Their faces are set. They're going to span something before they die . . . or fall in the creek. Look at that T-square! Look at that slide-rule! Look at that stride! Logarithmic, isn't it?

Learning the secrets of the soil, learning to multiply her treasures, learning to carry on in the old, old industry of supplying food. That's THE AG. Others scoff at his hard, cupped hands and mock his cow and hog-calling voice, but they eat the grub he digs up . . . the old national pantry.

Household management, foods, frosted cakes, white aprons. The HOME EC learns something about taking care of a family, a thing more women ought to know, especially before they have one. Students of today, both men and women, could learn more about what makes life tick. Home Economics could include a course in "learning how to live together profitably and enjoyably", and the course might appropriately be open to men as well as women.

Then there's the ever-popular MUSICIAN, always on the call. If he isn't playing for a crazy public, he is mobbed by his fellows. That is the real Musician. There are others, alas! If we followed our impulses . . . oh, well.

THE MUSICIAN

THE ATHLETE

THE CAMPUS HERO

Athletic life has grown to vast proportions. Being prominent in athletics is one sure way of getting one's name before the public. Three other reasons for going out besides using it as a step toward a career in the sports world after college are: the fun of it, the exercise, and . . . because fraternity brothers croon, "You look like AN ATHLETE, Joe. Go out for something."

There is the familiar, idolized CAMPUS HERO. He is the big shot on the hill. He stands with everybody. He speaks to everyone, whether of the same social group or not. He recognizes his friends and is not too busy or preoccupied to let them know it. Everyone knows him and he is proud of it, but he does not let it hinder his carriage or his school work.

The College RACKETEER is always on the job with a proposition. Smooth-talking, poised, quick thinker that he is, it behooves the average college student to consider well before acting with the Racketeer. With all the drives, freshman caps, and rush week, no new student is safe until his bank account is gone.

One blanket, one sack of (hot) dogs, one boy, and one girl . . . and off to Cedar Bend for the night, or a big part of it. No college career is complete until the student has spent at least one such night under the caressing starlight of sub-campus retreats.

THE RACKETEER

THE HIKERS

THE SCHOOL TEACHER

THE PROFESSOR

BK. 5. ATHLETIC

BK. 6. TALLYWHO

No college is complete without faculty types. Women are more often TEACHERS than professors. There is variety. Some of them are so hard the man student who takes the course must either be a genius, an athlete, or burn early morning electricity if he makes a grade. Again, there are others who cannot be excelled. Sensible, considerate of others, understanding, but firm and competent; real coaches to learning that is worthwhile and conducive to development. And there are others.

There are as many types of PROFESSORS as students. Old-fashioned minds working in the manner taught in the 'eighties and 'nineties; unprogressive, incapable of grasping more than the 1-2-3-4 points brought out in text-book treatment and interested no further; up-to-the-minute, broadminded thinkers and doers, men who grow with the world. What a contrast! And between these, all grades. » » »

And the EDITOR looks on, trying to mold his campus folk into morally strong, right thinking citizens in spite of instructors who create tendencies in other directions, throwing the old searchlight on unprincipled and unscrupulous immaturities and unwonted sophistication alike; binding together into one unified student body the domINEERS, the AGonized, the GENERAL Sufferers, the Healthy Esthers, the VESTed Malefactors, and the GRADUATED STUmblers.

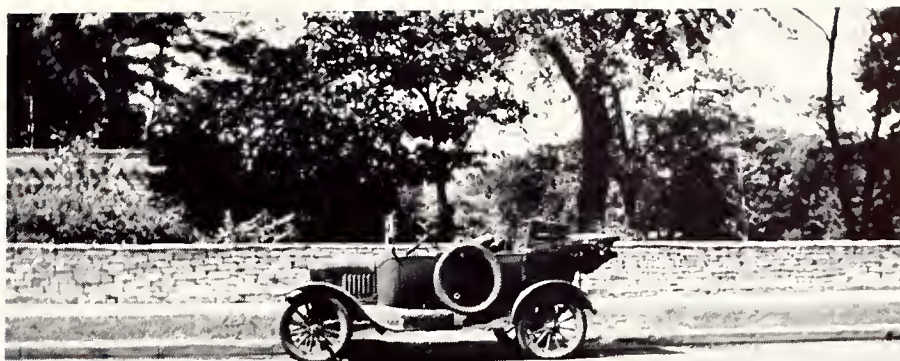

THE EDITOR

The Editors

The home of President and Mrs. F. D. Farrell, a leafy haven in summer, a sheltered nook in winter.

Fall registration . . . Henrietta has come to college . . . rushers waylaying intelligence tested rushees.

"Greetings" at the Sig Alph house . . . rushing freshman tests again . . . salesmen stalk the registration floor exit.

Is this a bunch of 4-H clubbers or Alpha Gamma Rhos? . . . Presbyterian young folk cease picnicking to pose . . . 4-H club people gather on the south steps of Anderson . . . the Wildcat.

Tod Colwell goes out to Sunset once in a while. He always goes alone except for someone with a camera to take his picture . . . fall in Sunset (two views).

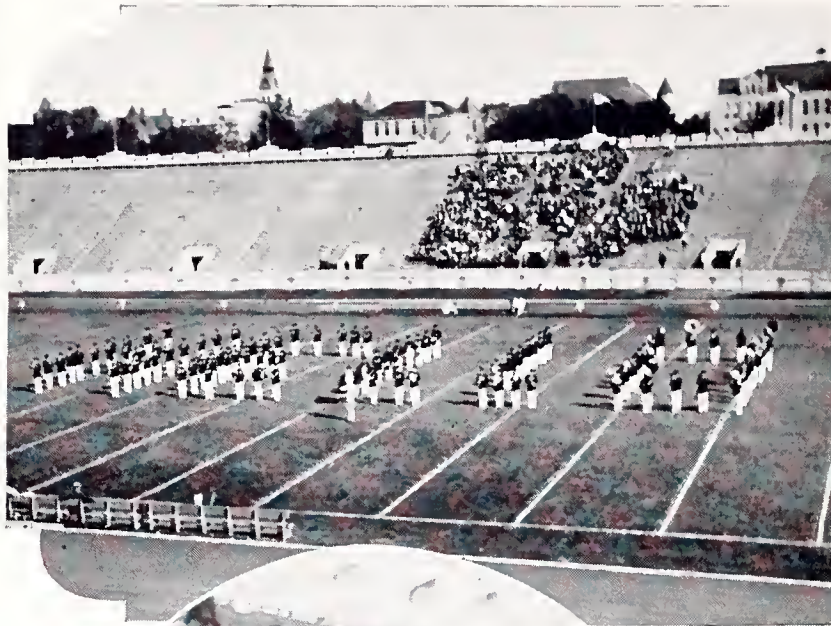

Freshman paddle line.

And we beheld three maiden fair,
Lying in the valley there.

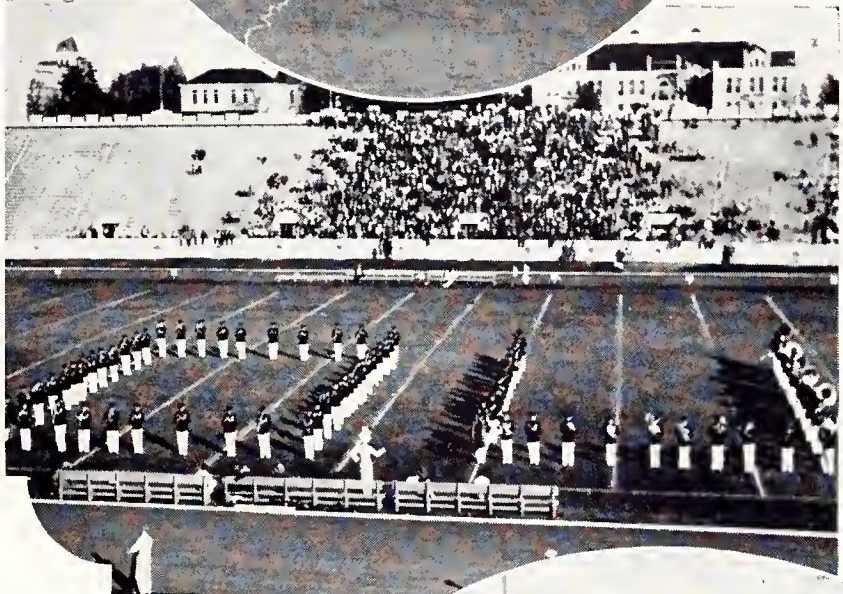

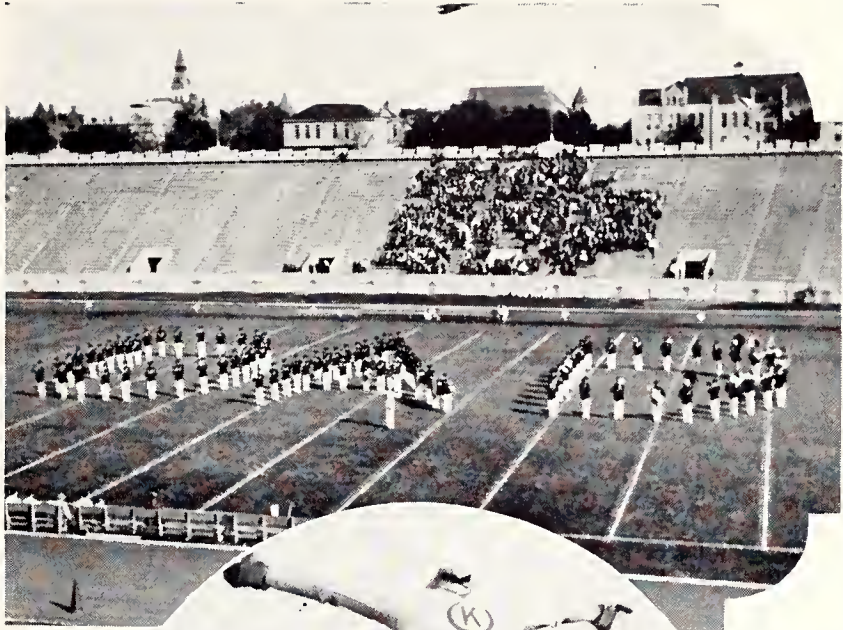

Off to the country . . . Sunset
. . . more paddle line . . . and
the Y. W. walk-out.

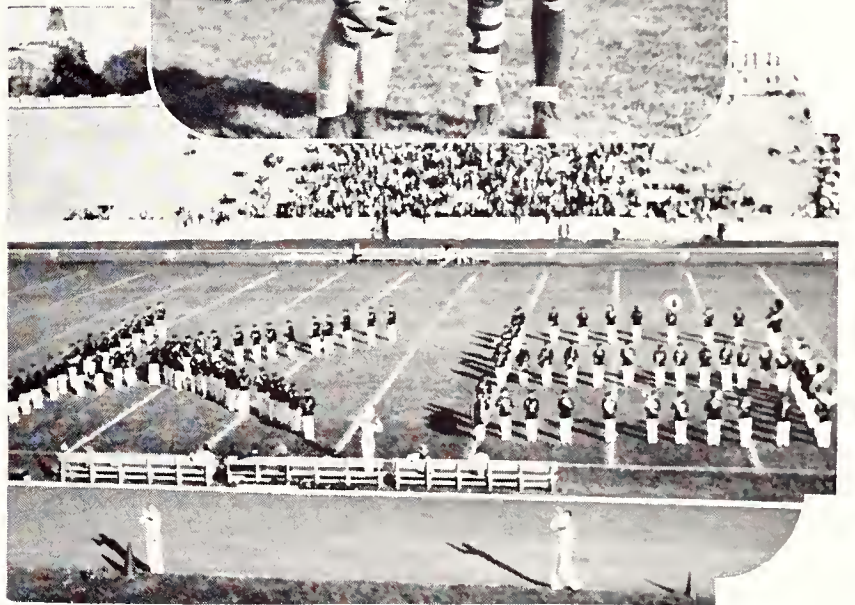

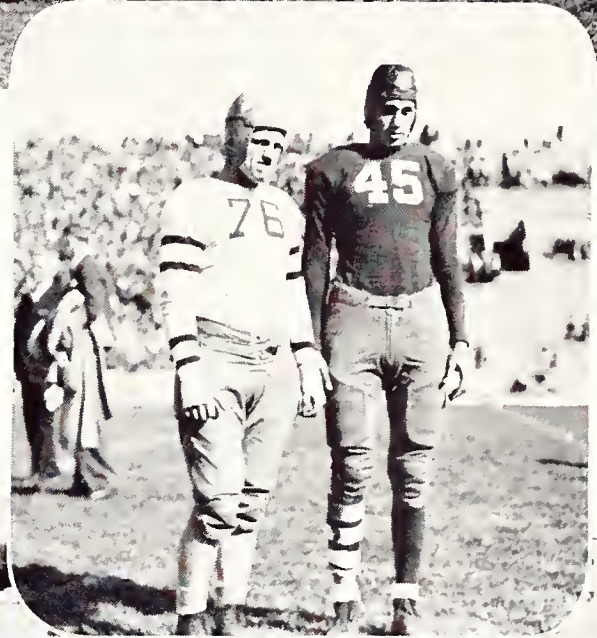

Governor's salute . . . band says "Hello". . . Sergeant Pugh, answer to the football scoreboard question. . .

Kappa pledges attend a game . . . Nebraska game crowd . . . home from West Virginia . . . President Farrell and Chancellor Lindley observe the K. U.-Aggie game.

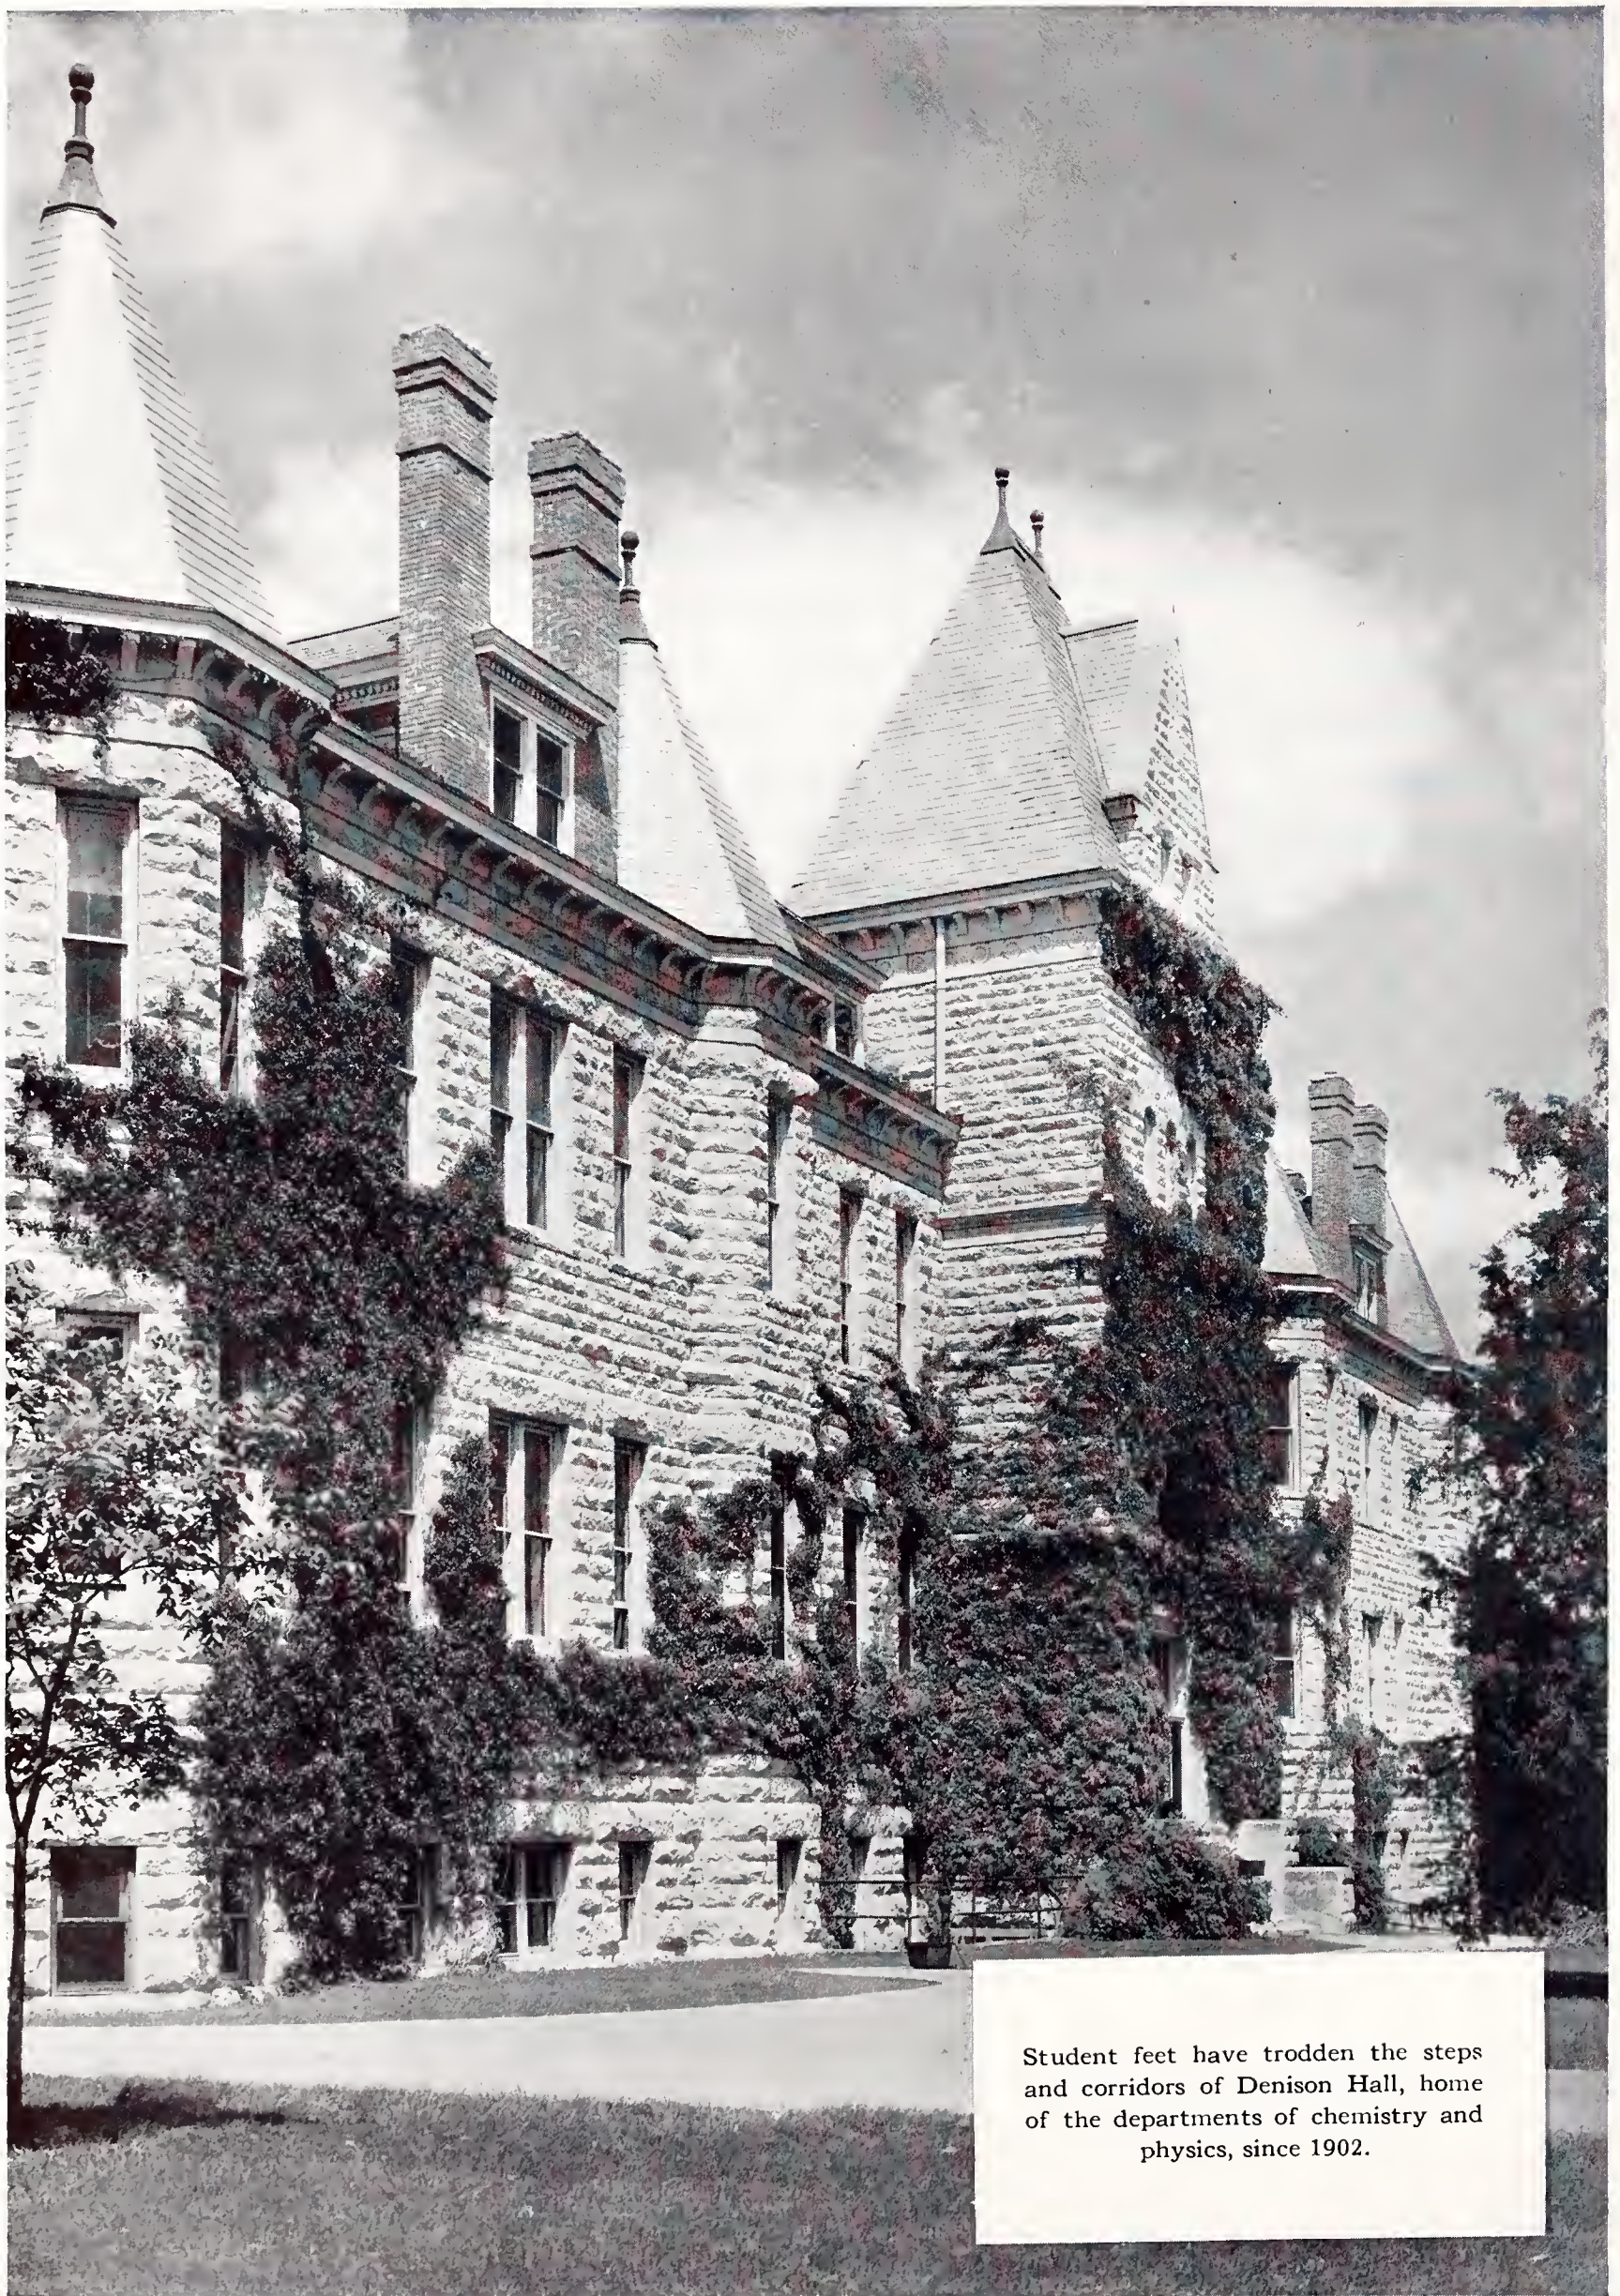

Cronkite evidently is not the only outstanding end on the team . . . Mrs. F. W. Boyd accepts the Governor's cup for K. S. Alumni at the K. U.-Aggie game after winning the alumni membership contest between the two schools.

The band struts its stuff . . . Cronkite meets K. U.'s captain before the big game . . . Dick McCord does a "flying squirrel" for the cheering section.

Student feet have trodden the steps and corridors of Denison Hall, home of the departments of chemistry and physics, since 1902.

Marion Kirkpatrick and Ruth Silkenson, best costumed couple at Co-ed Prom . . . Fincham and Edlin of Van Zile Hall return from picking greens . . . Farm House frogs.

Johnson of the Phi Tau's in typical pose . . . Wilbur Combs, Bartlesville, Okla. and Leona Follett, Manhattan, high ranking freshmen in annual fall intelligence tests . . . Carl Martinez in native Indian costume.

Cosmo Club Thanksgiving dinner . . . Intersociety dance . . . Delt formal . . .

Kappa Sig kid party . . . band sponsors one in Rec Center . . . and the Pi K. A. Corn Jigger (notice smiling countenance of Max Fockele in left foreground).

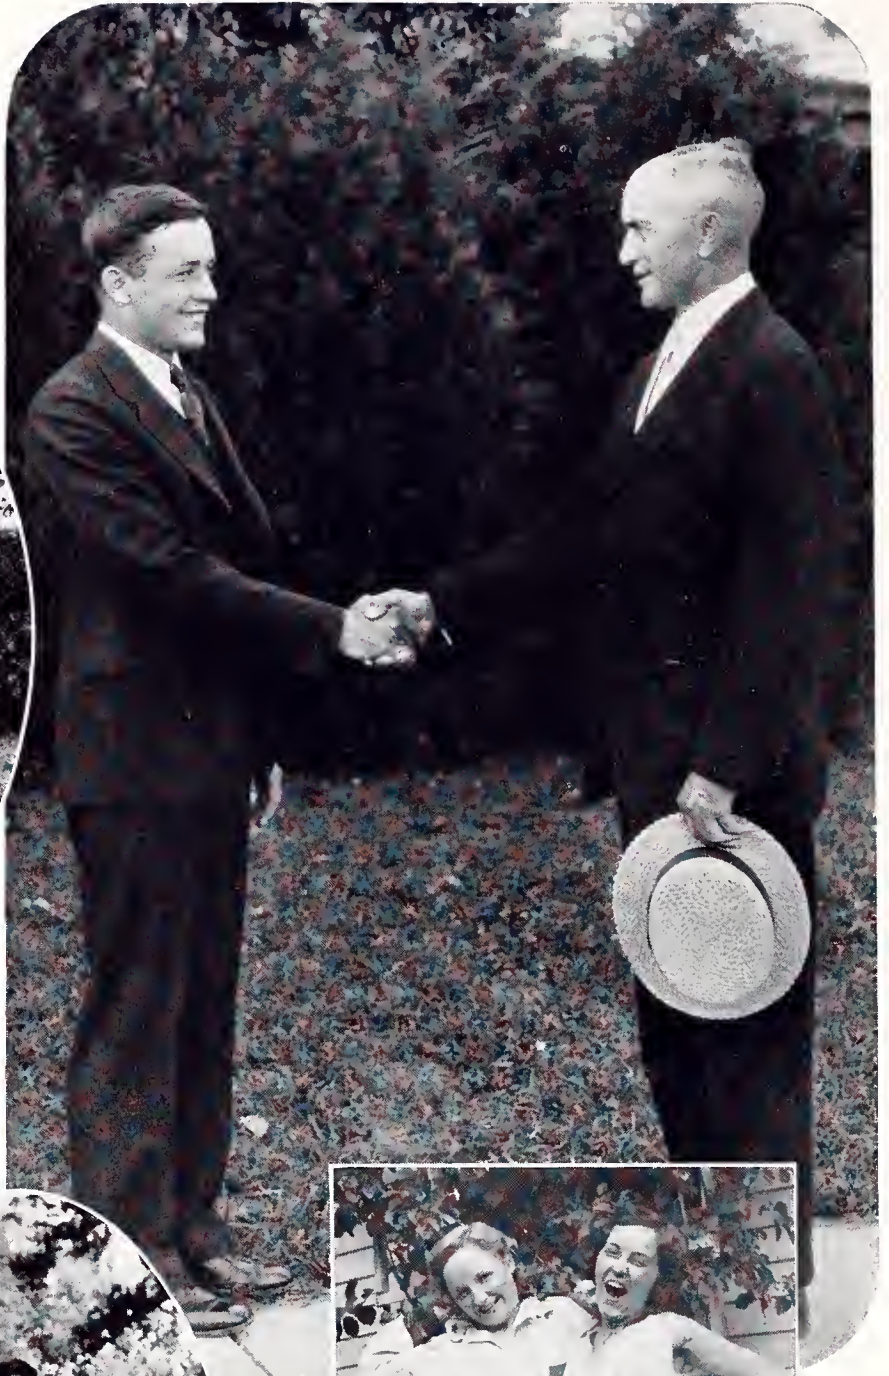

Theta Xi installation ball . . . Murt Makins, Eugenia Ebling and Milt Ehrlich with the Crook at the Junior-Senior Prom. . . Demure little Ernestine Putnam on the right, gave a dance for the folks.

Confetti-carriers at the Alpha Delt formal . . . Freshman Women's Panhellenic . . . the Co-ed Prom, ladies all . . . and the Ags at their Barnwarmer.

The Beta Phis pull a lawn presentation . . . and the preacher . . . prexy meets prexy when Dr. Farrell shakes with Adolph Hraba of the student council . . . Ethel Eberhart and Mary Alice McCreight were judged the couple with best dancing form at Co-ed Prom.

Alvin Croke attended military camp last summer . . . Lura Larson and Verna Eveleigh are the yawners . . . Herman Zabel, 14 year-old freshman in Chemical Engineering.

The Auditorium, scene of Manhattan Little Theater plays, student assemblies, pep meetings, and many other campus activities.

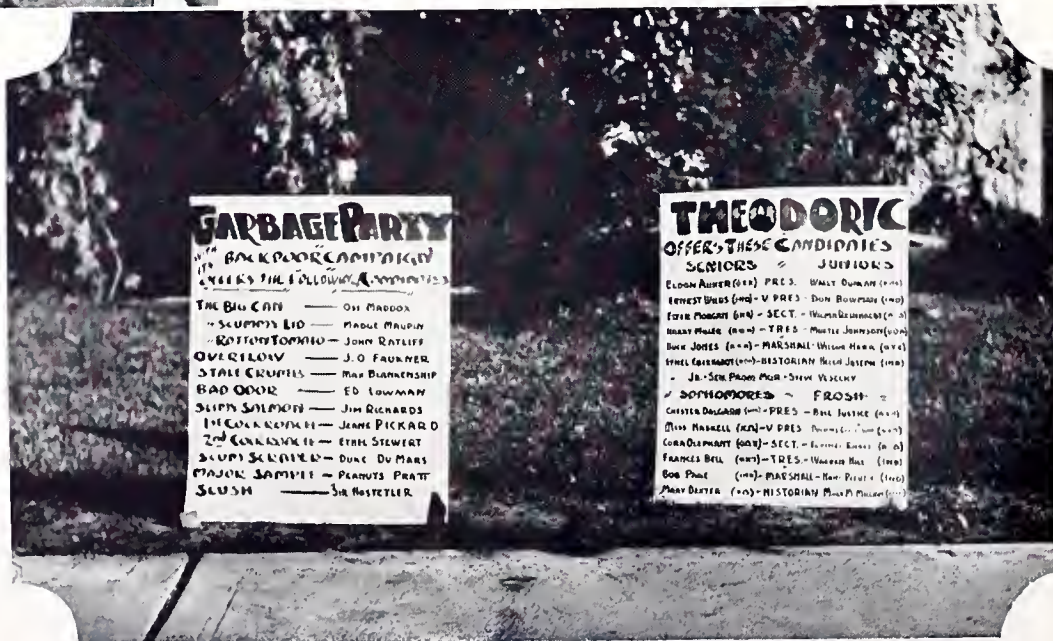

Sigma Tau pledges . . . "K. S." gets its annual bath. . . Sig Ep morning exercise porch. . . Kappa Sigs add usefulness to the lowly barrel.

Dairy Club initiates perform.

The mock ticket and the Theodoric ticket in the fall class election.

The Agronomists and the Ag Economists settle disputes in football . . . Lambda Chi house . . . three Sig Eps treed . . . Vox Pop ticket for the fall election.

Would-be pastors at volley ball behind the Bible College . . . Dairy Club initiates get breakfast in front of Anderson . . . Scabbard and Blade hell-weekers attract attention.

The library . . .

Down the walk east of Fairchild . . . across the green to Education Hall . . . look down! from the northwest corner of the auditorium.

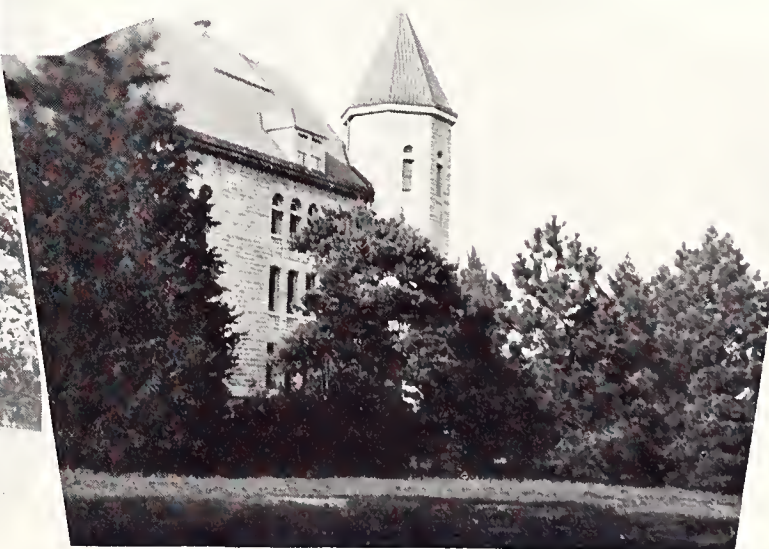

Aw! you know all these places.

The Gym . . . steps south of the greenhouse near the formal garden . . . Bluemont walk twice. . .

Fairchild Hall at night from the auditorium.

Vattier entrance to the campus . . . and Fairchild hall from the southwest in winter and in summer.

Sig Ep depression party . . . Faculty Washington's birthday party . . . Military Ball . . . Hooley varsity (remember that dance?) . . . and Mud Rhoades presents Louise Coleman the Sweetheart's corsage.

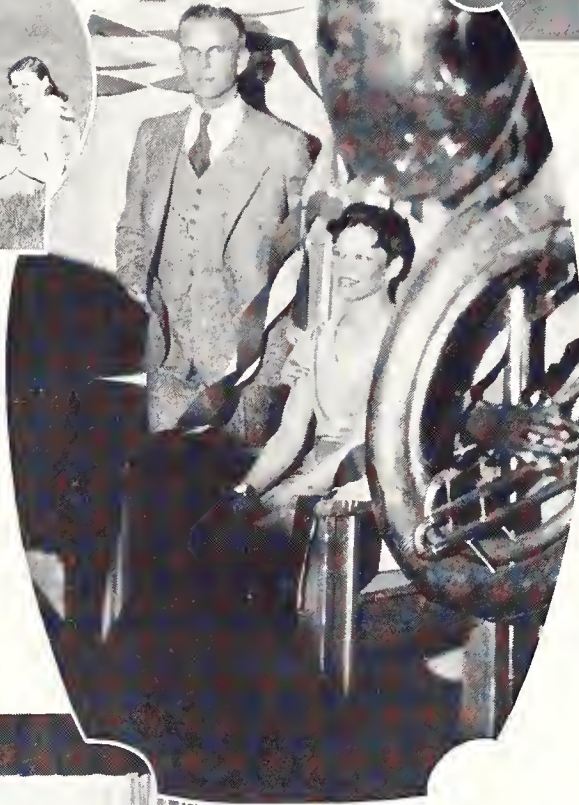

Beta Pig Dinner.

The Beauty presentation and the Phi Tau party.

Engineers' doings . . . last spring's Passion Players . . . St. Pat and St. Patricia . . . Phi Omega Pi Aggie Pop Stunt . . . Little American Royal . . . and Wampus Cat initiation.

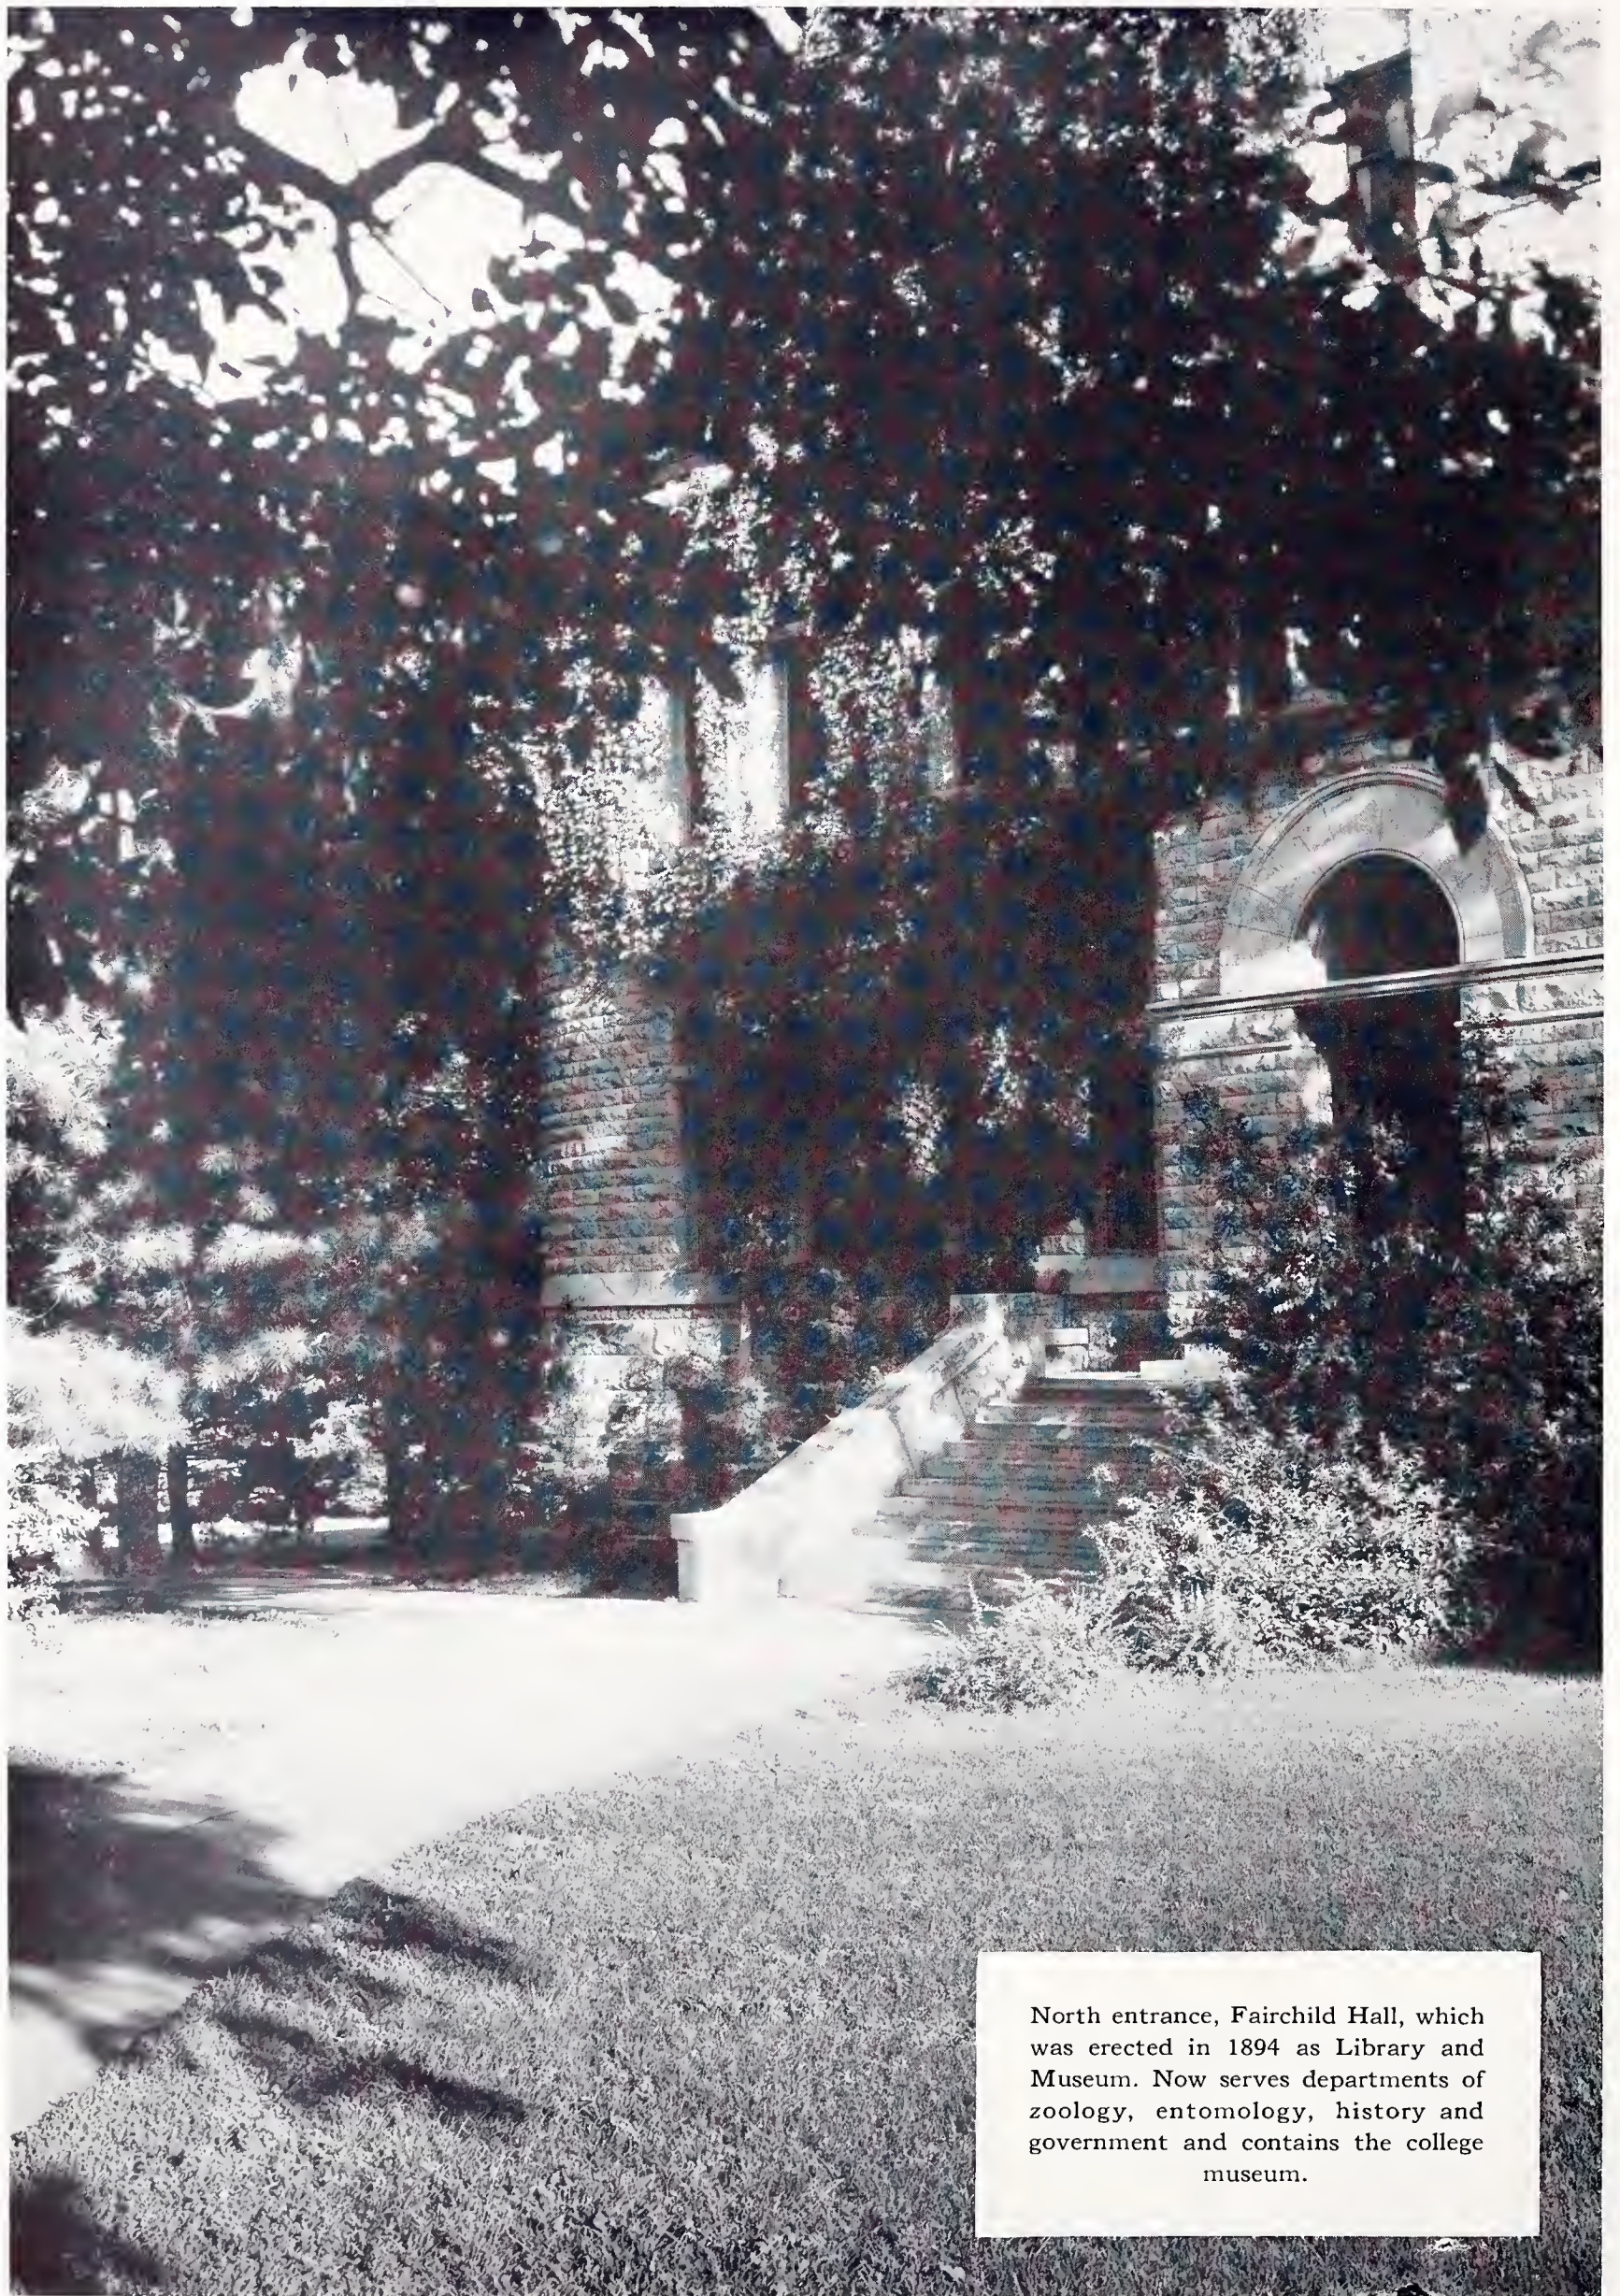

Delta Sigma Phi Sailors' Ball . . . Ag Fair dance . . . Aggieville cops . . . How in the hell did this same Sig Ep picture get in here again? Phi Sig party . . . Leap Year varsity staggette line . . . Ray Spence, head cheer leader . . . and the Alpha Xi party.

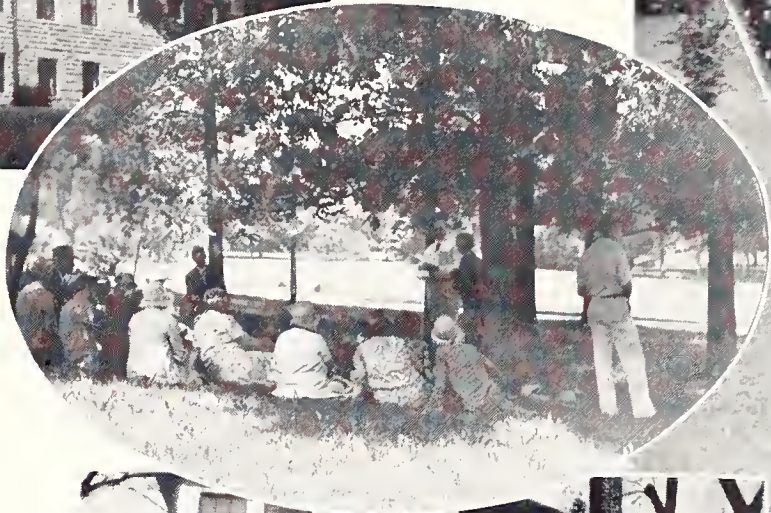

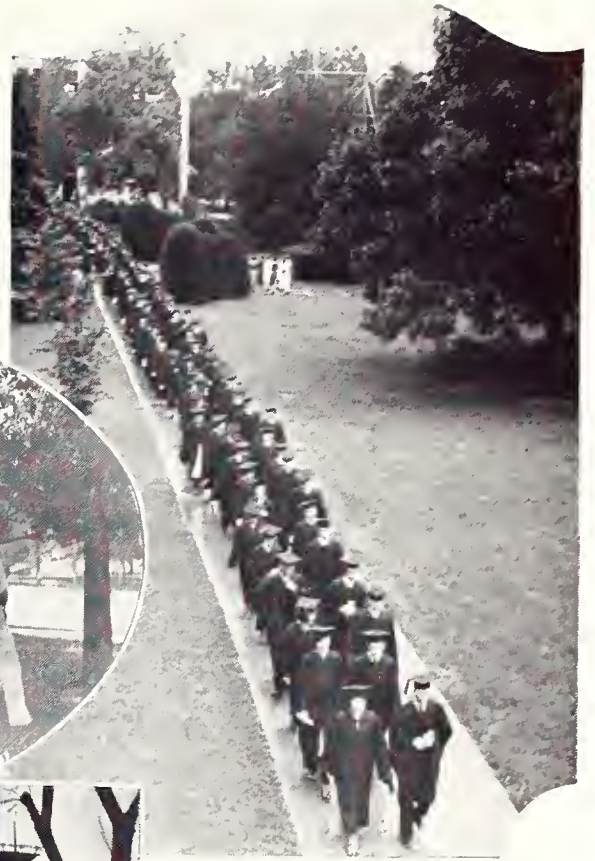

Mostly hell, this . . . "K" fraternity put on a great show this spring. Look at 'em, then look at 'em some more . . . down in the lower right is a picture from last spring's "K" activities that was never used before . . . and in lower left the Phi Mu Alpha boys stood up for us last spring, too.

North entrance, Fairchild Hall, which was erected in 1894 as Library and Museum. Now serves departments of zoology, entomology, history and government and contains the college museum.

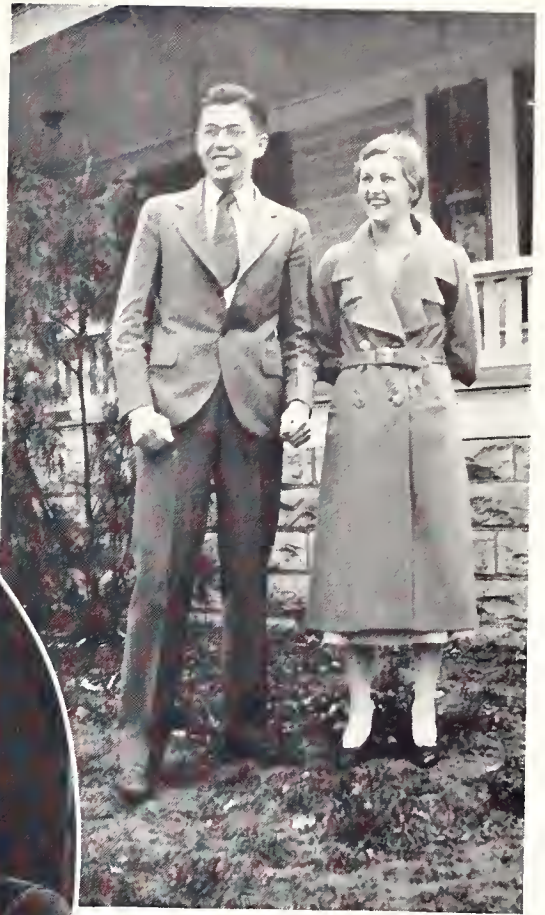

A former graduating class reunites . . . commencement procession . . . Alpha Rho Chi house homecoming decorations . . . in lower left, we were on our way home from the K. U. game so we didn't mind so much, but it was a wild ride . . . and at the right, bottom, in case you've never found it, is the college hospital.

Mary Myers Elliott and baby . . . In Sunset—la, la . . . a couple of dorm goils . . . one Pfuetze leads the university yellors while his brother eggs the Wildcats on . . . X-Horseshoe gals (two) . . . Dick West . . . Looks like an early entry at the KD house, but . . . Yum, Yum . . . the business manager and Vera Smith take in the game at Ames.

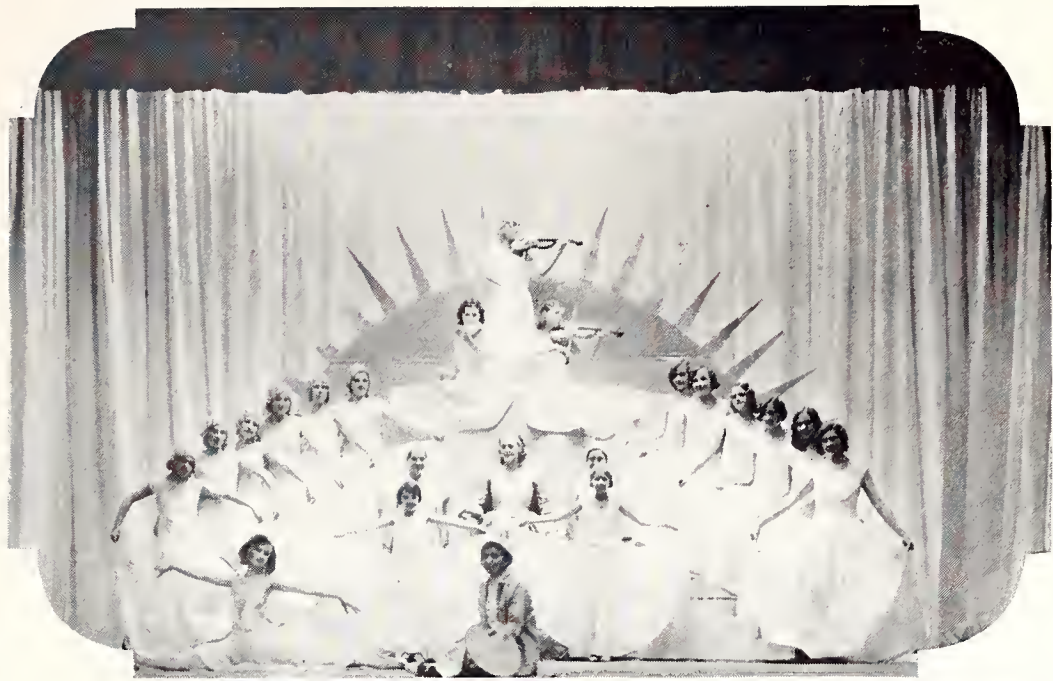

Studying? . . . This page is dedicated to a few of the Beta Phi Alphas and others, a couple from the TKE house, little butterfly Keith B. Dusenbury, and . . . say notice the happy smile on Izzy Porter's face. This is a picture of her happiness when she got home after her first stay away from home when she started to college.

The girls say Chi Omega . . . The Alpha Xis line up . . . and the Chi Omegas perch on their porch rail . . . the plus four from the Phi Sig house . . . just more students, Farm House, Kappa Delt, Beta Phi Alpha, Phi Lambda Theta and POP's.

By grab! If we didn't get another print of that POP stunt in here! . . . a bunch of Kappa Sigs play filling station up at the Tri-Delt house . . . Enchiladas hell-weekers and a perching party out in the park . . . well, we'll have class outdoors, then . . . Oh, the moonlight's fair tonight . . . some Alpha Delts . . . a couple of Delta Sigs . . . and the leading lady in the Ag Fair Follies (Glen Fox).

Last year's military inspection and honorary cadet officers . . . the 4-H convention last spring . . . the wrestlers who went to Rhode Island last year . . . those high-life engineers who inspected various things including Kansas City.

Power and Light building, erected in
1928, at a cost of \$375,000.

EXECUTIVE

RE-DONNING CAPS, GOWNS,
HOODS . . . RECALLING OTHER
COMMENCEMENTS . . . FAC-
ULTY PRECEDES ANOTHER
CLASS TO ITS DEGREES.

Dr. H. H. King, head of the department of chemistry since 1918, is the students' ideal faculty type. He has been with the college since 1906. "Doc" is keen, genuinely friendly, conscientious. Students do his assignments because they want to and like to.

The President

POISE and dignified reserve characterize President Francis David Farrell, head of Kansas State college since 1925. But humor and an engaging frankness crop out from time to time in his associations, in an occasional chapel announcement and, according to his closest friends, on the golf course.

President Farrell was born in Smithfield, Utah, on March 13, 1883. His alma mater is the Utah State Agricultural college, which he left in 1907 with the degree Bachelor of Science.

“Who’s Who” records the Prexy’s first job as being a scientific assistant in cereal investigations of the United States Department of Agriculture. In 1910 he accepted an associate professorship in irrigation and drainage at the University of Idaho. After a year there he resumed his work with the U. S. D. A., and until 1918 he was concerned in the government’s irrigation investigations and reclamation projects.

In 1918 President Farrell came to Manhattan as Dean of the Division of Agriculture and director of the agricultural experiment station, a position he held until 1925, when he became president of the college. It was in 1925 also that he received an honorary degree from the University of Nebraska—Doctor of Agriculture.

President Farrell is a great reader of old books and biographies, and has a fine background in the classics and worthwhile things of older books. He keeps abreast with the best in modern literature, too. His ability to quote from sources that some might consider “pretty deep” and abstract has amazed his associates. Reading is, in fact, a hobby with the Prexy—an indoor hobby. Out-of-doors he hobbys in golf.

The Vice-President

J T. WILLARD has been vice-president of the college since 1918, and was Dean of General Science from 1909 to 1930. He was Professor of Chemistry from 1901 to 1918. He took his B. S. in 1883 and his M. S. in 1886, both from Kansas State Agricultural College. He attended Johns Hopkins university in 1887 and 1888, then returned to his alma mater where he took his D. Sc. in 1908.

He was assistant in chemistry from 1883 to 1887, and Assistant Professor of Chemistry from 1891 to 1896. He became an Associate Professor in 1896. In 1897 he became Professor of Applied Chemistry and held that position till 1901. From 1888 to 1897 he was Assistant Chemist, and Official Chemist during 1897 and 1898.

He was director of the Agricultural Experiment Station from 1900 to 1906, and was vice-director from 1907 to 1918. He is a member of the American Chemical Society, a fellow of the A. A. A. S., and a life member of the Kansas Academy of Science.

The Doctor was born near Wabaunsee on April 9, 1862. He enjoys vacationing in summer in the mountains of Colorado, where he has a cabin at Green Mountain Falls. He also enjoys "puttering" in his flower garden.

Doctor Willard has a reputation for being tough with students, but is only conscientiously striving for the student's good. He is pleasant to talk to, but not effusive during office hours. Get him in a crowd, though, and he is a good go.

The Registrar

MISS JESSIE McDOWELL MACHIR came to Manhattan as Registrar in September, 1913. Previous to this appointment she had been assistant for three years to George O. Foster, Registrar of the University of Kansas.

Attending a country school not far from Lawrence and then graduating from Lawrence high school, Miss Machir pursued the hobby of her early life, music. For several years most of her time was spent in the study of voice.

Financial means being lacking, she started on her career as a business woman. "Having to abandon music as a lifelong hobby, I find that my greatest interest now is centered in my work and in getting into the lives of students in a constructive way, in order to help them over hard places when there are times that I can do that thing," Miss Machir said.

"Years full of interest, experience and happiness have been spent in Manhattan, which I adopted as my home town when I came here, although Lawrence had been the stamping ground of my family and myself for many years," she said; then added this bit of philosophy, "Happiness is not in external things, it is within us. I find life a mighty worthwhile thing."

Dean of Women

DEAN MARY PIERCE VAN ZILE assures one she is a Kansas girl, though reared in Iowa. She was born on a Dickinson County homestead which her father obtained as a veteran of the Civil War.

She attended the public schools in Winfield, Iowa, then was sent back to Manhattan to take her college work. She studied two and a half years here before, and she smiles as she remarks, "romance interrupted education," and she married a graduate of this school.

Her husband lived only six years. His passing left her facing life with two sons to care for. She returned to Iowa and finished her undergraduate work at Ames, receiving a Teacher's Diploma in Home Economics in 1904. She spent the next four years in Chicago teaching in a North Shore Suburban high school.

In 1908 Mrs. Van Zile came to the Kansas State Agricultural College as a professor of domestic science. The following year she was made Dean of Home Economics when the college was re-organized into divisions. In connection with this office she was made Dean of Women in 1912 and in 1919 the duties of this office became great enough to require all her time, so that she gave the home economics division into other hands and since has served the college as Dean of Women. She has also obtained a Bachelor of Science degree from this institution, in addition to her other work.

One's memory of Dean Van Zile is specially colored by her genial and gracious manner. There is a particular charm in her dignity. Her beautiful white hair is a most striking characteristic and somehow lends additional kindness to this woman who says, "Joy in living centers in the discovery that the ordinary things in life have within them great possibilities, that there is in every one something permanent, undefeatable, a personality or spirit that will live on in the minds and hearts of associates long after one is gone. The joy and challenge for me in living is and has ever been to make that personality a thing of beauty, honesty, intelligence, and order."

Everywhere the Dean goes she finds students who have at one time or another since her stay here attended this college, and her pleasure at their quick recognition and approach cannot be concealed. Then she wonders that so many of them remember her.

Adviser to Men

DR. A. A. HOLTZ is genial and willing to help, and takes a personal as well as professional interest in helping the boys. He has been secretary of the Y. M. C. A. since 1919, when he left the army. In the spring of 1920 he was given the official title, "Adviser to Men and Secretary of the Y. M. C. A.", and has held it since.

He has been Assistant Professor of Sociology and Economics four years, and is an assistant football coach. The college lacked a head coach in the spring of 1920. "Doc" put the varsity through spring practice and next fall took up his present work with the freshman squad.

"Doc" took his B. A. from Colgate University in 1909, then went to the University of Chicago for an M. Ph. in 1910, B. D. in 1911, and Ph. D. in 1914. While at Colgate, he lettered in track and got a reserve letter in football.

From 1914 to 1918 "Doc" was Director of Religious Education for the Baptist denomination, with headquarters in Milwaukee. In 1918 he joined the army and was chaplain of the 85th division, holding ranks of first lieutenant and captain.

The Adviser to Men is pretty busy, but likes to spend some time reading. He likes works on social service, so has no favorite author, but reads what applies to the question he has in mind.

"Doc" was born April 11, 1884, in Troy, N. Y. and spent his childhood there.

ADOLPH HRABA, President

S. G. A.

UPON payment of the five-dollar activity fee at the beginning of each semester, every student becomes a member of the association and is entitled to a vote in that body.

The council, executive group of the Student Governing Association, acts officially upon routine matters of student activity and upon questions of discipline in coordination with the Faculty Council on Student Affairs and the president of the college.

Members of the council are elected each April for the following year. Nominations for councillors are made by getting twenty-five endorsees for each person desiring nomination. From those thus nominated a ballot is made and presented for the vote of S. G. A. members. The seven candidates receiving the highest number of votes are declared elected. These seven elect from their own number the officers of the council.

Vivian Albright, Barbara Brubaker, P. E. Fairbank, Adolph Hraba, Will M. Myers, L. A. Pratt, and E. S. Sullivan were the council for 1931-1932.

Publicity

PUBLICITY for the college, outside that handled by the extension division, is largely in the hands of four men. R. I. Thackrey and F. E. Charles write for news services and use all the college news, sports, features, and general stories. They are the men who see that "the old home town" hears about students and the big things they do while away at school, and they handle special correspondence for New York, Denver, and other distant papers.

If you have ever listened to radio broadcasts of Kansas State athletic contests, you are familiar with the voices of H. W. Davis and Fred Seaton. Davis also writes the "Sunflowers" column. Seaton writes sports and does a large share of miscellaneous announcing over station KSAC.

Radio Station K.S.A.C.

YOUTHFULNESS best characterizes L. L. Longsdorf, Extension Editor and Radio Program Director for Kansas State college. Coal black hair, brown eyes and a flashing smile all impress one in his appearance. And there is such a suggestion of pep, energy and drive!

He was born in Arkansas . . . Arkansas, Wisconsin, not very long ago. And it was from Wisconsin University that he received his A. B. degree in 1925. In college he majored in journalism, specializing in advertising. In his first year there, Longsdorf was a student in an engineering mathematics class taught by Rodney W. Babcock, now dean of the General Science division here.

He received a Master's degree in 1926 and went into the advertising game. At first his radio work was only a hobby, but eventually radio advertising resulted in his being brought to Kansas State (July, 1927) as radio program director.

He is a member of Sigma Delta Chi, men's professional journalism fraternity, the Officer's Reserve Corps, and Farm House social fraternity.

He is extremely fortunate in that his hobby has become his business. Longsdorf is a man who really enjoys his work.

Alumni Association

KENNEY FORD knows Kansas State from the viewpoint of a student, an alumnus, and a quasi-faculty member. He entered K. S. C. in 1916 at the age of twenty. In the spring of his freshman year he volunteered for U. S. army service in the World War, and saw sixteen months of active service in the Aisne, Marne, and Verdun sectors. After his discharge in 1919 Mr. Ford returned to his home in Nemaha county, Kansas, to farm. Two years later, in 1921, he reentered Kansas State. This time he finished his work and was graduated from the division of agriculture in 1924.

Mr. Ford's genuine friendliness, as well as his ability, made him a very popular teacher in the Norton, Kansas high school. He taught vocational agriculture in Norton until he accepted the position of Alumni Secretary at Kansas State in 1928.

Mr. Ford's ready smile and his cheery "Hello" are valuable assets to anyone who deals with many different types of people. He is keen-minded and interesting.

Mr. Ford is a member of Acacia, Alpha Zeta, and Phi Delta Kappa fraternities.

Dean of Summer School

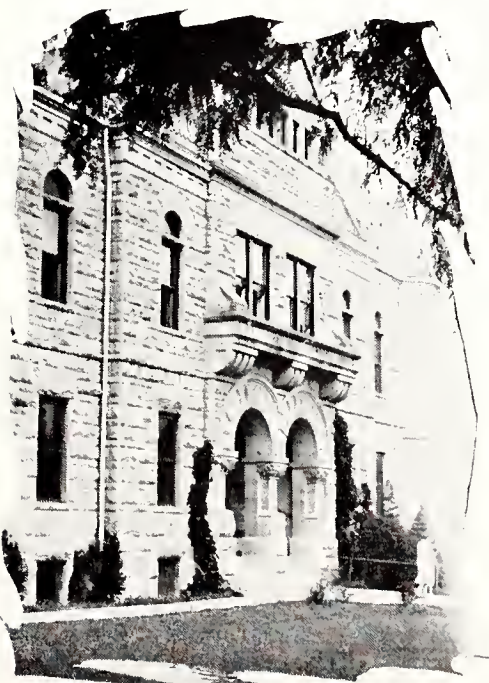

EDUCATION has been the very center of life for Edwin Lee Holton, born in Scott County, Indiana, December 15, 1876. As a student he attended Indiana State Normal from 1896 to 1900, received an A. B. from Indiana University in 1904, studied at Columbia 1909-10 and 1916-17, at the University of Paris in 1919, and returned to take his Doctor of Philosophy at Columbia in 1927.

Between times he has been associated with educational work from the administration side. He served as principal of the township high schools of Henryville and Lapel, Indiana, and superintendent of schools at Holton, Kansas, until 1908. He was Supervisor of the Industrial Schools, New York City, 1908-09 and professor of education and Dean of the Summer School here since 1910. In 1925 and '26 Mr. Holton was Director of Farm Project Instruction at the University of Minnesota.

During the War service found Mr. Holton Deputy Commissioner of the American Red Cross in France. He had charge of re-education and rehabilitation of disabled U. S. soldiers and sailors in France, and with the rank of major in the U. S. Army he represented the U. S. Government as a member of the Inter-Allied Committee on Re-education and Rehabilitation of war-disabled men.

Dean Holton is a member of N. E. A., the American Association for Advancement of Agricultural Teaching, the National Society for Vocational Education, the Society for Promotion of Engineering Education, the Society of College Teachers of Education, the American Sociology Society, Phi Beta Kappa, Phi Kappa Phi, Phi Delta Kappa, Pi Gamma Mu, is a Progressive Republican, Methodist, Mason, member of Manhattan Country Club, Rotary, Kansas Schoolmasters' Club, and Kansas Authors' Club. He was president of the Kansas State Teachers' Association in 1923, and Governor of the Eighth District of Rotary International, 1930-31.

W. H. ANDREWS

Dean of Extension

HARRY H. UMBERGER was born September 27, 1881, at Hymer, Kansas, and in 1905 received a Bachelor of Science degree from K. S. A. C. He went immediately to a position with the U. S. D. A., as Scientific Assistant in the Bureau of Plant Industry, spending part of the time in Texas and the remainder in Oregon until 1911, when he returned to Manhattan to take a position in the Agronomy Department here through 1911 and 1912.

In 1912-13-14 he farmed in Chase County. Although keeping his interest in the Chase County farm, Mr. Umberger again came to K. S. A. C. in 1915 and until 1919 was demonstration and county agent leader for the college.

From January 1, 1919, to June 30 of the same year he was acting director of extension and on July 1 he became director of the work, a position which he now holds as Dean of the Extension Division.

The Dean is particularly friendly to young people and enjoys their company very much. This perhaps accounts for the youthful appearance of this genial fellow who finds time to golf a little and even go on fishing trips occasionally, in addition to caring for his official duties at the college, being Director of the Kansas Crop Improvement Association, secretary of the Alumni Board, and a member of the Rotary Club. The dean is also a member of Farm House, Klod and Kernel Klub, Phi Kappa Phi, Alpha Zeta, Gamma Sigma Delta, was temporary secretary of the Kansas State Farm Bureau from 1919 to '20 during the time of its organization, President of the Alumni Association, 1920-22, and Vice-President of the Alumni Association, 1922-24. At the present time he is also chairman of the Radio Committee of the Association of Land Grant Colleges and representative of the Land Grant Colleges Association on the National Committee on Education by Radio.

L. C. WILLIAMS

Division of Agriculture

“IT IS not uncommon,” says Dean Call, “for me to walk five miles after leaving my office in the evening.” And he goes alone. One would hardly expect this of the dean, knowing his genial, friendly nature and pleasing personality.

Leland Everett Call was born February 9, 1881, in Kent, Ohio. He received his Bachelor of Science in Agriculture from Ohio State University in 1906 and his Master's in 1912. After getting his Bachelor's degree, he stayed a year at the university as a teaching fellow in agricultural chemistry.

In 1907 Mr. Call came to Manhattan as an assistant in agronomy at the college. From 1908 to 1911 he held an assistant professorship in soils, and was promoted to associate professor of soils, 1911-13. From 1913 to 1925 his title was professor of agronomy in charge of the department. Since 1925 he has been dean of the division of agriculture and director of the agricultural experiment station.

During the World War Mr. Call served in France in the Y. M. C. A. and in the Army Educational Corps, in charge of farm crop instructional work, and at the A. E. F. university, Baume, France, in 1919.

The Dean has achieved recognition as a writer by virtue of his co-authorship of two agricultural textbooks and as corresponding editor of “Farm and Fireside.” His books are “A Laboratory Manual in Agriculture,” Call and Schafer, '13-'23, and “Agriculture for the Kansas Common Schools,” Call and Kent, '14.

Call is a member of the American Society of Agronomy (president 1922), A. A. A. S., American Association of Soil Survey Workers, Sigma Xi, Alpha Zeta, Phi Kappa Phi, Gamma Sigma Delta, Delta Tau Delta, and a director of the Federal Land Bank of Wichita since 1930. This bank serves the 9th Federal District of Kansas, Oklahoma, Colorado, and New Mexico. He is also chairman of the committee on Experiment Station Organization and Policy of the Land Grant Colleges association.

ASSISTANT DEAN HUGH DURHAM

Division of Engineering

DURING 1918, Roy Andrew Seaton, Captain, Engineering Division, Ordnance Office, Washington, designed artillery ammunition and made official computations on the ballistics of long-range projectiles fired on Paris. With the exception of this and other brief periods, Mr. Seaton has been at Kansas State College continually since he took his Bachelor of Science in 1904.

From 1904 to 1908 he was instructor and assistant professor of mathematics. During the summer of 1908, he studied at Wisconsin University. From 1910 to 1920 he was a professor of Applied Mechanics and Machine Design. In 1910 he got a Master's from this school and in 1911 obtained a B. S. in Mechanical Engineering from the Massachusetts Institute of Technology. Since 1920 he has been Dean of the Engineering Division and Director of the Engineering Experiment Station. On the Examinations Committee, the Dean does most of the figuring on final schedules.

Dean Seaton loves beauty and perfection. This trait is apparent in his interest in flowers. He has a garden at his home in which there are about 100 varieties of peonies and 150 of iris. Besides directing the engineering school and raising flowers, the Dean is a member of the Manhattan Country Club and likes to golf. Trout have a fascination for him during his summers. He usually spends his month's vacation in the mountains of Colorado every year, just a bit farther back than ordinary resorts.

Born in Glasco, Kansas, April 17, 1884, Mr. Seaton graduated from high school at Jewell City, in 1900. He is a Republican, Baptist, and Mason, a member of the American Society of Mechanical Engineers, Society for Promotion of Engineering Education, Kansas Engineering Society, secretary of the Engineering Section of Land Grant Colleges Association, Phi Kappa Phi, Sigma Xi, Sigma Tau, Acacia, and a fellow of A. A. A. S.

ASSISTANT DEAN M. A. DURLAND

Division of General Science

A SUMMER cottage, a wooded tract, a 12-mile lake shoreline . . . and Dean Rodney W. Babcock doesn't fish! But he canoes, and likes it best when a brisk breeze digs three-foot furrows in the surface of the lake.

Canoeing days have brought a dream to this 41-year-young chap who doesn't seem like a dean at all, but a sort of big brother. He grins a boyish grin, pushes back his graying hair, and confesses that he has a hankering to set out some summer day from his Wisconsin cottage and canoe fifteen hundred miles downstream to New Orleans.

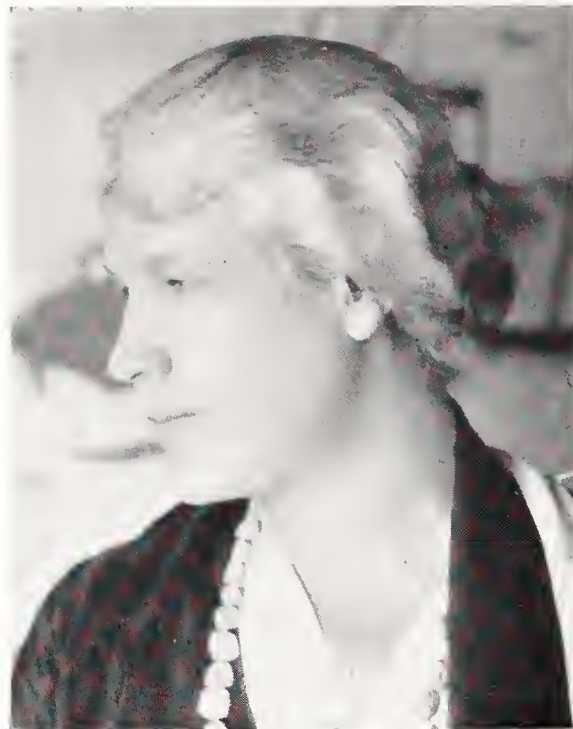

Back in the autumn of 1908, just after young Rodney Whittemore (that's what the "W" stands for . . . "just like shoe polish," he says) had finished high school at St. Albans, Vermont, his parents came west to Illinois. Rodney studied at the University of Missouri, receiving his A. B. degree there in 1912. From that time until 1930 he alternately taught mathematics and studied, teaching in the Evansville (Wis.) Junior college, the University of Pennsylvania, DePauw university and the University of Wisconsin, and receiving from the last institution the degree of master of arts in 1915 and of doctor of philosophy in 1924.

On July 1, 1930, he came to Kansas State where his duties as dean take all his time except one month of the year . . . and who can canoe fifteen hundred miles in a month!

ASSISTANT DEAN C. M. CORRELL

Division of Home Economics

WALT WHITMAN, Matthew Arnold and John Dewey are delightful fireside companions, Dean Margaret M. Justin will assure you. A book of poetry or philosophy, a fire on the grate and perhaps a bowl of flowers nearby make an ideal evening in her charming home.

Her snowy hair is deceiving, for it was only forty-three years ago on June 15 that Margaret Justin was born in Agra, Phillips county. But white hair is not to be wondered at when one considers the Dean's overseas work with the Y. M. C. A. during the war, her four years of social settlement work and her responsibilities as director of national food conservation work in North Michigan from 1915 to 1918. The years at Kansas State since 1925 may account for the whiteness of one or two locks. But for all that her eyes are still a wistful blue and there's something about her smile that makes everyone who knows her love her.

Dean Justin received the B. S. degree in home economics from Kansas State college in 1909, and the doctor of philosophy from Yale in 1923. She is a member of numerous professional and honorary organizations, including Phi Kappa Phi, the American Association for the Advancement of Science, Omicron Nu and the American Home Economics association, the last two of which she has served as president.

ASSISTANT DEAN MARGARET AHLBORN

Division of Veterinary Medicine

DEAN Ralph R. Dykstra of the Division of Veterinary Medicine came to this country from Croningen, Netherlands in 1881, when he was two years of age. He now holds one of the most important positions in his adopted profession . . . president of the American Veterinary Medical Association.

To trace all of Dean Dykstra's activities since he came to this country would require several pages of this book. Suffice to say, however, that he was graduated from Iowa State College in 1905 with the degree Doctor of Veterinary Medicine. After his graduation he remained at Iowa State as a professor in anatomy and obstetrics until 1911, when he came to Kansas State College.

Dean Dykstra's first position here was that of an assistant professor of Veterinary Medicine. Then he became professor, then head of the department, and finally dean of the division in 1919. The division of Veterinary Medicine at Kansas State is recognized as one of the leading schools of its kind in the United States and Canada, being rated in class "A" by the United States Department of Agriculture. To Dean Dykstra must go most of the credit for the high standard of work in the division.

Quietly and efficiently this man does his work. Visitors in his office, especially students, are particularly impressed with the manner in which he handles interviews. No waste of words, no time lost. He is friendly, yet not effusive. Dean Dykstra spends most of his spare time with his lawn.

And that lawn, with its closely clipped grass, its well-trimmed shrubbery and symmetrical evergreens, is a concrete example of the efficiency with which the dean does his work.

DR. J. H. BURT, Head of Anatomy and Physiology

Division of Graduate Study

ALERT and vitally intelligent, Doctor James E. Ackert, Dean of the Division of Graduate Study, impresses one forcibly at the first meeting. The magnetism of Doctor Ackert's vibrant personality is undeniable. Directness is the epitome of the character and mind of this man of many achievements. At the age of thirty-four Doctor Ackert had three degrees; A. B. from the University of Illinois in 1909, M. A. from the same institution in 1911, and Ph. D. in 1913, also from the University of Illinois.

Since he came to Kansas State in 1913 as assistant professor of zoology and agricultural experiment station parasitologist, Doctor Ackert has brought distinction to the college by his research and his publications. In 1927, and again in 1930 during his sabbatical leave, he was invited to speak at the World's Poultry Conference, and on both occasions made notable addresses. In 1930 he was an official delegate of the American Society of Parasitologists to the Eleventh International Zoology Congress.

Doctor Ackert is a member of Phi Kappa Phi, Sigma Xi, Gamma Alpha, and Delta Phi.

In his unguarded moments Dean Ackert plays golf and tries to make blue grass grow on his front lawn.

"MUD"

The 1932 Royal Purple

OUR task has been a difficult one. The normal indifference and lack of responsiveness on the part of students and organizations whose cooperation is so necessary to the publication of an annual was increased this year by the financial situation. Hence our work has been extremely trying.

We started work with the honest intention of publishing our book on May 1. We failed. And though the reasons be several and petty, they managed to delay the game.

However, it is done, and we give it to you to enjoy, to help you remember, to keep for you those things you would keep from your stay here during the year.

EL MIRADOR
IN THE GARDEN OF THE SUN

PALM
SPRINGS
CALIFORNIA

February 26, 1932.

Mr. James Chapman
Royal Purple
Kansas State College
Manhattan, Kansas.

My dear Mr. Chapman:

I suppose the girls who were not selected among the first ten will start singing about Eddie Cantor, "I will be glad when you are dead, you rascal you"! However, I am returning the photos with my selections. A guy has got to be awfully brave to pick girls in a beauty contest. A sure way of making one's self unpopular. Please ask the losers to forgive me. I do not look so "hot" myself.

Seriously, though, I took more than an hour, and a great deal of strain on my "eagle eyes" to make the selections. Any one of the twenty girls could make a Ziegfield show.

With best wishes for your Year Book, I am

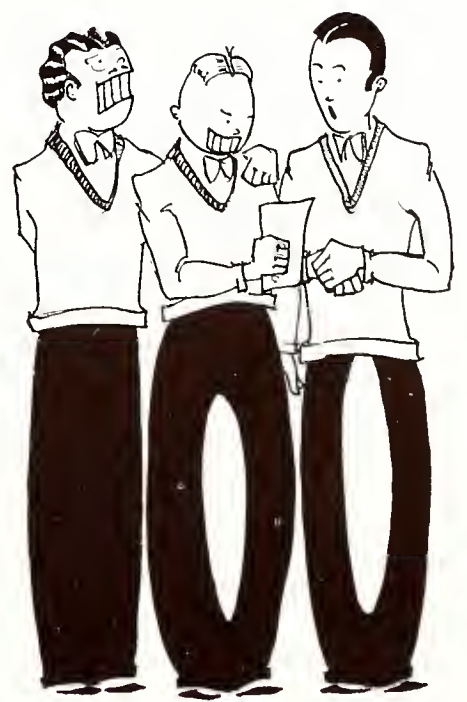

Laughingly yours,

A handwritten signature in cursive script that reads "Eddie Cantor".

P.S. I have placed a ring around the numbers of the girls selected. Here's hoping that they all have rings very soon.

"America's Foremost Desert Resort"

GENERAL ACTIVITY

HAGLAN
KATHBUN

The Manhattan Theatre

IN the fall of 1927 the Dramatic activities of the College and Community were reorganized and centralized in the Manhattan Theatre. This organization was an outgrowth of the Purple Masque players, who for twelve years presented the principal dramatic entertainment at the College. At the time of its establishment the Theatre wrote in prospectus:

“The Manhattan Theatre has been established in order to unify more closely the College and the people in the community.”

H. MILES HEBERER

This splendid purpose the Manhattan Theatre has been promoting for five years. Outstanding successes of the professional stage have been regularly presented with casts made up of students, faculty, and townspeople. From “Romance,” the first play of the 1927 season, to the revue, “Boom Boom,” being prepared as this is written, the Theatre has presented each year five excellent plays of wide variety in type, in order that all Theatre patrons might find something to enjoy.

HERBERT W. AVERY

The Manhattan Theatre

THIS season the Theatre has presented the following: "Broadway," backstage at a modern night club; "Dulcy," one might almost say a "revival" of a deservedly popular home comedy; "Berkeley Square," resplendent in costume and charming in symbolism. And, for the first time in its history, a Musical Revue.

Since its founding, the Theatre has been privileged to have as its Director, Professor H. Miles Heberer, of the Department of Public Speaking, whose untiring ambition for its success and whose unusual talent in casting and directing, have been largely responsible for the high quality of the Theatre's productions. Each year the Theatre is under the Business Managership of an outstanding student, who, this year, is Herbert W. Avery, of Wakefield.

Ag Barnwarmer

The Ag Barnwarmer is the outstanding social event for students in the division of agriculture. A popular co-ed is elected queen and presented at the dance.

Senior Livestock Judging Team

Junior Livestock Judging Team

THE Kansas State junior livestock judging team, coached by Prof. F. W. Bell, placed first in the intercollegiate judging contest held at the National Western Livestock Show in Denver, January 16 to 23, 1932, winning over its nearest competitor, Nebraska, by 98 points.

Home Economics Meats Judging Team

THE women's meats judging team won second place in this year's competition at the National Livestock and Meat Show at the American Royal in Kansas City. Norma Sayre was high point individual scorer in judging wholesale cuts over all entries in the contest.

The purpose of such competition is: 1. To give the girl actual practice in judging meats in order that she may have a basis for choosing meats wisely. 2. To arouse the interest of purchasers of meat in demanding and choosing quality cuts. 3. To establish a criterion by which teams from this college can be compared with those from other schools.

Men's Meats Judging Team

The men's meats judging team, coached by Prof. D. L. Mackintosh, represented the college in two contests: one, the intercollegiate judging contest held at the American Royal Stock Show in Kansas City; the other, the International Livestock Show at Chicago.

Kansas State has the honor of having the only team in the history of collegiate meats judging to win both contests. Helm was the second highest individual scorer in the contest at Kansas City, and Morgan high individual in judging lamb. At Chicago, Munson was the highest individual scorer of the contest with Morgan third.

Dairy Cattle Judging Team

THE Dairy Cattle Judging team sent out by the department of animal husbandry won first place in the Dairy Cattle Congress at Waterloo, Iowa, September 28, 1931. The team also competed in the National Dairy Exposition at St. Louis, Missouri, October 12, and placed seventh.

Dairy Products Judging Team

The Dairy Products Judging team competed in a contest at the Dairy Industries Exposition at Atlantic City, New Jersey, October 26, 1931, and placed seventh.

Poultry Judging Team

IN the Mid-West Intercollegiate poultry judging contest held at Chicago, December 5, 1931, the Aggie Poultry judging team placed third. A Kansas State team has never fallen below third place in one of these contests which have been held annually for several years.

Crops Judging Team

The Kansas State Crops judging team placed first in the contest at the American Royal Live Stock Show at Kansas City, and third in the Grain and Hay show contest at the International Live Stock Exposition at Chicago. At Kansas City, Jacobson was high point man; Fry, second; and Myers, third.

HONOR society dedicated to unity of democracy in education. Open to honor students in all departments of American universities and colleges. Not more than the highest ten per cent in scholarship of the seniors and graduate students are elected each year. A limited number of faculty members who have evidenced superior achievement in their professions are also admitted to membership.

Since November 15, 1915, 911 candidates have been elected to membership. Active membership consists of the newly elected who are still in school and former members who are in the vicinity of Manhattan. There were 109 active members in 1931-1932.

Phi Lambda Upsilon

IN order to stimulate high scholarship and original investigation in pure and applied chemistry, able students and faculty members are organized into Phi Lambda Upsilon.

The Wise Club

(Named in honor of Bishop James Wise).

THE WISE CLUB is the formal organization of students and friends of the Episcopal Church attending College. It has regular meetings Sunday nights, and at other times, and acts also as an executive body for all the Episcopal Students.

It exists for the purpose of providing students with opportunities for friendship and service, and for Church worship.

KING

Athletic Council

COMPOSED of the director of athletics and six members of the college faculty, the Athletic Council at the College has direct control over all phases of athletics. All matters of major importance are considered by the athletic board, which includes questions of finance and development of the system, hiring of coaches, approving of schedules for all games and contests, approval of coach's recommendations for letter and sweater awards. The board also acts on questions of eligibility of players. Dr. H. H. King, who is chairman of the board, is also the school's representative to the Big Six conference faculty council and has an important position on this governing board which has one representative from each member school. Members of the council are Dr. H. H. King, chairman, head of the department of chemistry; M. F. Ahearn, director of athletics; F. D. Farrell, president; Dr. E. L. Holton, head of the department of education; Prof. R. I. Throckmorton, head of the department of agronomy; Prof. G. A. Dean, head of the department of entomology, and Dean R. A. Seaton.

Director of Athletics

MICHAEL FRANCIS AHEARN, an outstanding figure on the Kansas State College campus for the past 28 years, was born in Rotherham, England, November 28, 1878. When he was four years old his parents immigrated to Massachusetts. Mr. Ahearn was graduated from the Massachusetts State College at Amherst in 1904, majoring in Horticulture. The next fall he came to Kansas State as a professor in the department of Horticulture and also assisted in coaching football, basketball and baseball. In 1905 he was elected coach of these, the three major sports at that time. In 1911 he resigned to again become associated with the department of Horticulture at this college.

In 1920, "Mike," as he is usually called, was selected to take charge of the athletics and physical education upon the resignation of Professor Clevenger, then director of athletics. In 1922 Ahearn was appointed to serve as a member of the National Football Rules Committee. He served on this committee for nine years. At present, besides being director of athletics, he coaches the college golf team.

Frank Myers enrolled as a student here the fall of 1919. His first year he worked part time in the athletic department. The second year he assisted in the President's office, after which he returned to the athletic office for the remainder of his time as a student. He took his fourth year of credit work at summer sessions, receiving his degree in 1924.

He coached athletics at Junction City High School in 1923, '24, and '25, then returned to Manhattan as assistant to the Director of Athletics, a full time job, in September, 1926.

Frank has been with the college continually since that time. He has, since his enrollment as a student, officiated from time to time at collegiate and high school basketball, football, and track contests, in addition to his work at the college.

Mr. Myers was born at Wilsey, Kansas, in 1892. When he isn't busy with athletics he is a great fishing and hunting fan.

FOOTBALL

"Bo" McMillin

Head Coach Football

"YOU all should know this heah "Bo" M'Millin from Kansas State. He's theah foo'ball coach. Yas suh!" Surely you know A. N. McMillin who leads the Purple Horde at Kansas State. A. N. "Bo" McMillin has been at Kansas State since 1928 and his increasing success and personage makes him one of the most popular coaches in the mid-west.

In the four seasons that "Bo" has coached the Wildcats, the production of four good teams here recalled the success that Mr. McMillin had as head coach in the athletic department at Geneva college, Beaver Falls, Penn.

"Bo" entered the hall of fame playing with the Praying Colonels of Centre college when they defeated Harvard. On leaving college, "Bo" went to Centenary college in Louisiana where he made football history. His name again came to millions of American lips when his Geneva eleven also defeated Harvard.

This little southern gentleman has one great aim in athletics; that being to educate young men to be sportsmen. That's his code, and it has helped him develop two All-American football players.

He admits football's a good game (All-American himself in 1919-20-21). He has earned letters in college basketball and track but these are now taboo. He plays football the year around—in his mind. Golf is his fair weather, leisure sport.

CRONKITE

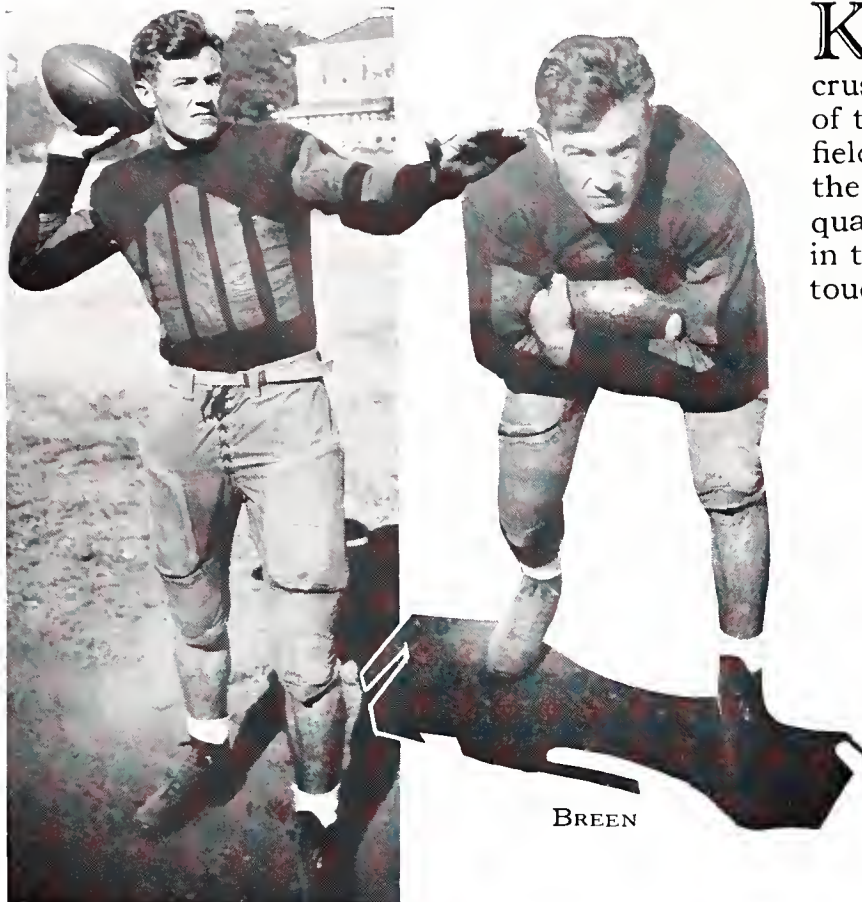

ZECKSER

Football Captains

HENRY CRONKITE finished his three years of football competition at Kansas State by being chosen on the first All-American teams of the United Press, the New York Sun, and the New York World-Telegram; and on the second teams of the Associated Press, Grantland Rice, and Walter Trumbull. Playing an end position, "Cronk" was a star both on defense and offense, an exceptionally good pass receiver, and one of the most outstanding kickers in the nation. Six feet five inches tall.

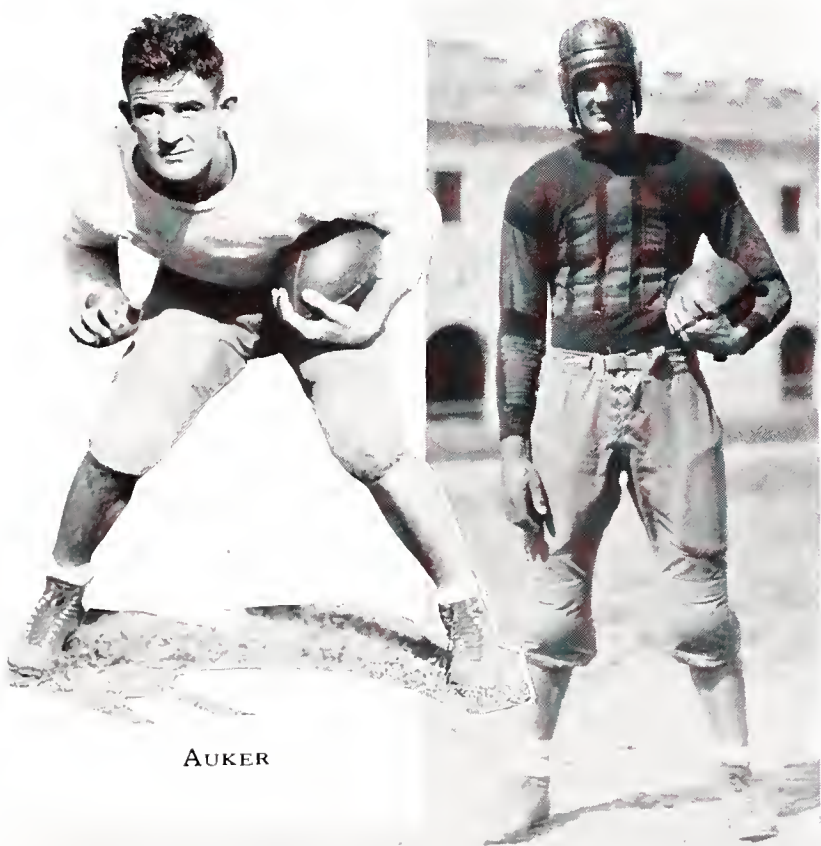

Walter Zeckser, 165 pound guard, was chosen to captain the 1933 team. Zeckser has lettered two years at a guard position, where he has been a power on defense and one of the best blockers on the squad. One of the toughest and hardest fighting players in the Conference, "Zeck" will be an ideal leader for what promises to be one of the best Aggie teams in history.

Kansas State 28 - Pittsburg 7

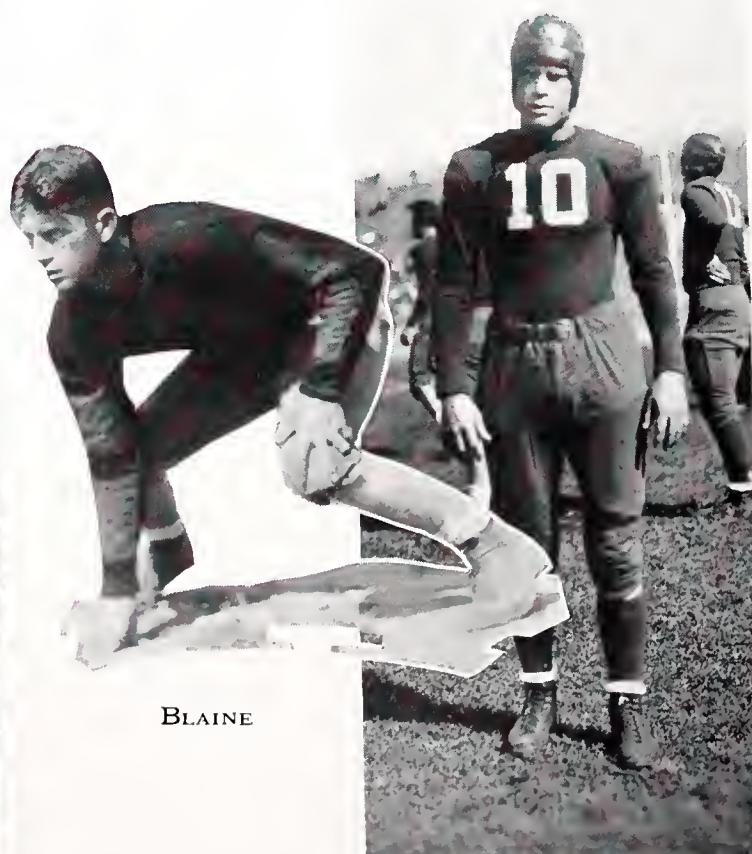

KANSAS STATE gridsters justified the optimism of even their most enthusiastic supporters by crushing Pittsburg Teachers 28-7 in the opening game of the 1931 season. With a powerful sophomore back-field supplemented by two regulars from last year, the Aggie machine started clicking in the second quarter after the Teachers had scored a touchdown in the initial period, and ran and passed way to three touchdowns before the whistle blew for the half.

From the time the Aggies began their scoring

drive in the second quarter, their superiority was not questioned. Early in the second period powerful plunges and end runs by Breen, Auker, Graham, and McMillin scored two touchdowns. Near the close of the period runs by Auker and McMillin and a pass, Auker to Bushby, put the ball on the Gorillas' 9-yard line where a flat zone pass, Auker to Breen, put it across.

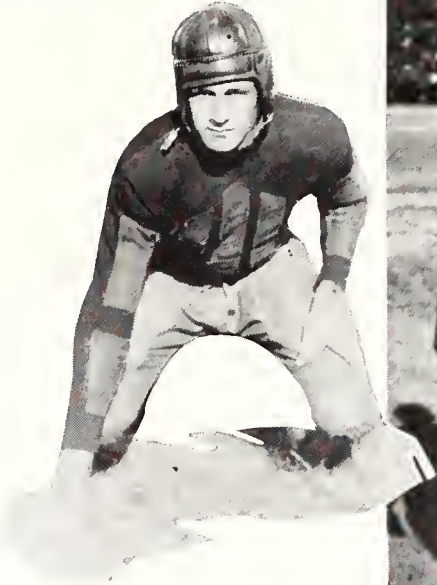

Frequent substitutions were made and the Aggie attack subsided somewhat during the last half, the only touchdown of that period coming in the third quarter.

Missouri 7 - Kansas State 20

“BO” McMILLIN’S Kansas Aggies overpowered the Missouri Tigers in their Big Six conference opener 20-7. Without fumbles on this tropical October afternoon, Kansas State might have rolled up a more decisive margin, although the Tigers, too, bobbled a pass back over the goal line late in the final period and permitted the Aggies to score.

The fumble score showed nine by the Aggies and three against Missouri. Fumbling started in the

DALTON

scoreless first period when the Tigers recovered two on the first two Aggie plays.

Ralph Graham, Aggie sophomore fullback, drove 32 yards for the first touchdown of the game.

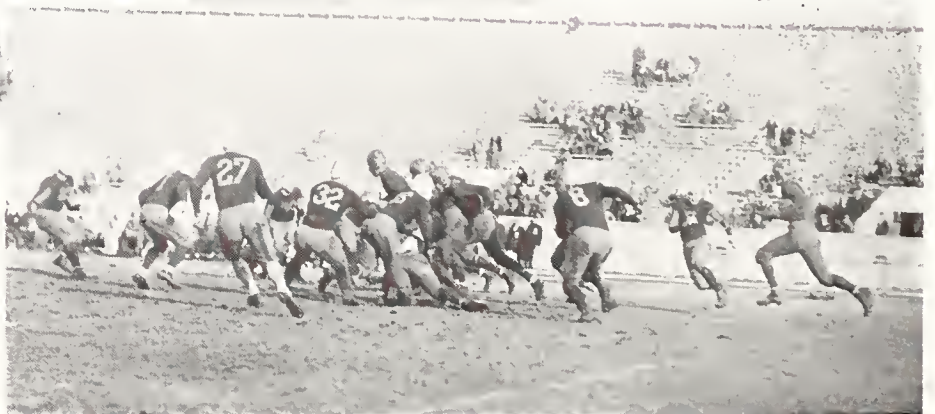

The lone Missouri touchdown came on the initial play of the second half when Stuber took the ball on the kick-off and raced the length of the field behind a flying wedge interference for the goal.

CRONKITE

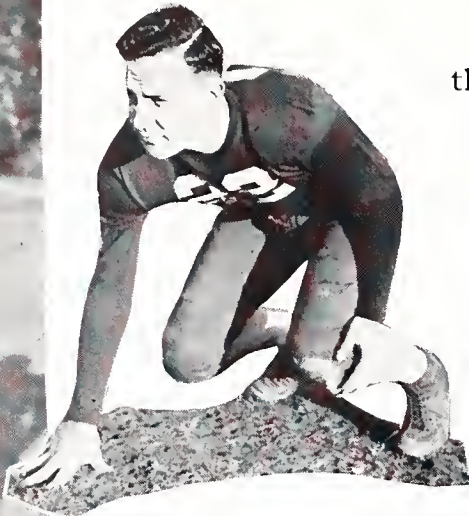

EUSHBY

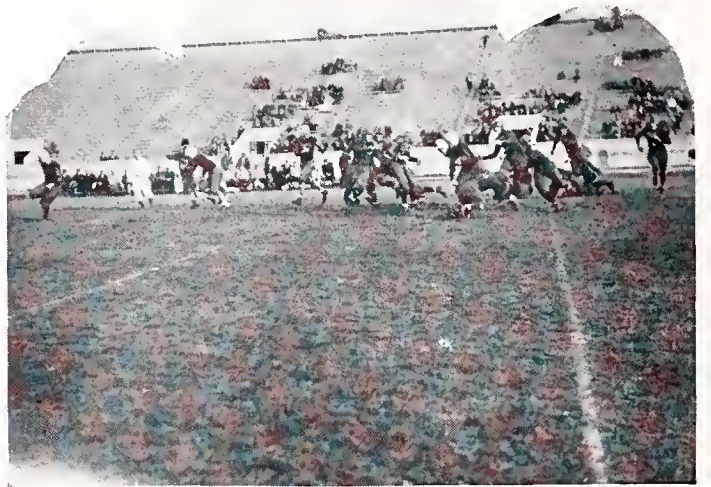

Kansas State 13 - Kansas 0

THE WILDCATS dedicated the Kansas University game to M. F. Ahearn, beloved director of Aggie athletics, then proceeded to win it 13-0. The dedication was made before the team left the dressing room but was not announced until after the game by Coach McMillin.

After sparring around in the center of the field the first period, the Aggies developed some action

DOLL

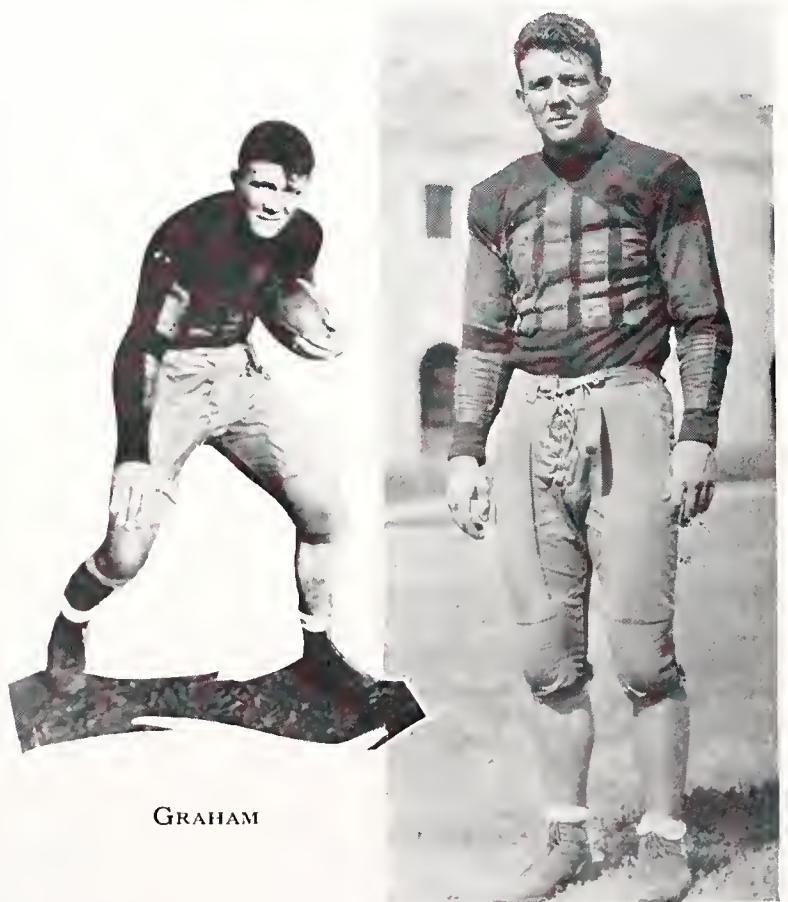

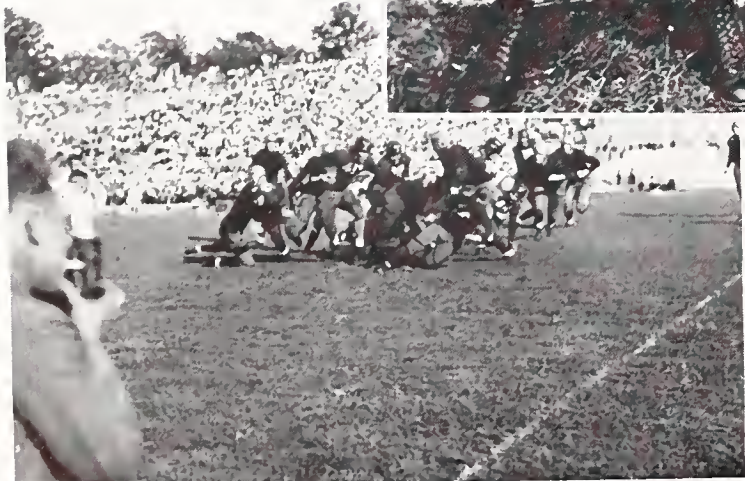

and on half a dozen plays Graham plunged across for a touchdown.

It was the work of Graham in recovering a fumble that gave Kansas State a chance to score again in the third quarter. A pass, Auker to Cronkite, put it over.

Although the entire Wildcat team played a good game, the names of Auker and Graham appear most in the play-by-play account. In the line, Cronkite, Hraba, Michaels, and Stephenson were outstanding.

FAIRBANK

GRAHAM

Oklahoma 0 - Kansas State 14

KANSAS STATE strode one step nearer the Big Six championship by defeating the strong University of Oklahoma eleven 14-0.

Led by "Rambling Ralph" Graham, powerful sophomore fullback, the K-Aggie team drove through the Sooner line from one end to the other and an array of passes intermingled with sensational end runs by Elden Auker, triple-threat back, kept Oklahoma's goal line in constant danger.

It was a scrappy Oklahoma eleven that took the field against the Kansans, but the Wildcat power and drive forced them to play a defensive game most of the time.

A neat pass from Auker to Captain "Hi Henry" Cronkite and the lanky lineman's 15-yard race to the goal line gave the Wildcats their first score in the initial quarter. Graham plunged through the Sooner line for the second touchdown in the third period.

HARSH

HASLER

HANSON

West Virginia 0 - Kansas State 19

KANSAS STATE avenged last year's defeat by beating the West Virginia Mountaineers 19-0 in Morgantown. The Aggies had not been defeated since playing the Mountaineers last season.

In this game Captain Henry Cronkite gathered fame as a place kicker by poking his two placement attempts through the uprights from 43 and 40 yards respectively.

The first Aggie touchdown came at the beginning

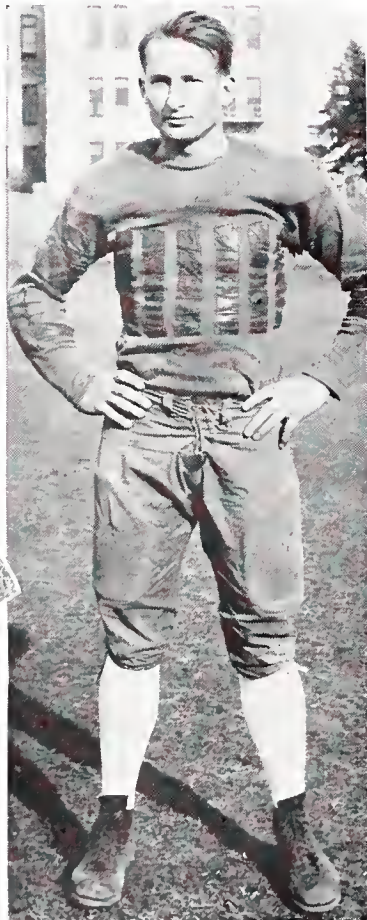

HRAEA

of the second half after Stephenson recovered a Mountaineer fumble.

It was a pass from Auker to Breen that scored. Graham and Auker carried the ball 72 yards for a touchdown on slashing plays in the final period.

McMILLIN

MICHAEL

Kansas State 6 - Iowa State 7

THE fact that Kansas State gained 393 yards while Iowa State was chalking up 83, or that Iowa State forwards had their feet on their own goal line twice, mattered little after the final whistle. Dick Grefe had kicked the marginal point from placement to give the Cyclones their first Big Six victory in the last three years. A 38-yard pass, Schafroth to Kenneth Wells, scored the touchdown.

SHAFFER

The Kansans held the lead in the first part of the game by virtue of Elden Auker's 80-yard run for a touchdown on a faked punt.

Ralph Graham, star plunger of the Purple eleven, was not in the line-up because of injuries received in the West Virginia game.

PILCHER

NEELLY

Nebraska 6 - Kansas State 3

KANSAS STATE'S hopes of a tie for the Big Six championship went glimmering on the flying heels of Lewis Brown, substitute Husker quarterback. Nursing a three-point lead from the toe of their spectacular captain, Henry Cronkite, from the second quarter of the game, the Wildcats punted to Brown standing on his own 30-yard line. The diminutive rascal swept to the left side of the field, sparkled up the sideline, eluded half a dozen purple tacklers, tripped and fell . . . twelve small inches over the goal line.

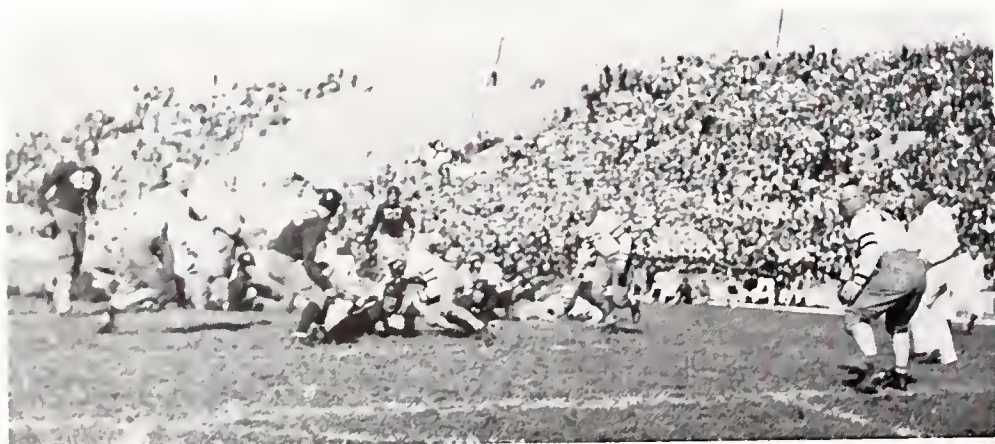

STEPHENSON

It mattered little that Masterson, another stalwart of the Husker backfield, never got a chance to kick the goal when Brown dropped the muddy ball as he attempted to set it for the kick. A storm blast which started immediately, smothered an already futile Kansas State scoring hope and the game ended a few minutes later with the Nebraska backs lugging the ball to the Kansas State 28-yard line.

TETER

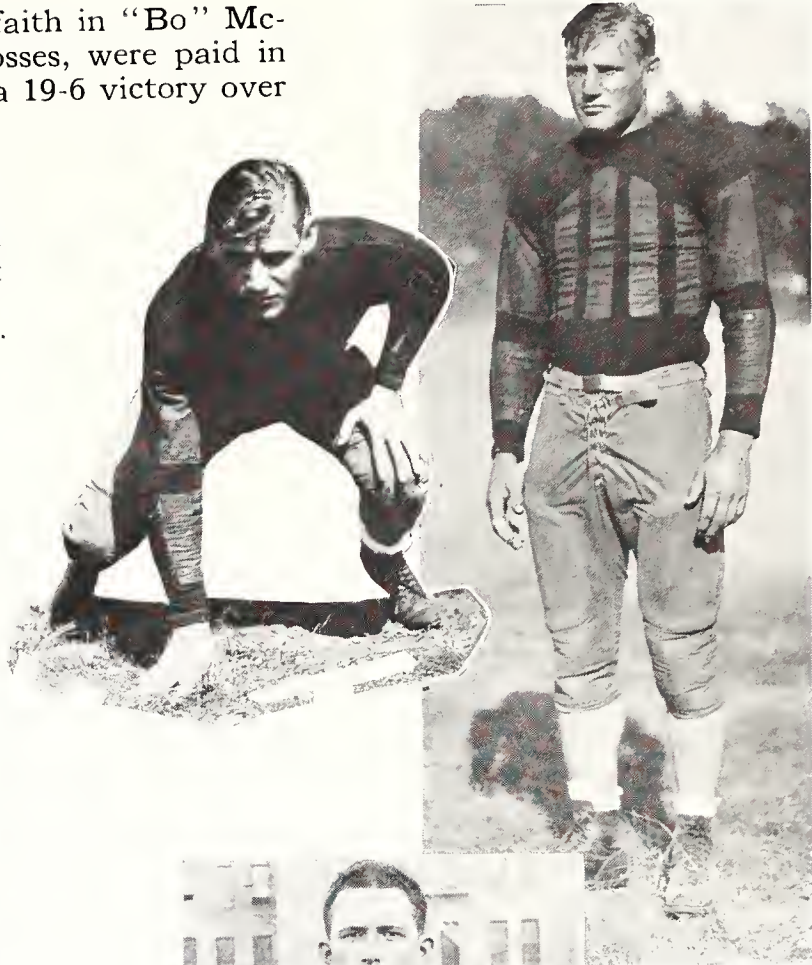

WERTZBERGER

Kansas State 19 - North Dakota 6

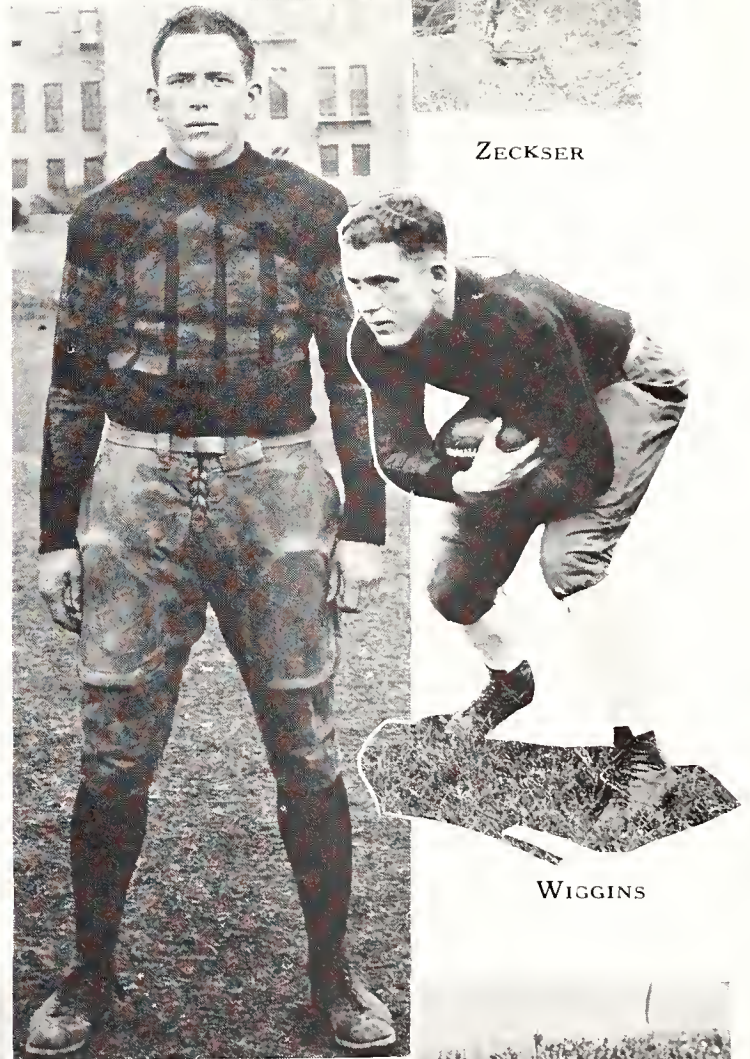

THOSE Kansas State fans who maintained their faith in "Bo" McMillin's football team, despite two conference losses, were paid in full when the Wildcats ran and passed their way to a 19-6 victory over North Dakota State.

The Bisons took the lead in the first period when Lonsbrough intercepted a pass and raced for a touchdown. But this lead was short lived as a pass from McMillin to Auker put a touchdown across just

before half time. Auker kicked goal to give the Aggies a one point lead.

The two succeeding Aggie touchdowns were added likewise by the air route. Breen passed 30 yards to Harsh standing in the end zone for a touchdown in the third period and in the fourth quarter a 37-yard pass from Breen to Captain Cronkite scored. A long pass from Breen to Cronkite put the ball on the North Dakota 5-yard line with the goal to go as the game ended.

BASKETBALL

HARLAN
KATHBUN

Charles W. Corsaut Basketball Coach

COACH CORSAUT'S picture has been placed on page 322 just preceding baseball. Because we use athletic copy from the spring before publication, it is possible to get baseball in much earlier than basketball, hence we placed his personal page in that section rather than here.

AUKER

SKRADSKI

Basketball Captains

KANSAS STATE was led by Elden Auker, three sport star, who was voted Kansas State's most Outstanding Sportsman. "Auk" has been one of the mainstays on the basketball teams for three years, and this year rose to even greater heights than in previous seasons. He was the steadying influence of a young and inexperienced team, and much of the credit for the success of the season belongs to him. Auker was placed on the first all-star team of the Kansas City Star, the Kansas City Journal-Post, and the Associated Press. He was the Star's choice for captain.

Andy Skradski was elected to captain the 1933 basketball team. "Skrad" is one of the most consistent players on the squad, and a hard fighter. Although a forward, Skradski jumped center the past season, and if a good center is developed next year, Andy should do even better than he has the past season. Skradski was placed at forward position on the second team all-stars by the Kansas City Star, the Kansas City Journal-Post, and the Associated Press. Skradski's brother, Ed Skradski, was captain of the Aggie basketball team in 1929.

Basketball '31-'32

AUKER

KANSAS STATE had a very successful basketball season, despite the fact that the team finished only in fourth place. It had an average of .500 for the conference games, winning from every team except Kansas, and losing to every team except Iowa State.

The Aggies lost one game to Kansas by 1 point, which if they had been able to win, would have placed the four leading teams in a tie for the championship, each having six victories and four defeats.

With four of this year's regulars back and one of the most promising groups of freshmen in several years available, conditions look favorable for an exceptionally good team next year.

Kansas State opened the season by losing three out of four non-conference games. In the opening game, played at Lawrence, they were defeated 32 to 30. Led by Brockway, the Corsautmen staged a last minute rally, but failed to overcome the Jayhawk lead.

Three days later, Kansas State defeated Washburn 29 to 24 in a game that was closely contested until the last few minutes of play. Then field goals by Boyd and Skradski gave Kansas State a safe lead.

BOYD

Kansas University journeyed to Manhattan to give the Aggies a second defeat, 27 to 25. Fouls were costly to the Wildcats, as K. U. made 7 charity tosses out of 13 chances. O'Leary, Jayhawker forward, led the scoring with 12 points.

The following Saturday St. Louis University also handed Kansas State a drubbing, 34 to 28. Kansas State led at the half 15 to 14, but Owen McCarthy, Billiken forward, went wild to score 18 points and a victory for St. Louis.

BREEN

BROCKWAY

The Wildcats were beaten in their first Big Six game by Missouri, at Columbia, 32 to 29. With Auker and Skradski hitting consistently, the Aggies led at the half, 14 to 11. Late in the second half the score was tied at 26 all, and Cooper made four consecutive field goals to put the game on ice for Missouri.

K. U. duplicated their former acts by again trouncing the Wildcats, 27 to 26, at Lawrence. The Jayhawkers held the lead practically all the game, but in the last two minutes of play Skradski and Boyd cut it to one point. Then K. U. took the ball out of bounds and held it until the final whistle.

DALTON

The Aggies broke into the Big Six win column with three consecutive home game victories. The first to fall before the Wildcats was Nebraska, 32 to 20, in a rough and tumble game, featured by many fouls and an exceptionally tight Wildcat defense. Nebraska scored from the field only once in the first half and only four times during the entire game.

31 to 24 was the count as an entirely different looking Aggie team had little trouble in defeating Oklahoma. The Wildcats used a short passing attack to work the ball down for short shots and presented a tight defense to the Sooners.

Kansas State annexed its third Big Six victory at the expense of Iowa State, 19 to 15, with Boyd, Aggie guard, scoring 10 points, and Breen, Aggie forward, holding Jack Roadcap, the sharpshooting Cyclone, to one field goal.

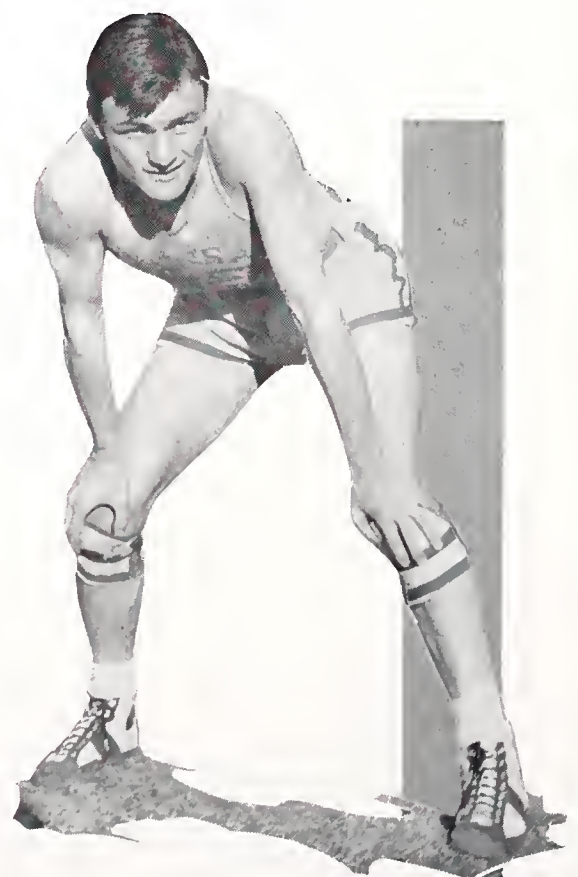

FAIRBANK

Coach Corsaut then took his cagers to Nebraska, where the Huskers surprised them with a 32 to 26 defeat. The Huskers led most of the way, Lunney gaining individual scoring honors with 8 points.

In a non-conference game, the Aggies retaliated for an early season defeat by swamping St. Louis University, 29 to 15.

Once more the mighty Jayhawkers descended upon Manhattan and took their fourth victory from the Wildcats by a score of 30 to 22. One of the most thrilling games of the season, the Aggies were leading 15 to 14 after 8 minutes of play in the second half. Then K. U. started a scoring spree and drew away to a comfortable lead. Bill Johnson, K. U. center, controlled the tip throughout the game and contributed 10 points to his team's total.

With Boyd and Skradski both suffering from severe colds, Kansas State lost the next game to the Sooners, at Norman, 34 to 22. This was the largest margin of victory gained over the Aggies during the entire season. The Sooners took an early lead and held it the rest of the game, except at one time, just after the second half opened, when Skradski tied the score momentarily at 12 all. A late Aggie rally, led by Skradski and Boyd, failed to overcome the Sooner lead.

It was a different story, however, when the Kansas State team went to Iowa the following Friday night, as the Cyclones went down 30 to 27. With the Cyclones in the lead and six minutes to play, Auker, Graham, and Skradski combined to tie the score and Boyd later shot a field goal to give the Aggies the three point lead.

In the final Big Six game, played at Manhattan, the Wildcats blasted Missouri's hopes for a tie with Kansas for the championship by defeating the Tigers 28 to 22. Breen and Graham were two of the main factors in the Wildcat victory. Breen held Johnny Cooper, Missouri sharpshooter, to two goals from the field, and Graham was high scorer of the game with ten points.

T R A C K

HARVEY R. THURM

COACH HAYLETT

Track and Field Coach

KANSAS STATE'S genial track coach was born in Willow Springs, Missouri, in 1895. In September, 1915, Ward Haylett entered Doane College at Crete, Nebraska, where he lettered in football, basketball, track and baseball and captained the football team.

The war took him out of school two years. He returned to Crete the spring of '19 and that fall he went to Clay Center, Nebraska, high school as teacher and coach, until 1924. He then returned to Doane as head coach and director of athletics. He carried part time work in the college until he received his degree in 1926.

His success at Doane gained him promotion to Kansas State as head track coach and instructor of physical education, in 1928. His tireless and persistent efforts in building Kansas State's weakest sport into a strong one have not been in vain. The team's record speaks for itself. And no one denies that Ward Haylett has been highly instrumental in developing many splendid athletes here.

He is a member of Phi Delta Kappa, national professional educational fraternity, and Tau Kappa Epsilon, social fraternity. He is a friendly fellow, willing to help. He has done graduate work at Nebraska university and plans to get his Master's degree there.

EHRLICH

HINCKLEY

Track Captains

MILTON EHRLICH, high jump champion in the Big Six conference, captained the 1931 track team. Ehrlich was elected as a sophomore. He consistently jumped over 6 feet, and holds the college record with a mark of 6 feet, $3\frac{5}{8}$ inches. This year Ehrlich won the Big Six indoor meet for the first time.

Harry Hinckley is a fitting leader for the 1932 tracksters. One of the best hurdlers in the conference for three years, Harry this year beat the World's and Big Six indoor track records in the 60-yard high hurdles with 7.6 seconds.

Track and Field

THE season opened in the spring of 1931 with the K. C. A. C. indoor meet in Kansas City, February 14, where Captain Milton Ehrlich won the high jump, J. W. Jordan tied for second in the pole vault, L. C. Fiser finished fourth in the open 440, M. W. Pearce was fourth in the two mile, and a two-mile relay team composed of R. B. Smith, Skeen, Black, and Forsberg won third place.

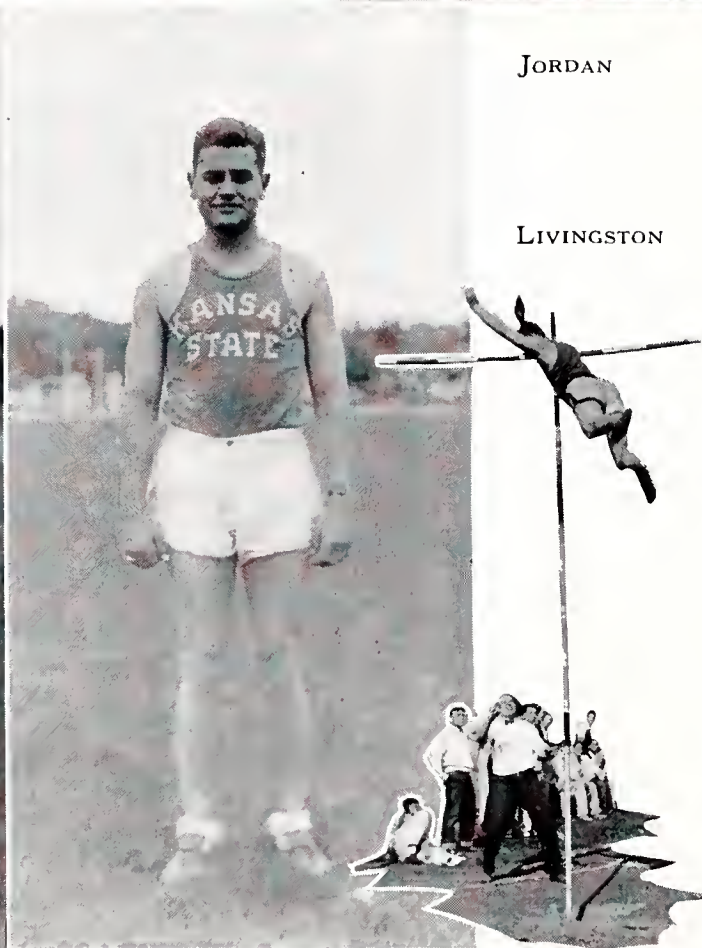

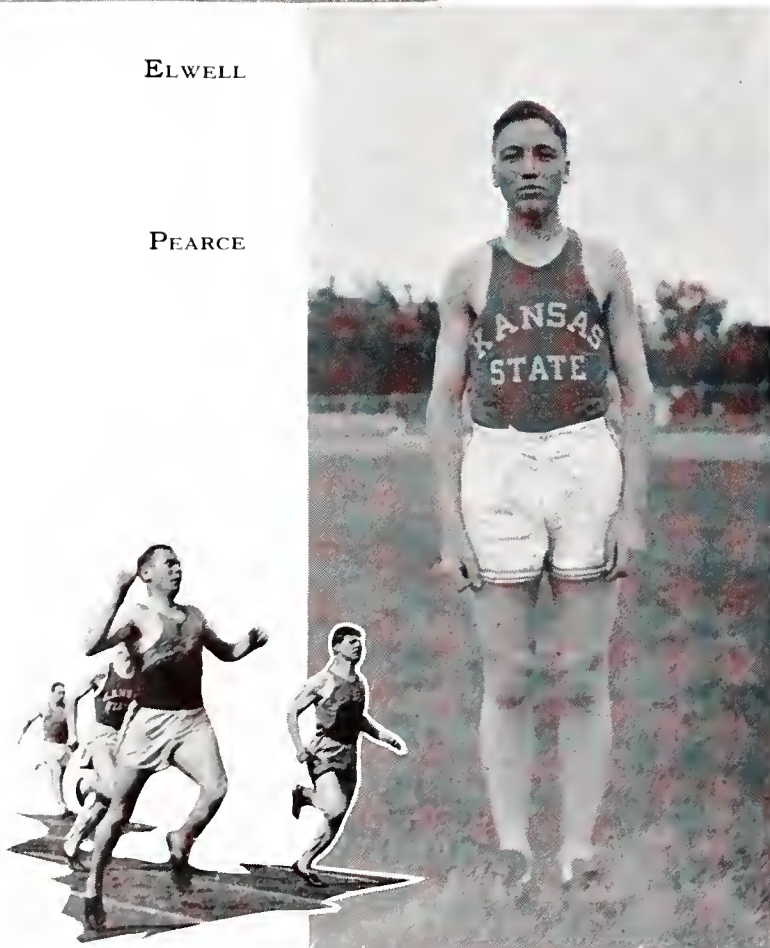

ELWELL

JORDAN

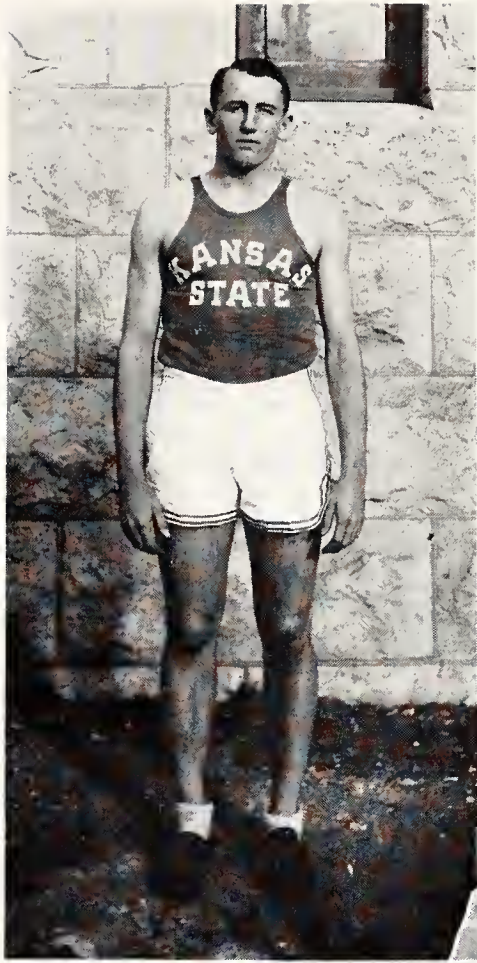

PEARCE

LIVINGSTON

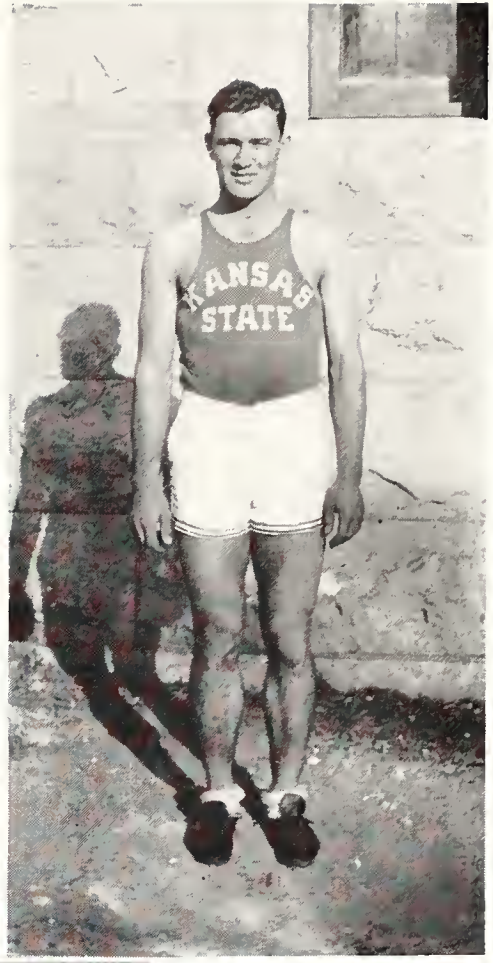

Kansas State defeated Missouri University 65-28 in an indoor meet at Columbia, February 21. In this meet Hinckley, K-Aggie hurdle star, tied the world's indoor record in the 60-yard low hurdles with 7.2 seconds. Ten firsts out of twelve events were gathered by the Wildcat tracksters.

Nebraska University handed the Kansas Aggies a 66-38 defeat in a dual meet at Lincoln the following week. Three firsts by Pearce, Ehrlich, and Jordan in the two-mile, high jump, and pole vault respectively, were the only firsts chalked by the Kansans in this meet. Jordan's vault of 12 feet 6½ inches was a new varsity indoor record.

SOCOLOFSKY

With Captain Ehrlich, Elwell, and Castello caught in a small pox quarantine, Kansas State was unable to place better than fifth in the Big Six conference indoor meet in Columbia. Forsberg placed third in the mile, Hinckley fourth in the low hurdles and Jordan tied for third in the pole vault. Nebraska won the meet.

FISER

FORSBERG

WALKER

The first outdoor competition for Kansas State trackmen was in the Texas relays at Austin, March 27, where Socolofsky won second in the discus, Ehrlich tied for third in the high jump and a 440-yard relay team composed of Cox, Going, Harsh, and Elwell finished fourth.

The following day at the Rice relays at Houston, Jordan tied for first in the pole vault with 13 feet, Ehrlich tied for second in the high jump with a leap of 6 feet 2 $\frac{1}{4}$ inches and an 880-yard relay team, Harsh, Cox, Hinckley, and Elwell, took third.

Kansas State scored an over-whelming victory over Emporia Teachers, April 29, at Manhattan. The count was 92 to 39. The Teachers were able to get five firsts while the Wildcats were obtaining ten, but the Emporians were unable to get their share of the seconds and thirds.

At the Drake relays, April 24-25, Ehrlich tied for second in the high jump, Livingston placed fourth in the javelin and Socolofsky was fifth in the discus. These were the only K-Aggie men entered.

The Aggies lost a dual meet to K. U. May 5, 82½ to 48½. Hinckley established a new varsity record in low hurdles with 23.8 seconds. The old record was 24.1 seconds.

EHRLICH

BACKUS

CRONKITE

LAIRD

Hinckley finished second to Flick of K. U. in the high hurdles. Aggie firsts were Backus in the mile, Pearce in the two-mile and Ehrlich and Walker in the high jump.

Oklahoma University downed the Aggie cindermen 84 to 47 in a dual meet at Norman. Elwell tied the varsity 220-yard dash record held by "Red" Erwin at 21.3 seconds. Aggie placers were Smith, first in the 880; Hinckley first in the 220 lows and second in the highs; Black third in the 880; Backus third in the mile; Pearce third in the two-mile; Socolofsky first in the shot and discus; Cronkite second in the shot; Livingston second in the javelin; Ehrlich first in the high jump; and Jordan tied for second in the pole vault.

In a dual meet with Creighton, Kansas State scored $106\frac{2}{3}$ points while the Bluejays were getting $24\frac{1}{3}$. The Kansans took 13 out of 15 possible firsts. Aggie placers

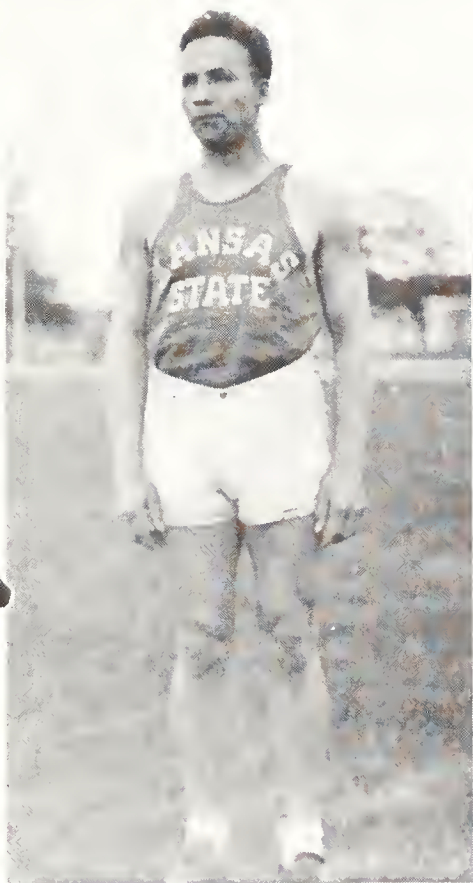

BLACK

HARSH

Cox

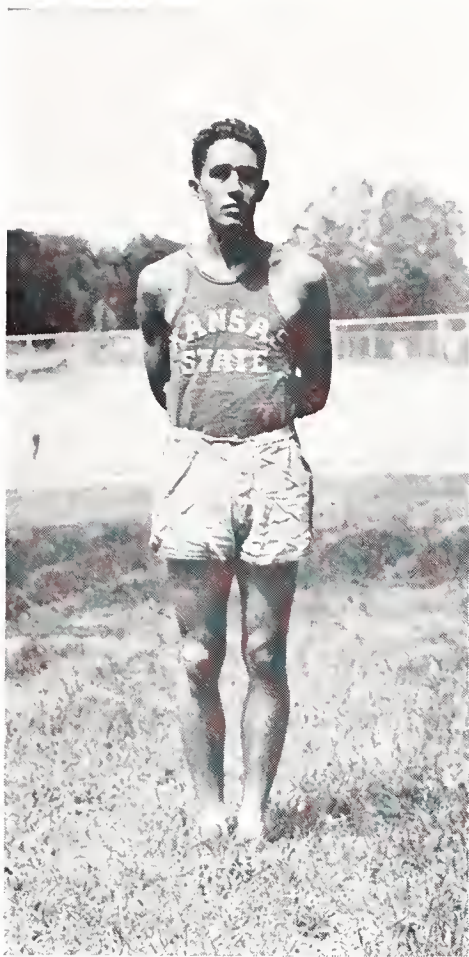

GOING

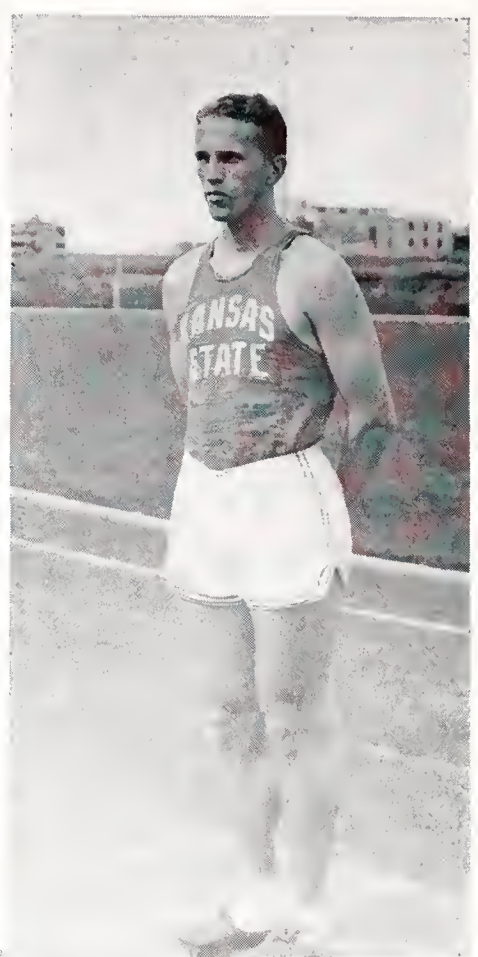

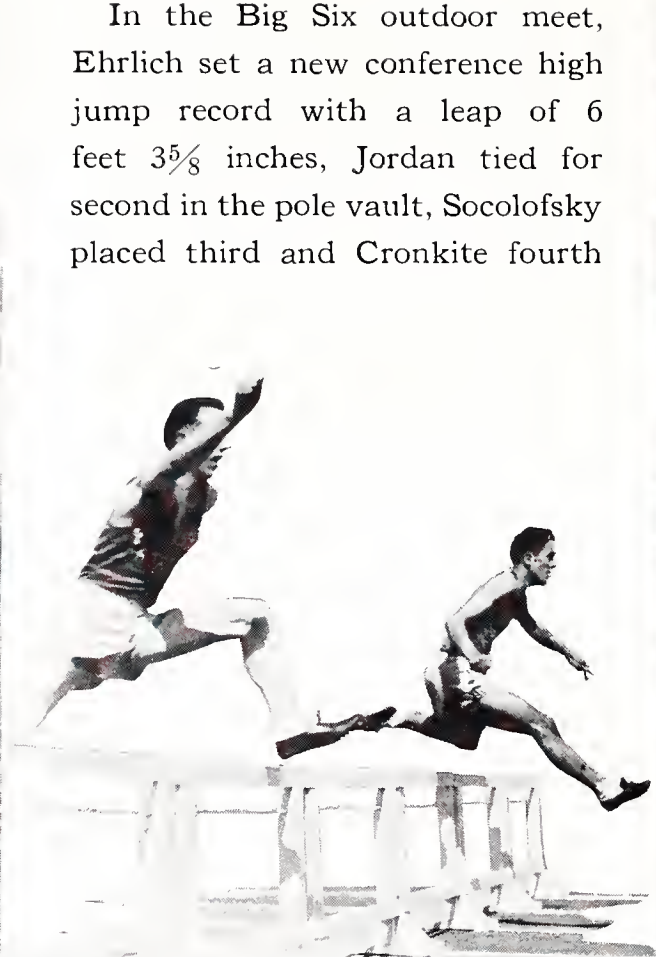

were Elwell, first in the 100 and 220; Going, third in the 100; Cox, first in the broad jump and second in the 220; Harsh, second in the 440; Black, second in the 880; Backus, first in the mile and third in the two-mile; Pearce, second in the mile and two-mile; Steps, first in the two-mile; Hinckley, first in the high hurdles and second in the lows; Andrick, first in the low hurdles and second in the highs; Fornelli, second in the high hurdles; Socolofsky, first in the shot; Cronkite, first in the discus, second in the shot, and third in the javelin; Schooley, third in the shot and third in the pole vault; Livingston, second in the javelin; Ehrlich, first in the high jump; Jordan, first in the pole vault; Barkalow, second in the pole vault and third in the broad jump. The relay team won first.

In the Big Six outdoor meet, Ehrlich set a new conference high jump record with a leap of 6 feet 3⁵/₈ inches, Jordan tied for second in the pole vault, Socolofsky placed third and Cronkite fourth

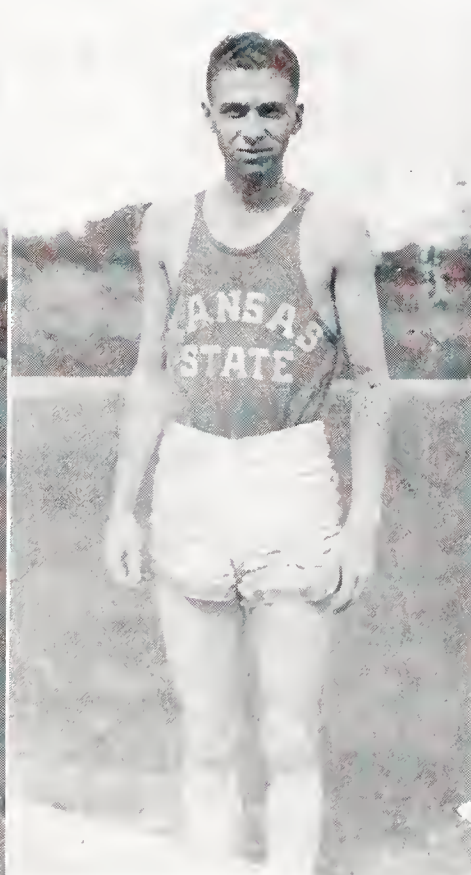

HINCKLEY

SMITH

ANDRICK

CASTELLO

in the shot, Livingston won fifth in the javelin, Elwell took third in the 220, Pearce was fourth in the two-mile and Hinckley finished fourth in the low hurdles. The Aggies placed fifth in the meet.

Ehrlich placed second in the National Collegiate meet at Chicago. Hinckley won the 120-yard high hurdles and finished second in the 220-yard low hurdles in the Missouri Valley A. A. U. meet at Lawrence to close the season for the Kansas State track team.

PROF. L. P. WASHBURN

Director Intramural Athletics

EXACT, absolute, decided, punctual, particular, and precise . . . that's L. P. Washburn, and no doubt that is why he rates 99.99 per cent with his students.

“Pop” as we all know Mr. Washburn, has been at Kansas State since February, 1926 and has established an unbiased friendship with the entire college.

He received his college training at Carleton College, Northfield, Minnesota, and Springfield, Massachusetts Y. M. C. A. College. Since getting his master's degree he has taught in public schools at Duluth, Minnesota; Oskosh, Wisconsin, and Syracuse, N. Y.

Besides teaching a number of physical education courses, Mr. Washburn directs intramural athletics, and who can say he doesn't do it just exactly right?

“A valuable man . . . a capable instructor . . . a good guy . . . he's okay”. . . students say that about “Pop” even after he has given them 69.8 instead of the 70 required for passing. But everyone admits he's correct . . . yes, sir, peremptorily.

BASEBALL

HARLAN
KATHUM

COACH CORSAUT

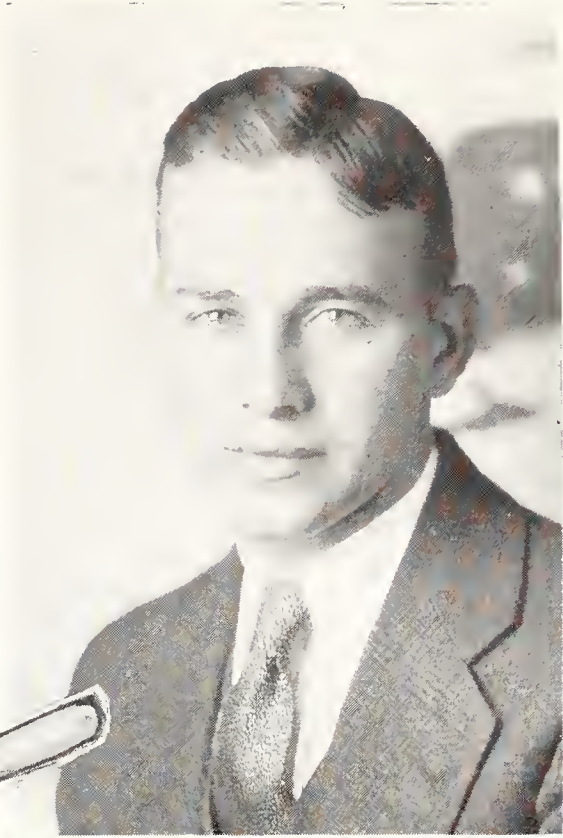

Baseball Coach

“CHARLIE” graduated from Salina, Kansas, high school in 1911 and attended Kansas Wesleyan at Salina for the following year and a half. He was named all-state quarterback in 1912 and held all-state forward honors in basketball in 1912 and 1913. He is still quarterback on the Kansas Wesleyan all-time football eleven.

In 1914 Corsaut entered Chicago College of Physical Education and Athletics, where he starred in football, basketball, and baseball. He captained the basketball team in 1915 and 1916 and the football team in 1915. “Charlie’s” basketball team was first to bring the far-famed Buffalo (N. Y.) Germans to heel after 17 years of victorious competition on their home court.

Corsaut coached football and basketball one year in the Ishpeming, Mich., high school and the following two years, 1918 and 1919, taught the Leathernecks of the Marine Corps how to shoot baskets. Wyandotte high school, in Kansas City, Kansas, claimed him for the next four years. He developed the Wyandotte high school national championship team in 1923.

Coach Corsaut came to Kansas State in the fall of 1924. His baseball team won the Missouri Valley championship in 1928 and repeated in 1930 by winning the championship of the Big Six conference. His teams have consistently placed well up in the conference.

FORSBERG

PRENTUP

Baseball Captains

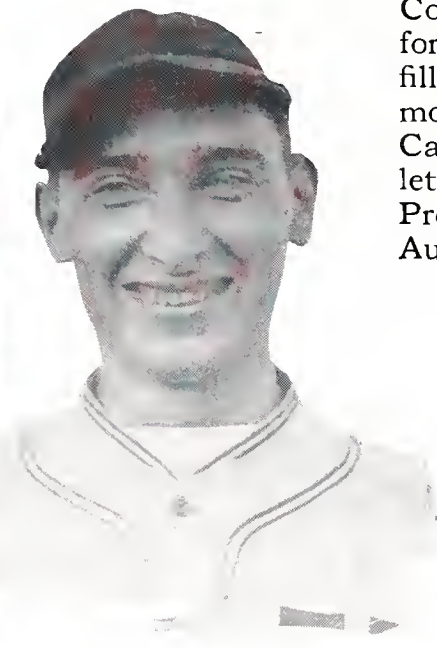

WALLACE FORSBERG led the 1931 Wildcats. Although not a hard hitter, "Wally" was rather sure in tight places, and had an uncanny ability to "look them over." He played either first or second base.

Frank Prentup, second base, will lead the 1932 Aggie baseball team. A hard hitter, clever baseman, and possessed of a perpetual line of chatter, Prentup should be a good leader for the club.

Baseball

Spring of 1931

WITH six veteran lettermen of 1930 co-championship team eligible for the 1931 season, Coach Corsaut's early season job was to find capable men for the catching and short stop positions, a man to fill right field and an alternate for Auker on the mound. Before long he found these men in Shrader, Carter, Price and Underwood, respectively. The lettermen who returned were Capt. Forsberg 1b., Prentup 2b., Peterson 3b., Nigro cf., Fiser lf., and Auker p.

CARTER

In a wild and erratic game that was featured by extra base hits, the Kansas Aggies dropped their season opener to the Haskell Indians 17-5 in Manhattan April 10. Auker started on the mound for the K-Aggies but was not very effective and was replaced by Simms in the fourth, after Haskell had garnered eight hits. Simms allowed four hits in four innings and was replaced by Gump. All in all the three Aggie pitchers were rapped for 13 hits, four of which were home runs and four of which were two base clouts. E. C. Quigley, national league umpire, was one of the officials for the game.

PRICE

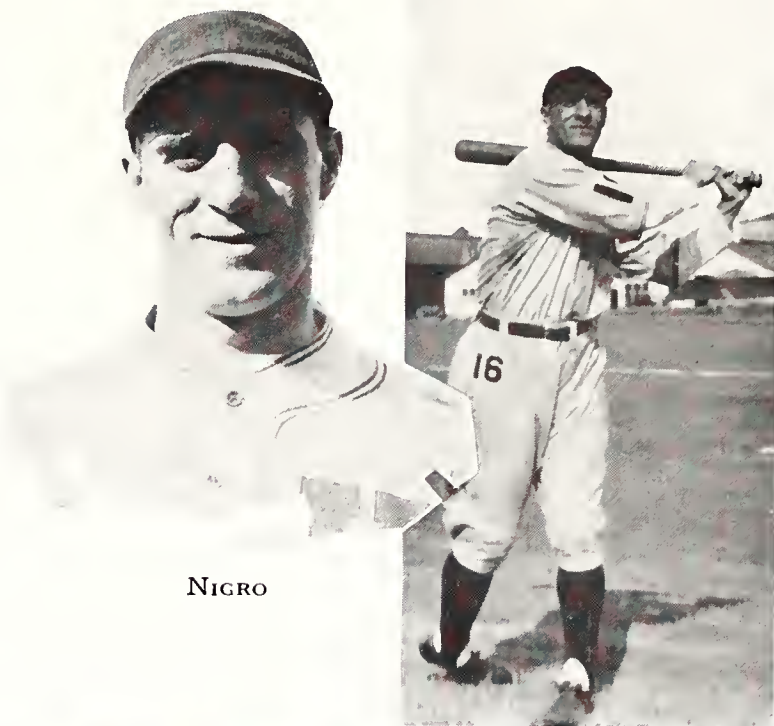

FORSBERG

The first journey of the Wildcats was to St. Marys April 11. They lost 4-5. After trailing for the first eight innings the Knights evened the count and held the Aggies scoreless in the ninth and tenth. Then, they pushed in a run to take their first baseball contest from the Aggies in many years. Underwood hurled for Kansas State.

Kansas State took the short end of a 7-6 score in another non-conference game with Marysville Teachers in Marysville, Mo., April 16. Nicholson was the losing pitcher.

The Corsautmen caught their stride in Columbia next day and took the University of Missouri 6-4, in the Big Six opener. After tying the score in the ninth inning the Kansas Aggies put across two runs in the tenth to defeat the Tigers. Elden Auker,

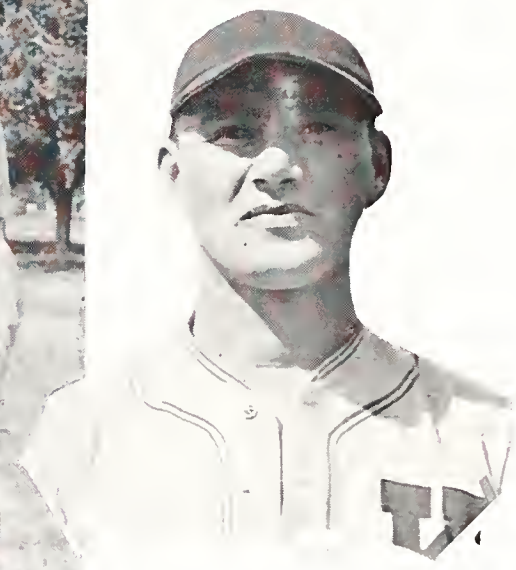

NIGRO

veteran moundsman, went the route for the Kansans and allowed but five hits while striking out 11 batters.

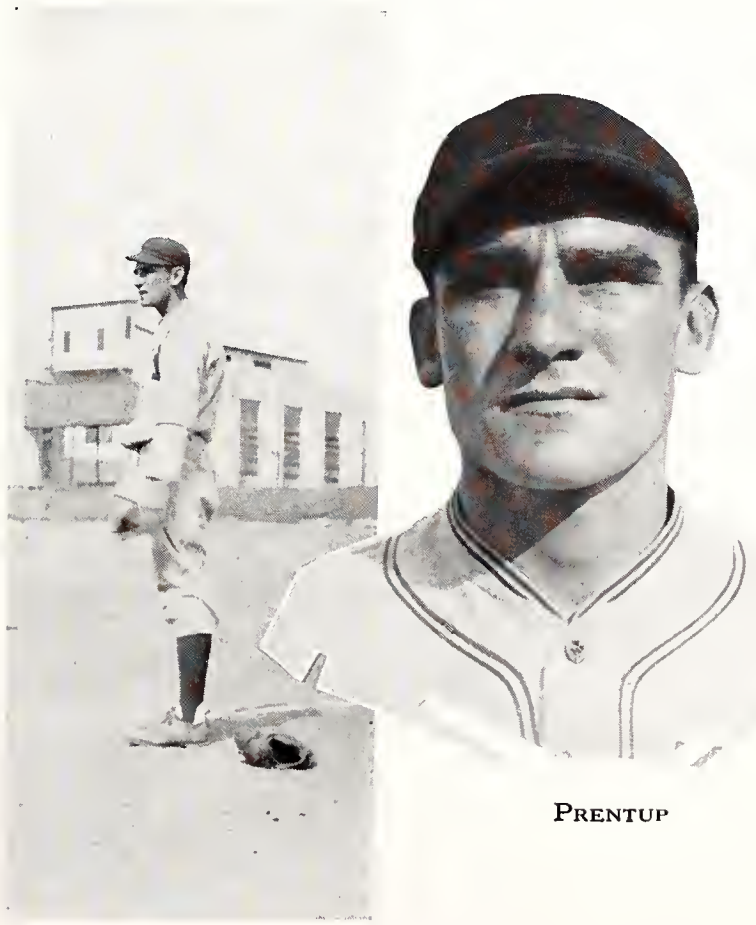

Missouri evened accounts next day by defeating Underwood 14-11 in a slugfest. Simms relieved Underwood and three pitchers, Brumm, Wagner and R. Fruit did the hurling for the Missourians.

Lee Morgan's single which scored "Pete" Peterson in the eighth netted the Kansas Aggies a 4-3 victory over K. U. April 27 in Lawrence. Auker pitched for Kansas State and Kramer for K. U.

Just to prove to the Jayhawks that the victory was not a fluke the Wild cats handed them a second

FISER

PRENTUP

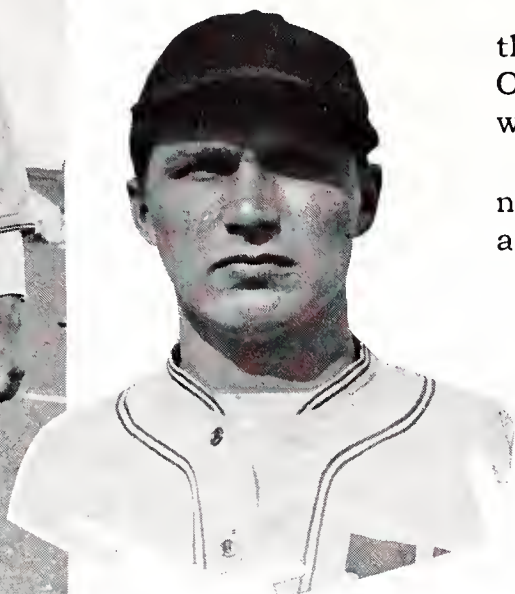

defeat next day by a score of 8-4. Hitting at the right time and getting the breaks when the Jayhawks made numerous errors aided the K-Aggies in administering the beating to the University nine. The game did not count in conference standings.

In a hard fought, ten inning game at Norman, May 4, the University of Oklahoma defeated the Kansas Aggies 4-3. It was the only Big Six game Auker had lost in two years of conference competition.

Underwood, Gump, and Buikstra failed to hold the Sooners in the second game of the series and the Oklahomans took a firm hold on the Big Six leadership with an 11-0 victory.

Buikstra beat the St. Marys Knights 9-3 in a non-conference game May 9. It was the last game in a baseball rivalry of more than 30 years. St. Marys

PETERSON

QUIGLEY

college was converted into a theological school at the close of the 1930-31 school year.

Many sport fans ate cold suppers or were late for engagements May 15 when the game between the Aggies and Kansas university became a slugfest and lasted more than two hours. First one team and then the other led until the Jayhawks secured a lead in the seventh which the Aggies were unable to overcome and the game ended 22-16 for K. U.

SCHRADER

Underwood hurled the Wildcats to an 8-7 victory over K. U. next day.

With the entire Kansas State team hitting and Auker pitching his best brand of ball, the Corsautmen won a 20-4 victory over the University of Nebraska, May 26 in Manhattan. Besides holding the Huskers well in check Auker led the K-Aggie hitting with four hits in five times at bat. Two of his hits went for home runs and another for two bases.

Kansas State finished the season with a 5-1 win over the Huskers next day. Five straight victories marked the closing of the season for the Aggies, who finished in third place with Oklahoma and Missouri tied for first place.

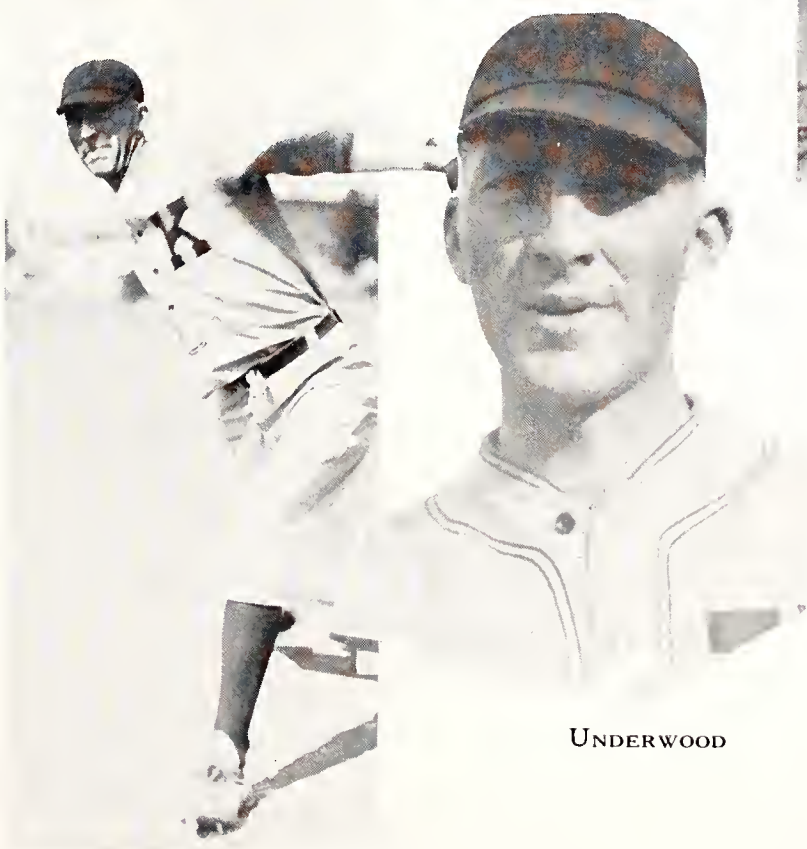

AUKER

After having been on a hitting spree the day before, the Aggies were brought to earth by Armatis who pitched for the Huskers. The game from the first inning became a pitchers' battle with Underwood winning out in the end because of better support in the pinches and ability of his mates to bunch their hits.

Outfielders Nigro, Price, and Fiser, and infielders Forsberg and Peterson ended their college careers in this game. Nigro finished the baseball season with Toledo in the American Association.

Frank Prentup was elected captain for the 1932 season.

MINOR SPORTS

HARLAN
KATHMAN

PATTERSON

Wrestling Coach

KANSAS STATE'S youngest coach, B. R. Patterson, was born in Maynard, Arkansas, May 15, 1904. He attended high school at Bradley, Oklahoma, and in the fall of 1922 entered Oklahoma A. and M. at Stillwater. He won the national inter-collegiate wrestling championship in his weight during his sophomore year.

Patterson was unable to compete in the national championship matches the two following years because of sickness and injury, however he lettered both years and captained the national championship team his senior year (1927). That fall he came to Kansas State.

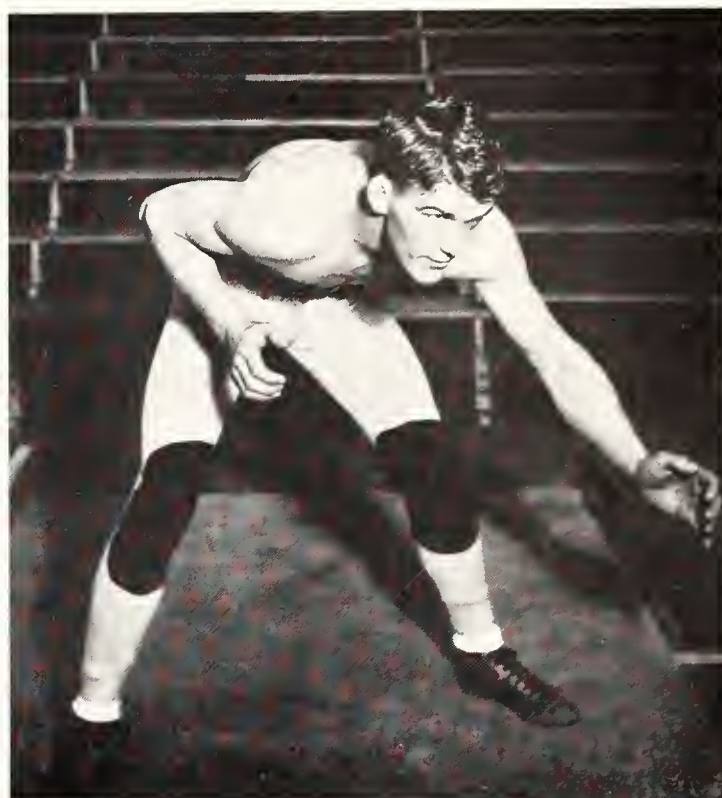

The story of his success here needs no repetition. Patterson built a team that last year was undefeated in the Big Six and took one first, two seconds, two thirds, and additional matches at the national meet at Brown University, Providence, R. I. This year's team placed second despite the fact it was largely made up of sophomores.

Friendliness characterizes Kansas State's "baby" coach. He hasn't found it necessary to resort to hard boiled slave-driving to produce results. His ready smile and willingness to help have made him friends far outside the realm of the wrestling world. He is a member of Oklahoma A. and M.'s O Club, Scabbard and Blade, and Alpha Gamma Rho, social fraternity.

WATSON

Wrestling

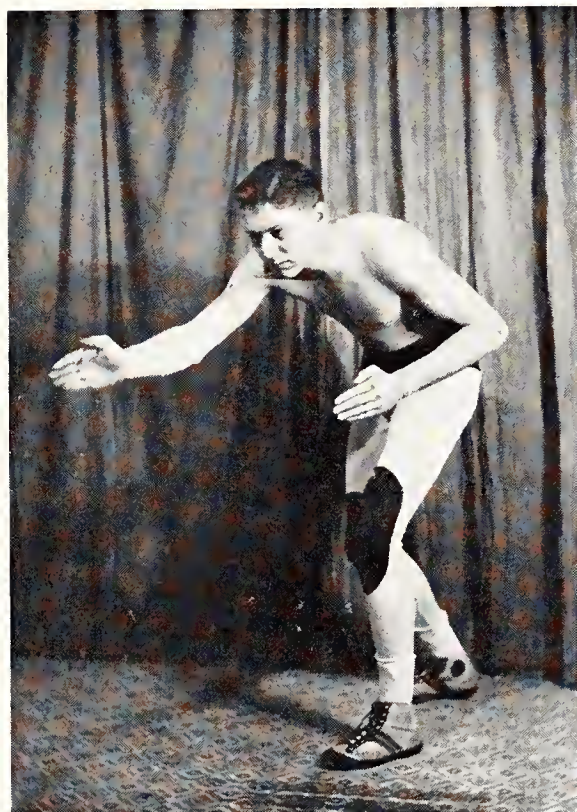

BILL DOYLE, Captain

WINNING three conference matches, from Kansas University, Iowa State, and Nebraska, and losing one, to Oklahoma,

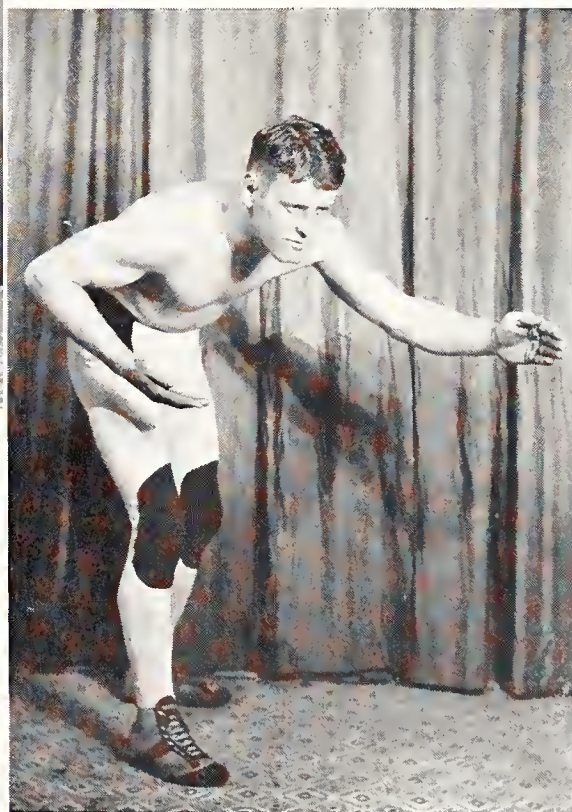

the Kansas State

grapplers finished second in the Big Six, Oklahoma claiming first honors.

The Aggies started their Big Six season January 16 with a 16 to 13 victory over Iowa State College here. Kansas State took four out of the seven contests. There were two falls, one going to each team. The surprise of the match came in the 126-pound class, when Wayne Burbank defeated Williams, of Iowa State, by a fall in 9 minutes and 16 seconds. Williams won the Big Six championship last year. It was Burbank's first match for Kansas State.

BURBANK

PATTERSON

At Lawrence, the Kansas University wrestlers won the first and last matches against the Aggies by falls, but met defeat by a score of 23 to 10.

Only one of the seven matches went the time limit. The Kansas winners were Gildemeister, 118-pounder, and Pete Mehringer, football guard, who represented the Jayhawkers in the heavy-weight class.

TEMPERO

Kansas State broke even on their Oklahoma invasion the following week, losing a match to Oklahoma A. and M. 23 to 8, and winning from the Northeastern Teachers' College at Tahlequah, 26 to 8. Roberts threw Moore of Oklahoma in the 155-pound class, and Miller won a decision over Collins for the only Kansas State scores against the Cowboys. Captain Billy Doyle, national champion in the 145-pound class, was defeated by Kelley, Oklahoma sophomore. Kansas State won five falls and two decisions against the Teachers. M. B. Patterson, Roberts, Bozarth, Miller and Thiele won falls, while Doyle and Watson won by decision.

Coach Patterson's men lost hope for another championship when they went down before Oklahoma University 24 to 5, at Norman. Captain Billy Doyle scored the only Kansas points by pinning Roebuck of Oklahoma in 9 minutes and 45 seconds.

The Aggies also lost a match to Central Teachers' at Edmonds, Oklahoma, the next night, 16 to 9. The Teachers won two falls and two decisions, and Kansas State took the remaining three matches by decision.

In the final match of the season, a Big Six Contest, the Aggies cinched second place by defeating the Nebraska grapplers 15 to 6. The match was unique in that not one fall was scored by either team. The Aggies won every weight except the 118-pound and heavy-weight classes. Captain Doyle was unable to compete in this last match as he was confined in the college hospital with influenza. His place was taken by Whitey Tempero.

THIELE

MILLER

BOZARTH

ROBERTS

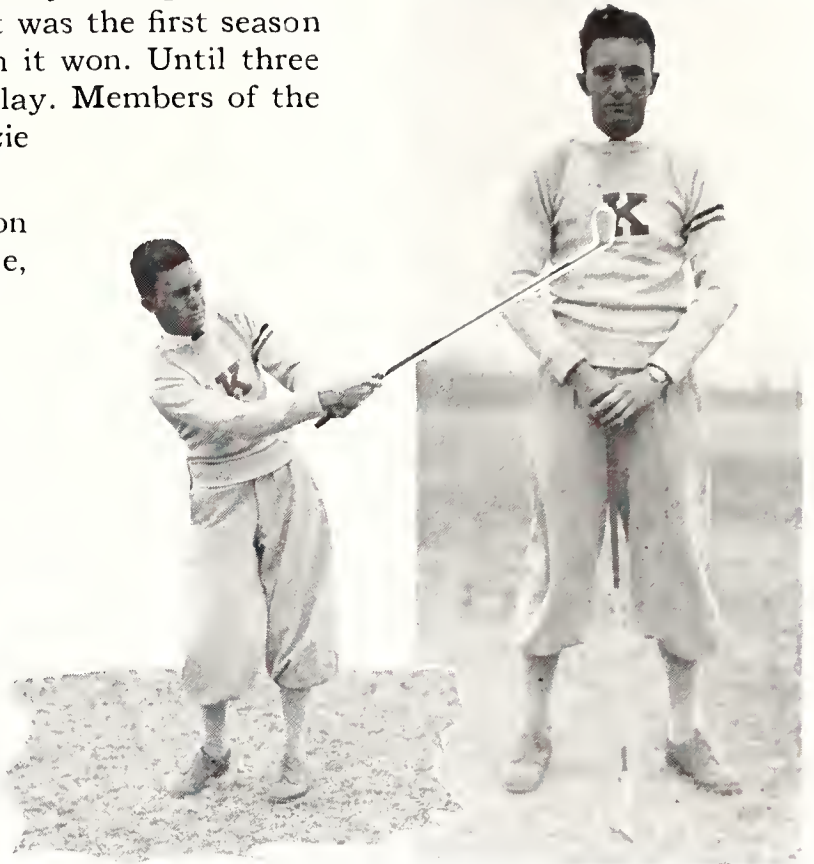

Golf - 1931

THE Kansas State golf team, finding competition unusually strong, finished the season with two victories in five matches played. It was the first season in which the Ahearn-coached team lost more matches than it won. Until three years ago Wildcat golfers had gone undefeated in match play. Members of the 1931 team were: Art Everett, George Boone, Joe Menzie and Alvin Hostetler.

A 12 to 4 victory over Washburn opened the season here April 18. Kansas State men won all matches but one,

MAXWELL,
'32 team.

MENZIE, '32 team

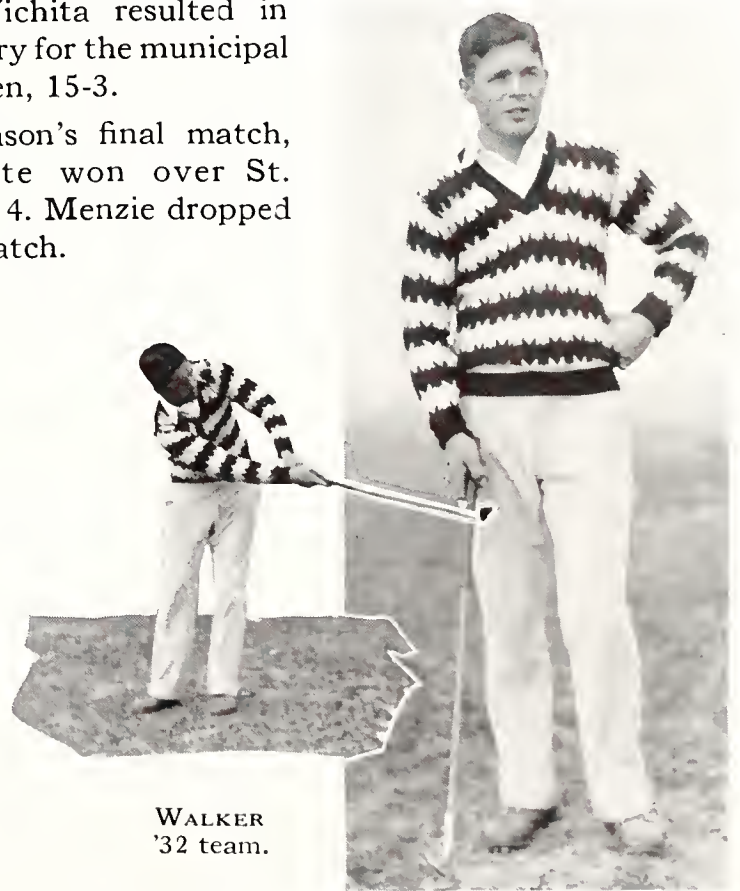

lost to Smith, Washburn captain. Menzie's 72 was the best score of the day. Washburn won the return engagement, May 2, 13 to 5. Menzie tied Smith, Washburn, for medalist honors with a 69.

Wichita golfers trounced the Aggies May 4, 13½ to 4½. Among the Wichita players were Matson and Carey, who both rank high in state golfing circles. Everett, Aggie, won a singles match. The following week a match at Wichita resulted in another victory for the municipal university men, 15-3.

In the season's final match, Kansas State won over St. Marys, 14 to 4. Menzie dropped his singles match.

HOSTETLER,
'32 team.

WALKER
'32 team.

C. S. MOLL

Tennis and Swimming

C S. MOLL, instructor in physical education, swimming and tennis coach, born in Ottawa, Canada, November 27, 1899, received his Bachelor of Physical Education degree from Chicago Y. M. C. A. college in 1925.

Brusque, forceful, energetic, popular, he is a "tall dark man" with a booming laugh. From college he went to Burlington, Iowa, as physical director of the Y. M. C. A. Next year at Valparaiso university in Indiana, he was athletic director and varsity coach. After two years of this he became director of physical education for men and varsity coach in Central State Teachers college, Stevens Point, Wisconsin.

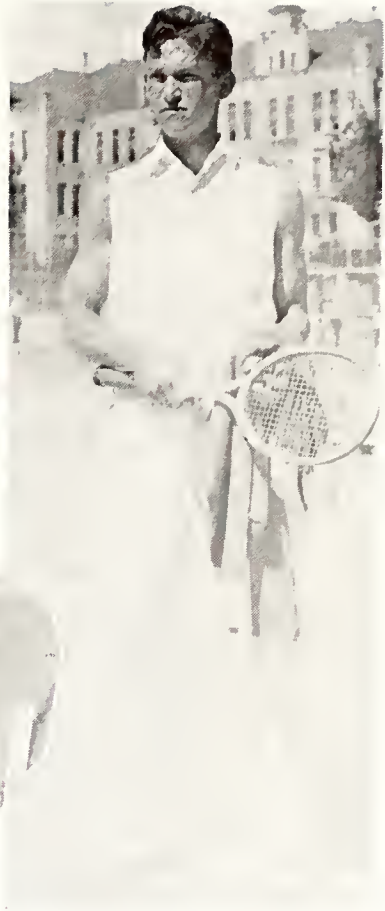

In the fall of 1929 Moll came to Kansas State. He is a member of Phi Epsilon Kappa, Alpha Omicron Alpha, and the American Physical Education Association.

Tennis-1931

A DIFFICULT task faced Coach C. S. Moll when the 1931 tennis season opened. He had little material from which to build a good team and faced a strong Washburn team early in the season with only a short time to select his men. Following Washburn came a complete Big Six schedule, playing Kansas twice, and a match with Kansas Wesleyan all in the month of May.

In the first match with Washburn, Barneck scored the only Aggie point. The second time, May 4, Washburn blanked us 6-0. Sheldon Woods made a point against Oklahoma, May 6, but the team failed to score against Kansas next day. Two days later Worthy tallied a point against Iowa State and on May 12, he won his singles match with Nebraska.

DEAN

WOODS

Missouri finished the Big Six card by defeating us 6-0 and K. U. seconded their first match by taking another 6-0 count on May 19.

The only match of the season that came out right for the team was with Kansas Wesleyan. Worthy, Telford, and Woods won their singles, and Dean and Telford took their doubles matches to give Kansas State a 4-2 win. Sheldon Woods, Delphos, was elected captain for 1932.

TELFORD

WORTHY

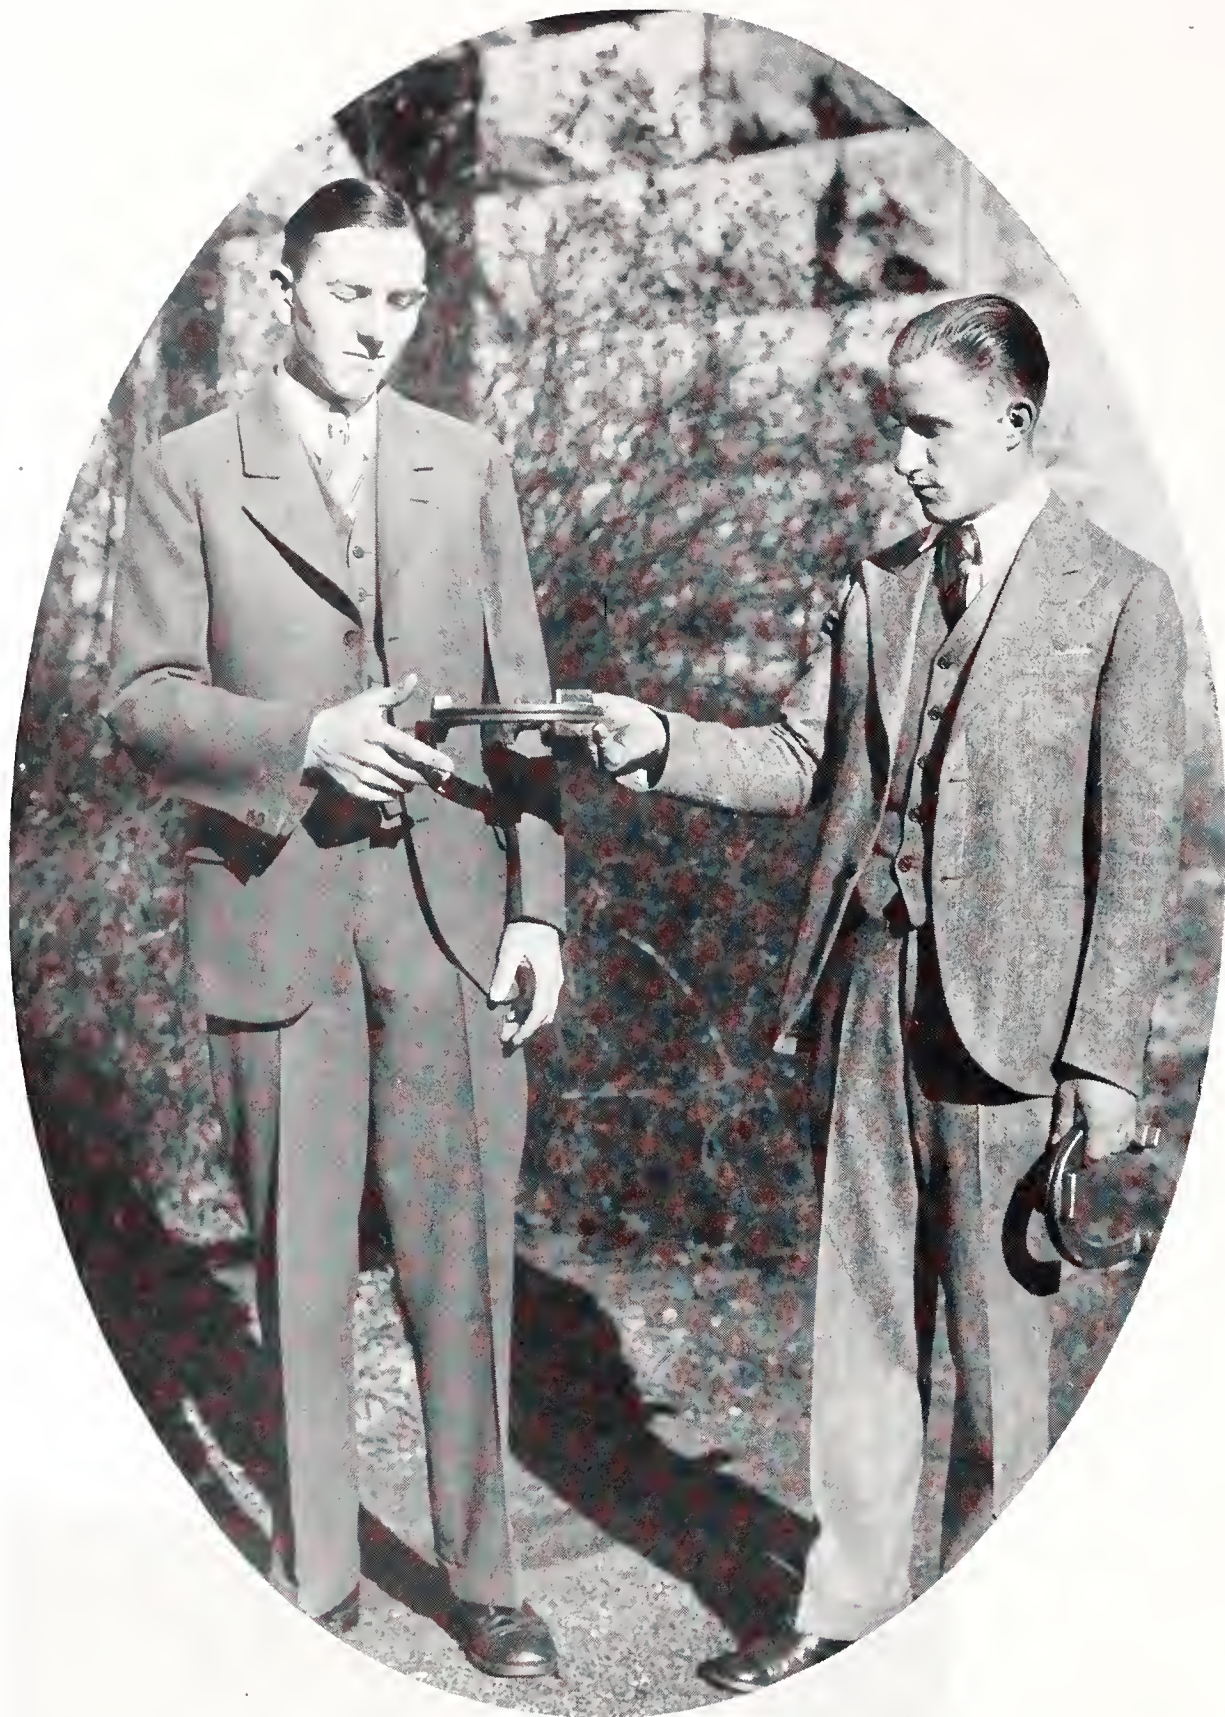

Intramural Athletics

THE program of this department is divided into three major sections. The fall group includes horseshoes, soccer and cross country.

For the second time, this fall, W. Mather, an independent entry, won the horseshoe singles. He and his partner, H. Widner, won the doubles tourney.

Finals in the soccer schedule were contested by Delta Sigma Phi and Phi Kappa Tau fraternities. The Phi Taus won the trophy last year and strong again. Both teams played fast soccer and decided the championship only after a tie contest and a game called on account of darkness. The Delta Sigs took the last game and the trophy.

A couple of snaps during the cross country race last fall.

Winter intramurals are basketball, wrestling, indoor track, swimming, and basketball free throw.

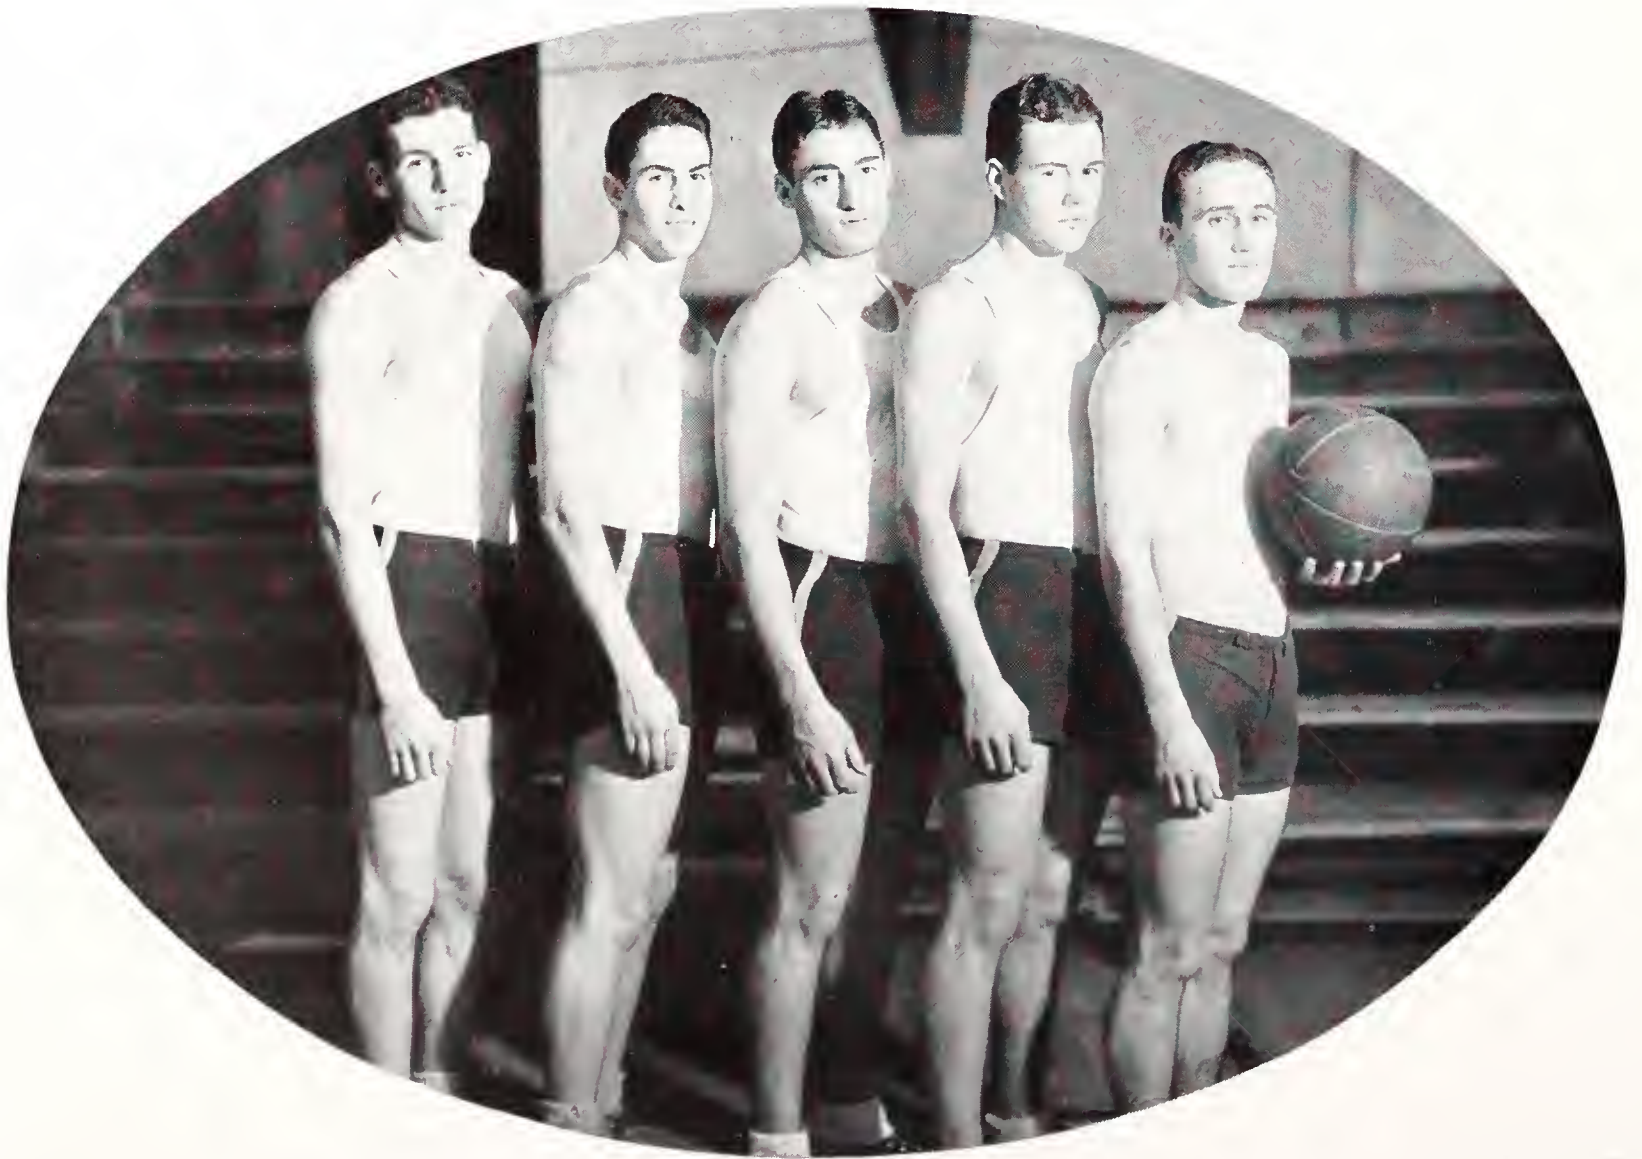

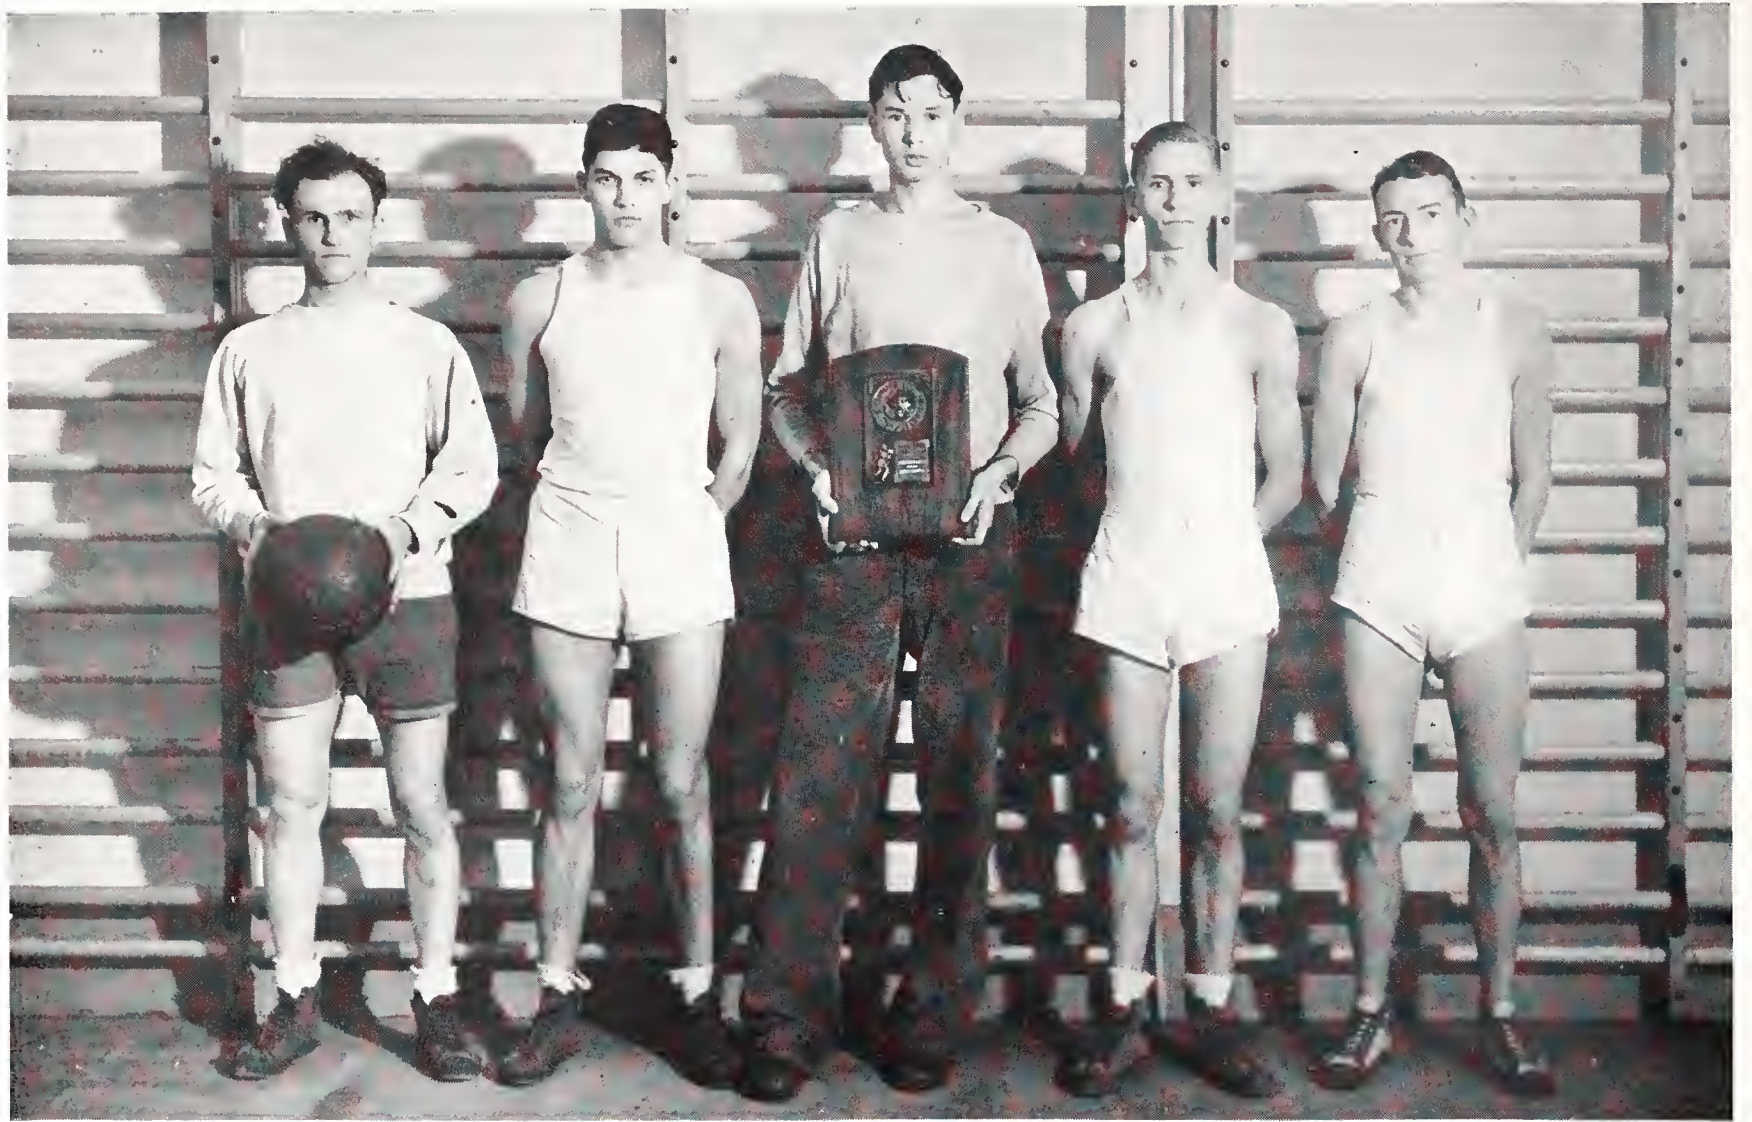

Pictures of basketball appear on page 340. The Whiteshirts team won the trophy. Beta Theta Pi, runners-up, were panhellenic champions.

Top: Phi Kappas, winners of soft ball last spring.

Oval: Bluejays, hard ball champions last spring.

| | Young, Evelyn |

The program of activities for fall intramurals includes tennis, archery, dancing, and volley ball.

The pictures in this section are not inclusive of all the intramural team winners. Neither are all the pictures

of even intramural participants. We have used some pictures of other activities of women's groups on the hill because they seem to fit in here better than in other sections of the book.

The pictures on the first page of this section are those of the Women's Athletic Department faculty, Marjorie Lyles, snapped on the tennis courts last spring for no particular reason other than that the editor happened along with a camera just as she was leaving, and archery intramurals. Virginia Edelblute and Louisa Brown are the individuals.

On this page . . . the Pi Phi dancing team at top left, volley ball champions below, and the Chi Omega dancers in Aggie Orpheum at the bottom.

This page speaks pretty well for itself and we wish we had more like it, but . . .

Swimming, hockey, track, and baseball are spring sports. Basketball and posture contests come early in the second semester but are classed as spring sports.

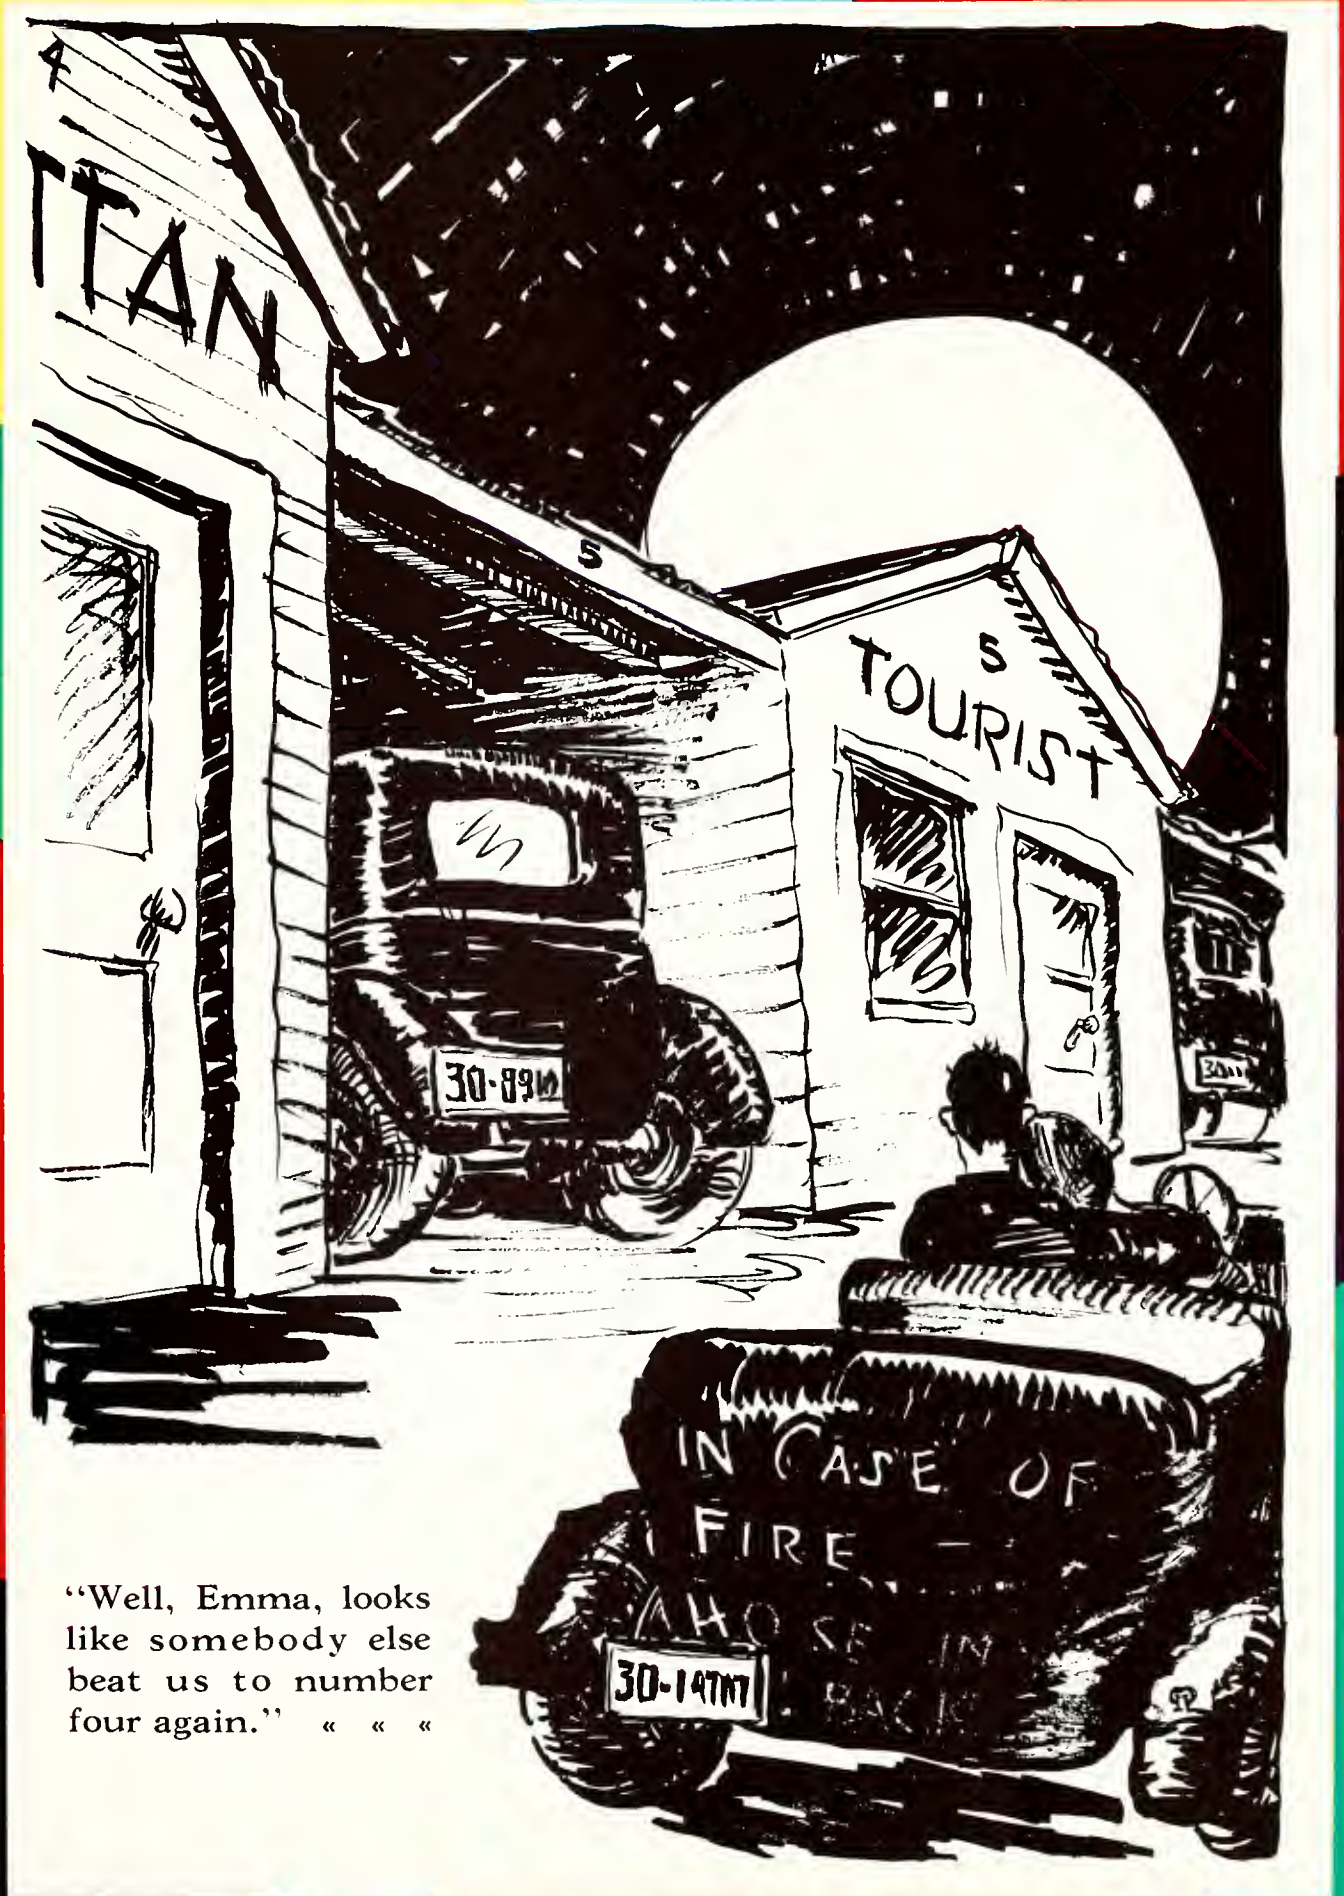

Though they may represent a particular sport, symbolically speaking, the pictures on this page are not of women's athletics. These three groups are entries from the Women's Glee Club in this last fall's Aggie Pop.

A KNOWLEDGE which will protect the dumb creation from unnecessary suffering; a knowledge which will check the progress, or promote the eradication of transmissible infectious diseases; a knowledge which will save the State from loss is something to be commended and cherished. A policy involving the use of such knowledge is fundamentally and economically sound. To those seeking progress; to those wishing service; to those desiring leadership; to those having a love for animals, the veterinary profession offers numerous and rich opportunities.—

*From the address of Dr. Pierre A. Fish, Dean,
New York State Veterinary College, Ithaca, N. Y.*

“The Pride of the School”

CATERING TO DISTINCTIVE PARTIES
AND THE BETTER VARSITIES

“I’LL break some of your most important bones if you come any closer, gosh darn ye,” was the ultimatum issued by rebellious George Washington as the ags backed him into a corner for not donning the denims during the week previous to the ag fair. He wore khaki denims, so he claimed as he was ducked in a horse tank of icy water, but to the ags denims are overalls and are blue at that. George swung the bat manfully in defense, but he relaxed, and on rode the six hundred . . . to take his bludgeon away from him. Thence to the tank the brutes conducted him.

The boys are sensitive about their profession and some were of the opinion that young Washington was getting uppity after having carried on lengthy correspondence with Mayor Bryce B. Smith of Kansas City last winter. He struck up a conversation with the mayor in a Chicago hotel. He told the mayor his name was George Washington, and thereupon the mayor turned on his heel and left. George hastened to write and tell him he wasn’t the Washington who saved our country.

Ya Hain’t Done Right

HERE’S REINECKE

HERE’S VESECKY

IS there a rift in the ranks of Phi Sigma Kappa or is John Reinecke merely practicing for a life’s work of letting other people get the gravy and glory? Reinecke is the champion stepper-out of Kansas State.

Reinecke was one of the more promising possibilities for business manager of the Royal Purple last spring, but with usual suavity, Steve Vesecky announced.

A month later Reinecke circulated a petition for student council. However, he abruptly withdrew from the race and once more Even Steven filled his shoes. There’s the story, folks, as it appears on the surface.

What sinister force is exerting itself in the neighborhood of the Phi Sigma Kappa manse?

THE MEASLE MURDER, or The Adventures of I'll-Paste-'Em Patty

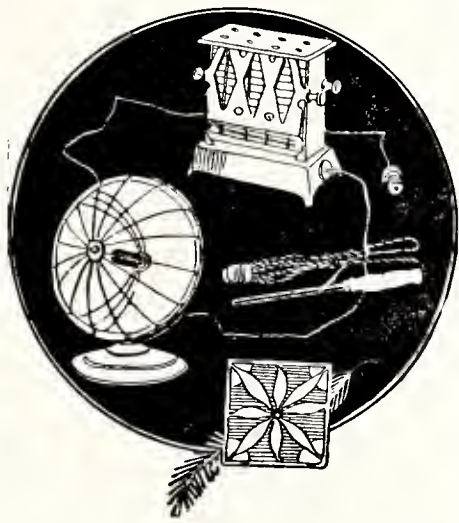

PATTY QUARANTINE IRWIN

FAY QUARANTINE BASS

THE Principals, Patty Irwin and Fay Bass, of the Delta Tau quarantine case last fall. It seems that Fay contracted a contagious disease of some kind or other, and Patty, accommodating soul that she is, immediately assumed that her undivided attention was needed for the patient to get well. Consequently, each night after darkness descended, Patty idled toward the Delt house with lights out and up the alley. One night there was a reception line. Sheriff Marshall Docking of Riley county headed the list. Even the capable Patty was unable to state a legitimate reason for being there. There was candy for Fay, and there was Fay with the candy in his hand. The brutal Docking at once placed the adventurous Patty under quarantine for a week. She laughed, she stormed, she cried, and suddenly love died. And so the story ends, and Fay went home at the end of the first semester.

Horses!

Why wear corsets (girdles, anything)?

Let nature take its course. Be unaffected. Be easy. Be a natural.

Most persons have round tummies. You have a round tum. Most persons know you have a round tum and that you don't do things to get it. Why worry? Don't try to hide it and be uncomfortable.

Notice the posture (*tummies*) of these popular young Kansas State coeds. If they can be like this and . . . well, be like this, there is no reason why you shouldn't.

*This three-quarter page ad endorsed by the United Order of Kansas State's Beautiful Women, near beautiful women, and others, including H. Miles Heberer, H. W. Davis, Burr Smith, Jim Chapman, and Tod Colwell.

MODESTIE!!

WE endorse modestie!
TO hell with men and women who are high-hats!

ELDEN AUKER says the way to be popular is to maintain a spirit of friendliness and meekness at all times, even on athletic fields where all the hero worshippers make nasty remarks about men who appear self-confident and cocky.

HERE'S how. Notice the angle of the head. That is the droop of meekness. Next notice the up-quirk at the corners of the mouth and the half-shut squint of the eyes. That is the spirit of good-fellowship. Lastly, see the easy hang-down of the arms and spread of feet; indications of an easy going good-nature.

FOLLOW these pointers in your every-appearance and to hell with the way you look and act the rest of the time. You will be made.

WHO KNOWS - - - -

What color Louise Scheu's hair will be next year?

Does Assistant Dean Correll deserve his nickname of "Piggy"?

Does Joe Menzie think he's a good golfer, or not?

Why Prexy Farrell won't even consider running for the senate?

Whether that hen was running as fast as she could?

Won't enrollment figures go still lower if Paul Westerman returns to his old position of cheerleader?

Where S. A. Geauque keeps his deed to the campus?

Is Edith Dobson still angry because she received no callings down from the faculty while she was editor of the Collegian?

Does Jake Faulkner get tough with football players since one of them called his bluff?

Belly Laughs of the

Upper left: Not the result of a cyclone . . . but it darn near caused one.

Upper right: A fervent greeting from Kappa Sigma.

Left center: Turn around there, boy, and pay attention to business.

Right center: Merkley at the bath. The baleful stare indicates he thinks someone is looking.

Lower left: Who in the hell was it we started to put to bed?

Moments

Last Ninety Days

Upper left: Two winsome lassies of Kansas State just acting smart in front of the boys.

Upper right: Don't try to convince us it's just a joint meeting of the Y's.

Lower left: In the sweet sanctity of sleep . . . his sock drops off.

Center: Just a couple of statues . . . at first glance.

Lower right: Johnny Johntz, president of Friars, after his impeachment for persistent violation of the "no burping while in meeting" rule.

What Will the Future Bring?

EVERY young man or woman of today wonders what tomorrow will mean for him or her. Whether you measure your success in dollars and cents, or in contentment and respect of those in the community in which you live, there is just one answer . . . and that answer is THRIFT.

TO practice this golden virtue is the only assurance that you will reap the reward to which your education entitles you.

IN appreciation of the wonderful work that the Kansas State College and her students are doing for our State, the Associated Banks of Manhattan take pleasure in extending this message on "Better Citizenship" to you through the 1932 ROYAL PURPLE.

Does “Wild Bill” Guerrant know that he has long since ceased to be wild, and is merely annoying?

Who handed in all these ideas for the question box?

How much Sammie Coles told Bob Blair about the sheriff of Wallace County?

How many times Professor of Journalism Keith pulls up his trousers while watching a football practice?

Whether “Pansy” Lutz and “Iron Man” Grover are still at swords points over the affections of Marybelle Henning?

Will the Pi Phis, Kappas, and Chi Omegas stage another free-for-all after rush week is over next fall?

Whether Hank Allard and Westerman realize they are blacklisted from the Kansas Editorial Association?

Whether “Doc” Andrews has become reconciled to the Collegian carrying cigarette advertising?

What became of that mammoth roadster the Kappa Deltas pledged last fall?

Who's Who

Bud Weishaar was snapped wearing this downcast expression in a telephone booth in Topeka after having been informed that Murt Makins had obtained a warrant for his arrest. Bud had just "pulled off" the spectacular theft of the Junior-Senior shepherd's crook.

Joseph Patrick Murphy was the disabled accomplice of Weishaar in the daring crook robbery. He assumed this most vicious expression when cornered, and spat out venomously, "Well, it was a good idea at the time."

Kansas State's bid for fame. The handsome visage of Curly Kirkman comes nearer resembling that of the late screen star, Louis Wolheim, than that of any other on the campus. Curly practices flattening his nose against walls daily.

"Why, that's such a juvenile disease," screeched Jane Kahl as Doc Matthews stubbornly stuck to his story that she had the gol darned measles, and all hell and high water couldn't make him change his mind.

In Tallywho

This snap shot of Helen Durham and Mark Babb in their Palace Drug MWF 2 rendezvous was taken just after Mark had stepped out of the picture. Durham has just pulled some sort of fast one as can be seen by her expression of mischievous delight.

The reason has at last been revealed why Amos Wright never combs his hair. He always assumes the above pose when his hair is combed. Well, wouldn't you prefer mussed hair? Or would you rather go fishing?

Demure little Helen Louise Swan gazed in starry eyed surprise at Aggieville skyscrapers upon arriving from the musty little hamlet of Topeka two years ago. The climax came as she glimpsed the towering Canteen building. This picture was taken then.

Cora Oliphant, the buxom blonde of Kansas State, proclaims lustily the values of the women's physical education department. Her theme song is that health is the greatest thing in the world, so what the health?

Room 333

L. S. Exchange Bldg.

CAPTAIN Joe Menzie, the hairy ape of the Kansas State golf team, swings his ponderous hulk nimbly through the branches after retrieving his golf ball from the depths of a bird nest. Like the mighty Tarzan, Joe can't stay away from his beloved jungle too long. After each successful golf match, Menzie places a foot on his opponent's stomach and hurls forth the blood-curdling victory cry of the bull ape.

Will Beta Jerry Stewart organize an orchestra after he takes piano lessons this summer?

Would Curt Steele have won first prize at the dog show last fall had the Phi Delts entered him?

Whether anyone will be sorry when Tom Kimball is graduated?

Wouldn't a short, conservative speech by Sherwood Eddy fit into the Y. W. C. A. marriage discussions?

Why this bunk was put in the book, anyway?

Can Ted Skinner count his friends on one hand, or does it take two?

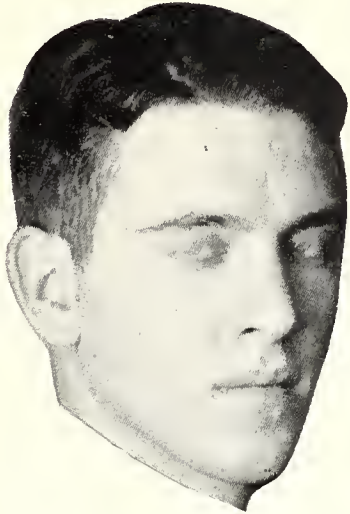

Anything about the love-life of History Department I. Victor Iles?

What wonderful good Pax, Phi Kappa Phi, Aggie Knights, Friars and Wampus Cats do?

Just exactly what does Helen Hemphill have to be so schnitzzy about?

. . . . oh well, neither do we, but it's something to think about. Bid a-haffa club. Bye.

KNOW THESE FAMOUS EYES?

You should, because he's one of Kansas State's most prominent play boys. This bleary-eyed scoundrel can let fly more dirt about more people in less time than anybody else could in more time.

refreshes eyes after midnight

It's after midnight that the eyes begin to catch glimpses of pink elephants with yellow tails. Drink one quart of BEERINE and the eyes won't see anything at all, you won't know anything at all, or feel anything at all.

BEERINE

We were going to put Louisa Brown on, but she is getting better so we didn't.

THE old eternal triangle has reared its ugly head once more. Swede "Pansy" Lutz and Orrin "Iron Man" Grover waged bitter battle for the affections of winsome Mary Belle Henning from Salina, Kansas.

The affair culminated in an election by which the warfare was outlawed. Pansy came through with only two votes and Iron Man had the enormous majority of 5,783 which proved that Pansy was running the inside track and Iron Man was the chiseler.

In Appreciation

THE EDITOR wishes to take this space to thank the following persons for their careful and efficient help in the publication of this year's Royal Purple:

Of the Jos. D. Havens Co.:

Packy McFarland,
Lucile Young,
Al Abranz and his pressmen,
Ed Freel and his typesetters
and proofreaders.

Of the Burger-Baird Engraving Co.:

Karl Fitzer and his artists,
J. G. Bell, Bob Maplesden and
their craftsmen.

Of the Faculty:

H. W. Davis,
E. T. Keith,

The Divisional Deans, and those
Instructors in whose classes we
were enrolled but failed to attend
as regularly as proper.

Although the assistance given by some of these was indirect and probably unwittingly given, it is nevertheless appreciated. There are numerous others whom we wish to thank, if they will permit us to do so without mentioning all their names. We are a little short of space. We do wish to especially recognize the splendid photographic printing and developing done by Sue Wolfenbarger of Brownie's.

With this word of thanks we close the book. Our work is done.

JIM CHAPMAN.
