ACKNOWLEDGEMENT

---

The author wishes to take this opportunity to express his deepest and sincere appreciation and acknowledgement to his advisor, Dr. Amos I. Chang, of the Department of Architecture, Kansas State University, for the time and effort he has given to the author from the beginning to the finish of this work. Many thanks to the members of his committee, Professor Emil C. Fischer, from the Department of Architecture, and Professor Ray B. Weisenburger from the Department of Regional and Community Planning, for their cooperation and encouragement in the supervision of this project.
